Sohlo Moves District Office To Midland; Expands Scope, Area

Effective Monday Sohlo Petroleum Company will move its West Texas-New Mexico district headquarters from Abilene to Midland.

Sohlo established operational headquarters from Abilene in April, 1948. The greater part of the concern at that time were concentrated in West-Central Texas.

During the past several years Sohlo's activities have expanded into West Texas and New Mexico. The greatest concentration of Sohlo's acreage holdings and operations are presently in the West Texas area.

Three Departments

The district land and geological departments in Midland will be under the supervision of Frank Johnson, district landman, and Walter Wilkinson, district geologist.

The production department will be under the supervision of A. K. Hood, district superintendent, who has been in Midland since August, 1951.

The areal extent of the district will cover 121 counties in West Texas and West-Central Texas, as well as 13 counties in Southeast New Mexico. However, the greatest concentration of activity will be placed on the West Texas portion of the district.

Brass Stays At Abilene

For the present Sohlo's headquarters at Midland will be at its recently constructed operations office on the Rankin Highway.

The West-Central Texas area of the district will be managed by Walter W. Brown, who is remaining in Abilene in a staff capacity. Donald E. Richardson will also remain in the Abilene office in the capacity of geological scout.

The move from Abilene to Midland will bring nine new employees of Sohlo to this city. Six of those men will bring families with them. The other three are single individuals.

Markers Are Picked On Deep Formations In Dawson Wildcat

Sinclair Oil & Gas Company No. 1 Grady Scott, Central-West Dawson County wildcat had reached 12,384 feet in Devonian lime and shale and is making more hole.

So far it has not logged any shows of possible commercial oil or gas production. It was started out to go to 12,700 feet to try to find and test the Ellenburger.

Phillips Abandons Deepest Wildcat Ever Drilled In West Texas

Phillips Petroleum Company has plugged and abandoned three wildcat failures in West Texas. The dry holes are in Val Verde, Tom Green and Pecos Counties.

Phillips No. 1 Wilson, the deepest wildcat ever drilled in the Permian Basins of West Texas and Southeast New Mexico, penetrated to a total depth of 16,456 feet in barren Ellenburger lime.

It did not find any shows of possible petroleum production in any zone it drilled through.

Taps Are Reported

Top of the Pennsylvania was reported at 13,846 feet. Top of the Ellenburger was at 14,893 feet. Elevation was 1,047 feet on the derivation floor.

Location of this failure was 660 feet from north and east lines of section 63, block E, GC&SF survey. The project was in the northeast sector of Val Verde County.

It was eight miles southwest of the R. J. Caraway No. 1 Guida Rose, shut-in gas discovery from a Permian sand section.

This deep prospector has been plugged and abandoned.

Tom Green Failure

West-Central Tom Green County, Phillips No. 1 Willeke has been abandoned and plugged on a total depth of 6,800 feet in barren Ellenburger.

This prospector did not have any shows in the Ellenburger. It plugged back by stages to 5,314 feet and tested several intervals, but none of them produced any oil or gas.

Cool Spell
Clear to partly cloudy Wednesday night and Thursday with little change in temperature. Showers in El Paso area. Maximum temperature Tuesday 90 degrees; minimum Wednesday 71 degrees.

Texas Farmers Ask Disaster Aid

Heat, Drouth Damage Over State Mounts

Texas farmers and ranchers—already eligible for emergency federal loans—hoped to persuade the governor Wednesday they need still another form of drouth-disaster aid from the government.

Farm leaders gathered in Austin for a meeting called by Governor Shivers to consider asking the President to declare Texas a drouth-disaster area under the terms of Public Law 875. This would authorize the Agriculture Department's Commodity Credit Corporation to bring livestock feed into sun-burned Texas from areas that have plenty of it.

No Hope Of Break

The sun continued to bear down on the state as the farmers went to Austin to tell the governor about their parched pastures and hungry stock. The Weather Bureau said there was no hope of a break in the drouth for days.

The FHA loan program can be started on orders from the secretary of agriculture, and that was done in 1951. But it takes a request from the governor to the President to shake loose federal funds for the feed-importing program. Here's the way that disaster program would work, if the governor asked for it and President Truman okayed it:

The Commodity Credit Corporation would buy feed in areas which have surplus stocks and bring it to Texas. Then a committee, supervised by the CCG, would determine a fair price for Texas to pay. The cost of the feed to the government in excess of that price would be absorbed by the money available under Public Law 875. For example, these funds could be expected to take care of the freight rates for shipping feed into the state.

Heat Claims More Victims

Shivers invited state and federal agriculture experts to the Austin meeting and said he'd welcome anybody else concerned with the drouth.

The Austin meeting was to begin at 3:30 p.m.

Meanwhile, Texas temperatures stayed high despite partly cloudy conditions over some of the superheated Dallas-Fort Worth-Wichita Falls region where 100-plus temperatures passed the 85-straight-day mark.

It was 108 at Presidio, 105 at Fort Worth, Mineral Wells, and (Vichita Falls); 104 at Dallas, Laredo, and Childress; 103 at Abilene, Junction, and Cotulla; and 101 at Austin, Big Spring and Waco. Galveston's hot 90 degree was the state's coolest maximum.

In the sun-baked Wichita Falls, Joe W. Marlow, 52, became the city's second heat fatality of the summer. Claude Morris, 47, Tulsa, Okla., was stricken with heat exhaustion in Wichita Falls as he drove his truck there.

Dallas has had five heat deaths since the period of ultra-high temperatures began.

Rain? One one-hundredth of an inch was reported Tuesday at El Paso.

And Beaumont reported .15 inch. There wasn't any more.

RITA'S NEXT? — Hollywood is buzzing with the rumor that Rita Hayworth may have her next husband picked out, and the alleged candidate, Bob Savage, admits he is smitten with her, adding: "Wow! That dame's really got it!"

First Cotton Ginned Here

Midland County's first bale of cotton from a drouth-ridden 1952 crop was ginned Tuesday afternoon.

Producer was Clark Moreland, a 23-year-old dryland farmer with 100 acres of cotton nine miles south of Midland.

Moreland, his wife, and neighboring children went over 15 acres to get the 400-pound bale from the 1,700 pounds of seed cotton.

The young farmer, who was born and reared on the farm, planted the cotton April 25, after a Spring rain. This was his initial time to have the first bale of cotton in Midland County. Planter Gin turned it out.

Moreland anticipates a "fair crop" from his remaining acreage.

After the bale is displayed on the sidewalk in front of The First National Bank, it will be sold in special auction under auspices of the Midland Chamber of Commerce. Details for the sale are yet to be arranged.

W. S. Barnhill produced Midland's first bale of cotton in 1951 during the month of August.

Wife Of Brazilian Negro Gives Birth To Girl Quintuplets

SAO PAULO, BRAZIL — (AP) — Hospital authorities here report that a 28-year-old woman gave birth to girl quintuplets Tuesday night. Doctors said they stand a good chance of surviving.

The babies, weighing less than three pounds each, were born in the space of three hours in the interior village of Sao Carlos, authorities said. The parents are Jose Albano, 38, a negro laborer, and his wife, Maria.

The mother and her five babies were brought to Sao Paulo Hospital. The infants were placed in an incubator. Dr. Francisco Siqueira of the hospital staff said the babies appeared in good health.

The Albanos have been married 10 years, authorities said. They have had seven other children, five now dead.

CALLS SPECIAL MEETING—British Prime Minister Winston Churchill has called a special cabinet meeting in London to discuss Anglo-American differences over what to do about the situation in Iran. Here, the prime minister escorts one of his grandchildren, Christopher Soames, Jr., to the christening ceremonies of his eighth grandchild, two-month-old Jeremy Bernard Soames.

Texas Polio Cases Hit All-Time High

The highest number of polio cases ever recorded in Texas in a single year was reached last week as 214 new cases boosted the year's total to 2,784, the State Health Department said Wednesday.

The total broke the old record of 2,778 cases set in 1950. With three and one-half months remaining this year, this means the grim new record will far exceed that of two years ago.

Meanwhile the disease was still killing and crippling Texans.

A five-month-old baby girl, Linda Darnell Adams of Stockdale, died in San Antonio. And in Houston, 16-year-old Charlotte Key of Alvin became Houston's tenth non-resistant polio fatality of the year.

Meanwhile, the new anti-polio drug, anionic, was continued in treatment at Houston of Barry Bishop, Jr., University of Texas student and son of the U. S. Embassy's press attache in Mexico City.

Bishop was reported "holding his own" after several days of anionic injections but still in a critical condition.

Jet Crashes Kill Four RAF Airmen

LONDON — (AP) — Four Royal Air Force men died in two jet crashes Wednesday, bringing the two-day toll to six crashes and 11 deaths.

A twin-jet Canberra bomber, one of Britain's newest and fastest, plunged into a field near Royston, Hertfordshire, killing all three aboard. A twin-jet Meteor fighter plummeted near Stockton-On-Tees, Yorkshire, killing the pilot.

★ LATE NEWS FLASHES ★

WASHINGTON — (AP) — American diplomats said Wednesday Russia's move to abolish the Politburo is aimed at feeling outsiders as well as Russian citizens into believing the Communist Party setup is being democratized.

TEHRAN, IRAN — (AP) — In a renewal of assaults on U. S. military personnel, six Americans including two lieutenant colonels, were attacked Wednesday by Red-inspired Iranians as the Americans drove through Tehran streets.

Robert Bean of Abilene turned in a 76 Wednesday afternoon to win the annual Junior Golf Tournament here. He had a total of 229 in the 54-hole medal play. Runnerup was Marcelino Moreno of Midland with a 231 total.

HAMPTON BEACH, N. H. — (AP) — Senator Richard Nixon Wednesday challenged Gov. Adlai Stevenson to refuse or accept publicly President Truman's support and say whether he would keep Dean Acheson as Secretary of State, uphold the Brannan farm program and favor federal control of coastal Tidelands.

Rev. J. Frank Norris Dies After Long Baptist Career

KEYSTONE HEIGHTS, FLA. — (AP) — The Rev. J. Frank Norris, 74, Baptist pastor who believed that a preacher "ought to stir up the devil," died Wednesday.

He was a tall, white-haired man who strode through many a stormy moment in Texas — including a murder trial in which he pleaded self defense and was acquitted.

Death came from a heart seizure. Mr. Norris had flown here Tuesday to attend a Fundamentalist Baptist Youth camp at Keystone Heights, some 40 miles south of Jacksonville. He appeared in good health at camp meetings Tuesday night but died about 2 a.m. Wednesday, shortly after he was stricken.

He was a leader in the organization of the Fundamentalist Baptist churches which established its world-wide headquarters in Chicago in 1937, with 3,000 churches affiliated.

He was pastor for years of two churches 1,300 miles apart—the First Baptist Church at Fort Worth and the Temple Baptist Church in Detroit, Mich. Their total membership was approximately 20,000. He flew back and forth to serve both.

He resigned as pastor of the Detroit church in May, 1951, after 16 years there.

At the time of his death, Mr. Norris was chairman of the trustees of the Bible Baptist Seminary, which he helped found in Fort Worth in 1939; pastor of the First Baptist Church of Fort Worth, where he had served 44 years, and director of the World Baptist Fellowship.

J. Frank Norris — his full name was John Franklin — was a leader in the prohibition election in Texas in 1919. He set up a huge tent in Fort Worth for his sermons. One night it was cut to pieces. Early in 1912 his church burned.

At the grand jury investigation of the fire, anonymous letters threatening the minister and one of his deacons were introduced. The grand jury, holding that Mr. Norris had written the letters himself, returned a perjury indictment along with one charging arson.

When the jury acquitted him on the perjury indictment, his followers in the courtroom stood up and sang "The Old Time Religion." The arson indictment was dismissed.

In Murder Trial

The murder trial came in 1927 after D. E. Chippa, wealthy Fort Worth lumberman, was shot in Mr. Norris' office. Mr. Norris had been carrying a crusade against city politics and mentioning specific personalities.

Mr. Norris was born in Dadeville, Ala. where he said he felt the urge to preach when he was seven years old. His family moved to Texas when he was 11, and he started preaching when he was still in his teens in the country school houses around Hubbard in Central Texas.

He was graduated from Baylor University in 1908 and from the Southern Baptist Theological Seminary at Louisville, Ky., in 1906.

Survivors include three sons and a daughter—J. Frank Norris, Jr., Charleston, S. C.; Jim Gaddy Norris, Fort Worth; the Rev. George Norris, who is a Fundamentalist Baptist preacher in Fort Worth, and Mrs. Lillian Gaddy Weaver of Chicago.

Last Lap Clean-Up Splurge Set Friday

Midland is going to clean up its Clean-Up Drive Friday.

Leaders in the campaign to rid Midland of its trash piles decided Wednesday to make a careful two-day survey and then, on Friday, launch an all-out battle to finish the job started Monday.

On Wednesday and Thursday, inspection teams will roam back alleys to determine the best routes for an army of trucks and workers.

