Light Rains Tease Bone-Dry Texas

Cold Front Holds Hope Of Moisture

By The Associated Press
Light showers scattered moisture over parts of drought-stricken Texas Monday and a cold front from the West promised showers for most of the state by Tuesday. A huge low pressure area centered over Eastern Colorado sucked moisture up from the Gulf of Mexico. The cold front probably will dump light rains on Texas as it moves eastward from the El Paso area.

Light showers fell Monday at Waco, Lufkin and Dallas. San Antonio, Longview and Wichita Falls reported light rain.

Visibility at Wichita Falls was cut to four miles early Monday by a rare combination of dust and fog. Traces of precipitation were reported by the U. S. Weather Bureau during the 24 hours ended at 6:30 a. m. at San Antonio, Wichita Falls, Del Rio, College Station and Junction.

Minimum temperatures early Monday ranged from a low of 37 at Delhart to a high of 60 at Brownsville.

Cattlemen, gathering in Fort Worth for their seventy-fifth annual convention, took full heed of the devastating lack of moisture that has seared rangelands and increased feed costs. Most said their grasslands were badly in need of rain.

The Interior Department said in a report that the drought was "one of the eight most severe since the Thirteenth Century. The report, dealing with conditions through last October, said a drought had prevailed in the Southwest for as long as 10 years in some areas."

The report said the drought area last October included "practically all Arizona and New Mexico, the southern parts of California, Nevada, Utah and Colorado, most of Texas and a small part of Oklahoma."

Precipitation was reported then generally less than 75 per cent of normal. In many Texas areas since that time, precipitation has been reported as little as 10 per cent of normal.

The Interior Department noted that "once a drought has become well established, several consecutive years of above-normal precipitation are required before water shortages caused by the drought can be said to be overcome." This is particularly true of underground, natural reservoirs.

Undersecretary Richard D. Seay, reporting as of Dec. 1, 1951, said in some areas demands for water were being met from supplies stored and held over for years. But he added: "Holdover storage in all major reservoirs in the Southwest is at an all-time minimum. Where surface supplies have been exhausted, irrigation and municipal demands have been met only by greatly increased use of ground water. As a result water tables have been steeply lowered."

Special Jury Starts Texas Crime Probe

FORT WORTH—(AP)—A special "crime and corruption" federal grand jury was impaneled Monday at the U. S. Courthouse here to probe vice conditions and irregularities by officers in the 99 counties of the U. S. Department of Justice's Northern District of Texas.

Federal Judge T. Whitfield Davidson, who called the grand jury into session, told members to "simply do your duty" and to avoid the charge, "justly or unjustly, of a 'whitewash.'" Jurors were elected from a venire called from the eight counties of the Fort Worth division of the district.

Newspaper reporters from Fort Worth and Dallas, who covered county courthouse and police beats, were invited to appear as first witnesses Monday.

About 100 witnesses in all are expected, including police chiefs and district attorneys (on invitation) and representatives of the FBI, Secret Service, narcotics agents, Bureau of Internal Revenue, Securities and Exchange Commission, Alcohol Tax Unit, post office inspectors, Customs Bureau, Department of Agriculture and Veterans Administration.

Red Cross Drive Total \$10,813.82

Returns in Midland County's 1952 Red Cross finance campaign Monday totaled \$10,813.82 as workers launched what they hope will be the final week of the drive. The campaign quota is \$16,000 and leaders predict the goal will be over-subscribed by the end of this week.

Persons who have not been contacted are urged to mail their contributions to Red Cross, Box 1706, Midland.

Former Redfield Guest Held As Finger Woman In \$1,500,000 Robbery At Reno

FLAGSTAFF, ARIZ.—(AP)—A 26-year-old brunette was held in jail here Monday as the possible finger woman of the \$1,500,000 Redfield burglary in Reno.

FBI agents said she was arrested with \$50,000 of the stolen cash, 28 pieces of jewelry which might have come from La Verne Redfield's safe and a large package of securities. The jewelry and securities were being checked to see if they belonged to the eccentric Reno stockbroker. The woman is Mrs. Marie Jeanne

d'Arc Machaud, who had been Redfield's guest so frequently he was "shocked and greatly upset" by her arrest. "Why, I trusted her implicitly," he said.

The blue-eyed French-Canadian writer-artist is the sixth person arrested in connection with the February 29 burglary. Four are men, two women.

Mrs. Machaud was arrested Sunday on the California Limited, enroute to Chicago. She was arraigned on charges of conspiring to transport

stolen goods across state lines. Bail was set at \$100,000.

The \$50,000 which FBI agents said she carried was the biggest piece of loot yet reported recovered. Arresting agents made no estimate of the value of securities or jewelry she carried.

Redfield reported \$300,000 cash, some \$250,000 in jewelry and \$1,000,000 to \$2,000,000 in securities was stolen in his safe.

Almost simultaneously with her arrest, agents hoisted the safe from a well concealed mine shaft in desolate country near Reno. It was smashed and empty.

The safe had been stolen in a nighttime burglary. Investigating officers said the safe stealers unquestionably had inside information. The safe was well hidden, the burglary was timed while the Redfields were at lunch, and the watch dog was pacified with a ham bone.

Crime Reconstructed
Investigating officers hinted Mrs. Machaud was the finger woman.

FBI agents reconstructed the crime like this:

Several weeks before the burglary, John Trillier, 37-year-old Milwaukee hoodlum, met Louis (Pip) Cassinelli, 44, a 230-pound ex-prizefighter, here. Late in February, they drove to Milwaukee and picked up Andrieu Robert Young, 46, ex-convict, and Frank Sorrenti, 36, a petty criminal.

They were back in Reno two days before the burglary. The FBI charges the quartet carried away the 400-pound safe in midday in view of six neighboring homes.

The case began to crack after Mrs. Leona Mae Giordano, 38, Reno cocktail waitress, was arrested trying to pass a \$1,000 bill. She has not been charged with participating in the burglary. FBI agents won't say where she got \$6,000 in stolen currency found on her when she was arrested Saturday in Los Angeles.

Reno bartenders say a man resembling Young toured the hot spots the day after the burglary complaining a pretty brunette companion had stolen him of more than \$6,000.

One of the arrested men presumably talked and told where the safe had been hidden.

The four men are charged with transporting or conspiring to transport stolen goods across state lines.

Odessa Youth Hurt In Field Accident

An 18-year-old Odessa oil field worker was in serious condition at Midland Memorial Hospital Monday as a result of injuries received at 9 a. m. when struck by a bird cage in an oil field accident.

Jerry Doyle Permenter, an employee of the Bosworth Drilling Company, was injured while working on a rig on the Fannie Bryan lease in the Pembroke field, 38 miles south of Midland.

Permenter reportedly was suffering from internal injuries.

Ironically, the bird cage which struck Permenter is an elevator used for the safety and protection of workers on a rig.

Hedges' Southdown Lamb Grand Champ Of Livestock Show

A 116-pound Southdown exhibited by Farrar Hedges Monday took the grand championship honors in the first judging of the annual two-day Midland County Livestock Show. A Midland High School Junior, Hedges is the son of Mr. and Mrs. R. F. Hedges, 405 North Fort Worth Street.

Reserve championship laurels went to "Big Bill," a 135-pound crossbred entered by Tommy Brown, Midland FFA youth and son of Mr. and Mrs. Eugene Brown. The crossbred had been named champion of his class. Breeder was J. C. Franklin of Midland.

Hedges' grand champion was bred by Walton Herral, Rankin ranchman.

Ronald Allison showed the champion fine wool lamb with reserve honors going to an entry by Tommy Brown. Doppel Towers exhibited the reserve champion crossbred.

Allison's champion had been declared the top lamb in the fine wool heavyweight bracket. Tommy Brown had the first-place animal.

Yeggs Loot Woolworth Store Safe

An estimated \$3,000 was reported missing Monday after burglars entered the F. W. Woolworth store at 200 North Main Street and ripped open a safe.

Alfred W. Olsen, manager of the store, said an accurate check of the loss had not been completed.

The loss was discovered by Olsen early Monday as he opened the store and went to the second floor. The safe, normally located near the front of the building, had been moved about 30 feet toward the rear of the store.

Police Detective Harold Wallace said the robbery appeared to be the work of professionals.

He said entrance was gained through a skylight.

The burglars, he said, pried open part of the door to the safe, apparently planning on blowing the door off. But the explosive was not necessary as the door ripped off.

Scot Blood Rivals Blarney On St. Pat's-Tax Bite Day

By COPE O'ROUTH

It was a terrible battle Monday—the battle between the respective bloods of the Scots and the Irish. For 'twas St. Patrick's Day for all good Irishmen and what red-blooded man didn't claim a little of the old blarney in him for at least that one day.

And, as for the blood of the Scots, it rebelled and boiled as it struggled through the last trying day for filing with the government that income tax return.

On the third floor of the Midland County Courthouse, there was naught but gloom as a long line of unhappy persons lined up at the Internal Revenue Bureau office, waiting until the last precious moment before rendering Washington its due.

Collector Josh Wilson, in charge of the office, said his doors would remain open until midnight Monday. "But only until 5 o'clock this evening," he said "will we be available for consultations regarding income tax returns."

"From then until midnight, we will do nothing more than receive the returns."

But while good Scot blood boiled at the doorway to the tax collectors' office, the sun-kissed streets of downtown Midland knew nothing but the cocky Irishman smiles of the Irish.

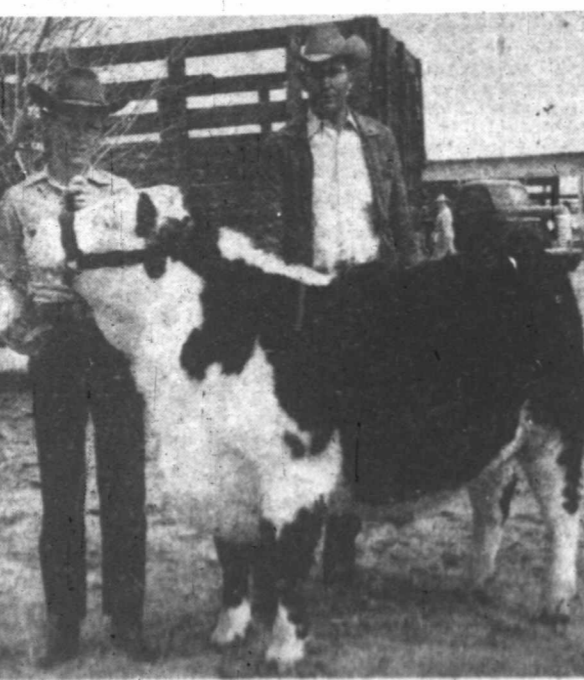

There was a hearty slap on the back and a hum of "Irish Eyes are Smilin'" whenever good Irishmen—and who wasn't an Irishman Monday—met.

From his green-bedecked tailor shop, Al Kelley, as jaunty a bit of blarney as ever felt the sting of West Texas sand, proudly handed out green carnations to one and all.

And he showed up at the weekly meeting of the Kiwanis Club in Honolulu.

For 30 years, we have been THE AUTHORIZED HOOPER SALES & SERVICE. It is the best or we would have changed. Dial 3-3351. MIDLAND HARDWARE—(Adv.)

Animals Groomed

JIMMY LUCAS BIDS AGAIN—A Greenwood 4-H Club boy is back this year after showing the champion milked calf at the 1951 county livestock show. Here Jimmy Lucas shows "Shorty" to County Agent Charles Green before sending the 940-pound Hereford into the judging ring Monday.

FINE WOOL LAMB GROOMED—Mike Livingston, Midland FFA youth, fluffs his fine wool lamb before judging of sheep started Monday morning at the Midland Fair Park. The lamb enjoys the combing before bidding for show honors.

BLACKFACE GETS A SHAVE—J. R. Cuffman, vocational agriculture instructor at Midland High School, gives an electrical "shave" to the Aberdeen-Angus calf of Bill Leonard, FFA boy. Leonard assists Cuffman in readying the animal for judging in the annual county show Monday.

* LATE NEWS FLASHES *

WASHINGTON—(AP)—The Defense Department Monday issued a May draft call for 19,000 men—15,000 for the Army and 4,000 for the Marine Corps.

NEW YORK—(AP)—A newspaper, the Brooklyn Eagle, was threatened with bombing Monday unless it took down signs on its trucks reading "Get the Killer"—of Arnold Schuster, who led police to bank robber Willie Sutton.

SHAWNEE, OKLA.—(AP)—A strike of 400 CIO electrical workers Monday virtually halted production of radio and television tubes at the million dollar Sylvania plant here.

Phillips To Prospect Ellenburger Zone At C-S Andrews Wildcat

Phillips Petroleum Company is to start operations soon as its No. 1-JJ Texas University which is scheduled to be a 12,000-foot wildcat in Central-South Andrews County to explore the Ellenburger.

Location is 467 feet from north and east lines of section 18, block 10, University survey. That makes it approximately 16 miles southwest of the town of Andrews.

San Andres Oil Found On DST In Yoakum Wildcat

J. W. Murchison and Leland Fikes, both of Dallas, have a San Andres discovery in prospect at their 1 Mattie Neely, wildcat in South-Central Yoakum County, six miles northwest of Plains.

The prospector was drilled from 5,175 to 5,365 feet. Tool was open three hours. No fluid or gas surfaced while tool was open.

Recovery was six feet of clean oil and 180 feet of oil and gas-cut mud.

Deepened to 5,315 feet, another drillstem test was taken in the interval from 5,297 to 5,315 feet. Tool was open two hours and 45 minutes. Recovery was 70 feet of oil and gas-cut mud.

No water was present on either test.

Operator was drilling below 5,416 feet.

Location is 690 feet from south and 1,200 feet from east lines of section 604, block D, John H. Gibson survey.

Slight Gas Shows Found On DST In SW Scurry Wildcat

McAlester Fuel Company No. 1-A Allen, Southwest Scurry County wildcat had only a slight show of gas in a drillstem test at 7,337-56 feet in the Canyon lime.

The tool was open 40 minutes. There was a slight blow of air for 20 minutes and it then died. Recovery was 100 feet of slightly gas cut drilling mud. There were no shows of oil or of formation water.

The prospector then cored at 7,356-89 feet. Recovery was 23 feet of shale and lime with some porosity and some oil shows.

Operator is now preparing to take a drillstem test on the interval at 7,356-89 feet.

This wildcat had recovered 55 feet of clean oil and 385 feet of heavy oil and gas cut mud in a two hour drillstem test at 7,308-34 feet.

