DC Andrews Discovery Is Completed

Phillips Petroleum Company has completed No. 1-CC Texas University as a prolific flowing discovery from the Devonian in East-Central Andrews County.

The new well was completed for a calculated daily flowing potential of 2,310 barrels of 43.8-gravity oil through a one-half-inch choke and from perforations in casing opposite the Devonian at 12,490-12,556 feet. That section had been treated with 100 gallons of acid.

The daily flow was based on a 12-hour gauge of 1,155 barrels of oil. Gas-oil ratio was 462-1.

This new discovery is 11 miles northeast of the town of Andrews two and one-half miles north and one-quarter mile west of the discovery well of the Maguire (Ellenburger) field.

Location is 680 feet from south and 2,002 feet from east lines of section 42, block 5, University survey.

Plymouth To Drill Long NW Stepout To Midland Opener

Plymouth Oil Company No. 1-C H. S. (Sherwood) Foster is to be a one and one-half mile stepout to the northwest from the same concern's No. 1-A Foster, recently completed flowing discovery of the Hallanan (Strawn) field in Central-West Midland County.

The new project will be approximately one-half of a mile into Central-East Ector County and 600 feet from south and east lines of section 4, block 41, T-2-S, T&P survey.

Contract Awarded

Drilling to 11,000 feet for a test of the Strawn lime pay in the Pennsylvania, will start as soon as rotary can be rigged up. T&C Drilling Company of Midland has the contract.

The new Plymouth exploration is two miles northeast of Texas Gulf Producing Company No. 1 Headlee. It has shown some possibilities of producing from the Devonian lime.

It now is making hole below 12,280 feet in line. The Texas Gulf No. 1 Headlee also is in Central-East Ector County.

Magnolia Wildcat In SE Andrews Flows Oil On Test

Magnolia Petroleum Company No. 1-EA Fasken, wildcat in Southeast Andrews County, flowed 52 barrels of new oil and no water during the last five and one-half hours of testing.

Testing continued at last report.

The oil is coming through perforations at 8,430-8,450 feet and 8,461-8,490 feet opposite the Wichita Albany.

Prior to test above gauge, operator swabbed the well until it kicked off and started flowing. It made 107 barrels of 35.5-gravity oil in 12 hours through a 24-64-inch choke. Gas-oil ratio was 1,103-1.

The project is in section 12, block 42, T-2-N, G&M&B&A survey and 130 and one-half miles north of the Midland Farms field.

Wolfcamp Flow Is Gauged At Andrews Tester

The Superior Oil Company No. 2-11-C University has indicated as a possible new pay opener at the south edge of the Block 11 (Devonian) field in Southwest Andrews County.

The prospector flowed 128.5 barrels of oil from the Wolfcamp zone through casing perforations at 7,950-7,962 feet. Section had been acidized.

The indicated producer was still flowing to test at last report.

Closest other Wolfcamp production is about one mile to the north.

(Continued On Page 12).

Wild Snowstorms Lash Midwest At Least Six Known Dead; Roads Closed

ALL READY—Although there is a blackout on the news of President-elect Dwight D. Eisenhower's trip to Korea, the Korean people are ready for the visit and they want him to know their sentiments. The banner above is posted on the ROK Capitol in Seoul and others are being put up throughout the city.

Ike Promises More Women In High Posts

NEW YORK—(AP)—President-elect Dwight D. Eisenhower named the end of his designations for top-level government offices Wednesday, declaring that more high positions will be assigned to women administrators.

He has named the seventh member of the normally nine-man cabinet.

And along with that designation, he announced Tuesday that he will propose the names of two women—Mrs. Oreta Culp Hobby of Houston and Mrs. Iry Baker Priest of Bountiful, Utah—for administrative offices in the government he is forming.

Mrs. Hobby was named to head the Federal Security Agency and Mrs. Priest as treasurer of the United States.

These, he said in a formal announcement, are "the first of other appointments of women in the coming Administration."

The designation for the cabinet was Arthur E. Summerfield of Flint, Mich., for postmaster general. Summerfield is chairman of the Republican National Committee.

Two Posts Unfilled

Only two cabinet posts now remain: the secretaries of Commerce and Labor. There has been no indication at the general headquarters as to his choices.

He had an appointment Wednesday with Gov. Theodore R. McKel-

VISHINSKY ANSWERS FOR PEIPING—India's Plan Gets Green Light Despite Red Yowls

UNITED NATIONS, N. Y.—(AP)—Russia's Andrei Y. Vishinsky announced Wednesday that Communist China already had turned down India's compromise plan for ending the Korean prisoner-of-war deadlock.

Vishinsky addressed the UN Political Committee shortly after that 60-nation body had voted to give priority to the Indian proposal, which Russia already had rejected.

The Soviet foreign minister said the Peiping government had been given a copy of the resolution by the Indian government and had given its negative reply two days ago. For that reason, he said, the committee would be wasting time to pursue its present debate on the Indian plan.

At the same time, however, Vishinsky offered a series of amendments to the Indian proposal in an attempt to bring it into line with Russia's demands for repatriation of all prisoners.

He called for an immediate and complete cease-fire on the basis of the armistice points agreed upon at Panmunjom with the addition of a provision for full repatriation of prisoners.

Mrs. Vijaya Lakshmi Pandit, chief Indian delegate, listened intently as the Soviet foreign minister told of the Chinese Communist rejection of the Indian resolution. Vishinsky said it was possible the Peiping reply still had not been transmitted to the Indian delegation here.

Earlier, the Political Committee voted to give priority to the Indian plan.

Claims Decision 'Illegal'

The vote was 49 to five with one abstaining.

Vishinsky denounced it as a "gross violation of democratic rights." He said the decision was "illegal" and taken under the leadership of the U. S.

A special closed-door meeting of 21 Western powers decided Tuesday night to support the priority vote as a tipoff that a majority has been formed in the committee to back the U. S. view that the Indian resolution must be clarified to spell out the handling of prisoners of war more carefully. They based their reasoning on the fact that the U. S. previously had said it would not vote for priority unless these assurances were given.

Reds Have Choice

Vishinsky astounded delegates when he called the Indian plan a device of the "North Atlantic bloc with which no cooperation is possible." India has no connection with NATO and has striven to maintain

Labor Move Stymies Tory Industry Bill

LONDON—(AP)—Conservative leaders in Parliament sought desperately Wednesday for some means to save their government's bill returning the iron and steel industry to private ownership after the Labor Party opposition caught them napping.

Early Wednesday, a few sleepy members, weary by long sessions, were debating the second reading of the bill. If matters had gone along normally, the measure would have completed its second stage—acceptance in principle.

Then Labor Member George Wigg noted that the necessary quorum of 45 members was not present in the 625-member House. The speaker could do nothing but "count out the House," and the Labor parliamentary strategists, with a good deal of precedent to support them, contended that the denationalization measure had lost its place in the order of business.

A highly technical debate on procedure seemed inevitable, as Laborites combed parliamentary records for precedents embarrassing to the government.

Fire Rakes Sample Lab

Heavy damage to the Texas Company Sample Laboratory, located at 603 South Connell Street, resulted from a blaze at 11:40 p.m. Tuesday.

Midland firemen said the blaze originated in the office at the front end of the large frame building. The blaze was confined to the front of the building with samples stored in the rear of the structure remaining intact.

Fireman said origin of the blaze was unknown.

An earlier run was made by firemen at 10:40 a.m. to the corner of Main and Florida Streets to extinguish a blaze in an automobile owned by Tom Harington.

Another run was made by firemen at 2:20 a.m. Wednesday to 1407 Lynn Street, where a faulty floor furnace caused heavy smoke. No damage was reported.

NO DRY HUMOR IN THIS YARN

TEMPLE—(AP)—A farmer at nearby Rogers tells the drought story to end all drought stories.

He telephoned the Temple Telegram that his pet duck drowned in a puddle from weekend downpours. After all, the farmer said, the duck was only 18 months old and it was the first such rain he'd seen.

Coal Wage Ruling Believed Imminent

WASHINGTON—(AP)—The government was reported about ready Wednesday to issue a decision on the soft coal wage case.

Economic Stabilizer Roger Putnam was believed to have talked to John R. Steelman, assistant to the President, and it was considered possible that Steelman already had on his desk the Putnam decision. Whether the White House or Putnam would make the official announcement was not known.

Putnam was asked by John L. Lewis and the soft coal industry to approve the \$1.90 daily pay boost they negotiated in September. The Wage Stabilization Board reduced that to \$1.50 and said that any more would be inflationary and would jeopardize the stabilization program.

Public members of the WSB were reliably reported over the weekend to have told Putnam they would resign if they approved the full \$1.90. This, coupled with the fact Putnam tried hard to get Lewis and the industry to accept a compromise pay plan, indicated Putnam might turn down the appeal, at least in part.

Protest Strike Threatened

A nation-wide soft coal "protest" strike was seen as a virtual certainty if the final decision should uphold the WSB ruling.

Some observers saw a strong possibility that the White House, because of the strike threat, might okay the full \$1.90 no matter what Putnam himself recommends.

The wage case has now been before Putnam more than a month. Early last week he said he had every hope of announcing his decision by last Saturday. The fact that he did not was considered evidence that his decision may have encountered White House opposition.

Meanwhile, talk of possible government decontrol action persisted despite denials from official quarters. A decision to embark on a slow decontrol program, if one is being considered, would solve the coal wage dispute.

Panhandle Mercury Begins Slow Climb After Record Snow

By The Associated Press

Temperatures climbed grudgingly in the snow-lashed Texas Panhandle Wednesday. Most highways were back in use, some schools reopened, and airlines resumed scheduled flights.

Dalhart recorded a frigid one below zero as a cold wave trailed behind the snowstorm which closed highways and schools Tuesday.

But dawn saw clear skies. A benign sun shone down on the cars stalled in the drifts alongside highways often open only to one-way traffic.

Highway Department employees worked early and late to clear lanes.

Amarillo schools reopened Wednesday. But many rural schools in the Panhandle decided to give their students a long Thanksgiving holiday. They will not reopen until Monday.

Ice On Highways

A treacherous coating of ice beneath the snow made for hazardous traveling in the Panhandle even though the snow had been pushed from highways into six-foot banks on the sides.

The snowstorm which hit the Texas Panhandle was part of a storm which clamped an icy grip over most of Kansas and Nebraska Tuesday and reached into Missouri, Iowa, Minnesota and Oklahoma.

Borger schools also reopened Wednesday. Farm and market roads in Hutchinson County still were closed and highway employees were finishing the task of reopening the Pampa-to-Canadian and Pampa-to-Mobeetie highways.

Skies Generally Clear

Texas skies generally were clear except for West Texas—from El Paso as far east as Abilene—and for the coast. But even in those areas there was no promise of

Panhandle Mercury Begins Slow Climb After Record Snow

By The Associated Press

Temperatures dipped to freezing or below in the wide area north and west of a line generally running from El Paso to Tyler in East Texas. Amarillo's low was eight degrees, Lubbock had 17, Childress 20, El Paso 28, Abilene 28, Wichita Falls 27, Dallas 31, Waco 33. The low at Brownsville at Texas' southern tip was 59.

Amarillo police said Wednesday most buses in a hundred-mile radius around the city were on schedule.

MERCURY HITS SEASONAL LOW

Midland recorded a seasonal low of 28 degrees at 5:30 a.m. Wednesday. A heavy frost blanketed the city.

Forecast indicated little change in mercury readings. Wednesday's maximum was 48 degrees.

A pleasant Thanksgiving Day appeared in the offing with a warming afternoon under clear skies. Weather is expected to be near-perfect for the football game between Odessa and Midland at Broncho Stadium Thursday afternoon.

Swindling Suspect Remains In Jail

Carlos D. Donaho, arrested Monday on a charge of felony swindle by worthless check, still was held in the Midland County jail Wednesday in lieu of \$7,500 bond.

The 33-year-old independent oil operator is charged in connection with a \$6,690 check given Felix Stonehocker, Midland contractor.

City Churches Slate Annual Union Thanksgiving Service

The annual Union Thanksgiving Day worship service and turkey dinners galore will be the main centers of attraction here Thursday as Midlanders observe the Thanksgiving Day holiday in a quiet and reverent manner.

The worship service, sponsored by the Midland Ministerial Association, is scheduled at 10 a.m. in the Trinity Episcopal Church. The public is invited and urged to attend.

Business generally will be at a standstill for the day. Most retail stores, banks, service establishments, governmental offices, professional firms, and oil company offices will be closed.

The Reporter-Telegram will publish earlier than usual Thursday.

Midlanders by the hundreds will follow the MHS Bulldogs to Odessa for their annual Turkey Day grid classic with the Odessa Bronchos at 2 p.m. Still other residents will attend college games over the state. Hundreds of visitors, including scores of college students, are in Midland for the holiday.

Turkey with all the trimmings will grace the tables in most Midland homes. Many private parties and entertainments are scheduled.

