T & P Will Install Safety Devices

Lower Train Speeds Also Are Ordered

Plans for the immediate installation of safety gates and signal lights at four grade crossings in Midland were announced Tuesday by officials of the Texas & Pacific Railway Company in Dallas.

A 25-mile-an-hour speed limit through Midland for all its trains also has been ordered, it was announced.

J. J. Finegan, assistant to the president of the railway company, told The Reporter-Telegram by long distance

13,751 Qualify To Vote

County Tax Assessor-Collector J. M. Speed Tuesday announced 13,751 persons have paid their 1951 poll tax or obtained exemption certificates.

The official figure—representing an increase of more than 80 per cent over last year—was announced as the last receipt was mailed from Speed's office.

The figure includes 12,043 who obtained poll tax receipts and 1,698 who obtained exemption certificates.

Speed said more than 14,000 had been issued but that many were eliminated because of duplications. Returns in cases of duplications have been mailed out, he said.

At least 100 of the mailed-out receipts have been returned to Speed's office because of wrong addresses, he said, and persons who have not received their expected receipts should contact him.

Seventy-five hundred persons paid their poll tax or obtained exemption certificates last year.

"The T&P is just as much or perhaps more interested in Midland and other cities it serves as anyone else. The T&P is a citizen—a good citizen, we hope—of Midland and we are desirous of making needed improvements just as fast as we can get to them."

Finegan said the officials decided upon a signal system for Big Spring Street in the face of the proposed grade separation project scheduled for construction this year or next.

The announcement came from the railroad company within a week after the City Council had instructed City Attorney Ed Stitt to prepare a draft of a proposed ordinance which would require crossing installations as well as a speed limit.

"The matter will be discussed again tonight at the council meeting," said City Manager W. H. Oswald, "and, in view of this announcement, our plans may be changed."

The council meets at 7:30 p.m. Tuesday in its regular semi-monthly meeting.

Oswald said the proposed ordinance would require gates at Main, Lee and Big Spring Street, signal lights at all other crossings and a 20-mile-an-hour speed limit.

"I can see, however, the weight of their argument in not wanting to put in a gate at Big Spring Street, inasmuch as the grade separation project there is being planned."

Lee Street is the principal crossing from East Wall Street to the negro section of the city.

The only other crossing is at Garfield Street.

Constructions of crossing signals was discussed last week when Finegan was here to confer with city officials following the death of 22-year-old Margaret Ann Lamb in an accident at the Marlenfeld Street crossing.

Full-Time Warrant Officer Employed By Midland Police

Appointment of a full time warrant officer to track down Midland traffic violators was announced Tuesday morning by Police Chief Rube Hemingway.

The new officer, who will carry a police commission, is Jimmy Hoover, who formerly operated a body shop here.

Hemingway said the warrant officer will tackle the job of clearing up "thousands of unpaid parking tickets" as well as tickets given for other violations.

In the future, he said, warrants will be issued on all persons who fail to show up in Corporation Court in answer to the tickets given them.

Where warrants are served, a \$5 charge will be added to the regular fine.

UN Airmen Sit Out Korean War Tuesday

SEOUL, KOREA —(AP)— Allied airmen Tuesday sat out the slow-down Korean war. The weather stopped aerial strikes against the Reds for the first time since Christmas.

Ground action also was almost at a standstill.

Canada Starts Drive To Eliminate Dread Hoof-Mouth Disease

REGINA, SASKATCHEWAN —(AP)—Canadian mounties went gunning Tuesday for livestock infected with dread foot and mouth disease as Canada took drastic action to save her two billion dollar stock industry from an outbreak of the malady in Southern Saskatchewan.

The United States, which got its first foot and mouth infection from Canada in 1870, immediately banned all stock and meat imports from across the northern border. This nipped a trade in breeding animals and meat which last year totaled 130 million dollars.

The action followed announcement Monday the disease had turned up at 22 farms and municipalities around Regina.

Mounted police began destroying infected animals, which federal authorities said included 1,015 cattle, 183 hogs and 140 sheep. Rigid quarantine regulations were enforced to confine the disease to the Regina area, the only section where it has been found so far.

Officials said they had a good chance of wiping out the disease on the spot. But in British Columbia, Provincial Livestock Commissioner W. R. Gunn said cattle cars which had carried infected cattle might turn up in Vancouver, Toronto or Chicago, and there might be an outbreak anywhere.

Brownwood Man Named Fire Victim

A 48-year-old Brownwood man was named Tuesday as the probable victim of a tent fire early last Wednesday two and one-half miles southeast of the city.

Sheriff Ed Darnell said the victim had been identified tentatively as Marvin Anderson Peeler, who came to Midland recently and was employed on a ranch near here as a fence-builder.

Midland's Bank Debits Pace Texas

AUSTIN —(AP)— Satisfactory volume but anemic profits for Texas business in the next few months were foreseen Tuesday by a University of Texas retailing specialist.

Dr. A. Hamilton Chute said many merchants appear reconciled to operating several months in the shadows of the sales peaks that tapered high early in 1951 during the second period of post-Korea scarce buying.

The university's Bureau of Business Research reported Texas January retail sales slipped seasonally below December by 22 per cent and also trailed January a year ago by nine per cent.

Bank debits in January held up better than was expected. The four per cent decline reported for the state was half the usual eight per cent decline from December to January. A five per cent January-to-January gain was reported.

Neaviest gain from a year ago was at Midland, up 58 per cent. Denton gained 48 per cent; Texas City, 37 per cent; Longview and Odessa, 33 per cent each; and Arlington and Corpus Christi, 23 per cent each.

Small Field Looms In Municipal Races As Deadline Nears

A small field for the 1952 City Council race loomed Tuesday with the filing deadline only four days away.

City Secretary J. C. Hudman said Saturday will be the last day for filing and on that night the list of candidates will be posted.

Only three candidates have filed for the two council positions to be filled at the April 1 election.

J. T. Baker has filed for Place No. 5 and Don Oliver and J. C. Williamson have filed for Place No. 4.

Connally, Johnson Split On: McDonald

WASHINGTON —(AP)— Senators Connally and Johnson (D-Texas) split Monday when the Senate confirmed Harry A. McDonald as Reconstruction Finance Corporation administrator.

Connally voted against McDonald. Johnson voted for his confirmation.

Police Hunt Ends Quickly When Expert Help Arrives

MILTON, MASS.—(AP)—When police seeking bodies in the Neponset River were joined by Donald Meek, 13, and his pals, Walter Green and Francis Courtney, both 14, they didn't know they were getting help from experts.

The three boys barely had time to track up their respective family kitchens with mud after a toboggan spill on the riverbank than they became aware of official activity at Banjo Cove.

"What are you looking for?" they asked excitedly.

"Bodies," replied one of the cops.

The boys began looking for bodies.

"Where bodies?" Don finally asked.

"Some kids," another policeman answered. "Somebody phoned they tobogganed into the river."

"That's us!" yelled all three.

The police went home to supper.

Midland Chamber Of Commerce Plans Intensive, One-Day Membership Drive

A one-day, city-wide campaign for new Chamber of Commerce members will be conducted by 60 or more Midland businessmen Wednesday, March 26. It will be the first concerted membership effort made by the Chamber since before the World War II years.

Date for the campaign was set and plans for its staging were mapped Monday afternoon at a meeting of the Chamber's Membership Committee in the office of Chairman Joe T. Dickerson. Members of the committee will serve as team captains in the drive, assisted by workers whom they will select.

The immediate goal is to increase the Chamber's annual income by \$5,000 to meet its 1952 budget of \$28,719. The membership committee's goal for the year is to boost the organization's income to \$30,000

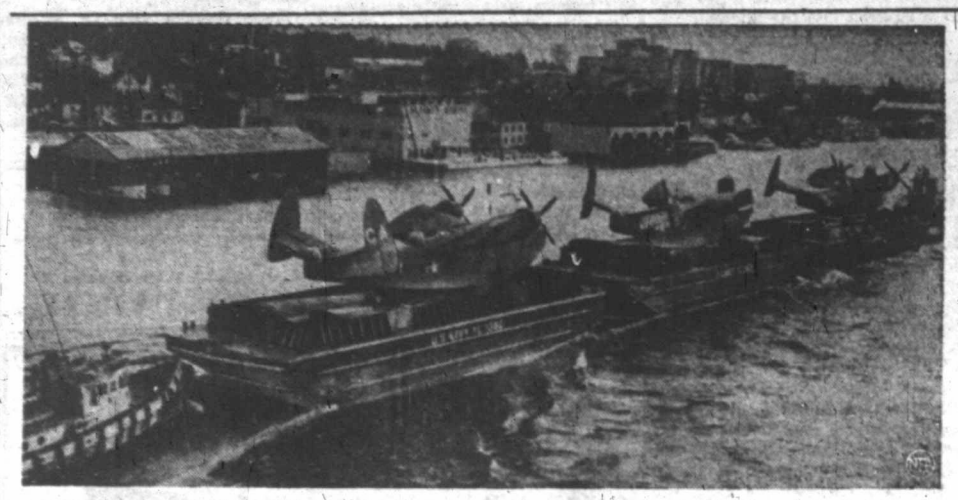

annually, which leaders said is needed to finance the expanded operations of the civic organization.

"Most Important"

Jack Wicker, C. of C. president, termed the membership effort the most important function of the Chamber of Commerce for 1952. He said membership and income of the Chamber have not kept pace with the rapid growth of the community and that additional funds must be had if the Chamber is to accomplish the goals set out for it.

Manager Delbert Downing and Assistant Manager Burris Hines explained the membership campaign procedure, and said the first of a series of mailings to more than 300 prospective members will be posted Friday. The one-day solicitation will climax the city-wide drive.

"Let's Get Together" will be the campaign slogan.

SMALLEST FLATTOPS—Undersize, one-plane aircraft carriers are these barges being towed into Lake Washington ship canal, Seattle, by two Navy tugs. The planes, PBM patrol craft, were brought by ship from Alameda, Calif., to be overhauled at the Sand Point, Wash., Naval Air Station.

Tollett Minimizes Threat Of Strike; 'Big Six' Get Notices

BIG SPRING — Raymond L. Tollett, president of the Codden Petroleum Corporation of Big Spring, said Tuesday he did not expect a general strike among refinery workers.

"And if there is one," he continued, "it will, in my opinion, be short-lived. The industry is prepared to sustain itself under the shock of a strike."

Normal customer demand can be satisfied for a reasonable period of time, and, unless the strikes become industry-wide and quite prolonged, the public will not be inconvenienced, Tollett said.

The Codden Petroleum Corporation of Big Spring, the Coltex Refining Company of Colorado City, the Phillips Refining Company plant at Borger and the Standard Oil Company of Texas refinery of El Paso are operated by the International Union of Operating Engineers, with AFL affiliation.

"These refineries have been assured that their plants will not be struck because their union contracts are not involved," Tollett said.

The Gulf Refining Company plant at Sweetwater, however, is a CIO affiliate and is involved in the present threatened walkout.

FBI Agents Nab Bandit With Loot

NEW YORK —(AP)—Less than 15 hours after the crime, the FBI arrested an armed ex-convict as he stepped off a transcontinental plane here early Tuesday and charged him with a \$19,628 Los Angeles bank holdup.

Edward Scheidt, FBI special agent, identified the suspect as John Richard Bayless, 37.

Bayless was sentenced to Alcatraz Prison in 1937 for a 25-year term for robbery of a bank at Mansfield, Mo.

The FBI said Bayless entered the Hollywood branch of the Bank of America in Los Angeles at 10:30 a.m. Monday and, at the point of a gun, robbed the bank of \$19,628.61.

He was carrying a .38 caliber revolver in his belt and attempted to use it when he stepped off the plane, Scheidt said.

The FBI chief said Bayless had the gun partly out of his belt when agents who had been waiting at the top of the ramp near the plane, seized him.

Scheidt said Bayless was carrying the bank loot in a cowhide briefcase.

The FBI, which had been tipped off Monday, had six agents waiting at the airport for the Trans World Airlines plane from Los Angeles.

One of the agents—wearing a TWA uniform—went to the top of the passenger stairway as the plane landed at 4:15 a.m. and seized the passenger when he stepped out. The other agents then closed in, and quickly took their man away.

County Livestock Association Seeks New Members

First of 600 letters seeking new members in the Midland County Livestock Association went out Tuesday over the signature of Les Floyd, association president.

The association is a chartered, non-profit organization whose sole purpose is to encourage better livestock growing methods in the county. A group of Midland businessmen voluntarily associated themselves together to form the association. Membership for a business organization is \$25 a year.

"It is an investment in youths who will be farmers and ranchmen of tomorrow," the letter pointed out.

The livestock show is the culmination of 4-H and FFA feeding programs. The annual event will be held next March 17 and 18.

WHEN SHOAT SHOOT MAN

LUENEBURG, GERMANY. —(AP)—A 300-pound pig shot and wounded a butcher who was trying to kill it, police reported Tuesday.

The butcher was kneeling beside the pig and leading his gun when the pig sprang up and struck the trigger with a hind leg. The butcher was shot through the knee.

* LATE NEWS FLASHES *

WASHINGTON —(AP)— The House Tuesday passed, 162 to 10, the so-called "Webback Bill" tightening up immigration laws. Already passed by the Senate, the measure goes back there for action on House amendments.

WASHINGTON —(AP)—The steady rise in living costs, as reflected in the "new series" version of the Labor Department's consumers price index, issued at noon Tuesday, has halted. However, an "old series" index still showed an increase from mid-December to mid-January.

LONDON —(AP)— Prime Minister Churchill said Tuesday the old Labor government succeeded in making an atom bomb for Britain but failed to inform Parliament about the development.

NEW YORK —(AP)— A spokesman for the Equitable Life Assurance Society Tuesday said the firm "wants to get out of" Glenn McCarthy's Texas oil and hotel interests at the earliest possible date. "All we want is to protect our investment; we don't want any of the property," a top company spokesman said.

NE Ector Project Gets More Shows Of Oil Production

More oil has been found in the Atoka section of the Bend lime of the Pennsylvanian at V. A. Brill and Dtdlyn Drilling Company No. 1 Mrs. Sallie Ratliff, and others, Northeast Ector County wildcat.

The latest show of possible production came in a drillstem test at 10,821-849 feet. The tool was open two hours and 15 minutes.

No Signs Of Water

Recovery was 3,500 feet of oil and drilling mud. That fluid was estimated to have been 90 per cent oil. There were no signs of formation water.

Open flowing bottom hole pressure was 650 pounds. Shut-in bottom hole pressure after 30 minutes was 1,350 pounds.

The prospector is to core deeper. It had previously shown free oil in a drillstem test in the Atoka at 10,700-736 feet. The wildcat had flowed oil in large amounts from the Wolfcamp of the Permian at 9,690-9,714 feet.

Northwest Of Midland

It is 10 miles north of Odessa and 20 miles northwest of Midland. Closest production is three miles west in the shallow North Cowden-Grayburg field.

Location is 960 feet from north and west lines of section 11, block 42, T-1-S, T&P survey.

Ellenburger Opener Is Completed In C-S Andrews Area

Gulf Oil Corporation No. 1-NNN Texas has been completed as a prolific Ellenburger discovery in Central-South Andrews County two and one-half miles south of the Pahman-Maschett field.

It was completed through a one-quarter-inch tubing choke for a daily flowing potential of 1,014.99 barrels of 49.2-gravity oil. Gas-oil ratio was 43-1 and tubing pressure was 1,190 pounds.

Production was from perforations at 12,520-575 feet.

The Ellenburger was topped at 12,519 feet, on a datum point of minus 9,322 feet.

