C-Day Army Swarms Into Action

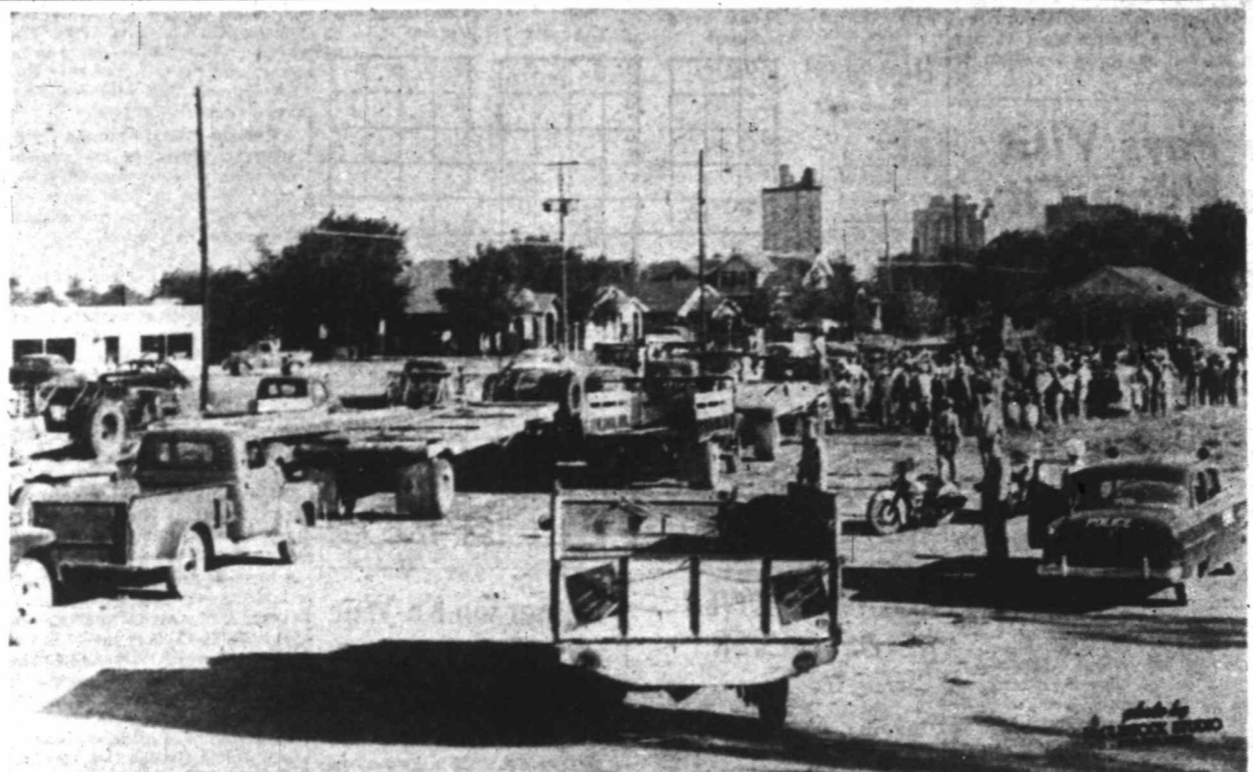

Trucks, Men Labor To Rid City Of Filth

A mechanized army of workers fanned out into every section of Midland Monday, beginning an all-day concentrated campaign to rid the city of trash and filth. The fleet of 60 trucks mobilized at 7 a. m. in the 700 block of South Main Street and then began the methodical coverage of the city's 10 "battle zones," in which citizens for the last several days have been cleaning up their yards and alleys.

Texas' Heat Wave Claims Fifth Victim

By The Associated Press
Texas started its third consecutive week of a heat wave Monday under a brassy sun and with another heat death in Dallas. Mrs. Katherine Robinson, 36, Dallas, died early Monday. She was admitted to a hospital Sunday night. She was the fifth heat victim in Dallas in the current heat wave. There was no hope of cooling weather in sight. The temperature climbed to 110 at Henrietta in North Texas Sunday. After an uncomfortable night of high temperatures, residents of the Dallas-Fort Worth area—center of the heat wave—watched their thermometers climb to the 100 mark quickly Monday. Forecasts called for high of near 100 degrees, same temperature Fort Worth had Sunday. Other high Sunday temperatures included: Presidio 109; Mineral Wells and Wichita Falls 106; Childress 105; Abilene 104; Dallas and Laredo 103; Wink, Austin and Waco 101. Midland had a "cool" maximum of 99. Galveston's hot 90 degree was the state's lowest maximum.

On hand to man the trucks were drivers, 81 paid laborers and 120 volunteers, who scouted the routes in advance of the pick-up crews. As the clean-up job got underway, campaign leaders sent out urgent appeals for additional funds and a dozen laborers pitched into the battle without sponsors but were promised the customary \$10 for a day's work. Business firms or individuals interested in contributing to the labor fund should contact the Chamber of Commerce. Diarrhea Decreases As the army of workers swung into action, good news came in a report from Dr. C. A. Pigford, director of the City-County Health Unit. Dr. Pigford reported that for the first time in several weeks, the number of diarrhea cases in the city had shown a marked decrease, in response to the intensive campaign being waged on fly-breeding areas. He said that only 207 cases were reported during the last week, compared to approximately 250 the previous week. No new polio cases were reported over the weekend. Residents Cooperate Early reports from the clean-up crews indicated that residents were cooperating in gathering together the trash on their own premises and some still were hard at work Monday morning. The drive climaxed a week of concentrated preparations. Civic and other organizations joined individuals in setting the stage for Monday's "Operation Trash Haul."

THE BIG SWEEP IS ON!—Trucks and laborers converge in the 700 block of South Main Street for the all-out push to rid the city of trash and filth. The workers received news of a decrease in diarrhea cases here as they swung into action to eradicate fly-breeding areas, harbors for disease.

Raging Wind, Rains Batter South Korea

SEOUL, KOREA (AP)—The center of a typhoon—with winds up to 100 miles an hour—hit Korea's West Coast Monday at Kunsan, 80 miles south of Seoul, and roared across this peninsula toward the Sea of Japan. There was no report of damage but the ship-reckoning storm brought torrential rains to all of South Korea. Four to five inches of rain were predicted for the battlefield Monday night. In Pusan, on the southeastern tip of the peninsula, three and one-half inches of rain fell and wind gusts up to 75 miles an hour lashed the area. A U. S. Air Force weather expert said winds of 50 to 60 miles an hour would whip high exposed places on the battlefield. Shipping Hit Hard Stiff winds buffeted Seoul but the storm's main force moved about 25 miles south of the city. Power of the storm decreased as it passed overland. The Air Force weather expert said it may pick up power when it hits the Sea of Japan and swerves toward Hokkaido, northmost island of Japan. Before sweeping inland, the typhoon wrecked one ship near Okinawa. A second ship is two days overdue after radiating it was in trouble. Americans used an oil drum raft to rescue 40 of 43 passengers and crew aboard the Japanese motor vessel Tokushin Maru. The ship broke up on rocks near the island of Miyako, about 160 miles south of Okinawa. A woman and her two small children were lost. Six American planes and a U. S. destroyer searched for the Chesley ship *Republika* with 83 persons aboard. The vessel was reported in distress about 250 miles east of Shanghai.

