Conoco Prospector In C-N Garza Is To Drill To 7,800 Feet

Continental Oil Company No. 1 Faulkner estate is to be a 7,800-foot wildcat in Central-North Garza County to try for production in the Pennsylvanian lime.

It is located 11 miles northeast of the town of Post and 680 feet from south and 1,980 feet from east lines of section 42, block 8, H&GN survey. Drilling is to be started at once.

Near Deep Failure
This exploration will be one and one-half miles east of Conoco's No. 1 Welch, a dry hole at total depth of 8,350 feet which was abandoned in August of this year.

That wildcat quit in barren Ellenburger. It drilled through the Pennsylvanian limes and did not log any shows of production in those zones or in any of the other formations which were penetrated.

Conoco No. 1 Welch has 660 feet from south and west lines of section 2, block 4, K. Aycock survey.

Magnolia Gets Oil Flow In W-A Zone At Andrews Stepout

Magnolia Petroleum Company No. 1 Bertha Nolley, one location southwest of the same company's No. 1 Tom Peay, opener of the Nolley-Wolcamp field in Central-North Andrews County has flowed oil from the Wichita-Albany lime.

The No. 1 Peay was completed from the Wolcamp lime at 9,227-9,250 feet and at 9,275-9,300 feet, for a daily potential of 375 barrels of 32.2 gravity oil and no water. Discovery had some pay.

It also showed flowing oil in the Wichita-Albany section. Magnolia No. 1 Bertha Nolley drillemest tested at 8,126-80 feet. The tool was open three hours and 23 minutes. Gas surfaced in six minutes and mud came to the top in 77 minutes.

Oil started flowing in 78 minutes. The oil was flowed to pits for five minutes to clean and it was then turned to tanks.

The section flowed 39 1/4 barrels of clean oil in two hours. There was no formation water. Gas-oil ratio was 376-1. Gravity of the oil was 28.2 degrees. It is now preparing to run a drillemest test with the packer at 4,160 feet.

Location is 1,736 feet from west and 660 feet from north lines of section 7, league 314, Gaines County School Land survey. It is three-quarters of a mile west of Florey.

It will continue drilling until it finds and tests the Wolcamp. On the top of the Wichita-Albany porosity it was 43 feet high to the same marker in No. 1 Peay.

NE Reagan Wildcat To Cement Pipe In Spraberry Section

Morgan Drilling Company and R. S. Brennan, Jr., No. 1 J. D. Sugg estate, wildcat in Northeast Reagan County, topped an oil carrying sand in the top of the Spraberry at 5,925 feet.

Drilled to a total depth of 6,053 feet, shows of oil continued in stream all the way to the bottom. Operator was to cement seven - inch casing at 5,890 feet, then move in cable tools to drill plug and drill deeper and test.

Samples Looked Good
The sand pay so far drilled has not been drillemest tested, but the samples have looked good.

No. 1 Sugg is two miles north of Stanolind Oil & Gas Company No. 1 Wade, a small Spraberry pumping discovery and five miles east and slightly north of Lloyd H. Smith, Inc., and James H. Snowden and associates No. 1 O. L. Greer, another Spraberry strike.

It is 660 feet from north and east lines of section 211, block 2, T&P survey.

Shell Is Trying To Make Oil Pumper At Gaines Wildcat

Shell Oil Company has taken over the former J. C. Williamson No. 1 Cortright, Gaines County San Andres wildcat which logged slight shows of oil and gas in drilling to a total depth of 5,166 feet, and is testing the project with the idea of possibly completing it as a small pumper.

Outside Of Production
It is located 1,800 feet from north and 660 feet from east lines of section 300, block G, OCS&RONG survey. That makes it three-quarters of a mile northwest of the West Seminole field.

Shell has plugged the exploration back to 5,100 feet in the San Andres and has been testing it. On the last test reported it swab-

'Ball Of Fire' Streaks Over Three States

A meteor described as being "as bright as the sun" flashed across the West Texas skies shortly after dawn Wednesday.

The "flaming ball of fire" was seen in three states. An airline pilot flying over Oklahoma City reported by radio to Dallas that he had seen the meteor. It was seen at Gage, Okla., and Tucumcari, N. M., and at such scattered points in Texas as Wichita Falls, Gainesville, Plainview, Lubbock, Pampa, Amarillo and as far south as Waco.

At Waco, where four persons reported seeing the flash, Dr. Walter J. Williams, astronomer at Baylor University, said the meteor apparently was one of the Leonides. The Leonides, he explained, are an annual shower of meteors which usually fall on the earth about November 19 and Wednesday's visit-

OKLAHOMA CITY—(P)—A meteorite which sounded like "someone running across the porch" started Oklahoma residents Wednesday morning before it apparently disintegrated.

Atomic conscious citizens at first feared an A-bomb explosion and flooded the Oklahoma Highway Patrol, telephone switchboards and newspapers with calls.

The Wednesday morning meteorite was seen by numerous residents and travelers in this area. One man reported that it appeared to disintegrate near Stanton.

'Ball Of Fire'
Ira Livingston, who lives about three miles southwest of Midland, said he saw "a ball of fire falling at about a 45-degree angle from northwest to southeast at 7:10 a.m. It didn't strike and apparently burned out in the air. It was visible perhaps 20 or 30 seconds."

James R. Rapier, 206 East 31st Street, Odessa, described it as "a ball of fire with a string of fire behind it, headed southeast. It apparently disintegrated overhead."

Mrs. L. T. Sledge, 501 North Baird Street, was eating breakfast when she looked out the window and saw the object. "I thought it was an airplane at first. It was a ball of fire with a long stream of fire behind it. The object seemed to be

Barstow Airman Killed When Jet Crashes On Carrier

WASHINGTON—(P)—Four Navy men were killed and 10 injured Sunday when a jet fighter crashed into parked planes on the carrier Antietam off Korea.

The Navy, announcing the mishap Wednesday, gave this account: The fighter, an F-9F Panther jet, failed to pick up the arresting gear and crashed through safety barriers into other planes on the flight deck. Two other jet fighters were damaged badly and four received lesser damages.

The pilot of the plane attempting the landing, Lt. George S. Brainerd, of West Orange, N. J., was killed. The other dead: Airman Edward Laverne Clark, Juneau, Alaska; Airman Eugene A. Pfeifer, Osseo, Minn.; and Airman Thomas R. Russell, son of Henry G. Russell, Barstow, Texas.

30-Ounce Infant Reported Thriving
A tiny girl, who weighed only 30 ounces at birth 10 days ago, was reported in good condition Wednesday at Midland Memorial Hospital.

The infant was identified as the daughter of Mr. and Mrs. E. D. Wilson, 606 East Indiana Street, and was born shortly after midnight, October 28.

Two months premature, the infant has been in an airlock at the hospital and has steadily gained weight, a hospital spokesman said.

Absentee Voting To End This Week
Absentee voting for two elections scheduled in Midland County next week will be wound up Saturday.

County Clerk Rosabelle Cherry said Wednesday that absentee ballots in Tuesday's constitutional amendment election must be in by Friday and those for next Thursday's \$500,000 county road bond election face a Saturday deadline.

Mrs. Cherry said only five absentee ballots, all of them in Tuesday's election, have been received so far.

Midland Community Chest Drive Climbs Over \$30,000 Hump

Midland's Community Chest drive climbed over the \$30,000 hump Wednesday but still was \$25,000 short of the goal.

John E. Reid, campaign coordinator, said contributions had raised the total to \$30,203. He also reported eight more Midland business firms had joined the 100 Per Cent Club by reporting contributions from all members of their staffs.

They are Harrower Motor Company, S&Q Clothiers, F. W. Woolworth Company, The Bootery, Kruger Jewelry, The United, Inc., Dunlap's and Grammer-Murphy.

Many contributions were being mailed to the Community Chest.

At a meeting of Red Feather chairman Tuesday, leaders urged volunteer workers to contact all persons listed as potential contributors and to complete their assignments quickly. The campaign has been lagging, leaders said, and needs to be revitalized if the seven Community Chest organizations are to function properly in the coming year.

Duff Investigates Texans' Feelings About Eisenhower

HOUSTON—(P)—Senator James Duff (R-Pa) Wednesday started learning how Texans feel about Gen. Dwight D. Eisenhower as a presidential candidate.

He indicated Tuesday he thinks Texans feel right kindly about the general.

In a cocky, confident mood, the bluff Pennsylvania GOP leader bluntly announced he was "for Eisenhower for everything in the book."

He ducked the big question: Will Eisenhower run? But he talked like a man who was backing a winning horse and was sure the horse would run.

Duff Wednesday night will meet with GOP leaders in San Antonio. Thursday, he'll fly to Fredericksburg in the Hill Country of Texas, go to Midland in West Texas Friday and Saturday will fly to McAllen in the Rio Grande Valley.

He said it wouldn't be quite right to say he was drumming up interest for Eisenhower on his Texas tour.

L. E. Floyd Named Temporary President Of Stock Association
L. E. Floyd, Midland rancher, was elected temporary president of the recently organized Midland County Livestock Association at a meeting of the sponsoring group, the 4-H and FFA Committee of the Chamber of Commerce, Tuesday afternoon.

Other temporary officers, all of whom will serve until permanent officers are named by the association membership are: A. G. Bohannon, vice president; Burvin Hines, secretary; and R. H. (Bob) Coffey, treasurer. Directors, in addition to the officers, are John Dublin, Jr., Charles Green, R. L. Miller, L. T. Sledge and J. R. Cuffman.

A membership campaign is planned at a later date. Membership fees have been set at \$5 for an individual and \$25 for a business firm.

The new association was formed to sponsor the staging of livestock shows and other events for the 4-H and FFA club youths of the county.

1946 Convertible Outruns Midland's New Patrol Cars

Police blushing admitted Wednesday they might have to trade their shiny new patrol cars in on battered 1946 convertibles.

It was a 1946 convertible which Tuesday night collided into an automobile driven by O. L. Snodgrass, 1288 East Golf Course Road, and then fled.

The car was spotted by officers in a 1941 patrol car stationed at Midland Air Terminal and the chase began.

The old jalopy soon was lost en route to Midland.

A short time later a new 1952 model patrol car, delivered only two weeks ago, started out after the 1946 model car. Again the new model came in a poor second.

The old convertible, reported stolen previously, was found abandoned a short time later on Wall Street.

U. S. Casualties Mount To 97,514
WASHINGTON—(P)—Announced U. S. battle casualties in Korea reached 97,514 Wednesday, an increase of 1,922 since last week. The Defense Department's weekly summary, based on notifications to families through last Friday, reported 298 killed in action, 1,579 wounded and 45 missing.

