Great Western Stakes Offset To Prospect In Terry

Great Western Drilling Company has set casing at an indicated Glorialeta discovery in Northwest Terry County and has also staked location for a one-location east offset to that prospect.

Great Western No. 1 Brit Clare, two miles northeast of the nearest Glorialeta production in the Prentice field is bottomed at 5,923 feet and has set and cemented 7-inch casing at 5,907 feet.

Operator will drill the plug, test open hole and try to complete a producer from that section. A drill-stem test at 5,870-5,923 feet, open five hours, recovered 4,316 feet of 29-gravity oil and 300 feet of oil cut mud. There were no signs of formation water.

Offset Located

Open flowing bottom hole pressure was 1,560 pounds. Shut-in bottom hole pressure after 20 minutes was 2,100 pounds.

Location is 1,980 feet from north and 680 feet from west lines of section 22, block D-14, C&MRR survey. It is eight miles north of Tokio.

Great Western No. 2 Clare will be the east offset to the prospective discovery. It will be 1,980 feet from north and west lines of section 22, block D-14, C&MRR survey.

Drilling to 6,500 feet or production in the Glorialeta at a lesser depth is to start at once. Rotary tools will be used.

Reef Discovery In Prospect At Lynn Explorer

Dan Auld of Kerrville No. 1 J. A. Timmons, wildcat in Northwest Lynn County, has indicated as a discovery and new field opener from the Pennsylvanian.

A drillstem test was taken from 9,771 to 9,940 feet. Tool was open two and one-half hours. Gas surfaced in 25 minutes at the estimated rate of 50,000 cubic feet daily. Recovery was 750 feet of 47-gravity oil and no water.

Open flowing bottomhole pressure was 175 pounds at the start. No final flowing pressure was recorded due to failure of instrument. Shut-in bottomhole pressure after 15 minutes was 3,575 pounds.

Operator was preparing to core ahead run a drillstem test and then run a gas log.

The Canyon reef was called at 9,825 feet, elevation 3,256 feet.

Location is 1,980 feet from south and 680 feet from east lines of section 142, block 12, EL&RR survey and 15 miles northwest of Tahoka.

Potential Reported On Pool Opener In SE Terry Sector

Cities Service Oil Company No. 1-D Starnes, wildcat in Southeast Terry County, has been completed as a discovery from the Fusselman for a calculated 24-barrel flowing potential of 1,533.5 barrels of 39.4-gravity oil.

Production is from perforations at 11,622-640 feet. The flow was gauged through a one-quarter-inch choke. Calculated potential is based on a natural flow of 575 barrels of oil in nine hours.

Location is 1,980 feet from west and 680 feet from south lines of section 2, block M, TT survey. It is 14 miles southeast of Brownfield.

The Fusselman was topped at 11,622 feet, elevation 3,167 feet.

Permian Basin NACE Nominates Officers At Monday Meeting

The Permian Basin section of National Association of Corrosion Engineers nominated candidates to fill 1953 executive posts of the organization at its monthly meeting in Odessa Monday night.

Thomas M. Newell of Cardinal Chemical Company, Odessa and Lamar F. Sudduth of Stanlind Oil & Gas Company, Midland, are nominees for chairman.

E. O. Kemper of Permian Interprises, Odessa and Jay D. Stafford of National Tank Company, Midland, are nominees for first vice chairman.

Those seeking post of second vice chairman are W. A. Hopwood of Tramec Company, Odessa and Bob Warden of Shell Oil Company, Midland.

Secretary-Treasurer

Nominees for secretary-treasurer Jack C. Williams of National Tank Company, Odessa and John Knox of The Western Company, Midland.

C. O. Oille of The Western Company (Continued On Page 11)

53rd Legislature Starts Grinding

Spending, Tax Matters Pose Top Problems

By DAVE CHERAVENS
AUSTIN—(AP)—The 53rd Legislature convened Tuesday, grimly warned it must hold the line on state spending and shun excessive taxation.

The House was gavelled to order at noon by Secretary of State Jack Ross, who soberly reminded the lawmakers of the "appalling magnitude" of the task before them.

Lt. Gov. Ben Ramsey sharply rapped the Senate into session. It swiftly elected Senator Rogers Kelley of Edinburg president pro tem.

Redaction of Rep. Reuben Senteritt of San Saba, a speaker of the House was assured in advance when all opposition withdrew.

The Legislature convened in an atmosphere of sober determination to organize swiftly and get the job of lawmaking under way quickly.

Shivers Asks Thrift

The session faced a demand by Governor Shivers that it restrain itself in state spending, step up some services, but pay for them without new taxes. The governor forecast extra highway improvement demands would require new road user taxes.

The 53rd also must grapple with such vital issues as water control and conservation; the dire need of cities for more spending money; pay raises for public school teachers and state employes; possible revision of the troublesome auto inspection law.

Pre-session bickering and tension of past years was absent.

Lobbyists in Force

Galleries were moderately full as the lawmakers wrestled through formalities of swearing-in and organization.

The lobbyists were an hand in force—mostly in the balconies—but they spent a busy morning getting acquainted with new members and renewing old contacts.

"You are here for a most important business, the business of the people of the State of Texas," Ross told the quietly-attentive House.

"I sincerely believe you will attack these problems in a spirit of patriotism. Activated by an unselfish desire to promote the highest welfare of the entire people of this state, you will accomplish these tasks and solve those problems in such manner that the 53rd Legislature shall forever be known as one of the best."

He spoke from a flower-banked rostrum. In the Senate, a huge flaming bouquet of red carnations (Continued On Page 12)

CONGRATULATIONS, MR. PRESIDENT—Jack Wicker, right, retiring president of the Midland Chamber of Commerce, congratulates Joe T. Dickerson, who was elected by C. of C. directors to head the organization during 1953.

Shell Executive To Head C. Of C.

Joe T. Dickerson, vice president and area manager of the Shell Oil Company, was elected president of the Midland Chamber of Commerce for 1953 at a meeting of its directors Monday afternoon in Hotel Scharbauer. He succeeds Jack Wicker, who becomes first vice president.

J. Harvey Herd and Henry Murphey also were named vice presidents, and F. W. (Frosty) Barnett, treasurer. Delbert Downing is secretary-manager of the organization.

Sand-Pushing Wind May Cloud Midland Springlike Weather

Winds with gusts up to 35 miles an hour may spoil another Summer-like day for Midland.

CAA observers at the Midland Air Terminal feared Tuesday morning that sand-bearing winds may whip the city before dark. The morning had been clear with a temperature reading of 65 degrees at noon.

The mercury soared Monday to 75 degrees, the highest reading for 1953. It sank to 44 degrees early Tuesday.

A low pressure area over the Panhandle sucked moist Gulf air into parts of Texas Tuesday and clouds formed over most of the state. The Weather Bureau said there was little likelihood of rain.

The weather appeared to be playing tricks on a nation-wide scale. Colder air pushed into southern areas as Springlike weather continued in wide sections of the West and Midwest. Clear skies covered most of the southern two-thirds of the country from the Rockies to the Atlantic Coast early Tuesday.

Cherry Takes Over Gubernatorial Post

LITTLE ROCK, ARK. —(AP)—Francis Cherry, who vaulted from the ranks of political unknowns to a smashing victory over two-time Gov. Sid McMath last Summer, was inaugurated Tuesday as Arkansas' thirty-fifth chief executive.

Cherry, a Jonesboro, Ark., judge, piled up a 100,000-vote majority over McMath in the runoff Democratic primary last August, then handily defeated the Republicans' Jeff Speck.

BACKED BY AMERICAN MIGHT—Japan Issues Blunt Warning Against Red Air Violations

TOKYO —(AP)—Japan, irritated by "at least 20 or 30" violations of its borders, Tuesday warned Russia against sending warplanes over Japanese territory.

A Foreign Office spokesman said U. S. defense planes would shoot down intruders if necessary.

The U. S. had approved Japan's ultimatum in advance.

Japan thus in effect rattled a U. S. saber against its old enemy to the north. It did not name Russia, but left no doubt that's the country it meant.

Shortly after the blunt warning, Gen. Mark Clark's headquarters announced the Far East commander had ordered his defense chiefs in Japan to take "all measures necessary to prevent further violations of Japanese security or acts which endanger U. S. forces."

A Japanese government spokesman said planes flying without permission over Japan would be ordered to land.

"When they don't follow our orders," Mitsuo Tanaka of the Foreign Office told a news conference, "if necessary, we will shoot them down."

Tanaka's statement came only a few hours after the Japanese government—with full U. S. backing—warned that Japan and the U. S. would take steps to drive off intruding aircraft.

The warning could be aimed only at Soviet Russia. Only six miles of water separate Hokkaido, Japan's northernmost main island, from the Russian-held Kuril Islands.

Last Fall, a U. S. B-29 Superfort disappeared in the Hokkaido area after meeting another plane which flew in from the direction of the Kurils.

NO CAUSE FOR GREAT ALARM—Flu's Clutch On Midland Milder Than Many Areas

A widespread epidemic of influenza in Midland has doubled absenteeism in Midland schools but authorities reported Wednesday there is "no cause for great alarm."

While numerous schools over the state have suspended classes because of the misery-packed disease, Superintendent Frank Monroe said the increase in Midland schools is of no "major consequence."

"There were very few increases in absenteeism in the high school and the two junior high schools," said Monroe, following a meeting Tuesday with school principals.

"The elementary schools appear to be the hardest hit and in most of them the absenteeism has jumped only to about double the normal number."

Monroe said doctors had advised him that, in view of the mild type of the influenza and the relatively small number of cases, it would do little good to close the schools.

"If we could isolate the children by closing the schools, it would be different," he said, "but whether we have school or not, they still will mingle in picture shows and play together at home."

Hospital Admissions Decline

More than 1,500 cases in Midland last week were reported Monday by Dr. C. A. Pigford, director of the City-County Health Unit, who described the disease as having reached mild epidemic proportions.

At Midland Memorial Hospital, Administrator Burton Sears said fewer influenza cases were being admitted this week than last.

Over the state as a whole, The Associated Press reported schools in at least 11 cities closed Tuesday by flu's clutch and dozens of other places considering keeping their children at home.

Fannin County Supt. J. W. Moulton said all 22 schools under his jurisdiction might shut down before the day ended. Fannin County is in North Texas.

In Denison, one-fourth of the 72 high school band members were ill, threatening the group's chance to appear in the presidential inauguration parade in Washington. Denison is President-elect Eisenhower's place of birth and the band had been given a special invitation to participate in the ceremonies.

More Wells To Be Asked In McMillen

A request to increase the number of wells being drilled at the city's new McMillen Water Field will be presented Tuesday night to the City Council.

"Six of the 10 wells planned have been completed," said City Manager W. H. Oswalt, "and I feel that we should drill a total of 12 now, instead of waiting later, just as a measure of insurance."

Plans had called originally for drilling 10 wells now and 10 at a later date.

In addition, Oswalt said, funds will be asked for acidizing all the water wells in completing them.

"We had not planned on acidizing them," he said, "but tests on the first wells have indicated production can be increased from 30 to 50 per cent by the treatment."

Meanwhile, city officials were rushing to completion a brief to submit to the National Production Authority to gain a directive assuring Midland sufficient steel to construct a 30-inch supply line which would bring water from McMillen Field to the city.

Dickerson was elected a director of the Chamber in 1951, and served last year as chairman of its Membership Committee. He has been active in civic affairs of the community and was general chairman of Midland's successful Community Chest finance campaign last Fall.

The Monday meeting of the C. of C. directors was the first of 1953. The 13 new directors elected to three-year terms earlier this month were introduced by Wicker. They are: James Mims, J. T. Baker, Murray Fasken, J. P. (Kit) Carson, Jr., Kelly Bell, Phil Yeckel, H. C. (Nub) Jones, H. S. Collings, John Ed Cooper, R. I. Dickey, Bill Collyins, Pat Ruckman and Lester Short.

RENEWED DOG DISCUSSION DUE

A controversy between the city and the Midland Humane Society over operation of the animal shelter will hold the spotlight Tuesday night at the regular meeting of the City Council.

While the discussion is not listed on the official agenda of business, representatives of the society have indicated they will be on hand to protest the city's revocation of a one-year contract for the operation of the shelter.

The contract was ordered revoked last Thursday after the animal shelter superintendent had released two registered Boxers which City Attorney Len G. McCormick had ordered destroyed.

Midlander, Ex-Red Hunter, Wants No Government Post

Robert E. Stripling, Midland independent oil operator and formerly a leading figure in the expose of Communists in government circles, is not interested in a government post under the new Administration.

"I am not seeking any kind of job in the government," Stripling said Tuesday as he and several other Midland residents prepared to leave for Washington to attend the inauguration of President Dwight D. Eisenhower.

Stripling, a close friend of Richard M. Nixon, the vice president-elect, campaigned actively for the Republican ticket in the November election although he, himself, is a Democrat.

There had been reports that he might be appointed to one of the top jobs in Washington, where he made a name for himself as the chief investigator for the House Committee on un-American Activities.

Asked if he would accept appointment or could be "drafted," Stripling's answer was "No."

Just Going To Inauguration

"We are going to Washington just to witness the inauguration," he said. "We have tickets to the inauguration, the inaugural ball, the inaugural concert and things like that."

In Stripling's party will be Mrs. Stripling, Mr. and Mrs. Alden Donnelly and Mr. and Mrs. H. L. Huffman, all of Midland.

Donnelly, vice president of the Honohu Oil Corporation in charge of the Mid-Continent division, will leave Midland Wednesday for Lexington, Ky., to attend a meeting of the executive board of the Independent Petroleum Association of America.

He will join the rest of the party Saturday and they will stay at the Hotel Shoreham in Washington.

NINE-TAILED CAT—Betty Biemi poses with her nine-tailed cat at her home in Chicago. Betty has ribbons tied to the nine individual tails growing out of the animal's spine making them easier to spot.

Oil Compromise Offer Bogs Down

WASHINGTON —(AP)—Representatives of one oil company showed up at the Justice Department Tuesday to talk about an offer to compromise monopoly charges, but were turned away with the word that the offer to the five firms involved was on an "all or none" basis.

The plan already had been denounced by one of the five as an insulting form of blackmail. In brief, the government proposed to drop criminal anti-trust proceedings if the oil companies would supply records for use in a civil case against them.

Attorney General McGranery suggested Monday that the companies let him know by 11 a. m. Tuesday how they felt about the offer.

In response, representatives of the Socony - Vacuum Oil Company showed up at the attorney general's office at 11:15.

"All Or None" Basis

The Socony group, headed by S. Lesure, after waiting around for awhile, was turned away by a message from McGranery, delivered through a secretary, that his proposition was "all or none."

The Socony group, headed by S. Lesure, after waiting around for awhile, was turned away by a message from McGranery, delivered through a secretary, that his proposition was "all or none."

When Standard of New Jersey announced its turn-down, it was generally conceded to amount to a death blow for compromise on the government's terms.

Lower Texas Crude Demand Forecast

AUSTIN —(AP)—Lower demand for Texas crude oil in February was forecast Tuesday by the U. S. Bureau of Mines.

The bureau estimated a need for 2,800,000 barrels daily, 10,000 barrels less per day than it forecast for January.

The Railroad Commission meets Friday for a state-wide proration hearing to set the permissive production of oil for February.

Actual production now is running under three million barrels a day, Commission Chairman Ernest O. Thompson said.

Mrs. Waldo Wilcox Dies After Illness

Mrs. Waldo C. Wilcox, 47, Midland resident for 10 years, died early Tuesday in a hospital here after an extended illness. She resided at 1201 West College Street.

Funeral services will be held at 9 a. m. Wednesday in the Nettie W. Ellis chapel with the Rev. Vernon Yearby, pastor of the First Baptist Church, officiating. Interment will be in the Barber Cemetery near Dublin, Texas.

Mrs. Wilcox was an active member of the First Baptist Church. She was born Sept. 10, 1905, at Dublin.

Survivors include the husband; two sons, Clifford and Jimmy, and a daughter, Janeda, all of Midland; the father, John Barbee, Dublin; two sisters, Mrs. Lena Salyer of Des Moines, N. M., and Mrs. Frank Stockton of Rockdale, and three brothers, D. R. and Walter Barbee of Dublin and John Barbee of Amarillo.

New Yorker Dies In 'States' Fight With Kermit Man

CHEYENNE, WYO. —(AP)—A Warren AFB airman died Monday night following a fist fight over merits of Texas and New York.

The Laramie County attorney's office identified the victim as Harvey L. Gordon, Maspeth, N. Y.

Police said Gordon and William A. Chadwick, Kermit, Texas, another airman, became involved in a dispute over their home states and one invited the other out on the street to fight.

Chadwick told police Gordon began gasping and keeled over after a few blows had been struck. He was rushed to Warren AFB Hospital and died shortly.

Chadwick said he never had seen Gordon before the argument started.

★ LATE NEWS FLASHES ★

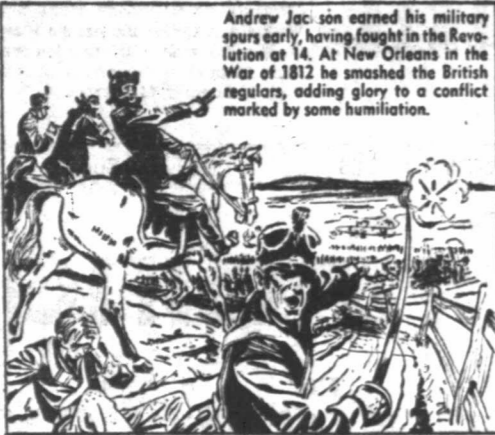

WASHINGTON—(AP)—The Conference of Republican Senators Tuesday upset a compromise plan and bumped Senator Morse (Oregon) off his two major committee assignments—Armed Services and Labor.

NEW YORK—(AP)—The second perjury trial of William W. Remington, former \$10,000-a-year Department of Commerce economist charged with falsely denying he gave government secrets to a Soviet spy courier, got under way Tuesday after months of delay.

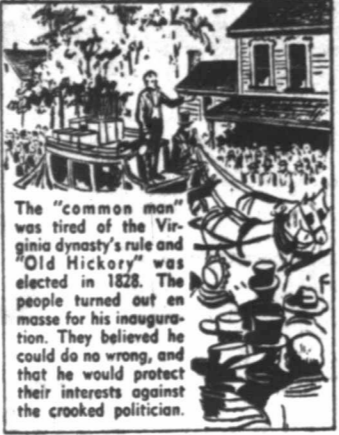

STUTTGART, GERMANY—(AP)—A typhoid epidemic in the Stuttgart area Tuesday counted 324 cases, an increase of 78 cases since Monday.

WASHINGTON—(AP)—A bill providing for federal administration of oil and gas reserves in submerged coastal lands was offered Tuesday by Senator Anderson (D-NM) in opposition to a measure to turn over title to the states.

GENERALS WHO BECAME PRESIDENT—2

Andrew Jackson earned his military spurs early, having fought in the Revolution at 14. At New Orleans in the War of 1812 he smashed the British regulars, adding glory to a conflict marked by some humiliation.

The "common man" was tired of the Virginia dynasty's rule and "Old Hickory" was elected in 1828. The people turned out en masse for his inauguration. They believed he could do no wrong, and that he would protect their interests against the crooked politician.

The people's hero ruled with an iron hand. He appointed a cabinet which he readily consulted. Instead he was guided by his "Kitchen Cabinet" which did his publicity and started the spoils system.

Jackson was a great president despite his impulsiveness. When South Carolina threatened to nullify federal law, he shouted that "The Union must be preserved," and threatened to use force. In the meantime he engineered a compromise that the Carolinians could call a victory for themselves.

BY RAY ELLIS and ED KUDLATY

THE GAUCHO MAKES LOVE—Rory Calhoun, the South American cowboy, pours his heart out to Gene Tierney in one of the scenes from the "Way of the Gauchito" which ends a three-day run at the Ritz Tuesday. The story concerns the happy-go-lucky life of the Gauchito, South American counterpart of the West Texas cowboy.

'Soulful' Marilyn Wants To Bid For Dramatic-Actress Award

By ERSKINE JOHNSON
NEA Staff Correspondent
Exclusively Yours—Marilyn Monroe—Hollywood's "Movies Are Hotter Than Ever" kind, and 20th Century-Fox studio are going 'round and round about her future career blueprints. The studio wants sexy Marilyn to alternate between low-brow comedies and high-kicking musicals, but she has dreams of some day competing in the Oscar race for the best-dramatic-actress award.

"This girl's soul doesn't belong in that body," her dramatic coach, Natasha Lytess, is saying. "She has emotional depths that should be developed."
Nataasha, by the way, was with Marilyn when she rushed to an auction and wrote a \$1,335 check for 178 Max Reinhardt dramatic manuscripts written in German. But there will be no evidence of Marilyn gone Reinhardt-ish in the studio's ad campaign for her next film, "Niagara."

