

Rank Wildcat In C-E Schleicher Indicates Opener

A Canyon sand discovery is in prospect in Central-East Schleicher County at Ted Welner, Et Al No. 1-13 Williams, rank wildcat.

Operator took a drillstem test in the top of the Canyon sand from 4,078 to 4,096 feet. Tool was open two hours and 45 minutes. Gas surfaced in one hour and 35 minutes. No fluid came to the top while the tool was open.

Recovery was 275 feet of clean and 315 feet of slightly oil and mud. No formation water is present. Open flowing bottom-hole pressure was from zero to 290 pounds. Shut-in pressure after 15 minutes was 1,350 pounds.

More hole will be made and another drillstem test run. Location for the wildcat is 467 feet from south and east lines of section 13, block I, GH&SA survey. It is 19 miles east of Eldorado.

Pennsylvanian Oil Flowing At Skelly Wildcat In Lea

Skelly Oil Company No. 1-R Mexico, upper Pennsylvanian lime discovery in Central Lea County, New Mexico, was flowing on drillstem test at last report.

Using straddle packers, interval being tested is from 10,887 to 10,740 feet. Hole was loaded with 1,132-foot water blanket. Gas surfaced 16 minutes after tool was open. Mud followed in one hour and two minutes and the water blanket started flowing out two minutes later. Oil surfaced in one hour and 10 minutes. It was flowed to pits one minute and then turned to tanks. The well made 87.7 barrels of oil the first three and one-half hours of flowing.

It was still flowing to test at last report. Gravity of the oil has not been reported, nor has the gas-oil ratio. Operator has not picked top of the Pennsylvanian.

At the end of the three and one-half hours of flowing, no water had been developed. Hole is bottomed at 10,790 feet.

Operator has not decided whether to complete the project as is or carry the hole on down to the Devonian.

Location is 660 feet from north and east lines of section 81-154-35e.

Childress To Drill 3,600-Foot Wildcat In Central Pecos

Childress Royalty Company of Monahans is to start operations shortly at its No. 1 The Atlantic Refining Company fee, which is to be a 3,600-foot rotary wildcat in West-Central Pecos County.

The prospector is 10 miles west of the town of Pecos and 338 feet from most northerly south line and 1,468 feet from most westerly west line of section 106, block OW, GO&SP survey.

Rotary tools will be used to dig the project. The slated destination of 3,600 feet is calculated to test Yates sandy lime.

Testing To Start At Two West Texas Indicated Openers

Two indicated Ellenburger discoveries in West Texas, one in Reagan and the other in Schleicher County, were nearing the testing stage.

The Texas Company No. 1-AC State, wildcat in South-Central Reagan County, was bottomed at 9,708 feet in the Ellenburger with five and one-half-inch casing cemented at 9,707 feet. Drilled out total depth is 9,629 feet. Casing above that point will be perforated and tests made to determine the production capabilities of the indicated new field opener.

A drillstem test from 9,643 to 9,680 feet developed a flow of gas at the rate of 1,380,000 cubic feet daily and 2,000 feet of free oil on the recovery. The gas carried distillate. Location is 1,980 feet from north and 1,980 feet from west lines of section 11, block II, University Lands survey and three miles northwest of Big Lake.

City Bank Deposits Hit Record

Call Reveals \$69,473,752.88 All-Time High

Midland bank deposits, registering a gain of \$5,878,645.87 over the same date a year ago, skyrocketed to an all-time high of \$69,473,752.88 at the close of business Dec. 31, 1952, officials of the two Midland banks—the First National and The Midland National—reported Friday in response to a year-end, national bank call by the comptroller of the currency.

The current figure also is \$2,290,154.63 more than the \$67,183,598.25 reported Sept. 5, 1952. Combined deposits a year ago totaled \$64,095,107.01.

Loans and discounts of the two financial institutions also are at a record high. The combined total last Wednesday night was \$17,859,408.07, an increase of \$4,299,999.68 over a year ago, and \$2,039,397.46 over Sept. 5, 1952. The 1951 year-end figure was \$13,359,417.39, and four months ago it was \$15,620,010.61.

Mark Zoems Just 12 years ago, bank deposits here were well under the \$5,000,000 mark. The tremendous increase reported since that time reflecting the unprecedented growth of the city and section in dollars, population and general development. Deposits in 1932 totaled only \$1,273,832.01.

Midland bankers Friday attributed the remarkable gains in deposits largely to expansion of the oil and gas industry in the city, county and Permian Basin Empire, natural growth and development and the unprecedented building program. Real estate deals and livestock sales also have brought additional wealth to prosperous Midland, the headquarters city of the Permian Basin Empire.

Figures Compared Deposits of The First National Bank last Wednesday totaled \$45,843,000, as compared to \$41,577,302.30 a year ago, and \$44,410,629.06 four months ago.

The Midland National Bank reported deposits totaling \$23,630,752.88, as compared to \$22,717,804.71 twelve months ago, and \$22,772,959.19 last September 5.

Loans and discounts of The First National Bank amounted to \$9,530,496.89 at the date of the recent call. The figure compares with \$8,105,640.49 on Dec. 31, 1951, and \$8,694,563.90 on Sept. 5, 1952.

The Midland National Bank had loans and discounts totaling \$8,128,911.18, as compared with \$5,253,776.90 a year ago, and \$6,925,446.71 four months ago.

Wee Haskell Harris Retains Derby Lead

Haskell Goebel Harris, son of Mr. and Mrs. G. H. Harris of Odessa, still held the inside track Friday in Midland's First Baby Derby of 1953. Haskell Goebel was born in Midland Memorial Hospital at 1:25 a.m. Thursday. He weighed eight pounds, one-half ounce.

Unless another white baby born in Midland County before 1:26 a.m. Thursday is reported to The Reporter-Telegram, Haskell Goebel Harris will receive the valuable gifts offered by Midland merchants to the first baby of the New Year.

Solons Select Taft, Johnson Floor Leaders

WASHINGTON—(P)—Senator Robert A. Taft of Ohio Friday was chosen unanimously Senate Republican floor leader as the GOP and the Democrats organized their forces for the new Congress opening Saturday. Senate Democrats picked Senator Lyndon Johnson of Texas as their leader, also by unanimous vote. House Democrats made retiring Speaker Sam Rayburn of Texas their floor leader.

House Republicans had a meeting scheduled during the afternoon at which they were set to select Rep. Joseph Martin of Massachusetts for speaker and Rep. Charles Halleck of Indiana for floor leader. Overhauling the selection of leaders was a move to force a rewriting of Senate rules at the outset of the session. The aim: to make it easier to put a halt to filibusters—a device for talking civil rights measures and other legislation to death.

Senator Humphrey (D-Minn.), a leader in the move, told reporters that if the conference of Republican senators turns thumbs down on the proposal, any chance for success will vanish. He said he was hopeful that the GOP conference would not take a party stand against the plan but would leave it up to individual Republican senators to vote as they pleased when the issue is put before the Senate.

Republican Senate leaders planned a full discussion of the matter at their later conference but declined to predict what the outcome might be. If they should decide to get behind the plan, however, they would be slipping at the very start of the new Congress against Southern Democrats with whom they have (Continued On Page Nine)

NEW YORK—(P)—A federal judge Friday denied an appeal to save the atom spy team of Julius Rosenberg and his wife, Ethel, from death in the electric chair. The denial was made by Federal Judge Irving R. Kaufman after hearing a clemency plea for the two. They are in Sing Sing prison, scheduled to die the week of January 11. Kaufman said in denying clemency: "I still feel that their crime was worse than murder."

The Rosenbergs' only appeal now is to the White House. If President Truman should stay the execution, the case might become President-elect Eisenhower's responsibility because of the January 20 inauguration.

Kaufman, who sentenced the couple to death, said in his opinion: "I have meditated and reflected long and difficult hours over the sentence in this case. I have studied and restudied the record and I have seen nothing, nor has anything been presented to me, to cause me to change the sentence originally imposed. I still feel that their crime was worse than murder."

Oxford Appointed As District Judge

AUSTIN—(P)—Appointment of William J. Oxford, Jr., Stephenville, as 29th Judicial District judge was announced by Governor Shivers Friday.

Oxford succeeds Ernest Behecher, who resigned to accept appointment to the Commission of Appeals, State Court of Criminal Appeals.

The 29th District is comprised of Erath, Hood and Palo Pinto Counties.

By JOE HALL WASHINGTON—(P)—Three veteran senators whose congressional service totals almost 100 years are winding up careers on Capitol Hill Saturday.

All Democrats, they are: Tom Connally (Texas), 75, chairman of the foreign relations committee for 10 years. Kenneth D. McKellar (Tenn.), 83, Senate president pro tem and chairman of the powerful appropriations committee for five years.

Joseph C. O'Mahoney (Wyo.), 68, chairman in the last session of the Interior and Insular Affairs committee, the appropriations sub-committee which handles all military funds, and the Senate-House Economic Committee.

They are among 11 senators whose service expires at noon Saturday with the death of the 82nd Congress. McKellar, who was beaten in a primary fight by Rep. Albert Gore (D-Tenn.), plans to retire in Memphis, his home. He holds the all-time record for the longest continuous service in the Senate, 39 years, and the second highest mark for over-all Senate service.

McKellar told a reporter his political career was finished but that he might write a book about his Washington career. He entered the Senate in 1917, the year America entered the first world war. Before that, he had six years in the House.

Connally, who carried against running for a fifth term in the face of strong primary opposition this year, plans to keep his Washington home and rest for a while. His colleagues expect he may be employed by the new Republican regime on delegations to United Nations meetings and other gatherings where it has been customary to name bi-partisan representation.

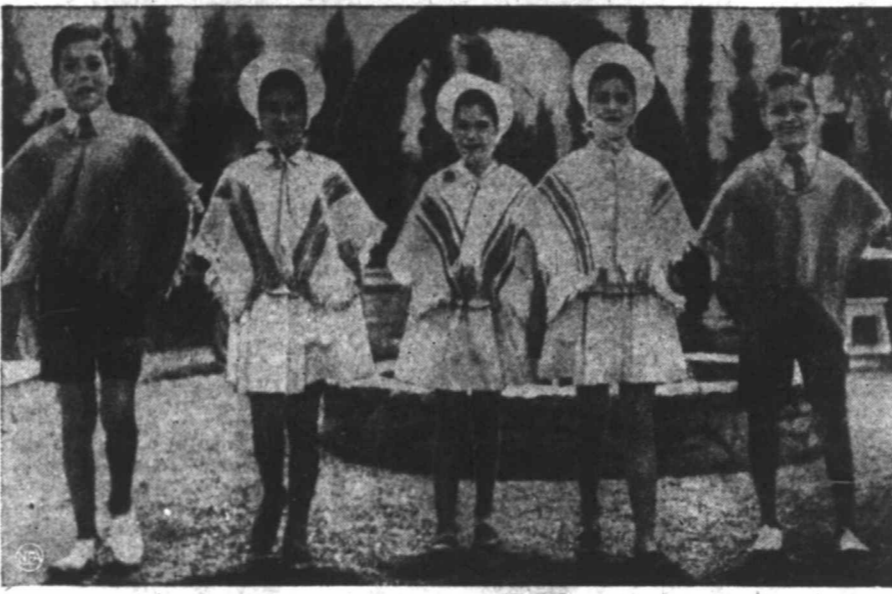

Connally was identified closely with the post-war bi-partisan foreign policy, the founding of the United Nations, the Marshall Plan and the resulting mutual security program, the ratification of the Japanese Peace Treaty and West Germany Peace Contract, and other steps in the developing role of the United States in foreign affairs.

