

Stephens Wildcat In Borden Flows Oil After Acid

Stephens Petroleum Company No. 1 Bacon, Southeast Borden County Wildcat, according to unofficial sources, was flowing from 20 to 30 barrels of oil hourly from perforations in casing opposite the Pennsylvania Canyon reef.

The perforations, from 7,149 to 7,164 feet, were washed with 500 gallons of acid. The well kicked off and started flowing through a one-quarter-inch choke. At last report it was flowing from 20 to 30 barrels of new oil hourly.

Operator previously had washed perforations from 7,149 to 7,155 feet with 500 gallons of acid. Formation swabbed dry through that set. Operator then perforated from 7,155 to 7,164 feet. The entire section from 7,149 to 7,164 feet was then acidized, with the above flow resulting.

Location is 600 feet from south and east lines of section 49, block 25, H&TC survey and 20 miles southwest of Snyder. It is one and one-half miles northwest of the closest producer in the Hobo (Pennsylvanian) field.

NMGS Field Trip Is To Be Held Friday, Saturday, Sunday

The annual field trip of the New Mexico Geological Society will be held Friday, Saturday and Sunday. Persons who participate will have the opportunity to study the Rio Grande trough and the mountain ranges which border it.

Dr. John E. Allen of Socorro, with the New Mexico Institute of Mining and Technology is general chairman for the trip.

The trip starts Friday morning at Santa Fe.

Overnight stops will be at Albuquerque and Socorro. One of the luncheon stops will be at Aandia Crest, at an elevation of 10,678 feet.

The trip will end Sunday at Truth or Consequences.

A large number of Midland geologists have made reservations for the trip.

Spraberry Being Swabbed At Union Wildcat Explorer

The Wilshire Oil Company and Lone Star Production Company were swabbing to test the Spraberry through perforations at No. 43-41 East, Ellenburger failure in Southwestern Upton County.

After drilling to total depth of 12,368 feet in the Ellenburger, operators plugged back and perforated casing for tests in the Spraberry.

Last, gas through perforations at 7,850-7,900, 7,940-7,980, 7,850-7,890 and 8,000-8,260 feet, was 226 barrels of fluid in 24 hours. That fluid was cut, six per cent mud and the rest was oil. Some of the oil was load and the rest, new oil.

Each set of perforations were fractured with 10,000 gallons.

Testing continued.

Location is 600 feet from north and east lines of the south half of section 41, block C, OQSD&RGNG survey.

SW Nolan Wildcat Gets Oil Shows In Unidentified Zone

The Wilshire Oil Company, Inc. and British American Oil Producing Company No. 24-123 Spres, Southwest Nolan County wildcat, logged a show of oil in samples from 7,270 to 7,293 feet in an unidentified dolomite.

The project is now bottomed at 7,293 feet and is taking a drillstem test from 7,265 feet to total depth.

Location is 600 feet from south and east lines of the southwest quarter of section 182, block 1-A, H&TC survey and nine miles west of Maryneal.

Conoco Is Plugging Back For Tests Of Leonard In Ward

Continental Oil Company is plugging back for completion attempt in the basal Leonard line on its No. 1 L. M. Watson, wildcat in Southeast Ward County.

Drilled to 14,878 feet in Wolf-camp shale, the project yielded 3,373-foot water blanket and 130 feet of drilling mud on a one and one-quarter hour drillstem test at 14,754-14,878 feet.

Basal Leonard production was indicated on three drillstem tests between 9,261 feet and 9,626 feet.

Location for No. 1 Watson is 467

\$975,000 School Bond Vote Set

Larger Enrollment To Require Added Structures, Rooms

A bond issue election to finance a \$975,000 building program designed to meet Midland's school needs by the Fall of 1953 was set Monday for October 14 by the board of trustees of the Midland Independent School District.

At the same time, the board members began laying plans for a 1954 building program, which probably will be submitted at an election to be held next February or March.

Six Churches To Ask Funds For Colleges

WACO—(P)—A six-denomination group of 21 church-related colleges and universities in Texas has formed a foundation to solicit financial gifts from business and industry.

The new organization is called the Texas Foundation of Voluntarily-Supported Colleges and Universities. A Methodist and a Catholic are co-presidents of the foundation. They were named as Dr. William C. Finch, president of Southwestern University, Methodist school at Georgetown, and Dr. John L. McMahon, president of Our Lady of the Lake College, Catholic school at San Antonio.

Aims of the foundation, as outlined by Dr. Finch, are:

1. Solicit funds from corporations for the benefit of colleges and universities that are members of the foundation.
2. Interpret the aims, functions and purposes of the independent and non-tax-supported colleges and universities to the public in order to secure mutual understanding, cooperation and support.

Select Donors Sought

A spokesman said a "select group" of Texas and national corporations would be solicited for gifts with "one per cent of corporate earnings annually" as the goal from such business.

Federal tax laws permit corporations to deduct gifts up to 10 per cent of their net income.

By the following year, it had climbed to 4,850, stepped up to 5,450 last year and at present is approximately 7,700.

The election on the bonds to finance the 1954-55 program was delayed until Spring to permit the board to have a better picture of what the needs will be.

However, the 1954-55 program probably will include a new junior high school, which will cost approximately \$600,000, and a new elementary school at an estimated cost of \$350,000.

The school superintendent said he had discussed the district's financial status with Pritchard and Abbott, evaluation engineers, and Tax Collector-Assessor W. I. Pratt and it appeared that the district would have tax rolls totaling approximately \$78,000,000 next year.

"However," he added, "this is just an estimate and the picture could change considerably one way or the other."

Based on this valuation figure, however, it is estimated that the \$975,000 bond issue would mean a tax increase next year of 10 cents for each \$100 valuation.

This increase, he added, is based on the assumption "that the present \$1.05 for current operating expenses would be enough to carry the operating costs with the 56 additional teachers that would probably be required to staff the new facilities."

"We have not studied this situation at all; we have simply assumed that it would."

"Whether it will or not remains to be seen, of course."

SMITH BELIEVES CIA INFILTRATED—Reds In U. S. Spy Agency Give Ike New Ammunition

NEW YORK—(P)—Gen. Dwight D. Eisenhower swings the political spotlight on the Communist issue Tuesday on the basis of Gen. Walter Bedell Smith's assumption that the Reds have penetrated every U. S. security agency.

Before a plane takeoff for Columbia, S. C., the Republican presidential nominee worked on a speech aimed at throwing the Democrats on the defensive on the Communist question.

For his text, the general took the testimony of Smith, an old comrade in arms, in Washington Monday that Smith, assumes Communists have infiltrated even the Central Intelligence Agency, which he heads.

Testifying on a deposition in the two-million-dollar libel suit of Senator Joseph R. McCarthy (R-Wis.) against Senator William Benton (D-Conn.), Smith said he believed the Communists were "so adroit and adept they have infiltrated every security agency of the government."

He said he had not found any in the CIA, and would have rooted them out if he had, but believes there are some operating, possibly even on his own staff.

Arthur Summerfield, Republican national chairman, said Smith's statement demonstrated that the "national safety has been endangered" by what he called "looseness" in Washington security measures.

Stevenson Defends Action At Parallel

SPRINGFIELD, ILL.—(P)—Gov. Adlai E. Stevenson, defending the Administration's action in Korea, declared Monday night that when the Communists crossed the 38th Parallel "that was the testing point for freedom throughout the world."

The Democratic presidential nominee asserted in a nation-wide television and radio broadcast that when the Reds were stopped in Korea the action "was received with enthusiastic shouts of approval by the overwhelming majority of the American people, and even by the Republican leadership."

But now, he added, the Republicans "attempt to make you believe that it was almost an act of treason."

"But what do you think they would be saying now if we had not stopped the enemy in Korea, if Japan was threatened and if East Asia was falling bit by bit to the enemy?" he asked. "Would they not now be saying that Harry Truman and Joseph Stalin were boyhood friends in Outer Mongolia?"

This country, he declared, "must play the principal part in saving ourselves, our friends and our civilization" from "this monster tyranny" of communism.

Adlai's Answer

"How long can we keep on fighting in Korea, paying high taxes, helping others to help ourselves?" he asked.

"There is only one answer: We can keep it up as long as we have to, and we will."

He said that "the Republican leadership is now telling us that the danger to this nation is from within, not from without. The danger lies not in Moscow, but in Washington. Your enemy is not Joseph Stalin, but Harry Truman, or even possibly Adlai Stevenson."

"How long can we keep on fighting in Korea, paying high taxes, helping others to help ourselves?" he asked.

"There is only one answer: We can keep it up as long as we have to, and we will."

Chest Fund Drive Moves Toward Goal

One Community Chest finance campaign division held its first report meeting Monday afternoon, and another division launched its drive following a "kick-off" breakfast Tuesday.

Members of H. E. Childs' Advanced Gifts Division reported cash and pledges totaling \$6,330 at their Monday report meeting. The volunteer workers are continuing their program of solicitation. A second report meeting is scheduled Thursday.

The Special Gifts Division workers received campaign information and prospect cards at their Tuesday morning session. Roy Minear, division chairman, said 26 of 46 workers attended the "kick-off" meeting. A report session is scheduled Friday noon.

Dickerson Speaks

Joe T. Dickerson, general campaign chairman, spoke at the breakfast. He said the general campaign will be launched October 14 and will continue through October 23. Other divisions will start their drives prior to the October 14 date.

The Community Chest goal this year is \$68,250, which campaign leaders hope to exceed before the end of October. They said the drive will not be allowed to "drag out."

Victim Of Explosion In Motel Cabin Dies

Della Rosa Gonzalez, 22, of San Angelo, who was injured last Friday in an explosion at a tourist court here, died just before noon Tuesday in a Midland hospital.

She was one of two Latin American women who suffered severe burns in the explosion which shook 10 cabins at the Coral Motel on East Highway 80. Lydia Gonzalez, 18, also of San Angelo, still is in a hospital here.

Della Rosa Gonzalez is survived by her parents, Mr. and Mrs. Isabel Gonzalez, of San Angelo, and a brother, Vincente Gonzalez of the U. S. Army.

The body will be forwarded to San Angelo for interment.

Truman Says Ike 'Blundered' As Army Chieftain In Europe

ABOARD TRUMAN TRAIN—(P)—President Truman accused Gen. Dwight D. Eisenhower Tuesday of having endangered the country as commanding general in Europe by grave "blunders" which left America unaware of Russia's threat to world peace.

He said Eisenhower's advice that he saw no reason why Russia and the United States would not remain "the closest possible friends" carried "great weight" and "did a great deal of harm."

"If Eisenhower had given better advice in 1945," Truman continued, "we wouldn't have had so much trouble, in waging up the country to the danger of Communist imperialism in 1946 and 1947 and 1948."

Truman said Eisenhower "didn't have much wisdom and foresight." Back in 1945 and 1946, Truman said, Governor Stevenson, "an important mission to Europe," saw what the Communists were up to, worked mightily for international cooperation and was "one of the first to warn that the Russians were becoming a threat to Europe."

The Republicans, the President asserted, "haven't had a single constructive idea about foreign policy since Senator Vandenberg died." He referred to the late Michigan Senator, who is regarded as the architect of the bi-partisan foreign policy.

The President carried his anti-Eisenhower barrage into Montana after telling North Dakota voters the general should be sent "back to the Army where he belongs."

BRIDGE BUILDERS—UN engineers work ankle-deep in water to complete a new bridge over a Korean creek which will improve the supply line to Old Baldy. Defending UN troops atop the vital hill continue to throw back fanatical Red counterattacks.

Russia Soldiers Aid North Korea, U. S. Officer Says

SEOUL, KOREA—(P)—A highly placed U. S. Eighth Army officer said Tuesday there are several thousand Russian troops in rear areas of North Korea serving in a "support capacity."

This officer said in an interview that the Russians were technicians and advisors and probably manned modern radar-controlled anti-aircraft guns manufactured in the Soviet Union.

The officer cannot be identified, but he holds a responsible post that qualified him to speak authoritatively.

He conceded that some of those reported to be Russians could be East Europeans from Soviet satellite countries.

The officers described the anti-aircraft batteries at Red airfields south of the big Anlung base in Manchuria as modern stuff. He added that because available evidence has shown them to be manned by Caucasians it was assumed Russians were at the guns.

His statements went much farther than those of a North Korean officer who surrendered through the Panmunjom neutral zone early this month. The Communist lieutenant, who was security officer at the strategic site, said last Saturday that he had seen about 20 Russians at the airfield in North Korea at the Manchuria border.

The North Korean also said he has heard that Russian advisors were attached to the North Korean Army officers staff school and that he had heard of Russian pilots flying Communist jets.

High ranking American officers have stated that Russian speaking pilots in Communist jets have been heard by Allied airmen who overheard inter-com messages.

The Eighth Army officer said "There is no question that there are Russians up there in North Korea."

Stripling To Speak At Texas Conference Of 'Women For Ike'

Robert E. Stripling, Midland independent oil operator and formerly associated with Senator Richard Nixon in prosecution of Alger Hiss, will speak at a state-wide "Womanpower for Eisenhower" clinic luncheon in Fort Worth Wednesday.

Stripling was an attorney and investigator for the House Un-American Activities Committee, of which Nixon was a member. Their work is credited with uncovering evidence which led to Hiss' perjury indictment, on which he was convicted.

Stripling will share speaking honors with James Cromwell of New York, former minister to Canada and onetime adviser to Syngman Rhee, president of South Korea.

Mrs. Hal Peck, Midland, left by plane at 10 a.m. Tuesday to attend the session.

Another \$350,000 Worth Of Bonds Sold By County

Midland County sold another \$350,000 worth of bonds Monday afternoon to finance the purchase of right-of-way for the Big Spring bypass.

Top bidder for the road bonds was the Raucher-Pierce Company of San Antonio, which submitted an average interest bid of 2.99 per cent.

The San Antonio firm was the lowest of 13 bidders.

Meanwhile County Judge Clifford C. Keith said another 50-foot strip of right-of-way had been purchased at a price of \$12,480, paid to Odell Grubb.

The county now has acquired 400 feet of the necessary 800 running feet needed for the project, which will be constructed by the State Highway Department.

* LATE NEWS FLASHES *

WASHINGTON—(P)—Earl Browder, former top man in the American Communist Party, and his wife, were arrested Tuesday on charges of making false statements in a naturalization proceeding.

WASHINGTON—(P)—Dixie's soft coal operators meet Tuesday to decide whether to face a certain strike Wednesday or bow to contract terms laid down by John L. Lewis.

SAN ANTONIO—(P)—Five candidates who had been declared losers in the July 26 primary election in Starr County were named winners by the Fourth Court of Civil Appeals Tuesday.

Army Unveils First Atomic Artillery Piece For Troops

WASHINGTON—(P)—The Army has unveiled a new 26-ton atomic gun and shown that it can roll nimbly across fields into position to fire super-explosive barrages within 20 minutes.

It is the world's first atomic artillery piece.

The gun, which the Army calls an "all-purpose weapon," was put through its paces at a special preview for photographers at the Aberdeen, Md., proving grounds recently.

Ordnance experts have been trying out its mobility and firing capacity for months at the giant testing grounds, but standard ammunition was used rather than atomic rounds.

The Army indicated that the weapon can use either atomic or standard rounds merely by changing the type of missile.

The gun has a caliber of 260 millimeters—approximately 12 inches.

This, in itself, discloses how compactly the Atomic Energy Commission scientists now are able to build atomic missiles which at one time could barely be crowded into the bomb-bay of a B-29.

There was talk at the demonstration of a 20-mile range for the gun. This approximates the range for coastal defense and naval guns of somewhat similar caliber.

Twenty miles would be a practical distance for placing the gun safely behind friendly lines, firing over these lines and laying down an atomic barrage on enemy infantry and armored units without endangering friendly troops from the blast, heat or radiation.

Masse 48 Feet Long

In the non-atomic demonstration at Aberdeen, conventional propellant charges of standard powder, in bags, were loaded behind an ordinary test projectile.

The rate of fire seemed to be approximately that of any of the large caliber, non-automatic guns used by the Army and Navy.

This is how the "all-purpose weapon" looks to visitors:

Its tube is almost 48 feet long, designed to stabilize the missile by a spinning motion, just like a standard gun.

The elevation of its missile, or maximum range, appears also to be like that used in a standard gun.

A two-gun battery is used in the Aberdeen tests.

Mobility Is Advantage

Nine other vehicles are used in support, including two power-generating trucks. The power unit is hooked to the gun by electrical cable, thus supplying electrical power for traversing and raising the elevation of the rifle.

Two engine cabs, looking much like the hauling end of the tractor trailer rigs you see on the highways, but with heavier construction, supply the power for moving the chassis through 300-horsepower engines.

The gun and its mount are suspended between the two cabs.

In its movements, the gun handles almost exactly like the fire department's aerial ladder truck. The driver in the rear cab has a telephone headset connecting him with the forward cab driver who keeps the "rigger man" informed of his steer moves.

Essentially, the atomic gun is a vastly improved version of the familiar railway gun—but with the major advantage of not being pinned down to railroad lines.

Lightning bugs are a type of beetle.

500 Galveston City Workers Strike In Spite Of Warnings

GALVESTON—(P)—Despite the mayor's warnings that they would be fired, about 500 Galveston city employees voted Monday night to stage their second walkout in two weeks starting this morning.

The employees, members of the City Employees Union and the General Drivers Union (both AFL), decided to hold a "continuous session" because the city commission has refused them \$25 monthly wage hike.

Walt Newman, CEU local head, said, "a continuous meeting of the union is tantamount to a general walkout." He added that although the meeting may be "recessed," it is technically in continuous session and the members just won't show up for work.

Mayor Herbert Y. Cartwright, Jr., in a session earlier Monday with union leaders, warned that if the employees walked out they would no longer be considered on the city payroll.

The strike would mean no street lights or garbage collection in the city.

But union leaders have said that emergency crews and all essential workers—such as water works em-

ployees and gravediggers for the municipal cemetery—would remain on the job.

Firemen and policemen are not members of the union.

The unions first asked a \$140 monthly increase but Monday lowered their request to \$38. The city said \$10 was all a proposed new budget would allow.

A similar walkout last week extended for a day and a half. Street lights were out and garbage piled up.