Top of the Canyon reef lime is at 7,304 feet. Elevation is 2,270 feet. The wildcat is five miles south of the nearest Canyon reef production in the Diamond M-Canyon field.

Location is 18 miles southwest of Snyder and 660 feet from south and east lines of section 75, block 20, Lavaca Navigation survey.

Ellenburger Well In Central Nolan Gets West Offset

Field Oil Company will drill its No. 1 R. E. Althoff as a 7,000-foot Ellenburger project one location west of Skelly Oil Company No. 1 Cox, discovery well of the Lake Trammel-Ellenburger field of Central Nolan County.

Drillsite is 660 feet from south and east lines of section 28, block 23, T&P survey.

Second Well Is Finaled By Sinclair In Fisher Field

Sinclair Oil & Gas Company has completed the second well in the Hunsacker-Strawn field of Central-North Fisher County.

It was completed for a daily pumping potential of 87 barrels of oil. Gas-oil ratio was 875-1. No gravity was reported.

The new well is No. 1 Helen Wood, 330 feet from northeast and 990 feet from southeast lines of the southwest quarter of section 282, block 2, H&TC survey. It is a west offset to the discovery well of the field.

It was completed through Strawn perforations about 5,472 feet.

Magnolia Petroleum Company No. 3-A John Windham is to be a 13,000-foot exploration to the Ellenburger on the northeast side of the (Continued On Page 12)

Shillelagh Legal Only On St. Pat's Day, Says Judge

BALTIMORE—(AP)—Monday, it possibly could have been a different story, but Dewey Campbell jumped old St. Patrick's celebration by a couple of days and was fined \$25 for "illegal use of the shillelagh."

According to testimony in police court Sunday, Campbell, a barber, and his old friend, Will Wall, were getting reacquainted over drinks.

Wall testified he bought a round but his long time pal refused to pay a similar compliment. Later in the day, so the story went, he dropped around at Campbell's barber shop several times to accuse the tonsorial artist of being a "cheap skate."

With that, the court was told, Campbell seized the shillelagh—a bark-covered limb about three feet long, left behind by a former tenant. Wall said he went down under a rain of blows to the skull.

Magistrate Avram K. Eifman advised the barber, "You were two days early to get away with this on the excuse that it was St. Patrick's Day. You are guilty of illegal use of the shillelagh."

With that he fined Campbell and ordered him to pay Wall's \$6 hospital bill.

No Quick Cure For Seborrhea, A Major Cause Of Falling Hair

By EDWIN F. JORDAN, M. D.
Written for NEA Service

There are many causes for falling hair, but among them is a condition known medically as seborrhea. Seborrhea is commonly divided into two varieties; one, dry seborrhea, or dandruff, and the other, oily seborrhea. Both of these conditions are more common in the scalp than elsewhere, but may extend down to the eyebrows, face, and even other parts of the body.

In oily seborrhea, the hair and scalp feel greasy and are hard to keep clean because dirt floating in the air sticks, and the hair follicles tend to clog up with oil and tiny scales of skin, dirt and the like. This certainly does not make for healthy scalp or hair.

What is responsible for either form of seborrhea has not been determined. No living parasite or germ has been identified, though there are reasons to believe that some kind of infection may be at least partially at fault. However, seborrhea of either kind commonly starts after the general health has been lowered by such things as infection or fatigue.

Anemia, constipation, indigestion, lack of fresh air and exercise, and the wearing of stiff and ill-ventilated hats are also believed to contribute to the development of seborrhea. All these can be considered as predisposing causes.

There is no easy or quick cure for seborrhea. If some chronic, weakening disease is present, it should, of course be treated. Also such conditions as anemia or constipation should be taken care of.

Other than such obvious lines of attack, treatment is aimed at improving the general health and at

local treatment of the scalp and involved skin itself.

In the first category, open-air exercise and sunlight are often helpful. Tonics and nutritious food, cod liver oil, adequate sleep, and any other measures aimed at improving the general physique are worthwhile.

Removal of Crusts First

The local treatment of seborrhea involves first the removal of the crusts and accumulated fatty material and later use of stimulating applications. The removal of the crusts and debris at first may be accompanied by the loss of a good deal of hair.

The fatty accumulations are first soaked with some oily fluid to aid in removal. This is followed by thorough and frequent washing with soap and water.

Sulphur, resorcin, salicylic acid and mercury preparations are frequently used in the form of ointments or lotions after the removal of the scales. The condition frequently resists treatment and tends to come back unless treatment is continued for weeks or months after the skin appears to be normal.

Twin Brothers Find Fighting Together Too Hard On Nerves

U. S. THIRD DIVISION, KOREA —(AP)—Twins Jacob and Gene Gamozza have decided after four months of combat "fighting alongside your brother just doesn't work."

So they split up for the first time in 18 years.

The privates first class from Tacoma, Wash., landed in Korea last November. They went into action as automatic riflemen during the bloody battle of Little Gibraltar.

Jacob was wounded in the head in that 41-hour fight. "I almost went crazy trying to locate him on the hill," Gene said.

The wounded twin rejoined Gene a month later in Company F of the 15th Regiment. They went out together on several patrols until Gene decided "We were worrying about each other too much."

Gene asked for and got a transfer to the 62nd Military Police Company.

"It will really seem strange not to have my better half around," Jacob said. "We always did everything together—even dated the same girl in high school."

Ex-Midland Pastor Pays Visit To City

The Rev. Carl Clement, former pastor of the First Methodist Church in Midland, visited in the city over the weekend. He was enroute to Pecos Saturday night from Abilene, where he attended a meeting of McMurry College trustees.

Mr. Clement is now district superintendent at Albuquerque, N. M. There are 37 churches in the district.

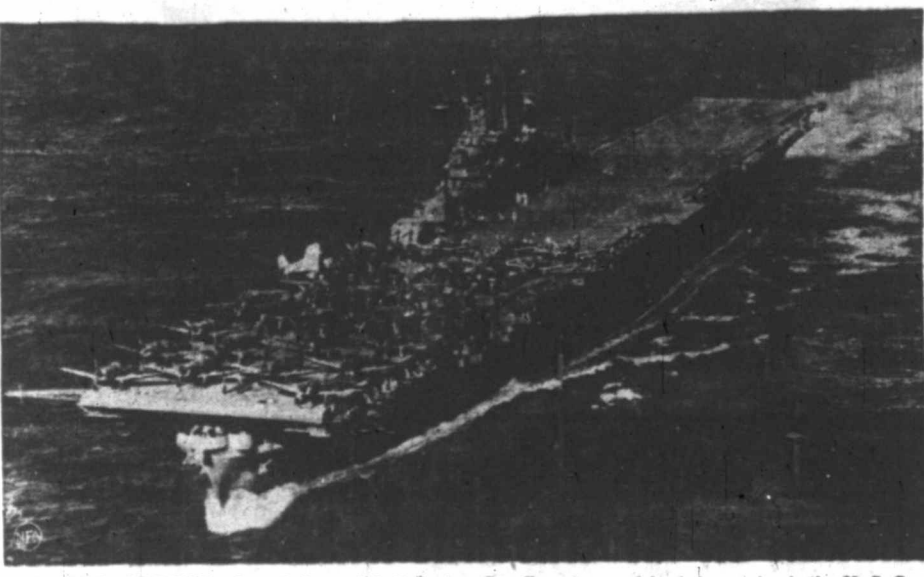

Mr. Clement will hold quarterly conferences in the Pecos district this week. The Rev. L. B. Trone, district superintendent, was flown last week to Ada, Okla., to undergo surgery.

The Midland pastorate was held by Mr. Clement from 1941 until 1944.

BACK IN SERVICE—Out of the mothball fleet at San Francisco and back in service is the U. S. S. Intrepid, 27,000-ton Essex-class aircraft carrier. During the war, the big flattop lived up to its name. Most-frequently hit carrier in the Navy, it was battered into flames by Jap aerial attack four times and four times, its damage repaired. It returned to battle. In 15 months of combat action, Intrepid's guns and planes sank 89 enemy ships and 660 enemy aircraft. After recommissioning at San Francisco, she goes to Newport News, Va., to have her flight deck modernized to handle new, heavy planes.

Republican Rumbblings Stir Deep East Texas; Traditional Democratic Fortress

By DAVE CHAVEENS

AUSTIN—(AP)—Over in Deep East Texas these days Republicans, such as respectable citizens. Some of them are busy politicking, too.

There was a time not too long ago when the town Republicans in that section of Texas ranked right along with the town crank or the town atheist. Practically all the good people in the Piney Woods—rich or poor—were Democrats.

They still are, but you can go over to Nacogdoches and find banker Roger Montgomery banking with one hand and drumming for Gen. Dwight Eisenhower with the other. He invited Eisenhower's Texas manager, Jack Porter, to speak to the Rotary Club.

Porter came, spoke, and heard lots of people say they liked his man. It was the day after the New Hampshire primary and Porter was jubilant. He was restrained in his talk at the service club, but let fly with both barrels in a public meeting later that day. At Harry Truman, of course.

This was going on while Senator Taft was touring the state. Your correspondent heard many favorable comments from East Texas Democrats and Republicans on Taft's speeches, and rather general agreement that he had helped himself as a candidate and his party by appearing in Texas.

None of the Republicans are about to sweep East Texas. It is reported as another sign of awakening interest in the value of the two-party system in a state that's voted Democratic every time but one in presidential elections for more than 50 years.

Unrest, unhappiness

Porter's activity in the area is typical of the energy of the Eisenhower campaign in many sections of Texas.

This correspondent found the GOP stirring in West Texas on an earlier tour of 32 counties and wasn't expecting to find so much activity in East Texas. There is not as much, but still much more than anticipated.

It was one of the most interesting developments in an 800-mile, six-day swing through South Central, East and Southwest Texas. It apparently is another indication of unrest and unhappiness with President Truman, high taxes and tax scandals and uncertainty over foreign policy. The chances are good East Texas will be right back in the Democratic column where it usually is in November, but there are many voters on the prowl for a new party if there aren't some sweeping changes in their traditional one.

Montgomery is no Johnnie-come-lately Republican. He was a Republican when he came to Texas from Oregon and says he always has been one, although not an active participant in politics.

He doesn't like big federal river authorities, federal meddling of any kind, the tax situation and says so plainly to his Democrat friends. He finds most of them agreeing, but how far they'll go with the GOP is another matter. I asked him what specific work he was doing for the party right now and he said:

"Trying to find enough Republicans to hold some precinct conventions."

He was half-kidding.

Even back in 1928 there weren't many one-time Republicans. Under the terrific emotional pressure of the Smith-Hoover race, Nacogdoches County gave Smith an 1,879 to 822 majority over Hoover.

But in 1952, Montgomery believes he can dig up some Republicans—at least enough for precinct conventions.

Airline Hostess Held In Slaying

ST. LOUIS—(AP)—An attractive, 20-year-old air line stewardess told police she shot a company official fatally during a quarrel Sunday after he accused her of dating other men.

Lawrence E. Keil, 43, married and father of two children, was found in a parked automobile, wounded six times. He died a short time later.

Police Chief Browne Haigrove of suburban Overland said the Ozark Air Lines stewardess, Betty Lou Tracy, signed a statement admitting she shot Keil with his own gun. "I fired the gun until it would not fire any more," the chief quoted the petite, green-eyed brown-haired girl as saying.

The chief said she gave the following version:

Keil had been superintendent of stations for Ozark Air Lines since March 1. Before that he was regional traffic manager at Memphis, Tenn.

Mrs. Marjorie Keil, 28 widow, told newsmen she met Keil in Chicago when both worked for another air line. They had two girls, two years and ten months old. She said Keil had been married previously and had a 16-year-old daughter.

Mrs. Keil said her husband hired Miss Tracy as a stewardess while he was at Memphis.

"We thought it was a big break when we came to St. Louis," Mrs. Keil said. "We considered it an advancement for Larry."

Miss Tracy was booked for the St. Louis County coroner and held without bond charge. An inquest was ordered.

Scientists Claim New Substitute For Blood Plasma

NEW YORK—(AP)—Scientists believe they have found a substitute for blood plasma—a new substance using red blood cells which now are largely wasted in getting plasma.

Dr. Max Strumia, director of the John B. Sharp Research Foundation, said over the weekend that the gibbon could be produced more cheaply than plasma. He added that its use would increase the protein yield of each blood donation by "more than three times."

It is the protein part of plasma that is valuable when patients are given plasma for nutrition or to combat shock.

A report on the use of the new product is to be presented shortly to the National Health Institute, a government agency in Washington.

17 Persons Jailed In Bexar Dope Raids

SAN ANTONIO—(AP)—An arrest Sunday night brought to 17 the number of persons rounded up in weekend narcotics raids.

One of three arrests made Sunday was in Hondo, but the other 16 were in San Antonio. Officers said they dealt a crippling blow to organized dope traffic in this vicinity.

Undercover work by the Federal Narcotics Bureau resulted in the series of arrests that started about noon Saturday.

Scientists say the human brain is capable of holding 3,000,000,000 separate ideas.

Blast Of Gun Out Of Tune With Spike's Delicate Ear

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD—The Movie Laugh Parade: Rehearsing for a movie short, Spike Jones couldn't get one of his six-guns to make what he considered the proper sound for a routine the band was "playing."

"Let's get going, Spike," yelled the production boss, "we're behind time."

Spike went on carefully reloading the revolver and said:

"If Heifetz was out of tune you'd have to wait."

MacDonald Carey checked into the swank Coronado Hotel in San Diego and the room clerk said: "Carey, I can give you a room overlooking the ocean or one overlooking the garden. Which do you prefer?"

"What I really prefer," replied Carey, "is a room that overlooks the rent."

Bette Davis, having a long conversation on the telephone near that check stand at the Captain's Table, was mistaken for the check girl by a slightly-loaded male patron. After flustering for a couple of minutes, and getting madder with every fidget, he finally looked up the manager and yelled:

"If your hat check girl will quit talking to her boy friend on that telephone and get my hat, I'll be on my way."

Jack Paar says he has a great idea for an afternoon program: "It's not going to be on radio or on television," says Jack. "It's for lonely housewives. I'm going to go from door to door."

Robert Q. Lewis recently gave Robert Jordan, one of his cameramen on "The Show Goes On," permission to miss one program in order to take an examination for Air Force pilot training.

Next day, Lewis received a wire turning: "Hymn 314, last verse, last line."

Reading to the Bible, Lewis translated it:

"Borrow vanished, labor ended Jordan passed."

