

Mrs. Redfern, Hardie, Jowell Win Trustee Posts

Ike Runs Wild In Presidential Poll

Voters of the Midland Independent School district went to the polls in record-breaking numbers Saturday to elect three school trustees and put their overwhelming stamp of approval on Gen. Dwight Eisenhower for President of the United States.

Named to the school board by the more than 1,300 voters who cast ballots were:

Mrs. John J. Redfern, Jr., Midland housewife, club worker and former school teacher.

Thornton Hardie, Jr., Midland attorney.

J. Holt Jowell, independent oil operator, who was reelected to serve another term.

Mrs. Redfern led the ballot with 985 votes while Hardie polled 936 and Jowell 667. Lynn D. Durham with 439 votes and Hugh A. West with 439 trailed the ticket.

The 1,309 votes was believed the largest number ever cast in a school board election here.

Part of the heavy turnout was credited to interest in the special election.

(See Pictures, Page Seven)

presidential preferential vote conducted by the League of Women Voters of Midland.

More than 1,100 persons cast their ballots in this election, conducted in the same room as the school trustee balloting.

They indicated that Midland, too, likes Ike.

The general picked up 715 votes, approximately 65 per cent of all the votes cast, while the rest were scattered among the other 10 listed on the ballot and the seven write-in candidates, including two Midland "favorite sons."

Senator Robert Taft ran second in the presidential preference-but he was far behind General Eisenhower and he picked up only 197 votes. Senator Estes Kefauver drew almost as well with 107 votes.

The voting for the three listed on the ballot included, among the Republicans, General MacArthur 34, Earl Warren 23 and Harold Stassen four, and among the Democrats, Richard Russell 47, Adlai Stevenson 26, Robert Kerr 12, Alben Barkley 10 and Harry Byrd four.

The write-ins included two Midland men - County Democratic Committeeman W. A. Yeager two, and Attorney Tom Sealy one.

Other write-ins included Sam Rayburn two, Allen Shivers one, Harry Vaughn five, Frank Costello two and William O. Douglas two.

The new school board members will take office at the regular meeting Tuesday night.

White Jowell returns for another term. Mrs. Redfern and Hardie will replace Mrs. Ernest Sidwell and Cooper Hyde, who did not seek reelection.

Electrical Accident Is Fatal To Odessan

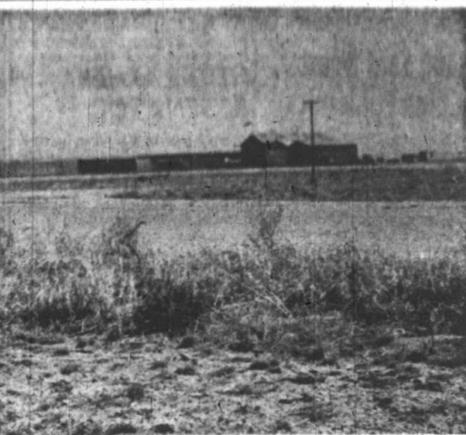

ODESSA (AP)—Charles E. Wilson, 30, a carpenter, was electrocuted Saturday when current flowed downward through a crane cable from a 2,300-volt power line.

Wilson was holding a chain attached to the crane.

Applegate, Dunagan Selected In Ward

MONAHANS—Dr. F. M. Applegate and Mrs. Kathryn Dunagan were elected Saturday as new trustees for the Monahans-Wicket school district. They will replace Jack Edwards and Slick Hogg, who did not seek reelection.

Dr. Applegate led the five-candidate list with 679 votes. Mrs. Dunagan polled 604. Other totals were: E. L. Kent, 510; Coy Hughes, 176, and Lena Brown, 41.

(Official Air Force Photo)

AIR FORCE MOVES IN ON AIRPARK—One of the first T-28 training planes of the type which will be used here is shown landing at Midland Airpark. The North American trainers, flown by instructors at the Big Spring Air Force Base, are making routine familiarization flights between here and Big Spring and, with the base scheduled to open Sunday, flying cadets will be using the field within the next few days.

City Dads, Irate At Airpark Recapture By Air Force, Talk Of Abandoning Field

By COPE ROUTH Reporter-Telegram Staff

The City of Midland, unable to keep out the Air Force, is about ready to give up on its Air Park and, at the earliest opportunity, plow it back into pasture land.

That attitude became apparent last week as city officials watched the first training planes from the Big Spring Air Force Base begin making regular landings at the city's No. 1 airfield north of the city limits.

"It will cost us an average of \$50,000 to \$60,000 annually to maintain the field and keep it in repair," City Manager W. H. Cawalt told members of the City Council Thursday afternoon.

"And its civilian use will not bring in that much revenue. The land itself, as the city grows in that direction, is of more value to us than the airfield would be."

It appears, ironically, that the government's insistence on the use of the field by the Air Force may have opened the door to its abandonment.

Airpark was used under lease by the Air Corps during World War II as an auxiliary field to the Midland Army Air Base. After the war, the city regained the field under an agreement with the government that it would maintain it as an airfield.

This is the agreement under which the Air Force exercised its right to recapture the field on a joint use basis as an auxiliary to the Big Spring base.

City officials now have raised the question of whether this recapture ends the life of the agreement, leaving the city no longer obligated to maintain Airpark as an airfield.

In the absence of another agreement—and the city officials have indicated they would be unwilling to negotiate one of a similar nature—the city presumably would be free to abandon Airpark when its use no longer is required by the Air Force.

The recapture of the field by the Air Force has raised other points which have been examined by the city.

For instance, the city has entered into a contract with The West Texas Flying Service for the use of the field on a non-exclusive basis. Under this agreement, if the city should terminate the contract, it is obligated to buy the flying service's improvements.

Hal Rachal, Midland attorney and one of the operators of the flying service, recently told the City Council his improvements there are worth \$60,000 or \$70,000.

The question facing the city is this: If the Air Force should take over the field completely, would the government or the city have to purchase the flying service's improvements at Airpark?

Also involved is the city's application for \$75,000 from the Civil Aeronautics Administration for repairing wartime damage to Airpark.

This matter now is pending and there still are a few technical requirements to be met before the field can be approved by Congress.

This \$75,000—or whatever amount finally is approved—would not be handed the city in a lump sum but would be delivered strictly as improvements are made.

The city, for instance, had in mind resurfacing the runways at Airpark and being reimbursed from the grant for the expense.

But now the city appears unwilling to do any repair work or make any improvements, inasmuch as the Air Force has taken over at least partial use of the field and the government is not willing to enter into an agreement acceptable to the city for the sharing of maintenance costs.

A staff of Air Force and Corps of Engineers officials conferred at length 10 days ago over such an agreement and no meeting of minds ever was reached.

Subsequently, not only Cawalt but Mayor Perry Pickett and other members of the Council have expressed a hands-off attitude.

"I believe we'll come out better," said Cawalt, "if we just don't enter into any agreement and let them come on in, even over our protest."

"Let's just let them come on in," said Councilman Jack Wilkinson. "Let them pay us whatever they want to and let them take care of the field."

Meanwhile, the Air Force has "come on in."

Three Air Force officers and one Corps of Engineers representative officially "moved in" eight days ago and last week the first planes started landing.

The landings are being made currently by instructors making familiarization flights but, with the base scheduled to begin training operations Sunday, the students themselves within a few days will be buzzing in the skies around Midland.

LATE NEWS FLASHES

MUNSAN, KOREA (AP)—Truce negotiators took just three minutes and 68 words Sunday to decide they had nothing new to say—for the time being—on the deadlocked problem of Korean armistice supervision, then adjourned until Monday.

SANTIAGO, CHILE (AP)—The United States and Chile will sign a mutual military aid agreement this week, a Foreign Ministry spokesman announced Saturday night.

SEOUL (AP)—Allied troops fought off a dozen light Communist probing attacks Saturday night all across the 155-mile Korean front, then early Sunday regained an advance position lost during the night near Yonchon, in the west.

MOSCOW (AP)—Prime Minister Stalin conferred more than an hour and a half Saturday night with Indian Ambassador Sarvepalli Radhakrishnan on Asian and international questions.

Two Escape Injury In Plane Flipover

Two men escaped injury Saturday afternoon when the small plane in which they were riding flipped over as they were taking off at Midland Air Terminal.

The men were identified as F. L. Richardson and his brother, L. E. Richardson, both of Albuquerque.

The Civil Aeronautics Administration office here said one of the wheels locked, the plane skidded off the runway and then flipped over on its back.

Officers Drive On Jay-Walkers

Police began cracking down Saturday on jay-walkers.

Police Lt. Jack Truman issued instructions for the men in his traffic division to begin warning pedestrians to refrain from crossing downtown streets at any place other than the marked intersection crosswalks.

He said officers were visiting each place of business and explaining the ordinance prohibiting jay-walking will be enforced.

He said "several" violation tickets already had been issued.

Two Of Three Crane Trustees Keep Posts

CRANE—Two incumbents were renominated and a third replaced as Crane held its school trustee election Saturday.

O. E. Scott and K. P. Looney will continue on the board. The new member will be Joe Byrd. F. D. Husted, third incumbent asking reelection, was defeated.

More than 500 votes were cast in Crane with 150 recorded at the Sandhill Community west of Crane.

Individual totals were: Looney, 338; Scott, 287; Byrd, 278; Husted, 248; Lofton Bragg, 248; Steve Thomas, 216, and W. R. Edwards, 137.

General Eisenhower confers with Senator Lodge, "The-for-President" campaign manager, at his SHAPE headquarters near Paris.

return to the United States also was discussed with Senator Lodge. The general will have a certain amount of reporting to do to the Pentagon and the President and Congress in Washington before he takes off his

uniform and becomes a civilian politician.

He already has two tentative dates in the U. S.

One is to be present at the cornerstone laying for the Eisenhower Foundation building in Abilene, Kan., June 4. "This is the edifice which will house all of Eisenhower's war records and trophies—swords, medals, historical correspondence and orders. Eisenhower has assured Kansas Gov. Edward F. Arn that he will be present for the cornerstone ceremonies barring only an international emergency.

General Eisenhower's second commitment is to be present at the American Assembly, sponsored by Columbia University, at Tuxedo, N. Y., May 18-22.

Aside from these two dates, the General's schedule in six to eight weeks before the Republican Convention opens in Chicago July 7 largely is in the hands of his manager.

Lodge, as top national campaign manager, will make a tour of Middle Western and Southwestern states during the week of April 15. He is expected to work out strategy for Eisenhower.

Five Die As Plane Crashes In Queens

NEW YORK (AP)—A low flying cargo plane, loaded with Easter flowers, smashed into the heart of the residential Borough of Queens Saturday, killing five persons and turning a block-long stretch of homes into flaming terror.

The twin-engine C-46 dived out of a heavy rain with a thunderous explosion.

It was the fifth airplane accident of its kind in the metropolitan area in less than four months and brought the total of dead to 134.

Killed Saturday were the plane's two crew members, a police inspector and two occupants of houses set afire.

Just as demands were made after three horrible crashes at Elizabeth, N. J., for the closing of sprawling Newark Airport, civic groups Saturday called for the closing of nearby International (Idlewild) Airport and La Guardia Field. Planes from both must fly over Queens, huge residential borough of New York City. Newark Airport has been closed since the last Elizabeth crash on February 11.

Saturday's accident occurred at 7:25 a.m. (CST) as the cargo plane was attempting to land at International Airport.

Craft Splits Apart

The plane tore through a two-story home and then split apart. The blazing fragments hurtled into three other houses.

One wing slapped a cruising police car, killing a police inspector inside. Fire and smoke engulfed the whole block.

The plane, trying to recover from an abortive landing attempt at International Airport, thundered low over the roof of a half-mile stretch of buildings, then crashed with a bomb-like explosion in Jamaica.

"A great ball of whirling flames surrounded the plane as it came down," said William Boyle, an eyewitness. "It was well off before it struck."

"I heard people shouting, 'Get out of the houses! Get out of the houses!'" said Mrs. John Hughes, a resident. "I ran."

Many leaped from windows, as gasolene-fueled flames and blinding clouds of smoke rose over the block. Hospitals counted six injured seriously. Improvised first aid stations treated dozens of others.

Misses Apartment House

The plane narrowly missed an apartment house occupied by 250 persons. Police said it had hit 100 feet away the death toll would have been in the hundreds.

The plane, owned by U. S. Airlines, a cargo carrier, had tried to land at New York International Airport on Queens' south edge, but overshot the field.

"It looked as if the wings folded down just before the plane hit the house," said Fred A. Woop, a metalworker. "There was a big flash."

Wind Without Sand Forecast For Sunday

Winds will pick up in the Midland area Sunday but velocity isn't expected to be sand-creating.

Anyway, that's the outlook from the CAA observers at the Midland Air Terminal. Some high cloudiness is expected.

Higher temperatures are forecast with extremes fixed at 45 and 80 degrees for Sunday.

SCURRY COUNTY GOES BONE DRY

SNYDER (AP)—In the latest vote in Scurry County history, the "drys" Saturday succeeded in keeping prohibition in force. The election outlawed the sale of both beer and whisky. Dry votes numbered 3,189 to a "wet" count of 2,253 in complete returns from 19 of 29 boxes.

Scurry County has been dry since 1910. The "wets" gained a temporary and partial victory in May, 1950, when they legalized the sale of beer. But that, too, was outlawed Saturday.

Question Raised

City officials now have raised the question of whether this recapture ends the life of the agreement,

leaving the city no longer obligated to maintain Airpark as an airfield.

In the absence of another agreement—and the city officials have indicated they would be unwilling to negotiate one of a similar nature—the city presumably would be free to abandon Airpark when its use no longer is required by the Air Force.

The recapture of the field by the Air Force has raised other points which have been examined by the city.

For instance, the city has entered into a contract with The West Texas Flying Service for the use of the field on a non-exclusive basis. Under this agreement, if the city should terminate the contract, it is obligated to buy the flying service's improvements.

Also involved is the city's application for \$75,000 from the Civil Aeronautics Administration for repairing wartime damage to Airpark.

This matter now is pending and there still are a few technical requirements to be met before the field can be approved by Congress.

This \$75,000—or whatever amount finally is approved—would not be handed the city in a lump sum but would be delivered strictly as improvements are made.

The city, for instance, had in mind resurfacing the runways at Airpark and being reimbursed from the grant for the expense.

But now the city appears unwilling to do any repair work or make any improvements, inasmuch as the Air Force has taken over at least partial use of the field and the government is not willing to enter into an agreement acceptable to the city for the sharing of maintenance costs.

A staff of Air Force and Corps of Engineers officials conferred at length 10 days ago over such an agreement and no meeting of minds ever was reached.

Subsequently, not only Cawalt but Mayor Perry Pickett and other members of the Council have expressed a hands-off attitude.

"I believe we'll come out better," said Cawalt, "if we just don't enter into any agreement and let them come on in, even over our protest."

"Let's just let them come on in," said Councilman Jack Wilkinson. "Let them pay us whatever they want to and let them take care of the field."

Meanwhile, the Air Force has "come on in."

Three Air Force officers and one Corps of Engineers representative officially "moved in" eight days ago and last week the first planes started landing.

The landings are being made currently by instructors making familiarization flights but, with the base scheduled to begin training operations Sunday, the students themselves within a few days will be buzzing in the skies around Midland.

Lt. James A. Van Fleet, Jr., Only Son Of Eighth Army Boss, Missing In Korea

SEOUL, KOREA (AP)—Lt. James A. Van Fleet, Jr., 26-year-old only son of the U. S. Eighth Army commander, was listed by the Fifth Air Force Saturday as missing in action on his third night bombing mission.

Young Van Fleet, and his two-man crew failed to return Friday from a strike near Suncheon in Northwest Korea. With him were Lt. John A. McAllister of Portland, Ore., navigator-bombardier; and Airman 1st Ralph L. Phelps of Bemidji, Minn., engineer-gunner.

Young Van Fleet and his crew went out Thursday night, but radioed they were diverted from their target—a rail center—by fog and low clouds.

At 3:15 a.m. Friday, Van Fleet reported his fuel supply was too low to permit a strike on a secondary target. It was the last message from the B-26 twin-engine bomber.

An Air Force spokesman said the bomber should have had enough fuel to last until 4:30 a.m.

Hundreds of planes searched Friday and Saturday, dumping bombs on Communist supply lines as they ranged over the target area. The search was called off Saturday night.

Gen. J. Lawton Collins, Army chief of staff, notified the young officer's mother at her home in Long Beach, Calif. Young Van Fleet, a West-Point graduate, and his wife were separated. She and their son, James, reside in New York City.

For calculators, remember FRIENDEN Figure Faster. Call Baker Office Equipment Co., Phone 4-0608, 511 West Texas.—(Adv.)

The general, in a statement which included a letter from young James to his mother, commented:

"We gather strength in this trying hour, knowing that Jim was on a mission of righteousness, and that almighty God is with us throughout. We have unbounded hope for his safety and final return to our side. Personally, I expect to remain in Korea, where I shall rededicate myself for a greater individual effort."

The letter from young Van Fleet to his mother said in part:

"The time has come that your husband needs my support in carrying out America's fight for the right of all men to live without fear. Do not pray for me, but for my crew, who are not professional men but civilians whom the United States called upon to defend their homes in this moment of need.

"They have wives who wait for their return, families not yet started. I will do my best. It is my duty at any time . . ."

Free Bus Ride Is Feature Of Easter DOLLAR DAYS

SDOLLAR DAYS—Easter SDOLLAR DAYS—will be observed here Monday, and as a special feature of the occasion, free bus transportation to downtown Midland is offered women shoppers of the city.

The free transportation is offered through the courtesy of the Midland Transportation Company and The Reporter-Telegram. A coupon appearing elsewhere in this issue will entitle a woman to ride downtown free between 8:30 a.m. and 10:30 a.m., and between 1 p.m. and 2 p.m. Monday. Just clip the coupon and present it to the driver of any Midland Transportation Company bus.

Most retail firms of the city are participating in the Easter SDOLLAR DAYS—offering numerous specials designed to attract larger than usual crowds of Midland and area shoppers. Many of the specials are advertised in this issue of The Reporter-Telegram.

Easter merchandise is emphasized in the city-wide sales event, but the specials also include hundreds of Spring and Summer items. Merchants are determined to make this the largest and best SDOLLAR DAYS in the long and successful history of Midland SDOLLAR DAYS.

Monday is SDOLLAR DAYS in Midland. Everyone is invited. Ride the bus FREE and then take advantage of the many dollar-saving values offered by participating merchants in Midland's Easter SDOLLAR DAYS.

### 50,000 Said Dead In China Epidemics

TOKYO — (AP) — The United Nations Command said Saturday there is increasing evidence that epidemics sweeping across Communist China have claimed 50,000 lives and stricken as many as 400,000 persons.

A "Voice of the United Nations Command" broadcast beamed to Korea and China did not give the source of the figures and it gave none for Korea.

All offers of aid from the United Nations and the Red Cross have been turned down, the broadcast said, not by China but by the Soviet Union.

The reason is simple the broadcast said. "The Kremlin is simply afraid to let the free world see the incompetence, negligence, and medical impoverishment of the Communist 'Utopia'."

The Allied radio said Red charges that the UN is dropping deadly germs on Korea and China may turn into a "gigantic boomerang."

The "outlandish series of fantastic charges" of germ warfare are becoming more unbelievable, even to Soviet sympathizers, the broadcast said.

### Carlsbad Recluse Leaves Fortune In Junk-Strewn Shack

CARLSBAD, N. M. — (AP) — Norwegian-born John H. Orham left a fortune of \$43,400 in the junk-littered shack where he lived here as a recluse.

The 62-year-old electrician died last week in an auto-bus collision. In the litter of his one-room shack, authorities found a \$400 bank account, a certificate of a \$21,000 deposit with an Amarillo stock broker and \$22,000 in government bonds.

A native of Varalby, Norway, Orham is believed to have a brother and sister living in Norway. The Norwegian government has appointed a Carlsbad attorney to look after their interests.

Orham had lived in Carlsbad about 12 years, working until January as an electrician at a potash mine. He is reported to have held an engineering degree from the University of Berlin.

### Judgment Motions Hearing Scheduled In Damages Suit

Motions for judgment in a suit for damages against the Jones Butane Service—a suit tried last week before a district court jury here—have been set for hearing on April 23 by Judge Charlie Sullivan.

The date was set after a 12-man jury returned a verdict ruling in favor of Mr. and Mrs. Donald A. Elliott on seven out of eight special issues contained in the formal charge and setting damages at \$30,000.

The Elliotts were owners of a house on North Main Street, which was damaged by an explosion in 1949. The jury's verdict awarded the Elliotts \$6,000 for damage to their home and \$14,000 for injuries to Mrs. Elliott.

## Irene Dunne Finds TV Filming As Exciting As For The Movies

By ERSKINE JOHNSON  
NEA Staff Correspondent

HOLLYWOOD — Behind The Screen: Other movie queens may shrink, cower and hedge, but Irene Dunne's glowing about her brand-new career as a television star.

Irene's the biggest Hollywood star to date to sing the "I-love-TV" song and told me on the "It Grows on Trees" set at U. I.

"I love it! Making films for TV is as exciting as making them for theaters. I have nothing against live television either, though I'd rather see a good, finished product on film."

The star has completed 13 films in the "Irene Dunne Television Theater" series, has another 13 to do, and wants it known that she does a lot more than stand against a curtain and introduce other actors for the big check and percentage she receives.

Her prologue stints give her a chance to do bright, sparkling comedy, and she's saying that she plays a scene with a chimpanzee escort in a night club sequence.

Publicity release: "Alan and Sue Ladd celebrated their 10th wedding anniversary. They gave each other gun rocks."

(Gun rocks?)

Charles Laughton sings in "Abbot and Costello Meet Captain Kidd" and Lou says: "He sounds like Leo Durocher serenading an umpire."

Marilyn Monroe's September-Morn pose of a calendar gives her the off-screen - pin-up-of-the-year title, but Mary Castle's got the pin-up-girl role of the year.

Gorgeous Mary, a dead ringer for Rita Hayworth, plays a G's dream girl in "The Dirty Dozen" wearing only negligees, evening gowns and bathing suits!

Judy Garland's favored by the Fannie Brice estate for the starring role in her film biography.

The Bob Lemons—his Cleveland pitching ace—have dated the stork for the third time.

One Woman Is Enough

One woman in Marie Wilson's professional life (Cathy Lewis on the "My Friend Irma" show) is enough. That's Marie's explanation of why she turned down an offer to do a movie with Ros Russell this summer. Says Marie: "I love Ros, but I just couldn't work with another woman."

Producer Sam Katzman to John Derek about the bare-torso advertising pictures for "Prince of Pirates":

"You've seen the ads for 'A Streetcar Named Desire.' Well, we want you to look like a frontwards Marlon Brando."

Director Lloyd Bacon told a friend about the promising young actress whose career was ruined when she was discovered by a big producer.

"But that should have helped her career," said the friend.

"Yeah," said Bacon, "but you don't know what the producer discovered her doing."

"The Fighter," starring Richard Conte and produced by Alex Gottlieb, is a sneak preview bell ringer. The fight sequence out-socks the one in "Champion" . . . "The King Solomon's Mines" influence is still with us. Now it's a herd of a thousand reindeer stampeding over

### HE'D RATHER BE SENATOR

RICHMOND, VA. — (AP) — The Richmond News Leader Saturday quoted Senator Richard B. Russell of Georgia as saying he would rather be senator than vice president of the United States.

Asked by a reporter in a telephone interview how he regarded speculation on a Stevenson-Russell ticket, with Gov. Adlai Stevenson of Illinois as the presidential candidate, Russell laughed and said:

"If they turn the ticket around, that would be all right with me."

"The inactivity of being vice president where I couldn't engage in debate would be frustrating after debating as I have for the past 30 years in the Senate," he said.

Margaret Truman  
Bob Hope's definition of a miracle: Margaret Truman singing the National Anthem at the GOP convention.

DENVER MINT BOSS DIES  
DENVER — (AP) — Moses E. Smith, 68, superintendent of the U. S. Mint in Denver and a former state legislator, died early Saturday following a heart seizure.

The hum of a bee is made entirely by the wings.

**Louisiana Purchase Stamp Issue Proposed**

WASHINGTON—(AP)—Representative Boggs (D-La.) has proposed a special three-cent stamp to commemorate the 150th anniversary of the Louisiana Purchase.

The Louisiana Territory was purchased from France Oct. 21, 1802. Boggs proposed the legislation Friday.

Kentucky has 3607 miles of railroads, Tennessee 3491 miles.

**New Telephone Company Manager Named In City**

Roy D. Golston, Jr., of Dallas has been named manager of the Southwestern Bell Telephone Company here, effective immediately, Billy G. Yeatts, company district manager, announced Saturday.

The new manager replaces Albert W. Case, Midland telephone manager for the last three and one-half years, who has been appointed relief manager of the company in Fort Worth.

Golston comes to Midland from Southwestern Bell's state headquarters office in Dallas, where he was a commercial staff assistant. As manager here, he will be in charge of all telephone business matters in the city.

The new manager is a native of Mineral Wells and a graduate of

Albert W. Case

Texas A&M College. During World War II he served in the Philippine Islands and Japan as a staff sergeant with the U. S. Armored Force.

Following the war, Golston joined the telephone company in 1948 in Fort Worth as a salesman. In 1949 he was named communications engineer there, and in October of the same year went to Dallas to serve on the company's state headquarters staff, his position until the present promotion.

Golston is married and has two daughters—Bonnie Joan, three, and Nancy Gail, one. He is a member of the Christian Church. The Golstons will move to Midland in the near future.

**House Panel Denies Funds For Additional Border Patrolmen**

WASHINGTON—(AP)—The House turned down an Immigration and Naturalization Service request for \$3,001,000 to expand its Mexican border patrol operations.

By a vote of 196 to 95, it Friday adopted an amendment by Representative Fisher (D-Texas) striking that amount from a general appropriation measure for the Justice Department.

The sum was asked to hire about 400 more border patrolmen for the year starting July 1. The service now employs about 700 patrolmen.

**Fort Worth Grain Dealer Draws Fine, Prison In Shortage**

AMARILLO—(AP)—Herman Dawson, youthful Fort Worth grain dealer, received a total of \$15,000 in fines and three years in prison for conviction of putting government-owned grain to his own use.

Federal Judge Joe B. Dooley sentenced the 36-year-old president of the Plains Grain and Storage Company to three years each on eight counts of a 16-count indictment, but the sentences run concurrently.

He received a three-year suspended sentence—at the end of the three year prison term—on the remaining eight counts.

Three counts of the indictment brought him fines of \$5,000 each. Dawson was accused of selling 69,718 bushels of wheat and 9,303,987 pounds of milt that had been stored in his warehouses by the Commodity Credit Corporation.

The nattily dressed businessman, a member of two exclusive Fort Worth clubs, broke down and cried when he was convicted March 5.

He testified he had gone broke in the grain business and virtually was forced to sell the grain stored in war surplus buildings at the Amarillo Army Air Base and the Pantex Ordnance Plant near Amarillo. His attorneys tried to convince the jury the shortages resulted from moisture, shrinkage, insects, rats and beatings.

**MIDLAND SPEAKER — Dr. J. Howard Williams**

Dr. J. Howard Williams of Dallas, state secretary for the Texas Baptist Convention, will speak at Sunday services of the First Baptist Church here. The Rev. Vernon Yearby, pastor, is holding a revival at Urbandale Baptist Church in Dallas.

**EARLY EXAMINATIONS**

The oldest known system of examinations was that used in China for the selection of officers for the public service, according to the Encyclopedia Britannica.

**Front Street Project Bids To Be Opened On April 16**

AUSTIN—(AP)—Road work that will cost approximately 11 million dollars will be bid on here April 15-16.

The Highway Commission announced it would take bids those days on construction and improvement contracts for 844 miles of highways.

Much of it will be seal coat work on long sections of road, said D. C. Greer, state highway engineer. This, he said, is part of the 16 million dollar plan to save existing highways from further deterioration.

Also included was 283 miles of new farm roads and 49 miles of work on primary roads.

Bids to be taken April 18 include these jobs by counties:

Hockley and Cochran—farm roads 890, 1779, 1894, 1169 and 1780, 2740 miles grading, structures, base and surfacing from south city limits of Sundown to First Street; from Lehman north to farm road 1169; from State 214 south of Lehman to 32

miles west; from Farm Road 1578 east 2.3 miles; from Morton east and south to State 290 near Whiteface.

Garza, Lynn, Lubbock, Hockley, Terry, Hale and Yoakum—U. S. 84, U. S. 380, U. S. 62, State 137, Farm Roads 211, 594, 396, 409, 435, and 45—123.49 miles seal coat from Post to Justiceburg Bridge; from Justiceburg Bridge to Scurry County line; from two miles east of Terry County line to three miles west of Tshoka; from Lubbock County line to Terry County line; from State 81 to Lynn County line; from Cotton Center to Farm Road 841 from Farm Road 396 at Benislet east to Terry County line; from 2.5 miles north of U. S. 84 at Slaton to 2.5 miles south; from Farm Road 396 near Bennett north to U. S. 380; from State 328 north through Allred and east to State 214.

Bids will be taken on April 16 on these jobs, by counties:

Midland—U. S. 80 and alternate, 3.4 miles, grading, structures, flexible base and asphaltic pavement from near east city limits of Midland to west city limits.

Scurry—Farm Road 1606, 8.7 miles west of Snyder to 8.7 miles south-west.

**DOGGY DISCUSSION**

The dog probably was the first animal to be domesticated by man. It happened so long ago that the dog's origin is rather obscure. Most important ancestor of the modern dog seems to have been the wolf.

**"There is no Incurable Disease"**

But they cried, saying, Crucify him, crucify him. —Luke 23:21.

Basic Issue Involved

Most reaction to the resignation of Defense Mobilizer Charles E. Wilson stresses the immediate effect of this move on the steel wage negotiations.

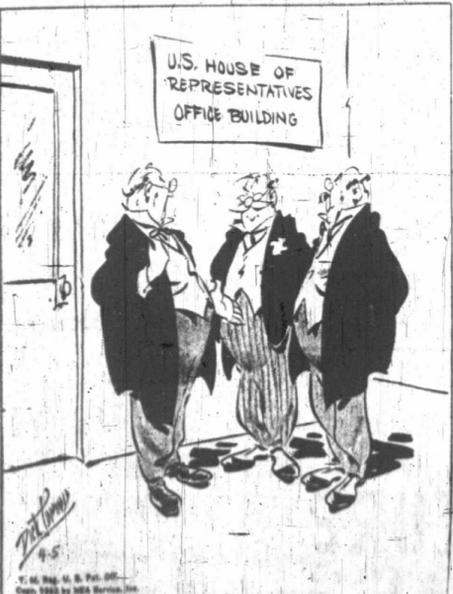

His departure hardly will serve to encourage other men of business attitude to make the same sacrifice.

The President glibly declared he thought the increase could be paid for out of the "extraordinary high" profits of the steel companies.

Despite these facts, Truman has in effect pre-judged the companies' case with an offhand opinion that they haven't a leg to stand on.

Wilson is a man who believes stability means stability. He has had the courage to stick by his guns throughout his Washington stay.

CARNIVAL

"It's difficult enough to get good men to run for public office without this ban on TV in committee hearings!"

Heaven Help An Author On A Night Like This

The Washington Merry-Go-Round

Copyright, 1952, by The Bell Syndicate, Inc. Draw Pearson says: Charles E. Wilson's General Electric Company gave some wage boosts as recommended for steel.

WASHINGTON—While the press front-paged Charlie Wilson's angry exit as mobilization chief, the man who did most to cause the exit kept out of the headlines.

Lashing out at his former boss, Feinsinger told the Wage Stabilization Board's side of the steel dispute.

"It's been about fifteen months since the steelworkers had an 'adjustment,' Feinsinger read from the General Electric newsletter.

"This is Mr. Wilson's old company," Feinsinger remarked to the Wage Board chairman.

"The American public believes that what the Wage Stabilization Board is doing is just blowing the lid off the whole stabilization program," remarked Senator Humphrey of Minnesota.

"We haven't told this story to the public because there have been lots of other people talking in the last few days. I had hoped our turn would come," explained Feinsinger.

He then sharply denied Wilson's public complaint that the Wage Stabilization Board had gone over his head.

Feinsinger pointed out, the board is supposed to make its recommendations "directly to the President."

"Nevertheless," he added crisply, "in my relations with Mr. Putnam (the economic stabilizer) and Mr. Wilson, we never stood on ceremony."

Q—Who introduced peaches into Europe? A—Alexander the Great brought them back from Persia.

Q—If it were possible for a man to stand on the sun, how much would he weigh there? A—If a man weighing 150 pounds on the earth could be carried to the sun, he would weigh nearly two tons.

Q—What famous concert pianist was also Premier of his country? A—When the new Polish Republic was created Ignace Paderewski served as premier.

Q—Why is the climate of Rhode Island milder than that of other New England states? A—The warming influence of Narragansett Bay makes it milder.

Q—For how long is a passport good? A—Two years. It may be renewed for two additional years.

recommended are catch-up fringe benefits in terms of most of the American industrial pattern.

"They are below catch-up today," retorted Feinsinger. McGrath's Files

One of the most interesting documents studied by the President in the Howard McGrath-Newbold Morris controversy was a somewhat similar case history involving President Warren Harding's attorney general, Harry A. Daugherty, and the Teapot Dome.

Daugherty was fired by President Calvin Coolidge in March, 1924, one day after he had refused to turn over Justice Department files bearing on the Teapot Dome oil scandal to the Senate Judiciary Committee.

The man who called this to Truman's attention was Congressman Frank Chelf of Kentucky, who has been doing a conscientious job as chairman of the committee investigating Justice Department laxity.

"That is all the country, the party, and everybody else can ask of you," replied the President. "You go ahead and do your job and I'll stand behind you."

Truman added that he personally would instruct the Justice Department to look over eleven specific files regarding failures to prosecute and other irregularities, although he opposed any catch-all demand for unspecified files.

In a lighter vein, Truman looked at Chelf and remarked: "Boy, you look thin."

"To tell the truth, Boss, I am off my feed a little," replied the Kentuckian. "I guess it's because I've been working day and night on this inquiry."

"You'd better take it easy," chided the President. Crime Pipe Line

In two months the FBI has seized 12,721 slot machines valued at more than three million dollars—a great record.

The Chicago district attorney has sent for Senator Kefauver's records on Robert Petrone, who did business as a West Side bookie while writing laws in the Illinois Legislature.

I feel just as strongly about my reputation for integrity as I do about my legs or arms or any other part of my anatomy.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

When you're defending against three no-trump you're sometimes given a chance to cash defensive tricks. Just remember that it doesn't always pay to do so.

It's perfectly true that you'll never beat three no-trump unless you can somehow produce five tricks if you first let declarer make nine tricks.

The point is made in the hand shown today, played originally in the recent Vanderbilt Cup Tournament.

West opened the six of spades, and dummy won with the queen. Declarer led the six of diamonds from dummy and successfully finessed the queen of diamonds from his hand.

After some thought, South led a low heart from his hand and won a finesse with dummy's ten. (East played the five of hearts without

any hesitation.) Encouraged by the success of all the finesses, declarer led the nine of diamonds from the dummy.

East covered with the ten, and South won with the ace. West discarded the deuce of clubs on this trick, so South realized that there was little nourishment in the diamonds.

Switching back to hearts, South led the queen of hearts from his hand and this time East won with the king. He cashed the king of diamonds, and East discarded the six of clubs.

At this point East thought for about 10 seconds about whether or not to cash his last-high diamond. He finally did so—and this blew the defense.

West and dummy discarded clubs, and East now led a club. South had a good idea of where the clubs were, so he played low, and West won with the ace. It didn't matter what East had returned, however, for South was by then sure of three diamonds (the queen, the ace, and the last small diamond) in addition to two spades and four hearts.

Instead of cashing the last diamond, East should have returned a spade. Now South would have only two diamonds—his ace and queen. Those two tricks together with two spades and four hearts would yield only eight tricks. Before he could develop a ninth trick, the spade would defeat the contract.

CARD SENSE

Q—The bidding has been: North East South West 1 Spade Pass 2 Clubs Pass 2 Diamonds Pass ?

You, South, hold: Spades 5-2, Hearts K-Q-9-3, Diamonds 8-5, Clubs A-Q-8-4-2. What do you do? A—Bid two no-trump. There is no point in bidding the fourth suit unless you have a very strong hand and intend to suggest a slam—or

unless you have a real two-suiter and intend to make a real effort to play the hand in one of your suits. With only a moderately good hand you merely suggest game in no-trump.

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold: Spades K-5-2, Hearts A-9-3, Diamonds 8-5, Clubs A-K-J-4-2. What do you do? Answer Monday

WASHINGTON COLUMN

Pre-Convention Help By HST Can Kill Chance Of Favorite

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Best long-shot is that Gov. Adlai Stevenson of Illinois will cease being the reluctant dragon and will make an open bid for Democratic presidential nomination after the April 8 Illinois Primary.

Governor Stevenson resisted urgings that he become the Truman administration heir because he did not want to be tagged as the President's hand-picked successor.

President Truman's emissaries who went to Springfield, Ill., to persuade Stevenson to run, included such high political advisers as Secretary of Interior Oscar Chapman. Stevenson turned them all down.

Governor Stevenson's backers hoped that a boom for their man would develop at the Jefferson-Jackson Day Dinner in Washington, D. C. But the governor refused to make a flat statement that he would not accept the nomination, as Truman did, and that leaves the way open for him to run.

Also, he admitted that the Illinois State Central Committee of the Democratic Party is empowered to pick a successor candidate for Illinois governorship, after the primary, if he withdraws to run for the presidency.

If Stevenson's candidacy goes any place, it will have to get principal support from big city Democratic machines which have dominated the party. Illinois boss Jake Arvey again becomes an important cog in his development.

Biggest hope of the Stevenson crowd now is that President Truman will remain neutral till Democratic convention picks the candidate at Chicago. A Truman endorsement before that, tossing the torch to any particular candidate, might become a hot kiss of death.

After the convention, Truman support would be welcomed. Big puzzle in Truman's refusal to run again is what it will do to candidacy of Georgia Senator Richard Russell. Movement behind Russell largely was an anti-Truman drive. It is backed by such men as Gov. James F. Byrnes of South Carolina, Senator Walter George of Georgia, Senator Richard Byrd of Virginia.

In spite of Senator Russell's announcement that he will campaign all the more actively, now that President Truman has withdrawn, much of the steam of the hate-Trumanites now is let down.

Another riddle raised by Truman withdrawal is what the President's attitude will be toward candidacy of Senator Estes Kefauver. The word that Truman dislikes Kefauver—spread by ex-Senator Scott Lucas of Illinois and others—is denied by Kefauver supporters. They insist that when Kefauver went to see the President, before announcing, Truman told him, "You can't tell, I might be in your corner before this is all over."

Decision of Democratic National Committee Chairman Frank McKinney to stay neutral in pre-convention scramble of candidates for the Truman mantle offers only chance to keep party organization together. First reaction to President's bomb-shell announcement of withdrawal was that party would be shattered into half a dozen splinter fragments. One behind each favorite-son candidate.

State and local bosses, in Washington after the big dinner, were at first inclined to be indignant at the way President Truman had surprised everyone. Typical was the reaction of New York State Committee Chairman Paul M. Fitzpatrick. After the President's speech he asked, "Why did he have to do it that way? If he knew he wasn't going to run—he should have said so before the New Hampshire primary. That would have given us a chance to get organized behind one candidate."

Next day Fitzpatrick issued a formal statement, praising the President's action and saying it was not unexpected. Prophets who kept insisting President Truman was going to run now are coming forward with their explanations. The case of one senator, who naturally doesn't want to be identified now, is an example.

Just before President Truman went to Key West, this senator went to the White House to advise the President to make known his intentions. The President ran down the list of potential candidates and checked them off. This one was too old. This one wasn't well enough known. This one wouldn't do. This one didn't have a chance. Something was lacking in every one. From this the conclusion was drawn that it was surprising, in a country of 155,000,000 people, the Democratic Party couldn't find one better candidate.

