**Important Midland Wildcat Is Flowing; Potential Expected**

American Viking Corporation No. 1 U. R. McCaughey, Northwest-Central Midland County wildcat, one mile north of the northwest side of the Parks-Pennsylvanian field is assured of being completed as a commercial producer and a major extender to the field.

This project is bottomed at 10,693 feet in Pennsylvanian lime. It has a string of 5 1/2-inch casing cemented at the total depth.

**Acid Wash**

That pipe is perforated at 10,530-540 feet. That interval was first washed with 1,000 gallons of mud acid. After that injection the well kicked off and flowed out all of the load and then it flowed 144 barrels of new oil in 24 hours through a 16 5/8th inch tubing choke. There were no signs of formation water.

**Nine BOFH**

Operator then treated the 10,530-540 foot interval with 2,000 gallons of regular acid. After the well was cleaned out following that acid shot it kicked off and flowed an average of nine barrels of new oil per hour for an extended period.

That flow was through a 16 5/8th inch tubing choke.

The opening was changed to a 10 5/8th inch choke early Wednesday and the flowing to clean out and test was continuing.

**Potential Expected**

It is expected that operator will take the potential gauge soon and then put the stopcock on regular production. Location is 10 miles west and slightly south of the city of Midland, and 600 feet from south and east lines of section 44, H. O. Purcell survey.

Top of the Pennsylvanian is at 10,161 feet. Elevation is 2,787 feet.

Several streaks of the Pennsylvanian lime above the zone is now being tested have shown possibilities of production in this development.

**N-C Midland Tester Finaled As Discovery From Pennsylvanian**

The Blackwood & Nichols Company has completed its No. 1 Hofferkamp as a new Pennsylvanian discovery in North-Central Midland County, two and one-half miles northeast of the city of Midland.

The well made a 24-hour flow, potential of 20.1 barrels of gravity oil. No water was present. Flowing tubing pressure was between 375 and 590 pounds. Gas-oil ratio was 1,885-1. The flow was through a 3/16-inch choke.

**From Open Hole**

No. 1 Hofferkamp was completed from the open hole zone in the Pennsylvanian lime from 11,149 to 11,174 feet. That section was acidized with 6,000 gallons.

Location is 1,980 feet from south and 660 feet from west lines of section 19, block 38, T-1-S, T&P survey.

**Spraberry Wildcat Spotted In Midland Near Tex-Harvey**

Two miles west and slightly south of Mid-Continent Petroleum Corporation No. 1-T TXL, recently completed two-mile southwest extension to the Tex-Harvey field of Central-East Midland County, Mid-Continent spotted location for a 7,500-foot Spraberry wildcat.

It will be drilled as the concern's No. 1-U TXL, 660 feet from north and east lines of the southeast quarter of section 27, block 38, T-3-S, T&P survey.

Operations will start as soon as the Railroad Commission of Texas approves Mid-Continent's request for permission to drill the test.

**Aurora Completes Permian Discovery In C-E Lea Sector**

Aurora Gasoline Company No. 1 C. O. Davis, Central-East Lea County, New Mexico wildcat, three miles east of Hobbs, has been completed for a producer and a new discovery from an upper Permian lime at 4,449-89 feet.

On the completion test the well flowed at the rate of 30 barrels of oil per hour for an extended period. The flow was natural and it was

### Red Feather Workers Fanned Out Over City

Spurred on by a challenge to do the job quickly, Community Chest volunteer workers fanned out over Midland Wednesday.

Red Feather workers gathered Tuesday night in Hotel Scharbauer to receive final instructions and kits of campaign materials for the kickoff of the \$55,447.25 drive.

They heard inspirational talks on the usually-unheralded humane uses of Community Chest funds.

Chest leaders urged Midland residents to turn on their porch lights for at least an hour Wednesday night as a welcome to the 1951 Community Chest. Many residents will be visited by volunteer solicitors and all will be called on as quickly as possible, said Pat Ruckman, general chairman.

At the Tuesday night rally, Mayor Perry Pickett pointed to the problems of a growing city.

"Our big problem is to take care of our youth," he said. "A large proportion of the proceeds from this drive go to the youngsters. It's a very worthy project."

**400 Persons At Work**

John E. Reid, campaign coordinator, said 400 persons will be working for Community Chest in the residential areas alone. Red Feather placards for business houses and offices which show they have pledged 100 per cent will be distributed as they make their contributions.

Harold Bourland, Midland County probation officer, cited instances in Midland in which Community Chest funds have helped with humane problems which otherwise could not have had emergency solution.

He especially praised the activities of the youth centers as recreational havens for Midland youngsters.

He said Midland has about 1,600 boys and as many girls of Scout age. By the end of the year, he added, all will be enrolled in one of the organizations provided plans are carried through.

"In my 10 years of dealing with juveniles, I have never seen a Scout in trouble with law enforcement agencies," Bourland said. "You just can't estimate the value of these organizations."

"All healthy kids have lots of energy," he said. "They're going to expend it, they're going to seek an outlet. If we don't provide the outlets, our delinquency rate will go sky high."

**Prominent Stanton Druggist Found Shot**

STANTON—J. L. Hall, about 70, prominent Stanton resident and drug store operator, was in critical condition Wednesday from a gunshot wound in the head.

Officers said Hall was found at the rear of his drug store. His son, Jiggs Hall, pharmacist, who was in the front part of the store, said he heard a shot shortly before noon Wednesday.

The father was rushed to the Martin County Hospital suffering from a .38 caliber pistol wound.

Hall had been in ill health several years.

**LATE NEWS FLASHES**

**WASHINGTON**—(P)—The Brotherhood of Locomotive Firemen and Enginemen Wednesday instructed its 75,000 members to prepare for a possible nationwide strike, but set no date for an actual walkout.

**WICHITA FALLS**—(P)—Thomas Coy Saucier, 35, former attendant at the Wichita Falls State Hospital, was sentenced Wednesday to die in the electric chair December 11 for the slaying of a patient in the hospital on May 21, 1949.

**WASHINGTON**—(P)—President Truman Wednesday formally proclaimed the end of the state of war between the United States and Germany, as of Oct. 19, 1951.

**NEW YORK**—(P)—Eugene Melchiorre, George Chianakis and William Mann, former Bradley University basketball stars, Wednesday pleaded guilty to a conspiracy charge in the national basketball bribery scandal.

**GOOD TURN**—Midland Boy Scouts do a good turn for the Community Chest campaign for \$55,447.25 which opened Wednesday. Distributing Red Feather placards in downtown Midland are, left to right, Bill Wristen, James Barron and John Greathouse. Boy Scouts of Midland will be one of seven organizations sharing Community Chest funds.

### 250 Patients Flee To Safety As Fire Occurs In Hospital

DALLAS—(P)—Fire swept the roof and top floor of the west wing of St. Paul's Hospital early Wednesday, forcing about 250 patients out into the chill October morning.

No one was reported injured. There was no panic, no hysteria. "No one even fainted," said Sister Alberta, "mother superior of the hospital."

Sister Alberta said she awoke about 12:15 a.m. in her fifth-floor room and saw a timber smoldering and red over her head.

"I ran to the switchboard operator and told her to call the fire department," she said, "and then I hurried back into our quarters to wake the other sisters."

Mrs. Mary Joe Wilson, the switchboard operator, sounded the fire alarm over the intercom system of the sprawling, five-story hospital, "Doctor Red, Emergency, Fifth Floor."

Nurses immediately ran to their patients and began helping them out of bed. Nuns, doctors and patients passing by helped get the patients out.

The ill were pushed out in wheel

### Tiny Beads Spell Out Name, 'Lucky'

DALLAS—(P)—The tiny beads on the newborn baby's wrist spell out the name "Lucky."

It is a fitting name, because the husky, eight-pound, four and one-half ounce daughter of Mr. and Mrs. R. F. Lucky of Dallas was born safely minutes before a five-alarm fire swept through St. Paul Hospital early Wednesday, forcing evacuation of little Miss Lucky and 33 other infants in the St. Paul's nursery.

"Present personnel cannot accomplish this work as rapidly as is necessary. In my opinion, we have reached the point where it is desirable to set up a City Planning Office."

**DRAFT EXAMINATIONS FOR NON-FATHERS SET TO START NEXT MONTH**

AUSTIN—(P)—Draft physical examinations for married men without children will begin next month in Texas.

The State Selective Service Headquarters Tuesday announced 3,600 who will be ordered for physicals in November and December will be principally in that category.

The orders are designed to get married men without children examined as early as possible in compliance with official instructions from National Selective Service Headquarters, State Director Paul L. Wakefield said.

First examination is scheduled November 5, with other examinations following on November 13, 26, 27 and December 6, 7, 13 and 14.

Wakefield said some of the examinees will be inducted in December and still more in January, many of them ahead of single men who have been examined and acceptable many months. The law provides that men shall be inducted in order of age—the oldest first.

### Truce Talks To Re-Open On Thursday

MUNSAN, KOREA—(P)—Allied and Communist negotiators will re-open Korean armistice talks Thursday. They will tackle first the knotty problem of where to establish a buffer zone.

The five-man delegations will meet at Panmunjom, a roadside village six miles east of Red-held Kaesong, where the search for a cease-fire agreement was suspended August 23 by the Reds.

Thursday's meeting is scheduled to begin at 11 a.m. (8 p.m. Wednesday, CST).

Panmunjom is accessible to each side without having to travel through enemy territory. The tiny town now has the appearance of an American carnival. Armistice activities are housed in circus-like tents. Huge colored balloons and searchlights ring the conference area to warn warplanes away from the neutral zone.

Resumption of the conference talks was made possible when the Communists Wednesday ratified security ground rules drafted by UN and Communist liaison officers in 12 meetings at Panmunjom since October 10.

**'This Time Or Never'**

The UN had approved the ground rules Monday.

If and when the negotiators agree on a line of demarcation between the UN and Communist armies, they still face these three tough issues:

1. How the truce is to be supervised.
  2. How to exchange prisoners.
  3. What recommendations to make to their respective governments.
- These issues must be settled before there can be an end to the fighting. No one in official position at the UN advance headquarters would risk a prediction on how long it might take to reach an armistice. But the general feeling here was that the new effort would be "this time or never."

### 2,062 New Casualties Reported From Korea

WASHINGTON—(P)—Announced U. S. battle casualties in Korea reached 92,997 Wednesday, an increase of 2,062 since last week.

The Defense Department's summary, based on notifications to families through last Friday, reported 245 killed in action, 1,758 wounded and 50 missing.

By services the casualties were broken down as follows: Army, 1,921; Marine Corps, 110; Air Force, 18, and Navy, 13.

### Birthday Of UN Charter Finds Cold War Warming

By MAX HARRELSON

UNITED NATIONS, N. Y.—(P)—It would sound a little like mockery to wish the United Nations a happy birthday Wednesday with the East-West cold war as intense as ever, UN and Communist forces battling in Korea, the whole Moslem world in turmoil, and atomic explosions rending the air with increasing frequency.

That is the main reason, perhaps, this sixth anniversary of Charter Day—the date the UN Charter came into effect—is being observed in solemn declaration and prayer rather than celebrated in festive ceremonies.

Looking backward to the previous birthdays of the world organization, one is struck by the apparent step-by-step worsening of the world situation from year to year. The UN certainly never has faced so many grave problems as it faces now.

