Daniel (D-Texas) told President that in return it would retain title Eisenhower Tuesday he plans to to all unsold lands within its bounintroduce a bill to "make it clear daries. once and for all" that the Texas annexation agreement of 1845 still of the agreement covers the merged lands,

This agreement, which covered the entry of Texas into the Union, has figured in the controversy over ownership of the oil-submerged -often erroneously referred to as "Tidelands."

Daniel called at the White House with Robert Storey, Dallas, president of the American Bar Asso-

And, the Texas senator told newsnen later, their primary purpose was to pledge to the new Presi the cooperation of American law-yers in "helping to improve the administration of justice" and the country's judicial system.

In reply to questions, Daniel said was no discussion of the "Tidelands" issue as such.

He added that the President's position on the issue was made clear during the campaign he came out in favor of state ownership of the oil lands.

The Supreme Court has held that the federal government has para-mount rights to those lands. Former President Truman, in one of his last acts before leaving office, designated the offshore lands as a naval reserve.

Daniel said he told Eisenhower that in addition to legislation claiming the submerged lands for the states, he plans to introduce a entary bill which in effect would ratify the Texas annexation ent in 1845.

That agreement, Daniel said, provided among other things that Tex

Good News For Midlanders

It is good to read that the city has called for bids on a project which will make sewerage service available to every developed section in South Midland within the next 60 to 90 days.

It is planned to let the job to two separate contractors so they can be working at the same time to rush the project to completion by the fime hot weather sets in for the

Everything possible should be done to expedite the project, which will cost an estimated \$85,000 to \$90,000.

Residents of South Midland have been patient while waiting for the sewer extensions, but they now can rejoice with the announcement that work will be started immediately on the needed project to serve that fastdeveloping section.

Work also is nearing completion on the overall sewer improvement program, the planning for which was started about two years ago. The city-wide program, including both north and south outfall lines, involves an expendfture of approximately \$2,000,000.

It's progress in Ever-Growing Midland.

Eyes Of The World On Naguib

that ousted King Farouk last Summer, originally was vandenberg Room a private dining hailed as a "Strong Man." Later reports filtering out of room in the Senate to pray the senators of the Senate to pray the senators of th hailed as a "Strong Man." Later reports filtering out of room in the Senate, to pray. Re-Egypt cast doubt on the accuracy of this portrait. They hinted he lacked forcefulness as a leader.

Yet his performance in pressing for land reforms, elimination of corruption, expansion of Egyptian industry, and many other sorely needed improvements seemed to chairman of the International indicate unmistakably that Naguib was capable of decisive action.

Now this impression has been mightily reinforced. Harassed from the start by the opposing Wafd, the political party that controlled Egypt's destinies for two decades, Naguib at last struck.

He dissolved all existing political parties and banned party activity for three years. He arrested 40 men, 25 of Christians and Jews, and Hilton and Truman together with Eisenmilitary and 15 civilian, including the leader of the Wafd, went one step further. He invited rated one of the most powerful men in Egypt.

From this it is plain he intends to rule Egypt as a dictator for three years at least. Since Egypt's parties were in such dismal condition, this cannot be viewed with much distaste.

But the world now will watch more closely than ever to see whether Naguib uses his power in the years ahead that's tantamount to telling them him. with the same evident high purpose as he has done in his first six months.

CONNOLLY tightened his fingers

"I don't have to," I said. "You saw the place. But let's pretend you aren't very bright. This is the way it goes: We find the Jacobs way it goes: We find the Jacobs fellow in that farmhouse. He knew we were after him and he should have known we'd get him. So he killed himself. He gets a bus out to the crossroads, walks around trying to make up his mind. He crawls into that farm-house and finally he gets up nerve enough to blast. Remember the

kind of country that farmhouse

I ground out my cigaret in Connolly's ashtray. "There would be two routes to get to that house, nike. The road we drove on, or the lane that cuts over the hill to the crossroads. Both routes are covered with weeds and grass and not just little stuff, either. Some of it comes to my waist. We both picked up those stick-tights in the yard. If the yard was full of it, those deserted fields had just as much. So how did Jacobs get into that farmhouse without collecting a single stick-tight on his clothes?

