

NO MORE STAGE SHAMPOOING— Texas' Mary Martin Washes 'South Pacific' Out Of Hair

LONDON—Mary Martin hit 'I'm Gonna Wash That Man Right Out of My Hair' and actually washed her hair on stage at every performance.

She washed her hair at the opening of the show, a musical dramatization of James A. Michener's Pulitzer Prize winning "Tales of the South Pacific" in New York's Majestic Theater April 7, 1949. Since Nov. 1, 1951, she has been washing it at London's famed Drury Lane Theater.

The lady from Texas, in private life Mrs. Richard Hilliday, let it be known that the Mary Martin hairdo is finished as far as Mary Martin is concerned.

She is going to let that blonde hair of hers grow and grow.

After at least 1,500 soap and water shampoos before cheering audiences (and twice as many each day, before and after the show), Miss Martin said: "My hair is stronger, healthier, thicker than it ever was. Even today I had to thin it out. Don't ask me why. I just don't know."

It was a rough week for Miss Martin. Her lyric soprano voice, which she has punished at every performance, was huskier than ever because of a virus infection. She received medical treatment and penicillin shots every day—but nothing could stop her from making each opening curtain.

FRIENDLY FIGHT ENDS IN DRAW

ALPINE—Politically, Ranch Foremen Marilyn Robinson and Ray Leslitter were on opposite sides of the fence.

Robinson was for Eisenhower; Leslitter for Stevenson.

All through the campaign they tried to convert each other to the candidate each favored. But no luck—and came election day.

Together they drove in their boss' car to their voting precinct . . . 110 miles away . . . to cast their ballots.

On their way back they were of one thought:
Was it worth driving 220 miles to kill each other's vote?

Woodford Renamed West Texas Kennel Club's President

George Woodford has been re-elected president of the West Texas Kennel Club.

Other officers named in a recent meeting were: F. B. Pennycook, vice president; Mrs. M. F. Gravender, secretary-treasurer; and Mrs. R. L. Cesar, parliamentarian.

Directors named were Carl Wevat, Leland Davenport, Dr. M. D. Roth, Mrs. George Woodford and Mrs. F. B. Pennycook.

Plans were made for a membership drive during November and December. Anyone interested in purebred dogs is eligible to join the club which meets the first Sunday afternoon of each month for discussions and education in the raising, feeding, showing, training and breeding of purebred dogs.

Membership applications may be secured from Mrs. M. F. Gravender, 209 West Estes Street, phone 2-2908; or George Woodford, Woodford Drug, 2-1681. The initiation fee is \$5, and yearly dues are \$2.

A report of the recent annual West Texas AKC dog show circuit meeting in Lubbock was given, including announcement that Woodford had been elected circuit vice president. Member clubs are Amarillo, Plainview, Lubbock, Midland, Abilene and San Angelo.

Vitamin fortified diets for dogs also were discussed.

Hillbilly Sex Slayer Gets Sentence Stay

SAN RAFAEL, CALIF.—Snatched from the gas chamber by a court order, hillbilly musician Henry Ford McCracken, Saturday had at least two months' grace before he must die for the sex slaying of 10-year-old Patricia Jean Hull.

After hearing testimony from psychiatrists, acting Superior Judge N. Charles Brusatori Friday ruled McCracken sane. He said he would fix an execution date at from 60 to 90 days in the future.

The 34-year-old Santa Ana slayer was scheduled to die in the San Quentin gas chamber a week ago. In a last-minute order, Judge Brusatori granted his lawyers their request for a sanity hearing.

Ground Breaking Ceremonies Slated At Odessa Sunday

ODESSA—Odessa's first 10-story office building will be started at 2 p. m. Sunday with formal ground breaking ceremonies.

It will rise at West Fourth and North Washington Streets, where officials of the Phillips Petroleum Corporation, Ector County and the City of Odessa will gather with other prominent persons for turning of the first earth.

Mr. and Mrs. Ben Nedow, Odessa, long have dreamed of the structure, which will be known as the Phillips 66 building. The million-dollar project will provide 71,000 feet of office space. The top seven floors will be occupied by the oil company—the largest taxpayer in Ector County as well as the largest lease-owner.

Farmers To Delay Action On Bracero Cotton Pay Orders

LUBBOCK—South Plains cotton farmers have decided to withhold action against a government order boosting cotton picking pay until a hearing here this week.

The hearing, which Undersecretary of Labor Edwin S. Galvin has said he would attend, will be held by Galvin's department on the wage paid braceros.

The government has ordered a wage of \$1.75 a hundred pounds of cotton picked in the field, retroactive to October 15.

The growers have been paying \$1.55 a hundred and various so-called fringe benefits, which they claim is the prevailing wage. Tuesday's hearing is to check more closely into the prevailing wage question.

Some 45 members of an executive committee met Friday to plan action. The group which represented some 300 members in 25 South Plains counties were joined in its meetings by Rep. George Mahon.

BE READY FOR THE HOLIDAY SEASON

A fast, happy 3-Point Plan is bringing thousands of people more phone calls, more dates, more fun out of life than they ever thought possible.

IT CAN DO THE SAME FOR YOU!

FIRST . . . you take a few private dance lessons to prepare you for the parties to come. At these lessons you learn the famous Arthur Murray "Magic Step to Popularity." Knowing this step will give you new confidence, almost immediately, as it is the key step to all dances. As the lessons progress under the skilled guidance of expert Arthur Murray teachers, you gain additional assurance and self-confidence.

SECOND . . . you advance to an attractive ballroom right in the studio where you take your lessons with a group of people. Actually this is more like a party than a lesson, as you dance with many different partners, learn to adapt yourself to all kinds of dancers. Now is when your real personality begins to come to life. Where formerly you would be in a panic trying to "make" conver-

sation, now it comes naturally, because at Arthur Murray's you all have an interest in common. In a short time you will be delighted with your new poise and assurance. The pleasant, congenial atmosphere at Arthur Murray's . . . the music, the dancing and all the pleasing companionship make you forget your worries and problems put you at ease.

THIRD . . . the best is yet to come . . . the Student-Teacher Parties. What fun they are! Managed by expert party givers, you dance with all the instructors and pupils, too. There are planned dances, gay novelty dances, lots of laughter and fun. There are never any "wallflowers" at these parties. Now that you know how to dance with carefree skill, people are eager to be your partner.

Child 'On Sale' For Auto, \$500 Returned To Mother

HOUSTON—A pretty blonde three-year-old is going to her mother—a better bargain than once feared.

Little Sharon Ribnikar, once offered as barter for \$500 and a new automobile, has been awarded to her mother, Mrs. Agnes Toth Konesol, Pittsburgh, Pa.

Last March, Sharon's father, divorced from the tot's mother, offered the little girl for a new car and \$500. When arrested, the father—Steve Ribnikar, 27, a butcher—told police he "wanted my girl to have a home."

He had tried to make the sale to two county probation officers. Mrs. Konesol and Ribnikar were divorced in January, 1951, the child awarded to the mother, but turned over to her father a few months later.

But Friday, Attorney Thomas E. Lichtenstein said the mother would come to Houston to get Sharon, in county custody all these months. Said the lawyer after telling the Pittsburgh woman she could have her child:
"She was very happy, all choked up . . . and very elated."

SOME WON, SOME LOST, BUT—

87.1 Per Cent Of Qualified Texans Vote For President

By The Associated Press
Some 87.1 per cent of Texas' eligible voters can say whether their man won or not—Well, at least I voted.

That's a record. The percentage figure comes from an estimated 2,341,000 which the Texas Election Bureau estimates will be the total vote in last Tuesday's general election, the percentage was 84.4 per cent when Franklin D. Roosevelt beat Thomas E. Dewey.

That was the record turnout percentage until Dwight Eisenhower beat Adlai Stevenson and Texas went Republican for the second time in history.

Biggest turnout reported came from Pampa where the estimate was that 97.16 per cent of Gray County's eligible voters turned out.

Fort Worth officials said Tarrant County's turnout was 90.7 per cent. Sherman officials said Grayson County's was 90 per cent.

Nationally the figures are tentatively but Detroit is proud of its estimate of 85.4 per cent vote and Los Angeles of 86 per cent.

The Texas percentage figures are based on actual voting lists in

reality, the voting strength of a county cannot be determined exactly because old persons in cities of less than 10,000 population don't have to register and servicemen don't have to register in certain cases.

The challengers for the record in Texas go like this:
Pampa—Approximately 93.16 per cent turnout in Gray County.

Federal Attorney Resigns Under Fire

SILOUX CITY, IOWA—P—Tobias E. Diamond, 76, U. S. district attorney for Northern Iowa since 1940, has resigned under fire.

Attorney General James P. McGranery announced the resignation in Washington Friday, saying it becomes effective immediately and will be accepted. He declined comment on whether the resignation was requested.

There has been under way a department investigation of allegations of activities in a private civil case incompatible with Mr. Diamond's official duties as U. S. attorney, McGranery said.

Fort Worth—90.7 per cent.
Sherman—90 per cent of Grayson County.

Denton—88.6 per cent in Denton County.
Dallas—87.7 per cent for Dallas County.

Orange—87.7 per cent in Orange County.
Tyler—87.2 per cent in Smith County.

Midland Ranks
Beaumont-Port Arthur—86 per cent in Jefferson County.
Borger—85.2 per cent for Hutchinson County.

Victoria—84.9 per cent for Victoria County.
Galveston—84.7 per cent for Galveston County.

San Antonio—84.16 per cent for Bexar County.
Midland—82.4 per cent, in Midland County.
Amarillo—81.2 per cent for Potter County.

Houston—81 per cent for Harris County.
Odessa—78.5 per cent for Ector County.
Kilgore—76 per cent for Gregg County.

Shiner—72.9 per cent for Scurry County.
Paris—72 per cent for Lamar County.

\$100,000 Donation Due Texas Lutheran

SEGUIN —P—Texas Lutheran College will receive a gift of \$100,000 to build a new chapel, it was announced at Friday's dedication of a new college gymnasium.

Mr. and Mrs. H. H. Weimert, Seguin, are giving the money. Mrs. Weimert is chairman of the board and a long time regent of the school. The new \$260,000 gymnasium is a memorial to Texas Lutheran College students and Guadalupe County residents who died in World Wars I and II and in the Korean fighting. Weimert is a banker and oil man.

Tribal Chief To Chastise Sweet Talking Sister Mary

HOUSTON—P—The tribal chief's unhappy about her deeds and there's no telling what's going happen to sweet talking Sister Mary.

But sheriff's deputies here decided the flashing-eyed gypsy belle spouted honeyed words as they tagged her in connection with a \$170 hijacking of a 75-year-old Baytown liquor store operator.

The deputies never did find the shadowy gypsy woman, but they had reason to believe she was in trouble. They left her punishment Friday

to a bronzed gypsy tribal chief, Joe S. Evans, Fort Worth, after the chief repaid the \$170.

