

Eilenburger Opener In East Pecos Area Finaled By Stanolox

Standard Oil Company of Texas has completed its No. 1-A Claude A. Owens as an Eilenburger discovery 14 miles northwest of Sheffield in East Pecos County.

The well was completed for 105.5 barrels of 38.6-gravity oil per day plus 4.5 per cent water.

Production was on pump through perforations from 9,705 feet to 9,760 feet, after acidizing with 7,500 gallons.

Location is 660 feet from north and east lines of section 2, block C-4, GC&SF survey.

NE Ector Wildcat Plugs Back To Test Wolfcamp Section

A. Brill and Associates No. 1 David and Ines Faaken, Northeast Ector County wildcat, has been plugged back to 8,750 feet and 5 1/2-inch casing has been set at that point for completion attempt in the Wolfcamp through perforations.

Decision to plug back and test the Wolfcamp came after attempts to recover junk from hole, drilled to 10,814 feet in Pennsylvania time were unsuccessful.

The wildcat, four miles east of the North Cowden road, flowed oil on two drillstem tests of the upper Wolfcamp at 8,548-8,607 feet and 8,730-8,750 feet and from the lower Wolfcamp at 9,531-9,561 feet.

Location of No. 1 Faaken is 467 feet from south and 2 1/2 feet from west lines of section 17, block 42, T-1-N, T&P survey, 2 1/2 miles northwest of Midland and 11 miles northeast of Odessa.

Stanolind Is To Dig Deep Prospector At N-C Eddy Site

Drilling is to be started in the near future at a 10,500-foot wildcat in North-Central Eddy County, New Mexico.

The prospector is to be Stanolind Oil & Gas Company and associates No. 1 Lakewood unit. It is nine miles southwest of Dayton and 1,980 feet from south and 660 feet from east lines of section 34-19a-25a.

That makes it nine miles west of the shallow McMillan field.

Three New Mexico Counties Are To Get Wildcat Prospectors

Locations for new wildcat explorations have been reported for Otero, DeBaca and Lea Counties in New Mexico.

In addition several new locations have been made on the outside of proven areas in Lea and Eddy Counties. Drilling at each of these projects is to start soon.

The wildcats:

Southern Production Company, No. 1 Cloudcroft unit is to be the Otero County prospector. It is located 2,310 feet from north and 1,980 feet from east lines of section 5-17a-12a.

To Go To 7,000 Feet It is to start drilling in the near future and will use rotary tools to go to a possible bottom of 7,000 feet.

Roberts and Associates No. 1 Myrick is to be the DeBaca County wildcat. It is 1,980 feet from south and 660 feet from west lines of section 17-2a-25a.

It is projected to 1,300 feet and is to begin operations in the near future. Cable tools will be used to dig the hole.

Lawton To Try Again Lawton Oil Corporation No. 5 State, 2,310 feet from north and west lines of section 15-12a-32a is to be a 12,600-foot wildcat in Lea County.

It is to use rotary tools and will start operations immediately.

Cities Service Oil Company No. 1-AF State is to be an 11,600-foot exploration in an undesignated area of Lea County.

To Start Soon

The drilling is to be 660 feet from north and east lines of section 36-16a-37a. Drilling will begin soon. Amerasia Petroleum Corporation No. 3-A H. C. Posey is a stepout to production from the Devonian in the East Caprock field in Northwest Ector County.

It will be 1,980 feet from south and east lines of section 11-12a-32a. Work at this development is to start soon.

The Texas Company No. 9 T. R. Lea County. Location is 660 feet from south

Midland's Water Supply Dwindles

Crops, Cattle Feel Sustained Drouth Effect

Texas' long mid-century drouth—now in its third year—continued to eat away at the state's vitals Thursday as a month-old heat wave showed signs of a cool-off.

Two of the biggest "money crops"—backbone of the economic life of Texas—were in sad shape. Most conservative estimates of the loss to cotton pictured the crop down 50 per cent. And in some areas "more than 80 per cent" of the cattle have been moved to other states or to clogged markets at depressed prices.

Water was more valuable than oil in many of the drought-stricken areas of the state and consumers, urban, rural, industrial and residential, were paying the price.

Little Relief Seen The Weather Bureau promised little relief beyond scattered thunder showers. Less and less was being heard about artificial rain-makers, who a year ago were making a lot of noise over their possibilities.

Streams were down and wells were dry in some places. Springs that had flowed since the memory of earliest settlers had disappeared. City reservoirs in many places were becoming just big stretches of mud. Boat docks were high on dry land. The boats themselves, bottom up in silt, were a mockery.

Cotton withered in the fields as growers totaled their losses. Cattle that had not been shipped away to other states or sent to glutted markets had only sun-seared grass to munch. Their weight dropped.

That was the big picture, but there were some exceptions, far apart and few. Meanwhile, the string of days with 100-plus temperatures was (Continued on Page 14)

Johnson Stands By Adlai; Shivers Hints At Ike Ticket

AUSTIN—(P)—Senator Lyndon B. Johnson (D-Texas) said Thursday he disagreed with Adlai Stevenson on Texas Tideland but that he would support him for the presidency anyway.

He said Texas once left the Democratic Party to help the Republican elect Herbert Hoover and was sorry for it.

"Our people suffered many years because of this desertion," Johnson said in a written statement.

The statement put Johnson squarely at odds with Texas Gov. Allan Shivers, who says he will not support Stevenson personally because of the Democratic candidate's opposition to state ownership of Tideland.

"I shall support the nominee of the Democratic Party," Johnson's statement said.

"I thoroughly disagree with Governor Stevenson on his views regarding ownership of our Texas Tideland.

"The fact Governor Stevenson is wrong on this issue does not automatically make General Eisenhower right on all other issues.

"Texas has more to lose by deserting our Democratic colleagues from inland states who have fought on our side on Tideland than we have to gain from the Republicans who are anxious to get Texas votes in the November election."

Johnson's statement was issued the day after Governor Shivers once more reviewed his opposition to Stevenson in a state-wide radio address.

Shivers, in his address Wednesday night, said Tideland oil was not

the only issue on which he based a decision not to vote personally for Gov. Adlai Stevenson, the Democratic nominee, and hinted that Gen. Dwight D. Eisenhower's name might be placed on the state Democratic ticket for President.

Shivers repeated previous attacks on what he called "Trumanism." He said he thought Stevenson "a better man than Truman" and would, if elected, give a better administration.

On Truman Road "Yet his views on Texas Tideland are an indication that he... would continue to hold the views and countenance the policies that Truman and people around Truman have established," Shivers said.

Oscar Ewing (federal Social Security administrator) and his views on socialized medicine are rolled up in the same package, along with a continuation of a stalemated foreign policy, a continuation of the highest spending and highest taxation in the history of this nation and a continuation of central government powers concentrated in Washington," Shivers said.

Misuse Of Party "Those who have seized the great Democratic Party," the governor continued, "have misused it, absorbed it and changed its traditions."

He asked Texans to tell him what they want to do as citizens. "How do you want to vote?" he asked.

He hinted that Eisenhower's name might be put on the Texas Democratic ticket with Stevenson's name on the national party ticket.

"Their right to vote for the candidate of their choice is a basic freedom of the people," he said.

None was forthcoming. So the Democrats, in their county convention, adopted a controversial resolution requesting all county Democratic candidates to withdraw from the Republican ticket.

No Withdrawals Richard Hughtson, county Republican chairman, said Thursday no candidate has submitted such a request.

Unless the withdrawal is made not less than 20 days before the election, his name will appear on both the Democratic and the Republican ballot.

Besoni, meanwhile, is watching with interest the reaction on the part of the state candidates.

"If the party leaders allow their names to be cross-filed," he said, "it doesn't shake sense for the county candidate out here in West Texas to have to withdraw from the Republican ticket."

He said he would wait until after the September 9 State Democratic convention at Amarillo before making any further recommendations to county candidates.

Puzzled Midland Democrats Await State Leaders Move

No wonder the state Democratic organization couldn't give poor little Midland County any good sound advice.

They simply didn't have any to give.

That became evident Thursday as the Democratic candidates on the state ticket squirmed in an embarrassed fashion after being nominated on the Republican ticket as well.

That's exactly what happened to five of Midland County's candidates for the seven major county offices.

And that problem hasn't been solved either.

Immediately after the Republicans, in their county convention, cross-filed all Democratic candidates—except those for county attorney and county judge—Chairman Frank Besoni appeared to the state party organization for some advice.

None was forthcoming. So the Democrats, in their county convention, adopted a controversial resolution requesting all county Democratic candidates to withdraw from the Republican ticket.

No Withdrawals Richard Hughtson, county Republican chairman, said Thursday no candidate has submitted such a request.

Shortage Is Troublesome, Not Critical

A long-feared water shortage—described officially as "troublesome but not critical"—finally hit Midland Wednesday afternoon.

City officials ordered the discontinuance of sprinkling of city parks and school grounds and "requested" private citizens to refrain from watering their lawns Thursday afternoon.

The action was taken after some areas were reported without water Wednesday afternoon and wells at Cole Park were incapable of producing water in sufficient amounts to keep the reservoir filled.

The shortage was blamed by City Manager W. H. Oswald on the prolonged drouth and the inability of the city's wells at Cole Park, Rose-dale and Wadley to "rest enough to regain their water level."

"Compared to the shortage in other cities in West Texas," said Oswald, "the shortage can not be called critical."

No Rationing—Yet "With the steps we have taken, we believe there will be adequate water without resorting to rationing among domestic and commercial consumers."

Henry E. Nunn, city sewage and water engineer, said 10,300,000 gallons of water were pumped during the day, well below the one-day record of almost 11,000,000 gallons reported earlier in the Summer.

But the long drain on the water wells, as well as the concentrated use late in the day—when most householders sprinkle their lawns—resulted in the shortage.

Residents in some sections of Crestview Heights in the western sector of the city reported they were without water as pressure dropped to zero.

The level in the city's main pressure storage tank near that area dropped to six feet, the lowest of the season, and by Thursday morning the tank had not been filled again to its normal 60-foot mark.

At 7 a. m. Thursday, the water level in this tank stood at 39 feet, seven feet lower than the recovery mark of 7 a. m. Wednesday.

Well Flow Off Heavily By 10 a. m., the level had been raised only an additional two feet.

At Cole Park, the wells were not producing sufficiently to meet the demands and pumping was ceased Wednesday night to permit the wells to rest.

Oswald said capacity production of the 12 wells at Cole Park had fallen off 200 gallons a minute from the normal production of 4,300 gallons a minute.

While the situation was described as "not critical," Oswald said, "We are taking every possible step to prevent it from becoming acute."

The shortage hit as the city prepared to submit on September 13 bond issues which will finance the development of a new water supply in McMillan field northwest of the city.

"We already have called for bids on the first three phases of this prospect and they will be opened two days after the election," Oswald said.

"By the end of September we hope to have work underway on the project designed to bring sufficient water to the city by next Summer."

Addresses Legion—Democratic Presidential Nominee Adlai Stevenson, in high good humor, waves to cheering Legionnaires as he arrives to address the thirty-third annual convention of the American Legion. Stevenson said, if elected, "I intend to resist pressure from veterans and all other organized groups if their demands are excessive or in conflict with the public interest."

It Still is 'Cool' Generally fair Thursday night and Friday with widely scattered thundershowers and no important temperature changes. Maximum temperature Wednesday 97 degrees; minimum Thursday 73 degrees.

Army, Navy Ask Support Of Legion

NEW YORK—(P)—Secretary of the Navy Kimball Thursday asked the American Legion to help keep America strong on the seas.

"You can help us," he told Legionnaires at their national convention, "by supporting our requests for appropriations to create and maintain the strong armed forces this country is going to need as long as aggression stalks the world."

Kimball followed Secretary of the Army Pace in the list of speakers for Thursday's convention session.

In their prepared remarks, both extolled the merits of their respective services.

The Navy Secretary said the nation has increased its investment in its armed services about 100 billion dollars in the last 20 years, adding:

"For the richest nation on earth, I think this is a more or less modest investment in national insurance. The total investment is less than one-third of one year's national income, and while of itself, it is a tremendous amount of money, I do not believe it is excessive.

Stakes Are High "The stakes are high in this battle for freedom in which we are engaged and it cannot be won with tokens or IOU's."

Back only a few days from inspecting American forces in Europe, Pace said the Army has made "substantial and heartening" progress since the start of the Korean war.

In the 26 months since the Korean conflict began, he said, the Army has grown from 593,000 men to more than 1,500,000.

"Our training system," he said "is second to none in the world."

"The quality of our leadership," he went on, "as well as the numbers of officers available, is substantially better than when we started out buildup for World War II."

Weapons have improved too, Pace said, "and the potential of the atom will in the future be added to our firepower in the form of guided missiles and artillery."

"I saw 'em," he proclaimed. "I saw 'em just as plain as you please."

"So have a lot of other people." It seems Mrs. Edna Fickett, peering out of the window of her home at 504 North Pecos Street, had glanced toward the east and saw the puzzling phenomena.

At Terrific Speed "They would stand there stationary for awhile," she informed police, "and then take off at a terrific speed."

Mrs. M. F. Turner, 610 North Marinenfeld Street, reported a few minutes later that she had seen the same thing. Other calls began coming in to police headquarters.

I drove out north of the city, where the city lights wouldn't inter-

Hargrove Selected To Head Community Chest For 1952-53

P. R. Hargrove was elected president of the Midland Community Chest for 1952-53 at a meeting of its directors Wednesday afternoon.

He succeeds Miles Hall, who is completing his first term in the office.

Mrs. Nita Stovall was reelected secretary, and W. A. Hutchesson, treasurer.

**★ JOHNSON IN HOLLYWOOD ★**

**Janet Leigh Thinks Clinches With Spouse Will Rock Fans**

By **ERKINE JOHNSON**  
NEA Staff Correspondent

Behind the Screen: Janet Leigh's murmuring "Who said so?" to the show business theory that a real-life married couple can't wreck the air-conditioning in theaters with sizzling love scenes.

Janet, who co-stars with hubby Tony Curtis in Paramount's "Houdini," doesn't think the movie-goers are going to yawn in the cliché scenes because she and Tony are Mr. and Mrs.

"It depends on the people involved," Janet remarked. Lynn Fontanne and Alfred Lunt get pretty loved in their love scenes. Rex Harrison and Lilli Palmer are not slouches, either. It depends on how audiences have accepted the marriage of the stars concerned. We believe ours is romantic."

William Talman can't figure Hollywood out.

Just when he thought he had crawled out of the killer trench with nice-guy roles in "The Rocket" and "One Minute to Zero," he was cast as a trigger-happy convict in "The Difference."

"Nobody ever saw me as a psychopathic killer until I hit Hollywood," he shrugged. "I was a leading man on Broadway. I played Rex Harrison and Lilli Palmer are not slouches, either. It depends on how audiences have accepted the marriage of the stars concerned. We believe ours is romantic."