The billboards will show a film-gowned Marilyn superimposed over all of Niagara Falls and the eye-popping words:
"Be lusty that nature herself couldn't tame her."
Paulette Goddard's denying reports of marriage to Erich Maria Remarque. She flashed a pinkie sparkler gift from the author on the set of "Harnessed Bull," but told me:
"We're not engaged. All my admirers give me rings."
Better Than Ever
Eddie Cantor, back to normal zip, is recording songs for "The Eddie Cantor Story" and Producer Sidney Skolky is beaming: "Eddie's singing better now than he did before his illness. It's strange, but the same thing happened to Al Jolson."

Sam Goldwyn has changed his mind about the early debut of pay-as-you-see movies on TV. He's now predicting: "I don't think we'll have them in our lifetime."
Nixing of Gordon MacRae for the TV version of the Railroad Hour by Warner Brothers is a confusing switch of business tactics. The same studio cashed in on the video popularity of Milton Berle and Danny Thomas, tried to sign Gale Storm for a role and has offered Lucille Ball the moon to sign for a film.

The Rod Camerons insist their marriage is intact despite the gossip. But there's no chance of a reconciliation for Mona Freeman and Pat Nerney, Mona is saying.
Fox will film a sequel to "The Robe," due for filming in '53, basing the story on the character of Demetrius, the slave. It's an economy move to utilize the lavish sets and costumes that the best-seller will require.

The Lana Turner-George Sorel romance is blissing. He was all ready to return to his native France, but Lana persuaded him to linger a

Human Bomb Blows Self To Bits, Hurts Ex-Wife, Attorney

WESTON, W. VA.—(AP)—"Look what's going to happen here," said Donzel Raymond McCray as he displayed five or six sticks of dynamite strapped to his waist.
As five persons, including his divorced wife, looked on in horror Monday, he touched two small batteries to wires extending from the dynamite.
He was blown to bits and his wife and her lawyer, Charles N. Bland, were injured critically. The other three witnesses—Magistrate W. S. Fultz, Linn Mapel Brannon, and 78-year-old J. N. Osborn—escaped serious injury.
State Trooper Robert Elliott said the explosion came just as the magistrate had concluded a property settlement in his office.
McCray, 47, and his wife were divorced last September. They had six children.

Presbyterian Men Of West Texas To Meet Here Sunday

Men of the El Paso Presbytery, Presbyterian Church, U. S., will hold their annual rally and business meeting at 4 p.m. Sunday in the First Presbyterian Church of Midland. Men of the Church of the First St. Andrews and Westminster Churches of Midland will be the host organizations. A dinner will be served at 6:30 p.m.
Calloway Taulbee of Portales, N. M., is president of the men's organization of the El Paso Presbytery, which extends from Colorado City to El Paso and from Lubbock to Crane and Fort Stockton. More than 100 men are expected to attend the session here.
Dr. David Stitt, president of the Austin Presbytery, Theological Seminary, Austin, will be the principal speaker at the Midland meeting.
William H. Crenshaw of Midland, president of Presbyterian Men of the Synod of Texas, will appear on the program.

Marie Wilson Again To Auction Services For March Of Dimes

HOLLYWOOD—(AP)—Buxom Marie Wilson is auctioning herself to the highest bidder who wants a secretary for one day.
The amount of the winning bid will go to the March of Dimes to fight polio.
Last year the movie and TV comedienne served her day as secretary in Fort Worth after a bottling company contributed \$5,000 to the National Foundation for Infantile Paralysis.

Oilton Driver Killed When Car Overturns

OLTON—(AP)—A car overturned near here Monday, killing its driver, Piodoro Jaramillo Pallasas, 33, of Olton.
A passenger, Jesse L. Jones, 32, received minor cuts and bruises. Highway patrolmen said Pallasas apparently lost control.

Midlander Returns From European Trip With Cowboy Band

Alan Harris, son of Mrs. Ruby E. Owens of Midland, was one of 30 members of the Hardin-Simmons Cowboy Band returning Saturday from a three-week tour of Europe.

The group played for military forces in France, England, Italy, Newfoundland, Germany and Iceland. Surprisingly enough, the latter, they said, was the warmest place they visited. Favorite spots visited were Rome and Pisa in Italy and Wiesbaden in Germany.

One of the highlights of the holiday tour was a three-hour trip behind the Iron Curtain, even though the group was not allowed to speak to anyone during its visit there.

Another interesting experience, Harris said, was a concert given on the aircraft carrier, *Leyte*. For this one, all performers and their instruments had to be transported to the ship by raft.

Harris plays a clarinet in the marching band and a saxophone and clarinet in the concert group. Next on the band's busy schedule is a trip to Washington, D. C., to march in the inaugural parade.

Mrs. Estes Is Party Honoree

Mrs. E. B. Estes, president-elect of the Gulf Town and Country Club, was feted Saturday with a party in the home of Mrs. A. C. Barnes.

The group played "42." The honor guest was presented with a gift of crystal candleholders. Other special guests were Mrs. George Thompson and Mrs. Marjorie Adams.

Also attending were Mrs. J. M. Stewart, Mrs. Joe Sherrill, Mrs. Mary Thomas and Mrs. Herschel Age.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, TUESDAY, JANUARY 13, 1953-3

FBI Special Agent Speaker For Midland AAUW Luncheon

Harvey G. Foster, special agent in charge of the El Paso office of the Federal Bureau of Investigation, was guest speaker for a luncheon held Saturday at the Ranchland Hill Country Club by the Midland Branch of the American Association of University Women.

Discussing the activities of the FBI, Foster explained that the bureau is a fact finding, investigative agency under the U. S. Department of Justice, with 53 field offices in the United States, Hawaii, Alaska and Puerto Rico.

Results of investigations of these various offices are coordinated on a national basis at the headquarters in Washington, D. C., he continued, reminding his audience that J. Edgar Hoover has been the FBI director since 1924.

The bureau, he explained, is divided into the Domestic Intelligence Division, which is concerned with matters pertaining to espionage, sabotage and subversive activities, and the General Investigative Division, which handles applicant investigations and criminal investigations.

Applicants for employment in any capacity with the FBI itself, and applicants for employment in certain government activities concerned with national security, such as the atomic energy projects, are investigated by the FBI. However, Foster, pointed out, except in cases of its own personnel, the FBI only can present results of its findings to the department hiring the applicant, and may not make a statement as to the individual's fitness.

Criminal investigations, Foster said, are concerned with violations

of certain federal laws, such as theft from interstate shipment, motor vehicle theft, kidnaping and others. There are other government investigative agencies to handle specific cases, he continued, citing, among other examples, the Treasury Department, which handles narcotics violations, and the Internal Revenue setup to handle income tax cases.

Requirements Listed
An applicant for a position as an FBI special agent, Foster said, must be at least 25 years old, a graduate of a law school or college with a degree in accounting, and capable of arduous physical exertion. Those accepted are sent to the FBI Training Division, Washington, D. C., for a 16-week course in federal law, investigative technique, fingerprinting and other technical procedures.

In addition to its administrative offices and training school for agents, the FBI maintains in Washington the Identification Division, with its extensive fingerprint records, and a laboratory which examines evidence presented by special agents. The facilities of the laboratory, Foster stressed, also are available to any municipal, county or state law enforcement agency.

Foster also mentioned the FBI National Academy in Washington, a training school in the latest techniques of law enforcement for police officers. There are two sessions each year, he explained, and applicants for attendance are selected carefully from local, county and state law enforcement agencies.

Attending the luncheon meeting were approximately 65 AAUW members, their husbands and guests.

Coming Events

WEDNESDAY

The Ruth Byerly Preschool P-TA will meet at 9:15 a. m. in the home of Mrs. H. C. Rowland, 1802 West Ohio Street. The program will feature a discussion on "Temper Tantrums."

The Past Matrons-Past Patrons Club will meet at 7:30 p. m. in the home of Mrs. L. C. Stephenson, 3204 West Stinson Street.

The Desk and Derrick Club will meet at 7 p. m. in the conference room of the Humble Building. R. F. Peters, Humble's regional employee relations manager, will be the speaker.

The sewing room of the Midland Memorial Hospital will be open from 9 a. m. until 4 p. m. for anyone interested in sewing for the hospital.

The Chi Omega Alumnae Association will have a coffee at 10 a. m. in the home of Mrs. Murray Fasken, 1804 West College Street. Co-hostesses will be Mrs. Nick Carter and Mrs. Ed Kennedy.

The Day Contemporary Literature Group will meet at 9:45 a. m. in the home of Mrs. G. R. Adams, 2006 Harvard Drive.

The Fine Arts Club will meet at 3 p. m. in the home of Mrs. Henry Murphy, 2204 Harvard Drive.

The Daletth Delphian Club will meet at 9:30 a. m. in the Paletta Club, 604 North Colorado Street.

The Carol Choir of the First Methodist Church will practice at 4:15 p. m. in the children's building. The Chancel Choir will rehearse at 7:30 p. m. in the children's building and the Boy Scouts will meet at the same time in the fellowship hall.

The First Baptist Choir will practice at 8:15 p. m.

The Boone Bible Class of the First Methodist Church will have a business meeting and coffee at 10 a. m. in the home of Mrs. B. W. Golladay, 1300 West Louisiana Street.

The executive board of the North Elementary P-TA will meet at 10 a. m. in the home of Mrs. E. S. Hitchcock, 707 North Pecos Street. The BS Chapter of P.E.O. will have a called meeting at 1:15 p. m. in the home of Mrs. J. M. Clark, 2509 Country Club Drive.

The Pi Beta Phi Alumnae Club will meet at 1 p. m. in the home of Mrs. M. T. Stalter, 1205 West Louisiana Street.

The AAUW Art Group will meet in the home of Mrs. P. B. Elkin, 2211 Harvard Drive.

The Girl Scout Leaders Club will meet at 9:30 a. m. in the Little House for a program on "Democracy and Scouting."

Scout Meeting Slated Tuesday

A capacity attendance was predicted by Girl Scout officials as final plans got underway Tuesday morning for the annual meeting of the Midland Girl Scout Association, scheduled at 7:30 p. m. Tuesday in the Little House, 1100 West Washington Street.

Election of officers and an address by Mrs. John F. Camp of San Antonio, national Girl Scout leader, will highlight the session.

All Girl Scout workers and parents, as well as other persons interested in the scouting program are asked to attend. All Permian Basin cities and Midland civic clubs also have been invited to send representatives.

RUTH CLASS TO MEET

The Ruth Class of the Calvary Baptist Church will meet at 7:30 p. m. in the home of Mrs. John Truss, 800 South Colorado Street.

WRITERS GROUP TO MEET

The Midland Writers Group will meet at 8 p. m. Wednesday in the home of Billy Abbott, 1205 West Wall Street.

Woman's Club To Sponsor Guest Artist

Mrs. James Rosser of Snyder, vocalist and composer, will be the guest artist Thursday at the meeting of the Midland Woman's Club, Inc. The group will meet at 3 p. m. in the parlor of the First Christian Church, with the Progressive Study Club as hostesses. Mrs. Rosser will be accompanied at the piano by Jane Hardin, also of Snyder.

Mrs. Rosser, who writes music for a hobby, is the organist for the First Presbyterian Church in Snyder. After majoring in music at Hardin-Simmons University she taught piano in Breckenridge, Austin and Snyder.

Her accompanist, Jane Hardin, received her B. A. degree from Texas Wesleyan College and her M. A. degree from the University of Denver. She now teaches in the elementary school at Snyder.

The guest artists will be introduced by Mrs. W. E. Cox, president of the hostess club. Mrs. A. A. Jones will be in charge of the tea hour.

Mrs. Donald N. Johnson is vice president and program chairman for the Progressive Club and Mrs. Paul Crandall serves in the same capacity for the Woman's Club. All members and prospective members of the club are invited to attend.

GERMANS GET CONTRACTS

WIESBADEN, GERMANY—(AP)—The U. S. Air Force announced Tuesday it has awarded contracts totaling \$270,000 to German firms to build rocket adapter assemblies and igniters for its jet planes.

Pep up a cheese sauce with a little finely grated onion, prepared mustard, and Worcestershire sauce. Serve the sauce on crisp toast and top with slices of tomato.

Midland Music Club To Meet

The Midland Music Club will meet at 8 p. m. Tuesday in the home of Mrs. Charles Henderson, 1202 West Storey Street.

A business session will be held at the opening of the meeting. As a program, there will be a short discussion by Malcolm Gibson on the coming production of "The Gondoliers," and recordings of music from the Gilbert and Sullivan operetta will be played.

"The Gondoliers" will be presented for six performances in January and February by the Midland Community Theater and the Midland Music Club.

Story Hour Held In County Library

The Children's Story Hour was held Saturday in the Midland County Library with Mrs. W. L. Beckers of the Midland Service League as narrator.

Stories told were "Vanilla Village," Carden, and "Little Black Sambo."

Children attending were Mary McCarthy, Peggy McCarthy, Carlton Sudduth, Charley Sullivan, Skippy Allen, Becky Allen, Helen Sullivan, David Gross, Betty Morneau, Bernadette Morneau, Artie Morneau, Ricky Fuzek and Karen LeFever.

Folk dancing also will be a program feature. A nursery will be provided.

Having a party? Make tiny cream puffs and fill them with a savory soft cream cheese mixture.

Mrs. Dudley Speaker For Past Presidents

Mrs. L. E. Dudley of Abilene, first vice president of the Texas Federation of Women's Clubs, was the guest speaker for a Monday luncheon of the Past Presidents Club. It was the first meeting of the club since its organization late in November.

Mrs. Dudley, who is known throughout the state both as a club leader and for her book reviews, gave a review of Mary Bard's "Forty Odds" for the Midland luncheon.

The book is the humorous story of a woman who discovers life is not over when she reaches 40. The author is a doctor's wife and is the sister of Betty McDonald, who wrote "The Egg and I."

In addition to her present FTWC office, Mrs. Dudley has served on the FTWC executive committee in a number of capacities. She also has served as president of the federation's Sixth District and has been on the district board of directors for a number of years.

EARLY BEAUTY TREATMENT

Wishing to increase the loveliness of their hair, 18th Century Italian women often slept during the day and spent much of the time during moonlight nights wandering under the soft beams of the moon's rays, which were supposed to "thread the hair with beauty."

Good Hair salad: Mix a diced unpeeled red apple with a half cup of diced celery, a half cup of mayonnaise and two sliced ripe bananas. Serve on crisp lettuce and garnish with pecan halves.

In Abilene, she has served as president of the Abilene Study Club and the Abilene City Federation of Women's Clubs. She also is an active worker in her church, St. Paul Methodist, and assists in many civic projects.

Mrs. Dudley was introduced Monday by Mrs. J. Howard Hodge, president of the Past Presidents Club

Mrs. L. E. Dudley

and safety chairman for the General Federation of Women's Clubs.

During a brief business session following the program, the proposed constitution and by-laws of the club were read. Advance copies also had been sent to members preceding the meeting.

Affiliations Listed

The Past Presidents Club, composed of former presidents of Midland's federated clubs, is the twelfth affiliate organization of the Midland Woman's Club, Inc., and the seventh club in the city affiliated with FTWC and GFWC.

Membership for the new organization in the Woman's Club was granted in recognition of a gift of \$1,000 by Mrs. Hodge, made during the Woman's Club membership drive as an expression of her interest in the proposed building plans of the organization.

Other officers of the new club are Mrs. C. M. Goldsmith, first vice president; Mrs. W. G. Epler, secretary; and Mrs. George Glass, treasurer.

Guests Named

Attending the Monday luncheon were Mrs. John McKinley, Mrs. Don Oliver, Mrs. Ida Fay Cowden, Mrs. Glass, Mrs. Andrew Faaken, Mrs. Goldsmith, Mrs. J. P. Butler, Mrs. Ernest Sidwell, Mrs. R. M. Turpin, Mrs. C. W. Chance, Mrs. Ruth Scharbauer, Mrs. Guy Cowden, Mrs. Marion Flint, Mrs. E. A. McCullough, Mrs. Lindsey Latham, Mrs. W. E. Cox, Mrs. M. S. Dickerson, Mrs. Carl Westlund, Mrs. Bryan Denson, Mrs. E. H. Barron, Lydie Watson, Mrs. Henry Murphy, Mrs. J. B. Bain, Mrs. J. O. Simmons, Mrs. H. H. Redding, Mrs. Joe Mims, Mrs. Oliver Haag, Mrs. C. L. Chase, Mrs. Harlan Howell, Mrs. Raymond Leggett, Mrs. C. O. Hyde, Mrs. R. L. Miller, Mrs. Joe Birdwell, Mrs. Dudley and Mrs. Hodge.

Asbury Groups Plan Meetings

Plans for several meetings this week in the Asbury Methodist Church were announced Tuesday morning.

First of the scheduled sessions is a training school for all adult workers of the youth departments, to be held at 6:30 p.m. Tuesday.

The church's Wesleyan Service Guild will hold a covered dish supper at 7:30 p.m. Thursday in the church parlor and the Men's Fellowship will have its monthly meeting at 7:15 p.m. Friday.

A supper at 7 p.m. will precede the Men's Fellowship meeting. Speaker for the evening will be the Rev. Edwin Parker, of the Odessa First Methodist Church. Reservations may be made by telephoning 2-2929 or 3-3557.

Rev. Paul Cox To Speak Here

The Rev. Paul H. Cox of Hammond, Ind., will be the guest speaker at 7:30 p.m. Wednesday in the First Assembly of God Church, corner New York and Baird streets.

Mr. Cox served as pastor of the Midland church for four years. He will be accompanied to Midland by his wife and daughter.

TEEN TALK

By VIVIAN BROWN
AP Newsfeatures

School life can be beautiful—even for the girl who is in a new high school trying to make friends. Most young girls feel tongue-tied and tongue-tied when faced with the prospect of working into a new circle of acquaintances.

The unfortunate thing about it is that teen-agers have three strikes on them when they embark on this new venture, says Keora Kono, head of the Personality Development course of the John Powers' school.

Miss Kono says that all but the very aggressive young ladies fit into that category. Says she:

"They are scared to death because they've left their ready-made friends in Junior High School and just can't figure out how to cope with their new role. But being shy and timid at that age is just about as common an ailment as a cold."

Three Things To Watch

There are three things that must be watched—dead give-aways that you lack self-assurance. But if these can be curbed, you'll be on the road to being a poised young lady, says Miss Kono:

1. The way you handle your body. Body mannerisms such as nail biting, pulling at the hair or jiggling the foot, fiddling with jewelry or tugging at clothes (particularly the girdle) are all outward signs.
2. The tone of the voice. Instead of being warm and friendly, giving curt responses to innocent questions, often, shows a feeling of insecurity. We are short-tempered, bored and superior when all a question requires is a simple friendly few words.
3. Facial expressions. Too often, girls who feel insecure show expressions on their faces which are likely to look blank. The eyes and mouth are the two attractive assets for facial expressions.

Miss Kono emphasizes that the most important friendly, warming asset we have at our command is the ready smile. She suggests that if it were coupled with a warm voice and good body manners, we could win friends without even trying.

Some teen-agers will admit their faults and fears more readily than others, and they can be helped easily, says Miss Kono. She has noticed that young people are becoming more aware of the need of a helping hand to get them over that hurdle of growing up. This last Summer her teen-age courses were jammed with "I want charm" kids.

Ask Advice
If you have difficulty persuading yourself to ask the advice of an elder—such as "what do I do wrong," etc., keep in mind that you are not the only girl who feels shy and insecure at your age. Other kids have the same feelings of despair.

So—if you haven't started back to school with a sense of security, feeling that you are making a good impression on your school chums, start now to correct the situation.

Go out of your way to smile at the girl who asks you where room 801 is, instead of saying, "Why, over there of course," with a tone of voice that sounds like you'd like to add "you dope."

Miss Kono believes that cuteness of that sort shows that we are ill at ease.

When you are meeting new people, don't curl your hair around your little finger, bite your lip or twirl your bracelet. You are likely to scare off your new-found acquaintance just by acting nervous. She might even interpret it as being bored with her presence.

Yes, it is a terrifying period of life, Miss Kono says. But she adds: "Everyone goes through this growing-up stage. So feel like a martyr if you will while learning the right way to charm and pose. Just keep in command of the situation and you'll have nothing to fear."

FROM NEW MEXICO

Mrs. John L. Nance and Mrs. C. V. Campbell of Eunice, N. M., were Monday visitors in Midland.

FROM ODESSA

Mrs. F. P. Mullins and Mrs. J. M. Shipman were here Monday from Odessa.

