Abercrombie Has Oil Shows In Wildcats In Andrews, Crockett

J. S. Abercrombie of Houston and Midland has found interesting shows of possible petroleum production in two widely separated West Texas wildcats.

They shows in both prospectors were in the Clear Fork-Permian. Abercrombie No. 1 Lockhart and Brown, in Central-South Andrews County and 8 3/4 miles southwest of the town of Andrews had a drill-stem test of 6,825-95 feet in Clear Fork dolomite. The tool was open two and one-half hours. Gas surfaced in two hours.

Had Trace of Water
Recovery was 360 feet of oil and gas cut drilling mud. There was a trace of salty, sulphur water in the bottom of the tester when it was pulled.

Open flowing bottom hole pressure was 85 pounds. Shut-in bottom hole pressure after 30 minutes was 1,840 pounds.

The project drilled on down and found soft drilling at 6,916-96 feet. There was some pinpoint porosity and some oil stains in that zone. It was not drill-stem tested.

It is now making hole below 6,970 feet in dolomite. The exploration was started out to go to 11,500 feet to test the Ellenburger.

In Undeveloped Area
Location is 660 feet from north and west lines of the northeast quarter of section 15, block A-42, pd survey. That puts it in an undeveloped area on the northeast side of the Fuhrman-Masco field.

Abercrombie No. 1 J. H. Peips, Northwest Crockett County prospector three miles southwest of the Crossett-Devonian field, which is in Southeast Crane County, had a good show of gas and 60 per cent oil fluorescence in drilling samples at 3,900-3,104 feet in the Clear Fork.

Was Not Tested
The section at 3,174-90 feet drilled soft and logged some slight oil stains. Neither interval has been drill-stem tested.

The wildcat, which was scheduled to drill to 6,500 feet to explore the Ellenburger, when it was started is now making hole under 3,210 feet in dolomite.

The project is 10 miles east of Olmito.

Ellenburger Wildcat To 8,000 Feet Set In NE Sterling Area

Slick - Moorman Oil Company spotted location for an 8,000-foot Ellenburger wildcat in extreme Northeast Sterling County.

Drill site is 660 feet from north and east lines of the east half of section 68, block 18, SP survey and 18 miles northeast of Sterling City.

The wildcat will be dug as No. 1-B Jessie Ellwood Chappell, et al. It is one mile southwest of W. Hamm, Jr., No. 1 Chappell, et al., which was dry and abandoned in the Ellenburger on total depth of 7,599 feet. That formation was topped at 7,315 feet, elevation 2,075 feet. It was plugged in January 1950.

Standard Will Dig 8,000-Foot Test In SE Floyd Area

Standard Oil Company of Texas will start drilling at once on a rank wildcat in Southeast Floyd County, eight miles southeast of Floydada.

It is to be dug as the concern's No. 1 Minnie Adams, et al., 1,980 feet from west and 660 feet from north lines of section 22, P. D. Adams survey. It will drill to 8,000 feet to test the Pennsylvanian.

It will be drilled on a 320 acre lease.

SW Scurry Tester Shows Oil, Gas And Water In Reef Zone

Slight shows of oil and gas and a little sulphur water was found in the top of the Pennsylvanian lime reef at a Southwest Scurry County wildcat.

J. A. (Jim) Price and J. H. (Jerry) Bartley, both of Midland and Flegger-Riley Drilling Company of Odessa and Tulsa No. 1 Guthrie-Conrad ran a two hour drill-stem test at 7,260-76 feet.

There was a weak blow of air for a part of the period. Recovery was 130 feet of heavily oil and gas cut drilling mud and 200 feet of sulphur water.

Now Making Hole
Open flowing bottom hole pressure was 28 pounds. Shut-in bottom hole pressure after 15 minutes was 2,625 pounds. The project is now (Continued On Page Five)

7,000 Flee Homes Before Floods

WINDFALL FROM UNCLE SAM—William Moore, a printer of Cleveland, Ohio, finally got the refund for overpayment of his 1949 income tax. On Jan. 22, 1952, he received a Treasury Department check dated March 28, 1950. Above, he looks with puzzled admiration at the pretty baby-blue check, below, printed on heavy, expensive paper, all fixed up with punch holes for those "thinking" machines they have down in Washington. The check was for one cent—the amount of his refund.

Midland Mothers To Conduct March On Polio Thursday

Midland Mothers will March on Polio between the hours of 6 and 7 p.m. Thursday.

Arrangements for the march were completed Sunday afternoon at a meeting in the North Elementary School. Mrs. Helen Pearson of Abilene addressed interested mothers and showed a film, "Mothers' March on Polio."

She was introduced by James L. Daugherty, chairman of the Midland County March of Dimes.

Mrs. W. Harry Rhodes, president of the Midland Woman's Club, sponsoring organization, and chairman of the Mothers' March, made a brief talk at the session.

Discussing the march, Mrs. Pearson said, "We hope to have between 85,000 and 90,000 mothers marching in Texas Thursday evening."

In Midland, scores of volunteer mothers will call at homes at which porch lights are burning to collect March of Dimes contributions. All families wishing to contribute are urged to leave their porch lights on during the appointed hour.

Campaign Lags
"The campaign here is lagging badly, and we are hopeful that the results of the Mothers' March will boost returns near the \$18,500 goal," Chairman Daugherty said.

Mrs. Pearson, in discussing the all-out war against polio, said the National Foundation for Infantile Paralysis is not charity. She explained the foundation will assist when expenses for the treatment of polio in the family would lower the standard of living in that particular family. She termed the treatment of polio "the most expensive of any disease."

"Four out of every five polio patients are helped by the National Foundation," she declared. "During the last three years, Texas has expended \$380,000 more than it has sent to the foundation."

"Texas had 98 cases of polio the first 19 days of January," she reported.

The speaker said 75 cents of each dollar contributed to the March of Dimes is spent for patient care; 15 cents for research; seven cents for education, and three cents for administration.

"The March of Dimes must keep up with the March of Polio," she appealed. "Everyone must help."

New Government Sworn Into Office In Strife-Torn Egypt

CAIRO, EGYPT—(AP)—The Chamber of Deputies Monday night approved martial law in all Egypt for two months.

Midland Poll Tax Payments Soar To New All-Time High

Poll tax payments soared past the 7,000-mark here Monday to set a new record for Midland County. County Tax Assessor-Collector J. M. Speed reported more than 7,200 receipts have been issued while more than 1,600 have obtained exemption certificates.

Last year's record-breaking payments and exemptions totaled 6,900.

With the deadline only four days away, the final rush was well underway Monday as scores lined up in the halls outside Speed's office.

The official predicting that more than 10,000 would pay their poll tax before Thursday night, said 1,500 more receipt forms had been received along with an additional 500 exemption certificates.

Western Big Three Warn Reds Against Aggression In Asia

PARIS—(AP)—The U. S., Britain and France Monday formally announced they would demand UN action in the event of Chinese Communist or Russian aggression in Southeast Asia.

John Sherman Cooper of the U. S. said such aggression would be a matter for "most urgent and earnest consideration by the United Nations." Selwyn Lloyd of Britain immediately declared his government associated with this "important statement."

Francis LaCoste of France said his country would demand immediate and effective intervention from the UN if the Chinese Reds moved against Indochina.

The three Western spokesmen made their declarations in the UN Security Council during a debate on the question of condemning Russia for allegedly violating her 1946 treaty with Nationalist China.

Cooper called the committee's attention to implied threats against Southeast Asia made earlier at this assembly session by Soviet Foreign Minister Andrei Vishinsky.

Cooper said he had been instructed by the U. S. government to "state clearly that any such Communist aggression in Southeast Asia would in the view of my government be a matter of direct and grave concern which would require the most urgent and earnest consideration by the United Nations."

Seymour Rancher Shows Open Class Hereford Champion

PORT WORTH—(AP)—BR Mixer II, a 1,040-pound Summer yearling, Monday became champion Hereford steer in open class competition at the Southwestern Exposition and Fat Stock Show.

The animal is owned by Arledge Ranch of Seymour and was shown by Henry Arledge.

Reserve champion Hereford steer was Larry Progress 25th, shown by Oklahoma A&M College.

The show's grand champion steer was to be picked Monday afternoon.

Midland Soldier Back From Korean Conflict

A Midland soldier was one of 86 Texans who arrived Saturday in Seattle from Korea aboard the Navy Transport R. L. Rowe.

He is Cpl. Sterling Young, 202 North Marshall Street, and was among the 3,277 who arrived home under the rotation plan for troops in Korea.

House Panel Orders Arrest Of Veteran Hollywood Producer

WASHINGTON—(AP)—The House Un-American Activities Committee Monday ordered the arrest of Sidney Buchman, veteran Hollywood writer-producer, when he failed to appear in response to a subpoena.

Representative Walter (D-Pa.), acting committee chairman, directed the sergeant-at-arms of the House to "locate, place under arrest and incarcerate" Buchman until the committee is ready to hear him.

Buchman, one-time assistant in charge of production for Columbia Pictures, testified before the committee in Los Angeles last September that he was a member of the Communist Party from 1938 to 1945.

Churchill Praises American Welcome

SOUTHAMPTON, ENGLAND—(AP)—Prime Minister Winston Churchill came home Monday from his American trip and said "I'm sure it's done good."

Six Ohioans Known Dead, Losses Huge

MARIETTA, OHIO—(AP)—Flood waters of the muddy Ohio River churned over lowlands Monday, chasing about 7,000 persons from their Ohio and West Virginia homes.

The Ohio and other swollen Ohio streams chalked up six deaths and untold property damage in the first 36 hours of the rapid rise.

The crest of the sullen flood neared Steubenville after turning the Big Bend of the Ohio at East Liverpool, Ohio.

Steubenville looked for a crest of 42 feet by noon and the river rose one-tenth of a foot an hour just ahead of the crest. Flood stage is 30 feet.

Three areas appeared to be taking the river's biggest battering Monday.

First to feel the river's might was Steubenville and the area just to the south on both sides of the swollen stream. One hundred eighty families moved from their homes in Jefferson County, Ohio, and merchants moved from 23 business houses.

Across the river at New Castle, land, W. Va., 200 families moved out. Other families evacuated at Wellsburg, W. Va.

Next area to retreat before the river was at Wheeling, W. Va., and Bridgeport, Martins Ferry, Bellaire and Shadyside, Ohio. This might well be the hardest hit spot along the river.

Worst Yet To Come
Rescue agencies estimated a total of 2,000 persons already evacuated in the area.

The credit was expected to hit 400 feet around noon—probably later—and this left a prospect of two feet of water running over one-fourth of Wheeling, parts of Bellaire and Bridgeport.

The Ohio Valley Board of Trade said 18,000 persons and 3,300 buildings will be affected by the crest of the flood in Wheeling alone. This means many buildings will have water in them and many persons will be evacuated or will live in watery homes.

At Marietta, Forrester Farley, U. S. engineer head, revised downward the crest prediction of 48-49 feet. He said the crest would measure about 44 feet at Marietta, where (Continued On Page 12)

O'Neal Resigns Post Of Commissioner To Move To Oklahoma

Sherwood O'Neal resigned Monday as Midland County Commissioner from Precinct 1 and said he is leaving Midland later in the week to establish a home in Oklahoma.

The 38-year-old official formally submitted his resignation at the regular meeting of Commissioners Court.

County Judge Clifford C. Keith said he might announce his successor to fill the unexpired term later in the day.

The county judge has the authority to make the appointment, when a vacancy occurs.

O'Neal, now serving his second term as commissioner, said he had purchased a ranch in Pontotoc County, Oklahoma, 15 miles south of the city of Ada.

To Hereford Haven
To a rancher in Midland County, O'Neal said his stock already had been shipped to the new ranch in the midst of Oklahoma's famed "Hereford Heaven."

He has been a resident of Midland County for 30 years, moving here from Sweetwater with his family when he was eight years old.

"I had hoped to serve out my term here," he said, "but it has been necessary for me to move to Oklahoma immediately to supervise the ranch."

The O'Neals have three children, Jimmy, a student at Southern Methodist University; Peggy, a student at Midland High School, and Judy, attending Cowden Junior High School here.

Burglars Get \$5 At Plumbing Firm

Police reported Monday that burglars broke into the Whitmer Plumbing Company shop at 315 North Colorado Street over the weekend.

An unlocked safe was opened and \$5 in small change was reported missing.

Poll Tax Payments Boom Over Texas With National, State Elections Ahead

By The Associated Press
"I like Ike."
"I'll still go for Truman."
"Now, this Kefauver fellow..."
"You can't beat Bob Taft, Mister."
So it goes... and as the deadline for poll tax payments nears, it appears Texas may have its greatest voting strength in history.

Tax officials credited great interest in the coming presidential elections, pay-your-poll-tax drives, and increased population with the mounting payments.

Used, compared with 30,000 at the same time in 1948, the last presidential election year. A desire for better government and a population increase were given as the reasons.

At Dallas, Chairman Bill Ware of the Dallas County Poll Tax Committee said the county may be approaching the 200,000 mark in poll taxes. He said the 1948 record of 121,484 had been exceeded and his group had a goal of 350,000.