"I keep being referred to as a promising newcomer. This after four years in Hollywood, playing meaner guys than Raft or Robin-

**Texas May Head Vets' Committee**

WASHINGTON—(P)—Rep. Olin Teague (D-Texas) of College Station is next in line for chairmanship of the House Veterans Affairs Committee if Democrats retain control next year.

Teague has served only six years in Congress. But on the committee he is next in line of service to the present chairman, Rep. John E. Rankin (D-Miss).

Rankin was defeated in his bid for reelection in Mississippi Tuesday.

**Lawmakers Arrive At Berne Meeting**

BERNE, SWITZERLAND—(P)—Senator Tom Connally (D-Texas) and Rep. Bob Poage (D-Texas) are here for the 32-nation conference of the Inter-Parliamentary Union. They arrived Wednesday in a group of 11 U. S. Congressmen.

**Senate Committee Spikes Compromise On Tidelands**

WASHINGTON—(P)—The Interior and Justice Departments quickly stopped a compromise move to give Texas and other coastal states a bigger share of Tidelands' revenue.

And following the squeal, Senator Murray (D-Mont) member of the Senate Interior Committee, said he believed the compromise idea originated with oil companies.

The staff of the Interior Committee announced Wednesday it was considering the proposal as a possible solution to the long and bitter wrangle over control of the Tidelands.

Soon afterwards, the group beat a hasty retreat, saying official word had been received that the Interior and Justice Department disapproved the compromise and it was being abandoned.

Murray said he would have opposed the proposal "as an evil sur-

son ever dreamed of."

What Heroes Read  
This is Hollywood, Mrs. Jones . . .

The camera's trained on the interior of Gordon MacRae's apartment in romantic Morocco in "The Desert Song" at Warners. Gordon, playing El Koba, the fearless, intrepid leader of the Rifis, is playing a scene with Kathryn Grayson and Dick Weason.

When the lights dim for the lunch-hour break, I examine the set, particularly the bookcase. Somebody slipped up on the books for El Koba's library. One of the brave hero's tomes is Louisa Mae Alcott's "Little Women."

Hollywood studios don't have to beat the bushes for new musical talent—the talent's right in movie-town.

Producer June Tappas arguing his point and claiming: "We're using great musical personalities as dramatic actors. Let musical people stay where they are and stop going out here and right away we turn her into a Greer Garson. It's wrong."

Tappas, producer of Columbia's "All Ashore," thinks that stars like Van Johnson, Janis Carter, June Allyson, John Carroll, George Raft, James Cagney, John Payne, Walter Pidgeon, Joan Crawford, Ann Sothern, Shirley Winters, Shirley Temple and Irene Dunne ought to be dancing and singing for the glory of the box-office instead of going in for heavy emoting.

"Hollywood doesn't have to worry about TV if we make musicals with people who started as dancers and singers," he said. "People want to be entertained. Nobody wants to go to see somebody else's troubles on the screen."

Fortune Awaits Without  
Photographed stage plays now that Hollywood's searching for appetizing new movie bait?

Judith Anderson, high priestess of the U. S. stage, thinks there's a fortune waiting for the first Hollywood studio that will train cameras on a Broadway play. About to begin rehearsals with Ty Power for Paul Gregory's production of "John Brown's Body," Judith told me:

"Television productions of famous stage plays prove that there's a great, untapped audience for Broadway productions. If Hollywood does not move in, TV will. It can be done for very little money and yield a great profit. Every great stage star would be interested."

Judith on live TV: "I tried it—it's horrible. In the theater, I leave my true self in the dressing room. But on TV, it's hades on earth, a real rat race. The sets are spread all over and I have no sense of direction, anyhow. I was always heading toward the wrong set and they had to have a man on hand to push me in the right direction."

Overheard at the Captain's Table:  
"A husband is a man who, if you give him enough rope, will be tied up at the office."

## Mrs. Rhodes Is Reelected President Of Woman's Club

Officers were elected and proposed changes in the constitution and by-laws were discussed at a called meeting of the board of directors of the Midland Woman's Club, Inc., Wednesday afternoon.

The meeting was in the home of Mrs. Paul Grandell, 1201 West Princeton Street.

Mrs. W. Harry Rhodes was reelected as president of the Woman's Club. Other officers named for a one-year term are Mrs. Crandell, first vice president; Mrs. John Perkins, second vice president; Mrs. H. C. Jones, recording secretary; Mrs. J. B. Bain, corresponding secretary; Mrs. R. L. Spencer, treasurer; Fannie Bess Taylor, assistant treasurer; and Mrs. A. P. Shirey, parliamentarian.

A publicity chairman and his

torian are to be appointed by the president at a later date.

Proposed changes in the constitution and by-laws were presented by Mrs. B. R. Matthews. The group voted to delay final approval of the by-laws, as amended, until representatives of the Woman's Club's 11 member clubs have an opportunity to present the changes to their clubs.

It was voted to designate 10 a. m. on the first Monday of each month as the regular meeting time for the board of directors.

Members present and the clubs they represented were Mrs. Spencer, Tejas Garden Club; Mrs. Jones, Progressive Study Club; Mrs. Perkins, Wednesday's Study Club; Mrs. Joe Birdwell, Woman's Club, Inc.; Mrs. C. H. Shepard, Modern Study Club; Mrs. Bryan Denson, Modern Study Club; Mrs. Bain, 20th Century Study Club.

Miss Taylor, Business and Professional Women's Club; Mrs. Crandell, Fine Arts Study Club; Mrs. Robert Stripling, Midland Garden Club; Mrs. Matthews, Yucca Garden Club; Mrs. Rhodes, Woman's Club president; Mrs. E. V. Mitchell, Pyracantha Garden Club; and Mrs. W. B. Anders, American Association of University Women.

### VACATION IN ARIZONA

Dr. K. F. Campbell, Midland dentist, and his family are expected to return this weekend from the White Mountains of Arizona, where they have been vacationing at Hannigan's Meadow, a fishing center.

The watermelon grows in numerous varieties and when mature may weigh as little as 8 or more than 80 pounds.

## Newlyweds Are Feted At Party In Andrews

Mr. and Mrs. Kenneth St. Clair, who were married recently, were honored with a gift party Tuesday night in the Community Building club rooms, Andrews.

The bride is the daughter of Mr. and Mrs. Carlton B. Downing of Midland and parents of the bridegroom are Mr. and Mrs. L. H. St. Clair of Andrews.

Hostesses for the gift party were Mrs. E. W. Burkett, Mrs. D. M. Pinnell, Mrs. J. W. Moore, Mrs. Carl Sealy, Mrs. J. C. Reynolds, Mrs. W. A. Farmer, Mrs. Walton Creech, Mrs. O. G. Weatherby, Mrs. H. E. Clack, Mrs. Virgil Reed, Mrs. R. O. Davidson, and Mrs. T. D. Hamilton.

Guests were greeted by Mrs. Creech and were presented to the bridegroom, the mother of the bridegroom, and the bride's parents. Mrs. W. S. Farmer registered guests. Entertainment for the evening included a reading, "Two Build a World," by Mrs. Bill Pinnell and a solo, "Until," sung by Mrs. Charles Pinnell, with Mrs. Pat McNair as accompanist.

Pink and white were featured in decorations. A wedding ring arrangement of pink carnations and greenery encircling a miniature bridal couple centered the refreshment table. White satin runners extending from the centerpiece and scattered with rosebuds ended in large bows at the corners of the table.

Out-of-city guests were Mrs. Roselle Cherry, Mrs. Ellison Tom, Sr. and Barbara Tom of Midland.

## Library To Hold Children's Party

Saturday afternoon, September 8, has been set as the tentative date for a children's party at the Midland County Library. It has been announced by Mrs. Lucille Carroll, librarian.

Invited to attend are all children who have participated in the library's Summer reading program for children.

# SOCIETY

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, AUGUST 28, 1952-3

**NEW LOOK**—The six pretty misses above, who will be freshmen at Odessa College this Fall, check over new construction and landscaping work nearing completion on the campus. A new administration building, classrooms, laboratories, auditorium, gymnasium, and shops have been added to the campus in a million-dollar expansion program. In the picture standing, left to right, are Frances Bosworth, Odessa; Connie Whiting, California; and Nellida Bynum (Miss West Texas), Odessa. In the driver's seat, left to right, are Janet Robinson, Barbara Ash and Betty Amberguey, all of Odessa.

## Bennie Koon Is Honoree For Gift Tea

Bennie Koon, bride-elect of J. E. (Junior) Morgan of Duncan, Okla., was named honoree for a gift tea at the home of Mrs. G. N. Donovan, 1208 North Garfield Street.

Miss Koon and Morgan are to be married at 8 p. m. Saturday in the First Christian Church.

Hostesses for the tea were Mrs. Donovan, Mrs. H. H. Hamlin, and Mrs. L. B. Moore.

Guests were met at the door by Mrs. Donovan and were introduced to the honoree and her mother, Mrs. A. B. Carden, and to Mrs. J. W. Morgan of Odessa, mother of the prospective bridegroom.

Assisting at the refreshment table were Dean Hope of Odessa, Mrs. W. G. Foley, and Calva Ann Pittman, Mrs. D. D. Martin, grandmother of the bride-elect, registered guests and Bennie Daniels was in the gift room. Also assisting the hostesses in the houseparty was Mary Grace Alcorn of Odessa.

The honoree's chosen colors, yellow and orchid, were emphasized in decorations. An arrangement of yellow gladiolus centered the refreshment table, which was laid with a white outwork cloth and crystal and silver appointments. The white cake was decorated with orchid rosebuds.

Miss Koon was wearing a corsage of pink roses and other members of the houseparty had corsages of orchid daisies.

Hostess gift to the honoree was a butter knife and sugar shell in her chosen silver.

Seventy-nine persons responded to the party invitation.

## Parish Workers Discuss Meeting

Mrs. Don Liscum and Mrs. V. A. Reinholz were hostesses to the Parish Workers of the Grace Lutheran Church Tuesday.

Plans were made for the Central Texas Pastoral Conference of Texas District, Missouri Synod, to be held in Midland in October.

Guests attending were Mrs. W. T. Dickey, Mrs. C. F. Proehl and Mrs. George Wetncoff.

Other members attending were Mrs. E. W. Bodemann, Mrs. Hans Roeck, Mrs. Gus Teinert, Mrs. Lealand Huffma, Mrs. Norman Kokel, Mrs. Gilbert Beckr, Mrs. E. W. Knabe, Mrs. C. B. Green, Mrs. W. O. Baumann, Mrs. Norman Hoback and Mrs. Ed Fischer.

## OES Meets In Masonic Hall

The Order of the Eastern Star held its regular meeting Tuesday in the Masonic Hall. Mrs. Roy Jones, and R. E. Baker presided assisted by E. M. Parks of Clyde.

It was announced that the Night Study Club will meet at 8 p. m. Thursday in the home of Mrs. Ed Shakely, 1203 West Louisiana Street. The Day Study Club will meet Wednesday with Mrs. Anna Pale, 1204 West Tennessee Street.

Refreshments were served by Doris Shelton, Elise Cole and Loraine Ray.

Guests attending were E. M. Parks of Clyde, Cornelia Proll of Junction, and Beulah Halfield of Eastland.

## DeMolay Mothers To Name Officers On September 10

Organization of a DeMolay Mothers Club was discussed at a meeting Wednesday evening in the home of Mrs. Walton Oates, 2201 West Kentucky Street.

Officers are to be elected at a meeting at 8 p. m. September 10 in the home of Mrs. T. S. Edrington, 1200 West Ohio Street.

Plans were made for the local group to attend a coffee for DeMolay Mothers at 10 a. m. September 10 in Odessa.

Present were Mrs. James Johnson, Mrs. R. V. Hollingsworth, Mrs. Edrington, Mrs. W. C. Tatum, and Mrs. Oates.

## Coming Events

### FRIDAY

The Terminal Library's Children's Story Hour will meet at 10:30 a. m. in the library. The Dunbar Branch will meet at the same time.

Club 15 adult executive board and student board members and committees will meet at 2:30 p. m. in the home of Mrs. Oliver Gooch, 2202 Bedford Drive.

### SATURDAY

The Children's Story Hour will be held at 10:30 a. m. in the Children's Room of the Midland Public Library.

There will be an end-of-month dance from 9 p. m. to 1 a. m. at the Midland Country Club. Music will be by Jack Free and his Orchestra.

The Midland County Museum will be open from 2:30 until 5 p. m.

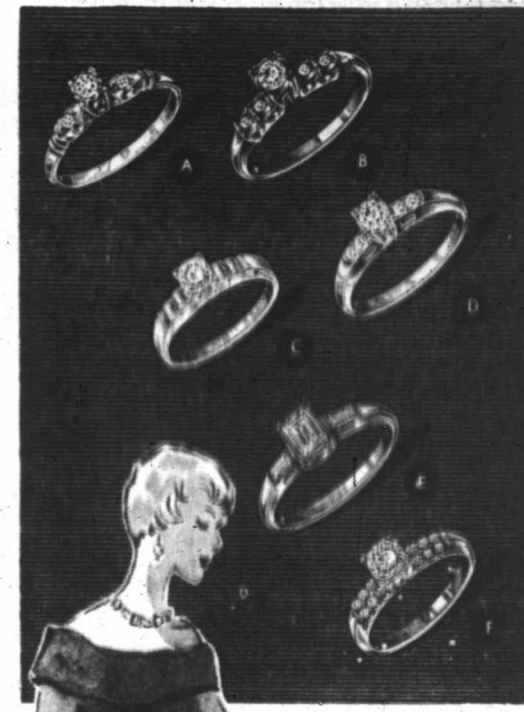

### FALLS OUT OF TREE

Carol Marie Howell, six-year-old daughter of Mr. and Mrs. Dayton Howell, 504 East Dakota Street, fell out of a tree and struck her head on a stump Wednesday. She was treated at Midland Memorial Hospital for a lacerated scalp.

Welcome Teachers!

The welcome mat is out and a warm and friendly handclasp is extended as Midlanders greet the teachers who will be associated with their school system during the 1952-53 term. The friendly greeting is intended for the faculty members who previously have taught in the Midland schools as well as for the more than 100 teachers who are new in the system.

The faculty members will be the guests of honor at a Chamber of Commerce-sponsored "Teacher Welcoming" Party Thursday evening at Midland Memorial Stadium, the annual event providing a marvelous opportunity for Chamber of Commerce members and friends to become acquainted with the personnel of Midland's fine public schools. It is hoped that a large and representative group of citizens will be on hand to meet and greet the faculty members.

The Chamber of Commerce, too, is to be commended upon the sponsorship of the annual affair. Midland is proud of its excellent school system and of the faculty members which make it tick, and Midlanders generally are anxious to cooperate to the fullest extent in all matters concerning their schools.

The teachers, too, will find here a friendly and cordial relationship existing between the community and the schools as they become a part of friendly, Ever-Growing Midland. It is a relationship which we hope they will appreciate and enjoy to the fullest extent. The faculty members are invited and urged to participate actively in all affairs of the community—civic, church, cultural and social—as they assume their roles as citizens of this friendly West Texas city.

