VICTORY LOAN STARTS OCTOBER 29

VOLUME LXI HICO, TEXAS, FRIDAY, OCTOBER 19, 1945. NUMBER 22

## A World Department Of Agriculture

EVERY farmer and rancher, every person connected with the food and agricultural industry in these United States from producer to processor, and citizens generally, should watch with deep interest the meeting of the food and agriculture organization of the United Nations in Quebec, starting October 16.

This is the first of the permanent new United Nations agencies to be launched after the end of hostilities, which marks the importance attached to its deliberations by our government and the governments of all the 44 United Nations. As this is written, the list of American delegates to the conference has not been announced. It is likely, however, that the delegates from the United States will be headed by Howard Talley of the department of agriculture, who has acted as the United States representative on the interim commission of the organization.

The food and agricultural organizations raised by the 44 nations at San Francisco in part and parcel, and a most important function of the United Nations organization. It is not a relief agency. Its aim is to improve world agriculture and to increase food production; to provide a higher standard of diet and raise the levels of nutrition and the standards of living throughout the world... all of which is intended to contribute to an expanding world economy.

The organization will likely set up machinery which will function for world agriculture and production much like our own department of agriculture functions in the United States... in an advisory capacity, passing along scientific development... the dissemination of agricultural knowledge... technical information and the results of scientific agricultural research... to aid in setting up agencies in all the 44 countries for combating soil erosion, to improve soil and crops, to develop better livestock... to take into consideration reforestation... rural electrification... farm to market roads... exploration of new sources of food... to provide better tools for primitive farmers to increase production... attention to surplus crops and a better distribution of these crops and many other subjects necessarily attendant to the huge and complicated task of providing more and better food for a world and its population ravished by years of total war.

## Not Enough Land

There are now about 2,200,000,000 human beings populating this old world on which we live, and the experts predict that at present rate of increase there will be a billion more by the end of the century. These experts further point out that there are at present only about 4,000,000,000 acres of arable land in use, which is less than 2 1/2 acres per capita. Even in our own country there is only a fraction more than seven acres per capita in farm lands, including woodlands and pasture lands. If we would take into account only the crop lands harvested, approximately 321,250,000 acres, our per capita acreage would just about equal the world average.

So without an expanding acreage of arable lands, without basic resources in India, in China, in Russia and many other countries, such as we have in this country, the experts say that the world will continue to produce insufficient food to feed its billions of humans.

What the representatives of these 44 nations... what our own delegation does at Quebec to commit this country to a program of world agricultural rehabilitation will determine in large measure whether we as a people were honest when we subscribed to the Atlantic charter and the charter of the United Nations at San Francisco.

For with this charter in existence and binding upon us... with our nation emerging from the war as the most fortunate, the most powerful... with a new conception and in a new position as the leader of the world... the time has passed when we can watch the people of India, China or any other nation starving, and save our conscience with a check to some relief society.

Two-thirds of the people of the world are farmers. These hundreds of millions are striving to raise food on worn out land. And from the selfish few comes the comment: "Why should we help the rest of the world raise food when there continues to be surplus in our own crops?" And the answer, of course, is that with proper distribution; that with the rest of the world eating and living on a par with our own diet; there would be no surplus, with a continuing expanding world economy calling always for increasing production.

## Farm Price Support Object of Meeting At Waco Monday

Reconversion and postwar problems confronting agriculture will be the principal topics for discussion by producers of this area at a meeting to be held at Waco on Monday, October 22.

The meeting is sponsored by the Texas Farm Bureau Federation and is one of a series of 14 being held throughout the State. J. Walter Hammond, president of the organization, announced. Purpose of these meetings is to bring farm and ranch people firsthand information on the immediate problem of postwar prices.

"There is a growing sentiment to lower agricultural prices," Hammond said. "A collapse of farm prices, such as followed World War I, will lead to a break in the entire price structure of our economy. It will take the combined thinking of the best minds in agriculture to map a sound and practical farm program that will insure fair prices and prevent endangering the postwar economy of our nation."

The Farm Bureau strives to represent the true thinking of the producers of this state, and it is therefore necessary to call the farm and ranch people in to district conferences to give them an opportunity to express their views on these issues of such paramount importance at this particular time. In order that as an organization the Farm Bureau will know what course of action to pursue, Hammond declared.

All farmers are urged to attend this meeting and have a voice in the formulation of a program which they believe will be sound and constructive. Frank Taylor of Waco, member of the state board of directors from this district, will preside. The meeting will start at 10 a. m. in the Roosevelt Hotel at Waco.

Ben Chenault, who has been employed for several years in the AAA office, first at Hamilton and then at Meridian, has been transferred to Lipscomb, Texas.

## NAVY REPORTER RELATES EXPERIENCES OF LOCAL JAP PRISONER-OF-WAR

Special to The News Review:

SAIPAN—Ted J. Roberson, 35, coxswain, USN, spent three years and eight months as a prisoner-of-war of the Japanese.

Roberson is the son of Mr. and Mrs. A. B. Roberson of Hico, Tex. Roberson said he got mail infrequently, and then it was usually more than a year old. He was permitted to write only one letter of 35 words every three months.

At the time of his capture, Roberson was at Wake Island. After he was taken to Japan he was forced to perform manual labor in a shipyard, and also on some kind of a shrine upon Mt. Fujiyama. When asked about the meals during his long confinement, Roberson said, "There was never a time when I wasn't hungry." The diet was mainly rice, with stew being served once in a while. The POWs were not allowed to have fires to heat their flimsy barracks, but each man was given four blankets. They slept on grass mats infested with lice and fleas.

Medical care was administered by captured Allied doctors, who were hampered by lack of equipment and supplies.

Asked how he was treated by the Japanese, Roberson said, "I was treated very good, but it varied with different men."