LATE NEWS FLASHES

WASHINGTON—(P)—The all-Democratic Texas delegation Friday elected Rep. Paul Kilday of San Antonio chairman and Rep. Clark Fisher of San Angelo vice chairman with Rep. Walter Rogers of Pampa secretary-treasurer of the congressional group.

WASHINGTON—(P)—The FBI reported Friday its agents have captured Harden Collins Kemper, one of the FBI's 10 most wanted fugitives, in Glendale, Ariz.

CHICAGO—(P)—Rodney Brodie was reported "as well as can be expected" Friday after plastic surgery to cover the exposed portion of his brain, but his severed Siamese-twin brother remained in a coma.

QUINTUPLET REUNION—Argentina's famous Diligenti quintuplets pose before their Buenos Aires home, following their reunion after a year's separation. The girls have been continuing their education, each at a different school. From left: Franco, Maria Ester, Maria Fernanda, Maria Chritsina and Carlos Diligenti.

Ike Aides Hunt Soft Spots In Proposed 1954 Budget

NEW YORK—(P)—The incoming Eisenhower Administration already is at work trying to find ways to cut the federal budget which President Truman will submit to Congress next week. President-elect Eisenhower's fiscal specialists reportedly are confident some reduction can be made, but are guarding against any talk of big slashes.

The proposed budget which goes to Congress a week from Friday will be solely the work of the Truman Administration, which hands over the government to the Eisenhower regime January 20. The document deals with spending for the fiscal year starting July 1.

Although the budget total won't be announced officially until Truman sends it to the Capitol, there has been speculation the spending estimate is around \$9 billion dollars. Eisenhower has been kept informed of the outgoing Administration's budget planning through reports submitted to him by Detroit banker Joseph M. Dodge, the general's pre-inauguration representative in the Budget Bureau.

Those reports are the basis for the confidence of Eisenhower aides that some cuts can be made. But, as GOP congressional leaders also have stated, they feel there probably will be no substantial reductions in federal spending until the fiscal year starting July 1, 1954.

Among those on the President-elect's calling list Friday were George Yeh, the Chinese ambassador to the United Nations, and John Foster Dulles, secretary of State-designate. Eisenhower's appointment list also included Lt. Gen. Raymond S. McLean "and six others."

McLean is a member of the National Security Training Commission which endorses a plan to give military training to 40,000 youths in the 18-year age group. The plan was rejected by the House of Representatives last March.

Two From Stanton Hurt In Car Crash

Two Stanton children were injured Thursday afternoon when the automobile in which they were riding overturned after a collision with another vehicle at Golf Course Road and Midkiff Street.

Treated at Midland Memorial Hospital for cuts and bruises were Patricia Hart, 13, and Leonard Hart, seven, both of Stanton.

They were passengers in an automobile driven by their father, Lorenzo Dow Hart, 55, Stanton. Police said the other vehicle was driven by Vann Buren Mitchell, 37, 1107-B East Nobles Street.

UN Raiders Attack Chinese Positions

SEOUL—(P)—Allied raiders furiously attacked a Chinese Communist position near Bunker Hill on the frozen Western Korean Front, then withdrew Friday.

The Eighth Army said the raiders killed or wounded an estimated 45 Reds in a bitter hour-and-a-half rifle and hand grenade battle before racing back to their own lines.

Says now on girl's warm long-sleeve gown, limited sizes, Reg. \$3.50 values \$2.50 at Kiddies Toggery Pre-Inventory Sale, 109 North Marientfeld.—(Adv.)

Boxer Dogs Face Death Next Week

The City of Midland has set January 9 as the execution date for two blooded Boxer dogs picked up three weeks ago after a 12-year-old Midland girl was attacked and bitten. The date was specified in a letter written by City Attorney Len G. McCormick to W. S. Montgomery and Leland Thompson, Jr., owners of the two dogs.

Neither of the men were in the city Friday but one of them, Montgomery, indicated earlier this week that he would go to court if necessary to prevent the destruction of the two pets in the gas chamber at the City Humane Shelter.

Both men have attempted to reclaim their pet, after they were held under observation for rabies for the specified period of time. Humane Officer Frank Rose, however, refused to release the dogs, explaining he was acting under the city attorney's instructions.

Thompson attempted to reclaim his dog shortly before Christmas, explaining that he wanted to carry her to Dallas, where friends had promised to take care of her. Montgomery said he had made arrangements to turn his dog over to some friends who were able to keep him locked up.

First Rural Phone Co-Op Materials In

Materials began arriving in Stanton this week for a 500-mile rural telephone system which will bring telephone service to hundreds of families in Midland and three other counties in this area.

A spokesman for the West-Texas Telephone Cooperative said Friday that 73,433 pounds of wire and other materials had been received and other equipment will continue to arrive in a steady stream.

Construction work is scheduled to begin around March 1. The system will furnish telephone service to most of Martin and Howard Counties and portions of Midland and Glasscock Counties.

Automatic dial exchanges will be located at Lenora, Courtney, Lomax and Richland. The cooperative is a non-profit organization set up to provide the service at cost. It is operated by a board of nine directors and is being financed by a \$450,000 REA loan.

On the board are A. A. McKinney, Center Point, president; Mrs. Glen Cox, Tarzan, vice president; Mrs. Cliff Hazelwood, Courtney, secretary-treasurer; M. L. Blocker, Midland; Lawrence Adkins, Lomax; Marlan Barber, Lenora; M. L. Graham, Stanton, and L. G. Spalding, Knott.

Newspaper Describes Mutiny In Red Army

HONG KONG—(P)—The pro-Nationalist newspaper Wah Kiu Yat Po reported Friday a battalion of the Chinese Communist Sixth Security Regiment mutinied December 22 on Tachin Island off the South China Coast.

It said 200 or more of the troops turned machine guns on an undetermined number of soldiers.

Families Go Without Water After Main Breaks In City

A broken four-inch water main Thursday flooded Midland streets with more than 60,000 gallons of water and left half a dozen families without service for several hours. Henry Nunn, water and sewer engineer, said the main was broken in two places on Kessler Street between Powell and Illinois Streets by street paving crews of the Texas Bitulithic Company.

The first break was reported around 10 a.m. and it was three or four hours before water was restored to residents in block of Kessler Street.

Repairs on the two lines will be completed Friday afternoon, Nunn said.

163 Violent Deaths Reported In Texas Lag Behind Estimate; Traffic Claims 93

By The Associated Press Texas' holiday violent death toll fell far short of the 202 fatalities predicted by the Department of Public Safety.

At midnight on January 1, there had been 163 deaths of all types in Texas. This covered the 10-day period on which the prediction of the Safety Department was made. The Associated Press' tabulation, however, will be continued through Sunday midnight. And its total was 163, including the death early Friday of a Tyler man killed in an automobile accident.

Traffic deaths in this tabulation totaled 93. The latest deaths included: Willie Vasquez, 13, Castroville, Medina County, killed when a pickup truck overturned on a curve in Castroville Thursday. Felix Walker, 38, Lorraine, Mitchell County, drowned while working on an intake valve of a power plant in Colorado County Thursday. Sidney Romero, 30, killed when the fan blade of his car came off while he was working on the vehicle and struck him in the head at Fort Arthur Thursday.

Doc Ennis Rahnson, 40, stabbed to death Thursday in a Midland tavern. Henry Lamas, 22, shot to death in a Houston tavern Wednesday. Douglas M. Wilkes, who died in Dawson of a gunshot wound Thursday. No inquest verdict has been returned. He had been in ill health for several years. A comparatively small number of violent deaths reported for New Year's Eve and New Year's Day apparently made the difference. Unreported deaths those two days may boost the totals some. However, one of the holiday season's worst traffic accidents happened shortly before dawn Thursday. Three servicemen and three young women were killed when two cars crashed near Marion, about 20 miles northeast of San Antonio. They were homeward bound from New Year's Eve parties.

The cars were so badly smashed that officers still did not know late Thursday just which persons were riding in each car. Dead were: Shirley Evelyn Joy, 21, San Antonio; Marilyn Raska, 18, McQueeney, Texas; Phillips Love Stafford, 17, San Antonio; A.S. Norman A. Wahl, 22, Barksdale Air Force Base, La.; Al C. Robert K. Ralston, 24, Sabelth, Kan., and Sgt. David L. Raymond, 23, Lacona, N. M. Ralston and Raymond were stationed at Randolph Air Force Base San Antonio. The body of Clifford Hodges, Sr., about 55, was recovered Thursday night from a private lake near Palestine. A search was started several hours earlier when his empty fishing boat was sighted. Big Savings at Kiddies Toggery Pre-Inventory Sale of boy's and girl's corduroy slacks, shirts and other cold weather items. 109 North Marientfeld.—(Adv.)

Permian Basin Oil And Gas Log—

(Continued From Page One)
The interval from 7,965 to 8,045 feet. Recovery was 7,100 feet of 39-gravity oil and no water. Gas-oil ratio was 500-1.
Ellenburger top was called, by samples, at 7,782 feet, elevation 2,519 feet.
No. 1-101 University is 660 feet from south and east lines of section 22, block 54, University Lands survey and 20 miles northwest of Eldorado.

More Signs Of Third Pay Found In Gaines Field

Further indications of a third pay, the Clear Fork, for the Jenkins, North (multipay) field of Southwest Gaines County were uncovered on a drillstem test at Aurora Gasoline Company No. 2-A Doss.
Operator ran the drillstem test in the section from 7,120 to 7,178 feet.
Tool was open two hours. Gas surfaced in 53 minutes. Recovery was 1,150 feet of free oil, 270 feet of heavily oil and gas-cut mud and 360 feet of oil and gas-cut mud. No water was developed.
More hole was being made below 7,178 feet.

No. 2-A Doss is a west offset to Humble Oil & Refining Company No. 1 Riley, Pennsylvania reef discovery for the field. No. 1 Riley made oil on a drillstem test in the Clear Fork to indicated discovery from that formation.
No. 2-A Doss is 660 feet from

Phillips Gets Oil Flow At Offset To Ector Opener

Phillips Petroleum Company No. 1 Ratliff, Northeast Ector County exploration flowed 27 barrels of 41.7 gravity oil in 60 minutes during a drillstem test of the Wolfcamp lime at 8,535-60 feet. No water was developed.
The tool was open 145 minutes. Gas surfaced in two minutes and oil came to the top in 66 minutes. It flowed to the pits for clean for a short time and was then turned to tanks.

The 27-barrel flow came during the next 60 minutes. Open flowing bottom hole pressure was 1,225 pounds. Shut-in bottom hole pressure after 15 minutes was 2,950 pounds.
The prospector is now making hole below 8,711 feet in lime.

Top of the Wolfcamp is at 8,530 feet. The section at 8,531-90 feet was tested for two hours. Gas surfaced in seven minutes. Recovery was 1,350 feet of 40.5 gravity oil and 360 feet of salt water.

Had Oil In Clear Fork
It had also recovered free oil in a test of the Clear Fork at 8,412-90 feet. That section did not make any water.
Location is 668 feet from north and 2,000 feet from west lines of section 3, block 42, T-1-S, T&P survey. It is one location south of Herman Brown No. 1 Faskan, the opener of the Mac Boring (Wolfcamp) field and 11 miles north of Odessa.

It is scheduled to drill on to about 11,000 feet to test into the Pennsylvanian lime.