Yet the UN has made important progress during the last six years, especially in the field of collective security. Multi-nation forces were raised to fight under the UN banner in Korea. The veto-free General Assembly was empowered to act against aggression. Member nations were asked to earmark forces to back up such actions.

This progress—more marked in 1951 than in any other year in history—is the principal reason for what little optimism there is. In an anniversary statement in

### Two Agents Fired, Sixth Collector Out

WASHINGTON—(P)—The Internal Revenue Bureau announced Wednesday the suspension of two of its employees in the New York area.

Those suspended Wednesday are Theodore Isaacs, an agent in the Upper New York City Division and Elias Schulman, a deputy collector in the First New York District in Brooklyn.

Commissioner John B. Dunlap said Isaacs was suspended "pending completion of investigation of his testimony before special agents of the bureau regarding his financial condition and other matters."

Schulman was suspended "pending investigation of charges of misconduct," Dunlap said.

The suspensions followed the resignation by request Tuesday night of Joseph P. Marcelle as collector of Internal Revenue for the First New York District.

Marcelle failed to appear Wednesday before a House Ways and Means subcommittee hearing on irregularities in the government's tax collection system.

A subpoena promptly was issued for his appearance Thursday.

Representative King (D-Calif), chairman of the subcommittee, said the Internal Revenue Bureau meanwhile has been asked to take steps to see that none of the files in Marcelle's office are "tampered with."

Dunlap said Marcelle resigned after a long conference here Tuesday

### Jet Battles Rage Fourth Straight Day Across North Korea

EIGHTH ARMY, KOREA—(P)—Fifteen Allied tanks again Wednesday shot up battered Kumsong on the central front as a great jet battle raged across North Korea in the fourth straight day of air fighting.

The Fifth Air Force said one Red jet was shot down and another probably destroyed. One U. S. F-86 Sabre jet was reported lost.

The tanks killed an estimated 85 Chinese and destroyed 24 bunkers in a raid into a valley just west of Kumsong. They returned safely to their lines through Red artillery fire.

Infantrymen slowly mopped up an estimated 120 Chinese fighting a last-ditch defense on a ridge line southeast of the city, a frontline dispatch said. It was the only resistance remaining along this sector.

**All Across Peninsula**

The Fifth Air Force said between 70 and 150 Russian-made MIG's took part in the battle that raged across the entire waist of the Korean Peninsula and finally ended northwest of Wonsan on the east coast.

The new air fight followed Tuesday's scrap in which allied B-29 Superforts and jets destroyed or damaged 20 Communist jets when they tried to stop a bombing attack on the Red's new airfield at Namdi.

This fourth straight day of air fighting broke out when MIG's jumped Sabre jets covering B-29's as they dumped 150 bombs weighing 1,000 pounds each on a 5,000-foot single track bridge at Sunchon in Northwest Korea.

The Japan-based medium bombers flew through "intense flak and a heavy enemy fighter attack" to drop their bomb loads, the Air Force said.

### Villagers Stricken After Eating 'Bread That Makes Men Mad'

CALCUTTA, INDIA—(P)—Some 50 Bihar villagers at Musaffarpur, 400 miles northwest of here, went mad Tuesday after eating bread bought at the village fair.

Some stripped, some leaped through into trees and others became violent.

The outbreak appeared similar to one in France in August, which was dubbed the case of "the bread that makes men mad."

The epidemic was blamed by doctors on ergot, a fungus growth, which appeared in rye flour used by the village baker.

# Parallel Parking Is Tough Chore For Most Persons

If misery loves company, a lot of Midland motorists ought to be pretty happy.

For conclusive tests have proved that the other guy probably doesn't know how to parallel park, either. The authorities for that statement are Lt. Angus Davis of San Angelo and D. D. Painter of Midland, who earn their living by finding out if people know how to drive an automobile.

Painter is the drivers license examiner here while Lieutenant Davis' duties are spread over a 45-county West Texas area. Day in and day out they give, not only the written tests, but driving tests as well to applicants for state drivers licenses.

Can't Park Parallel "And at least eight or nine out of every 10 applicants can't park an automobile parallel," said Painter. "Of course, that doesn't mean they can't get a drivers' license."

They lose only four points for that and they are permitted to lose 30 before being rejected.

The deficiency in the ability to parallel park has become more noticeable since Midland abandoned angle parking in favor of the system which permits wider use of the streets.

But the inability to parallel park is only one of deficiencies of Midland motorists.

"A lot of them," said Painter, "are just plain poor drivers. They swing too wide in turning corners, they run stop signs, they straddle the traffic lanes and they won't give the right-of-way when approaching an intersection."

Not Worse Than Others "But Midland motorists, if it's any consolation, are no worse than those of other cities, although one out of four applicants fail to pass the tests. They are about the same way everywhere else," said Lieutenant Davis.

For the next couple of weeks Painter will be at the Midland County Courthouse every day during the week to give tests to applicants.

The written tests are given in the county courtroom between 8 a.m. and 8 p.m. and between 1 p.m. and 3 p.m. The remainder of the time is devoted to driving tests.

# Retired Chiroprapist And Third Wife Die In Murder, Suicide

PORT LAUDERDALE, Fla.—(P)—A retired Chicago chiroprapist fatally wounded his third wife and then took his own life here Tuesday in what officers said was a case of murder and suicide.

Deputy Sheriff Joseph Leard of Broward County said Dr. Frank J. Furch, Jr., 48, who served eight years in Illinois State Prison for killing his second wife, shot Mrs. Lucy Slingerland Furch, and then killed himself to climax a marital rift.

Between the shootings, the doctor beat Mrs. Furch's 11-year-old daughter, Pamela, with a gun butt and fired three shots at her but missed, Leard reported. The child suffered cuts and bruises on the head but was reported in "good condition."

Mrs. Furch had filed suit for divorce Saturday, alleging she had been beaten and threatened. Police Tuesday found Mrs. Furch bound and gagged, lying on a twin bed with a bullet wound in her head. Dr. Furch was on the living room floor, also with a bullet wound in his head. He died six hours later. Mrs. Furch, 46, died Tuesday night. Princeton Graduate.

Dr. Furch, a Princeton University graduate, was former president of the Illinois Association of Chiroprapists and a dean of the Northwestern Institute of Foot Surgery. He and his first wife, Myrtle, had two children.

Police records show that in 1937 Dr. Furch tried to kill himself after fatally shooting his divorced wife, Norma, and slightly wounding her maid. He was sentenced to 14 years in the Illinois State Prison at Joliet, but was released in 1945.

He founded the National Association of Nursing Homes in 1949 and this year was executive secretary of the group's National Golden Ageds' Day Committee. Golden Ageds were described as persons who had passed their sixtieth birthday.

Dr. Furch left a note addressed to Orville Revelle, assistant editor of the Fort Lauderdale Daily News, asking him to forward a watch to Bernard Baruch as "the Golden Ager of distinction."

WASHINGTON—(P)—Congress will get a chance to decide whether the United States should have a full diplomatic representative at the Vatican, church-state of Roman Catholicism in Italy.

The White House Tuesday announced President Truman is not going to offer Gen. Mark Clark a recess appointment. Press Secretary Joseph Short said "it is more satisfactory to Clark" to await Congress' action.

Truman sent to the Senate the nomination of Clark to be the first American ambassador to the Vatican last Saturday, just before Congress adjourned until January 8. The Senate must approve ambassadorial appointments.

But the House also would be involved in this case. It would have to vote on a waiver for Clark of the law forbidding military officers to accept civilian government posts. To accept an appointment while Congress is in recess, Clark would have to resign from the Army.

The nomination has raised a storm of protest from many Protestant quarters, and praise from Catholics. There was no suggestion that the controversy influenced Truman's decision not to give Clark a recess appointment.

## MGM Doesn't Want Credit Line On Skelton TV Show

By ERSKINE JOHNSON NEA Staff Correspondent HOLLYWOOD—(P)—Exclusively Yours: Latest explosion in the Hollywood va, television knock-down-and-drag-out has MGM doing Red Skelton "You can't tell it."

For years the studio demanded the credit line, "Red Skelton appeared through the courtesy of MGM studios" on all of his radio shows. But on television—uh—uh! Studio brass penciled the line when Red automatically tagged it onto his first video script.

"But why?" demanded Skelton. "It's a good plug for the studio." MGM's answer was: "The theater owners might get mad if they hear it."

To which Red's grinning reply was: "If the theater owners are watching television, Hollywood is in trouble."

Linda Christian is listening to movie 10 percenters about another try at stardom now that she has achieved motherhood. Ty Powers says he won't stand in Linda's way if a picture turns up for her.

There won't be any fireworks between Shelley Winters and Bette Davis over their star billing in Fox's "Phone Call From a Stranger." The studio legal department made peace by arranging for Shelley's name to appear first in all ads, just above the names of Gary Merrill and Michael Rennie. "And Co-Starring Bette Davis" will appear just over the title.

Members of the WAVES may snicker about it, but Hollywood censors ruled the regulation WAVE bathing suits are to revealing for movie audiences. Alteration in drag spots were made for dolls wearing them in Esther Williams' "Skirts Ahoy."

# Mexico Will Move

All Letters By Air

MEXICO CITY—(P)—All of Mexico's domestic mail will be sent by air in the future, the government announced Wednesday. The change-over will take place January 1.

The new rate for mail will be 25 centavos (three cents). At present the rate is 35 centavos (four cents) for air mail and 20 centavos (two and a half cents) for ordinary mail.

Officials said the change would be made because Mexico's land transportation is so slow.

# THE DOCTOR SAYS

It is Important To Catch Skin Cancer In Early Stages

By EDWIN P. JORDAN, M. D. Written for NEA Service A reader wants to know just how skin cancer looks in its first stage. This is an excellent question since cancer of the skin and certain kinds of skin disorders which precede it readily are visible to anyone and their early identification and treatment can save untold trouble later on.

Any sore on the skin—around the mucous membranes of the lips, near the eyes, or anywhere else—which does not heal as quickly as one thinks it should ought to be considered suspiciously.

If the skin has a lump or ulcer you should give yourself a break and let the doctor look at it. Some of these sores or lumps will be cancer and they are so easy to get rid of when they are small and may be difficult to cure after they have grown a while that there is no sense in delay.

There also are some skin conditions which may lead eventually to cancer and therefore should be watched, even if not treated, so they can be attacked at the first sign of cancerous change.

The most important of these are the scaly brown or black patches which are quite common in elderly people and are usually located on the parts of the skin most exposed to the sun and air. These patches are called keratoses.

Not Cancerous At Start Keratoses are not cancerous when they start although they so often develop in that direction that it is

AUSTIN—Secretary of State John Ben Shepperd said in a report to J. T. Baker, chairman of the Midland County Volunteer Parole Board, that the parole system is functioning economically and satisfactorily.

The Texas Volunteer Parole System, Shepperd said, is a positive and constructive program designed to aid the parolee in becoming a worthwhile citizen. Parolees are released from prison on recommendation of the Board of Pardons and Paroles to the governor for the granting of clemency. After clemency has been granted, a parolee is under the supervision of parole board members until expiration of his sentence.

There are eight parolees in Midland County, according to Baker. H. H. Tyson is a voluntary parole board member along with Chairman Baker.