Explosion Wrecks Two Business Shops In Downtown Denton

DENTON (AP)—An explosion wrecked two business shops in downtown Denton Monday and sent an elderly man to a hospital with burns. Injured was M. F. Bilyrey, about 70, operator of a shoeshop. Bilyrey lives at the rear of his store. But Sunday night he was ill and spent the night in a rooming house. About 3 a. m. he felt the need of medicine he had left in his store and went there for it. When he lit a match, an explosion blew him across the street and set his clothes afire. He ran screaming down the street but was stopped and rushed to a hospital. The shoeshop and an adjacent barber shop were wrecked almost completely. A coffee shop suffered considerable damage. The Denton Federal and Savings and Loan Association building and the Buick agency across the street also were damaged.

Wreckage Of Plane With Three Bodies Found In Arkansas

PIGGOTT, ARK. (AP)—The torn bodies of three persons were found Monday in the wreckage of a light plane which is believed to be the same craft sought since Thursday, the Clay County sheriff's office said. The three dead were believed to be from Houston. A search party found the plane about 8:40 a. m., a mile and a half southeast of this northeast Arkansas town. Deputy Sheriff Carl Milde reported. The Civil Air Patrol in Little Rock said the plane may be a Cessna 170 missing on a flight from St. Louis since August 13. The plane carried three passengers. Searchers found the wreckage in an orchard not more than 100 yards from a farmer's house. Parts of the plane were strewn over a 200 yard area. The plane first was sighted from the air by an air-sea rescue unit from Malden, Mo. Bound For Houston The search party found women's clothing scattered over the area and some hanging from trees. Arkansas, Texas and Missouri units of the CAP had been searching for a red and silver plane. Col. L. S. Anderson of Little Rock, Arkansas wing commander, said the missing plane—piloted by Oliver Granum of Houston—left St. Louis August 13 for Houston with Mr. and Mrs. W. J. Thrasher, also of Houston, as passengers. Milde said two Piggott residents reported seeing a light plane flying low over the city Thursday during an electrical storm. The two residents—Claude Tillow and Ronnie Seal—said the plane dipped toward a small lake, then pulled up sharply on one wing. It then disappeared over a hill and no sound of the engine could be heard.

CIO Union Strikes Nine Rubber Plants Of Goodrich Firm

AKRON, OHIO (AP)—The CIO United Rubber Workers struck the B. F. Goodrich Company Monday but continued contract negotiations with the firm. The walkout—ordered by the union Sunday night—first was felt in Akron, where 12,000 of the 30,000 involved are employed. Three other plants were struck quickly. Affected by the strike order were nine of the company's 30 plants—those engaged in processing rubber. Goodrich also has chemical and aircraft plants covered by other unions. Negotiations, broken off at 1 a. m. at Cincinnati, resumed later Monday. They have been going on 10 weeks. Besides the plants here, the strike was ordered for factories at Cadillac, Mich.; Tuscaloosa, Ala.; Miami, Okla.; Clarksville, Tenn.; Oaks, Pa.; Marion, Ohio; Riverside, N. J., and Los Angeles. Shortly after pickets appeared here, plants were struck at Tuscaloosa, Marion and Riverside. The Miami, Okla., plant was closed already for a week's vacation.

Death Cell Readied For Nurse Convicted Of Child-Poisoning

MONTGOMERY, ALA. (AP)—Murderer's row at Kilby Prison—where few women have ever seen—has a certain cell in readiness for one scheduled to die there September 26. Grim, impassive Mrs. Earle Denison, a 54-year-old nurse convicted at Wetumpka Saturday for the poison slaying of her two-year-old niece, was expected to be transferred there Monday. The law requires the Alabama Supreme Court to review her sentence. Because the prison has no facilities for condemned women, Warden C. P. Buford picked a special cell and draped it with curtains to insure "privacy."

Midland Schoolboys, Girls Start Registration Parade

Hundreds of boys and girls began trooping back to school Monday morning although they won't settle down to serious classroom work until September 2. Monday marked the beginning of registration and high school seniors and ninth graders formed the first contingent in the parade which will continue through next week. These two groups will continue their registration Tuesday with those whose last names begin with "M" through "R" reporting Tuesday morning and those beginning with "S" through "Z" reporting in the afternoon. On Wednesday, juniors whose last names begin with "A" through "D" report during the morning, with those beginning with "E" through "H" reporting in the afternoon. Registration for those with last names beginning with "K" through "Q" will be held Thursday morning and the remainder Thursday afternoon. Sophomores will begin registration Friday. Those from "A" through "D" will report Friday morning, those from "E" through "J" Friday afternoon, those from "K" through "R" Monday morning and the remainder Monday afternoon. Registration for seventh and eighth grade students who were not in Midland last year will register next Monday and Tuesday as follows: "A" through "F" Monday morning, "G" through "L" Monday afternoon, "M" through "R" Tuesday morning and the remainder Tuesday afternoon. Registration of elementary school pupils will follow the same schedule. High school students are registering at Midland High School, as are those who will attend the new San Jacinto Junior High School. Other junior high students will register at John M. Cosden Junior High School. SMITH-CORONA office and portable typewriters—new models and more advantages, call BAKER OFFICE EQUIPMENT, phone 4-6008, 311 W. Texas.—(Adv.)

Chinese, Russians Prepare For Major Decisions In Moscow

MOSCOW (AP)—Chinese Premier Chou En-lai and Kremlin leaders prepared Monday for major talks aimed at tightening the military, economic and political ties of the Chinese-Soviet Communist partnership. The premier, who also is Red China's foreign minister, flew to Moscow Sunday from Peiping with a big delegation that included his deputy premier, Chen Yung, and a sizable group of military experts. The nature of the top-level discussions between the world's biggest Communist nations was kept secret. It was evident, however, that military questions would rank high among those taken up since Chou brought along the deputy chief of Peiping's general staff, Su Yui; his Air Force commander, Liu Ya-low; Deputy Navy Commander Lo Shun Chu, and Deputy Commander of Artillery Tsu Chuan.