About 2,900 persons per day are getting their receipts in San Antonio. Bexar County Tax Collector F. E. Dickison said about 67,500 receipts had been issued and predicted more than 90,000 persons would pay up. The old San Antonio record is 52,000, set in 1948.

Nueces County citizens had been issued 19,811 poll tax receipts through Saturday with the Jan. 31, 1948, total 31,261. Payments this year are expected to top that figure, tax officials said, because of a booming population and interest in the presidential election.

A new record is expected at Abilene, where payments are being pushed by veterans groups and civic clubs. The current total is 10,815 plus 2,575 exemptions. Taylor County Assessor-Collector Raymond Petree expects more than 14,000 payments this year. The 1948 total was 12,615.

Poll tax payments in Lubbock County were near 20,000, with payments about normal for presidential election years.

In Waco, only 12,326 poll tax payments had been made, about 16,000 help the total on Jan. 31, 1948.

Meanwhile, most tax collectors felt the greatest rush to pay poll taxes would be between now and midnight, January 31.

Diet, Poor Training, Neglect—All May Cause Constipation

By EDWIN F. JORDAN, M. D.
Written for NEA Service

"We have a major problem in our household," writes a reader. "Namely, constipation. Both father and son have this trouble, and the son was born with it. Is constipation inherited?"

True constipation is not as common as most people think, and it often is confused with spastic colon, which frequently has been discussed in this column.

It seems safe to say it is not inherited, although there is an unusual condition known as Hirschsprung's disease in which the lower bowel is abnormally large at birth and produces a most peculiar form of constipation.

In most cases, however, improper training and neglect, especially in childhood, have a great deal to do with chronic constipation. Failure to set aside a regular time of day for a bowel movement is the cause of much trouble.

Poor diet, of course, can and often does cause constipation. Too many people gulp their food down without allowing enough time for their meals.

Some foods are so highly refined they do not contain the bulk necessary at times. Fresh fruits and vegetables make up an insufficient part of the diet. These foods not only supply a large part of the bulk in the diet but also aid in peristalsis or the wave-like movements of the intestine which carry the contents down through the intestinal tract.

Abuse in the use of laxatives or cathartics is another great cause of constipation. The mistaken idea is common that if a person cleans himself out once a week with a good strong purge it will be good. This disturbs the normal rhythm of bowel evacuation.

Treatment of simple constipation, unless the trouble has begun in childhood or has lasted for a very long time, usually is satisfactory. The underlying cause, whether diet, neglect or abuse of laxatives first has to be corrected.

Establishing good habits by having a movement at a particular time of day and yielding to the urge when it comes are extremely important. Exercise likewise helps to overcome constipation.

But in the little boy mentioned in the correspondent good individual medical advice would seem to be desirable.

Death Claims Fannie Ward, Eternal Youth Character Of Stage

NEW YORK—(P)—Actress Fannie Ward, who sought "eternal youth" and looked like a flapper even in old age, died Sunday at Lenox Hill Hospital.

She admitted being 79 years old, but friends said she was in her 60's.

The "eternal soubrette" made a glamorous career of seeking the fountain of youth, and said she found it in a secret facial treatment.

Fannie Ward learned from French stage star, Gaby Deslys.

Her efforts to stay young—they permitted her to play a 14-year-old girl when she was at least 40—made her an intercontinental celebrity for more than half a century.

Mrs. Ward, always trim and pretty, began her career in 1890. She played in more than 50 stage plays, and also appeared in vaudeville and in movies.

In recent years, the St. Louis-born flapper lived alone in a Park Avenue apartment. A friend found her unconscious there last Monday. She apparently had been in a coma since the day before, and did not recover consciousness before her death.

The actress, who had her stationery stamped with her motto of "eternal youth," first was married to Joe Lewis, a South African millionaire, from whom she was divorced. She then married her leading man, Jack Dean, who died in 1950.

At the height of her career, she was a familiar figure in London and Paris, and was a close friend of English nobility.

Her only daughter, who was killed in a 1938 plane crash in California, was Lady Plunket, a lady-in-waiting to Queen Mother Mary. One of Miss Ward's grandsons is Lord Plunket, first equerry to King George.

HEADIN' FOR THE LAST ROUND-UP—A bull-headed bull that didn't choose to walk the last mile to a Los Angeles packinghouse put up a good fight until he was subdued by a posse of policemen. The stubborn steer was one of seven that escaped. Six were caught easily, but this one led motorists a merry chase through 20 blocks of heavy Los Angeles traffic before policemen from five cruisers lassoed and grounded him.

Texas Highways Need 100 Millions More Yearly, Says Governor Shivers

AUSTIN—(P)—It's going to take another 100 million dollars a year for Texas to maintain its good roads program, Gov. Allan Shivers says. In a statement broadcast Sunday, Shivers said the state must plug the loophole in road use taxes, raise gasoline and car registration taxes, or see the highway improvement program stall.

Only two cents of the four-cent-a-gallon state gasoline tax now goes to the highway department, Shivers said, noting that a halt in this diversion could help finance the road program.

Shivers called the alternative of new taxes the "less desirable" plan. His speech, carried on a 50-station radio network, was on a program sponsored by the Texas Good Roads Association to launch Texas Highway Week. It also marked the thirty-fifth anniversary of the Texas Highway Department.

Shivers said he was confident Texas would not take a third alternative: "Allow our highways to continue to run down, and our construction to lag dangerously." He added that the people would have to decide how they would go about raising money to build and maintain the highways, or whether they wanted the program to stand still.

Other speakers were E. H. Thornton, Jr., of Galveston, chairman of the highway commission; Mayor Armistead Rust of San Angelo, president of the League of Texas Municipalities; County Judge George Prosser of Corpus Christi, president of the County Judges and Commissioners Association; J. H. (Jack) Kuitgen of Waco, president of the Good Roads Association.

Texas' highway system has made great strides forward since Govs. Jim Ferguson and W. P. Hobby started it, Shivers said, but it is "slowing to a halt, and may even be in danger of losing ground" because of shortage of money.

The state now has 16,000 miles of farm-to-market roads, 40,000 miles of hard-surfaced roads, 300 miles of four-lane highways and others are building, the governor said. Texas also faces these hard facts, he added.

There are a lot more people and a lot more automobiles in 1952 than there were in 1942. "Highways are built to last about 20 years under the pounding of modern traffic. Many of ours are older than that." "Our highways took a terrific beating during World War II, with heavier traffic and lowered maintenance." "There are 130,000 more refugees still on the islands."

There were 130,000 more refugees still on the islands. Four American landing ships (LSTs), making four round trips, picked up refugees who had reached the islands from coastal villages in fishing boats. They had left virtually all their possessions.

Crew members made warm clothing for the children. A United Nations civilian assistance commission set up a rice distribution center for the refugees.

Frankie Mended Fences, But Found No Crowd To Corral

By ESKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—Behind the Screen: Frank Sinatra's lavish fence-repairing party for the press following the preview of U.F.'s "Meet Danny Wilson," didn't give him much chance to meet the scribbles—only a few showed up.

Most of the press admittance cards, like mine, were filed in the wastebasket. Frank's co-star, Shelley Winters, showed up for the preview but skipped the party.

Insiders claim that Frank failed to send Shelley an invitation, (they feuded throughout the picture), and the studio finally gave her a bid after she screamed: "It's MY picture. Why wasn't I invited?"

Oh well, Ava still loves him. There's been so much delay on the Rita Hayworth movie, says Alan Wilson, that they're calling it "Affairs in Tringradad."

Frankie Laine's doctors now believe that a throat operation will be unnecessary. But he has to be as silent as Jane Wyman in "Johnny Belinda" until he opens at a Miami Beach night club at the end of February.

Jane Russell has been ordered by her studio to be silent on the subject of her cravings for another adopted child. It whittles down the glamor. Jane was even told not to bring 16-month-old Tommy Kavanaugh to the studio again.

The romance is too hot to be kept mum, so I'm telling you that it was gorgeous. Blonde Diane Garrett who brought Robert Taylor back from Europe in such a hurry. It's developing into a bonfire.

Medics have strapped up Ida Lupino's back and advised her that she may have to take to bed to insure her stork date.

Method In Their Modesty For the first time in Hollywood's publicity-mad history producers are insisting that their names be left OFF the screen. TV's the reason.

All credit are being deleted by movie producers leasing their films to television to avoid squawks and boycotts from theater owners.

To wid-eyed exhibitors who complain about the sale of movies to TV, the producers have a bland, innocent, explanation: "We leased them to a fellow for distribution and he leased them to TV. We're as surprised as you are. But there's nothing we can do about it."

Some of Lia Taylor's pals are saying that the Michael Wilding influence is showing in her new British accent. Aw, maybe she's just getting ready to do a picture with Doug Fairbanks, Jr. Doris Day is in a pout because a fan magazine vetoed a cover photo without the Day hair bangs. The editor said her fans wouldn't recognize her in a different hair-do.

Dress designer Taffy consulted an interior decorator about re-doing her living room. "Let's make it old English," she told the decorator, "to match the movies on my television screen."

Her friends back east say that Susan Peters, whose health took a

Buxom TV Actress To Work In Texas' Dimes Headquarters

HOLLYWOOD—(P)—Actress Marie Wilson flies to Texas some time this week to put in an eight-hour day as a secretary at the March of Dimes headquarters in Fort Worth. Her pay for the job: \$5,000.

It will be the windup of a stunt the wacky blonde of radio and TV staged to help the anti-polio drive. She offered her services for a day to the highest bidder, with the money to go to the March of Dimes fund. The Coca-Cola Bottling Company of Fort Worth submitted the high bid of \$5,000.

Said Miss Wilson, after learning a Texas city is the winner: "I'm not sure I can learn to speak the language in just one day, but as long as they talk money, who cares?"

New Year Brings New Flock Of Labor Troubles Into Open

WASHINGTON—(AP)—A flock of labor troubles have been shoved into the government's lap with the New Year scarcely begun—and others may be on the way.

Labor unions on a half-dormant front are hitting out for new wage increases and other benefits. And officials are hard pressed to settle these demands without strikes and without busting the anti-inflation program wide open.

John L. Lewis, boss of the coal miners union, is on the verge of making new contract demands on the mine owners. His two-year contract expires at the end of March and, beginning next Thursday, he can demand negotiations.

Some observers think Lewis may delay a move for more pay, and possibly greater welfare money for miners. Right now, he is busy trying to get Congress to enact tighter mine safety laws.

Lewis is due to testify on this point Tuesday before a Senate Labor subcommittee.

Lewis also might want to wait and see what his rival, CIO President Philip Murray, gets in the current steel industry wage case before making his own move. Murray's demands for an 18 1/2-cent average pay boost for steel workers are before a panel of the Wage Stabilization Board for a recommended compromise. The panel is to resume hearings in New York City Friday after a three-week recess. Eventually the case will go to the WSB itself for final decision.

Ministers To Have 17th Annual Meet

DALLAS—Ministers of all faiths and alumni of the Perkins School of Theology will be on the Southern Methodist University campus February 4-7 for the 17th annual Ministers' Week.

A series of lectures will be held in McFarlin Memorial Auditorium, according to Dean Merrimon Cunningham of the Perkins School of Theology.

Approximately 1,000 ministers attend the lectures annually. No Midland pastors are planning to attend.

SUFFERS HAND INJURY
T. O. Woodard, Portales, N. M., Sunday received an injury to the middle finger of his right hand when it was caught in a cat head in an oil field accident. It was treated at Midland Memorial Hospital.

MEDICAL PATIENT
Harry O'Donnell, Midland Hotel, is a medical patient at Midland Memorial Hospital.

ENTERS HOSPITAL
Mrs. Florence Nichols Sunday was admitted to Midland Memorial Hospital as a medical patient.

MOTHERS' MARCH ON POLIO—Captains of the various areas who will aid in the "Mothers' March on Polio" look over material to be given to their lieutenants. Captains pictured, seated left to right, are Mrs. Harlan Howell, South Elementary; Mrs. W. C. Kimball, David Crockett and Mrs. Hugh McCullough, Sam Houston; Mrs. Kenneth Slough, North Elementary is standing. Mrs. Y. D. McMurry, West Elementary, is not pictured.

Coming Events

TUESDAY

A general missionary and business meeting of all the circles of the Woman's Missionary Society of the First Baptist Church will be held at 9:30 a.m. in the church.

The quarterly conference meeting of the First Methodist Church will be held at 7 p.m. in the sanctuary.

Mrs. Alan Leeper, Mrs. C. S. Mills and Mrs. Hugh Munn will work in the Children's Service League clothing room in the Red Cross Building.

Carol Choir rehearsal of the First Methodist Church will be held at 4:15 p.m. in the Children's Building. The Boy Scouts will meet at 7:30 p.m. in the Educational Building. Chancel Choir rehearsal will be held at 7:30 p.m. in the Children's Building.

The Grand Staff Music Club will meet at 7 p.m. in the home of Betty Gay Burton, 1204 West Michigan Street.

