## Delhi Will Drill 14,000-Foot Test In N-C Gaines

Delhi Oil Corporation spotted location for a 14,000-foot rank wildcat in North-Central Gaines County, seven miles southeast of Seagraves. The prospector will be drilled 600 feet from north and west lines of section 27, block C, C&M survey and on 320-acre lease. Operations are to start at once.

## Val Verde Project Tests Ellenburger; It Has No Shows

Phillips Petroleum Company and Delta Gulf Drilling Company No. 1 A. E. Wilson, Northeast Val Verde County wildcat ran a 40-minute drillstem test in the Ellenburger at 18,156-313 feet.

There was a fair show of air throughout the test. Recovery was the 6,810-foot water blanket and 900 feet of drilling mud. The bottom of that column of mud was slightly gas cut.

**No Shows Of Oil**  
Some observers thought there was a slight show of salt water in the 800 feet of mud. There were no shows of oil.

The project is to core about 100 feet deeper and then run another drillstem test.

Operator has not released an official Ellenburger top.

Elevation is 1,894 feet on the derrick floor.

**No Shows So Far**  
Top the first Pennsylvanian line was at 13,880 feet.

This wildcat has not found any shows of oil or gas in any section it has drilled through.

Location is 600 feet from north and east lines of section 22, block E, C&G&S survey. That makes it eight miles southwest of R. J. Caraway No. 1 Gudda Rose, a shut-in gas discovery from the Pennsylvanian line.

## Humble Has Good Oil Flow At SE Scurry Ellenburger Opener

Humble Oil & Refining Company No. 1 James Davidson, Southeast Scurry County Ellenburger discovery flowed 24 hours through a one-quarter inch tubing choke and made 377 barrels of 41-gravity oil.

The flow was natural and was from perforated section at 7,590-7,908 feet. Flowing tubing pressure was 460 pounds. Gas-oil ratio was 385-1. Well Take Potential

There were no signs of formation water. Operator has shut-in the wildcat opener to move off drilling rig.

The official 24-hour potential test will be started sometime Saturday. Location is 10 miles southeast of Snyder, two miles northeast of the town of Hermleigh and three miles southwest of the Hermleigh-Ellenburger field.

It is 1,980 feet from west and 660 feet from south lines of section 99, block 3, H&T survey.

## San Andres Is Goal Of Shield Dawson Wildcat

Fred W. Shield of San Antonio No. 1 J. O. Goodson is to be drilled as a 4,000-foot San Andres wildcat 13 miles southeast of Lamesa and in Southeast-Central Dawson County.

The exploration will be dug 467 feet from south and 1,400 feet from west lines of section 44, block 33, T-5-N, T&P survey.

Combination tools will be used to drill the well. It is on a farmstead from Magnolia Petroleum Company.

## Hanley, Et Al, Starts Digging At Wildcat Near County Line

Drilling has started and has reached 5,893 feet in anhydrite and shale at Hanley Company and associates No. 1 C. V. Headlee, slated 11,000-foot wildcat ten miles west of Midland.

This prospector is 660 feet from north and east lines of section 39, block 41, T-1-S, T&P survey. It was reported as a location about four weeks ago.

At that time the application to drill it filed with the Railroad Commission of Texas stated it was in Central-West Midland County.

# Steelworkers Sent Back To Jobs

**POLITICAL REMINDER**—League of Women Voters have established downtown booths in its drive to stress precinct convention importance. Mrs. R. K. Kimberlin, Jr., 1805 West Louisiana Street, shown left, and Mrs. Frank Hayford, 2403 West Storey Street, stand by one of the booths. The women are available to answer questions regarding the precinct conventions Saturday. Big turnouts are expected.

## Precinct Meetings Saturday To Set Political Pot Boiling

Two political pots will begin boiling in Midland County Saturday and it appeared Friday the Texas Democrats and Republicans backers of Gen. Dwight Eisenhower would have the firmest grip on the stirring spoons.

The Republicans will hold their precinct conventions at 11 a.m. Saturday while the Democrats will meet in similar sessions at 2 p.m. to select delegates to the county conventions.

While opposition undoubtedly will develop, at least in some of the precincts, the precinct groups apparently will follow these trends:

The Democrats will adopt resolutions calling for unopposed delegates to go to the party's state convention, although there will be some demands from "Loyal Democrats"—supporters of the Truman Administration—that all party members take a "loyalty oath" to support party nominees, whoever they may be.

The Republicans, unless unexpected opposition develops from hitherto unorganized Taft supporters, will call for delegates pledged to support the candidacy of Eisenhower.

Those were the indications which came Friday from party leaders.

"It is my opinion," said Frank Beznai, chairman of the county's democratic executive committee, "that Midland County's delegates

loyal to him. Craig said he still was a friend of Shivers.

The action of Craig, long active in politics, gave added strength to the Yarborough announcement.

As the May 3 deadline for filing drew nearer, there were these other developments:

1. Land Commissioner Bascom Oiles announced he would be a candidate for reelection, but emphasized he had not lost interest "in a higher office." Guy Patterson of Eastland opposes Oiles for reelection.

2. Billy E. Beard, Bryan, filed for state agriculture commissioner.

3. State Democratic Executive Committee member J. E. Wheat of Woodville advised county chairmen letters from Committeewoman Mrs. J. D. Collier of Mumford are not official committee letters. Wheat said he referred specifically to convention procedure instructions and a resolution sent out by Mrs. Collier, who also is a member of the "Loyal Democrats" Executive Committee.

4. Lt. Gov. Ben Ramsey paid his filing fee for a reelection bid.

The Shell plant was struck Thursday. Nine others—at Port Arthur, Beaumont, Texas City and Port Neches—continued orderly shutdown procedure with unionists helping in the work.

**No End In Sight**  
The violence at Mount Pleasant occurred at the refinery of American Liberty Oil Company. Russell Adams, American Liberty attorney, was reported in Dallas Friday in an effort to get a court injunction against interference with truck movement at the plant.

Meanwhile, tankers were tied up at some Gulf ports, gasoline stocks were dwindling, and chemical plants in the Gulf Coast area were expected to begin feeling the pinch of lessened raw materials.

No end to the strike was in sight.

**Midlanders Give \$50,000 To TCU**  
Mr. and Mrs. Andrew A. Bradford of 1209 Outburst Street have given \$50,000 to Texas Christian University as their initial contribution toward the construction of the new religion buildings on TCU's east campus, Dr. M. E. Sadler, TCU president, announced Friday in Fort Worth. Bradford is an independent oil operator.

The gift was presented to aid the current building program, Dr. Sadler said. Bradford is a member of the TCU Board of Trustees.

It appears that a playground is not a park.