Tom Green Cotton Crop Off Heavily

SAN ANGELO (AP)—Tom Green County's 1952 cotton crop won't amount to much more than 3,500 bales. That's the estimate Monday of Arnold Ewald, member of the firm of P. F. Ewald & Sons, cotton buyers here. That is less than half the 1951 yield of 8,500 bales and only a fraction of 24,000 bales in 1950.

★ LATE NEWS FLASHES ★

AUSTIN (AP)—Texas' scorching heat has cost farmers more than \$78,000,000 in major crop losses since August 1, State Agriculture Commissioner John C. White said Monday. He estimated the state's expected cotton crop has dropped 250,000 bales in the 18-day period. ATHENS, GREECE (AP)—The Voice of America's seagoing radio station *Courier* docked at Athens' port, nearby Piraeus, Monday preparatory to beginning broadcasts to Iron Curtain countries. LOS ANGELES (AP)—The Community Relations Committee of the Los Angeles Jewish Community Council Monday denounced as utterly unfounded vicious "insinuations of anti-Semitism" directed against Senator Richard Nixon, the GOP vice presidential nominee. CAIRO, EGYPT (AP)—Government spokesman announced Monday that censorship on press cables to and from Egypt—reimposed last Thursday—has been lifted again.

General Crude States Two New Projects On Salt Creek Unit

General Crude Oil Company (unit operator), is to start operations at once on two new projects in the Salt Creek (Canyon) field of Northwest Kent County. General Crude No. 12-6-1 General Crude-Percy Jones will be 1,800 feet from west and 2,300 feet from north lines of section 13, John Rodman survey. It is approximately nine miles northwest of Clairmont. Another Location General Crude No. 144-3 General Crude-J. W. Young will be 660 feet from south and west lines of section 144, block G, W&NW survey. That makes it eight miles northwest of Clairmont. Both projects are to dig to 6,800 feet, or a test of the Canyon reef zone at a lesser depth. Drilling will use rotary tools and is to start each of the new sites at once.

Cosden To Hunt Deep Pay At Exploration In NW Mitchell Area

Cosden Petroleum Corporation No. 1 Pearl L. Kincaid and others is to do a 2,500-foot exploration in extreme Northwest Mitchell County to try for production in the Pennsylvania. It is near the Vincent (lower Canyon) field and four miles northeast of the town of Vincent. The drill site is almost on the Howard County line. Location is 660 feet from south and west lines of the northwest quarter of section 60, block 20, Lavaca Navigation survey. Drilling, with combination tools is to start at once.

Lower Permian Develops Oil, Gas In C-W Lea Test

Continental Oil Company No. 1 Anderson Ranch Unit, wildcat in Central-West Lea County, developed flowing production from the lower Permian, possibly Wolfcamp. Operator took a drillstem test from 9,750 to 9,834 feet. Gas appeared at the surface in six minutes, mud in 55 and oil in 65 minutes. The well flowed into pits for 90 minutes, then turned to tanks, gauging 27.58 barrels of approximately 40-gravity oil in one hour along with 995,600 cubic feet of gas per day. The project will be deepened after the test tool is pulled. Location of No. 1 Anderson Ranch Unit is at the center of the southeast quarter of section 11-16a-32e and two and three-quarter miles east of the Townsend (Wolfcamp) field.

Magnolia May Dig To 100 Feet At Central Crane Prospector

Magnolia Petroleum Company No. 1 T. C. Barnsley is to do an 8,400-foot prospector in Central Crane County. It is 14 1/2 miles northwest of the town of Crane and 460 feet from north and 1,980 feet from west lines of section 27, block 32, psi survey. It is two locations south and one location east of Magnolia No. 18 Katie Lea, recently completed small pumping discovery from a Pennsylvania limestone pay. No. 18 Lea drilled through a dry Devonian section and found the Ellenburger barren. It then plugged back and completed from the Pennsylvania. To Try The Bang Magnolia plans to try to make an oil well from the Pennsylvania in No. 1 T. C. Barnsley, in the event that some fails to produce the project will be carried on down to explore the Devonian. The scheduled destination of 8,400 feet is calculated to take the development into the Devonian. Drilling with rotary tools will start at once.

NW Ector Prospect Is Grabbing Wolfcamp To Try To Complete

The story will be told shortly at Hanley Company and Associates No. 1 E. V. Headlee, Northwest Ector County prospective discovery from the Wolfcamp-Permian line. This project has perforated the 5 1/2-inch casing at 10,085-120 feet opposite a zone in the Wolfcamp which flowed oil in a drillstem at (Continued On Page Five)

New Drug Holds Slim Hope Of Conquering Dread Polio

By The Associated Press
Polio continued to kill in Texas over the weekend while slim hope was held that a new drug might have curative powers over the deadly disease. Fort Worth's City-County Hospital recorded its eighth polio fatality of the year Sunday and reported a new polio patient, while Houston admitted four more victims to its crowded hospital. Waco reported its seventy-fourth polio case of the year. He is Eugene Lyons, seven, son of Mr. and Mrs. A. N. Lyons of Route 4, Waco. At Hedgecroft Clinic in Houston, young Barry Bishop, 7, called from the deadly disease after injections of anidone which its discoverer says often helps in polio cases. Bishop Improves After being completely paralyzed, young Bishop—son of the U. S. Embassy press attache in Mexico City—showed some movement in his toes. His temperature fell from 104 degrees to 101 degrees, but the attending physician said his condition remained critical. The doctor also said there was no way of knowing whether the youth's improvement is due to the new drug. He said he had seen similar improvement in similar cases where no drug was administered. Anidone is a discovery of Dr. Albert Trenchard, Belgian doctor in Mexico City, who says he is a naturalized U. S. citizen. Used Previously In U. S. He said the drug had been used previously in the U. S. and had cured five cases of spinal polio and one of bulbar in the Rockford, Ill., hospital. The doctor of the U. S. Embassy, who was consulted before the drug was sent to Houston, said it had shown no harmful effects in its use here and appeared to have helped some cases. The death at Fort Worth was that of Woodrow Wilson Simpson, 31, Fort Worth, a production engineer. He was the son of Mr. and Mrs. C. E. Simpson of Waco. He was placed in an iron lung on admission at City-County, August 9. Simpson was a native of Tyler.