The new casualties for the week, by services, were broken down as follows: Army, 1,786; Marine Corps, 111; Air Force, 15, and Navy 10.

Old Scheme In New Form, Declares UN

MUNSAN, KOREA—(P)—Red truce negotiators Wednesday submitted a new buffer zone counterproposal strikingly similar to the Allied plan—but with crucial differences.

United Nations representatives turned it down. But they said they might talk about it in Thursday's sessions at Panmunjon.

Under the Red plan, a buffer zone would be created now along the existing front.

If subsequent fighting changed the front lines materially, either side could propose a change in the military demarcation line for the zone. But there was no guarantee the other must agree to the change.

"No adjustments could be made in the demarcation line as the Communists obviously would not agree," said Maj. Gen. Henry I. Hodes, head of the UN subcommittee.

"It would be a de facto cease-fire. It's the same thing they have brought up for three days."

However, Brig. Gen. William P. Nuckols, UN spokesman, said the Allies had made no "final judgment" on the Red plan.

Nuckols said the UN felt the Communist proposal had "many ambiguities and many contradictions." **Fundamental Discrepancies**

He said the Red and Allied plans had "superficial similarities and fundamental discrepancies."

Both would accept the actual battle line as the basis for a demarcation line and demilitarized zone. However, the Allies would provide for "appropriate adjustments" while the Reds would permit either side to veto an adjustment.

Both proposed a buffer zone (two and one-half miles wide).

Both provide a committee of staff officers from each side to mark the line of contact in detail.

Both would recommend the full armistice delegations go on to other items on the agenda—polishing a cease-fire, exchange of prisoners, and recommendations for governments.

The Reds want the present subcommittee to decide now "in general" where a buffer zone should be. The Allies want to wait until just before an armistice is signed.

An official UN communique said first study of the formal proposal "indicates little if any departure" from the Red stand of the preceding day.

Allies Recapture One Of Three Hills From Chinese Reds

EIGHTH ARMY, KOREA—(P)—Allied troops, attacking through the mud, Wednesday recaptured one of three hills lost to Chinese assaults since Sunday.

The Reds did not put up much of a fight to keep the peak northwest of Yonchon. Two battalions of Chinese had overrun it Tuesday.

The Reds drove United Nations infantrymen out of advanced positions northwest of Korangpo, near the 38th parallel on the Western front. The Allies promptly counter-attacked and ran the Reds back to their own lines.

Elsewhere along the western sector, rain dampened the savage infantry fighting of the last three days. Artillery duels thundered along the sector as the UN tried to soften up Chinese still holding two peaks they seized Sunday.

Red gunners knocked out five Allied tanks on the east-central front.

Storms deprived attacking Allied troops in the west of all-out air support Tuesday.

A dispatch from the front said improved weather might signal another all-out drive to push the Reds off the hills.

UN command artillery has been pounding Communist positions continuously.

Communist jet pilots challenged Allied jets in North Korea Wednesday for the first time in three days. They fought three brief engagements. The Fifth Air Force said nobody was hurt.

Downtown Big Spring Business House Burns
BIG SPRING—(P)—The building housing the G. F. Wacker Store in the heart of the Big Spring business district went up in flames early Wednesday.

The building and contents were almost destroyed.

Under the approved program, the city will employ a fly control supervisor, who will have charge of the entire program.

He also will serve as coordinator.

(Continued On Page 10)

The campaign will have two objectives:

1. The elimination of all unsanitary sewer facilities.

2. The use of clean and covered garbage cans by all Midland residents.

The City Council began laying plans Tuesday afternoon for a war on flies.

Although no formal action was taken, the council agreed to a program outlined by a sanitary engineer for the State Department of Health—a program designed to make the city free of flies by next summer.

The plan for the battle was outlined by F. J. Von Zuben, the state department official who appeared before the council along with Dr. F. E. Sadler, director of the City-County Health Unit.

"If we can stop the breeding of flies in the city," said Dr. Sadler, "we automatically do away with two-thirds or three-fourths of the city's unsanitary conditions."

He said the situation now is not out of control "but has some aspects under which it could get out of control."

Under the approved program, the city will employ a fly control supervisor, who will have charge of the entire program.

He also will serve as coordinator.

Challenge To Russia Expected In Truman Address Wednesday
WASHINGTON—(P)—Diplomats look for President Truman to challenge Russia Wednesday night to join the United States, Britain and France in a series of specific international actions to ease East-West tensions and give the world real hope for peace.

But he probably will remain cool toward the idea of a personal meeting with Premier Stalin of Russia.

The President will address the nation by radio and television at 9:30 p.m. (CST), from his White House office.

In what has been described officially as a major foreign policy speech, he is reported planning to talk about a new peace plan worked out by the Big Three Western foreign ministers and due for imminent unveiling.

Responsible informants here and in Paris, where the United Nations General Assembly is meeting, describe the plan as calling for (1) disarmament based on a global atomic and continuing inspection of atomic and other weapons, (2) an end to the fighting in Korea, (3) steps to create a unified and independent Germany, and (4) other measures to resolve issues long in dispute between Moscow and the West.

1952 MODEL DODGE ON DISPLAY—The 1952 Dodge cars, which will go on display here Saturday, have improvements and refinements inside and out, including new upholstery fabrics, new wheel covers and hub caps, a new tail light assembly and modified front grille. The 1952 Dodge Coronet sedan is pictured.

New 1952 Model Dodges Go On Display Here Saturday

New 1952 Dodge cars will be displayed in the showrooms of the Mackey Motor Company here Saturday, company officials announced Wednesday.

The new models have styling refinements inside and out and, as an optional feature, Dodge Tint Safety Glass windows and windshields.

Exterior changes include modifications in the design of the front grille, new wheel covers and hub caps, a new tail light assembly and modified rear fender trim.

Interiors of the new models are lighter and brighter. Dodge is using new textured weave upholstery fabrics with distinctively modern designs. The fabrics in Coronet models

are made of combinations of rayon and cotton for greater durability and convenience. They are cooler in warm weather, easier to keep clean and smoother so that passengers find it easier to get in and out of the car.

It was announced that all models in the 1952 line will be available with Gyro-Matic transmission. All models will have waterproofed ignition systems, electric windshield wipers and Oriflow shock absorbers.

Company officials said Dodge will use available steel and other materials, under government defense limitations, to build the body types which are in greatest demand and is discontinuing two models, the Wayfarer Sportabout and the Coronet eight-passenger sedan.

The eight models which make up the 1952 Dodge line are the Coronet four-door sedan, Diplomat, Sierra, convertible coupe and club coupe, the Meadowbrook four-door sedan and the Wayfarer two-door sedan and business coupe.

To the owners of 1952 Dodge cars, dealers will continue to provide a new, more liberal service policy which was adopted recently. It enables owners traveling away from home in new cars to obtain free 1,000-mile and 3,000-mile inspections from any Dodge dealer. Previously, the owner was entitled to the free inspections only from the selling dealer.

Screen Star Jane Russell Flies Home With Irish Baby

LONDON—(AP)—Movie actress Jane Russell went home Wednesday with a fair-haired, blue-eyed, 15-month-old Irish boy who was handed to her at the airport by his sobbing mother.

Miss Russell, who has been touring Europe in search of another baby to adopt, took the child from the mother's arms before she departed Tuesday night. The child began to wail and reached back towards his mother, and then Miss Russell, too, broke into tears.

"I don't think I can do it—I don't think I can do it," cried the actress. But she was helped aboard with the child, who was identified on the passenger list as Thomas Kavanagh. The mother would not identify herself, her tell newsmen why she was letting the boy leave.

Miss Russell insisted this was not officially an adoption, since there are immigration difficulties barring such an action just now. She said the baby is going to her California home as her guest.

The actress and her football star husband, Bob Waterfield, already have adopted a baby girl.

Reeves Cotton Crop Hit By Icy Blasts

PECOS—Growth of Reeves County cotton was brought to a sudden halt Friday night when the season's first icy blasts pulled the mercury down to freezing temperatures from 20 to 25 degrees.

Crops of many farmers were heavily damaged, while other growers reported the freeze was a beneficial defoliation, depending upon the stage of their cotton.

17 Persons Killed In Crack Train Crash

BELGRADE, YUGOSLAVIA—(AP)—Seventeen persons were killed Tuesday night when the famed Simplon Orient Express, traveling from Istanbul and Athens to Paris, crashed into the rear of a local passenger train between here and Zagreb, the Croatian capital. Thirty-two others were injured.

An official announcement said a signalman was responsible for the wreck, which occurred at the rail junction town of Vinkovic.

Uncle Fud Reaches For Jug At Sight Of New 'Hillbilly'

By **ERSKINE JOHNSON**
NEA Staff Correspondent
HOLLYWOOD—Exclusively Yours: Margaret Sheridan, the sweeter girl of RKO's "The Thing," and hubby William Patterson, an air transport pilot, have parachuted out of their five-year marriage.

Margaret quietly sued for divorce in Los Angeles, recently, avoiding the headlines by using her married name. They have a four-year-old daughter.

Uncle Fud will be reaching for a jug when he sees Park Avenue Hillbilly Dorothy Shay of the slinkly gowns on Jack Benny's TV show.

For the first time in her career, Dorothy whispered it to me after her sell-out Coconut Grove opening, she's dressing up like a mountain gal with blacked-out teeth, fright wig and red flannels. She'll do a repeat of a new song, "A Little Western Town Called Beverly Hills," which is busting the applause meter at the Grove.

Jane Wyman is recording her first solo song for Decca. Phil Moore wrote the tune, a sexy blues number.

Insiders think the Gary Coopers are heading for a reconciliation. Maybe by Christmas . . . Richard Carlson will ride the range with Bob Mitchum in RKO's "Cowpoke." Lunch, but no dates.

Now that the separation of Fernando Lamas and his wife has been announced, the movietown lensers have their cameras primed to catch the first official dating of the Latin swain and Lana Turner. They're lurching together every day in Lana's dressing room at MGM.

Esther Williams saves Joan Evans from drowning for a scene in "Sisters Ahoy." Ironic because it was Esther who taught Joan, daughter of her best friend, Katherine Albert, to swim at the age of nine.

Citizens Will Decide

The question of whether Midland again is to have a public transportation system within the near future now rests with the City of Midland electorate.

The question for months was in the hands of the City Council, but the matter of a 20-year franchise, as requested by the prospective bus line operators, necessitated the calling of a special election.

