Holt Wildcat Set In Goldsmith Pool Of NW Ector Area

Gulf Oil Corporation will try for production from the Holt line in the Goldsmith-multipay area of Northwest Ector County.

The test will be No. 712 C. A. Goldsmith and others, 2,069 feet from south and 731 feet from east lines of section 4, block 44, T-1-S, T&P survey. That puts it one mile southwest of Goldsmith.

The multipay field produces from the San Andres above 4,200 feet, Clear Fork at 5,600 and 6,300, the Shinarump at 8,200 feet, Devonian at 7,500 feet and Ellenburger at 9,500 feet.

No. 712 will be drilled to 5,100 feet for the test of the Holt formation.

Ellenburger Failure In NW Crockett To Test Clear Fork Gas

J. S. Abercrombie No. 1 J. H. Feigs, Northwest Crockett County wildcat which failed to find production in the Ellenburger in drilling to total depth of 6,144 feet, has plugged back to 3,264 feet in the Clear Fork-Permian and is preparing to test a section above that point which had logged a slight show of gas.

The wildcat took a test at 5,950-6,144 feet in the Ellenburger. The section started flowing sulphur water after 35 minutes.

Flows Water

After the water had flowed for a short time operator came out with the tester and started the plugging back.

Top of the Ellenburger is at 5,740 feet. Elevation is 2,294 feet.

The top section of the Ellenburger did not log any shows of oil or gas.

Location is 1,980 feet from southwest and 660 feet from northwest lines of section 15, block 31, H&TC survey. That makes the failure three miles southwest of the Crockett-Devonian field and 10 miles east of Glynn.

Superior Is To Make Production Tests At NE Borden Prospect

The Superior Oil Company No. 6-597 C. D. Jones, Northeast Borden County wildcat is preparing to make a production test on open hole at 7,961-79 feet in an unidentified line which is possibly the Mississippian.

That section had yielded considerable free oil and a little water in three drillstem tests.

To Swab And Test

Operator has casing set at 7,961 feet. The drilling mud now in the hole is to be replaced with oil and operator is to then follow by swabbing and testing.

Location is 1,980 feet from north and 2,330 feet from west lines of section 597, block 97, H&TC survey. It is four miles northwest of Fluvanna.

North Offset To NW Nolan Field Is Being Drilled

Seaboard Oil Company of Delaware No. 1 Turner May is being drilled as a one-location north offset to the discovery well of the Rowan & Hope reef field in Northwest Nolan County.

It is being dug 960 feet from south and west lines of section 42, block 122, T&P survey, under permit to 5,500 feet.

No. 1 May was progressing below 1,790 feet in anhydrite. It will test the pay section found in Rowan & Hope No. 1 Seago, discovery well of the field.

Texaco Completes San Andres Opener In NW Tom Green

The Texas Company has completed its No. 1 Funk as a San Andres line discovery in Northwest Tom Green County.

It made a 24-hour pumping potential of 29.08 barrels of oil. Gravity of the petroleum is 34.5 degrees. Strakeout was only two-tenths of one per cent mud.

Production is coming from two feet of San Andres pay between 833 feet, where 8 5/8-inch casing is cemented, and the total depth of 885 feet. That section had been washed with one barrel of acid.

No. 1 Funk topped the San Andres at 712 feet with ground elevation of 2,209 feet.

Location is 330 feet from south and west lines of the north half of section 10, block 5, H&TC survey and nine and one-half miles south.

New French Government Tumbles

Tank Raiders Blast Chinese Red Outposts

SEOUL, KOREA—(AP)—A powerful force of Allied tank raiders smashed through the former Red supply base of Kumsong Friday and blasted Chinese entrenched north of the city.

Another group of raiding UN tanks fought it out with Chinese artillery and mortars on the western front.

The big tank strike through Kumsong on the central front was supported by eight-inch howitzers and a 155-mm. self-propelled gun.

The two-pronged strike battered the Reds more than three hours.

One prong rumbled right through Kumsong, and, in the words of one Allied officer, "shot the living hell out of" Chinese hidden in the hills beyond the city.

The second prong blasted Chinese east and south of the ruined base. Some of the 46-ton General Patton tanks were damaged. But others took them in tow and pulled them back to their bases when the raiders broke off the fight Friday afternoon.

It was a big strike in the generally quiet Korean war. But censorship prevented disclosure of the number of tanks involved.

Air Assaults Heavy

On the western front, another tank force traded fire with Chinese artillery and mortars an hour and a half before it was ordered to return to its base. The action was west of Chorwon, once the western anchor of the Iron Triangle.

Armies reported the weather was perfect for railway and bridge-blasting operations against North Korean transport routes.

Sabre jet pilots reported that for the second successive day they did not see a single Red jet over Northwest Korea.

Ike's New Hampshire Lead Melts

CONCORD, N. H.—(AP)—A county-by-county newspaper estimate of popular sentiment in New Hampshire Friday indicated Gen. Dwight D. Eisenhower is holding a narrow, and possibly a shaky, margin over Senator Robert A. Taft in the battle for Republican votes in the state's presidential primary election, March 11.

The editors of eight Associated Press member newspapers have been conducting a continuing survey, each in his immediate area.

The editors agreed that:

1. Taft has made long gains during the last few weeks after a late sliver in organizing. Originally, Eisenhower was considered an overwhelming favorite in New Hampshire.

2. The primary outcome may be decided by the effect of Taft's appearances here next week. He is booked for a three-day speaking swing, starting Thursday, March 6, for his first personal tour of the state.

3. A heavy snowfall reducing "back country" attendance at the town meetings on primary election day could hurt Taft's chances seriously. The rural communities are considered strongly favorable to Taft, whereas Eisenhower's popularity is rated greatest in the cities.

\$400,000-Plus Fire Sweeps Building In Downtown Beaumont

BEAUMONT—(AP)—Fire Friday swept a three-story downtown building that housed the Finger Furniture Company.

All stock and fixtures of the company were destroyed. Human Finger, Houston, firm president, estimated the stock loss at \$160,000.

The building, owned by the Kaufman Trust, was believed valued at \$250,000.

Also damaged were the Louden-slager Luggage Shop; the office of Dr. Mae D. Robinson, optometrist, and the Johnietts Clothing Company.

Every engine company fought the fire three hours.

Two pieces of fire equipment were called from Orange and two from Port Arthur. One Port Arthur unit was held in reserve.

Several firemen suffered minor injuries.

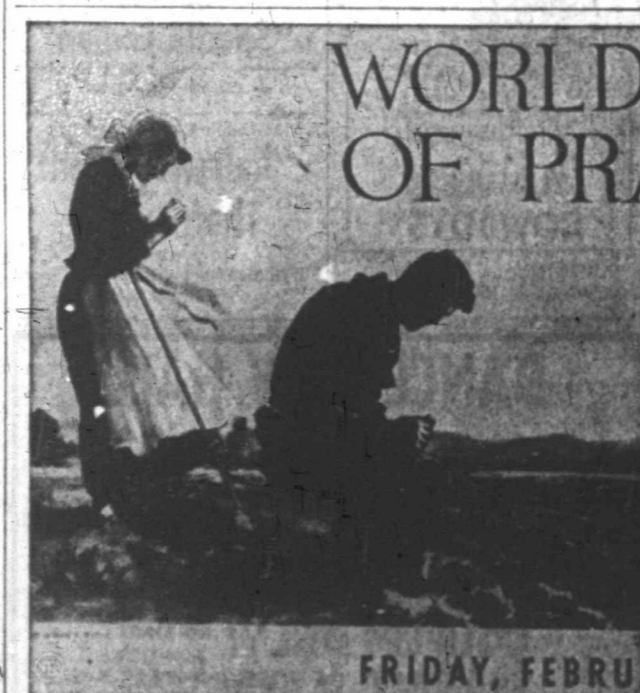

It was the largest fire here since 1944, when the six-story Perlestein Building was destroyed.

The Finger Company, a firm with several stores in Houston, was to hold its formal opening Monday.

ODESSA—(AP)—Early registration at the Permian Basin Regional meeting of the Natural Gasoline Association passed 300 Friday.

Secretary of State John Ben Shepperd was Friday's speaker.

'CHRIST IS OUR HOPE'—Patterned after Millet's famous painting, "The Angelus," is this poster on the sixty-fifth annual "World Day of Prayer," being observed Friday in 18,000 communities of the United States and in 104 other countries. "Christ is Our Hope," is the theme of the day.

Russell, who is circulation manager of The Reporter-Telegram, was born Feb. 29, 1896, a "Leap Year Baby." It was eight years before he had his first birthday, since 1906 was not a Leap Year.

Storm Sewer Completion Clears Way For Starting Of Front Street Highway

Midland's new \$925,000 storm sewer project along Front Street has been completed.

County Judge Clifford C. Keith informed the City Council Thursday afternoon the work on the drainage project itself has been completed and is almost ready to be turned over to the city.

House Committee Cuts Back Request For Tax Workers

WASHINGTON—(AP)—The House Appropriations Committee Friday recommended the much-criticized Bureau of Internal Revenue be allowed 700 new employees instead of the 7,000 it asked.

The committee's stand was taken in sending to the House a \$3,442,455,000 bill to finance the Treasury and Post Office Departments for the year beginning July 1.

The total represented a cut of two per cent from the amount President Truman asked for the two departments but is \$482,282,000 more than they received in their regular appropriation bill last year.

