

Atlantic Has Good Oil Show In Wolfcamp At NE Reagan Test

The Atlantic Refining Company No. 1-137 J. D. Sugg estate, Northeast Reagan County wildcat has indicated possibilities of production from the upper Wolfcamp of the Permian.

This prospect is one mile west and two miles south of the same concern's No. 1-B Sugg, discovery for Wolfcamp production in the seven D multipay field.

No. 1-B Sugg was completed from the lower Wolfcamp. The show in No. 1-137 Sugg is in the upper part of the same formation.

No Fluid To Top
 The show of possible production came in a drillstem test at 7,549-7,602 feet. The tool was open one hour. Gas surfaced in eight minutes. No fluid came to the top while the tool was open.

Recovery was 90 feet of clean oil and 210 feet of oil and gas cut drilling mud. That mud was estimated to have been 90 per cent oil. There was no formation water.

Is Making More Hole
 Open flowing bottom hole pressure was 110 pounds. Shut-in bottom hole pressure after 15 minutes was 2,175 pounds. The project is now making hole below 7,655 feet in lime.

Location is 660 feet from north and east lines of section 137, block 2 T&P survey. It is 15 miles northeast of Stiles.

The wildcat will go on down to test the full thickness of the Wolfcamp and it will then try to complete as a producer from whatever pay it may penetrate.

Lowe Sets Location For New Project In Hi-Lonesome Field

Ralph Lowe of Midland spotted location for a 10,800-foot Pennsylvanian test in the Hi-Lonesome area of Northwest-Central Midland County.

It will be drilled as his No. 2 J. E. Hill, 660 feet from north and west lines of the northeast quarter of section 19, block 39, T-2-S, T&P survey. That puts it five miles south and slightly west of the city of Midland.

Operations are to start at once. Location is one-half mile southeast of The Texas Company No. 3-D Scharbauer, a Pennsylvanian producer and a discovery from that pay and three-quarters of one-mile north and slightly east of Texaco No. 1-D Scharbauer, a Wolfcamp producer. No. 2 J. E. Hill is one mile north of the opener of the field—Lowe No. 1 J. E. Hill.

Ellenburger Yields Good Show Of Oil In Winkler Test

Stanolind Oil & Gas Company unloaded slightly mud cut oil on a drillstem test of the Ellenburger on its No. 1-A S. B. Wight, wildcat in Southeast Winkler County.

The test was taken from 11,524 to 11,577 feet. The tool was open three hours. There was a slight blow of gas at the surface after 79 minutes.

Recovery was the 2,030-foot water blanket, after which the well unloaded an estimated 8,028 feet of slightly mud cut oil.

No Formation Water
 Gravity of the oil was 38.5 degrees at 28. There was no formation water. Open flowing bottom hole pressure was between 825 and 2,023 pounds. Shut-in pressure after 15 minutes was 3,250 pounds.

On a previous drillstem test from 11,507 to 11,527 feet, recovery was the 2,000-foot water blanket and five feet of drilling mud with no shows. Tool was open 85 minutes on this test.

Ellenburger Topped
 Top of the Ellenburger was picked at 11,510 feet, minus datum point of 5,523 feet. That makes it two feet high to Humble Oil & Refining Company No. 1 Earl Vest, Ellenburger failure four and one-half miles to the southeast in Ector County. It is also 38 feet high to Magnolia Petroleum Company No. 1 Wheeler, Ellenburger dry hole four and one-half miles to the northwest in Winkler County.

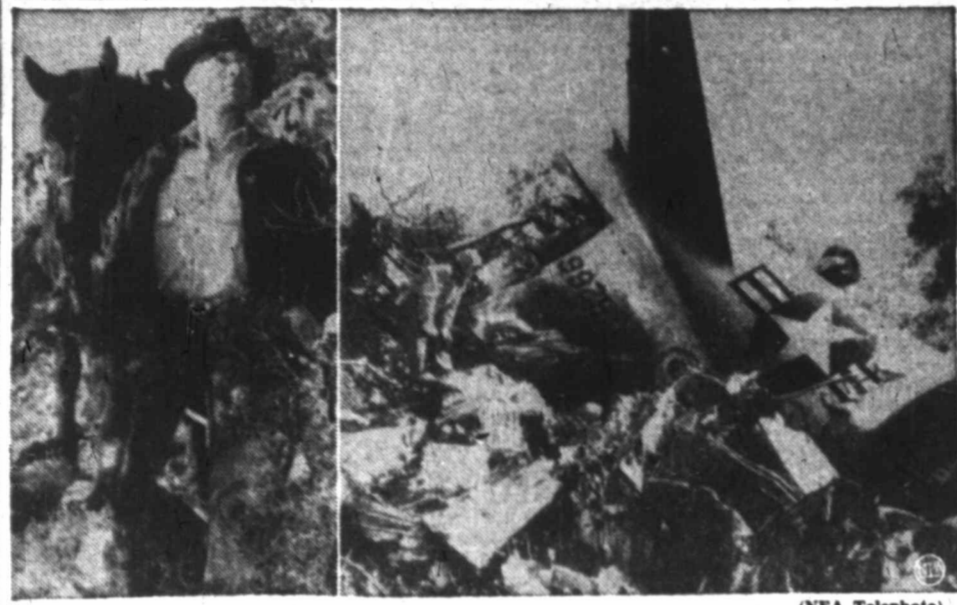

No. 1-A Wight in 788 feet high structurally on the Ellenburger top to the Amon Carter No. 1 Wight, Ellenburger failure three and one-half miles to the west.

The Stanolind project is located 600 feet from south and 1,984 feet from east lines of section 32, block 40, pd survey and 19 miles southwest of Goldsmith.

Aid Reaches Crippled Freighter

AIR CRASH KILLS 28—Cowboy Arnold Johnson, who discovered wreckage of C-47 transport which crashed on Armer Mountain, Ariz., taking 28 lives, leads his horse along mountainside as he assists in removal of crash victims, left. Right, an Air Force rescue worker searches through wreckage of the transport on which 28 persons died, including 19 west Point Cadets.

Ice Relaxes Grip On Texas

The sun shone on the ice-glistening northwest and west parts of Texas Friday and the drip of a thaw began. For two days the northwest third of the state had been harassed with a severe ice and snow storm. Six persons died in accidents blamed on the icy weather.

But Friday the sun came out and temperatures started rising.

There'll be a "little melting" in the Panhandle Friday afternoon, the Weather Bureau said. The temperature dropped to two degrees at Dalhart before dawn.

There was some "good melting" in West Texas below the Panhandle.

Snow had stopped falling at Borger. The roads still were iced at 7:30 a.m. when the temperature stood at 16 degrees, but they were passable. No planes had landed at the Borger Airport since Wednesday afternoon. Some three inches of snow fell there Thursday.

But sub-freezing temperatures hugging on stubbornly in the Panhandle and hardened the crust of ice and snow. A patchwork quilt of snow covered the Panhandle with four inches reported on the ground early Friday at Amarillo.

Elsewhere in the state, rain, drizzle and fog plagued airports and highways. Light precipitation fell (Continued On Page Seven)

Council Frowns On Air Force Use Of Midland Airpark

The City Council renewed its opposition Thursday afternoon to the use of Midland's Airpark by the Air Force.

"The field," said Councilman Jack Wilkinson, "is too close to the city's residential area and its use by the Air Force will constitute an extreme hazard to our citizens."

The discussion arose when City Manager W. H. Oswald reported the Air Force had instructed the Corps of Engineers to begin negotiations for the use of the field here and Averbey Field at Sweetwater.

The Air Force plans to use them three or four months, beginning in April, while the Big Spring Air Force Base is being reactivated.

The council instructed City Attorney Edwin T. Stitt to draft a letter to Air Force authorities formally opposing the use of Airpark.

SHE MOVES EVERYTHING—

Abdullah's Samia Objects To Title Of 'Belly Dancer'

ROME —(AP)—Sheppard "Abdullah" King, lanky Texas oil heir who became a Moslem to marry an Egyptian dancer, is writing a book about his romance.

"Yes," drawled the hatless Texan as he stepped off a plane here Friday enroute to New York. "I'm writing a book about this story. But I've got no title for it."

He added that his petite wife, Samia Gamal, "probably could write the foreword" for the book. A New

March 1 Deadline Placed On Use Of Barrels For Garbage

Midland residents have until March 1 to replace their old barrels or trash boxes with new garbage cans which conform with the city's health ordinance.

The deadline was announced Friday by A. E. Cass, senior sanitarian of the City-County Health unit, following a conference with City Manager W. H. Oswald.

"The ordinance," said Cass, "calls for a metal container of not more than 32 gallons capacity. It must have handles and it must be equipped with a lid."

Residents are subject to a fine of \$100 a day for violation of the ordinance.

Cass also urged residents to provide platforms for the cans and to chain the lid to the platform or to the fence to keep it from being lost or stolen.

"Another important thing to remember," he said, "is to wrap wet garbage in old newspapers or put in sack before depositing in the garbage can. This helps keep the can clean."

Midland Post Office Receipts Hit Record Level Of \$400,213.27

Postal receipts in Midland for 1951 reached a record high of \$400,213.27, according to announcement made Friday by N. G. Oates, postmaster.

The receipts represented a 28.7 per cent increase over 1950, when the total was \$310,896. Postal receipts in 1949 amounted to \$255,160.

Receipts during the last quarter of 1951 (October, November and December) were 41.8 per cent higher than the same period of 1950. Each month's receipts in 1951 were up from the previous year, the increases ranging from 17 to 58.5 per cent.

The last half of 1951 (July through December) had more postal receipts than the entire year of 1948. And the last three months of 1951 had higher receipts than the entire year of 1943.

December of 1951, with \$61,558 in receipts, was a record month for the post office installations. Its receipts were 58.5 per cent higher than December of 1950.

Here are the postal receipts of 1951 by month: (round figures) January \$31,523; February, \$26,045; March \$29,869; April \$28,361; May \$29,860; June \$28,972; July \$30,478; August \$31,183; September \$30,478; October \$37,225; November \$34,511; December \$61,558.

Oil Field Mishap Fatal To Odessan

A 28-year-old Odessa man died in a Midland hospital Thursday night from injuries which he received late Thursday in an oil field accident 16 miles east of Midland.

L. C. Nail, 1010 West Fourth Street, Odessa, an employee of the E. J. Curtis Casing Crew, was dragging in a joint of seven-inch casing when a cathead broke, causing a derrick to swing loose and strike him.

Nail suffered a skull fracture and internal injuries in the accident.

A 24-year-old brother, Billy B. Nail, was working at the scene of the accident and suffered a knee injury while attempting to get his brother to a hospital.

Funeral arrangements are pending.

19 Arrests Smash Dallas Dope Racket

DALLAS —(AP)—Federal officers Friday disclosed 19 suspected narcotics peddlers were arrested in Dallas Thursday in a mass roundup.

One agent said the roundup virtually wiped out Dallas dealers in marihuana.

Charges against the 19 were filed before U. S. Commissioner W. Madden Hill. One other person was charged with the sale of heroin.

Officers said the suspected marihuana peddlers were implicated in a giant undercover snare stretching from North Texas to Corpus Christi.

Greatest Single Blow
 "This is the greatest single blow ever struck at the illegal sale of marihuana in Dallas," said U. S. Assistant District Attorney Lester May.

Opportunity for the crackdown in Dallas, May said, came with the hiring of a new U. S. narcotic agent, unknown to the Dallas underworld.

Investigation began last August. Piece by piece, the young agent, city detectives and special employees of the narcotic service began collection of evidence.

They bought approximately 96,000 grains of marihuana and 64 grains of heroin from approximately 30 persons, spending about \$5,000.

May estimated the marihuana purchased in making cases could be sold for about \$24,000 on the illegal market, if sold by the cigarette.

In the early stages of investigation, officers thought the main source of the Dallas marihuana traffic to be located somewhere in North Texas.

Development proved, however, (Continued On Page Seven)

E. Merl Young, Two Others Fail To Show At Perjury Hearings

WASHINGTON —(AP)— E. Merl Young, his brother, Herschel, and Joseph H. Rosenbaum, Washington attorney, failed to show up in court Friday to enter pleas to perjury indictments.

All three are under charges of lying under oath to a Senate subcommittee investigating favoritism and influence in RFC loans, to a federal grand jury, or to both the committee and the jury.

U. S. District Judge James R. Kirkland ordered arrest warrants issued when they did not appear.

The names of Rosenbaum, Merl Young and Herschel Young were called out in that order. There were no answers.

Bench Warrants Issued
 "Issue a bench warrant," Judge Kirkland directed the clerk each time.

Robert W. Dudley, another Washington attorney, appeared before Judge Kirkland Thursday and entered a plea of innocent to a perjury indictment. He was released under \$1,000 bail and given 30 days in which to file motions attacking the indictment.

Testimony about a \$9,450 natural royal pastel mink coat which Rosenbaum financed for Merl Young's wife, Loretta, was one of the highlights of the Senate investigation.

Young has said Rosenbaum, who had many RFC loan-seeking clients, lent him the money to buy the coat and that it has been repaid. At the time of the testimony, Mrs. Young was a White House stenographer. She left that job and the Youngs since have moved to Florida, where they operate a tourist court.

★ LATE NEWS FLASHES ★

ATLANTIC CITY, N. J.—(AP)—The CIO United Steelworkers Friday postponed their threatened nation-wide strike 45 days but warned they will walk out in late February if the government can't settle the steel contract dispute.

WASHINGTON —(AP)— Attorney General J. Howard McGrath Friday said no change in his status is contemplated. His statement was to reporters questioning him about rumors he might leave President Truman's cabinet soon.

LONDON —(AP)—Lloyds of London Friday made Capt. Kurt Carlsen a 7 to 2 choice to reach harbor with his broken freighter, Flying Enterprise.

WASHINGTON —(AP)—Joseph H. Rosenbaum, indicted for perjury along with E. Merl Young and Herschel Young in connection with a probe of RFC loans, appeared in court more than two hours late Friday and entered a plea of innocent. He was released under \$1,000 bond.

Thummel Appointed Manager Of Midland City Bus Operations

Raymond Thomason, Jr., president of the Midland Transportation Company, Inc., Friday announced the appointment of Eugene T. Thummel as general manager of Midland's new bus transportation system. Thummel, who resigned his position as superintendent of pas-

Eugene T. Thummel

senger service for Pioneer Air Lines, assumed his new duties Tuesday.

A native of Tipton, Kans., he joined Pioneer as a transportation agent in August, 1947, in Mineral Wells. In October of that year, he was transferred to Pioneer's Midland office, and became assistant manager of Pioneer's operations in Midland in April, 1948.

He was promoted to the company's district traffic and sales position with headquarters in Amarillo in August, 1948. He retained that position until his appointment as superintendent of passenger service for the company.

The new bus company official attended high school in Tipton and was awarded at the Grand Island business college, Grand Island, Neb., and at Washburn Municipal University in Topeka, Kan. During World War II, he served in the Navy Air Corps from July, 1942, until April, 1946, and saw service in the Alaskan Theater of Operations. He is married and has two children.

Delivery of the company's buses is expected about January 15, and it is hoped to have them in operation by February 1, officials said.

At Least 93 Turks Die In Earthquake

ISTANBUL, TURKEY —(AP)— An earthquake killed at least 93 persons in Eastern Turkey Thursday. Officials Friday said the death toll undoubtedly would go much higher.

