

Permian Basin OIL & GAS LOG

James C. Watson
Oil Editor

Flowing Oil Found In Devonian Zone At Andrews Wildcat

Flowing oil from the Devonian has been developed at Andrews-Prithard Oil Corporation No. 1-E University, wildcat in Northeast Andrews County.

At last report, the project was flowing oil on a drillstem test being taken in the interval from 12,353 to 12,418 feet. The 2,375-foot water blanket used was at the surface in one hour and 50 minutes. It was turned to pits for 25 minutes and then turned to tanks where it was flowing heavily at last report, with no gauge or estimate made on the flow.

No. 1-E University topped the Devonian at 12,328 feet, elevation 2,294 feet.

Location is at the center of the northwest quarter of the northwest quarter of section 7, block 7, University Lands survey and approximately 13 miles northeast of the town of Andrews.

Wraith Now Started At Deep Wildcat In SW Cochran Region

J. D. Wraith, Jr., of Dallas No. 2 Culp-Hobby is a new wildcat in Southwest Cochran County to 12,000 feet.

The project already has started drilling and was below 233 feet in red beds at last report.

Location is at the center of the northwest quarter of the northwest quarter of section 10, block 2, 2nd survey and seven miles west and slightly north of the Landon (multipay) field.

It also is five-eighths of a mile northwest of No. 1 Culp-Hobby, abandoned on total depth of 11,920 feet in the Devonian.

Spraberry Failure In Midland Will Plug Back, Test

Seaboard Oil Company of Delaware was preparing to plug back to approximately 3,985 feet at No. 5-12 B. T. Hale, Spraberry failure in the Germania portion of the Spraberry Trend Area field, and try for completion in the Grayburg.

The test was drilled to 7,290 feet in the Spraberry where it failed to make a commercial oil well.

Location is 660 feet from south and east lines of the northwest quarter of section 12, block 37, T-2-S, T&P survey and 17 miles east of the town of Midland.

It is one location east of a Grayburg producer.

Operations to plug back will start at once. The project has been standing idle for several months.

Wraith Will Drill SE Outpost To Ector Discovery

J. D. Wraith, Jr., No. 1 Aigo is to be drilled as a one-mile southeast outpost to his No. 1 G. T. Hall, Flagman discovery in Southwest Ector County, three miles northwest of Penwell.

The new test will be dug 660 feet from south and west lines of section 25, block 45, T-2-S, T&P survey.

Operations will start at once on an 11,000-foot contract.

Green And Lohman Stake Prospector In W-C Kent Area

Four miles south and slightly west of production in the Salt Creek (Canyon) field of West-Central Kent County, Charles C. Green, Jr., and Lewis T. Lohman spotted location for a 7,500-foot wildcat.

It is No. 1 H. W. Davis, 660 feet from north and east lines of section 57, block G, W&NW survey and eight miles west of Clairmont.

Operations are to start at once.

Wilson Of NSC Speaks For D&D Wednesday Night

H. A. Wilson, district supervisor of production equipment sales for National Supply Company was guest speaker for the monthly dinner meeting of the Midland Diet & Derrick Club Wednesday night. The affair was held in a private (Continued on Page 12)

Reds Shoot Down British Bomber

Kerr Lawyer Asks Repeal Of G-A Laws

AUSTIN—(AP)—A Kerrville legislator, who fears the Gilmer-Aikin School Laws are becoming a financial Frankenstein, filed a bill Thursday to repeal most of the G-A provisions.

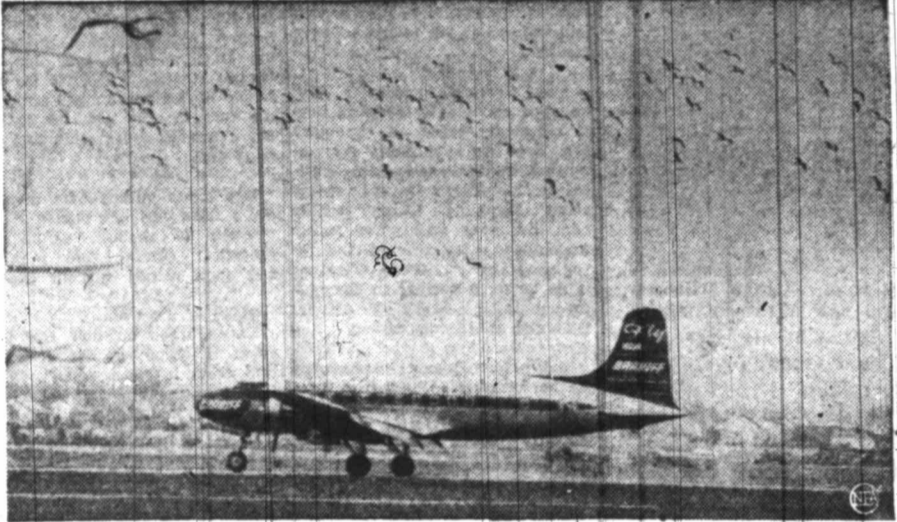

"What I'm trying to do is give the schools back to the local school districts to run as they see fit," said Rep. Joe Burkett, Jr., an attorney serving his first term.