WEDNESDAY

The Sunday School teachers of the First Baptist Church will meet at 6:15 p.m. Prayer meeting will be at 7:30 p.m. and choir rehearsal at 8:15 p.m.

The Play Readers Club will meet

at 3 p.m. in the home of Mrs. Wade Heath, 808 West Tennessee Street.

The Young Matron's Circle of the First Christian Church will meet at 9:30 a.m. in the home of Mrs. Charles Klaproth, 1011 West Texas Street. The Henderson Circle will meet at 9:30 a.m. in the home of Mrs. Delbert Downing, 1205 West College Street.

The Drugists' Wives Club will meet at 10 a.m. for a business meeting in the home of Mrs. Vester Collins, 207 South L Street.

The sewing room of the Midland Memorial Hospital will be open from 9 a.m. until 4 p.m. for the members of the Woman's Auxiliary to the Hospital to sew.

The Children's Theater Class from the fourth through the seventh grades will be held at 4 p.m. in the City-County Auditorium.

The Education Study Group of the American Association of University Women will meet at 9:30 a.m. in the home of Mrs. E. H. Scobey, 807 West Cuthbert Street.

THURSDAY

Five Young Adults Class of the First Methodist Church will meet for a potluck supper at 6:30 p.m. in the Fellowship Hall. Girl's Choir rehearsal will be held at 4:15 p.m. in the Children's Building. Vesper

Choir rehearsal will be held at 7 p.m. in the Children's Building.

Midland Oil Scouts Wives will meet at 12:30 p.m. in Sue Miller's. Anyone eligible may telephone Mrs. C. L. Tyra, at 4-4304, Mrs. N. F. Salsich at 4-7645 or Mrs. James Hooton at 4-7242, for reservations.

The Midland Country Club will have family night. Dinner will start at 6:15 p.m., movies will be shown at 7:30 p.m. and games will start at 8:15 p.m.

For members who wish to paint, the Palette Club Studio, 604 North Colorado Street, will be open all day. Lunch will be served.

FRIDAY

The BS Chapter of the P. E. O. will meet at 1:15 p.m. in the home of Mrs. George Turner, 2003 West Indiana Street. Mrs. J. L. Brown will be the co-hostess.

The Valley View Home Demonstration Club will have a box supper at 7:30 p.m. in the schoolhouse. Proceeds will go to the March of Dimes.

The Sashway Square Dance Club will meet at 8 p.m. in the Midland Officers Club.

The Children's Theater Class of the eighth grade will meet at 4 p.m. in the City-County Auditorium.

The Terminal Library Children's Story Hour will be held at 3:30 p.m.

SATURDAY
Boy's Choir rehearsal of the First Methodist Church will be held at 1 p.m. in the Children's Building.

The Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

The Children's Story Hour will be held at 10:30 a.m. in the Midland Public Library Children's Room. The Dunbar Branch will meet at the same time.

Gordon Smith Has Birthday Party

Gordon Smith celebrated his fourteenth birthday with a party in his home. Games were played and refreshments were served. After the party the group went to the show. Those attending were Lanette Horn, Mary Johnson, Jerry Caldwell, Sylvia Jones, Wahoo McDaniel, David Salem, Bill Elliott, Tommy Robertson, Jerry Smith, Mr. and Mrs. James Colvin and Alice Ann Smith.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, MONDAY, JANUARY 28, 1952-3

Mrs. Emil Rassman Is Story Narrator

Mrs. Emil Rassman of the Midland Service League was the narrator for the Children's Story Hour Saturday in the Midland County Library.

She read "The Elephant's Child," "Kipling: 'The Tale of Peter Rabbit,'" "Potter: 'Michael and His Steam Roller,'" Bertall, and "The Little Dark Horse," Moore.

Children attending were Tommy Wright, Evelyn Wright, Johnny Kinnard, Larry McRichards, Nan Newton, Diana Wilson, Carol Wright, Michael Farmer, Betty Ann Stallings, Iris Neill, Roberta Shrock, Margaret Herrick, June DeArmon, Nancy Savage, Sharon Hallman, Jo Ann Ball, Kathleen Raymond, Betty Mornau, Linda Evans, Susan Kelly, Byron Cole, Michael McCarthy, Mary Ann McCarthy, Randy Roden, Diane Roden, Robert Tarks and Howard Marsh.

Hays Are Hosts To Lucky 13 Club

Mr. and Mrs. D. M. Hays were hosts Friday to the Lucky 13 Club at a meeting in their home.

The entertaining rooms were decorated with arrangements of red carnations. The group played games of 42, with Mrs. O. H. Jones winning high score for the women and C. H. Sheppard for the men.

Others attending were Mr. and Mrs. H. E. Collins, Mr. and Mrs. Sidney F. Hall, Mr. and Mrs. C. H. Hudman, O. H. Jones, Mr. and Mrs. James L. Daugherty, Mr. and Mrs. Ellis Conner and Mrs. C. H. Sheppard.

MEDICAL PATIENT

Grover Nelson, 102 South L Street, Sunday was admitted to Midland Memorial Hospital as a medical patient.

RANKIN WOMAN ILL

Marilyn Kaye Pearce, Rankin, Sunday entered Midland Memorial Hospital as a medical patient.

Moment Musical Club Has Program, Business Meeting

The Moment Musical Junior Music Club met Saturday in the Watson School of Music for a business session and program.

Nancy Froot, first vice president, presided. Miss Froot and James Griffith were in charge of the attendance cards.

Birthday greetings were extended to Walter John Miller and Eddy Eubanks.

A nominating committee was appointed to prepare a slate of officers for the next meeting. Those on the committee are Connie Scott, Nancy Prout and James Griffith.

The program included "Country Gardens," a piano solo by Hazel Kay Long; "The Nightingale and the Cuckoo," a piano solo by Eddy Eubanks; "Hawaiian Starlight," played by James Griffith on the Hawaiian guitar; "Evening Bells," a piano solo by Jean Hawkins; "Twilight Shadows," a mandolin solo by Dennis Griffith; "La Paloma," an accordion solo by Connie Scott; "Doris," a piano solo by Patsy Hickley, and "Valse Bluet," a violin solo by Eddy Eubanks.

The meeting closed with the critic's report and the club motto.

Others attending were Marjorie Martin, Eugene Billings, Raymond Billings, Judy Dawson, Carolyn Dawson, Kay King, James Doss, Sue Akers, Bob Smith, Kay Smith, Fraylee Hardgrave, Hazel Magee, Sandra Jordan and a guest, Wanda Ervin Fountain.

SURGERY PATIENT

James Edward Bush, 1203 South Marlenfeld Street, Sunday was admitted to Midland Memorial Hospital for surgery.

Dana McDaniel Is Party Honoree

Dana McDaniel was honored with a birthday party Saturday given by Mrs. Hugh McDaniel and Mrs. Evelyn Beshears.

The valentine motif was used in the decorations. Games were played. The birthday cake was decorated with yellow and green flowers.

Those attending were Helen Nottingham, Nancy and Ralph Beshears, Kay King, Ida Lou Sanders, Rita Stanley, Byron Bartlett, Sandra Stroud, Alice Ann Smith, Helen Harlin, Margaret McDaniel, Mrs. U. S. King and Mrs. L. C. Smith.

Mrs. Westmoreland Is Party Honoree

CRANE—Mrs. Fred Westmoreland was an "absentee" honoree Wednesday at a layette shower held in the home of Mrs. C. R. Newth.

The Westmorelands are the parents of a son born Tuesday in the Crane Memorial Hospital.

Assistant hostesses were Mrs. T. R. Coffield and Mrs. W. R. Woodberry. In the absence of the honoree, gifts were opened by Mrs. John Westmoreland, paternal grandmother, and Barbara Davidson, daughter of the Westmorelands.

Others attending or sending gifts were Mrs. B. B. Rogers, Mrs. Hugh Strickland, Mrs. E. R. Tomlinson, Mrs. J. L. Hostenbach, Mrs. E. J. Simmons and Judy, Mrs. J. H. Huggins, Mrs. R. D. Seabourne, Mrs. T. M. Ayers, Mrs. J. G. Pomeroy, Mrs. R. C. Abernathy, Mrs. T. V. Garrett, Mrs. Harry Ingie, Mrs. Coleman, Mrs. R. V. Russell and Mrs. D. S. Cannon.

"Hot Flashes" Stopped or strikingly relieved

In 63-80% of cases in doctors' tests
If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life," you may be suffering unnecessarily!
"For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such dysfunctionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!"
Yes! Research has proved these medicines thoroughly modern in action... has shown you where to look for relief from these distressing "hot flashes," with added iron! (Wonderful, too, for the functional pains of menopause.)
It acts through a woman's sympathetic nervous system to relieve distress of these awful "heat waves!"

Courtesy And Kindness Help Make House A Home
By RUTH MILLETT
NEA Staff Writer

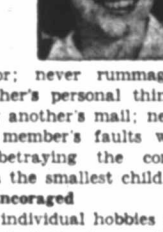

Is your house a home in the finest meaning of the word? That is a question that should concern every housewife. For it is the woman of the house who has the ability to turn a family dwelling place into a real home.

Here is a check list that should give you a fairly good idea of how your house rates as a home.

One. Is it as comfortable as your energy and ingenuity can make it?

Two. Are friends of all members of the family always made welcome even at times that are actually inconvenient to you? (Hospitality cannot always be planned in advance. The housewife who is unhappy because the house isn't in apple-pie order when unexpected guests turn up destroys the true hospitality a real home should always be ready to offer.)

Three. Is the privacy of each member of the family respected? That can be established by such simple rules as always knocking on

a closed door; never rummaging through another's personal things; never reading another's mail; never discussing a member's faults with outsiders or betraying the confidence of even the smallest child.

Should Be Encouraged

Four. Are individual hobbies encouraged, so that the home offers its members a chance to spend interesting hours in individual pursuits?

Five. Does the home offer its members good music, good books and good food, attractively served?

Six. Is there cooperation, rather than selfish indifference, among the family members?

Any woman who can score on all of those points deserves to be proud of the job of home-making she is doing. For she has managed to turn a house into a home.

NPA Official Lauds Ballinger Scrap Drive

DALLAS—(AP)—The National Production Authority Monday cited a Ballinger project as an example of how a community can raise funds for civic purposes while helping the nation gather scrap metal.

Ernest L. Tutt, regional NPA director, said Ballinger firemen and their friends expect to collect enough scrap to buy a badly needed county fire truck.

"Ballinger's scrap collection efforts might well set an example for the rest of the country to follow," said Tutt. He praised Charlie Webb, fire chief in the West Texas city of 5-302, for "helping to feed the nation's scrap-hungry steel mills."

CHILD DEVELOPMENT GROUP WILL MEET

The Child Development Group (ages one through five) of the American Association of University Women will meet at 1:30 p.m. Tuesday in the home of Mrs. Vic. Harwig, 405 East Elm Street.

The Deadline Is Near

Have You paid your poll tax? If not, this is another gentle reminder that the absolute deadline for poll tax payment is Thursday—Thursday of this week, that is.

The tax must be paid or exemption certificates obtained by Thursday night in order to qualify for voting in regular and special city, school, county, state and federal elections this year.

Yes, the deadline is near, but fortunately there still is sufficient time for everyone to obtain tax receipts or exemption certificates. Do it today.

Sloppy 'Inspection'

In the hearings on the December crash of a C-46 non-scheduled airliner at Elizabeth, N. J., some rather startling facts were brought out in the testimony.

But that they could not prove, because no one actually had looked at it the last time the plane's engines were checked.

When a right guy goes wrong a lot of wrong guys are always ready to go right with him.

Most any person really can measure up if the golden rule always is used.

First came the ox cart, then the buggy, then the auto—and then the speed cops.

All love knots should be tied with just one ball!

He Certainly Can't Get Lost—Or Can He?

The Washington Merry-Go-Round

By Drew Pearson
Drew Pearson says: President Truman directs campaign to "Stop Kefauver." Illinois will be interesting test for Tennessee senator; Mike DiSalle offered to replace Eric Johnston as wage-price stabilizer.

WASHINGTON—President Truman held two quiet talks recently which make it appear he personally is directing the Democratic "Stop-Kefauver" campaign.

It happens that Illinois is a long way from Connecticut and that McMahon is a Catholic. And since never before in American history has a Catholic been elected President, and since McMahon never has even dreamed of running for the presidency, it's obvious that the Illinois primary campaign is part of the carefully laid plot to "Stop-Kefauver."

Kefauver's Hurdles
All of which will make Illinois perhaps the most interesting political testing ground in the nation when the primary takes place there April 8.

Have a Laugh

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

If I saw the hand shown today in an ordinary game at a bridge club or at a friend's home, I'd dismiss it from my mind without a second thought. My silly mistakes are a dime a dozen, after all.

As it happened, however, the hand was played in the European championships last year, and every player at the table was a national champion. A mistake made by such a player is worth a second look.

