House Panel Cuts Truman Budget

Savings Bloc Hits Housing Hardest Blow

WASHINGTON —(P)— The House Appropriations Committee Friday recommended a 10 per cent slash in the \$7,000,000,000 budget of more than a score of federal agencies for the fiscal year starting July 1.

It turned thumbs down on all new job proposals, cut by one-third the funds budgeted for travel, communications, printing and binding; ordered a halt to accumulation of annual leave by government workers and slapped a ceiling of 25,000 on the number of new public low-rent housing units that may be started next year.

Foreign Aid Program Hit By Connally

WASHINGTON —(P)— Senator Connally (D-Texas) shouted angrily Friday that the U. S. "can't go on forever appropriating large sums of money" to Britain, France and other countries.

Connally, chairman of the Senate Foreign Relations Committee studying President Truman's \$7,900,000,000 foreign aid program, challenged Mutual Security Director W. Averell Harriman time and again as Harriman bid for congressional support of the aid plans.

Some items escape axe. Thomas claimed that the ban against accumulation of annual vacation leave alone would save \$125,000,000.

He claimed another saving of \$500,000,000 would result from the committee's order to hold to 25,000 the number of housing units in the coming year. The President had asked for 75,000, an increase of 25,000 more than this year.

The bill's total includes \$2,754,601,537 in items the committee said are "not susceptible to reduction." These include \$2,432,472,000 in insurance and pension payments and other fixed Veterans' Administration costs; \$181,129,537 for stockpiling critical defense materials and \$240,000,000 to speed up construction of 15 more high-speed cargo ships.

Actually, the committee claimed, the cuts in items susceptible to trimming amounted to almost 33 per cent, the biggest cut on a major money bill in recent years.

The Atomic Energy Commission, which asked for \$1,312,000,000 was allotted \$1,137,771,500.

Polio Incidence Declines In Texas

AUSTIN —(P)— Only 15 new cases of polio were reported in Texas last week, a drop of seven from the previous week.

This increased the year's total to 244 cases, the State Health Department reported Friday.

Justice Department To Make Test Case Of Tanker Sale To Morris-Headed Firm

WASHINGTON —(P)— Senators inquiring into highly profitable deals in surplus government ships said the Justice Department is pursuing the matter vigorously.

2. Raymond S. McKeough, former member of the old U. S. Maritime Commission, described as illegal a three-ship deal involving government cleanup man Newbold Morris.

The Justice Department already has brought a suit to recover the \$5 Meacham from the United Tanker Corporation, a shipping firm whose stock is owned by the foundation headed by Morris.

Stakem described it as a "test case."

He said the 47 ships about which there is "serious question" include all eight of the surplus tankers obtained from the old Maritime Commission by a group of prominent persons which included Ex-Rep. Joseph E. Casey; the late Edward Stettinius, former secretary of state, and Adm. William F. (Bull) Halsey, World War II hero.

McKeough, now a member of the International Claims Commission, testified as the last scheduled major witness in the Senate inquiry.

Morris, in two stormy days of testimony, insisted there was no "wrongdoing" at any point in ships deals with which his law firm was associated.

Senatorial tempers still smoldered over Morris' statement that "the diseased minds" of some of the lawmakers had subjected him to "insinuations and innuendoes." There was every indication that his troubles on Capitol Hill were far from over. But the talk of citing him for contempt subsided.

Korean War Quiet On Ground, In Air

SEOUL, KOREA —(P)— The Korean war quieted Friday after the heaviest Red artillery operations in weeks, including shell bursts uncomfortably close to four American warships.

Even the air war was washed out by storm clouds, blown down from Manchuria.

Tax Bureau Shakeup Will Start April 1

WASHINGTON —(P)— Secretary of the Treasury Snyder said Friday New York and Chicago have been chosen as "pilot districts" for the reorganization of the scandal-hit Internal Revenue Service. First steps will be taken shortly after April 1.

The Administration won authority for its proposed top-to-bottom shakeup of the tax collecting service when the Senate approved the reorganization plan late Thursday by a 53 to 37 vote.

It was President Truman's biggest triumph of the 1952 congressional session.

Snyder told a news conference the changes will be held up briefly so that there will be no interference with (1) the filing and collection of this year's income tax returns, due Monday, and (2) the mailing of 30,000,000 tax refund checks, now in progress.

CAA observers at the Midland Air Terminal expected the winds to increase in velocity as the cool front moved in. No appreciable drop in temperatures was forecast.

Dust had cut visibility here to 10 miles late Friday morning but it had been cut to one mile at Big Spring and other West Texas points.

Strong winds from the cool front were sweeping the High Plains, swirling dust through West Texas while dust from earlier storms settled in Central and South Texas.

Clouds that spotted the state promised rain late Friday. But GAA observers at the Midland Air Terminal didn't expect the precipitation map to include this section. No rain was reported in the state during the 24 hours ending at 6:30 a. m. Friday.

Midland's Pagoda Park carried a half-million-dollar price tag Friday.

The City Council, formally deciding Thursday afternoon to sell the park, scrawled that price across the 13-acre tract of land at Highway 80 and the Andrews Highway.

And now the councilmen are ready to talk business with any interested persons.

City Manager W. H. Oswalt said he had received numerous inquiries concerning the park but individuals and groups interested in developing a shopping center and construction of a hotel on the land.

The park, however, will not be available for several months since the use of its baseball stadium and its swimming pool has been committed for this summer.

Entry Visas Denied 20 Science Leaders

LONDON —(P)— The British government refused entry visas Friday to 20 leaders of the World Federation of Scientific Workers.

The men, among them delegates from the Soviet Union and Red China, had planned to attend a meeting of the federations Executive Council March 22-23.

Prof. Linus Pauling of Pasadena, Calif., noted physicist and teacher, is one of the vice chairmen.

Mail Delivery 'Going To Dogs?' It's Because Dogs Go For Your Mail Man

Frankly, friend, if mail delivery appears to be "going to the dogs" in your neighborhood, there may be just cause.

Midland Postmaster N. O. Oates said mail delivery has been discontinued in a whole block after some tyrannical canine has refused to allow a postman to deliver the mail.

"Some of our mail men have been chased a whole block," said Oates.

But, even so, a mail man is considered a greenhorn—among the fraternity of letter carriers until he can show the scars of a dog bite.

"Why practically every man on the force has been bitten at one time or another," Oates said.

And after they get bit the first time, they are almost certain to get bitten once or twice more, the postmaster said, because the animal can tell when they are afraid.

Oates called the gentle appearing little cocker spaniel the "world's worst offender" at nipping postmen.

That docile looking little animal appears to be snoozing peacefully on the porch when the mailman approaches but when the carrier turns to leave, the pooch grabs him by the ankle," Oates said.

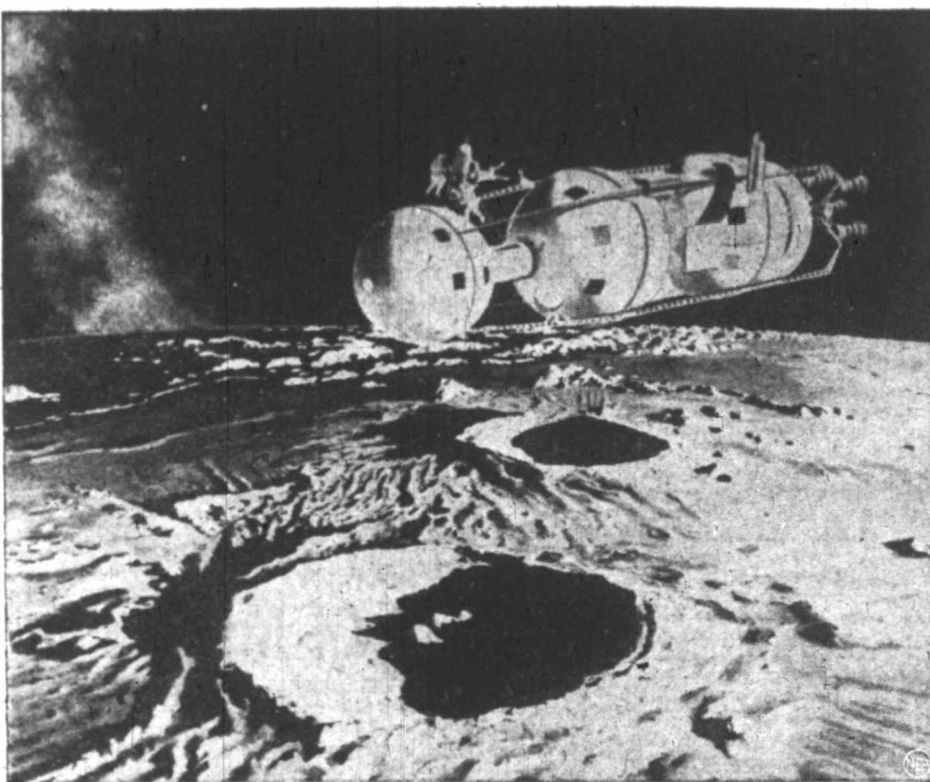

One carrier who quite innocently provoked the wrath of more bounds than the others used to come in with his pants legs in tatters, the postmaster reported.

Still another carrier, jumped by a ferocious dog, almost lost his leather mail bag when he pushed it out in front of him for protection, he recalled.

Oates remembered one hound, a neighborhood pet who played peacefully with the kids and tried to live up to the canine's reputation of being "man's best friend" until the postman came along.

"That dog would jump a six-foot fence to get to the mail man," Oates said.

The postmaster suggested it might be the leather pack of the postman which infuriates the dogs, since ice-

SHADES OF CHRIS WELKIN!—A terrestrial moon-ship hovers some 200 miles above the surface of the moon, as scientists in space suits take photos of "the man in the moon," in this artist's conception of space travel in years to come. The craft would base on a man-made space-station revolving in its own orbit about the earth, according to Dr. Werner von Braun, builder of the V-2 rocket. It would be a five-day, 239,000 mile trip from the space station to the moon, according to the scientist.

Eisenhower's Political Pulse Quickens In Face Of New Hampshire's 'Clear Call'

By The Associated Press

General Eisenhower's interest in the Republican presidential nomination seemed to be growing Friday as support mounted in the wake of his clean sweep over Senator Taft in the New Hampshire presidential primary.

Eisenhower's Washington headquarters Thursday released part of a letter from him to an unnamed close friend which said in effect he would not turn his back on party workers and leaders later. It sounded like he was telling those "in the rank and file" he wouldn't forget them if elected.

Previously, in a cable from Paris warmly thanking New Hampshire supporters for their work, the general appeared to talk like a candidate whose enthusiasm is mounting.

Minnesota supporters, encouraged by his opening victory, launched a campaign for write-in votes for Eisenhower in that state's primary next Tuesday.

