Reef Production Indicated On DST In Nolan Wildcat

Canyon reef production has been indicated in the extreme Northwest corner of Nolan County, three miles west of Sweetwater and about the same distance east of Roscoe at Rowan & Hope of San Antonio No. 1 Seago.

Three drillstem tests have been run in the reef which was topped at 6,085 feet. No elevation is available.

The last test was from 6,352 to 6,353 feet. Tool was open one hour. Gas surfaced in 12 minutes. Recovery was 300 feet of clean oil, 243 feet of oil and gas-cut mud and 45 feet of oil and fresh water cut drilling mud. Flowing pressure was 375 pounds and shut-in bottom hole pressure after 15 minutes was 2,230 pounds.

First Test
The first test in the reef was run from 6,250 to 6,263 feet. Tool was open one hour. Recovery was 150 feet of clean oil and 50 feet of salty mud. Flowing pressure was zero and 30 minute shut-in pressure was 220 pounds.

Another drillstem test was taken in the interval from 6,264 to 6,283 feet. Tool was open one hour. Recovery was 80 feet of oil and gas cut drilling mud. Flowing pressure was zero and 15 minute shut-in pressure was 1,875 pounds.

Operator was digging deeper at last report.

This prospective new field opener is eight miles north of the Lake Trammel-Canyon sand field.

Exaction location is 680 feet from north and west lines of section 43, block 22, T&P survey.

Stanolind May Go To 10,000 Feet At N-C Crane Prospector

Stanolind Oil & Gas Company No. 1-B Jay McGee, North-Central Crane County wildcat, 12 miles northwest of the town of Crane may be carried to 10,000 feet to try for production in the Devonian.

This project is now making hole below 8,849 feet in an unidentified black shale.

It has not reported having logged any shows of commercial production since it started drilling. Location is 660 feet from north and west lines of section 11, block 22, psi survey.

East Of Sand Hills

It is three-quarters of a mile east of the nearest production from the Tubby yard in the Sand Hills field. Stanolind originally started its No. 1-B Jay McGee to go to 8,500 feet. When that depth had been reached and no shows logged the concern filed an amended application with the Railroad Commission asking permission to go to 9,000 feet.

Now a third application has been filed on the project requesting permission to go to a possible bottom of 10,000 feet.

Gulf-Phillips-Pure Unitize Their Leases In Goldsmith Field

A unitization contract has been executed covering the producing properties in the Goldsmith field of Northwest Ector County of Gulf Oil Corporation, Phillips Petroleum Company and The Pure Oil Company.

The agreement covers 14,938 acres with 555 producing oil wells. That is 57.7 per cent of the 1,033 wells in the field.

Big End Of Field

Current allowable of the wells in the Gulf-Phillips-Pure unit is 16,216 barrels per day—64.66 per cent of the field's permitted allowable.

Leases covered by the unitization contract are the C. A. Goldsmith, et al. properties of Gulf, and the Clyde and Vessie Cowden acreage of Phillips and Pure.

The Goldsmith field was opened on April 20, 1935, when Landreth Production Company No. 1 Scharbauer was completed.

Now A Stanolind Well

That well is now carried as Stanolind Oil & Gas Company No. 1-A Scharbauer. Stanolind having acquired 1 properties of Landreth several years ago.

Total cumulative production of (Continued On Page 12)

56 Die When C-46 Crashes After Takeoff

ELIZABETH, N. J.—(AP)—A flaming Florida-bound airliner—its pilot battling it to the end—missed a midtown crash by yards Sunday, then smashed into a riverbank fringed with buildings. All 56 persons aboard died.

It was the nation's second worst commercial airline disaster, topped in horror only by the death of 58 persons June 24, 1950, in the Lake Michigan crash of a New York to Minneapolis plane.

The fifty-sixth and last broken, charred body was dragged from the nose of the smashed plane Monday morning. Police believed it was the body of either the pilot or one of the co-pilots. Rescue workers halted operations after midnight and resumed when daylight came.

But onlookers called it a miracle that hundreds didn't die as the two-engine plane rattled windows and shook the very earth in its death plunge. Terrified, screaming children fled its path.

It crashed in the only fairly open space for a mile around. Even then it clipped a vacant home and smashed an unused water pumping station, injuring one man slightly.

Non-Scheduled Flight
The non-scheduled C-46 plane took off from Newark Airport at 3:02 p. m. It crashed seven minutes later. It was headed for Tampa and Miami, with 48 adult passengers, four children, a three-man crew and a stewardess.

It was a scant three miles from the airport when it came down in this city of more than 100,000 population. Elizabeth is about 10 miles from New York City.

It was the first crash in 22 months of a non-scheduled airliner—one (Continued On Page Seven)

Negotiators Haggle Over Two Issues As Deadline Approaches

MUNSAN, KOREA —(P)—Truce negotiators haggled over prisoner exchange and armistice supervision again Monday. A United Nations spokesman said results were "absolutely negative."

"No progress," said the UN communique.

Only 10 days remain before the provisional cease-fire line across Korea expires.

Brig. Gen. William P. Nuckols UN spokesman, said the Reds have not asked for an extension beyond the December 27 deadline. Neither have the Allies.

"There is no question of extension of any time limit or anything," Nuckols said. "This was a 30-day trial offer, you might say."

Nuckols said the time limit was proposed by the United Nations Command to hasten agreement on a truce, but "if the progress made this far is an indication of the effectiveness of the incentive, then I don't think the incentive provided very much incentive."

Under terms of the agreement, a provisional 145-mile cease-fire line across Korea would become the center of a two and one-half-mile-wide buffer zone if an armistice were signed by December 27. If no agreement is reached before the deadline, the negotiations and the fighting will continue. A new line will be drawn just before a truce is signed to include a n y battle changes.

Death Ends Career Of Dorothy Dix, Newspaper Columnist For 50 Years

NEW ORLEANS —(P)—Dorothy Dix, known to millions of newspaper readers as a conductor of a heartbalm column, is dead.

Miss Dix, in private life Mrs. Elizabeth Meriwether Gilmer, suffered a stroke about two and a half years ago. Death came Sunday.

Reference books list her age as 81, but associates said she concealed her real age for years and that she actually was 90 when she died. She was a native of Montgomery County, Tennessee.

Private funeral services are planned here Tuesday. During the half-century that her syndicated column was published, her humor and understanding drew the confidence of men and women from all corners of the globe.

Open nightly through December 22 until 8 p. m.—Wemple's, next door to Post Office.—(Adv.)

WHAT A LIGHT BILL!—Florist Matthew Ruane of Newton, Mass., is not a man to go halfway when it comes to Christmas lighting. Each year since 1941—except during war years—Ruane has turned his home, greenhouse and surrounding property into a Christmas wonderland of light. The big elm tree above blossoms with 16,500 small, blue bulbs on a total of 45 circuits and powered by a special transformer on the pole nearby. The display is a delight to the whole town, and the only rub comes when Ruane gets the bill. Below, he's seen preparing last year's December lighting bill of \$472.

Reds Claim Two Islands Recaptured

SEOUL —(P)—The North Korean Red radio Monday night said Communist troops Sunday recaptured two Yellow Sea islands off the west coast of Korea.

A communique broadcast said Communist troops killed, wounded or captured 174 UN soldiers.

There was no confirmation from UN sources.

The broadcast said the islands are Cho, off the Chinnampo Peninsula, and Yuk, near the Ongjin Peninsula.

The Reds retook three other islands off Northwest Korea about two weeks ago.

'Deathless Day'
The broadcast added, "Our Air Force Monday shot down four enemy planes which attacked the western and eastern coasts of North Korea." The UN "threw" no confirmation.

Hazy weather had reduced aerial activity.

American F-86 Sabre jets damaged two Communist MIG-15 jets in a 25-minute battle high over Sinanju in Northwest Korea Monday.

Fifth Air Force headquarters said all of the American planes returned safely.

On the battle front, the U. S. Eighth Army reported not a single American was killed in a 24-hour period ended Sunday evening. It was the first time since August a "deathless day" was reported at the front.

General Ridgway Sends Christmas Greeting To GI's

TOKYO —(P)—Gen. Matthew B. Ridgway Monday sent this Christmas message addressed to all members of the United Nations Command and the Far East Command:

"I send you my warm and sincere Christmas greetings."
"It would be inappropriate to wish you a 'merry' Christmas in view of the seriousness of our present tasks, and the conditions under which so many of you are serving.

"But I know that your indomitable courage, your unflinching cheerfulness, and your abiding faith will provide the spirit of Christmas in your hearts so that those around you can both see and feel it.

"My admiration for your achievements is unbounded.
"May Almighty God guide and keep you."

Traffic Takes Grim Swipe At Texas In Weekend Accidents

The highway traffic juggernaut took a grim swipe at Texans' lives over the weekend, killing 21 of 31 persons who died violent deaths.

In one of the bloodiest of the highway accidents, four persons were killed and five injured in a four-car smashup early Sunday a mile east of Fort Worth. But in almost every corner of the state, the pre-holiday violence chalked up additions to its toll.

Dead in the grinding crash near Fort Worth were: Lewis Meeks, 28, Fort Worth negro; Tony Medina, 33, Dallas; Emilio Villarreal, 22, Dallas, and Raul Rocha, 26, Dallas. Highway Patrolmen said Rocha and Augustine Loza, 22, Dallas, one of the injured, were driving cars which collided head-on with a pickup truck driven by Meeks. A fourth car crashed into the pile-up.

Business At Parcel Post Windows Opens With Bang Monday

Parcel post business opened with a bang Monday in the Midland Post Office.

At the parcel window in the crowded Post Office lobby, a negro woman opened her purse to replace change from a purchase of stamps from Clerk L. D. Johnston. The purse dropped to the floor.

A pistol inside the purse was discharged and the bullet struck the tiled wall, ricocheted through a bulletin board and fell flattened to the floor.

The woman snatched up her belongings and fled, witnesses told Postmaster N. G. Oates, who had heard the explosion and thought it was fireworks until John D. Bechtel of the Texas Employment Commission reported the accidental shot. Bechtel was standing near the woman when the pistol was dropped.

The postmaster turned the bullet and information over to the sheriff's office.

565 Loyalty Cases Reopened By Ruling Of Reasonable Doubt

WASHINGTON —(P)—The Loyalty Review Board Monday reopened the cases of 565 federal employes for a check under the new rule that a "reasonable doubt" of loyalty is sufficient to bar employment.

That is the rule under which John S. Service, veteran diplomat who had been cleared repeatedly under former procedures, was fired by the State Department last week after an adverse finding by the review board.

Until President Truman revised the rules last Spring, a showing of actual disloyalty was required for discharge.

In Service's own case, the review board emphasized that there was no finding of disloyalty—only "reasonable doubt." On that ground it reversed findings of the State Department's own Loyalty and Security Board.