Director Henry King and cameraman Leon Shamroy were shown shots taken in Africa of a hyena that will figure in "The Snows of Kilimanjaro." The first day the two men saw black and white film footage of the beast and the next day they looked at color shots.

"Say," muttered King, "that hyena looks a lot better today."

"He ought to," said Shamroy. "I had him sent over to a Hollywood movie fur designer last night to be glazed."

Aspirations of Hollywood cowboys and Texas wranglers are vastly different. Arthur Kennedy, playing a cowboy in "This Man Is Mine," had a line which read:

"Before I die I aim to toss a rope over my own cow, just once."

From somewhere behind the camera, a Hollywood extra playing a cowboy intoned:

"Before I die, I aim to toss a skid chain over my own Cadillac, just once."

Jane Wyman was introduced to an admiring male fan at Warner Bros.

"Carey, I can give you a room overlooking the ocean or one overlooking the garden. Which do you prefer?"

"What I really prefer," replied Carey, "is a room that overlooks the rent."

"Carey, I can give you a room overlooking the ocean or one overlooking the garden. Which do you prefer?"

"What I really prefer," replied Carey, "is a room that overlooks the rent."

Bette Davis, having a long conversation on the telephone near that check stand at the Captain's Table, was mistaken for the check girl by a slightly-loaded male patron. After flustering for a couple of minutes, and getting madder with every fidget, he finally looked up the manager and yelled:

"If your hat check girl will quit talking to her boy friend on that telephone and get my hat, I'll be on my way."

Jack Paar says he has a great idea for an afternoon program: "It's not going to be on radio or on television," says Jack. "It's for lonely housewives. I'm going to go from door to door."

Robert Q. Lewis recently gave Robert Jordan, one of his cameramen on "The Show Goes On," permission to miss one program in order to take an examination for Air Force pilot training.

Next day, Lewis received a wire turning: "Hymn 314, last verse, last line."

Reading to the Bible, Lewis translated it:

"Borrow vanished, labor ended Jordan passed."

Lou Costello has a hilarious memory of when he was a \$30 a week carpenter at MGM in the early '20's.

"The studio," Lou tells it, "had a purgatory for carpenters who were no good. They put 'em on the nail pile, straightening nails. I was so bad they put me on a tack pile, straightening tacks."

"But I got even with the studio. One day I was fired, but no one advised the paymaster. I went back to the studio every Friday for six months and picked up my \$30 check before they discovered I had been fired."

Some of the TV fraternity were discussing a producer who keeps using his girl friends in important roles even though many of them are horrible actresses.

"He probably was a sailor before becoming a producer," observed John Cameron Swayze, "the way he insists on a sweet-heart in every part."

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, MONDAY, MARCH 17, 1952-3

REHEARSAL SCENE—Mrs. Frank Thompson, seated, and Mrs. Chester Skrabacz rehearse for a scene in "The Mikado." Members of the chorus are in the background. Mrs. Thompson plays the part of Yum-Yum and Mrs. Skrabacz plays Peep-Bo. The light opera by Gilbert and Sullivan will be given at 8:30 p.m. Monday in the City-County Auditorium.

Fern Locke Weds Bobby Bowman

Fern Locke became the bride of Bobby Bowman Saturday in a double-ring ceremony held in the Asbury Methodist Church. The Rev. C. C. Hardaway, pastor, officiated. She is the daughter of Mr. and Mrs. W. L. Locke of DeLeon and Bowman's parents are Mr. and Mrs. J. C. Bowman, 1409 South Main Street.

A light blue suit with black accessories was worn by the bride. Her corsage was of white carnations and she carried a white Bible. Mrs. Richard L. Ramsey of Midland, sister of the bride, was the matron of honor. She wore a beige linen dress with beige and brown accessories and a yellow carnation corsage. Richard L. Ramsey served the bridegroom as best man.

Decorations at the church included two baskets of white stock. A reception was held in the home of the bridegroom's parents. A white three-tiered cake, topped with miniature bride and bridegroom figurines, centered the serving table. Mrs. Judith Anderson assisted in the house party. The couple will be at home in Midland Saturday after a wedding trip to Oklahoma.

Stops Laxatives

regains youthful regularity "For thirty years, I took so many kinds of pills and laxatives to relieve constipation. Since I started eating ALL-BRAN every day, those troubles are over," says busy Bethany, Mo., woman. If you, too, suffer from irregularity due to lack of dietary bulk, try toasty ALL-BRAN. It's helped thousands to regain youthful regularity. Rich in iron, high in cereal protein, provides essential B and D vitamins. Not habit-forming. It's the only type ready-to-eat cereal that supplies all the bulk you may need. Eat 1/2 cup every day; drink plenty of liquids. If you're not completely satisfied after 10 days, send empty carton to Kellogg's, Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK!

Mrs. Bowman is a graduate of Weatherford High School and is employed by Shell Oil Company. He attended Leveland schools and is employed by Big West Oil Company.

Judith Aday Has Birthday Party

Judith Sharon Aday was the honoree at a birthday party Saturday on her ninth birthday. The party was given by her mother, Mrs. Delmar Aday. A pink birthday cake was decorated with green candles. A Girl Scout theme was used in the decorations. Guests attending were Paula Ford, Cynthia Parkinson, Melody Porter, Rhonda Horn, Anna Dee Hollingsworth, Mary Grace Mayfield, Nancy Hitchcock, Nancy Savage, Donna Frances Wiet, Marsha Woodard, Judy Uhrig, Roberta Redfern, Patricia Jane McKinney, Rickey and Butch Allen, Patricia Aday, Donnie and Ronnie Aday and Jane Walden.

Rankin To Have Tiny Tot Contest

RANKIN—A Tiny Tot popularity contest for children from one to six years of age will be held Monday and Tuesday in connection with the "Shooting Stars" production. It will be held in the Rankin Park Building, with proceeds going to the Community Center. Pictures of the contestants are on display in the Clark's Cleaners window. All contestants will be presented on the stage and winners will be crowned Tuesday night. The contest will close at 4 p.m. Tuesday.

BOARD PLANS COFFEE
The Executive Board of the David Crockett Parent-Teacher Association will have a coffee at 10 a.m. Tuesday in the home of Mrs. H. D. Pennel, 408 Cedar Street. Mrs. F. E. Curtis will be co-hostess.

Carrier pigeons, during World War I, were known as Cher Ami.

"Monthly Pains" stopped or amazingly relieved
In 3 out of 4 cases in doctors' tests! *Chances are you're putting up—unnecessarily—with the functionally caused pains, cramps and weak "no good" feelings of menstruation! For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases! Lydia Pinkham's is modern in its action! So get Lydia E. Pinkham's Vegetable Compound—or use improved Tablets with added iron, for it—taken through the month—it doesn't give relief from those backaches, itters—help you feel better before and during your period! Or—if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too! It has a quieting effect on uterine contractions that often cause menstrual pain!

For Christ is not entered into the holy places made with hands, which are the figures of the true; but into heaven itself, now to appear in the presence of God for us.—Hebrews 9:24.

Education-Business Day

A number of Midland business firms last Fall had the opportunity of meeting Midland school teachers on Business-Education Day, when the faculty members put aside their normal teaching duties to spend a day learning about business establishments of our city.

Now the situation is reversed. Wednesday will be observed as Education-Business Day, when Midland business leaders will visit the public schools as guests of the faculty.

It is the second step in the important and worthwhile "exchange" program arranged and sponsored by the school system and the Education Committee of the Chamber of Commerce. It will climax the exchange of ideas program which started with the teachers' visit to Midland business establishments.

The project is worthwhile and highly beneficial and the sponsors are to be commended for launching what is hoped will become an annual event.

Instructors in our public schools should be familiar with business—its problems and its operation under our coveted free enterprise system.

Businessmen, likewise, should have a better and more thorough understanding of school operations and problems in order that they better may serve the school system in which all of us are interested.

If teachers understand some of the problems of business, and if businessmen better understand the problems of education each can help the other and both business and education will profit.

Such exchange of visits will create needed mutual interest in each other's mutual problems. It is a valuable program.

It is hoped that scores of businessmen will visit the Midland public schools Wednesday, seeking earnestly to discover ways in which they can be of assistance to our ever-expanding school system.

About the only way to make hard work seem easy is to enjoy doing it.

Sleep is good for everyone, but, these days, it's just as well not to be caught napping.

You can't be polite these days without someone wondering what you want.

Carelessness spoils beauty spots when they happen to be picnic spots.

Expectation is most of the joy of living except for foolish people who always expect the worst.

Home is where every man hangs his hat any old place but on a closet hook.

Nothing can be done in a day if you're always satisfied to let that day be tomorrow.

It's a double-cross on our fighting men not to give blood to the Red Cross.

Divide And Conquer

The Washington Merry-Go-Round

By Drew Pearson

Drew Pearson says: President Truman faces decision on Defense Mobilizer Wilson; Nation's defense and economy could be jeopardized by inaction; Wilson has permitted military to handle procurement.

WASHINGTON—President Truman now is faced with one of the most uncomfortable decisions of his White House career. Within the next few weeks, he either must read the riot act to his good friend, Defense Mobilizer Charlie Wilson—or he can sit by and watch the mobilization program continue in the doldrums.

If he does the latter, it means not only endangering the defense of the nation externally, but endangering the nation's economy internally.

For American industry, now pitched to operate in high gear, is finding fewer military orders than expected, and weak spots in the economy have begun to crop out. Already the aluminum shortage has turned to an aluminum surplus, while Belgium and Luxembourg steel, imported at high prices, is lying on the docks rusting for lack of buyers.

Charles E. Wilson, the man in charge of mobilization, is a patriotic, sometimes irritable, Irishman who worked his way up from the bottom to be head of General Electric, got to know Truman during the days of the old Truman committee, and came to Washington at considerable sacrifice to help his country.

Such exchange of visits will create needed mutual interest in each other's mutual problems. It is a valuable program.

It is hoped that scores of businessmen will visit the Midland public schools Wednesday, seeking earnestly to discover ways in which they can be of assistance to our ever-expanding school system.

About the only way to make hard work seem easy is to enjoy doing it.

Sleep is good for everyone, but, these days, it's just as well not to be caught napping.

JACOBY ON BRIDGE

By OSWALD JACOBY

Written for NEA Service. A friend recently told me about a spectacular hand played by his regular foursome. One of the players found a way to go down 2,300 points with a hand in which his partner probably would have made a slam.

The difference was 3,800 points. The bidding was bad, but not really fantastic. North should have re-bid his hearts before showing diamond support, and the chances are that he would have been allowed to play the hand at six hearts.

As it happened, East had made up his mind to lead the ace of spades if six hearts became the final contract. This would be logical enough, since East could be fairly sure of winning a trump trick, and would hope to cash the spade ace first.

Such a lead would have given North the slam in hearts. He would ruff the ace of spades, lead out

Bridge hand analysis table with columns for NORTH, WEST, EAST, SOUTH and various card counts.

three rounds of trumps, and later discard three diamonds on high clubs and spades in the South hand.

As the bidding actually went, South made a very doubtful bid of six no-trump, and West made a shrewd double. North got nervously about the spades and ran to seven diamonds. By this time East "new that the opponents were in trouble, so he doubled seven diamonds to confuse declarer about any trump strength he might be missing.

West opened the queen of clubs, and South should have played the hand "safe" for something like down 12 tricks. Instead, he tried to win 12 tricks and wound up making only five.

South won the first trick with the ace of clubs, led a trump to the ace, and returned a trump hopefully through East. West promptly took two trump tricks and led his last trump, thus reducing the hand to no-trump.

Now South decided that West's double had been based on a heart stopper, so he led his singleton heart and boldly finessed dummy's jack. This lost to East's queen, and from then on dummy was dead.

East returned a club, and South desperately took the king of clubs and returned a club. West took three club tricks and led a spade, which East allowed declarer to win with the queen. South then had to lead away from the king-eight of spades, and East won the last two tricks with the ace and ten.

CARD Sense

Q—With neither side vulnerable, the bidding has been:

WASHINGTON COLUMN

Reds Lure Peron, Latin Bosses Away From Dollar Diplomacy

By PETER EDSON

WASHINGTON—The Communies now are playing footsie with the conservatives in Latin America. This is analyzed here as the latest left-wing tactic to create more confusion south of the border. Its aim is to upset the more-established, middle-of-the-road, democratic governments by a new kind of "united front."

In Mexico, Vicente Lombardo Toledano, the leading Latin American labor agitator, has announced his support of Gen. Manuel Enriquez Guzman in the July presidential elections. Up to now, Gen. Enriquez Guzman has been considered the conservative opponent to President Miguel Aleman's Revolutionary party government.

In Cuba, the Communies announced their support for Dr. Roberto Agramonte, presidential candidate of the Orthodox or conservative party before Fulgencio Batista's coup upset the June election apocryph.

And in the far-off Argentina, President and Dictator Col. Juan Peron is reported to be in cahoots with the Communist leader, Rodolfo Tuigroa.

This newly-reported Peronista-Communist cooperation now is cited as the best proof possible that U. S. policy towards the Argentine in the last few years has been a complete flop. This policy was based on friendship towards the Argentine and giving it all possible aid instead of blasting it.

This new policy included a \$125,000,000 credit to Argentine banks. Its purpose was to relieve the Argentine dollar shortage and enable the Argentines to pay for goods ordered from American manufacturers in the postwar boom.

Argentine's Worst Enemy? In return for this help, Colonel Peron has resorted to a "liberate policy of opposition to the United States. The turning point was Peron's—and Evita's—decision to run for reelection for the Argentine presidency. In his campaign, Peron inferred that the United States was the Argentine's worst enemy.

Last Fall Peron attempted to organize a new Latin American international labor organization. It was to be a rival to the Inter-American Regional Organization of Workers. This IAROW organization was founded at Mexico City last year with the backing of the AFL and CIO of the U. S. It was to be a branch of the anti-Communist International Confederation of Free Trade Unions—ICFTU.

President Peron was moved to launch his own Latin American good for two or three heart tricks and two or more tricks in the black suits, probably five tricks altogether. Your partner's opening bid shows about three defensive tricks. Hence you should defeat one heart, particularly if your partner has two or more hearts and reasonably balanced distribution. If your partner prefers to bid again rather than to pass your double, your hand will be good for other purposes.

TODAY'S QUESTION The bidding has been:

South West North East 1 Spade Pass 2 Clubs Pass ? You, South, hold: Spades A-Q-J-7-4, Hearts A-10-2, Diamonds 9-8-5-3, Club 8. What do you do? Answer Tomorrow

President Peron was moved to launch his own Latin American

seemed to be a kind of warm subdued glow in her dark eyes. "Pretty swell companion they were too, Orth. If you only knew!"