City Manager W. H. Oswald said the city workers will be available to man trucks which will be made available by business and industrial organizations for Friday's final offensive.

Oswald explained that it would take city garbage and trash trucks four months to complete the job while handling their normal business at the same time.

By furnishing the necessary labor, the city would have to spend only \$400 for what he considered a \$1,500 job.

Plans Sounded

Plans for Friday's campaign came after scores of residents complained that trash they had gathered together over the weekend was still waiting to be picked up.

Drive leaders asked them to be patient and try to keep the piles from being scattered until Friday's pick up can be made.

A plea went out for 25 trucks which, along with drivers, will be needed Friday. Those with trucks available are asked to contact the Chamber of Commerce.

The trucks will be dispatched from the 700 block of South Main Street at 8 a.m. Friday.

Man Stabbed During Fight At Spraberry

A 30-year-old Midland carpenter was in a critical condition Wednesday with numerous stab wounds received in an early-morning fight with another man at Spraberry on the Garden City Highway.

Deputy Sheriff Guy Fletcher said the wounded man had been identified as R. R. Roberts, 1799 South Llanas Street.

The other man was being held in the Midland County jail pending further investigation.

Details of the fight between the two men were meager.

One report said the two were driving toward Midland, when they stopped at Spraberry about 6:30 a.m. An argument ensued between the two over Roberts' driving and the fight started.

Roberts suffered numerous lacerations of the face and forehead and stab wounds in the abdomen.

The assailant rushed Roberts to Midland and stopped at the office of the Joe Bradley Trucking Company to summon an ambulance.

Fletcher said Roberts' condition was too critical to permit questioning and the other man, in a drunken condition, could give no coherent account of the incident.

Absentee Balloting Shows High Interest In Saturday Runoff

Final preparations were being completed Wednesday for Saturday's second Democratic primary election which will decide one state and two Midland county commissioner races.

The office of County Clerk Rosebelly Cherry reported 53 absentee ballots had been cast and the deadline was reached Tuesday. It was called an unusually large number, considering that only the three offices were at stake.

In the lone state race, Spurgeon Bell of Houston is facing Frank Culver of Fort Worth for nomination as Democratic candidate for the state Supreme Court.

Main interest in Midland County is centered in the race between O. J. Hubbard and Earl Ray for the post of County Commissioner from Precinct 1, which includes more than 90 per cent of the county's population.

In the other race, J. C. Franklin faces Bill Brown for County Commissioner from Precinct 3.

All other races were settled in the July 26 Democratic primary election.

Resident Of Midland For 46 Years Dies; Rites Set Thursday

Mrs. Catherine Elizabeth Shelburne, 79, of 211 East New York Street, died at the family residence at 4:30 a.m. Wednesday.

Funeral services will be held at 4 p.m. Thursday in the Calvary Baptist Church with the Rev. Fred McPherson of Lubbock, officiating. Assisting will be the Rev. Leon P. Woods, pastor of the Calvary Baptist Church, and the Rev. J. Q. Woodard, associate pastor of the First Baptist Church. Newell W. Ellis Chapel will be in charge of arrangements, with interment in Fairview Cemetery.

A Midland resident since 1906, Mrs. Shelburne was born Sept. 10, 1872 near Chattanooga, Tenn. The former Catherine Elizabeth Shelton, daughter of Joseph and Jane Shelton, she was married Oct. 13, 1898, to Thomas Riley Shelburne at Plano.

Shelburne preceded her in death here Dec. 30, 1934.

Mrs. Shelburne became a member of the Baptist Church in 1896, and long was a faithful member of the Calvary Baptist Church.

Survivors include five sons, Jesse, Cers, Edger and Joe Shelburne of Midland; four daughters, Mrs. Minnie Holman of Alpine, Mrs. Katy Montgomery, Mrs. Neils Burris and Mrs. Laura Pyland of Midland; 22 grandchildren and 19 great-grandchildren.

Four other children preceded Mrs. Shelburne in death.

Claude and Inez Shelburne died in childhood. Jim Shelburne, a former Midland County Clerk, died March 19, 1930. Another daughter, Mrs. Mary Jane McKinnon, died Aug. 29, 1944, at Iowa Park.

U. S. Snubs Uncle Dudley; Hadacol Re-Named Midkiff

Hadacol Corner is no more. In fact, it's not even Hadacol. Now it's Midkiff.

That's the official decision of the United States Post Office Department in making final arrangements for the establishment of a fourth-class post office at the bustling Little Upton County oil field community.

"They frowned on the name of Hadacol," reported Congressman Ken Regan Tuesday, "and thought the name Midkiff, after the well-known ranching family in this area, would be more appropriate."

Regan said that he had just sent a recommendation to Washington that W. L. Williams, operator of a variety store at Hadacol-pardon, Midkiff—be appointed postmaster.

While there are not too many permanent residents of Midkiff, said Congressman Regan, the post office would serve numerous oil field camps located in the vicinity.

Lackey Memorial Rites Wednesday Night To Climax Activities Of H-SU Trustees

After a business session at 3 p.m. Wednesday in the studios of Radio Station KCRB in Hotel Scharbauer, the Board of Trustees of Hardin-Simmons University at Abilene will climax its activities by attending memorial services Wednesday evening for Dr. William Wilson Lackey, pioneer Midland educator.

The services will be held at 8 p.m. in the First Baptist Church of Midland. The Rev. Vernon Yearby, pastor of the church and board member, extended the invitation to the board to attend.

Other Hardin-Simmons officials who will attend include Dr. Rupert N. Richardson, president; Wayne Evans of Hartsford, president of the ex-students association; Murray Evans, head coach; Kenneth Hill, executive secretary of the ex-student association; Frank J. Smith, vice president; and George Hine, Jr., athletic publicity director.

Construction of a new women's dormitory at the university will be considered at the board's 3 p.m. business session. O. D. Dillingham, vice president of the board, will preside.

The board will be guests at an ex-students reception at 6:30 p.m. in the home of Mr. and Mrs. Carl

Dr. R. N. Richardson

Water Consumption Climbs In Midland Toward Danger Line

Midland's water consumption began climbing back toward the danger mark Tuesday as temperatures ranged around 100 degrees.

H. E. Nunn, city water and sewer engineer, reported 10,560,000 gallons of water were used during the day with pressure tank sinking to 11 1/2 feet, its lowest mark of the season.

While well below the record 10,900,000 gallons used in a single day earlier this summer, water consumption is rising steadily.

Ike, Adlai Prefer To Run Race Afoot; Both Shun TV

By JAMES MARLOW

WASHINGTON—(AP)—This is the year when the presidential candidates breeze around like the kid on the flying carpet. Candidates used to campaign by train. General Eisenhower and Governor Stevenson will criss-cross the country by train and plane.

They must be great believers in the magic of personal appearances for that's really doing it the hard way in a year like this when for the first time TV virtually blankets the nation.

In the long run even the wear and tear of whirling around the country may be easier on them than if they sat down face to face in front of a nation-wide TV hook-up and debated.

Senator Moody, Michigan Democrat, suggested they do just that. And NBC President Joseph McConnell has offered them radio and TV time for a debate on the issues.

Unless they've challenged one another in confidential correspondence which hasn't been revealed, neither man has shown enthusiasm for the idea.

All the issues in the campaign, so far as the voters are concerned, can be reduced to a couple of questions about the candidates themselves: (1) How will they think and (2) what are their intentions if elected?

One or the other of the candidates might wreck himself, but the voters would benefit, if Eisenhower

Air Force Reservists To Hear Meet Report

Regular meeting of the 9816th VART Squadron will be held at 7:30 p.m. Thursday in the district courtroom of the Midland County Courthouse.

A report will be given on the group training meeting held in Lubbock this week. This will include detailed information on retirement pay for reservists.

The program, Strategic Air Operations, will be given by Major Timothy Bullard.

DOMINIE GETS AROUND — Rev. J. C. Wizes, 67-year-old Fargo, N. D., minister, stands beside the wall of license plates he has collected during his years of travel as a field representative of the Evangelical Lutheran Church. He has been collecting plates since he started his ministry 38 years ago and they add up to 650,000 miles of travel, 15 autos and residence in three states.

Government Families Decry Taxable But Voteless Fate

FREDERICK, MD.—(AP)—Three hundred families living on a nearby federal reservation have gone to court over their taxable but voteless status. They claim it constitutes "taxation without representation."

The families live at Camp Detrick, an Army Chemical Corps installation northwest of Frederick, taken under "exclusive jurisdiction" by the federal government in 1942.

The state of Maryland says that families living on the government reservation can't vote; that for the purposes of franchise they might as well be living outside the state's boundaries.

Yet the state expects those same civilians to pay state income taxes, sales taxes, automobile titling taxes, and other state levies.

The state bases its stand on the federal Constitution and a Maryland Court of Appeals decision. The right of taxation, the state says, comes from an act of Congress that permits states to retain taxation rights even though the federal government controls the land in question in all other respects.

Camp Detrick residents, however, have filed suit in Frederick County Circuit Court seeking the restoration of their right to vote under the "taxation without representation" principle. They also want a judicial determination of other rights, including the answers to such questions as:

Are their estates subject to state inheritance tax? Can their wills be

Draftee Refuses To Take Army Oath

SAN ANTONIO—(AP)—Refusing to take the oath of allegiance to the United States on the ground of his religious belief, a Jehovah's Witness member was arrested Tuesday afternoon at the San Antonio Army and Air Force induction and examining station.

He was Henry Lee Walker, 23, who gave his address as Carlsbad, N. M., was sent here by Draft Board No. 65 in Lockhart.

Federal Bureau of Investigation made the arrest after being notified by Army authorities of Walker's refusal to be sworn into the Army.

Arraigned before U. S. Com. Arley V. Knight, Walker waived a hearing. He was remanded to the Bexar County jail in default of \$5,000 bond.

Individual horses have been known to reach the age of 40 or more.

Primer On Ko-War GI Bill Of Rights

Q. To qualify for the benefits of the so-called Korean vets GI Bill of Rights must you actually have served in Korea?

A. No. As long as you served after June 27, 1950, got a discharge other than dishonorable and served for at least 90 days—unless discharged with a service-connected disability before that time—you could have served any place in the world, in the United States or abroad.

Q. What's the new regulation on flight training?

A. For a veteran taking flight training, the allowance will be 75 per cent of the school's established charge for non-veterans taking the same course. If he's taking flight training along with some other courses, he will receive the flight training pay as well as whatever other allowance he is entitled to. In any case, flight trainees will use up the entitlement at the rate of one day for each \$1.25 paid to them by the VA.

Q. What does VA pay a vet who is going to college under the new bill?

A. Rates for veterans in full-time training in schools and colleges are \$110 a month, if they have no dependents; \$135 if they have one dependent; and \$160 if they have more than one dependent. Those in training less than full-time will receive lower monthly rates.

Q. What's this about payments for some training being reduced as time goes on?

A. On-job and on-farm rates are reduced, at four-month intervals, as the training progresses and the veteran's own earnings increase.

Q. What about correspondence school courses under the new GI bill?

A. For veterans taking correspondence courses only, VA's allowance will be the school's established charge for non-veterans taking the same course.

Hawaiians Observe 'Texas Day' Event

HONOLULU—(AP)—Tuesday was Texas Day in Hawaii, thanks to a goodwill delegation from the Texas Federation of Women's Clubs.

The delegation called on Gov. Oren E. Long and presented him with a friendship scroll, a Texas flag, greetings from the Texas governor and two scholarships to the University of Texas for Hawaiian students.

The governor gallantly responded by declaring August 19 Texas Day in Hawaii.

The women arrived here Friday from Manila on an international goodwill tour and leave for home next Friday.

Andrews Awards Water System Project Contract

ANDREWS—The Panhandle Construction Company of Lubbock has been awarded the contract for improvement of the water system at a meeting of the Andrews City Council.

The low bid of \$48,890 won the contract. Two other companies submitted lower bids than that of the Panhandle Company but did not meet the engineer's specifications.

A total of 18 bids were submitted. The contract calls for 30,380 feet of six-inch pipe, 4,380 feet of eight-inch pipe, 87 fire hydrants, 22 six-inch gate valves and 16,825 pounds of six and eight-inch iron fittings. The contract also called for a 100 cubic yards of solid rock excavations.

The water mains in the Watkins-Nix addition in South Andrews will receive the first attention as the mains are considered in critical shape.

Work on this project will start as soon as equipment, personnel, and materials can be moved to Andrews. The contractor has 120 working days to complete the improvements.

FRIDAY

The Terminal Library's Children's Story Hour will meet at 10:30 a.m. in the library. The Dunbar Branch will meet at the same time.

SATURDAY

The Midland County Museum will be open from 2:30 until 5 p.m.

Midland Nurses Leave For Polio Ward Assignment

Two Midland Memorial Hospital nurses left Tuesday for a two-month assignment in the polio ward of St. Joseph's Hospital in Sioux City, Iowa.

Rosebud Hoy, executive secretary of the American Red Cross, who made arrangements for the transfer, said the two are Billy Gieger and Ouida Martin, who have been in surgery at the hospital here.