Rescue workers prodding through ruins of homes and buildings had recovered 93 bodies up to noon Friday.

The quake was described as of moderate intensity. It centered between Erzurum and Haankale. Most damage was reported in the collapse of clay huts.

Terry Wayne Armstrong Wins Baby Derby Of 1952

Terry Wayne Armstrong, young son of Mr. and Mrs. James Armstrong, 309 West Hamby Street, Friday was declared the winner of Midland's "First Baby Derby of 1952," and is entitled to receive the many and varied gifts offered by Midland merchants and professional firms to the first baby of the New Year.

Young Mr. 1952 was born at 1:13 a.m. Tuesday, January 1, in Midland Memorial Hospital, weighing in at eight pounds, four ounces. Dr. W. S. Parks, Jr., was the attending physician.

Terry Wayne and his mother were reported Friday to be "doing nicely." Terry Wayne's father is employed by the Magnolia Oil Company and has resided here more than three years. The youngster has a brother, James J., 16 months of age.

Mr. and Mrs. John W. Crowley of Midland are Terry Wayne's maternal grandparents, and C. W. Crowley, pioneer Midlander, is his great-grandfather. Mrs. Armstrong is the former Johnnie Sue Crowley.

Terry Wayne's parents have 30 days in which to claim the derby gifts, which range from the baby's first portrait to a year's subscription to The Reporter-Telegram.

Seven boys and five girls now have been recipients of the gifts offered by Midland business firms (Continued On Page Seven)

Rescue Tug's Officer Joins Capt. Carlsen

LONDON —(AP)—The first mate of the British rescue tug Turmoil Friday succeeded in boarding the Flying Enterprise to join Capt. Kurt Carlsen on the crippled American freighter.

The U. S. destroyer John W. Weeks radioed that the tugboat man "managed to get aboard over the taffrail of the Enterprise and now is standing by with Captain Carlsen."

Soviet Move May Wreck Truce Talks

PARIS —(AP)—The United States expressed grave concern Friday that a new Russian move to bring up Korean armistice negotiations in the United Nations Security Council might break up the talks now going on at the front.

U. S. Delegate Benjamin Cohen told a news conference the U. S. could not understand why the Soviet Union had made such a proposal at a time when truce talks in Korea appeared to be making slow but sure progress.

Cohen said the U. S. was decidedly and unqualifiedly opposed to a Russian resolution calling for a special, high-level Security Council meeting to discuss how to aid the armistice talks.

The proposal, he declared, could not fail to have a bad effect on the talks at Panmunjom. He said he wondered whether the Russians wanted to settle the Korean war or reopen it.

The effect of the resolution introduced by Soviet Foreign Minister Andrei Y. Vishinsky, he declared, would be to delay or disrupt the talks now going on.

If the Soviet Union thinks it can help push them to a successful conclusion, he declared, they are no doubt in touch with the Chinese Communists and North Koreans and can work through them.

At the afternoon session of the UN Political Committee, France's Jean Chauvel put this question to Vishinsky:

"Are the negotiations at Panmunjom considered in Moscow to have come to such a pass that it is necessary to transport them to a different level?"

Cohen charged the Soviet proposals, which also included a section calling for the council meeting to range over all subjects of international tension, were a diversionary operation neatly designed to appeal to man's hope for peace.

Reds Reject Appeal For Quick Exchange Of Wounded POW's

MUNSAN, KOREA —(AP)— The Communists Friday made seven objections to the six-point Allied plan for exchanging prisoners of war and rejected a new UN appeal for an immediate trade of sick and wounded prisoners.

In a nearby tent at Panmunjom, Allied truce negotiators asked for an explanation of reports that the Communists are shipping crated warplanes into North Korea. They also accused Red China of releasing soldiers of Korean origin from its armies in 1949 and 1950 to form the cadre of the North Korean Red army.

Chinese Maj. Gen. Hsieh Fang said there was nothing wrong in this. He labeled the crated plane report a "ridiculous rumor."

Hsieh, in turn, accused the Allies of holding behind their lines through intimidation with the atom bomb some 500,000 North Koreans.

Both subcommittees reported no progress toward an armistice. Both agreed to try again at 11 a.m. Saturday in Panmunjom.

Seven Specific Points
 The Reds rejected the Allied exchange plan Thursday, but Libby asked them to study it further. Friday they specifically objected to:

1. Exchanging prisoners of war for civilians.
2. Differentiating between the release and repatriation of prisoners.
3. Neutral supervision by the Red Cross to make sure prisoners or civilians wanted to be exchanged.
4. Any form of paroles for prisoners.
5. Using a prisoner's pre-war address to determine whether he is a North or South Korean.
6. Charged that the Allied plan would not speed up the exchange of prisoners.
7. Denied that thousands of South Koreans had been impressed into the Red army.

Air Force Plane Destroyed In Crash

DOUGLAS, ARIZ.—(AP)— The Civil Air Patrol Friday reported an Air Force C-119 packet in "down" near Healdia, N. M., but all four persons aboard escaped with minor injuries.

The CAP spokesman said the plane was a complete "washout." He did not know if it crashed or made a forced landing.

Visitors Find Gay Paree Gayer If They Dial SVP—For Anything

PARIS —(NEA)— Three, magisterial letters on the telephone dial are making life easier for tourists in Paris.

All they have to do is dial "SVP," ask for visitors service, and they'll wind up with somebody to help them with their shopping, business, or entertainment.

To Parisians, "SVP" means a unique telephone service named "If You Please," which for the last 15 years has been an information service and problem solver. Now it also stands for "Service for Visitors in Paris," which includes a complete information, escort, and secretarial service, research department, travel bureau and errand boy, all rolled into one.

Probably nowhere else in the world can you pick up the telephone and get so much for your money. The charges are \$1 a month for individual subscribers, plus commissions for special services. Visitors pay 500 francs (about \$1.20) for eight days of service. But there is no charge for individual requests.

When SVP was founded 15 years ago by Dr. Rene Saunier, inventor of the gas mask, it was treated with the customary levity of the Parisians, who flooded its switchboard with incongruous questions and many requests.

Unperturbed, SVP would produce a fourth at bridge, an escort specializing in the tango, order a complete dinner for 10, or replace a maid who sprained her ankle. It would also give instructions on how to remove a coffee stain from a silk blouse, describe the colors of the Scottish clans, or name the three men in George Sand's life.

By 1939, Dr. Saunier had been succeeded by Mme. Yvonne Dornes, who saved SVP from bankruptcy. During German occupation, the service concentrated on rationing and legal matters, helped with the end-

Mme. Yvonne Dornes: A fourth at bridge, an escort for a tourist, or dialing three letters.

less permits and licenses, and originated bicycle taxis.

But SVP also managed to transmit information to the Allies, make up false papers, hide fugitives, and tip off hundreds of citizens who were about to be arrested. She was SVP which gave the signal for the ringing of church bells when Paris was liberated.

With 20,000 private subscribers plus 10,000 business firms, SVP is now recognized as a public institution. It averages 8,000 calls a day, which jump to 10,000 when big sporting events occur or important news is breaking. The staff of 300 (plus 800 outside "contacts") includes such specialists as jurists, economists, engineers, literary and art critics, translators, and experts in domestic economy and travel.

2,200 Area Persons Now Are Receiving Security Benefits

After 15 years' operation, old-age and survivors insurance is paying about \$65,000 in monthly benefits to 2,200 persons in the 18-county area served by the Odessa Social Security office.

Jack Calvert, manager of the Odessa office, noting that the federal insurance program commenced operations Jan. 1, 1937, described it today as "a national institution, reaching more people in the Midland community than any other organized program for family security."

From its comparatively modest beginning in 1937, the system has developed in a decade and a half into the largest single insurance operation the world has ever known, Calvert declared. In 1940, the first year in which monthly benefits were paid, total benefit payments for the year were approximately 25 million dollars; for the fifteenth year, ending Dec. 31, 1951, total benefit payments were 1,900 million dollars, paid to almost four and one-half million people.

The greatest increase in benefit payments occurred in the program's fifteenth year. This, as Calvert points out, was caused by higher payments to individual beneficiaries, and by the large number of people made eligible for benefits under liberalized qualifying requirements. Increases in benefit payment rates to retired workers range from 50 per cent to 100 per cent. For example, he said, the minimum payment of \$10 was doubled. The maximum payable to a retired worker in August, 1950, was \$45.60, this was raised to \$68.50.

"Almost everyone has a stake in this contributory insurance system," says Calvert. "Three out of four persons gainfully employed or self-employed are engaged in work covered by the law."

"Sixty-two million persons now are insured under the program, which is providing life insurance protection to three out of every four of the nation's mothers and children."

Challengers Of State Gas Tax May Find New Hurdle At End Of Fight In Court

AUSTIN—Major gas companies struggling to break free from the new state pipe line tax may find a new hurdle at the end of their present court fight.

Gov. Allan Shivers indicated at a press conference Thursday that flaws might be repaired if courts find any in the present tax law.

Asked if he would recommend such repairs, he replied: "Could be. I think these long lines ought to be taxed."

Full Investigation Of Alien Property Office To Be Asked

WASHINGTON—(AP)— Senator Wiley (R-Wis) Friday said he will ask a complete investigation of "mass of tips" on multi-million dollar activities of the Alien Property Office.

The senator said in a statement he expects the inquiry to touch upon reports of fat fees and profits to some individuals and corporations, "grave mismanagement" and "considerable favoritism."

The Alien Property Office is under the Justice Department and has had control of more than a half-billion dollars worth of German and Japanese properties seized in this country during World War II.

Wiley said the agency had control of about \$505,000,000 of assets of which \$209,000,000 have been disposed of and \$296,000,000 remain. He said 55 active companies still are under control and that 18 of them have assets of more than one million dollars.

Largest is the General Aniline and Film Corporation, second largest maker of photographic film in this country.

Wiley has been issuing a series of critical statements about the agency in recent months. He said these have brought him a "mass of tips" about activities that should be probed.

Special Staff Of Experts He proposed that the inquiry be made by a Senate Judiciary subcommittee with a special staff of experts able to trace complicated affairs of the seized properties and corporations.

As a former member of the Senate Special Crime Investigating committee, Wiley said: "I have long learned to detect what I regard as signs of questionable dealings, behind-the-scenes connivance, such as have apparently gone on in many instances inside this particular agency."

Wiley said the inquiry should look into management and disposition of assets, personnel appointed to operate corporations and salaries and fees paid, and results of the agency's operations.

He noted that funds raised by the office are used to pay war claims of U. S. prisoners of war, internees and others who suffered at the hands of the enemy during the last war.

Wiley said the proposed inquiry is supported by Senators Douglas (R-Ill.), Nixon (R-Calif.) and McCarthy (R-Wis.).

Jobs Plentiful At Start Of New Year, According To TEC

Jobs are plentiful as Midland heads into 1952 and another busy year, according to the Texas Employment Commission office here.

The TEC office here was busy at the year end and served 3,100 persons in December of 1951. It received 403 applications from job seekers as compared with 461 in November, the previous month.

Last month, the office referred 178 persons to jobs in Midland and 794 out employment. In November, some 1,185 persons were referred to jobs and 729 were employed.

More than 200 openings exist in Midland at the present time, according to John Bechtel, manager of the Midland TEC office. These openings include positions for accountants, geologists, draftsmen, engineers, oil field service truck drivers and all types of secretaries and stenographers.

A mechanical engineer with an industrial background is wanted for a very attractive job.

"Proving that Midland has few unemployed persons is the fact that the Midland TEC office has only eight persons claiming unemployment compensation. These eight are from an area which has more than 10,000 jobholders."

Mrs. Eleanor Perreau still is gasping. Her 10-year-old daughter, Gigi, hits stardom in UFA's "The Lady Pays Off." Her son, Peter, is in "Que Vadis." Her youngest daughter, Janine, has a big part in Gloria Swanson's "Three For Bedroom C." Even the Perreau family dog, Tuffy, was given a role in "Weekend With Father."

But one day recently, the doorbell rang and a man introduced himself.

"My name is Arch Oboler," he said, "and I'd like to rent your house for a movie I'm making." Really Wanted Silence

It happened on MGM's "Lovely to Look At" set.

Red Skelton and Kathryn Grayson were doing a difficult scene and Director Mervyn LeRoy called for silence.

The entire crew stood rooted to the floor, but LeRoy still looked perturbed.

"There's someone writing on paper at the far end of the sound stage," the director barked. "When I say silence, I mean silence."

Thieves Take Jewels, Furs From Apartment Of Star Linda Darnell

NEW YORK—(AP)— Film star Linda Darnell says her hotel suite was looted of \$9,500 worth of jewels and a \$3,000 mink stole. She reported the loss Thursday.

Miss Darnell said she had been out of town the last three weeks. She returned after being called by her maid, Marguerite Lecense, who discovered the theft when she visited the suite for the first time in six days.

The actress said 15 to 20 pieces of jewelry were taken.

Police said the burglars apparently entered the suite at the Warwick Hotel either by snapping back the lock with a strip of celluloid or by using a pass key.

Ship Purser Makes Zoo Out Of Freight

SAN FRANCISCO—(AP)— Ivan E. Hall, a ship's purser, never lets his long sea voyages interfere with his hobby of collecting wild animals.

He simply takes them along — converting the freighter Anchorage Victory at times into Noah's ark.

Hall has brought aboard leopards, monkeys, cobras, pythons and many other specimens. Sometimes he keeps snakes in his cabin. Animals are penned on deck.

When the ship docks at an American port, Hall gives his pets to zoos or scientific laboratories.

Moviegors Friskd At Theater Entrance

SAIGON, INDOCHINA — (AP)— Moviegors here who look suspicious or are non-European are now searched by attendants as they enter movie houses.

This is done because it used to be a favorite trick of terrorists to hurl a grenade or other explosives into crowds just entering or leaving a theater. There were also explosions inside the theaters themselves.

The beaver-like coypu, which yields fashionable nutria fur, is a native of South America.

Star Tells A Tale Of Tito—A Yugoslavian Fish Story

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—Laugh-time, U. S. A.: Douglas Fairbanks, Jr., told this story to Bette Davis and Gary Merrill while they were co-starring in his new film, "Another Man's Poison."

During World War II, Fairbanks was commanding a small naval craft in the Adriatic and running supplies to General Tito, who then was engaged in liberating Yugoslavia from the Nazis.

Word eventually reached Fairbanks that Tito wanted to express his thanks in person, so the actor and eight fellow-officers went aboard the partisan chief's own vessel and stood stiffly at attention as he came on deck.

Each one had been given a can of Yugoslavian anchovies.

Blonde Peggy Castle tells about the time she was under contract to UI and wanted the role of a Mexican girl in the Audie Murphy picture, "The Cimarron Kid."

Peggy arranged to be photographed in a black wig and sent the prints to the producer. A week passed and she telephoned the producer's secretary to ask if the picture had helped.

"Yes, indeed," said the secretary. "My boss sent them out to all the agents in Hollywood with a note saying he was searching for an actress who looks exactly like you!"

Has Musical Lunch "Stella by Starlight," one of the Hit Parade songs of not too long ago, was featured first in the movie, "The Uninvited." It was written by Victor Young, who had a hard time getting it into the picture over the objections of Charles Brackett, the Paramount producer.

Brackett thought the song was awful but finally approved its use in the film, saying: "If that song is a hit I'll eat the record."