In Washington, backers still eager for him to return and put up a fight—despite his statement he will not take part in pre-convention campaigns—said the New Hampshire victory was the "clear-cut call to political duty."

The general said he would answer it if it came.

But a former New Jersey governor who supports Eisenhower said he would do the free world a disservice by coming home to campaign.

A former Taft supporter in New Hampshire, Richard G. Jordan of Manchester, wrote the Ohio senator to get behind Eisenhower, and assure a GOP victory in November.

Harold E. Stassen, another GOP candidate, campaigning in Wisconsin, said he has not promised to deliver his delegation to Eisenhower if he fails to win at Chicago in July. He said his supporters, in such an event, can make up their own minds whom to support.

Taft continued a workhorse schedule in the Southwest, making speeches—all denouncing the Truman domestic and foreign policies—holding news conferences and attending dinners. He said in Albuquerque he still thinks he will have enough delegates to win in Chicago.

Gov. Earl Warren, a fourth GOP candidate, campaigned for Wisconsin's 30 delegates. The California governor hammered away at the Democratic Administration, which he said has taken the government away from the people. The Wisconsin primary is April 1.

On the Democratic side, Senator Russell of Georgia said he plans to campaign in Florida for about a week just before the May 6 primary there. He also said he has not "closed the door" to entering the California primary June 3. Russell said in a radio interview he would go to the Chicago convention in July with as many delegates supporting him as any other Democratic candidate.

Senator Kefauver of Tennessee, who won a stunning upset victory over President Truman in New Hampshire, also plans to campaign in Florida and California.

Truman himself, still silent over whether he plans to run again, leaves Key West today for a weekend speech at New York City. His White House aides expect him to move shortly—in some way—to recapture lost political stature.

Canyon Reef Oil Is Found On DST In Scurry Wildcat

McAlester Fuel Company has a Canyon reef lime discovery in prospect at its No. 1-A Allen, South-Scurry County wildcat, five miles south of the Diamond, McCanyon field and four miles west of the shallow Sharon Ridge field.

A drillstem test in the reef, which was topped at 7,304 feet, elevation 2,279 feet, developed 55 feet of clean oil and 355 feet of heavily oil and gas-cut drilling mud.

The test was taken in the interval from 7,308 to 7,334 feet. Tool was open two hours. Gas surfaced in 16 minutes and blew throughout the test. No measurement was made on the gas flow. No formation water was present.

No open flowing bottomhole pressure was reported, however, 15-minute shut-in pressure was 520 pounds.

Operator was to core deeper. Location is 660 feet from south 27 1/2 east lines of section 75, block 20, Lavaca Navigation survey. That makes it 18 miles southwest of Snyder.

SE Nolan Area Is Location For 6,800-Foot Test

Mar-Tex Realization Corporation has a location for No. 1 Mrs. G. W. Cochran, 6,800-foot wildcat, in Southeast Nolan County.

The new prospect will be drilled 650 feet from north and east lines of section 106, block 1-A, H&TC survey. It is five miles west of the Hylton Oil field.

Deep Rock Oil Corporation, No. 1 Hanks is to be a diagonal southwest offset to the recent Canyon sand discovery in the Lake Trammel area six miles south of Sweetwater.

A 1 1/2-mile test is 330 feet from north and west lines of section 80, block 32, T&P survey. It is to go to 5,200 feet.

Republic Natural Will Drill Venture In SE Sutton Area

Republic Natural Gas Company has staked location for a 5,500-foot rotary wildcat in Southeast Sutton County.

It is No. 1 Joe M. Vanderstucken and is located 660 feet from north and east lines of section 38, block 7, T&W&NG survey. That makes it 24 miles southeast of Sonora.

The wildcat is to be drilled on a 1,600-acre checkerboard block assembled by Kennard Cook, a Dallas geologist and oil operator, who turned it to Republic Natural, retaining an override and acreage.

A cash consideration also was involved in the deal.

Stanolind Oil & Gas Company, The Pure Oil Company, Western Natural Gas Company, Hiawatha Oil & Gas Company and Ed C. Lawson of Tulsa are contributing to the drilling of the venture.

Republic Natural is required to start by March 31.

California Concerns Buy Oil Producing Leases In Runnels

LOS ANGELES —(P)— Southern California Petroleum and Mohawk Petroleum Corporations announced Thursday the purchase of 940 producing acres in Runnels County, Texas, for slightly more than two million dollars.

The property is in the Cree-Sykes field and was bought from Earl Wells, Sr.

The acreage has 11 well flowing 1,088 barrels of 42 gravity oil per day under production and includes 12 undrilled well locations, six of them containing two production zones, the announcement said.

The producing wells range from 3,700 to 3,950 feet in depth.

Both Southern California Petroleum and Mohawk Petroleum maintain offices in Midland from which they handle their operations in the Permian Basin and other areas of the Southwest.

Gulf Completes Natural Spraberry Oiler In Midland

Gulf Oil Corporation has completed its No. 3 C. A. McClintic and others as one of the few natural wells in the Spraberry Trend.

It is located at the extreme northwest edge of the Tex-Harvey field of Central-East Midland County.

Operator reported a daily flowing potential of 485 barrels of 37.1-gravity oil. It was gauged on a one-half-inch tubing choke and the oil came from open hole section at 7,082-7,279 feet.

Gas-oil ratio was 575-1 and tubing pressure was 145 lbs. No water (Continued On Page 18)

World Temperance Leader, 93, Dies

NEW YORK—(AP)—Mrs. Ella Alexander Boole, 93, president of the World Women's Christian Temperance Union 16 years and once a candidate for U. S. senator on the Prohibition ticket, died Thursday. Mrs. Boole died of a stroke after an illness of more than 18 months. A native of Van Wert, Ohio, she was a one-time school teacher who married William H. Boole, pastor of the Willett Street Methodist Church near New York City's Bowery District. After her husband's death in 1896, she became an ordained deaconess in her husband's church. Meanwhile, she had formed a local chapter of the WCTU, became state corresponding secretary of the union and then state president. She served as the world union head from 1931 until 1947. In 1920, she ran for U. S. senator from New York on the Prohibition ticket, the first woman to get the party's senatorial nomination. Although beaten, she polled 159,623 votes. Never discouraged by the repeal of the 18th Amendment, which ended prohibition, Mrs. Boole once said, "We're going forward with a campaign of education that cannot fail." It was said Mrs. Boole played a part in the passing of all temperance legislation between 1909 and 1919. Her only survivor is a daughter, Florence Boole of New York City and then state president.

Ship Quarantined In Diphtheria Outbreak

HONOLULU—(AP)—The attack transport USS Bayfield was under quarantine Friday as Navy medical experts battled diphtheria among crew members. Eleven men were carried to Tripler General Hospital. Navy spokesman said seven cases definitely are diphtheria and the other four may be.

Top Women Politicos Schedule Texas Visit

DALLAS—(AP)—The nation's two top women political leaders will come to Texas for the biennial state convention of the Texas League of Women Voters. They are Mrs. India Edwards, director of the women's division of the Democratic National Committee, and Miss Bertha Adkins, who holds the same position with the Republicans. They are scheduled to speak March 25 during the league's convention. The league, a non-partisan group, will consider state legislation, constitutional revision, and methods of furthering citizen participation in government. On Mt. Washington, N. H., a 231-mile-an-hour wind was recorded in 1934.

FBI Hold Teen-Age Trio In Burglaries

DALLAS—(AP)—Two teen-age boys and the young wife of one of them were in jail Friday after telling FBI agents of roving around the country in a stolen car committing burglaries.

Major W. Branson, 18, Jacksonville, Fla., and Lloyd Castleberry, 19, Dallas, also told officers they were AWOL from Lowry Air Force Base at Denver, Colo.

They were arrested Thursday with Faye Castleberry, 17, also of Dallas. Officers said the car, stolen here in December, was crammed with an estimated \$4,000 worth of stolen merchandise when the three were arrested.

FBI agents said the youths told them they burglarized between 20 and 40 places while traveling through Texas, Colorado, Utah, Georgia, Florida and West Virginia.

The boys were charged with violation of the federal automobile theft act and held on bonds of \$7,500 each. The girl was charged with juvenile delinquency in that she had violated the Dyer Act and held on \$2,500 bond.

Light Plane Flying To Be Included In Goodfellow Training

WASHINGTON—(AP)—Actual light plane flying will be tested as part of the Air Force's pre-flight training program at Goodfellow Air Force Base, San Angelo, Texas. The Air Force announced the experiments Thursday. The service said a civilian contractor will give the special light plane flying instruction under Air Force supervision.

Air Force officers believe many failures can be eliminated before they enter more expensive primary training. Some 120 student pilots will be given the tests May 1, when the new experiments start. Another 120 will take present training, and results of the two groups will be checked against each other.

The secretary of State becomes President of the U. S. in case of the death or removal of both the President and vice president.

Taft Blasts Truman For Dismissal Of MacArthur

ALBUQUERQUE—(AP)—Senator Robert A. Taft (R-Ohio) heaped fresh coals on the Truman Administration Thursday night before moving on to seek Arizona support of his bid for the GOP presidential nomination.

Winding up a Southwestern tour, he flew to Winslow and Phoenix for speeches Friday. The Ohio senator plans to double back east before a flurry of Wisconsin campaigning next week.

Taft spoke out particularly about "the outrageous dismissal" of Gen. Douglas MacArthur and "mink coats and deep freezes and those taxes you are going to pay" in wooing voters of normally Democratic New Mexico.

He also appealed for Republicans to wage an "all-out campaign" and "forget the me-too" vote in an address which drew cheers at a political rally here. It capped a day in which Taft made three other speeches in as many different New Mexico cities.

Earlier, in answer to newsmen's questions, the Ohio senator said "it still looks, today, as though I will have enough delegates" to be nominated at the Republicans' July convention in Chicago.

He declined to make any claims to New Mexico strength. This state's 14 convention delegates will not be named until May 31, and responsible party leaders forecast a division of votes between Taft and Gen. Dwight Eisenhower.

In New Mexico, as elsewhere, Taft aimed word blows at foreign and domestic policies of the Democratic Administration.

Secretary of State Acheson and Senator Connally (D-Texas) "practically invited the Reds to move into South Korea," Taft asserted. Applause from an audience which filled 4,500-seat Highlands High School Gymnasium appeared loudest after he added:

"The outrageous dismissal of General MacArthur occurred because MacArthur thought that when you are involved in a war you ought to pursue that war to victory. President Truman didn't want to win the war, so MacArthur was dismissed. Unless our foreign policy is directed better than it has been for the last 16 years, our very survival is in doubt."