"They will work with polio cases during the two months they are in Sioux City," she said, "and then will return to Midland, well-trained in handling polio cases."

The transfer program is being carried on through the cooperation of the American Red Cross with the National Foundation for Infantile Paralysis.

Gayle Barton, F. W. Taylor Wed Saturday

Mr. and Mrs. E. V. Barton, 704 North Pecos Street, are announcing the marriage of their daughter, Virginia Gayle, to Farrell Wayne Taylor, son of Mr. and Mrs. T. L. Taylor, 1704 North Keith Street.

The marriage was solemnized Saturday in Burnet.

Mrs. Taylor is a former resident of New London. The bridegroom, who moved to Midland from Royse City, is employed by Sinclair Oil Company.

Coffee Honors Isleta Terry

Isleta Terry, bride-elect of Sgt. William Serriner of Lubbock and Baltimore, Md., was named honoree for a coffee Saturday morning, given by Mrs. Roy A. Downer, Jr., and Mrs. Carroll H. Cook in the Cook home at 408 West Pecos Street.

Miss Terry and Sergeant Serriner are to be married August 30 in the Saint Ann's Catholic Church. Miss Terry is a graduate of Midland High School and attended Texas Technological College, Lubbock, the past year.

Assisting in the houseparty Saturday were Marjane Forrest, Juh. Haslip, Suzanne Young, Shirley Harrison and Mrs. Ralph Brooks.

The bride's chosen colors, blue and yellow, were featured in decorations. Blue asters and yellow daisies centered the refreshment table and were used in the party room.

Approximately 50 guests called during the party hours.

Mrs. Pigg Slated For Degree At ACC

ABILENE—Mrs. Georgia Iva Pigg, 2218 West Michigan Street, Midland, will be among the 52 Abilene Christian College seniors who will receive degrees at Summer commencement exercises August 22.

Mrs. Pigg, the mother of two ACC students, majored in primary education with an English minor and will receive a B.S. degree.

New York Woman Graduates From Social Work To Politics

By ROBERT FARRINGTON

NEW YORK—(AP)—Mrs. Oswald Lord, co-chairman of Citizens for Eisenhower-Nixon, is an amateur in politics.

She entered the political fray last Spring because of a wartime acquaintance with Gen. Dwight D. Eisenhower and because she likes "being helpful."

Tall, dark-haired and with a quiet tactful manner, Mrs. Lord's grey eyes twinkle when she tries to trace

Square Dance Slated Saturday

The Permian Basin Square Dance Association will hold a dance Saturday night at the Ranchland Hill Country Club. It has been announced by Mrs. Hester of Crane, president of the association.

Music will be furnished by Jim King and his band and guest callers will assist with the program. Visitors are welcome to attend, Hester said.

70 Guests Attend Magnolia Picnic Held At Andrews

ANDREWS—Approximately 70 attended the annual picnic for Magnolia Petroleum employees of this area held at the Magnolia Production Camp in the Fullerton Field.

Phil Houston, production foreman, and Mrs. Houston were in charge of arrangements.

Guests included John Hiscom, district superintendent, Harlan Glenn, chief clerk, and Mrs. Glenn, Cleo Burnett, warehouse foreman, and Mrs. Burnett, all of Brownfield; Charlie Ray and Charlie Underiner, engineers, Mrs. Ray and Mrs. Underiner, Seminole; Mr. and Mrs. Harold Stalin, Kermit; Mr. and Mrs. Otis Pharr and children, El Paso.

Mrs. Bettie Crombie and son, Rickie, Wichita Falls; Mr. and Mrs. L. Z. Brown and children, Mr. and Mrs. Dave Kinney, Jr., Mrs. Dave Kinney, III, and son, Davy, Mr. and Mrs. O. M. Mix and children, and Mr. and Mrs. Huey York and son, all of Andrews; and Randy Ballard of Lovington, N. M.

Andrews employees attending with their families included Foreman Phil Houston, Jim Justice, Lloyd Henley, Percy Morrison, Lloyd Ford, Frons Jones, Neil Wilson, Hershell Armstrong, Glenn O'Hann, Earl Hughes and Hubert Colbert.

Shelby-Reynolds Wedding Is Held

CRANE—Mrs. Doreen Shelby and Thomas E. Reynolds were united in marriage at 4 p.m. on August 10 in the Tabernacle Baptist Church, with Rev. L. A. Whitley officiating. Attendants for the couple were Orphy Shipman of Midland and J. L. Pettit of Amarillo. Mrs. Herman Pettit played the traditional wedding music.

An informal reception was held at the home of the bride's mother, Mrs. Edna Pettit, after the ceremony.

Mrs. Reynolds has lived with her mother in Crane for the past three years, and has been employed at the Well Servicing Company part of that time. She attended school in Big Spring.

Her husband is the son of Mr. and Mrs. Archie Reynolds, who live at the Cowden lease near Odessa. He is now serving in the U. S. Navy and is stationed at San Diego, Calif., where the couple will live after a brief wedding trip.

Saturday Story Hour Postponed

The regular Saturday morning Children's Story Hour at the Midland County Library will not be held this week, it was announced Wednesday.

The change was made this week to avoid conflict in location with a precinct voting site in Saturday's election, it was explained by Mrs. Lucille Carroll, librarian.

Newcomer Feted At Andrews Party

ANDREWS—Mrs. Richard R. Ramsey and Mrs. Z. W. Hutchenson, Jr., entertained with a coffee at the Hutchenson home complimenting Mrs. Harry H. Tompkins, Andrews newcomer.

Mrs. Tompkins and her husband, Dr. Harry H. Tompkins, have recently moved to Andrews. Dr. Tompkins is associated with the Andrews Medical and Surgical Clinic.

In the receiving line for the coffee were Mrs. E. F. Wright, the honoree and hostess, Mrs. Max Ramsey and Mrs. Nell Hayes presided at the refreshment table.

Approximately 200 guests called during the party hours.

Longyearben, administrative capital of Spitsbergen, was named for John M. Longyear, a Bostonian.

Day Study Club Host For Picnic

Families of members were guests when the Day Study Club of the Order of the Eastern Star completed its Summer program with a picnic Tuesday night at the M. D. Abel home on East Highway 80.

Guests assembled on the lawn at the Abel home for the picnic supper.

Attending were Mr. and Mrs. E. B. Ray and daughter, Mr. and Mrs. Bill Warner and son, Mr. and Mrs. Walton Cates and children, Mr. and Mrs. Floyd Shirely, Mrs. Anna Pale, Mrs. Ken Umerson, Mr. and Mrs. Charles Robson, Mr. and Mrs. R. R. Frantz and children, Mr. and Mrs. A. R. Gilson, Mr. and Mrs. J. C. Kelly and Mr. and Mrs. Abel and children.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may occur in the columns of The Reporter-Telegram will be gladly corrected upon being brought to the attention of the editor.

Again, the devil taketh him up into an exceedingly high mountain, and sheweth him all the kingdoms of the world, and the glory of them.—Matthew 4:8.

Another Blow At Lotteries-

Many persons who oppose gambling refuse to consider lottery in the same light although the federal government and many states long ago ruled that lottery is a form of gambling and unlawful.

Schemes frequently are proposed which merely are lotteries and many of these have been curbed by U. S. Postal Laws which forbid use of the mails in any way in connection with lotteries.

Now, the Bureau of Internal Revenue has held that stores or persons participating in "lottery plan merchandising" must pay federal gambling tax stamps and pay a monthly-wagering levy.

This is a government response to the crime investigation and it applies to all gambling operations and not just to the big time gamblers. True, a lottery may be a simple thing in which participants lose nothing or only a nominal sum.

Courts have ruled that "any exchange of property by chance is a lottery."

What's So Sour About It?

The sympathy of any man who ever has been stuck with an automobile that wants to remain immobile will go forth in a great wave to Marine Cpl. Frank Farkas, of Quantico, Va.

Farkas, a veteran of 11 months of Korean fighting, returned to this country with one of the dreams of every young man returned from the wars. He wanted a car to haul his buddies around in the daytime and his girl at night.

So he bought himself a car 80 days ago—a 1949 sedan. Since then, he said, he'd spent \$600 on it in repairs. That's better than \$7 a day. The dream was becoming a nightmare.

Figuring he didn't have much more to lose on his investment, Farkas decorated his ailing vehicle with the words "lemon" spelled out in bright, gold letters, and for good measure added a few pictures of lemons. That's what he thought of his dream car.

The next thing Farkas knew he found himself in court in nearby Washington, D. C., convicted of driving around the city with lemons on his car. The judge said he was violating a Washington regulation against displays which "ridicule" the maker of an automobile.

Why all the concern for automobiles? You can call your wife a lemon. Might even get by with doing it twice. You can call your boss a lemon, if you keep it low. You can call a movie a lemon, and people like critics even get paid for doing it.

So why can't a young fellow who has bought himself a car, and presumably paid for it, decorate it just about anyway that pops into his carefree head?

Hard work is about the only-thing that will help you to overcome being born poor.

"You're Kicking In to My Fund, Too, Ain'tcha?"

The Washington Merry-Go-Round

Senator Paul H. Douglas says: Reform needed in system of nominating Presidential candidates; Americans should have say in selection, as well as election, of their President; Grass-roots feeling for national primary tremendous.

WASHINGTON—The 1952 Democratic and Republican national conventions are now a page in history. But for the first time more than 60,000,000 American have become intimately acquainted with such a page.

Although the two 1952 conventions came up with good candidates there are still many people who, rightly or wrongly, feel that they have been cheated out of a chance to vote for their first choice in November.

There can be no assurance of lasting military strength without firm economic conditions. —British Prime Minister Winston Churchill.

Have a Laugh: In a small town, the American Legion post gave a dinner on Washington's Birthday. The attorney general of the state was the principal speaker.

since, if they do, they will receive financial assistance for the use of their election facilities and services.

These agreements would provide for a payment which is limited to not more than 20 cents for each vote cast in a presidential-preference primary. The Attorney General would be given the responsibility for carrying the bill's provisions into effect.

After watching the national convention on television the people are, I believe, determined to get their rightful say in the selection, as well as the election, of the president of the United States.

IT'D WORK, AT ANY RATE

CARBONDALE, ILL. — (AP) — To slow down motorists, several Carbondale residents proposed that their street be graded like a roller coaster.

Mayor John Wright commented that the same effect might be gained by allowing streets to deteriorate into rut, making speeding impractical.

Q—On what ballot was James Garfield nominated for President? A—The 39th ballot.

Q—By what name was Scotland once known? A—The Romans called Scotland "Caledonia."

Q—Do scientists agree on the number of constellations? A—Modern astronomers agree to eighty-eight.

Q—What is the official residence of the governor general of Canada? A—Rideau Hall in Ottawa.

Q—When did the first U. S. gold rush occur? A—In 1828 in Lumpkin County, Georgia.

After talking to delegates who have struggled back home, Arch Hearsh says he believes the only draft at the Democratic convention came from the air-conditioning machinery. The party machinery just got what it wanted.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service. "How was I to know who had the jack of clubs?" asked West when today's hand was over.

Bridge hand diagram showing cards for North, West, East, and South.

West should have known, and maybe you can put yourself in his place to see just how he could tell. West opened the jack of spades, dummy covered with the queen, and East won with the king.

WASHINGTON COLUMN

Swordsmen Ike And Stevenson Have Yet To Draw First Blood

By PETER EDSON, NEA Washington Correspondent. WASHINGTON—The dog days of August may be too early to expect anything better. But the presidential campaign thus far has been largely a long-distance fencing match of glittering generalities from both parties.

Political swords have sparkled listlessly in the Summer sunlight. Neither swordman has drawn blood or been able to yell even one polite "Touche."

General Eisenhower's widely heralded huddles with John Foster Dulles on foreign policy also have been a trifle on the uncertain side. Dulles came out in one two-hour conference saying the general agreed with him "that the trend of our present foreign policy is to put our nation in the greatest peril of our national history."

The general reaction to this in Washington was that Dulles and Eisenhower should know. They both helped make those policies and carry them out, Ike in NATO and the ambassador in the UN and the Pacific.

Just how Dulles is going to abandon the policy of containment of communism and adopt a more aggressive policy, without going to war, he never has explained.

This penchant for vague talk seems to have affected some of the general's other callers. Thus a group of farm state senators and congressmen came out saying: "We know that General Eisenhower, with his family roots in our great farm country, is going to present positive, forward-looking farm policies during the campaign."

Hog markets and grain prices never quivered at this. And no farmer knew what to expect in the way of soil conservation payments. There is, of course, a certain safety in the kind of fuzzy language.

Thus Allan Kline, the Farm Bureau Federation head, came out of his conference with Eisenhower, saying that the general "apparently favors a flexible farm price support policy."

By this statement, Kline succeeded in putting his foot in the general's mouth in a great big way. There will be repercussions on that one for a long time to come.

But when will the candidates themselves get going?