Jack Hollis, who is in Manila, has been promoted to sergeant, according to his mother, Mrs. Maye Hollis, who received a letter from him recently.

J. R. Glover Jr. has joined the Navy and left Thursday for San Diego, California, where he will receive his training.

## WITH THE COLORS

### "KILROY" WAS HERE BUT DON'T EVER GIVE US AWAY ON THE SECRET

In the Air Corps there is a tradition that no civilized person has ever been anywhere on the globe not already previously visited by a mysterious personage who leaves messages such as Kilroy Was Here, etc. Even in the most uncivilized wilds and embattled tropical islands those out in front, thinking that they had the ghost this time, found the ubiquitous visitor's messages.

No one has previously figured out who Kilroy is. We have. He is none other than Mr. E. H. Henry, who after circumnavigating the globe and traversing native soil untold times, received his discharge from the Air Corps at San Antonio on Oct. 2. He was seen in Hico in mufti last Saturday, and again Thursday of this week. He came from Beaumont, he said, and was going—well you may know. Probably to put up some more of his signs.

Henry was accompanied to Hico by his wife's nephew, Lt. (jg) W. N. Stewart of Port Arthur, who was 21 years old last month. Stewart was graduated from King's Point Academy in February of this year after entering that school in July of 1943. He wears the Atlantic and Pacific service ribbons for service as communications officer on a tanker. He is a mighty personable chap but was in a helluva hurry to get to Port Worth. Hope she was waiting for him.

Henry also disclosed the fact that his old friendly enemy, Cpl. (pardon us—Sergeant) Beaumont had returned to the States and had received a discharge. Now Hico may expect that promised visit from the retired correspondent of the News Review.

### IS THIS THE LITTLE GAL SERGEANT BELL USED TO HOLD ON HIS KNEE?

Special to The News Review:

AAF SCHOOL OF AVIATION MEDICINE, Randolph Field, Tex.—First Lieutenant Virginia H. Ramage, daughter of Mr. and Mrs. Hawthorne H. Ramage of Black Stump Valley, northeast of Hico, Texas, graduated as a "Flight Nurse" on 13 October 1945. It was announced this week by officials of the AAF School of Aviation Medicine, Randolph Field, Texas.

She completed a six weeks course of intensive training in the theory and practice of Air Evacuation. Fully acquainted with the problems of transporting the sick and wounded by aircraft, Lieutenant Ramage has won the right to wear the distinctive wings of a "Flight Nurse" in the U. S. Army Air Forces.

Lieutenant Ramage entered the Army Nurse Corps in November, 1943. She received her nurse's training at Harris School of Nursing, Fort Worth, Texas, where she graduated in 1943.

### WE MUST CHECK ON THIS

Addressing a card to the "Sole Owner and General Manager of the News Review, Hico, Texas" Mr. Kennel P. Thomas didn't know that the card wouldn't reach the editor, but would be appropriately placed in the hands of his red-headed wife. Presently employed by the Sun Oil Co. with nothing to do but run around the country in a company car, the ex-captain came through Hico Wednesday on his way back to his job at Falfurrias, after a trip to Big D. He dug up the card and asked why we hadn't given his home town the proper publicity on

## Dallas Pan American Hereford Exposition Opens November 9

Special entertainment features and the year's biggest livestock show will combine to make the Greater Pan-American Hereford Exposition, to be held in Dallas November 5-18, an event that the people of Texas will long remember. It was declared Wednesday by Fred Florence, Dallas banker and chairman of the Exposition's Board of Directors.

Dallas, top-ranking livestock center, is prepared to demonstrate its own famous brand of all-out hospitality during the 10-day show.

Approximately 600 animals have been entered in the breeding and Junior Cattleman's Baby Beef classes. Entries in the breeding cattle classes have been received from throughout the country. Premiums aggregating \$20,000 are being offered.

Kickoff to the big show will be given Friday afternoon, Nov. 9, when the most extensive livestock parade ever seen in the Southwest will pass through Dallas streets. All participants in the parade will be guests at a chuck-wagon barbecue dinner to be held at the State Fair Grounds immediately after the march.

An International Championship Rodeo will be held. A \$10,000 prize list, plus entry fees, has been provided. There will be 12 performances of the rodeo.

Special entertainment planned for cattlemen will include a dinner and stag party. Newspaper editors attending on Press Day, Nov. 10, will be extended an urgent invitation to return to Dallas for this event.

Robert Anderson and sister, Mrs. N. D. Bell of Stephenville, were in Hico last Friday night to attend the Comanche-Hico football game and were accompanied home by Mrs. Rollie Forgy, who had been here for the past week with her mother, Mrs. J. R. McMillan. They accompanied Mrs. Forgy to Fort Worth Saturday, where Roberta returned to her work at Convoir.

## Tigers Toss Third Game to Comanche; Go to Dublin Tonight

The Hico Tigers will be in Dublin tonight tangling claws and fangs with the Lions in an attempt to avenge the loss of the locals' scalp to the Comanche Indians last week. The game time is a little earlier than previously, so followers are making their plans to depart westward in plenty of time.

As the conference teams are rated this week, the Tigers will be playing the winning district team, The Eastland Mavericks are second with De Leon Bearcats running third. Hico's win of 7-0 over Hamilton puts Hico, Hamilton, and Comanche right on the Bearcats' tail and leaves the Gorman Panthers in a fine getaway position.

Coach Parker has been working with the Tigers every afternoon this week perfecting plays and getting his team in the best possible condition for the game. While not committing himself, Parker said he was sure the Tigers would play to the best of their ability and would like to invite everyone to go along and help.