Employees returned to work after a citizens committee, meeting with commissioners and union leaders, urged an end to the walkout pending another check of the budget.

The city commission was to have met Tuesday to adopt the new budget, which calls for a \$10 monthly raise for the employees.

NEW SOVIET JET—This new Russian tactical bomber, the equivalent of the U. S. B-47, has been successfully test-flown at the Dublitsan airfield near Moscow, according to Aviation Age. The jet craft, is reported to have a speed in the 650-mph class and a range of 2250 miles.

Harry & Margaret Duo Said Top Team In Show Business

By ED CREAGH

ABOARD TRUMAN TRAIN—(P)—Maybe you approve of it, or maybe you don't. But this Harry and Margaret team, smiles and snappy patter, is the hottest father and daughter act in the road show business.

They've got it perfected now, with four years of rust scraped off, as President Truman's coast-to-coast tour goes into its third day. And the funny part is that Truman and his television star daughter seems to enjoy it as much as the customers do.

Here's what happens at a typical whistle stop—in North Dakota.

The 16-car train grinds to a stop. Secret Service men, local police, maybe some National Guard volunteers hold the crowds back—all but the local Democratic promoters, visiting Indian chiefs, or others who can expect a presidential handshake.

He Bounces Out

Formalities are quick. Lawyer so-and-so, who's running for Congress, introduces congressman Such-and-Such, who's running for the Senate. And the congressman says simply: "Ladies and gentlemen, the President of the United States."

Then through a blue velvet curtain draped across the rear of his private car steps—or bounces, rather—the familiar white-haired figure with the heavy laugh and the big axe to grind for Adlai Stevenson. The crowd applauds always.

Truman speaks from notes, mostly, though sometimes he disregards them and launches into a free-wheeling, hand-waving, jaw-out-thrust tirade against the Republicans that brings cackles of appreciation from his hearers. . . . And the time-tested cries:

"Pour it on, Harry."

"Give 'em hell, Harry."

Maggie Bounces, Too

He does, but not for long. These are short speeches, seldom more than five minutes. Before his audience has a chance to fidget, Truman folds his big gray notebook, waves goodbye and then—

He has an afterthought.

Sometimes it's an invitation from the crowd that seems to remind him—a call of "Where's Margaret?"

Then Truman acts as surprised and pleased as if he'd just discovered his daughter was along.

"Come out, baby, they're asking for you," he murmurs through the curtain.

And Margaret comes out—as bouncy as her dad, with a shuck—it's only-me smile and a wave that still manages to look a little shy. Now the applause really rings out. Margaret gets at least as big a hand as the President.

Dr. Forest White Dies At Age of 38

DALLAS—(P)—Dr. Forrest A. White, 38, Austin general practice physician, died in a hospital here Monday.

Born in Arkansas, White attended high school at Cleburne, graduated from Texas Tech College at Lubbock and received his medical degree from the University of Texas medical branch at Galveston in 1930.

Dr. White suffered a heart seizure about six months ago and was in the Dallas hospital for treatment.

Cleaning, Pressing Establishment Sets Opening Wednesday

A new cleaning and pressing plant, the Model Cleaners, will have its formal opening in Midland Wednesday.

The latest addition to the growing number of Midland business firms will feature two-day service on garments. It is located at 1407 North Lamesa Road, and free parking space is available.

The firm is owned by the Maurice Company, and it will be managed by John Vaughn. He heads a complete organization of well-trained, competent personnel, capable of serving Midlanders efficiently.

The Model Cleaners advise Midland residents that now is the time to bring those winter clothes out of moth balls and have them thoroughly cleaned for use when the winter winds start to blow.

They are featuring a storage service for summer garments. Moth proof bags are used to guarantee effective protection of the customer's summer outfits from damage. All stored items are insured.

★ JOHNSON IN HOLLYWOOD ★

Shock Waves Reach Dunninger On Marilyn's Thought Waves

By KRISKINE JOHNSON
NEA Staff Correspondent

Exclusively Yours: Dunninger, the master mentalist, asked me to think of four numbers and I asked him to think of one—Marilyn Monroe.

Writing down my numbers was pie-easy for him but when he turned in on Marilyn's thought waves, it was obvious the man had problems.

He blushed and said: "I better think about Lennie or Senator Tobey or Margaret O'Brien. There are others in Hollywood, you know."

George Pal's production of "Houdini," co-starring Tony Curtis and Janet Leigh, is the reason for Dunninger's presence in Hollywood. He inherited all of Houdini's effects, which he's loaned to Paramount. He's also technical advisor on the film and will play himself.

As Harry Houdini's life-long pal, what does Dunninger think of Tony Curtis playing the master magician? "I came to Hollywood with an open mind. I'd never met Tony. Then I saw him perform. The boy has amazing digital dexterity. In five weeks he's more polished than the average amateur magician with three years' experience."

Dunninger's next big TV stunt will be from a submarine in New York harbor—reading a 10-word sentence on a blackboard in Radio City. If Marilyn Monroe's thought waves don't swamp the sub, that is, Esther Has No Regrets.

Esther Williams and Ben Gage celebrate their seventh wedding anniversary November 5 with a "Complete Happiness" label. Says Esther, "He knows everything I'm going to do wrong and I know everything he's going to do wrong. There are no regrets."

She pointed to her dressing room table on the set of "Dangerous When Wet." "Look, he no longer sends me flowers. He sends me plants for our garden. That's how permanent it is."

Van Johnson's due to give Bogart and Mitchum some competition in the tough guy department. MGM's scheduling him for "Caribbean Incident," a story of intrigue and jewel thieves. Rita Moreno will be tested for the feminine lead.

Atterley Fannie Holtmann, who represented the late Gertrude Lawrence for many years and was her closest friend, is in the midst of negotiations with a major studio for the right to the star's autobiography, "A Star Danced." It was once rumored as a vehicle for Jane Wyman.

If Marilyn Monroe can get away with it, so can Vanessa Brown. She'll pose in the nude for a photograph to be printed in U. S. Camera Magazine. The mag photo will be used as a stage prop for Vanessa's role of a zippy model in the Broadway play, "The Seven-Year Itch," story of a husband (Tom Swell) itching for fun after seven years of marriage.

The nude photograph starts all the trouble.

Shelley's Eager

Shelley Winters, champing at the bit for activity during her wait for the stork, may turn dramatic coach. "After all the fights I've had with U-I," she flashed it, "they're asking me to teach a class in acting for their young contract players. I may do it—providing it's an all-male class."

Shelley and hubby Vittorio Gassman go to Rome in November for two months. He'll do "Hamlet" on

Eighth Annual Book Fair Opens At First Presbyterian Church

The eighth annual Book Fair of the First Presbyterian Church opened Tuesday in the church's Fellowship Hall, and will continue through October 8.

The event, scheduled during Christian Education Week, features the new Revised Standard Version of the Bible.

200 Are Guests At Benefit Party

Approximately 200 guests attended the benefit bridge and canasta party held by the Welcome Wagon Luncheon Club and Welcome Wagon Garden Club Friday in the Midland Officers Club.

Hostesses were Mrs. Margaret Frances Barber, Mrs. W. D. Gill, Mrs. H. E. Rothrock and Mrs. E. E. Evinger. Mrs. J. T. Gist served as mistress-of-ceremonies and Mrs. F. C. Lochte greeted guests at the door.

Prizes were awarded to Mrs. George West, Mrs. G. M. Martin, Mrs. Dan Dickey, Mrs. Paul Ahren, Mrs. Mann Rankin, Mrs. Don Miller, Mrs. J. S. Knauer, Mrs. Victor Tippett of San Angelo, Mrs. Joe Snow, Mrs. Bill Randle, Mrs. Ralph Smith and Mrs. F. A. Nelson.

Fall flowers were used to decorated the clubroom for the party.

Barbara Ware Will Teach Baton Classes

Barbara Ware, head majorette of the Midland High School Half-Timers, will conduct weekly classes in baton twirling at her home, 411 East-Golf Course Road, starting Saturday, it has been announced.

Classes are to be held for all age groups.

Miss Ware has studied twirling with Norma Kniften, national baton twirling champion. She has served as majorette for the Half-Timers for three years, serving this year as head majorette.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, TUESDAY, SEPT. 30, 1952-3

Organization Plans Continue For Orchestra

Plans to launch a symphonic orchestra and chorus for Midland are progressing favorably, according to reports from Mathys Abas, Netherlands conductor who has been active in the drive for membership.

The Chamber of Commerce received 35 applications since information blanks have been mailed out, Abas said. Twenty of these were from vocalists, and 15 from instrumentalists.

The wind section of the proposed orchestral group is almost complete, but the string section has not received as yet enough interested applicants. Abas suggested that musicians from neighboring communities near Midland are welcome to join the proposed orchestra and chorus to contribute their talents.

Try-outs are scheduled to be held Saturday at the senior high school. The judging committee will consist of Mathys Abas, acting conductor for the intended symphonic aggregation; George DeHart, choral director; R. C. Michener, supervisor of music of the Midland public schools; and Ralph Mills, band director of the high school.

Presbyterians Plan Suppers, Bible Programs

The First Presbyterian Church will observe Christian Education Week with family night suppers Wednesday and Thursday in the church's Fellowship Hall. Both meetings are scheduled at 6:30 p.m.

George VanRusen will preside at the Wednesday night session. The program is built around the theme, "The Bible and How It Came Down to Us."

Vernon Redpath will be in charge of the entertainment period. Slides on "How the Bible Was Written" will be shown by Johnny Baldwin and Harold Bahr, Jr. The slides were made by boys and girls of the Junior Department during the Vacation Church School held last August.

A similar program will be presented at the Thursday night dinner, when Edwin T. Stitt will preside, and Carl Peters and Dick Standefer will show the slides.

Persons whose last names begin with the letters A through L will attend the Wednesday meeting if convenient, while the M through Z group will attend the following night.

Costume Party Held By WMU

Mrs. Hoyt Burtis was hostess to the Calvary Baptist Women's Missionary Union Monday at a costume party in her home.

Mrs. Max Shipman and Mrs. Kenneth Shipman directed the activities. Games were played and a prize for the best costume was awarded to Mrs. H. E. Collins.

Others attending were Mrs. C. C. Watson, Mrs. Vern Dawkins, Mrs. Glenn Stewart, Mrs. Methel Martin, Mrs. J. A. Forrester, Mrs. Doyle Thomas, Mrs. Kirby Thompson, Mrs. G. D. Johnson, Mrs. Leon P. Woods, Alta St. John, Mrs. B. L. Mason, Thelma Mason, Mrs. J. T. Meeks, Mrs. A. E. Bowman, Mrs. H. A. Wells, Mrs. Delmon Thompson, Annie Bishop, Mrs. Jerry Drinkard, Mrs. Ford Faulkner, Mrs. Preston Vest, Mrs. O. C. Lester and Mrs. H. E. Bryant.

Training Union Is Given Party

Mrs. Johnnie Morgan and Mrs. R. R. Herrington were co-hostesses for a party Friday night in the Herrington home for members of the Intermediate Training Union of the Greenwood Baptist Church.

Guests were Alice Clark, Curtis Winters, Charlene Perks, Margie Wise, Doyle Redwine, Dale Redwine, Robert Childress, Betty Hughes, Sandra Roberts, Norma Nichols, James Brooks and James Arp.

Members present were Joe Corbin, Johnny Garner, Eugene Garner, Alleta Russell, Paton Graham, Ann Winkler, Nancy Bell, Uvonne Rutledge, Linda Lou Dobbs, Robert Morgan, Albert Herrington, Susanne Newsome, Linda Faye Rutledge, Kenneth Morgan, Ronald Graham, Jimmy Lynn Lucas, Sam Hunt, Rayford Calhoun and the hostesses.

Library Adds Copy Of Revised Bible

The Midland County Library has received a copy of the new Revised Standard Version of the Bible, it was announced Tuesday by Lucille Carroll, librarian.

The new work is the first major revision of the Bible since the King James version appeared 341 years ago. According to the scholars who worked on the project, it was their purpose to retain the beauty of the King James version while improving upon the accuracy and readability.

Other versions of the Bible on the library shelves are the Moffatt translation, the Dartmouth Bible (an abridgement of the King James version), The Bible to be Read as Living Literature, arranged by Bates, and an American Translation of the King James Version by Smith.

Aides to Bible study in the library reference section are Encyclopaedia of Religion and Ethics (Hastings), The Interpreter's Bible, The Bible and Its Books (Hamill), Exhaustive Concordance of the Bible (Strong), Dictionary of the Bible (Hastings), Encyclopaedia of Bible Life (Miller), Commentary on the Holy Bible (Dummelow), The Abingdon Bible Commentary (Eiselen) and Who's Who in the Bible (Mead).

JayCees To Hear Toastmaster Talks

John Kraus and a team of toastmasters will present a sample toastmaster program for the Midland JayCees at their dinner meeting at 6:45 p.m. Thursday in the Cowden Junior High School cafeteria.

J. P. Marchionni, president, urged all JayCees to attend.

WRITERS SET MEETING
The Midland Writers Group will meet at 8 p.m. Wednesday in the home of Mrs. E. L. Rickotta, 2209 West Harvard Drive.

Service To Mark Publication Of New Bible Version Tuesday

In observance of the publication of the Revised Standard Version of the Bible Tuesday, a special interdenominational service will be held at 7:30 p.m. in the First Presbyterian Church.

The Rev. Clyde Lindsay, pastor of the First Christian Church, will address the group on "The Word of Life in Living Language." Sponsor of the service is the Midland Ministerial Association.

Nu Phi Mu Sorority Names Committees

Committee chairmen were appointed and plans for rush parties discussed at a meeting of Nu Phi Mu Sorority in the home of Mary McKenzie, 1008 West Indiana Street.

Named as committee chairmen were Ann Klebold, social; Ruth Ann Rhodes, activities and program; Jean Waddill, ways and means; Violet McNew, telephone; and Billie Sinclair, service.

Refreshments were served by the hostess.

MEMBER OF THE ASSOCIATED PRESS. The Associated Press is authorized exclusively to use for publication of all the local news printed in this newspaper, as well as all AP news dispatches.

My God, my God, why hast thou forsaken me? why art thou so far from helping me, and from the words of my roaring?—Psalms 22:1.

Your Right To Know

Your Right To Know—A Constitutional Guarantee is the theme of National Newspaper Week, the observance of which opens Wednesday.

The Reporter-Telegram is proud to have a part in the observance, just as it is proud to be a part of the great and free press of the United States.

We are not too modest, either, on this occasion to chronicle the high and important position held by the American press, which actually is YOUR press.

Yet, it is in a spirit of humbleness that this newspaper joins in the observance of National Newspaper Week, realizing as it does the tremendous responsibilities of the nation's press not only in keeping the people informed but in guarding the freedom of information guaranteed to our people by Article I of the Bill of Rights.

"Your Right To Know" actually is the important element to be stressed during Newspaper Week, the "YOUR" in the four-word phrase giving the individual reader and his newspaper an inseparable common interest in this special observance.

As Thomas Jefferson said, "Our liberty depends upon freedom of the press and that cannot be limited without being lost."

Another writer has said, "Our people must be free, and to remain free, they must be informed."

That is why National Newspaper Week this year is dedicated to "Your Right To Know."

It is something in which the reader should take more than casual interest, since freedom of the press concerns him directly.

Freedom of the press all too often is taken for granted, yet throughout the world today freedom of information is being assailed on every hand. Right here in the United States there is a definite trend toward news suppression at various government levels from municipal to federal.

It is something in which everyone should become fully conscious. Newspapers, regardless of how conscientious and how enterprising they may be, must have the active support of the public in order to maintain the freedom of information all of us seek.

"Your Right To Know" is more important today than ever before in the history of the world.

As Frank Tripp of the Gannett Newspapers said recently, "An independent, control-free press is about all that stands between complete government domination of American life and the God-given rights of the people."

Considering the full meaning of that statement, the observance of National Newspaper Week then becomes pretty significant to everyone.

The Reporter-Telegram is cognizant of the responsibilities resting on its shoulders, and during National Newspaper Week the personnel of this newspaper, from newsboy to top executive, rededicate themselves to the job of keeping the public informed.

Your newspaper lights the way of freedom!

One Force They Understand—A Light For Dark Places

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, By The Bell Syndicate, Inc.) Drew Pearson says: Eisenhower tells Maryland governor about Southern prejudice; Nixon really was sore at Ike prior to their meeting; "Korea, communism and corruption" are selected by Nick and Ike as top campaign issues.

WASHINGTON—General Eisenhower commented ruefully on how easily the public changes its mind and cracked a joke about Southern prejudice and the pope at his private luncheon with Maryland's Gov. Theodore "The Mouth" McKeldin.

The two men and their wives were served behind the guarded doors of Eisenhower's private railroad car, which comes equipped with its own kitchen and a special chef to cater to the general's tastes.

As the campaign train chickett-elacked across Maryland, Ike got to musing about his evangelic running mate, Senator Dick Nixon. The general remarked that public opinion on Nixon had reversed overnight, and drew a comparison with the late General George Patton. Ike recalled that Patton had been a national hero after he shipped a hospitalized G.I. then overnight became a national hero as he drove spectacularly through Germany.

"And both of them had tears in their eyes when I met them," said Eisenhower. This reminded McKeldin of a man who had been bitterly opposed to Patton until he learned that old "Blood and Guts" was a Virginian. After that the Virginian became a Patton rotor.

"That reminds me," said the general, still munching on an after-dinner apple, "about a confused Virginian who had been listening to Nixon's strategy was first to show that he was not a boy candidate to be pushed around; second, to let public sentiment build up in favor of keeping him on the ticket."

Furthermore, it was no accident that Nixon asked his listeners to send telegrams to the Republican National Committee, not the general.

They say there are a lot of the old-type \$2 bills in circulation around Denver, and that they look crisp and new, too. As things are, getting hold of one of them is one way of being sure you've got a whole dollar in your pocket instead of 50 cents.

Coast Guardsmen Have Nuptial Woes

ROCHESTER, N. Y.—Two Coast Guardsmen with similar romantic ideas may run into complications over their respective and prospective weddings.

Both men wooed their brides-to-be for many months by mail before meeting them in person. Now both want leave October 4 to get married and go on a honeymoon. The trouble is that both are yeomen and only one can go.

