## Demos For Ike Accept Ballot Ban

### Ike Proposes Taft-Hartley Act Revisions

By The Associated Press

Dwight Eisenhower told the AFL Wednesday that he is in favor of amending the Taft-Hartley Act but that he is against repealing it.

The Republican presidential nominee thus lined up in the opposite camp from Gov. Adlai Stevenson, the Democratic candidate, who has come out for repeal of the labor law.

Stevenson was busy polishing up speeches at his Springfield, Ill., headquarters as Eisenhower interrupted his 12-state whistle-stop tour to speak before the labor union in New York. The AFL is set to give formal endorsement to a Democratic candidate for the first time in history. Stevenson is expected to win the organization's backing.

"You know me well enough," Eisenhower told the delegates, "to know that I have not come to carry any special favor. I have not come to bid or compete for your endorsement."

In his prepared address, the general emphasized these points:

1. "I will not support any amendments to the Taft-Hartley law which weaken the rights of working men and women."

**No Union-Breaker**  
2. "America wants no law licensing union-busting. Neither do I." He said that the law as it exists now "might be used to break unions."

3. "My opponent made plain on Labor Day that he wanted power, as President, to compel arbitration. That is exactly what I am against. If you want the basic, irreconcilable difference between his position and mine, there it is. He and his party embrace compulsion. I reject compulsion!"

In his Labor Day speech in Detroit, Stevenson suggested that Congress give the President authority to take varying steps to end national emergency strikes. Among those were seizure and arrest "compulsory."

4. "Since patriotic American union leaders must swear that they are not Communists, then the employers with whom they deal should be subject to the same requirement."

That was in reference to the Taft-Hartley provision requiring union leaders to swear under oath that they are not Communists. It is one of the more controversial features of the law.

Stevenson is scheduled to leave Springfield Thursday morning, fly to Bridgeport, Conn., and there begin campaigning in the East. His schedule calls for speeches in Hartford, Conn., Springfield, Mass., Richmond, Va., New York City and Baltimore.

He also will make a number of motorcade stops in Connecticut and Massachusetts and visit the Marine Corps Base at Quantico, Va., where his son received a commission Saturday.

### New Polio Case Is Reported Here

Midland County's twenty-fourth polio victim of 1952 was reported Wednesday by Dr. C. A. Pigford, director of the City-County Health Unit.

Dr. Pigford said the illness of five-year-old Dennis Jean Robey, daughter of Leonard Robey, 711 South Dallas Street, had been diagnosed as polio. She is confined at Midland Memorial Hospital.

### Texaco Completes Two Discoveries in West Texas

The Texas Company has completed two discoveries in West Texas. One, No. 1 M. A. Fuller in Northwest Scurry County, was completed from the Pennsylvania reef line for a daily flowing potential of 348.9 barrels of fluid through a 34.94-inch choke. That fluid was 24.4 per cent basic sediment and water and the rest oil.

Gravity of the oil is 23.3 degrees. The gas-oil ratio on the potential test was 425-1.

Production is coming from perforations at 1,586-7,890 feet. Location is 1,850 feet from east and 497 feet from south lines of section 22, block 5, N-2-G-N survey.

The other new Texaco discovery is No. 1 R. A. Cox in Central-South Gaines County.

It was finished from the Wolfcamp for a daily pumping potential of 21 barrels of 24-gravity oil and (Continued on Page 18)

**SOUTHWEST DRUG CORPORATION'S NEW MIDLAND PLANT**—Open house will be held from 4 to 9 p.m. Wednesday at Southwestern Drug Corporation's new Midland division plant, located on the Old Bankhead Highway. W. E. Penland, manager, said approximately 500 persons are expected to attend the formal dedication ceremony and barbecue. The firm will employ 50 persons. The 21,000-square-foot building is centered on a three-acre site.

### Officials, Business Leaders Here For Drug Firm Opening

A host of top officials of the Southwestern Drug Corporation, Texas industrial leaders and distinguished Midland citizens were guests of the new Midland division branch plant of the corporation for an informal Wednesday noon luncheon at the Midland Country Club.

A number of the officials arrived aboard two special Pullman cars of the T&P Railway Company Wednesday morning.

The officials are in Midland for the formal dedication and open house celebration from 4 to 9 p.m. Wednesday of the corporation's new division plant, located on the Old Bankhead Highway.

Included in the group of visitors to the city are the directors of the corporation. These include: O. H. Penland, Dallas, chairman of the board; J. E. Bradshaw, vice president and general manager of the Dallas division; W. N. Kuntz, Jr., vice president and general manager of the Houston division; E. C. Scott, vice president and general manager of the Fort Worth division; R. H. Epperson, vice president and general manager of the Amarillo division; Stanton Brown of Waco; B. H. Stephens, Dallas; E. W. Richards, vice president of Texas Power and Light Company and board member; C. M. Penland, Dallas, executive vice president; F. M. Truett, Dallas, president; and R. E. Penland, vice president.

### Three Midlanders Hurt in Road Crash West Of Weatherford

**MINERAL WELLS**—John T. Robinson of Midland was injured critically and two companions less seriously, when their car overturned 18 miles west of Weatherford on U. S. Highway 80 about 2 p.m. Tuesday.

Robinson, Don P. Connally and Lage Midkiff, also of Midland, were brought to Nazareth Hospital here. Midkiff, Midland oil man and ranchman, was the driver of the car. State Highway Patrolman Clayton Culp said the Midkiff car, headed east, overturned after its brakes were set to prevent a collision with a slow-moving car ahead.

The other automobile, driven by Charlie A. Thackeron of Lipan, was damaged only slightly. Thackeron was unhurt.

### Truman Tags Red Charges Hitler's 'Big Lie' Technique

**WASHINGTON**—President Truman asserted Wednesday that it is "a big lie" to say he tolerates Communists in this nation's government.

And he accused those who say so of employing a tactic used by the Communists themselves, a tactic he described as "the big lie technique."

That technique, Truman said, was developed by the Communists, perfected by Hitler.

There were no names in the angrily worded speech Truman prepared for the National Conference on Citizenship, but he asked the voters to defeat the users of "the big lie" regardless of party affiliation.

The President said anyone who resorts to "the big lie technique is not a good man." And he singled out for special attention those who call Gen. George C. Marshall traitor.

He told the conference: "It is a big lie, for example, to say that we tolerate Communists and other disloyal persons in our government. It is a big lie to attack one of the greatest generals and patriots whom this country ever had and call him a traitor."

"The big lie is a weapon of political warfare which was developed by the Communists, perfected by Hitler, and is now being used on a world-wide scale by the Soviet Union," he said.

### Court Denies Group's Right To Party Label

**DALLAS**—(P)—No appeal is likely to be made in District Judge Jack Roberts' ruling in barring Gen. Dwight D. Eisenhower's name on the Texas ballot under a Democratic label.

Allen Wight, Dallas attorney and a member of the seven-man executive committee of the newly-organized "Texas Democratic Party," said he would make this recommendation to his committee.

Wight said the reason for this recommendation is lack of time to carry the appeal through the courts and get the names of the party's candidates printed on the November ballot.

He explained that if the party carried on the appeal and won, there wouldn't be sufficient time to get the names on the ballot, and such a victory would be only a technical one.

The "Texas Democratic Party," he said, was organized in an effort to give Texas Democrats who opposed Democratic Nominee Adlai Stevenson a chance to vote for the Republican nominee in some kind of Democratic column.

Thus rebellious Texas Democrats Wednesday had a state-wide organization to back Eisenhower but no way to put his name on the ballot under a Democratic label.

Judge Jack Roberts in Austin's 125th District Court Tuesday prohibited the use of the Democratic (Continued on Page 11)

### Martin Calls Vote On Highway Bonds

**STANTON**—An election has been called by the Martin County Commissioners Court, Saturday October 18, to decide if \$250,000 will be issued for construction, maintenance and improvements to road projects.

One of the principal projects would be to widen U. S. Highway 59 across Martin County from a two-lane to a four-lane drive.

To defray interest on the proposed bonds, an ad valorem tax would be levied on all taxable property in the county.

Edward Everett Horton

### Veteran Comedian Amazed On First Visit To Midland

Edward Everett Horton just couldn't get over Midland. "It's really startling," said the veteran comedian of stage and screen as he arrived here Tuesday.

"Flying in from Houston, you pass over miles of rolling and deserted plains and then suddenly you find yourself in the midst of civilization. I didn't dream I'd find this much activity here."

Horton came to West Texas to appear in Odessa at a meeting sponsored by the Odessa Town Hall Association.

## Ector, Howard Liquor Dealers, Banks Called In 'Bootleg' Probe

**AUSTIN**—(P)—Ten West Texas liquor store operators and employees were under subpoena Wednesday to appear at a closed meeting of the House Crime Investigating Committee next week.

The report said board employees knew of a multi-million dollar bootleg syndicate in West Texas, but that it went on functioning through payoffs and bribery to key employees of the board.

Rep. Waggoner Carr of Lubbock announced that the committee would study records and examine witnesses in an executive, exploratory session here at 9:30 a.m. Monday. They will be evaluated with the state auditor, and if enough

evidence is uncovered, an open meeting will be called in Amarillo. Carr was assigned by the committee to look into the grand jury report.

Carr said processor had been issued for or served on the following individuals and firms:

Tom Roden, W. F. Roden, T. G. Roden, C. W. Coyle, F. C. Young, O. W. Wood, all of Odessa; Glen Cole and John J. McCowan of Big Spring; A. W. Ellington of San Angelo. All are connected with Pinkie's Liquor Store, Carr said.

Hubert Odum of Odessa, connected with Cecil's Liquor Store, and The First National Bank and State National Bank of Big Spring, the First National Bank and the First State Bank of Odessa, all for records relating to financial affairs of Pinkie's Liquor Store.

Carr said the committee is especially interested in liquor board records and correspondence in connection with personnel investigations in Fort Arthur and throughout West Texas.