INAUGURAL BALL GOWNS—For Teddy Roosevelt's inaugural ball in 1901, American women wore tiny-waisted gowns like the pink silk creation, with applied satin rose petals and Brussels lace, at left. For the Eisenhower Inaugural Ball, the Republican women's pre-inaugural fashion show will show the great-skirted gown of pink nylon tulle, at right. It is equally tiny in the waist, but is sparkling with dew-drop-shaped rhinestones, and has a strapless top veiled with matching tulle stole.

The MATURE PARENT

Time It Takes To Teach Child Self-Confidence Is Well Spent

By MURIEL LAWRENCE

When Vicky was nine months old, someone gave her a transparent plastic ball. It contained liquid in which floated a toy goldfish and disk-shaped snippets of green, red and yellow material. When Vicky shook her ball, the fish swam excitedly in a shower of bubbles and dancing colored flakes. Because of this and the surly sound made by the shaken ball, Vicky loved it very much.

One day, soon after she had learned to creep, the ball sprang out of her hand. She watched it roll down the three steps leading to her living room and come to rest under the distant piano bench. Even the pink ribbon on her insignificant pigtail seemed to droop with discouragement. Tears flooded her eyes. She opened her mouth and howled.

When her mother saw what had happened, she did not rush to retrieve the ball. Instead, she left the chicken she was stuffing, walked down the steps to their living room and sat down on the piano bench.

Then stretching her arms to Vicky, she smiled and said, "Come on, yourself."

Vicky stopped howling. She turned on her stomach. With one fat hand clutching the banister, she elevated her rear. Then with an equally fat leg, she began to grope for the second step.

Seven minutes after undertaking this feat, Vicky had her hands on her ball, the tear streaks lost in the triumphant glow of her independent achievement.

The experts tell us that every twelfth child born annually in these United States will suffer mental disease at some period of his life. Vicky won't be one of them.

Now I can hear other mothers complaining. "But if we haven't seven minutes to spare, how are we going to do things like this?"

Teaching children to solve their own problems is a fine idea, these mothers admit, but it's impractical. They have to rush to retrieve the balls and unbuckle the galoshes

Midland Country Club To Select Officers

Officers for 1953 will be elected in the annual meeting of Midland Country Club stockholders at 7:30 p.m. next Monday. President Vann Ligon announced Tuesday.

Ligon emphasized the importance of the session, urging all members to attend.

4—THE MIDLAND REPORTER-TELEGRAM, TUESDAY, JANUARY 13, 1953

Largest CM Crowd Hears Famous Pianist

The best in piano music came to Midland Monday night when Arthur Rubinstein, internationally famous pianist, presented a concert in the Midland High School Auditorium.

Possibly the largest crowd ever to witness a Civic Music Association program turned out for the distinguished musician's performance. Chairs were set up at the back of the packed auditorium to handle the overflow.

Now on his fifteenth consecutive American concert tour, Rubinstein began his current series of 60 American performances after returning in mid-December from a three-month concert tour of Europe and Israel where he played 20 concerts in as many days.

Rubinstein's musical travels have covered two million miles and have taken him to every country in the world except Tibet.

In addition to his concert tours, he has appeared in two movies, "Carnegie Hall" and "Of Men and Music" and has played for the sound

track of three others. His numerous RCA Victor recordings are high on the best seller list, averaging more than one million dollars in sales each year.

When not on tour, Rubinstein, now an American citizen, lives with his wife and four children in Southern California.

Opens With "Chaconne"
Wednesday night's performance opened with "Chaconne" (Bach-Busoni). This transcription of Bach's work is considered to be one of the most inspired of Busoni's many transcriptions.

"Impromptu in A Flat, Opus 90" (Schubert) and three movements of "Sonata in F Minor, Opus 57" (Beethoven) rounded out the first part of the program.

Following intermission Rubinstein turned to the music of Chopin for three numbers which had particularly large audience appeal. They were "Barcarolle in F Sharp Major,

Opus 60," two études and "Scherzo in G Sharp Minor."

His next number was by Heitor Villa-Lobos, a Brazilian composer who was discovered by Rubinstein while he was in Rio de Janeiro. There he found the young musician playing a cello in a dingy side-street movie house.

Impressed by the young man's talent, Rubinstein found him a patron and took him back to Europe to study. His choice of music from the young composer's works was "Prole do Bebe," which in English means "The Doll's Family." Of the eight pieces in the suite, Rubinstein played three, "Mulatinha" (Mulatto doll), "A Pobresinha" (Poor Rag

Arthur Rubinstein

Theater Slates Annual Meeting

The annual meeting for all members of the Midland Community Theater will be held Monday in the City-County Auditorium, it was announced Tuesday.

The meeting will open with a buffet supper at 6:30 p.m., to be followed by a business session. Entertainment for the evening will be provided by the Workshop Theater. Reservations may be made in afternoons by calling the theater, telephone 3-3841, of Mrs. Arthur Allen, telephone 2-2196.

TO FORT WORTH

Mrs. May Fletcher, Garden City Highway, left Monday for Fort Worth.

Doll) and "O Polichinelo" (Clown Doll).

For his final numbers Rubinstein played "Nocturne" (Alexander Scriabin) and "Mephisto Waltz" (Franz Liszt).

Enthusiastic applause at the close of the program called the dignified, grey-haired musician back to the stage for three popular encores, "Nocturne" (Chopin), "Ritual Fire Dance" (De Falla) and a short march by Tchaikowsky.—PA.

PETER EDSON'S Washington News Notebook

Federal Reserve Bank, 'Radical' In '13, Contributes Six To Official Ike Family

WASHINGTON — (NEA) — How times have changed is indicated by President-elect Dwight Eisenhower's naming of six Federal Reserve Bank officials to his official family.

When the Federal Reserve Act was passed in 1913, it was considered by many as a highly radical piece of legislation. Senator Nelson Aldrich of Rhode Island, a Republican who led the fight against creation of the Federal Reserve Bank, called it "socialistic in its features of government control."

And the Banking and Currency Committee hearings on the several reserve bank bills under consideration at the time are full of telegrams from bankers all around the country, urging Congress to "avoid all radical legislation affecting credit."

Forty years later, the Federal Reserve Board and its banking system are regarded as bulwarks of conservatism and safeguards against bureaucratic control over fiscal affairs.

The Federal Reserve officials whom General Eisenhower has picked for high office include Marion B. Polson and Randolph Burgess for Treasury, Robert T. Stevens for secretary of the Army, Robert B. Anderson for secretary of the Navy, William I. Myers and Albert Mitchell for the new Agricultural Advisory Committee.

Incidentally, the present members of the Federal Reserve Board of Governors in Washington now have decided not to submit their resignations to President Eisenhower. To do so would be an admission that they considered themselves political appointees. They want to be known as independents and above politics. So they'll wait till their terms run out.

The Old Way

The fact that General Eisenhower did not appoint the heads of the Big Three farm organizations to his new Agricultural Advisory Committee has recalled stories about other Washington groups on which Farm Bureau, Grange and Farmers' Union officials served.

Back in the early days of the war, when Claude Wickard was secretary of Agriculture, he had a monthly meeting with the Big Three. Ed O'Neill was head of the Farm Bureau then, Albert Goss was head of the Grange and Jim Patton, then as now, headed Farmers' Union.

The Big Three so often disagreed on farm policy that their meetings with Wickard became known as "The Secretary's Monthly Shouting Society."

Bridges' Last Stand

The controversial new McCarran-Walter Immigration law will make no difference in the status of West Coast Longshoreman Harry Bridges' case. His perjury conviction has been upheld by a special three-judge panel in San Francisco. Bridges has appealed this decision to the U. S. Supreme Court. Final action there is expected this year.

Fine Line Is Drawn

This McCarran-Walter Immigration law makes a fine distinction between Communists and Nazis, Fascists, Palangists, Peronists or advocates of other forms of totalitarianism.

Communist aliens are barred from admission to the U. S. under any and all circumstances. But other

Whisk Hair Lotion Is Introduced In Midland Trade Area

WACO—Red Arrow Laboratories has announced the addition of Whisk, an "amazing new hair and scalp lotion," to the extensive Red Arrow line.

Whisk, which is a completely new treatment for dandruff and other scalp disorders, based on the research of a well-known dermatologist, now is available to druggists in the Midland trading area. A special package has been designed for the new product.

Whisk will be introduced through extensive advertising and drug counter displays. The new Red Arrow product will be packaged in an eight ounce bottle and will be sold to the consumer on a satisfaction guaranteed basis, company officials said.

breeds of totalitarianism are barred only if they advocate overthrow of the democratic form of government in the United States. They can be for Franco or Peron or any other dictator in their own countries, but they can't be for a dictator in the U. S.

How this will apply to a native of Yugoslavia applying for admission to this country as an immigrant has yet to be tested and decided. Tito of Yugoslavia is a dictator and an admitted Communist. But he's not a Stalinist Communist, and he's our pal now, so that may make a difference.

Kick In The Pants

Custom and tradition were given a kick in the pants in the naming of grand marshals for General Eisenhower's inaugural parade. This honor customarily has been given to the country's ranking military officer. Four years ago, for the Truman inaugural parade, Gen. Omar Bradley was grand marshal.

General Bradley, as chairman of the joint chief of staff, still is the highest officer on active service. But he was by-passed this time and General Eisenhower personally picked three of his other old buddies, now retired, for parade honors. They are Gen. Carl Spaatz, Adm. Alan G. Kirk and Lt. Gen. Leonard T. Gerow.

Runs In The Money

Quaker Oats now is in third place behind the Federal Reserve system and General Motors in the race for having the most representatives in the Eisenhower official family.

R. Douglas Stuart, Quaker's treasurer, now is treasurer of the Republican National Committee. Secretary of State John Foster Dulles is trying to persuade the company's president, Donald B. Lourie, to become undersecretary of State in charge of administration. And Brother Milton Eisenhower recently was made a director of Quaker Oats.

GM Answers Call

The heavy draft of General Motors officials for the Eisenhower Cabinet makes a sharp change in that company's former policy of not encouraging its executives to work for the government.

The late Gen. William Knudsen quit his GM presidency for wartime service as a production chief. But during the Korean war, the only active GM executive around Washington was Harold R. Boyer, who did a six months' hitch as aircraft production expeditor. He now is head of GM's Cadillac tank arsenal in Cleveland.

Two retired GM vice presidents now are in Washington. A. E. Hunt is with the Atomic Energy Commission and Hugh Dean is production expeditor for Defense Secretary Robert Lovett. But after January 20 they'll be joined by the team headed by Chevrolet dealer Arthur Summerfield as Postmaster General.

U. S. Under Strength In Korea

Main reason for increasing the February draft call to 53,000 men is that there is an actual shortage of Americans in Korea. Many U. S. units are under full strength insofar as the number of Americans in them is concerned.

Actually, all these units are over strength, because they have Korean units attached for training and duty.

If American strength is allowed to fall too low, there is a fear that other allied nations with troops in Korea may not replace their casualties to keep their units at full strength.

BUICK'S NEW SPORTS CAR—This single-seat sports convertible of futuristic design is the Buick Wildcat which will be unveiled at the General Motors' Motorama of 1953 in New York City this week. The experimental model has a fiberglass body and is powered by Buick's 188-horsepower V-8 engine with the new Twin Turbine Dynaflow. The interior is trimmed in brilliant green leather. A special feature of the car is the "roto-static" front wheel discs which remain stationary while the wheels revolve about them. The Wildcat was built to test the use of fiberglass in automobile bodies.

Rodeo Cowboys Okay Four Texas Contests

DENVER —(AP)— The Rodeo Cowboys Association reported Monday it has approved 41 rodeos, with prize money totaling \$130,410, for 1953 at its current meeting.

These include: Olney, Texas, July 16-17, \$3,500; Sweetwater, Texas, March 5-8, \$3,500; Gallup, N. M., June 27-28, \$1,000; Dublin, Texas, dates later, \$4,400.

Among the Zulus, a suitor must give 20 good-sized cows to the father of the girl he wishes to wed.

Jet Ace Jabara Rejoins Old Outfit

SEOUL —(AP)— Maj. James Jabara, first American jet ace, returned to Korea Monday to fly Sabre jets with his old outfit.

The Fifth Air Force Tuesday said Jabara, who downed six Communist MIG's on his first tour in Korea, was assigned again to the 4th Fighter-Interceptor Wing.

The Gospel According to St. Mark is the earliest of the four Gospels and is thought to have been written about 70 A.D.

SPORTS PARLEY

By CHARLEY ESKEW

If you like a treat as well as a treatment with your basketball, then a game like that one of Phillips 66 Saturday night, beating Reese AFB, 85-61, is just what the doctor ordered.

It had more fun—for fan and player—than any round ball medicine show we've seen in a long, long while. It had its sheer good playing, its humor, its oddity and its frustrations. Foremost of the stellar feats turned in during the game was, of course, Gerald Tucker's performance—a record one, both as a Midland 66er and as an amateur since he joined Phillips in the long ago.

Big Tuck—two times an all-American—beavered around the basket like a woman shelling peas. And he pelleted the bottom of the bucket with just the same unconcern—hooking, tipping and jumping. All for 36 points.

He never reached that total with Phillips of Bartlesville, nor on the Olympics team of 1948.

And he had held the Bartlesville 66er record until this season with 29 points. (Now, we understand, Chuck Darling owns the mark after a 36-point night.)

The six-four Tucker rested during much of the second period after 13 first-quarter points. He added points as the game progressed, but wasn't hot again until the third period and he went on a nine-point binge in that short stay.

Phillips didn't guarantee a laugh with every layup, but those on hand got them anyway. Especially as Phillips' Kenny Jastrow, Don Grove and Tucker were bouncing the ball volley ball fashion over the shorter airman's heads in the second quarter. They also threw around the visitors, or behind them; passing that really is great basketball but looks like clowning often, the way Phillips handles it.

Then Tucker was caught mockingly limping downcourt after a lick on the shin or winding up on the bottom of a pile... then his taking a set shot backwards from the keyhole and rimming the cup.

That little picture was all in a game's work for Phillips in running up a new scoring high this year—85 points to beat a good team.

For absolute frustration, there was none like Glen Mitchell continually hitting the rim in the first quarter, yet coming on to tally 13 points, or Don Grove having rim trouble throughout, even as he posed his six-six frame on the corner of the basket.

Ray Ebling, a veteran all-American since his Kansas days in 1933, doggedly found himself poking the ball at the lower edge of the backboard three straight times.

The oddity of it was that Phillips really knew it was right in saying "We're in the best shape ever." They called only one time out—that in the fourth quarter.

But basketball is more contention than show and that's where Texas Tech comes in. Saturday the Raiders invade Midland's High School court for a return with Phillips. The visitors are one-up in the series.

Only with a final surge, Tech beat the 66ers in Lubbock, 64-54, early in the season. The students of Polk Robinson might have a record as clean as linsens done in grandma's lye soap, except they toured against such city-slickers in the Top Ten as North Carolina State, Tulsa and Oklahoma A&M.

The Raiders boast a four-game run of successes right now.

You'll recognize at least two of the Raiders in Carl Ince, a southpaw all-stater from Lubbock of two years ago, and Eugene Carpenter, 17-year-old, six-sevens giant from Big Spring. Ince should be along but is intelligible until mid-term.

Another player, Paul Nolen, isn't so familiar but he's obvious by his size and well known for his feats. He's six-foot-10.

Individually, he paced Tech last year in points, 378 in 24 games, on rebounds (318) and assist (86).

IN LINE—Bill Veeck stood with a fistful of contracts as he opened the door to members of the St. Louis Browns for a mass signing. Ready to ink the dotted line are, left to right, Don Lenhardt, Cliff Fannin, Gene Bearden, Ed Mickelson, Bob Habenicht, Roy Sievers and Jim Dyck. (NEA)

Angelo Coach Sikes Resigns

SAN ANGELO—The school board Monday night accepted the resignation of Pete Sikes, head football coach and athletic director at San Angelo High School.

Sikes said in his resignation that he had surveyed the athletic situation here and decided to request consideration for another assignment in the school system.

The board agreed to accept the request for reassignment or, on Sikes' option, pay him eight months salary from February 1, his decision to be made by February 1.

Sikes' contract is effective until July 1, 1954. If he decided to take the eight months salary, it would amount to \$3,733.

The board pointed out that the reason for the February 1 deadline was to give a new coach time to start his program.

The board decided that a new coach should come from outside the San Angelo system. Supt. G. B. Wade is to screen applications for the coaching position and present final names to the board.

Case Thinks Team-Of-Year Bombers Can Do It Again

GLENDALE, CALIF.—(AP)—"That's just terrific. I feel rather great to hear the team received the honor."

So said Manager Casey Stengel when told his World Champion New York Yankee baseball club was the "Team of the Year" for 1952 in The Associated Press poll.

That made it three straight years the honor went to the Yanks and QV Case thinks his 1953 outfit might make the grade again.

"Last year's was the best pennant we won," said Casey, and explained:

"We had to win it the last month on the road when the other clubs always had the last times at bat.

"It was a very hard race all through the year. Our team lost a number of players and had to use a bunch with just a few years experience. They gained strength as the season went on. Then we had to beat a tremendous Brooklyn team."

For the "Team of the Year" honor, the New Yorkers beat out the Michigan State football team and the U. S. Olympic squad, which placed second and third.

Jimmy Bond Jumps Up Front In District 1-AAAA Scoring

Lanky Jimmy Bond of Pampa is the chief enemy for District 1-AAAA schools who like to make their basketball nets survive all season.

So far Bond, a six-foot center, has been in three district games and left the nets frazzled from his sinking 36 field goals. That combined with 19 free throws makes Bond the leading district scorer after four games.

After playing against Midland and Odessa two weekends ago, Bond totaled 43 points even as he suffered from a severely-painful toothache. He wound up third in the league scoring, but only momentarily.

At home in the Pampa gym Friday and Saturday, Bond stuck 23 points in the bucket against San Angelo and 25 against Abilene.

He now has 91 in four games—and for the season, 276 in 12 games, a 23-point average.

Last week's scoring leader, Gerry Thomas of Lubbock, slipped behind Bond with 84 points. Thomas enjoyed two 16-point nights, against Midland and Odessa.

Melvin Wright of Amarillo dropped from second to third place in scoring after totaling 28 points in the two games against Midland and Odessa. His 72 outranks fourth place Jerry Turner of Abilene by four points.

Midland's highest scorer, Bob Keisling, ranks tenth on 44 points—a sum computed despite his being sidelined by fouls in three of the four league games.

The only other Bulldog to stand among the top 20 tally-makers is Jesse Hatfield, fourteenth, with 39 points.

Player, team	G	Fg	Ft	Tot
Bond, Pampa	4	36	19	91
Thomas, Lubbock	4	31	22	84

Sal, The Barber, Inks New \$32,000 Pact With Giants

NEW YORK—(AP)—Remember the play and movie about the man who came to dinner and stayed as a house guest for months?

Sal Maglie, New York Giants' right-handed pitching ace, came down from his Niagara Falls home for the New York Press Photographers Association dinner Monday night and stayed to sign a contract for a reported \$32,000.

Maglie, who said in an interview before the dinner that he planned to see Giant officials about a contract Thursday, was as surprised as anyone at the unusual turn of events.

"But I'm as happy as I am surprised," he said as Giant officials beamed. It was announced that the right-hander, who won 18 games and lost eight for the second place team despite an aching back, received the same terms as last year. As is customary in baseball circles, no one would say what that meant,

Sal, The Barber, Inks New \$32,000 Pact With Giants

but the best guess seemed to be about \$32,000.

Maglie revealed that he recently had three teeth removed and that, as a result, "My back feels better than ever."

He said he had been taking it easy ever since the season ended and planned to start working out in a gym next week.

Maglie, who said in an interview before the dinner that he planned to see Giant officials about a contract Thursday, was as surprised as anyone at the unusual turn of events.

K-State Quint At Top Of Poll For Third Time

NEW YORK—(AP)—Kansas State held away in The Associated Press basketball poll Tuesday for the third straight week, with the same cast of supporting teams, but the old order is likely to change considerably in the next week.

Kansas State strengthened its hold on the top spot, piling up 820 points in votes from sportswriters and broadcasters on a basis of 10 points for first, nine for second, etc. But the Staters will have to beat up-and-coming Kansas Saturday night to retain their lofty perch.

Seton Hall, still in second place with 642 points—although their lead over La Salle shrank from 24 to 10 points—faces an even more immediate danger. The Setonians, who won 15 straight, meet seventh-ranked Fordham, also undefeated, Wednesday night in a game featuring the last two major teams with perfect records. Fordham is counting on its home floor advantage to stop Seton Hall and rack up its twelfth straight.

Illinois, for the second straight week, failed to receive a single first-

place ballot, but piled up enough supporting votes to retain fourth place.