New Long Distance Telephone Rates Go Into Effect Friday

WASHINGTON—(AP)—Revised rates for interstate long distance telephone calls— with some moving up, others moving down— will be made effective across the country at midnight Friday.

The Federal Communications Commission said Friday it has received no formal protest on the projected revisions.

In general, long distance calls up to 562 miles will cost from five to 10 cents more while charges for calls beyond 562 miles will be reduced five to 15 cents.

Also, on short-distance station-to-station calls costing 30 cents or less, the initial talking period will be cut from five to four minutes.

The Bell System estimates the charges will leave the system with an annual gain in gross revenue of about 14 million dollars.

Norther Kicks Up Only Dust

By The Associated Press

A dirty, dusty norther shoved along by high winds swept down through the Texas Panhandle Friday and promised to cool off—and dust up—a good part of the state.

The sun temporarily was blacked out by a sandstorm at Vernon Friday morning, as high north winds kicked up a real duster.

Guests up to 65 miles an hour reduced visibility at Wichita Falls to three miles at 9:30 a.m.

The Weather Bureau said there was no indication the norther would bring badly-needed precipitation. No rain was reported in Texas for the 24 hours ended at 6:30 a.m.

Freezing temperatures were expected to cover the Panhandle, South Plains and upper Red River Valley before Saturday morning.

At 9:30 a.m., Lubbock had visibility of six miles, blowing sand, and a west-northwest wind of 44 miles an hour with gusts up to 50 miles.

Children's visibility was a half-mile at 8:30 a.m. with wind gusts to 60 miles per hour.

High Texas temperature was 83, reported at Austin, Corpus Christi and Laredo. The low for the 24 hours ended at 6:30 a.m. Friday was 38 at Dalhart in the upper Panhandle—but by 9:30 a.m. Dalhart's reading had fallen to 33 as the norther swept through.

Defense Tax Issue Brings Faure Defeat

PARIS—(AP)—French Premier Edgar Faure lost a pre-dawn vote Friday on his bill to hike taxes 15 per cent to pay rearmament costs and promptly resigned.

President Vincent Auriol plunged into the tangled maze of French politics in search of a new premier who can dig up the money to pay France's share of rising Atlantic defense costs.

The National Assembly turned down, 309 to 283, Faure's tax plan after the premier rejected an alternative plan for a one per cent sales tax.

He had formed his cabinet January 20—only 40 days ago. He lost out on the second of 20 votes of confidence he had put before the Assembly.

Right wingers, led by the followers of Gen. Charles De Gaulle and including 28 members of Faure's own Radical Socialist Party, tumbled the premier and got the first chance to set up a new government.

A rightist coalition might agree on a new sales tax but would find the harness troublesome on other issues. The De Gaullists, for example, strongly oppose the European Army plan unless the nations in it first federate politically.

Faure had just returned from the Lisbon meeting of the North Atlantic Treaty Organization, which endorsed the European Army plan and where the United States pressed France additional aid of 800 million dollars.

But Faure announced France would have to raise 55 million francs (about 157 million dollars) to pay her part of increased defense costs. Budget Vote Nullified

Faure was reported to have summed up his own premiership resignedly:

"Forty ministers, forty days, forty billion francs.

The rightists who voted against Faure's tax plan insisted it, made income taxes and other direct taxes, too high.

There was no question of the Assembly opposing military spending as such. On the first of 20 scheduled votes of confidence it accepted by a wide margin Faure's record-breaking program for 1,500 billion francs (about four billion dollars) for the armed forces this year.

This included France's scheduled contributions to Atlantic Pact defense. Faure was beaten on the next vote—his tax program—and parliamentary experts said this virtually nullified the first ballot. The military budget will have to be voted again.

TWO LEAP YEAR BABIES ARRIVE

One of Midland's pioneer ranching families Friday boasted Midland's first Leap Year baby.

A little girl, weighing eight pounds, seven and one-half ounces, was born at 6:14 a.m. to Mr. and Mrs. H. G. Bedford, Jr., of Springer, N. M.

The baby, whose birthday won't roll around again until 1958, is the granddaughter of Mr. and Mrs. Hilroy G. Bedford, 1208 Howard Drive.

The Bedford child, named out an eight-pound, seven-ounce boy born at 8:43 a.m. to Mr. and Mrs. B. J. Walker, 1208 East Hamby Street.

Both were born at Midland Memorial Hospital.

New Snowfall Adds To Cape Cod Woes

BOSTON—(AP)—Cape Cod, which has not yet dug out of the worst storm to hit the Summer vacation belt in this generation, got another snowfall Friday—but it wasn't expected to be as devastating as Wednesday's paralyzing blizzard.

The Weather Bureau said the new fall, starting about dawn, would end later in the afternoon and add about three inches of snow to the 14 to 20 inches which already covered the area.

Wednesday's storm left drifts as high as 12 feet and isolated the cape 16 hours. It may be several days before the majority of roads even are passable and before full utilities services are restored.

Some 10,000 homes were left without light and heat, all roads were blocked, scores of motorists were marooned, and only emergency telephone service was available.

Fourteen persons lost their lives in the storm throughout Southern New England but none of the other areas was hit as hard as the Cape.

An army of approximately 5,000 workers labored long hours beginning immediately after the storm subsided to restore more nearly normal living conditions.

Up to early Friday, about 25 per cent of the Cape's homes still were without electric power. Main roads were open to one-lane width but 90 per cent of the secondary roads still were impassable.

Hundreds of telephones still were inoperative. Mail deliveries were to resume Friday along cleared thoroughfares after a two-day lapse of service.

Conciliator Wins Week's Postponement Of Oil Strike, Battles For Compromise

WASHINGTON—(AP)—Federal Conciliator Cyrus S. Ching Friday promised "intensified" efforts to procure a compromise and head off the nation-wide oil strike now scheduled March 9.

Ching won a week's postponement Thursday night from a coalition representing the CIO oil workers and AFL and independent unions.

He said a strike would have an "immediate" effect on millions of auto drivers, would hamper or stop production at every big refinery and would strike a blow at the defense program.

The unions, in agreeing to a postponement, warned oil companies "must accept the status quo" and not use the week for "hiring strike-breakers or preparing for their maintenance without struck plants."

Union Leaders O. A. Knight, J. V. McKenna and O. V. Oliver signed a joint statement to that effect for the CIO, the independent and AFL unions respectively.

A CIO Oil Workers Union spokesman said in Tulsa, Okla., Thursday night that "some opposition" had developed at a mass meeting there to the strike postponement.

Knight told reporters "one or two" refining plants already have been equipped with stocks of food. He declined to name the plants or the companies involved.

The negotiations are complicated because almost all bargaining is done on a plant-by-plant basis.

Another complicating factor is the large number of unions involved—at least 22.

WSB Complications

The unions are demanding a 35-cents-an-hour wage hike plus differentials of six and 12 cents for the evening and midnight shifts.

The highest company offer is reported to be 10 cents—about the amount the CIO oil workers may receive under the cost-of-living wage formula.

Most oil workers have received all of the 10 per cent cost-of-living wage boosts allowed by the Wage Stabilization Board up to January, 1951. That leaves cost-of-living increases of 4 1/2 per cent from then until now.

Since the average hourly wage in the industry now is about \$2.10, the cost-of-living increase would provide about 10 cents.

The CIO union claims some 80,000 as dues-paying members. No estimates were available of AFL and independent unions, but the coalition as a whole claims to represent 275,000 workers.

Should conciliation efforts fail, it was felt the White House might be asked by mobilization and defense officials to send the dispute to the Wage Stabilization Board for a recommended settlement.

Holt Wildcat Set In Goldsmith Pool Of NW Ector Area

Gulf Oil Corporation will try for production from the Holt wildcat in the Goldsmith-multipay area of Northwest Ector County. The test will be No. 712 C. A. Goldsmith and others, 2,069 feet from south and 731 feet from east lines of section 4, block 44, T-1-S, T&P survey. That puts it one mile southwest of Goldsmith. The multipay field produces from the San Andres above 4,300 feet, Clear Fork at 5,600 and 6,300, the Silurian at 8,200 feet, Devonian at 7,900 feet and Ellenburger at 9,500 feet. No. 712 will be drilled to 5,100 feet for the Holt formation.

Ellenburger Failure In NW Crockett To Test Clear Fork Gas

J. S. Abercrombie No. 1 J. H. Felts, Northwest Crockett County wildcat which failed to find production in the Ellenburger in drilling to total depth of 6,144 feet, has plugged back to 3,264 feet in the Clear Fork-Permian and is preparing to test a section above that point which had logged a slight show of gas. The wildcat took a test at 5,859-6,144 feet in the Ellenburger. The section started flowing sulphur water after 35 minutes. Flows Water After the water had flowed for a short time operator came out with the tester and started the plugging back. Top of the Ellenburger is at 5,740 feet. Elevation is 2,394 feet. The top section of the Ellenburger did not log any shows of oil or gas. Location is 1,960 feet from southwest and 669 feet from northwest lines of section 15, block 31, H&T survey. That makes the failure three miles southwest of the Crossett-Devonian field and 10 miles east of Ovilla.