May the 1952-53 term be the most successful in history for Midland schools, and may it be the most pleasant ever in every respect for the faculty members. Welcome to Midland, Teachers!

Absent Soldier Ballot

The first presidential election since the outbreak of the Korean war comes up this Fall. And with it comes up the old problem of letting soldiers who are out of the country help choose their next Commander in Chief.

It's a pretty sorry state of affairs when men most entitled to vote—soldiers fighting their country's hot and cold wars—are not allowed to do so. But that's the way it is for possibly as many as a million of them.

The Armed Forces Information and Education Office has set up certain standards states must meet to insure that their soldiers get a proper chance to cast their ballots. Among these requirements are that the state permit absentee voting. Several do not.

The I. and E. office specifies that a federal post card be acceptable in lieu of the soldier's ballot. And ballots should be sent out by states to absentee voters in time for them to be in the voters' hands at least 45 days before election day.

However, despite the recent World War II experience, which should have taught us something along these lines, only 18 states meet all the I. and E. requirements for absentee voting.

In the remaining 30 states some soldiers will be allowed to vote in November, but many will be the victims of failure by their states to take the necessary legislative steps. If soldiers were the only ones disfranchised it would be bad enough. But the trap that catches the soldiers also catches thousands of civilians who on November 4 will be carrying on the nation's business in various parts of the world.

It's just about too late to do anything about the situation in time for the coming election. But Congress and the state legislatures certainly should not let another voting time pass without having acted to give the vote to those away from home.

End Of Crisis

We all can breathe a little freer today. The Riviera crisis has been eased. This started when word spread along the Cote d'Azur that the Duke of Windsor was off his feed, possibly had an ulcer and might even have to go on the wagon.

From wires carried these rumors with the speed of light. The duke's reported gastronomic disorders for a few minutes crowded out the peace negotiations at Panmunjom, the Schuman plan inauguration at Luxembourg and the America political news.

Then cautious editors dispatched queries to their correspondents covering the duke's important activities. Back with the same speed of light came the heartening news: the duke arose, went at once to the bar for his customary whiskey and soda and then ate a hearty breakfast. End of crisis.

It's Hard To Tell Which Is More Frightening

THE DOCTOR SAYS

Spanking Usually Worst Way To 'Cure' Child's Bed-Wetting

By EDWIN F. JORDAN, M. D. Written for NEA Service

A distracted mother writes that she is at her wit's end about her seven-year-old boy who still wets the bed at night. To add to the difficulty, she has been advised to give the child a good spanking after each accident, but wonders about this since the boy feels badly enough about it anyway.

Now involuntary urination, or enuresis at night, is by no means a rare problem during childhood and youth. Since, in many cases, it appears to be tied closely to nervous and emotional factors, as will be pointed out later in the column, spanking ordinarily would seem to be about the worst kind of treatment.

Several methods are helpful in treating enuresis. It usually is well to put out fluids as much as possible after 4 or 5 p.m.

Another suggestion which has been made is to give a level teaspoonful of table salt with a little jam on a cracker at bedtime. But remember, this is advisable only if recommended by the doctor.

Good results are obtained sometimes by awakening the youngster at definite periods during the night in order to urinate.

When control over the urine during sleep is not obtained by the time a child is one and a half years old, or when bed-wetting occurs after being absent for several years, there is a great deal of emotional distress not only in the youngster but in the parents.

Parents not only resent the trouble caused by bed-wetting, but are sensitive to the fact that their child does not seem on the par with others of the same age.

When enuresis continues beyond the age at which it should disappear, it is probably because of one or more of these psychological conditions in the child.

The first is that the child has not yet grown up with reference to control of the bladder. The second is that subconsciously the child wishes to remain in or return to the protected, irresponsible state of infancy rather than to assume the normal difficulties of his age.

Way Of Getting Even Finally, there may be a subconscious resentment against the parents in which bed-wetting becomes a way of getting even with them because of too much criticism.

Recently, an authority suggested that parents be given the following advice: a child should not be accused of enuresis until he is well past the age when he could normally be expected to control this function.

In other words, not all children develop bladder control at an equal rate of speed; any more than they do other functions.

Have A Laugh

By BOYCE HOUSE

The biggest story that Deputy Sheriff C. F. Robinson of Marshall told was about the time he and a friend were down near Orange, and, in the vicinity of the Neches River, they saw a disturbance that they took to be a small cyclone. They could hear a noise and could see trees falling on both sides of the river. They hurried to investigate and what do you reckon they found?

No, it wasn't a cyclone that was creating all the disturbance; it was a huge fish that the atomic test bombing by the Navy had caused to leave the ocean and start up the river.

He was so big that he drank the river dry as he swam up it. Those trees falling? That was caused by his whiskers striking the opposites and oaks on each bank.

The two men caught this huge fish. The way they did it was they jacked up the river and he went around.

But they didn't get to eat him. That fish was so big that they couldn't find a skillet large enough to cook even a small piece of him.

They did get his picture, though, and he was so large that his photograph weighed 40 pounds!

So They Say

The federal government won't let the pigs out of the state of New Jersey and the state wants us to get rid of the pigs because the governor doesn't like the smell.

—New Jersey Pig Farmer Henry Krajewski.

The men (overseas) are in very good condition. Their morale and physical conditions are good and the sick rate is amazingly low.

—Assistant Defense Secretary Anna Rosenberg.

I particularly am concerned about the present inadequacies in the social security law and feel strongly that the law ought to be extended to presently uncovered persons.

—GOP Presidential nominee Gen. Dwight Eisenhower.

I cannot say who will supply us (with military aid) if America and the Western democracies refuse us their aid. We shall appeal to somebody.

—Gen. Mohammed Naguib, new Egyptian "strong man."

It is folly of the worst kind to make war against communism in one part of the world and to allow domestic Communists unfettered freedom in the United States.

—Rep. Donald Jackson (R-Ga.).

I firmly believe that the (Democratic) Party is united 100 per cent for the first time in 15 years.

—Former Democratic National Chairman Frank McKinney.

JACOBY ON BRIDGE

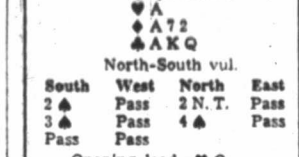

By OSWALD JACOBY Written for NEA Service

Every good bridge player knows the importance of leading towards his high cards instead of leading away from them. This point is very clearly made in the Autobody hand of recent vintage shown today.

West opened the queen of hearts, and South won with the ace. Perhaps the average player would immediately lead the queen of spades from the South hand in order to draw trumps as quickly as possible. This would be a fatal error.

The correct play is to lead a low diamond at once in order to establish at least one entry to the dummy.

West takes the king of diamonds and returns a club, and South wins with the queen; South now

leads a low diamond to dummy's queen, after which he can return a low trump from the dummy.

East's best chance is to play the eight of spades and South wins with the ten. West's discard reveals the trump situation, so South can be quite sure that he must lead trumps once more from the dummy.

The only way to do so is to trump the ace of diamonds in the dummy and then return dummy's remaining trump.

East can do nothing against this line of play. He must put up the king of spades, but now South can safely draw trumps. South loses only two spades and one diamond.

Note what happens if South makes the mistake of leading the queen of spades from the South hand at the second trick. East wins with the king of spades and gets out safely with a club.

South must now get to dummy with a diamond in order to lead dummy's second trump. East plays the eight, and South must win the ten.

South must now get to dummy again to lead another trump through East. However, if South ruffs his ace of diamonds, he must use up dummy's last trump in the process, and therefore will be unable to lead a trump through East.

He must therefore lose three trump tricks and a diamond, for a set of one trick.

CARD Sense

Q—The bidding has been: North East South West 1 Heart Pass 2 Diamonds West 3 Hearts Pass

Q—You, South, hold: Spades 8-6, Hearts 9-8-3, Diamonds A-K-J-9-4, Clubs K-7-2. What do you do? A—Bid three hearts. Three trumps are adequate support for a rebid suit, an ace hand as a whole is worth a try for game. If North has a minimum opening bid he can still pass under game.

Q—What is the name as in the question just answered. You, South, hold: Spades 8-6, Hearts Q-J-8-3, Diamonds A-K-J-9-4, Clubs 7-2. What do you do? Answer Friday

WASHINGTON COLUMN

Behind FTC Oil Cartel Report Is More Than Meets The Eye

By PETER EDSON NEA Washington Correspondent

WASHINGTON—There is a lot more than meets the eye in the publication of the long-secret, 900-page Federal Trade Commission report on international oil cartels and the Department of Justice Federal Grand Jury investigation of the same subject.

With 40 pages of military and diplomatic secret stuff struck out for reasons of national security, the FTC report finally is released under the auspices of Alabama Senator and Democratic Vice Presidential Candidate John J. Sparkman's Small Business Committee. The publication has President Truman's blessing.

The grand jury probe began September 2 under the direction of Leonard J. Emmergliek. He is a senior Department of Justice prosecutor in the anti-trust division. He won his fame handling the government's two-year anti-trust suit against Aluminum Company of America.

The oil report is the eighth in a series of economic studies on monopolies begun by FTC in 1944. The first seven reports covered steel, copper, phosphates, sulphur, electrical equipment, machinery and chemicals.

They were completed in 1949 and are described as having had the effect of dropping a grain of sand in the ocean. Congress ignored them. Nothing ever happened.

FTC had no authority to do anything about them itself. The first seven reports left untouched the most important raw material of them all—oil. So in 1949 FTC passed a special resolution authorizing its economics staff to prepare a report on the undesirable characteristics of monopolistic practices in the world oil industry.

Top-Secret Angle The study took more than two years. A lot of material was subpoenaed from oil industry files. Because the report dealt with the Middle East, which was an explosive political area, State Department insisted that the report be kept secret. That is one of the things that stirred up much of the interest.

Aside from the 40 pages which might have been embarrassing to certain Middle East governments in letting their politicians know some of the things that went on inside their own countries, there is said to be little in the FTC report that has not been widely known inside government and the oil industry.

One other factor that stirred up public interest in the FTC oil report was pressure from Senator Thomas C. Hennings of Missouri. Thereby hangs something of a tale.

One of the most potent political forces in his state is the Missouri Farmers' Cooperative. It runs an oil refinery and quite a chain of co-op filling stations. But the co-op refinery has to buy its crude oil from the private producing companies.

Two years ago the co-op charged that the U. S. oil companies had hiked the price of crude and lowered the price of refined products.

He was stashed and gleaming and indolent, and looked like a college boy on the way to his first class of the morning. David said, "You know, you said back there in the Museum that you needed help. You've got everything good—how can you possibly have any troubles?"

Q—Was there ever a proposal to name a state in honor of Thomas Jefferson? A—In 1915 it was proposed in the Texas legislature that a separate state be made of the Panhandle, or northwestern part of the state. This new state was to be known as the State of Jefferson. The proposal was discussed but did not become law.

Q—What is a rose diamond? A—In the 1500's a new method of cutting diamonds was introduced which produced diamonds somewhat in the shape of a rose.

Project Pygmalion

By Grey MacMillan Copyright 1952 by NEA Service, Inc.

I'm puzzled in mid-sentence. Several people turned to follow the direction of my eyes, and David reddened.

I finished my talk hastily, and worked my way over to where he stood. "Look, David," I said. "Please get it straight. I need somebody to help me, just as bad as you need somebody to help you."

I held out my hand, and he shook it. We were on a firm footing at last. "It's my day off," said David. "Wanna eat dinner?"

WE stopped at a grocery store, where David bought an outrageously expensive piece of steak and an ice-cream roll. We let ourselves into the apartment with gasps of exhaustion and put the cream into the freezing compartment.

After my shower, I turned on the bedroom fan. While I dressed, David lounged in the doorway discussing Dickens' "reel recitations." He'd just seen the movie. Suddenly he paused. "Do you use deodorant?" he asked, as though he had caught me eating live goldfish.

"Sure," I said. "Men need it more than women, you know. They sweat more." I was glad I'd had a chance to tell him. When I went back to see how he was standing in the hall, he was half-dressed, and he turned to me uncertainly. "My clothes are so sweaty—" he began.

"Well, here, put on some of mine," I said, pulling open drawers and rummaging around. "Matter of fact, I have two shirts here that I haven't been able to wear since I got out of the service."

They fitted him fairly well, so I gave them to him. As I was setting out a wooden bowl of potato chips, he came sauntering into the living room.

I took them into the living room and started a fire, in spite of the June day, and burned them. At first I re-read each one; then I began burning them in chunks. And it was the next day that I first saw David at the Museum. (To Be Continued)

UNCLE EP

We've decided it's an odd world. Traitorous American, English and Swedish weaklings are being arrested all the time for passing secret information to Russians. Nothing is done, though, about the Russians who are in these countries just to get such information.

**Margaret To Shop In Paris, Return To United States**

PARIS—(AP)—Winding up her tour of Europe, Margaret Truman arrived here Thursday by train from Oslo, Norway.

Radiant in a smart olive green ensemble, the President's daughter was greeted by Theodore C. Achilles, minister-counselor of the American embassy.

She lunched with Mrs. Pearl Meats, U. S. ambassador to Luxembourg, who arrived here Wednesday from Washington. Miss Truman said she might do some shopping early in the afternoon. She is to board the liner United States Thursday afternoon for her return to the U. S.

HERE FROM DALLAS  
Barron Kidd of Dallas is a Midland business visitor.

**Couples Belittle Each Other; Should Heap Praise Instead**

You probably know at least one couple like the Mortons. You really like Joe Morton. He's good company. You like his wife, Sue, too.

And yet, as much as you like them individually, when together they often make you uncomfortable. Why is it that either one is so much nicer to have around than seeing the two of them together?

Because the Mortons, like so many married couples, have fallen into the habit of sniping away at each other whenever they have an audience.

When Joe starts to tell a story, Sue is sure to interrupt it somewhere to make a crack that puts Joe in an unfavorable light — or say

something that makes her look like the martyred wife.

If Sue expresses an idea Joe immediately takes the opposite view, which, of course, irritates Sue and usually ends in a heated argument.

The Mortons don't act like partners but like opponents. They may love each other but certainly don't give the impression of liking each other.

And so they make you uncomfortable. After spending an evening with the two of them your opinion of both is lowered considerably.

It would be as easy for the Mortons to build each other up as to tear each other down.

That certainly would make them more attractive as a couple. Much better company, too.

But they have fallen into the habit of belittling each other instead of trying to make each other look good.

You can't do anything about the Mortons except use them as an example of how a married couple should not behave in company.

Make sure that you and your husband never appear less attractive as a couple than you appear as individuals.

**Most Hawaiians Not Interested In Statehood, Midlander Finds**

"The common man in the islands is just not interested in statehood for Hawaii at this time," reports Winston Hull, 600 W. Kansas Street. Hull has just returned from a vacation trip to the Hawaiian Islands, where he was accompanied by his wife and son, Richard Hull, a student at Texas A&M College.