Seven months later Brackett spotted Young in Lucy's restaurant, walked up to him and said: "I just bought two records and I'm having them for lunch."

Lisa Ferraday witnessed a rehearsal of Milton Berle's TV show in New York and turning to disc jockey Kai Ross, asked why the comedian was knocking himself out.

"Milton feels insecure," Ross quipped. "His contract has only 29 and a half years to go."

Mrs. Eleanor Perreau still is gasping. Her 10-year-old daughter, Gigi, hits stardom in UFA's "The Lady Pays Off." Her son, Peter, is in "Que Vadis." Her youngest daughter, Janine, has a big part in Gloria Swanson's "Three For Bedroom C." Even the Perreau family dog, Tuffy, was given a role in "Weekend With Father."

But one day recently, the doorbell rang and a man introduced himself.

"My name is Arch Oboler," he said, "and I'd like to rent your house for a movie I'm making." Really Wanted Silence

It happened on MGM's "Lovely to Look At" set.

Red Skelton and Kathryn Grayson were doing a difficult scene and Director Mervyn LeRoy called for silence.

The entire crew stood rooted to the floor, but LeRoy still looked perturbed.

"There's someone writing on paper at the far end of the sound stage," the director barked. "When I say silence, I mean silence."

"Miracle Drug" say SURIN Users
Pains of Arthritis, Rheumatism, Neuritis, Lumbago, Bursitis
Relief Can Start in Minutes
There's no internal dosing with SURIN. Nothing to swallow and wait anxiously for relief. You simply apply SURIN right at the point of pain and blessed relief starts as penetration beneath the skin gets under way. Of course there's a reason for this wonder-working new external fast pain relief medicine. It's methacholine, a recent chemical born of research in a great laboratory. It acts speedily to aid penetration of SURIN's pain-quelling ingredients. Methacholine also causes deeper, longer-lasting pain relief and increased speed-up of local blood supply. Tension chronic rheumatism in large university hospital brought fast relief to 75% patients and in home-for-the-aged 77%. Totally different from old-fashioned painkillers, modern SURIN brings faster relief without dangerous side effects and without unpleasant odor or taste. Simply smooth on SURIN at the point of pain and fast relief in minutes. Knock-back at every drug store if SURIN doesn't relieve muscle pain, neuralgia and headache. There's nothing else out there! A generous jar costs \$1.25. SURIN is not a cure for any of these conditions. Manufactured by... Dial 4-4439

When Fledgling Flies The Nest Develop Your Looks, Interests

By ALICIA HART
NEA Beauty Editor

The day when her fledgling flies the nest—whether to college, a job or marriage—is a crossroads day for every mother. Her reaction to the happiness of her house and heart at that time can affect her own and her family's happiness for the rest of her life.

A positive attitude is best. Rather than regarding it as the end of an era, consider it the beginning of a new phase of your life. For the first time since the early days of your

This mature woman, giving additional time and thought to her appearance now that college has claimed her children, makes a ritual of her weekly shampoo, beginning with a thorough scalp massage.

marriage, probably, you have time enough to spend upon yourself—for reading, clubs, community activities, and, of no small importance, for lessening beauty routines.

Developing a new, mature loveliness is an important part of the new way of life. Not only will it give you a mental and physical pick-up, but you'll also find you're able to meet new people, in the broadened scope of your outside-the-home activities, with poise and self-confidence.

One of the most frequent points of neglect, during child-rearing years, is a woman's hair. To overcome this problem, it's well to begin a whole new program of scalp and hair care.

A nightly scalp massage will encourage healthy blood circulation at the roots of your hair, and will loosen a tight scalp. It's also highly relaxing after a busy day.

Start by sliding your fingers under your hair at your neckline. Rotate them in small circles, lifting and moving your scalp. Complete four small circles, then slide your fingers to a new position and do it again. Use the pads of your fingers only, and work gradually forward over the crown of your head. This massage will rout out dandruff and make your scalp tingle all over.

Next, re-sell yourself on a regular brushing routine. Split up those 100 strokes a day so that 50 fit into your morning beauty ritual, and the rest follow your nightly scalp massage.

When you brush, bend from your waist and use long, sweeping strokes to distribute natural oils evenly through your hair. Be careful not to smap the ends.

Your shampooing technique, too, has much to do with the condition of your tresses, so make your next hair-washing an occasion. First, massage your scalp to loosen dandruff and dry scalp scales. A thorough brushing comes next to whisk away stray dirt and grime. Then,

lay out a clean, fluffy Turkish towel. Choose the right shampoo to add to the glow of your hair. One lotion shampoo is claimed by its makers to be non-drying or dulling. This is especially important for mature women, since oils tend to dry out as the year roll by, leaving dried-out, brittle locks.

Wet your hair thoroughly and pour about a tablespoonful of shampoo into your palm. Massage into your hair and scalp, then rinse thoroughly in clear, warm water. Follow with a second application of shampoo, working it into a rich lather. Finish with a clear water rinse.

Speaker Says Texas Certain Bomb Target If Reds Start War

AUSTIN—A high national civil defense administrator warned Texas educators Thursday that Texas can and probably will be bombed in any war the United States has with Russia.

Because of that, said Dr. Dwayne Orton, assistant administrator of the Federal Civil Defense Administration, educators have two civil defense jobs cut out for them. They must make the people realize that the world is split into two ideologies, and they must teach them that civil defense is the fourth arm of our military forces.

Orton conceded to the statewide school administrators advisory conference on education meeting here that these jobs aren't easy. But he said they're a must in capital letters.

"We have been told of our vulnerability," he recalled. "Seventy per cent of their planes can get through. We know the aggressor has the advantage. We know we're not going to be the aggressor. When war comes we want to minimize the damage as much as possible. It's as simple as that."

As for Russian bases, Orton pointed out that Texas is within range of Siberia: "They can carry the bomb—and they've got it."

Would Texas be a logical target. Orton thinks it would be. A lot of oil and other industries are centered in the state. Texas sprawls between Siberia and Panama, another almost certain target.

GALLERIES ROCK
The Rock of Gibraltar contains about 30 miles of galleries and at times during World War II 70,000 soldiers were stationed within its walls.

HANGS ON TO MATE
When a male scorpion finds the mate of his choice, he takes no chances of losing her. He holds her by the "hand" while building the home.

Never scrape sticking starch off an electric iron with a knife or other sharp instrument. Try instead, if the iron is still hot, rubbing the plate back and forth across dry salt that has been spread on a sheet of paper. If the iron has already cooled, remove the encrusted starch with extra fine steel wool or mild scouring powder on a damp cloth, being careful not to scratch the smooth surface.

Truman Says Murphy Changed Mind About Directing Clean-Up

WASHINGTON—President Truman confirmed Thursday widespread reports that Federal Judge Thomas F. Murphy of New York once accepted and later turned down appointment to head an investigation of corruption-in-government charges.

The President turned aside questions about a report that Attorney General McGrath has offered to step out of the cabinet. McGrath has been under fire by critics who say he has not been vigorous enough in cracking down on irregularities in government.

In New York, Murphy said that "what the President says is correct." Asked why he had turned down the appointment he replied: "I would rather not comment on that."

Truman declared his own governmental cleanup program will go forward uninterrupted. He predicted Congress will approve his plan, announced Wednesday, to reorganize the nation's tax collection system and take its employees out of politics.

The President said he'd favored such a plan for a long time but that some members of both parties in Congress have blocked it.

Asked about a report that McGrath had expressed willingness to be replaced as the nation's top law enforcement officer, the President said that all sorts of rumors were going around. He said he wasn't going to say anything further about his cleanup plans until he was ready.

Symington To Quit
McGrath refused to see reporters who sought comment from him.

Truman said W. Stuart Symington—named head of the Reconstruction Finance Corporation in an earlier cleanup move—is about to leave the government.

He said, too, that he'd be glad to have a political talk with Senator Kefauver (D-Tenn.), former head of the Senate's Crime Investigating Committee, who is being boomed for the Democratic Presidential nomination.

All Kefauver has to do, the President said, is pick up the telephone and ask for an appointment. The implication was plain that the President himself has no intention of summoning Kefauver to the White House.

He described as foolish a report that Britain's Prime Minister Churchill isn't overly welcome on his Washington visit starting next Saturday. Truman said Churchill will get the heartiest welcome he knows how to give, adding that he doesn't know how these rumors start.

Truman said his plans for revising the Bureau of Internal Revenue was ready some time before the recent investigation of the bureau by a House ways and means subcommittee.

Legion To Conduct Poll Tax Campaign

AMARILLO—State Commander Charlie Gibson of the American Legion said he plans to tour the Rio Grande Valley this weekend to urge Texans to pay their poll taxes.

Gibson said Thursday the 778 American Legion posts in Texas are sponsoring a drive to establish a record year for poll tax payments. "We are going to try to persuade the people of Texas to pay their poll taxes," he said, "and then exercise their right to vote."

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, FRIDAY, JANUARY 4, 1952-3

Mrs. Tripp Speaks To Garden Club

Mrs. Bill Tripp of Odessa spoke to the Midland Garden Club Thursday when it met in the home of Mrs. Bob Hill.

Mrs. Tripp spoke on "Landscape Design For the Outdoor Living Area."

Those present were Mrs. Frank Aldrich, Mrs. Harold Bahr, Mrs. C. E. Bissell, Mrs. Leslie Brown, Mrs. C. L. Davenport, Mrs. Walker Duce, Mrs. Clement George, Mrs. R. T. German, Mrs. J. M. Grinstead, Mrs. C. F. Henderson, Mrs. Hill, Mrs. Charles Marshall, Mrs. J. A. Mascho, Mrs. Karl Nichols, Mrs. E. E. Reigle, Mrs. A. P. Shirey, Mrs. J. C. Smith, Mrs. George Stewart, Mrs. Robert Stripling, Mrs. Frank Stubbs and Mrs. Addison Wadley.

Mrs. Marsh Reads For Club Meeting

The Play Readers Club met Wednesday in the home of Mrs. Charles Klapproth to hear Mrs. Charles Marsh read.

Guests attending the meeting were Mrs. O. J. Colwick, Mrs. Harvey Sloan, Mrs. Hilburn Gilliam, Mrs. N. Prizzelle of McAllen, Mrs. H. A. Gilliam of Ruidoso and Mrs. Foster Burdell of Columbus, Ohio.

Fourteen members were present. Mrs. Wilson Bryant will be next reader.

Texas GI Wants State Represented At Armistice Talks

AUSTIN—A Texas infantryman in Korea wants Governor Shivers to appoint a Texas representative to take part in the Korean armistice talks.

Cpl. William M. Cleveland is afraid Texans now in Korea would keep on fighting even if an armistice were signed if Texas were not represented at the peace talks.

Cleveland made the suggestion in a letter to Adj. Gen. K. L. Berry. He said former Gov. Coke Stevenson set the precedent in September, 1945, by authorizing Gen. Douglas MacArthur to accept the surrender of the Imperial Japanese forces.

"This could later become a very embarrassing situation for Texas inasmuch, if an armistice agreement is signed prior to the appointment of a representative, the Texans now in Korea would not know whether or not they would be included in such armistice and probably continue fighting," wrote Cleveland.

The governor took the suggestion under advisement.

Three Persons Jailed On Narcotics Charges

LAREDO—A—Customs agents arrested three persons Thursday and charged them with possessing heroin and marijuana.

They were identified as George Lieberknecht, 41, his wife, Mary Francis, both of Whittier, Calif., and Otis Harper, 29, of Houston.

U. S. Commissioner Frank Y. Hill set bond at \$3,000 each. They were placed in jail in lieu of the bond.

France Asks Delay In NATO Meeting

PARIS—A—The French Foreign Ministry Friday announced it has requested a one-week delay in the North Atlantic Treaty Organization meeting to enable the French Parliament to debate the European Army project.

The NATO session is scheduled to open in Lisbon February 2. France wants it to open February 9.

Events For Coming Year Are Planned By Girl Scouts

In the first meetings of the new year, held Wednesday and Thursday, Girl Scout troops elected officers and made plans for future events. Some troops discussed the events of the last year.

Brownie Troop 43 elected officers. Sue Washam is chairman, Sharon Oberholzer, vice chairman; Patti Peck, secretary; Anita Queen, reporter, and Dorothy Kelly, housekeeper.

Mrs. Hal Peck is the leader. The programs for the future events were planned by Brownie Troops 64, Mrs. James Windham, Mrs. C. L. Wristen and Mrs. E. C. Funk, Jr., are the leaders.

Each member of Brownie Troop 59 baked a cookie during the meeting. Mrs. John Dorn and Mrs. Jack Riggs are the leaders.

Preparations for Valentine's were begun by Brownie Troop 51. The nine members present also popped popcorn. Mrs. R. M. Paiks and Mrs. Walter Beadle are the leaders.

Game of "poor kitty" and "who's knocking?" were played by Brownie Troop 52. Each member told what she received for Christmas. Mrs. Dennis Ford and Mrs. Otto Deats are the leaders.

Each member of Brownie Troop 41 brought her favorite doll to the meeting. The girls were divided into groups and presented three short plays, "The Selfish Twins," "The Girl Who Wouldn't Practice Dancing" and "Cinderella."

Methodists Plan Radio Program

A radio salute to Philadelphia will be given at 10 a.m. (EST) Sunday commemorating two years of intensive mass evangelism by the Methodist Church throughout the United States and Cuba.

The "Church of the Air" program will originate in Philadelphia and be broadcast by CBS stations. Bishop Arthur J. Moore of Atlanta, Ga., will be the guest speaker. Bishop Moore is president of the church's Council of Bishops.

After the broadcast Bishop Moore will hold a special service at the Old St. George's Church, dedicated in 1789 and long a Methodist shrine as the denomination's oldest American house of worship.

The first United Mission was conducted two years ago by 300 Methodist churches of the Philadelphia area. The 10-day revival netted 8,000 new members and was climaxed by a mass meeting of 33,000 persons.

RETURN FROM PENNSYLVANIA

Mr. and Mrs. Paul Bowman and son, Donald, have returned from Reading, Pa. While in Reading they attended funeral services for Mrs. Bowman's paternal grandmother, Mrs. William J. Perkins, and Bowman's mother, Mrs. Henry J. Bowman.

Coming Events

SATURDAY
The Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

The Children's Story Hour will be held at 10:30 a.m. in the Midland Public Library Children's Room. The Dunbar Branch will meet at the same time.

Missions In Japan Is Topic Of Talk

Velera Williamson talked on "Missions in Japan" Thursday at the meeting of the Young Woman's Auxiliary in the home of Jean Godfrey.

The group made plans for completing its yearbook. Grace McCull, president, presided. It was announced that the Monshans YWA would meet with the Midland group January 17.

The Task Ahead

Addressing the Jewish War Veterans at their annual award dinner in New York, at which he received the organization's 1951 gold medal for his fight against Communist expansion, Secretary of State Dean Acheson reviewed America's foreign policy and gave his estimate of 1952.

The new year, he said, would be a most critical one, but he optimistically predicted the free world would gain the power to take or withhold action "which will have a decisive effect upon the cause of peace."

In his year-end review, he conceded losses and gains for the U. S. and her western Allies, but felt the gains outweighed the losses to the extent that at year's end "We are better off than we were a year ago."

The assumption is that his optimistic prediction for 1952 is based on the gains he has totted up for 1951.