Superior Is To Make Production Tests At NE Borden Prospect

The Superior Oil Company No. 6-397 C. D. Jones, Northeast Borden County wildcat is preparing to make a production test on open hole at 7,961-79 feet in an unidentified line which is possibly the Mississippian. North Offset To NW Nolan Field Is Being Drilled

Seaboard Oil Company of Delaware No. 1 Turner May is being drilled as a one-location north offset to the discovery well of the Rowan & Hope reef field in Northwest Nolan County. It is being dug 660 feet from south and west lines of section 42, block 32, T&P survey, under permit to 4,500 feet. No. 1 May was progressing below 1,790 feet in anhydrite. It will test the pay section found in Rowan & Hope No. 1 Seago, discovery well of the field.

Texaco Completes San Andres Opener In NW Tom Green

The Texas Company has completed its No. 1 Funk as a San Andres line discovery in Northwest Tom Green County. It made a 24-hour pumping potential of 29.08 barrels of oil. Gravity of the petroleum is 34.5 degrees. Shakedown was only two-tenths of one per cent mud. Production is coming from two feet of San Andres pay between 853 feet, where 8 5/8-inch casing is cemented, and the total depth of 855 feet. That section had been washed with one barrel of acid. No. 1 Funk tapped the San Andres at 712 feet with ground elevation of 2,309 feet. Location is 330 feet from south and west lines of the north half of section 10, block 5, H&T survey and nine and one-half miles south. (Continued On Page 14)

Union Leaders O. A. Knight, J. J. McKenna and O. V. Oliver signed a joint statement to that effect for the CIO, the independent and AFL unions respectively. A CIO Oil Workers Union spokesman said in Tulsa, Okla., Thursday night that "some opposition" had developed at a mass meeting there to the strike postponement. Knight told reporters "one or two" refining plants already have been equipped with stocks of fuel. He declined to name the plants or the companies involved. The negotiations are complicated because almost all bargaining is done on a plant-by-plant basis. Another complicating factor is the large number of unions involved—at least 22. WSE Complications The unions are demanding a 25-cent-an-hour wage hike plus differentials of six and 12 cents for the evening and midnight shifts. The highest company offer is reported to be 10 cents—about the amount the CIO oil workers may receive under the cost-of-living wage formula. Most oil workers have received all of the 10 per cent pay-up wage boosts allowed by the Wage Stabilization Board up to January, 1951. That leaves cost-of-living increases of 4.6 per cent from then until now. Since the average hourly wage in the industry now is about \$2.10, the cost-of-living increase would provide about 10 cents. The CIO union claims some 80,000 as dues-paying members. No estimates were available of AFL and independent unions, but the coalition as a whole claims to represent 275,000 workers. Should conciliation efforts fail, it was felt the White House might be asked by mobilization and defense officials to send the dispute to the Wage Stabilization Board for a recommended settlement. Guys, Gals Disagree On How Best To Join Harried Married

By HAL BOYLE
NEW YORK —(AP)—Millions of lonely single girls are moping this Leap Year Day because they aren't among the harried married.

"What does it really take to win a husband?" they wonder.

The answer to this has stumped socialists and psychiatrists. Scientists have been unable to come up with a test tube solution.

Now business is trying to solve the problem. For the creation of new families is becoming more and more important to industry. If people quit getting married, the nation would soon smother with unsold refrigerators, washing machines and lawnmowers.

I have at hand the results of a little business research into the matrimonial field. It is a survey made by Shadow Wave, a Lever Brothers home permanent.

This firm polled about 100 guys and 100 gals on this question: "What are the five most important weapons in a girl's arsenal needed to get her man and make 1952 a successful Leap Year?"

The returns are in and, I must say, very distressing. The disturb-

ing truth is that there are dramatic and fundamental differences of opinion between the sexes on just what qualifies a man looks for in a mate.

Even where there were areas of agreement, the emphasis differed. Both sexes agreed the girl ought to be well-groomed and attractive in appearance. But the girls themselves stressed neatness, while the bachelors voted heavily for more definite feminine allure.

"Pleasing personality" was high on the men's list; the women voted for "charm," and just what that covers remains a mystery.

The ability to cook rated near the top with the lads, but the ladies hardly even mentioned the kitchen art.

Many men put down "a sense of humor." The girls worded it more often, "the ability and willingness to humor him."

In general, the bachelor girls pictured the prospective bride as a nice clean girl—it was amazing how many mentioned cleanliness—in love with health and home, conversationally gifted and so informed about her husband's business affairs she even could help him figure out his income tax.

This ideal bride, seen through the men's eyes, however, best could be portrayed as Rita Hayworth with her vocal chords removed, standing in a boudoir with a frying pan in her hand.

The difference between the sexes showed up most clearly in the matter of conversation. Most women were dreamily sure men yearn for a wife to "be able to discuss many subjects intelligently," or "a good conversationalist," or "a lively talker."

The fellows themselves, on the other hand, showed a morbid dread of wifely loquacity, or, as they put it, "nagging." One said flatly: "She should remember that the less she has to say, the less she will have to explain."

Texas Democrats Smile Upon Russell

By The Associated Press
Wright Morrow favors Senator Richard Russell as the Democratic presidential nominee, and Governor Shivers thinks the Georgia senator "would make an outstanding President."

Morrow, national Democratic committeeman from Texas, made his stand shortly after Russell announced his candidacy Thursday.

Governor Shivers said he would be "highly pleased" to see Texas support Russell.

The governor said however, the decision of who the Texas delegates will vote for at the National Convention must be left to the state convention.

"If the Texas delegates feel as I do that Senator Russell is an acceptable nominee, I would be highly pleased if they would pledge their votes for him," Shivers advised his office from his Woodville home.

"However, that decision must be left entirely to the state convention."

Russell headed the South's unsuccessful revolt against President Truman and his civil rights program at the 1948 Democratic Convention.

Stassen Sees Need For Dynamic Foreign Policy In Fight On Communism

WASHINGTON—(AP)—Harold E. Stassen says America needs a "dynamic" new foreign policy which would "point the way for the collapse of communism."

In a speech Thursday night, Stassen outlined the program he would put into effect if elected to the White House.

A candidate for the Republican presidential nomination, Stassen sharply criticized the foreign policy programs of President Truman and Senator Taft of Ohio as "equally bad for America."

Stassen added, however, that men like Taft, Gen. Dwight D. Eisenhower, Gov. Earl Warren of California and Gen. Douglas MacArthur "would make far, far better presidents than the present incumbent."

Taft and Warren, like Stassen, are campaigning for the GOP presidential nomination. Eisenhower has said he won't seek it but is available. MacArthur has said he is not a candidate.

Addressing about 850 persons at a meeting of the District of Columbia Republican Club, Stassen got a round of applause when he declared that as president he would order a sweeping reorganization of the State Department, firing all those "sharing a responsibility for the soft policies toward communism which have resulted in serious failures."

Replying to a question from the audience, Stassen said the drawn-out Korean truce negotiations are "phony" on the part of the Communists. He said the Reds apparently are making use of the talks to prepare for a possible new offensive in the Spring.

In reply to another question, Stassen said that if elected he would call on MacArthur for advice on how to end the Korean war and handle the Far Eastern situation generally. That brought applause too.

In his prepared address, Stassen said Truman's foreign policy had been described as "internationalist," and Taft's as "isolationist."

"Either of these policies," he added, "will lead to terrible consequences for America and for the cause of freedom."

Philadelphian To Attend Economic Parley In Moscow

WASHINGTON—(AP)—A Philadelphia business man said Friday he will head an American delegation invited to a Communist-dominated economic conference in Moscow opening April 3.

S. Beryl Lush, president of Lush Cotton Products Company, said he will leave by plane March 26 for Moscow via Prague for the meetings.

Lush told a reporter he understands the conference will avoid politics and concentrate on foreign trade problems. His firm has been doing business with Russia for 18 years, he said, importing mostly cotton linters used in making smokeless powder.

A check of most of an estimated 25 Americans who have been invited, however, shows the majority are boycotting the conference for fear it will turn out to be a forum for attacks on the west.

The State Department shares this view even though it probably will grant passports to non-Communist Americans who want to attend.

Young Robinson's Troubles Multiply

BEVERLY HILLS, CALIF.—(AP)—Trouble continues to pile up on Edward G. Robinson, Jr., 19-year-old son of the movie actor.

He was jailed Thursday night on a felony warrant issued in Fullerton, Calif., charging he issued a \$139 bank check with intent to defraud.

The youth was ordered out of his father's home after sloping early this month to Tijuana, Mexico, and marrying Frances Chisholm, 24-year-old actress. His father also discontinued his \$70 weekly allowance.

U. J. Ledger, Fullerton garage employ who signed the complaint, said young Robinson bought two premium tires and tubes worth \$139 after having a blowout one night. He said that when Robinson's check was returned he wrote the youth, only to have his letter ignored.

Young Robinson's wife told police he promised to make good the check and his friend, Victor Lasky, said he would sign a \$10,000 bail bond.

Late Tuesday, Robinson took his armed forces pre-induction examination.

His father, reached backstage at the Los Angeles Biltmore Theater where he is starring in a play, said he knew nothing of the arrest and had no comment.

Public Sees Latest Paris Fashions

PARIS—(AP)—The public got its first look Friday at the latest fashions from Paris through photographs.

The same old skirt (slightly longer than mid-calf). A "happy medium" silhouette halfway between a slim sheath and a billowing bell. Numerous naughty necklines, generally rounded low instead of V-shaped. Dresses almost always fitted at the natural waistline, but with indications of belts as low as the hip and as high as the bottom of the bust, and some long-waisted "sweater girl" tops. A soft, drapy look. Colors also are soft pastels.