## Lone Star Places Pete Turner Here As Serviceman

H. P. (Pete) Turner, formerly connected with the Southern Union Gas Company here but who has been away from Hico for several years, moved back this week. He and his wife have an apartment for the present at Camp Joy. Pete was sent here by Lone Star Gas Company for an indefinite period, to be employed in the repair and replacement of existing gas mains, as well as to make recommendations and supervise installation of new mains to serve additional customers.

H. V. Smith, district manager for Lone Star, with offices at Cleburne, accompanied Turner to Hico Wednesday to map out the work. He stated that the whole reason for the new arrangement was an attempt to provide a more adequate and more dependable gas service to the people of Hico in the present and in the future.

Collections and service calls, Mr. Smith announced, will continue to be handled as in the past, through Webb McEver, local representative.

## Surprise! — Rabies Worse In Winter Than In Dog Days

AUSTIN, Tex., Oct. 16.—Contrary to popular belief, rabies is more prevalent in winter than in the so-called "dog-days" of summer.

In a statement released this week by Dr. Geo. W. Cox, State Health Officer, it was disclosed that in the mid-winter month of February last year the State Laboratory examined 312 animal brains for the presence of rabies, over thirty-seven per cent of which tested positive, whereas in August only 155 brains were examined, thirty per cent of which were positive.

"If all stray dogs were destroyed and all pets vaccinated for rabies, it would go far toward stamping out this justly feared fatal disease," Dr. Cox said.

The doctor stressed that dogs suspected of having rabies should not be killed immediately, but should instead be confined ten days for observation to see if the disease develops. If a dog sickens and dies during the observation period, the head should be packed in ice and sent to the State Health Department for its examination. Freezing the brain, or killing the dog prematurely, or in such manner as to injure the brain may make correct laboratory findings uncertain, if not impossible.

Dr. Cox declared that after a dog is confined ten days and then killed, there is still ample time for a victim of his bite to be treated for rabies prevention, but he cautioned that if the disease is found to be present in the dog, the victim should then begin treatment without further delay.

## HICO 4-H CLUB GIRLS PLAN PROJECTS FOR YEAR

Cooking, bedroom, sewing, and poultry projects were discussed Wednesday, October 17, by the Hico 4-H Club girls. Two girls selected poultry for their projects, eight for sewing, three for bedroom, and nine for cooking.

Officers elected at the meeting were: President, Patsy Tooley; vice-president, Wanda Johnson; secretary, Myrna Sparks; reporter, Patsy Duzan; recreation chairman, Frances McCullough.

Our next meeting will be November 21 at the Hico school building. Patsy Duzan, Reporter.

Sure, I'll take a Texan's Share

## LITTLE PROGRESS MADE ON HICO'S QUOTA

It would be a real pleasure to report Hico's quota in the 1945 United War Fund raised. But the stark fact is that up to last night we had only \$220.59 on our \$850.00 quota.

Governor Stevenson requests that everyone take a Texan's share in this final campaign for funds which will afford comfort to fighting men, women and allies who have done such a marvelous job. I endorse the

governor's plea, but surely you people don't think the war is over until all the boys get home. We must keep supporting them until they do!

A Hicoan's share from all will put it over. Let's finish this job in the few days remaining before the opening of the Victory Bond Drive on Oct. 29.

## SENIOR NEWS

The Seniors again tried to commit mass murder. We sold sandwiches at the Last Friday night football game; though the game didn't come to a successful end, our little business enterprise did. We would like to take this opportunity to thank all the people that bought them, and the money surely helps us along.

We haven't found out yet what caused us to lose that game Friday night. We've decided, though, that it was either that Nelda was at the game, or Mary Helen wasn't. The Senior Class has lost a class mate—Jackie Gano, the first Senior to leave us this year. We are going to miss Jackie, and hope she is happy in her new home.

## JUNIOR NEWS

This week brings on tests which we are all worrying about and wondering if we are going to pass. Everyone will be glad when those dreaded things are over and they can once again get some peaceful rest.

We missed Paul Hendrix an awful lot while he was gone to take an examination for the Navy, but returned to tell us he would stay on a while.

We missed our sponsor, Miss Hammons, from school Thursday last week.

The Junior Class wishes to thank all the people who bought lemonade last Friday night at the football game.

We are sorry that our boys lost the football game last Friday night

as it was the first one they had lost. Better luck next time, boys. We wish to welcome Robert Spotts to our class. We hope he likes our school.

## FRESHMONE NEWS

We are very proud that our class was so well represented at the football game Friday night.

We are sorry to lose Margie Lee Derrick.

Did You Know: Betty Dodd would like to be a Junior? . . . Why Mattie Lou Pace is so happy lately? . . . Royce gets to school on time? . . . Enough to pass your six weeks' tests?

We would like to thank Jack Neel for the invitation to the dance, although most of us were unable to be there.

Max Hill: "Can you dig me up a girl for tonight, old top?" Russell Johnson: "Sure, but why don't you take a live one?"

## FRESHMONE NEWS

Thanks to Mr. and Mrs. Paul Neel and Jack for the nice evening at the Bluebonnet Country Club.

We regret to learn that Doris Needham had to be taken to the hospital for an appendicitis operation. Hope she is able to be with us again soon.

Too, we are sorry to see Mildred Ellis walking with crutches because of a broken bone in her foot.

By the time you read this, six-weeks' tests will be over. Hope none of us are sent back to Grammar School.

Congratulations to a Freshman, Shirley Seago, for winning the F. F. A. Sweetheart contest.

## EIGHTH GRADE NEWS

We have organized our class officers as follows:

President—Glen Ray Ross.  
 Vice-President—Wendell Burden.  
 Secretary—Frances McCullough.  
 Treasurer—Barbara Brooks.  
 Reporter—Patsy Tooley.

We are glad to have as a new pupil, Clinton Spotts from Sunday.

We regretted to lose Eugene Johnson and Maxine Derrick.