Neal-Payton Duet May Appear In Film Based On UN POW's

BY ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—(AP)—Exclusively Yours: Well, rip my shirt down the back and call me Marion Brando—if negotiations aren't going on for Tom Neal and Barbara Payton to co-star for producers Gordon Kirkwood and Roger Kendall in "Prisoner of War."

It's a yarn based on current headlines about prisoner-of-war exchange negotiations and Red China, with Tom slated to play an American soldier and Barbara to fill out the uniform of an Army nurse.

Movie exhibitors, claims Kendall, are crying for the Neal-Payton combination. "The public," says Kendall, "is the first to forgive stars who have made human mistakes. Tom's a good actor and Barbara's boxoffice."

Bob Taylor's clamoring it up on the set of "Eagle on His Cap" to all questions about whether he'll try matrimony again now that Barbara Stanwyck's picked up her final divorce decree. "There's nothing serious. I keep up with my life by reading the gossip columns."

Asked about the stiff alimony rap independently wealthy Barbara pinned on him—a \$100,000 home and 15 per cent of his salary until her death or remarriage—and he spluttered:

"Her lawyer must have given that out. I've never discussed it."

Rudd Weatherwax is the winner in a big behind-the-scenes legal wrangle at MGM now that Lassie's no longer under contract to the studio. The dog's moniker was changed from Pal to Lassie by the studio. Now months of haggling, plus a big cash payment, give Rudd all rights to the Lassie name for TV, radio and future movies.

Voices Do The Work
The voices of some of Hollywood's top stars pop out of domestic labor-saving devices in "Alice in Freedomland," a full-length commercial movie just completed by Producer Roland Reed.

James Mason's the voice of a refrigerator, Lucille Ball is a dishwasher and Maureen O'Sullivan and Marie Wilson are a washing machine and a dryer.

Jerry Colonna may never live it down, but he's the voice of a garbage disposal unit.

Raise Virginia Mayo's mitt as the victor in a battle with a Hollywood portrait photographer. Shooting her for fashion skills, he objected to the way she was standing. Virginia finally blew her top and sent the bulb presser beneath his black cloth with:

"You stand the way you want to and I'll stand the way I want."

Pal's who know them best vow that Gloria Swanson and Brandon Brent were ribbing Hollywood about marriage plans. They also point out that Brent isn't the Romeo who's showering her with diamond bracelets.

Grace Hayes, the ex-vaudeville star who once operated night clubs in Hollywood and Las Vegas, is the baby sitter in New Rochelle, N. Y., for the two children of Peter Lind Hayes and Mary Healy. They're in Hollywood working in "The 5000 Fingers of Dr. T."

Grace, who's a character—she ran for sheriff of Las Vegas a year ago and lost by four votes—is after a New York TV career. "She looks just like Claude Rains," "Can I print that?" I asked. "Sure," grinned Peter, "she'll love it."

MAUREN IS IRISH CHOICE

HOLLYWOOD—(AP)—The choice of the Irish is Maureen O'Hara. The Ancient Order of Hibernians, in a poll conducted in the United States and Canada, voted her its outstanding Irish actress for 1951. She'll get a statuette of St. Patrick on St. Pat's Day next Monday, when the Hibernians really cut loose at the annual ball.

Miss O'Hara, Dublin born, starred in the film "The Quiet Man," which was made in and near the Village of Cong in County Mayo, Ireland, last year.

Woman's Club Board Votes To Withdraw From TFWC

The Board of Directors of the Midland Woman's Club voted Thursday to withdraw from the State Federation of Women's Clubs.

The decision was made at a meeting in the home of Mrs. W. H. Rhodes. Club spokesman said the action was taken so that Midland Clubs which at present aren't active members of the Woman's Club could join and participate in all the club's activities.

Mrs. P. L. Crandell of the Fine Arts Club was appointed first vice president and program chairman following the resignation of Mrs. G. H. Hagdon.

Mrs. C. S. Britt, building committee chairman, reported progress was being made in securing a site for the proposed club building. The report was given following a meeting with the advisory board composed of C. W. Chancellor, Murray Paskan and Barney Graf.

Membership Price Reduced

Mrs. George Kidd, membership chairman, announced those joining the club will have to pay only half of the usual membership fee. In view of the club's withdrawal from the Federation it was decided to retain the temporary by-laws committee to make further revisions. Mrs. B. R. Mathews is chairman.

The club voted to submit the names of Mrs. J. Howard Hodge and Price Daniels as its choice for the most outstanding woman and man in the United States. Mrs. Hodge was honored last year as one of the nine outstanding women in Texas.

Mrs. Earl Johnson, chairman of ticket sales for the Percy Grainger concert, announced tickets for the student concerts will be available at the schools beginning Monday and that a ticket booth will be set up Thursday and Friday in Midland Hardware and Furniture Company. Tickets also are on sale at Wemple's and Tallentine.

Announces Flower Show

Mrs. Charles Henderson announced the Midland Garden Club will have a flower show from 2:30 until 7 p.m. Thursday in the home of Mrs. R. B. Cowden. The club's next

regular meeting will be held in the home of Mrs. T. E. Neely, 3105 Douglas Street, with the Twentieth Century Study Club as hostess. Thomas L. Ingram will speak on "Rights of Women in Texas." The directors' board meeting was preceded by a meeting of the executive board.

Refreshments were served to Mrs. F. N. Shriver, Mrs. C. M. Goldsmith, Mrs. George Kidd, Mrs. Bryan Denon, Mrs. George Vannaman, Mrs. Joe V. Birdwell, Mrs. B. R. Mathews, Mrs. W. H. Rhodes, Mrs. Earl Johnson, Mrs. C. H. Shepard, Mrs. R. L. Spencer, Mrs. Willard Bumpass, Mrs. H. H. Reiding, Mrs. John Perkins, Mrs. Charles Henderson, Mrs. C. S. Britt, Mrs. W. E. Cox, Mrs. Joe Koepler and Mrs. H. E. Bahr.

Chairmen Name Committee Members For Bulb Show

Committee chairman for the Midland Garden Club Bulb Show announced committee members at a recent meeting in her home of Mrs. C. E. Marsh.

The Spring Bulb Show will be given from 2 until 7 p.m. Thursday in the home of Mrs. R. B. Cowden, 1507 West Cuthbert Street. The show will be open to the public.

Committee chairmen and members are: staging, Mrs. C. E. Bissell, chairman, Mrs. Karl Nichols, Mrs. Henry Shaw, Mrs. R. T. German and Mrs. Hal Rachel; properties, Mrs. Winston Hull, chairman, and Mrs. L. I. Baker.

Entries, Mrs. Baker, chairman, Mrs. C. P. Henderson, Mrs. Winston Hull and Mrs. J. A. Mascho; classification, Mrs. I. E. Daniel, chairman, and Mrs. Frank Aldrich; judges, Mrs. C. E. George, chairman, Mrs. E. E. Reigle, Mrs. Richard Gile and Mrs. Walter Duesee; hospitality, Mrs. Robert Stripling; educational exhibit, Mrs. Henderson, and tickets, Mrs. J. C. Smith.

MIKADO—Duke Jimerson, above, plays the part of Ko-Ko, lord high executioner of Titipu, and Edith Hall, left, plays the part of Katisha, an elderly woman in love with Nanki-Poo, in "The Mikado." The light opera opened Thursday night and will be given Friday, Saturday, Monday and Tuesday nights in the City-County Auditorium.

'The Mikado' Opens To Capacity Crowd

"The Mikado," a light opera by Gilbert and Sullivan, opened Thursday night in the City-County Auditorium to a capacity crowd. Performances also will be given at 8:30

p.m. Friday, Saturday, Monday and Tuesday nights.

The opera is being presented by the Midland Community Theater, Inc., in cooperation with the Midland Music Club.

It is the first time the theater has produced a musical and, as usual, the theater proved its ability and came through with flying colors.

The entire cast succeeded in keeping the audience entertained. Duke Jimerson, who is well known in Midland for his musical ability, stole the show, not only with his singing but with his ability to keep the audience amused. Jimerson played the part of Ko-Ko, lord high executioner of Titipu.

Outstanding performances also were given by Edith Hall as Katisha, an elderly woman in love with Nanki-Poo, and Rose Graham, as Pook-Bah, a noble lord.

Other members of the cast were George DeHart as Nanki-Poo, the son of the mikado, disguised as a wandering minstrel; Mrs. Frank Thompson, Yum-Yum; Jane Parker, Pitti-Sing, and Mary Jane Noland, as Peep-Bo, three sisters, wards of Ko-Ko; C. G. Cooper, the mikado, and Wesley Davis, Lord High everything else.

A word of praise also should be given to the orchestra and the chorus. Both did an impressive job.

The story concerns the troubles of Nanki-Poo in winning the hand of the one he loves, Yum-Yum, who is betrothed to Ko-Ko.

Art Cole is the stage director for the production; Robert Michener, musical director; Joanne Himmel, assistant musical director; Charles Dixon, stage manager, and Pat O'Brien, accompanist.

Tickets are on sale at Tallentine and the box office.

St. Ann's Club Elects Officers

Officers election was held during the business meeting of the St. Ann's Mothers Club Thursday in St. Ann's Hall.

Mrs. Edwitt Farrell is president; Mrs. Vester Collins, vice president; Mrs. J. E. Hellinghausen, recording secretary; Mrs. C. W. Turner, treasurer; Mrs. Richard Markley, corresponding secretary, and Mrs. G. J. Glennon, financial secretary.

It was announced that a rummage sale will be held April 4 and 5 in St. George's Hall. Anyone wishing to donate clothing is asked to contact Mrs. Ben Franklin, Mrs. J. O. Brodigan or Mrs. E. Kent.

Two sets of the World Book Encyclopedia were donated to the school library. Two funds were set up—one for adding books to the library and one for buying visual education equipment.

It was voted to purchase additional kitchen equipment. The annual children's style show will be held March 28 at 7:30 p.m. in the high school auditorium. Tickets may be purchased from club members or at the door. Mrs. Kent and Mrs. Brodigan will have extra tickets.

It was announced the Club Communion will be held Sunday. Mrs. J. T. Hatfield, Mrs. A. W. Tweeling, Mrs. Waldo Grozman, Mrs. G. E. McElligott and Mrs. John Fisher were hostesses.

Mrs. Henry E. Hermann, Mrs. Frank Reppman, Jr., Mrs. R. W. Patten, Mrs. C. M. Roberts, Sister M. Emerita and Sister M. Bonifilla were guests. Forty-four members were present.

It was announced that the next meeting will be held April 3.

Defense Plans Hinge On WSB Settlement Of Three Cases

WASHINGTON—The next 30 to 90 days of potential labor union troubles hold a serious threat to the U. S. rearmament program, according to Dr. Arthur S. Fleming, chief manpower assistant to Mobilization Director C. E. Wilson.