These, at any rate, are the general trends, although photos usually show the most extreme and eccentric models from each collection.

Grey and beige tones are the most popular daytime colors for Spring, with pastel shades for afternoon and evening. Prints seldom have been so popular. They run mostly to abstract designs.

Silk is the big fabric success of the season, but cotton comes into the picture, too, and so do rough wool tweeds. White organdie is the rage.

Ticket Chairmen Plan Campaign

Plans for handling ticket sales for the forthcoming Percy Grainger concert were discussed Tuesday at a meeting of the ticket chairmen.

Grainger, well-known pianist and composer, will be presented in two concerts March 21, in the high school auditorium. This will be the club's second major project this year to raise funds for the Woman's Club Building.

The meeting was held in the home of Mrs. Earl Johnson, ticket committee chairman. It was decided that a ticket chairman from each group affiliated with the Woman's Club would be responsible for selling tickets to her club members as well as to other interested persons.

Chairmen working on the project include Mrs. Leonard Thomas, concert chairman; Mrs. Joe Birdwell, publicity chairman; Mrs. C. S. Britt, radio chairman, and Mrs. Perry Pickett, poster chairman.

Club chairmen attending were Mrs. John Caselman, Modern Study Club; Mrs. W. H. Oswalt, Pyracantha Garden Club; Mrs. Robert Turpin, Woman's Wednesday; Mrs. Foy Proctor, Fine Arts; Mrs. I. E. Daniel, Midland Garden; Mrs. Sol Bunnell, Progressive Study; Mrs. Lex B. Smith, Twentieth Century, and Mrs. L. G. Cornish, American Association of University Women.

Chairmen not present were Mrs. Joe Kozler, Yucca Garden Club; Mrs. R. L. Spencer, Tejas Garden Club, and Peggy McCourt, Business and Professional Women's Club.

Tickets were placed on sale this week at Wemple's.

A Unified Korea

Communist negotiators at Panmunjon naturally would like United Nations spokesmen to commit our side to a postwar political conference, with Formosa and the issue of Chinese Red entry into the UN on the agenda.

Thus far our representatives have not accepted any such terms, and there is no sign that they will, provided they can recognize them at all times.

Actually, a satisfactory armistice could be had without settlement of the question whether to call a later conference and UN negotiators ought to insist on leaving this item out, rather than haggling it indefinitely or making risky concessions.

The idea of a conference is perfectly all right, so long as its prospective agenda is not frozen in favor of the Communists.

The best way to assure that is to let the eventual diplomatic conferees themselves determine the program, instead of putting that responsibility in the hands of military men at Panmunjon.

But however the agenda is fixed, we must make certain that it reflects our own major concerns in Korea and the Far East. We have a right to insist on international guarantees of any Korean settlement, so we don't have to contemplate renewal of the conflict at some future date.

And any discussion of Korea hardly can ignore the issue of achieving a unified nation from the Yalu River to Pusan.

Apparently U. S. officials in Washington now are adhering firmly to these points. They would insist that a future conference be widened to include not just the present Korean belligerents but all nations with a stake in Far Eastern peace.

That might include Japan, India, Burma, Indonesia, Siam and Indo-China.

More importantly, American diplomats would demand that a broadened conference deal with such painful and long-standing questions as the guerrilla warfare sparked by Communists in Indo-China, Malaya and the Philippines.

There is no earthly reason why it should be proper to discuss Formosa, an island the Chinese think we menace, and not talk about Indo-China, a land we are convinced they threaten.

Future political discussions could well include one more UN demand: That any decisions arrived at in regard to general Far Eastern issues not be linked directly to a Korean settlement. In other words, the maintenance of peace in Korea should not be made to hinge on what we do about Formosa or what the Reds do about Indo-China.

As an issue, Korea is a thing apart, and it cannot be made the subject of diplomatic trading. If we can stick to all these guns, we shall not likely be in danger of losing any further ground to the Communists in Asia—at least not around the council table.

The big question, of course, is whether the Reds for their part will find it possible to stomach so decent and fair a general settlement. The proofs still are lacking.

WASHINGTON COLUMN

Several Motives Are Behind Charges Against Munoz-Marin

By PETER EDSON
NEA Washington Correspondent

SAN JUAN, PUERTO RICO—Behind the charges of "dictatorship" now being hurled at Puerto Rico's first elected governor, Luis Munoz-Marin, are a variety of motives.

The charges have been made on the floor of the U. S. Senate by Republicans Owen Brewster of Maine and John M. Butler of Maryland, and by Democrat Olin F. Johnston of South Carolina.

Puerto Rican officials say Senator Johnston's interest is easy to account for: It is traced here to Leonard D. Long, a Charleston, S. C. builder. He and his brother, J. C. Long, have been frequent and heavy contributors to Democratic political campaign chests.

In Puerto Rico, Leonard D. Long has had contracts for six housing projects containing in all some 11,000 units and valued at \$65,000,000. Two of these projects were federal low-cost housing developments to help rid Puerto Rico of its worst slums.

Senator Johnston's interest in this million-dollar lawsuit is of course the natural interest of any citizen in the welfare of a constituent. Back of this, however, is another story.

When Leonard D. Long first proposed his Puerto Rican housing developments in 1946, there was no Puerto Rican tax exemption law to aid new industries.

After the law was passed in 1947, Long got a letter from Jesus T. Piner, then governor of Puerto Rico, saying that in his opinion, the Long interests were entitled to this exemption. After his term as governor expired, Piner went to work for the Long interests.

The new governor, Luis Munoz-Marin, took the position that Indians had been building houses on Puerto Rico land before the Spaniards and the Americans came. Housing therefore was not a new industry and not entitled to tax exemption.

This position was confirmed by the government's Executive Council and the Industrial Development Corporation.

Long's reaction to this was to charge that he was being persecuted. He hired a press agent in Miami and began to charge the Munoz government with dictatorship.

Full House Hears Concert By Andrews School Bands

ANDREWS—With 164 students participating, Andrews school bands presented their annual concert Monday night to a full house in the high school auditorium.

Proceeds amounting to approximately \$150 above the expenses of the concert were donated to the Andrews County Chapter of the American Red Cross, whose annual membership drive begins March 1. Max Ramsey is county chairman and Russell Austin is fund chairman.

The 64-piece Junior Band, under the direction of Martha June Morehart, presented the first part of the program.

After a short intermission, the twice sweepstakes winner, the 100-piece senior band, under the direc-

tion of Everett Maxwell, gave an hour-long program of different types of music.

The concert began with a rousing trumpet quartet with band accompaniment. Quartet members were Rex Perrin, John Thomas, Buddy Sipes and Billy Mays.

An alto saxophone solo by Alma Smith and an original march, "Marcho Vivo," written by the director, several contest numbers, popular and novelty selections completed the program.

Shirley Mays and Shirley Ham, dual band sweethearts and senior students, each were presented with a bouquet of red roses by Barry Brooks, president of the band council.

Supt. Thomas D. Hamilton and Maxwell presented the senior band students with awards. Receiving jackets were Rex Perrin, Rosalea Barrett, Connie Pruett, Jerry Brown, Shirley Mays, Shirley Ham, Shirley Morris and Peggy Floyd, who recently moved to Snyder.

Jackets were also presented to the pep leaders, Pat Sparks and Wilma McGary.

Following the concert, the recently completed \$70,000 band hall was opened formally to the public.

Senate Recesses Without Deciding What To Decide

WASHINGTON.—(AP)—The Senate took a breather Friday, still undecided whether to battle next over Hawaiian statehood or the title to submerged oil lands.

When it recessed Thursday night until Monday, it hadn't agreed even on when it would decide.

Despite Republican pressure, Majority Leader McFarland (D-Aris) refused to propose a definite time to vote on his motion to take up a bill on ownership of the submerged oil lands. They are claimed both by the coastal states and by the federal government.

He said he would try to get a unanimous agreement Monday.

Senator Knowland (R-Calif) will oppose the McFarland motion, he said, so a motion can be made to take up the Hawaii statehood bill.

Four Men, \$50,000 In Marijuana Taken From American Ship

JERSEY CITY, N. J.—(AP)—Four men were arrested Thursday night by U. S. customs agents, who uncovered an estimated \$50,000 worth of marijuana aboard the SS Johns of the United States Lines.

Some of it already was in cigarette form.

Three crewmen and a visitor, all negroes, were picked up.

Before docking at a pier of the Central Railroad of New Jersey Terminal here, the ship had stopped at ports in North Africa, Italy and Spain, the customs agents said.

Bell System Sues For Higher Rates

WACO.—(AP)—The Southern Bell Telephone Company has filed suit against the City of Waco for higher telephone rates.

The firm asked the 74th District Court for an injunction against the enforcement of a 1948 city ordinance which set the present rates.

It also asked for approval of higher rates.

Ex-UMW Official Charges Lewis With Ordering Murders

WISE, VA.—(AP)—A discharged official of the United Mine Workers Union has charged he was ordered by a "personal agent" of John L. Lewis to murder two non-union coal operators.

Charles Minton of Norton, the fired UMW field representative, made the charges in a \$350,000 damage suit against the union and the union's District 28. The suit was filed Thursday. It claims his earnings were impaired.

Minton, dismissed last November 8, said the murders were ordered because a UMW program to unionize a number of small coal mines in the Wise area was bogging down.

