Sinclair Assured Major Extender To N-C Schleicher Pool

Sinclair Oil & Gas Company has been assured a major extension to Strawn production in the Huldale field of North-Central Schleicher County, seven miles north of Eldorado.

The concerns No. 1 Dwight McClatchey, one mile southeast of production in the field, was drilled and tested from 5,580-5,620 feet. Tool was open 25 minutes. Gas surfaced in one and one-half minutes and oil sprayed in 20 minutes. After the tool was open 25 minutes, operator shut the well in because of high winds.

Operator estimated the gas volume at 7,000,000 feet daily. Recovery was 60 feet of clean oil and no water. More hole was being made. Location is 467 feet from north and west lines of section 31, block M, OH&SA survey.

Clean Oil Found On Wolfcamp DST In Lea Sector

Clean oil was recovered from the Wolfcamp at Sinclair Oil & Gas Company No. 1 Lee Whitman to mark a three-quarter mile north extension to the Denton (multiple) field of Central-East Lea County.

Operator took a drillstem test from 2,924 to 3,321 feet. Tool was open three hours. Gas surfaced in 20 minutes. Recovery was 5,900 feet of 46-gravity oil and no water. Open flowing bottomhole pressure was 1,475 pounds and 20-minute shut-in pressure was 1,300 pounds. More hole was being made. Location is 330 feet from south and west lines of the southwest quarter of section 18-12s-35e.

Gas Shows Logged On DST At Humble Test In Terrell

Humble Oil & Refining Company found good shows of gas on a drillstem test in No. 1 Blackstone Estate and others, wildcat in Central-North Terrell County.

Section tested was from 3,675 to 4,100 feet. Tool was open three and nine minutes. Recovery was 200 feet of heavily gas-cut mud. No gauge or estimate was made on the gas flow.

A drillstem test was then taken from 2,702 to 3,727 feet. Tool was open 75 minutes. Recovery was 170 feet of heavily gas-cut mud.

Before the drillstem test, which made the gas flow, was taken; operator took a test from 3,643 to 3,675 feet. Tool was open 45 minutes. Recovery was five feet of drilling mud with no shows.

Intervals tested on the above three tests were in an unidentified formation. Operator was drilling below 3,769 feet.

Location is 1,880 feet from south and 330 feet from east lines of section 38, block B-2, CCS&R&RG survey. It is 13 miles southwest of field.

Ector, Cottle Are Each Given Site For Wildcat Exploration

Gulf Oil Corporation staked locations for two more wildcat projects in West Texas.

No. 721 Goldsmith will be drilled 890 feet from north and 2,008 feet from east lines of section 4, block 44, T-1-S, T&P survey and in North-west Ector County.

Operations to 9,600 feet will be started at once. The test is two and one-quarter miles north of the Goldsmith (Ellenburger) field.

In Southeast Cottle County, Gulf will drill No. 1 C. D. Shamburger. It is 860 feet from south and west lines of section 5, F. R. Knott survey. It is slated to go to 7,000 feet, starting at once.

Reagan Wildcat Develops Water In Ellenburger

Cabot Carbon Company (formerly General Atlas Carbon Company) and Shamrock Oil & Gas Corporation, No. 1-A University, Central-South Reagan County wildcat found a little gas and a large amount of sulphur water in the Ellenburger. The prospector did not find any oil in that section. Electric logs were being run at last report. The project did not log any shows of commercial production in any zone it penetrated and it probably will be plugged and abandoned.

This wildcat was high on pre-

General Rains Ride Norther Across Texas

Wool sock weather in all of Texas was the prospect for Monday night, but without any more rain.

The Weather Bureau expected the Panhandle and parts of West Texas to need blankets, and freezing temperatures were predicted for some portions of North and Northeast Texas.

Rains Douse Forest Fires Over Nation

The East, South and Ohio Valley were chilled and wet Monday and loved it. General rains (snow in New England) gave at least temporary relief from the month-long plague of forest and brush fires that have blackened millions of acres in the eastern half of the nation.

For some of the timberland, it was the first important precipitation in more than two months.

The rains, which were continuing in many sections, will also exhausted forest rangers to rest. National Guardsmen drafted for emergency duty and civilian volunteers to go home.

MIDLAND GETS RAIN, THEN ICE

Midlanders awoke Monday to find ice. The mercury dropped to seasonal low of 31 degrees, the C.A. observers reported at Midland Air Terminal.

The ice quickly disappeared under clear skies. The temperature is expected to drop below freezing again Monday night before the warmup resumes Tuesday.