To achieve this goal, Burkett would knock out the minimum foundation fund, which guarantees a so-called minimum school program for poorer schools.

He would abolish the minimum salary scale for teachers—prescribed by the Legislature four years ago—and would leave it to the discretion of local school boards to pay what they think they can afford.

To give what he considers "fair and equal" state aid to all schools, Burkett would make a flat appropriation of \$86,000,000 a year to be divided between all schools on the basis of average daily attendance.

"My plan would give equity to rich and poor alike," asserted Burkett. "It would do away with this socialistic minimum foundation system that takes away from the rich and gives to the poor."

SOCKED IN—Bewildered sea gulls float around the terminal area at Love Field in Dallas a long, long way from home, probably blown in by high winds from the Gulf. Both gulls and planes were grounded by soupy weather Wednesday.

Fog In State Misses Area

While heavy fog persisted at scattered points in the state Thursday, the Permian Basin moved under clear skies. The temperatures remained in the Spring category.

CAA observers at the Midland Air Terminal saw no immediate break in the current spell which has followed early week rains.

Most airline flights were back on schedule after a bad day Wednesday from the fog. But visibility was restricted temporarily Thursday at South and Central Texas points.

Meanwhile, rain which brightened hopes for the end of the drought virtually had stopped in Texas. Little rain was the only city reporting.

The main weather followed a night of violent thunderstorms in Central Texas. Austin was rocked by a half-hour storm Wednesday night that brought heavy rain, high winds and rain to the state capital.

Kerrville, southwest of Austin, reported a heavy, two-inch rain that lasted three hours Wednesday afternoon. Streams in the area were filled, but no flood damage was reported.

Flights at Dallas Love Field—stopped 11 hours Wednesday—were back on schedule Thursday, although the fog in South Texas still was hampering some flights.

A big tanker, the SS Trimble Ford, blocked the Houston Ship Channel almost seven hours Wednesday during the morning fog after the vessel grounded across the 300-foot wide waterway.

Texas House Nears Ballot On Revised Car Inspection Law

AUSTIN—(AP)—A bill to give the Liquor Board power to regulate beer advertising on television programs was introduced in the Senate Thursday.

There was a possibility the House might get to a final vote on a softened auto inspection law it advanced Wednesday.

The TV-beer bill was introduced by Senator Jarrard Secrest, Temple. The House approved the auto inspection bill Wednesday on second reading, 87-53. It still faces debate before it could move to the Senate.

Secrest's bill would widen the Liquor Board's powers in regulating beer advertising. It now has the power to prohibit obscene advertising. Under Secrest's bill, that would be extended to offensive advertising.

Senator William T. Moore, Bryan, introduced a resolution in the Senate directing the A&M Board of Directors to abolish the office of chancellor.

Moore is the senator who tried unsuccessfully last week to push through a resolution to admit girls to the school.

His resolution on the chancellorship recited that with enrollment dropping at A&M, the job is no longer needed and it would save the state money to abolish it. Gibb Gilchrist is chancellor.

Another auto inspection bill calling for outright repeal of the present law sponsored and died Wednesday in the House with a 73-74 vote against it.

The House took up both bills in a day-long session.

One group tried to keep the repeal measure alive long enough to see what the Senate would do.

The amending version came up first in the House.

Sign Sags, Swats Swain

If it's news when a man bites a dog, this ought to be a whopper.

Ten-year-old Robert Ogea, police reported Thursday, was treated at a hospital and released late Wednesday after being struck by a street sign.

The lad, son of Mr. and Mrs. O. O. Ogea who live in a trailer at Philadelphia and Fort Worth Streets, was digging alongside the street sign when it tumbled down upon him.

At Least Four Die In Newest Soviet Attack

LUENEBURG, GERMANY—(AP)—Two Soviet jet fighters shot down a four-engine British bomber near the frontier between the British and Russian Zones of Germany Thursday.