Table with columns: NORTH, WEST, EAST, SOUTH (D). Includes card symbols like ♠, ♣, ♦, ♠ and numbers 1-4.

turn a trump from dummy to finesse, the ten. A single trump finesse would, however, do no good. Declarer therefore finessed dummy's queen of diamonds. If the finesse worked, he would be able to discard both of his losing spades; and that would really do him some good.

Now South led the queen of hearts from his hand. This was the correct play. Anything would be correct if each opponent had two trumps. If the trumps were 3-1, however, the lead of the queen would work wonders provided that the singleton happened to be the jack.

CARD SENSE

Q—You are vulnerable against non-vulnerable opponents. The bidding has been:
West North East South
1 Diamond Double 1 Heart 2
You, South, hold: Spades 10-9-5, Hearts Q-7-4-2, Diamond 3, Clubs

THE STORY: Janet Logan, wife of the aging and failing Dr. Gus Logan, is trying to shake off her attraction toward the youthful Peter Surinov, biophysicist doing atomic medicine research at Angell's hospital.

Q—Why do Florida rivers and lakes sometimes disappear?
A—This happens when the rivers break through their soft limestone beds and flow into underground channels.

Bouncing Boy Falls Five Floors, Bounces
NEW YORK (AP)—Seven-year-old Albert Magee, bouncing on his bed Sunday night, went right out a nearby fifth-story window—and bounced right up when he hit the ground. He walked away.

WASHINGTON COLUMN

Total Bill Can't Be Reckoned For Our Arms Aid To Europe

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—Nobody in Washington can tell what the total bill on American aid for European rearmament is going to be.

W. Averell Harriman, head of the U. S. Mutual Security Agency and American representative on the temporary North Atlantic Treaty Organization Committee which surveyed the European arms program, has recommended that the situation be reviewed annually.

The other two men who served with Harriman on the committee making this recommendation to NATO were Sir Edwin Plowden of Britain and Jean Monnet of France.

This committee will go into session again at the end of January to complete its report for the NATO conference now scheduled to be held in Lisbon in mid-February.

Exact figures on each European country's military budget cannot be given for obvious reasons of security. But in round numbers, it can be stated the defense budgets for all the European countries total about \$13,000,000,000 a year.

On this basis, the gap between requirements and actual outlay will be about \$8,000,000,000 a year for the next three years.

The United States this year is supplying \$6,000,000,000 worth of military and economic assistance for Europe. President Truman had asked for \$7,000,000,000, but Congress cut down the figure.

The result is that Europe is short about \$2,000,000,000 a year in meeting its rearmament goals.

Under the plan for an annual review of the situation as outlined by Harriman and his fellow committee men the Europeans apparently will see what they can do. Maybe they can do more in coming years, and close the gap somewhat.

From the American standpoint, it means that after each annual review, the American Congress and taxpayers apparently will be presented with a bill for the deficit.

What the size of the deficit will be for the fiscal year ending June 30, 1953, is indicated in President K-Q-6-3-2. What do you do?

TODAY'S QUESTION
The bidding has been:
South West North East
1 Heart Pass 1 Spade 2 Clubs
You, South, hold: Spades 7-5-2, Hearts A-K-J-9-4, Diamonds K-J-8-3, Club 4. What do you do? Answer Tomorrow

your motion is premature. There is still a further point of discussion, Dr. Logan. I suggest that your sympathies with Peter Surinov are deeper than we think!

"You better say what you mean, Cota," he warned.

"I think you're the one who's going to have to make yourself clear, Dr. Logan. Whether you like being on trial or not, I'm afraid that's where this piece of paper puts you."

DR. LOGAN'S hand clutched his left lapel, hung from it until the cloth gave way with a small sound. He put his free hand up ward of the faces and bodies that crowded him, whose breaths on his face used up the breath he needed in his lungs.

Pelletier got up and followed Logan. In the hall, he saw the stricken man slip reach into his pocket, saw him slip the pill into a face contorted and motionless with pain.

Truman's new budget message to Congress. For the year ending June 30, 1954, which President Truman says is to be the big year of the Mutual Security effort, there is no telling what would be asked for.

The way the old Marshall Plan was conceived and presented, it was to be a four-year job with a total cost of \$17,000,000,000.

That still was a lot of money. But it was something definite to plan on, like a mortgage on a house. It might not get any smaller, but at least it couldn't get any bigger.

The way this Mutual Security plan is organized, on an open end basis, nobody knows what the total cost will be. It is strictly a cost-plus contract type of job, with the emphasis probably on the plus.

This may be more honest than trying to guess in advance that the job of making Europe self-defensible can be done for \$25,000,000,000 or \$30,000,000,000 in three years, then asking for more money if necessary.

Nobody knows what the international political situation is going to be, even day after tomorrow. If the world should suddenly be turned into a shooting gallery with atomic bomb sound effects, \$25,000,000,000 of course would be just pin money.

In each annual review of the NATO security program, says Harriman, a new decision will be taken on whether defense rearmament should be accelerated, continued at the same speed or slowed down.

The original idea of completing European rearmament by 1954 has therefore lost its original significance.

It has been estimated that the rat population of the United States is equal to the human population.

Most teen-agers don't realize that in a few years they will be as dumb as their parents.

"I think you're the one who's going to have to make yourself clear, Dr. Logan. Whether you like being on trial or not, I'm afraid that's where this piece of paper puts you."

"I think you're the one who's going to have to make yourself clear, Dr. Logan. Whether you like being on trial or not, I'm afraid that's where this piece of paper puts you."

"I think you're the one who's going to have to make yourself clear, Dr. Logan. Whether you like being on trial or not, I'm afraid that's where this piece of paper puts you."

"I think you're the one who's going to have to make yourself clear, Dr. Logan. Whether you like being on trial or not, I'm afraid that's where this piece of paper puts you."

"I think you're the one who's going to have to make yourself clear, Dr. Logan. Whether you like being on trial or not, I'm afraid that's where this piece of paper puts you."

"I think you're the one who's going to have to make yourself clear, Dr. Logan. Whether you like being on trial or not, I'm afraid that's where this piece of paper puts you."

Permian Basin Oil And Gas Log-

(Continued From Page One)
making hole below 7,525 feet in line.
It is due to continue in a bottom of 7,525 feet, unless it develops commercial production before reaching that point.
Top of the Pennsylvanian lime reef is at 7,258 feet. Elevation is 2,286 feet.
Location is 660 feet from east and 1,980 feet from south lines of section 78, block 20, Lavaca Navigation survey. It is five miles north-east of Vincent and just inside the west lines of Scurry County.

feet. That formation was topped at 9,345 feet, elevation 2,674 feet. It also will be two miles southeast of production in the Barnhart-Ellenburger field.

North Brewster Wildcat Develops Good Gas Blow

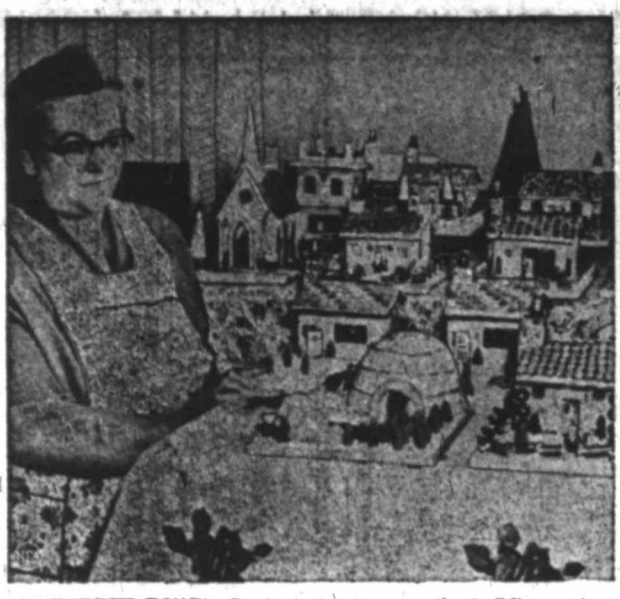

Gas has been flared at Woods Oil & Gas Company No. 1 Decie, wildcat in North Brewster County.
Unofficial sources say it has not been determined from which section the gas is coming from. This project is being drilled "tight."
According to unofficial sources, the total depth is below 7,100 feet. The same sources say circulation has been lost. Hole is dry, with no new oil or drilling material in the hole.
Volume of the gas has not been estimated, but the flare is burning with a 12-foot flame.
It is understood that operator plans a series of tests as soon as circulation is regained in order to localize the gas zone.
Location is four miles west of Marathon and 660 feet from north 330 feet from west lines of section 47, block 4, GC&SF survey.

Atlantic Slates 9,500-Foot Test IN SE Reagan

In extreme Southeast Reagan County, The Atlantic Refining Company spotted location for a 9,500-foot Ellenburger test.
It will be drilled 660 feet from south and 1,980 feet from east lines of section 19, block 48, University survey as No. 1-C University.
Site is approximately one mile east of J. C. Ratliff & O. A. Bourg No. 1-A University, failure in the Ellenburger on total depth of 9,510

Geologists, Landmen, Will Hold Meetings On Monday Night

Meetings are to be held Monday night by two oil industry organizations of Midland.
The West Texas Geological Society will be at the Junior High School Auditorium, starting at 8 p.m. The Permian Basin Landmen's Association will have a dinner and a program at the Blue Star Inn. That affair will begin at 7 p.m.
Dr. Edmund M. Spieker, chairman of the department of geology at Ohio State University at Columbus will address the geologists.
The Dinosaur Geological Time.
His subject will be, "Mountain-Building Chronology and the Nature of the Geologic Time Scale."
Another item on the WTGS program will be the selection of nominees for two business representatives in the American Association of Petroleum Geologists from the South Permian Basin district.
Names of all persons nominated will be certified to the AAPG headquarters at Tulsa and that office will distribute mail ballots for the election.
Represents AAPG
West Texas Geological Society is the regional affiliate of the national association and is serving as the representative of that organization in handling the nominating matter.
L. E. (Ed) Patterson, president of the WTGS will preside at the Monday night meeting.
Subject is "Vacancies"
The Permian Basin Landmen's Association will hear an address by W. E. Whitcomb of Houston who is an official of Standard Oil Company of Texas.
His subject will be "Vacancies." The address will follow the dinner.
Jesse V. Lindsey, president of the group will preside at the meeting.

SWEETEST TOWN—Candy and cake were the building materials Mrs. Emmanuel Trinklein of Frankenmuth, Mich., used to build this tiny town. Roofs are shingled with cookies, nuts, candy and frosting. Mrs. Trinklein built the mouth-watering display for use in a church program.

Monahans Bank Leader To Assume Presidency Of Chamber At Banquet

MONAHANS—Charles Switzer, president of Monahans' First National Bank, will be introduced as the new president of the Monahans Chamber of Commerce and other incoming and outgoing officers will be honored at the annual membership banquet of the Monahans chamber Tuesday. Switzer will succeed James P. Simmons, executive vice president of the First State Bank of Monahans.
Other officers for 1952 will be Glenn Ratliff, vice president, and J. L. Pinkerton, treasurer. John B. Zachry is the chamber manager.
Dr. D. M. Wiggins, Texas Tech

president, will be the principal speaker. Special entertainment will be presented by Lewis Zafran, assistant traffic manager of Pioneer Air Lines, of Dallas. Zafran is one of the nation's foremost amateur magicians.
In addition to the principal officers, the following 1952 directors will be introduced: B. F. Bulls, T. D. Meacham, Clarence Williams, C. J. Middleton, Gerald O'Quinn, Mrs. Alma Hale, and Sidney Nicks. Outgoing directors of the chamber are James Erwin, H. J. Asher, Phil Tripp, and Dick Ream.
The chamber banquet will mark the tenth anniversary of the Monahans community organization. The chamber was organized Feb. 12, 1942. Fifty out-of-town guests will join 200 Monahans civic leaders in commemorating the occasion.

Mabee Sells Minerals Under Andrews Tract For \$1,000,000 Cash

Sale of 13.16ths of the mineral rights under one section of land in Southeast Andrews County for \$1,000,000 has been reported.
The sale was made by John Mabee of Tulsa and Midland to The Texas Company. The section is outside of the proven area for production in the Mabee field.
Mabee owns a 106-section ranch in Southeast Andrews, Southwest Martin and Northwest Midland Counties. The acreage involved in the sale is out of that ranch.
The tract on which the minerals were sold is reported to be approximately 15 miles north of the city of Midland.

Traffic Deaths Drop In Texas As Weather Curtails Motoring

By The Associated Press
Only five persons were reported killed by Texas motor vehicle traffic over the weekend as a change in weather apparently kept motorists off the streets and highways.
Two persons were shot to death. Jeanette Stead, six, and Jay D. Davis, 56, were killed at Waco when their car and an ambulance collided.
A two-year-old Lorenzo child, David Moore, was injured fatally at Lubbock when his uncle accidentally backed a car over him.
Between Sherman and Belts, an Arkansas resident was killed Sunday in a two-car, head-on collision. Killed was Roy Tatum, Lewisville, Ark.
Roscoe Willis, 34, a negro, died in a Fort Worth hospital Sunday after being shot by a policeman earlier in the day. Police wanted to question Willis regarding a \$1,000 narcotics robbery. They shot when he attempted to run.
In Brownfield, examining trial was set Monday for D. E. (Ed) Wickson, 36, charged in the fatal shooting of his estranged wife.