Yeoman 2/c Herbert Wright, 25, wrote to Mary Francis in England for one and a half years before flying over to see her last February. She is expected in New York soon.

Yeoman 2/c Dean Dickerson, 23, was in the Philippines when he started to correspond with pen pal Mary Ann Sobek of Koplik, Pa. They met last November.

Many applications for the metal magnesium are promised with a magnesium are promised with elevated temperatures. The metal used with the magnesium are those chemists call rare earth metals.

He knew his members, most of them professionals, would be much more sympathetic. Also Nixon's staff made it all too clear to the newspapermen around them that they resented bitterly the general's telegram from Cleveland that "my personal decision will be based on a personal conclusion."

Personal Meeting Press Secretary Bassett has been one of the most zealous Nixon aides, and was one of those who virtually took the telephone away from his chief in Portland, Ore., to tell Senator Stenon of Nebraska aboard the Eisenhower train that Ike advisers should get some backbone. This was why Bassett was brought into the picture when the two candidates finally met at Wheeling.

Originally it was arranged for Eisenhower and Nixon to meet in Rooms 782 and 784 in the Wheeling's McClure Hotel. Mrs. Eisenhower and her elderly mother, Mrs. Dowd were down the hall in Rooms 790-792, while the security guard was in Room 780 next to the general. However, when the two candidates learned of the crowds outside the hotel, the two men went to the special train instead.

They talked for an hour. They did not, however, discuss the \$18,000 expense fund which had set the politics of the nation almost on its ear. Not a word was said about it. Their main discussion was to concentrate their campaigns on what they decided to call the "big three"—Korea, communism and corruption.

Republican surveys have shown that these three issues have made the biggest impact on the voters, of which the most important is Korea. Better Press Relations Only way in which the \$18,000 fund was touched upon indirectly was because Eisenhower had been provoked at Nixon for not clearing his first statements. He urged closer press cooperation. And since Ike had an early whistle-stop appearance, Senator Stenon of Nebraska paternally insisted he go to bed.

After this, Bassett and Jim Hagerty, an old campaigner under Governor Dewey, joined the conference. Bassett, puffing a big cigar, made the compartment resemble the Blackstone Hotel's famous smoke-filled room. Finally Candidate Nixon asked Bassett for a cigar, leaned back and smoked what he said was the first cigar of his campaign. He was feeling a lot better.

Note—There have been other cases where the President and vice president, although members of the same party clashed. Most famous probably is the case of Calvin Coolidge and Vice-President Charley Dawes. Dawes even was suspected of arriving late for an important tie in the Senate in order to thwart his chief in the White House.

What's Right? In conversation you want to refer to a businessman without using his name.

WRONG: Refer to him as "a certain party."

RIGHT: Say simply "a businessman."

Little Liz People from big cities think they've reached the outskirts of civilization when they can't see any television antennas.

PETER EDSON'S Washington News Notebook

Scientific Progress Makes War Costly, No Matter What The Politicians Say

WASHINGTON—(NEA)—Promises by both General Eisenhower and Governor Stevenson that they will reduce defense spending—and taxes—in a couple of years are laughed at by many military men.

The idea of spending a considerable wad of the taxpayers' money for several years to build up defenses, then cut back for a long haul, makes a nice bill of goods to sell the voters.

However, the best outlook the smartest military procurement authorities can give is that defense spending could possibly be leveled off at present figures of around \$50,000,000,000 a year for a long period of time—possibly up to 20 years—but not cut.

The reasons given for this are the rapid obsolescence of old weapons and the equally rapid scientific advancement on new weapons. The B-36 bomber, which was the hottest thing in the air in 1945, although it hasn't yet been used in Korea, now is outmoded. Bigger and faster planes will have to replace it. Cost—\$11,000,000,000 to \$15,000,000,000.

The keel of the first atomic submarine has just been laid. If it is a success, all submarines will have to be driven by atomic engines. The same for atomic aircraft and atomic aircraft carriers.

Finally there is the H-bomb development, which is to be tested at Eniwetok before the year is out. If it works—and there is every reason to believe it will—there will be an immediate demand for a high stockpile of H-bombs.

The cost—billions that aren't even spendable today. War is one thing that technological improvement does not make cheaper, no matter what the politicians tell you.

BLS Reverses Gears Bureau of Labor Statistics soon will issue a "technical release" correcting its recent news statement to the effect that the average family in 1950 spent \$400 more than it took in. Republican spellbinders—including Senator Robert A. Taft in his first campaign speech—have been beating the Democratic administration over the head with this one, to show that the New Deal prosperity was a phony.

Grover Enslay, staff director of the Congressional Economic Report Committee, got the Budget Bureau's statistical section busy on checking the BLS report. It comes up now with finding that the average family saved \$200 in 1950—a direct result of the BLS report.

The reporter couldn't think what the "E" in Adlai E. Stevenson stood for, so the aide told him. It was "Ewing."

Stevenson and Ewing aren't any kin, but the coincidence in having one name the same is being used to indicate that the FSA administrator wouldn't mind sticking around Washington, if the Democrats win in the November election.

Alphabetical Gobbledygook "ANZUS" is the newest international alphabetical agency whose name you'll have to add to your gobbledygook vocabulary. It stands for Australia-New Zealand-United States. The abbreviation is applied to the Pacific mutual security pact organized by the three countries at the Honolulu conference.

Why did map makers begin using circles to represent cities on maps? A—The earliest maps showed small pictures of the city itself. The walled cities of early times were finally rounded and the use of a circle as a symbol for a city may come from this fact.

What was the cost of printing the Congressional Record for the 82nd Congress? A—This printing bill was slightly in excess of three million dollars.

How did Draco, the Athenian lawyer, meet his death? A—It is said that Draco died in a theater in Argina, when he was smothered accidentally by clothing and caps thrown on him by an over-enthusiastic crowd.

Who was Rudyard Kipling's American wife? A—Caroline Starr Balestier of Vermont. The Kiplings lived in Brattleboro for four years.

What unusual method of cultivation is used in the growing of tobacco in Connecticut? A—Shadeleaf, the most expensive tobacco leaf grown in America, is grown in fields under frames covered with muslin.

Alaska has a total area of 585,400,648 square miles. Governor Warburton produced a big grin, like a man without a care, "His for a Cabinet meeting."

h said, and looked at the three iron beds, the washbasin with its rivulets of rust. "Lucy said, 'Got a match, Roy?'"

I found a match and offered her a cigar, but she shook her head and knelt by the gas stove. She struck the match and turned on the gas, and we watched the match burn slowly out. Lucy looked up unhappily at me and said, "No gas!"

"He stuck us \$18 for these two cabins," I said. "I'm going to see to it we get some heat."

I went out by the garage and splashed through the puddles to the office. I knocked hard, and at last the old man came grooping down the stairs.

"We need heat," I said. "The gas doesn't turn on."

He rubbed his chin and said, "Sorry, we're out of gas. Feller was going to come out and fill my tank today, but he didn't show up."

I looked into his pile, crafty eyes, and shrugged. We could not go to a hotel, but not for the reason he thought. As I started out again, I noticed a wall telephone, and made a mental note of the number.

I WENT to the garage and tried the radio again. The report was the same; no indication of diminution of the gas.

Back in the cabin, I gave the news with a shake of my head and said, "Governor, I think we'd better send Bill Evers a telegram."

"Saying what, Roy?" "Telling him to telephone us here," I said. "There's a telephone out front and I took the number. I'll wire him to call that number and ask for the man in cabin nine."

"That's cryptic enough to give poor Bill the blind staggers," the Governor said, and gave me a been-there, done-that look. "You don't think we're going to make the grade, do you, Roy?" "I was just out in that storm, Governor," I said. "No, I don't." (To Be Continued)

The show has two more performances, at 8:30 p.m. Tuesday and Wednesday in the City-County Auditorium. Proceeds go to the Kiwanians' fund to help deserving children.

WCTU ASKS NEW LAWS

ST. LOUIS—(P)—The Woman's Christian Temperance Union Convention has approved a legislative program calling for a ban on interstate advertising of alcoholic beverages, laws forbidding sale and consumption of such drinks on trains or airplanes and state laws restricting the sale and use of barbituric acid drugs and sleeping pills.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, TUESDAY, SEPT. 30, 1952-5

Room Mothers Of Sophomore, Senior Classes Hold Meetings

Work and projects for the year were discussed at meetings of senior room mothers and sophomore room mothers of the Midland High School Parent-Teacher Association Friday. Mrs. Stanley Erskine, president of the High School P-TA, outlined duties of room mothers and discussed program plans and budget for the year at both meetings. Lists of other mothers of students in the home rooms they serve were distributed to home room mothers at both meetings by Mrs. George Stewart, P-TA membership chair-

man. Mrs. Stewart also distributed copies of a letter to be sent to the parents by the students asking parents to join the P-TA during the membership drive the first week in October. Mrs. John Castner, carnival chairman, led discussions of the Halloween supper and talent show. Senior students will be in charge of the talent show, and Mrs. W. H. Black has volunteered to assist them. Mrs. Castner announced. Sophomore students will be in charge of the main dish for the supper.

Hostesses Named

Senior room mothers met in the home of Mrs. L. S. Page, senior room mother chairman, 1305 West Wall Street, for coffee and their planning session.

Attending were Mrs. R. E. Kimsley, Mrs. Walter C. Cremin, Mrs. K. A. Curry, Mrs. J. N. Gaddberry, Mrs. C. W. Nugent, Mrs. L. S. Kuykendall, Mrs. W. F. Hejl, Mrs. J. M. Ratcliff, Mrs. Erskine, Mrs. F. D. Hefren, Mrs. Stewart, Mrs. Black, Mrs. Castner and the hostess.

Mrs. Hefren, room mother chairman of the high school P-TA, was hostess for a coffee meeting of the sophomore room mothers.

Need Workers

Mrs. W. V. Odom, room mother chairman of the sophomore class, announced that there still is need for room mothers and any mother of a sophomore student interested in serving as a room mother is asked to contact her.

Attending the sophomore room mothers meeting were Mrs. Carl Davis, Mrs. Frank Dickerson, Mrs. H. S. McPadden, Mrs. G. G. Jones, Mrs. J. F. Zant, Mrs. E. N. Washburn, Mrs. S. P. Haslip, Mrs. Millward Miller, Mrs. Robert Sutton, Mrs. C. T. Rawdon, Mrs. Thomas Cline, Mrs. R. L. Wood, Mrs. P. C. Lipcomb, Mrs. R. H. Pine, Mrs. Roy Davis, Mrs. Stewart, Mrs. Erskine, Mrs. Castner, Mrs. Odom and Mrs. Hefren.

Service Committee Holds Luncheon

The news service committee of the Business and Professional Women's Club held a luncheon meeting Tuesday in the SLS Club.

The committee includes Mrs. O. M. Luton, chairman; Flossie Vaughn, co-chairman; Hester Williams, Ruth Donnell, Glenyth Herring, Mrs. Kitti Davenport and Bertha Kenney.

Stay beautiful — by avoiding monthly look

No fat-tale signs on her face because cramps, fitters better her no more. Why look older, worn out, jittery for 2 or 3 days each month? Why let everybody know your "time" is here? Thousands of smart girls and women take a little Cardui each day to help build new energy and resistance. They look, act, sleep better, feel less and less misery each month. Some even go through periods without pain after a while. Stay lovely all month—ask your dealer for Cardui.

Democrats Ponder Write-In Plan For Eisenhower Voters

By The Associated Press
Gov. Allan Shivers and other Texas Democratic Party officials considered Tuesday a new plan by which Texas Democrats could vote for Republican Dwight Eisenhower without leaving their party.

The plan was suggested Monday by Claude Gilmer of Rocksprings, chairman of the Texas Democrats for Eisenhower, who said he thought the plan legal, honorable and workable.

Briefly, the Gilmer plan would have Democrats opposing Presiden-

tial Candidate Adlai Stevenson to:

1. Scratch Stevenson's name in the Democratic column.
2. Write in Eisenhower's name in the Democratic column.
3. Have such votes counted for the Republican presidential electors.

In Dallas, Navarro County Judge Jim Sewell, when asked to comment on the plan, laughed and said, "I don't see any need to go to all that trouble if you want to vote for Eisenhower."

Other members of the Stevenson-Sparkman campaign committee in

Texas, which Sewell heads, said they would investigate the plan's legality before commenting.

Governor Shivers was not available for comment late Monday. He and U. S. Senate Nominee Price Daniel, attorney general, are looked upon as the leaders of the "Texas revolt" which was climaxed at the Amarillo State Democratic Convention, September 8.

The convention certified Stevenson as the presidential nominee of the party, but by resolution asked Democrats to support and vote for Eisenhower, GOP nominee, for President.

Both Shivers and Daniel, as well as other state Democratic nominees, have been nominated by the Republicans, too. Only Agriculture Commissioner John C. White, among the state office holders, has refused the GOP nomination.

Gilmer, close political friend of Shivers, asked the governor to seek an opinion from Attorney General Daniel on the legality of his suggestion.

Meanwhile, there were these other developments on the Texas political scene:

1. Senator Lyndon B. Johnson will accompany Stevenson on the Democratic presidential candidate's two-day campaign swing through Texas. In making the announcement Monday, Speaker Sam Rayburn, head of the Stevenson-Sparkman forces in Texas, said San Antonio had been added to Stevenson's itinerary.

2. William McCraw, Dallas leader in the Stevenson campaign, said the presidential candidate would speak at the State Fair of Texas in Dallas on the night of October 17. The Democratic candidate will be in Texas two days after Eisenhower completes a two-day visit.

3. The Dallas News said in a story from its Washington bureau that GOP Vice Presidential Candidate Richard Nixon would make a return trip to Texas "sometime after the middle of October." Nixon spoke in Amarillo last Friday night but didn't get to any other Texas points.

4. Two political parties sharing General MacArthur as presidential nominee will hold a joint conference Wednesday night in Fort Worth. The Constitutional and Christian Nationalist Parties will hear a speech by Don Lohbeck, the Christian Nationalists' national secretary.

5. Ben Gull, chairman of the Texas Eisenhower campaign, said he expects about 400 women in Fort Worth Wednesday representing all of the state's 254 counties for the kickoff of the state "Womanpower for Eisenhower" drive.

Sunlight is considered perhaps the best of all disinfectants, according to the Encyclopedia Britannica. More than 75 tragedies are caused daily by children playing with matches. The water beetle Hydrophilus lays its eggs in little silken boats, which float about on the water. Mount Rushmore, in the Black Hills of South Dakota, has an altitude of 6,200 feet. Missouri and Tennessee each are bounded by eight other states of the Union.

Midlanders To Attend AIA Meet In Houston Next Month

Midland will be represented at a meeting of the American Institute of Accountants at the Shamrock Hotel in Houston, October 5-9.

Members of the Permian Basin Chapter of the A.I.A. who expect to attend include Benton Howell, a past president, and L. O. Petering, a past secretary, both of Midland; Lee Criswell, Odessa, immediate past president, and Carlson Hamilton, present secretary of the Chapter, from Big Spring.

Sproles and Woodard, a Midland

CPA firm, also will be represented at the conference.

The AIA was started in 1887, and the meeting in Houston will be the 65th annual gathering of the certified public accountants. All 48 states and the District of Columbia legally recognize CPA's now.

A total attendance of 2,500 CPA's are expected in Houston for the event, including 1,500 from Texas. A separate reception for wives of members will be held in the Rice Hotel at Houston.

Texas membership in the AIA now totals 2,096 members. Ten Texans will be among the 43 speakers at the sessions. Eighteen Texans helped to plan the assembly in Houston of the CPA's.

Wayne Slemmons Sold On Arkansas Ozarks

Mr. and Mrs. Wayne Slemmons said he never before had seen such lush growth, such fine crops, so much rainfall or such fine cattle.

The fruit and vegetable crops are excellent and the canning and packing plants are going full blast, he said. He especially was impressed with a grape juice plant which he visited at Springdale.

Slemmons said he is contemplating moving to Arkansas.

Carswell Lauded For Economy Steps

FORT WORTH —(P)—Carswell Air Force Base here had a complimentary Tuesday from an economy-minded congressional investigating committee.

Rep. Porter Hardy of Virginia, chairman of the group, said "construction of Carswell was more economical and 'less elaborate than at some of the other bases we've visited."

Hardy said his committee would include their findings at Carswell and at the Fort Worth Quartermaster Depot in a report to be made on the 10 day tour of 17 military installations in all branches of the armed services.

Five Face Charges In Bomb Plot On Mexican Air Liner

MEXICO CITY —(P)—Mexican officials said Tuesday they are preparing charges against five persons in connection with the time bombing of a passenger plane to collect life insurance.

The bomb, hidden in a suitcase, was placed aboard the Ozcasaco bound plane of Compania Mexicana de Avionacion, a Pan American World Airways affiliate, last Wednesday.

The explosion shortly after the takeoff blew a hole in the fuselage, injured two American tourists of the 20 persons aboard, and wrecked navigation instruments. The pilot made an emergency landing at a military airport.

Police said their investigation revealed that seven of the passengers had been hired for fictitious jobs in Oaxaca. Their tickets were bought for them and life insurance policies totaling two million pesos (\$230,000) were taken out on them.

Monday Emilio Arriano Achetelaga, 46-year-old businessman named by the seven as their employer, surrendered to police. He was the beneficiary of one of the policies, police said.

Judicial agents also arrested popular singer, Paco Sierra, husband

of the owner of a leading capital variety theater. Federal Attorney General Francisco Gonzales de la Vega announced that the remaining six policies had named friends of Sierra as beneficiaries. Two of these were arrested and the arrest of a third was reported imminent.

Warning Goes Out On 'Wonder Drugs'

DALLAS —(P)—Specialists in children's diseases had a warning Tuesday to take it easy in prescribing the so-called "wonder drugs" for minor infections.

Dr. Andres Goth, chairman of the department of pharmacology at Southwestern Medical School, University of Texas, said there is a danger of germs building up immunity to the drugs if administered too often to a person.

ONE WOMAN WANTED!

Would you like to enjoy an upper income standard of living? And a bright financial future? This might well be your chance.