The Odessa wholesale liquor dealers listed by Carr as being under subpoena to produce records of sales to the retailers are: Bagley-Herring Sales and Drug Company; Glasser's Wholesale Drug Company; McKesson-Robbins, Inc., and Southwestern Drug Corporation.

### Doctor, Patrolman Testify At Valley Murder Hearing

**ALICE**—Nego L. Alanis and Mario (El Turko) Sapet waived examining trial here Wednesday before Justice of the Peace Brown Fuller but District Attorney Homer St. Dean, Jr., insisted on the preliminary hearing.

Alanis and Sapet are charged with murder with malice and conspiracy to murder in the September 9 slaying of Jacob S. (Buddy) Floyd, Jr., whose father is active in Jim Wells County politics.

Alanis' hearing was conducted first. Fred Semans of San Antonio, counsel for Sapet, who faces identical charges with Alanis, told the court his client would step aside so that the hearings could be held separately.

**Hears Shots Fired**  
Dr. O. G. Wyche, Sr., testified that about 9:15 on the night of September 8, he heard three or four rapid shots and remarked to his wife "That sounds like firecrackers," and later told her, "I believe that could have been pistol shots."

The Wyche home is across the street from Floyd's.

"I ran over to the Floyd home and found Jake Floyd, Jr., lying in a pool of blood in the driveway of the garage at the rear of their home."

"He had been shot in the forehead and through the right wrist. "I called an ambulance and had him sent to the hospital."

Dr. Wyche said that when he got there his son and Mrs. Jacob S. Floyd, Sr., were the only persons at the slaying scene.

Fred Pendergrass, highway patrolman on duty at Alice, said he went to the Floyd home about 10:40 p.m. and in an open trash barrel found a bone handle, nickel plated 38 caliber pistol, which he took to the police station to be examined for fingerprints.

**Identifies Weapon**  
Dean walked over to the witness stand with a large manila envelope from which he took a pistol.

"Is this the pistol you found in the trash barrel?" he asked Pendergrass.

The officer looked the gun over carefully and identified it as the one he found near the slaying scene by the serial number and a number placed on it by the identification laboratory of the Department of Public Safety at Austin.

Dean at the outset of the hearing swore in some dozen witnesses, but Jacob S. Floyd Sr., who was marked for assassination by the killer of his son, was not present.

When District Attorney Dean read the charge against Alanis the dapper defendant stood and stared at the counsel table. Occasionally he lifted his eyes to look directly at Dean.

The hearing was recessed at 11:30 a.m. First afternoon witness was to be Jacob Floyd, Sr., the dead youth's father.

### Texan To Answer Abduction Charge In North Carolina

RALEIGH, N. C.—(AP)—A middle-aged Texan has been bound over to Wake County Superior Court on charges that he abducted his four-year-old granddaughter. Bond of \$3,000 was set Tuesday for Ralph G. Hall, Lohn, Texas, following a hearing before Magistrate H. A. Bland. Conviction on the charge carries a maximum penalty of 15 years in prison. The child has been living here with her father, Russell D. Whitmore, an Army major and Korean War veteran. He had been awarded sole custody of Pamela last August 20 by an Ohio common pleas judge. Whitmore was separated from Mrs. Patricia V. Whitmore, who has been living with her father at Lohn, according to testimony.

### Kim Sticks To Her Story, May Land Dude Ranch Job

PORT WORTH—(AP)—The mystery of Kim, self-styled albino Iroquois Indian, remained unsolved Wednesday, but the 18-year-old girl was convincing more people her story is true. She was found living in the woods last Friday near Benbrook, a town near here, with only a dog for a companion. Her story then—and she's sticking to it—was that she was a member of an albino tribe of Iroquois who lived on an island between the United States and Canada. She said she came to Texas in search of a horse ranch on which to work. Salvation Army Major W. T. Johnson said Tuesday he believes the story. Johnson is going to help her in her search for a ranch job next week by taking her to the Mayan Ranch at Bandera. Mr. and Mrs. E. A. Hicks, owner of the dude Mayan spread, have agreed to give the girl a job. The new arrangement was made after Kim returned from her first ranch "job" at Antelope and authorities were convinced she was not Connie Smith, 10-year-old daughter of a former Wyoming governor who is missing from a girls camp in Connecticut. The Tarrant County sheriff's department has sent copies of her fingerprints to the FBI in Washington and to the State Department of Public Safety in Austin in a renewed effort to determine her identity. The laws of England in the Middle Ages made the taking of interest on loaned money by a Christian illegal.

The town is talking about: Judy Garland's return to the screen in a remake of the old Janet Gaynor hit, "A Star Is Born." Judy will sing four songs in the story of the film star who finds fame and ill-fortunes.

Paramount writers are working on a musical version of "The Virginian."

Gary Cooper canceling a hop to Europe from Rome after completing "Return to Paradise" there. He's due for medical treatment in Hollywood before making the continental jump.

Movie censor Joseph E. Brown's slap at the Maryland state censor board for charging that there has been a relaxation in the motion picture industry's voluntary code of self-regulation.

Said Brown, "The charge is completely without foundation. The unwarranted charges sound like nothing more than an effort to defend political censorship in the face of recent decisions of the U. S. Supreme Court, which said that motion pictures are entitled to the freedom of speech and press guarantees of the Constitution."

The first clash of the season between Hollywood and TV over the movie, "Clash By Night." NDC wanted to satire the film on its All-Star Revue. RKO nixed the idea.

Reports of Gene Kelly and wife Betty Blair bickering in London. The whisper is that there may be a divorce.

Ava Gardner's confession to pals that she will not re-sign with MGM. She wants to co-star with hubby.

Frank Sinatra in a series of independent movies.

Alfred Lunt and Lynn Fontanne talking contract for a series of one-a-month dramatic plays on TV.

Lana Turner writing a check to Uncle Sam for \$100,000. Now she's even with the income tax boys.

The Eddie Robinson, Jr. dating the star.

A disgusted fan's note to a movie producer after the sneak preview of a new film: "You get paid to make pictures and if you don't know what's wrong I won't tell you."

MGM and Clioelle Heim talking about Pat Morison's role in "Kiss Me Kate."

Marion Brand's sessions with a psychiatrist. He wants a new lease on life.

Barbara Hutton's son, Lance Reventlow, working as a messenger boy in a Beverly Hills business office.

Carole Lombard's old hit, "Nothing Sacred," currently showing on TV, due for a big screen remake. New title: "Hazel Flagg."

Cary Grant headed for John Hopkins for a complete physical checkup.

Hollywood's European travelers telling about the American who went to Europe for a change and rest. He came back with all his change in Paris and the rest on the Riviera.

Deanna Durbin, back in the U. S. with hubby Charlie's David—and headed for Hollywood with high hopes of a movie comeback.

Pat Wynore suddenly mixing all interviews about Erol Flynn?

MGM's heavy schedule of action-adventure films following the box-office click of "Travels." Minimum of nine costume films are in active production, with three others slated for release this fall.

Betty Grable replacing Shelley Winters, who is waiting for the start in "Blame of Glory." It's Betty's first straight dramatic role in 10 years.

Pat O'Malley, star of silent films, playing the role of a doorman in MGM's "Small Town Girl."

Jobless actor groaning to a studio casting director: "This guy Shakespeare says all the world's a stage—and I can't even get a day's work."

## Police Say GI, Blonde Pilot To Hang Her Husband, Wed

ALBUQUERQUE, N. M.—(AP)—A fragile blonde, thrice married at 20, and a young military policeman are accused of a bizarre plot to hang her 41-year-old husband. Police said they planned to kill William White, the British-born husband, so they could be wed. Charges of conspiracy to commit murder were lodged Tuesday against Mrs. Wanda White, the wife, and Cpl. William E. Oliver, 24, stationed at Sandia Special Weapons Base here. Oliver, from Chillicothe, Ohio, and Point Pleasant, W. Va., was arrested last Thursday and Mrs. White, formerly of Tishomingo, Okla., was taken into custody next day, but details were not disclosed until the complaint was filed. Chief Detective Frank Stephenson said an anonymous tip from one of Oliver's Army buddies enabled police and military investigators to thwart the plot. "The detective chief said the couple planned for Mrs. White to lure her husband to a city park and the two proposed to force White, at gunpoint, to stand on the fender of the car so he could be hanged from a tree.

Mrs. White said she spends most of her time in jail reading. "I like to read—mostly 'to stories," she said.

## P-T-A Council Plans School Of Instruction

A school of instruction for officers and chairmen of all Parent-Teacher Association units of the city will be sponsored by the City P-T-A Council at 9:30 a.m. Thursday in the high school cafeteria.

Feature of the agenda will be four group discussions for the officers and chairmen. A discussion for presidents and vice presidents will be led by Mrs. Stanley Erskine, state council chairman and president of the Midland High School P-T-A, and a group session on education for family living is to be led by Charles Mathews, director of curricular services for Midland public schools.

Mrs. J. J. Black, District 14 P-T-A president and secretary of the City P-T-A Council, will conduct the discussion for hospitality, membership and other chairmen. The fourth discussion, for secretaries, treasurers and parliamentarians will be led by Mrs. E. L. Mount, vice president of the City P-T-A Council, and Mrs. Raymond Leggett, city council president and district chairman of education for family living.

The school of instruction will open with an address on P-T-A policies and there will also be round table discussions for the entire group.

## Mrs. R. B. Smith To Head New Lamar Elementary P-T-A

Mrs. R. B. Smith was chosen president of the Lamar Elementary Parent-Teacher Association at a meeting and open house Tuesday in the school.

Other officers named were Mrs. Gaddis L. Barnard, first vice president; Mrs. R. H. Jackson, second vice president; Mrs. A. W. Ward, secretary, and Mrs. Fred Parker, treasurer.

Frank Monroe, superintendent of public schools, gave a talk on Midland's new schools. Midland schools, he said, have an enrollment of approximately 7,322, which represents an increase of 3,342 over last year's enrollment figures.