Well, I did know, or thought I did. Cravath & Company, as represented by its two senior partners, had just insisted upon making formal restitution, probably over Eve's protest.

But I wasn't supposed to know anything, I popped at an easy billiard, missed, and said, "Well, what happened to them?"

"That," they had things to do. Marney's gone to talk to the gardener and Jack said he was going to take a nap."

I put my cue in the rack. I wanted—in fact, I needed—to talk to Eve Wheeler.

"Liking Windover, Orth?" she asked presently. "A lot goes on around here."

"She turned, raking me with black eyes, wide open and penetrating now: "That isn't what I meant."

I leaned against the billiard table and tried to make her lead again. "What did you mean?"

"You really want to know?" "I asked, didn't I?"

SHE came over to me. She had a peculiar smooth walk, almost a glide. "Look, Orth," she said, "I'm very fond of the Cravaths. Both of them, Marney and Sally. I've watched you. And you're just another one, I think, another guy, and Sally's had hundreds. But you could be a lot better than an over-ambitious pipepeak and a make-up artist who's definitely on the make."

I blinked. "I—I don't get you." She shook my hands. "I'm trying to tell you something for your own good. Ames Warburton is dead, and it's rotten to slander the dead. But I didn't like Ames and I knew him well. He was full of schemes and plans, for Ames Warburton. Sally was too nice for him. And as for this sniveling know-nothing repressed little . . ."

Peter Edson

Boyce House

If the Civil War ever broke out again, the South would win. Texas has all the oil; Fort Knox, Ky., has all the gold and Tennessee has the Oak Ridge atomic center. Yes, it would be a cinch for Dixie.

A parachute opens from the top down; its skirts are the last to open.

The Peacock Path

THE STORY: A fortune in bonds is missing from Marney Cravath's stockbroker firm and Ames Warburton, his senior partner, has been murdered. Attempts also have been made on the lives of Cravath and Betty Dumont, wife of another partner, Jack Dumont. Jim Orth, private detective, is attracted to the case. He goes as a guest of Cravath. He has just told Cravath's niece Sally that the murderer was "a queer range" physical job, and while he is not sure who the murderer is, he has a "favorite candidate."

XXV "I'm trying to get a few facts to support a notion, that's all," I told Sally Cravath. "If I'm right, and Ames was murdered the way I think he was, calling in the police now would tear everything apart."

"Why?" "Because then the murderer couldn't be induced on any pretext to try again in that exact way."

Sally bit her lip. "You're asking a lot, Jim Orth. You want me to go along while you try to prove some idea you're not even sure of. Suppose Uncle Marney or somebody else gets killed?"

"I'm taking all reasonable precautions and so is your uncle."

"That, I would have to see. But what do I do? Twiddle my thumbs? How are you going to get the murderer to make another try?"

"I'd seen that one coming and I had a reply, the best I could think of. "I've got to create an urgency."

"Wonderful! You'll pull one out of your hat!"

JAP TAXPAYERS GO ON RAMPAGE

TOKYO—It's tax-paying time in Japan, too, and some disgruntled citizens showed their displeasure Monday.

They threw fire bombs at two Japanese tax offices.

One hit and three missed the Yokohama office. Another bomb hit the Kawasaki office, south of Yokohama. Both fires were controlled quickly.

Police said the bombs apparently were beer bottles filled with gasoline.

What's RIGHT?

A dinner guest asks for one of your favorite recipes after complimenting you highly on the dish.

WRONG: Stall her off by saying you couldn't tell anyone else just how to make it, since you guess at the ingredients, etc.

RIGHT: Be truly hospitable by sharing the recipe with your guest.

George Frederick Handel took only 24 days to write the oratorio, "The Messiah," which has enthralled music lovers for two centuries.

LITTLE LIZ

I'd seen that one coming and I had a reply, the best I could think of. "I've got to create an urgency."

"Wonderful! You'll pull one out of your hat!"

So They Say

Q—Why does Boston, Mass., have no skyscrapers? A—Buildings more than 155 feet are prohibited.

Q—What battle marked the final defeat of the French by the British in Canada? A—France's dream of an empire in the New World came to an end with the Battle of Quebec in 1759.

Q—Why do Hindus drink water from the Ganges just before they die? A—Hindus believe that anyone who drinks water from the Ganges River before death does not have to return to this world and start another life.

Q—For what state is "The Swannee River" the official song? A—Florida.

Q—Are minerals found in the ground beneath a house considered real estate? A—Real estate is land and all the things permanently attached to it, such as the trees and buildings upon it and any minerals such as coal, iron, or stone beneath the surface.

Next to Paris, Miami's the best party town in the world. No matter how hard we (he and his wife) tried, we couldn't get to bed before seven in the morning.

—Sheppard (Abdullah) King.

Traffic, Violence Claim 17 In Texas

By The Associated Press
Traffic accidents killed eight of 17 persons who died violently in Texas over the weekend.

Three persons died in fires, two were shot to death, one was stabbed fatally and miscellaneous accidents killed three others.

Latest deaths reported included: Martin Sauceda, eight months old, died Sunday when fire damaged the two-room home of his grandfather in San Antonio. The parents, Mr. and Mrs. Jose Sauceda, were at a dance hall less than a block away when they saw the house in flames.

They managed to rescue their three-year-old daughter, Silvia, and 78-year-old Ralph Sauceda, the grandfather.

Maj. John A. Byars, director of the aircraft and engine mechanics course at Amarillo Air Force Base, and L. Robert LaRoche, civilian chief instructor at the base, were killed Sunday when their car overturned six miles west of Canyon.

Maj. Dan M. Rawls, also of Amarillo AFB, was injured critically. The three men were on a fishing trip to Buffalo Lake, west of Canyon.

Bobby Bradford Jones, 14, died Sunday when the car in which he was riding overturned four miles west of Petrolia, Clay County.

John Pena, 18, Dallas, was shot to death Saturday night when liquor store operator Fred Woolsey,

42, shot it out with three youthful robbers. Woolsey was wounded on the hands and head. Inocencio Valderas, 18, also of Dallas, was wounded critically.

Child Hurt Fatally
Five-year-old Johnny Ray of Fort Worth died Friday of a double skull fracture and other injuries. His foster mother, Mrs. Ruby Ray, 29, told officers in a written statement she had struck him and knocked him from a chair in their home a few hours before the boy was found dead.

Joe Green, 32, was crushed to death in Fort Worth by a dump truck bed that descended while he was greasing it. The accident happened about five minutes before Green's wife arrived at the station. Mrs. Green had driven to Fort Worth from De Queen, Ark., Saturday to celebrate their third wedding anniversary.

Nathan Pearsall Hanson, 57, Lawton, Okla., was found dead on U. S. Highway 80 near Elmo Saturday after he apparently was struck by a hit-and-run driver.

Two Beaumont residents were killed Saturday when their car failed to make a curve on the Port Neches highway near Port Arthur. They were Morris Howard Gallier, 18, and Vernon Russell, 23.

Seaman Found Dead
Cpl. Willie L. Shakelford, Fort Hood soldier from Bern, N. C., was killed Friday when his car crashed into a service station in Temple.

A Galveston seaman was found dead on the floor of a tourist cabin in Houston with a burned mattress nearby. An inquest verdict said Marvin Daniel Bowen, 28, died of asphyxiation.

Arthur A. Quade, a clerk in the Houston Post Office, shot himself to death in his garage Saturday morning.

James Henry Bassett, 75, Clarksville, Ark., was killed Saturday when his pickup truck overturned after a tire blowout. His wife, 63, received a shoulder injury.

Joe Chambers, 56, was burned to death Saturday when an early morning fire destroyed a frame house in San Antonio. His wife, Edith, 54, was pushed through a window to safety by her husband.

Sgt. Dallas Jackson, 24, Kelly Air Force Base, was stabbed to death in downtown San Antonio Saturday night. A woman companion said three men accosted Jackson and stabbed him.

Homer Eugene Gordon, 32, was killed at a flying field southwest of Arlington Friday when struck by the tail wheel of a low flying plane. He was attempting to photograph the plane and straightened up from a crouched position just as the craft passed over.

Scandinavian Nations Draw Plans For Mutual Defense

COPENHAGEN, DENMARK—(AP)—A tentative agreement has been reached for an all-Scandinavian council to deal with the mutual problems of Norway, Denmark, Sweden and Iceland.

Foreign ministers of the four countries worked out plans for the council at a two-day conference ended here Sunday. Now they will seek final approval from their governments.

The proposed council—similar to the Council of Europe—would not have legislative power but would be limited to debating issues and making recommendations to member governments.

The session here also discussed a suggestion to restrict the movement of Iron Curtain diplomats in Scandinavia. Such restrictions would retaliate for strict travel limits set on foreign envoys in Russia.

New Texas-To-East Gas Line Announced

NEW YORK—(AP)—Gulf Interstate Gas Company has signed a contract with United Fuel Gas Company under which Gulf Interstate will construct and operate a pipe line from the Gulf Coast area to a point near Huntington, W. Va.

In an announcement Sunday, Gulf interests said the line would transport gas to be acquired in the Gulf Coast area by United Fuel, a subsidiary of the Columbia Gas System.

Odessans Report Clothing Stolen

An Odessa couple, who came to Midland to see a picture show Sunday night, reported to city police that more than \$370 worth of clothing was taken from their automobile.

Mr. and Mrs. Alfred Waydell said the automobile, parked in the 100 block of East Texas Street, was robbed while they were in the theater.

51 Prisoners Still At Large After Mass Escape At Tijuana

TIJUANA, MEXICO—(AP)—Mexican and Southern California police hunted Monday for 51 prisoners who escaped through a 30-foot tunnel from Tijuana jail Saturday night.

Five others in the mass break were captured. "We were dying of hunger," said Jose Gonzales Esquivel, 27, one who was caught. The men are allowed the equivalent of 13 cents a day to buy food.

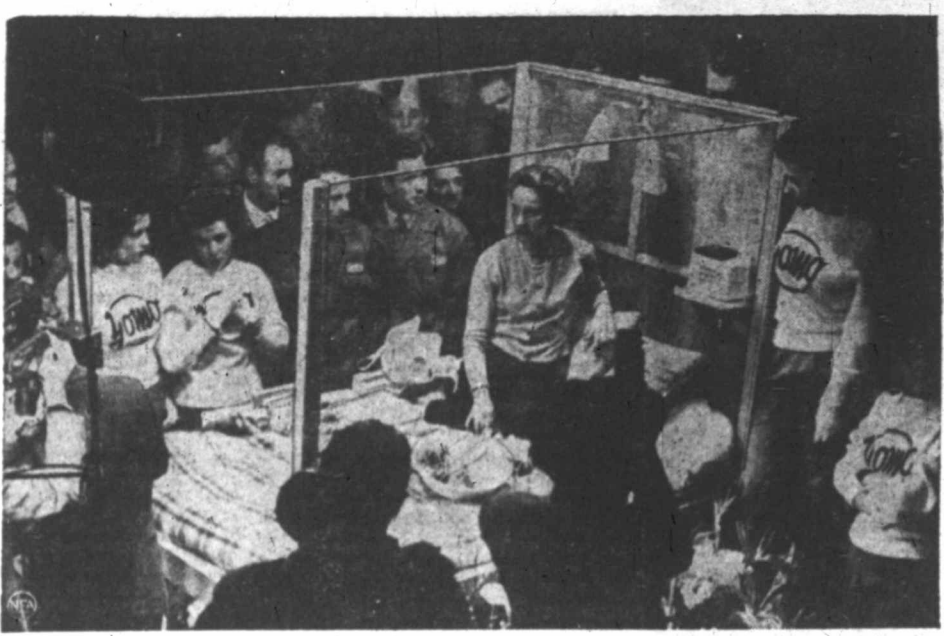

"And," Esquivel said, "the jail was leaking rain." The prisoners apparently dug the tunnel with their bare hands, said Chief Jailer Amelio Barrena. He said they probably worked at it for more than a month, carrying clothes. The tunnel ran from a cell to the basement of an adjoining school.

The 36 crawled through it over a period of seven hours. Men still were working through at 3 a.m. Sunday, when a policeman discovered the break.

Authorities said some fugitives probably slipped across the border into Southern California. The jail breakers included murderers, thieves and narcotics peddlers.

It was the biggest of several mass escapes from the troop-guarded jail in recent years. Usually, 250 or 300 local and federal prisoners are locked up there.

ROUGHNECK HURT
Johnny Griffin, 207 North Fort Worth Street, a roughneck for Parley Drilling Company, suffered a head injury and a compound fracture of the left hand Sunday in an oil field accident. He was admitted to Midland Memorial Hospital for treatment.

STARVING IN A SHOWCASE—Nadia Goya, 32, is a young woman over in Milan, Italy, who likes to go hungry. In fact, she calls herself the World's Champion of Starvation. She's pictured, amid curious spectators, in a transparent plastic booth in which she has just started another lengthy fast, hoping to better her previous record of 63 days.

Philadelphia's Former GOP Chairman: Meade Is Wounded In Mystery Shooting

PHILADELPHIA—(AP)—Former Republican City Chairman William F. Meade was wounded Sunday in a mystery shooting that brought conflicting statements from Meade and his old political opponent, District Attorney Richardson Dilworth.

Meade said he suffered cuts of the ear lobe, neck and a finger when an unidentified assailant fired three shots through a window of a South Philadelphia hotel.

Dilworth issued a statement that the 47-year-old Meade was shot by an attractive blonde girl in the lobby of the Hotel Minerva. The district attorney identified the girl as Virginia Carroll, 33, a former docket clerk in the DA's office. She works in the jury commission's office, Dilworth said, adding, "I haven't the slightest idea where she is now."

Confronted with Meade's version of the incident, Dilworth refused to back down from his original report of the shooting. Asked if he still was standing by his statement that Meade was shot by Virginia Carroll, the DA said:

"There is no question that that is what happened. The question is to prove it."

Dilworth told a reporter he wasn't sure if Meade had been shot in the face as earlier believed. "I haven't seen him you know." He said several police officers had gone to see Meade and that he thought that "was a foolish mistake." He wouldn't elaborate.

Asked if he planned any arrests, Dilworth replied, "I don't know."

Meade, who is divorced, described Dilworth's version of the shooting as "a damn fool lie."

Meade gave this version: "I was seated by the window in the lobby of the hotel. Three shots were fired by somebody outside. They all missed me. I was cut on the face, ear, neck and finger by flying glass. It was not serious."