Sheriff's deputies were put on the woman's trail by a neighbor of Dr. P. S. Russell, the liquor store owner. Sheriff's Lt. Sam Warfield said the neighbor reported the fancy-dressed exotic woman had said she was Sister Mary and had sweet talked him out of \$20.

The description tallied with that given by Russell of the woman who had held him up.

So the deputies set off for a newly-patched gypsy camp. There they told the story to the tribal chief.

MARTIN IS INJURED
Luther Dan Martin, 908 South Marshall Street, mechanic for Elder Chevrolet Company, suffered injuries to his left hand and the lower part of his arm at 8:40 a.m. Friday.

Martin was admitted to Midland Memorial Hospital. Attaches said he suffered the injuries when an automobile motor fell from a block.

He expressed doubt that any of his clan was guilty but added darkly:

"If the woman is one of us, I will find out. And we will deal with her in our own way."

Then the chief went with the officers to talk to Russell. In the presence of the officers the chief peeled off a \$100 bill, a \$50 and two 10's and gave them to Russell. "That satisfies me," the liquor store owner said. "I don't want to file any charges."

Oates Doesn't Expect GOP To Apply Wide Spoils Plan

Midland Postmaster N. G. Oates said Saturday that he personally had considerable doubts if Tuesday's Republican victory would result in a wholesale application of the spoils system, if it happens at all.

"I don't think the spoils system is an ethical thing, not only from a personal standpoint, but I believe it is a low form of politics," Oates said.

The postmaster said he believed President-Elect Dwight Eisenhower and other Republican-elect legislators are "decent and honorable men, and I don't think they will institute a wholesale spoils system."

Oates pointed out that postmasters have been covered by Civil

Service since 1938, and could not be fired except on a "trumped-up charge" or by proving lack of merit. If the Republicans really wanted to fire us postmasters, they probably could find something wrong as none of us are perfect," he said.

Regarding his position as postmaster in Midland, Oates said he had no enemies here that he knew of. "If the Republicans want to get me out of office, I have no inkling of it at all."

The postmaster's statements were made in reply to Rep. W. R. Poage of Waco, who said that Tuesday's Republican victory would be a "wholesale application of the spoils system in Texas and elsewhere."

Jailed Fort Worth Undersheriff Fired

FORT WORTH —(AP)—"Automatic" discharge of Deputy Sheriff Rube Horton was announced Friday by Sheriff Harlan Wright here when he heard the deputy was in jail on a drunkenness charge.

Sheriff Wright was notified of his deputy's jailing by Police Chief Don J. Hays, Tucson, Ariz.

Hays told Wright a negro prisoner, William L. Washington, was taken into custody along with Horton. Horton had gone to Florence, Ariz., to bring Washington back to Tarrant County to face an assault to murder charge.

Sheriff Wright and another deputy left Friday for Tucson to bring Washington back to Fort Worth.

Rare Whooping Crane Dies Despite International Care

SAN ANTONIO—A rare whooping crane that was flown to the San Antonio zoo from Regina, Saskatchewan, Canada, Tuesday in a joint effort of the Canadian Natural Wildlife Resources Bureau and the U. S. Fish and Wildlife Service in an attempt to save its life, died Saturday.

The big bird found shot badly was flown to San Antonio by the U. S. Wildlife Service. A wing and leg were broken. Dr. R. L. Shea, the zoo's veterinarian, said it had other complications including lung congestion. He amputated part of the wing and put a plastic cast on the leg.

Up to Friday, the crane was eating well on a diet of fish, meat, shrimp and boiled eggs, and James L. Chalm, curator of birds at the zoo, said the wounds were healing well. But Saturday the lung congestion had not yielded to the sulfa drug treatment and that proved fatal.

Howard Doigen, secretary of the Texas Game and Fish Commission at Austin, said other whooping cranes had arrived at the Aransas Wildlife Refuge on the Gulf Coast and were doing well.

Hold Cotton Back For Higher Price, Abernethy Advises

LUBBOCK—Representative Tom Abernethy (D-Miss) has advised farmers in the South Plains area to hold their cotton off the market for a better price.

Abernethy, chairman of a cotton subcommittee of the House Committee on Agriculture, said, "If farmers will join in a program of keeping cotton off the market, and give it full cooperation, the cotton market will improve considerably."

Abernethy's group was in Lubbock Friday for a one-day meeting and hearing to determine why farmers aren't waiting until prices increase before selling cotton. They left for Memphis, Tenn., after the hearing.

Currently cotton is selling at 21 cents to 22 cents a pound.

A New Deal, Texas, signer T. S. Oliver—told Abernethy's group he believed many farmers sold cotton because they believed the market might drop badly after November 4.

Business-Education Day Plans Move On Schedule

Plans are progressing on schedule for the observance of Midland's second annual Business-Education Day, November 19, Chamber of Commerce Manager Delbert Downing announced Saturday.

The B-E Day observance is sponsored by the Chamber's Education Committee of which J. Harvey Herd is chairman. The city's public schools are cooperating in the program.

Thirty-nine Midland business firms will be hosts to Midland teachers on B-E Day. The teachers

tract, janitorial supply and maintenance, newspaper, wholesale fruits and vegetables, wholesale drug, public transportation (bus).

Purpose is Cited

Approximately 25 firms in 16 or 17 classifications participated in the program last year.

The purpose of Business-Education Day, sponsors said, is to acquaint faculty members with the inside workings and problems of the free enterprise system of business in America.

The program will be reversed in the Spring when Education-Business Day is observed. On that occasion the faculty members will be hosts to representatives of business firms in the public schools.

B-E Day will be a holiday for students in the public school system.

Fisher Advocates Using Atomic Bomb

ABILENE—Rep. O. Clark Fisher, San Angelo, advocates the use of the A-bomb and Chinese Nationalist troops in Korea.

"Our policy continues to favor a stalemate war," Fisher said at a Kiwanis Club meeting Friday night.

He added, "If our strategy in Korea is to remain as a stalemate then we ought to utilize our Asiatic allies to better advantage and drop atomic bombs on the enemy if it will save American lives."

Al H. Vineyard

will assemble at a central meeting place that morning for a brief period for briefing before going to the places of business where they will spend the day.

An information meeting for representatives of host firms is scheduled at 2:30 p.m. Monday in the council chamber of the City Hall, according to Al H. Vineyard, who is in charge of that phase of the program. Literature will be distributed and questions answered. Each participating firm is urged to be represented at the Monday session.

Take Your Choice

Members, letters have been mailed to school teachers, advising them of the program and requesting them to select the type business they prefer to visit on B-E Day.

The host firms fall into 23 classifications: Sheet metal work and manufacture, aerial surveys, building materials, municipal administration, legal, banking, creameries, automotive sales and service, men's furnishings, department store, variety store, hardware and furniture.

High School Boy Confesses Slaying Parents With Rifle

MIAMI, Fla.—A timid-looking high school lad of 16 Saturday quietly admitted the rifle slaying of his middle-aged parents in Kearny, N. J., three weeks ago.

The youth, Claus J. Eschen, took off his glasses and wiped tears from his eyes during the oral admission shortly after his capture in downtown Miami ended a nationwide police hunt.

Police Lt. C. H. Knight quoted the Kearny High School junior as explaining:

"I had a part time job and my family wanted me to quit school and take a full time job."

Police said bad marks at school led to a quarrel with his parents who were reported on the verge of divorce over an attractive brunette.

Young Eschen said he drove to Texas before coming to Florida, traveling in the family car in which police found two rifles, a pistol, two small hunting knives and a machete.

Kearny police said the lad's parents, Hans Eschen, 52, and his wife, Clara, 51 were found dead in their beds, October 27. Each had been shot in the head with a .22 caliber rifle. They had been dead since October 23.

Brunt Booked

Booked as a material witness was an attractive 31-year-old brunette identified as Bridget Eurwitz of New York City.

Kearny Detective Capt. William Sharples said Miss Kurwitz told him Hans Eschen had been her lover since early this year and that Hans had planned to divorce his wife. The elder Eschen and the brunette met on an ocean voyage from Holland to this country last year.

The detective captain said Mrs. Eschen also knew of the affair and had agreed to give her husband a divorce.

The boy sped off the night his parents were discovered shot to death and the FBI immediately sent out an alarm asking his pickup "for unlawful flight to avoid prosecution."

It was the FBI description of the family car that led to the lad's capture.

Casualties In Korea

The Department of Defense Saturday announced the following Texas casualties in the Korean area:

Killed in action, Army: Pvt. Robert M. Mann, Palestine; Cpl. Bobby J. Medlin, McGregor; Pvt. Victor J. Zapata, San Antonio.

Wounded, Army: Capt. William P. Cantrell, Fort Stockton; Pfc. Carl R. Casey, Brazoria; Second Lt. Jimmie L. Hansen, Slator; Pfc. William R. King, Gainesville; Cpl. Horace Martin, Overton; Sgt. Edwin D. Palmer, Stephenville; Sgt. Felix Petty, Jr., Bryan; Pfc. Deal H. Rudd, Slator.

Injured, Army: Second Lt. Wendell R. McFadden, Dallas.

One Dies, Four Hurt As Fast Train Rams Stationary Freight

CAVOUR, Wis.—One trainman was killed and four injured in a million-dollar wreck Saturday when a Soo Line fast freight, westbound for Minneapolis, smashed into a similar twin unit Diesel fast freight standing at a station in this Northern Wisconsin village.

Depot Agent Ray Peterson said Fred LeGault, 61, of Gladstone, Mich., engineer of the eastbound train, was killed.

Peterson said the costly Diesels were almost demolished and at least 31 cars scattered along the ripped up right-of-way. He estimated the damage at \$1,000,000. Twenty-six of the smashed cars were loaded, the other five empty. Peterson said the men on the westbound train "evidently confused their orders" and ran by a signal point.

Negro Slays Three Persons, Surrenders

MILWAUKEE—The proprietor of a dry cleaning shop, his wife and an employe were shot and killed Saturday by a 32-year-old negro in an argument over a cleaning job.

Police said the negro, Cloris L. Walls, surrendered shortly after the shooting which took place near the downtown district.

The victims, all white, were identified as Bernard W. Parness, 52, operator of the cleaning shop; his wife, Fannie, about the same age; and Irwin Lueck, 45, an employe of Parness.

After the shooting, Patrolman George Walters, walking his beat, saw Walls approaching him, two rifles under his arm. Walters shouted, "Lay down those rifles," and Walls complied.

Walters said the negro told him "I just shot three persons. I don't want any more trouble. I shot those people for personal reasons over an argument about cleaning clothes."

Two Baylor Students Charged With Arson

WACO—Two Baylor freshmen have been charged with arson after being accused of setting fires in a dormitory.

The boys were identified as Walter Embree, Houston, and Charles Chapman, Beaumont. The charges were filed Friday by Assistant District Attorney Ted Moore, Jr.

Moore said the charges were based on a blaze that chased two sophomores from their room and caused an estimated \$1,800 damage. The youths, who had been on probation since a bridge burning incident near the Baylor campus October 2, were expelled and turned over to police.