The special election will be held Saturday in the City-County Auditorium. All qualified voters of the city may cast ballots.

Actually, the only thing involved in the election is to determine whether a 20-year franchise will be granted to the Midland Transportation Company, which proposes to operate a bus system in Midland.

It is one city election which does not involve office holders or money. It is the democratic way to decide a matter in which all citizens should be interested. It is democracy in action. The people must decide the question involved.

One thing is sure—Midland is in dire need of a public transportation system. The city has been without a bus system more than a year now, and the need for such service has increased month by month.

The Midland Transportation Company proposes to operate a first-class bus system here, using the best of equipment and operating on a dependable and convenient schedule.

The starting of such a bus system necessarily would involve a sizeable expenditure on the part of the operators, and it easily is understandable why the prospective operators would request at least a 20-year franchise in order to get back their original investment and to earn a deserved profit on the operation.

We can see no reason why the 20-year franchise should not be granted.

It is hoped the voters will see fit to approve the granting of the 20-year franchise, and that the prospective operators will proceed immediately with plans to put the needed bus system into operation as promptly as possible.

At any rate, all citizens qualified to vote should do their duty by casting ballots in Saturday's election.

Midland needs bus service NOW.

The Invisible Candidate

The Washington Merry-Go-Round

Copyright, 1951, by The Bell Syndicate, Inc. Drew Pearson says: Eisenhower boosters disagree on handling of general's candidacy; Foot-Soldier Bradley goes all-out for air; Iron Curtain escapes worry Truman.

WASHINGTON—Two of Eisenhower's staunchest Republican boosters have just had a significant heart-to-heart talk.

Both are Pennsylvanians, but neither has been mutually cooperative in the promotion of Ike for President. The other day, however, Congressman Hugh Scott, Jr., of Philadelphia, who devotes all his spare time to beating the bushes for Eisenhower, walked across the capitol plaza to see Senator Jim Duff, ex-governor of Pennsylvania, and nominal leader of the Eisenhower forces.

"I think we are hurting our own cause pushing the general and demanding he tell us he is a Republican and a candidate," Scott laid his cards on the table. "I am sure in my own mind he is. But we've got to prove to him that the Republican Party is the best party for him, and that there is a genuine demand for him in the party."

Senator Duff, who has seen a lot of the inner workings of the Republican Party, did not entirely agree. He maintained that if the general waited too long, Senator Taft would step up the delegates.

"But the Taft people have way overestimated their strength. I'd say by 250 delegates," Scott argued. "I've been to most of the regional Republican gatherings, and Taft just does not have the grass-roots strength Eisenhower does."

The congressman then told of Ike's answer to his impassioned plea in Paris that Eisenhower is needed to inspire the American people and the world. The general obviously was impressed with Scott's spirit and said, "if you believe in something hard enough, go out and fight for it. That's the only way to get results."

The Philadelphia congressman said he interpreted this to mean that Eisenhower was giving the O.K. for a campaign on his behalf. Then, if there was a real response from the Republican Party, he would cooperate.

A congressional group led by Congressman Francis Walter of Pennsylvania and Frank Chelf of Kentucky, was given a lively pep talk by President Truman before taking off for Europe this week to study refugee conditions and overpopulation in Western European countries.

"If we work out a solution to this problem it will be as important a step as we can take against communism," Truman told his congressional callers.

The problem of repatriating vast numbers of escapees from behind the Iron Curtain to homes and jobs in free countries is vital, the President said. For, if left to their own resources without homes, jobs, or food, some of them re-embrace communism.

Q—Are pure stands of birch trees common? A—Birch is usually found mixed with spruce and white pine. There are no real birch forests but sometimes pure stands of birch will occupy several acres.

Q—When did American troops actually get into action in World War I? A—On October 23, 1917, the first American artillery shot was fired in World War I, honors going to Battery C, 6th Field Artillery, in the Lunelville sector.

Q—Who said "God reigns and the Government at Washington lives"? A—James Garfield used the expression in a speech in 1865 on the occasion of Lincoln's assassination.

Q—What does the Constitution say about education? A—Nothing. The matter is left to the individual states.

Q—When was telephotography first used on a practical scale? A—The first notable use of telephotography, or transmission of photographs by wire, was in 1824, when pictures from the Republican National Convention which nominated Coolidge were transmitted to New York from Cleveland.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

Two red nines were the key cards in today's hand. When the hand was played in a recent team match, both declarers lost the slam by stubbing their toes over the red nines.

In both rooms, West opened the king of spades and continued with the ace. In the first room South ruffed with the seven of hearts—a mistake. He lost the king of hearts, discovering that West had all four of the missing trumps.

South had to continue with the queen and ten of hearts. West covered the ten of hearts with the

North-South vul. South: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. West: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. East: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. South: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12. jack, forcing dummy to win the third round of trumps with the ace. Dummy's last trump was the eight, and South's was the nine. Declarer therefore could not draw the last trump without returning to his own hand.

The only chance was to take the diamond finesse before drawing the last trump. West ruffed the first diamond and got out safely with a club. Now South was stuck in his own hand and eventually had to give up a diamond trick. Down one.

In the second room, South made a better start by ruffing the second spade with the nine of hearts. He next led the king of hearts, followed by the queen and ten. It didn't matter whether or not West covered with the jack of hearts. Dummy's fourth trump was the eight, while South's was the seven. Hence dummy could win the fourth round of trumps.

With all the trumps drawn and the lead in the dummy, declarer now had to bring in four diamond tricks by a repeated finesse. This declarer made his mistake by leading the queen of diamonds to begin that suit.

East played low, and South was a dead duck. If he dropped the low diamond, he would have to win the second round of the suit in his own hand with the ten or jack; and then there would be no way to get back to dummy for another finesse. If he dropped the ten of diamonds under dummy's queen, East would cover the nine of diamonds with the king; and then East would have a sure diamond trick.

The right diamond play was to lead the nine first. East would have to play low, and the nine would hold. Dummy would then lead the queen, repeating the finesse. Finally, dummy could lead a low diamond to take the finesse for the third time.

Kitten in the Woods

By Kathleen Briggs

THE STORY: Elizabeth Brown, a nurse caring for aged Mrs. Lucina Steinhart at Black Fir, is teased by soubrette surroundings of the place. And some unexpected warms her that the impending visit of Courtney Benson, a handsome man, and Aaron Riggs, trustee of the estate, may make things even more mysterious and strained.

Elizabeth descended Black Fir's wide, impressive stairway. Mrs. Steinhart's last words echoed forlornly in her ears. "My three grandchildren are not quite what I expected. I had hoped they would be different. This vast old mansion has been a lonely place for Ollie and myself."

Ollie had a small wood fire going in the cavernous fireplace. Lucia's fame evening gown, too elaborate for the occasion, almost merged with the flames behind her. When she saw Elizabeth her creme de menthe paled on its way to her lips.

"Well Miss Brownell, nursing does have its social side, doesn't it?" Elizabeth's cheeks burned; she was grateful for the dim lighting. "Your grandmother insisted that I come down. Mrs. Murphy is sitting with her."

"How thrilling for Mrs. Murphy!" Lucia sipped the last of her liqueur and eyed Elizabeth narrowly over the rim of the glass. "Oh well, it's natural for you to be curious about our guests after that highly enlightening description of 'Lucia!'"

Ollie looked more shocked than embarrassed. But his niece ignored him and smiled mockingly up at the man beside her. "Unk said you were a regular glamour boy, Mr. Benson, and I believe he was right."

Elizabeth looked at Courtney Benson and saw a tall man in his late forties with crisply curling chestnut hair grey at the temples and genial blue eyes.

WASHINGTON COLUMN

Berlin Has No War Scare Despite Russian Menace

By PETER EDSON NEA Washington Correspondent

BERLIN—When Americans in Berlin read pieces in the newspaper about people back home building bomb shelters, they wonder what the scare is all about. Nobody is building any bomb shelters here. There is no atomic bomb scare here, and these people are living right under the Russian guns.

There are some 2,000 American civilians here, in addition to the troops. Mostly they are the wives and children of American officials. There are a hundred or so State Department people and civilian advisers to the U. S. commander, Maj. Gen. Lemuel Mathewson, American Express, TWA and Pan-American Airline officials and transients make up the rest. And they all seem to love it. Wouldn't live anyplace else for anything.

Western Berlin society is reviving. Ever since the airlift, and the Marshall Plan, Americans rate high with all Berliners. The wives of the American officers have their club, and they do relief work among the refugees who stream across the border from the East Russian zone. The children are in school. There is plenty to eat and plenty to buy. Life goes on.

"We don't need anyone's sympathy," says Mathewson, the big blond paratrooper who has been in command here since January. "But we would like to have the people at home a little better informed on Berlin."

Russian Improvements A new auditorium, sports center, and a row of apartment houses still under construction, for party functionaries and picked workers, about completes Soviet-zone improvements. The place is dead.

In the Western zones, however, business is booming, despite the terrible refugee problem—there were 6,000 arrivals last month, 200 a day—and an unemployment of 25 per cent of the estimated million workers.

Industrial production in the Western zones is only 45 per cent of the 1936 level. But this is a three-fold improvement over the 14 per cent of the blockade and airlift days.

What Berliners hope for is that they can get this production up to the 1936 level within the next four years.

There is no particular incentive for this revival. Berlin businessmen have to pay 10 per cent for short-term money. But there is a determination on the part of the Berliners, in spite of all Soviet threats, to make Berlin again the capital of Germany. Morale here is high.

There is no question but that the Soviet could push the Western powers out of Berlin if they wanted to. Tempelhof airfield in the American zone and all of Western Berlin, for that matter, is in easy artillery range of Russian guns. They could pulverize any target they chose.

Have a Laugh

By BOYCE HOUSE

Moses and Isadore were on a vacation in the country. Moses said, "I wish I had a stack of gold as big as that mountain." Isadore asked, "Would you gift me half?" Moses replied, "No; wish yourself a mountain."

A man said to another on a train, "Haven't I seen you somewhere?" The other said, "Maybe so; I've been somewhere."

FRATERNAL LEADER DIES

EL PASO—(AP)—Alden C. Snyder, 59, fraternal leader in the Southwest, died Tuesday night.

Riggs, like a man mollifying a child, said, "I'm sorry, Ollie. I'd forgotten you have one of New England's most extensive collections."

Ollie drew himself up huffily. "Since you seem quite able to entertain yourselves, there's no necessity for me to play host. You will excuse me."

Only Courtney Benson looked disturbed as Ollie left. "We've offended him."