Announcement of the reopening of the 565 cases was made by the review board after it had taken a new look at 8,869 cases. It said those were "all that could possibly have been affected by the new loyalty standard that went into effect last May 1 by order of President Truman."

All Texas Warms Up After Winter's Coldest Weather

The Winter's coldest weather to date ended under murky skies Monday as winds shifted from north to south and temperatures started rising.

The gradual warmup began Sunday as bright sunshine hit most sections of the state after a sub-freezing early morning as far south as Alice and Laredo.

The Weather Bureau forecast mostly cloudy skies and warmer temperatures in East and South-Central Texas Monday with the cloudiness increasing a n d still warmer temperatures Tuesday.

Partly cloudy skies and rising temperatures were on the weather agenda for West Texas and the north central portion of the state Monday and Tuesday.

Lubbock and Wink shared honors Sunday afternoon as the warmest points in the state. The mercury rose to 60 degrees at those cities. Texarkana with a 41 had the low maximum.

Dalhart's 19 degrees was the lowest in the state Monday. The high minimum was 53 recorded at Victoria.

★ LATE NEWS FLASHES ★

WASHINGTON —(P)— Vice President Barkley Monday said he is "still hopeful and optimistic" that a cease-fire can be arranged in Korea by December 27.

MUNSAN, KOREA —(P)— The UN Command Monday warned the Communists improperly identified vehicles on the Pyongyang-Kaesong road between the North Korean capital and the truce talk base will be attacked by UN planes, starting Tuesday.

DETROIT —(P)— The Ford Motor Company Monday announced it would begin on December 26 to recall some 23,000 workers laid off as a result of model changeovers.

STUTTGART, GERMANY —(P)— U. S. High Commissioner John J. McCloy Monday called upon Western Europe to take "significant steps" for unity within the next six months or face the certainty of increased Soviet pressure.

65 Assigned To New York Area Inquiry

WASHINGTON —(P)—Revenue Commissioner John B. Dunlap Monday said he has more than 65 special agents investigating reports of heavy tax shakedowns and other irregularities in New York.

The federal tax collector told a news conference the New York probe has some "exceptionally tough problems."

"It covers the entire waterfront," he said in a generality meaning it was broad enough to go into all phases of the situation in the nation's biggest city and biggest tax-paying community.

Dunlap was asked whether the inquiry involves Daniel Bolich, former assistant revenue commissioner, and Carroll Mealey, former head of Revenue Bureau's Alcohol Tax Unit.

He wouldn't comment specifically on that, but it was during questioning about it that Dunlap said the problems were tough.

Dunlap also was asked whether former Revenue Commissioner Joseph Nunan, Jr., figured in the New York investigation.

It was then he spoke of the inquiry as very broad.

In none of the three cases did Dunlap either rule out or confirm that the three former high officials were under investigation.

Dunlap announced the appointment of Frank W. Lohn as chief of the Internal Revenue Bureau's Intelligence Division—the top investigative job in the tax service.

Lohn, a revenue agent since 1927, will succeed William H. Woolf, who is retiring after more than 40 years of service.

Dunlap praised Woolf as "a man of great loyalty, with a high sense of honor and integrity." He em- (Continued On Page Seven)

Murphy To Direct Clean-Up

NEW YORK —(P)— Federal Judge Thomas F. Murphy, an old hand at investigations, has accepted an assignment from President Truman to sweep wrongdoers out of the federal government.

The jurist, who prosecuted the government's perjury case against Alger Hiss, will direct a non-partisan commission designed to take action against public officials who betray their trusts.

Protection for honest office holders also will be set up by the commission.

To Have Free Hand
Murphy, a Democrat, will be given a free hand to direct the job as he sees fit. He will be responsible only to the Chief Executive.

No formal announcement of the judge's selection has been made by the White House in Washington. However, it was learned here Sunday night that Murphy will take the job.

President Truman and Murphy met twice in Washington Saturday, apparently to discuss the new job. But no definite statement concerning the talks was made as Murphy returned here and the President left on an overnight yacht trip down the Potomac.

The judge, refusing to give details of his talks with the President, said any story "should come out of Washington."

Murphy will not leave his lifetime post on the federal bench to direct Truman's investigation. It was understood he will be given a leave of absence after clearing his docket.

Two Children Die In Dwelling Fire

DALLAS —(P)— Two children burned to death Monday in flames that destroyed a four-room house.

The mother, Mrs. Nellie Garcia, 38, managed to carry a 16-month-old baby to safety.

Burned to death were Josephine Lopez, two, and Condi Lopez, four. Cause of the fire was not determined immediately.

There will be only scattered areas of moderation in the weather that has exacted a toll of at least 121 lives since Friday.

Lowest reading Monday was 30 below zero at Houlton, Maine.

Minus 12 in Chicago.

As Chicagoans forced their heaters and furnaces Sunday to combat a record low for the date of minus 12 degrees, an estimated 150 fires forced 550 persons out of their homes. A hotel and an apartment building were destroyed. Two died in a stove explosion in a trailer cabin.

New York's 9.5 degrees above Monday morning was a record for the season.

Sub-freezing temperatures were felt even in the Deep South. Two died of cold in Georgia. Serious damage to Florida citrus and vegetable growing areas was averted only because the cold air swerved eastward so that it covered only the northern part of the state. It got down to five above in North Carolina, 12 in South Carolina.

SANTA and the MAGIC MIRROR

by LUCRECE HUDGINS

SYNOPSIS: There were seven Horrible Hoblins, each very ugly to look at. Yet, they treated the children kindly and made them welcome. But, alas, they could not tell Belinda and Tommy what had changed them into kind, peace-loving giants. During the night, Belinda and Tommy go in search of some water. As they approach a room, they hear one of the giants coming down the hall, a scowl on his face. He goes into a room and when he comes out a moment later, he is all smiles. "Hah," cries Belinda. "I'm sure the secret is in that room."

The Mirror Flew From Her Hands Crashed Against the Wall and Splintered into a Thousand Pieces.

CHAPTER 12 THE MIRROR

BELINDA was sure the closed room held the secret which would explain why the giants—once so mean were now so kind. But when the children entered the room they found it was completely bare. There were no chairs, table, rugs, or shelves. There was not even a picture on the wall.
 "Here is something," said Tommy suddenly. "Is it a picture or a mirror or what?"
 It was a strange milky glass hanging by the window. It was cracked and bumpy and it must have been a mirror because it couldn't possibly have been a picture.
 Belinda tried to reach the glass with her fingers but it hung far above her. She jumped at it with outstretched hands but it was no use. Finally she boosted Tommy to her shoulders. He was just able to lift the glass from the wall.
 The two children gazed at the strange mirror in puzzled silence. "Finally Belinda said, 'I must have been wrong. There's nothing mysterious or secret here.'"
 "Listen," said Tommy. "Someone is coming!"
 "Quick," said Belinda. "Hang it back!"
 She boosted Tommy up again but try as he would he could not reach the nail. The giant's steps were coming closer.
 "Give it to me!" whispered Belinda. "I'll put it under my sweater until we can get something to stand on."
 No sooner had she tucked it under her sweater than the giant entered. He seemed troubled and cross. He looked vaguely about the room. Then he turned to the children.
 "Nothing here to amuse you," he said. "Come back to the fire." He led them out. He no longer seemed kind and tender. The children were frightened.

Back in the large room they noticed a strange thing. The giants were restless. Each one left the room. As each returned he was frowning and disturbed.
 "If I did not know how good-hearted you have become I would almost be afraid of you," said Belinda.
 The giants muttered among themselves and Walter said, "It gets tiresome being good. I've had enough of it."
 Before Belinda could move Walter leaped forward and yanked her hair. It wasn't a playful pull at all. It was meant to hurt and it did. Belinda cried out in astonishment. She tried to move to the front door but she faced a fearful sight.
 The giants were now, in truth, Horrible Hoblins. They leaped around the children. They pushed and tripped them. They backed them against the staircase. There was no where to go except up.
TOMMY and Belinda fled up the stairs. They ran down twisting corridors and through room after room in the great castle. The giants pounded after them but their great size slowed them. The children ducked into a bed-

Negro Patrolman Shoots Low, Sparing Trigger Bland's Life

WICHITA FALLS—P.—Trigger Bland, who says he robs Safeway store managers because one accused him of stealing candy when he was a boy, was alive Monday because of a negro Navy vet's mercy. Bland, named Ernest George by his mother, was shot below the knee Sunday as he tried to escape arrest by Patrolmen Tommie Nelson and Randolph Parker.
 Nelson said he shot low purposely in order not to kill the hoodlum as Bland started running after his arrest in a negro section office shop. Bland was under guard in a Wichita Falls hospital. His companion, an Abilene man, was being questioned.
 Bland, whose home is in Dallas, admitted robbing the J. C. Penney Store of Wichita Falls of \$3,500 last December 8.
 Bland escaped the state penal system in July, 1956, while serving a life term as an habitual criminal. Recaptured last January, he was later taken to Kaufman as a criminal case suspect. But he escaped the Kaufman County jail November 14.
 Convicted of robbing several Safeway Grocery stores in Fort Worth, Bland once testified he hated the Safeway managers because when he was a boy one told his mother he stole candy.
 Officers believe his latest Safeway robbery occurred in Abilene Friday. Store manager Horace Justice has identified the 37-year-old hoodlum as the armed robber who took about \$500 from him.