A large number of our class enjoyed the football game last Friday night, but we regretted to see our boys lose.

## Cure Tuberculosis

Dr. Anthony J. Sallie, University of California at Los Angeles, is shown in his laboratory with animal tissue used to develop "subtilin," which it is believed will prove a cure for tuberculosis. Some further experimental work is yet to be done before the drug can be released to the medical profession.

## HOMEMAKING NEWS

The Homemaking girls have elected their officers for this year. We met last week and everyone thinks that we have elected some worthy officers:

President—Stella Barnett.  
 Vice-President—Willie Dean Hancock.

Secretary—Marlene Adams.  
 Treasurer—Dale Randals.  
 Reporter—Mary Nell Battershell.  
 Historian—Mary Helen Hollis.  
 Parliamentarian—Nelda Paul Fallon.

Song Leader—Betty June Knight.

The initiation for the new girls will be next week. Every one is looking forward to the day when the "Fish" will be trusted members of the club.

## AGRICULTURE NEWS

The Vocational Agriculture students held a meeting October 4, 1945, to elect candidates for the F. F. A. Sweetheart contest. Three candidates were elected, who were: Shirley Seago, Sammy Campbell, and Billy Louise Jackson. The contest lasted one week, and at the end of the week, it was found that Shirley Seago won by a wide margin.

Last Wednesday, October 10, our project increased from a gilt to a sow and twelve pigs, which we are very proud of.

## TIGERS MEET FIRST DEFEAT AT HANDS OF COMANCHE. PLAY DUBLIN TONIGHT

Last Friday night, the Tigers went down under the Comanche Indians at their home town. Although the Tigers didn't play as well as they did against Hamilton, they made several good runs and did some nice blocking and tackling. The Indians pushed over a touchdown the second quarter, and with but two minutes to play in the first half, the Tigers made a touchdown with a very long pass to Leroy Robo from Billy Keeney, and the extra point was made with the same pass, making the score at the end of the first half 7 to 7.

The last half went a little rough for the Tigers, with the Indians pushing over several more touchdowns, and the Tigers made one more touchdown. At the end the score was 27 to 13.

Monday, the coach switched things around a little, and with a mighty stiff work-out this week, the Tigers are in real shape.

The boys would like to see a good crowd at Dublin this week end. It's going to be a tough game, and the Tigers are going to play rough and hard.

## DANCE AT COUNTRY CLUB FOR HIGH SCHOOL STUDENTS

The old County Club house was brought back to life Saturday night by a group of enthusiastic High School students. Mr. and Mrs. Paul Neel and Mr. and Mrs. J. E. Lincoln sponsored the dance. The refreshments consisted of soda pop, sandwiches and cookies.

This is the first entertainment that has been furnished for the 'teen-agers in quite a while. We all enjoyed it very much and hope that someone else will take pity on us.

## IN THE CRYSTAL BALL

This week's agenda is mighty small, my dear followers.

The first thing on the list is a vision (and I do mean vision) of Miss Hammons, trailed by Glen Marshall.

Next we see Jack Neel and Inell Elliot of J. T. A. C. at the dance and at the show Sunday.

I see quite a bunch of Freshman girls swooning over one lone Senior whose initials are none other than W. B.

What's this! I see Sammy being, shall we say, jilted after the dance Saturday. Did that handsome young man-about-Tarleton get jealous of Billy Keeney?

Now I see Jerry stepping on Bonnie Haley's toes while dancing. For shame, Jerry. Don't you know it isn't polite to scratch up a girl's shoes so she'll have to polish them again?

I see Royce Parsons at the show with Velton Funk's sister. The only trouble is V. was along.

Erma T.'s affections seem to have switched from Ray Martin to Billy Jones.

I see Laverne R. and Clovis Grant were at the football game together Friday.

Speaking of the football game, that was two Sophs that Patsy R. and Marlene A. turned down. My most humble apologies. I see Leroy winking at Red in English III.

I see two Freshman girls giggling together in Study Hall. Does this concern a certain person—I could name, but won't—or is it merely the latest joke?

I see Billy Jones reading a very interesting looking note in Study Hall. I wonder!

Last and by no means least comes a vision of Ada Lee. It is Saturday night and she is with someone in Bell Bottom Trousers.

Ah! I see his face. Behold! It is a young man by the name of Bobby Deskin. But wait! The vision has not completely faded. It is Sunday night but this time Ada Lee is being escorted with someone whose initials are D. S. The first beams of sunlight are piercing the blackness of my cave and the visions are over.

## GIRL SCOUTS MEET, PLAN FOR HALLOWEEN PARTY

The Girl Scouts met at the Mayor's office Monday afternoon at 6 o'clock. We settled part of our business. The officers were supposed to meet in the Freshman room Wednesday, over at the High School building.

The Girl Scouts want to have a Halloween party Oct. 31st. We will go around asking for food so be sure to have something, even if it isn't anything but a banana or a slice of bread. After we go begging we will go to the midnight show. Some of the girls want to go tick-taking, but we aren't for sure about that.

Our next meeting won't be until the 31st. Jeanette can't be away from the baby every Monday. So we will meet every other Monday. The 31st is the next meeting, at the Fireman's Hall.

If any of you women think you want to be a Scout Leader, please let us know. Jeanette won't be a leader after her husband comes home, which she hopes will be in about a month or two.

Please come to the Halloween party.

## HOMEWORK MEANS Eye Work

**Give him better light for easier seeing**

Eighty-seven per cent of what a child learns he absorbs through his eyes. That's why good light for home study is so important.

For safe, easier seeing for *your* child do these four things: (1) Make sure bulbs in his reading or study lamp total at least 100 watts; (2) see that lamp is properly shaded to prevent glare from exposed bulbs; (3) place lamp close enough to work area for maximum light; (4) have enough general room illumination to prevent harsh contrasts of bright light and deep shadows.