A member of our home office staff will be in Midland one day this week seeking a woman to represent us locally. We are long established manufacturers in the high quality, prestige field of cosmetics. While our requirements are exacting, no cosmetic experience is necessary since we furnish factory trained personnel and our merchandising plan is simple to operate.

Midland inventory need not exceed \$1,000. Loss is not possible because our products may be returned at any time for full refund. We insist on a modest start but the woman who secures this contract may count on an immediate worthwhile income which will increase month by month.

For full information, address Box 667, care of this newspaper.

Cabel's Milk
will be Available in Midland Wednesday!

ON 500TH ANNIVERSARY—History Of Bible Opens New Chapter

WASHINGTON —(P)—Tuesday is Bible Day.

The first complete revision of the King James Version of the Bible in 51 years will be published.

Thirty-two scholars have worked on it for 15 years.

A new Roman Catholic translation of the first eight books of the Old Testament, also coming out Tuesday, is the 10-year work of 40 scholars.

The Library of Congress celebrates the 500th anniversary of the first book printed from movable metal type, the Gutenberg Bible, with a special ceremony and an exhibit of rare Bibles.

And the Post Office is issuing a special Gutenberg stamp.

No other book has come close to approaching the popularity of the Bible.

Many an author would feel he has hit the big time if his book sold 25,000 copies. It has been estimated that a billion Bibles have been sold. Yet the demand remains undiminished. The new revised edition has an advance sale of a million copies.

SO THAT'S FREE JAPAN!

TOKYO —(P)—Japan's Foreign office said Tuesday the mystery of "Radio Free Japan" had been solved.

The Communist propaganda broadcasts in the Japanese Language originated in Peiping, capital of Communist China, a Foreign Office spokesman said.

Ray Anthony Band Books Two Sessions In MHS Auditorium

Ray Anthony, a young man with a horn, came to Midland Monday. Heading a troupe of 21 members, the "golden trumpet" is slated for a one-night stand at the Midland High School Auditorium Tuesday. He will do two shows, one at 7:30 p.m., followed by another at 9:30 p.m.

Sponsored by the Eagles Lodge, the Anthony ensemble will feature the "Bunny Hop," the latest dance craze being introduced around the country. Anthony's band soon will produce a Capitol recording of the number.

Paced by an eight-man brass section, the band spotlights Tommy Mercer, male vocalist; Marjorie Miller, a sultry songstress; the Sky-liners, a modern singing team; and the Anthony Choir. Buddy Wise will handle the tenor sax chores for the outfit, and Kenney Trimble presents a novelty act.

A new number, "Martlyn," recently waxed by the Anthony group, will be a highlight in the repertoire. The number was inspired by Marilyn Monroe, the Hollywood actress who soomed to fame on the screen almost overnight. Anthony, asked his impression of Miss Monroe, said there "just weren't any words to describe her charm."

The Anthony production is billed as a variety show, and there will be something calculated to please every listener. One of the top numbers will be "Slaughter on Tenth Avenue," brass section leading.

Top-Flight Job

With its hold on Western civilization, it isn't surprising that the first book printed from movable metal type, the Gutenberg Bible, with a special ceremony and an exhibit of rare Bibles.

And the Post Office is issuing a special Gutenberg stamp.

No other book has come close to approaching the popularity of the Bible.

Many an author would feel he has hit the big time if his book sold 25,000 copies. It has been estimated that a billion Bibles have been sold. Yet the demand remains undiminished. The new revised edition has an advance sale of a million copies.

Frederick R. Goff, chief of the Rare Books Division of the library, says of the book: "It achieved standards we've never surpassed, and rarely have equaled."

Noah Berry Takes Cowboy Band Baton

LITTLE ROCK, ARK. —(P)—The Hardin-Simmons University band had a new director for two minutes Monday.

Movie Actor Noah Berry took up the baton briefly at the suggestion of Director Marion B. McClure. Berry had just appeared with the band in a 15-minute broadcast. The band played at the annual Arkansas Livestock Show here.

REBELLION QUASHED

CARACAS, VENEZUELA —(P)—The government announced that it had crushed an attempt at rebellion Monday in which five persons were killed and 10 wounded.

Keep The Tidelands Association MEETING TONIGHT

All Members and Interested Persons Are Urged To Attend.

Defense Move Gets Delay For Murder Trial Of Heiress

WICHITA FALLS —(P)—The murder trial for Mrs. Mary Jean Parsons, socialite Tulsa heiress, is scheduled to begin October 13 after an attempt at trial ended abruptly Monday.

Mrs. Parsons is charged in the gun slaying of her Army officer husband, Lt. Richard O. Parsons, in the couple's El Paso apartment last February 18.

A defense motion to draw up a venire was sustained by Judge Arthur Tipps Monday after the chief prosecutor, Dist. Atty. William E. Clayton of El Paso, asked the judge to sustain.

Defense attorneys said names had been drawn en masse from the jury wheel, instead of individually as required by law and that names of Veniremen had not been typed individually as each was drawn.

District Attorney Alan Haley of Wichita Falls asked for the October 13 date and a venire of 300. When court opened here Monday an original venire of 250 persons had shrunk to 178 through pre-trial excuses.

The 21-year-old Mrs. Parsons, daughter of a wealthy oil field equipment family, Mr. and Mrs. Burton Fleege, has been in a Dallas mental institution since the shooting.

Parsons, 24, formerly lived in Pleasantville, N. Y.

FUNERAL RITES HELD FOR GRANGER LEADER

GRANGER —(P)—Funeral services were to be held Tuesday for A. A. Spack, 66, Granger civic leader and businessman who died Sunday night in an Austin hospital.

Spack had wide farming and business interests here.

Dodgers Call On Rookie In Opener

Black Given Nod In Big Dressen Risk

NEW YORK—(AP)—The pitchless wonders of Brooklyn have put it squarely up to their wonderful rookie reliever, Joe Black, to get them off on the right foot against the favored Yankees in the World Series opener Wednesday at Ebbets Field.

Never before in big league history has a champion of either league been forced to undertake such a desperate gamble. Other rookies have been called upon in the important first game, and there have been bullpen specialists before. But the combination of the two, out there trying to turn back the Bombers before the eyes of the nation, will be unprecedented.

Manager Chuck Dressen took a calculated risk when he nominated the 28-year-old negro freshman to duel with the Yankees' mighty Allie Reynolds, as great a money pitcher as there is in the game today.

He could have held his relief ace back and been assured of late-inning insurance as long as the big playoff lasts. He chose to play it bold, to stake his hopes of a world championship on one throw of the cube.

If Black, an unperturbable control specialist, pitches up to his brilliant form of the regular campaign, he will give Reynolds a mighty battle Wednesday. If he turns back the Yankees, the 8-to-5 odds in favor of the American Leaguers will take an abrupt dip and it could turn out to be a rip-roaring World Series.

Should the gamble fail and Black take a shelling, the National Leaguers are in bad trouble, stripped temporarily of the relief pitching which held their shaky mound staff together all season. The rookie phenom appeared in 56 games, and though he was credited with only 15 victories, his contributions easily equaled those of a 25-game winner. His earned-run average was the best in the league.

An angle which Dressen undoubtedly took into serious consideration in handing Black the blazing torch was the mental lift to be derived from winning the opener. Should the rookie win over Reynolds, the Yankees' best, other less endowed members of the Dodger staff might easily be inspired to pitch slightly above their usual weight in the ensuing games.

It was no surprise that Dressen named Carl Erskine, a 14-6 performer over the year, to face big Vic Raschi, 18-8, in Thursday's second game at Ebbets Field, nor that he nominated Preacher Roe, his veteran southpaw, to match portside shots with Ed Lopat in the third contest at Yankee Stadium.

Both teams were rested and in robust health. The only question was whether Gene Woodling, the Yanks' leading clubber, would be ready to start the opener and hit in the clean-up spot. He has had a pain in his groin lately, but said it felt much improved. If Gene decides to sit it out, Stengel will have to move catcher Yogi Berra up from fifth to fourth in his batting order.

Kansas City Takes 2-1 Lead In Series

KANSAS CITY—(AP)—Kansas City exploded with a four run rally in the eighth inning to break up a tie ball game and defeat Rochester 6-2 in the third game of the Little World Series Monday night.

WEST ELEMENTARY SCHOOL GRIDSTERS—Here is Coach Charles Hodges' 1952 football squad at West Elementary School. Front row, left to right, are Glenn Dickson, Bill Mathews, Ted Bulta, Roney Sales, John Fraywand, Jerry Wallace, Taylor Massey, Henry Schlichting, Jerry Burgess, Tommy Sturtart, Billy Robertson and Jimmy Thomas. Second row: Bob Pool, Billy Thornton, Clyde Wilson, Carol Mitchell, Lelan

Harrington, Bob Fischer, Larry Richards, James Bennett, Bob Bunton, Larry Herring, Rex Franklin, Leroy Hightower, Dan Ranking and Charles Webb. Back row: Alton Robertson, Billy Savage, T. A. Whitesides, John Liner, Bill Summerford, Jerry Robertson, Dickey Roberts, Donald Watson, Bill Hudson, Bobby Ware, Mick South, Roy Blair, Frank Justiss, Douglas Whitstone and Charles Tidwell.

Southwest Conference Teams Increase Tempo Of Workouts

By The Associated Press—Southwest Conference grid elevens looked toward weekend games Tuesday with heavier workouts on lap and few injuries. It looked like they might all be able to go at full speed barring practice injuries this week.

Baylor, idle last week, was sure to go against Washington State's Cougars at full strength if training injuries were avoided. The Bears drilled on plays they expect to use against the Cougars Monday with every man in top shape.

Winless Texas Christian, defending champions and pre-season favorites to repeat, reported no injuries after their 14-0 loss to UCLA and may be at their best form of the season for the conference opener against Arkansas, loser last week, 17-7, to University of Houston.

Prime For Tech
Southern Methodist, priming for Georgia Tech after a 14-7 loss to Duke, had two quarterbacks sidelined but expected to have them ready for the Rambling Wreck.

Coach Rusty Russell, said, however, it hurt not to have QBs Duane Nutt and Benton Musselwhite unable to work out this week.

Only injury of note among the Rice Owls line-up was an ankle sprain sustained by Halfback Carl

Memphis Swamps Shreveport, 14-3, Evens Dixie Series

MEMPHIS—(AP)—Relief Pitcher Dixie Howell's tie breaking homer touched off a two-inning explosion that swamped Shreveport 14-3 as Memphis evened the Dixie Series Monday night at one game each.

The Southern Association Chicks followed up Howell's liner over the left field wall with three more runs—two on Floyd Fogg's triple. Seven more scored in the eighth on two walks and six hits.

The score:
Shreveport 100 100 100—3 5 2
Memphis 120 000 47x—14 14 2
Willis, Budny 7, White 8, and Livingston; Biscan, Howell 7, and Pincotti.

Dick Ochoa Leads Southwest Scoring

DALLAS—(AP)—Dick Ochoa, raming fullback of Texas, still is the Southwest Conference's leading ball-carrier, but he won't keep his lead long with such performances as David Kosze Johnson of Rice put on last week.

Johnson gained only 16 yards more in one game than Ochoa got in two. Ochoa has carried 41 times for 160 yards. Johnson took the pigskin 14 times against Texas Tech for 144.

Notre Dame Ready For UT Longhorns

SOUTH BEND, IND.—(AP)—Notre Dame footballers will enter the game with the University of Texas at Austin Saturday in top physical condition.

Trainer Gene Paszkiet said Tuesday the Irish suffered only the normal bumps and bruises in Saturday's 7-7 tie with Pennsylvania. Coach Frank Leahy conducted a dummy scrimmage. Art Hunter, offensive right end, who missed the Penn game because of a sprained ankle, may be on the sidelines at Austin.

Texas Tech's linebacker, Jimmie Williams, should be no stranger to California football fans. He played on the San Diego Naval Training Center team last fall after lettering in 1950 for Tech.

Johnson. But Johnson's injury is expected to be all right in a day or two and Coach Jess Neely thinks he may send a full-strength outfit up against Louisiana State Saturday night. Rice beat Texas Tech of the Border Conference, 34-7, last week.

Coach Ed Price of University of Texas Longhorns, meanwhile, were also expected to be in top shape for the conference's glamor game of the week—against Notre Dame Saturday. Guard Marvin Leath and Quarterback T. Jones had minor injuries that were not expected to keep them out of the big game with the Irish. Price had only praise for his team in its 28-7 win over North Carolina.

Winkler Injured
The Texas A&M eleven had plenty of pep for Tuesday night's hard workout for the Kentucky game Saturday night. The Aggies, fresh from a 14-7 win over the Oklahoma A&M outfit, had only one injured man. He was tackle Larry Winkler, who suffered a sprained ankle against the Pokes and who trainers said would be ready for Kentucky.

Up at Fayetteville, Coach Otis Douglas said he was "trying to get the boys to play a little football" for Arkansas. He met with the Porkers in secret session Monday after implying he would resign if they didn't snap out of their lethargy.

Following the meeting, the team worked on timing and got acquainted with some TCU offensive players for their game in Fort Worth Saturday.

Russell Doesn't Think SMU Ready For Rambling Wrecks

DALLAS—(AP)—Coach H. N. Rusty Russell of Southern Methodist said Tuesday he would have a good football team in four or five weeks "unless the boys get their damper down from taking lickings from the country's top-rated outfits."

Therouphen he told what the report of his scout, Herman Morgan, was on Georgia Tech, and quoted Morgan as saying there was no doubt about it—Tech is the Nation's No. 1 team.

So, said Russell, the damper-turning may well start next Saturday night when Southern Methodist plays Georgia Tech in the Cotton Bowl here.

"My scout said Tech had speed, experience, good passing and fine defense," Russell declared. "I have 41 sophomores on my squad of 74. It's tough to play these top-rated teams with a bunch like that. Two years from now we'll be ready for any of them, but not now."

Russell said he was well satisfied with the showing of his team last week in the 14-7 loss to Duke. "Duke has a fine team," he added. "Sure, my kids made a lot of mistakes but they played good football a lot of the time, too. Just let them get some experience and see how anybody runs over them."

The Southern Methodist coach said his chances of putting up a good game rested on how a couple of injured players come around. Benton Musselwhite, veteran quarterback, and Duane Nutt, sophomore quarterback, were injured in the Duke game. They may be able to play Saturday but probably won't be able to work out all week, Russell said.

"We don't have much chance to win it but we'd like to make a good showing. It's too much to expect of a bunch of sophomores—beat the No. 1 team in the nation."

World Series Thrills—One Pitch, One Hit Won Odd Game In 1947's Show

NEW YORK—The World Series is almost as old as the hills. Yet there is nothing on the American sports scene that matches it for thrills.

Since its inception 48 years ago the World Series has brought out many heroes. Creaking veterans, substitutes, and even rookies, have supplied much drama over the years.

Who will be the hero or heroes of the current World Series? Your guess is as good as the next fellow's. As a refresher here are some of the things that have made World Series history:

Pecos Eagles Continue Hot 8-AA Outfit

The high-flying Pecos Eagles are roosting on a cloud this week. After clawing Wink 35-7 last weekend, the mighty Eagles are holding the spotlight in District 8-AA.

For the third straight week Coach Don Mouser's birds of prey racked up 20 points or better, while holding the opposition to a meager seven or less.

Pecos collides with El Paso Bowie Thursday night for their next outing, and then will meet Denver City and Ozona before measuring the Seminole Indians in their district opener October 24.

Seminole also took their third straight triumph Friday night, scalping Tahoka 27-0. Mentor George Zoller's Indians, with a fleet backfield troupe, go against Levelland at home Friday night.

Another three-time winner was Monahans, which buried McCamey last weekend, 28-7. It was the third win for Coach Scroggins hard-hitting outfit against a 5-A team.

Kermitt finally grabbed his spot in the win column, shattering Winters, 19-6. The Yellow Jackets are slated to meet El Paso High School on their own stomping grounds Friday night.

Andrews, tabbed as the weak link in the chain of District 8-AA elevens, lived up to expectations Friday night. A strong Denver City aggression smothered them 53-7. It was the third defeat of the season for Andrews against one lone team.

The Andrews Mustangs are scheduled to face up against Colorado City this weekend.

HS-U Coach Returns

ABILENE—(AP)—Hospitalized recently for food poisoning, Hardin-Simmons University Coach Murray Evans was back on the job Tuesday. Several players also were hospitalized with Evans.

Then in 1939 there was that snooty that Ernie Lombardi of Cincinnati took at home plate while an important run scored.

The 1948 Series started out in typical fashion. It was featured by a rhubarb in which Cleveland Manager Lou Boudreau put to use his famous pickoff play. Bob Feller's toes to second came in hard but Umpire Bill Stewart called Phil Masi safe. Masi, a few minutes later, scored the only run of the game on a single by Tommy Holmes, and Johnny Sain had prevented the great Feller from winning his first World Series game. The entire series was filled with arguments which revolved around Umpire Stewart, regardless of whether he worked at second base, third or home plate.

The 1949 Series, too, began with a 1-0 victory with Allie Reynolds out-dueling Don Newcombe on Hendrick's ninth-inning home run on a crumpled two-and-nothing pitch. In 1950 the pitching of Reynolds, Vic Raschi, Ed Lopat and Rookie Ed Ford limited the weak hitting Phillies to five runs as the Yankees swept the classic in four games.

The 1951 Series had a number of thrills but no outstanding hero. It featured Monte Irvin's steal of home, Phil Rizzuto's great fielding at shortstop, Gil McDougald's grand slam homer and Hank Bauer's great catch of a sinking line drive in right field for the final out against the Giants.

And so it goes.

In 1934 Cardinal outfielder Joe Medwick was escorted from the field by police as Detroit fans showered Ducky with fruit and vegetables.

Dutchover's Flying Feet Coming Back

YSLETA—Ysleta's vastly improved Indians will bank heavily on the flying feet of little Henry Dutchover, 150-pound tailback, in their Friday contest at Midland.

The defending district champions, who looked woefully weak in tying Roosevelt, 0-0, in their opener, mixed passing and running expertly Friday in downing Plainview, 28-7. El Paso sports writers have made the Tribe the underdog in the inter-sectional clash.

Cocher Roger McAdams has made some major changes in the lineup in the last two weeks, and has again moulded a balanced title-contending club. But the backbone of the Tribe's offense still is the little all-district performer who starred in last season's Midland-Ysleta clash.