Shelley Once An 'Eager Beaver' Now Wants To Limit Her Roles

By ERSKINE JOHNSON
 NFA Staff Correspondent
HOLLYWOOD—Shelley Winters, who was Max Eager Beaver about her career before she went to Europe, now wants out of her long term contract at UI and agents are huddling on a non-exclusive two-picture-a-year deal.
 "I made six pictures in 1951," Shelley wailed to me, "and if I don't get an Oscar for quality I should get one for quantity."
 "I want to do TV and stage plays. I don't have to knock myself out anymore. The big chase for security is what grinds people up in Hollywood."
 Hedy Lamarr can start blushing again. The skeleton in her closet—the controversial "Ecstasy," has been sold for showings on television. It's the film in which she did a nude bathing scene.
 The movie slated for Tom Neal and Barbara Payton on producer Ed Levin's slate concerns a Marine who returns home to find that his wife hasn't been faithful. There's no part in it for Franchot Tone. Hollywood would rather not admit it, but Barbara's last film, "Bride of the Gorilla," is racking up staggering box-office grosses.
Smart Businessman
 Turhan Bey, who owns 22 first-run movie houses in Vienna, now is angling half a dozen independent film ventures in Europe—he's that loaded with money.
 A football pool poster at Motion Picture Center reads:
 "Pick your favorite team. Win \$50 and be a producer. Have your own private office and secretary. See your name in lights."
 Mrs. Cora Lane, mother of the Lane Sisters—Rosemary, Priscilla and Lola—is seriously ill at her Hollywood home. Priscilla flew in from her home near Boston to be at her bedside.
 Hattie MacDaniel's doctors have cut bedside visits of her friends

down to three minutes. And they are unable to promise a speedy return of the ailing actress of her "Beulah" show.
 Broadway producer Leland Hayward's dancing a play at Ty Power, who may grab it. Ty's negotiating a new contract that will put him in on the one-a-year class at Fox.
 Overheard:
 "Honey, we're as inseparable as Barbara Payton and her mink coat."
 Peter Lorre's European medics are advising him against returning to Hollywood. You'd be surprised at the names of Hollywood friends who have helped pay Lorre's doctor bills in Switzerland. His Masterpiece
 The jinx sign still is floating over Jean Hersholt's movie career. "Load" the episode he made with Ann Harding for MGM's "It's a Big Country," has been scissored from the final footage of the picture. Inside word is that it was one of Hersholt's finest performances.
 Lois Andrews nixed an offer to star in an Italian-made film and will return to Hollywood and daughter, Jerrilyn, in time for Santa Clause. She was left high and dry in Europe when Orson Welles called off his plans to film "Othello" with Lois as his co-star.
 There's a no-limit clause regarding movies in Ginger Rogers' \$1,000,000 TV contract. She can make as many as she likes, not being limited to three a year as first reported out of New York.

Goal Is Far From Reality

When President Truman's budget appears in January, it is expected to call for a 143-group Air Force, substantially greater than the presently authorized 95 groups.

There is little doubt that Congress will authorize this new goal. But it is important for the American public to remember that, for a long time, it will be only a goal, not a reality.

The way is long between the establishment of goals and the delivery of finished aircraft for operational use.

Thirty-one of the planned additional 48 groups would be combat wings. Of the 31, some 20 are scheduled as either tactical aircraft or fighters, fighter-bombers and light bombers.

The B-47 is in production but is not yet available for operational use. Bottlenecks and certain mechanical "bugs" have delayed deliveries.

The huge B-52 thus far has been produced only in prototype, and is only now beginning to undergo tests.

The United States has several fighter planes of which it is reasonably proud. But the superior qualities of the Russian MIG's, demonstrated in Korea, show that we must push ahead swiftly to develop new and even better types.

Right now we do not have anything resembling a real tactical force. The projected expansion in this phase of military aviation is perhaps the most vital envisioned.

Maybe it's natural for the girls to use lots of powder when they dress fit-to-kill.

Huffed And Puffed

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, by The Bell Syndicate, Inc.) Drew Pearson says: Corruption in government starts at the top.

WASHINGTON — A lot of people these days are asking how corruption got started in the U. S. government.

Root No. 1—Got started during the war years when Roosevelt concentrated so intensely on winning the war that he paid little attention to domestic policy.

Root No. 2—Got a deep hold in 1944, when Roosevelt was so anxious to be reelected that he threw control of the Democratic Party over to the big-city bosses.

Root No. 3—Got growing in May of 1945, when President Truman then in office, kicked out Francis Biddle, the attorney general, who insisted on rewarding the U. S. attorney in Kansas City who had convicted Boss Pendergast.

There was a time when the Post Office Department supplied the patronage to the party. But today, with postmasters largely under Civil Service, the party bosses look to the Treasury, which controls taxes, and the Justice Department, which has the power to prosecute.

Public education... in trying to be non-sectarian, quickly became anti-religious.

So They Say

Public education... in trying to be non-sectarian, quickly became anti-religious.

When I was young I resolved not to get married until I met the ideal woman. Some years later, I found her—but she was looking for the ideal man.

In the final analysis, he who pays the fiddler calls the tune.

Unpopular Henry Morgenthau... Its commissioner was an old-fashioned gentleman from Kansas, Gus Helvering, who would no more have fixed a tax case than he would have jumped into the Missouri River.

JACOBY ON BRIDGE

Bridge hand diagram showing North, South, West, and East cards

that you have the king. Also, you must find some way to cope with your partner if he reaches for the trick.

Of course, any such move betrays the location of the king. There are two ways of dealing with such a partner.

One of Hanegan's greatest faults was in the men he picked for the key jobs of Internal Revenue collectors—the Finnegans and the Delaneys.

When today's hand was played, East was not a reacher. He looked perfectly natural when declarer's queen of trump won the second trick.

Naturally enough, South led another spade to dummy's ace and repeated the trump finesse.

Note the difference if West wins the first round of trumps. South now has no need to repeat the trump finesse.

Upon written request and at your committee's own risk I will send you a powdered egg sample which most nearly conforms to the Army powdered egg as we World War II vets remember it.

Expect New UMT Plan To Sell Itself To Its Many Opponents

WASHINGTON — Proponents of the new universal military training program, which will become a hot issue soon after Congress reconvenes, believe they've got a plan this time the county will buy.

They think that most of the people are sold on the need for UMT. And they believe that the program just proposed by the National Security Training Commission reduces to an absolute minimum the complaints that the traditional opponents of UMT always have offered.

It calls for six months of training, which, they believe, isn't long enough to wreck any boy's civilian career. Training starts when a boy reaches 18.

There will be rigorous moral supervision of them while they are in the training corps. At the end of training they will have to serve in one of the civilian reserve components of the services for seven and one-half years.

Trainees will get \$30 per month, a free \$10,000 life insurance policy which will continue four months after they are out, allotments to dependents and disability benefits equal to those given veterans.

Relative shortness of the training also spurs the main objection of the unions which was that it would interfere with a boy's job career. Also, boys are guaranteed reemployment rights.

Top policy on the character of the training program will be made by the National Security Training Commission, composed mostly of prominent civilians. Among a long list of proposed regulations is the following:

No beer should be sold in a UMT training area. All taverns and bars within a reasonable distance from UMT camps or stations should be off-limits to trainees, and a penalty would be attached to the keeper of such a place, wherever located, if he knowingly permits a trainee to enter and purchase an intoxicating drink.

The question of who can be deferred from training, and who might be drafted for regular military service, is also being considered.

Q—Can a bill passed by Congress become a law without the President's signature?

A—The bill automatically becomes law if the President holds it for 10 days (excluding Sundays) without signing or vetoing it.

Q—What is the derivation of the expression "something rotten in the state of Denmark"?

A—"Something rotten in Denmark" implies that a situation is suspected of being dishonest or corrupt.

Q—Which is the oldest of Canada's national parks?

A—Banff National Park, on the eastern slope of the Rockies in Alberta.

Q—Does Belgium grant an income to the exiled King Leopold?

Presbyterians Give Third Annual Christmas Pageant

"The Holy Nativity," the third annual Christmas pageant presented by the First Presbyterian Church, was presented Sunday night to a capacity crowd with many others being turned away.

The pageant also will be presented at 7:30 p.m. Monday. "The Holy Nativity" is being presented in Midland as it was in Saint Bartholomew's Church in New York City.

Mrs. Clifford Hall is general chairman. Mrs. Forbes Pennycook is in charge of the production, Mrs. Frank Miller, music, and Art Cole is the narrator.

Those in the cast are John Baldwin, annunciation angel; Thalia Atkinson, angel of the shepherds; Mrs. Thornton Hardie, Mary; Newbie W. Ellis, Jr., Joseph; Mrs. Donald Johnson and Mrs. George Van Husen, stage angels; Mrs. Sol Bunnell, Mrs. Jack Matthews, Mrs. Murray Fasken, Mrs. R. G. Patterson, Mrs. D. A. Ross and Mrs. E. S. Hitchcock, flower angels.

Edwin Stitt, Bill Aldrich, Danny Page, Larry Ledebur, Bobby Porter and Andy Fasken, shepherds; George McEntire, George A. Haun, Gilbert Tompkins, Kings, Judy Matthews, Susan Penyscock, Jimmy Crenshaw, Andy Crenshaw, Molly Baldwin, Suzanne Hall, Mary Frances Glasscock and Charles Leeper, angels and cherubs.

'Curious Savage' Held Over Monday

The Community Theater's presentation of "The Curious Savage," a three act comedy by John Patrick, will be held over Monday night.

Tickets and reservations may be picked up at the box office after 7 p.m. Monday. Each presentation of the play has been given before a capacity crowd. This will be the last play of the year for the Community Theater.

Plays given this year included "Harvey," "The Hasty Heart," "See How They Run," "The Philadelphia Story," and "The Helms."

This year's membership campaign is underway and will continue through the first show of 1952.

Two Are Hostesses To Class Yule Party

Mrs. E. W. Cowden and Mrs. M. C. Ulmer were hostesses to the Althean Class of the First Baptist Church recently at the class Christmas party.

Those attending were Mrs. Tom Bobo, Mrs. J. R. Harrison, Mrs. Bob Hill, Mrs. Elliott Barron, Mrs. C. A. Barton, Mrs. Grace Snowsbery, Mrs. Fred Wycoff, Mrs. Richard Jones, Mrs. Harlan Howell, Dot Price, Lillian B. Hazel, Mrs. A. W. Wyatt, Mrs. C. M. Goldsmith, Grace Wallace, Mrs. W. B. Preston, Mrs. Vernon Yearby, Mrs. Kyle Taylor, Mrs. Leonard Proctor, Mrs. George Phillips, Ida Fay Cowden, Mrs. James O. Vance and Mrs. Ralph Barron.

Coterie Club Has Christmas Dance

The Coterie Club held its formal Christmas dance Friday night in the Crystal Ballroom of Hotel Scharbauer.

The Varstonians of Lubbock furnished the music. Breakfast was served at midnight.

The decorations featured red sleighs, reindeer, a Christmas tree and Santa Claus.

The following new officers were announced at the dance: Murray Fasken, president; Evans Dunn, vice president; Mrs. Clem George, secretary; and Mrs. W. B. Yarborough, treasurer.

Hosts were Mr. and Mrs. John Ed Cooper, Mr. and Mrs. W. H. Thams, Mr. and Mrs. S. Bill Reeder and Mr. and Mrs. Lamar McLennan, Jr.

Approximately 80 guests attended.

Kiddie College To Give Play

The Kiddie College Kindergarten will present a play, "Mechanical Doll," at 7:30 p.m. Monday in the West Elementary School.

Children taking part in the play will be Raymond Jenkins as Santa Claus; Jilane Jones, Mrs. Santa Claus; Randy Woodward, Christmas fairy; Georgia Todd, Princess doll; Terry Brown, Teddy Bear; John Baldwin, black cat; Claire Edman, Dinah; Lynn Baldwin, baby doll; Sherry Trimbull, fur doll;

Bobby Metzler, Peter Rabbit; Polly Jackson, Pierrette; D. D. Metzler, Pierro; Suzanne Scott, rag doll; John Braun, sailor doll; and Ann Armstrong, cowgirl.