Better light means better grades!

THE MAN WITH THE WHITE CANE

Dale Carnegie, author of "How to Win Friends and Influence People" tells this story of a man with a white cane.

He was in the stock and bond business and, as a fiscal agent, helped raise two million dollars for the erection of the Guaranty building.

Then the dreaded glaucoma descended upon him and when it was over, he was blind.

He decided to launch a business of his own. He became "The Blind Magazine Man."

He decided to sell in two ways—by mail, and by personal solicitation.

The first thing he did was to take a memory course. He wanted to remember the names of his customers, and that is what he is now famous for.

The way I found out about him was in a letter from Laurence Booth, Los Angeles. This is what he said:

"I want to tell you about an amazing blind man who called at my office to solicit subscriptions. He made no reference to his disability, but merely entered with a cheerful salutation and left a little folder for me.

Wee Bits of GESTURE

[Opinions expressed in this weekly feature are the writer's, and not necessarily those of the News Review.—ED.]

Well, folks, it seems that General MacArthur's so-called "Kid Glove" policy is still popping up in the news every now and then and I want to say right here that the General's policy toward the Japs may not be as soft as some of us seem to believe it is.

Yes, folks, one can sure learn something by studying those Japs. Take, for example, how they honor their superiors by turning their heads when they see them coming.

PLAN STUDY HOUR AT HOME

NOW that the school term is in full swing homework is with us again. If all children faced out-of-school study in the same way, parents could more easily learn how much responsibility they should take in seeing that it is done.

Neglect of homework may require reminders on your part, but this is a fairly simple and an almost universal discipline problem. Moreover, shirking isn't so apt to carry into adult life because there aren't many chances of getting away with it.

THIS AND THAT

By JOE SMITH DYER

EXAGGERATION: It is a very natural thing for people to exaggerate a little—and sometimes a lot.

A young soldier told me what he saw in France one day. He saw a decided brunette whose age was 35. Her skin was slightly rough, her finger nails highly polished, her lips painted a bright red and her eyes decorated with eye-black.

And with that start we began a conversation about women smoking. Just to throw him off the track I started talking about something else. Then his imagination got the best of him and he described that same woman that he saw in France and this time she looked like the picture of the prettiest woman on earth.

the finest things a person can have—a sense of humor!

To smother our own sadness, to cover up our troubles and then try to make others see the gifts they should be grateful for, is spreading sunshine through the mists of human misery.

When mentally most wretched with the woes that befell him Lincoln spread a sense of humor that penetrated into the lives of all people.

Humor saves us from ourselves; it sends a bothered man into the field of laughter.

EXILES:

In Europe today there are thousands upon thousands of exiles who have no place to return to. These are the people who were torn away from their homes and taken into Germany to work for Hitler.

Some of these people—I suppose the majority—are frantic to get home. Some few of them are not so anxious because they know that the homes they left are destroyed, their fields ruined and their families dead or scattered.

The future picture is of thousands of exiles wandering in a world in which there is not one place that they may call their own.

If possession is nine points in law, self-possession is the tenth point in individuality.

VETERAN'S QUESTION BOX

Ed. Note: This newspaper has arranged with the Washington Bureau of National Weekly Service, 1616 Eye St., N. W., Washington 6, D. C., to answer questions pertaining to servicemen and veterans.

Q. Is there any definite length of time after a veteran is discharged in which he must make application for university entrance or other schooling?

A. The G. I. bill, as now written, provides you may make application for schooling at any time within two years after your honorable discharge or the end of the war, whichever is later.

Q. Will an army air corps man be eligible for discharge six months after V-J Day if he enlisted in the army for the duration and six months? — M. F., East Chicago, Ind.

A. No. He is eligible for discharge under the point rating system of the army unless he is more than 38 years old.

Q. Do they give an overseas veteran a period of time to rest after returning to the states, with pay? How much more do they pay a soldier while he is overseas? If a soldier wants to keep his life insurance, where should he go to see about it? — Veteran, Colorado Springs, Colo.

A. There is no rest period with pay. Usually, however, a veteran gets a furlough after returning to the states before he is discharged.

This Week in WASHINGTON

WASHINGTON, D. C. — Although the public is, in general, looking for a solution to the strike epidemic which is spreading over the country, it seems doubtful if any final solution will be worked out by either the department of labor or congress.

Although the battle between labor and management is apt to get much more severe before any peace is arrived at, it is believed here that it will probably end by compromise—that labor will get part of what it is asking.

Business analysts here point out that labor and taxes are the two greatest expenses of industry. The answer, they suggest, may be a shift of tax money to payrolls—that management could afford to pay labor more if its taxes were reduced.

Tax legislation will probably be presented to congress soon. Many plans for revision of taxes already have been offered. It is expected that a total revision of our tax structure will be made eventually.

### MRS. LITTLE GIVES BOOK REVIEW TO CLUB MEMBERS

Mrs. Ollie Little, sister of Mrs. Robert Jackson of Hico, presented a greatly enjoyed review of "So Well Remembered", popular book by James Hilton, at the regular meeting of the Hico Review Club October 11.

Mrs. Little's unusual style of delivery is one long to be remembered and appreciated. Through her insight and charming manners, Mrs. Little made each character come to life and be a part of a living story for her audience.

This lovely housewife of Gatesville has reviewed for the study club of her own city, for groups at Camp Hood, and previously in Hico. Mrs. Little grew up in Hamilton county, was graduated from Hamilton High School, and has lived in Coryell county for several years.

Mrs. Herbert Wolfe was hostess for the meeting, and Mrs. Jackson was program leader. After the review, the club members were served from a beautifully appointed tea table. The table was laid with a crocheted cloth with a centerpiece of queen's wreath and chrysanthemums. Mrs. J. E. Lincoln poured. Mrs. Boyd Greenway was a guest.