Complications To Cause Lag In Soldiers' Combat Bonuses

WASHINGTON (AP)—Military experts said Monday it will take them a long time to determine how many Americans have been under fire in Korea. They soon will start paying \$48 to tens of thousands of veterans for every month in which they spent six days within range of enemy guns. But the job of sorting out and deciding claims will involve a mountain of paper work and a long time lag, experts in both Congress and the Pentagon say. Congress approved this special combat pay shortly before adjourning in early July. The payment is retroactive to the start of the Korean campaign for those qualifying. Pentagon officials estimate it will cost between 250 million and 300 million dollars. The measure applies chiefly to infantrymen of the Army and Marines. Senator Moody (D-Mich.), the sponsor, said the main purpose is to give hazardous duty pay to men in the foxholes, thus putting them on equal footing in this respect with fliers, submariners and paratroopers. Critics said the bill would discriminate against many combat veterans unable to meet its requirements. Nobody knows yet how many servicemen and ex-servicemen are eligible. To qualify, they must have spent any six days in one month under conditions subjecting them to enemy fire. Those now serving in Korea will get their July payments as part of their August checks, Pentagon officials said. In each case, the commanding officer will have to verify that the individual was attached for the required time to a unit designated as having been within enemy range. The problems become more involved, the experts say, when they start reviewing the long lists of men who have gone through Korean combat in the past. They must check each claim against records showing the month-by-month location of all units, then verify whether the individual was attached to it for the combat period. Some experts say that a number of veterans who have seen bitter action might be ineligible. They say it is possible some infantry units might have been pulled from the line, badly chewed up, without serving the required six days during a hot month's campaign.

Altrusa Club Hears Report Of Board Meeting In Chicago

Mrs. Grace Wallace, second vice president of Altrusa International, reported on the recent meeting of the Altrusa International board of directors in Chicago when the Midland Altrusa Club met Friday night. Mrs. Wallace was hostess for the Friday meeting, held in the home of Mrs. John B. Mills, 500 East Broadway Street. A buffet supper was served in the garden to 18 members, six visitors from the Odessa club and four from the Big Spring club. In the coming year, Mrs. Wallace reported, Altrusa clubs will offer grants of money to women above college age to aid them in preparation for a vocation.

She also reported that the Seventh District, which includes Midland, was commended highly by the board for its outstanding work in the field of international relations.

Eastern Trend Seen In Clothes For Fall, 1952

From all reports, Midlanders and Southwesterners in general will follow the Eastern trends in clothing this Fall. Most of the styles for young men and women have been popular with Ivy League and Northern finishing schools for quite a while. Just recently invading the Southern high school and college campuses.

This Fall, the traditional blacks, browns and greys will be featured in tweed-textured cotton dresses. Most of the figured garments are combining black trim with royal blue and red appeal. Full skirts will definitely be in high style in more formal attire this Autumn, with coverup jackets, enabling the dresses to be used for dancing or streetwear.

Cardigan created sweaters, convertible into jackets or blouses, are quite popular. Current colors of white, golds, and toasts give attention this year. In everyday wear, straight skirts with very bulky fabrics, such as alpaca, pile and tweed, seem to bear out the trend toward sportier women's wear.

In the men's department, the trend is toward softer goods, such as worsted flannels. Flap pockets and side and center vents adorn this year's cold weather suit. Most of the suits will be somewhat darker than last year's models. The three-inch shape tie with woven patterns in place of prints is on the agenda in the neckwear field. Button-down collars on the dress shirts promise a pleasing combination with the new ties. Narrow repp bow ties are back, and growing in popularity daily.

An innovation in headwear, the 2 1/4 to 2 3/8 inch brim hat, charcoal brown topped off with a navy blue band and a feather, completes the high spots in men's clothes. All in all, it is a very promising year for smart clothes, with the accent on style and comfort foremost as usual.

This work included the shipment of clothing and medicines to Korean refugees through an Altrusa member, Mrs. In-Ai Young, Korean Diplomatic Mission in Tokyo. It also included the education of Lella Cahola of Manila, P. I., who is a student in the University of Texas nursing school at Galveston, and grants to several women from Latin American countries who are studying in the United States.

A budget, presented by Mrs. Kay Williams, was approved by the local club during Friday night's business session, conducted by Mrs. Agnes Park, president.

Plans were completed for Altrusa's participation in the clean-up campaign. Volunteer workers will be on an inspection tour of the zone assigned to the club Saturday afternoon and Monday.

Mrs. Winifred Beal and Mrs. Maurine Mills reported on their recent trips to Hawaii and brief resumes of the work of the Odessa and Big Spring clubs were given by the presidents. Mrs. Neva Rose of Odessa and Marguerite Wooten, Big Spring.

29 Women Seeking Congress Posts In November Election

By RUTH COWAN

WASHINGTON—(AP)—At least 29 women have set their sights on a seat in Congress come November.

The big field of lady candidates is a cause of satisfaction to the Women's Divisions of both the Republican and Democratic National Committees.

They are hoping that the election will result in a record number of women in the 83rd Congress, which convenes in January. The present record is 11. There were that many in both the 79th Congress and the 82nd.

A big test comes Tuesday, when New York holds its primary.

The Women's Divisions have reports that seven women — five Democrats and two Republicans — are running for the House in New York. All save one Republican, Mrs. Margaret Sullivan of Buffalo, are unopposed for party nomination. All of the 10 women now serving

McNary Speaks For Camera Club

G. G. McNary lectured on "Filters for Picture Improvement" when the Midland Camera Club met Thursday night in the Palette Club Studio. His talk was illustrated with slides shown by Herman Jones.

Plans were made to resume weekly meetings on September 4.

Attending were Betty Lewis, Maria Spencer, Mr. and Mrs. J. V. Birdwell, Mr. and Mrs. A. V. Reid, Mr. and Mrs. A. Six, I. W. Hynd, E. E. Reigle, Jones, McNary, and a visitor, John Evans.

In the House, six Republicans and four Democrats, are campaigning for reelection. Four of the Republicans and two Democrats already have won nomination.

These are Republican Rep. Frances Bolton, Ohio; Cecil Harden Indiana; Marguerite Church, Illinois; Ruth Thompson, Michigan; and Democratic Rep. Maude Kee, West Virginia, and Vera Buchanan, Pennsylvania.

At least 14 Democratic and five Republican women in various parts of the country are seeking their first term in the House.

Of these, nine—six Democrats and three Republicans—have been nominated in state primaries.

Gracie Frost won the Democratic nomination in Idaho last Tuesday. The other five Democratic primary winners are Stella Werner, Maryland; Martha Griffiths, Michigan; Mrs. John B. Sullivan, Missouri; widow of a former representative; Mrs. Aldona Appleton, New Jersey, and Goldie Wells, South Dakota.

Two Republican women, Dorothea M. B. Vermorel and Janet H. Fitzgerald, were nominated in Florida, and a third Republican, Phyllis Stewart Schafly, in Illinois.