Minton charged he refused to follow an order by Tony Boyle, "agent extraordinary for the UMW and a personal agent for John L. Lewis" to murder Harry L. Turner and C. P. Fugate, both of Wise. The men are owners of the non-union Gladeville Coal Company, where efforts to organize were resisted strongly.

Union officers have refused comment.

Acheson Will Carry Foreign Aid Appeal To Public By Radio

WASHINGTON.—(AP)—Secretary of State Dean Acheson Friday night carries to the country his appeal for support of more billions for foreign aid. He is expected to emphasize that progress in European rearmament amply justifies American help.

The State Department arranged maximum radio and television presentation of Acheson's speech on short notice to get it to the largest number of people.

The department said the speech would be broadcast by CBS, NBC and Mutual at 8:30 p. m. (CST). In addition, it will be telecast and re-broadcast by ABC radio network at 10:30 p. m. The speech will run about 30 minutes.

Acheson's immediate purpose is to report on decisions regarding German rearmament and the European defense buildup reached during his just-completed mission to London and Lisbon.

In doing so he will be launching a campaign for public support of the Administration's foreign aid program, which soon must stand the test of getting funds from Congress.

Argentine Jailing Of Young Tourist Stirs U. S. Protest

BUENOS AIRES, ARGENTINA.—(AP)—American Ambassador Ellsworth Bunker reportedly has told Argentina's deputy foreign minister the U. S. government takes a "serious view" of the jailing without explanation of a youthful American tourist.

Twenty-three-year-old Saul S. Saulson of Detroit was arrested two weeks ago. Police have refused U. S. consular officials permission to visit him since February 18.

Charges against Saulson have not been revealed.

He was caught in a dragnet police spread last month for anti-government politicians of the Radical Party. Unconfirmed reports said the mass arrests were intended to quell a plot against President Peron.

A distant cousin, with whom Saulson had been living part of the time since his arrival here in December, was a Radical Party leader. He is missing now, and authorities say he may have escaped over the Chile border.

Great Grandmother Only 53 Years Old

OTTAWA, ILL.—(AP)—Mrs. Daisy Johnson, 53, claims she is one of the nation's youngest great grandmothers.

Mrs. Johnson, who is employed at an Ottawa drug store, became a great-grandmother Wednesday when her granddaughter, Mrs. Robert Bond, gave birth to a three-pound son.

Mrs. Johnson was married when she was 15 and was a grandmother when she was 32. Her daughter, Mrs. Roscoe Sarles, was 17 when she was married. Mrs. Sarles' daughter, Mrs. Bond also was 17 when she was married.

Grand Jury Asks Texans To Join Fight On Crime

By The Associated Press
Texas citizens were asked Friday to fight crime, which a federal grand jury at Waco said it found is increasing generally in the Southwest "at an alarming rate in many fields."

"A tremendous increase in narcotic traffic" was reported Thursday by the grand jury.

"Unless the public does become more aroused, there can be little progress against the crime situation," the jury reported to U. S. Judge Ben H. Rice.

Meanwhile, a Houston grand jury investigating crime in South Texas prepared to hear State Rep. Charles Murphy, Houston, tell what he knows about racketeering. Murphy is a member of the Legislature's committee investigating crime.

Challenge To Duel Stems From Court Hearing In Mexico

MEXICO CITY.—(AP)—Rosita Fornes, a pretty Cuban dancer, got a divorce from her Mexican husband, and the lawyers took the case pretty seriously.

So Friday Rosita's lawyer wants to fight a pistol duel with the husband's lawyer.

Victor Velazquez, one of Mexico's leading attorneys who represented the husband, rather sharply criticized the professional conduct of Rosita's lawyer.

So, Velazquez said, three men came Thursday night to his house and said they brought a challenge from Rosita's attorney to shoot it out.

Velazquez said no. Duels are forbidden by Mexican law, he said. Besides, the code of honor also forbids duels over court matters.

He would not fight the duel, he said. He told all this to the three men. They went away.

Booklet Outlines Red Revolution In Japan

TOKYO.—(AP)—The Nippon Times reported Friday the outline for a Communist revolution in Japan is being circulated in a booklet entitled "how to raise flower bulbs."

The newspaper said the pamphlet proposes that revolutionaries arm themselves by stealing weapons from occupation forces and Japanese police. These would be supplemented by bamboo spears, home made grenades, swords, carpenter's tools and farm implements.

The Times said the movement would be financed by stealing goods from occupation forces and reselling them.

Flying Fish Takes 5,000th Dunking

NEW LONDON, CONN.—(AP)—The Navy submarine Flying Fish took her 5,000th dunking Friday and that, so far as the Navy knows, is more times than any submarine anywhere ever has been under water.

The Navy only claims it as a record for United States submarines, but doesn't know of any craft that has bettered it.

The Flying Fish, built in 1941, is used as an experimental craft by the Navy's Underwater Sound Laboratory. She had a distinguished World War II record, sinking 15 Japanese vessels on 13 patrols.

DADDY RINGTAIL

Daddy Ringtail And Cold Feet

The night had come to the Great Forest, and Daddy Ringtail, your monkey friend, was safe and sound asleep in his bed, up in the top of the very tall tree, there inside his monkey house. The night was cold

outside, and a great moon was shining. "Daddy Ring-tail!" someone called. "Daddy Ring-tail!" Daddy Ring-tail! Daddy Ringtail stepped into his house there on the floor by the side of his bed. He put on his robe, too, because the night was quite, quite cold, remember.

He went into the room where Mugwump Monkey, the monkey boy, was supposed to be asleep in his bed. But Mugwump wasn't asleep, oh no! He was wide awake with both eyes open. He was the one who had called. He had called about his cousin, Cousin Cashwaller Coldfeet, who was sleeping in the bed beside him.

"It's his feet," said Mugwump. "They're cold." Daddy Ringtail wasn't very wide awake, and he wasn't sure what Mugwump had said. But Mugwump told him again. Mugwump said: "Daddy Ringtail, Cousin Cashwaller Coldfeet's feet are cold."

By WESLEY DAVIS

"Oh!" said Daddy Ringtail, and he got more cover and put it over the feet of Cousin Cashwaller Coldfeet whose feet were cold. "There now," said Daddy Ringtail. "Sure do thank you, Daddy Ringtail," said Mugwump, and Mug-

wump explained that Cousin Cashwaller's feet had been so cold that Mugwump couldn't sleep. "Now, now," said Daddy Ringtail. "Mugwump, you mean that Cousin Cashwaller Coldfeet's feet were so cold that Cousin Cashwaller couldn't sleep." "No sir," said Mugwump. His feet were so cold that I couldn't sleep." Daddy Ringtail laughed to hear it. He thought that Mugwump must be mistaken, but he reached under the cover to see whether Cousin Cashwaller Coldfeet's feet were so cold that Mugwump couldn't sleep. Oh my yes! They were!

Cashwaller's feet were as cold as ice, and they woke Mugwump up every time they touched him. Daddy Ringtail covered them with plenty of cover this time.

Happy sleeping, Mugwump," said Daddy Ringtail. Happy day! (Copyright 1952, General Features Corp.)

Russell's Bid For Nomination May Hurt Chances Of Senator Kefauver

WASHINGTON (AP)—The entry of Senator Richard Russell of Georgia into the Democratic presidential race raised serious threats Friday to the chances of candidate Harry S. Truman.

MacArthur as Pacific commander, created a stir in the Kefauver and Truman camps by getting into the race.

Kefauver is trying to beat Truman for the nomination if he runs, and to get the coveted prize if the President retires.

Judge Upholds Tax-Saving By Temporary Corporations

LOS ANGELES (AP)—A federal judge has upheld a businessman's right to set up any sort of corporation, even if it results in millions of dollars of tax losses to the government.

come should be figured under capital gains, just as any corporation. That meant paying 25 per cent to the government.

Leon E. Fankovich, presiding U. S. district judge, made the ruling Thursday in a suit by F. Hugh Herbert, film writer and producer, and his wife, Mary, against the government.

The prospective candidate who might be helped most, if Russell stays in to the finish and Truman doesn't seek the nomination, would be Gov. Adlai E. Stevenson of Illinois.

Herbert and George Abbott, New York stage producer, formed a corporation to make the picture, "Kiss and Tell," from Abbott's Broadway hit. When the picture was finished, they dissolved the corporation.

The Texas Livestock Sanitary Commission ordered the quarantine of the E Bar S Ranch and said quarantine orders for other farms and ranches in the area were being prepared.

The Herberths said the Treasury Department rejected their capital gains claim on 1945-47 income and forced them to pay straight income tax, \$19,835 more. That sum was ordered refunded.

The Texas Livestock Sanitary Commission ordered the quarantine of the E Bar S Ranch and said quarantine orders for other farms and ranches in the area were being prepared.

The Herberths claimed their income should be figured under capital gains, just as any corporation.

Truman hasn't given any public indication that he might pick Stevenson, but he praised him at a news conference Thursday as one of the greatest governors Illinois ever had.

Anthrax Outbreak Brings Quarantine

DALLAS (AP)—A 10,000-acre Dallas County ranch was quarantined Thursday after an outbreak of anthrax was discovered.

The Texas Livestock Sanitary Commission ordered the quarantine of the E Bar S Ranch and said quarantine orders for other farms and ranches in the area were being prepared.

Eugene B. Smith, Dallas cotton man, owns the ranch.

Duval Davidson, director of the commission, said in Fort Worth anthrax was "on the wane" in Texas.