After a thumping 83-58 victory over Northwestern Monday night, the Illini now face sixth-ranked Indiana in the Big Ten's game of the week Saturday at Indiana.

The leaders (first-place votes in parentheses):

1. Kansas State (30) 820
2. Seton Hall (20) 642
3. La Salle (15) 632
4. Illinois 544
5. Washington (11) 443
6. Indiana (6) 425
7. Fordham (1) 283
8. North Carolina State (5) 262
9. Oklahoma A&M (1) 235
10. Western Kentucky (3) 177

THE SECOND TEN

11. Notre Dame 156
12. Southern California 96
13. Tulsa (1) 95
14. Louisiana State (2) 95
15. Kansas 73
16. Seattle (1) 63
17. Holy Cross (1) 49
18. Oklahoma City (2) 45
19. UCLA 44
20. Georgetown 36

Robinson Says He May Quit After '53

NEW YORK—(AP)—This may be the last year for Jackie Robinson, highest salaried player in Brooklyn history and the Dodgers' greatest drawing card.

"I have a goal," Robinson said. "I want to build a boys' club in Harlem. That will take a lot of money. I'm trying to do this through my store. If the store is successful, then my future is secure."

Asked whether he would accept a baseball job as a manager, Robinson replied:

"I'd have to consider it. Of course, it would have to be in the big leagues. No more minor leagues for me."

NEW YORK—(AP)—This may be the highest paid player on the club and that the total salaries of the trio was just under \$100,000.

It was estimated that Reese would draw \$35,000 and Campanella \$25,000.

Although he said, "I hope to have another year after this one," the brilliant second baseman indicated during a press conference Monday that he might call it quits after the 1953 season. The conference was staged by the Dodgers to announce the signing of Brooklyn's "Big Three" that included Robinson, Pee-wee Reese and Roy Campanella.

"I'm certain I have one more good year left," Robinson said after affixing his signature to a contract calling for an estimated \$38,000. "I hope to have another year."

Dodger Vice President E. J. (Buzzie) Bavasi declined to divulge the figures but admitted Robinson was

Monahans, Pecos Due Ruling Roles As 8-AA Chase Begins

Monahans and Pecos proved they are the clubs to beat in District 8-AA over the last weekend when the two gained stature in Permian Basin cage tournaments.

The five-team 8-AA circuit moves into its first round games Tuesday night when Andrews goes to Monahans, Pecos to Seminole and Kermit draws a bye.

Monahans definitely figures as the league tooukhe since it won the championship belt in the Andrews invitational.

The Lobos upset the tourney favorite, Eunice, N. M., 32-31, in an overtime contest. In the meet, Bobby Malone, Sonny Bulls and Dave Hughes paced the champs. They will carry the Monahans colors into district.

Andrews surprised Kermit, also in the tournament, 46-41, and both are considered tough 8-AA contenders.

Pecos lost in its own tournament over the weekend but by only two points, 47-45, to El Paso High, eventual champion and a class AAAA team. Orlando and Rubin Gutierrez are the pace-setters for Pecos, a team that has been hot-and-cold throughout the year.

Kermit's Yellow Jackets, defending 8-88 champs, boast three good lettermen, all lanky, to pin its hopes on. They are James Bolt, an all-state gridder, Tom McKelvy and perennial high point man, Bobby Almond. Going along with them as starters on Eugene Kinney's club are Joe Sharpnack and Don Hyman.

A second string all-state football Bobby Layne, Detroit Lion quarterback, holds 15 team passing marks for lifetime, season and single performances. Layne joined the club in 1948.

Steers Take SWC Lead

CLAYTON HICKERSON
Associated Press Staff

The University of Texas' surprising Longhorns, regarded as in-and-outers two weeks ago, held undisputed possession of first place Tuesday in the Southwest Conference basketball race.

The Longhorns climbed over the startled Arkansas Razorbacks in a hectic last half in Austin Monday night to win a 62-57 victory and vault into the conference leadership.

It was a nuptial battle for the Steers, who found themselves trailing, 24-31, at halftime. They staged a wild fourth-period offensive and finally clinched the victory after the lead changed hands six times in the period.

Tuesday night Texas A&M plays Texas Christian, defending champion at Fort Worth, and Baylor's Bears at Waco.

A win by the Bears against the strong Rice quint would put them in a tie for the conference lead again, but a Rice victory would throw the Owls into contention and give Baylor a two-out-of-three record in loop play.

Both A&M and TCU have losses on their records and neither team can get into contention with a victory Tuesday night. Aggie and Bear victories would put the Cadets ahead of Rice, however.

Alert backboard play, fine shot-

ing by lanky Fred Saunders and accuracy on the foul line gave the Longhorns their win over the tawing Razorbacks.

Saunders was high-point man for the night with 20 points while little Leon Black of the Longhorns had 14 points. Walt Kearns led the Ozark scoring with 15 points.

Arkansas completely dominated play in the first half, but the Steers' full court press in the last half threw the Hogs off balance and Texas won before the Arkansas team regained its poise.

Arkansas scored 23 field goals to only 16 for Texas, but the Longhorns' 30 successful charity shots were more than enough for the night.

Kid Gavilan Meets Tampa Negro Tuesday
TAMPA, FLA. —(AP)— Kid Gavilan, making his first start since defending his title against Billy Graham October 5, takes on unknown Aman Peck in an over-weight 10-round bout here Tuesday night.

Aman Peck, a Tampa negro middleweight with an aggressive style, doesn't figure to give Gavilan more than a workout.

The earliest pennant clinching date in American League history was September 4 when the 1941 Yankees did the trick.

BIG SHOT—Chuck Davey, above, gets the big chance fighters wait for when he meets defending champion Kid Gavilan in Chicago for the world's welterweight crown, February 1.

Chisox Pilot Claims He's 'Pull' Hitter

CHICAGO —(AP)— "When I stand up there I always pull the ball," said tall Paul Richards, manager of the Chicago White Sox.

Baseball? Nope, Paul was talking about golf.

It was a big press luncheon in a Loop bistro with the White Sox picking up the tab.

Finally cornered by the horde of baseball writers, Richards gave out with studious observations on baseball, specially the American League and the 1953 White Sox.

"Those Yankee are still the team to beat, but I have high hopes for the White Sox . . . if," said the drawing Texas who steered the club to third place in the 1952 American League race.

Richards' pessimistic?

"I've got hopes all right—but I've had hopes for 30 years only to see them dashed on the rocks. It's really foolish to sit here in January and tell you about what will happen in June or July."

Richards conceded that his pitching staff may be better than in 1952 when it was one of the club's strongest assets.

"We have about eight pitchers who can be eligible starters," he said. "But there is work to be done with each. Take that Bob Keegan we bought from Syracuse. He is what I call a pretty pitcher—a stylist who would rather look good than get a batter out. We have to change all that."

Wonders About Sens

"That Cuban kid, Mike Fornieles, apparently has everything, according to reports. If he is as good as they say, I can't understand why the Washington Senators traded him to us for Chuck Stobbs."

Richards said his shortstop, Chico Carrasquel, is reported to have shaved off 12 pounds and is down to his normal playing weight of about 175.

George Mikas of the Minneapolis Lakers in the NBA has been named State Chairman of the Crusade for Freedom drive which started recently in Minnesota.

The Cincinnati Reds will play 22 spring training games in Florida. Twelve of them will be played at Plant Field in Tampa.

FRANK SEDGMAN . . . mum's the word

SPORTS ROUNDUP—

Aussie Netters Surprise U. S. Writers With Talk

By GAYLE TALBOT
NEW YORK —(AP)— Gotham sports-writers were surprised over the last weekend to discover that the two Australian tennis players, Frank Sedgman and Ken McGregor, not only could talk but were familiar in some instances with three-syllable words.

The surprise is understandable, because in their previous visits to these shores as amateurs and two young Aussies were not permitted to go beyond a cautious "hello" in their dealings with the press.

If they looked as though they might have had something else in mind, such as an extension of their remarks, it needed only a quick glance at their team captain, Harry Hopman, to convince them they were in error.

Who knows but what Frank and Ken, a pair of fine young men, will be talking normally by the time

they are halfway through their present professional tour with Jack Kramer's tour. At the moment they speak hesitantly, as though testing their new-found freedom of expression, but that is almost certain to wear off.

The reason we have for pointing up this linguistic phenomenon is that it has a direct bearing on this

country's future Davis Cup policy. Reduced to its simplest equation, the problem is whether we should continue to bumble along trying to win the cherished trophy back with tennis players who can talk, or should tighten our stays and pitch into the Australians on their own terms.

It comes down to whether we should look around and see if we can find a Hopman somewhere within our ranks, a man who could take our promising young players and, by depriving them of speech and otherwise retarding their normal development, gradually develop them into world beaters. Frankly, we are going to have an awful time winning that cup back until we do.

The question is: Is it worth it?

Another is: Would our young players, most of whom have had at least a nodding acquaintance with college, take kindly to such a faceless existence, saying that we did find ourselves an American Hopman? The answer in each instance probably is no.

We put the questions, both of them, to a number of high Australian tennis officials within the last two weeks, and each and every one of them said he believed we would be happier in the long run going our casual way.

They said they liked winning the cup, but that they weren't sure it was worth it if they had to have a martinet such as Hopman running their side.

Tut Barzen Shares Dixie Doubles Toga

TAMPA, FLA. —(AP)— Miami's Gardner Mulloy is the second man to win the annual Dixie Tennis Championship four times.

Mulloy chalked up his fourth victory with a 6-2, 3-6, 6-0, 6-1 decision Monday over Bernard (Tut) Barzen of San Angelo, Texas. Mulloy, the country's No. 1 player, kept Barzen on the run except in the second set, when Barzen's drives were consistently hitting the baseline and Mulloy couldn't get to the net.

Bryan (Buzzy) Grant, the great little Atlanta competitor, is the other four-time winner.

Barzen came back with Hal Burrows of Charlottesville, Va., to win the doubles title. They beat Mulloy and Jerry Moss of Miami Beach, 6-1, 6-3, 6-4.

Shelby Pruett, Yale halfback, is the son of Hub Pruett, one-time St. Louis Browns pitcher and now a physician.

They said they liked winning the cup, but that they weren't sure it was worth it if they had to have a martinet such as Hopman running their side.

Superior Ball Players Are Hard To Find So Records Show Pitchers Taking Over

HARRY GRAYSON
NEA Sports Editor

NEW YORK —Asked what difference he saw in the National League since he came to the Cardinals in the Fall of 1941, Stanley Musial replied:

"Better pitching and fewer good hitters and whole ball players."

By a whole player, the Man meant one who could do it all—at bat, on the bases and in the field.

Musial's third consecutive batting championship, his sixth all told, hardly makes it appear that the Donora Dandy is being fooled any more than when he broke in so spectacularly.

But superior ball players are hard to find, so the records show the pitchers taking over.

In each major league last season there were 23 pitchers with earned-run averages of under 4. Each had 11 under 3.

The foremost freshmen last trip were pitchers, with Joe Black and Hoyt Wilhelm showing the way in the National and Harry Byrd in the American.

The remainder of the crop was odd.

The Mickey Mantles become fewer and fewer.

Although he didn't really get moving until toward the tag end, Vinegar Bend Mizell struck out 150 for the St. Louis Nationals. Mizell, a 22-year-old giant, was hailed as a left-handed Dean and demonstrated that he has the potential of a lefty Grove.

The Red Birds came up with three other remarkable recruits. Working mostly in relief, lanky Eddie Yuhas won 12 while dropping only two with an ERA of 2.57.

Eddie Stanky added a pair of pitching opposites rather late in the going. Left-handed Harvey Hadix did no better than break even in four games after getting out of the Army, but the little fellow showed a lot of swiftness doing it. He won 18 while dropping no more than six in the American Association in 1950.

Stu Miller, who stands no more than five 10 and weighs only 150, immediately cracked the headlines shutting out the Cubs, 1-0. Next he trimmed the Reds, 2-1, then let the Giants down with only three hits. He wound up with 6 and 3.

Miller is a cutie, keeping batters off balance with slow stuff.

"He looks easy to hit," says Monte Irvin of the Giants, "but it's just the other way around when you get up there."

Agree On Byrd

While he did no better than break even—15-15—everybody agrees Harry Byrd of the Athletics is a pitcher from way back. The burly right-hander yielded but one hit to the Yankees in September, slammed the door in the Red Sox' faces on several occasions.

Respected Tom Gorman helped the Yankees capture their fourth consecutive pennant winning six while losing two, was mighty fine as a fireman. The Bosox produced a young phenomenon, Dick Brodowski, now in the Army. Reporting in mid-season, Brodowski, a converted

infielder, turned in an extraordinary, low-hit performance shortchanging the Yankees, finished with 3 and 5.

The Senators tossed another of their Cubans against the unsuspecting Athletics late in the season, and Mike Fornieles gave them just one hit. Three days later, Raul Sanchez, still another of Washington's Havana Specials, blanked the Red Sox in his first big league start.

Much more could be written about Billy Loes of the Dodgers and other flinging feedings.

They helped make it increasingly true that the pitchers have taken command.

HOYT WILHELM . . . ahead percentage

10 Middleweights Named Aspirants To Sugar's Crown

NEW YORK —(AP)— The void created when Middleweight Champion Sugar Ray Robinson decided to give up the ring in favor of a dancing career will be filled following an elimination tournament involving 10 boxers.

This method was agreed upon Monday following a huddle between the New York State Athletic Commission and the National Boxing Association.

The flistic groups named the following middleweights to vie for the title abdicated by Robinson:

Carl (Bobo) Olson, Honolulu; Norman Hayes, Boston; Ernie Durano, Bayonne, N. J.; Paddy Young, New York; Rocky Castellani, Luzerne, Pa.; Walter Cartier, New York; Lee Sala, Donora, Pa.; Pierre Langlois, Paris; Joey Giardello, Philadelphia; and Eugene (Silent) Hairston, New York.

Jack Rabbits is the name of one of the safety men on the West Virginia University football team.

Crane, Wink Top 5-A Bill

Wink's Wildcats, for their fourth game of the season, draw the big assignment Tuesday night in District 5-A cage action.

The Wildcats still will carry over some of their ruggedness from football when they entertain Crane, the league leader—if past games are any indication.

Wink and Alpine tangled in a rough game at Pecos' journey over the weekend as Wink dropped a second setback, 46-31, of the season.

Crane is unbeaten in four district games to date, Wink has a 1-0 mark after beating winless Iraan last Tuesday, 38-32.

In other Tuesday games, Big Lake Ex-Ump Ziggy Sears

goes to Fort Stockton, Iraan goes to Marfa, unbeaten in three games, and Alpine, the finalist at Pecos, travels to Alpine.

Last Friday results in district play showed Crane beating Big Lake, 54-42, and Marfa stopping Fort Stockton, 70-55. McCamey edged Iraan, 43-38, Thursday.

THE STANDINGS

Team	W	L	Pts.	Opp.
Crane	4	0	200	170
Marfa	3	0	191	125
Wink	1	0	38	32
Alpine	2	1	175	123
Fort Stockton	1	2	176	166
Big Lake	1	3	189	205
McCamey	1	3	165	200
Iraan	0	4	153	194

Ex-Ump Ziggy Sears Now Land Appraiser

HOUSTON —(AP)— John W. (Ziggy) Sears, one-time Texas League baseball star and major league umpire, has a new job.

Sears went to work Monday as a land appraiser in the city tax department. Sears is under Fred N. Ankenman, city tax collector-assessor and former president of the Texas League Houston Buffs.

Highlights Of Rosenberg Atom Spy Case

Steadfastly refusing to admit their guilt, Julius and Ethel Rosenberg sit unrepentant in Sing Sing's death house while a storm of controversy concerning their fate rages throughout the world. Convicted of giving our nation's atom bomb secrets to Russia during wartime, the New York engineer and his wife, in the words of the trial judge, committed a "crime worse than murder." Their best hope to escape the chair is presidential clemency. Pictures below show highlights in the spy drama.

THEY SPIED and gave Russia our A-bomb secrets. Julius and Ethel Rosenberg were sentenced to death April 5, 1951—the first time an American civil court gave the death sentence to spies.

THEY TRIED the Rosenbergs and found them guilty of recruiting spies, including Mrs. Rosenberg's brother, David Greenglass, who worked at the Los Alamos, N. M., A-plant. The federal jury is pictured in New York, March 28, 1951, the day before their verdict.

HE JUDGED the spy trial and passed the death sentence. Judge Irving Kaufman: "Their crime was worse than murder."

THEY MARCH in a last-minute attempt to save the Rosenbergs. Parading in rhythm to a steady beat of world-wide Communist propaganda, pickets march day and night in front of the White House, demanding presidential clemency for the spy team.

INNOCENT VICTIMS, Michael and Robert Rosenberg, with defense attorney Emanuel Bloch, visit parents at New York's Sing Sing prison. They are victims of their parents' infamy, said Judge Kaufman, but many others "may be victims of that infamy."

Reds Arrest Nine Doctors In Swelling Purge Of Jews

MOSCOW—(AP)—The Soviet press and radio announced Tuesday the arrest of nine doctors—most of them Jews—on charges of killing two top Russian leaders and plotting the deaths of others on instructions from British and American intelligence service and Zionist organizations.

The announcement said the doctors admitted killing Andrei A. Zhdanov, one of the leading members of the powerful Politburo until his death in 1948, and Alexander S. Scherbakov, head of the chief political administration of the Soviet Army, who died in 1945.

The announcement by Tass, the Soviet news agency, said others marked for death included War Minister Marshal Alexander M. Vasilevsky; Marshal Ivan S. Konev, commander in chief of Soviet ground forces, and his chief of staff, Gen. S. M. Shtemenko; Marshal Leonid A. Govorov, who commanded Red armies in Finland during World War II, and Adm. G. I. Levchenko, deputy Navy minister.

The press accounts said Vinogradov, M. B. Kogan and Yegorov "turned out to be longtime agents of English intelligence." Others among the nine, they added, including Vovsi, Drinshstein, Feldman and Etinger, were connected with the "international Jewish and bourgeois nationalist organization 'Joint.'"

This apparently was a reference to the Jewish Joint Distribution Agency, a Jewish aid organization that has sent millions of dollars to help European Jews, including those behind the Iron Curtain.

Tass said the doctors were "hired agents of imperialist intelligence" who received their instructions from "Joint."

Pravda said this organization was "created by the American intelligence service allegedly for giving material assistance to Jews in other countries."

The Russian accusations against the doctors and the Jewish agency coincide with a wave of anti-Semitic purges and trials reported throughout Soviet-controlled Eastern Europe in recent months.

GETTING A GLOW ON—The hornet, above, will really be lit up when he finishes his tall drink of honey in the Brookhaven National Laboratory, at Upton, Long Island. The honey contains a tiny quantity of radioactive substance, and scientists will later expose a piece of photographic film by placing the insect against it. In this way they are able to trace the progress of the fluid through the insect, in their search for more knowledge of life processes.

FROM OIL TO ATOMIC SPIES—Major Worries Face Truman In Final Week As President

WASHINGTON—(AP)—President Truman began his last week in the White House Tuesday—as busy as ever and beset by eleventh-hour problems ranging from oil to atom spies.

In an atmosphere of mild confusion around his office, the outgoing President is cleaning out his desk, dispatching dozens of farewell letters and shaking hands with a steady stream of well-wishers.

of his Administration, he must make decisions which no one but a President may make.

Nine MHS Musicians Win Positions In All-State Band

Seven Midland High School musicians have earned positions in the Texas' All-State High School Band, and two others were named alternates.

Victor for Midland last year when he played the snare drum. Band Director Ralph L. Mills entered 24 contestants in the tryouts at Odessa High School this year.

LASSES' LEGS ASK SUFFRAGE

LOS ANGELES—(AP)—The girls of Washington Irving Junior High School have written the board of education asking reconsideration of a rule that prohibits them from going barelegged.

Congressman Calls Tragedy Of Globemaster Inexcusable

WASHINGTON—(AP)—Representative Short (R-Mo) Tuesday termed "inexcusable" the crash of an Air Force C-124 Globemaster which killed 87 persons in aviation's worst accident near Seattle December 20.

Rain Plays Texas At Par In December With Uneven Strokes

AUSTIN—(AP)—Rainfall on the lower Texas Coast was one-fourth normal in December but was almost twice normal in parts of Central Texas.

ALMOST READY—Workmen install the last seats for spectators in the inaugural stands which have been constructed before the Capitol Building in Washington, D. C. Shown above is the covered platform where Dwight D. Eisenhower will take the oath of office as President of the United States, on Jan. 20.

Veteran Texas Publisher Dies

HOUSTON—(AP)—J. Emerson Edwards, 54, publisher of the Troup Banner and the Tyler Journal and president of the Texas Editorial Association, died at 1:13 a.m. Tuesday.