> would have picked up a bigger load than we did. And if he was carried, it's no suicide." Connolly took a deep-deep breath. "That was a typical sui-cide's wound in his head," he said. "How can you shoot a man through the mouth without even

"Unless he was carried, Jacobs

you mean to kill him. Then all on the table and his wide mouth clamped shut in a hard line. "Tie it up," he muttered.

"I do not the table and his wide mouth clamped shut in a hard line. "Tie it up," he muttered. you have to do is open his mouth around the butt, put his finger on the trigger and shoot. That blows out the spot you knocked in and if everything else measures up, it's suicide."

Connolly shuddered quickly. He

shook his head slowly. "It's good enough for me. Maybe we better go have a look at Jacobs's clothes Just to make sure." I tapped my coffee jar. "Think you can have a test run on this perfume for me?" Connolly pulled the paper from

quick passage of his see if they get together and see cent boost in individual income tax

Eisenhower, in his State of the Union message to Congress Monday, said it would not be wise to redetermine the extent to which expenditures car be reduced. Democrat Disagrees

The President referred to spending cuts and budget balancing as "the first order of business" and "an essential first measure."

Cooper, senior Democrat on the Ways and Means Committee, said it certainly didn't appear to him that Eisenhower and agreed on the issue

"There is a conflict of opinion among the Republicans," Cooper "it will be interesting to see what develops."

House Democratic Leader Rayburn of Texas said. "I fear the President's speech will be disappointing in many parts of the country because he does not propose to immediately start reducing taxes.

Senator Byrd (D-Va), a Finance Committee member, said Eisenhower's "forceful discussion of our budgetary problems indicates steadfact purpose to balance the steadfact purpose to balance the budget by the elimination of waste Of Naval Blockade; and then reduce taxes."

Reed indicated he had moderated his earlier predictions of House passage of his bill this month. He said to still hopes for passage in February but he would go along with any "reasonable" delay.

One House Democratic leader, delining to be quoted by name, said he noted the Republicans greeted itarily and morally sound."

GENE ASHMORE HUMBLE SERVICE

600 East Wall - (Corner Highway 80 and North Terrell)

Car Wash Grease

An outstanding product

for any car that uses

for new cars

Prevents "4000 - mile knock"

Detroit's automotive engineers have discovered that high compression engines need an entirely new type of motor oil. With conventional oils in the crankcase, the new engines have a tendency to ping, or knock, after four to eight thousand miles of driving.

This "4000-mile knock" is caused by combustion chamber deposits; these increase the compression ratio to a point where no commercial gasoline will give you anti-knock performance.

Humble Esso Uniflo, an entirely new type motor oil, prevents the formation of deposits that cause "4000-mile knock" in high compression engines if you begin to use it regularly in the first 1000 miles of driving.

Protects against friction wear and acid corrosion

Friction is the chief cause of wear in automobile engines. Moving parts in the new engines are so carefully machined that they fit very closely. This gives you much better performance from your car, but it also requires superior lubrication. Heavy oils and oils that "thicken" in cold weather don't flow readily between such closely fitting parts. The result is excessive wear from friction, and expensive engine overhauls . . . to minimize friction wear . . . again you need Humble's new Esso Unifio Motor Oil.

Esso Unifio has such an amazingly high viscosity index that it gives you the quick-flowing characteristics of an SAE 5W oil at 25° below zero Fahrenheit, and the tough, full body of an SAE 20 oil at 110° Fahrenheit.

Furthermore, the additives in Esso Unifio are antiacid—this new type oil cuts acid corrosion as much

Uniflo Motor Oil gives such outstanding performance in reducing friction wear and acid corrosion that it is profitable to use it in any car - 1951, 1952 or 1953 - that uses SAE 20 oil or lower.

HUMBLE OIL &

need only one grade of

Humble Esso Uniflo. You use it year 'round. Esso Unifio meets all the specifications for SAE viscosity classifications 5W, 10W, 20W and 20. It is a heavy duty, detergent oil, recommended for API service classifications ML (light duty), MM (medium duty), MS (severe duty) and DG (general diesel duty). Its viscosity index is amazingly high.