Location is 1,590 feet from south and 690 feet from west lines of section 21, block 9, University survey.

Ellenburger DST In Scurry Wildcat Develops Free Gas

The Texas Company was drilling ahead in the Ellenburger at its No. 198 Fuller, wildcat east of the Kelley-Snyder field of Scurry County, after free gas and gas-cut drilling mud developed on a drillstem test of that formation.

The interval—tested was from 7,643 to 7,702 feet. Tool was open one and one-half hours. Recovery was 3,150 feet of free gas and 125 feet of gas-cut drilling mud.

No water was present.

Informed sources say the Ellenburger was topped between 7,600 and 7,620 feet.

No. 198 Fuller will be drilled to about 7,800 feet before another drillstem test is taken.

Location is 1,990 feet from west and 690 feet from south lines of section 1, J. A. Kuykendall survey. That puts it 12 miles north and slightly east of Snyder and two and one-half miles east of the Kelley-Snyder field.

Campbell To Test Delaware Zone At C-W Reeves Wildcat

Francis K. Campbell of PeCos is to start drilling within 60 days at his No. 1 S. E. and I. L. Lynn estate which is to be a 3,500-foot wildcat in Central-West Reeves County.

It will be 230 feet from north and west lines of section 30, block 56, psi survey and 20 miles southwest of Orla. That makes it two miles southwest of the Campbell-Castille field which produces from pay above 1,950 feet.

The Campbell project is slated to test the Delaware sand.

Mar-Tex Gauges Canyon Discovery In Central Nolan

Mar-Tex Realization Corporation of Dallas No. 1 Boothie, Canyon sand discovery three miles north of the Lake Trammel field of Central Nolan County, was flowing to test and complete.

At the same time, locations were (Continued On Page 10)

Jacoby On Bridge

By OSWALD JACOBY
Written for NEA Service
"Very few players watch the spots carefully," Dick Kahn remarked to me recently. This wasn't exactly news to me, but I didn't interrupt because Dick looked like a man who had an interesting hand to talk about.

"Now here's a hand I played just the other day," Dick continued. "West opened a trump, and I won

West could have saved the day by making the correct return. Do you see how?

West should have led a third club. When East played the ten of clubs at the second trick he made it clear that he did not have the nine of clubs. Hence the nine of clubs was clearly located in the South hand.

Careful thought would have made it clear that a third round of clubs would do nothing for declarer that he could not do for himself. In short, West could lose nothing by leading a third club, and he would gain the all important advantage of removing the nine of clubs from the South hand. South would then have to lose a spade trick no matter what he did.

When the hand was actually played, West returned a low heart, and Kahn won in his own hand with the king. He then ran all the rest of the trumps and cashed dummy's queen of hearts.

When dummy finally led the queen of hearts, everybody had to come down to three cards. East had his original three spades and a high club left. What could he throw?

If he discarded the club, South's nine of clubs would become established. So East had to discard the four of spades. Kahn threw the nine of clubs, saving three spades. West also kept three spades.

Kahn had already decided that West would not have doubled on two bare aces, so he played West for the queen of spades. He cashed the ace of spades, dropping East's nine, and then led the jack of spades through West, picking up East's ten of spades.

in dummy. I returned a club from dummy, and East won with the ten of clubs. That ten of clubs was a spot card that became forgotten later on.

"East returned the eight of hearts, I played the jack, and West won with the ace of hearts. West cashed the ace of clubs and then made the fatal error of returning a low heart. It was a fatal error. All right.

NO NEED TO WEAR A TRUSS FOR RUPTURE

That Binds, Cuts, Gorges, Sips and Does Not Hold

If you must wear a Truss for Rupture, don't miss this. A Post Card, with name and address, is all you need to W. S. Rice, Inc., Dept. 908-P 20, Adams N. Y., to get FREE, and without obligation, the complete, modernized Rice Plan of Reducible Rupture Control. Now in daily use by thousands, who say they never dreamed possible such secure, dependable and comfortable rupture protection. Safely blocks rupture opening, prevents escape, without need for bulky, cumbersome trusses, tormenting springs or harsh, gouging pad pressure. Regardless of how long ruptured, size, occupation, or trusses you have worn. TRY THIS, and send your Post Card today.

CARD Sense

Q—With both sides vulnerable, the bidding has been:

West North East South
1 Diamond 1 Heart Pass ?
You, South, hold: Spades Q-J-7-4, Hearts K-8-3, Diamonds 9-5, Clubs A-10-6-2. What do you do?

A—Bid two hearts. Your partner must have a strong suit of five or more cards for a vulnerable overall, so you have good trump support for him. Game is unlikely, but it is possible if North has maximum values for his over-call.

Even if North has an average over-call, he will pass and will make two hearts; and that will be a better part score than just one heart.

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold: Spades K-J-7-4, Hearts K-8-3, Diamonds 9-5, Clubs A-Q-6-2. What do you do?

Answer Tomorrow.

Cerro Boliver, Venezuela's mountain of iron, is one of the world's richest deposits.

Area 'Rain-Makers' Elect Officers In Lamesa Meet

County Agent Charles Green and B. T. Graham, president of the Farm Bureau in Midland County, were among the representatives of 11 counties meeting in Lamesa Saturday night to organize the West Texas Weather Improvement District.

Temporary officers were selected. Chosen as chairman of the group, which will be incorporated later, was Carson Echols of Lamesa, representing Dawson County. R. G. Anderson, also of Lamesa and a Dawson County delegate, was named vice chairman. Joe McDaniel of Loop and representing Gaines County became secretary.

Principal action of the Saturday meeting was to make movements toward incorporation and obtaining Krick's weather improvement methods. Types of contract available for groups desiring Krick's services include a flat rate, the cheapest style, performance and bonus for results and no base fee plus a bonus.

In regard to the cost of operation in this area for a year, it was estimated at a cent an acre for 5,000,000 acres. The cost varies according to the size of the target area and the average amount of rainfall per month or year.

Basis of Krick's operations is to increase rainfall centers around generators sending silver iodide into clouds, heavy with moisture. The field operations are conducted on the ground.

A fourth temporary officer of the newly named organization will be chosen by the three officers to act as treasurer.

SILLY SEASON—Well, spring is supposed to be the silly season and this new Paris hat doesn't prove otherwise. It's the brainchild of Lanvin Castille, whose spokesmen describe it as an "asymmetrical cascade of rolled black organdy" sticks falling from a tiny black straw cap.

Mrs. Paul Whitney To Address K&F Club Here Tuesday

The Midland Knife and Fork Club will entertain Mrs. Paul Whitney, noted authority on juvenile protection and youth service, at its February meeting at 7 p.m. Tuesday in the high school cafeteria.

A capacity attendance is expected, according to Secretary Ralph E. Smith.

Thornton Hardie, Jr., new president of the club, will preside at the dinner-meeting.

Mrs. Whitney, who will speak on "Educational Profit and Loss," once was director of an experimental playground in Milwaukee, and in 1949 she taught in her special field at Vassar. "The Citizen of Tomorrow" is expected to be the general theme of her lecture here.

The speaker is a former chairman of the Juvenile Protection and Youth Service of the New York State Conference of Parents and Teachers.

Covering Of Idle Cotton Land With Burrs Given Okay

LUBBOCK —(AP)—Farmers in 42 West Texas counties will be allowed to put burrs on idle cotton land next season as part of a soil building and erosion-prevention program.

Agriculture Commissioner John C. White said Monday burrs may be used as a protective soil covering in the area from cotton ginning time until March 3, 1953.

He said farmers must keep burrs off the soil while cotton is being grown to help prevent pink bollworm infestation.

White made the announcement at a meeting cotton oil men.

The 42 counties are Gray, Wheeler, Donley, Collingsworth, Motley, Cottle, Floyd, Hale, Lamb, Bailey, Cochran, Hockley, Lubbock, Crosby, Dickens, Kent, King, Knox, Baylor, Archer, Yoakum, Terry, Lynn, Garza, Stonewall, Haskell, Throckmorton, Young, Gaines, Dawson, Borden, Scurry, Fisher, Jones, Shackelford, Stephens, Hall, Childress, Hardeman, Foard, Wilbarger and Wichita.

Movie Mogul Spends Plenty To Have Custom-Made TV Set

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD—LAUGHTIME IN U. S. A.

A movie producer who consistently has attracted television recently invited some close friends to his mansion for a peep at his first custom-made video set.

Surprised at his change of heart, the curious pals showed up and were ushered into the kitchen.

"Cost me a grand to have it done this way," snickered the producer feigningly, "but I believe that a medium like television deserves a proper setting."

His guests still are goggle-eyed at what they saw.

The producer showed them a shining new garbage can into which a complete television set with a 20-inch screen had been built.

Sign outside a Hollywood pet shop window filled with playful dachshund puppies:

"Get A Long Little Doggie!"

John Lucas, the screenwriter, likes the story of the film producer who moved his daughter from one private school to another, because of the stern discipline in the first. The new studies were easy, the teachers all graduates of psychology and extremely kind to the pupil, but she was unhappy and begged her father to be returned to the first school.

"It's true I didn't like being punished," she said, "but, honest, Pop, I can't stand any more of being understood."

Every Minute Counts

Robert Q. Lewis took a blonde doll to see "Quo Vadis," then halted a taxi to reach a night club a block away.

"Why couldn't we walk?" asked the beauty. "You're a young man."

"But I'm not as young as I was when I went to see that picture," groaned Lewis.

From the script of the new Abbott-Costello comedy, "Lost in Alaska":

Abbott: "This is the fastest dog team in the world."

Costello: "Why?"

Abbott: "It's the way I've arranged them. This dog is Prince, this one is Bob, this one is Spike, this one is Willie, this one is Louis..."

Costello: "But what's that got to do with it?"

Abbott: "The lead dog's name is Gloria."

Four Arrests May Lead To Smashing Of Abortion Ring

DALLAS —(AP)—Assistant District Attorney Pete White said Monday his office had information a large abortion ring has been operating here with patients from at least 13 states.

White made the statement after four persons, including an osteopathic physician and his chief nurse, were charged with abortion by the use of drugs.

Detective Capt. George Lumpkin, who directed the arrests, indicated other arrests would follow.

"We have only just begun on this case," he said.

Those charged were Dr. Winton L. Welsh, 38, osteopathic physician; Arthur Ray Smith, 41, a grocer who is licensed as a chiropractor in Illinois; Mrs. Evelyn Savage, 32, Dr. Welsh's heard nurse, and Mrs. Minnie Gass, 49.

Quick Relief

Regardless of how long you have suffered these symptoms, it can be due to a lack of NATURAL MINERALS in your system. You can now free your body of these complaints with HOPE MINERAL TABLETS. You need not wait months for results as these marvelous tablets will prove their benefit in JUST A FEW DAYS.

When you have reached the end of your rope, when your Powers Are Weakened and aches and pains get you down; when your eyes no longer sparkle and you are nervous and tired—HOPE MINERAL may be what your body is asking for.

Natural Minerals

HOPE MINERAL IS ABSOLUTELY NEW and contains traces of FIFTEEN different minerals, blended by nature. It is NOT made up of artificial ingredients with a lot of alcohol added to give you a temporary lift. HOPE MINERAL contains only natural minerals, no dopes, no oils, and is not habit forming. Even doctors cannot make it, because it is TAKEN FROM THE EARTH, made by Mother Nature!

Enriched Blood

These miraculous tablets will enrich your blood—give you more pep and energy, will get down to the cause and start your lazy organs working again. It will bring back powers you thought you had lost. When you Feel and Look Old Before Your Time and you make life miserable for others, turn to HOPE MINERAL.

After using HOPE Mineral, watch your elimination. The waste will become black as night—But Do Not Become Alarmed—the minerals are doing their work. When you begin to feel the pain passing over your body, be thankful you

Guaranteed

DON'T SUFFER ANOTHER MOMENT—Life is too short. Get a bottle of Hope Mineral Tablets at your drug store. Use it, and if you are not amazed at the results, we will gladly refund your money. PRICE \$1.50

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, TUESDAY, FEBRUARY 26, 1952-3

Foreign Women Need U. S. Help, Mrs. Hodge Tells Wesleyan Guild

"Women all over the world are looking to women in America for help and leadership," Mrs. J. Howard Hodge told the members and guests of the Wesleyan Service Guild Monday.

Mrs. Hodge spoke on "Christian Citizenship" at the dinner meeting held in observance of the World Week of Prayer. The group met in the educational building of the First Methodist Church with members of the Episcopal, First Presbyterian and First Baptist Guilds as guests.

"In 1952," Mrs. Hodge said, "we are entering a new era and if peace is ever attained, it will have to be done by women."

One of the greatest things women could do, she added, would be to mobilize for justice and peace.

Vera McLeroy gave the invocation and Jane Blurton sang a solo, "How Beautiful Upon the Mountains," Harper. She was accompanied at the piano by Ruth Ann Farrer.

Purpose Explained

Mrs. George Vanaman, president of the guild, explained the purpose of the World Week of Prayer and how the funds received were divided between work at home and foreign work.

Some of the money, she said, goes

to four universities in India, while some of it goes to help Indians and sharecroppers at home.

Mrs. Vanaman also introduced the guest speaker. A committee headed by DeAlva Brewer served the dinner. The tables were decorated with greenery and held centerpieces of snapdragons.

A free will offering was taken at the close of the meeting. Edith Conyers gave the closing prayer.

Guests were Mrs. W. W. Larkin, Rosemary Hamit, Mrs. W. L. Hamit, Pauline Schatz, Mrs. Barbara Parkinson, Mrs. J. Hollis Roberts, Dorothy Harzer, Mrs. Selman J. Lopez, Maria Spencer, Jane Prowell, Mrs. Ruth B. Coleman, Mrs. Beulah Taylor, Yve Knight, Lucy Moore, Mrs. W. H. Lee, Hazel Lyles, Nettie Johnson, Dora Evans, Maedele Roberts, Sue Hamilton, Juanita Heagy, Lucy Mashburn, Fern Kelley, Verna Harper, Mrs. William A. Birt, Helen Reid and Emsy Louinne Swain.

Member attending were Ora Teagarden, Mrs. Ray Trammell, Mrs. Payne Carson, Mrs. S. H. Gwyn, Winifred Estill, Laura Self, Mrs. Jack Harbison, Neil Feeler, Lois Robinson, Mrs. J. B. McCoy, Ruth Donnell, Vida Severence, T. K. White, Glenlynn Herring, Theresa Klapproth, Pauline Kirk, Fannie Bess Taylor, Mrs. Virginia Gray and Gustava Easley.

Sherry Bethel, W. B. Franklin Exchange Vows

Sherry Bethel became the bride of W. B. Franklin, Jr., recently in the home of the Rev. E. Watts in Lovington, N. M.

Mr. Watts officiated at the single-ring ceremony. Mrs. Franklin is the daughter of Mr. and Mrs. Lee Bethel of Midland. Franklin's parents are Mr. and Mrs. W. B. Franklin, Sr., also of Midland.

Those attending the wedding were Mrs. Lee Bethel, mother of the bride; Mrs. W. B. Franklin, Sr., mother of the bridegroom; Mrs. C. W. Vest, sister of the bridegroom, and Mrs. Edward Franklin, sister-in-law of the bridegroom.

The bride wore a navy blue suit with white accents and a white blouse. Her navy hat was trimmed with small white roses. She chose navy blue shoes and a corsage of white carnations tied with white ribbon.

She also wore the traditional something old, something new, something borrowed and something blue.

The mother of the bride wore a gray dress with navy blue accessories and a red carnation corsage. Franklin's mother chose a beige suit with black accessories and a red carnation corsage.