The boys denied having anything to do with the \$1,800 fire, but told a reporter they took part in several small "prank fires" at the dormitory, Kokernot Hall.

Charges Dismissed After Accused Man Pays Court \$17,000

BRECKENRIDGE—A Dallas attorney paid Eastland County \$17,000 Friday and six criminal charges and a civil suit against him were dismissed.

Horrace Walker's trial on charges of embezzling county tax funds was recessed until he and his attorneys turned the money over to the County Commissioners Court.

Walker was accused of taking money he had contracted with the county court to collect from delinquent taxpayers. His trial started Monday after several delays because of his illness.

The county commissioners stated: "There is a genuine dispute over the exact amount involved, the said sum of \$17,000 seems to be a reasonable offer."

An audit by the state first indicated a \$101,000 shortage. An independent auditor Walker hired found a shortage of only \$10,000. Another audit set the shortage at \$17,000.

Key, Wilson & Maxson's REAL ESTATE Bulletin Board REPORTING THE TOP NEWS IN REAL ESTATE

YOU'RE IN LINE FOR LUXURY, and just the right amount of luxury is necessary to make you more gracious. Carved in brick-size Austin Stone, this home features 3 spacious bedrooms, two terraced tile baths, huge kitchen done in pine paneling, and breakfast room. Central heating and air-conditioning, luxuriously carpeted thru-out, bamboo blinds, and draperies. The utility room is paneled, and the garage is attached. Outside, there is a split deck, large surrounding fire pit, lawn, and the patio, and the well. If you want to spoil someone just a little, call NOW to see one of Midland's most magnificent homes. \$31,800.

HOME AND REVENUE is undeniably combined in this home because it has a 2 bedroom and bath in the rear, a dining room and a 3 room home in the rear. Luxurious looking and undisturbed, the main home has two large bedrooms, lovely living room and garage. The kitchen is all electric with refrigerator, home freezer, mangle, automatic washer and dishwasher. Reduced \$10,000 to a sparklingly low \$27,500. Probable income is \$200 per month.

WONDERFUL HOME ON "NOBLES" you will repeat saying, because it has asbestos over the original frame, the two attractive bedrooms, that wonderful living and dining room combination (carpeted), and the two carport attached with the storage room. You'll remember the fence, nice lawn, and that Hank Avery was the architect. And it is priced at only \$10,500.

THEY TOOK THE OLD HOUSE and worked it over to its now having 3 larger bedrooms, two baths, huge kitchen with breakfast area, and 29 feet of spaciousness in the living room. The beautiful oak floors will be completely carpeted. If modern homes emphasize the claustrophobia in you, here's a home that will give you peace of mind. ONLY \$7,700. Let me repeat it: 3 bedrooms and two baths for ONLY \$7,700!

LOVELY, SHE'S SOUGHT it, she uses good construction thru-out. She's veneered in Sunkist brick. Has the 2 nice bedrooms we all envy, the "you-know-what" room, lovely living room, and attached room we call a garage. She's warm in winter (by a dual heater) and delightfully cool in summer. And she's absolutely dust proof. The aluminum windows, the Vent-A-Hood, washer connection, beautiful oak floors and the mahogany doors shape her into a beautiful figure. And here are some more figures. Can be had at only \$2,750. Priced at \$12,450.

IN SKYLINE HEIGHTS, where the homes are consistently rambler, is located this exquisite 3 bedroom, den, 1 1/2 bath home. You'll love the open kitchen with tile wainscoting, the long living room and the full dining room. Two-car attached garage, tile fence, water well. Of course, central heating and air conditioning, carpeting, and loads of closets. Wonderful features too numerous to mention. Priced at \$27,500.

ON YOUR WAY WESTWARD, just past First Turner's magnificent home, stop by 1902 West Mission. Priced far below the market at \$14,500 you get 3 large bedrooms, nice living room, one bath, and 22 feet of wonderful kitchen. Completely carpeted, 3 floor furnaces, and Vent-A-Hood. Look, you, then, at the rest by calling IMMEDIATELY.

ONLY A REALTOR WOULD TELL YOU that one of the best buys in Midland in the way of a three-bedroom, 2 tile bath, brick home, is the one that K&M has on Storey Street. Large living room, full dining room, magnificent kitchen, and a floor plan that is just ideal. Tile fence, BBQ pit, and Storey Street is paved. It is terrific and priced at only \$21,500.

LIKE KENTUCKY STREET LOCATION? Call us about the 3-bedroom, 2 bath home on the corner. It's got everything, including a low price of \$16,800.

Talk Of Tidelands Brings Knowing Smile To Salvatori

LOS ANGELES (AP)—In 1926, ready to leave Columbia University with a master's degree in physics, Henry Salvatori saw a sign on the campus bulletin board: "men wanted in Oklahoma."
He chuckled his part-time job with a research laboratory and headed west, for the Sooner State's oil fields.

Public Relations Report To Highlight API Meet

A detailed report on the public relations program sponsored by the Oil Industry Information Committee will be one of the highlights of the thirty-second annual meeting of the American Petroleum Institute, which opens in Chicago Monday.

150 Discoveries

Working from Argentina to Canada and from Italy to the Philippines, his crews have discovered more than 50 new oil pools and made more than 100 discoveries adjacent to established fields.

Effective At Sea

That's where Salvatori comes in. The companies will want to know what they're bidding on. His is the most extensive survey so far.

Sunray Earnings Show Increase For First Nine Months

Sunray Oil Corporation's earnings per share of common stock outstanding during the first three quarters of this year is up to \$1.73 per share as compared to \$1.65 for the same period of 1951. It was announced in a joint statement made Saturday by C. H. Wright, chairman, and W. C. Whaley, president of the company.

High Activity

Sunray's land acquisition program and geophysical exploration activity have continued at a high peak during the third quarter of the year. The company's wildcat acreage for future development is located in the trend of important oil discoveries, especially in Louisiana.

Capital Secured

"Capital for these expansions, part of which came from the issue of additional shares, was secured before construction began. However, the return from the money acquired from the new shares and other sources, will not be reflected in earnings until the new facilities are in operation."

Sales and operating revenues of the company increased to \$65,287,765 in the nine-month period from \$63,282,408 in the same months last year, but operating charges increased to \$52,471,244 from \$48,013,245. Net income before tax provisions amounted to \$12,389,842 as compared with \$13,902,320.

Dazed Dems At Party's Wake See Sign Of Life In Its Corpse

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—The wake of the defeated Democratic Party here in Washington on election night marked the end of a 20-year era.

A couple thousand of the party faithful had been invited to what was to have been a victory celebration at the Mayflower Hotel grand ballroom.

Washington was a dead capital. Democratic National Committee Chairman Steve Mitchell appeared before the crowd at midnight to say that he wasn't conceding a thing.

A big scoreboard across the length of the ballroom was many minutes behind the news tickers, the radio and the television, in posting election returns.

Most of the really big shots didn't bother to show up at all. Secretary of Agriculture Charles F. Brannan, who never misses any party, was there.

Chairman Mitchell and the national committee headquarters staff stayed pretty much in their suite of offices up on the second floor, carefully guarded by secretaries and assistants.

Dazed Democrats, trying to figure what had hit them, could only conclude that it was everything. Korea, Alger Hiss, corruption, Trumanism, too long a hold on office, too much Republican money, too much Eisenhower.

"Look at Oklahoma," said Senator Mike Monroney from that normally Democratic state. "Our National Guard division went to Korea and all the vets who came home complained they were in a war that weren't allowed to win. That did it."

There was a lack of fight all through the South. Democratic Party headquarters had turned the Tennessee campaign over to the regular party organization of Boss Crump in Memphis, and he did nothing.

Senator Harry Byrd's defection in Virginia really hurt. Georgia Senators George and Russell gave only belated endorsements to the ticket and did no campaigning.

Q—What method is used for seasoning lumber?
A—Lumber is now commonly seasoned in drying kilns. The air is maintained at high temperatures, and the humidity is controlled by automatic instruments.

Q—What was the oldest and youngest signers of our Constitution?
A—The oldest was Benjamin Franklin, 81, and the youngest was Jonathan Dayton, 26.

Q—From what race of people did France derive its name?
A—The Franks, a Germanic tribe who set up a kingdom in the Fifth Century.

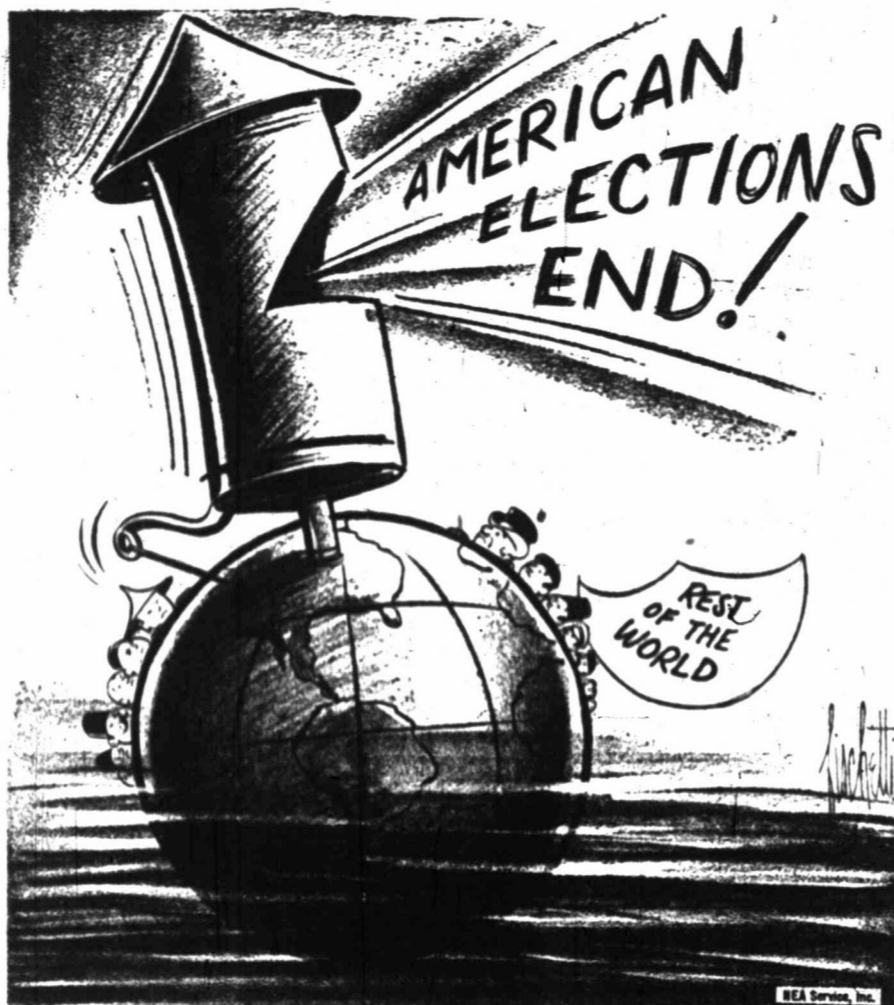

Q—What is the origin of the word pedigree?
A—This is a phonetic pronunciation of the French phrase, pied de grue, meaning 'foot of a crane.' The French thought the symbols used in genealogical tables resembled a crane's foot.

