Eilenburger Wildcat Will Be Drilled By Superior In Borden

The Superior Oil Company and Intex Oil Company spotted location for a 9,200-foot Eilenburger wildcat in the extreme northeast corner of Borden County.

It will be drilled 660 feet from south and 1,980 feet from west lines of section 328, block 97, H&TC survey. It is No. 14-508 R. H. Jordan and others.

It is one and one-quarter miles southeast of a recently opened Mississippi field and one and one-quarter miles northwest of a recently completed Eilenburger discovery.

Operations are to start at once. Site is four miles northwest of the town of Fluvanna.

Oil, Gas Found In Eddy Wildcat; Now Taking DST

Richardson & Bass of Fort Worth found gas and 40-gravity oil on a drillstem test in the Delaware sand in No. 1 George M. Cobb-Federal wildcat in Central Eddy County, four miles southwest of the Halfway field.

Interval tested was from 6,982 to 7,029 feet. Tool was open two hours and 40 minutes. Gas surfaced in 61 minutes, at estimated rate of 80,000 cubic feet daily. Recovery was 1,894 feet of fluid, of which 1,000 feet was oil and gas-cut water blanket, 180 feet of heavy oil and gas-cut mud and 514 feet of 40-gravity oil.

Flowing tubing pressure was from 800 to 700 pounds and 20-minute shut-in bottomhole pressure was 2,450 pounds.

Operator deepened to 7,059 feet, where another drillstem test was to be taken.

Location is 660 feet from south and 1,980 feet from west lines of section 23-206-316, 3 1/2 miles west of Lovington.

More Production Found At Lawton Wildcat In Lea

Lawton Oil Corporation of Magnolia, Ark., again found gas-oil-lime production in No. 2 State-Gulf wildcat three and one-half miles south of the Hightower field of Northwest Lea County.

Operator took a drillstem test from 11,341 to 11,470 feet. Tool was open nine hours and 10 minutes. Gas was at the surface in 24 minutes. The 1,440-foot water blanket started flowing out in one hour and distillate appeared at the surface in three and three-quarters hours.

It was cleaned to pits 15 minutes and then turned to tanks. It flowed seven barrels of 53-gravity distillate the first hour, four barrels the second hour, three barrels the third hour, six barrels the fourth hour and six barrels the fifth hour.

Recovery was 2,200 feet of distillate and 410 feet of distillate and gas-cut mud.

Drilling continued below 11,534 feet shale and lime.

Location is 660 feet from south and east lines of section 10-13-32e.

Possible Pay In Permian Lime Is Found In Andrews

Ralph Lowe of Midland has encountered a possible pay section in a lower Permian lime at 9,265-96 feet. The section is thought to be Wolfcamp. The show is at his No. 1-K Faaken, deep wildcat in Southwest Andrews County.

That zone was drillstem tested for three and one-half hours. Gas showed at the surface in 13 minutes. No fluid came to the top while the tester was open.

Recovery was 1,130 feet of free oil and 500 feet of heavily oil and gas cut drilling mud. There were no signs of formation water.

Open flowing bottom hole pressure was between 150 pounds and 270 pounds. Shut-in bottom hole pressure after 15 minutes was 440 pounds.

Drilling Ahead
The prospector is drilling ahead below 9,458 feet in lime and shale. Samples between 9,396 feet and 9,458 feet have had some shows of oil and

operator plans to continue drilling until early Thursday morning and will then stop and run another drillstem test.

This project is contracted to 14,000 feet to test into the Eilenburger. It is a twin to a shallow Grayburg producer in the Midland Farms field.

Location is 2,160 feet from south and 500 feet from west lines of section 43, block 41, T-1-N, G&M&B&A survey. It is 16 miles southeast of (Continued On Page Eight)

Truman Candidate Soundly Beaten By Stuart Symington

ST. LOUIS—(AP)—W. Stuart Symington, a versatile newcomer to the political wars, amassing an amazing landslide victory Wednesday for Missouri's Democratic senatorial nomination.

Symington, a former handy man in the Truman Administration, soundly trounced the President's choice for the nomination in Tuesday's primary. Attorney General J. E. Taylor.

Taylor finally conceded defeat in a brief statement as Symington's lead soared past 170,000.

"The people have spoken and I always bow to the will of the people," Taylor said.

With 4314 of the state's 4,738 precincts counted, Symington's growing total was 333,777. Taylor had 163,250.

It was the third time since he became President that Truman had intervened in home state politics, and his third defeat.

The bulk of Symington's victory was fashioned in St. Louis, where he was supported both by the forces of Sheriff Thomas F. Callanan and as well as many labor groups. St. Louis gave Symington more than 85,000 votes over Taylor.

But the President's home precinct in Independence also voted for the former Administration trouble shooter—114 to 20.

Symington's opponent in November will be Republican incumbent James J. Kern of Kansas City, a bitter foe of Administration foreign (Continued On Page 12)

Sabres Swat Six Red Jets Out Of Skies

SEOUL, KOREA—(AP)—Sharpshooting U. S. Sabre jet pilots Wednesday shot down six Communist MIG-15's and damaged two in the third straight day of jet battles high over North Korea, the U. S. Fifth Air Force reported.

The Air Force said its three-day bag of the sweeping Red fighters totals 11 destroyed and 13 damaged.

Wednesday's seven swirling dog-fights got so hot a Communist pilot helped shoot down one of his own comrades.

The MIG flier was firing at Capt. William J. Ryan, Keesville, N. Y., who was firing at another MIG ahead. Ryan swerved his plane. The pursuing MIG's 20-mm. cannon fire tore into the Russian-made jet ahead, blowing it up and finishing the job Ryan started.

It was Ryan's second kill of the day.

Eighty-two MIG's were spotted Wednesday. Shots were exchanged in seven separate engagements but Sabre pilots reported they scored hits in only four of the duels.

"We are happy to see them come up... The more that comes up the more we can blast down," said Col. Harrison R. Thng, commander of the Fourth Wing, as the American flights returned.

His wing was credited with five of the kills Wednesday.

Fighter-bombers swarmed over North Korean targets in bright weather.

On the ground, troops sweltered in 100 degree temperature. Fighting was generally light.

DWIRE IS NOT HURT SERIOUSLY

Bookie Picher Herb Dwire, who was injured Tuesday night in the Midland-Egg Spring game when a line drive off the bat of Bronco Outfielder Buddy Grimes ricocheted off his ankle, is not seriously hurt.

Dwire, who had relieved Starter Ed Santa, had to be carried from the field, following the injury.

However, he was not admitted to a hospital and there was very little swelling in the ankle Wednesday.

The rookie curve baller has been one of the "winningest" hurlers on the Midland squad recently, taking the last four games in which he has worked. His record is now 6-4.

Labor, WTCC Officials Set Overnight Stop In Midland

U. S. Department of Labor officials and West Texas Chamber of Commerce officers and staff members will converge on Midland late Wednesday for an overnight visit, enroute to Pecos and El Paso.

Headed by Gen. Michael J. Galvin, undersecretary of Labor, and William B. Tyson, solicitor of the Labor Department, the dignitaries will come here from Lamesa where they were scheduled to participate in an area Mexican labor conference Wednesday afternoon. They have taken part in similar conferences at Sonora, Littlefield and Haskell since arriving in Midland by plane from Washington last Friday.

The conferences are sponsored by the West Texas Chamber of Commerce and several regional farm and ranch organizations.

Frank Kelley of Colorado City, president of the West Texas Chamber of Commerce; Fred Husbands, executive vice president and general manager of WTCC, and R. M. Field, Washington.

The party also will include S. H. Reed, president, Texas Cotton Ginners Association; Vaughn M. Bryant, executive director, Texas Good Neighbor Commission; Henry LeBlanc, Texas Employment Commission; Mrs. Nat McCall, Lamesa; and Loran Walker and Frank Melton, WTCC staff members.

A dinner for the visitors will be held Wednesday evening in Hotel Scharbauer. The Midland Chamber of Commerce is in charge of arrangements. Jack Wicker is president of the Midland organization and Delbert Downing is manager.

Midlanders Hurt; Odessa Arrested

ODESSA—A 27-year-old Odessa well-servicing roustabout was arrested at 9:30 a.m. Wednesday in connection with three Midland persons and an Odessa man being injured Tuesday night when struck by a hit-and-run driver just outside the Hi-D-Ho Drive-Inn in Odessa.

No charges had been filed at noon Wednesday, with officers continuing the investigation.

The man in custody was arrested after his automobile was found abandoned in Odessa. A slip of paper issued by Grand Prairie police and his billfold, found inside his car, led to the arrest.

The man was reported to have denied being the driver of the car at the time of the accident. He said he loaned the car to a friend Tuesday night.

Injured were: H. O. Cothran, 26, of Midland, suffered a bruised head and body bruises.

Tommy Sellers, about 20, of Midland, suffered a possible skull fracture, brain concussion and lacerations.

Thelma Wallace of Midland, received a fractured pelvis and possible internal injuries.

D. R. (Cotton) Dyson, about 25, of Odessa, suffered a bruised leg when the car brushed his left leg.

Witnesses told officers the car was driving on the wrong side of the street going west and seemed to gun its engine just before hitting the foursome.

Midland Has 'Cool' 98 Degrees As State Broils At 100-Plus

It was "cool" in Midland Wednesday—"cool" compared to the rest of the state.

Midlanders "cooled" at 98 degrees Tuesday while other Texans sweltered in 100-plus readings.

The Weather Bureau said temperature Wednesday would average as hot or hotter than Tuesday, when the mercury boiled to 100 degrees or more from border to border.

The highest reading was 108 1/2 degrees, recorded at Gainesville. The upper portion of the state also had the coolest maximum—with a thunderstorm keeping the temperature down to 85 degrees at Texarkana.

Light showers splashed a number of points during the early morning hours Wednesday. Rain fell at Mineral Wells, Dallas and Fort Worth.

A thunderstorm Tuesday generated a wind storm at the Hood Community near Gainesville, causing some damage.

Tuesday maximums of 100 degrees or more included: 106 degrees—Presidio, Wichita Falls, Corsicana and Childress.

105—Mineral Wells and Abilene.

104—Dallas, Fort Worth, Laredo and Cotulla.

103—Junction.

102—Waco, Alice and Del Rio.

101—Austin and Big Spring.

100—Amarillo, San Angelo, College Station, Salt Flat and Wink.

Bond Service Costs Demand 10-Cent Boost

A 10-cent increase in the Midland County tax rate was indicated Wednesday as County Judge Clifford C. Keith called for a hearing on the proposed budget for 1952.

The hearing on the budget will be held at the August 25 meeting of Commissioners Court.

"The tax increase will be needed to help meet the additional cost of servicing large bond issues of the last year or so to finance highway improvement projects," said Keith as the proposed budget was filed with the county clerk.

The proposed increase would jump the county tax rate from \$1.00 to \$1.10 per \$100 property valuation.

With an expected valuation of \$96,000,000 this year, the 10 cents would mean an additional \$96,000.

The 1952 budget calls for an increase like that, Judge Keith said, increase reflects the additional bond servicing costs.

"This year," said the judge, "it cost the county only \$27,000 to meet the interest and principal payments on outstanding bond issues."

"In 1952, the costs will amount to about \$137,500, or an increase of more than \$110,000."

Valuations Rise Sharply
The cost of most of this increase will be borne by additional ad valorem tax revenues with the valuations jumping from \$22,000,000 to \$36,000,000.

"If the valuations had not increase like that," Judge Keith said, "we would be raising the tax rate 40 cents instead of just a dime."

Aside from the big jump in bond servicing costs, there are no unusual increases other than those which Judge Keith said could normally be expected with the growth of Midland and Midland County.

However, he said, the county expected to spend between \$25,000 to \$30,000 for a new county barn, to be financed from the permanent improvement fund.

The total budget of \$961,531—which compares to the current budget of \$81,250—includes:

Interest and sinking fund \$148,300; Jury Fund, \$13,183; Road and Bridge Fund, \$154,982; General Fund, \$162,641; Permanent Improvement Fund, \$31,000; Officers Salary Fund, \$120,944; Cemetery Fund, \$9,980; Lateral Road Fund, \$16,000.

Since Sept. 9, 1950, bonds totaling \$2,750,000 have been authorized at elections and all but \$850,000 already have been sold.

These funds have been used to construct a drainage sewer, purchase right-of-way for the Front Street improvement project and construct various paved roads into Midland County offroads.

Midland County Chest X-Ray Survey Total Reaches 1,785

A total of 1,785 persons have had chest X-rays made by the State Health Department unit at the Midland County Courthouse, it was announced Wednesday by Gordon McCutchan, in charge of publicity.

Of the total number of X-rays made, 1,112 were given Tuesday.