He said the contagious cattle disease "has yet to reach the epidemic stage in any section of the state."

Russell, a balding but eligible bachelor, made it clear he hadn't wanted to become a candidate. He said he would rather be senator, for instance, than a vice presidential candidate, even if Northern Democrats decided to compromise with the Southerners.

But Gov. James F. Byrnes of South Carolina, Herman Talmadge of Georgia, Allan Shivers of Texas and such senators as Byrd of Virginia and Stennis of Mississippi have been after Russell to run.

Now Truman is on notice that the opposition to him in the convention will be handled expertly. And if there is a bolt, it would be in the hands of men far more experienced than those who wrested 39 Southern electoral votes from him in 1948.

Kefauver said Russell's entry into the race is "a fine thing" because it would "bring about more discussion of the issues and that is a healthy thing for the party and the nation."

WARREN TOO SMART TO WIN

RICHMOND, CALIF. (AP)—Walter Reuther, president of the CIO United Auto Workers Union, says California's Gov. Earl Warren is too "enlightened" to capture the GOP presidential nomination.

Father To Appeal Sentence Imposed On Sleepy GI Son

SEOUL, KOREA (AP)—The Eighth Army judge advocate's office said Friday a general court martial convicted Pfc. Warren McConnell of allowing, N. J., of sleeping while guarding a battlefield position.

The office said McConnell's sentence is up for review in Washington.

A Seventh Division general court martial tried McConnell in December.

McConnell was accused of sleeping last November 14 while posted as a lookout on the main battlefield line. His organization was Company B of the 32nd Regiment.

The office said one previous conviction was considered in the trial.

The commanding general of the Seventh Division approved the sentence.

McConnell is in the Lompoc, Calif. disciplinary barracks.

In Allgway, the soldier's father, Dorsey McConnell, said he would fight the sentence. He added that his son wrote him that he fell asleep after 72 hours of continuous duty.

In Washington, attorney Myron C. Ehrlich said he had been retained by the father and would file an appeal with the U. S. Court of Military Appeals as soon as he had read the record and heard from the prisoner.

PROUD PARENTS—Archie Van Winkle, Marine Corps Medal of Honor winner, admires his new son born in Everett, Wash. Mrs. Van Winkle proudly hung the hero's medal around the baby's neck in spite of a worried nurse who thought the medal should be sterilized.

Midland Band Members To Participate In Annual Big Spring Clinic Saturday

Twenty outstanding members of the Midland High School band have been selected to play in the annual Big Spring High School band clinic Saturday in the Big Spring Municipal Auditorium.

The Midland musicians will join with other outstanding band members in this area in presenting a mass concert.

Joe Bellaman of Sul Ross College has been selected as guest clinician for the day-long program.

Slated for Saturday afternoon is a concert by the Big Spring High School band, along with a brass ensemble demonstration by Sul Ross College musicians.

Object of the clinic is to give outstanding area musicians an opportunity to do mass band work.

After the wars of liberation from Spain, Colombia, Venezuela and Ecuador formed one nation.

President Opens Red Cross Campaign

WASHINGTON (AP)—President Truman has opened the annual American Red Cross drive with a plea for money and blood to answer this "compelling call to humanity."

He said in a nationwide recorded broadcast Thursday night the nation could be proud that the more than a million pints of blood collected last year saved "thousands" of lives on the battlefield and at home.

Pointing to "the heroic work of the Red Cross in time of disaster, its day-to-day service in saving lives, and its constant help to the men and the women in the armed forces," the President said:

6,000 Braceros Set For U. S. Labor Call

GUADALAJARA, MEXICO (AP)—Gov. Jesus Gonzales Gallo Thursday authorized 6,000 Jalisco State farmers to go to the U. S. for migrant farm work. He said the authorization was given because these farmers had lost their crops through heavy frost this Spring.

The farmers still must await a call from U. S. farmers for their services and must be contracted for under Mexican government approval.

Pointing to "the heroic work of the Red Cross in time of disaster, its day-to-day service in saving lives, and its constant help to the men and the women in the armed forces," the President said:

"These are the things that have made the Red Cross a living expression of our great tradition of neighbor-helping-neighbor in time of trouble."

The Red Cross is seeking at least \$5 million dollars.

PUBLIC NOTICE
Notice is hereby given that City Ordinance provides that no garbage container be larger than 32 gallons in capacity and requires that all garbage containers have a tight fitting lid. Beginning March 1, 1952 non-regulation garbage cans remaining in use will be hauled away. Anyone wishing to retain non-regulation cans are requested to remove them from the point of collection, and discontinue their use as garbage containers.
Each household should provide a sufficient number of containers to take care of the garbage on a basis of two (2) collections weekly. It is suggested that garbage can lids be fastened to a stake or rack in order to prevent their loss.
These requirements and suggestions are one method of combating the sanitary problem in Midland and your full cooperation is earnestly requested.

It's a HONEY for the MONEY
Can you imagine this—
A car with Buick's power, Buick's size, Buick's room and Buick's big-car roadability—at a price down where anyone with the price of a new car can reach it?
That's what you'll find in the Buick SPECIAL pictured here.
How about coming in and looking it over?
Some things you'll need to see—such as the smartest new fabrics and interior trims that these swift beauties have ever offered.
Or a long list of brand-new conveniences, developed by Buick's engineers this year.
Some things you'll need to try—such as Wide-Band brakes—new this year on the SPECIAL, and also on SUPER and ROADMASTER.
Some things you'll need to feel—such as the Million Dollar Ride, so called because it cost Buick this much and more in cold cash to perfect the 15 engineering features that give it a road-hugging smoothness—cushion your going like a million dollars' worth of velvet beneath the wheels.
Or the effortless ease of Dynaflo Drive.*
Some things you'll want to sample—such as the hoodful of power—the power of the mighty and thrifty Fireball 8 Engine—a valve-in-head that makes the most of high compression, gets good mileage from gas.
Some things you'll want to compare—such as delivered prices—that leave no doubt that Buick's the better buy.
Our welcome mat's out. Why not come in soon and get set for a thrilling year?
*Optional, accessories, tires and wheels are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Buicks. *Optional at extra cost on ROADMASTER only.

ONLY BUICK PROVIDES THEM ALL
DYNAFLOW DRIVE—great boon to easier driving, proved on more than a million Buicks
FIREBALL 8 ENGINE—of valve-in-head design, makes high compression count for more
NEW WIDE-BAND BRAKES—for smoother, more positive control
MILLION DOLLAR RIDE—with 4-wheel coil springing and road-steady torque-tube
TOP-CAPACITY TRUNKS—more luggage room than ever in most models
NEW TWO-TONE INTERIORS—in most models, grace Buick's Body by Fisher
SWEEPSPARK STYLING—adds gleaming smartness to all models
Plus These, Too, On ROADMASTER:
AIRPOWER CARBURETION—with highest horsepower in Buick history. MORE MILES PER GALLON.
POWER STEERING!—greatly eases parking and turning, without losing that firm feel.
SILENCE—to complete you can speak in whispers under way.
Sure is true for '52
When better automobiles are built

ONE WAY TRAFFIC ONLY!

On today's busy traffic you travel only a few feet in the wrong direction before horns blast, traffic cops whistle, and other drivers shout menacingly.

In your daily living, though, there is little such clamor if you choose the wrong direction. You skim along blithely, supposing you are on the right road because others are travelling along with you. Still, others can be wrong too, you know.

The road you travel has to be either right or wrong. And the best way to find and follow that right road for present-day living is to think of the Bible as your roadmap.

Consult it diligently. Let your minister help you interpret the signs and signals you find in it. It has been a tried and proved map to successful, happy living for many centuries.

Through your Bible and your Church get on the right road—NOW.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship; a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Lamb From Glasscock Named Grand Champion

SAN ANGELO—(P)—Steers were being judged Friday at the San Angelo Fat Stock Show. Thursday, Marion Wilkerson, Garden City, saw his fine wool lamb judged grand champion. Reserve champion was a crossbred shown by Buddy Drum, 16, Fluvanna. Larry Smith, 14, Snyder FFA boy, showed the champion fat barrow. Gene Torgate, Brooksmith, showed the boys' champion Rambouillet ram and J. Lee Enzor, Bronite, showed the champion Rambouillet ewe. Connie Mack Locklin, Sonora, and Millard Leon Bennett, Junction, showed top Deltaine ram and ewe. J. D. Cook, Goldthwaite, and W. L. Ivy, Iraan, showed the champion Corriedales. BR Froid Mixer 7th, owned by Arledge Brothers, Seymour, was adjudged the grand champion Hereford bull. The reserve champion was a bull calf shown by Johnston's Squarebelt Herefords, Polson, N. M. The champion Hereford female was Johnston's Miss Colorado Royal. The reserve championship went to Straus Royal Lady 27th, owned by Straus Medina Hereford Ranch, San Antonio.

An estimated 5,500 fans turned out for the first performance of the rodeo. Midland youths placed in the different divisions of the show. Jesse Herring, Midland FFA, took twenty-fifth place in the heavy fat barrow class. E. P. Binkbeck, also of the Midland FFA chapter, finished forty-third in the class. Jackie Reinhardt, Midland 4-H boy, had the twenty-first placed entry in the lightweight fat barrow class.

SUFFERS HEAD LACERATION
Mrs. J. R. Green, Midland, suffered lacerations of the scalp Thursday when she stepped out the back door, fell and struck the back of her head against the door frame. She was given emergency treatment at Western Clinic-Hospital.