Premium quality - premium price Humble Esso Uniflo costs something more than most motor oils. But you'll agree that the small extra costless than one-tenth of a cent for each mile of drivingis cheap insurance against "4000-mile knock," friction wear, and acid corrosion!

A Word to Owners of Older Automobiles

If you use an oil meeting SAE viscosity classifications up to 20-you will find it profitable to change to Humble's new type Esso Unifio. It will protect your car against friction wear and acid corrosion; reduce starting drag and extend battery life.

If your engine has just been rebuilt — change to Esso Unifio. It will prevent the deposits causing "4000-mile knock"; it will protect against wear from friction corrosion, reduce starting drag and extend bat-

SPORTS

The Longhorn Baseball League, a Class C circuit, is major league in length of its business meetings and AAA in the picturesque patter and speech of its managers.

Directors met Sunday at Big Spring to say only a few things, like "My club is financially okay, how's yours?" "Do you mind if my club goes ahead and uses the negro players it signed?" and "Aye" to the proposal that Lamesa join the loop.

Yet it all took about four hours; nothing short of a group trying to throw out the major league czar could keep baseball men still that long.

Still, old vets of the Longhorn meetings said things sure were tame

It might have been the boys were ready for fellowship advertising was sold, the season tickets about half gone, field work started, some players signed.

"What promotions do you have this season, Pat?" President Hal Sayles asked along that line.

To which McLaughlin, Carlsbad pilot, answered, "I get 76 pre-

"You what?" exclaimed Sayles, unable to imagine 70 different Ladies, Oldest Visitor, Joe Bauman Appreciation Nights, etc.
"Yessir, 70 promotions," said the skipper of the new league mem-

ber. "Seventy ball games." Hack Miller, Big Spring manager, proposed that home teams pro-

vide the baseballs for the visitors' batting practice.
"That's okay," chimed Odessa's Pepper Martin, "if the team will give good baseballs. Every time we played in Vernon last year, they gave us a bunch of coconuts.

'And we'd turn around and give good nones out, then Artesia would come along and Joe Bauman would knock about 25 out of the park.

Only A. D. Ensey of Odessa had anything to say about the league agreeing to name once again a rookle of the year.
"It makes it awful hard to sign him up a second year."

Jay Haney of Midland suggested A. C. Gonzales be required to keep inds better at Lamesa than at Sweetwater last year. To which Sayles replied, "Gonzales had water trouble at Sweetwater. "He wouldn't cut me have." wouldn't cut his grass," Haney answered, "And I never saw s

Ensey also wondered if Miller would continue the bargain basement kind of team Pat Stasey had at Big Spring last season.

"Are you," Ensey jokingly asked "going to have a bunch Cubans like that fellow Tracy-or Macy-whatever his name is-

And out of this baseball world:

Golf's walking rainbow, Jimmy Demaret, has a set of woods which must be the envy of all the best-dressed chicks these days. . . . The woods are dolled up in covers made of mink with ermine tails—the only ones of hat kind in the world. Bing Crosby gave them to him. . . .

Sucker Shift On Way Out

DALLAS -(AP) -The "sucker shift" that caused so much commotion in football last Fall will be eliminated under rule changes for 1953. Abb Curtis supervisor of officials in the Southwest Conference believes

Curtis Tuesday sent out a digest of the football changes to the newspapers. He said his comments were arrived at after conferring with Dutch Meyer of Texas Christian, the Southwest's member of the na tional rules committee, and E. C. Krieger, chairman of the editorial committee of the NCAA Football

The so-called sucker shift consisted of a quick start from offenthis often drawing the defense off-

The rule change that will halt this procedure reads: "No player of the offensive team shall make a false start. A false start include lates the beginning of a play, feign-ing a charge, or the use of unusual variations in starting signals."