The parolees report periodically to the Midland board chairman. Baker said he has found the parolees sincere and willing to work hard in order to become useful citizens. Not one case of breaking a parole pledge has been reported here.

Prisoners granted temporary reprieves for illness in their family or for other reasons, also are under jurisdiction of the parole board of the county.

## JUST MARRIED Kings Celebrate 58th Anniversary

"Just Married—58 years ago" was the theme of the 58th wedding anniversary party given for Mr. and Mrs. J. M. King Sunday. The family has lived in Midland for 52 years.

The surprise party began when the couple left church Sunday morning—their car was covered with posters and horns were blowing. A buffet dinner was served and pictures were taken of the bride and bridegroom cutting the wedding cake. Miniature bride and bridegroom figurines decorated the cake.

An original poem was read, including the history of the family. Descendants and friends of the couple present were Mr. and Mrs. Herbert King, Mrs. Annie King, Mr. and Mrs. Lynch King, Mr. and Mrs. John King, Jr., Bently, Leslie, Paula, John III and Bill King, Barbara Ann and Christopher King, Mr. and Mrs. Foster King, Guy and Ferrell King, Carol Sue Krupa, Rocky and Quirt King, Mrs. Eddie Krupa, Mrs. Dub Walcott, Connie Lou and Georgann Wolcott of Lubbock, Mrs. Marjio Collins of Fort Stockton, Mrs. B. A. Rogers, Whittier, Calif., and Willie Joe Jackson, Pyote.

The scenery and painting committee is under the direction of Bonnie Bogardus, with Sarah Connelly, E. J. Elliott, Dorothy Perkins, Maedelee Roberts, Waring Bradley, Doris Welborn and John Koenig assisting.

Electricians are John Schaffer and Jim Newman.

After the show opens a new stage crew will take over. They will be Charles Henderson, McGuigan, Harvey Herd, Weathers, Louis Chase, Thornton Hardie and Jimmy McCain.

The man "in the clean-up spot" is Henry Goulet. He not only is in both acts of the show, but is in charge of properties.

The dance routines are under the direction of Bob Richard. Mrs. Lee Flood and Mrs. F. B. Pennycook are in charge of costuming. The original music is by Bill Pomeroy. John Springer will play the piano in the pit.

## Junior Department Has Open House

Members of the Junior 9-10 Department of the First Baptist Church held their annual open house honoring their parents Monday. The event was held in the department assembly hall.

Mrs. Frank Monroe, superintendent, gave the welcome address and introduced the teachers. The program for parents featured a forum on Junior Sunday School aims conducted by Mrs. Stanley Erskine. She was assisted by the Rev. J. Q. Woodard, Noel Cason, Mrs. J. E. McCain, Betty Clark, Malcolm Davis and Mrs. Monroe. A film was shown to the children while the forum was being held.

Following the serious portion of the program, four of the parents presented a humorous skit. Those taking part were J. S. Burkett, Bill Murray, Harlan Howell and T. P. Withrow.

Mrs. H. H. Redding, associate superintendent, presided at the guest register and Mrs. Raymond Mattison pinned name cards on each guest.

The Halloween theme was carried out in the decorations. The annual event is designed to give the children's parents a chance to become acquainted with the department teachers. Approximately 150 persons attended.

Teachers and officers of the department are Jean Godfrey, Miss Clark, Mrs. Billie Gilbert, Maxine Tidwell, Mrs. Glenn Walker, Mrs. J. S. Griffith, Mrs. Raymond Monkress, Mrs. Mattison, Mrs. Redding, Mrs. Leif Olson, Mrs. Erskine, Mrs. Monroe, Mrs. R. V. Hyatt, Mr. and Mrs. Thurman Pylant, Mr. and Mrs. Glen Rhodes, Malcolm Davis, Leroy Butler, Tommy Henderson and Charles Neuhardt.

## Rankin WSCS Has Week Of Prayer

RANKIN—The Woman's Society of Christian Service of Rankin opened its "Week of Prayer and Self-Denial" Monday.

All WSCS prayer groups will meet at the church at 7:30 p.m. Wednesday for prayer.

Eyeglass problems are found to be four times as common in eighth grade as in first grade.

## JUST MARRIED Kings Celebrate 58th Anniversary

"Just Married—58 years ago" was the theme of the 58th wedding anniversary party given for Mr. and Mrs. J. M. King Sunday. The family has lived in Midland for 52 years.

The surprise party began when the couple left church Sunday morning—their car was covered with posters and horns were blowing. A buffet dinner was served and pictures were taken of the bride and bridegroom cutting the wedding cake. Miniature bride and bridegroom figurines decorated the cake.

An original poem was read, including the history of the family. Descendants and friends of the couple present were Mr. and Mrs. Herbert King, Mrs. Annie King, Mr. and Mrs. John King, Jr., Bently, Leslie, Paula, John III and Bill King, Barbara Ann and Christopher King, Mr. and Mrs. Foster King, Guy and Ferrell King, Carol Sue Krupa, rocky and Quirt King, Mrs. Eddie Krupa, Mrs. Dub Walcott, Connie Lub and Georgann Wolcott of Lubbock, Mrs. Marjio Collins of Fort Stockton, Mrs. B. A. Rogers, Whittier, Calif., and Willie Joe Jackson, Pryote.

The scenery and painting committee is under the direction of Bonnie Bogardus, with Sarah Connelly, E. J. Elliott, Dorothy Perkins, Maedele Roberts, Waring Bradley, Doris Welborn and John Koenig assisting.

Electricians are John Schaffer and Jim Newman.

After the show opens a new stage crew will take over. They will be Charles Henderson, McGuigan, Harvey Herd, Weathers, Louis Chase, Thornton Hardie and Jimmy McCain.

The man "in the clean-up spot" is Henry Goulet. He not only is in both acts of the show, but is in charge of properties.

The dance routines are under the direction of Bob Richard. Mrs. Lee Flood and Mrs. F. B. Pennycook are in charge of costuming. The original music is by Bill Pomeroy. John Springer will play the piano in the pit.

MIDLAND MUSIC CLUB HAS BUSINESS MEET

The Midland Music Club held a business meeting Tuesday night in the home of Lotta Williams. The district meeting held recently in Big Spring was discussed.

Critical Days Ahead

Before Egypt declared its intent to abrogate treaties with Britain covering Suez and the Anglo-Egyptian Sudan, Egyptian leaders well understood that new Western proposals for a Middle East defense command were in the making.

These proposals now are on the record. Under them, Egypt is asked to join with the United States, Britain, France and Turkey in establishing a defensive bulwark against communism on the great land bridge between Europe and Asia.

British troops guarding the vital Suez Canal would be replaced by Allied forces. Egypt would supply military and air bases, and presumably would be granted substantial military and economic help.

Despite foreknowledge of this plan, Egypt bluntly told Britain to get out. Since then, the Egyptian parliament has formally abrogated the treaties. And to cap it all, the government has rejected the Allied proposals for a joint defense command.

In none of this behavior are there any discernible elements of statesmanship. Whatever their legitimate national aspirations, the Egyptians need not have embarked on their present inflammatory course.

Many reasons may lie behind their irresponsible conduct. For one, the ruling Ward Party is said to be declining in popularity. It may have decided to fan the nationalist flames to divert attention from its domestic failures.

The Egyptians also may have thought they had the British trapped. Just having seen Iran's weak and weepy Premier Mossaddegh successfully defy the Lion, they well may have believed they could perform a similar feat.

On the other hand, they may have had no illusions about duplicating Mossaddegh's showing. They merely may be stirring the present furore in the hope of increasing their bargaining power when the moment comes to discuss their role in a Middle East defense set-up.

Whether Egypt actually may gain more for having thus perilously unleashed boiling nationalist emotions certainly is questionable.

But there is no question at all about the determination of Britain, with the full backing of the U. S. and France, to remain in control of the Suez until a new Western force can move in. Neither riots, efforts at economic strangulation or the use of armed force are likely to dislodge the free nations from this bastion athwart one of the most crucial links in the world's waterways.

So if the Egyptians felt they would find the British an easy mark, they are doomed to disappointment. Nor are Britain and the United States minded to yield on the issue of future rule of the Sudan. What Egypt is asking is, in effect, that the colonial rule of the British be replaced by the colonial rule of the Egyptians.

Both London and Washington believe the Sudanese should have something to say about their future. Any solution that badly hands the land over to Egypt does no justice whatsoever to the Sudanese.

Critical days are ahead for the Middle East. If the area now should flare into war, the responsibility will not fall on the British, whatever the shortcomings of their colonial policies. It will rest squarely on the shoulders of demagogic Egyptians who have risked the larger interests of the free world community for their own selfish ends.

Hitting Alibi Trail

Back in 1948, a private railroad car quietly was fitted out for special duty by the Army Signal Corps down in Lexington, Ky. The "special duty" proved to be President Truman's whistle-stop campaigns, which won him a surprising reelection.

Now reports have leaked out that the car is back in Lexington undergoing overhaul. The loudspeaker system, pretty heavily taxed in 1948, is getting special attention. It looks as if the President were getting set to embark on another tour of the land.

Three years ago, Truman took for his whistle-stop theme what he considered the deplorable doings at the congressional end of Pennsylvania Avenue. But if he ventures forth this time he's more likely to be pre-occupied with explanations and justifications of behavior at his own end of town.

"Did You Hear Anything?"

The Washington Merry-Go-Round

WASHINGTON—A vital argument over European defense strategy is keeping the tele-communications busy between Washington, London, and General Eisenhower's Atlantic Pact headquarters in Paris.

The debate started when Eisenhower suggested a way to take the offensive in the psychological war with the Kremlin—namely, recruit military-age refugees from behind the Iron Curtain into a volunteer legion.

Eisenhower believes that up to 100,000 men—three to five divisions—could be recruited from Russian, Czech, Polish, Baltic and Balkan escapes. Most of these men left Iron Curtain countries because they hate communism, and Eisenhower believes the existence of such a legion would be further inducement for communist troops to desert.

He received a dash of cold water, however, from Logsdon and Washington. The British who support refugee committees of their own, are opposed to a large fighting force independent of the foreign office, and the foreign legion idea proposes would be equipped, armed, and trained largely by the United States.

Another objection is that the refugees' fanatic hatred could not be controlled and might erupt into war as soon as rifles are issued. At one conference, the British representative frankly stated: "We fought one war to liberate Eastern Europe, and our cities were bombed out for it. We are not anxious to start another war."

Gen. J. Lawton Collins, U. S. Army chief of staff, was also skeptical when he conferred with Eisenhower recently. He said the joint chiefs of staff have no faith in troops under refugee command, and pointed out that escapes can volunteer in the American army.

Eisenhower replied that very few escapes have enlisted, and for a very simple reason: they don't want to be integrated among strange American troops. But if organized into their own foreign legion they would like to get a crack at the Communists in control of their countries.

Senate Probe Of Escapes: Meanwhile, a group of faithless senators has introduced a resolution proposing a Senate investigation of escapes in Western Europe.

JACOBY ON BRIDGE

By OSWALD JACOBY

So many of the best bridge players live in the South that the annual Mid-South tournament is a struggle of Titans. When the tournament begins tomorrow in New Orleans, Julius Rosenberg, president of the American Contract Bridge League, will welcome the out-of-towners with honeyed words and then sit down at the bridge table and bid the spots off the cards.