TRUMAN MAY RESENT THIS
MANILA—(P)—The Philippines is going to organize a cavalry squadron—mounted on mules. It's Defense Secretary Ramon Magaysay's newest idea for chalking hak rebels to their hill hide-outs. Magaysay plans to import the mules from Australia. Old-timers say he is going the wrong way. The Australian breed, they say, can't match the pugnacity of a Missouri mule.

Midland Grocers Warned On Sweet Potato Pests

An official of the Texas Department of Agriculture warned Midland grocers Thursday to be on the lookout for sweet potatoes being brought here illegally and sold and which contain the highly destructive sweet potato weevil. Ray Cure, chief inspector for sweet potatoes in Texas, said already Midland grocers whom he has contacted have had to throw out 100 bushels of the infested potatoes. "All grocers should be sure that they are purchasing only those sweet potatoes which are grown in a weevil-clear area of Texas," Cure said. "One way in which the grocer can be safe is by demanding that the seller show a Texas sweet potato permit which states that the potatoes are 'free' of infestation of the sweet potato weevil. It is not enough for the permit to state that the potatoes are 'apparently free' of infestation," Cure said. He said the weevil is such a destructive pest that by the time it eats away at a potato "not even a hog will eat it." An egg of the weevil, under favorable conditions, will reach maturity in 14 days. In cold weather, the eggs lie dormant until the temperature reaches around 70 degrees. Cure said the State Department of Agriculture would appreciate the cooperation of grocers here in helping to clear out potatoes which came from an infested area.

Senate Panel Writes Complete New Bill To Hike Service Pay

WASHINGTON—(P)—The Senate Armed Services Committee Friday approved a cost-of-living pay increase for American service men. But it was a vastly different bill from the House-approved measure, which provided for a flat 10 per cent boost. Chairman Russell (D-Ga.) said the committee "completely rewrote" the House bill with an annual savings of \$375,000,000. Russell said the Senate bill would give 3,600,000 service men—from private to general—a three-cent increase in base pay and larger increases than voted by the House in allowances for food and rental to those with families or dependents. He said the weevil is such a destructive pest that by the time it eats away at a potato "not even a hog will eat it." An egg of the weevil, under favorable conditions, will reach maturity in 14 days. In cold weather, the eggs lie dormant until the temperature reaches around 70 degrees. Cure said the State Department of Agriculture would appreciate the cooperation of grocers here in helping to clear out potatoes which came from an infested area.

Texas Polio Cases Drop To 17 In Week

AUSTIN—(P)—Polio eased its attack in Texas last week, 17 new cases reported to the State Department of Health. This was a decline of 11 from the previous week. However, the rate was well above the seven-year average of seven cases for that week. Tom Green county had two new cases. Galveston, Guadalupe, Howard, Jefferson and Lubbock had one each.

FLANE DROPS FOOD

SINGAPORE—(P)—A Royal Air Force plane recently dropped a ton of foodstuffs to a tiny village in Johore state which had been isolated by the monsoon flood waters. Several low-level runs had to be made to effect the drop successfully. The food bundles consisted of fish, rice and tinned goods.

100 Persons Escape As Fire Razes Hotel

PHILADELPHIA—(P)—More than 100 persons fled to safety from a smoke-shrouded midtown hotel, the Clinton early Friday and a short time later flames swept through the seven-story structure. The hotel virtually was destroyed.

Keep Your Shirt On, Bub, Or Send It To Washington

MARYSVILLE, CALIF.—(P)—A million shirts for Congress... That's the goal of officers of the California State Farm Bureau Federation. Secretary-Treasurer Don W. McColly started it Thursday when he held a regional meeting. "To my congressman, I say: 'You are taking now (in taxes) almost everything but my shirt. So you might as well have that, too,'" McColly jerked off his shirt. So did eight others, including Federation President George Wilson. McColly insisted it was a spur-of-the-moment idea. But several members liked it so well McColly said they agreed: "We will try to get everyone to send his shirt to his congressman. If we can get a million shirts in the mail then Congress will see just how much we want to cut taxes." P. S.: If you're doffing your shirt to your congressman, please send it direct, not to McColly, he added.

Solons Plan Fight For Information On Non-Battle Losses

WASHINGTON—(P)—Three Republican senators Friday announced they would put up a fight to force Secretary of Defense Lovett and other Pentagon officials to give Congress exact figures on non-battle casualties in Korea. Senator Knowland (R-Calif.) told the Senate Thursday he had been given a complete runaround by the "secretary of Defense" when he asked for these statistics. "Knowland said Congress is entitled to this pertinent information" because under the constitution it has the responsibility of deciding on the size and maintenance of the armed forces. "I shall make an issue of this matter," Knowland said. Knowland had asked for "accumulated non-battle casualty figures." Lovett's reply said battle casualties through February 22 numbered 105,992 and the Army had not been making the non-battle casualties public in recent months. Knowland said Lovett's answer did not supply the information asked.

Nationalists See Trade Expansion

TAIPEH, FORMOSA.—(P)—Plans to extend trade between Formosa and Malaya have been mapped by Nationalist authorities. Talks will be held here or in Hong Kong shortly with businessmen from Singapore.

Allies Bluntly Tell Reds Russia Is Quit As Neutral Observer

MUNSAN, KOREA.—(P)—Allied truce negotiators bluntly told the Communists Friday: "UN rejection of Russia as a member of a neutral supervisory commission was 'final, final and irrevocable.'" A UN spokesman said the Allied statement was the "strongest since last July," when the Reds were warned armistice negotiations would break down unless they abandoned demands for a cease-fire line on the 38th parallel. The Communists replied in almost equally strong language that "any such attitude of arrogance and arbitrariness will be categorically rejected by our side." Col. Don Darrow told the Reds: "I now tell you formally, unequivocally and with the fullest authorization that the UN Command's decision to reject the Soviet Union as a member of the neutral national supervisory commission is final and irrevocable. Further debate on this subject is completely futile." Brig. Gen. William P. Nuckols, official UN spokesman, said Darrow's statement "would not be made without the prior knowledge of higher military levels."

Workshop Teaches Technique Of The Camera To Ministers

SYRACUSE, N. Y.—(NEA)—The ministers sat around with paper cups full of lukewarm coffee, discussing things like pancake make-up and television techniques. They had been studying television for a week. "They look like professionals already," said one expert from New York. "All they need are the ulcers." It is doubtful if they'll ever get the ulcers, because the religious leaders were approaching television as another media for spreading the Gospel, not as a chore. They were attending the Religious Television Workshop, conducted by the Broadcasting and Film Commission of the National Council of Churches of Christ in the U.S.A. "We are determined to avoid the mistakes we made in radio," said the Rev. Dr. Clayton T. Griswold, director of radio and television for the Presbyterian Church, U.S.A., who served as the workshop's dean. "All too often, ministers just hooked a microphone to the pulpit and thought they were doing justice to a radio program." So the ministers and lay religious educators learned television from the coaxial cable up. For one week, they spent all day—and much of the night—at the studios of WHEN-TV here. They wrote scripts, moved props, peered through cameras, made up their faces, used costumes, handled lights, acted, studied microphone techniques and generally made themselves familiar with all phases of the art. There was classroom work, too. Television leaders came to Syracuse to lecture. Rudy Breta, a top TV consultant, acted as the principal instructor. Ministers from many denominations attended the workshop. There were Army and Air Force chaplains, Congregational ministers from New England, a Russian Orthodox priest from upstate New York, a Baptist minister from Pennsylvania, a secretary of the American Bible Society and Methodist, Episcopal and Presbyterian ministers and lay officials. The commission, which pro-

Traffic Deaths Dip In January

CHICAGO—(P)—Death on the streets and highways started 1952 on a downgrade. The National Safety Council Friday reported motor vehicle fatalities total 2,700 in January—five per cent below the toll of January, 1951. It was the first time since April, 1951, that any month's traffic death total has been lower than in the corresponding month of the previous year.

Midland FHA Girls Leave For El Paso For Area Two Meet

Twenty-four members of the Midland high school Future Homemakers of America were to leave Friday for El Paso to attend the Area Two meeting of the organization. The theme of the meeting will be "Youth Leadership." The program will begin at 9:30 a.m. Saturday in the El Paso high school auditorium. Ann Wintner, Area Two president from the Austin High School Chapter in El Paso, will preside over the morning session while Pat Fowler, from Jayton High School, will preside over a meeting of the House of Delegates at noon. The House of Delegates is composed of area officers and one representative from each chapter. Earline Hancock of Midland, reporter and historian for Area Two, will preside over the afternoon session. Those attending from Midland include Jerry Allmon, Norma Dobbs, Dianna Hickey, Wanda Allen, Pat Harrell, Audrey Eaton, Joe Ann Sells, Charlene Fussy, Lavone Woodley, Bailey, Carnelia Ramsey, Wilma Raven, Shirley Parnell, Joan Glendinning, Betty Dobson, Rosalaine Lester, Cloria Nelson, Earline Hancock, Lanetta Howell, Winnie Nelson, Glenn Campbell, and Rosamond Turner. There are 20 chapters from this area, which is divided into five districts. All of the chapters will be represented at the El Paso meeting.

Campbell Condition Reported As 'Good'

The condition of Eddie Campbell, 22-year-old victim of what Midland officers called a self-inflicted bullet wound, was reported "good" Friday by attendants at Western Clinic-Hospital. Campbell has been hospitalized since last Friday, when the shooting occurred.