The word "gains" is relative. It may mean advances over the dark days of 1950. There is no disputing that the outlook now is considerably brighter than it was then.

But the real question seems to be, not whether we made gains in 1951, but whether those gains were as great as they might have been if the leaders of the so-called free world and the masses of people behind them had taken a more realistic view of the crisis facing humanity.

There seem to be two factors slowing the march along the road to peace and the restraint of the Communist tyrants. One is the attitude of our European allies. They have lagged in contributing to their own defensive forces.

With few exceptions, the member countries of the UN have contributed only token assistance to the U. S. in the shooting war against communism in Korea.

Correspondents and other observers view with alarm a debilitating growth of "neutralism." Europe is not lacking in perspicacious leaders who can read the handwriting on the wall.

But for the sake of their own political skins, many seem afraid to tell their people the unpleasant facts of life. They seem content to let the U. S. carry the hod.

And here, at home, there seems to be a corresponding refusal to face reality. It is becoming increasingly apparent that the U. S., with its vast natural resources, its industrial plant and potential, its native energy and great wealth is the only nation that can, with any adequate speed, gain the strength necessary to defend ourselves—and incidentally, our Allies—against Communist aggression in a final showdown.

But we can't do that and have "business as usual." Since the Korean war started, we have been building up our defensive armaments side by side with uninterrupted production of consumer goods.

To many observers it became clear in 1951 that this "gups and butter" philosophy is not doing the trick. Americans must face the painful fact there simply will have to be less butter and more guns.

So it seems that if Secretary Acheson's prediction of Stalin-stopping strength in 1952 is to come true, the new year will have to go down in history as a turning point. A point where we and our Allies roused from the torpor of "business and politics as usual" and finally took a clear, realistic look at the task before us.

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, by The Bell Syndicate, Inc.) Drew Pearson says: Taft's campaign manager careless in Ohio campaign finances; Senate committee learns of devious contributions; Taft money in Ben Tate's private strongbox.

WASHINGTON—Members of the Senate Elections Committee seriously are considering drastic action regarding possible violations of the Corrupt Practices Act by both Democrats and Republicans in the 1950 Ohio campaign which reelected Senator Taft.

Senators who listened to testimony in the Ohio probe were shocked at the wanton disregard of the law both by Taft's campaign manager, Ben Tate, and by Cyrus Eaton, who used a devious method to contribute \$35,000 to John L. Lewis's committee supporting Jumpin' Joe Ferguson, Democrat.

Both Tate and Eaton are big businessmen, with plenty of lawyers to give them legal advice, so investigating senators feel they have no excuse.

Ben Tate of Cincinnati is not only one of Taft's campaign managers, but is a top official of Standard Brands, also president of United Collieries, Inc., head of the Diamond Elkhorn Coal Company, Raymond City Coal and Transportation Company, the Snap Creek Coal Company, and various other concerns.

Yet the Senate committee found Tate not only neglected to keep a record of contributions in his private bank box, but couldn't account for \$100,000 of the \$300,000 that passed through his hands during the campaign. Testifying under oath, Tate admitted cashing campaign checks and keeping the unused cash in a safety deposit box at the Fifth Third Union Trust Company of Cincinnati.

Personal Strongbox "And that box was taken in the name of whom?" asked Senator Tom Hennings, Missouri Democrat.

"Ben E. Tate," replied Ben E. Tate. "And what did you keep in it, Mr. Tate?" pressed Hennings. "I keep stocks," shrugged Tate. "I don't mean your individual safe deposit box," interrupted Hennings. "Was there one for the campaign?"

"I had two boxes," Tate fidgeted. "Well, was there one box used for the campaign?" prodded Hennings. "I mean these boxes belong to me. I used my own box for the campaign," Tate came out with it. "You did keep the campaign funds in your own safe deposit boxes?" asked the senator from Missouri incredulously. "That is right," admitted Tate.

"What is the nature of that understanding?" Hennings inquired sweetly. "It was just I know these people, and I just..." fumbled Tate. "You just assumed then that they had reported?" suggested Hennings. "That is right. Having confidence in them, I assumed it," admitted Tate.

"And you have no records whatever of any of these amounts?" Hennings kept firing. "That is right," admitted the Taft treasurer. "I haven't in my possession any record, but the records are in these committees. That is my opinion, because I have confidence in the members of these committees."

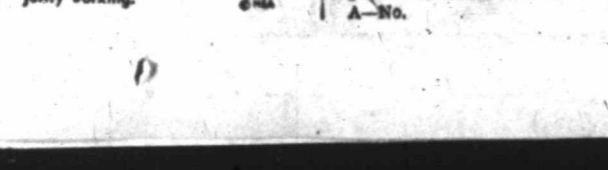

"In forwarding this money to the A—Swiss German dialects are spoken by a majority of the people in 16 of the cantons, French in five, and Italian in one. Q—Where is Captain Kidd supposed to have buried most of his treasure? A—An island in the Bahamas generally is supposed to have been the hideout of this famous pirate. There, in a cave, he is credited with having concealed 216 chests of jewels, silver and gold money and other valuables.

Q—Is the use of advertising posters a new idea? A—A 3,000-year-old poster made by an Egyptian was found among the remains of the city of Thebes. It tells about a reward offered for the return of a runaway slave.

Q—Do driving habits of automobile operators have any bearing on tire mileage? A—They are the most important factor in determining tire mileage.

Q—Do fingerprints change during one's lifetime? A—No.

What this country needs more than a working majority is a majority working.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

"I can't bear to watch that sort of bridge," said the old gentleman. It was obvious that he had been watching Generous George, so I walked over to the table and got the full hand from George.

West opened the jack of clubs, and George won with the king. He laid down the ace of hearts hopefully, and switched to a spade when he discovered that East had all the trumps.

East took the ace of spades at once (fortunately for him) and returned a club to South's ace. George now made the play that

BRIDGE HAND: NORTH: AKQJ5, 872, K65, 653. WEST: 87632, None, Q873, J1094. EAST: A109, 965, A109, Q872. SOUTH (D): 4, AKQJ1043, J42, AK. Both sides vul. South West North East: 2♥ Pass 2♠ Pass 3♥ Pass 3NT Pass 4♥ Pass Pass Pass. Opening lead—♠J.

drove the old gentleman muttering from the table. He led the three of hearts from his hand, allowing East to win a trick with the nine of hearts!

This was a weird play, considering the fact that George had 150 honors in trump. Nevertheless, it cinched the contract.

East returned the queen of clubs, and South ruffed high. He then led the four of hearts to dummy's eight, thus acquiring an entry to dummy. Now he could cash the king and queen of spades, discarding diamonds from his own hand.

George had given up a trump trick to enter the dummy, but he had obtained two spade tricks in exchange. Generous George is always willing to give up one trick in order to get two tricks for it.

If South had drawn trumps normally, the contract would then depend on winning a diamond trick. The diamonds happened to be badly placed, and George would have lost three diamonds—and his game contract.

CARD Sense

Q—The bidding has been: West North East South: 1♥art Double Pass. You, South, hold: Spades K-7-6-3, Hearts 8-4, Diamonds 5-3, Clubs J-8-2. What do you do? A—Bid one spade. The takeout double of one major suit guarantees support for the other major suit. Since you are sure of a spade fit, there is no advantage in showing your weak clubs. This is one case in which you prefer to respond in a four-card suit and to suppress the five-card suit.

TODAY'S QUESTION The bidding is the same as in the question just answered. You, South, hold: Spades 9-7-6-3, Hearts 8-4, Diamonds Q-3, Clubs K-Q-6-3-2. What do you do? Answer Tomorrow

Private-Public Sources Race To Meet Electric Power Needs

By PETER EDSON NEA Washington Correspondent

WASHINGTON—U. S. electric power consumption for the pre-Christmas week was expected to reach a new all-time peak of 7,750,000 kilowatt hours. Total for the year is expected to be more than 482,000,000 kwh.

This is another record, and there is every indication that consumption will continue to rise during 1952, 1953 and 1954.

But with the national defense effort making unprecedented demands for more and more electric power for manufacturing aluminum, magnesium, atomic energy and other defense materials production, the big question is: Will there be enough, on time?

About three-fourths of today's power is generated by private utilities, or railways and industrial producers for their own use. The other fourth is public power. They are in a sense competitive.

But a new and better relationship of public power policy towards private power seems to be in the making.

Oscar Chapman, secretary of the Interior, concedes that "the private power industry is doing a good job of expansion to meet defense needs. But if private power companies did even more expanding, it would cut down on the need for more public power."

Secretary Chapman has placed James T. Fairman in the Defense Electric Power Administration. Fairman is a vice president of New York Edison, an experienced utilities executive acceptable to the power industry.

"The Defense Electric Power Administration will not be used to penalize private power expansion in any way," says Secretary Chapman.

"Private power companies will get top priority on materials for their expansion programs."

Material Shortage Biggest obstacle to continuing both private and public power expansion to meet defense needs is the shortage of construction materials—steel, copper, aluminum, nickel and other alloys.

So great are these shortages that George M. Gadsby, president of Utah Power and of the Edison Electric Institute, concedes that in 1952 there may be a 25 per cent reduction in scheduled generating capacity expansion, with a 50 per cent cut in scheduled steam plant expansion.

The Federal Power Commission, after surveying requirements for the next three years, makes the flat statement:

"There is no place in the country today where a load of 200,000 kilowatts for an additional four-pole-line aluminum reduction plant could be placed before 1953, without displacing other industrial loads."

The way the situation shapes up to FPC, total power capacity required a year from now will be 85,000,000 kilowatts, with actual production capacity of only 84,500,000 kw. This would mean a shortage of 500,000 kw. In spite of more than 10,000,000 kw. new capacity scheduled to be brought into production in 1952.

For 1953, however, the picture will be better with requirements of 95,000,000 kw. and capacity of 96,700,000 kw. For 1954 the situation will be still better, with 101,000,000 kw. required and 105,000,000 kw. capacity. This is considered a minimum safe reserve.

These figures include public

Have a Laugh

By Boyce House

Of a ruthless city editor of New York, it was said, "If he is ever found murdered under mysterious circumstances, there will be 40 logical suspects." (There were 40 reporters working under him.)

Notre Dame has been defined as a large stadium with a college attached.

In Bogliasco, Italy, bread is baked in the shapes of fish, birds, and snakes, instead of the regular elongated loaves.

When at 11:30 Gus came over to her and announced that it was time for the mixed reaction. There was release in departure, but there was also an ending. Jenett dreaded endings.

The others knotted in the doorway, tag-ended earlier conversations. Only Jenett and Peter Surinov were disengaged from the group. They stood together, looking away from each other, unable to think of anything more to say.

"Where ever did you learn Russian?" Jenett brought up. "Oh, from my folks," Peter told her. "They were both born there. They came over here in their teens. They used to sing these songs to me when I was a kid."

"How nice to have been sung to! I thought that only happened in the movies."

To save Gus further exertion, Jenett took the wheel. He sat beside her with his head resting on the seat.

"Well, that wasn't too bad, was it?" he asked.

"It was kind of hard going on the ladies' side till the Surinov man broke into song," Jenett said. Gus laughed. "We're a dull lot, we doctors," he said. "But I'm fond of the Pelletiers."

"So am I," Jenett said. "They're really dear—both of them." She glanced at her husband, saw that his eyes were closed. "Tired, Gus?"

"A little. But I keep my eyes closed so I don't try to drive for you."

The air rushed, noisy as surf, past her ear. She slowed down. "Gus?"

"Up."

"I think I will take a volunteer job at the hospital. I feel like a dreadful parasite."

(To Be Continued)

Dr. Logan's Wife

By Diana Gaines

THE STORY: Jenett Logan's experience with "doctor's parties" has been herodotus, until she and her husband, Dr. Gus Logan, go to the home of Dr. and Mrs. Walter Pelletier. There she meets a charming young biophysicist, Peter Surinov, engaged in research in atomic medicine at Angell's hospital. When Jenett is asked by Peter what interests she had, Jenett suddenly realizes that she has none. She is Dr. Logan's wife, that is all. She has no children, no hobbies, her work is done by her servant. She is not even sure that she loves her husband. Is anything beyond love of security, she tells Peter: "I pat."

around the room, from left to right, female to male. With ungrudging obedience to rule, indeed with an eagerness to conform, she took a seat beside the most bosomy of the silk-printed ladies, and to their views on charcoal-broiled meats she opened her face like a flower to the early sun.

Stella Pelletier bore down purposefully upon the other camp. "Really, we ladies are beginning to feel sadly neglected. All this shop talk, Peter, wouldn't you sing some of your wonderful spy ballads for us?"

Peter Surinov began to untangle his long legs. He stood up, moved to the mantel for support. "I—well, sure, I'd be glad to, but I haven't got my guitar."

Stella Pelletier smiled. "Now, Peter, I'm not going to let you out of it that easily. There's a ukulele in Dick's room. I'll get it. You can be going me-me-me."

To Jenett's surprise, Peter Surinov accepted the ukulele from his hostess with an unblinking gravity by no means reluctant. He sat down with it on the floor, cross-legged, backed by the newspaper fan which hid the hearth's cavity, and he began to strum. His body began to sway a little, and Jenett tensed with embarrassment for him. But as the first few bars fell impersonally from his lips, she realized that the performance was not going to lack dignity and her shoulders sagged in relief.

He sang in Russian in a voice that had body without volume. Jenett looked at him. "I've never painted in my life," she said. Jenett's delight as they entered the living room was an elastic cocoon in which there was room for everyone. She smiled all

When Dread Polio Strikes, March Of Dimes Moves In

All the young people pictured here have one thing in common—they were struck down by the dread disease, poliomyelitis. No one ever knows where, or whom, poliomyelitis will strike next. But, you can be fairly sure when it does strike that help is needed in the long and expensive treatment required to restore the victim to health. That's where the March of Dimes, sponsored by the National Foundation for Infantile Paralysis, comes in. Four out of five poliomyelitis victims in the United States this year will be aided by March of Dimes funds. January is the month when the Foundation asks each of us to join personally in the March of Dimes.

Little Jerold Dyane Gillespie of Casa Grande, Ariz., was only eight months old when he was stricken with poliomyelitis in his right leg and foot. March of Dimes funds helped provide his care and he came through the ordeal with a great, big smile. At hospital in Tucson, attendants described him as "lovable—cute as a burr."

Grace Layton, 19, of Valley City, N. D., is determined to be a dress designer despite poliomyelitis. Crippled in her hands and arms, Grace, after six months in an iron lung, learned to draw with her mouth.

Downed by polio at four months, Delbert Ray Dains, age 2½, of Gooding, Ida., has learned to walk with "sticks" and braces. The March of Dimes has spent \$6,500 in getting him this far back to health.

A two-year-old boy can have plenty of fun with his toys even though his legs are held wide apart by stiff braces. Little David Harris of Little Rock, Ark., keeps so happy with his boats and cars he's forgotten, for the moment, his tough bout with polio. March of Dimes funds have helped David and his mother, who was stricken with polio on the same day as he. It is to help people like David that the March of Dimes is making its annual appeal.

Psychiatrists Will Examine Teen-Ager Who Strangled Baby

LOS ANGELES —(AP)—A 16-year-old bobby soxer who strangled a little girl left in her care will be examined by three psychiatrists. After they report their findings January 16, the court will decide whether the girl, Delora Mae Campbell, is to be treated as a juvenile or tried as an adult.