## TOIL CONSERVATION

• Toil conservation, saving time and effort, has reached its greatest importance to the farmer today. This is why so many farmers have come to regard telephone service as a necessity to their daily work. They know that they can get business done in a few seconds by telephone that would otherwise take them hours of time and effort. We know that the farmer will find postwar improved rural telephone service an even greater instrument of toil conservation.

### Fairy

By Mrs. J. O. Richardson

We enjoyed some warm, sunny days over the week end which everyone enjoyed, after so much misty, bad weather.

Our hearts were made to rejoice early Monday morning (this week) when we learned that Louis Abel had returned home Sunday night about 8:30 o'clock. He came into Hico late Sunday and E. C. Allison Jr. met up with him and brought him home. Louis was recently liberated from a Japanese prison camp, where he had been interned as a prisoner of war since the fall of Corregidor in 1942. His parents, Mr. and Mrs. J. T. Abel of the Mt. Pleasant community, are to be congratulated on the brave spirit they have possessed since his internment. Although they received but little word from him during these years, they never gave up hope of his return. Today we all rejoice with them in having their dear boy home again.

Mrs. Elam and little son of Brownwood spent the week end with Mr. and Mrs. Orrin Williford. She is a former member of the Fairy school faculty and her husband is in the service. Mrs. Williford made her home with Mrs. Elam while she stayed in Brownwood to be near Mr. Williford while he was stationed at Camp Bowie. Sunday was the little

lad's first birthday. His mother had baked him a cake for the occasion.

Mr. J. C. Sills of Hamilton, father of Mrs. Bill Lackey of this place, underwent a major operation in a Waco hospital Monday morning. We have received no late information as to his condition. We have been informed Mrs. Lackey will stay with her father while he is in the hospital. The Sills family formerly resided in the Agee community near Fairy. We sincerely hope the operation will be successful and he will soon be able to return home.

Mr. and Mrs. Ira Trantham and daughter, Jimmie Ruth, of Boyd and his father, Mr. Bert Trantham of Hico attended church at the Church of Christ here last Sunday. All formerly resided here.

The residence in the north part of town known to most people as the Cole residence, has been razed. Mrs. John Crow of Tulla secured the lumber for use in construction of her a house in Tulla. Mrs. Crow is the former Miss Alice Pitts of this place.

Our hearts were made sad last Tuesday when we learned of the death of Mrs. Roy Burleson of Hico, the former Miss Pauline Driskell. Pauline had many good and true friends in this section, a culmination of association during years of employment as saleslady at public enterprises in Hico. Her sunny disposition made her work most pleasing to others and we shall never forget the smile she

wore. We extend our deepest sympathy to all those bereaved in her passing. Among those from here attending the funeral services in Hico Wednesday of last week were Mr. and Mrs. Clifford Tinkle, Mrs. J. O. Richardson, and Mrs. W. L. Jones.

Nona Brunson and Lonnie Redden have gone to California, where they will seek employment.

Mrs. Beck of near Fairy visited a while Sunday afternoon with Mrs. Britt Little.

Mr. and Mrs. E. C. Allison received a telegram a few days ago from their son, Waynard (Pee Wee) who had reached the States. He is expected in at any time now. We have been informed that J. N. Pitts, who was also expected in, will be delayed in returning. This is regretted very much, as he has been away so long. We hope, however, some change will be made and he will be able to return home before too long.

Mr. and Mrs. Chock Little of near Glen Rose have purchased the Crow homestead place north of town and will move there the first of the year, it is understood. Mrs. Little will be remembered as Miss Maxine Crow, daughter of the late Jim Crow and wife, who formerly resided here. Mrs. Crow now resides in Hico. The place is the homestead of Mrs. Little's grandfather, the late J. D. Crow.

Mrs. Wallace Edwards and little daughter, Betty Lou, accompanied by Mrs. Edwards' cousin, Monroe Henderson and wife, left Thursday of last week for West Texas for a visit with relatives. Mr. Henderson has recently received his discharge from the service. He is a son of the former Miss Dalzy Wolfe, formerly of this place. His wife is the former Miss Jean Hutton, also formerly of Fairy. Both Mr. and Mrs. Henderson were engaged in war work in Dallas prior to his entering the service, and at this time it isn't known just where they will reside or what their plans are for the future.

We are glad to report Mr. Jim Columbus able to be up and about again.

The Red Cross met with Mrs. Britt Little Tuesday of this week. They are tacking rug stripes for McCloskey Hospital at Temple.

Olga Duncan is nearing completion of a water well on the E. M. Hoover farm and ranch home near town.

Work has been resumed on the H. H. Wolfe farm residence, which has been delayed due to bad weather conditions.

The writer and our daughter, Mrs. Carl Ray Sellers and little daughter, Carolyn Ruth, motored down to the home of Mr. and Mrs. Nathan Akin at Mt. Pleasant last Sunday, to find them away from home. Later we learned Mrs. Akin had returned to Waco for treatment. We regret very much to learn of her unimproved condition and hope she will soon be much better and able to return home.

Edward Seilheimer reported back to San Antonio last Sunday after a 45-day furlough, with his wife here, who is the former Miss Tommie Jo Allison.

Mrs. Leslie New and children visited Sunday afternoon with Mr. and Mrs. Dewey Massengale.

Misses Daphne and Patsy Ann Hoover of John Tarleton College, Stephenville, spent the week end with their parents, Mr. and Mrs. E. M. Hoover.