"There have been few Texas cases on the subject but it appears that the city can be enjoined from using a 'park' as a playground."

Howard then introduced a motion calling for the installation of playground equipment on Haley Park.

"Well, wait a minute," objected Councilman J. B. McCoy. "I'd hate to put that stuff out there and then have to move it."

"That's the way I see it," said Councilman J. T. Baker. "We don't want to have to back down."

"I feel the same way," said Councilman Johnny Starr. "I'm certainly in favor of putting in the playground equipment but we ought to find out for sure if we can."

The motion was passed, on the condition that it have the approval of the city attorney.

## ★ LATE NEWS FLASHES ★

**NEW ORLEANS**—(AP)—The Weather Bureau said at noon Friday there is a slight possibility of tornadoes occurring Friday afternoon and early Friday night in Southern Arkansas, Northern Louisiana and the northern portion of East Texas.

**HOUSTON**—(AP)—Striking CIO steelworkers at Sheffield Steel Corporation and four other plants in the Houston area will go back to work as fast as the "companies" want them, Martin Burns, assistant district director of the CIO United Steelworkers, said Friday.

**AUSTIN**—(AP)—Cecil Lotief of Rotan, former member of the Texas House of Representatives, filed for lieutenant governor Friday.

**CHICAGO**—(AP)—The official canvass of Illinois votes Friday sent Senator Taft into a popular vote lead of 1,897,044 to 1,850,718 over General Eisenhower in presidential primaries held in eight states. On the basis of unofficial figures from Illinois, Eisenhower had been leading.

**PORT NECHES**—(AP)—The Neches Butane Products Company here, which manufactures butadiene for use in making synthetic rubber, will start closing down Monday because the oil strike has cut off its raw material supply.

## Violence Flares As Oil Strike Spreads

Violence flared in East Texas as the spreading nationwide oil strike bit deeper into operations of industry along the Texas Gulf Coast Friday.

Judge Nat Brooks of 114th District Court at Tyler issued an injunction against union members that enjoined them from entering or damaging property of the East Texas Salt Water Disposal Company of Tyler.

The company requested the injunction after it claimed strikers had damaged some of its equipment. Union leaders would not comment.

The first picket line violence was reported at Mount Pleasant Thursday when Marvin M. McCarrell, 41, of Tyler was "roughed up" after being pulled from a gasoline transport truck.

Another driver, Arnold White of Mount Pleasant, was not believed harmed. McCarrell received treatment at the Hart Clinic in Tyler, where a doctor said he looked "like he had been in a cat fight."

Shell Oil Company's Houston plant, meanwhile, became the tenth big refinery on the Gulf Coast to be hit by the strike of the Oil Workers International Union (CIO). The union is demanding a 25-cent hourly wage boost and increased differential payments.

The Shell plant was struck Thursday. Nine others—at Port Arthur, Beaumont, Texas City and Port Neches—continued orderly shutdown procedure with unionists helping in the work.

**AUSTIN**—(AP)—The Railroad Commission "is sure to talk about the oil situation" at its regular weekly conference Monday, Chairman Olin Culberson said Friday.

But he refused to predict whether the commission would reduce Texas oil production because of the strikes against refineries.

The Petroleum Administration for Defense ordered deliveries of some petroleum products prohibited to dealers or big consumers with more than 10 days' supply available in 17 Eastern states.

Export of some major petroleum products was banned. Shipments from Pacific Coast states, shipments to Canada and aviation gasoline were exempted.

MUNSAN, KOREA—(AP)—Communist negotiators Friday refused to agree to a United Nations Command package proposal for settling the Korean armistice deadlock.

The Red reply was given in a secret full dress session of armistice delegations.

The program, said Orman, now is in the final stages of engineering but has been held up by the shortage of manpower in the engineering office.

The project should be ready for council action within 30 days, he said.

**WU Offices Open Again In Midland**  
Western Union offices reopened Friday morning in Midland.

R. C. Reynolds, district manager, said service will be offered from 8 a.m. until 8 p.m. Midland personnel walked out at 11:02 p.m. April 2 as part of the nation-wide strike which has not been settled.

Reynolds reported Western Union had restored service to most points over the nation. Each morning he receives a list of points where service is available.

None of the regular Midland personnel had returned to jobs Friday.

## Mill Owners Take Issue To High Tribunal

PITTSBURGH—(AP)—Philip Murray ordered his 650,000 striking steelworkers to end their strike Friday.

The President of the CIO United Steelworkers also accepted President Truman's request for a White House conference Saturday among steel industry leaders, the President and Murray.

Murray sent the President a telegram in which he said:

"I have urged the members of the United Steelworkers of America to return to work as soon as possible in the plants involved in our dispute with the steel industry."

"I likewise, pursuant to your request, will be at the White House, together with my associates, on Saturday morning, May 3, to meet with you and the presidents of the six major steel companies."

He canceled plans for a new conference and aides passed out to newsmen copies of the telegram to the President.

Even as the announcement was being made, union aides were on a battery of telephones distributing Murray's orders to officers and members of the union.

In National Interest  
The telephoned message to unionists said:

"On behalf of the union and in the national interest, I have accepted the request of the President and hereby urge you to return to work as soon as possible."

"All developments will be reported to the constitutional convention of our union meeting in Philadelphia commencing May 13, and will be subject to convention consideration and ratification."

Union aides predicted striking mill workers would be back in the mills at the start of the regular afternoon shifts.

At the same time, the legal battle over government seizure of the steel mills shifted to the Supreme Court. The steel industry went to the Supreme Court with a plea that it (1) uphold the ruling by U. S. District Judge David A. Pine that Truman lacked any legal authority to seize the steel mills, and (2) forbid the government to raise wages while the court is considering the momentous issue.

By this move, the industry got the jump on government attorneys who (Continued On Page Two)

## Engineer Shortage Slows Paving Here

A shortage of engineers has slowed down Midland's paving program, Public Works Director J. M. Orman told members of the City Council Thursday afternoon.

The explanation came as a delegation of half a dozen residents in the western section of the city appeared before the council to urge that a 200-block paving program be speeded.

The program, said Orman, now is in the final stages of engineering but has been held up by the shortage of manpower in the engineering office.

The project should be ready for council action within 30 days, he said.

## PARK OR PLAYGROUND'S THE QUESTION—City Dads Bump Into Legal Conundrum In Park Planning

When is a park not a park? The City Council began looking Thursday afternoon for an answer to that question.

And the answer may determine whether some of Midland's more beautiful spots will be equipped with swings and slides and merry-go-rounds for the small fry.

The particular case in point is Haley Park, a well-sodded shrubbed tract of land bounded by Holloway, Indiana, K and L Streets.

"I don't think," said Councilman Ray O. Howard, in bringing up the question, "the city should support any botanical gardens."