"Unk just wanted an excuse to escape," Lucia observed caustically. "He always goes bug hunting this time of night. The twilight brings out the pests." She glanced toward the front door as her eyes became speculative. "Maybe he's got something. It's stuffy in here. Can I show you around the Steinhart estate, Courtney?"

SHE put her arm possessively through his. He could not politely refuse. Lucia's smile of malicious feline triumph was directed at Elizabeth.

"I'm sure you can manage three men, Miss Brownell. That's part of a nurse's training, isn't it? Learning to humor the patient?"

Lucia went upstairs for a wrap and Alistair winked at Elizabeth. "Don't mind Sis, Brownie. You should be complimented. When Lucia goes out of her way to be nasty it means she regards you as a worthy opponent."

Elizabeth smiled. "It would be simpler if I knew what we were supposed to be competing for."

What a bickering family, she thought. All their words were barbed. Now, like a small whirlpool that courts all bits of flotsam drifting within its perimeter, they were sucking her into the vortex of their quarrels.

Aaron Riggs' precise voice cut across her thoughts. "Just four of us left—enough for bridge, Miss Brownell."

"An hour or so is my limit. Mrs. Steinhart was very kind to release me this long."

As she took her place at the card table she caught a swift blurred glimpse of Lucia's fame evening gown beside Courtney Benson's white serge dinner jacket disappearing through the fire.

DADDY RINGTAIL

Daddy Ringtail And The Mumps

Mugwump Monkey, the monkey boy, lay sick in bed in the monkey house, high in the top of the very tall tree, there in the middle of the Great Forest.

"Mother Ringtail," said Mugwump, "isn't Doctor Shoobug coming to see me?"

Mother Ringtail smiled and said

"yes and yes indeed." Doctor Shoobug would come to see that boy, all right, just as soon as the good doctor had finished with seeing the

folks who were sicker than Mugwump was.

"Am I very sick?" asked Mugwump.

"Oh, no," said Mother Ringtail. "You're not very sick, I am sure."

"Suppose I have the mumps or something?" asked Mugwump.

Mother Ringtail said yes, she thought that Mugwump was sick with mumps of the kind that make his face look fat until next Friday

when the mumps are gone. "I wish Doctor Shoobug would come," said Mugwump, and then he listened. He listened again. Yes! Mugwump heard it now sure enough. He heard the happy noise of Doctor Shoobug running fast like the wind. Closer and closer came the noise, and then it skidded to a stop down below on the ground.

"You hoo! Happy day, Doctor Shoobug! I am sick in bed with the mumps!" Mugwump shouted.

Mother Ringtail opened the door, and Doctor Shoobug hurried in: "Are you really sick?" asked Doctor Shoobug. "Or are you just having a lazy day in bed?"

"I have the mumps, I think," said Mugwump, and he opened his mouth and stuck out his tongue for Doctor Shoobug to see. "Ummmmmm," said Doctor Shoobug. "Ummmmmmmmmmmmmm!"

"Oh, he has the mumps, all right," said Doctor Shoobug, and he said that the mumps were so well started that Mugwump should go on and have them and get them over with, and Mugwump said he would. "Everything's going to be all right, uh yes," Doctor Shoobug said.

And so Doctor Shoobug hurried away to see about other sick folks, but there at the monkey house the folks were happy as happy could be. Everything would be all right. Doctor Shoobug had said it would. Oh my yes, and happy day!

Permian Basin Oil And Gas Log—SE Crane Project Swabbing Devonian

(Continued From Page One)
 bed 90 barrels of fluid in 11 hours. During the last three hours of that 11-hour period recovery averaged three barrels of fluid per hour.

Some New Oil
 There was a shakeout of five per cent basic sediment and 10 per cent water. The other 85 per cent of the fluid was new oil.

At the end of the 11 hours of swabbing the fluid was standing 4,900 feet below the surface. Tubing pressure was 50 pounds. Casing pressure was 275 pounds.

The project is temporarily shut. Operator will shortly do more testing and try to complete the wildcat as some sort of a small pump.

Phillips Purchases Half Of Plymouth's Benedum Gas Plant

Plymouth Oil Company has sold an undivided half interest in its gas processing plant in the Benedum field of Central-East Upton County to Phillips Petroleum Company.

W. S. Hallinan, president of Plymouth, said the plant has a capacity of 100 million cubic feet daily. It processes gas from Plymouth's deep wells in the Benedum field and also those in the Spraberry Trend.

Phillips has a large area of Spraberry production near the plant and is expected to use the facilities to process gas.

Phillips has agreed to purchase the liquid gas products manufactured by Plymouth and to construct a pipe line to the Benedum plant.

Conoco Gets New Reef Lime Pay In Stonewall Tester

Continental Oil Company and DeSoto Oil Company has completed No. 1-A Flossie Scroggins as a new pay opener in the Scroggins Lake-Canyon Sand pool in Stonewall County, one and one-half miles south of Scroggins.

No. 1-A Scroggins was completed from the Canyon reef lime when it flowed 440 barrels of 42-gravity oil in five and one-quarter hours through a one-inch choke. That is a calculated daily potential of 2,015 barrels.

Perforated Section
 Production was from perforations opposite the reef lime at 4,910-4,918 feet. Gas-oil ratio was 933-1.

The project also indicated production from the Canyon sand at 4,857 to 4,878 feet.

Location is in section 124, block D, H&TC survey.

Pump Is Installed At Upton Wildcat

Golston Oil Corporation has installed pumping equipment at a No. 1 B. Sherrard, indicated Spraberry strike in Central-East Upton County, and will start production tests immediately.

Operator expects to have a potential gauge later this week.

Hole is bottomed at 7,132 feet and seven-inch casing is cemented as 6,829 feet. That open hole section was treated with Hydrafrac.

The prospector had swabbed at the rate of seven barrels of fluid per hour, 80 per cent oil and the rest water.

Location is 660 feet from north and west lines of section 19, block C, L&W survey.

NE Yoakum Field Gets Second Well

York & Harper, Inc., of Midland has completed its No. 2 J. E. Wright as the second producer in the Prentiss-Glorieta field of Northeast Yoakum County.

The well pumped 24 hours to make a potential of 322 barrels of oil plus 11 per cent basic sediment and water.

Production is coming from open hole between 5,920 feet and 6,012 feet which was acidized with 6,000 gallons.

Location of the new well is 1,980 feet from north and east lines of section 13, block D, John H. Gibson survey and 16 miles northeast of Plains.

That makes it a one-location well offset to the same concern's No. 1 Wright, discovery of the Prentiss-Glorieta, pool.

C-N Crockett Test Plugged, Abandoned

Lion Oil Company has plugged and abandoned its No. 2 Mrs. Maggie B. Neal, wildcat in Central-North Crockett County, at total depth of 5,143 feet in Spraberry.

No shows of commercial production were found in any section drilled through.

Location was 660 feet from south and west lines of section 66, block BB, TCRR survey and 16 miles southwest of Big Lake. That made it three and one-half miles east of production in the shallow World field.

Pure Stakes New Wildcat In Sutton

The Pure Oil Company has staked location for a 5,500-foot wildcat in Southeast Sutton County as its No. 1 Nannie B. Davis.

Location is 660 feet from south and west lines of section 41, block 14, TW&NG survey and 17 miles southeast of Sonora.

It will be nearly one mile north and east of one of three old core holes which Shell Oil Company is re-completing as gas wells from the Strawn between 4,300 and 4,300 feet. Those gas wells are on the Miers land.

Two Prospectors Spotted In Runnels

Two new wildcats have been spotted for immediate drilling in Runnels County.

W. A. Moncrief of Fort Worth and others are scheduled to drill a 3,450-foot venture in the Southeast part of the county as No. 1 Woodrow Wilson.

Location is seven miles southeast of Ballinger. Location will be starting at northeast corner of R. M. Williamson survey No. 231, thence south down the line 18,600 feet, then due west 11,850 feet to location.

In Northeast Runnels County, Murray Petroleum Company and Jay Simmons of Dallas have staked location for their No. 1 R. T. and R. L. Williams.

Drill site is 990 feet from north and 1,283 feet from west lines of the W. C. Hartin survey No. 41. That makes it eight miles north of Cross.

Projected depth is 4,800 feet. Rotary tools will be used to drill the venture.

UNDERGOES SURGERY

Mrs. Pauline Meadows of Odessa was admitted to Midland Memorial Hospital Tuesday for surgery.

Two Negroes Held As Suspects In Midland Robbery

Two negroes were being held Wednesday in connection with the robbery of two Midland men Sunday night.

Police said the two men reported they were robbed at gunpoint as they drove into the southwest section of the city, looking for a place to purchase some whisky.

They said one of the negroes offered to take them to a place where they could purchase some liquor but when they reached the point, they were robbed of \$4 in cash.

One of the men said he managed to hide \$500 in his boot before he was searched for his money.

Moore Entertains JayCeas, Wives

John I. Moore, Midland sportsman and hunter, entertained members of the Junior Chamber of Commerce and their wives at a dinner Tuesday night.

The dinner was held at Ranchland Hill Country Club and approximately 70 couples attended.

Moore screened films of his hunting trips to Africa.

A short business session was held, with Frank P. Hawk presiding.

Two Speakers Removed From TSTA Program

AUSTIN —(AP)—Cancellation of speaking engagements of two New York educators was announced Tuesday by the president of the Texas State Teachers Association, Mortimer Brown of El Paso.

Brown said he had dropped the names of Dr. Ethel Alpenfels of New York University and Dr. Eduard C. Lindeman of Columbia University as speakers for the TSTA's state convention at Houston November 22-23.

"Due to circumstances that have arisen, a readjustment of the program has been made," Brown said in a statement issued without further explanation from the association's state headquarters.

Charles Tennyson, TSTA executive secretary, released Brown's statement following a telephone conversation with the association president in El Paso.

Tennyson would not say whether the protest of Houston salesman William H. Dalton and Dalton's American Legion Post No. 82 had anything to do with the cancellations.

Dalton also has protested the appearance of Dr. Willard Goslin of Peabody University, Nashville, Tenn., but Tennyson said Goslin will remain on the program.

SE Winkler Project Drilling After Test

Stanford Oil & Gas Company No. 1-A S. B. Wight, Southeast Winkler County wildcat is drilling below 9,207 feet in lime and chert after a two and one-quarter hour drillstem test of the Devonian from 9,625 to 9,307 feet recovered 1,500-foot water blanket, 364 feet of drilling mud, 455 feet of slightly gas-cut mud and 2,700 feet of sulphur water.