Morton Witkin, another top GOP leader, said he was with Meade at the time of the shooting. Witkin said he was uninjured.

Dilworth and the Police Department didn't learn of the shooting until some 12 hours after it took place.

An unidentified man went to the rectory of St. John the Evangelist Church and told a priest about the shooting. Police said the man told the priest he wanted guidance on what to do. The priest called police.

St. Andrews Lays Church Cornerstone

Members of the St. Andrews Presbyterian Church laid the cornerstone of their new and modern church plant in an impressive ceremony Sunday afternoon. A large crowd of members and friends of the church attended.

Charles A. McClintic, senior member of the church and a Presbyterian Church officer in Midland more than 50 years, placed the cornerstone. He was assisted by Jerry Covington, chairman of the Building Finance Committee; Charles Gaylord, chairman of the Building Committee, and Robert Miller, superintendent for Houston Hill, general contractor. The Rev. L. O. Waterstreet, pastor, presided.

A list of the charter members and a brief history of the church, which was organized Dec. 10, 1950, under the sponsorship of the First Presbyterian Church, were among the items placed in the cornerstone.

Completion of the first units of the church plant is scheduled within 30 days. A church sanctuary will be erected later. The congregation now is meeting in the David Crockett Elementary School. The new church is located at 1605 North Terrell Street.

Following the laying of the cornerstone the new building was open for inspection by members and friends. Mr. and Mrs. Waterstreet were general hosts at the open house. Other official hosts and hostesses included Herbert McKinley, Mrs. Cecil Colville, Mrs. A. L. Barr, Mrs. William Aiken, Mrs. Charles Gaylord, Mrs. Francis Kingon, Mrs. Jerry Covington, Mrs. Jack Allen and Mrs. John Drummond.

Elks Family Night Party Set March 29
The "family night" entertainment of the Midland Elks Lodge will be held Friday, March 29, as originally scheduled, lodge officials announced Monday.

It was announced last week the entertainment had been postponed due to the scheduled move of the lodge home to new quarters in the Leggett Building.

The April meeting will be held in the new clubrooms, they stated.

PLAY READERS TO HAVE BUSINESS MEETING
The Play Readers Club will hold a business meeting at 3 p.m. Wednesday in the home of Mrs. E. H. Barron, 1909 West Holloway Street.

Mrs. R. D. Seruggs will read a play.

USCC MAN VISITS
Harry F. Thompson of San Antonio, secretary for the Chamber of Commerce of the United States, is a business visitor in Midland. He said he will be in Midland and this section of West Texas the next three weeks, contacting USCC members and prospective members in the area.

Livestock
FORT WORTH—(AP)—Cattle 2,600; calves 800; slaughter cattle were very slow here with most bids and sales 50c or more below last Friday's prices. Good slaughter calves were steady but medium and lower grades were weak to lower. Stocker cattle and calves ruled steady, good and choice slaughter steers and yearlings 29.00-33.00; common to medium kinds 23.00-28.00; beef cows 20.50-23.00; canpers and cutters 14.00-20.00; bulls 20.00-27.00; good and choice slaughter calves 30.00-34.00; common and medium calves 23.00-29.00; culls 20.00-23.00; good and choice stocker calves 30.00-40.00; medium and good stocker yearlings 26.00-32.00; two loads choice 111lb stocker heifers 33.00, a few choice stocker yearlings 33.00-34.50; stocker cows 20.00-26.00.

Hogs 1.200; butcher hogs mostly 25c lower; sows were weak to lower. Pigs were unchanged; good and choice 180-200 lb butchers 17.00-26.18.75; sows 13.00-14.50, with a few to 15.00; pigs 10.00-14.00.

Sheep 5.200; sheep and lambs were very slow with no sales reported at 10.30 a.m.

GREAT DAY FOR THE IRISH

LONDONDERRY, NORTHERN IRELAND—(AP)—A crowd of about 1,000 waving the flag of the Irish Republic clashed with police at a St. Patrick's Day political meeting Monday.

Stones and bricks were thrown at police headquarters and the police charged the crowd three times with raised clubs. An undetermined number of combatants on both sides came out of the melee with cuts and sore heads. Two men were arrested.

33 Persons Rescued From Camp Crushed In California Storm

BISHOP, CALIF.—(AP)—A weekend of wild weather in California had a fortunate ending Sunday night in the rescue of 33 persons whose mining camp high in the Sierra Nevada was crushed under giant snow slides.

Southern California is cleaning up after a storm that dumped as much as 4.50 inches of rain. Northern California had a breather, but braced Monday for "a pretty good-size" new storm. It is expected to hit Tuesday, with more snow and rain.

The 33 rescued were workers and their families at the U. S. Vanadium Corporation's tungsten mill — the world's largest—9,000 feet high in Pine Creek Canyon, 20 miles down from crags above. One end of the mill was caved in. Four homes were partially destroyed.

The home of Mill Superintendent Tom Holmes was crushed and buried. Mrs. Holmes was knocked out of the house, over an auto, under a fence and against a tree 60 feet away.

Her 15-month-old son was buried under 18 feet of snow and debris. Workers dug for two hours. They finally found him nestled between two pet dashunds—unharmed. Besides the dogs, he was protected by his play pen and a heavy chair.

Zelline Wood, is a medical patient at Midland Memorial Hospital.

Senate Panel To Hear Two Fired Texas PMA Officials

WASHINGTON—(AP)—The House subcommittee investigating the government's grain storage program reports that final action has not been taken in grain shortages discovered at nine Texas warehouses.

The House group, an Appropriations subcommittee, issued a report Sunday giving the status of legal action in the number of grain shortage cases. It said some new shortages have been discovered and that still others are under investigation.

The subcommittee said the Department of Agriculture apparently has abandoned the practice of screening cases before sending them to the attorney general for possible prosecution or other action. In another report a month ago the group criticized the screening as "an unwarranted delegation of responsibility by the Justice Department."

In reporting on the legal status of cases the group listed these Texas firms, where it said shortages have been discovered but where final action has not been taken: Hollingsworth Mill & Elevator Company, Gatesville; Hollenstev Brothers Elevator Company, Umlinger; Heard Elevator, Petersburg; Interstate Grain Corporation, Fort Worth; Plainview Wheat Growers, Inc., Plainview; Great West Mills, Fort Worth and Ballinger; Minimax Feed & Elevator Company, Lamesa; Texas-O-Kan Mill & Elevator, McKinney; B & B Grain Company, Sherman.

Meanwhile, the Senate Agriculture Committee has announced plans to open public hearings on the shortages Wednesday.

The first witnesses will be two former Agriculture Department officials in Dallas who were fired by Secretary of Agriculture Brannan. Chairman Ellender (D-La.) said both Latham White, former manager of the Dallas office of the Agriculture Department's Production and Marketing Administration, and his deputy, Harry J. Solomon, had asked to testify.

Ellender said almost four million dollars in grain shortages occurred, in the area supervised by the Dallas office. In a preliminary investigation session last week, Brannan testified he suspended White and Solomon because, as he put it, they ran a poor office. Later he announced they had been fired.

FULL-TIME POWER STEERING **FIREPOWER V-8 ENGINE**

WHAT ARE TODAY'S FACTS ABOUT NEW CAR ENGINES AND POWER STEERING?

LAST YEAR Chrysler introduced its new FirePower V-8 engine, and America's first passenger car full-time power steering. Both new ideas "took hold" in a big way.

Today, others are announcing "new engines" and "power steering"... but with some basic differences worth keeping in mind if you're buying a new car.

First: about "new engines." The fact is, a really new engine design happens only once in a great while. It did happen in the FirePower V-8. Its 180 h.p. was only incidental to its basic new design. Its key idea is a hemispherical combustion chamber, which makes even non-premium gasoline develop more usable power than other designs can get from premium fuel.

Only Chrysler engineering has so far mastered this design. Several cars do have some power increase, in terms of previous designs. The important fact is that FirePower is not a "warmed-over" engine, but brand new in performance, construction, and efficiency.

In power steering, too, there are basic differences. Chrysler uses hydraulic power, always in effect, to do two things. First, it does 4/5 the steering work as you turn the wheel. Second, we've cut the amount of wheel turn needed by over 1/3.

Parking or cruising, you get more and easier control than ever before. In sand, snow, or ruts, the hydraulic power is always there to keep the front wheels from "steering back" at you.

You get the same amount and feel of control all the time... full-time ease and full-time safety.

Actually, the differences, both in engine performance and in steering safety and ease are impossible to put in words... but just as impossible not to feel the moment you get into a Chrysler and drive it! Why not see your Chrysler dealer and do that, soon?

DADDY RINGTAIL

Daddy Ringtail And Bugle Music

Last year Uncle Dugump came from the zoo to give Mugump Monkey, the monkey boy, a bugle for a present. Mugump has always wanted a bugle and now he

had one at last. All through the first day he had the bugle, there were strange and sometimes frightening noises of toot-toot, squawk and a squonk-squonk. The noises were Mugump trying to learn to blow the bugle and make some pretty bugle music.

Oh, it was funny to see him pucker his mouth, puff up his cheeks, and blow and blow until his face got red and his eyes looked like they were going to pop from his head.

The Huffen Puffen, the friendly wolf, even said some teasing words. He said the bugle wasn't a bit of good. He said that bugle music of a beautiful sort would never come from that bugle, and many people in the forest were thinking maybe he was right.

It was all very discouraging for Mugump, as you can plainly see, but Daddy Ringtail talked to Mugump and told him that inside the

By WESLEY DAVIS

bugle was beautiful music. Oh yes, the music was inside the bugle. The problem was how to blow that music out.

And so in the days that followed, Mugump went off in the forest to a lonely place by himself to practice the bugle blowing. For hours he

sat on a log and blew the bugle with a toot-toot, a squawk-squawk, and a squonk-squonk. Maybe there was even a squink-squink in the bugle. I don't know.

I do know that after many long days—after days of blowing all the strange and funny and sometimes frightening noises to get them out of the bugle—Mugump had blown until it only had beautiful music in it.

Mugump blew and blew the bugle for the beautiful music to come out. And it did and filled the forest with a happy sound.

And while it took work and bugling to blow from the bugle all the unhappy noises, I have happy words about the music that was bugled at last: the bugle will always have beautiful music left inside, no matter how much of the music is bugled out. Always and always, more music will be ready and waiting—waiting for Mugump to bugle it out. Happy day!

Two Workmen Hurt As Aluminum Dust Blast Shakes Plant

ALBANY, CALIF. (AP)—An aluminum dust explosion injured two workmen at the Metals Disintegrating Company plant here Sunday midnight and awakened residents of Albany and Berkeley.

The flash was visible for miles. Windows were blown out in three low concrete buildings of the sprawling plant.

Fire Chief Fred Pimental said damage would exceed \$10,000. The blast occurred in an overhead conveyor pipe which runs through three buildings. It is part of a process of reducing aluminum bars to powder for use in paint.

Another workman was burned. One other suffered from concussion.

Yoshida Again Heads Japanese Liberals

TOKYO (AP)—The Liberal Party Monday reelected Prime Minister Shigeru Yoshida as its president.

The convention closed with cheers of "Banzai" (Live 10,000 years) for Japan, the party and Yoshida.

PUBLIC FIRST AID STATION

SPRING CAMP NOTES-

Brooks, Athletics Squabble; Carey May Make Yankees

PHOENIX, ARIZ.—(AP)—The New York Giants are missing the leadoff qualities of Eddie Stanky, their old top-of-the-order man.

Whitey Lockman, who has been given Stanky's former assignment, has collected only four hits in 22 trips to the plate. Manager Leo Durocher isn't worried, though.

"We're not making enough runs to suit me," he said Monday. "But I'm sticking to Lockman as leadoff man. Nobody is hitting these days for some reason or other."

MIAMI, FLA.—(AP)—After only one year of professional baseball, it looks as if infielder Andy Carey might make the grade with the World Champion New York Yankees.

Unless he suffers some sort of injury, Manager Casey Stengel indicated Monday that Carey probably will open up the season at third base. Joe Devine, the late Yankee scout, was high on Carey last year.

MIAMI, FLA.—(AP)—The Brooklyn Dodgers and the Philadelphia A's apparently are in the midst of a full-scale rhabarb.

The Brooks are annoyed because the A's second team is going to play them Monday while the first stringers are engaging the Cincinnati Reds. In retaliation, the Dodgers will send their "B" squad to West Palm Beach to play the A's Tuesday, keeping their first stringers at Vero Beach.

LAKELAND, FLA.—(AP)—Eight rookies now training with the Detroit Tigers appeared Monday to have a chance to stick for awhile as Manager Red Rolfe and General Manager Charley Gehring prepared to cut the squad.

Johnny Phillips, good-looking infielder-outfielder, Shortstop Alex Garbowski and Ben Taylor, first baseman acquired from the St. Louis Browns, won't be farmed out just yet. Neither will outfielder Russ Sullivan or Pitcher Billy Hoelt, Lynn Lovenguth, Wayne McClelland, and Dick Littlefield.

LOS ANGELES.—(AP)—Cleveland's usually slow-starting pitchers already are looking about the way they looked last season—terrific.

Bob Feller unlimbered his arm competively for the first time Sunday, against the San Francisco Seals, and pitched three scoreless innings with only one hit.

Bob Lemon has hurled nine straight zero innings. Early Wynn and Mike Garcia each pitched three-inning shutouts Sunday.

CLEARWATER, FLA.—(AP)—Steve Radick, a 23-year-old righthander up from Baltimore of the International League is tabbed "the best looking pitcher in camp" by Philadelphia Phillies Manager Eddie Sawyer.

In his latest outing, Saturday, the Yankees' N. Y. native gave the St. Louis Cardinals one hit in two innings and received credit for the Phillies' 4-2 victory.

SARASOTA, FLA.—(AP)—Manager Lou Boudreau of the Boston Red Sox has decided to keep eight youngsters who attended his pre-Spring training "school" at least until the club gets back to Boston.

The group consists of Outfielders Faye Thronberry and Gene Stephens, Infielders Dick Genert, Ted Lepcio and Jim Piersall and Pitchers Russ Kemmerer, Al Curtis and Dick Brodowski.

PALM SPRINGS, CALIF.—(AP)—The Chicago White Sox knocked the mud out of their spikes Monday and hoped for a dry field, for a change, for an exhibition game with Seattle, Pacific Coast League champions.

Eyes Shift Toward Play In NCAA

NEW YORK.—(AP)—Basketball's national championship play shifts to the NCAA and AAU competition this week with six berths in the Olympic tryouts at stake.