"They are nice to look at when you drive by but that's all they're good for unless you live next to them and can look out your window."

Mayor Perry Pickett agreed. "It seems to me that as stated

as Midland is for recreation facilities," he said, "we ought to use those parks more."

**Status Questioned**  
Morris Howard, assistant city manager, said the city had four sets of swings, merry-go-rounds and slides to install whenever and wherever the council directed.

That was when the status of Haley Park was raised.

City Secretary J. C. Hudson dug up the deed to the park, which was donated to the city, and a clause in the dedication restricted it to use as a "park."

Then came the question: "Is a playground a park?"

City Attorney Len G. McCormick frankly dug into his law books for a quick answer.

"I'll have to do some more research before I can give a definite answer," he reported later, "but

Jury May Receive Doswell Case Friday

DALLAS—The fate of Mrs. Rebecca Doswell, charged with murder in the fatal shooting of her husband oil man Thomas W. Doswell, was expected to go to a jury Friday. Testimony was concluded late Thursday night after a day session in which Mrs. Doswell spent five hours on the stand.

Final arguments by lawyers and District Judge Henry King's charge to the jury were expected to take up most of the morning session Friday. Mrs. Doswell, 42, had maintained the shooting was accidental. She testified Thursday as the wife of the incident that ended in death for her three-married oil promoter husband, 55-year-old Thomas Doswell, big, white-haired and handsome.

She said "I thought" the .38 caliber revolver that killed the oil man went off "only once." There has been conflicting testimony as to the number of shots fired. She said between shots that she loved Doswell when she married him and still loved his memory. But her attorney—courtroom veterans Murray Hughes and Ted Monroe—skillfully brought out by their questions a picture of Doswell as a smooth-talking, penniless promoter who borrowed more than \$73,000 from the widow before they were married.

Mrs. Doswell, under close questioning, admitted her net worth to be in the neighborhood of two million dollars.

Describing the fatal shooting, she said: "I reached into the glove compartment and put the towel over the gun. I don't know what happened... there was an explosion... and then Mr. Doswell was falling out of the car."

The shooting, last August 30, occurred in the Doswell's Cadillac sedan just after they drove into the parking area of the fashionable hotel where they resided. They had returned that day from a visit to their old holdings near Farmington, N. M.

Steelworkers—

(Continued From Page One) had planned themselves to take the case to the highest tribunal. However, the Justice Department shortly followed with its own appeal from Fine's ruling.

The court could grant a review to either the industry or the government. Normally, court aides said, the court either would grant both requests for hearings or deny both. If the requests were denied, the case would go back to the Court of Appeals here.

Truman's move for a White House conference with both sides seemed aimed obviously at trying to get them to agree on a working contract.

If this should develop, the Supreme Court might refuse to consider the case.

The President appealed Thursday night for the steel workers to get back on the job as "loyal Americans."

By implication at least, his request carried notice too that if they did not, the government might use the Taft-Hartley Labor Act and seek a court order for their return.

Two Youths Drown In Flooded Stream

OLEN ROSE, TEXAS —The bodies of two teen-age boys, who drowned when their car plunged into a flooded stream near here Thursday night, were recovered early Friday.

Dead were Sonny Brownen, 16, of Cleburne, and Jackie Waldie, 14, of Lebanon. The youths lost their lives when a flash flood on the Paluxy, a branch of the Brazos River, caused the car to overturn. Three other teen-agers, two boys and a girl, escaped injury.

Explorers Gather For Spring Outing At Pyote AF Base

The big event of the Spring for Explorers of the Buffalo Trail Council started Friday as the young-men members of the Boy Scouts of America gathered for their bivouac at Pyote Air Force Base.

An estimated 100 Explorers, including 50 from Midland, will spend Saturday and Sunday engaging in a tournament of field sports which will include archery, marksmanship, fly and plug casting and miniature skeet shooting.

Other program features will include a tour of the Air Base, a social evening Saturday, and review of Air Force motion pictures. The program will be under the direction of staff members of the Buffalo Trail Council, with the assistance of volunteer experts in each of the field sports.

George W. Olaus of Midland will be in charge of the skeet shooting event. The top three winners in each sport will represent the local council in the National Tournament at Philmont Scout Ranch in New Mexico in August.

Conscription Talked At JayCee Meeting

Midland JayCees had both sides of a vital national question Friday. Joe Turner and Tom Vannaman, Midland High School debater, discussed the question: "Resolved, That all American citizens should be subject to conscription for essential services in times of war."

Members of the junior chamber were urged by leaders to attend the precinct conventions of Republicans and Democrats Saturday. Plans were unfolded to erect a fence around softball park grounds. The sports committee is directing the project.

Rocky Ford told of installation ceremonies for Levelland JayCees Thursday night. He attended as national director of JayCees. Midland JayCees hold their luncheons in Hotel Scharbauer. Several guests attended Friday.

Midlanders Enjoy Pleasant Weather; Hail Hits Valley

Midland enjoyed a continuation of pleasant Spring weather Friday while other sections of Texas counted heavy hail loss and other damage.

CAA observers at Midland Air Terminal reluctantly predicted scattered thundershowers for late Friday. They expected no blowing and Friday with no wide change in temperatures.

Hailstones pelted the Donna and Weslaco area in the Rio Grande Valley Thursday night during a violent rainstorm. Heavy loss to cotton was seen. Hail and rain washed San Angelo again Thursday afternoon on the heels of two small twisters which did considerable damage in the Concho city Wednesday night.

Presbyterians Plan Services In New Church Building

Members of the St. Andrews Presbyterian Church will hold their first service in the new church Sunday. The church is located at 1605 North Terrell Street.

The service of acceptance will be held at 11 a. m. when the building will be turned over to the building committee by the contractor and in turn to the congregation. The service will be broadcast over KCRS. An open house will be held at 2 p. m. in the church. The Women of the Church will be hostesses to explain the rooms. A service at 8 p. m. Sunday will dedicate the gifts given to the church by friends. At that time communion will be held. The public is invited to all services. The Rev. Lewis O. Waterstreet is pastor. Mrs. Thomas E. Beal, church secretary, and James A. Griffen, custodian.

Midlanders Attend Spring Ceremonial For Area Shriners

More than 25 Midlanders will participate in the annual Shrine Spring Ceremonial at San Angelo this weekend. W. Harry Rhodes, president of the Midland Shrine Club, reported Friday.

Approximately 1,500 West Texas Shriners, Novices and their wives are expected for the two-day event in the Concho city.

Entertainment will include dances, luncheons, banquets, barbecues and presentation of the dramas of the Shrine.