Little Loss Results In Two Midland Fires

Firemen answered two calls Sunday and early Monday but little damage was reported.
A small fire, of undetermined origin, caused slight damage at the home of A. C. Shaw at 424 Shandon Street.
Early Monday, a passerby reported the H&H Food Store, 605 West Texas Street, was filled with smoke. Firemen traced the smoke to an overheated motor.

Downing Addresses Hereford Breeders

Chamber of Commerce Manager Delbert Downing left Monday morning for Fort Worth, where he will address a banquet session at the annual convention of the Texas Hereford Association at 6:30 p.m. Monday. He will return to Midland Tuesday.

Livestock

FORT WORTH — (AP) — Cattle 1,300; calves 900; slaughter cattle steady, some cows stronger. Slaughter calves and stocker cattle and calves active and strong. Good and choice slaughter steers and yearlings 30.00-33.50; common and medium 21.00-29.00; beef cows 20.00-24.00; good and choice slaughter calves 30.00-33.50; common and medium 21.00-29.00; medium to choice stocker calves 26.00-35.00; medium and good stocker steers and yearlings 26.00-32.00; stocker cows 22.00-29.00.
Hogs 1,900; butcher hogs 25 higher, sows and pigs steady; good and choice 180-270 lb. butchers 18.25-50; good lighter and heavier hogs 16.50-18.00; sows 14.00-15.50; feeder pigs 10.00-14.00.
Sheep 2,000; slaughter lambs steady to strong; other classes steady; choice woolled slaughter lambs 29.00; good and choice shorn slaughter lambs 27.00-50; good shorn slaughter yearlings 20.00; feeder lambs 20.00-27.50.
American Indians used toten poles for tombstones as well as for idols. Ashes of cremated braves were placed in the poles.

West Germans Ask NATO Membership As Price Of Troops

PARIS—(AP)—The West Germans say they will not furnish troops for Western defense unless they are allowed in the North Atlantic Treaty Organization.
Their surprise demand for NATO membership, made Sunday night at a meeting of West European foreign ministers, interrupted the six-nation talks on a unified European army.
The snag came as the European diplomatic chiefs announced agreement on broad outlines and fundamental principles of a one-uniform army to function within the North Atlantic setup.
The West German delegate, State Secretary Walter Hallstein, insisted Germany either should be brought into NATO immediately or, if this were not feasible, should be given a pledge of membership later. If membership were postponed for political reasons, he demanded an interim system which would protect Germany's rights.
Hallstein's demand, brought up during discussions of the proposed European army's relationship with NATO, rocked the foreign ministers from France, Italy, Belgium, Holland and Luxembourg. They shelved the demand temporarily, pending study of the German bid by their home governments.
The ministers had hoped to finish a draft treaty for the European army at this meeting. Now they face another conference some time before February 16, when the NATO Council opens its sessions in Lisbon.
The German problem was lumped with other matters still unsettled, including the duration of the army treaty and supervision of the army's common budget.

Gets Black Eyes For Being Nosey

DALLAS—(AP)—Dave Martin, 69, awoke Sunday night to observe a middle-aged burglar in his room. "What are you doing?" Martin asked.
"None of your business," replied the man as he put Martin's pants back on a chair.
Martin pointed out that room and pants were his.
The burglar was enraged and a fist fight followed.
Martin got two black eyes for being nosy.

Lynch Davidson, Former Lieutenant Governor, Dies

HOUSTON —(AP)—Former Lt. Gov. Lynch Davidson, 79, died at his home Sunday after a long illness.
Davidson, who had centered his vast lumber interests here since 1879, retired from public office in 1923.
He began his public career in 1918 as a member of the State House of Representatives, later was a member of the State Senate, and was elected lieutenant governor in 1920.
Davidson organized the Southland Lumber Company, which did retail business in Texas and Oklahoma, and the Mardex Lumber Company, a lumber manufacturing company which operated timberlands, sawmills and a railroad in Polk County.
In 1923 Davidson consolidated his interests into Lynch Davidson & Company.
Glen Casey Heads Palomino Exhibitors
FORT WORTH—(AP)—Glen Casey of Amarillo has succeeded Bob Lucas of Fort Worth as president of the Texas Palomino Exhibitors Association.
Casey was named Sunday at a meeting of the organization held in connection with the Southwestern Exposition and Fat Stock Show.
Clyde K. Carter, Fort Worth, was elected first vice president, and Glen W. Sams, Fort Worth, was named second vice president.
Dr. O. H. Alexander, Terrell, was succeeded as secretary-treasurer by Fred Parnell, Mineral Wells. Parnell publishes the Palomino Magazine.

Giant B-36 Lands In Muddy Field

SALISBURY, ENGLAND—(AP)—U. S. Air Force engineers began laying a steel mesh runway Monday to carry a huge B-36 bomber out of a muddy field where it landed by mistake.
The stranded 179-ton giant was one of five which flew in early Sunday from Fort Worth, Texas, on a training mission.
Four came down safely at the nearby Boscombe Down Airfield despite poor visibility. The pilot of the fifth, being "talked down" by a ground radar operator, came in too low and touched the ground almost 1,000 yards short of the runway.

Aged Eccentric, Planning Repeat Performance Of Own 'Funeral' Faces Competition

BURLINGTON, COLO.—(AP)—A huge dinner, which Jim cooked himself, followed.
Another event in the area is threatening to "mess up my plans" this year, he said.
"I put a notice in the paper that I was going to have a service June 1," he explained. "So what do they do, but they schedule the dedication of this dam for that day!"
The dam is Bonyon Dam, a Reclamation Bureau project.
"I suppose I'll have to put my services off for a week on account of this," he said. "It would serve them right, though, if I went ahead with my plans and took the crowd away from them."
Since last year's "services," Jim says he has had 315 letters from women all over the world—some of them "hinting strongly" at marriage.
"Not bad for a man almost 75 years old, eh?" he boasted. "Some of them sent pictures which didn't look bad at all." But, he added, "I'm not taking any of them too seriously."
He keeps himself busy "just putting around" and talking to all the people who come along and hint that they'd like to see the casket which is stored in the basement.
"Generally I tell them that if they weren't interested enough to see it at my funeral," he said, "they're not going to get the chance till I run another service."

Navy Identifies Air Crash Victims

PORT CHICAGO, CALIF.—(AP)—The pilot and a civilian technician died and another man was hurt in Saturday's fiery B-26 crash near the naval ammunition dump here.
McClellan Air Force Base, Sacramento, home field of the two-engine attack bomber, identified the dead as:
Lt. Lewis E. Hudson, 26, Sacramento, the pilot.
Robert Gordon Weems, 33, North Sacramento, an Air Force Base employe.
The injured man, treated at Mare Island Navy Hospital for bruises after he was thrown from the plane, is Walter F. Hallett, Sacramento, another Air Base civilian employe.
To produce 27 pounds of nickel, 2,000 pounds of ore must be mined and processed.

Now TRY THIS For CHILD'S COUGH

For coughs and bronchitis due to cold you can now get Creomulsion specially prepared for Children in a new pink and blue package and be sure:
(1) Your child will like it.
(2) It contains only safe, proven ingredients.
(3) It contains no narcotics to disturb nature's processes.
(4) It will aid nature to soothe and heal raw, tender, inflamed throat and bronchial membranes, thus relieving the cough and promoting rest and sleep. Ask for Creomulsion for Children in the pink and blue package.
CREOMULSION FOR CHILDREN
relieves Coughs, Chest Colds, Acute Bronchitis

DADDY RINGTAIL

Daddy Ringtail And The Black Dot

Daddy Ringtail, your monkey friend, one day was walking along the Elephant Path, there in the middle of the Great Forest. Suddenly there in front of him on the side of a tree he saw a very peculiar

something. The something was a black line which was drawn like a circle upon the tree. Inside the circle was another black line like a circle, and inside the second circle was still another one. In the very middle of all the circles was a black dot, and right in the middle of the black dot and the arrow in it, were these words: "ARCHIE ARCHER WAS HERE."

"Hmmm!" said Daddy Ringtail to himself, because he wondered who Archie Archer was. Well, Daddy Ringtail didn't know who Archie Archer was, or what he was doing drawing circles on a tree, and a black dot, and shooting an arrow in it. "Hmmm!" It was all quite a mystery, but — Daddy Ringtail reached in his own pocket for a black piece of chalk, and upon the tree he wrote these words: "DADDY RINGTAIL WAS HERE TOO."

Then Daddy Ringtail walked away in great thought, wondering and wondering about the mystery. He hadn't walked far when again he saw a curious something upon a tree. The something was black circles, just as before. Right in the

middle was the black dot with the arrow in it. And again these words were written: "ARCHIE ARCHER WAS HERE."

Well, again Daddy Ringtail did not know just who Archie Archer was, but Archie must be someone who knew very well how to shoot a bow and arrow. Oh my yes! The arrow was stuck in the very middle of all the circles and the black dot, remember. No doubt about it. "ARCHIE ARCHER WAS HERE." But no doubt about a something else: "DADDY RINGTAIL WAS

HERE TOO." And so Daddy Ringtail wrote these words with the black chalk upon the tree. But people who write their names in places very often get into trouble about it, and the trouble began when folks saw the words upon the trees, and the black circles, and the black dots with the arrows in them. The trouble happened for Daddy Ringtail and Archie Archer too, and that is the story I'll tell you tomorrow. Happy day! (Copyright 1952, General Features Corp.)

What is believed to be the largest forest fire in America occurred in 1825 in Maine and New Brunswick. It burned over three million acres and cost 100 lives.

Midland, Odessa Names Sprinkle List Of Persons Due Unclaimed Tax Refund Checks

At least six Midlanders are listed among the 2,500 Texans who Monday started splitting \$1,500,000 in unclaimed refunds on federal income tax paid in the Internal Revenue Bureau's North Texas district.

Tax officials have tried to find owners of the checks, which range from a few cents to almost \$2,500. Most of the unclaimed checks were returned because owners had moved. The post office cannot forward government checks unless a certified change of address has been filed.

The checks date back to 1944. Amounts due individuals cannot be published because of federal law.

Those seeking to claim checks should write or go in person to Room 560, Federal Bldg., Ervay and Bryan Streets, Dallas, and be prepared to supply the name used on tax returns, the year, address at that time, Social Security number and present address.

Midlanders appearing on the list and addresses at time of check mailing included:

Timothy M. and Flora Bradbury, Gen. Del., Midland.
Donald D. Burcher, Box 448, Midland.

Willie L. Denson, Gen. Del., Midland.
Paul and F. E. Deffenbaugh, 1809 Texas Avenue, Midland.
Many Odessans
Names of Odessans sprinkled the list. They included:
Donald F. Gracey, Odessa.
W. H. and Effie Bradley, Gen. Del., Odessa, Texas.
James M. and Donna J. Gillespie, 702 N. McKinney, Odessa.
John B. and Rosalee Hubbard, Gen. Del., Odessa.
James M. Hunt, Gen. Del., Odessa, 1944.
Orville L. Cohn, Gen. Del., Odessa, 1944.
Robert Lee and Gladys L. Baker, Odessa.
Harold and Una F. Baker, 108 S. Hancock, Odessa.
Clyde G. and Elvira Barron, Gen. Del., Odessa.
Liano A. and Margaret Boone, 318 Lindburg, Odessa.
M. E. and Allie Boyett, Gen. Del., Odessa.
Woodrow and Thelma Butler, Odessa.
William D. Calaway, Odessa.
Almada R. Calaway, Odessa.
Almada R. Callis, Odessa.
Elmo and Donna Clark, Gen. Del., Odessa.
Herbert Fowler Clif, 1613 N. Grant, Odessa.
Orville L. Cohn, Gen. Del., Odessa.
James T. and Kathleen Cook, Gen. Del., Odessa.
S. T. and Opal Fay Coulter, Gen. Del., Odessa.
Lowell Windred Crowder, 3532 W. Third, Odessa.
Charles Clifford Davis, Gen. Del., Odessa.
James and Ila G. Davis, Odessa.
Joe D. and Minnie Davis, Odessa.
Frederico de Hoyos, Box 384, Odessa.
Willie C. and Mary L. Duncan, Odessa.
Samuel D. and Adell Dus, Gen. Del., Odessa.
Harry J. and Wilda L. Ebers, Gen. Del., Odessa.

Bride's Suspicions Lead To Husband's Arrest For Murder

LOS ANGELES—(AP)—A bride of a week who says her husband's lies about another woman made her suspect he was a murderer Monday got the credit from police for cracking a month-old strangulation killing.

Officers said Robert L. Pennington, Jr., 31-year-old machinist, Sunday admitted slaying his former common law wife, Mrs. Helen Betts, 31, in a jealous rage last December 7 or 8.

He then led a party of police to a shallow grave in a flood-washed ditch, where the body was recovered. Later he was booked on suspicion of murder and jailed.

