**Argo Swabs Clean Oil From Wolfcamp At Glasscock Test**

Argo Oil Corporation, No. 1 M. E. Cook, Central Glasscock County wildcat, four miles southwest of Garden City swabbed 21 barrels of oil in 24 hours. There was no water.

The oil came from open hole at 7,800-7,801 feet in the Wolfcamp, lower Permian.

The section had been acidized with 2,000 gallons.

**Re-treat With Acid**  
Operator is now preparing to re-treat the same interval with 6,000 gallons of acid and test further.

Location is 680 feet from west and 1,800 feet from south lines of section 17, block 34, T-4-S, T&P survey.

The prospector drilled to total depth of 7,858 feet in the lower Permian. It did not log any signs of oil or gas below 7,501 feet. It was pulled back to that point and 5 1/2-inch casing was cemented at 7,350 feet to test the section which was left open.

**Magnolia To DST Shows In Lime At Klapproth Project**

Magnolia Petroleum Company No. 1, C. L. Klapproth, Northeast-Central Midland County exploration is taking a drillstem test on a lime string in the Pennsylvania at 10,000-9,950 feet.

The tool for the test was open two and one-half hours. Gas surfaced in 34 minutes. The gas volume was at the rate of 42,000 cubic feet per day.

**Falling Tester**  
No fluid came to the surface while the tool was open.

Operator was pulling the tester at last report.

Location is 680 feet from south and 467 feet from east lines of section 14, block 38, T-2-S, T&P survey.

The exploration is a direct west offset to Moore Exploration Company No. 1 A. R. Baumann, discovery well of the Baumann-Pennsylvanian field.

**Always Baumann Pay**  
The section covered by the current test in the Baumann No. 1 Klapproth test is the pay from which the Moore No. 1 Baumann was completed.

The Magnolia No. 1 Klapproth is two miles south of the southeast side of the city of Midland.

**Ring Will Attempt To Extend Tunstall Field In NW Loving**

Gustave Ring of Midland is to start operations immediately at his No. 1 Zelma Johnson estate which is zoned to be a 3,800-foot prospect in Northwest Loving County.

It will be 660 feet from south and east lines of the southeast quarter of the northwest quarter of section 12, block 56, T-2, T&P survey.

**To Test Delaware**  
That makes it six miles east of Orla. Combination tools will be used to drill the exploration. It is slated to try for production in the Delaware formation.

The drillsite is approximately three-quarters of a mile east of the nearest Delaware production in the Tunstall field along the Loving-Reeves County line.

**Fullerton Completes Opener In Simpson At C-E Lea Project**

Fullerton Oil Company and associates have completed a new discovery at their No. 1 Elliott-Federal, Central-East Lea County, New Mexico wildcat.

The well was completed from both the McKee and Connell sands in the Simpson, middle Ordovician.

It made a 24-hour initial production of 245 barrels of 43 gravity oil.

The production came from perforations at 8,005-80 feet in the McKee sand and at 8,247-58 feet in the Connell sand. Gas-oil ratio was 970-1.

The pay discovery is one mile east of the North Brunson field, which produces from the Ellenburger and it is 600 feet from south and west lines of section 1-215-37E.

Fullerton, et al, have staked location for a north offset to the new (Continued On Page Twelve)

**Tax Probers Want To Quiz Clark, M'Grath**

WASHINGTON—(AP)—Chairman King (D-Calif) Monday said Supreme Court Justice Tom Clark and Attorney General Howard McGrath will be invited to testify at House subcommittee hearings on tax law enforcement.

King told newsmen the two will be heard late this week, in all probability, if they want to testify.

He said Clark would be given an opportunity to "clear the record on his participation" in plane trips to South Carolina fishing spots with T. Lamar Caudle and others.

Caudle, ousted former assistant attorney general, has testified to making several trips in the private plane of Troy Whitehead, Charlotte, N. C., businessman who has having tax troubles.

**Admits Plane Junkies**  
Clark acknowledged over the weekend that he took perhaps as many as three trips in Whitehead's plane.

Both Clark and Caudle said they did not know, when they took the trips, that Whitehead was in any tax trouble.

Clark's trip were while he was attorney general, prior to his elevation to the Supreme Court bench in 1949.

King said McGrath would be asked to comment on Caudle's testimony that McGrath approved acceptance by Caudle of a \$3,000 commission on an airplane deal, and also approved a trip Caudle made to Europe in 1950 to help two wine (Continued On Page Seven)

**Churchgoers Hauled Into Police Station In Riot Over Pastor**

PORT WORTH—(AP)—Dozens of churchgoers were carted off to the police station Sunday when a riot over ouster of the pastor broke out in the street in front of the Ross Avenue Baptist Church.

Several church members swapped blows.

Not content, the churchgoers broke into heated argument at the police station, Police Lt. Wilford Matlock said. He threatened to place all of them in jail.

Matters quieted and all were released. Officers said technically none of the Baptists had been placed under arrest.

**Pastor Denied Entry**  
Six policemen were required to stop the riot.

The trouble began when church members voted to oust the Rev. W. W. Baker as pastor.

When Mr. Baker arrived Sunday, the Rev. L. T. Adams, Sr., and several other persons refused to allow him to enter the church. That started the fight.

Mr. Adams is a retired pastor of the church.

Police Sgt. Thomas A. Hollis reported that Mr. Baker returned to the church during the day, picked up his personal belongings and a week's salary.

He said he had planned to preach his sermon Sunday morning, then resign.

The church, which has a white congregation, is not affiliated with the Baptist General Convention, to which the majority of Baptist churches belong.

**Egypt Expels AP's Cairo Bureau Chief**

CAIRO—(AP)—The Interior Ministry Monday cancelled the Egyptian residence visa of Fred Zusy, Associated Press chief of Bureau in Cairo. Cairo press reports charged him with "bad faith" in his news reports.

Al Misri, a pro-government paper, said the interior minister had decided to expel Zusy "for what has been proved to be plotting against the interests of the country." It did not elaborate.

An official of the ministry's press division told Zusy he must leave Egypt on or before Friday by order of Interior Minister Fouad Serag El Din.

The official declined to explain whether the order was prompted by reports Zusy had written. It was the first official notice to the American of the expulsion order—news of which was carried in Cairo's press Monday.

**New Proposal By Reds May Hasten Korean Armistice**

MUNSAN, KOREA—(AP)—Communist truce negotiators Monday proposed behind-the-lines inspection by neutral observers and a "complete freeze" on troops and arms in Korea, possibly paving the way for agreement on another step toward an armistice.

The move appeared to be a major concession on the part of the Reds. In the past, they have refused adamantly to allow observers behind their lines and have insisted on the right to build up their armed strength while an armistice is in force.

The surprise compromise plan immediately drew from Allied envoys more than a score of searching questions.

The big one—an Allied spokesman called it the 864 question—was what neutral nations do the Communists have in mind to police the truce?

The Communists said they would answer 21 questions posed by the UN Command when the negotiators meet in Panmunjom at 11 a.m. Tuesday (8 p.m. CST Monday).

The offer to permit inspection teams behind Communist lines was the Reds' biggest concession, even though they stipulated that any such inspection should be limited to "mutually agreed upon parts of entry."

The Reds sprang their surprise proposal at an afternoon session Monday. At Monday's morning meeting the two sides appeared deadlocked on the problem of supervising an armistice.

The "864 question"—which nations might prove a major stumbling block.

Among countries officially neutral in the Korean war are such Russian satellites as Czechoslovakia, Poland and the Balkan nations (Continued On Page Seven)

**Santa Claus Dollar Day Monday Called Largest, Best Ever**

Midland Monday observed its December or Santa Claus Dollar Day, and it appeared previous sales and attendance records might be smashed as crowds of shoppers thronged downtown stores, streets and sidewalks during the morning hours.

The weather was "just right," the dollar-saving values were "most attractive," and Midland and area shoppers took full advantage of the occasion to get much of their Christmas shopping behind them.

"The largest and best Dollar Day we have ever had," was the way one merchant put it.

Another merchant said the crowd was so large it was necessary to lock the front door of his establishment from time to time during the morning to take care of the shoppers congregated in his store.