After this, the senator crawled out on his limb and said the President himself would run, because there was no other candidate.

Peter Edson

Boyce House

A pilot notified an airfield that he was about to land with 121 passengers. It wasn't a big plane and the man in the control tower thought he had misheard. But when the plane stopped, out stepped 121 "little bitty" fellows, wearing boots and brand-brimmed hats.

A bystander said, "I didn't know there were that many midgets in the United States." The pilot snorted, "Man, they ain't midgets! They're Texans with the hot air squeezed out."

Presently, the waitress delivered her order and also a fresh cup of coffee for Verna.

"How, while you're sipping those flapjacks, suppose you begin to unfold your plan of attack. Just how are you gonna break up this romance between Chief Big Bear and Sutworth's daughter?"

HE was equally concerned with what he would do and also equally puzzled. "I'm not sure just yet," he replied. He slipped through a layer of butter and syrup. "I've got to look the town over first and get the lay of the land."

"We could ambush them," she suggested. "He's out of season. Anyhow, I just want to break up the romance, not shoot it up."

George was creasing his brow with thought. The most logical move he decided, was to prove that Chief Big Bear was not what Marilynn Sutworth believed him to be. Proving that the ex-wrestler actually was a fortune hunter would be best, and George could do that by buying Big Bear off. Sutworth would be willing to foot the bill. He looked at Verna.

She slipped at her coffee. "Well, you'd better not waste too much time. If Big Bear is after Marilynn Sutworth's money, he'll ask her to marry him at the first opportune moment."

"I know. I'll have to work plenty fast. I was thinking of buying him off, but I don't know if it'll work."

"There's one way to find out. Kendall saw himself confronting the wrestler and offering a bribe to break up the romance. In his mind's eye, he saw Chief Big Bear growing suddenly angry. The wheatcakes didn't taste so good, he decided, and he pushed them aside. "Bottoms up," he said, clinking his cup against hers. "We've got a big day ahead of us. It's the coffee that's hot."

(To Be Continued)

TOMBOY BY ED BARCELO

That I know. Are you Mr. Kendall? "Kendall is the name," he snapped.

"Well Kendall, this here black-haired girl left a message. Got it right here somewhere." He was fumbling in his vest pocket. "Yes, here it is. Says she'll meet you at Bingo's luncheonroom. That's across the street, you know."

Without knowing why, Kendall felt a wave of relief sweep over him. It wasn't love, though. Or that, he was certain. He thanked the desk man and hurried across the street to the luncheonroom.

HE saw Verna at once. She was at a table in the corner, a cup of coffee and a newspaper in front of her. As he stepped toward her, she looked up from her newspaper.

Her eyes were circled, but she was smiling. "Lazybones. I was setting ready to go over there and drag you out of bed by the hair of your toes."

She's her old self, he thought. "Overslept. I must be working too hard."

"Doing what?" she wanted to know. "Incidentally, you look like something the cat dragged in. Sit down before you fall down."

He pulled a chair out and sat down. "Do I look real bad?"

"I've seen worse," she answered. "Put on your smile. Here comes a waitress."

He ordered wheatcakes and coffee, the coffee black. Turning back to Verna, he said, "Have you learned anything yet?"

"About what?" she asked. "This Chief Big Bear."

"I was going to do a little snooping, but then I thought it over and decided to wait until Mighty Mouse got up."

He didn't particularly relish her remark, but he was glad to see her in such good spirits, though he didn't know why. "By the way," he said, "I'm sorry about last night."

"Last night? Oh, I'd forgotten."

LITTLE LIZ

A burlesque is a show where the actors assume that everyone in the audience is from Missouri.

Are we going to call one witness for chairs, one for echoes and another for rivets? —Rep. Charles Eason (R., O.) at hearings on military waste.

### Wheelchair Pair Has New Cottage; Husband Has Job

EL MONTE, CALIF.—Joseph Richard, the New Haven, Conn., male nurse who started pushing his polio-invalided wife to California in a wheelchair "because she needed a warmer climate," has found a job.

He reports for work Monday at the Bister Kenby Polio Hospital here.

Richard, 57, and his wife, Rosalind, 40, arrived in Los Angeles March 24. He didn't push her all the way. When they reached Toluca, N. J., funds for an air journey were provided by an anonymous New York woman who heard of their plight.

The Richards arrived here with \$1.35. They've been staying with friends in nearby Temple City, but now Joe has found a comfortable cottage here where his wife will live while he works.

He carried her through the door for the first time Friday—just like a bride. They were married four years ago when she was a patient in a New Haven hospital and he was a nurse.

### BETTER LATE THAN NEVER

DALLAS —(P)—When Joe Patrone, 29, stood up Friday to take the seventh-inning stretch at a baseball game here, a man rushed up and shoved a five-dollar bill in his hands.

"Hey, Joe, here's something I owe you," he said.

"You must be mistaken," Patrone said, trying to place the face. "No, I'm not," the other said. "I'm Jim Sullivan and I borrowed five bucks from you before I shipped out from Camp Bowie. You're the last person I owe and I've been looking for you for a long time."

The Patrone remembered a Jim Sullivan he served with in the Army at Brownwood—eleven years ago.

### Tax Rebel's Mate Heads Harrison County Democrats

MARSHALL—(P)—National Democratic leaders might frown on the Harrison County Democratic Party's choice for its 1952 chairman.

He is Charles Spangler, who is a city commissioner and the husband of Mrs. Ethelra Spangler, whose activities with other tax-fighting Marshall housewives have received a cool reception in top Administration circles.

Spangler was elected by unanimous vote of precinct representatives Saturday.

Mrs. Spangler is one of the housewives who refuse to pay Social Security taxes on wages of their domestic servants.

### Spinster Held For Murder In Venetian Blind Cord Slaying

HOUSTON —(P)—A spinster who strangled a little girl because she "danced around" was held Saturday on a murder charge.

Veta Williams, 56, told Sheriff C. V. Kern she killed Andrea Brukenhoefer, five, who was hanged with a venetian blind cord Tuesday.

The child's body was found, her feet dangling on the floor, in a small cottage behind the home of Miss Williams and her mother, 78.

Sheriff Kern and Dr. C. A. Dwyer, county psychiatrist, questioned the woman two hours Friday.

Between rambling digressions, the sheriff said she told of hitting the child with a barrel stove, tying a knot about her neck, tightening it and then kicking her. The woman continually referred to her mother and wept that she wanted to go home.

Dr. Dwyer said Miss Williams is "not more than eight mentally and is incapable of telling right from wrong."

Her attorney, Spurgeon E. Bell, said he would ask that she be declared insane.

The child's father, Marine Cpl. Lee Brukenhoefer, was here from Camp Pendleton, Calif., for the funeral. He is divorced from the mother, Mrs. Sue Arnold, 23.

**NO WOMEN DRIVERS**

The Roman Senate, in 250 B. C., attempted to ease a tough traffic situation by passing a law prohibiting women from driving chariots.

### Junior High Band Takes 'Sweepstakes' At Kermit

The John M. Cowden Junior High School Band, directed by Robert R. Ganz, was awarded a "Sweepstakes" at the Region Eight Interscholastic League music competition festival in Kermit Friday.

The band was judged in concert, sight-reading and marching.

The band completed its grand slam Friday night in the marching contest at Walton Field. The musicians received first division rating in the first phase of the competition including tone, technique, interpretation, stage deportment, instrumentation and selected numbers.

The sight-reading participation landed another first division classification.

Cowden Junior High students who placed first in the solos contest included Billy Dan Miller, Clay Carson, Billy Whitehead, Wayne Hanson, Walter Dunningan, David Stubbs, Stanly Burris, Byron Vest, Gene Atkins, Brenda Bottoms, John Walker, Kenneth Hensler, James Barron, Lanny Story, Billy Whitehead and Dana Young.

Second honors went to John Porter, Margaret Peters, William Herndon, Marcia Queen, Carol Bell, Gayle Gaddberry, Dharma Harms, Don Cox, Zola Morgan, Hazen Woods, Jane Neil, Nancy Petterson, Dana Young, Mary Lynn, Leroy McGoethin, Wayne McQuade, Bobby June Buchanan, Edward Hasse, Cheryl Grimm, John Hasse, Bill Summers and James Johnson.

Finishing in third place were Dianne Collins, Sue Schneider, Ada Joyce Copeland, Annette Buffalo, Ann Smith, Jackie Hunt, Carl Hyde, Pete Martinez, Gail Peters and Doris Haase.

Medals were given first place winners.

Two quartets and one sextet from Midland also were judged. The horn quartet composed of David Watlington, Pete Martinez, Edward Haase and Marilyn Lynn, placed second. The clarinet quartet also gained second honors. It includes Clay Carson, Hazen Woods, Gail Peters and Vicky Hillipold.

The brass sextet received a top rating. Making up this entry were Bill Summers, Wayne Hanson, Bill Collins, David Stubbs, Gene Atkins and David Watlington.

The Interscholastic League contests are not competitive. The band, ensembles and soloists are judged only against themselves and are awarded ratings according to their ability and effort.

**DEPENDS ON LOCATION**

The North Star is never visible to persons in the southern hemisphere. It is, however, always visible on clear nights from points north of the equator.

In the fossilized remains of animals, teeth usually are the best preserved of the organs.

### Cottonseed Loan Rate Set At \$66.40

WASHINGTON —(P)—Price support loans on 1952 cottonseed at \$66.40 a ton for the base grade were announced Friday by the Agriculture Department.

In areas where storage under loan is not feasible, the department will buy cottonseed for price support purposes at \$62.40 a ton.

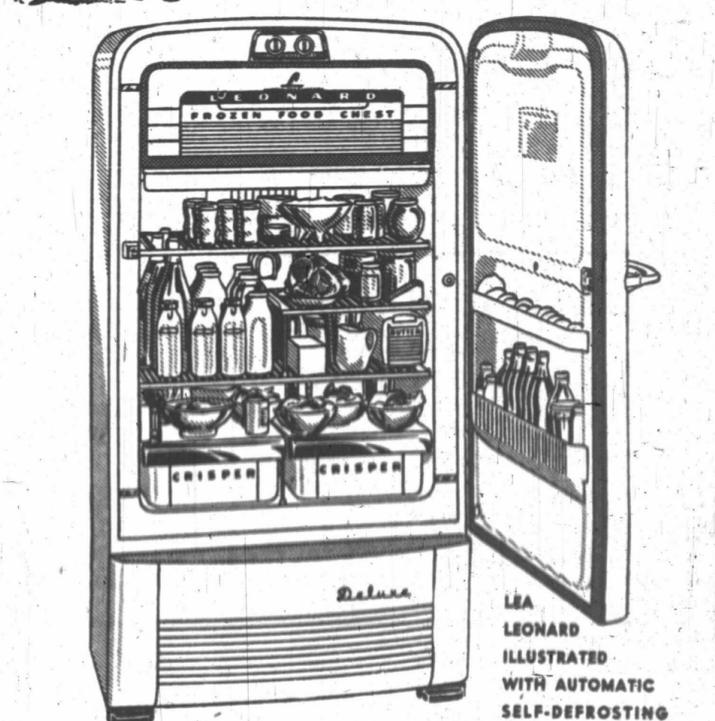

The loan rate on 1951-crop cottonseed was \$65.50 and the purchase price was \$61.50.

### Ichthyologists And Herpetologists Will Eat Snake Barbecue

AUSTIN—(AP)—The nation's fish and snake scientists—ichthyologists and herpetologists, that is—will get together here next week to eat rattlesnake barbecue, fry fish, and make field trips and hear learned speeches.

They also will hear tape-recordings of toad and frog calls, see movies of fish, amphibians and reptiles in their natural habitats, and inspect an exhibit of 300 live reptiles from all parts of Texas.

Occasion of the get-together is the thirty-second annual meeting of the American Society of Ichthyologists and Herpetologists, being held in conjunction with the Texas Herpetological Society's eleventh annual conference.

The University of Texas will be host for the five-day gathering, beginning Thursday.

Approximately 200 delegates from 20 or more states are expected.

### Former Major To Fight Extradition Of Carl Lo Dolce

ROCHESTER, N. Y.—(AP)—A former Army major who says he has "complete knowledge" of a 1944 OSS mission which ended in the death of Maj. William V. Holoman, says he will testify for Carl G. Lo Dolce in his legal battle against extradition to Italy.

Elt Diagio Corvo, a Middletown, Conn., newspaper publisher, said Friday night he would testify "only as to the pertinent facts of the jurisdiction of the Italian government in the case."

The Italian government wants to try Lo Dolce, 30, of Rochester, a former sergeant, and Aldo Icardi, 31, on charges of "highly aggravated murder." Italy charges Lo Dolce and Icardi killed Major Holoman while the three were on a mission behind German lines in Italy in December, 1944.

### THEY'LL STILL HAVE NECKS

CENTER, TEXAS—(AP)—Today's big, full-breasted thick-legged chickens may look like slaves alongside the "chickens of tomorrow," State Agriculture Commissioner John C. White prophesied Friday night.

A model for the chicken of the future has been set up by taking a pump, blowing up one of today's prize chickens, and then making a cast of it.

White said this produced "a chicken with chest and legs that look as if they might pull a plow, except that the muscles are tender."

"If this super-chicken ever swagers into reality, we'll get out the pump again," he told a meeting of the Shelby County Broiler Grower's Association.

### River Of Gasoline Blazes In Luling's Storm Sewer Lines

LULING, TEXAS—(AP)—A river of blazing high-test gasoline flowed through 10 blocks of a city storm sewer Friday, blasting off manhole covers and sending flames 300 feet into the air.

The blaze was set off by a collision between a freight train and a gasoline truck.

The burning gasoline coursed to a drainage ditch, where it finally burned out.

The fire broke out when a Southern Pacific freight train collided with a fully-loaded gasoline truck driven by A. T. Culp, Austin, at a downtown crossing.

Culp escaped injury.

The tank of the truck was tipped open, sending the gasoline into the streets and down the storm sewer.

Damage to the sewer could not be estimated immediately.

Because it contains millions of acres of rich land now unused because of water, the Florida Everglades have been called America's last frontier.

### Senator Says Firing Of Morris Good Idea

DALLAS—(AP)—Senator Joseph R. McCarthy (R-Wis.) said Friday, "the firing of Newbold Morris was an excellent idea. He couldn't find a washroom in a railway station."

McCarthy, in Texas for "a couple of days vacation," made the statement at a press conference while discussing recent changes in administrative posts.

Morris, appointed to lead a clean-up campaign, was fired by Attorney General J. Howard McGrath shortly before McGrath resigned his post Wednesday.

Remarks On Nomination

Concerning the nomination of James P. McGranery to replace McGrath, McCarthy said:

"I'll have a great deal to say about it on the Senate floor."

He would not elaborate.

"McGrath has taken the rap for a lot of things done by his predecessor," he said.

Texas' Tom Clark preceded McGrath as attorney general.

"I like Tom personally," McCarthy said, "but I've had the impression that—"

"Then he told reporters: 'Scratch that out.'"

McCarthy is visiting Houston over the weekend, but will return here Monday for a public address.

### Texas Airman Held In Bludgeon Death Of Girl Companion

LAS VEGAS, NEV.—(AP)—Joseph Marshall Lane, 26, private from March Air Force Base, Calif., was booked on suspicion of murder Saturday after police said he admitted beating a woman to death.

Police Chief A. H. Kennedy said Lane, who gave his home town as Electra, Texas, called headquarters early Saturday and said:

"I just killed a woman."

Officers found him in a motel room with the bruised and bloody body of Ina Marie Peterson, 20, on the floor nearby.

Officers quoted Lane as saying he met the woman in a bar Friday night and beat her after an argument. An inquest was scheduled Monday.

### Texas Building Jobs For Week Are Down

AUSTIN—(AP)—Texas building jobs slumped more than two million dollars last week.

Total of contracts let for the week was \$16,336,749 compared with \$18,787,358 the week before. The cumulative total for the year now is \$254,593,369.

These reports were issued by the Texas Contractor, construction trade journal, on the basis of actual contracts let.

Non-residential construction led all classifications with contracts awarded amounting to \$7,477,956, the magazine said.

### Single Judicial District In Midland County Urged

Creation of a single judicial district to serve Midland County alone was proposed Saturday by Judge R. W. (Bob) Hamilton of 70th District Court.

"Odessa already has enough business to occupy one judge full-time," he said, "and within another year Midland County will be in the same situation."

The 70th Judicial District, over which Judge Hamilton presides, includes at the present time both Midland and Motor Counties.

The proposal came as Judge Hamilton voiced opposition to a proposed reshuffling of West Texas judicial districts recommended by a subcommittee of the State Bar Association.

### BIG D JAYCEES PICK JOSEPHINE

DALLAS—(AP)—The Dallas Bonehead Club Saturday entered Josephine in the "Alice from Dallas" contest to pick the official hostess for the U. S. Junior Chamber of Commerce National Convention here in June.

There's nothing wrong with Josephine. Except that she's a camel. She's the one the boneheads bought for the Maxalls Park Zoo in Dallas.

Statistics that much accompany each entry read: Height, 5 1/2 feet, weight, 600 pounds; dress, shoe, glove, hat, hips, waist and bust sizes, large; color of eyes, brown; complexion, sallow.

"All she has to do is get over her hump," predicted one optimistic Bonehead.

### Youth Confesses Father's Slaying

BEHNDJI, MINN.—(AP)—A 16-year-old farm boy has signed a confession saying he shot his grave-digger father, dragged him into a barn and dynamited the body, Herbert E. Olson, Beltrami County attorney, said Friday night.

The boy, Lloyd Laverne Knutson, then set fire to the barn in an attempt to hide the slaying. Olson said.

It first was thought the father, Earl Knutson, 57, had been killed when dynamite he used in digging graves accidentally exploded.

"I planned to kill my father for the last couple of weeks because I hated him," Olson quoted the youth as saying.

Olson and Sheriff John Cahill said young Knutson told his story in a 36-page signed statement.

Under this recommendation, Midland would share not only the 70th District Court but the 118th, which presently includes Martin, Howard and Glasscock Counties and over which Charles Sullivan of Big Spring is the presiding judge.

"To all practical purposes," said Judge Hamilton, "Midland already shares Judge Sullivan since he regularly helps out here when the dockets of Midland and Odessa become crowded."

Judge Sullivan said he was in complete agreement with Judge Hamilton's opposition.

### Detectives Grab Two Ex-Convicts, Safe, \$6,000 Loot

HOUSTON—(AP)—Two detectives used a blinding automobile spotlight early Saturday to capture two ex-convicts and recover more than \$6,000 in loot taken in two robberies.

Captured were Jack Rice, 45, Dallas, and Jackson Raymond Stewart, 42, Shreveport, both of whom have been in and out of Texas prisons numerous times in the last 20 years. They were charged with robbery before Justice of the Peace W. C. Ragan.

The pair was captured by detectives W. A. Herd and J. E. Wilburn. The officers drove alongside the truck Stewart was driving and blinded him with the spotlight. Stewart stopped the truck.

Recovered was a safe containing \$6,000 in cash taken from the Pauly Packing Company less than an hour before the two men were arrested.

### FIRST TOUGH, THEN TENDER

DALLAS—(AP)—A 20-year-old West Dallas man was stabbed Friday night by a 17-year-old girl friend.

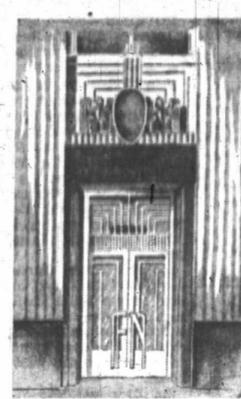

The man was rushed to the hospital and given a quick blood transfusion.

By this time the girl friend felt differently about the situation. So she gave a pint of blood to replace that taken from the hospital's blood bank for her boy friend.

It is estimated that the cash income of the average U. S. city worker is about twice as high as that of the farm worker.

The wolf spider, only about an inch long, often carries its young on its back until they can fend for themselves.

If all the passenger cars in the United States were placed bumper to bumper, it is estimated the line would be 123,000 miles long.

NAMED TO SCHOOL BOARD TERMS—Voters of the Midland Independent School district Saturday returned one school trustee for another three-year term and elected two new ones. Leading the ticket was Mrs. John J. Redfern, Jr., left, who was elected, along with incumbent J. Holt Jowell, center, and Thornton Hardie, Jr.

### Ike, Price Daniel Set Pace In Straw Votes Over Texas

Gen. Dwight D. Eisenhower led unofficial ballots in all cities but one Saturday as Texas held straw vote presidential primaries with school trustee elections. Texas Attorney General Price Daniel led Senator Tom Connally in the Senate preference, primary held in some cities. None of the votes have direct bearing on the national election. The exception to the Eisenhower trend was the deep East Texas city of Timpson, President Truman, not a candidate, received 128 of 419 votes cast. Eisenhower was second with 104. Russell had 102. Kefauver 57, Taft 27 and Stassen one.

### Incumbents Lose In Pecos Voting

PECOS—Voters of the Pecos Independent School district Saturday elected two new trustees, Dr. I. G. Lunday and Jimmy Hagar. They won over Jack Hawkins and John Tomlin, incumbents. A total of 508 votes were cast. Individual aggregates were: Lunday, 389; Hagar, 338; Hawkins, 264; and Tomlin, 230.

### San Angeloans Favor Mayor Rust, Lowe

SAN ANGELO—Armistead Rust was reelected mayor Saturday as San Angeloans cast a record municipal vote of more than 10,000. Rust polled 4,925 votes to 4,751 for Mrs. J. S. Forester and 1,535 for W. C. Wagner. Clarence Lowe was elected chief of police. He received 4,578 votes to 4,428 for Incumbent Ava Smith and 1,190 for J. B. Holberg. Smith ousted Lowe two years ago at the polls.

### 15 Persons Killed In Mid-Air Crash Of Air Force Planes

MOBILE, ALA. —(AP)—The bodies of 14 of the 15 men and women killed in a collision of two Air Force planes over Mobile had been recovered Saturday. Thirty-three of 46 delegates chosen in Michigan were publicly uncommitted. Among the remaining 13, General Dwight D. Eisenhower apparently had a 7 to 6 edge over Senator Robert A. Taft of Ohio. Taft was expected to get Idaho's 14 Michigan's 46 delegates included 10 at-large (six uncommitted, two for Taft, two for Eisenhower) named by the convention. The other 36 were picked in district caucuses, and ratified by Saturday's convention.

### Negotiators Huddle In Effort To Stall Bell System Strike

DETROIT —(AP)—Government mediators called Michigan Bell Telephone Company and strike-threatening union officials back into a huddle late Saturday. As they did so, they were hopeful of reaching a pattern-setting statewide agreement which would stave off walkouts that would disrupt telephone operations in 43 states and the District of Columbia. The CIO Communications Workers of America has threatened to call out at 6 a. m. Monday more than 41,000 Bell employees in Michigan, Ohio and Northern California and 15,000 employees of the company's Western Electric subsidiary in all except five states. Michigan has about 18,000 Bell employees and CWA officials believe any settlement here might provide a basis for solving other disputes— including that with Western Electric, Bell's manufacturing subsidiary. CWA leaders say Bell operators would refuse to cross any picket lines set up by Western Electric workers. Since Western Electric does not have employees in many cities, the effect of a strike against that firm would remain to be seen.

### Greenwood School On Auction Block

The old Greenwood schoolhouse will go on the auction block next Thursday afternoon. County Judge Clifford C. Keith Saturday said the new, \$155,000 school building has been completed and the students will move into it within the next two weeks. Since there will be no need for the present frame structure, it will be sold to the highest bidder at 2:30 p. m. April 10.

### Well Completions In State Decline

AUSTIN —(AP)—Oil well completions in Texas dropped last week. The slump was from 245 the week before to 226, the Railroad Commission said in its weekly summary of drilling activity. The calendar day allowable also decreased 102,724 barrels, the commission report said. The drop was to 3,091,958 barrels daily from 3,194,082 March 29. Despite the drop in weekly figures, oil well completions still are far ahead of last year's.

### FALA, FAMED FDR PET, DIES

HYDE PARK, N. Y. —(AP)—Fala, the rakish little black scotty who sat in on the making of history, is dead. He is to be buried Sunday in the famous rose garden of Hyde Park, not far from the resting place of the late President Franklin D. Roosevelt, his master and constant companion for seven years. News of Fala's passing came in a simple statement from John Roosevelt, the late President's youngest son. "Fala slept away today," Roosevelt said.

### Midland High Band Gains Top Rating

The Midland High School Band captured "Sweepstakes" honors at the Regional B band competition festival in Kermitt Saturday. The Bulldog musicians were rated No. 1 in both concert and sight-reading to gain the top billing in Class AA competition. Kermitt and Andrews bands also entered the sweepstakes circles. Big Spring had a No. 2 on concert and No. 1 in sight-reading. Lamesa received a No. 3 in concert and No. 2 in sight-reading. Odessa High School, competing in the AA-I circles, took sweepstakes laurels with a No. 1 in both concert and sight-reading. In the Class A bracket, ratings for concert and sight-reading, respectively, were: Seminole, 2 and 2; Crane, 2 and 1; Fort Stockton, 3 and 2; Pecos, 3 and 2; Monahans, 3 and 1, and Wink, 1 and 1 for sweepstakes rating. Reagan, McCamey and Iran hit the sweepstakes standards in the Class B category. Ratings in Class B, with concert and sight-reading listed, respectively, were: Alpine, 3 and 2; Sanderson, 3 and 3; Marathon, 4 and 3; Rankin, 3 and 3; Reagan High of Big Lake, 1 and 1; Iran, 1 and 1; McCamey, 1 and 1; Grandfalls, 4 and 3; and Denver City, 3 and 1.

### Taft Picks Up Idaho Votes; Michigan Goes Uninstructed

By The Associated Press Michigan and Idaho Republican conventions Saturday named 60 delegates to the national convention, giving Taft and Eisenhower backers new fuel to add to the fire of Tuesday's important Illinois primary. Thirty-three of 46 delegates chosen in Michigan were publicly uncommitted. Among the remaining 13, General Dwight D. Eisenhower apparently had a 7 to 6 edge over Senator Robert A. Taft of Ohio. Taft was expected to get Idaho's 14 Michigan's 46 delegates included 10 at-large (six uncommitted, two for Taft, two for Eisenhower) named by the convention. The other 36 were picked in district caucuses, and ratified by Saturday's convention.

### Senate Panel Will Ask Full FBI Check On J. P. McGranery

WASHINGTON —(AP)—A "full FBI check" on James P. McGranery, President Truman's choice to be the new attorney general, has been ordered by Senator McCarran (D-Nev), the senator said Saturday. McGranery, chairman of the Senate Judiciary Committee, told a reporter he had ordered the Federal Bureau of Investigation to make a complete report "as a routine matter" before the committee considers the nomination. The committee is due to meet Monday, but McGranery said it probably will be 10 days or longer before it acts on the McGranery nomination. The committee will vote to recommend or reject the appointment before McGranery's name goes before the full Senate for confirmation. Representative Hillings (R-Calif.) said, meanwhile, "The full responsibility for a sincere cleanup rests on McGranery's shoulders and he must not be permitted to sidestep it by placing the blame on the FBI for a possible failure of his mission." Hillings is a member of a House Judiciary subcommittee investigating operations of the Justice Department, which the attorney general heads.

### Tornado Weather Switches To East

By The Associated Press Tornado weather switched from the South to the East Saturday and a tree-flattening windstorm raked North Central Maryland. The Maryland storm, bearing some resemblance to a twister, struck shortly after the U. S. Weather Bureau in Washington warned of a "slight possibility" of tornadoes in Southeastern Pennsylvania and Central New Jersey. The wind, with gusts up to 60 miles an hour, damaged barns and silos, felled trees and snapped communications lines in the Westminster area. The South, meanwhile, cleared away debris from a series of tornadoes that struck Florida in Louisiana, Alabama and Northwest Florida, killing seven persons, injuring 65 others and causing more than a million dollars in property damage.

### Jury Finds Costello Guilty Of Contempt

NEW YORK —(AP)—A Federal Court jury Friday night found Gambler Frank Costello guilty of contempt of the Senate Crime Investigating Committee. The jurors deliberated about seven hours. Costello, 61, faces a maximum of 10 years in prison and fines of \$10,000.

### Baylor Announces \$50,000,000 Drive

WACO —(AP)—Baylor University Saturday announced a campaign to raise 50 million dollars in the next 10 years. Half of the money would be used for capital gains—additions or improvements at the university's Waco, Dallas and Houston units. The other 25 million dollars would be for endowment. The Rev. Guy D. Newmar, pastor of the First Baptist Church of Brownwood, was elected by Baylor trustees to head the long-range program. A new office—vice president in charge of development and promotion—was created for this purpose. Newmar, who was assistant to Dr. W. R. White before resigning April 1, 1951, to accept the Brownwood pastorate, has not accepted the new post formally. Dr. White said Newmar "is expected to give his decision within a few days." He has been asked to begin work June 1.

For the washday help you need most...  
**SEE HAMILTON FIRST!**

The World's Original and Best-Known AUTOMATIC CLOTHES DRYER

Now more wonderful than ever

- Fluff-dries the laundry fast as you wash it—in the best drying weather ever made. Completely automatic—needs no watching, turns itself off.
- New Hi-Power Exhaust System eliminates lint and moisture problems. Gives you fast, efficient drying whether you choose HAMILTON'S simplified inside or outside venting.
- Exclusive SUN-E-DAY Lamp sanitizes and releases sunshine for "outdoor" freshness without sunfading. Best sunshine there is!

Get freedom from the hardest part of washday—the stooping, stretching, heavy lifting! Set the two simple controls of a HAMILTON Dryer... and washday's over. In any weather! HAMILTON is the latest dryer on the market—and safe for even fine wool blankets! And HAMILTON's patented "Carrier Current" drying really fluff-dries so you can skip at least one-third of your usual ironing!

See HAMILTON—the dryer more women use, the only dryer with over 12 years of proven safety and service!

Dry your wash in a Hamilton... and laugh at Sandy Weather.

NO MORE COLDS OR FROZEN CLOTHES from hanging the wash outdoors!  
NO MORE SOOT, OR SMOKE... no more fighting high winds!  
NO MORE "SLOW-DRYING" INDOORS... no drippy laundry room, no mildewed clothes.

COME IN FOR A DEMONSTRATION... SEE ALL THE WONDERFUL HAMILTON ADVANTAGES

### Wage Chief Hopeful But Steel Companies Prepare For Closing

NEW YORK —(AP)—Federal Wage Chief Nathan Peltanier shuttled between industry and union officials Saturday in search of a way to avert a strike of 700,000 steelworkers Wednesday. He said the fact that both sides were willing to listen was "always encouraging" and that "we haven't lost any ground" in the impasse. But in the smoking steel-producing areas, both the industry and the CIO United Steelworkers of America went ahead with preparations for a shutdown. Union locals made arrangements for soup kitchens and picket signs. The huge U. S. Steel Corporation announced plans to start banking 36 blast furnaces Sunday. Other steel firms were following suit. Across the nation, only two major producers appeared likely to be unaffected by a strike. They are Kaiser Steel, which has met the union demands, and Weirton Steel, which has a contract with an independent union.

### Austin Man Booked On Murder Charge

AUSTIN —(AP)—Wearing a hospital gown tucked in khaki trousers and with a blanket draped over his shoulders, Fred Hogan was booked in county jail Saturday on a charge of murdering his 38-year-old wife. Mrs. Margaret Hogan, mother of two small children, was found dead Friday on a bedroom floor in the Hogan home. Justice of the Peace Travis Blakeslee said County Physician Harold Williams told him an autopsy showed Mrs. Hogan died as a result of a severe blow in the liver with a brain concussion as contributing cause. Hogan, a 48-year old accountant and former assistant state auditor who reported finding the body, said at the jail booking desk: "I am not guilty." "It goes without saying," he added after a moment's hesitation "I've had a lot of difficulty with my little girl for a long time." Asked if he referred to his eight-year-old daughter, Hogan replied, "No, I mean my wife." Hogan had entered St. David's Hospital Friday, and Dr. R. A. Cooper said Hogan was being treated for shock.

# Odessa Wins District Meet

## TU Nine Sets Pace In SWC

FORT WORTH —(AP)—Texas returned to its old stomping grounds here Saturday as the Longhorns scored a pair of unearned runs to down TU, 2-1, replacing the Frogs as the Southwest Conference baseball pace setters.

Luther Scarborough of the Longhorns and Norris (Nobby) Graves were virtually airtight. Scarborough blanked the Frogs after the first inning and but for a couple of fielding miscues at critical points, Graves would have had a shutout all the way.

The victory sent Texas out front in the conference race with a 3-1 record while it was the first defeat for the Frogs, who had two straight victories going into the game.

TU scored in the first as Jimmy Stapleton tagged Scarborough's first delivery for a double, moved to third on an infield out and raced home as Texas attempted an unsuccessful double play.

Texas tied it in the fourth as Joe Tanner went all the way to second on third baseman Harvey King's two-base overthrow and scored as Paul Mohr drilled a single to right.

The Longhorns pushed across what proved to be the winning run in the seventh on a combination of an error, walk and two fluke hits.

Harry Bengson led off the inning with an infield hit as Graves fell down in attempting to field his slow bouncer down the first base line. A sacrifice walk and an error on Jimmy Pace's grounder to short loaded the bases. Benaton was cut down at the plate on Gene Otten's grounder but the winning run came scampering home as Roy Kelly's high bouncer over the mound was deflected by Graves just out of the reach of Shortstop Don Carroll for an infield hit.

## Midland Junior High Runs Off With Track Meet Here

A Midland Junior High School track team won its own track meet here Friday afternoon by running up a total of 47 1/2 points, far outdistancing its nearest competitor, Big Spring, who had 24.

Five teams were entered in the meet. Andrews picked up 19 2/3

points, Bowie of Odessa 16 1/2, and Crockett of Odessa two.

The summaries:  
440-yard relay—Midland, Andrews, Bowie, Big Spring, Time, 49.5.  
Pole vault—Palmer, Midland; Sapp, Midland; Held, Andrews, and Curtis, Bowie, Height, 9 feet, two inches.

220-yard dash—Jobe, Midland; Watson, Midland; Reynolds, Big Spring; Duncan, Bowie, Time, 22.4.  
50-yard dash—Dorland, Andrews; Hicks, Midland; Evans, Midland; Odell, Big Spring, Time, 5.8.

100-yard dash—Dorland, Andrews; Jobe, Midland; Odell, Big Spring; Randolph, Bowie, Odessa, Time, 10.5.  
Broad jump—Hicks, Midland; Green, Midland; Stevens, Crockett; Odessa; Reynolds, Big Spring, Distance, 17 feet, two and one half inches.

88-yard relay—Midland, Big Spring, Andrews, Bowie, Odessa, Time, 7:48.2.

High jump—Wilkinson, Big Spring; tie for second, Vanderpool, Midland and Connel of Bowie; tie for fourth, Green of Midland and Hain, Andrews, McCarrey, Andrews, Height, five feet, four inches.

Discus—Robinson, Big Spring; Ethredge, Bowie; McDaniel, Midland; McCarrey, Andrews, Distance, 118 feet, four inches.

In the girl's singles, Rosalie Sides of Odessa defeated Midland's Fifi Fryer, 6-3, 6-5.  
In the girl's doubles, Odessa's Peggy Freeman and Laquita McNeil, teamed up to defeat Pat Boyles and Nancy Roberts of Midland, 6-3, 6-5.

Lamesa didn't have a team entered in the meet and Big Spring brought only one entry.

## Odessa's Net Team Takes District Meet

ODESSA—Odessa's tennis team made a clean sweep of the district tennis matches here Saturday.

In boy's singles matches, Harold Williams, Odessa, defeated Mark McKinsey, Midland, 6-1, 6-1, and 6-0.

In boy's doubles, Mac Bane and Royce Hill of Odessa defeated Donald Duncan and Don West of Lubbock, 7-5, 6-1, and 6-0. The same Lubbock team had defeated Midland in the semi-finals 6-1, 6-2. Stanley Crisp and John Fant played on the Midland doubles team.

In the girl's singles, Rosalie Sides of Odessa defeated Midland's Fifi Fryer, 6-3, 6-5.

In the girl's doubles, Odessa's Peggy Freeman and Laquita McNeil, teamed up to defeat Pat Boyles and Nancy Roberts of Midland, 6-3, 6-5.

Lamesa didn't have a team entered in the meet and Big Spring brought only one entry.

## Johnny Lujack Named Coach At Notre Dame

SOUTH BEND, IND. —(AP)—Johnny Lujack, who quit Wednesday as quarterback of the Chicago Bears, Saturday signed as backfield coach at Notre Dame, his alma mater.

Lujack, 27, succeeds Bernie Crimmins, now head coach at Indiana University.

## Bears Eke Out 8-7 Victory Over SMU

DALLAS —(AP)—Jerry Coody stole home in the ninth inning Saturday to give the Baylor Bears an 8 to 7 win over Southern Methodist in a Southwest Conference game.

The game was tied when Coody came up to start the last frame. He walked, took second on a neat sacrifice by Bobby Bengne and went to third on Shortstop Fred Freeman's third error of the day. Neither O'Brien went to first.

Coody and O'Brien collaborated on a double that sent the Mustangs down to their second league defeat in three starts.

## Hudson Offers Ready-Made Market To Qualified Dealer

We need representation in MIDLAND to serve a loyal, expanding group of owners.

Our Company—one of the oldest and most famous in the automobile industry—is now in the strongest sales, production and financial position of its entire history.

For the greatest market coverage ever enjoyed by any dealer group HUDSON will introduce a NEW LIGHT WEIGHT WONDER CAR in the very near future. Selling for hundreds of dollars less than any current HUDSON model, this entirely new light weight car will be as sensational in its class as the Hudson Hornet is in its class.

## Bulldogs Breeze In Second

ODESSA — Blessed with beautiful Indian Summer weather, the Odessa Bronchos romped off with the District 11, Class AA track meet here Saturday, smashing four records along the way and running up a total of 85 points.

Running far behind in second place with a total of 26 points were the Midland Bulldogs. Lubbock was third with 17 points, Lamesa fourth with 16 and Big Spring fifth with 2.

A Midland Bulldog mile-relay team, in the last event, again gave the spectators a thrill as it did in the West Texas Relays last week, when it came from behind to slip by Odessa in that event.

The Bronchos had taken the lead on the first two laps but the third lap ended almost in a dead heat. Midland's Roy Kimsey passed Odessa's anchor man, Troy Moody, at the first turn and turned on the steam. However, Moody stayed about two or three yards behind Kimsey, making his bid as they came into the stretch. Kimsey poured forth a last spurt of energy to nip Moody by about a yard and a half.

The Midland speedster had tied the 440-yard dash record in a preliminary heat earlier by running it in 51.4. The record had been set by Boone of Lubbock.

Joe Childress of Odessa ran the 100-yard dash in 9.8 to equal the fastest time that race has ever been run in Texas high school competition, officials said. Childress had equaled that time once previously in a meet at Lubbock as did Charley Parker. Childress also broke the 220-yard-dash record by running it in 21.1.

Odessa broke the 440-yard relay mark with a time of 48.8. The Bronchos' Jim Allcorn set a meet record with a high jump of 5 feet 10 1/4 inches, while John Randolph of Lamesa set a new record in the half mile with a mark of 2:59.

Odessa, Midland and Lubbock qualified to appear in the regional meet in Lubbock, April 19. The results are as follows:  
Pole vault—1. Tie among Jerry Davis, Lubbock; Terry Fuglaar, Midland, and Doyle Maynard, Big Spring; 10 feet.

High jump—1. Harold Allcorn, Odessa; 2. Johnny Randolph, Lamesa; 3. W. Hutchinson, Lubbock; (tie); 4. Larry Smith, Odessa; 5 feet 10 1/4 inches (new record); 5 feet 9 inches set by Adams, Lubbock, in 1951.

Shot put—1. Walter Cooley, Odessa; 2. Weldon Holley, Odessa; 3. Richard Prahm, Big Spring; 4. Charles Moore, Lubbock; 51 feet, one half inch.