PRETTY QUICK, THEY DISCOVER

GREENBELT, MD.—(AP)—Three teenagers got into an argument over how fast an airplane would burn.

Police said, they set one on fire and burned it up — also a second plane tied down nearby.

Prince Georges County Police said Monday the three boys—aged 15, 16 and 17—admitted their part in the incident, which happened Sunday.

State Road Panel Chairman Inspects Projects In Midland

E. H. Thornton, Jr., of Galveston, chairman of the Texas Highway Commission, arrived here by plane Monday to confer with Fred Wemple, a member of the commission, and to inspect highway department projects underway here. Mrs. Thornton accompanied her husband to Midland.

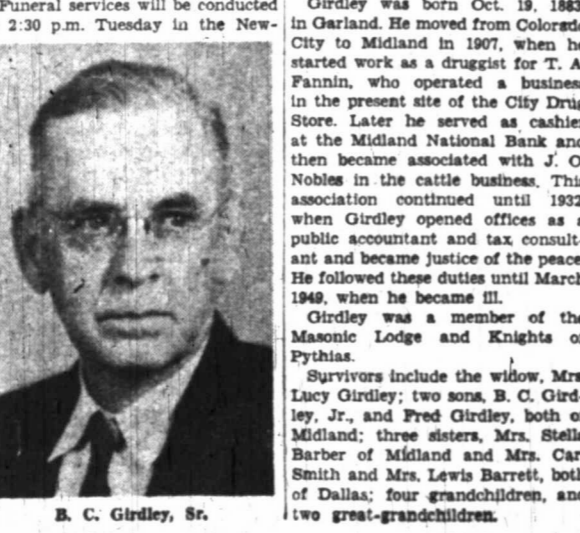

Commissioners Thornton and Wemple were to inspect the Front Street widening and paving project and other highway programs in and around Midland Monday afternoon. The afternoon tour was arranged by the Highway Committee of the Chamber of Commerce. Roy Faltinson of Pecos, district highway engineer, joined the commissioners for their conference and inspection tour.

W. D. Dixon, 48, Vernon Editor, Dies

PORTALES, N. M.—(AP)—Welcome D. Dixon, 48, editor and associate publisher of the Vernon, Texas, Daily Record, died early Monday at nearby Elida, N. M.

Dixon and his family had arrived Saturday to visit his parents, Mr. and Mrs. J. J. Dixon of Elida.

Death was due to a heart ailment. The body was being returned to Vernon Monday for funeral services.

JEEPERS!—PEEPERS!—Actress Christine Larson, left, of Hollywood, Calif., doesn't approve of a neighbor with an inventive turn of mind, and a bad attack of 'amour. In order to keep his eye on Christine, the neighbor erected a periscope on the roof of his house, right, so he could peer over the trellis fence which separates the two homes. Police could find no anti-periscope ordinance to guide them, but they did warn the lovelorn man to cease his submarine-style love-making.

SELECTION OF JURY BEGINS— Wife Of Treetop Smith Slayer Missing At Trial

A writ of attachment was issued Monday for the estranged wife of Robert Marion Boykin as the 49-year-old bricklayer went on trial for murder in 70th District Court here.

The writ was ordered by Judge R. W. (Bob) Hamilton as Boykin's wife, Ida, failed for the second time to appear as a defense witness in the trial of the slayer of Ladell Charley (Treetop) Smith.

Sheriff's deputies immediately began searching for the woman, who last week filed a suit for divorce in Ector County.

The issuance of the writ of attachment climaxed the preliminary legal sparring which included the barring of nine-year-old Rodney Boykin from sitting beside his father.

Judge Hamilton ordered the bespectacled youth to leave his father's side at the counsel table and take a seat in the spectator's section of the courtroom of the third floor of the Midland County Courthouse.

"This is the district court," said District Attorney W. O. Shafer in protesting the youth sitting next to his father. "The juvenile court is on the second floor."

The judge announced his action over the protest of Pete Turner and W. G. (Bill) Abbott, Boykin's attorneys.

First Juror Chosen

A few minutes later, however, Turner won a defense victory when Judge Hamilton ruled, over Shafer's objection, that Smith could be referred to, in the questioning of prospective jurors, as "Treetop," a nickname indicative of the slain man's size.

Allied Infantrymen Knock Korean Reds Off Strategic Hills

SEOUL.—(AP)—Allied infantrymen, in 11 hours of savage close-quarter fighting Monday, drove 1,300 North Korean Reds off two strategic hills on Korea's eastern front.

The Reds attacked in waves Sunday night behind a curtain of 4,000 rounds of artillery and mortar fire. They captured a crest of Anchor Hill at 6 a.m. and smashed to the top of another hill to the south and 6:25.