The unit will remain in Midland until 5:30 p.m. Tuesday, August 12.

Members of the Midland Service League were present Tuesday to register those having X-rays made.

Among those assisting were Harriet Herd, Gloria Essel, Evaline Thompson, Virginia Houghton, Annie Hassman, Elizabeth Cowden, Mrs. Walter Dumas, Mrs. A. E. Pettit, Mrs. William C. Liedtke, Mrs. James L. Pierce, Mrs. W. A. Hoyer, Mrs. Ronald Jarrett, Mrs. James Heggley and Mrs. Hugh Liedtke.

Jayman Edwards and Ann Hamilton also helped to record names and addresses to facilitate mailing results of the X-rays at a later date.

Each day eight tickets to the Midland Indians home games are awarded. Two persons each morning and two each afternoon are given a pair of tickets to see the Indians play.

Tuesday's winners were Lloyd C. Mills, Paul Crumell, Harley Dee Blackwell and Clarence Randolph. Drawing Not Required.

Anyone 15 years of age or older is eligible to have a free chest X-ray made. The X-ray takes only a minute and no disrobing is required. Parking space for those having X-rays has been reserved on Lorraine Street next to the courthouse.

One of the agencies cooperating with the survey is the Midland Heart Association. Dr. Glenn H. Walker of Midland, a director of the Texas Heart Association and advisor to the Midland group, said that the chest X-rays will show enlargement of the heart as well as enlarged arteries in the chest region.

While heart troubles are more likely to be found in older persons, Dr. Walker pointed out that chest X-ray survey in Midland last year revealed heart diseases in at least two young people.

No Break in Heat
Clear to partly cloudy Wednesday night and Thursday with widely scattered thundershowers. No important temperature changes. Maximum temperature Tuesday 98 degrees; minimum Tuesday 78 degrees.

Forego Fussy Neatness Habit If Your Husband Resents It

At the bottom of this man's letter was the quotation: "Forty-two years married. Same woman, same man." With that to qualify him, here is his letter: "Too many domestic rifts are caused by fussy, over-orderly-minded women. "Man, the ornery cuss, just doesn't like being ALWAYS neat. The peaceful households are those where the wife can put up with a little disorder. "Also, one of the many reasons

that men stay downtown more than they have to is the wife's eternal nagging to get the man to do 'little' repairs. "Most men after 40 or 45 like to slow down; to rest after being under tension all day. The wife who always has a 'little' job that needs doing just won't let a man rest in his own home. "Well, there you are wives. That is one man's opinion. And it may be shared by more men than you realize. "Put Up With Some Disorder Calmly "Maybe you'd better learn how to put up with a little disorder calmly, if that man you married shows any signs of resenting your passion for neatness. After all, you're not running your house primarily for the neighbors' approval. "And maybe, too, if your husband never seems to get home early on his afternoon off, you'd better check to see if you've been making a habit of saving up small jobs for him to do every time he does have a little time at home. "None of this applies to women married to men who are irritated and annoyed by disorder and confusion, not to those married to men who like to gutter around a house fixing things up. "It applies to those women who have a sneaking notion that their husbands would quickly side in with the writer of this letter as to why some men don't hurry home. 112,999 Get U. S. Jobs During Year

WASHINGTON — (AP) — Uncle Sam wound up the fiscal year on June 30 with 112,999 more civilian workers on the payroll than when the year started.

The Senate-House Committee on Reduction of Non-Essential Federal Expenditures reported the increase without comment. The civilian labor force, it said, numbered 2,596,690 at the year's end. The great bulk of the increase, the report said, was in the civilian payrolls of the military establishment. The armed forces' civilian labor list, it said, rose 101, 571 in the year to a total of 1,337,172.

For Your Health

MIDLAND'S fourth annual chest X-ray survey is in full swing, and it is hoped a record number of citizens will visit the mobile unit during its 10-day stay here.

The county-wide survey is sponsored by the Midland County Tuberculosis Association and the Midland City-County Health Unit.

Chest X-rays are invaluable in that tuberculosis is more easily controlled if discovered in its early stages.

Tuberculosis is one of the leading causes of death in America. This dread disease could be rubbed out almost completely, medical authorities say.

Again it is early diagnosis and prompt treatment which count, and surely Midlanders will take full advantage of the free diagnostic service available here this week.

Sponsors of the program are to be commended for bringing the mobile X-ray unit to Midland, but it is up to residents of the community as to whether the effort is worthwhile.

Plan NOW to visit the X-ray unit as promptly as convenient. It is in Midland solely for your benefit.

—And There Was Light

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, By The Bell Syndicate, Inc.)
Drew Pearson says: You feel like a fool when you get punched in the lobby; American foreign policy should not be punched by lobbyists; I have given up peppermints.

WASHINGTON—I have made a firm resolve not to eat any more pink peppermints—at least not in the entrance of the Mayflower dining room.

For according to the testimony in the case of United States vs. Charles Patrick Clark, had I not dallied to pick up a mint, I would not have been punched in the lobby of the Mayflower by the lobbyist for Franco Spain.

Let me state here and now that I should have known better than to pick up a mint. Some years ago Bob Allen and I wrote a book in which one chapter was entitled "Pink Peppermints and Protocol," in which we had some caustic things to say about the gentlemen of the State Department.

Paradoxically, it was for defending the State Department, in a sense, that I got punched.

So far I have refrained from commenting on a matter that was before the court. But now that a jury has given its verdict, perhaps I may be forgiven for making a few observations on how it feels to get punched in the lobby.

Quite frankly, it makes you feel like a fool. You stand there kind or groggy. Scores of people rush to the doors of the dining room to see what's happening. A man in front of you is shouting, gesticulating, jumping up and down. Other people try to calm him down.

You stand there, feeling foolish, not knowing what to do. If you rush in and tangle with him, you make it worse. If you don't rush in, the public probably will think you're scared.

The only thing you definitely decide is that the next time anyone stops you in the Mayflower, you'll get your arm up first.

All this takes a matter of seconds, although it seems like hours. You keep on feeling like a freak before a circus crowd, until finally, the lobbyist for Franco, still muttering, is led away by the hotel detective.

That's how it feels to be punched in the lobby, and that's why I've resolved to give up peppermints. Because, according to court testimony, if I hadn't dropped behind my friends to pick up a mint, Lobbyist Clark would not have come bounding out of a telephone booth to precipitate l'Affaire Mayflower.

Sometimes, despite careful checking, however, any newspaperman makes mistakes; and when this happens, I try to correct them. Recently, for instance, I reported that, at the Democratic convention in Chicago, Gov. John Battle of Virginia privately was critical of Democratic candidates and said he was for Eisenhower. Governor Battle does not state that he did not say he was for Eisenhower and did not criticize the Democratic candidates. I am delighted to make his position clear.

I also find that I erred in stating that Ray Sprague of the Pittsburgh Post-Gazette received his information on Justice Black's former membership in the Ku Klux Klan from our gals.

The Olympics are better all around if the competition levels out and everybody gets a share because otherwise the rest of the nations hate our guts.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service

I heartily recommend preemptive bids. When you make them properly, you force the opponents to guess. If they double, they may discover that they have given up a game for a paltry 100 points.

One word of caution: don't go to the well too often. If you get away with your pre-emptive bid and the opponents persist, let them have their way. Otherwise, you may give them a second chance to choose between a penalty, double and a further bid.

In today's hand South got away with his very skimpy pre-emptive

Bridge hand diagram showing North, South, West, and East cards and suits.

bid of three spades. West could have doubled immediately but was not sure that he would get sufficient value.

His bid of three no-trump seemed like a reasonable expression of his hand.

North was not satisfied to let the opponents take the game that they obviously could make. He put his neck out on the block by bidding four diamonds. East could have doubled with good effect, but was uncertain and therefore chose to take the sure game at hearts.

North, still not satisfied, tested the opponents' patience once too often. The bid of four spades finally earned the double that North was apparently seeking. Strangely enough, the result didn't please him.

West opened the ace of hearts and continued with the queen when East signaled enthusiastically with the jack of hearts. East overtook the second heart with the king in order to law down the ace of spades. He then shifted to a low club.

South ducked, and West took the king of clubs. West next cashed the king of spades, and East made the thoughtful discard of the jack of diamonds. East reasoned that West would not have bid three no-trump with a singleton or doubleton in diamonds. Hence it was never going to be necessary for East to refuse a diamond trick.

After drawing dummy's second trump, West switched back to hearts. Now declarer could ruff and draw trumps, but he was bound to lose two more club tricks. He could win only four trumps and the ace of clubs, therefore suffering a penalty of 900 points.

He will replace Augustus Vanech, now the No. 2 man in the Justice Department, who was criticized severely by the Chief Committee on the ground that he had flunked four bar examinations and finally passed the bar test in Tennessee, where he swore under oath that he intended to practice law in that state. The committee brought out that Vanech had returned immediately to Washington.

It also was disclosed that Vanech listed himself in Who's Who as receiving a bachelor of science degree from Peckskill Military Academy, which of course is not authorized to issue college degrees.

Malone is a former governor of the American Bar Association and apparently was picked for the No. 2 spot of the Justice Department on the basis of merit, not politics.

Q—The bidding has been: North Heart Pass South West You, South, hold: Spades A-J.

Q—CARD Sense

LOUIS FRENCH did not seem surprised at his daughter's abrupt decision to return home at once. "I hate to see you cut your visit short, Laurie, but I'm grateful you came."

"No," Laurie answered. "There won't ever be another summer like this." But she wasn't thinking of her father. She was thinking of Steve, who was fond of her, but not in love with her.

All the way up to Capital City her thoughts flew in dismal circles. How could Steve have kissed her that way if he didn't love her? And if he did love her how could he let her go like this, knowing he would never see her again? The thought of never seeing him again was like a wound inside her.

"Laurie," her father said, "I hate to see you go away feeling like this."

"What do you mean?" He gave her a quick sympathetic look. "It's quite obvious that something happened between you and Steve. I was afraid all along you were going to be hurt. I've watched you together and seen it growing all summer long. I'm sorry it had to turn out like this."

"How do you know how it turned out?" "Steve didn't even come to the house to say goodbye. And you look as though the whole world has fallen to pieces."

"I think maybe it has," Laurie said. They pulled into the airport, and her father parked the car. He carried her luggage in and checked it, found Bruno in the waiting room and brought him back out. "Have a nice summer, Laurie!" Bruno asked.

There was a catch in Laurie's voice as she answered. "Wonderful, Bruno."

WASHINGTON COLUMN

Parties Bid For Farmers' Vote Knowing It Can Swing Election

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—The fight for the farm vote in the November presidential elections again is crucial.

It has been a general assumption that it was the farm vote opposition to Republican farm policies of 1949 which gave Wisconsin, Illinois, Iowa and Ohio to Democrats, and so enabled President Truman to win the election four years ago.

After the Chicago conventions in July, a number of farm-state newspaper editors in attendance expressed some fears that "The Republicans may have done it again."

By this they meant that the Republican platform farm planks did not offer the farmers a program as much to their liking as the Democratic platform. This opinion was expressed in spite of the editors' natural preference for the Republican ticket.

A comparison of the farm planks in the two platforms, item by item, is therefore a matter of keen interest in the Midwest.

Farm planks in the Republican platform are expressed in 13 paragraphs in the Democratic platform. Three paragraphs in the Republican platform criticize the Democratic farm record.

The general charge of the Republicans is that the Democratic administration has been "seeking to destroy the farmers' freedom." The Democratic platform answer is that under these programs the farmers' annual income has been raised from \$2,000,000,000 to \$15,000,000,000.

Opposes Brannan Plan The Republican platform condemns the proposed but never adopted Brannan farm plan. The Democratic platform doesn't mention it by that name.

On the question of price supports for perishable farm crops, which is the essence of the Brannan plan, the Democratic platform says, "We continue to advocate... extending price supports to other staples (crops) and to... perishable commodities which account for three-fourths of all farm income."

The Republican platform plank on perishable commodities says, "... we recommend locally controlled marketing agreements and other voluntary methods."

On price supports for non-perishable crops, the Republican platform favors "a farm program aimed at full parity prices for all farm products in the market place."

The Democratic platform says, "... we will continue to protect the producers of basic agricultural commodities under the terms of a mandatory price-support program at not less than 90 per cent of parity."

The Republican platform defends the flexible price-support plan initiated 10-6-3, Hearts A-5-2, Diamonds K-Q-7-4, Club 8. What do you do?

A—Bid only one spade. You cannot really expect a slam opposite a normal opening bid; your partner needs a strong heart suit or a good fit for spades. You would bid two spades if your spades were a trifle stronger, or if your heart support were slightly better, or if the hand were about a king stronger.