Q—What was Franklin D. Roosevelt's popular vote plurality over Thomas E. Dewey in the presidential election of 1944?
A—Roosevelt had a popular vote plurality over Dewey of 3,966,227.

The Washington Merry-Go-Round

By Drew Pearson

Copyright, 1952, By The Bell Syndicate, Inc.
Drew Pearson says: War, Europe, Korea among many problems facing Ike; Waste in armed forces sure to feel GOP ax; Good public servants vital to Washington cleanup.

WASHINGTON—Here are some of the chief problems facing President Eisenhower and the way he is likely to deal with them.

War—Despite campaign charges that Eisenhower would lead us into war, this probably is less likely than the average President. First Eisenhower's mother was a Jehovah's Witness, a religious sect persecuted for its hatred of war.

Economic Outlook—The Wall Street Journal echoes the views of some business leaders that Ike's headachess will not be so much from inflation as deflation. This is because the mobilization program has reached top speed and is bound to taper off.

The Budget—With Ike committed to both strong defense and pruning the budget, his cuts will have to come by eliminating waste in the armed services.

Red Hunting—The search for Communists will not change much, except that the noise will shift. Eisenhower will continue to depend on J. Edgar Hoover and the Loyalty Board.

Korea—Inside fact is that Eisenhower was given the same secret Korean intelligence summary that was laid on the President's desk every week.

China—These indicate that the Chinese likely are to stiffen their demands when Eisenhower arrives in Korea.

WASHINGTON—Here are some of the chief problems facing President Eisenhower and the way he is likely to deal with them.

War—Despite campaign charges that Eisenhower would lead us into war, this probably is less likely than the average President.

Economic Outlook—The Wall Street Journal echoes the views of some business leaders that Ike's headachess will not be so much from inflation as deflation.

The Budget—With Ike committed to both strong defense and pruning the budget, his cuts will have to come by eliminating waste in the armed services.

Red Hunting—The search for Communists will not change much, except that the noise will shift.

Korea—Inside fact is that Eisenhower was given the same secret Korean intelligence summary that was laid on the President's desk every week.

China—These indicate that the Chinese likely are to stiffen their demands when Eisenhower arrives in Korea.

Personal Triumph For Ike

Gen. Dwight D. Eisenhower's astounding landslide victory is above all a personal triumph for him. Across the nation he ran far ahead of his party in state after state.

When a victory of such proportions is made, it means a new mood is upon the people. This was not an election that could have been won or lost by slight changes of strategy.

This result shows the American people have a yearning for a new face, the face of a man they can trust. They clearly want fresh and original thinking upon a whole host of problems that the present administration seems able to meet only with tired, worn, unproductive and sometimes corrupt effort.

Beyond doubt Ike's triumph measures these things first. The reinforcing fact is that issues like the Korean war, inflation, communism in government, corruption and the like, have bitten deep into the consciousness of the average voter.

By that very token, Eisenhower—and his party—are on firm notice from the people to deliver. In this victory he has cut across all lines, sectional, economic, ethnic. He plainly has captured countless normally Democratic votes.

In 1916, the Republicans rode to victory in Congress on a wave of postwar resentments against controls, short-ages and such. When the people did not like what the party did to solve those problems, they promptly threw the GOP out and restored the Democrats to power.

That could happen again. For nothing in this victory, however sweeping it may be, suggests the Americans have yet shaken off their predominantly Democratic-voting loyalties. They merely are giving somebody else a trial run.

If Eisenhower is able to produce answers matching his remarkable contributions to America's security during and after World War II, then he may be able to consolidate the hold he now has gained on his own party, and begin to cut away Democratic strength in a more lasting manner.

Should that happen, the country may mark Nov. 4, 1952, as the inaugural date of a real two-party system in the South. For nothing about Ike's winning was more striking than the heavy inroads he made in states that only once before in modern times have tumbled into the Republican column.

There can be no gloating among Republicans. If they do not know it now, they soon will learn that winning the presidency in this critical age is something like winning a war—it is only slightly better than losing.

For General Eisenhower instantly inherits a frightening catalogue of problems of world-wide scope. He has great difficulties ahead in party organization and control. He must continue the process—so well begun—of making himself over from a military man to a statesman and politician.

In this task all men of good will in America can only wish him the very best of fortune and voice the hope that with God's help he may succeed.

Mossadegh's Bad Gamble
In breaking off diplomatic relations with Great Britain, Premier Mossadegh of Iran merely has formalized a condition that already existed.

From the moment the Iranian oil crisis began, Mossadegh has shown absolutely no disposition to deal with the British except on his own terms. Since these were almost totally unacceptable to the British, there never was any real basis for effective negotiation of Britain's oil interests in Iran.

Mossadegh has gambled throughout this trying period on his belief that the West could not allow Iran to suffer too greatly, for fear it might fall prey to Russian communism. That is the foundation of his stubborn stand.

His severing of ties with Britain suggests he now understands that this strategy will not work as applied to the British. But it suggests also that henceforth he is putting his chief reliance upon the United States.

In other words, the Iranian premier seems convinced that America will not stand by and watch Iran sink into a financial abyss, but will be compelled by the necessities of the world power struggle to rescue a tottering government.

For us this poses a dilemma. We indeed cannot blithely permit Iran to crumble and Russia to pick up the pieces. But neither can we move eagerly and positively to Mossadegh's aid, for in this course we would be undercutting sharply Britain's position. And Britain is a greater ally in the world power contest than Iran, for all its oil.

Seyer Flies Bombing Runs From Okinawa

First Lt. Chester L. Seyer, brother of Jack E. Seyer, 2408 West Kentucky Street, Midland, is back on Okinawa, the same base from which he bombed Japanese targets during World War II. This time he is bombing targets in Korea.

The former West Texan is a radar bombardier on a B-29 plane which he termed obsolete before the last war was over.

Much of the other equipment being used also is obsolete, the lieutenant advised his Midland relative in a letter received several days ago.

Lieutenant Seyer, formerly a construction engineer for Phillips Petroleum Company at Borger and Bartlesville, Okla., was assigned to the Okinawa air base about 30 days ago. He expects to spend another five months there.

ATTEND HOMECOMING

Mr. and Mrs. Barney B. Highower, Mr. and Mrs. Jimmy Edwards and Tommy Horn, all former students of Austin College, are attending homecoming this weekend at Sherman.

when struck by an artillery shell in front line fighting.

His body was accompanied back to the United States by a brother, Sgt. Johnny King, USMC.

King formerly lived in Midland with another brother, Joe King, 1011 South Weatherford Street.

Maj. Ben W. Hedges, 405 North Fort Worth Street, is returning to the United States for reassignment to Camp Gordon, Ga.

He is accompanied by his wife and two children, who have been in Okinawa with him.

Lt. Frank L. Turner, 602D West Watson Street, recently was awarded a diploma from the U. S. Air Force Extension Course Institute at Gunter Air Force Base, Ala., for completing the Squadron Officer Correspondence Course.

Ernest D. Harkrider, son of Mr. and Mrs. Ernest Harkrider of Kermit, recently was advanced to personnelman, third class, at the U. S. Naval Training Center in San Diego, Calif.

Olen C. O'Neil, seaman, son of Mr. and Mrs. R. L. O'Neil, 109 South Dallas Street, has reported to the U. S. Fleet at Yokosuka, Japan, for duty.

He entered the service in May, 1952.

John F. Heard, son of Mr. and Mrs. Loyd A. Heard of Crane, has been advanced to ship's serviceman, second class, while serving aboard the attack transport USS Lanawee in Korea in August.

Cpl. J. W. Carlisle, whose wife, Sarah, lives in Kermit, has been keeping warm with a new kind of stove in Korea.

A seventh Infantry Division artilleryman, he was among the first soldiers to receive one of the Army's all-fuel heaters designed especially for use in tents, bunkers and other field shelters.

Corporal Carlisle, supply sergeant to the 49th Field Artillery, entered the Army last February and arrived in Korea in August.

Reporting for duty aboard the amphibious force flagship USS Mount McKinley is Guy M. McCully, seaman, son of Mr. and Mrs. H. H. Plate of Crane.

Garland Peacock, son of Mr. and

Mrs. Julius C. Peacock of Kermit, has been selected for advancement to aviation mechanic's mate, second class, while serving with Air Anti-Submarine at U. S. Naval Air Station in San Diego.

Cpl. Richard W. Hegenheiser, son of Mr. and Mrs. Armin P. Hegenheiser, 2505 West Washington Street, is now serving in Germany with the Fourth Infantry Division.

He is a squad leader in the 2nd Regiment's Company G and entered the Army in April, 1951.

Dee H. Rose, Jr., son of Mr. and Mrs. Dee H. Rose, 1011 West Missouri Street, has been advanced in rate to tradesman, third class, at the U. S. Naval Auxiliary Air Station at Kingsville, Texas.

DE SOTO FOR 1953—Featuring a completely new body, the 1953 De Soto goes on display Thursday in the new showrooms of the Mid-West Motor Company, 2803 West Wall Street. Pictured is a Fire Dome V-8 four-door sedan, which is powered by De Soto's 160-horsepower Fire Dome engine. Six body styles are offered in the V-8 series, while five body types are available in De Soto's Powermaster Six line.

New '53 De Soto Models Go On Display Here Thursday

The 1953 De Soto, a distinguished new automobile both inside and out, will go on display Thursday in the showrooms of the Mid-West Motor Company, 2803 West Wall Street. Featuring an entirely new body the 1953 De Soto highlights beauty

in every line. The new body, accentuating long, flowing lines, new longer swept-back fenders and a wider, lower rear deck, makes the new DeSoto a longer, lower and wider automobile.

Interiors of the 1953 De Soto feature handsome, new upholstery fabrics, distinctive new door panels and richly-grained instrument panel and window moldings—all in harmony with new exterior colors.

The new De Soto is offered in two great series, the Fire Dome V-8 powered by the sensational 160-horsepower Fire Dome engine, and the famous Powermaster Six.

Both series are available with De Soto's Full Power Steering, the famous driving advancement which makes driving safer and easier under all conditions and parking and turning "easy as dialing a telephone," company officials said.

An exterior highlight of the 1953 De Soto is the massive new grille with new parking lights set at the extreme edges of the grille, underneath the headlights. A chrome frame encircles both grille and parking lights.

Styling Innovation
A styling innovation on the new De Soto are the chrome fender moldings on both front and rear fenders.

Wheelbase of the new De Soto has been maintained at 125 1/2 inches, while overall length has been increased from 208 3/8 inches to 213 3/8 inches.

A curved, one-piece windshield combined with new, narrower corner posts provides greatly increased visibility in the new De Soto. Glass area of the windshield has been greatly increased.

