Humble 1 Blocker To Drill To Ellenburger In C-S Martin Area

Humble Oil & Refining Company is to start drilling within 30 days on a 12,500-foot wildcard in Central-South Martin County.

The prospect will be Humble No. 1, J. W. Blocker and others. It is to be three miles northeast of Germania and six miles west and slightly north of Stanton.

Drill site is 680 feet from north and west lines of section 10, block 37, T-1-S, T&P survey.

Southwest Of Discovery

The No. 1 Blocker will be three miles southeast of Tide Water Associated No. 1 Dickinson, completed several months ago as a flowing discovery from the Ellenburger.

After that well had produced a short time from the Ellenburger that zone started making a large amount of water and the oil yield declined to practically nothing.

Operator has now plugged back and is trying to re-complete the No. 1 Dickinson as a producer from the Fusselman lime.

That formation flowed some oil from a thin pay on a drillstem test.

The Humble No. 1 Blocker will test the Ellenburger and all horizons above it.

Texaco Gets Free Oil In Pennsylvania At W-C Tom Green Test

The Texas Company has found some free oil in an unidentified Pennsylvania lime at its No. 1 Bubenik, (formerly Alma Carta), West-Central Tom Green County wildcard, 12 miles southwest of San Angelo.

This exploration ran a five-hour drillstem test at 5,463-73 feet. Gas surfaced in 20 minutes and continued in a good flow throughout the remainder of the test. No fluid came to the top while the tool was open.

No Signs Of Water

Recovery was 2,160 feet of 28.5-gravity free oil and 180 feet of oil and gas cut drilling mud. There were no signs of formation water.

Open flowing bottom hole pressure was from zero to 395 pounds. Shut-in bottom hole pressure, after 15 minutes was 1,350 pounds.

Location is 3,330 feet from most northerly south line and 475 feet from east lines of a 147.55-acre lease in section 826, Wilhelm Luenders survey.

Is To Set Casing

The wildcard started out to dig to 7,200 feet to test the Ellenburger.

Operator now plans to set casing at the present total depth.

After that is done a little more hole will be made and tested.

Then the pay section which has already been drilled at this time will be tested through casing perforations.

Unofficial sources think the pay in the No. 1 Bubenik is the Straw line of the Pennsylvanian.

Williamson Wildcat In Terry May Be San Andres Opener

J. C. Williamson of Midland appears to have a small pumping discovery from the San Andres-Permian in prospect at his No. 1 Gunn, Southeast Terry County wildcard.

This prospect, located 15 miles southeast of Brownfield and 660 feet from north and east lines of the southwest quarter of section 7, block C-39, 2d survey, is swabbing at the rate of 10 barrels of fluid per hour from open hole at 4,284-4,938 feet.

A Little Water

All of this fluid is new oil except for a shakeout of 10 to 15 per cent salty formation water.

Operator is to move in a tank and make an extended swabbing test to determine if the oil yield will hold up and to see if the water will decrease or increase.

Interested observers say that if the oil-water recovery remains at the present proportions the project can be completed on the pump as a commercial oil well.

Had Been Treated

The oil and water is being swabbed out after the open hole in the San Andres-Permian had been treated with 2,000 gallons of acid.

Before the acid treatment the wildcard showed only small amounts of oil and a little water.

Top of the San Andres is at 4,470 feet. Elevation is 3,155 feet. The 5 1/2-inch casing is cemented at 4,384 feet. Total depth is at 4,938 feet.

Hall-Hanley Will Dig Sweetie Peck Steep At Site In NW Upton

O. E. Hall of Midland and The Hanley Company of Abilene No. 1-B Josie Faye Peck is to be a 10,700-foot exploration to try for production.

Russia Rebuffed In UN Assembly

COLLAPSES — Singer Judy Garland has been ordered by her physician to a sanitarium for "a few days rest" after she collapsed after opening night at Palace Theater in New York from "nervous exhaustion" and carried down the main aisle to the waiting ambulance.

Grandmother Gives Her Life In Rescuing Children From Fire

STANTON—A grandmother gave her life in rescuing her grandchildren from their burning farm house near here Saturday night.

Mrs. Emma Mooney, 65, of San Angelo, died Monday night in a hospital here of burns suffered in the flames. Two of the children she rescued still were in a critical condition in Martin County Memorial Hospital. They are Wayne Martin, 10 months old, and Cherry Looney, 10 years of age.

Less serious burns were suffered by other grandchildren of Mrs. Looney's. They are Linda Martin, three; Robert Earl Martin, six; and Ann Martin, eight, children of Mr. and Mrs. Earl Martin of Stanton.

Mrs. Looney was visiting her daughter, Mrs. Martin, when the tragedy occurred. The farm house, a mile north of Stanton, was destroyed. Mr. and Mrs. Martin were at work when their home burned.

The Looney child was the daughter of Claude E. Looney of Beatty. Funeral services for Mrs. Looney were tentatively arranged for 4 p.m. Tuesday in Eden.

She is survived by her husband, J. H. Looney of Lamesa; seven sons, Hubert R. Looney of Stanton, and Claude E., Roland E., Melton B., Marcus L., and Fay L. Looney, all of Beatty, Nev.; four daughters, Mrs. William Hudec of San Angelo, Mrs. Earl Martin of Stanton, Mrs. Violet Saunders of San Angelo, and Mrs. Ruth Sachari of Beatty; three brothers, Luther R. Worsham of Carlsbad, N. M., Clarence Worsham of San Angelo; two sisters, Mrs. Albert Parkinson of Cisco, and Mrs. Mable Dennis of Eden; 22 grandchildren and one great-grandchild.

Deputy Shoots Coach, Kills Self

ATLANTA—(AP)—Police clammed up Tuesday on why a sheriff's deputy shot a 23-year-old basketball coach and then ended his own life outside a high school gymnasium Monday night.

The dead were W. D. Martin, 38, Fulton County deputy, and James R. Phillips, high school teacher and coach at Alpharetta, a community northeast of Atlanta.

Lt. H. B. Carroll of the Fulton County Police, said, "I knew Martin and you are not going to get me to make a statement about the motive."

Carroll also refused to let reporters see the official record on the shooting, saying "You can't see it. At least not until it goes to the coroner's office."

LATE NEWS FLASHES

LONDON—(AP)—The Royal Air Force started an airlift Tuesday of 2,000 men from the British Isles to the troubled Suez Canal Zone.

LONDON—(AP)—Prime Minister Churchill will visit Canada after his January conference with President Truman.

MUNSAN, KOREA—(AP)—An Allied spokesman said Communist truce negotiators "made it even more clear today" they want to create a buffer zone across Korea to end the shooting now.

HOUSTON—(AP)—Dr. Milton S. Eisenhower grinned and said, "No comment," Tuesday when asked if he thought his brother would be a candidate for President.

20 Persons Are Killed In Rail Crash

EVANSTON, WYO.—(AP)—Benumbed rescue crews Tuesday continued to probe the shattered remains of two passenger trains in which 20 or more persons died during a snowstorm-whipped collision Monday.

An early morning check of the morgue in this small Southwestern Wyoming community showed 14 of the 20 bodies identified. Three persons were listed as missing. Eight remained in serious condition, with scores of others treated for minor hurts and released.

The City of San Francisco, sleek United Pacific luxury train, roared out of the swirling blizzard and slammed into the rear of the halted City of Los Angeles. The collision sounded to one survivor "like someone screaming."

The impact crumpled portions of the two streamliners. Bodies and parts of bodies were just "lying around."

Hears Terrific Rear

The City of Los Angeles halted on the line for a block signal, at 11:32 a.m. (MST) The City of San Francisco hit the last car of the Los Angeles with a thunderous rending of metal. The three-unit diesel power plant of the second train went through the last car like a plowshare and crushed four other cars. All cars of the second train leaped off the tracks but remained upright.

Alex Heneitz of Cheyenne, Wyo., a postal clerk, was riding in a coach three cars back of the San Francisco power units. "Everything was running as usual when there suddenly was a crash," he said.

Dinner To Honor Sigmund Hammer

Sigmund I. Hammer of Pittsburgh, Pa., president of the Society of Explorations Geophysicists, will be honored at a dinner meeting of the Permian Basin Geophysical Society in Midland Tuesday night.

The event will be held at Midland Country Club and will start at 6:30 p.m.

Hammer will speak on the subject, "Relationship Between the

Commie Design On Azerbaijan Related

TEHRAN, IRAN—(AP)—Opposition Leader Jamil Ismail told Parliament Tuesday the Communists are secretly preparing plans to seize Azerbaijan, Iran's northwest province.

Ismail accused the government of Premier Mohammed Mossadegh of supporting and encouraging the activities of the outlawed Communist Tudeh Party by failing to crack down on it.

The opposition leader said the Communist underground now is especially active in Azerbaijan, which borders on Russia. The province was the scene of a Communist uprising in 1946, when the Rebels set up a separatist government when Soviet troops were occupying the area. Iran complained to the United Nations Security Council that Soviet support was given the regime. The Red regime at Tabriz, capital of Azerbaijan, collapsed about a year later, after the Soviets withdrew occupation troops.

National Society and Regional Sections.

He is head of the gravity interpretation section of the Gulf Research and Development Company.

In addition he is a member of the faculty of the school of geology at the University of Pittsburgh.

More than 100 persons have made reservations for the Tuesday night dinner. Wives of the members of the Permian Basin Geophysical Society have been invited to attend.

E. L. Mount of Midland, president of the PBGS will preside at the dinner meeting.

Chest Fund Now Totals \$35,000

Community Chest contributions climbed \$1,000 over the weekend to raise the total to \$35,000, John E. Reid, Midland campaign coordinator, said Tuesday.

This leaves the Red Feather campaign dropping \$20,000 below the goal set to operate seven Midland organizations.

Reid said most of the contributions reaching Chest headquarters lately have come by mail and he urged Midland contributors to use the mailing system. Just address the envelope "Community Chest, Midland, Texas."

FRIENDLY HANDSHAKE—President Harry S. Truman, while strolling in Key West, Fla., on his vacation, stops to shake hands with 12-year-old John D. Lawer.

River Gives Up Caps Worn By Two Of Three Missing Boys

MINNEAPOLIS—(AP)—Caps belonging to two of three missing boys were fished from the Mississippi River near a dam Tuesday morning.

Police Capt. Kenneth Moore said the caps had been positively identified.

Captain Moore said the caps were first noticed by a workman at a dam in North Minneapolis. Moore said they were taken from the river near the dam and identified by Kenneth Klein, father of the boys, Kenneth, Jr., eight; David, six; and Daniel, four.

The dam is downstream from a park where the boys had gone to play Saturday afternoon. Finding of the caps was the first concrete clue to the boys' whereabouts since they dropped from sight then.

Police Chief Tom Jones Sunday called out 100 Civil Defense Auxiliary Police to aid his reserves in one of the city's greatest manhunts. The volunteers combed the area for miles around the Klein home. They searched alleys, rang doorbells, found nothing.

One resident reported seeing three small boys resembling Kenneth, David and Daniel sitting on a curbstone late Saturday. A tracking dog was taken to the spot. The dog followed a trail to the river bank. There the scent stopped.

Police cars carrying loud speakers patrolled the fringes of swampland to blare out the boys' names. No answer.