The NCAA opens its elimination play Friday in four cities with 16 teams, 10 of them conference champions, battling for the right to move on to Seattle for the semi-finals and finals March 25 and 26.

The winner and runner-up will qualify for the Olympic trials which get underway in Kansas City and New York March 29.

From the AAU tournament, which opened Sunday in Denver, will come four more teams for the Olympic competition.

LaSalle's youthful, swashbuckling Explorers were the first to qualify for a spot in the Olympic trials. They soundly whipped Dayton, 75-64, in the National Invitation Tournament finals Saturday at Madison Square Garden.

And a short while later they were joined by Southwest Missouri State of Springfield which scored a 73-64 triumph over Murray (Ky.) State in the NAIB final at Kansas City.

Enroute to the NIT title, LaSalle knocked over three of the teams which will compete for the NCAA crown—Dayton, Duquesne and St. John's of Brooklyn. Its other victim was Seton Hall.

Here's how the NCAA will lineup for the first round with the quarter-finals scheduled for the same cities on March 22:

Eastern regional
Raleigh, N. C.—Kentucky, Southeastern Conference champion, vs. Penn State, selected "at large" and North Carolina State, Southern Conference champion, vs. St. John's, an "at large" representative.

Chicago-Illinois—Big Ten champion, vs. Dayton, selected "at large" and runner-up in NIT, and Princeton, Ivy League titleholder, vs. Duquesne, selected "at large."

Western regional
Kansas City—Kansas, Big Seven champion, vs. Texas Christian, Southwest Conference titleholder, and St. Louis, Missouri Valley winner, vs. New Mexico A&M, Border Conference representative.

Corvallis, Ore.—UCLA, Pacific Coast champion, vs. Santa Clara, selected "at large" and Wyoming, Skyline Conference champion, vs. Oklahoma City, named "at large."

Kiner Signs Pirale Pact For \$75,000

SAN BERNARDINO, CALIF.—(AP)—Ralph Kiner, the Pittsburgh Pirate home run slugger, has reason to smile this St. Patrick's Day—he's negotiated a new one-year contract for \$75,000—making him the third highest paid player in the majors.

Stan Musial of the St. Louis Cardinals and Ted Williams of the Boston Red Sox have better contracts than the Red slugger who has been writing records since breaking into the majors in 1946.

Musial is reported to be receiving \$80,000 this season, while Williams has signed for an estimated \$100,000. There's considerable doubt whether Williams will collect. He's due to take a stiff physical examination prior to being called to active duty soon as a Marine pilot.

Kiner was all smiles when the Pirates announced the signing at Oakland Sunday.

RETURN TO DUTY
Pvt. Johnny M. Harris returned to San Antonio Monday after spending the weekend with his parents, Mr. and Mrs. N. C. Harris of Route 1, Midland. He is stationed at Kelly Air Base. Harris has been in the Air Force 14 months. He is assigned to statistical work at Kelly.

Dutch "Golden Age"
The 17th century, when Rembrandt, Vermeer, and Hals were at work, is the period usually regarded as the "golden age" of Dutch painting.

The Brooklyn Dodgers' 192 double plays last season was the third highest total in National League history. The Cincinnati Reds in 1928 and again in 1931 produced 194 twin killings.

CATCHERS—Edwin Menapace, Bill Brown and Gordon Tanner line up, left to right, in the Indians' Spring training camp. All are catcher candidates. Menapace is from the St. Hyacinthe club in the Provincial League in Canada and hit .275 last season; Brown hit a healthy .306 with Erie, Pa. in the Mid-Atlantic League and Tanner clouted .274 with Midland.

Ty Cobb, the old "Georgia Peach," has joined the "It-Ain't-What-It-Uaed-To-Be Club," which is and always will be thickly populated with ex-athletes.

The hard-hitting oldtimer, now comfortably retired with his nest well-feathered, lashed out in a recent edition of Life Magazine at modern-day baseball players.

The younger generation just doesn't play the game of baseball as it did when he performed so capably with the Tigers, the oldtimer spouts in a not-so-very-modest by-lined article.

Only Stan Musial of the Cards and Bob Feller, the Cleveland fireball, rate anything like consideration as ball players, Cobb says. He snorts that Joe DiMaggio of the Yankees and Ted Williams, Boston slugger, "don't deserve mention on any all-time team."

"Both of these players have plenty of natural ability, but they were too lazy to work and make themselves great. Consequently, they just raked the surface of the talent they really have."

Pointing out that the home-run production has increased two-fold or more during the last few years, Cobb says its a "lively ball which is like a hunk of dynamite," responsible for this rather than the increased batting ability of present-day players.

Cobb also goes on to blast high-salaried stars, bonus rookies and the like. Doubtless, there is some truth to Cobb's spoutings, but the same player he regards with something like scorn today probably will be writing the same sort of "modern players are asses" stuff in about 25 years.

There just never has been any hope for present and future generations among the oldtimers and it probably will stay that way.

Tickets are on sale for the Wednesday night basketball clash between the Arkansas Travelers and the Rotary Engineers.

Ducats are available at Principal Don Mitchell's office at Midland High School from 9 a.m. until 5 p.m. daily and at the Chamber of Commerce office.

Door sales begin at 7 p.m. Wednesday at the high school gym, one hour before the game starts.

DOTS AND DASHES—Southwest Texas State, third-place winner in the NAIB Basketball Tournament, finished with 30 wins and one loss this season, the best in Texas collegiate cage circles. . . . Roy Kimsey, who copped the 440-yard dash for Midland High School in Fort Worth Saturday, is a threat to win the state in this event. . . . Odessa's Joe Childress still far and away the top short-distance sprinter in the state. . . . Iraan's Billy Huddleston, who sets 'em afire in West Texas hurdle events, twice finished second to a Stillwater, Okla., lad at Fort Worth. . . . If things go according to plan, Eddie Jacome, Keith Nicolls and Enrique Gonzales should be 20-game winners for the Indians this season. . . . Dave McKenzie, Gabby Blumenthal and Israel Ten, on the strength of past records, might be able to crowd it too, if they get good hitting support and help afield. . . . TCU plays Kansas in the NCAA first-round bracket. . . . Probably that's as far as the Frogs will advance. . . . Texas Tech made a surprisingly good showing in the Southwest track and field meet at Fort Worth. . . . The Red Raiders were supposed to be weak in the track events this season. . . . End of The Row for now!

Midland Golfers Defeat Hobbs, N. M.

Midland Country Club golfers swept to a win over Hobbs, N. M., Country Club Sunday on the new MCC course, outscoring the visitors 43 1/2 to 11 1/2.

Thirty six players from each city competed.

The Midland golfers will return the visit within two or three weeks, Golf Pro Boyd Huff said.

Former Marines To Meet Monday

Former U. S. Marines were reminded Monday by Jack Little to attend a meeting at 8 p.m. Monday in the Naval Reserve Building at Midland Air Park.

Little last week mailed out post card reminders and expects the Monday night turnout to be sufficient to organize a Midland chapter of the Marine Corps League. Ten members are needed.

Boxing Clubs Named In Conspiracy Count

NEW YORK.—(AP)—The International Boxing Clubs of New York and Illinois were charged Monday with conspiring to monopolize the professional championship boxing business in the United States.

The Department of Justice complaint was made in a civil action in federal court. Owners of the clubs, James D. Norris of New York and Arthur M. Wirtz of Chicago, and the Madison Square Boxing Corporation of New York, also were named defendants.

The charges were announced by Melvin C. Williams, chief of the Department of Justice's Anti-Trust Division.

The defendants are accused of conspiring to restrain and monopolize championship boxing bouts.

Babe Grabs Tournery But No Record

AUGUSTA, Ga.—(AP)—Babe Zaharias left Augusta Monday headed for her Tampa, Fla., home with an extra \$1,050 but with less enthusiastic friends.

During the Women's Titleholders Tournament the Babe played her usual superlative golf. She led each of the four days and won with a 72-hole score of 299—seven strokes better than Betsy Rawls of Austin, Texas.

She was the usual Babe Didrikson Zaharias—greatest woman player of the century. But in her relations to the gallery she was a far different Babe.

Before the tournament opened Thursday the Babe was part clown and all golf queen. She led each of her heels after a good shot, yodel and put on a show which every gallery cheered and every gallery, liked.

This week she was subdued and a little grim. She was a new Babe Zaharias.

Misses Point
Before the final round in the wind and chill on the 6,619-yard course the Babe needed a 77 or less to break her titleholder record of 298 set in 1960.

She brought in a fair 79 for a one-above the record score.

A 79 however, was far better than most of the girls could do. Marilyn Smith of Wichita, Kan., and Patty Ferguson of Minneapolis, did best with 76 and a tie for third. Miss Rawls shot a 78.

Claire Dorn of Cleveland was low amateur with a 309 which tied pro Louise Suggs of Carrollton, Ga.

Yanks Lose To Dodgers; Bosox Win

MIAMI, FLA.—(AP)—The Dodgers came from behind with a five-run explosion in the sixth inning Sunday to end the Yankees' five-game winning streak, 7-5.

Home runs by George Shuba and Wayne Belardi—both off Johnny Sain—accounted for all the Dodger runs.

Dodger Rookie John Podres turned in another good performance on the mound, giving up four hits and one run in five innings.

Yank Rookie Bob Cerv blasted his third Spring home run, a 400-foot job.

OAKLAND, CALIF.—(AP)—Early Wynn, Lou Briske and Mike Garcia pitched Cleveland to a 4 to 0 win over Oakland in a morning game Sunday.

Rookie Quincy Troupe homered for Cleveland with one on.

ST. PETERSBURG, FLA.—(AP)—The Braves walked to a 13-inning, 3 to 2 victory over the St. Louis Cardinals Sunday when Rookie Harold Coffman walked Jack Daniels with the bases jammed.

Stan Musial hit a two-run four-bagger for the Cards.

TAMPA, FLA.—(AP)—Boston's Red Sox snapped a seven-game losing streak by defeating the Reds, 16-4, Sunday as Ted Williams and Walt Dropo slammed home runs.

Lefty Maury McDermott struck out six Reds in five innings but weakened in the sixth when Cincinnati combined four walks and two singles for three runs.

OAKLAND, CALIF.—(AP)—The Pittsburgh Pirates used 13 hits—three of them by Jack Merson—Sunday as they disposed of Oakland, 7 to 4.

ORLANDO, FLA.—(AP)—Three Washington rookies held Detroit to nine hits Sunday as the Senators defeated the Tigers, 6 to 4. Hal Newhouser was tagged with the loss.

SACRAMENTO, CALIF.—(AP)—Chico Carrasquel drove in two runs in the second inning with a sharp single Sunday, and the Chicago White Sox used them to fashion a 3-2 victory over the Sacramento Solons.

CLEARWATER, FLA.—(AP)—Home runs by Eddie Waitkus, Del Ennis and Dick Young—backed up by five-hit pitching by Ken Heintzelman and Karl Drews—gave the Philadelphia Phillies an 8-1 win over the Athletics Sunday.

PHOENIX, ARIZ.—(AP)—Bain washed out the New York Giant-St. Louis Brown exhibition game slated here Sunday with the series standing at one game each.

Houston Buffs Nip Oklahoma City, 2-1

KILGORE.—(AP)—The Houston Buffs defeated the Oklahoma City Indians, 2-1, Sunday in an exhibition baseball game here. A towering 340-foot home run by Russell Rac broke a 1-1 deadlock in the bottom of the eleventh inning.

Both Texas League teams were rusty in the field, with the Indians Buffs four.

Roughneck Hurlers Turn In No-Hitter

BEAUMONT.—(AP)—Two Beaumont Roughnecks hurlers combined their efforts to pitch a no-hitter Sunday in an intra-squad game. They were John L. Gray and Robert Maruca.

Gray faced 16 men in five innings. Maruca pitched to 13 in four frames.

The Texas League entry is training at home this Spring.

RIGHT HAND HURT

Harold Lacey, 201 South Dallas Street, an employe of Drilling and Exploration Company, received lacerations and contusions of the right hand Sunday when it was caught between a pair of tongs and some drill pipe. He was treated at Western Clinic-Hospital.

SURGERY PATIENT

Mrs. R. C. Maxson was admitted to Midland Memorial Hospital Sunday for surgery.

Read The Classifieds

Home Runs Feature Intra-Squad Game In Indian Workout

LUTCHER, LA.—Three home runs by the "Blues" sparked them to a 10 to 2 victory over the "Reds" here Sunday as more than 500 fans turned out to watch the Midland Indians unveil their intra-squad lid-opener of the Spring training session.

Right-hander Dave McKenzie turned in a winning ball game, allowing but eight hits, one of which was a solo home run by Red Catcher Edwin Menapace.

This blast came in the fifth inning and was the longest lick of the day, clearing the fence a good 30 feet. Menapace also hit a double.

Keith Nicolls was the loser, being shelled for 14 hits by the winners. Home runs were hit by Red Outfielders Roxie Humbert and Jack Blalock and Third Baseman Dick Cassidy.

Both pitchers were under orders from Zeke Bonura to pitch easily and seldom did they bear down during the tilt.

Humbert blasted his homer in the eighth inning with one on, Blalock hit a solo homer in the same inning and Cassidy got an inside-the-park late in the game.

Leading hitter for the tilt was Tito Sanchez, Blue first baseman, who has just joined the squad. He banged out three hits.

Outstanding fielder of the game was Rudy Escobar, Blue left fielder. Twice he made sensational catches to choke off threatening Red rallies.

Only four errors marred the entire contest—two by Blue Catcher Bill Brown and one each by Red Second Baseman Bill Crumley and Red First Baseman Harry Thayer.

Until the top of the eighth inning, the score was 3 to 2, Blues. Then they started to find the range and blasted to seven quick rallies.

Blue 091 300 043—10 14 2
Red 001 010 000—2 8 2
Batteries: Reds: Nicolls and Menapace; Blues: McKenzie and Brown.

Southwest Baseball Teams Move Into Intersectional Play

By The Associated Press
Southwest Conference baseball teams move into intersectional play this week.

Baylor and Texas play Oklahoma while Texas A&M takes on Ohio State.

Southern Methodist, leading the field in the practice grind, continues competition in the area. The Methodists play Hardin-Simmons at Dallas Wednesday and Thursday.

SMU is setting a fast pace. The Mustangs have won five out of six, including one decision over Brooke Army Medical Center which beats Texas A&M four straight games.

Baylor also has lost only one game, that being to Sam Houston State which Southern Methodist has licked twice.