With more than 17,000 cases now piled up before the Wage Stabilization Board, awaiting decision, principal attention is focused on three major cases. If not settled promptly and satisfactorily to all concerned, they could put a severe crimp in the defense effort.

First is the CIO Steelworkers' demand for an 18-cent-an-hour wage increase plus guaranteed annual wage, productivity and other marginal raises. The union has given WSB until March 23 to hand down its decision. The union threatens a strike then, after two delays of 45 and 30 days, if no action is forthcoming.

Second is the demand by some 275,000 oil workers in 22 CIO, AFL and independent unions for a 25-cent-an-hour increase. President Truman may certify the case to WSB for settlement. Government seizure of the industry would be a last resort.

Third is possible action by John L. Lewis on behalf of his United Mine Workers. The coal wage contract expires March 31. Lewis has threatened unspecified drastic action if Congress does not pass a federal mine safety bill to his liking. But there is some belief in labor circles that he may not state his new wage demands until the steel decision is handed down.

New Formula Expected It has been widely expected that the steel decision by WSB will set a new formula for defense wage increases. A contrary opinion among other labor experts is that the new pattern actually has been set in the United Autoworkers' contract.

U. S. labor relations have been relatively so good over the last year that the threat of new disturbances has not been taken too seriously. Last year's copper strikes threatened to throw the defense effort into a tail spin. But following certification to Wage Stabilization Board, practically all these cases now are settled.

A number of other key WSB decisions have averted strikes. Pension and profit-sharing plans have been exempted from wage ceiling limitations. An incentive pay formula has been approved. A 10 per cent 25-cent-an-hour increase was granted CIO aircraft workers at Douglas. The aluminum workers' case still is pending. In WSB's 17,000.

With the possible exception of coal, a strike in any of these key industries quickly would cripple defense production. There is a good supply of coal above ground and warmer weather is approaching. Steel is on a hand-to-mouth basis. An oil shutdown would not take long to hit motor, diesel and aviation.

Have a Laugh

The Trinity River which flows past Fort Worth and Dallas is a small, sluggish (except during flood-tide) stream. It is such an unambitious river that folks can't make up their mind whether to canalize it or pave it.

By OSWALD JACOBY Written for NEA Service Light doubles are an accepted practice among expert bridge players, especially in tournaments. Few players, however, would have doubled two clubs with the West hand shown today.

When the West hand was held by Edward N. Marcus, of Newton, Mass., in the recent Life Master Pair Championship, he came up with a double and earned a top score. Two clubs was set one trick, and East-West scored 300 points.

If they had played the hand at spades they could have made eight tricks against good defense, worth only 110 points. In tournament play such slight differences are all-important.

Marcus opened the king of spades, and was allowed to hold the trick. He continued with his low spade, and South won with the ace. De-

Bridge score table with columns for NORTH, WEST (D), SOUTH, and EAST, listing card counts and opening lead.

clarer next led a heart to dummy's king, and East quite properly played his deuce without hesitation. A club was returned from dummy, and South's jack won.

Declarer led another heart from his hand. West played low, and South thought long and carefully. Finally, he guessed right by finessing dummy's ten, and East won with the ace.

East now led a high spade, and South discarded a diamond. Dummy's remaining trump blocked a spade continuation, so East led the queen of diamonds, and South won with the ace.

South now led a heart, hoping to win with dummy's queen and get a discard on the fourth heart. South ruffed with the nine of clubs, however, and led his remaining diamond.

Marcus was able to win the trick with the jack of diamonds and continued by leading the king of diamonds. East could have been a hero at this moment by ruffing with the ace of clubs. South would have been obliged to follow with a small trump. Now East could have led a spade, and West's ten of clubs would become established by the over-ruff position.

Actually, East failed to ruff with the ace of clubs, and South was set one only trick. The one-trick set was, nevertheless, good for a cold top-score.

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, by The Bell Syndicate, Inc.) Drew Pearson says: Auto industry now has more steel than it needs. Motor moguls tone down their once belligerent demands on government. Defense program slow-down makes materials plentiful.

WASHINGTON A significant, unpublicized meeting of motor moguls with government mobilization officials took place the other day at which the auto industry was allocated more steel than it really needed.

What happened at that meeting indicates a slight deflationary trend in business, also that steel mobilization has loosened up, and that the defense program, supposed to use up steel, has slowed down.

On December 29 a similar meeting took place at which motor moguls talked tough, moaned over Detroit unemployment, brought in Senator Blair Moody and Gov. "Soapy" Williams to help them get more steel. "Gasoline Charley" Wilson, head of General Motors, even was caustic with his old friend, "Electric Charley" Wilson, formerly of General Electric, who now leads defense mobilization, and scoffed at the idea of giving the motor industry only 930,000 tons of steel for the second quarter of 1952.

At the recent meeting of motor moguls, however, it was a different story. This time auto manufacturers were quiet and cooperative, weren't too anxious to have the government drastically increase their steel quotas.

Deductions from the meeting were twofold: 1. That there now was ample steel on hand. 2. That motor moguls were not sure they could sell too many more cars. It appeared they had reached the leveling off point.

Rollcall on Production These deductions came from questions asked by Courtney Johnson, director of the National Production Authority Motor Vehicle Division. When he asked whether the industry would use up its quotas on steel and other materials already given it for the first quarter of 1952, L. L. Colbert, president of Chrysler, answered a confident "yes."

But Irving Duffy, vice president of Ford, was not so confident. "Late deliveries of equipment may slow up," he said. "We may not use all of our quotas." H. H. Curties of General Motors replied that his firm would use up all its materials for the first quarter.

And the Lord appeared to Solomon by night, and said unto him, I have heard thy prayer, and have chosen this place to myself for an house of sacrifice. —II Chron. 7:12.

West Texas Sand And Smiles—

Yes sir, it is March in West Texas—and a dry March at that. As is typical of this month, the wind is blowing and good old West Texas sand is kicking-up more than usual. It is West Texas in the blowing stage—typically West Texas. It is the "sandsoon" for which this region is famous.

It is the period of initiation for newcomers who have migrated to Midland and to West Texas from points afar. If they can last through this particular season they will become well-sanded West Texans who never will want to go back to the points from which they came. There is just something about these sandstorms which seem to bind West Texans together more closely than anything else.

And, for the benefit of the newcomers, we would like to point out that West Texas sand perhaps is the most democratic sand in the world—it simply plays no favorites, entering the home of the poor, the rich and the middle class alike. Also, West Texas sand is the cleanest and most healthful sand to be found anywhere. And there seems to be more of it here than anywhere else.

Of course, there are those who do not look with favor on our sand and sandstorms, and certainly we have no intentions of getting into an argument with them. We merely would like to point out the better qualities of our West Texas sandstorms, while admitting that even we are careful what we say around the house during this season of the year.

The sand seems to fray the nerves of some persons, while others merely refer to it as "disgusting." No one seems to be particularly fond of it, but after all it does furnish a popular subject of conversation, and surely everyone must admit sand is important in the Permian Basin Empire where much of the oil production comes from sand. As to its blowing... well there is not much we can do about that except SMILE.

It is fortunate indeed that the high winds and shifting sands of the last several days came during National Smile Week when everyone, we hope, was so busy SMILING that he was not aware of the good old sand in his mouth and eyes.

This National Smile Week, coming as it does at this particular season, is highly recommended and it is hoped all West Texans will observe it by SMILING all the while. Let's SMILE as we "dis-cuss" our favorite West Texas sand and sandstorms. There is nothing like them anywhere. Blow on, West Texas sand, as West Texans SMILE.

Good Idea, Governor

Gov. Allan Shivers' Thursday statement that he is considering recommending to the Legislature a presidential preferential election system, doubtless will meet with favorable reaction throughout the state.

It is felt the people of Texas should be permitted to express themselves on the selection of candidates, and Governor Shivers is to be commended for taking the lead in proposing the switch to the preferential system.

It is hoped the governor will decide definitely to proceed with his recommendation and then will strive diligently for its approval by the Legislature.

The proposed presidential preferential system would replace Texas' present convention system of selecting delegates to the national convention. It would function similarly to New Hampshire's preferential system which has attracted widespread attention of late.

It is the democratic way—a method in which the rank and file could express their desires as they do in New Hampshire and other states. Governor Shivers says it is "what you ought to have in a democracy."

We believe the people are ready to shift from the somewhat antiquated convention system, and that a majority of Texans will look with favor upon such a change.

Not enough attention is paid to educating pedestrians, says a judge. So lots of them step out and get bumps of knowledge.

Don't let too much money go to your head. Keep on your feet by putting it into government bonds.

Wisdom is common sense—but not near common enough.

Keep a nice smile on your face and you'll always find pleasant reflections in your mirror.

Take a tumble in advance and you'll avoid being a fall guy.

If things keep on, the government will start taxing us on what we think we're worth.

So They Say

If I were running for President, I would launch out and call the people back to God and back to church. And I believe I would be elected. —Billy Graham, evangelist.

Distrust Germany. I do not want my son to serve at the side of his father's torturers. —Georges Heullard to French National Assembly.

We know from history that judges have human failings in about the same proportion as ordinary citizens. —Rep. Patrick Hillings (R, Calif.).

Someone must ever be willing to perform the difficult, tough, unpopular and thankless tasks which are necessary to preserve our economic stability and our nation's security. —Ellis Arnall, prize stabilizer.

Long fingered, large-knuckled dunkers in Tennessee complained that the tendency toward smaller holes (in doughnuts) has made for strained dunking. They said it's not the convivial dunk they once knew. —Stanley Anderson, of National Dunking Association.

Q—How do insects breathe? A—An insect has no lungs. Instead, the blood is supplied with oxygen by means of spiracles, or small openings along the side of the body. These lead into branching tubes that carry the air to the blood stream.

Q—Why do Eskimo women chew sealskin? A—They chew sealskin to soften it for making shoes.

Q—When and where was the first educational high school established in this country? A—It was opened in Chicago in 1856.

Q—To what theatrical group did Shakespeare belong? A—Historians do not know definitely to what particular theatrical company Shakespeare belonged in the years before 1594. From 1594 to the end of his career he was in the Lord Chamberlain's Company, later known as the King's Company.

The Peacock Path

THE STORY: A fortune in money hangs from the checkbook of Harry Cravath seems to be linked with the murder of Anne Warburton, his Jewish partner, at Cravath's home. Jim Orb, private detective, announced after attending to the murder. He has learned that the murdered man was the day before his death. Warburton's death is believed by officials to be an accident, but Harry Cravath wants Orb to see Anne Warburton to see if she has any information to work on a New York angle to the case.

which was situated at some little distance from the courts. Now he started for it, still carrying his ball. I followed him.