DiSalle Says Curbs On Prices Required

WASHINGTON—(AP)—It isn't practical to abolish controls, says Economic Stabilizer Michael V. DiSalle, when a rise of only one per cent in the cost of living means more than two billion dollars outlay by consumers.

Radio Scriptor Faces Deportation As Red

LOS ANGELES—(AP)—Canadian-born radio writer Reuben Ship, accused of Communist party membership, has been ordered deported by the U. S. Immigration Service.

Old Italian Tanker With American Ties Reported Set To Run Iran Oil Blockade

ROME—(AP)—A 40-year-old tanker flying the Italian flag was reported at the southern end of the Red Sea Tuesday on the way to the Persian Gulf for a new try at running Britain's blockade on Iranian oil.

German Mulatto Tots Fly To New Homes In America

FRANKFURT, GERMANY—(AP)—Two dark-skinned children flew to new homes in America Tuesday on a flight that may blaze a trail to happiness for hundreds of other homeless tots in Germany.

Stalin Lends Ear To Polish Recital

MOSCOW—(AP)—Premier Stalin heard a group of top Soviet leaders appearing at a concert and dramatic recital given Monday night by Polish singers and actors, the Moscow Press reported Tuesday.

Three Are Victims In Caracas Fighting

PANAMA, PANAMA—(AP)—Travelers from Venezuela reported Tuesday three persons were killed or wounded in a clash early last week in Caracas, the Venezuelan capital, between police and an insurgent group.

Another 55 persons were killed in two other military accidents in the Far East during that period.

She and her husband, a chief warrant officer in the American Army at Mannheim, have no children of their own. They began by adopting five little half-negro waifs.

The appearance of such a high-ranking group for an affair of this nature was considered here to emphasize Soviet-Polish friendship as well as an indication that the leaders listed are in good health.

PRODUCT ENDORSED

SAN BERNARDINO, CALIF.—(AP)—Unable to break into a market safe containing weekend receipts, a would-be safe-cracker carefully typed out a testimonial saying he never had "worked on a better one."

Permian Basin Oil And Gas Log—

Continued From Page One... Permian Basin Oil And Gas Log... The above nominees will be voted on at the next monthly meeting...

H. Shelton, present chairman of organization, presided at the meeting.

Three WT Counties Get New Wildcats

Three West Texas counties have reported new wildcat locations. Operations on the tests will begin immediately.

In extreme Northwest Concho County, B. L. Woolley of Dallas spotted a 5,000-foot wildcat. It is No. 1 O. L. Simms.

Location is 3,850 feet from south and 330 feet from east lines of section 60, Christine Girchner survey and four miles northwest of Paint Rock.

Rotary tools will be used to drill to 3,600 feet, projected depth. J. J. Lynn of Abilene will drill No. 1 Enoch Johnson one mile west of the Creek-Sykes field in Northeast Runnels County.

Location is 330 feet from south and west lines of section 177, HT&B survey. Projected depth is 4,300 feet. Rotary tools will be used to drill the explorations.

Keith, Lynch & McHargue of Midland and Abilene have staked location for a 1,500-foot southwest offset to the discovery of the West Crews (King sand) field of East-Central Runnels County.

Location is 690 feet from south and east lines of section 22, block 54, diversity survey. In Northeast Nolan County, J. C. Barne of Midland staked location for a five-eighths of a mile southeast outcrop to the Faver (Ellenburger) field as No. 1 Aycock.

Location is 699 feet from east and 854 feet from south lines of section 28, block 21, T&P survey. Rotary tools will be used to drill to 6,300 feet.

Topical Committee Schedule Afternoon Meeting In Midland

West Texas API topical committee on drilling practices will meet Wednesday at 2 p. m. in the conference room of the Humble Building in Midland.

Reports will be made on use of "Fluid Drive Torque Converters." In addition to that report, a movie on torque converters.

Central Andrews Wildcat Has Water In Ellenburger Zone

Fuhrman Petroleum Corporation No. 1-E. W. T. Ford, Ellenburger wildcat in the shallow Fuhrman-Mascho field of Central Andrews County found only water in the deep zone.

It was tested at 12,296-380 feet in the Ellenburger. The tool was open 90 minutes. Recovery was the 2,000-foot water blanket, 470 feet of water cut mud and 9,270 feet of salty, sulphur water.

Geophysical Group To Meet Tuesday Night In Midland

Ralph H. Fellows of The Atlantic Refining Company of Lovington, N. M., will be the guest speaker at the monthly meeting of the Permian Basin Geophysical Society in Midland Tuesday night.

The meeting will start at 8 p. m. in the Cowden Junior High Cafeteria. Fellows was called on to present his talk after it was learned that the originally scheduled speaker would not be able to attend the meeting because of illness.

WTGS To Elect 1953 Officers At Tuesday Meeting The West Texas Geological Society will elect officers for 1953 at the annual business meeting Tuesday night at 8 p. m. in the Cowden Junior High School Auditorium.

Dr. Thomas M. Griffiths, chairman of the Department of Geography of University of Denver, will speak and show motion pictures and slides of the 1951 Mount McKinley Expedition.

A committee of past presidents submitted the nominations for the 1953 officers. L. E. Patterson, president of the society, will preside at the meeting.

Smith Completes Bend Discovery In C-E Stonewall Lloyd H. Smith, Inc., of Houston has completed a discovery in the Bend-Pennsylvanian conglomerate in Central-East Stonewall County as No. 1 A. Pumphrey.

The well potentialled for a 24-hour flow of 228 barrels of 38.8 gravity oil. The gauge was through a one-quarter inch tubing choke. From Perforations The production came from perforated section at 6,025-58 feet. Gas-oil ratio was 648-1.

Location is 3,870 feet from north and 4,060 feet from west lines of the Eli Chandler survey, Abstract 60. It is two and one-half miles northwest of Old Glory and three and one-half miles southwest of the Bend conglomerate.

Atlantic Completes Spraberry Producer In SW Glasscock The Atlantic Refining Company has completed its No. 3-24 Schrock as a new producer in the Spraberry Trend Area of Southwest Glasscock County.

The new well is 660 feet from south and west lines of section 24, block 37, T-4-S, T&P survey and 25 miles southeast of Midland. It completed for a daily potential of 231.97 barrels of 37.4 gravity oil, with a shakeout of three-tenths of one per cent drilling water.

The production came from pay between 6,972 feet and the plugged back total depth of 7,758 feet. The project drilled to a bottom of 7,866 feet and then plugged back for the completion. The producing zone had been fractured. Gas-oil ratio was 1,169-1.

Magnolia Finishes Another Spraberry Oiler On Preston Magnolia Petroleum Company No. 18 Sam R. Preston has been completed as a new oil well in the Southeast Midland County sector of the Spraberry Trend area.

The producer is 22 miles southeast of the city of Midland and 1,980 feet from south and west lines of section 41, block 37, T-4-S, T&P survey. On a 24-hour potential test it flowed 382.98 barrels of 37.3 gravity oil through a 24/64th inch tubing choke. It made no formation water.

Flowing tubing pressure was 300 pounds. Gas-oil ratio was 1,305-1. The production came from open hole at 7,087-7,280 feet.

Hight Is To Drill North Stepout To C-S Cochran Area J. Clay Hight of Midland is to drill his No. 1 Grollman and others as a stepout to production from the San Andres-Permian on the north side of the multipay Landon field in Central-South Cochran County.

It is 330 feet from south and west lines of the southwest quarter of section 4, block L, pal survey. The drillsite is 15 miles south and slightly west of Lehman. There are two deep dry holes and one San Andres failure in the immediate area.

Drilling with rotary tools to 3,100 feet is to start at once. C-W Crockett Field Gets New Project Humble Oil & Refining Company has filed application with the Railroad Commission of Texas to drill its No. 2 J. W. Owens, et al one location north of production on the northwest side of the Clara Couch (Wolfcamp) field of Central-West Crockett County.

The test will be drilled with rotary tools to 7,600 feet. Drilling will begin immediately. Location is 775 feet from south and 2,137 feet from east lines of section 8, block GO, GC&SF survey and 22 miles southeast of Iraan. It is on a 420-acre lease.

Conoco Abandons Jeff Davis Test Continental Oil Company has temporarily abandoned its No. 1 McCutcheon, Northeast Jeff Davis County wildcat, after squeezing off perforations opposite the Rustler at 1,725-75 and 1,785-1,880 feet. That section yielded salt water.

The project was drilled to 9,563 feet in the Ellenburger but that formation was barren. Location was 811 feet from west and 1,239 feet from south lines of section 18, block 11, GH&A survey and 20 miles southeast of Balmore.

Rowan Abandons Tom Green Duster Rowan Drilling Company No. 1 E. H. Jones, West-Central Tom Green County wildcat has been abandoned and plugged on a total depth of 6,418 feet in dry hole. It did not report having logged any shows of possible production. Location was seven miles southwest of Tankersly and 660 feet from north and 1,300 feet from west lines of the R. J. Wellke survey No. 927, Abstract 3975.

PEACE, HARMONY: THEY'RE GRAND—Legislators Begin Brother Joe-ing But Fuss Quickly Over Coke Machine

By MARTHA COLE

AUSTIN —(AP)—Peace and harmony—that's what the legislators said they want this year.

And first off they started fussing about the coke machine being moved to the back back hall. It used to be in the back hall.

If handslapping and backslapping and Brother Joe-ing means peace and harmony, they had it Tuesday—just a few hours before they opened for business.

"Brother Bell, what you got on your mind," Rep. Henry Lehman of Giddings asked Rep. Marshall Bell of San Antonio while the two shuffled around the House floor.

"Nothing. Just going to sit quiet and let things develop," Brother Bell replied.

Over in a corner, Rep. Tom Cheatham of Cuero—of the shock of white hair, string bow tie and white narcissus in his lapel—bowed gallantly over the hand of Rep. Dorothy Gurley of Del Rio.

The House has another string tie—a new representative, young William H. Kugle, Jr., of Galveston.

"I told him that whatever he was trying to do, I wouldn't do it," said Rep. Jigar L. Berlin of Port Neches. And Kugle grinned.

Freshmen Meander /The House has 74 members with no previous experience. The freshmen meandered around the 150 desks on the floor just like freshmen do anywhere. Sorta bewildered. Some of them tried out the swing lids on top of their desks and rearranged the papers inside.

The desks on the floor are the representatives' offices. Senators have private offices. And they jockeyed all Summer to get the ones they wanted. They sat back Tuesday and started requisitioning supplies.

Senators Wardlow Lane of Center and Martin Crawford of Hillsboro strolled down the corridor in deep concentration and whispered conference.

Overheard from Lane: "I tell you. If you're going to vote with them, let them know. But if you aren't, well, don't say a word."

Neely said a Republican proposal to create a new Hoover study commission to look into social security and other problems "does not look like anything like a move in behalf of the President-elect's pledges." Rather, he said, "it seems to offer an excuse for delay."

Senator Edward Martin (R-Pa.), a member of the Senate Finance Committee, which handles social security legislation, was told of Neely's comment and he said in an interview: "The Democrats oughtn't to criticize that way. The general is trying to carry out his campaign pledges to the best of his ability, and I know of no move by him to 'beg off' anything."

Eisenhower Hits Snag On Diplomatic Corps

By DREW PEARSON

WASHINGTON — President-elect Eisenhower now has lined up most of his important diplomatic appointments. However, he has run into a minor delay in getting clearances from foreign governments.

When he announced the appointment of Winthrop Aldrich of the Chase Bank to be ambassador to Great Britain, the British were miffed. They had nothing against Aldrich, but according to diplomatic protocol, the government to which an ambassador is appointed is supposed to be sounded out first to see if he is acceptable. This was not done in the case of Aldrich.

Since then, Eisenhower has been up against the fact that he cannot make any more announcements of political posts without seeking an "agreement" from the governments concerned; and since he has decided that he cannot cooperate with the Truman Administration, it's a bit embarrassing to ask the State Department to take up these "agreements" for him.

That's why, although Eisenhower has sounded out Douglas Dillon, the Wall Street banker, to be ambassador to France, the French have not been notified. Dillon is the son of

Clarence Dillon, founder of the investment banking firm of Dillon, Read & Company.

Selection of Mrs. Clare Boothe Luce, wife of the Time, Life, Fortune publisher, as ambassador to Italy, also has been kept under official wraps for the same reason.

Other ambassadors which Eisenhower has pretty well firm up follow: Japan—John Allison, now assistant secretary of State in charge of the Far East, has been offered the post of ambassador to Japan or ambassador to Indonesia by his new boss, John Foster Dulles, Allison, who helped Dulles write the Japanese peace treaty, would like to remain in Washington as assistant secretary, but Dulles told him that Eisenhower wanted no holdovers from the old Acheson regime. There-

fore, Allison probably will become ambassador to Tokyo. Germany—Robert Murphy, now ambassador to Japan, will be the new high commissioner to Germany. Murphy was the State Department officer attached to Eisenhower when he landed in North Africa, and worked out the deal with Admiral Darlan for French cooperation. Later Murphy worked with Eisenhower in Germany. They are old friends.

In Dulles Doghouse Russia—John Foster Dulles has not been overenthusiastic about George Kennan, now ambassador to Moscow, never liked Kennan's so-called "containment policy" for Russia. Dulles thought our policy toward Russia should be more vigorous, not merely one of containment. Kennan therefore will be transferred to Egypt as ambassador.

Another top State Department expert on Russia, Charles E. Bohlen, an expert Russian linguist and now counselor at the State Department, also is in the Dulles doghouse. He will be offered the ambassadorship to Belgium.

Ralph Bunche, the negro educator, is under consideration as ambassador to Moscow. His appointment automatically would counteract Moscow's propaganda that the lynchings are as common as football in the United States.

Woman To Netherlands The Netherlands — Mrs. Hiram Cole Houghton of Red Oak, Iowa, former president of the General Federation of Women's Clubs, is in line to be ambassador to The Hague. In view of the fact that Holland has been governed by two women—Queen Wilhelmina and now Queen Juliana—it is believed appropriate to send a woman there as ambassador.

Incidentally, Eisenhower is expected to keep Mrs. Perle Mesta in Luxembourg for the time being. When he was stationed in Paris, he used to visit Mrs. Mesta, enjoyed cooking in her kitchen. Mrs. Mesta, although a close friend of Truman's, also did a little quiet boosting for Eisenhower during the campaign.

Brazil—Lt. Gen. Willis D. Crittender, former commander of Governor's Island, is slated to be ambassador in Rio De Janeiro. He and he served in the War Department together as young officers—Crittender in press relations, Eisenhower writing speeches for General MacArthur.

Cattlemen Protest Controls In Plea To New Government

FORT WORTH —(AP)—Cattlemen have sent to President-elect Eisenhower and his Agriculture secretary designate strongly-worded messages regarding their dislike of price controls.

Directors of the Texas and Southwestern Cattle Raisers Association Monday passed a resolution expressing their "unalterable" opposition to what they called "artificial controls of the livestock and meat industry."

Copies of the resolution were to be sent to Eisenhower, Ezra Benson, who will be secretary of Agriculture, and congressmen.

The resolution charged that "no system of artificial controls of the livestock and meat industry has ever been effective or beneficial to anyone."

Invariably, the resolution said the future will have all the comforts of home—a small stove, a bathroom, an easy chair, an outlet for your electric shaver, hot and cold running water.

The situation seems almost as bad in every hamlet across the nation. One motorist told me bitterly this parking problem had become America's first line of defense against invasion.

"No invading force could really get very far," he said. "Its vehicles could keep rolling only until they ran out of gas. Then they would have to surrender because they couldn't find a place to park."

"It isn't my troubles with my wife that've got me down," many a motorist groans from a psychiatrist's couch. "It's this—where can I put my car?" and the psychiatrist, lying down on the couch, too, replies: Pave America.

"Move over and listen to me. I got three tickets myself for illegal parking already this week."

As the day is remorselessly growing nearer when the land will hold more automobiles than people, there appear only two real solutions to the problem: 1. Pave America, making the countryside one vast street. 2. Adapt the motor car to the situation.

MOVE TO MIDLAND Mr. and Mrs. Jim Rogers moved to Midland this week from Snyder.

Manhunt Resumes As Witnesses Say Suspect Not Killer

WEST UNION, OHIO —(AP)—The State Highway Patrol went back to a widespread search Tuesday for the hitchhiking slayers of Adams county Sheriff Ben K. Perry after two persons failed to identify one man who had been taken into custody.

"They failed to identify him," was the terse word from Cpl. C. H. Brown after state patrolmen made an early morning trip to Mayville Ky., to bring back a Charles T. Rigdon.

Corporal Brown said William White, who saw Perry shot to death Monday, and a filling station attendant who was held up by two men driving the sheriff's car a short time after the slaying, could not identify Rigdon.

When the sheriff was killed, Charles T. Rigdon's Army discharge papers were in his possession. At the time of the shooting, the sheriff was investigating a burglary at nearby Bentonville and had stopped to question two hitchhikers.

White told Prosecutor Vernon Young that as Perry talked to the men, one of them suddenly opened fire.

Senators Wardlow Lane of Center and Martin Crawford of Hillsboro strolled down the corridor in deep concentration and whispered conference.

Overheard from Lane: "I tell you. If you're going to vote with them, let them know. But if you aren't, well, don't say a word."

Neely said a Republican proposal to create a new Hoover study commission to look into social security and other problems "does not look like anything like a move in behalf of the President-elect's pledges." Rather, he said, "it seems to offer an excuse for delay."

UNLESS WE PAVE AMERICA—Lack Of Parking Space Seen As Defense Against Invasion

In the tremendous housing development where I live wives often come out and throw sandwiches to their husbands as they drive about, hour after lonely hour, looking for a berth for the family's iron chariot. Have to Surrender

The situation seems almost as bad in every hamlet across the nation. One motorist told me bitterly this parking problem had become America's first line of defense against invasion.

"No invading force could really get very far," he said. "Its vehicles could keep rolling only until they ran out of gas. Then they would have to surrender because they couldn't find a place to park."

"It isn't my troubles with my wife that've got me down," many a motorist groans from a psychiatrist's couch. "It's this—where can I put my car?" and the psychiatrist, lying down on the couch, too, replies: Pave America.

"Move over and listen to me. I got three tickets myself for illegal parking already this week."

TRADITIONAL MANNER—Sgt. 1/c Kenneth M. Castleman, Antioch, Calif., is greeted by his fiancée, Donna Leedilbeck, in the traditional manner as his beaming mother looks on. The sergeant is a member of the honor guard of 96 veterans of Korean combat selected to participate in President-elect Eisenhower's inaugural parade. The group arrived in San Francisco aboard the US Gen. Daniel I. Sultan.

GOP May Foster, Revise Point Four

By JACK BELL
 WASHINGTON—(AP)—Republicans may continue President Truman's Point Four program of technical economic assistance abroad, with some changes in operations methods and under a new name.
 But Truman's budget proposal to spend two billion dollars in foreign economic aid in the year beginning next July 1 likely is to be subjected to close scrutiny and sharp pruning.
 Four influential GOP senators said Tuesday in separate interviews they favor retention of the principle of Point Four, under which this nation furnishes technical advice and assistance to under-developed areas and lays the groundwork for U. S. private investments. It now operates in 35 countries.
 Senator H. Alexander Smith (R-N.J.), a foreign relations committee member, told a reporter, "There should be some modifications in the program and we want to get rid of the name, but I think we Republicans will want to continue it."
 Smith and Senator Saltonstall (R-Mass.), new head of the armed services committee, were not so enthusiastic about continuing other forms of foreign economic aid.
Harriman Hopeful
 Saltonstall suggested the appropriations committee, of which he is a member, consider the idea of making only limited amounts of money available for the proposed \$7,861,000,000 overall foreign aid program.
 Averell Harriman, in a farewell news conference Monday as mutual security director, appealed to the new Congress to appropriate the full amount the President asked for foreign military and economic aid in his budget.
 Senator Young (R-ND), an appropriations committee member, said

he believes more is being accomplished by the Point Four program at less cost than by a great many other aid efforts.
 Senator Ives (R-NY) said that while he believes the Point Four principle is right, "and we certainly can't withdraw," he doesn't think the program has been administered properly in some areas.

Officers Seek Pair After Midland Man Reportedly Robbed

Ector County authorities Tuesday were reported seeking two men who Saturday night beat and robbed a 25-year-old Midland man and left him on a lonely road one mile north of Odessa.
 Ernest J. Bomer, Jr., 1201 South Weatherford Street, told officers that he had ridden to Odessa from Midland with the two men he had met outside a beer tavern here.
 They stopped north of Odessa and when he stepped from the automobile, one of them hit him over the head.
 When he regained consciousness, he said, \$40 in cash was missing.
FROM PECOS
 Roy D. Glenn was in the city Tuesday from Pecos.
ENTERS HOSPITAL
 Warren Mask, manager of The United, Inc., entered Memorial Hospital at Bornwood Monday night for surgical treatment.
VISITS MOTHER
 H. H. McReynolds of Artesia, N. M., is visiting his mother, Mrs. R. R. Dancer, 510 North Main Street.