120 high hurdle—1. Weldon Holley, Odessa; 2. Tommy Harris, Odessa; 3. Robert Keisling, Midland; 15.5.

100-yard dash—1. Joe Childress, Odessa; 2. David Gober, Odessa; 3. Wiley Burk, Odessa; 4. Roddy Braun, Midland; 9.8 (new record). Old record, 9.8, by Childress in 1950.  
440-yard dash—1. Roy Kimsey, Midland; 2. Billy Smith, Lubbock; 3. Wiley Burk, Odessa; 4. James Greer, Lubbock; 51.4 (51 in preliminary to tie record set by Boone of Lubbock in 1951).

Broad jump—1. Weldon Holley, Odessa; 2. Larry Smith, Lamesa; 3. Pat O'Neil, Lamesa; 4. Rex Bishop, Big Spring; 21 feet, 5 1/2 inches.  
180 high hurdle—1. Weldon Holley, Odessa; 2. Swain Adams, Odessa; 3. Robert Keisling, Midland; 4. Tommy Harris, Odessa; 20.3. (first time run—previously 200-yard low hurdles).

440-yard relay—1. Odessa (David Gober, Troy Moody, Weldon Holley, Joe Childress); 2. Midland; 3. Lubbock; 4. Lamesa; 48.8 (new record). Old mark, 49.9, set by Odessa in 1950.

Discus—1. Billy Joe Harville, Odessa; 2. John Held, Odessa; 3. Charley Moore, Lubbock; 4. Robert Keisling, Midland; 141 feet, 10 inches.

880-yard run—1. John Randolph, Lamesa; 2. Donny Gilliland, Odessa; 3. Carl Greston, Big Spring; 4. Ben Hipp, Big Spring; 3:59 (new record). Old record, 3:57, set by Hawkins, Lamesa, in 1950.  
220-yard dash—1. Joe Childress, Odessa; 2. Troy Moody, Odessa; 3. Johnny Kennedy, Midland; 4. Rogers Bergren, Odessa; 21.1 (new record). Old record, 22.2, set by Kimsey in 1951.

1 mile run—1. Don Shepard, Odessa; 2. Sherrod Dunn, Lamesa; 3. Bobby Burnett, Lamesa; 4. Keith Curry, Midland; 5:4.  
1 mile relay—1. Midland (Dan Black, Bill Mims, Johnny Kennedy, Roy Kimsey); 2. Odessa; 3. Lubbock; 4. Lamesa; 3:31.7.

## New Mexico Netters Defeat Wyoming

ALBUQUERQUE —(AP)—By a 5-4 score, the University of New Mexico Saturday completed a sweep of its two-day tennis series here against Wyoming University.

New Mexico won, 6-3, Friday, Saturday, the Wyoming doubles team of Chris Diets and John Watts came through to cut the margin.

Joe Luchi, newly acquired player on the New York Knickerbockers, won four varsity case letters at the University of Cincinnati.

## Pop Warner, Father Of Football's Single Wing, Reaches 81

PALO ALTO, CALIF. —(AP)—"Pop" reached 81 Saturday—a little uncertain about his legs but positive the platoon system has no future in football.

"Pop" is Glenn Scooby Warner, father of the single wing. He scoffs at the T-formation as being the "interference-follow-me" system.

"If I could have a couple of new legs under me, I might be interested in a coaching job," grinned the former mentor of Cornell, Carleton, Pittsburgh, Temple, Stanford and other colleges. "Pop" has an arthritic condition in his right leg. He sounded off against the platoon like this:

"Nowadays, coaches send players into the game like messengers with plays from the bench.

"I suggest the present rule be amended to restrict a coach to making subs only while his team is on defense, possibly a substitution when the offense made a first down.

"This would prevent a coach from sending in a player with a special playing in a crucial situation. It would also put a stop to the steady stream of players coming off and on the field."

"Pop" maintains a keen interest in the gridiron game. He is kept busy answering letters from young coaches seeking his advice.

Saturday night the man who began his coaching career back in 1884 sat down to a birthday dinner with some old cronies.

## Browns Assign Hurlers To San Antonio Club

ST. LOUIS —(AP)—The St. Louis Browns Friday assigned pitchers Bob Mahoney and Tommy Fine to their San Antonio farm club. Mahoney will be on a 94-hour recall option. Fine has been disposed of outright.

# Midland Shuts Out Baton Rouge, 2-0

By LARRY KING  
Reporter-Telegram Sports Editor

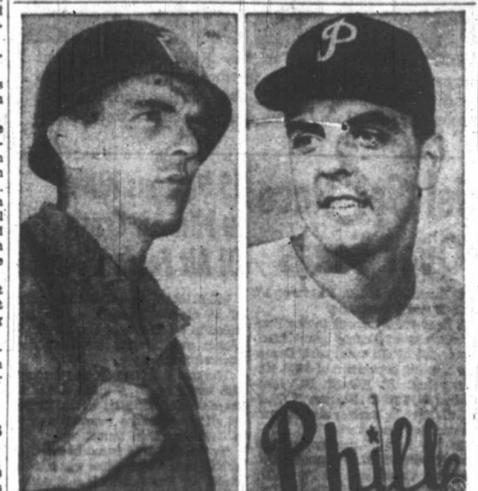

LUTCHER, LA.—Chuncky Dave McKenzie of the Midland Indians scattered four hits, exhibited perfect control and won a 2-to-0 shut-out over the Baton Rouge, La., Red

White here Saturday afternoon. McKenzie allowed singles in the third, seventh and eighth innings and a double in the sixth frame. He did not issue a base on balls.

Midland got only six hits in the speedy, one-hour-and-30-minute tilt, but pushed across single tallies in the second and sixth innings. The first came up when Hayden

White walked, advanced to second when Julio de la Torre got a free pass and tallied on Gordon Tanner's single.

In the sixth, Stan Wilcox singled, went to third on a double by Hayden White, and scored on de la Torre's outfield fly. Midland meets Thibodaux, La., here at 2:30 p.m. Sunday.

PHILADELPHIA FUSE—The Phillies' pennant hopes skyrocketed with the announcement that Curt Simmons, who won 17 games for the champion Whiz Kids in 1950 before being called up with his National Guard unit, will return to the club soon after service overseas. The 23-year-old southpaw is reportedly in shp-shape. (NEA)

# Midland Indians Surprise New Orleans Pelicans, 5 To 4

## Nicolls, Jacome Check Pel Hitters

By LARRY KING  
Reporter-Telegram Sports Editor  
LUTCHER, LA.—They played as if the World Series championship was at stake, with rhubarbs and all, and when it was over, Zeke Bonura's Class C Midland Indians had surprised the Class AA New Orleans Pelicans, 5 to 4, here Friday night.

That the game was even played was a surprise. A near hurricane, accompanied by pouring rain, early Friday soaked the field and the game was in doubt. But the sun beamed brightly throughout the day to allow the contest to be played.

More than 1,000 fans saw the Indians spot the Pelicans a 3 to 0 lead, battle back to take a 4-3 advantage, and then allow the Pelis to tie it up in the top of the ninth. Midland won it this way in the final frame:

Shortstop Julio de la Torre smashed the first pitch to left field for a double. Catcher Bill Brown flied out, leaving de la Torre temporarily stranded. Third baseman Woody Pennington then lined a vicious base hit past veteran pitcher Mike Masters, and de la Torre steamed into third.

Masters, thinking he still might nip Pennington at first, grabbed the ball and threw to the first sack. But it went wild and de la Torre pranced home with the winning tally.

Keith Nicolls started for Midland, blanking the Pelis four of the five innings he worked, but New Orleans bunched four hits in the second inning to score three runs.

In the third, the Tribe scored when Stan Wilcox singled, went to second on a wild pitch, to third on an infield out, and scored on Hayden White's fly.

The big fifth frame saw Brown lead off with a double, scoring on Pennington's single. Bill Crumley and pinch hitter Bruce (Gaby) Blumenthal beat out successive bunts—Blumenthal on a third strike attempt to lead the bases.

Santiago Walks  
Tito Santiago walked, scoring Pennington. Wilcox was safe on a fielder's choice, with Crumley making it home.

Eddie Jacome, the winning pitcher, held the Pelis scoreless from the fifth through the eighth but gave up four hits and one run in the ninth which tied the score.

Then, in the last of the ninth, the Tribe pushed across the winning run.

The score:

NEW ORLEANS (4)	A	B	R	H	O	A

George Shindu  
O'Dowdy will referee the battle royal while the first man eliminated will referee the other matches.

The second and third men eliminated will come back for a two out of three fall—45 minute time limit; the fourth and fifth men eliminated will return for a two out of three fall—one hour time limit, and the two finalists will wrestle one fall to a finish.

The winner of the latter scrap will be declared winner of the seven-man battle royal.

Ringside tickets, on sale at the roller rink, are \$2 for ringside, \$1.50, reserved seats; \$1, general admission, and 50 cents for children under 12.

Former NTSC Player Signs Pro Contract

WASHINGTON—(AP)—End Joe Swann, who played college ball at North Texas State College, has signed a contract to play pro football with the Washington Redskins. Swann, who lives in Houston, signed the contract Friday.

District 5-A Track Meet Set For Odessa

Twelve schools will participate Tuesday in the District 5-A track meet at Broncho Stadium in Odessa.

Teams entered in the meet include Bowie and Crockett Junior High Schools of Odessa, Denver City, Seminole, Andrews, Kermit, Wink, Pecos, Monahans, Crane, McCamey and Fort Stockton.

With such pint makers as Danny Villarreal, Dale Dodd, Fuzz Herring and W. C. Herricks on their squad, the Wink Wildcats hold a slight edge as meet favorites.

Teams expected to crowd Wink for the top positions are Andrews and Denver City.

The meet will start at 10 a.m. Tuesday with preliminaries in many of the dashes and some of the field events, while the finals in all of the divisions will be held in the afternoon.

Little League Play Planned In Crane

CRANE—More than 100 boys between eight and 12 years of age have registered for the Crane Little League Baseball Association.

The local organization has been approved by the national association with headquarters in Williamsport, Pa.

Schedules have been set for four Crane teams. Howard Evans is manager for the Cubs, Leo Bardis directs the White Sox, Edmund Lee is pilot for the Cardinals and J. W. Teague is Yankee manager.

League play will start at 8 p.m. April 21. Doubleheaders will be played each week.

No fifty has ever won Delaware Park's mile and a furlong Leonard Richard Stakes.

## Phillips 66 Retains Its Bowling Lead

The Phillips 66 bowlers dropped a pair of games to West End Magnolia in bowling action last week but managed to cling to their narrow lead in the Petroleum League standings.

West Texas Reproduction keglers lost a good chance to gain ground on the Phillips bowlers when they dropped a pair of games to Muldrow Reproduction Company.

Meanwhile, Plymouth Oil keglers moved into a tie for second place with the West Texas Reproduction Company on the strength of their two-game win over Superior Oil.

Honolulu Oil bowlers maintained their fourth spot in league standings by coping two games from Ralph Lowe.

Other results saw Ohio Oil take three games from Stuart's Photo; Tidewater win three from Union Oil; Tex Harvey take three from Shell Oil; State Exploration sweep three from Rotary Engine; Standard of Texas win two from Core Laboratories, and American Trading win two from Seaboard Oil.

Along with the three-game win over Stuart's Photo, Ohio Oil chalked up the high three-game series total of 2,588 points. Ohio also racked up the high individual game score with a mark of 928.

High individual series honors went to F. Welch who had a three-game total of 610. Jay Jorgenson placed first in the high individual game bowled with a score of 225.

Petroleum League Standings:

Phillips 66	W	L
West Texas Reproduction	49	32
Plymouth Oil	49	32
Honolulu Oil	48	33
Union Oil	46	35
Shell Oil	46	35
Muldrow Reproduction	45	36
Standard of Texas	43	38
Stuart's Photo	42	39
Superior Oil	42	39
Core Laboratories	38	43
Seaboard Oil	38	43
State Exploration	37	44
Ohio Oil	37	44
West End Magnolia	36	45
American Trading	36	45
Tidewater	35	46
Ralph Lowe	33	48
Tex Harvey	31	50
Rotary Engineers	28	53

Houston Hill's keglers lost ground in the City Major Bowling League last week when they dropped three games to Banner Creamery but they still maintained a comfortable lead in the league standings.

Meanwhile, Nelson Cigarette Agency took advantage of the league leader's loss to gain ground by sweeping three games from Speed's Paint and Body Shop.

In other action, K&K Tire Company took three games from Hotel Scharbauer and Willig Engineering Company grabbed three games from Blatz and Pearl Distributing Company.

K&K Tire Company rolled the week's high game total with a score of 2707; as well as the high single game total of 972. J. Sehon of Willig shot the high individual three game series with a score of 576 while Art Bledsoe rolled 212 for the high single game mark.

Standings are as follows:

Houston Hill	W	L
Nelson Cigarette Agency	49	32
Banner Creamery	41	40
K&K Tire Company	41	40
Speed's Body Shop	40	41
Hotel Scharbauer	38	43
Willig Engineering Co.	37	44
Blatz & Pearl Dist. Co.	34	47

BOUND FOR OLYMPICS?—The United States Olympic Equestrian Team, still shy \$40,000 needed to finance its trip to Helsinki next Summer, takes a typical Olympic obstacle in stride in final workouts at Camden, N. C. Shown here, left, are Jebber Wofford, 20, Milford, Kan.; Bill James, Jr., 19, St. Louis; Charles Hough, Jr., 17, Burbank, Calif.; and Walter Staley Jr., 19, Mexico, Mo. (NEA)

## Contributions And Sponsors Needed For Baseball Teams

John J. Redfern, commissioner of the Junior Baseball Association, Saturday sent out an appeal for contributions and sponsors for Junior League baseball teams.

Twenty-five teams will compete in six leagues for boys nine through 18 in age. Contributions are urgently needed so that all teams will be fully uniformed, Redfern said.

He explained it costs about \$25 to outfit a player and supply baseballs, bats and other necessary equipment.

It costs \$300 to sponsor a full team but contributions of lesser amounts will be gladly accepted, Redfern said.

The baseball commissioner estimated it would cost more than \$5,000 for the entire season.

## Midwestern Star Signs With Redskins

WASHINGTON—(AP)—The Washington Redskins announced Saturday they have signed Jim McCauley, a 200-pound fullback from Midwestern University, Wichita Falls, Texas.

Club officials described him as mainly a linebacker and defensive player. Hailing from Weatherford, Texas, McCauley still is in school. He was signed as a free agent on the recommendation of Redskins Head Coach Dick Todd.

About 16 to 20 per cent of U. S. production goes into capital goods.

## Committee Puts Teeth In Athletic Reform Program

CHICAGO—(AP)—The nation's most powerful academic accrediting agency has armed a committee with the power to expel member schools that violate a new athletic reform program.

A convention of the North Central Association of Colleges and Secondary Schools set up the program Friday. It

## Araujo TKO's Riley; Wants Carter Now

NEW YORK—(AP)—New York and television fight fans across the country have had their first look at Georgia Araujo. They may have seen the next lightweight champion of the world.

Rarely has a touted newcomer come through in a fashion to equal his pre-fight raves. The 20-year-old Providence 134-pounder did just that against experienced Charley Riley of St. Louis at the St. Nicholas arena Friday night.

Icy calm and fast with his hands and feet, the negro lad handed the 28-year-old veteran a neat shellacking through the first eight rounds and stopped him in 1:59 of the ninth round of the 10-rounder. There were no knockdowns but Araujo stunned Riley in the third, eighth and ninth rounds.

Unbeaten in 2 1/2 years, Araujo racked up his twenty-ninth straight victory and his twenty-ninth knockout, although it was of the technical variety. His record now is 42 victories and one defeat. He averaged a decision loss to Doc Blanchard in 1949 by betting out Doc in eight rounds six weeks later.

Manager Angelo Pucci feels his phenom is ready to meet lightweight champion Jimmy Carter right now. "I'm going to put a challenge and a forfeit check with the New York Commission in two weeks," said Pucci Saturday. He said if the commission wants Araujo to fight Paddy De Marco first he would sign for that match providing it was stipulated the winner would get Carter.

Approximately 1,500 delegates voted to make violations punishable by possible dismissal from the association's list of 390 accredited universities and colleges in a 19-state area, including all Big Ten schools and parts of the Missouri Valley and Big Seven Conferences.

Authority to serve public warning to, or place on probation, or suspend, any violator of the new code is given the association's commission on universities and colleges.

The commission will rule on complaints passed on by a new committee on athletic reports.

Loss of accreditation is considered a serious blow to a school's standing. The new code sets forth these theories on athletics:

"The possible contribution a student can make to the winning of athletic contests should not be taken into consideration at all in the granting of financial aid of any kind."

Heads of colleges are "ultimately responsible" for wholesome conduct of intercollegiate athletics at their schools.

Coaching staff members should have regular faculty tenure "with salaries comparable to the general faculty scale."

Colleges should take "effective steps" to break efforts by alumni and booster groups engaged in recruiting and subsidization of athletics.

The National Collegiate Athletic Association and the American Council of Education have devised similar programs but the North Central Association hopes to achieve specific results with the weapon of accreditation.

Dale Mitchell of the Cleveland Indians has batted under .300 only once in his major league career. His best mark was .336 in 1948. His worst was last season when he batted only .290.

## American Legion Baseball Auction Divides Up Teams

In spirited bidding at a Midland Youth Center Thursday night, players in the American Legion League, aged 13 through 18, were divided into four teams. The auctioneer was R. N. Hillin.

Play in the league will start late in April. An all-star team will be selected at the end of the season to compete in the official national American Legion competition.

Robert M. Payne is president of the league. Tex Carlson and Joe Bauer, vice presidents, and Charles Cobb, secretary.

Team names will be selected next week. Managers and player rosters are listed as follows:

Managers Cooper Daugherty and Jim Watson; Walter Bingham, Manuel Carrasco, Rodger Coil, Harold Gregory, Myron Harris, Lonnie Howard, Bob Johnson, Jerry Land, Bill Leonard, Barney McClendon, Boyce McKnight, Ray Moreno, Dwayne Mungler, Clinton Noble, Winfred Pardue, Dan Ratcliff, Sonley Roush, and Phillip Slough.

Managers Tom Baker and Jack Hicks; Hyrone Beasley, Robert Caruhers, Morris Coats, Billy Cothran, Thomas Dilday, Pete English, Leroy Hoover, Don Hudson, Johnny Kennedy, Stanley Krist, Raymond Murphy, Bob Parrott, Jack Pennington, Loren Roberts, Snooky Roberts, Ronny Rome, M. A. Rose and Clinton Taylor.

Managers John Alcorn and Neal Salsich; Mareno Anselmo, John Brennenman, Bob Brown, Richard Cobb, Stan Coker, Bill Crenshaw, Jim Hammit, Jack Harris, Armin Higginhiser, Dale Jobe, Robert Payne, Bob Proctor, Harold Robbins, Jay Schlichting, Don Stringer, John Vanderpool and Harold Vanderpool.

Managers E. J. Murray and Ernie Nelson; Jim Atwill, Charles Bleiker, Buzzy Brant, Lionel Crisp, Wayne Culp, Bobby Riberidge, Gwyn Orsham, Jesse Hatfield, Billy K. Julian Lopez, Corky Moss, Kenneth Shrum, Don Smith, C. L. Thornton, Joe Turner, Robert Whitaker, and Herbert Williams.

Managers John Alcorn and Neal Salsich; Mareno Anselmo, John Brennenman, Bob Brown, Richard Cobb, Stan Coker, Bill Crenshaw, Jim Hammit, Jack Harris, Armin Higginhiser, Dale Jobe, Robert Payne, Bob Proctor, Harold Robbins, Jay Schlichting, Don Stringer, John Vanderpool and Harold Vanderpool.

Managers E. J. Murray and Ernie Nelson; Jim Atwill, Charles Bleiker, Buzzy Brant, Lionel Crisp, Wayne Culp, Bobby Riberidge, Gwyn Orsham, Jesse Hatfield, Billy K. Julian Lopez, Corky Moss, Kenneth Shrum, Don Smith, C. L. Thornton, Joe Turner, Robert Whitaker, and Herbert Williams.

## BIG GAME HUNT SET FOR CLUB

Members of the Midland Gun Club and their guests will go big game hunting at 8 p.m. Monday. Col. Tex Purvis, nationally known for his treks after big game, will take them on the hunt via colored pictures. Club members and guests will gather at the Mackey Motor Company, 300 South Lorraine Street, to view the hunting films expected to run more than an hour.

Reports from other Texas cities indicate sportsmen consider the Purvis sound films among the best ever shown to the public.

# Nine Records Fall As TU Relays End

AUSTIN, TEXAS —(AP)— Nine records fell and two others were tied in the Texas Relays ending Saturday with a six-foot-nine high jump by Charles Holding of East Texas State, a 54 foot, 7 3/4-inch shot put by Darrow Hooper of Texas A&M and some terrific relay running by Texas, Texas A&M, Oklahoma and Kansas standing out in the big track carnival.

Charles Thomas of Texas, who won the 200 meters in 20.3 seconds—a tenth of a second over the world's record—had anchored a record-setting 440-yard relay team and a record-equaling 880-yard relay team, was picked as the outstanding competitor.

## JayCee Track Team Places Second In SA

SAN ANGELO—A Midland JayCee-sponsored six-man independent track team joined forces with men from Junction and Menard here Saturday to win second place in the Second Annual San Angelo Independent Track and Field Meet. First place was won by Wall.

Richards appeared as a special feature and his vaulting had no effect on the Texas Relays record of 1 1/2 feet, 2 1/4 inches set by George Rasmussen of Oregon in 1949. He could not compete for the record since he is not a college student but an instructor.

Holding's high jump tied the record set last year by Walter Davis of Texas A&M, who was second Saturday with six feet, eight inches. Hooper's throw bettered his own Texas Relays record of 53 feet, one inch.

A crowd of 9,000 sat in sunshine for the big cinder path show. There was one accident. Curtis Beatty, former University of Texas football player and a coach in Austin High School, was hit on the head by a flying discus. It cut a gash but did not injure him seriously.

Four records were set Saturday after five were hung up Friday. The Texas sprint relay team did 41.2 seconds to wipe out the record of 41.4 set by Rice in 1937 and equaled by Texas in 1947.

The relays broke up in an argument when the Oklahoma mile relay team was disqualified for the anchor man cutting in too soon on the first turn. Oklahoma had set a new Relays record of 3:11.1 but Texas A&M was moved up to first place. The Aztec's time was 3:13.5, which bettered the Relays record of 3:14.5 set by Rice in 1950.

The Oklahoma tracksters protested bitterly. Texas A&M rolled up the most points with 37 1/2. Oklahoma was second with 33, Texas third with 26, Kansas fourth with 19 and Oklahoma A&M next with 17.

ACC Leads Colleges Athlete Christian College led the college division with 16 1/2 points. North Texas State and Howard Payne tied for second with 14. Texas A&M won the junior college freshman class title with 12 1/3 points. Oklahoma A&M was second with 11.

Brenham and Galena Park tied for the high school division championship with 15 points each. The Texas sprint relay team was made up of Dean Smith, Carl Mayes, Jim Brownhill and Thomas, and this same combination tied the relays record in the 880-yard event with a time of 1:25.6. Texas set the mark in 1936.

Javier Montes of Texas Western sprinted the last lap to win the 1,500 meters in 3:52.6 which became a record because it was a new event.

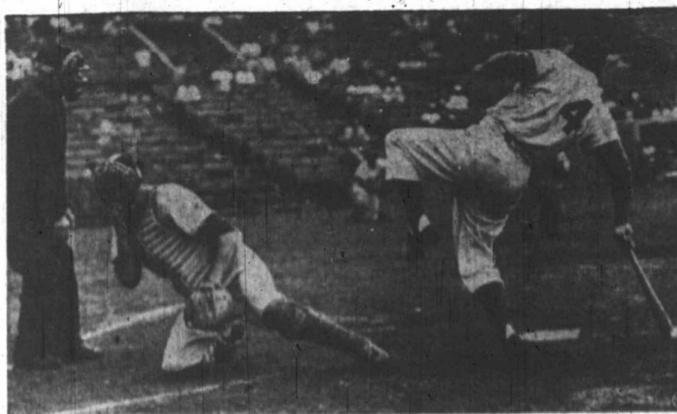

Oklahoma Smashes Oklahoma smashed the two-mile relay record with a time of 7:41.8. The old record was 7:43.0, set by Drake in 1941. Making up the great Sooner team were Derald Smith, Jim Wilkinson, George McCormick and Don Crabtree.

Five records were broken Friday in the opening day of the meet. Hooper's shot put mark was set in the preliminaries Friday. He didn't better it Saturday in the finals.

In addition to this shot put mark, these other records were set Friday: Open 800-meter dash—Thomas, 30.9 (new event); University college distance medley relay—Kansas 10:06.3 (old record 10:11.9 set by Texas in 1947); Junior college college—freshman sprint medley relay—Oklahoma A&M 9:32.6 (old record 9:33.7 set by Victoria in 1951).

Hooper was the only double winner of the relays. He took both the shot and the discus, winning the latter with 157 feet, eight inches.

George Ford, University of New Hampshire basketball forward, wore jersey number 44 and connected for 44 per cent of his shots during the season.

JOINT'S JUMPIN'—Duke Snider emulates an adagio dancer trying to get out of the way of Cardinal pitcher Ed Yubas' wild throw during an exhibition game at Miami. The large Dodger outfielder was struck on the ankle joint, however, as St. Louis Cardinal Catcher Del Rice scrambled for the ball. Lou Jorda was the umpire. (NEA)

## Cubs Down Pittsburgh, 7-1 For Eighth Straight Win

NEW ORLEANS, LA. —(AP)— Frankie Baumholtz, Chicago Cubs outfielder, Saturday drove in three runs with a home run and a single and scored two others to lead the Cubs to a 7-1 victory over the Pittsburgh Pirates at Pelican field.

The triumph was the Cubs' eighth in succession and their eighteenth win in 25 starts.

handers, hurled seven innings before retiring because of the cold. He permitted five of the six Atlanta safeties and both runs. Raschi had intended to go the distance if it had been a warm day.

throw. Bobby Thomson singled off Rose's glove and Willie Mays hammered a single to center, sending Dark across. White Lockman grounded out as the runners held their bases. Don Mueller was at bat when Rose made his costly pitch.

## Senators 9, Reds 7

COLUMBIA, S. C. —(AP)— The Washington Senators slammed the ball almost at will off two Cincinnati Reds pitchers Saturday for a 9-7 exhibition baseball victory. The game featured five homers.

In a big sixth inning, Washington got three homers that figured in a five-run scoring spree to sew up the game.

## White Sox 8, Cats 2

FORT WORTH, TEXAS.—(AP)— Chico Carrasquel's three-run homer capped a five-run burst off Joe Landrum in the seventh inning that made the Chicago White Sox easy winners over Fort Worth of the Texas League here Saturday. The score was 8-2.

Nelson Fox also clouted a two-run triple in the third.

## Dodgers 8, Braves 7

NASHVILLE, TENN. —(AP)— Mickey Rocco singled in Wayne Terwilliger with the winning run Saturday to give the Brooklyn Dodgers a 10-inning, 8-7 victory over the Boston Braves.

George Shuba, who homered off Starter Gene Conley in the second inning, put Brooklyn into a 7-5 lead by bashing a two-run, four-bagger off Dick Donovan in the eighth.

## Red Sox 5, Tulsa 3

TULSA, OKLA. —(AP)— Ted Williams lashed a three-run homer in the ninth inning Saturday to pull the Boston Red Sox into a 5-3 win over the Tulsa Oilers of the Texas League.

## Browns 7, BAMC 3

SAN ANTONIO —(AP)— St. Louis Browns belted Brooke Army Medical Center pitchers for 12 hits here Saturday and a 7-3 win.

Frank Kellert hit a two-run homer for the Browns and Clyde McNeil one for the Come's.

## Athletics 7, Raleigh 1

RALEIGH, N. C. —(AP)— Alex Kellner held the Raleigh Caps of the Class B Carolina League to eight hits Saturday as the Philadelphia Athletics took an exhibition game, 7-1.

Big Gus Zernial's two-run homer helped the A's to three runs in the first inning. Kellner's double brought in another run in the fourth, and homers by Alie Clark and Keith Thomas in the seventh and ninth frames, respectively, gave the American Leaguers a safe lead.

## Giants 6, Indians 5

DALLAS —(AP)— A wild pitch by Dick Rosek in the last half of the ninth permitted Bobby Thomson to score from third and gave the New York Giants a 6-5 victory over the Cleveland Indians Saturday.

The Giants were trailing, 5-4, as they came to bat in the ninth. With one down, Al Dark was safe on Sifert Stop Merrill Combs' bad

## Phillies 9, Cards 4

CHARLESTON, S. C. —(AP)— Philadelphia's Phillies combed St. Louis pitching for 12 hits and a 9-4 exhibition baseball victory over the Cards before 6,004 spectators Saturday.

Philly Third Baseman Willie Jones' two-run homer highlighted the first inning. In which his team collected four runs off lefty Cliff Chambers, the loser. Wally Westlake's homer leading off the ninth inning, accounted for the Cards' final run.

## Tigers 10, Browns 6

BIRMINGHAM, ALA. —(AP)— With two rallies of four runs each, the Detroit Tigers defeated Birmingham of the Southern Association in an exhibition game Saturday, 10 to 6.

Dizay Trout worked the first six innings and was the winning pitcher.

## Yanks 9, Atlanta 2

ATLANTA —(AP)— The New York Yankees were in a championship batting mood Saturday afternoon and whacked out 15 hits in a 9-2 trouncing of the Atlanta Crackers.

Rookie Third Baseman Andy Carey and Veteran First Baseman Johnny Hopp led the attack with three safeties apiece. Carey drove in three runs with a homer, double and single. Outfielder Hank Bauer also hit for the circuit.

## Bowman, Lindsay Enter Golf Finals

PHOENIX, ARIZ. —(AP)— Mrs. Lyle Bowman of Richmond, Calif., and Marjorie Lindsay, Denton, Ill., sailed into the finals of the Trans-Mississippi Golf Tournament here late Saturday.

Mrs. Bowman defeated Mrs. Ruth Prasher of Phoenix, one-up, in a 21-hole duel, and Miss Lindsay, 1950 Trans-Miss winner, blasted blonde Edean Anderson, Helena, Mont., 5 and 4.

The resounding Lindsay triumph cast the Curtis Cup player in the role of favorite for Sunday's 36-hole finale on the 6,573-yard Arizona Country Club course.

## Midland Golf Team Loses To Bronchos

ODESSA—A Midland High School four-man golf team was defeated by the Odessa Bronchos for the second time Saturday in a District 2-AA meet here. The Bulldogs had lost to the Bronchos once previously at the West Texas Relays.

In winning the meet, the Bronchos posted a total team score of 638 to best second-place Midland's total score of 657. Lubbock, Big Spring and Lamasa finished behind the top two in that order.

Arlyn Scott of Odessa was the meet's individual medalist with a 148. Billy Gilmore of Odessa was runner-up to Scott while Raymond Leggett of Midland was third with a 155.

Both Odessa and Midland qualified to participate in the regional meet at Lubbock.

# Hogan Overtakes Wind-Blown Snead In Masters Event

AGUSTA, GA. —(AP)— The wind blew and so did Sammy Snead Saturday with the result that Snead and Ben Hogan were all even after 54 holes of the Masters Golf Tournament. Each had scores of 214 going into the final round.

Snead, three strokes ahead after the first two rounds, came apart Saturday just after learning Hogan had finished with a 74. Sammy, playing the back nine miserably, had a 77 to lose what had looked like a huge advantage.

Hogan, too, had his troubles. But he fought them off to turn in a creditable score after being four strokes over par for the first 10 holes.

After stumbling through the windswept third round, the two leaders found themselves two strokes up on Cary Middlecoff, the steady-going Memphis, Tenn., dentist. Middlecoff shot his third successive par 72 round, one of the best of the day, for his 216 total.

Right behind him, with 217's came big Al Besselinik of Chicago and Tommy Bolt, from Durham, N. C.

Besselinik shot a 71, the best score of the day. Bolt, who had two 71's to his credit, skidded on the back nine for a 75 Saturday.

One other 71 was made Saturday by Chuck Kocis, Detroit amateur, for a 224. Johnny Palmer of Baden, N. C., one of the first day leaders, shot a 67 for 216 and sixth place.

The gusty, cold wind, playing tricks with shots, caused the scores to skyrocket. The golfers complained they couldn't judge what the ball was going to do and when they allowed for drift one way it would swirl their shots off in another direction. They said it even affected their putts.

## Exhibition Baseball

FRIDAY'S RESULTS By The Associated Press  
St. Louis (A) 5, Chicago (A) 4.

New York (A) 5, Atlanta (SA) 4 (night).

## Demaret Withdraws

Some of the effects of the windy day were more than a little remarkable. Jack Burke, who had shot a 67 Friday to draw close to the leaders, took a 78 Saturday for 221, and Skip Alexander had a 77 for the same total.

Dave Douglas of Newark, Del., skidded from Friday's 69 to Saturday's 81. Clayton Heafner of Charlotte, N. C., went out in 34 Saturday morning then came back in 40, and Fred Hawkins of El Paso, who shot the front nine in 33 the first day, took a 42 over the same part of the course Saturday.

Jimmy Demaret, the only three-time winner in the Master's tournament, didn't even start the third round. He decided to withdraw after posting rounds of 77 and 76.

# Drive It Yourself!

## It's a Spectacular Dual-Range Performer!

Yes—drive it yourself—and you'll see why so many, many people are saying that the new 1952 Dual-Range\* Pontiac provides the most amazing—and the most thrilling—performance they have ever experienced!

At the wheel of a new Pontiac you have two entirely different types of performance under finger-tip control. In Traffic

Range you can have spectacular acceleration and power—more than you'll probably ever need. And when you're in Cruising Range—rolling along the open road so smoothly, silently and economically, you almost feel you're coasting!

Come in today—drive a wonderful new Dual-Range Pontiac yourself. It is certainly spectacular new proof that dollar for dollar you can't beat a Pontiac!

\*Optional on extra cost.

ONLY PONTIAC GIVES YOU THIS DUAL-RANGE COMBINATION!

# SCS Appeals For Safer Use Of West Texas 'Blow Land'

FORT WORTH—The Soil Conservation Service appealed Saturday for a "return to safer use of Texas blow lands"—and backed up its appeal with pictures of head-high drifts of soil in West Texas.

Soil drifts are making some farm roads impassable, a survey party reported to Louis Merrill, regional director of the SCS.

The survey party brought back pictures of a drag-line operator clearing drifted soil from a railroad right of way between Lubbock and Seagraves.

Another picture showed drifts near the top of fence posts in a farmyard near Lamesa. Another showed topsoil scooped from a cotton field near Lamesa, and another showed head-high drifts along a farm-to-market road west of Brownfield.

Merrill reported field office reports to him showed hard March winds had added 470,000 acres to the total of West Texas acreage undergoing moderate to severe wind erosion damage.

Wind of the last two weeks of the month put 249,000 more acres in the moderate to severely damaged category, said Merrill. "The total in lands which have been moderately or severely damaged this season is now 1,637,000 acres."

Measures Proposed  
Anti-erosion measures suggested by SCS included:

1. A stop to cultivation of lands not suitable for cultivation because of its extreme susceptibility to blowing. "Three million acres too light or too shallow for crop production are now cultivated in the high plains of Texas," said SCS.

2. Use of blue pecanum, sand loam, weeping lovegrass and other grasses to keep hazardous soils in place.

3. Emergency tillage—plowing deep enough to turn up protective clay subsoils. But this method is less effective, said the report, because there is now not enough moisture beneath.

Making up the survey party were W. M. Nixon of Fort Worth, SCS regional agronomist; R. M. Marshall, regional soil scientist, and C. A. Rechenbach, zone conservationist.

They reported that grain sorghum stubble, if properly managed, also is effective in preventing land damage.

Some Successful  
Even in the hardest hit areas, they said, some farmers had successfully combated the blow threat. Among those using grasses and wind-resisting feed crops successfully were Curtis White and Glenn Stovall, both farming southeast of Lamesa, and George M. Norman, southeast of Seminole.

Measures effective in the Brown-

field areas included grass seedings, stubble mulch, grain sorghums and cotton in rotation, chiseling and deep plowing.

"A great portion of the lands in question are well suited to the production of grain sorghums, and properly managed sorghum stubble is as good an instrument as we know to prevent blowing on cropland," Merrill said.

## EASTER WEEK SEAL PROCLAIMED IN CITY

This week was proclaimed Saturday by Mayor Perry Pickett as official Easter Seal Week in Midland. Stressing the great need for services to crippled children, Pickett urged full community support of the nineteenth annual appeal.

"The responsibility to give each child a right to happiness is ours—a responsibility we cannot neglect," he said.

"Through our combined efforts we can support the organization which have the strength and facilities to help the crippled. "Here in Midland the Children's Service League is heading the drive and they are part of a nation-wide group which makes services available to crippled children."

Mrs. T. S. Jones, president of the Children's Service League, said her organization is interested in learning the names of all children who need their help.

"By crippled," she explained, "we mean not only those who are unable to walk but those with many other handicapping conditions. "This month, when Easter Seals are carrying our message to so many homes, we find it appropriate to reaffirm our purpose of offering assistance to every crippled child we can reach and to continue helping those we already have reached."

## George Parr Named Sheriff Of Duval

SAN DIEGO, TEXAS—George P. Parr, reputed political boss of several South Texas counties, became sheriff of Duval County Friday after Dan P. Garcia resigned.

The county commissioners accepted Garcia's resignation as sheriff and appointed Parr to replace him. Parr resigned as county judge to accept.

Garcia said he resigned to give full attention to his ranching interests and other personal affairs. However, there have been published rumors of a split between Parr and the long-time sheriff.

Parr and Garcia have been political friends many years. The wealthy rancher has supported Garcia in reelection campaigns during the 15 years he was sheriff.

Recently, however, there have been reports Parr would oppose Garcia if he sought reelection.

Dan Tobin, Jr., Garcia's son-in-law, was named county judge to succeed Parr.

**WHY ARE CLASSIFIED ADS SO LITTLE?**  
Classified Ads are little because they need not be big to get attention. Classified Ad readers are interested in what the Classified Ads offer—not their size. Besides, a small Classified Ad costs very little. A 15 word ad, four days costs less than a carton of cigarettes.

**UNBELIEVABLE SENSATIONAL VALUE**  
For \$8,000, two miles south of Midland. Five acres, with three room house, good well and windmill. One acre of abundant fruit trees. Small down payment with possession. Let us show you this fine value.

Three bedroom brick veneer, two baths, Northwest section. \$17,500.

**DIXIE WEAVER AGENCY**  
Phone 4-8607

**FOR SALE BY OWNER:** Total price \$7,000. This house is in new condition, completely furnished. Located on paved street, back yard fenced and landscaped. Call 2-1117. \$22,500.

**GI EQUITIES**

We have several GI 4% loan homes for sale. Why RENT when you can get a home with loan already established, payments include taxes. Located in principal and interest at \$50 to \$60 per month. These equities run \$2,000 to \$5,000 each and sections of town. A good lot alone would cost this much! Look into this for investment as well as home.

Suburban property, edge of town, \$5,500 to \$10,000 each. New loans will have to be obtained on each of these, but they are priced to be good value.

We need a good GI equity on South side, that will take a small home (under 1000 sq. ft.). Let us know on this right away!

**Fairbanks Morse Water Pumps**

Fairbanks Morse water pumps are one of the old line, nationally known jet pumps. Their reputation has been established throughout the nation during the past years on both water pumps and oil field pumping units. These smaller pumps for individual home use can effectively be used to irrigate the smallest yard to the largest estate. This pump is engineered to fit the individual's needs, placing emphasis on the "SAND-PROOF SUBMERSIBLE PUMP" which will not be affected by sand in the well or blowing sand, and DO NOT require pump house or above-ground installations. A complete stock of all size pumps on hand.