"It was the feeling of the NCAA so-called 'sucker' shifts of last season were illegal under the then ex-

ulated' a play," Curtis said. "There is no desire to declare illegal a smooth, cadenge shift of either backs or linemen; but a quick jerky start in motion of any player should be ruled 'simulating the start of beginning of a play'-thus at-

REPORTING THE TOP NEWS IN REAL ESTATE

HAS MIDIAND SOCIETY accepted you? If not, maybe it can be traced to your not having a home in which to entertain. But a HOME is much more than this. And here is one with that "much more." Three large bedrooms, modernistic living room with slab window overlooking rear patio, two tile baths, and attached garage. Breath-taking kitchen with nore cabinets than you can use. Central heating, central air-conditioning, and huge utility room. It's new, it's brick, it's carpeted, and can be purchased for ONLY \$7,000 including closing costs. \$21,000. Please, appointment only.

YEARLING ON CHESTNUT LANE. This well constructed home ushers you into a security of know ing that it was well designed and well built. Two lovely bedrooms, large living room with "L" shaped dining area, family-sized bath, and attached garage, Panel-ray heating. In excellent condition thru-out. As sume FHA loan. Priced at \$11,250.

at beautiful women. And women 'em, will whistle at a beautiful kitchen. In this particular home, they are justified. Challenge me by asking us to escort you thru it and the rest of the home. 'Course, got bedrooms, too. Two. And a den. and two ceramic tile baths, and a utility room, and an attached garage, and full carpeting, and central heating and air conditioning. and magnificent landscaping, and fence. All this, and on Country Club, too. But there's so much, much more for only \$29,500.

WE EXTEND OUR SINCEREST best wishes to the Western States Mu-tual Life Insurance of Dallas for sit-FHA. ing Midland as its future home. To all the men instrumental in this move, our sincerest thanks. See, even an insurance company needs

telk us into trading your house in costs paid. See Glendale Addition before you on this home. It's brick, new, has have I two and three-bedroom homes, two bedrooms and den (or three bedrooms), two tile baths, lovel floor plans. A deposit of only \$25 living room and dining area, and will start your construction and loan attached garage. You'll love the file processing. Record Turnout Is **Expected For Joint Meeting Of Oilmen**

A record turnout is expected for the joint meeting of the West Texas Geological Society and the Permian Basin Geophysical Society which is to be held in the Cowden Junior High School in Midland, Tuesday night.

The meeting will start at 8 p.m. and not at 7:30 as previously re-

ported. Dr. William Maurice Ewing, director of Lamont Geological Observatory of Columbia University, will be guest speaker.

He is one of the outstanding in the United States and is well known for his marine explorations. The lecture will include some of the findings of a recent cruise with Jon Lindberg, son of Charles Lindberg. That cruise recently was featured in Life Magazine.

Spraberry Oiler Is Completed; New Tester To Start

A new producer from the Spraperry has been completed in Southeast Midland County and a new location for another development sheriffs' officers joined in the search from that pay has been staked in Southwest Glasscock County.

The new producer is Magnolia Petroleum Company No. 19 Louise Shackelford. It is 14 miles southeast of the city of Midland and 660 feet from south and 1,980 feet from west lines of section 28, block

39° Journalism Forum Set

DALLAS-The Press Club of Dalversity recently announced the first annual Southwest Journalism Forum will be held April 30-May 2, spotlighting "persons of outstanding achievement in the newspaper, radio-television, public relations and advertising fields."

The 1953 Forum, like those to follow, will be held on the SMU campus under the joint sponsorship of the two institutions, and financed by the proceeds of the Press Club's annual gridiron dinner, said Tim

Parker, club president.

Among those who have signified their acceptance of invitations to speak at the three-day event are Ralph McGill, editor of the Atlanta (Ga.) Constitution; Mark Ethridge, publisher of the Louisville (Ky.) Courier-Journal; Wes Izzard, editor and publisher of the Amarillo (Texas) Daily News; Clyde Ragsdale, editor of the Texas City (Texas) Sun; and Roscoe Drummond, col-umist and Washington news bureau chief of the Christian Science Mon-

days of gay and flattering frames. frames, Before going to the opt-So there is certainly no excuse for clan, study your face at home and not enjoying them if they have been prescribed for you. you would like to make. A per-You should see an oculist, i. e., feetly oval face can continue the a physican who specializes in eye oval lines in frames. A square face care—and no one else—for your —with forehead, cheekbones and When the lenses have been ground ened with frames slightly higher jawline all wide-can be lengthat the temples, CBS Singer Denise Lor chooses this type of frame.