The pilot survived and was taken, injured, to a German hospital, but at least four British fliers were killed. Three bodies were found near the wreckage, which landed mostly in this town in the British Zone. The navigator, a bullet wound in his shoulder, died of a broken neck as he was being taken to a hospital.

Senators Order Pentagon Probe

WASHINGTON—(AP)—The Senate Armed Services Committee, convinced there has been an ammunition shortage in Korea, Thursday ordered an investigation into who was responsible.

Chairman Stenholm (R-Mass.) said the group detected that critical shortages charged by Gen. James A. Van Fleet, retiring Korean Army field commander, "have been fully substantiated."

The chairman was directed to appoint a five-man subcommittee to make an investigation.

Stenholm said this inquiry will try to "pin this responsibility on people, on the law or on economic conditions."

Even before the investigation was ordered, some senators talked openly of a shakeup in the nation's top military command—because of what they called "jagging" of the efforts.

The committee members made plain they would press for concrete action.

Senator Symington (D-Mo) said that if the American people knew

Attack On French Transport Recalled

BERLIN—(AP)—Last May, an Air France transport flying to West Berlin was attacked by Soviet fighters over East Germany. Four civilians aboard were wounded. The Russians claimed the plane was outside the corridor provided for such flights, but Air France said this was not true.

Last October, a U. S. Air Force hospital plane was fired at by a Soviet fighter over East Germany but reached Berlin unscathed.

An unarmed U. S. Navy Privateer plane, with 10 men aboard, was shot down in a flight over the Baltic in April, 1950.

Another incident occurred in November, 1951, when a U. S. cargo plane, off course on a flight from West Germany to Belgrade, Yugoslavia, was forced down in Western Hungary.

Youth, 16, Admits Killing Two Little Girls In Forest

NEW CITY, N. Y.—(AP)—A 16-year-old boy admitted Thursday, authorities said, that he lured two little girl schoolmates into a woods and killed them.

The boy, Carlston Mason of New York City, denied he attacked the victims, but refused to tell his motive. District Attorney John Skahan of Rockland County said.

Cotner M. J. Moses reported an autopsy showed the girls—Esther Nagy, five, and Marjorie Boudreau, eight, both of New York City—were victims of sodomy.

Esther was stabbed to death and Marjorie died of a brain hemorrhage, caused by a blow on the head. The autopsy also showed evidence of strangulation in both cases. The Mason boy was a member of a searching party which found Marjorie's body Sunday night, several hours after she and Esther disappeared from the playground of an endowed boarding school for underprivileged children. He helped carry Marjorie's body back to the school and gave her artificial respiration. Esther's body was found later.

The district attorney said the boy would be charged with first degree murder in an arraignment later Thursday.

Mason, after many hours of questioning since suspicion narrowed toward him Monday afternoon, said he enticed the two girls from the Lakeside School at South Spring Valley, N. Y., by telling them someone wanted to see them.

Eisenhower Submits Plan To Congress Revising, Elevating Mrs. Hobby's

WASHINGTON—(AP)—President Eisenhower laid before Congress Thursday a reorganization plan setting up a new Federal Department of Health, Education and Welfare to take over the functions of the present Federal Security Agency.

The White House said the present FEA administrator, Mrs. Oveta Culp Hobby, would become secretary of the new department if, as expected, the plan becomes effective.

Eisenhower submitted his proposal under a general law permitting him to draft plans for reshuffling government agencies in the interest of economy and efficiency.

This law provides that such plans, once submitted to Congress, become effective in 60 days unless the Senate or House adopts meantime a resolution of disapproval.

To be adopted, such a resolution must have the vote of at least half of the 96 senators or half of the 435 House members.

Some lawmakers have questioned whether the General Reorganization Act is broad enough to permit creation of a new Cabinet-level department.

In a letter transmitting his plan to Congress, Eisenhower said the reorganization would "improve the administration of the vital health, education, and social security functions now being carried on in the Federal Security Agency by giving them departmental rank."

"Such action," he said, "is demanded by the importance and magnitude of these functions, which affect the well being of millions of our citizens."

Eisenhower's plan calls for the head of the new department to be assisted by an undersecretary and two assistant secretaries.

The President said this would make it possible for the officials to have titles "indicative of their responsibilities and salaries comparable to those received by their counterparts in other executive departments."

As federal secretary Mrs. Hobby received a Cabinet officer's rank. Eisenhower said the reorganization in immediate effect would allow the performance of services at greater present operations.

Eisenhower expected that all the agencies including the Social Security Administration, Texas Education—should be a single department.