**WE WILL DRILL YOUR WELL...**

... and take care of everything necessary. All you need do is call us, tell us where you want your well, and turn the faucet on. We take care of all the details, furnish the engineering free. All you are charged for is the equipment and the actual labor involved in drilling the well and installing the pump and system.

**A COMPLETE PARTS & SERVICE DEPARTMENT...**

... is here for your convenience. We have the equipment and the trained personnel to repair ANY make or model of water pump. All parts are factory inspected.

**SPECIAL CREDIT TERMS!**

LOOK AHEAD - IT'S A GOOD IDEA

FOR ALL THE TOMORROWS, make the right choice today! In this lovely three bedroom home, with living room, dining room, kitchen, den and 2 1/2 baths. You will find a friendly atmosphere surrounding this home of over 2,000 feet of floor space. It will attract you, incidentally, if you have a smaller home, priced worth the money, will consider as part payment. For price and location, ask the office or our representatives.

LOOK AHEAD - IT'S A GOOD IDEA

IT'S ALWAYS A PLEASURE to show you... and we want you to ask about this lovely, close-in two bedroom home on North Big Spring. We believe we have a bargain here you would like to know about.

LOOK AHEAD - IT'S A GOOD IDEA

IT'S SUCH A SATISFACTION to own the best. And we would be more than happy to have you ask us about this lovely three bedroom home with two baths, large living room, beautiful fireplace, dining room, den and kitchen. This home is fully carpeted and has a 4 1/2 ton refrigerated air conditioner. We welcome your inquiries.

LOOK AHEAD - IT'S A GOOD IDEA

A PLEASANT RESIDENTIAL STREET. Permanent beauty at a practical price. A three bedroom home with living room, dining room and kitchen. Attached garage. In addition to the main home, there's a nice guest house. We believe, and you'll agree, that this is a bargain for \$13,000.

LOOK AHEAD - IT'S A GOOD IDEA

WE SINCERELY BELIEVE that home is the most treasured place on earth. So see for yourself this extra special three bedroom home with two baths, dining room and kitchen. Attached garage. Central heating and cooling. Crushed marble floor. Tile fence. Plumbed for automatic washer, wired for electric range. Water softener. Lots of closet space. Full price, \$25,500. Possession immediately.

LOOK AHEAD - IT'S A GOOD IDEA

PLANNED TO BE SUPER from the start. This lovely three bedroom home has been occupied two months. Located in one of our very choice locations. Everything for pleasant living has been built into this home, and the owner regrets that it is necessary for him to make a change. It will be a pleasure and a privilege to show it to you.

LOOK AHEAD - IT'S A GOOD IDEA

THERE'S NO SUBSTITUTE for quality. And here's a stone house, just off the Andrews Highway... lovely grounds, three large bedrooms, and once you've seen it, you'll settle for no other. Please make your wants known.

It's such a satisfaction to have the best listings in Midland real estate. You owe it to yourself to take a look at the many good values we have for you to select from.

## Flawn To Discuss Pre-Cambrian Rocks At WTGS Meeting

Dr. Peter T. Flawn, of the Texas Bureau of Economic Geology, will address the West Texas Geological Society at a meeting at 8 p. m. April 10 in the auditorium of Cowden Junior High School, on the subject of "Pre-Cambrian Rocks of the Van Horn Area, Texas."

Flawn's paper is the result of a series of investigations which began in the late 30's when Philip B. King of the U. S. Geological Survey was engaged in studies of surface rocks in the Sierra Diablo. King's detailed mapping of pre-Cambrian sedimentary strata was later published in the Survey's "Preliminary Maps of Oil and Gas Investigations."

In 1949 Flawn commenced a program of detailed mapping and petrographic investigation of the older pre-Cambrian metamorphic rocks; a number of Midland individuals and oil companies have contributed samples of subsurface pre-Cambrian rocks of West Texas to aid in the study.

The results of the work of both King and Flawn have been joined into a single report to be published by the Bureau of Economic Geology under the title, "Geology and Mineral Deposits of Pre-Cambrian Rocks of the Van Horn Area."

Flawn conducted his under-graduate studies at Oberlin College in Ohio and received his Master's and Doctor's degree from Yale University. In addition to his three years with the Bureau of Economic Geology, he has served with the U. S. Geological Survey in the study of pegmatite mineral deposits.

## University Lands Will Be Offered To Bidders June 6

Sale of oil and gas leases on lands owned by The University of Texas will be held in the Stephen F. Austin Hotel in Austin June 6.

The auction is to start at 10:00 a. m.

Bids will be made on Tract No. 4 in Andrews County. It is made up of 2,549.20 acres, Tract No. 5 and No. 10, also in Andrews County, will be sold. Tract No. 5 is made up of 2,500.90 acres and No. 10 contains 2,576.95 acres.

Another Andrews County tract, No. 11, made up of 2,609.90 acres will be sold.

Tract No. 34 in Crane County will be put up for sale. It consists of 2,240 acres.

Bids also will be accepted on Tract No. 95 in Reagan County. It is made up of 2,564.51 acres.

Tract No. 100 in Schleicher County, made up of 2,675.78 acres will be sold.

All the above tracts require the drilling of a well within 180 days of the purchase.

## Durette Is Named Drilling Boss For Delta Gulf Division

Eddie Durette has been named drilling superintendent for the West Texas Division of Delta Gulf Drilling Company of Odessa.

Delta Gulf operates heavy duty rotary rigs widely scattered throughout West Texas and the Gulf Coast. The company maintains general offices at Tyler, and branch offices at Odessa, Dallas, and Houston, and Lake Charles, La.

Durette, formerly a student in the petroleum engineering school at Texas A&M and the business administration school at the University of Houston, has had many years of rotary drilling experience in the Gulf Coast and in West Texas, with Loffland Brothers Company, and is widely known throughout the Permian Basin. He will assume his new responsibilities effective April 1.

34 More Wells Added To Areas In Spraberry

During the eight day period ended Saturday, 34 new producing wells were added to the Spraberry Trend of the Midland Basin, to bring the number of producers in that area to 1,449.

Six wells were added to the Tex-Harvey field, giving it a total of 675. The Driver pool gained 12 others to bring the number in that field to 261.

The 34 wells were completed at an average rate of 4.3 daily.

THE BEST INVESTMENT FOR YOUR ADVERTISING DOLLAR. MIDLAND, TEXAS, SUNDAY, APRIL 6, 1952 SECTION TWO

## Grisham, Et Al Swabbing To Clean Out And Test At Culberson Gas Discovery

M. A. Grisham and associates No. 1 Grisham fee, Central-East Culberson County gas discovery from an unidentified formation at 9,030-54 feet is testing to clean out and complete.

The prospect was flowing gas together with drilling mud and load water at last report. The pay section is heavily saturated with drilling fluid which was pumped in to kill the gas flow so that the 7-inch casing could be run and cemented at 9,030 feet.

It will require several days to get that mud out of the section before operator will be able to get an accurate test on the gas making ability of the wildcat.

No Water The section at 9,030-54 feet is not showing any formation water. It may be necessary to use a small injection of acid to thoroughly clean the hole before it is completed.

It is understood that El Paso Natural Gas Company has contracted to take the gas production of this well. That concern's Permian Basin-El Paso trunk line is about 25 miles north of the discovery.

El Paso Natural is due to lay a line from the big carrier down to the Grisham well and work on that line is due to start soon.

Location is 660 feet from south and west lines of section 60, T-5, R-4P survey. The wildcat is 30 miles north of Kent and 30 miles northwest of Toyah.

Another Andrews County tract, No. 11, made up of 2,609.90 acres will be sold.

Tract No. 34 in Crane County will be put up for sale. It consists of 2,240 acres.

Bids also will be accepted on Tract No. 95 in Reagan County. It is made up of 2,564.51 acres.

Tract No. 100 in Schleicher County, made up of 2,675.78 acres will be sold.

All the above tracts require the drilling of a well within 180 days of the purchase.

## Garza Wildcat Tests Oil, Gas Shows In Strawn

Husky Oil Company No. 1 Nance, Southeast Garza County wildcat, five miles southwest of Justiceburg recovered 600 feet of oil and gas cut drilling mud in a drillstem test at 7,595-7,625 feet in the top of the Strawn reef lime.

The tool was open one and one-half hours. Open flowing bottom hole pressure was 80 pounds. Shut-in bottom hole pressure, after 20 minutes was 2,840 pounds.

The project is to core deeper. Corrected top of the Strawn lime reef is at 7,590 feet. Derrick floor elevation is 2,411 feet.

The show of oil and gas developed on the test at 7,595-7,625 feet were the first signs of possible production this wildcat has encountered.

It is 660 feet from north and east lines of section 51, block 6, H&GN survey. It started out under a contract to dig to 8,500 feet to test the Ellenburger, or production at a lesser depth.

Pecos Exploration Finds Clean Oil On Clear Fork DST

Standard Oil Company of Texas No. 1-A Claude Owens, East Pecos County wildcat, 14 miles northwest of Sheffield found a small amount of clean oil in a drillstem test in the Clear Fork-Permian lime at 4,927-53 feet.

The tool was open three hours. Recovery was 150 feet of clean oil, 90 feet of mud cut oil and 90 feet of heavily oil cut mud.

Open flowing bottom hole pressure was 120 pounds. Shut-in bottom hole pressure after 15 minutes was 300 pounds. There were no signs of formation water.

The prospector is making hole below 5,057 feet in lime and shale. It is contracted to dig to 9,000 feet to explore the Ellenburger.

Location is 660 feet from north and east lines of section 2, block C-4, G&S&P survey.

Yales Discovery In Ward Is Slated To Take Potential

Texas Gulf Producing Company is preparing to take potential test and complete its No. 1-10 University as a small producer and a discovery in an undeveloped area of Central Ward County.

The project is 15 miles southwest of Monahans; two miles north of the Spencer field; two miles south of the South Sealy field and two miles west of the North Ward field.

## Hamiltons Acquire Interest In Stock Of King Concern

A change in the ownership of some of the stock and also a change in the corporate organization of Carl B. King Drilling Company of Midland was announced Saturday.

That announcement, made by Hamilton Brothers of Dallas, revealed that some of the stock in the King company had been acquired by that concern.

Hamilton Brothers is composed of Frederic C. and Ferris F. Hamilton, both of Dallas, and associates.

Previously the stock of the King company has been held by Carl B. King, J. E. (Ed) Warren, Fred W. Dye, and their associates.

Some Stock Sold It is understood that King, Warren and Dye have disposed of some of their stock to the Hamilton Brothers group.

Amount of the stock involved in the transaction and the price paid for it has not been revealed.

The corporate structure of the concern has been changed from being a Delaware corporation to now being a Texas corporation. Its new corporate name is The Carl B. King Drilling Company of Texas.

Same Operations It has been announced that under the new arrangement the same activities, operation personnel and policies will be continued. The headquarters will continue to be in Midland.

J. E. (Ed) Warren had been president of the original Carl B. King Drilling Company for a number of years until a few weeks ago when he resigned.

Bruno E. Scabarum of Midland, who had been general manager of the company was elected president to succeed Warren.

Warren is now serving as assistant deputy administrator for the Petroleum Administration for Defense, in Washington. On June 1 he is to become assistant administrator of PAD.

That position is the top executive place in the federal agency which allots steel to the oil industry under the government's controlled material program.

Warren is due to serve on the "Up-Hole Times" is Topic Tuesday For PBGS Meet

Dr. J. P. Woods, Supervisor of the Geophysical Laboratory of the Atlantic Refining Company, Dallas, Texas, will address the April meeting of the Permian Basin Geophysical Society. The meeting will be held at 8:00 p. m., Tuesday at Cowden Junior High School Cafeteria, Midland.

Dr. Woods will present his paper titled, "Up-Hole Times." The paper discusses the significance of the up-hole travel time for seismic impulses from buried dynamite explosions to the surface. The up-hole time measurement is one of key importance to seismic exploration for oil, and factors which influence the quality of this measurement are outlined.

Dr. Woods graduated from the University of Texas in 1925 with a B.S. Degree in Electrical Engineering. He received the M.S. degree in 1930 and a Ph.D. in Physics in 1932 from the same university. From 1933 to 1940 he was in the geophysical laboratory of Shell Oil Company. From 1941 to 1944 he was in the radio research laboratory of Harvard University, and he has served in his present capacity with Atlantic since 1944.

Woods is a member of the Society of Exploration Geophysicists, The American Geophysical Union, and the Seismological Society of America.

Lester H. Johnson, Honolulu Oil Corporation, Midland and president of the local society will preside at the meeting. Coffee and doughnuts will be served, compliments of the Republic Exploration Company, and a film will be shown.

Juanito To Operate 400 Consolidated Wells In Six States

DALLAS (P)—Texas Consolidated Oils of Dallas announced signing of an operating management contract under which San Juanito Oil Company of Dallas will operate Consolidated's 400 producing oil and gas wells in six states.

The wells in Oklahoma, Texas, Louisiana, New Mexico, Kansas and California produce about 3,500 barrels of oil per day, the announcement said. J. Edward Johnson, president of Consolidated, said the only consideration is a management fee to be paid to San Juanito based on Consolidated's "current income of slightly in excess of \$2,000,000 annually, with a bonus for major economies expected under the new management."

## Ohio Oil Established Many New Records In Its 1951 Operations

PINDLAY, OHIO—Establishing new records in almost every phase of its operations, The Ohio Oil Company earned \$41,681,663 in 1951, according to J. C. Donnell II, president, in the sixty-fourth annual report to stockholders.

Net income for 1951 was equal to \$2.35 per share, an increase of more than 11 per cent above the \$2.09 earned in 1950.

The company increased its dividends from \$2.70 per share in 1950 to \$3 in 1951, and its capital expenditures from \$31,481,000 to \$38,117,000, yet was able to improve its liquid financial position during the year, Donnell said.

Net production of petroleum in 1951 totaled 33,804,883 barrels—3,562,386 barrels more than in the previous year. The 92,616 barrels per day produced in 1951 exceeded the 1950 rate of 82,856 barrels per day by 11.8 per cent.

More Increases A gross volume of 147,467,274 barrels of crude oil was gathered and transported through the company's pipe lines in 1951, an increase of 7.3 per cent over 1950.

Crude oil processed through Ohio Oil's two refineries totaled 13,996,936 barrels in 1951, about two per cent more than in the previous year.

The \$38,117,000 spent by the company for properties, plants, and equipment during 1951 included \$20,000,000 for development of producing properties, lease acquisitions, etc.; \$1,016,000 for refining facilities; \$3,003,000 for marketing facilities; and \$13,103,000 for crude oil pipe lines.

Capital expenditures during the last six years have totaled \$156,000,000, Donnell said.

Taxes Were High Taxes in 1951 reached the highest point in the company's history, totaling \$23,077,529. The increase in federal income taxes was the most significant single factor in the general increase of costs and expenses reported for the year.

Salaries and wages for the year totaled \$28,950,564. Two general wage increases in 1951, together with others made over the last five years, have increased the annual wage of employes by more than 60 per cent, the report pointed out.

Drilling activity was increased with completions amounting to 569 wells, of which 358 were oil wells, 17 were gas wells, 83 were dry holes, and 111 were input wells. Exploratory drilling consisted of 48 completions which resulted in seven oil wells and 41 dry holes.

## Oil Delegates Are Named For Annual Chamber Meeting

DALLAS—Twenty Texas oil men were named today as delegates to the 40th annual meeting of the United States Chamber of Commerce by the Texas Mid-Continent Oil & Gas Association, a trade association member of the Chamber.

The meeting will be held in Washington, D. C. April 28-30.

R. F. Windfohr, Fort Worth, was designated by the Association as national councillor and Raymond L. Dillard, Mexia, as alternate national councillor.

Members of the Texas Mid-Continent regular delegation named included: Neville Penrose, Fort Worth; M. E. McCullough, Wichita Falls; John F. Lynch, Corpus Christi; Jack Woodward, Bert Fields, Fred Florence and J. L. Latimer, Dallas; Hines H. Baker, Houston, and R. C. Kay, Amarillo.

Alternates named included: John G. Hurd, Laredo; French M. Robertson and J. C. Hunier, Jr., Abilene; John R. Penn, Jr., W. A. Landreth and W. A. Moncrief, Jr., Fort Worth; Scott Myers, Beaumont; Harold D. Herndon, San Antonio; and C. T. McLaughlin, Snyder.

Work Started On 8-Inch Line From Wink Area To El Paso

8-inch oil carrier between the two points which has been in operation since 1928.

The new line will increase by 25,000 barrels per day the outlet for crude oil from the Permian Basin of West Texas and Southeast New Mexico.

Approximately \$3,500,000 will be expended in building the new line. Authority to lay the line and allocation of 12,000 tons of steel for it has been received from the National Production Authority.

Preliminary work has already been started and it is expected that contracts will be let early in May for the laying of the line, erecting of storage tanks and other major items of the project.

The new line will be 196 miles long. It is expected to be completed and in operation in October of this year.

Pasotex Pipeline Company is a subsidiary of Standard Oil Company of Texas. It transports oil from fields in Winkler, Ward, Loving and Pecos Counties to El Paso where it is processed by the Standard Oil Company of Texas and McNuff Oil & Refining Company refineries in that city.

# Texaco Veterans Will Observe Concern's 50th Anniversary At Dinner In Midland Monday

Midland is one of the 29 cities in the United States at which Texaco officials and employes of The Texas Company will hold birthday dinners Monday night commemorating the fiftieth anniversary of the concern.

Sixty-two veteran and retired employes of Texaco in the Permian Basin will attend the affair to be held here, which will be at the Midland Country Club.

More than 6,000 members of the Texaco Quarter Century Club throughout the nation will attend the 29 dinner meetings Monday night.

Plans Announced In announcing plans for the Midland party, L. I. Baker, chairman for that affair, said that W. S. S. Rodgers, Texaco board chairman, speaking at the dinner in Houston, will be heard here and at the other dinners via telephone hookup, as will a talk by Harry T. Klein, company president, who will speak from New York.

Baker said that April 7 (Monday), marks the fiftieth anniversary of the filing of the company's charter. At that time, its total assets were valued at a little more than a million dollars. Today, the company is the seventh largest manufacturing corporation in the United States, with assets exceeding one and one-half billion dollars.

Then Klein will address the dinner meeting from New York on "The Way Ahead." Leach will close the hookup by remarks.

Other Speakers J. H. Markley, Jr., assistant division manager from the Fort Worth

division office, will give a talk on "Founding and Early Development of The Texas Company." F. B. Whitaker, Jr., assistant division manager of The Texas-New Mexico Pipe Line Company, will give a talk on "The History of The Texas-New

operations, migration must be discouraged to prevent the escape of oil to adjoining competitors' leases.

Second Point In the second place, operational efficiency under a unit program is increased, because all development plans are laid on a fieldwide basis, and the producing mechanism best suited to the particular type reservoir can be followed as a matter of course.

A further advantage of the unit method of operation, Brock pointed out, is that it is as effective, if not more so, in newly developed fields as in partially or critically depleted fields.

He cited as separate the case of fields where two separate depletion programs were necessary to recover the oil, and stated that the trend today is to initiate programs designed to increase ultimate oil recovery during early field life. These can be started as soon as sufficient engineering knowledge of the reservoir fluids is obtained to permit drawing up a practicable depletion program.

Less Expense Through unit operation each lease and royalty owner receives his pro rata share of production, regardless of where the producing wells are located; thus the ultimate higher recovery is not secured at the expense of those leases which are situated in disadvantageous positions.

To illustrate the economic advantages accruing through unit operation, Brock described the organization and estimated increased ultimate recovery for four distinctly different types of recently unitized fields.

He pointed out that the greater ultimate recovery possible through unitization, and the great savings in materials and manpower, make the use of the unit method of operation of vital importance to the national welfare.

Further emphasizing this importance, Brock quoted from Petroleum Conservation, a publication of the AIME, which stated: "Cooperative action and unit operation are needed now, not to prevent obvious waste, not to act as a brake on drilling and production, but to protect property rights, to preserve individual enterprise, and to permit the effective implementation of advances in technical knowledge, to the end that positive steps may be taken in each pool to bring about a higher extraction efficiency."

First Meeting Of PBGS Set For Midland May 17

The Permian Basin Geophysical Society, Midland, section of the Society of Exploration Geophysicists, will hold its first annual meeting at Hotel Scharbauer, May 17. L. Decker Dawson, of Republic Exploration Company, is secretary of the Midland section in charge of publicity for the meeting.

Morning and afternoon sessions will present technical papers of interest to West Texas geophysicists and geologists. However, the program is expected to draw scientists from a wide area in the Southwest, Dawson said. Eight papers have already been scheduled, and it is anticipated that the sessions will include at least six papers being presented at an SEG meet for the first time.

Lester H. Johnson, of Honolulu Oil Corporation, and president of the Midland section, is in charge of arrangements. G. A. Grimm, of Tide Water Associated Oil Company and first vice president of the Midland section, is compiling the technical program. Paul C. Reed, of Forest Oil Corporation and second vice president of the Midland section, is in charge of accommodations. Dawson will handle advertising and publication of the printed program.

The technical sessions will be followed by an informal reception and the annual dance.

"Texaco's birthday parties," said Baker, "have been planned to honor the men and women who helped this company grow to its present stature. We feel that our employes are the biggest asset we have."

According to Baker, The Texas Company today is the only oil company which markets its products directly in all 48 states, and, through subsidiaries and affiliates, throughout most of the free world. There are more than 113,000 stockholders, no one of whom owns as much as one per cent of the total stock.

Other Dinner Sites Texaco's birthday dinners will be held in Boston, Buffalo, Chicago, New York, Philadelphia, Norfolk, Dallas, Denver, El Paso, Houston, Indianapolis, Los Angeles, New Orleans, Shreveport, San Antonio, Tulsa, Minneapolis and Savannah. Also in Amarillo, Beaumont, Kilgore, Fort Arthur, Midland and Wichita Falls; Lawrenceville and Salem, Ill.; Butte and Eunburn, Mont.; and Casper, Wyo.

In Midland the reception will start at 6 p. m. and dinner will follow at 7 p. m.

The telephone hookup program will begin at 8:30 p. m.

J. S. Leach, executive vice president, will introduce Rodgers, who will deliver an address on "Texaco's Heritage."

Unitization Vital Operation For Oil Conservation Drive

"Economic Advantages of Unitization" was the subject of a discussion by L. E. Brock, unitization superintendent of Stanolind Oil and Gas Company, at the recent annual meeting of the North Texas Oil and Gas Association in Wichita Falls.

Brock said unitization has become a very effective tool in the industry's drive for conservation. He defined unitization as "the act of combining separately owned tracts and rights in certain lands and leases in a way that will allow orderly development and maximum ultimate production without regard to lease or property lines, but with due regard for the correlative rights of all parties."

History He then traced the history of unitization, pointing out that it was slow in developing between 1930 and 1941, but that a marked degree of unitization effort occurred during World War II when "material shortages and huge demands for oil brought home to many operators the need for saving materials and drilling and equipping those wells necessary for proper depletion, and the need for producing more oil from each reservoir."

Brock stated further, that realization by industry leaders after the war of the importance of oil to our decisive military victory, together with the ever increasing demand for oil has led to further acceleration of unit formation.

In the past four years unit formation has increased more than twofold.

When speaking of general economic advantages, Brock stressed the higher ultimate oil recovery as the principal advantage of unitization. He also said that material inventories and operating costs can be reduced.

While secondary recovery methods are possible in a field on an individual lease basis, said Brock, there are two reasons why they are not as effective as unitized secondary projects.

In the first place, the migration of oil within a unit can be encouraged to those wells selected for producing the oil, on a sound engineering basis; under individual lease

Producing department — D. T. Drake and E. T. Gray. The Texas-New Mexico Pipe Line Company — W. J. McNally. Eight To Get Diamonds

The night employes who will receive 25-year service diamond emblems are: Producing department — J. O. Daniel, C. F. Jackson, H. G. Jones, J. L. Sloan, A. T. Barnes and L. B. Webber.

The Texas-New Mexico Pipe Line Company — C. N. Miller and J. J. Perry.

O'Neill Schedules Offset To Extender In SE Lea Sector

HOBBBS, N. M.—Eight miles south of Hobbs and in Southeast Lea County, Joseph I. O'Neill, Jr., spotted location for a 9,500-foot offset to Amerada No. 1 Raley, recently completed Warren-McKee extension. It is No. 1 Dreesen.

Drills for the deep test is at the center of the southeast quarter of the southeast quarter of section 7-29-32.

Mid-Continent Petroleum Corporation spotted location for No. 2-13 State as a three-quarter-mile east offset to The Texas Company No. 1 Moore, flowing discovery from the Devonian three and one-half miles northwest of production in the East Cap Rock area of Northwest Lea County.

The new test is to be drilled 660 feet from east and 1,980 feet from north lines of section 26-11a-32a. It will drill to 10,000 feet. No. 2 Moore was running electric log surveys after setting pipe and drilling out plug. No drilled out total depth is available.

One-half mile north of Wichita Company No. 1 Chesler, Shell Oil-Albany discovery in Central-East Lea County, Continental Oil Company spotted location for its No. 1-B-12 Leabhart.

It is to be drilled to approximately 8,250 feet, 230 feet from north and 660 feet from west lines of section 12-21a-37a.

Gulf Oil Corporation spotted location for its No. 11-A Harry Leonard one side east of Skelly No. 9-Mexico, flowing Fuselman discovery in the East Dollarhide area of Southeast Lea County.

It will be drilled 1,980 feet from south and 660 feet from west line of section 33-24a-36a and will go to 8,300 feet.

Fred Turner No. 2 Webb-Federal (Continued On Page 3)

# WASHINGTON OIL— WSB Hears Views Of Unions, Companies On Procedures For Handling Strike Case

By JOSEPH HUTTLINGER

Reporter-Telegram, Washington Oil Correspondent

WASHINGTON—The threat of the worst oil strike in years, if not in the history of the petroleum industry, took the spotlight last week at the Wage Stabilization Board.

Two score oil company attorneys and oil workers leaders gave their ideas on how the board should go about getting the facts and trying to bring agreement in the six-month-old disputes. A total of 80-odd companies, operating well more than 100 plants, have been named as in the dispute.

A strike date of March 8, then March 10, was set by the Oil Workers International Union, and its allies, and to postpone it, President Truman sent the case to the board. Board policy is not to consider a case when a strike is under way.

Months of talks before the board and panels of the board appear ahead, but whether this will bring any settlement is yet to be seen. If the board's findings prove unpalatable to one party or the other, the threat of a strike might become a fact. In this event, the government would be likely to resort to a paper settlement, in order to keep petroleum flowing.

The trouble began last year when the OWIU decided to go after a wage increase of 25 cents an hour, an amount which crashed through all government stabilization formulas. The oil workers persuaded the Central States Petroleum Union, some AFL groups and others to team up in a drive against as much of the oil industry as possible.

The first step was collective bargaining, which failed, although some oil companies went at least half way to meet the oil workers' demands. Some oil company attorneys feel the oil workers gave only lip service to free bargaining, in a ploy to get before the board.

Second Step  
The second step came shortly before the first strike date, when federal mediators stepped in. They persuaded a postponement of the strike for a week, but failed in efforts to settle the issues in dispute. Acting promptly, President Truman officially certified that collective bargaining has failed, that mediation has failed, and called upon the wage board to look into the matter.

A few days later he named the companies he considered engaged in a dispute with the oil workers unions, a list including virtually all the majors and many smaller companies. Close to 80 companies and 150 of their plants were named.

Activities in the field of production, pipe lines, distribution, natural gas transmission as well as refining, the prime target of the unions, were listed. The board's first action came last week as it heard the views of the various companies and unions on procedure for its handling of the case.

What might have been a routine session brought a conflict on what may be the main issue of the dispute: Industry-wide or local level bargaining.

Oil company attorneys, in general, advised Chairman Nathan Peñinger of the board that they preferred any hearings to get the facts, conducted by a series of panels at the local level in Texas, Oklahoma and elsewhere, taking up one dispute at a time. The panels, the company attorneys contended, also should have the power to recommend findings.

Multiple Disputes  
A total of 200 or more separate disputes may exist, one company attorney contended, adding that ideally, the board should set up that many panels.

Pointing out that this appears to be a physical impossibility, he then suggested the board admit it has not the machinery to handle the case, and send it back to President Truman.

On the other hand, O. A. Knight, president of the OWIU, contended

that the practical thing is for the board to set up one panel to hold hearings and get the facts, both in Washington and in the field. It is basically, one dispute, he said.

While Chairman Peñinger promised that each dispute would be treated separately, as oil companies ask, there is no assurance at this writing that this will be done in a manner that satisfied the oil companies.

Even if panels are set up in a manner that please the companies, there is the fact that the final decision, in the 150-odd disputes, is to be made by a single board, a fact, say companies, which fits with industry-wide bargaining.

Government's Resources  
The government's resources to prevent a strike are limited. Under the Taft-Hartley Act, it can obtain an 80-day injunction against a strike. Wage board hearings are possible, with publicity given any findings. The idea of the publicity is that public pressure, upon one party or the other, may help prevent a strike. Seizure of a plant, under one power or another, is possible, but government would use this only as a last resort.

In the opinion of one member of the board, "We had a bear by the tail in the steel strike, but in oil we have several bears, scores of contracts, and scores of different bargaining units. And we have the oil companies afraid that anything we do is bound to change the whole pattern of company-union bargaining in the years to come."

Stanotex Establishes District Exploration Office At Lubbock  
LUBBOCK—Standard Oil Company of Texas has opened a district exploration office in this city. It is under the supervision of J. C. Kern, Jr., district geologist, formerly of Midland.

The present staff, in addition to Kern, includes six geologists, a scout, two draftsmen (who are women), a well data clerk and a receptionist-stenographer. Kern said an experienced log plotter will soon be added to the staff.

Under Midland Division  
Following a plan of de-centralization, Stanotex brought 10 of the 12 office employees from the division exploration office in Midland to set up the Lubbock district unit. The Lubbock office, plus two other similar units, are under the direction of the Midland headquarters which handles all exploration and production for West Texas and New Mexico.

The new office here handles all of the company's exploration geology for Lubbock, Lynn, Hookley, Terry, Cochran, Yoakum, Borden, Howard, Dawson, Martin, Gaines and Andrews counties in Texas, and Lea and Roosevelt counties, N.M.

New Grand Jury Called Tuesday  
A new Midland County grand jury will be sworn in Tuesday before Judge R. M. (Bob) Hamilton in 70th District Court.

Sixteen men have been summoned to report in the courtroom at 10 a.m. Monday for possible service.

They are Fred S. Alexander, Burton Atkinson, J. J. Bailey, W. W. Barker, T. Paul Barron, James Robertson, Clifford E. Hogue, J. Howard Hodge, Richard Hinkle, Frank Cowden, Jr., Ben Dansby, Jr., C. J. Kelly, W. E. Pigg, Roy A. Minter, H. C. Jones and J. C. Velvin.

# O'Neill Schedules Offset

(Continued from Page One)  
to be drilled in the recently opened Lovington-Abo area as an 8,500-foot rotary test. It is 330 feet from south and section 31-168-37e.

C. L. Hay of Midland and others No. 1 Covert and Johnson is to be drilled as a 5 1/2-mile west and one mile north outpost to production in the Malga field of Central-South Eddy County.

Projected to 2,800 feet to test for production in the Delaware; it will be drilled at the center of the southeast quarter of section 1-24a-28e.

It is to start drilling with rotary tools by April 15. Frank Baddier of Abilene will drill the test.

Clint Service Oil Company No. 1 Biggs is to be dug as a 4,000-foot Grayburg wildcat in Southeast Lea County nine miles east and slightly north of Eunice.

Drill site is 1,800 feet from south and west lines of section 7-30b-28e. The Texas Company No. 1-BO State, southeast offset to Texas Co. 1-AT State, pumping discovery in Central-West Lea County, was swabbing to test through perforations at 9,938-9,943 feet.

On last gauge reported the well made 118 barrels of fluid in 24 hours. It was 71 per cent oil and 29 per cent water.

Location is 800 feet from north and west lines of section 14-148-32e.

# North Dakota Well Makes Biggest Splash Of Year

BY SAM DAWSON

NEW YORK—(AP)—The oil industry drilled 45,000 wells in the United States last year. But the one that made the greatest splash — in and out of Wall Street — was a wildcat on a farm near Tioga, N.D., just a year ago Sunday.

It flows a nice 350 barrels of crude oil daily — an insignificant drop in the 6 1/2 million barrels the nation pumps in a day.

But in its first year that wildcat has turned the eyes of stock traders toward shades of a railroad, a match company, an electric utility, investment firms, and other seemingly unlikely companies, as well as a large number of oil companies, some of whom already have and some who haven't yet struck oil in the area but have paid out \$50 million dollars to lease land there.

Stock traders here and in Toronto are interested because the successful wildcat showed — after 30 years of vain and costly research — that there is oil in the vast Williston Basin, lying to the east of the Rockies and stretching from South Dakota into Canada.

And every corporation that owns land in that basin, or owns stock in companies that do control land, suddenly looks good to Wall Street. Bring \$1,500 An Acre

Farmers in that one-time dust-bowl have been happily and profit-

ably leasing oil rights to their lands. Some farmers who offered during the dust storms of the thirties to sell their land for as little as 50 cents an acre, now sell oil leases for as much as \$1,500 an acre.

As far away as the St. Paul, Minneapolis and the Duluth-Superior areas men are talking of the chance of these places becoming important oil refining centers. If Williston Basin develops into the oil field some expect, and attains Alberta's 1950 production level, the Federal Reserve Bank of Minneapolis says "about 10 million dollars would be paid annually in royalties" alone, not to mention additional money spent by the oil companies and workers.

Yet oilmen caution that, promising as it seems, Williston Basin still must be classified as a hope, not yet a fulfillment. The Oil Information Committee of the American Petroleum Institute notes: "There is, a long way to go before the new field is established as a major producing center."

Tioga Well Shows Way  
But the well near Tioga showed the way. And in the year since, 12 wells scattered from Montana through North Dakota and into Manitoba have found oil in the basin — a sedimentary trough, 400 miles long by 300 wide, and as much as 14,000 feet deep in places. Geolo-

gists call it an old sea or lake bottom and some think its formations are extensions of those that proved so oil productive in Alberta province to the northwest.

Of the nation's 600 geological crews, 47 are working in the basin, and 13 drilling rigs worked through the long winter.

Oil men caution about too high hopes. Only one out of every nine wells drilled strikes oil in profitable quantities. And only one out of 44

Midlander Moved To Big Spring; Other Shifts Made  
Oran W. Mitchell, intermediate petroleum engineer in Midland for Sinclair Oil & Gas Company has been transferred to Big Spring.

Sinclair made other shifts in personnel this week. They are: Theodore F. Hoss, district foreman, Wink, transferred to Seminole, Okla. Cameron L. Cox, intermediate petroleum engineer, Columbus, promoted to assistant foreman.

Chester R. Smith, junior petroleum engineer, Odessa, transferred to Big Spring. Virgil H. Piccolo, intermediate clerk, Seminole, Okla., promoted to senior clerk and transferred to Odessa.

wildcats in new territory hits pay oil.

That makes the Aloga discovery well the more remarkable. The year before 15 wildcats in the Dakotas turned out to be dusters, or dry holes, as was the first one drilled in the basin 30 years ago.

Uncle Sam hopes along with the drillers that they'll strike oil. He wants 80,000 more wells drilled in this county by the end of next year and he wants refinery capacity raised from the present seven million barrels a day to eight million — for defense of course, not to benefit those taking a flier in Williston oil stock.

Hays Opens Office In Central Building  
C. L. Hay, independent oil operator and trader has opened his permanent office at 101 Central Building in Midland.

He had previously had temporary office space in the Allen Building.

Historically, holly is older than Christmas. In German forests, it figured in ancient pagan celebrations marking the beginning of the sun's return from his southward retreat, bringing with it the promise of another spring.

**TWENTY-YEAR HANDS**—These 20 men represent 200 years with Dowell, Inc. The concern is celebrating its twentieth anniversary this year and those pictured were awarded 20-year service pins. From left to right, they are: Doctor John Grebe, Midland, Mich.; Charles Mangold, Tulsa; James A. Cummin, Wichita, Kan.; John G. Staudt, Tulsa; Robert D. Show, Tulsa; Doctor W. R. Veasey, Midland; Doctor A. P. Beutel, Freeport, Texas; Nelson Griswold, Freeport; Dewey Wyman, Reed City, Mich.; and Charles Prince, Shreveport, La.

Permian Pets

By Bob Evans

**NEW TALENT**—"Permian Pets" for this issue of The Reporter-Telegram was drawn by Bob Evans, draftsman for Seaboard Oil Company of Delaware in that concern's Midland district office. He is a former student of Southern Methodist University at Dallas and did cartooning for "The Campus," the student newspaper at that institution. He has also done other art work.

**Clear Fork Oil Is Swabbed From Gaines Wildcat**

One and one-half miles north of Clear Fork Production in the Russell-multipay field of Northwest Gaines County, The Texas Company No. 1-B E. H. Jones was swabbing to test through perforations in casing opposite the Clear Fork at 7,392-7-446 feet.

That set had been treated with 500 gallons of mud acid and 6,000 gallons of regular acid.

During the last 14 hours gauged it was swabbed for 200 barrels of fluid which was 9.7 per cent acid residue and the rest oil. During the last three hours of that 14, it made 15 barrels of oil, out nine per cent with acid residue.

Location is 663 feet from north and 660 feet from east lines of section 454, block G, CSD&RONG survey. It is 23 miles northwest of Seminole.

**ZOGI AND THE BEAUTIES**—Zogi the Magician, whose works have been compared to Houdini's, will bring his company of entertainers to the Midland High School Auditorium the evening of April 30. The big stage magic revue is sponsored by the Jay-Cues. Zogi is pictured with two of his pretty helpers.

**D&D Girls Make Trip In Trend Areas**

More than 70 members of the Midland Desk and Derrick Club made an all-day field trip Saturday. They went to the Spraberry Trend field in the Four Corner area adjacent to Hadacol.

The girls, who work in oil offices in Midland went to at least 10 drilling rigs and had various sorts of drilling, testing and producing operations demonstrated and explained to them.

**Company Cars**

The group left Midland High School at 9 a.m. They made the trip in cars provided by various oil companies and oil field supply and service concerns.

The drivers of each car were experienced oil field men who explained all the things they saw in the fields to the girls.

**Hadacol Lunch**

The trippers had lunch at Hadacol and then went back to the drilling rigs for more inspections.

The trip was sponsored by Carl B. King Drilling Company of Midland and Bruno R. Schabarum, president of the King concern arranged and supervised the arrangements. He was assisted by a number of other contractors, oil companies and other units in the oil industry.

The King company provided the Saturday noon luncheon, and other entertainment for the girls.

They visited drilling rigs on leases of Humble Oil & Refining Company, Phillips Petroleum Company, Seaboard Oil Company of Delaware, The Atlantic Refining Company, Sohio Petroleum Company, and Ashland Oil & Refining Company.

**PUMP THAT OIL**—To bolster a critical oil shortage in the event all-out war comes, the Petroleum Administration for Defense is about to undertake a vast expansion program. Above Newschart shows expansion goals set by the department for the U. S. and friendly foreign nations allied with this country. The program would start July 1, and run through 1953.

**HIGH-FLYING PEGASUS**—Magnolia Petroleum Company's five-story office building in Midland now is ornamented with a large, revolving, illuminated "Pegasus," the Flying Red Horse, the symbol of that company and its affiliates, Socony-Vacuum Oil Company and General Petroleum Company. The sign

itself is 12 feet high and 18 feet long. The bottom of the flying horse is 85 feet above the ground. The sign weighs 1,400 pounds and for many miles at night. The sign was manufactured by McMath and Allerod of Dallas, and was erected by that concern with the assistance of a large crane.

**The Tool Pusher**

**PB Landmen To Dine, Dance In Midland April 24**

The Permian Basin Landmen's Association will hold its Spring dinner-dance April 25 at Midland Country Club, according to announcement Saturday by Jess V. Lindsey, president of the organization.