The only woman now in the Senate, Senator Margaret Chase Smith (R-Me.), is serving a term which doesn't expire until 1954.

Rep. Edith Nourse Rogers (R-Mass.), dean of women in Congress and running for her fifteenth term, is unopposed in the state primary September 16.

In the New York primary, the renumbered 28th District will have a strictly feminine battle at the polls in November. Republican Mrs. Katherine St. George, up for her fourth term, will be opposed by Mrs. Marion E. Sanders, Democrat, former editor of the State Department magazine "America."

In New York's 33rd District, Mrs. Helen Nolan Neil is unopposed on the Democratic ticket. A former foreign correspondent herself, she is the widow of Associated Press war correspondent Eddie Neil, killed in the Spanish Civil War.

Women leaders will also be watching returns in another state primary Tuesday. In Wyoming, the first state to grant women the vote, Alice Hammond, rancher, is competing with four men for the Democratic nomination.

Phyllis Pryor Is Sweetheart Of DeMolays

Phyllis Pryor, Midland DeMolay sweetheart, has been chosen as state DeMolay sweetheart, it has been announced here. She will be honored at the state DeMolay convales in Waco August 29-31.

The state sweetheart was chosen by the state convales committee from pictures of chapter sweethearts named by DeMolay chapters throughout the state.

Miss Pryor was informed of her selection by a delegation of DeMolays, headed by Joe Cates, master counselor, who called at her home Friday night. She was presented with a bouquet of roses and was then escorted to the Western Dance at the Midland Youth Center, where a dance was dedicated to her.

The Midland DeMolay chapter will give a dance in honor of Miss Pryor sometime before the state convales.

A junior student at Midland High School, Miss Pryor is the daughter of Mr. and Mrs. William H. Pryor, 402 East Broadway Street.

A tennis enthusiast, she is entering the first annual Midland Tennis Tournament this week.

Woman Seeks Cat On Narrow Ledge Nine Floors High

NEW YORK—(AP)—A 45-year-old woman, searching for her pet cat in a Manhattan hotel early Monday, climbed out onto a two-foot ledge nine stories up.

The woman, identified as Mrs. Jean Seller, refused to enter a room where two policemen tried to coax her. But she edged her way along the ledge and climbed into an unoccupied room.

She was taken to Bellevue Hospital for observation.

The cat was found wandering in a hallway of the hotel.

Other guests told police that Mrs. Seller had walked on the ledge earlier and retrieved the wandering cat.

ELECTRIC FAN BLEW 'EM OUT?

OKLAHOMA CITY—(AP)—There was a gasp of surprise when it came time to blow out the candles at Mrs. Betty Hamm's birthday party.

It was so hot no one felt like baking, so the candles were placed on an ice cold watermelon instead.

Hospital In Bronx Gets Cobalt Device
NEW YORK—(AP)—Montefiore Hospital in the Bronx says it will receive a high-intensity radioactive cobalt "bomb" next month from Canada to help in the treatment of deep-seated cancer.
Particles of energy from the unit penetrate cancer cells to destroy them.
The Indian Ocean is almost half as big as the Pacific.

Permian Basin Oil And Gas Log-

(Continued from Page 1)
 The estimated rate of flow from 20 to 25 barrels per hour naturally.
Hole Loaded With Oil
 The hole has been loaded with oil and operators were preparing to start swabbing.
 The wildcard is expected to flow by the time the load oil has been swabbed out.
 The casing is set and cemented at 10,216 feet.
 No. 1. Headlee drilled to a bottom of 11,178 feet in the lower Pennsylvanian lime. That formation did not log any possibilities of oil production.
 It was then plugged back to 10,216 feet for the testing in the Wolfcamp.
 Location is 10 miles west of Midland, ten miles northeast of Odes-

es, and five miles northwest of the Midland Air Terminal. The drill-site is 690 feet from north and west lines of section 39, block 41, T-1-S, T&P survey.
 It is expected that this prospect will be completed as a producer and the opener of a new oil field.

Deep Wildcat In NE Eddy Shows Gas On Abo DST

Gulf Oil Corporation No. 1 Federal-General American, deep wildcat in the shallow Grayburg-Jackson area of Northeast Eddy County, showed gas on a one-hour drill-stem test of the lower Abo from 7,205 to 7,340 feet.
 On the one-hour test, gas surfaced in 35 minutes, rated at 5,100 cubic feet daily.
 Recovery was 250 feet of gas cut mud.
 Operator is drilling below 7,358 feet, still in the porous section.
 Location is 660 feet from south and 560 feet from west lines of section 24-178-29e.

McElroy In Upton Gets North Offset

J. V. Terrill No. 1-B O'Neal has been staked as a one-mile west and slightly north outpost to the McElroy field in Central-West Upton County.
 Location is 1,982.94 feet from north and 660.42 feet from west lines of section 184, block F, CCSD and RONG survey on a 600-acre lease.
 Cable tools will be used to drill to 3,600 feet, beginning at once.

French Explorer Interred In Cave

LIQ-ATHERY, FRANCE—(AP)—A bronze cross and two photographs were lowered to the deep underground grave of French cave explorer Marcel Loubens Monday as rescuers prepared to bring the last survivor from the exploration party to the surface.
 Three other men were brought up Saturday night and Sunday from 1,153 feet below in the Pierre St. Martin cave here in the Pyrenees Mountains. Loubens died there after falling 120 feet last Thursday when either the cable pulling him to the surface snapped or some other trouble developed in the hauling mechanism.
 The manuscripts were lowered to be placed on the rock grave improvised for him in the abyss.
 He and the three men below when he fell had been exploring the deep abyss as members of an expedition led by Belgian physicist Max Cozyra.

Pneumonia-Stricken Texas Artist Better
 LONDON—(AP)—Texas Artist Douglas Chandor was reported "considerably improved" Monday after the slight pneumonia attack which sent him to a hospital Friday.
 Chandor, 52, came here to paint the first portrait of Queen Elizabeth II since she inherited the throne. The queen gave the last of five sittings last week.

Seven Persons Die In Highway Crash

FALLON, NEV.—(AP)—Six touring members of a New York State family were wiped out Sunday and a San Franciscan was killed in a blazing head-on crash on U. S. Highway 40.
 Cars driven by Raymond A. Roosa, Woodbourne, N. Y., and Alfred Filka, San Francisco, collided squarely in the center of the four-lane highway 30 miles east of Fernley, Nev.
 Both drivers were killed. Churchill County authorities identified the other dead, all members of Roosa's family, as his wife, Theresa; son, Raymond, Jr., about 11; daughter, Mabel, about nine, and the driver's father and mother, Mr. and Mrs. Archie Roosa.