The Devonian was topped at 9,270 feet at a minus datum point of 6,283 feet.

Drill site is 660 feet from south and 1,980 feet from east lines of section 32, block 40, psi survey. That makes it four miles southeast of the Wheeler multipay district.

KNOCKED UNCONSCIOUS

H. B. Aubrey, 212 South Big Spring Street, an employee of the Amerada Petroleum Company, was knocked unconscious Tuesday when a spinner from a sand line struck him on the head in an oil field accident. He was given emergency treatment at Midland Memorial Hospital.

ROUGHNECK INJURED

Joe Hollowell, 704 North Loraine Street, a roughneck for the Moran Brothers Drilling Company, received lacerations of the left eye Tuesday when water from a pressure hose struck him. He was treated at Midland Memorial Hospital.

Martin Prospector Testing Spraberry

Gulf Oil Corporation is swabbing to test the Spraberry through perforations from 8,615 to 8,680 feet at its No. 3-B G. W. Glass, a one-half mile east outcrop to the proven limits of the Glass multipay field of Southwest Martin County.

On the latest 24-hour test, recovery was 128 barrels of new oil and 43 barrels of basic sediment and kerosene.

The perforations have been Hydrafrac twice.

Testing is continuing preparatory to completion attempts.

Location is 660 feet from south and 1,980 feet from west lines of section 10, block 38, T-1-N, T&P survey. That makes it 13 miles north of Midland and 17 miles west of Stanton.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate — and a complete and utter freedom from mechanical complications is what makes Dynaflo Drive* such a joy.

It's the woman who has an eye for style and fine fabrics — and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's heart — by its level-gaited stride — its willing response to her hand on the wheel — its smart style and its smart performance—

No other car provides all this:

- DYNAFLO DRIVE*—moves strain on driver and car
- FIREBALL ENGINE—high-compression, valve-in-head—gets more miles from every tank of fuel
- PUSH-BAR FOREFRONT—combines smart, distinctive style and unsurpassed front-end protection
- WHITE-GLOW INSTRUMENTS—greater clarity at night
- TORQUE-TUBE DRIVE—steadies ride, improves driving control
- 4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
- DUAL VENTILATION—outside air fed separately to right or left of front compartment
- SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times of brake drum
- DREAMLINE STYLING—tapered, car-length fenders, gleaming sweep-spears on most models
- Plus: Self-latching luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

When better automobiles are built BUICK will build them

its spaciousness and comfort—and its thrift.

How about taking time off, some afternoon soon, to boss around a Buick? It's a date that's bound to thrill you.

THE FIRST THANKSGIVING

In mid-ocean, the Mayflower's mainmast sprung out of place and cracked. The Pilgrims debated the wisdom of turning back to England. Miles Standish, among others, argued for pushing on to America.

Those who advocated continuing the voyage westward, whatever the risks, carried the day. The mainmast was forced back in place and stayed with ropes. The Pilgrims prayed that this makeshift would last until America was reached.

After 64 days of sea, the coast of Cape Cod was sighted on the morning of November 9, 1620.

Best Way To Prevent Catching Cold Is To Avoid Exposure

By EDWIN P. JORDAN, M.D. Written for NEA Service

The season for common colds is here again. No doubt, it will be accompanied as usual by new announcements of the best cure yet. At any rate, it is a sure bet that millions and millions of dollars will be spent for drugs, vitamins, nose-drops, and the like, which may or may not have any effect on the cold.

There is no sure way of warding off a cold in modern society. Most colds develop after contact with someone who already has one and since it is impossible to make hermits of ourselves, there are only a few things which can be done to lessen the risk of catching the common cold.

The most important is to avoid exposure to those who already have this type of infection—especially when a cold is just starting. Public places, such as street cars and thronging picture theaters, almost always have one or two people in them who are coming down with or recovering from a cold.

If we can keep out of these places when colds are frequent there al-

most certainly would be fewer attacks. But the person who has a cold could help most by not exposing others needlessly.

Although most colds definitely seem to be spread by contact, a word must be said about the additional risk of catching cold following chilling, drafts, or wet feet.

Probably chilling alone does not produce a cold. However, many people seem to be able to resist or throw off colds most of the time. But if they get wet feet or sit in a draft they are much more likely to come down with a cold.

Resistance Drops

Some people claim wet feet or drafts do not bother them. However, wet feet or exposure to drafts is followed by a cold too often in too many people to be scoffed at. Probably the reason for this association is some temporary drop in resistance caused by the exposure. Once a cold does start, the safest thing to do is to go to bed at once and stay there until the symptoms are better. As far as drugs such as the antihistamines are concerned, some people claim good results but others are far from convinced of any benefits.

Two Leave For Military Service

Selective Service Board 137 of Midland Tuesday sent two men to Abilene for induction into military service.

They were Thomas J. Friday and Jimmy J. Kennedy. Twelve men will be sent by the board to Abilene next week for physical examinations.

After attending a recent meeting of draft board clerks at Lubbock, Mrs. Nell Roberts of the Midland office was asked to emphasize the following registration notice:

"Men 18 and older born after August 30, 1922, are required to be registered. If not, they may register at 321 East Texas Street, in Midland."

Mrs. Roberts stated that regardless of a man's military service, as soon as he is discharged from any type of service, he must register if covered by the dates of the announcement above.

Port Arthur Man's Case Is Cited As Example In Draft

Midland men in similar circumstance can receive a warning from the recent case of a young married man at Port Arthur who was drafted for service even with his wife expecting their first child, according to Selective Service Board 137 here.

The young Port Arthur man was drafted because he did not act until after he received an induction order. He had failed to notify his draft board of his true status. State draft headquarters said that the registrant did not notify his board when he got married and did not furnish the doctor's certificate when his wife became pregnant, either before or after being notified that his classification had been changed from III-A to I-A.

Is Too Late

He should have. When he did notify the board, it was too late. "This is the first case under this phase of the regulations to come to our attention," the state Selective Service director commented. "It's just another case where a man has slept on his rights. Congress has made it the personal responsibility of every man to notify his board of changes in his status immediately."

The Port Arthur man, in case, never would have been classified from III-A to I-A if he had seen that the doctor's certificate got in his file immediately after his wife was found pregnant.

Married men recently were moved from III-A to I-A if they have no children, born or unborn. If some other status entitles them to deferment under law and regulations, they get consideration for it before they are considered for I-A.

Fire-Bug Blamed For Hospital Blazes

JACKSON, LA.—Two officials believe a fire-bug patient is responsible for three fires at the East Louisiana Mental Hospital here Tuesday night.

Dr. L. F. Magruder, the superintendent, said there were no injuries and that a check showed no patients escaped during the excitement.

The biggest blaze destroyed a vacant, two-story frame building once used to house negro male patients. Also burned were a paint shop and an old truck parked on the hospital grounds.

Dr. Magruder said, "I don't think there is any doubt that a firebug was at work."

Better performance 4 ways
with **DODGE 2-TON "Job-Rated" TRUCKS**

- 1 MORE ECONOMIC POWER**
A big, high-compression 236.6-cubic-inch engine developing 109 h.p. You get the right engine for top economy with aluminum pistons, four piston rings (top ring chrome-plated), exhaust valve seat inserts and other extra values.
- 2 SPEEDIER DELIVERIES**
Five-speed transmissions, 2-speed rear axles, and choice of axle ratios give you greater pulling power, faster getaways and higher top speeds. Low loading height and hinged stake center sections help you to save work and time.
- 3 EASIER HANDLING**
You can turn sharper, maneuver better and park easier with a Dodge 2-ton "Job-Rated" truck... because you get wide front tread, cross-steering (except on C.O.E. models), short wheelbase and worm-and-roller steering gears.
- 4 BIGGER PAYLOADS**
In Dodge 2-ton "Job-Rated" trucks you can move extra-big payloads without overloading. That's because a lot more of your load is carried on the front axle. Deep, rugged frame and all-steel body stakes and sills mean extra strength.

Powerful 236.6 cu. in. engine
Five-speed transmission available
Two-speed rear axle available, too
Heavy frame; long, strong springs; big-capacity axles
Cross-steering, wide front tread

THIS 2-TON CHASSIS is engineered to fit your body needs. On wheelbases of 128", 152", 170", and 192", it will accommodate a wide variety of bodies, from 8 ft. to 18 1/2 ft. in length.
Dodge 1 1/2-ton "Job-Rated" trucks provide similar features and advantages.

The choice of champions! 59 out of 97 State Champions chose Dodge to drive in the 1951 National Truck Roadshow!

It's Midland, Wink Seminole, Kermit To Win Grid Games

By LARRY KING
Reporter-Telegram Sports Editor

Midland, Sweetwater and Vernon get the nods in The Reporter-Telegram Sport Department's picks this weekend, as conference plays unfolds further in District 1-AAA.

Actually, on the comparative record, the Midland-Big Spring game shouldn't even be a contest—but since comparative records mean very little on the field, and the game is set for Big Spring, the Bulldogs get only a 26 to 7 call here.

Sweetwater, still in the thick of the 1-AAA fight, is favored to dump Lamesa, 26 to 14, in Sweetwater, Vernon, playing at home, should be able to handle Plainview by a 13-0 count.

In District 1-AAA it's Lubbock 14, Abilene 7; Borger 21, San Angelo 14 and Pampa 20, Amarillo 7. Odessa takes the week off to prepare for its November 16 meeting with Lubbock.

Seminole should have a minimum of trouble with Monahans, in Seminole. Give the Indians and Jackie Sparks a 27 to 7 margin, in the 8-AA battle.

*Kost Pecos gets a 33-13 call over visiting Andrews in another 8-AA loop game, with Kermit called, over visiting Lakeview, 33 to 7, in a non-conference go.

Wink, the 5-A team which hasn't scored less than 40 points in any district contest, probably will be hard-pushed to do that well against McCamey, in McCamey. Since the Wildcats have such a potent offense, however, they get a 33-19 nod over the Badgers.

Iraan should murder Fort Stockton, 34-7, while Alpine gets a 21-20 nod over Big Lake in other 5-A action.

Stanton, closing out its home season, may score against Sundown, but the Roughnecks still get a 20 to 6 call over the Buffs.

Saturday night, Midland B is chosen over Kermit B in Memorial Stadium, 14 to 0.

Around the state, it looks this way:

THURSDAY: North Side (FW) 7, Fort Worth Tech 6; El Paso High 14, Albuquerque, N. M., 7; Forest

1-AAA Cage Schedule Is Released

The District 1-AAA basketball schedule was released Wednesday by league officials.