Pipe To Be Set At Sinclair Test In Lea Sector
Sinclair Oil & Gas Company halted drilling operations at No. 1

Solon Urges Fast Action On New Law For Tidelands

WASHINGTON—Representative Willis (D-La.) said Friday he sees no reason for the House Judiciary Committee to have lengthy hearings this year on legislation aimed at giving states title to offshore submerged lands.
"I take the position that members of the Judiciary Committee held lengthy hearings last year, their minds are made up and there is no reason for lengthy hearings," he told a reporter.

"I think we should move ahead quickly on this."
Willis, committee member, said he plans to introduce a bill similar to one the House passed last year.
The 1952 House bill was altered by the Senate and then vetoed by President Truman who objected to granting title of this oil-rich submerged area to the states, contending title belongs with the federal government.

Campaign Issue
The matter came up in last year's presidential campaign when President-elect Eisenhower indicated in speeches in Texas and Louisiana that he favors at least part of the state claims.
The bill passed by the House last year contained two principal sections.

One would have confirmed title of the states to submerged lands seaward for a distance generally regarded as three miles from shore. However, it also permits states which contend their boundaries extend further seaward to claim the areas embraced by those boundaries.

Louisiana contends that under conditions of its admission to the union its boundaries extend three leagues or about 10 1/2 miles seaward.
The main part of the Prentice field is in Yoakum County. Location is 1,006 feet from north and 660 feet from west lines of section 22, block K, pdl survey.

It reported a 24-hour pumping potential of 157.9 barrels of 30.5 gravity oil and no water. Gas-oil ratio was 85-1.
Top of the pay is at 5,885 feet. The 5 1/2-inch casing is cemented at 5,885 feet. Total depth is 5,855 feet.

The Ellenburger was topped at 8,361 feet, elevation 2,890 feet.
The oil is coming through perforations in casing from 8,360 to 8,364 feet. The section had been treated with 500 gallons of mud acid.

Location is five miles west of the town of Fluvanna and four miles west of the Fluvanna field which produces from the Mississippian.
Exact location is 1,980 feet from east and 660 feet from north lines of section 37, block 30, T-4-N, T&P survey.

Cosden Petroleum Corporation, Roden and Tri-Service Drilling Company each have a third interest in the well. It was drilled on a farmout from The Texas Company.
The new discovery will be produced as Cosden No. 1 Believ.

Southland Royalty Company has completed its No. 1-N. L. Douglas as a three-eighths mile southeast extension to the field.
It was completed for a calculated daily flowing potential of 400.48 barrels of 40.8-gravity oil and no water. Gas-oil ratio was 910-1.

Potential was based on an actual 12-hour flow through a one-half inch tubing choke from open hole between 7,325 feet and the total depth of 7,400 feet. Pay section was fractured with 3,750 gallons.
Tubing pressure was 500 pounds and there was a packer on the casing.

The new well is located 660 feet from south and west lines of section 33, block B, L&SV survey.
Southland Royalty has staked location for its No. 1-S O. F. Boyd to be a three-eighths mile southeast outpost on the east side of the Aldwell field of Northwest Reagan County.

Drillate is 660 feet from north and east lines of section 41, block B, L&SV survey and 25 miles northwest of Big Lake.
Rotary tools will be used to drill to 7,500 feet. Operations will begin at once.
It is on a 160-acre tract.

★ JOHNSON IN HOLLYWOOD ★ Marilyn Was Comics' Darling, Double-Entendre Gal Of Year

By ERSKINE JOHNSON
NEA Staff Correspondent
Hollywood's 1952 words: Marilyn Monroe, television, inflation and Johnnie Ray jokes dominated Hollywood's 1952 Laugh Parade. Marilyn was a subject the comedians just couldn't resist for obvious reasons.

There was the RKO publicity man who walked down one of the studio streets with Marilyn and later was asked: "Hey, who was that girl with you who was walking so horizontally?"
And it was Jack Benny who said: "Marilyn reminds me of a telephone switchboard. When she walks all her lines are busy."
Marilyn got in a few fast lines herself. Like when she went to the hospital for an appendectomy and pinned a note on her nightgown addressed to her three doctors. It read: "Please only take what you have to."

Joseph Cotten, in the movie "Niagara," told about his first meeting with Marilyn. "What an eyeful," he enthused. "She was wearing a dress cut so low in front you could see her kneecaps."
TV Laughter
There were as many TV jokes as TV arias in Hollywood:
A couple pointed out Red Skelton walking along a Beverly Hills street in their video-minded four-year-old. "Goah, he's real," the half-pint exclaimed. "I thought he was a puppet."
A movie queen suggested to her agent that he try to get her husband on the "What's My Line" show in which experts guess at the professions of contestants.
"They'll never guess," she snarled. "That he does nothing."
Then there was this definition of a baby-sitter: "Someone you pay by the hour to watch television."
Fred Allen warned an aging western star, brought back by TV, not to make another picture "or the Indians'll get you."
The summer season came to TV and video alley laughed at:
"He looks like a Summer replacement for a test pattern."
A movie star's lot turned down an invitation to spend the night at another child's house with: "I have to stay at home and see an old movie on television. Mama's third husband is in it."
On the inflation subject was the housewife's lament: Too much month left over after the end of the money.

This sign appeared in a Beverly Hills meat market: "Please Don't Ask Prices. Let's Remain Friends."
At the Mocambo somebody said: "Money doesn't talk these days—it goes without saying."
It was Bob Hope who noticed the first sign of Spring in Hollywood—These little green things started poking their heads out of Bing Crosby's wallet.
People refused to believe that dollar bills carry germs on the theory that a germ couldn't live on a dollar bill today.
By The Gallon
Johnnie Ray cried and people laughed at:
A newswear theater marquee which read:
"Latest Floor Pictures—Also Johnnie Ray."
A bobby-soxer walked into a music store and asked for some Ray records. The clerk beamed and said: "A quart or a gallon?"
And these lines competed with Marilyn Monroe's lines:
"The best way for her to keep her youth is not to introduce him to anybody."
"Clothes can make a girl into a social success if they allow her to be seen in the best places."
Science-fiction movies hit the box-

office jackpot in 1952 and a writer went to a movie producer with this novel idea: "It's a romance. Boy meets girl. Boy loses girl. Boy Builds Girl."
And it was Red Skelton, talking about a new movie starlet, who said: "She graduated from high school last year and was voted 'The Girl Most Likely to...'"
A female silk worm moth lays about 500 eggs about five days after leaving the cocoon and then dies.

Bowen, Fort Worth Bank Executive, Dies

FORT WORTH—(AP)—R. Mayo Bowen, 58, executive vice president of the First National Bank here, died Thursday after a brief illness. He had been with the bank since 1910.
Bowen was appointed in 1951 to a 10-man panel of arbitrators to obtain settlement of commercial disputes between companies working on defense projects in the Southwest.

1953 Clothes To Be Feminine, Sculptured, Say Style Experts

The 1953 look will be strictly feminine, slim and sculptured, with the silhouette revealing the natural lines of the body, say America's leading fashion designers. They predict:

LILLY DACHE: If possible, women will look more feminine than ever. You can even say "fussy" and "it." Larger hats will go with 1953, smaller hats with new dresses. Evening dresses will have straps again, and they will be fussy. Skirts will be longer and slimmer with the fullness, if any, massed at the back. Pink and yellow will be chic, but there will be a tremendous amount of bold black and white.

ELIZABETH ARDEN: The new trend will be called "Femme." All my clothes will be—first of all—feminine, with deep accent on the bosom, the waistline, and the hips. The waistline will be normal, but emphasized and underlined. Since men seem to prefer this, the evening dresses will tend to be long.

CAROLYN SCHNURER: 1953 will be a year of very feminine fashions. This does not mean ornate. Standards and tastes have been elevated to the point where femininity does not necessarily mean lots of ruffles but rather, soft, easy, flowing lines.

HERBERT GONDEHEIM: I predict that the greatest demand will be for "occasion" clothes—lunch-coat, cocktail, dinner and evening.

VINCENT MONTE-SANO: In coats, I see a trilogy of the "big coat," the figure-slimming tubular and wrappy coat, and the very latest

"vertical" coat, tapering down like a funnel. In suits, two silhouettes will dominate... the newest, the box line, and the other, the always smart short jacket suit that is like a dress and is easily worn under a coat.

JACK FATH OF JOSEPH HALPERT: I predict revived interest and approval of the middie line... and, on the other hand, a liking for small, fitted bodices with high, shaped drapery.

HATTIE CARNEGIE: I believe there will be lots of color, though still enough black and navy to notice. We will continue to see a "double feature" in skirts, but the surprise will be that the slim evening dress may outshine the bouffant dress. There will be plenty—more than plenty—of suits and most dresses will have accompanying jackets.

CECIL CHAPMAN: Soft, super-glamorous will be the dominant aim of all fashions, due to the fact that every woman will be profoundly affected by the coronation and the inauguration.

HERMAN DELMAN: Emancipated feet will be the keynote of shoe fashions. Very decorative shoes that look like almost no shoe at all will challenge designers' ingenuity and imagination. Toes will show in daytime as well as evening shoes.

MOLLIE PARNIS: I believe in the two-party system for fashion, and I see every reason for the full skirt continuing with the slim. Women are more and more aware of the fact that it's more important to dress becomingly than to be "tricky" or to try to look like a fashion magazine picture.

SYDNEY WRAGG: Excitement from the city into the suburbs means that a way of life formerly enjoyed by a few is now available to all... calling for the kind of casual apparel that fits in with such surroundings—tweeds and knits, tailored shirts and skirts.

BEN ZUCKERMAN: Expect the basic suit to be a colorful, beguiling affair, as individual as a dress although usually untrimmed. Expect coats to remain full because they are more practical that way.

ROY E. TILLES: The well turned leg will not be forgotten in the fashion picture. In fact, some new stockings developments may steal the headlines away from dresses, hats and jewelry.

MAJESKA OF LA TAUSCA JEWELRY: Need you ask? With a beautiful young queen being crowned, you can be sure that the American woman will be emotionally attuned to glamour and will instinctively claim her share. Jewelry will be larger, richer and more of it worn at once. You will see rhinestone necklaces worn with daytime suits, and they will be designed to look right. You will see lots of jewels on the head and the armful of bracelets will return to fashion.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, FRIDAY, JANUARY 2, 1953-3

Many Spend Holidays Visiting, Traveling

The Yule and New Year's holidays have meant guests and traveling for many Midlanders, as well as party and special programs.

Mr. and Mrs. W. C. Terry, 705 North Baird Street, have returned from Slaton, where they visited Terry's parents, Mr. and Mrs. W. T. Terry.

Mr. and Mrs. D. C. Baldwin, 1306 West College Street, have had as guests Mrs. Baldwin's mother, Mrs. J. L. King of Waxahatchie, and two brothers, C. C. King of Dallas and Walter Lynn King of Houston.

The James E. Bagwells, 1702 North Main Street, visited with Bagwell's parents, Mr. and Mrs. Eric Bagwell of Sulphur Springs.

Mr. and Mrs. H. E. Bade and sons, 1507 North Big Spring Street, spent

part of the holidays in Houston. Visiting in Snyder were Mr. and Mrs. E. W. Babb, Jr., 411 East Cedar Street.

Mr. and Mrs. Lynn Townsend, Garden City Highway, have as guests Townsend's parents, Mr. and Mrs. B. C. Townsend of Mont Alba, and his niece, Coyette Cox of Tyler.

Other holiday guests in the Townsend home have been Townsend's brother and sister-in-law, Mr. and Mrs. B. C. Townsend, Jr., and two children of Grandfalls.