TODAY'S QUESTION The bidding is the same as in the question just answered. You, South, hold: Spades A-K-Q-J-9-8-3, Heart 2, Diamonds A-J-6-2, Club 8. What do you do? Answer Thursday

Q—What's RIGHT? You are writing a letter to a serjeantman overseas. WRONG! Tell him about all the little things that have gone wrong in the apartment. "I don't know how we'll ever get your skin in shape by October, Laurie. And what has happened to your hair? You look positively unkempt."

"Don't badger her, Emmy. She looks fine to me," Mark interrupted. He changed the subject, for which Laurie was grateful. It had started to rain and the windshield wipers made little checking noises above the murmur of Mark's voice as he talked to her mother in the front seat.

Looking at herself in the mirrored foyer of the apartment house as they waited for the elevator, Laurie saw that she was very pale. She did look different somehow. Older? Wiser? Or just sadder?

SHE waited until Mark had fixed them each a drink before she told them she had decided not to marry Fletcher. She knew it would precipitate a scene. And it did. She did not tell them about Steve. And in the end her mother said, "It's all Laurie's doing. I knew it was a mistake for Laurie to go out there this summer. He's responsible for this. He did it to hurt me! He waited all these years!"

"Nonsense, Emmy. Laurie couldn't hold a grudge 10 minutes and you know it," Mark put in. "Did had nothing to do with it," Laurie said, she flushed and gulped her drink.

She was glad when she could escape and go to her own room. She went in and shut the door and went to the window and stood looking out. The rain had stopped now, but the trees were dripping. She watched the traffic go by, the lights of the cars sending long yellow pennants across the wet pavements.

It wasn't peaceful like the country. She missed the sound of tree loads in the woods, and water going over the rattle in the river. She missed a lot of things. Most of all she missed Steve.

"Yes, Mark, just lovely." "I don't think she looks wonderful at all, Mark," Emmy said when they were in the car and driving toward the apartment. "I don't know how we'll ever get your skin in shape by October, Laurie. And what has happened to your hair? You look positively unkempt."

Automobile Thefts Mushroom Into 95-Million-Dollar Racket

WASHINGTON—Auto thefts jumped into a 95-million-dollar racket last year, FBI Director J. Edgar Hoover said Wednesday in announcing plans for a series of regional conferences to deal with the problem. Hoover said that starting in the early fall, the FBI will convene such conferences in all parts of the country, in conjunction with local law enforcement agencies, state motor vehicle bureaus and representatives of the automobile industry. The sessions will aim at coordinating efforts to thwart the car thief and broaden the use of techniques which have been found most effective in catching such thieves and recovering stolen vehicles.

Four Men, Girl To Attempt Sea-Going Journey On Raft

PARIS—Four men and a girl make an Anglo-American attempt to drift across the Mediterranean from France to North Africa on a homemade raft this month. The idea first struck Richard Miller, 27-year-old American leader of the group, whose family lives in Chicago. If the crew of the Kon-Tiki could get across the Pacific Ocean on a raft, he figured the Mediterranean should be easy. That night he started dreaming rafts. Then he met Michael Jones, a former RAF pilot officer, in a Paris cafe. Jones insisted on going alone. They soon added Philadelphia-born Don Kinder, 26, of Jessup, Md., and Spanish-born Jose de Tejada, 28, now of Princeton University. That made up the four men. The girl came later. "I am a nurse," explained slim brunette Muriel Grand, 20, of Hull, Yorks, "and I came to Paris on holiday. I stayed looking for a job but failed to find one. Then I found a raft."

First A-Bomb To Fall In War Recalled By Atomic Scientist

LOS ALAMOS, N. M.—It's an old story to Harold M. Agnew—that flight he made seven years ago Wednesday when the first A-bomb used in warfare laid waste Hiroshima. "Beautiful" is the way he describes the clockwork precision of the raid, the perfect weather, the success of the "experiment." Agnew, now a technical adviser in the office of the director of the Los Alamos Scientific Laboratory, operated by the University of California for the Atomic Energy Commission. "Since we couldn't get the Japanese to cooperate," he explained with a wry grin during an interview, "we had to do the experiment this way." He was one of four civilians who made the historic trip. Heading the group was Luis Alvarez, now a professor of physics at the University of California, Berkeley, Calif. The other two were Lawrence Johnston, now a physicist at the University of Minnesota, and Bernard Waldman, professor of physics at Notre Dame. Alvarez, Johnston and Agnew measured effects of the Hiroshima blast. Waldman, in the trailing bomber of the three B-29's in the group, sought, unsuccessfully, to get a high-speed camera record of the blast. The bomb was carried in a plane flown by Col. Paul Tibbets. In the second plane were Alvarez, Johnston and Agnew. As Tibbets' plane dropped the bomb and peeled off, the three scientists dropped measuring instruments, and their planes went off in the opposite direction. The plane in which Waldman rode stood off at a distance. He added: "It was a beautiful mission from the technical standpoint. "We went in just as planned. We were right where we were supposed to be at the right time." The show immediately before takeoff "was just like a movie premier," Agnew said. "There were glaring lights, speeches and the whole works." And just like on ordinary missions, "greetings" to the enemy were written all over the bomb. But that was nothing to the celebration after the attack. Agnew said it was arranged for Col. Tibbets' plane to return to Tinian first. He said he heard that Tibbets and his crew were greeted by a blaring band, and a huge crowd heard more speeches as awards were presented. Some time later, the two planes carrying the scientists returned. "They wanted to know where we were during the big event," Agnew grinned.

Hiroshima Prays On Seventh Anniversary Of Catastrophe

HIROSHIMA—Seven years ago the city of Hiroshima was crushed by the searing blast of the atomic bomb. Survivors of that awful holocaust gathered Wednesday at a memorial under the center of the aerial explosion to pray for the thousands who died. The memorial is inscribed, translated: "Sleep quietly. The mistake will not be repeated." Japanese are quick to say that the "mistake" was not the atom bombing but Japan's war-starting attack on Pearl Harbor. At Nagasaki, smashed by the second atomic bomb, officials of the two cities gathered to protest what they called America's "cold attitude" toward victims of the bombings. Kyoodo News Agency said spokesmen for the world's only atom-bomber cities charged that the United States was responsible for the explosions and should provide relief for the victims. They asserted the atom bomb casually commission established by the U. S. has used survivors for research purposes but opposed a Japanese plan to build a special hospital for them. Kyoodo said the Nagasaki conference proposed that the U. S. grant long term loans to help rebuild areas leveled by the explosions. There is considerable disagreement over how heavy a toll the Hiroshima A-bomb claimed. Estimates based on the U. S. strategic bombing survey show about 80,000 were killed. But the Japanese press insists that more than 200,000 died. A scroll containing more than 200,000 names was placed in a crypt under the A-bomb memorial during ceremonies Wednesday.

PUPS TOO BIG FOR HEN PARTY

KOONO, IND.—Since Susie was something less than affectionate as a mother, something had to be done about her none English shepherd pups. So it was Biddy, a friendly hen, that moved into the doghouse to warm the pups under her wings. Susie came around only at feeding time. Last week Mr. and Mrs. W. C. Vogley forced a separation—the pups, three weeks old, were playfully chewing on Biddy's legs and biting out her tail feathers. Biddy went on a hunger strike. The Vogleys reunited Wednesday and reunited them.

Hundreds See Plane Crash In Sea; Two Crew Members Die

SAN DIEGO, CALIF.—A B-36 bomber, coming in for a landing after a test flight, caught fire and plunged into the ocean carrying two of its crew members to death Wednesday. Six others aboard were rescued. One engine on the right side of the giant 10-engine craft broke into flames as the B-36 was about two miles off shore. An explosion, which shook windows of beach residents, followed the fire and the plane crashed into the waves in view of hundreds of people on the beach. All of the crew were employees of Consolidated Vultee Aircraft Corporation, which was modernizing the plane. Convair said the two lost were D. H. Franks, the pilot, and W. W. Hoffman, first flight engineer, both of San Diego. Coast Guard planes rescued four of the survivors and two others were picked up by Navy ships.

24 Die As Cobras Panic Bus Driver

BOMBAY, INDIA—(AP)—News-papers told Wednesday how 24 persons were killed in a bus accident caused by snakes on the loose. The bus, loaded with Hindu worshippers, was going through the jungle in Hyderabad state last week to the Hindu festival of Nagpanchami, a festival in which snakes play a part. Among the travelers were several snake charmers whose baskets of king cobras were tied to the roof of the bus. As the bus jolted along, the baskets lids came loose and the snakes escaped. Some of the reptiles appeared on the windshield and others crawled in with the driver. The snakes had their poison apparatus removed, but the driver panicked and lost control. The bus went off the road and fell into a chasm. The driver lived to tell how the crash occurred.

New Government In Egypt Impounds King Farouk's Holdings

CAIRO—(AP)—Exiled ex-King Farouk's vast holdings in Egypt were ordered impounded Tuesday night by the reform government that kicked him off his throne. Estimates of the puddy king's loss ranged as high as \$2,000,000,000. That enormous estimate stemmed from unofficial reports long current that the royal family owns one-third of Egypt's 6,000,000 arable acres. Such a chunk of the fertile Nile Valley would be worth at least that much. Such holdings, if Farouk actually had them, would rank him—along with the Nizam of Hyderabad—as formerly one of the two richest men in the world. Details of the former monarch's fortune have been a closely-guarded secret, however. High government officials admitted they had no complete listing of his properties, but hoped to formulate one from papers seized when Farouk abdicated and left Egypt. The inventory was expected to take several weeks, at least. In exile on the Isle of Capri last week, Farouk told newsmen he now was a comparatively poor man, had not taken a fortune out of Egypt and had no fortune stored up outside his native land. Previously, it had been widely rumored that he had vast investments abroad.

Rhee Piles Up Lead Over Three Opponents

PUSAN, KOREA—(AP)—President Syngman Rhee Wednesday piled up a two and one-half to one lead over three opponents in unofficial returns from almost half the voting places in Tuesday's first direct presidential election in South Korea. Latest returns gave Rhee 2,409,714 of about 3,600,000 votes counted. The official count will be announced August 13. Koryaks of Siberia formerly killed their old people to relieve them of their misery, as proof of affection.

Minnie Knits Tiny Garmets While Abercrombie Snoozes

EL PASO—(AP)—Minnie is laying eggs again—but don't crowd her, boys. Minnie, 54-year-old West Texas alligator who starts laying eggs every August, started it again Tuesday in her home at San Jacinto Plaza here. And Minnie is very jealous of that egg, neighbor. Park Officer W. H. McDonald, who says she'll lay seven or eight more before she quits, entered the alligator enclosure to tidy it up a bit. But he decided the house-keeping could wait when Minnie headed for him when her huge jaws gaped in a right menacing manner. McDonald had a load of sand dumped inside the enclosure as soon as he saw Minnie making scratching motions with her hind legs. That meant there was an egg around. Now she can cover them up like any proper alligator should. McDonald, who can testify that Minnie moves as fast as a cat when she thinks her eggs are threatened, suspects Abercrombie as the father of this year's first egg. Abercrombie is a young 13-year-old rounder donated to the city pool last year by a Tucson, Ariz., couple. They felt he had grown a bit too big for a house pet. Meanwhile, park loungers are keeping a lookout for more eggs from Minnie. And Abercrombie? The lout lays around with his eyes closed, terribly satisfied with himself, McDonald said.

Daddy Ringtail

Daddy Ringtail And Malnutrition

The Featherman (poor fellow!) was sick in bed in his nest with Maltese Malnutrition. Featherman

lay back on his feather pillow in his feather bed in his nest that was made of feathers, with feathers everywhere in it. Feathers covered the walls. Feathers were stacked in the corners.

"Oh, feathers, feathers, feathers," said the Featherman in a very sick Featherman voice. He was very sick in bed, you know, with Maltese Malnutrition.

"Now don't ybū fret yourself, Mr. Featherman," said Daddy Ringtail, your monkey friend. "I hear Doctor Shoobug coming now."

The Featherman smiled a feathery smile, because now he also heard the happy sound of Doctor Shoobug rumping fast to see about a sick somebody. Closer and closer came the noise fast like the wind, and then into the nest came Doctor

Shoobug with one hand holding the doctor bag where he keeps his doctor things, and the other hand holding the stovepipe hat on his head to keep it from blowing off with all his very fast running.

Doctor Shoobug skidded to a stop, but the wind from his running and

stopping had stirred up the feathers and blown them up to fill the air. Slowly they settled back to the floor like snowflakes falling.

"Happy day to you folks," said Doctor Shoobug.

"Oh, Doctor Shoobug," said Daddy Ringtail. "Featherman here is sick in bed with Maltese Malnutrition." "Shoo!" said Doctor Shoobug. "Scat you cat! So I can see about the Featherman!" And then out from under the cover in Featherman's bed came the blue cat whose name was Maltese Malnutrition. Featherman was sick in bed by himself, and what was the sickness he had? Well, it was doctor business to find out, and Doctor Shoobug (everybody knows he) was a mighty fine doctor to find out things and to know what to do about them to make people well so they won't be sick any more.