Attendance will be limited to members, their ladies and out-of-town guests. Formal invitations to the affair will be mailed to all members early this week, Lindsey said.

The affair will be similar to the annual Christmas dinner-dance of the landmen's organization.

The festivities will start at 8 p.m. and conclude at 1 a.m.

Arrangements for the party are in charge of a committee composed of Ed B. Dilley, Bob Sutton and F. E. (Suede) Swenson.

It will be a semi-formal affair. Members are urged to make their reservations as soon as they receive the invitations.

**Culbertson & Irwin Purchases Interest In Lea Area Lease**

Tyler P. Woodward, president of Southern California Petroleum Corporation, announced that its subsidiary, Culbertson & Irwin, Inc., has completed the purchase from Roy K. Stovall of a one-half interest in the 120-acre Stuart lease in Lea County, N. M.

Acreege is in the southwest quarter of section 10-5e-37e, southwest quarter of the northeast quarter of section 34-24e-37e and in the north half of the southwest quarter of section 34-24e-37e.

This doubles the ownership of Culbertson & Irwin in these properties. Stovall and Culbertson & Irwin drilled the discovery well in the Jal field.

Remedial work, such as clean-out and deepening will be undertaken immediately.

Sweetbreads usually are the precursors of thymus of cattle.

**90-Member Jury Panel Summoned Here Tuesday**

A panel of 90 prospective jurors has been summoned to report Tuesday morning for the April term of 70th District Court.

**Ellenburger Test In S-C Reagan Is Plugged, Abandoned**

Union Oil Company of California quit its No. 2-D John R. Scott and others as an Ellenburger failure in South-Central Reagan County.

The project was drilled to total depth of 11,196 feet where it made salt water. A drillstem test was taken in the interval from 11,156 to 11,186 feet. Recovery was 272 feet of salt water with no shows of oil.

Location was 1,980 feet from north and east lines of section 176, block 1, T&P survey and three and three-quarter miles northeast of Big Lake.

**Dallas Group Will Hear Lecture By Ewing Wednesday**

The Dallas Geophysical Society will hold a special meeting Wednesday to hear a lecture by Professor Maurice Ewing of Columbia University.

Dr. Ewing will speak on "Geophysical and Geological Exploration of the Atlantic Ocean Basin." In honor of the speaker, one of the world's most distinguished geophysicists, the Dallas society will hold a dinner meeting instead of the usual type of gathering, and members of the Dallas Geological Society have been invited to attend.

Ewing, who is Professor of Geophysics at Columbia University as well as director of Lamont Geological Observatory, has made substantial contributions to virtually all branches of geophysics.

He was the pioneer in offshore seismic exploration, having carried on a successful refraction survey in the Atlantic as early as 1935.

**LEASES AVAILABLE IN NEW OFFICE BUILDING**

With about half of the total space already taken, approximately 14,000 square feet of space in our new 4-story, modern office building remains to be leased. This building is to be located on West Wall Street, just outside of the congested area. Ample paved parking area will be provided. Single offices and multiple suites available. ### Grisham To Clean And Test-

(Continued From Page One)  
After the hole had been swabbed out from the fracturing it kicked off and flowed 29 barrels of oil and three hours.  
It then started heading and after a short period of that activity the flow practically died. The well was shut in for several hours.  
During that period the casing pressure built up to 710 pounds and the tubing pressure built up to 500 pounds.  
**Opened Up To Flow**  
The well was opened up and in the first 30 minutes it flowed 13.7 barrels of oil. The flow was through a one-half-inch tubing choke.  
In the next 30 minutes the well flowed 19.3 barrels of oil through a 3/4-inch tubing choke. The casing pressure was decreasing rapidly and the well started heading again at the end of the second 30 minutes of flowing.  
Operator again shut it in.  
The prospect is to be reopened and tested further. Operator representatives expect to finish it in a few days as a small producer and the operator of a new region for shallow production.

### Tom Green Area Is New Site For Spraberry Test

The Atlantic Refining Company spotted location for its No. 1-29 Calvin Bugg as a Spraberry test in the extreme west end of the West Tom Green County Panhandle.  
Contracted to 2,190 feet, the well will be drilled 960 feet from north and 2,077 feet from west lines of section 29, block A, T-C survey.  
It is three-quarters of a mile south of Spraberry production in the Weddell field of Southwest Sterling County.

### Union Sulphur To Test Higher Zone In Mitchell Venture

Union Sulphur & Oil Corporation No. 1 E. E. Erwin, indicated discovery from the Pennsylvania line in Northwest Mitchell County has abandoned efforts to get the perforated section at 7,570-80 feet, in the bottom of the hole, to flow oil.  
That section is heavily saturated with drilling fluid which was absorbed into the porous formation while the project was being drilled.  
That zone had been washed with acid but that operation failed to dislodge the mud sufficiently to allow the well to flow.  
Operator installed a pump to try to get the mud out—but that failed.  
The 7,570-80 foot zone showed

possibilities of producing oil when penetrated. However, it did not flow on a drillstem test.  
The top of the reef at 7,535-65 feet did flow oil at the estimated rate of 15 barrels per hour on a drillstem test. It also showed a good gas volume.  
Operator has now plugged back to 7,570 feet, squeezing off the perforations at 7,570-80 feet.

The section between 7,530 feet and 7,570 feet will be perforated and tested. That interval did not absorb as much mud as did the zone at 7,570-80 feet and increased observers think it will flow in sufficient quantity to allow the completion of an oil well and a new discovery.  
The reef lime, called Strawn by some observers, was topped at 7,530 feet. That is on a datum of minus 5,228 feet. That makes it 75 feet high to the same marker in Standard Oil Company of Texas No. 1 Dunn, an abandoned wildcat in the same general area which flowed oil for a time from the reef lime. That well's production finally went to 100 per cent water and it has been abandoned.

Union Sulphur & Oil No. 1 Erwin is 17 miles northwest of Colorado City and 1,980 feet from west and 703 feet from south lines of the north half of section 1, block 25, H&TC survey. That makes it three miles west of the shallow Coleman Ranch field.

### Gas-Cut Mud Is Developed On DST In Scurry Tester

The Texas Company No. 302 P. L. Fuller, wildcat in East-Central Scurry County, was drilling below 7,055 in lime and shale after recovering 40 feet of gas-cut mud with no show of oil on a drillstem test. The Canyon reef from 6,945 to 6,965 feet.  
Test tool was open 90 minutes.  
This project indicated possibilities of making an oil well from the Canyon reef on a drillstem test in the interval from 6,944 to 6,965 feet. Tool was open two hours and 15 minutes. Recovery was 10 feet of drilling mud, 90 feet of oil-cut mud and 90 feet of heavy oil-cut mud.  
Location is 467 feet from south and 1,800 feet from east lines of section 408, block 97, H&TC survey.  
It is 12 miles north of Snyder.

### Runnels Wildcat Is Running Casing To Test Caddo Lime

Warren Oil Corporation No. 1 C. B. Spill, Northeast Runnels County wildcat, six and one-quarter miles southeast of Winters is to run casing and make production tests of the Caddo lime which made a good show of oil and gas in a drillstem test at 4,254-64 feet.  
The tool for that test was open two hours. Gas surfaced in 11 minutes. The gas was in a volume of 28,000 cubic feet per day.  
Recovery was 220 feet of oil and 90 feet of very heavy oil and gas cut drilling mud. There were no signs of formation water.  
Shut-in bottom hole pressure after 20 minutes was 1,485 pounds. No open flowing bottom hole pressure was reported.  
Top of the Caddo lime is at 4,265 feet. That is on a datum of minus 2,452 feet.  
Location is 1,500 feet from north and 900 feet from west lines of the N. Travis survey No. 533. It is one and one-quarter miles northeast of the Elm Creek-Gray sand field which produces from pay topped at an average depth of 3,950 feet.

### Schleicher Test Is Flowing Oil From Sand Zone

Delta Gulf Drilling Company No. 1 Blair M. Boyd, indicated Canyon sand discovery in Northeast Schleicher County, was swabbing to test through perforations at 4,416-36 feet in five and one-half-inch casing.  
After re-fracturing the sand formation with 2,700 gallons, operator swabbed out load oil and the well then was swabbed for five barrels hourly.  
Following the first fracture treatment of 1,500 gallons through the above perforations, operator recovered 54 barrels of 34-gravity oil in 19 hours.  
Location is at the center of the northwest quarter of the northeast quarter of section 94, block 4, AB and M survey.

**AIR RESERVISTS HONORED**—Gov. Allan Shivers signs a proclamation making April 7 Texas Air Force Day in honor of the state's 22,000 air reservists. Col. W. B. Magness, executive officer of the 3rd Air Reserve District with headquarters at Austin, and Col. Edgar E. Glenn, district commander, look on. April 7 is the kickoff date for six new reserve personnel surveys in Texas.

### Long Outpost To Tom Green Pool Set By Texaco

The Texas Company No. 1 Homer Byrd is to be drilled as a five-eighths mile outpost to the concern's No. 1 Bubenik, recently completed opener of the Bubenik-Pennsylvanian field in West-Central Tom Green County.  
The new test will be dug 467 feet from south and 230 feet from east lines of Friedrich Dencker survey No. 875 and two and one-half miles northeast of Tankersley.  
No. 1 Bubenik was completed from perforations at 5,440-34 feet. Texaco No. 1 Byrd will be drilled to around 5,700 feet.

### Palo Pinto Opener Reported Finaled In SE-C Haskell

Youngblood & Foree No. 2 Kleiner Estate has been completed as a Palo Pinto reef discovery in Southeast-Central Haskell County.  
Operator reported a daily pumping potential of 102.64 barrels of 39.5-gravity oil from open hole at 3,340-47 feet. Gas-oil ratio was 373-1. Location is in R. Langham survey.

### Rowan & Hope Set Location In Fisher For Deep Wildcat

Rowan & Hope of San Antonio has staked location for a 7,000-foot Ellenburger wildcat in Southwest Fisher County, two miles northeast of the Claytonville-Pennsylvanian reef field.  
It will be Rowan & Hope No. 1 R. H. Bonner, and others. Location is 660 feet from north and east lines of section 183, block 3, H&TC survey.  
Drilling is due to start soon.

### Humble Wildcat In NW Schleicher Gets Only Water In Reef

Humble Oil & Refining Company No. 1 R. L. Henderson, Northwest Schleicher County prospector, 15 miles north and slightly west of Eldorado and one and one-quarter miles southeast of the discovery well of the South Dove Creek-Strawn field in Southeast Upton County found only water in the reef lime.  
It took a drillstem test in that formation at 7,325-42 feet. Recovery was 200 feet of salty drilling mud and 7,000 feet of salt water. There were no shows of oil or gas.  
The wildcat is to drill ahead to the Ellenburger. It has already found oil and gas in the Wolfcamp of the Permian and in a sand section in the upper Pennsylvanian.  
Should it fail in the Ellenburger it probably will plug back and test those two higher formations and try to complete a producer from the best of the two.  
Location is 660 feet from north and west lines of section 1190, Georgetown Railroad Company survey.

### Noranda Abandons N-C Fisher Test In Ellenburger

Noranda Oil Corporation, L. T. Lohman, trustee and Peeler Brothers No. 1 E. J. Kiker, North-Central

Fisher County wildcat has been plugged and abandoned on total depth of 6,440 feet in barren Ellenburger.  
It did not report having logged any possibilities of production.  
The failure was five miles southeast of Rotan and 330 feet from north and west lines of the south-west quarter of section 10, block 2, H&TC survey.  
It was two and one-half miles west of R. H. K. Drilling Company, Noranda and Peeler No. 1 Willingham, gas-distillate discovery from the Pennsylvanian lime which was completed a short time ago.

### Humble Is To Plug Back, Test Sand In Irion Project

Humble Oil & Refining Company No. 1-B Pearl Williams, outpost to the Dover Creek-Canyon field in Southeast Irion County found salt water in the Ellenburger and will plug back and test a sand section in the top of the Pennsylvanian which logged some shows of possible production.  
The water came in a drillstem test in the Ellenburger at 7,645-7,740 feet. The tool was open one hour.  
Recovery was 900 feet of drilling mud and 180 feet of salt water. There were no shows of oil or gas in that section or in any other zone of the Ellenburger.  
Dry In Reef  
The Pennsylvanian reef lime failed to show any signs of making an oil well.  
Operator will set casing and test the sand section which has some prospects of producing.  
The project is 660 feet from north and 1,980 feet from east lines of section 37, block 21, H&TC survey. It is 12 miles southeast of Merton.

### Devonian Failure Is Reported In SW Cochran Area

Delta Gulf Drilling Company No. 1 C. R. Starnes and others, Southwest Cochran County wildcat, three miles northeast of the multipay Landon field is to be plugged and abandoned as a failure in the Devonian.  
This exploration failed to find any shows of commercial petroleum production in any zone it drilled through.  
It topped the Devonian at 11,987 feet. That is on a datum of minus 8,173 feet. The hole was drilled to 12,080 feet and a drillstem test was taken.  
The test covered the zone at 11,985-12,080 feet. The tool was open 30 minutes. There was a good blow of air throughout the period.  
**Had Salt Water**  
Recovery was the 450-foot water blanket, 720 feet of drilling mud and 4,700 feet of salt water. There were no shows of oil or gas.  
The water had a chloride content of 180,000 parts per million.  
On the top of the Devonian the Delta Gulf duster was 171 feet high to the same marker in Continental Oil Company No. 1 Pierson, deep dry hole in Central-North Youkum County, and several miles to the south.

### Sweetwater Woman Dies In Home Blaze

SWEETWATER—(P)—Mrs. Lydia Bullard, 41, burned to death when fire of undetermined origin destroyed her home here early Saturday. Firemen found her body on the floor of her room.

## Taft 'Withdrawal' In Jersey Is Political 'Whodunit'

TRENTON—(NEA)—The story of Senator Taft's withdrawal from the New Jersey primary campaign reads a little like a mystery yarn.

The surface events are clear enough. The senator founded his withdrawal on the charge Gov. Alfred E. Driscoll had violated a promise to stay neutral until after the April 15 primary. He indicated he had assurances from "New Jersey organization leaders."

Taft canceled his April speaking dates in the state, ordered his headquarters closed, advised his top aide, Paul Williams, to return to Washington. He spoke of the power of the state organization that would be brought to bear against him now that Driscoll had announced for General Eisenhower.

But, to a man, the most seasoned New Jersey political observers believe there is much more to the story. And they can support their contention with some hard facts as well as plausible speculation. Here is how they see it:

**Williams Experience**  
1. Paul Williams, administrative assistant to Senator Hendrickson, is an experienced professional with strong organization contacts. It is unlikely he could have been deceived at any stage by Driscoll's long silence on candidates.

The governor was widely known to favor Ike. On February 21 he said he would take part in the primary and that "you don't need a great big neon sign" to guess whom he would support.

2. Therefore, Driscoll's announcement on March 17 could have been no surprise to the Taft forces, nor could they have reasonably doubted that it would carry many key organization men into the Eisenhower camp.

3. What may have genuinely surprised them was the size and scope

Three for Ike—plus a Taft adherent—indulge in political laughter at a GOP dinner. Still laughing, in all probability, are Gov. Alfred E. Driscoll, second from left, who upset Taft applicant in New Jersey, plus Eisenhower backers Thomas E. Dewey of New York and John Davis Lodge of Connecticut. Taft's Illinois Senator Everett Dirksen, Taft man, at left.

of the defeat staring them in the face after Driscoll's March 17 meeting. That became apparent when it was learned that some men known to be for Taft had fallen into line behind Eisenhower when the governor announced.

4. There is evidence John Hamilton, Taft's eastern manager, met with New Jersey Taft leaders either that same night or early the following day. One reliable informant says the "withdrawal principle" was there decided upon.

5. This implies the initiative for withdrawal came from New Jersey, not from Taft. The supposition is reasonable, since the senator was pre-occupied with Wisconsin cam-

paigning. Learning days later that his name had been left on the ballot, Taft commented: "It's too far away. I don't know all the circumstances."

6. In any event, the decision to get out was made. One high-placed Taft man says the senator made up his mind on March 18, date of the Minnesota primary, but was persuaded for unexplained reasons to hold off announcement for two days.

7. In the record of Driscoll's deliberately vague pre-announcement statements and in conversations between Senator Smith and Taft, and Hamilton and two top Driscoll men, there was enough talk about "keeping the door open" and "looking at

both sides" to supply a basis for a public blast at the governor.

**Observers' Emphatic**  
But observers are uniformly emphatic in their conviction that no real commitments on neutrality were made to the Taft forces and that their leaders could not have been fooled about Driscoll's intent ultimately to take Ike's side.

8. The next step may have been originally planned, or it may have emerged gradually as the withdrawal took shape. Taft leaders concluded it would provide a perfect solution to a gloomy situation if, despite the withdrawal, the senator's name could be left on the ballot.

Taft men conceded this. They stressed the "difficulties" of getting the name off the ballot many days after the legal withdrawal deadline had passed, though Jersey court rulings support such action under ordinary circumstances. When it appeared Taft's name might be stricken, they moved actively to prevent it.

9. The strategy is plain. By announcing a pull-out Taft "cuts his losses" and frees himself of the risk of heavy defeat while trying his utmost to win. With his name left on the ballot, however, he could conceivably get a substantial vote—a sort of ready-made write-in.

**No Real Effort**  
If he now does get such a vote, it can be claimed this was achieved with no real effort, that it represents the spontaneous expression of Taft's sentiment, since his organization has formally disbanded and he is making no campaign here. (It is agreed his people will actually be working like beavers at the local level.)

But if calculations are wrong and the Taft vote is small, the senator and his backers need only say: "What of it? We quit New Jersey. We weren't trying."

Under these circumstances, a really healthy Taft circumvention would look almost like a moral victory, while a one-sided licking could be written off as the expected.

10. No observer declares Taft himself was necessarily a party to this phase of the withdrawal plan. In fact, he sought formally to withdraw, and was overruled by the efforts of men in New Jersey, who sponsored legal action to block removal of his name. The senator's active participation in the strategy was not needed.

**As They See It**  
That is the story as New Jersey political experts see it. They argue that the known facts fit no other pattern but this.  
Taft men count on Taft's basic strength in the state, a marshalling of anti-Driscoll sentiment and a sympathy or protest vote to make their strategy work. If it does, they will be heroes to the Taft high command. If it does not...

One thing seems sure. Moves like this dramatic withdrawal are the stuff by which candidates are made or broken.

## First Aid: Hundred Life-Saving Acts

NEW YORK—(NEA)—A party of teen-age girls and their adult leaders were camping in an Idaho forest last summer when they were caught in a sudden thunderstorm. They immediately took refuge under a tree.

Sensing the danger of the move, guide Fred Miller of Driggs, Idaho, stepped forward to warn the girls to follow him into the open. But before they could act, lightning struck the tree, killing five of the party outright and stunning several others.

Miller, a Red Cross volunteer first aid instructor, knew exactly what to do. He at once began applying artificial respiration to the unconscious girls and directed the uninjured leaders in assisting him. A physician who later attended the girls credited Miller's action with saving the lives of four and minimizing the injuries of several others.

Almost five months later and 3,000 miles away, in Birmingham, Ala., 17-month-old Randy Davidson, son of warrant officer Jack V. Davidson, overturned a bottle of cleaning fluid on his face. Before his father could get him to his car and rush him to a hospital, his father stopped breathing. Davidson also knew what to do. He placed Randy on the sidewalk and applied artificial respiration by a recently-adopted back pressure-arm lift technique which he had seen demonstrated at the local Reserve Officers training center.

After five or ten minutes—Davidson later said it seemed like that many hours—Randy began to breathe again under his own power. At the hospital recovery was completed with doctors giving full credit to his father's quick thinking.

**Range Is Wide**  
Miller and Davidson were two of the 100 persons whose life-saving acts by use of Red Cross first aid and water safety techniques were reported last year to Red Cross national headquarters. The lifesavers of 1951 ranged from mature men and women to a 13-year-old boy.

In another Idaho case, first aid instructor George H. Smith of Nampana saved the life of farmer Fred Nichols after Nichols fell into a hay

Sidewalk service: Warrant Officer Jack V. Davidson turned a sidewalk into an artificial respiration station, and thereby saved the life of his son Randy, strangling on cleaning fluid.

chopper. With his right leg amputated below the knee, Nichols was bleeding rapidly to death, but Smith saved him by applying pressure and a tourniquet.

In Marietta, Ga., 18-month-old Danny King became entangled in an electric lawnmower which amputated his foot. Miss Mae Dobbs Kincaid, a neighbor and a first aid instructor, stopped the bleeding by

applying pressure to the arteries, sent the boy's father for a towel to use as a tourniquet, and kept the tourniquet in place until the child could be taken to a hospital—25 minutes after the accident.

**Applies Method**  
Helen Stafford, Burlington, Ia., high school girl, applied artificial respiration to save a small boy choking on a piece of candy.

Laris Anne Stalker, who had received her senior lifesaving training at a Bay City, Mich., high school only a few months before, rescued a drowning man and restored his breathing by artificial respiration. And Claire Biver of Waukesha, Wis., a college sophomore, similarly revived a drowning child.

In all cases knowing what to do and doing it quickly were the only differences between life—or death.

### Newspaper To Test Gulf Coast Sentiment

HOUSTON—(P)—The Houston Chronicle will hold a "straw vote" to find out who Texans on the Gulf Coast like as a presidential candidate. The paper will print ballots listing the 10 outstanding names among the candidates Sunday, Monday and Tuesday.

The ballot also will ask readers to express a choice between U. S. Senator Tom Connally and Price Daniel, his opponent for the Texas senatorial post.

### Nearly 125 Persons Attend El Centro Court Of Honor

Nearly 125 persons attended the Boy Scout Court of Honor of the El Centro District at the John M. Cowden Junior High School Friday night.  
Colonel John Perkins presented close to 30 awards in the ceremonies. Members of the court headed by Perkins as chairman included J. B. Elder, Mel Orman, John Richards, Truman Friday, Delbert Downing and William H. Crenshaw.  
O. F. Hendrick had charge of the opening ceremony. Elder discussed "Your Court of Honor" and Orman talked "Your Merit Badge Counselor." Crenshaw directed the pennant award checkup, and made the award. He also was in charge of the closing ceremony.  
Bunny Martin of Andrews, styled the world's champion amateur Yo-

### 82 New Members Added To Midland C Of C Rolls

Eighty-two new members have affiliated with the Midland Chamber of Commerce since its membership campaign, opened March 26. Joe Dickerson, chairman of the organization's Membership Committee, announced Saturday.  
The new memberships have resulted in a budget increase of \$2,924.50 annually, Dickerson explained.  
Follow-up work in the intensive membership drive will continue until all prospects have been contacted, the immediate goal being 100 new members.  
More than 50 business leaders are participating in the city-wide membership effort, the first conducted by the C. of C. since before the war years.  
New Members Listed  
Among the new members who have been announced previously are: Franklin's Zephyr Drilling Contractor, Wesley Martin, Fashion Sa-

lon, Marchant Calculating Machine Company, Hinson Drilling Company, Oliver and Kotzva, Cherry Motor Machine Shop, C. L. Cunningham Construction Company, J. E. Watson Carpet Company, Tri-R-Food Mart, Barney's Market, Aluma Kraft Awning.  
Ashland Oil and Refining Company, Pioneer Finance, Whiteaway Food Mart, C. L. Hoy, DeLo's Landromat, Midland Tire Company, Midland Fence Company, Basin Electric, Sunset Motor Lines, Coit Hudson, Lloyd Furniturf, and Town and Country Dance Studio.

### Livestock

**FORT WORTH**—(A)—Weekly livestock cattle: slaughter steers and yearlings strong to 50 higher, cows steady/bulls weak to 50 lower, stockers and feeders steady. Toppers: slaughter steers and yearlings 34.00, cows 24.00, bulls 25.50, stocker steer yearlings 34.00. Week's bulks: good and choice slaughter steers and yearlings 29.00-33.50, utility and commercial 23.00-28.50. Utility cows 20.00-22.50, canners and cutters 14.00-20.00. Commercial bulls 24.50-25.00. Medium and good stocker yearlings 26.00-32.00.  
Calves: strong, spots higher Good and choice slaughter calves 30.00-34.00, utility and commercial 23.00-30.00, culls down to 20.00. Common to good stockers 25.00-35.00, choice 35.00-37.50, best heifers 36.00, some 161 lb. calves to 43.00.  
Sheep: Spring lambs 2.00-3.00 higher, shorn slaughter lambs and old crop lambs 1.00-1.50 higher, other classes poorly tested. Week's tops: Spring lambs 30.00, shorn slaughter lambs 27.50, slaughter ewes 18.00, feeder lambs 26.00. Closing bulks: good and choice Spring lambs 29.00-30.00, cull and utility springers 20.00-27.00, good and choice shorn slaughter lambs 26.50-27.50, few slaughter yearlings 21.50 down, odd cull to good slaughter ewes 11.00-16.00, common to good feeder lambs 20.00-25.50.  
Hogs: butchers and sows 50 lower, feeder pigs steady. Week's tops: butchers 17.50, sows 15.00, feeder pigs 13.00. Bulls: choice 180-240 lb. 16.50 and 18.75, choice 150-175 lb. and 250-400 lb. 14.50-16.25. Sows 13.00-14.50, feeder pigs 10.00-13.00.

### FOOT IS BRUISED

W. W. Cox, welder of 307 South Fort Worth Street, suffered a bruised foot while at work Friday. He was given emergency treatment at the Western Clinic-Hospital.

Packaging in flexible film in nitrogen, instead of oxygen, will keep such foods as potato chips, roasted nuts, dry soup mixtures, and dehydrated foods, fresh for much longer than now is possible.

### Boyle Isn't Happy About Weight Loss

**BY HAL BOYLE**  
NEW YORK—(A)—I am a retired fat man.  
I used to be round and firm and fully packed. I used to be able to crowd a one-way street. When I stepped on the scales, they didn't just weigh me. They said "Ouch!"  
But I was a walking porpoise on purpose. I enjoyed being fat. When I laughed I had twice as much fun as a thin man, because there was so much more of me there ready and able to have a good time.  
All this is past. The suits I busted out of Saturday now hang upon me in folds. Where I used to bulge I now sag and wrinkle. I ain't exactly the thin man—but I'm on my way.  
Why did I give up the happy, self-satisfied, carefree life of a fat man to join the miserable millions of dieting Americans?  
Well, to make a clean breast of it, there were two reasons.  
First, I was lonely—overwhelmingly lonely. All my friends were on a diet. I began to feel I was the only fat man left in the world. I had nothing to talk about because there was nothing wrong with me. I was just stout and happy—but they don't allow that anymore.  
Company Bothered  
The second reason I went on a diet is because of my life insurance company. I just hated to go on worrying them. They began putting ads in the magazines and newspapers saying that fat people don't live as long as not-so-fat people, that fat people don't rally so well from illness.  
Have my own theory about that. It is this. Fat people who behave like fat people ought to behave—that is, those who take life slow and easy and one star at a time—live a long while. But fat people who try to act like thin people die young. It is that simple. One of the reasons a whole lives so long is that it doesn't play tennis.  
But my life insurance company kept on putting out these uneasy bulletins against blubber, and finally I began to feel they were pointed at me. I suspected they had a vice-president-in-charge-of-worrying-about-Boyle. Well, who wants to cause a life insurance company all that bother? They wouldn't change their policy—so I changed mine.  
I went on a diet, like so many, many millions of people are doing. I took off 17 pounds. It was very easy. Folks like to dream up complicated diets to lose weight, but that is all unnecessary.  
All So Unnecessary  
The quickest, safest and most healthful way to lose weight is to quit eating what you like and eat all you want of what you don't like. My formula is this: If there is something on your plate that looks good, throw it away. Then eat what is left.  
The things I hate most in the world to eat are fish, lamb and fresh vegetables of any kind. So that is what I eat, and—ugh!—I wish I could take it intravenously. I defy anybody to eat enough fish, lamb and fresh vegetables to get fat.  
Sloughing off those 17 pounds has made a big change in my life. It is pleasant again to hear the girls whistle at me as I pass by and murmur "There goes Tiger Man."  
I look better and feel better and I know my life insurance company now is relaxing. Secretly, I guess the company is kind of proud of me. But I do miss the comfortable, solid, sedate feeling that fat gives a fellow. And I am just as lonely as ever. Because all my friends and enemies want to talk about is diets . . . diets . . . diets.  
And anybody who can go on talking about fish, lamb, and fresh vegetables is just plain hard up for conversation.

## With The Services Midland Sergeant Wounded In Korea

Sgt. Charles O. Williams, son of Mr. and Mrs. George W. Williams, 1211 Camp Street, has been wounded seriously in action in Korea.  
His parents were informed last week by the secretary of the Army that the Midland youth was wounded on March 26 and suffered gunshot wounds "of serious nature" in his right arm.  
Williams entered the service two years ago after working five years as a butcher at the Furr Food Store.  
He arrived in Japan a year ago and has been in Korea the last

### McCamey News

**MCCAMEY**—Pfc. Billy Neal Johnson, son of Mr. and Mrs. Howell H. Johnson, has been promoted to corporal in the U. S. Marine Corps. He is stationed at Camp Pendleton, Calif.  
Pvt. Jimmy Lett has been transferred to the Municipal Airport in Memphis, Tenn. He is the son of Mr. and Mrs. Jimmy Lett.  
Mr. and Mrs. J. L. West received word this week that their son, Capt. Oliver F. West, is leaving for Tokyo, Japan.  
Mr. and Mrs. Ed Thorp are the parents of a son, Claude Wilson, born Thursday in the San Angelo Clinic and weighing 8 pounds, 8 1/2 ounces.  
Mr. and Mrs. Irby Thomas are the parents of a son, Michael Ray, born March 30 and weighing seven pounds, two ounces.  
Mr. and Mrs. Roy Dan Gibson are the parents of a daughter born March 28 and weighing seven pounds, 10 ounces. The baby has been named Helen Renee.  
Mr. and Mrs. M. B. Clary are the parents of a son, Michael Milton, born March 24 and weighing seven pounds, 10 ounces.  
Mr. and Mrs. J. B. Crossland of Rankin are parents of a son born April 1 and weighing seven pounds, four ounces.  
Mr. and Mrs. Bonnie Baker and daughter, Dorothy, escaped serious injury recently when their car overturned 20 miles west of Odessa.  
F. G. Sandlin moved to McCamey this week from Odessa and will take over duties as district manager for the Coca-Cola Company.  
Myrna Holman of Rankin has been selected as delegate for Upton County to attend the Delta Kappa Gamma convention to be held April 25 and 26 in Corpus Christi.  
Mrs. G. W. Ramer presented the fundamentals of flower arranging at a recent meeting of the McCamey Garden Club. She also discussed symmetrical and balance arrangements. Seventeen members attended.  
Neil Curry, son of Mr. and Mrs. Hurschell Curry, was honored with a party on his seventh birthday. Mrs. Curry was assisted by Mrs. Doug Spiekerman. Thirteen children attended.  
Two Midland men are serving aboard the aircraft carrier USS Essex, which has returned to the United States after a nine-month tour of duty in Korean waters.  
They are S/Sgt. Raymond L. Dorman, USMC, son of Mr. and Mrs. Jackson B. Dorman, 411 North Weatherford Street, and Glen J. Hendrix, seaman USN, son of Mr. and Mrs. W. O. Simpson, 903 West Washington Street.  
Chief John F. Sessions, navy recruiter from San Angelo, will be in Midland from 1 p.m. until 5 p.m. Monday to interview young men and women interested in the U. S. Navy. He will be stationed in the basement of the Post Office Building.

Sgt. Charles O. Williams

**MIDLANDER SEES STAR SAPHIRE**—A \$300,000 star sapphire, the largest in the world, is examined by Ken Umberson, Midland jeweler. The 733 carat gem, known as the Black Star of Queensland, was on display at the annual meet of the American Gem Society. Umberson attended the session in Chicago.

### Marines Assign Lieutenant To Organize Midland Unit

The Marine Corps has assigned a combat leader of the Korean campaign to set up a unit of the Organized Marine Corps Reserve in Midland.  
He is First Lieut. Thomas W. Turner, a twice-wounded veteran of the Inchon invasion and the subsequent march on Seoul.  
The reserve unit in Midland will be known as the 4th Special Infantry Company. It will train at the Midland Air Terminal with Lieutenant Turner as inspector-instructor. A Marine Reserve officer in civilian life from the Midland area will be company commander. Further details will be announced later by Lieutenant Turner.  
A graduate of the University of Denver, the lieutenant served as an interpreter of Japanese during World War II. Later he was stationed aboard the aircraft carrier Midway. He was returned to inactive duty in 1946, but reenlisted in 1948 and was commissioned in 1950 after attending the officers' basic school at Quantico, Va.  
Lieutenant Turner was a machine gun platoon leader in the Inchon invasion. His battalion landed on Wolmi-do Island 12 hours before the main assault in order to secure the approaches to the principal landing area. The lieutenant was hit by grenade fragments while his company was cleaning out a series of pillboxes on the island.  
The company also made the first assault crossing of the Han River, under heavy mortar and small arm fire. During a later incident, Lieutenant Turner was hit while helping to rescue a wounded member of his combat patrol. He was evacuated by helicopter and hospitalized in Japan.  
He is the son of Mr. and Mrs. Val Turner of Colorado Springs, Colo.  
Greece gained her independence from Turkey in the War of 1821-1829.

**LANDS SAKES!**  
**WITHOUT ADVERTISING,**  
**WHERE WOULD WE BE!**

Advertising is the Spark Plug of Business,  
And Good Business is What Makes Good, Steady Work!

WHEN you read the advertising in this issue—wherever you read or hear advertising—remember this:  
Advertising's job is to sell goods. Poor sales mean pay cuts, layoffs, fear and worry all through the family. Good sales mean steady work, pay increases, promotions, peace of mind for all.  
For when advertising sells goods, there's just naturally more work to be done. In the factory that makes the goods. In the mines and on the farms that produce the raw materials. In the transportation lines, stores and businesses that handle the goods. Yes, and in the banks, insurance companies, machinery houses, real estate firms, builders, etc., that service that factory. It's a never-ending chain.  
So be grateful for advertising for bringing you fine products at good values. But most of all—thank advertising for making your job more secure.

**Advertising . . .**  
BY SELLING MORE GOODS  
TO MORE PEOPLE  
**Makes your job more secure**

**Other Ways Advertising Helps You:**

1. Brings you better goods for less money.
2. Makes shopping more pleasant and easier.
3. Has given us the world's highest standard of living.

THE BEST INVESTMENT FOR YOUR ADVERTISING DOLLAR

# Dirt, Squirt and Quirt

— FARM, DAIRY AND RANCH NEWS —

The cattle market was dull and weak on 840 head at the Midland Livestock Auction Company sale Thursday. Butcher cows and bulls were mostly \$1 a hundred lower than a week ago. Butcher cows and bulls were also down \$1.

Fat calves and yearlings sold for \$30 to \$33.50, mediums \$27 to \$30, commons \$23 to \$27. Fat cows drew \$19.50 to \$22, mediums \$17 to \$19.50, canners and cutters \$12 to \$17. Bulls cleared at \$24 to \$26.

Stocker steer calves auctioned for \$32 to \$35 and one small bunch that averaged 425 pounds brought Charlie Mitchell, Kermit, \$35.35. Heifer calves scored \$31 to \$34, steer yearlings \$27 to \$31. Stocker cows went at \$18 to \$21 and cow and calf pairs spread from \$180 to \$270. Hogs were scarce and were bid up to \$16.75.

County Agent Charles Green spent much of last week in search of good calves for 4-H Club projects in Midland County. He found prices high, principally because of the drought. Prices may keep some of the club youth from participating in the feeding program, Green pointed out.

The sand situation is pretty bad over much of West Texas right now, but certain spots between Stanton and Lamesa look even worse than others. The countryside is sand-covered and the sand is banking up along the fine highway connecting the two cities. A giant bulldozer was pushing the sand back from the right-of-way just north of Stanton. Plows are busy in some Martin and Dawson fields despite the continued dry weather.

And between Midland and Stanton we saw for the first time a piece of railroad equipment pushing sand back from the T&P railway tracks.

Those April showers anxiously are awaited and it is hoped they will turn into general rains—if and when they come.

The generators of the Weather Improvement District are set up over much of this territory right now, and some of them even are in operation. The folks up Lamesa way are optimistic over the prospects of moisture in the near future.

Hoot Tom is the new president of the Martin County Sheriff's posse, according to reports from over Stanton way. Other officers are Ed

Morrow, vice president; Roy Crim, secretary-treasurer, and Steve Church, H. O. (Hub) Phillips, Oscar Lawson, Mike Anderson and Billy Houston, directors.

Committees for the annual Monahans Rodeo and Pioneer Days Celebration, May 14-17, have been announced by President Earl Vest, as follows:

Publicity, R. B. McGowen, chairman; C. T. Carney, and E. O. Newton; box seats, C. J. Middleton, chairman; tickets, L. O. Newton, chairman; ticket sales, R. B. McGowen, chairman.

Arena and grounds, Claude Cunningham and Bud Ellis; prizes, S. E. Brown, chairman; parking at grounds, Edd Cox; parade, Toon Estes, chairman; Leard Meadows, and Walter Harwell.

The Agricultural Committee of the American Petroleum Institute will spend Monday at Texas A&M College. The committee will inspect the agricultural research and experimental facilities of the college.

M. C. Knight of the Gulf Oil Corporation of Pittsburgh, Pa., chairman of the committee on agriculture, will head the 35-man group.

The tour will include visits to the animal industries building, machinery display at agricultural engineering building, petroleum building, beef cattle center, Brazos river field laboratory via horse sheep, swine and poultry centers, tour of Brazos river field laboratory, agricultural airplane at A&M plantation, dairy center, Main Station farm and entomology research laboratory.

The story of Texas A&M College will be dramatized during the next 13 weeks in a state-wide series of weekly radio programs.

Member radio stations of the Texas State Network, including KCRS, Midland, will broadcast the programs at various times during the weekend, beginning Sunday, as a public service feature.

Some corral for three of the officers in the National Intercollegiate Rodeo Association for 1952 is on the campus of Hardin-Simmons University, Abilene.

Three members of the H-SU rodeo team were named officers of the national organization at a January meeting in Denver. They are Bill Guest, president; Eldon Dudley, vice president; and Joe Chase, regional director.

The posts held by the trio comprise one-third of the total offices in the NIRA, an organization of collegiate boys which includes more than 35 schools in the western part of the United States. The NIRA's chief functions are to compile statistics of the members of each school and sponsor an annual rodeo for the top schools and contestants.

The organization was founded in 1947 by a few interested cowboys who met at Sul Ross State College and put their ideas on paper. One of the charter members of the group was the late Carl Myers, former member of the H-SU team and president of the campus rodeo association.

"Agricultural aviation today rests upon one of the firmest foundations of any phase of the aviation picture," C. W. von Rosenberg, chief of the Aircraft Division, Civil Aero-

**DON'T FENCE ME IN**—This roundup scene, taken probably before the turn of the century, was made near Midland. The waddies reportedly were employes of the Driver Ranch. When the picture was taken, there were no fences to hold the cattle.

nautics Administration Region 4, said last week at College Station.

Von Rosenberg addressed more than 150 persons during the First Annual Texas Agricultural Aviation Conference and Short Course on Post Control, held at Texas A&M College.

"Just as it is to the production of food and clothing, two of the basic essentials of our nation, agricultural aviation has ceased to be 'just a red-headed step-child,' and has become indispensable to our economy," von Rosenberg said.

His subject was, "Agricultural Aviation and the Civil Aeronautics Administration." He dealt chiefly with two phases hinging on safety and economy of operation.

"By its very nature, agricultural flying is hazardous," he said. "Therefore, the CAA is urging all agricultural flying operators to adopt the slogan, 'Safety is no accident—it must be planned!'"