Pennington's bride, the former Mrs. Barbara Eras, 29, said her suspicions were aroused last week when she caught him in lies.

She said he told her Mrs. Betts was his wife and she died three months ago of a stroke after unavailing efforts by firemen to revive her. For "no logical reason," she became afraid and called the fire department to check. There was no record of the case.

Husband Confesses
Neighbors told her, she said, that Pennington told them Mrs. Betts had gone to Oklahoma City to visit her two children, who live there with her husband, Elmer Betts.

When she confronted Pennington with this, he admitted Mrs. Betts was not his wife but insisted she had gone to Oklahoma, she said.

When she visited Mrs. Betts' home in South Gate she found pajamas, clothes, bobby pins and cosmetics strewn around. "I didn't think a woman would leave things like that if she was going on a visit," she said.

Mrs. Pennington called police. After a four-hour grilling, Pennington told police he killed Mrs. Betts because she threatened to leave him for another man.

State Highway Engineer Greer, Aides Offer Competent Leadership, Program

AUSTIN—Keep capable leadership but at the same time offer the benefits of retirement to deserving personnel" is the motto of the State Highway Department.

Maintaining adequate strength at top-level posts presents an ever-present problem, but by constantly looking ahead to envision future needs this department has attracted some of the most capable engineering minds in the country.

Advance planning by this comparatively young department—it was organized in 1917—already has put into effect a retirement system whereby several of its pioneer members retired or went on limited service.

Highway Act of 1950, whereby Uncle Sam undertook to provide \$30,000,000 annually for various classifications of highway construction in Texas.

E. H. Thornton, Jr., Galveston attorney, is chairman of the State Highway Commission. Realizing that Texas' road system, particularly its aging and outmoded arterial highways, are inadequately financed, Thornton is working toward additions to the 16,000 miles of farm-to-market roads to relieve traffic on these main thoroughfares.

Other members of the Commission are Fred A. Wemple, Midland businessman, and Robert J. Potts, Harlingen engineer and former professor of highway engineering at Texas A&M College. Wemple is now serving the fifth year of his six-year term as Commissioner, while Potts is entering his third year of service.

Potts helped to write many of the laws under which the Texas highway system has developed.

John A. Waller, former district engineer at Del Rio, last year became chief engineer of construction and maintenance with headquarters in Austin. A native of Crockett, Waller joined the department in 1925 in Trinity County.

Assistant State Highway Engineer Thomas C. Collier has been with the department more than 24 years, serving in several capacities. He is from Troup.

D. C. Greer
ices in 1950, while men trained under them stepped into these higher positions to continue long-range plans for road-building in Texas.

At the helm as state highway engineer is Dewitt C. Greer, a veteran of more than 24 years with the department. Since he joined the department as assistant resident engineer at Athens in 1927, Greer also has served as division engineer at Tyler and as chief construction and design engineer at Austin. He has held his present post since 1940.

"Texas will continue its policy of speedily putting under the wheels of traffic the funds allocated for highways," promises Greer, who also is past president of the American Association of State Highway Officials and one of the pioneers in Texas' farm-to-market road system.

Mother's Gift-Lift Package Delivered To Own Son In Korea

LOS ANGELES—(AP)—Early last month, Mrs. Julia Pearson wrapped two big Christmas packages to send to Korea.

One she addressed to her son, Pfc. Chester Whismire, 28, of the Third Combat Engineers. The other was for the YMCA's gift lift for servicemen.

Inside the second package she put a card saying she hoped the soldier who received it would enjoy it. She signed her name to the card.

The one-in-a-million coincidence happened:

Her son wrote her, saying: "I got your package, Mom, but what a shock I got when I opened one of the gift-lift packages distributed to our outfit. It was from you, too."

Pilot Rides Skiff To Rescue Runaway Amphibian Plane

SEATTLE—(AP)—Howard Bothell rode a bucking outboard skiff to recapture his runaway amphibian plane Sunday.

Bothell, Auburn, Wash., auto dealer and pilot, was thrown through the windshield of the plane when a wing tip float collapsed while he was practicing landings on Puget Sound.

He was in the water half an hour while the aircraft, engine still roaring, cut capers around him in 200-foot circles.

The crews of four Coast Guard picket boats sent to the scene surveyed the situation and said they'd wait until the plane ran out of gas before attempting to board it. But Bothell, pulled from the water by an unidentified man, decided not to wait.

He set out in an outboard skiff with William A. McClure, another pilot, and Joe Ables, who lives nearby. Bothell was put aboard one wing tip but, burdened by clothing and a life jacket, was unable to climb to the cockpit.

So McClure and Ables took him off again. Then both Bothell and McClure climbed aboard the fuselage and Bothell throttled down the engine. Together they managed to bring the plane ashore.

Baby Girl Makes Surprise Debut Aboard Fast Train

EL PASO—(AP)—When the youngest member of the Edwin Heckathorn family made her world premier on a fast train Sunday all the attentions necessary were close at hand.

Aboard the Sunset Limited from Los Angeles, the Heckathorns were surprised at the infant's arrival. She was not expected for another week.

Trainmen put an emergency call through the cars and Dr. Frank X. Marino of New Orleans, La., came forward. Then came nurses Marilyn Moward of El Paso and Mrs. R. E. Donaldson of Jacksonville, Fla.

The baby was delivered in a Pullman compartment while the train was near Douglas, Ariz. Mrs. Heckathorn and the eight pound daughter were taken to William Beaumont Army Hospital on arrival in El Paso. Heckathorn is a private in the Air Force from Nampo, Idaho, stationed at Lackland AFB, San Antonio. Mrs. Heckathorn is from Oceanside, Calif.

U. S. Philanthropies Continue On Uptrend

NEW YORK—(AP)—American Philanthropic gifts and bequests totaled more than \$4,500,000,000 in 1951, a New York firm of fund-raising consultants estimates.

The John Price Jones Company, Inc., Sunday night said philanthropy continued an upward trend last year.

The company said its estimate was based on its twenty-first annual study of publicity announced gifts and requests in 10 big cities.

Leghorn, Italy, had a prewar daily shipping capacity of 17,500 tons.

MHS Cagers To Sweetwater Loop Contest Set Tuesday

Still fighting for a shot at the 1-AAA basketball crown after taking two of three conference games, the Midland High School Bulldogs invade Sweetwater Tuesday night for a game against the cellar-dwelling Mustang hoopsters.

Coach F. D. (Red) Rutledge Monday was worried about the outcome. "Sweetwater had a fine ball club there for awhile," he said, "but something happened when the conference games started. They'll probably be waging a desperate fight to win a loop game Tuesday night."

The Mustangs won 13 games before the conference season opened, and was considered a real title threat. But they now have dropped three family squabbles without coming close to a victory. This leaves the Sweetwater team with 11 losses to go with the 13 triumphs.

Midland, on the other hand, had only a won-lost record of 4-3 in non-conference play but defeated Big Spring and Amarillo and lost by only three points to league-leading Lubbock when the blue-ribbon games started.

Rutledge has named no starting lineup, but probably will throw Jesse Hatfield, Roy Kimsley, Corky Most, Spec Cuipepper and John Van Buskirk into the fray, along with Gwyn Orisham, Bob Johnson, Harold Paden, Robert Keisinger and perhaps others.

Sweetwater is led by Carl Anderson, six-foot, six-inch center who has tallied 418 points while playing in 21 games. A dead-eye shot, Anderson isn't too strong defensively nor too quick of foot—and it is these points Midland expects to work on in order to defeat the Mustangs. Probably, the MHS boys will be trying to break by the big Mustang stand-out last night.

The other Sweetwater starters are guards Joe Smith, 5-10 and Dalvin Jordan, 5-11; forwards Harold Green, 6-1 and Charles Wilson, an even six feet.

Sweetwater's 13 wins have been over Ballinger, 36-19; Coleman, 42-22; Hamlin, 45-33; Snyder, 27-26; Kerrville, 60-45; Port Worth Tech, 52-47; Merkel, 49-28; Comanche, 61-36; Winters, 46-37; Hamlin, 39-26; Ballinger, 56-48 and two wins over ACC prep school by 55-31 and 52-34 margins.

Losses were to Levelland, 47-29; Big Spring, 30-28; Snyder, 38-36; San Angelo, 61-46 and 40-38; Coleman, 45-44 and 62-46 and Pampa, 58-55, in non-conference games. In conference tilt, the Sweetwater team dropped games to Vernon, 43-33; Lamesa, 43-23 and Big Spring, 50-35.

The two school's B teams will play at 6:30 p.m. Tuesday in Sweetwater, just prior to the varsity clash.

Sauer Faces Big Rebuilding Job With Baylor Bears

WACO—(P)—The task of rebuilding the Baylor football team starts Tuesday afternoon when Coach George Sauer calls his athletes together for the first of 18 Spring practice drills.

Sauer, whose Baylor teams have won 15 games and tied one in their last 20 regular season-starts, readily admits that this will be the biggest rebuilding job he has faced in his 11 years of college coaching.

All-America Quarterback Larry Isbell, superb Ends Stanley Williams, Harold Riley and Bob Trout; Luke Welch, Ken Casner and Steve Dowden, standout tackles; and Gale Galloway, co-captain and linebacker, are but half of the departing seniors who must be replaced before the Bruins open their 1952 slate on September 27 with Wake Forest.

All told, Baylor lost six offensive starters, six defensive regulars, its kickoff man, its punter and several capable reserves.

Returns from Baylor's Orange Bowl team which has finished second the past two years in the Southwest Conference include Bill Athey, the stickout guard; Placekicker and Linebacker C. O. Roberts; Defensive End Ronnie Black and Fullback Richard Parma.

Highlights of the Spring sessions will be some personnel changes contemplated by Coach Sauer.

"We're going to do lots of experimenting," said Sauer. "We'll have several boys working at positions other than those they played last fall on the Baylor varsity or freshman teams. Until we've had an opportunity to take a look at these players at their new positions, we'd rather not comment on specific changes. We must find some good replacements for several key positions if we are to compete against the rugged opponents on our 1952 schedule."

Freshmen Backs Sauer also predicted that such promising freshmen backs as Charles Smith of Mount Pleasant, L. O. Dupree of Texas City, Allen Jones of Clyde and Buddy Jones of Hot Springs, Ark., among others will furnish stiff competition for the Bruins' leading running backs of 1951—Jerry Coody, Dick Parma, Don Carpenter and Mickey Sullivan.

The longest touchdown run from scrimmage by a Baylor back in 1951 was Larry Isbell's 39-yard jaunt against Tulane. Allen Jones, a sprinter, made several longer gallops for the 1951 freshmen.

Jimmy Davenport, six-foot, four-inch sophomore from Ballinger, and Frank Peschel of Orange, up from the freshman ranks, are considered the leading quarterback candidates.

Sauer figures his chief offensive worries are of the guard, ends and quarterbacks. "Defensively, we must replace Ken Casner and Luke Welch at tackles, Bob Trout at end and Dick Calhoun a guard. And we'll be looking for another Gale Galloway (linebacker) and another Bob Reid (safety man)," added Sauer.

SIGNS CONTRACT—Dick Todd, right, former Texas A&M backfield great, chats with Herman Ball, chief scout for the Washington Redskins, after he flew into Washington from Texas. Todd signed a one-year contract with George Preston Marshall, owner of the Redskins, a little while later.

We've heard of—and seen—fighters who would take three punches to get in one, but until Saturday night we'd never seen a mittman willing to allow his foe to blast at him at will on the theory the attacking fighter would completely tire himself out. Especially, if the man carrying the fight happened to be a known knock-out artist as was Odessa's Jack Freeman, heavyweight.

But in Odessa Saturday night, one Bruce Smith, 185-pound Pecos brawler, did just that.

Smith, probably around 30 years old, just stood around the first round and allowed the eager 18-year-old Freeman to pop it to him. Against the ropes in his own corner and taking a seemingly one-sided beating from Freeman, Smith finally turned to his handler and said: "I ain't hurt, I'm just lettin, him wear himself out."

In the second round, it was more of the same. Near the end of the round, Smith walloped on the ropes apparently near being knocked out. But he lashed out just as the bell sounded—after it sounded, according to officials—and hit Freeman with a brutal right to the jaw. The ex-Odessa fullback stiffened, his eyes glazed and he flopped forward to the canvas, all 185 pounds of him completely out.

Since this blow came after the bell, Freeman was given a five-minute rest and then the bout continued. He resumed his pounding of Smith—and the Pecos fighter again played "possum" until the last possible moment. Then he again fetched Freeman a crushing right, and the Bronco footballer was hanging on at the end.

Smith, Freeman got the decision, because he carried the fight and he landed about four blows all night—because that's all he tossed.

When the decision was announced, the rubber-legged Freeman hardly could exit from the ring. Smith—who must have been hit 200 times—was dancing in his corner, a very rugged young man who gambled on a few punches and lost. But not by very much.

Lamesa is out front in the 1-AAA basketball race, but we don't think the Tornados will escape conference play unscathed. Midland lost to Lamesa team by only three points, and is capable of defeating it, by playing good ball. Big Spring lost to Midland by a lone point once and by two points once (the latter non-conference) and also might upset the Tornados.