"Featherman," said Doctor Shoobug, "you have eaten too much of feather soup, feather salad, and feather sandwiches. What you need is vegetables, and vegetables, and more vegetables." And so the Featherman ate some vegetables like he ought to, and he wasn't sick any more like he used to, and a happy day to you! (Copyright 1952, General Features Corp.)

UPTON COUNTY HOSPITAL
RANKIN, TEXAS

RANKIN TO HAVE NEW HOSPITAL—Construction is expected to begin soon on this new, modern and attractive Upton County Hospital to be erected at Rankin. Contracts totaling \$132,068.50 were awarded by the Upton County Commissioners Court Tuesday afternoon. Another county hospital will be provided at McCamey. The completely modern hospital at Rankin will be of brick, tile, stone, steel and concrete construction. The one-story, 11-bed institution also will include facilities for all types of hospital services. Upton County citizens, in an election held earlier this year, approved the issuing of \$300,000 in bonds for erecting the Rankin and McCamey hospitals.

Upton Hospital Contract Awarded On \$84,170 Bid

RANKIN—A general contract for the construction of a new Upton County hospital at Rankin was awarded by the Commissioners Court Tuesday to J. Paul Simpson of San Angelo on a low bid of \$84,170.

Two Midland firms also were awarded contracts. Neill's Sheet Metal Company, Midland, got the heating, ventilating, air-conditioning and plumbing contract on a low bid of \$37,548.

South Plains Farms Assured Hired Help

LITTLEFIELD—(AP)—A Department of Labor spokesman assured South Plains farmers Tuesday that enough farm labor, either domestic or Mexican national, would be available to them when needed.

Michael J. Galvin, under secretary of the department, addressed a Mexican labor conference and explained the Mexico-U. S. labor agreement.

Vaughn Bryant of the Good Neighbor Commission also spoke at the one-day meeting.

County Treasurers To Meet In Angelo

SAN ANGELO—(AP)—Program for the annual convention of the County Treasurers' Association, set here September 19-21, is being planned.

About 100 county treasurers from over the state are expected to attend the three-day meeting.

'Sabotage' By Landlords Still Haunts China Reds

HONG KONG—(AP)—The third harvest under communism has come to South Central China and the Reds still complain of sabotage by "bandits, special agents, law-breaking landlords and other evil elements."

The Hankow Communist newspaper, Chang Chiang Daily, tells of the troubles, which are the same as those of last year and the year before.

In one country in Hunan Province there were "220 cases of landlord sabotage," the paper said.

In other areas of the province landlords who lost their land in the redistribution process "recaptured their water mills and took back clothing that had been given to the peasants." Other landlords "recaptured" their acres, houses, livestock and farm tools.

Elsewhere, the paper said, landlords "are committing arson, poisoning wells, damaging reservoirs and dykes."

Power lines have been cut, railroads torn up, bridges burned and woodlots set afire, the newspaper added.

The militia hasn't put down the uprisings because it has been busy supervising harvests, the paper said, indicating that the harvesters still need watching. It accused the militia of having let "its struggle against the enemy slacken."

The Communist paper speaks of landlords, but it means middle class farmers. There are thousands of these thrifty toilers owning from three to a dozen acres. Some are from families who have been for generations accumulating their land. Their ancestors are buried on it, their children are born on it, they would rather die than lose it, and a lot of them are doing just that.

The quick-course Communist who is sent out to redistribute this land looks on these people not as hard-working farmers historically linked with the soil but as rural exploiters to be eliminated because they have more than others.

So the fight between these middle class farmers and those who would take their land away from them is in its third Summer. The Reds obviously haven't won yet.

The Communists, harassed by this opposition, call for party remedies, such as "more propaganda among the militia and the masses," or a "political offensive against the enemy by the militia."

Binion Extradition Hearing To Be Held In Nevada Saturday

CARSON CITY, NEV.—(AP)—A federal court hearing on a motion to return the income tax evasion case of L. B. (Benny) Binion to Texas will be heard in Reno Saturday morning.

A formal motion for return of the case to Texas was filed here Wednesday by U. S. Attorney Miles Pike of Reno.

Pike's motion said the transfer of the case was "in the interests of justice."

Also filed with the court were notifications that Pike and U. S. Attorney Frank Potter of Fort Worth, Texas, had withdrawn their original consents for removal of the case from Texas to Nevada.

Binion, a resident of Las Vegas, was indicted in Texas last May on charges he underpaid his and his wife's 1949 tax by some \$14,000. Texas officers plan to arrest Binion on state gambling charges when he returns to face the federal tax count. Binion successfully has fought several attempts to have him returned to face the state charges.

Freight Derailment Detours El Capitan

ALBUQUERQUE—(AP)—A Santa Fe freight train was derailed Wednesday about 40 miles north of here and El Capitan, crack Santa Fe streamliner, had to make a wide detour through Texas.

Fourteen freight cars left the rails near Gerilles and the freight engine rolled on its side, but Santa Fe officials said no one was hurt. Cause of the derailment was not disclosed.

The line was expected to be cleared by Wednesday afternoon, but in the meantime, El Capitan was rerouted through Trinidad, Colo., to Dalhart, Texas, then to Vaughn, and Belen, N. M., and on west.

American Republics Schedules Wolfcamp Project In Andrews

American Republics Corporation stated site for a 10,000-foot project one location northwest of production in the Nolley (Wolfcamp) field of Central-North Andrews County. It will be drilled 467 feet from south and east lines of section 314, block 3, Gaines County School Land survey and 13 miles north of the town of Andrews. Operations are to start at once.

Texaco Assured Flowing Oil In NW Lea Sector

The Texas Company is assured a flowing producer and three-quarters mile northeast extension to production in the Moore area of Northwest Lea County. The company's No. 1-BO State flowed oil on a drillstem test in the Devonian from 10,482 to 10,525 feet. Tool was open two hours and 45 minutes. No gas surfaced. Mud started flowing in 34 minutes and

the lost mud served as a sort of blanket which may have kept the section from showing its full producing possibilities during the drilling process. Open flowing bottomhole pressure during the test was not reported. Shutin bottom hole pressure, after 15 minutes was 1,450 pounds. The project has deepened to 5,282 feet in the San Andres and is preparing to run a drillstem test at 5,232-32 feet. Location of this exploration is 18 miles southeast of Seminole and 660 feet from north and west lines of labor 21, league 217, Farmer County School Land survey. It is three-quarters of a mile southeast of the depleted discovery well of the Florey, (Mississippi) field.

Interesting Shows Are Developed In SE Gaines Wildcat

Anderson-Prichard Oil Corporation and Forest Oil Corporation No. 3-A Farmer County Fee, Southeast Gaines County wildcat which is projected to 13,000 feet to test the Devonian found interesting shows of possible production in the San Andres-Permian line.

The show came in a drillstem test at 5,102-5,232 feet. The tool was open two hours. Recovery was 270 feet of oil and gas out drilling mud. There were no shows of formation water.

The section was covered by the drillstem test drilled soft and operator lost an estimated 50 barrels of drilling mud in that zone while penetrating it. Interested observers think that

Fisher Project Reports Big Flow From Reef Zone

General Crude Oil Company No. 1 Louie A. Condry, project in the Claytonville pool at Northwest Fisher County, flowed 90 barrels of oil hourly on a test in open hole from 5,584 to 5,585 feet. The flow was through a one-half-inch choke for an unreported length of time. Operator was still testing at last report. Location is 660 feet from south and east lines of section 211, block 3, H&TC survey.

Winters Field In NW Runnels Gets Gray Sand Opener

George Callahan of Abilene No. 1 L. Tinkle has been completed as a Gray sand discovery well in the Winters field of Northwest Runnels County.

The well gauges 177 barrels of 46-gravity oil in 24 hours, flowing through a 16/64-inch choke with packer set on the casing and 400 pounds tubing pressure. Gas-oil ratio was 1,450-1. Production is from perforations at 4,186-90 feet. Casing is set at total depth of 4,199 feet. There was no water present and

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to acid or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. production was natural. Location is 320 feet from north and 1,745 feet from east lines of H&TC survey No. 333 and three miles southeast of the town of Winters.

Saxon Schedules Shallow Wildcat For SE Runnels

Saxon Exploration Company of Abilene has staked location for a 3,800-foot wildcat in Southeast Runnels County.

It is No. 1 Noyes Estate and is 487 feet from north and 2,195 feet from east lines of section 170, E. Wengemann survey. Drillsite is 11 miles southeast of Ballinger. Rotary tools will be moved in and drilling will begin at once.

Plymouth Takes Over Drilling Of Crosby Wildcat

Plymouth Oil Company has taken over operations of J. Holt Jewell of Midland and Associates No. 1 Williams, shallow wildcat in Southeast Crosby County. Plymouth took the project at total depth of 2,860 feet.

Operator is now making hole below 2,893 feet. It has failed to show any oil or gas in the San Andres. Projected depth is 2,890 feet for a test of the Clear Fork.

No. 1 Williams is 320 feet from north and west lines of northeast quarter of section 56, block 9, WC survey and 16 miles southwest of Crosbyton.

Paul McHargue of Midland No. 1 Oirard Trust Estate, another South-west Crosby County wildcat, is bottomed at 2,792 feet in lime and has cemented 5 1/2-inch casing at that depth. Operator will move in cable tools and drill plug and drill deeper. It is located 330 feet from south and west lines of the southeast quarter of section 42, block 3, WT survey. Both wildcats are on farmouts from Southern Production Company.

DeSoto Will Drill Stonewall Tester

DeSoto Oil Company of Dallas will drill No. 1 Alice Ray Daniels as a wildcat four miles west of the Carlisle (Pennsylvanian) field of Northwest Stonewall County.

Location is 467 feet from south and east lines of northeast quarter of section 392, block D, H&TC survey. Rotary tools will be used to drill to 4,800 feet, beginning at once.

Salt Water Found On DST At Test In Chaves Sector

Magnolia Petroleum Company was coring below 7,975 feet in the Devonian after a two hour drillstem test in No. 1 Burt-Federal, wildcat in the extreme east panhandle of Chaves County, developed salt water.

Interval tested was from 7,929 to 7,975 feet. Tool was open two hours. Recovery was \$10 feet of slightly gas and mud-out salt water.

Location is one mile east of the Lightcap field and 640 feet from south and east lines of section 8-8-20e.

Drillstem Test Fails To Find Oil In S-C Upton

The Wilshire Oil Company No. 49-41 Oantit, wildcat in South-Central Upton County, was drilling be-

low 12,450 feet after taking a drillstem test in lime and chert, thought to be of Fusselman age.

Interval tested was from 12,380 to 12,440 feet. Tool was open 30 minutes. Recovery was the 3,000-foot water blanket used and 100 feet of drilling mud.

Flowing pressure was zero and shutin bottomhole pressure after 15 minutes was 2,875 pounds. Last called top in this project was the Devonian at 11,770 feet, elevation 2,785 feet. Location is 960 feet from north and east lines of the south half of section 41, block C, CCSD&RNG survey.

Deep Rock Test In NE Lynn Is Drilling Ahead

Deep Rock Oil Corporation No. 1 M. C. Racker, Northeast Lynn County wildcat is making hole below 8,002 feet in dry lime and shale in the Pennsylvanian.

Top of the Strawn lime section of the Pennsylvanian was picked at 8,545 feet. Elevation is 2,004 feet. No shows of oil, gas or water have been reported from this project.

It ran a one and one-half hour drillstem test at 8,547-88 feet. Recovery was 210 feet of salty drilling mud.

There were no indications of oil or gas or of formation water. Location is 660 feet from south and east lines of the southeast quarter of section 1426, block 18, EL&ER survey. It is 17 miles northeast of Tahoka.

Gulf To Plug Back For Tests In W-C Crane

Gulf Oil Corporation was preparing to plug back for completion in the Tubb at its No. 11 Estes, wildcat in West-Central Crane County.

The project was drilled to 8,220 feet in the Ellenburger where it failed to make an oil well. Tubb production was indicated on two drillstem tests when that formation was drilled. Oil unloading on a test from 4,620 to 4,700 feet and oil flowed on a test from 4,500 to 4,780 feet.

Location is 1,980 feet from north and 660 feet from east lines of section 4, block B-28, pa survey and 10 miles northeast of Grandfalls.

Tom Green Tester Plugged, Abandoned

Wayne Bower of Crane No. 1 Joe Eddie Hall, east offset to the opener of the Hall (San Andres) field in Northwest Tom Green County, was plugged and abandoned at 1,170 feet.