BETA DELTA HAS DANCE

The Beta Delta Chapter of Beta Sigma Phi held a holiday dance Saturday night in the Ranchland Hill Country Club. Lee Powers' orchestra played. Approximately 350 persons attended.

Long Island, N. Y., has an area of 1,723 square miles, and is smaller than the romantic East Indian Isle of Bali, which is 2,147 square miles.

Rainbow Girls Have Mock Initiation

The Order of the Rainbow for Girls met Saturday in the Masonic Hall for a formal mock initiation.

Nancy Lou Klingler, worthy advisor, was the presiding officer. Mrs. Fay Gwyn served as the mother advisor.

It was announced that the covered dish supper would be held Tuesday at 6 p.m. in the home of Miss Klingler.

The girls will go Christmas caroling at 8 p.m. Sunday. All girls are to meet at the First Methodist Church.

The Rainbow dance is scheduled for 8 p.m. December 27 in the City-County Auditorium.

Guests present at the meeting were Mrs. J. T. Klingler, Vera McLeRoy, Lulu Wycoff, James Johnson, and Zanna Mostley of Stanton.

Members present were Skipper Clements, Juanita Tibbits, Deneva Merrell, Wanda Lou Steele, Sue Michener, Larry Ann Burnside, Barbara Munson, Marilyn Dunagan, Harriett Higgins, Miss Klingler, Simone Walker, Mary Jane Miller, Janis Rogers and Sue Talkington.

MHS To Stage 'Annual Pageant'

One hundred and fifty students of the speech, music and art departments of Midland High School will present their seventh annual Christmas pageant, "The Promised One," at 8 p.m. Monday in the high school auditorium.

Directors are Verna Harris, director of speech; Inez Parker, art supervisor, and R. C. Michener, music supervisor. The first scene is in the Temple where the angel, Gabriel, appears to Zacharias. The second scene is in Mary's home, the third in Elizabeth's home, and the fourth in the stable in Bethlehem.

Costumes were made by members of the speech department under the direction of Miss Harris. The scenery was constructed by the art classes taught by Miss Parker. Music will be furnished by a choir of more than 60 voices.

The pageant last year received national recognition in Dramatics magazine. There will be no admission charge.

A Three Days' Cough Is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

CREOMULSION
relieves Coughs, Chest Colds, Acute Bronchitis

Art Sales Total More Than \$200

Approximately fourteen pictures were sold for a total of \$200.35 Saturday at the art auction held in the Midland Palette Club Art Center.

Howard E. Davis, Jr., served as the auctioneer. The highest single bid was \$20 for "Sunshine Alley," a picture by Addison Young.

Twenty-four persons attended.

Richardson Is Guest Speaker

J. A. Richardson spoke on "Planting of Shrubs and Trees" at the Beginners Garden club meeting Friday in the home of Mrs. W. G. Sprecher.

Mrs. John F. Braun was co-hostess for the Christmas party.

Others attending were Mrs. George T. Brown, Mrs. Richard Sullivan, Mrs. Bank McLaurin, Mrs. John Skinner, Mrs. W. B. McEchun, Mrs. J. S. Gaines, Mrs. R. M. Minton, Mrs. T. T. Rumsey, Mrs. W. E. Cox, Mrs. John Norman, Mrs. C. E. Bellows, Mrs. F. D. Richardson, Mrs. W. B. Ahders, Mrs. W. O. Reynolds and Mrs. C. Harrison Cooper.

Midland Country Club Has Dinner-Dance

The Midland Country Club held its presidential dinner-dance Saturday night in the clubhouse, with approximately 275 couples attending.

Music was furnished by Harry King's orchestra.

Christmas decorations were used. Replicas of Santa Claus and his reindeer, led by the red-nosed Rudolph, went across the rafters. White Christmas trees with red ornaments were placed throughout the entertaining rooms.

WILL MEET WEDNESDAY
The Swing Away Square Dance Club will meet at 7:30 p.m. in the American Legion Hall.

Postal Auxiliary Has Officers Installation

Officers of the Ladies Auxiliary of Postal Clerks were installed Tuesday in a candlelight ceremony in the home of Mrs. Charles Hobson.

Mrs. Charles Campanella is president. Others installed were Mrs. Edward Knabe, vice president; Mrs. Wayne Campbell, secretary; Mrs. Joe Pharas, treasurer; Mrs. William Metzger, historian; and Mrs. Ray Wright, chaplain.

Mrs. Edward Knabe was co-hostess. The Christmas decorations in the entertaining rooms featured reindeer and bells. Ivy leaf holders tied in red ribbon were used in the installation service. The next meeting will be held January 3. Mrs. Bob Demetrest was a new member.

Mayor Dedicates Midland's Community Christmas Tree

Midland's community Christmas tree was officially dedicated by Mayor Perry Pickett at 6:30 p.m. Sunday at the city park, east of the Midland country club.

The ceremony opened with the lights being turned on and Mayor Pickett giving the dedication and the welcoming address. The Rev. Robert Snell, pastor of the Trinity Episcopal Church, represented the Girl Scouts and gave the Christmas prayer. The Senior Girl Scouts sang Christmas carols, with hundreds of Midlanders joining in.

Represents Helper
Rudolph, with his nose so red, represented Santa's helper and received toys in his huge bag from the children. These toys will be given to the Goodfellows. Rudolph will be at the park day and night to receive toys.

The lights on the Christmas tree will be turned on each night at dusk and a different Midland group will lead the singing each night.

The Methodist choir will lead the carols Monday night and Tuesday night the Baptist choir will take over.

ST. MARKS WSCS TO HAVE PARTY

The WSCS of the St. Marks Methodist Church will have its annual Christmas party at 7:30 p.m. Monday in the home of Mrs. A. E. Patterson, 401 West Parker Street.

A gift exchange will be held and each member will bring a gift of food for a Christmas basket for a needy family.

Mothers' Club Holds Party, Buffet Dinner

The St. Ann's Mothers' Club held a Christmas party and buffet dinner for members and their husbands Thursday in the school hall.

Mrs. Martin Collins was general chairman. Other chairmen were Mrs. T. R. Wright, hospitality chairman; Mrs. Ralph Geisler, decorations; Mrs. Pat A. Manna, program; Mrs. J. A. Simons, kitchen; Mrs. G. W. Martin, gifts; Mrs. Charles Turner, buffet menu, and Mrs. Fredric McLaren, reservations.

Mrs. Collins, Mrs. Wright and Mrs. Edwin B. Ferrell formed the receiving line and Mrs. William B. Smith presided over the guest book.

CLUB HAS PARTY

The French Heels Club held its annual Christmas party Sunday afternoon in the Ranchland Hill Country Club. Decorations carried out the Christmas motif. Approximately 50 persons attended. Pat Butcher, president, was in charge of arrangements.

RAINBOW GIRLS WILL HAVE COVER DISH SUPPER

Nancy Lou Klingler will be the hostess at the covered dish supper of the Rainbow Girls at 6 p.m. Tuesday in her home, 2209 West Brunson Street.

DADDY RINGTAIL

Daddy Ringtail and Christmas Tree Time

Old MacDonald has a farm, ee I ee I oh! But Old MacDonald was not at home on the day I am going to tell you about. Oh, but he should have been at home, be-

cause company had come to see him. The company was Mugwump Monkey, the monkey boy, who had come all the way from the Great Forest. Another company was Uncle

Bunkum who lives at the zoo. He had come with an axe to cut a Christmas tree for Christmas, and then to take it back home with Mugwump to Daddy Ringtail's monkey house.

"Old MacDonald!" called out

AT HOME - AT WORK - AT PLAY
WRIGLEY'S SPEARMINT CHEWING GUM
ENJOY CHEWING EVERY DAY!

By WESLEY DAVIS

Uncle Bunkum from the porch of the farmhouse. But Old MacDonald didn't answer.

"Uncle Bunkum," said Mugwump, "can't we cut us down a tree for a Christmas tree, and take it back home, and ask Old MacDonald about it later?"

"Well sir," said Uncle Bunkum, "it wouldn't be exactly right to do it unless we ask him first, but it won't hurt to look at the trees." And so Uncle Bunkum, and Mugwump with him, hurried away and out of the yard and on up the hill where the Christmas trees were growing. Uncle Bunkum pointed with his axe at a fine, pretty tree, and said: "This is the one I want. I saw it way last Summer. I decided then I wanted to have it when Christmas tree time had come again."

And Mugwump said: "Old MacDonald knew we were coming, and that we were coming for a tree. It would serve him right if we cut it down and took it away, without ever asking for it."

"Nope," said Uncle Bunkum, "it wouldn't be right to take it, unless we asked him first." And Uncle Bunkum was about to turn away sadly to come again another day, but from up in the tree came a cackly laugh. It sounded like Old Mac-

Donald, and Old MacDonald is who it was, all right, all right, hiding just for fun. And did a someone have a something they wanted to ask him?"

"Sure!" cried Mugwump. "May we have the Christmas tree?" asked Uncle Bunkum.

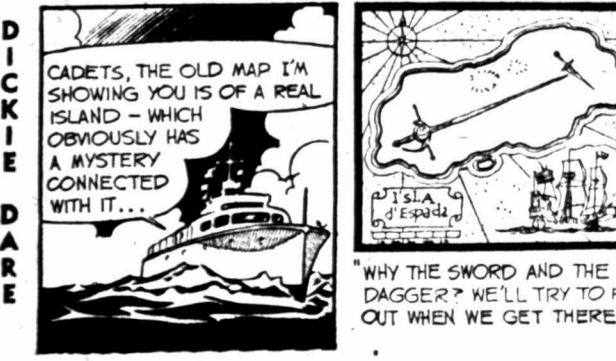

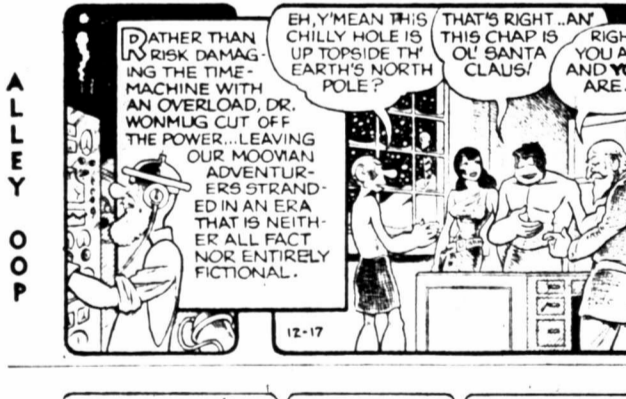

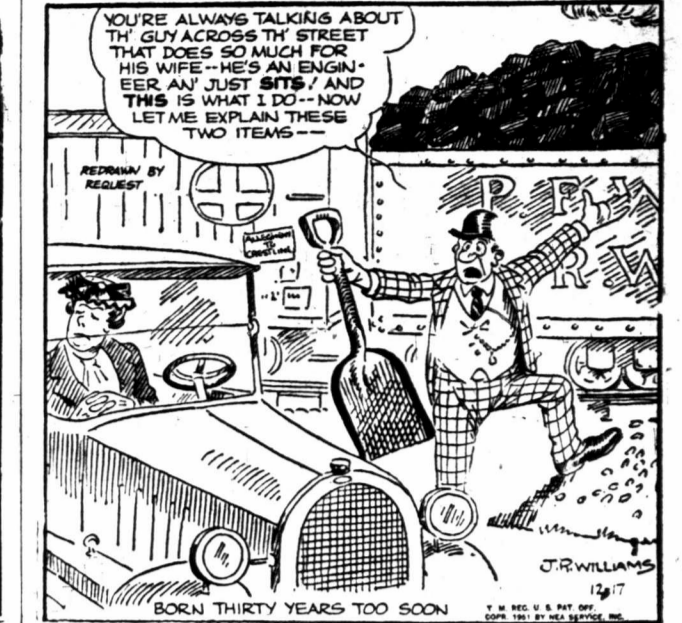

"That you may," answered Old MacDonald, and he said he thought he ought to go with them back to the monkey house for supper, if they would only ask him. And they did, and they sang songs of Christmas, too, while they rode away home with the Christmas tree in Old MacDonald's wagon, ee I ee I oh!