Dr. Marcus Crahan, county jail physician, examined the baby slayer Thursday and told Superior Judge William B. McKesson she is courteous, cooperative and sane, but was motivated by an "irresistible impulse" when she choked to death six-year-old Donna Joyce Isbell with a man's sock last Sunday.

Dr. Crahan's report said Delora Mae has a "burning resentment against her mother... without a knowledgeable basis, but apparently she and her father, (Clem Campbell, 44, of Fort Lupton, Colo.) are very friendly."

The father flew here to help her, but she showed little response. She has been living in suburban Lakewood Plaza with an aunt because of difficulties with relatives in Colorado.

The court ordered Delora Mae transferred from Juvenile Hall to the county jail "for her own protection." Judge McKesson said he wanted her kept in segregation in the jail to spare her any injury or embarrassment.

RETURN TO COLLEGE

Mary Sue Adams, daughter of Mr. and Mrs. C. A. Loch, returned to North Texas State College in Denton Wednesday after spending the holidays with her parents.

Mother Of 11 Faces Murder Charge In Husband's Slaying

JONESBORO, ARK. —(AP)—A small, 32-year-old farm mother of 11 children has been charged with first degree murder in the slaying of her husband who, she told authorities, beat her over a 10-year period and threatened to kill her.

Also charged with Mrs. Velma Ardner is her oldest child, 14-year-old Claude, Jr.

"The first degree murder charge against the son was only a technicality," Deputy Prosecutor Bill Penix said Thursday night. It was filed against the youth, Penix added, because he reloaded the .22 caliber rifle from which his mother fired two shots into her husband's head while he slept early Wednesday.

The husband, Claude (Jack), was 59. When the East Arkansas farm woman surrendered to authorities Wednesday, she sobbed out a story of brutal mistreatment against her and her children.

Almost daily for the last 10 years, she related, her husband had beaten her and the children, and New Year's night had called in their four oldest and told them he planned to kill their mother to "get her out of the way."

Admits Shooting / Sheriff's Deputy Ode Cantrell of Craighead County said the slight, frightened mother, who is expecting another child, admitted she pumped two rifle bullets into Ardner at their home at nearby Cash.

At the county jail here, where she was lodged before she and Claude were released on bond, Mrs. Ardner told Managing Editor Gene Smith of the Jonesboro Sun of the events that led immediately to the shooting. On New Year's Day, she related,

Wife Of Murdered Negro Leader Dies Of Bomb Injuries

SANFORD, FLA. —(AP)—The wife of Harry T. Moore, negro leader killed when his home was bombed Christmas night, died of a blood clot late Thursday, probably because she left her hospital bed to view her husband's body before he was buried.

Dr. George H. Strake said Mrs. Moore, 49, had been improving steadily from injuries suffered in the bombing until she left the hospital against his advice to see Moore's body in a funeral home here.

Moore, 46-year-old Florida secretary of the National Association for the Advancement of Colored People, was interred New Year's Day in a cemetery near his bombed home in Mims.

Mrs. Moore died without making a statement about the bombing. Both she and her husband were school teachers.

Federal, state and county investigations of the bombing still are in progress, but no report has been made.

Warren May Enter GOP Primaries In Wisconsin, Oregon

SACRAMENTO, CALIF. —(AP)—Some of Gov. Earl Warren's supporters say he will enter the Wisconsin primary election to broaden his campaign for the Republican presidential nomination.

It's purely a guess. Warren has given no hint. However, he is known to be considering entering the Wisconsin primary April 1—two months ahead of California's, on June 3.

The governor also has been urged to go on the Oregon ballot May 17. Warren backers point out:

Wisconsin would give Warren a national showcase as a presidential candidate. There, if it came to a showdown, he'd have a good chance of beating Senator Taft (R-Ohio) or Harold Stassen, former governor of Minnesota.

The dangers are obvious: A defeat would tarnish Warren's record before the national convention in July. By keeping away from other states, he still would command California's 70 votes as a healthy starter.

Rayburn Will Fete Seventieth Birthday At Bonham Sunday

BONHAM —(AP)—Speaker of the House Sam Rayburn will spend his seventieth birthday Sunday at his farm home.

Rayburn said he would spend the day with his family, before leaving that night for Washington, where Congress will reconvene on January 8.

"We are just going to sit around and talk," he said.

Members of his family present at the birthday celebration will be Miss Lou Rayburn, his sister; Mrs. W. A. Thomas of Dallas, another sister, and two brothers, Dick and Tom Rayburn, Fannin County farmers.

now on display

PLYMOUTH Division of CHRYSLER CORPORATION, Detroit 31, Michigan

Permian Basin Oil And Gas Log—

(Continued From Page One)
Nolan County, has been completed for a 24-hour potential of 248 barrels of oil.
Flow was through a one-quarter inch choke. There was no water. Tubing pressure was 615 pounds.
Production is coming from perforations between 5,444 feet and 5,457 feet. Plugged back depth is 5,743 feet.
No. 1-A Hanks is the second producer from the Straw in the Hylton field. The Straw was topped at 5,518 feet, 2,945 feet below sea level.
Location of the new oil is 1,980 feet from north and west lines of section 28, block Z, T&P survey and seven miles north of Blackwell. The box size:

NE Fisher Wildcat Has Started Digging

R. H. K. Drilling Company of Abilene, and associates, No. 1 McBeth is to be a 6,000-foot wildcat in Northeast Fisher County.
The prospector has sprung and set surface casing. As soon as the weather moderates operators will drill plug and start making new hole.
Location is 467 feet from north and east lines of section 119, block 2, H&T survey. That puts it ap-

Four Corner Area Extender Is Finished In NW Reagan Area

Indian Royalty Company No. 1 Powell Roberts has been completed as a one and one-half-mile south extension to production in the Four Corners area of Northwest Reagan County.
The new Spraberry oiler was finished for a daily flowing potential of 417 barrels of oil through a one-half-inch tubing choke and from open hole at 6,709-6,991 feet. Gas-oil ratio was 846-1 and tubing pressure was 150 pounds. Open hole was fractured with 4,500 gallons of solution.
Location is 542 feet from north and 660 feet from west lines of section 36, block 37, T-5-S, T&P survey.

Sinclair Finals Another New Well In W-C Upton Pool

Sinclair Oil & Gas Company No. 4 R. S. Windham, has been completed as another producer in the Wilshire-Ellenburger field of West-Central Upton County, 18 miles northwest of Rankin.
Operator reported a daily flowing potential of 2,614 barrels of 32.8-gravity oil through open two-inch tubing and from perforations in

seven-inch casing at 12,315-415 feet. Completion was natural. Gas-oil ratio was 787-1 and tubing pressure was 325 pounds. Casing pressure was zero.
Total depth is 12,434 feet. Casing was cemented at 12,433 feet.
Location is 1,964 feet from north and 660 feet from east lines of section 126, block D, CCSD&RONG survey.

Dickens Explorer Is Drilling Deeper

Placid Oil Company No. 1 J. J. Emery, Jr., et al, wildcat in Southwest Dickens County is drilling below 7,624 feet in lime and shale after taking a one hour drillstem test from 7,095 to 7,125 feet.
Recovery was 90 feet of salt water and 90 feet of salty mud.
Drillite is 660 feet from north and east lines of section 262, block 1, H&ON survey, and one and one-half miles northeast of Spur.

Four Wildcats In WT Area Plugged

Four West Texas wildcats have been plugged and abandoned.
Spartan Drilling Company, et al No. 1 William Stevens, wildcat in Northwest Runnels County, seven miles west of Winters has been plugged at 5,133 feet.
The failure was 2,650 feet from north and 6,200 feet from west lines of block 442, J. L. Lynch survey. It was two mile northwest of the West Winters Canyon pool.
In Northeast Reagan County, Stanolind Oil & Gas Company has quit its No. 1 G. E. Roach at 6,743 feet in the lower Spraberry.
The wildcat was 660 feet from

north and east lines of section 190, block 2, T&P survey.
General Crude Oil Company has plugged and abandoned its No. 1 Elmer Jordan, Southeast Nolan County wildcat.
Operator drilled to a total depth of 6,607 feet.
North Of Blackwell
Location for No. 1 Jordan was 660 feet from north and east lines of section 34, block Z, T&P survey. That makes it six miles north of Blackwell.
Bouchard & Callihan Rotary Company No. 1-A Ben Nitsch, estate, venture in Runnels County has been abandoned at total depth of 4,670 feet.
It was 330 feet from south and west lines of the 63-acre lease in the most northern portion of D. Floyd survey No. 818, and one-eighth of a mile northwest of the town of Winters.

Ellenburger Quit In Midland Tester

Operator is waiting for cement to harden after squeezing off perforations in casing opposite the Ellenburger in The Blackwood & Nichols Company No. 1 Moses, wildcat in Central-North Midland County.
After falling to develop oil through perforations at 12,958-13,008 feet in the top of the Ellenburger, operator squeezed off the set.
Plans are to set a bridging plug at 12,600 feet and perforate from 12,535 to 12,572 feet opposite the Fusselman and test. Slight shows of oil and gas were logged on a drillstem test in that section.
Location is 660 feet from north and west lines of section 9, block X, H. P. Hilliard survey.

Ellenburger Wildcat Spotted In Borden

Crown Central Petroleum Corporation has spotted an 8,500-foot Ellenburger wildcat in Northeast Borden County as its No. 1 Joe B. York, et al.
Location is 660 feet from north and east lines of section 280, block 97, H&T survey.
That makes it four miles southeast of the Myrtle-Canyon reef lime field and 14 miles east of Gafl.

N-C Nolan Project Plugged, Abandoned

Union Oil Company of California has plugged and abandoned its No. 4 Bob Campbell estate on the southwest side of the Lake Trammel-Canyon field in North-Central Nolan County, at 5,385 feet.

There was only three feet of sand logged in this project compared with from 50 to 75 feet in other tests in the area.
No. 4 Campbell was located 915 feet from north and 2,180 feet from east lines of section 14, block X, T&P survey. That made it 1,192 feet from northwest of Union No. 3 Campbell, one location west extension to the field.

SE Runnels Gets New Prospector

Twin Oil Corporation and others of Dallas staked location for a 3,900-foot wildcat in Southeast Runnels County as their No. 1 J. W. Barr.
Location will be 16,000 feet from north and 660 feet from east lines of the R. M. Williamson survey No. 231. That puts it 11 miles northeast of Bainger.

NE Gaines Wildcat Plugged, Abandoned

Stanolind Oil & Gas Company No. 1-A P. B. Northrup, wildcat in Northeast Gaines County, has been plugged and abandoned in the Pennsylvanian reef lime on total depth of 9,002 feet.
A one-hour drillstem test from 8,999 to 9,002 feet developed 200 feet of slightly salt water-cut mud and 1,820 feet of salt water on recovery.
Location was two miles south of the Adair-multipay area and the same distance northwest of the Cedar Lake field.
Exact location was 660 feet from north and east lines of the southeast quarter of section 37, block H, D&W survey and 16 miles southeast of Seagraves.

ADMITTED TO HOSPITAL

Mrs. Lerie Smith, 506 East California Street, Thursday entered Midland Memorial Hospital as a medical patient.

The average human adult requires more than one ton of water in a year.

(NEA Telephoto)
ON TRIAL—Denis W. Delaney, ex-collector of Internal Revenue, second from left, walks down corridor of the Federal Building in Boston, Mass., before entering the courtroom where he went on trial on charges of taking \$12,000 in bribes and making false certificates. With Delaney are his lawyers and a nephew.

Defense Witness In Tax Collector's Trial Admits Signing False Affidavit

BOSTON —(P)— The government's first witness in its bribery trial of deposed Massachusetts Collector of Internal Revenue Denis W. Delaney blundered nervously Friday as he re-admitted he knew he was lying when he signed an affidavit already introduced as evidence by the prosecution.
Under prodding by Defense Attorney C. Keefe Hurley, Daniel Friedman, who claims insurance as his business, insisted he was interested in saving Delaney when he signed the document.
The affidavit purported to show Friedman's Estate Research Bureau of New York paid Delaney \$10,000—half of the fees it received through contacts made by Delaney—for advice on housing projects.
Friedman Thursday, in response to direct examination, testified he never received any such advice or information from the accused.
Following up Friedman's claim he was interested in protecting Delaney, Hurley asked: "Were you just a little bit interested in your own well-being?"
"Yes, I am interested in my own well-being," Friedman replied.
The 55-year-old Delaney, who rose from a WPA laborer to head that agency in Massachusetts in 1934, is the first tax official of his rank brought to trial in a nationwide investigation of the scandal-ridden Internal Revenue Bureau.
Delaney is charged with accepting \$12,500 in bribes to influence his official decision in tax matters and with certifying falsely that tax liens of \$180,000 had been paid in full "when he well knew that this was not so."
Thursday, Friedman explained his organization had a life insurance system under which policies could be charged off gross incomes.
Friedman testified during almost four hours on the witness stand that he told Delaney the latter would receive half of the fees realized through any business obtained through contacts furnished by Delaney.
He identified checks totaling \$20,000 which he said were obtained as such fees. Then Friedman identified \$10,000 in cancelled checks which he said he turned over to Delaney.
But at no time during Friedman's testimony did he mention selling any insurance to the clients who paid the fees, all of whom were in tax arrears.
Delaney's counsel, C. Keefe Hurley, brought out the admission of perjury after Friedman identified a photostatic copy of an affidavit

Fort Eustis Is Turning Landlubbers Into Gobs

AP Newfeatures
FORT EUSTIS, Va.—This Army post is turning GI's into gobs.
"And they show an astounding aptitude for nautical duty," says Maj. Ulysses P. Hedrick, of Geneva, N. Y., commanding officer of the 449th Harbor Craft and Marine Maintenance Battalion. "In 90 days they like the water better than the land. They'll probably be sailors the rest of their lives."
Hedrick said a Minnesota farm boy drafted in March likes his new job so well he has filed an application with an oil company for a berth on a tanker after his Army discharge.
All Army Ships
The Army Transportation Corps, which is up to its neck in the rail and truck transportation business, is now devoting a sizeable area of this sprawling center to the training of soldiers for its water transportation system. It is the only activity of its kind in the United States.
Here on the James river, officer and enlisted personnel learn to operate the Army's freight and supply ships, tugs, landing craft, fireboats, barges, floating machine shops and T-boats, which haul personnel and package freight. Some men are trained to be divers, others to operate

Congratulations To:

- Mr. and Mrs. H. H. Crouch, 1111 Midkiff Drive, on the birth Tuesday of a son, Ivan Ray, weighing eight pounds, 10 ounces.
- Mr. and Mrs. K. H. Hopson, Route 2, on the birth Thursday of a daughter, Beverly Ann, weighing seven pounds, four ounces.
- Mr. and Mrs. R. C. Jones, 307 South Terrell Street, on the birth Friday of a son, Ronald Gene, weighing even pounds, five ounces.
- Mr. and Mrs. R. L. Barker, 805 North Weatherford Street, on the birth Thursday of a son, Raymond Lewis, Jr., weighing seven pounds, one ounce.
- Mr. and Mrs. H. L. Hays, Route 2, on the birth Friday of a daughter, weighing four pounds, 12 ounces.

ate marine railways. Many were trained to be stevedores.
Soldiers who come to Fort Eustis for specialized training in land or water, transportation have their basic training elsewhere.
Sea Dogs Among Them
Many of Hedrick's trainees are former Navy men or Merchant Marines. He says about 40 per cent have served in the Merchant Marine and 15 per cent in the Navy. Many have been stevedores.
Hedrick and his staff teach a soldier to become a deckhand in six weeks. Training of deck personnel requires six months and includes instruction in subjects ranging from elementary piloting to celestial navigation. A man learns to be a small boat skipper in 60 days.
The Transportation Corps sends ships to New York, New Orleans, Philadelphia and the Great Lakes for the training of organized reserve units in ship handling and in stevedoring.
The waterfront training area at Fort Eustis is designated "The Third Port." It boasts some 50 self-propelled vessels.