(NEA Telephone)
SUCCEEDS SCHUMAN—Georges Bidault named to succeed Robert Schuman as French foreign minister, Premier Rene Mayer made the change in forming the new cabinet.

Burglar Trap Kills Owner Of Gun Shop

HOUSTON—(AP)—A Houston gunsmith died Tuesday from injuries received from a 12-gauge shotgun burglar trap he had built.
 Robert Burkett, 39, was injured Monday while disconnecting the shotgun in opening his shop for business. He was struck in the stomach.

Livestock

FORT WORTH—(AP)—Cattle 2,700; calves 1,500; fed steers and yearlings slow, weak; other cattle and calves fairly steady to strong; good and choice slaughter steers and yearlings \$19-\$25.25; common to medium \$12-\$19; beef cows \$14-\$17; good and choice slaughter calves \$20-\$25; cull, common and medium \$10-\$19; good and choice stocker steer calves \$20-\$25; stocker yearlings \$23 down; stocker cows \$13-\$19. Hogs 400; butcher hogs steady to 25 cents lower; sows steady; choice 185-265 pound butchers \$19.00-25; choice 150-180 pound hogs \$17-\$18.75; sows \$15.50-\$17.50.
 Sheep 3,000; slaughter lambs weak to 50 lower; feeder lambs steady; other classes scarce. Utility to choice slaughter lambs \$18.50-\$21.50; choice 69 pound fresh shorn slaughter lambs \$19; feeder lambs \$16-\$19.50.

Cotton

NEW YORK—(AP)—Tuesday noon cotton prices today were 55 cents a bale higher to 50 cents lower than the previous close. March 32.23, May 32.84 and July 32.25.

DEMOLAY MOTHERS CLUB TO MEET

The DeMolay Mothers Club will meet at 7:30 p. m. Wednesday in the home of Mrs. R. V. Hollingsworth, 512 West Kansas Street.

NINE DIE IN AIR CRASH

CAIRO—(AP)—A British Royal Air Force Hastings aircraft crashed Monday and all nine crewmen were killed.

Oklahoma Crapshooter Isn't Too Particular With Stakes

A 37-year-old Oklahoman, who, incidentally, shoots dice for the funniest kind of stakes, had a good reason for not showing up at his new Midland job Monday.
 He was being held in the Ector County jail at Odessa on a federal charge of transporting a stolen automobile across a state line.
 He was arrested in Odessa Saturday, and Monday, it was learned, the automobile he was driving had been stolen last week in Tulsa.
 He had reached Midland Friday, obtained a job with an oil well servicing company and went on to Odessa to wait until he was supposed to report for work Monday.
 In the automobile, officers found two 100-pound sacks of onions.
 "Oh, those," explained the man, "I won them shooting craps in Fort Worth."

Trek To Return 40 C-46 Victims Begins

FISH HAVEN, IDAHO—(AP)—A big search party started from Beaver Basin south of here early Tuesday to reach the burned, crumpled wreckage of a C-46 troop transport which crashed last week with 40 persons aboard.
 Two para-medical rescue troopers, who spent a lonely, night-long vigil in subfreezing weather by the wreck on White Pine Ridge about seven miles west of here, found no survivors when they parachuted to the site Monday.
 Air Force officers, veteran Idaho woodsmen and peace officers manned the cortege of military vehicles, 12 ambulances and two snowmobiles. The party entered the uninhabited wilderness on a Forest Service road, then was to travel two or three miles on foot. The hike was up a steep slope, heavily wooded and cut with deep crevices and ledges.
 The plane, which vanished Wednesday enroute from Seattle to Ft. Jackson, S. C., carrying returning Korean War veterans, hit the mountain with an explosive impact at the 8,500-foot level, about 700 feet from the top. The para-medics said only the tail section remained intact. The 37 Korean veterans aboard were enroute to their Southeastern States.
 Maj. Dick Burt of Ogden, a Civil Air Patrol pilot, spotted the wreckage Monday. Later Lt. Dan E. Fitzgerald, 43rd Air Rescue Squadron, McChord Field, Wash., who lives in Camden, N. J., and his fellow para-medical, T/Sgt. J. J. Weiss of Pittsburgh, Pa., parachuted to the mountain slope.
 They found the wreckage and reported that the plane's wings apparently were driven deep in the heavy snow. Searchers said the craft apparently dove sharply into a mountain crevice and splattered over a 300-foot area.

Convicted Rapist's Brother Takes Oath As Draftee In Army

FORT WORTH—(AP)—Arol (Bud) Long, 20, left Tuesday for the Army with 12 other draftees, determined to avoid his brother's mistakes.
 His brother, Pvt. James Long, is serving a life sentence in Tokyo for the rape and murder of a 67-year-old Korean woman and the rape of her 11-year-old granddaughter.
 He was condemned to die but saved by a last minute commutation by President Truman.
 "I think James got into trouble because he got mixed up with the wrong crowd in the Army," Bud Long said. "I'm not going to make that mistake. I've already got my crowd and I'm taking it with me."
 He pointed to two buddies, Tom Harvey and Cecil Howard. The three have been pals for two years.

Legislature Starts Grinding

(Continued On Page One)
 While taxing and spending have a bearing on many issues facing the lawmakers, others are unrelated. Legislators have indicated in advance of the session that they also consider these problems among top priority items:
 Modification or repeal of the controversial auto inspection law; a presidential preference primary and many changes in the election code adopted by the 52nd Legislature; changes in the drivers financial responsibility law; removal of the \$35,000 annual ceiling on welfare spending; changes in the Gilmer-Alkin school laws; truck load law changes; straightening out of administrative difficulties in the state hospital and special school system.
Based On Census
 The 53rd Legislature will be the first since 1925 in which representation was based on the most recent federal census. Redistricting meant that all 31 of the senators taking their seats Tuesday were elected anew.
 In the House, there are 74 members with no previous legislative experience. That is an unusually high number and this lack of experience could slow its work down.
 Generally, the 53rd Legislature will have more senators and House members from Southern and Western districts to which the state's population has shifted from the Northeast and East. Cities and heavily-populated areas generally will have a louder voice than they have had in more than 25 years of lawmaking.

Two Fresh Chinese Armies Moved Up To Korean Front

SEOUL—(AP)—The U. S. Fifth Air Force hurled a crushing 440-plane strike against Communist rail facilities deep in northwest Korea Tuesday. It was the seventh hammering blow on the Red line in five days.
 U. S. Sabre jets, flying protective cover, downed two Communist MIG-15's, probably destroyed one and damaged another.
 The fighter-bombers streamed north in morning and afternoon raids of 220 planes each only a few hours after B-29 Superforts plastered the area with 100 tons of bombs in a night strike.
 Biggest news on the ground front was that two fresh Chinese Communist armies—about 70,000 men—have moved into the line on the western front. Intelligence officers said there was no indication of any new Red offensive in that area, however. They said one badly-mauled Chinese Army was being pulled out of the line.
 The planes piled rubble atop rubble in their pulverizing attack on a bridge complex north of Sinanju. The bridges span the Chongchon River and form a bottleneck in the supply line which funnels Red war equipment from Manchuria and China southward to the front.
 Sabre pilots got one of the MIG's without firing a shot. The Red plane was maneuvered out of control and plunged to earth.
 The second kill went to Col. Royal N. Baker, McKinney, Texas, making him the leading ace still in combat. Baker now has seven kills.
 An Allied raiding party stabbed into Red lines in bone-chilling predawn cold Tuesday. The troops sprayed a Communist hill position with raw napalm (jelled gasoline), then set it afire with phosphorus grenades.
 Another UN raiding party jabbed into Red lines on the Central Front. Only Red offensive action was on the eastern front, where 80 Communist infantrymen denied the Allied lines for a brief period.

Congress Hurries To Mold Committee Assignments; Prompt Ratification Seen

By JOE HALL
 WASHINGTON—(AP)—The Republican majority sought to clear the way for the Senate to start work by completing Tuesday the committee assignments of all GOP senators.
 The key assignments, which determine what sort of legislative career a senator follows, largely were settled Monday at a series of closed-door sessions.
 They came Tuesday before the Conference of All GOP Senators, where the final decisions are made.
 Senator Taft (R-Ohio), the majority leader, arranged to have the full Senate ratify both the majority and minority committee assignments later in the day.
 The same committee organization

problem is holding up the House, and assignments there were not ready for ratification at Tuesday's session. The chief problem in the House is on the Republican side; leaders hope to have it worked out in time to complete organization on Thursday.
Complete Organization
 Formal ratification in the Senate largely would complete organization and permit the committees to hold informal hearings later this week on President-elect Eisenhower's Cabinet appointees.
 The Democrats worked out their committee assignments Monday in a harmonious steering committee session. They contrived to give each of their freshmen a major commit-

tee post—an unusual feat made easier this year by the changes in size of committees.
 The Democrats also arranged to line up a strong team on the Senate Government Operations Committee, to be headed by Sen. McCarthy (R-Wis.). This group has responsibility for major government investigations.
 The minority will have on this committee two veteran Southerners—Senators McClellan (Ark.) and Hoey (NC)—and four younger members who generally have backed the Administration—Senators Humphrey (Minn.), Jackson (Wash.), Kennedy (Mass.) and Symington (Mo.).
 They were chosen, a Democratic source said, with the idea of keeping a rein on any investigations McCarthy may undertake.
 It was evident in Monday's maneuvers that the majority did not intend to leave openings for Senator Morse (Ind-Ore.) on the two major committees on which he now serves—armed services and labor. Morse bolted the GOP during the campaign to support the Democratic ticket.

"WHITE SHEEP" OF THE FAMILY—"Snowdrop," above, is a dog of distinction. He's an albino cocker spaniel and was born in Yakima, Wash. All of his brothers and sisters are black, and should Snowdrop survive, he'll be one of the few true albino dogs in existence. Mother, however, doesn't care what color he is—she's her puppy, and that explains the distrust with which she is regarding the photographer. Snowdrop is a biological "sport," not a true mutation, or new type of spaniel. Should he ever sire a family, the puppies will be black.

Flu's Clutch On Midland

(Continued On Page One)
 It was making a tabulation on the scope of the disease. It said earlier a check of 59 counties showed at least 25,000 influenza cases.
 Gober and Ladonia, both in Fannin County, closed their schools Tuesday. Bonham and Honey Grove, in the same county, had been closed since last Wednesday.
 Moulton estimated 32 per cent of all Fannin County school children were away from classes.
Not 'Real McCoy'
 Other towns where classes had been dismissed include San Marcos, Lamesa, Belts, Gonzales, Lockhart, Alice and China Spring.
 Dr. Ed Sulkin, professor of Bacteriology at Southwestern Medical School in Dallas, said it wasn't the "real flu McCoy." He said he had encountered a single case of true epidemic influenza in his laboratory.
 Apparently the malady was of the same type that was sweeping through New Mexico, Colorado and other Southwestern states.

"Worst Since '18"
 Sam Marcos school superintendent, Fred Kaderli, ordered his schools closed until next Monday as a result of what he termed the worst "flu outbreak since 1918. More than 800 students—32 per cent—were absent Monday. Negro schools were the hardest hit.
 In Lockhart, Dr. Abner Ross said schools closed there Monday with 30 per cent of the children ill. In Taylor, doctors reported a "near epidemic" and Elgin's schools were reopened Monday for the first time since December 19, when they were closed by "flu. Supt. Thomas R. Coffman said they would be closed again if there were a high percentage of absentees.

Thousands of cases of "flu" were reported in a 20-county South Plains area around Lubbock, but there had been no alarming absenteeism in Lubbock schools and the spread of the disease apparently hit its peak the week after Christmas.
Lubbock Hit Hard
 It was estimated that 10 per cent of the population in Lubbock, about 10,000 cases, were incapacitated the latter part of December. There were 561 cases reported last week.
 Beaumont schools reported only a few cases Monday, but Sherman reported 815 of 3,808 students out with the illness, and 78 of 180 hospital patients were said to have the "flu."
 At Abilene, 1,887 of 8,576 students and 27 of 367 teachers were absent Monday. Sup. A. W. Wells said most of them had influenza.
 Connally Air Force Base, Waco, started inoculation of all personnel at noon Monday. Sheppard Air Force Base, Wichita Falls, ordered similar measures to begin Tuesday. Parkland Hospital in Dallas reported its clinic "flooded with cases of flu," and Austin last count taken Friday showed 1,235 cases compared with 86 a week previously.
Waco Staggered
 The City-County Health Unit in Waco estimated 7,000 flu cases throughout McLennan County. In Waco itself, 3,050 out of the city's 15,500 pupils were absent. About 50 teachers were reported ill.
 W. H. Hadley, superintendent of Alice schools, ordered schools closed Tuesday and Wednesday. He said more than 1,200 children were absent from classrooms, along with 25 teachers.

VISITED IN HOBBS
 Mrs. Claude Rathmal, 1707 Garden City Highway, visited with friends recently in Hobbs, N. M.

Brand Links Midland Cattle To Smuggled Mexican Herd

EL PASO—(AP)—Trial of seven West Texans charged with cattle smuggling continued Tuesday after an Oklahoma rancher said brands alleged to be from Mexican cattle looked like those on cattle he bought in Midland.
 O. H. Raggett, Kenefic, Okla., testified Monday as the trial began in federal court.
 The government charges eight men brought about 350 head of cattle from Chihuahua, Mexico, to the U. S. while the foot and mouth disease embargo against importing cattle was still in effect.

The seven men being tried now are Walter Dillard Babb and his brothers, Wayne and Irvin, of Sierra Blanca; Leonard, H. L. and Fred Wilkerson of Big Spring, and Joseph Marchant of Midland.
 The eighth man, Tom Grubb, Blanca, had his case continued because of illness.
 All have denied the charges.
 The brands exhibited Monday were stripped from cattle traced from Mexico to Oklahoma. Raggett said the brands, mounted on boards, were similar to those on the cattle he bought in Midland.

Congratulations To

Mr. and Mrs. Joe R. Howard, 1211 East Chestnut Lane, on the birth Thursday of a daughter weighing seven pounds, eight and one-half ounces.

Mr. and Mrs. Donald W. St. Clair, 910 West Tennessee Street, on the birth Thursday of a son weighing three pounds, 13 ounces.

Mr. and Mrs. Harold G. Sikes, 509 North Garfield Street, on the birth Thursday of a daughter weighing five pounds, seven ounces.

Mr. and Mrs. Wade Smith, 210 East Maple Street, on the birth Friday of a son weighing five pounds, 10 1/2 ounces.

Mr. and Mrs. Joe M. Proffer, 113 East Noble Street, on the birth Friday of a daughter weighing six pounds, eight ounces.

Mr. and Mrs. Robert Peyton, 118 East Cowden Street, on the birth Friday of a daughter weighing four pounds, six ounces.

Mr. and Mrs. Dalton H. Cobb, 1100 Mogford Street, on the birth Saturday of a son weighing five pounds, 14 1/2 ounces.

Mr. and Mrs. F. W. Holbrook, 1203 Princeton Street, on the birth Friday of a daughter weighing seven pounds, four and one-half ounces.

Mr. and Mrs. Richard M. Hemingway, 3211 Park Lane, on the birth Saturday of a daughter weighing four pounds, five and one-half ounces.

Mr. and Mrs. W. P. Beatz, 1063 Midkiff Street, on the birth Friday of a son weighing seven pounds, eight ounces.

Mr. and Mrs. Joseph B. McNamara, 3304 Sycamore Street, on the birth Saturday of a daughter weighing six pounds, one ounce.

Mr. and Mrs. Eugene Thurmond, 3905 Anita Street, on the birth Sunday of a son weighing seven pounds, seven and one-half ounces.

Mr. and Mrs. George Montgomery, 2606 Roosevelt Street, on the birth Sunday of a son weighing seven pounds, five ounces.

Mr. and Mrs. Max Floyd, Route 2, on the birth Sunday of a daughter weighing eight pounds, two and one-half ounces.

Mr. and Mrs. Clinton E. Sh... 2708 West Delano Street, on the birth Sunday of a daughter weighing seven pounds, nine and one-half ounces.

Mr. and Mrs. Homer A. Nance, 900 West Kentucky Street, on the birth Monday of a daughter weighing eight pounds, two ounces.

Mr. and Mrs. John D. Alcorn, 916 North Loraine Street, on the birth Monday of a daughter weighing six pounds, nine ounces.

Mr. and Mrs. Norman Rushing, 305 South Fort Worth Street, on the birth Tuesday of a daughter weighing six pounds, 15 ounces.

Mr. and Mrs. Harlan Howell, 209 Plaza Street, on the birth Tuesday of a son weighing seven pounds, eight ounces.

OUT OF DOORS with Field & Stream

By WARREN PAGE
 Shooting Editor
 Who can be a bench rest shooter? Must a guy have eagle eyes, be able to hit a penning offhand at a furlong, and have a back-yard oil well to finance a collection of super rifles and a machine shop?
 Nope. Anybody with a centerfire rifle can be a bench rest shooter. All it takes is a yen to make a rifle shoot.
 If the local club has no bench rest, any two ribbon clerks, with shovel, saw, hammer, spikes, some two-inch plank and a hunk of old telephone pole can put one up. All the dope needed is in the Bench Rest Shooter's Yearbook, Modern Accuracy, or in the February, 1951, issue of Field & Stream. Stuck for a range? Maybe a friendly farmer will lend you his back pasture.
 Flossy bench equipment? It's nice to have stuff like the Beecher rest, suede sandbags stuffed with Siberian bird gravel. You may get them eventually, but you can start with a stack of short planks and two old money bags from the bank filled

with your own bullets. You tape a mailing tube on your barrel so it won't reflect, and cuss the range officer for not setting up an anemometer to help you guess the wind. You shop for a first-class group tightener.
 But who should care when he takes a quarter-inch group and shakes home \$11.63 for third highest aggregate.
 Everybody has fun in the bench rest game. Even your wife is relieved. She knows you're not hanging around pool halls until half-past-one every night—you're down in your shooting partner's cellar talking guns until half-past-two! Any rifle shooter can get in on the bench rest game. I did, and look what happened to me?
 (Distributed by NEA Service)

from Johnny's sandbox. Secrets of success in holding the rifle. Just remember that the rifle must always rest in the same way, in the same place, with the same pressure against its butt-stock and wrist for each and every shot. You will be amazed at how close a deer gun will throw 'em.
 Only three inches? Well, she'll kill the buck OK, but who has absolute confidence in his rifle with that kind of shooting? Let's try another load, check the bedding, have the trigger touched up glass crisp. Two inches? Can do better. Pretty soon you're carting around one of those "wallet groups" to show people. You know exactly where and why your rifle shoots when she's held right. You have become a bench rest shooter, Stage I, and a better rifleman and hunter for it.
 During Stage II, if there are woodchucks, rock chucks, crows or coyotes in your neighborhood, you whack up a varmint rifle to poke them in the left eye at 200 yards. At this point you begin stuffing your brain with the mechanical and theoretical gimmicks of making a rifle shoot to perfection.
 You become a member of the great "Four In and One Out" fraternity, your wallet crammed with pieces of target paper with tight holes in 'em. As a chuck shooter, your legs get shorter, so that the range on any 200-yard chuck is at least 246 1/2 inches.
 At the beginning of Stage III, you whittle out a half-ounce of handle for a super-rifle, chambered for a super-accurate wildcat. You cut, neck, and blow out cases. You swage

"My ball's inside—it rolled down the bank in the sticky snow on my last drive!"

Real Estate Board Membership Drive Leaders Designated

A membership drive was launched Tuesday at noon by the Midland Real Estate Board at its monthly meeting in the Cactus Club at 2910 West Washington Street.
 Jimmy Wilson, president, presided, naming members of newly formed committees. W. F. Chesnut, secretary, presented a financial statement.
 George S. Park and C. E. Nelson were designated as members of the finance and membership committee. Wilson, Park, Chesnut, and Harlan Howell were appointed to the executive committee.
 Members of the program committee elected are A. J. Womack, Tom Brown and Cecil Bojes.
 A motion to provide the expenses of Congressman Ken Regan and his wife at a National Real Estate Board dinner in Washington, D. C. on February 3 was carried unanimously.
 Boles gave the invocation at the Tuesday meeting. The organization meets the second Tuesday of each month.