The Rev. J. B. Sharp, pastor of the St. Mark's Methodist Church, will preach the sermon at the Thanksgiving Day worship service. The Rev. R. J. Snell, rector of the Trinity Episcopal Church, will preside.

The Scripture lesson will be read by Dr. R. Matthew Lynn, pastor of the First Presbyterian Church. The Rev. Clyde Lindsey, pastor of the First Christian Church, will give the invocation, and the Rev. F. W. Rogers, pastor of the Church of the Nazarene, the benediction.

Special music will be presented by the Trinity Episcopal Church Choir. An anthem, "We Sing to the Lord of Harvest," will be heard.

Officials of the ministerial association said a capacity crowd of worshippers is expected at the Thanksgiving service.

It will be a long holiday weekend for students and teachers of the city's school system. Classes, dismissed Wednesday afternoon, will not meet again until Monday morning.

THANKFUL—Kneeling before a crucifix, Marine Cpl. John B. Cordova of Houston takes time out during the vicious fighting near Bunker Hill to offer up a thankful prayer. He is one of thousands of UN soldiers who will spend Thanksgiving Day in the bitter cold of Korea's battline.

Midland Teachers To Attend State-Wide Parley Thursday

An estimated 10,000 Texas teachers, including approximately 30 from Midland schools, will attend the seventy-fourth annual meeting of the Texas State Teachers Association in El Paso beginning Thursday.

Associations (Teachers and Their Work." Verna Harris, Midland High School speech teacher, will join the panel on "How To Promote Speech Programs in High School" at the El Paso session. Miss Harris is also a member of the executive council in the District Speech Association and a member of the state nominating committee which will name officers candidates for the Texas Speech Association.

Several other panel discussion groups scheduled to be held at the El Paso meeting will afford an opportunity for Midland teachers to attend who are not slated as program members.

Purchase Of New Sweeper Will Add To City's Service

The City of Midland bought a new sweep Tuesday night. Only it was a \$9,562 gadget which will be used for washing and sweeping city streets.

The street sweeper will be the third to be placed in operation in the city and, according to Public Works Director J. M. Orman, will permit the extension of street-sweeping services in residential areas.

In addition to authorizing the purchase of the street-sweeper, the City Council also approved final payment on the construction of water and sewer lines in the Trueland Addition.

With the city furnishing the material, the sewer project cost \$4,966 in labor and the water project \$4,218.

CAR SALESMAN DIES IN CROSSING CRASH
FORT WORTH—A 48-year-old used car salesman was killed Tuesday night when a freight train smashed into his car at a crossing here.

The victim was Nellie Osborne Cleveland.

★ JOHNSON IN HOLLYWOOD ★

Joan Evans Abandons Trilling To Blossom Out In Dramatics

By ERSKINE JOHNSON
NEA Staff Correspondent
Behind the Screen: Joan Evans won't be pushing Kathryn Grayson and Jane Powell to one side as a high-C lark, after all. She's given up her vocal studies—I heard a recording of my voice and was horrified," she confessed—and will concentrate on blossoming out as a young Lana or Ava in the dramatic department now that she's the bride of auto salesman Kirby Weathersly.

"Everybody still sees me as a child, so it's not going to be easy," 18-year-old Joan sighed. All's peaceful between Joan and her parents, filmwriters Dale Eunson and Katherine Albert, over her marriage, but she shrugged her shoulders to my question on whether Joan Crawford had been forgiven by the Eunsons for helping arrange her midnight hitching to Weathersly.

"I just don't know that," the Joan named Evans said.

Lex Barker's confessor he's taking vocal lessons. "But I've got at least six months of study before I unleash a single note in public," he says.

Walter Abel, in Hollywood to resume his career, is worried about his 18-year-old son, hospitalized in New York—a meningitis case. Pamela Mason says she's still working on a magazine article based on her eyebrow-lifting expose of Hollywood social cliques. Wonder if she'll add a new one—out-of-work stars?

Anne Sterling, the blonde headliner, picked up a baffling virus in Korea, where she entertained the troops. She's been under observation at a Hollywood hospital.

Disunited Artists
Richard Carlson and United Artists are going round and round over the title of his independent starrer, "A-Men," story of Uncle Sam's private eyes who are guarding atomic bomb secrets and breaking up foreign spy rings. Dick's worried about people mistaking the film for religious celluloid because the A-Men haven't been as well publicized as T-Men and G-Men.

Margaret Whiting's Reno night club date started those divorce rumors, which she says aren't true. Reno alone," she declares, "is to make money."

"Dance teams and chorus-girl hoopers on television? Some of them are pretty good. But it's time the TV cameramen started learning the steps and routines, too."

Famous movie director Nick Castle appraising video twinkle-toeing and blaming the TV lens boys for most of the visual errors. "They just don't know how to handle a line of girls," Nick told me, "because it's obvious they don't know the routines. The camera has to be in step with the dancers."

Marge and Gower Champion, when they were on TV, were the only consistently good dancers, Nick opined. As for the others: "They change clothes and sets but they never change their steps."

Now it's even a sexy Tarzan movie. Joyce MacKenzie's putting new oomph into Tarzan's mate in the latest jungle thriller. Instead of a tree-housewife, she's a glamor babe. . . . The Giants rose to the Dodgers again in "Main Street to Broadway," but Leo Durocher is quipping: "This is the first time I've known it was going to lose a game before it happened."

Ginny Simm's double talk about Bob Calhoun, from whom she separates, reconciles and separates again: "I'd rather not comment. Life is difficult enough as it is. We find ourselves living in a goldfish bowl." She was holding hands with Bob at the Mocambo at the time.

Visitors to Fox's "Nearer My God To Thee" set got confused when they're told that Joan Bennett's daughter is in the picture and pick out Audrey Dalton as Joan's sprig. Audrey looks more like Joan than Melinda Markay, her daughter.

Bruce Cabot and Francesca de Scaffa, estranged for months, are burning up the long-distance wires. He's involved in an oil venture in Oklahoma and has never seen his infant daughter. . . . Sterling Hayden's zooming career takes him to Warner Bros. next for "Don't Cry, Baby," about a paroled convict. . . . Gene Kelly will use "It Was Just One of Those Things" for a dance number in "Invitation to the Dance."

A big movie queen anked into a fur designer's salon and was tossed the "Something in the way-of-mink-for-you?" question. . . . "Yes, indeedly, dahlings," purred the star. "My business manager."

Hedy Lamarr Sues Actor Ex-Husband
NEW YORK—Actress Hedy Lamarr says her former husband, actor John Loder, owes her \$19,300 for support and maintenance of their three children.

Miss Lamarr filed suit Tuesday in State Supreme Court to collect the amount.

She said in her complaint that by the terms of a California divorce decree which became final in 1948 Loder was obligated to pay \$300 a month for the children's maintenance plus medical and dental expenses.

The total of such costs is \$23,500 and Loder has paid only \$4,200, she said.

Sale Of Christmas Seals In County Reaches \$3,670

A count this week showed that \$3,670 has been received by the Midland County Tuberculosis Association from the 1952 Christmas Seal Sale. This year a goal of \$5,500 has been set in the campaign to raise funds to fight tuberculosis.

Sale of Christmas Seals finances the year-round work of the TB Association here. This organization is composed almost entirely of volunteer doctors and laymen in Midland who are dedicated to the elimination of contagious tuberculosis in this community.

The Christmas Seal sale is conducted primarily by mail and officials of the Midland County TB Association have pointed out that a higher percentage of letters are

returned unopened in Midland than in most other cities in the state. This is attributed to the fact that because Midland is growing rapidly, many letters are being mailed to an out-of-date address. While every effort has been made to get Christmas Seals into each Midland home, officials of the Midland TB Association have encouraged those who may not have received letters to join in the fight against tuberculosis by either sending in their contribution or by contacting the association for seals.

Ancient Egyptian plasterers used tools quite similar to those used by modern plasterers.

For we brought nothing into this world, and it is certain we can carry nothing out.

Minority Party Tactics

There is no reason at all to doubt the sincerity of Gov. Adlai Stevenson when he voices the hope that the Democratic Party will take a position of "positive and intelligent opposition" during the Eisenhower Administration.

History, of course, does not have to repeat itself. But, broadly speaking, it is very likely to.

The minority party is in the business of setting itself apart from the majority. In wartime, such mundane considerations get buried. Even in critical peacetime, like the present day, there may be a high degree of cooperation between the parties on foreign affairs.

In other words, "me-tooism" in the long run will prove no more popular with the Democrats than it was in GOP ranks. And to the extent that Stevenson tries to compel his party to follow such a course, he may find his cohorts looking to other leadership.

All it takes to be sitting pretty with your friends is to be in good standing.

Credit is what you get for being good. Cash comes when you're good at what you do.

When you lean too heavily on luck it gives way.

Maybe a snob doesn't want to associate with you for fear you'll find out you don't want to associate with him.

Most people who never hesitate to tell their age also have sense enough to act it.

So They Say

Business believes that full employment is the rule, not the exception in American history.
-William J. Grede, president of the NAM.

Coming Events Cast Their Shadows Before

The Washington Merry-Go-Round

Copyright, 1952, By The Bell Syndicate, Inc.
Drew Pearson says: Senator Morse invites income-tax inspection. Oregon independent startles Internal Revenue chiefs, House investigators would bear investigation.

WASHINGTON — Oregon's independent Senator Wayne Morse paid an unusual call on the Bureau of Internal Revenue the other day. Most people fight shy of this tax-collecting agency, some people get heart failure when its agents even telephone.

But the Oregon senator ambled down to the bureau and said he wanted to meet with the officials who were running it. Accordingly, Harold Swartz, acting assistant commissioner, sat down with him, plus David Gatzmeier and Frank Cohen of the chief counsel's office, plus E. I. McLarny and Leonard Boyd of the audit division.

"I would like to ask the Bureau of Internal Revenue," Senator Morse told them, "to make a careful audit of my income-tax returns."

The tax officials couldn't believe their ears. The bureau makes it an unwritten rule not to look too closely at the tax returns of members of Congress. So far, a senator to come in and ask for an audit was revolutionary.

Morse went on to explain that when he was elected to the Senate in 1949, he had a campaign deficit of about \$16,000 which had been paid partly by him, partly by contributions from friends, and that recently Oregon politicians had been circulating charges that the handling of this deficit had violated the tax law.

He said the money was not paid to him, and he was certain the tax laws had not been violated. But to make sure, he asked that his tax returns be audited thoroughly.

"But we can't audit them prior to 1949," said Assistant Commissioner Swartz. "The statute of limitations has expired."

"Then I'll waive the statute of limitations," "You'll what?" asked Swartz incredulously. "Well, we'll have to have written authorization for that."

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service
When the National Tournament begins in Miami at the end of this week, the newspaper reports of the goings-on probably will concentrate on all the weird bids and plays that are made rather than on the routine bids and plays.

This is not based entirely on the principle that it's news when a man bites a dog. Experts make more unusual plays than average players do because an expert knows, when to break the rules.

Table with columns: NORTH, WEST, SOUTH (D), EAST. Contains card symbols and numbers.

spades. Dummy played low, and East signalled enthusiastically with the eight of spades. Declarer took the ace of spades and led a low club, properly enough.

CARD Sense

Q—The bidding has been: South West North East 1 Heart Pass 1 Spade Pass

TODAY'S QUESTION

The bidding is the same as in the question just answered. You, South, hold: Spades K-3-2, Hearts A-Q-J-9-3, Diamonds A-5, Clubs 2-2. What do you do?

Murder she yelled

By Joseph Shellie
I BEAT it out of the office, pulling the snap-lock shut behind me, and pounded across the cinders to Cottage 9. Kitty Lane was lying on her bed, staring at the ceiling. I closed the door and sat down beside her.

WASHINGTON COLUMN

Streamlining Federal Machine Is Another Headache For Ike

By DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON — The bureaucracy which exists in Washington today is called a very stale four-layer cake.

When Franklin Roosevelt took over in 1932 he found that the best he could do was to put a new layer of his own employes and bureaus over the one left by Herbert Hoover.

When World War II came along Roosevelt was forced to add still another layer of agencies. Then when President Truman moved in he found it necessary to add a fourth layer of peacetime agencies and his employes.

That's what President-elect Dwight Eisenhower is inheriting. It makes delivering on that part of his pledge to clean up the "mess in Washington" which refers to bureaucratic inefficiency extremely difficult, and some say impossible.

According to the old hands around here who are in the very unglamorous field of federal administration, President-elect Eisenhower's failure to do a prompt job of bringing some kind of new efficiency to the federal service likely will sabotage his efforts to deliver on his other campaign promises.

A new President or cabinet officer can throw any number of marvelous new ideas or reforms into the top of the federal hopper, only to have them ground to an unrecognizable mass when they finally come out at the bottom for public consumption.

That has happened even when all of the employes along the line have been in favor of the ideas or programs. It can be a horrible sight to behold what comes out sometimes when those who constitute the machinery of government aren't particularly in favor of what they are supposed to be doing.