**Cash Registers Jingle**  
The Christmas shopping rush already was in full swing here, but the Dollar Day buying spree sent sales volumes to what may be unprecedented highs. Out-of-city shoppers reportedly were participating in greater-than-usual numbers, shopping alongside throngs of Midland customers.

The cash registers jingled continuously in most retail stores, as store owners, managers and clerks took care of the shopping needs of the customers, including men, women and children.

It was Santa Claus Dollar Day in Midland and old St. Nick and his helpers really had a field day.

**City Moves To Speed Up Health Drive**

An alarming increase in the number of dysentery cases in Midland was reported Monday by the City-County Health Unit as plans began taking shape for a city-wide clean-up drive.

Dr. F. E. Sadler, director of the health unit, reported that the number of dysentery cases last month had increased more than 400 per cent over the number reported the previous months.

"This was just the number of cases reported," he said, "and there undoubtedly were many times that number unreported."

**617 Cases Reported**  
He said 617 cases had been reported in November, compared to 135 for the previous month. Last year, he said, 466 cases were reported, while this year 1,029 have already been reported.

Although the clean-up campaign was ordered last Friday by the City Council to combat the threat of polio, the dysentery outbreak held the spotlight Monday.

One doctor pointed out that polio outbreaks almost always are preceded by an increase in dysentery.

The spread of both diseases has been attributed to flies and Dr. Sadler said Monday "I wish the temperature would go down to zero and kill all these flies we have in Midland."

Dr. Sadler conferred Monday with City Manager W. H. Oswalt on the appointment of a leader for a clean-up campaign and A. E. Cass, sanitarian for the health unit, (Continued On Page Seven)

**Reds Claim Capture Of Three Islands Off Korea's West Coast**

TOKYO—(AP)—The Communists Monday night said Red troops had recaptured three Allied-held islands about 100 miles north of Parallel 38 off Korea's west coast.

A communistic broadcast by the North Koreans' Pyongyang radio said more than 500 Allied soldiers were killed.

It identified the islands as Taehwa, Sowha and Yol. The three islands are in the Yellow Sea, midway between the 39th and 40th parallels, some 40 miles southeast of the mouth of the Yalu River. The largest, Taehwa, is no more than two miles in diameter. The others appear to be less than one mile across.

In Washington, the Navy announced Monday that a Chinese amphibious force had driven South Korean guerrillas off Taehwa Island, near the Yalu River mouth, Friday, in the face of opposition by three British ships and planes from a U. S. carrier.

There was no immediate Allied comment on Sowha and Yol.

**Quick Action Slated To Set Airmen Free**

WASHINGTON—(AP)—The State Department Monday said the United States will take "immediate action" to free the four-man crew and an American Army plane reported forced down in Communist Hungary.

The department at the same time rejected a Moscow charge that the plane was carrying equipment to help anti-Communist "spies and saboteurs" behind the Iron Curtain. The blankets, parachutes, maps and portable radio on the plane were described as standard emergency equipment.

**BUDAPEST, HUNGARY—(AP)—**The Hungarian government Monday confirmed that a U. S. Air Force plane, missing since November 19 with four crewmen aboard, is in Hungary.

A Tass report broadcast by the Moscow radio earlier said the plane had been forced down in Fapa, in Western Hungary, by Soviet fighter planes and the four crewmen had been turned over to Hungarian authorities.

The Soviet news agency account claimed the American C-47—on a flight from Erding, Germany, to Belgrade—had been dispatched to carry spies and saboteurs from Yugoslavia into the Soviet Union and her East European Allies.

No further information was given in the U. S. Legation here by the Hungarian Foreign Ministry, a legation spokesman said.

The foreign ministry gave no further information and the legation has as yet taken no steps, the American spokesman said.

The legation asked the Hungarian government about the plane on November 20, but the latter replied at that time that it had no information. (Continued On Page Seven)

**Outnumbered Sabres Score Victory Over Soviet-Built MIG's**

SEOUL, KOREA—(AP)—American Sabre jets, outnumbered four to one, scored a sweeping victory Sunday in the mounting battle for aerial supremacy over Korea.

The Far East Air Forces reported five Red MIG jets were shot down and three damaged without loss of any Sabres.

Allied and Communist jets tangled in two brief air scraps high over Northern Korea Monday. The Fifth Air Force said two Communist MIG's were damaged and all Allied planes returned safely.

It was the eighth day of jet-to-jet combat.

UN pilots said the Red flyers were far less eager to fight Monday than on previous days.

The calm along the Korean ground front remained unbroken Monday. The Eighth Army said the Reds suffered 44,700 casualties in November—about 30,290 killed, 13,480 wounded and 966 captured.

Red losses in the final week of November, during which a provisional cease-fire line was agreed upon at Panmunjom armistice negotiations and a lull settled over the ground front, were listed by the Army at more than 14,000, including 6,260 killed, 3,800 wounded and 89 captured.

Allied losses for the month were not given, but the Army said they were light.

**Surgery Removes Long Pin Swallowed By Midland Youth**

A 14-year-old Midland youth was in good condition Monday in Western Clinic-Hospital after surgical removal of a three-inch corse pin from his intestines by surgery Sunday.

R. W. Hamlin, 710 South Westchester, had swallowed the big pin November 30 but did not tell anyone.

It happened this way: The youth, while doing a job of baby-sitting, took the pin away from his young charge and poked it into his mouth to convince the tot the pin was gone.

And sure enough, it was. In some manner, young Hamlin swallowed it.

Dr. Doyle Patton of the Western Clinic-Hospital staff removed the pin, lodged in the youth's intestines, after he was brought to the hospital by his mother.

**Gangland Guns Silence Former Capone Henchman**

CHICAGO—(AP)—The noisy bark of gangland guns Saturday night silenced forever the easy talk of a former Capone henchman whose income tax disclosures touched off a scorching scandal involving a one-time police captain.

Suave Sam Rinella, 49-year-old ex-convict under indictment for income tax evasion, was shot to death in front of his home by two gunmen who caught him in the glare of a flashlight—as though they were making sure of their target. Then, coolly, methodically, they bent briefly over the body, calmly entered a car believed driven by a third man and sped away.

The slaying came just 11 days after Rinella reportedly told Treasury Department investigators about financing of his ill-fated loop nightclub, the Copacabana—financing that included an investment of at least \$100,000 by a \$5,200-a-year police captain. Rinella was indicted November 20 on charges of evading \$156,986 in income taxes for the years 1945 and 1946.

The former police captain, Thomas J. Duffy, 66, spent an hour and 15 minutes with authorities Sunday, during which he denied any knowledge of the slaying. Tight-lipped for the most part, he said he learned of the ambush Sunday morning and came to the state's attorney's office because "Homicide is one thing, and income tax is another thing." Thus he warded off questions about reports that he had in-

**Mrs. DeWitt Snead Dies At Stanton**

STANTON—Mrs. Temperance Belle Snead, 42, a native West Texan and a resident of Stanton the last five years, died here Saturday night, following a lengthy illness.

She was born April 24, 1909, at Midland and moved to Stanton from Sweetwater April 1, 1946. She was an active member of the First Methodist Church, Order of Eastern Star and Rebekah Lodge.

Mrs. Snead was the wife of DeWitt Snead, co-owner of the City Drug Store here. He also has a store in Andrews.

Funeral services were to be held at 4 p.m. Monday in the First Methodist Church, with the Rev. James E. Harrell, pastor, officiating. Interment was to be in the Evergreen Cemetery. The Arrington Funeral Home was in charge of arrangements.

Survivors include the husband; two sons, Johnny E. Snead of Stanton and DeWitt Snead, Jr., who is stationed at an Air Force base in Waco; five sisters, two brothers, and a granddaughter Linda Belle Snead, who was born here a few hours before Mrs. Snead's death.

Peron Sits In Shaky Seat

Juan Peron, riding the crest of a 2 to 1 election majority, may be able to contend honestly that Argentina's recent voting really was fair.

Every dictator yearns for respectability, and Peron is no exception. He would like the world to believe he is actually the choice of his people.