Squads plodded through warehouses of the river industrial district. Hollow echoes answered their shouts. Oily machinery instead of little boys' eyes reflected the flashlight beams. Truck parts also were scanned to no avail.

Monday, three Civil Air Patrol planes wheeled over the Mississippi but again no clues to Kenneth, David and Daniel. A police launch towing draglines turned up only waterlogged wood.

Bond Issue Election Thursday To Decide Oil Field Road Fate

The fate of a proposed new major highway into the rich oil fields south of Midland will be determined in a \$500,000 bond issue election here Thursday.

And it will cost Midland taxpayers little if anything more in taxes.

County Judge Clifford C. Keith said Tuesday the expected increase in county valuations, attributed mainly to oil development, probably will offset the cost of financing the half-million-dollar issue.

The bond issue will finance not only the loop highway which would serve the Tex-Harvey and Driver oil fields but will pay for several other county road projects badly needed.

The major project will call for a paved highway running south for 11 or 12 miles from the Garden City Highway at Spraberry and then connecting with the Rankin Highway on the west.

Other road projects included in the program are:

- A paved road south from Highway 80 at Warfield to connect with a road from Ector County into the Pegasus oil field.
- A paved road running south from Greenwood school to the Garden City Highway.
- A paved road in northeast Midland County connecting with a paved road in Martin County to the Courtney community.

Balloting Is Light In Tuesday Election

Light balloting was reported Tuesday morning as Midland County voters joined those of the rest of Texas in a constitutional amendment election.

By 11 a.m. only a dozen persons had voted in the Midland County Courthouse box where almost 2,000 voters are registered.

And similar voting was reported in the county's other six voting precincts. Only 15 had voted at the Youth Center and 14 at the City-County Auditorium.

Polls will close at 7 p.m.

SLIM TURNOUT REPORTED ELSEWHERE IN STATE

BY THE ASSOCIATED PRESS

Texas straggled to the voting places Tuesday to say "Yes" or "No" to five proposed amendments to the state constitution.

Early reports indicated a slim turnout.

Voting was light in most Austin precincts following a brief flurry shortly after the polls opened. Election officials there said voting should pick up again later in the day.

Voting was reported extremely light in most of 144 Dallas County precincts.

Also at stake are state representative posts in 12 scattered districts. The winners won't serve unless a special session of the Legislature is called before Jan. 1, 1953.

Allies Stop Drives On East Coast

U. S. 8th ARMY HEADQUARTERS, KOREA—(AP)—United Nations troops stopped a series of coordinated Red attacks Tuesday along the muddy east coast of Korea.

The Reds attacked along a three-mile front in the Kosong sector. The attacks began before midnight. By 7:10 a.m., the Eighth Army said, the last Communist soldier had been driven back to his own lines.

The Kosong sector is 45 miles north of the 38th parallel, and the northernmost point of the front.

It was the only action, aside from patrol clashes, reported in the Eighth Army's evening communiqué.

Sixty miles northwest of Kosong, UN warships carried their siege of Wonsan into the 27th day. Destroyer guns set a big Wonsan supply dump aflame Monday.

Skies Clear Tuesday

Skies cleared Tuesday and U. S. Fifth Air Force fighter-bombers kept North Korean rail lines in more than 100 places.

U. S. F-51 Mustang pilots reported they killed or wounded about 150 Reds in close support strikes near Ando on the eastern front north of the Punchbowl.

Weather was so bad Allied carriers did not launch a single plane Monday on the east coast. But on the west coast the Australian carrier Sydney launched its 1,000th sortie in the Korean war.

The Fifth Air Force kept its fighters and fighter-bombers on the ground Monday. But all-weather B-29 superforts hit two air fields in Northwest Korea.

Seating Of Peiping Reds Is Rejected

PARIS—(AP)—The Soviet Union Tuesday ran into a series of rebuffs in the United Nations General Assembly. The Assembly refused to consider giving China's seat to the Peiping Communists, agreed to take up a Western plan designed as a first step in reuniting Germany, and decided to consider a Yugoslav complaint of hostile Soviet actions.

\$8,750,000 Credit Is Given Iran

WASHINGTON—(AP)—Iran, almost bankrupt in a dispute with Great Britain over its rich oil reserves, received an \$8,750,000 emergency credit Tuesday from the International Monetary Fund.

The fund announced it would exchange that amount in dollars for Iranian rials at the rate of 32.25 rials per dollar.

Iran can spend the dollars now to bolster its tottering economy and return them to the fund when it weathers the financial crisis.

Breathing Spell

The fund's action gives Iran a breathing spell in the economic crisis arising from its dispute with Great Britain over the Iranian government's move to take over oil properties formerly held by England.

A fund spokesman said fund directors unanimously approved the exchange of rials for dollars on the assumption that the oil dispute eventually will be settled and Iran's economic stability will be restored.

Iran Premier Mohammed Mossadegh arranged a final day of conferences with American mediators, but there was no sign of yielding on either side.

Jury Selection For McGee Trial Progresses Rapidly

EL PASO—(AP)—Attorneys Tuesday continued questioning prospective jurors for the sanity hearing of Richard W. McGee, 27, convicted slayer sentenced to the electric chair.

Twelve of a 32-man panel were qualified Monday. District Judge Roy D. Jackson Monday said 32 jurors would be qualified by the regular methods used in criminal cases, then each side would be allowed to scratch 10.

McGee smiled occasionally and joked with Deputy Sheriff Mike Sullivan, assigned to guard him.

McGee is sentenced to die for the 1948 slaying of R. L. Allison, Lubbock grocery executive. At the trial, witnesses testified the two men had argued over the attention McGee paid Allison's daughter.

The case was transferred from Midland after the illness of a juror stopped a sanity hearing there.

Mr. One Million Arrives In U. S.

NEW YORK—(AP)—The old world's one-millionth displaced person, swept from his Czechoslovakia home by the tides of war and revolt, was to arrive here Tuesday for a new life in the new world.

Alexander Ranezay and his family were due aboard the military transport, Gen. C. H. Muir, carrying some 1,280 refugees from Bremerhaven.

NEW YORK—(AP)—The old world's 1,000,000th displaced person gratefully stepped ashore here Tuesday and his first words were for those still waiting overseas.

The Ranezay family, including the DP's wife and their daughters, 10 and 21 years old going to Midland, Texas, they have been offered housing by William Y. Penn, a consulting geologist. Ranezay, a farmer, will act as a gardener and handyman for Penn.

Winnie Wins First Vote Of Confidence

LONDON—(AP)—The House of Commons gave Winston Churchill's new Conservative regime its first vote of confidence Monday night, beating down by a 39-vote margin a Labor attempt to halt repeal of steel nationalization.

The House, voting 220-281, rejected an opposition amendment regretting that the king's speech opening Parliament had promised an end to government ownership of the steel industry, which the previous Labor-controlled House had voted.

NOW ELIGIBLE TO VOTE—Eva Peron, wife of the president of Argentina, Juan D. Peron, casts ballot in a Buenos Aires, Argentina, hospital where she is convalescing from a major operation. Argentine women, eligible to vote nationally for the first time, flocked to the polls with a special fervor.

Aid Grant Approved For Snyder Hospital

AUSTIN—(P)—Federal hospital aid applications totaling \$8,205,000 were approved Monday by the State Board of Health.

These were for aid in constructing hospitals. The approvals were contingent on the ability of the applicants to meet all the requirements of the Hill-Burton Act and also on federal funds being made available.

Among projects approved: Scurry County Public Health Center, Snyder, \$80,000.

Jacoby On Bridge

By OSWALD JACOBY

Written for NEA Service

A little learning is a dangerous thing in bridge as in anything else. The other day I saw a couple of good players butcher a defense in a way that simply wouldn't occur to average players.

West opened the king of diamonds, and East very properly played the queen. His motive was very simple and very correct. He wanted West to continue the diamonds.

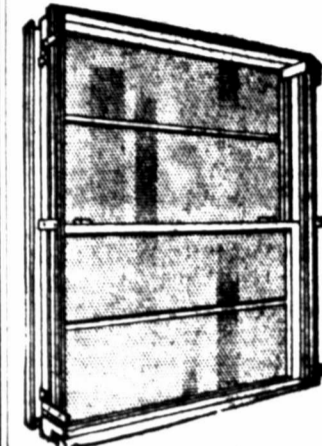

Any average West would understand what was expected of him. He would lead a second round of diamonds, forcing dummy to ruff.

After that, declarer could huff and he could puff, but he couldn't capture East's king of trumps. He would be unable to take two trump finesses with only one trump in the dummy.

However, West was no average defender. He had heard about the

rode around successfully, and dummy continued with the three of spades. South won the second trump finesse with the queen, drew the last trump with the ace, and then ran the clubs to discard his losing diamonds.

The difference between the sensible defense and West's brainstorm was 1530 points. What's more, this sort of thing is being done all over the country in the name of the higher skill.

There is a place for the suit preference signal. When you lead a card for your partner to ruff, you can lead high to show that your entry is in the high side suit; or you lead low to show that your entry is in the low side suit. There are even one or two other ways to use suit preference, but don't dream of using it on a simple follow-suit play. In that situation, a high card should mean "Lead the suit again, partner," while a low card should mean,

"suit preference" signal, and he was one of those players who like to work a good thing to death.

West said to himself: "My partner is trying to indicate which suit to shift to. A high diamond means the higher side suit (hearts), while a low diamond means the lower side suit (clubs)."

So West shifted to a heart, and South proceeded to wrap up the slam and the rubber. South ruffed the heart, got to dummy with a club, and led the eight of spades from dummy. The eight of spades

Don't lead the suit again unless you have a very good reason of your own.

CARD Sense

Q—The bidding has been:
West North East South
1 Diamond 1 Heart 2 N.T. Pass
3 N.T. Pass Pass Pass
You, South, hold: Spades 10-8-7-4, Hearts Q-J-3, Diamonds 6-2, Clubs J-9-8-5. What do you lead?
A—Lead the queen of hearts. Your partner's suit offers the best chance to set the contract. With touching honors in your partner's suit, lead the higher honor.

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold: Spades 10-8-7-4, Hearts Q-6-3, Diamonds 6-2, Clubs J-9-8-5. What do you lead?

Switch From Heavy To Comedy Has Barry Sullivan Beaming

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Exclusively Yours:

Barry Sullivan's beaming over his switch to comedy with Esther Williams in "Scurry Ahoy" following his light touch in "Three Guys Named Mike."

"I got a bad break when I first stepped off the train in Hollywood," he tells it. "They took a look at me and said, 'There's a tragic face,' and I got stuck with gangster roles."

Barry is out-doing the Movie-time, U. S. A., junketeers by preaching a Sunday morning sermon at a Harrisburg, Pa. church. It's a favor to his mother-in-law. Then he goes to New York for press interviews.

"The last time I was there, I talked to the press so much that I wound up with laryngitis. I called the hotel switchboard girl, strained my vocal chords and whispered: 'Can you understand me?'"

"Of course," said the girl brightly. "You're Barry Sullivan. I'd recognize your voice anywhere. You always talk that way in your pictures."

The bets are on that Nina Foch will become Mrs. Vincent Minnelli before Judy Garland becomes Mrs. Sid Luft. The preacher's already breathing down their necks.