It probably is true, as Eisenhower himself said during the campaign, that the great bulk of government employes are conscientious, loyal, workers who will do all they can to help the new boss. But unfortunately that isn't enough.

The unpleasant fact is that in spite of thousands of studies by all kinds of experts as to what can be done about the situation, the federal government steadily has become a more inefficient machine. Nobody has come up with a real solution for greater efficiency. Some say the heart of the problem is the sheer giant size of government today.

Others say it lies in the absence of the profit motive. It just so happens that there aren't very many experts in this restricted field available to the new President to help him streamline the federal service. His budget man, Joseph M. Dodge, already has his hands full with fiscal matters, which is a big enough headache in itself.

Speculation on what man or men the President-elect will call upon to help him on this important matter narrows down to three persons. And it is said that one of them has a brand new idea for putting more efficiency into government, which Eisenhower is expected to buy.

Just off the press: Jacoby's new book, "Point-Count Bidding." For your copy, send 50 cents in coin with your name and address to Oswald Jacoby, The Midland (Texas) Reporter-Telegram, Post Office Box 455, Times Square Station, New York, 18, N. Y.

Read The Classified.
to knock me out, too—make it look like robbery. He hit me on the head with the blunt end of the ax, the clean cut on my neck. Hit you? she gasps. Only way, he says. You'll hear I heard a car speeding away. And don't forget to wipe your fingerprints off the handle. Go ahead, sock hard. She swings—Eddie goes down like a felled tree.

THE phone was ringing when I got back to the office. It was Hesley. He was all a-bubbling. "Just wanted to tell you we're getting somewhere, thanks to you," he said. "Your pal Torchy is still sticking to the innocent act, but he's come across with the names of some of the guys who were staying at his place and we'll probably be able to dig a witness out of them. And that's not Dave Fields is starting to crack."

Daddy Ringtail

Daddy Ringtail Clock Stopper

Mugwump Monkey, the monkey boy, had gone for a visit with Old MacDonald who has a farm. Old

MacDonald was sick in bed from eating some apples that weren't yet ripe enough to eat. There was Old MacDonald in his bed, with Mugwump Monkey, the monkey boy, sitting beside him in a chair.

"Are you going to have anything for supper?" asked Mugwump.

"No sir," said Old MacDonald. "I'm not going to have any supper at all. No sir, and no sir again. I have eaten all I want today, and more green apples than I should have wanted."

"No supper at all?" asked Mugwump. "Not even just one little bite?"

"No sir, not even one little bite," answered Old MacDonald.

This was all right with Mugwump, because he couldn't stay for supper anyway. Daddy Ringtail had told him to be sure to come home

by six o'clock.

"Better be three then," said Old MacDonald. "Yeah, if Daddy Ringtail said for you to be home by six o'clock, then you had better be there."

Oh, but Mugwump wished that six o'clock would never come. Why, he liked to visit Old MacDonald who has a farm. It was fun to be there. He didn't want to go home by six o'clock, and if only something would happen to all the

clocks to keep them from ever being six o'clock—if that would happen—why, Mugwump would be happy and happy indeed.

"Old MacDonald," said Mugwump, "what we need is a clock stopper."

"What's that you say?" asked Old MacDonald.

"You know. A clock stopper," Mugwump explained. "Something that has a scary face to frighten the clock and stop it."

"Do tell," said Old MacDonald with a laugh.

"Of course," said Mugwump. "I guess there really isn't such a thing as a clock stopper."

"Well sir," said Old MacDonald. "I don't have but one clock on my farm, and if you want to stop it—turn it upside down, and it will stop itself."

Mugwump thought about this. Yes, he could be a clock stopper if he wanted to, but he was hungry. Maybe he ought to go on home and have his supper with the rest of the folks, and this is what he did. Happy day! Scrambled coconut to eat.

UN Planes Batter Red Installations

SEOUL—(AP)—Allied fighter-bombers slammed high explosives and flaming jellied gasoline on a sprawling Red troop and supply concentration near Wonsan on the Communist East Coast Wednesday.

Pilots said the whole area burst into flames. Dense clouds of smoke rose thousands of feet. Five large secondary explosions were touched off, indicating direct hits on ammunition stores.

U. S. Sabre jets and Communist MIG-15's clashed deep over North Korea. Allied pilots made no claims of damage or destruction.

Along the battlefield, UN infantrymen hurled back an assault by about 120 screaming Chinese Reds who stormed their central

Mexico Police Jail 500 To Enforce Ban On Political Meeting

MEXICO CITY—(AP)—Police arrested more than 500 supporters of Gen. Miguel Henriquez Guzman Tuesday night in enforcing a ban against a scheduled meeting of adherents of the defeated presidential candidate.

Roving patrols, using tear gas freely, rounded up small groups of Henriquez followers that formed throughout the city, possibly planning to join together later in defiance of the ban. Some clashes were reported and police shots were heard but hospitals said no deaths or serious injuries had been recorded.

(NEA Telephoto)
SHEEP RAISER—Mrs. Annie E. Wilson, 71-year-old Plano, Texas, sheep raiser, arrives with two of the ewes she will show in the International Livestock Exposition opening Saturday at the Stockyards in Chicago.

School Segregation Subpoenas Delivered In San Antonio Suit

SAN ANTONIO—(AP)—Subpoenas have been served here in connection with two injunction suits aimed at breaking segregation barriers in the Antonio schools.

The summons Tuesday went to officials of San Antonio College and public school officials. The persons subpoenaed are to show cause in 57th District Court, January 19, why they should deny admission of eight negro students to schools here other than those provided for members of their race.

Two injunction suits were filed Monday.

Harry Bellinger, plaintiffs counsel, asked the court to set the January 19 date but said he would be agreeable to a postponement because cases now pending before the U. S. Supreme Court would affect the suits here.

Midland Marine Wounded In Korea

WASHINGTON—Marine Pfc Carl W. Emerson, husband of Mrs. Carl W. Emerson, care of J. B. Thomas, Route 1, Box 59, Midland, has been wounded in the Korean fighting, the Department of Defense announced Tuesday night.

Other Texas casualties announced at the same time include:

Killed in action, Air Force: First Lt. John Morse, Jr., Houston. Died of wounds, Marine Corps: Sgt. Mariano Jacques, Jr., Texas City.

Wounded, Army: First Lt. Carl A. Leishman, El Paso; Pvt. Joe L. Wolverson, Laneville.

Wounded, Marine Corps: Cpl. Robert L. Lawrence, Odessa; Pfc. Howell E. Parker, Jr., San Antonio.

Snowstorms—Peke Too Big For Britches Gets No Sympathy In Court

(Continued From Page One)
Hundreds of persons also were stranded in the area of Hutchinson area.

At Council Bluffs in Southwest Iowa, Grover Hurley, 67, Westboro, Mo., was killed during a snowstorm. The car in which he was riding and a train collided at a city crossing.

Four Die In Nebraska
Four deaths were attributed to the storm in Nebraska. At Omaha, where a seven-inch fall was recorded, a huge traffic jam blocked some of the main streets for hours Tuesday night. At one time 500 motorists were stranded at a highway junction near Omaha. They took refuge in a restaurant and a farm house.

Bus and airline activity was at a standstill. Trains were late. Amateur radio operators of the Nebraska emergency network relayed messages in outside areas where the storm disrupted communications.

At Lincoln, the state capital and home of the University of Nebraska, hopes of many students to spend Thanksgiving at home faded.

Power Knocked Out
Electric power to several towns in both Kansas and Nebraska was knocked out.

Conditions were less severe in Missouri. The snow was comparatively light except for the northwestern tip of the state. Icy conditions, however, slowed city traffic and restricted highway travel in Northwest Missouri.

The Texas Panhandle and Northwest Oklahoma dug out of traffic-blocking drifts. The snowstorm moved out of Texas Tuesday.

At Amarillo, a railroad fireman was killed when he slipped on ice as he hopped aboard his moving locomotive and fell under the wheels.

Permian Heart Association Plans Drive For February

More than one-half of all deaths in the United States are caused by heart disease, emphasized Dean at the annual meeting of the Permian Basin Heart Association Tuesday night.

Dean, who is chairman of the Heart Association in Amarillo, told his audience that the problem of fighting heart disease is three-fold—involving research, education, and the community.

Topic of his talk was the "Value of the Heart Association to the Community," and he declared "All the money we spend on support of our heart association can help a tremendous number of people."

Dr. H. Glenn Walker, retiring president of the Permian Basin Heart Association, presided at the Ranchland Hill Country Club session. Election of new officers highlighted the meeting.

Incoming officers include Dr. Fred W. Gaarde, Midland, president; Dr. James W. Rainier, Odessa, vice president; Robert M. Payne, Midland, chairman; Mrs. Suda Oles, Midland, secretary; and Clyde Davidson, Midland, treasurer. All of the officers also will serve as members of the executive committee of the Permian Basin Heart Association.

Two other members of the executive committee elected Tuesday night were C. W. Tarter, Lamesa, and Charles Switzer, Monahans. Midland serves as headquarters of the Permian Basin Heart Association, which encompasses an area of 15 counties. The organization was started on a national scale in 1948.

Plans are underway to launch a drive for heart association contributions in February. Mrs. Oles, secretary, said that advance contributions for the fight against heart disease are welcomed now.

Persons wishing to contribute to the Permian Basin Heart Association may see Mrs. Oles at 800 Boyd Street in Midland or dial her at 4-4941.

THRILLS KNOW NO AGE LIMIT

WYMERWOLD, ENGLAND—(AP)—A blushing bride fainted into her bridegroom's arms here Tuesday as he placed the ring on her finger.

"I'm quite all right now," said widow Kate Morris a few minutes later to her intended, widower Frederick Shipley. There was a 15-minute delay and the wedding went on as scheduled.

"It was the excitement," said son Albert Morris, who gave his mother away.

The bride is 72, her new husband 81.

Parents Are Found Slain; Three Tots Thought They Slept

BALTIMORE—(AP)—Three young children waited 15 1/2 hours for "Mommy" to wake up, while upstairs in the bedroom both parents were dead from shotgun blasts.

Police said Peter T. Lang, 32, apparently shot his wife Katherine, 29, before turning the weapon on himself.

A neighbor told police she heard shots about 11 p.m. Monday night. Tuesday a visitor dropped in and found Peter, Jr., five, John, four, and Sharon, two, sitting on the living room floor in their nightclothes.

One of the boys whispered, "Mommy's asleep upstairs."

Alaniz Must Wait For Ordered Bail

ALICE—(AP)—It looks like Nago Alaniz, charged in the slaying of Jake (Buddy) Floyd, Jr., will stay in jail a while longer.

Alaniz's hopes rose recently when the Court of Criminal Appeals ruled he was entitled to bond.

But Tuesday, a letter from the appellate court clerk said "no mandate has been issued"—yet—directing Alaniz's release on bail.

The letter was received by District Attorney Homer E. Dean, Jr., who said he felt the letter means Alaniz will not be released from jail here immediately.

The prosecution has declared it has 15 days to appeal the high court's ruling. Meanwhile, Alaniz has remained in jail.

NEW WEST VIRGINIA GOVERNOR—

Marland, 34, Takes State Control After Torrid Race

CHARLESTON, W. Va. (AP)—Five years ago William C. Marland was graduated from the West Virginia University Law School at Morgantown.

Today the 34-year-old veteran and ex-coal miner stands ready to take over the Democratic administration which has been in power at the statehouse here since 1932.

Although he'll be by four years the youngest governor the state has ever had, Marland is no "boy wonder."

Lewis Plays Role

Rather, he moved steadily upward under the guiding hand of the administration of retiring Gov. Okey

L. Patton. His self-determination has yet to be moved.

Marland moved through a turbulent campaign, rife with vilification, without becoming involved in the heavy oratorical crossfire. Few GOP attacks were aimed at him personally.

Against him stood Republican Rush D. Holt, who in 1935 was a "boy wonder" senator.

United Mine Workers Chieftain John L. Lewis came to West Vir-

ginia—largest producing state of soft coal in the nation—and gruffly told his 115,000 miners not to vote for Holt or any other Republican.

William C. Marland

trordinarily important speech. As the preliminary speech-making progressed Marland had not made his appearance. His workers found him quietly napping in an offshore room.

They credit his experiences as a Naval officer for his ability to relax. Marland once took command of an LSM in Philadelphia and found that he, of all the crew, was the only one with sea experience. He got his ship to Pearl Harbor safely.

Father A Miner

Marland's father is a mine superintendent at the family home town, Glen Rogers. The new governor worked in the mine there, and is still a member of the UMW.

Marland received an AB degree from Alabama University before joining the Navy. After his release from the service he took his law degree. He moved into the statehouse as assistant attorney general in 1948, and a year later was appointed attorney general by Patton.

Marland is married and has three children.

No great changes are expected under his administration. He made friendly, hand-shaking, neighborly campaign on a basis of "good roads, good schools and more fish."

By fish he meant expanded recreational facilities.

Baby Sitter Loses Temper, Chokes To Death For Crying

SEATTLE (AP)—A high school girl who said she lost her temper when a baby she was tending wouldn't stop crying told officers she choked a four-month-old boy to death with a cloth Tuesday night.