Rice opened the season last week by slamming Ellington Field 16-6.

Texas also started the campaign but on a sour note—the Longhorns took an 8-5 drubbing from Baylor.

SUFFERS ARM LACERATIONS

John F. Neese, Highway Trailer Court, an employe of the Big Chief Drilling Company, suffered lacerations of the left arm Sunday when it was caught in a spinning rope while he was working on a rig. He was treated at Western Clinic-Hospital.

Irish Fete St. Pat From Erin To Korea

DUBLIN, IRELAND—(AP)—All over Ireland the celebrations honoring St. Patrick started early Monday. Thousands of Shamrock wearers in their holiday best trooped into the capital here from nearby villages and farms, seeking the best places to watch the two-mile parade down famed O'Connell Street. The parade here was the island's longest, loudest—there were half a dozen bands—and greenest. On a smaller scale, there were celebrations in every other town and village.

President Sean T. O'Kelly and members of the government led by Prime Minister Eamon de Valera, headed Dublin's colorful procession. The march ended at the City's Cathedral of St. Mary, where Archbishop John McQuaid sang a mass honoring the saint who brought Christianity to Ireland almost 1,700 years ago.

Football and other sporting events were held in the afternoon and scores of dinners and dances were on the schedule Monday night.

St. Patrick's flag—a red diagonal cross on a white background—flew over the Mansion House, official residence of Lord Mayor Andrew Clarkin.

NEW YORK—(AP)—An estimated 100,000 persons of all ages marched up Fifth Avenue Monday in the city's annual St. Patrick's Day parade.

Parade Chairman John J. Sheehan, with the same confidence he expressed every year, said the parade was "the biggest and best" of the 18 he has supervised.

The traffic stripe dividing Fifth Avenue was painted green along the route for the occasion. Some 3,000 police were assigned to watch the crowds.

Starting at 44th Street, the procession stretched two miles to 96th Street.

Gov. Thomas E. Dewey, Mayor Vincent H. Impellitteri and other officials were in the main reviewing stand between 64th and 65 Streets.

As in years past, Francis Cardinal Spellman and other Roman Catholic clergy reviewed the parade from the steps of St. Patrick's Cathedral between 80th and 81st Streets.

FIRST COMMONWEALTH DIVISION, KOREA—(AP)—Jaunty green shamrocks brightened the battle uniforms of every man in the Fifth Royal Inskilling Dragoon Guards Monday—in honor of St. Patrick.

The Irish greenery was flown to Korea in three special airtight containers, a present from the mayor of Inskilling.

Lt. Col. A. Carr, the regimental commander, ordered "something extra for dinner," free beer and games for his men to mark the feast day.

Officers Recapture Four Fugitives From Wichita Falls Jail

WICHITA FALLS—(AP)—Officers Monday captured in a Wichita Falls apartment two more of the five prisoners who climbed out of jail here Sunday on a knotted-sheet rope.

Two were captured soon after the escape. One remains at large.

The two taken about 9:30 a.m. Monday are Charles Richardson, 35, Abilene, and John Decker, 30, Wichita Falls.

Their only words when taken were "Who snitched?"

Officers went to the apartment with a search warrant. They had arrested a 21-year-old man and his wife Sunday, and the apartment had been left unlocked. It was found locked Monday. Richardson was found hiding in a closet and Decker in the bathroom.

The search continued in this area for Glen Childs, 25, Vernon; John Potter, 25, Burk Burnett, and Eddie Allison, 20, Vernon, were captured soon after the break.

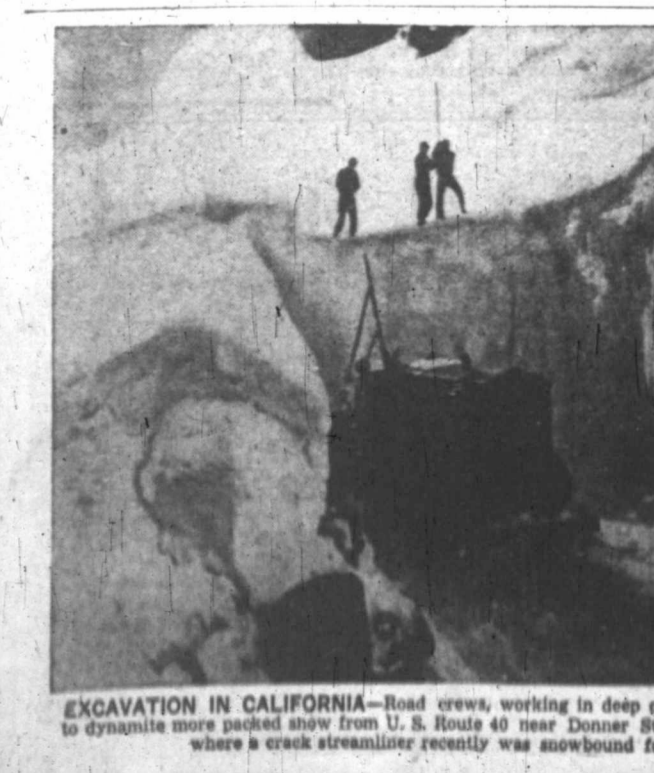

Vance said he believed somebody passed hacksaw blades to the prisoners during visiting hours last week.

WEEKEND VISITORS Mr. and Mrs. D. A. Hutcheson of Fort Worth were weekend guests in the home of their son and daughter-in-law, Mr. and Mrs. W. A. Hutcheson, 311 North C Street.

ODESSA MAN HURT William Wilkas, Odessa, a rigger for The Western Company, received a hip injury Sunday after a jack broke while he was jacking up a truck, causing the truck to fall on him. He was admitted to Midland Memorial Hospital for treatment.

MONKEY BUSINESS—Hugo, seven-month-old gorilla, enjoys being tickled by Mrs. C. B. Greer, Jr., of Houston, Tex. Hugo was captured by Mr. and Mrs. Greer in French Equatorial Africa. The \$6000 infant is attended by a doctor, not a veterinarian, and is fed a baby's diet. When he grows up he'll live at the Houston zoo.

EXCAVATION IN CALIFORNIA—Road crews, working in deep gravel cut in the snow, prepare to dynamite more packed snow from U. S. Route 40 near Donner Summit, Cal. The scene is near where a crack streamliner recently was snowbound for several days.

MIDLAND LEADERS AT TECH—Two of Midland's most outstanding students at Texas Tech look up for the cameraman prior to being recognized at Tech's sixth annual All-College Recognition Service. Both Larry Bedford, left, senior engineering student, and James McGraw, right, junior arts and sciences student, were recognized for outstanding leadership on the campus.

World Bank Fails To End Oil Crisis

TEHRAN, IRAN—(AP)—A World Bank team wrote "failure" Monday on the latest efforts to start Iran's oil flowing to the West as it and packed its bags for the trip home.

The talks with Iran's government broke down Sunday night in a deadlock and a spokesman of Iran's joint oil board announced "Negotiations are now ended."

Later, a government spokesman said he hopes that after the mission reports to officials of the bank in Washington, a solution to the oil disagreement still may be found.

The senate, obviously worried over the breakdown in the oil talks, sent a three-man delegation to ask Premier Mohammed Mossadegh what policies he now intends to follow. The delegations reports back to the senate on Wednesday.

The bank mission, headed by loan officer Hector Prudhomme, is to fly back to the United States later this week.

The oil board spokesman, Aly Shayaneg, said the bank team and his group could not agree on the use of British technicians, the bank's position in operating Iran's nationalized oil industry and the price to be paid for the oil.

The bank had hoped to operate the now-idle industry pending a final settlement between Iran and the British-controlled Anglo-Iranian Oil Company, whose vast holdings in Iran Premier Mohammed Mossadegh's government nationalized last year.

Mossadegh refused to allow any of the British technicians he ousted to return. The bank said it could not discriminate against technicians from any of its 50 member countries.

Shayaneg said Iran had wanted the bank, as operator of the oil properties, to act as her agent but that the bank wanted to operate the industry independently. This, said the Iranian, would have been an admission of the right of AIOC to operate in Iran.

HE SEES WITH JAUNDICED EYE LUBBOCK—(AP)—It happened at Texas Tech.

A student faced with a problem in a completion quiz that started off "Efforts to bribe a jury often result in..." filled in the blank with "success."

Air Mail Parcels To Armed Forces Get Weight Limit

Midland Postmaster N. G. Oates announced Monday the Post Office Department has placed a weight limit on air mail parcel post parcels which are sent to members of the armed forces with Fleet Post Office or Army Post Office addresses.

Oates said the Department of Defense requested the weight limit because of inability to handle the large quantity of packages.

Hereafter, any air mail parcel post package will not be accepted if it weighs more than two pounds or is more than 30 inches in length and girth combined.

Oates said the new weight limitations would affect air mail only. It will not apply to packages received from members of the armed forces.

Red Press Claims Western 'Jurists' See Germ Warfare

MOSCOW—(AP)—The Soviet press carried reports Monday from North Korea that "certain Western jurists" have confirmed as eyewitnesses Red charges that Americans are using germ warfare there.

Pravda quoted a spokesman for the group as saying at a press conference at Pyongyang that members had been in Korea more than two weeks and actually had seen the warfare since its beginning.

The paper, organ of the Communist Party, said they termed it a "serious crime against human morals."

The names of the "jurists" were given in Moscow papers only as Brandwener, an Austrian; Oaster, a Britisher; De Britto, a Brazilian; Mores, a Belgian; Jasker, a Frenchman; Cavalieri, an Italian, and Wasilkowska, a Pole.

All Patients Saved From Hospital Fire

ROCKY MOUNT, N. C.—(AP)—All 48 patients were evacuated safely Monday in a fire at the Atlantic Coast Line Hospital here. The flames, confined to the attic of the two-story, 31-year-old, brick and concrete 50-bed hospital, were controlled in 45 minutes.

Staff doctors, nurses and employees pitched in and evacuated the patients to other hospitals.

COTTON NEW YORK—(AP)—Monday noon cotton prices were \$1 to \$1.40 a bale higher than the previous close. May 40.85, July 39.65 and October 36.66.

ATTENDING CONVENTION Roy Parks, Midland, rancher, is attending the annual convention of the Texas and Southwestern Cattle Raisers Association in Fort Worth this week. He is a director of the association.

MEETING TIME CHANGED The San Houston Parent-Teacher Association will meet at 7:30 p.m. Tuesday in the auditorium instead of 8:45 p.m. as previously announced.

FATHERSONS VISIT HERE Cpl. Johnny Joe Patterson and his wife, the former Anna Lee Brooks, are visiting their parents here. Corporal Patterson is stationed at Greenville, S. C., with the Air Force.

Allied Jets Spray Death On Red Lines; U. S. Warship Hit

SEOUL, KOREA—(AP)—American Shooting Star jets sprayed frontline Communist troop and artillery positions with rockets, bombs and bullets Monday.

Pilots reported killing more than 75 Red soldiers, destroying 15 guns and 28 troop bunkers and damaging a tank.

Swift F-86 Sabre jets flying cover for the Shooting Stars exchanged shots with 12 Communist MIG-15 jets, but reported no hits. Sunday, Sabres destroyed three MIG's, probably shot down two and damaged eight in the first air battle in four days.

Communist shore guns hit the superstructure of the battleship Wisconsin, flagship of the U. S. Seventh Fleet, off Korea's east coast Sunday. Three sailors were injured slightly. Damage was described as superficial.

Jet Ace Heads Home The Shooting Star jets concentrated on Communist positions along the eastern and central fronts.

Other Fifth Air Force planes pounded North Korean supply lines, cutting Red rail lines at 86 points, destroying 28 supply buildings and knocking out a railroad bridge. Air Force headquarters said.

The only jet ace still in Korea, Maj. William T. Whisner, Jr., of Shreveport, La., flew his 100th mission Sunday. He will leave for Japan Tuesday enroute home. Whisner is the seventh American jet pilot to down at least five Red planes.

Ground action was minor Monday under a thawing Spring sun. Only light patrol clashes were reported by Eight Army headquarters.

One Allied division marked St. Patrick's Day by firing green smoke shells at the Reds.

Stock Show—

in the fine wool lightweight ranks. Judging of lambs in the pen division was continuing at noon.

L. Thier, area vocational agriculture supervisor of Big Spring, presided over the show.

It was his second straight year in this capacity and he found this year's entries better than those in 1951.

Judging of baby beef and commercial steers by County Agent Frank Newsome of Alpine was scheduled for 1:30 p.m. with 25 head expected in the ring. Eighty lambs were rated in the various divisions during the morning.

L. M. Hargraves of the Texas Tech agriculture department was to start the judging of fat hogs at the Midland Fair Park at 3 p.m.

Inclement weather failed to reduce the expected turnout of spectators at the show Monday morning.

County Agent Charles Green and J. R. Coffman, vocational agriculture instructor at Midland High School, called this year's livestock better in number and quality than had been anticipated for the first divorced county exposition. Hereafter, the county show had been the curtain raiser with the district exhibits coming the next day.

Third 'Hot' Trail On Schuster Killer Turns Cold Monday

NEW YORK—(AP)—Another "hot" trail turned cold Monday in the police hunt for the killer of Arnold Schuster, whose tip led to the arrest of bank robber Willie Sutton.

In the pre-dawn hours, police got a telephone call from a bar at Flatbush Avenue and State Street in Brooklyn. The caller said: "The man that killed Arnold Schuster."

It was the third man in two days on whom the manhunt spotlight had turned momentarily. Two definite leads collapsed Sunday, so did this one.

After police picked up the man at the bar, he became untalkative, refused to give his name, couldn't explain how he had "killed Schuster." The quizzing continued for hours.

Finally the man identified himself as William Barcock, 39, a machine adjuster for an envelope company, and conceded he had made up the story about Schuster.

Police said he told them he had a quarrel with his girl, had a few drinks, decided he would try to frighten her with the hoax.

Four Persons Hurt When Autos Collide

Four persons, including three members of one family, were hospitalized here Sunday as a result of a two-car collision at 12:50 a.m. in the 900 block of the Andrews Highway.

The accident occurred when a car driven by Mrs. Gaytha French Shawn, 23, 1903 North Big Spring Street, collided with an automobile driven by Victor Reyes, 1109 Dallas Street, as the Shawn vehicle attempted to make a left turn.

Admitted to Midland Memorial Hospital for treatment were Lupe Munoz, an occupant of the Reyes vehicle; Eyronne, 10 months old; Michael, two, and Gegory Lynn, four, all children of Mrs. Shawn.