For the dictator who resorts to the forms of democracy to enhance his stature still finds it necessary to eliminate the inherent risks of the democratic method.

First of all, he held tight rule over press and radio, effectively throttling the opposition's voice.

Beyond this, Peron completely intimidated and restricted the other parties by a variety of devices, not excluding imprisonment.

The Argentine dictator used the pretext of the recent abortive military revolt to arrest many civilian political enemies and frighten many more.

By all these measures Peron assured himself that the election-day results would be "right" without use of sordid tactics like ballot-box stuffing or fraudulent counting.

So, theoretically at least, the Argentinians have Peron for another six years. But it would not be sensible to consider this an assured fact.

Temporarily, he has passed his test, not with the electorate but with the army, the real power in Argentina.

Peron has run Argentine economic affairs with often ignorant abandon. Consequently, the country now is in the grip of serious inflation.

Before the election, army leaders examined this whole situation carefully with Peron. Presumably they were satisfied for the moment with his plans for coping with the trouble.

The Argentine people do not appear to put any great store yet by the freedoms we prize so highly.

Peron's reelection has fooled no one into believing he is a democratically chosen president.

Horrible Example

From two different sources come disturbing reports of the confusion and top-heaviness of big government.

In Paris, Michael Hoffman of the New York Times finds the presence of large numbers of American officials giving the French capital an atmosphere of bewilderment.

The Johnson Senate Preparedness Committee meanwhile has discovered that we have an armed services administrative set-up in Washington that is almost as great as at the peak of World War II.

The outsider taking note of these chronicles of swollen bureaucracy can only wonder how it is that so many earnest men (not the obvious power-seekers) can advocate government management under socialism or communism as the cure for all our ills.

Apparently they neither read nor observe what happens when government grows too fat from trying to digest too much.

Too many people try too hard to impress others, says a writer. To the point of depressing them.

Prices are making lots of people toe the mark—so they can foot the bills.

'Sentence-Six More Years'

The Washington Merry-Go-Round

By Drew Pearson

Drew Pearson says: GOP tax probers should dig into case of Guaranty Finance Corporation; Public has chance to name candidate for '52; Congressman plays into Communists' hands.

WASHINGTON—Republican members of the King Income Tax Committee, apparently not trusting their Democrat colleagues, have retained their own investigators to probe Dan Bolch, recently resigned deputy commissioner of Internal Revenue.

Here is one phase of Bolch's activities they might want to check up on.

In the Summer of 1949, top members of the Los Angeles Internal Revenue Bureau came to Washington with what they thought was a sensational tax-fraud case.

It involved the Guaranty Finance Corporation of Los Angeles, a high-sounding name for one of the biggest gambling syndicates in California.

Evidence which T-Men turned up showed that, in 1948, Guaranty Finance had deducted from its tax return \$248,000 paid to "Lopes" and another \$108,000 paid to "Special."

No further explanation was given, but Treasury agents were convinced that the \$108,000 was paid to runners and that the \$248,000 to "Lopes" was paid for police protection.

The T-Men, including Ralph Read, intelligence agent in San Francisco, Dan Goodyknot, intelligence agent in Los Angeles, and Walter Campbell, chief counsel in San Francisco, came to Washington, recommended prosecution of gamblers Marvin Kovey, Albert Kogus, Harry Rockwell and Phil Cobert, partners in Guaranty Finance.

In Washington, they conferred with various high Treasury officials, including Assistant Commissioner Bolch, who has been seen in the company of gambling-king Frankie Costello, also with Charles Olliphant, Internal Revenue collector, and W. H. Wood, head of the intelligence unit.

But, although the case seemed airtight, the Treasury, for some strange reason, let it drop.

Meanwhile in Los Angeles, California state authorities, impatient with the federal government, proceeded to prosecute officials of the Guaranty Finance Company on another charge and put them behind bars.

No one ever has been able to find out why the Treasury was so mysteriously inactive.

The voting public doesn't realize it, but, while the American people elect a President they do not nominate.

In Philadelphia in 1948, Democratic delegates churched in the lobbies, chafed at their helplessness, wanted to nominate anyone except Truman, ended up voting for Truman.

This has been true of other Democratic conventions for 12 years, plus some Republican. Delegates set pledged months in advance.

They pick what they think is the bandwagon, and jump on it. It also takes money to corral delegates.

In fact, getting nominated now is big business—and the voters don't have much to say about it.

In an effort to bring nominations back to the people, however, the Washington Merry-Go-Round will conduct a presidential public-opinion poll—beginning with the Republicans.

Later, there will be a Democratic poll. Here is how you can participate: 1. Send a penny post card to the candidate you favor, care Box 1952, Washington 13, D.C.

So They Say

We (Great Britain and U. S.) must think in terms of a continuing partnership—or perhaps of something more than a partnership—a relationship which cannot be dissolved, between our two countries.

I don't think it would make much difference (if General Eisenhower seeks the Republican presidential nomination).

There can be no question of a mutual aid agreement (between Yugoslavia and the U. S.), but only of an agreement in which the U. S. will give arms to Yugoslavia.

There is a very unfair difference between the prices paid in the U. S. and . . . in Canada.

As President, I would need General Eisenhower as Solomon, son of David, needed Iram, King of Tyre, to build the temple of God of olden time.

Blasts Rip Miami Synagogue, Negro Housing Project

MIAMI, Fla.—(AP)—Authorities moved swiftly Monday to halt a wave of dynamite blasts that have rocked Miami in recent months.

A Jewish center and the Carver Village negro housing units were among targets of three explosions Sunday. No one was injured but 46 memorial windows were shattered.

Assistant Police Chief J. A. Youell promised a group of protesting rabbis increased police protection would be provided for synagogues.

Mayor Chelsie J. Senerchia cut short his vacation in Nassau to return to Miami today.

Four Boys Die When Tank Truck Explodes

MIDDLESEX, N. C.—(AP)—A gasoline tank truck exploded near here Sunday, killing four young boys, three of whom were brothers.

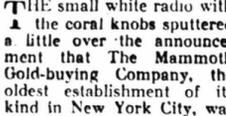

Nash County Coroner Vann Matthews said indications were the explosion was set off by a firecracker.

The truck was parked in the yard of the Hopkins home.

MORE PRECIOUS THAN RUBIES

By Nina Wilcox Putnam

Copyright 1951 by NEA Service, Inc.

The small white radio with a coral knob sputtered a little over the announcement.

"Perhaps to fight everything will be all right," she sang, trying to believe that the hope would materialize.

It was part of a routine. Every evening Alma forced herself to this same optimistic note before Tommy, her husband, came home.

A wave of unreasoning love and sympathy for him swept over her, so acute that it was like a spasm of pain, and unconsciously she tossed back her mop of copper-colored hair in a defiant gesture.

It had to be, dear God, it had to come true, this dream of hers! Yes, in spite of what had happened that afternoon—and the fact that she would have to break the bad news to him.

She opened the box of flowers she had bought on her way home from work and the strong clean perfume of freshes began to compete with the savory odors which poured from the tiny kitchenette.

ALMA thanked him and hung up, feeling weak and shaken. It was awful, the way people felt about Tommy, even Joe Denton, his best friend.

She went back and forth from the kitchenette, wondering how much longer she could endure the strain of her domestic life.

Well, this time she would refuse to go. She could not sit there and suffer the sight of her man cheapening himself—no again—never again even though it meant the first voluntary separation during the five years of their marriage.

"Alma, my dear," Joe Denton's "Alma" voice was like balm to her taut nerves. "I just wanted to be sure you were all right."

"I wouldn't be at The House at all, if it hadn't been for your influence and your doddering grandfathers."

Dear Joe, Alma thought, dear good Joe, he can't keep his love for me out of his voice, no matter how scrupulously he tries to hide it for Tommy's sake!

"I'm the same healthy red-head you said 'bye now' to at The House! Anything make you think differently?" She could feel his hesitation.

"No. Where did you see him?" she asked quickly.

"At the Blue Cat Bar. He was drinking with Bright Muncie."

"How you can stand that stuff!" he said contemptuously.