One of the genial Julius's specialties is to bid unremarkable aces and then proceed to make them. The hand shown today was one of his best in last year's tournament.

West opened the ten of diamonds, and Rosenberg decided to win the trick in dummy. He next took the top hearts, ruffed a heart with dummy's three of spades, and then returned a low club from dummy.

East very nearly put up his ace, which was part of the plot. Whenever East has the ace but not the queen, he will be tempted to play it at once. What's more, whenever

Bridge score table showing North-South and East-West scores for various hands. Includes a table for 'NORTH' and 'WEST' with scores like 24, 42, 7, 1087, etc.

East has the queen but not the ace, he will play low. Then the jack will force out the ace.

In this case, however, East made the correct play of the seven of clubs. Declarer played the jack, and West won with the queen. At this point West could have saved the day for his side by returning the ten of clubs. Instead, West returned a trump—possibly with the idea of reducing dummy's ruffing power.

Dummy's jack of spades won, and Rosenberg returned to his hand with the ace of diamonds to ruff his last heart. Now he could ruff a club to regain the lead, and he could then draw the rest of the trumps.

If West had returned a club, declarer would have to ruff his last heart in dummy, and this would give West a chance to get rid of his second diamond. Now declarer would be unable to get to his hand to draw trumps, and West would be bound to get a trump trick.

Q—With North-South vulnerable, the bidding has been:

East South West North 10-7-3, Heart 4, Diamonds A-10-5, Clubs 8-5-4. What do you do? A—Bid one spade. Game is unlikely unless your partner has a good hand and perhaps even a better hand than yours, but you have a very safe overall. This hand should win five or six tricks at worst.

TODAY'S QUESTION: The bidding is the same as in the question just answered. You, South, hold: Spades K-Q-J-9-7-3, Heart 4.

XXXIII DOWN on the ridge I had picked up another Colt from the dozens lying around on the ground, so had both hands full I shot my way through them headed for the white man standing short of Custer's rifle—Sergeant Butler. He was still horsed, still firing. He had two Colts, also, and the way he snapped and rolled them was sheer magic.

We had a second of respite as we came together, for no Indian likes well-directed belly-fire on the intimate basis we'd been pouring it to them—say from about pony-length. Butler gestured up toward Custer, said, laconically, "Let's go."

We made it up to Custer who still had sufficient organization to give us enough of a covering volley to knock the redskins off our tails. We had left the ridge with about 70 men, arrived on the hill with 35. The retreat took five minutes. It was now 4:15. Custer had 115 actives left.

The general was a sight to stir the heart and pride of any soldier. His shoulder and chest were soaked with the blood which still ran from a deep head wound. His left arm was in a torn-scarf sling, shattered by a large-caliber ball. He sat on the hot, bare ground, his bare back to a small boulder. The Gray Horse colors and the red and silver regiments of the Seventh, with its big, red "7" on the lower half of the pennant, flanked him. On the ground to his right hand lay a stack of loaded carbines. Two Colts were strapped around his waist. In all that welter of bare-headed, naked, waist, shot-nor men, he alone held to dress; hat, gauntlet, blouse, sash. No history book could possibly gild the truth of his appearance there and then.

His mind was as clear as a piece of glass. He knew me at once and no words were wasted. "Where are they?"

WASHINGTON COLUMN

Success Of SHAPE May Hold Key To Ike's Future In Politics

By PETER EDSON, NEA Washington Correspondent

SHAPE, ROCQUENCOURT, FRANCE—Gen. Dwight D. Eisenhower had a birthday last week. He was 61. His chief of staff, Gen. Alfred Gruenther, passed word around in advance that no one should mention it to the general.

When his wife kissed him goodbye in the morning, she made no mention of it. By late afternoon Ike was beginning to feel a little blue.

Then his whole staff appeared, headed by Gruenther. They lined up and sang to the tune of "You Were a Tulip."

"Oh, Ike had a birthday, a big happy birthday. But nobody told him so. Not even Mooney (his sergeant-valet), nor Admiral Capps (of his gaff) or Mammie (Mrs. Eisenhower) seemed to know. Instead of being cheery, the day seemed so dreary. And poor Ike felt so-o-o-o alone.

We're sorry we ignored you, for really we adore you. Happy birthday from one and all!"

This incident is typical of the atmosphere that pervades Eisenhower's headquarters on the outskirts of Paris. With the world's weightiest problems surrounding the headquarters, general and staff have maintained their sense of humor and light touch which characterize high enthusiasm and morale.

Eisenhower works an 8-to-5 day, shuns Paris except for functions attended by the president of France, makes no speeches but sees every American delegation that comes to see him.

This is a big drain on his time, which causers often don't appreciate. Won't Talk Politics On Job. Many of Ike's visitors want to know "what are your presidential intentions?" The answer to that—according to the most reliable authority—has not been given. Eisenhower has a fixed rule that he won't talk politics as long as he has his present job. Persons close to him say that anyone who returns from Paris saying that he knows the general's intentions is talking through his hat.

This comes from persons who sat through Ike's visits with Rep. Hugh Scott and the Senate military affairs and House Foreign-Relations subcommittees.

Eisenhower told President Truman that he would take the SHAPE job for 15 months. This means January or April, 1952. He might leave Europe and announce his presidential intentions then but only if he felt his mission in Europe had been accomplished or if it was essential to lead the American people in a new crusade. This is the unification-of-Europe idea.

At first this idea seemed cockeyed, even to Ike, but the more he studied it the more he saw that Western Europe could unite in the first European army, backed by the Schumann plan, then break down other political barriers which now keep Europe separated into nine countries.

The union must include Western Germany. Eisenhower feels so strongly on this subject that it's safe to predict that he will not accept any political position which

It isn't to be thought Custer and I just sat there and watched his command being chewed up while Cooke was taking his statement. The whole time—we were firing carbines from the loaded pile by our side. Officers were rushing up for orders, riderless horses raced and reared everywhere, men fell, noiselessly or shrieking with pain. We fought as we talked.

Just as suddenly as he had given his statement he forgot it. "Tom!" His brother, Captain Tom Custer, ranking officer left alive, hurried up.

"Are you all right, General?" "Certainly. Listen. Tell Lieutenant Smith we're going out of here on our feet."

"George, we can't do it. The Sioux are coming at us again second. Can't you see them massing?" "Tom, we're going out. Right now. Tell Smith."

NO SURVIVORS (Continued) "Both coming. Benetown with Reno. They've caught hell, too. Reno lost 50 men. Benetown not so many. Reno's out of his head with a bad scalp wound."

"How close?" "Forty-five minutes, maybe 30. I saw the shadow flick his eyes."

"COOKE!" Custer raised his voice, calling in his adjutant. "Take this down. I'm going to talk fast. It's a statement of responsibility." Cooke squatted by his side and the general began talking, his voice low, swift. Other than Cooke, I was the only immediate witness to the whole story.

"Get this straight. If any of us get out of here, I want it known I take full responsibility, not only for my own position but for that of Reno and Benetown. I pulled out from under Reno on a hunch. I've always played hunches, but this one played me."

"It happens to all of us, General." I tried reassuring him, pitying this great soldier rising up in my throat like a fist-sized rock, despite my certain knowledge of the terrible blunder he had made. "We came around behind the east bluffs, heading for this track down the ford. When we got here I saw the big village below, unguarded. I sent my trumpeter, John Martin, to Benetown with a message to come quick."

He paused to wipe the blood away from his mouth. "I started on down. As I did, four Indians rode across the ford and right up the grade at us. I couldn't figure that. Thought it was a trap. Halted the command up there. He gestured back up the hill where I noted for the first time a litter of trooper's bodies. I gave the order to dismount. "That was a terrible error. It gave Crazy Horse time to get around behind us. He struck us there while we were dismounted. Calhoun is up there, with 20 of

## Tucker-McLaughlin Vows Solemnized

In a double-ring ceremony Saturday in St. Paul's Episcopal Church in Lubbock, Margaret Ann Tucker of Midland became the bride of James Dozier McLaughlin of Odessa. The Rev. Claude E. Canterbury officiated.

The bride is the daughter of Mr. and Mrs. R. C. Tucker of Lubbock. McLaughlin is the son of J. R. McLaughlin of Midland.

Mrs. Elton Plowman, organist, played a program of pre-nuptial selection including "Intermezzo" from Cavalleria Rusticana (Maschani), "Ave Maria" (Schubert), "Nocturne" (Chopin) and "Autumn" (Chaminade). She also played the traditional wedding music.

Large white chrysanthemums and pompons were arranged in the altar vases and a fan-shaped floral arrangement and tropical foliage decorated the chancel rail. White chrysanthemums and white satin ties were used to mark the bridal aisle.

**Bridal Gown Described**  
The bride, given in marriage by her father, wore an original model gown of imported French lace and nylon tulle over satin. The dress was fashioned with a high neckline, framed with a small collar, and a sculptured lace bodice with small sleeves. The voluminous skirt of nylon net was worn over hoops.

The lace tunic with scalloped edges, shirred into multiple folds at the waistline, started at the lower hipline in front and cascaded into an elaborate small train. The bride's finger-tip veil of silk illusion fell from a satin cap embellished with jeweled pins. She wore long lace julets and carried a prayer book topped with a white orchid and satin streamers and stephanotis. Shirley Lones of Midland was the bride's maid of honor. Bridesmaids were Mrs. Clyde H. Stout of Longview, cousin of the bride; Mrs. John F. Schneider of Lubbock; Anne Hyde of Durant, Okla.; Peggy Simmons of Midland and Juana Ray

McLaughlin of Midland, sister of the bridegroom.

The attendants wore identically-fashioned dresses of hyacinth blue velvet, designed with fitted bodices, small sleeves and portrait neckline featuring upstanding cuffs which framed their faces.

They carried colonial bouquets of yellow spider chrysanthemums and yellow and bronze pompons and wore headresses fashioned of the smaller blooms.

### Father Is Best Man

The bridegroom's father served as the best man. Ushers were J. R. Anderson of Lovington, N.M., Gregg Hilton and Art J. Jersin of Odessa, Wm. Murchison of McCombs and W. J. Caldwell, Jr., of Oklahoma City. Tim Cornwall was the candlelighter.

Following the ceremony, a reception was held in the Lubbock Country Club. The bride's table was centered with a three-tiered Victorian wedding cake, decorated with pink roses and stephanotis, and surrounded by an arrangement of maidenhair fern and gardenias.

Midland members of the house party were Mr. and Mrs. John Comwall, Mr. and Mrs. Ray R. Rhodes, Mr. and Mrs. Charles H. Davis, Mr. and Mrs. Selman J. Lones, Mr. and Mrs. Alden S. Donnelly, Mr. and Mrs. William Y. Penn, Judge and Mrs. R. W. Hamilton, Mrs. J. E. Simmons, Marilyn Miller, Patti Abbott, Diana Neissel, Grace Baker, Pat Ruckman and Mary Ann Goddard.

Others assisting were Mr. and Mrs. W. F. Eisenberg, Mr. and Mrs. Marion Sanford, Mr. and Mrs. Thomas B. Dugan, Jr., Mr. and Mrs. Newton Walton, Mr. and Mrs. C. I. Wall, Mr. and Mrs. George P. Livermore, Mr. and Mrs. Oscar L. Slaton, Mr. and Mrs. E. Harry Holcomb, Mr. and Mrs. Jack Dudley, Mr. and Mrs. William H. Evans, Mr. and Mrs. Sam West, Mr. and Mrs. George W. Cochran, Mr. and Mrs. Bill Honey.