When in a large group you see an acquaintance who has not noticed you. WRONG! Wait for the acquaintance to notice you before saying "Hello."

RIGHT! If you want to be known as a friendly person, always take the trouble to walk up and say "Hello."

TODAY'S QUESTION: The bidding is the same as in the question just answered. You, South, hold: Spades 7-3, Hearts K-Q-7-4, Diamonds K-Q-7-6-3-2, Clubs 6. What do you do? Answer Thursday.

Underneath the Bough: By Edna G. Robins. Louise Weston and Aunt Ella had the sunny dining room to themselves. Harry had gone to his business, Ted to school.

Q—On what ballot was James Garfield nominated for President? A—The 39th ballot.

Q—By what name was Scotland once known? A—The Romans called Scotland "Caledonia."

Q—Do scientists agree on the number of constellations? A—Modern astronomers agree to eighty-eight.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, WEDNESDAY, AUG. 20, 1952-5

Bridal Shower Given To Honor Mary Hunt

Mary Hunt was the honoree at a bridal shower Tuesday in the home of Freddie Stultz, 423 South Fort Worth Street. Miss Hunt is the bride-elect of Harold Hughes of Midland. The couple will be married August 30 in the First Assembly of God Church.

The hostesses were Miss Stultz, Jeanita Rice, Mrs. Roy Rotan and Mrs. Oran Simmons.

A pink linen dress with navy blue accessories and a pink carnation corsage was worn by the honoree. Mrs. G. S. Hunt, mother of the bride-elect, wore a white, carnation corsage.

Bride and bridesroom figurines standing under an arch, surrounded by pink roses, formed the centerpiece for the serving table. Pink candies were placed on either side of the arrangement.

Thirty-five guests attended.

Lola Farnsworth Named Honoree For Gift Party

Jean Godfrey, Nellivee and Betty Clark entertained with a surprise gift party Tuesday night at their home, 209 East Michigan Street, honoring Lola Farnsworth, bride-elect of James Kerr.

Miss Farnsworth and Mr. Kerr are to be married September 5 in the First Baptist Church.

The honoree was presented with a selection of aprons and cup towels and with a corsage of white carnations and blue ribbons, emphasizing her chosen colors.

Rainbow asters and mums decorated the living room for the occasion. Games furnished entertainment for guests.

Present were Ruby Gilbert, Wilda Drake, Jean Akins, Rosalyn Magee, Frankie Ratliff, Grace McCulloch, Peggy Renshaw, Mary Jo Jackson, Margaret Dougherty, Jewell Garrett, Anna Joyce Streeter, Elizabeth Brown, Evelyn Young, Estelene Warren, Verla Lee Goins, the hostesses and honoree.

Beauty Points Out Figure Needs

Beautiful Bess Myerson, a former Miss America, considers her height, five feet, ten inches in stocking feet, an important glamor asset. She has made a careful study of the right clothes for her figure, and gladly passes what she has learned along to you. She prefers the flared coat to the fitted (above), and likes to wear hats that silhouette her face, and yet don't look absurdly small (top center).

Miss Myerson is also extremely conscious of the jewelry she wears. Because she is quite slender, in addition to being tall, she prefers delicate pieces for evening wear (lower center). Of course, every tall girl knows the problems encountered when shoe shopping. It is no simple matter to find smart-looking shoes. Bess Myerson chooses the basic pump with occasional variations (right).

For Summer wear, she is particularly partial to white and pastel jewelry, and since she is quite slender, she likes rather fragile pieces. When it comes to picking suits and dresses, Bess Myerson usually chooses a full-bloused effect. She also likes softly flared skirts and wide belts.

EDITOR'S NOTE: Bess Myerson, former Miss America, shares her key to successful "tall girl" shopping in this exclusive interview with NEA Beauty Editor Alicia Hart. The famous beauty, now a hostess on the TV quiz program, "The Big Payoff," has made her own height a valuable asset, and she offers a number of fashion-wise and practical ideas that should prove extremely helpful to anyone whose problem is height.

BY ALICIA HART
NEA Beauty Editor

How tall is tall? Well, that's a matter of opinion. But if, like glamorous Bess Myerson, you know what it's like to tower over a dancing partner, look for a dress unsuccessfully in the "Misses Department," and try to buy hats that don't add to your height, you no doubt have some very definite opinions on the subject.

"The only way to approach the situation," explains the one-time Miss America, "is to appreciate your tall figure rather than bemoan it."

Bess Myerson certainly is in a position to give advice. Not only has her figure helped her to win the world-famous beauty contest, but in addition it has proved to be a top asset in her television work.

"I admit it isn't easy to find flat-

tering clothes," says Miss Myerson, "but after years of studying my figure needs, I have devised my own key to buying."

Starting from the head and working down, Bess Myerson recommends you give a lot of thought to your hats. Many tall women, she believes, pick large styles because they think these hats will somehow or other give the illusion of less height.

"I don't agree!" Miss Myerson states emphatically. "Every extremely tall woman I have ever seen in a large hat looks much taller to me. I, personally, have found small sculptured hats much more flattering. They should follow the general contour of your face, and create interest, but not at the risk of overwhelming the observer."

Bess Myerson, who has combined a career and married life successfully, never underestimates the importance of glamor. She feels that all women can achieve a completely feminine look by wearing just the right amount of jewelry with every costume.

Baptist Training Union Has Party

The Faithful Followers Training Union of the Calvary Baptist Church was entertained with a watermelon supper Tuesday on the church lawn.

Out-of-city guests were Mr. and Mrs. Jess Crowe and daughter of Farmington, N. M., formerly of Midland.

Others attending were Rev. and Mrs. Leon Woods, Doyle Thomas, president of the group, Mrs. Thomas, Mr. and Mrs. J. T. Meeks, Mr. and Mrs. Clyde Tunnell, Mr. and Mrs. A. E. Bowman, Mr. and Mrs. Ulys Barber and children, Diane and Prissy, Mr. and Mrs. L. C. Conner and children, Frankie, Lyndell and Cynthia.

Mrs. H. A. Wells and daughter, Barbara, Mrs. Margaret Glendenning, Mrs. Ford Faulkner, Mrs. Max Shipman, Mrs. Kenneth Shipman and Mrs. H. E. Collins.

Mrs. Sullivan Host To AAUW Bridge Group

A Summer vacation theme was featured at the meeting of the bridge group of the American Association of University Women Monday night in the home of Mrs. Richard Sullivan, 1606 North West Front Street.

Souvenir table covers and plates from different states were used during the refreshment hour and the featured floral arrangement was of gladiolus in a cowboy boot.

Mrs. Sullivan was assisted in receiving guests and distributing tidbits by her daughter, Helen Ludeweka, who was wearing a floor length dress of nursery rhyme print.

Prizes were won by Mrs. John Evans, Mrs. R. L. Pay and Mrs. William Carter.

Introduced as new members were Mrs. Alfred Vogel and Mrs. O. G. McHenry. Others present were Mrs. Robert Gray, Mrs. W. O. Reynolds and Mrs. Michael Cristiani.

Midlanders Will Attend Convention In Corpus Christi

Mr. and Mrs. G. E. Massey and Mr. and Mrs. K. M. Stuart were to leave Wednesday for Corpus Christi to attend the annual convention of the State Reserve Life Insurance Company.

The expense-paid trip for the group is an award for outstanding sales jobs of the two men for the company during the past year.

Sixty-five persons are expected to attend the convention, which will continue through Sunday. In addition to the business sessions, there will be deep sea fishing, beach parties and a dinner dance.

Aly To End Visit With Rita Hayworth

HOLLYWOOD —(AP)— Aly Khan is scheduled to fly Wednesday night to Chicago after spending several days here visiting with his estranged wife, actress Rita Hayworth.

There was no word of a reconciliation. They have been seen in public numerous times in recent days, and Tuesday lunched together near Rita's studio.

Wear Bikini Suit, Beauty Show Loser Challenges Winner

NAPLES, ITALY —(AP)— Dark-haired Gusseli Basar of Turkey, who won the title of Miss Europe even though she refused to wear the traditional Bikini bathing suit, was challenged Wednesday to bare more of her claim to the beauty crown.

France's Nicolet Druin, who came in second in Tuesday night's contest, claimed the modest Miss Turkey was not really up to Miss Europe standards.

"Miss Germany Vera Marks and I both challenged Miss Turkey to appear in a Bikini before a just jury," she said. "She has a mark on her face and her thighs are not well-modelled."

In the traditional bathing suit parade, the Turkish girl wore a two-piece suit that covered many of the charms a Bikini would have shown.

PLUMBER HURT HERE.
Bobby D. Leonard, Big Spring, employed as a plumber by General Engineering Corporation, caught a finger between a piece of pipe and a wheel barrow Tuesday. Treatment was given at Western Clinic-Hospital.

Edgar A. Guest, famous American poet, was born in Birmingham, England.

To the Astecs an ear of corn tasted best if full of borers, says the National Geographic Society.

Daddy Ringtail

Daddy Ringtail And Famous Name

Mugwump Monkey, the monkey

boy, was walking along by the Whispering River. He was looking for the famous old fellow with the famous name of "Weary Wayfarer."

Oh, the Weary Wayfarer was a famous name indeed. Why, Weary Wayfarer had travelled far and travelled wide, and now he was travelling again through the Great Forest.

"There he is!" said Mugwump to himself, because ahead of his there—sitting on a rock to do some resting—was the Weary Wayfarer. Oh, it was the famous Weary Wayfarer right, all right. He was wearing an old slouch hat, and an old black coat, all covered with dust from his many travels. Yes, and there beside him was the Weary Wayfarer pack that he had slipped from his back to rest his shoulders.

The BIBLE

-Can You Quote It?

- Copyright 1952
LAVINA ROSS FOWLER
- 1-The Lord thy God will hold thy right hand, saying unto thee, Fear not; I will. *Isaiah 41:13.*
 - 2-When did man first start blaming his mistakes on his wife? *Genesis 3:13.*
 - 3-Blessed is he that considereth the poor: The Lord will deliver him in time of. *Psalms 41:1.*
 - 4-Despise not the chastening of the Lord neither be weary of. *Proverbs 3:11.*
 - 5-Be watchful, and strengthen the things which remain, that are ready to die: for. *Revelation 3:2.*
 - 6-For we brought nothing into this world, and it is certain we can. *1 Timothy 6:7.*
 - 7-Name the one decent man who kept the earth and all living things from destruction. *Genesis 1:5, 6, 7.*
- Six correct... excellent. Four correct... good.
- For wisdom, courage and peace read the Bible daily.

a famous name: Oh why didn't Mugwump have a famous name such as Super-Monkey, or Mighty Monkey, or something? Why did he have to have a name like plain old Mugwump? How he wished he had a famous name.

"Weary Wayfarer," said Mugwump, "did you ever hear of Super-Monkey?"

"Nope," said the Weary Wayfarer. "Did you ever hear of Mighty Monkey?" asked Mugwump.

"Nope," said the Weary Wayfarer. "Well," said Mugwump, "I guess you never heard of me, either, because I am Mugwump Monkey."

But up jumped the Weary Wayfarer to hear it. He shook Mugwump's hand and said how happy he was to know a famous someone like Mugwump Monkey, and why was Mugwump famous? Why, Mugwump was famous for all the kind and very polite words he said to people. Oh yes he was! And if a someone has a name that isn't famous, the someone can make his name quite famous, all right, all right, by doing famous things. Happy day!

Bell, Culver Campaign Hard In Only Texas-Wide Runoff

By The Associated Press
Texas had a new third party Wednesday and voters of the state could vote for Gen. Douglas MacArthur if they prefer him for President.

The chairman of the new group, the Christian Nationalist Party, told the Associated Press that MacArthur's name would be entered on the general election ballots of 24 states.

Meanwhile, the two candidates in the Texas' only state-wide runoff campaigned vigorously for decisive votes in Saturday's second Democratic primary.

At Houston, Spurgeon Bell expressed confidence in his race for

Reports Of Aircraft Plant In Midland Called Rumors

Despite a widespread rumor which has gained momentum in recent weeks, city officials have no knowledge of a major aircraft corporation planning to locate a manufacturing branch in Midland.

The Texas Employment Commission said a Midland man had contacted it desiring to know where the aircraft corporation was maintaining its employment office here.

"We have not been contacted by any aircraft officials regarding location of a plant here, and it's a mystery to us how the rumor got started," the employment commission officials said.

The Chamber of Commerce, while having reports of the rumor, also were "in the dark" regarding the rumored plant.

"We just hope it's true," chamber officials said, "but we haven't any idea how the rumor originated."

Louisiana Democrats Debate Platform, National Tickets

BATON ROUGE, LA.—(P)—The Louisiana Democratic State Central Committee meets Wednesday to hear criticism of the national party platform and decide whether to endorse the presidential ticket.

Indications pointed to a stormy session when the party's 100-member governing authority convened at 2 p.m.