## Five Are Hostesses To Golf Association

Mrs. Johnny Beatty, Mrs. F. M. Breen, Mrs. E. E. Conant, Mrs. M. W. Branum and Margaret Coyle were hostesses Friday to the Women's Golf Association of the Ranchland Hill Country Club.

The group presented a gift to Mrs. R. C. Maxson, retiring president. Prizes went to Mrs. Ed Smith, Mrs. J. C. Lawrence, Mrs. Maxson and Mrs. Harold Wilson. Mrs. Lawrence became a new member at the meeting.

Guests were Mrs. Larry Williams, Mrs. Leonard Clare, Mrs. Woodrow Wickman and Mrs. Gerome Graym. Twenty-six members attended.

## Student Travels 120 Miles Each Day

AUBURN, ALA. (AP)—Quentin R. Crowe, 22, figures his 120-mile round trip to school each day will equal two trips around the world, before he gets his degree.

The Alabama Polytechnic Institute junior comes from Montgomery each day to attend school here. The father of two daughters estimates by travels about 7,200 miles each quarter.

Before he finishes school this will amount to \$7,600 miles. The earth is about 23,000 miles in circumference at the Equator.

Crowe begins each day at 3:45 a. m. by throwing a newspaper route and ends it 18 hours later.

Three drops of skunk musk are sufficient to scent an area of about one square mile.

## April Construction Starts With Flurry

April construction in Midland started out with a flurry as \$468,500 in building permits were issued here to run the yearly total to \$6,353,271.

Topping the week's permits were 34, amounting to \$340,000, issued to the Commercial Construction Company to build 34 one-family residences in the 100, 200 and 300 blocks of Thomas Street.

Other permits issued included one to Jack Boyce for \$20,000, to build a commercial building at 610 East Florida Street; Douglas Nix, \$15,000, one-family residence, 1602 North Fort Worth Street; J. T. Champion, \$10,000, one-family residence, 1203 Cedar Street; J. T. Champion, \$10,000, one-family residence, 1205 Cedar Street.

E. J. Kay, \$2,500, addition to service station, 321 East Wall Street; W. W. Sander, \$3,000, one-family residence, 2006 New Jersey Street; J. L. Davis, \$5,000, one-family residence, 301 South Lamesa Road; S. P. Clark, \$8,000, one-family residence, 808 Sinclair Street.

E. O. Parson, \$9,500, one-family residence, 2508 West Cuthbert Street; E. A. Brooks, \$6,000, one-family residence, 1208 McKenna Street; Eugene H. Reid, \$1,500, one-family residence, 500 South Terrell Street; Howard L. Stanley, \$2,500, one-room addition, 1508 South Terrell Street; Hays Construction Company, \$11,000, one-family residence, 1116 Chestnut Lane.

T. N. McWhirter, \$1,000, office and storage room, Rankin Highway; J. L. Barber, \$4,000, warehouse, 124 South Fort Worth Street; H. F. Doyle, \$1,000, one-family (rental prop), 1001 East Wall Street; Thomas & R. Casey, \$8,000, one-family residence, 1116 East Magnolia Street; Ernest Blunt, \$9,000, one-family residence, 1200 Oak Street.

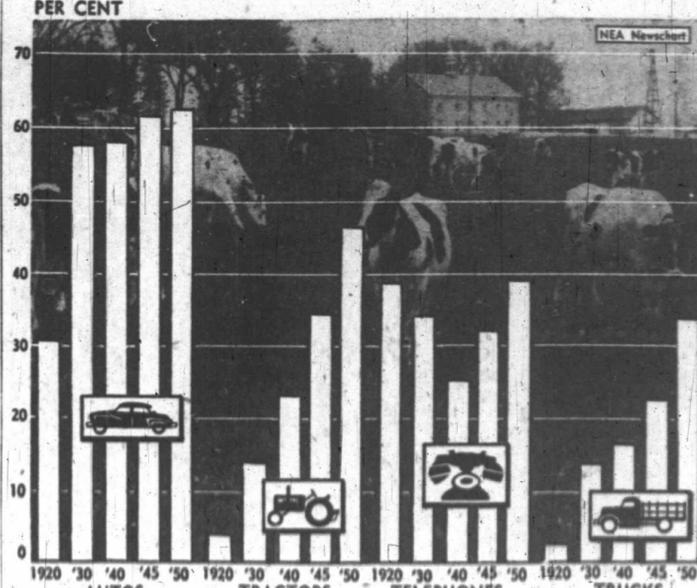

**TREATED AT HOSPITAL.**

## Floors Need Refinishing? Here's How

**BY ME. FIX**  
 Distributed by NEA Service  
 Because the kids are out-of-doors most of the time now, why not do something about the condition of hardwood floors which have taken a beating through the winter?

In most cases, best results are achieved by completely refinishing floors. In cases where the existing finish is floor seal or lacquer, it may only be necessary to touch up worn spots with the same type of finish. If the worn spots are conspicuous because of their size or number, it's better to refinish the entire room.

Before applying a new finish, the floor must be clean. This means not only sweeping it but removing all dirt and wax.

There are several cleaning agents which are recommended: mineral spirits or naphtha may be purchased at most paint stores. A damp cloth with mild soap can be used.

**Rinse And Dry**

To remove grease spots, use a laundry soap containing lye but only on the grease area. Clean only a small area at a time and immediately rinse and dry it off. In the case of particularly stubborn areas where the naphtha, mineral spirits or strong soap fail, rub the area with steel wool.

Be sure to follow the manufacturer's instructions. If you use the same type of finish, one coat usually is sufficient. If you plan to change the type of finish it will be necessary to completely remove the old finish from the wood except in one instance: varnish can be applied over shellac.

After the finish has dried thoroughly, the floor should be waxed with either liquid rubbing-wax or paste type. Self-polishing liquid wax contains water and therefore is not recommended for wood floors because it causes the grain to rise and makes the wood surface rough.

**Don't Spare Muscle**

Follow the directions on the container and don't spare the muscle.

In some cases, more than one coating of wax is necessary to give the wood protection from dirt which penetrates the pores.

When the floor becomes dirty it is easily cleaned by removing the wax and dirt together and applying a new coating.

## Nature Colors Are Featured In New Homes This Year

Home furnishings fashion colors for 1952 are the colors of nature — shades of leaf - green; earthy browns and red - browns; weathered beige and grey. Also important in the home furnishings fashion picture is marble, a decorative material. Marble appears in tabletops, composites and other pieces, and is even used as high - style place - mats on a dinner - table.

Other strong trends in home furnishings are the heavy swing toward casual or ranch - style modern, and the bold use of color.

The classic marbles of Italy - rance and Greece have inspired marbled floor tiles, and their names; Breccia is a brown with delicate yellow and red veining; Orlotto is black and white, green and red veining; Grisaille is tan with white and brown veining.

Grand Antique black with light blue veining; Verde Antique black with green veining; and Galdania off - white with green veining, are among the most popular marbled patterns for classic interiors such as Regency, now in great vogue.

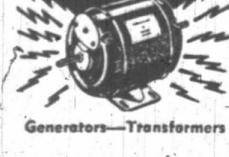

Such greens as Genoa or pine green; Cippolino or forest green; Aspen or leaf - green, and other Kentile colors, dovetail with the new trends. Earth tones include Greek Skyros beige; Isirian tan; Quarry red; a stark red - brown; Todelo red - brown. Greys include Napoleon grey and travertine grey. Sky shades are approached in Fleecy Cerulean blue and Lamartine sunset yellow.

**Modern Interiors**

In modern interiors, the flexible floor design - possible with the makes asphalt tile especially appropriate. Off-center linear design is achieved smartly by using one-inch strips of the material. A bedroom floor of Heather Mixture (black with yellow and white veining) may be set off with a double border of yellow and white stripes - perhaps outlining the base of the bed; or bordering a row of chest units. This color and design plan may carry over into the adjoining hallway - by using all-black tile there, with a double border of yellow and black stripes near the wall.

In the open planning of most modern houses, uniting partition between two and even three rooms, asphalt tile plays an important design function. By using one floor pattern in the living-room - marbled brown, for example - and a contrasting one in the dining area, such as beige Greek Skyros, the two areas are dramatically separated.

## New Window Styles Influence Design Of Today's Home

Windows, once regarded merely as a means of admitting daylight while protecting the household from the elements, promise to be one of the most significant factors in influencing home design in 1952, judging from home show exhibits in key cities.

Following up the emancipation from the old-type double-hung window - an emancipation that began with the introduction of the picture window - builders are prepared to offer an infinite variety of sizes, shapes and treatments. Flexibility and versatility are major points in fenestration today, according to Frank Sohn, home consultant of Libbey-Owens-Ford Glass Company.

"In getting away from the traditional design, home architects have discovered that windows perform a much more effective function if they are placed to the living elements of a room," Sohn explained. "For example, it certainly is sensible to put bedroom and bathroom windows above the eye level to assure privacy. Equally logical is the use of window walls or picture windows for living and dining rooms."

**Panel Window System**

Sohn said the development of the "panel window system" probably had been the biggest spur to the new-found flexibility. This new conception of design and construction has made it practicable for builders to use double-pane insulating glass in all windows of homes, instead of just in large picture windows, he pointed out.

Awning type windows which can be swung open with easy-to-operate levers provide another opportunity for builders to inject a modern touch into homes, Sohn said.

## One-Color Plan Simplifies Home Decoration Task

One of the simplest and most effective home decoration plans is to build a color scheme around a single hue. This is called a monochromatic color scheme. Either in a single room or throughout the entire house, it has many advantages.

It permits lavish use of a favorite color; eliminates possibility of an inharmonious color scheme; unifies the decorative elements; and makes the room or house appear larger than it actually is.

Both spacious and restful in appearance is a bedroom with medium beige walls, lighter beige bedspread, tawny wood furniture, pale beige chair, and carpet and drapes show-stripped in shades of beige.

In any monochromatic scheme, the neutral - black, white and gray - can be used freely to lend variety or to tone down the effect of a brilliant hue like red.

In building a one-color scheme for a room, either use a single shade of the color for walls, carpet, drapes and upholstery, accenting with one or two secondary colors to avoid monotony; or use as many tints and shades of the hue as can be found. Colorizer paints, giving a choice of 1,322 different colors, provide scores of subtle variations of every color. This makes it possible to develop a varied and interesting scheme based on any color that the homemaker chooses.

**Throughout The House**

In carrying a monochromatic scheme through the entire house, choose one or two supporting colors for variety, then vary the importance of the supporting colors from room to room.

For example, if green is the basic color and yellow and brown the secondary ones, paint living-room walls green and let green dominate yellow in draperies and upholstery. Carpet and furniture can be brown.

In the dining alcove, let yellow overshadow brown in the supporting role by painting the walls yellow and introducing yellow in the floor covering. Here, brown need appear only in the furniture, with green being used for upholstery and draperies.

Continue in this manner through the house, letting green shades dominate, and playing off variations of yellow and brown against each other.

Sumatran natives make their books completely of wood even today.

## Lunch-Packing Center Will Save Time And Trouble

COLLEGE STATION - Are you one of the thousands of wives who packs lunches for husbands, children and others? If you are, Gladys Darden, home management specialist for the Texas Agricultural Extension Service, suggests organizing a lunch-packing center as a means of saving time and making the job easier.

Miss Darden says select an area in the kitchen where it is most convenient to do the lunch packing and to arrange the needed utensils, supplies and equipment in easy reach.

This kind of work center could be a section in the wall cabinet above the work counter with a drawer underneath. A section near the refrigerator is an excellent location. The drawer should be partitioned for a small cutting board, spreaders, spoons, knives and measuring cups. Store on the shelves mixing bowls, cardboard cartons for salads and desserts, seasonings and canned lunch foods. Miss Darden says keep a tray handy to carry foods to and from the refrigerator unless the center is within easy reach. Keep paper bags handy and install a wax paper holder on the wall over the work area. Wax paper is needed for wrapping sandwiches and other foods.

Miss Darden recommends preparing sandwiches, spreads and other lunch foods in quantity and store in the refrigerator for future use. Time may be saved by preparing and freezing such lunch foods as sandwiches, cakes and cookies. These thaw out by eating time.

# THE BULLDOG

Written By The Journalism Class Of Midland High School

## Midland High Is Honored At Corpus Christi Convention

Larry Mayfield, President of the Midland High School Student Council, announces that Midland High School was elected vice president of the Texas Association of Student Councils at the recent convention held in Corpus Christi. Other schools winning elections are: Sonora, president; Lubbock, secretary and treasurer and host school for the next year's convention, and Brownwood, parliamentarian.

Although Midland High School has always been active in Student Council work throughout the state, this is the first state office held by Midland.

With this office came many responsibilities not only for individuals who represent Midland High School at the meetings, but also for the entire student body. The duties of vice president, according to the TASC constitution, include the duties of the president in case of the latter's absence, to act as chairman of the credentials committee, to preside over conventions when the president is absent, and to be secretary of the sponsor's meeting and to report to business sessions.

Excellent Program  
An excellent campaign program was planned by the MHS Student Council. It was put into action by the 26 Midland delegates. The program consisted of the distribution of tags, posters and pamphlets urging schools to vote for Midland.

## Small Talk

By THE SNOOPER

This was, without a doubt the quietest April Fool's Day ever experienced by yours truly. I only saw a very few persons up to any unusual tricks. I guess that Spring fever has put a leash on everyone.

First of all, congratulations to the music department for such a fine performance at Odessa in the contest. We also had a fine turnout on track and field events, as Midland topped third in the meet.

Emily Hamilton, Joan Turner, Peggy Read, Jane Beakey, Mary Ann Seales, and Georgia Stump donated their shorts, hunted up baseballs and bats, piled into Jane's convertible, and took off to Cole Park for a picnic. The girls played baseball, and then had a wiener roast. Monday when they came to school they mysteriously seemed to be taking the stairs at a very slow pace. Could it be they were sore?

We should be very proud of our Student Council for its hard work in winning the State vice presidency at their recent meet. Marion Sevier can give you the humorous side of the trip, but I better not attempt to put it all in the paper.

Here's wishing our tennis team has good luck when they go to the district playoffs this week.

The DE Class presented a very interesting skit show in assembly last Wednesday. Everyone agreed that it was one of the best assemblies of the year.

Don't forget the senior play to be held April 17 and 18. The seniors are working hard on this play, and it will be a very good one. Tickets go on sale April 15.

Everyone welcomes the Easter holidays. We do not have to go to school the Friday before Easter, or the Monday after. Many are leaving town, but I could name several who are going to take advantage of the extra time off to catch up on their sleep and loafing.

The Sock Hop held at the Youth Center, according to all reports, was one big success. Here's hoping that "Mitt" has another one soon, as everybody certainly enjoyed this one.

By the way, if any of you readers have anything you would like to have published, or if you have any little bits of news you would like me to mention, just come by the journalism class, sixth period, and leave your tips. We will be glad to have them.

Thought for the week: Inflated promises are too often followed by deflated performances.

ing schools to vote for Midland. Campaign speeches also were given by several Student Council members of MHS and other high schools for Midland.

One of the biggest attractions of the convention was the six piece Midland High School Band. The band played luncheon music at Friday noon and also during the 29 minute intermission at the dance given Friday night. Between numbers played by the MHS Band, campaign speeches were given in behalf of Midland.

The most important meeting of the convention was held Saturday at the naval base. Plainview made Midland's nomination speech and Sonora seconded the motion. Larry Mayfield accepted the nomination with a short speech. After all nominations had been made, a roll call vote was made. Each school was allowed four votes for each office. Midland won by a large majority over Sweeney, Martin and Tivy High School in Kerrville.

Midland's discussion group, "The Common Errors Committed by Student Councils" was very informative. Those taking part in the program were Larry Mayfield, Corky Moss, Virginia Kronlein and Roberta Stewart.

The Midland students all agreed Corpus Christi opened its heart to the TASC convention. Besides the extensive program planned, there were many conveniences as free transportation throughout the city was provided by licensed high school students of Corpus Christi. These were called "hop-bus." Free boat rides and bus rides also were provided for the girls and neckties from Lichtenstein's and Sons Department Store also were given. The Navy also planned a very interesting day's program.

The group made the trip on the Bulldog bus. Members of the Midland Student Council who attended the convention were: Marion Sevier, Pat Boles, Grace Boles, Martha Frick, Roberta Stewart, Virginia Kronlein, Jo Ann Roberts, Betty Sivalls, Yvonne Shaine, Glenda Cobb, Margie Miller, See Woods, Larry Mayfield, Jim Mashburn, Jim Ervin, Corky Moss, John Van Buskirk, Ronald Jones, and Miss Dorothy Perkins and Dean Jack Mashburn, sponsors.

## Midland High Picks Five Cheerleaders

Othana Gadberty, Fifi Pryor, Bill Mayfield, Jim Ten Eyck and Charles Worthen were elected cheerleaders at Midland High School, Sadie Nugent, chosen last year, will head the group.

Campaigns that put those of the nation's presidential hopefuls in the shade were conducted for several weeks, with 24 students trying out for the five positions.

Posters of every size and description decorated the halls. Lapel tags were passed out along with campaign promises.

## Volleyball Squads Play Odessans

The volleyball squads played Odessa recently and lost both the A and B games. The volleyball squads played La Mesa Tuesday night. The line-up for the B squad: Timmons, Sader, Davis, George, Anderson, Tredaway. Other players were Floyd and Sells. The girls won by a score of 31-30. All the girls played a very good game.

The line-up for the A squad was Crawford, Henson, Bralley, Creswell, Gibbs and Norwood. Those who went in at the half were Switzer, Acker, Pullian and Weddle. This was the first time during the season that Nancy Creswell has been on the starting line-up.

The girls in fourth period P.E. class have been competing against the boys in Mrs. Blair's health class. Believe it or not, the girls finally won a game!

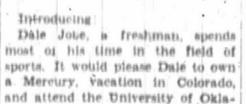

**Coming Events**  
Monday—Clubs, Group II, six weeks tests, periods 1, 2, 3.  
Tuesday—Advisory rooms, six weeks tests, period 2, 4, 5.  
Wednesday—Assembly.  
Thursday—Advisory rooms.  
Friday—Holiday! School resumes on Tuesday.

## Hasty Remarks

(An Editorial)

Hasty remarks often cause bad feelings. Many times people say things they don't really mean, but because they say them without thinking, they hurt others. There is an old saying that goes, "If you can't say something nice, don't say anything at all." What a happier world we would have if everyone followed this!

Have you ever been sorry about something you've said? Don't you wish you could take it back? But since you can't there is only one solution—just don't say anything that you will be sorry for later.

Introducing Dale Jone, a freshman, spends most of his time in the field of sports. It would please Dale to own a Mercury, vacation in Colorado, and attend the University of Oklahoma. His secret ambition is to go steady with a certain freshman girl.

Julia Justiss has her eye on attending Baylor though she is a freshman now. Reading and volleyball are her favorite leisure time activities. Julia specifies Salem, Ore. as a desirable place to live. She was a member of the pep rallies as outstanding school events.

Janelle Kutach is a serious minded freshman who reads a great deal and selects history and English as her favorites. She likes to be around calm, composed people; and finds pleasure with her pets.

Jackie Gibbs, a true West Texan, has specialized in volleyball and received an award at the Big Spring Tournament this year. If you see Jackie wearing purple you will know it's her favorite color and if she invariably orders strawberry flavor she has chosen her favorite food.

Johnny Johnson, a sophomore has been preceded in school by JoAnn, Darnell, and Eugene. We believe he is the first one who has stated that cranberries were especially disliked. He plans to follow his brothers and join the Navy.

Milton Jones, a sophomore, enjoys all sports and hopes to go on with his education and play football. Susan Hayward, chicken fried steak, and Oldsmobile rate as favorites with Milton. Coach Patterson and biology are his choice of teachers and subjects.

Jo Ann Jones, a sophomore has traveled far and wide and recently came to Midland from Mississippi. She hinted that if she could learn to swim; eat quantities of chocolate pie and fried chicken; and see all the June Allyson movies, life would be very worthwhile.

Kathleen Kinobe hails from Wisconsin and hopes to return there some day. Dancing and pen pals are her special interests. After graduation she expects to study nursing. Abraham Lincoln is the outstanding historical figure and William Holden is her favorite movie star.

Ridie Jenni, from Colorado and Washington would like to tour the Western states and finally settle in California and devote most of his time to swimming, dancing and baseball. Eddie, a junior likes to travel, take pictures of the sights and collect match books enroute.

Ann Kennamer likes southern cooking. She plans to spend part of her vacation in Alabama. This junior especially enjoys being in Miss Weaver's and Mr. Michener's classes. Ann may attend ACC and become a secretary.

## Free Lance

BY THE EDITOR

Too often we see people become involved in situations which we know they would not be in were they exercising their own judgment. We have heard people called "sissy" for not doing a certain thing—but if being a sissy is indicative of weakness, then to be drawn into something that one doesn't believe is right makes that person more of a sissy than had he refused to imitate.

If you are going to do something just because of fear of ridicule by another should you refuse, he is doing you thinking for you, and his moral sense—or lack of it—is governing your actions.

The real test of character, or "bravery," is not whether you can "follow the crowd" in everything that they do whether you consider it right or wrong—but your ability to make decisions for yourself about the matter and not being afraid to stand on your own convictions.

## Children's Fashion Show Is Presented

The "Star-Lit Styles," children's fashion show, given March 28, was "star-lit" with quite a number of students from Midland High School. As fashionable Midlanders "fashioned" themselves to their seats, they heard Diana Daugherty on the organ and were carried back a few years to a genuine square dance. The square dancers were Betty Pitzer, Peggy Read, Jackie Ewald, Joan Turner, Barbara Long, Mary Ann Seales, Virginia Webb, Emily Hamilton, Patsy Yeager, Jane Beakey, Georgia Stump, Janet Hoffer, Bob Johnson, Joe Cates, Stewart Hollingsworth, Leroy Hoover, Busby Bray, Joe Turner, Bob Pine, Clayton Tatum, Armin Hegenheller, Gregory Lovelady and Dan Ratcliff. The dances were called by J. J. Johnson.

The dance number production, "Candy Fairies" was "star-lit" by veteran dancer Audrey Young. The quartet that captured a first-division in Odessa, Gerry Geisler, Charles Whitmire, Dwayne Chestnut, and Robert Stubbeman, harmonized to the tune of "Trader Jack."

## Assembly Programs At MHS Are Varied

In an assembly April 1 the San Angelo College Choir, under the direction of Carl Peck, presented a program of sacred and secular songs. "Easter House Party," a Spring style show, was presented in assembly on April 2. The show was sponsored by the Distributive Education Department.

Narrator for the style show was Nancy Oliphant. Hostess for the house party was Ann Miles. Models were Norma Gwyn, Ardith Campbell, Barbara McMillan, Joanne Jones, Nancy Roberts, Barbara Cline, Barbara Ware, and Ruth Howell. Dale Wheeler served as a caddy in one scene.

## Question Box

It seems that everyone has a favorite expression—something they say when no other words will fit. These expressions mean anger, joy, disappointment, happiness, sarcasm, or sometimes just nothing, but whatever the expression is and whatever it means the Midland High School students each had a special one of their very own when asked: "What is your favorite expression?"

Eddie Tanner—"Ish."  
Bill Robitsek—"Mama Mia."  
Stan Coker—"You got that right."  
Ann Arick—"Ye gods."  
Joe Turner—"I'm hidden . . . in the closet."  
Corky Moss—"I just lo-ve it," and "do birds fly?"  
Betty Campbell—"Jail birds don't fly."  
Barbara Ware—"Yeah, I do."  
Helen Golladay—"Oh, boy."  
Martha Stone—"Holy cow!"  
Carolyn Hones—"Gad!"  
Preddy Bilbo—"Looks interesting!"  
Barbara Long—"Oh, that's too common!"  
Bob Gray—"Drip it!"  
Jimmy Crain—"Dang it!"  
Marshall Chase—"That Jim Crain."  
Sylvia Sullivan—"Oh, you think you will!"  
Jean Corbell—"I'll never tell."  
Annette Wells—"Dad gum."  
Tommie Underwood—"Censored!"  
Jackie Brady—"Oh, I'm so excited!"  
Don Davis—"Hub?"  
Jackie Matthews—"Pahaw."  
Maxine Hill—"Yeah-you did!"  
Anne Fitzgerald—"You think you got trouble! . . ."  
Loren Roberts—"Famous Last Words."  
Charles Whitmire—"No comment."  
Albert A. Albert—"Love those 'Do-Rights'."  
Mary Ann McRae—"The South shall rise again."

## SCHOLARSHIP IS OFFERED

All senior girls interested in obtaining the \$100 scholarship, offered by the Midland branch of the American Association of University Women to a girl planning to attend college next year, should make application by April 12. To qualify, the girl must apply by letter stating choice of college, probable course of study and plans for the future; and must have maintained at least a 'B' average during her senior year. Preference will be given to those interested in the teaching profession, but this is not a requisite. Qualities of character and leadership will be considered.

Girls interested in the scholarship should apply by letter to the AAUW Scholarship and Fellowship Chairman, Mrs. H. C. Jones, 1506 Douglas, Midland. The scholarship will be awarded in May at a meeting of the branch.

## Latin Classes In Essay Contest

The Interscholastic Latin Essay contest was entered by all Latin classes. Each member of the class was required to write a 600 word essay on one of the following without the use of references, "Social Classes in Rome," "Roman Burial Customs," "Mythology in National Advertising," "Roman Roads," and "Roman Amusements."

## FFA Boys Enter Alpine Contest

The Midland Future Farmers Chapter was represented at the livestock judging contest held at Alpine. The boys participating in the event include Leroy Hoover, Bertie Sorrell, Bobby Harris and Gary Throckmorton.

## Lelia Norwood Is All-Around Student

Lelia Norwood, a senior in Midland High School, has lived here all her life which has been 17 years. Lelia's favorite color is red; food, pineapple up-side down cake; sports, baseball and volleyball; teacher, Miss Gordon; subject, volleyball; and movie star, Humphrey Bogart.

Lelia has played volleyball for two years. She is on the A squad this year. Her hobby is watching baseball games.

## Clublicity

Spanish Club I was called to order by President Gerry Geisler. The minutes were read by Nancy Sheop. The money that was made by selling book markers was used to buy a record player for the Spanish department. A Spanish game was played.

The Thespians Club was called to order by Vern Harris, the sponsor, and the minutes were read by Maxine Hill. Virginia Kronlein told of same stage plays she had seen in New York.

Brush and Palette worked on banquet material.

## Work Is Underway On Seniors' Play

Work is well under way on the senior play, "January Thaw," a three act comedy by William Ross. The play is to be presented at 8 p.m. April 17 and 18 in the Midland High School Auditorium. Admission will be 60 cents for adults and 30 cents for students.

Tommy Vannaman and Martha Stone play the leading roles of Herbert and Sarah Gage. Their children, Sarah, Paula, and Barbara are played by Joan Turner, Madelon Schabarum, and Emily Studdert, respectively. Jonathan and Mathilda Rockwood, an elderly couple, are played by Loren Roberts and Mary Ann Seales.

Their son, Matt Rockwood, is portrayed by Corky Moss. Freida, the maid, is played by Nancy Stedman. George Husted, Barbara's fiance is Joe Turner. Mr. Loomis, the Gage's lawyer, is Harold Atkinson. Uncle Walter, an ancient neighbor, is played by Harry Harrison. Carson and the constable are played by Stan Coker and Pete English.

## Cafeteria Menu

Monday—Barbecued franks, kraut, creamed potatoes, hot rolls, cookies, fruit juice.  
Tuesday—Roast, gravy, mashed potatoes, green beans, Harvard beets, hot rolls, fruit coffee, milk.  
Wednesday—Meat loaf, cheese and macaroni, carrot strips, turnip greens, hot rolls, honey and butter, milk.  
Thursday—Cooked Easter egg, spaghetti with tomato sauce, pinto beans, combination salad, hot rolls, candied Easter egg, milk.

## Airmen Battle Typhoons To Get Data On Weather

GUAM—A group of U. S. airmen are flying into the middle of typhoon tracks to see what makes them tick.

It's part of the Air Force's attempt to gain weather data and to find out where the storms are heading.

The men of the 54th Strategic Reconnaissance Squadron based at Anderson Air Force Base here say it's a lot easier on the nerves right smack in the middle of the typhoon than on the fringes.

The big Boeing WB-29 Superforts bounce around like a rubber ball on the way into the "eye" of the typhoon. But once there all is serene. It's getting in and out that is nerve-racking.

The airmen who have flown into typhoons are now receiving recognition by the squadron through their "Royal Order of Typhoon Goons."

One typhoon mission rates the flyer as a "Neophyte Goon" with the rank of "New Shoe"; five-typhoon men are called "Senior Goons" and "Used Shoes," and 10-typhooners are entitled to the top award of "Royal Command Goon" and knighted as an "Old Shoe."

The top Old Shoe is Capt. Delbert E. Lee, weather forecaster, who has flown into the eyes of 23 typhoons.

STAMP HAILS HAWAII—Hawaitians were so elated over the new 80-cent airmail stamp (inset) showing the islands famed Diamond Head landmark that they spread the word far and wide—in a practical way. One first-aid airman, under first-day covers, orbited to 800 stamp collectors throughout the U. S. Above, pretty Pat Barrett, in Honolulu, displays some of the Hawaiian-decorated boxes in which Pan American World Airways sent "Easter bonnets" to mayors and postmasters in all principal cities of the U. S. Some of the straw bonnets—called "ganas" are seen at bottom of photo.

## Loggers Making Jump To Tropical Panama Jungle

AP Newsfeatures  
BIRMINGHAM, WASH.—A band of ambitious loggers and their families are making a big leap from Pacific Northwest forests to the tropical jungles of Panama.

The Lewis and Son Logging Company, a logging concern at the Kitsap County town of Crosby for more than 30 years, has become the Lewis Logging Company of Panama, Inc. Their axes and saws will henceforth bite into mahogany, rather than Douglas fir and cedar.

He is taking many of his loggers with him, although they will work in supervisory capacities only, with Panamanian natives doing the actual work in the woods.

"Going into that territory will be just like it would have been to come into the Puget Sound country a hundred years ago," Lewis said.

"Those people know little or nothing about modern logging methods," Lewis said. "We are building our own city in the wilderness. We'll have our own airstrip, float base and barracks for the men."

Lewis said he understood the growth of trees in four weeks in Panama is equivalent to a year's growth in the Pacific Northwest. The company's holdings cover in excess of 900 square miles.

Although the Kitsap County men and their families plan to be more or less permanent residents of Panama, they expect to remain American citizens.

POISONOUS MAMMAL  
The platypus, or duckbill, of Australia, is the only poisonous mammal in the world. A venom gland connects with a spur on the animal's hind leg.

**EVER LOOK BEHIND AN AD?**  
I AM an ad. I'm one of hundreds in this paper. And I'd like to take you by the hand and show you what's behind these ads.

Obviously their job is to sell goods or services. That's why you look at these ads or listen to radio advertising. You're looking for something that you want to buy.

But advertising affects you and your family far more deeply. Buying and selling goods and services is what, in the last analysis, creates all the jobs, all the pay checks in America. And ads that you read and hear are the fastest, most powerful, most economical way yet devised of selling.

More and better advertising means more sales. More sales mean more jobs and better jobs. Less advertising means less sales, less business activity. So whenever you see or hear advertising, be thankful for it. Be glad that people like to hear and read it. For advertising, by selling more goods to more people, makes your job—everybody's job—more secure.

# DADDY RINGTAIL

## Daddy Ringtail And Tricks Of Magic

After the mischief maker magician had eaten the banana-mountain his stomach was so full he had to sit down and rest. He didn't feel like playing any mischief tricks of magic, although he was wanting to do it because of the trick that Mugwump Monkey, the monkey boy, had laid to make him eat the banana-mountain.

"Don't fret yourself, Mister Mischief Maker Magician," said Mugwump. "We can play-like we do the tricks of magic to see what would happen."

Well, the mischief maker magician felt strong and well enough to do his play-like tricks of magic. He laughed his mischief-laugh heh-heh-heh-heh!" Then he said: "Now I play-like I am a fire as big as a mountain to make you hot all over."

This was his play-like trick of magic, but Mugwump said: "Sure, play-like you are the great big fire to make me hot. But before I get so hot, play-like I am water, as big as the ocean—big enough to put out a fire as big as a mountain."

"Sssss! Sssss!" the magician said,

all to play-like he was a mountain of fire that was being put out by water as big as the ocean. Oh, that was a big one!

And the mischief maker magician was in such a rage, he turned a purple color all over, play-like. He began to boil like water. Up he went in a puff of steam that the wind, blew away. Only his shoes were left.

He was blown away barefooted to a land where the wind will never blow him back. I am happy to say, it served him right. I guess, don't you? Happy Day! (Mugwump maled his shoes to him)

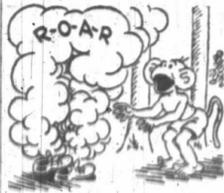

(Copyright 1952, General Features Corp.)

The mischief maker magician now was in a rage, all right, because the trick of Mugwump Monkey was better than his own trick.

"Now," said the mischief maker magician who wasn't having much luck at making mischief. "Now play-like I am a lion as big as a house to eat you up."

"Sure," said Mugwump, "except play-like the lion as big as a house doesn't have any teeth to eat me with."

"Ro-a-r! Ro-a-r! Ro-a-r!" roared the mischief maker magician, very much in a rage because his play-like trick of magic had not been as clever as the play-like trick

By WESLEY DAVIS

Eleven students from Midland County are attending Texas Christian University classes in Fort Worth during the Spring semester.

They are: Misses Ada May Secor, 2407 W. Ohio, Mary Jane Neill, 2615 Delano, Eddie Juan Darnell, Court-house, and Francine Weaver.

Lynn W. Neill, 2615 Delano; John Thomas Midkiff, Rt. 1, Lloyd Graham Mackey, 1910 W. Indiana, David Lloyd Harlin, 1709 N. Bryant, Daniel Bond Dickinson, Rt. 2, James Barber, 811 N. Baird, and O. Duane Grissett, 1500 W. Washington Avenue.

A total of 3,680 students are enrolled at Texas Christian University this semester. They come from nearly all the state and from a dozen foreign countries.

# 11 Midland County Students In TCU

Telephone numbers are easily available when written, or typed on a paper strip which is placed inside a cylinder on the front end of a base for the household telephone. Rolling the strip out at one end of the cylinder brings the desired number to where it easily is seen.

# West Texas Kennel Club To Hear Talk On Cocker Spaniels

C. M. LaDuque of Seminole will speak on "Cocker Spaniels" at 2 p.m. Sunday at a meeting of the West Texas Kennel Club in the Midland City-County Auditorium, according to George T. Woodford, president of the club.

A veteran breeder of winning cocker spaniels, LaDuque will use his own dogs as models.

All interested persons are invited to attend the meeting.

# The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, by The Bell Syndicate, Inc.)

**Drew Pearson says: Princess Juliana raised her own children; wrote board chairman warns of strike wave if board's power is weakened; Senator Seaton of Nebraska believes in press freedom even if press errs regarding him.**

**WASHINGTON** — Mrs. J. o h n Roosevelt, wife of the youngest son of the late President, tells how she called at Hyde Park some years ago when FDR was entertaining Princess Juliana of the Netherlands. Outside the house she noticed a young lady of pleasant proportions wheeling a baby carriage.

One baby was in the carriage, while a small child clung to the young lady's hand.

"Are those Princess Juliana's children?" Mrs. John Roosevelt asked.

"Yes," replied the young lady.

"Aren't they lovely? I'm going in to see their mother."

"I am their mother," replied the young lady, with modest pride.

Princess Juliana not only had brought her children with her on that trip, but was their own nurse. She would put the children to bed, then go to an official reception, then come back to change diapers.

On this trip, however, the children are staying back home in school.

**Strikes And Wage Board**

Wage Stabilizer Nathan Feinsinger predicted a wave of strikes "almost immediately" if Congress strips the power of the Wage Stabilization Board.

He also told a Senate Labor-Management Committee behind closed doors that he himself would resign immediately if the Senate adopted an amendment by Senator Everett Dirksen, Illinois Republican, aimed at weakening the Wage Board.

"The adoption of the Dirksen amendment to anything like it would produce chaos," Chairman Feinsinger warned. "Hasty legislation in the delicate field of labor-management relations will open a Pandora's box of confusion and unrest. I should not want to be held responsible for the consequences."

The blunt-spoken wage stabilizer read off a long list of industries that are walking the tight-rope of labor negotiations.

"If the board's dispute functions are taken away," he declared, "I predict that we would almost immediately have strikes in some, or possibly all, of these industries."

Feinsinger warned that Dirksen's proposal would break up the board and mean "the end of tripartism in wage stabilization and disputes settlement."

"I want to say this with all the emphasis at my command," he added solemnly. "I doubt seriously whether the government would ever be able to secure the services of competent and experienced persons to serve on an all-public board, should this board break up."

**Censoring Columnists**

Some publishers censor syndicated columns when columnists' views do not jibe with theirs, but not GOP Senator Fred Seaton of Nebraska, publisher of the Hastings Tribune and other Midwest papers.

Serving in the Senate since the death of Ken Wherry, Seaton, unlike Wherry, has not been for Taft. He consistently has sided with the progressive Republicans. But the other day he got a telephone call from his editor.

"You see what happens when you won't let us censor syndicated columnists?" he protested. "Joe Alopp has a column today listing you as a Taft man!"

Senator-Publisher Seaton told his editor to run the column just the same. "A columnist has a right to his opinion," he said. "That's why we run him—to give another viewpoint in the paper."

**Pure Politics**

Republican crack after President Truman dropped his "honor" bombshell. "The first time I ever heard of the sinking ship was when the rats . . . Senator Taft's Republican lieutenant for years has been Owen Brewster of Maine. But now, believe it or not, Owen is trying to sneak off the Taft bandwagon. Eisenhower's two-to-one victory over Taft for Maine delegates was such a terrible blow to Brewster that he figures he'd better look out for his own political skin—especially since the man running against him, Gov. Fred Payne, is an Eisenhower man."

General Eisenhower has not only been reading Walter Lippmann, but taking him seriously. Lippmann says that Ike's now in the uncomfort-

able position of really campaigning for President while still in the Army and should come home . . . Senator Russell of Georgia was so upset at reports of ex-Senator Pepper's backing in Florida that he put through a telephone call to his ex-colleague,

asked what he was up to. Pepper replied sweetly that his political machine would campaign for Russell. Russell didn't like it much, but there wasn't much he could say after that . . . Democratic machine leaders, who were laughing up their sleeves at Senator Kefauver a few weeks ago, now privately concede that the Tennesseean will take more than half, maybe all of Ohio's delegates . . . An Air Force cadet, instead of a Cabinet officer, this year

admitted that they "might be for Kefauver if Russell can't make the grade, while Southern freshmen like Congressman E. L. Forrester of Georgia, who once opposed Kefauver, now are seeking his autograph.

Two other Georgians, Henderson Latham and Sidney Camp, also are veering Kefauver-ward as a second choice to Russell, while able Brooks Hays of Arkansas has indicated a preference for the Tennesseean, next to his own Gov. Sid McMath.

House Whip Percy Price of Tennessee, No. 3 man in House Democratic ranks, has been an outspoken Kefauver booster from the start. Another powerful Tennesseean, Jere Cooper, of the Ways and Means Committee, says privately: "Estes

Kefauver is a distinguished Tennesseean and I certainly am for him." Congressional observers say that many other Southerners need only a slight shove to get the Kefauver handwagon rolling as merrily below the Mason-Dixon Line as in the North.

Note — Southern opposition to Kefauver was based largely on the fact that he has gone further than any other Southern senator toward civil rights. Irony is that Walter White, the negro leader, still is vigorously against him.

**UNDERGOES SURGERY**

Mrs. Stella Cooper, 207 New York Street, has undergone surgery at Midland Memorial Hospital.

## Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. How quickly you may lose pounds of ugly, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugstore and ask for four ounces of liquid Barcostrale. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if red-ducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

**LOST 35 POUNDS**

"I have lost 35 pounds taking Barcostrale and my health is so much better," writes Mrs. W. A. Gearhart, 611 Orange Ave., Mesquite, Texas.