Mrs. Vest wore a green suit with black accessories and Mrs. Edward Franklin chose a wine-colored suit, also with black accessories. Their corsages were of white carnations.

The couple will reside on the Cotton Flat Road. Mrs. Franklin is a student at Midland High School. Franklin, a 1951 graduate of Midland High School, is employed by the Atlantic Oil Company here.

A reception was held in the home of Mr. and Mrs. C. W. Vest, 936 North Dallas Street.

Mrs. Charles Robert Behner

Mary Lou Royer, Bob Behner Wed

In a double-ring ceremony recently in the chapel of the St. James Episcopal Church in Wichita, Kan., Mary Lou Royer of Wichita, and formerly of Midland, became the bride of Charles Robert Behner. The ceremony was read by the Rev. Samuel E. West.

The bride is the daughter of Mrs. H. H. Royer of Wichita and the late Mr. Royer. The bridegroom's parents are Mr. and Mrs. Charles E. Behner of Kansas City, Mo.

George Russell, organist, played the traditional wedding selections. The bride wore a gold suit with navy blue accessories and carried gold cypripedium orchids on a white prayer book.

Mrs. Phillip Griffith was the bride's only attendant. She wore a beige suit with matching accessories and a corsage of tulleman roses.

Phillip Griffith was best man and Forrest Tuttle was the usher.

For her daughter's wedding Mrs. Royer wore a suit of black raspberry color with a white carnation corsage. Mrs. Behner wore a navy suit with a corsage of pink carnations.

A reception at the home of Mr. and Mrs. Phillip Griffith followed the ceremony. Assisting were Mrs. J. R. Fisher and Mrs. Forrest Tuttle. After a wedding trip to Texas and New Orleans, the couple will be at home in Wichita.

Mrs. Behner is a graduate of the

University of Oklahoma where she was a member of Delta Delta Delta Sorority. While in Midland she was employed by the Phillips Petroleum Company.

Behner attended the University of Kansas City and the University of Missouri. During the war he served for three years with the Air Force. He is associated with the H. J. Cole Company.

Out-of-city guests included Mr. and Mrs. Charles E. Behner, Mr. and Mrs. J. R. Fisher and Susan and Steve, all of Kansas City, Missouri.

Harry King Calls For Single Saddle

Harry King was the caller for a meeting of the Single Saddle Square Dance Club Monday in the City-County Auditorium.

Ellen Lindsay and Bill Witt were guests.

Members attending were Juanita Anderson, Novella Bailey, John Casselman, Barbara Fessler, Ruby Ginn, Johnny Grant, John Gray, Bud Lindsay, Jimmie Means, Jim Moore, Calvin Potts, Curtis Reagan, Lily Reithmayer, Jean and June Sauze, Jack Webb, Joe Willing, Georgia Wise, Orleanor Deltis, Rhea Barbrie, Dee Day, Elizabeth Underwood and Mary Ann Goddard.

Church Women Have Meeting And Social Hour

The Women of the Church of the First Presbyterian Church held a general meeting in the church Monday.

Hostesses for the social hour were Mrs. John Hills, Mrs. W. J. Sprecher, Mrs. William Carter and Mrs. Harvey Sloan.

Mrs. John Leigh presided over the business meeting. Mrs. R. Matthew Lynn gave the opening prayer and Mrs. A. P. Shirey gave the devotional from the Book of James.

Mrs. Shirey also read a poem, "Christ In We."

Mrs. Hills was in charge of the program, "The Christian, The Community and The Kingdom." She was assisted by Mrs. Coe Mills who gave an outline and review of organizations in the community.

Mrs. Leigh gave the closing prayer. Refreshments were served to 45 persons.

Girls Auxiliary Meets In Church

The Girls Auxiliary of the West Side Baptist Church met Saturday in the church for a program and business meeting.

Joyce Towery gave the devotional. Ten members attended. Mrs. Bob Spaulding is the sponsor.

Dignity

There is comfort in knowing that the final tribute to a loved one is, "just as he would have wished it to be."

To those in need we offer a truly finer service, conducted with dignity and taste... complete in every exacting detail.

COUPLE WED IN CARLSBAD

Mr. and Mrs. Clifford Lay are at home at 1004 South Fort Worth Street following their recent marriage in Carlsbad, N. M. Mrs. Lay is the former Mrs. Effie Baker. Attending the wedding from Midland were Mr. and Mrs. B. B. Smith, 309 South Weatherford Street.

The new British airfield at Entebbe, Uganda, Africa, has year-around good weather.

Puppet Shows Will Be Seen By Girl Scout Troops

All troops of the Girl Scout Association will see the puppet show being presented by the Midland Service League, starting Wednesday. The show will give pointers on salesmanship for the forthcoming Girl Scout Cookie sale.

In the three meetings held Monday plans for the future were made. Brownie Troop 47, under the direction of Mrs. F. A. Scott and Mrs. Douglas Edman, made puppets for "Cinderella" and "Hansel and Gretel." Mrs. F. J. Kendrick was a visitor.

Plans for each meeting in March were made by the members of Brownie Troop 61. Songs were sung and games were played.

Intermediate Troop 19 made plans for an overnight stay in the Little House.

ENTERS HOSPITAL

Mrs. Nonie Hearn entered Western Clinic-Hospital Tuesday for surgery.

Doolittle Faces Hard Task

President Truman's decision to put Lt. Gen. James H. Doolittle in charge of a special committee to investigate air safety is commendable. Recent air crashes not only have stirred considerable fear; they have clouded the issues.

We need clear light and wise recommendation in this field. One of the most perplexing aspects of the problem is this question of how near airports may be safely located to built up city areas.

Newark airport is closed today because the outraged citizenry of nearby Elizabeth, N. J., scene of three spectacular crashes in two months, presume the field lies too close to their community. Yet 62 of 100 major airports in this country are closer to their respective cities than is the Newark field.

LaGuardia Field, on the north shore of Long Island in New York's borough of Queens, of course, was badly overburdened immediately following the closing of Newark. Its daily flight load shot up from 520 to 680 a day. By shifting flights to other fields, canceling some and consolidating others, LaGuardia now is reducing that load by 226 flights daily.

Note that this cut brings its daily total to 454, well below the old figure before the big move from Newark. This again reflects official response to citizens' complaints.

Now the emotional reaction of people who see planes dropping in their midst is wholly understandable. In the Elizabeth case, the indignation had built up to a point where it simply could not be ignored.

But the response aviation officials have made at Newark and LaGuardia is no real solution.

Pursued to its logical conclusion, it would mean the prompt closing and eventual moving of more than 60 other principal airports in the United States.

Under present commercial and military traffic conditions, the closing would mean air paralysis. And a general move to more remote areas would be utterly prohibitive in cost.

This is not intended to suggest that we should not wherever possible supplement existing fields with new facilities to care for the ever increasing burden of air traffic. It is merely to point out that the practical answer does not lie in wholesale shutdowns and shifts.

A poll of pilots flying in and out of Newark disclosed that almost unanimously they would choose to try to land at Newark rather than other fields if they were in difficult straits. This tends to confirm the official claim that Newark is among the safest fields in the United States.

The quality of the field and its nearness to Elizabeth had nothing whatever to do with the crashes in that area. It was only the rarest coincidence which produced that situation, since the field's safety record up to that time was well-nigh perfect.

At LaGuardia there now will be 454 flights daily instead of 520. Is that any assurance that accidents of the type which plagued Elizabeth will not occur in the future? The answer is no, since none of them had anything to do with the density of traffic.

Certainly no airport in the nation ought to be burdened with excessive traffic, nor so located that its operations are a continuous menace both to air passengers and ground residents. But mere proximity to built up areas should not be an automatic black mark against any particular field.

The Doolittle committee has its work cut out for it. It will not be easy either to sift the facts or to dispel the fog of emotion that now surrounds the problems of air safety.

GOP: Please Note

They say Foreign Secretary Anthony Eden, newly returned to the British foreign office after six years' absence, was dismayed to learn how complex major problems had become in that span.

Figures particularly seemed to upset him in the big conferences with American officials in Washington. There's a pointed lesson here. From the luxury of a position outside the government, without power and responsibility, better solutions always look possible. They even appear simple.

But once inside, possessed of all the painful facts, the critic sees the picture differently.

Our own "loyal opposition," the Republican Party, eager for power and fated a good prospect to get it, ought to bear Eden's example in mind before making too sweeping claims for the future.

It's a lot harder to keep up with running expenses when you're a fast stepper.

Why is it some people think that standing on their dignity makes them look bigger?

The number of horse races won-by a nose should teach us to keep our heads up.

The Washington Merry-Go-Round

By Drew Pearson

Drew Pearson says: Truman's inclination to run tied to Eisenhower's strength: Chief Justice advises the President not to run; Palace guard guards Truman to run.

WASHINGTON—Real fact about Truman's inner debate with himself over the question of "to-run-or-not-to-run" is that it's intimately tied up to General Eisenhower. It is like a seesaw. The more Eisenhower's political strength goes down, the more Truman's inclination to run goes up.

Approximately one month ago the President definitely had decided he would not permit himself to be drafted. In his own mind this was categorical, and to one or two of his most intimate friends, he so expressed himself. At that time, however, he firmly expected Eisenhower would be the Republican nominee, and if Truman had no relish for opposing Ike, not only because he personally made a pledge to help Ike become President but also because he regarded Ike as unbeatable.

Since then, however, the political scene, both Republican and Democratic, report that Eisenhower's organization is limping and that the general, although having tremendous popular appeal, is in the hands of an inept group who can't translate popular appeal into delegates. As a result, the President has been toying with the idea of running again—first, because he is itching to take on Bob Taft whom he thinks he can lick; second, because the palace guard cleverly is coking him up, as the indispensable man.

On the other hand, no less a personage than Chief Justice Fred Vinson, one of the closest friends the President has and in his day a shrewd political observer, has been spending some time at the White House strongly advising Truman not to run.

The chief justice took this move after a talk with Speaker Sam Rayburn. Both men have a great affection for the President, and both are in a far better position to gauge the political winds than the palace guard.

The chief justice's argument has been an appealing one—namely, that Truman's place in history on the major issues now is assured. No one can ever detract from his firm stand in building up the North Atlantic Pact, putting across the Marshall Plan, opposing a Communist aggressor in Korea, blocking communism in Greece and Turkey, and championing such domestic issues as civil liberties, public housing, public health and a better break for the common man.

But if the President ran and were defeated, the chief justice has argued, he would jeopardize all that he has done.

What's Right? In conversation a person is voicing an opinion you find irritating. WRONG: Express your impatience with such an unrealistic notion. RIGHT: Listen openmindedly to what the other person has to say. Then if you wish to differ, do so in a gracious manner.

PETER EDSON'S Washington News Notebook

Madame Minister Trips Lightly Over Use Of A Phrase Or Two

WASHINGTON—(NEA)—Stories from Luxembourg indicate that U. S. Minister Perle Mesta has been having some trouble with her alphabet lately, but thought it began with a "Z."

When a group of 4-H boys and girls visited the U. S. legation at Luxembourg during a European farm tour, they were greeted with an expression of great pleasure in being able to entertain "you 4-Pers."

Then when the Schuman plan for merging European coal and steel resources was up for consideration, a story came out that Madame Minister asked about what role that big German steel company was going to have. She couldn't remember the name, but thought it began with a "Z."

Everyone looked puzzled till a secretary asked if she meant "cartel!" She said yes, that was the one. Closure Fight Looms

Southern fear of four more northern votes in the U. S. Senate still seems to be the underlying reason for opposition to admission of Hawaii and Alaska to statehood. Whether or not Southern opponents will try to filibuster against admission apparently has not been decided.

If there is a filibuster, it will bring a fight for cloture, or limitation of debate. Republicans and Northern Democrats might welcome an all-out fight on new cloture rules over the statehood issue, believing it better than a fight over cloture on the old rights question.

A "heat barrier" now is recognized as one of the greatest obstacles to be overcome in designing airplanes that will go 1,500 miles an hour, according to John P. Victory of the National Advisory Committee for Aeronautics.

This roughly is twice the speed of present-day aircraft which have succeeded in breaking the "sonic barrier" at 700 miles an hour, the speed of sound at sea level.

"At a speed of 'Mach 2' or twice the speed of sound, air friction raises the temperature of an airplane's skin to 475 degrees Fahrenheit at sea level, 250 degrees at 40,000 feet. Aluminum alloy, from which present airplanes bodies are made, loses 10 per cent of its strength at 250 degrees, 40 per cent at 475 degrees.

Two metals which can withstand this temperature are the rare metal titanium, good up to 600 degrees, and stainless steel, good up to 800. But the next problem is to design a refrigerating system that will keep the pilot from being roasted alive.

U. S. Guardianship U. S. Indian Commissioner Dillon S. Myer made a swing through the West last year, promoting his plan to get the Indians out from under government protection and make them independent citizens. He met with the council of the Osage nation at Pawhuska, and later had a public meeting with the members of this oil-rich tribe. All were opposed to removal of government trusteeship over their lands.

After the meeting, a few Indians who said they were from California, though they had Osage head rights, came up and asked Myer to meet with them. The commissioner said he would, so the meeting was arranged for Hollywood.

When Myer got there, he found he was meeting with the best-dressed people he had ever seen in his life. They were Indians who had made good in the movies, and

were drawing all that Hollywood in addition to their royalties. But all these rich, successful and seemingly independent Indians also were opposed to liquidation of the Bureau of Indian Affairs guardianship over their property. Commissioner Myer couldn't figure it out.

Finally one lavishly dressed woman at the back of the room let the cat out of the bag. They were all afraid their taxes would be increased under the new arrangement.

Commissioner Myer thereupon made a speech he hadn't planned to deliver. There was a war on in Korea, he explained. It was costing every good American to pay his fair share of the taxes.

The speech didn't go down very well. The Osages were back in Washington early in February, talking to western congressmen on Capitol Hill against removal of government trusteeship over their affairs.

But this March 15, for the second year, all Indians are required to pay federal income taxes like other Americans.

National Insurance Snarl Veterans' Administration will start paying its third National Service Life Insurance dividend in March, although payments on 1948 and 1951 dividends have not yet been completed.

More than 600,000 vets have not yet filed claims for 1948 dividend. VA is going over these cases again, to try to locate ex-servicemen who have money coming to them and don't know about it.

Completion of 1951 dividend payment is fouled up in Department of Defense red tape. Of the 7,000,000 policyholders eligible to share in this dividend, payments have been made to almost all of the 4,000,000 vets out of service.

On the 3,000,000 policies held by men and women still in service, more than a million have been paid. The almost 2,000,000 unpaid dividends have been held up by an act of Congress passed last year, known as public law 33.

It permits holders of permanent National Service Life Insurance policies and the temporary five-year term policies to apply for waiver of premium payment.

This was made necessary when Congress gave everyone in service up to \$10,000 free insurance. Service men who had been paying on their insurance by deduction of premium from their Army, Navy or Air Force pay must apply for the waiver of Veterans Administration, then notify their services to stop the allotment.

It has taken from six to eight weeks to get these papers back to Washington.

VA must have both pieces of paper—the waiver application and the payroll deduction stop order—before it can start computing dividends. That's what has caused the snarl.

Presidency May Be Likewise Mrs. Robert A. Taft tells this story on her famous husband: When he was a little boy, he was taken to the circus.

When he got home, he broke down and cried. Asked what the trouble was, he replied: "It wasn't as good as I thought it was going to be."

★ THE DOCTOR SAYS ★ Make Sure Pork Is Well-Done To Guard Against Trichinosis

By EDWIN F. JORDAN, M. D. Written for NEA Service. A tiny animal parasite which is called trichinella spiralis is the cause of the serious and common disease known as trichinosis. Infection comes most often from eating improperly cooked pork or pork products.