Mr. and Mrs. W. D. Hollis and daughter, Lynn, of Levelland, have been guests in the home of Mrs. Hollis' brother and sister-in-law, Mr. and Mrs. M. D. Abel, East Highway 80.

Entertainers
Holiday guests of Mr. and Mrs. J. A. Andrews, 420 South Loraine Street, were Mrs. Boyd Herring and children, Robert and Harriet, of Selman City, Mr. and Mrs. Carl Andrews of El Paso, Mr. and Mrs. Clarence Andrews and Jerry Andrews of Escondido, N. M.

The W. G. Abbotts, 423 Maple Street, have had as guests Mrs. J. P. Hammonds of Phoenix, Ariz., Mrs. Ethel S. Abbott of Abilene and Mr. and Mrs. H. D. Clark of El Paso.

Visiting in Abilene was a weekend guest of Mr. and Mrs. John I. Caldwell, 504 Estes Street.

Mrs. Katherine Bryant is planning to return to her home in Corpus Christi Saturday after a visit with her son-in-law and daughter, Mr. and Mrs. C. L. Davenport, 1204 West Golf Course Road.

Mr. and Mrs. I. E. Daniel, 1601 West Missouri Street, have as their guests Mrs. Daniel's niece and family, Mr. and Mrs. Ralph Hickman and son, Jackie, of Albuquerque, N. M. Other visitors in the Daniel home are Mrs. Daniel's brother-in-law and sister, Mr. and Mrs. Gus Ford of San Antonio, and another sister, Mrs. Jennie Sparks of Blanco.

Guests in the Claud Danford home, 1206 South Terrell Street, have been Mr. and Mrs. Lester Cape of Ballinger.

Mr. and Mrs. Jess Hooper, 711 South Loraine Street, have returned from a visit with Hooper's parents, Mr. and Mrs. J. D. Hooper, in Oklahoma City, Okla.

Recent guests in the home of the Rev. and Mrs. Robert J. Snell, 211 North B Street, were Mrs. Snell's nephew and his family, Lt. and Mrs. David H. Michal and baby daughter, Adele. Lieutenant Michal is stationed with the Air Force in Fort Worth.

Mr. and Mrs. Gerald Livingston and children of Boston, Mass., are visiting Livingston's parents, Mr. and Mrs. Ira Livingston, who live near Midland, and his brother-in-law and sister, Mr. and Mrs. Marshall Dale, 2501 West College Street.

Mr. and Mrs. W. P. Von Osinski, 2004 West Kentucky Street, have as their guests Mrs. Von Osinski's father, W. H. Lant of Evansville, Ind., and Von Osinski's mother, Mrs. Frona Von Osinski of La Porte, Ind.

Four Baptist Missionaries Escape From Chinese Reds

HONG KONG—Four American Baptist missionaries who had been held in solitary confinement in Red China since April, 1951, arrived at this British crown colony Friday night.

One was so thin it appeared his clothing might slip off. All were weak and emaciated but said they were not tortured except for being confined to their rooms at Swatow, China.

Ryan Bibb, Highway Crash Victim, Was Well-Known In Area

Ryan Bibb, 25 Waco advertising man, who was killed early Thursday in a highway mishap near Kilbuck, was well-known in Midland and throughout this section of West Texas.

He formerly traveled this area as a sales representative for a Dallas paper and printing supply company.

Mexican Performers Get \$17,400 Yearly

MEXICO CITY—(AP)—Molave sources said Thursday the top salary for a Mexican star is 150,000 pesos (\$17,400) per picture. They said only three stars—Arturo de Cordova, Maria Felix and Jorge Negrete—are in this bracket. Payments to other stars during the past year have ranged down to 30,000 pesos (\$3,500). Cantinflas, the famous Mexican comic, owns his own producing company and his profits per picture are much higher.

Nixon Reserves 25 Rooms For Inaugural

WASHINGTON—(AP)—A bloc of 25 rooms in the Statler Hotel has been reserved for the January 20 inauguration in the name of Vice President-elect Nixon, a House committee has been told.

However, Nixon isn't paying for them, Hotel Manager William F. Kirk told a subcommittee of the House Executive Expenditures Committee. The Republican National Committee reported that the \$1,500 covering check was written by Murray Chotiner of Los Angeles, Nixon's campaign manager.

India Missionary To Speak Here

The Rev. Hudson H. McKee, a missionary to India and president of the India Christian Mission, will be the speaker in revival services scheduled to begin in the morning service Sunday in Faith Tabernacle, 611 South Terrell Street.

The series of services are scheduled to be conducted for two weeks and will begin at 7:30 p.m. daily.

The Rev. E. M. Jones, pastor, announced Friday the public is invited to attend the revival meeting.

Editors Vote Queen Elizabeth Outstanding Woman Of Year

Associated Press Women's Editor Queen Elizabeth is the outstanding woman news-maker of 1952, according to the combined vote of managing editors and women's editors of Associated Press newspapers.

It is interesting to note that the women editors' poll alone was two-to-one for Mamie Eisenhower as "Woman of the Year," while men editors voted almost four-to-one for England's young Queen. This divergence of masculine and feminine opinion perhaps is explained by the note attached to her vote by Mary Ann Callan, women's editor of the Los Angeles Times, who wrote:

"If I were to select the outstanding woman of the year it would be Mamie Eisenhower, the personification of naturalness and sincerity—the kind of person most American women want most to be."

Men editors, on the other hand, undoubtedly were looking ahead to the tremendous news impact of the coming coronation, in evaluating the news scope of Queen Elizabeth.

Other women voted outstanding in their fields for 1952 are:

Politics: Oveta Culp Hobby, wartime head of the WACS, recently named Federal Security Administrator in the new administration.

Mrs. Hobby, an effective campaigner for General Eisenhower during the campaign, is co-publisher of the Houston (Texas) Post.

Sports: Maureen Conolly, "Little Mo," the smiling youngster from

Aged Banker Keeps Institution Position

NEWBURYPORT, MASS.—(AP)—Henry Bailey Little expects to be re-elected to his fifty-fifth consecutive term as head of the Institution for Savings Monday—two days after his 102nd birthday.

He still works every banking day.

Four Baptist Missionaries Escape From Chinese Reds

HONG KONG—Four American Baptist missionaries who had been held in solitary confinement in Red China since April, 1951, arrived at this British crown colony Friday night.

Women, 1953 Variety, Join Club, See World

By DOROTHY ROE
AP Women's Editor

As a timely start for 1953, let us consider the international women, a species peculiar to our times.

She may be career girl or club-woman or one of the seldom-idle rich, but whether for business or pleasure, she commutes among the world's cities as casually as her grandmother used to hitch up the surrey to drive into town.

She's at home in any country, poised, suave and impeccably groomed. Her nomadic life has developed a new kind of wardrobe, which can be packed into one bag weighing not more than 45 pounds and sufficient to see her through any occasion in any country, from a formal ball in London to a hike through the Alps in Switzerland, a day on the beach at the Riviera or luncheon in Rome.

Some typical examples of this new brand of world traveler are now on their way by plane for a global tour, led by Mrs. Oscar A. Ahlgren of Whiting, Ind., president of the General Federation of Women's Clubs. Accompanying Mrs. Ahlgren are 14 clubwomen. Their first stop will be Honolulu.

The globe-trotting gals will be guests of Hawaiian women's clubs affiliated with the federation. Next they will fly to Tokyo, to greet the Tokyo American Round Table, a club made up of Japanese women desirous of affiliating with the federation.

They will drop in at Manila, Hong Kong, Bangkok, Calcutta, New Delhi, Bombay and Cairo.

What today's women are doing would have seemed impossible even a few years ago. International affiliations of women's clubs make world travel almost a requirement for national officers.

An increasing number of today's jobs send bright girls cloud-hopping around the globe. Buyers in many of the nation's big department stores take semi-annual trips to Paris, Italy and London as a matter of course. The girls who work for the airlines either as stewardesses or in executive jobs have the world as their apple.

Such is the life of the modern woman, who can join a women's club and see the world.

Mr., Mrs. R. R. Russell Hold New Year's Party

Mr. and Mrs. R. R. Russell entertained Thursday in their home with an open house and a black-eyed pea party.

Approximately 30 guests attended the annual event.

About 25,000 U. S. Navy personnel are in travel status at all times, according to estimates.

Texans To Join Federation Tour

Three Texans will be among the 15 clubwomen leaving January 9 on a world tour under the auspices of the General Federation of Women's Clubs.

They are Mrs. William N. Hooper of Houston, Mrs. W. E. Cantrell of Lometa and Ethel Foster of Sterling City. Led by Mrs. Oscar A. Ahlgren of Whiting, Ind., president, the group will begin the first leg of its journey from San Francisco.

The itinerary calls for stops at Honolulu, Tokyo, Manila, Hong Kong, Bangkok, Calcutta, Delhi, Bombay, Cairo, Jerusalem, Athens, Rome, Madrid and Lisbon. The tour will extend through February 27.

Midlanders Attend Cotton Bowl Game

Many Midlanders were among the thousands attending the Cotton Bowl game in Dallas Thursday.

Watching the New Year's Day event from Midland were Mr. and Mrs. Fred Goodman, Mr. and Mrs. Ralph Lowe, Mr. and Mrs. James T. Smith, Mr. and Mrs. R. T. German, Louis Grevelle, Mr. and Mrs. Audrey Gill, Herschel Ezell, Tom Sealy.

Furniture Dealer To Attend Winter Market In Chicago

The greatest array of new styles, colors, fabrics and improvements in construction in the history of the industry will be available to the purchaser of home furnishings in 1953 at bargain prices, George M. Stewart of Stewart's Furniture Company declared Friday as he planned to leave on a buying trip to Chicago.

Stewart will attend the annual international home furnishings market where more than 2,000 manufacturers will display new styles and new designs in furniture, floor coverings, sleep equipment, appliances and other home furnishings.

"Advance information on the market indicates that the trend toward modern furniture will continue in response to enthusiastic acceptance on the part of home makers," he said. "Provincial and 18th Century furniture, however, is still in demand and a wide selection will be available at Chicago during the Winter market."

Stewart also will attend a number of meetings of the National Retail Furniture Association, of which he is a member. At these sessions he will study new trends in planning for the needs of the homemakers in Midland.

High-Level Probe In Order

The crash of a troop-laden Air Force Globemaster, the worst disaster in American aviation history, raises some important questions whose answers ought to be sought promptly in a broad inquiry, possibly at congressional level.

This was the ninth serious crash of an American Air Force plane around the North Pacific rim in a little more than a month.

Two of these accidents involved the C-124 Globemaster, while four involved the C-119, the so-called "Flying Boxcar." Both these aircraft already have done a great deal of successful duty in the service of the Air Force.

Secondly, an exhaustive check should be made of the official maintenance procedures of the Air Force, and of the actual carrying out of those rules.

This is not the first flurry of accidents affecting U. S. military aircraft. So long as crashes occur from time to time in such alarming numbers, the efficiency and thoroughness of Air Force repair and maintenance work must be held in question.

Another avenue of inquiry cannot be overlooked. That is the possibility of sabotage in the plane factories. Two years ago, Air Force officers in the Strategic Air Command were known to be concerned seriously about this as a result of several B-29 crashes.

And, lastly, the investigation should embrace a full study of weather conditions as they affect flying in the Northern Pacific regions. Three of the nine planes in the newest series of accidents crashed into mountain tops.

Air Force experience along the northern rim should be checked out against that of Northwest Airlines, which plies this route commercially between the United States and the Orient.