A one-piece, sweep-around rear window increases rear vision while adding to the smart rear end styling.

Eleven body styles are offered in the two De Soto lines. Choices in the Fire Dome V-8 include: 4-Door Sedan, Club Coupe, Convertible

New Midland Building Off In Last Week

New construction slipped off a little last week in Midland and left the 1952 total still dangling just below the \$20,000,000 mark.

Elma Green, residence, 307 South Clay Street, \$850.

Prairie Homes, residence, 1102 East Hickory Street, \$8,800. E. P. Armstead, residence, 300 North Carver Street, \$1,500. Bob Richards, residence, 3115 West Michigan, \$15,000. Sam Montgomery, office, 2600 West Wall Street, \$1,500. H. P. McClintock, residence, 2073 West Cuthbert Street, \$9,860. Homer Thornton, remodeling of roof and addition of two rooms, \$2,000.

Pearl Brewery Wins Truck Safety Award

SAN ANTONIO—The Pearl Brewing Company of San Antonio received national recognition as leader in the nation for safe truck operation for large fleets in the entire beverage industry.

The honors were revealed in safety figures released by the National Safety Council for the period July 1, 1951, through June 30, 1952, which placed the San Antonio firm first in the United States in accident-free truck operation.

Using two types of trucks in their fleet operation, Pearl Brewing Company placed first and third, far ahead of the national average for safety in truck fleet operation.

Sailor Makes Like Soldier In Korean War; Prefers Sea

WITH U. S. 40TH DIVISION, KOREA—(AP)—Startled infantrymen on the Korean front asked: "What's a sailor doing up here?"

"I'm looking for my ship," was the stock answer.

Actually Octavio Garza, radarman from the carrier Bon Homme Richard, was looking for his brother, John, a corporal from Austin, Texas. They hadn't seen each other since Christmas, 1950.

They finally met.

"Neither of us could say anything, then we couldn't say enough," Octavio said.

The sailor donned Army combat garb, grabbed an M-1 rifle and saw some action while the 40th Division took three Red-bellied hills during his five-day stay.

After the first day, Octavio had to wear "one of those 100-pound

Army helmets." That was after an officer yelled at him.

"Take off that white hat, sailor. You're a living target."

When Garza left to hitchhike back to his ship, he said:

"Five days on the front really make a guy appreciate clean bedding, showers and hot meals."

Livestock
FORT WORTH—(AP)—Week's trend of livestock prices at Fort Worth. Most classes of cattle about steady, calves strong to \$1 higher, hogs \$1 higher, fat lambs steady to 50 cents lower, older sheep stronger to 50 higher.

Week's prices: Slaughter steers and yearling \$14-\$22; beef cows \$13-\$18; slaughter calves \$10-\$25; stocker steers and yearlings \$14-\$23; stocker calves \$14-\$24; stocker cows \$12-\$17; slaughter lambs \$15-\$22.50; yearling wethers \$10-\$16; aged wethers \$8-\$10; ewes \$4.50-\$7; feeder lambs \$10-\$15; closing top butcher hogs \$18.25; sows \$17 down.

Soap never should be used on white silk unless it first is dissolved in water.

Council Observes Community Day In Episcopal Church

The Midland Council of Church Women observed World Community Day Thursday with a special program in the Trinity Episcopal Church.

The Rev. Ray W. Protzman, assistant pastor of the First Christian Church, spoke to the group on "Building Lasting Peace." In his talk he discussed both national and international problems.

The invocation was given by the Rev. R. J. Snell of the Trinity Episcopal Church. Mrs. Milward Miller was organist and Mrs. G. T. Schmitt, soloist, sang "Let Not Your Heart Be Troubled" and "Lead Me, Lord."

Mrs. C. O. Puckett, special programs chairman, conducted the worship service in the form of a responsive reading. The group sang two hymns, "God of Grace and God of Glory" and "Peace in Our Time, O Lord."

"Packets for Peace" composed of leaflets and clothes for children from the ages of one to six, were collected and a special offering was taken up to buy medicine and vitamins for under-nourished children around the world.

The gifts were placed on the altar and dedicated in prayer by Mrs. Paul McHargue of the First Christian Church.

Mrs. A. T. Barrett and Mrs. P. N. Shriver were registrars and Mrs. Don Sivalls and Mrs. J. P. Butler served as ushers.

The benediction was led by Mrs. C. O. Puckett. Following the program tea was served in the parish house with Mrs. William Kerr and Mrs. E. B. Van Saun presiding at the tea table. Mrs. Hal Rachal was in charge of the decorations, which carried out a green and gold color scheme.

Home's Vacation Is Over; Prepare It For Winter Days

Vacation days are over for your house. Its hardest work lies in the months ahead, and you can save yourself money and grief by checking now to be sure it is in tip-top condition for winter. Some repairs can be made at all in cold weather. Others become more expensive because men can not work as fast or as well as they do in mild seasons. Here is a list from the Tile Council of America for possible future trouble spots:

- Roofs**—needs repairs every seven or eight years, on the average. Examine it the next rainy day for leaks. If there are water drips, trace them back to their source, which may be some distance away and mark the spot.
- Bathroom**—Home bathing facilities get hardest use in winter. Waterproof materials such as clay tile should be installed where wall or floor surfaces are damaged. Clay tile is permanent and won't be injured by steam.
- Sidewalks and driveways**—Have cement work done before freezing days arrive.
- Heating plant**—Have it cleaned and repaired now. You probably will neglect having the work done if you wait till the heating season has started.
- Windows**—Check the windows now and repair frames that need it. While you're about it, check screens, too. Repairing them at the time you do windows can save you valuable time next spring.
- Summer furniture**—A few weeks of bad fall weather can do it more damage than a summer of wear. Check it for insect damage. Store it.
- Gargle**—Now is the time to remember the safety habits of always opening garage doors wide before starting the car. Danger of carbon monoxide gas thus is eliminated.

FROM LOS ANGELES
Mrs. Carrie Bush of Los Angeles, Calif., arrived in Midland Friday for a short visit.

Color 'Truly' A Fourth Dimension

"Color truly is a fourth dimension," says Beatrice West, a color consultant who has styled the exteriors of more than 80,000 houses in all parts of the United States. Miss West explains that color can create desirable illusions to make the low, rambling ranch-style architectural proportions or emphasize good ones. And she adds that "of course, skillfully used color always makes a home more attractive." Writing in Practical Builder magazine, she makes these specific suggestions about color's fourth dimensional powers:

- 1—Roofs**—The roof normally is the largest unbroken visible expanse and sets the color pace for the exterior. Light and bright asphalt shingle colors make a house appear lighter. Dark and neutral colors make the house seem lower. New pastel shades in asphalt roofing fit the low, rambling ranch-style architecture, giving it a feeling of importance and greater size.
- 2—Exterior walls**—Light tones make a house seem larger, and dark tones do the opposite.
- 3—Trim**—To increase the apparent size of a house, paint the trim to match the walls. For a house in a large home development, an exception to this rule is to paint the trim in contrasting colors for variety and individuality.
- 4—Accent**—Over a small house seems larger when the body tone of the house is light and doors are in dark contrasting hues.
- 5**—If the proportions of the dwelling are good, stress them by painting the best-looking structural parts in contrast to the general body color.
- 6**—Disguise bad features by painting them to match surrounding areas.
- 7**—Bright and warm colors advance and add to size. For example, a red asphalt roof will look larger and higher than it actually is.
- 8**—Darker and cooler colors recede and decrease size. A gray house with a gray asphalt shingle roof will look smaller. The roof is the key area in regard to visual mass, Miss West says.

"The importance of color to the appearance of a home cannot be overemphasized," the color consultant adds. "Color fools eyes. Intelligent planning of color is the one means a home-owner can use to give a small house a big feeling. And, conversely, it is the one means by which a big, awkward house can be made to appear as a more comfortable and manageable place in which to live."

HERE FROM ALPINE
Mrs. J. C. Wright, Mrs. Beryl Monroe and Katherine Jenkins of Alpine were business visitors here Friday and Saturday.

HERE FROM BIG SPRING
Mr. and Mrs. Lloyd Clements were business visitors Friday and Saturday in Midland.

These two drawings show how light colors can make a house look larger than it really is. Both drawings are exactly the same size. Light-colored roofing makes a house seem bigger. New pastel colors of asphalt shingles "raise" a roof, and darker colors "lower" it.

HomeOwners Should Know Meaning Of Construction Terms

If you're building or remodeling, it's helpful to know what construction terms mean. Here are definitions of some of the more common ones:

- Soffit**—The underside of any structural section. The term often is used in reference to the underside of a cornice.
- Coping**—A cap on the top of a masonry wall. It keeps water from seeping into the masonry work.
- Caulking**—Caulking is the process of sealing joints against the weather. Joints around door and window frames are usually caulked. A mastic compound is used.
- Scratch coat**—The first coat of plaster on a wall. It is scratched with a tool, forming a rough surface to which the second coat will adhere firmly.
- Riser**—In a stairway, a riser is the upright piece connecting stair treads.
- Lintel**—A lintel is the horizontal load-supporting beam at the top of a window opening or a doorway.
- Louver**—An opening in a wall to allow free circulation of air inside. Air circulation lessens moisture condensation.
- Jamb**—The vertical piece at the side of a door or window opening.
- Raked joint**—A masonry joint in which the outer surface of the mortar is scraped away to form a groove. The groove then outlines the masonry units—bricks or concrete blocks.
- Header brick**—A brick laid with its end, instead of its side, toward the surface of the wall.

Oak Floor On Concrete Slab Adds Warmth

Oak flooring is being installed in more and more homes erected on concrete slab bases, according to builders in areas where that type of building is prevalent. One important reason, they say, is because home owners have found that properly laid hardwood floors eliminate the winter problems of coldness and dampness sometimes associated with slab construction.

strip oak flooring now can be laid over concrete by a relatively new method which eliminates the expense of conventional wood flooring.

Oak floors, the builders point out, are especially desirable over a concrete slab, since they have considerable insulating value and thus retard heat loss. The moisture barrier used either under the slab or on top of it in this type of construction guards against floor dampness.

Added Warmth
In addition to the natural insulating quality of the wood there is another explanation for the added warmth of oak floors over a slab, according to builders.

The flooring, they explain, is nailed to short lengths of 2x4s laid wide side down. At these bearing points, therefore, there is a floor thickness of almost three inches—two in the nailing pieces and almost one inch in the oak flooring itself.

In the area between the nailing pieces the oak is separated from the slab by an air space of two inches. That, too, serves as an insulating factor. The flooring is not in direct contact with the cold slab.

With some types of substitute flooring this protection is missing. The flooring itself often is less than a half-inch thick, has little insulating value and is adhered directly to the concrete.