So They Say

Republican politicians seem to care little about issues and spend their time quarreling about which candidate has or has not a "winning" personality, glamor or sex appeal.

Oscar Ewing, Federal Security Administrator. I skat because I think it's fun, and when it stops being fun I'll stop skating.

Barbara Ann Scott, ice skating star. Speaking for myself, I wouldn't have the slightest hesitation in seeing Mr. Truman in the role of the Senate candidate in Missouri.

Sen. Everett Dirksen (R-Ill). There is always a tendency on the part of government employees to "overclassify" because the censure of their superiors is great if they make a mistake.

Rep. Henry Jackson (D-Wash.). No matter what you do, you're wrong. If you get up and whack somebody, you're called a brawler. If you don't, somebody comes up and says you're yellow.

Errol Flynn. Manila brought me pale-yellow eggs scrambled to a lovely consistency, accompanied by little sausages and crowned with a sprig of parsley. He followed up with coffee and toast. I had already declined to pour my own orange juice.

Dolly Dumont gazed upon this gastronomic treat and turned away as if revolted. "What the young can put in their stomachs at the crack of dawn. What'd you say your name was, boy?"

Jim Orth, Mrs. Dumont, I reminded her. And it occurred to me that either Mrs. Dumont's indiscretions of the night before were still welding authority or else that she'd built herself up with a jumbo-size eye-opener. But no matter which, I began wolfing eggs.

"Okay, Jim. But don't bolt your food. I can't stand it on a morning like this."

The put-unnecessary-emphasis

THE STORY: Ames Warburton, one of the partners of Cravath & Company, stockbrokers, is found dead on a table below the ceiling that reads "Peacock Path" and Jim Orth, private detective who is posing as a playboy guest of Marjorie Cravath at Cravath's estate, is convinced the death was not an accident. Orth had been invited to Cravath as Cravath's guest after two attempts had been made on Marjorie's life. Searching for clues, Orth is knocked out by Cravath's niece, who was punished by meeting him on the path to darkness.

THE words themselves might have been callous. But Dolly Dumont's tone wasn't exactly. There was a trace of softness, even of pity, in it.

"Yes," I said cautiously. "Didn't like to mention it before, because I didn't know if you knew about it. But there has been a bad accident."

"Accident?" said Dolly. "Who am I to argue? All I know is that that poor kid, Ames, had no business here under the—the circumstances. If he'd played ball in his own league, as they say, this wouldn't have happened."

I hadn't an earthly of what she was driving at. But I wanted her to talk.

"I don't get it," I said encouragingly. "What circumstances?"

She ignored that completely. "Listen, Jim! You're a nice kid but after all, just a kid. So you'd better take some advice, even if it does come from a raddled old hag. Pack up and get out of here! This was a bad business for Ames Warburton. Could be for you too."

She went out of the room, none too steadily.

I swore into coffee dregs. A clever guy would have kept her there and learned something. I'd learned nothing in particular. Except, possibly, that Dolly Dumont was neither as drunk nor as dumb as she advertised herself to be.

I found Marston Cravath on his putting green, a miniature replica of an actual golf course, some holes short, others long, and little red flags with white numbers marking the holes. Such was Cravath's absorption that I was able

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, TUESDAY, FEBRUARY 26, 1952-5

Methodist WSCS To Form Circle

The Woman's Society of Christian Service of the St. Mark's Methodist Church voted at a general meeting in the church Monday to organize a new morning circle.

It also was voted to organize a Wesleyan Guild for the benefit of the church women who work. This group will meet in the evening.

Mrs. Albert Russell, chairman of the migrant workers program for the United Council of Church Women, told of the work being done by her group. Peggy Ott played several piano selections and Mrs. Elwood Kinney of the Miriam Circle gave the devotional on the subject, "The Missionary Program in South America." She read excerpts from a letter written by a South American missionary.

It was decided that the nominating committee will submit names for the officer election to be held at the meeting March 31.

Following the closing prayer, the Naomi Circle served refreshments to 23 persons.

Methodists Have Yearbook Program

The circles of the Asbury Methodist Church held a joint meeting Monday in the church. A yearbook program, "Let Courage Rise With Danger," was given.

Mrs. Dennis Ford gave the opening prayer and Mrs. J. H. Kinard gave the scripture. Mrs. Tope Power spoke on "Trouble Spots in Our Country," and Mrs. Clinton Morgan spoke on "The Amazing Missionaries."

Mrs. Clyde Gwyn conducted the business meeting and officers' reports were given. Mrs. J. A. Andrews gave the closing prayer.

Others attending were Mrs. Preston Pirtle, Mrs. Jess Hooper, Estelle King, Grace Wright, Mrs. Cecil Hardaway, Mrs. R. F. Willingham and Mrs. J. A. Tipton.

An executive committee meeting was held before the meeting in the home of Mrs. Clyde Gwyn. Quarterly reports were given.

Arts, Crafts Course Meets In Little House

The Girl Scout arts and crafts training course for adults met Monday in the Little House to work with tie-dyeing, finger-painting and stenciling.

The group also saw a film, "Color in Clay." Mrs. I. A. Searles was the instructor. Others attending were Mrs. W. M. Cates, Mrs. A. B. Jenks, Mrs. Wade Smith, Mrs. H. M. LaLonde, Mrs. C. C. Boles, Mrs. N. P. Taylor, Mrs. W. A. Dunn and Mrs. Walter Beadle.

Mrs. Harvey Herd and Mrs. L. H. Michaelson will be in charge of Wednesday's session on songs and games. A film, "Drawing with Pencil," also will be shown. During the class hours from 9 a.m. until noon a nursery will be provided for small children.

Liquid Rouge Adds Color To Cheeks

By ALICIA HART
NEA Beauty Editor

Rouge always has been a controversial beauty aid. Some women prefer cake, while others like cream. Then there's the group that would never think of using anything but a liquid coloring.

But certainly the most important qualification for rouge is that it gives a natural glow to your skin. There's nothing quite as unflattering as a hard, artificially-rouged look. Patches of color placed haphazardly on your cheeks are no help to beauty. It would be much better to look plain pale.

If your rouge never seems to be much of a make-up asset, you might like to try a new cheek color, which imparts a youthful, healthy glow to your complexion. This rouge comes packaged in a small round bottle that will slip neatly into your purse. All you have to do is shake it a few times and then dot a few drops on each cheek. The manufacturer claims the coloring never cakes, streaks or blotches. And it is so easy to apply, you don't even need a mirror.

Available in three shades, you can place this cheek color either under or over your powder. It will blend perfectly and naturally with every skin type and complexion tone.

And one thing more. This new cosmetic will not fade out during the day. It's made to last.

MIDLAND LIONS TO HEAR MRS. BAND WEDNESDAY

The crack Midland High School Band, under the direction of Ralph Miles, will furnish the program at the regular meeting of the Midland Lions Club Wednesday noon in Hotel Scharbauer.

Members of the Attendance Committee urged a large attendance of members and guests.

Among birds how extinct are the passenger pigeon, the great auk and the Labrador duck.

Executive Board Of WSCS Has Business Meet

The Woman's Society of Christian Service of the First Methodist Church held an executive board meeting Monday in the church.

Mrs. Jay H. Frazier, president, presided over the meeting. The devotional, "Peace of Mind," was given by Mrs. George White. A skit, "The Nominating Committee," was given by Mrs. W. F. Shafer. Mrs. Frazier, Mrs. George P. Bradbury, Mrs. Robert Baker, Mrs. E. A. Crisman, Mrs. Luther Tidwell and Mrs. Hugh Bliss.

Mrs. C. W. Chancellor reported on the executive board meeting of the Midland Council of Church Women and announced the World Day of Prayer will be held Friday.

Mrs. George P. Bradbury announced this district has 661 persons enlisted in study courses and leads in the conference.

Mrs. Earl Chapman, study leader, announced the next study subject would be "The Family—a Christian Concern." It will start April 7. Mrs. Chapman was elected delegate with Mrs. Frazier to attend the annual conference to be held in April in Amarillo.

Mrs. R. R. Russell was appointed Laura Haygood Circle chairman. Committee chairman for the church school appreciation banquet, to be held Tuesday, were announced.

Mrs. R. S. Watkins gave the closing prayer.

The Winnie Prothro Circle met at 3:15 p.m. in the church.

Barber Indicted In Cafe Robbery

DALLAS—(AP)—Robert H. Barber, Jr., already charged in the slaying of a Fort Worth detective, was indicted Monday by a Dallas grand jury with three others in a \$10,000 cafe robbery January 2.

Barber is in jail at Fort Worth awaiting trial for murder.

The detective was killed February 7 in a gunfight at Barber's home. Barber and two other detectives were wounded.

Named with Barber in the robbery were Joseph Charles McGee, Douglas Hunt and John Randolph Johnson.

Pope Gregory XIII in 1582 ordered that October 4 be followed by October 15 in order to adjust the inaccuracy of the Julian calendar.

'I'm Not The Hero,' Captured General Writes Newsmen

PANMUNJOM, KOREA.—(AP)—Maj. Gen. William F. Dean, highest ranking Allied officer in Communist hands and a Medal of Honor winner, says his aide, not he, was a hero.

The 52-year-old former commander of the U. S. 24th Division said in a letter from Prison Camp No. 6 in North Korea:

"I regret that I am not the hero newspaper accounts 'make me out to be.'

The stories of Dean's experiences in South Korea during the month he eluded Communists before he was captured in August, 1950, came from Koreans he encountered and Americans who were with the general just before he lost contact with his troops.

Dean's letter, dated in January, was addressed to Australian-born Wilfred Burchett, correspondent for the Communist Paris Ce 80r. Burchett released it to The Associated Press Tuesday.

"I said in part:

"It was good to hear from you and to have the information on my son's reaction (William F. Dean, Jr., at West Point) upon being informed that I was still on deck. x x x.

"I am indeed grateful to you for getting the information that Arthur Clarke, my aide, escaped and is still alive. That wonderful news has taken a great load off my mind. Clarke was the hero of the night of 21

July, 1950, not I."

That's the night Communists overran an element of the 29th Division; Dean risked his life to save his men, was cut off and escaped, only to be captured eventually.

"I also appreciate your writing to Mildred (Dean's wife) and getting word to her so expeditiously. Mr. (Robert) Tuckman of The AP sent me a copy of your radio letter," General Dean continued.

"Your account of our meeting and your interview with me is extremely flattering and complimentary and depicts me in a very heroic light. I regret that I am not the hero you make me out to be.

"I hope that I am not presuming on good nature when I request you to send me by the North Korean liaison officer or anyone coming up here a fountain pen that I have asked Colonel Clarke in Tokyo to send you. I am very hard on a pen and I therefore dislike using another's pen for fear of ruining it.

"Thanking you for the kind and generous treatment of me in your report and again thanking you for writing Mildred, I am,

"Sincerely, William F. Dean, major general U. S. A. (POW).

Dean also wrote Burchett that he regretted he was unable to make a radio recording for broadcasting. Dean said, "I am convinced that I have talked too much as it is."

AIN'T WHAT HE USED TO BE.—Broker's Tip, 1933 Kentucky Derby winner, waits to be let in the University of California College of Agriculture's Experiment Station at Davis, where he is used in the teaching of horse production, care, feeding and management. The 22-year-old Blue Grass thoroughbred is a gift from Sacramento's Ralph Taylor. (NEA)

Doomed Spies Plan High Court Appeal

NEW YORK.—(AP)—Julius and Ethel Rosenberg, husband and wife sentenced to die for giving Russia atomic secrets, looked to the U. S. Supreme Court Tuesday to save them from the electric chair.

The Rosenbergs, first Americans ever doomed for espionage outside a military courtroom, planned to appeal to the nation's highest tribunal after a U. S. Court of Appeals Monday unanimously upheld their espionage convictions and death sentences.

Defense Attorney Emanuel H. Block said he "definitely" would take the case to the Supreme Court.

If the Supreme Court rules against the Rosenbergs, only a commutation of their sentences by the President could keep them from dying in the electric chair at Sing Sing Prison.

Rosenberg, an electrical engineer who will be 34 in May, and his 36-year-old wife were convicted of ferreting out wartime American secrets for the same Russian-based spy ring that included imprisoned British scientist Klaus Fuchs.

Another defendant at the Rosenbergs' trial a year ago was 35-year-old Morton Sobell, who drew 30 years for his part in the plot.

The appeals court Monday, also upheld the conviction of Sobell, who was charged generally with being a member of the conspiracy. He escaped the death penalty because he was not linked, as the Rosenbergs were, to the actual theft of the atomic data.

It was not known immediately whether Sobell would appeal.

Quits Laxatives — finds amazing relief

"Had tried method after method to relieve constipation, until I lost faith," admits New Jersey woman. "Then I started to eat Kellogg's ALL-BRAN daily and was amazed at the fine results!" Delicious ALL-BRAN may bring back your youthful regularity if, suffering has been due to lack of bulk in diet. It's the only type ready-to-eat cereal that supplies all the bulk you may need. ALL-BRAN is rich in iron, high in cereal protein, provides essential B and D vitamins. Not habit-forming. Eat 1/2 cupful of Kellogg's ALL-BRAN daily; drink plenty of liquids. If not satisfied after 10 days, send empty carton to Kellogg's, Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK!

Mother's Promise Of Ice Cream, Cake, Gets Results

LOCUST, N. J.—(AP)—A 39-year-old mother whose four-year-old son tumbled into an 18-foot well Monday jumped in to rescue him and went through a half-hour ordeal until help came.

Mrs. Edith Masell said she spent the time clutching her son to keep him afloat in the eight-foot-deep water while reciting nursery rhymes. She hung on to a small pipe on the side of the well.

"I promised him ice cream, cake and no spanking if he would hold on to me quietly. It did the trick," the mother of four children said.

Some toddlers came running to her door shouting, "Andy's gone in swimming." Quickly, she called a neighbor to get help and ran to the well near her home.

Both mother and son were in good condition after police fished them out with a ladder.

Merrymakers Cram New Orleans For Final Hours Of Mardi Gras Carefree Madness

NEW ORLEANS.—(AP)—Merrymakers crammed this city of fun and frolic Tuesday for a final dose of that carefree madness that is Mardi Gras.

The carnival season reached its climax Tuesday. It began January 7 and blossomed into full swing February 17 with its first street parade.

Until the stroke of midnight, revelry rules this gay city of the Bayou Country. Although midnight officially ends the holiday, many fun-loving visitors and natives alike will continue their hi-jinks into the wee hours Wednesday.

The weatherman promised to keep the skies free of rain for the grand finale, but warned it would be cold, cloudy and windy.

Rex, the monarch of Mardi Gras and the lord of merriment, topped the list of street entertainment with his extravaganza. But rivaling the parade of the king and queen were the antics of the cavorting Zulu warriors. The Zulus, a negro society of that carefree madness that is Mardi Gras, are annual favorites with the tens of thousands of howling, jostling observers. Where other parading krewe's toss candy, gum and small trinkets to the spectators, the Zulus heave heavy coconuts.

The final parade of the season is the torch-lit procession of Comus, god of mirth, Tuesday night.

Mardi Gras—Fat Tuesday—is the last day before the start of the 40 days of lent and fasting, and New Orleans always makes the most of it.

Rex, the Mardi Gras king, is William Waller Young, an attorney. His queen is Eugenie Penick Jones, a debutant.

Vinson Cites Danger Of War 'Tomorrow' In Support Of UMT

WASHINGTON.—(AP)—Chairman Vinson (D-OH) of the House Armed Services Committee said Tuesday the United States faces "a possibility of sudden war tomorrow and a threat of war over an extended period of time."