The girl, Ellen Noren Fern, 15, was caring for Garry Payne, son of her next door neighbor who had gone to the grocery store. Garry started crying soon after the Paynes left the house, she said in a statement to Detectives C. F. Kirschner and R. W. Wall.

The detectives said she told them: "I took him into the bedroom and laid him on the bed. He was still crying; he wouldn't be quiet. I looked him over and everything but he wouldn't be quiet."

"I then lost my temper and grabbed a striped cloth, similar to the pajamas, on the bed. I had such a headache, and to keep him quiet I pushed with my fingers and shoved the rag down his throat.

"He shut up all of a sudden and just gurgled. He was so still and didn't say anything or cry. It had seemed like ages that the rag was in his throat before he quit crying. When he quit crying I pulled the rag out."

Then she summoned her mother. "The girl is held by police as "delinquent."

GUESTS IN HAMBRICK HOME

Guests for the Thanksgiving holidays in the home of Mr. and Mrs. T. E. Hambrick, 2309 West College Street, include his father, M. B. Hambrick of Big Lake, and Mrs. Hambrick's mother and uncle, Mrs. A. E. Graham and Judge W. A. Barnett of Okmulgee, Okla.

Mr. and Mrs. Joe Markham left early Wednesday for a trip to El Paso and Mexico.

HE'LL REPENT AT LEISURE

BALTIMORE (AP)—A former OPA investigator who went on a spree with \$5,400 and wound up a week later in the gutter with 37 cents was sentenced to three years in prison Tuesday.

William T. Hinn, 47, admitted in court that he stole the money from a Baltimore cab company office where he was cashier. He said he spent a good share of it on a party that moved from Baltimore through Ocean City and Salisbury, on Maryland's Eastern Shore.

More than \$1,500 of the money was returned to the cab company before the spree ended. It was testified.

Clifford P. Hood

Mrs. Hobby's Appointment As Director Of FSA Climaxes Texan's Busy Career

HOUSTON (AP)—Oveta Culp Hobby, former head of the Women's Army Corps, prepared Wednesday to return to Washington as administrator of the Federal Security Agency.

Her appointment was announced Tuesday by President-elect Dwight Eisenhower, who said she would attend cabinet meetings because of her "vitally important position" in directing government social and welfare work. The post technically does not have cabinet rank.

Mrs. Hobby, a Democrat, is publisher and editor of the Houston Post along with her husband, former Texas Gov. William Pettus Hobby.

"I asked him to make a complete check on my record and make a complete report on it to the new President."

At Washington the White House said loyalty checks by the FBI are "routine" and Presidential appointments to cabinet and all other high posts.

Mrs. Hobby, who is 47, became parliamentarian of the Texas House of Representatives when she was barely 21. While still in her early 20's she recodified Texas banking laws and the rules of procedure for the Texas House and Senate.

She was 37 when she was appointed head of the first women's military organization in the nation's

history, the Women's Army Auxiliary Corps. She also became the first woman to receive Distinguished Service Medal in wartime.

Mrs. Hobby started her journalistic career 26 years ago in the Post's circulation department. She also worked as research editor, literary editor, assistant editor, vice president and executive vice president.

Maintained Contacts

She has maintained close contact with Washington since returning in 1945 as head of the Women's Army Corps.

She was a member of the board of directors of the citizens committee for the Hoover Report. In 1948 she was consultant to the Bi-Partisan Commission on Organization of the Executive Branch of the Federal Government.

Mrs. Hobby also is a member of the Defense Advisory Committee on Women in the Service. In March, 1948, she was a consultant-alternate on the United States delegation to the Freedom of Information Confer-

Oveta Culp Hobby

ence at Geneva, Switzerland.

Mrs. Hobby was born January 16, 1905, at Killeen, Texas, a daughter of I. W. and Emma Hoover Culp.

From early childhood she was interested in law. She read law books in her father's office. Upon graduation from Mary Hardin-Baylor College at Belton, Texas, she again studied briefly in the University of Texas school of law.

She was named parliamentarian for the Texas House in 1926 during

her first Washington appointment was made by Secretary of War Henry L. Stimson, who named her chief of the women's interest section in the War Department's Bureau of Public Relations. When the Women's Auxiliary was established in 1942 she became its director with a rank equivalent to colonel. When the organization was changed to the Women's Army Corps in 1943 she remained its head.

She first called her staff together and told them of her new appointment. Then she issued a statement: "I accept the assignment of President-designate Eisenhower with great humility, for I am deeply aware of its importance to the people. I shall fulfill to the best of my ability the responsibility placed on me."

Later she said that she had asked the Federal Bureau of Investigation to make a complete check of her record.

She phoned J. Edgar Hoover, head of the FBI.

Clifford P. Hood To Succeed Fairless At U. S. Steel Post

PITTSBURGH (AP)—Clifford P. Hood, 58, who says he would be an Illinois farmer but for the persuasion of a young engineering friend, will become president of the world's largest steel-producing company January 1.

United States Steel Corporation's Board of Directors elected Hood to the top post Tuesday at a meeting in New York. He now is executive vice president in charge of production of the subsidiary United States Steel Company.

Hood succeeds Benjamin F. Fairless, who will continue as chairman of the board and chief executive officer of U. S. Steel Corporation.

The parent U. S. Steel Corporation will become an operating company the first of the year when U. S. Steel Company is merged with it.

The new president was born on a farm near Monmouth, Ill. A young engineer got him interested in industrial work, he says, or he would still be working on his father's farm.

history, the Women's Army Auxiliary Corps. She also became the first woman to receive Distinguished Service Medal in wartime.

Mrs. Hobby started her journalistic career 26 years ago in the Post's circulation department. She also worked as research editor, literary editor, assistant editor, vice president and executive vice president.

Pedestrian Killed When Hit By Auto

DALLAS (AP)—Harrison B. Pratt, 64, of Carrollton was killed instantly Tuesday night when struck by a car driven by Luther Berry Miller, 21, of Coppell.

Miller told police he didn't see Pratt before the impact which knocked the Carrollton man 38 feet.

MIDLANDERS GET A&M COLLEGE STATION

COLLEGE STATION—Two Midland students are included in the announced appointments and assignments of cadet officers in the Corps of Cadets for Headquarters, Second Group, First Wing, Squadron 7.

They are 1st Lt. Ervin Arthur Baumann, scholastic officer, and 1st Lt. Billy Jack Evans, public information officer.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 6 million of kidney tubes and filters flush out waste. Get Doan's Pills today!

Stabilization Boss Preparing To Urge Controls Extension

WASHINGTON (AP)—White House denial that President Truman plans to scrap price-wage controls was underscored Wednesday by a report that Administration officials are considering a proposal to strengthen and extend controls authority.

The White House late Tuesday discounted a report from Senator Maybank (D-SC) that he had information Truman might end price and wage controls before Congress convenes January 3.

A spokesman said the President, who can kill such controls by executive order, has no such plans.

Shortly after the denial it was reported that Economic Stabilizer Roger L. Putnam has recommended a 14-month extension of price, wage and rent control authority to June 30, 1954. Putnam, however, was described as feeling the power might not be used that long.

Mobilization officials said Putnam handed his recommendations some days ago to Defense Mobilization Director Henry H. Fowler, whose wrap-up of recommendations for new legislation now are being readied for the White House.

Mr. and Mrs. W. M. Austin of El Paso are visiting with their son and daughter-in-law, Mr. and Mrs. Russell Austin.

Summerfield To Resign GOP Post In Taking Postmaster Generalship

WASHINGTON—(AP)—Republican National Committee Chairman Arthur E. Summerfield Wednesday began squaring away for a new assignment—the postmaster generalship in the Eisenhower Administration.

His appointment to the cabinet was announced late Tuesday by President-elect Eisenhower.

Summerfield, 53-year-old highly successful automobile dealer at Flint, Mich., promptly called a news conference here. He announced he will step down from the party chairmanship—although the jobs of party chairman and postmaster general have been frequently combined—in order to devote full attention to the mail service.

Vows Full Vigor

"Subject to confirmation by the Senate," he said, "I will undertake the duties of postmaster general with full vigor and with all the knowledge and enthusiasm which I possess."

"The improvement of all branches of the department and the increase of its morale will be my paramount objectives in the public interest."

In response to questions, Summerfield said his business interests include a couple of directorships in insurance companies, plus a number of companies in which he either owns whole or controlling interest. Principal among these is the Summerfield Chevrolet Company at Flint, one of the largest retail automobile agencies in America.

Autos For Postmen?

He said, however, he plans to dissociate himself from all active participation in private business.

When a reporter asked if the Post Office Department does not purchase large quantities of automotive equipment, Summerfield—chubby, pink-faced and good-humored—joined in a roar of laughter across the room and answered chuckling:

"Yes, I am aware of that."

The new appointee announced he will assemble the Republican committee around inauguration time, January 20, to accept his resignation and choose a new chairman. He said he has not decided whether he also will resign as Republican national committeeman from Michigan.

Donaldson's Status

Summerfield will take over the giant Post Office Department and its 500,000 employees from Jesse M. Donaldson, civil service career man in the postal service for 45 years, who was named to the top job by President Truman in 1945.

Donaldson, 67, and with many years of civil service behind him, now has a choice of seeking continued service in a top-rated post office job or taking the full retirement benefits to which he is entitled.

Summerfield, who was made party chairman immediately after the Eisenhower nomination at Chicago and who steered the successful Republican campaign, said the post office appointment came as no sudden surprise, but declined to say when it was first offered him.

Through Eighth Grade

He is a native of Pinconning, Mich., completed eight grades of school, and went to work at 13 in industrial plants around Detroit, working for both Buick and Chevrolet.

Subsequently, he was a real estate operator and successful oil distributor in Michigan and founded his retail automobile business in 1929. He belongs to the Masons, Elks, Kiwanis, Detroit Club, Detroit Athletic Club, Committee on Foreign Relations, the Flint Golf Club and the Flint City Club.

He and Mrs. Summerfield, the former Miriam W. Graim, have two children, Arthur E. Summerfield, Jr. and Mrs. William C. Davison, both of Flint, and four grandchildren.

Summerfield declined to speculate on who his successor as Republican chairman might be. However, capital talk has included the names of Sinclair Weeks, Massachusetts national committeeman; Senator Henry Cabot Lodge, Jr., who was defeated for reelection; Senator Fred Seaton of Nebraska, who did not seek reelection, and Tom Coleman of Wisconsin, who was floor manager for the Taft forces at the nominating convention.

Arthur E. Summerfield, Jr. and Mrs. William C. Davison, both of Flint, and four grandchildren.

Boss Your Wife; She'll Love It, Advises La Belle Darcel

HOLLYWOOD—(AP)—No doubt about it, Denise Darcel likes American men. But she says:

"They want their wives to be mothers to them."

"They aren't bossy enough with their women."

"They marry too young."

La Belle Darcel is the French version of perpetual emotion. She never sidesteps an issue, but instead wades right in with idioms flying. And when the subject is male-female relationships, she speaks forcibly and with an insight possessed only by the French.

Here are some of her views, translated from unique English:

"American men want a mother as well as a wife. I don't mean just for the children; I mean for the men themselves. They allow their wives to assume the authority that their mothers had over them. They don't say, 'We're going to a movie tonight.' They say, 'Would you like to go to a movie tonight, dear?'"

"That's bad. When the man becomes too weak, his wife loses all the respect she had for him. That's why there is so much divorce in America. The men are not firm enough with their women. The men are the boss in France; that's one of the reasons the French have so little divorce."

"Women like to be bossed. They want the man to be the head of the family; that is the way nature intended life to be. She also likes to be a mother. She can be motherly to her husband, but she should do it in a subtle way—so it doesn't make him weak."

No Dish Washing

"This may cause battles in many American homes, but Darcel claimed 'males should refrain from helping with the housework.'"

"Most American men work hard," she remarked. "When they come home from work, they shouldn't have to help in the kitchen. Their wives should pour them a drink and make them relax and read the paper."

"Yes, I know that the wives work hard, too. If they are too exhausted, their husbands should offer to help. But it doesn't help the glamor of

their marriage if the women are worn out when the men come home."

"My suggestion is this: The women should work a little faster so they can have an hour's rest before their husbands come home. No matter how hard I've worked during the day, I always try to get a little rest before I have a date."

Age No Barrier

"This mother complex on the part of U. S. husbands is partly because they marry too early, said the French gal."

"They have not been out in the world long enough and they still feel an urge to be mothered," she remarked. "A man shouldn't marry until he has grown up and had a great deal of experience with women. I think the best age would be around 32 or 35."

Is a more mature man a better lover?

"Who mentioned anything about love?" she inquired. "But since it appeared to be one of her favorite topics, she added: 'If a man is a good lover, he is good at any age.'"