All these approaches should be pursued energetically. Apparently no constructive lessons were learned from the last previous series of Northern Pacific crashes.

Apparently no constructive lessons were learned from the last previous series of Northern Pacific crashes. If valuable safety instruction now can be gleaned from the current series, some little part of the bitterness may be removed from these terrible tragedies.

So They Say

A career is wonderful, but you can't curl up with a career on a cold night. —Movie actress Marilyn Monroe. In 1952 a queer assortment of millionaire Socialists in the east brought about the nomination of Eisenhower by sharp practice which caused great defection.

"Anything For A Heavy?"

The Washington Merry-Go-Round

Drew Pearson says: McCarthy's financial finagling shocks colleagues; Pending oil cases may embarrass Ike; Air Force pilots lack experience.

WASHINGTON—Word of the amazing report on Senator McCarthy's weird financial dealings has shocked even some of his own Republican colleagues.

It also has aroused some of the more conservative senators, both Republican and Democratic, about the importance of protecting public esteem and respect for the world's greatest deliberative body.

The Senate Elections Committee spent more than a year probing McCarthy's complicated financial setup, his many cash deposits, and his means of concealing speculation by keeping his accounts in the names of his sister-in-law and his administrative assistant, Ray Kiermas.

Lovett himself, a Republican, wants to get rid of both before the Republicans take over, because it will be extremely embarrassing for the Republicans to dismiss the two cases. It happens that the Rockefeller family contributed \$85,000 to the Eisenhower campaign.

Meanwhile the oil companies, especially Standard of California and Texas, are hurting their own case by spreading reports that the cases against them were inspired by Communists. They have employed the public relations firm of Hill and Knowlton, which has published a booklet of oil company-inspired editorials castigating the Federal Trade Commission and the government generally as riddled with Communists.

This charge that the U. S. government is Communist-dominated is being sent to 67 foreign governments and to editors and "molders of public opinion" in 67 foreign countries.

Note 1—The Federal Trade Commission... Note 2—What really hurts the American oil position in the Near East is not lawsuits in the United States but British wrangling with Russia.

Note 3—The Air Force, studying the tragic rash of recent air crashes, frankly admits that its pilots do not have the same lengthy experience as commercial pilots.

For instance, the pilot of the Globemaster which crashed recently at Moses Lake, Wash., killing 86 GIs, was only a lieutenant, whereas in civilian aviation a pilot flying this type of plane would have 15 to 20 years experience and a rank equivalent to major or lieutenant colonel.

In fairness, it should be noted that the pilot flying the Globemaster had more than 4,000 hours of flying this type of plane and a good efficiency index.

However, if Congress would vote more appropriations to supply gasoline, then both the younger and older pilots would have more flight training.

Washington Pipe Line... Senator Nixon has hinted that he, rather than Ike, may be best qualified to give fireside chats and defend the Eisenhower Administration on radio and television.

When the queen of spades holds, you can breathe a sigh of relief. You are still not out of the woods, however. You must lay down the ace of spades before drawing the last trump.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service.

When today's hand was played, South happened to be a confirmed overbidder.

But when this hand came along he could bear the restraint no longer. He simply couldn't see himself playing the South hand for less than a slam.

Just put yourself in South's seat. You have bid the hand to the hit, or perhaps a little farther, and you are now playing the hand at a con-

Bridge score table with columns for NORTH, WEST, SOUTH (D), EAST, and South-West North-East.

tract of six hearts. You win the first trick with the king of diamonds, and it is now up to you to plan the rest of the hand.

You begin by laying down the ace of trumps, and each opponent follows suit. Don't be too quick about your next play.

At the third trick your best play is to lead a low spade from your hand. East wins and returns a trump, which you take with the king of clubs and overtake with dummy's king, since you must get to dummy for the spade finesse.

When the queen of spades holds, you can breathe a sigh of relief. You are still not out of the woods, however. You must lay down the ace of spades before drawing the last trump.

This play is perfectly safe if each opponent has three spades. If the spades are 4-2, however, your only hope is that the player with the four spades is the same defender who has the last trump.

This is actually the case, and West must make a futile discard, while East follows suit. Now you can ruff your last spade with dummy's last trump, and the rest of the tricks are easily yours.

CARD Sense

Q—The bidding has been: North East South West 1 Club Pass 1 Diamond Pass 2 N. T. Pass 7

You, South, hold: Spades A-6 Hearts 3-2, Diamonds K-J-7-3-2 Clubs Q-4-2. What do you do?

A—Bid three clubs. For no-trump purposes you have a count of 10 points in high cards, and your partner has at most 21 points. Slam at no-trump is therefore out of the question, but if your partner can show a real interest in clubs or diamonds, you will bid towards a slam.

Answer Sunday. Read The Classified Ads.

WASHINGTON COLUMN

Dems Busily Compile Records GOP Will File In Wastebasket

By PETER EDSON, NEA Washington Correspondent.

WASHINGTON—Now is the time when the outgoing Democratic, Truman Administration is trying to get in its last licks to dictate policies which the incoming Republican, Eisenhower Administration is going to ignore.

Reports which Truman-appointed boards and commissions have been submitting these last few weeks have been a good bit like letters to Santa Claus.

There will be particularly so in considering President Truman's own State of the Union message to the new Congress, his budget message and his economic report. Most congressmen will put them in the drawer marked "File and Forget."

Secretary Sawyer submits another report on the desirability of settling anti-trust cases by negotiation instead of court action. Both of the Sawyer reports make talk a little like Republican. But that's the exception rather than the rule in most of these Democratic last words.

In fact, the final record which the outgoing Administration is trying to write in these last few weeks shows some signs of trying to leave the incoming Administration on a spot.

Democratic Attorney General James P. McGranery has piled up an amazing dossier of anti-trust, deportation and criminal indictments. If the new AG, Herbert Brownell, doesn't prosecute them all vigorously, who will get the credit or blame?

In the United Nations, Korea and the North Atlantic Treaty Organization, departing officials are leaving the newcomers extremely hot potatoes to handle.

Finally, if advance information is correct, the budget which President Truman will send to Congress for the fiscal year ending July 1, 1954, will be considerably below this year's record practioning request for \$85,000,000,000.

If the Republicans are forced to increase the Truman estimates just to carry on cold wars and essential government operations at home, it's going to be embarrassing.

Q—Why is the famous painting of Mona Lisa sometimes referred to as "La Gioconda"?

A—She was the wife of Zanobi del Giocondo. "La Gioconda" is a feminine form of her husband's last name.

Q—At what age did William Pitt, the Younger become British Prime Minister?

A—The age of 24. Q—Is it true that a glass snake can live after it is broken into two equal parts?

A—Yes. Really a lizard without legs, it can shed its tail and grow a new one in its place.

Q—Why were the early prairie wagons referred to as schooners?

A—Because at a distance the white awnings which covered the wagons looked like a fleet of sailing ships with all canvas spread.

Search for a Hero

XXIX. We reached the spot where the new highway crosses the railroad on Walker Mountain, above Old Shiloh. The corps man stopped the station wagon. It was late afternoon and the sun was almost behind the peak of the mountain.

Below us, the dogwoods glistered like thousands of chandeliers. Above us, the road bank was covered with wild honeysuckle. The smell drifted down to us, a clear, sweet smell, as if a cake maker worked beneath that matted foliage.

"I'm going to get you an armful of that honeysuckle," he said. "You can take it to your girl, huh?"

"I'd be very much obliged." He got out and crossed the road. Immediately I saw that he knew exactly how to break the stems. When he had gathered half an armload I called, "That's more than enough."

"Let's not be stingy. Whenever you find beauty in the world, park take freely." He broke a few more stems and returned. The white and yellow flowers looked strange against his navy blues. He put the honeysuckle in the seat beside him.

"What's she like, this girl of yours?" "She's a phantom of delight." "No doubt you got marrying on your mind. They all want to get married, soon as they get their tail shot off."

"A-body could do worse." "Oh, I'm not against it. I just think a few wounds bring a little wisdom. A man learns he's mortal and a trouble with most folks is they don't realize they're mortal—and may die before his appointed time."

We were going slowly down the road that led to home. The corps man seemed to sense that I was holding back the final moment as long as I could. Suddenly, I could have left Memphis the day before.

Have A Laugh

By BOYCE HOLSE.

As a train approached Fort Worth, the stockyards hove into sight—and smell. A lady brought out a bottle of smelling salts and began inhaling. An old farmer said, "Lady, put the stopper back in that bottle; you're smelling up this whole train."

What's Right?

In a small social gathering you express an opinion and it is challenged by someone else—and the others present agree with the other person.

WRONG: Feel that you must prove you are right, no matter how long you have to discuss the matter.

RIGHT: Let the matter drop with some good-natured remark like: "Well, I seem to be outvoted."

Many a man wishes he hadn't married such a cute little package when he has to pay for the bundle she brings home.

Daddy Ringtail

Daddy Ringtail, your monkey friend, and the Huffen Puffen, the friendly wolf, and Mugwump Monkey, the Monkey boy, were crossing the Whispering River. They were crossing the river in a washtub boat that was barely big enough to hold

all of them. "Sit still, everyone," said Daddy Ringtail. "If anyone tries to stand up, the boat will turn over sure."

"Uhh," said Mugwump, "and then we would all get wet, and the water sure is cold, I bet."

The Huffen said the water was very cold indeed, it was, and if they all fell in—why, they would have to go back home, they would, and change their clothes. Then they couldn't look to find an adventure somewhere on the other side of the river.

"Huffen Puffen!" cried Daddy Ringtail. "Don't stand up in the boat!"

But the Huffen pointed back where the Featherman was following in another little washtub boat. Featherman was crossing the river to look for feathers on the other side. "The Featherman is standing up in his little boat, he is," said the Huffen, "and the Featherman hadn't turned over his boat, he

hadn't." "Huffen! Ignoramus! Sit down!" shouted Daddy Ringtail. The Huffen sat down quick when he heard Daddy Ringtail call him ignoramus. But Daddy Ringtail immediately said he was sorry he

had said the Huffen was an ignoramus. Daddy Ringtail apologized, and asked the Huffen please to forgive him.

"We don't talk to each other that way," said Daddy Ringtail. "I shouldn't have said it."

"The Huffen forgives you, he does," said the Huffen.

"I'll forgive you, too," said Mugwump. "Look!"

They all looked, and there the Featherman had turned his own boat over, all from standing in it. He would have to swim in the cold water, poor boy.

And so no one stands in a washtub boat any more, and no one shouts "ignoramus" at anyone any more, and everyone forgives the someone when he does it. Forgiving is the happiest thing of all, I think. Happy day!

SPORTS PARLEY

By CHARLEY ESKEW

Sherman marching through Georgia and the opening of District I-AAAA's schedule Friday and Saturday have nothing in common.

The northern I-AAAA quintets are invading the south and the results predicted for Odessa, Midland, San Angelo and possibly Abilene are, the same as Georgia suffered, defeat.

That is because the four teams generally favored in the title race are Pampa, Amarillo, Borger and Lubbock, in that order.

Pampa, unbeaten in eight games, tackles Midland at Midland, Borger goes to Odessa, Amarillo to Abilene and Lubbock to San Angelo, all Friday night.

Saturday night Borger is at Midland, Pampa at Odessa, Amarillo at San Angelo and Lubbock at San Angelo.

Most of the teams rested this week, preparatory for the first night's games. But Abilene remained in action to win three and the annual Cotton Bowl tournament. Lubbock added its ninth straight triumph and San Angelo went to the semi-finals of the Howard Payne tournament before being ousted.