The condition of all four persons injured in the accident was reported "good" Monday by hospital attendants.

Three Men Injured In Refinery Blast

LAKE CHARLES, LA.—(AP)—Three men were injured, one seriously, in a flash fire and explosion at the City Service Refinery here early Monday.

H. R. Smith, general superintendent of the plant, estimated damage at approximately \$10,000.

A fire which followed the blast burned more than an hour and was extinguished by plant firemen.

In serious condition was machinist Paul T. Price, 32, of Maplewood. Treated at the first aid station at the plant were J. Young and M. Darby, whose burns were reported to be minor.

Midland Elected To OU Student Senate

NORMAN, OKLA.—(AP)—Bill McGee, son of M. L. McGee, 724 Louisiana Street, Midland, Texas, has been elected to the Student Senate at the University of Oklahoma, as a representative from the College of Engineering.

McGee is a senior student, majoring in industrial engineering.

The Student Senate is the governing body of the students. Members are elected from the students of their respective school or college.

Hearing On Rate Hike Injunction Postponed

AUSTIN—(AP)—Trial of an injunction suit, seeking to block a general six per cent boost in interstate freight rates has been postponed until March 31 in 53rd District Court.

The Texas Industrial Traffic League is plaintiff in the suit against the Railroad Commission, which authorized the increase.

Belgium and The Netherlands were separated by treaties signed in 1839.

WHY
ARE CLASSIFIED ADS
SO LITTLE?
Classified Ads are little because they need not be big to get attention. Classified Ad readers are interested only in what the Classified Ads offer—not their size. Besides, a small Classified Ad costs very little. A 15 word ad for four days costs less than a carton of cigarettes.

All-Out War Is Declared On Mankind's Costliest Affliction, Common Cold

CHICAGO—(AP)—Medical science has declared all-out war on mankind's most widespread, costly and baffling affliction—the common cold.

The goal is to eliminate it entirely from the American scene, or, if that is impossible, to control and minimize it.

The nerve center in this big medical offensive is the newly organized Common Cold Foundation. It was set up last August as a non-profit enterprise to raise and disburse funds and investigate.

The job ahead promises to be long and expensive. Business and industry, which lose almost four billion dollars annually in production and services through absenteeism caused by the common cold, are expected to shoulder the cost.

Medical scientists will do the actual work in laboratories, universities and on special related projects, in several parts of the world, including the Arctic and tropics.

Texan Is President
Dr. Charles M. Hendricks of El Paso, Texas, president of the American Research and Education Foundation for Chest Disease, is executive director of the foundation. Dr. William A. Sawyer, medical consultant, Eastman Kodak Company, Rochester, N. Y., is president, and Dr. Frank R. Ferlino, medical director, General Motors Corporation executive offices, is secretary.

This is the way Dr. Hendricks looks at the job:

On the basis of present medical knowledge, it is impossible even to identify the common cold. Physicians and laymen apply the term

to various acute and chronic disorders of the air passage. No one knows what colds or how they can be cured or prevented. Although certain drugs may suppress symptoms, they do not alter the course of the disease.

There were an estimated four hundred million colds in the U. S. last year. Colds and their complications caused more illness and disability than all other diseases combined.

Because of colds, workers lost an estimated one billion dollars in wages in 1951. Manufacturers lost two billion dollars worth of production. Non-manufacturing business lost an estimated \$1,750,000,000 in services. Cold sufferers spent 400 million dollars on drugs and treatment.

Plan Drawn Up
The foundation is drawing up a long term plan to be guided by a research director. Directly under him will be medical and general consultants, full time specialists in various medical fields and a staff of full-time scientists.

There also is a board of directors of physicians and business men, a 16-member scientific advisory committee of the university physicians in the U. S. industrial companies.

The immediate aim is to get research work on the common cold started in various places and carried to completion where it already is underway. The foundation will finance some of the work with special grants. It also will coordinate the studies.

Here are some questions about the common cold the foundation hopes will be answered:

Is it caused by a virus? Researchers disagree on this theory.

Does sudden chilling make normal individuals susceptible?

Why do outbreaks of colds follow sudden weather changes?

Do worry or grief affect the nose and throat tissues?

Why do some families have colds every year while some of their neighbors escape?

Why do Eskimos in isolated areas develop colds after contact with apparently uninfected visitors?

Why does the same condition apply to isolated native tribes in the tropics?

Experts do not look for a simple solution. They believe a combination of many complex factors is responsible for the widespread disease.

Oil And Gas Log

(Continued From Page One)

Pegasus-Eilenburger field in Southwest Midland County.

Location is 800 feet from south and east lines of section 19, block 40, T-4-S, T&P survey. That makes it approximately 30 miles southwest of the city of Midland.

Drilling is to start at once. It is one location north of the nearest Eilenburger production in the field.

NE Schleicher Test Gets O&G Cut Mud In Pennsylvania

Delta Gulf Drilling Company No. 1 Blair M. Boyd, Northeast Schleicher County wildcat took a two-hour drillstem test in a Pennsylvania lime thought by some geologists to be Strawn at 4,620-51 feet.

Recovery was 83 feet of oil and gas cut drilling mud. There were no signs of formation water. The prospector is to make more hole.

Location is at the center of the northeast quarter of the northwest quarter of section 9, block H, GH&SA survey.

Had Free Oil
This wildcat had shown as a possible discovery in an upper Pennsylvania sand at 4,420-33 feet. A two-hour drillstem test on that interval recovered 810 feet of clean oil and 220 feet of heavily oil and gas cut drilling mud.

The exploration is contracted to 5,300 feet to test the Eilenburger. It is on a farm out from Southern Production Company.

Wildcat To 5,200 Feet Is Slated For NW Runnels Site

Murray Petroleum Company and G. W. Strake No. 1 Curry and David is to be a 5,200-foot wildcat in Northwest Runnels County at which operations are to start soon.

The drillsite is 2,320 feet, from south and 330 feet from west lines of section 102, block 64, H&TC survey.

That makes it eight miles north of Winters and one and three-quarter miles northeast of the North Winters field.

Atlantic To Drill South Stepout To Adair-Wolfcamp

The Atlantic Refining Company No. 5-B J. O. Jones is to be a try for production from the Wolfcamp reef above 8,600 feet on the south side of the Adair-Wolfcamp field in Centray-South Terry County.

It is at a site which is surrounded by producers from the San Andres-Permian above 5,600 feet.

Location is 1,800 feet from south and 1,810 feet from east lines of section 18, block C-31, psl survey. Drilling is to start at once.

The location is 15 miles east of Seagraves and approximately the same distance south of Brownfield.

Reds Accuse UN Command Of New 'Criminal' Attacks

MUNSAN, KOREA—(AP)—Communist truce negotiators Monday accused the UN Command of carrying out another "criminal" aerial attack on a prisoner of war camp in North Korea.

The Reds said a British soldier was wounded when an Allied plane strafed a camp near Changsong before dawn Sunday.

A second group of negotiators working on truce supervision began the thorny job of picking five ports of entry for troops and material on each side of the battle line following Communist acceptance of a UN "package deal" Sunday.

Chinese Col. Tsai Cheng-Wen said the Allied plane opened fire on the Changsong Prison Camp despite "conspicuous markings" on the tents. He admitted under questioning, however, that the camp was not lighted.

Prison Riots Cited
"It must be fiercely pointed out," Tsai said, "that while your side has massacred continually and at will the captured personnel of our side x x x your side has carried out successive bombing and strafing against the captured personnel of your side. x x x For these successive criminal acts, your side bears grave responsibility toward our side and the people of the whole world x x x."

Tsai's statement referred to two bloody riots at the UN Kojie Island Prison Camp Thursday 12 North Korean prisoners of war were killed and 26 wounded. February 18, '51 Korean civilian internees were killed and 129 were wounded.

Tsai lodged a strong protest Sunday declaring "Such barbarous massacres would not be further tolerated."

January 14, the Reds declared Allied planes bombed a prisoner of war camp at Kangdong, killing 10 Allied soldiers and wounding more than 60.

Polio Airlift Termed Success

A four-engine Air Force C-54 transport plane successfully carried Marjorie Halford and her iron lung from Midland Air Terminal to Houston Sunday.

The 24-year-old Odessa woman was moved without a hitch to the Jeff Davis hospital in Houston for further treatment of polio.

City Aviation Director Clyde Sharrer said the plane left Midland Air Terminal shortly before noon and was in Houston less than three hours later.

The flight was arranged by the National Foundation for Infantile Paralysis.

Junior Baseball Umpires To Meet

Prospective umpires for the Junior Baseball Leagues here this summer will meet at 7:30 p.m. Monday in the City Hall.

Lloyd Campbell, umpire-in-chief, will officiate.

ENTERS HOSPITAL
Anita Ortago, 401 North Dallas Street, entered Midland Memorial Hospital Sunday as a medical patient.

Production, Reserves Of Magnolia, Et Al, Climb During 1951

Socony-Vacuum Oil Company, Inc., of which Magnolia Petroleum Company is an affiliate, Monday released final 1951 figures showing a record net production of 76,000,000 barrels of crude oil in the United States last year. Averaging 209,000 barrels a day, the total exceeded that of 1950 by 15 per cent.

Despite these withdrawals, the company increased its domestic oil reserves by 159,000,000 barrels to a total at year's end of 1,650,000,000 barrels.

Large Expenditures Planned
Socony-Vacuum's additions to reserves are the result of its vigorous search in recent years for new domestic sources of supply. In the last five years the company has spent about half a billion dollars just to find and develop crude oil reserves in the United States and it plans to lay out about \$150,000,000 this year for the same purpose.

Last year the "Flying Red Horse" companies completed 58 exploratory or wildcat wells of which 24 produced oil or gas. Most significant discoveries were by Magnolia Petroleum Company in West Texas—in Andrews County, and in the Spraberry area—and by General Petroleum Corporation in the Big Horn Basin of Wyoming. Both Magnolia and General Petroleum are wholly owned by Socony-Vacuum.

In the oil and gas fields previously discovered, Socony-Vacuum drilled 726 development wells, of which 90 per cent were productive.

Held Much Acreage
The company reported that in addition to its productive holdings it has under lease in the United States about 10,500,000 acres located throughout the nation's promising oil regions. Included are some 2,500,000 acres under lease in the Williston Basin, which came into prominence last year as a new oil area.

Outside the U. S., Socony-Vacuum has further intensified its search for oil in Western Canada, increased its holdings there in 1951 to about 7,000,000 acres. One of the company's wildcat wells in the Canadian part of the Williston Basin found oil early this year.

BIRD GETS OPERATION
VICTORIA, B. C.—(AP)—Thomas Ward, a crippled newsboy who daily feeds pigeons, noticed one bird could no longer pick up food because of a malformed beak. Ward arranged for an operation on the bird and paid its "board" while being treated.

Three hundred constitutes a perfect score in bowling.

Mexico Banishes Communist Mural

MEXICO CITY—(AP)—Embarrassed Mexican officials have removed Diego Rivera's latest flagrantly Communist mural from the National Fine Arts Palace and tucked it out of sight.

The painting, which had been ordered by the government for an exhibit of Mexican art in Paris in May, already had been rejected for that purpose. It was put on display for the first time last week.

Titled "Nightmares of War and Dreams of Peace," the painting shows a benign Stalin and saintly-looking Mao Tze-Tung holding out a dove of peace to an evil-looking Uncle Sam, avaricious John Bull of Britain and a blowsy Marianne of France.

Behind the figures depicting the West are horrors of war. A firing squad, in what appear to be U. S. uniforms, is mowing down victims. An Asiatic soldier hangs bleeding from a cross.

Carlos Chavez, director of the National Institute of Fine Arts, who ordered the painting out of sight, said the mural "hurt various countries which are Mexico's friends."

"Its purpose and use are direct responsibilities of the government. Either we had to close the museum or remove the mural," Chavez added.

Rivera could not be reached for comment.

Such action against his work is nothing new to the world-famous leftist artist. In 1934 a mural he painted for Rockefeller Center in New York was effaced by its owners, who found it offensive. A storm of protest in the art world resulted. Another furor was caused in 1936 when a Mexico City hotel removed a satirical fresco that had in it the words, "God does not exist."

A cat's whisker, normally, are just the width of its body.

Lone Star Is To Lay Line To Schleicher, Sutton Gas Wells

Gas from wells in Southeast Schleicher County and Southeast Sutton County, now shut in, will augment the supply of Lone Star Gas Company by Fall.

The company is making preliminary engineering surveys for a 12-inch 35-mile line from the Page (Strawn) field in Schleicher County via Fullerton Oil Company No. 1 P. McIntosh in Schleicher to Shell Oil Company wells on the Duke Wilson and W. A. Miess ranches in Sutton County.

Pipe Alotted
Petroleum Administration for Defense (PAD) has approved pipe for the line, which is expected during the third quarter in 1952, according to J. L. Foster, General Superintendent of Lone Star's transmission division at Dallas.

Laying of the line, to cost an estimated \$600,000 to \$650,000, is expected to require 30 to 40 days.

The system will be an extension of Lone Star's 8-inch, 46-mile line that moves gas from the Page field to San Angelo.

To Use Fullerton Well
Newest of the wells to be tapped is Fullerton No. 1 P. McIntosh 5 1/2 miles south of the Page field. It has been completed with a daily potential of 13 million cubic feet of gas, spraying distillate at the rate of one barrel hourly. Production was through perforations from 5,730-56 feet in 5 1/2-inch casing following treatment of the Strawn with 600 gallons of acid.

shows a benign Stalin and saintly-looking Mao Tze-Tung holding out a dove of peace to an evil-looking Uncle Sam, avaricious John Bull of Britain and a blowsy Marianne of France.

2,000 Expected At Cattlemen's Meet

FORT WORTH—(AP)—Directors of the Texas and Southwestern Cattle Raisers Association met here Monday in advance of the group's annual convention, which starts Tuesday.

More than 2,000 cattlemen and their wives were expected here for the 75th annual convention of the association.

REDS KEEP UP WITH JONESES

The largest organization of livestock producers in the nation, the association was formed in Graham in 1977 and now has more than 9,000 members.

If the earth rotated on its axis 18 times faster than it does, we would be thrown off into space if we went too near the equator.

PANMUNJOM, KOREA—(AP)—Communist truce negotiators aren't going to let anyone get ahead of them, inside or outside the conference tent.

Last week the UN Command planted 54 small pine trees along the paths leading to tents used by the Allied delegation.

Monday, Communist soldiers spent the day laboriously laying bright red bricks along the edges of walks to the Communist tents.