The UN troops counterattacked almost immediately. They stormed back to the top of the second hill in just 15 minutes.

The Reds fought with bitter determination from the top of Anchor, but the Allies were not to be denied. They reached the top at 8 a.m. and closed with the Reds. Allied warplanes swooped low and pounded the Reds with bombs and searing jelled gasoline.

The U. S. Eighth Army said Anchor's crest was secured at 9:30 a.m.

Elsewhere little action was reported along the 155-mile ground front.

Eisenhower Designates Lodge, Dodge As Liaison Men, Is Mum On Cabinet

AUGUSTA, GA.—(AP)—President-elect Dwight D. Eisenhower's choice of Senator Henry Cabot Lodge and Detroit banker Joseph M. Dodge for key pre-inauguration assignments appeared Monday to assure them major posts in the new Republican Administration.

Eisenhower Sunday named the Massachusetts GOP senator his liaison man to work with the interim Truman Administration in all federal agencies except one.

To the Budget Bureau as his personal representative the general appointed Dodge, a Republican with a long record of fiscal and other service in the outgoing Democratic regime.

The team of Lodge and Dodge, named after they and other GOP leaders conferred with the President-elect at his vacation headquarters, plans to get to work this week.

Lodge said he will start his liaison assignment Friday, working out of his Washington Senate office. Dodge reports to the Budget Bureau Wednesday.

Both men hold a news conference Monday to have preliminary reports ready for Eisenhower when he confers at the White House next week with President Truman. That session, suggested by Truman, will deal with international and domestic problems as they relate to the forthcoming change in administration.

Lodge, defeated last Tuesday in his bid for a new Senate term, is regarded as a likely Eisenhower choice for a cabinet post. He has been mentioned for secretary of Defense or secretary of State and the interim assignment the general gave him underscored the likelihood of a major post later.

Eisenhower associates who asked not to be named said there are strong indications Dodge will be named director of the budget—and that the job will take on more importance from a policy-making standpoint than under the Democrats.

Both Lodge and Dodge will serve as liaison men until January 20, inauguration day.

A significant feature of Sunday's conference at Eisenhower's vacation retreat at the Augusta National Golf Club was the presence of Senator Eugene Millikin of Colorado, who supported Senator Robert A. Taft of Ohio for the GOP presidential nomination.

Millikin was on hand in two official capacities—as chairman of the Conference of All Republican Senators, and as incoming chairman of the tax-writing Senate Finance Committee.

The Colorado senator has been mentioned as a possible choice for secretary of the Treasury, but he said here over the weekend he does not want the job.

Lodge and Dodge said cabinet appointments were not discussed and that they had no idea whether they might be asked to stay on in the new Administration.

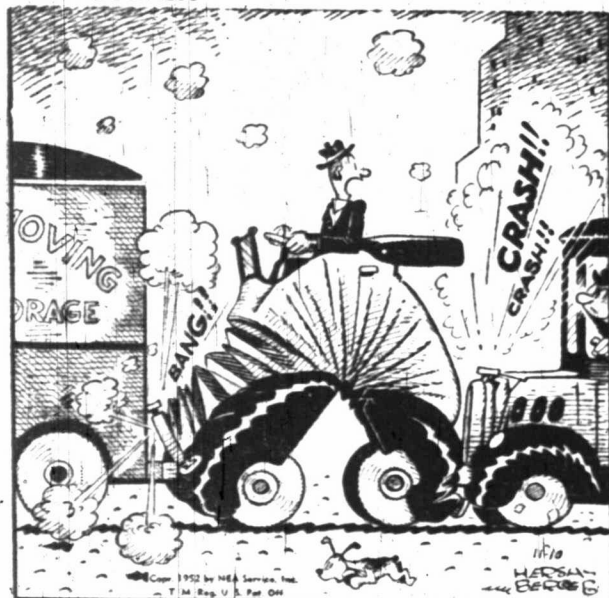

They said they will serve only as observers and information gatherers for Eisenhower in their liaison work.

Dodge, in reply to a question, said he will make no recommendations to the Truman Administration regarding the budget the President will present to Congress in January, before Eisenhower takes office.

But he added that the way will be open, after the inauguration, for Eisenhower to suggest revision of the budget along whatever lines Dodge may propose.

Paul Henreid Grasps At Straw In Form Of 'Great Love Story'

By **ERSKINE JOHNSON**
NEA Staff Correspondent

Behind the Screen: Paul Henreid, who once ran Charles Boyer a race as a romantic continental, has his fingers all primed to grab at the first love story that's offered him.