While predictions are flying around about who will win the district, ours:

- 1. Borger.
- 2. Abilene.
- 3. Lubbock.
- 4. Pampa.
- 5. Amarillo.
- 6. San Angelo.
- 7. Odessa.
- 8. Midland.

And the reason: Borger ought to repeat as champions because it has the attitude of champions; you can hardly erase the superiority complex of the Yankees in baseball, can you? The same goes for Borger. And any team that doesn't burn out on the game with the long Bulldog schedule (13 games to date) must be basketball-happy. That, in a nutshell is Borger, and it was nappy about such long schedules and two state tournament teams during the last two seasons.

Besides, Borger has the team to win. Only Capitol Hill of Oklahoma City and Poly of Fort Worth, state defending champ, took the Bulldogs to camp. They beat 11, including Abilene, the Cotton Bowl champion.

The others: Abilene's improvement at Dallas speaks for itself; Lubbock won nine in a row and the Odessa tournament.

Then Pampa, the general favorite, banks too much on a high-scoring offense and a good early record—yet has only one returning starter.

Amarillo is unknown quality, San Angelo tall and awkward, Odessa to be tough, but not tough enough in this loop, and Midland started too late with too little.

BORING MISMATCH—

Bama's 61-6 Win Sets New Record

MIAMI, Fla.—Alabama wrote the Orange Bowl record book with a crushing 61-6 defeat of Syracuse in the greatest mismatch of all New Year's Day major football games.

The mighty Crimson Tide rolled for nine touchdowns and turned the nineteenth annual Orange Bowl classic into a rout before 68,280 spectators who started leaving the stands midway the third period.

In sharp contrast to some previous Orange Bowl games which were won and lost in final seconds, this one turned into a bore some time.

Syracuse was the underdog from the time the eastern champions were picked to play Alabama and the Orangemen apparently never overcame that psychology.

Alabama, 13-point favorite at game time, scored first and when Syracuse drove from its own 22 to the Alabama goal it looked like a tight ball game coming up.

But when Jim George's kick for extra point was partially blocked, struck the crossbar and bounced back onto the field, it left Syracuse trailing, 6-7.

Three Alabama touchdowns came on passes and another on pass interception. Joe Curtis caught eight Alabama passes to set an individual record for an Orange Bowl game.

Red Burditt of Texas A&M caught seven against LSU in 1944.

Cecil Ingram took Mike Jaso's punt on the Alabama 20 and went 80 yards for a touchdown to erase another individual record, set by Beecher Montgomery of TCU against Georgia in 1942 at 56 yards.

But passes didn't tell the whole story. The Alabama line opened running holes for ball carriers and the Tide gained 286 yards on the ground, 300 through the air, completing 22 of 37 passes.

Syracuse also tried 34 passes, completing 17 for 157 yards. The Orangemen got a mere 75 yards on the ground in 33 plays, rushing for five of their 15 first downs.

Maurice Richard, hockey's highest scoring performer, has scored three goals in one game on 17 occasions.

EVERYBODY'S GAME
COLUMBUS, OHIO.—P—The old adage that bowling is the game for everybody got an additional boost here recently when Tony Trapasso won the right to represent bowlers of this city in the Chicago All-Star tourney. Trapasso is a mere five feet two inches tall and weighs 112 pounds.

Murry Dickson of the Pirates had the dubious distinction of losing the most games, 21, giving up the most runs, 26, and yielding the most runs, 128, in the National League in 1952.

Gardner Mulloy of Miami copped the tennis crown, and Maryland and Syracuse tied for the boxing championship.

Undeclared in 26
The victory kept Tech, the nation's No. 2 team, undefeated in 26 games and extended its victory string to 17. Mississippi, which won eight and tied two games to end the season in seventh place, was making its first Sugar Bowl appearance. Tech had been here once before, when it beat Tulsa 20-18 in 1944.

Early in the game it seemed Lear was about to quarterback his split-T teammates to an upset just as he did against Maryland. The Rebels took the opening kickoff and whizzed 57 yards to score, halfback Wilson

Texas Wins, 16-0, In Defensive Stand

Neyland Says UT Best Vols Played

By WILBUR MARTIN
DALLAS.—P—Easy going Ed Price gambled with his defense—and changed it into an awesome thing that humiliated Tennessee far more than the 16-0 score indicated in the 17th annual Cotton Bowl.

For Price's tenth ranked football team stole Tennessee's thunder as the country's top defensive team, limited the Vols to just 46 yards passing and hurled them to a minus 14 yards rushing.

The sudden switch of a so-so defense to an amazingly efficient unit prompted Vol Coach Gen. Bob Neyland to exclaim: "I knew Texas had a good offense, but I didn't know the defense was that good."

Neyland brushed aside talk of bad breaks.

"We got beat badly," he said, adding Texas was by far the best team Tennessee had faced this season and one of the "best I have seen."

Sweat poured off Price's face as he stood backed in a steaming, jammed training room under the giant bowl. A good part of the 7,504 who saw Texas rack up a safety in the first quarter and touchdowns in the second and final periods waited outside to yell acclaim for the Southwest Conference champions.

Texas Line Rough
"We changed up our defense—had the linemen slanting and sliding," Price said in explaining how his line crashed through to spill Tennessee backs almost every time they got the ball. Before Thursday, Texas linemen charged straight ahead.

"We could afford to gamble with our defense," Price went on, "but not our offense."

That offense gained a total of 301 yards—289 of it on the ground. And Dick Ochoa, Texas' bruising fullback, picked up 108 of these yards as was the label "Game's Outstanding Back." His teammate, rugged Harley Sewell, a guard who was almost a fifth member of the Tennessee backfield, was voted the outstanding lineman.

But why did Price change his defense?
"We saw pictures of the Duke game," said Carlton Massey, hard charging Texas defensive end. The Duke players were slitting and ripping Tennessee to bits. Duke won that game, 7-0. And Price decided to see if the same style could work against Neyland's team twice in a season.

Listless Game
There really wasn't much excitement to the game. It was all Texas, and the crowd sensed it after the first quarter—when Tennessee handled the ball on just two offensively plays. Both of these backfired. The first resulted in that Texas safety. Massey, Pod Price and Sewell smothered Dave Griffith in the end zone. He tried to run the ball out after juggling it on an attempted punt.

Time and again, Texas threatened, but fumbles or the Tennessee defense Texas' coaches and players praised cheated it of a touchdown. Only in the second period, when Gib Dawson ran four yards around end to climax a 22-yard drive and in the final quarter when Billy Quinn smashed over from one-foot range did the Longhorns score touchdowns. Dawson converted after each.

Fumble Precedes Score
A fumble by Ray Byrd was covered by Clifford Polk to start Texas' first touchdown march. Another fumble, this one by Pat Olekian, was covered by Jim Rosser to set up the 26-yard second scoring drive.

CROWNED CHAMP — Jockey Tony DeSpirito is crowned champ at Coral Gables, Fla., after winning his 389th race of the year to set a new record. Making the presentation is jockey Joe Culmore, right, a winner of 388 races in 1952.

Tangerine Triumph Puts It 19 In Row For East Texans

ORLANDO, Fla.—P—East Texas State remained unbeaten in 19 straight football games Friday after defeating Tennessee Tech, 33-0, for the most lopsided victory in the Tangerine Bowl's seven-year history.

The Texans, with Marvin Brown running and James Gray passing, scored two quick first period touchdowns Thursday night, then waited until the fourth quarter before cranking up their offensive machine again.

Twenty points in the last period came in a seven-minute burst.

Brown, voted the game's most valuable player by sportswriters, dashed 25 yards around right end for the first touchdown when the game was four minutes old.

Tommy McCormack then took a 16-yard pass from Gray for another score.

Gray's passing and Brown's running started the fourth quarter flurry. Gray threw to Brown twice, the two plays spanning 89 yards with Brown going most of the distance afoot on the second for 67 yards.

Safetyman Glenn Johnston intercepted Jack Van Hooser's pass and tore off 75 yards for another touchdown and Luck Parks followed him across on a nine-yard plunge.

The Tennesseans threatened once, reaching the Texans' six in the second. Tackle Bruno Ashley smeared a last down passing try.

Paid attendance was 12,340.

Tommy Holt, Boros Head LA Open Field
LOS ANGELES.—P—The nation's touring golfers hit the Winter tournament trail Friday when the annual Los Angeles Open, with a \$20,000 purse, gets underway at Riviera Country Club with a star-studded cast.

Heading the field is Julius Boros, 1952 National Open champion, and Tommy Bolt of North Carolina, winner of the event here last year.

Most Bowl Encounters End Close

By HUGH FULLERTON, JR.
Associated Press Sports Writer
You'd never know it from the scores, but the defensive platoons were the deciding factors in most of the football games that marked the beginning of 1953.

True, Alabama established a new scoring record for "major" bowl competition by walloping Syracuse, 61-6, in the Orange Bowl, and the San Diego Naval Training Center went 20 points higher and must have set a record for any kind of bowl game when it whopped the 101st Airborne Division of Camp Breckinridge, Ky., 81-20, and only two teams on the entire list were shut out.

But to offset those two remarkable scoring exhibitions Southern California stopped Wisconsin four times within scoring range to earn a welcome, 7-0 victory for the West in the Rose Bowl. Georgia Tech's defensive platoon held Mississippi once less than, a foot from the goal, once on the two-yard line and once on the five, after yielding an early touchdown, to win, 24-6, in the Sugar Bowl.

Texas out-defensed Tennessee, the team that had the best defense of any major college during the regular season, and took advantage of the Volunteers' offensive errors to win 16-0.

And Florida, after gaining a two-touchdown lead over Tulsa in the Gator Bowl game, had to dig in for all it was worth, holding on the five-yard line in the closing minutes, to win, 14-12.

The day's lesser bowl games saw College of the Pacific whip Mississippi Southern, 27-6, in the Sun Bowl, Texas Southern edge Prairie View in the Prairie View Bowl, 13-12.

Southern California and Wisconsin drew over 100,000 people into Pasadena's Rose Bowl; the Sun Bowl attracted an estimated 82,000 there were 75,504 paid admissions at the Cotton Bowl, 69,230 at the Orange Bowl and 30,015 at the Gator Bowl. Those were the biggest crowds.

Alabama's 61 points wiped out Michigan's two 49-point Rose Bowl triumphs which had stood as the scoring record since the first Tournament of Roses game in 1902.

Fullback Neil Worden and Halfback Johnny Lattner have gained more than a mile and a half of football yardage and scored 29 touchdowns between them in their two seasons with Notre Dame's football squad.

NEW YORK.—P—Winter racing will offer the nation's crop of three-year-olds many rich opportunities this season. A total of \$340,000 will be distributed in a space of four weeks. The Santa Anita Derby, valued at \$100,000, will be run on February 21. The Flamingo at Hialeah on the 28th also carries \$100,000. On March 14 the \$400,000 Louisiana Derby will be run. The climax is the \$100,000 Florida Derby at Gulfstream Park on March 21.

RICH WINTER RACING
NEW YORK.—P—Winter racing will offer the nation's crop of three-year-olds many rich opportunities this season. A total of \$340,000 will be distributed in a space of four weeks. The Santa Anita Derby, valued at \$100,000, will be run on February 21. The Flamingo at Hialeah on the 28th also carries \$100,000. On March 14 the \$400,000 Louisiana Derby will be run. The climax is the \$100,000 Florida Derby at Gulfstream Park on March 21.