It was 960 feet from north and 330 feet from west lines of section 65, block 6, H&TC survey and six miles southwest of Water Valley.

C-N Gaines Wildcat Tasting Dolomite

Lean-Tex Oil Company of Dallas No. 1 Coline-Oil Development Company, wildcat in Central-North Gaines County, is at total depth of 5,715 feet in dolomite and is taking a drillstem test.

Operator cored from 5,680 to 5,700 feet. Recovery was eight feet of dense lime and 12 feet of lime bleeding oil and gas.

A drillstem test was run from 5,670 to 5,700 feet. Tool was open one hour. Recovery was 90 feet of mud.

Another core at 4,700-5,715 feet returned 15 feet of fractured dolomite bleeding oil and gas. Location of the venture is 660 feet from north and east lines of section 2, block C-36, pa survey and four miles west of Seagraves.

Dawson Prospector Plugged, Abandoned

Cities Service Oil Company No. 14 Dupree, Northwest Dawson County wildcat, has been plugged and abandoned at 12,440 feet in Ellenburger which was showing salt water.

Location was 580 feet from north and west lines of the southeast quarter of section 87, block M, EL&ER survey and 15 miles northwest of Lamesa.

Student Writes Way Into Job In Alaska

AUSTIN —(P)—John C. Doyle wrote his master of Arts thesis at the University of Texas on "The Legislative and Political History of the Alaskan Statehood Movement, 1867-1951."

Alaska Governor Gruening apparently was impressed. Doyle will become his executive assistant August 15.

Sulphur Water Found On DST In Martin Test

Stanford Oil & Gas Company No. 1, Cowden, wildcat in Southwest Martin County, was running electric log surveys in the Ellenburger after finding sulphur water in the Ellenburger.

A drillstem test was taken in the interval from 13,165 to 13,215 feet. Recovery after tool had been open two and one-half hours, was the 4,950-foot water blanket, 1,280 feet of sulphur water and 90 feet of salt water out drilling mud.

Location is 660 feet from south and east lines of the southeast quarter of section 30, block 40, T-1-N, T&P survey.

Tribe Sinks Broncs, 11-7; To Play Here Wednesday

Rockets Win On Malone's Six-Hitter

SWEETWATER —(P)—Audie Malone pitched a very effective six-hitter here Tuesday night to give the Roswell Rockets a 7-1 victory over the Sweetwater Braves.

Malone struck out seven while picking up his eleventh victory. The Rockets blasted 13 hits off Bob Merritt and Dean Higgins. Roswell scored once in the first one-out walk to Bob Lemmel, a single by Les Palmer, and an outfield fly by Elwood Grantham.

Manager Al Monchak's bases-loaded triple sparked the Rockets' 4-run third inning. Lemmel and Palmer had singled and Grantham walked, ahead of him.

Frank Cain drove in Monchak with the fourth run. The Rockets tallied their final two runs in the fifth on a walk, a single by Wayne Crawford, a Sweetwater error and Cain's double.

Malone lost his shutout in the sixth when Ernest Cortez doubled, moved to third on an outfield fly, and scored on Charlie Buck's infield out.

It was Sweetwater's eleventh straight defeat. The score: R H E Roswell 104 020 000—7 13 1 Sweetwater 000 001 000—1 6 3 Malone and Cain; Merritt, Higgins and Finley.

Vander Meer Blanks Roughnecks; Dallas Holds Slender Lead

By The Associated Press—Old Lightning, lefty Johnny Vander Meer, the one-time Cincinnati Red who repeated himself in two history-making no-hit performances in the majors, struck twice in the same place Tuesday night in the Texas League when he shocked Beaumont with a second straight shutout at the Roughneck Park.

Nine hundred and ninety-nine more fans were on hand to see his 4-0 win for Tulsa than the 335 who saw him horse-collar the Roughnecks the last time he was in town. That was a no-hitter.

His eight-hitter Tuesday night brought his season record up to eight wins and eight defeats. It topped a long list of close games, despite front-running Dallas holding its first place margin by half a game with a 9-3 triumph over San Antonio.

Fort Worth stayed right behind with an 11-inning, 6-5 decision from Houston. And in the other game, Shreveport stopped Oklahoma City, 4-2.

Vander Meer got 14-hit support as he ran his unblemished string against Beaumont to 26 innings.

Oilers Take Colts 7-2; Loyko Beaned

ODESSA —(P)—The Odessa Oilers moved to six full games in front of the second-place Big Spring Broncs Tuesday night with a 7-2 victory over the San Angelo Colts. However, they needed help from four of the Colt players.

The help came in the second and sixth innings. In the second, the Colts committed three errors, all of which proved costly, allowing the Oilers to score six runs, while in the sixth another miscue cost them a tally. All of the Odessa runs were unearned.

Little Wes Ortiz worked on the mound for the Oilers and gained his thirteenth victory of the season, pitching eight-hit ball. For San Angelo, Mario Soldana started and went one and two-thirds innings before Hal Swearingen came on in relief. Soldana was charged with the loss.

One of the two San Angelo runs came off the bat of Ken Kowalik, who blasted a two-and-two pitch over the left field wall to lead off the fourth inning.

The one dark spot of the ball game came in the second inning when pitcher Soldana beanded Lefty Loyko of the Oilers with a fast ball. Loyko was taken to an Odessa hospital for observation. However, the injury is not thought to be serious.

The score: R H E San Angelo 001 100 000—2 8 4 Odessa 060 001 000—7 9 0 Soldana, Swearingen and Dacko; Ortiz and Castro.

JayCees Handcuff Kiwanis, 11 To 2

The JayCees easily defeated the Kiwanis, 11 to 2, Tuesday afternoon in a Pony League game. Benny Sanchez buried the JayCees to victory, allowing only three hits. Lupe Hernandez was the big JayCee gun at bat with a perfect record of four hits—three triples and a single. The fielders gave excellent supporting play with no errors.

This year will mark the 16th season in professional football for Sammy Baugh. All have been with the Redskins.

Dwire Hurt When Struck By Hit Ball

Sporting a five-game win streak, the sizzling Midland Indians Wednesday moved back onto their home field for a two-game series with the Big Spring Broncs, a team which they defeated, 11 to 7, Tuesday night at Big Spring. The game will start at 8:15 p.m.

Keith Nicolls (19-7) will be Tribe Manager Jay Haney's mound choice to go against the visitors.

In Tuesday night's action, home runs by Bill Brown and Manuel Temes told the tale as the Indians outlasted the Broncs in a slugfest match.

Each team used three pitchers, with the winning hurler, Herby Dwire, being forced from the game in the seventh when he was struck on the ankle on a line drive by Buddy Grimes.

Brown stroked his four-master with Pat O'Keefe on base in the first inning, climaxing a five-run outburst on the part of the Warriors.

Temes discovered with his four-master in the sixth with Earl Boswenberry and Scooter Hughes aboard. The Broncs tied the score in the third with a two-run outburst but the Tribe went ahead to stay in the fifth when Hughes singled, O'Keefe doubled and Julio de la Torre doubled for two runs.

The Indians added four more tallies in the sixth when, after two were out, Dwire and Boswenberry walked in succession, Hughes singled in a run, and then Temes blasted his homer.

The Steeds fought back with runs in the seventh and eighth but Eddie Jacome settled to make victory safe for Dwire.

Aramis Arenobia, the second of three Bronc hurlers, absorbed the loss. Witty Quintana stroked his eighteenth home run of the season for Big Spring in the first, the clout coming with the sacks deserted.

Drillers Draw 2-1 Win Over Dusters

ARTESIA —(P)—The Artesia Drillers moved in a run in the bottom of the ninth here Tuesday night to take a narrow, 2-1 win over the Vernon Dusters in the first of a three-game series.

The game had progressed through the first eight innings as a tight pitchers duel between Artesia's Frank Herrman and Jesus Sosa of the Dusters. Artesia had scored a single tally in the third inning for the only run until the ninth.

Then, with two away, the Dusters broke into the scoring column. Art Neal singled and Bill McElya, hitting for Sosa, came through with a single, sending Neal to third. Artesia Manager Earl Perry, who had inserted himself into the lineup, booted Popeye Carreras' ground ball at third and let in the tying run.

But the Drillers came back in their half of the ninth. Vince Sarribi drew a walk, and was forced at second by Perry. Paul Halter waited out another base on balls and Joe Bauman singled to left with two away to plate the winning run.

The score: R H E Vernon 000 000 001—1 10 0 Artesia 001 000 001—2 10 1 Sosa, Wallis and Niesdon; Herrman and Briner.

Shantz Wins 20th; Giants Take Bums In 15-Inning Game

By JACK HAND
Associated Press Sports Writer
Even Bobby Shantz' twentieth win for the Philadelphia A's took a back seat Wednesday to the "morning after" gossip about the 15-inning thriller between the Dodgers and Giants.

Little Bobby picked a tough night to cop his twentieth. It seemed everybody was gunning for a headline. Rogers Hornsby was making his bow as Cincinnati manager with a 4-0 win over Chicago. The New York Yankees were meeting their old mate, Spec Shea, for the first time since he was traded to Washington, and nipped him, 3-2, in a game halted by rain after seven innings.

And then the Giants and Dodgers, favorite sparring partners for years, had to hook up in a five-hour struggle that lasted well into the wee hours. Don Mueller finally broke it up with an infield chopper that scored rookie Jim Rhodes all the way from second base for a 7-6 Giant win.

Mueller's infield hit, scoring Rhodes while pitcher Chris Van Cuyk threw late to first base, erased the Dodgers' lead over the Giants to five and one-half games in the opener of a "big" series. Incidentally, it was Mueller's first hit in his last 17 at bats.

The game seemed won half a dozen times. Gil Hodges' grand slam homer in the sixth broke a 0-0 tie and gave Billy Loes a 4-0 edge over Jim Hearn. But the Giants ended Loes' no-hit dreams and scored three in the sixth and tied it in the seventh on George Wilson's pinch homer—his first of the season.

Andy Pafko's fourteenth homer in the fourth snapped the tie but Bob Elliott hit a pinch homer with two out in the Giants' half to keep the fantastic game alive at 5-5.

Pafko's long fly drove home Pee-wee Reese from third to send the Dodgers out on top in the fifth but the Giants came back to win on Bobby Thomson's run-scoring triple and win on Mueller's fluke hit.

With two out Rhodes simply kept on running and with manager Leo Durocher waving him on, scored standing up while Van Cuyk threw to first trying to get Mueller.

At Corwin, fifth Giant pitcher who worked only part of the fifteenth and Van Cuyk who came into the game with one on and one out in the fifteenth were the winner and loser.

In beating Boston, 5-3, Shantz had to contend with both rain and Red Sox. A storied held up play for one hour and 11 minutes in the first. Home runs by Sam White and Hook Evers gave Boston its only earned runs.

Cleveland dropped four full games behind the Yanks, splitting a twilight doubleheader with Chicago. The Indians won the first, 6-0, but lost the second, 6-3.

Bob Cain hit the win circle for the first time since June 27 as St. Louis knocked off Detroit, 5-1. Del Rice's fly ball with the bases loaded in the twelfth scored Billy Hennis for the St. Louis Cards' 4-3 nod over Pittsburgh.

A two-night doubleheader bled in the Phillies and Boston Braves was rained out at Boston.

Brooke Comets Even Playoff With Sinton

Rain, Right-Hand Lineup Can't Slow Shantz Win Parade

PHILADELPHIA—(AP)—Mother Nature threw a rain-storm and the Boston Red Sox tossed in eight right-hand batters. To top it off Jumbo couldn't control his best pitch.

But none of these deterrents prevented Bobby Shantz from becoming the major leagues' first 20-game winner of the 1952 season Tuesday night as the Philadelphia A's topped the Bostonians, 5-3. The biggest A's crowd of the season, 35,473, watched, emotionally high-pitched and screaming every time Shantz threw a strike or got a man out. The little lefty, who's been called everything from the miniscule outpaw to the mighty atom, was most concerned about the failure of his best pitch—a knuckler—after becoming the first A's pitcher to win 20 games so early in the season since Lefty Grove performed the job in 1931. Shantz has lost three, two to New York and one to Cleveland.

"I couldn't throw my knuckler where I wanted it to go," he said quietly and half-apologetically, relaxing all 139 pounds on a dressing room bench.

"I tried on several occasions to get the darn thing over for strikes but it was no go," the five-foot, six and one-half inch ace added.

"So Joe (catcher) Astrod had to mix up my curve with a fast one on occasion. Then we changed up on several hitters and that proved to be the right medicine for them."

Shantz ran into a 71-minute delay in the bottom half of the first inning. Rain forced the delay and it looked for a few minutes like the game might be called off. But when the storm subsided the tarpaulins were removed and play resumed.