Registration opened at 9 a. m. and was scheduled to continue until 5 p. m. Friday in Hotel Cactus. Three hundred Shriners in Midland belong to the Sues Temple of San Angelo. Of this group, 230 are members of the Midland Shrine Club, Rhodes said.

Midland candidates in the Spring ceremonial include B. W. Burkhead, Kenneth C. Slough, Robin E. Davis, W. P. Crosby, C. R. Edmundo, Frank Benson, H. O. Peterson, Earl M. Conner, Robert W. Boothe, Guy Fletcher, Buck Kirksey, Dr. K. F. Campbell, Joe T. Stewart, L. M. Speed, Robert R. Currie, John W. Ruswee, Robert T. Melard, Johnnie Grubbs, J. C. Wilson, James M. Seniors In Midland High Band Honored At Annual Banquet

Graduating members were honored at the annual Senior High School Band Banquet in the high school cafeteria Thursday night.

Principal speaker was Raymond T. Bynum, head of the instrumental department at McMurry College. Delbert Downing, manager of the Chamber of Commerce, acted as master of ceremonies.

Rupt. Frank Monroe introduced members of the band who will graduate this Spring.

Garry Zook, McMurry student, played saxophone solos, accompanied by Robert Gans, director of the junior high band here. The high school male quartet was heard. Members are Dewane Chennut, Robert Stubbeman, C. Whitmire and Jerry Gietler. Don Mitchell gave the invocation. Benediction was by Charles Matthews. Billy John Whitehead played dinner music.

HILLS, REDFERN RENAMED John Hills and John Redfern, Jr., were appointed Thursday afternoon by the City Council to new three-year terms as members of the city's Planning and Zoning Commission.

Murder Charged In Fatal Beating Of Man At Vernon

VERNON—(P)—Jim Onalinger, about 50, was charged with murder here Friday in the fatal beating of a man identified as Joe Posey, about 45 or 50 years old.

Posey's body was found Thursday night on the kitchen floor of an apartment in the northeast section of Vernon.

Sheriff Ed Luttrell said the man's face appeared to have been beaten with a meat cleaver. Officers were seeking a reason for the beating.

Will You Help Nominate "Ike"? If you want Texas-born Dwight D. Eisenhower to be the next President, your LAST CHANCE to do something about it is in your REPUBLICAN PRECINCT CONVENTION AT 11 a.m. Saturday, May 3. You cannot vote for "IKE" in November unless he's nominated by the Republican National Convention in July. The Republican Precinct Conventions in your neighborhood will decide whether "IKE" gets the nomination. Your Precinct Convention will elect delegates to the County Convention. Your County Convention on May 6, will elect delegates to the State Convention. Your State Convention on May 27, will elect delegates to the Republican National Convention who will nominate our next President. BUT, your Precinct Convention is the first and most important step to nominate "IKE".

All Texans Are Most Welcome! It's your RIGHT and your DUTY to attend your Republican Precinct Convention if: 1. You want to see Dwight D. Eisenhower elected as President in 1952. 2. You have a poll tax receipt or an exemption certificate. The Republican Party does NOT belong to any little group—it belongs to YOU. Unless you attend your Precinct Convention, you'll be throwing away your right to help nominate "IKE". The resolution that was passed by the Republican State Committee in February, does not legally prohibit you from voting in the July Democratic Primary nor from voting for whomever you please in the November election. You cannot attend the primary convention of more than one party on the same day, however.

Here's What You Should Do To Help Nominate "Ike" 1. Arrive on time 11:00 a.m. sharp, preferably EARLIER. 2. When you're electing County Convention delegates from your Precinct, vote ONLY for persons who are Eisenhower supporters. 2. BEFORE County Convention delegates are elected, ASK everyone whose name has been proposed whether he or she is for "IKE". You have a right to know where everyone stands. Where Does Your Precinct Convention Meet? ## Community Theater Gives Mystery Play

"Love From a Stranger," the Community Theater's forty-first production, opened Thursday night in the City-County Auditorium to a near full house. The play will be given through Wednesday. The box office is open at Tallorline.

The play was written by Frank Vosper based on a mystery novel by Agatha Christie. The production was directed by Art Cole.

The play is the story of a young girl seeking adventure who married a traveler after a whirlwind romance.

## Pre-Nuptial Tea Fetes Bride-Elect

Mrs. C. R. Malison and Mrs. Miles Hall were hostesses at a tea Thursday in the Petroleum Club honoring Diana Neiss, bride-elect of William Sheehan.

Pink and white, the bride's chosen colors, were used throughout the decorations. The table was centered with an arrangement of marine fans filled in with snapdragons, peonies and camellias. Covering the table was a satin cloth with tiers of white mulline on which were pinned pink fans studded with camellias. The five-branched candelabra held pink tapers.

The honoree's corsage was a white orchid. Members of the house party wore pink camellia corsages.

The house party included Mrs. Robert Wood, Mrs. Watson LaForce, Mrs. Robert Hamilton, Mrs. John House, Mrs. E. A. Cylbertson, Mrs. John Starr, Mrs. Evans Dunn, Mrs. Ray Rhodes, Mrs. A. A. Bradford, Patricia O'Hallaron, Jillann Sheehan, Patricia Ruckman, Mrs. H. C. Hood, Mrs. Alden Donnelly, Mrs. Eddie Chiles, Mrs. Robert Payne, Mrs. Herschel Ezell, Mrs. Hal Peck, Mrs. John Parker, Mrs. J. B. Hartman and Mrs. W. F. Sheehan.

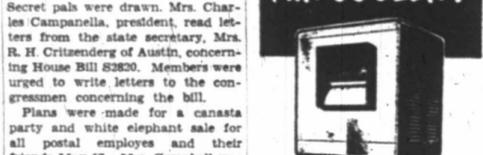

Approximately 250 guests attended.

## "Monthly Pains" stopped or amazingly relieved

43 out of 43 cases in doctors' tests! Chances are you're putting up unnecessarily—with the functionally caused pains, cramps and weak, "no good" feelings of menstruation!

For, in actual tests by doctors, Lydia Pinkham's Compound brought complete or striking relief from such distress in 3 out of 4 of the cases!

So get Lydia E. Pinkham's Vegetable Compound—new, improved tablets with added iron. See if—taken through the month—it doesn't give relief from those backaches, jittery—help you feel better, before and during your period! Or—if you suffer from functional "hot flashes" or "change of life," find out how wonderful Pinkham's is for that, too!

### Attention, Soviet Union

In a world where peace treaties have receded almost into the realm of dreams, Japan's rebirth as a sovereign nation stands out in sharp relief.  
 Almost seven years have passed since the Japanese bowed in surrender before superior Allied forces in the Pacific and gave up their fanatical program of Asiatic conquest. Today they are welcomed into the family of free nations as a friend and equal.  
 It would be folly to pretend that all of Japan's enemies have forgotten her depredations in World War II. In Australia and the Philippines, to mention only two places, the memory of those days burns deeply.  
 Japan can only erase that feeling by proving through action in the years ahead that the trust reposed in her by the new treaty is well merited. The major powers plainly believe it is, else they would not have made themselves party to a pact which is unique in its liberality.