OUR BOARDING HOUSE With MAJOR HOOPLE OUT OUR WAY

By J. R. WILLIAMS

Agents—

(Continued From Page One)
phased that Woolf's retirement did not stem in any way from the inquiry into alleged irregularities in the tax service.

Asked if the picture in New York looks worse than that in other offices involved in recent tax scandals—such as St. Louis, Boston, and San Francisco, where Internal Revenue collectors have been indicted—Dunlap answered:

"You can say that's the only place where we have a special crew that is working now."

Agrees With Senator

1. He and Senator Williams (R-De) have had a discussion and are "in agreement." Williams, who has been making his own personal investigation of tax irregularities, protested recently that Dunlap was refusing to give him files on tax cases. Dunlap said he is required by law to turn over files only at request of chairman of congressional committees that deal with taxes.

2. Charles Oliphant, who resigned as chief counsel for the bureau with a blast at "baseless" charges against him, had told him recently of receiving a camera as a gift from an official of American Lithofold Corporation.

Otherwise, Dunlap said, many of Oliphant's activities brought out in House subcommittee hearings were a surprise to him.

Oliphant told the House Ways and Means subcommittee of several trips with men who later had tax difficulties and admitted giving information on a tax case to Henry Grunewald, a man-about-Washington.

Grunewald is under subpoena for questioning by the committee in connection with the story told by Abraham Teitelbaum, Chicago lawyer, that two men tried to shake him down for \$500,000 with an offer to save him from "bad tax troubles."

The committee has not been able to question Grunewald because he is in a hospital.

Two Odessans Hurt In Highway Accident

Two Odessa men were injured, neither seriously, in an automobile accident Sunday afternoon on U.S. Highway 80 at the western city limits.

Treated at Midland Memorial Hospital and released were Robert L. Risinger and Otis Green.

Banker Charged In Fund Shortage At Brownwood

BROWNWOOD—(AP)—William O. Kemp, 52, was free Monday after posting a \$5,000 cash bond and admitting the FBI stays, embezzlement of \$125,500 from a Brownwood bank.

J. K. Mumford, special agent in charge of the Dallas office of the FBI Sunday said Kemp is charged with falsification of records in taking the money over an eight-year period from the First National Bank.

The complaint was filed Saturday night in Abilene before Mrs. Ida James, U.S. commissioner, by FBI Agent John Barry Hubbard.

Kemp, a \$250 per month employee and father of six children, appeared before Mrs. James Sunday and was released on the bond, returnable in U.S. District Court at San Angelo, April 28, 1962.

Kemp had worked in the Brownwood bank, Mumford said, almost 30 years. The FBI man added Kemp was assistant cashier, bookkeeper and exchange officer.

The multiple duties, the FBI man said, gave Kemp an unusual chance to juggle entries and accounts, principally by floating drafts in correspondent banks' accounts.

Federal bank examiners called in the FBI last Wednesday after noticing a \$5,500 item posted December 6 which they believed false.

Police Seek Suspect In Street Shooting

City police were searching Monday for a Latin American man for questioning after another was shot Sunday night as he stood outside a cafe.

The shooting victim was identified by police as B. B. Salgado, who was given treatment at Western Clinic-Hospital for gunshot wounds in the groin and was released.

ACC CHRISTMAS PARTY SLATED TUESDAY NIGHT

The annual Christmas party of the Midland Chapter of the Abilene Christian College Alumni Association will be held Tuesday night in the home of Mrs. Alice Walker, 2003 West Kentucky Street, President Burvin Hines announced Monday.

All ex-students of ACC are invited and urged to attend the function.

Casualties in Korea

WASHINGTON—One Texas killed in action, nine wounded and two injured are included in Korean casualty list No. 561, released Sunday night by the Defense Department. All are Army personnel.

Killed in action: Pfc. Thurman J. Lowe, Moscow.

Wounded: Pfc. Billy W. Bodiford, Lindale; Cpl. Alvin R. Hooker, Jr., Sherman; Pvt. James B. Jones, Houston; Pfc. Charles E. McDonald, Conroe; Pfc. Bennie L. McEwin, Odessa; Pfc. Marvin Lee Mills, McKinney; Pvt. Alejandro A. Ortiz, Harlingen; Pfc. Ronnie W. H. D. Sansom, Lamesa; Pfc. Earl L. Welch, Van Horn.

Injured: Pfc. Earl L. McDaniel, Naples; Pfc. Jose Serrato, Harlingen.

Texas Rangers Join Search For Slayer

BIG SPRING—Texas Rangers Monday had joined in the search for the killer of Bill Robinson, 47, stock farmer, who was found dead in a ditch near Big Spring at the wheel of his car Saturday afternoon.

Robinson was shot to death about 11 p.m. Friday, officers estimated. Three .38 caliber pistol slugs were in his chest.

Robinson's body had lain undisturbed in his car and was found by his brother, J. C. Robinson. The slum man last was seen alive as he left the Eagles Club shortly before the probable time of his death.

Funeral services for Robinson were to be held at 2 p.m. Monday in the Nalley Funeral Home Chapel here. Interment was to be in the Big Spring City Cemetery.

Robinson is survived by the widow, two sons, Tommy and Kim, and a daughter, Rosalie, and the parents, Mr. and Mrs. Charlie Robinson, who also farm near here.

Brown Explains New Driver Law

The new state law, which will go in effect January 1, to require motorists to prove their financial responsibility for accidents was explained to the Midland Kiwanis Club Monday.

Hulon Brown, Midland attorney, was the speaker. Brown pointed to the growing rate of traffic accidents and said the 1,000,000th traffic victim was due to die around December 22.

Years ago, he said, there was no need for such a law as the new state statute. He said the new law would take the financially irresponsible driver off the highway.

Brown was introduced by Perry Pickett, program chairman. Henry Conkling, Kiwanis president, presided, and the luncheon meeting was held in Miller's Restaurant.

ADMITTED TO HOSPITAL

Mrs. Lola Parrott, 1506 South Main Street, Sunday was admitted to Midland Memorial Hospital as a medical patient.

ARM IS INJURED

J. P. Wooten suffered arm injuries in an oil field accident Sunday. He was treated at Western Clinic-Hospital.

C-46 Crash—Traffic—

(Continued From Page One)
that takes off on an irregular schedule, usually when it has a full load. The plane was operated by Miami Airlines, Inc. The line has been in operation since March, 1946, and its five planes have flown more than 100,000,000 passenger miles.

The ill-fated plane seemed to be in trouble even before it cleared the ground in its takeoff. Its right engine was smoking badly and emergency crews had sprung to an alert.

State and federal officials began an immediate probe into the tragedy, goaded by the white-hot anger of townspeople who long have complained of the shuddering, terrifying thunder of plane takeoffs.

Only a few weeks ago, residents of Elizabeth threatened to block Newark Airport runways with their bodies to end takeoffs over their homes.

On Christmas Holiday

Most of the passengers were from New Jersey and New York. A few were from New England, as far north as Maine. Some were returning to their homes in Florida. None were Texans.

Despite an annoying delay of hours in the takeoff, passengers were as they trooped aboard for Christmas holidays in the South.

Robert Collins watched the plane take off carrying his mother, Bertha, 55, his sister, Mrs. Ann Connors, 31, and his two nephews, one two years old and one seven months. He said afterwards, his voice brittle from the shock:

"Every seat was taken. We had been at the airport since early morning for the scheduled takeoff. But there was a delay and an airline official said the heaters weren't working. Finally, about three o'clock, the plane took off."

"The right engine on the plane was smoking very badly on the takeoff and it took the whole length of the field before it rose about 50 feet."

Fire Engines Left Behind

Collins said he saw two fire engines head toward the plane when field officials sensed it was in trouble. But the vehicles were left in the backwash as the plane was airborne.

The pilot seemed to realize his trouble and turned the plane around to go back to Newark. But its plume of black smoke mushroomed into ghostly vivid orange flames above the crowded business heart of Elizabeth. People below froze in anguish at the sight.

Flames from the right engine cut short the heroic battle. The plane seemed to explode in the air and a wing dropped off. Then it rocketed down, roaring and spewing flames, whirling like a jet plane in a dive.

Said Tom Mulligan, who watched from his yard below:

"I saw the motor burning and heard an explosion which ripped the plane's right wing off and sent it boomeranging towards the Elizabeth River. Then it went into a spin towards the left and crashed at terrific speed."

Children Flee In Terror

Children at play scattered in terror beneath the plane as their shrieks knifing the joy air until drowned by the thunder of the approaching airliner.

The plane nicked the vacant house, one in a row of frame homes. Then it smashed the unused Elizabethtown Water Company's red brick pumping station. The station's roof fell in. Watchman Frank Hanon was cut and his ankle broken.

The remnants of the plane tumbled in a blaze of metal junk into the Elizabeth River at the bottom of a 25-foot, trash-clogged ravine. Then said a spectator:

"There was a silence, a cold silence everywhere."

However, flames shot up again—75 feet into the air—and the debris cracked with fire.

The first body brought out of the 30-foot-high pile of wreckage was the pitiful, broken form of a tiny baby.

Some women passengers still clutched purses as city officials joined firemen to bear the bodies out on litters. Priests moved into the shambles, giving posthumous rites of the church to all passengers, on the chance that some were Catholic.