Being a practical man, he made full use of his time in the islands to observe more than the casual vacationer. He talked to guides, cab drivers, bellboys, and any in "man in the streets" he could find to discover their viewpoints on the statehood issue. One minor politician he spoke to said that Hawaii needs to produce another generation before it is ready for the responsibility of being the 49th state in the union.

Hull left the United States on the steamer Lurline with his family July 31, making the return trip to

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, AUGUST 28, 1952-5

**Teachers Discuss Plans For School**

Plans for opening of Midland Public Schools Tuesday were being formulated in the fifth annual pre-session conference which opened Thursday and will continue through Friday.

The pre-session conference opened at 9 a.m. with a general faculty meeting in the high school auditorium. Special guests included the Board of Education and P-TA presidents.

R. C. Michener, consultant of music, led the group in a singing session.

Delbert Downing, manager of the Midland Chamber of Commerce, gave the welcoming address.

Frank Monroe, superintendent of Midland schools, made introductions.

Refreshments were served in the high school cafeteria from 10:30 to 11 a.m., followed by elementary to Midland, starting from 11 to 12 noon at the high school building. Departmental meetings were held at the same time by the junior and senior high schools.

Faculty meetings at respective buildings were slated in the afternoon.

The faculty will be guests of the Midland Chamber of Commerce for a "Get Acquainted" party at 6:45 p.m. at Memorial Stadium.

**THDA Elects Mrs. Harris New President**

KINGSVILLE—(AP)—The Texas Home Demonstration Association elected Mrs. B. M. Harris of Plainview president at its annual meeting here Wednesday.

Other new officers installed are: Mrs. John Goughly, vice president; Mrs. R. G. Wood, Fort Lavan, secretary; and Mrs. H. G. Hife, Lake Jackson, treasurer.

The association's meeting, which is attended by 800 persons ends Thursday.

the states by Pan American Airlines. They came by train from Los Angeles to Midland, arriving here August 18. The four main islands of the Hawaiian chain were visited by the Midlanders—Kauai, Maui, Hawaii, and Oahu, which contains the city of Honolulu.

The Isle of Kauai, known as the Garden Island, is notable in that it is reputed to have the heaviest rainfall in the world, Hull reports. Up in the mountains an annual precipitation of as high as 600 inches a year has been recorded. The annual average is about 400 inches a year.

Sugar cane, pineapple, rice, taro root, and cattle are the principal products of this little island. Hull visited the sugar cane fields there, and he says that it is the first crop he has ever seen which has to be burned before it can be harvested. This process is necessary to destroy weeds. It takes 21 months to mature sugar cane, and harvesting is almost completely mechanized operation.

Maui Island is principally engaged in the production of pineapples. A surprising fact about their growth is that it takes two years to mature a pineapple for harvesting. While on the island, Hull saw Haekala crater, an extinct volcano, which has an exotic plant growing on it. It looks like a silver sword, similar to the yucca plant of this country, and it blossoms with a torch-like flower that may be four to eight feet tall, with a diameter of one and one half feet. Hull says it resembles the plumes on a bandman's hat.

On Hawaii Island, known as the Orchid Isle, the Hulls also saw an extinct volcano, Mauna Kea, 13,000 feet high. One never thinks of skiing in connection with Hawaii, but presence of snow on this mountain sometimes permits the winter pastime, according to Hull. Mauna Loa, an active volcano, is almost the same height, and has the sub-crater, Halemaumau, which the Hulls saw in eruption.

The last island, Oahu, has the vast Dole Pineapple Cannery and the great sugar mills. Despite the large production of sugar cane in the islands, sugar is sent to the United States in raw form, and the Hawaiians have to get their refined sugar shipped back from the mainland. Hull estimates that about one-third of the economy of the islands is based on sugar cane, with pineapple production making up about one-fourth of the picture.

While on Oahu, Hull saw the Parker Cattle Ranch, probably second only to the King Ranch in Texas in size. Cattlemen on the islands have been known to graze one head per acre on small spreads of two or three hundred acres, Hull says, a fact which may be of interest to Texas ranchers. Usually the average number of cattle on a Hawaiian ranch is about one head to ten acres.

Questioned about the nature of the Hawaiian people, Hull says they are an easy going people, and "they are all happy, and all are eating."

## Major Oil Firms Snub Bid To Answer Cartel Charges

WASHINGTON—(AP)—The Senate Small Business Committee said Thursday none of seven big oil firms accused of monopoly practices has accepted an offer to appear before the committee and dispute the charge.

The monopoly accusations were detailed in a long-suppressed report written by Federal Trade Commission staff members. The report was made public by the Senate

committee Monday after President Truman acceded to senators' demands that it be released.

Blake O'Connor, directing the committee's professional staff, said the group will decide now whether to order public hearings of its own on the matter, write a report based on the FTC findings or simply let the report stand.

Senator John Sparkman of Alabama announced in making the report public he was reserving Wednesday and Thursday for public hearings if any of the seven companies wanted to reply.

"We have had no request for a hearing from any of the seven," O'Connor told a reporter. "There have been no takers, so Dr. Walter Adams, the staff member who would have conducted the hearings, is returning to his post as a member of the faculty of Michigan State College at East Lansing, Mich."

The report named the seven companies as Standard Oil of New Jersey, Standard of California, The Texas Company, Socony-Vacuum Oil Company, and Gulf Oil Corporation, all incorporated in this country, the Anglo-Iranian Oil Company, largely owned by the British government, and Royal Dutch Shell, owned mainly by Dutch and British interests. In press statements at the time, the companies generally denied any wrongdoing.

The Justice Department is investigating the group, and has filed damage suits totaling \$7 million dollars against the two Standard companies, The Texas Company and Socony-Vacuum.

**SILENCE PAYS IN LONE WOLF**

LONE WOLF, OKLA.—(AP)—Telephone users at this small Kiowa County community, faced with higher rates, decided to forget Alexander Graham Bell ever invented the machine.

So 64 out of 165 subscribers told phone Company it could come and get the phones.

The furor started August 21 when residential rates went up from \$2.50 to \$3.75.

M. E. Barnes, telephone company manager, commented: "We have nothing against Lone Wolf, but this is just a state-wide increase."

**Ike Ready To Start Fighting, Hard-Hitting Campaign Drive**

By JAMES DEVLIN

NEW YORK —(AP)—Gen. Dwight D. Eisenhower Thursday assured his followers that his preliminary sparring for the presidency was about finished and that soon he will undertake "a fighting, hard-hitting campaign."

He passed the word to William L. Pfeiffer, New York Republican state chairman, and Republican leaders of eight New York City metropolitan counties who visited him at his Hotel Commodore headquarters.

"He assured us he is going to wage a very strong, aggressive campaign, starting soon," Pfeiffer told newsmen. He said he and the metropolitan county leaders discussed Communism and corruption as prime issues.

Eisenhower was registering to vote Wednesday at the time his Democratic rival for the presidency, Gov. Adlai E. Stevenson of Illinois, was addressing the American Legion convention, and he did not hear the speech. Pfeiffer said he had told Eisenhower he regarded it as "not very forceful."

Thomas J. Curran, New York Secretary of State and chairman of the Manhattan Republican Committee, said he told the general that the Stevenson speech "left more unsaid than it said."

Surprising Labor Vote  
Eisenhower has a promise that he will receive a "surprising" labor vote on election day.

The Republican nominee also drew the support of Roger W. Straus, co-chairman of the National Conference of Christians and Jews.

Word that Eisenhower would get substantial labor backing came Wednesday from Richard J. Gray of Albany, N. Y., president of the three-million-member AFL Building and Construction Trades Department, and a long-time Democrat.

"For 20 years we've been with the Democrats and they think they've got us in their vest pocket," Gray told newsmen after conferring with the general.

He emphasized that he was speaking for himself, not for his union, but he said he knew that eight or 10 other top union officials would support Eisenhower. He did not give their names.

"Just Statistical Bureau" And he added that a "surprising number" of rank-and-file unionists would vote Republican.

The building trades chief said "a lot of labor people feel the country is coming to be ruled by a minority."

He said he told Eisenhower, "we don't have a United States Department of Labor any more. It is just a statistical bureau."

Fifteen or 20 agencies are involved in labor affairs and it leads to confusion, Gray said.

Asked how he felt the Republican platform on labor compared with that of the Democrats, Gray replied: "We don't pay any attention to them. Political platforms are something to get in on but not to stand on."

**Autos May Kill 480 On Weekend Holiday**

CHICAGO —(AP)—The coming three-day Labor Day weekend probably will bring an all-time high in traffic deaths for that holiday, the National Safety Council said Thursday.

The council estimated that this year's toll may reach 480. Previous high was 461 last year.

"Forty million cars will be on the move this weekend," Ned H. Dearborn, council president, said in a statement. "The summer's last holiday, plus the back-to-school rush from vacation spots, is expected to bring a new record for travel over a Labor Day weekend."

**Sparkman Begins Campaign Series**

MEMPHIS, Miss. —(AP)—Senator John Sparkman, Democratic vice presidential nominee, will open a two-week campaign tour with a speech here Thursday night.

The Alabama senator will speak at the high school stadium under the auspices of the Junior Chamber of Commerce.

His next scheduled speech will be at the Amvets National Convention at Grand Rapids, Mich., on Saturday.

**Girl, Two, Thrown From Home In Blast But Escapes Death**

ALEXANDRIA, VA.—(AP)—A two-year-old girl, hurled two floors and trapped for 30 minutes under debris of an explosion—shattered apartment, escaped Wednesday with nothing worse than scratches.

Five other persons were injured, none seriously, when two mid-afternoon explosions ripped out the back wall of a four-story apartment house in the huge Abingdon apartment development.

Cause of the blast was not determined, although it was reported they originated in a basement where new oil burning equipment was being installed.

The girl was Joan Hawkins, found under shaky wreckage by Rescue Squad Capt. L. W. Devers.

# Braves Rally Late To Tag Angelo, 7-5

**SWEETWATER** — (AP) — In one of their rare displays of batting power, the Sweetwater Braves rallied with five runs in the eighth inning to throttle the San Angelo Colts, 7-5 here Wednesday.

Trailing by 4-2 going into the bottom of the eighth, the Braves used six hits, a walk and two errors to send San Angelo's Marion Saldana down to his eleventh defeat.

A wind-blown triple by Earl Finley highlighted Sweetwater's explosive inning and broke up a pitching duel between Saldana and John Miller. It was Miller's second victory against four losses.

The game was halted 25 minutes in the sixth stanza due to high winds. Sweetwater held a 3-1 lead at the time, but the Colts wasted little time in erasing that margin after the winds died down.

**Colts Take Lead**

San Angelo grabbed a 3-2 advantage in the seventh when John Margarin led off with a walk, Ken Kowalik singled and George Hayes sacrificed the two runners to second and third. Glen Burns' groundout scored Margarin and Johnny Taylor's infield roller plated Kowalik.

The Colts made it 4-2 in the eighth on Cotton Russell's walk, his fourth straight free pass of the game, and singles by Margarin and Kowalik.

With one down in Sweetwater's portion of the eighth, Warren Blier smashed a triple, Chino Bernal walked and Johnny Morris singled off the shortstop's glove. An overthrow of first enabled Bernal and Morris to take an extra base and Finley lifted a high fly to right field which the wind whipped behind Kowalik for a three-base blow.

**Finley Scores**

After Finley scored on an error, Miller, Ernest Cortes and Kenny Hughes lashed successive singles to push Sweetwater into a 7-4 lead. The Colts picked up one run in the ninth on Burns' single and a double by Ronald Dacko.

**The Score:** R H E  
San Angelo — 000 100 211—5 12 3  
Sweetwater — 020 000 005—7 15 1  
Saldana, Tinkler and Dacko; Miller and Finley.

**Oilers Skip By Drillers**

**ARTESIA** — (AP) — Bill Cearley batted in six runs on a homer and a double almost personally to hand Odesa a 9-8 victory over the Artesia Drillers here Wednesday night.

The big Odesa outfielder drove in three of four runs in the Oilers' sixth inning with a home run with two on, then added all three of his team's tallies an inning later with a double with the bases loaded.

But even with Cearley's prodigious clouting, Jim Ackers and the Drillers made Odesa hustle for the victory. Ackers drove in five runs and paced a six-run outburst in the eighth that brought Artesia back into contention; 8-8.

An Odesa double play halted the Driller rally, however, and saved the game for the league leaders.

Odesa trailed but once—when Ackers gave Artesia a 3-0 lead in the second inning with a payoff single. The Oilers scored once in the third and four times in the sixth and never again were headed.

**The Score:** R H E  
ODESSA — 001 004 310—9 12 0  
ARTESIA — 020 000 060—8 9 1  
Parker, Quintana, Ortiz and Castro; Rodriguez, Hannah, Mills and Briner.

# Tribe Takes Second Win From Dusters

The "winningest pitcher in the Longhorn League," Right-hander Keith Nicolls of the Midland Indians, will make a bid for his twenty-fourth triumph of the campaign here Thursday night when he pitches the final game of a three-game series with the Vernon Dusters. Right-hander Steve Logomarsino will hurl for Vernon.

The classy Midland hurler who already has several Major League clubs angling for his services, has only lost eight games.

In Wednesday night's action here, veteran Eddie Jacome became the second Tribe hurler to capture 20 games when he spaced 10 hits to beat the Dusters, 4-3.

The win pulled Midland to within one game of the second-place Big Spring Broncs in the league standings. The Broncs were defeated by Roswell Wednesday night, 4-0.

The Dusters made it appear doubtful the husky hurler would win when they tallied three times in the initial frame.

Marty Dooley started the fireworks by lining a single through the box. Golden Gholson reached first on an error and Ed Bucynski rapped a double to left field to score both men but he was thrown out at third base, attempting to stretch the hit. Joe Nicolson kept the rally alive by pounding a double to right center field and scored on Art Neal's single to left. But from that point on, Jacome was master of the situation as he blanked the visitors to rest of the way.

Midland scored a lone marker in the bottom of the first frame when Earl Bossenberry singled and Glenn Selbo drew a walk. Both men advanced a base on Vernon Hurler John Fox's wild pitch with Bossenberry scoring on Manuel Temes' fly to center field.

Their second center came in the third frame when Gahlen Dinkel singled and moved to third on Glenn Selbo's single. Dinkel scored on Temes' one-baser.

**Indians Clinch It**

The Tribe clinched the contest in the seventh when Jacome powered a single between second and third. He was retired on Earl Bossenberry's fielder's choice with the next batter, Dinkel, driving a walk to plate men on first and second.

Julio de la Torre slugged a solid single into left center field, scoring Bossenberry, and when Duster centerfielder Ed Bucynski booted the ball, the fleet Dinkel streaked home with the deciding marker.

Fox, the Vernon hurler who is an instructor for the deaf at Austin, allowed only eight hits in absorbing the loss.

Two more or less freak catches were made in the game Wednesday night. The first occurred when Woody Pennington dropped a bloop fly only to have Bill Brown spear the ball before it hit the ground. The other occurred when Duster Shortstop Marty Dooley deflected a ball into the glove of second baseman Art Neal, who made the put-out. In both cases, the men who originally made contact with the ball were credited with assists.