Mathews Gives Talk

Charles Mathews, director of curricular services for the Midland public schools, gave a history of American schools and compared modern schools with those of the past. He also outlined the general program of the Midland public school system.

Glenn Allison, principal, addressed the group on his school's needs, particularly stressing the need for reference and library books, beautification of the school grounds, bicycle racks and decoration of the teachers' lounge.

Mrs. J. B. Elder, president of the San Jacinto Junior High Parent-Teacher Association, spoke on "Help Us and We Will Help You." Discusses P-T-A Program

The P-T-A's program of study and its five objectives were interpreted for the group by Mrs. Raymond Leggett, P-T-A City Council president, and Mrs. James Martin explained the training program for Girl Scout leaders currently being conducted in the Little House. She announced plans to organize six Scout units at Lamar.

Singing was led by Joanne Hemmell. The David Crockett P-T-A presented the group with \$25. Parents were conducted on a tour of the building following the meeting. An arrangement of Autumn leaves and chrysanthemums centered the refreshment table which was covered with a lace cloth. The speaker's table held a varicolored arrangement of Fall flowers. Mrs. Eddie Frank Conner presided over the refreshment table.

Guests were presented with name tags in the form of miniature slates. Mrs. C. H. Orson served as temporary chairman and Mrs. J. Wayne Campbell as temporary secretary.

More than 100 guests attended.

## Scout Leaders Begin Course

The basic leadership training course for Girl Scout leaders and prospective leaders began Tuesday in the Little House, with Mrs. H. Leo Tucker of Abilene, volunteer trainer, in charge.

The meeting was opening with the singing of Girl Scout songs and a get-acquainted game. Scout leaders pantomimed the 10 laws of the Girl Scouts. The group discussed the leader's records and the Girl Scout promise, hand shake and salute. A singing game, Sandy Land, closed the morning session.

Those attending were Mrs. Robert C. Price, Mrs. B. A. Luscomb, Mrs. M. E. Haag, Mrs. A. H. Dimney, Mrs. R. H. Prissell, Mrs. Carl W. Covington, Virginia Breedlove, Betty Jo Greene, Mrs. W. C. Forward Midland!

Midlanders, at least the 1,112 of them who took time to vote in last Saturday's special election, are to be commended upon their wise and progressive action in approving the \$5,390,000 bond issue for a variety of much-needed municipal improvements.

Each of the bond issue proposals carried by substantial margins, attesting to the need of the improvements and to the progressive spirit of the voters. This should be encouraging to those directly concerned in the long-range planning for the continued development of Ever-Growing Midland.

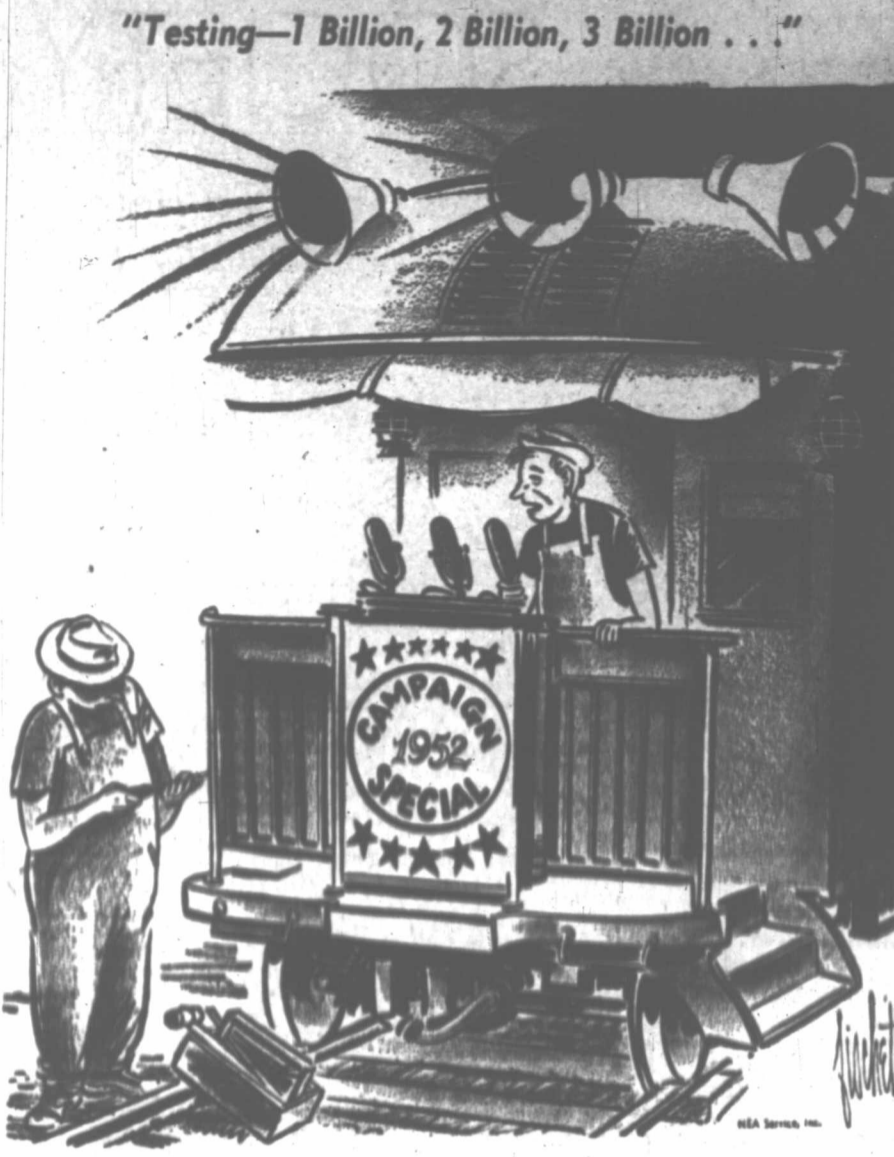

And the fact that only about one-tenth of the city's qualified voters cast their ballots in determining the outcome of the bond proposals perhaps should not be viewed with particular alarm. Actually, the 1,112 votes cast represented almost twice the number usually cast in municipal bond elections here.

No time was lost in getting the water supply project underway, and other phases of the program are expected proceed on schedule. It is a big job and one which will require careful study and supervision from start to finish.

It isn't human to be perfect—but it's natural for some people to take advantage of the fact. When you run into a fellow who has a proposition that won't hold water, he's a sponger.

The Washington Merry-Go-Round

By Drew Pearson (Copyright, 1952, By The Bell Syndicate, Inc.)

WASHINGTON — To understand the inside of the Taft-Eisenhower breakfast last week you have to know something about the pressures brought on both men by friends and advisers.

Among Eisenhower's friends, some considered the statement issued by Taft after the breakfast to be a subject surrender by the victor at Chicago to the men he defeated at Chicago.

Some of these friends feel that never before has a candidate been so humiliated in public as when Taft told newsmen he had written the "joint" seven-page statement in Cincinnati before he came to the breakfast.

Just a few weeks ago, they point out, Eisenhower walked out of the Chicago convention the biggest man in America, considered a sure bet to win. Today, two months after Chicago, he has to accept policy dictated by the man he defeated.

And what made things worse was when Congressman George Bender, a Taft supporter, was barred from the dining room by State Chairman Ray Bliss, Seething mad, Bender walked out.

In Washington, two Taft men—Senator Karl Mundt of South Dakota and Congressman Charley Hall—were dragged from the breakfast.

Today the Communists are getting a tremendous advantage out of the continued fighting in Korea. —John Foster Dulles, GOP foreign policy adviser.

There is no room for differences of opinion in both parties. It is not necessary to share the views of the candidates on every subject. —Senator Joseph McCarthy (R., Wis.)

History And Truman's Errors Repeat In Steel Price Tangle

By FREDERICK EDSON (NEA Washington Correspondent)

WASHINGTON — One of President Harry S. Truman's favorite performances is to tell press conference reporters to go look at their history.

Following this no-doubt-good advice, the writer of this piece has been reading a few pages from a handy little maroon-colored, paper-backed booklet called "A Short History of OPA."

It was published by the government in 1947. Its purpose was to serve as a guide for future generations that might get involved in a national defense economy, so that they wouldn't make the same mistakes that were made during World War II and after.

OPA, for the benefit of those who may have grown up since 1947, was the Office of Price Administration, forerunner of OPA—the Office of Price Stabilization of today.

The most interesting parts of this "Short History of OPA," for today's reader, are pages 94 to 96. They deal with the steel strike of 1946, and what the government did about trying to control the wage increase and the resulting price rise granted the steel industry.

What was learned from history—this "Short History of OPA"—as applied to the steel case, at any rate—was absolutely nothing. The President of the United States in 1946, as in 1952, was none other than Harry S. Truman.

Q—When was the continent of Australia discovered? A—The first printed account was published in 1642.

Q—What is the exact meaning of "Olympiad"? A—The four years between Olympic games.

Q—When was the longest period between adoption of any two amendments to the Constitution? A—Sixty-one years.

Who? "Malvin Fisher," John Mills said, and pressed his lips together. "And you know who that somebody is?"

### Painful cramps of "Monthly Periods" stopped or amazingly relieved

In 3 out of 4 cases in doctors' own tests!

Women and girls who suffer from those functionally-caused cramps, backaches and headaches of menstruation—who feel upset and irritable on certain "particular days"—may often be suffering quite unnecessarily!

Such is the conclusion from tests by doctors in which Lydia E. Pinkham's Vegetable Compound gave complete or striking relief from such distress in 3 out of 4 of the cases tested!

Yes! Medical evidence shows Lydia Pinkham's thoroughly modern action. It exerts a remarkably calming effect on the uterus—without the use of pain-killing drugs! The effectiveness of Lydia Pinkham's needs no proof to the millions of women and girls whom it has benefited. But how about you? Do you know what it may do for you? Try Lydia Pinkham's through the month. See if you don't get the same relief from the pains and weakness of "those days" if you don't feel better before and during your period!