Joel McCrea has nixed NBC's offer to star in a TV version of his radio series, "Texas Rangers."

"I gave 'em a lot of excuses," he told me. "I told 'em I would have to give up movies. Look, I just don't want to work that hard."

Martha Stewart is seeing ex-hubby Joe E. Lewis again. She will divorce Hollywood actor George O'Hanlon in Reno when Vivian Blaine relieves her of her role in "Guys and Dolls," then bounce back to a movie career.

Printed reports that Bill Bendix walked out of a Movietime, U. S. A., stint in New York because he didn't like his hotel accommodations are branded as "false and malicious" by Bill, who told me:

"I've lived in too many joints for that. The true story is that the arrangements were fouled up and when I arrived in New York I was told there wasn't anything for me to do."

Jerry Adleman's telling about the busy film executive who asked his secretary where his pencil was.

"It's behind your ear," she replied. "Come, come," snapped the executive. "I'm a busy man. Which ear?"

First cameraman about Maureen O'Hara: "Her face is her fault line." Second cameraman: "Yeah, and it runs into a terrific figure."

There's a buzz that the ring on Piper Laurie's engagement finger is

Wesleyan Guild Studies Bible

Mrs. O. M. Lutton and Mrs. Vera McLeRoy gave the study from the Book of Acts at the Wesleyan Service Guild meeting Monday.

Mrs. S. H. Gwyn led the opening prayer and Mrs. George Vannaman was in charge of the business meeting. Mrs. Miss of Andrews, district secretary, will be guest speaker at the dinner meeting November 28.

Mrs. Vida Severance gave a report on the district meeting held Sunday in Big Spring.

Others attending were Pauline Kirk, Mary Louise Yoe, Lois Robinson, Gustava Easley, Mrs. A. W. Son, Ruth Donnell, Theresa Klapproth, Helen Anderson, Winifred Estelle and Ora Teagarden.

DIRECTOR — Dr. Robert W. Bedford is director of the Austin College A Cappella Choir. The choir will give a concert at 8 p.m. Tuesday in the First Presbyterian Church. The group is making its tenth semi-annual tour.

NOYES' HAVE DAUGHTER — Mr. and Mrs. Jack Noyes of Sonora and formerly of Midland, announce the birth of a daughter, Debra Lea, born Tuesday. The baby weighed eight pounds, four and a half ounces. Noyes is assistant football coach in Sonora.

CWF To Boost Jamaican Relief

The Christian Women's Fellowship of the First Christian Church voted Monday to collect used clothing for Jamaican relief.

The decision was made at the group's meeting in the fellowship hall, following the reading of a letter from the United Christian Missionary Society asking for help. The clothes are to be brought to the church between 9 a.m. and 5 p.m. daily within the next two weeks. The group also plans to collect clothes for Jarvis College and the Fowler Orphans Home.

Following the program, led by Mrs. W. G. Ataway, Mrs. C. R. Webb conducted a panel discussion on the recent convention in Big Spring. Participating were Mrs. E. D. Riddle, Mrs. S. P. Hall, Mrs. Tom Campbell and Mrs. Clyde McHam. Mrs. Ataway gave the devotional. A letter was read to explain the functioning of the Midland Children's Clinic.

Others attending were Mrs. Charles L. Klapproth, Mrs. Frank Curtis, Mrs. E. J. Pierce, Mrs. E. D. Riddle, Mrs. E. N. Gideon, Mrs. W. H. Price, Mrs. Woody Elkin, Mrs. Wayne Moore, Mrs. Paul Martin, Mrs. J. H. Elder, Mrs. Glen Brunson, Mrs. Wade Heath, Mrs. V. E. Chapman, Mrs. Clyde Lindsley and Mrs. Harlin.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, NOV. 13, 1951-3

First Methodist WSCS Conducts Business Sessions, Programs

Circles of the Woman's Society of Christian Service of the First Methodist Church met Monday for programs and business sessions.

It was announced the WSCS would hold a general meeting at 3 p.m. Monday in the education building for the closing program of the current study. A film, "Wings of the Word in Latin America," will be shown.

Mrs. W. B. Hunter was hostess to the Winnie Prothro Circle Monday. Mrs. B. F. Haag gave the opening prayer and the devotional and Mrs. R. L. Kirk, assisted by Mrs. Haag and Mrs. Joe V. Birdwell, conducted the study. Mrs. E. A. Crisman presided in the absence of the chairman, Mrs. N. G. Oates. Guests were Mrs. O. W. Nixon, Mrs. J. C. Hunter and Virginia Hunter. Others attending were Mrs. C. H. Shepard, Mrs. A. W. Stanley, Ola Bales and Mollie McCormick.

Mrs. Terry Tidwell led the lesson on "We Americans, North and South," Monday at the meeting of

the Laura Haygood Circle in the home of Mrs. R. R. Russell.

Mrs. R. M. Turner gave the opening prayer and Mrs. A. J. Norwood, the closing prayer. The devotional, "The Story of America, the Beautiful," was given by Mrs. Tidwell. Others present were Mrs. Minnie Crumley, Mrs. M. W. Whitmore and Mrs. R. D. Myers.

Mrs. Norman Mayberry gave the ninth chapter of the study, "We Americans, North and South" Monday at the meeting of the Belle Bennett Circle. Mrs. L. B. Manning was hostess.

The group presented a corsage to Mrs. Manning, who is to leave Tuesday for a year's study in Venezuela. Mrs. Bowman read the story from "He Wears Orchids" and Mrs. Mayberry gave the devotional, "What One Can Do." Mrs. Bowman presided in the absence of the chairman. Mrs. J. L. Barber also was present at the meeting.

The Mary Schaubauer Circle met in the home of Mrs. Velma Smith. Mrs. E. O. Messersmith, vice-chairman, presided.

The opening prayer was given by Mrs. George Bradbury. Mrs. W. E. Chapman led the study from a chapter of the chosen book.

Mrs. E. J. Stewart reviewed "God Is My Partner."

Other members present were Mrs. R. S. Watkins and Mrs. W. A. Black.

Desk, Derrick Club Is Organized Here

The organizational meeting of the Desk and Derrick Club of Midland was held recently in the Petroleum Building.

The club teaches the secretary the ins and outs of the oil industry. Clubs have been organized throughout the United States and Canada. At the initial meeting Burlingame Guyer was elected temporary chairman. Doris Hanks is publicity chairman. Nominating committee members are Mary Elder, Helen Snyder and Marguerite Fine.

Members of the by-laws committee are Fannie Bess Taylor, Jack Harbison, May Belle Graves and Ruth Donnell.

Other charter members present were Glenn Herring, Olivia E. Hick, Sue Reid, Dorothy Fallin, Margaret Larkin, Mary Hook, Doris Wellborn, Billie Jackson, Betty Wright, Elsie Pliska, Madolyn Dickson and Helen Brasher.

The next meeting of the Desk and Derrick Club will be held at 7 p.m. Wednesday in Room 313 of the McClintic Building.

Parish Workers Elect Officers

Mrs. E. W. Bodeman was elected president of the Parish Workers of the Grace Lutheran Church at a meeting Sunday. The meeting was held in the Parish House.

Other officers elected were Mrs. Leland Huffman, vice president; Mrs. Gus Teinert, secretary; Mrs. Hans Rowack, treasurer, and Mrs. Vick Reinholz, reporter.

Mrs. E. W. Knabe and Mrs. H. Schauer were hostesses. Others attending included Mrs. William Baumann, Mrs. Gilbert C. Becker, Mrs. H. L. Beckmann, Mrs. Norbert Harms, Mrs. Norman Hockback, Mrs. C. J. Lowke, Mrs. Gus Meissner, Mrs. A. E. Puller, Mrs. Gerhardt Synetschek and Mrs. A. C. Teinert.

And as soon as we had heard these things, our hearts did melt, neither did there remain any more courage in any man because of you: for the Lord your God, he is God in heaven above, and in earth beneath.—Joshua 2:11.

Day Of Reckoning

When Congress reconvenes in January, it will have to face all over again the questions of taxes, inflation, and colossal government expenditures.

President Truman got a \$5,700,000,000 tax bill from Congress this year when he had asked for almost twice that. He already has served notice he will ask more levies when the lawmakers return.

But at least two factors militate against his getting what he wants. The first is that 1952 is an election year. Congress is notoriously reluctant to vote a single additional penny in taxes when it must confront the voters the same Fall.

The second thing is that many lawmakers firmly are convinced we almost have reached a ceiling on taxes, that the American people will not and should not stand for higher levies.

This attitude was amply expressed in the sudden upset of the 1951 tax bill in the House during the closing days of the session. The reverse was temporary, but it may easily have been a harbinger of 1952 events.

If Truman's forthcoming tax proposals are indeed doomed, the ingenuity of both Congress and the Administration in meeting the problems of new inflation, and even heavier spending, will be sorely tried.

The 1951 session appropriated \$91,664,860,000 for use in the current fiscal year ending next June 30. That is the largest sum ever voted in peacetime, and comes close to matching the heaviest budgets of World War II.

As everyone knows, the overwhelming bulk of that money was earmarked for our own defense, and for military and economic assistance to our allies around the world. The military appropriation, for example, ran to \$57,000,000,000.

Economic forecasters, casting up a potential balance sheet for the year, believe these expenditures will outdistance revenues by almost \$10,000,000,000. Even the new tax bill will not make much of a dent this time, since it is taking effect for the most part well after the start of the fiscal year.

Next year the biggest budget items promise to be bigger still. A boost in the Air Force from the present 95 groups to 130 or 140 will cost added billions. The ground is being prepared for heavier atomic energy requests to finance the more varied atomic-weapons arsenal we are building.

If there is no new tax bill, the deficit will be greater. The deficiency will have to be made up, as always, by government borrowing. But this throws part of the burden for present armament upon future generations. And besides, borrowing is highly inflationary, since it has the effect of adding new sums to the monetary stream.

Without adequate checks, government spending is certain anyway to increase inflationary pressures. Billions will be put into circulation in the form of wages and other payments. But wage and salary earners will have less evil than goods to buy, and thus may bid up prices of the things that are on hand.

Congress plainly has its work cut out for 1952 if it intends to shrug off more new taxes. It may have to cope with unruly inflation. And it may have to do something convincing about government economy. The Hoover Commission showed the way to vast potential savings, but thus far the lawmakers barely have scratched the surface. The pleasant game of postponing the day of reckoning cannot be played much longer.

FUNNY BUSINESS

"Believe you me, he's doing this on his own!"

Maybe He Just Doesn't Care For The Sport

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, by The Bell Syndicate, Inc.)

Drew Pearson says: Three figures point up world's struggle for peace; Eisenhower recognizes need for United States of Europe; We should try to sell Europe our Declaration of Independence.

WASHINGTON — Three figures in three different parts of the world last week pointed up the story of the world's hopes, its pains, its fears.

Figure No. 1 was a young girl whose courage and graciousness won great sympathy, but who in a way seemed a little sad—because she represents a once-great empire which has seen its best days and now has to lean heavily on wealthy cousins and its dominion children.

Figure 2 was an aged, valiant, prime minister, returned to office at the age of 78 to guide the limping destinies of a country whose stock market skidded to alarming lows in a virtual vote of no confidence in even his ability to cope with his nation's crisis.