DANGER IN WET FEET

Parisians keep a weather eye on the statue of the French fighting man in the foreground, which stands guard at one of the pillars of the Pont de L'Alma, over the Seine River. When his feet are wet, it means the Seine is at flood stage. When water reaches his waist, downtown Paris is flooded. When the stony guardian of the Seine is submerged, much of central Paris is underwater. The last time this happened was in 1910.

Charges Against Judge Dismissed

ALICE—(AP)—District Judge C. Woodrow Laughlin owns his law books again and he's a free man after a brief appearance as a defendant in his own court.
 Charges that Laughlin misrepresented the value of his books in selling them to Jim Wells County and that he took an illegal financial interest in county contracts were dismissed Monday.
 A few hours previously, Laughlin bought the books back for the price he received for them—\$2,185.70.

FROM LUBBOCK

Vernon Fuller was in the city Tuesday from Lubbock.

NEW WINGS FOR JAPAN'S GROUNDED PILOTS—The air cadets, above, listening intently to an instructor explain the mechanism of a light plane, are all former pilots of the Japanese Imperial Air Force of World War II. They are among some 300 men who will make up the air arm of Japan's National Security Forces, which now number six divisions. Japan was permitted to build a police force to preserve order within the country, under terms of the treaty signed with the United States in 1951.

Texas Solon Yields Seat To Son Along With Advice

AUSTIN—P—Grady Perry, Stephenville, Tuesday turned his seat in the House of Representatives over to his 29-year-old son who succeeds him. "I figure he'll do all right—he's been raised to work," Perry said of Rep. W. W. Perry. Perry the father served three terms in the House but didn't run for reelection. What advice does a father give his son? "I told him to get a desk on the south side of the House—it's cooler over there. He's not married, and I told him to get a secretary who will work and if he wants to do any running around, to run around with somebody else's secretary."

Cowboy Talk Puts Dam Fate In Doubt

AUSTIN—P—Some Texas cowpunchers talk at a public hearing here Monday apparently left the fate of the proposed Canadian River Dam in doubt. The board of water engineers took the project under advisement for further study after J. E. Vettes Haley, Lubbock rancher-writer-educator, and two other challenged federal financing and control of the dam. Thirty-seven other citizens and officials of 12 participating Panhandle districts urged the board to authorize creation of a water control district which is needed for dealing either with the government or private backing for the dam's construction. They said the project is not committed to the federal government and financing is a political question for the voters to decide. Haley contended the people of the Panhandle "do not have the facts so they will know the implications and insidious influences of federal financing." He told the board he represented the "cowpunchers point of view" and didn't want to see federal encroachment on water rights in the High Plains. Pampa attorney Curtis Douglas and Canadian farmer-stockman Frank Shaller joined him in his views. They also raised a question of legality of creating a district within another already-created district set up by the Legislature in 1937. Half a dozen mayors testified to the need for an increased municipal water supply the project would supply. Congress has authorized the project but has not appropriated the money. Cost has been estimated at \$85,000,000 for both the dam and the piping system to the participating communities. The dam would be located near Sanford, Hutchinson County. If the water board approves creation of the district, elections still must be held in each of the 12 cities for final authority. The board did not indicate when it might reach a decision. Participating in the project are Amarillo, Borger, Brownfield, Lamesa, Levelland, Littlefield, Lubbock, O'Donnell, Pampa, Plainview, Slaton and Tahoka.

Berg Funeral Services Held

Funeral services for Ernest L. Berg, 43, of 702 West Nobles Street, a consulting geologist here, who died Sunday after an illness of three years, were to be held at 4 p.m. Tuesday in the Newline W. Ellis Chapel.

Texas Pastors Close Evangelistic Meeting

FORT WORTH—Pastors who want to add 10,000 members to Christian Churches in Texas moved into the second day of a three-day meeting here Tuesday. The 400 pastors are planning an evangelistic "advance" to end in March. Tuesday the program was described to pastors. Monday 32 area directors were instructed on how to supervise the campaign. ODESSANS HERE Mrs. Marion Baker and Mrs. John Oden of Odessa were here Tuesday on business. BUSINESS IN CITY Mrs. James Hill and Mrs. M. Thompson of Big Spring attended to business here Tuesday.

Clues To Death Are Sought In Heiress' Decayed Coffin

COPENHAGEN—P—Search for an explanation of the death of a wealthy 18th Century heiress was spurred Tuesday by the finding of traces of what may have been her coffin. Constable Theodor A. Binneball, an amateur archeologist, uncovered remains of a wooden box late Monday in an ancient burial vault. He is seeking evidence of just how Clara Birgitte Bodenhoff, a 19-year-old widow, died in 1798. She was then one of the world's richest women. A descendant has authorized Binneball's inquiry. Relatives at the time said she died of a boil in the ear but conflicting tales have persisted. One of these says she appeared dead after being drugged to relieve her pain, was entombed alive and revived when robbers came to steal jewels buried with her. According to this version, the robbers bashed in her head and fled. Binneball hopes to find Giertrud's skull, and with it evidence of whether her head was bashed in. He also hopes the presence or absence of jewelry in the grave will

Key, Wilson & Maxson's REAL ESTATE Bulletin Board

REPORTING THE TOP NEWS IN REAL ESTATE

I'VE JUST RETURNED from a two-week vacation in Connecticut. In that period of time, they had only 3 hours of sunshine! Pity the poor Yankees. It's wonderful to be back in Texas. While I was away, our firm accumulated some terrific real estate listings. The following are some of them.

DESIRABLE AND EXCLUSIVE because it is one of the loveliest homes in the attractive Country Club neighborhood. Nestled among trees (that rare element), it has two bedrooms, 20 magnificent feet of den, huge living room, and kitchen with dining area. The garage is attached, the yard with the tile patio is fenced, and the neighbors are wonderful. Furnace heating, air conditioning unit, some lovely carpeting, and cleanliness throughout. Invitingly priced at a low \$15,500.

RINSO MAY CLEAN YOUR CLOTHES, but it takes good care to keep a home immaculate. And care was not stinted in this attractive two-bedroom home located in TOWN NORTH. Selectively exteriorized with asbestos siding, you'll find the floor plan an ideal one. Large living room, elongated kitchen with breakfast area, tile bath, huge closets, attached carport and storage. Lawn, paved street. Can be handled for as little as only \$1,880 down. Priced at \$10,513.15.

"P.B." STANDS FOR Pocket Book—and that's yours does not belong to us, we have a lot of respect for it—because it is yours. And you will respect our unequalled endorsement of this practically new home. Beautifully constructed of Austin Stone, it has three large bedrooms, well-composed living room, dining room, tile bath, and huge attached garage. Central heating, ducted for air-conditioning, mahogany doors, and covered rear porch for relaxation. Only 6 months new, immaculately clean, and being sacrificed at a \$2,000 loss to owner. Assume \$11,000 loan. Priced at an amazingly low, low \$16,000. It's on Storey Street.

IF GRACIOUSNESS IS PARAMOUNT, then no home offers a greater quantity than this magnificent red brick home in Skyline Heights. Two huge bedrooms, entertaining living room, dining room, two ceramic tile baths, and two-car attached garage with storage. Exquisitely carpeted and luxuriously draped in vogue tones. Central heating, air-conditioned, separate utility room, and a woman's kitchen. Lawn, water well, and highly restricted homes of equal magnificence. Priced at \$19,750.

IF THE PARENTS ARE PROLIFIC and the young citizens are growing by leaps and bounds, changes are taking place right under your nose (and toes). Therefore, I suggest a change to this better and bigger home. Located in the Sam Houston school district, constructed of red brick, it has three wonderful bedrooms, 2 1/2 bath, living room, dining room, 21 feet of family-sized kitchen, and an ideally situated 2-car attached garage which can inexpensively be converted into two rooms or a huge den. Of course it has two tile baths, distributed heating, some carpeting, air-conditioning unit, and draperies. There is a lawn for the kiddies and a tile fence to control their wandering instincts. All this, and paving, too, \$20,500.

IT'S THE BIG HOUSE at 1107 Pecan Street. And claustrophobia suffers instantaneous death in every room. Huge entry hall, 28 feet of living room, three bedrooms, two baths, lots of closets, attractively spacious kitchen. Recently re-decorated throughout. New carpeting in every room, over oak floors, paved street. Although this home was appraised 30 days ago for \$10,600, owner is forced to sell because of illness in family at the ridiculously low figure of ONLY \$6,825.

KEEP YOUR EYES ON THIS column for the best in real estate in Midland. Next time, I'll tell you about some additional homes. In the meantime, drive by the two-bedroom and den home we have at 3202 Delano. Priced at \$9,800 (in American currency only). Then proceed southeast to 1805 Washington. This one has three bedrooms, fenced yard, also paving, and in excellent condition. Priced at \$9,500.

HARVARD, lovely 3-bedroom brick veneer, 3 tile baths, living room and dining room carpeted, attached garage, tile fence, immediate possession. \$23,500.

PRINCETON, excellent location, 3-bedroom brick veneer home, 3 1/2 tile baths and kitchen, well arranged, fireplace, central heat, air conditioning, attached double garage, established yard with tile fence, immediate possession.

CARPENTER, brick veneer 3-bedroom home, den, fireplace, Harvard Street, fenced yard, immediate possession, can be handled for \$8,000 down.

WEST KANSAS, brick and frame, unique, 3 bedrooms, 2 baths, sun porch, fireplace, central heat, air conditioning, patio, carpeted, attached garage, immediate possession, tile fence, nice yard, excellent location.

Well located home, 3,000 square feet of floor space, 3 bedrooms, 2 baths, den, utility room, frame, attached garage, fenced yard, lovely trees, \$5,000 down.

West Michigan, 3-bedroom brick veneer, large lot, tile fence, central heat, fireplace, good water well, can be handled for \$3,000 down.

2101 West Brunson, first time offered for an amazingly low price of \$12,500. 3-bedroom home on 100 foot corner lot, paved on both sides, one block from Elmwood. Excellent location, fenced yard, lovely trees, double garage, immediate possession—\$3,500 down.

BUSINESS AND HOME on Garden City Highway, 2 1/2 acres, new brick veneer 2-bedroom home, attached garage, immediate possession. \$12,500.

CLOSE TO TOWN AND SCHOOLS, frame, 2 bedrooms, lovely large den, excellent condition, 3-room rental unit in rear. \$16,500.

Suburban, very nice 2-bedroom brick veneer, tile bath, central heat, fireplace, large yard, immediate possession. \$15,900.

WEST WASHINGTON, nice 3-bedroom frame home, paved street, asbestos siding, over frame, immediate possession. \$8,500.

Parties, 2 very nice homes. Both are 2 bedroom homes. Located at 2718 and 2716 Roosevelt. Can buy either at \$9,250 or both houses for \$18,250. Immediate possession.

'Little Things' Missed By Americans Abroad

By GRACE HALSELL, Reporter-Telegram Special Correspondent
MUNICH, GERMANY—It's the "little things" like safety pins and nose drops you miss when you are so far away from home, a Texan, Lt. Lt. Leroy Gafford, believes. Lieutenant Gafford is stationed here with the Quartermaster Depot, in the stock control division. "In Germany you just can't go out and buy what you want, like you can in the States," the Texan commented. "When the baby came, we could

not find safety pins anywhere. And we couldn't find baby oil. And when I get a cold, I can't find nose drops, nor anti-histamine," he said. The lieutenant's wife, the former Rosemary Thornhill of Dallas, said what she missed most were American clothes. "Tall and slender, Mrs. Gafford says "I'm just not built to wear German-made clothes. I have to buy the FX, or send back home for them." Since ordering from the States requires time and patience and since FX clothing leave something to

be desired, Mrs. Gafford had purchased a sewing machine, and has a new hobby now—that of making her own clothes, as well as for their baby, Becky Jane, 17 months, who was born in Munich. Non-Fattening Food? Mrs. Gafford must be one of the two or three American women in Germany who has not gained weight here. She is five feet, six and three-quarters inches, weighs 121 pounds. She doesn't know why she hasn't gained, because like most wives over here, she (1) likes the Bavarian beer, which is said to be very fattening; (2) she eats lots of potatoes, German bread and butter, ("I'm always going around with a German roll in my mouth"); and (3) she has a German maid, and does not do much housework. "The women over here keep themselves busy with shopping and social activities, but they do not have much housework to do," she believes. The Gaffords came to Germany together, in February, 1951, before the Army cut out concurrent travel. He is a University of Texas graduate, class of 1950, with a BBA degree in advertising. Mrs. Gafford is the daughter of Mrs. W. J. Green of Dallas, who visited the couple here last July and August. First Time in Air "It was the first time she had flown and one of the few times she had been out of Texas," they said, adding that "we visited England, France, Switzerland, Austria, Germany together." Mrs. Green also spent a week in Italy. She was accompanied on the European trip by Mrs. Louella Crabb, also of Dallas. Mrs. Gafford, who is secretary-treasurer of the Munich Quartermaster Depot Club, said other Dallas women in the club included Mrs. J. W. Wilkinson and Mrs. J. J. Dillon. The group meets once a month, and one of its projects is the support of a little blind German boy. Before coming into service, Lieutenant Gafford worked in Big Spring for the B. S. Harold Company. The couple will return to Texas in February of 1954. Meanwhile they are expecting the birth of their second child in Germany.

Interested In Saving Lives? Blood Mobile Offers Chance

The call for your blood is on. It's needed for Korea, for diseases like paralysis, for disaster use. On January 21 and 22 the Red Cross Mobile unit will be here for the first time. All you will have to do is dial 4-6161—the Red Cross office here—for an appointment. The Blood Mobile itself will be located at the Red Cross Building, 619 West Indiana Street. How do you qualify? You must be between the ages of 18 and 59 years. You must weigh at least 110 pounds. For the first time in this city, your blood will be used to combat paralysis. Scientists have recently discovered that if the polio virus can be attacked by the antibodies before it strikes the nerve centers, paralysis may be prevented or minimized. Scientists say that it is only when the nerve centers are destroyed that polio will set in. They discovered that by a transfusion of one pint of blood, a child can be saved from the terrible disease. Actually, a derivative

of the blood—gamma globulin—is what does the trick. And not only does gamma globulin often cure—it also prevents polio. And Korea? "I'm stationed at an Army hospital—far from any front line fighting," declared a nurse recently. "But here the biggest battle of all goes on... the battle for life. "Day after day, I've seen the blood people donate restore health to the shattered, life to the lifeless. Helping these men, watching them, I've come to understand why the need for blood—wherever used—is always urgent. "Your blood may go to a combat area, a local hospital, or for civil defense needs. But wherever it goes, this priceless, painless gift will someday save an American life." Are you interested in saving lives? The Blood Mobile will be in the city, January 21 and 22.

Big Three Again Seek Liberation Treaty For Austria

WASHINGTON—(AP)—The three big Western Powers again have prodded the USSR to conclude a treaty with Austria restoring its full independence. In essentially identical notes, the United States, Britain and France told Moscow of their intention to summon an early meeting of the four-power treaty deputies in London "for the purpose of concluding an Austrian treaty." Efforts to settle Austria's status and end the occupation by the four powers have come to grief, after 258 other meetings, over the Russian demands and claims against Austria. The negotiations faded into what the United States called a "sterile exchange of notes."

CAN'T BE DONE—Quadruple amputee "Korea Joe," ROK Cpl. Lee Yong Suk, is tended by ROK medic at a hospital in Pusan, Korea. Charley Company, 27th Wolfhound Regiment, the outfit with which "Korea Joe" fought for 24-months, wants to place him in a U. S. Army hospital, where he would get much better care. While sympathetic to the idea, high brass says it cannot be done as the U. S. Army does not admit ROK's into its hospitals.

Heart Group Opens Office

Mrs. Suda Willis Oles, executive secretary of the Permian Basin Heart Association, has announced the opening of a permanent association office in Room 131 of the Allen Building. The office will serve as headquarters for a 15-county area, now being organized for the annual drive of the National Heart Association. The drive is scheduled for February. President of the Permian Basin Association is Dr. Fred W. Gaarde of Midland. Other board members from Midland are Robert M. Payne, chairman; Dr. H. Glenn Walker, P. V. Thorsen, Charles F. Mathews, Mrs. Waldo Leggett, Clyde Davidson, A. H. Vineyard, Mrs. Walter M. Wilkinson, publicity, and Mrs. Oles, secretary. Additional appointments, Mrs. Oles said, will be made following a meeting of the board scheduled for Tuesday night. Milton Eisenhower, brother of President-elect Dwight Eisenhower, heads the National Association and Dr. J. C. Crager of Beaumont heads the Texas branch.

Alaskan Dog Team To Mush In Parade At Ike's Inaugural

WASHINGTON—(AP)—Snow or no snow—and officials hope there is none—there will be a five-dog team of Alaskan huskies in the Eisenhower-Nixon Inaugural Parade next Tuesday. The team and its driver, Charley E. Cannon of Anchorage, will accompany Alaska's float. Inaugural officials hope the weather will be such that it will be necessary to attach wheels to the sled. In other inaugural preparations: The official 50-page, \$1-a-copy program started coming off the presses; 36 military aircraft, the vanguard of about 460, arranged to rendezvous near the capital Tuesday to plan for a mass flight over the city during the parade. There have been some protests that this demonstration by military planes will be unduly hazardous. The Air Force said it would go off if weather conditions are favorable.

Yugoslav Cardinal Vows Church Never Will Bow To Tito

KRASIC, YUGOSLAVIA—(AP)—Alojzije Cardinal Stepinac, storm center of the Yugoslav government's differences with the Roman Catholic church, says the church never will bow to dictates of Premier Marshal Tito's Communist regime. The new prince of the church made his emphatic statement in an interview with an Associated Press correspondent Monday, only a few hours after a Vatican consistory elevated Stepinac to the College of Cardinals. Earlier, he had announced he would not go to Rome for the ceremony because he feared the Yugoslav government would not let him return. "The Catholic church in the fatherland is going to remain firm," the new cardinal declared. "The Holy See always is ready for agreement, with all men of good faith, but never under dictation. The term 'dictate' is unknown in the dictionary of the Catholic church."

Former Navy Boss Believes Ike Can End Korean War

WASHINGTON—(AP)—The head of the American wartime Navy, Adm. Ernest J. King, proposes blockade and bombing of Red China to step up pressure on the Communist adversary in Korea. The retired fleet admiral also said, in a copyrighted interview published Monday by the magazine U. S. News & World Report, he believed President-elect Eisenhower would "come up with a workable solution" to end the stalemate. King added, "Don't forget the bombing," but he did not elaborate as to whether he meant United States or Chinese Nationalist foot troops.

Mishap Near Earth Fatal To Workman

EARTH—(AP)—A heavy boom buckled and struck three construction workers near here Monday, killing one and injuring the other two. The dead man was John Miller of Amherst, an ironworker employed on the Southwestern Public Service Company's new plant south of here. Woodrow Johnson, 37, of Amarillo, was hospitalized with minor injuries. Lavelle Elkins, Littlefield, was released after treatment. Soil fumigation involves putting special chemicals well into the soil to kill harmful bacterial and animal life.

Texas Slash Drops Nation's Crude Flow

TULSA—(AP)—Crude oil and condensate production during the week ended January 10 showed a daily average decrease of 60,800 barrels. The Oil and Gas Journal reported Tuesday. Biggest factor in the net loss to 8,468,300 barrels during the week was a \$3.275-barrel skid by Texas to 2,211,750 barrels as the result of a slash in January allowables. Cumulative production for 1953, the Journal said, now is 64,865,400 barrels. Another big loser was Oklahoma, down 5,400 to 322,300. Healthy increases were reported for Louisiana, up 2,775 to 690,075; and New Mexico, up 1,600 barrels to 178,550. Arkansas increased 450 barrels to 77,050.

Septia, a fancy name for brown, originally was an organic coloring matter obtained from cuttlefish. In ancient times, it was used as a writing ink.

MIDLAND, TEXAS, TUESDAY, JANUARY 13, 1953

SECTION TWO

All Alien Residents In U. S. Required To File Addresses

PASO—Joseph Minton, district director of the United States Immigration and Naturalization Service, El Paso, reminded Monday that under the provisions of Section 265 of the new Immigration and Nationality Act all aliens resident in the United States and all aliens residing in the United States temporarily for a period in excess of 29 days must file an address report during the period from Jan. 1 through Jan. 31, 1953, and each succeeding year thereafter.

This report is in addition to the change of address report which must be submitted on Form AR-11 by all aliens residing permanently in the United States within 10 days of such change of address. All aliens temporarily in the United States must submit, in addition to report submitted in January of each year, Form AR-11 showing their current address, at the expiration of each three months period, regardless if there has been a change or not.

The fact that an alien registered in 1940 and filed an address report in 1952 does not relieve him of the responsibility of filing a report in 1953 and in each succeeding year.