"I'm sick of gold-buying—or selling! I get enough of that without having to take it on the air!"

"Not in being a sort of super stock boy in the china department," Alma bit her lip. Now she'd have to tell him.

"I'm afraid I have bad news," she said. "I talked to Mr. Greig of the art department today. I'm afraid they want a photograph more along Mr. Dell's lines!"

"That doddering old fool—isn't he going to retire after all?"

"Alvin Dell has been good enough to make the commercial photographs at The House for 40 years!" she said reprovingly.

"Yes, while I wouldn't be at The House at all if it hadn't been for your influence and your doddering grandfathers!" She could feel her face growing crimson.

"Don't you speak of Papa Victor like that!" she flared. Tommy had the grace to look ashamed.

"Sorry!" he mumbled ungraciously. "I know Victor is the Mr. Chips of the jewelry world and that he's been at Trumbull's for 60 years and all that. But listen! Everybody else at Trumbull's may think that just being there is reward enough for their services, but I don't! And now, what about Dell? Is he going or isn't he?"

"Yes, he's retiring," she said, "and I told Mr. Greig that you were the logical man for the job—I showed him your photographs and he had to admit they were wonderful, but . . ."

"But what?" "I guess maybe for once the truth won't hurt you." She was watching him with pain in her eyes. "He said you weren't the caliber for a position of such responsibility." (To Be Continued)

THE DOCTOR SAYS

Inferiority Complex Is Chief Danger For Acne Sufferers

By EDWIN P. JORDAN, M. D. Written for NEA Service

A letter from a reader who signs herself "Joan" makes an excellent introduction to a discussion of adolescent pimples or acne.

"Ever since I was 11 years old I have had an awful time with pimples. My friends told me that in time they would clear up. I'm now 14 years old and they are the same.

I learned after it was too late not to squeeze them, and the pores on my face have enlarged, especially on my cheeks.

"I have tried many ointments, but none of them help me. I don't eat a lot of candy and sweets, and my hair and face are not oily. I don't know what is causing them or how to fight it. I wash my face two and sometimes three times a day. I'm beginning to feel self-conscious.

"It would be greatly appreciated not only by me, but by hundreds of other teen-agers if you would discuss this problem."

Staying away from sweets and starches and eating fairly large quantities of fruits and vegetables usually helps. Exposure to sunlight, which of course, is much easier in the Summer than Winter months, also seems to make acne much better in the majority of cases.

Permanent scarring of the skin is the exception. The worst thing about acne is that it makes Joan and others like her terribly self-conscious. This leads in many cases to a sort of withdrawal from society.

The youngster with acne tends to stay away from his friends and particularly from social events like dances and club parties, which are particularly desirable during youth. Joan and the rest of you who have acne should make a conscious effort to forget about pimples on the skin except to follow whatever medical directions have been given.

**Publicity Slows Flow Of Extortion Money To Communist China**

SAN FRANCISCO—(AP)—Extortion money which once flowed to Communist China from Chinese living in the United States is reported to have slowed to a trickle.

"The problem is under control now and we expect ransom payments to be reduced to negligible sums," said Elting Arnold, chief of the Treasury's Foreign Assets Control Division.

Chinatown leaders Monday said ransom demands continue to arrive, but U. S. Chinese "know the money only helps the Communists, who eventually kill off their victims anyway."

They estimated millions of dollars had been sent to the Reds. The editor of the Chinese World in San Francisco, Dai-Ming-Lee, said wide publicity had reduced amount of money being sent.

**Planes And Tanks Lie Idle For Want Of Essential Parts**

By DOUGLAS LARSEN  
NEA Staff Correspondent

WASHINGTON—At a big aircraft plant "somewhere in U. S. A.," a number of new planes are lined up on the runway. To all outward appearances they are completed, ready to fly away. But they lack one highly essential, complex piece of new radar-fire-control apparatus.

This is the new electronic bomb-sight and computer which makes possible accurate bombing from the new high-level, high-altitude bombers. It replaces the old optical bomb-sights of the Norden type and the mechanical bomb-sights full of gears. Those were top-secret in World War II. Now they're outmoded.

Without the new radar gear, the new bombers are considered incomplete. They are classified as undelivered. And defense production is said to be running behind.

At a tank arsenal, somewhere else in U. S. A., there are long lines of new model tanks. They also look ready to go and ready to fight. Why aren't they in Korea? Or Europe? Or with some new mechanized division in training?

The answer given is that in testing, these tanks developed a "flutter" at one particular speed. Above or below this speed, the tanks operated perfectly. Finding what caused the flutter, and correcting it, took engineers considerable time.

It now has been found and is being corrected. In the meantime, however, these tanks are regarded as incomplete and undelivered. And again defense production is said to be running behind.

**New Kind Of Bottlenecks**  
There always seem to be bottlenecks of one kind or another. In the last war they were in engines, in propellers, in the very air-frames themselves and the factories in which they could be built. Delays this time are different. New jet engines. New electronics devices. There is a lag to get latest engineering designs.

Officials point to curves which show that production now is far ahead of production for comparable dates at the start of World War II. John D. Small, head of the Munitions Board, says, "Total deliveries during the fiscal year (ending June 30) 1951 are estimated at \$9,000,000,000. The total of \$5,000,000,000 during the July-

September quarter was one-third higher than the preceding quarter and more than four times the rate of production one year ago.

"Deliveries of aircraft now are double the rate of a year ago and we expect that deliveries in fiscal 1953 will be five or six times the fiscal 1951 rate. Tank and automotive deliveries are expected to be six times as great in fiscal 1952 as in fiscal 1951."

Dollarwise, the defense program today is a \$100,000,000,000 proposition—\$55,000,000,000 authorized for this year, \$45,000,000,000 authorized for the first year after the outbreak of Korean fighting. Deliveries to date are put at \$14,000,000,000. Perhaps that isn't much for the first 15 months' effort.

**Production Stimulant**  
But as one defense official puts it: "Suppose we set our goal in aircraft at, say 100 planes a month. Any month we made 125, we'd be ahead of schedule and could brag about it. But suppose we set our goal at 150 planes a month. Then if we made only 125, we'd be behind."

The parallel is that goals have been set high to stimulate production. The schedule calls for stepping up deliveries from present levels of \$1,500,000,000 worth of military production a month to a total of \$4,000,000,000 a month in the first half of 1953.

These are some of the factors that defense officials say have to be taken into consideration of charges that defense production is behind. For instance, Emil Rieve, president of CIO Textile Workers, recently charged "failures and mistakes" and "a waste of manpower, and skills" in defense planning.

Rieve thought peak production should be reachable by mid-1952. In this connection, it is interesting to observe that the labor unions have done to help solve defense problems. George M. Harrison, head of the Railway Clerks, was named a special assistant to C. E. Wilson on April 30. He was sworn in June 18. He never has reported for work. Recently Wilson had to assign Harrison's office space to another official, Franklin Lamb, an electronics official, when space got tight and this program became critical.

Total industrial unemployment in August was down to a record low for the year of 830,000. In that same month, 350,000 workers were involved in strikes, a record high for the year. Most of the strikes—all the big ones—involved defense industries.

Mammoth Cave in southwestern Kentucky was made a national park in 1936.

**Brutal Slaying Of Two Cabbies Sets Off Wide Manhunt**

NEWPORT NEWS, VA.—(AP)—Two taxicab drivers—one a double amputee—were slain brutally over the weekend in this tidewater Virginia area. Officers said the slayings were "the work of a maniac."

An intensive manhunt is in progress. Police Monday officially listed robbery as the motive in both killings—one sometime Friday night and the other during the night Saturday.

The body of Luther M. Callis, 55—stabbed four times with an ice pick and the head crushed by a blow from an auto jack—was discovered Sunday in nearby Warwick County.

Exactly 24 hours previously, the body of Anthony Michael, 28—stabbed nine times around the abdomen and waist—was found about five miles from the spot where Callis' corpse was located.

**All Valuables Taken**  
Callis, who lost both legs years ago in a railway accident, was lying face down beside his empty cab. Beside his body lay the blood-stained ice pick and auto jack. Money, a ring and a watch had been taken from the body of the Seaford widower, father of one son.