Figure No. 3 was an American soldier who flew home from Europe to report on his difficult, discouraging task of building up an army to defend countries so war weary they almost would prefer to be conquered than to fight.

Of the three Winston Churchill represented a brave attempt to revive private enterprise in an area slowly being engulfed in red tape and regulation. Princess Elizabeth represented the brave attempt of the next generation to cope with problems which their elders have so miserably failed to solve; and General Eisenhower represented the thesis that from armed might is derived peace.

All three, however, were symbols of hope—tired, discouraged, lacking hope, it is true, but nevertheless hope.

Money And Hope That hope in each case, however, was based on virtually the same foundation—money from the U. S. Eisenhower has to have more American money if he is to succeed in rearming Europe. Churchill will desperately need two billions if British finances are not to reach the vanishing point. And it was part of the princess' job to help create the goodwill so necessary for American-British economic cooperation.

However, money is not inexhaustible. Furthermore, it is only a temporary expedient.

They (the Russian people) are virile and vigorous with imagination and inspiration (but with little signs of human kindness, compassion, courtesy).

Expanding our capacity... is not going to bankrupt us or overstrain us if we avoid waste and apply the self-restraint of good management and austerity in our military departments.

You (Americans) have already lost one freedom, the freedom to spend 25 per cent of the money you earn. It could be 40 per cent or more. It's just as easy a way to get to socialism as any other.

Q—What is the heaviest atom yet discovered? A—This is californium, whose production by means of high-energy particles from the cyclotron at the University of California was announced early in 1950. Its atom is 244 times as heavy as the lightest atom of hydrogen, which is the lightest atom of hydrogen, which is the lightest known.

Q—Does a jack rabbit change its color in winter? A—As winter approaches, in the north, they slowly shed their gray or brown coats, eventually getting white coats, matching with snow. Jack rabbits that live in hot desert areas do not change color.

Q—What are the official languages of Latin America? A—Spanish in 18 nations, Portuguese in Brazil, French in Haiti, English and Spanish in Puerto Rico.

Q—Was Theodore Roosevelt the youngest President of the United States, also the youngest Vice President? A—No. The youngest Vice President was John Breckinridge, who served under Buchanan. Vice President Breckinridge was 36.

Q—Does crab grass grow best in the sun or shade? A—Crab grass like sun; it does not sprout in the shade.

The only record to come from the (1951 American Legion) convention was criticism of our government—the State Department, the Joint Chiefs of Staff and the Administration.

Col. Joseph Donahue, commissioner of District of Columbia.

PETER EDSON'S European News Notebook

Naming Of Ambassador To Vatican Surprised Even Ambassador Dunn

ROME—(NEA)—President Truman's surprise bid to name Gen. Mark Clark ambassador to the Vatican caught nobody more unprepared for the announcement than the U. S. Embassy in Rome. Ambassador Jimmy Dunn had just returned to Rome from Washington, where he sat in on conferences with Italian Prime Minister Alcide de Gasperi. In the week he was in Washington, neither the President nor the State Department had mentioned to Ambassador Dunn the possibility of naming an ambassador to the Vatican. This reveals how President Truman operated. Usually there is diplomatic exchange of notes before appointing an ambassador, to make sure he is acceptable to the government to which he is to be accredited.

PARIS—Building General Eisenhower's European army isn't just a matter of purely military problems. His staff, under Gen. Alfred M. Gruenther, has to be concerned with the economies of the nine North Atlantic countries in Europe, to make sure they are sound enough to support armed after the American troops go home.

PARIS—Every military headquarters has a "brain trust" of smart young fellows who don't get much in the limelight, but who are expected to come up with the answers whenever the big brass pushes a buzzer. General Eisenhower's headquarters is no exception.

PARIS—Every military headquarters has a "brain trust" of smart young fellows who don't get much in the limelight, but who are expected to come up with the answers whenever the big brass pushes a buzzer. General Eisenhower's headquarters is no exception.

Have a Laugh

When I hear a man declare he is a self-made man, I always think of the bald-headed man who made such a statement in a speech, whereupon a little boy called out, "Mister, then why didn't you give yourself more hair?"

A man who declared, "I am a self-made man" evoked this retort from the famous editor, Horace Greeley, "That certainly relieves the Almighty of a great responsibility."

When the curious-looking birds are captured they will be rushed by air to St. James Park, outside Buckingham Palace, in England.

Monday, James Carter, news editor of the Galveston News, was commissioned formally by the Game and Fish Commission to deliver four of the birds to London.

DADDY RINGTAIL

Daddy Ringtail And Huffen Simple Simon

The Huffen Puffen, the friendly wolf, had built himself a boat, he had. The boat's name was "GENEVIEVE," and because the boat be-

longed to the Huffen, he had named the boat these words: "MY GENEVIEVE."

The boat sat on the ground outside the Huffen's hollow tree house. The Huffen sat on a stool beside the boat, and in his hand was a fishing pole. The Huffen was fishing for fish, he was, hoping to catch a fish swimming inside the boat.

It was Daddy Ringtail, your monkey friend, who came along just then. "Oh, Huffen Puffen," said

Daddy Ringtail in a very gentle voice. "Sssh!" said the Huffen. "I am trying to fish for fish, I am." And the Huffen raised up the fishing pole to see if a fish in the boat had got on the end of the fishing line.

"Oh, Huffen Puffen," whispered Daddy Ringtail. "Huh?" asked the Huffen in a whispering voice.

"Huffen," whispered Daddy Ringtail, "there once lived a fellow whose name was 'Simple Simon.' Everyone laughed at Simple Simon."

"Why?" asked the Huffen. "Because," said Daddy Ringtail, "Simple Simon tried to fish for fish in his bathtub. That is why everyone laughed."

"Was there something funny about it?" asked the Huffen.

"Indeed there was," said Daddy Ringtail. "Why, there weren't any fish in Simple Simon's bathtub at all—not a single fish for Simple Simon to catch."

"Oh!" said the Huffen with a little chuckle.

And Daddy Ringtail began to laugh out loud to show the Huffen how really simple this Simple Simon really was. "Ho! Ho! Ho!" laughed Daddy Ringtail.

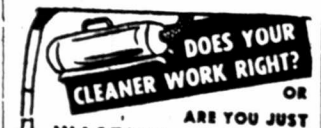

By WESLEY DAVIS

"Haw! Haw! Haw!" laughed the Huffen with him, but then of a sudden the Huffen said "Sssh!" "What is it?" whispered Daddy Ringtail.

"I think I have a bite," whispered the Huffen, and he meant he thought he was just about to catch a fish from inside his boat, and he didn't see at all that he was foolish like Simple Simon. No sir, because often it is hard to see the foolishness all our own. Happy day! Happy surprise tomorrow. (Copyright 1951, General Features Corp.)

Permian Basin Oil And Gas Log—

(Continued From Page One)
tion in the Pennsylvania line on the south side of the Sweetie Peck multipay field.

The project will be just inside the Upton County line. It is one location south of any production in the field. The drillete is 690 feet from south and west lines of section 21, block 41, T-4-S, T&P survey.

Operations are to start immediately. The project is 30 miles southwest of the City of Midland and in the northwest part of Upton County.

Spraberry Regions Get Eight Testers

Locations for eight new projects in the Spraberry Trend areas have been made.

The Tex-Harvey field of Central-East Midland County gained two new testers.

Barnett & Rector spotted No. 1-19 Floyd estate 30 miles southeast of Midland and 660 feet from north and west lines of section 19, block 36, T-3-S, T&P survey.

Rotary tools will be used to drill to 7,300 feet to test the Spraberry. Operations will begin at once.

Another in Tex-Harvey

Mid-Continent Petroleum Corporation No. 4-T TXL is the other new site in the Tex-Harvey field of Midland County. It is 800 feet from south and 2,214 feet from east lines of section 31, block 37, T&P survey. That makes it 15 miles southeast of Midland.

It is scheduled to be drilled to 8,000 feet with rotary tools.

In the Driver-Spraberry field of Southwest Glasscock County, American Republics Corporation has a staked location for its No. 2-10 J. O. Bigby, et ux. Location is 690 feet from south and east lines of section 10, block 36, T-3-S, T&P survey.

Rotary tools will be used in drilling to projected depth of 7,755 feet. It is 17 miles southwest of Garden City.

In Southwest Glasscock Sinclair Oil & Gas Company staked another new location in the Driver-Spraberry field of Southwest Glasscock. It is No. 2 J. B. Calverley.

Location is 17 miles southwest of Garden City and 1,980 feet from south and 660 feet from east lines of section 31, block 36, T-4-S, T&P survey.

Projected depth is 7,300 feet. Phillips Petroleum Company has staked location for three Spraberry tests in the Pembroke field of Northeast Upton County.

Location for Phillips No. 6 Warren is 660 feet from south and 1,980 feet from east lines of section 27, block D, D&W survey and No. 7 Warren is 660 feet from north and east lines of the same section, block and survey. Both tests are projected to 7,300 feet with rotary tools.

To Dig To 7,200 Feet

Phillips No. 1-A, Greathouse is scheduled to drill to 7,200 feet. Drillete is 660 feet from north and 1,980 feet from east lines of section 13, block D, EL&RR survey.

Gustave Ring of Midland is to drill a 7,500-foot project in the North Pembroke field of Northeast Upton County. It is his No. 3-22-B V. P. Tippett.

Location is 2,006.8 feet from south and 2,040.5 feet from east lines of section 22, block 38, T-4-S, T&P survey.

NE Kimble Gets New Prospector

Anderson-Dunham of Junction have staked location for a Northeast Kimble County wildcat two miles north of London.

No. 1 R. F. Cannon will be drilled 900 feet from south and 2,290 feet from west lines of section 741, Robert Cochran survey.

Projected depth is 2,500 feet with rotary tools beginning at once.

Lion Finishes Field Extender In Reagan

Extending the Aldwell-Spraberry field one and one-quarter miles south-southwest Lion Oil Company No. 1 Mrs. Ruby J. Wright, in Central-West Reagan County was completed for a daily pumping potential of 124.53 barrels of 43 gravity, pipe line oil. Gas-oil ratio was 473-1.

Production was natural from open hole between 6,746 feet and 6,879 feet, the total depth. Operator set seven inch casing at 6,746 feet.

Location is 660 feet from north and 1,980 feet from west lines of section 21, block C, L&SV survey. Kemp Drilling Company No. 1

Serving the Petroleum Industry . . .

Permanent Address: Dial 4-8682
309 South Big Spring, Midland

Ed M. Hunt, wildcat one mile south of Stiles in Central Reagan County has been plugged and abandoned at 6,955 feet in sand.

The failure was 660 feet from north and west lines of section 11, block L, and five miles southeast of the Weddell-Spraberry field.

North Pecos Is Due Two New Projects

Brown & Thorp Drilling Company of McCamey and others are to drill two new projects in North Pecos County, beginning immediately.

In the Krasner-Clear Fork field the operators have staked No. 1 Cordova Union.

Location is 2,314.3 feet from south and 330 feet from west lines of section 66, block 11, H&GN survey. That makes it three and one-half miles southwest of Olvin.

To 1,500 Feet

Rotary tools will be used in drilling to projected depth of 3,500 feet. The other new location is Brown & Thorp, et al No. 1 L. L. Byrne in the Heiner field.