Then Bobby settled down to run the gamut of the Red Sox right-hand packed lineup. He fared well except for Sammy White's blast into the left field stands for four bases in the fifth.

After that Hook Everts lined a homer into the same sector in the eighth. The other Boston run came on a double by Dom DiMaggio in the ninth followed by a wild throw by Shortstop Eddie Joost on George Kell's grounder.

Modern Bangtails Outdo Old Records

NEW YORK—(AP)—In this mad age of speed, a good horse can win more money in one afternoon than some of the turf's immortals made in a life time. And, according to the stop watch, the thoroughbred of today is a much faster animal.

In 1869, it took Narragansett 1:17-1/2 to establish a record for six furlongs. That same distance is covered today in 1:12 by distinguished claiming horses. The six furlong record today is 1:08 1/5 set by Bolero on May 27, 1950.

A horse named Heroog had set a standard of 1:43 1/2 for a mile in 1869. Today the record is 1:33 3/5 set by Citation in 1950. Many horses today can run a mile under 1:40.

Incidentally, Narragansett's record for the mile and a quarter was 2:10. Today ordinary horses run the distance in 2:05. The record by Noor in 1950 is 1:58 1/5.

Cut In Spring Grid Training To Be Urged

FORT WORTH—(AP)—The Texas High School Coaches Association will recommend to the Texas Inter-scholastic League that the Spring football period be cut and baseball be carried on in the Summer months when there is no interference from other sports and it can have a longer season.

Faced with a probable referendum by the league on the question of abolishing Spring football, the coaches have decided to seek a compromise. They would cut spring training from 30 calendar days to possibly two weeks. They think that will eliminate the opposition to Spring training because it interferes with the spring sports.

Summer Baseball The recommendations of the coaches association will be presented to Director R. J. Kidd and Athletic Director Rhea Williams of the league when those two come here Thursday to attend the annual meeting of the association held in connection with the Texas Coaching School.

The coaches argue that baseball can be carried on by all the schools if it's during the summer months, when school is out; that the weather will be more favorable, that time from classes will not be lost because of the long trips that have to be made in baseball, and that there will be a better chance to make baseball pay. Baseball showed a big decrease among the schools this year, many abandoning the sport because of the cost, lack of revenue at the gate and the time lost from the classroom.

The coaches also will discuss the state basketball tournament playoffs whereby classes are pitted against classes. Many oppose the present plan whereby the AAAA champion meets the AAA champion and Class AA plays Class A. Last season saw the lower class winning the playoff in each instance.

Hawainian Posts Low Score In Qualifying, Heads For National

NEW YORK—(AP)—More than 1,000 were called but just 175 lucky ones were chosen Wednesday to make the trek to Seattle for the National Amateur Golf Championship August 18-23.

And if there is going to be an eight-under-par 68-66-134 at tee-off time, he will be 35-year-old Charles Makaiwa, the champion of Hawaii, who showed them all how it was out on the Pacific by firing an eight-under-par 66-66-134 at the Waialae Country Club in Honolulu Tuesday.

Until Makaiwa posted his score, it looked as though Billy Joe Patton of Morganton, N. C., the runner-up to the North and South Championship last year, would head the class. Playing on his home town course, he posted a 70-66-135. Still, it was No. 1 within the continental borders of the United States.

Clovis Climbs To 20-Game Margin In WT-NM Wars

By The Associated Press Clovis won its sixth and seventh straight games Tuesday night in the West Texas-New Mexico League and had the longest lead so far—a 20-game margin over second-place Albuquerque.

To stretch their margin, Clovis, Pioneers pounded Borger twice, 5-2 and 7-5, picking up a half-game on an Albuquerque team that copped its seventh in a row.

The Dukes clipped Amarillo, 8-5, behind Jesse Priest.

Pampa moved its base of operations for the night to Elk City, Okla., and ended a seven-game losing string with a first-game, 5-0 victory over Abilene. Abilene squared up the doubleheader, 7-5, in the nightcap.

Lubbock downed Lamesa, 9-5.

Standard, WP Vie For Softball Title

Western Plastic and Standard of Texas will meet Wednesday night in the first of a three-out-of-five game series for the championship of the major city softball league.

Western Plastic gained the final round of the playoffs Tuesday night by beating Humble, 9 to 2. Standard turned back Rendezvous, 8-6, with a last-inning rally.

Little Leaguers Vie For Regional Berth In Pecos Playoffs

PECOS—Doubleheader Little League baseball games to determine district champions are scheduled here Friday and Saturday starting at 3 p.m., according to Hal Brown, league vice president.

Games Friday will pit a group of Pecos Little League All-Stars against the Carlsbad, N. M., American league titlist, followed by a tilt between Kermit's Little Leaguers and Carlsbad's National League champions.

Winners of these two games will meet here Saturday to determine the championship, and will represent this district at Midland the following week.

The Pecos team is comprised of outstanding players from the four Little League teams which ended loop play here last week.

These championship games are the first steps toward what ultimately might lead to the national playoff at Williamsburg, Pa. Winner of the Midland game will be eligible to compete for the state title at Longview.

Members of the Pecos All-Stars include Robert Valliant, Jimmy For, Jimmy Lassater, Charles Cook, Bobby Arreguy, Robert Cole, Tommy Sparks, Tommy Mount, Dickie Bowlin, James Webb, Raymundo Dominguez, Jimmy Lackey, Robert Dugan and Gary McLaurin.

Georgia Duke Given Nod In Trotter Race

GOSHEN, N. Y.—(AP)—The classiest field in Hambletonian history was slated to line up Wednesday for the \$87,637 trotting derby at Good Time Park and the railbirds were convinced Duke of Lullwater could grab the rich plum if he tends to business.

Sixteen horses were to step out behind the mobile starting gate in the first heat, with the Georgia Duke from Walter T. Candler's Lullwater Farm at Decatur the early 3 to 1 favorite.

Duke of Lullwater, the 1951 juvenile trotting champion, must overcome a so-called Goshen jinx, for he has lost only four races in his career—and all of them in this home of the Hambletonian. In fact, he's never won a race in Goshen.

The odds-makers posted Hit Song as the 4 to 1 second choice. Hit Song, owned by E. Roland Harriman and E. T. Gerry of New York, and L. B. Sheppard of Hanover, Pa., is the baby who knocked off the Duke four times, twice last year and twice this Summer. The Duke showed temperance here in July, but since has returned to top form.

Tailorfine has the Clothes

SPORTS NOTES
from the
BENCH JOCKEY
By BOB ADAMS

That perennial question which invariably arises when a pitcher is throwing a potential no-hitter presented itself again here Monday night when Herb Dwire was heading for baseball's hall of fame.

Should you or should you not talk about it before he has the last batter out?

Opinions vary with the wind but we are of the notion that it doesn't make one bit of difference what you say or when you say it as long as you don't get so vociferous that you worry the pitcher.

We don't believe it for the same reason we don't feel that crossing a black cat's path is dangerous. Nor do we believe that hitting a hog in the back by the light of a half-moon will make Aunt Nancy's wart go away.

The notion that it was bad luck to discuss a potential no-hitter probably stemmed from the fact that players did not discuss it, primarily because they did not want to rattle a pitcher or cause him to choke up.

From the players, the superstition crept up through the stands until now even the fans, in some cases, feel that it will bring ill luck to the hurrier if you discuss the no-hitter which he has working.

Even in the field of radio, sportscasters, in many instances, refuse to tell their listeners the pitcher hasn't allowed a hit for fear it will hex him. However, a Dallas sportscaster came up with the best answer we have heard recently concerning telling the information out.

Said he: "It is the sportscaster's duty to describe to the fans as accurately as possible, the game which is going on. And if a no-hitter is in progress, fans by the radio are more likely to follow the game with keener interest. They are entitled to know what the score is."

And we think he's right. Hap Morse, the Phillie scout who was here recently, even went so far as to say he would tell the pitcher about it. "When I used to see a pitcher working a no-hitter I'd tell him about it and advise him not to choke up," said Hap.

A note about golf . . . A 26-year-old Air Force pilot from the Big Spring Air Force Base set a new par course record on the rugged 36-hole North Course of the Midland County Club recently when he stroked a blazing, six-under-par 66.

Morris Williams, Jr., formerly assistant pro at the Midland Country Club, turned the feat while playing in a foursome composed of Sandy Davidson, Charles A. Wilson and Punk Stacey of Austin.

The Air Force pilot toured the front 18 in a two-under-par 34 and finished up on the final 18 with an even better mark, a four-under-par 32. The new record shatters the old professional mark of 68 which was set by J. G. Hardwick, who presently is pro at the Lakeside Country Club in Houston but who formerly was the pro here.

The course record for amateurs on the North Course is 69, set by Bob French of Odessa in a recent tournament.

There was a young woman named Lil whose car barely crept up each hill.

When she started to climb it would buck every time.

People said "No, she won't—yes, she will."

Then I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Now smart, young Lil climbs every hill, thanks to one of the greatest services ever offered the motoring public—a service that helps engines last longer, perform better, use less gasoline and oil!

It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's today!

HELPS YOUR ENGINE LAST LONGER, PERFORM BETTER, USE LESS GASOLINE AND OIL!

1952—CONTINENTAL OIL COMPANY

HERE'S CONOCO'S "50,000 MILES—NO WEAR" SERVICE

At proper intervals, Your Conoco Mileage Merchant will:

- 1 Drain out grit and sludge, preferably while the engine is hot!
- 2 Recondition all air and oil filters!
- 3 Fill the crankcase with great Conoco Super Motor Oil!

Byrnes Calls For Support Of National Party Ticket

COLUMBIA, S. C. —(AP)—Gov. James F. Byrnes Wednesday advised South Carolina Democrats to support the national Democratic Stevenson-Sparkman presidential ticket.

Byrnes, often at odds with the Truman Administration, thus joined the state's two senators and other party leaders in support of the national ticket. His recommendation came at the party's state convention which was reconvened after being recessed since April while waiting to learn the national party's stand on civil rights.

It was at Byrnes' suggestion that the state party, which bolted the national party for the States' Rights Democratic ticket in 1948, adopted this wait-and-see attitude. "With Byrnes' support, there seemed to be little doubt that the convention would go down the line for Stevenson and Sparkman. The South Carolina action also may influence other Southern states."

In a 30-minute report on the national convention which he attended as chairman of the South Carolina delegation, Byrnes noted that the

state party was free to support the Republican Eisenhower-Nixon ticket. "But," he declared, "I think this convention should instruct the state executive committee to place on the ballot . . . electors pledged to Stevenson and Sparkman."

"If today were election day, I would vote for Stevenson and Sparkman," the former secretary of State said, "not because they are labeled Democrats, but because of their personal qualifications and their records in public office."

But Byrnes said he wanted to hear views of both Stevenson and Gen. Dwight D. Eisenhower, Republican candidate, before finally making up his mind about his own vote.

Texas Drouth Toll Increases As Week Yields Little Rain

AUSTIN—(AP)—Hot sun and almost no rain scorched crop prospects and pastures in the western two-thirds of Texas and spread eastward last week.

The U. S. Department of Agriculture reported scattered weekend showers in the Northern High Plains gave only temporary relief.

Principal favored area was the Upper Coast where continued showers maintained generally good to very good growing conditions.

Cotton in most areas made fair to good progress but in some areas heat and drouth checked development. A strip of southern low rolling plains from Abilene to Big Spring has been damaged beyond recovery.

Borghum prospects in Central and Northern counties of the High Plains and Northern counties of the low rolling plains remained generally fair to good. In the remaining Western and Northwestern counties, the crop was mostly a failure, with some haling and grazing under way.

Marketing of cattle, calves and lambs was very heavy.

Woolworth Heiress Said Planning Fifth Marriage

SAN FRANCISCO —(AP)—Barbara Hutton, oft-quoted heiress to the Woolworth fortune, left Tuesday night for Honolulu. There, said the San Francisco Examiner, she will marry British-born socialite David-Pleydell-Bouverie.

The Examiner reported Barbara's friends said Pleydell-Bouverie, 41, accompanied the 39-year-old four-times wed heiress. Pan-American Airways refused to say whether she was aboard.

The Examiner said the party also included Miss Hutton's only child,

KTA To Conduct 'Fork Of Creek' Education Push

Plans for an extensive educational campaign extending to the "forks of creek" were unveiled at a meeting of the policy committee of the Keep the Tideland Association Tuesday night in the national headquarters in the McClintic Building.

Lloyd E. Inerarity, secretary-treasurer, reiterated that the State of Texas "alone stands to lose legal title to 2,608,774 acres of submerged lands worth hundreds of millions of dollars to the people of Texas."

"But infinitely more important than this loss in dollars is the legal precedent, issuing forth in the United States Supreme Court's decision on the Tidelands," he continued. "This doctrine of federal paramount rights simply means that the federal government has gained at long last the power to take over the ownership and control of all private property."