PASADENA, CALIF.—P—Nineteen fifty-three may turn out to be a rough one in other ways, but for Pacific Coast football it's already a Happy New Year.

The Big Ten's embarrassing stranglehold on the Rose Bowl, six years of rubbing West Coast noses in the turf of the big saucer, came to an end Thursday as Southern California outlasted a tough bunch of Badgers from Wisconsin, 7-0.

A rangy senior from St. Louis, 186-pound tailback Rudy Bukich, was the surprise hero of the victory, which also served to restore some of SC's tarnished glory in this granddaddy of all post-season classics.

Garnett Shain To Head Service Dept. At Hargrove Motor

P. R. Hargrove of Hargrove Motor Company this week announced the appointment of Garnett Shain as service manager for the local Chrysler-Plymouth agency.

Since 1946, Shain has been associated with a Midland truck and equipment agency, and takes over his new duties with an excellent mechanical and managerial background, and with the best of recommendations.

A native Texan, Shain was born in 1910 at McKinney. Before coming to Midland seven years ago, he was associated with the International Harvester Company in Sweetwater and as a traveling agent for the company covered the West Texas-New Mexico area for a period of five years. Prior to that time, he owned and operated a fleet of trucks and served as maintenance man for the Consumer's Lignite Company in Wood County.

Mr. and Mrs. Shain have three children, Yvonne, 17; Edwenna, 14; and Robert, 2. They own their home at 1101 East Hickory.

Shain has formed many friendships among the motoring public during the years he has been in Midland. He would like to take this opportunity to invite his old friends as well as the general public to call on him at Hargrove Motor Company, 624 West Wall Street.—(adv.)

One-Two Punch Wins For Tech

NEW ORLEANS.—P—Georgia Tech combined dazzling defensive play with the rampant running of Leon Hardeman, Billy Teas and Glenn Turner to whip previously unbeaten Mississippi, 24-7, in the Sugar Bowl football game.

Two of Tech's touchdowns resulted from fumble recoveries by Cecil Trainer and Bill Thaden. And three times the Tech defense, second-best in the nation, repelled Mississippi when the Rebels were breathing on the goal line.

Both coaches—Bobby Dodd of Tech and Johnny Vaught of Mississippi—agreed that the Engineers' stubborn, alert defenders stripped Ole Miss of its chances of a New Year's Day victory.

Gives Squad Credit
"I can't pick out an individual," said Vaught. "Tech's entire defensive squad is great."

Dodd praised the work of All-America defensive halfback Bobby Moorhead, safetyman Jackie Rudolph, All-Southeastern linebacker George Morris, and end Sam Hensley.

and named the hard-driving Dillard on fourth down. Vaught and Dodd both picked that as the turning point of the game. Another drive spluttered out when Lear tried a fourth-down line buck from the two. He was slammed down on the three by Moorhead. The third threat died when Lear uncorked a pass from Tech's four and George Morris leaped up and hauled it in.

Although Tech's defense was brilliant, it barely outshone the Engineers' offensive show. Hardeman, a stubby, powerful runner with an amazing sense of balance, was top ground gainer, picking up 77 yards in 14 carries and scoring one touchdown.

Midland Opens District Play With Pampa Cagers Friday

High-Scoring Harvesters Boast Undefeated Record

Midland and the league kingly, Pampa, jump into District 1-AAAA play here Friday night in a game figured to be something like the terrapin versus the hare. Red Rutledge, Midland coach, is banking on the terrapin.

The game gets underway at 8 p.m., following a B team battle at 6:30 p.m., on the high school court.

The host Bulldogs, foreseen by pickers as the loop week sister, was confident on the eve of the game. Their biggest feature is hustle.

Pampa, in turn, features haste, but not waste. Displaying a fast offense during eight pre-district games, the Harvesters rolled up the highest scoring average in the district. They went on to win all eight, the league's best mark.

The slow pace of Midland's attack, forthcoming against Pampa, was not planned as a frustrating

Pampa Tricks May Look Familiar To Coach Of Bulldogs

It will be teacher versus pupil Friday night when Midland and Pampa meet in basketball here. The coach of Midland's Bulldogs, Red Rutledge, was once the coach at Texas Wesleyan College, his alma mater. And on the TWC team during his coaching years in 1941-42 was one of the nation's outstanding players, Clifton McNeely.

McNeely was an undergraduate then and came back from the service to finish and lead the nation in scoring during the first post-war year. He now is mentor of the Harvester quintet, the district favorite.

ADD GARBAGE TO BOWL LIST

MONTREAL—(AP)—Bowl games were the rule Thursday in the football world and Montreal was no exception—it had its Garbage Bowl. Southern Bombers blanked Northern Combines, 10-0, in the annual game. Proceeds from the game were turned over to the school for crippled children.

Tars Scuttle Army Eleven

PHOENIX, ARIZ.—(AP)—The San Diego Naval Training Center, apparently setting a record for scoring in football bowl games, rolled up touchdowns after touchdowns to crush Camp Breckenridge, Ky., 81-20 Thursday in the Salad Bowl.

The Navy team pushed across two touchdowns in the first period and then added three more in the second while holding the Army men scoreless.

Camp Breckenridge tallied twice in the third period and picked up its final touchdown in the final stanza. The Bluejackets pushed over five touchdowns in the third and five in the fourth.

Dave Parrish, brilliant Navy tackle, was awarded a trophy as the game's best player.

National Football Crown For Negroes Goes To Texas Club

HOUSTON.—(AP)—Texas Southern University claimed the nation's negro college football championship Friday after defeating Prairie View, 13-12, here Thursday in the annual Prairie View Bowl game.

Texas Southern was co-champion of the Midwestern Negro Conference and Prairie View won the Southwestern negro title.

Southern's Audrey Ford paid little attention to a rain that fell most of the game and tossed two touchdowns passes. One went to L. C. Roach for 45 yards and the other to Fred Jackson for one yard, both in the first quarter. Herbert Dean kicked the first extra point but his second try was blocked.

The Prairie View passing star, Charles Brackin, was responsible for his team's two scores. An accurate loss in the third quarter set up a successful touchdown try on the one yard line and a fourth quarter pass was complete to Melvin Smith in the end zone. Brackin missed one try for extra point and an attempted pass for the second conversion was knocked down.

When Ferris Pain of the Athletics won the 1952 American League batting crown it marked the fourth consecutive year that an infielder copped the championship in the junior circuit.

Teamwork Earns Victory For COP

EL PASO.—(AP)—The College of Pacific Tigers were satisfied Friday they had learned their lesson well. They had a juicy 26-7 Sun Bowl football victory over Mississippi Southern to prove it.

A year ago Friday, Tiger Coach Ernie Jorge explained away a 25-14 setback at the hands of Texas Tech with the statement: "You can't make mistakes against a team like that and win."

Thursday, his Tigers proved the truth of the statement. Playing almost flawless ball, especially on defense, the Tigers stopped the potent Southern attack almost in its tracks and scored in every quarter to even their Sun Bowl record.

"It was a team effort," Jorge said following the triumph. "It was our best effort of the season. The defensive squad showed a tremendous purpose of mind."

Coach Thad (Pie) Van of the defeated Southerners agreed the Tigers were the better team on the field.

"Our boys suffered from bowllitis in the opening minutes of their first bowl appearance," he said. "The Tigers took advantage of our numerous mistakes to win."

Borger Five Tough Again

A basketball team that wears fire-truck red uniforms and shoes and matches them with its record is the second District 1-AAAA foe for the Midland High School team.

Borger, twice in two years acclaimed the uncrowned champion of Texas, visits here Saturday night suffering little from losing its complete starting team of 1952.

Coach Tex Hanna's team right now is figured among the four best in the league—with Pampa, Amarillo and Abilene. And the Bulldogs have compiled a 11-2 non-district mark, despite having to fill its lineup with also-played players from 1952.

Dillard Shines The general comment around the district that "Borger always comes up with a great team," still is good for this year. Even as they lost J. B. Bishard and all-state Mack Carter, the Bulldogs are hailing new stars Norman Dillard, who made the all-Borger tourney team, and Allen Simpson, the current scoring leader, as the ones to take Borger back to the state tournament.

Along with Fort Worth's Poly and Paschal, Austin and Dallas' Adamson, Borger ranks as top year-to-year producer of championship teams. With Keith Lane making All-Americans in 1951, the Bulldogs went to the state finals only to bow to a remarkable under-talented but smart Austin team that froze away the game on a one-point margin.

Borger was figured the best again in 1952 at the state play-off but fell in a preliminary game. Poly won the title.

Boys To Oklahomans And Poly, along with Oklahoma's foremost club, Capitol Hill, are the only two to take Borger's measure this year. Capitol Hill did it, 69-50, in the finals at the Borger Tourney. Poly repeated the trick, 70-65, in the Hardin-Simmons meet.

So far Borger has a 72.8 game scoring average to opponents 46.9, having totaled 938 points to 610 in 13 encounters.

Simpson, a center, is the tallest player at six-foot-three. Other starters are Dillard, 6-0; Leon Williamson, 6-2; Rookia Rogers, 6-0; and Tommy Newland, 5-10, a team comparable in height to Midland.

Borger begins its district slate at Odessa Friday night.

All available men who participated in the first American Bowling Congress tournament in 1901 will be featured at the opening of the ABC's "Golden Jubilee" tourney at the Chicago Coliseum on February 21, 1953.

BACK FOR MORE—Chairman Robert K. Christenberry of the New York State Athletic Commission created a furore when he reversed a split decision awarded Joey Giardello, above, over Billy Graham. But the Philadelphia middleweight will be back for a 10-round match with Rocky Castellani January 9.

Boys Ranch Founder Honored At Amarillo AMARILLO.—(AP)—Cal Farley founder and president of Amarillo's Boys Ranch, Thursday received the 1952 Amarillo Daily News and Globe-Times Award for Community Service.

The award was made in recognition of Farley's outstanding contributions to the youth of the community.

GRACE GOT AN ACE BETHLEHEM, PA.—(AP)—Eugene Grace recently made his fourth hole-in-one. He holed a No. 4 iron tee shot on the 159-yard 11th hole at the Saucon Valley Country Club here. Grace, Chairman of the Board of Bethlehem Steel Co., is 74 years old.

Phillips 66 On Road Seeking Second Win Over Travelers

If precedent is followed, the Phillips 66 cagers should rack up their fourth victory Saturday night when they renew basketball activity against Artesia's REA Travelers. The game is at 8 p.m. in Artesia. The pattern so far with the Phillips team is to win or lose by pairs. The Midland quint copped its opening two, one from the Trava, 56-51, then lost two. In the fifth and last outing for the Oilers, they won

66-46 from Sul Ross College. And it's still their time. But they will find a stronger team at Artesia than before. Don Heathington, an all Industrial League player, in 1952, has rejoined REA along with Ralph Johnson, both are former Baylor University stars. They'll team alongside Dee Nutt, who scored 15 points against Midland before, to lead REA. Phillips will travel by car Saturday morning, Kenny Jastrow said Thursday, leaving Midland at 8 a.m. In this game, the Oilers will be without Bill Kleine, six-foot-10 center, who has been transferred. He led the 66ers in the early game by netting 20 points.

Jastrow, Gerald Tucker, Jim Line, J. B. Collins and Don Grove probably will start for Phillips, which, after the loss of Kleine, maintains only a nine-man squad.

Talented Toe Decides Game For Floridans

JACKSONVILLE, FLA.—(AP)—The toe still decides football games as was evident in Florida's 14-13 victory over Tulsa in the Gator Bowl Thursday.