Drillete is 330 feet from north and 2,310 feet from east lines of section 26, block 10, H&GN survey and 10 miles southwest of Imperial.

Projected depth is 2,500 feet. Rotary tools will be used in drilling.

Gulf Stakes Offset To Upton Prospect

Gulf Oil Corporation has staked location for a northwest offset to the Greenbrier Oil Company, Mendota Oil Company and Anderson-Prichard Oil Corporation No. 1 Windham, multipay prospect three miles south of the Wilshire-Ellenburger pool in West-Central Upton County.

The new project is Gulf No. 1-L McElroy Ranch Company. Location is 660 feet from south and east lines of section 121, block D.

Projected depth is 12,800 feet to test the Ellenburger. Rotary tools will be moved in and drilling will begin immediately.

Production was from open hole between 2,980 feet and 3,120 feet, total depth. The section was treated with 8,000 gallons of acid.

Location for the new oil is 330 feet from south and east lines of section 12, block 11, H&GN survey and one mile southwest of Olvin.

Field In NE Pecos Gets Third Oil Well

Gulf Oil Corporation has completed its No. 1 Mae Hall as a half-mile west extension and the third producer for the Brown & Thorp-Clear Fork field in Northeast Pecos County.

The well pumped 28.29 barrels of 35.2-gravity oil and 1.38 barrels of salt water in 24 hours.

Production was from open hole between 2,980 feet and 3,120 feet, total depth. The section was treated with 8,000 gallons of acid.

Location for the new oil is 330 feet from south and east lines of section 12, block 11, H&GN survey and one mile southwest of Olvin.

C-W Cochran Test Swabs, Flows Oil

Shell Oil Company No. 1 Pittman, wildcat in Central-West Cochran County is shut in for storage after swabbing and flowing oil from open hole at 4,193 to 4,853 feet in the San Andres Permian.

Shut in to build up pressure after washing with 500 gallons of mud acid and treating with 1,000 gallons of regular acid, the well was re-opened and swab run twice, with the project kicking off to swab and flow 61 barrels of oil and three barrels of water in five hours.

Flows Clean Oil

No. 1 Pittman was shut in again for 12 hours, it was reopened. It flowed 60 barrels of oil and no water in three hours and then died.

For the next five hours it swabbed and flowed 50 barrels of 24 gravity oil, followed by 57 barrels of oil in seven hours.

Operator is continuing to swab and flow.

Drillete is 200 feet from south and 660 feet from west lines of section 1, block Y, psi survey and one-half of a mile east of the New Mexico line. That puts it one mile west of Bledsoe.

NW Upton Pool Gets New SW Extension

The Sharples Oil Corporation No. 1-C TXL has been completed to

extend Ellenburger production three-quarters of a mile to the southwest in the Pecos field of Northwest Upton County.

The well flowed 24 hours through a one-half inch choke to make an initial production 807.28 barrels of 32.5-gravity oil. Gas-oil ratio was 1,487-1.

Production is coming from perforations between 13,114 feet and 13,134 feet. Total depth is 13,133 feet. The perforated section was acidized with 3,000 gallons.

The extender is 660 feet from north and east lines of section 47, block 41, T-4-S, T&P survey.

S-C Terry Test Is Drilling Ellenburger

Union Oil Company of California No. 2 Cotton, reef failure in the Brownfield, South-Canyon field of South-Central Terry County, is drilling deeper after a drillete test in the Ellenburger which was topped at 12,430 feet. Elevation is 3,261 feet.

The test was taken from 12,499 to 12,523 feet. Tool was open one hour.

Recovery was 1,000-foot water blanket and 15 feet of drilling mud with no shows.

Location is 780 feet from north and 660 feet from east lines of section 91, block 7, D&W survey. That makes it four miles southeast of Brownfield.

Delaware Wildcat Spotted In Ward

W. E. Butler of Dallas has spotted his No. 1 Joe A. Worsham as a Delaware sand wildcat in Southwest Ward County.

Drillete is 467 feet from north and east lines of section 42, block 33, H&TC survey and one mile west of Barstow.

Projected depth is 5,000 feet. Rotary tools will be used to drill the venture, beginning immediately.

New Pay Opener Is Finaled In C-S Kent

San Andres production has been opened in the Central-South Kent County portion of the Cogdell multipay pool with the completion of Chapman & McFarlin No. 32-A Cogdell.

The new pay opener gauged 64-83 barrels of 36.2 gravity oil and 29.91 barrels of water daily on the pump.

The pay zone was from 1,475 to 1,570 feet.

Three quarters of a mile east of deeper production, the project, a former 7,687-foot failure, was re-drilled to the shallow pay.

Location is 660 feet from north and west lines of section 773, block 97, H&TC survey and 22 miles northeast of Snyder.

Tom Green Tester Plugged, Abandoned

Paul Teas of Dallas No. 1 Jacob, Southwest Tom Green wildcat has been plugged and abandoned at 5,758 feet.

The failure was 660 feet from south and east lines of W. B. Hunter survey No. 1130, and five miles south of Christoval.

Shallow Wildcat In C-W Crockett Plugs

The Noelke Estate of Rankin has plugged and abandoned its No. 1 Noelke fee, wildcat failure in Crockett County at total depth of 2,700 feet in the Permian lime.

The prospector did not report logging any shows of oil or gas. It was in section 88 1/2, block 1, L&GN survey.

That put it in the central-west part of the county.

TO RECEIVE SURGERY

Built in limited numbers . . . with unlimited imagination . . .
For the First Families of America
Lincoln Cosmopolitan
NOTHING COULD BE FINER
WE HAVE attached a rather larger meaning to the term "first families" than does the social register . . . though the distinguished owners of America's finest automobile are well represented in that book.
The first families of whom we speak are first in other ways as well; first in style, in taste, in their choice of the finest. It is significant that so many of these leading citizens drive the Lincoln Cosmopolitan.
They drive it for good reason. Here, embodied in this one incredibly beautiful automobile, is the most luxurious motoring the industry can offer. Here is the automobile that spoils you for other fine cars, once you have spent some miles behind its wheel. Here is the proud, the distinctive, the magnificent Lincoln Cosmopolitan.
Come into our showroom and ask to see it, to drive it. Be prepared for a new experience in motoring. Be prepared, too, for a pleasant surprise when you discover how easy it is to acquire ownership of all this luxury.

★ THE DOCTOR SAYS ★

Prevention Is Best Known Treatment For Undulant Fever

By EDWIN F. JORDAN, M. D.
Written for NEA Service
A woman writes that she has undulant fever and wants to know whether she got this infection from pasteurized milk or on the farm about 10 years ago. The answer is easy: pasteurization of milk destroys the germs which cause undulant fever or brucellosis, and is

one of the best methods of controlling the spread of this infection. If she suspects acquiring the infection on the farm 10 years ago, she probably is right.

Undulant fever, which is one form of brucellosis, is a serious health problem throughout much of the world. No one knows exactly how many cases there are in the United States because not all are reported to health authorities and undoubtedly many are not diagnosed at all. In the typical acute attack, a chilly feeling, fever, loss of weight, headaches and pains in the muscles and sweating are common. Sometimes a rash on the skin is present. The fever goes up and down in a wave-like manner and this is what has given the disease the name of undulant fever.

The disease is not always typical. In the chronic long-lasting variety, the symptoms may be few, may not be present all the time, or may resemble some other disease.

Animals, especially sheep, goats, cattle and hogs, often are infected with brucellosis. Infections of human beings can come from drinking milk from infected animals in which the germs have not been destroyed by pasteurization.

Many infections also have come from contact with the meat of slaughtered animals.

No Sure Diagnosis
Unfortunately there is no thoroughly satisfactory way of making a diagnosis. Symptoms help when they are characteristic. Skin tests also are helpful in some cases and a blood test has been considered useful in others. There is, however, a need for better and more accurate tests that are not available.

Many treatments now are in use. Some of them involve the sulfa drugs, relatives of penicillin or combinations of these. The results of treatment, however, are not always entirely satisfactory so that prevention is highly important. Undulant fever is a good disease to avoid.

WORKER INJURED
Harry Tracy, an employe of Young's Trailer Court, received lacerations of the forehead Sunday in an oil field accident. He was treated at Midland Memorial Hospital.

More Butter-Bowl Haircuts In Prospect

DETROIT (AP)—A rumored rise in haircut costs—from \$1.25 to \$1.50—virtually has cleaned Detroit stores of home-style hair clippers.
Maybe it's just a coincidence, but one store also reported a shortage of head-size butter crocks.

Teachers Must Sign Non-Subversive Oath

AUSTIN (AP)—All persons receiving state-appropriated funds in public schools or public junior colleges must take the non-subversive oath denying present membership in Communist or other subversive organizations, Attorney General Price Daniel ruled Monday.
State Education Commissioner J. W. Edgar requested the ruling.
Teachers and other personnel in public schools and junior colleges can not draw salaries which come from state funds in part or in whole until they sign the oath required by the Legislature this year, the opinion said.

More Troops Embark For European Duty

NORFOLK, VA. (AP)—Elements of the last of six American divisions assigned to the European Army under Gen. Dwight D. Eisenhower were on their way Tuesday.
A transport left the Hampton Roads port of embarkation Monday with several hundred members of the 28th Infantry Division, former Pennsylvania National Guard outfit.
The troops went aboard shortly after they arrived by train, from Camp Atterbury, Ind., where they were in training 14 months. Only a small group of relatives and soldiers was on hand.

U. S. Crude Output Slumps To Low Mark

TULSA, OKLA. — (AP) — United States production of crude oil during the week ended November 10 was at its lowest daily average in three months, The Oil and Gas Journal reported Tuesday.

The Journal figured the week's total daily average at 6,139,715 barrels, 22,560 barrels below the previous week.

More than half the net loss was attributable to a 43,125-barrel slump in Texas.

Major declines were reported also in Kansas, down 8,400 barrels to 304,350 barrels; Louisiana, off 7,900 barrels to 603,925; Oklahoma 6,850 to 502,500; Illinois, 6,100 to 163,400; California, 3,700 to 984,800; Mississippi, 2,660 to 97,240, and Colorado, 1,600 to 77,300.

Indiana fell 1,300 barrels to 31,600; Michigan dropped 1,200 to 39,200; Wyoming sagged 700 to 184,500; Alabama and Montana declined 500 barrels each to 2,900 and 24,200, respectively. Florida slipped 125 to 1,825; and New Mexico and Utah each was off 100 to 149,625 and 3,700, respectively.

The Eastern fields, up 1,500 barrels to 61,500 barrels, topped the only four areas reporting increases. Kentucky gained 600 barrels to 34,500. Arkansas added 250 to 76,500 and Nebraska inched up 50 to 7,500.

Answer to Previous Puzzle

Arkansas Hunters Kill Black Bear Freed From Circus

WALDRON, ARK.—(AP)—A trained circus bear that escaped with other wild animals when a truck overturned has been killed by deer hunters.

Sheriff Glenn Abbott said the black bear, known as "Mabel," was killed Sunday about five miles from the spot where the truck overturned October 31 and freed two leopards, two black bears, a polar bear and several monkeys.

Abbott said white hairs found near the scene led the hunters to believe the polar bear probably is in the area.