Twenty committeemen with differing viewpoints met informally for two hours Tuesday night in an attempt to draw up an agenda for Wednesday. They reported they were pretty evenly divided over whether to put Gov. Adlai Stevenson of Illinois and Senator John Sparkman of Alabama on the ballot under the traditional rooster symbol of the Louisiana Democratic party.

Committee Chairman M. B. Carstarphan said he had been informed that a resolution would be offered pledging the 10 presidential electors and the symbol to the nominees.

But, he added, "I understand this resolution will be presented only if there is agreement that the party of Louisiana does not adopt the national platform in toto."

Gov. Robert Kennon said in advance of the meeting that he would ask the committee to condemn the plank sponsoring a Fair Employment Practices Commission, although it is referred to by another name.

Tidelands Again
Kennon also said he would criticize a proposed change in Senate rules to place a limit on free debate and the platform's "failure to recognize our just claim to the Louisiana Tidelands, which the Republic platform does not recognize."

The governor, who led Louisiana's delegation to the National Convention, said he would request the committee to endorse the group for its opposition to the platform and to uphold its action in refusing to sign the loyalty pledge.

Kennon continued silent on the presidential ticket. He has maintained that it is up to the Central Committee to decide whether to endorse Stevenson and Sparkman.

There has been speculation about an independent state running under a pelican symbol on the ballot. It would be headed by Dwight Eisenhower.

Place No. 1 on the State Supreme Court. And in San Antonio, Judge Frank Culver of Fort Worth said he would best the Harris County man.

Culver said two other Supreme Court candidates had switched their allegiance to him for Saturday's runoff. Culver, who led his opponent by about 4,000 votes in the July primary, said the only issue in the race was qualifications and experience. He predicted "certain victory" for himself Saturday.

He planned to be in Austin Wednesday and in Waco Thursday.

In Austin, Weldon Hart, state Democratic Executive Committee secretary, told committees undecided about holding elections Saturday that all he could do was quote the law.

The state's new election code says all counties must hold a second primary election Saturday even if it's just to decide state and district races. There seemed to be some doubt whether the law meant what it said.

Code Quoted
Article 185 of the Election Code says in part:

"If all candidates for county and precinct offices are nominated within the county at the first primary election, it shall still be the duty of the county executive committee to hold a second primary election for the purpose of nominating district and state candidates."

Some Texas counties decided all their county and district races in the first primary, leaving only the race for Supreme Court between Culver and Bell.

Two of the counties are Runnels and Concho. Runnels County Chairman Homer Hudgins and Concho County Chairman Frank Coker both have said no elections are set for their counties Saturday.

'Same Foreign Policy'
A. V. Grant, Saint Jo attorney and oil man and chairman of the new "MacArthur Party" said both General D. Eisenhower, GOP candidate, and Illinois Adlai Stevenson, Democratic candidate for President, "represent the same foreign policy."

"In our opinion," Grant said, "the other party candidates do not represent the best interests of America."

He said MacArthur and Jack B. Tenney of Los Angeles were put on the Christian Nationalist ticket without their prior approval. "We drafted them," he explained.

The Saint Jo man said his party "opposes constitutional, conservative government, state ownership of Tidelands, and... active prosecution of the Korean War to a quick victory, with unconditional surrender."

Grant, who said the party planned to set up state headquarters in Dallas or Fort Worth at a later date, said the group opposed the civil rights program "and all other forms of intrusion on states rights."

"We oppose practically all the New Deal and Fair Deal programs," he said and added:

"We are violently opposed to the Acheson-Marshall policy."

Sailplane Pilots Seek New Records In Texas Contest

GRAND PRAIRIE—(P)—Glider pilots taking part in the nineteenth annual National Soaring Contest here set their sights for a distance beyond 227 miles Wednesday.

Tuesday, Bill Coverdale of Chattanooga, Tenn., and Bill Evans of San Diego, Calif., reached Amarillo in their planes to tie for first place as the 12-day contest started. Amarillo is 227 miles from the Grand Prairie airport, starting place for the contestants.

Ray Parker of Twenty-Nine Palms, Calif., reached Amarillo, but it was not his set goal so he was only awarded second place under contest rules.

Defending national champion Dick Johnson of Starville, Miss., reached his goal when he landed at Lubbock, 290 miles from the airport. Others reached Clinton, Okla., (324 miles); Childress, Texas, (317) and Wichita Falls (317).

Leading in the two-place plane category after the first day is Ted Nelson of San Leandro, Calif., whose self-launching Hummingbird carried him to Childress.

Johnson holds the world's distance record of 948 miles, which he set last year by flying from Odessa, Texas, to Salina, Kan.

Infant Electrocuted By Floor Lamp Cord

SAN ANTONIO—(P)—Susan Wieman, six-month-old child of T/Sgt. and Mrs. William Wieman, was electrocuted here Tuesday as she played with her twin sister on her mother's living room floor.

The child apparently came in contact with an extension cord to a floor lamp. The other twin was not injured.

FOREHEAD LACERATED

Duke Jimerson, Jr., four-year-old son of Mr. and Mrs. Duke Jimerson, Sr., 408 North B Street, bumped into a hammock and suffered a lacerated forehead Monday. Treatment was given at Midland Memorial Hospital.

Johnson's Hard Gloss Glo-Coat is super-hard—it stays bright and smooth so shoes don't leave a scuffed-up look!

Johnson's and "Hard Gloss Glo-Coat" are trademarks.

ANOTHER PRODUCT OF JOHNSON'S WAX RESEARCH

1,400,000 Young Texans Will Answer School Bells As Fall Semester Opens

AUSTIN—(P)—“Back-to-school” time is almost here, and Texas public schools will be opening their doors to approximately 1,400,000 children in the next few weeks.

Opening the school doors will open state and local treasuries to a sum of an estimated 400 million dollars during the coming school year.

Even with that large an expenditure for educating its youth, Texas will see thousands of youngsters going to school on a half-day basis because of inadequate classroom space.

Teacher Supply Low

And many of the students—particularly in elementary classes—will be taught by teachers who do not meet fully accreditation requirements of the State Education Office. The reason for this is that the supply of teachers still is not filling the demand.

In fact, the teacher shortage appears to be growing more critical, according to Executive Secretary Charles Tennyson of the Texas State Teachers Association.

Tennyson's opinion is backed by a report from State Education Commissioner J. W. Edgar that “superintendents are having more difficulty than at any time since World War II in filling their staffs.”

Edgar revealed that this year marks “the first time we've had a significant shortage in high school teachers of academic courses such as English and sciences.” Superintendents are also busy looking for school nurses, band directors, and coaches.

Standards Are High

Does this shortage of teachers and crowding of classrooms mean Texas school children are not getting a good education?

Absolutely not, said Edgar.

“They are getting a better education than you or I got,” he said emphatically. “And they have many more opportunities for learning outside the schools. I'm satisfied with

the way my three girls are being taught in high school, junior, and elementary school.”

The opening date for public schools is strictly a matter for local school board decision, but Edgar anticipated most schools will start September 2 or September 8. (Midland schools open September 2.)

“The only thing the state office is interested in is that they comply with the law requiring 175 days of actual instructional work within one year. They can start when they want to, just so they get in 175 days,” he explained.

A school day is defined as a day of at least seven hours, including recesses, with at least two hours of instructional work in the morning and two in the afternoon.

Incidentally, if you are kicking about not being able to put your child in school because he is under six on September 1, don't blame state law entirely.

The law does not prohibit children under six going to school but does forbid payments to schools on those children. If the local school board wants to accept under-age beginners without getting state aid for them, it can do so.

Odesa expected an opening enrollment of 10,000 pupils and had to plan a double-day program in

some grades to get them all in. Some classes in the first four grades in all Odesa elementary schools will be divided between morning and afternoon sessions.

Supt. W. T. Barrett said Odesa had a deficit of some 35 elementary classrooms but that 39 new ones would be completed soon after the first of the year.

Double Sessions

Three elementary schools in Houston will open on double sessions. School officials hoped the condition would be relieved by midterm with completion of two new schools.

Snyder, on a boom the past few years with discovery of oil, got busy and has two new elementary schools ready for the first time this school year.

School officials in South Texas raced to keep ahead of growing enrollment. A survey by the Corpus Christi Caller-Times showed some three million dollars in bond issues approved for new school construction in Aransas, San Patricio, Bee and Karnes Counties.

Taft is one of those farsighted cities expecting the bulge to reach high school level within a few years. A new high school plant there is scheduled for completion early next year. Rockport will have a new high school ready next year. Other towns in the area have started new high schools in order

to devote present facilities to the lower grades.

Colorado City in West Texas was one of the few cities expecting a drop in enrollment. Supt. Ed E. Williams said it was possible and based his prediction on the exodus of job seekers left without work because of the drought and the steel strike.

Victoria schools were ready for opening with a new pastel paint job in the classrooms and corridors. One corridor was ivory with coral woodwork trim.

Teachers at Midland were going to be welcomed at a big party Thursday evening at Memorial Stadium. It will be the fifth annual welcoming party staged by the Midland Chamber of Commerce. Watermelon will be the refreshment.

Teachers at Harlingen have to go to school before the children do. They started a two-weeks workshop Monday. It's a new idea sponsored jointly by the University of Texas, the Texas Educational Agency and the Harlingen Independent School District.

It's for supervisors, instructors and parents. They talk about orientation of new teachers, improved teaching practices, curriculum improvements, classroom supervision, faculty meetings, development of the psychology of schools and use of research findings.

Firefighter Injured Here

A Midland fireman suffered minor injuries in a hog pen blaze at 2901 East Indiana Street, at 3:30 p.m. Tuesday.

Attaches at Western Clinic-Hospital said the fireman, A. C. Baker at 1821 South Weatherford Street, suffered burns of the left foot and ankle when he stepped into burning hay in the hog pen.

No hogs were in the pen at the time of the blaze, with damage limited to a small quantity of hay. Cause of the fire was unknown, firemen said.

Another alarm was answered by firemen to the Manhattan Cafe at 6:30 p.m., where defective wiring in a neon sign had caused a small blaze. No damage was reported.

A false alarm was answered by firemen to 201 North Cariso Street at 9:08 p.m. Tuesday.

Bell Claims New Backing

Spurgeon Bell, runoff candidate for associate justice of the Supreme Court, Place 1, has notified Midland friends, with whom he had earlier in the Summer that he had been pledged the support of leading backers of Glen Lewis and A. R. Stout, the two candidates eliminated from the race in the July primary.

In the official ballot of lawyers conducted by the State Bar of Texas Bell received a plurality of all of the votes cast for the four candidates in the poll.

Bell expressed appreciation for the work done in his behalf in Midland County. He ran a close second to Lewis, San Angelo lawyer, who led the field of four candidates in West Texas.

Bell's supporters emphasize his temperament, his habit of hard work, and his active engagement in all phases of the civil law practices for many years as qualifications that fit him to serve on the Supreme Court of Texas.

Former Stanolind Official In Midland Dies At Abilene

L. E. Sloan, 68, former Stanolind Oil and Gas Company district superintendent at Midland, died at 2:35 p.m. Tuesday at Hendrick Memorial Hospital in Abilene after a one-day illness.

Sloan was in charge of production for Stanolind in an area which included the Panhandle, Scurry County on the west, San Angelo on the south, east to Fort Worth, and all of the North Texas area (Wichita Falls).

In the oil business 41 years, Sloan would have been retired in October, 1953, on reaching 65 years of age. He was a member of the Masonic Lodge and was a Shriner.

Funeral arrangements are incomplete, but will be handled from Kiker-Warren Funeral Home in Abilene.

Mrs. Ella Sloan of Emerton, Pa. Sloan worked in the Burkburnett oil boom, and in oil areas of Oklahoma, Kansas, and Texas.

Formerly with McMann Oil Company, Sloan went to work for Stanolind in 1929, when McMann and several other oil companies were consolidated with Stanolind since that time, serving as field superintendent several years at McCamey, Wink, and later at Midland. He had served as district superintendent in Fort Worth, Midland and Pampa before moving to Abilene from Pampa almost two years ago.

Midland County's ONLY Authorized Dealer

marked “the first time we've had a significant shortage in high school teachers of academic courses such as English and sciences.” Superintendents are also busy looking for school nurses, band directors, and coaches.

Standards Are High

Does this shortage of teachers and crowding of classrooms mean Texas school children are not getting a good education?

Absolutely not, said Edgar.

“They are getting a better education than you or I got,” he said emphatically. “And they have many more opportunities for learning outside the schools. I'm satisfied with

the way my three girls are being taught in high school, junior, and elementary school.”

The opening date for public schools is strictly a matter for local school board decision, but Edgar anticipated most schools will start September 2 or September 8. (Midland schools open September 2.)

“The only thing the state office is interested in is that they comply with the law requiring 175 days of actual instructional work within one year. They can start when they want to, just so they get in 175 days,” he explained.

A school day is defined as a day of at least seven hours, including recesses, with at least two hours of instructional work in the morning and two in the afternoon.

Incidentally, if you are kicking about not being able to put your child in school because he is under six on September 1, don't blame state law entirely.