Starting January 18, league games will be played until February 19. The season will be divided into two parts.

The same team in the district's football loop—Midland, Sweetwater, Vernon, Lamesa, Big Spring and Plainview—are in the roundball league.

Coch F. D. (Red) Rutledge hopes to have an improved squad over the team which won but two games last year—neither of them district games—at Midland High School. Robert Keeling, Corky Moss, Jesse Hatfield, Spruce Culpepper and Johnny Kennedy are some of the boys who probably will lead Midland.

The District 1-AAA schedule: Friday, January 18: Sweetwater at Vernon, Plainview at Lamesa, Big Spring at Midland.

Tuesday, January 22: Lamesa at Sweetwater, Big Spring at Vernon, Midland at Plainview.

Friday, January 25: Lamesa at Midland, Sweetwater at Big Spring, Plainview at Vernon.

Tuesday, January 29: Midland at Sweetwater, Plainview at Big Spring.

Thursday, January 31: Vernon at Lamesa.

Friday, February 1: Sweetwater at Plainview, Vernon at Midland, Lamesa at Big Spring.

Tuesday, February 5: Lamesa at Plainview, Midland at Big Spring.

Thursday, February 7: Vernon at Sweetwater.

Friday, February 8: Sweetwater at Lamesa, Plainview at Midland, Vernon at Big Spring.

Tuesday, February 12: Midland at Lamesa, Big Spring at Sweetwater, Vernon at Plainview.

Friday, February 15: Sweetwater at Midland, Plainview at Big Spring, Lamesa at Vernon.

Tuesday, February 19: Plainview at Sweetwater, Midland at Vernon, Big Spring at Lamesa.

Bill Werley, Vernon's perennial schoolboy who scribbles sports for the Vernon paper, is at it again.

Werley says the best team didn't win the Midland-Vernon game and feels sure Vernon would win if the teams played again.

The schedule, however, called for the game to be played November 2—not at a later date. It was played then, Midland won 14-13 and that should end it.

But Werley wishes: "We think the Lions are still the top team and will be rooting for Sweetwater to beat the Bulldogs."

We just received a column Bill wrote before the Midland-Vernon game saying in part "Midland coaches have been telling their players that Vernon doesn't have a good ball club—in fact, they call 'em the Lucky Lions."

"The Bulldogs are counting everyone out of the conference race," Werley continues, "and they're even making plans to print playoff tickets."

Tueboat Jones and his staff, however, assure us they didn't say anything about Vernon being lucky—in fact, the Bulldog mentors spent the entire week telling the Midlanders how good the Lions were.

As for playoff tickets, no plans have been made in that direction. Werley tried everything to win, but his team still finished second best.

DOTS AND DASHES: Lt. Ray Golden, son-in-law of Joe Davis of Midland, recently won an all-Army golf tournament at Fort Amador, Panama.

Marvin Brown, a 155-pound scabbard from Midland, is the leading scorer in the Texas Conference with 66 points.

Don Powers, junior high school grid coach, has been called into the Army.

Powers coached the John M. Cowden eighth grade eleven.

Had a card recently from Paul Hahn, the famed trick golfer who appeared at Midland Country Club several months back.

He's still on the personal appearance circuit.

Football fans say Bill Mims, Midland's sophomore end, will be a great player before he's through.

Midland sixth in the Dallas News' grid poll of AAA teams this week.

End of The Row for now!

Vol Tackle, Illinois End Top Lineman

NEW YORK—(AP)—Rex Smith, Illinois end, and Bill (Pug) Pearman, Tennessee tackle, were selected Wednesday as the linemen of the week in The Associated Press poll.

Smith caught the forward pass that brought the Illini a 7 to 0 victory over Michigan in the last 70 seconds of their crucial Big Ten game at Champaign, Ill. That earned him the nod as the offensive lineman.

The work of Pearman against North Carolina made him top among the defensive boys. Those who saw the game at Chapel Hill, N. C. lauded Pearman's key tackles that stopped the Tarheels in their tracks and was a major factor in Tennessee's 27-0 victory.

Pearman's feats additionally helped keep the Vols in the number one spot in The AP team poll. Smith's ability to get clear in the Michigan end zone to catch Tommy O'Connell's aerial boosted Illinois into the No. 2 spot.

Jim Cordial, Oregon State end; Sam Duca, tackle for Arizona State (Tempe); James Fowler, Texas A&M center; and Leo Sugar, Purdue end, were four other linemen commended for their noteworthy play against Washington, West Texas, Arkansas and Penn State, respectively.

The complete list of linemen nominated this week:

Ends—Steve Meillinger, Kentucky; Leo Sugar, Purdue; Jim Cordial, Oregon State; Ted Vaught, Texas Christian; Rex Smith, Illinois; Eddie Bell, Pennsylvania.

Tackles—Pug Pearman, Tennessee; Bill Forester, Southern Methodist; Jim MacKenzie, Kentucky; Ed Meadows, Duke; Jim Jerome, Cornell; George Mrkonjic, Kansas; Sam Duca, Arizona State (Tempe).

Centers—Johnny Palmer, Duke; James Fowler, Texas A&M; Don Rhoden, Rice; Gerry McGinley, Pennsylvania.

Guards—Ray Beck, Georgia Tech; Bill Athey, Baylor; Harley Sewell, Texas; Will Alexander, North Carolina.

Ollie Matson, of San Francisco University, and Keith Flowers, of Texas Christian, were named Tuesday as the backs of the week for their sterling performances against Santa Clara and Baylor, respectively.

Demure Hoople Gives Credit To Pythagoras, Ancient Greek

By MAJOR AMOS B. HOOPLE
Pythagorean Pignin Expert

Egad! Many of my readers were astounded when I predicted Stanford would defeat Washington by one touchdown.

That was the exact difference between the two—one touchdown.

The Old Boy Himself

It was uncanny, if I do say so myself.

I have received tons of letters asking how I achieved this remarkable result, how I contrive to pick other upsets.

I must admit all the credit does not belong to me, but to an ancient Greek—named Pythagoras, after whom several horses have been named.

The Pythagorean system is too long and complicated to explain here.

Numbers, mathematics, astronomy, metaphysics are the basis of the system. Angles play an important part, and you know very well how thoroughly schooled in all the angles your correspondent is!

There is a rhythm in football, you know, and Pythagoras regulated the intervals of the scale by mathematical ratios rather than by consonances—har-rumph!

I have applied these laws to the gridiron, but I do not suppose there is another person in how I've done it.

Go on with the forecast for November 10:

- Washington 14, California 7.
- Stanford 14, So. California 6.
- Notre Dame 21, Mich. State 11.
- Maryland 27, Navy 6.
- Wisconsin 27, Penn 13.
- Texas 14, Baylor 6.
- SMU 20, Tex. A&M 14.
- Princeton 34, Harvard 6.
- Michigan 20, Cornell 7.
- Illinois 27, Iowa 7.
- Indiana 20, Minnesota 13.
- Oklahoma 27, Missouri 14.
- Rice 20, Arkansas 13.
- Alabama 14, Ga. Tech 7.
- Kentucky 26, Tulane 13.

Gavilan, Janiro Meet Wednesday

DETROIT—Kid Gavilan, the welterweight champion with the bold punch, ranked as a 7 to 5 favorite to defeat middleweight contender Tony Janiro in a 10-round, non-title fight here Wednesday night.

Boxing fans across the nation can get the start of the fight at 9 p.m. (CST) on radio and television but if the fight goes the limit they won't see the finish.

The broadcasts will be cut off the air at 10:30 when President Truman begins a speech from Washington that will be carried on all networks.

Bad News For Texas: Meyer To Scout Bear-Longhorn Tilt

FORT WORTH—Coach Dutch Meyer of Texas Christian is going to scout Texas personally at Austin Saturday.

The Horned Frog mentor has been doing this for years and he has come up with some of the greatest upsets in Southwest Conference history as a result.

Meyer will watch Texas against Baylor because TCU has an open date this week.

However, it may be the last time Meyer will be able to scout Texas himself. In 1952, the Frogs have scheduled a game with Wake Forest the Saturday before Texas, moving their open date to the week before Baylor.

Walter Roach, freshman coach who saw the Longhorns beat Southern Methodist, reported that the Frogs had "no chance" against Texas.

"They'll hold the ball on us all afternoon," he moaned. "They hammer you for five, eight, three yards and keep possession. I don't think we can get it often enough to win."

The Frogs will take things fairly easy this week. They hope to get all their injuries back in top shape. This may include Gilbert Bartosh, the junior quarterback who has been nursing a bad ankle for almost a month.

Malvin Fowler, who played the last few minutes against Baylor, stood up well. A hard tackle failed to unhinge his bad knee. If Fowler and Bartosh can back up the sensational soph, Ray McKown, the Frogs will have top strength on November 17.

Smith Quits At Indiana; Hoosiers Hunt Winning Coach

BLOOMINGTON, IND.—Indiana University Wednesday began looking for something it never has had—a football coach who can win consistently in the Western Conference. Officials had no idea who he could be.

Clyde B. Smith is the tenth who couldn't make it. He resigned Wednesday, effective at the end of this season, with two years to go on his contract.

Alvin N. (Bo) McMillin, Smith's predecessor at Indiana, came closest to a winning record in Big Ten competition. His 14 IU teams broke even in the tough circuit, winning 34, losing 34 and tying six. His 1945 team won Indiana's only conference championship.

Smith, a short muscular man who refrains from liquor, tobacco and profanity, walked into Athletic Director Paul (Pooch) Harrell's office and said he was quitting because "I'd like to be happy for the next three weeks and coach the boys like they deserve to be coached." He did not elaborate.

Won Eight

Smith's four teams at Indiana have won eight games, lost 24 and tied one—well under the university's all-time 218-220-36 record. In the Big Ten they have won four and lost 17, also under the 67-143-18 record.

Scattered alumni began sniping at Smith after his current squad, expected to be his best, lost one-sided games to Notre Dame and Michigan and defeated Pittsburgh by only one touchdown.

The clamor subsided for a time after October 20 when Indiana upset Ohio State, 32-10. The team since has lost to Illinois and Wisconsin but made creditable showings in both games. It plays at Minnesota Saturday and finishes with home games against Michigan State and Purdue.

Bob Mosen of the Detroit Lions in the NFL worked as a shoe salesman during his senior year at Ohio State.

More Rough Stuff Due For Bulldogs In Workout Sessions

Another rugged scrimmage session was on tap for the Midland Bulldogs Wednesday, following a serious head-knocking Tuesday at Memorial Stadium.