Midland Resident Since 1928 Dies

William M. Whitmore, 84, Midlander since 1928, died Wednesday night in the home of a daughter, Mrs. Ethel Moore, at 504 South Terrell Street. He had been ill for several months.

Funeral services will be held at 2 p.m. Friday in the Newline W. Ellis Chapel with the Rev. Wallace Rosenberg, pastor of the Asbury Methodist Church, officiating. Interment will be in Resthaven Memorial Park.

A retired farmer, Whitmore was born at Weatherford, Texas. Survivors include two other daughters, Mrs. Sybil Roberts and Mrs. Inez Mayfield of Midland; two sons, Lloyd P. Whitmore, serving with the Army in Korea, and H. W. Whitmore of Midland; a brother, G. A. Whitmore, Midland, and six grandchildren.

\$6,805 GIVEN TO RED CROSS

Returns in the Midland County Red Cross Fund Drive continued to climb Thursday as campaign leaders reported \$6,805 in cash gifts.

Volunteer workers were out en masse again Thursday in all sections of the city as the tempo of the campaign was stepped-up in an effort to reach the \$18,500 quota as promptly as possible.

Tread Lightly Again Friday; It's 13th

Superstitious Midlanders must walk lightly again Friday. It is the second Friday the 13th in a month.

Those who believe in superstitions include Friday the 13th in the category of blackcats, walking under ladders, placing hats on beds, and other omens of bad luck.

Operators, Royalty Owners To Fight Spraberry Shut-In

Oil operators and royalty owners in the Spraberry Trend areas of the Midland Basin will oppose a proposal that the wells in that reservoir be shut in until all gas flaring has been eliminated.

The decision to take that position at a hearing by the Railroad Commission in Austin next Tuesday was made at a meeting in Midland Wednesday.

More than 100 persons gathered in the Humble Building auditorium. Representatives of gasoline plants, pipe lines and other concerns which now are jacking or planning to take flare gas from the Spraberry, explained their positions Wednesday.

Currently the Tex-Harvey Gasoline Company and Phillips Petroleum Company are taking some of the gas from the Spraberry. Both concerns now have gasoline plants operating in the Trend area.

LATE NEWS FLASHES

WASHINGTON—(AP)—The government is expected to end price controls before nightfall on all remaining consumer items including coffee, beer, hardware goods and fuel oil, informed capital sources said Thursday.

TOKYO—(AP)—Twelve small Japanese ships with 101 crew members are missing or in distress as a result of a storm Wednesday, the Japanese Coast Guard said Thursday night.

NEW ORLEANS—(AP)—Long distance telephone calls and network television shows were disrupted here Thursday when a co-axial cable across the Mississippi River was broken by a ship's anchor.

TEL AVIV—(AP)—An Israeli military spokesman said Thursday an undetermined number of Arabs were killed in a mine field Wednesday night after infiltrating the Israeli-Egyptian armistice boundary.

Seven Seek Crane Posts

CRANE—Seven Crane men have filed applications as candidates for alderman in the April 7 city election when two council posts will be filled and a mayor elected.

Of the seven qualified for candidacy, Roy Ward is the only incumbent. Others running are Steve Thomas, Job Hutson, Charlie Passar, Ted T. Thompson, James E. Covill and J. R. Todd.

L.V. Martin is the lone candidate for mayor.

All are long-time residents except Thomas and Thompson. Thomas came to Crane from Midland about 18 months ago as a dealer in insurance, real estate, and Iowa.

Hutson came to Crane in the early days as an owner in a drug store and a recreation center, which he operated after selling his partnership in the drug store.

Covill is a lumberman and contractor. Passar came to Crane as a youth and is associated with a clothing firm.

Todd also has lived in Crane a number of years, being in insurance, accounting and other office work. Roy Ward, owner and operator of an auto store has served several terms as alderman.

A COUPLE OF PRESENTS—President Eisenhower sports a new Western beaver hat presented him by Rep. Victor Wickersham (D-Okla.), left, who also gave the President a water color showing an Indian spearing a buffalo painted by Stephen Mopope, a Kiowa Indian from Anadarko, Okla.

Houston Drowning Victim Recovered

HOUSTON—(AP)—An inquest verdict of accidental drowning was returned in the death of Earl Fourn Stain, 42, Houston laborer, whose body was found in the Houston Ship Channel Wednesday.

He had been missing since March 4.

Republicans Set To Grab Vacant Postmaster Posts

WASHINGTON—(AP)—President Eisenhower shortly will set aside all recent civil service tests through which Democrats were chosen to be postmasters, a highly placed Republican senator said Thursday.