No sober-minded observer of the Japanese imagine that relations with these peoples will be all peaches and cream. Elements of the internal groups which bulked heavily in the militaristic government of a former day are not wholly eradicated. It would be strange indeed if all vestige of the old dream of Asiatic dominion had been wiped out.

But the record to this point is extremely favorable. Under General MacArthur's brilliant stewardship, and later under General Ridgway, an able successor, the Japanese have shown a tremendous will to earn their way back into the community of respected nations.

They have made earnest effort to embrace democracy, to modify many features of their age-old society in conformity with most modern concepts of government.

In agreeing to a mutual defense pact with the United States and others, the Japanese have chosen to range themselves on the side of the free world in the bitter and unending struggle against world communism.

Now their moment of freedom and independence has come. The day of the Allied occupation is over, American troops still will be stationed on the Japanese island. But they will be there as friends and protectors, not as conquerors.

Japan's postwar coming of age is a milestone to be hailed around the globe. And it is striking notice to the Soviet Union that not all relations with our former enemies can be hamstringed and corrupted by the devices of communism.

### Rip Van Winkles Never Sleep More Than 20 Years!

### The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, by the Bell Syndicate, Inc.)  
 Drew Pearson says: Railroad workers stop steel wage increase; Alabama's "all is made for love" congressman faces trouble at home; Some senators believe in throat-cutting.

WASHINGTON—Last weekend everything was all set inside the government to give the steelworkers a wage increase, regardless of the courts and whether the steel industry liked it or not. This was before Judge Pine's decision that seizure was illegal. Suddenly this plan was called off.

Reason for the last-minute switch was not the argument brought by David Pine or protests by the steel companies, but the intervention of the railroad brotherhoods. Here is what happened.

Hearing that the steelworkers were due to have a wage increase handed them by the government, Roy Hughes, president of the Brotherhood of Railway Conductors, got in touch with Charles Murphy, counsel to the President, told him of a letter the brotherhoods had received from Karl Bendetsen, assistant secretary of the Army, who now is operating the railroads on behalf of the government.

Bendetsen had written Hughes that under the executive order by which the Army took over the railroads, he was not authorized to grant a wage increase. He expressed his sympathy for such an increase, but said that under the circumstances he was powerless.

The railroads now have been operated under the government about two years, Hughes reminded White House Counsel Murphy. If a wage increase now is granted to the steelworkers after less than a month, with no wage increase granted to the railroad brotherhoods, then there would be real trouble among railroad labor.

In fact, Hughes intimated that it would be extremely difficult to prevent a strike—even against the government of the United States.

White House Counsel Murphy dashed back to the White House, stopped the proposed wage increase to the steelworkers. That was why John Steelman, who had been planning the increase, immediately got busy negotiating with the railroad brotherhoods.

Congressman Frank Boykin, the gentleman from Mobile, who preaches "everything is made for love" who practices "everything is made for love," is facing a tough reelection fight next Tuesday in Alabama. Never before in Frank's long years

### JACOBY ON BRIDGE

By OSWALD JACOBY  
 Written for NEA Service  
 Today's hand was played at 13 different tables in the recent Eastern Bridge Tournament, but only one pair bid the slam. The bidding shown in the diagram was that of Robert Abeles, North, and Victor Mitchell, South.

The key bid occurred when Mr. Abeles bid four diamonds. His partner had already shown interest in a slam by bidding three spades. The bid of four diamonds showed the ace of that suit and indicated a willingness to hear more about a slam.

Most players returned to four hearts with the North hand instead of bidding four diamonds—and South then decided to be content with a mere game.

The monkey business in clubs was also rather interesting. West's double was a poor idea since it didn't have the advantage of indicating a good lead (West was going to lead

himself) and it did give North a choice of action. North could pass to show that he had reached the end of his rope. Any bid by North would show definite extra values.

North re-double of five clubs did not show a willingness to play at that suit, since the partnership had already agreed on hearts as the final trump suit. Instead, the re-double showed control of the second round of the suit (king or singleton).

This was enough to persuade Mr. Mitchell to jump to the slam in hearts. He had found out all he needed to know.

All 13 tricks were taken at every table but one. The normal play was to win the opening club lead in the South hand, finesse the jack of hearts, and lay down the ace of hearts. Then the normal procedure was to pull a long face and blame partner for not reaching the slam.

Only at one table did the play proceed in a different way. The bidding was peculiar, so that North became declarer at a contract of five hearts. East won the singleton diamond, and North won with the king.

For some obscure reason, North decided to avoid a ruff by banging down the ace and a low heart. This was a novel idea, but not a good one. West won with the king of hearts and gave his partner a diamond ruff. North wound up making his contract—but no match points.

### Japanese Peace Treaty Ends Many Of Truman War Powers

By PETER EDSON  
 NEA Washington Correspondent  
 WASHINGTON—President Truman's seizure of the steel industry to prevent a strike has aroused so much antagonism in Congress that the whole subject of presidential emergency powers is bound to come up for revision. An opportunity to consider this issue arises automatically in Congress within the next 60 days.

The chance to restrict the President's powers comes indirectly from ratification of the Japanese peace treaty on April 28. This will mark the end of the last existing "state of war" declared in 1911.

With the making of this peace, some 150 of the President's statutory war powers would come to an end. About 60 of these powers are considered important for carrying on the "state of emergency" which President Truman proclaimed Dec. 16, 1940, after the outbreak of the Korean fighting.

Through the Bureau of the Budget and the Department of Defense, President Truman has asked Congress to renew these 60 war powers until six months after the end of this Korean emergency.

Because of the press of other business—and an Easter vacation—Congress has had time only to grant the President a 60-day extension of these emergency powers. It runs to June 30.

In considering renewal of these powers, however, Congress will have a chance to take on any amendment it chooses to curb the President's powers to seize industry, start another Korean war in, say, India, China, or anything else that congressional whim or the political temper of the times may dictate.

Powers Never Defined  
 Big books have been written and more and bigger books will be written on this subject of the powers of the U. S. President. The reason is that the limit of these powers never has been defined.

These powers are of two kinds—constitutional and statutory. The latter are specific powers granted by act of Congress. The former are broad and general. Together they make any U. S. President while in office one of the most powerful heads of a state the world ever has known, even though he may be kicked out every four years.

Article Two of the U. S. Constitution says simply that "The Executive power shall be vested in a President of the United States of America."