No additional injuries came out of the rough Tuesday workout and Coach Thurbad Jones says his team expects to be at, or near, full strength for the game to be played in Big Spring at 8 p.m. Friday.

Tailback Ralph Brooks and Guard Pete English have bruised legs, but expect to be able to play Friday.

Defense against the Big Spring outfit T. J. formation and offensive maneuvers of the Midland team featured the Tuesday drill.

Jones said a light workout would be held Thursday. Midland will drive the 40 miles to Big Spring late Friday afternoon and return home immediately after the game.

The Bulldogs are heavily favored by comparative scores, but Big Spring still is in the conference race with a 1-1 mark. Midland leads the pack with two wins and no defeats.

SMU ENDS FRIENDS TO SEE FILM SHOWING
Alumn and ex-students of Southern Methodist University in Midland and their guests are invited to a showing of a film of the 1951 SMU-Notre Dame football game.

The film will be shown at 8 p.m. Friday in the Conference Room of the Magnolia Building here.

Ohio Restaurant Turns Back Pages Of Time 12 Years
TOLEDO, OHIO—Toledoans lined up three deep Tuesday to eat a club steak dinner for 85 cents, or a breaded pork chop dinner for 50 cents.

The occasion was the twelfth anniversary of the Tick Tock Restaurant. To mark the event, the management dug out the menu served on Nov. 6, 1939, prices and all, for just one day.

Twelve hundred persons slogged through snow and wind for lunch and an estimated 1,300 jammed in for dinner.

They stowed away 120 pies, at 12 cents a cut; almost 1,000 pork chops, on the 50-cent plate lunch; about 200 pounds of beef, at 85 cents per broiled club steak.

Some of the other bargains: vegetable luncheon, 35 cents; cup of mushroom soup and minced ham sandwich, 25 cents; hamburger, 15 cents; roast beef sandwich with gravy, 25 cents; wiener on a bun, 12 cents.

Waitresses said 30 per cent of the crowd were "strangers" and all big eaters.

TOES FRACTURED
B. H. Rodgers, 1206 West Tennessee Street, suffered fractures of five toes Tuesday when a plank was dropped on his foot. A carpenter, Rodgers was treated at Western Clinic-Hospital.

Temple Named As Top AAA Ball Club; Midland Sixth

DALLAS—P—The mighty Temple Wildcats for the sixth straight week remained atop the class AAA schoolboy football ratings in a poll of sports writers taken by the Dallas Morning News.

Only one team invaded the top 10 this week. Conroe of District 6 took over tenth place, while Brownwood, in ninth place last week, dropped from the select circle.

Biggest shakeup came when Stephenville, fourth a week ago, dropped to ninth after taking a 33-6 spanking at the hands of Breckenridge, which moved from third to second.

The top 10:

1. Temple
2. Breckenridge
3. Palestine
4. Grand Prairie
5. Longview
6. Midland
7. Gladewater
8. Vernon
9. Stephenville

Draft-Ike Campaign Picks Up Momentum

WASHINGTON—(AP)—The draft-Eisenhower movement shifted into high gear Wednesday on the strength of the general's hands-off attitude toward volunteer political efforts in his behalf.

Sideline politicians disagreed on the over-all effect of Gen. Dwight D. Eisenhower's avoidance of party and presidential race commitments, while waving a friendly go-ahead to well-wishers who are trying to stake down for him the 1952 Republican nomination.

But Senator Duff (R-Pa.), one of the leaders of the latter group, plunged with renewed vigor into a round of Texas speeches and conferences plugging the general. In New York, Gov. Thomas E. Dewey said he was stronger than ever for Eisenhower, if that was possible.

The five-star general's parting shots before his return to Paris convicted Senator Murray (D-Mont.) that Eisenhower is going to make himself available for a nomination contest.

"Looks Like Candidate" "It looks like he is a candidate," Murray told a reporter.

The Montana senator, a strong supporter of President Truman's "Fair Deal" program, said he regards Eisenhower as a "Conservative" on domestic issues. But he said he is not ruling out the possibility that the general might become the Democratic nominee, under certain circumstances.

Senator Anderson (D-Mt.), head of the Democratic Senatorial Campaign Committee, said in an interview he can't see that Eisenhower's public statements changed the political situation at all.

Anderson, who says President Truman currently is the only man in sight for the Democratic presidential nomination, said Eisenhower's statements "may encourage a little more voluntary effort" among his Republican friends.

"But he needs a bigger effort than that to stop Senator Taft," Anderson declared. Taft, Ohio Republican, has announced he is a candidate for the nomination.

Leaves Road Open "Any candidate who stops Taft now must be an open, avowed, aggressive candidate," Anderson declared.

Eisenhower left the road open to become such a candidate when he told a news conference.

"If the time ever comes when I feel that my duty compels me to say a word of any kind, I will say it as positively and definitely."

But Senator Ecton (R-Mont.), who leans toward Taft, told reporters he thinks the Ohioan already is so far out in the lead and gaining in momentum that it would be hard to stop him, even if Eisenhower declared today.

Ecton said he thinks that if President Truman is the Democratic nominee, either Taft or Eisenhower could carry a half dozen Southern states in the general election. He named Virginia, Texas, Florida, Mississippi, Arkansas and South Carolina.

Negro Convicted Of Raping Farm Wife Is Slain By Sheriff

EUSTIS, FLA.—(P)—Samuel Shepherd, negro, whose conviction on charges of raping a farm wife was reversed by the United States Supreme Court, was shot to death Tuesday night by Sheriff Willis B. McCall.

His companion in the case, Walter Lee Irvin, was wounded seriously. Sheriff McCall said he acted in self defense after the negroes "jumped" him while he was transporting them in his motor car to Tavares for a hearing on a retrial site, which had been scheduled Wednesday.

The rape case brought wide discussion two years ago in the Groveland area when "night riders" rode through the sector and burned negro homes. The National Guard was called out to restore order.

New Trial Ordered Shepherd and Irvin were sentenced to death on their conviction at a previous trial but the Supreme Court directed that they be tried a second time.

A third negro, Charles Greenlee, was sentenced to life imprisonment when a circuit court jury recommended mercy because of his youth. Greenlee's conviction was not appealed.

The Supreme Court ordered the new trial on the grounds the negroes were discriminated against in selection of the jury.

A fourth negro who was sought in connection with the case, Ernest Thomas, 26, was shot to death by a posse in West Florida.

Mrs. R. K. McCall Dies At Haskell

HASKELL—Mrs. Nell Eugene McCall, 51, wife of Dr. R. K. McCall, pastor of the Haskell Presbyterian Church, died in a hospital here Tuesday.

She was a sister of Ruth Donnell of Midland.

Funeral services will be held Thursday here. Interment will be in a family cemetery near Ellaville.

Other survivors include the mother, two daughters, a son, three brothers and two sisters.

Wealthy Sportsman Dies In Vain Effort To Save Wife's Life

CASABLANCA.—(P)—Millionaire society sportsman Freddy McEvoy, ex-husband of two oil heiresses and boyhood chum of movie actor Errol Flynn, died a hero's death Tuesday in a vain attempt to save his third wife from drowning off the storm-battered Moroccan coast.

McEvoy, his French wife, Claude, and four others died when his yacht "Kankaroo" was driven on the rocks about 100 yards offshore in a violent storm 100 miles south of Casablanca.

Three members of the yacht crew swam to safety.

The 43-year-old sportsman and international society figure was swimming through 30-foot-high seas about 500 yards from shore, the survivors said, when he turned back to aid his wife some distance because she had fainted and both sank.

They died after 18 hours of terror—12 of them in darkness—aboard the wrecked yacht, which had turned on its side and was breaking up.

Two French sailors were swept aboard. A Spanish sailor threw himself into the sea and sank. Mrs. McEvoy's French maid, lashed to the mast, was torn loose by the wind and carried away.

The yacht, on a cruise from Cannes to the Bahamas, was trying to enter the port of Safi but was kept out by blinding sand clouds. It ran aground Monday, a few miles north of Cap Cantin, shortly after dawn and turned on its side.

In mid-afternoon the storm lashed the wreck, clinging desperately to ropes, could see the Moroccan coast 100 yards away. Two automobiles for help were not heard.

As night approached and the ship—breaking up—foundered deeper into the water, McEvoy ordered an Austrian crewman to try the swim to shore. He reached it, exhausted. He could not make the line. Arab he met understood the need for help.

The next morning the two other crewmen still alive—an Austrian and a German—went into the water and made it to shore. Then McEvoy and his wife, both excellent swimmers, started their futile try.

A crowd of Arabs on the shore shrieked encouragement, in vain.

Pioneer West Texas Pilot Killed When Light Plane Crashes

FORT STOCKTON.—(P)—Ray Baumgardner, 30, pioneer West Texas pilot, was killed Tuesday morning when his plane crashed about a half-mile north of Gibbs Field.

Apparently, Baumgardner's parachute was caught in the propeller of his disabled plane as he attempted to jump.

He was well known for his hunting of eagles and coyotes from an airplane.

Baumgardner was flying his 1931 model, pusher type plane. Witnesses said they saw the plane falling and that the pilot was dangling under it, 10 to 15 feet below the fuselage.

It is said Baumgardner was the first pilot in the Southwest to try shooting predatory animals from the air.

Funeral rites were pending Wednesday.

Texas BMA Blasts Vatican Appointment

LUBBOCK.—(P)—The Baptist Missionary Association of Texas Tuesday passed a resolution criticizing President Truman's naming of an ambassador to the Vatican.

The resolution was passed at the annual state meeting. Approximately 1,000 persons are attending the meeting, which will close Thursday.

Officers named Tuesday night include: Dr. G. D. Keller, Jacksonville, president; the Rev. G. C. Henry, Jola, vice president; the Rev. Harold E. Brunson, Carthage, vice president; the Rev. A. R. Housewright, Dallas, and the Rev. Roy B. Filippo, Amarillo, secretaries.

Mrs. Cook Named Martin Treasurer

STANTON.—Mrs. Johnny Paul Cook has been appointed treasurer of Martin County to fill the unexpired term of her late husband, who died last Friday.

Mrs. Cook will serve until Dec. 31, 1952, according to County Judge James McMorris.

Cook took office in July of 1950, when he was appointed to fill a death.

City Maps—
(Continued From Page One)
For a city-wide campaign in which schools and service organizations will cooperate in an educational campaign.
Other employed personnel will include an entomological aide, who will keep a check on flies in various sections of the city and determine where the use of chemicals will be concentrated.
Police officers will be used in obtaining strict enforcement of city health ordinances, including those requiring covered garbage cans and sanitary sewer connections for all homes.