The policy committee resolved that, "since no other person or group of persons has succeeded in taking this all important information to the people, it is the duty and responsibility of this organization to do so."

Decatur Waitress Adds Newest Clues In Yukon Murder

DALLAS —(AP)—Two Dallas County officers have been sent to Decatur in North Central Texas in an attempt to solve the torture murder of Betty Jack Stevens, 21-year-old Dallas waitress.

Her nude, dismembered body was found last Wednesday near Yukon, Okla.

Tuesday a friend of the Dallas waitress told Oklahoma authorities that the Stevens woman tried to hide from "a man down in Dallas" two weeks ago. Mrs. Bertha Kean, Lawton, Okla., in a signed statement, said she had seen the man torture Miss Stevens with lighted cigarettes and threaten her life many times.

The Lawton housewife gave police the man's name and described him as "Spanish-looking, in his 30's."

However, Dallas Homicide Capt. Will Fritz said he did not believe the woman's story would check out because his investigation shows the Stevens girl was in Fort Worth at the time of the supposed visit to Lawton.

Fritz said two men from his office have been sent to Decatur to talk to a waitress there. The Decatur sheriff, Fritz said, reported the waitress "believes the slain woman visited with her last week."

Greek-Bulgarian Border Strife Grows

ATHENS, GREECE —(AP)—The Defense Ministry announced Wednesday Lt. Gen. Stylianos Maniatis, commanding the Greek Third Corps in Macedonia and Thrace, is proceeding to the Evros River on the Greek frontier with Communist Bulgaria, scene of a Greek-Bulgarian clash two weeks ago.

Bulgarians occupying the Greek Island of Gamma received an ultimatum Tuesday night to get out by 5:30 a. m. However, the ultimatum was extended to permit General Maniatis to reach the area.

The ministry's announcement said an undisclosed number of Greek troops was standing by "ready to attack as soon as orders were issued."

Irving Woman Dies As Fire Razes Home

Arnall Sees Price Rise As Constant

WASHINGTON —(AP)—Ellis Arnall, who may resign as price stabilizer, predicts "constant and steady" price rises in the months ahead and says a special session of Congress may have to be called to halt inflation.

Arnall had a date Wednesday with President Truman during which he plans to discuss his resignation as head of the Office of Price Stabilization and other things.

The former Georgia governor was particularly gloomy over prospects of sharp increases in food prices.

He said in a television newscast Tuesday night that food costs rose more rapidly last month than in any comparable period in the nation's history, and further increases are in sight because of the widespread drought, "an inadequate price control law" and other factors.

"If things get out of hand it may be necessary for Congress to reassemble and to give this agency OPS power to do the job for you," he said.

Arnall's resignation has been expected ever since the government granted the steel industry a \$5.20 a ton price increase to help end the long steel strike. Arnall had insisted that producers were entitled to no more than \$284 a ton, but he was overruled by acting Defense Mobilizer John R. Steelman, obviously with Truman's backing.

Oklahoman Ties 'Me-Too' Tag On 10-Point Program

WASHINGTON —(AP)—Gen. Dwight D. Eisenhower's basic 10-point program prompted a Democratic senator's comment Wednesday that the Republican presidential nominee is inviting a "me-too" label.

Sen. A. S. (Mike) Monroney, Oklahoma Democrat, told a reporter the program laid down by Eisenhower in a Los Angeles speech last night sounds to him like a carbon copy of what the Democrats have been doing for the last 30 years.

"He must have been listening to the speeches and the platform of the Democratic convention," Monroney said. "He is likely to find himself accused by some in his party of 'me-tooism.'"

He was accompanied to the theater by Secretary of the Treasury Snyder, Mrs. Snyder and their son-in-law, John E. Horton.

276 Texans Contract Polio In Week; New Mark Looms

AUSTIN—(AP)—Polio's grip gathered 276 more Texas victims last week, the second highest total ever recorded in a single week.

The State Health Department reported the new incidence boosted the year's total to 2,373 cases.

State Health Officer George W. Cox predicted it would take only three more weeks for the disease to climb above any record it has ever before set for an entire year. "That would still leave four additional months this year to build an even more staggering total, Cox noted.

In 1950, the previous all-time high year, 2,778 cases were counted. Last year, there were 2,060 cases.

Cox said the State Health Department has begun studies which he hopes ultimately will uncover a lead to the importance of cockroaches and flies in the spread of polio. Cockroaches and flies captured in the homes of Harris County polio victims will be used in tests with young rhesus monkeys.

Cox said the studies "could make substantial contributions to our knowledge of how polio is transmitted."

Twelve counties reported their first cases of polio for the year in last week's survey.

Threats Reported Levelled At Senator William Of Delaware

WASHINGTON —(AP)—A well-placed source Wednesday said Senator William (R-De) has been threatened with harm as a result of his charges of tax evasion by racketeers.

"Don't be asking me about it," Williams told a reporter when asked about the threats. "Nobody will ever get confirmation of such a statement from me."

The informant, who declined to be named, said in an interview he knows the threats were made, but that Williams has refused to treat them seriously.

The informant said the threats clearly stemmed from speeches Williams made in the Senate alleging that big time gangsters and gamblers have profited from compromise settlements of their federal taxes. In the speeches Williams named the men involved, and braggadocioly questioned whether the average citizen could expect as lenient treatment.

Williams' lone-hand investigations were a major factor in uncovering tax scandals which caused shake-ups in the Revenue Bureau and Justice Department earlier this year.

Houston Lists Six New Disease Victims

HOUSTON —(AP)—Six new polio cases, three each in the city and county, were reported Wednesday. Another nine patients at Jefferson Davis Hospital were listed as "possible" polio victims.

The new city cases pushed the total for the year to 325 and 12 deaths, compared to 92 cases and five deaths last year; county to 208 and eight deaths, compared to 24 and none, and out-of-county cases to 187 and nine deaths, compared to 18 and none.

ANZUS Conferees Talk Military Staff

HONOLULU —(AP)—Foreign ministers of Australia, New Zealand and the U. S. Wednesday headed into talks on formation of a military staff for the ANZUS Mutual Defense Pact.

One other item remained on the agenda of the ministers' closed session—relations of the ANZUS nations with other nations and regional associations in the Pacific.

The conference was due to end Wednesday.

U. S. Secretary of State Dean Acheson, chairman of the conference, and Richard G. Casey and T. Clifton Webb, Australia and New Zealand ministers of external affairs, respectively, spent seven hours Tuesday discussing areas and situations of common concern. Details were not announced.

The diplomats named deputies to a permanent ANZUS Council which will meet regularly in Washington. They are U. S. Undersecretary of State David K. Bruce and Ambassador Sir Percy C. Spender, Australia, and Leslie K. Munroe of New Zealand.

and domestic policies. Ken had only token opposition.

Next to the size of Symington's victory, the primary's big surprise was the way Sheriff Callahan's bid for state-wide power failed. His machine was all but wrecked when it ran head-on into an uprising of independent voters in St. Louis.

Callahan even lost his own bid for renomination as sheriff.

His program to achieve state-wide power called for congressman Phil J. Welch of St. Joseph to win the Democratic nomination for governor.

But Welch went down to defeat by a margin only slightly less decisive than in the Senate race. Former Gov. Phil M. Donnelly of Lebanon downed him in the voting surge.

THEY'VE GONE TO YANKEE-LAND and left us a really cute home located in the western section of town. It's solidly constructed, and consists of 2 very nice-sized bedrooms, a 20 foot living room and large kitchen with dining area. Single attached garage which can be used as a winter playroom for the kids. Part of the rear yard is fenced, and most of it is landscaped. Furnace heating, air-conditioning unit, insulated attic, and good closet space. It is only 2 years old. This home can be handled for only \$1,800 down—and the full price is \$8,250.

HAVENT YOU WONDERED how other people have more money than you? Surely, it's all a matter of wise investing. They've put their capital to work for them—and if it is extra income you want, here is a practical way of obtaining it. First you call us. Then we show you a duplex which will rent for \$230 per month which you purchase. You make monthly payments of only \$78 per month, and you pocket the rest. It's as simple as that. How much CASH do you need? We could arrange a down payment of only \$3,650. The duplex is brand new, with 2 bedrooms on each side, garages, and low FHA financing. Here is an opportunity of earning money without working—the ideal set-up. Call us for the details.

PRICED DOWN TO EARTH although it is a heavenly home. Located on West Michigan, it has 3 bedrooms, tile bath, tile kitchen, and adaptable living room and dining combination. It has the ideal floor-plan in that you don't have to go through the living room in order to get to the remainder of the house. The attached garage is completely finished and painted inside, and what a playroom for the young citizens when it gets wintry! Of course, it's new, and it's brick (cream velvet). Central heating, ducted for air-conditioning, completely and richly carpeted, washer connection, huge lot. ONLY \$15,500.

WANTA START SOMEIN? In the way of a business, that is. What about a well established welding plant fully equipped? Does an automatic laundry interest you? There's a steam laundry that needs a buyer. Factory sites, warehouse lots, business and residential lots, available. Rankin Highway, Andrews Highway, West Highway 80. You name it—and we've probably got it.

KEY, WILSON & MAXSON'S REAL ESTATE Bulletin Board
REPORTING THE TOP NEWS IN REAL ESTATE

NOW THAT YOU HAVE COMPARED, one look at all the features of this home will convince you that your looking now ends. It's a 2-bedroom, tile bath, home of convenience. Located in TOWN NORTH, it has a lovely living room, nicely arranged kitchen, detached garage. Central heating and air-conditioning. YOUNGSTOWN metal kitchen cabinets, Vent-A-Hood, and an ideal floor plan. Typical West Texas lawn, paved street, and it needs no redecorating. Assume FHA loan and pay only \$61.75 per month total. We argued him down to a low \$10,750.

OFF THE BEATEN TRACK yet exclusively developed on wide lots—for the fullest enjoyment of that American tradition: privacy. Located northwest of town, it has 3 bedrooms, 2 ceramic tile baths, spacious living room, full dining room which opens out to the rear yard. Two-car attached garage, central heating and air conditioning, water well, and tile fence around the 130x205 lot. It has the floor plan which you yourself might design, and a price that will delight you. Owner transferred to Wyoming. One of Dean Slavens' best built homes.

BUILT WITH A REASON, and not as an excuse for a home. Constructed of the finest materials available and with the best of craftsmanship. Three bedroom, tile kitchen and bath, enlargeable living room, Burgandy-blend carpet. Central heating with wide ducts to carry your air-conditioning, softly carpeted throughout, and finished in decorator colors. The attached garage can so easily be converted into a game room or den, and the over-sized lot is ideal for your outside living. Priced at a deflated \$14,500.

CONTEMPORARY LIVING calls for a slightly modernistic touch in your home... and this one suits the youthful family to a "T". Two bedrooms, clean bath, convenient kitchen, and advance-designed living room. Central heating, YOUNGSTOWN metal kitchen cabinets Vent-A-Hood, and natural-finished woodwork throughout. Attached garage, young lawn, large planter box, and the street is paved, paid for, and always kept clean. You can buy this home for ONLY \$2,000 down, assume the G.I. loan, and move in tomorrow. Priced at \$10,400.

Eisenhower Lists 10-Point Program For Better Nation

LOS ANGELES—(AP)—Gen. Dwight D. Eisenhower Tuesday night gave the nation a soldier's prayer in the form of a 10-point program for a peaceful, prosperous and happy America.

"I have written down these 10 points," he told the 53rd Annual Encampment of the Veterans of Foreign Wars, "because they represent the outline of a dream of the soldiers with whom I served. And I believe they are attainable."

"Each of us carries his own picture of America when he fights for her. It is the picture of what he is defending."

These are Eisenhower's 10 objectives:

1. Increase America's strength—spiritual, creative and material.
2. Win a just and lasting peace
3. Build a prosperity not based on war.
4. Make America's promise of equality a living fact.
5. Strengthen and extend measures for the security and welfare of the people.
6. Protect earnings and savings from a double toll of high prices and high taxes.
7. Serve the worthy interests of every group of our people, yet make the test of each policy: Is it good for America?
8. Insist on restoring honesty to government.
9. Insure, by means which guard our basic rights, that those who serve in government are Americans of loyalty and dedication.
10. Revive in every American the faith that he can achieve a better future for himself and his family.

Dynamite Explosion Wrecks Entire Town

CRAIG, PA.—(AP)—A truck loaded with dynamite blew up Tuesday in this tiny mine-farm community, damaging 10 homes—the entire town—and injuring nine persons. No deaths were reported.