Helmet Block May Be Stopped Soon But Meanwhile, Game Gets Rougher

By HAROLD V. RATLIFF
DALLAS—If something isn't done about this helmet or "butt" block in which a player ducks his head and uses his hard plastic headgear to stop an opponent's sometimes devastating effects— it is reasonable to believe football games will resemble a flock of billy goats—they'll merely be butting contests.

There is nothing illegal about the helmet block—now. But anything that causes serious injury, dislocates teeth and cuts mouths into scars should be examined.

Football is a rough game. There are enough ways for a fellow to get hurt without adding one that comes from the equipment used.

Baylor has been the center of the discussion. Apparently it is the only team employing the butt block in the Southwest Conference. Text as complained about it, Southern Methodist hasn't done so officially but probably will.

Coches George Sauer of Baylor, pointing out that the helmet block is legal, says it probably is more dangerous for the buttee than for the buttee—But unless it is used right it can cause a neck injury for the fellow using the helmet.

If that be true then why should a team use it? Why should a player run the risk of injury?

You can bet your socks that the helmet block will be given a full airing at the next meeting of the coaches and athletic directors of the Southwest Conference held in connection with the Southwest Conference meeting in December.

There are two things that can be done: Cover the tops of the helmet block with soft material and pass a rule that in the event it is apparent the helmet block is used deliberately to injure that a penalty be assessed.

Of course, it will be difficult to determine if the helmet block is used deliberately with intent to commit bodily harm. A player making any kind of block or tackle ducks his head. So it would appear the best way to handle it is to be sure there is soft material on the dome of the headgear.

The plastic headgear should not be barred. That is one of the best things that has come along to take the hazard out of football—head injuries now are almost obsolete.

Wink favored over eagles

JUNCTION—While the rambling Wildcats from Wink, which played hayco with District 5-A, will be heavy favorites, the Junction Eagles of District 6-A are cooking up a holiday menu that might prove surprising here Thanksgiving Day.

Junction will be depending upon Bennett Ragsdale and Horsey Murr, speedy backs, to snatch the "turkey from the fire," while Wink laurels will rest with Kenny Vinson and Danny Villarreal.

Both teams dropped two games during the season.

Good Little Man Defeats Good Big Man In Bowling

By HARRY GRAYSON
NEA Sports Editor
NEW YORK — Bowling reverses its credo having to do with the good little man beating the good big one. Such an authority as Joe Willman draws this to your attention. Willman, who has won more championships than he can list, is himself a middle man in physique.

"If you're a little guy and want to be a champion, take up bowling," says the perennial American Bowling Congress Tournament and national match star. "The shortie has a natural advantage on the alleys."

"He's closer to the hard wood, has less margin of error putting the ball down. His more acute angle of delivery tends to produce a better working ball."

"Tall men have less strength in their arms. Andy Varipapa, for example, has short, thick arms that never tire. Because they have more of them, lanky men also have trouble controlling their legs."

"Of the 18 men who have won the national match game title, only three are six-footers. Hank Martin, five-seven, boasts the most 300 games in ABC competition. Allie Brandt, who weighs only 126 pounds, turned in the highest three-game total, an 886."

It is totally unnecessary for a bowler to throw his weight around. Turns In Big Job

Speaking of little men, Ira Thomas didn't dismiss Bobby Shantz because of lack of size when he first saw the five-foot six-inch, 138-pound left-hander on Philadelphia sandlots. The old catcher had been around long enough to know that all a pitcher required was an arm, control and the ability to think.

Shantz did a tremendous job for the A's, who needed it, but a fairer most valuable vote would have gone to Allie Reynolds. Shantz won only two games from August 22 on, which is when the real racing takes place.

Wahoo Reynolds won 20 games for the Yankees, all as a starter. The Cherokee relieved in six more, without permitting a score and all of them going to the World Champions. From August 30 on, he won five and saved two more. He was the man who did it.

With Ferris Fain retaining his batting championship and the most valuable player in Shantz and the most valuable recruit in Harry Byrd, the A's collected a full allotment of honors for an aggregation that was suffering from the shorts financially and supposed to be falling apart.

Finish Makes It

Army and Navy would have sold out Philadelphia's huge Municipal Stadium, anyway, but West Point's cyclonic finish against Pennsylvania gave the show a big lift as a contest. . . . It will be the Cadets' vastly improved attack against the Midshipmen's stout defense . . .

Jordan Olivar says Princeton had the best conceived offense he has seen in a long time. . . . Yale's coach believes that on a given day the Tigers could have repelled about any team in the land . . . Oklahoma's backfield was the slickest four-man unit a lot of people ever set eyes on . . . Crowder, McPhail, Vessels and Leake faked so well they fooled television cameras, broadcasters and writers as well as the opposition . . . Elmer Willhoite, Southern California's six-foot two, 210 pound strong man offensive senior guard, is considering professional football and boxing . . . There'll be considerably more action either way.

CAGEY CATCHER — Wes Westrum takes dead aim at the basket working out with the Poughkeepsie, N. Y., company team for which he works. The New York Giants' catcher is a salesman in off-season. (NEA)

10 ACC Senior Grid Lettermen To Enter Last Game Thursday

ABILENE—Ten seniors will bow out for Abilene Christian Thursday afternoon when the Wildcats try to nail down undisputed possession of the 1952 Texas Conference football pennant in a game with Howard Payne.

Kick-off will be at 2 p.m. in Fair Park Stadium.

Three—possibly four—of the seniors may not see action because of a siege of injuries. Still the Wildcats will enter the game as established favorites.

Seniors get with injuries are quarterback Ted Hutton, fullback Don Smith, halfback Jerry Mullins and end James Lyda, all but Smith three-year lettermen. Mullins is the only one likely to be in shape to play.

Other seniors on the squad are center Wallace Bullington, tackle Bill Wilkinson, defensive halfback Dick Felt and ends James Muns and Stanley Staples.

To replace the starters, Coach Garvin Beauchamp will install Wesley (Red) Rushing at fullback, Don Mullins at left halfback, Bobby Campbell at quarterback and Jimmie French at Lyda's defensive end slot.

ACC has won three conference games without a defeat, having trimmed McMurry, 28-0; Texas A&I, 48-13; and Austin College, 38-13. In non-conference play, the Wildcats have licked Southwest Texas State, 20-7, and Midwestern, 21-0. Lossee have been to East Texas State, Chattanooga and West Texas State. In their last game, the Wildcats tied Fort-Sam Houston, 21-21.

Football encounters between the Abilene and Brownwood rivals date back to 1920, the Yellow Jackets holding a 12-7 margin of victories. There have been two ties.

Hoople Sees Odessa Trouncing Bulldogs

By MAJOR AMOS B. HOOPLE
Perpetual Upset Nonpareil
EGAD! There are moments when my own brilliance stuns even me! This conclusion is prompted by my amazing upset record for the season that is closing. Who else, a one-time major grid expert, predicted a defeat for Maryland at the hands of Mississippi? Not as we prepare to draw the curtains on another football season, the plausible fudging in my eye is obvious. Note: That's probably high boot pressure! I have you, a couple more jolly form reversals to sap you!

One of these will occur on Turkey when When Texas A&M rises up inspired and bawls down Texas. The other will take its place in history November 29, when Notre Dame noses out Southern California by a touchdown.

And now I'm about to take fond farewell of my millions of readers, and with a wish that the Winter be a happy one with Spring not

far behind—a phrase I helped one of the poets coin.

My last forecast will come to you just before the Bowl games.

You may proceed now to peruse the forecast for Thanksgiving and November 29:

- Thanksgiving
- Odessa 33, Midland 12.
- Lubbock 38, Amarillo 0.
- Pampa 26, Borger 14.
- Abilene 27, San Angelo 6.
- Colgate 20, Brown 7.
- Penn. 21, Cornell 13.
- Texas A&M 27, Texas 21.
- November 29
- Navy 27, Army 7.
- Notre Dame 13, So. Calif. 7.
- Holy Cross 33, Boston Col. 13.
- Fordham 34, New York U. 7.
- Alabama 20, Auburn 7.
- Rice 14, Baylor 7.
- Georgia Tech 20, Georgia 14.
- Lou. St. 14, Tulane 7.
- Miss. 14, Miss. State 7.
- TCU 20, SMU 21.
- Tennessee 20, Vanderbilt 13.
- Tulsa 14, Texas Tech 7.
- Virginia 24, Wm. & Mary 14.
- Wake Forest 14, So. Car. 7.
- Marquette 20, Col. Pacific 14.
- Okl. 34, Okla. A&M 7.
- Colo. 27, Colo. A&M 7.
- Wash. 20, Washington St. 13.

Humble To Broadcast Traditional Contest Between A&M, Texas

Radio listeners throughout the state can follow action as it is played in the traditional Thanksgiving Day football classic: Texas versus Texas A&M at Austin. Humble Oil & Refining Company will broadcast this event on a state-wide network of thirty-two stations. Airtime for the game is 1:30 p.m. Thursday.

Announcers Kern Tipps and Alec Chesler will be on hand in Memorial Stadium at Austin to bring a running description of the oldest consecutive rivalry in Southwest Conference history to listeners of stations including KPET, WTAW, Lamesa; KRNZ, Big Spring; KCRB, Midland; KVME, Monahan; KIUN, Pecos; KVLF, Alpine.

Tyler Cancels Plans For Texas Rose Bowl

TYLER—There will be no Texas Rose Bowl this year. Originally scheduled December 6, Smith P. Reynolds, Jr., chairman of the Tyler Junior Chamber of Commerce project, said the game was called off because a suitable opponent from Tyler Junior College, the host team, could not be obtained.

Alabama Quarterback Named Back Of Week

NEW YORK—Cliff Hobson, quarterback of Alabama's Orange Bowl-bound Crimson Tide, was named Associated Press back of the week Wednesday.

Hobson, who switched from left half to signal calling late in 1950, played a big role in Alabama's surprise 37-7 trouncing of Maryland Saturday.

Odessan Proves A Favorite Pass Target For Techsters

LUBBOCK—Just as last season, of Quittaque, with 11 catches for fullback Charles (Sandy) Welton of Fairmont, West Va., is now leading Texas Tech's regular backs on yards-per-try.

Welton scampered for 86 yards on seven tries in Tech's 19-14 upset of the University of Arizona to get a 5.3 mark—by virtue of 230 yards for the season on 46 carries.

Kingsville's Bobby Cavanaugh still paces rushers with 478 amassed on 102 runs. He is also the leading scorer with 36 points.

In passing, quarterback Jerry Johnson of Hale Center, only quarterback used Saturday night, now has 42 completions of 94 thrown for 550 yards.

Favorite target is still Don Lewis

GATOR BOWL TO SIGN TULSA

JACKSONVILLE—(AP)—Tulsa University will be signed Friday to meet the University of Florida in the Gator Bowl New Year's Day football game here January 1. This was announced Tuesday by Joe Livingston, member of the selection committee.

Tulsa has a season record of six victories, one defeat and one tie. It plays Texas Tech November 29.

Dozen Veterans Due To End TCU Football Duties In SMU Game

FORT WORTH—A dozen veterans who have been the backbone of the TCU football team for three seasons will close their careers Saturday afternoon against the SMU Mustangs. None of them has ever played on a team that lost to the Ponies.

In fact SMU has not bested TCU since 1947 although two of the five games ended in ties during the Doak Walker era.

The Frog veterans are mostly ends and linemen. Among the seniors are Co-Captains Ted Vaughn and Wayne Martin who with Bob Blair and Charley Rogers have been the Christian ends on both offense and defense for three seasons. All four will bow out Saturday.

Other seniors include Carlton McCormick, the big offensive center; Bobby McEachern, a fine linebacker; Halfbacks Jack Ray and John Harville; Guards James Glenn, Bill Buck, Don Martin and Hubert Parrett.

It's also the last go-round for Gilbert Bartosh the "Granger Ghost" whose career has been one of violent ups and downs. In 1950, despite a bad knee, Gilbert led the conference in total offense. Despite a cartilage operation, Gil was never able to achieve his sophomore peak and has been used sparingly the last two seasons. Now a substitute fullback he'll bow out with the others Saturday.

Fire Levels Austin College Field House

SHERMAN—(AP)—A wind-whipped fire leveled the field house at Austin College Tuesday.

It wasn't known immediately what caused the blaze.

C. S. Boyce, college public relations director, estimated damage at \$25,000. Boyce said it would take that much to replace the structure.

Sam Snead Wins \$1,000 As Top Prize

SOUTHERN PINES, N. C. —(AP)—Sam Snead, his putter still his best friend, won the Julius Boros Open and its \$1,000 top money Tuesday. He had to come from behind to get a one-stroke edge over Doig Ford over the 54-hole route at the Mid-Pines Club course.

Snead saw a five-stroke 58-hole lead melt in "the face of the determined play of Ford. Snead had to birdie the fourteenth and fifteenth holes to get back even par for the day—and post a 207 score for the holes.

Ford had a scintzing outgoing 31, but fell off to 37 on the back nine for a 68, making his total 208. He pocketed \$150.

Other top scorers included Fife Fleming, St. Andrews, Ill., whose par 72 gave him a third place tie with Lou Barbaro, Deal, N. J., at 209. Each was paid \$450.