Four Midlanders Attend PMA Talks

Four Midlanders attended a District six Production Marketing Association meeting in San Angelo Thursday and Friday.
 Jack Bradshaw, representative of the Commodity Credit Corporation at College Station, discussed the price support on grain sorghums and procedure in handling loans.
 Attending from here were: Charles Chamption, PMA secretary; W. E. Pig, chairman of the Midland County Committee; B. T. Graham, committee member; and Mrs. J. R. Cuffman, clerk at the PMA office.

Hjorneziks' Fifth Child Takes Polio

TAYLOR, WIS.—(AP)—The fifth child of the Helge Hjornezik family to be stricken with polio was in a hospital isolation ward Monday. Danny Hjornezik, four, became ill Saturday. He is the youngest of eight children.
 The first of the family to contract the disease was Beatrice, 20. She became ill Tuesday and died Wednesday. Ardella, 12, and Gerald, 14, were hospitalized Thursday. While Beatrice's funeral was taking place Friday, Helge, Jr., 16, was stricken.

Lackey Memorial Services Planned In City Wednesday

A memorial service in honor of the late W. W. Lackey, longtime superintendent of Midland Schools, will be held at 7:30 p.m. Wednesday at the First Baptist Church, with the Board of Trustees of Hardin-Simmons University to be special guests, church officials reminded Monday.
 The Rev. Vernon Yearby, pastor of the church, announced Monday that \$4,500 of a \$6,000 goal set by a Lackey Scholarship Fund has been raised. Each year, a deserving Midland High School graduate will receive a scholarship to H-SU.
 O. D. Dillingham, vice president of the board, will preside at a 3 p.m. business session of the board. One of the matters to be considered is a proposed new women's dormitory.
 Mr. Yearby will be host to the board for a supper at 5 p.m.
 An ex-student's reception is slated at 6:45 p.m. at the home of Mr. and Mrs. Carl Peay, 1600 North J Street. The board will be honored guests.
 Often termed "the father of the Midland Public School system," Dr. Lackey was awarded a Doctor of Laws degree by Hardin-Simmons in 1937 in recognition of his contribution to the field of education. He was superintendent of schools here some 35 years.
 Dr. Lackey died June 28 in Fort Worth, where he had lived since retirement in 1941.
 A leading poet and scholar, Dr. Lackey was recognized as one of the foremost Latin scholars in Texas and also as an authority on the English Bible.
 The scholarship fund to H-SU is planned to perpetuate the memory of Dr. Lackey. He was choir director and a Sunday School teacher at the First Baptist Church.

New Westminster Church Continues Organization Work

Plans for the organization of the Westminster Presbyterian Church were continued at a congregational meeting Sunday afternoon in the First Presbyterian Church.
 September 28 was set as the date for the first church and church school services of the new church. The services will be held in Lamar School, corner of Kessler and Peach Streets.
 Temporary committees were appointed to present petitions to the Presbytery on September 4; to suggest name to the Presbytery for inclusion in its commission to organize Westminster Presbyterian Church; to ask the Presbytery to designate 7:30 p.m. on September 21 at the First Presbyterian Church, Midland, as time and place for the organization meeting; and to present nominations for officers.
 Forty-two members attended Sunday's meeting and the petition committee reported a total of 147 members.
 Dr. Matthew Lynn conducted a worship service during the meeting and Rev. Flynn Long served as moderator.

Family Expenses Outstrip Incomes, Survey Discloses

WASHINGTON—(AP)—America's city-dwelling families apparently had to borrow or dip into their savings to make both ends meet during 1951.
 The Bureau of Labor Statistics, in a preliminary report Sunday, said families living in cities and towns averaged a net income of \$4,300 for 1950. But they spent \$4,700, about six per cent more.
 The report—which BLS experts cautioned is only preliminary and subject to adjustment—was based on a door-to-door survey in 91 cities and towns.
 When the survey is completed, BLS will put out a new consumers price index—probably early next year. Since many labor contracts tie wages to the cost of living, this index is important to the nation's economy.

Eisenhower To Visit Dixie; Plans Three Talks In Texas

By MARVIN L. ARROWSMITH DENVER—(AP)—Gen. Dwight D. Eisenhower, planning a flying foray into the traditionally Democratic South, reportedly is convinced he can swing some Southern states to the Republican column in the November presidential election.
 The GOP nominee, it was learned, is arranging for a swift tour by plane which will take him into perhaps a dozen major cities in at least seven Southern states.
 The Dixie campaign tour—unprecedented for a Republican presidential candidate—is scheduled tentatively to start September 2, the day after Labor Day.
 Eisenhower is planning to fly south from New York and spend two or two and one-half days in a whirlwind invasion of Democratic strongholds.
 The decision to campaign in the South was made after the general conferred here a week ago with an eight-state delegation of Dixie supporters.
 They reportedly convinced him the Republicans have a chance to crack the Solid South for the first time since 1928, when Herbert Hoover did it without personally campaigning there.
 Eisenhower's projected Southern swing by plane will be a departure from the traditional whistle-stop campaigning by train. However, he will turn later to that type of travel.
Into Sparkman's Lair
 Eisenhower aides planning the Dixie trip say privately it is likely the general will speak in: Richmond, Va.; Atlanta, Ga.; Birmingham, Ala.; Miami and Jacksonville, Fla.; New Orleans, La.; Dallas, Fort Worth and Houston, Texas; and Memphis, Tenn.
 The Birmingham speech will take him into the home state of the Democratic vice presidential nominee, Senator John J. Sparkman.
 And the tentative plans for visiting three Texas cities underscore the Eisenhower camp's optimism about carrying his native state.
 Speeches in several of the Southern cities will be at the airports. Additional cities with airports able to accommodate the big DC-6 plane in which the general will travel may be put on the itinerary later.

Daddy Ringtail

By WESLEY DAVIS

Raddy Ringtail And Mum And Dumb

Daddy Ringtail, your monkey friend, was out to explore the Great Forest. Mugwump Monkey, the monkey boy, was out to do the ex-

ploring with him. Together they explored and walked, and at last they came to a little path that led away through leaves of golden brown all over the ground.

"Daddy Ringtail," said Mugwump,

"do you know where this little path will lead away to?" Daddy Ringtail smiled at Mugwump's question. Oh, Daddy Ringtail knew indeed where the little path would lead away to, and so

they followed the path for Mugwump to see. "Pretty soon," said Daddy Ringtail, "we shall come to a strange little house where two brothers live all by themselves. Mum is the name of one of the brothers. Dumb is the name of the other."