The law does not prohibit children under six going to school but does forbid payments to schools on those children. If the local school board wants to accept under-age beginners without getting state aid for them, it can do so.

Odesa expected an opening enrollment of 10,000 pupils and had to plan a double-day program in

some grades to get them all in. Some classes in the first four grades in all Odesa elementary schools will be divided between morning and afternoon sessions.

Supt. W. T. Barrett said Odesa had a deficit of some 35 elementary classrooms but that 39 new ones would be completed soon after the first of the year.

Double Sessions

Three elementary schools in Houston will open on double sessions. School officials hoped the condition would be relieved by midterm with completion of two new schools.

Snyder, on a boom the past few years with discovery of oil, got busy and has two new elementary schools ready for the first time this school year.

School officials in South Texas raced to keep ahead of growing enrollment. A survey by the Corpus Christi Caller-Times showed some three million dollars in bond issues approved for new school construction in Aransas, San Patricio, Bee and Karnes Counties.

Taft is one of those farsighted cities expecting the bulge to reach high school level within a few years. A new high school plant there is scheduled for completion early next year. Rockport will have a new high school ready next year. Other towns in the area have started new high schools in order

to devote present facilities to the lower grades.

Colorado City in West Texas was one of the few cities expecting a drop in enrollment. Supt. Ed E. Williams said it was possible and based his prediction on the exodus of job seekers left without work because of the drought and the steel strike.

Victoria schools were ready for opening with a new pastel paint job in the classrooms and corridors. One corridor was ivory with coral woodwork trim.

Teachers at Midland were going to be welcomed at a big party Thursday evening at Memorial Stadium. It will be the fifth annual welcoming party staged by the Midland Chamber of Commerce. Watermelon will be the refreshment.

Teachers at Harlingen have to go to school before the children do. They started a two-weeks workshop Monday. It's a new idea sponsored jointly by the University of Texas, the Texas Educational Agency and the Harlingen Independent School District.

It's for supervisors, instructors and parents. They talk about orientation of new teachers, improved teaching practices, curriculum improvements, classroom supervision, faculty meetings, development of the psychology of schools and use of research findings.

POT WASHER GETS REVENGE

NEWPORT, WALES—(P)—The park gardener's 15-year-old assistant just couldn't stand flower pots.

Day after day, week after week, he had to wash the pesky things instead of looking after the flowers.

The final straw came when people began calling him “pot washer” when he was out with his girl. So he repaid through the potting shed and broke the stems of 288 prize chrysanthemums valued at 125 pounds (\$500)—and to make matters worse, he left a note calling his boss a “pig-headed slave driver.”

“He must have gone berserk,” pleaded his counsel.

The Newport Juvenile Court fined the pot-washer five pounds \$14.

Man Lives 11 Hours Following His Leap From High Building

MIAMI, FLA.—(P)—A man who plunged from the thirteenth floor of a Miami office building and crashed through the roof of an adjoining two-story structure died Wednesday, more than 11 hours after his spectacular fall.

He was Charles R. Svoboda, 41, a former employe in the Pacific Building from which he leaped. Police said he jumped from a window in a man's toilet, across the street from Miami's downtown postoffice.

He regained consciousness at Jackson Memorial Hospital long enough to tell a nurse he felt “lousy.”

Police said they found no reason for Svoboda's leap.

'Copter Accident Victims Identified

SAN MARCOS—(P)—Two men killed Tuesday in the flaming crash of a six-place Air Force helicopter have been identified.

They were Capt. Ralph H. King, 27, of San Marcos AFB, instructor, and First Lt. Verne Armstrong, student, on temporary duty at San Marcos AFB.

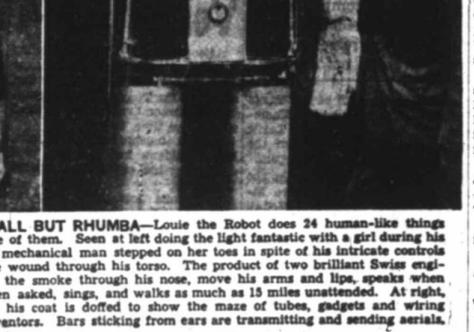

King is survived by his widow who lives at San Marcos and his parents, Mr. and Mrs. William E. King, Baltimore, Md. Armstrong, whose regular station was the Dover, Del. AFB, is survived by his widow and five children, all living at San Marcos.

The copter crashed 15 miles north of here Tuesday. A witness said the craft fell to earth and burned after its rear propeller tore loose in flight.

The poisonous bite of the black widow spider kills about five per cent of its known victims.

Two More West Texans Face Charge Of Smuggling Cattle

EL PASO—(P)—Two more West Texas cattlemen were named Tuesday in complaints charging complicity in huge cattle smuggling operations along the border near Sierra Blanca.

Warrants were issued here by U. S. Commissioner Henry Clifton for Wayne Babb, Sierra Blanca rancher, and Herman L. Wilkerson, Big Spring.

Babb is the brother of Walter D. and Irving Babb, named in complaints last July. Wilkerson is the brother of Fred and Leonard Wilkerson, charged with driving trucks in which the cattle were hauled from the border to livestock sales rings. He is the owner of the trucks.

Bureau of Animal Industry and U. S. Customs inspectors left here Tuesday for Austin to begin rounding up 123 head of cattle scattered over a wide area within 100 miles of Austin.

The cattle will not be destroyed, as were 223 head rounded up in July, but will be taken to packing plants and processed for meat. Proceeds will be returned to ranches from which the animals were stolen.

The entire case will be presented to a federal grand jury here in October. Others named in the original complaint were Tom E. Grubb, Sierra Blanca, and J. T. Marchant, Midland cattle buyer.

DAGMAR LEARNS ABOUT LEANING

SALISBURY BEACH, N. H. — (P)—Dagmar, busy television and night club star, narrowly escaped injury Wednesday when a bow on her dress caught fire as she leaned over an outdoor barbecue pit.

Her husband, Danny Dayton, suffered slight burns as he crushed out sparks.

“It almost put Dagmar out of the show business,” he commented.

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Now is the time for all smart motorists to discover how Conoco's great new "50,000 Miles—No Wear" Service helps engines last longer, perform better, use less gasoline and oil!

This is exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

- Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—have your engine sparkling clean!
- He'll Recondition Air and Oil Filter! He'll clean filter elements, replace dirty cartridge, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.
- He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulations of dirt and contamination—protect metal surfaces from corrosive combustion acids—light rust—and OIL-PLATE against wear.

10—THE MIDLAND REPORTER-TELEGRAM, WEDNESDAY, AUG. 20, 1932

Roberts Lines Up With Bobby Shantz In 20-Game Circle

PITTSBURGH.—(P)—Robin Roberts, the Philadelphia Phillies right-hander, Tuesday night took a big bite out of a sandwich, gulped a glass of milk and said: "Sure, I've won 20 games but I'm not predicting how many more I'll win this season—I'm just looking to win number 21 whenever it comes."

By JOE REICHLER
AP Sports Writer

Who is the best pitcher in baseball today? The folks of Little Pottstown, Pa., point to their own Bobby Shantz, the pint-sized southpaw of the Athletics as the game's top hurler. On the other hand, the good citizens of Springfield, Ill., contend that their Robin Roberts, the pride of the Phillies, is the best in the business.

At any rate, one thing is certain. Robin Roberts and Bobby Shantz are the only two 20-game winners in the major leagues today. Shantz was the first to reach the charmed circle, notching his twentieth triumph August 5. Roberts, who joined him Tuesday, became the first National League pitcher to reach that total.

Roberts coasted to his twenty-second complete game in 28 starts Tuesday night as the Phils outgamed Pittsburgh, 10-5. The Pirates scored four times in the last two innings after the Phils had built up a 9-1 lead. It marked the third straight year the 25-year-old right hander has reached the 20-win mark.

The Athletics didn't need the services of Shantz as they swept a doubleheader from the lowly Detroit Tigers, 4-3 and 6-5, to climb into a fifth-place tie with Chicago and advance within nine games of the pace-setting New York Yankees.

Yanks Lose, Hold Own

Although beaten by the White Sox, 3-1, the Yankees managed to retain their two-game advantage

SPORTS MIRROR

Tribe Dumps Braves, 12-5

Nicolls Is Winner; Hits First Homer

SWEETWATER — The Midland Indians were to move into Vernon Wednesday to open a three-game series with the cellar-dwelling Dusters after taking the rubber game of a three-game set from the Sweetwater Braves Tuesday night, 12-5.

Keith Nicolls, supported by a 13-hit attack and errorless defensive play, notched his twenty-second win with an eight-hit victory.

The stocky right-hander, who has lost only eight games this season in keeping Midland in the thick of the first-division fight retired 16 Sweetwater players in a row after giving up a single to the leadoff batter in the first inning.

Nicolls struck out nine, walked only one and helped his own cause with a solo home run in the fifth inning, his first circuit blast of the season.

The Indians started slowly, registering one run in the third inning to take a 1-0 edge. But they added single tallies in the fourth and fifth and two in the sixth, then soaked the game down in the eighth stanza with a seven-run outburst.

Manuel Tenes, Indian second baseman, led his teammates at the plate, collecting three safeties in four trips.

Thrown in with Midland's 13 hits were eight walks, two hit batsmen and two Sweetwater errors.

John (Chief) Miller went all the way for the Braves on the mound in taking the loss.

SHOULD BE A FARE ONE
CENTRALIA, ILL.—(P)—Despite a water hazard, the Benton, Ill., Country Club's No. 7 hole has been a cinch for Lou Applegate. Playing in different fouromes, he made a hole-in-one there one Sunday and duplicated the feat a few Sundays later.

GRID TICKET SALES SLATED

Sale of season tickets for the 1932 Midland Bulldogs football campaign will open at 8 p.m. September 3 in the foyer of the high school auditorium, Wesley N. Martin, director of special services, announced Wednesday.

Martin's offices have been serving by mail requests listed at the end of the 1931 season for the same seats this year. Martin reminded Wednesday that many fans had not responded to letters, August 25 is the deadline, he emphasized.

Season tickets cost \$9 each. Tickets not picked up in response to the letters will be offered on general sales, Martin said.

TOP COMPETITOR—Winston Farquar of El Paso is proving a leading contender in the first annual Midland Tennis Tournament. He teamed with Dick Gorner Tuesday for a doubles victory. Here Farquar sets to return a serve in play Tuesday.

Favorites Come Through In Midland Tennis Tourney

Favorites still had everything their own way in the first annual Midland Tennis Tournament Tuesday as lopsided scores prevailed in the second day of competition.

However, the tournament is so designed that competition will get tougher as the meet progresses and by the time the semi-finals and finals are run off Saturday is scheduled, since all of the others draw holes. The only contest Thursday will pit Angel and Levitt against Barnes and Cone on the first court which becomes open.

Drawing first-round byes in the veterans doubles bracket were Eldred and Chase, Brady and McCall and Hall and Freels.

The schedule for boys' singles matches Thursday follows:
K. Freeman vs James Tom, Court No. 1; Dwight Linaley vs Jim Johnson, Court No. 2; Doug Hatfield vs Art Mayhew, Court No. 4, and David Leggett vs Gene Adkins, Court No. 5.

Drawing byes were K. Klapproth, Preston Butcher, J. R. Wilkinson and Peter Lekish.

The schedule for men's veterans singles matches, which start at 4:30 p.m. Thursday, follows:
Cliff Hall vs Stanley Levitt, Court No. 1; Joe Angel vs Bryan Elder, Court No. 2; Jack Chase vs Leo Brady, Court No. 3.

Bob Barnes drew a bye for his first round.

Women's singles matches will be held Thursday and Friday. The pairings will be released in Thursday's Reporter-Telegram.

Only one veteran's doubles match Tuesday saw Brady and McCall win over Boone and Meyer, 6-1, 6-2; Belew and Coons win over Wolfe and Qualla, 6-4, 6-2; Hurley and Patterson win over Cochrane and Smith, 6-0, 6-0; Scudady and Law-horn win over McBride and Scurluck, 6-3, 6-0.

Quarter-finals in the men's singles division will be run off at 5:15 p.m. Wednesday with action in the junior boys singles division slated to begin at 9:30 a.m. Thursday. The second round in the boys' singles matches will be held at 2 p.m. Thursday.

Veterans' Matches

Then at 4:30 p.m. Thursday, the veterans singles matches will be unreeled with the men's veteran's doubles competition scheduled at 6 p.m. Thursday.

Only one veteran's doubles match

Oilers Drop Rockets By 20-5 Count

ODESSA.—(P)—The Odessa Oilers took the rubber game of a three-game set here Tuesday night, walloping the Roswell Rockets, 20-5, as Evelio Ortega gained his twenty-first victory of the season.

For Roswell, Milton Halat started, but had to have relief from Bill Roemer in the fifth inning. Roemer in turn ran into trouble and with an empty bench glaring him in the face, Manager Al Monchak took the mound himself and the game turned into a farce.