Get either Lydia Pinkham's Compound, or new, improved Tablets, with added iron! If you're troubled with "hot flashes" and other functional distress of "change of life"—you'll find Lydia Pinkham's wonderful for that, too!

Lydia Pinkham's has a quieting effect on the uterine contractions (see chart) which often cause menstrual pain!

### Committee Plans Christmas Fair

## Daddy Ringtail Summer Once Winter

Daddy Ringtail, your monkey friend, and Mugump Monkey, the

monkey boy, were sitting down on the Elephant Path. The day was a warm, warm day in the Spring. Why, the day was hot enough—almost—to be a hot, hot day in the Summer.

"Daddy Ringtail," said Mugump. "I hear you Mugump," said Daddy Ringtail.

"Daddy Ringtail," said Mugump, "did you ever think how the days are hot in the Summer? And how the days are cold in the Winter? And how the cold days ought to come in the Summer, to cool people off? And how the hot days ought to come in the Winter, to make people warm?"

"Mercy me!" said Daddy Ringtail. "Would you mind saying all that again?"

"Nossir," said Mugump, and so

he said it again. He said how nice it would be if the hot Summer days should come in the Winter to make people warm. How nice it would be if the cold Winter days should come in the Summer to make people cool.

"How nice indeed!" said Daddy Ringtail, except—well, didn't Mugump know that once upon a time, Summer came in the Wintertime,

and Winter came in the Summertime. No, Mugump hadn't heard about it, and so Daddy Ringtail told the story.

Why, once upon a time, play-like, people could have whatever weather they wanted. Just by pushing a button. One button made the Spring. There was another button for Summer, one for Autumn, and one for Winter.

Well sir, everything was happy as happy could be. The button for Summer got pushed when Summertime had come, but the Summer days were hot, hot. What oh what to do to cool them? Why not push the button for the cold days of Wintertime? o reason at all, everyone said, and so they did. Push! and the days weren't hot any more. They were cold, cold days of Winter, even though it was Summertime, playlike.

B-r-r-r-r! Too cold. Push the button for Summer again, and someone did. Whew! hot now, and so push the button again. B-r-r-r-r! Push. W-ew! B-r-r-r-r! Push, and so on and on until folks were so mixed up they didn't know when was Summer and when was Winter—until at last everyone decided to let the weather do what it wanted without any button pushing at all, and they did. Happy day.

# County PMA Panel Selects 10 Land Practices For '53

Ten practices for the 1953 farm program were selected by the Midland County Production Marketing Association Committee in a three-hour session Tuesday afternoon at the Midland County Courthouse. From a list of 46 possible practices outlined by PMA Secretary

Charles E. Champion, the committee decided upon the 10 practices to be used in this county next year.

They are: Reorganization of a permanent farm irrigation system to conserve water and prevent erosion; subsiding to permit better penetration of water; bringing silt-forming silt to the surface of sandy cropland to prevent wind erosion; leaving on the land as a protection against wind erosion the stubs or stubble of sorghums or millets; control of destructive plants on noncrop pasture and range land. Chemical control of mesquite; revegetation of range or pasture land by deferred grazing; constructing fireguards on noncrop pasture and range land; establishing or improving permanent pastures by seeding adapted pasture grasses, pasture legumes, or mixtures of grasses and legumes; and establishing a satisfactory cover or winter legumes seeded in the Fall. Drouth Hazards

The practices were selected only after careful consideration and discussion by members of the committee, with Champion and Ben Osborn, Midland work unit conserva-

tionist of the Soil Conservation Service, making recommendations.

Osborn pointed out that drouth has reduced cover on eroplands and ranges in the Martin-Howard Soil Conservation District to the extent of creating a critical wind erosion hazard.

He said the only effective defense against soil blowing and sandstorms, such as the drouth experienced last Winter and Spring, is vegetation on the land.

The conservationist listed a three-point program to preserve the cover remaining, and to provide Winter-growing crops where possible, as protection during the coming blow season:

"1. Plant Winter cover crops. Plant all irrigated land now, and dry land if rains provide moisture by October 15. Small grains and legumes can be planted in the middle of cotton and sorghum fields.

"2. Leave all crop residues standing. Do not graze stalks or stubble on fields.

"3. Rest range land. Feed stock in traps and small pastures where reseedling will be feasible after the drouth."

### New Meeting Stated

Champion scheduled another meeting of the committee Tuesday afternoon, September 23, in his office, for the purpose of receiving instructions for contacting every farmer and rancher in the county about signing for the 1953 PMA practices.

Champion also announced that eight carloads of hay had been ordered by Midland County ranchers in the federal drouth relief program. He said the first shipment was expected to arrive "the middle of next week."

Members of the committee attending were W. E. Pig, chairman, D. W. McDonald, B. T. Graham and J. O. Nobles, Jr.

Others present included William Sauer, Midland County Farmers Home Administration representative, and J. R. Cuffman and W. D. McElroy, vocational agriculture teachers in Midland High School.

## Night Classes Open For Midland Adults With Room For More

Adult night classes got underway Tuesday night at Midland High School with 143 registered for the business and shop crafts courses. But Charles Mathews, director of special services, says others still may register during this week.

Mathews said additional students are needed particularly to complete the rolls for the shop crafts courses. Classes meet each Tuesday and Thursday evening and will be conducted for 15 weeks. Tuition for the business courses is \$10 and \$20 for the shop courses, which meet for two hours instead of one as do the business courses.

Beginning shorthand is taught from 6 to 7 and from 7 to 8 p.m. Beginning typing also is taught from 6 to 7 and 7 to 8 p.m. Advanced typing is from 6 to 7 p.m. The bookkeeping course is taught from 7 to 8 p.m., the business English course from 6 to 7 p.m., and the shop crafts from 7 to 9 p.m.

Registration papers are available at the office of Supt. Frank Monroe, Room 114 in the high school building.

## LIPPY GAMBLERS AND LOSERS—

### Brooks Gain Notch As Giants Stumble

**By JOE REICHLER**  
AP Sports Writer

"I just gambled and lost, that's all."

Leo Durocher, who Tuesday assumed the expert's fans, opposition and his own players by pinning the New York Giants' pennant hopes on the shoulders of a pitching neophyte who had never hurled an inning of big league ball.

The youngster is 25-year-old Jack Harshman, a former first-base flop, who turned to minor league pitching last Spring and was brought up to the Giants July Monday after a 7-1 record with Minneapolis of the American Association.

Harshman walked to the mound under his own power but collapsed quickly and the Chicago Cubs, behind Warren Hacker, breezed to a 9-0 victory. The defeat was the more bitter because it was followed by Brooklyn's 4-3 triumph over Pittsburgh that boosted the Dodgers' National League lead over the Giants to four games with only 10 to go for each side.

"I had to go with Harshman. Who else did I have? The others are all overworked," Durocher said. Dodgers Step Out.

Harshman couldn't escape an inning without being scored upon and was derocted in the third, which ended with the Cubs enjoying a 6-0 lead.

The Giant players, who raised their eyebrows questioning when they learned of Durocher's plans, didn't help the cause much, either, by eking out a meager three widely scattered hits off the Cub knuckleballer.

Heartened by the Giants' loss, the Brooks knocked out in the evening and the Pirates with the help of home runs by Gil Hodges and Duke Snider. Gil hammered his thirty-second off loser Murr Dickson. Snider hit his twentieth of the year in the fourth.

It took a sterling relief job by Rookie Jim Hughes and another by Joe Black to preserve the Brooks' lead. Hughes, recently brought up from Montreal, relieved Starter Billy Loos with the bases loaded and nobody out in the fourth and retired the Pirates without permitting a run.

**Black Sumners In**

The Cubs finally scored on the 25-year-old right-hander in the ninth and had two on and the tying runs on the bases when Black sumnered in and fanned Frank Thomas for the third out.

Cleveland remained stationary in its pursuit of the American League-leading New York Yankees despite its 10-inning, 4-3 triumph over the Washington Senators. The Yankees maintained their two and one-half-game margin—with 10 to go—when rookie Southpaw Bill Miller twirled a three hit, 7-0 shutout over the Detroit Tigers. Joe Collins and Hank Bauer homered to hand Art

Houtemann his nineteenth loss. It was the Yankees' fifth straight win. Mike Garcia kept the Indians in the running, spinning a 10-hitter for the twenty-first triumph against 10 defeats.

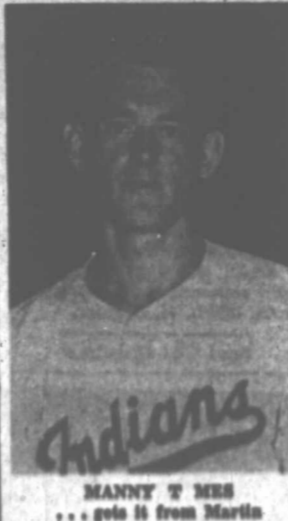

The St. Louis Cardinals advanced to within three and a half games of the second-place Giants, sweeping a two-night twin bill from Boston's Braves, 8-6 and 5-1. The Redbirds smashed six homers, two by Solly Hemus and Stu Miller and Harry Brecheen were credited with victories over Warren Spahn and Ernie Johnson.

Hemus

Robin Roberts became the first National League pitcher since 1888 to reach 25 victories when he pitched the Philadelphia Phillies to a 4-3 triumph over the Cincinnati Reds.

Chicago's White Sox protected their third-place position in the American League, dividing a doubleheader with the Philadelphia A's. Dave Phillips' homer and Harry Byrd's seven-hit pitching won the opener for the A's, 3-1. An 11-hit attack helped the Sox take the nightcap, 7-1.

Rookie Jim Dyck blasted a pair of homers for the St. Louis Browns but it could not overcome an early seven-run lead piled up by the Boston Red Sox, who won, 11-7, to take fifth place from the Senators.