"Mum and Dumb!" said Mugwump. "What strange, strange brothers they both must be, to have such strange, strange names."

Yes, Mum and Dumb were strange, strange boys. Daddy Ringtail agreed, except Mum and Dumb weren't boys any more. They had both grown up to be men.

"Will they be happy to see us?" Mugwump asked.

Daddy Ringtail answered "yes sir, and yes indeed," and of course both Mum and Dumb would be happy indeed to have some company. Oh, there was a very special reason. Daddy Ringtail explained why Mum and Dumb always were happy when company came. Daddy Ringtail explained all about it as he walked along with Mugwump, closer and closer to the strange little house where Mum and Dumb lived together.

It seems that Mum and Dumb in the long ago, once had lost their tempers with one another. Mum had

lost his temper so much with Dumb; Mum said he was going to stay mum and never say another word to Dumb, except when company came to see them. And Dumb lost his temper so much with Mum; Dumb said he was going to stay dumb and never say another word to Mum except when company came around. And Mum did stay mum, and Dumb did stay dumb, and they never said a word to the other unless they had some company with them.

Oh, but when company did come to see them! How excited both became. Mum talked as fast as he could, and so did Dumb, so they could hear the news from the other, because they were very good friends, you know. They were brothers. Happy day!

 HEY! DONT FORGET GRANMA'S OLD SHOES SHE ASKED US TO SEND HER!

DICKIE DARE
 DAN HAS DRIVEN DICKIE BACK TO THE FLORIDA BRANCH OF HIS NAVAL ACADEMY
 LOOK, DAN, MY BUSTED ANKLE IS ALL SET AND SO AM I—I CAN WALK!
 ALMOST MAKES ME WISH YOU WERE BACK ON YOUR BACK! IF I KNOW YOU...
 OFF YOU'LL GO ON THE DOUBLE HOT FOOT FOR NEW TROUBLE!

BUGS BUNNY
 HAPPY BIRTHDAY, CECRO!
 BOY! LOOK AT THAT CAKE!
 MAKE A WISH, KID!
 BUT REMEMBER, IF YOU DONT BLOW OUT ALL THE CANDLES, IT WONT COME TRUE!
 HMM! HEY! WHERE YA GOIN'?
 I'M TAKIN' NO CHANCES ON NOT GETTIN' MY WISH!

ALLEY OOP
 SO ALLEY OOP AND OOLA ARE OVER IN OLD ASIA MINOR, EH?
 THAT'S RIGHT, AMOS. LETS TAKE A LOOK AND SEE HOW THEY'RE DOING.
 AH! THERE'S ALLEY... BUT I DONT SEE OOLA...
 I'LL TRY ANOTHER GETTING! HMM! NOW WE'RE GETTING IT...
 THERE SHE IS, AND FOOLY TOO... BUT LOOK! MY STARS, IS THAT A MAGIC CARPET?
 IT MUST BE MAGIC OF SOME SORT, THAT'S FOR SURE!

Houstonian Held In Death Of Daughter's Ex-Husband

HOUSTON—(AP)—John Hartford Crumpton, 55, a house painter, was in the city jail Monday charged with murder in the killing of his daughter's former husband.

Oct. 1, 1950, he was charged with the fatal shooting of Edwin J. Ruthven, 28, in front of the apartment where Crumpton then lived. A grand jury refused to indict Crumpton.

What really happens when the kids go back?

How about health measures?

Fall brings a thousand questions that must be answered. Will the kids be all right? What about new teachers? Traffic conditions around the school? Lunches? Transportation? School Board rulings? Health precautions?

You can read as much as you choose. That's why nearly everybody reads the newspaper nearly every day. That's why so many people who sell advertised products insist that they be advertised in newspapers.

The newspaper is always first with the most

Known Deaths In Lyn Flood Reach 22, May Rise Higher

LYNMOOUTH, ENGLAND — (AP)—The toll of known dead rose to 22 Monday with 12 others missing in flash floods that struck a 15-mile stretch of Southwest England's holiday coast Saturday and almost washed this picturesque resort town out to sea. Police said it may be another week before the final toll is known. The coast was crowded with holiday-makers when the flood struck and it was feared some missing persons might not be reported yet. Meanwhile, Army engineers raced desperately against newly threatening skies to corral the surging Lyn River, using dynamite and bulldozers to get it back to its course. It was feared a further water pileup would spread the still widespread floodwaters to a greater area.

Threatening gales and more rain were forecast for later Monday. First estimates put the property damage in the whole flooded area at over seven million pounds (almost 30 million dollars). The catastrophe's full force fell on Lynmouth, a picture postcard little holiday resort which turned into a boulder-strewn shambles when cloudbursts Friday changed the placid little Lyn into a torrent boiling through the main street. The flood damage here alone was estimated at more than two million pounds—over \$5,500,000 dollars. Twenty houses and 20 hotels had disappeared. At least 40 other houses were damaged. Police sealed off the town to prevent looting. More than 2,500 villagers and holiday-makers had been evacuated from the ghost village to inland ballrooms and halls hastily converted into refuge centers. Five vacationists, including three Boy Scouts, were listed among the dead and nine vacationists among those missing and presumed dead. Survivors from Lynmouth gave a graphic description of the terror that suddenly burst on them in the night. Comedian Al Rate, appearing at the local music hall, told how the audience hurried out as the noise of the flood drowned a soprano's voice.

Pecos Construction Tops Million-Dollar Aggregate For Year

PECOS—Construction work in this steadily-growing city has exceeded the \$1,000,000 mark and already is estimated to be about 90 per cent of the building activities recorded in the entire year of 1950. City Hall records show permits have been issued in the amount of \$73,000 during the first 15 days of August, bringing the 1952 total to approximately \$1,065,501. The 1951 figure stood at \$1,173,318. Accounting for most of the valuation since August 1 was issuance of a permit to Strong Construction and Engineering Company to construct a new \$59,000 auditorium at 1319 West Fourth Street for the Pecos Church of Christ. The auditorium is part of the church's expansion program initiated to improve the present building and install a covered archway connecting the two buildings. Strong has told church officials he intends to complete the auditorium in 180 days.

WASHINGTON — (AP)—Americans for Democratic Action, which sought Dwight D. Eisenhower's nomination for President four years ago, is opposed to his bid as the Republican candidate this year. The ADA, pledged to the principles of the late Franklin D. Roosevelt, endorsed the Democratic Party's presidential ticket and platform Sunday. In a statement, its National Executive Committee praised the "character, integrity and ability" of Illinois Gov. Adlai E. Stevenson and Alabama Senator John Sparkman. It said the Democratic nominees for President and vice president had public records "marked by a human outlook and strong independence of thought."