The body of Michael, World War II veteran who was married and the father of two children, was located Saturday in a ditch. His cab was gone, and police finally found it four hours later near Port Eustis. Also missing were all of Michael's personal possessions.

No weapon was found at the spot where Michael's body was discovered. Police said he apparently had been killed elsewhere and his body dumped out of the cab.

A Newport News resident, Michael was only a part-time cabbie, driving after he finished work during the day at a furrier's salon. Callis was the owner of two taxis.

Because both drivers operated frequently between here and Port Eustis, nearby Army transportation center, police are concentrating their efforts on the military base in the hope of picking up clues.

**Young Mother Dies Of Accidental Blast From Gift Shotgun**

WEST MEMPHIS, ARK.—(AP)—A young mother was killed near here Sunday by an accidental blast from a shotgun she had just given her husband as an early Christmas gift.

Mrs. Arnold McFarland, 26, was hit by a charge from the new automatic while she, her husband, and two companions were hunting rabbits.

McFarland told officers he shot his wife when he shot at a rabbit, lowered the gun, and it suddenly fired again. Mrs. McFarland was standing 15 feet away.

The McFarlands, both of West Memphis, were accompanied on the hunt by her brother, Ralph McFarland of West Memphis, and Darnell DeVaster of nearby Marion.

Deputy Sheriff C. M. Rieves said McFarland told him the shotgun apparently fired when McFarland stumbled after shooting at the rabbit.

**B-36 Flight Lands In Northern Africa**  
FORT WORTH—(AP)—A flight of six B-36 bombers landed Sunday at an American Air Force base in North Africa after a non-stop flight from Fort Worth's Carswell Air Force Base, Eighth Air Force headquarters announced.

The bombers took off from Carswell at 8 a. m. Saturday. The flight was described as a training mission. It was the gigantic craft's first flight to the Mediterranean area. They landed at Sidi Slimane, French Morocco.

The trip of about 5,000 miles was an easy one for the planes, which often fly non-stop 10,000 miles or more.

**Searching Parties Comb Mountain For Lost Grandmother**  
BIRMINGHAM, ALA.—(AP)—Searchers equipped with floodlights hunted through the night for a 76-year-old grandmother with falling memory lost on dangerous Double Oak Mountain.

Short, sharp cliffs, boulders hidden in thick brush and rattlesnakes added to hazards of the quest for Mrs. Ann Bragg. She disappeared at 10 a. m. Sunday while walking between two homes a quarter-mile apart.

Sheriff A. E. Norwood said Mrs. Bragg "blacked out" at times, and couldn't remember where she was. Relatives feared she wandered off the mountain trail and couldn't find her way back.

Five rural church congregations and Boy Scouts joined in the search 10 miles southeast of Birmingham. One party killed "three or four" rattlers, and all were warned to proceed with caution.

**SON OF LATE THOMAS LOVE DIES IN DALLAS**  
DALLAS—(AP)—Horace Goode Love, 54, son of the late Democratic National Committeeman Thomas B. Love, died Sunday.

His father also was former speaker of the Texas House of Representatives and an assistant secretary of the U. S. Treasury. The son was employed by a financial reporting house here.

**His Fifteenth Cadillac!**

Put a man behind the wheel of a Cadillac—and he's very likely to stay behind the wheel of a Cadillac!

Few indeed can ever be satisfied with any other motor car—once they have known the deep-seated satisfaction that comes from owning the Standard of the World.

Many and many a man is driving his fifteenth Cadillac—and it is not unusual to encounter an owner who goes far beyond that figure.

Naturally, a car must offer many things in order to have such an enduring hold on the affections of those who own and drive it.

It must be as faithful and dependable as a mechanical creation of its type can be.

It must be so pleasant to drive and so easy to handle that the hours at its wheel bring rest and relaxation.

It must be so beautiful and so highly respected that it is a compliment to its owner wherever he drives.

And it must be economical, both to operate and to maintain—for luxury brings a dual pleasure when it comes with no extra penalty in cost.

In short, if a car is to have such a hold on the regard of its owners, it must be a Cadillac!

If you have already ordered this distinguished car, and are awaiting its delivery, hold firm to your purpose.

Salesmen for other makes of cars may promise you earlier delivery—but turn a deaf ear. You are waiting for a Cadillac because so many people want a Cadillac. And, surely, there could be no sounder proof that you have made a wise decision.

But if we don't yet have your order, better come in and see us today. The sooner you place your order, the sooner you'll have those many wonderful things which only a Cadillac provides.

## Daddy Ringtail And Ramrod

rod, and to see just who the Ramrod was. "Happy day there, Daddy Ringtail," said the strange old man who stood behind a bush nearby. Daddy Ringtail had never seen the stranger before, but the stranger knew him, and so the stranger must have seen Daddy Ringtail's picture in the newspaper.

"Happy day to you, Stranger," said Daddy Ringtail. He smiled his friendliest smile, and waited to hear the stranger say what his name might be.

But the stranger didn't say. Instead he raised his hand to his mouth, and called again: "Oh, Ramrod! Where are you, Ramrod?"

Daddy Ringtail listened to hear an answer, maybe, but there was no answering cry of "Here I am! Here I am!" Daddy Ringtail was about to ask who the stranger was, and who was the Ramrod-person the stranger was calling, but before he could ask, the stranger stepped from behind the bush, and—imagine!

The stranger looked like the letter—"S." Yes, he looked like someone had drawn him to be like the curves of an "S." But again the stranger called out, "Oh, Ramrod!"

A ramrod, you know, is some-

thing as straight up and down as you can possibly imagine, and so why was Mister "S" now calling to Ramrod?

Mister "S" explained. He explained that he used to be as straight up and down as a ramrod himself, and so everyone used to call him Ramrod. Oh, but the poor fellow began to sit crooked in his chair, and so he grew crooked to look like an "S."

And the only reason he went through the forest calling "Ramrod" was for people to ask him why he did it. Then he could tell them his sad story, and ask them please to sit up straight in their chairs themselves, so they never would grow crooked. Happy day!

# Lubbock, Baytown, Breck, Temple Favored In Tilts

By HAROLD V. RATLIFF  
Associated Press Sports Writer

Finalists will be determined this week in the upper echelons of Texas schoolboy football and it looks like this: Class AAAA—Lubbock and Baytown. Class AAA—Breckenridge and Temple.

The lower divisions—Classes AA and A—will be establishing semi-finalists and here's how it appears in those divisions:

Class AA—Anson, Arlington, Lavega and Donna.

Class A—Wink, Newcastle, Giddings and Industrial (Vanderbilt).

Lubbock and Ray of Corpus Christi, the last undefeated, untied teams left in Class AAAA, play Arlington Heights (Fort Worth) and Baytown respectively.

Lubbock and Arlington Heights get together at Lubbock while Ray and Baytown clash at Corpus Christi, both Saturday afternoon. Lubbock, on the basis of the season's record, is clear favorite over Arlington Heights, which lost to Abilene, a team Lubbock whipped, 34-20. The other game, though, looks very close. Ray lost some face last week in being able to barely nose out thrice-beaten Waco, 21-20. Baytown, meanwhile, was removing undefeated, untied Lamar of Houston on penetrations in a 7-7 tie. But during the season Ray and Baytown both played Beaumont and each won with comparative ease.

Breck-Grand Prairie In Class AAA, Breckenridge plays undefeated, untied Grand Prairie at Breckenridge Saturday while Temple and Brownsville clash at Brownsville Friday night. The Breckenridge-Grand Prairie game looks tough and Grand Prairie could beat Breck without causing much surprise. However, Brownsville's lone loss this season was to Lamar, 40-13, and Temple was barely nosed out by Baytown, which tied Lamar.

Anson and Lavega are the only undefeated, untied teams left in Class AA. Anson plays Childress at Wichita Falls Friday afternoon. Lavega engages Huntsville at Huntsville Friday night. Arlington plays Pleasant Grove at Dallas and Donna clashes with Lamar of Rosenberg at McAllen, both Friday night.