### Tribe Surges Back To Win Dramatic, 13-Inning Game

**By OPE BOUTH**

The never-say-die Midland Indians, who rose from almost certain defeat Tuesday night to win a dramatic victory, came back home Wednesday night tied up with the Odessa Oilers, 1-1, in the final of the Longhorn League's championship Shaughnessy playoff series.

A record-breaking crowd of fans from Midland and Odessa is expected to be on hand for the third game of the series beginning at 8 p.m. in Indian Park.

The Indians staged a spectacular thirteenth inning explosion Tuesday night to win a 7-3 victory over the Oilers after scoring two runs in the ninth inning to tie the score.

It was in the ninth, too, that Israel Ten, the diminutive right-hander who was lifted in the opener Monday night for a pinch hitter, came in to hold the Oilers to an ineffective two hits in the last five innings.

**Fielding Abrigt**

Ten was backed up with airtight fielding, including a spectacular stop by Shortstop Scooter Hughes, which chased the Oilers out of a run which would have won them their second victory in succession.

And the heavy bats of the Indians, once they went into action, took the spirit out of the Oilers of

Manager Bob Martin.

It was a slow, heart-breaking struggle, though.

And it cost the Indians temporarily the services of Manny Teme, the second baseman, who went out of the game with injuries in the second inning after Martin had spilled him in trying to break up a double play.

Midland jumped off to a lead in the first half of the second when Glenn Selbo slapped a two-bagger into left field and scored on Brown's first of three hits, a single into left center field.

Odessa came right back to tie it up in the third when Felix Castro singled, went to second on Pitcher Eddie Jacobs' overthrow at first and then scored on Wes Ortis' single into left field.

Jacobs and Ortis then undertook a pitchers' duel which lasted until the seventh inning.

In the opening of the seventh, the Indians started a rally by leading the base, with Hughes, who had singled, resting on third base.

Woody Pennington's ground ball forced Hughes at home and after Julio de la Torre grounded out, Brown was walked intentionally.

Ortega called in

The Oilers then called on Evelio Ortega, the left-hander who won the opener, to pitch to Gordon Tanner. Ed Manapace stepped in as a pinch-hitter, instead, and rapped a ground ball to short to force Brown for the third out.

The Oilers came up in their half of the seventh and Ortega made it safely to first when Pennington juggled a grounder. He moved on in to score when Roman Loyko hit a two-bagger down the third-base line. Leo Eastham doubled into right field to score Loyko.

Ortis came back in from left field to resume the pitching chore, and the Indians were held helpless until the ninth.

Then the excitement started, just after one out had been made and the fans started moving toward the exits.

Pennington walked and De la Torre sent a two-bagger crashing into left field. Brown repeated the trick with another two-bagger, this one to center field, and Pennington and De la Torre scored to tie up the ball game.

Odessa threatened to pull it out of the fire in their half of the ninth.

After Raul Dieppe singled, Ten relieved Jacobs on the mound and the next two men went out, although a walk and a fielder's choice loaded the bases a few moments later.

Charlie Weber poked on one of Ten's fast ones and sent it racing through the mound. Hughes reacted over to his left and far back to second base to knock down the ball and flip it backhanded to Pennington at second to force Bill Cearley for the third out.

**Ten Settles Down**

Ten settled down to a short duel with Carlos Perez, who came out to the mound in the ninth.

The little right-hander struck out five in the last four innings, including Eastham, Martin and Castro, three of the big hitting threats of the Oilers.

In the top of the thirteenth, however, the Indians wrote the final chapter and closed the book.

After Selbo had filed to first, Pennington drew a walk. De la Torre stepped up to the plate and whammed a long three-bagger into right center field to score Pennington.

Brown was walked intentionally and Carl Barbour, Ten and Earl Bousherry followed with singles before Ben Quintana came in to put out the fire.

The Oilers went down in order in their half of the final frame.

He was at the wheel when Austin drove by Temple, 3-0, Tuesday night. Andre's three-hit pitching capped his third win of the five-game set against Temple, running his season total of victories to 23.

Tyler earlier won his best-of-seven series with Texasarkana in six games.

### Selbo To Pitch Next For Tribe

Big Glenn Selbo will come in from his regular position in right field to pitch for the Midland Indians in the third game of Longhorn League championship series here Wednesday night.

Game time is 8 p.m.

Selbo has notched two victories on the mound since joining the Indians back in August in an option deal that sent Pat O'Keefe to the Atlanta Blue Sox.

Selbo won over Vernon, 6 to 4, giving up eight safeties in his first game on the hill for Midland. He limited the Roswell Rockets to four hits to take a 4-0 shutout in Midland and chalk up his second win.

Odessa will counter with Carlos Villarreal (8-5) or Fred Parker. Villarreal earned two victories over Artesia in the first-round playoffs.

Three games of the final round of the Shaughnessy will be played in Midland. If more games are needed, the series shifts back to Odessa.

No game will be played Friday night to avoid conflict with the opening of Midland High School's

GLENN SELBO ... goes for Indians

### Davey To Risk Perfect Record

CHICAGO—(P)—With a welterweight title shot already promised, scholarly Chuck Davey will only risk getting his feelings hurt and his undefeated ring record shattered Wednesday night against rough-and-ready Rocky Graziano, ex-middleweight champion.

Eager to prove he is not over the hill, the 30-year-old Davey, holder of a Michigan State masters degree in education, thinks his speed and unorthodox southpaw style will keep Graziano coming nothing but air.

A ringside crowd of about 12,000, contributing to an estimated gate of \$60,000 to \$75,000 and a nationwide television audience are likely to see something like this:

Graziano, expected by fight time of 8 p.m. EST to outweigh his opponent 132 pounds to 149, trying to use this advantage in bull-like rushes, maintaining incessant pressure for the only logic he knows, complete annihilation.

Davey, 34, feinting him off balance, timing his blows to meet him coming in and then dancing back in his perpetual jogging motion.

**Wins 24 Fights**

Davey, in his brief spectacular career, has won 24 fights, had two draws and never has been off his feet. He has used systematic punches, instead of one big one, to keep 23 of his foes from going the route.

The home run punch is Graziano's trademark. He will absorb a lot of punishment, like he did in three brutal scraps with Tony Zale, to get his one big punch across.

### TUESDAY'S RESULTS

### Roswell Opposes League Changes

ARLINGTON—(P)—The realignment of minor league baseball in the Southwest, involving the Class C Longhorn and West Texas-New Mexico Leagues, appears definitely out of the picture for 1933, President Hal Bayles of the Longhorn League disclosed here Wednesday.

Although official action will not take place until the annual Longhorn League meeting September 28 at Odessa, a decision by Roswell officials to continue in the Longhorn loop has thrown a key block into the tentative changes set up at the minors conference here two weeks ago which put the New Mexico club into the WT-NM loop, opening up a transfer of other clubs in the two leagues.

Roswell Business Manager Louis Bagwell notified Bayles Tuesday that the Board of Directors had voted to remain in the Longhorn League for the coming year, pointing out that the club could not afford to pass up the hot rivalries that exist between Roswell and Artesia and Carlsbad in the league. Carlsbad recently took over the Vernon franchise, throwing the New Mexico club into a desirable position.

Thus with Roswell staying in the Longhorn League, there is no place for any changes, since all eight franchisees plan to operate next year. There is only one other possible change. Sweetwater is not set as to location, but will continue the franchise. Owner A. C. Gonzalez told Bayles he intends to let the league know the site of his operation next year at the annual meeting.

Under consideration for the move are Del Rio, Hobbs, N. M., and a Winters-Ballinger combination.

Gonzales has said he will give fans of Sweetwater a chance to buy the franchise and if this is not taken, will move the site of operation to one of the above towns.

The Longhorn League probably will go into operation next year with the same clubs with the Sweetwater franchise the only question. This would remain as Roswell, Artesia, San Angelo, Big Spring, Midland, Odessa, and Carlsbad, and the other six to be named.

The plans for the WT-NM League are not known at this time. Pampa Owner Doug Mills has given the people of the city until October 11 to say the franchise, and if they do not do so, the club will be moved to another city.

### BULLDOGS LAND IN TENTH SPOT

Midland has been picked to finish tenth in Class 4-A football competition.

The Fort Worth Star-Telegram sports staff placed the Indians down the line.

Lubbock was selected to take the conference crown. Odessa landed eighth in the list.

### Keglers To Begin Season's Activities

Competition in the City Bowling League begins at 8:30 p.m. Wednesday on the Pioneer Lanes.

Fairings will be drawn among the Lions Club, Eagles Club, Kiwanis Club, The Reporter-Telegram, Central Barber Shop, Veterans of Foreign Wars, the Junior Chamber of Commerce and Honolulu Oil Corporation.

The league will bowl each Wednesday night for the remainder of the season.

### Things Look Up These Days For Amarillo, Borger Teams

**By The Associated Press**

Amarillo and Borger, two clubs that didn't get their won-loss records out of the red until the West Texas-New Mexico League's final week, now are viewing the playoffs with rose-colored glasses.

Amarillo, in fact, sighted its way into the finals Tuesday night. And Clovis, the champion who finished 17 1/2 games up front, was the Gold Sox victim, 2-3 in the fifth and final game.

Borger squared its series with Albuquerque, which finished the race in second, at two games each, winning Tuesday night, 15-4.

The home run clotting of Amarillo paved the Sox' victory. Merv Cummins and Clyde Perry both vunged four-baggers, as did Howard Waters, the pitching winner.

Over the season, Amarillo won on five of 30 contests with Clovis.

Waters, this time, yielded only eight hits, including homers by Johnny Jeandron and Francis Rice. Pitcher Bill Hair lost.

Eddie Carnett went the distance for Borger and allowed 13 hits. Frank de Carols suffered the defeat for Albuquerque and shared with one other pitcher all of Borger's 17 hits.