Dave Sladen was fooling around on the putting green. "Hi," he called, as we came up. "What goes?"

"Not a thing," I said. "Just strolling."

Fritzie, no mean exhibitionist, appropriated the twilight. Swagging importantly, he walked close to Dave and squatted down as he had before me, displaying the ball again.

"Why," Dave exclaimed, "that's mine."

HE made a pass at the ball, but the walking sausage was too quick. Grabbing it in his teeth, he ran.

Dave laughed. "He must have taken it a while ago when I had my back turned. I've been practicing a little."

I could see that he had. The green was strewn with golf balls. Dave began gathering them up and stowing them in a canvas bag. "Like a game of this?" he inquired presently.

Now I've never played golf, bona fide golf. Not even once. But years ago, when I was a kid, I dropped a golf ball out of my mouth. He followed that triumphant gesture by lowering his whole underslung self to the ground, but kept the ball between extended forepaws. His attitude suggested that I might look at the loot, and marvel. But let me make one move to possess it, and Fritzie, plus loot, would be in the next county.

"Gimme that," I said, but without sternness. Fritzie must have interpreted the remark as an invitation to gambol. Snatching up the ball again, he bounced to his feet and frisked gleefully and unhelpfully around my ankles. That dog had evidently been poaching from the putting green

Welcome Wagon Club Has Party

The Welcome Wagon Club held a dessert-bridge and canasta party Wednesday in the Ranchland Hill Country Club for members and their husbands.

Prizes were won by T. D. Craft, Calvin Lawrence, Joe Stewart, Mrs. M. R. Proctor and Mrs. C. S. Neel. The decorations carried out the St. Patrick's day motif. Seventy-six persons attended.

Roy Hall Talks To Crane P-TA

CRANE—Roy M. Hall, associate director of the cooperative program for school administrators at the University of Texas, was the guest speaker Thursday at the meeting of the Crane Elementary School Parent-Teacher Association.

His topic was "What Makes Good Schools?" Hall served 10 years as an administrator in public schools in Georgia and three years on the staff of Syracuse University in New York.

GREMLINS, TOO—Delivering the Scout cookies was a problem for Gretchen and Mimi Green. Chuck Green, gremlin of the family, is eating up the profit as his sisters strive to get their orders delivered. Delivery of cookies is expected to be completed Saturday afternoon.

SOCIETY

Mrs. Randerson Has Program At Club Meeting

Mrs. L. W. Randerson presented a paper prepared by Mrs. Foy Proctor to a meeting of the Welcome Wagon Garden Club Wednesday in the home of Mrs. K. W. Erickson.

The title of the paper was "Planting and Care of Lawns in Midland." Plans were made for a luncheon for the installation of officers on April 24. On the committee for preparations are Mrs. M. L. McMillan, Mrs. Charles Lockley, Mrs. George Gibson, Mrs. L. T. Derrington and Mrs. Jay Gist.

It was announced a horticulture show will be held April 26 through 28 in the Midland Officers Club.

The members of the club were invited to a tea from 3 until 5 p.m. Monday given by the members of the outgoing executive board.

Mrs. Gist is a new member. Other members present were Mrs. M. F. Barber, Mrs. R. B. Cornell, Mrs. J. R. Davis, Mrs. W. D. Gill, Mrs. O. C. Griffith, Mrs. R. M. Nugent, Mrs. C. H. Pearson, Mrs. L. W. DADDY RINGTAIL

Daddy Ringtail and Lizzie Lisper

Daddy Ringtail, your monkey friend, was down on the Elephant Path. He sat down with his back against a tree to think about the important news. Lizzie Lisper had

come back to the Great Forest! That was very important news indeed, because most of the people in the Great Forest are animal-people, you know, except a few strange people like the Featherman and Old MacDonald.

It had been long ago that Lizzie had lived in the Great Forest. She had been just a little girl then, a little girl who was thin like a broomstick and had freckles on her turned-up nose. The animals had been friendly with her, except they had laughed when they saw her because she looked so funny. The animals had thought it was funny, too, when she said "yeth" when she meant "yes" and "yeth thir" when she meant "yes sir."

With all this being laughed at, Lizzie Lisper was never too happy. The animals never meant to be unkind, but they had to laugh when they heard Lizzie talk. She became so unhappy that one day, after Dad-

By WESLEY DAVIS

dy Ringtail told her about the cities and towns and farms where people live. Lizzie ran away from the Great Forest and never returned until the day I am telling you about.

Now Lizzie had come back again. She wasn't thin like a broomstick any more, everyone was saying. Why she was now as pretty as pretty

could be. But that wasn't all Lizzie had learned to sing and people in the city paid money to hear her songs.

Daddy Ringtail was glad that Lizzie was back, but he had a something to think about. Would Lizzie remember him? Would she be glad to see him? Why would a famous singer like Lizzie remember a monkey in the Great Forest? Why, she might not even want to remember him, now that she was famous.

But there came Lizzie now. Daddy Ringtail took off his hat to be polite. Lizzie walked right up to him. "Do you remember me?" Daddy Ringtail asked.

"Yeth thir!" said Lizzie in her same old voice and with the same friendly smile. Not all of her being famous had changed her wanting to be friends. "Besides," Lizzie explained, "old, old friends are the very best friends after all."

Fertile Eggs Transplanted

BERKELEY, CALIF. —P— Fertile eggs were transplanted from one rat to another in an experiment by a doctoral candidate at the University of California.

Donald W. Bentley said the rats bore healthy, thriving offspring. This was the first known successful egg transplant on rats, he said. The experiment was part of a study on the influence of mothers on the growth of the young.

Rehearsals Started For 'Shooting Stars' By Cast In Crane
CRANE— Rehearsals are under way for "Shooting Stars," the local talent show being sponsored by the Business and Professional Women's Club for the benefit of the Girl Scouts and the club's donation fund.

The play is under the direction of Miss Pat Henton of Old Ocean, Texas. She is greatly pleased with the cast and anticipates one of the finest shows she has ever directed. The cast includes local people, who impersonate famous television, radio and movie personalities.

COMBATS CATTLE DISEASE

SAIGON, INDO-CHINA. —P— The Mutual Security Agency of the United States recently dispatched veterinary supplies by airplane to Phnom Penh to combat an outbreak of "rinderpest" among Cambodian cattle and hogs. The disease, usually fatal to cattle, is believed to originate somewhere in the border strip between Cambodia and Thailand.

**NO STOOP!
NO TWIST!**

READING —(P)— Good news for the girls.
No more stooping, twisting and turning. No more one-leg balancing acts. Now midday can tell if those stocking seams are straight without the usual contortions.
According to patents issued recently to Alfred E. Ischinger, Reading patent attorney, a new "decorative line"—not a seam—down the front of the stocking, from the knee to the ankle, will indicate the position of the rear seam. It's as simple as that.
The line, which will terminate in "various design combinations," has another appeal. Ischinger says the new hose will have a slenderizing effect on the legs.

Midland Attorney Selected On Panel For Bar's Building

William L. Kerr of Midland and Eugene R. Smith of El Paso are co-chairmen of the 16th Congressional District panel of the special Building Committee announced by Cecil E. Burney, president of the State Bar of Texas.
Other members of the 16th district group include Ben H. Howell of El Paso, Hunter Metcalf of Marfa and Martelle McDonald of Odessa.

Goal of the building committee will be the raising of \$100,000 to defray costs of constructing and furnishing a headquarters building for the state lawyers organization.

Scheduled to be built in Austin two blocks north of the state capital, the proposed structure will provide space for central administrative functions, conference rooms and working facilities for lawyers visiting in Austin.

Construction will begin as soon as necessary funds have been raised through voluntary gifts from lawyers and prominent businessmen of Texas. Burney said. The U. S. Treasury Department recently issued an official ruling that such contributions will be deductible from income taxes.

J. Glenn Turner of Dallas is chairman of the finance committee.

Howard Firm Wins Second Place Honors In National Brand Name Retailer Contest

Notification was received Friday by Ray O. Howard of The Howard Co., 114 South Loraine Street, of this store's selection as second place winner in the office equipment & stationery field in the "Brand Name Retailer of the Year" national awards competition.
Announcement was made by Henry E. Abt, president of Brand Names Foundation, Incorporated, following the tabulation of scores at judging meetings in Chicago and New York City.
The Howard Co. will receive a "Certificate of Distinction" recognizing its outstanding service during 1951 in interpreting the story back of America's brand names to the public, Abt said. The award will be given at the annual Brand Names Day Dinner attended by more than 1500 manufacturing, distribution, advertising and retailing executives in the Grand Ballroom of the Waldorf-Astoria in New York City, April 16.
Brand Names Day-1952 will include an extensive series of special activities to entertain the winners of the 4th annual "Brand Name Retailer of the Year" awards competition during their visit to New York City.

Bill Baldwin Named President Of First Presbyterian Men

Bill Baldwin was elected president of First Presbyterian Men of Midland for 1952-53 at its annual officer election meeting held Thursday night in the church's Fellowship Hall. He succeeds Edwin T. Stitt in the office.
Other officers named in spirited election contests include Ray Lynch, vice president; W. H. Gilmore, song leader, and Frank Stubbeman, secretary-treasurer.
Officer slates were presented by Keys Curry and Bill Crenshaw.
The Rev. R. W. Jablonowski, Jr., pastor of the St. Stephen Presbyterian Church of Fort Worth, addressed the group preceding the officer election. "Only the Church" was the subject of his message. "Teach, Preach And Heal!"
Pointing out that God created only one institution—the church—the speaker said the church then was commissioned to preach, teach and to heal. He discussed the ministry of the church and its program of world-wide fellowship.
"We have neglected thinking about our church," Mr. Jablonowski declared. "Most of us take it for granted and too many of us take it too lightly."
"Yet it is only through the church that men are enabled to reach the heights pointed out by Jesus Christ, and it is only the church which can take selfish people and make them over into the kinds of people God wants us to be."
"The church really has something. We must tell others about it," he concluded.

You're off in a Swirl of Power!

WE'RE willing to wager that not one person in a hundred knows what really goes on inside an automobile engine—so let's take this by easy stages.
The instant you nudge Buick's Fireball 8 Engine into action—a whole string of things starts to happen.
Eight sparks begin to crackle in well-timed sequence. Eight pistons start gliding up and down with rhythmic precision. Eight pairs of valves dance open and closed—to let fuel charges in, exhaust gases out of cylinder after cylinder.
All right, you say, what's so complex about that? Can't anyone build an engine that does this to perfection?
Well, we'd better add, these things happen at the rate of more than 10,000 times per mile—and that's 100 times per second at 35 miles an hour!