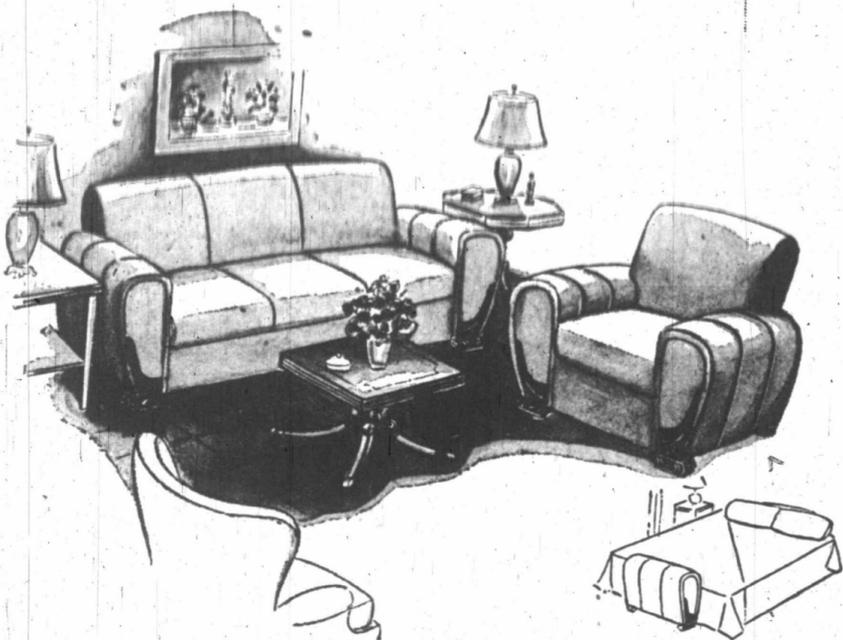

**NURSE LOST 20 POUNDS**

"On August 15, 1951, I weighed 119 pounds. I was nursing in a hospital and on my feet long hours. I decided I must lose weight. I heard about Barcostrale and decided to try it. On the first bottle, I lost five pounds; had four bottles and lost 20 pounds. I think Barcostrale is wonderful." Mrs. Willie Chorzene, 214 Koehler Court, San Antonio, Texas.

## Civic Music Association To Launch Membership Campaign

**MEMBERSHIP CARDS**—Mrs. Milton J. Loring, left, secretary of the Midland Civic Music Association, and Mrs. W. B. Smith, chairman of the office force, go over membership cards in preparation for the coming campaign. With the current concert season soon to close, the association is making plans for a "bigger and better" year.

**CAMPAIGN CHAIRMEN**—Mrs. W. C. Tillett, left, and Mrs. DeLo Douglas, chairmen for the forthcoming Civic Music Association campaign, examine workers' charts as part of their pre-campaign activities. The membership drive is scheduled for April 14 through 19. The association now numbers approximately 2,000, making it one of the largest organizations in Midland.

**TALENT COMMITTEE**—Members of the talent committee discuss the available artists for next season's concerts. Those pictured are, left to right, Ed Stephens, Mrs. DeLo Douglas and Richard Hughston. When the membership campaign closes, the officers will know exactly how much money is available for artists and concerts will be arranged accordingly.

**CHARTER MEMBER**—The telephone is an instrument of great importance to Mrs. J. E. Beakey, charter member and current president of the association. Here, she devotes some time to telephoning 1951-52 members in regard to membership renewals. The policy of the association gives old members first chance to purchase tickets for the coming season.

**PAST OFFICERS**—Ed Stephens, left, and Richard Hughston talk over the new concert season which will begin next Fall. Hughston served as second president of the Civic Music Association and Stephens headed the group during its third year. Two more concerts are on the agenda for the current season.

**FIRST PRESIDENT**—Eric Bucher, first president of the association, looks over a poster to be used in the campaign. Civic Music now is in its fourth season in Midland. Concerts are held in the Midland High School Auditorium.

### AF Reserve Study Leader Due Monday

Lieut. Col. Harlan A. Hodges will represent the 3rd Air Reserve District Headquarters at the kick-off of the Midland survey Monday. Colonel Hodges is group commander of the Volunteer Air Reserve Training unit in Lubbock and was project officer of the survey there. He has closely followed all reserve personnel surveys in Texas, and will come here Monday to help launch the Midland area project.

#### ATTEND FUNERAL

Mr. and Mrs. W. T. Hays and daughter Nanette of Midland are in Henderson to attend funeral services for his mother, Mrs. J. M. Hays, 81, who died Friday.

A cloth filter gives exceptionally clear coffee but it must be kept fresh and clean or it will produce an off-coffee flavor.

### Former Midlander Weds In Oklahoma

Mr. and Mrs. Hillard E. Denyer are at home in Bartlesville, Okla., after their recent marriage in the First Methodist Church in Oklahoma City.

Mrs. Denyer is the former Betty Terry, formerly of Midland. She is the daughter of the late Mr. and Mrs. Ernest W. Terry. Denyer is the son of Mr. and Mrs. T. H. Denyer of Chandler, Okla.

If you want cup-shaped lettuce leaves to hold a salad mixture, cut out the core of the head of lettuce with a small sharp knife; then let cold water run into the opening and it will force the leaves apart. Dry the cup-shaped leaves well, of course, on a towel before chilling and using.

## Fabrics And Colors Spark Styles For Spring

The silhouette and the softness of Spring fashions is reflected in these handbags. Girl at left carries big black patent bag with luggage handle, tab lock on flap and red rayon lining. It's by Jana. Another black patent (upper left center) is clutch bag by Edwards that reverses to white calf or changes to black faille. Red wicker straw in checkboard pattern (upper right center) makes bag that teams up perfectly with Spring bonnet. Princess silhouette appears

By GAILE DUGAS belongs in a paper shopping bag. There's something for everybody this Spring. Though the trend is to the long and shallow, the bigger bag is here, too, and it's bigger than ever.

In navy calf bag by Alan (lower left center) that's indented at the middle. Small, feminine bag (lower right center) by Bernall is navy blue suede pouch with base and tab of smoky gunmetal patent. Elongated and elegant, the calf accordion box at right shows the long, low handbag look for Spring. Accordion treatment provides soft squishiness to harmonize with feminine softness in fashions. By George Morris, it's in paprika red, a coral-red shade.

Last Fall, these large bags appeared for travel and casual wear but this Spring, they're shown for business and afternoon suits as well. Generally, handbags are softer and more feminine. There's a squishy look about them. There is much tooting, pleating and draping. These are in leather as well as fabric, to harmonize with the soft look in Spring ready-to-wear.

Black and sophisticated handbags have a deceptively flat look and little or no ornamentation. The interest here comes from the line of the bag itself.

For the Spencer, the caplet, the waist-length coat, there are small satchels or narrow, low boxes with handles that stand upright.

Patent handbags, returning each Spring like birds from the south, are given freshness this year through the addition of stitching or piping in white. The shing is carried over to other leathers and colors, appearing on bags in navy calf, mushroom, taffy and benedictine. Because blue is high fashion this

## Thirty-Six Complete Dale Carnegie Class

Thirty-six men and women of the first Dale Carnegie Class to be held in this area received diplomas Wednesday night.

Graduation exercises were conducted at a banquet in the Ranchland Hill Country Club. Presiding officer was Jackson Smith, president of the West Texas Institute which sponsors the courses.

Class officers are Charles Mason, president; Gordon MacCutcheon, vice president; and Bob Stone, secretary. Dick Connolly and Charles Mason were selected by their classmates and instructor to assist with the next class which is to start Tuesday in the high school. The classes will meet one night each week for 15 weeks.

Those receiving diplomas were Royce A. Collier, Paul Brooks, Bryan L. Denson, Robert Donnell, Edward

A. Fenstermaker, Karis Linberry, Elizabeth Mayfield, James G. Porter, Verdie G. Rodgers, J. A. Tipton, Marshall W. Wilburn, William P. White, T. F. Linberry, Mr. and Mrs. R. O. Counts, Quincy Belle Fenstermaker, H. V. Jobe, Jack M. Moore, Joe Bill Pierce, Dr. Velma Scott, H. L. Veilker, Robert P. Warren, Hester Williams, H. C. Avery, Jr., Robert R. Currie, James W. Dodd, Richard A. Connolly, Mr. and Mrs. E. L. Gist, A. P. McConnell, Marjorie Mason, A. Vernon Redpath, Robert C. Stone, William Neill Walker, Mrs. William P. White and Charles C. Mason.

Fresh orange sections are delicious served around a ball of lemon sherbet; top the sherbet with a maraschino cherry and fresh mint leaves if you have them.

# Around Midland with Barbara

**Dollar Day** - Tomorrow is the day—KRUGER'S big dollar day event! Don't fail to visit the store and see the many values featured. You are familiar with the quality of Kruger's merchandise and we do not need to tell you this is an unusual opportunity to obtain many items you have been wanting. This is an outstanding event at Kruger's. Don't miss this opportunity!

**Pictures Are Pleasing To The Eye** - Pictures can make even the duller room look bright and lively. Pictures should always be in proportion to the wall space or piece of furniture over which they're placed. If you are hanging a picture over a sofa use a grouping and have them close enough to the top of the sofa so both seem like one unit. Off-center arrangement forms a rectangular pattern familiar and pleasing to the eye. For all your picture needs shop at KNORR FURNITURE.

**News In The Jacket** - Because Spring is the right time for new plans—so you'll look right and feel right. There's real news this Spring—the news is in the jackets, the curved look. The news is in the length and the fabric as well as its texture. A cocoon of color to wrap around everything. A waist high jacket of softened 'plastic' time tested lines and new feminine touches. The hats are small, medium or large. You may choose a cushion trim sailor, visored hat style, sugar scoop, a pillbox like a heliopa's madcap, the fox with the teardrop crown, or the nonchalance flatterer large flat-brimmed with a small round crown. For the freshest look around, let VANEACE design your Spring wardrobe. Call 2-3784 for an appointment.

**Supper Club** - For the atmosphere you desire. Bring your business friends for lunch—11 a.m. till 2 p.m. You'll have your favorite prepared just the way you like it, served in the luxurious dining room. The dinner hour is from 5 p.m. till 9 p.m. You will find favorite "West Texas" steak, seafood, chicken and Mexican food a special dining pleasure. The dining room affords spacious parties with soft-dream-like music furnished by Toby and Jeannie Gunn, who are being held over another week for your pleasure. There's dancing and fun galore at the famous MILLER'S SUPPER CLUB. Make your reservations now for your special party of friends and family. Dial 2-4121.

**Easter Accessories** - Your Easter wardrobe calls for a beautifully designed hat that does for you what Spring does for the world... Turns you out looking and feeling all brand new and beautiful. Gibbs-Blatherwick's hats will send you soaring through fashion's heaven in many fascinating colors. For Spring and Summer you'll want several pairs of gloves in pastel, white and navy. The right purse to complete an out-fit in calf and in straw. Last but not least is the new jewelry, just arrived, to match up in many new shades. For all your accessory needs GIBBS-BLATHERWICK, 217 North Main.

**Your Appliance Center** - Make PHILLIPS ELECTRIC COMPANY, 218 North Main, your appliance center. You will find the ever popular brands such as Sunbeam, General Electric and many more. They are the last word in efficiency and design; the secret of gracious living. Make a visit to Phillips Electric Company, and let them show you the many electrical appliances that will make each house-keeping day a pleasure.

**Lucky You Had Insurance** - Vandals may break your windshield, paint your car green... but one thing they can't take from you is the peace of mind your insurance gives you. It costs little, gives you security. For all general insurance needs TORCHSON INSURANCE COMPANY, 308 West Texas. Dial 4-8851.

**4-Way Hair Cut** - Remember the new Easter hat demands a new hair style. The American Beauty Salon excels in 4-way hair cuts. See how really professional permanent can lend new beauty to your hair with soft lovely waves. With the Spring winds your cosmologist is your best friend. For the professional care of your hair and complexion call your beautician, THE AMERICAN BEAUTY SALON, 2-3471 or 4-8843.

**Fashion's Most Exciting News** - Soft as a Spring breeze, the luscious silk shantung dresses at THE FASHION SALON! And the nylon dresses are so crisp and sheer—so frankly pretty. The easy skirts swing wide from a narrow waistline. They're in the season's newest hues. There's also figure flattery in the new Spring suits of wood, faille, linen and silk shantung. Some have saucy short jackets while others have the long graceful lines—all gently styled.

**Drop In... Just For A Visit** - You may not need the services of a mechanic just now, but Down Town Buick Service invites you to stop in for a visit and meet the master mechanics. There's not a bolt or washer in that engine of yours that they don't know about... and it's this know-how that makes better repairs at low cost! You'll see what modern tools and expensive meat in your car... and you'll know where to go when next you need auto repairs. Dial 3-1111 for more information. DOWN TOWN BUICK SERVICE, 107-108 North Blvd.

**Toi's And Teen's Fashions** - Tois and teens will find a gain array of Spring clothes for the Easter parade. Whether she looks best in frills and dotted swiss or in a more tailored dress of gingham and pique, you're sure to find the clothes to please you; perfect for the teen age or junior for a wearable, changeable wardrobe to wear now and through the Summer. All fashions are designed with year round wearability, so choose your children's clothes now, while the selection is large. THE FASHION SALON.

**Distinguished And Colorful** - If your decorative ideas run to the new gay colors and trends in fabrics and decorative background, see the new chintz bedspreads at MIDLAND HARDWARE AND FURNITURE LINEN SHOP. You will find the perfect choice in these gently distinguished modern bedspreads. For a just right contrast in a bedroom keyed to vibrant singing, color, start with a bedspread. It does wonders in setting off a room planned for a bright, color living life. These spreads are of floral and solid colors: brown, green, cherry, yellow and many more for your selection.

**Barbecue Special Deluxe** - Barbecue is so tantalizing, delicious and taste-tempting. JIMMY'S PIT BARBECUE is open on Sundays from 5 p.m. to 9 p.m. and the week day hours are from 7 a.m. to 9 a.m. Stop by 416 West Texas and take home a supply of good old-fashioned barbecue with the added flavor of wood smoke. Jimmy will cater and barbecue for any size party. Dial 2-3121 and make plans for your Spring picnic. The shrimp bar is an added feature; steak and chicken are also a specialty... Jimmy's chefs are expertly trained to give you the best in food. Jimmy is open at seven, so you may start the day off with a make-you-smile breakfast.

**Fun And Profit** - You are in for a treat when you visit the MUD HUT, 2107 West Wall. Mrs. Kistner has finished ware for sale in pottery and porcelain. You may also select and have your gifts custom made. For your own pleasure, enroll in one of the classes Monday through Friday, 1 to 3 p.m. If you are a working girl, the class for you is Wednesday and Thursday, 7 to 10 p.m. Inquire about the child classes for your talented youngsters. You will find a complete selection of green ware and supplies. Dial 4-5529 for more information.

**Our Banking Principles** - In our endeavor to serve your banking needs, these words, strength, character, integrity, are foremost in our minds and have been so since our founding in the year of 1890. The fine attributes that so distinguished the great men are the principles upon which our bank is founded. True to the tradition of the men who fought for our country's freedom, we stand ready to work together for the good of all. Each depositor of THE FIRST NATIONAL BANK is now insured up to a maximum of \$10,000 for all deposits held in the same right and capacity. We offer limited free parking for our customers transacting bank business. The lot is located at 102 East Wall.

**Utterly Lovely Idea** - Dresses that float... the most effortless way to look superb. A pale dress blowing around a beautiful figure—the bosom high and draped, the midriff wide and flat, the full skirt stiffened by a taffeta slip. These dresses are as feminine as face powder, as cheerful as a blown bubble. Their collarless necklines are perfect for jewelry changes. The little round sleeves and balloon skirts are flattering to tall figures as well as the short girls. These filmy dresses are in rainbow colors and are featured in sheers, marquisette and puckered nylon. The ever attract-ables are for your selection at FRANKLIN'S, 102 North Main. Use our convenient Lay-Away plan.

**Soft Water** - A Texas Raindeer Junior - 30,000 Gr. capacity, plastic lined, also has a 10-year warranty, may be purchased for \$188 complete, cash, or \$2.91 per month with no down payment. This unit is manufactured in West Texas. The 30,000 Gr. capacity for hot and cold are priced at \$295 and the automatic up to \$1,000. Dial 36, ask for 7-9192 collect, or write Raindeer, 814 North Texas, Odessa, Texas. Distributed by GATLIN EQUIPMENT COMPANY.

**"I Would If I Were You"** - Ask almost anybody what vacuum cleaner they would buy—see if they don't say, "I would buy the Hoover if I were you." When you get right down to brass tacks we're not asking you to take our word for it that you'll be happier with a Hoover. See the new Model 51, at MIDLAND HARDWARE AND FURNITURE COMPANY. It's complete with extra cleaning tools for \$88.95. Dial 3-3391 for information on low down payments and easy monthly terms.

**Vacation Comfort** - You'll travel deluxe with seat covers of long-life plastic. Don't worry about the children, the spills just wipe off. Always beautiful and comfortable for Summer. You will find decorative patterns and colors as bright as sunshine. Your seat covers will be custom made to fit like the upholstery in your auto. MILLER BROTHERS TRUNK SHOP, West North Front and K Street. Dial 4-8461.

**A Rare Thing** - A cup of coffee isn't a thing out of the past, just a rare thing. THE STATE CAFE out on the Garden City Highway is proud of their coffee. The taste is delicious and the aroma delightful. Food is a specialty at reasonable prices and you will be delighted with the service. The State Cafe isn't open all the time, just twenty-four hours each day and seven days each week. Take the family and friends out for a treat. Drop in any time, the welcome mat is always at the door.

**Something New Has Been Added** - It's that added pinch of spice, that bit of extra care that makes dinners at Jo Pal's Cafe, 208 East Florida, a masterpiece of taste. May it be a steak dinner or soup and salad luncheon, you're sure to find it on the simple menu perfectly prepared and served. Take your family and friends to JO PAL'S CAFE and enjoy a home-cooked meal in the new dining room, that is a new and added feature, for Jo Pal's many patrons.

**Easter Spirit** - Express the joyful spirit of Easter with gifts of traditional Easter lilies! Let the purity and radiance of these beautiful flowers carry the inspiration of the Easter Message into the home of your relations and friends, where ever they may be. Your gift will be delivered right in time for Easter. BUDDY'S FLOWERS, 1505 West Wall. Dial 4-7419.

**Surprise... Surprise** - Have you been trying to get delivery on an automobile. Well, I have news for you if you want immediate delivery. I have been wanting a Buick and I find they are available in all body styles, all colors, and these sleek cars are being sold at list price, with a factory certificate. What's more, they will give a liberal allowance on trade-ins. Let's make a shopping date and shop together at STANDARD MOTOR SALES, 3000 West Wall. Dial 4-8625.

**Finest Chinese And American Restaurant** - Treat yourself to a thrill in dining pleasure at Midland's exclusive Chinese and American Restaurant—THE BLUE STAR INN, 2801 West Wall. You'll find tantalizing Chinese foods, American foods, sea foods and tried chicken on the menu. The restaurant is entirely new in Chinese decor and the beautiful dining room affords spacious party room. Hours are from 11 a.m. till 11 p.m. Dial 2-4921 for reservations.

**Popular Rendezvous** - Many good business contacts are signed over a fine meal in a pleasant, quiet restaurant, such as THE RENDEZVOUS, 608 West Wall. One reason this is such a popular eating place is because Mr. Pool has only the finest cuisine at reasonable prices and he sees that his customers are happy with the service. Try a thick juicy steak cooked to order. Also, a fine Mexican dinner or a sea food plate or those delicious pies are baked by the chef in the kitchen of The Rendezvous.

**Just Like Grandmother Had** - Beautiful trivets, brand new authentic reproductions, crafted from priceless originals in satin black iron. Many in local color scenes in hand decorated iron. These famous trivets are Grapes, Hex, Dutch, Dutch Hearts and Flowers, Tulips in Motion, Peacock, Rosette, Dutch Tulip, Willow, Cupid and Heart in Hand. May your home be modern or traditional, you will want to select several of these satin black iron trivets for decoration and enjoy their usefulness. MIDLAND HARDWARE GIFT SHOP.

**Wired For Convenience** - If you are building or remodeling, consider the importance of electrical wiring. Have your home wired by reliable contractors. COOK ELECTRIC COMPANY has taken over Burton Electric Company, 432 Andrews Highway. The company is prepared to offer you the best of service on electrical wiring and also features a complete selection of lighting fixtures. Atkin Cook, owner and manager is from Kermit. Dial 4-7671 for electrical service.

**Low Cost Engine Overhaul** - No need to spend hundreds of dollars on engine reconditioning. Technicians at BLAYLOCK'S GARAGE, 908 East Illinois, can put your car back in like-new condition at low cost. See them soon for an obligation-free estimate. Let them inspect your brakes and make necessary adjustments and repairs. You'll be pleasantly surprised at the speedy attention you receive. You can have a "factory-new" brake system for your car at amazingly low cost.

# Point The Way To Sunday Parade

Planned to take part in the Easter parade are these designs for Spring. Black-and-white checked silk surah coat dress (left) has bracelet-length cuffed sleeves. A wide border of self-banding, set into front closing, is caught by jet buttons. This is a Hannah Troy design. Brief coat (center) by Seymour Fox is lacy boucle wool. It can be worn with straight, gored or pleated skirt. Black-and-white honeycomb tweed (right) from this same designer has brief jacket, skirt with controlled width. Jet buttons are used for jacket closing.

**By GAILE DUGAS**  
NEA Woman's Editor

NEW YORK — Easter is synonymous with Spring. Time to pack away Winter clothes, time to blossom out in new finery. Time to venture forth into brilliant sunshine and lose a Winter pallor.

The feminine approach to Easter varies according to budget and climate. For some women, it means a lavish turnout. But for many others, it means that the new Spring suit, or coat, or dress is hoarded for Easter Sunday wear.

For still others, last year's suit gets a refurbishing and appears in the parade with a new bonnet, gloves, scarf, glitter pins, bag and shoes.

Whatever the approach, it's exhilarating to be a part of the parade. And this year, there are

good fashions for every purse. The brief coat, for instance, is available to everyone. You pay as little or as much as you like and you get a becoming fashion for your money.

The coat that's waist-length or slightly longer can be worn on Easter Sunday with a full skirt or a slim skirt. It can sweeten up last year's outfit or become an integral part of a carefully planned, brand-new Easter costume.

This is also true of the suit which is, in many parts of the country, the thing to wear for Easter. For some women, it's high-fashion from a name designer.

For others, it's basic fashion that's more classic in approach and therefore better suited to a carefully-balanced budget. But, in any case, it's an ideal foil for accessories.

The silk dress, good under a coat or small furs, is another value for your money. It can cost a great deal or very little. But no matter what the price tag, it's a well-loved fashion this Spring, adaptable to many occasions. It can be dressed up or down, just as you wish. And, therefore, it can loom important in any wardrobe, for Easter Sunday and for a long time thereafter.

## Methodists Plan Organ Recital

Ruth Ann Farrer, Joanne Himmel and George DeHart, will present an organ recital at 7:30 p.m. Friday in the First Methodist Church.

Numbers to be played include "He Was Crucified For Us," Allanson Brown; "Miserere," arranged for the organ by Charles Black from the aria, "Have Mercy, Lord," "Komm, Susser Tod," Bach; "O Man, Bewail Thy Grievous Fall," Bach; "Fantasy on the Hymn Tune 'Hamburg,'" McKiley.

At 8 p.m. the Chancel Choir will present John Stainer's "The Crucifixion." The soloists will be Mrs. Wilson Burton, Mrs. R. M. Carter, Mrs. Kenneth McFarland, Paul Bowman, Wayne Campbell, Stanley Hake and Ed Metzger.

## City Is Ready To Discuss Creation And Financing Of Dual Health Setup

The City of Midland is ready to talk to the County of Midland about the creation and financing

of a single city-county health unit.

Until now the Commissioners Court has remained silent through the period which saw the resignation of Dr. F. F. Sadler and the proposal by the City Council that a single health unit be set up.

The county had been contributing—as had been the city—\$9,000 toward the support of the three-county health unit, operating under director for the benefit of Midland, Ector and Howard Counties.

But when Howard and Midland counties joined in a cry for a new director, the county authorities declined to comment.

So the city went ahead with its plans for a single unit and received from the State Department of Health a proposed budget totaling \$81,000.

City Manager W. H. Oswald trimmed that amount down to \$44,700 and last week submitted it to the City Council.

The council, in turn, tentatively nodded its head, and then instructed Oswald to consult with County Judge Clifford C. Keith and the county commissioners to determine how the added fi-

nancial burden would be distributed.

Obviously, the load will be heavier.

It is hoped that the state will continue to contribute its \$12,000 annually but that will leave a balance of \$32,000 to be raised by the county and the city.

The budget, incidentally, includes a salary of \$4,400 for a director.

The proposal probably will be discussed at the next regular session of Commissioners Court, scheduled for April 14.

If your dress has a line of buttons down its front, you'll look slimmer.

### Sunrise Easter Services Set At King's Mountain

McCAMEY — Plans are being completed here for the traditional Sunrise Easter Service at the foot of King's Mountain off the Rankin-McCamey Highway. An added attraction this year will be an electric organ set up for the special service, which will be played Saturday night and before and during the morning worship service.

Buses will be operated out of McCamey to assure everyone transportation. Latin American and negro groups will attend and participate in the service.

The sponsoring committee, representing four denominations, includes Mesdames J. W. C. Hayes, Burley McCollum, Wilbur Harris and F. R. Barnett. They are working with representatives of the Ministerial Alliance in the planning. Mrs. Lewis West First Methodist Church choir director, is assisting with the music. Rehearsal has been set for 4 p.m. Saturday.

The tentative program includes: Buglers stationed on the mountain top will signal the sunrise. Call to worship by a Girl's Chorus. Invocation, Rev. L. A. Teaff, pastor First Baptist Church.

Solo, "Above the Hills of Time," Harvey Jacobsen.

Easter Hymn, "He Lives," Latin American choir.

Scripture Reading, Rev. W. O. Welch, pastor, First Methodist Church.

Selection by the negro choir.

Solo, "The Holy City," Miss Elizabeth Cope.

Sermon, "Because I Live, Ye Shall Live," Rev. M. C. Cox.

Solo, "The Lord's Prayer," Rev. Don Cochran, pastor, First Methodist Church of Rankin.

Anthem, Rankin High School Chorus.

Pagant, McCamey High School young people.

"The Old Rugged Cross," Shearon Stacy and Frederick Matejowsky.

Benediction, Rev. William Tucker, pastor, First Christian Church.

Organ Postlude.

### Recapture Your Throat Beauty With Unique New Preparation.

By ALICIA HART  
NEA Beauty Editor

Don't allow your throat to add years to your age. The crepey neckline, flabby skin and unattractive wrinkles are no longer "to be expected."

A new beauty preparation has just been introduced with the claim that it will effectively correct and mold your skin, without giving an unpleasant tightening sensation.

This lotion boasts of a perfect balance of the richest oils, finest astringents and other, secret, beneficial ingredients. As it lifts and firms your skin, it also acts as a lubricant.

The lotion is neither greasy nor sticky, and should be used every morning and night. If you are to see results. To apply it properly, pour a few drops in the palm of your hand. Smooth it gently over your throat and neck.

Massage the skin slowly, by starting at the base of the throat, and gliding your fingers up and out under your chin. Hold your head high, and tilt it slightly backwards, as you massage.

Don't forget the back and sides of the neck. Keep your hair out of the way, with a net.

When you apply the preparation in the morning, you can leave it on while you are dressing, to give your skin a chance to absorb it. Then, just before you are ready to powder, go over your throat with cold water or skin fresher.

If your skin is delicate and sensitive, you'll welcome this unique lotion especially formulated to mold and correct your throat line.

### Garden City Slates Sunrise Easter Rite

GARDEN CITY — A roadside park east of Garden City will be the site for Easter sunrise services.

A committee including representatives of churches designated the site. On the committee were the Rev. C. A. Baldwin, I. L. Watkins and the Rev. W. A. Pendergrass.

Mr. Baldwin, pastor of the Cumberland Presbyterian Church, will deliver the Eastern sermon and the Rev. J. P. Boswell, pastor of the Methodist Church, will read the Scripture. Mr. Pendergrass, pastor of the Baptist Church, will lead the prayers.

Heading the committee for the musical program is Mrs. Rube Ricker, assisted by Mrs. A. M. Geiger, Mrs. Fern Cox and Mrs. I. L. Watkins.

J. F. Jones is in charge of publicity. He is assisted by Buster Coker, Larry Calverley, Mrs. W. K. Scud-day and Targe Lindsay.

A cross will be erected for the service.

When you're adding a double boiler to your kitchen equipment make sure that both parts of the boiler have handles that are convenient to lift.

# Fashions Reveal Casual Viewpoint

Dallas designers demonstrate here their adeptness with casual clothes. Wide-wale pique makes coordinates, (left) in solid colors combined with stripes. Slim, basic dress has ebony patent belt and buttons, striped cardigan. Little boy shorts with turn-back cuffs are worn with halter top in white. White slub-weave rayon coat dress (center) is belted up in gold, belted in white leather. There's a red-and-blue leather job with gold crest. Denim separates (right) get popcorn ball fringe trim in white cotton. Very full circle skirt has apron effect and sleeveless, scoop-neck suntop has two rows of fringe trim.—By GAILLE DUGAS, NEA Woman's Editor.

Add a quarter cup each of finely diced onion and pickle relish, along with a tablespoon of Worcestershire sauce, to a cup of mayonnaise and serve with broiled fish steaks for something tasty.

Drop biscuits are always a good shape if they are baked in lightly greased muffin pans. A drop biscuit dough is like that of a regular biscuit dough but it contains more milk.

## Circuit Exhibit To Be Displayed

The Texas Fine Arts Circuit Exhibit will be on display this week in the studio of the Midland Palette Club Art Center, according to an announcement by Jack Koenig, president.

Hours will be from 2 to 7 p.m. Sunday and 4 to 6 p.m. and 7 to 9 p.m. Monday, Tuesday and Wednesday. The paintings were chosen from the entries in the association's 1951 membership competition and exhibit held in Austin. The works of approximately 25 outstanding Texas artists are included.

Prominent exhibitors include Edith Brisac, associate professor of art at Texas State College for Women; Lowell D. Collins, professor at the University of Houston and also associated with the Museum of Fine Arts there; Josef Head, art librarian and member of the art faculty at the University of Texas; Marian Hebert, art department of Mary Hardin Baylor; DeForest Judd, member of the Southern Methodist University faculty; Alice Naylor, San Antonio; Robert Preuser, Houston; and Francis Johnson Skinner, Houston.

The association's 1952 exhibit will be held in Austin April 26 through 28.

Area artists' pictures included in the exhibit are "Spring," Mona Pierce Lubbock and "Old Timer," Henrietta Ringhoffer Stanton.

The latter painting and "Dust Storm," a painting by Joyce Samuels of Wichita Falls, are displayed in the Palette Club window.

It's best to buy only a week's supply of oranges and grapefruit at a time and to store them in the refrigerator.

## Three-Ring Circus Sets Performances In City Thursday

Wallace Brothers Three-Ring Circus will be in Midland Thursday for afternoon and night performances.

The Optimist Club is sponsoring the appearance of the circus here and the club's proceeds will go into its Boys Factory fund.

The performances have been scheduled at 3 p.m. and 8 p.m., with the main entrance opening an hour earlier to permit viewing of the large wild animal menagerie with its lions, tigers, leopards, polar bears, camels, zebras, monkeys, chimpanzees and the herd of elephants.

The menagerie is a part of the main exhibition and is offered at no additional charge.

## VFW Auxiliary Has Installation Service

Nancy Pliska was installed as president of the Veterans of Foreign Wars Auxiliary recently at a ceremony held in the VFW Hall.

Ruth Ray was the installing officer. Others installed were Opal Robinson, senior vice president; Helen Perry, junior vice president; Betty McMullan, treasurer; Mary Thomason, conductor; Darlene French, chaplain, and Jo Abbott, guard.

Appointive officers are Mrs. Ray, secretary; Lillian Midkiff, patriotic instructor; Jerry King, color-bearer No. 1; Shirley Valines, color-bearer No. 2; Loyce Sherrill, color-bearer No. 3; Leola Palmer, color-bearer No. 4; and Mrs. McMullan, historian.

## First Presbyterians Open Pre-Easter Week Services

Dr. Hunter B. Blakely, Jr., of Richmond, Va., executive secretary of the Division of Higher Education of the Board of Christian Education of the Presbyterian Church, U. S., will conduct the Pre-Easter Week Services opening Sunday at the First Presbyterian Church here. Dr. R. Matthew Lynn is pastor of the church.

The distinguished educator, Bible leader and author will speak Sunday at the 9:30 a.m., 11 a.m. and 6:30 p.m. worship services. His morning subject will be "Convictions by Which Men Live," and in the evening, he will speak on the subject, "Men Whom God Can Help."

Worship services also are scheduled at 8 p.m. Monday through Friday. Monday night Dr. Blakely will speak on the subject, "Sources of Failure in Times of Crisis." Tuesday, "A Strategy for Difficult Days." Wednesday, "Laying Hold on Life by Faith." Thursday, "Beyond Peace of Mind." Friday, "God's Everlasting Message to Men."

Bible study classes are scheduled daily, Monday through Friday, for both men and women. The men will meet at 7 a.m. and the women at 9:45 a.m. both in the church's Fellowship Hall. Coffee and doughnuts will be served.

"Jesus—Supreme Teacher" will be the general study subject for the men's class. The daily subjects will be: Monday, "Every Man's Life a Trust from God—Parable of the Talents;" Tuesday, "Living for Two Worlds—Parable of the Rich Fool;"

Wednesday, "Forgiveness as It Is Related to God and Man—Parable of the Unmerciful Servant;" Thursday, "The Road of the Great Adventure—Parable of the Good Samaritan;" Friday, "The Greatest Story Ever Told—Parable of the Lost Boy."

The general theme of the study classes for women will be "Studies in the Last Days of Our Lord." Daily subjects will be: Monday, "The Day of Judgement;" Tuesday, "The Day of Conflict;" Wednesday, "The Day of Silence;" Thursday, "The Day of Dedication;" Friday, "The Day They Crucified Him."

Public invited: All meetings are open to the public and everyone is invited to attend one or all meetings. Dr. Lynn stated, "Dr. Blakely received his education at Evans College, Princeton Theological Seminary, Louisville Presbyterian Seminary, University of Edinburgh, Oxford University, and University of Berlin."

He has served as pastor of the American Church in Berlin, Germany, and as pastor of Presbyterian Churches in Louisville, Ky., Harrodsburg, Ky., and Staunton, Va. Other assignments have included professor of New Testament Interpretation at Columbia Theological Seminary, Decatur, Ga.; and president of Queens College, Charlotte, N. C.

He is the author of several religious books, including, "Religion in Shoes, or Brother Ryan of Birmingham;" "With Christ Into Tomorrow;" "Facing Life's Questions;" and "Defending the Bulwarks."

## Parties Honor Jean Howard

PECOS—Jean Howard was honored with a lingerie shower recently in the home of Mrs. Harold Meyer. Co-hostesses were Mrs. Bobby Burkholder and Mrs. Wesley Hart. The gifts were arranged in an Easter basket surrounded with Easter eggs and miniature rabbits. Those attending were Mrs. John Wallace, Mrs. Cecil Cochran, Minnie Cole, Mrs. W. F. Howard, Mrs. C. O. Finley, Mrs. Milford Howard, Mrs. J. F. Fonville, Mrs. Glenn Hunt, Mrs. Don Holder, Mrs. Rufus Roberts, Mrs. A. J. Potter and Jo Evelyn Fonville. Miss Howard was honored at a breakfast recently in the home of Mrs. C. C. Cain. A rose theme was carried out in the place cards and the centerpiece was an arrangement of roses. Those attending were Mrs. Milford Howard, Ann Coffey, Jo Fonville, Katchie Dean, Joan Daniel, Snooky Sherrill, Dorothy Dean, Mrs. Dean Passmore and Mrs. Don Holder. To keep recipe file cards clean while cooking, spread a thin coat of shellac over them.

### McCamey Baptists Plan New Building

MCCAMEY — A new, large modern church plant soon will be placed under construction here by the First Baptist Church.

Members of the church, at a meeting last Wednesday night, voted to proceed with plans for the new structure. Committees now are being selected to make final arrangements and to push them to completion as promptly as possible.

The church has experienced a large increase in members within recent months.

The Rev. A. L. Teaff, formerly of Midland, is the pastor of the church.

### Xi Theta Chapter Elects Officers At Its Last Meeting Of Season

Xi Theta, exemplar chapter of Beta Sigma Phi Sorority, elected officers Thursday at its last meeting of the current season.

The group met in the home of Mrs. Art Dimney. New officers are Mrs. J. H. Walker, president; Mrs. Howard Atwater, vice president; Mrs. S. R. McKinney, recording secretary and reporter; Mrs. Lloyd Zellner, corresponding secretary; Mrs. Ford Fullington, treasurer; Mrs. Walker and Lucille Johnson, delegates to the City Council, and Mrs. W. W. Weems and Mrs. M. L.

### Spring Features Cream Perfume

By ALICIA HART  
NEA Beauty Editor

One of the most convincing proofs that Spring is just a whiff away is the introduction of a new flower-fresh cream-perfume. Its delightful fragrance will turn your thoughts away from Winter, and give your spirits a refreshing lift.

The consistency of the perfume is a creamy liquid that pours easily from the bottle directly onto your skin, or onto your fingertips to be smoothed on the wrists, neck and behind the ears. Just a few drops

### Elections, Baseball Games, Films Highlight Girl Scout Meetings

Midland, baseball games and movies were features of Brownie and Intermediate Girl Scout Troop meetings last week.

Brownie Troop 64 discussed plans for future projects. Carol Windham served refreshments.

Movies were shown to Brownie Troops 64 and 66 and Intermediate Troops 87 and 88. Films were "The King and the Golden Touch" and "The Dragon and the Princess."

Guests at the various troop meetings were Barbara Laidley, Mrs. Porter, Rusty Hollingsworth, Karen Savage, Barbara Ann Mason, Jan-Ann Hayes and Mrs. M. S. Beauchamp.

Intermediate Troop 21 played baseball. It was announced the group won't meet during Holy Week.

Anita Queen was named chairman of Intermediate Troop 48. Others elected were Ann Bodeman, secretary; Barbara Porter, reporter, and Dorothy Kelly, housekeeper.

Brownie Troop 20 did copper work and looked at camp pictures. An Easter party was given by Mrs. Hollingsworth and Mrs. Savage Thursday for Brownie Troop 52. The group played games.

Intermediate Troop 41 reported on badge work and wrote get-well cards to absent members. Members of Brownie Troop 81 discussed their recent trip to Odessa and worked on Easter baskets.

### Longhorn Cleaners Will Open Monday

A new Midland establishment, the Longhorn Cleaners, 308 North Weatherford Street, will open for business Monday, it was announced by the owners, James C. Guthrie, Jr., and Claude E. Harkins.

Guthrie has 18 years experience in the cleaning business, having operated his own shop in Austin before moving to Midland.

Harkins, who formerly resided in Midland, also has operated his own shop before returning here.

The Longhorn Cleaners has the most up-to-date equipment and the staff is experienced.

Special prices are offered on suits and plain dresses Monday, Tuesday and Wednesday of this week. Plenty of parking space is available.

Hours are from 7 a.m. to 6 p.m., except Saturday afternoon and Sunday when the shop will be closed.

### Revival Will Open Sunday In Baptist Church In McCamey

MCCAMEY — Revival services will open Sunday in the First Baptist Church here, with the Rev. A. L. Teaff, pastor, doing the preaching.

Mr. Teaff, formerly pastor of the Calvary Baptist Church of Midland, assumed the pastorate of the McCamey church recently.

The revival will continue through Easter Sunday John Bowden of Hardin-Simmons University, Abilene, will direct the music, assisted by Mrs. Newton Key, pianist.