It's been lean pickings up the romantic field for Paul and he wonders "why Hollywood isn't making the great love stories any longer? I don't understand it. Whoever does a big romantic story again will clean up at the boxoffice."

Sold as he is on boy-meets-girl celluloid, Paul's next independent, "The Stubborn Wood," will concern an alcoholic. It will be the fourth flicker that he's produced.

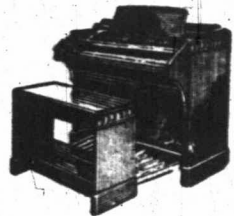

Ray Milland's groaning about the two songs he has to sing as Jane Wyman's songwriter husband in "Love Song"—the first time he has sung in his 20 years in Hollywood. "I thought they were going to hire somebody to dub my voice," Ray shivered. "But the studio insisted that I do my own singing. I've been through Hades doing it—sheer Hades. Never in my whole life have I sung a note. I was so awful. It's embarrassing."

Will Be Themselves

The Andrews Sisters, unhappy with the telefilm sample they made a year or so ago, have ash-canmed the costly celluloid effort and will try for a series built around themselves as real-life characters.

"Our problem now is to find a writer who can capture the three of us as we really are and do a musical series with a family touch," Patti told me. "There are things that happen to us that are funnier than anything a writer can make up. We want to be ourselves—not anybody else."

January 1 is the date that Patti, Maxine and Laverne will get down to brass tacks on TV and perhaps even another full-length movie if, as Maxine tells it, "they will let us blossom out into something more than a trio. Everybody knows we sing."

Weekend Violence Claims Eight Lives

By **The Associated Press**

At least six persons were killed in Texas traffic accidents during the weekend, with two of the mishaps blamed on weather.

Two other persons died of gunshot wounds.

The latest reported violent deaths include:

Frank A. Meadows, 62, Chandler, Ariz., was killed Sunday when his car apparently went out of control after a wheel slipped onto a highway shoulder softened by rain showers. Five others were injured. The accident occurred near Holiday, Archer County.

Paul Joseph Antoine, 39, Houston oil field equipment salesman, was killed Friday night when his car plunged 40 feet from an overpass on the Houston-Galveston Expressway during a fog.

Billy Wayne Westbrook, 14, was killed Friday night when the car he was driving failed to make a turn and crashed on a country road near Dallas. Police said they had been chasing the car at 85 and 90 miles an hour.

Mrs. Edith Edson Gillion, Lampasas, was injured Sunday when her car overturned west of Lampasas. She was driving alone.

Frederick S. Coghill, 57, Houston dairy foreman, was injured fatally Saturday when his car plunged into a ditch north of Houston.

Carolyn Kerr, 21, Beaumont, was killed Sunday when the car in which she was riding crashed into a tree near Beaumont. The driver, **T. Aubrey Dickson, Jr., 30, Beaumont**, was injured seriously.

Pfc. Charles S. Smith, Jr., 21, Nashville, Tenn., was shot fatally Sunday as he struggled with the proprietor of a tavern in San Antonio. The tavern owner, **Joseph W. Key, 79**, was treated at a hospital for a compound fracture of his left elbow. Police said a bullet glanced off a lighter in Smith's pocket and struck Key's elbow.

John Turner, 18, Porter Springs, died at Crockett Saturday night of a bullet wound received while hunting in the Trinity River bottoms Friday. His companion, **Jack Culp, 23**, said a twig caught the trigger of Culp's rifle and caused it to discharge accidentally.

HERE'S THAT MAN AGAIN

BRUNSWICK, MD.—A retired Army officer has suggested that President-elect Dwight D. Eisenhower invite Gen. Douglas MacArthur to accompany him on his inspection trip to Korea.

Brig. Gen. D. John Markey said at an Armistice Day observance Sunday, "Many of us believe that if General MacArthur had remained in control, our condition today in Korea would be immeasurably improved."

Ex-Lubbock Chief To Head Houston District OPS Staff

HOUSTON—Twenty-one employees to be added to the Houston Office of Price Stabilization will come from a reshuffle of offices in the Southwest, Regional OPS Director Alfred L. Seelye said Sunday. The increase will give the Houston office a 30-man staff.

Seelye said demands for service by firms in 38-county Houston district were underestimated last August when sharp cutbacks were made in OPS staffs. He said the extra personnel would come from offices in Dallas, San Antonio, Little Rock, New Orleans and Oklahoma City.

Howard Gholson, former OPS director at Lubbock, will be head of the Houston office.