Severe, 20-degree cold—the worst in the East this year—froze hoses as firemen played water on the smoldering wreckage. Their feet were braced unsteadily on the snow-crusted ground.

Only the tail of the plane remained partially intact, jutting like a monument over the blackened, twisted smoking scene.

Bodies were dug up the icy, slippery sides of the ravine as daylight gave way to December darkness. Searchlights were brought in to bathe the scene in a sickening, unnatural glare.

Atop the riverbank, the bodies were laid out in rows beneath blankets on the frozen ground.

Ambulances and even a bus moved them to an Elizabeth morgue, a private funeral home. It quickly filled and some remains were placed in a garage behind the mortuary to await heartbroken relatives and friends.

Authorities made no attempt at once to identify the bodies. Nor would they let grieving relatives into the morgue, heavy with the odor of burned clothing and flesh.

Detective Capt. August Winkelmann said identification was possible only through rings, teeth, personal effects and fingerprints. This was put off to Monday.

Britain To Permit Slight Fluctuation In Pound Sterling

(Continued From Page One)
quarters of a mile south of Goldthwaite, killing John Aubrey Formby, San Antonio. Warrant Officer Arthur R. Glomski, El Paso, and Cpl. John Tume, Norfolk, Va., were injured, and were transferred Sunday to the hospital at Fort Hood.

The 29 soldiers in the chartered bus were being transported from Fort Bliss, El Paso, to Fort Hood.

The body of Pfc. George G. Webb, 32, Randolph Air Force Base, San Antonio, was found Saturday in a dry creek near Schertz. An autopsy indicated Webb died of a cerebral hemorrhage caused by a fractured skull. An inquest verdict was withheld pending further investigation.

The body of William A. Robinson, 47, Big Spring farmer, was found slumped in his car on a Big Spring street Saturday. He had been shot three times with a .38 caliber pistol. An inquest verdict of murder was returned.

The badly beaten body of G. O. (Joe) Malone, 45, was found in the front seat of a panel truck parked in the rear of a grocery store in downtown Orange Saturday night. Officers said they believed Malone had been beaten to death with a blunt instrument.

Pinched Under Jeep

A man known as Ed Clapp was pinned beneath a jeep and strangled to death after the machine turned over on a dirt road 12 miles northeast of Matador. He was a cowboy on the Seigler Ranch.

Anselmo Gonzales Castillo, 31, was shot to death Saturday night in a tavern brawl in Dallas. Three wounded persons were held for questioning.

Huddall F. Lanier, 55, Jasper businessman, was killed Saturday night when the car in which he was riding overturned four miles west of Jasper.

The body of night watchman James Lee McAllister, 67, was found in the bottom of a freight elevator shaft in the City National Bank Building, Houston, Saturday. Officers believe he fell five floors.

Cpl. Claude Zerr, 20, of Arizona and Pfc. Virgil E. Cogburn, 20, Throckmorton, were killed Saturday when their car crashed into a bridge near Breckenridge.

Mrs. Lorayne Wright Montgomery, 31, was killed seven miles from Port Isabel Saturday when her car skidded and overturned during a rain.

Mrs. Russell B. Shaw, 37, was killed near Brownsville Saturday when her car skidded and was struck by another car.

Pfc. Jimmy Luther Long, 18, Paris, was killed in a two-car collision at Dallas Friday night. He was stationed at Lackland Air Force Base, San Antonio.

George Edward Ernst, 41, Corpus Christi, was killed Friday night when his car collided with another car in Corpus Christi.

Antonio Martinez, 21, Losoya, was killed Sunday when his car overturned after hitting a slick spot on the pavement between San Antonio and Losoya.

Paul Prior, 43, Longview, was injured fatally Sunday when his car sideswiped two cars, then overturned five miles south of Longview.

James Netherly, 23-year-old Dallas negro, was wounded fatally Sunday by a spiked 2x4 plank in a street fight involving eight persons.

Guadalupe De Leon, 54, Robstown, injured Friday in a traffic accident near Calallen, died Sunday.

An El Paso woman, Mrs. Antonio

Britain To Permit Slight Fluctuation In Pound Sterling

(Continued From Page One)
LONDON—(AP)—Winston Churchill's government Monday embarked on a stringently controlled test of how much the pound sterling is worth. Under the new rules, the pound can fluctuate only four cents—from \$2.78 to \$2.82.

Churchill restored the small measure of freedom presumably for the psychological effect.

His aim was to restore world confidence in the country's weakened currency and thus promote business for Britain.

The Bank of England announced the spot cash price of the pound, still officially pegged at \$2.80, will be allowed to fluctuate two cents either way on a limited "free" foreign exchange market which opened Monday morning.

To Halt Speculation

A still greater fluctuation will be allowed when pounds are bought in the futures market—that is, for use later on.

Since the private enterprise money market was shut down in September, 1959, the government itself has handled both spot and future deals—always adhering rigidly to the official rate of exchange.

Lately there have been rumors and speculation that Britain again would have to cut the official rate of exchange—that is, make the figure to which it was cut on devaluation day, Sept. 17, 1949.

If such talk had been allowed to continue, foreign business men would have been hesitant about placing orders with manufacturers here. The inclination would have been to wait and see whether the pound cheapened, making better deals possible.

By giving the pound freedom to fluctuate somewhat, Churchill in a sense represents himself as being confident that the price won't drop unduly low. He also makes it possible for the pound to shoot, what it's got—that is, to stay above a minimum allowable exchange rate if it can.

FINGER AMPUTATED

Martin Bergey, an oil field worker, underwent an amputation of a finger Sunday at Western Clinic-Hospital. The finger was injured in a drilling rig accident.

LEG INJURY TREATED

Douglas Harper of 321 South Baird Street, an oil field worker, received leg injuries in an accident while at work Sunday. He was treated at Western Clinic-Hospital.

Lopez, was killed and her baby injured when they were struck by a car driven by a member of the Air Police Squadron of Selfridge Air Force Base, Mich. The accident occurred eight miles east of El Paso.

Another tragedy near Fort Worth claimed the lives of Charles A. Chandler, 29, and Mrs. Naomi Chandler, 28. Chandler's body was found Sunday partly under his car with a gunshot wound in his chest. Mrs. Chandler, dead in the car, had been shot four times. Sheriff's deputies said a long note written by Chandler was found in his coat pocket.

Thieves Ransack Parked Automobiles

Thieves broke into two cars parked in the business district Saturday night and Sunday and took a quantity of clothing and other articles.

Louis Johnson and Eddie Hughes of Rowell reported their automobile was ransacked of clothing while parked in the 100 block of North Weatherford Street Saturday night.

LeRoy Wood, 2505 West Holloway Street, reported a pair of fender skirts and an Indian blanket were taken Sunday from his automobile parked in the 200 block of West Wall Street.

Bulldog Five To Play San Angelo, Monahans Quintets

Midland High School's basketball team gets two more non-conference starts this week, going to San Angelo Tuesday night and playing in Monahans Friday night.

San Angelo, which now has won eight of nine games, defeated Midland earlier in the season, 52-33. Monahans has one of the stronger teams in District 8-AA, having advanced to the finals of its own tournament Saturday night before losing to Jal, N. M.

The Bulldogs have played just one game other than the previous tilt with San Angelo, losing 37-24 to Odessa High School.

Coach F. D. Red Rutledge wasn't unhappy Monday. "I thought we looked better against Odessa," Rutledge said, "and I think if we keep improving a bit we'll do okay. Some of our boys with good eyes for the basket haven't found the range yet, but when they do we should be pretty tough."

Rutledge said his starting five Tuesday night probably would be made up of Ralph Brooks, Bill Mims, Jesse Hatfield, John Van Buskirk and Larry Friday.

Conference play starts for the Bulldogs January 18, when Big Spring comes here.

Complete conference schedule will be announced in the Reporter-Telegram January 18. Big Spring, here, January 22, at Plainview, January 25, Lamesa, here, January 29, at Sweetwater, February 1, Vernon, here, February 5, at Big Spring, February 8, Plainview, here, February 12, at Lamesa, February 15, Sweetwater, here, February 19, at Vernon.

Cleveland Browns, LA Rams To Clash For Pro Grid Title

NEW YORK—(P)—The Cleveland Browns and the Los Angeles Rams will give a repeat performance next Sunday of the 1950 National Football League title game.

The Rams clinched the right to meet the champion Browns Sunday by downing the Green Bay Packers, 42-14, for the National Conference title as the pennant hopes of Detroit's Lions and the Chicago Bears were dashed in the final games of the season.

The Browns unbeaten in five years of title play, including four in the defunct all-America Conference, and the Rams will clash at Los Angeles, a year ago in Cleveland they staged a nip-and-tuck battle with the Browns winning, 30-28, on Lou Groza's field goal in the last minute of play.

Third Straight Year It will be the third straight year the Rams have been in the NFL championship game. They lost to Philadelphia in 1949.

While Los Angeles was whipping the packers on five touchdowns, passes by Bob Waterfield and a 99-yard touchdown run by Jerry Williams, the Lions fell before the San Francisco 49ers, 21-17, and the Bears bowed to the Chicago Cardinals, 24-14.

The results tied Detroit and San Francisco tied for second place, a half-game back of Los Angeles.

Cleveland, with the American Conference title already wrapped up, finished out the season with a 24-9 victory over the Philadelphia Eagles for the Browns eleventh straight win since losing the opener to the 49ers.

In other games, the Pittsburgh Steelers struck for three touchdowns in the final period for a 20-10 triumph over Washington as New York's Giants defeated the New York Yanks, 27-17.

LaVega Is Rated Over Arlington

By HAROLD V. RATLIFF
Associated Press Sports Editor

Four teams that have won 53 games between them put the climax on the Texas schoolboy football campaign this week as they decide the championships of Classes AA and A.

Their big brothers, Lubbock in Class AAAA and Breckenridge in Class AAA, have stowed away their title trophies.

Representing 360 schools that started the campaign in September, these eleven fight for championships this week.

Arlington (12-1) vs LaVega (13-0) at Waco Saturday at 2 p.m. for the Class AA championship.

Newcastle (14-0) vs Giddings (14-0) at Graham Friday at 2 p.m. for the Class A championship.

Three of those teams you didn't expect to meet about finals time.

Arlington, Newcastle and Giddings are surprise teams. Arlington lost to Terrell, a team eliminated in the first round of the championship fight.

Newcastle was to face Wink, the team favored for the season's start to win the state title, and Giddings came from nowhere, unheralded and unsuspect.

But there's nothing synthetic about their showings. Arlington rose up last week to clip undefeated, untied Anson, 26-6. Newcastle outscored Wink—the team with 527 points in 13 games—33-26, and Giddings swept through all opposition like a sledge hammer to the finals with a 22-13 trouncing of Vanderbilt.