Mr. and Mrs. Homer Maxey, Mr. and Mrs. Tom Murphy, Mr. and Mrs. Clayton Carter, Dr. and Mrs. Olan Key, Mrs. Ray D. Collier, Mrs. Buddy K. Hughes, Mrs. Charles H. Kelley, Mrs. George Eitz, Jr., Lou Dunn and Doris Dudley, all of Lubbock.

Mr. and Mrs. D. H. Thornbury of Port Worth, Mr. and Mrs. E. F. Boeckman and Mrs. Gene Dickenson of Dallas, Mrs. J. R. Anderson of Lovington, N.M., and Mrs. Mable W. Messer and Mrs. W. M. Owen of Minden, La., aunts of the bride.

After a wedding trip to California the couple will be at home in Odessa. For traveling the bride chose a Paris original brown pin check suit with brown accessories and a white orchid corsage.

The bride is a graduate of Christian College in Columbia, Mo., and the University of Oklahoma, Norman, where she was affiliated with Delta Delta Sorority.

McLaughlin is a graduate of New Mexico Military Institute in Roswell and the University of Oklahoma. He belonged to Delta Tau Delta fraternity.

## Rev. Sharp Is WSCS Speaker

# DADDY RINGTAIL

## Daddy Ringtail And Meet Mister Fear

The Huffen Puffen, the friendly wolf, was asleep in his hollow tree house. He was safe and sound and asleep in his bed, for the night had come to the Great Forest. The night was soft and cool and comfortable. The moonshadows were friendly things behind every tree and rock and bush and hill. Yes, and the moonshadows too were

as loud as he could. His hair stood up straight on end, and his eyes were big and round. He pulled the cover up tight to his neck and screamed again: "Help! Help! Help!" And the Huffen shook and trembled and shouted for help until Daddy Ringtail, your monkey friend, came running in the door, all the way from his monkey house. "Wake up, Huffen!" said Daddy Ringtail. "Wake up! Wake up!" "I am too scared to wake up. I am," said the Huffen, and his teeth were clicking and clacking in a great fright. "Look!" said the Huffen, and the Huffen pointed. Daddy Ringtail looked, and there across the room sat a man. The man was a mysterious man who neither moved nor said a word. He just sat there with his black hat on. His clothes, too, were black, be-

cause the man was trying to look very dangerous. "Oh, it's you," said Daddy Ringtail. "Do you know him, Daddy Ringtail?" asked the Huffen. "Oh yes, I know him," said Daddy Ringtail, "and you must know him too, Huffen, how he isn't dangerous at all!" And the Huffen listened and watched while Daddy Ringtail explained about the man in black. Yes, and as the Huffen did his listening, the man in black melted away—and melted away—until the man in black just wasn't any more. He was changed into the Huffen's black coat where the Huffen left it across a chair. And the mysterious man was Mister Fear who always melts away without any trouble, when only we know who he is. And there really is never a fear, you know, except fears we make by being afraid. Happy-never-doing-it. Happy day!

### Outlook For Chinese Reds In Korea Bleak Should Armistice Negotiations Fail Again

SEOUL, KOREA —(AP)— If the next Korean armistice talks fail, one of the unhealthiest things in the world would be a Chinese Communist in Korea.

During the last three and one-half months, United Nations forces have forged gains up to 12 miles deeper into North Korea. They have occupied more than 250 square miles of Red territory.

Granted the fighting was touch-and-go in several places and casualties ran unusually high, these gains are nothing to what Gen. James A. Van Fleet's Eighth Army could do.

The best estimate of Chinese and North Korean strength now is about 800,000 men.

Although the armies are about even in manpower, the Reds still have not got the tanks and planes to match Van Fleet's.

Whether the Allies go on another drive into North Korea naturally depends on what happens at the Panmunjom talks.

Gen. Matthew B. Ridgway, supreme Allied commander, repeated in Tokyo last week that the UN objective was to "repel aggression in Korea."

From one way of looking at it, this has been done, since the Reds generally have been thrown back north of the 38th parallel, and in some cases are 30 to 50 miles north of 38.

However, if the talks break down completely, Ridgway says "an Fleet are not going to sit around."

There has been some talk if an armistice is not realized this time, UN forces will drive the Reds about 80 miles back and establish a line across the narrow neck of the peninsula, from Pyongyang, present Red Korean capital, to Wonsan on the east coast.

Then, the story is, Ridgway would say: "The war is over so far as we are concerned."

New, Bigger Republic  
A new and bigger Republic of Korea would be organized south of that line.

Action on the front during the next round of talks depends a lot on what the Chinese are caught doing by Allied air observers.

When the negotiations began last July, there was speculation that the Communists might be using the breathing spell to build up another offensive.

This has proved not to be the case. The Reds haven't any more manpower in Korea than they had before.

However, they did dig deeper foxholes and built more fortifications, indicating they intended to defend what they held.

Johnson said he believed it foolish to talk of avoiding war. We are already in a war—a major war, he said.

### British Naval Guns Guard Ships Passing Through Suez Canal

CAIRO —(AP)—Guns of British warships covered British merchant ships clearing through the Suez Canal Wednesday against orders of the Egyptian government.

The Suez and the Cairo areas were quiet after violent outbursts of anti-British rioting, and the government issued stern warnings against new outbursts.

But tension between the British and the Egyptians quickened. A British Naval spokesman in Cairo said Egypt deliberately was "trying to make things difficult" for the British at the canal entrances, Port Said and Suez, and that the Egyptians broke a previous arrangement to clear British ships carrying supplies for Britain's military forces in the canal zone.

British Navy officials issued a communique saying that as a result the Navy now was issuing clearance certificates stating that Egyptian clearance was withheld "illegally." Thus far, no British ships have been delayed.

British maintained a bristling armed defense around the canal. The cruiser Gambia and the destroyer Chequer were reported at Port Said. The destroyer Chequer and the frigate Cygnat were said to be at Suez. Egypt has ordered the British to get out of Suez and the Anglo-Egyptian Sudan.

The British military announced it had lifted—for a 24-hour period only—the ban on oil tanker and truck traffic between Suez and Cairo.

The British military announced it had lifted—for a 24-hour period only—the ban on oil tanker and truck traffic between Suez and Cairo.

British Navy officials issued a communique saying that as a result the Navy now was issuing clearance certificates stating that Egyptian clearance was withheld "illegally." Thus far, no British ships have been delayed.

British maintained a bristling armed defense around the canal. The cruiser Gambia and the destroyer Chequer were reported at Port Said. The destroyer Chequer and the frigate Cygnat were said to be at Suez. Egypt has ordered the British to get out of Suez and the Anglo-Egyptian Sudan.

MUNSAN, KOREA —(AP)—Communist negotiators will walk on a smooth floor and enjoy light and heat during the new series of armistice talks—courtesy of the United Nations Command.

The Reds supplied the big tent for cease-fire negotiations at Panmunjom. It's the same weather-worn tent in which liaison officers worked out the agreement for reopening the talks.

But the floor was sand and there was neither light nor heat. Col. Andrew J. Kinney, senior Allied liaison officer, offered to make the tent more comfortable.

The Reds accepted—without argument.

### Council Approves Tract Subdivision Beyond City Limits

The City Council took advantage for the first time Tuesday night of a new state law permitting it to extend its planning and zoning regulations beyond the city limits.

Under the new law, a city can claim jurisdiction over the plotting of new subdivisions within five miles of the city limits.

The action Tuesday night came on the application by C. B. Reese to approve a proposed subdivision of a five-acre tract two miles south of the city.

City Manager W. H. Oswald explained that the county had agreed to accept no more subdivision plots unless first approved by the city within the prescribed area.

Reese's proposed subdivision was given the approval of the council.

### Oil Industry Faces Difficult Problems, Says Lions Speaker

"The oil industry faces one of the most difficult tasks in its 92-year history—that of meeting a record civilian demand for its products while at the same time supplying our growing military needs—but it can do the job if it is permitted to continue operating subject to the sound economic principles of competitive private enterprise," A. H. Vineyard of Shell Oil Company told members of the Midland Lions Club at their luncheon meeting Wednesday in Hotel Scharbauer.

Vineyard spoke for an Oil Progress Week program, which was delayed from last week.

The speaker said oil demand has increased one-third since 1945, the peak fighting year of World War II. Military demand has increased more than one-fourth since we became involved in the Korean conflict, Vineyard stated. Overall demand is expected to jump eight or nine per cent this year, he added.

"Already, the government has asked the National Petroleum Council to study ways and means of increasing capacity for producing oil products by one million barrels per day in the Western Hemisphere," Vineyard said.

He concluded: "It is the maintenance of free play of initiative which will make it possible for the oil industry to meet the nation's future energy requirements as it always has met them in the past."

J. P. (Kit) Carson presided. Program chairman was Bill Collyins. Invocation was by Tanner Laine. Charles Whitmore of Midland High was introduced as Junior Lion of the Week. Walter Beardsley, representing the Midland Bar Association, invited club members to join the association in a luncheon next Tuesday on occasion of an institute which will be held in Midland, R. H. Gifford, for the Evening Lions Club, announced a charity dance to be given by that organization November 30 at the American Legion Hall.

TEXAS-OU MOVIES  
WILL BE SHOWN  
Motion pictures of the Oklahoma-Texas football game will be shown at 7:30 p.m. Wednesday in the conference room of the Magnolia Building.

All former University of Texas students and members of the Longhorn Club, along with their guests and families, are invited.

### Permian Basin Oil And Gas Log—

**Tom Green Wildcat Tops Ellenburger**

MJM&M No. 1 M. D. Bryant, wildcat in Southwest Tom Green County, three and one-half miles west of Knickerbocker, was drilling below 7,138 feet in the Ellenburger, which was topped at 7,060 feet. Elevation is 2,159 feet.

No shows of oil or water have been found in drilling samples since the Ellenburger was entered.

Location is at the center of the northwest quarter of the southwest quarter of section 26, block 3, H&TC survey.

Taylor Refining Company No. 1 George Foster Rust, wildcat in Central-East Tom Green County, 11 miles south of Vancourt, developed 2,820 feet of salty sulphur water on a one-hour drillstem test from 4,883 to 4,918 feet in the Strawn.

That formation was topped at 4,880 feet, elevation 2,315 feet.

Operator is now deepening toward contract depth of 5,700 feet.

Location is in section 19, block H, TC survey.

### New Cisco Area Is Opened In Mitchell

Richardson & Bass No. 1 McCabe has been completed as a Cisco sand discovery in Southeast Mitchell County.

The well flowed natural for 24 hours through a three-eighth inch choke to make an initial production of 71.90 barrels of 42.7-gravity net oil. Five per cent of the total fluid recovered was water. Gas-oil ratio was 1.096-1.

**Through Perforations**

Top of pay is 6,045 feet and plugged back total depth is 6,177 feet. Seven-inch casing is cemented at 6,125 feet. Production is coming through perforations in the oil string between 6,045 feet and 6,060 feet.

Location of the new discovery is 660 feet from north and east lines of section 5, block 12, H&TC survey and 30 miles southeast of Colorado City. That makes it five miles north of the Jamieson field.