In that game, Dutchover, subbing for injured Jesse Whittenton, an all-district tailback, brought the crowd to its feet time and again as he staged a ground-gaining contest with Midland's Ralph Brooks.

One year ago, Dutchover's weakness was passing. He had played little tailback, usually working as a pass receiver at wingback, and had little experience at throwing the ball. But against Plainview he showed tremendous improvement, completing seven of 11 aeriels.

Fullback Shines
McAdams has come up with another top fullback to supplement Dutchover's dashes in Rodney Bunsen, who was the Tribe's ground-gaining leader against Roosevelt. He also has a capable tailback replacement in Salvador Arzola, touted as the top passing prospect in the area.

Ysleta proved last week that McAdams can stop worrying about the team's condition—one of the top early-season shortcomings, according to the Ysleta coach—but the Indians seemed destined to give away weight in every game they enter this year.

Derral Paul and Raymon Harlas, the ends, tip the scales at 150 each; Tackle John Lane weighs 165 and Tom Spidel 200; Guard Wendell Nash scales 150, four pounds more than Allan Marshall, Elmaro Loya, the center, is registered at 160.

Wingback Jose Candelaria, who shows promise of being a great receiver, weighs 145, and Forrest Cooper, the blocking back, 132. Bunsen will weigh in at 160.

Nash's work against Plainview drew special praise from McAdams.

First Banishment
It was the first time in the pro career of the usually calm Baugh—starting his 18th season with the Redskins—that he had been benched from a game.

Baugh tried 11 passes and completed all of them in the first half. Two of them went for touchdowns—two yards to Harry Dowda and 10 to Hugh Taylor.

The string of passes gave Baugh a total of 1,700 completions for his pro career, plus 187 touchdowns.

Washington, taking a 17-8 half-time lead that was never threatened, spoiled the professional coaching debut in the league of Joe Kuharich. But it also marked a victory for Curly Lambeau who was succeeded as Cardinal coach by Kuharich after leaving under front office fire at the end of the 1951 campaign.

Walter Johnson pitched 113 shutouts during his 21 years in the American League.

Three other engagements with West Coast teams were held in Lubbock. Tech beat Gonzaga 7-0 in 1938 and lost to the same team in 1939, 6-0. The Raiders beat Loyola in Lubbock in 1940, 19-0. And, in the 1952 Sun Bowl at El Paso, Tech won over College of the Pacific, 28-14.

Other invasions by the Red Raiders came in 1935 (0-16 loss to Loyola), 1936 (7-26 defeat by Loyola), and in 1940 (23-21 win over San Francisco).

That 23-21 victory wasn't decided until the final minute as E. J. McKnight kicked a field goal. Tillery had scored all three Tech touchdowns.

Sports Mirror

By The Associated Press
A YEAR AGO—Jackie Robinson hit a 14th-inning homer for the Brooklyn Dodgers to beat the Phillies and maintain the National League tie, forcing a post-season playoff with the Giants.

FIVE YEARS AGO—The Yanks, behind fine relief pitching by Joe Page, won the opener of the World Series from the Brooklyn Dodgers, 5-3.

TEN YEARS AGO—The Yanks took the first game of the World Series from the St. Louis Cardinals, 7-4, as Spud Chandler and Red Ruffing combined to hold the Cards to seven hits.

TWENTY YEARS AGO—Virginia Van Wie and Glenna Collett Vare entered finals of the Women's Golf Championship.

Garner Re-elected Texas League Head
MEMPHIS, TENN.—(AP)—Alvin Gardner has been re-elected president of the Texas League for another three years.

The action was taken by the league's board of directors which met here during the Dixie Series between Memphis of the Southern Association and Shreveport of the Texas League.

Gardner has been league head for 22 years. The directors transacted no other business.

Spartans Selected Top Football Team In First AP Poll

NEW YORK—(AP)—Resourceful Michigan State was a solid choice as the No. 1 college football team in the country Tuesday in The Associated Press' first weekly poll.

Sports writers and broadcasters, who in a pre-season sampling of opinion named the Spartans as the best bet to win the national championship, apparently were further convinced by State's 27-13 comeback victory over Michigan last Saturday.

They gave the Spartans 52 of the 63 first place votes cast and an impressive total of 782 points, nearly twice that of the No. 2 team, Illinois.

Point totals are arrived at by awarding 10 for a first place vote, nine for second, etc.

Maryland Third
No other team got more than seven No. 1 votes, this number going to Maryland's Sugar Bowl champions, who gained third place

on close-squeak triumph over sour and Auburn.

California was named fourth without a single first-place vote but with strong runnerup support and Texas, winner over Louisiana State and North Carolina, fifth with only five votes for top spot.

Completing the top 10, in order were Georgia Tech, Southern California, Wisconsin, Kansas and Duke.

It is interesting that, in addition to Michigan State on top of the pile, five other teams picked in the pre-season poll pulled down place on the first weekly show of strength. These were Maryland, Georgia Tech, Illinois, Wisconsin and California.

The top 10 in The Associated Press' first football poll points based on 10 for first, nine for second, etc., with first-place votes parentheses:

1. Michigan State (52)
 2. Illinois (4)
 3. Maryland (7)
 4. California
 5. Texas (5)
 6. Georgia Tech
 7. Southern California (6)
 8. Wisconsin (1)
 9. Kansas
 10. Duke
- The second 10:
11. Tennessee (2)
 12. Villanova (2)
 13. Princeton (1)
 14. UCLA
 15. Ohio State
 16. Virginia (2)
 17. Rice
 18. Mississippi
 19. Notre Dame
 20. Oklahoma

Others getting votes: Arizona State at Tempe, Colorado, Holy Cross, Tulsa 1, Pennsylvania, Penn State, Stanford, TCU, Army, Miami Fla., Navy, Michigan, Pittsburgh, Florida, Georgia, Colgate, Baylor, Alabama, Nebraska, Washington

Sam Baugh Tossed Out After Blows

CHICAGO—(AP)—The Washington Redskins' 38-year-old player-coach, Sammy Baugh, was tossed out of the game Monday night, but not before he had completed 11 consecutive passes to inspire his team to a 23-7 National Football League victory over the Chicago Cardinals.

The upset win, before 17,800 fans in Comisky Park, opened league play for both teams and marked Washington's first triumph after five exhibition defeats.

Baugh and Don Joyce, a 280-pound second-year tackle from Tulane, exchanged blows after a pile up in the fourth period. Both were ejected by Referee Bill D'Ernes.

First Banishment
It was the first time in the pro career of the usually calm Baugh—starting his 18th season with the Redskins—that he had been benched from a game.

Baugh tried 11 passes and completed all of them in the first half. Two of them went for touchdowns—two yards to Harry Dowda and 10 to Hugh Taylor.

The string of passes gave Baugh a total of 1,700 completions for his pro career, plus 187 touchdowns.

41 AA Teams Have Perfect Grid Records

By The Associated Press

Stamford meets Ballinger and Huntsville tangles with Silabee in the headline game of Class AA schoolboy football this week.

These games match undefeated untied teams of which there are 41 left in this class after three weeks of firing. Still another of the select list faces trouble in keeping its status. That is Ennis, which plays Paris of Class AAA. Paris is undefeated and untied, too.

Other teams with perfect records will fall and prospects are that about a third of the list will be erased in the round of 104 games scheduled over the state this weekend.

Undefeated, Untied
Teams with undefeated, untied records in Class AA are: Dumas, Perryton, Phillips, Floyd, Memphis, Burkburnett, Quanah, Anson, Rotan, Stamford, Lilliefield, Monahans, Pecos, Ballinger, Urdy, Comanche, Arlington, Handley, Jackson, Nocona, Mesquite, Ft. Pleasant, Terrell, Center, Ennis, Mexia, Cleveland, Humble, Huntsville, West Killen, Gonzales, San Marcos, Bellville, Caldwell, Lamar Consolidated, Alvin, Salabee, Uvalde, Refugio and Donna.

Conference play also starts this week in Class AA with championship games in five districts. Five Top Powers
Teams that have pushed forward as top favorites are Phillips, Pecos, Terrell, Arlington and Mexia among others. Pecos showed crushing power last week in beating a good Wink team, 35-7. Wink is one of the favorites in Class A.

The week's scheduled by districts:
1-Friday: Caltion, N. M., at Dalt-hart, Hereford at Dumas.
2-Friday: Muleshoe at Tulla.
3-Friday: Perryton at Wellington, Floyd-dada at Paducah, Phillips at Childress, Memphis at McLean.
4-Friday: Electra at Iowa Park, Archer City at Burkburnett, Quanah at Vernon, Olney at Seymour.
5-Friday: Andrews at Colorado City, Roby at Merkel, Albany at Anson, Ballinger at Stamford, Rotan at Throckmorton, Roscoe at Hamlin.
6-Friday: Haskell at Spur, O'Donnell at Slaton, Seagraves at Tahoka, Ralls at Post.
7-Friday: Monahans at Brownfield.
8-Friday: Levelland at Seminole, Pecos at Bowie, El Paso High at Kermit.

Brady at Dublin
9-Friday: Ranger at Winters, Brady at Dublin, Cisco at Coleman.
10-Friday: Lake View at Comanche, Graham at Stephenville.
11-Thursday: Decatur vs. Diamond Hill (Fort Worth) at Handley; Friday: Weatherford at Mineral Wells, Hillcrest at Handley, White Settlement at Birdville, conference.
12-Friday: Olney at Seymour, Jacksboro at Holliday.
13-Friday: Carrollton at Lewisville, Mesquite at Teague, Garland at McKinney, Willis Point at Terrell, Adamson (Dallas) vs. South Oak Cliff (Dallas).
14-Friday: Commerce at Sulphur Springs, conference; Mineola at Wynnboro, Bonham at Waxahachie.
15-Thursday: Mount Pleasant at Atlanta; Friday: Hooks vs. James Bowie at Simms, Paul Peritt at Daingerfield, Carthage at DeKalb, Pittsburg at New Boston, Naogoches-Jacksonville.
16-Friday: Levetett's Chapel at Henderson, Shelbyville at Center, Kilgore at New London, Naogoches at Jacksonville.
17-Friday: Livingston at Sour Laka, Port Acres at Kirbyville, Vidar at Jasper, San Augustine at Nederland.
18-Friday: Cameron at Mexia, Athens at Grand Saline, Arlington at Hillsboro, Ennis at Paris.
19-Bye.
20-Friday: Humble at Cypress-Fairbanks, Crockett at Cleveland, Silabee at Huntsville.
21-Friday: Belton at Marlin, West at Mart.
22-Friday: Lockhart at Killen, Waco at Lampasas, Burnet at San

5-A To Open District Play Friday Night

With the preliminary scrimmages out of the way, District 5-A teams are ready to get down to serious business. Regular circuit play opens Friday night with a full complement of games.

The Fort Stockton Panthers, a real "dark horse" in the league, plowed Sanderson under Friday night 27-13 for their third straight win. They will meet Marfa this weekend in their first district tilt. Marfa stayed in the limelight as a power to be reckoned with last Friday by roughing up Fabens 33-8. The triumph gave Coach Bodie Hunter's boys a record of two wins and one loss in non-district play.

Wink Vs. Crane
The Wink Wildcats, defeated by the potent Pecos Eagles 35-7, will hit the comeback trail against Crane for their district opener. Coach Glenn Prater's charges have two wins and one loss with 8-AA teams.

The Golden Cranes of Dan Andregg finally made their first win good Friday night, squeezing by Ocala 6-0.

The Alpine Bucks had to settle for a tie against Del Rio last weekend, but Coach Bul Johnson's eleven may come back strong. Alpine so far has won one, lost one, and tied one for a varied record.

The Bucks march against McCamey Friday night. McCamey has one victory against two defeats, the second loss from Monahans Friday night by a margin of 26-7. Monahans also dropped Alpine 13-7 earlier.

Senora Crushed
The powerful Iran Braves continued their winning ways last weekend, crushing Senora 28-7. Coach Max Jones and his Braves will go on the warpath Friday night against Big Lake. The Iran-Big Lake fracas should be a good indication of the potentialities of the two eleven. Big Lake went in training for the coming contest last Thursday night, shearing the Midland B team 25-12.

Midland Bulldogs In Challenger Role

By JIM LINDSEY

The mighty Lubbock Westerners continue to act like state football champions. They came back to thrash a polished Highland Park team, 39-20.

But the Westerners had to share the weekend's AAAA attention with a new challenger, the rollicking Midland Bulldogs. The Bulldogs surprised Poly's Parrots in a touchdown marathon, 61-18, to push Midland's offensive total to 96 points for two games against highly regarded opposition.

The sharp Bulldogs took it out of the Parrots in a hurry. Those thunderous touchdown plays in the first few minutes of play stunned beyond recovery.

The Parrots had arrived in town with an air of cockiness. They had tumbled a good Adamson team the week before. Poly was feeling its oats. There was an attitude of having the game in the bag before the starting whistle. But the bag was punctured in short order.

The Bulldogs functioned to perfection. The line charged on both the offense and defense. Gaps opened with regularity. Downfield blocking was superb.

And behind the fine work of the forward ranks came the geared-up backs. The night's performance was a tribute to the coaching ability of Turbot Jones and his assistants and the spirit and teamwork of the Bulldogs. It was a night for Midland.

Don't tell the Bulldog coaches that Ysleta will be a pushover here Friday night. They can't be convinced.

Coach Jones and his aides recall last year and a little tailback named Henry Dutechover, who has demonstrated that he'll be just as difficult to cage Friday night. The Bulldogs won 7-0 last year but Dutch and Dodger kept everybody on needles and pins.

Midland fans will not have an opportunity to see a much better tailback all this season. Dutechover puts on a show all his own. And joined by such speedy Bulldog performers as Jesse Hatfield, Dick Spencer and Robert Keating, it should be a night of spectacular football.

Change in the number of veterans on Longhorn League club rosters next season isn't expected to work a hardship on the Midland Indians. With a nucleus of players like Manager Jay Haney, Outfielder-Pitcher Glenn Selbo and Eddie Jacome, the Shaughnessy hero, and possibly Scooter Hughes, shortstop deluxe, there can't be too much worry.

The Fall session of the Longhorn League opened in Odessa Sunday to allow each team only five veterans, eight limited service players and three rookies. The last season the club roster included six class men along with seven limited service and three rookies.

Like a majority of clubs, the Indians must await the draft before finalizing next year's pattern. Lists must be in by October 14. The National Association of Professional Baseball League will hold its Winter meeting in Phoenix, Ariz. from November 1-5. That's when trading and selling of players was warm.

General Manager Horace Busby of the Indian bolts down the effect of the ruling on Longhorn League veterans to this: "It's just a matter of getting a good limited service man instead of a veteran."

Although a comparatively newcomer in the Longhorn's official family on a full-time basis, Busby received a signal honor at the Odessa session. He was named corresponding secretary. Duties include the recording of minutes of all league meetings.

Indian President Marion Flynt spent two hours at the Odessa meeting before returning to Midland to take a plane for New York City and the World Series.

At least three former Indians may return next year from military service. Busby looks for Lou Dawson and Tex Stephenson, both outfielders, and Ralph Blair, a pitcher. Dawson and Stephenson are limited service while Blair is a veteran.

Busby and Flynt and C. H. Shepard plan to attend the national association meeting in Phoenix, Sheppard, who played in the old West Texas League, serves as an Indian director. Sheppard served one of the club's most faithful officials the past season.

Jay Haney and Pat McLaughlin at Carlsbad are the only announced managers of Longhorn League teams next season. San Angelo has a raft of applications to consider in replacing gentlemanly Mark Christman. Al Monchak is not expected to continue as the Rowell pilot. Shortstop Shubby Greer may replace the clown.

Roswell reportedly lost more than \$20,000 in its operations for 1952. A

wide shakeup may be in the offing at Rowell.

Bob Martin, the Shaughnessy villain, reportedly would like to move to San Angelo. But the odds are that he'll stick at Odessa. Pat Stacey, contrary to widespread reports, will remain in Big Spring where talk of a new park is heard. Stacey's price in a straight managing role was said to be too high for San Angelo.

Nineteen-year-old Buddy Grimes, Big Spring center-fielder, has been purchased by the Brooklyn Dodgers. The native of Stephenville was perhaps the most improved player in the Longhorn League, both offed and at bat.

At least three major league clubs were after Grimes but the Dodgers listed the highest price. Grimes will be reported next season to Newport News, a Brooklyn farm club.

Steve Sadowsky, umpire chief for the Longhorn League, has returned to Midland for the Winter. Steve and his staff did an outstanding job in the Shaughnessy playoffs. Criticism was at a minimum. All of the umpires were especially alert. They kept a sharp eye on the action.

With the league, individual clubs and the players participating in the spoils, why not some extra compensation for the umpires? All they get is regular salary pay plus limited expenses for the championship series.

HORACE BUSBY

CLUB TO VIEW FOOTBALL FILM

A film of the football game between Midland and Poly of Fort Worth last Friday night will be screened at a meeting of the Bulldog Booster Club at 8 p.m. Tuesday in the Midland High School Cafeteria. It was announced by Harlan Howell, president.

Scout reports of the game to be played this Friday night between Midland and Ysleta will be made.
Coaches of Midland Elementary School football teams also will make reports, Howell said.