SPORTS MIRROR

By The Associated Press
A YEAR AGO — Illinois and Stanford were selected to play in the Rose Bowl.
FIVE YEARS AGO — A syndicate headed by former Postmaster General Bob Hannegan bought the St. Louis Cardinals from Sam Breadon for a reported price of \$3,500,000.
TEN YEARS AGO — Texas captured the Southwest Conference football title by defeating Texas A&M, 12-6, in their annual Thanksgiving Day contest.
TWENTY YEARS AGO — Notre Dame smashed Army, 21-0, before a sellout crowd of 80,000 football fans at the Yankee Stadium.

DOWNTOWN PARKING
By The Hour
107 S. Colorado
(Directly south of Midland Tower)

Today or Tomorrow... You'll Find NONE AS NEW AS NASH!

LOOK OVER the new cars that are being introduced these days. You'll find none as new as the Nash Golden Airflyte. No other cars can offer the ahead-of-the-time continental styling of Pinin Farina. Only in Nash can you find such exclusive features as the Airliner

Reclining Seats, Twin Beds, Weather Eye Conditioned Air System. Yes—compare them all, feature by feature. You'll agree—the distinctive new Nash Airflyte leads the whole world in beauty, performance, economy and comfort—today —tomorrow—and in the future!

Farina styling means new beauty and comfort with the accent on roominess. Widest front and rear seats of any car. Even Reclining Seats and Twin Beds if you wish.

Farina styling narrows front pillars to eliminate "blind spots". New continental sloping hood shows you more of the road for safer, easier driving.

Farina styling provides more than 17½ square feet of usable floor space in luggage compartment. Tail light conceals gas intake.

Farina styling is complemented by the new Super-Jeffery engine—proved in competition the world over for performance, endurance and economy.

Farina styling features new "Roll-Over Guards" fenders to give the eye an amazing point-for-easy parking and passing.

Farina styling is functional and practical. Wide doors are square-cut for easy access.

Farina styling gives greatest eye-level visibility. Widest one-piece windshield—pioneered by Nash on all models. Widest rear window.

Farina styling makes full use of Airflyte Construction for greater strength, safety and rigidity—and lasting freedom from body-bolt squeaks and rattles.

Farina styling incorporates enclosed front wheels to cut air drag. Exclusive Airflex Front Suspension levels road bumps—absorbs shocks and noise.

Injuries Handicap Bulldogs

By JIM LINDSEY

Coach Tugboat Jones Wednesday wanted to follow the Arab who folded up his tent and silently slipped away. His cup of darkness overflowed.

The Lubbock game left the services of Guard Terry Fuglaar, in doubt for the Thanksgiving Day clash with the heavier Odessa Bronchos. Little Jesse Hatfield hobbled on an injured ankle. He'll probably start but carry a handicap.

Other Bulldogs nursed the worst bruises of the season. The physical condition of the entire squad was far from the best. Jones had counted on Jimmie Mashburn to give Fuglaar relief or take over the brunt of the guard-assignment. Tuesday afternoon Mashburn was rushed to a hospital after a severe blow on the head in scrimmage. X-rays revealed no serious injuries but the scrapping lineman remained under observation Wednesday morning.

Cast Flights Illness
Co-Captain Bobby (Red) Cast left the sick list Wednesday. Flu-like illness kept him away from the field Monday. He still wasn't strong enough to participate in contact work Tuesday.

And so the odds mount higher against the Bulldogs who jump into Broncho Stadium Thursday to oppose the top defensive club in District I-AAAA. Odessa has allowed only 50 points in nine games and prides itself in four shutouts in six conference encounters.

The Bronchos boast a wide margin of the combined opposition on team statistics. They passed the one mile mark in rushing yardage last Saturday in beating Abilene, aggregating 1,810 yards for the season against only 766 for nine opponents.

Red Raiders Face Leading Ball Carrier

LUBBOCK—For the second time in three games, Texas Tech's Red Raiders must face the nation's leading ball carrier.

That's Howard Waugh, Tulsa University's mighty fullback, who amassed 250 yards in the Golden Hurricane's victory over Arkansas Saturday. Now crowding the 1,300-yard mark, Waugh runs against the Red Raiders in Jones Stadium here Saturday afternoon.

Supported by a heavier forward wall, Waugh undoubtedly will be a sterner test of Texas Tech's defense than was Hardin-Simmons' Henry Williams. Then the pace-maker, Williams, on November 19, was able to crack the Raiders for only 14 yards on 15 tries, and Tech ended a six-game losing streak with a 14-14 draw.

In winning their first game since September 20, the Raiders' defense wasn't exactly airtight in the 19-14 win over the University of Arizona Saturday night. They did, however, trim almost 100 yards off of Arizona's rushing average.

Nation's seventh best rushing team, the Wildcats were permitted only 146 ground yards, as compared with their season's average of 264. Arizona passed better than usual, gaining 140 aerial yards, but in the final minute, after the Wildcats gained a first down on the Tech 12, the Raiders broke up three passes.

Coyotes Lead Final Poll; Lubbock Third

DALLAS—The Wichita Falls Coyotes, undefeated, untied and scored on only twice in nine games this season, are the state's No. 1 Class AAAA schoolboy football team in the Dallas News' final poll.

- The survey of Texas sports writers listed the following as the top 10 of that class:
1. Wichita Falls
 2. Baytown
 3. Lubbock
 4. Ray Corpus Christi
 5. Tyler
 6. Reagan
 7. North Side Fort Worth
 8. Odessa
 9. Waco
 10. North Dallas

He moved far ahead as the Bronchos' total offense ace in totaling 97 yards through Abilene's usually tight defense. Worrying Ward has picked up 610 yards on 90 carries this campaign. Tommy Harris follows Ward as Odessa's second ground gainer with 316 yards.

Statistics underline the potential of the Odessa passing attack. Carl Schlemeyer has connected with 10 of 15 heaves for 179 yards. But Ken Wineburg has passed for the most yardage. He totaled 287 yards on 19 completions in 45 attempts.

Wineburg is no amateur as a kicker. He shows an average of 22 yards on 45 kicks.

John Heid has demonstrated his ability to snag passes from the poised Odessa throwers. He is the best in this department with 187 yards in 11 catches.

Odessa will outweigh the Bulldogs in the renewal of a steaming rivalry which dates back to 1929. This holds true in both the line and backfield.

The Bronchos expect to enter the traditional game in top physical condition in contrast to the crippled Bulldogs. Odessa's largest turnout of the year is expected as the Bronchos try for their eleventh straight victory and the Midlanders strive to resurrect a sagging season.

More than 2,000 tickets had been purchased by Midlanders with Wednesday as the final day of sales in the high school auditorium foyer. Midland was allotted 3,700 reserved seats. All unsold duceats will be returned to Odessa.

Kickoff time for the concluding game for both Odessa and Midland is 2 p.m. And the hour of redemption has arrived for the Bulldogs in their first AAAA campaign.

BOBBY CAST

JIMMY MASHBURN

Trojans Face Hard Test Against Irish

SOUTH BEND, IND.—The Southern California's Trojans may have to open their full bag of tricks against Notre Dame Saturday if they expect to keep their record unblemished for their Rose Bowl engagement New Year's Day.

And that probability makes the game a scouting paradise for the coaching staff of Wisconsin's Badgers, the Trojans' Rose Bowl opponent.

The Pacific Coast Conference champions have won nine in a row and haven't been beaten since last they faced the Irish in Los Angeles in the 1951 finale, when Notre Dame won 19-12.

And the Irish, ranked No. 7 in the current AP poll and one of the nation's upset kings, might do it again.

Ralph Guglielmi, who as a freshman quarterback last year sparked the Irish to victory over the men of Troy, is ready for another try.

His passing arm will be aided by a running attack which has averaged 206 yards a game, paced by Halfback Johnny Lattner and Fullback Neil Worden.

Southern California's fine record has been compiled largely on a great defensive unit which has been responsible, directly or indirectly, for 141 points. That's more than 106 points tallied by the offensive crew.

Coach Frank Leahy of the Irish has been ill but was expected to return to active coaching Wednesday. He personally scouted the Trojans via television, from his sickbed Saturday as the coast champs seeded up the crown by beating UCLA 14-12.

Charles Goes Against Vet Boxer Bivins

CHICAGO—(AP)—Ezzard Charles, who says he has forsaken his Little Lord Fauntleroy conduct in the ring and now is like a dead-end kid, will try to smash veteran Jimmy Bivins into oblivion Wednesday night at Chicago Stadium.

His scheduled 10-rounder will be televised nationally 9 p.m. CST but about only 4,000 customers will be at ringside to see if Charles, the ex-heavyweight champion, keeps his promise.

Once a Chiller, Charles at one point of his boxing career was recognized as quite a chiller, having scored 48 knockouts. But then he decided a good defense is better than a good offense and promptly lost his title to Jersey Joe Walcott. Now he appears to be returning to the killer type of fighter who seems to delight the fans.

Tom Tannas, co-manager of Charles, says his tiger is "a much better fighter now than when he won the title."

Houston U Snubs Sun, Salad Bowls

HOUSTON—University of Houston athletic committee has decided to decline invitations to play in either the Sun Bowl at El Paso or the Salad Bowl at Phoenix, Ariz. Athletic Director Harry Pouke and other university officials earlier Tuesday had expressed keen disappointment over Houston not receiving a bid to play in the Gator Bowl.

PIGSKIN PICKIN'S—

Claassen Selects Navy, Norte Dame

By HAROLD CLAASSEN

NEW YORK—(AP)—Making the final college football picks of the season while surrounded by turkey feathers, the selectors effectively hid last week's record of 30 correct and eight incorrect choices for an average of 70.

Navy over Army (Saturday): The Cadets are vastly improved over last year. In fact they are much better than the Army team which started the present season. However, Navy's defensive unit is the best to represent the sailors in recent years—and you can't lose if you can keep the other team from scoring.

Notre Dame over Southern California (Saturday): Figuring that the Trojans were at their best last Saturday when they got by UCLA and gained the Rose Bowl assignment. Also, the Irish apparently have cured their fumbling habits.

Pennsylvania over Cornell (Thursday): The Quakers need this decision to keep Coach George Mungler from having the first losing season in his long stay at Pennsylvania.

Tennessee over Vanderbilt (Saturday): It is Vanderbilt's turn to win this traditional contest but the Vols tie with Kentucky last Saturday and awakened the team.

Texas over Texas A&M (Thursday): Only Notre Dame and Oklahoma have been able to handle the Longhorns.

Georgia Tech over Georgia (Saturday): All of Tech's cripples have regained their health for this meeting.

Holy Cross over Boston College (Saturday): Another one where you can throw the season's records out of the window. Chuck Maloy's passing is to be decisive.

THURSDAY
Colgate over Brown, Miami over Cincinnati, New Mexico over Wichita, San Jose State over Santa Clara, Utah over Utah State, Virginia Military over Virginia Tech, Wyoming over Denver.

SATURDAY
East: Fordham over New York University.
South: Alabama over Auburn, Mississippi over Mississippi State, Wake Forest over South Carolina, Tulane over LSU, Virginia over William and Mary.
Midwest: Houston over Detroit, Oklahoma over Oklahoma A&M, Southwest: Tulsa over Texas Tech, Southern Methodist over TCU.
Far West: Brigham Young over Tempe State, Colorado over Colorado A&M, College of Pacific over Marquette, Washington over Washington State.

DEFENSIVE ASSET—Don Grove, towering former four-year star at Texas Tech, is expected to give the Phillips 66ers help with rebounding and defensive ability. Grove shoots a surprisingly soft shot from medium distances.

Benners Pitches Life Into Giants

By GAYLE TALBOT

NEW YORK—(AP)—The hottest topic of conversation among this town's football fans in recent days is the manner in which Freddie Benner, the former Southern Methodist passer, suddenly has lifted the New York Giants up by the slack of their pants and plied them into the thick of the race for the professional championship.

The tall, rangy rookie had been sitting on the bench and picking up nothing but hip bumps during the Giants' first eight games, in which they had posted the not impressive win-loss record of 5-3. After a fine start, the club's regular quarterback and passer, Charlie Conroy, had lost the knack of hitting his receivers.

As far as three games back, the cry had gone up for Coach Steve Owen to forget his loyalty to Conroy and at least give Benner a shot at the job.

"Do you want me to shoot Conroy just because he has a bad game or two?" Owen demanded. "Anyway, Benner is too fine a prospect to be thrown in there and ruined before he has learned the T-formation thoroughly. He never worked from anything but the spread formation in college. I won't put him on such a spot until I know he's ready."

And that was how matters stood when Sunday's game began against the Redskins. It was taken for granted that if the Polo Grounds lost that one they would be out of the runnins for the title in their division. There was Conroy still crouched behind center, and the discomfited among the Harlem alumni was vast.