MEDICAL PATIENT

Charlotte Ann Niedeken, Midland, entered Midland Memorial Hospital Thursday as a medical patient.

RECEIVES SURGERY

Clifton Johnston, Midland, was admitted to Midland Memorial Hospital Thursday for surgery.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 14th day of April, 1952, at 10:00 a.m. or before 10 o'clock A.M., before the Honorable District Court of Midland County, at the Court House in Midland, Texas.

Said plaintiff's petition was filed on the 22nd day of February, 1952. The file number of said suit being No. 6314.

The names of the parties in said suit are: Charles W. Post, Jr. as Plaintiff, and the above named parties to whom this citation is issued and directed as Defendants.

The nature of said suit being substantially as follows: to wit: Plaintiff alleges ownership in fee simple of those tracts of land situated in Midland County, Texas, to-wit: All of Lots Eleven (11) and Twelve (12), Block Twenty-one (21), College Heights Addition to the City of Midland, Midland County, Texas. All of Lots Eight (8) and Nine (9), in Block Ten (10), College Heights Addition to the City of Midland, Midland County, Texas.

That on the 10th day of December, 1951, defendants unlawfully entered upon the premises and ejected plaintiff from the said respective premises owned by him and set out above, and with force and arms, the possession thereof to his damage in the sum of Two Thousand Dollars (\$2000.00).

Such action is a suit in trespass to try title to said land, based upon the defendant's assertion of some character of right, title and interest in and to above described lands and premises, the nature and character and extent of such claims being unknown to plaintiff, and that the claims being asserted by the said above named defendants and each of them cast a cloud upon, and are in derogation of the title of plaintiff. Plaintiff prays for recovery of title and possession of the above described premises, for his damages, and for costs of suit.

If this citation is not served within 90 days from date of its issuance, it shall be returned unserved.

Issued this 28th day of February, 1952.

Given under my hand and seal of said court, at office in Midland, Texas, this 28th day of February, A. D. 1952.

Magnolia Petroleum Company spotted location for a three-quarter-mile southwest stepout to Pennsylvania production at the extreme northwest end of the Parks field of Northwest-Central Midland County. Drilling is 10 miles southwest of the city of Midland and 600 feet from north and west lines of section 6, J. S. Daugherty survey, abstract 887.

Spraberry Opener Is Indicated In SW Midland Test

Sinclair Oil & Gas Company has a possible Spraberry discovery in the Sweetie-Peck field of Southwest Midland County. It is the concern's No. 4 June Tippet, 660 feet from south and east lines of section 2, block 41, T-4-S, T&P survey. The section from 8,422 to 8,435 feet was fractured with 2,000 gallons. After swabbing out, load the well started making 67 gallons of clean oil on each pull of the swab. Operator was continuing to swab at that rate on last report.

S-C Upton Wildcat Awaiting Orders After Finding Water

Republic Natural Gas Company and Seaboard Oil Company of Delaware No. 2 University, wildcat four miles southwest of Rankin and in South-Central Upton County, was at total depth of 11,260 feet in the Ellenburger awaiting orders. A one and one-half-hour drillstem test was run in the interval from 11,042 to 11,260 feet. Recovery was 920-foot water blanket, 900 feet of drilling mud and 180 feet of sulphur water. Location is 660 feet from south and 1,980 feet from east lines of section 18, block 15, University land survey.

NE Reagan Test Will Plug Back To Spraberry

Southwest Natural Production Company and Lonnie Glascock No. 1 Carter-Greer, wildcat three and one-half miles east of the Seven D-Wolcamp field of Northeast Reagan County, was preparing to plug back for tests of the Spraberry zones after developing salt water in the Ellenburger. Latest drillstem test was from 9,888 to 10,051 feet. Open 90 minutes recovery was 400 feet of drilling mud, 200 feet of salt water and gas-cut drilling mud and 915 feet of salt water. The Ellenburger was topped at 9,610 feet, datum minus 7,059 feet. Location is 660 feet from south and 930 feet from west lines of section 77, block 2, T&P survey.

Cities Service To Try For McKee Payoff At Tucker Stepout

Cities Service Oil Company No. 3 Brunson is to be a one-location southwest stepout from production in the Tucker-McKee field of Southwest Grane County. It is 659.45 feet from the northwest line and 330 feet from the southwest line of section 26, block 1, H&TC survey. That makes it 10 miles north of Buena Vista which is in North Pecos County. The Cities Service No. 3 Brunson is projected to 5,800 feet and is to start operations at once. The nearest oil well is the same concern's No. 2 Brunson.

Fisher Wildcat To Be Completed As Gas Field Opener

R-H-K Drilling Company, Ltd., Nacorda Oil Corporation and Peeler Brothers No. 1 T. Willingham, East-Central Fisher County wildcat, has perforated casing opposite the Canyon reef from 4,822 to 4,842 feet for completion as a gas discovery. The prospect showed up to 10,000,000 cubic feet of gas per day when it blew out while being drilled. It is two and one-half miles from Royston and 330 feet from north and west lines of the southeast quarter of section 52, block 1, H&TC survey.

NE Yoakum Pool Gets Extension

York & Harper, Inc. has completed a five-eighths mile northeast extension to the Prentice-Glorieta field of Northeast Yoakum County. No. 1 Bryson was completed for 275 barrels of 29.5-gravity oil per day on the pump. The open hole section from 5,924 to 6,001 feet was acidized with 7,000 gallons. Location of the new oiler is 660 feet from south and east lines of section 21, block K, pal survey. That makes it seven miles northwest of Tokio.

Sun Finals Fourth Oiler In Claytonville

Sun Oil Company has completed its No. 1 Peters as a one-location north extension and fourth well for the Claytonville-Canyon reef field in Southwest Fisher County. The well flowed 24 hours through a one-quarter inch choke to make an initial production of 424.62 barrels of 43.5-gravity oil. No water was present. Flowing tubing pressure was 790 pounds. Gas-oil ratio was 946-1. Production is coming from open hole from 5,609 feet to 5,621 feet, the total depth. Location is 860 feet from south and 1,982.8 feet from west lines of section 209, block 3, H&TC survey.

Service Station Operators Elect Watkins As Head

E. M. (Red) Watkins was elected president of the Midland unit of the Texas Service Station Operators' Association at a meeting Thursday night in the private dining room of Hotel Scharbauer. Other officers are J. C. Luccock, vice president, and W. G. Keller, secretary-treasurer. Helping the association to reorganize here was H. R. Bates, president-emeritus and a state representative of the association. Bates made a movie of the meeting and showed pictures of service stations which he had made in various parts of Texas. He told the group he will also take pictures of some of the service stations in Midland.

Standard Reports Record Net Profits

CHICAGO — (AP) — Standard Oil Company (Indiana) Thursday reported net profit last year was higher than in any previous year at \$148,697,256. This was equal to \$9.71 a share. In 1950 the net was \$123,581,477, or \$8.09 a share. The earnings increase was attributed by the company largely to a 22 per cent rise in crude oil and natural gas liquids production, 11 per cent in refinery runs and 10 per cent in sales volume.

Most Of Conventional Candidates In Favor Of Taft, Poll Shows

CHICAGO — (AP) — Senator Taft (R-Ohio) is favored for president by 44 of 62 candidates for Illinois delegates to the Republican National Convention who participated in an Associated Press mail poll. General Eisenhower is favored by six candidates; Senator Dirksen of Illinois by five; and General MacArthur by two. Five said they were undecided. Twenty-eight of the total of 91 Republican candidates for 50 seats did not answer the poll. In a similar poll of Democratic candidates, 11 of 26 who participated said they favored President Truman for reelection. Seven favored Gov. Adlai Stevenson of Illinois and one favored Senator Douglas of Illinois. Seven said they were undecided. Thirty-four of 60 Democratic candidates for convention delegates did not answer the poll. Since President Truman has not announced whether he is a candidate, it was believed many Democratic delegate candidates did not want to commit themselves until the situation is clarified. Sixty Delegates Each Illinois Democrats and Republicans each will have 60 delegates at the national conventions. In each case, 50 will be elected at the April 8 primary—two from each of the 25 congressional districts. The other 10 delegates, in each case, will be picked at party state conventions in the Spring. Convention delegates in Illinois are not pledged. Illinois will hold a presidential preference primary April 8, but the result is not binding on convention delegates. On the Republican ticket, Senator Taft and Harold E. Stassen are presidential preference candidates. None of the 62 Republican delegate candidates who participated in the poll listed Stassen as either his first or second choice. Senator Kefauver of Tennessee is the sole Democratic candidate in the Illinois presidential preference primary. None of the 26 candidates who answered the poll expressed a preference for Kefauver. One listed him as his second choice.

Leukemia Victims Get Atom Cocktails

FORT WORTH — (AP) — Effects of "atomic cocktails," the first given in Fort Worth, on two leukemia patients are being studied. In one case, Gary Michael Mackey, three, radioactive phosphorus apparently has produced spectacular results. In another, Kenneth Burks, 20 months, the treatment so far has helped only to a limited extent. Gary was given the radioactive mixture January 29. Since January, he has shown much improvement. One eye, which was swollen shut, now is normal. Huge lumps under his arms and in his neck and groin are gone. And no blood transfusions have been required. Kenneth has improved in appearance and he feels better only at times.