24 Young Church People Overcome By Furnace Fumes

LUBBOCK—About 24 persons attending a young peoples group meeting in the College Avenue Baptist Church were rushed to four hospitals Sunday for carbon monoxide poisoning.

Mrs. C. D. Boyd, 56, was held for further treatment. The others were discharged after first aid.

Church officials said the group met in a new wing of the church and apparently became ill when fumes from a gas furnace were forced back down a chimney by a strong back draft.

60 Film Stars Plan Christmas Overseas

HOLLYWOOD—More than 60 Hollywood film stars will give up Christmas at home to entertain United States troops in Korea, Alaska, Greenland and the Caribbean during the holidays.

This announcement was made Monday by President George Murphy of the Hollywood Coordinating Committee. The organization handles volunteer entertainment programs for armed forces.

"I feel like a fighter who has won a lot of matches, but who hasn't yet connected with a good right," That's Anthony Quinn talking about his new spurt of luck as a Hollywood star—seven flickers after a two-year absence from movie alley.

"But now, at least, I'm being allowed to be myself," the rugged Tony said. "I started in pictures at the age of 19, full of ideas about acting and how to approach realism. They plucked my eyebrows, they made me part my hair a certain way, and they even told me to be a lot more bubbly off the screen. They reid me so that I didn't know myself. I lost my inner awareness. It took a couple of years on Broadway to convince Hollywood I could be myself."

Beta Sig 1953 Area Council Meeting Will Be In Midland

The meeting of the West Texas Area Council of Beta Sigma Phi for the Fall of 1953 will be held in Midland, it was announced Sunday in Abilene.

The invitation from Midland's chapters of the sorority to hold an area council meeting in Midland next year was accepted at the 1952 area council meeting, held Saturday and Sunday in Abilene.

During the meeting, Verda Bartlett of Midland was appointed chairman of the achievement award committee for 1953 and Mrs. Victor Chancellor, also of Midland, was named to the five-member committee. Other members of the committee are from El Paso, Odessa and Sweetwater.

Included on the agenda for the Abilene meeting were a Saturday night dinner-dance, a Sunday morning business meeting and a banquet at noon Sunday.

Speaker for the Sunday banquet was John J. Ross, son of Walter W. Ross, who founded Beta Sigma Phi in 1931 in Abilene, Kansas.

Awards Made

Awards were made during the Sunday morning session. Xi Xi Chapter of Odessa won the chapter achievement award for the third year and won permanent possession of the award trophy.

Cities represented at the meeting were Kermit, Sweetwater, Midland, Pecos, Stanton, Odessa, Stephenville, Levelland, Eastland and Abilene.

Representing Midland chapters were: Iota Beta Chapter—Betty McWhorter, delegate, Dolores Walden, Carolyn Wooten and Mrs. Ralph Mills; Mu Psi Chapter—Mrs. Rudolph Rubin, delegate, Mrs. J. D. Horton and Mrs. Gene Holmes; Xi Alpha Mu Chapter—Elizabeth Knox, delegate, Mrs. Chancellor and Dee Ann Barlow; Xi Theta Chapter—Miss Bartlett, delegate, and Beta Delta Chapter—Mrs. Gilliam Abbott, delegate, and Mrs. L. General Van Fleet To Give Up Command Of Troops In Korea

SEOUL.—(AP)—Gen. James A. Van Fleet plans to give up his command of the U. S. Eighth Army within two months, it was learned authoritatively Sunday night.

His plans are uncertain. They may hinge on talks with Dwight D. Eisenhower when the President-elect visits here before the end of the year.

Van Fleet, a hard fighting veteran of World War II, the Greek campaign against Communist guerrillas and 19 months of the Korean War, is 60.

There have been frequent reports he would retire from active duty early next year. His press officer refused to comment on the reports.

A letter written by Van Fleet to an old Army friend in Washington was used as political ammunition in the recent presidential campaign.

The letter expressed the general's conviction that the South Korean Army should be increased and given more of the Korean front to hold. Van Fleet said Washington had not approved the plan.

Eisenhower used the letter in support of his argument that a greater share of the fighting front should be turned over to Republic of Korea troops.

Moreell Says U. S. Follows Marx' Path

CHICAGO.—(AP)—The U. S. has gone pretty far down the "long, sterile road to communism," Admiral Ben Moreell contended Monday.

Moreell, chairman of the board, Jones and Laughlin Steel Corporation, told members of the American Petroleum Institute opening their thirty-second annual meeting.

"Since Marx (Karl Marx, co-founder with Friedrich Engels of communism, and author of the Communist Manifesto published in 1848 enunciated his doctrine slightly more than 100 years ago, we Americans have adopted—in varying degrees—practically his entire program."