LaVega was the only team to run strictly to form. Pirates rushed into the finals with 13 straight victories during which they rolled up 459 points.

But the high-scoring outfit is Giddings which has swarmed to 520 points in 14 games and allowed the opposition 75. Defensively, however, the wonders of the season are the Newcastle graders, who have allowed only 38 points in 14 games.

LaVega probably will be favored to beat Arlington despite its sterling drive back from the Terrell looking. The Newcastle-Giddings game is a toss-up.

There is a direct comparison between Arlington and LaVega but none between Newcastle and Giddings. Arlington beat Hillsboro 13-6. LaVega beat Hillsboro, 20-7.

Arlington features Ray Glasgow, a gifted ball handler and passer under the T, and Rusty Gunn, one of the finest runners in schoolboy football. LaVega depends greatly on big Billy Kellere, a 185-pounder who slashes lines to hits. He scored four touchdowns last week in the rout of Donna.

Charley Blanton leads the solid Newcastle offense. Neal Namken, Charley Plutchink and the fleet Jackie Mutch combine to make Giddings a terror at the goal line.

Lubbock won the Class AAAA title Saturday with a 14-12 victory over Baytown. It was Lubbock's second major championship of the year—the Westerners also were tops in basketball. Breckenridge upset Temple, 20-14, for the Class AAAA crown—Breckenridge's first undisputed title in history. It was the third time for Temple to fail in the finals.

Loyola tops Pass Happy Teams; SMU Club Rates Third

NEW YORK—(P)—Led by Don Klosterman, Loyola University of Los Angeles threw and completed more passes last season than any college football team in history.

The Lions, who won only three of nine games, launched 324 aerials and completed 164—both records. With Klosterman doing most of the tossing, these passes accounted for 1,895 yards, top mark this season.

Loyola averaged 36 passes a game, completing 18.2 of these for 210.6 yards. Nevada set the all-time record for yardage in one season, averaging 255 aerial yards a game in 1948.

Final statistics released Saturday by the NCAA Service Bureau disclosed Missouri's air offense was second best last season, gaining 1763 by Colgate.

Princeton, mainly on Dick Kazmaler's deadly shooting, had the best percentage, completing 60.7 per cent of its passes. The Tigers tossed the ball 117 times and had 71 completions.

Kentucky led for the second straight year in touchdown passes, with 19 scoring drives. Last season, the Wildcats had 27 touchdown passes.

Every major team threw at least one scoring pass except Mississippi State, which lofted 137 (completing 49) without one hitting pay dirt.

Evening Pigskin Is Going Two-Platoon

PALO ALTO, CALIF.—(P)—Even the pigskin is going two-platoon in the Rose Bowl.

Stanford and Illinois each will use its own favorite brand of football on offense in their New Year's clash at Pasadena.

Duke University, which started playing football in 1868, rolled up its biggest victory margin in 1891 when it defeated Furman, 96-0.

That Newcastle High School team which stunned Texas, Wink and King's Row by upsetting Wink Saturday, 33-26, is a "Cinderella" team if ever there was one.

Perhaps midnight will chime for the Newcastle kids when they play Giddings next Saturday for the Class A championship, but we wouldn't be surprised at all if the glass slipper fits the Newcastle coach and his eleven.

Newcastle is a struggling little community with a population of 727 souls, located near Graham. The school isn't rich. Newcastle fans told us Saturday that until the last couple of seasons, the boys had to furnish their own football shoes to go with the uniforms issued by the school's athletic department.

Perhaps that tailored comfort is what paid off for the Bobcats, but we think it was excellent coaching, a well-conditioned squad and the will to win.

Coach W. W. (Woody) Henderson, the short and pudgy Newcastle mentor, shocked the working press a couple of hours before game time by pointing at one of his players and grunting: "Hope he doesn't hurt his leg again today. We'll need him next week."

Whereupon an unbelieving scribe questioned: "You mean you expect to win this game?"

"Of course I do," thundered the Newcastle head man. "We didn't come out here to lose the thing!"

That from a man who had only 19 men on his entire squad and facing what was termed by many experts as the most powerful Texas Class A team ever assembled.

Newcastle's two stars—though all the players had to play good ball to take Wink—were Backs Charley Blanton and Jackie Stringer. Blanton is a hip-swinging, deceptive runner who moves much in the manner of SMU's famed Doak Walker—and with approximately the same results. The first time he got the ball against Wink he leaped along with his easy, swinging gait, spurring here, turning on the steam there, to go 61 yards to the Wildcat one-yard line.

Stringer, when his team was ahead, was an average ball player. But on the two occasions when Wink led—once by 29 to 14 and once by 26 to 20—the boy dug deeper for that extra something and became truly great.

He hurried passes to 15 and 24 yards in the next-to-last Newcastle scoring march and turned in a beautiful 12-yard scoring scamper. On the last TD drive, he roared 32 yards to the Wink 10-yard line. Through it all, he was as calm and cool as the proverbial cucumber.

So, for that matter, was the entire Bobcat team. That's why high-scoring Giddings may find itself in a heck of a hole before the tilt next Saturday is over.

This Cinderella crew won't turn to pumpkins.

Greenville Gets Sherman-Denison Baseball Franchise

GREENVILLE—(P)—Greenville will return to professional baseball this year and will be right back in the Big State League.

A. C. Gonzalez of Del Rio, owner of the Sherman-Denison franchise, announced Sunday night he was moving to Greenville because he had such an attractive offer he couldn't turn it down.

Gonzalez explained that he would have to spend \$10,000 and \$15,000 to get the Sherman-Denison park in shape, whereas Greenville offered a well-conditioned park at a rental of only \$1 a year.

Greenville's franchise was moved to Tyler last year when this city failed to raise a sufficient amount in ticket sales to insure it being operated here.

Gonzalez said he had considered an offer from Longview to take the Sherman-Denison franchise there but that Greenville offered several advantages.

Buy's Chickasha Club He recently purchased the Chickasha club in the Sooner State League and said he would have plenty of ball players. He is considering John (Red) Davis as manager. Davis was manager of Corpus Christi in the Gulf Coast League last season.

Gonzalez's statement: "It is impossible to operate in Sherman for the 1952 baseball season without spending at least between \$10,000 and \$15,000 to rebuild the present stands."

"A part of the present stadium caved in during the last playoff. It is doubtful if we could obtain liability insurance without completely rebuilding the present stands, and with rising costs of labor and material this would necessitate an expenditure of at least \$10,000 or \$15,000."

I considered moving to Longview but the Greenville offer had several advantages. The ball park at Greenville is in fine condition and the rental is \$1.00 per year. We will save several thousand dollars in lights alone.

"It was a hard decision to make but the Greenville offer coming from a group of prominent persons, some of whom attended the National Baseball Meeting at Columbus, Ohio, was so attractive that it was impossible to turn it down."

McCarthy On Coast For Medical Checkup

SAN DIEGO, CALIF.—(P)—Senator Joseph R. McCarthy of Wisconsin is here for a brief rest and checkup of a sinus condition.

He is the house guest of Navy Medical Corps Capt. Adrian J. Delaney, chief of the eye, ear, nose and throat section at the San Diego Naval Hospital.

Captain Delaney said McCarthy is being checked for a sinus condition for which he was treated when Delaney was stationed at the Bethesda, Md., Naval Hospital.

R. J. (Doc) Graham, C.L.U. Southwestern Life Ins. Co. PHONE 4-4182 (Not in phone directory)

Plastics To Meet Shell

Western Plastic Company has a chance to share the loop lead in the Midland JayCee Independent Basketball League Monday night by defeating Shell Oil in the second game of a twin bill at John M. Cowden Junior High School.

The one is slated for 8:45 p.m. Geller-dwelling Borden's meets the JayCees in the first game at 7:30 p.m. A loss for Borden's would just about eliminate it, as the team already has dropped two contests.

The JayCees lost their opening game, 45-39 to Phillips but should be able to cop the Monday night tilt even with Borden's making a last ditch stand.

Borden's depends on Roy Price, third high-scoring in the loop, for most of its points. The JayCees, with a large squad, expect to turn hoop-happy Hulon Brown against the Borden outfit.

Wednesday night, Phillips Oil meets Shell in the first game with Rotary Engineers going against the JayCees in the second contest.

As things stand in the league now, Rotary Engineering Company looks like the best team with Phillips and Western Plastic capable of giving the Engineers trouble. Don Grove, ex-Texas Tech star cager, has joined the Phillips team and that didn't hurt prospects at all.

The JayCees, Shell and Borden's seem doomed—at this stage of the season—for the lower bracket.

Of the six teams in the loop, four will play in the tournament to decide the city championship at the end of the year.

Matson Nation's Top Scorer; Dunny Goode Gets 84 Points

NEW YORK—(P)—In one of the closest finishes in history, Ollie Matson of San Francisco edged Hugh McElhenry of Washington by one point to win the individual scoring crown for the 1951 college football season.

Final statistics released Monday by the NCAA service bureau show Matson on top with 126 points, 21 touchdowns to McElhenry's 125 tallies on 17 td's and 23 extra points.

Matson, who was All-America on the Associated Press' first defensive team, produced a six-pointer in every game as he paced the Dons to their first undefeated, untied season. He also led the nation in rushing this season.

His 21 touchdowns was only one short of the modern record set last season by Bobby Reynolds of Nebraska and Wilford (Whizzer) White of Arizona State.

Pat Summerville of Arkansas won the field goal kicking over Ohio State's Vic Janowicz, four to three.

The leading scorers:

	Td	Pat	Fg	Pts
Matson, San Francisco	21	0	0	126
McElhenry, Wash.	17	23	0	125
Parsons, Tulsa	16	0	0	96
Oliverson, Brig. Young	15	0	0	90
Kastan, Boston Univ.	15	0	0	90
Goode, Hardin-Sim.	14	0	0	84
Payne, Tennessee	14	0	0	84
Bright, Drake	14	0	0	84
Macon, Col. Pacific	14	0	0	84

Clay, Brooke Army Defeat SDNTC, 17-14

SAN ANTONIO—(P)—Randall Clay, the former University of Texas star who played with the New York Giants in professional football, carried Brooke Army Medical Center to a 17-14 victory over San Diego Naval Training Center Sunday.

Clay kicked a 13-yard field goal in the second period to furnish the margin with which the bowl-bound Comets took the decision. Brooke, with a 10-1 record, plays Campe LeJune, N. C., in the Cigar Bowl at Tampa, Fla., December 29.

Clay not only was an offensive star but he came back in the last minutes as San Diego Navy threatened to win the game and intercepted a couple of passes.

Mel Selph, former Southwest Conference Texas State star, scored one Comet touchdown on a 53-yard run and passed 28 yards to Jim Cleveland for the other. Clay kicked both extra points.