Halat was charged with the loss, giving up seven runs on seven hits in four frames, while Roemer was tagged for six tallies on eight safeties. Monchak, in going two full innings, gave up seven runs on a like number of hits. He walked six, however.

'Barn-Burner' Seventh

The Oilers started off with two quick runs in the first, added another pair in the second, three more in the fourth and two in the fifth before staging a "barn burner" in the seventh with nine big runs. Two homers were hit in the seventh, with Shortstop Raul Dieppa getting on to start off the inning, only to have Bill Cleary come through with a grand slam four-master off the slants of his old manager.

For the Oilers, Center Fielder Lefty Loyko had a field night, at the plate, with a perfect five five for five. Three of his hits were doubles.

The score:
R H E
Roswell 000 100 220-5 8 4
Odessa 220 220 22x-20 22 2
Raint, Roemer, Monchak and Calio, Crawford; Ortega and Castro.

Angelo Bops Vernon, 10-4

SAN ANGELO.—(P)—Unloading a 16-hit attack including four home runs, a triple and a double, the San Angelo Colts Tuesday night trampled the Vernon Dusters for the third consecutive time, 10-4.

Though touched for nine hits, Mario Saldana had an easy time registering his eighth win against 11 defeats.

The Colts lost little time in jumping on the offerings of Vernon starter John Fox for four runs in the first inning. Glen Burns delivered the big blow, a three-run homer, the first of five runs he drove in for the night.

Two home runs, one by Ed Bucynski and an inside-the-park blast by Art Neal, brought Vernon to 4-3 at the end of two innings but the Colts blasted back for three more runs in the fifth including a bases-empty circuit clout by John Toyman and a two-run homer by Cotton Russell.

Another homer, this one by Ken Kowalik, led off the sixth inning as George Hayes followed with the third of his four hits, a triple. Burns drove Hayes around with a single.

The final Colt tally came in the eighth on the same combination, Hayes singling and Burns doubling him in.

The score:
R H E
Vernon 020 002 000-3 9 4
San Angelo 400 022 001-10 16 0
Fox, Bakas and Nielson; Saldana and Dacko.

Three Stars Still In Seattle Running

SEATTLE.—(P)—The double squeeze hit the field in the Men's National Amateur Golf Championship Wednesday but such stout challengers as Frank Stranahan, Harvie Ward, Jr., and Charlie Coe were expected to survive the crush.

Sixty-four players remained in the field Wednesday morning, awaiting the day's double round.

By nightfall at the Seattle Country Club, they will have whittled each other down to a select 18.

Stranahan, Toledo's two-time British amateur winner, who got past a tough one when he beat Chuck Koestel, Royal Oak, Mich., Tuesday, 3 and 2, faced Del Walker of Long Beach, runner-up for the Southern California title last year.

Ward, the Tarheel from Tarboro, N. C., and the reigning British amateur champion, took off against a Seattle golfer, Erv Park, 4 and 3.

Coe, the 1949 U. S. champion, from Oklahoma City, met John Levinson of Niles, Mich. Coe belted out a fellow townsman, Russell Brown, 5 and 4.

Two Major Upsets

Two major upsets were registered late Tuesday.

The first came when Robert W. Kuntz of Larchmont, N. Y., former Yale captain and U. S. Marj eliminated Joe Gagliardi of Manassas, N. Y., runner-up for the crown at Bethlehem, Pa., last year. Kuntz won, 1-up.

The second came when Billy Jo Patton of Morgantown, N. C., ended the one-day joy of 18-year-old Ira Gruber, Duke University star from Pottstown, Pa. Gruber made the headlines in the first round when he defeated the defending champion, Billy Jo Maxwell, on the twenty-first hole. Gruber bowed to Patton, however, 3 and 2.

Bean, Moreno Tie For Lead In Junior Golf Tournament

With the Midland Country Club's First Annual Junior Invitational Golf Tournament heading into its final day Wednesday, five contestants were closer than the proverbial cat's whisker in their bid for the Tourney title.

Two of the five, Bob Bean of Abilene and Midland's Marcelino Moreno, were showing the way. After 36 holes of play, both had posted identical scores of 153.

Close on their heels were three other competitors. They include Ted Kerr and Lee Snead, both of Mid-

land, and Luke Thompson of Big Spring, each with 154.

The final 18 holes of the 54-hole tournament started Wednesday morning.

In Tuesday's action, Snead shot the best round of the day for the juniors as he made the 18 holes in a par-tying 72. The Midland junior came in to the eighteenth hole Tuesday with a two-under-par but took a buzzard on it.

Moreno, the mainstay on last year's Midland High School team, after posting a mediocre 80 on his

first round Monday, came back Tuesday with steady golf to register a 73 and go into a tie with Bean for the tournament lead.

The bespectacled high school linkster moved over the front nine in one over par then matched Standard on the back nine for his 73.

Bean covered both the front and back nine with scores of 39 to mark up a total of 78 for the day. Midland's Kerr also moved over the front nine with a 39, then scored a 40 on the return trip for a total of 79.

Both the latter golfers were playing a fair game but faulty putters kept them in ditch.

Following Wednesday's rounds, the golfers who finish in one, two, three order in each of the three flights will be awarded trophies.

Each of the golfer's scores, in both Monday and Tuesday's rounds, follow:

JUNIOR GOLF LEADERS—Tall Bob Bean of Abilene and Marcelino Moreno, diminutive Midlander, had established the pace Wednesday in the annual junior golf tournament at the Midland Country Club. After 36 holes of play, both had posted identical scores of 153. On their heels came three other competitors with 154's. The tournament headed into its final round Wednesday with the bunched leadership.

Oklahoma's Stars Anticipate First Win In Oil Bowl Friday

WICHITA FALLS —(AP)— Oklahoma All-Stars who will meet a Texas All-Star high school aggregation in the Oil Bowl game here Friday turned up with two injuries Wednesday after a hard workout Tuesday.

Bob Vance, El Reno center, and Bill Green, Capitol Hill back from Oklahoma City, both received jammed thumbs, but their injuries were not expected to keep them from the charity classic Friday night.

Oklahoma is anticipating its first victory in the Oil Bowl in eight tries.

Tommy Greer, Duncan quarterback, has led the Sooner squad in pass drills. The Oklahoma boys are under the tutelage of Coaches Earl Presley of Duncan and Jack Cox of Sulphur.

A&M and Ted Jefferies of Stephen F. Austin had the Texans doing contact work in the 105-degree heat. Running and passing plays were used, but there were no injuries.

The Texas backfield had Charles Brewer, Lubbock; and Donald Robbins, Breckenridge, alternating at quarterback. Bill Huddleston, Iraan, and Delano Womack, Austin, were at half slots, and Jim Sides, Lubbock, played at the fullback post.

Stan Coker of Midland is a key lineman for the Texans.

William S. Doenges, Democratic national committeeman from Oklahoma and a resident of Bartlesville, will be Gov. Johnson Murray's personal representative and will present green and gold Oil Bowl jerseys to the 24 Oklahoma players.

Gov. Allan Shivers of Texas will preside over the honors of the Texas players.

SPORTS NOTES

from the

BENCH JOCKEY

By BOB ADAMS

With a good many minor league cities faced with losing franchises to operate baseball clubs next year, it reassures us to look at the manner in which the Indians have drawn at the gate all year.

Even when they were mired in the cellar, the diamond faithful trekked to the park and filled their regular seats.

Attendance at Midland now is around 54,000. Midland Indian officials hope to see 70,000 go through the turnstiles before the season ends.

And there is a good chance they will reach that goal as 11 games remain on the schedule.

The recent three-game series with the Odessa Oilers drew around 4,300 fans, an average of more than 2,000 a game.

Horace Busby, business manager of the Indians, has some special entertainment on tap for some of the remaining games to lure more fans to the park.

One of the attractions will be the appearance Saturday of one of baseball's funniest clown's, Ed Hamman. Hamman appeared in Odessa earlier in the season and was such a hit the Oilers are bringing him back soon.

Hamman will stage his rib-tickling antics before the Sweetwater game.

Midland's popular young golfing miss, Pat Garner, leaves Wednesday afternoon for Portland, Ore., and the Women's National Amateur Tournament, August 25-31.

Pat has played good golf in tournaments she entered this year, but that elusive title has slipped from her grasp in all except one of the meets.

Here is the record of her tournament activity this year:

- February—Semi-finalist in Palm Beach, Fla., meet.
- February—Runner-up in Hollywood four-ball tourney with Marjorie Lindsay of Decatur, Ill., as her partner.
- April—Quarter-finalist in Trans-Mississippi tournament at Phoenix, Ariz.
- June—Runner-up in Texas State Women's Amateur at Texarkana.
- June—Winner of West Texas Women's Open at Fort Worth.

Pat has been hitting the ball well in practice rounds here and this may be her inning. If she wins the Women's National Amateur, she will zoom into prominence among the nation's amateur feminine golfers.

Notes on the scratch pad: Pat Lorenzo, who played center field with the Midland Indians earlier in the season, now is playing third base with Berger in the WT-NM League and is leading the loop in batting with a .400-plus average.

If Pat could just catch a ball, there would be no limit to how far he could go. He really can slug that pellet.

Pat O'Keefe has been playing great ball with the Abilene Blue Sox. His single won a 10-inning game for Abilene Saturday night and he's collected a hit in every game in which he has played so far.

Three Clubs Jam Third-Place Slot In WT-NM League

By The Associated Press

Fighting over the West Texas-New Mexico League playoff berths took a turn for the bitter Tuesday night when three clubs jammed into a third-place tie—Amarillo, Lubbock and Lamesa.

Amarillo jumped on Pampa, 7-2, and Lubbock on Albuquerque, 5-1, to improve their lot. Lamesa gave up sole possession of third place when leading Clovis took the Lobos' measure, 2-0.

The tied threesome is 25 1/2 games from first but the second-place club, Albuquerque, is only four games ahead of the knot and not immune from the rugged sloughiness spot battle.

Borger dropped half a game in its bid for a series position by losing the second game of a twin-bill with Abilene, 7-0, after taking the opener, 3-2.

Hopkins County in Kentucky produced nearly 11 million tons of coal in 1949.

At Oklahoma City, the Indians outlasted Houston, 9-8, as Vern Kennedy's two-out line drive in the bottom of the ninth broke up the game with the tying and winning runs.

Dallas' loss was Hal Erickson's third bid for a twentieth victory.

Texas League Race Tightens As Eagles, Cats Meel Shutouts

By The Associated Press

How far can a pitcher go in allowing hits or letting runners reach base and still preserve a shutout? Somewhere between eight and ten, for both problems?

That's the margin Texas League hurlers worked on Tuesday night and even the losers figured they got a charitable lot.

Dallas slammed 10 hits off Emil Patrick of Beaumont only to lose, 4-0, and find its first-place hold tottering.

Shreveport's Fred Bacewski and Bill Tremel yielded eight hits to Fort Worth and triumphed 1-0.

In the other two games, they figured the last man up to be the victor!

Tulsa took home advantage to beat San Antonio, 3-2, in 12 innings when last man Alex Crammas fled out with the bases loaded and two away.

At Oklahoma City, the Indians outlasted Houston, 9-8, as Vern Kennedy's two-out line drive in the bottom of the ninth broke up the game with the tying and winning runs.

Dallas' loss was Hal Erickson's third bid for a twentieth victory.

GMC TRUCKS

GASOLINE 1/4 TO 30 TONS
DIESEL 2 1/2 TO 35 TONS

Your key to greater hauling profits

PAYLOAD

-1195 extra pounds of it!

-to cut your costs, increase your profits!

GMC engineering brings you this great new Model 470 highway tractor that hauls up to 1,195 pounds more cargo than any other vehicle in the 45,000 gross weight class.

Here are the reasons why. It will pay you to study them carefully.

Sensational new engine. Model 470 is powered by GMC's new 145 h.p. valve-in-head "302" engine—the most powerful gasoline engine for its weight in truck history.

Maximum power-to-weight ratio. The "302" engine weighs as much as 500 pounds less than other engines of comparable power, due to new high efficiency design.

Highest compression—7.2 to 1—excels any other standard gasoline truck engine, accelerates faster. Delivers full power at an easy-stroking 3,200 r.p.m.

More ton-miles per gallon—less dead weight in engine and chassis means more profit in every mile.

Highest payload capacity—upwards of one-half ton greater than any other tractor of the same GCW rating.

Price—the biggest surprise of all. Compare the price you have to pay for this pace-setting GMC against the field. Nowhere else will so little buy so much in a 3- to 4 1/2-ton tractor.

Why not come in and see for yourself?

Soviet Politburo To Be Eliminated

MOSCOW —(P)—The proposed new statutes of the Communist party of the Soviet Union announced Wednesday provide for the abolition of the Politburo.

This startling reorganization of the Soviet governing structure was revealed in an announcement that Russia's ruling Communist party would hold its first congress in 13 years on October 5.

The announcement said the congress also would take up plans for a fifth five-year plan to increase Soviet industrial output 70 per cent by the end of 1955.