Vinson made the statement in a speech prepared for opening House debate on universal military training (UMT) legislation.

The House schedule throughout this week calls for debate on whether 18-year-old youths shall be required to take six months of military training and then revert to a reserve status the next seven and one-half years.

Voting is scheduled next week, but there is a possibility the House may send the measure back to Vinson's committee for further study.

UMT, Vinson said, will provide not only "adequate preparedness" by building up a trained reserve, but will result in "economic solvency" by making it possible to reduce military spending.

Vinson said the nation has only two choices—to maintain an unprecedentedly large standing force or to build up a ready reserve.

"The sole objective of universal military training," he said, "is to create a strong, well-trained ready reserve, made up of non-veterans, which will permit us to stop drafting men for service, and will likewise permit us to reduce the size of our standing forces."

Nation's Crude Oil Output Takes Jump

TULSA.—(AP)—The nation's daily average oil and condensate production during the week ended February 23 jumped 15,450 barrels to 6,364,475 barrels, The Oil and Gas Journal reported Tuesday.

Mississippi and Kansas between them furnished more than the net gain, the former increasing 10,600 barrels to 104,175, and the latter adding 5,200 to 325,000.

The largest losses were in Wyoming, down 3,300 barrels to 182,000 barrels, and Montana and Oklahoma, each off 1,100 barrels to 22,500 and 218,600 respectively.

The daily averages included: Texas, up 10,000 barrels to 2,929,725; New Mexico, up 100 to 158,225; and Louisiana, up 500 to 657,600.

Refugees Make Study Of Nation

PITTSBURGH.—(AP)—Right now the "Blue and White Club" has 72 members—all displaced persons from Europe. Next month there may be more, or less depending on how fast the members are absorbed into the American way of life.

As soon as the newcomers learn a little of the language, the customs and the peculiarities of the country they drop out. That's good news to the social workers who operate the organization. The club is sponsored by the Young Men's and Women's Hebrew Association. It was organized in 1949.

When someone asked if people in Europe realize what America is like, one refugee member pondered and said: "The people back there know, but they can't believe it. I can hardly believe it myself."

Stuck Bridge Span Halts Highway Traffic

PEKIN, ILL.—(AP)—A 75-foot span of the Pekin Highway Bridge was stuck 100 feet above the Illinois River Tuesday, forcing the rerouting of traffic into this Central Illinois community of 20,000.

State highway engineers said a gear shaft and collar of the bridge was broken. The span would be stuck at least a week, the engineers said.

George Reisinger, 71, a bridge-tender, raised the span at noon Monday to let a boat pass. He couldn't get it down.

GOVERNOR PROCLAIMS WORLD DAY OF PRAYER

AUSTIN.—(AP)—Texans were asked by Governor Shivers Monday to join the international observance of February 29 as a world day of prayer, sponsored by the United Council of Church Women.

Monkeys search through their hair, not for fleas, but for a salt which exudes from their pores.

Illness Is Fatal To Midlander's Mother

Mrs. Harry A. Miller, Sr., of Houston, mother of Harry A. Miller, Jr., of 1409 West Washington Avenue, Midland, died at 3:30 p.m. Monday in Houston following an extended illness.

Mr. and Mrs. Miller, Jr., left Midland by plane Tuesday to attend the funeral services in Houston.

U. S. Has Third Surprise Witness In Trial Of Reds

LOS ANGELES—(AP)—The government was ready to spring a third surprise witness on the 15 California Communists charged with conspiracy as their trial went into its fifteenth day Tuesday.

U. S. Attorney Walter S. Blinn indicated he might produce another FBI undercover man to give a picture of the inner workings of the Communist Party in this state.

The prosecution is seeking to prove the defendants conspired to teach and advocate violent overthrow of the government.

It has taken 14 court days to question and cross-question the first two witnesses.

Mexicali is the capital of Northern Lower California.

Posse Hunts Jailbreaker In Icy Cap Rock Country

MEMPHIS, TEXAS.—(AP)—Almost a score of officers searched the rugged, icy Cap Rock country near here early Tuesday for a young jailbreaker.

Jimmy Oakley, 17-year-old Memphis youth who saved his way out of the Donley County jail at Clarendon Saturday night, was believed on foot in the rocky, arroyo-laced country.

Oakley last was seen Monday in the little Panhandle town of Quitaque. Hunting police later found his car, stolen from a Memphis auto firm, abandoned southwest of Quitaque.

Hall County Sheriff E. E. Morrison, one of the searchers, said Oakley's tracks were found in the snow leading into the rugged Cap Rock area.

Deputy Sheriff Bill Baten Tuesday said between 15 and 20 men were in the sub-freezing weather looking for the fugitive. Baten thought they had little chance of finding the boy unless he came to a ranch house for food. Temperatures were in the neighborhood of 10 degrees.

Baten said only one road went through the area where Oakley was believed hiding. He said both ends of the road were blocked and officers were watching houses in the vicinity in case the young jailbreaker tried to enter one.

Oakley's mother lives in Wichita Falls, Baten said. The youth had been held in the jail at Clarendon on charges of forgery and burglary.

LIONS ROAR IN PROTEST—Forty members of the Midland Lions Club, with silver dollars in hand, line up at the stamp window in the Midland Post Office to purchase 49 two-cent postal cards each for their club. The mass purchase act actually was in protest to the new regulation which places a 10 per cent tax on cards in lots of 50 or more. The club, which uses about 200 cards a week, incidentally saved \$4 in the deal.

Big Jim Folsom Cleared Of Charge Of Drunken Driving

BIRMINGHAM, A.L.A.—(AP)—Former Gov. James E. Folsom of Alabama was cleared of a charge of driving while intoxicated. The six-foot, eight-inch insurance man wept when Judge O. O. Boner acquitted him Monday after a non-jury trial in county court. His pretty, brunette wife broke into a wide smile.

Folsom was arrested shortly before midnight February 8 on the highway between Birmingham and his home at Cullman. He was released in bond after spending about an hour in jail.

State Highway Patrolman L. E. Neumann testified that Folsom's car was weaving from one side of the road to the other, and that the former state official admitted he had been drinking whiskey and beer.

Folsom didn't testify, but defense witnesses said he did not appear intoxicated shortly before and after his arrest.

Taft Favors States In Tidelands Battle, Says Texas Backer

SAN ANTONIO.—(AP)—A state GOP committee official Monday said Senator Robert A. Taft told him in a letter he is "entirely on the side of the states" in the Tidelands controversy.

Marrs McLean, Taft supporter and finance chairman of the GOP Status Committee, said Taft wrote: "In the Tidelands controversy, I am entirely on the side of the states."

Taft, candidate for the Republican presidential nomination, will visit here March 11.

In Arctic rescue work, the Air Force has successfully parachuted dogs in tests to aid "stranded" men.

Russia Invited To Testify About Katyn Massacre

WASHINGTON.—(AP)—Soviet Russia has been invited to give Congress its views on the 1939 Katyn Forest massacre, in which 11,000 Polish officers were slain.

Previous witnesses have blamed the Russians. The Soviets publicly have accused Germany's Nazis of the atrocities.

Representative Madden (D-Ind) said the State Department delivered the invitation to the Soviet Embassy Monday afternoon with a request for a reply by May 1.

Pointing out that this is the first time a foreign government has been invited to testify before a congressional committee, Madden said: "This will be an American hearing. We'll listen to both sides. It won't be like a Soviet Russia hearing, where only one side of an issue is presented."

Southwestern Life Sets New Sales High

New high marks in business for 1951 were reported by Southwestern Life Insurance Company as the company's forty-ninth annual financial statement was released for publication.

M. R. (Red) Gayle

A new record in annual life insurance was announced by M. R. (Red) Gayle, the concern's Midland representative, who said the company's Texas agency in 1951 produced \$121,207,090 of new paid-for business, which resulted in an increase in its insurance in force to a total of \$912 at the end of the year.

For the first time in the company's history, policy benefits paid to policyholders and beneficiaries averaged more than \$1,000,000 monthly, and for the year amounted to \$12,395,856.06.

The firm's financial statement shows 1951 year-end assets in a total amount of \$245,641,716.50, an increase during the year of \$22,551,580.53.

Van Fleet Praises Red Cross Campaign

EIGHTH ARMY, KOREA.—(AP)—Gen. James A. Van Fleet, Eighth Army commander, made the first contribution in Korea to the 1952 American Red Cross campaign.

He also praised the Red Cross and predicted all combat zone units will "come through generously" to show their appreciation and to continue "the tremendous job being done" by 120 Red Cross workers in Korea.

27,000 Texans are telephone employees

ONE OUT OF EVERY 7 Texas telephone people has been in the business 21 YEARS OR MORE

There is a social organization in the telephone business called the "Pioneers." The only requirement for membership is 21 years or more in telephone work. In Texas, 4,100 telephone men and women, or one out of every seven, are "Pioneers." Some have almost 50 years of service. As a group, they represent 110,700 years of telephone work.

The average length of service for all Southwestern Bell people is 8 1/2 years, despite the fact that many new employees have been added in recent years. People usually stay with jobs they like. The long service of so many telephone people is good evidence of how well they like their work... and how pleasant you are to work for.

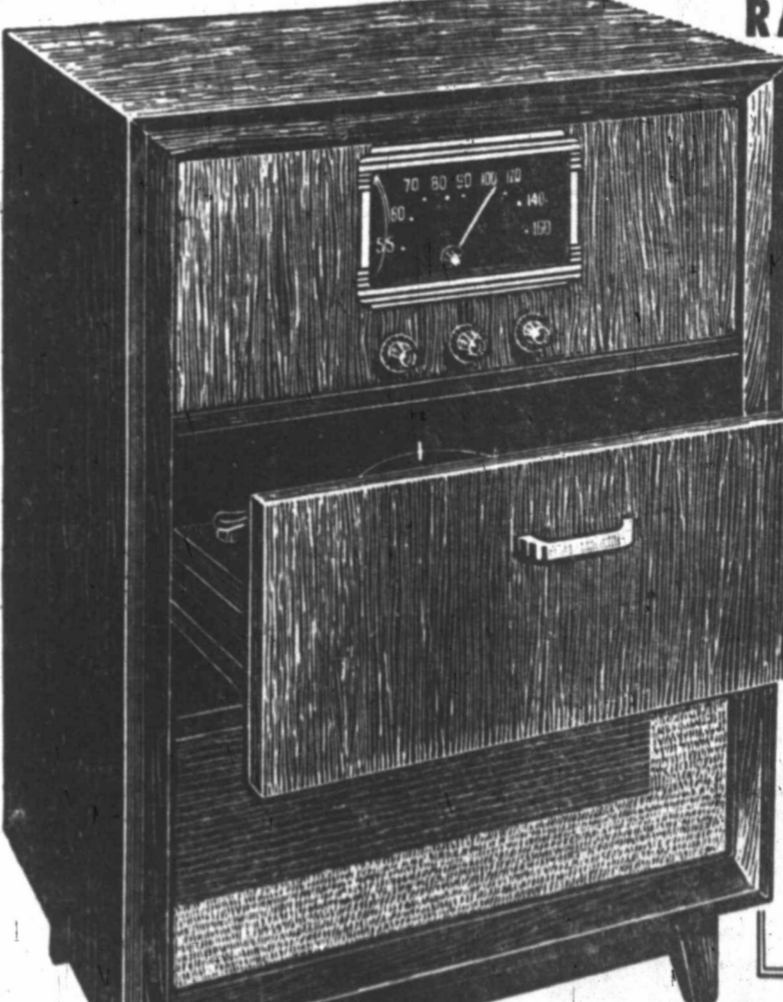

Where you find people interested and happy in their work, you find people who are good citizens and good neighbors. We're justly proud that the telephone business attracts capable men and women. We're proud that so many of them make a career of telephone work. It's people like this who keep Texas' telephone service equal to the world's best.

FOR FASTER LONG DISTANCE SERVICE... CALL BY NUMBER

SENSATIONAL \$50 ALLOWANCE FOR YOUR OLD CONSOLE RADIO \$25.50 FOR TABLE MODELS

TOWARD THE PURCHASE OF THIS NEW STEWART-WARDNER RADIO-PHONOGRAPH COMBINATION

PLEASURE JET—French plane-makers have come up with the world's first jet-powered light touring plane for civilian use. It's the "Sipa 200," powered by turbo-jet engine, and weighing less than a ton. The light jet is said to travel 200 miles per hour, with a range of 300 to 500 miles.

JACOBY ON CANASTA

By OSWALT JACOBY
Written for NEA Service

"Is there such a thing as a misdeal in canasta?" asks a Chicago reader. "If so, when is it possible to call for a new deal?"

Yes, there are misdeals at canasta. Under certain circumstances you have the right to ask for a new deal.

Suppose that nobody cuts the cards before the deal begins and you remember this while the cards are being dealt. You may ask for a new deal. This situation is pretty rare, because the cards are usually cut to begin with.

In the second place, if the cards are not cut the chances are that nobody will think of that fact. Finally, if the deal is completed and a proper up-card is turned up, it stands as a correct deal even if somebody then remembers that the cards were not cut.

Usually a misdeal is called for when the dealer exposes a card while he is dealing. This is a general rule of most card games: there must be a new deal if a card is improperly exposed during the deal.

After the play has begun, the deal stands in spite of most dealing errors. However, there are certain errors that entitle you to call for a new deal provided that you act before each player at the table has completed his first play.

Suppose, for example, that any player was dealt 12 cards (or any other incorrect number of cards). If that error is discovered before the end of the first round of play, there must be a new deal. If the error is discovered later, the play continues without correction.

The same rule applies during the first round of "play" if a card is found faced in the stock pile or if a foreign card is found in the pack or in a player's hand. A "foreign" card is one that doesn't properly belong in that deck.

For example, if you have a blue canasta deck (108 cards as usual) and also a red canasta deck, you might have a red card shuffled in with the blue deck. That red card would be a foreign card.

If such errors are discovered after each player has completed his first play, the deal stands. If a card is found faced in the stock it is turned over and shuffled with the rest of the stock.

If a foreign card is found in the pack, it is removed. If a foreign card is found in a player's hand, it is removed and replaced immediately from the top of the stock pile.

'Gone With The Wind' Still Blows Strong

TEL AVIV —(AP)—"Gone With The Wind" still is blowing strong in Israel. In one of the largest Tel Aviv theaters, the good old Clark Gable-Vivian Leigh epic is daily drawing record crowds since it began its second run two months ago.

Another Jerusalem hit is Cecil De Mille's "Samson and Delilah." But when the Jewish youngsters there spotted several deviations from the Bible tale, they critically shouted, "That ain't so."

TREATED IN HOSPITAL
Onie Lee Johnson, 204 North Adams Street, was admitted to Midland Memorial Hospital Monday as a medical patient.

RIGHT ARM SPRAINED
Barbara Jane Bigard, two-year-old daughter of Mr. and Mrs. Robert Bigard of 1610 South Big Spring Street, was given emergency treatment at Western Clinic-Hospital Monday for a sprained right arm.

SUFFERS SCALP LACERATIONS
R. M. Cayce, 106 South Pecos Street, a roughneck for Midwestern Drilling Company, suffered lacerations of the scalp Monday when struck by a wrench. He received emergency treatment at Western Clinic-Hospital.

SUFFERS BRUISED HAND
H. W. Logan, 504 West George Street, received emergency treatment at Western Clinic-Hospital for a bruised left hand. Logan was hurt while working on a derrick.

TO UNDERGO SURGERY
Noble Stouard, 610 South Marshall Street, was admitted to Midland Memorial Hospital Monday for surgery.

ADMITTED TO HOSPITAL
Anita Hatch, 1106 North Main Street, entered Midland Memorial Hospital Monday as a medical patient.