The dodo bird, a large flightless pigeon that used to live on the island of Mauritius in the Indian Ocean, became extinct during the 17th century.

Allied Infantrymen Again Drive Chinese Off Christmas Hill

SEOUL.—(AP)—Allied infantrymen stormed through heavy mortar and small arms fire Friday and recaptured prized Christmas Hill on the East-Central Korean battle front. Communist troops had attacked and won the hill after dark. The assault touched off a see-saw fight that lasted throughout most of the night. The peak had changed hands repeatedly since Chinese troops seized it on Christmas Day. The hill is west of Munding Valley. Along the rest of the 145-mile battle front, patrols of both sides probed and fought minor skirmishes. The weather was milder after a week of bitter cold. The slightly clearing skies brought out Allied airmen in a limited number of flights. The Fifth Air Force flew 79 sorties against Communist supply lines and front positions Thursday and Thursday night. The Christmas Hill assault began at 7:35 p.m. Thursday, when about 40 Communist troops attacked and cut off two Allied squads. Allied troops counterattacked after midnight against intense mortar and small arms fire. The Reds had built up their forces. Communist troops drove back the Allied force. Just before dawn, the UN Command troops attacked again and won the hill.

Nation Shakes Off Paralyzing Effects Of Snow, Ice, Cold

By The Associated Press The Rocky Mountain area began shaking off the effects of a five-day seige of snow and sub-zero temperatures but icy weather still gripped some sections of the nation. In Southwestern Colorado, snowdrifts were 30 feet high in spots. Highway crews fought their way through the drifts to rescue 14 persons from shelter houses on snowbound Wolf Creek Pass. Ice-glazed roads slowed travel and disrupted communications in parts of Texas, Missouri, Illinois, Kansas, Oklahoma and New Mexico. In Southeast Missouri, ice practically paralyzed some counties. The ice storm knocked out long distance telephone service in approximately 20 towns. Some electric power lines also were down.

Ice Grip—

(Continued From Page One) early Friday over almost the entire area east and south of a line between Junction, Mineral Wells and Wichita Falls. Skies were clear in West Texas. In two days, the storm resulted in six deaths, disrupted hundreds of long distance telephone circuits and almost isolated whole communities. Floydada, northeast of Lubbock, was reported completely isolated for several hours. Fog and drizzle closed many airports. Brownsville International Airport was closed Thursday and conditions had not improved Friday. Schools closed down Thursday at Plainview, Pampa and Big Spring. Texas Tech at Lubbock excused students who had to travel ice-coated roads to get to classes. Accidents Numerous Accidents in the ice area Thursday became numerous. Several buses were involved in mishaps. A northbound Texas, New Mexico and Oklahoma bus carrying 34 persons spun on icy pavement and overturned near Seminole. Mrs. Minnie Mae Stewart, 53, Paducah, suffered a broken pelvis. A Greyhound bus carrying 27 passengers almost capsized on highway 80, near Sweetwater. The heavy vehicle skidded and hit a parked car—but no one was injured. A truck carrying 32 negroes turned over three miles west of Roscoe, injuring three slightly. Two persons were in critical condition following a two-car crash 12 miles south of Sweetwater Wednesday. A Blackwell High School girl, Janie Jannell Herron, 17, was killed in the smashup. W. V. Stephenson, Blackwell public school superintendent who was driving a car loaded with students, received two broken hips and head injuries. Anna Bell Hurt, student, received a broken thigh and head injuries. Lloyd Franklin Johnson, 37, of Canyon was crushed fatally between two cars Thursday. Johnson had climbed out of a car to scrape ice off the windshield when another car skidded into him. Buddy Daniels, 55, Norton druggist, died in Ballinger of injuries received when his car skidded on a bridge near Ballinger Wednesday.

Kefauver Will Run, Says Drew Pearson

By DREW PEARSON WASHINGTON.—(AP)—Senator Estes Kefauver of Tennessee definitely plans to announce his candidacy for the Democratic nomination early next week—whether President Truman runs or not. The announcement will follow a private meeting in Washington with close advisers. One important decision to be made at this meeting will be the selection of a campaign manager. Ex-Congressman John Carroll of Denver and Congressman Wayne Hays of Ohio are among those being urged on the crime-busting senator. Kefauver tells intimates that, in the event of his nomination, it will be entirely up to the convention to select the vice presidential running mate. However, he is being urged to accept a prominent Midwest Democrat leader such as Gov. Frank Lausche of Ohio, Gov. Adlai Stevenson of Illinois, or Gov. Mencken Williams of Michigan. (Copyright, 1952, By The Bell Syndicate, Inc.)

Dulles Offers Doctrine To Ward Off Red Aggression

By JOHN FOSTER DULLES (Distributed by NEA Service)

Can we stop Russian imperialism? The answer is, of course we can. We must, in all honesty, admit that we are up against one of the most complicated tasks the world has ever known. First the Red Army. That is a grave threat. But if we think only of that, we shall find that communism is surging from the underground to seize power, as has already happened in nearly a score of countries. But if we think only of the revolutionary threat of the Communist Party, we may find other and bigger Korea, where the weapon is open armed attack. If we concentrate on Western Europe there will be happenings in Asia which will make us recall Stalin's slogan that Asia is "the road to victory over the West." But we dare not concentrate on Asia, for Soviet strategy can shift its efforts to whatever be the exposed areas. Take the element of timing. We cannot assume that the climax of danger will be in 1952 or 1954 or some other date that we predetermine, for the Russian despotism of today operates on a flexible long-range basis and has itself no yearly dates to meet. Routine methods will never turn back a threat of such variety, of such scope and of such sustained suspense.

nowhere and bankruptcy everywhere. At various places around the Soviet orbit, as in Western Europe, it is possible to create useful military strength and everywhere there should be enough strength to resist indirect aggression. But to attempt generally a policy of military containment along 25,000 miles, with the Russians having both an immense force and interior lines, would, I suppose, be impractical as a military matter, and surely it is impractical as an economic matter. Take next the threat of indirect aggression. In every country of the world, the Soviet Communist Party has its local affiliates trying to magnify discontent by means of political strikes, sabotage and propaganda and when the moment is judged opportune, they try to seize power by a political coup or launch a civil war. When the danger is acute, there is usually an emergency call for more United Nations economic aid. There are some special occasions when this is the right answer. But the United States cannot, by grants-in-aid, undertake permanently to raise the living standard of the thousands of millions throughout the world whom Communism seeks to exploit. The area of freedom is already seriously shrunken through the capture by Russian imperialism of over one-third of the people and resources of the world. No more can be subtracted without endangering the happiness and security of the rest.

Take South America. President Monroe said in 1823 that it would be dangerous to our peace, safety and happiness if European despotism was extended to this hemisphere and surely that is no less true now than then. The same can now be said of other areas whose cultures and religions differ from our own, but whose people contribute authentically and indispensably to a total world of freedom. Even in economic terms we are interdependent. Take Africa. Its resources are a mainstay of Western Europe's economy and Africa contains the only known rich deposits of uranium, which assure us, rather than Russia, atomic supremacy. We can go from area to area, seeing how each part of the remaining free world is vital to the rest. The Soviet policy is advanced that we shall have to find more than a national, or hemispheric or Atlantic defense. If we turn to the duration of our dedication, we see that the Soviet imperialism of today has set aside "an entire historical era" for the struggle. Stalin has taught his followers: "The object of this strategy is to gain time in order later to assume the offensive."

that that punishing power will never itself be an offensive threat or strike except in retaliation, for open, unprovoked aggression. That philosophy of reliance on the deterrent of striking power was indeed basic to the North Atlantic Treaty, as Senator Vandenberg eloquently expounded in the Senate debate. Community punishing power is what every civilized community relies on for the security of its residents. We do not post armed guards, for 24 hours a day, in every home and store. No community could afford that. Today each of the free nations exposed to Red Army attack is like a householder who feels insecure unless he has, within his own home, enough visible strength to resist possible robbery. That is the kind of protection upon which nations have been in the habit of relying, because the society of nations has been primitive and unorganized. But the very magnitude of the Soviet threat now forces us to develop a modern type of protection. Without Realization The probability is indeed, that for the last five years we have actually had that kind of protection, without fully realizing it. During this time, so far as local resistance was concerned, they could have picked up their two more coveted prizes, Germany and Japan. Something held them back. The most reasonable explanation is that the rules of Russia knew that if they indulged in this open aggression in any area of vital concern to the United States or which by treaty we were bound to defend, their sources and means of power in Russia would have been visited with incredible destruction. Thus, the free world has, I believe, been getting the security of deterrent striking power. So long as the Red Armies remain internationally unlimited, unopposed and uncontrolled and at the service of a group that proclaims its goal of world conquest, there is need to develop, consciously, dependence on punishing power as the means of community defense against direct aggression. It is the only method which meets the test of being efficacious throughout the entire 25,000-mile line of possible Russian attack. It is the only method of doing so at a cost which can be sustained over the years. As such it is more eloquent than any words in persuading the Russian leaders that they have come to the end of the road of aggression and should accept limitation of armament.

Take the element of timing. We cannot assume that the climax of danger will be in 1952 or 1954 or some other date that we predetermine, for the Russian despotism of today operates on a flexible long-range basis and has itself no yearly dates to meet. Routine methods will never turn back a threat of such variety, of such scope and of such sustained suspense. The Red Army is regularly maintained at about three million men, about 300 divisions, with ample numbers of planes, tanks or artillery. It is poised in a central area, with interior lines. It could strike suddenly, with massive power, east, south or west at any chosen point along the 25,000-mile boundary which runs from the Arctic, near Alaska, down by Japan, through East Asia and South Asia, along the Middle East to Turkey, Greece, Yugoslavia, and then up along Western Europe and Scandinavia to near its Arctic place of beginning. Old Fashioned Way How do we meet that? The old-fashioned way would be to try to build enough military strength in each country to check on the spot, any armed attack which the Russian rulers might launch. That is the instinctive wish of the people who want to be defended, not liberated. They are quite right to want this, for if the Red scourge once gets in, there will not be much left worth liberating! But I am afraid they may be wrong about how to get defense. Let us see what local defense would mean. A major attack could be launched against any one of 20 countries I could name. Must the free world have in that country enough military strength to hold off a full-scale Russian offensive? But how about the other 19? How about Scandinavia, West Germany, the Lowlands, France, Yugoslavia, Greece, Turkey, the Arab states, Iran, Pakistan, India, Burma, Indo-China, South Korea, Japan and Alaska? Must there be in each of the countries enough strength to hold off such an offensive? Even to attempt that would involve a crushing economic burden which would create inflation and depress living standards everywhere and so weaken the economic structure of the free nations that most of them would be easily captured by indirect, political aggression. The free world would have real strength

Take Africa. Its resources are a mainstay of Western Europe's economy and Africa contains the only known rich deposits of uranium, which assure us, rather than Russia, atomic supremacy. We can go from area to area, seeing how each part of the remaining free world is vital to the rest. The Soviet policy is advanced that we shall have to find more than a national, or hemispheric or Atlantic defense. If we turn to the duration of our dedication, we see that the Soviet imperialism of today has set aside "an entire historical era" for the struggle. Stalin has taught his followers: "The object of this strategy is to gain time in order later to assume the offensive."

that that punishing power will never itself be an offensive threat or strike except in retaliation, for open, unprovoked aggression. That philosophy of reliance on the deterrent of striking power was indeed basic to the North Atlantic Treaty, as Senator Vandenberg eloquently expounded in the Senate debate. Community punishing power is what every civilized community relies on for the security of its residents. We do not post armed guards, for 24 hours a day, in every home and store. Casualties in Korea

WASHINGTON.—Four Texans are named in Korean casualty list No. 472, released Thursday night by the Defense Department. Killed in action, Navy: Ens. Glen A. Riley, Corpus Christi. Wounded, Army: Pfc. Stanly A. Knight, Grapevine; Pfc. Claude L. Morgan, Jr. Newsum; Pfc. Leroy Townson, Dallas.

Bombs Are Left At Non-Strikers' Homes.

FORT WORTH.—(AP)—Two crude fire bombs were found Friday on porches of non-striking employees of the Pangburn Candy Company. The bombs were found at the homes of Mrs. W. L. Swink, an employe for five years, and Mrs. E. A. Owens and Mrs. Lydia Hillborn, both four-year employes. A hole was burned in the front porch of Mrs. Swink's home. The other bomb caused no damage. Employees and the company have been involved in a labor dispute for six weeks. Modern sealing wax contains shellac, Venice turpentine, and vermilion, but no wax.

Abdullah, Samia Enroute To U. S. A.

CAIRO, EGYPT.—(AP)—Texas oil heir Sheppard (Abdullah) King and his Egyptian dancer bride, Samia Gamal, left Cairo Friday by plane for the United States. Samia has some dancing engagements in the United States. King became a Moslem and took the name of Abdullah in order to marry Samia.

Dope Racket—

(Continued From Page One) that the bulk of the weed came up from Mexico via Corpus Christi, agents said. The new narcotic agent gained the confidence of the Dallas underworld, posing as an underworld character himself. Roundup of persons charged as peddlers began in Dallas about noon Thursday and continued as the first of the persons arrested were arraigned before Commissioner Hill Friday. Complete secrecy marked the entire development of the case from beginning to end.

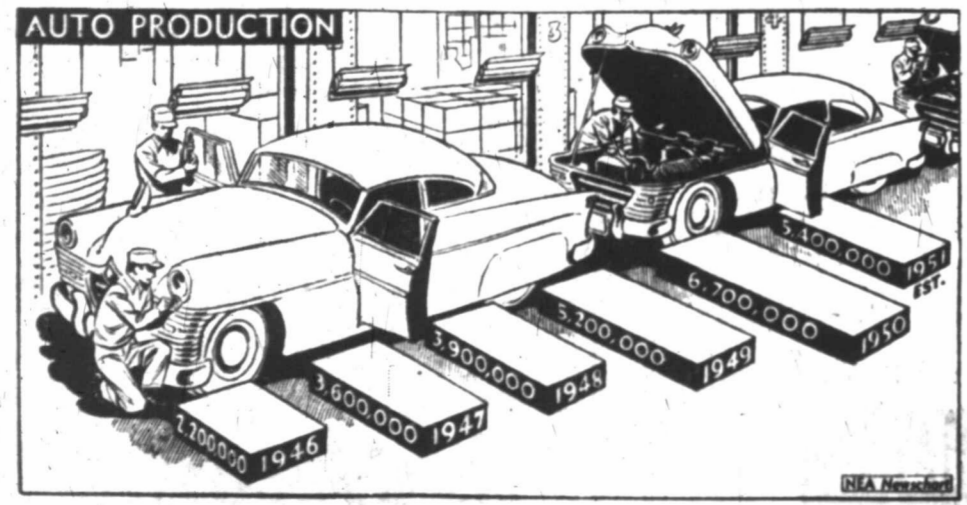

W. E. Everett, Martin County Farmer, Dies

STANTON.—William Clarence Everett, 47, a prominent Martin County farmer, died enroute to a Stanton hospital Thursday night after he was stricken by illness. Funeral services will be held at 2 p.m. Saturday in the First Baptist Church at Big Spring, with the Rev. Charles Carter, pastor of the Lakeview Baptist Church, officiating. Interment will be in the Big Spring Cemetery, where a Masonic service will be conducted. The Arrington Funeral home is in charge of arrangements here. Everett was a member of the Baptist Church and the Masonic Lodge. He came to Martin County in 1945. Survivors include the widow; a daughter, Billie Pat; the mother and step-father, Mr. and Mrs. J. T. Armstrong of Stanton, and three sisters, including Mrs. Claude Simms of Stanton.