The animals, owned by the Campa Brothers Circus, led a posse of several hundred officers and volunteers on a two-day hunt through the rugged, mountainous region. The two leopards were killed, one black bear was taken alive by a circus animal trainer and three of the monkeys were found.

The day before the animals escaped, a circus lion killed a young girl, the granddaughter of a circus performer.

Television started regular program service in the East 12 years ago.

Optimists To Hold 'Family Night' Event

A "family night" event has been scheduled by the Optimist Club at 6:30 p.m. Wednesday in Ranchland Hill Country Club.

The club's Tuesday luncheon was not held.

The largest known meteorite crater, Chubb Crater in Northern Quebec, is 1,325 feet in depth.

An "amphibious" mining plant mounted on barges is being built to mine a new deposit of sulphur in swampy Bay Ste. Elaine on the Gulf of Mexico.

Since the Titanic disaster in 1912 the U.S. Coast Guard's International Ice Patrol locates icebergs and warns ships in or approaching the danger zone.

Russia Reported To Have Formidable Submarine Fleet

LONDON.—(AP)—Brassey's Annual, an unofficial British review of the world's armed forces, says Russia has a formidable submarine force which is causing apprehension among other naval powers.

The review—generally considered to receive its information from authoritative sources—said Russia is believed to have 380 submarines in service and 120 more under construction.

It said the Soviet Union now has some 2,800,000 men under arms and could mobilize 300 divisions—half of Russia's World War II peak—within two months of an outbreak of war.

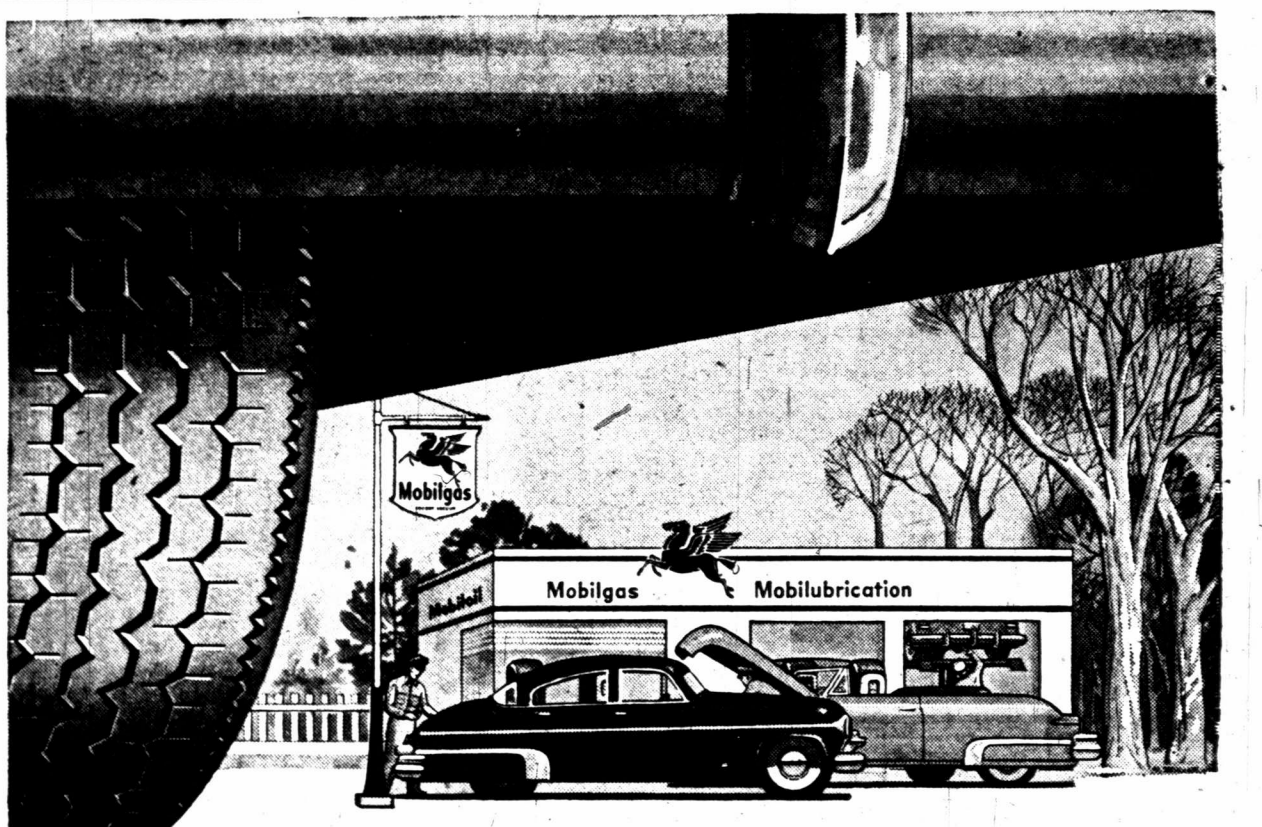

The Russian air force has "very large numbers" of high quality jet fighters, notably the MIG-15 seen in Korea, the review said.

ROUGHNECK HURT

Ray Hellen, a roughneck for News Service Crew, received laceration of the scalp and contusions of the shoulder Sunday when his car turned over after hitting loose gravel on the Andrews Highway, 15 miles southwest of Midland. He was treated at Midland Memorial Hospital.

KING'S ROW
By LARRY KING

Hey, telephone, stop ringing! . . . We don't know where you could get tickets to the Odessa-Lubbock game . . . More than 22,000 fans expected . . . We even had to make special arrangements to sit in the press box . . . Can't help you with ducats, sorry . . . Tommy Hart, the Big Spring scribe, says Midland's 1961 eleven is one of the "most impressive grid outfits ever to appear in Steer Stadium" . . . The Bulldogs broke two all-time Steer Stadium marks Friday night . . . Net offense (626 yards) and most passes intercepted (seven) . . . Booster Club meeting at 8 p.m. Tuesday in the MHS cafeteria . . . Films of Midland-Big Spring game to be filmed . . . Midland definitely is in as the 1-A-AAA champion," says our fellow-worker Tanner Laine . . . Bet Tugboat Jones wouldn't agree . . . "Sweetwater can salvage something out of its season and gain sweet revenge from last year by beating Midland," reports Scribe Bud Worsham of Sweetwater . . . We hear that Stan Coker, tackle, and Pete English, guard, are near-A students at Midland High . . .

A sports fan called and wanted us to beat the drums for big Melvin Haney to wrestle Gorgeous George when the wrestler comes here November 28 . . . Another recommended City Judge Moose Hartman . . . Duca Meyer, TCU coach, really has a problem on his hands . . . He can't decide on a starting tailback for the tilt with Texas . . . And he has Gilbert Bartosh, Mal Fowler and Ray McKown to choose from . . . Pooa fellow . . . Eddie Sawyer, the Phillips' manager, disagrees with the selection of Roy Campanella as the National League's most valuable player. Says Eddie: "As long as nobody on a pennant-winner was picked, I would say that Stan Musial was the most valuable" . . . In five seasons under Red Drew's coaching, Alabama has lost only one grid game in November . . . Why do they start the season so early? . . .

Tugboat Jones says he didn't have eight scouts watching the Plainview-Sweetwater game as reported in the Sweetwater newspaper . . . It was five, Jones says . . . New York Giants pro footballers used the T formation against the Washington Redskins Sunday, discarding—for the day—their famed "A" formation . . . Bill Glidewell, the Youth Center director, left Monday for Abilene to take his pre-induction physical for the draft . . . "It sure is," punned Glidewell, "getting drafty around here" . . . Bob Burks, five-foot 10-inch guard from Midland will be on the Texas Western basketball team this year . . . Burks was the best at MHS last season . . . David Dickinson, member of the El Paso Times staff and a former Midland newspaperman, is on the selection committee of the Refrigerator Bowl and reports North Texas State is getting some consideration for play in the Evansville, Ind., clash . . . Carswell Air Force Base of Fort Worth probably will get in a bowl too . . .

Sure a nice flock of sophomores on the MHS grid squads: Bill Mims, end; Darrall Spivey, guard and Bill Leonard, tackle, on the varsity eleven . . . And on the B, Rusty Rutledge, Clinton Hamlin, Clinton Nobles, Jerry Ball and Jim Hammett are some of the second-year boys . . . Says Harold V. Ratliff of the AP: "The Good Sportsmanship Trophy in the Southwest Conference is as eagerly sought as the trophy proclaiming a school the conference football champion" . . . Oh yeah? . . . End of The Row for now!

TCU Healthiest Team In Southwest Loop

By The Associated Press
Texas Christian University which groaned over a long injury list early this season, is one of the healthiest teams in the Southwest Conference today.

At one time TCU supporters found their team minus two veteran tailbacks and only an unknown sophomore left to fill the gap. Sophomore Ray McKown came through and now regulars Gilbert Bartosh and Malvin Fowler are ready.

It is the first time since the season was three weeks old that TCU has its three tailbacks ready to go.

The only doubtful starter for the Horned Frogs Saturday against Texas is Herbert Zimmerman, who suffered a leg injury during a foot race.

The Texas Longhorns, who committed several disastrous fumbles against Baylor last week, went through a brief workout Monday. Most of it was ball handling.

Texas A&M team heard scouting reports and looked at a film of the Aggie-SMU game. Linebacker Jim Fowler, out since the Arkansas game with a shoulder injury, was back in uniform. Bill Ballard, defensive right half, probably will be out the

rest of the season with a kidney injury.

Most of the Rice team had a light workout Monday. The reserves worked on blocking in a long scrimmage. Back Teddy Riggs missed the workout because of a pulled stomach muscle. End Sammy Ward will miss the Aggie game because of a pulled leg muscle.

The Southern Methodist Mustangs looked at films and heard reports on Arkansas Coach H. N. (Rusty) Russell said Back Dale Moore suffered a hand injury in the Aggie game but was expected to be ready by Saturday.

Coach Otis Douglas promised his Arkansas Razorbacks plenty of hard, rough work before the SMU game. He let the regulars off with a light workout but scheduled scrimmage sessions Tuesday, Wednesday and Thursday. Tackle Tom Stringer is counted out because of a torn leg muscle.

The highest scoring game in the history of the Cotton Bowl game in Dallas on New Year's Day was Texas win over Missouri, 40-27, in 1946.

Bulldogs, Pointing For Ponies, Try Varied Plays

Tugboat Jones was pulling rabbits from the hat as the Midland High School grid team drilled Monday.

Jones had the Bulldogs running a wide assortment of tricky "stuff" which they expect to spring here Friday night against the Sweetwater Mustangs in an effort to sew up a berth in the AAA schoolboy playoff.

Before the team hit the field for action Monday, Jones screened films of the Friday night game with Big Spring and held a short chalk-talk.

Midland will be in good physical encounter for the Friday night contest. Pete English, guard, still is nursing a bruised leg suffered last Friday night but expects to come around by game time Friday.

High school officials Tuesday predicted the largest home crowd of the year would turn out for the Midland-Sweetwater clash. At least 3,000 fans—and probably more—are expected.

Midland now has won six games, lost one and tied one. Sweetwater has three wins, five losses.

Jones said the Bulldog team would drill on all phases of the game this week. "We won't leave a stone unturned," he said, "as we know the Mustangs are coming to town ready for a ball game. We must be ready too."