Two ski tows, each 250 yards long, will be in operation for the first time in Scotland this year at a Perthshire ski club.

Western Clinic-Hospital Names New Administrator

Officials of Western Clinic-Hospital announced Tuesday the appointment of John H. McNeil as business administrator of the hospital, effective March 1.

McNeil, who formerly was assistant administrator of the 625-bed Hermann Hospital in Houston, will replace Charles L. Hicks, who submitted his resignation to hospital officials recently.

A graduate of Wisconsin University, McNeil is an experienced hotel and hospital administrator. Following graduation from college, McNeil accepted a job in the steward's department of the Bismarck Hotel in Chicago.

From there he went to the Kahler Corporation in Rochester, Minn., an organization of three hotels and three hospitals which is operated in conjunction with the famous Mayo Clinic in Rochester.

McNeil spent four years in the Army from 1941 to 1945. He served as an infantry major in the South Pacific.

Upon release from the Army, McNeil went back to the Kahler Corporation job in Rochester, where he advanced to the position of assistant business manager of the corporation before accepting the job of assistant business administrator at the Houston hospital.

The new administrator served in the Houston job from July, 1949, until the present time. "I am delighted to accept a job at Western Clinic-Hospital at this time while they are in the planning stage for a new hospital," McNeil said Tuesday.

The hospital has purchased two and one-half acres of land between Michigan and Louisiana Streets where they anticipate constructing a new hospital in the near future.

The new administrator has a wife and five children, who will live in Houston until school is out. His children are John, 13, Tom, 11, Kitty, nine, Elizabeth, six and Michael, four.

Hicks, the resigning administrator, said Tuesday his plans for the future are indefinite.

Midland Woman Injured Slightly In Traffic Crash

A 45-year-old Midland woman suffered minor injuries at 9:30 a.m. Tuesday when the car in which she was a passenger was in collision with another automobile at the intersection of West Griffin and McKee Streets.

Treated at Western Clinic-Hospital for bruises of the chest, right arm and right cheek was Ruby Willingham of 1003 West Griffin Avenue.

Miss Willingham was a passenger in a car driven by A. B. Pou, which was in collision with another automobile driven by Willard Dempsey Massey, also of Midland. None of the others in the accident was injured.

COTTON
NEW YORK —(AP)—Tuesday noon cotton prices were 60 cents a bale lower to 25 cents higher than the previous close. March 41.05, May 40.30 and July 39.46.

MRS. ULMER IN HOSPITAL
Mrs. Marvin C. Ulmer, 111 North C Street, was admitted to Western Clinic-Hospital Monday as a medical patient.

CRANE PLANS SCOUT Finance Campaign
CRANE—An early breakfast was held Monday at the Pettis Grill to make plans for beginning the Boy Scout finance drive.

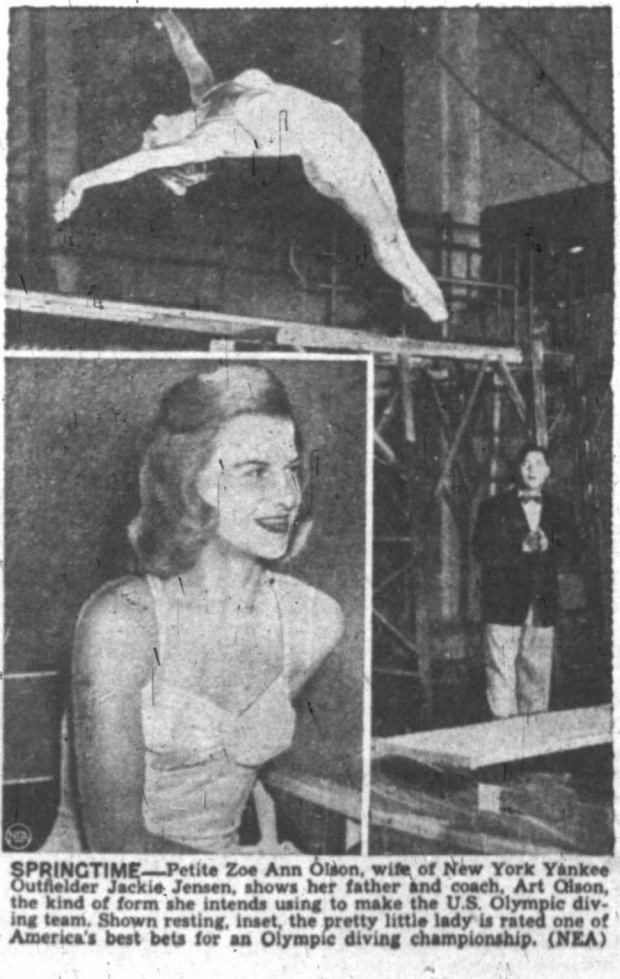

Hugo Huffman is chairman, and D. H. Culp, W. H. Delaney, W. H. Pettis, W. R. Woodbury and W. W. Altman are assisting in making this the most successful drive to be staged in Crane.

Letters will be sent, and the public is asked to be liberal in donations. Contributions is the only means of maintenance funds of the youth organization. Scoutmaster Harold Pettis said.

PATIENT IN HOSPITAL
William V. Worley, Jr., 1802 North Big Spring Street, was admitted to Midland Memorial Hospital Monday as a medical patient.

ENTERS HOSPITAL
Callie Carpenter, Terminal, has been admitted to Midland Memorial Hospital as a medical patient.

SPRINGTIME—Petite Zoe Ann Olson, wife of New York Yankee outfielder Jackie Jensen, shows her father and coach, Art Olson, the kind of form she intends using to make the U.S. Olympic diving team. Shown resting, inset, the pretty little lady is rated one of America's best bets for an Olympic diving championship. (NEA)

THIS MEDICINE WASN'T SO BAD

Taking medicine is not always such an unpleasant task. In fact, sometimes it can be downright pleasing.

Three-year-old Stephan Whitaker of 808 North Loraine Street ran across a bottle of cough syrup in his parents' home which had such a pleasing twang he promptly downed the whole bottle.

He was rushed to Midland Memorial Hospital for emergency treatment but apparently suffered no ill effects. He was released following treatment.

Five Killed, 12 Hurt When B-50 Bomber Crashes Near Omaha

OMAHA —(AP)—A four-engine B-50 bomber crashed and burned while landing Tuesday at Offutt Air Force Base near Omaha, killing five and injuring the other 12 persons aboard.

Cause of the crash was not determined immediately, but a wing was said to have come off the medium bomber just before the crash. It occurred on a runway at Offutt Base, headquarters of the far-flung Strategic Air Command.

The flight was described as routine but the presence aboard of some classified equipment led base officials to permit no civilian photographers or reporters to visit the crash scene.

An Air Force spokesman at Hickam Field, Hawaii, said the plane arrived there from Tokyo Friday and left early Monday for Offutt on a routine flight.

Mail Service Added To More Streets

The Midland Post Office Tuesday released additional names of streets which newly added mail delivery will cover.

Routes have been extended to include the following blocks: 1100 to 1700 Douglas Street; 1200 to 1700 Community Lane; 1100 to 1200 Lynn Street; 1100 to 1200 Cedar Street; 1900 to 2000 North Tyler Street; 1900 to 2000 North Carver Street; 1100 to 1900 East Oak Street; 1600 blocks of South Baird, Weatherford, Fort Worth, Dallas and Terrell Streets; 100 and 200 blocks on Mitchell Street; 100 East Circle Drive; 300 Kessler Street; 300 Marian Street; 3000 to 3200 Hill Street; 3000 through 3200 Sycamore Street; 3000 to 3200 Park Lane; 2400 to 3200 Kessler Street, and 2700 through 3200 West Illinois Street.

Mail delivery already has been started in some of the area and the Post Office hopes to service the whole area by the end of the week.

El Paso Officers Await Arrival Of Texas Grain Man
EL PASO —(AP)—City detectives and a Kansas warrant awaited the expected arrival here Tuesday of Mayor C. M. Henderson, Farwell, Texas.

The Kansas Bureau of Investigation asked El Paso police to arrest the dapper, West Texan when he returns from Mexico. Henderson is charged with obtaining a \$45,000 personal loan under false pretenses Nov. 6, 1951 from the Fidelity State Bank of Garden City, Kan. The complaint states a spurious warehouse receipt was given as security.

Henderson, recently named "man of the year" at Farwell, was reportedly enroute here by train from Torreon, Mexico. The train was due to reach El Paso about 4 p.m. He left here for Torreon Friday with two companions on what was described as a business trip.

Three West Texas Counties Report Wildcat Failures
Wildcat failures in three West Texas Counties—Lynn, Martin and Tom Green—have been abandoned and plugged.

Anderson-Prichard Oil Corporation and Ronald Jarrett, both of Midland have ordered their No. 1 Mrs. B. E. White, in Northwest Lynn County abandoned.

It drilled to 10,841 feet in Ellenburger. Top of that formation was at 10,784 feet, which is on a datum of minus 7,545 feet.

Made Only Water
A drillstem test was run at 10,794-841 feet. The tool was open 45 minutes. Recovery was the 1,800-foot water blanket, 3,000 feet of salt water and 30 feet of drilling mud.

Open flowing bottom hole pressure was 3,150 pounds. Shut-in bottom hole pressure, after 15 minutes was 4,375 pounds.

Location was 600 feet from south and west lines of section 154, certificate 708 HE&WT survey. It was 12 miles northwest of Tahoka.

Argo Quits Brown
Argo Oil Corporation No. 1 R. B. Brown, North-Central Martin County prospector, 16 miles northeast of Stanton, has been plugged and abandoned for the second time.

It was 660 feet from north and west lines of section 15, block 38, T-2-N, T&P survey.

Permian Basin Oil And Gas Log

(Continued From Page one)

being cleared for north and east offsets.

No. 1 Boothe flowed 152 barrels of oil in 24 hours through an 18/64-inch tubing choke on last report. Production was from perforations in casing at 3,208-5,214 feet.

No. 1 Boothe is 962 feet from west and 390 feet from south lines of section 76, block 22, T&P survey and five miles southwest of Sweetwater.

The east offset to the discovery is Mar-Tex No. 2 Boothe, 467 feet from south and 1,290 feet from west lines of section 76, block 22, T&P survey.

The north offset is Mar-Tex No. 3 Boothe, 1,290 feet from south and 467 feet from west lines of section 76, block 22, T&P survey.

Ellenburger Dry In NW Glasscock Wildcat Explorer
Phillips Petroleum Company No. 1 Berry, Northwest Glasscock County wildcat, 17 miles northwest of Garden City and four miles southeast of the Germania-Spraberry field in Northeast Midland County found salt water, and no shows of oil or gas in the Ellenburger.

The prospector is now circulating while waiting on orders.

After topping the Ellenburger at 11,432 feet, on an elevation of 2,644 feet the wildcat drilled to total depth of 11,478 feet.

Ran Drillstem Test
It took a drillstem test at 11,400-478 feet. The tool was left open one hour. There was a strong blow of air in four minutes and it then died.

Operator closed the tool. Pulled up the drill pipe and then re-set the packer at 11,400 feet and left the tool open for one hour and 15 minutes.

There was a strong blow of air for 25 minutes and a medium blow for the remainder of the test.

Had Salt Water
Recovery was the 2,970-foot water blanket, 840 feet of drilling mud and 5,130 feet of salt water. Chloride content of the water was 43,390 parts per million. There were no shows of oil or gas.

Open flowing bottom hole pressure was from 960 to 3,790 pounds. Location is 656 feet from west and 664 feet from north lines of section 35, block 36, T-2-S, T&P survey.

Had Gas In Pennsylvania
This wildcat had some shows of gas in the Pennsylvania above 10,190 feet. Operator representatives have not yet decided whether they will try to develop production from that zone or not.

The No. 1 Berry did not report having any possibilities of production in any of the Spraberry sections.

Saxon Will Dig Two Concho Prospectors To 3,700-Foot Zone
Saxon Exploration Company of Abilene has staked locations for two 3,700-foot wildcats in Concho County.

Saxon No. 1 J. H. Stansberry will be three and one-half miles northeast of Eden and 467 feet from south and 1,400 feet from east lines of section 8, A. McGregor survey.

That makes it one-half of a mile north of the discovery well of the field, General Crude Oil Company No. 1 Webb.

The new Sun exploration is one-quarter of a mile north of the same concern's No. 1 Peters, now in process of completion from open hole at 5,609-21 feet.

That well had flowed 100 barrels of oil in 24 hours, naturally, on a preliminary test.

Second Producer Is Completed In NW Nolan Field
Second producer, one-half mile southwest of the discovery well, has been added to the Rowan & Hope Canyon field of Northwest Nolan County.

It is Rowan & Hope of San Antonio No. 1 Nemir, 3,678 feet from north and 930 feet from west lines

NOTICE OF PROPOSED OFFICE BUILDING FOR OIL COMPANIES

Local contractor has land suitable for oil company offices, located just out of down-town congestion. Tentative plans call for a 4-story modern-styled building of 20,000 square feet, with ample paved parking area. If you represent a major company needing additional offices, or if you are an established independent desiring a better location, let us know your requirements as soon as possible, in order that we may design your space to suit you. Reasonable leases will be required.

NOTICE OF PROPOSED OFFICE BUILDING FOR OIL COMPANIES

Local contractor has land suitable for oil company offices, located just out of down-town congestion. Tentative plans call for a 4-story modern-styled building of 20,000 square feet, with ample paved parking area. If you represent a major company needing additional offices, or if you are an established independent desiring a better location, let us know your requirements as soon as possible, in order that we may design your space to suit you. Reasonable leases will be required.

be four and one-half miles northeast of Eden and 467 feet from south and 1,400 feet from east lines of section 118, block 72, T&NO survey. Drilling is due to be started at both projects in the near future.

Stanton Wildcat Is Pumping Some Oil After Shoot
Ryan Consolidated Petroleum Corporation No. 1 Peters, Southeast Martin County wildcat, one mile north of Stanton is reported to be pumping at the rate of 40 barrels of oil per day from Spraberry pay at 7,038-7,167 feet.

That production was developed after the project had been shot with nitro glycerin. No information is available as to whether or not the project is making any formation water.

Due To Potential Soon
It is expected that a potential test gauge will be taken shortly and after that the well will be put on regular production.

This wildcat is 660 feet from north and east lines of section 11, block 36, T-1-S, T&P survey.

It had been credited originally with having pumped from five to 10 barrels of oil per day, plus some water, after the pay at 7,038-7,167 feet had been fractured with 1,500 gallons.

The project had been pumped at intervals for several months before operator decided to use the nitro glycerin in an effort to increase the petroleum yield.

Sun Stakes North Offset To New Oil Field In SW Fisher
Sun Oil Company No. 2 Mrs. W. A. Peters is a 6,000-foot exploration on the north side of the recently opened Claytonville-Canyon reef lime field in Southwest Fisher County. It has already started drilling.

It is 1,822 feet from west and 1,873 feet from south lines of section 209, block 3, H&T survey.

On North Side of Area
That makes it one-half of a mile north of the discovery well of the field, General Crude Oil Company No. 1 Webb.

The new Sun exploration is one-quarter of a mile north of the same concern's No. 1 Peters, now in process of completion from open hole at 5,609-21 feet.

That well had flowed 100 barrels of oil in 24 hours, naturally, on a preliminary test.

Deep Prospector Is Set In C-E Howard By Stanolind, Et Al
Stanolind Oil & Gas Company, R. E. Fair and Woodward & Company No. 1 Snyder is to be a 9,200-foot wildcat in Central-East Howard County.