Don Bahrman passed for both of the San Diego touchdowns, one a 10-yard shift to Don Logue, former Arkansas player, and the other 17 yards to Bucky Curtis.

This brought to 626 the number of casualties so far suffered by Canadian troops in Korea action, including 119 dead, 447 wounded, 65 injured in action, and five missing.

SWC Cage Teams Get Intersectional Schedule Laid By

Southwest Conference basketball teams get the bulk of their intersectional schedule out of the way this week and it's a tough old row to hoe.

Teams from this league, already away behind, have a dozen tests against outside foes. Thus far the conference has won only eight of 26 intersectional games.

Texas, the last unbeaten team (5-0) figures in three of them. Monday night the Longhorns meet Louisiana State at Baton Rouge and Tuesday night drop over to New Orleans to battle Tulane. Friday night Texas plays Murray State of Kentucky at Austin.

Baylor plays tough Wyoming at Laramie, Wyo., Monday night. Rice tries Kansas at Lawrence Tuesday night while Southern Methodist and Texas Christian play Nebraska and Texas Tech at Dallas Wednesday and Thursday nights. SMU gets Nebraska Wednesday night, with TCU playing Tech. They switch foes Thursday.

Of major interest will be the clash of Rice with Vanderbilt at Nashville Thursday night. Vandy is the outside team playing in the pre-season conference tournament in Dallas next week and the way things have been going probably will be favored to win the thing.

Last week found the conference teams losing 10 of 11 intersectional games. Baylor, which took its first decision of the season, won the only test with an outside foe—the Bears licked Colorado, 54-50, although losing the second night, 47-46.

Southern Methodist carried highly rated Kansas to the last whistle before losing, 58-57, after being swamped, 74-51, the night before. Texas was keeping its season record clear with a 57-49 win over East Texas State of the Lone Star conference and a 68-41 victory over

Sam Houston State of the same conference. George McLeod, giant Texas Christian center, has a comfortable lead in the scoring race. McLeod has rolled up 121 points. Billy Hester of Kansas is second with 91.

Demaret Grabs Big Purse In Havana Golf Tournament

HAVANA—(P)—America's golfing ambassadors lined their pockets with Havana gold in the 72-hole invitation tournament which ended Sunday.

Jimmy Demaret, Ojai, Calif., grabbed the biggest purse, \$1500, after shooting a final round three-under-par 69 for a total of 275.

He finished a stroke ahead of Bob Toski of Northampton, Mass., who had a final round 68 for second money of \$1100.

Three tied for third with 277. They were Jimmy Turnesa of Briarcliff, N.Y., Pete Cooper of White Plains, N.Y., and Claude Harmon of Mamaroneck, N.Y.

Marty Furgol, the early leader from Lemont, Ill., wavered in the stretch and finished in a tie with Toney Penna for Cincinnati at 278.

THE SONGS OF CHRISTMAS

Any list of favorite Christmas carols is likely to include "Good King Wenceslas," "Hark! The Herald Angels Sing," "Joy to the World," "While Shepherds Watched."

And of course "We Three Kings of Orient Are," which is based on the story of the wise men from the east, who came to worship the infant Jesus and bring Him gifts.

But ranking first in general popularity is "O Come All Ye Faithful," known also by the Latin "Adeste Fideles." This has been translated into more than 75 languages.

Permian Basin Oil And Gas Log-

(Continued From Page One) The Goldsmith field as of November 1 had been 108,000,000 barrels—of which approximately 85,000,000 barrels had been produced by the wells covered by the new unit.

Devonian Sets Plug To Show Off Water In Reagan Prospect

The Devonian Company No. 1 Sugar, Northeast Reagan County wildcat showed possibilities of making an oil well in the Spraberry in a drillstem test at 5,641-66 feet, has plugged back to 5,653 feet to try to eliminate bottom hole water. Moves Off Rig Operator has moved off the drilling rig and will move in a portable unit to test the open hole at 5,641-53 feet and the section at 5,632-40 feet. That later interval will be tested through casing perforations in the pipe which is cemented at 5,641 feet.

This wildcat had recovered 2,855 feet of oil, and 400 feet of salt water in an eight-hour drillstem test at 5,641-66 feet. In addition five barrels of oil was flowed out at the top during the test. Some of the oil recovered was load oil and some of it was new oil. There was no way to determine how much there was of either variety of oil.

Will Test Soon The plug was set at 5,653-61 feet to try to eliminate the water. When the cement cures the sections at 5,641 and at 6,632-40 will be tested. Interested observers think that they will develop commercial production.

Location is 12 miles northeast of Stiles. The project is two miles west of the nearest Spraberry production in the Seven D field, and 660 feet from north and east lines of section 162, block 2, T&P survey.

Program For MGS Luncheon Tuesday Has Been Changed

A change has been made in the program for the Tuesday noon luncheon of the Midland Geological Society.

Previous announcement had slated H. S. Forgeron, Midland consulting geologist to screen a color film of scenes in New England and along the east coast of Canada which he and Mrs. Forgeron made on a Summer vacation.

Shows Gas Line However, another picture, "Westward Flow," which shows the building of the El Paso Natural Gas Company's pipe line from West Texas to California, arrived and it will be substituted for the Forgeron picture.

The El Paso pipe line film had been ordered sometime ago—and it must be shown and sent on to another city—so the change, according to H. L. Leonard, Swords, program chairman for the geological society.

Will Be Shown Later The Forgeron film will be shown at a later date.

The film, "Westward Flow," is in color and has sound. It runs 29 minutes.

The Tuesday meeting will be held in the Crystal Ballroom of Hotel Scharbauer.

Chicago Will Drill Tom Green Wildcat

The Chicago Corporation No. 1 H. H. Ripple is to be a 6,000-foot wildcat in West-Central Tom Green County.

It is to be in the M. Kuykendall survey, and 420 feet from southeast of the most southerly southeast corner of the William Leuders survey, and 990 feet from the west line of section 658, German Emigration survey, and on the north line of section 658.

Near Texaco Prospect The prospect will be 4,300 feet south and slightly west of The Texas Company No. 1 Bubenick, now testing in the Straun line.

The Texaco project has shown some indications of possibly being completed as a small producer and the opener of a new oil field.

Will Start Soon Drilling at Chicago No. 1 Ripple is to be started as soon as a permit is granted by the Railroad Commission of Texas.

It is two miles east of Tankersley and about 13 miles southwest of San Angelo.

Coroco Fails To Get More Pay In Deeper Section In Terry

Coroco Drilling Company No. 1 Atlas Life Insurance Company fee, Central-West Terry County wild-

cat, 12 miles west of Brownfield has failed to find any additional petroleum pay in the section at 8,351-91 feet in a shale and lime in the Permian—possibly Spraberry. This project had previously recovered 5,100 feet of clean oil during a three hour drillstem test at 8,292-8,351 feet.

Most Of Oil Unloaded Most of that oil unloaded while the drill pipe was being pulled. There were no signs of formation water.

The exploration deepened to 8,371 feet and the section at 8,351-71 feet was tested. It did not develop any shows of oil, gas or water.

Operator then drilled to 8,391 feet and tested at 8,351-91 feet. The tool was open one hour and 15 minutes.

No Fluid Of Any Sort Recovery was 20 feet of drilling mud, with no signs of petroleum or of formation water.

It is now making hole below 8,440 feet in shale and lime.

This wildcat is drilling under a permit to go to 12,000 feet—unless it finds commercial production at a lesser depth.

It is 1,980 feet from south and west lines of section 93, block D-11, C&M survey.

Two Projects In Runnels Plugged

Two Runnels County wildcats have been plugged and abandoned. Neither of them logged any possibilities of commercial production.

Robert Mead of Dallas, and associates No. 1 Ben Spill, eight miles south of Winters in North-Central Runnels County bottomed at 3,508 feet in shale.

It was 330 feet from south and west lines of a 296-acre lease in the Absalon Jett survey No. 530. It was two and one-half miles southwest of the McMillan field.

In Northeast Runnels Murray Petroleum Company and Jay Simmons No. 1 R. T. and R. L. Williams drilled to a total depth of 4,474 feet.

It did not report having encountered any shows for making an oil well.

This exploration was in extreme Northeast Runnels County and eight miles north of Cross.

The location was 990 feet from north and 1,263 feet from west lines of the W. C. Hartin survey No. 41.

E-C Hockley Field Gets New Tester

Honolulu Oil Corporation and Agonal Oil & Gas Company will drill their No. 4 J. E. Armes in the Ropes field of East-Central Hockley County.

Drillsite will be 694 feet from south and west lines of labor 17, league 5, Wilberger CSL survey. That puts it five miles south of Smyer.

Rotary tools will be used to go to 9,500 feet to test the Pennsylvanian lime reef.

Hefner Funeral Rites Set At Santa Anna

Funeral services for Mrs. Lula Hefner, former Midland resident who died late Saturday in Fort Worth, will be held at 2 p.m. Tuesday at Santa Anna, Texas.

She was the wife of A. C. Hefner, who is the executive assistant manager of the Texas Hotel in Fort Worth. He formerly was manager of Midland's Hotel Scharbauer. He was the leading man for the Harley Sadler Stage Shows a number of years.

Mrs. Hefner had been in ill health about six months, but her condition did not become critical until noon Saturday.

The Hefners moved from Midland to Fort Worth about three years ago.

STRUCK BY TONGS

Roy D. Smith, Modern Trailer Court, was given emergency treatment at Midland Memorial Hospital after he was struck on the head and chest by a pair of tongs in an oil field accident.

OIL WORKER HURT

John W. Williams suffered injuries to the head and left hand when he was struck by a pair of tongs in an oil field accident. He was given emergency treatment at Midland Memorial Hospital.

RECEIVES EYE INJURY

Curtiss Vander, 1610 South Big Spring Street, was given emergency treatment at Midland Memorial Hospital for an injury to his left eye which he suffered when struck by a piece of steel.

IMPERIAL MAN HURT

Manuel Hernandez, Imperial, Texas, Sunday was admitted to Midland Memorial Hospital as a medical patient.

M. J. Howze Heads Ward County Bar

MONAHANS—Murray J. Howze, has been elected president of the Ward County Bar Association. Howze is a well-known criminal lawyer.

The bar group also named Rollin T. Harris secretary-treasurer for another term. Committee chairmen included Earl Harp, committee on unauthorized practice, with R. E. Coon and R. B. Rawlins as members, and Tom White, committee on judicial district and court team, with R. T. Harris and Tom Neel as members.

Howze said other committees would be named at a later meeting. It was decided the organization would hold regular monthly luncheon meetings.

ODESSA MAN ILL

James Duncan, Odessa, Sunday was admitted to Midland Memorial Hospital as a medical patient.