Only Two Major Teams Undefeated

NEW YORK—(P)—Down, down goes the list of major unbeaten college basketball teams and Monday there were but two quintets in the nation with unblemished marks—Duquesne and St. Bonaventure.

And on February 11, assuming the two continue their winning ways, there will be only one because they meet on that date. Duquesne won't have it easy starting Monday night, though, when it shoots for No. 12 against Villanova. The Dukies then face Baldwin-Wallace Tuesday and Akron Wednesday.

The Bonnies, with 12 in a row, aren't scheduled to play until Saturday, when they tangle with Loyola of Chicago.

At the rate the mighty have been biting the dust, it will be surprising, indeed, if the season produces one undefeated team.

Illinois and Kansas, running Nos. 1-2, respectively, in last week's Associated Press poll, were on the outside looking in after seeing their proud skins smapped Saturday night. De Paul polished off Illinois, 69-65, and Kansas State thumped Kansas soundly, 81-64. Illinois had won 11 straight and Kansas 13.

K-State On Top The defeat of Kansas has the most significance. The Jayhawks were engaged in a nip-and-tuck battle with State for the Big Seven lead. Both showed 3-0 marks in the league until the game. Now K-State boasts 4-0 to 3-1 for its rival. They have another date at Lawrence on March 7, so Clyde Lovellette and Company will have a chance to re-oupp.

No other team has a chance in the Big Seven race. Illinois' setback meant nothing other than breaking its streak. The Illini still are undefeated in the Big Ten with a 4-0 slate compared to 3-1 for second-place Iowa, which lost its first game last Monday.

Illinois has two games on tap this week. Purdue Monday night and Ohio State Saturday. On the basis of past performances, the league leaders should have no undue trouble with either.

In the Missouri Valley, it's beginning to look as though St. Louis, which has been the bridesmaid to Oklahoma A&M for two years, will come through this time. St. Louis took care of its tormentors Saturday, 46-40, and now shows a 4-0 record in league play compared to the Aggies' 2-1.

In the Southeastern and Southern Conferences, nothing has happened to upset the leaders, namely, Kentucky and North Carolina State, except a couple of close games which may or may not indicate trouble ahead.

Kentucky Fared Kentucky, undefeated with a 6-0 record, had to go right down to the wire to defeat Alabama, 71-67, while NC State (5-0) was forced into an overtime game emerging with a 58-53 decision over North Carolina. Florida is Kentucky's closest pursuer with 5-1 and West Virginia is hot on the Wolfpack's trail with 6-1.

Lloyd Mangrum Finishes On Top In Phoenix Open Meet

PHOENIX, ARIZ.—(P)—Money is nothing new to Golfer Lloyd Mangrum, but Monday he treasured a distinction which hadn't come his way before.

That was a victory in the \$10,000 Phoenix Open—and a \$2,000 check to commemorate the event.

Mangrum, one of the best gallery attractions in the sport today, made off with his initial triumph Sunday when he finished the 72-hole tournament with a 10 under par 274.

He had gone into the final round, after scores of 68-69-67, three shots in front of Ted Kroil, and four in front of Julius Boros.

After a few holes Kroil was out of top contention and Boros, the previous leader, was threatening the

dasher Mr. M. Mangrum and Boros kept up their duel until the sixty-seventh hole, when Boros began to come apart at the seams. And completely unnoticed, E. J. (Dutch) Harrison, slipped in with a beautiful 67 for second place and \$1,400 in prize money.

Boros wound up with a 73, and tied for fourth with Cary Middlecoff, Memphis, and Fred Hawkins, El Paso, at 281.

Sandwiched in between Harrison and the 281 group was Kroil, with a 73 for 280 and a \$1,000 payoff.

Jack Burke, Jr., and Jim Ferrier, tied at 282 for \$460 apiece. The money winners stretched on down to the 289 shooters.

Davey Williams Indicates He May Quit Giants, Game

DALLAS—(P)—The fellow who's expected to replace Eddie Stanky in the affections of New York Giants fans has been giving thought to quitting baseball.

If he doesn't make the grade this season, he may do it, too.

Strange talk for a youngster getting such an opportunity.

But Davey Williams is quite serious about it.

Eddie has become manager of the St. Louis Cardinals.

Williams has been labeled by Manager Leo Durocher of the Giants as a "good replacement" for Stanky, keyman in the New York surge to the National League pennant last summer.

Williams has been labeled by Manager Leo Durocher of the Giants as a "good replacement" for Stanky, keyman in the New York surge to the National League pennant last summer.

Williams has been labeled by Manager Leo Durocher of the Giants as a "good replacement" for Stanky, keyman in the New York surge to the National League pennant last summer.

Williams has been labeled by Manager Leo Durocher of the Giants as a "good replacement" for Stanky, keyman in the New York surge to the National League pennant last summer.

Yankees Sign Two Beaumont Hurlers

NEW YORK—(P)—The New York Yankees Monday announced receipt of the signed contracts of three pitchers—two of them rookies who won 31 games between them at Beaumont in the Texas League.

The yearlings—right-hander Harry Schaeffer and Tom Gorman—have been requested to report to the Yankees instruction school in Lake Wales, Fla., for a week's pre-training period starting February 15. Bob Hoque, a reliever, who joined the Yanks on August 23 last year, also is in the fold. He formerly was with Dallas.

Schaeffer won 19 games and lost nine for the Reporters and had an earned run average of 2.58 in 261 innings. Gorman, used mostly in relief, had a 12-8 record during one stretch. The Valley Stream, N. Y., hurler, tossed 42 consecutive scoreless innings; to set a Texas League record. He topped the circuit with a 1.94 earned run mark.

Santa Anita has a rule that no entry shall be received of any horse not stabled on the grounds, unless approved by the Racing Secretary or Stewards.

Two City League Games Set Monday

Play resumes in the Midland Jay-Cee Independent Basketball League Monday night, with Borden's playing the JayCees in the first game at 7:30 p.m. and Phillips Petroleum Company going against Shell Oil in the nightcap.

The Borden's-JayCee battle is important, as the two teams are fighting for the fourth slot in loop standings and a playoff position.

The JayCees have two wins and four losses, while Borden's has won two and dropped five. Borden's, however, won a 51 to 18 game against the JayCees earlier in the year.

But Borden's will be without high-scoring Howard Price, who suffered a back injury and may be out for the rest of the season. The improving JayCees could make a scrap of it.

Phillips will be favored to take Shell, even without its three Phillips 66 stars, who probably won't play against the Shell team. Last time—without the ex-66'er stars—Phillips won 25 to 19. Shell is firmly settled in the cellar, winless in seven starts.

Two Colts have signed. The first was Ken Kowalik, outfielder. Cotton Russell, who in the past has dickered with the outfield, infield and pitching, also inked a pact. He is a concentrate on the outfield or a first baseman's job with San Angelo this year.

Both Sherman And Ardmore To Enter Sooner State Loop

SHERMAN—(P)—Ardmore, Okla., and Sherman both will have teams entered in the Sooner State Baseball League.

League directors made the announcement Sunday after Ardmore was awarded a franchise previously withdrawn from Seminole, Okla.

Several weeks ago, the old Ardmore franchise was moved to Sherman.

Other bidders for the Seminole franchise were Duncan, Okla., and Gaineville, Texas.

A 140-game schedule, beginning April 17, was adopted.

MacPhail Heads For Maryland Race Tracks BALTIMORE—(P)—Larry MacPhail, the man who put sparks into Big League baseball diamonds with amazing success, was set Monday to brush off some of his magic on Maryland's horse racing turf.

Mary Lena Faulk Cops Fem Tourney

MIAMI, FLA.—(P)—Mary Lena Faulk, 29-year-old shotmaker from Thomasville, Ga., is the new Helen Pheasant Women's Amateur Golf Champion.

Miss Faulk won the 30th annual tournament Sunday with a 2 and 1 victory over Mary Ann Downey, Baltimore.

Miss Faulk took the lead at the start of the 36-hole finals and was 2-up at the end of 18 holes but Miss Downey won the seventeenth and eighteenth to trim her advantage to a single hole at the end of the morning round.

Miss Faulk was 4-up at the end of 28 holes of play and held that edge until Miss Downey won the twenty-ninth. The Georgia girl won the thirtieth but Miss Downey rallied to win the thirty-second and lock the thirty-third when Miss Faulk missed a four-foot putt.

Rickey Says Negro Players Will Be Common Occurrence

BUFFALO, N. Y.—(P)—Branch Rickey, general manager of the Pittsburgh Pirates, said he "was not at all surprised" at the recent announcement Dallas of the Texas baseball league would use negro players if any would be useful to the team.

"The day is fast coming when nobody will ask about a player's color" any more than they do now about his nationality," he said Sunday night in an interview.

Rickey started the baseball world in 1946 when he brought the first negro player—Jackie Robinson—into organized baseball at Montreal.

Sam Snead Second In Panama Tourney PANAMA—(P)—Sammy Snead was \$750 richer Monday after finishing second to Argentine's Roberto De Vicenzo in the Panama Open golf championship.

Midland Horse Wins

Scharbauer J., owned by Clarence Scharbauer, Jr., of Midland won first for geldings foaled in 1949 or later at the Southwestern Exposition and Fat Stock Show Saturday.

Since the World Series was inaugurated the American League has won 31 times and the National League 17.

**Ex-President Urges
Congress Re-Survey
Of Foreign Policies**

NEW YORK —(AP)—“Dangerous overstraining” of American economy and continental Europe’s “inertia” in rearming, Herbert Hoover says, make it advisable that Congress reconsider U. S. foreign policies.

The former President, calling for a study of alternative actions, proposes that American ground forces eventually be withdrawn from Europe while this country concentrates on air and sea power. He said an exception would be made for those U. S. forces needed to protect American air bases outside Atlantic Pact nations.

Hoover’s appeal that Congress recalculate the “risk of war or economic degeneration” was made Sunday in a nation-wide television and radio address over the Columbia Broadcasting System.

He indicated that such a restudy of national policy would amount to the re-opening of “the great debate” of a year ago in the light of events that have happened since.

In December, 1950, Hoover joined in that foreign policy debate in a speech in which he summoned Americans to defend the Western hemisphere as a “Gibraltar of freedom.”

Recommendations in Sunday’s speech closely paralleled those Hoover made in late 1950. These, in essence, would leave European allies to concentrate on ground forces while the United States and Britain built air and sea striking power. The U. S. also would provide its friends such munitions as it could afford, but it would forego a large ground army so as not to risk endangering the national economy.

**13 Persons Missing
In Apartment Blaze**

MINNEAPOLIS —(AP)—Thirteen persons were missing Monday, seven hours after flames roared through a three-story business and apartment building on the edge of the Minneapolis Loop.

Authorities expressed most concern over eight of these unaccounted for. The remaining five were believed safe.

No bodies had been recovered at 11 a. m. The roof had collapsed over part of the building, hampering search efforts.

Most fear was felt for five members of the William Lahti family and three members of the Francis Smith family. In both cases, the husbands were accounted for, Lahti being one of two injured persons and Smith away at work at the time of the fire.

Fearful dead were Mrs. Lahti and her four children—Nancy, nine; Barton, eight; Avalon, six; and Donald, three.

Firemen also expressed fear for Mrs. Smith and her two children—Francis, Jr., six months, and Betty Jane, two.

+Crane News+

CRANE —Mrs. Dorothy Pettit, Hugh McKinney, C. L. Travis and L. M. Humphrey have completed a course of income tax procedure at Odessa Junior College. Carlos Clover was the instructor.

A. B. Earp has announced as a candidate for sheriff and tax assessor-collector. M. E. Lear is seeking reelection to the office. Other county officials have drawn no opponents yet.

Pfc. James Hopson, son of Mr. and Mrs. C. R. Hopson, has been named a squadron leader at Keeler AFB, Mississippi. He is an ex-Crane High student.

Crane received showers again Sunday. The previous Sunday had recorded 21 inch, the first moisture in 1952.

Paratrooper and Mrs. Donald Barnard, formerly stationed in North Carolina, have visited with his parents, Mr. and Mrs. S. O. Barnard, has been reassigned to Fort Hood.

Mr. and Mrs. Vernon Bennett have moved to Goldsmith, where he was transferred by Phillips Petroleum Company. They have been residing in the Phillips camp here several years.

Mrs. Sam White and Mrs. B. P. Mitchell have returned from attending market in Dallas and Fort Worth. Mrs. Bob Tobin and Mrs. Evelyn Weisner also attended the market.

Allies Fear 'Another Korea' In Indochina

Statements by President Truman, Winston Churchill and Anthony Eden indicate the Allies fear another “Korea” is shaping up in Indochina, where for more than five years the French and Indo-Chinese have waged a strange, hit-and-run war against Communist-led Viet Minh rebels. Uncle Sam has poured hundreds of millions of dollars worth of military materiel into this fight—which is, in fact, a battle to save all of rich Southeast Asia for the free world. This area is Asia’s “rice bowl,” and the nations threatened are also rich in tin, rubber and other valuable raw materials. The “Korea” threat comes from behind the Chinese border, where 300,000 Red troops are massed. Fear is that a Korean armistice will send them pushing southward and perhaps dealing the death blows in what has been an indecisive, stalemated war.