State police, rushed to the scene from nearby Mahanoy City and Hazleton, said the truck driver Frank Barnhart, 23, West Pottsville, Pa., had lapsed safety of the truck before the terrific blast that was heard in miles around. The driver suffered injury when boosted over by the concussion.

This Schuylkill County town of some 50 residents was in turmoil.

The truck was blown to bits and a huge hole was torn in the Brandtville-Mahanoy City highway.

Trees and brush within 100 feet of the explosion were burned and blackened by the fire started by the blast.

FSA Announces 34 Cancer Study Grants

WASHINGTON—(AP)—The Federal Security Agency Wednesday announced 34 grants totaling \$523,993 to aid cancer control studies and demonstrations in 16 states, the District of Columbia and Puerto Rico.

The grants included two to the Nix Tumor Clinic, San Antonio, \$5,327 and \$8,423.

Tommy Sheds Ninth Wife, Wants To Wed Twin Sister

NEW YORK—(AP)—The ninth Mrs. Tommy Manville, a bride of 27 days, left by plane for Mexico Wednesday to obtain a divorce from the 38-year-old asbestos heir.

Mrs. Manville, the former Anita Eden, said Manville had made a "quite satisfactory" financial arrangement.

"He gave me \$50,000 to get the divorce and a \$50,000 bonus," she said.

"What was the bonus for?" asked a reporter.

"That's just his way of fooling around," she said. "What a sense of humor the man has!"

Furthermore, the \$100,000 was tax free, she said, because "Tommy paid all the taxes."

Mrs. Manville was accompanied by her twin sister, Juanita. Professional dancers, they're billed as "the Navajo twins."

Juanita disclosed that Manville had asked her "to become his tenth wife. She said she declined with thanks, adding:

"And that hurt Tommy quite a bit because he really wanted to marry me. But I'm a divorcee and I love my freedom."

The twins will go to Mexico by way of Houston and Laredo. Mrs. Manville plans to be back in New York Saturday night.

TAKE COVER!—That's Joe there, at lower left. You can't see his face because he's "eating dirt"—he's got his mug shoved tight against the ground. Mike, next to him, looks apprehensively over his shoulder. Jake, back against the sandbag barricade, just hunches up and covers his face with his helmet. The other guys crouch and squeeze into any little corner that will give them protection. This remarkable picture shows what happened when the Chinese Communists poured a mortar barrage on a group of Second U. S. Division infantrymen who took cover in a shallow, sand-bagged pit on the ridgeline facing Old Baldy, near Chorwon, Korea.

Christians, Buddhists Unite To Protest Emperor-Worship

TOKYO—(AP)—Leaders of Japan's few Christians and millions of Buddhists have joined forces in an extraordinary alliance to fight a possible revival of state-supported emperor worship.

In an unprecedented joint statement to the nation they even suggested that the emperor be restricted in the practice of Japan's ancient Shinto faith.

The Christians and Buddhists fear that now that Japan is independent again, a new wave of nationalism may move shy, bespectacled Emperor Hirohito back into his prewar position as the high priest of Shinto, a demigod on earth.

The outcry was touched off by the emperor's visits to the Grand Shrine at Ise and the tombs of two of his illustrious ancestors near Kyoto and Nara to report Japan's new independence to the Shinto deities.

The statement, signed jointly by the Rev. Michio Kosaki, chairman of the Japan Christians' League, and Priest Tatsuo Satomi, chairman of the Japan Buddhists' Association, was a blistering attack on the imperial journey.

"The emperor's act violated the occupation decree for the separation of Shinto from the state," their statement declared.

"The emperor should not visit the shrine . . . if he does not wish to become a demigod again to rule a 'divine' nation."

Shintoists fired back immediately. An editorial in *Jinsha Shimpo*, the official paper of the Shinto religion, declared "monarchs or heads of state of other countries where religions are separated from the state attend religious ceremonies.

"There are no reasons to object to the emperor's worship of his own religion."

Tokujiro Kanamori, one of Japan's top constitutional lawyers, said:

"As an individual the emperor may enjoy the full freedom of faith. Actually, he owns Shinto sanctuaries in his palace as his personal property and is entitled to officiate at any religious ceremony in his personal capacity.

"It is unthinkable that the people would again try to grasp the fanatic Shinto and to consider Japan a divinely-ordained land simply because the emperor worships at the Grand Shrine."

Scientists Concoct Gimmick To Produce 'Real' Flying Discs

WASHINGTON—(AP)—The Evening Star reported Wednesday that Army engineers, working with a vacuum bell in a laboratory, have produced atmospheric phenomena which may explain the widespread reports of "flying saucers."

In a copyrighted story by W. H. Shippen, the Star said the experiments created airborne objects which "can speed up, hover indefinitely, or disappear and reappear in a flash."

"The man-made saucers occasionally fly in formation. Moreover, they are believed to have substance enough to show up on the screen of a radar designed to track them."

What the experimenters did, the Star said, was use the vacuum bell as a tiny working-model of the stratosphere and reproduce "two forces—very low air pressure which is balanced against static electricity in a way to give off light."

Experimenters in the research and development laboratory at Fort Belvoir, Va., believe these two are the primary factors responsible for saucer sightings by competent observers," the story added.

ISFSS GAINS NEW MEMBER

GAINESVILLE, Fla.—(AP)—A former Gainesville mayor who is a member of the Board of Education has joined the ranks of the "I Saw a Flying Saucer" Society.

H. A. Latham said he spotted the "thing" in the sky Tuesday night while fishing at a lake 10 miles south of here. His son, Jimmy Latham, and his brother, Jack Latham of Valley View, also said they saw the object.

"It was between 8:30 and 8:45 last night," the former mayor said. "I'd been skeptical up to then of all these flying saucer stories, but all three of us saw it at the same time."

Night Club Bosses Die In Plane Crash

ATLANTA—(AP)—Two Kentucky night club executives carrying more than \$10,000 in cash were burned to death in a private plane that crashed and burst into flames Tuesday.

Police identified the victims as James H. Brink, operator of the Lookout House Supper Club near Covington, Ky., and Charles Brahmman, the club's manager.

Both were witnesses at hearings conducted by the Kefauver Crime Committee in 1951.

Their single-engine Beechcraft Bonanza plane overshot a runway in trying to land at the Fulton County (Atlanta) airport.

Charles Lester, a Covington attorney who flew to Atlanta Tuesday night, told reporters the two men were on their way to Miami to close a real estate deal.

Texas Farm Prices Show Slight Decline

AUSTIN—(AP)—Prices received by Texas farmers for agricultural commodities dropped slightly last month.

The U. S. Department of Agriculture reported Wednesday the mid-July index dropped to 333 per cent of the 1910-14 base, eight points lower than a month earlier.

Declines came in prices for wheat, corn, grain sorghum, potatoes, cotton, beef cattle, calves, sheep, lambs and alfalfa hay. These more than offset price rises for oats, barley, sweet potatoes, cowpeas, hogs, chickens, eggs and milk.

Williams To Face Alger In Michigan Gubernatorial Race

DETROIT—(AP)—Two scions of Detroit's Gold Coast—G. Mennen Williams and Fred M. Alger, Jr.—will fight it out for the governorship of Michigan this fall as the result of Tuesday's Summer primary election.

Williams, the incumbent Democratic governor, won a whopping courtesy vote in his party primary although unopposed, and Alger, making his second try for the Republican nomination, roared downstate into his home county of Wayne (Detroit) with a plurality passing 60,000 with nearly half of the votes counted in the unofficial total.

And it will be U. S. Senator Blair Moody, the Democratic incumbent, against Rep. Charles E. Potter, 11th District congressman since 1947 and lesser World War II veteran.

Moody, standing on his own feet politically for the first time since Williams picked him from the Washington press gallery for the Senate, rolled easily over his sole Democratic opponent, Louis C. Schwinger of Saginaw.

Potter, a member of the House Un-American Activities Committee, smashed down the bids of three other rivals, apparently carrying all but three of the state's 83 counties.

Disgruntled Demos In Mississippi To Back Eisenhower

JACKSON, MISS.—(AP)—About 500 Mississippians, most of them State Rights Democrats, voted Tuesday in an informal convention to support Gen. Dwight Eisenhower in the presidential race.

The "delegates," people who responded to an advertised call for a meeting of "disaffected Democrats," selected a 21-man steering committee to weld the Democrats-for-Eisenhower movement in the state.

A resolution, adopted with only one dissenting vote, said the group would support the Republican nominee either as a State's Rights Democrat or an independent. It left until later the mechanics of how it would be done.

"He has a photographic mind," she smiled. "He gets much of his love of mathematics from his father, who heads an accounting firm."

Lenny will be in the second half of the third grade this fall. He skipped a half year and his teachers wanted to skip more. But, said Mrs. Ross, he is a bit small for his age and she wanted him to stay near children his own size as a matter of "social adjustment."

At Don Martin's radio school in Hollywood Lenny keeps up pretty well with adults in radio engineering. He is in a class with his brother, Daniel, 13, and a cousin, Dick Somers, 15. This "team" plans to build a radio transmitter. Dick already has one.

The two older boys got Lenny interested in radio.

Quadruplets Born To Italian Woman

NAPLES—(AP)—Maria Liguori, a bricklayer's wife, gave birth Tuesday to quadruplets—all boys, described as "healthy and doing well."

The babies were born in the village of Afragola, near here. They and their 23-year-old mother were removed to the pediatric clinic of the University of Naples.

Trapeze Performer Injured In Plunge

LAFAYETTE, IND.—(AP)—"Iron Jaw" Roberto Rolan, 17, fell 40 feet Tuesday when he slipped from his mouthpiece while performing with Barnes Brothers Circus.

He suffered possible fractures of both arms, one hip, one wrist and a slightly injured jaw.

Infant Boy Drowns As Sister Fills Tub

HOUSTON—(AP)—Mrs. Frank Gujardo bathed her 11-month-old son, drained the tub and left him for a moment to play.

His sister, Mary, two, wanted to play, too. Officers said she turned on the faucet and played in the water with tissue paper.

That stopped the drain.

The horrified mother found the tub overflowing and her son drowned.

Texas Livestock Shipments Decrease

AUSTIN—(AP)—June shipments of Texas livestock fell 26 per cent below May levels, the University of Texas Bureau of Business Research reported Wednesday.

May shipments, in turn, had been 42 per cent under April's. The bureau noted the declines were largely seasonal, running about two per cent below shipments a year ago.

14 California Red Leaders Convicted

LOS ANGELES—(AP)—Found guilty of plotting to advocate violent overthrow of the government, 14 California Communist leaders went back to court Wednesday in an effort to reverse their conviction.

They were convicted on a federal indictment Tuesday after a six-month trial, longest in Los Angeles Federal Court history. Trial and conviction of 11 Communists on similar charges in New York City in 1949 required nine months.

Defense lawyers said they would appeal.

As a means of protecting the four men and eight women jurors, A. S. Judge William C. Mathews decreed that no one may communicate with them about the case and that no photographs may be taken. He discharged them from the case retained them indefinitely as jurors under the protection of the court.

Convicted were Mrs. Oleta O'Connor Yates, 43, San Francisco, Northern California party secretary; William Schneiderman, 55, San Francisco, former state party chairman; Philip M. Connelly, 48; Dorothy Rosenblum Healy, 37; Connelly's wife; Henry Steinberg, 49; Mrs. Rose Chernin Kunitz, 49; Frank Carlson, 40; Frank E. Spector, 56, and Ben Dobbs, 41, all of Los Angeles; Mrs. Loreta Starvus Stack, 40; Al Richmond, 39; Ernest Otto Fox, 47; Carl Rude Lambert, 55, all of San Francisco; and Albert Jason Lima, 45, Oakland.

Senators Probe Campaign Spending

WASHINGTON—(AP)—A finecomb check on all campaign funds of every candidate for the United States Senate is under way, it was learned Wednesday.

Detailed questionnaires asking data on all primary contributions and expenditures have been sent out to all candidates and to committees and organizations aiding them. Usually, such questionnaires are limited to the final or general election.

The quiz was prepared by the five-member Privileges and Elections subcommittee, headed by Senator Gillette (D-Iowa).

After confirming the unusual and unpublished checkup, Senator Monroney (D-Okla.), a member of the group, said it had not been decided "whether or not we will make the returns public later."

Ordered To Jail

Judge Mathes delayed sentencing until after he hears arguments on defense motions for a directed verdict of acquittal.

Maximum sentence is five years' imprisonment and \$10,000 fine.

Another defendant, Mary Bernadette Doyle, one-time candidate for state superintendent of public instruction, was granted a severance of trial early in the case because she was suffering from a heart ailment. She may be tried later.

Defense Attorney Alexander Schullman asked that the defendants be allowed to remain at liberty on the present bail, ranging from \$5,000 to \$10,000 pending sentencing. The plea was denied and the 14 were ordered to jail.