So—it's important to know that Buick uses a deep-breathing valve-in-head design that shoots a fuel charge in—cleans exhaust gases out—in a hurry.
It's important to know that all the power released by the fuel concentrates its driving force right on the head of each Buick piston. (Everyone who has recently built "new" high-compression engines copied this "Buick first.")
But most important of all—Buick adds one more twist which others still haven't copied.
Every charge of fuel rushing into a Buick engine becomes a twisting, swirling, high-compressed ball that flashes with sudden, consuming completeness the instant the spark sets it afire.
And to add this all up: clean, complete combustion—10,000 times per mile—is the secret of getting more power—more miles—from each gallon of gasoline.

So we're not simply using picture words when we tell you that Buick—and only Buick—has a FIREBALL ENGINE—or that you're off in a swirl of power with one of these high-powered performers under the hood.
1952 has brought a lot of sparkling new improvements which you'll want to see and admire when you come to our showrooms.
But the thrill of thrills is still what you and a Buick—and a Fireball 8 Engine—can do out on the road. When do you want to try a sample?
Equipment, accessories, trim and models are subject to change without notice.

Sure is true for '52

STILL GOING STRONG—

Granddad Prather, 100 Sunday, Leans On God; Spurns Coffee, Booze, Tobacco

By BOB ADAMS
Reporter-Telegram Staff

STANTON — Whenever God's ready to take him, Solomon Bowden Prather is ready to go.

Granddad Prather will celebrate his one-hundredth birthday anniversary Sunday at his home on North College Street in Stanton.

And, realizing he already has been allotted 100 years on earth than most men, he says "I'm perfectly willing to go when the time comes. I'll stay here until the good Lord says it's enough."

He attributes the fact he has lived so long, not to what he has

Solomon B. Prather done during his lifetime, but to what he hasn't done.

"I haven't taken a drink of booze in about 60 years, haven't smoked a pipe in 56 years and haven't drunk a cup of coffee in 55 years," said the centenarian.

Did he ever indulge in them?

"Yes, when I was young and didn't have any better sense."

Now, Granddad Prather and his second wife, who is "merely 90," live a frugal life on their small pension.

His first wife, who bore him 13 children, six of whom are living still, died of cancer when she was 66. They had been married 49 years.

Born March 16, 1852, in Smith County, Texas, he recalls vividly the Civil War which was fought when he was nine years old.

Almost born of the soil, he started farming when he was just sev-

en years old and continued until he reached 87 years of age.

He might have been going strong yet except for injuries received while driving his car when he was 91 years old.

Broken ribs which he received in the accident have failed to mend because of his age and he says, "I haven't had a day or night of rest since."

But despite his age, Granddad Prather has a surprisingly alert mind. His hearing and eyesight are almost gone though.

Although he gets sick occasionally, he is inclined to scoff at modern medicine.

"When I get sick, I have my Christian friends come and lay their hands on me and pray for me. That's how I get well."

And, even though he is deeply religious, he belongs to no specific church.

Pointing his finger skyward, he said, "I belong to the church in Heaven."

"Except that a man be born of the spirit, he shall not see the Kingdom of Heaven," he quoted from the scriptures.

But because members of the Assembly of God Church in Stanton come and get him and bring him back, he attends services there.

Politically, an avowed Socialist all his life, Granddad Prather holds nothing but contempt for the Democratic administration.

"When President Woodrow Wilson was sworn into office, he swore to uphold the principals of democratic government," Granddad reminisced. "But he had no sooner taken the oath than he threw the office furniture of us Socialists out into the streets."

"Yes, Wilson is gone, but the principles of government which he swore to uphold still remain," said Granddad Prather.

But, dropping the subject of politics briefly, Granddad Prather

again took up the subject of his one-hundredth birthday party and the open house which will hold from 4 until 8 p.m. Sunday.

"Hope no booze drinkers come," he chuckled.

"This may be the last reunion I will ever have. There ain't too many men who live to be a hundred."

Senate Turns To Japanese, Pacific Security Treaties

WASHINGTON—(AP)—The Senate turned to the Japanese peace treaty and three Pacific security pacts Friday with strong bipartisan support assuring ratification. A vote is expected early next week.

Chairman Connally (D-Texas) of the Foreign Relations Committee planned to lead off the debate. His committee gave unanimous approval to the treaties, saying they would help prevent a new war in the Far East.

Little opposition was in sight, although Senator Jenner (R-Ind) has said he intends to offer some reservations.

The peace treaty was signed at San Francisco last September 8, six years after the Japanese surrender. Russia and her satellites refused to sign.

The three Pacific security pacts, which also require ratification by two-thirds Senate vote, are with Japan, the Philippines, and Australia and New Zealand.

Five Trade Union Leaders Die Before Spain Firing Squad

BARCELONA, SPAIN—(AP)—A firing squad Friday executed five Spanish trade union leaders convicted by a military tribunal of being involved in murder bombings and holdups.

Six others also had been condemned to die but the government commuted their sentences Wednesday.

The 11 were among 30 tried February 6 and 7 by a court martial for various crimes ranging from murder to "attacks against the security of the state."

All were members of an underground trade union federation.

The International Confederation of Trade Unions (ICTU) Thursday urged U. S., British and French foreign ministers to try to prevent the executions.

Official sources in Madrid refused comment on the ICTU's efforts. When questioned, these officials tersely answered: "The sentences were carried out this morning."

Plans Ideas of March Dance

The Midland Officers Club will sponsor an Idea of March costume dance from 9 p.m. until 1 a.m. Saturday in the clubhouse. Lee Powers orchestra will furnish the music. In keeping with the theme, costumes are supposed to represent whatever the wearer can afford after paying his income tax. Costumes, however, are not required.

West, Midwest Get New Wintery Blasts

By The Associated Press

The Winter-weary Midwest and Rocky Mountain regions got another blast of wintry weather Friday. Fresh falls of snow hit wide areas in the western region and a new blast of cold from Canada spread over snow-covered sections of the Midwest. The chilly air extended over much of the eastern half of the nation. But the north central and plains states got the coldest weather, with temperatures near zero in some parts of Wisconsin, Minnesota and Montana.

PIGION-TRAPPER

YAKIMA, WASH. —(AP)— Tom Marshall, self-appointed pigeon trapper, has resumed the job he began in 1949—helping to hold down Yakima's pigeon population. In January he captured 165 pigeons atop a downtown hotel with his wooden crate-like cage and a few handfuls of grain. He dresses the birds and gives them away.

U. S. Presidents who have died in office are Garfield, McKinley, Lincoln, Harrison, Taylor, Harding and Roosevelt.

SUPERIMPOSED?

Only a photographer can superimpose the Bible on the World! History tells us that the few theocrats who tried it failed. Not that the Bible is too small to cover the World. **THE WORLD IS TOO SMALL TO ENCOMPASS THE BIBLE.**

A great truth, you see, is always greater than those who awaken to it! That is why the Bible can change men's lives . . . can give them immortality. Men do not grip the Bible. The Bible grips men!

But don't make the mistake of waiting for the Bible to reach you. It has already surrounded you!

REACH FOR THE BIBLE. In your Home. In your Church.

Learn its Truth. Love its Author. Live its Life.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SPRING TRAINING TALK—

Giants Beat Cubs; Cards, Reds Talk First Base Trade

MESA, ARIZ.—(P)—The New York Giants whipped the Chicago Cubs, 6-0, Thursday with Sal Maglie turning in his best Spring performance.

The Giant mound ace held the Cubs to two hits—both singles by Ransom Jackson—in the five innings he worked.

Bobby Thompson and Bobby Hofman blasted home runs for the Giants, off Paul Minner and Warren Hacker. Both came with one on.

WEST PALM BEACH, FLA.—(P)—The New York Yankees and Philadelphia Athletics staged a 35-11 slugfest Thursday with the Yankees winning 11 to 6 for their fifth victory in six exhibition games.

ST. PETERSBURG, FLA.—(P)—Harry Brecheen, making his first pitching appearance of the Spring, threw a home-run ball to Joe Adcock with a runner on base in the ninth inning Thursday and the blast gave the Reds a 2-1 victory.

involving the Cincinnati Reds popped up. A chat between Manager Luke Sewell of the Reds and Eddie Stanky of the St. Louis Cardinals produced rumors the Cards were interested in either Ted Kluszewski or Dick Sisler as first base material.

CLEARWATER, FLA.—(P)—Texas may be the next Spring training site of the Philadelphia Phillies. Club President Bob Carpenter indicates he is not too pleased with weather conditions and facilities in Clearwater. Rain and strong winds from the gulf have hindered training sessions considerably this year.

The club's 10-year contract with the city of Clearwater has three years to run and Carpenter says he may then take the club to somewhere near San Antonio, Texas. One advantage would be the team's proximity to other major league clubs training in the West.

West Texans Shine In Texas Western Intra-Squad Contest

EL PASO.—The Whites rambled to their fifth consecutive victory over an Orange team before 2,000 chilled fans at Kidd Field Thursday night as Texas Western College marked the end of Spring grid training with its annual "intra-squad game."

Odessa's T. W. Harvey scored two times for the winners and Andrew Don Floyd once as the Whites triumphed, 33 to 20. Jack Burris, Midland, averaged 4.5 yards per carry for the Orange team and scored from the one-yard line. The Orange's LeRoy (Red) Gibson, Stanton, had the top average of the night—10 yards per crack for five carries, including a 36-yard rambush which set up a touchdown.

Duane Bush, Midland, end, performed for the winning Whites, red-colored one fumbled punt which led to TD and was the game's top passer.

Another Midlander—Halfback Billy Medart—gained 14 yards in three carries for the Orange's Jerry Culp tackle, and also a Midland boy, played for the Whites.

Other West Texans being action in the tilt were Bob Carman, Wink center for the Orange squad, and Roy Herd, tackle, Odessa, for the Whites.

Babe Zaharias Sets Pace In Tournament

AUGUSTA, GA.—(P)—The best women golfers in America are trying to do a familiar job—catch Babe Zaharias in a golf tournament—but the job again was proving too much for most.

The Babe got a head start Thursday in the annual Titleholders Tournament when she came close to par with a 74 on the Augusta Country Club course.

The Babe's 74 was only two strokes above regulation. The best the next girl—Marnie Polk, Chattanooga, Tenn.—could do was 78. Then came five 77 scores and from there on the titleholder's field was strung out all the way to 100.

Additional Little League Tryouts Set

Tryouts for boys who have not previously worked out for Little League teams will be held Saturday. South Elementary boys residing South of Highway 80 will report to the Southside Field at 9:30 a.m.

Boys South of Highway 80 who attend West Elementary will work out at 2 p.m. on Borden's Field. Players who live North of Highway 80 and attend any school will work out on the field East of Memorial Stadium at 9:30 a.m.