More than 5,000 oil and gas company executives and industry leaders are attending the sessions, which end Thursday.

CRUSADE OPENS TUESDAY

NEW YORK.—(AP)—The Crusade for Freedom's 1952 campaign opens Tuesday night with a four-network, coast-to-coast radio program featuring President-elect Dwight D. Eisenhower and his defeated Democratic opponent, Adlai E. Stevenson.

Reasons those in the home building fields give for belief new housing unit starts will stay high next year include:

Consumer incomes may be even higher next year than this. If so, demand for new homes will be high.

Building costs are likely to hold around present levels.

Construction materials, except for steel, aluminum, copper and copper products, already are in good supply. The metallic shortages are expected to ease fast next year.

Leaders of the U. S. Savings and Loan League, meeting for the annual convention, are trying—like all businessmen—to judge the election's effects. They think the effect on home building and financing might be:

Less government say-so as to use of scarce materials—and a steadily increasing supply of all types, including metallic.

Less government interference with mortgage interest rates—and a tendency for them to rise.

Less emphasis on public housing and rent controls—with a gradual turning toward private dominance in providing homes and supplying the money to build them.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, MONDAY, NOV. 10, 1952-5

Reports Heard On Woman's Club Building

Reports on the proposed building of the Midland Woman's Club, Inc., and on the club's patron membership drive were heard at a Friday meeting of the building fund committee in the home of Mrs. I. E. Daniel, 1601 West Missouri Street.

It was announced by a representative of the Modern Study Club that C. H. Shepard of the Shepard Roofing Company will put the roof on the proposed building as the Modern Study Club's contribution to the building Mrs. C. H. Shepard is a member of the Modern Study Club.

Other clubs reported that they have secured several patron memberships in the Woman's Club, and other clubs have reached their quotas by securing 10 patron memberships.

To give workers more time to complete their calls, the patron membership drive has been extended through Friday, it was announced.

It also was announced that associate memberships are already coming in, although that drive has not actually started.

Mrs. C. S. Britt, committee chairman, presided for the meeting. Attending the meeting were Mrs. C. M. Goldsmith, Mrs. Billy Gilbert, Mrs. Britt, Mrs. Jess Williamson, Mrs. Joe Birdwell, Mrs. Daniel and Mrs. W. E. Cox.

Injured Woman Rescued After 29 Hours In Canyon

SANTA MONICA, CALIF.—(AP)—A 37-year-old mother lay injured 29 hours in the rain and cold beside her wrecked car, which had plunged 200 feet down into a canyon.

Mrs. Britta S. England was discovered by accident Sunday by two hikers. She was hospitalized with head injuries and possible fractures of ribs and her right shoulder.

Her husband, Karl, and their son, Robert, 12, had searched for her in vain.

Mrs. England didn't recall how her car skidded off the wet highway and tumbled into the rocky creek bed of Topanga Canyon.

San Jacinto P-TA Will Hold Tuesday Meet

Observing American Education Week, the San Jacinto Junior High Parent-Teacher Association will hold a program and open house at 7:30 p. m. Tuesday in the school.

Featured on the program, to be held in the school cafeteria, will be a panel discussion on "The Home Room Program."

Robert Houston, dean of students, will be moderator for the panel, which will include Mrs. Stanley Erskine, parent Flozelle Jones, teacher, and David Stubben, student. The audience will be given an opportunity to question panel members on the topic of discussion.

After the program an open house will be held when parents will have an opportunity to visit the rooms of the school and meet their children's teachers.

Forty-three secretaries of State of the United States have been named.

STYLE SHOW MODELS—Pictured above are two of the 38 children who will assist as models in the Pre-Christmas Children's Style Show to be held at 7:30 p. m. Thursday in the David Crockett School and sponsored by Mu Psi Chapter of Beta Sigma Phi. Left is Barbara Pitzer, daughter of Mr. and Mrs. T. W. Pitzer, 704 Cuthbert Street, and right is Mike Dunagan, son of Mrs. Clint Dunagan, 1508 West Missouri Street.

West Texas Opticians Name State Delegates

Five delegates and the same number of alternates were named to the state opticians convention at San Antonio January 31 at a meeting of the West Texas Opticians Society Sunday at the Cactus Restaurant.

John Broome, Lubbock, president, presided. Six new members were added, bringing the total membership to 30.

Flower Arrangement School Scheduled

The beginner's flower arrangement school to be taught by Mrs. Hal Rachal will be held on Wednesday instead of Thursday as announced in Sunday's paper.