**The score:** R H E

KEITH NICOLLS . . . "Winningest hurler."

# Rockets Blank Steeds, 4-0, With Bobby Weaver Pitching

**BIG SPRING** — (AP) — Roswell scored four unearned runs off Bert Baes in the fourth inning and went on to defeat the Big Spring Broncs, 4-0, before a sparse turnout of fans here Wednesday night.

Bobby Weaver applied the whitewash to the Steeds, yielding only eight hits. He was in trouble only in the seventh inning when he loaded the sacks with only one out but steadily to fan Al Valdes and get Baes on a fly ball to center.

The win was the Pennsylvania's eleventh against nine losses. Baes has now won 11 and lost eight.

Les Palmer ignited the Roswell uprising in the fourth when he hit a dribbler through the box. After Baes retired Audie Malone and Bobby Lemmel on fly balls, Van Huppert singled into right field and legged it all the way to third when the ball got through Pat Steasy. Weaver hit a bounce out in front of the plate but Valdes threw the ball into right field trying to arrest the runner at first. Weaver wound up on second and Ruppert counted easily.

Pete Tulsa followed with a base hit to right, that went for three and scored another run when the ball took a bad hop and rolled all the way to the boards. Bobby West singled to plate Tulsa.

The win for Roswell evened the current series between the two teams.

**The score:** R H E  
ROSWELL — 000 400 000—4 12 0  
Big Spring — 000 000 000—0 8 3  
Weaver and Crawford; Baes and Valdes.

# Dallas' Hal Erickson Fails Fifth Effort At Win No. 20

By The Associated Press

If there's a doctor in the house—run, don't walk, to where five clubs suffer a cramp over two little Shaughnessy playoff spots in the Texas League.

What is more, the league's first 19-game winner, Hal Erickson, has stubbed his toe in a fifth straight try for his twentieth victory.

Winning Tulsa and Fort Worth did the biggest ill-pushing Wednesday night, 13 and 14 hits respectively, which only makes for more complications in the standings.

The Oilers, who beat Erickson, administered an 8-1 licking to Dallas while Fort Worth pulled within two games of the lead by showing a 9-4 verdict down Oklahoma City's throat.

Tulsa took over third, a game ahead of a deadlocked threesome: Oklahoma City, San Antonio and Shreveport.

San Antonio's Bob Mahoney recorded the league's 124th shutout—just four short of the record—by halting Houston, 3-0, on five hits.

Shreveport bowed, 3-1, to Beaumont. Hank Wyle yielded a first-inning tally on Harry Elliott's double, then completed his seven-hit-ter dealing out horse-collars.

Rain-Idled Borger, Amarillo Move Up In Loop Standings

By The Associated Press

Rain washed out the Amarillo at Borger game in the West Texas-New Mexico League Wednesday night but not without having a sunnier side for the pair.

Both clubs' causes were advanced when their nearest rivals sustained defeats. Fourth-place Amarillo moved within a half-game of Lamesa as the Lobos tumbled, 4-3, in 10 innings against Ablene.

Fifth-place Borger went a full game ahead of Lubbock on Pampa's 8-4 decision over the Hubbers. Clovis, already the pennant winner, scored a 10-inning, 14-13, win over Albuquerque when Francis Rice singled to center and plated the deciding run.

**BUCS PURCHASE VERNON HURLER**

Lefty Eloyd Walls of the Vernon Dusters has been sold to Pittsburgh of the National League, according to reports received here Wednesday night.

The Vernon southpaw has compiled only a 5-26 record in the Longhorn Loop this season but he has one of the best earned run averages in the League.

Walls was to join Waco in the Big State League Thursday. The sale of Walls leaves the Vernon club with only 13 players, including Manager Pat McLaughlin.

# Bobo Olson Records Sixth Straight Win

**NEW YORK** — (AP) — Carl (Bobo) Olson, Hawaii's high-ranking middleweight contender, racked up his sixth straight victory Wednesday night by pounding Gene (Silent) Hairston into a bloody mess and stopping him in six rounds of their ten rounder at Madison Square Garden.

Olson, a 12 to 5 favorite, weighed 160 to the New Yorker's 160 1/2.

# Pickle Peddler, Sox Castoff, Hurls Yanks To Longer Lead

By RALPH RODEN  
AP Sports Writer

It would not be at all surprising to find the faces of General Managers Joe Cronin of the Boston Red Sox and Hank Greenberg of the Cleveland Indians a bit red Thursday.

The discomfiture of the general managers can be laid at the feet of Ray Scarborough, a 35-year-old pickle salesman from Mount Olive, N.C., who currently is employed as a pitcher for the American League's pace-setting New York Yankees.

Fans in Boston probably are demanding to know why Cronin sold Scarborough to the Yanks. Those in Cleveland must be wondering why Greenberg passed up an opportunity to obtain the tall right-hander.

Scarborough gained credit Wednesday for the Yanks' 13-7 victory over St. Louis. The triumph enabled the Yanks to stretch their lead to two games over the second-place Indians in the pressure-packed race.

The Indians dropped back by bowing, 6-5, to Philadelphia. Boston's third-place Red Sox remained three and one-half games astern as Mel Parnell shut out Detroit, 5-0. In the remaining American League game, the Chicago White Sox defeated the Senators, 4-1, under the lights at Washington.

Brooklyn stubbed its toe in its march to the National League pennant by dropping a 10-5 decision to the Chicago Cubs while the runner-up New York Giants sneaked by Pittsburgh, 5-4, to reduce the Dodger advantage to nine and one-half games. In night games, Philadelphia smeared St. Louis, 7-2, and Boston downed Cincinnati, 12-7, in 10 innings.

Scarborough was procured by the Yanks from Boston on August 22 for the \$10,000 waiver price. All other clubs in the American League had a chance to obtain Scarborough before the Yanks but none nibbled.

Wednesday, he entered the game in the third inning in relief of Allie Reynolds, who was tagged for five unearned runs in the second inning. Scarborough limited the Browns to three hits in four innings and awarded the victory when the Yanks came up with four runs in the sixth to take a 10-6 lead.

The A's spotted the Indians a 4-0 lead in the first inning and then roared back with one in the fourth on Gus Zernial's twenty-fifth homer and five more in the fifth to beat Mike Garcia.

Parnell blanked the Tigers on six hits as the Red Sox ran their winning streak to five games. The Red Sox combed Dave Madison for all five of their runs in the third inning on two walks, a single by Billy Goodman, triple by Parnell and doubles by Clyde Vollmer and Dick Gernert.

A quartet of Chicago pitchers checked the Senators on four singles with Harry Dorish, who worked six and two-thirds innings, emerging with his sixth victory.

Former Dodger Bear

Former Dodger Tommy Brown, Bob Addis and Dee Fondy were the big wheels in Chicago's triumph over Brooklyn. The trio accounted for nine of the Cubs' 15 hits with Brown leading the way with four singles. Bob Rush, with help in ninth from Dutch Leonard, a lefty from 1933 to 1936, gained credit for his thirteenth victory.

Bill Connelly, making his first Giant start, picked up his second victory in beating Pittsburgh. Connelly allowed only four hits but needed help from Al Corbin and Larry Jansen in the eighth when the Pirates scored twice on three walks and an error.

Lefty Curt Simmons breezed to his eleventh victory for the Phils in the night game at St. Louis. The Phils rapped Wilmer (Vinegar Bend) Mizell and Joe Presko for a 7-0 lead in three innings.

The Braves belted out 18 hits in subduing the Reds. Sibby Sisti and Sid Gordon led the drive with four blows apiece.

8—THE MIDLAND REPORTER-TELEGRAM, THURSDAY, AUGUST 28, 1952

# Southwest Baseball Leagues To Talk About Realignment

**ABILENE** — (AP) — Presidents of four leagues and a designated representative of a fifth met here Wednesday to discuss realignment of minor league baseball in the Southwest.

As a result George M. Trautman, president of the National Association of Professional Baseball Leagues, called a meeting of directors of the five leagues September 7 in Abilene. Trautman conferred with the group here by telephone Wednesday afternoon and set the date and place for league presidents to assemble their club owners for a general session.

Realignment of clubs and leagues as well as a study of vital matters concerning operation of baseball in the Southwest will be on the September 7 meeting agenda.

Attending Wednesday's meeting here were Hal Sayles, president of the Longhorn League; Howard Green, president of the Big State and Gulf Coast Leagues; Ray Winkler, president of the West Texas-New Mexico League; and Tom Love, secretary-treasurer of the El Paso club, officially representing G. R. Sizans of Phoenix, Ariz., president of the Arizona-Texas League.

The Southwest International League will be invited to send its league and club officials to Abilene for the September meeting.

# TAAF State Softball Meet Opens Saturday

**DALLAS** — (AP) — The Texas Amateur Athletic Federation softball tournament opens Saturday night. Five teams are entered.

They are Chance Vought of Los Angeles, Mechanics Uniform Supply of Houston, Texas Consolidated Transportation of San Antonio, Beaumont Cleaners of Dallas and Garwell Air Force Base of Fort Worth. The meet closes Sunday.

## GRAMMER-MURPHEY

Midland's Store for Men and Women

## Sustained Drouth Effect—

(Continued From Page One)

broken in Waco and Dallas Wednesday. Dallas had a 98-degree maximum, and Waco reported only 99 degrees. Previous to Wednesday, Waco had had 23 consecutive days of over-100-degree weather and Dallas had gone through 25 consecutive days of the torrid temperatures.

Note of Texas' large cities reported temperatures in excess of 100 degrees. But the thermometer was busy in other places. Preddie reported 103 degrees, Seymour 104, Childress 103, Abilene 102, Wichita Falls 101, Big Spring, Del Rio, Wink and Cotulla 100.

Galveston's 87 was the lowest maximum.

Rain—light as it was—fell in the lower Panhandle. Childress had .34 inch, Amarillo even less, .03 inch. And a ball game was rained out at Borger. Altogether the rain was not enough to dent the drouth.

Forecasts called for about the same kind of weather Thursday night and Friday.

**Rain Need Urgent**  
Need for soaking, state-wide rains was described Wednesday by the U. S. Department of Agriculture as "urgent."

Cottons growth and fruiting came to a dead stop in the Central and Northern Blacklands. Shedding was excessive, the USDA said, and picking of prematurely opened cotton was becoming general.

Most of the extreme Southern Low Rolling Plains was beyond recovery. And also dimmed was the prospects in the Northern Low Rolling Plains, but early rains could help, the department said.

**Cattle Losses Cited**  
Louis J. Merrill, southwestern chief of the Soil Conservation Service, said 10 counties in the Big Spring-Midland area had moved more than 80 per cent of their stock to ranges in other states.

Fifty other West Texas counties, Merrill said, had moved more than half of their stock. "Some Texas ranchers who shipped their cattle to Eastern Oklahoma and Arkansas... ran into another drouth in those areas," Merrill said.

Damage to rangelands in West Texas and Southwest Texas, the SOCS chief added, "is almost as bad as it could be." He added that the situation is getting worse daily.

Merrill said the cattle shift to other states had been "steady for two years."

**Big Spring Driest**  
"The Big Spring area is one of the driest—if not the driest—spots in the nation," Merrill said. He explained that the area has had only 2.1 inches of moisture this year against a normal average of 17 inches. The same area was eight inches deficient last year.

He said "a lot more cattle will have to leave the San Angelo area—unless it rains by September 1."

## Ambulance-Chasing 'Bar,' Weak-Kneed Doctors Hit

HOUSTON—John Watts of Odessa, president of the National Association of Compensating Claimants Attorneys, told the annual convention Wednesday in Houston that ambulance-chasing lawyers and unscrupulous doctors' testimony blocks

just compensation for personal injuries to persons. Watts told members of the convention that those two classes of professional men are the worst enemies of injured persons. "There are a number of lawyers in Texas who openly solicit cases in

person and even in the hospitals. Others have runners who share the fee," he said.

"These lawyers generally, after they have been employed, settle a case for little or nothing and leave the client in a good deal worse shape than if the client had dealt with a dishonest insurance adjuster, even after the fee has been discounted." Watts charged that this type of man "should be expelled from the association."

The association president harshly criticized the medical profession for the "doctors' conspiracy of silence."

"If a doctor kills or permanently cripples a human being through drunkenness or neglect," he said, "you can't find another doctor to testify against him. They'll not testify because the medical association threatens them with being kicked out of the association, or with being removed from the hospital staff."

"In my own experience, I have had cases of gross neglect in which it was practically impossible to find even one doctor who will testify against the offending doctor, and in the event you find one doctor, as I have, that one doctor will be threatened by his fellow doctors in his hometown."

"He will be charged with various charges of misconduct in the hospitals, and his good name and reputation will be torn asunder and slandered because he had the God-given nerve and courage to tell the truth," Watts said.

## Midland Bus System To Add New Coaches Next Week

Two additional 31-passenger motor coaches will be added within the next few days to Midland's public transportation system.

Manager Gene Thummell of the Midland Transportation Company said Thursday the two coaches had arrived in Fort Worth and will be delivered here Friday.

Thummell said he hopes to have them in operation by the time schools open Tuesday.

"Our entire program of improvement," he said, "is being based on serving every section of the city, particularly the school children."

"With the two new coaches added to five now in operation, we will be able to deliver children to any school in the city."

No new routes will be added but the new equipment will permit the extension of service into additional areas of the city while maintaining the regular 30-minute schedules.

## Lt. Bill Kerr, Jr., Is Guest Speaker At Rotary Meeting

The duties, activities and operation of the U. S. military forces in Germany were discussed by Bill Kerr, Jr., at the regular meeting of the Rotary Club Thursday noon at the Midland Country Club.

Kerr, who was the guest speaker at the meeting, returned early this month after 13 months of service with the U. S. Army in Germany. He was separated from the service following his return to the United States with the rank of first lieutenant. He is the son of Mr. and Mrs. William L. Kerr of Midland.

"What the Military Is Doing In Germany" was the subject of his address. Kerr was introduced by C. W. Chancellor, Jr.

John Wilkinson presided at the luncheon in the absence from the city of President Richard L. Brooks.

## Pilot Crash Lands Burning Superfort

SAN ANTONIO—(AP)—Lt. Willard Secor of Kelly Air Force Base brought a burning B-17 Superfortress to a safe landing after four civilian test crewmen bailed out.

Secor, instructor pilot, and Capt. Howard Hensley, pilot also of Kelly, rode the plane to a belly landing in an open field four miles southeast of here Wednesday.

The plane had just taken off on a routine test flight when it caught fire. Crash crews put the fire out before much damage was done.

## Four Texans Hurt In Plane Crackup

DENISON—(AP)—Four persons from Tyler were injured Thursday when their light four-place plane crashed shortly after takeoff from here.

Milo J. Choates, a Tyler contractor, was injured critically. His pilot, also from Tyler and identified only as "Jack," also received critical injuries.