Bus students are included in these workouts, officials said.

ARKANSAS TRAVELERS—These outstanding farm eagles, members of the Arkansas Traveler team, will meet Rotary Engineering Company at 8 p.m. Wednesday in the Midland High School Gym.

West Texas gets another sports break August 29, when the Dallas Texans and the Philadelphia Eagles meet in Odessa in an exhibition professional football game.

As usual, Odessa brings the event to West Texas. The Broncho City is—and it's a matter of record—the best sports town around. Many top-flight events, sooner or later, get around to that city.

Fans in this part of the country may or may not be very well acquainted with the pro rules. It's a very rugged game. For instance, a player, if tackled, may jump up and run again if he beats the referee's whistle.

And the pro refs aren't very quick at the horn-tout. That's why you'll see a professional draw his legs up and "cover up" if he hasn't a chance to regain his feet once tackled. The pros think nothing of piling on.

Touchdowns are cheap in the pro game, but it takes nothing from the game. Rarely are extra points missed and field goals are common. We've seen pro games which run "way up there in scoring. Once we watched the Chicago Cards beat the New York Giants, 63 to 33—a total of 96 points. That's the most we've seen two teams score in any one contest.

Odessa should pack 'em in for this tilt. The 23,000 seats in Broncho Stadium probably will be filled. The Midland baseball team, by the way, plays in Vernon the night this pro grid tilt is scheduled, so there'll be no conflict there.

We've received pictures of all the Indians in Spring camp at Litcher, La., and we'll publish same in the Sunday edition of the Reporter-Telegram. Some of the Tribe players are big boys.

We'll have information Sunday on the advance ticket sale for the Arkansas Traveler-Rotary Engineering game here Wednesday night. Adult tickets will go for 75 cents and student tickets for 50 cents.

Attention, Pony League players. The workouts scheduled Saturday have been postponed until the following weekend, March 22, according to League President Ray Proffman. This is for boys 13 and 14 years of age.

Two new players have joined the Indians in their workout camps. They are Outfielder Harry Thayer and Infielder Jack Norman, an Oklahoma Indian.

That's all the info we have on these two, but we'll dig up something when Horace Busby arrives from the camp Saturday. That's a total of 20 players in the camp now.

Pirates To Try Luck With Rookie Players

By GAYLE TALBOT. SAN BERNARDINO, CALIF.—Four solid years as manager of the Pittsburgh Pirates have left their mark on Billy Meyer's leatheren features and just about subdued what long was one of the most vital, infectious spirits in the game.

Managing a talentless, with no real hope of improvement, can do that. Billy came to the Pirates in 1948 with a record of achievement as a minor league pilot. He long had been regarded as the smartest manager in the Yankee chain, and baseball men said that the rich new owners of the Pittsburgh club were extremely fortunate to land such a ready-made genius. Billy, they said, would reward Pittsburgh's extremely loyal fans with a flag if he got any help.

The first year it looked as though they had something, indeed. Filled with enthusiasm and assisted in no small measure by Ralph Kiner's bat, Meyer jumped the Pirates from the tie for seventh into a solid fourth-place finish. He was a grinning, happy figure as he trained his athletes here the following spring and parried questions as to whether he thought he was ready to grab the brass ring.

And then the rock caved in on ELKS FAMILY NIGHT PROGRAM POSTPONED. The Family night program and entertainment scheduled March 31 by the Midland Elks Lodge has been postponed until April 12, lodge officials announced Friday.

The postponement is due to the move from the order's West Highway clubrooms to its new downtown quarters in the Leggett Building.

McKenzie Is Sharp In Tribe Drills

LUTCHER, LA.—(P)—Right-hander Dave McKenzie, 25 pounds lighter and seemingly faster than when playing with the Midland Indians last season, took the mound here Thursday and impressed onlookers with his form.

McKenzie, who was very effective in relief roles late in the 1951 season, says he feels "much better" than he did when carrying the excess weight last year. The Louisiana native—who won nine, lost 10 last season with the Indians—is trying for a regular starter's berth this time.

"Mac looked pretty good out there," Manager Zek Bonura stated after the Indians left the field following their four-hour workout. Stated to go to the hill Friday were two more pitchers: Emil Ogden and Keith Nicolls Ogden, a converted outfielder, had a 6-1 record with the Midland club last year while Nicolls posted a 13-2 record with Erie, Pa.

In the batting department, Hayden White continued to be the eye-catching brute. The lanky Fort Worth boy poked several out of the park Thursday. According to Bonura, White has improved immensely in his outfield play since last season.

Bonura also had a word of praise for Rookie Pitcher Bob (Chuck) Tanner. Although barely 18 years old, Tanner has impressed the ex-major leaguer with his delivery and deceptive change of pace.

Marion Flynn, president of Midland Baseball, Inc., arrived here Thursday and was lauded in his praise of the local baseball setup.

"Why when Zek told me all about this deal I just thought he wanted to be near his home in New Orleans, but now I am ready to admit this is a great site for Spring training. This is real big league stuff," Flynn said.

NCAA Selects Full Field Of 16 Teams

CHICAGO.—(P)—The National Collegiate Athletic Association's basketball championship field of 16 was complete Friday with the addition of four Eastern schools.

The NCAA Thursday night announced the choice of Penn State, Dayton, Duquesne and St. John's as "at-large" representatives, meaning they do not represent any particular conference.

The four newcomers, plus Santa Clara and Oklahoma City—also independents and chosen "at large"—thus join 10 conference champions for tournaments leading to the national championship.

The 10 conference titlholders include Kentucky, the defending champion and top-ranked team in the country in the Associated Press poll this season, and Illinois, the nation's number two team in the AP poll.

Four regional tournaments, with four teams each, will be held March 21-22. The winners of these meets qualify for the championship finals at the University of Washington, Seattle, March 25-26.

The regional meets will be held at Raleigh, N. C., Chicago, Kansas City and Corvallis, Ore.

The ten conference titlholders automatically qualified for the NCAA eliminations. The six independents were chosen by Eastern and Western selection committees.

Schedules for the four regional NCAA meets March 21-22 are similar. Two games will be played in each of the four centers the night of March 21. The winners and losers of these games will play the following night in a double-header.

Ex-West Texas State Star In Hall Of Fame

KANSAS CITY.—(P)—Price Brookfield, one of the greatest basketball players Texas ever produced, has been named to the Hall of Fame of the National Association of Intercollegiate Basketball.

Brookfield starred at West Texas State College a decade ago. In 1942 he was named to the All-America team selected by the Helms Foundation of Los Angeles. Brookfield also starred in AAU basketball.

Five coaches and 10 players were honored Thursday night by being placed in the NAIB Hall of Fame.

Benjamin Franklin was the first U. S. Postmaster General.

Southwest Track And Field Meet Begins At Fort Worth

FORT WORTH.—(P)—A mighty field of 854 schoolboys throws open the Southwestern Recreation Track Meet Friday afternoon. Saturday their big brothers—495 collegians—swing into action.

While the boys in the short pants and spiked shoes are competing at Farrington Field, some 225 golfers from 80 colleges and high schools start a 36-hole grid over the Z. Hoaz course.

It's the biggest athletic carnival of the year in the Southwest with 1,674 athletes—the second largest number ever to contest in this 99-year-old meet.

The Southwestern powers of track and field—Texas A&M and Texas—won't be here having a meet of their own with Rice at College Station, but 10 other universities will southern Methodist and University of Houston appear destined to fight it out for the "university class" title.

The college class offers the best-talented college and high school athletes to put on another of their always glittering duels. There are 31 college teams.

The junior college class has drawn 17 teams with Victoria a head-and-shoulder choice to repeat with the championship.

There are 12 teams in the college freshman-prep school class with the University of Texas favored to win it again.

The high school class, which goes through preliminaries Friday, features Amarillo and Dallas' Woodrow Wilson.

Except for a possible record in the special 440-yard relay for the combined college-university classes, the upper divisions will have trouble establishing new marks. North Texas State, which ran a 423 last week at the Border Olympics, could crack the 440-yard relay mark of 42.5.

The field includes colleges and high schools from Texas, Louisiana, Tennessee, Arkansas and Oklahoma. An entry in the golf tournament is Billy Maxwell of North Texas State, the national amateur champion.

Preliminaries in the college classes are scheduled Saturday morning. All finals start at 1 p. m. Saturday.

A four-man Midland High School track team entered the meet, with Roy Kinsey, Robert Keating, Johnny Kennedy and Dan Kalk carrying the colors. The MHS golf team also was to compete.

Dayton, LaSalle In NIT Basketball Finals

NEW YORK.—(P)—La Salle and Dayton completed the rest of the National Invitation Tournament's seeded teams before 17,131 screaming fans at the garden Thursday night. The La Salle Explorers, a tall, agile crew, handed top-seeded Duquesne its second defeat of the season, 59-46. Then Dayton, a finalist a year ago, came on to whip third-ranked St. Bonaventure, 69-62.

La Salle's victory over the team that was ranked fourth in the nation in the final 1952 Associated Press poll was the least expected of the two. But it was in the books from the first few minutes and it became almost certain when Norm Grekin went on a 10-point scoring spurge late in the second quarter. Duquesne, never in the lead, played one of its worst games.

After Saturday's final, Dayton will go into the National Collegiate Tournament as one of the "big" teams and can play as many as four games there.

Kay Jensen, former riding champion of Sweden and Denmark, is now a trainer at Hialeah race track.

General Motors Net Income Dips Sharply

NEW YORK.—(P)—A 39 per cent drop in net profits in 1951 is reported by General Motors Corporation.

A decline in net income to \$606,199,560 from the record \$824,044,039 in 1950 is attributed by the company to: "Higher tax rates, lower civilian (production) volume, higher costs, price controls and a greater proportion of defense business, on which the profit margin is lower than on civilian products."

The earnings, after payment of \$12,928,313 in dividends on preferred stock, were equivalent to \$5.63 a share of common stock compared with \$9.35 a share the previous year.

Enterprising City Spirit Pointed Out

Expressing delight and satisfaction at the tremendous growth and development of Midland since his last visit here two years ago, Guy T. O. Hollyday, president of the Title Guarantee Company of Baltimore, Md., arrived here Thursday afternoon for a several-day visit. He is here to attend the formal opening of the headquarters offices of the Permian Abstract Company, Inc. in the new Central Building. While in Midland, he is the guest of J. D. Starnes, president of the abstract company.

"Your fast growth is remarkable," Hollyday said, "and I can see many changes in your downtown and residential districts since my last visit to Midland."

"I think it is the enterprising spirit, the get-up-and-go, and the friendliness of the people which

make Midland great," Hollyday, chairman of the City Advisory Committee on Zoning for the City of Baltimore, particularly was interested in what Midland is doing in the way of zoning in the face of its rapid growth. He conferred chiefly with city officials here Thursday afternoon.