OTHER ENTRIES FROM STATE PLAC E—

Texas King Ranch Stallion Wins Quarter Horse Honors

ALBUQUERQUE — (P) — The King Ranch stallion won Quarter Horse show honors Monday at the New Mexico State Fair.
Cuero, a handsome 10-year-old chestnut, is the new champion. He was shown by Hebert Stewart, Clovis, N. M., rancher. Stewart bought him last Spring from the Lee Brothers Ranch near Alamogordo, N. M.
The mare champion is Cheryl Mac, a brown four-year-old raised from a colt by Mr. and Mrs. Kenneth Gann of Hollywood, N. M.
Red Pope, show judge from Bonham, Texas, awarded reserve championships to Squeaky, a four-year-old black owned by Doyle Saul of Plainview, Texas, among the stallions; and Beauty Jo, nine-year-old

blood bay owned by Bill and Jeanne Moore of Broken Arrow, Okla., among the mares.
Cuero and Squeaky also ranked one-two in the aged stallion class and Cheryl Mac and Beauty Jo the same way in the aged mare class.
Other winners of prize ribbons included:
STALLIONS
Colts—Squeaker, owned by Doyle Saul, Plainview, Texas, first; Cattle King, Robert Weekly, Vernon, Texas, third.
Yearlings—chubby—Chub, Ralph May, Plainview, Texas, first; Sugar Bars, George E. Wood, El Paso, Texas, second; L'Allegro, Saul, third; Beau Mac, R. J. Bauer, Kermit, Texas, fourth.
MARES
Colts—Bo Peep, Vernon, Bradley, Clovis, first; Sister Gee, Ralph May, Plainview, Texas, first; Jaquelin, V. H. Weekly, Vernon, Texas, fifth.
Yearlings—Hickory Ann Hill, owned by Hill Brothers, Hereford, Texas, first; Beauty Jolets, Bill and Jeanne Moore, Broken Arrow, Okla., fifth.
Two-year-olds—Glemaco, Vernon Bradley, Clovis, first; Mayflower, Hill Brothers, Hereford, Texas, second.
Aged mares placed behind two champions—Nancy L. Hill Brothers, Hereford, Texas, fourth.
Other classes:
Geldings—Daisy Showmaker, owned by J. W. Shoemaker, Watrous, N. M., first; Frontera Sugar, George E. Wood, El Paso, fifth.

First Round Play Starts In Fem Golf

First round play started Tuesday morning in the first annual women's golf tournament at Ranchland Hill Country Club.
Jo Myers and Dorothy Fallin were co-medalists in qualifying Monday.
The tournament will enter its second round Wednesday with finals scheduled for Thursday.
Championship flight matches Tuesday included Jo Myers vs. Hazel Troit, Isabel Hall vs. Marie Rinker, Dorothy Fallin vs. Elsie Sieloff, and Lanty Fay Garrett vs. Mary Doyle.
The first flight matches for Tuesday pitted Mary McCampbell vs. Margie Hutchins, Mrs. Dean Kelly vs. Luma Cox, Mrs. Elizabeth McKinsey vs. Mrs. Alla Withrope, and Mrs. Ines Chestnam vs. Mrs. Louise Gahn.
Second flight pairings: Ruth Hargrove vs. Lucille Shamblin, Mary Kay Mills vs. Lorena Jones, Betty King vs. Iza Maxson, and Carolyn Jones vs. Patsy Shinson.
The beginners flight for nine holes medal play daily includes Judy Wells, Pat Newman, Mary Jane Gahn, Pearl Bell and Marie Lancaster.
Awards in both the current men and women's tournaments will be presented Sunday afternoon.

Airmen Lose Clothes As Waco Plant Burns

WACO — (P) — An estimated \$65,000 worth of air force uniforms went up in smoke here Monday when fire destroyed a cleaning plant.
Owner Weldon B. Frost estimated the total lost at \$80,000. He said \$16,000 was to the plant and \$65,000 to uniforms from James Connally Air Force Base near here. The uniforms had just been trucked in for cleaning.
The fire was fed by 150 gallons of naphtha. Frost was in the plant when the fire started, but he didn't know what caused it.

Three Immediate Systems Give Hoople Seven Upsets

Egad! This week my millions of gentle readers and staunch adherents will be pleased to know there are a dozen or more choice intersectional games on the state—bar-rumph! — and I have solved them all.

Also I am forecasting seven upsets, starting with a 20-13 Michigan victory over Stanford, and a Navy triumph over Cornell by the close score of 14 to 13.

Intersectional contests have challenged my independent interpretative genius. I have amassed figures under three intermediate systems — the Lumiere or harmonic canon — the undulatory theory of light interference — and intermediate insertion of mathematical terms bringing about interpolation.

To interlard my comment with a patent example: under the physical laws of light interference, when two beams of monochromatic light from the same source meet, especially of equal amplitudes, there is a neutralization at some points and reinforcement at others, producing alternate light and dark bands or fringes.

Texas Beekeepers Hear A&M Professor

COLLEGE STATION — (P) — Dr. F. L. Thomas, Texas A&M College entomology professor, spoke at the opening Monday of the Texas Beekeepers Association's two-day meeting.
Beekeepers for 11 states are expected to attend Tuesday's closing sessions.
Auto racing costs 30 lives and 43 critical injuries annually.

The old boy himself

Armed with this intellectual data, suppose you go right on and read my predictions for the games of Saturday. You are now enlightened —hak-haff!

Arkansas Mentor Talks Of Quitting

FAYETTEVILLE, ARK. — (P) — Disappointed Orla Douglas indicated Tuesday that he will resign as head football coach at the University of Arkansas if the Razorbacks don't snap out of their lethargy.
"If I don't get reaction out of these boys this year," he said, "I might as well get out of the picture. No one will have to run me off, either. I'll quit."
Douglas, whose team since 1950 have been up and down, was in low spirits as he discussed Arkansas' two-point victory over Oklahoma A&M and Saturday's 17-7 loss to Houston.

Shortage Of Steel To Keep Oil Realm Below Year's Goal

OKLAHOMA CITY — (P) — The oil industry's goal of 50,000 wells this year will not be reached because of the steel strike last Spring, members of the American Association of Oilwell Drillers heard their retiring president say Monday.
The president, A. W. Thompson of Houston, said a shortage of tubular goods resulted in the drop of completions from an average of 900 wells weekly to 725.

F. W. Brigrance, Fort Worth, was elected president of the AALDC, succeeding Thompson. Brigrance is vice president and manager of Rowan Drilling Company.
Other officers elected were C. F. Whaley, Houston, vice president; J. W. Hall, Midland, vice president for West Texas and New Mexico; John B. Holmes, Houston, vice president for California; Stewart G. Noah, Albin, Ill., vice president for the Illinois Basin and Michigan; and Walter Techudin, Casper, Wyo., vice president for the Rocky Mountain area.

Irby Weaver Honored At Lions-Sponsored Entertainment Here

John B. Mills was the auctioneer Monday when the Lions Club-sponsored "Irby Weaver Night" box supper was held in the high school building.
Results of the function were satisfactory and the enthusiasm was high. Dr. Norman J. Maberry, who was in charge of the event, declared.
Irby Weaver, the blind operator of the news-cigar stand in the Post Office lobby, was the guest of honor at the occasion.
Proceeds derived from the box supper will be used toward paying Weaver's expenses to a school where he will train with a seeing-eye dog.
Maberry said another benefit entertainment is scheduled October 22, with proceeds going to the same fund.

TRAINING STARTED AT SEVEN— Marciano Had 10-Round Fight At Age Of Eight

By HARRY GRAYSON
NEA Sports Editor

NEW YORK — John Piccotto, an uncle, played a tremendous part in Rocky Marciano's life.
Jumped on by some kids when he was seven, Little Rocky came home crying. Uncle John took him to take nothing from anybody, and hung up a speed and heavy punching bag in the backyard.

Al Colombo, four years older and who lived next door, took over immediately.
A year later, when Marciano was eight, 13-year-old Jimmy DiStaci was the neighborhood bully in Brockton's Ward Two. So, when Manager Colombo thought Rocky was ready, he matched them in his backyard. The boys went 10 rounds with gloves on their hands, and those who saw it still talk about the fight.

"Jimmy's a nice fellow now," smiles Marciano.
Marciano, as mild and soft-spoken out of the ring as he is rough and hard in it, did not again have gloves laced on his square fists until 1946, or shortly before he was discharged from an outfit of Army combat Engineers at Fort Lewis, Wash. Then he turned to boxing only to escape the routine camp duty of a soldier.

Marciano's remarkable athletic prowess hardly appears to be hereditary. His immigrant father, Perrino Marchegiano, weighs but 120 pounds, suffered as the result of being gassed while serving with the American Expeditionary Forces in World War I. His mother, Pasquale, is a little round woman who has never seen him fight.
Rocky is the oldest of six children, has two brothers and three sisters. He is delighted that his 17-year-old brother, Louis, or Sonny, is a good ball player. That's what he wanted to be in the first place.

Marciano and his wife, Barbara, who expect an heir in October, still live with his family in the two-story frame house on Brockton's west side. He retired his dad, is to buy a home of his own in or near Brockton.
Marciano hasn't changed a bit, did not own or know how to drive an automobile until after he knocked-out Rex Layne on July 13 of last year, when the Ward Two Memorial Club conducted a \$15-a-plate dinner and presented its idol with a medium-priced one.

Marciano is the most-magnetic crowd fighter since Jack Dempsey, perhaps has an even larger personal following. The home folks mortgage their homes to bet on him. He likes people, had a quiet way of making and keeping friends before he became famous. He sticks with his friends, and they stick with him.
After knocking out Jersey Joe Walcott, the new champion with the iron flats saw fit to ask his Brockton rooters to kindly refrain from crowding around and getting in the ring after his fights. Somebody might get hurt in the crush, he warned.

Admirers carried him on their shoulders from Madison Square Garden to and down Broadway after he knocked out Layne and Joe Louis. More than 50,000 people jammed the shoe town's streets when he returned after draping Louis on the apron of the ring.
Rocky Marciano is the John L. Sullivan of 1952, and out of the same area.
A Brahmin is a Hindu of the sacred or priestly class.

Glasscock County Agent Quits Post

GARDEN CITY — Max Fitzhugh, Glasscock County agent the last six years, has resigned the position to become secretary-treasurer of the Big Spring Farm Loan Association with offices in Big Spring. He will assume his new duties Wednesday.
Fitzhugh, a graduate of Texas A&M College, succeeds Ira J. Driver who is retiring after serving the organization 17 years as its secretary-treasurer.

EYE LACERATED

Samuel Franklin Palmer, Jr., nine-year-old son of Mr. and Mrs. Samuel Franklin Palmer, Sr., Young's Courts, suffered a laceration above his right eye Monday while playing football at home. Treatment was given at Midland Memorial Hospital.

A Brahmin is a Hindu of the sacred or priestly class.

CROCKETT ELEMENTARY SCHOOL GRIDDER—Pictured is Coach Kenneth Sewell's 1952 football squad at David Crockett Elementary School. Front row, left to right, are Jimmy Jones, Bill Lawrence, Jimmy Poteet, captain, Don Hillen, Tommy Hoover, Coy McCullum, Glen Walters and Richard Wood. Second row: Roy Howard, Charles McCall, Bradley Woods, Billy Neely, Dee Freeman, Otis Ray Hill, Carl

Peters, Charles Butler, Larry Ledebus, David Rankin, Jimmy Withrow, Tommy Arnold, Dan McKane, Douglas Cooper and Harold Bahr. Back row: Larry Ellezy, Larry Nichols, Wallace Ravan, Sammy Woods, James Helms, Steve Brown, Bobby Porter, Marlin Sanders, Bobby Dickey, Bruce McKague and Thomas Wipp.

LOOK ALIKES—The striking facial resemblance between Lou McDougald, left, and Mickey Hladik prompts fans to suspect they are twins. In uniform, the young Yankee regulars are

KEY, WILSON & MAXSON'S REAL ESTATE Bulletin Board

REPORTING THE TOP NEWS IN REAL ESTATE

I'VE STUDIED GREEK and they DON'T have a word for this one. Let me, then, put it into a paragraph. On the east are the two lovely bedrooms, and on the west, the attached garage. In the center is the expandable living and dining room arrangement, and to the rear is the huge tile bath and the kitchen. The kitchen is arranged with YOUNGSTOWN metal cabinets, Vent-A-Hood, washer connection, and bar. Central heating, built-in bookshelves and nick-nack affair, and closets that will make you nod in assent. Beautiful lawns and tropical looking, magnificent rear yard. The Greeks failed me, so I'll speak in down-right English. It's priced at \$10,500 (in American money). Excellent financing.

WE BUST THE SEAMS of your disillusionment if house-hunting has saddened you. To lighten your heart and make you fall in love with him (or her) all over again, we offer: This new and luxurious 2-bedroom and paneled den (or three bedroom) home on West Louisiana. Two tile baths, spacious living room and dining off-set, natural-finished pine kitchen cabinets with rustic hardware. Nicely finished attached garage with utility space and storage. Large rear patio with modernistic trellis. Central heating of course, and loads of closets. And we smashed the price to \$17,950.

LOVELY TO LOOK AT, delightful to own... and heaven, too. Complete of 2 airy bedrooms and magnificently large den (12x26) paneled in California Redwood. Tile bath and tile wainscoting in the kitchen. It's further orchestrated with a 17x21 living room. Some other notes are the washer connection, furnace heating, and air-conditioner. Something as an encore: newly constructed tile storage house (12x16). All of these harmoniously blended on an absolutely beautiful front and rear lawn, and surrounded by a tile fence. I make apologies to song-writers, but not for this home nor the price of \$11,750. You'll hum when you see it.

CLEAN AND UNCLUTTERED, just like an itching by Gustave Doré. Wrapped up in the sweeping, clean lines of white Roman brick, the builder scooped out 3 well-arranged bedrooms, wonderfully large living room, kitchen complete with cabinets, and two tile baths. Behind the 2-car attached garage is drawn the 12-foot utility room. Sand-toned carpeting thru-out for the soft touch, and for your summer and winter comfort, there is central heating and air-conditioning. The western sunset can be viewed from the 34-foot covered porch. This masterpiece is priced far below what a Van Gogh would command. ONLY \$23,000.

OFFICE SPACE AVAILABLE. Ideally located in the heart of Midland's financial section. Space ranges from one room at \$35 per month to 3,000 square feet.

THE KIDDIES ARE IN SCHOOL and time is on your hands. Let's spend it wisely by having us show you a home where your younger generation can make lots of good friends their own age. Located in TOWN NORTH, where Midland's biggest park will soon be established, it has 2 attractive bedrooms, large living room, conveniently arranged kitchen, and attached carport. Panel-ray heating, large storage closet, washer connection. Solidly constructed of Haydite brick, it has about 925 square feet of floor space. Nice lawn, paved street, and FHA financing. ONLY \$11,966 down. Full price is \$8,730.

THE HOUSE THAT WILL BUILD YOUR JACK account. With a little bit of paint, a few nails and a hammer, you can repair the apartment attached to the 2-car garage and rent it out for \$50 per month. If you have a little glue left over, you can convert the garage into another large apartment (all utilities in ready). This will rent for \$90 per month. Stay with me and you'll be wearing diamonds. Then the main house: Constructed of JOHNS-MANSVILLE asbestos, it has 2 bedrooms and den, living room, dining room. The yard is fenced (and has a dog house on it). Extra lot thrown in for future rental homes. It is only 4 years old, priced at a SPECTACULARLY LOW \$12,500, and can be purchased for \$2,000 down. But let me tell you more about it: It is (Sorry--continued next week)

FOR BETTER OR FOR WORSE. Rental or home-ownership? With \$1,750 down, you could make the better. And this one has two bedrooms, cozy living room, 20 feet of delightful kitchen, and attached garage. CULLIGAN water softener, oak floors, and furnace heating. It's on a Kentucky corner. Full price is only \$9,750.

YOUR BEST FOOT FORWARD.

No, we don't sell shoes. But we do fit you to even wear yours: your richer personality, your living comfort, your savings. We are home buyers. Just for size, try this exquisitely attractive home on Parker. Two large bedrooms, spacious living room, and a most inviting kitchen. Attached carport which can easily be enclosed as a den. It's been worn only 2 years. Paved street. Low down payment and \$53 per month thereafter. Priced at \$10,390.

WE HAVE NOTHING ON ADAL! or like, but we do have something terrific in Illinois. I'll whisper it to you because I know that the whole town will be wanting to know about it:

First, let me tell you that this story is about a year old, and it's covered with cream velvet brick. It's got 3 lovely bedrooms, a private study, and 2 baths. (Come closer--the baths are REAL CERAMIC TILE!) But that's not all. It's got a huge covered porch which is paneled, 3 carports, lots of closets and storage space. The kitchen will be discussed for a long time. It's so spectacular. Central heating and air-conditioning. And you know what else they got? A lawn that's like a carpet--and a high tile fence! But I know you--You'll tell all your friends about this. I might as well finish it: It's priced at \$89,800. Now you know it all.

IT'S WHITE'S WHITE HOUSE and it's on Big Spring.

Constructed of Johns-Mansville asbestos siding, it has two sprightly decorated bedrooms, den (or third bedroom), nice living room with picture window, and family-size kitchen. Behind the carport is an 8x12 utility and storage room with a water well and pump. Tile fence in front and back. ONLY \$9,900.

AND THE REASON FOR IT is that a furnished rental unit in back is income without working. But that isn't all. The main home is in immaculate condition thru-out, and has two lovely bedrooms, livable living room, and a large kitchen where you'll spend a lot of your warmer hours in winter. Detached garage with storage, furnace heating. And as I said, the rental unit is completely furnished. Only 4 years old, and priced at an amazingly low \$10,500.

MADE MUCH LARGER just to accommodate your larger family. For ONLY \$2,500 down, with pride you may step into this attractive 2-bedroom and huge den home. Located in TOWN WEST, it has furnace heating for the winds of Midland's winter, luxurious carpeting in the living room and hallway. Interior recently re-decorated. Fenced yard. Can assume GI 4% loan and your payments will be only \$54 per month. Priced at \$9,900.

1,185 ACRES

1951 GROSS INCOME: \$60,000

Rolling prairie type deep soil, well fenced and cross-fenced with heavy wire and bolt d'arc posts. 150 acres in cotton, 200 acres corn, 200 acres hay, nine separate pastures, with water in each one. Manager's house, nine tenant houses, all filled with excellent labor. Plenty barns and cribs, two silos, four tractors, hay press, combine and all equipment necessary for farming, making hay and filling silos. About 275 registered Angus cattle. The barns and houses are in excellent repair. This place is a paying proposition, grossing \$60,000 in 1951 and increasing the herd about 40 cattle. Prefer to sell as a walk-out deal, but would sell the land separately. You will have to see it to appreciate it!

This Can Be the Turning Point

Safety and security are ours forever when we understand how divine Love really "careth for its own."

Many have long sought this priceless assurance and are now finding it through a great new light shed on the Bible by the Christian Science textbook

SCIENCE AND HEALTH with Key to the Scriptures by Mary Baker Eddy

Jesus' words and works are here made understandable in all their lawful power.