The address report must be filed even though during the year a change of address (Form AR-11) was reported to this service. Any alien required to submit an address report who may be temporarily absent from the United States during the period January 1 through January 31, shall furnish his address as required by law within 10 days after his return.

If you have applied for your naturalization papers, but have not yet been naturalized, you still must comply with the law and submit an address report card.

The address report card (Form I-53) is available at all post offices as well as at all offices of the Immigration and Naturalization Service. It must be properly filled out and returned to one of the aforementioned agencies.

If any of your friends are aliens who are required to submit this address report, please pass this information along to them so that they will be aware of this requirement. Unless the report is filed the alien is subject to fine or imprisonment or both and in some cases deportable from the United States, Minton warned.

★ DR. JORDAN SAYS ★

Ascorbic Acid In Citrus Fruit Is Vitamin C; Prevents Scurvy

By EDWIN P. JORDAN, M. D.
Written for NEA Service
An expression "limy" as applied to the British, and particularly to British sailors, has an interesting origin.

Years ago many sailors in the British Navy and Merchant Marine had to be at sea for many months at a time, during which they often completely were deprived of fresh fruits and vegetables. As a result, many suffered from a disease known as scurvy.

Someone discovered that if a sufficient quantity of limes (or lemons) was carried on board ship and the sailors made to suck these at reasonably frequent intervals, scurvy became far less frequent. Hence the name "limy."

It is, of course, known now that scurvy is brought on by an insufficient supply of vitamin C, or ascorbic acid in the diet. It can be prevented, consequently, by citrus fruits, which contain large quantities of this vitamin.

The vitamin also is present in green vegetables, fresh fruit juices, tomatoes, some root vegetables, and in small amounts in milk. The disease can be avoided by including enough of these foods in the diet.

Scurvy comes on slowly. Loss of weight, a feeling of weakness, vague pains in the legs, and paleness of the skin are typical. Soon the gums begin to become swollen and spongy, and bleed when brushed or rubbed. The changes in the gums may become so bad that the teeth loosen and fall out. If vitamin C remains away from the diet for a long time, the bone of the jaw can actually decay.

The breath becomes foul and the tongue swollen and red. Bleeding under the mucous membrane of the mouth is common. Gradually the skin becomes more dry and rough. Swelling around the ankles is common, the heart palpitates and its beat becomes more feeble and irregular; mental depression is characteristic. These symptoms come with advanced scurvy and are not seen so often now that we know how they can be prevented.

Wounds Heal Poorly
In mild forms there may be only inconspicuous signs, such as poor healing of wounds, a tendency to certain infectious diseases, easy bleeding when cut, and increased susceptibility to ulcers of the stomach.

This type of scurvy can be discovered only by making chemical examinations of the blood or urine for ascorbic acid.
When insufficient quantities are found, the condition can be remedied readily by supplying more vitamin C in the diet. Today scurvy, at least of the severe variety, is a vanishing disease in all countries whose inhabitants eat a reasonably balanced diet.

Elbow Room Needed By United Nations

UNITED NATIONS, N. Y.—(AP)—The UN is like the old woman in the shoe—it has so many people at meal-times it doesn't know what to do.

The planners of this citadel for peace set up a gleaming cafeteria for the secretariat workers. But there is one hitch—it seats 400 people while some 3,000 work here

daily. Next to it is a finely-appointed dining room for "the brass." It seats 400, but between 600 and 1,000 gather daily.

To ease the strain the UN put in the new Assembly Building a coffee and sandwich stand called the Press Room. But the secretariat and even some of the public flock to it in great numbers. Another eating

HERE FROM DALLAS

Ross Poole of Dallas is visiting in Midland this week.

BUSINESS HERE

Mrs. J. W. Bickens and Mrs. Wayne Couch of Big Spring attended to business in Midland recently.

The place was set up strictly for the press but on occasion it is swamped, with secretariat workers trooping gaily by the "Members Only" sign.

BIRTHPLACE OF ICEBERGS

Icebergs never are seen in the heart of the Arctic Ocean. Most of them are "born" along the western coast of Greenland and are found in nearby waters.

VISITORS FROM NEW MEXICO
Mr. and Mrs. L. T. Ratliff of Artesia, N. M., visited here Monday.

One of the world's major waste products is lignin, which constitutes from 10 to 20 per cent of all wood.

A new type motor oil for the new cars

Your new car needs this new type oil

Many 1952 and all the 1953 automobiles have high compression engines.

You've heard about these fine new engines. You know, for example, that they require gasoline with extra anti-knock performance... a gasoline like Humble Esso Extra.

Now, Detroit's automotive engineers have discovered that high compression engines need an entirely new type of motor oil. With conventional oils in the crank case, the new engines have a tendency to ping, or knock, after four to eight thousand miles of driving. You can't cure this "4000-mile knock" with any commercial motor fuel; a cure calls for an expensive engine cleaning job... but you can prevent it by using

Humble's new Esso Uniflo Motor Oil, beginning in the first 1000 miles of driving!

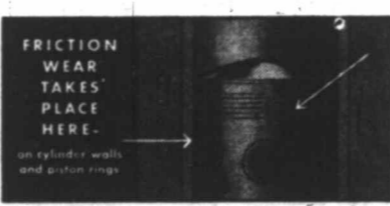

And if you do have your engine cleaned, Esso Uniflo will reduce further deposits.

Second, the engineers discovered that friction is the chief cause of wear in automobile engines. Moving parts in the new engines are so carefully machined that they fit very closely. This gives you much better performance from your car, but it also requires superior lubrication. Heavy oils and oils that "thicken" in cold weather don't flow readily between such closely fitting parts. The result is excessive wear from friction, and expensive engine overhauls... To minimize friction wear... again you need Humble's new Esso Uniflo Motor Oil.

Humble Esso Uniflo protects against friction and corrosion

Exhaustive tests using radioactive isotopes show that friction is the chief cause of wear in automobile engines. To minimize friction, Humble Esso Uniflo has the highest viscosity index of any oil sold for automobile use in the United States.

This means that Esso Uniflo is light enough to flow instantly between close-fitting engine parts, and yet stays tough and full-bodied to protect them. It neither "thins out" in hot weather, nor "thickens up" in cold.

Engineers' reports indicate that new type Humble Esso Uniflo reduces friction wear as much as 40 per cent.

Second cause of engine wear is acid corrosion. Humble Esso Uniflo is highly resistant to acid action. Acid corrosion can be

cut in half with Esso Uniflo. You must begin to protect against wear in the first 1000 miles of driving. Insist on replacing "break-in" oil with Humble Esso Uniflo.

Protect the Performance—Protect the Engine of your New Car with Humble Esso Uniflo

When you buy your new car, insist on Humble Esso Uniflo when your dealer drains the "break-in" oil. If your new car is less than 1000 miles old, and has only an ordinarily good oil in the crankcase, take it to your car dealer or to your neighborhood Humble sign and have the oil replaced with Esso Uniflo.

Thereafter, change Esso Uniflo at recommended intervals to eliminate danger of harmful contaminants. The one grade of Esso Uniflo

will protect performance, will protect the engine, throughout the life of your car — no need to change grades for seasonal temperature variations.

If your engine has been overhauled, or if you have just installed a rebuilt engine, change to Esso Uniflo right away.

Premium Value—
Premium Price

You Need Only One Grade of Humble Esso Uniflo

You use it year 'round. Esso Uniflo meets all the specifications for SAE viscosity classifications 5W, 10W, 20W and 20. It is a heavy duty, detergent oil, recommended for API service classifications ML (light duty), MM (medium duty), MS (severe duty) and DG (general diesel duty). Its viscosity index is amazingly high.

Humble Esso Uniflo costs something more than most motor oils. But you'll agree that the small extra cost—less than one-tenth of a cent for each mile of driving—is cheap insurance against "4000-mile knock," friction wear, and acid corrosion!

Humble Esso Uniflo prevents "4000-mile knock"

With an ordinarily good motor oil in the crankcase of a new car, deposits build up in the combustion chambers. These deposits raise the compression ratio. Further, they are irregular in shape, with small points standing up among them. In the heat of the combustion chamber, these small points become white-hot and when they do, they act like spark plugs, detonating the motor fuel before it can burn evenly and smoothly. The detonations are the "ping" or "knock" that is heard after four to eight thousand miles of driving.

Humble Esso Uniflo, an entirely new type of oil, prevents the formation of deposits causing "4000-mile knock."

But the deposits that cause

"4000-mile knock" begin to form in the first mile of driving, and the knocking becomes noticeable between 3000 and 8000 miles of driving. Action to prevent the condition must be taken early—you should start using Humble Esso Uniflo in your new car's first 1000 miles. So have your car dealer replace "break-in" oil with Humble Esso Uniflo; stop at the Humble sign in your neighborhood for regular changes of Esso Uniflo thereafter.

A Word to Owners of Older Automobiles

- If you use an oil meeting SAE viscosity classifications up to 20—you will find it profitable to change to Humble's new type Esso Uniflo. It will protect your car against friction wear and acid corrosion; reduce starting drag and extend battery life.
 - If your engine has just been rebuilt—change to Esso Uniflo. It will prevent the deposits causing "4000-mile knock"; it will protect against wear from friction and corrosion, reduce starting drag and extend battery life.
 - If you use SAE 30 or SAE 40 oil—Humble continues to recommend Esso Extra Motor Oil No. 3, a high quality, heavy duty detergent oil with a viscosity index second only to that of Esso Uniflo.
- Stop at the Humble sign in your neighborhood for the best oil you can buy for your car.

Steak House Offers Around-The-Clock Service For Meals

For a holiday treat, don't fail to eat at the Steak House, located at 606 West Wall Street. It's Midland's friendly eating place, where they serve taste-tempting, juicy steaks and meals all hours.

Yes, 24 hours daily, the Steak House is open and ready to serve you—whether it's only a cup of its fresh, satisfying coffee, or one of their appetizing meals.

Conveniently located on West Highway 80, many West Texans enjoy the superior Steak House service.

That "extra know-how" in seasoning and preparing food to please the most discriminating is the chef's speciality.

The comfortable seats, the courteous and prompt service, the pleasing atmosphere—all are to be found at the Steak House.

Enjoying an enviable reputation among Midland taste-fanciers, the Steak House is one of the most prominent eating places in West Texas.

Away from the crowded downtown business district, there is always plenty of parking space at the Steak House.

Don't take our word for it, go out to the Steak House today and find out for yourself the eating opportunities to be found at this establishment.

'CENTENNIAL STATE'

Colorado is known as the "Centennial State" because it entered the Union 100 years after the Declaration of Independence, according to the Encyclopedia Britannica.

When water is added to wood, its substance becomes less stiff because the substance begins to change in a manner which, if continued, would be melting.

Felix W. Stonehocker Construction and Lumber Co.

Our 24 years experience in building the finest, most beautiful and permanent homes and commercial buildings in Midland is our best recommendation to those who contemplate any type of building enterprise.

In Alley—405½ N. Baird
We carry a complete line of Building Materials

DISPLAY ROOM FOR CARPETING—An original lighting scheme brings out the full beauty of rugs at the House of Carpets, 1502 North Lamesa Road. Pictured is the display room where Wunda-Weave carpeting is presented in framed pictures on the walls.

House Of Carpets Boasts 'Finest Carpet In World'

Nye-Wait carpeting, luxuriously hand carved to any design for home or office, is available in plentiful supply at the House of Carpets, reports Felix Weimaker, manager.

Billed as the "World's Finest Carpet," Nye-Wait is provided in any color scheme for various rooms. The material used is the finest wool and nylon. It is exclusively sold at the House of Carpets in Midland.

Located at 1502 North Lamesa Road, the House of Carpets is well along in its second year of operations in Midland. The organization was started in June, 1951.

A complete line of wool carpets—Gullistan, Downs, Arlloom, and the best-selling Mohawk, plus a varied stock of cotton carpet—Wunda-Weave, Wunda-Loom, Wunda-Lux, Adamo, Boucle-Weave, Multi-tone weaves, and Nubby weaves are available at the House of Carpets. Imported Persian Rugs also are featured at the retail outlet.

Furniture carried in stock at the House of Carpets includes Herman Miller, Campbell, Pacific Iron, and California contemporary. A recent addition is the exciting line of Industrial Mueblers imported from Mexico.

Gift selections at the shop also are distributed. New and unusual designs in draperies have been brought in: Fiber-Glas, nylons and cottons; both in plain colors and prints.

Winifred Beale assists customers of the House of Carpets as a color consultant, aiding in solving problems of designs and suitability.

An expert mechanic is employed to install all carpeting. Special orders may be provided on request for patterns not in stock.

Hours of the business are from 8 a.m. to 6 p.m. six days each week, with the House of Carpets closed only on Sunday. Special appointments may be arranged at any time.

Miami Sets New Record For Dryness

MIAMI, FLA.—(AP)—This city set a new record for dryness in November, normally the beginning of the dry winter season here. Only 21 inches of rain fell as compared to the previous low of 23 in November, 1944, the weather bureau says.

Miami also set a wind velocity record for February and without the benefit of a hurricane. The wind velocity reached 68 miles an hour, smashing the previous mark of 41 mph.

In 1952 the United States shipped about 2,000,000 tons of coal a month to overseas destinations.

SMOKES HIS OWN
PARAGOULD, ARK.—(AP)—Joe Walters, a 79-year-old retired railroader, has been growing and curing his own burley tobacco for the past six years. His little tobacco patch was so productive in 1951 that a year later he was still smoking his own tobacco.

TULIP FOR ROSE CITY
LITTLE ROCK, ARK.—(AP)—This capital city, which bills itself as "The City of Roses," recently adopted an official tree. Selected: the tulip tree.

Trunk and branches of a tree grow in length solely at their tips.

A pound of coal produces about as much heat as would be produced by burning 1,300 safety matches from end to end.

Daddy Ringtail

Daddy Ringtail And More About Minnybell

Minnybell is the name of Daddy Ringtail's big yellow cat. Minnybell lives in the Great Forest, up in the top of the very tall tree in Daddy Ringtail's monkey house. Now Minnybell was always well-behaved. Her manners were as good as the manners of any cat that you ever saw, but Minnybell was always doing a certain something that you might have thought very strange.

Mugwump Monkey, the monkey boy, had wondered about it. Said Mugwump: "Daddy Ringtail, I've been watching Minnybell. She never washes her hands or her face before she eats. She always washes them after she's finished eating."

You can see that this looks very strange. You wash your hands before you do your eating. Now, why would Minnybell do her washing after she eats? That's what Mugwump was wanting to know.

"Well, now," said Daddy Ringtail, "there is a reason. It happened a long, long time ago. Daddy Ringtail told Mugwump about it, and I'll tell you what he said.

A very long time ago down on the Elephant Path right in the

middle of the Great Forest, Minnybell sat down to drink a bowl of milk. Just then, along came Willy Fox who is a very clever fellow.

"No! No! No!" said Willy Fox to Minnybell: "A lady washes her face and hands before she eats."

Minnybell, wanting to be a lady, began to wash her hands and face. When she finished with the wash-

ing, however, and was ready to drink her milk, the milk was gone. That rascal, Willy Fox, had drunk all the milk.

Minnybell had to ask Daddy Ringtail for more. Daddy Ringtail gave it to her, all right, but ever after that Minnybell always drank her milk first and then did her washing. That way no one would ever get her supper again.

By Wesley Davis

And if you have a cat at your house, I'm sure you'll see that your cat does the same as Minnybell. Eats first then washes. Maybe somewhere your cat heard this story about Minnybell. But people aren't cats, you know, and no one will eat our supper while we wash our hands and faces. We can always eat with hands that are clean, and it's a happy thing to do. Happy day!

'YOU TURNED ME OUT!'

Long Inaugural Auto Ride Can Be Bitter Experience

By DOUGLAS LARSEN
NEA Staff Correspondent
WASHINGTON—For one man it will be an exhilarating ride of fleeting moments, the final ritual before officially being designated the most influential man on the face of the globe.

For his companion on that journey, at best, it will be a deflating, unpleasant experience, and perhaps the most humiliating, bitter 20-minute ride of his life.

But no one can guess the emotions and thoughts of incoming President Eisenhower and outgoing President Truman as they make the

traditional ride together along Pennsylvania Avenue from the White House to the Capitol for the swearing-in ceremony.

Bitterness Not New
It will be the fifteenth time in U. S. history that one party, on the mandate of the electorate, relinquishes control of the federal government to the other party.

However, if there is bitterness in the hearts of either man during this ride, for things said during a bitter campaign or since, it will not be new.

In 1801 Republican Thomas Jefferson took over the reins of gov-

ernment from the outraged and defeated Federalist, John Adams. A terrible row developed over the appointment of new officials and the firing of some of the relatives of Adams and his wife who had been put on the U. S. payroll. These disputes engendered as much heat as did the issues of the campaign.

Turned Him Out
As a last gesture of ill-will, Adams made several "midnight" appointments, which Jefferson later refused to recognize. Out of this dispute came the first instance of the Supreme Court assuming authority to declare laws unconstitutional.

While the whole struggle was being thrashed out, Jefferson dared to visit Adams to try to talk things over, only to be met with the angry charge of Adams:

"You have turned me out: you have turned me out."

In a state of high agitation Adams slipped out of town to avoid the inauguration.

Refuses To Reply
Twenty-five years later when the next party exchange took place, it was a hurt, saddened Andrew Jackson who succeeded a gloomy John Quincy Adams. The death of Jackson's wife after the election was the cause of his grief, made all the more bitter by his belief that Adams had been a partner in some slanderous attacks on her during a previous campaign.

When the unhappy Jackson arrived in Washington the inauguration Adams sent him a message offering to vacate the President's house early for Jackson's conven-

ence. Jackson didn't even reply. Adams' cabinet advised him to have nothing to do with the inauguration ceremonies. The day before the event, Adams wrote, "I left the President's house, and, with my son John and T. B. Adams, Jr., came out and joined my family at Meridian Hill."

On Foot, Alone
As they continued from there to their suburban house, according to historian Marquis James:

"The President of the United States followed on foot, alone, unrecognized and tortured by bitter reflections."

The participants in succeeding inaugurations played their roles in bet-

ter grace until the fateful March 4, 1861, when Abraham Lincoln took his oath of office. A sense of impending doom was more the keynote than bitterness. Outgoing President James Buchanan had been unable to halt the decay of relations between the North and South.

When Lincoln took his oath on the Capitol plaza he was probably a little sick inside, sensing the terrible crisis ahead for the country. A little more than a month after the ceremony the Civil War started.

Hidden In Souls
Perhaps the key figures in following inaugurations marking party changes were just keeping up pleasant fronts. Maybe bitterness rank-

led hidden in their souls.

But it wasn't until Woodrow Wilson turned over the government to Warren Harding that the exchange was made in a mood of irritation and bitterness apparent to all spectators.

The defeated Democratic candidate James A. Cox had run on Wilson's record. And Wilson from his sickbed during the campaign had predicted numerous times that the people, among other things, would reverse the defeat of his League of Nations project by the Senate.

Hoover-Roosevelt
A broken man after the election, he had to be lifted from his car and practically carried up the Capitol steps for the formality of signing the bills of the dying Congress just prior to the swearing-in ceremony to do this chore, Wilson remarked acidly:

"The Senate fell down on me and I don't want to fall down on the

Senate."

Most adults today well remember the air of hostility and oppressive gloom which marked the transfer of federal power from Herbert Hoover to Franklin D. Roosevelt. The nation's worst economic disaster was at crisis stage on inauguration day. Banks were closing. Businesses all over the country were folding.

Scarcely a word was spoken between the two men as they rode along Pennsylvania Avenue. The crowd along the way sensed the tense situation and it muted their cheers.

Thus, if this is the mood in which

DIAL 3-3344

A noted bitterness ride was made by Woodrow Wilson, left, whose mood, plus illness brought on by defeat, was apparent on inaugural day journey with his successor, Warren Harding.

While the whole struggle was being thrashed out, Jefferson dared to visit Adams to try to talk things over, only to be met with the angry charge of Adams:

"You have turned me out: you have turned me out."

In a state of high agitation Adams slipped out of town to avoid the inauguration.

Refuses To Reply
Twenty-five years later when the next party exchange took place, it was a hurt, saddened Andrew Jackson who succeeded a gloomy John Quincy Adams. The death of Jackson's wife after the election was the cause of his grief, made all the more bitter by his belief that Adams had been a partner in some slanderous attacks on her during a previous campaign.

When the unhappy Jackson arrived in Washington the inauguration Adams sent him a message offering to vacate the President's house early for Jackson's conven-

Last political change-over of Presidents put Herbert Hoover and Franklin D. Roosevelt side-by-side in the ride down Pennsylvania Avenue. They spoke scarcely a word during trip.