It is located four miles southeast of Coahoma and 660 feet from north and west lines of section 20, block 30, T-1-S, T&P survey.

That makes it a twin to a shallow producer which is one and one-half miles northwest of the shallow Snyder field. Drilling is to start in the near future.

Saxon Will Dig Two Concho Prospectors To 3,700-Foot Zone
Saxon Exploration Company of Abilene has staked locations for two 3,700-foot wildcats in Concho County.

Saxon No. 1 J. H. Stansberry will be three and one-half miles northeast of Eden and 467 feet from south and 1,400 feet from east lines of section 8, A. McGregor survey.

That makes it one-half of a mile north of the discovery well of the field, General Crude Oil Company No. 1 Webb.

The new Sun exploration is one-quarter of a mile north of the same concern's No. 1 Peters, now in process of completion from open hole at 5,609-21 feet.

That well had flowed 100 barrels of oil in 24 hours, naturally, on a preliminary test.

Second Producer Is Completed In NW Nolan Field
Second producer, one-half mile southwest of the discovery well, has been added to the Rowan & Hope Canyon field of Northwest Nolan County.

It is Rowan & Hope of San Antonio No. 1 Nemir, 3,678 feet from north and 930 feet from west lines

of section 43, block 22, T&P survey. It was finished for a daily flowing potential of 215 barrels of 44.3-gravity oil through a 15/64-inch tubing choke and from perforations in casing from 6,156 to 6,340 feet. Gas-oil ratio was 803-1.

Location is three miles west of Sweetwater.

Sweetie Peck Pool In SW Midland Gets Another Producer
Sinclair Oil & Gas Company No. 8 June Teppett has been completed as a Pennsylvanian biter in the Sweetie Peck-multipay field of Southwest Midland County.

It was finished for a 24-hour flowing potential of 349 barrels of 44-gravity oil through open two-inch tubing and from perforations at 10,530-10,600 feet. Gas-oil ratio was 1,990-1, and tubing pressure was 75 pounds. Pressure on casing was 300 pounds. Pay was topped at 10,530 feet, elevation 2,889 feet.

Location is 660 feet from south and 1,980 feet from west lines of the lease in section 1, block 41, T-4-S, T&P survey.

Cities Service Sets Spraberry Wildcat In N-C Reagan Area
Cities Service Oil Company will drill No. 1 J. F. Nunn as an 8,000-foot wildcat in North-Central Reagan County, two and one-quarter miles south of production in the Veiner-Floyd Field.

Drillsite was staked 660 feet from north and west lines of section 3, block B, L&S survey. Elevation at location is 2,685.

Optimists Discuss Boxing Meet Plans
Final details of the Amateur Boxing Tournament sponsored by the Optimists were ironed out at the club's luncheon Tuesday noon in Ranchland Hill Country Club.

The boxing meet will be held Thursday and Friday nights at the VFW Hall on West Highway 80. Jim Velvin, Jr., newly-installed president, presided at the meeting.

Newsman Kibitzes For Carrier-Based Night Bombers In Raid On Red Korea

By JAMES A. MICHENER
WITH U. S. CARRIER 'ESSEX' OFF KOREA. —(AP)— The unhappy American is a sawed-off, 36-year-old pilot called Felix Bergman, of Andover, N. H. He can sit in the wardroom of the carrier Essex and just about break four hearts.

"Look at me!" he wails. "I'm one of the best trained men in the Navy. A night heckler, I take a plane off this tub in darkness, I go over Korea and fight in darkness, then I come back in darkness to find this lousy bucket, and in pitch darkness I make a carrier landing."

Is that why he is so mournful? "No! It's because they won't give me any work to do. Pitiful little missions. It would break your heart to be the best trained man in the fleet and then to be completely misused."

"What burns me up is that everybody leaves us in a corner. Like poor country cousins. No correspondent ever comes out with us. You would not dare to take a night flight, would you?"

So he rolled out of bed at 3 a.m., had a bad breakfast. Then he heard the bad news. Since it was going, Felix and his wingman, Red Stillwell of Independence, Mo., would be given the safe and uninteresting shore route. But "Don't take any risks," Felix mumbled. "That's the way it always is."

Louisianan Charges Military Propaganda To 'Explain' Waste

WASHINGTON. —(AP)— Representative Hebert (D-La.) charges that a "gigantic and colossal propaganda machine" of the armed forces has turned on "all the faucets" in an attempt to explain away his committee's "expose of waste in the military."

He called on the Defense Department Monday to turn over to the House Armed Services Committee "the name and salary paid each civilian press agent, ghost writer and public relations expert and for whom and under whose direction the individual works."

Hebert, a former New Orleans newspaper editor, said, "straw men are being built up, phony issues are being raised and an all-out effort is being made to explain away that which does not lend itself to logical and sensible explanation."

Hebert predicted "personal attacks" on members of the subcommittee.

At 4:30 we went topside onto the pitch-black carrier deck. It was ghostly with the shadows of many planes.

There is nothing like a night catapult launching. You are whipped forward at enormous speed, shot out into perfect darkness, dropped perilously low over the ocean you can't see, and then shoved upward into the sky. It's an amazing sensation.

Felix and Red said little over their two-way radio but finally Felix cried, "Looks like Hungnam dead ahead." Three or four lights, the shadow of a river. That was all. But it was our starting point.

We roared up the coast at 250 miles an hour and then with a burst of pure luck Felix opened up what was to be one of the most sensational night flights in history. He thought he saw a light in what could have been a very large building. "I don't see anything," Red said. "I'll drop a hundred pounder anyway," Felix replied.

He leveled off for a terrific bomb run, dropped to 150 feet and let go. There was a gigantic explosion, our plane was lifted 20 feet, our tail was higher than our nose, and I wanted to get out. Felix had hit a big munitions plant.

The entire countryside was a blaze

SAFETY PROBER — Lt. Gen. James H. Doolittle, above, air hero of both World Wars and now an oil company executive, will head a special commission to be appointed by President Truman to study airport safety near big cities. Concern over three recent plane crashes at Elizabeth, N. J., that took 118 lives reportedly caused the President to decide on such a commission.

light. Pillars of fire 200 or 300 feet high probed into the pitch black. Below, rushing for the safety of a long tunnel, were two locomotives and about 30 boxcars. These were the life line of the Communists.

The next half-hour was amazing. With a terrific blast Red cut the track leading to the tunnel. Felix knocked some cars off the other end of the line, and the valuable locomotives were trapped.

Now we hit them from every angle. Out of absolute darkness, with not a single light on our planes, Felix and Red combed those trains from end to end. One big bomb caught a carload of ammunition. Another set the engine itself smoking. The valley was a ghostly inferno with four separate big fires, topped by the factory itself, which kept blazing furiously.

How-Felix and Red could fly in the pitch dark, wearing back and forth upon one another like skilled basketball forwards, is a secret. All I can say is that here were two massive planes flying 300 miles an hour without a single visible clue as to where the other man was. Yet they sometimes passed at 50 feet!

Terrifying Business
Red spotted a gun position that was firing at us and which already had put a bullet through his wing. With a pounce of from 1,500 feet Red annihilated that gun.

Now, unmolested, Felix and Red went about the dizzy and terrifying business of making one power dive after another on the train. To my immense relief, our morning jet planes appeared to take over and we went north to where we were supposed to have been all the time.

Felix was in luck. Leaving the trains, he got a truck, one of the most valuable targets in North Korea. Then he found a large boat, the kind the Communists have been using to make assaults on our forward positions. With one bomb Felix blew it absolutely apart.

Farther along the coast he found a nest of sampans which had been carrying supplies at night. He was almost out of bombs so he used his few remaining bullets to strafe at low level and he put down three of the sampans.

He now had one bomb left. Red, who had been off after some ox carts which the Communists use for heavy transport, was out of both

Bergman Acquitted In Corrigan Slaying

LIVINGSTON, TEXAS. —(AP)— Hunter Bergman, 55, was found innocent Monday night by a Ninth District Court jury which had heard his trial for murder in the slaying of Dudley Veal, Sr., 43.

Veal was a former brother-in-law of Bergman. He was shot to death Dec. 15, 1951.

Bergman had pleaded self-defense. The state had asked the death penalty.

Veal was shot in front of a Corrigan, Texas, furniture store. Bergman testified he had been the object of many threats by Veal.

PUBLIC NOTICE

Notice is hereby given that City Ordinance provides that no garbage container be larger than 32 gallons in capacity and requires that all garbage containers have a tight fitting lid. Beginning March 1, 1952 non-regulation garbage cans remaining in use will be hauled away. Anyone wishing to retain non-regulation cans are requested to remove them from the point of collection, and discontinue their use as garbage containers.

Each household should provide a sufficient number of containers to take care of the garbage on a basis of two (2) collections weekly. It is suggested that garbage can lids be fastened to a stake or rack in order to prevent their loss.

These requirements and suggestions are one method of combating the sanitary problem in Midland and your full cooperation is earnestly requested.

Germans Will Pay Two Billion Plus On Western Defense

LISBON, PORTUGAL. —(AP)— The Big Three Western powers and West German Chancellor Konrad Adenauer have agreed West Germany should pitch in with 11,250,000,000 marks (\$2,677,500,000) for Western defense in the next year.

An official source said Tuesday a draft of the new agreement had been sent to Bonn for final approval by Chancellor Konrad Adenauer's government.

He gave these additional details: The agreement was drafted Monday night by Secretary of State Acheson, Foreign Secretary Anthony Eden and Foreign Minister Robert Schuman, who stayed on here after the closing of the Atlantic Pact party to settle some outstanding German and Austrian questions.

The ministers and their top advisers met again Tuesday. They also invited in the Benelux ministers to keep them informed.

Before them Monday night was a message from Bonn in which the federal government said it was ready to accept the figure of 11,250,000,000 marks as the size of its defense contribution. The amount had been recommended by top Allied planners who were called in to measure Germany's capacity to pay.

BOYS-GIRLS!

GO FLY A KITE - BUT FLY IT SAFELY!

Reddy RULES for Safe Kite Flying

- Don't fly kites near electric lines.
- Don't use wire or metallic kite string.
- Don't use wire or metal in the kite frame.
- Don't fly kites in the rain.
- Don't attempt to remove kites entangled in electric wires.

... and here's a message to parents:

For safety's sake, ask your kite flyers to fly their kites AWAY from all wires — and ask them not to try to dislodge kites that do become entangled in wires.

ANYONE who sees a kite in our lines should promptly call our office. Linemen will remove the kite — undamaged, if at all possible.

Let's all cooperate in making kite flying SAFE this spring.

Phillips, McCamey Win Easily; Earn TAAF Finals Spot

Phillips Petroleum Company, the Midland city-run-up and McCamey News Publishing Company remained unbeaten in the District TAAF basketball tournament after games Monday night.

Talented, experienced Phillips toyed with Dibrell's Sporting Goods Store of Big Spring in winning 72 to 40.

The point-happy 100-points-per-game-plus McCamey team smashed the hopes of Odessa's Holder, Brothers Grocery, 102 to 42.

It was the second game in the TAAF meet in which the always-hustling McCamey team passed the 100 mark. In the opening round, McCamey crushed a Garden City team, 111 to 55.

This, too, was the second one-sided win for Phillips. The 66'ers previously trounced Rotary Engineering Company of Midland, 71 to 37.

The two teams now will meet at 9 p.m. Wednesday for the championship and a trip to the state TAAF tournament. Holder and Dibrell's tangle at 7:30 p.m. Wednesday for the third-place trophy.

Phillips led all the way, romping to a 21-9 first-quarter margin over the Big Spring team, which didn't hit a field goal until the final 35 seconds of the frame. It was 33 to 19 at halftime and 50 to 30 at the end of three.

Gerald Tucker (Oklahoma U) led the winners with 24 points, Kenny Jastrow (Denver U) scored 17, Don Grove (Texas Tech) 14 and Everett Thrall (Missouri Mines) 13.

Frank Hardesty, aging but agile big pivot man topped Big Spring with 12 tallies.

Phillips never was pushed during the entire game, and spent almost as much time clowning as it did scoring points.

McCamey was held to only 37 points the first half, but lashed back with a terrific 65-point last half which left the team's average per game at 105.5 for this tournament.

Glenn Whitis (Howard Payne) who scored 51 points in the first tilt "cooled off" to a mere 32 Monday. Spider Harris (SMU) got 21 and Red Johnson (North Texas State) 17 for McCamey.

The News Publishing Company team led 16-6 at the quarter, 37-17 at halftime, 68-31 at the end of three frames.

Amateur Boxing Ducats Now On Sale

Tickets for the amateur boxing bouts here Thursday and Friday nights now are on sale.

The ducats may be purchased at Jenkins Luggage, Torgeson Insurance, 563 West Texas Street, and from Larry King at The Reporter-Telegram.

The ducats also are to be on sale Wednesday night in the John M. Cowden Junior High Gym, where the TAAF basketball tournament will conclude.

Drillers Sign 1952 Manager Perry Named Pilot

ARTESIA, N. M. — Earl Perry, a veteran of seven years campaigning as a pitcher, infielder and outfielder, has been signed as a general business and playing manager for the Artesia Drillers of the Longhorn League. It was announced here Tuesday.

Perry replaces Hayden (Stubby) Greer, who managed the Drillers last year but could not come to terms with owners this year.

The new Driller manager is a former all-state football star in Oklahoma, served in the Marine Corps from 1942-45, and then barnstormed with Bob Feller's All-Stars on the West Coast.

The new Driller boss has played with San Antonio in the Texas League, Elmira, N. Y., in the Eastern League, Paris in the East Texas League and with Globe-Miami in 1947 when they won the A-T League playoff.

With Berger Since then he has been with Wichita Falls, Temple and was with Berger the last two years. In 1950 he hit 344 for Berger and last year belted 303.

The Drillers will start training March 20 at McAllen and already have exhibition games scheduled with Port Arthur, Midland, Clovis, N. M., and House of David.

Freddie Hutchinson was the only Detroit Tiger pitcher to have an earned-run-average of less than four per game during the '51 season.

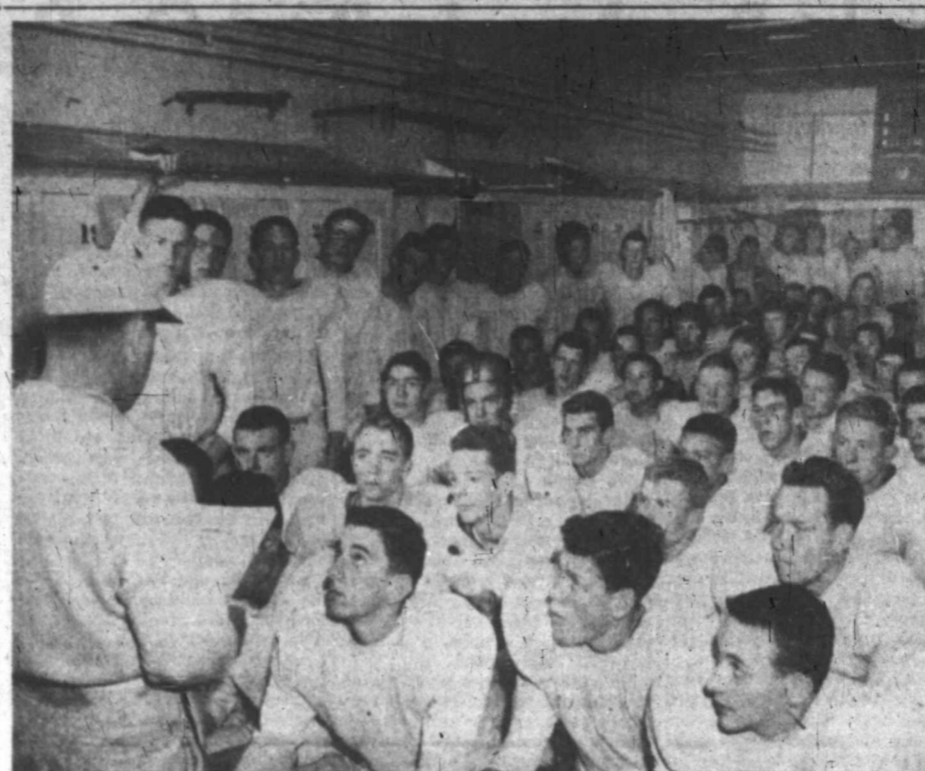

Army Grabs Indian Player; Two More Sign '52 Contracts

Midland Baseball, Inc. was notified of its first 1952 prospect loss Tuesday.