Two sons of Choates also were hurt. Injuries to Milo Jr., 14, were believed to be critical. Pete, 12, was reported to be suffering from bruises and shock.

## Murder Cases Filed In Lamesa Shootings

LAMESA—Charges of murder with malice have been filed before District Judge Louis B. Reed against Johnny Sanchez and Lee McCallister, of Lamesa.

Sanchez, 33, and McCallister, 32, are accused of fatally shooting their wives here.

McCallister is hospitalized with a leg wound and Sanchez is in the Dawson County Jail.

## Millard Admitted To Hospital Here

Frank S. Millard, 1110 Lanham Street, assistant district manager of the Schlumberger-Well Surveying Corporation, has been admitted to Midland Memorial Hospital as a medical patient.

Millard, who expects to be in the hospital two weeks recovering from an illness, recently moved his family here from Fort Worth.

## Stevenson Erects Signposts On Chosen Campaign Issues

NEW YORK—(AP)—The major maneuvers in Gov. Adlai Stevenson's campaign strategy were becoming clearer Thursday as he swept through the New York area in his battle for the presidency.

In effect, he has now come to grips with Gen. Dwight D. Eisenhower, his Republican opponent.

In his American Legion speech, and in another delivered Wednesday night at a Democratic rally near Asbury Park, N. J., Stevenson struck out at Eisenhower in these areas:

1. "I am not in the delicate position of another candidate for high office, who faces the ticklish problem of whether to swallow his principles and endorse all the candidates on the same ticket with him."

2. "The Republicans are split wide open on foreign policy. . . Some of us are reluctant to admit that peace cannot be won by some clever diplomatic maneuver or by propaganda."

3. "The people of this country are better off than they or any other people have ever been."

4. "On domestic policy, only now are they (the Republicans) slowly and reluctantly accepting the ideas successfully sponsored by the Democratic party years ago. . . It looks more and more to me as though they are going to stand on our program."

In those four points, Stevenson is expected to find his principal areas of attack on the Republicans. The first probably referred to Senator Joseph R. McCarthy. In any case, his New Jersey audience of 6,000 mostly Democrats, thought it did and sent up an explosion of cheering and applause.

In the foreign policy issue, Stevenson pointed to the difference in view that exists between the two wings of the Republican Party, what he called "the Old Guard" and the "more liberal, progressive group."

The "you-never-had-it-so-good" argument is one of the foremost, if not the foremost, assertion the Democrats already are making to the voters.

**'Me Too' Label**  
And Stevenson's fourth main point—that the Republicans are going to stand on the Democratic platform—seemed to indicate that the Illinois governor will attempt to stamp Eisenhower as a "me too" candidate.

New Jersey Democrats were jubilant after the outing. More than 4,000 party members paid \$50 a

plate for dinner, and some 2,000 other guests, described as independents, were present for the speeches. The governor had a heavy schedule of appointments in his hotel headquarters set for Thursday, and more speeches are on the docket before he leaves the New York area. He addresses the Volunteers for

Stevenson, a New York Democratic organization, in the afternoon, and the Democratic State Committee and the Liberal Party State Committee in the evening.

The governor planned to return to his office in Springfield, Ill., Friday. He will begin a 7,000 mile campaign tour September 1.

# Full Supply Of New Blood Saves Midland Baby's Life

The baby had a rare disease at birth almost as long he was — erythroblastosis foetalis — a blood condition that would have resulted in death from jaundice or anemia.

Now the child is a healthy youngster as result of an "exchange transfusion" performed two hours after its birth by two staff physicians at Midland Memorial Hospital.

Weighing five pounds and six ounces at birth, it was necessary that all of the blood—consisting of about a pint—be removed from his body and new blood entered to prevent death.

The child had positive RH blood at birth while the mother had negative RH blood, which is not unusual.

A delicate, lengthy procedure, the new blood was transfused to the baby over a period of four and one-half hours. A special type flexible plastic tube was inserted through the child's naval cord into the abdomen with blood being removed and injected at the same time. The process had to proceed at a slow rate to prevent heart failure.

For the next three or four weeks, the child will be given occasional transfusions — and without complications — should be fully recovered, physicians said.

A few years from now, the child will be able to tell his playmates that "I had erythroblastosis foetalis when I was born." That is, if he is able to pronounce it.

Paul Marable, Jr.

## Marable On WTCC Staff

ABILENE—Paul Marable, Jr., former manager of the Denison Chamber of Commerce, has joined the staff of the West Texas Chamber of Commerce. Frank H. Kelley, president, announced Thursday.

Kelley said Marable will be manager of the Industrial Development and Water Resources Departments and also will act as a general administrative assistant.

Marable returned recently from Japan, where he completed a 16-month tour of active Army duty as a reserve officer of field artillery.

He gained his first experience in chamber of commerce work as a member of the staff of the Waco Chamber. He joined that staff upon being discharged from the Army following four years of World War II service.

While he was in charge of membership promotion for the Waco Chamber its membership increased from 700 to 1,000 in three years. He resigned there to become manager at Denison, where he served until March, 1951, when called to Army duty.

At Denison he was credited with outstanding results in promotion of Lake Texoma as a tourist and recreation center, and in development of industries and retail trade.

## Meet Attendance Means Credit For Reserve Officers

Reserve credit points may be earned by medical service reserve officers for attendance at the 50th annual meeting of the Association of Military Surgeons, the Department of Defense has announced.

Eligible medical officers of the Army, Navy, and Air Force Reserves may participate, and the authorization covers medical doctors, dentists, veterinarians, nurses, women's medical specialists and medical service corps officers.

The various sessions of the meeting, which will be held at the Statler Hotel in Washington, D. C., Nov. 17-19, under the presidency of Major General Harry G. Armstrong, surgeon general of the Air Force, are recognized as being devoted to subjects having direct military application. Therefore, it will be an excellent opportunity for reserve officers to be brought up to date on the latest developments of military medicine.

Point credits will be awarded on the basis of one point for each day of attendance, provided meetings attended total more than two hours. Registration for point credits will be handled by representatives of Second Army, Navy Bureau of Medicine and Surgery, and First Air Force.

**WHEEL SHORTAGE CRIMPS**  
**LOCOMOTIVE MANUFACTURE**  
AUBURN, N. Y.—The American Locomotive Company will lay off 1,100 employees Monday at its Diesel engine plant here.

The company blamed a steel shortage for the move.

**WRONG WRONGDOER**  
The spunkier feeds on the inner bark of oil apple, tulip and Australian pine trees, but the woodpecker gets blamed for the holes it makes.

## Reds Plan Massive Migration Program

HONG KONG—(AP)—Communist China is considering a mass movement of population to meet state needs in Manchuria.

Kao Kang, ruler of Manchuria for the Peiping government, in a prospectus for Manchuria industrialization called for "a five year plan of immigration."

Kao said it will be necessary to move part of the people from South Manchuria and China proper to North Manchuria for reclamation, building up new villages and establishing state and collective farms.

Mrs. Tucker's — THE CREAMIEST SPEED-MIX SHORTENING IN THE WORLD!

# NOW, TIDE ACTUALLY WASHES WHITER THAN ANY BLEACH CAN BLEACH!

Yes, TIDE washes clothes even WHITER than soaking in bleach overnight!

**New TIDE miracle! No need to bleach—except for stubborn stains!**

YES! New laboratory tests prove Tide washes whiter than any bleach can bleach! Just put your wash in Tide's gentle suds... and all the white things will come out whiter than if you'd soaked them overnight in the strongest bleach! It's washday's big news!

**SO SAFE TO USE!** With all its amazing whitening action, Tide is really safe for all washables... the most delicate fabrics, the daintiest colors. Colors love Tide's gentle suds!

**CLEANER CLOTHES, TOO**—when you rinse out a Tide wash! No soap of any kind will get out so much grimy dirt, yet leave clothes so free of dulling film. Get Tide today! Remember, no other washday product—bleach, soap, or "detergent," will give you a whiter, cleaner wash than Tide!

NO OTHER WASHING PRODUCT CAN PROMISE ALL THIS!

**So kind to hands! So safe for all washable colors!**

**SO KIND, SO GENTLE!** Yes, with all its cleaning and whitening action, Tide has an amazing new mildness. Not even the leading "detergents" made especially for dishwashing are so gentle and kind to hands as Tide!

**ACTUALLY BRIGHTENS COLORS!** For dramatic proof of Tide's safety; watch soap-dulled colors come brighter after just one Tide wash! Yes, Ma'am! You can trust even your daintiest wash prints and pastels to Tide's gentle care.

**SO THRIFTY TO USE!** Such a little Tide makes such oceans of rich, long-lasting suds... goes so far in hardest water, it's a miracle of economy. Get Tide today, and next wash-day you'll rinse out cleaner, whiter clothes—with no bleaching!

**WASHES CLOTHES WHITER THAN ANY BLEACH CAN BLEACH!**

**GETS CLOTHES CLEANER THAN ANY SOAP OF ANY KIND!**

**MILDER FOR HANDS THAN ANY OTHER LEADING "DETERGENT"!**

## Youth Center Chatter

By NANCY LOU KLINGLER

Time surely does pass fast, doesn't it? It seems that we wrote the last Chatter only a few days ago. We will start off with a correction of last week's column. We said that "Pit" Pryor sent her picture in for the statewide Demolay Sweetheart contest, and we had it wrong. The Demolays of Midland took pictures of her and they sent them in. We are very sorry, "Pit."

Congratulations go to Pat Boies for winning the singles in the Junior girls division in the Tennis Tournament. Runner-up was "Pit" Pryor. Richard Burke was in the semi-finals of the Junior boys division. He was defeated by Johnny Lawhorn.

"Myrt" is away on vacation, for those of you who keep asking where he is. He will be back after school starts. He was going to St. Louis, Tennessee and just anywhere he decided to go after that. We are sure he will have a good time, and everyone is anxious for him to come back. Fern is Back.

We all are very glad that Fern is back again. We surely did miss her. She went to New Mexico and out that way. She said she had a wonderful time.

The Youth Center still can use any old games that you have. Puzzles, dominoes, cards and anything else you might like to donate to the Y.C.

This is to those of you teen-agers who are new in town, visiting in town, home from school. The best way to get acquainted with people is to come down to the Youth Center. You will be more than welcome

since the Youth Center is not just for a few but for all, that is if you are within the age limits. You can play pool, ping pong, any kind of cards, miniature croquet, dominoes, and there are games such as monopoly, checkers and others. You won't be neglected at all. The members are very friendly and very anxious to meet all of the new students and want them to be sure and come down to see them at the Youth Center.

"Stag Or Drag" John Murphy and Bill Mayfield seemed to be making sort of a mess the other night when they were making a poster. Maybe we should say attempting to make a poster. Bill had paint all over his face and hands and probably all over John, too. We really shouldn't talk about his poster that way for he was very proud of it, so we will change tunes and say they did a very good job.

The poster said that there will be a jukebox dance Friday night, "Stag or Drag." To those of you who are new, stag means come alone, boys and girls alike; and drag means if you have a date be sure to "drag" her along. The dance will start at 8 p.m. and be over around 11:30 p.m. Fun is in store for everyone, so be sure and come as this will be the last one until school starts next Tuesday.

Many Y.C. members are taking the Red Cross life-saving course at Pagoda Pool these last few days of the Summer vacation.

The Midland swimming team took a pleasure trip last Sunday. Members went to Carlsbad, N.M. They visited the recreation park there and then went to the caverns. Gail Black went to see one of her former roommates from Radford's Girl's School in El Paso where Gail attended her sophomore and junior years. This girl showed Gail all around Carlsbad and she seemed to enjoy it just that much more. She came home and told Pay Henshaw, who also went to Radford, all about it and they both were homesick for the school and everyone they knew there. We think they have gotten over it now.

The Fricks are gone, and this time for good. They moved from Midland to Corpus Christi the first part of the Summer. They came back last weekend to get the remainder of their furniture. We surely did hate to see them leave, but they will be back for visits, they said, so we will get to see them again.

Barbara Has Birthday Well, Barbara Whitson is a year older. She has reached the ripe old age of seventeen. Barbara, you had better watch those years creeping up on you like that.

Don Hudson is gone again. Oh no, not for good, but just gone again. He has gone to Dallas this time. Don, you surely do go away a lot. Are you thinking of Midland or something? He will be back for school though.

This bit of news should been in print sooner, but we just didn't get

around to it. Sally Brees sang with Alan Harris and his dance band when they played for the dance at the Youth Center. We heard many compliments on your singing, Sally, and we know everyone enjoyed it.

The Midland High School Bulldogs seem to be in training; in training for football, that is. Yes, it is football training time again. We surely hope they train "good," for we want to have a better football team than we had last year, and we know we can and probably will. Everyone is anxious for the first game to hurry up and come so we can see what kind of a team we do have. Our first game is with Lamesa here September 19.

Here We Go Again Oh yes, to those of you who have forgotten about this, school starts next Tuesday, bright and early in the morning. We know that everyone is anxious to get started. Mostly the seniors are, but then others are, too.

Since school is about to start that means that everyone is winding up vacations and getting ready for some sort of school.

While speaking of vacations, Peggy Simmons and her mother have returned from their Summer trip to Europe. They said they had a wonderful time, but were glad to get back to their native land.

Ervin Townsend, Bobby Proctor, Jimmy County, Jerry Ball, "Timber" Forrest, and others were having quite a wrestling match out on the lawn of the Youth Center the other night. Pretty rough.

The Boy Scouts from Midland won the swimming meet which was held at Pagoda Pool last Saturday. Congratulations!

Well, that is about all for this week. Oh yes, the reason the column is shorter than usual is that my brother is coming home from school and we all are in a big rush to get things ready for him. We will have more for next week, but until then, bye-bye.

### Grand Jury Checks Postal Bribe Case

CHICAGO—(AP)—A federal grand jury continued investigation Wednesday into charges that 28 employees of the Chicago Post Office paid bribes ranging from \$300 to \$1,500 each for promotions.

Testifying at Tuesday's opening session were three men who have been prosecuted recently. Details of the testimony were not disclosed. The investigation resulted from an inspector's report that bribes had been paid higher-ups in the office for better jobs.

### Stable Price Seen For Canned Fruits

WASHINGTON—(AP)—The Agriculture Department predicted Wednesday that retail prices of canned fruits will be no higher during the late Summer and Fall than a year ago despite prospects of a smaller production.

It is possible, the agency said, that prices may be a little lower than a year ago. The department's statement said the existence of larger than normal reserves of canned fruits from last year will offset the effect of smaller production this year on prices.

### Summer Grill Is Quickly Made

SUMMER GRILL of highly seasoned luncheon meat served with sweet and sour zucchini is easily prepared on a table-model broiler.

By GAYNOR MADDOX  
NEA Food and Markets Editor

Looking for a quick dinner to broil on a hot Summer's day? Well, here it is. If you have one of the handy little table-model broilers you'll probably want to use it for all your Summer broiling since they do not heat up the room and are quick and easy to clean.