### SW Extension To Central Kent Pool Completed By Sun

Sun Oil Company has completed its No. 1-A H. W. Davis as a one-half mile southwest extension to the Clairmont, lower-Pennsylvanian field of Central Kent County.

The well flowed 24 hours through a 3/16-inch choke to make a potential test of 231 barrels of 40.8-gravity oil and no water. Gas-oil ratio was 432-1. Tubing pressure was 400 pounds and pressure on the casing was 500 pounds.

Production is natural from open hole section between 6,748 feet where five and one-half-inch casing is cemented and total depth of 6,786 feet.

Location of the new oiler is 685 feet from west and 660 feet from south lines of section 9, block 98, H&TC survey and one and one-half miles south of the town of Clairmont.

### Devonian Entered At Upton Wildcat

Greenbrier Oil Company, Mendota Oil Company and Anderson-Prichard Oil Corporation No. 1 Windham, wildcat three miles south of the Wilshire-Ellenburger field of West-Central Upton County, topped the Devonian at 11,180 feet, minus datum point of 8,222 feet.

It is now bottomed at 11,193 feet fishing for bit cones.

This wildcat has assured production from the Wolfcamp and indicated production from two zones in the Pennsylvanian.

Location is at the center of the southwest quarter of the southwest quarter of section 108, block D, CCSD&RGNG survey.

## Ever stop to think Your First Car can be a Buick!

THIS being a land where it is every man's right to dream of getting ahead—and the pursuit of happiness is guaranteed by the Constitution—it happens that a great many people aspire to own a Buick.

But too often they start with a lesser car first—from a feeling that Buicks are something you have to build up to gradually, as your take-home pay improves.

So—if you have any such notion—we'd like to set you straight, right here and now.

You don't have to hope and dream and wait. If you can afford a new car—the first car you buy can be the Buick SPECIAL pictured here.

Its price tag says so. Its low cost of operation says so too.

We know that it looks like a lot of money. That's what makes it such a buy.

We know that it has a long list of features found in costlier cars, and that it rides and handles like cars that sell for a great deal more.

But that simply means that—at its price—you're getting a very big money's worth.

All of which adds up to one conclusion: the smart thing to do is come in and give this neat and nimble new SPECIAL a thorough going-over.

Try out its power—the power of its high-compression, valve-in-head Fireball Engine.

Try out its ride and handling—and you'll discover it has the "big-car feel" that you'd expect from a Buick.

Try it out for size—for room—for comfort—for all the things that you've dreamed someday of having in a car—and you'll thank your stars that you found out the facts of life in time.

**NO OTHER CAR PROVIDES ALL THIS!**

**DYNAFLOW DRIVE\***—saves strain on driver and car

**FIREBALL ENGINE**—high-compression, valve-in-head—gets more miles from every tank of fuel

**PUSH-BAR FOREFRONT\***—combines smart style and unsurpassed protection

**WHITE-GLOW INSTRUMENTS\***—greater clarity at night

**TORQUE-TUBE DRIVE\***—seals the chassis, steadies ride, improves driving control

**4-WHEEL COIL SPRINGING\***—cushions ride, saves servicing costs

**DUAL VENTILATION\***—outside air fed separately to right or left of front compartment

**SELF-ENERGIZING BRAKES\***—hydraulic—multiplies pedal pressure five times at brake drum

**DREAMLINE STYLING\***—tapered, car-length fenders, gleaming sweepers on most models

Plus: Self-locking luggage lid, SteeOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Posed engine mounting, Body by Fisher

The fourth project in the Midland side of the field will be drilled as Sinclair No. 48-G Lillie Midkiff, 60 feet from north and west lines of section 11, block 38, T-5-S, T&P survey.

In the Upton side of the Midkiff field, Sinclair will drill No. 37-H Lillie Midkiff, 660 feet from west and 1,980 feet from south lines of section 11, block 38, T-5-S, T&P survey.

The Devonian Company has spotted an 8,300-foot Spraberry-Wolfcamp saddle in Northeast Reagan County.

It will be drilled two miles west of Atlantic Refining Company No. 1 C. H. Sugg, recently completed Wolfcamp discovery and the same distance from Atlantic No. 1-B Sugg, recently-completed Spraberry strike.

It will be dug as Devonian No. 1 Sugg, 660 feet from north and east lines of section 162, block 2, T&P survey and 12 miles northeast of Stiles.

**Pembroke**  
Phillips Petroleum Company will drill No. 6 Warren at the southeast edge of Pembroke field of East-Central Upton County.

Drillsite is 660 feet from south and 1,980 feet from west lines of section 27, block D, D&W survey.

Sinclair Oil & Gas Company will drill two 7,500-foot tests in the Weimer-Floyd field of Northeast Upton County.

No. 42-B Lillie Midkiff will be 1,980 feet from north and 660 feet from east lines of section 13 T-5-S, T&P survey. No. 43-B Lillie Midkiff will be dug 660 feet from north and east lines of section 13, block 38 T-5-S, T&P survey.

**Army Expert Says  
Germ Warfare Is  
Potential Danger**

WASHINGTON — P — Brig. Gen. William M. Creasy, the Army's top man in biological warfare research, says "the possibilities are great" for a damaging germ warfare attack on this country.

But, in a speech to a group of scientists here Tuesday night, Creasy said the possibilities "are frightening only if we give way to panic or if we fail to insure that we are ahead of any other nation in knowledge and preparedness in this field."

The general called germ warfare "essentially public health and preventive medicine in reverse," and he continued:

"Except for novel methods of achieving deliberate dissemination of pathogenic organisms, it is a form of warfare which nature has waged against man for thousands of years, and against which modern health practices have produced effective defenses."

MIDLAND, LAMESA A TOSS UP—

Wink, Kermit, Odessa Picked To Cop Grid Games

By LARRY KING Reporter-Telegram Sports Editor

Anything can happen, and it probably will, in Texas High School football this weekend.

Conference play gets underway in District 1-AAA and other loops engage in further fights for the blue ribbon.

At home, it's Midland's Bulldogs taking on the Lamesa Golden Tornadoes in the initial conference tilt for both teams, and it should be a ding-dong battle.

Lamesa has practically the same boys which last year stunned Midland in an upset, 13 to 12—and Jerry Millsaps, villain of the Midland tragedy, is back again and better than ever as the Lamesa quarterback.

The Bulldogs hope to fight back with a passing game of their own, and a defense in this, the top 1-AAA battle of the week.

On the flip of a coin, The Reporter-Telegram Sports Department picks Lamesa, 20 to 14, but a Midland victory definitely is possible and couldn't be classified as a major upset.

Plainview should have trouble with Big Spring in a tilt at Big Spring. Call it 33 to 7, for the steadily-improving Bulldogs.

Sweetwater-Vernon Sweetwater and Vernon meet at Vernon and what a corker that should be! Sweetwater has shown tremendous improvement lately, and Vernon is one of the top defensive clubs in the AAA circles.

Odessa goes to Pampa for the state's top game and this too will cause headaches. The Harvesters, looking better all the time, could be the team to stop the Bronchos—but we'll have to see it to believe it—20 to 13, Odessa.

Lubbock looks superior to San Angelo, 41 to 6, and Amarillo should defeat Borger, 27 to 14, in the other 1-AAA games.

In the only 8-AA game this weekend, Monahans plays at Kermit Saturday night. With Doug Creamer back in action at his fullback slot, Monahans now commands respect from one and all.

Midland's B plays the Lamesa Bees in Memorial Stadium Saturday night, hoping to get revenge for a 14-12 loss in Lamesa. With the home field, Midland B is picked 13 to 6.

Other games around the state are called thusly: THURSDAY: Ysleta 45, Jefferson 1, Paso 0, North Dallas 7, Adairson (D) 6.

FPIDAY: Arlington Heights (FW) 27, North Side 6; El Paso High 19.

Wink, the Wildcats who are rolling like the Wildcats of old, should hang up another triumph for Coach Glenn Frazier on the rump of Danny Villarreal and the passing of Kenneth Vinson this week at Alpine. Give the Wildcats a 27 to 7 margin.

Iraan should wallop visiting Crane, 34 to 14, and Big Lake should defeat Fort Stockton, 21 to 7. That's all the 8-A action.

Stanton goes to Whiteface to play Friday night. Both teams have shown little this year, but Whiteface gets a 14-7 choice.

Arkansas U. Rice Players Top Linemen

NEW YORK —(AP)—The Southwest Conference, which has been hitting the football headlines regularly this season, came up Wednesday with both the defensive and offensive linemen of the week in Bob Griffin, Arkansas center, and Bill Howton, Rice end.

Although each played both on offense and defense, the voting in this third Associated Press linemen poll of the season ranked Griffin tops defensively for his superb play as Arkansas upset Texas. Howton's feat of catching three touchdowns passes as Rice upset Southern Methodist earned him offensive laurels.

The honor was particularly gratifying to Griffin, a 230-pound senior from Frederick, Okla. Last year he was dismissed from the squad in midseason for cutting classes. He was reinstated this season by Coach Otis Douglas.

Against Texas, Griffin played almost 60 minutes and his defensive work was a big factor in holding Texas to only four first downs. He made tackle after tackle. He was so agile in smashing through the Texas forward wall that on three occasions he dove over the Texas quarterback, operating from a T-formation, before the Texas back could hand off the ball.

Said Coach Douglas after the game: "Griffin today had the finest reactions I have ever seen in a college lineman."

Howton, in helping spark Rice to a surprising triumph over Southern Methodist, caught three touchdowns passes for gains of 52, 62 and 22 yards. He played 57 minutes and earned this high praise from SMU coach, Rusty Russell. "Howton's a great end, both on offense and defense."

DES MOINES, IA —(AP)—The Drake University Athletic Council has unanimously agreed to ask for an immediate hearing with Missouri Valley Conference officials over what the council calls "malicious and intentional attacks" upon football star Johnny Bright by Oklahoma A&M.

The 11-man council, meeting here for over three hours Tuesday night, said in a prepared statement it will "immediately register a strong protest with officials of the Missouri Valley Conference."

The council also said it is asking for a meeting with Commissioner A. E. Eilers and Executive Vice President George Smith of the University of Tulsa "by no later than Sunday, October 28."

In St. Louis, Commissioner Eilers said he would have no comment until he had received the protest. He also said he would have to confer with Small regarding the meeting requested by the council.

The great negro halfback, the nation's all-time ground gaining leader, suffered a broken jaw early in last Saturday's football game with Oklahoma A&M. Bright, who has been hospitalized here since his return from Stillwater, Okla., Sunday, is expected to be released Wednesday. Doctors said he might see limited duty against Iowa State this week.

The Oklahoma A&M Athletic Council Monday said it planned no action unless Drake filed a formal protest. The council, after viewing the game movie, admitted two of the "blocks were illegal but unintentional."

Aggie Tackie Wilbanks Smith, who also figured in the incident, has denied he intentionally injured Bright. He said, "I have played a lot of hard football games and you give and you take. If I overcharged Johnny, I regret it."

Oklahoma A&M officials were not immediately available for comment on the protest.

TWO NOSES—Panson, foreground, with Warren Lane up, and Agrarian-U, piloted by George Walker, nose the wire in a dead heat for first place at Garden State Park, N.J. Their time for six furlongs was 1:11.3. That's Father Link finishing third. (NEA)

Tugboat Jones, hard-working coach of the Midland High School football team, was in fine spirits Wednesday. "I think," he beamed, "that our kids are going to give a good account of themselves Friday night."