"It is far better to face and solve your zoning problems as they arise in your fast-growing community," the visitor stated. He explained that in Baltimore a complete revision of that city's zoning laws has been necessary.

Slum-clearance is one of the major problems in Baltimore, Hollyday stated, and the Maryland city has gained nation-wide acclaim for the progress it has made in slum clearance.

"Slums definitely are not a necessary part of our modern civilization," he declared. "Don't let them develop here."

Permian Basin Oil And Gas Log—
Fullerton Completes Gasser In Schleicher As New Field Opener

Fullerton Oil Company has completed a gas discovery in Northeast Schleicher County at its No. 1 P McIntosh. It is 11 1/2 miles southeast of Eldorado and six miles south of the Page-Strawn field.

The well was completed from perforated section at a 730-95 feet for a daily open flow of 13,000 cubic feet of gas. The flow was through 5 1/2-inch casing.

Sprays Drillsite

The perforated interval has been washed with 500 gallons of mud acid. The gas production, which is accompanied by a spray of one barrel of distillate per hour is from the Strawn section of the Pennsylvania.

Top of the reef lime is at 5,637 feet. That is on a datum of minus 3,226 feet.

Location is 660 feet from south and west lines of section 82, block K, GH&SA survey.

Spraberry Oiler
Extends Pool In NW Reagan Area

Lloyd H. Smith No. 1 J. F. Nunn has been completed as a two-mile south extension to the Weiner-Floyd field of Northwest Reagan County.

The new Spraberry oiler was finished for a daily flowing potential of 360 barrels of high-gravity oil through a 24 64-inch tubing choke and from fractured open hole at 7,511-7,600 feet.

Total depth is 7,625 feet and five and one-half-inch casing was cemented at 7,511 feet.

Location is 660 feet from north and west lines of section 44, block 36, T-5-S, T&P survey.

US&OC Spots New Wildcat In Rannels

Union Sulphur & Oil Corporation No. 1-B A. S. Bright is a new wildcat in Northeast Rannels County.

Drillsite is 2,280.9 feet from north and 467 feet from east lines of CC&D&RNGG survey No. 36. That puts it one and three-quarter miles east of the Cree-Sykes field and one-half of a mile south southeast of Robinson and associates No. 1 Bright, dry hole abandoned in 1945 at total depth of 4,400 feet.

Projected depth of No. 1-B Bright is 4,500 feet. Rotary tools will be moved in and drilling will begin at once.

General Crude Spots Outpost To SW Fisher Field

General Crude Oil Company spotted location for a three-quarter-mile southwest outpost to the Claytonville Canyon reef lime field in Southwest Fisher County.

It is No. 1 Ralph Collins, 660 feet from north and west lines of section 253, block 3, H&TC survey. It is to drill to 6,000 feet.

R-H-K Drilling Company, Ltd., Noranda Oil Corporation and Peeler Brothers No. 1 T. Willingham, gas-distillate prospect in East-Central Fisher County, was gauged through perforations at 4,838-43 feet and 4,920-30 feet for 30 barrels of distillate and 3,800,000 cubic feet of gas in 24 hours.

Measurement was made on one-quarter-inch, 18 64-inch and 20 64-inch chokes.

Production was from the Canyon reef.

No. 1 Willingham is 330 feet from north and west lines of the southeast quarter of section 82, block 1, H&TC survey. It is two and one-half miles north of Royston.

Testing continued.

Third Producer Is Fined In Andrew Pool

Neville G. Penrose, Inc., No. 2 Lydia Littman has been completed as a one-location westward and the third well in the Littman-Ban Andrews field of Northwest Andrews County.

It is to be 1,980 feet from south and west lines of section 33, block 38, T-1-S, T&P survey. That makes it two and one-half miles east and slightly north of the east side of the city of Midland.

The slated destination of 12,500 feet is calculated to take the prospect into the Ellenburger.

Strawn DST Is In Progress At Crosby Wildcat

Stephens Petroleum Company was preparing to take a drillstem test in the Strawn lime and shale at its No. 1 Forrest, wildcat in Southwest Crosby County.

The test was to be taken from total depth of 8,865 feet.

The Strawn was topped by electric log at 8,600 feet. No elevation is available.

Location is 330 feet from north and east lines of section 732, block B-9, EL&RR survey.

SW Martin Wildcat To Be In Block 40, T-1-N, T&P Survey

Correct location of Stanolind Oil & Gas Company No. 1 Cowden, Southwest Martin County wildcat which is scheduled to drill to 14,000 feet to test the producing ability of the Ellenburger is to be in block 40, T-1-N, T&P survey, and not in block 39, T-1-N, T&P survey.

Correct location of the prospect is 660 feet from south and east lines of the southwest quarter of section 30, block 40, T-1-N, T&P survey.

Prior Report Incorrect

It is about ten miles northwest of the city of Midland and 30 miles west of Stanton. That makes it seven miles southwest of the Glass multiphase field and six miles south of the Mabes-Ban Andrews field.

The previously location for this wildcat of being in section 30, block 39, T-1-N, T&P survey, was incorrect.

Shallow Venture Is Set For McCulloch

F. H. Carpenter of Sour Lake is scheduled to drill a wildcat in Northwest McCulloch County as No. 1 Munson estate.

Location is 160 feet from north and 2,640 feet from east lines of block 15, LRR survey and 12 miles north of Melvin.

Projected depth of the new test is 2,000 feet.

W-C Pecos Field Gets Extension

Louis Crouch has extended the west side of the Fort Stockton field of West-Central Pecos County with the completion of No. 2 E. Riggs.

The well was completed for a daily flowing potential of 265.39 barrels of 32-gravity oil and no water.

Six Crewmen Die As Air Force C-47 Crashes In Flames

BAY MINETTE, ALA.—(AP)—An Air Force C-47 cargo plane burst into flames high in the air Thursday. Six of the seven men aboard died as the ship smashed into a pine thicket.

The seventh man, a lieutenant, parachuted safely although his chute was scorched by the intense flames.

A woman fire tower operator, Pauline Green, said she was watching the plane as it flew over her tower when she noticed flames suddenly burst from the left wing.

"It started burning something awful," she told newsmen, "and then began turning over and over high up in the air."

The plane was based at Moody Air Force Base at Valdosta, Ga. It was reported enroute from Kelly Air Force Base, San Antonio, Texas to Bainbridge, Ga.

First Lt. H. H. Howell, the injured airman, was picked up by a Navy helicopter. He was injured only slightly.

The Air Force identified three of the dead as Maj. Daniel L. Blass of San Antonio; Capt. Burton E. Ryssel of Wilmington, Mass., and S. Sgt. Robert Uptdye of Tyrone, Pa. Their wives live at Valdosta.

The names of the other three dead were withheld pending notification of next of kin.

TRUCK BY HAMMER

Cecil C. Kenney, 308 East Cowden Street, received lacerations of the face Thursday when a hammer slipped, striking him on the face. He was treated at Western Clinic-Hospital.

CITY POLICEMAN HURT

Robert W. Runyan, 235 West Montgomery Street, a city policeman, suffered contusions and abrasions of the right hand Thursday in a motorcycle accident at the intersection of Wall Street and the Andrews Highway. He was treated at Western Clinic-Hospital.

STYLE NOTE—Pfc. Glenn Blase, of Eufaula, Okla., now with the 45th Division, displays the Easter bonnet he whipped up for the "Easter parade" in Korea. Like any good milliner, he used the most humble of materials—his steel helmet, plus a few sprigs of native pine and an artificial flower from a candy box.

Gas-oil ratio was 830-1. Flow was through a 20/64-inch choke. Tubing pressure was 126 pounds and there was a packer on the casing.

From Open Hole

Production is coming from the section between 2,874 feet, where 5 1/2-inch casing is set and 2,946 feet, the total depth. Pay was topped at 2,875 feet.

The pay formation was fractured with 1,500 gallons.

Location of the new well is 660 feet out of the northwest corner of the lease in section 1, block 146, T&STL survey. That makes it three-eighths of a mile north and five-eighths of a mile west of the near-sillectomy.

Annulment Ends Idyll Of Tassoula, Impetuous Romeo

ATHENS, GREECE.—(AP)—A court annulment has brought to a legal end the marriage of Crete's impetuous modern-day Romeo, Costa Kephalyannis, to his Juliet.

The end of the match, which once threatened to revive clan warfare on the island, was peaceful. Kephalyannis did not appear in court at Heraklion nor offer any defense. The bride, Tassoula Petracogetri, was represented by her father, a Parliament member, who had instituted the proceedings.

Kephalyannis abducted sultry-eyed Tassoula in August, 1950, and fled with her to a mountain hideout. He later was sent to prison for bearing arms at the time he captured her. She stuck by him, and they were reunited. The romance cooled earlier this year, however, and she went home to her father.

Tassoula said she never really had loved him. Kephalyannis said he was relieved she was gone.

"I only feel sorry," he said, "for having loved so much a woman without heart, without feeling—a selfish creature."

Senate Vote Sends Tone-Down Wetback Bill To President

WASHINGTON.—A compromise measure designed to restrict the number of wetbacks migrating into this country from Mexico now goes to President Truman.

The House and Senate gave final approval Thursday to the compromise version of separate bills the two bodies had passed.

In passing the bill, the House cut out \$1,300,000 asked by the Immigration Service to increase border patrol and deportation activities in the Southwest.

The bill makes it a felony subject to a maximum penalty of five years in prison and a \$1,000 fine to transport, harbor or conceal an illegal alien.

It permits immigration officials to search any place except a dwelling anywhere within 25 miles of the border without a warrant, if they think illegal aliens are there.

The penalty does not apply to mere employment of an alien.

Meanwhile, a group of West Texas ranchers who had been blacklisted when wetbacks "ere found working on their ranches obtained agreement that certain of them would again be eligible to use legally admitted Mexicans.

The group, accompanied by Texas Representatives Fisher and Regan, got the agreement after conferring with Undersecretary of Labor Michael J. G. Alvin.

Bob Baker Named Manager Of New Midland Store

Bob Baker announced Friday his resignation as manager of the C. G. Morrison & Company store here, effective Saturday, to become manager of the new Bob's 5 & 10 Store, which will open soon in the Permian Shopping Village on the Andrews Highway.

Baker, who has been manager of the Morrison store in Midland the last three years, formerly was manager for two years of a Morrison store at Sonora. He is active in service club and church affairs and is well-known here.

Bob's 5 & 10 will occupy a new building just completed in the new shopping district. Formal opening of the store is scheduled soon after April 1.

Baker said the store will stock a general variety line, including school supplies, light hardware, toys, novelties and gift items.