Gondola In Venice? Boyles Go Wading, Take Motor Boat

By HAL BOYLE
 VENICE—(P)—In some famous places it is almost unwritten law that the visitor do certain things—or be regarded as a hopeless hill-billy.
 At Coney Island you simply have to eat a hot dog. And here in Venice a tourist must take a ride in a gondola and sit at an outdoor cafe and feed the pigeons in the Piazza San Marco.
 That puts me in an embarrassing spot. I can see right now what will happen when Frances and I get back home. Some veteran traveler will say: "... and in Venice, of course, you rode a gondola and fed the pigeons in St. Mark's Square?"
 "No," I will have to confess, "to tell you the truth we went wading."
Rode In Motor Boat
 And I can see right now the look of incredulous disdain.
 Well, we didn't. We rode in a motor boat—and we went wading.

We had to.
 Venice is a fabulous marble town on stilts and 98 islands slowly crumbling into its 150 canals in a lagoon off the Adriatic.
 We arrived at dusk and the lights twinkling on seemed like fireflies in an Old World fairyland.
 Glancing from the prow of the big tourist boat out across the dark waters of the Grand Canal at the dark grandeur of ancient palaces, Frances murmured:
 "What a wonderful place to be with someone who was romantic rather than rheumatic."
 I thought that was a peculiarly witty remark.
Off Come the Shoes
 The day was raw, gusty and intermittently rainy. I took along a breakfast roll so I could feed the pigeons, but when we reached the Piazza San Marco water was creeping over the square and no pigeon was in sight.
 We entered the tremendous palaces of the Doges, Venice's ancient rulers, and worth traveling half a world to see.
 When we came out, it was raining and the Adriatic tide had flooded the entire square. The water was almost knee deep. We had only an hour in which to get back to the hotel, pack and catch a train.
 "There's only one thing to do," said Frances, who would rather go wading than eat caviar. So—as the natives stared—we took off our shoes and stockings, and waded through the flood back to the hotel.

There was no time for a gondola. I had to hire a motor boat.

American Education Week

YOUNG MUSICIANS — Music is an integral part of the Midland educational system which is to begin its observance of American Education Week Sunday. Here, a group of choir members at David Crockett Elementary School sing out to the piano accompaniment of their director, Marjorie Wilson. Pictured left to right are, front row Jerry Castle, Clyde Wilson, Billy Thornton and Leland Harrington, and, second row, Ellen Stafford, Robbie Ware, Patricia Olson and Sylvia Arnold.

READERS—Mrs. Marvin McCree conducts a reading lesson for a small group of her first graders. Shown left to right are Sharon Farrell, Bobby Dorman, Johnny Thomas, Mrs. McCree, Helen Penland, Lee Penn and Bobby Levens, all students at North Elementary School.

BOYS AT WORK — Bill Braly, shop class teacher at Cowden Junior High School, supervises the work of student, Wayne Wilson, while two of Wayne's classmates watch. Schools have come a long way since the readin', ritin' and 'rithmetic stage. Today classes which teach skills are stressed along with the more conventional subjects.

DRIVERS — Irma Hunt takes the wheel during her driver education class while Audrey Gill, teacher, "sits" by. Back-seat passengers are Gwen Campbell (behind driver) and Joyce Morris. Such driver classes are doing much to reduce the high accident rate among teenagers.

PARENTS VISIT — Modern educators act on the theory that interested parents and teachers make interested students. In the picture at right, Adrienne Foote, teacher at Lamar Elementary School, chats with Mr. and Mrs. Gerald Hyde, parents of one of her pupils. Parents are encouraged to visit their children's schools at any time.

Cowden-Madden Vows Read In First Methodist Church

In a double-ring ceremony at 8 p.m. Saturday in the First Methodist Church, Alma Faye Cowden became the bride of Wales Hendrix Madden, Jr. Dr. R. Matthew Lynn, pastor of the First Presbyterian Church, officiated.

The bride is the daughter of Mr. and Mrs. Clyde Cowden, 111 North D Street. Madden is the son of Mrs. Wales Madden of Amarillo and the late Mr. Madden.

Mrs. Frank Miller, organist, played the following nuptial selections: "Autumn Song," Elmore; "Clair de Lune," Debussy; "I Love Thee," Grieg; "When Thou Art Near," Bach, and the traditional wedding marches. She also accompanied Mrs. Jim Jennings of Abilene who sang "One Alone," Romberg, and "Because," D'Hardelot.

Following the ceremony Mrs. Miller played on the tower bells, "O Perfect Love," Barnby.

Given in marriage by her father, the bride chose a gown fashioned of white handwoven Italian silk taffeta, styled with a scalloped shepherdess bodice, intricately embroidered with hand-run Alencon lace in a plume design. The bateau neckline was traced with the scallop detail of the lace. The brief sleeves had a deep scallop detail and were complimented by long, tightly fitted mitts that tapered to points at the bride's hands.

The full bouffant skirt, worn over hoops and crinoline, terminated in a wide fan-shaped train. Her veil of Belgian rosepoint lace, bought on her recent tour of Europe, was fashioned over imported French silk illusion and extended in a circle beyond her fingertips from a tiny brimmed calot of illusion. The pattern of lace formed a scallop edge around the brim.

Bouquet Described
The bride carried a cascade bouquet of lily-of-the-valley and white orchids with a white satin shower which included, as the traditional something old, a portion of the ribbon from her mother's bridal bouquet.

For something new, she wore a strand of pearls, a gift of the bridegroom. For something borrowed, she chose a Belgian rosepoint handkerchief which belonged to the four bridesmaids who toured Europe with the bride, and she wore a blue garter for the traditional something blue.

Mrs. Hugh Corrigan III of Vero Beach, Fla., was the matron of honor and Marylee Cowden of Midland served as the maid of honor. Bridesmaids were Elizabeth Ann Cowden, Norma Jean Hubbard, Barbara York, Marilyn Myers of Dallas, Laura Woods of Abilene and Mrs. R. B. Caldwell of Garland. Jessie Faye Oliver of Midland was the junior bridesmaid and Linda Cowden, also of Midland, was the flower girl.

The attendants were identically attired in gowns of misty coral velvet. Their dresses were fashioned with wide rounded necklines, enhanced by wide insets of shirred velvet and short cap sleeves. The full, gathered skirts extended to floor length. They wore matching velvet scoop brim bonnets, accented with short nose veils, and a single rhinestone on either side.

The bridesmaids carried coral anthurium bouquets designed with pink angel leaves and matching velvet loops. The maid and matron of honor carried pink anthurium bou-

quets styled with coral angel leaves and velvet loops and the junior bridesmaid's bouquet was of miniature anthuriums with matching trim.

Carries Nosegay
The flower girl carried an old-fashioned nosegay of pink sweet-heart roses and wore a bandeau of matching roses.

Rudy Bauman, Jr., of Amarillo served as the best man. Groomsmen were Pat Babb, Pat Oles, George Morris, Eugene Lyons, Bourden Ray Barfield and Bill Hughes, all of Amarillo, and Dewitt Ray, Jr., of Dallas, and junior groomsmen were Jimmy Nelson of Midland.

Ushers were Bob Armstrong of Austin, Dan Arnold of Houston, Bob Bauman of Amarillo, Charles Sanders and Overton Shelmire of Dallas and Harry Webb of San Antonio.

Church decorations featured a background of woodwardia trees centered with a large sunburst arrangement, the lines of which were repeated in other sanctuary ar-

rangements composed of white gladiolus and white spider mums. A balanced arrangement of the same flowers was placed on the communion table before which the ceremony took place.

The natural wood paneling of the sanctuary was accented by smilax with white tapers and white spider mums along the choir rail. Seven-branched candelabra holding white tapers completed the sanctuary decorations.

The communion rail was banked with smilax and white spider mums and a pretieu of white flowers was fashioned on the rail before which the bride and bridegroom knelt.

Bridal cloths were placed on both aisles of the church. The pews occupied by the immediate families and special guests of the bride and bridegroom were marked with white spider mums corsages tied with long narrow satin streamers. Similar corsages with wide satin bows marked the other pews.

For her daughter's wedding, Mrs. (Continued On Page Three)

Scouts Play Games, Continue Activities

Three Girl Scout troops continued their games and activities Friday at meetings in the Little House.

Brownie Troop 66 played games. Birdie Harris was a guest at the meeting.

Guests at the meeting of Brownie Troop 65 were Jacky Bingham and Mrs. H. R. Bingham. The girls made a kapper chart for the cook-out to be held next Friday.

Nancy Sealy was named president of Brownie Troop 49 Friday. Other officers chosen were Ruth Dunham, secretary; Kathy McClure, treasurer, and Sally Benning and Nan Newton, monitors.

VACATION IN ARKANSAS
Mrs. R. D. Meyers and daughter, Mrs. John D. Bowden of San Antonio, left Saturday for Fort Smith, Ark., where they will visit Mrs. Katie Parker, mother of Mrs. Meyers. They also will visit in Pauls Valley, Okla. before returning home.

ENROUTE TO DALLAS
Mrs. and Mrs. R. D. Baker of San Francisco visited here Saturday enroute to Dallas.

Luncheon Honors Bride-Elect

Mrs. John P. Butler and Mrs. W. W. Studdert were hostesses at a luncheon Thursday in the Petroleum Club honoring Jean McMullan, bride-elect of Joseph Pluta.

A color scheme of white and gold was carried out in the decorations. The table was centered with an all-white arrangement of stock and fruit which was tipped with gold. White and gold leaves and white grapes, tipped in gold, extended from the centerpiece. Placecards also carried out the white and gold theme.

The hostesses presented a gift to the bride-elect.

Sixteen persons attended the event.

Camera Club Hears McNary

G. O. McNary was the speaker when the Midland Camera Club met Thursday in the Palette Club Studio 604 North Colorado Street.

He discussed the principles of light in connection with the use of filters in black and white photography. Explaining that different types of films are sensitive to various portions of light, from ultra violet to infra red, McNary pointed out the advantages of the use of filters under adverse conditions to improve the picture.

Mrs. Carl England was introduced as a new member of the club. Visitors were Mr. and Mrs. Conking, G. B. Johnson and C. L. Davis. Others attending were Betty Lewis, Mrs. J. V. Birdwell, Mrs. George Gibson, Mr. and Mrs. A. J. Six, Mr. and Mrs. A. V. Reid, Charles Henderson, E. E. Reigle and J. H. Frazier.

Cowden-Madden Vows Read—

(Continued From Page Two)
Cowden chose a gown of champagne imported ribbon-embroidered lace styled over a bouffant accordion-pleated nylon skirt. Her hat was a bandeau of a deeper champagne velvet trimmed in rhinestones. Long buff-colored gloves and a beige Cattleya orchid shoulder corsage completed her ensemble.

Mrs. Madden wore a dress of grey chiffon and chantilly lace with a small matching hat. Her accessories were amethyst and she wore a lavender Cattleya orchid shoulder corsage.

Following the ceremony a reception was held in the Midland Country Club. The bride's table was covered with a white satin cloth with a nylon net skirt decorated with small flowers tied in ribbon streamers. The centerpiece was fashioned of white flowers in an epergne effect, flanked with silver candelabra accented with clusters of matching flowers. The wedding cake was encircled by lily-of-the-valley.