The public is invited to attend the pre-Easter services.

Brazil is 65 times the size of England, according to the Encyclopedia Britannica.

As welcome as Spring is this new cream perfume that boasts of a fragrance as delicate as a bouquet of freshly cut flowers.

applied where the heat of the body is strongest will intensify the power of the perfume.

A blended bouquet of many garden flowers, the fragrance is so subtle that you may apply it all over your body without the risk of being "over-perfumed." The essence melts into your skin almost at touch, and the delicate scent lasts for hours.

It's no wonder that a new perfume such as this has great appeal at Springtime. This season more than any other is filled with wonderful changes. The whole earth comes alive, and fragrance is an extremely important part of what's happening.

Just as you look forward to a hat bedecked with gay flowers, so it is understandable that you should welcome a perfume that carries in its fragrance every ingredient of Spring.

### CM Group Plans Membership Drive

The Midland Civic Music Association will conduct a drive for new members April 14 through 19.

One of Midland's largest organizations, the association now has approximately 2,000 members. The organization sponsors a series of concerts each year for members only. Tickets never are sold publicly after the close of the membership drive.

Concerts are held in the Midland High School Auditorium and memberships accordingly are sold up to the auditorium's capacity.

The Civic Music season begins in the Fall and closes in the Spring.

Mrs. J. E. Beakey is the current president.

### WTCC Breakfast Slated April 14

Plans for maintaining and increasing interest in the revitalized West Texas Chamber of Commerce in Midland will be mapped at a breakfast meeting to be held at 7:30 a.m. Monday, April 14, in Hotel Scharbauer here.

The session is being arranged by Tom Sealy and Bill Collins, Midland directors in the regional organization.

West Texas Chamber officials, including President Frank Kelley of Colorado City, Fred Husbands, executive vice president and general manager, and Alden Cathey, manager of the membership department, will attend the breakfast. Husbands and Cathey are of Abilene.

Approximately 30 Midland business leaders are expected to attend the session.

If you're buying cake pans choose 8-inch pans about 1 1/4 inches deep, or 9-inch pans that are about 1 1/2 inches deep. These are the sizes that most modern layer-cake recipes call for.

### Sunrise Easter Services Planned For Pecos Field

PECOS — Sunrise Easter services are to be staged by the churches of Pecos at the Rotary Field, April 13, at 8:30 a.m., announces the Rev. Harold Humphrey, publicity chairman.

The services have been presented here annually. They previously were held at the First Christian Church, but growing attendance records have exceeded the facilities of that church.

The Rev. C. M. Henderson, vicar of St. Mark's Episcopal Church, will preach at the services. Combined choirs of the various churches will perform under the direction of Ed Wittner, choir director at the First Baptist Church.

Everyone is invited to attend the services, Mr. Humphrey said.

Finely diced onion helps pep up cole slaw; finely chopped green pepper also is good added to the slaw.

# Little Girls Love Pretty Coats

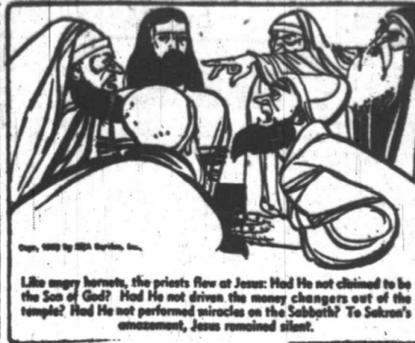

By GAILE DUGAS  
NEA Woman's Editor  
NEW YORK—Fashion is just as essential to the happiness of a small girl as it is to that of her older sister or her mother. Pretty clothes do a great deal for a girl at any age.  
Any small girl would be happy to go strolling on a bright Spring Sunday wearing a coat that's inspired by Paris. Just such a coat is shown here (left) in navy woad.

ted gabardine. It has a small, nipped waist and full, flared hem. There's a big, double detachable coachman's cap collar of gabardine and powder blue faille.  
With this collar off, the coat becomes tailored and classic. Faille accent is carried out in button trim and repeated in the traditionally Parisian bowler hat. It's an adaptation of a Pierre-Balmain design.  
Another Paris-inspired coat (right) is blue-and-yellow all-wool

## A BOY AT CALVARY

'Art thou the King of the Jews?' asked Pilate, trying to avoid the quiet, searching eyes of the prisoner before him. 'Thou sayest,' replied Jesus calmly.

Like angry heretics, the priests flew at Jesus: Had He not claimed to be the Son of God? Had He not driven the money changers out of the temple? Had He not performed miracles on the Sabbath? To Sakkon's amazement, Jesus remained silent.

Another prisoner was then brought before Pilate. 'Sakkon,' murmured the crowd. Sakkon's eyes grew big. This was the man he had traveled more than 20 miles to see. Would Pilate observe the Passover custom of freeing one prisoner?

## ★ RUTH MILLETT ★

### Misguided Help From Parents May Hurt Children's Marriage

A mother writes: "Our daughter quit college to marry a young man who is making a very small salary. They can live on what he makes. But they can't afford any of the luxuries."  
"My husband and I would like to help them financially, but my daughter's husband has let us know no uncertain terms that they intend to get along on what he makes."  
"In order to give my daughter money we have to give it to her without his knowing anything about it. Don't you think he is being unreasonable?"

On the contrary, it seems to me that you and your husband are interfering in something that is none of your business.  
If you had deliberately set out to break up your daughter's marriage you couldn't have picked a better way than by giving her money when her husband has made it clear that he wants them to live on what she makes.

He'll discover the deceit some time. If you keep up your practice of giving her money "on the quiet," and when he does he will justly feel that his wife has let him down.  
**Don't Interfere With Them**  
That is a pretty serious thing for a young husband to discover about his wife—that she and her parents have joined forces to try and out-smart him.  
So if you really want your daughter's marriage to succeed — keep hands off. Let her husband know that if they should ever need a loan, you'll be glad to let them have

it. And then leave their financial affairs up to them.  
It won't hurt your daughter to do without the luxuries her husband can't afford. It may even be good for her. Most young couples go through a few lean years when they are getting started.  
And often those "lean years," once they have been weathered, are a strong bond between them, enabling the couple to look back with pride on what they, working together, were able to accomplish without outside help.  
(All rights reserved, NEA Service Inc.)

### AAUW Opposes Cut In Funds

The American Association of University Women recently went on record in opposition to any cut in the \$7,900,000,000 appropriation proposed by the Administration for the 1953 Mutual Security program.  
The AAUW action was taken in line with the 1951 convention vote to support a foreign policy which would develop conditions favorable to democracy and economic well-being throughout the world as prerequisites for national and international peace and security.  
In the past the association has filed support for the Marshall Plan, ERP, ECA, Reciprocal Trade and Point Four Programs.  
There are 44 counties in the state of Idaho.

### Mrs. Spencer Is Elected Club President

Mrs. R. L. Spencer was elected president of the Texas Garden Club when it met Thursday in the home of Mrs. Spencer. Mrs. W. O. Worley was co-hostess.

Other officers are Mrs. Miles Hall, first vice president; Mrs. D. E. Smith, second vice president; Mrs. Worley, recording secretary and reporter; Mrs. Floyd Boles, corresponding secretary and Mrs. K. W. Edmonson, treasurer.

It was reported six trees have been planted around the Optimist Club Boys' Factory. The beautification of the grounds is the club's civic project. Plans were made for the club's garden pilgrimage to be held May 1 and for the Spring Flower Show, to be held in the home of Mrs. Miles Hall.

It was announced the Midland Garden Club Council will entertain the Midland Woman's Club April 17. A lecture on "Table Decoration" will be given by Mrs. Hal Rachal.

Guests attending were Mrs. N. L. Brauner and Mrs. P. D. Taylor. Other members attending were Mrs. J. T. Buskirk, Mrs. H. W. Colbert, Mrs. F. A. Crockett, Mrs. J. D. Dillard, Mrs. Fred Girdley, Mrs. Harry Krist, Mrs. W. C. Murphy, Mrs. A. J. Olsen, Mrs. J. T. Puckett, Mrs. Sam Preston, Mrs. Conrad Reeves, Mrs. J. L. Smith, Mrs. Ralph Smith and Mrs. J. C. Velvin.

### Theater Workshop To Present Scenes From Two Plays

The Community Theater Workshop will present scenes from an English comedy and a contemporary drama Thursday in the City-County Auditorium.

The time will be 8 p.m. Jim Fanning, president, announced Saturday, London in the early years of the twentieth century is the setting for the comedy while the drama is set in the Elizabethan period.

The Workshop Theater is a branch of the Community Theater where beginners may learn the fundamentals of stagecraft—including acting, directing, stage management, lighting, make-up, set design and construction. It also provides a meeting ground for more experienced actors to do work in experimental plays and to take part in productions requiring less time in rehearsal than the Community Theater plays.

Membership in the workshop, which is now in its second year, is open to all persons who are interested.

### TEL Class Meets For Bible Study

The TEL Class of the First Baptist Church met with Ella Davison for Bible study Wednesday.

The group discussed the third chapter of the Book of Acts. Mrs. Joe Smith led the opening prayer and Mrs. J. M. Teague, the closing prayer. Others attending were Mrs. Marie Proctor, Mrs. T. O. Midkiff, Mrs. Betty Yancy and Mrs. Thorson.

Color blindness is seven times as common among men as among women.

### Coming Events

#### FRIDAY

The Children's Theater Class from the eighth grade up will meet at 4 p.m. in the City-County Auditorium.

The Terminal Library Children's Story Hour will meet at 3:30 p.m. in the library.

The Lula Brunson Class of the First Baptist Church will have a meeting of the officers and group captains at 1:15 p.m. in the home of Mrs. R. E. L. Taylor, 116 West Maiden Lane.

There will be an election of the board of directors and officers of the Ranchland Hill Country Club in the club house.

The Women of the Church of the First Presbyterian Church will have a Fellowship meeting at 9:45 a.m. and Bible Study at 10 a.m. in the church. The class will be taught by Dr. Hunter B. Blakely of Richmond, Va.

The County Home Demonstration Council will meet at 2 p.m. in the assembly room of the court house.

The Christian Woman's Fellowship of the First Christian Church will have a Good Friday Worship Service at 3 p.m. in the church. The nursery will be open.

#### SATURDAY

The Moment Musical Junior Music Club will meet at 11 a.m. in the Watson Studio.

The Children's Story Hour of the Midland Public Library will be held at 10:30 a.m. in the Children's Room. The Dunbar Branch will meet at the same time.

### Iota Beta Has Canasta Party

The Iota Beta Chapter of Beta Sigma Phi held a canasta party Thursday in the home of Barbara Fessler.

High score was won by Mrs. J. S. Roberts and Joy Vaughn. Members attending were Mrs. Charles Patterson, Mrs. Harry Murray, Jr., Mrs. W. M. Johnson, Betty McWhorter, Mrs. Alton Brown, Mrs. John Rhoden, Jr., Sally Toll and Don Harrison.

Rushes were Betty Kimbrough, Mrs. Roberts, Miss Vaughn, Helen McCasland and Doris Meyers.

### Officers Club Sets Easter Egg Hunt

The Midland Officers Club will sponsor its thirteenth annual Easter Egg hunt at 4 p.m. Easter Sunday in the clubhouse.

Prizes will be awarded for the various age groups and movies will be shown. Mrs. Jess Lindsey, Mrs. Jack Biscoe and Mrs. James Martin are members of the committee in charge.

#### MIDLAND VISITOR

Mrs. Charles W. Gould has as her guest her daughter, Susan, of Columbus, Ohio.

### Bellview Baptist Church Observes Second Anniversary

The Bellview Baptist Church will observe its second anniversary April 12. A series of anniversary services will begin Sunday and close with the anniversary service.

The anniversary services will include the regular Sunday morning schedule, with a basket dinner at noon on the church grounds and a special service Sunday afternoon.

During its two years the Sunday School has grown from an attendance of 43 persons to an enrollment of 603 with an average attendance of 228. A total of 174 members have been added to the church by baptism and 331 by letter.

The church has grown from a dependent organization of the First Baptist Church to an organized Baptist church cooperating with all the agencies of the Texas General Convention of Baptists and the Southern Baptist Convention. The church has grown from a single building with four rooms to a plant housing 500 in the Sunday School and an auditorium with a seating capacity of 550 persons. The new auditorium will be officially opened Sunday.

The total membership of the church is 564 members.

SERVING THE SOUTHWEST

Midland, Texas

# Midland Churches Plan Series Of Special Easter Services

Midland churches will have a series of special services, fellowships, sunrise breakfasts, communion services and musical programs beginning Palm Sunday and continuing through Easter Sunday.

Mrs. W. T. Dickey and Mrs. Vic Reinhold will sing "Outside The Holy City" at the Palm Sunday service in the Grace Lutheran Church. The sermon, by the Rev. Gilbert C. Becker, pastor, will be "Behold Thy King Cometh Unto Thee."

A Good Friday service will be held at 8 p.m. in the church. The sermon topic will be "Three Crosses on Calvary." The Senior Choir will sing Bach's "O Sacred Head Now Wounded."

A sunrise service will be held at 6:30 a.m. Easter Sunday. Mr. Becker will speak on "The Voice of the Easter Angel." The senior choir will sing "Christ Is Risen," Lundquist. Immediately following the service an Easter breakfast will be served by the women of the church.

Walter Synastchik of St. Louis, Mo., will be the guest speaker at the 11 a.m. service. The Junior and Senior Choir will sing "On Sons and Daughters Let Us Sing," Gillette.

The Rev. Hunter B. Blakely of Richmond, Va., will be the guest speaker at all three Palm Sunday services in the First Presbyterian Church. The services will be held at 9:30 a.m., 11 a.m. and 8:30 p.m. During the Sunday evening service the choir will sing "Open The Gates

of the Temple," Nepp, and Ross Graham, soloist, will sing "Thee, We Adore," Candlyn.

Worship services will be held at 8 p.m. Monday through Friday with Dr. Blakely as guest speaker. Anthems suitable for the Lenten season will be sung at each service. At the Friday evening service Lillian Christopher, soloist, will sing "Before The Cross," La Forge.

Fellowship and Bible study will be held at 7 a.m. for the men and

of the Temple." Nepp, and Ross Graham, soloist, will sing "Thee, We Adore," Candlyn.

Worship services will be held at 8 p.m. Monday through Friday with Dr. Blakely as guest speaker. Anthems suitable for the Lenten season will be sung at each service. At the Friday evening service Lillian Christopher, soloist, will sing "Before The Cross," La Forge.

Fellowship and Bible study will be held at 7 a.m. for the men and

Communion will be served from 5 until 9 p.m. on Maundy Thursday. Organ music will be played by Ruth Ann Farrer, Joanne Himmel and George DeHart.

An organ recital will be given by Ruth Ann Farrer, Joanne Himmel and George DeHart at 7:30 p.m. Friday.

The Chancel and Girls' Choirs will sing at both the 8:40 and 10:50 a.m. services Easter Sunday. The Chancel Choir will give the first performance in Midland of Randall Thompson's "Alleluia" and the Girls' Choir will present "Sing Songs of Praise," by Gaul. Lahoma Gardner will sing "The Holy City," by Adams, at the 7 p.m. service.

The regular sunrise service of the First Baptist Church will be held at 7 a.m. Easter Sunday in the Chief Drive-In Theater. The morning service will be at 11 a.m. in the high school auditorium.

The Rev. Vernon Yearby, pastor, will speak on "Horizons by Resurrection" at the 11 a.m. service. The music will include the "Hallelujah Chorus" from Handel's Messiah and the Chorus Choir will sing "Christ The Lord Is Risen Today."

The evening service will be held in the church auditorium. The cantata, "Calvary," by Weeseff will

be presented. The cantata includes the seven last sayings of Jesus on the cross. They are sung by baritone voice. The choir takes the part of the mob around the crucifixion scene. After the last words the cantata is finished by the alto soloist, pressing the hope of the Christians in Jesus' atonement. The resurrection story is in the tenor solo.

The triple trio in meditation will sing "Consider The Lilies." The Cantata is climaxed by the combination of these hymns, "Christ The Lord Is Risen" and "Onward, Christian Soldiers."

Those taking part in the cantata will be Mrs. Duke Jimeron, Mrs. Gene Shelburne, Jr., Wesley May, Mrs. Harlan Howell, Mrs. Dorothy Braun, Mrs. Joe Angel, Wilda Drake, Nellivee Clark, Roy Fields, Leo Mears and W. E. Braun.

Before each mass on Palm Sunday St. George's Catholic Church will hold the Distribution of Palms service.

High mass will be held at 7 a.m. Holy Thursday. The Exposition of the Blessed Sacrament will be held all day and a Holy Hour will be held from 7 until 8 p.m.

The services Friday will start with the 7 a.m. mass of the Presanctified. The Veneration of the Cross will be held all day. The Way of

the Cross will be held at 3 p.m. and again at 7 p.m. followed by the sermon.

A special service will be started this year. At 10 p.m. the regular Saturday morning service will be held followed by mass at midnight. Easter Sunday mass will be held at 9:30 a.m.

Joe Malone of Fort Worth will be the guest speaker Palm Sunday at the Church of Christ. For the morning service Mr. Malone will speak on "Christian Living" and his topic for the evening service will be "The Touch of the Master's Hand."

A prayer and fasting service will be held at noon Good Friday in the Church of the Nazarene. During the Easter Sunday service the choir will present special music.

Babies will be christened at the special Easter Sunday service at the Asbury Methodist Church. A special Easter Sunday sermon will be given by the pastor, the Rev. Cecil Hardaway.

The Bellevue Baptist Church will observe its second anniversary Easter Sunday. A series of special services will be held this week and will close Easter Sunday.

The anniversary services will con-

## Employment Rate High As 884 Get Jobs Here

Employment activity in the Texas Employment Commission office at 200 West Wall Street continues to be high as a total of 884 persons secured employment at the office during March, according to John E. Bechtol, manager of TEC.

Bechtol said the 884 people which secured employment during March is slightly higher than the 822 placements which the office handled during February.

A large number of persons, representing all occupations, continue to seek the aid of Texas Employment Commission in finding employment, the TEC manager said.

He also said starting Monday, that the office would begin opening up at 7 each morning to accommodate those employers who need men at that early hour. The offices were opened at 7:45 previously.

The Commission listed numerous job openings for both male and females. For the latter, the TEC office has openings for secretaries, stenographers, clerk-typist, draftsmen, computers (degree, math major), well loggers (college), bookkeepers, single and double entry, high school graduates, mail clerks and office girls, insurance sales ladies with cars, and shoe saleswomen.

For males, the office has openings for accountants with degrees, draftsmen, bookkeepers, material clerk, appliance salesman, appliance repairmen, A or B licensed auto radio installer and repairmen, service truck drivers, relief telegraph operators, office and delivery boys, experienced roughnecks and many other job orders.

## Scottish Rite Unit Schedules Maundy Thursday Service

The Midland Scottish Rite Club will observe Maundy Thursday services at 6 p.m. Friday in the Blue Lodge of the Masonic Building, J. A. Matthews, secretary-treasurer announced Saturday. He said all members of the Scottish Rite Club, as well as sojourning Scottish Rite Masons, are invited and urged to attend.

A. E. Ponsford of El Paso, past wise master of the El Paso Scottish Rite Consistory, will be in charge of the degree team, which will include Ponsford as worshipful master; Charles M. Klapproth, senior warden; John F. Butler, junior warden; Ray Godfrey, master of ceremonies; O. J. Hubbard, orator; Dave Henderson, treasurer, and Matthews, secretary.

Emil Hassman is president of the Midland Scottish Rite Club, which is the oldest in Texas. A. A. Jones is vice president, and Butler, almoner.

**METHODIST CHOIR**—The Chancel Choir of the First Methodist Church will present a series of musical programs during Holy Week. The choir is directed by George L. DeHart, left, minister of music. Special services to be held in the Midland churches during Holy Week include sunrise services, fellowships, cantatas and others.

## Hodge Slates Opening Of New Drive-In Theater, The Fiesta, For Next Thursday

J. Howard Hodge and Associates Saturday announced the opening of a new drive-in theater, The Fiesta, located in the 2700 block of North Big Spring Street, will be held Thursday.

The Fiesta is equipped with 550 individual in-car speakers and the

theater is equipped throughout with RCA sound and projector equipment.

A fireworks display will be an opening night feature, Hodge said. The screen is 56 by 40 feet. All driveways will be paved before the opening, weather permitting. A double feature, "Captain Blood" and "Fort Defiance," will be shown on the opening night.

## The BIBLE - Can You Quote It?

Copyright 1952  
**LAVINA ROSS FOWLER**

- 1—For the love of money is the root of all evil—I Timothy 6:10.
- 2—For in the resurrection they neither marry, nor—St. Matthew 22:30.
- 3—And God called the light—Genesis 1:5.
- 4—Bewareth all things, believeth all—I Corinthians 13:7.
- 5—And Jesse begat David, the king; and—St. Matthew 1:6.
- 6—Rejoice not when thine enemy—Proverbs 24:17.
- 7—Who was the father of King Solomon—St. Matthew 1:6.

Six correct—excellent. Four correct—good.  
For wisdom, courage and peace read the Bible daily.

**Snack Bar Erected**  
The operators say the snack bar, operated in connection with the drive-in theater, is one of the finest in this section. It will feature soft drinks and other concessions, including sandwiches.

A patio in front of the concession stand is equipped with 125 comfortable lawn chairs for persons desiring to view the picture from there.

A fully-equipped playground has been provided for the children. Sanitary restrooms are another convenience provided by the management for its patrons.

Audie Adwell is the manager of the Fiesta.  
Small fry love peanut butter sandwiches. For variety team the peanut butter with crisp crumbled bacon, shredded carrot, or finely chopped fresh dates or raisins.

## Hair Lightening Preparation Gives Tresses Beauty, Health

By ALICIA HART  
NEA Beauty Editor

For the first time in hair-lightening history you have the opportunity to use a preparation which, its makers say, contains absolutely no ammonia or ammonia water. Because of the special ammonia-free formula, the lightener avoids damaging the hair or imparting a straw, brittle appearance. There are no smarting fumes to irritate your eyes.

This new hair beautifier has a mild action on your skin and scalp as well as your hair. You don't have to worry about allergy or pre-disposition tests.

Furthermore, the preparation requires no pre-shampoo or after-shampoo. It rinses right out of your hair, cleansing and conditioning as it lightens.

To keep your hair soft, lustrous and conditioned, the lightener contains a rich, conditioning oil base. You will be able to achieve gleaming hair highlights and keep your hair healthy at the same time.

If you are primarily interested in living up, not changing, the color of your hair, the lightener will do that, too. You can use it to retouch streaked or dyed growths on hair that has been bleached. If you like, add a fashionable golden streak to your hair.

With this lightener you can make the hair on your upper lip, arms and legs appear invisible. Its mild ingredients will not cause discomfort to even the most sensitive skin.

The preparation is easy to use. It stirs into a creamy foam that stays put—no dripping, no overlapping, no running into your eyes. And once it is on your hair, it can lighten from one to 10 shades in five to 20 minutes. In other words, the longer you leave it on, the lighter and brighter your hair will become. For all-over lightening, cover every bit of your hair with the foamy preparation, and allow it to remain there until you feel the color is right: Then rinse it out. Retouching is no problem, either. You can apply the lightener to the roots of your hair with a cotton swab application. Because the preparation stays put without overlapping, your hair will be assured even, unstreaked results.

At last you can handle home hair coloring like a professional. There's nothing experimental about this new preparation. It has been designed to give your hair a rich, glowing beauty. If you follow the directions carefully, it will.

Here is something really new in hair lighteners. This one, which contains no ammonia, will add beautiful color to your hair as it conditions. For all-over coverage, apply the preparation to every bit of hair (left), and to touch-up, just dab the lightener to root ends (right).

**MAY BRIDE**—Mr. and Mrs. Gene Shelburne, Sr., of Midland announce the engagement and approaching marriage of their daughter, Lois, to Bill C. Wallace, son of Mr. and Mrs. W. T. Wallace of Fort Worth. The wedding will be held May 10 in the University Baptist Church in Abilene. Both are students at Hardin-Simmons University.

## Midland Businessmen Told How To Keep Unemployment Compensation Tax Low

John Bechtol, office manager of Texas Employment Commission at 200 East Wall Street, explained Saturday how Midland businessmen can keep their Unemployment Compensation Tax at its present low rate.

Texas employers have the lowest tax rate of any state in the U. S., Bechtol said. The lowest average rate in the U. S. outside of Texas is one-half of one per cent, he said, while Texas businessmen pay only one-tenth of one per cent.

And, Texas employers can protect their low tax rate.

The way to avoid a benefit wage charge against their experience rating account when an ex-employee who files a claim for benefits has been separated from employment under disqualifying conditions (voluntarily quit without good cause connected with his work), or has been discharged by the employer for misconduct with his work is for the employer to mail the Commission a notice of the separation within 15 days after the quit or discharge.

The employer should send in the required notice if he believes his employe has quit or been discharged under disqualifying conditions.

Then, if that ex-employee ever files a claim for unemployment compensation, the employer's account can be protected.

The sending of the notice gives the employer the right to appeal to the commission and to the courts if he is not satisfied with the decision on benefit wages, that is, the decision which affects the "charge backs" against the employer's account.

Bechtol explained that the unemployment tax rate is computed on the basis of the ratio between the total amount of wages the employer pays and the amount of taxes he pays on those wages.

Consequently, even though an employe quits, the unemployment claim still is charged against his employer unless a separation notice (form B-81) is filed out and sent in to TEC.

For further information, Midland employers may call the Texas Employment Commission at 4-8263.

"We are vitally interested in helping Midland businessmen keep their present low tax rate," said Bechtol.

A simple exercise for relieving eyestrain and relaxing the eyes is the following: Look at an object far away. Now look at your index finger six inches away from your nose. Blink often, and repeat the exercise many times.

Here's an easy hot canape: Mix crab meat with mayonnaise, spread on small triangles of toast, and run under the broiler just until bubbly hot. For an extra-special touch, sprinkle the crab canapes with grated cheese just before broiling.

**GRACE WALLACE IS GUEST SPEAKER**  
Mrs. Grace Wallace, second vice president of Altrusa International, spoke to the San Angelo club recently on "Extension and Club Membership." The meeting was held in the Art Room of the Cactus Hotel. Sunday Mrs. Wallace will be the guest of the Altrusa Club in Spring where she will speak on "Membership and Classification."

**JayCee-ettes Elect Mrs. Hill 'Most Outstanding Member'**

Mrs. Ewing Hill, 1609 Harvard Drive, has been elected "most outstanding member" of the Midland JayCee-ettes by its club members. Mrs. Hill will represent the Midland club at the state convention April 17, 18 and 19 in Austin. During the convention the "JayCee-ette of the Year" will be elected. This is the first year for such an award to be given. Mrs. Hill has been a member of the JayCee-ettes since its organization and has been active in all its activities.

**Mrs. Ewing Hill**  
A few of her activities as a JayCee-ette include serving as director; helping with the T-B unit, making sandwiches to sell at football games, assisting with the Community Chest, packing Goodfellow boxes, serving on the toy committee, selling Christmas trees, serving as corresponding secretary for the state president and on the nominating committee and participated in all activities of the JayCee-ettes. Mr. and Mrs. Hill have lived in Midland seven years. Hill, a geologist, recently was elected to his second term as secretary for the JayCees. The Hills have two children, Marilyn, seven and one-half years old, and John, five years old.

**MIDLAND VACATIONER**—Ann Porterfield of Midland is pictured in Banff, Canada, where she recently spent two weeks with her parents, Mr. and Mrs. R. R. Porterfield of Tulsa, Okla. Miss Porterfield spent most of her vacation skiing. She is employed in Midland by the Seaboard Oil Company.

Add finely diced unpeeled red apple to crushed pineapple, chili and serve for dessert.  
Broil chicken livers, squares of bacon, and mushrooms together for a tasty quick grill.

**Gift Tea Honors Bride-Elect**

George Wise was honored with a gift tea Saturday in the home of her sister, Mrs. Francis Flournoy. Mrs. Fred Bursen was co-hostess. Miss Wise is the bride-elect of Raymond Earl Bray of Tallahassee, Fla. The couple will be married April 18 in Midland.

Those in the house party were Kathryn Clevenger, Juanita Anderson and Ellen Lindsey. Approximately 30 guests attended. Out-of-city guests included Mrs. C. C. Wise and Mrs. Anderson of Stanton, Mrs. Lester Wise and Mrs. W. H. Wise of Big Spring.

We wish to express our

**SINCERE THANKS**

For your splendid cooperation and attendance at our recent

**Altrusa To Launch Vocational Program**

The fate and future of the older woman in the job market is the current concern of Altrusa International. The organization, which will celebrate its thirty-fifth anniversary Friday, plans to conduct a Founder's Fund drive during April to finance a new program of vocational aid to women. "What specific form the program will take is being worked out now by a special committee," said Lena C. Claude, president of Altrusa International, and dean of women at the University of New Mexico in Albuquerque. Emphasis, however, will be placed on job opportunities for the older women.

**ROYAL FAMILY PORTRAIT**—A perfect picture of a happy family is this group photo of Queen Juliana of the Netherlands, her husband, Bernhard and their children. Seated on the floor is 14-year-old Princess Beatrix, Heir Presumptive to the Throne. She is a quick-witted, gay teen-ager, with a definite talent for clay modeling. She is holding Marijke, youngest of the Royal Princesses, who was five years old on Feb. 18. Behind Marijke is Princess Irene, 13, an enthusiastic and highly capable horseback rider. At right is Princess Margriet, 9, who was born in Ottawa, Canada, where her mother (then Princess Juliana) found haven during the war. She is the actress of the family, with a great flair for story-telling and impersonating people.

**SO THIS IS NEW YORK**  
BY NORTH CALLAHAN

**NEW YORK** — Arturo Toscanini was 88 years old last week and his birthday marked more than the measure of one man's life span. For he has become a symbol of almost eternal youth to lots of folks here and all over the world. This great conductor works harder than any of his orchestra, and perceives so much he has to stop at times to wipe it from his eyes. Yet doctors say he has the heart of a 35-year-old man. Talking to some of his neighbors in suburban Riverdale, I learned that Toscanini lives quietly at his home, has a hobby of jazz music, and each Halloween when children come to serenade him, he plays the violin for them.

I never thought that watching some one cook ham and eggs would be so interesting to watch until I found myself in a gaping crowd outside one of those transparent Manhattan restaurant-fronts — and I was gaping just as much as the rest of them. Yet all the man inside did was prepare ham and eggs and fry them in a shiny skillet. I have seen it done at home a thousand times. But for some reason, 15 of us stood in the cold and stared at this good old American practice as if it were mixing ingredients of an atom bomb. And if you think this is odd, the cook inside told me there is an egg farm in Brooklyn where customers have favorite hens who lay eggs while their devoted customers wait.

That Statue of Liberty out there in the harbor surely watches a lot of interesting folks come and go. One was Michael Pupin who came to this country from Serbia years ago without any money or baggage and who was almost sent back to Europe because of his poverty-stricken condition. Michael kept telling the customs men he was rich; that his father and mother always had told him he was rich. When asked what he was rich in, he said it was the love of people and of God. After that, they just had to let him in. And eventually he became one of our greatest scientists.

At a downtown luncheon with genial oil executive Al Corona and our mutual friend Joe Doctor, I was interested in a speech made by Alton W. Peake, president of the Standard Oil Company of Indiana, who predicted from data compiled by his company that our oil supply in this country will be adequate for many years to come if we don't have

all-out war. Peake is a good example of free enterprise, having come up from a rostrant in the oil fields to head of this company. His hobby is fishing, and he catches em too. One of his intriguing characteristics is the cigar which is continually in his mouth. Unlighted. He never smoked one.

The motor here was doing all right until he took a long trip abroad. Ever since his return, he's been embroiled in disputes, strikes, taxes and traffic. Maybe he "should a-stood at home" as they say in the Bronx. His attractive wife was doing all right, too, until she let slip a remark that subway fares should be raised; that subway rides are wonderful things. Subterranean New Yorkers gasped. They're wonderful, all right, they're regretted in substance. In fact being in a subway during the work-hour jam is experiencing the eighth wonder of the world—if you live through it. 'Tis not easy to describe. Nearest I can come is to compare it with being in the middle of a stampeding herd of cattle on a mid-Summer's day when an earthquake strikes.

You've probably heard of the so-called "wholesale stores" here where anybody can buy anything they have—but pay retail prices and don't know it until afterwards. There is one place, however, that I can report as being actually a cut-rate place for many standard items. It is in the Times Square section and one has to have a "membership card" in order to trade there. Upon inquiry I learned that about the only qualifications for membership is that you must not have committed a crime.

Manhattan Musings: Wondering how that man felt who was selling ice cream on the street while wearing an over-coat... always exhilarated by the sight of the new Easter Lillies in Rockefeller Plaza.

Here, we truly believe, is the brightest thing to dawn on your home-furnishings scene in years! Drexel's new, open-stock Perspective Collection, in the soft, warm, silky hues of rare Mindoro Wood. You'll love the swirling, varied grain-patterns created by three centuries of battle with tropical monsoons... This is the kind of handsome, sensible design you're used to seeing only in the most costly custom-made furniture, now at a price you can afford!... For every room in your home, Perspective is planned to suit today's more friendly, more informal living—planned to suit your way of life!... It's exclusively ours—see it today, for yourself!

Room Divider \$311.50

Bed Room \$149.50

Storage Bed Swinging Night Table \$179.50

Single Pedestal Desk \$114.50

Loafer Chair \$98.50

Breakfront \$217.50

Unique and compact buffet table back in the dining room extends to seat seven, closes to conceal storage space. Drop-leaf table in living room lowers like magic to coffee-table height. Focal point of the bedroom is its dramatic desk-vanity. Chairs and sofas are Perspective, too.

COME IN TODAY, and get your copy of the free Perspective booklet, packed with colorful illustrations. It shows details and dimensions of every one of the Perspective pieces.

### Rassman To Be Fellowship Speaker

Emil Rassman will be the guest speaker at the regular meeting of the Christian Men's Fellowship of the First Christian Church to be held at 8:45 p.m. Monday in the recreation hall.

Rassman will speak on "The Trial of Christ." He will review the events concerned with the persecution of

Christ from his arrest through the Crucifixion. As an attorney he is qualified to analyze the errors and injustice chargeable to Christ's persecutors, from rules that govern lawful conduct today.

All members of the fellowship are urged to attend and bring a visitor. The members of the Henderson Circle will serve the dinner.

### Retired Admiral To Address K&F Club Members April 15

Rear Adm. Benton W. Decker, USN Retired, will address members of the Midland Knives & Fork Club at their regular meeting Tuesday, April 15, President Thornton Hardie, Jr., announced Saturday.

The dinner is scheduled at 7 p.m. in the high school cafeteria.

Reservations now are being accepted by Secretary Ralph Smith, and tickets will be issued at the door. No reservations will be accepted after noon, April 12, it was announced.

**Served Under MacArthur**

"The Story of a Successful Occupation" will be the subject of Admiral Decker's address. He was commander of the leading Japanese naval base at Yokosuka for four years, serving under General MacArthur. He was thrice-decorated during World War II.

Knife & Fork Club officials said Admiral Decker played a prominent role in the successful occupation of Japan and was one of those responsible for "making it click." He is expected to discuss the real facts of the occupation in his address here.

He is termed "a distinguished naval officer, a Christian gentleman and a forceful speaker."

### Newspaper Picture Revives Memories

An oldtime picture of the J. W. Driver Livery Stable, which was published Friday in The Reporter-Telegram, struck a responsive note with at least one Midlander.

Bert Stringer, 1001 West Washington Street, says he recalls the livery stable was located on East Wall Street where the Eubanks Auto Parts Company now stands.

Softening lipstick smears on napkins with glycerine before washing in soapsuds.

### SECOND SKETCH AND JINGLE Bugs Bunny Easter Coloring And Jingle Contest

Every year for his Easter day fun Elmer Fudd picks up eggs, one by one, But Bugs, for his treat, Picks carrots to eat—

(Fill in last line)

### Altrusans Schedule Birthday Observance

Midland Altrusans will observe the thirty-fifth anniversary of Altrus International at 7:30 p.m. Friday with a birthday dinner in the home of Ina Joy McCoy, 1408 West Illinois Street.

Kay Williams is in charge of arrangements.

The dinner also will honor the following members who have birthdays in April and May: Pat Houck, Ina Joy McCoy, Virginia Johnson, Winifred Beal and Mary Alice Tidwell. Grace Wallace, vice president of Altrus International, will talk on "Founder's Day."

Covering blankets with sheets during times of illness and turning the sheet back generously when making beds help keep blankets clean.

### Jan Downing Makes College Honor Roll

Jan Downing of Midland is one of the 68 students at North Texas State College, Denton, whose name was listed on the honor roll of students having an A average for the last fall semester.

Miss Downing, daughter of Mr. and Mrs. C. B. Downing, 610 North San Angelo Street, is a senior student majoring in elementary education at NTSC. She is a member of Alpha Chi, national honor society; Kappa Delta Pi, an honor society in education; Green Jackets, women's service organization; Future Teachers of America, Association for Childhood Education, and Associate Justice of the United Students of North Texas Supreme Court.

### CAT GETS BIRD

DU QUOIN, Ill.—(AP)—The Harry Maples suffered a small loss the other day when fire damaged their cabin on the lake. While firemen fought flames, their cat took advantage of the confusion, upset the bird cage and seized their canary.

Hey, kids! Have you entered the BUGS BUNNY EASTER COLORING AND JINGLE CONTEST? The first sketch and jingle appeared in The Reporter-Telegram. Friday. Here is the second sketch and jingle.

Don't miss out on the fun — and the chance to win a prize. All you have to do is color the sketches and write a last line for the jingles. The third and final sketch and jingle will appear Monday.

**CONTEST RULES**

1. Every boy and girl up to 12 years old, except relatives of employees of this newspaper, is eligible.
2. Clip all three Bugs Bunny sketches and color them.
3. Write a last line for each jingle.
4. Fill in your name, age and address, clip the three colored sketches together, and mail to the BUGS BUNNY EASTER COLORING CONTEST, EDITOR of The Reporter-Telegram.
5. All entries must be received by midnight Thursday, April 10.
6. Judging will be on the basis of neatness and nice coloring and the best jingle lines. Winners will be announced Easter Sunday.

First Prize ..... \$10.00  
Second Prize ..... 5.00  
Third Prize ..... 3.00  
Fourth Prize ..... 2.00

**Keep Hair Fragrantly Sweet With New Chlorophyll Shampoo**

By ALICIA HART  
NEA Beauty Editor

The most exciting word in the beauty and health fields today is chlorophyll. Nature's own ingredient, this substance has become firmly established as an aid in combating body and mouth odors.

And now, to prove there is no end to the versatile qualities of chlorophyll, it has been combined with a new shampoo preparation to keep your hair odor-free and sweet-smelling for days after the shampoo.

This revolutionary chlorophyll preparation is made in three types for oily, dry and normal hair, and is recommended as an effective deodorizing and cleansing agent whether your hair is coarse or fine.

And there are other "plus" features to take into consideration. The shampoo creates rich, creamy suds in even the hardest water. It will leave your hair lustrous and manageable, in addition to its virtues in destroying the bacteria that affect the fragrance of your scalp and hair.

The emphasis on hair beauty is even more concentrated now that Spring is here. Pert bonnets perched on the top of your head definitely demand that your hair be perfectly coiffed. And whether you live in the city or on a farm, exposure to the elements makes it difficult for you to keep your hair fragrant, sweet or well groomed. With the help of this new chlorophyll shampoo, you'll find your hair problems are well under control.

Shampoo your hair to fragrant loveliness with a brand new chlorophyll preparation that is unlike any other one you have ever used.

be perfectly coiffed. And whether you live in the city or on a farm, exposure to the elements makes it difficult for you to keep your hair fragrant, sweet or well groomed. With the help of this new chlorophyll shampoo, you'll find your hair problems are well under control.