FORD GETS PRICE HIKES

WASHINGTON.—(AP)—The government Friday approved higher price ceilings on all Ford Motor Company passenger cars—4.97 per cent on Fords, 3.45 per cent on Mercury models and 5.19 per cent on Lincolns.

FEEL AWFUL?
DUE TO COLD MISERIES gives fast symptomatic relief
666 RELIEF

The year 1951 was the second biggest for the auto industry, despite material shortages and cutbacks for defense production. The industry in 1951 turned out nearly 5,400,000 units, compared with 1950's record high of 6,700,000. Newchart above shows yearly output since end of World War II. With tighter government restrictions, it is expected that only 4,000,000 autos will be turned out in 1952.

About 65,000,000 acres that used to produce feed for almost 27,000,000 horses and mules have been released from this production by the coming of farm machinery.

These Merchants of Midland SALUTE

Master Terry Wayne Armstrong

Midland County's first white baby of 1952 is MASTER TERRY WAYNE ARMSTRONG, weight eight pounds, four ounces, according to a statement from his doctor, Dr. W. S. Parks, Jr., verifying the exact time of his arrival. The certificate was furnished The Reporter-Telegram in accordance with the rules of the event.

To Master Terry Wayne and his parents, Mr. and Mrs. James Armstrong, go the many useful and attractive gifts contributed by Midland merchants listed in advertisements on these pages. Terry Wayne was born at 1:13 a.m. Tuesday, January 1, 1952, in the Midland Memorial Hospital in Midland. His parents' address is 309 West Hamby Street, Midland.

Our congratulations to Terry Wayne and his parents.

The parents of Terry Wayne will receive free one year's subscription to The Reporter-Telegram.

DADDY RINGTAIL

Daddy Ringtail And Train Whistle

Daddy Ringtail, your monkey friend, was down on the ground by the Elephant Path, feeding his chickens their chicken feed. The chickens clucked and scratched at the ground while they ate, all in

the way that chickens like to do. At last the chickens were through. They clucked a few contented clucks, and one of them scratched in the dirt and clucked once more to make folks think she had found

another bite to eat. But nobody paid any attention. Everyone knew that this particular chicken was one who liked to play tricks. The rooster flapped his wings and crowed, and then everyone went

into the chickenhouse, and flapped onto the rooster to go to sleep. Daddy Ringtail watched them do it, and then he thought how happy he was that he was not a chicken. He never would have liked to scratch in the ground for chicken feed to eat. He never would have liked to flap himself up onto a rooster, he was very sure. What a happy thing that he was not a chicken.

"Cut-cut-cut-cudaw!" said the rooster of a sudden. He was clucking a warning, it seemed.

"Who's in there with my chickens?" called Daddy Ringtail.

"Nobody here but us chickens!" was the answer Daddy Ringtail expected to hear. People caught in a chickenhouse sometimes answer that way to fool people, but no one now said a word. No one answered, but something did.

What do you think the answer was? The answer was a train whistle. The train whistle was very

loud, and it came from inside the chickenhouse. Oh, but wait. The train whistle really was not a train whistle after all. It only sounded like one. It was really a very small and very dirty little boy, and out he came now with a noise of "Chug, chug, chug," like a train that is going slow up a hill. "Look out!" said the boy. "Want a train to run over you?" Well, Daddy Ringtail didn't want a train to run over him at all, and so he jumped from in front of the boy, and I'll tell you the rest of the story—after I find what happened next. Happy day! (Copyright 1952, General Features Corp.)

ALL ABOARD!

Thrilling—that cry! It seems to harness the power of a locomotive to the wheels of time. Ominous, though! It is a solemn reminder that opportunities which are allowed to pass can never be overtaken.

Next Sunday, in many a church across the land, the sexton will glance at his watch, then raise his hand to toll the tower-bell—a peal both thrilling and ominous.

For in Church a man can link his soul to the ageless, eternal Truth. And the deep, stirring experience will carry him into new adventures in happy, fruitful living.

Such an opportunity no man may lightly let pass. It is the road to peace and blessing for ALL.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bulldogs Nip Stanton 55-22, In Odessa Meet

By LARRY KING
Reporter-Telegram Sports Editor

ODESSA — The Midland High School Bulldogs trounced the Stanton High School cagers, 55-22, in the first round consolation bracket of the Odessa Invitational cage tournament here Friday morning. Bob Johnson, lanky Midlander, accounted for 20 of his team's points, sinking seven field goals.

Jerry Hinson, who collected seven points for the Stanton crew, was high point man for the losers. Only one of his points was made by the free route.

Midland led, 13-4, at the end of the first quarter, 29-12 at the half and 38-16 at the end of the third stanza.

The loss eliminated Stanton from the tournament. Midland has lost one tilt in the tourney, to Jefferson of El Paso.

The Bulldogs will play the winner of the Brownfield-Snyder game at 9 a. m. Saturday.

In the 43-30 loss to Jefferson, Midland played a whale of a ball game for three quarters.

On five different occasions it was tied at 13-13, 14-14, 21-21, 22-22 and 24-24. Midland led once, late in the third quarter, 25 to 23.

Jefferson scored in the waning seconds of the third quarter to hold a 27-26 margin going into the final frame.

Then the roof fell in. Jefferson crammed in eight of 17 field goals attempted in the final quarter, for 16 points, while Midland could tally but four points in the final frame.

Early in the game, Midland fell behind by an 11-3 margin, but cut the count to 11-6 at the end of the first quarter. Midland first tied it when Robert Johnson—who tallied 12 points—tipped in a follow-up shot just before halftime. El Paso broke the 13-13 deadlock with a free throw for a 14-13 half-time bulge.

Then in the third, Jeff would go ahead and Midland would tie it up. Jeff pulled out in front, 21-16, only to see John Van Buskirk flip in a long field goal to tie it up at 21-21.

Traded free shots left it at 22-22, then El Paso went ahead, 24-22. This time, Robert Keisling flipped in a nice hook shot to knot the count.

Duane Grisham let fly from exact center court and swished Midland ahead, late in the third, 26-25. But Midland's lead was short lived as the Silver Foxes pounded the bucket with a last-half assault.

In the tournament's first game Thursday, Odessa B thumped Stanton, 46 to 28. The Odessa team—led by Gordon Browning who scored 19 points—got ahead at the outset and never was behind. It was 17-19 at halftime. Hubert Gregg totaled 14 points for the Buffs, eight of 'em coming

Record Cage Win Streak Terminated

NEW YORK —(AP)—The nation's longest basketball winning streak—12 straight by New York University—was at an end Friday because a red-hot aggregation of Mountaineers from West Virginia capitalized on the expert scouting of their coach.

It happened in Madison Square Garden Thursday night when West Virginia thumped NYU, 100-75, for the Mountaineers' seventh triumph in eight outings. Their only defeat was an overtime setback by George Washington.

"My boys were unusually hot," said Bob (Red) Brown, West Virginia coach. "But probably what a lot of people overlooked was our defense."

Brown, who scouted the New Yorkers when they rolled up a Garden record of 103 points against Arizona, and gave a fine performance in beating Holy Cross, tossed what he described as a pressing zone defense at the all-winning five.

The defeat of the Violets, ranked sixth in this week's Associated Press poll, left Murray (Ky) and Kansas at the top of the list of unbeaten major teams.

Murray edged Kentucky Wesleyan Thursday night, 66-64, for its eleventh in a row. Kansas, ranked No. 1, has a 10-0 mark.

Three other members of the unbeaten class, Seton Hall, Duquesne and Florida, kept their slates clean. Seton Hall walloped Western Kentucky, 77-65; Duquesne thumped Cincinnati, 71-41; and Florida nipped Auburn, 64-63, for its ninth in a row.

Kentucky, rated the nation's top team until its Sugar Bowl tournament defeat, ran wild to drub Mississippi, 116 to 58. Bradley also had a romp against Arizona, 93-59, and Louisville thumped Villanova, 90-68.

In closer frays Oklahoma beat Colorado, 61-52; North Carolina nipped Maryland, 51-47; San Jose State took Oregon, 51-49; Utah beat New Mexico, 59-47; and Siena humbled Temple, 56-48.

MIDLAND (38)	fg	ft	tp

Totals	17	9	21

on free shots. Stanton got 12 of its 23 points at the foul line.

Denver City pounded Big Spring in surprising fashion, 52 to 33, in the day's second game. This one belonged to DC all the way, with a halftime margin of 24-18 for the winners.

Bob Moore scored 15 points and Dick Moore 14 for the Denver City team. Eugene Carpenter tallied 10 for Big Spring.

Odessa easily swamped Wink, 54 to 22, in the last game of the night. Walter Spiller poured 22 points through the net to pace Odessa.

Dale Dodd and Paul Jette led Wink with seven each. The score was 27-14 at halftime; 46-16 at the end of three quarters.

Friday, other championship games were scheduled with Snyder and Brownfield meeting at 10:30 a. m., the loser to play Midland at 9 a. m. Saturday. Lubbock and Lamesa also were to meet in a championship bracket contest, at 4 p. m.

Friday, other Friday games pitted Wink and Big Spring at 6:15 p. m.; Jefferson and Odessa B at 1 p. m. with Denver City and Odessa jousting at 2:30 p. m. The Brownfield-Snyder winner was to meet the Jefferson-Odessa B victor at 7:45 p. m. while the Lubbock-Lamesa winner was to tangle with the Odessa-Denver City victor.

Finals in the meet will be played Saturday night.

ODESSA — We came here for basketball games Thursday and Friday, and somehow the conversation got around to football before it was over.

Various area scribes and coaches discussed the coming season, especially in District 1-AAAA. The scribes did most of the talking, as the coaches were reluctant to talk much. And wouldn't you be in front of a half-dozen sports scribes?

Anyway, we got a bit—not much—but a bit of an inkling as to what to expect in 1-AAAA next Fall when Midland plays in the "super" conference for the first time.

Odessa, it seems, will have a flock of backs returning but will be rather short on linemen. Such worthies as Carl Schlemeyer, Tommy Harris and others in the backfield will make the Odessa team potent. The line isn't paper-thin, if that's the impression we left. Actually, according to scribe Spec Gammon, with a couple of good guards and an end the Bronchos could have quite a forward wall. With all that material, it shouldn't be too hard for Coach Julius Johnson to dig up a stray guard here or there.

Lubbock again will be the favorite, and with good reason. The Westerners lose some good boys—Johnny Tatum, James Stiles, Charles Brewer, et al—but retain a lot of fine boys off that state championship eleven. And anytime you hold some aces from a state crown winner in Texas—well, brother, you have the makings of a doggone good ball game.

They say Amarillo expects to improve this year, and the Sandies improved tremendously in the season just finished. Coach Bill Defoe evidently means business up there on the Plains.

Borger is supposed to be vastly improved also, with just about its entire starting lineup back. This Borger club was never quite the same in '51 after the 53-13 pounding by Odessa which snapped a four-game Borger win streak. Still, with more experience, the Borger team expects to be better in '52.

Abilene loses mighty Joe Youngblood, its sensational fullback, and a flock of others. Still, the Abilene club (which defeated Breckenridge, AAA champ, 19-0) has a fair number of returnees, according to the gossip, and should be a contender, although probably not of the first water.

That leaves Midland, San Angelo and Pampa. Pampa graduates most of a fine team, and is expected to be weak in the loop, they tell us. San Angelo—slightly horrible in '51—should be improved in play next year around but still looks in the also ran.

And, of course, Midland. With Larry Friday, Roy Kinsey, Jesse Hatfield, M. A. Rose and some others in the backfield; Jerry Curry, Robert Keisling, Bill Mims and Company in the line, it should be a pretty good season.

In fact—and now we guess Tugboat Jones will shoot us—Midland might very easily cop eight of its 10 games. Perhaps more, even.

Four Names Added To All-Time Cotton Bowl Gridiron Team

DALLAS —(AP)—Four names were added to the all-time Cotton Bowl football squad Friday.

Keith Flowers, Texas Christian linebacker; Ray Correll, guard; Babe Parilli, quarterback; and Emory Clark, halfback, of Kentucky were those put on the mythical selections.

The committee of sports writers which selects the Cotton Bowl stars decided to increase the squad to 22 in view of the two-rotation system and will do some research into the records before announcing the all-time squad.

The Cotton Bowl was started in 1937. It's all-time team now includes: Holt Raas, Alabama, 1942; and James Williams, Rice, 1950; tackles—Martin Ruby, Texas A&M, 1942; and Randolph Field, 1944; and Kim Keiker, Missouri, 1946; guards — Charles Henke, Texas A&M, 1941; and Jack Freeman, Texas, 1943; center—Ki Aldrich, Texas Christian, 1937; quarterback — Sam Baugh, Texas Christian, 1937; halfbacks — Bobby Layne, Texas, 1946 and Glenn Dobbs, Randolph Field, 1944; fullback—John Kimbrough, Texas A&M, 1941.

Most of those players were double-duty men.

LOS ANGELES —(AP)— Alumni and friends of Loyola University of Los Angeles raised \$50,000 at the annual football banquet Thursday night and it appeared Friday that the Lions may field a grid team this Fall.

Loyola abandoned football Sunday. The heavy financial expense was blamed for the abandonment, but failure to land on the schedule of either Southern California or UCLA was suggested by some as a major factor.

A spontaneous movement to restore the sport was started at the banquet. Actor Frank Fay suddenly found himself as chairman of the fund raising campaign. First one, then another of the 1,000 at the dinner arose and pledged money. Pledges ran as high as \$5,000, and many ranged from \$100 to \$1,000.

The Rev. Lorenzo Malone, S. J., a member of Loyola's Board of Athletic Control, was asked how much money was needed to restore football. He said he was not empowered to answer officially for the university. He said, however, that if \$75,000 could be raised the chances would be excellent that the Lions would field a team in 1952.

Texas Named Aide To PAD Administrator

WASHINGTON —(AP)—Secretary of the Interior Chapman has announced that E. Carl Mattern of Tyler, Texas, was appointed assistant deputy administrator of the Petroleum Administration for Defense.

Announcement also was made Thursday that Robert L. Foree of Dallas, Texas, has been promoted to be director of PAD's production division.

Mattern has been with PAD since August, and Foree since November.

Suffers Heart Seizure

Bill Steinke of Terminal Thursday was given emergency treatment and admitted to Midland Memorial Hospital after he had suffered a heart seizure at his home.