Section two of this article specifies in brief that the President shall be commander in chief of the Army and Navy. . . . He shall have the power to make treaties, by and with the consent of the Senate. . . . The President shall have the power to fill up all vacancies. . . . He shall give to the Congress information on the State of the Union. . . . He shall take care that the laws be faithfully executed. . . . He shall be removed from office on impeachment. . . . for high crimes and misdemeanors.

Under this broad grant of power . . .

### Alias Basil Willing

By Helen McCloy  
 Copyright 1951 by Helen McCloy Brown, general manager of the publisher, Random House, Inc. Reprinted by NEA Service, Inc.

THE STORY: Dr. Basil Willing has traded an imposture to a party at the home of another psychiatrist, Dr. Zimmerman. When Basil talks to the Little Liz who has been using his name, the faker asks for a chance to explain. Basil does not reveal his identity to the host, but recommends the impostor to a place where "no bird

can't even rely on the time element."  
 "Most murderers are not medical men," responded Basil. "And in either case—morphine or codeine—one thing is fairly certain; the first symptoms of a fatal dose appear in 20 to 40 minutes."

THIS time Zimmerman's smile was rueful. "You are thinking of the cocktails he drank here."  
 Zimmerman turned to Foyle. "As Dr. Willing will tell you, all the cocktails came out of one silver pitcher. So, if he were poisoned here, it must have been after his own glass was filled."  
 "Each glass was a different color," Basil explained to Foyle. "So once he had taken his glass, it could always be identified as his."  
 "He was standing alone when Otto served him his first cocktail," said Zimmerman. "The only people near him while he was drinking the second were Mrs. Yorke and . . ."  
 "Myself!" Basil smiled. "It doesn't have to be Mrs. Yorke or me. He left his cocktail on a table for several minutes while he was talking to us and then finished it. Anyone might have passed that table except Miss Shaw and you. I was watching you both at the time."  
 "Are you sure he wasn't poisoned before he came here?" suggested Zimmerman.  
 Basil shook his head. "The first symptom appeared as he and I left the house and walked toward the avenue—a rather foolish euphoria. He had been here at least 30 minutes. He was poisoned here."  
 "But that's quite impossible!" protested Zimmerman earnestly. "None of my guests is capable of such a thing. Perhaps he mistook some sleeping pills for some other vitamin capsules or some other medicine he was in the habit of taking before dinner. Who would want to kill a man like that, anyway?"  
 "A man like what?" demanded

### What's RIGHT?

A woman is entertaining several married couples at dinner in a restaurant.

WRONG: She makes no arrangement beforehand about paying the check, but takes care of it when it is presented.

RIGHT: She pays for the dinner in advance or arranges to pay for it later, or she gives money for the check and tip to one of the men she knows well and asks him to take care of it for her.

**Cutting Connally Humor Turned On C. Of C. Crowd**

HOUSTON—(AP)—Senator Tom Connally, retiring from Congress this year, spoke to members of the Texas Chambers of Commerce assembled in Washington this week and obeyed a long stifled impulse to tell them what he really thinks of them.  
 A Houston Post special from Washington Thursday said the senator turned his cutting humor toward the letter-writing habits of chamber members who bombarded Texas congressmen with opinions "on things you often don't know about."  
 For 25 minutes the senator regaled his colleagues as he sarcastically extolled the chamber members for their voluminous contributions of what he called "pregested intellectual effort which has been ordered by Mr. Hulcy (D. A. Hulcy of Dallas, national president of the chamber) this year."  
 Connally said the Chamber of Commerce "can show a great interest in matters."  
 "I don't mean they're selfish," but he asserted sarcastically "they are just thinking along the lines of their own businesses."  
 The senator said "I belong to the Chamber of Commerce but it don't belong to me. Yes, I belong and I send them a check each year. What do I get for it? Nothing but a bunch of letters."  
 The Post said one chamber official, Ben Wooten, president of the First National Bank in Dallas, apologized for the sometimes un-informed letters which members write.

# DADDY RINGTAIL

## Daddy Ringtail And Clock Stopper

Mugwump Monkey, the monkey boy, had gone for a visit with Old MacDonald who has a farm. Old MacDonald was sick in bed from eating apples that weren't yet ripe enough to eat. And so there was Old

MacDonald in his bed, while Mugwump sat beside him in a chair. "Are you going to have anything for supper?" asked Mugwump.

"Nossir," said Old MacDonald, "I'm not going to have any supper at all. No sir, because I have eaten all I want today, and I've eaten more apples than I should have wanted, because they're green."

"No supper at all?" asked Mugwump. "Not even one little bite?"

"Not even one little bite," said Old MacDonald.

This was all right with Mugwump, he said, because he couldn't stay for supper anyway. Daddy Ringtail had told him to come right home at six o'clock.

"Better go home at six, then," said Old MacDonald. "Yesir, better always do what Daddy Ringtail says to do."

Mugwump said he would, but how he wished that six o'clock would

never come. He liked to visit with Old MacDonald. He liked to be at the farm. How he wished that something would happen so he wouldn't have to go. If only the clock would stop, and never turn to six o'clock

"Yesir, if it only would. And why wouldn't it? No reason at all, if it stopped. What they needed was a clock stopper to stop the clock."

"Old MacDonald," said Mugwump, "what we need is a clock stopper and then it will never be six."

"What's that you say?" asked Old MacDonald.

"You know, a clock stopper," Mugwump explained. "Something with a scary face to frighten the clock and make it stop its ticking."

"Do tell," said Old MacDonald with his cackly, Old MacDonald

laugh. "Sure," said Mugwump, "but I guess there really isn't such a thing as a clock stopper."

But Old MacDonald said the clock would stop, all right, if Mugwump turned it upside down. It was a very peculiar clock, you see. And did Mugwump want to do it?

No, he didn't, he decided. He was hungry. Maybe he ought to go on home and have his supper with the other folks, and he did, and he should have. Happy day!

## Ketch Readied For Pacific Crossing

SAN PEDRO, CALIF.—(AP)—For John Caldwell, currently preparing the 36-foot ketch, Tropic Sea, for a voyage to Australia, this will be nothing new.

In 1946 he made the trip from Panama to Australia in a 29-foot sailboat to pick up his war bride. The sale of his book, "Desperate Voyage," about that trip is making this one possible.

His crew this time will be his blonde wife, Mary, and their two sons, Johnnie, 4 1/2, and Steve, 16 months. Caldwell figures the 6,000-mile trip will take a year so he is providing plenty of ham and eggs and books.

# Indians Again Squeeze By Vernon Dusters, 3-2

## Tribes Sweeps Two-Game Series; Sweetwater Next

Assured they can win on the home field after taking a two-game series with the Vernon Dusters, the Midland Indians Friday hit the road for Sweetwater, where they will play two games Thursday and Saturday before returning to Midland Sunday to meet Big Spring at 3 p.m. at Indian Park.