Wilma Grace and Malinda Lou Goyns entertained a group of their friends Sunday afternoon. The occasion was Wilma Grace's birthday. After many games had been played the guests gathered about the cake with the ten candles and sang "Happy Birthday." The gifts were opened and admired. The cake was cut and served to the guests with ice cream. Those on hand were Mrs. O. E. Whitson and Mary Ona; Barbara, Audeen, Shirley Ray, and Darleen Clark, Katie Lou Columbus, Carolyn Ann Hutton, Jerry Max and Harold Keith Lackey, Wendel and Glenda Glenn, Carol Joan Clark, Archie Lee Duncan, Joan Sills, Louise and Gwen-Jay Jackson, Sherry Dayle Cunningham, and Dorothy Joy Lambert.

### Mt. Pleasant

By S. N. Akin

The folks of our little community are having some of the happiest people in the world. On Sunday night about eight o'clock, Louis Abel came home after spending a little more than three years in a Japanese prison camp.

Jim Chaney and family of near Iredell spent Sunday visiting with Walter Abel and family.

S. N. Akin and wife visited in the Enos Fine and J. S. Minter homes at Carlton Sunday afternoon.

Lloyd Akin spent Sunday afternoon visiting Gene and Freddie Glenn at Fairy.

Joe Foyt and wife of Dallas are visiting with relatives here and at Hico. It will be remembered that Mrs. Foyt was the former Miss Wyvonne Arrant.

Ted Arrant and family visited with relatives in the Agee community Sunday.

Dalton Talley and wife of California visited with relatives here a while last week.

Among those attending the singing at Carlton Sunday were Bill Abel, John Abel and wife, and their grandson, O. J. Clark Jr., and S. N. Akin.

Several from here attended the basketball game at Fairy between Clairette and Fairy Friday night.

Bro. Grayson Tennison, pastor of the Fairy Baptist Church, and his wife ate dinner with the Walter Abel family Sunday.

## AMERICAN HEROES

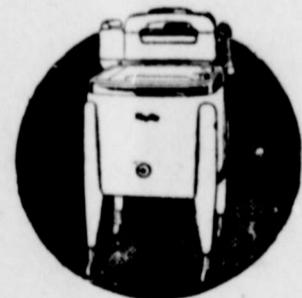

by JULIAN OLLENDORFF

MACHINIST'S Mate Aurelio Tassone, Milford, Mass., recipient of a Silver Star Medal for gallantry in a Pacific island landing, should inspire thousands to buy Victory Bonds. When a Jap pillbox caused casualties in a construction force, he drove at it with a bulldozer. At a signal from an officer he dropped the blade of the machine and annihilated 12 men entrenched there. its size. Here was the message: "You doubted that my box number at McAllen could be 1043, declaring there weren't that many boxes here. This is to let you know that I have checked, and there are 1710 boxes in the local post office."

### LT. HERMAN B. SEGREST WILL ACCEPT INSTRUCTOR'S POSITION AT TEXAS A. & M.

Special to The News Review: AMARILLO, TEX., Oct. 13.—First Lt. Herman B. Segrest, AC, son of Mrs. Mattie Segrest of Hico, whose wife lives at Estelline, Texas, has been honorably discharged from the Army Air Forces at the Separation Center here after 28 months of service.

Entering the Army at Lake Charles, La., he took his basic training at Lake Charles AAF. He attended schools at Miami Beach, Fla., and San Antonio Air Cadet Center and was classified as a physical training officer. Prior to his discharge he had been assigned to duty as officer in charge of Cadet P. T. at Amarillo Field.

A graduate of North Texas State Teachers College, he was employed as P. E. Director with the High School at San Angelo, Texas before entering the service. He says he does not expect to return to his former connection, as he is going to Texas A. & M. as Associate Professor of Physical Education.

### WHAT KIND OF A DIS IS DIS?

Major Lynn Phillips, the hero of Okinawa and the sage of Fort Leavenworth since his return to the States from six-stripes-worth of overseas duty, completed his special course of instruction last week and returned to Stephenville for a short visit with his parents, Mr. and Mrs. L. W. Phillips.

Wednesday he picked the only 15 minutes the editor and wife had left the office for three days to drop by and pay his respects. But Lynn, true to training, was going to attain his objective. He traced us through telephone calls, and was waiting at the office to grin and say hello before he departed a few minutes later for San Antonio. The only disrespect he showed us was insisting that we accompany him when he knew definitely we couldn't.

The major said his trip to the Alamo was going to result in some kind of a "dis." He expected to be either discharged or disappointed. We'll take it that the latter was the case unless we see him again soon.

### A CONVERTED YANKEE (?)

Lt. and Mrs. Irvin Poff came in last week end from Dallas for a visit with Mrs. Poff's parents, Mr. and Mrs. J. M. Williams, and her sister, Mrs. J. B. Woodard, and family. Lieutenant Poff has been stationed at Love Field most of the time since his return from overseas service in the ETO with the Army Air Corps as a pilot. He was on his way to Sheppard Field Separation Center, Wichita Falls, after which he hoped to reassume the title of Mr. Poff or Irvin, and the name of a civilian. And he looked so nice in uniform! He and Zella will visit for a while with his relatives at Smithville, Mo., after which they probably will return to Texas. Another converted dandy, but the war didn't do it—he lived at Dublin and worked with the SES before his entry into the service.

### NICE FIT, IF YOU GET IT

Lt. Charles Russell, who is back at home on terminal leave from the Army Air Corps after a visit to San Antonio last Friday, went up to Dallas Saturday to see what the civilians were wearing and what the chances were to get his tall, slender frame draped in the latest togs. He reports having quite a time with the toggeries, finally winding up with one that had to be reduced in girth and stretched in length.

That's the penalty you pay, Looey, for being tall, dark and handsome. Of course you have to pay a few of those hard-earned dollars in addition.