You didn't have to ask to know he referred to the opening conference football game with Lamesa in Memorial Stadium.

Throwing away the crying towel, Jones said: "Our defense has looked better the last couple of days than at any time this year. The boys seem to want to win this one to atone for the loss to Lamesa last year. That knocked us out of a share of the conference title, you know."

"A couple of our big boys are waking up," the Midland mentor said. "I think Stan (oker tackle) and Dalton Byerley (guard) are going to turn in the game I've been looking for all season. They're playing some good ball, but they could be great. I'd say they'll live up to expectations Friday."

Citing an example of team spirit, Jones told the following story: "Loren Roberts (center) and Larry Friday (back), came to me Monday and said: 'Coach, we were up about a half hour past the 10 p.m. curfew Saturday watching the SMU-Rice game. We'd like to take some laps around the field as punishment.'"

"The point is this," said Jones, "they didn't have to tell me. I'd never have known about it. But the boys are beginning to settle down now and they want to play some football. I think it will be a great game Friday night."

Several of the MHS players are nursing injuries. Friday has a bruised shoulder and won't see any more action in contact work until game time Friday night.

Bill Leonard, tackle, has a bruised leg and Ralph Brooks, back, is favoring a pulled muscle.

They all expect to be ready to go against Lamesa, according to Jones.

Quotes of Note: Biggie Munn, Michigan State coach, after reading former coach Blair Cherry's article, "Why I Quit Coaching" in a magazine recently: "I have everything Blair had, except a rich brother."

Ray George, Texas A&M coach: "After looking at films of our game with TCU, I'm inclined to think the reason we lost was because of shoddy tackling, not because TCU had an unstoppable offense."

Jack Mitchell, Texas Tech coach: "I can't understand how we can be rated two or three touchdowns better than Arizona after our loss to Baylor."

Collier Parris, Abilene sports scribe: "ACC is on the move. The Wildcats will be tough from now on. That was easy to see as they stomped McMurry, 58 to 13, last Saturday night."

Midland-Lamesa Game Tickets To Go On Sale Here Thursday

Tickets for the Lamesa-Midland game go on sale at 5:30 p.m. Thursday in the foyer of the Midland High School Auditorium.

The sales continue Friday, from 9 a.m. until 5 p.m. at the same site, then will continue at Memorial Stadium.

School officials Wednesday said the demand for tickets is brisk.

Dick Turner Fires 69 To Pace Pro-Am

The Amarillo ace, Dick Turner, fired a 69 Tuesday to pace the field in the 72-hole medal play Westex Pro-Am Golf Tournament at Ranchland Hill Country Club.

Turner, who last year finished as runner-up to Gene Towery in the Westex Pro-Am, had fired a 67 Monday to be low pro on the opening day.

His second good round brought him in two strokes better than W. O. Maxwell of Big Spring, who toured the distance in 71.

Abe Beckman of Ranchland Hill was tied with J. D. Taylor of Clovis, N. M., and Foy Fanning, Abilene, with 72 scores.

Next in line with 73's were J. C. Hardwick, Midland; Joe Lopez, Amarillo; Herb Schroder, Levelland, and Warren Cantrell, Plainview.

Kenneth Wright, Littlefield, posted a 74 while Bill Keith of Carlsbad and Morgan Hampton, Abilene, finished with 75's.

Play in the \$2,500 tourney continues through Friday. Approximately 60 golfers are entered in the meet.

Amateur golfers will receive prizes of merchandise awarded by Midland merchants.

Durocher Named 'Manager Of Year' By Baseball Writers

NEW YORK —(AP)—Leo Durocher, whose managerial career hung in the balance four years ago, is baseball's "Manager of the Year" for 1951.

The 45-year-old pilot gained the accolade for leading the New York Giants to the most sensational pennant triumph in National League history.

Durocher won the award in an Associated Press poll conducted among the 187 members of the Baseball Writers' Association of America.

The Giant leader collected 113 votes to breeze home ahead of Casey Stengel, manager of the world champion New York Yankees, who was second with 64. Stengel won the award in 1950.

Other pilots who figured in the poll were Al Lopez of Cleveland, Paul Richards of the Chicago White Sox, Jimmy Dykes of the Philadelphia Athletics and Marj Marlon of the St. Louis Cardinals. Lopez and Richards received four votes each and Dykes and Marlon one apiece.

Durocher, advised of his selection while playing golf near his West Los Angeles winter home said: "That's great news. It makes me very, very happy. I am very grateful."

"I'm grateful to the New York Giants' team. It was the players who made this possible for me. Without them, without the grand way they played I wouldn't get this honor, of course. They came through and played like the champions they are."

Durocher's darkest hour was in 1947 when he was suspended for the season by former baseball commissioner A. B. Chandler for "conduct detrimental to baseball."

Durocher returned to the helm of the Brooklyn Dodgers in 1948 but on July 16, in a move that stunned the baseball world, he switched to the New York Giants, Brooklyn's most hated rivals.

The Giant fans didn't take to Durocher immediately. Some even termed the move high treason.

"He can't fight," said Louis after watching movies of the Marciano-Rex Layne fight.

The 37-year-old ex-champion looked fit and trim as he breezed through his final boxing session, hitting with power.

Marciano worked on endurance Tuesday in four-minute rounds. It was a switch for the 27-year-oldster who has been boxing two-minute rounds with Jimmy De Lange of New York.

During 1950 only three pacers registered race-winning miles in times faster than 1:59. They were Scottish Pence, Highland Ellen and Hodgen.

Hoop's New System Spells Foundation-Shaking Upsets

By MAJOR AMOS B. HOOPLE Upset Specialist

Egad! You zillions of readers who have been patient through the failures of my several systems, including Finnegan's and Zlobotn's, are about to be rewarded.

For now we come to a week of upsets that will shake the pigskin world to its very foundations, and I have forecast a batch of these for you.

Chief of the upsets will be Oregon State's victory over the vaunted California Bear, by 20 to 14. In another contest also this will be a bad Saturday for the Golden State, a Texas Christian will defeat Southern California, 27 to 21. (Ed. Note: The guy don't know where to stop!) And oh, yes, Stanford to beat Washington, 21 to 14.

Two upsets will occur in the middle west, where Notre Dame will bow to Purdue, 26 to 20, and Minnesota will eke out a close one over Michigan, 20 to 14.

Speaking of close scores, Navy's victory over Pennsylvania this week, which also comes under the heading of the unexpected, will be by a 21 to 20 count—quite a thriller har-rumph!

Now go on with the forecast: Oregon St. 20, California 14. TCU 27, So. Cal. 21.

Purdue 26, Notre Dame 20. Minnesota 20, Michigan 14. Navy 21, Penn 20. Columbia 20, Army 14. Oklahoma 20, Colorado 13. Maryland 27, LSU 14. Michigan State 34, Pitt 6. Illinois 34, Indiana 13. Ohio State 35, Iowa 20. Wisconsin 21, Northwestern 14. Texas 34, Rice 13. Stanford 21, Washington 14.

Texas Golfers Go South Of Border For Mexican Tourney

MEXICO CITY —(AP)—Two dozen U. S. golfers, most of them from Texas, tee off Wednesday in the championship flight of the twenty-sixth Mexican Amateur Tournament.

The list includes crack players. At the top is 1951 U. S. National Amateur champion Billy Maxwell, of Odessa. Another is veteran Frank Stranahan of Toledo, Ohio, U. S. Walker Cup team player for seven successive years who won the Mexican title in 1946 and 1948.

Joe Conrad, Denton, Texas, last year's Mexican champion and current Texas amateur title holder is playing again. He and Maxwell are members of the famed North Texas State College golf team.

Two other NTSC team members from Denton are entered: Buster Reed, who twice has been a finalist in Mexican tournaments, in 1949 at Guadalajara, and in 1951 at Torreon; and Don January, medalist in this year's Trans-Mississippi with a six under par 66.

Other Texans include: Jim Parish, Mission; Ed Brady, St. Benito; Edward Hall, Brownsville; Blackie Black, Harlingen; Raleigh Selby, Kilgore; Charles Donnelly, Denton, and Billy Erfurth, San Antonio.

Play is at the flat but tricky 36-36-72 par Mexico City Country Club. There are 50 entries in the championship flight.

U Of Houston, Rice To Share Stadium

HOUSTON —(AP)—A five-year contract for joint use of Rice Institute's 70,000 seat football stadium was signed Tuesday by Rice and the University of Houston.

Hugh Roy Cullen, chairman of the board of the University of Houston, also said the name of the stadium would be changed from Houston Stadium to Rice Stadium.

Klosterman, although idle, retained the top rung in the forward passing department. The Loyola star has completed 81 passes out of 164 attempts for 957 yards. Vito Parrilli of Kentucky is second with 76 completions out of 142 tries good for 913 yards.

Geldien is 300 yards behind in total offense. The cowboy has amassed 1,011 yards rushing and passing. Klosterman was idle last week and ranks third in total offense with 947 yards. However, Klosterman has appeared in only four games to Bright's six.

"Matson, the Don's big negro fullback, ranks second to Bright in rushing with 802 yards. Matson picked up 118 yards in 29 rushes against Fordham and scored three touchdowns. The three six pointers tied Matson with Bright for the scoring leadership at 78 points each. Both Matson and Bright have scored 13 touchdowns.

MUST'VE SEEN A MOUSE—Annabella (Slugger) Kealey, right, of the Red Devils hits Midge (Toughie) Brasuhn of the Jolters with a hard block as the Roller Derby season gets under way at the Teaneck, N.J., armory. Judging by the expression on their faces, the cats also must have seen a mouse. (NEA)

Louis Says He'll Kayo Marciano

NEW YORK —(AP)—Joe Louis thinks he'll knock out Rocky Marciano Friday night at Madison Square Garden.

"He can't fight," said Louis after watching movies of the Marciano-Rex Layne fight.

The 37-year-old ex-champion looked fit and trim as he breezed through his final boxing session, hitting with power.

Marciano worked on endurance Tuesday in four-minute rounds. It was a switch for the 27-year-oldster who has been boxing two-minute rounds with Jimmy De Lange of New York.

During 1950 only three pacers registered race-winning miles in times faster than 1:59. They were Scottish Pence, Highland Ellen and Hodgen.

City Will Purchase Accounting Machine

Purchase of a \$3240 accounting machine for the city's accounting office was authorized Tuesday night by the City Council.

City Manager W. H. Orswalt said the machine, which will be delivered in January, will complete the modernization of the accounting office.

NEW COMMANDER

TOKYO —(AP)—Army headquarters Wednesday announced Brig. Gen. Thomas J. Cross, former deputy commander of the Ninth Corps, has taken command of the U.S. Third Division in Korea, succeeding Maj. Gen. Robert H. Soule.

When Florida's football team blanked Wyoming in their first game of the season it marked the 115th time the Gators have held a team scoreless. Florida also white-washed their foes in 1950's opener.

Luscious, Leggy Lill Puts Physical Assets Back On Display In Toned-Down Exhibition

HOLLYWOOD—(P)—The physical assets of Lill St. Cyr, almost all of them, anyway, went back on public display Tuesday night.