The study of this book steadily changes human conditions—always for the better, always more nearly in accord with God's own goodness.

Study of Science and Health can well be the turning point you have been watching for, as it has been for many others—the way to God.

Science and Health may be bought, read, or borrowed at

Christian Science READING ROOM

407 North C Street
MIDLAND

or send \$3 and a copy in the blue cloth Library Edition will be mailed postpaid.

You are invited to make full use of the above and other public Reading Rooms (list in your neighborhood) on request. Information concerning free public lectures, church services and Sunday School is also available in these Rooms.

Social Security Cards 'Must' When Veterans File Claims

J. D. Bechtol, manager of the Texas Employment Commission office here, said Tuesday that veterans wishing to file claims for veterans unemployment compensation can save themselves a lot of time by bringing their Social Security card

CHECK AGAIN NEXT JANUARY

EVANSVILLE, IND.—(AP)—William Barrett, 48, was taken to a hospital for treatment of a stab wound in his thigh, which he blamed on his wife. A few hours after he was sent home, he was back again, stabbed in the shoulder. His wife, he said, was still mad at him.

Congratulations To

Mr. and Mrs. Will D. Williams, 104 South Madison Street, on the birth Saturday of a son weighing five pounds, 13 ounces.

Dr. and Mrs. Richard C. Harrell, 1220 Golf Course Road, on the birth Saturday of a son weighing eight pounds, 11 ounces.

Mr. and Mrs. E. Z. Salazar, 309 Mineola Street, on the birth Saturday of twin sons weighing eight pounds, 12 ounces, and six pounds, 11 ounces, respectively.

Mr. and Mrs. Billy Brown, 401 Stinson Street, on the birth Saturday of a daughter weighing six pounds, three ounces.

Mr. and Mrs. Willie Bass, 100 1/2 North Madison Street, on the birth Sunday of a son weighing seven pounds, 12 1/2 ounces.

Mr. and Mrs. Thomas Hart, 233 West Montgomery Street, on the birth Sunday of a son weighing seven pounds, six ounces.

Mr. and Mrs. J. B. Ashman, 2211 Golf Course Road, on the birth Monday of a daughter weighing six pounds, two and one-half ounces.

Mr. and Mrs. Lorenzo Munoz, 511 North Madison Street, on the birth Tuesday of a son weighing five pounds, 13 1/2 ounces.

HURT ON SWING
Michael Lovelace, two-year-old son of Mr. and Mrs. Marion Lovelace, suffered a laceration above his left eye while playing with a swing Monday. He was treated at Midland Memorial Hospital.

FESSLER IN HOSPITAL
H. B. Fessler, 701 Mogford Street, is a medical patient at Midland Memorial Hospital.

RANKIN MAN HERE
Garby S. Anderson, Rankin, is a surgical patient at Midland Memorial Hospital.

HAND INJURED
C. J. Lalonde, employe of Hudson Engineering Corporation, suffered an injured right hand Monday when a wrench slipped while he was working. Treatment was given at Western Clinic-Hospital.

SURGICAL PATIENT
Bobby Harris, 901 West Taylor Street, is a surgical patient at Midland Memorial Hospital.

with them when they visit his office to apply for work and file a claim.

Texas veterans of the armed forces, who had 90 days of continuous service on or after June 27, 1950, may be eligible for unemployment compensation payments under Title IV of the new Veterans' Readjustment Assistance Act of 1952, Bechtol said. He added that claims for those veterans, however, will not be accepted until after October 14.

The Texas Employment Commission will be the federal government's agent in taking and paying the new veterans unemployment compensation claims. The money, however, will be furnished by the federal government. Benefits payable under the new law are \$36 a week for 26 weeks. The maximum amount that a veteran may receive is \$678 Bechtol pointed out.

All unemployed veterans who have had the required number of days service in the armed forces, and have been discharged or released under conditions other than dishonorable, are urged to visit the Texas Employment Commission office in their home communities and register for work. A great number of these offices are currently recruiting workers for many kinds of jobs. Bechtol explained that it is important for unemployed veterans to register with the local employment office for jobs because Title IV of the law stipulates that in order to receive unemployment compensation payments a veteran must be registered for work, able to work, available for work, and unemployed because he cannot obtain a suitable job.

More Casing, Tubing Allotted For December

WASHINGTON — (AP) — The government Monday earmarked an additional 26,000 tons of casing and tubing for delivery to oil and gas operators during December.

The Petroleum Administration for Defense said the increase was possible because production of oil-country tubular goods at some mills of the National Tube division of United States Steel Company had exceeded expectations recently.

The agency previously had announced that due to lost production during the steel strike it was making no general fourth quarter allotments of oil-country tubular goods.

About 354,000 tons previously were allotted from regular mill production for the third quarter and additional authorizations are being counted as issued in the third quarter even though the deliveries will be in December.

BACK SPRAINED
Marcelino Molina, employed by Hudson Engineering Corporation, suffered a sprained back while working Monday. He was treated at Western Clinic-Hospital.

MIDLAND, TEXAS, TUESDAY, SEPTEMBER 30, 1952

SECTION TWO

WHOOPIING IT UP IN PEOPLES' PAINT—

Red Posters Go Hawg Wild In Drumming Up Socialism

LEIPZIG —(P)— The Soviet zone sign painters have gone cuckoo at this year's Leipzig Fair.

There's enough paint splashed around to make a paint manufacturer's dream of getting the concession rights.

The is "peoples' owned" paint, however, and the painters are Communist activists bombarding the fair visitor with their slogans. If he isn't blind he's likely to wind up with a glazed look after his encounter with the fresh paint display.

Top motif this year is the "build socialism" theme adopted by the rulers of East Germany early this summer, with Soviet approval. It is an all-out drive to turn the Soviet zone into a purely Communist state in every respect.

The "build socialism" line is twisted around to fit all the propaganda of communism. Huge posters show brawny workers standing before their factories and the message is:

"Workers, protect your factories from spies and saboteurs."

Other posters call on the workers to "defend socialism" in the spirit of Lenin and Stalin.

The bosses of the paint crew devote some time and thought toward making the real rulers—the police—seem more popular. Everywhere one sees posters showing the people's police and the civilian public "arm in arm" defense of the homeland.

The fair itself tries to pretend it is a place for both East and West to get together. The paint brush crew lets the cat out of the bag, however, by devoting all its slogans to the East. In fact, the last sign one sees on the highway as he leaves Leipzig to return to Berlin, is that old favorite of propaganda chief Gerhart Eiseler: "Ami (American) go home."

The effort to impress the fair visitor with paint is directed largely at the people who are already supposed to be converted—the Easterners and maybe that itself is a sign of something or other.

There is a spate of posters showing the Chinese, North Koreans

and Russians in friendly groups. The inscriptions are entirely in German. This is a departure from other years when there were many signs in English.

The one big exception to the pattern of directing messages eastward is the collection of "peace and unity" slogans posted all over the place. There are aimed at West German visitors in an apparent effort to implant the idea that the East, and the Russians, want to unite the divided German nation, get foreigners out and rock along quietly into communism. As a selling point the exhibition halls which do show some good machinery, tools and consumer goods, have signs bragging about this being the "first socialist fair" in Leipzig's 500-year history.

In spite of all this, the painters failed to finish their job. The highway signs in downtown Leipzig, showing the proper route out of the city, are unreadable. They haven't felt a brush in years.

BRITAIN'S ATOMIC TEST— Cross mark off Australia's north-west coast on Newsmag shows the Monte Bello Islands where Great Britain will conduct her first atomic weapons tests. The Royal Australian Navy has moved into positions near the islands and the tests are expected to get under way shortly.

Midland Pioneer To Attend Dream-Fulfilling Ceremonies

A prominent Midland resident, Mrs. Phil Scharbauer, who joined a former Midlander, Mrs. E. R. Thomas of Austin, in providing one of seven new buildings at the Methodist Home in Waco, will see the realization of her efforts Thursday.

Mrs. Scharbauer will fly to Waco on that day to attend the dedication ceremonies at the home. A private plane, owned by George W. Glass, Sr., will be used for the trip. Included in the group, besides Mrs. Scharbauer, will be Mr. and Mrs. Glass, Mr. and Mrs. Clinton Myrick and Mrs. Bennie Sue Thomas, the daughter-in-law of Mrs. E. R. Thomas. They plan to return Thursday, immediately after the buildings have been dedicated.

Mrs. Schaubauer and Mrs. Thomas are responsible for a girl's dormitory as their part of the new structures at the home. Mrs. Thomas will drive to Waco from Austin to attend the ceremonies.

Other Midlanders, who plan to travel to Waco by car for the occasion are: the Rev. and Mrs. R. L. Kirk, of the First Methodist Church, Mr. and Mrs. Roy McKee, Mr. and Mrs. A. P. Scharbauer, and Mr. and Mrs. J. Holt Jowell.

Bishop Paul Martin, Little Rock, will officiate at the dedication, which will be held at 2 p.m. on the lawn of the chapel at the Methodist Home. Open house in the new

buildings will be held then. Ground breaking for two new buildings at the home will be held at 11 p.m. Thursday morning. These are an administration building and a \$400,000 student center.

The first of the proposed new units was given by J. S. Bridwell and Mr. and Mrs. J. J. Perkins, Wichita Falls. The student center was made possible by the home's "Thousand Dollar Club" and bequests from the wills of the late Mrs. Rosa B. Lampkin, Huntsville, and Mrs. Ida Stephenson, San Antonio.

Other donors of residences for the home include Mr. and Mrs. J. C. Deshong and Mr. and Mrs. Lloyd Deshong, Paris and Mr. and Mrs. J. H. Youngblood, Waco.

THE SOLDIER TAKES A BRIDE (TWICE)—Among the very few U. S. servicemen to marry in Korea is Airman 3/C William Wheat, pictured above, with his bride, the former Lee Kwong Ja. They met in Taegu in May, 1951. Wheat proposed two months later and, after winding through the miles of military and civil red tape, they were married Christmas Day. They had two ceremonies—a Korean one at Yong-Dong-Po and a civil one at Seoul. They're pictured at left, in their home in Newark, N. J., and at right in the Korean costumes they wore for their wedding.

Russia's New Five-Year Plan To Put Pressure On Peasants

By WILLIAM L. RYAN
By Foreign News Analyst

With its fifth five-year plan, the Soviet Union gives the impression of digging in for an economic siege, building feverishly for a day of reckoning perhaps still far away.

In outlining the measures to be accomplished in the 1953-57 period, the Russian text of the five-year plan uses the words "to insure the country against any accident." It seems a meaningful phrase.

The five-year plan, published recently for approval by the All-Union Communist Party congress next week, actually has been under way almost a year and a half. The party congress, meeting October 5, simply will rubber stamp the plan.

Its major aims already are known to the non-Soviet world: ambitious goals for heavy industry, coal, steel, cast iron, oil, electric energy and the like. These goals are looked upon as a Soviet effort to reach economic equality with the United States.

Lesser-known aspects of the plan contain a detailed story of the drive in all sections of the population to expend the utmost strength for the might of Moscow. The plan goes into minute detail, even to the amount of milk a cow must yield, the amount of wool a sheep must produce, the number of piglets expected from a sow—all in given areas.

Every day now the Soviet press carries reams of copy concerning "socialist competition" promised by

this factory or that, this collective farm or that, all under the spur of the party. This means the party has decided that workers will be required to work more hours for less income. It is likely some sort of device will be arranged by the Kremlin planners later on to make this palatable, possibly a "price reduction."

The plan is to be advertised to show "the superiority of the Communist system over the capitalist." This is for home consumption, promising once again the transition "from socialist to communism."

But the transition is farther away than ever. There is no sign whatsoever of the promised "withering

away of the state." The state gets more powerful daily, but the workers will be told great strides have been made and the speed of transition depends on them.

Abroad, the five-year plan will be a keystone in a renewed Soviet trade offensive. In the words of the text, it will "contribute to further securing and developing collaboration of the Soviet Union and countries of People's Democracy (Communist satellites) with all countries wishing to develop trade on the basis of equality and mutual advantage."

There will be no equality for the satellites, however. The captive countries, too, are to be whipped into this production campaign with great vigor, for the advantage of the Soviet Union, while Moscow propaganda insists it is bent only on "peaceful development of the Soviet economy."

If the "accidents" of which Stalin spoke were to occur, the Soviet Union probably would be a formidable foe, economically. But chances for its ultimate defeat would be great. The USSR does not relish taking such chances.

COMMUNIST CONGRESS—They'll rubber-stamp laws requiring Soviet cows to give more milk for Uncle Joe's new five-year "accident insurance" plan.

RESULTS OF LITTLE 'KINSEY REPORT'— Housewives Say 20 Per Cent Of Husbands Get Nights Out

By ADELAIDE KERR
NEW YORK —(AP)— Out of 100 wives in two big New York housing developments, more than one-fourth like nothing at all about housework; more than half hold jobs, and the husbands of 63 per cent help with the housework.

Those facts came to light recently when the women answered a questionnaire.

Once they started talking, the women also disclosed that the husbands of about four-fifths do not get a regular night out; that one-half think their education failed to prepare them adequately for careers of home-making and that 84 per cent would not want to be a man.

The survey was conducted by

Town and Village, a weekly newspaper covering Stuyvesant Town and Peter Cooper Village, huge postwar housing developments erected by the Metropolitan Life Insurance Company on East Side Manhattan.

They Have 38 Children

No one pretends that it gives the lowdown on the average American matron. Forty-four per cent of the women who participated are in the \$3,000-\$10,000 income bracket—and all have incomes of \$3,000 or above. The average age of the women is 34 and the average number of children in their families is 3.8.

Twenty-six per cent reported they only partially enjoy motherhood. Five and a half per cent said they do not enjoy it. The remainder said

that they definitely do.

Of the 52 per cent who hold jobs, 29 per cent work because they like it, not because of economic necessity. The rest reported they work partly because it is necessary and partly because they wanted to.

Sixty-three per cent have a regular family budget and stick to it. More than half save regularly.

Of the 69 per cent who hold college degrees, 91 per cent are married to college graduates. In most cases their husbands have more education. Eighty-one per cent plan to send their children to college.

They Vote, Too

All the women said they vote in national elections. Thirty-six per cent identified themselves as independents, 25 per cent each as Democrats and Republicans, 10 per cent as members of the Liberal party and three per cent as members of the American Labor party.

Sixty-five per cent said they did not believe that a man has any special advantages and 62 per cent said they did not believe a woman has any special disadvantages in the modern world.

Discussing home life, 80 per cent said they shared regular interests with their husbands; 37 per cent said they had no differences with their husbands, 21 per cent differed over relatives, 17 per cent over "rebellious attitudes," 10 per cent over disciplining the children, nine per cent over sex.

Sixty-eight per cent said they took active pleasure in sex; 21 per cent reported only passive enjoyment.

HUSBAND SWAP—Mrs. Charles O'Quinn, left, and Mrs. John Varner wait for questioning in Denver after being arrested with their husbands on a bad check charge. They told police they were in love with each other's husbands and were enroute to Reno to obtain divorces and remarry. Each couple has one child.

White Sox Player Held By Policemen

CHICAGO —(AP)—Police Monday had seized Jim Rivera, Chicago White Sox outfielder, and were holding him for questioning in connection with the alleged rape of the 22-year-old wife of an Army soldier.

Detectives John Marraugh and Joseph Conant took Rivera into custody in the White Sox clubhouse Sunday following the final game of the season with the St. Louis Browns. No formal charge has been filed.

Credits All-Bran With Constipation Relief!

"For many years I suffered from constipation. One year ago I started to eat ALL-BRAN regularly—my constipation is completely gone. I owe my regularity to ALL-BRAN." Dr. George H. Hobar, 23 Pine Road, South Toms River, N. J.

One of many unsolicited letters from ALL-BRAN users. If you want lasting relief from constipation due to lack of dietary bulk, try this popular method. Eat an ounce (about 1/4 cup) of crispy Kellogg's ALL-BRAN daily, drink plenty of liquid. If not completely satisfied after 10 days, return empty box to Kellogg's, Battle Creek, Mich. **DOUBLE YOUR MONEY BACK!**

Chinese Reds Close Private Business, But Plot Backfires

By FRED HAMPSON
HONG KONG—(AP)—The Communists in China are lending money to the capitalists—lots of money, at low interest rates. The capitalists are reluctant to take it. Some won't take it.
How did this happen? It came about because the Communists last

They launched the "Five Anti" campaign. Capitalists were accused, forced to confess and fined staggering amounts. Some went to jail. Some were shot. Hundreds committed suicide.
By March and April it became apparent that the Communists had succeeded mainly in eliminating production and employment. In May the Reds called it off and began frantically to repair the damage.
Owners who had been fined into bankruptcy were offered government loans, capital loans and guaranteed profits up to 30 per cent if they would only begin operating again.
Most of the survivors did not want to go back to work. They felt the final squeeze-out only was being postponed. Let the Reds run the plants. But the Communists lacked technical and managerial personnel.
By August 2, the Communists by their own announcements had lent private business and industry the equivalent of 150 million U. S. dollars. Loans were handed out in Peiping, Tientsin, Shanghai, Hankow and Chungking.
It does not seem to have been enough. The Peoples Daily, official organ of the Chinese Communist party, indicated that plenty of them still are on the sidelines.
Probably no one will ever know how seriously the Reds crippled themselves with their "Five Anti" campaign.
Observers in Hong Kong believe it was the most harmful of all their so-called reforms. Not only money and production were lost, but skilled managers and technicians were eliminated.

Crane Student Takes Calf, Goat Roping
RANKIN — Bill Teague of Crane, 20, a student at Hardin-Simmons University, took both the calf and goat roping jackpots here Saturday night with times of 12.3 and 12.3.
Riley Branch of Big Lake defeated Harry Howard of Rankin in a close match roping event. Max Schneeman of Rankin won a goat hair-pulling contest. John Ray Powell of Eldorado, Tom Powers of Ozona and Branch tied for first in the second jackpot roping event with times each of 13 flat.