The bridegroom's table, covered with a gold cloth, held an arrangement of bronze mums. Arrangements of gladioli and white spider mums were used throughout the ballroom, and similar arrangements were used in the entrance hall and on the organ.

White gladioli and white mums decorated the guest table. Ruth Elliott McEntire, Mrs. Evans Dunn and Mrs. Ed Magruder presided at the guest register.

Parties Honor Bride

The bridesmaids luncheon and the rehearsal dinner, both held Friday, completed the round of nuptial parties for Mrs. Wales Hendrix Madden, Jr., the former Alma Faye Cowden.

The couple was married Saturday in the First Methodist Church.

Mrs. Guy Cowden and Marylee Cowden were hostesses at the bridesmaids luncheon in the Midland Country Club.

Cupids and flowers in the traditional pink were used on the table. Places were marked with tiny cupids and individual corsages. Onan Vaudell furnished a program of piano music.

The hostesses presented a gift to the honoree.

Approximately 65 guests attended the rehearsal dinner which was held Friday in the Petroleum Club.

The buffet table was centered with an arrangement of bronze mums and gold magnolia leaves on a silver tray. Flanking the arrangement were silver candelabra with cascades of grapes around the base.

An arrangement of Fall leaves and mums centered the dinner table. The attendants wore white carnation corsages and the honoree and the mothers of the bride and bridegroom wore corsages of white roses.

Mary Louise Logan

Couple To Wed Thanksgiving

Mr. and Mrs. D. M. Logan of Colorado City have announced the engagement and approaching marriage of their daughter, Mary Louise, to Curtis Erwin, Jr., of Stanton.

The wedding will take place at 9 a.m. November 27 in the All Saints Episcopal Church.

Miss Logan is a graduate of Colorado City High School and later attended North Texas State College in Denton. She has been employed in the Shell Pipeline office. Miss Logan recently returned from a six-month stay in Maracaibo, Venezuela.

Erwin is a graduate of Colorado City High School and Texas A&M College. He was an Air Force pilot in the South Pacific.

Erwin formerly taught agriculture at the Mitchell County Vocational School in Colorado City.

Following the wedding, the couple will live on the Erwin ranch near Stanton.

SCHEDULES CLASS

A flower arranging class for beginners will be held from 9 a.m. until noon Wednesday in the parish house of the Trinity Episcopal Church. Reservations may be made by telephoning 2-2106. Mrs. Hal Rachal will be the instructor.

Children's Theater To Present Play

The Children's Theater, under the direction of Art Cole, has begun work on its second production of the year, "Mr. Popper's Penguins." The play, sponsored by the Midland Service League, will be presented November 19-22 in the City-County Auditorium. Performances will be free to all children and any adults accompanying them.

The plot revolves around the gay and funny adventures of Captain Cook, a penguin from the South Pole who is sent to live with the Popper family. One of the first problems be-setting the Popper family is finding a place cold enough for their new pet to live. Later they send for another penguin, Greta, to keep Captain Cook from being lonely. Before they know it the house is filled with penguins and the family must part with most of its possessions in order to keep them fed and housed.

Beta Sigs Tour Museum, Hear Program On History Of Dress

A tour of the Midland County Museum and a program on the history of dress were the features of meetings of Xi Alpha Mu and Beta Delta chapters of Beta Sigma Phi Sorority Tuesday night.

Members of Xi Alpha Mu chapter met at the courthouse for a tour of the county museum, conducted by Mrs. Ruth E. Stumbo, custodian of the museum. Mrs. Stumbo also gave a brief talk on the museum and its exhibits.

Following the tour, members held a business meeting in the home of Elizabeth Knox, 2803 West Kentucky Street.

Each member brought to the meeting the material, pattern and other notions needed to make a complete dress. The materials will be sent to Girlstown, U. S. A., where all girls of 12 years or older are taught to make their own clothes.

The gifts will be a part of the chapter's contribution to the state-wide Beta Sig project to aid Girlstown. Planned as Christmas gifts to Girlstown, the materials will be sent immediately so the dresses can be completed before the holiday season.

It was announced that Dee Anis Barlow has received permission from

the sorority's international office to transfer to the chapter from Xi Beta Beta chapter of Abilene.

It also was announced that Miss Knox, Mrs. Victor Chancellor and Beta Beights were to attend the sorority's West Texas Area Council November 8-9 in Abilene. Miss Knox was to be the official delegate from the chapter.

Mrs. Stumbo was a guest for the meeting. Members attending were Mrs. A. R. Ayles, Miss Beights, Mrs. Chancellor, Sara Johnson, Miss Knox, Mrs. W. S. Ketch, Jr., Mrs. R. L. Maddox, Jr., Mrs. Charles Reeder, Mrs. Jim Tidmore and the

sponsor, Mrs. Sam Preston.

Mrs. Paul E. Haskin and Dorothea Hendrick gave the program on the history of dress when Beta Delta chapter met in the home of Mrs. L. R. Lay, 2402 West College Street.

During a business session, members discussed Christmas gifts to be sent to Girlstown. Also discussed was the assessment by the sorority's city council of \$1 per chapter member per month, September through May, for the fund to aid Girlstown. Pledges attending the meeting were: Evely Bailey, Lady Kidwell, Mrs. Robert Patton, Mrs. E. C. Smith, Mrs.

Woman's Club, Inc. To Extend Drive

Officers of the Midland Woman's Club, Inc., have announced the patron membership drive, which was to close Friday, will be extended through this week.

The club's building committee, headed by Mrs. C. S. Britt met at 9:30 a.m. Friday to hear reports on the drive from committee chairmen. The meeting was held in the home of Mrs. L. E. Daniels, 1601 West Missouri Street.

A goal of 100 patron members has been set. The drive was extended, Mrs. Britt said, to allow each chairman more time to contact those on

their lists. It parallels the completion of plans for a new Woman's Club building to be erected on a three-acre tract across from the Ranchland Hill Country Club.

Plans call for a large room for parties, plus a smaller room especially designed for use by garden club members and a kitchen.

To make the task of ironing easier, have your basket of dampened pieces within easy reach; and a table nearby on which to pile the freshly ironed clothes.

Noted Aviatrix 'Grounded' In Desk Detail For Service

By GRACE HALSELL
Reporter-Telegram Special Correspondent

WEISBADEN, GERMANY — Petite Helen Wheeler, native Texan and famous aviatrix, admitted as we enjoyed a \$2 meal for 85 cents in our officers hotel here, that she felt a little like a bird with clipped wings.

A captain with the U. S. Air Forces in Germany, Miss Wheeler has a flight log with flying time in everything from the heavy bombers of the fleet P-51's, but now she's "grounded" in a section called "mail and records."

That's because the services make no room for women aviators.

Born in Brownsville, Helen Wheeler "grew up flying." By the time she was old enough to get a private license, she had picked up enough hours for a commercial one as well.

Joining Braniff Airways in 1936, she reportedly was the first to suggest the on-board lunches.

During World War II she ferried

planes over the U. S. and Canada, adding another 2,000 hours to her log. Before that, she taught primary basic and advanced flying to both Air Force men and Navy cadets at Prescott, Ariz.

Movie stars who have learned flying from her are Jimmy Stewart, Robert Taylor and Mary Astor. She taught flying at Palestine, Texas, and Fort Worth's Midwest Field.

Miss Wheeler was the first woman governor of the National Aeronautical Association in Texas, and was the first woman commissioned after the Air Force became a separate branch of the armed forces.

Soft-spoken, modest Captain Wheeler arrived in Germany last Summer.

Marjorie Simmons, 220 West Illinois Street, and her sister, Totie Simmons, a student at Bethany-Pentel College, are guests this weekend of their mother, Mrs. Jarel Simmons, San Angelo.

MOUNTAIN PAINTER—Albert Marshall, above, is pictured as he works on one of his watercolor paintings of a mountain scene. Marshall, who is well known for his mountain paintings, will have an all watercolor exhibit opening Friday in the Palette Club Art Center.

RHODES HOSPITALIZED
Ray R. Rhodes, 1111 West Texas Street, who underwent surgery last week at Baylor Hospital in Dallas, was reported Saturday to be in good condition. He is expected to return to Midland in about two weeks.

Palette Club Slates All-Watercolor Exhibit

In observance of American Art Week, the Palette Club Art Center will open Friday an all-watercolor exhibit of paintings by Albert Marshall of Three Rivers, Calif.

The show will be the first all-watercolor exhibit and the second show of the Fall season for the Palette Club.

Paints Mountains
Featured in the exhibit will be a number of the paintings of mountains for which Marshall is famous. He first became interested in sketching and studying the well-known mountains of the world when he was 12.

As his painting style and technique has developed, he has won praise for his ability to capture the elusive beauty of mountains. He paints entirely in watercolor and his coloring as well as his strict adherence to natural detail make his mountain paintings unusual in that field.

Much of Marshall's mountain painting has been done in the Sierra Nevada of California. As soon as Summer comes, he starts his sketching trips, traveling with his own pack stock or on the annual high mountain trips of the Sierra Club.

Marshall received his early training in art in the Hopkins Art Institute in San Francisco, where he was a pupil of the late Frank Van Sloun. Van Sloun was noted for his murals and a mural quality is sometimes noticeable in Marshall's works.

First Texas Exhibit
This will be Marshall's first Texas exhibit, although his work is well-known on the Pacific Coast, where he has had numerous exhibits and where his paintings are seen in many homes and offices.

The Midland exhibit will continue through November 21 and the Palette Club Art Center, 604 North Colorado Street, will be open to the public daily from 2:30 until 6:30 p.m. and from 7:30 until 9:30 p.m.

Study Group Slates Meeting

The six to 12 division of the Child Development Group of the American Association of University Women will meet at 7:45 p.m. Monday in the home of Mrs. J. H. Shelton, 1611 West Louisiana Street.

Feature of the meeting will be a book review, "Delinquents in the Making—Paths to Prevention," to be given by Mrs. G. G. McNary.

The book was written by Sheldon and Eleanor Glueck, a husband and wife team of Harvard professors in the fields of sociology and psychiatry.

SUPERINTENDENT TO SPEAK AT FIRST METHODIST CHURCH
Dr. J. Edmund Kirby, Pampa district superintendent, will speak Sunday at the First Methodist Church, instead of at the St. Mark's Methodist Church where he originally was scheduled to speak.

Dr. Kirby will speak for the Rev. R. L. Kirk, pastor, who has been injured in an automobile accident. He also will be guest speaker at the St. Mark's Methodist Church Sunday night.

Tryouts Slated For Community Theater Play

The Midland Community Theater, which closed its first production of the Fall season Saturday, will hold tryouts for its next production Sunday, Monday and Tuesday.

The forthcoming production will be "John Loves Mary." Tryouts are scheduled for 2 p.m. Sunday and 8 p.m. Monday and Tuesday in the City-County Auditorium.

Saturday night the theater closed its production of "The Madwoman of Chailot," which opened Wednesday.