Rick Casares placekicked two conversions after Florida touchdowns.

Tom Miner, who booted 41 of 45 for Tulsa during the 10-game season, missed a conversion and a field goal in the last quarter of the bowl game.

The officials called an illegal-use-of-hands penalty against Tulsa on Florida's second conversion. Casares had missed but the penalty gave him another chance and he made the point that won the game.

Both the Tulsa kicks that missed were close. The two halves of the game were as different as if the teams had switched jerseys.

After completely dominating the first half and taking a 14-0 lead on 78 and 80-yard touchdown marches, the Florida Gators let down, fumbled three times and all but gave away the game.

Florida's tough defense held Howie Waugh, the nation's leading runner, to 65 yards in 13 carries.

But halfbacks J. C. Roberts, substitute who has been out most of two seasons with injuries, and Dick Kercher, sparked the Tulsa comeback drive. Roberts and Waugh each scored a touchdown on short plunges after 73 and 46-yard marches. Each started with a Florida fumble.

Ronnie Morris, a Lakeland, Fla. lad who quarterbacked Tulsa's split T formation, completed 10 passes for 132 yards.

NEW FORD TRACTOR
Golden Jubilee MODEL

- ★ MOST ADVANCED Hydraulic System in any Tractor!
- ★ EXTRA POWER with New Overhead Valve Engine!

Yes, it's on display right now, waiting to show you what a really modern tractor can and should be. It's waiting with extra power, extra size, extra weight. It's ready to demonstrate new handling ease, comfort and convenience. It's eagerly waiting to introduce you to the most advanced hydraulic system in any tractor. We call it Live-Action Hydraulic Control. That means split-second hydraulic response any time the tractor engine is running. Then there's a choice of hydraulic speeds when you want even faster action. It is called Hy-Trol. This new tractor is waiting with its great new overhead valve Ford "Red Tiger" engine. With its greatly reduced piston travel, lessened friction and other advanced design features, this engine develops ample reserve power with new economy of gas and oil. Most important of all, Ford's Golden Jubilee Model is waiting to show you what it can do—what this great combination of modern advancements and every time-proved Ford Tractor advantage means in more and better work, done more easily and more profitably.

YOU'VE NEVER SEEN A TRACTOR TO MATCH THIS!

Built-in Live-Action Hydraulic System, with Constant Draft Control, Implement Position Control and Manual Touch Control • Provision for a complete range of remote hydraulic cylinder* applications • Hy-Trol, for extra-fast hydraulic response • New lightning-fast governor • New weatherproofed ignition • New rotating exhaust valves • New live PTO* • 3-Point implement hitch • New streamlined row/clean hood • Selec-Trol* for hydraulic control of front and rear mounted implements • A lot more! *Sold separately.

SO LOW IN PRICE, TOO! Convenient terms available.

SEE IT NOW!

POISON VICTIM—D. M. Morris, Beaumont, finance executive was to help his wife walk even for short distances. For two years a sadistic killer apparently has been trying to take Mrs. Morris' life "inch-by-inch" by slipping arsenic into her food. The frightened woman told police officials she "hasn't an enemy in the world" but a series of illnesses have been traced to the presence of arsenic.

Foster Parents Of Child, Five, Face Murder Charge

DES ARC, ARK.—(P)—First degree murder charges were filed Thursday night against the foster parents of a five-year-old girl whose battered body was recovered from a water-filled rain barrel.

Dr. Anderson Nettleship, state medical examiner, said little Mary Wolfe died by drowning.

Sheriff E. O. Hamilton said the foster mother, who previously had claimed little Mary died of "natural causes," told officers Thursday her husband beat the child with a leather strap, then hit her in the chest at their farm home near here.

She claimed, the sheriff said, that her husband removed the little girl from the house and she didn't know where "the body" was hidden until a posse recovered it from the barrel Tuesday.

The child is believed to have died Christmas Eve.

The husky foster father, who is wanted in Ohio on charges of passing bad checks and for bad debts, fled the Head home Monday, Mrs. Head said.

When recovered from the barrel, Mrs. Wolfe was marked with bruises, first and third thumbs each month.

He is accused of killing and butchering a calf last March and a cow on December 23.

He was arrested December 28. Investigating officers discovered 24 pounds of beef in his icebox.

The two Rust brothers are alleged to have killed cattle on the Haley Ranch in February and March of 1952. Complaint was filed by John Haley, Jr.

The cases will go before a March grand jury. A fourth suspect in the cattle theft has not been arrested.

Holcomb had been arraigned earlier this week in the same justice court. He is accused of killing and butchering a calf last March and a cow on December 23.

Key, Wilson & Maxson's REAL ESTATE

Bulletin Board

REPORTING THE TOP NEWS IN REAL ESTATE

HERE'S A REAL HOUSE—devoid of sides! Made to be lived in. And while it puts on airs, it has plenty of graciousness. It's a house you'd like. Outdoor living, and it practically flows into the landscape. Two pretentious bedrooms, two beautiful ceramic tile bathrooms, a lovely den, very large living room, dining room and kitchen. Central heat, air conditioning, 2-car garage. Austin stone exterior. Large grounds, patio. Shrubbery and beautiful roses galore. This gracious home has had the care of an infant. The owner is moving from our fair city, and would like to sell now. Call our office or any of our representatives for location and price. Exclusive by Key, Wilson & Maxson.

SONO MAY DANCE ON HER TOES, but she keeps her feet on the ground! Here's a home that is no legendary, pampered darling, but it does have three beautiful bedrooms, two lovely baths, a very large living room with wood-burning fireplace, dining room and a magnificent kitchen. Two-car garage. For \$21,000, \$6,000 cash. No closing costs involved in this one! A good buy! Ask at the office or call any of our representatives for location. Exclusive by Key, Wilson & Maxson.

IF YOU'VE BEEN DOING WITHOUT A new home, now is the time to start percolating! We have a new listing on West Michigan, in the 1400 block. It's an address you would like to have on your next year's Christmas tree. It has a new house, but it's a very comfortable and completely redecorated one. Central heat, air conditioned, fenced-in back yard. Full price, \$13,250.

YOUR HOME OF TOMORROW should be this awfully nice 3-bedroom home with wood-burning fireplace in the large living room. Lovely patio, fenced-in back yard. The price is \$17,750. Good financing can be arranged. Call the office for location—or any of our representatives.

THIS IS NOT A HOUSE IN THE CLOUDS—but it's on Redgles. It's the home you would have liked to own and it's now available! A smart 2-bedroom and den, with attached garage, enclosed back yard and patio. The price is \$15,500. Now is the time!

IKE MOVES INTO HIS new (white) house on January 20. You, too, can move into yours—before then. Not so big as the Washington residence, but this one has two bedrooms and den (or three bedrooms), lovely living room with wood burning fireplace, dining room, and two "private" rooms with white fixtures, 2-car attached garage, magnificent kitchen, and loads of closets. Many specialties such as carpeting, Touch-plate lighting with master controls, huge furnace room, water well. Heck, NO! It's priced at ONLY \$21,000.

DID'YA HEAR THE ONE ABOUT... but this ain't a joke, so I'll get serious. Three wonderful bedrooms, two tile baths, tile kitchen with pine cabinets, breath-taking living and dining room combination, and attached garage with storage. Central heating, insulation, some carpeting, lots of closets, and ready to occupy. It's scintillatingly new, on Louisiana, and stimulatingly priced at \$16,500.

IF IT'S YOUR FIRST HOME, then you'll want it to be a good one. And here is one that invites acknowledgment. Two bigger bedrooms, attractive living room, tile bath, and kitchen so arranged that you don't walk through the living room in order to get to the rest of the house. Panel ray heating, central air conditioning, and immaculate condition. Detached garage, paved street. Can be handled for as little as \$1,860 down. Priced at \$10,200.

IF YOU'VE READ THIS FAR, then you're interested in a home. And here is one that will really hold your interest. Located at 2306 Brunson, it has two delightful bedrooms and a 12x26 den magnificently paneled in California redwood. Huge tile storage house in rear, tile fence, BBQ pit, well landscaped, and on a paved street. Tile kitchen and bath, furnace heating, water cooler. FHA financing. ONLY \$11,000.

**INFANT 1953
PLAYS ROUGH**

RICHMOND, VA. —(AP)—Rich-
monders suffered some weird in-
juries in the first hours of 1953.
Here were the causes of some
mishaps, as listed at the Medical
College of Virginia Hospital:
"Hit mirror at home with fist."
"Struck in head with Christmas
tree."
"Boy friend hit patient on head
with stick."
"Brother dropped lumber on
head."
And finally:
"Hit in eye with bale of hay."

**Long Holiday Eases
Bus Strike Tension**

NEW YORK —(AP)—The long hol-
iday weekend has softened the ini-
tial impact of the city's biggest
bus strike, while prospects of early
mediation talks dimmed with a un-
ion blast at Mayor Vincent R.
Impellitteri.

With most businesses and all
schools closed until Monday, the
absence of 3,500 private lines buses
from city and suburban streets
caused little transportation diffi-
culties Thursday. Commuter traf-
fic was sub-normal Friday.

But what will happen to the
lines' 3,500,000 daily riders next
week is causing concern among
transport authorities and commuters
alike.

The New Year's strike of 8,200
bus drivers and maintenance men,
members of the CIO Transit Work-
ers Union, stems from a three-way
dispute involving the union, the
companies and the city.

**Greenberg Denies
Communist Charge**

BALTIMORE —(AP)—Jerome
Mayo Greenberg, Troy, N. Y., scien-
tist indicated on charges that he
falsely denied being a Communist,
has denied he ever worked on secret
government projects and accused
the Justice Department of "shocking
disregard for truth."

Greenberg, 30-year-old physicist
free on \$5,000 bond pending arraign-
ment Monday, issued a statement
to newsmen here Thursday. He
called the indictment "one more
step in the prevailing pattern of
attack aimed at intimidating and
stifling scientists and teachers."

The government contends Green-
berg lied to FBI agents in Norfolk,
Va., on December 15, when he said
he had never been a Communist.
The FBI said Greenberg was a party
member in Baltimore in 1943.

**Fire In Stamford
Elevator Destroys
Large Grain Stock**

STAMFORD —(AP)—Large stocks
of wheat, oats and milo were de-
stroyed Thursday night when a
fire swept through the Stamford
Mill and Elevator Company plant
here.

The owners of the plant, which
manufactured flour, chicken feed
and other grain products, estimated
damage at \$225,000 to \$240,000.

High winds fanned the flames as
they burned furiously for more than
two hours.

The blaze started in a part of
the mill that was not in operation.
Cause of the fire was unknown.

Fireman Guy Harvick received
minor injuries when hit by a fall-
ing object.

The mill was established in 1900,
the same year Stamford was
founded.

**Ships Move Again
On Houston Channel
After Fire Danger**

HOUSTON —(AP)—Ship move-
ments were normal on the Houston
ship channel Friday after traf-
fic was halted Thursday because of
a dangerous oil film left from the
sinking of two oil barges.

For a while Coast Guard officials
feared the highly volatile blockade
might be accidentally ignited. The
traffic ban was lifted after the fire
danger lessened.

One of the barges went down at
the Galena Park docks of the Texas
Company when the backwash from
a tug filled its ballast tanks. About
2,000 gallons of crude oil escaped
into the channel before divers could
close the hatches.

The second barge split in the
middle and sank at the Crown Oil
Company docks, turning loose about
20 barrels of fuel oil.

The filament spun by the silk
worm is about 1/1200th of an inch
thick.