*** DR. JORDAN SAYS ***
Whooping Cough Is Dangerous For Infants And The Aged

By EDWIN F. JORDAN, M. D.
Written for NEA Service
Anyone who has had whooping cough knows that it is no joke. The disease is unpleasant—to say the least—for weeks, or months at a time, and carries some danger to life, particularly for small infants and the aged.
Even those who recover may have hemorrhages and bleeding from the lungs or the breathing passages; complications such as permanent bronchitis are by no means unusual. When the schools open in the Fall the danger from whooping cough rapidly increases. A single child coming into school with whooping cough can spread it to others, thus perhaps beginning a cycle which may develop into a real epidemic.
Most doctors believe that the vaccine against whooping cough will give good protection to children. It usually is best to begin these injections when the child is about six months old.
Infants or small children who have not been given the injections to immunize them, but who have been exposed seriously, are sometimes given a special serum which seems to help in making the disease more mild.
Treatment includes rest in bed, good nursing care, and special attention to nutrition, especially if there is vomiting.
Whooping cough is carried directly from person to person. Children from one to 10 years old are most likely to be attacked, but older children, adults and infants under six weeks old can catch it.
When tiny infants are attacked it is most serious. Vomiting often accompanies whooping cough and when small children get the disease they may become starved and emaciated simply because they cannot get enough food. The disease also is especially serious for elderly persons.
At first the symptoms seem like those for an ordinary cold—with slight fever, running nose, watering eyes, and slight cough. After a week or 10 days the cough begins to become worse and the typical paroxysms of coughing set in.
The fit of coughing begins with a series of 15 to 20 forced, short coughs without any breaths in between.
The child may get blue in the face and then take a deep breath of air which sounds like a whoop. Several fits of coughing often come one after the other until a small amount of sticky mucus is coughed up, bringing temporary relief.

Reds Pack Japanese Courts To Upset Wheels Of Justice

TOKYO—(AP)—Japanese Communists are giving this nation's courts and judges their biggest, most painful headache in riotous trial scenes.
Like Communists the world over, Japanese Reds have developed special techniques when one of their number is arrested and accused of a crime.
Red defendants refuse to stand trial peacefully. Their lawyers insist on repeated delays. Once in court they use every weapon of psychological warfare to harass the judges—from technical appeals to direct personal attacks on court personnel.
Japanese judges, still remembering the days when they conducted hearings in the name of the demigod Emperor, are at a loss in dealing with this brand of trouble-making.
Stripped Of Power
Under legal reforms imposed in postwar Japan, the courts have been stripped of their power to cite defendants or spectators for contempt of court.
However, this will be remedied

in part by a newly enacted law which provides for minor fines and imprisonment up to 30 days for persons who disturb the order of the courts.
On September 19 the courts began hearings of 248 Reds and sympathizers suspected of planning and executing the bloody May Day riots in Tokyo. One rioter was killed and about 300 injured in the melee, including rioters, police and some American spectators, in front of Emperor Hirohito's palace. About a dozen American-owned automobiles were overturned and burned.
The court decided to try the defendants eight at a time in separate chambers. That gave the Reds a welcome opening. They insisted that all 248 be put on trial in the same courtroom. They ignored the court's argument there wasn't a chamber in Japan that could handle that large a trial.
When the first eight hearings opened, the Reds were well prepared. Their lawyers carried briefs attacking everything from the jurisdiction of the courts to the number of police on hand.
The spectator sections were filled with friends and relatives of the defendants. The hearings quickly developed into disorderly mob scenes. The accused and their friends in the galleries heckled the court and screamed epithets at the unnerved justices.
One organized group surrounded Japanese reporters sent to cover the trials and beat them unmercifully.
One after another the magistrates adjourned the hearings for a week and retired to their chambers in confusion.
When eight more hearings were attempted the following day, the Reds repeated their performance with the same results—the trials were postponed.

Psychologist Cons Cloth In Army Duds

ALBUQUERQUE, N. M. — (AP) — Do you call a psychologist when you change your socks? The Army does, especially when it concerns climate.
Dr. Robert F. Utter, of the University of New Mexico psychology department, has just returned from a year's leave of absence during which time he's been working on how to keep a soldier happy when he changes his clothes.
Utter, who was head of the psychology unit of the Quartermaster Climatic Research Laboratory at Lawrence, Mass., said that "among other things, I was testing the reactions of the men to new types of clothing materials. Since these materials feel different, we wanted to find out how long it took a soldier to get used to them." This can have a definite effect on the job the man does.

CHINESE STUDY FARMING
SAN FRANCISCO — (AP) — The Chinese Communists have set up 87 stations in Manchuria to teach modern farming, says a Peiping broadcast heard here.

ALWAYS TIRED? NERVOUS? CRANKY? CONSTIPATED? LISTLESS?

These symptoms may occur when the daily intake of B-Vitamins and Nicotin is less than minimum needs over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

Don't let these symptoms rob you of **AN ACTIVE, HAPPY LIFE!**

Amazing new medical formula combines essential B-vitamins, iron, and trace minerals known to be essential in human nutrition!

BEXEL SPECIAL FORMULA, the wonderful new vitamin compound, may be exactly what you need to put you on your feet again if you...like so many, many others...are suffering from common symptoms of specific deficiencies.

With all the medical knowledge of vitamins now made available by science and health research, it is senseless for you to continue feeling excessively weak and over-fatigued. Where such conditions are due to lack of B-vitamins, iron, and trace minerals known to be essential in human nutrition, Bexel may be the "miracle drug" you are looking for.

GAIN NEW VIM, SPARKLE...NEW JOY IN LIFE!

If you've resigned yourself to a life without companionship...without fun, parties or other normal social activities...simply because you haven't the strength, the necessary physical power and energy...**BEXEL SPECIAL FORMULA** may be just what you need to pep you up...to give you new vim, sparkle...new joy in life. It doesn't matter who you are or how old you may be—start taking Bexel today and see how much it may help you.

Every Bexel capsule contains these Vitamins and Minerals:

More than 6 times the minimum daily requirement of Thiamine Hydrochloride (Vitamin B₁), 2 times the minimum daily requirement of Riboflavin (Vitamin B₂), and 8 times the minimum daily requirement of Iron, plus the full daily requirement for Ascorbic Acid (Vitamin C) together with Pyridoxine Hydrochloride (Vitamin B₆), Calcium Panthothenate, Folic Acid, Desiccated Liver, Choline Dihydrogen Citrate, Inositol, Mixed Tocopherols, Potassium Iodide, Copper Sulfate, Manganese Sulfate, Zinc Sulfate, Magnesium Sulfate...plus important Vitamin B₁₂.

BEXEL HELPS YOU BUILD RICH RED BLOOD
Everybody knows the importance of Iron in your diet to help you build rich, red blood. Well, just one capsule of Bexel Special Formula a day contains five times the daily requirements of Iron doctors say is needed by the body.

Potency Guaranteed
You take just ONE easy-to-swallow capsule a day, any time of the day...and that's all! It costs you only about 6¢ a day...a tiny price to pay to protect yourself against symptoms which may occur when you are deficient in B-vitamins, iron, and minerals known to be necessary in human nutrition.

McKesson's **Bexel**
SPECIAL FORMULA VITAMIN CAPSULES

START FEELING DOUBTERLY BETTER...OR MONEY BACK WITHOUT QUESTION
If you don't notice a change for the better after taking just one bottle of Bexel Special Formula, your money will be cheerfully refunded and no questions asked.

Daddy Ringtail

Daddy Ringtail, By The Light Of The Moon

The night had come to the Great Forest, and there came Mother Ringtail out on the porch of the monkey house. Daddy Ringtail got her a chair.

The cuckoo watch in his pocket said "cuckoo" eight times. Eight o'clock. "It will soon be time for bed," said Mother Ringtail. Then she looked out and across the forest. The forest was dark, dark, but not for long.

The moon began to peep over the tops of the trees there across the Whispering River. It was big and round and almost the color of an orange.

"After awhile," Daddy Ringtail explained, "when the moon is high in the sky—it will be smaller and silvery looking."

Mother Ringtail asked which the moon really was—big like an orange, the way it looked at first—or small and silvery the way it looked right now.

Daddy Ringtail didn't know. Mother Ringtail didn't. Daddy Ringtail didn't while the moon climbed higher and higher in the sky. It shone on the Whispering River. It covered the trees with moonlight.

earth. "Which way is it supposed to look to us?" Mother Ringtail asked. "Big like an orange when it first peeps over the trees? Or small and silvery when high in the sky?" "Yes," said Daddy Ringtail. He meant that the moon is supposed to look whatever-way it looks when we look at it. There was nothing to worry about. The moon always will

attend to its business of looking to us the way it ought to look to us. No one ever need worry about it. No one did worry. No one fretted. Mother Ringtail didn't. Daddy Ringtail didn't while the moon climbed higher and higher in the sky. It shone on the Whispering River. It covered the trees with moonlight.

Midlander Bags Game, Fish With Bow And Arrow Far-Travelling Photographer Selects Midland For Studio

By JOHN BOWERS

Shooting a pheasant or duck on the wing is nothing new in these days of high-powered shotguns. But Herb Buder, employed by Continental Air Lines at the Midland Air Terminal, likes to do it the hard way.

Herb goes after the wild birds and small game with a bow and arrow. He has shot beaver, porcupine, and squirrels in addition to the pheasants and ducks. And he has tried his luck at deer.

In the Midland area, Buder has confined most of his Robin Hood type hunting to rabbits, both cottontail and jacks. He nailed one rabbit in a sitting position at 160 yards, and he has brought down any number of them running at from 20 to 35 yards. A blunt arrow which stuns the rabbits is used for most of his rabbit shooting.

One of Herb's best shots with the bow and arrow near Midland came when he spotted a fox in a mesquite tree. Only the head of the fox was showing, and Buder's arrow pierced it at 75 yards. He used a broadhead arrow for the kill, and he sent the arrow winging on its way with a 60 pound pull bow.

Basin Pierced
The Midland archer does not confine his efforts to hunting. One time in Colorado he shot eight bass from a cliff at a distance of 30 yards. Since he did not use a reel on the arrows, he waded after the fish to recover them for the dinner table. He was able to find four of the bass, but the rest made good their escape.

Buder has gone after deer with his bow and arrow, but he has yet to make his first kill. He has hopes of going to Colorado in the early part of October for deer. Colorado has a special 10-day season for archers at that time. They are then allowed to shoot big game, such as deer, elk and bear. Pressure of his duties at the Midland Air Terminal and the responsibility of a wife and four children have prevented Buder

from devoting much time in Midland to form a group of archers into a hunting club. He said that there are a number of enthusiasts in the sport that would be proficient enough to join. He urges anyone interested to take

up the pastime. He recommends it as inexpensive. He says that skill can be developed in a short time. land to archery. But like any other archer, he enjoys talking about the sport, and he is always looking forward to talking game with the bow and arrow.

STALKING THE TARGET—The crouch position, a favorite with archers trying to conceal their approach from wild game, is demonstrated by Herb Buder, a Midland bow and arrow specialist.

Buder reported that archers can perform a real service in game conservation by taking up the shooting of predatory fish. He had some interesting notes on the latest developments in the field of archery. He said that many of the archers are making their own equipment now, and saving money at it.

Has Preferences
Buder maintains that the old style bow and arrow made out of one type of wood such as osage, yew, or hickory is going out. Most of the bows in use now are composites, constructed from layers of several different kinds of wood. One of his favorites is a 60-pound pull lemonwood bow with a fiber backing.

The "pull" of the bow is the strength used to stretch them back and fire the arrow. This can range from 20 pounds to more than 100 pounds in some of the mass-produced bows.

The bowstrings are usually woven from linen or fortisan and they are waxed to keep them twisted and prevent fraying.

Game arrows may be blunt heads, used to stun game, or broadheads, which are pointed for piercing. Many of them are made of cedar wood. The target head arrows have a small point, and are used for marksmanship practice. Fishing arrows have barbs on the head, and some archers use a line to recover them when they are shot.

If you are out hunting one day

and an arrow sings by, don't worry about it. It is probably only Herb Buder or one of his friends trying their luck, and not Robin Hood's ghost.

MODERN ROBIN HOOD—Herb Buder, who prefers to do his game hunting with a bow and arrow instead of a rifle, is drawing a bead on one of those fleet Texas jackrabbits.

Far-Travelling Photographer Selects Midland For Studio

A former newspaper photographer, who traveled 10,000 miles across the United States looking for a new place to live, has selected Midland as the most desirable location he has seen. Comparing the city with others all over the U. S., Harry Fitch said he chose it because "the people are friendly" and it is a "progressive community."

Fitch, who came here from Oskaloosa, Iowa, will open a new photograph studio at 323 North Colorado Street Monday. He will specialize in portrait photography of the family, individually or in group poses. He has had more than 18 years experience in photography, mostly in Iowa.

His studio occupies a building that has been completely remodeled. It has a reception room just like a comfortable living room at home, which has been decorated in gray with contrasting colors. His headquarters is equipped with air conditioning for the benefit of his customers, who can relax while waiting.

Fitch said that his work will be done by appointment. He has had a telephone installed recently, and the number is 4-7519. The studio will be open from 9 a.m. to 5 p.m., Monday through Friday, and a half day on Saturdays, in the morning. If the demand justifies it, he may later be open all day Saturday.

The Midland photographer has moved all new equipment into his studio including Kodatron lights, which are speed lights capable of ex-

poses at one ten-thousandth of a second.

Fitch will not do any commercial photography, but he has sold pictures to Eastman Kodak for their national advertising. One of their current ads features one of his baby pictures.

He has established residence at 261 East Pine Street with his wife, who made the trip to Midland with him. A son in Oskaloosa, Iowa, will continue to manage one of his studios there.

Surgeons Show New Progress In Transplanting Live Organs

By ALTON L. BLAKESLEE
AP Science Writer

This is a story of mankind's great dream, and a law of nature that stands in the way.

It begins with an exciting fact: Spare human kidneys are being put into the legs of people doomed to death because their own kidneys are sick and failing.

The spare kidneys worked for a time, then failed.

The third kidney is taken from persons who just died, or whose own healthy kidney must be removed because of other illness.

The spare kidney is put into a pocket created in the sick person's thigh and is connected to veins

and arteries in the leg, to help purify his blood. The ureter or drainage tube from the spare kidney leads to a cup strapped to the thigh.

Three Boston surgeons have revealed making six such kidney transplants.

Survived 101 Days

The failure of these six transplants may help lead to success in the dream of somebody being able to give humans new kidneys, lungs, hearts or other spare parts when our own vital organs become sick or damaged.

One transplanted kidney worked for nearly two months, and actually survived in another person's leg for 101 days.

This one new chapter in attempts to transplant human organs was described to the Convention of the American College of Surgeons by Dr. David M. Hume, Dr. John P. Merrill and Dr. Benjamin F. Miller of Peter Bent Brigham Hospital and Harvard Medical School, Boston.

Last week, other surgeons told of trying to transplant animals' lungs and hearts and gullets and windpipes.

Law Of Nature
Nature's law is that your body will destroy any protein or tissue other than its individual own, by creating antibodies against it.

All our organs are made of protein. If you put one person's tissue into another's body, he reacts against it with destructive antibodies. Bones and arteries and corneas or windows of eyes are being transplanted. But your own body uses them only as a scaffold, apparently, soon replacing the foreign tissue with its own cells and material.

Why won't one body tolerate tissue from another?

Over the world, many scientists are trying to learn why.

The Boston team doesn't have the answer yet. The patients helped for a time with kidney transplants, died of failure of their own sick kidneys.

But two of the six were able for a time to be up and about and to walk.

Clue Is Given
Maybe there is a clue in the kidney that lived the 101 days.

It was taken from a dead person and for three and a half hours it had not had any blood supply.

Medical men generally believe a kidney dies, becomes useless, if deprived of blood supply for only half an hour.

Yet this kidney, when put into the living patient's thigh, not only started working but resisted for the longest time of all six the new body's attempt to destroy it.

The long lack of blood supply perhaps did something to this kidney, hurt and damaged it. In trying to recover, was it doing something that gave it weapons to resist the destructive reaction started by its new home? If so, exactly what happened?

This is only one clue, maybe not a good one.

A team of 20 Harvard scientists—surgeons, biochemists, immunologists and other experts—is working on the problem, seeking ways to make human transplants work.

One Of Seven Fails Driving Examination

NEW YORK—(AP)—Reexamination of licensed drivers by the State Bureau of Motor Vehicles last year resulted in the failure of one in every seven drivers to pass some portion of the test.

Cullen Burke, head license examiner, said such persons are kept off the road until corrective measures are taken. Under the reexamination program, any person involved in three reportable accidents within an 18-month period or any person over 65 involved in one such accident is subject to a retest. A reportable accident is one in which a person is injured or which results in more than \$50 damage.

Of 1,200 drivers over 65, 300 failed the retest and lost their licenses, Burke reported. Of 9,600 drivers reexamined under the three-accident rule, 1,200 failed at least one portion of the test, either the road test, the written examination or the eye test.

Reporter Yields To Armed Bandit

ALBUQUERQUE, N. M.—(AP)—Hollywood to the contrary notwithstanding, a newspaper police reporter reacts just about like you would if a gunman asked you to "hand it over."

Albuquerque Tribune Reporter Bill Slevin was held up as he entered his apartment by a bandit with a gun "as big as a cannon." He told Slevin to "hand it over." Slevin did.

GENE ASHMORE HUMBLE SERVICE

Competition is the life of the OIL BUSINESS

The demand for oil increases every year.

Americans need more oil for more automobiles, for more airplanes, more ships, more high speed locomotives and more of many things besides.

other to find and produce more oil. Pipe line companies vie with each other to develop low cost transportation. Refineries compete to supply more and better oil products. Salesmen compete on the basis of quality products and the service rendered.

It's a good thing, this competition, a healthy thing. It is the life of the oil business; it keeps the industry vigorous, progressive, enterprising.

But its chief benefit is to you and other Americans. Competition within the oil industry discovers and develops a natural resource necessary not only to modern living but to national defense. It supplies you and the country with continuously improved petroleum products; today, two gallons of gasoline do work that required three in 1925, but the gasoline costs no more than it did then.

And just as one merchant competes with another for your business, oil companies compete for it, too—for the gallons of gasoline and quarts of motor oil you buy; to supply the ships, the locomotives, the industries, the airplanes.

The competition is intense, and it spreads throughout the industry. Oil companies compete with each