The record for the longest field goal in the National Football League is 54 yards kicked by Glenn Prescott of Detroit in 1934.

June Davis Receives Kiwanis Club Trophy

FORT WORTH —(AP)—The Fort Worth Kiwanis Club presented its annual Southwest Conference Sportsmanship Trophy Thursday to June Davis of Denton, linebacker for the University of Texas football team.

Coach Ed Price of Texas was principal speaker at the presentation.

Newcomers Loom As Strong Contenders In Open Golf Meet

LOS ANGELES —(AP)—Newcomers to golfing fame may be the players to watch as the nation's leading professionals inaugurate the 1952 tournament season Friday in the first round of the 26th annual Los Angeles Open.

Such tournament name players as the defending champion, Lloyd Mangrum; or Cary Middlecoff; Henry Hanson or Elsworth Vines, figure as the men to beat in the battle for the \$17,500 prize money.

But golf observers, casting about for new names to freshen the tournament picture, look for a determined challenge by such pros as Fred Hawkins of El Paso; Joe Kirkwood, Jr., of Hollywood; Earl Stewart, Jr., Dallas; Ted Kroll, New Hartford, N. Y.; Bob Toft, North Hampton, Mass.; or Jimmy Clark, Huntington Beach, Calif.

Clear skies and a course fast drying from last week's heavy rains were in prospect for Friday's play, with the setting again the Riviera Country Club. The course has a par 35-36-71 test covering 7,019 yards.

Missing from the scene was the "golfer of the year," Ben Hogan, a four-time winner of the Los Angeles event. Also absent was a two-time winner here, Sam Snead.

McKeever Quits At Louisiana State

BATON ROUGE, LA. —(AP)—Ed McKeever, backfield coach at Louisiana State University for the last three years, said Thursday he is resigning to enter private business.

The one-time coach at Notre Dame and Boston College, where he developed such backfield stars as Charlie O'Rourke, Mike Holovak, Angelo Bertelli and Johnnie Lujack, said his resignation is effective next Monday.

He will become executive director of the Council of Associated General Contractors of America, Inc., Louisiana division, with offices here.

McKeever, a native of San Antonio, played halfback at Texas Tech and was assistant coach there.

Dempsey Eyes Bout Between Joey Maxim And Harry Matthews

SANTA MONICA, CALIF. —(AP)—Jack Dempsey said Friday he is negotiating for a light-heavyweight title fight between Joey Maxim and Harry Matthews in Seattle sometime next Summer.

Dempsey told The Associated Press he expects to contact champion Maxim's manager, Jack Kearns within the next two days regarding Maxim's contractual status with the International Boxing Club.

Matthews, whose lethal fists have boomed him to No. 2 in the light-heavy rankings, recently turned down an IBC offer to fight Maxim for 20 per cent of the gate. Jack Hurley, Matthews' manager, branded the offer as a "coolie wage."

Michigan State's football team played before a total of 426,903 fans during their nine game season.

Dinner Will Honor Awards' Winners

DALLAS —(AP)—Athletic award winners of the Texas Sports Writers Association will be honored here January 30 at the Sports Achievement Dinner of the Dallas YMCA.

The association names its Southwesterner of the year, senior college coach of the year, junior college coach of the year, and high school coach of the year. Ben Hogan, who won the National Open for the third time last year, already has been picked as Southwesterner of the year. The other award winners will be selected within the next five days.

NICE RACKET — Adriana Pietra, three-time winner of the Venezuelan women's singles title, pauses to rest before going out to compete in the Bolivarian Games at Caracas. The pretty tennis queen also won the 1951 North and South Carolina crown. (NEA)

'Big Mo' To Run Again In Senior Bowl

MOBILE, ALA. —(AP)—Tackle Pug Pearmon of Tennessee looked across a football field at Fullback Ed Modzelewski of Maryland and said grimly, "I hope somebody cuts the horns off that wild bull before we play him again Saturday."

Hor-ed or dehorned, Maryland's "Big Mo" runs and bulls again Saturday in the Senior Bowl.

In the Sugar Bowl, Modzelewski rolled up 153 yards through Tennessee's national champions, and Maryland packaged its first major bowl victory, 28-13.

The coal mining kid from West Natrona, Pa., was elected the Sugar Bowl's best player. From the way he's carrying on here he might be headed for the best-player job in the Senior Bowl. After three practice sessions, running from a strange spread formation, Modzelewski looks good. He's far more accustomed to running from Maryland's split T formation.

From All Sections
Fifty of the finest college players in every section of the country turn professional in the Senior Bowl. They are divided as equally as possible into two teams — one called the North and the other the South. They are ordered by their professional coaches to go at each other for all they are worth.

Players on the winning side earn \$500. Players on the losing side get \$400.

Modzelewski said Friday he liked the spread formation. His North team will use much of the time.

While Modzelewski and Marylanders Bob Ward and Bob Schenck prepared for the South squad, the underdog Rebels are trying to sharpen their timing. Coach Steve Owen's team was late in assembling because several members played in bowls.

On the rebel team besides Pearlman are Hank Lauricella, Gordon Polofsky and Ted Daffer—all Tennesseeans who took the Sugar Bowl licking.

Patty Berg of St. Andrews, Ill., who beat the Babe in the big Weatheravert Tournament and was second best money winner in 1951, also is ready to step in the champ's shoes.

Pat Garner Entered
The other professionals entered are Louise Suggs, Carrollton, Ga.; Betty Jameson, San Antonio; Patty Kirk, Findlay, Ohio; Shirley Spork, Detroit; Betty Mackinnon, Dallas; and Betty Bush, Hammond, Ind.

Barbara Romack, 18-year-old amateur from Sacramento, Calif., heads the amateur group. The youngster from the West is tabbed as the best prospect in a long time.

Mary Lena Faulk of Thomasville, Ga., low amateur in the first women's tournament here, played a year ago at Ponte Ved

Texas '51 Oil Flow Sets All-Time High

AUSTIN — Texas crude oil and condensate production for 1951 broke the all-time record of 977 million barrels set in 1948 and probably exceeded the billion-barrel mark, Texas Railroad Commission officials reported Thursday.

The exact production figure will not be available until late January or perhaps February, when final reports are compiled on December production.

Record drilling activity and increasing demand for oil were responsible for the tremendous flow of oil.

Operators brought in 10,328 wells, 168 more than the old record set in 1950. Completion of 182 wells the last week of the year assured a new all-time high.

Gas well completions also were well ahead of the 1950 figure, 923 to 739.

But while they completed more wells, operators also abandoned more dry holes, 5,920 in 1951 compared with 4,576 the previous year.

Wildcaters found the going even tougher. They drilled only 537 oil wells compared with 562 in 1950, and reported 2,383 dry holes compared with 2,429. On the brighter side, they completed 121 gas wells compared with 79 in 1950.

The year saw 5,865 dry wells plugged compared with 4,577 in 1950, 144 gas wells compared with 82, and 8,673 oil wells compared with 8,938.

Families Evacuated As 'Walking' House Moves Toward Bluff

OAKLAND, CALIF. — A two-story house slowly was slipping down a crumbling Oakland hillside Thursday, on the verge of toppling over a steep bluff onto an apartment building.

Seven families hurriedly were moved out of endangered apartments at the base of the bluff. And the house owners, Mr. and Mrs. Morton J. Kramer, quit their home.

The impending crash of the \$16,000 house recalled the utter ruin only a few weeks ago of a \$35,000 house that crashed down a rain-soaked hill in San Francisco.

In Oakland, city engineers said the hill might have become so soft from recent heavy rains that it was disintegrating.

Or it might have been disturbed by recent excavations that slashed a 40-foot bluff only 60 feet to the rear of the house. Another possible explanation was that the hill might have been cracked by a mild earthquake recently.

"There's one thing for sure," said Assistant City Engineer Earl Buckingham. "Another heavy rain most likely will send the house down."

It seemed inevitable that the house eventually would make the plunge unless some means is found of shoring up the hill, or moving the house to a safer location.

The Kramers were awakened before dawn Thursday by a creaking sound, followed by a shifting of the house. Outside they saw cracks in the earth. The house slipped a foot, then inched slowly toward destruction. It has about 100 feet to go.

Uncle, Nephew Plan Joint Celebration Of 50-Year Marriages

CHICAGO — An uncle and nephew and their wives are to celebrate their golden wedding anniversaries jointly and then go to Florida for a second honeymoon, together.

On Jan. 5, 1902, Israel I. Adler married Ette Goldsmith in Chicago. On the same day, his nephew, Aaron Adler, married Fanny Pommerance in Poland. The uncle and nephew are the same age, 74. Mrs. Israel Adler is 67; Mrs. Aaron Adler 70.

A reception and dinner is planned Sunday before the two couples leave for their second honeymoon.

Congress Must Pass Bracero Laws, Says President Truman

WASHINGTON — President Truman Thursday said there would be no new treaty with Mexico to import migratory farm workers for the 1952 harvest unless Congress passes new legislation.

Truman said he had made an agreement with the president of Mexico to seek the legislation he asked last year and that unless Congress acts there will be no labor agreement.

Last July, Truman asked Congress to tighten laws against illegal immigrants and provide additional funds and authority for federal inspection and administration of the migratory workers program.

MARINE GENERAL CITED

SEOUL, KOREA — The commander of the First Marine Division in Korea, Maj. Gen. Gerald C. Thomas, Friday was awarded the Distinguished Service Medal for "outstanding service."

Dallas Girl Chosen '51 'Maid Of Cotton'

MEMPHIS, TENN. — A poised young lady from Texas, Patricia Ann Mullarkey of Dallas, won America's most genteel beauty contest Thursday night.

Pat, who was Southern Methodist's 1951 homecoming queen, is the new 'Maid of Cotton.' Eighteen other cotton belt beauties from 12 states competed.

The contest, notably for its lack of what photographers call "cheese-cake" was played before a full house of invitation-only spectators.

To make it a one-two Texas punch, the seven judges named Lucianne Knight of Austin as first alternate maid. Betty Gostmann of Belts, Tenn., was picked as second alternate.

The prize won by the 20-year-old, blue-eyed brunette includes a six-month tour of major U. S. cities, South America and several European countries.

No Bathing Suits

A stunning wardrobe—all cotton, of course—goes with the title. And Pat will pick up the keys to a convertible at the end of her tour.

Not a bathing beauty was in sight during the judging. The girls are graded on family background, poise, education, appearance and personality.

An official of the National Cotton Council said the rule against the conventional bathing beauty parade was ironclad.

"The only time the girls wear bathing suits is when they gather in a hotel room before the public showing," Ernest Stewart said. "Only the girls and the judges are allowed in."

Reds List Texan As 'Peace' Leader

SAN FRANCISCO — The Chinese Red radio listed Thomas Bayes, Jr., Dallas, as president of a "Permanent Peace Committee" at a POW camp in Korea.

The Reds quoted a purported "message" from the group which called for:

1. No interference in the domestic affairs of Red Korea;
2. An all-for-all exchange of prisoners;
3. A denial that Allied prisoners had been mistreated.

All three points were echoes of the Red line presented at truce talks in Korea.

MIDLANDERS HAVE GUESTS

LA and Mrs. Lloyd Deets left Midland Friday morning after a visit here with Dr. and Mrs. Brandon E. Rea. The Deets were en route from Japan after four years in the Orient to Lieutenant Deets' new assignment in Greenville, S. C.

World's first commercial airline was established between St. Petersburg and Tampa, Fla.

Congress May Act Swiftly On Bill To Hike Military Pay

WASHINGTON — Legislation giving all members of the armed forces a 10 per cent increase may get a high priority in the session of Congress convening next Tuesday.

Chairman Vinson (D-Ga.) of the House Armed Services Committee told newsmen Friday he has asked the Rules Committee to give the measure prompt clearance so it can be acted on immediately. The bill already has been approved by Vinson's committee by unanimous vote and there is no foreseeable major opposition in the House.

The increase would be given to everyone in uniform, from the lowest-ranking private to the highest general. It would apply not only to pay but also to subsistence and quarters allowances. It would not be retroactive.

Retired service personnel also would receive the increase.

Vinson's committee has estimated the annual cost of the bill at 800 million dollars.

Increase Necessary

It said the increases are necessary to meet cost-of-living boosts that have occurred since 1949, when the last general pay raise for service personnel was granted.

Since then, the committee said, employees in industry, business and agriculture have received pay increases, and Congress has raised the salaries of federal workers.

"The increased cost of living," the committee said, "has been a hardship to many enlisted personnel and junior officers but it has also affected adversely all persons being paid or receiving retired or retainer pay as a result of service in the armed forces."

Vinson predicted there would be little, if any opposition to the legislation, either in the House or the Senate. His committee wants to get the bill out of the way so it can start consideration this month of a universal military training program recommended by a special commission and needing congressional approval before becoming effective.

11-Year-Old Joyce Sanders Confesses Family Ghost Hoax

LOUISVILLE, KY. — (AP) — Maybe you don't believe in ghosts, but it was a ghost that brought 11-year-old Joyce Sanders her greatest happiness.

"It made a lot of people come to see me," the youngster told county police Thursday between sobs as she admitted the spook that haunted the Henry Thacker family was her own creation.

Joyce was lonely. And she had problems that would make many an adult wince. The youngster, a boarder in the Thacker home with her two sisters, is a ward of the Louisville and Jefferson County Children's Home. Her mother is critically ill with cancer. She doesn't know where her father is.

Pat's 'Spook' To Work

To pass away the time, she put the spook to work last Sunday at his playful antics. Various household articles would float mysteriously through the air. Boxes sailed around the room for no apparent reason. News of the "phenomenon" spread and soon crowds of curious neighbors filled the Thacker home.

Joyce never was happier. She and her sisters saw themselves on television. As the crowds grew, the girl made the ghost more active, moving him to other parts of the house.

County Patrolmen Russell McDaniel and Jack Fisher, somewhat skeptical of the reports, investigated. They saw the falling cans and knives. They also noticed that all such goings-on took place only when Joyce was around.

After a private conference with the pert fifth grade student, they announced the ghost was no more. Joyce had admitted throwing the objects when no one was looking.

But, she added, "I didn't throw all those things. People just imagined some of them."

ONEZELESS SWEATER—No need to suffer from frost-bitten nose these frigid days if you just have a hand-knitted nose-warmer like that worn by Producer Wilbur Steech in New York. Helping adjust the snout-sweater is comely actress-model Renee Forrest.

The Golden Texas will be "As for God, His way is perfect."
The lesson-sermon reference also will include "Acquaint now thyself with Him, and be at peace; thereby good shall come unto thee."
And from "Science and Health with Key to the Scriptures," by Mary Baker Eddy, the reference will be "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the

Furniture Dealers Will Attend Home Furnishings Market

George Stewart of Hardwick-Stewart Furniture Company; Jack Dodson, manager of the furniture department of the Midland Hardware and Furniture Company; Charles Knorr of the Knorr Furniture Company; P. H. Walker of the Boatright & Company Furniture; and Joel Adcock, manager of the furniture department of White's Auto Stores, are among those who will leave this week for Chicago to attend the annual winter home furnishings market.

Approximately 2,000 manufacturers will show new offerings in furniture, floor coverings, sleep equipment, major household appliances, radio and all types of home goods at this largest of the nation's markets to be held in Chicago, January 7-18.

Many of the new offerings selected at the Chicago market will be shown here in the near future.