### Sports Get Jump In Texas League Playoffs Finale

SHREVEPORT—(P)—Shreveport doubles outweighed Oklahoma City homers Tuesday night and the Sports got the jump in the Texas League playoff finals by whipping the Indians, 3-4.

Led by Harry Elliott, who clubbed three doubles and a single and batted in four tallies, the Sports scored four times in the first two frames and were never headed as they stacked up 14 hits off Ernie Groth and Relfer Jake Henson.

Joe Damato and Frank Kellert walloped the Tribe's eleventh and twelfth round-trippers in seven playoff starts, but the bases were bare both times.

The score:

Oklahoma City 000 001 100-4 19 0  
Shreveport 310 010 000-16 1  
Groth, Henson, and Balch; Hecawald; Tramel and Jones.

### Austin, Tyler Meet For Big State Title

**By The Associated Press**

Austin goes to Tyler Wednesday night in the opening game of the Big State League play-off finals. And, you can bet, Long John Andre will be there.

He was at the wheel when Austin drove by Temple, 3-0, Tuesday night. Andre's three-hit pitching capped his third win of the five-game set against Temple, running his season total of victories to 23.

Tyler earlier won his best-of-seven series with Texasarkana in six games.

### AS OILERS SEEK GAME BY ANY METHOD—Scooter Saves Indians With Glove

**By JIM LINDSEY**

ODESSA—The Scooter could himself Tuesday night. The great Ohio Carraquel or Phil Risuto could have been more spectacular.

Little tobacco-chewing Hughes saved the Indians' scalp with a great stop and throw in the ninth inning of second game of the championship series for the Longhorn League. Indians went in superb style to take the 13-inning thriller.

The bases were loaded and two were out. The Warriors had knotted the score at 3-3 with a two-run surge in their half of the final frame. Hughes went far behind second base to knock down Charlie Weber's hot grounder and force Bill Cearley at second.

Hughes flipped the ball back to Woody Pennington for the force out. The scooting shortstop had raced to make the back-handed stab the ball and push it to Pennington without ever turning around.

The play gave the Indians new hope and dampened the spirit of the oilers Oilers thereafter.

The Oilers seek victory by any method. Sense of fair play seems

thrown to the winds. Sportsmanship appears a word unknown to the Odessans.

A hard-charging Pepper Martin bowled into Indian Second Baseman Manny Teme Tuesday night. Odessa defenders referred to it as a body block. Midlanders weren't hoodwinked. Martin struck Teme in the back as the quiet Cuban stretched for the throw on a double play attempt and prepared to bullet the ball over to first base.

Teme landed full length on the ground. Martin's bully-like lunge was so fierce it sent Teme writhing into the air.

Umpire Abie Sikes, watching over second base, agreed with Midland fans. Martin purposely had driven himself into Teme in the purest show of unsportsmanship. Sikes called out both runners involved in the play.

The spark to set off flitching between the opposing players was there. An uprising on the diamond could only have ignited the stands.

The four umpires were moving in from all directions when Martin, the grand-standing Oiler skipper, left the vicinity of second base. Both Odessa and Midland players had surged onto the diamond. It was a tense situation.

Servants of Teme may be lost to the Indians for the remainder of the series. He suffered several possible fractured ribs, club officials said Wednesday morning pending another examination by attending physicians. His side had been taped up Tuesday night.

It was a vulnerable position for Martin to attack. Teme proved a top asset in the end-of-the-season streak by the Indians, and continued a standout in the Big Spring series.

Sore throats, colds and other illness have reduced the Bulldog football ranks with the opening game with Lamesa's Tornados just three days away. One afternoon found only five backs for the coaches to work with in speed-up drills.

Diseases haven't been respecters of persons as far as the Bulldogs go. Illness has felled the top-notchers along with the reserves. And the squad's depth appears razor-thin in some positions.

The coaches continued Tuesday to shuffle its limited resources into offensive and defensive patterns. There'll be other changes probably before Lamesa and Midland line up for the kickoff at 9 p.m. Friday in Memorial Stadium.

**Lamesa Surprises**  
Lamesa's 18-0 victory over Paschal High School in Fort Worth last Saturday increased the pressure on the Bulldog mentors. Scouting reports show the Tornados flash a dazzling offensive that proves even more puzzling to gridders of limited service. And many of the Bulldogs fall in this category.

Ace Quarterback Larry Friday

will see little service Friday. The 170-pound triple-threat continues to improve slowly from a knee injury but isn't far enough along to get a full baptism of fire this early. Friday might get into the Lamesa encounter in a kicking capacity.

The Bulldogs will work out under the lights Wednesday and Thursday nights. Drills started stacking off Tuesday afternoon. The coaches have been spending more time than usual on fundamentals, such as tackling.

Bill Erskine, 160-pound junior, will take over as signal caller for the single wing operations of the Bulldogs. Other probable starters against the Lamesans include Melton Jones at center; Bill Leonard, defensive starter last year, and Jimmy Mashburn or Terry Puglaar, guards; Keys Curry and Jerry Bell, tackles; Bill Mims and Robert Ketting, ends; Jesse Hatfield and Roy Kinsey, halfbacks, and Darrell Spivey, fullback.

Jones must rely principally on speed, deception and passing in the Bulldog secondary. But he has newly-found power in barreled Darrell Jones, converted from a lineman.

# Bulldog Linemen Carry The Ball

Starting from a nucleus of approximately 50 members, the Midland Bulldog Boosters Club now has swollen to a membership of 223 football fans.

Secretary-Treasurer Paul H. Laverty reported the new figure at the Tuesday night meeting of the group.

With only three get-togethers of the club so far this season, the

membership drive has reached almost to the halfway point in the quest for a total of 500 dues-paying members.

Coach Tugboat Jones was feeling mighty low at the beginning. With four of his backs out of action he had reason to be. That left only five ready for action Tuesday afternoon. He had to use linemen in the backfield for practice sessions. There just weren't enough backfield speedsters for even a decent scrimmage session, Jones said.

Dick Spencer has been out all week with a sore throat. M. A. Ross and Larry Friday both have leg injuries. Clinton Noble has suffered a cut on his arm, with internal bleeding.

The Bulldog mentor emphasized that the boys on the sick list had minor injuries. He said that he has strong hopes that most or all of his absent backs will be ready for the Friday game with Lamesa.

Coach Audrey Gill, Bulldog line expert, spoke first at the meeting. He outlined the problems the team faced in the Tuesday practices session with part of the backfield missing. He said that the team will work under the lights Wednesday and Thursday nights for the first time.

End Coach Red Rutledge followed Gill with a rundown on the prospects of the Lamesa team, Midland's first opponent for the 1953 grid season. Lamesa played Paschal of Fort Worth last Friday night, and won the contest with ease.

Rutledge said that Lamesa used a split T in the game. He went on to give Lamesa credit for its passer, who completed four out of seven tosses in the game. Their kickoff specialist was good, but he seemed to have trouble connecting with the ball, Rutledge pointed out.

Rutledge emphasized that the Lamesa defense looked potent.

He said that for "some unknown" reason most of Midland's opponents use a spread formation against the Bulldogs.

A film, "Highlights of the 1951 Season," was shown to the club. It contained some of the key plays in Southwest Conference football action for the past season.

Wesley Martin, director of special services for the Midland Public Schools, was named chairman of a group assigned the task of determining the cost of improvements for the stadium.

## Texas Tech Seeks Ninth Border Loop Crown This Season

LUBBOCK — Texas Tech launches a quest for its ninth title in the 18 years the Border Conference has been granting football championships when the Red Raiders tackle West Texas State here Saturday night.

Actually the Raiders already have a better batting average than .500, for they entered the loop a year after its 1951 founding and on five occasions were not eligible for the title. Tech hasn't always played the required minimum number of games—now four.

Coach DeWitt Weaver's main worry seems to be the fact that his Raiders must meet tough opponents—Hardin-Simmons and Arizona—on the road. And even if the Raiders get past their schedule unscathed, chances are that they must be content with half a title. Arizona State at Tampa, not met by Tech, is heavily favored and favored to go through unscathed.

Weaver is also pointing out that only two years ago an underdog West Texas eleven handed Tech a 28-13 licking and went on to a Border Conference championship.

# Rocky Takes Training Seriously

GROESBORG, N. Y. — (AP) — Charlie Golman, the gnome-like little man who trains Rocky Marciano, was holding forth on his favorite topic while the heavy-weight challenger took a sound afternoon snooze in the room above.

"He not only was crude when I first saw him in 1948," Golman recalled, "but he also was about the roughest fighter I ever had laid my eyes on. He was old to be starting out on a professional career, too—nearly 34 he was at that time."

"But I saw that Rocky could punch and that he had a fine body for taking punches. He was an awful slow puncher, though, and about all he had was a big, looping right. He's much faster now."

and he punches a lot shorter, but he still throws the longer now and then and it's all right with me. I told him as long as he gets results, that's all I want.

"Well, what Rocky lacked in experience he made up in being cooperative. He's the most cooperative fighter I ever trained or ever heard about. He wanted to learn and he wanted to work. He had never had more than \$20 in his pocket at one time in his life. Any time he had more than that, it went to help support his family."

"Rocky must be something like this golfer Ben Hogan. I read how Hogan will shoot a fine score and then go out and practice for a couple of hours. Rocky's exactly that way. If I should get him on the phone the morning after he wins the championship from Joe Walcott and tell him something's on fire and I want to start in training again, he would just say, 'Okay, Charlie,' and he would be there."

"It's the honest truth, he even sneaked off and trained some on his honeymoon. Sometimes he sneaks off on me. After a real

hard workout he'll finish eating and tell me he thinks he'll go out for a little walk. I find out later he did eight or 10 miles."

### Texan Destroys 16 Red Trucks In One Sortie Over Korea

SEOUL, KOREA —(P)— Three American B-28 light bombers knocked out 16 of 128 Communist supply vehicles destroyed in North Korea Tuesday night, the U. S. Fifth Air Force said Wednesday.