Wink-Abernathy Class A features two games matching unbeaten, untied teams—Abernathy vs. Wink at Lubbock Friday afternoon and Newcastle vs. Hawkins at Denton Friday night. Giddings, the other undefeated, untied team, takes on Cedar Bayou at Cedar Bayou Friday night. Industrial plays at Pearsall Friday night.

## Chandler Back In Baseball Position

COLUMBUS, OHIO.—(P)—A. B. (Happy) Chandler came back to baseball Monday.

He accepted the presidency of the International Baseball Congress, a new organization planning to sponsor an annual non-professional world championship tournament. Chandler's appointment was announced by Ray Dumont, president of the National Baseball Congress. Dumont said organization of the IBC was completed Saturday at Chandler's home in Versailles, Ky. Chandler will direct the first international tournament to be held in October, 1952, in Japan, Canada, Venezuela, Mexico, Puerto Rico, Cuba, the Dominican Republic and the United States will be invited.

## MHS Cagers To Play First Game Friday

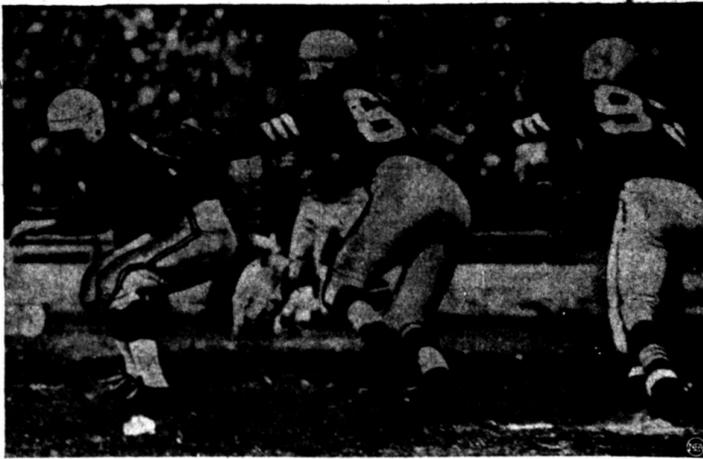

Coach F. D. (Red) Rutledge was to assemble his complete Midland High School basketball squad for the first time Monday, with several members of the grid team shaking their blocking pads and donning knee pads for the hardwood season.

Midland will compete in District 14AAA, with Lamesa, Vernon, Big Spring, Sweetwater and Plainview. Rutledge Monday said he thought his team would be "some better" than the 1950-51 outfit which copped two games.

It's too early to know who will play where and just how much, but on the record of last season these boys might bear watching: Corky Moss, John Van Buskirk, Spec Culpepper, Jesse Hatfield, Ralph Brooks, Johnny Kennedy and Robert Keisling. Hatfield and Culpepper last year played with the B squad, but may be moved up.

The Bulldogs open their season Friday night, taking on Odessa in Odessa. The first home game is December 11, when San Angelo comes here. Conference play begins January 22, with Midland going to Plainview.

Coach John Higdon is working the B cagers and Jimmy Williams the C five.

CONGA LINE—The Chicago Cardinals went down field in chorus-line style dancing to a 27-21 victory over the 49ers in San Francisco. Fullback John Panelli led Quarterback Jim Powers, center, and Jim Cason. (NEA)

It's hard to believe, but none of those fine Breckenridge backs was named as an all-district performer.

Even the needle-sharp Kenneth Ford and the fast-moving Warren McFall failed to make the first TWO teams.

The all-district first-team backs in 2-AAA were Leonard Fry and Don Earp, both of Brownwood; Harry Brauer, Stephenville, and the late Ken Knox—who died as a result of injuries suffered against the Bucks—of Graham.

How they kept Ford and McFall off the first two teams will never know. Ford, especially. With passing days in future playoff games like he had against Midland, he'll probably be an all-state selection anyway. That would be a unique situation—all-state but not even second all-district.

It brings to mind a boy named Clark, who in 1940 was named all-state for Amarillo—as a result of fine play in the playoffs—but who was second string on the Sandle team.

In the cold light of day Monday after having the weekend to think it over, Coaches Tugboat Jones, Audrey Gill and Red Rutledge didn't feel too bad about the 23-14 loss Midland suffered at the hands of Breckenridge here Saturday.

"Our kids did all they could. That's all we can ask," Jones said. "It could have been worse," opined Gill and Rutledge. "All the coaches said it was a "fine season."

And it was. They set out to win the district championship and accomplished it. Before the basketball season gets underway, we'd like to call on Midlandites to support the MHS five this year better than it was supported last season.

Several times last year we doubt if the paying crowd paid for the light bill.

Coach Rutledge expects a team that certainly will be better than last year's team and you might see some pretty good work if you'll attend a few of the contests.

How will they go in the bowl games New Year's Day—Strictly for what it's worth—and maybe it's not very much—here's our choices: Cotton Bowl; TCU eyes, we're convinced TCU has a ball club; over Kentucky; Rose Bowl; Illinois over Stanford; Sugar Bowl; Tennessee over Maryland (perhaps); Orange Bowl; Baylor over Georgia Tech; Sun Bowl; Texas Tech (that's right) over College of Pacific.

DOTS AND DASHES: Tommy Hart, Big Spring scribe, pens that fights among players occurred in the last three Steer games this season. . . . The 1-AAA all-district football selections should be released by next weekend. . . . Lamesa will hold an annual banquet later on for the gridlers. . . . When Wink meets Abernathy in Lubbock Friday, it will mark three times in four games the Wildcats have met an unbeaten team. . . . The Wildcats—likewise unsold—look Iran, 32-14, and Eden, 47-6, when both were unbeaten. . . . Still think Wink and Lubbock will win state titles. . . . End of The Row!

## Nine Players Are Named To Sandlot's First 'Hall Of Fame'

COLUMBUS, OHIO.—(P)—Nine players who reached stardom in the major leagues were nominated Monday by the National Baseball Congress for the first berths in the Sandlot Hall of Fame.

The names of three, with three others to be added annually, will be enshrined on a plaque at Cooperstown, N. Y. The first three to be honored will be selected for the Hall of Fame by the National Baseball Congress Commissioners in Chicago at a January 20-23 meeting.

The nominees include Leroy (Satchel) Paige, John Pesky, Freddie Hutchinson, "Boo" Ferris, Lou Kretlow, Grady Hatton, Eddie Waitkus, Monty Basgall, Rex Barney.

## Mitchell To Speak At Andrews Feast

ANDREWS—Jack Mitchell, former All-American at Oklahoma and now assistant at Texas Tech, will be the principal speaker at the Quarterback banquet Monday night at the Quail Inn, Andrews.

Neil Taylor, coach, and chairman of the program committee announced that Mitchell had accepted the invitation, for the annual banquet for the Mustangs and B squad which will be held in the Primary school cafeteria at 7 p.m.

Mustang banquets in the past have been stag affairs but this year parents of the players and wives of club members will be guests.

H. M. Nixon is in charge of the ticket sale.

## EDWARDS QUALIFIES AS TOOLS EXPERT

C. M. Edwards, Jr., Basin Supply Company, Midland, recently has completed a course of instruction and examination which qualifies him as an expert on an extensive line of electric woodworking tools manufactured by the Porter-Cable Machine Company, Syracuse, N. Y., and has been appointed the Porter-Cable "Key Man" for this distributorship.

## Browns, Rams In Front

NEW YORK.—(P)—With two weeks to go, it seems like a good bet that the Cleveland Browns and Los Angeles Rams again will meet for the National Football League championship.

Both took long strides toward that goal Sunday's victories. The Browns moved to within one game of clinching the American Conference title by smashing the Chicago Cardinals, 49 to 28, behind Otto Graham's brilliant pass work.

And Los Angeles took over the top spot in the National Conference with a 42-17 victory over the once-mighty but now-ordinary Chicago Bears.

This victory, coupled with Detroit's loss to San Francisco, dropped the Lions from first place and all but ended the Bears' hopes for the conference crown.