The school is to be held from 9 a. m. until noon in the Trinity Episcopal Parish House. Proceeds will go to Cub Scout Pack 7.

Reservations may be made by calling Mrs. J. T. Sikes, telephone 2-2106.

PLAN LUNCHEON

Kappa Kappa Gamma Alumnae will hold a luncheon at 1 p. m. Wednesday in the home of Mrs. Jess McDonald, 1003 Ainslee Street.

THREE-DAY ELECTION

WASHINGTON.—(AP)—A three-day voting period to replace the present one-day election has been proposed by Senator Smathers (D-Fla.) as "insurance for democracy."

Daddy Ringtail

Daddy Ringtail Wiggle My Toe

The Huffen Puffen, the friendly wolf, lives alone in his hollow tree house. One night the Huffen awoke with the shakes and shivers. Oh, he shouldn't have been afraid, but he was, silly boy.

He opened an eye, and peeped around. His room was bright with moonlight. He opened the other eye, and peeped around. There wasn't a thing he could see that should scare him. He was safe and sound in his own bed, there in his own house.

But then he saw a something down near the foot of his bed. The Huffen rubbed his eyes with his hands and looked again. "Oooooooh!" He closed his eyes and opened them again, all to be sure that he really saw what he thought he saw. "Oooooooh!"

There were 10 fingers sticking up from the foot of his bed! The Huffen could see them, he thought. "Who—who's there?" asked the Huffen. No answer. Then the Huffen remembered once before when he had awakened at night with the shakes and shivers and seen 10 fingers at the foot of his bed. He had asked who was there but there was no answer. Then he

had picked up a hickory stick and kermacked the fingers real hard. "Ouch!" The fingers were really the Huffen's toes sticking out of the covers.

Right now, were those 10 fingers sticking up from the foot of his bed, really? Or were they 10 toes that belonged to the Huffen? Was there somebody hiding there at the foot of the bed, or wasn't there? The Huffen reached under his pillow. Out came his hand with a hickory

stick that he kept to use if ever he needed it. The Huffen drew back to kermack real hard at the 10 fingers, if they were 10 fingers. But maybe they weren't. Maybe they were his very own toes.

The Huffen drew back the hickory stick to kermack, but he didn't do it. Instead he decided to wiggle his toes, and if the things sticking up from the foot of the bed should wiggle back at him he would know they were his toes. He wiggled his toe. One of the fingers wiggled.

"Yoo-hoo!" said a voice from the foot of the bed, and so the Huffen knew that the fingers were really fingers that didn't belong to him. Happy day, because it was really Daddy Ringtail come to play a trick on the Huffen and to ask the Huffen if he would like to go ice fishing the very next morning, which the Huffen did. Happy day!

Boy Hit By Auto Said 'Fairly Good'

Condition of Richard Louis Hargrove, nine-year-old negro boy, was "fairly good" at Midland Memorial Hospital Monday.
The youth suffered arm fracture and internal injuries when struck by a truck in the 300 block of North Mincola Street Saturday.
Police Lt. Roy Merrett said the youth apparently fell from his bicycle in the path of a truck driven by A. J. Jackson of Odessa

Heart Seizure Ends Career Of CIO Leader Phil Murray

SAN FRANCISCO —(P)— Philip Murray, who rose from an immigrant Scots mine boy to become head of the CIO and one of the world's most powerful and respected labor leaders, died Sunday of a heart seizure.
At 66 a veteran of half a century's work in labor's cause, he was stricken in his sleep at San Francisco's fashionable Mark Hopkins Hotel. His wife Elizabeth awoke to find him sprawled on the floor beside his bed. Twenty minutes later a physician pronounced him dead.
A priest administered the last rites of the Catholic Church.
Funeral services will be held Thursday in Brookline, a suburb of Pittsburgh.

Although Murray had not been in good health, his death came as a shock to friends, associates, and even his antagonists in some of the bitterest council table battles between management and labor.
Telegrams of condolence poured in from all sections of the country.
From Ben Fairless of U. S. Steel and Ben Moreell of Jones and Laughlin.
A thin, white-throated man who never lost the faint Scots burr in his voice, Murray likewise never lost the moral of trade unionism from his heart.
At 10 he went to work in the coal mines. He was only 16—and making 30 cents a day—when his family emigrated to the United States, settling in the bituminous coal fields of Western Pennsylvania. He became a naturalized citizen in 1911.
His rise was the familiar story—but the rare fact—of the immigrant lad who made good.
He saved his money for a correspondence course; worked all day and studied most of the night in his self-education; punched his way into labor prominence when