The statuesque stripper, who went into temporary retirement last week after the law accused her of "lewdly exposing her person," reopened at a flimflam night club with a "milder" act.

The paying patrons were enthusiastic, even though they saw less of Lill than she is accustomed to exposing.

Count Your Family, Then Get Ready To Pay Your Share

WASHINGTON—(P)—In the session which ended Saturday, Congress approved government spending which amounted to \$636 for every man, woman, and child in the country.

The final compilation by the House Appropriations Committee Wednesday showed Congress voted \$91,636,563,164. That does not include an estimated \$7,000,000,000 in more or less permanent allotments which include such items as about \$6,000,000,000 in the national debt.

On the basis of 154,000,000 population, that means \$636 for each person. While not a record outlay, it is the third highest in history, being exceeded only by two World War II years.

Texas Solon Warns IPAA Group To Quit 'Viewing With Alarm'

HOUSTON—(P)—Senator Lyndon Johnson (D-Texas) Tuesday warned the Independent Petroleum Association of America that the oil industry will be neither heard nor heeded in the national forums if its members seek sympathy by continual cries of alarm.

"When you worry about socialism, don't worry about politicians of political theories—worry about the price of gasoline at the pump and the price of gas at the burner tip," Johnson cried.

"That's where the trouble starts," the Texas junior senator addressed the closing session of the IPAA's twenty-second meeting.

He said the answer to worries over nationalization of the domestic oil industry was better performance, more economy, greater service.

"The nation will never molest your success," he declared, "but the nation will not long tolerate your failures."

Columbus, Ohio, and Tulsa were selected as sites for the 1952 meetings. The IPAA Executive Committee will hold its mid-year meeting in Columbus on April 29-29 and the next convention will be held at Tulsa, October 19-21.

'Who Killed Goosy Gander' Is Serious Matter For Sheriff

ALLEGAN, MICH.—(P)—"Who killed Cock Robin?" "Not I," said the sparrow.

But when it comes to Goosy Gander, a lot of huntmen in this area speak up loudly: "Me!"

And the resulting arguments mean trouble for Sheriff Louis Johnson.

The huntmen gather at the Swan Creek Highbanks, a popular spot with geese, wait for a flock to appear overhead and then blaze away. The geese tumble down, and arguments start.

"It's now more important to be a sprinter than a marksman," Sheriff Johnson says. "With a hundred or more hunters sometimes banging away, the geese haven't got a chance and there's plenty of room for dispute."

He also deplores the "unsportsmanlike conduct" of "game hogs." They stay on the bank to pick up the fallen birds and "some don't even carry a gun."

One man even has been arrested and charged with assault in a dispute over goose ownership, the sheriff says. Three fist fights also have been reported.

Abilene Rites Held For Dave Barrow, 66

ABILENE—Funeral services for Dave Barrow, 66, pioneer West Texas furniture man, were to be held here Wednesday afternoon.

Barrow died Monday in a hospital here of a heart ailment. He had been in the furniture business in West Texas since 1907.

Shell Oil Official To Address JayCees

Robert E. Goff, Shell Oil official, will speak to the Midland JayCees Friday at their noon luncheon in Hotel Scharbauer.

Goff's subject will be "Building for the Future."

SERIOUSLY BURNED A. W. Maffait, of Midland, an employe of the Morris Hamilton Drilling Company, received serious burns, of both hands and the left side of the chin Wednesday when a stove exploded. He was treated at Midland Memorial Hospital.

Sally Rand, Famed For Ostrich Plumes, Bubbles, in Midland

Sally Rand brought her swishing ostrich plumes and her translucent bubbles to Midland Wednesday.

Featuring her own sensational dance act and a colorful review of music and lovely girls, she had four shows scheduled on the stage of the Yucca Theater.

The first show was scheduled at 2:30 p.m. while the others will begin at 8:30, 7:30 and 9:30 p.m. during the one-day stand in Midland.

He also said there should be a screen in front of the big champagne goblet in which Lill does her scrubbing. With these modifications, Walker and Capt. Pete Sutton said, the show could go on.

"But it still looks like a strip act to me," Hanson commented darkly.

Miss St. Cyr, 30, luscious, leggy veteran of 14 years on the burlesque circuit, was pinched on the indecency charge last week and will be arraigned Thursday. Her boss, Herman Hoyer, who was arrested, too, said he was cancelling the show. But Tuesday, after the American Guild of Variety Artists reviewed Lill's act and approved it, Hoyer changed his mind.

He reinstated Lill and said: "I intend to fight this thing all the way."

Ex-Student Prexy Charged in Austin Golf Course Slaying

AUSTIN—(P)—An ex-University of Texas student president, now an agricultural economist in Washington, D.C., was charged with murder Tuesday, 24 hours after an Austin golf course owner was shot to death.

Held under \$30,000 bond in the slaying of Douglas Kinser, 33, was Malcolm E. (Mac) Wallace, 30, of Washington, D.C.

Detectives who questioned Wallace most of Tuesday said they were not ready to disclose what they considered the motive in the killing.

Wallace, an economist for the U.S. Department of Agriculture, refused to give any information except his name, occupation and address, detectives said.

Kinser was shot to death in the clubhouse of his Pith and Putt Golf Course Monday afternoon. The assailant fled with a pistol in his hand.

Wallace was arrested by highway patrolmen on the Burnet highway.

Wallace, the son of A. J. Wallace, Dallas contractor, was president of the university student body in 1944-45. He led the November, 1944, student parade protesting the dismissal of then-President Homer P. Rainey.

Wallace's wife, Mrs. Andre Wallace, and two children, ages one and three, have been living in Austin with Mrs. Wallace's mother since early August.

Kinser was divorced. He had a young daughter.

General Warmup In Texas Forecast

Clear skies and bright sunshine prevailed over most of Texas Wednesday in the wake of a "brief and mild winter" that brought rains and chilly weather.

What few clouds that remained over the state were high and unpromising, and the U. S. Weather Bureau said no more moisture is in sight for the next 24 hours.

A general warmup was predicted. Dalhart was the state's coldest overnight spot with 34 degrees while in the opposite end of the state, Brownsville with 68 had the highest minimum. Cotulla, 80 miles southwest of San Antonio, was the warmest spot in Texas Tuesday with 83 degrees.

Quit Being Foolish,  
Truman Warns Reds  
in UN Day Address

WASHINGTON —(AP)— President Truman Wednesday told the Russians they are "utterly foolish" to oppose nations banded together to seek "peace and justice."

Speaking on the anniversary of the birth of the United Nations, the President declared:

"I hope the time will not be far distant when the leaders of the Soviet Union and their satellites will come to see that it is utterly foolish to oppose the united will of all the other peoples of the world for peace and justice."

"But so long as the forces of aggression are attacking the United Nations, there must be no weakening of our efforts to check aggression and to build up the defense of the free world."

"It is up to us here at home to back up these men of many nations who are fighting for us and for the freedom of the world in Korea."

The President spoke at the laying of the cornerstone for the building of a District of Columbia Red Cross Chapter.

Plucks For Blood

Truman devoted much of his talk to a plea for blood for the Red Cross banks.

"Men from (free) nations are out there in the hills of Korea risking their lives in the service of a great ideal. They are evidence, far more powerful than any speeches ever can be, that the idea of international justice under law—the idea of international cooperation to preserve peace and freedom—has taken root and is growing and spreading throughout the world, bringing men together in new and greater bonds of brotherhood."

He said advances being made toward a system of international peace and justice "will prove to be worth all the sacrifice and effort which they are costing us and other nations."

He said one of the best ways for the public to support the men in Korea is to give blood through the Red Cross for the use of soldiers.

"The blood which is being given by our people here at home is saving cases which would have been considered hopeless not so long ago," Truman said.

Officers Shoot Down  
Crazed Gunman Who  
Kills One, Hurts Six

PETERSBURG, VA. — (AP)— A badly wounded mental institution escapee, shotgun still cradled in his arms, was killed late Tuesday by a fusillade of bullets that ended a seven-hour gun battle in which a state police investigator was killed and six other persons were hurt.

Police shot Herbert Johnson, 37-year-old negro, after storming an unoccupied two-story farm house in which he had taken refuge following his flight from the nearby Central State Hospital.

Johnson had one shell left in his gun and still was on his feet when 10 officers ended the siege by moving in under clouds of tear gas and a withering barrage of covering fire from an armored car circling the building.

The officers, on the lower floor, spotted Johnson upstairs through holes made by fire from their riot guns. Two of them fired. Johnson fell.

Investigator Killed  
Until that time, police had been hard-pressed to stay out of range as Johnson fired at them with his gun he is believed to have found in the residence just after he fled the hospital.

Investigator Wallace M. Simpson, 39, was killed by a shot from the window as he tried to rush the house. Two other officers were wounded slightly as they tried to recover Simpson's body.

Also wounded during the siege, in which Johnson held off some 35 officers, were two patients and two hospital employees.

Johnson, a patient at the hospital about six years but not regarded as a mental case with criminal tendencies, had been under treatment in a ward. He recently was allowed to dig potatoes on the prison farm.

Angered Tuesday when he was given definite working instructions, Johnson fled. Then he holed up in the house.

Big Radar Screen  
Around U. S. Now  
Almost Completed

WASHINGTON—(AP)—The \$295,000,000 radar system for warning of possible aerial attack against the United States is almost completed, Gen. Hoyt Vandenberg said Wednesday.

The Air Force chief of staff told reporters the complex and far-flung detection system should be in full operation soon.

But, he indicated, it will take longer before all the units of new jet interceptor planes needed as a vital second part of the air defense system are ready. The first planes provided for under appropriations made two years ago are only now beginning to be delivered—a "lead time" required for the negotiation of contracts, the hiring of thousands of aircraft workers and the manufacture and installation in factories of the tools needed for mass production of the new planes.

The Air Force, with substantial appropriations by Congress and by diverting funds from other projects of lower priority, has been able to rush the radar net near to completion in a little over two years.

Vandenberg said most of the equipment needed for the remaining radar stations in the network is ready, but that some installation work remains.

Staggering Problem  
The warning and interceptor forces of the United States work in close liaison with those of Canada in the protection of the Northern Hemisphere against a surprise aerial strike by Russian bombers or paratroops across the polar areas or the high latitudes of the Pa-

Dr. Sander Refused  
Permit To Practice  
in County Hospitals

NASHUA, N. H. —(AP)— Dr. Hermann N. Sander, the small town physician whose murder trial last year won world attention, failed Tuesday night to regain the right to treat patients in Hillsborough County non-denominational hospitals.

His application for re-admission to the County Medical Association was denied by a vote of 58 to 48—13 short of the required two-thirds majority of the number voting.

The association dropped from membership the 42-year-old Candia, N. H., general practitioner after he was charged with taking the life of Mrs. Abbie Borroto, 59, of Manchester, a hopelessly ill cancer sufferer.

Membership in the association is necessary to treat patients in the county's hospitals. Dr. Sander was barred for life from the Sacred Heart and the Notre Dame Hospitals, Manchester, both run by Catholic nuns.

His license to practice medicine—taken away when the charge was brought—was restored in June, 1950, three months after a Hillsborough County Superior Court jury acquitted him of the charge he injected air into Mrs. Borroto's veins to hasten her death.

He admitted the injection but said he could not explain why he did it.

Dr. Sander has resumed practice but refers hospital cases to other physicians.