San Francisco, playing the roll of spoiler, upset Detroit, 20 to 10. Los Angeles (7-3-0) and Detroit (6-3-1) collide next Sunday on the West Coast in the game that could decide the conference title.

The dogged New York Giants retained their slim hopes in the American Conference by blanking Pittsburgh, 14 to 0. Cleveland (9-1-0) can end this race by defeating Pittsburgh next Sunday.

The Giants have a 7-2-1 record, their only losses coming to the Browns. In other games—which had no bearing on the leaders—the New York Yanks won their first game of the season, shading Green Bay, 31 to 28, and Philadelphia ousted the Washington Redskins, 35 to 21.

Cleveland and Los Angeles met for the NFL title last season, with the Browns winning a thriller, 30 to 28, on Lou Groza's last-minute field goal.

## Collegiate Cage Teams To Start Long Road Back

NEW YORK.—(P)—College basketball, staggered by a sordid series of "dumps" and "fixes," warily approaches a new season with fingers crossed, outlook uncertain, hoping for the best.

This is the year when the cage game goes strictly on the defensive. Nobody realizes that more than the coaches and players. It is up to them to help the deflated sport make a worthwhile comeback, to wipe out all suspicion and doubt, to restore the confidence of the disillusioned fans. It is up to them to make the 1951-52 cage season the most honest and cleanest of them all. The entire nation sits on the jury bench, waiting to judge.

In the past it was fun analyzing the teams, predicting the sectional winners, putting the finger on the sleepers and selecting the outstanding stars. The scandal-filled past, with its bribes, signed confessions, expulsions and jail sentences, makes the task of evaluating the teams a monumental one. The waving of the freshmen rule by all but the Southwest and the Ivy League only makes the job that much tougher.

The voluntary withdrawal from big time basketball of CCNY and the dropping of the sport by Long Island University, two scandal-rocked schools, eliminates two perennial powerful quintets from consideration. That leaves St. John's of Brooklyn, Seton Hall of South Orange, N.J., Villanova and LaSalle of Philadelphia to uphold the East's court prestige.

These four are rated the strongest units in the east with Holy Cross, Duquesne, New York University, Columbia, St. Bonaventure and Connecticut rated a couple of shades behind. Those who may surprise include Pennsylvania, Fordham, Georgetown, Boston College, Niagara and Colgate.

## SUGAR RAY-OLSON FIGHT POSTPONED

SAN FRANCISCO.—(P)—A charity fight between Sugar Ray Robinson and Carl "Bobo" Olson scheduled here December 30, has been postponed indefinitely. The postponement was ordered after Robinson was reported to have injured his sacroiliac while training.

## STRUCK BY ROCK

Glenn Ray Brown, eight-year-old son of Mr. and Mrs. Glenn Brown of Odessa, was given emergency treatment at Midland Memorial Hospital Sunday after he had been struck on the head by a rock.

## STRUCK BY PIPE

J. R. Raszdale received contusions of the ribs and stomach when he was struck by a piece of pipe in an oil field accident. He was given emergency treatment at Midland Memorial Hospital.

# IT'S 'HOT STOVE LEAGUE'— Questions Fly Thick, Fast At Baseball Meeting

COLUMBUS, OHIO.—(P)—Five big major league questions remained to be answered and five important minor league problems waited to be solved as the minor leagues opened their golden jubilee convention Monday. Some 1,200 baseball people representing 49 leagues from all corners of the nation were present.

## Isbell Tops SWC Offense

DALLAS.—(P)—Every time Larry Isbell, Baylor's great quarterback, handled the ball it meant 5.8 yards in the Southwest Conference football campaign just closed. And laughing Larry handled that pick-six a lot.

He engineered 266 passing and running plays and made 1,556 yards doing it. He was the total offense leader of the conference by a wide margin.

Isbell rolled up most of his yardage passing. He gained only 126 yards carrying the ball but he pitched 214 passes and completed 105 of them for 1,430 yards and 10 touchdowns.

Isbell also led the conference in passing, beating out Fred Benners of Southern Methodist by 124 yards. Benners tried 204 passes and completed 110 for 1,306 yards. Plugging Freddie had the best average—539. Isbell's percentage of completions was 490.

Benners was second in total offense with 1,306 yards on 240 plays. But the busiest man was Ray McKown of Texas Christian, who showed 242 plays and 1,248 yards for third place.

Lippman Is Champ Glenn Lippman was the ball-carrying champion with 801 yards on 118 tries. Dawson of Texas was second with 671 yards on 94 carries and Teddy Riggs of Rice was third with 639 on 114.

Jerry Norton of Southern Methodist led the punters. He averaged 41.8 yards on 32 kicks. Isbell was second with 38.3 on 61.

Val Joe Walker of Southern Methodist was first in punt returns, taking eight kicks back 168 yards for 21.0 average. Yale Lary of Texas A&M was second with 24 for 388—an average of 16.1.

Bill Howton of Rice led the pass-receivers, catching 33 throws for 747 yards and seven touchdowns. Stan Williams of Baylor was second with 37 for 698 yards and six touchdowns.

Texas A&M led in team offense, averaging 347 yards per game, with Baylor second with 343.9 and Texas third with 296.2. In defense, Baylor was tops, giving up 226.6 yards per game. Arkansas was second with 241.8 and Texas was third with 250.1.

Texas had the best rushing offense—235 yards per game—and Southern Methodist the best passing, with 173.4 per contest. Arkansas topped in defense against rushing, allowing 121.6 yards. A&M did the best against passing, giving up only 89.3.

## It's Navy's Turn For Awhile, Says Coach Earl Blaik

PHILADELPHIA.—(P)—"It will be five years before Army again will be able to offer the Navy a real argument on the football field."

That statement came Monday from Coach Earl Blaik, who watched his Cadets take a history-making 42-7 lacing from the Middies in Philadelphia's Municipal Stadium last Saturday.

Blaik, with what promised to be one of his best teams completely shattered by the cribbing scandal, figures it'll take that long to mold a top eleven. As the situation now stands, Blaik does not have many athletes of the caliber he desires at West Point.

But the veteran coach again declined to say whether he'll be around to complete the five-year plan or even start it.

"To be honest with you, I haven't given much thought to my personal future," said Blaik. "My only concern has been to turn out the best football team possible with the material on hand."

There have been reports the retired Army colonel would leave The Point this year to accept either another coaching position or enter the business world.

## STAGG HONORED

CHICAGO.—(P)—Amos Alonzo Stagg, 80-year-old advisory coach of unbeaten Susquehanna University, Sunday night received a citation as "the grand old man of sports" at Northwestern University's centennial celebration.

These are the questions:

1. Will Eddie Stanky manage the St. Louis Cardinals?
2. Will Joe DiMaggio announce his official retirement?
3. Will Ted Williams be traded?
4. Will the New York Yankees get Ned Garver?
5. Will the Brooklyn Dodgers get Ewell Blackwell or any of the other star pitchers of the Cincinnati Reds?

The five problems confronting minor league baseball are: open classification for the higher minors, radio and television inroads on minor league attendance, high school rule, abolition of 24-hour recall of players sent to lower classification and trimming of big league roster from 25 to 23 players and placing an eighth club in the International League.

The cold war between Owners Fred Saigh of the St. Louis Cardinals and Horace Stoneham of the New York Giants continues as the canny Red-Birds' boss declares he had three other candidates in mind besides the Giants' scrappy second baseman.

"While Stanky remains my No. 1 choice, I have three other men, all highly capable, under consideration," Saigh declared. "I have talked with all three. I am not at liberty to divulge their names but one is in my own organization. The other two are in the National League."

The Giants have asked for outfielder Chuck Diering and southpaw Max Lanier. Saigh refuses to part with any of his pitchers. He has offered a second string infielder along with Diering for Stanky.

One of the three is Terry Moore, popular coach of the Cardinals and a leading candidate last year when Marty Marion got the job. Pee Wee Reese, reported to be another, squashed that rumor himself. The Brooklyn shortstop said:

"I am not interested in managing the Cardinals or any other club right now. I hope to manage a club after my playing days are ended."

Lou Boudreau has just about decided to take Ted Williams' name off the market. The new manager of the Boston Red Sox is not satisfied with any of the offers he has had for his star slugger.