Midland won last year, 21 to 6, for the first football victory over the Mustangs since 1940.

Low Worsham defeated Sam Sneed in the 1947 Open by one stroke when Sneed missed a 30-inch putt on the 18th green.

Booster Club To Meet Tuesday Night

Bulldog Boosters will meet at 8 p.m. Tuesday in the Midland High School Cafeteria.

Films of the Midland-Big Spring game will be shown, with comment by coaches Tugboat Jones, Red Rutledge and Audrey Gill.

Scouts will report on the Sweetwater Mustangs, who meet the Bulldogs here Friday night.

Tex Carleton is to preside.

Schoolboy Has 185 Points For Season

HUGHES SPRINGS—(AP)—Who's the leading scorer in Texas schoolboy football this season?

Leo (Bronco) Buck of Hughes Springs has collected 185 points in nine games.

Anybody done Better?

The University of Arizona basketball team scored 2,085 points last season to set a new school record.

Kermit Must Win To Share Loop Title

KERMIT—Neil Dillman's Kermit Yellow Jackets must win this weekend to share the 8-AA title and to have a chance of getting in the state playoffs.

Kermit meets Seminole Friday night in Seminole. A Seminole win or tie would end it all, as far as Kermit is concerned. Should Kermit win, Lady Luck must smile on them if they gain the bi-district tilt, as Pecos, Seminole and Kermit would be tied for the crown—and a draw from a hat would determine the bi-district representative.

Kermit, which last year advanced to the Class A finals before losing 13-9 to Wharton for the state championship, has copped six of eight games. Seminole has won seven, lost one, tied one. This is the regular-season finale for both teams.

Comparative scores against common conference foes show Kermit defeated Andrews 19 to 0, while Seminole made it 40-27. Kermit licked Monahans, 27-7, and Seminole did it, 27-6. Pecos edged Kermit, 14-13, while Seminole took Pecos into camp, 21-14.

Tough Tech Defense Meets Tulsa Power

LUBBOCK—(AP)—Just when it looks like Texas Tech is building a defense against rushing, Tulsa University looms up all set to spoil the Raiders' record.

In their last five games, the Raiders have permitted an average of only 127 yards along the ground. But the Golden Hurricane, second in the nation with an average of 337 rushing, is likely to alter things Saturday at Tulsa.

And the Raiders can't count on the Hurricane merely running. Tulsa can loosen up the Tech defenses with a passing attack averaging better than 120 yards per contest.

In fact, Buddy Brothers' eleven is second in total offense with an average of 449 yards a game.

In its first two games this season, Tech yielded 185 yards rushing to West Texas and 400 to Texas A&M while gaining 244 and 197 in the respective games. Since then, the Red Raiders have dealt out rushing yardage as follows:

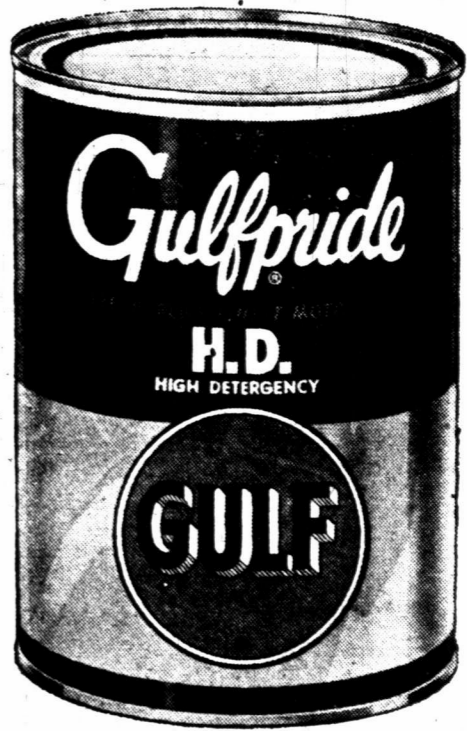

University of Houston, 166; Texas Christian, 106; Baylor University 123; Arizona University 65; Texas Western 173.

Bob Hudson is the youngest member of the New York Giants pro football team. Rookie Bob from Clemson is 21 years old.

HERE NOW! JUST IN TIME FOR YOUR FALL OIL CHANGE GULFPRIDE H.D.

HIGH DETERGENCY

- Cuts engine wear up to 80%!
Yes, in short-trip, low-temperature operation (the kind of winter driving most of us do) this new motor oil reduces engine wear by as much as 80%.
- Developed in 14,000,000 miles of driving!
800 cars and trucks of various makes were used in this test, each with a different driver. The test included all types of driving terrain.
- Keeps hydraulic valve lifters from fouling and sticking!
Your Gulf dealer can tell you if your motor has this type of high-precision valve lifter (many cars do) which requires a high detergent oil.
- Prevents plugging, sticking of piston rings, clogging of oil screens!
That means a reduction of oil consumption. Also, eliminates oil starvation of vital engine parts, caused by clogged oil screens.

Whether your car is old or new, you can get the benefits of this revolutionary new oil NOW. Start using Gulfpride H.D. this fall, when you see your Gulf dealer for complete "Safety-first" car service.

The Sacramento, Calif., woman won high honors with the famous jumper at last year's National Horse Show in Madison Square Garden. (NEA)

Spartans Back On Top In Grid Poll; Baylor Is Tenth

NEW YORK—(AP)—Michigan State, back on top in The Associated Press' football poll, may be hard to dislodge from its position as the No. 1 team in the nation.

The spectacular Spartans take on Indiana Saturday and close out their season the following week against Colorado. Both games should prove easy for the infant members of the Big Ten.

Cotton Bowl To Choose Visiting 11

DALLAS—(AP)—Just who's going to play in the Cotton Bowl is as unsettled as the weather. The Southwest Conference football race—and brother, that's as unsettled as the weather.

The Southwest Conference football race produces one of the teams—the champion is host in the Dallas New Year's Day classic. All seven members of the conference still have a mathematical chance with three weeks to go.

It is conceded, however, that Texas Christian, undefeated in three games; Rice, beaten once in three, and Baylor, defeated once and tied once in four, will produce the champion.

Maryland is the hottest prospect as visiting team. Things appeared drawing to a head Monday when Leonard M. Green, president of the Cotton Bowl, went to Washington.

Maryland apparently is willing but Coach Jim Tatum has said he'll ask the Southern Conference for permission. He also indicated that if it's refused he might go ahead and play in a bowl game anyway.

Meanwhile, Kentucky moved into the picture, and the Cotton Bowl folks hadn't given up on getting Tennessee although that team reportedly is looking toward the Sugar Bowl. And Oklahoma, Mississippi and San Francisco Universities were mentioned as possibilities.

Chances are something will break very soon.

PECOS CLUB HOLDS QUIZ ON ROTARY

PECOS — Two teams of three members each vied with each other at the weekly Rotary club luncheon in a quiz program pertaining to historical facts about Rotary International and the Pecos Rotary Club.

Conducting the quiz was Charlie Manahan, program chairman. On one team were Dick Toll, Archie Scott and Bob Dean. Opposing them were Sloan Paxton, Keith Camp and Alton Hughes. Winners will be announced Thursday.

All six National Hockey League teams started the season with the same captains they had a year ago.

Bufs Close Out With Denver City

STANTON — The Stanton Buffs—a team which has lost eight of nine games and battled to a scoreless tie in the other—meet the Denver City Mustangs Friday night in Denver City. And the Mustangs have won eight of nine games, already having sewed up the conference crown.

By way of comparison, Stanton lost to O'Donnell, 40-0, and Denver City defeated the same team by three touchdowns; Whiteface took Stanton, 12-0; Denver City defeated Whiteface, 47-0; Sundown won over Stanton, 18-6, and Denver City thumped Sundown, 36 to 0.

The game, which starts at 8 p.m. Friday in Denver City, is the last of the year for Stanton.

Ralph Kliner of the Pittsburgh Pirates has hit 40 or more home runs for five consecutive seasons. This is a National League record.

Lubbock, Lamar (H) Pace Schoolboy Football Ratings

DALLAS —(P)—Lubbock, Lamar (Houston), Ray (Corpus Christi) and Baytown continued as the big four of Class AAAA schoolboy football in the weekly rankings of the Dallas Morning News.

But from fifth on down not a single team held the same spot as last week.

Sunset (Dallas) jumped to ninth and Waco moved to the tenth spot. These teams were not ranked last week. Odessa moved to fifth, Port Arthur to sixth. Pampa dropped from fifth to seventh and Arlington Heights (Port Worth) went from ninth to eighth.

Judy's Collapse Closes Stage Show Until Friday Night

NEW YORK —(P)—Judy Garland's show at the Palace Theater has closed until Friday to give the red-haired singer a rest after a backstage collapse.

A medical report said Miss Garland "rested comfortably" Monday. She faltered during her Sunday evening performance, then collapsed off-stage. Her doctor said she was suffering from "nervous exhaustion."

The theater management made no attempt to go on with Monday night's performance, and called off the seven matinee and evening shows between now and Friday night. All the performances were reported sold out.

Miss Garland, 29, making an American comeback after a London triumph, has been playing to standing-room-only audiences since she helped revive vaudeville at the Palace last October 18.

100,000 Egyptians Hold Silent Parade Against British Rule

ALEXANDRIA, EGYPT.—(AP)—About 100,000 marchers—three fourths of them schoolboys—paraded in silence Tuesday in an anti-British demonstration marking the thirty-first anniversary of Egypt's bid for independence from British rule.

The government had banned shouting by the paraders, but they carried banners denouncing the British. There were hundreds of such banners, with such belligerent slogans as "Get Out, You Dirty British!" and "No Cooperation With English Killers of Women and Children!"

In Cairo, Prime Minister Mustafa El Nahas Pasha said in a speech during an Independence Day celebration that Western policy in the Arab world "will undoubtedly lead to catastrophe" and that the West's glory would fade like that of ancient Rome if it continued "to ignore Arab national aspirations."

The prime minister, whose government has rejected a Western bid to join a Middle East defense command against Communist expansion, said Egypt will accept nothing less than evacuation of all British troops from the Suez Canal area and full unity of the Sudan with Egypt.

Nahas Pasha said Western defense proposals "will never change Egypt's attempts to achieve these aims."

Egyptian officials in Cairo and the Suez area reported the situation quiet in the Canal Zone, although the Egyptian press reported an attack on a British Royal Air Force camp near Ismailia. The interior ministry denied this. A British spokesman in Cairo also denied the reports.

The Egyptian government had nevertheless relaxed its ban on public demonstrations to permit the parade in Alexandria and another Wednesday in Cairo which will be a giant mourning demonstration for Egyptians killed in the Suez Zone in battles with the British.

Seattle Grocer, Nominated For President On Greenback Platform, Willing To Run

SEATTLE.—(AP)—A Seattle neighborhood grocer is the nation's first nominee for the 1962 presidential race.

But, he says modestly from behind his campaign counter, he really doesn't expect to win.

The Greenback Party announced in Indianapolis Monday the nomination of Fred C. Proehl of Seattle for the White House.

The party platform, in brief, is: "Let's have more of the green stuff."

It advocates issuance of greenbacks by the government "directly to the people for services and supplies."

Proehl said he was "mildly surprised" at the nomination. His wife started right off joshing him about what she would wear "when we get to the White House."