Word was received by officials that Harold Hacker, limited service player who recently was purchased from Temple, has been drafted by the Army. Hacker posted an 8-6 record last year.

At the same time, the club announced the signing of two 1951 Indians—Third Baseman Julio de la Torre and Catcher Gordon Tanner.

Tanner will bring his brother, rookie pitcher Bob, to Spring workouts for a look. The Tanner brothers played ball in Mexico City during the Winter Months.

CLUBHOUSE INSTRUCTIONS—Members of the Midland High School Bulldogs crowd into Memorial Stadium Fieldhouse to hear the day's drill schedule from Coach Tugboat Jones. The Purple is going through its second week of workouts.

TCU Wraps Up SWC Cage Title; McLeod Gets 31

By CLAYTON HICKERSON Associated Press Staff

Texas Christian University won the Southwest Conference basketball championship Monday night with a 68-56 victory over Arkansas that was double sweet.

The Razorbacks, in-and-outers during most of the cage season, had been the only conference member able to defeat the Horned Frogs. The victory was the Christian's tenth league victory against one loss and their twentieth triumph in 23 starts.

In another game that didn't mean a thing as far as the championship was concerned, Baylor's Bears-tail-enders for most of the cage season—trounced the Southern Methodist Mustangs, 62-45.

The TCU clincher for the championship marked the first time that any Southwest Conference school ever won undisputed titles to both football and basketball in the same season. It was TCU's first undisputed cage crown since 1934, although the Frogs with Texas A&M and Texas were defending tri-champs this season.

The league title puts the potent Horned Frogs into the Kansas City regional tournament of the NCAA playoffs next month. They'll meet the Big Seven Conference champ in their first game. The Horned Frogs have lost only to Manhattan College of New York, Oklahoma City University and the Razorbacks this season.

It was a big night in Fort Worth for TCU. Not only did they clinch the SWC crown, but they saw Horned Frog Capt. George McLeod, 6-7 center, score 31 points in one of his best performances.

McLeod racked up 13 field goals and five free throws to run his season point total to the 401 mark and take a 27-point lead in the league individual scoring race with a 195 total.

The Razorbacks were barely in the game after the first seven minutes when TCU took the lead and kept it going away. Gene Lambert tallied 17 points to pace the Hogs in their defeat.

Tuesday, Texas A&M entertains the Oklahoma City University quint at College Station while the Rice Owls play the University of Texas Longhorns in Austin.

Three games will end the conference season after Tuesday night's tussels. They are set Saturday with Texas A&M vs Rice at Houston, Arkansas vs Texas at Fayetteville, and SMU vs TCU at Dallas.

Additional fighters: Richard Green, 120-pound Open fighter and Junior Danny Sapp, 112-pound novice.

Sapp replaces John Skidmore, who suffered a broken nose and will be unable to compete here.

An overflow field of more than 90 fighters registered for the fights. Tentative pairing will be announced in The Reporter-Telegram Wednesday.

Andrews came in with two additional fighters.

Andrews came in with two additional fighters.

Swedes, Swiss Lose Skiing Lead To Norwegians, Fins

OSLO, (AP)—A shift in skiing dominance from Sweden and Switzerland to Norway and Finland upset the balance of power in the 1952 Winter Olympic games and gave the host Norwegians a runaway victory.

When the sixth—and largest—Winter carnival under Olympic auspices closed Monday night, Norway had scored 125 1/2 points in the unofficial, but traditional, scoring table that allows 10 points for a first place gold medal, five points for second and then 4-3-2-1 for other placings in the first six.

The United States, with its best balanced team in the history of the Winter games, was a surprisingly strong second, but its total of 89 1/2 was a long way behind Norway.

Four years ago, at St. Moritz, less than 14 points separated top-of-the-table Sweden and the fourth-place Americans. Sweden scored 79 points, trailed by Switzerland with 71, Norway with 69 1/2 and the United States with 65 1/4.

This time—leaving out hockey which didn't count in the 1948 totals—Sweden managed only 25 1/2 points and the Swiss 21.

The change from the deep, heavy snows of the Alps to the thinly-covered treacherous, icy slopes of the Norwegian mountains cost the Swedes and Swiss dearly. Also Norwegian determination to win their own games was not to be denied.

The Swedes scored 16 1/2 points in the skiing events here at Oslo compared with 55 at St. Moritz. The Swiss scored only seven, compared with 48 in their own country.

Norway, on the other hand, more than tripled its 1948 total, jumping from 24 to 80 1/2.

Truce Negotiations Remain in Deadlock

MUNSAN, KOREA.—(P)—Communists Tuesday "categorically rejected" an Allied proposal that would ban Russian supervision of a Korean truce. The Allies had proposed four neutral nations police the truce instead of six. This would cut Norway off the United Nations list and Russia off the Red nominations. "We cannot consider" it, said Chinese Col. Pu Shan. Staff officers also remained deadlocked on the number of ports of

entry each side should have during a truce. The Allies now propose six, the Communists five. Another group of staff officers devoted their entire session to minor differences in phraseology on arrangements for exchanging prisoners of war. As truce talks adjourned until Wednesday, each side accused the other of stalling. Jupiter is a mean distance of 483,900,000 miles away from the sun.

CAT AND STORK RACE—An expectant mother, Mrs. Robert Glover, and her two children, Linda, 18 months, and Robbie, 4, smile from the back of the "snow-cat" that rescued them from the slopes of Mt. Rose, Nev., where they were snowbound. The driver climbs down off the cat after completing the rescue in a blizzard typical of the rough weather plaguing much of the central and western United States.

Creditor Manages McCarthy Interests

NEW YORK.—(P)—The Equitable Life Assurance Society of the United States has taken over management of Glenn McCarthy's McCarthy Oil and Gas Corporation. Equitable, third largest insurance enterprise in the U. S., says the action was taken last year to protect privately negotiated loans. The Equitable move was disclosed Monday in its ninety-second annual report, issued by President Thomas I. Parkinson. No mention was made of the sums involved in the McCarthy loans. However, the New York Times said Tuesday McCarthy owes Equitable \$34,100,000. McCarthy's loans, Equitable reported, have not been in default as to interest; but the society said it "has been obliged to defer amortization payments due during the past couple of years." Equitable said in 1951 it "protected its security by taking over the management of McCarthy Oil and Gas Corporation." Equitable added: "The company is now headed by the society's legal investment counsel, Warner H. Mendel, and it is expected, through the operation of the property, to secure ultimately principal and interest due."

Moran's Conviction For Perjury Upheld

NEW YORK.—(P)—A federal appeals court has upheld the conviction and sentence of James J. Moran for perjury before the U. S. Senate Crime Committee. Moran, long-time friend and political protege of former Mayor William O'Dwyer, is under sentence of five years in prison and \$2,000 fine. He was convicted of lying to the investigators about his relations with a Brooklyn numbers racketeer when Moran first was deputy fire commissioner. The second U. S. Circuit Court of Appeals upheld the conviction unanimously Monday. Moran also faces sentencing next Tuesday on his conviction as the master mind in a \$400,000-a-year firemen's shakedown of fuel oil equipment installers. Convicted in a New York County (Manhattan) court, he could receive a maximum of 348 years in prison on 23 counts of extortion and one count of conspiracy. The 50-year-old veteran officeholder has been in the city prison since February 5. His bail was revoked after his shakedown conviction.

McDonald Takes Over RFC Post

WASHINGTON.—(P)—Smiling Harry A. McDonald took over Tuesday as boss of the scandal-marked Reconstruction Finance Corporation (RFC) with a warning to influence peddlers to "stay away." Senator Douglas (D-Ill.), calling McDonald honest but "too weak" to stand up to influence pressure, waged a futile two-hour fight in the Senate Monday to block the appointment. The roll call vote in McDonald's favor was 46 to 23. "No hard feelings," McDonald said later as he packed up to leave his present post as chairman of the Securities and Exchange Commission. The way was cleared for final Senate approval of his appointment when a House subcommittee looking into charges of fraud in SEC activities announced it had "no credible evidence" of wrongdoing by McDonald.

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting on stable or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 10 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 10 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

TV-Radio Ban Stirs Tempest In Teapoc

WASHINGTON.—(P)—Speaker Sam Rayburn's newly announced ban on broadcasting or telecasting of House committee hearings touched off a rolling storm of protests from housewives on up to Congress members Tuesday but there was no immediate sign it would be revoked. While Republican congressmen and radio-TV officials complained vigorously against what they termed "raw censorship" and violation of free speech, the House GOP leader, Rep. Joseph W. Martin, Jr., of Massachusetts, said he doubted anything could be done. The immediate effect of the ruling, while barring radio microphones and TV cameras from all future sessions of the House and its committees, was to pull the rug out from under arrangements to telecast the opening of House Un-American Activities Committee hearings in Detroit Monday. The hearing on communism-in-Michigan finally got under way in relative privacy, after a three-hour delay, but telephone switchboards were flooded by calls from housewives and others who had looked forward to watching the proceedings on their TV sets. Republican Leader Martin told newsmen the House Rules Committee should consider removing the question from the "twilight" area. Martin said that, while he disagreed with Rayburn's ruling, he did not question the speaker's right or authority to make it. If he were speaker, Martin said, he would interpret the rules to allow committees themselves to decide whether hearings should be televised or broadcast. Rayburn himself told reporters he is against any change in House rules which he has interpreted to prohibit televising, broadcasting or newscasting sessions of the House or its committees. Several Republicans on the Rules Committee privately predicted there will be no serious effort to alter the rules.

Andrews Taxable Values Unchanged

ANDREWS.—Taxable values of Andrews County have been set at \$45,000,000 following a meeting of the Commissioners' Court with representatives of oil companies. This is about the same as 1951. County Judge Milton Ramsey has presented a tentative budget of \$692,857 to operate the county government this year.

No Protests Heard On Texas-New Mexico Truck License Pact

SANTA FE, N. M.—(P)—No voice was raised in favor of amending or canceling New Mexico's reciprocity agreement with Texas on truck license fees and mileage taxes. Instead, a long string of witnesses Monday warmly defended the pact at a Reciprocity Commission hearing. M. W. Hamilton, Bureau of Revenue attorney, said the hearing was called to give the commission both sides. He said there was a feeling in some quarters that the pact was unfair to New Mexico taxpayers. The Reciprocity Commission will meet again on March 12, Chairman Manuel Luján said.

Robinson Reported Improving At Home

J. R. Robinson, senior deputy collector in Midland for the Internal Revenue Department, was reported improving Tuesday following a heart attack three weeks ago at his office. Robinson was transferred last Saturday to his home at 1215 South Fort Worth but still is not permitted to have visitors.

Atlantic Army Won't Get German Divisions Soon

BONN, GERMANY.—(P)—Allied officials said Tuesday the Atlantic Army will have to wait at least until 1955 for the 12 German divisions it counts on to help defend the West. Despite the green light given the European Army by the Atlantic Allies at their Lisbon conference, these officials said recent political developments, especially in France, have set back the previous time table calling for combat-ready German troops by 1954. The sources here explain the situation thus: The Germans will need two full years from the starting point to call up, arm and train 300,000 to 400,000 men to serve with the six-nation European Army. The outlook now is that not a single German soldier will be drafted before early 1953 and perhaps months later. The Germans plan to start their new army with small units of volunteers who later will take over the training of draftees. Nor do these prospects for German manpower for Western defense take into account a possible change in the West German government. Chancellor Konrad Adenauer's rearmament coalition faces an election battle in the Summer of 1953 with the bitterly anti-rearmament Socialists. The Socialists warned last weekend that they would continue to oppose German participation in the Western defense system "under present conditions," even if they take over the government next year. They have demanded immediate elections. Although the Germans are free to make preparations now for recruiting troops, they cannot put them into uniform until: 1—The six West European nations—France, Italy, West Germany, Belgium, The Netherlands, and Luxembourg—complete the draft treaty for the European Army. 2—The six parliaments ratify the treaty. 3—The German Parliament approves a separate conscription bill.

Natives In Congo Take Up Farming

LEOPOLDVILLE.—(P)—The Belgian Congo authorities have launched an ambitious scheme of collective farming which aims at turning some 435,000 Congo natives into modern farmers. Some 40,000 families have already been resettled in newly created agricultural centers. The authorities are trying to work a compromise enabling them to respect tribal traditions thus facilitating the change to farming. The program's objective is to stabilize native population thus halting the movement toward the big cities.

Mailbox Painting Is Smooth Work

WASHINGTON, D. C.—(P)—Ever wonder why you rarely see a "Wet Paint" sign on a U. S. mail box? Complications like sticky fingers and smudged clothes are avoided by replacing the mail box with a newly painted one when a paint job is needed. In inland areas this is done every two or three years. In coastal cities replacement is made annually. Last year it took 9,000 gallons of quick-drying enamel to keep the nation's mail boxes spruced up.

Hand Lacerations Treated

George L. Allen, 1306 West Illinois Street, was given emergency treatment at Midland Memorial Hospital Monday for lacerations of the left hand. Allen was injured when his hand was caught between two pieces of pipe which he was unloading.

Undergoes Tonsillectomy

James Orman, three-year-old daughter of Mr. and Mrs. J. M. Orman, 2904 West Storey Street, was admitted to Western Clinic-Hospital Monday for a tonsillectomy.

Tonsillectomy Patient

Judith L. Spinning, 10-year-old daughter of Mr. and Mrs. Howard M. Spinning, 2113 West Tennessee Street, was admitted to Western Clinic-Hospital Monday for a tonsillectomy.

Head Removed From Ear

David Walker, seven-year-old son of Mr. and Mrs. Dennis Walker of Las Cruces, N. M., was given emergency treatment at Midland Memorial Hospital Monday for removal of a head from his right ear.

Odessa Man Hurt

A. J. Brown, Odessa, was admitted to Midland Memorial Hospital Monday for treatment after his right arm was caught in a cathed while he was running tubing.

Finger Amputated

C. D. Fridley, Stanton, an employee of Plains Pipeline Company, was admitted to Midland Memorial Hospital Monday where the ring finger of his left hand was amputated. The finger was mangled when it was caught accidentally as the patient jumped down off a truck.

Sheep 500; slaughter lambs and feeders steady; other classes scarce; good and choice shorn slaughter lambs with No. 2 pelts 25.50; good shorn feeder lambs 25.00.

Dogs Pose Threat To Canada's Deer

VICTORIA, B. C.—(P)—Deer are faced with a new danger undisciplined domestic dogs. George Stevenson, provincial game inspector, reported the dogs are becoming more savage than mountain lions during some seasons of the year. He said the Game Department had to kill 12 dogs in two weeks recently. The dogs go up into high ground near the shore and chase the deer down on the beach, then bite a hole in the stomach or throat and leave the deer to die. When the snow is deep, they chase deer until the deer are exhausted, then kill them and leave them. "In very rare cases, the dogs make a meal of the meat," Stevenson said.