Pfc. Lee Gregory returned home Wednesday after receiving his discharge from the Army at Mineral Wells. His mother, Mrs. J. T. Gregory, said that Lee arrived in New York Oct. 9 on the Queen Elizabeth, after having served 18 months overseas with the medics in England, France and Germany. He was joined here by his wife, who has been making her home at Meridian with her parents.

James M. Blakley, who has been stationed at Camp Bowie since his return to the states from overseas service in the ETO with the First Division, is now giving his address as Agee, with his folks, or Hico, where he stays some. Mutt got his discharge on points last week and seems very happy about the whole thing. It's going to be rough in this civilian life, Bud, for you can't live on that Army pay always.

Lt. Tom Collin Sellman of Eighth Air Forces, 2nd Division, is with his parents, Mr. and Mrs. W. C. Sellman, on 11-day leave from Randolph Field Separation Center, San Antonio. He will be discharged from service Nov. 1.

## TWO OF FOUR SCATTERED BROTHERS IN SERVICE NOW HAVE RETURNED HOME

Cpl. Jesse L. Jameson received his honorable discharge in San Antonio and came in last Sunday morning in time to have breakfast with his father, J. I. Jameson, at his home on Hico Route 3, for the first time in about three years. He has been attached to a night fighter squadron in the ground forces of the Army Air Corps and has been overseas two and one-half years. After six weeks of secret training at Abardeen, Maryland, he first landed in North Africa and from there was sent to Corsica, France, and Germany.

Another son, Cpl. Otis S. Jameson, left last Tuesday for Fort Sam Houston to receive his discharge after a furlough spent here with his father. He had returned from the European Theater of Operations after two years in Italy, Southern France, and Germany. Prior to going to Italy, he spent three months in the Aleutians. He was with the Field Artillery and had been in the service for three years.

The third and fourth sons, who are still overseas, are Cpl. J. L. Jameson, who landed in North Africa three years ago and is now in Italy; and Sgt. James Gordon Jameson, now in China, who has been in the China-Burma-India Theater for the past 15 months. His wife and baby are making their home in Hamilton.

### HICO BOYS SHIP HAULS RELEASED WAR PRISONERS

Special to The News Review: ON THE USS CHENANGO—Billy E. Ellis, seaman first class, USNR, son of Mr. and Mrs. Rex Ellis of Hico, Texas, served on this escort aircraft carrier when she carried 1,357 released prisoners of war from Nagasaki, Japan, to a redistribution point at Okinawa.

Some of the evacuees—Americans, English, Australians, Dutch and Japanese—are survivors of Wake Island, the Bataan "Death March" and the sunken USS Houston.

[The above release from Fleet Home Town News Center at Chicago, supplements information previously received through "The Chenanigan," ship-mimeographed by Billy's mates, a copy of which he sent home to his parents.—ED.]

### RED BLAKLEY'S BEEN GOING PLACES WITH NAVY

Special to The News Review: ON THE USS KITKUN BAY—Cecil Eugene Blakley, seaman, second class, son of J. E. Blakley, Hico, Texas, served on this escort aircraft carrier when she helped in the occupation of Honshu and Southern Hokkaido, main Japanese islands.

While surrender negotiations were being carried on, planes from the Kitkun Bay patrolled overhead and parachuted supplies to prisoner of war camps. His ship entered Ominato Naval Base after the surrender and helped in the occupation.

Sgt. Eugene Line, who thought a while back when he was sent from Laredo Army Air Field to Greensboro, N. C. that he was going on a sightseeing trip to Europe at the expense of the government, has changed his plans again. It seems. His mother, Mrs. John Lane, advises that Eugene prefers the Pacific, and has written from Persidio Monterey, California, that he appears to be headed west. We're going to quit trying to deliver that paper he has paid for until he gets settled. When he comes home we grant him free access to the files on the copies he's missed.

## WISH WE'D SEEN HIM IN HIS UNIFORM, WITH MEDALS

Mr. Cecil Reeves in plain shirt, pants and jacket was all we saw when Sarah Frances, the former Miss Meador, finally introduced us to "that husband" of hers. We'd hoped to meet him as T-5 Cecil B. Reeves, uniform, decorations and all, for that would have been an imposing sight.

Reeves was met at his former home in Pittsburg, Texas, last week by his wife and his young son, Danny. Danny and his dad were strangers, for the little lad was born while his father was overseas. They returned to Hico the first of the week, and expect to be here for a time. Cecil received his discharge Oct. 8 at Camp Fannin, and went immediately to nearby Pittsburg where he was met in the home of his parents, Mr. and Mrs. C. A. Reeves, by the rest of his family.

He has been in the service three years, of which he spent 22 months and seven days overseas, according to Sarah Frances' count. He served in North Africa, at Anzio, and in Italy, and on his ETO badge is entitled to four battle stars, besides the Purple Heart and Good Conduct Medal.

Reeves was injured in August of 1944, near Florence, Italy, when he ran over a mine with a bulldozer. He spent three months in a hospital. HE FOUND THAT PAPER Staff Sergeant W. H. Brown, who has been stationed recently at the Florence Army Air Field, Florence, South Carolina, returned to Hico Saturday night after receiving his discharge in San Antonio. He joined his wife and son, Robert, here in the home of his parents, Mr. and Mrs. W. H. Brown Sr. "Dub" said that he got that little piece of paper Saturday that he had been looking for the past five years.

Sgt. and Mrs. H. T. Bramblett of Childress visited here Tuesday with his parents, Mr. and Mrs. O. M. Bramblett, en route to Houston where Sergeant Bramblett is being transferred to Ellington Field.

## 'Gotta Sign Off Now'

"General Wainwright is a great guy. Gotta sign off now, the Japs are closing in. Notify my mother in Brooklyn. What wouldn't I give for an ice cream soda." This was the final message sent out of Corregidor by Sgt. Irving Sirobing before the Japs entered.