A ninth-inning rally by the Vernon Dusters fell one run short here Thursday night as the Midland Indians squeezed by to their second home win of the season, 3 to 2.

Trailing, 3 to 0, going into the top of the ninth, the Dusters jumped on Midland Pitcher Keith Nicolls for three hits and two runs. However, Nicolls settled down to retire Vernon's Art Neal to chalk up his second win of the season.

Outing 5 to 11, the Indians capitalized on three Duster errors in the seventh inning to score two runs which made the difference in the ball game.

Midland jumped into a 1 to 0 lead in the third inning when Nicolls drew a walk, was advanced to third on a single by Sherstop Demsey Albritton and scored on a single by Centerfielder Emil Ogden.

In the seventh, the Indians picked up two tallies when Bill Crumley reached first on an error, was advanced to second on a perfect sacrifice by Nicolls and came in to score on an error by Vernon Shortstop Popeye Carreras with Dick Cassidy taking first on the bobbie.

Ogden then hit a long fly ball to left field which Vernon's Art Neal dropped for a three-base error, with Cassidy romping home with the deciding tally.

The Dusters threatened to pull the game out of the fire in the ninth when they combined four hits by Ernie Klein, Joe Neidson, Finch-hitter Harrington, and Lou Ehinger. However, Nicolls retired Neal on a fly to right field to end the ball game.

In notching his second win of the season, Nicolls received excellent support from his teammates.

The Dusters had threatened in the sixth inning when they bunched three hits but a perfect play by Left Fielder Cassidy cut down John Reimold as he slid into the plate to retire the side.

Eglin Keil, Vernon right fielder, was forced to retire from the game in the fourth inning after he had been hit the second time by a wild pitch. He was hit previously in the second.

Klein paced the Vernon batters by pounding out three singles in four trips to the plate.

### San Angelo Colts Bounce Sweetwater In Big Ninth Frame

SWEETWATER —(P)— A seven-run ninth inning provided the San Angelo Colts with a 12-7 victory over the Sweetwater Braves here Thursday night and boosted the Colts into undisputed first place in Longhorn League standings.

The Colts used six hits, a pair of errors fielded by Sweetwater and a walk to overtake the Braves in the big ninth. Pinch hitter Lew Lozano blasted a two-run double to highlight the drive.

The Braves went into a 7-5 lead in the sixth inning with four runs on four hits with Warren Silliter's three-run double the big blow. Then the teams exchanged outs until the big ninth for the Colts.

Charley Tuttle slammed a two-run homer for the Braves in the opening frame.

The score:

R. H. E.  
 San Angelo — 12 7 13 2  
 Sweetwater — 7 5 11 5  
 Beltran, Blackburn, Tinkler, Ellis, and Arbuckle; Sadler, Grajeda, Torres, Carrasquel and Traspuesto.

### Odessa, Brenham, Iran Favored To Grab State Titles

AUSTIN —(P)— More than half the field of 613 tracksters moved out Friday in three-division Texas schoolboy meet.

Odessa, Brenham and Iran were favored to win the titles which, in the case of Odessa, would establish a record. If the Broncos take the Class AA championship it will mark the first time in history for a school to win the crown three consecutive years.

Brenham, sparked by its great sprinter, Kiel Landua, and with two crack relay teams, is expected to beat out Jacksonville and Robstown for the Class A championship.

Iran, with mighty Billy Huddleston due to take three first places—two hurdles and broad jump—and a top 100-yard dash man in Bobby Locker, should spearhead the field in Class B. Sugarland and Karnes City look like they will furnish the chief competition.

No team appears capable of giving Odessa a tight fight.

# 17 Three-Year-Old Colts Are Entered In Saturday's Derby

LOUISVILLE, KY. —(P)— Seventeen three-year-old colts Friday were named for the seventy-eighth Kentucky Derby to be run over the mile and one-quarter at Churchill Downs Saturday.

When the name of Mrs. Marjion duPont's Scott's Pintor was dropped into the entry box shortly before the 10 a.m. (EST) closing time, the list was believed to be complete.

There was only one surprise among the entries, 10 of which were

### Babe Zaharias, Alice Bauer Share Medal In Fresno Tourney

FRESNO, CALIF. —(P)— Mrs. Babe Didrikson Zaharias was favored to repeat her 1951 win in the 54-hole Fresno Women's golf Tournament, starting Friday.

She fired a one-under-men's-par 71 in an 18-hole pro-amateur tourney Thursday on the flat Sunnyside Countryside Club course. She and Alice Bauer of Sarasota, Fla., tied for medalist honors.

Another top contender is Patty Berg, who Monday won the \$3,000 Richmond (Calif.) Open with a ladies' PGA tournament record score of 210 for 54 holes.

Other star entries are Betty Jamieson of San Antonio, and Louise Suggs of Carrollton, Ga., both former U. S. Open champs; Betsy Rawls of Austin, Betty MacKinnon of Dallas, Beverly Hanson of Fargo, N. D., Peggy Kirk of Punta Verde, Fla., and Mariens Bauer of Sarasota, Fla.

# Old-Timers Take Tilts For Tigers, Nats, White Sox

By JACK HAND  
 Associated Press Sports Writer

Dizzy Trout, Joe Dobson and Sid Hudson, like old wine, seem to improve with age. The old gaffers are teaching the new dogs some old tricks.

Trout turned in a spectacular relief chore Thursday night at Yankee Stadium to stifle a New York Yankee rally. Rescuing Art Houtteman in the ninth with men on first and third and nobody out, the 36-year-old Trout preserved a 5-4 Detroit victory.

Dobson, well past his thirty-third birthday, silenced the Philadelphia A's without a hit for seven and one-third innings while pitching the Chicago White Sox to a 3-0 triumph.

Hudson, Washington's 34-year-old veteran, edged Cleveland's Bob Lemon 2-1, in an exciting, 13-inning battle at Griffith Stadium.

The kids had their fun, too. Those rollicking St. Louis Browns, after breaking even with the world champs in New York, bowled over the Boston Red Sox rookies, 6-1. Thus did Rogers Hornsby's upstart, cellar tenants in '51, move within one game of the first-place Red Sox.

The Chicago Cubs, somewhat more mature than the Browns, continued to play like the Spring sensations of the National as they bumped Brooklyn, 7-2.

Jim Hearn, found the revamped

It was final competition for the three schools before the Southwest Conference meet.

### Broncs Edge Drillers, 6-5

BIG SPRING —(P)— A sterling job of relief pitching by Aramis Arcencibia, plus some alert base running by Bertie Baez, gave Big Spring Broncs a well-earned, 6-5 victory over the Artesia Drillers Thursday night.