Serving as ushers for the four performances were a group of members of Iota Beta, Xi Theta, Beta Delta, Xi Alpha Mu and Mu Psi chapters of Beta Sigma Phi Sorority.

Assisting were Pat Shuffield, Doris Meyer, Verda Bartlett, Carolyn Wooten, Mrs. Bob Hillin, Elizabeth Knox, Ina Hubbard, Bobbie Marshall, June Balch, Mrs. David Heath, Flo Lamp and Mrs. Joe C. Wilson.

Daddy Ringtail

The crisp, cold air of a fine Winter day had come to the Great Forest. It was a nice day to sit in front of the fireplace in the monkey house high in the top of the very tall tree. That is what Daddy Ringtail, your monkey friend, and Mugwump Monkey, the monkey boy, were doing—sitting in front of the fireplace, all snug and warm.

“Well, I am the boy,” said Mugwump, and so he began to tell a story. He told a story of what happened next about the nail that was lost.

The nail lay in the road, a long, long time where it was lost from the shoe of the horse. Snow fell on

Mugwump said: “Daddy Ringtail, I hear you, Mugwump.” Daddy Ringtail answered: “If he were the daddy instead of the boy, he would tell the boy a story. ‘Well, I am the daddy,’” said Daddy Ringtail, “and so I will tell the story.”

“Sure,” said Mugwump. Daddy Ringtail told a story about a nail and all the trouble it caused. The nail was lost from the shoe of a horse. And so the shoe came off, and the horse became lame and the rider didn't get to the place he was going, and a battle was lost, and the king wasn't king any more—all because of the nail that was lost from the shoe of the horse.

it and it was covered all Winter with snow so it couldn't cause any trouble.

When the snow melted in the Spring, a boy came along and saw the nail. The boy was the son of the used-to-be-king. The boy made a fishhook out of the nail and went from the shoe of the horse. He fished and caught a fine fish. He took it to the kitchen of the new king for a present. The boy got the job of cooking it and soon he was

chief cook, and then he was chief cook and bottle washer, and then he got to be butler, and next the boss of the castle for the king, and his job got better all the time, until the king made him a prince—and at last when the king died, the boy became king himself all because of the nail. Anyway, that's what Mugwump said. Happy day!

DON'T STARVE TO TAKE OFF FAT

Here is an inexpensive home recipe to take off unsightly weight and help bring back slurring curves and graceful slenderness. Just eat from our diet, four ounces of liquid Barrestrate. Four into pint bottle and add grapefruit juice to fill bottle. Then take just two tablespoons twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of extra fat without fasting, long exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose bulky weight and help regain slender, more graceful curves, return the other bottle for your money back.

LOST 20 POUNDS
"I have lost 20 pounds taking Barrestrate," writes Lucile Campbell, Route 1, Grandview, Texas. "I feel so much better and am losing weight right along. No more fasting and no feeling like taking Barrestrate."
"I'm Vin Baker, Route 2, Box 197, Bowie, Texas, writes to say: "I am well pleased with Barrestrate. It not only took off 15 pounds around my hips and abdomen, but it has made me feel so much better."

AFTER 36 COLORFUL YEARS.—

Tom Connally Closes Book On History-Making Career

By Tex Easley
WASHINGTON — It's moving time at the Capitol for those whose service as legislators is coming to an end, among them Texas' own veteran Senator Tom Connally.

The process is a slow one, especially when you figure the mass of official and personal matters that can be accumulated in 36 years. Connally entered the House in 1917, went to the senate in 1929.

Two weeks Connally's office staff has been busy sorting out the things that will be saved, those that will be left as government property and those that eventually will end up in a Texas museum or library. Requests have been received from a number of people and institutions wanting to add some of Connally's

collection of personal papers, photographs, and official correspondence to their exhibits.

History Of Era
When the walls are stripped in Connally's three-room suite, Capitol Hill will be the poorer. Just as the senate chamber itself next year will be a bit less interesting without the presence of the silver-haired and eloquent Texan, the Senate Office Building will be minus one of the most colorful and intriguing sections.

Two of the three rooms occupied by the senator on a fourth floor corridor contain a virtual photographic history of the times over the last three decades.

On the walls of the reception room, in the center, and in the

senator's private office, hang scores of photographs of such events as the signing by the President of a declaration of war or an act setting up a depression-period relief agency. Connally, of course, is seen prominently in virtually all of them. One shows him leaving No. 10 Downing Street, the British Prime Minister's official residence in London.

Senator Tom Connally

Recently in virtually all of them. One shows him leaving No. 10 Downing Street, the British Prime Minister's official residence in London.

May Write Book
When you enter Connally's high-ceilinged, red carpeted office you see not only large photographs and paintings of Texas cities and ranch lands but other reminders of the Lone Star State. There is a scale model oil derrick, the old time wooden kind, and a big guayule shrub rests on top of a cabinet with two rubber balls to show what the latex from the plant feels and looks like.

Aides of the senator says several writers and publishers want to cooperate with him in getting out an autobiography or a book of some

kind on his life and views. They say that he intends to withhold disposition of many of his personal papers and photographs to see whether they may be needed in such a volume.

Although the senator himself has never disclosed his future plans, it is generally believed that he and

Mrs. Connally will continue to reside here in the capital. It is pointed out that they own their own home in a very pretty and attractive section of northwest Washington.

In that respect, it might be noted that there are scores of retired senators and representatives living here. They prefer the company of

friends and cronies of long years in Congress rather than returning to home states where they may actually have resided only for brief periods over several past decades.

WEEKEND IN SAN ANGELO
Mrs. Ann Mason is visiting in San Angelo this weekend.

35 DRAFTEES FACE EXAMS

Thirty-five men from this area will be sent to Abilene on December 19 by the Midland draft board for physical examinations. They are all classified as 1-A, and those that pass their physical tests will be inducted into military service at a later date.

The December group is composed of men who were born before Feb. 1, 1932.

PI BETA PHI TEA—Members of the Midland Pi Beta Phi Alumnae Association have announced plans for their annual settlement school tea to be held Wednesday in the home of Mrs. Don Oliver. Examples of the handicrafts of the settlement school area will be on display. Here, Mrs. Frank Lewis, a member of the

Midland Pi Phi group, tries her hand at weaving on a loom similar to the ones used by the people of the settlement school district. Looking on are, left to right, Mrs. W. A. Montgomery, Mrs. Jack Riggs and Mrs. Emil C. Rassman, also members of the Midland alumnae group.

Pi Beta Phi Alumnae Slate Annual Tea

The Midland Pi Beta Phi Alumnae Association will hold its settlement school tea from 2 to 6 p.m. Wednesday in the home of Mrs. Don Oliver, 1300 Country Club Drive. Given annually to interpret the society's philanthropic interest to the community, the tea will feature a display of Alumnae Craft products made by the Pi Beta Phi settlement school.

The purpose of the school, which is located in the mountainous area of Gatlinburg, Tenn., is to give the community educational advantages which the county is unable to provide, and to enrich and improve the community's living conditions. Began approximately 40 years ago

with only 14 students, the school today boasts an enrollment of more than 300. In 1912 a teacher was hired for the full eight-month term instead of the previous five-month term. Now the county supplies enough teachers to meet the basic educational requirements and the organization facilitates teachers for arts and crafts, woodworking, physical education, health and music.

The school also maintains dormitories, administered on a cooperative basis for students who live too far back in the mountains to ride the school buses.

The teachers provided by the Pi Phi have encouraged the mountain dwellers in the revival and preservation of their old crafts and customs. All the items to be shown at the tea were made in the rural homes within a radius of eight miles of Gatlinburg. The weaving is done by hand on simple four harness looms. In 1921 there were three such looms in operation, but last year there were more than 100 working to keep up with the demand for goods.

Rooms To Be Shown

The brooms, which proved popular when shown at earlier teas, all are made by one family out of broom corn raised on their own farm. A number of these brooms will be on display again this year, club officers said.

Today 100 women support their families through the sale of their handicrafts. The work is sold through the Pi Beta Phi Arrowcraft Shop.

During the Summers a workshop is held under the joint sponsorship of Pi Beta Phi and the University

Garden Club Hears Address By Mrs. House

Mrs. John House spoke on "Tips On Putting Our Gardens to Bed" when the Yucca Garden Club met Thursday morning in the home of Mrs. Alfred Tom, 1611 West Texas Street. Mrs. John Braun was co-hostess.

During a business session conducted by the president, Mrs. B. R. Mathews, it was announced by Mrs. J. M. White, Jr., that the club's Christmas party will be a silver tea in the home of Mrs. Ernest Neill.

Proceeds from the tea will go to veterans in the Big Spring Veterans Hospital. Members of the program committee will be in charge of the gift to the hospital.

It was announced that the executive board will meet at 9:30 a.m. Tuesday in the home of Mrs. Harlan Howell, parliamentarian, to discuss revisions in the club's by-laws.

Mrs. Billie Gilbert reported on the membership drive of the Midland Woman's Club and Mrs. Robert Donnell read the resignation of Mrs. Nelson Puett, who is moving to Kilgore.

Yoted in as new members of the club were Mrs. Ralph Grays and Mrs. Fred Spears. Guests for the meeting were Mrs. Edmond Tom of Stanton, Mrs. H. D. Gilliam, Mrs. James Ikard and Mrs. Arthur Moore.

Members present included Mrs. W. H. Black, Mrs. Braun, Mrs. M. S. Dickerson, Mrs. Donnell, Mrs. Gilbert, Mrs. R. E. Gillespie, Mrs. Oliver Gooch, Mrs. House, Mrs. Howell, Mrs. J. A. Koeiger, Mrs. H. L. Laundum, Mrs. J. C. Lawrence, Mrs. Mathews, Mrs. Guy McMillan, Mrs. Neill, Mrs. Tom, Mrs. R. K. Richard, Mrs. Harry Rhodes, Mrs. White and Mrs. Zeb Wilkins.

Mrs. Smith Guest Speaker At Garden Meet

Mrs. Joe C. Smith was the guest speaker for the meeting of the Yucca Garden Club Thursday. She spoke on the history of roses.

The meeting was held in the home of Mrs. Harry Krist, 2504 West Cuthbert Street, with Mrs. A. J. Olsen as co-hostess.

It was announced that Mrs. Hal Rachael is to instruct a beginner's flower arrangement school from 9 a.m. until 12 noon Wednesday in the Trinity Episcopal Parish House.

Proceeds from the school will go to Cub Scout Pack 7. Reservations may be made by calling Mrs. J. T. Sikes, telephone 2-2106.

Crockett P-TA Slates Open House

The David Crockett Parent-Teacher Association will observe American Education Week with an open house from 7 until 9 p.m. Tuesday in the school.

Previous plans for a P-TA supper have been canceled to allow parents to participate in the open house, officials said Saturday.

Each room of the school will have a register for visitors to sign and prizes will be awarded to the upper and lower grade rooms on the basis of this registration, it was explained.