Round faces can be given more interesting lines with modified square frames, very lifted at the temples. A triangular face—base of the triangle at the jawlinelines tapering delicately upward, and heavy, straight lines across the top, increasing the forehead

Heart-shaped faces will look best in frames with oval, lower lines and straight lines across the top. A diamond-shaped face-narrow at both jaw and forehead, but wide in the cheekbones—should have moderately upswept frames

with modified square lines. If you have several pairs of glasses, you can vary them according to costume color, but a color that goes well with your skin, hair and eyes should harmonize any costume in your wardrobe.

Some frames pick up more light than others, so decide whether you want a shimmering or a still effect. Likewise, gold and silverthreaded ones pick up lights. A too-dark,, over-heavy frame will give a dull look to your face. Don't let frames overpower your looks.

You can't match your eye color exactly with the frame, so try for a more subtle effect-blue frames with brown eyes, red frames with frames with green, and so on

+ Jacoby On Canasta +

ules." writes a Chicago correspon-"and have agreed to accept your decision. The argument started when I melded out in a game of Canasta last night.

"At that time my side had two canastas, but no smaller melds. There were only two cards in my hand for a long time, and these two cards eventually became two deuces, as the game proceeded. I added both duces to one of the canastas, which up to that time contained only one wild card.

My opponents said that I had no right to add wild cards to a completed canasta. I challenged them to show me that rule in the rule book, and they looked in the book for 20 minutes. Then they said that they didn't care what the rule book said; they were positive that you couldn't add a wild card to a completed canasta.

"Were they positively right or positively wrong?" They were just positive. I cannot say, however, that they were either

The rules in the rule book are known as the official rules. All of the best players in North and South America follow those rules. According to those rules, you may add wild cards to a completed canasta provided that the total number of wild cards in that canasta is never more than three.

In my opinion, that is a very good rule. I follow it myself, whenever I play, and I recommend it to everybody else.

An official rule is not, however, the law of the land. Any player who wants to follow a different rule may

delightful game. variation better, you can accept my plessing instead of my decision.

DALI DRAWS HIM A DILLY

NEW YORK -(F)- From the realm of "evangelical mysticism" where Salvador Dali now admit-tedly dwells, he is making a brief return to his old love, surrealism.

On a trip to Europe next September, Dali says he is planning a "surrealistic bullfight" in Barce-lona. He explains that the famous Spanish matador, Luis Miguel Dominguin, will, as usual, kill a bull. But the bull, instead of being ignominiously dragged from arena, will "ascend up to heaven by means of a rope that of cardboard."

Dali is contriving this spectacle for the Festival of the Virgin of Mercedes.

Guppies And Friends Of Guppies Pay Tuition For Pennsylvania College Boy

STATE COLLEGE, PA.—(NEA)— offspring with the same coloring of put one college boy and one goldfish the father fish.

When your opponents are positive about a rule, all it may mean is that they are positive about a rule, all it may mean is that they are positive about a rule, all it may mean in the same room and more often that not, the goldfish winds up beneated the positive about a rule, all it may mean that not, the goldfish winds up beneated the import busings will be spare time. Southwestern Life's

TWO fiftieth birthdays, as a matter of fact. The first historic day will arrive in March. It was on March 10, 1903, that the State of Texas issued a business charter to the Company.

The second milestone will be reached on July 4, 1953. On Independence Day in 1903, this Company issued its first life insurance policy. That policy was purchased by a Texan, naturally.

Southwestern Life has been doing business with Texans, growing with Texas, ever since. Today, more than a quarter million Texans are providing a measure of future financial security for themselves and their families through their investment in Southwestern Life Insurance.

In a half century Southwestern Life has become

what the people of Texas have chosen to make it. Their faith and support have caused it to become the largest life insurance company in the Nation which does business only in its home state. And, in the year ended December 31, 1952, Texans purchased more Southwestern Life insurance than in any previous year.

For records such as these we give grateful thanks to the policyowners who made them

In the years ahead Southwestern Life, believing in the modern private enterprise concept of profit through service, fully expects its business progress closely to parallel the development of growing, expanding Texas.