One, piloted by Lt. John W. Kasap, Shamrock, Texas, was credited with blowing up 16 vehicles near Wonsan.

"Vehicles were as thick as flies in this one area where we attacked," Kasap said. "I saw blue, green and yellow secondary explosions leap up from the trucks as they were destroyed."

Both Windham and Gilmer are former members of the Legislature.

### At Least Four Die As Freight Crashes Loaded School Bus

MONESSEN, PA. —(P)— A freight train struck a crowded school bus Wednesday, killing at least four and injuring 22 or more high school students at Collinsburg, about two miles from nearby West Newton in Southwest Pennsylvania.

State police said an unknown number of children were rushed to four hospitals in the area by every means of conveyance.

One dead girl was identified by Frick Memorial Hospital at Mount Pleasant as Gail Kosmak, Rostrevor Township high school student.

The bus, which collided with a Pittsburgh and Lake Erie Railroad freight train, was reported carrying 55 students.

The rear end of the bus was snagged by the train.

### Baptists To Talk Auditorium Ban Wednesday Night

Members of the First Baptist church will meet for the regular prayer-meeting service at 7:30 p.m. Wednesday—but they will not meet in the church auditorium.

City Attorney Len G. McCormick Tuesday ordered the abandonment of the auditorium as a structural and fire hazard and threatened legal action if the abandonment was not undertaken immediately.

The Rev. Vernon Yearby, pastor of the church, said Wednesday morning that in compliance with this letter, the prayer meeting will be held in the church's recreation room.

"The letter will be presented to the congregation at that time," he said, "and it will be up to them to make their decision."

### Andy's Frightened Features Reveal Greenbacks As Fakes

Andrew Jackson had a startled look on his face in Midland Wednesday.

And he had good reason—his face was on a pair of counterfeit 200 bills which turned up here. It was his startled look that helped tip off the bills as phony.

J. T. Baker, vice president of The First National Bank of Midland, said good workmanship had gone into the making of the bills although the U. S. Mint generally does a much better job.

The pair of fakes which appeared here were printed on coarse paper of poorer quality than genuine Treasury notes. They feel rough and lack the crinkle and snap of the real McCoy. The gray ink on the obverse and green ink on the reverse sides of the bills lack the luster of bona fide twenties, Baker said.

Jackson's startled expression helps to betray the counterfeit as do several engraving faults in the portraits. The tiny, hook-shaped blue and red lines on government currency were overlooked completely in the fakes.

Merchants suspicious of bills reportedly have been urged to contact the police department and the U. S. Secret Service immediately, and these agencies now are busy looking for the person who manufactured the two twenties.

### 18 West, Midwest Commie Leaders Arrested By G-Men

WASHINGTON —(P)— The Justice Department announced Wednesday the arrest of 18 Midwest and West Coast Communist Party leaders on charges of conspiring to advocate overthrow of the government by force and violence.

Attorney General McCleary and FBI Director J. Edgar Hoover said those arrested included the leaders of the party in Missouri, Washington State and Michigan.

Arrests were made in St. Louis, Rock Island, Ill., Charleston, Mo., Seattle, Detroit, Los Angeles, Portland and Eugene, Ore., Chicago and Minneapolis.

Among those arrested was Helen Mary Winter, 44, wife of Carl Winter, one of the 11 top Communist Party leaders convicted in New York in 1948.

The Justice Department announcement described Mrs. Winter as presently active with the "committee for amnesty for Smith Act victims."

All those arrested Wednesday, like many party leaders seized earlier, are charged with violating the Smith Act which forbids conspiring to advocate the overthrow of the government by force and violence.

Those taken into custody Wednesday included:

Dorothy Rose Forest, 37, of St. Louis. She was arrested in her office in St. Louis.

James Frederick Forest, 42, also of St. Louis. He was picked up at his home in St. Louis.

Marcus Alphonse Murphy, 44, arrested at his home on a farm near Charleston, Mo.

William Bentner, 46, of St. Louis, arrested at a Rock Island Hotel.

### Leading Jet Ace Kills Eighth MIG After 250 Missions

SEOUL, KOREA —(P)— America's leading jet ace in Korea Wednesday shot down his eighth Russian-made MIG-15 as Allied fighter-bombers hammered Red targets from the battle front to near the Manchurian border.

The U. S. Fifth Air Force said Maj. Frederick C. Blease, who has flown more than 500 combat missions in Korea, scored his eighth kill in a flight between four Sabre jets and nine MIG's fear Blease in northwest Korea.

The victory raised the Allied bag of MIG's in September to 47—three more than the previous monthly high of 44 in April.

Ground fighting along the 150-mile battlefront continued light. U. S. Eighth Army headquarters reported only small communist probes and scattered patrol clashes.

### Houston Man Kills Two, Self In Spree At Crowded Tavern

HOUSTON —(P)— A crazed 54-year-old man shot two men to death in a crowded tavern, wounded three others and then went home and killed himself Tuesday.

The dead were J. H. Milliron, 22, a customer in the tavern; Elmer L. McFarland, 20, a bar salesman, and George Cordary, the man who shot them.

Wounded were Sgt. Walter Gay, 24, of Ellington Field, who was shot in the chest, and Leslie L. Miller, 41, owner of the tavern.

Sheriff's Capt. J. D. Walters said Cordary spent most of the day in the tavern which he recently sold to Miller.

Mrs. Miller told officers that Cordary left the place and returned just as the Millers were serving a round of drinks bought by the beer salesman.

She said Cordary hitched up his shirt and a pistol fell to the floor. Cordary snatched it up, shot Miller first and then started blazing away at everybody in sight.

After firing about five times, Cordary walked to his home where he shot himself in the head. He died in a hospital.

Justice of the Peace D. F. Thompson was holding an inquest.

### Eisenhower and Adlai To Be Invited To Speak At PB Oil Exposition

Both Dwight D. Eisenhower and Adlai Stevenson, the major candidates for the presidency of the United States are to be given official invitations to speak during the 1952 Permian Basin Oil Show.

"That affair, an area-wide exposition of the oil industry, is to be staged October 18-19 in Odessa. The decision to invite Eisenhower and Stevenson to appear at the show was made at a meeting of the officers and directors of the organization held Tuesday night in Odessa."

### Nicholas Kaderli, Pioneer Farmer, Dies At Age Of 90

Nicholas Kaderli, 90, pioneer Martin County farmer, died Wednesday in a Dallas hospital.

Funeral services will be 3:30 p.m. Thursday at Denton with interment also in Denton.

Kaderli, president of the Martin County school board 24 years, was born in Jackson, Miss., and established the first farm in Martin County which still is in operation two miles south of Stanton. He was a member of the Woodmen of the World and the First Baptist Church of Stanton and an active supporter of the Buckner Orphans Home in Dallas.

Survivors include the widow; five sons; William Allen of Stanton, Louis O. of San Angelo, James N. of Castrovilla, Fred of San Marcos, C. C. of Kimball, Neb., and two daughters, Mrs. J. L. Owens of Denton and Mrs. R. C. Bostock of San Antonio.

Also surviving are nine grandchildren and seven great-grandchildren.

### Monahans Baptist Pastor Quits Post

MONAHANS—The Rev. Cecil J. Pearson has resigned as pastor of the First Baptist Church, effective November 1, to accept the pastorate of the First Southern Baptist Church, San Diego, Calif.

During Mr. Pearson's seven-year pastorate here the membership grew from 1,028 to 1,728 at the present.

During the seven years the church has sent out nine preachers and has licensed 18 young men to prepare for the ministry.

### Texas Continues In Weather Rut

By The Associated Press

Texas weather stayed in the same old rut Wednesday.

It was hot and dry over the state, except in widely scattered spots where thundershowers fell or threatened.

About the same type of weather was due Thursday, too, the U. S. Weather Bureau said.

Temperatures stayed in the nineties mostly by day, in the seventies and upper sixties by night.

Highest reported temperature was 120 degrees at Corsicana Tuesday. Records recorded 161.

### Texas Sheriffs Ask Bureau Of Narcotics

EL PASO —(P)— A state bureau of narcotics to supplement the work of federal narcotics authorities will be proposed to the Texas Legislature as part of the Sheriff's Association 1953 legislative program, an officer said Tuesday.

Sheriff Charles H. Meyer of Beaumont, association president, said the proposed state bureau would be part of a recommended program presented to the seventy-fourth annual session of the sheriff's organization here.

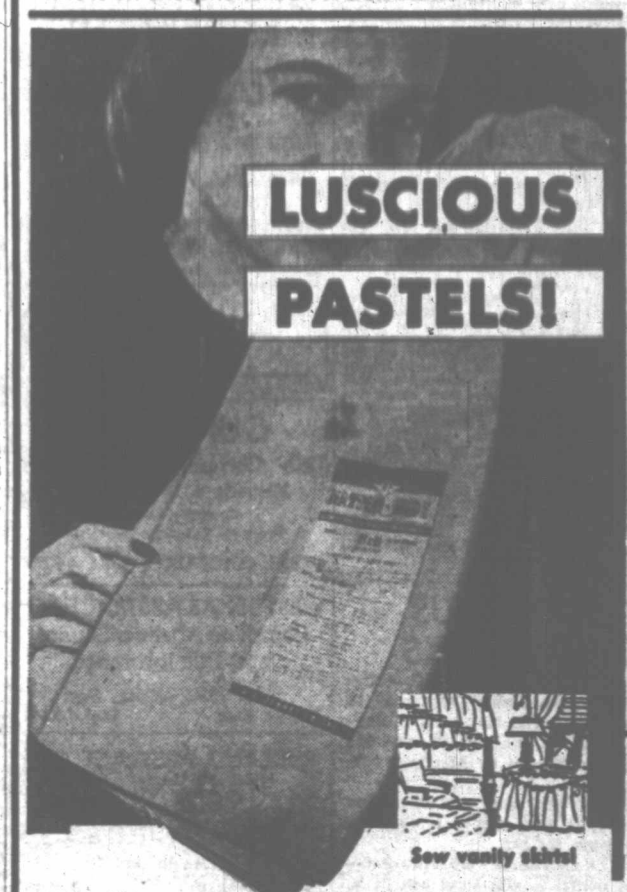

The meeting opened Tuesday. The election of officers is to be held Thursday.

