Ike's Chances In Texas Hinge On 'Silent Voters'

Gen. Dwight D. Eisenhower has fighting chance to win Texas' 24 electoral votes and give the South a push toward a real two-party m. But the obstacles strewn in his path are formidable.

President Truman won 70 per cent of the Texas vote in 1948. To chop 21 percentage points off Democratic totals, as Eisenhower must do to triumph this year, is no small en-

The consensus among political experts in this state is that the general already has made important strides toward that end. They believe he still is on the rise. But they also believe that the toughest part of the job lies shead.

The glamor and the glitter and the noise are all on the Eisenhower side in this campaign," said one observer. "But thousands upon thousands of Texans are keeping silent. That big silent vote will determine the outcome in Texas." ocrats' Habit

The general's task is somehow to cut sharply into the hard core of citizens who have been voting Democratic for a lifetime and are reluctant to break the habit.

Valiant South Korean Troops

A good deal is being said these days about pulling American troops out of the Korean lines and leaving the South Koreans to do battle against the Communists.

Anyone who reads the war headlines cannot have failed to notice that in the most important recent struggle -the contest for the summit of White Horse Hill-the South Koreans have borne the brunt of both attack and

In one week's time the hill changed hands 24 times, while the battle raged continuously through bitter days and freezing nights. Through all this the South Korean soldiers proved their mettle as fighting men, as indeed they often have before.

It also is true, of course, that often in the past the portions of the line held by South Koreans have turned out to be the weakest links in the Allied defense. But mostly this was not because the Korean soldiers lacked courage: it reflected more their lack of experience and of equip-