Philip Murray

he relied on a native canness and a rare gift for persuasion.
From organizer of the steel workers in the hectic mid-30's to their chief in the '40's, Murray had ample opportunity to display his talent.
The union made gains in the hectic 1946 strike.
In another strike in 1949, Murray was credited with breaking the company's solid front in getting Bethlehem Steel—the nation's second largest producer—to agree to pensions, hospitalization and other benefits. The rest of the industry capitulated a few weeks later.
A devout Catholic and long a bitter foe of communism, Murray in 1949 had 10 left-wing unions

he pummeled a company weighmaster for a dishonest weight.
The punch got him fired—but his fellow workers walked out with him and made him a local officer of the United Mine Workers.
It was the last time he used his fists to win a point. Thereafter, he ejected from the CIO on the grounds their officers heved too close to the Moscow party line.
His great skill as a negotiator won him appointments to various government councils under three Presidents—Woodrow Wilson, Warren G. Harding and Franklin Roosevelt.

Spokesman Expects No Food Price Hike

NEW YORK —(P)— Food prices next year should hold at about present levels unless wage, transportation and tax costs climb higher, a food industry spokesman said Monday.
Paul S. Willis, president of Grocery Manufacturers of America, told the big trade association at the beginning of its three-day annual meeting.
"All the indications are that the total overall food supply will be adequate, that the 1952 harvest will rank as the second largest in the nation's history. We will have an abundance of the major grain crops, and we will have about 140 pounds of meat available per person, as compared to 138 pounds in 1951."

Bullet Does Its Best, But Only Scores Burn On Tummy

CINCINNATI —(P)— Bobbie Henderson, 17, has a small burn on his stomach. Police said it was caused by a pistol shot.
The bullet, Henderson said, travelled only two feet but there were four pieces of dry cleaning and a providential coat hanger between him and the pistol.
Police held Thomas Baldwin, 39, for investigation. They said he had been drinking. Young Henderson told police Baldwin shot at him Sunday night without warning in a hallway in Henderson's apartment house.
The 39-caliber bullet hit the clothing the youth was holding, passed through it and hit a wire coat hanger dead center. The slug threaded itself on the wire and

knocked the hanger out of the suit it was supporting without damaging the suit.
The hanger, twisted into a corkscrew, punctured Henderson's clothing and burned his skin, the heat apparently coming from friction caused by the bullet's impact.
The same impact knocked Henderson down.
He found the bullet in his right trouser pocket.

GOP Solon Seeks Probe Of Air Force Kaiser-Fraser Deal

WASHINGTON —(P)— Senator Bridges (R-NH) has called for a Senate investigation of what he calls too-costly contracts held by Kaiser-Fraser Corporation to build Air Force cargo planes.
There was no immediate comment from Kaiser-Fraser or the Air Force.
Bridges said one Kaiser-Fraser contract, to build 150 C-119 cargo aircraft, comes to almost \$150,000,000 more than if it had gone to the Fairchild Engine and Aircraft Company, which developed the plane.
He said the Air Force conceded Fairchild's cost-per-plane was \$260,000 compared with \$1,300,000 in the Kaiser-Fraser contract.
Air Force reasoning, Bridges said in a statement, was that Kaiser-Fraser "has had no experience in the aircraft industry and must necessarily undergo large initial costs."
"This explanation," Bridges commented, "can be considered a strong argument against the contract rather than any justification for continuing it."

Farley Aims Appeal For Political Accord

NEW YORK —(P)— Former Democratic National Chairman James A. Farley has appealed to both Republicans and Democrats to give President-elect Dwight D. Eisenhower "a chance to make good."
Farley said over the weekend he hoped "our men in the Senate don't start off by needling him or being mean and petty."

YOU GET THE **ONLY** FULL-TIME POWER STEERING

— In the most beautiful CHRYSLERS ever designed!

IT WORKS FULL-TIME! The kind of power steering you can have in the stunning new Chrysler for 1953 works for you all the time... unlike some other types of power steering which aren't effective until you exert up to 7 lbs. pressure on the steering wheel!

IT'S SAFER! On rough roads, soft shoulders, loose gravel, or in the event of a blow-out, Chrysler's full-time power steering gives you complete control of your car at all times. Hydraulic power helps you turn... lets you hold a true, steady course with a constant, predictable "feel" to the steering wheel. And with far less fatigue, no matter how long the trip!

IT'S EASIER! 86% of the steering effort is taken off your hands, substantially more than with any other type of power steering. Even when the car is standing still, you can actually turn the wheel with one finger. A real boon in traffic... on hard-to-negotiate driveways... or when parking!