In 1789, the institution of slavery in the United States seemed to be on the wane, but the invention of the cotton gin in that year changed the whole picture and cotton growing, which used large numbers of slaves, was the means of extending slavery and increasing the number of slaves.

BECAUSE IT'S JUST DIFFERENT enough to offset it from the other homes that you've seen, you'll like this 3-bedroom, 2 1/2 bath home. Located in the N-W section, it has the clean lines of white Roman brick. Long utility room, attached garage, and covered front porch. Luxurious neutral carpeting throughout, central heating and air-conditioning, and insulation. You'll appreciate spaciousness in the living room, and you'll love the inviting kitchen. With nice people and a puppy-dog, this house becomes a home. Priced at \$23,000.

STRAIGHT FROM THE OWL comes this suggestion: Buy a home with a rental unit in back. To assist you in your monthly payments, this unit will bring in about \$50 per month. The home has 2 bedrooms and a den, nicely arranged, living room and dining room. Two-car garage. The large corner lot is 100x140, and can be used for additional revenue purposes. And all of this can be purchased for as low as \$2,000 down. Total price is \$12,500. If the owl, this deal is one of those rare birds. COMPLETELY FURNISHED.

DRIVE BY 1706 NORTH BIG SPRING, then call us to see the floor plan of this exquisitely attractive home. Two huge bedrooms, family-size tile bath, magnificent kitchen with ceramic tile features, separate breakfast room and full dining room. Immaculately clean throughout. Distributed heating, water cooler, carpeting in the living and dining rooms and hallway. Insulated, high tile fence, and attractive grounds. It's only 3 years old.

CAVALLERIA RUSTICANA is a beautiful Italian opera, and Grandbury Stone is a beautiful Texas ruffie stone. On West Michigan, we have a new home constructed of this limestone. It has 3 attractive bedrooms, spacious living and dining room arrangement, ceramic tile bath, and a kitchen copied from HOME BEAUTIFUL. The kitchen alone deserves a paragraph of description. Central heating, luscious wall-to-wall carpeting throughout, ducted for air conditioning, attached garage (nicely finished) with storage room and a d washer connection. WILL CONSIDER TRADE. \$17,500.

STAR LISTING
Newly refinished 3-bedroom brick and frame. Good location. Just west of new Baptist church. \$17,500.

Owner's LOSS Your GAIN!
First come, first served. These North side equities are to be sold for less than the amounts the owners have in them.

NO DOWN PAYMENT
We do have some 2 and 3 bedroom homes which are well located and reasonably priced, which will suit the need of the person who wants to live in a good neighborhood.

HATE MYSELF when I do things like this, but I've blundered a home-owner into selling his home for as little as \$990 down—and \$18 closing costs. It is one year old, has two nice bedrooms (one is finished like a paneled den), large closets, living room and dining space, and well arranged clean kitchen. Central heating, central air-conditioning. YOUNGSTOWN metal cabinets, Vent-A-Hood for your stove, and tile bath. Excellent loan established. If this home does not at least interest you moderately, you're probably not able or ready to buy a home. Oh, yes. The street is paved.

MR. BLANDING'S DREAM HOUSE doesn't compare with this home. This one highlights the comfort of easy living. Three large bedrooms and den, one double and one-half tile baths, magnificent living room, full dining room, and two-car attached garage.

How Much is Your BUILDER'S REPUTATION Worth in a NEW HOME?
Just as in any other business or profession, YOUR BUILDER'S REPUTATION is very important. Before you sign the contract for your new home, be sure your builder is able to complete the job in case labor and material costs increase enough to exceed his original estimate. With satisfactory completed homes in Midland, we are in a position to guarantee your home, and stand behind that guarantee!

**Record Proposed Depth Filed For SE Ward Wildcat**

An application requesting permission to drill to 16,000 feet, deepest ever received by the District 8 office of the Railroad Commission of Texas, has been filed.

Continental Oil Company filed the application with the Midland office in order to continue drilling to that depth in No. 1 L. M. Watson, wildcat in Southwest Ward County, five miles southeast of Barstow.

The prospector, which already has shown for possible production on three drillstem tests in the lower Permian between 9,261 and 9,430 feet, was drilling below 14,540 feet in lime and shale.

The record 16,000-foot depth should allow for tests of the pre-Permian formations.

This wildcat is 467 feet from northwest and 744 feet from southwest lines of section 32, block 33, H&TC survey.

**Magnolia Finishes Link Producer In SW Midland Pool**

Magnolia Petroleum Company No. 3-A John Windham has been completed as a link producer on the northwest side of the Pegasus (Ellenburger) field in Southwest Midland County.

It was completed for a daily flowing potential of 589.87 barrels of 32.5-gravity pipeline oil. Gas-oil ratio was 1.232-1.

Production was through a one-quarter inch choke, and from open hole between 12,728 feet, seat of 5 1/2 inch casing and total depth of 13,113 feet.

Top of the pay was picked at 12,724 feet on derrick floor elevation of 2,887 feet.

Casing pressure was between 125 and 150 pounds and pressure on the tubing was from 1,150 to 1,200 pounds.

Location is 660 feet from south and east lines of section 19, block 40, T-4-S, T&P survey.

**Wildcat Is Being Planned In Nolan**

Alex J. Hickey is reported to be planning to drill a 6,800-foot wildcat to test the Strawn reef lime in the Northwest Nolan County.

The prospector, if drilled, would be about three miles northwest of Rescoe and in the southeast corner of section 26, block 28, T&P survey. It would be his No. 1 Elton Johnson.

**PB Section Of AIME To Hold Meet Wednesday**

The Permian Basin section (Petroleum Branch) of the American Institute of Mining and Metallurgical Engineers will hold its first Fall meeting Wednesday night at Ranchland Hill Country Club.

Dinner will be served at 7:15 p.m. The program will begin at 7:45 p.m. H. M. Harris and A. B. Cook, both of Bartlesville, Okla., and both with the U. S. Bureau of Mines will present the program.

They will discuss a study of the Scurry County Reef oil field which has been made by the Bureau of Mines.

Advance Reservations  
Persons planning to attend should make reservations in advance with J. T. Lewis, secretary-treasurer of the organization. The dinner tickets are \$2.50 per person.

All engineers in the Permian Basin who are connected with any branch of the oil industry are invited to attend the meeting.

The Permian Basin section of the AIME is trying to win a membership contest being staged by the national organization.

Past Chairman  
Jack M. Moore of Midland, a past chairman of the Permian Basin section, is chairman of the national membership committee of the Petroleum Branch of the American Institute of Mining and Metallurgical Engineers.

The section which will win the current membership contest will be the one which secures the largest number of new membership applications for the AIME during the period of September 1 through December 31.

Moore says there are plenty of engineers working in the petroleum industry in this area who are not now AIME members to give the Permian Basin section an assurance of winning first place in the contest if they will make applications for national membership.

Helpful Information  
He asserts that the meetings of the section not only provide a great amount of helpful technical information through the papers and addresses but in addition attendance at the gatherings also broadens acquaintances and is otherwise generally beneficial to all who participate in the work of the section.

He joins with Ray Howard, chairman, and Jim Blackwood, vice chairman, of the PB section in extending to all engineers in the petroleum industry in this territory to attend the Wednesday night dinner and meeting.

**Superior Finals Salt Creek Well In W-C Kent Area**

The Superior Oil Company has completed No. 1-195 Wood as a step-out to production in the northwest side of the Salt Creek field of West-Central Kent County.

It was finished for a daily flowing potential of 214 barrels of 26.9-gravity oil and no water from perforations at 6,512-28 feet. Total depth is 6,593 feet. Pay was topped at 6,413 feet of estimated elevation of 2,100 feet.

Some sources say the production is from the Canyon and others say it is from the Strawn. If it is from the Strawn, it is a new pay for the area.

Location is 467 feet from north and 2100 feet from west lines of section 19, block G, W&N survey.

Superior also amended proposed depth on No. 3-7 Wood in the same field. Application filed with the Railroad Commission of Texas calls for a bottom of 8,500 feet. If that depth is realized, it will allow for test of the Ellenburger.

Location is 467 feet from north and 668 feet from west lines of section 7, John Rodman survey.

**Three More Oilers Finaled In Reagan**

Three more producing wells have been added to the Weiner-Floyd (Sprabury) field of Northwest Reagan County.

Warren Oil Corporation No. 1 Leonard Proctor, 660 feet from south and west lines of section 42, block 36, T-5-S, T&P survey, was finished for a daily flowing potential of 420.4 barrels of 26.9-gravity oil through a one-half-inch tubing choke and from open hole at 7,540-7,534 feet. Top of pay was picked at 7,575 feet, elevation unreported.

Gas-oil ratio was 598-1 and tubing pressure was 110 pounds.

Warren No. 2 Leonard Proctor, 660 feet from south and east lines of section 42, block 36, T-5-S, T&P survey, was finished for a 34-hour flowing potential of 793.8 barrels of 42-gravity oil through a one-half-inch tubing choke and from open hole at 7,516-7,504 feet. Top of pay was picked at 7,541 feet, elevation unreported.

Gas-oil ratio was 608-1 and tubing pressure was 800 pounds.

American Republics Corporation No. 6 W. H. Wilde was finished for a daily flowing potential of 300.43 barrels of oil plus 2.3 per cent water through choke of unreported size and perforations in five and one-half-inch casing at 7,575-97 feet and 7,500-46 feet. Gravity of the oil is 28.2. Gas-oil ratio was not reported.

Location is 2,009 feet from north and 2,054 feet from west lines of section 33, block 37, T-5-S, T&P survey.