Then Came Freddie
Before one quite knew what had happened, Washington was off to a 10-0 lead. The end of the first period marked the seventh straight in which the Giants under Conroy's direction had not scored a touchdown. About midway of the second quarter, Owen finally muffed up his mind Conroy had a sore arm and flagged Benner in.

The reaction of the Giants was somewhat electrifying. The kid looked as though he had been weaned on the T-formation. In 11 plays, mixing his tactics skillfully, he drove his club 77 yards to a touchdown, then he went 48 yards in seven plays for the winner. Another long march in the fourth period was broken up by a fumble near the goal line. In the course of turning an apparent rout into a vital 14-10 victory, Benner hit on eight of 13 passes for 113 yards.

Temple Wins Toss Against Port Neches

TEMPLE—An important bi-district schoolboy football game will be played here Saturday, December 6, matching Temple and Port Neches.

Temple won in District 8-A-A-A. Port Neches is District 8-A-A-A champion.

The game site was decided Tuesday when representatives of the two teams met at Navasota and flipped a coin.

66ers Schedule 13 Games With Seven More Contemplated

The Phillips 66ers have carded 13 games and expect to add another seven before the 1952-53 basketball season comes to an end.

The Midlanders will open against the highly regarded REA team from Artesia, N. M., next Friday night in the Midland High School gymnasium. The game will start at 8 p.m.

Tickets for Friday night's game are on sale at four downtown locations—Service Club, Recreation Club, Taylorfine and the Chamber of Commerce offices in the Scharbauer Hotel. Admission charge is 75 cents. Student tickets costing 25 cents may be purchased at the gymnasium door.

The REA Travelers expect to field the best team ever sponsored by the New Mexico organization. Pecos Valley basketball fans received their first view of the Travelers this week. The Travelers have a 40-game schedule.

The Travelers possess height, speed, experience and reserve strength in a 13-member squad composed of five veterans and eight rookies.

The veterans include six footers ranging up to Don Holt who stands six feet and seven inches. Only one member of the squad, Bobby Yates, a rookie, drops to the six-foot mark.

Bill Johnson, former cage great at Baylor University, is a main cog in the fast-breaking REA outfit. He was twice all-Southwest Conference and an NCAA selection on two occasions. Johnson enters his third year with the Travelers.

Top In Defense
Johnson proved the team's top defensive player last year and is a fine rebounder. He scored 416 points last year with his top performance of 22 points coming against Phillips 66 in an exhibition game.

Don Heathington is another former Baylor basketball star with the Travelers. He led the Bears in scoring and helped carry his team to three Southwest Conference championships. Heathington was all-Southwest Conference and a member of the NCAA tournament team. Heathington has paced the Travelers in scoring the past two seasons.

Last year he registered a total of 892 points or an average of 112 average.

Dee Nutt, former Abilene Christian College star, is another Texas on the invading New Mexico team. While at ACC, he landed a berth on all-Texas Conference list four years. He was named to the Little All-American team in his senior year.

The University of Oklahoma, Tulsa, Central Missouri College, Southwest Missouri State College, Tampa University, Northeast Missouri State College, Louisiana State University and Oklahoma A&M College are other schools contributing to the Traveller squad.

Return December 17
The Phillips 66ers, studded with two former college and Olympic personalities, face three foes away from home after Friday night. They return to play hosts to the Sul Ross Lobos December 17.

The incomplete schedule for the 66ers follows:

- November 28—REA of Artesia, N. M., at Midland.
- December 5—Reese Air Base at Lubbock.
- December 9—Texas Tech at Lubbock.
- December 13—Sul Ross at Alpine.
- December 17—Sul Ross at Midland.
- January 3—REA Travelers at Artesia.
- January 10—Reese Air Base at Midland.
- January 22—Phillips 66 of Bartlesville, Okla., at Odessa.
- January 24—Sheppard Air Force at Wichita Falls.
- January 31—Webb Air Force Base of Big Spring at Midland.
- February 3—Brooks Army Medical Center of San Antonio at Odessa.
- February 4—Brooks Army Medical Center at Midland.
- February 9—Sheppard Air Force Base at Midland.

TECH PLAYER DROPPED

LUBBOCK—Coach DeWitt Wharver announces that James Orl, reserve halfback from Georgetown, has been dropped from the Texas Tech squad for disciplinary reasons.

Triple Tie Shapes In Bowling League
A triple tie shapes up the lead in the Civic Bowling League between the Eagles, Lions and Jay-Cees.
Other teams, and respective standings are: Kiwanis, Central Barbers, Schlitz Beer, VFW and Ralph Love.
The eleventh week of action will start at 8 p.m. Wednesday at Pleasant Lanes. Matched play will be as follows: Jay-Cees vs. Schlitz, Ralph Love vs. VFW, Central Barbers vs. Lions, and Kiwanis vs. Eagles.
Last week's action saw the VFW taking two of three from Schlitz, the Eagles nipped two of three from the Lions, Kiwanis eked out two of three from Central Barbers, and the Jay-Cees grabbed two of three from Ralph Love.

Traditional Contests Make Up Turkey Day Grid Menu
NEW YORK—(AP)—College football's Thanksgiving Day menu Thursday serves up mostly traditional games.
The top games of the slim card pit Cornell against Pennsylvania and Texas A&M against Texas' Cotton Bowl-bound Southwest Conference champions.
Penn has a lot at stake in its traditional battle with Cornell. A victory will assure Coach George Mungler's squad the Ivy League championship and also will enable Penn to finish over the 500 mark. No Penn team has finished below the 500 figure since Mungler took over in 1938. Penn has won three games and lost none in league play. Texas figures to defeat Texas A&M at Austin. Texas sports a 7-3 over-all mark and a 5-0 record in conference play. The Aggies have won only one league game and three all told.
The Skyline Conference also can be decided Thursday when Utah and Utah State tangle. Utah leads the circuit with a 4-0 record and can wrap it up by winning over State. New Mexico, a half game back of Utah, meets Wichita in a non-conference game. New Mexico closes out its season with Utah State December 6.
Other games Thursday include Miami (Ohio) vs. Cincinnati, Santa Clara vs. San Jose State, Colgate vs. Brown, VPI vs. VMI, and Wyoming vs. Denver.

Bulletin Board

REPORTING THE TOP NEWS IN REAL ESTATE

A PERPETUAL CHRISTMAS GIFT to your family and yourself is a NEW HOME. This one is too large to wrap up because it has three large bedrooms, Walex paneled den, and two ceramic tile baths. There is a separate dining room, and the kitchen alone will make you love it. Of course, there's a 2-car attached garage and paving on the street. Central heating, air-conditioning, generous closets, and all rooms are fully carpeted with NYLON LIFE-TIME rugs. Read this carefully. Approximately 1,800 square feet of living area. Established loan of \$14,000, and the full price is ONLY \$21,000. It's brand new!

FOR THE GI ONLY, we have an extremely attractive 2-bedroom, asbestos siding beauty on Roosevelt. 21 feet of living room, dining area, and convenient kitchen. Two rooms completely carpeted. Attached garage, corner lot, and fenced for your privacy. Priced at only \$8,300, with \$350 full down payment plus closing costs. It's priced \$1,500 below the market.

MONSTRIOUSLY HUGE because it was built for the "greater" man and his family. Four spacious bedrooms and den, three ceramic tile baths, expansive living room and separate dining room, magnificent kitchen, and two-car attached garage. Constructed of brick on a large lot which is surrounded by a high tile fence. Central heating and air-conditioning by refrigeration. Over 3,650 square feet of magnificence, ranging from the dishwasher and disposal to the radio-controlled garage doors. Designed in beauty for comfort for the "greater" man. PLEASE, by strict appointment only.

310 EAST SPRUCE IS NOW WAITING for a new owner. And the owner will get a lovely cream velour brick home with three bedrooms, tile bath, living and dining room combination, and modern-type kitchen. Attached carport and storage, and the street is paved (and paid for). Central heating, oak floors, nice closets, washer connection, electric stove connection, water softener. It is a year old. We can arrange excellent financing on this home. After you see it from the outside, call us to see the rest-and our terms. Priced at \$11,950.

ON EXCLUSIVE COUNTRY CLUB DR. it has all the beautiful accessories of gracious living-plus three bedrooms and two baths. If you have never seen a home in which a designer and builder outdid himself, here is your opportunity. \$31,800.

WHEN THE BOSS WASN'T LOOKING, I got out the scissors, and cut the dog-gone price so that some nice folks could buy a bigger home. It's got 3 wonderful bedrooms, two tile baths, expansive living room with dining area, and a kitchen which will make you pucker up and whistle. The attached garage can easily be converted into a huge den. Central heating, ducted for air-conditioning, carpeting in living and dining room and hall. Other features to delight you. Priced at only \$16,500.

1904 NORTH LAMESA IS PRICED AT \$6,550. IT IS 6 MONTHS OLD, AND IS WAITING FOR IMMEDIATE OCCUPANCY. NEAR CROCKETT SCHOOL.

IF YOUR PEN RUNS DRY, stop by our office and re-fill it. While you're doing that, ask us about the 2-bedroom home on Oak. We promise not to chew your ear off. You'll be able to tell your friends that you got this home merely because your pen ran out of ink. (They'll all carry dry pens afterwards.)

WHATTIA LOTTA HOUSE can be purchased for ONLY \$11,500 down. Look at 1504 South Weatherford. 2 bedrooms, lovely living room, cheerful kitchen, tile bath, attached garage. Air-conditioner, washer connection, nice closets, draperies, nice lawn, tile fence, paved street, and in immaculate condition thru-out. Assume GI loan. ONLY \$10,200.

LOCATION, LOCATION, LOCATION! 1902 West Missouri Street. It's crowded by Midland mansions. Three bedrooms and living room in wool carpeting, large rear porch, and 22 feet of kitchen. Trees, lawn, and tile fence. \$14,500.

Bank's Important Place In Community Is Emphasized

"The bank is far more than a watchdog in the community," Joe Clark, president of the Fort Worth National Bank, said here Tuesday night. "It is an instrumentality to circulate wealth."
He was speaking before a meeting of the Permian Basin Chapter, Texas Society of Certified Public Accountants, at the Ranchland Hill Country Club.
The regional organization of CPAs was host to bankers from nearby West Texas cities, and also banking representatives from Fort Worth, Dallas, and Houston. Sixty businessmen attended.
Clark compared the operation of banks to the circulation of blood in the human body. He stated that banks are the "regulatory valves" of the nation's economy, and malfunction of them can injure national economy.
The prominent Fort Worth banker recognized CPA's as important allies of banks in their work. He designated CPA's as builders of the credit system in their probing work of investigating the financial picture.
He said that both bankers and CPA's can do a better job in the community, and he held that the most important need of bankers

Civic Clubs Hear Religion-Business Relationship Talk

"A man's religion ultimately determines his estimate of his business and how he conducts it," the Rev. Lewis O. Waterstreet, pastor of the St. Andrews Presbyterian Church, told Midland Lions and Rotarians at their annual Thanksgiving meeting Wednesday noon in Jimmy's Bar-B-Q dining room.
The special program was arranged by the Midland Ministerial Association, and the speaker was introduced by L. V. Bassham, Lions president.
President Richard Brooks of the Rotary Club headed a group of Rotarians who attended as special guests. The regular meeting of the Rotary Club will be held Thursday noon.
Mr. Waterstreet, in his address, discussed the relationship between religion and business, and gave his observations of what religion thinks about business and what business thinks about religion.
Cause For Thanking
"The fine relationship existing between religion and business is just cause for thanking," he declared.
The speaker said that business must be considered a sacred calling and said that businessmen are called to their particular vocations. He explained that the word "vocation" is derived from a Latin word meaning "to call."
"It is time for us to treat our business as a sacred calling," Mr. Waterstreet said. "Our religion reflects in our business dealings and determines our attitudes, procedures and employ relations."

Exploding Roast Burns Housewife

PITTSBURG, TEXAS —A Pittsburg housewife was burned severely this week when a beef roast exploded in her face when she stuck a fork into it.
Mrs. Brooks Hooton had placed the roast in a hot oven after taking it from her home freezer. She was burned about the face, hands and chest, when she stuck the fork into the meat to see if it was well cooked.
She was unable to explain the incident.

Livestock

FORT WORTH —Cattle 1,000 calves 500; active, strong, good and choice fed steers and yearlings \$22-\$31; 1,025 pound steers \$21; common and medium \$14-\$31; fat cows \$12-\$16; good and choice fat calves \$20-\$25; common and medium \$14-\$19; stocker steer calves and yearlings \$14-\$23; stocker cows \$12-\$16.

Father's Arrival Birthday Surprise

Eugene Long received a most pleasant surprise on his birthday anniversary. His father, G. H. Long, arrived from Weatherford Tuesday.
The Eugene Longs resided at 405 East Cedar Street. When he returned home from work, the birthday party came as a surprise. His father stepped out from an adjoining room to clinch the event.
The elder Long is a retired postal employe. He worked 33 years for the federal service.

One seventh of the population of the United Kingdom is composed of children and young people attending schools.