Arcencibia came on in the seventh inning to spell Frank Fernandez and gained his second victory of the season, although he had some uneasy moments in the eighth.

Big Spring staged its winning rally in the eighth, when Pat Stacey led off with a single, raced to second on a boot of Jim Ackers and scored by Buddy Grimes' triple into center. Baez appeared as a pinch hitter and walked. Grimes came home on a wild pitch and Baez raced all the way to third. From there he caught the opposition napping. He raced home with what proved to be the winning run on a routine ground ball to the pitcher.

The score:

 Artesia — 200 020 010-5 11 3  
 Big Spring — 210 000 00x-6 6 0

### Oilers Win, 10-6, To Drop Roswell Into Loop Cellar

ROSWELL —(P)— Odessa elbowed the Roswell Rockets into the Longhorn League cellar Thursday night by taking a slow, 10-6 victory.

The Oilers overtook an early Roswell lead with a five-run sixth inning and added two more gravy scores in the seventh when Leo Eastman homered with one mate aboard.

The Oilers got five runs in the sixth on singles by Fuqua and Roberto Fabian and a double by Charles Weber which scored two men, and were aided by an error and a wild pitch. In earlier innings Odessa picked up one run each in the first, third and fifth, but entered the sixth with the Rockets leading 4-2.

The Rockets got four runs in the second on two walks and doubles by Bill Cearly and Bob Lemmel. Roswell scored one run in the eighth and ninth by solid hitting, but Lerex, who replaced Southpaw Garland Fuqua in the fifth and went on to be the winning pitcher, tightened in the late pinches.

The losing pitcher was Jimmy McClure, who gave way to Ed Norton in the big Oiler sixth, retiring with the bases loaded and nobody out.

The score:

 Odessa — 101 015 200-10 12 1  
 Roswell — 040 000 011-6 11 3  
 Fuqua, Peres and Castro; McClure, Norton and Crawford.

# Shreveport Again Nips Dallas, Eyes Fort Worth Series

The eyes of the Texas League Friday were on the Shreveport Sports, heretofore lightly regarded.

The rookie-ridden Louisianians take on league leader Fort Worth Friday night in the first of a four-game series, the Sports now much more respected after cleaning up on Dallas in three of a four-game setto.

Thursday night, Shreveport slapped Dallas, 8-7, with a big boost from wild Eagle pitchers. Fort Worth prepared for its invasion of Shreveport by squaring its road trip mark at 4-4. The Cats beat Beaumont, 4-1.

The Cats' win knocked the wind out of Beaumont's current first place aspirations. Houston moved up into second place ahead of the Roughnecks as rain cancelled the Tulsa-Houston engagement.

San Antonio took advantage of that called-off game to tip-toe out of the league cellar, stopping Oklahoma City, 7-6. The win put the Missions ahead of Tulsa in the standings by 11 percentage points.

All in all, Thursday night's action was a holiday from the loop's great pitching reputation.

Kramer Shelled Again

For instance, the Dallas Eagles raced in five of its mound corps in an effort to stop Shreveport. The Sports shelled Jack Kramer, the ex-major leaguer still looking for his first win after three defeats, with a four-run explosion in the first inning. Kramer yielded three hits and three runs but got no one out.

Joe Masco hit a two-run homer to put Dallas ahead 7-6 in the sixth.

Dallas reliever Ralph Alberts hit one batsman and walked another as he faced two men after left hander Don Most had loaded the decks with a single to Joe Koppe and two walks in the fatal seventh.

The best hurling was turned in by Joe Landrum, the League's winningest pitcher. He scattered nine hits for Fort Worth against Beaumont and registered his fifth win without a setback. Ted Delguercio's home run with Wayne Belardi aboard was the big Fort Worth bat feat.

San Antonio pounded on loser Rudy Panyich for three runs in the first inning and Len Pillar for three in the third to sew up the victory over Oklahoma City. George Kress got the seventh tally on a four-bagger.

### Softball Victories Go To Rendezvous, Standard Of Texas

Rendezvous and Standard of Texas emerged as winners in Thursday night's games in the City Softball League at Wadley Park.

Rendezvous edged Shell, 6 to 5, behind the seven-hit pitching of Jack Smith, who struck out six.

Durwood Patton was the losing hurler.

Fort hit a home run for Rendezvous in the sixth inning with one aboard. Joe Chappell socked a round tripper for Shell in the opening stanza with a teammate ahead.

Standard of Texas buried the American Legion, 18 to 1. The Legion team failed to get a hit. Chester Campbell was on the mound four innings for Standard with Jerry Matajek hurling the fifth and final frame.

Ben Clusky was the losing moundman.

Evans poled a home run for Standard in the fifth inning with the bases loaded. Standard totaled nine hits. American Legion made seven errors.

The U. S. Republican party was formed in 1854.

### House Balks At Soil Conservation Slash

WASHINGTON—(AP)—By a five-vote margin the House Thursday balked at lopping \$50,000,000 from the soil conservation program for the 1953 crop year.

A \$250,000,000 program for the coming year and an equal appropriation to pay farmers for conservation practices during the 1952 crop year were tentatively approved.

The vote followed a warning by Speaker Sam Rayburn that a serious future food problem would face America's growing population if the nation's soil is not conserved.

**SEEK ANDREWS RODEO HONORS**—Midland rodeo performers are competing in the two-day high school rodeo at Andrews Friday and Saturday. Entered as a team is the group above. From left to right standing are Roy Lee Wallace and E. B. Birkhead. Seated are Pat Boles and Donna Fugham. Midland's individual performers are pictured below. Gary Throckmorton and Al Cole stand left to right. Nancy Roberts, seated left, will not be able to compete because of injuries. However, Pat Walker, at right below, is an entry! The Student Council of Andrews High is sponsoring the rodeo attracting entries from numerous West Texas high schools.

### Higher Draft Calls Seen During Next Fiscal Year

WASHINGTON—(AP)—A defense official said Friday present plans call for drafting 610,000 men during the 12 months beginning July 1—or 136,400 more than this fiscal year. Maj. Gen. E. C. Lynch, director of the defense manpower requirements division, said in an interview the draftees will help replace 1,080,000 men being released from active duty, and add 110,000 men to the armed forces to reach the 3,700,000 total President Truman has requested by July, 1953. The remainder of the gap will be filled by 7,000 recalled reservists and an expected 520,000 enlistments and re-enlistments. Lynch said the planned replacement and expansion picture may be changed some by congressional cuts now being considered in Defense Department appropriations. Lynch said the department is trying to work out a new program for monthly draft calls. After September and until July, 1953, he said, the program would make the monthly calls as nearly equal as possible.