Flies Spread Diseases
"The main problem," said Von Zuben, "is to stop the flies."
"We know positively that flies are responsible for the spread of dysentery diseases, which took many lives this year."
"Here in Midland you have a very rapidly expanding city. When that happens most of the normal facilities simply become overgrown."
"That's what is happening here. There are several conditions which need correction. I have noticed numerous outdoor privies and these are ideal breeding places for flies."
"They bring literally billions of micro-organisms to the food we consume."
Garbage Can Is Culprit
"Another breeding place is the garbage can. You may have a shiny new garbage can but after a few weeks, unless you wrap your garbage in paper, a heavy moist scum collects on the bottom and we have another breeding place for flies."
Von Zuben, who aided in the clean-up of Corpus Christi last Summer after an outbreak of polio, said 18,000 new garbage cans were installed there in three weeks and 1,000 new sewer connections were made in eight weeks.
"I would like to see your program get underway by January 1," he said.

TESCO To Honor Veteran Employees
Two veteran employees of Texas Electric Service Company who have completed 25 years of continuous service will be honored at a dinner Thursday night in the Ector County Auditorium at Odessa, R. L. Miller, Midland district manager of the electric company, announced Wednesday.
They are W. E. Bruce and H. C. Mitchell of Odessa. The new members will bring the membership of the Quarter Century Club in the Midland area to nine.
More than 500 employees and guests are expected to see the presentation of gold watches to the new members by J. B. Thomas, president of the company, and to hear an address by Clayton Rand, Gulfport, Miss., editor, author and speaker.

OBJECT IN EYE
Rito Monterrey, employee of a drilling company, was given emergency treatment at Western Clinic-Hospital Tuesday for removal of a foreign object from his eye.

Republicans Pick Up One Seat In House In Off-Year Voting

By The Associated Press
 Republicans Tuesday captured all four special elections to fill vacancies in the House of Representatives, giving them a gain of one seat in that body.
 Democrats held onto the only two governorships at stake, in Kentucky and Mississippi, without opposition in Mississippi.
 Here are the highlights of the off-year voting by cities and states across the nation:
 Philadelphia — Republicans lost the city administration for the first time in 68 years, as Democrat Joseph S. Clark, Jr., was elected mayor over Dr. Daniel A. Poling, prominent Baptist minister and Republican.
 New York City — Rudolph Halley, counsel for the old Senate Crime Committee and as such familiar to millions of TV watchers, was elected City Council president. He ran on the Independent-Liberal-Fusion tickets, won the city's second highest office by a plurality of 163,000 votes.
Gain Comes In Ohio
 Ohio — The GOP picked up its House seat in a special election in the Third District, which went Democratic in 1948 and 1950. Paul F. Schenck, Republican, defeated Jesse Yoder, Democrat.
 Pennsylvania — Republicans held onto two House seats they have held in recent years. Elected were Joseph Carrigan, in the Fourteenth District, and Karl C. King, without opposition in the Eighth.
 New Jersey — Frank C. Osmer, Jr., retained for the GOP the Ninth District House seat.
 Kentucky — Gov. Lawrence Wetherby's Democratic Administration, including eight state officials, apparently was assured continued control of the State House.
Mississippi 'Righters' Win
 Mississippi — Voters elected former Gov. Hugh White, who had no Republican or Independent opposition, along with his state of States Rights Democrats.
 Boston — Former Mayor James M. Curley, one of the nation's last big city political bosses, was beaten for mayor by the incumbent, John B. Hynes. Both are Democrats; Boston elections are non-partisan.
 Indianapolis — The GOP took the mayoralty in the home town of the new Democratic national chairman, Frank E. McKinney. The winner was Alex M. Clark.
 Little Rock — Ending Democratic rule for the last 55 years, voters elected as mayor Republican Pratt Remmel.

Bright Sunshine Chases Chill From Shivering Texas

By The Associated Press
 Clear skies and bright sunshine were expected to chase the remnants of the first-of-the-week norther out of Texas Wednesday.
 The forecast for the state is continued fair with rising temperatures through Thursday. The mercury is slated to get back down around the freezing point in the Panhandle and portions of West Texas Wednesday night but above-freezing lows have been forecast for the rest of the state.
 Tuesday night's minimum in Texas was 27, reported at Dalhart and Salt Flat. Amarillo had 28. The highest temperature overnight was a 48 at Brownsville.
 Brownsville also was the warmest spot in the state Tuesday afternoon with 74. Texarkana was the coolest point. The temperature there did not rise above 47 degrees.
 No rain was reported in the state for the 24-hour period ended Wednesday morning, and the U. S. Weather Bureau said none is in prospect Wednesday or Thursday.

Midland Lions See How Dial Telephone System Operates

Don Hanson of the information department of Southwestern Bell Telephone Company, Dallas, described and demonstrated how the dial system enables Midland to have 64,000 calls daily, at a luncheon meeting of the Midland Lions Club Wednesday in Hotel Scharbauer.
 The Bell official used portable equipment to demonstrate the almost magic ability of the dial service. He termed the relay system the heart and soul of the efficiency of dial telephones.
 Al Case was program chairman.
 Ray Howard spoke briefly in behalf of a proposed constitutional amendment to provide a broader diversification of investments for the University of Texas permanent fund, one of five amendments up for vote next week in Texas. He said the amendment should be voted in the best interest of the university. As an ex-student, he urged support for the amendment.
 L. V. Bassham presided at the luncheon. Harold Atkinson was introduced as Junior Lion of the Week. Coach Tubboat Jones said he could tell in two weeks how his Midland High Bulldogs would spend Christmas.

Ball Of Fire—

(Continued From Page One)
 servers also reported that the meteor seemed to fall nearby.
 Dr. Williams said, however, the height of a meteor often is deceptive and often gives the appearance of being much closer than it actually is.
 The meteor was seen in the North Texas area by Tom R. Hickman, former chief of the Texas Rangers, and Henry Spaeth, farmer, both of whom live south of Gainesville.
 Hickman said the meteor had the appearance of a rocket, was aluminum in color and giving off red and blue sparks. He estimated that it was traveling west to east at an altitude of about 3,000 feet. Spaeth said the meteor gave off hunks of black smoke as it burst into pieces. Both men said it appeared to disintegrate due north of Gainesville, White Trail Of Smoke.
 Charles Lockhart, always operations specialist at the CAA control tower at the Amarillo Airport, said the meteor traveled east of Amarillo, moving north to southeast.
 He said it left a white trail of smoke, with its core the color of the sun.
 The police dispatcher at Wichita Falls said he picked up radio reports that the meteor disintegrated between Plainview and Lubbock, in the South Plains.
 Lockhart said the phenomenon lasted about 10 seconds, with the meteor moving at a 105-degree angle.
 Wichita Falls residents said the "ball of fire" crossed the sky north of there, and appeared to be moving west to east. Some said they saw it "break up into pieces" before it disappeared.
 Both radio stations and newspapers were besieged with telephone calls.
 Ray Parr of the Amarillo Globe-News and Louis Hamlett of the Wichita Falls Times said they received hundreds of telephone calls, typing up phone lines.
 Frank Sloan, engineer for radio station WRR in Dallas, said he saw the meteor in the northwest as he went to work.

St. Louis Residents Start Digging Away At Record Snowfall

ST. LOUIS—AP—This giant city of the Mississippi River Valley started to shake the snow from its shoulders Wednesday, hoping to get back on its feet after the weather delivered a surprising, near knockout punch.
 The weather forecast for the day was somewhat encouraging for St. Louis and the surrounding area. Higher temperatures and cloudy skies—but no snow—were forecast.
 Hundreds of laborers worked through the night clearing away tons of snow that brought traffic and business here to a virtual standstill. But surrounding areas weren't quite sure the worst is past.
 A heavy snow also blanketed Southern Missouri and Southeastern Kansas. The fall ranged up to 20 inches. Many Missouri deer hunters were caught in the storm. Stalled cars lined the highways. Numerous accidents were reported.
 In Missouri, U. S. Highway 61, a major artery southbound from St. Louis, still was closed to traffic early Wednesday. The Missouri Highway Patrol reported most roads in the state were open but dangerous.
 Most St. Louis stores and shops closed early or failed to open at all Tuesday.
 The city's transportation systems hoped to be back in operation Wednesday.
 The heavy snow was blamed for seven deaths here.

 could be elected President should he run, and said this next election is "the last call to dinner for the Republicans."
 He said they'd better nominate a "certain winner rather than a possible winner."
 If Eisenhower does run, Duff said he was sure the general could crack the Solid South Democratic stronghold.
 When asked if he was sure Eisenhower was a Republican, Duff indicated he was positive.
Zweifel Disagrees
 While Duff is in San Antonio Thursday, Texas' national GOP committeeman—not invited to San Antonio—will make a speech in Houston.
 It was announced by state Republican headquarters Tuesday that Henry Zweifel of Fort Worth would address the Houston Woman's Republican Club Thursday.
 "The announcement said Zweifel would have 'an important statement' to make at the Houston meeting.
 No drum beating for Eisenhower for President has come from the Texas state Republican headquarters. Most of it has come from Jack Porter of Houston, who was Zweifel's unsuccessful rival for the committeeman post a year ago.
 In 1948, Zweifel was in the Taft camp.
 Porter Tuesday, in commenting on the announced speech by Zweifel, said dryly "If it comes from him, I'm sure it will be important."

 about house-top level and appeared to be breaking up."
 T. D. Jones, Jr., Route 1, Midland, said, "I first spotted the object about 7:15. The ball of fire was about the size of a gallon bucket and it was followed by a blue-greenish tail—15 to 20 feet in length. It appeared to be about rooftop level x x x Looked as though it might have landed in the vicinity of Stanton."
 E. R. Manning, an employee of the Stanolind Oil and Gas Company, was driving on North Cowden Street at 7:12 a.m. when he saw the meteor moving westward.
 "It was a bright yellow—then it flashed a deep red as it appeared to be disintegrating in the air."
Missed At McDonald
 Observers at the McDonald Observatory in the Davis Mountains reported they did not see the meteorite Wednesday, but they saw the reflection of one over Arizona last Friday midnight.
 The observatory told The Reporter-Telegram by telephone Wednesday its observers left the telescope at daybreak, which may account for their missing the brilliant flash over Texas and two other states.
 However, the reflection of the Arizona flash was so brilliant it almost spoiled film in the sensitive cameras of the observatory. It was very blue in color, they said.