Inclement Weather Doesn't Dim 'Talking House' Voice

With all the stamina of a political candidate, the voice of the "Talking House" remains strong, despite cold weather, and numerous residents of the Permian Basin Empire continue to visit the project.
Designed to open another addition to Ever-Growing Midland, the "Talking House" may be reached by driving west on Wall Street to the 2390 block, where the secondary road branches off to the Texan Drive-In Theater, and following the secondary road about two blocks to the intersection of Thomson Drive.
Hours for visiting the "Talking House" are at 5 p.m. Wednesday, and 2 p.m. Thursday.

MINIVERS MAY BE PHONIES—

Peeresses Try On Kirtles For Coronation Ceremonies

By ROSETTE HARGROVE
NEA Staff Correspondent
LONDON—Already the 800 or so peeresses who will be commanded to attend the coronation of Elizabeth II next June are planning the robes they will wear for the great ceremony.

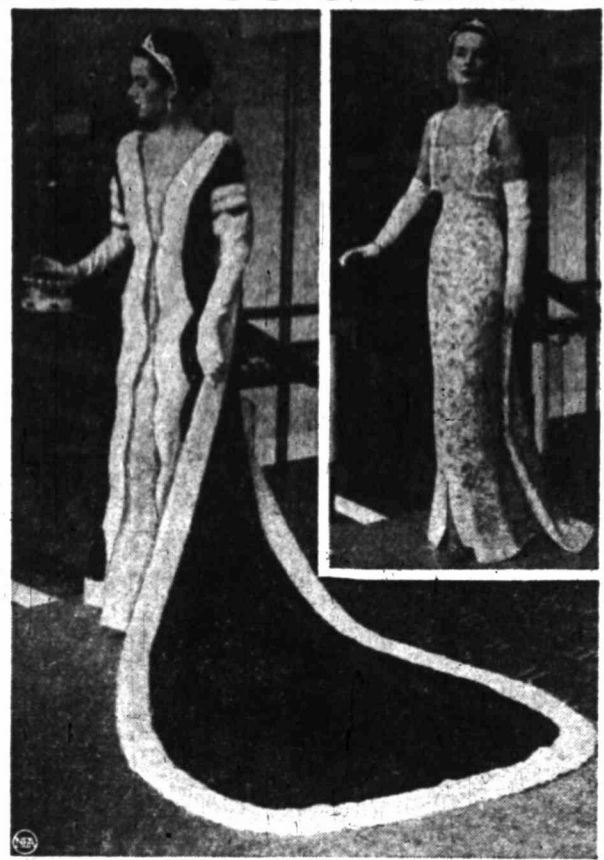

No definite directive as to ceremonial dress have been issued as yet by coronation headquarters in Bellgrave Square. But it is pretty certain that so far as the peers and peeresses are concerned, there will be no departure from the traditional crimson velvet robes trimmed with "miniver" (ermine) which were worn for the coronation of King George VI and Elizabeth the Queen Mother.

The only difference will be that the old-time silk velvet and ermine will be replaced by artificial silk velvet and "mock ermine"—shaved rabbit.

They Get Expensive
"How many peeresses today can afford to spend over 400 pounds—around \$1,000—for an ermine-trimmed silk velvet outfit which will probably be worn once?" explained Peter Russell, one of the 11 members of the Incorporated Society of London Fashion Designers.

As it is, the robes of artificial velvet trimmed with mock ermine cost over \$600. There are, of course, a certain number of the nobility who have kept theirs from the last coronation, and these already are being taken out of storage and brought to us to freshen up."

A peeress's coronation robes consist of a "kirtle," a sort of collarless redingote with short sleeves, fastened at the waist and widening out toward the hem revealing the front of the dress beneath it. Count The Tails

Coronation robes for peeresses have a redingote-like "kirtle" and a court train in "Robe Red" velvet trimmed with "mock ermine." Both are lined in white satin. Underneath is worn traditional sheath-type gown (inset), this one created by Peter Russell in rich, embroidered pearly white satin.

Over this goes a court train which starts from under a deep cape in white fur and is fastened at the shoulders in front with gold braided tassels.

It is by the number of rows of black fur "tails" that you recognize the rank of the wearer. A baroness ranks two, a viscountess two-and-a-half, a countess three, a duchess four.

Both the kirtle and train are lined with white satin and trimmed with a wide deeply scalloped band of fur on the kirtle and a straight band on the train.

No Kirtle For Queen
The dress worn beneath it is usually the ageless, slender sheath type, with a generous décolleté, fashioned either of rich white brocade or satin heavily embroidered. The Queen and the Royal Duchesses do not wear

Delicate arts go into coronation uniforms. Here 60-year-old Elsie Pickles, a gold embroiderer for 45 years, works her "dying art" on the cuff of a Life Guards Field Officer uniform.

Mystery Shrouds Barber's Slaying

DALLAS —P—The downtown mystery shooting of a well-known Dallas barber had detectives busy with a full-scale investigation Wednesday.
Two barbers who worked for him discovered the body of George C. (Joe) Underwood, 61, slumped on the floor of his shop, fatally shot Tuesday. Underwood had been proprietor of the Southland Hotel Barber Shop for 25 years.
There was a bullet hole in Underwood's head and a 38 caliber pistol he kept in his safe lay beneath the body. One of its six shells had been fired.
There was no sign of a struggle but Homicide Detective Will Fritz said there was blood on the gun.
On two occasions in recent years Underwood had been robbed and assaulted in his shop. One of the barbers who discovered the body, W. H. Greer, told reporters Underwood had said the assailants might have been the same man. Yet at the time of the robberies the elderly barber described the hijackers differently to police.
Greer quoted Underwood as having said he wasn't going to take another hijacking—that he was going to get out his gun and shoot the next man who tried to rob him.
Fritz said \$190 of Tuesday's receipts had not been turned into the

Temple Patrolman Shot With Own Gun

TEMPLE —P—Patrolman Billy Wigginton, 28, was in a critical condition Wednesday after being shot three times Tuesday night with his own revolver.
Police Chief Mackey McDonald told newsmen Wigginton was shot by one of two men who attacked him after he attempted to arrest them following a disturbance.
McDonald said Wigginton was shot in the back three times with his .38 revolver.
Two men were arrested a few minutes after the shooting by a Fort Hood military policeman.

Czech Reds To Hear Sentences Thursday

VIENNA —P—Fourteen top Czech Communists being tried for treason are expected to be sentenced Thursday by the Prague court.
The Communist newspaper Rude Pravo said it was being inundated with demands from "hundreds of thousands" of workers that the 14 receive the maximum penalty—death by hanging.

USDA Says Drouth Only Partly Broken

AUSTIN —P—Weekend rains gave Texas, only partial relief from the drouth, the U. S. Agriculture Department said Wednesday.
It gave this matter-of-fact picture of the results:
East Texas — "Effective relief over the eastern half of the state for current needs."
Northwest — "Too light up to noon Tuesday for effective relief, but snowfall may brighten the outlook."
West and South Texas — "Rainfall too light for effective relief."

Cotton

NEW YORK —P—Wednesday noon cotton prices were 60 cents a bale lower to 20 cents higher than the previous close, December 35.04, March 38.78 and May 36.12.

HOLIDAY IN RUIDOSO

Mr. and Mrs. J. T. Baker will spend Thanksgiving Day with their son-in-law and daughter, Dr. and Mrs. W. D. Horton, in Ruidoso, N. M.

Thanksgiving

On this truly American holiday let us go to church . . . and within its sheltered, peaceful walls, express the spirit of Thanksgiving. In union with family, friends and community, give thanks for a bountiful harvest, for our many blessings, and most fervently for freedom — our most priceless possession.

Municipal League Picks New Officers, Asks Water Policing

DALLAS —P—The Texas League of Municipalities named new officers Wednesday and called on the state to police all Texas water resources.
A strongly worded resolution adopted at closing convention sessions urged that the state make sure essential city needs are met before any water may be diverted to agricultural and industrial uses.
Beaumont was chosen for the 1953 convention. Mayor Jim Wright, Weatherford, was elected president, succeeding Armistead Reed, San Antonio mayor. Dr. J. L. Bullard, mayor of Kerrville, was named vice president.
Elected to the board of trustees were H. L. Stokely, Brownsville mayor; Fred Hervey, El Paso mayor; M. R. Tripp, Lubbock mayor; C. A. Harrell, San Antonio city manager; F. O. Brown, Schulenburg mayor; Otto Plummer, Beaumont mayor; C. A. Woldemar, Denison city commissioner; H. R. Harwood, Bridgeport mayor; and Joe L. Kinsey, Nacogdoches mayor.

Judges Recommend Many Law Changes

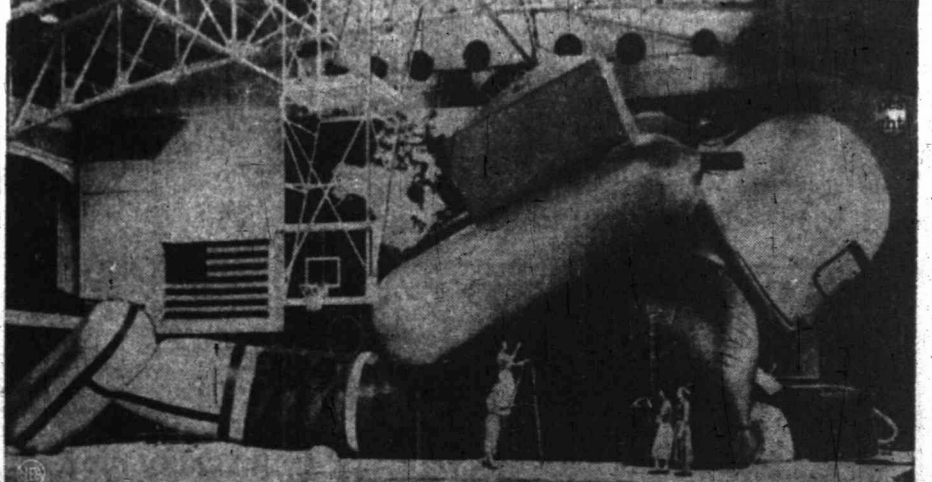

WACO —P—Changes in Texas domestic relations laws are numerous in a set of recommendations adopted by Texas judges at their October conference.
Judge Joe Hale, Waco, Tuesday announced appointment of a committee which will present the recommendations to the Legislature.

'Balloon' Hangars Devised For B-36's
WASHINGTON —P—The Air Force announced Wednesday it has built 22 wing hangars for giant B-36 bombers at bases in Northern states.
The hangars cover only the plane's nose and wings. The tail protrudes through a door equipped with a rubber tube which, when inflated, provides weathertight protection around the fuselage.
The Air Force said the hangars will permit all-weather, around the clock maintenance and repair of B-36's at a cost much less than that of building conventional hangars large enough to house entire planes.

The recommendations were adopted October 17-18 in Austin and include the following:
1. Abolish validity of common-law marriages.
2. Require a waiting period of 48 hours between applications, marriage licenses and issuance of the license.
3. Provide for children involved in divorce suits to be represented in court by disinterested third parties.
4. Provide a waiting period of 90 days between the filing of a divorce suit and the granting of a divorce.
5. Allow suits to be brought on behalf of children to force parents to provide for their support and maintenance.
6. Allow wives to bring suits against their husbands failing to provide for their support and maintenance.
7. Prohibit either party to a divorce suit from marrying any other person except each other, within 12 months after the divorce is granted, and punish violations with a felony with a two to five-year penitentiary sentence.
8. Appropriate sufficient money to put present laws concerning adult probation into effect.
9. Provide for judicial redistricting and the amendment of present laws relating to administrative judicial districts.
10. Make retirement of judges compulsory at the age of 75 years, prohibit them from practicing law while drawing retirement pay, and otherwise liberalize existing provisions of the Judicial Retirement Act.

Texas' Soldier Quadruplets End Tour Of Duty In Korea

WITH U. S. SEVENTH DIVISION, KOREA —P—The 23-year-old Perricone quadruplets of Beaumont, Texas, left Korea this week for civilian life—still together as they have been for almost two years in the Army.
The brothers, Anthony, Bernard, Carl and Donald, said they will find temporary jobs when they get back and later start a cattle ranch in the Beaumont area.
The quadruplets came to Korea last May and served with the Seventh Division's 73rd Tank Battalion. Carl is a sergeant; the others corporals.
The quads were drafted into the Army in January, 1951. They took basic training at Camp Polk, La., then moved to Fort Benning, Ga.
Carl came under an order that all sergeants without overseas experience must take duty abroad. The other three brothers decided to go along with Carl to Korea.

VISITOR FROM SPACE—The only "house" in Akron, Ohio, big enough to shelter this visitor from space was a hangar at the Goodyear Tire and Rubber Company, where "Spaceman" stopped in to give earthlings a few pointers on interplanetary facts of life. To come down to earth the huge balloon above is 60 feet high, 33 feet wide, and requires 33,000 cubic feet of helium for inflation. The monster figure was built to float high over the heads of youngsters attending Christmas parades.