"But we're not fooling ourselves," said Proehl. "We won't make much of a scratch, but we're going to keep on trying to expand. Maybe some day it will be a different story."

The neighborhood grocer will be the presidential campaign headquarters. He is a member of the Seattle Grocers Association.

Proehl said he was "mildly surprised" at the nomination. His wife started right off joshing him about what she would wear "when we get to the White House."

Marines Climax Gigantic Maneuvers

ONSLow BEACH, N.C.—Maneuver-hardened Marines of the Second Division swarmed ashore here Tuesday to climax maneuvers involving 120,000 men and 200 ships.

Warships of the Atlantic Fleet laid down a withering softening-up fire along the beaches just before the Marines invaded.

Before the first assault wave hit the beach, the invaders lost a theoretical seven per cent of their force of 20,000 men. A blinding glare off-shore among the ships stretched as far as the eye could see. It represented an atomic bomb explosion.

The operation climaxed maneuvers Lanifex 52, the largest amphibious exercise since the Korean war and one of the largest in the nation's history.

Since September the huge maneuvers have centered upon Puerto Rico and the Island of Vieques pronounced Vee-A-Keest.

The operation on Onslow beach and the entire Lanifex maneuver will wind up November 20. Between now and then the invaders will not only secure the beachhead, but will have to cross the 100-yard wide intra-coastal waterway—which is 500 yards from the beach—mop up on the beach side, and then cross two-mile wide river and link up with a similar beachhead invasion force which theoretically landed at Morehead City, N.C.

Proehl said he was "mildly surprised" at the nomination. His wife started right off joshing him about what she would wear "when we get to the White House."

"But we're not fooling ourselves," said Proehl. "We won't make much of a scratch, but we're going to keep on trying to expand. Maybe some day it will be a different story."

The neighborhood grocer will be the presidential campaign headquarters. He is a member of the Seattle Grocers Association.

Proehl said he was "mildly surprised" at the nomination. His wife started right off joshing him about what she would wear "when we get to the White House."

"But we're not fooling ourselves," said Proehl. "We won't make much of a scratch, but we're going to keep on trying to expand. Maybe some day it will be a different story."

The neighborhood grocer will be the presidential campaign headquarters. He is a member of the Seattle Grocers Association.

Capital Overloaded With Upper Brass, Subcommittee Says

WASHINGTON.—(AP)—The Senate Preparedness subcommittee complained Tuesday the Washington area is overloaded with "upper brass"—high-ranking military officers—and armed forces civilian employees.

It is obvious that the Defense establishment is tending toward an administrative top-heaviness that is inefficient, wasteful and dangerous," the armed services group said in a report.

"Unless the trend is halted now we could, in the classic phrase, wind up with the fighting forces composed of 'all chiefs and no Indians.'"

The report said there now are almost as many general admirals and defense establishment civilians stationed at the Pentagon and in the general Washington area as there were during World War II peak strength when the armed forces were three and half times their present size.

Proehl said he was "mildly surprised" at the nomination. His wife started right off joshing him about what she would wear "when we get to the White House."

"But we're not fooling ourselves," said Proehl. "We won't make much of a scratch, but we're going to keep on trying to expand. Maybe some day it will be a different story."

Boon Hardin Rites Slated Wednesday

Funeral services will be held at 11 a.m. Wednesday in Lovington, N. M., for Boon Hardin, 59, retired rancher, who died there Monday.

He was a brother-in-law of Mrs. Carl S. Reeve, of Midland.

Survivors include the widow, a son, two brothers and a sister.

Negro Shot In Arm; Another Is Held

A 27-year-old negro baker's helper was shot Monday morning as he sat in an automobile but his arm wounds were not regarded as critical.

Joe L. Williams, 200 South Madison Street, told police another negro fired a shotgun at him, the bullets entering his arm and scattered glass cutting his face.

He was given treatment at Western Clinic-Hospital. The other negro man is being held for questioning.

President Starts Work On Speeches

KEY WEST, FLA.—(AP)—President Truman's press secretary said Tuesday he already has started preliminary work on three major messages he will submit to Congress in January.

The secretary, Joseph Short, said he has gone over with his staff the broad outlines of the "State of the Union Message" and that work is well-underway of the budget and economic messages which will follow it.

Sharing importance with the messages to Congress will be the President's meeting sometime in January with British Prime Minister Churchill in Washington.

SUFFERS BURNS Mrs. Geraldine Sheridan, 508 South Main Street, suffered burns of the arms and forehead Monday when she was lighting the pilot of a stove. She was given emergency treatment at Western Clinic-Hospital.

Byrnes Says South Owes Loyalty To No Political Party

HOT SPRINGS, ARK.—(AP)—Gov. James E. Byrnes of South Carolina declared Tuesday the South owes its loyalty to no political party or candidate in next year's presidential election.

The governor told a news conference he is opposed to the renomination of President Truman and would support either Sen. Richard Russell (D-Ga.) or Sen. Harry Byrd (D-Va.) for the presidency.

He added that "true Americans" owe their loyalty to their country rather than to any political party or leader.

And he made it clear that he believes a Southern revolt against Truman should not be judged on any basis of political loyalty.

Byrnes' statements were in direct answer to a plea from House Speaker Sam Rayburn for Southern Democrats to remain loyal to the Democratic nominee next year regardless of who he might be.

Rayburn told the Southern Governors Conference into a turmoil Monday night when he pleaded for party loyalty and also sharply criticized Republicans.

Howard County Sets Social Liquor Vote

BIG SPRING.—Howard County voters will decide in a special election December 8 whether the sale of liquor will be legalized.

The election was called after a petition was presented. Howard County voted dry last November after the sale of liquor had been legal for 12 years.

Livestock

FORT WORTH.—(AP)—Cattle 3,000; calves 2,000; slaughter cattle and calves were slow and weak here Tuesday with cows around 100 below last Friday's figures. Good and choice stockers and feeders ruled fully steady but common stockers were barely steady. Good and choice slaughter steers and yearlings 30.00-34.00; common and medium kinds 19.00-28.50; beef cows 19.00-24.50; good and choice slaughter calves 28.50-32.00; common and medium calves 19.00-29.00; good and choice stocker calves 29.00-35.00; medium and choice stocker steers and yearlings 26.00-32.00.

Hogs 800; sows and butcher hogs steady to 25c higher and feeder pigs were steady to 100 up; good and choice 180-270 lb hogs topped at 18.75; lighter and heavier hogs 17.50-18.50; sows 15.00-17.00; pigs 17.00 down.

Sheep 2,700; sheep and lambs were slow and weak; good and choice slaughter lambs 27.00-29.00; stocker and feeder lambs 16.00-25.00; fat yearlings wethers 22.00-24.00; slaughter ewes 10.00-13.00.

Train Crash—

(Continued From Page One) deny was a terrific roar," he said, "and I saw smoke screaming." He said "I guess that was the steel being torn apart."

Henetz said he rushed outside and helped a woman from the top of the shattered wreckage. "How she was thrown out I'll never know," he said.

A Bible also was thrown into the snow beside the carnage. A woman picked it up. Nearby lay a "zoom-ray gun," the toy of some child.

The snow let up as rescue operations began. It was a foot deep near the wreck; drifts nearby were deeper.

The snow began again at nightfall. Workmen rigged floodlights. They continued their work in sub-freezing temperatures.

A. F. Denham of Detroit was riding with his wife in a compartment of the City of San Francisco. Denham's wife suffered a bruised leg. Denham, not hurt, said "there was not a lot of screaming. It was rather quiet for such a terrible wreck."

Standing On Spur A freight train, standing on a spur beside the main line when the crash occurred, was jounced by the collision. Several of its cars overturned.

Assistance was summoned to the crash from as far away as Salt Lake City. One ambulance from Hill Air Force Base near Ogden, Utah, crashed into a rock cliff about 30 miles from the wreck scene. No one was injured.

A rush call went out to Evanston and Ogden for cutting torches to slice into the twisted metal and free the trapped injured, dead and dying. Later, diesel oil began to leak, and the torches had to be put out and the tedious hacking done with steel saws. All the dead passengers were aboard the City of Los Angeles.

A large number of physicians were aboard the two trains, returning from a medical convention in San Francisco. They assisted local doctors in administering to the injured. Dr. Anthony F. Ippolito, of Chicago, prominent orthopedic surgeon, was killed in the wreck, with his wife. He was a speaker at the American College of Surgeons convention.

BURNED BY CHEMICALS William Grisbe 901 North Whittaker Street, suffered eye burns Monday while loading chemicals on a truck. He was treated at Western Clinic-Hospital.

MEDICAL PATIENT Mrs. Sarah M. Miller, 611 North Weatherford Street, is a medical patient at Midland Memorial Hospital.

MEDICAL PATIENT Bill Blackman, 1011 West Illinois Street, was admitted to Midland Memorial Hospital as a medical patient.

INFANT ILL Mary Helen Chabez, six-month-old daughter of Mr. and Mrs. M. F. Chabez, 709 North Dallas Street, is in Midland Memorial Hospital as a medical patient.

NET INCOME REPORTED NEW YORK.—(AP)—Standard Oil Company of Ohio Tuesday reported net income of \$15,045,484 for the nine months ended September 30. This was equal to \$3.95 a common share and compared with net of \$14,615,182 or \$3.90 a share in the like period in 1960. Sales of \$214,862,142 in the latest period compared with \$198,766,683 last year.

PIPE STRIKES SHOULDER Lloyd Counts, 1601 South Main Street, a roughneck for the Henderson Drilling Company, received a shoulder injury Monday after a pipe had struck him in an oil field accident. He was given emergency treatment at

THE FIRST THANKSGIVING

Illustrated by Walt Scott

Heavy-hearted, John Alden began to deliver Miles Standish's message to Priscilla Mullins.

"So I have come to you now, with an offer and proffer of marriage..."

"...made by a good man and true, Miles Standish, the Captain of Plymouth!"

"If the great Captain of Plymouth is so very eager to wed me, why does he not come himself, and take the trouble to woo me?"

"If I am not worth the wooing, I surely am not worth the winning!"

The trumpeter swan, believed to be the heaviest North American bird, usually weighs around 30 pounds.

The California condor, which has the widest wing span of any North American bird, can fly as high as 15,000 feet.

Yale University was started on Oct. 9, 1701, with the donation of some books by a group of clergymen.

Youth Held For Rape Of Elderly Woman

HILLSBORO—A 21-year-old Thomas S. Slettery, 21, was held in the Hill County jail Tuesday on charges of raping a 70-year-old Hillsboro woman.

The woman was suffering from shock and a heart seizure.

In the days of ancient Rome, a prison was used only as the place for holding, not for punishing criminals.

Used Car Dealers Name New Officers

FORT WORTH—Dick Smith of Waco was named president of the Texas Used Car Dealers Association at the seventh annual convention of the organization.

Other officers named Monday include Tom Blundell, Dallas, vice president, and Bill Freeman, Jr., Amarillo, secretary-treasurer.

The November, 1952, meeting will be held in Galveston.

New association directors are Ches McGlothlin, Abilene; C. E. Neel, Amarillo; Boyd Mullen, Houston; Hubert Kennedy, Longview; Dale Robbins, Lubbock, and Stone-wall Jackson, Odessa.