#### Summer Grill (4 servings)

One 12-ounce can luncheon meat, 1 teaspoon kitchen bouquet, 1 tablespoon prepared mustard, 1 teaspoon horseradish, 4 halves canned peaches, mint or apple jelly.

Cut luncheon meat in eight slices. Arrange meat in center of broiling rack. Combine kitchen bouquet, mustard and horseradish. Spread mixture over slices of luncheon meat. Drain peaches and arrange, hollow side up, on rack with meat.

Insert broiling pan in top grooves of table broiler, or place 4 inches from source of heat in preheated broiling compartment of stove. Broil until peaches are thoroughly hot

and meat is lightly browned, about 8 minutes in table broiler or 6 minutes in regular broiler.

Arrange meat and peaches on ends of hot serving platter. Fill peach cavities with jelly. Place a fresh-cooked vegetable, such as sweet and sour zucchini, in center of platter and serve immediately.

#### Sweet and Sour Zucchini (4 servings)

Two tablespoons fat, 1 small clove garlic, minced; 1 pound zucchini squash, 3-ounce can sliced broiled mushrooms, 3-ounce can sliced mushrooms, 1/2 teaspoon salt, 2 teaspoons sugar, 1 tablespoon vinegar, 1 teaspoon cornstarch.

Melt fat in saucepan. Add garlic and let cook 1 minute over moderate heat. Meanwhile wash zucchini and cut in 1/4-inch slices. Place sliced zucchini in saucepan with garlic. Add contents of can of mushrooms. Sprinkle in salt and sugar.

Cover and cook until squash is barely tender, about 15 minutes. Blend together and stir in the vinegar and cornstarch. Cook, stirring constantly, until sauce thickens. Serve immediately.

## Texas Pastures, Croplands Wither In Scorching Heat

AUSTIN —(P)—Scorching 100 to 107-degree heat withered Texas crop and pasture prospects even further last week.

The U. S. Department of Agriculture said soaking state-wide rains are urgently needed.

### Air Reservists Set Showing Of Films

Three films will be shown at the weekly meeting of the 9816th VART Squadron at 7:30 p.m. Thursday in the county courtroom of the Midland County courthouse. They are entitled "The Korean Situation," "Daylight Reconnaissance Patrol," and "For God and Country."

Capt. Stanley S. Simik, liaison officer from Lubbock, will attend the meeting.

All Air Force Reservists are invited to attend.

Classified Ads Get Results!

Cotton prospects declined measurably. In East Texas and some Red River bottom areas conditions remained fair to good. Good yields were being realized in the coastal bend and upper coastal counties.

In Central and Northern blacklands, however, growth and fruiting was stopped, shedding was excessive and picking of prematurely opened cotton was becoming general.

Most of the extreme southern low rolling plains acreage was beyond recovery. Prospects over the northern low rolling plains continued to decline but early rains could revive the crop.

Fall crop commercial vegetable prospects in the lower valley were lowered as a result of hot weather and shortage of water for irrigation.

Dry range and pasture feed was steadily diminishing. Movement of cattle, calves and sheep off the dry ranges was very heavy.

SHOW FOR CHAUFFEUR—Hollywood, Calif., pedestrians get a welcome treat on the city's streets when vivacious Perdita Chandler rides by on her chauffeur-driven motorcycle. Naturally, all the boys gawk at the stylish chrome exhaust pipe while the ladies guess at the brand of nylon that grace the shapely Miss Chandler's legs.

### SPENDTHRIFTS

As much money is spent on automobiles by Americans annually as was spent for everything in 1890, including food, clothing, building, taxes, and battleships.

### SYMBOL OF WEALTH

Custom of throwing shoes at weddings originated because shoes once were regarded as a symbol of wealth and power. Tanning methods made leather too expensive for any but the nobility.

Your fine canned fruit deserves it!

### Give Your Hands Daily Care With Compact Lotion Dispenser

By ALICIA HART  
NEA Beauty Editor

Keeping your hands lovely is a matter of "round-the-clock" protection. You simply can't expect one application of hand lotion to guard your delicate skin through the day.

Since a standard-size bottle of lotion could hardly be carried in your handbag without discomfort, here's news of a hand lotion dispenser that is so small and compact it fits conveniently into your bag—ready for instant use.

The dispenser comes already equipped with an effectively emollient and quick-drying lotion that is delightfully scented. It has a full flower fragrance, harmoniously combining the scents of tuberose, jasmine, violet, lily of the valley and other flowers.

Get into the habit of frequent applications during the day, whether you are shopping, visiting or dining out. They will prevent reactions to the harsh soaps you so often find in public places. Such care will protect your hands and produce a rewarding effect that is noticeable almost immediately.

Carry this unique handbag dispenser with you wherever you go. Then, when you reapply your lipstick or touch up your perfume, dab a bit of lotion on your hands. The results will make you glad you did.

Read the Classified Ads.

Day-long hand beauty can definitely be yours with the help of a new, compact handbag-size lotion dispenser.

### ROOKIE WITH DRIVE

DETROIT —(P)—Detroit Lion rookie Halfback Laverne Boykin is the lad who set a national collegiate scoring record in the 1950 game against Mississippi State. Playing for Mississippi he scored six touchdowns, all by running through the center of State's line. Ole Miss won by 49-7.

### IF YOU LIKE BOTTLED STARCH TO USE

You can make your own for **1¢ a quart** (save about 25¢ a quart)

**A RECIPE FOR BOTTLED STARCH**

- Put 1 quart of water in a 3-quart pan and bring to a rolling boil.
- Mix 1/4 cup (4 Tablespoons) Faultless Starch with 1/4 cup of cool water, until the thickness of light cream.
- Slowly pour this mixture into the boiling water while stirring. Boil for 1 minute. This is important—it keeps the starch from separating.
- Add 1 quart of hot faucet water and stir well. This keeps a room from forming.
- Pour into jars that can be tightly closed. Quart canning jars are ideal.
- Allow to cool to room temperature, then place in the refrigerator. Will keep sweet and fresh for at least 10 days. Shake well before using.
- Use "as is" for a medium-heavy starch. Dilute to suit with water from hot water faucet for lighter finishes.

For a **Better** Bottle Starch Use **FAULTLESS STARCH**

Perfect for regular OR bottle starch.

- Contains ironing aids to make ironing smooth and easy!
- No preservatives to turn yellow after ironing.
- Why pay around 25¢ a quart for a bottled starch when you can make your own, right at home, for a penny a quart?

## New Drug Neobacin Used In Midland Diarrhea Fight

A new drug called neobacin is just beginning to make its appearance on the Midland scene in the fight against diarrhea in infants and small children. The preparation, a combination of neomycin and bacitracin, has been tested in hospitals on children ranging in age from five days to four years.

Dr. R. L. Penn, Jr., spokesman for the drug, cautioned the public that the drug is not a worker of miracles. He said that it is good in some cases which do not respond to other treatments and also where sensitivities to drugs already in use may prevent their employment.

Out of three doctors contacted, only one had utilized neobacin for treatment of diarrhea in small children. The drug was said to be effective in some cases, and it was re-

ported to be satisfactory for use, but not a panacea. Children treated with it in Midland have recovered suitably from diarrhea.

One point emphasized by the doctors in Midland was that diarrhea can be caused by many things in babies, even prolonged crying. The infectious type, caused by bacteria known by their medical names as Salmonella and Shigella, are the most dangerous. Anyone with an infant diarrhea case is urged to seek medical attention.

Diarrhea is known as the big killer among infants. More fatal cases arise from it than any other cause. In many poor families, a delay of two or three days in taking a small child to a doctor for medical attention may result in death. Diarrhea can usually be cured if immediate treatment is sought.

## Higher Price May Cool Off Demand For Steel Products

By SAM DAWSON  
NEW YORK—(AP)—The steel industry hopes within a month or so to be breaking all records of production. But it has some doubts as to how long it can keep that up and find customers.

And it has some other headaches today, too:

1. Earnings of 39 iron and steel companies for the first half year fell 43 per cent behind the first six months of 1951. And the third quarter doesn't look too good, either, because the mills were struck during July and at the end of August still aren't back to capacity output.
2. The \$5.20 a ton average price hike the mills might count on to sweeten the profit picture is offset, steel executives assert, by higher payroll expenses.
3. Many of the steel mills' customers are grumbling. They fear

there's a good deal to what Secretary of Commerce Sawyer says: "The trade weekly, Iron Age, puts a steel customer's plight this way: 'Washington has raised a manufacturer's costs and is crowing because he can do nothing about it.' Steel makers are trying to catch up with the backlog of demand for defense production. But a new ele-

### New York Scouts Visit New Mexico

NEW YORK—(AP)—From the skyscrapers of Manhattan to the plains of the Southwest is a big step, but 34 Explorer Scouts are on the way.

The Scouts and their four leaders recently took off from Times Square for the 130,000-acre Pimont Boy Scout Ranch near Cimarron, N. M. They will spend 23 days in the Santa Fe trail country where they will do such things as ride horseback, fish and pan for gold.

ment of doubt is creeping in, because customers aren't too pressing.

Before the steel strike executives were predicting that demand would slacken in the closing months of this year and output fall below capacity.

With the mills closed down in June and July, and production still below capacity in August, this timetable for the end of capacity output might be put back until the first part of next year.

But orders for civilian use steel—while good—haven't been nearly as urgent since the strike ended, as some mills had predicted. And steel executives once more are wondering:

### RED DENOUNCES FATHER

HONG KONG—(AP)—A university student who denounced his father to the Reds was among 38 recently-admitted members of the Chinese Communist Party, the Hankow Red newspaper Chang Chiang Daily reports. The paper said the Wuhan University student "raised his consciousness, maintained a firm stand, and denounced his father for corruption."

### Author Called Poor Student By Teacher

CARBONDALE, ILL.—(AP)—A Southern Illinois University English teacher says Robert Lewis Taylor, author of six successful books, was one of her poorest students.

"Once when asked to write something," Mrs. Mae T. Smith recalls, "he turned it into a wild conglomeration of impossible situations that had not the remotest connection with the assignment."

"His paper was returned fairly blushing with red ink, the recollection of which makes me do the blushing now. I've wished many times since that I had kept that story. It would be worth a tidy sum now in the hands of his publishers."

# \* Daddy Ringtail \*

## Daddy Ringtail Dreamed Of A Horse

The Huffen Puffen is a friendly wolf. He likes to say: "I am the Huffen Puffen, I am, I am, and I could huff, and puff, and puff and huff, and even blow houses in, I could, I bet, if I wanted to."

The Huffen likes to say these words because they make him sound

important. Of course he would never blow any house in at all, not really.

But the Huffen who is a friendly wolf was now dreaming that he was a friendly horse. He was a beautiful white horse. In his dream he had horse-feet where wolf-feet

ought to be and a horse's tail where a wolf tail usually was. He opened his mouth and whinnied the noise that a horse whinnies when he is feeling good or wants someone to ride him.

And in this dream of the Huffen's that he was a horse, Daddy Ringtail, your monkey friend, came walking along the Elephant Path. He stopped when he saw the Huffen, and the Huffen whinnied again like a horse.

"Yes indeed," said Daddy Ringtail. "I'll be glad to go for a ride," and so Daddy Ringtail jumped on the Huffen's back, and away he rode down the Elephant Path in a dream that was very real.

The Huffen ran fast and kicked up his heels. He stopped to eat some fresh green grass that grew beside the Whispering River. Oh, it was fun to be a horse in a dream that seemed to be really happening.

Then the Huffen woke up. He wasn't dreaming any more. He was lying in his bed in his hollow tree house. There was Daddy Ringtail standing beside him. Daddy Ringtail had just stopped to say "Happy Day, and how are you?" "Hah!" said the Huffen. "I am

tired, I am, from running up and down the Elephant Path with you upon my back. My stomach hurts from eating the fresh green grass."

The Huffen, you see, was thinking the dream had really happened. He was very unhappy about it. Why to think that such an important fellow was riding like a horse!

But Daddy Ringtail explained it hadn't happened except in a dream. Nobody should be angry with someone for something that happens in a dream. Now sit, and the Huffen laughed when he heard the happy news. Happy day!

# Russian Attitudes Tip Off New Scheme To Snare Austria Into Communist Web

By RICHARD O'REGAN  
VIENNA—(AP)—Western officials are wondering if the Russians have picked Austria to be the next Soviet satellite.

There are increasing indications that Soviet policy toward Austria has changed since the Kremlin has lost much chance of winning all Germany.

Austria, strategically located at the historic military crossroads of the continent, is one-fourth occupied by Russian troops. The Western Powers occupy the remainder.

For seven years since the war, the Soviets have maintained the status quo, leaving an anti-Communist, pro-Western Austrian government to run Austrian affairs in all zones.

Politically, the Soviets have been unable to buck the strong Catholicism of the nation's seven million people.

But a drastic cut in American dollar aid—from \$190 million in 1951 to an anticipated \$70 million in 1953—has begun to affect Austria's economic stability.

As the dollars decline, the Russians are moving in economically, with promises of rich rewards in the East.

**Turn To East**  
Faced with a doubling of unemployment and a decline in exports to the West, Austria's leaders say they now must turn to the East for trade, despite the West's objections.

Western officials say they fear that stealthy, cunning economic penetration of Austrian life may be the goal set by the Kremlin. An entirely new crop of Soviet Foreign Office advisers arrived recently to take over from the military men who ran the occupation since 1945.

A major Russian effort toward making Austria more economically dependent upon the East may follow the planned visit to Vienna next month of Soviet Deputy Trade Minister A. V. Zakharov. Local Communists report he will offer "wonderful trade opportunities."

Some of the dangers of growing Russian economic penetration were explained recently to William H. Draper, the President's special ambassador in Europe, and W. John Kenney, deputy chief of the Mutual Security Agency, when they visited Vienna.

**Critical Season**  
They were told that American occupation officials fear this Winter will be critical. But the same U. S. authorities hope that, despite Soviet efforts to bring its collapse, the nation's coalition government will remain unshaken.

U. S. economic advisers are trying to stimulate the idea of larger production and smaller profits to cut the price of Austria's exports. But they are bucking against the Austrian cartels, which believe in maximum profits from minimum output.

Into the deepening economic crisis, the Russians and the Austrian Communists are moving by:

1. Draining of the national economy by shipping millions of dollars worth of Austrian products eastward from the 300 Russian-owned plants in the Soviet zone. The yearly drain is greater than aid from the West.

**Labor Layoffs**  
2. Deliberately creating unemployment. This is done by ordering goods from private plants and then delaying payment and causing labor layoffs.

3. Avoiding taxes. Russian-owned plants refuse to pay the government millions of dollars.

4. Terror and violations of Austrian authority. Recently, in the Soviet zone, a group of communists seized a privately owned textile plant. Austrian police speedily threw out the new Communist "managers." But the incident, one of many similar, created a pattern for a wider terror.

5. By constantly holding before the Austrians the visions of a booming revival of their pre-war trade with the East. U. S. officials say

that in nearly every case where Austria has agreements with Eastern nations, the Soviet satellites are behind in their deliveries.