The Politburo, deriving its power theoretically from the Central Committee of the Communist party, is in fact the ruling body of the Soviet Union.

Under the new statutes the Politburo and Organization Bureau are replaced by a "Praesidium" which has the function of "guiding the work of the Central Committee between sessions."

The party secretariat, however, remains under the new statutes.

The new statutes also provide for changing the two-decade-old name of the party from the All-Union Communist party (Bolsheviks) to the "Communist Party of the Soviet Union."

Ike Draws Bead On Truman Government, Adlai's Plans

DENVER —(P)—Dwight D. Eisenhower loaded his campaign guns for a speech Wednesday attacking the Democrats and calling on America to follow a middle-ground course, "rejecting both the extreme left and right."

The Republican presidential nominee flew from his Denver headquarters to Boise, Idaho, to make a major address Wednesday from the State Capitol steps. Aides were describing it as the general's first frankly political speech since he became the party's standard bearer July 11.

In advance of the campaign speech, Eisenhower's executive secretary, Arthur H. Vandenberg, Jr., put out a statement setting forth points the general expected to cover. Vandenberg said:

"General Eisenhower in his speech at Boise will denounce the attempts of leftist political groups to monopolize agreed social goals and to claim that theirs is the only way to achieve them.

"The present administration, the general will charge, is running the year with new faces but will continue to offer schemes like the Brannan (farm) Plan, socialized medicine and bigger and more centralized government as its only solution to some of the pressing problems that confront America today.

"Down The Middle"

"The general will say that some goals on which Americans today are agreed—employment and good wages, adequate security for old age, better education, better housing, protection of the rights of labor, protection of the right to earn and save, stable agriculture—can be won only if America chooses a course squarely down the middle, rejecting both the extreme right and extreme left."

Eisenhower told a group of prominent Republican women Tuesday that his goal is to insure peace and progress for America and to prevent the "creeping paralysis of any kind of tam."

He told the group of GOP leaders that women can be a great help in helping to achieve that goal because "I believe their hearts and minds turn in the directions of peace, fairness and justice in the world."

LAW LIMITS TIME TO WOO

FAYETTEVILLE, ARK.—(P)—The Fayetteville City Council took strong steps Tuesday night to discourage "nocturnal nonsense" in the city.

It placed a 15-minute parking limit on this university town's most popular lovers' lane.

Hundreds Attend Barbecue Staged By City, Association

By COPE ROUTH

An estimated 600 men, women and little children and about 10,000,000 flies had a wonderful time Tuesday night.

They went to an old-fashioned western-style barbecue.

For two hours, they munched away at 500 pounds of beef, gobbled up four big lard cans of red beans and son-of-a-gun stew and drank

U. S. Seeks British Support In Dealing With Iran Problem

WASHINGTON —(P)—The United States reportedly has urged Britain to join in an Anglo-American emergency aid program for strategic Iran to avert a possible Communist coup.

Secretary of State Acheson is reported to have made this plea in a memorandum to British Foreign Secretary Anthony Eden within the last 10 days.

Acheson is said to have stressed the need for quick joint action to keep Iran's vast oil resources from falling by default into Russian hands.

American diplomats who disclosed this to a reporter Wednesday indicated the British are decidedly cool to Acheson's idea, but apparently have not rejected it flatly.

Flood Traps Swiss Explorers In Cave

MOUTATHAL, SWITZERLAND—(P)—Four Swiss men have been trapped in an underground cavern near here five days, police disclosed Wednesday.

The men entered the underground network of caverns—known as "Hell's Hole"—Friday, police said. Rising waters cut them off and it has been impossible to communicate with them. A diver from Zurich has been ordered to stand by for possible rescue operations.

Police said they believed the men were in no immediate danger. Food sufficient for 10 days had been left in the cavern by a previous party of explorers.

UN Admits Planes Got Out Of Bounds

MUNSAN, KOREA —(P)—UN Command liaison officers told the Communists Wednesday at Panmunjom that UN warplanes unintentionally flew over Panmunjom August 16, violating the neutrality of the Korean truce talks site.

The UN officers rejected for lack of evidence a Red protest that Allied planes flew over the area August 13.

The truce talks are in their fourth straight week-long recess. The delegations are to meet again August 27.

more bottles of cold beer and soda pop than they could keep track of.

It was the annual barbecue party thrown by the City of Midland for the members of the Permian Basin Water and Sewer Works Association, who gather each August at Cole Park.

Families Come, Too

The members of the association as well as city employees, and members of their families, were invited officially to the big feed.

The 10,000,000 or so flies were not. But while Athel Cole, the chef supreme of the occasion, labored over two big barbecue pits from daybreak to sundown, A. J. Green and Bob Boydston tried their best to entertain the files.

Throughout the afternoon and right up to the time the line began to form for the food, Green and Boydston, operators of a pest control service, kept the atmosphere cloudy with a dense fog of disinfectant.

And, by the time the food was served, the flies were so groggy they could hardly crawl from one piece of barbecue to another.

But, nobody seemed to mind.

After one helping of barbecue they went back for another and then sat back to listen to City Manager W. H. Oswald welcome the guests while Henry Tate of Post, president of the association, served as master of ceremonies.

NE Ector Venture Flowing To Test In Wolfcamp-Permian

Herman Brown and associates (formerly V. A. Brill and associates) No. 1 Sallie Ratliff, Northeast Ector County wildcat had flowed an average of 11 barrels of new oil per hour for more than 24 hours from perforations in the Wolfcamp-Permian at 9,890-9,700 feet.

Operators were continuing to flow the well to clean it out and complete it as a discovery.

The flowing is through a 3/8-inch tubing choke. Flowing tubing pressure was averaging 375 pounds. There were no signs of water in the oil which was being produced.

Was Acidified

The perforated interval had been washed with 300 gallons of acid.

This new field opener is 660 feet from north and west lines of section 11, block 42, T-1-S, T&P survey. It is about 20 miles northwest of Midland and 10 miles northeast of Odessa.

The pay section in the Atoka-Pennsylvanian lime between 10,708 feet and 10,998 feet, which had produced varying amounts of oil on different tests is plugged off with cement.

May Test Again

Operator may go back and test

LONGEST WAY IS SWEETEST

WITH 25TH DIVISION, KOREA—(P)—Capt. Ray Behn of St. Louis, Mo., is due to be rotated in September from the famed Wolfhound Infantry Regiment but he wonders if he will get home by Christmas.

The reason: Back in June he wrote a dozen newspapers asking for mail. He was deluged with about 100 letters a day and from them he has found 25 girl friends who want him to visit them on his way to St. Louis from the Pacific Coast.

Behn is studying maps and plans to visit all of them except a girl in Omaha, which he says is too far off his route.

Permian Basin Oil And Gas Log—

(Continued from Page 1)

It has been marked off the list of active explorations.

Location was 1,880 feet from north and west lines of section 4, Blind Asylum survey. It was six miles southwest of San Angelo.

Glenn Nippert Plugged

In Southeast Precoc County, Phillips No. 1-F Pickett, two miles southeast of the same concern's No. 1 Glenna (Pickett), profile gas discovery from the Ellenburger, has been abandoned at total depth of 3,300 feet in barren lime.

This project was 660 feet from north and east lines of section 45, block 101, TCRR survey. It was 25 miles southeast of Fort Stockton.

No. 1-F Pickett was probably drilled to primarily develop sub-surface geological information to try to determine the direction and extent of the structure on which the No. 1 Glenna is located.

Pennsylvanian Lime Shows Oil And Gas In Andrews Tester

Ralph Lowe of Midland No. 1-K David Pasken, Southeast Andrews County wildcat which is projected to 14,000 feet or a test of the Ellenburger at a lesser depth had a show of oil and gas in a Pennsylvanian lime section at 10,050-108 feet.

That zone was drilled and tested for three hours. Recovery was 120 feet of slightly oil and gas cut drilling mud and 450 feet of heavily oil and gas cut drilling mud.

There were no signs of formation water. Open flowing bottom hole pressure was from a maximum of 800 pounds down to a minimum of 700 pounds.

Drilling Deeper

The prospector is making more hole.

Location is 2,160 feet from south and 500 feet from west lines of section 42, block 41, T-1-N, O&M&M&B&A survey. The deep wildcat is a twin to a producer from the Grayburg in the shallow Midland Farms field.

The Lowe No. 1 Pasken had shown some oil and water in a drillstem test in a higher section of the Pennsylvanian at 9,735-80 feet.

It also had some shows in thin sections in the lower Permian between 8,715 feet and 9,395 feet.

The wildcat, is 18 miles southeast of Andrews and about 22 miles northwest of Midland.

SW Martin Wildcat Plugs Back To Test Spraberry Section

Stanolind Oil & Gas Company No. 1 Gladys Cowden, wildcat in Southwest Martin County, has been plugged back to 9,390 feet and has set 5 1/2-inch casing at 9,162 feet for tests of the Spraberry in open hole.

The project was drilled to a total depth of 13,308 feet in dry Ellenburger.

Location is 660 feet from south and east lines of the southwest quarter of section 30, block 40, T-1-N, T&P survey and six miles southwest of the Glass (multipay) field.

NE Ector Venture Flowing To Test In Wolfcamp-Permian

Herman Brown and associates (formerly V. A. Brill and associates) No. 1 Sallie Ratliff, Northeast Ector County wildcat had flowed an average of 11 barrels of new oil per hour for more than 24 hours from perforations in the Wolfcamp-Permian at 9,890-9,700 feet.

Operators were continuing to flow the well to clean it out and complete it as a discovery.

The flowing is through a 3/8-inch tubing choke. Flowing tubing pressure was averaging 375 pounds. There were no signs of water in the oil which was being produced.

Was Acidified

The perforated interval had been washed with 300 gallons of acid.

This new field opener is 660 feet from north and west lines of section 11, block 42, T-1-S, T&P survey. It is about 20 miles northwest of Midland and 10 miles northeast of Odessa.

CSOC Completes Spraberry Oiler In C-W Reagan

Cities Service Oil Company No. 1 Herring, in the Central-West Reagan County sector of the Pembroke, North (Spraberry) field, has been completed.

The well reported a 24-hour potential of 432.78 barrels of oil, plus 22 per cent basic sediment and water, flowing through a 31/64-inch tubing choke.

From Both Zones

The production came from perforated section at 6,570-6,620 feet in the upper Spraberry and from open hole at 7,410-7,513 feet in the lower Spraberry.

The pay zones had been fractured. The new producer is 24 miles north of Texon and at the center of the southeast quarter of the northeast quarter of section 4, block B, L&SV survey.

Dunlap's
Redemption Center for Scottie Stamps

Crockett Wildcat Will Be Abandoned In Dry Ellenburger
Ryan, Hays & Burke No. 1 Shannon-West Texas Hospital, Central-North Crockett County deep wildcat is to be plugged and abandoned on a total depth of 8,510 feet in barren Ellenburger.

The prospector found no shows of possible production in any zone it penetrated.

Top of the Ellenburger is at 8,150 feet. That is on a datum of minus 5,441 feet. The entire Ellenburger section was hard, tight and dry.

Recovered Mud

It was drilled to 8,150-8,510 feet. Recovery was 15 feet of drilling mud, with no shows of oil, gas or water.

Length of that test has not been reported.

Location was 660 feet from north and east lines of section 10, block Q, O&M&P survey. It was 29 miles northwest of Odessa and seven miles southeast of the Lulu (Devonian) field, the nearest proven deep production area.

It was one and one-half miles north of production in the shallow Shannon field.

Gulf Abandons Ratliff Wildcat In NE Ector Area
Gulf Oil Corporation No. 1 Sallie Ratliff, Northeast Ector County wildcat, has been abandoned and plugged on total depth of 11,000 feet in dry Pennsylvanian lime.

It was located 667 feet from south and 698 feet from west lines of section 4, block 42, T-1-S, T&P survey. That made it one and one-half miles east of the shallow North Cowden field.

West Of Discovery

The Ratliff wildcat was two miles west of George Brown, (formerly V. A. Brill) No. 1 Sallie Ratliff, a discovery from the Wolfcamp and the Pennsylvanian which now is testing for completion.

The Ratliff wildcat had some slight shows of oil and gas above 10,800 feet. It tested that zone extensively, but failed to develop any production which could be sold and the exploration has been abandoned.

Humble Abandons Sterling Test In Ellenburger Lime
Humble Oil & Refining Company No. 1 Mrs. Marvin Dayvault, South-Central Sterling County wildcat has been abandoned and will be plugged on total depth of 6,177 feet in barren Ellenburger.

After failing in the Ellenburger it tested back up through the Pennsylvanian and the Permian on several zones which had showed by electric logs to possibly be carrying fluid.

Each of those sections developed water and none of them carried any shows for petroleum production.

Last zone tested was at 1,370-1,404 feet. After that interval swabbed salty, sulphur water, operator ordered salvageable casing pulled and the hole abandoned and plugged.

Location was 660 feet from north and east lines of section 13, block 15, H&TC survey. The failure was eight miles south of Sterling City.