Buzzy Bavasi, young energetic vice president of the Dodgers, said he still was hopeful of landing Ewell Blackwell, Howie Fox or Herman Wehmeier of the Reds. He also was seeking Righthander Bob Rush of the Chicago Cubs.

Minor League President George M. Trautman said he was in favor of the open classification, keeping the high school rule and the abolition of the 24-hour recall.

"The new classification creates a class midway between the triple A and the majors," he said. "It would mean that a player would have to have five, instead of four, years in the minors before he could be drafted. Then he would be given his choice of whether he wanted to be subject to selection."

Trautman said he believed the current 24-hour recall rule was bad for baseball.

"Bringing up kids from the minors after they have endeared themselves to the hearts of the fans in a particular city is dangerous," Trautman declared. "It kills off the interest and attendance" in that town. It causes bad feeling and it hurts baseball. Actually, the player limit per big league club is 40-25 and 15 options."

With the high school rule expiring December 31, 1951, two amendments have been proposed to replace it. One would allow a schoolboy to be signed but he would not be allowed to play before graduation. The other would merely allow a club representative to talk to the boy, but he would not be permitted to sign until the class is graduated.

There have been reports the retired Army colonel would leave The Point this year to accept either another coaching position or enter the business world.

Ike 'Flattered' At Being Regarded As Presidential Timber

WASHINGTON (AP)—General Dwight D. Eisenhower says he is "flattered" to learn he is regarded by many House members as presidential timber.

The New York congressman recently took a poll of House Republicans which gave Senator Taft (R-Ohio) 71 votes and Eisenhower 54 in first choices for the presidential nomination.

Monday, Cole made public Eisenhower's reply, dated November 23. It read: "Thank you very much for your recent letter enclosing a copy of the press release announcing the results of your recent poll."

Silo Heads Latest Syrian Cabinet

DAMASCUS, SYRIA (AP)—Col. Adib Shishaky, Syria's "strong man," Monday proclaimed Col. Fawzi Silo "head of state, premier and minister of defense."

He said Silo, former defense minister, would head Syria's sixth cabinet in the last seven months and would remain until "the restoration of normal parliamentary life."

Sandblaster Has Narrow Escape

A sandblaster had a narrow escape from death during the week-end. He is F. C. Roberts, an employee of Western Plastic Company, who passed out for lack of oxygen while blasting in a mud tank in the oil fields near Midland.

Roberts was wearing a mask but an air pump severed his air line. He was rescued and given emergency medical treatment at Western Clinic-Hospital.

well. It will be their No. 3 Elliott-Federal and is 1,650 feet from south and 330 feet from west lines of section 1-21a-27e. It is to start drilling at once to go to 8,100 feet to test the pay found in the No. 1 Elliott-Federal.

Stanlind Is To Drill Spraberry Wildcat At C-W Reagan Site

Stanlind Oil & Gas Company No. 1 H. A. Hartgrove is to be a 7,600-foot wildcat to try for production from the Spraberry in Central-West Reagan County.

It will be 660 feet from north and east lines of section 4, block M, TCRS survey. That puts it three miles west of the Weddell-Spraberry field.

Drilling is due to start in the near future.

Carter Is Assured Of Extender From Teague In SE Lea

Amon Carter No. 1 Hill-Federal has been assured as a five-eighths mile southeast extension to the Teague-Ellenburger field in Southeast Lea County.

The prospect flowed at the rate of 493.44 barrels of 43-gravity oil per day during the last two hours of a four-hour drillstem test from 9,648 to 9,733 feet.

Five-eighths inch bottomhole choke and one-inch top opening were used. The Ellenburger was topped at 9,850 feet.

Operator is now preparing to run casing for completion.

Four Other Zones

It indicated production from four other horizons, the Clear Fork, two zones in the Devonian and the McKee. It is the first well in the area to indicate production from the Devonian.

The Clear Fork show came on a drillstem test at 5,351-5,455 feet. Tool was open one hour. Recovery was 150 feet of sulphur gas water after a gas flow of 300,000 cubic feet per day.

A two-hour drillstem test of the Devonian from 7,130 to 7,296 feet recovered 6,000 feet of free oil, 300 feet of oil and gas cut mud and 90 feet of gas cut mud.

Test In Devonian

On a test in the middle Devonian from 7,813 to 7,912 feet recovery was 785 feet of water blanket, cut with oil and gas, 135 feet of free oil, 540 feet of heavily oil and gas cut mud and 360 feet of mud. Tool was open three hours and 30 minutes.

The McKee was drillstem tested at 9,135-9,241 feet for four hours. Gas appeared at the surface in 30 minutes. Recovery was 1,080 feet of 42.7-gravity oil and 1,170 feet of oil and gas cut mud. When the first stand of oil was recovered, the well unloaded the next six stands.

No. 1 Hill-Federal is located 660 feet from north and east lines of section 34-33s-37e.

Chinese Reds Send Two Nuns To Prison In Broadcast Trial

HONG KONG — (AP) — Two Canadian nuns were sent to prison for five years and three others were ordered expelled from China after a clamorous, broadcast trial Sunday in Canton.

The three sisters facing expulsion had not arrived Monday night. Catholic spokesmen said the three might be escorted to the border Tuesday.

Two other Canadian nuns who helped run the Sacred Heart orphanage in Canton were sentenced to five years in prison at the close of the trial before 6,000 shouting Chinese in Sun Yat Sen Square. The shouts of the spectators could be heard plainly here by radio listeners.

The prison terms were given Sister Superior Antoninette Couvrette, 38, Joliette, Quebec, and Sister Jermaine Gravel, 43, Three Rivers, Quebec.

Banished from China for life were Sisters Imelda Lapiere, Penrouge, Quebec; Jermaine Tanguay, a Canadian citizen born at Nashua, N. H., and Elizabeth Lemire, La Baie du Fevre, Quebec.

Weekend Violence Snuffs Out Lives Of At Least 10 Texans

By The Associated Press  
Weekend violence took the lives of at least 10 persons in Texas. Eight of the deaths were caused by traffic. A train fatally injured one person and another was shot to death.

Donald Liggett, 15, of Shallowater was killed Sunday in a two-car collision near Whittarral, Hockley County.

Hillary Hodges, 68, Dallas, was killed Saturday night by a truck as he pushed a bicycle along a street.

A negro boy of 12, Joe Perkins, Jr., was killed by a freight train when he stepped onto the tracks at Itasca.

Two pedestrians were killed within an hour at Fort Worth Sunday night. Mrs. Bell Lee, 68, was hit by a car when she stepped off a safety zone. Donald B. Weatherford, 26, died in a hospital after being hit by a car.

Driller Shot Fatally  
William M. Groves, 34, an oil well driller, was shot to death in Houston late Friday. His widow, Mrs. Joyce Groves, 30, was questioned. Justice of the Peace D. F. Thompson returned a verdict of justifiable homicide.

Capt. Clyde A. Bray, 28, Pampa, was killed Saturday in the collision of his car and a truck about 10 miles north of Stratford.

Mrs. J. B. Reeves, Sr., Marshall, died Saturday of injuries suffered a few hours earlier in an auto-truck collision. Her husband, 63, was hurt seriously.

Paul Ray Semrad, 21, Clarendon, was killed Saturday in the head-on collision of two cars north of Stratford. Semrad withdrew from Texas Tech Friday to enter the Navy.

Pat Washburn, 16, a football player at Glen Rose High School, was killed Saturday night in the collision of a Santa Fe freight train and an auto.

Site Of Mystery Blast Located In River Bottom Area

DALLAS — (AP) — A terrific explosion which was heard over much of Dallas Saturday night still mystified authorities Monday. It tore down a huge pecan tree in an uninhabited river bottom.

No buildings were within a half mile of the explosion. The site, sought by officers all Saturday night, was discovered Sunday by a plane pilot.

Sheriff Bill Decker said officers found bits of copper wire imbedded in nearby trees. Also found was what appeared to be a dynamite cap.

WALTER WESSON RETURNS FROM ARMY CAMP