But official Austrian reports say that Eastern trade has increased 20 per cent in the past year and Austria's trade minister, Josef C. Boeck-Geisau, predicted:

"For Austria, exports to the West alone only are possible during a world market boom. Now, with normal trade returning, we will have to deal with the East and Southeast to an extent surpassing the present volume."

## Frogs Put Something New In Love-Making

HUNTINGTON, W. VA.—(AP)—Among other things, a 10-year study of frogs has added a new word to the language of love-making.

"It's 'mudging.'" That, according to Dr. N. Bayard Green, Marshall College zoologist, is how the Upland Chorus frog procreates. Many of the males, he found, are chaste, but not by choice. He said they just don't get a tumble from the females, who do the courting on their own.

And that croak may simply fail to attract her, when boy frog meets girl frog. She always gets her man anyway, because there are more "hims" than "hers."

During his long studies Green observed some 6,000 frogs. For that he got a doctor's degree this Summer at Ohio State University.

# 'Junior Birdman,' 19, Flies Pan American Pacific Route

SAN FRANCISCO (AP)—"Doin' what comes naturally" has paid off handsomely for "Sonny, the Junior Birdman" of Pan-American Airways. In real life he is Rodney Coston, 19-year-old Arkansas aerial whiz-kid and the world's major airline pilot.

In the young man's field of aviation, Rodney is young for the job he holds as second officer on a Pan-American Clipper flying the San Francisco to Manila route. He's a veteran with more than 2,000 hours of logged time in the air to his credit, and with probably close to that much more time unlogged because he was too young to hold a license.

What's more, he's a pilot who came up the hard way, flying all sorts of light planes, and doing aerial odd jobs, including hopped-up cropdusters, without ever having an accident. Rod's career as a flier started when he was 12 in Malvern, Ark.

The "sonny" and "Junior Birdman" tags were hung on second officer Coston when he made his first flight across the Pacific. As he was preparing to board the plane at Honolulu, a stewardess, looking down from her superior age of 22, greeted him: "Hello, Sonny. How's our Junior Birdman?"

"I expect to wait a long time before I get to be a first officer or command a Clipper," Coston said. "But I didn't expect to be 'Junior' to all the stewardesses on the airline."

**HE WILL MAKE THE TEACHERS LAUGH**—Lee Rudley, clown of the Bud Lucas Troupe, which will perform at the Midland Chamber of Commerce-sponsored "Get Acquainted" party for public school teachers at 6:30 p.m. Thursday at Memorial Stadium, is expected to thrill the audience with his daring and hilarious antics. All members of the chamber, their employes and families are invited. Watermelon will be served.

Absorbed With Aviation  
Rodney's absorption and interest in aviation became apparent back in Malvern at the family dinner table. So when he was reported missing from school, his mother, Mrs. Ethel Coston, simply called the local airport. Rodney, of course, was there, having skipped school to wash airplanes and help around the hangars.

One day when Rodney was 13 the manager of the local airport called him into the office. "You've been hanging around here a lot," he said. "It's time you dug in and made yourself useful." He reached into a drawer and handed the boy a pair of white coveralls. Rod's career was made and so was his hero.

Now at the mature age of 19 he staunchly maintains that the airport manager, Ours Lashlee, is the greatest aviation instructor who ever lived.

But then he was still 13 and couldn't get a license for another four years. So the white coveralls were put to work cleaning planes, handing tools to mechanics and doing all sorts of handy jobs—in addition to spending every possible minute in a cockpit, either on the ground or in the air.

Fall In Love  
Meantime the young airman went to high school, earned letters in basketball and wrestling and fell in love with a girl he met in the freshman play.

Mrs. Coston resigned herself to her son's flying, but the father, who had never been in a plane, held steadfastly against the "whole foolish business."

But on his seventeenth birthday, when Rodney "checked out" for his license at the airport, both mother and father were on hand to see him. Mrs. Coston took the first ride with her son as a licensed pilot and the boy's father took the second flight, after extracting a promise "to fly low and slow."

For the next year the most familiar phrase in the language to Rodney was, "Sorry, son. You're too young." Finally he landed a job flying a cropdusting plane. He spent up to 10 hours a day in the cockpit over the Arkansas cotton fields.

## Now Many Wear FALSE TEETH

With Little Worry  
Eat, talk, laugh or smile without fear of insecure false teeth dropping, slipping or wobbling. PASTEREKA holds plates firmer and more comfortably. This pleasant powder has no gummy gooey, pasty taste or feeling. Down's cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get PASTEREKA at any drug store.

## MOURNING DOVE - WHITE-WINGED DOVE OPEN SEASONS 1952

UNLAWFUL to take white-wings or chachalaca south of U. S. Highway 85, formerly State Highway 4, in southern tip of Texas marked on the map as "GAME SANCTUARY."

No hunting permitted in game refuges and game preserves.

Shotguns must be permanently plugged to three shell capacity.

Shotguns may not be larger than 10 gauge.

TEXAS GAME AND FISH COMMISSION

**MOURNING DOVES**

OPEN SEASON — NORTH ZONE: Sept. 1 to Oct. 14, both days, inclusive. Shooting hours, 12 o'clock noon to sunset.

SOUTH ZONE: Oct. 1 to Nov. 9, both days inclusive, except in Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Dimmit, LaSalle, Jim Hogg, Brooks, Kinney, and Wilbrey counties where mourning doves may be hunted only on Sept. 12, 14, and 16, from 4 p.m. until sunset, and from Oct. 1 to Nov. 6 from 12 o'clock noon to sunset.

BAG LIMIT: Not more than 10 per day and not more than 10 in possession.

McMULLEN COUNTY: State law Nov. 1 to Dec. 15. Federal law Oct. 1 to Nov. 4.

**WHITE WINGED DOVES**

OPEN SEASON: September 12, 14 and 16, inclusive, only in area indicated. SHOOTING HOURS: 4 p.m. to sunset. BAG LIMIT: Not more than 10 per day and not more than 10 in possession. McMULLEN COUNTY: State law, Nov. 1 to Dec. 15. Federal law, season closed.

A hunter may get more than 10 a day of either or both species (White-wings or mourning doves) in the aggregate.

## Ex-Communist Chief Gets Swiss Pension

GENEVA, SWITZERLAND—(AP)—The cantonal government of Geneva has decided to grant former Swiss Communist boss Leon Nicole, 45, a temporary pension of \$140 per month out of funds reserved for relief of the poor.

The pension is larger than the average worker's wage in Geneva and is meeting with criticism.

Nicole was president of the canton from 1953 to 1956. Since then he has lost the support both of the voters and of his own party. Today's cantonal government does not include a single Communist or Communist-sympathizer.

## Fort Worth Officer Switches To Pulpit

FORT WORTH—(AP)—Fellow officers of Alfred Haney, Jr., a 27-year-old motorcycle officer, presented him with a Bible recently at police headquarters as he resigned from the force.

He has just become the Rev. Haney, pastor of Lawn Terrace Baptist Church in Mineral Wells. He has been a member of the police force for the last nine months while serving as part-time pastor of another church. He is married and has a four-month-old daughter.

## KIDNEYS MUST REMOVE EXCESS WASTE

Neglecting backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctor says good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Almost these irritations due to cold or wrong diet may seem getting up nights or frequent urination. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 40 years. It's amazing how many times Doan's give happy relief from these distressing backache, the 100% kidney pills and filter out excess waste. Get Doan's Pills today!

## Base Your Beauty Ritual On Cologne And Deodorant

By ALICIA HART, NEA Beauty Editor

One particularly effective deodorant is a creamy smooth lotion which is designed to prevent the fermentation or bacterial growth caused by perspiration. The deodorant can be used daily because it contains a new astringent property that causes no irritation to the skin.

The fragrance of the deodorant is so fragile that it will not compete with the cologne. It dries as soon as it touches your skin, which eliminates the possibility of it damaging your clothes.

Apply the lotion generously. Cover the entire area to insure protection. Remember you are creating your beauty base.

The inseparable companion of this lotion deodorant is a delightful cologne, as refreshing as Summer chiffon and long lasting as perfume. It will add a fragrant, feminine note to every costume and occasion.

Two beauty preparations which certainly have no season are cologne and deodorant. They are just as vital to your personal charm and grooming in Fall as they are in mid-Summer.

Keep them together on your shelf in the bathroom, in your desk drawer at the office, and certainly in your overnight bag. They are the basis of your entire beauty ritual.

NEW RUNWAY COMPLETED  
MELBOURNE, AUSTRALIA—(AP)—A Royal Australian air force construction group has finished a new 10,000-foot runway at Cocos Island, in the Indian Ocean. The crushed coral runway is now ready for air service between Sydney and Johannesburg, South Africa, due to start in September.

# West Texas Is To Get 70 Wildcat Projects

Among the total of 30 applications to drill petroleum explorations in district 8 which were filed in the Midland office of the Oil and Gas Division of the Railroad Commission of Texas during the last week, 10 of them covered the drilling of new wildcats in the territory.

The new ventures were divided one each among Andrews, Crane, Ector, Huddspeth, Jeff Davis, Pecos, Presidio, Reeves, Terry and Ward counties.

Gaines County led the list of field locations with five new leases. Cochran County was next with three explorations.

Two new drillsites were staked in each of Garza, Kent, Midland, Scurry and Ward counties.

Andrews and Mitchell Counties each staked one new project.

Andrews County

Amended: Wildcat—Tobe Foster No. 1 University, 1,984 feet from north and west lines of section 17, block 14, University Lands survey, rotary to 4,800 feet. To re-drill and deepen, originally Cities Service No. 1 A O.

## Midlanders Return From Convention

Three Midlanders returned Wednesday from the annual convention of the Texas Association of Nurserymen in Dallas.

Jimmie Walker, J. A. Richardson and George Vineyard attended the convention which began Monday.

The group left Sunday to attend the executive committee of the Texas Landscape Design Architects Association Sunday night.

Regular session of the convention began Monday morning. Monday night the men were guests at a variety show held at Pappy's Showland in Dallas.

Tuesday night the conclave gathered for a formal banquet which ended the regular session of the convention.

## Andrews Schools Start New Term Monday

ANDREWS — Andrews Public Schools will open formally next Monday, according to Thomas D. Hamilton, superintendent.

A pre-workshop for teachers is being conducted this week.

All positions have been filled and a record enrollment is expected.

Eleven new faculty members have been added to the staff. They include Mrs. Oliver Worthy, 3rd grade; Mrs. Jack E. Fulham, Junior high school; Jerry Rollins Powell, high school speech; Miss Joyce Roberts, piano; Everett Nicholson, basketball coach and social science; Miss Kathleen Heiverson, PE teacher through first four grades; Mrs. Ena Gresham, homemaking; Mrs. Virginia Grant, second grade; Charles Pinnell, math and assistant coach; Mrs. Louisa Calderon, Spanish and English, and Fred Ross, teacher of the negro school.

The administration this year will consist of Superintendent Hamilton; Assistant Supt. M. O. Wollam; High School Principal Vernon Payne, and primary principal J. B. Youngblood. Mrs. Helen Ford, Mrs. H. G. Lindsey, and Mrs. Sam Gantt will serve as secretaries and Mrs. Joyce Luck and Mrs. Donna Harris as school nurses.

Other faculty members of primary and elementary schools are: T. D. Hamilton, Rachel Mesecar, Mrs. E. B. Greweil, Mrs. Woody Walker, Mrs. Bryan Baker, Mrs. Willa G. Shirley, Mrs. L. F. Craft, Mrs. M. O. Wollam, Mrs. J. B. Youngblood, Mrs. Charles Douthitt, Mrs. W. M. Daugherty, Mrs. Helen Baker, Mrs. N. H. Callahan, Mrs. Anna S. Blake, Mrs. Keith Harding, Mrs. Cleone Colvin, Mr. Jo Nan Kyger, and Mrs. A. J. Carpbell.

Misses Juanita Nixon, Juanita Lewis, Nellie Kilpatrick, Dorothy Byrd, Bernice Bose, Gertrude Ford, Dorothy Wilson, Olna Winfrey, and James Hays and H. M. Smith, Jr. Junior High: June Ward, Mrs. Jack Fulham, Mrs. Charles Compton, Hugo Rivera, Helene Warner, Bryan Baker, Max F. Goldsmith, Mrs. Susie Riley Cade, Mrs. J. C. Mash, Truman Nix, Jo Ann Croon and Forrest Scott.

Teaching high school subjects will be Mrs. Ena Gresham, Keith Harding, C. S. Chote, Charles Pinnell, Mrs. Herb Brown, Mrs. Louisa Calderon, Mrs. Thelma Fennell, Miss Lyda Kelly, Jerry Powell, Sam Gantt, Bill Gordon, Gordon Williams and Leon Jackson.

Everett Maxwell will serve again as band director and Miss Marjath

## SALE OF FIRST BALE ON FRIDAY

Midland County's first bale of cotton for 1952 will be auctioned by the Midland Chamber of Commerce at 10 a.m. Friday in front of the First National Bank.

The 400-pound bale was produced by Clark Moreland, 23-year-old dryland farmer. Planters Ginturned out the bale.

MANY BYPRODUCTS

It has been estimated that there are more than 200,000 chemical byproducts from bituminous coal, according to the Encyclopedia Britannica.

June Morehart as assistant. D. N. Taylor will be head football coach; Everett Nicholson, basketball coach, and Miss Bobby Stahl, girls P. E. director for high school.

Amended: Wildcat—Tobe Foster No. 1 University, 1,984 feet from north and west lines of section 17, block 14, University Lands survey, rotary to 4,800 feet. To re-drill and deepen, originally Cities Service No. 1 A O.

Wildcat—Buffalo Oil Company of Dallas No. 1-A University, 660 feet from south and west lines of section 3, block 1, University Lands survey, rotary to 5,000 feet.

Midland Farms—Stanford No. 3-U David Fasken, 660 feet from north and west lines of the northeast quarter of section 2, block 42, O&MMBA-A survey, rotary to 5,300 feet.

**Rail Board Sets Scurry Hearing**

AUSTIN—(AP)—The Texas Railroad Commission has scheduled the following oil hearing September 17: Application of the Lion Oil Company for adoption of amendments to a special order dealing with gas injections into the Canyon Reef formation in the "Diamond M" field, Scurry County.

**New Havana Tunnel To Speed Up Travel**

HAVANA—(AP)—The Cuban government is building a \$5,500,000 tunnel under the Almendares River here to eliminate a major bottleneck in Havana's increasingly complex motor vehicle traffic.

The tunnel, more than half completed, is to be 708 feet long, and should be ready late this year. Its purpose is to relieve traffic jams at two drawbridges linking Havana with beach resorts, and the exclusive residential sections of Miramar, Jaimanitas and Country Club.

The draw bridges frequently are closed to traffic to allow passage for busy boat traffic on the river. The tunnel is to have four lanes, two in each direction.

NOT IN ALL

Color vision, highly developed in birds, is lacking in other animals, and in dogs is different from human recognition of tints; bees are color-blind.