Scout 'Know-How' Saves Youth Lost Week In Mountains

SONORA, CALIF.—(AP)—Thirteen-year-old Brent Bradberry Monday told a hair-raising story of how he survived seven days alone in the High Sierra using Boy Scout know-how. The husky Lynwood, Calif., youth walked into a fishing camp Saturday, a week after he vanished on a fishing trip. Doctors here said his physical condition was perfect, except for sore feet and bruises. Brent was to join his father, Wenzel Bradberry, a Los Angeles store executive, Monday. The father was enroute here from a search for the boy in another section of the mountains. Brent said he used his knowledge of woodcraft as he followed small Cherry Creek downstream. Estimates of the distance he tramped waded, swam and tumbled ranged from 30 to 50 miles. He said he frequently crossed his own path in looking for trails.

Vandal Kills Fifth Dallas Zoo Animal

DALLAS — (AP)—VI female vicuñas in the Dallas Zoo is dead, fifth victim in recent years of a rifleman who apparently shoots just to kill. VI was killed Saturday night. Pieces of the 22-caliber bullet were found in her liver. Ray Hubbard, president of the Park Board, offered a \$250 reward for the vandal responsible. In the past, one llama, one zebra and two deer have been shot, all by a 22 rifle. A vicuña is allied to the llama and alpaca families.

American Airlines Officials Inaugurate New Service Here

A new round trip flight from Dallas to Midland was inaugurated Sunday as part of an expansion program. Making a total of three daily flights connecting Midland and Dallas by American Airlines, the new flight will originate in Dallas at 1:20 p.m. and arrive at Terminal at 3 p.m. The return trip is to be made at 3:30 p.m., arriving in Dallas at 4:30 p.m. Another new flight, a continuation of the Dallas-Midland run, leaves on a non-stop flight to Tulsa from Dallas at 5:05 p.m. to arrive in Tulsa at 6:22. M. D. Miller, vice president of the Southern Region of American Airlines, was aboard the first flight Sunday. He was accompanied by J. R. Marryat, public relations director; M. A. Atkinson, Jr., sales manager for the West Texas area; William J. Patton, sales representative, and Woody Campbell.

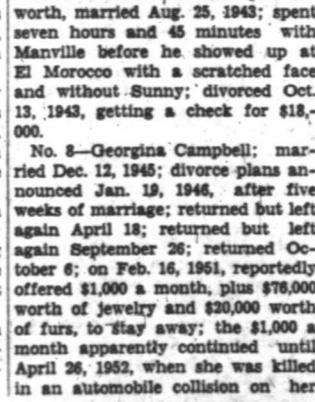

Egypt Accepts New British Credentials Silent On Dispute

CAIRO, EGYPT—(AP)—A British Foreign Office spokesman said Sunday night the Egyptian government has accepted new credentials from British Ambassador Sir Ralph Stevenson which do not mention Egypt's claim to the disputed Sudan. The credentials, signed by Queen Elizabeth II, were addressed simply to "King Ahmed Fuad II." The Egyptian Foreign Ministry received them and forwarded them to the Regency Council which acts for the infant son of exiled ex-King Farouk. The Egyptian Parliament proclaimed Farouk "king of Egypt and the Sudan" after discarding an agreement last year with Britain for the joint Anglo-Egyptian rule of the rich Upper Nile region. Britain in actual control of the Sudan never recognized the title. New credentials were needed because both Britain and Egypt had come under new sovereigns after the death last Winter of King George VI and the recent abdication of Farouk.

MORE CASH FOR LESS BLISS—Tommy Manville's Weddings Mostly Check-Writing Cues

By HENRIETTA LEITH NEW YORK — (AP)—Tommy Manville, ailing a blonde who says she will be Mrs. Manville No. 10, may not have a record on wives—a few suitans have beaten him. He may not have a record for the amount of money he has spent on divorces, either. Some wealthy Americans have put out more on one divorce settlement than Tommy has on all his divorces put together. But the 58-year-old asbestos heir probably has put out more cash for less wedded bliss than any wealthy playboy in recent generations. Manville's first marriage to folies girl Florence Huber was his longest. It lasted from 1911 to 1917, and it is not known just how much she got when she divorced him. From then on, the marriages grew shorter, and Manville's complaints about the cost became more public. Here is a tabulation, based on partial information from Manville himself and from the records: No. 2—Lois McColn, married him in 1925; left him after three months; divorced him in 1930, receiving \$1,600 a month for life. Manville said in 1941 she had already cost him over \$300,000. No. 3—Avenue Taylor, married in 1921; divorced the same year; getting a reported \$350,000 cash settlement.

Four Die Near San Angelo; Six Killed In Other Mishaps

By The Associated Press Few persons died in the fiery crash of three automobiles near San Angelo Sunday in a weekend of violence that claimed at least 10 lives. Two persons were shot to death and another drowned. The flaming three-auto collision five miles north of San Angelo killed Mrs. Vernon Milam, 35; her twin daughters, Brenda Sue and Linda Sue, 16 months, and Leroy

Renfro, 44-of Lamesa. A third member of the Milam family, Jim Ross, nine, was in critical condition at a San Angelo hospital with burns about his face, hands and feet. Mrs. D. A. Timms, 87, San Angelo, was injured less seriously. Fire followed the crash which occurred when two vehicles sideswiped and one was thrown into the path of a third. The victims died in flames.

South of Beville, two negro sailors from Kingsville Naval Air Station were burned to death Saturday in the flaming wreckage their car after it struck a bridge abutment. Their names were withheld pending notification of next of kin. A Houston woman, Ina Vaughan Jones was killed Sunday when the car in which she was riding left the road and overturned several times about four miles south of Gonzales. Officers said Mrs. Jones' traveling companion, Harry H. Schneider, was in a fair condition in a Gonzales hospital. Bobby Alvin Robertson, 22, Pecos, was injured fatally Sunday in a car-truck collision about three miles west of Poyte. Two passengers in Robertson's car—Jack Wayne Baldwin, 23, and James Allen Watson, 18, both of Pecos—were injured seriously. A seven-month-old boy was drowned Saturday while playing in a partially filled metal wash tub at his home in San Antonio. Mrs. Johnny Garcia, Sr., told officers little Jerry Garcia, her son, was playing with two other children under her supervision. She went into the house to answer the phone, and the children's grandmother found the infant under the water. Jerry was dead on arrival at Santa Rosa Hospital. A verdict of suicide and murder was returned in the deaths of Henry Fernandez and his son, J. G. Fernandez. Both were shot Friday night at the son's Houston home, where officers said the younger man apparently attempted to stop his father's suicide and got shot himself.