War, now in its sixth year, has cost France 30,000 dead and about \$2.5 billion. In addition, it has tied down the hard core of her Army—12 divisions—badly needed for Western European defense. Above, French paratroopers land in a soggy rice paddy, and (right) machine gunners stand ready for Communist assault in an unnamed city. Weapon is probably a U. S. 30 caliber light machine gun.

Red flag waves symbolically before village burned and pillaged by Viet Minh rebels. Red forces, numbering about 300,000, are holed up in mountains and jungles. They make sporadic raids, usually at night, on Viet Nam cities and villages.

U. S.-built jeep and weapons-carrier cross crude plank bridge in rain-drenched jungle. Exact amount of U. S. aid to French in Viet Nam is secret, but it represents hundreds of millions of dollars. Many units are entirely American-equipped.

**Hudson Due
In Midland**

Hill D. Hudson of Pecos, state senator from the 29th district, plans to be in Midland Wednesday in a swing “around the circuit.”

The senator, accompanied by Mrs. Hudson, left El Paso Sunday for Odessa. They attended the annual banquet of the El Paso Bar Association Saturday.

Hudson will return to El Paso next weekend for a vigorous campaign for the border city.

The senator said in El Paso he probably will announce no platform but campaign upon his record in Austin.

“That record is open to all,” Hudson declared, “and it is my record in the Senate, whether you agree or disagree with it. I am satisfied to stand on that senatorial report card.”

The senatorial district has been cut by two-thirds of its counties as a result of legislative action in 1951. It formerly included 27 counties and extended to the Bexar County line. The district now takes in only nine counties, El Paso, Hudspeth, Culberson, Reeves, Loving, Ward, Ector, Midland and Winkler.

BLASTS D. C. — Evangelist Billy Graham, seen with Bible in hand on the steps of the Capitol, says he is “disgusted and nauseated” by the moral corruption he has discovered during his spiritual crusade in Washington. The 33-year-old revivalist, now preaching to 10,000-plus audiences there, calls the capital the most sinful city he has ever seen.

**Polio Bachelors
Receive Letters**

WAUKEGAN, ILL. —(AP)—The three polio bachelors, Wilbur Wendt, Leo Graesser and four-month-old Frank Novak, have become popular with the girls.

Letters from women from Boston, Mass., to Pasadena, Calif., are rolling into their hospital room. Many of the letters are pats on the back for the polio victims. Others even hint of matrimony.

A news picture of the “polio three” appeared recently in newspapers from coast to coast.

Nearly four million farm tractors are now in use in the United States.

**Kiwians Discuss
Routine Business**

Discussion of routine business matters was featured Monday at the regular luncheon meeting of the Midland Kiwanis Club at Miller’s Restaurant.

President Herschel Ezzell presided.

**Grandpa 'Escorts'
Six-Month-Old
Baby On Air Trip**

Lee Thomas of Midland is a brave and devoted grandfather who also is proficient in the art of “grandbaby care.”

The Midland man and his six-month-old granddaughter, Vickie Lynn Thomas, arrived here by plane Sunday after an “uneventful” flight from Denver, Colo.

Vickie Lynn is the daughter of Pfc. and Mrs. L. C. Thomas of Denver. The father, a former Midland High School football star, is stationed at Lowry Field, Denver.

“She just came home with me for a brief visit in our home and in the home of her maternal grandmother, Mrs. Delores Wilson,” Thomas said.

“We didn’t have any trouble to speak of on the plane, and I think Vickie Lynn really likes to fly.”

Baby bottles and other paraphernalia bulged from Grandpa Thomas’ pockets as he stepped from the plane with his little granddaughter.

**High Court Snubs
Three Appeals In
Judy Coplon Case**

WASHINGTON —(AP)—The Supreme Court Monday refused to review three appeals involving Judith Coplon, former government girl accused of plotting to spy for Russia.

The high tribunal rejected two appeals filed by the Justice Department and a third request by Miss Coplon that it review parts of a District of Columbia Appeals Court decision unfavorable to her.

Miss Coplon was arrested almost three years ago after a sensational pursuit by FBI agents through New York streets. She is free under bond.

The appeals rejected Monday were filed from conflicting opinions by two United States circuit courts which set aside her convictions in two separate trials.

**Working Draft Of
POW Exchange Plan
Delivered To Reds**

MUNSAN, KOREA —(AP)—A detailed working draft of a 14-point UN plan for exchanging prisoners of war in Korea was handed Communist truce negotiators Monday.

The Reds promised to study the proposal.

The prisoner exchange plan incorporates all basic points of the Allied proposal submitted January 8, including voluntary repatriation, which the Reds have said they never will accept.

It is a companion piece to the detailed draft on truce supervision given the Communists Sunday.

Staff officers were scheduled to start work on this Allied draft Monday, but the Communists asked for and got a 24-hour postponement. The truce supervision subcommittee is in recess while the staff officers attempt to reach agreement.

New Prisoner List

Rear Adm. R. E. Libby presented North Korean Maj. Gen. Lee Sang Cho a revised roster of 132,000 Communist prisoners of war held by the UN, listing names in Chinese and North Korean. He said the Allies also were ready to exchange information on allegedly missing prisoners.

Lee thanked Libby for the data but accused the Allies of attempting blackmail because they hold more prisoners than the Reds.

He repeated previous arguments that the principle of voluntary repatriation, of “so-called one-for-one” exchange, of mixing civilians and war prisoners and paroling prisoners would deprive POWs of their rights.

**Texas Skies Clear
After Light Rains
Tease Many Areas**

By The Associated Press

Skies cleared over Texas Monday after thundershowers teased widely scattered parts of the state Sunday and Sunday night.

A cool air mass stretched from the Panhandle to the Mexican border. Temperatures at mid-morning ranged from 26 at Dalhart to 58 at Brownsville. Del Rio, down on the border, had a cool 44 at that time.

More than half a dozen points reported below-freezing overnight temperatures, including Dalhart, Amarillo, Wichita Falls, Lubbock, Wink, Junction and Marfa.

Rainfall in the 24-hour period ended at 6:30 a. m. included 1.86 at Beaumont, .27 at Presidio, .34 at Houston, .18 at Waco, .17 at Galveston, .09 at Del Rio, .07 at Junction, and .02 at Austin, Corpus Christi and Palestine.

Ohio Flood—Egypt—

(Continued From Page One)

The flood stage is 36.

Only one road still remained open out of the area.

The crest means part of the business section of Marietta will have two feet of water in the first floors.

About 1,000 persons have been evacuated. The crest of the flood is expected about 7 a. m. Tuesday. The river stood at 39 feet early Monday, and the rise was sluggish at two-tenths of a foot an hour.

Pennsylvania, Kentucky Hit

The high water also hit portions of Western Pennsylvania and Northern Kentucky.

The turbulent Ohio struck hardest at Wheeling Island, a section of the city of Wheeling, W. Va., lying midway between the banks of the river. Partial evacuation of the island’s 10,000 population was underway.

Most of the island’s streets were impassable Monday and if the river continues to rise as expected the entire island will be covered by water.

At Powhatan Point, Ohio, some 15 miles south of Wheeling, the towboat Chief Powhatan broke its moorings on the Ohio side, hit a pier at a railway bridge and sank. No one was aboard. The Powhatan Mining Company, which owned the boat, estimated the loss at \$50,000.

Gov. Frank J. Lausche has ordered Ohio National Guard units to stand by on an emergency basis.

The Red Cross at Washington sent coats, blankets and disaster experts.

(Continued From Page One)

cabinet and appoint a new one. But such action under the Constitution must be followed by an order dissolving Parliament and calling a new general election within a month. As yet no decrees concerning Parliament have been announced.

The Wafdist-dominated Parliament meets Monday night, with the new cabinet attending. Premier Mahser Pasha indicated his government would seek support of all parties, saying “we must all in the present circumstances unite our efforts for the benefit of Egypt.”

Nahas Pasha said all Wafdist senators and deputies would support the new government, the Egyptian radio announced.

Hopeful Sign To West

The new premier, in a radio address to the nation, pledged himself to fulfill the “independent unity of the Nile Valley”—to get the British out—and to maintain “stability, security and peace.”

Mahser Pasha, 69, World War II expressed pro-British sympathies, but during the war was interned at British insistence because he had talks with Britain’s Italian enemies. In recent months, however, his public statements have indicated he advocates a pro-Western policy.

Farouk, in his letter, dismissing Nahas Pasha and his Wafdist Party regime, said Saturday’s “ orgy of rioting, killing, burning and pillaging here” indicated the government over which you preside has not been able to preserve peace and security.”

Western observers here anticipated that the new government would be more inclined to work for a compromise settlement of the bitter dispute with Britain than had its predecessors, whose Nationalist campaign to drive the British out of the Suez and the Sudan touched off the rising wave of often-uncontrolled violence.

One diplomat termed the shift in the cabinet the most hopeful sign in months.

**Freezing Weather
May Avert Major
Ohio Flood Threat**

By The Associated Press

Freezing temperatures and a forecast of little or no precipitation Monday held forth hope of averting a major flood in the upper Ohio River Valley.

The Ohio and many of its tributaries were swollen out of their banks in four states as the result of 48 hours of general heavy rain over the weekend.

Thousands of persons had to leave their threatened homes, many by rowboat. At least 20 steel plants shut down; Sharon, Pa., schools and businesses near the river were closed.

Temperatures of 18 to 25 throughout the area—Western Pennsylvania, Southern Ohio, and Northern West Virginia and Kentucky—were expected to slow the runoff.

A narrow band of heavy rains extended along the Atlantic Ocean from Southern New England to Southern Louisiana. New Orleans reported two inches in six hours during the night. Other Louisiana points had an inch.

There were snow flurries in the Great Lakes region and parts of the Dakotas. Elsewhere in the nation, the weather was generally fair.

**Births, Deaths
Rare In Glasscock**

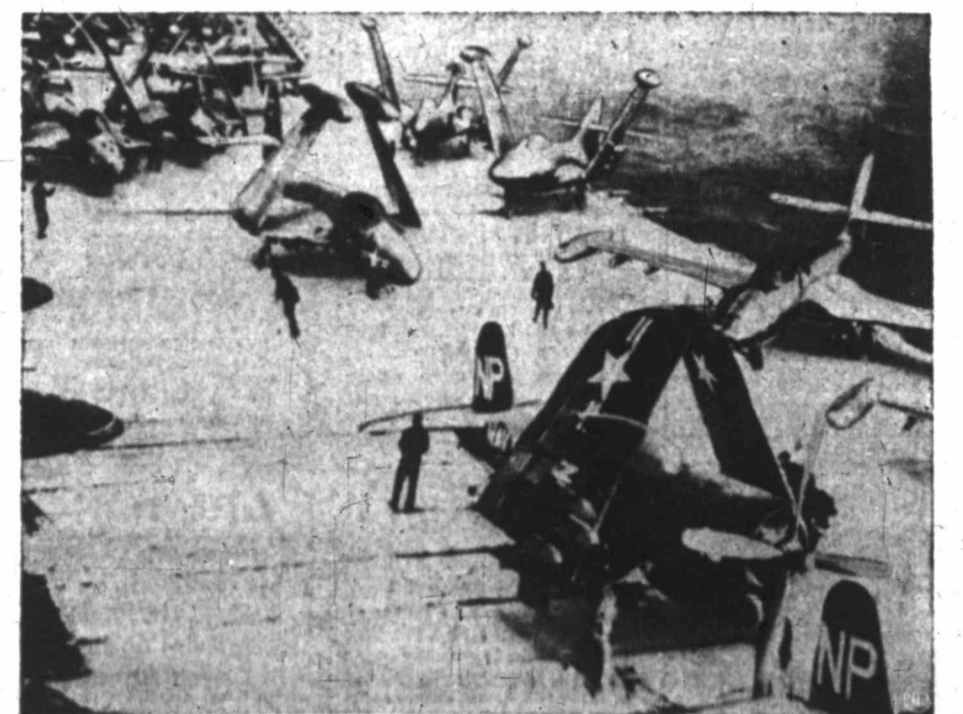

GARDEN CITY —(AP)—Births and deaths are rare things in Glasscock County in West Texas.

Mrs. Yena Lawson, county clerk, didn’t record a birth for the whole of 1951. The last birth recorded was Nov. 5, 1950.

The explanation is that Glasscock County residents go to hospitals in adjoining counties to have their babies.

For the decade 1941-51, only six births were recorded.

Four deaths were recorded last year, but only one of these was a Glasscock County resident. Two of the deaths resulted from accidents.

WINTER SCENE—Fighter planes, both jet and conventional, wait with wings folded on the snow-covered flight deck of the carrier U. S. S. Essex at sea off Korea. Loaded for action, the planes and pilots are waiting for a lull in the driving snowstorm to take off on strikes against the enemy in Korea.