This was described as a necessary first step in a series of moves to give Republicans a taste of the postmaster-plum for the first time in about 20 years. As a second step, new examinations would have to be held.

All of the 40,000 postmaster-plum in the country are under civil service. About 9,000 of them are vacant or are filled by temporary appointees.

The Republicans have been eyeing these 9,000 jobs. But they have found that, as a result of the civil service examinations for them, almost all are filled by Democrats.

The appointments must be made from the top three in each examination. Despite the civil service status of the jobs, there always has been considerable politics in the filling of the more important postmaster-plum—the 22,241 first, second and third-class posts.

Former Actress Mabel Monahan, 62, Found Murdered

BURBANK CALIF.—(AP)—Her hands trussed behind her back and her head crushed, the body of 62-year-old former actress Mabel Monahan was found in a closet of her home here Wednesday.

She had been dead several days, police said. The house was ransacked and bloodstains were found in almost every room.

Mrs. Monahan, a widow for about six years, apparently was reading when her attacker surprised her. An open book, "The Purple Pony Murder," lay on the arm of a chair. A living room light was burning and on since last Monday, neighbors said.

The body was found by a gardener, Mitchell Truesdale, who had come to get his wages.

GOOD SALESMEN NEVER GIVE UP

BALTIMORE—(AP)—Salesman Manual Hyman thought he had a customer in the bag Wednesday night, when three holdup men barged into the liquor store.

The thugs forced Hyman and the store manager, William Gross, into the rear of the place, then made off with about \$100 from the cash register and Gross' wallet.

"Now are you going to buy a policy?" Hyman persisted. "I can't think about that now," Gross replied.

Hyman said he'd be back another day to try to sell the liquor store manager an insurance policy covering holdups.

Stitch In Time Puts Padding Where 3-D Actors Need It

BY ERSKINE JOHNSON
NEA Staff Correspondent

Now it's 3-D wardrobes for Hollywood actors—padding in the right places to keep 'em from looking old in the intimate and life-like "depths."

"Forty-five-year-old leading men will look 40, or even 35, if they aren't dressed correctly," warns Richard MacIntosh, the Hollywood tailor who stitches for the stars. "Three-D says the tailor will eliminate narrow shoulders, tight jackets and high-water, Ivy League trousers."

John Garfield's widow is most unhappy about a forthcoming novel reportedly based on the star's life. Even the publishers are admitting that the actor-hero is deceased.

Arlene Dahl's wardrobe about Fernando Lamas' virility and his raves about her superwomanhood have reached the revolving stage. Owen O'Connor is no longer a partner in the music-publishing firm of Donald O'Connor and Sidney Miller.

Mary Martin's quietly preparing for her operatic debut with a British maestro in London. First, she'll do a straight play, "Kind Sir," with Charles Boyer.

The grapevine has it that Agnes Moorehead and Robert Oist, secretly wed, have adopted a red-haired baby. They're both first-tyers.

It's definite that Gary Cooper is on the 18-month income tax exemption kick. He heads to Kenya in darkest Africa for "African Rifles" after completing "Blowing Wild" in Mexico.

Zsa Zsa Gabor dances a little, sings a little, but mostly acts as a sippy mistress of ceremonies, in her nightclub debut in Las Vegas.

Stewart Granger is itching to play the John Barrymore role in John Huston's remake of "Moby Dick." But first Huston and MGM have to get together on a loan-out agreement.

Vanessa Brown has written a play, "Europa." The Theater Guild may produce.

A starlet telephoned a bookstore for a list of new books. Finally the clerk came to the biography of "Willie (The Actor)" Sutton, the famous criminal, by Quentin Reynolds.

"Oh, send that one to me," chirped the starlet. "I never pass up any books about the great stars of the theater."

Pinky Tomlin's life story, "Object of My Affection," title of his great song hit, is up for major studio consideration. He's switched from singing to acting. His latest film is "Beautiful But Dangerous."

Dale Robertson is on the verge of selling his own original screen yarn, "The Thousand Guns of Justice in Malloy" to Fox.

Erol Flynn just purchased Nany Island off Jamaica and Pat Wynmore plunked out moolah for a nearby peninsula. What a property settlement it will be if ever the Flynn's divorce.

Anne Baxter's getting her passport for a trip to Europe with her mom and pop. Joan Fontaine, unhappy with the dips in her career, has changed agents. MGM has okayed an Eastern personal-appearance tour for Vic Damone.

Summer Styles Will Feature Cotton As King

DALLAS —(AP)— Cotton made a clean sweep of Summer fashions as Dallas designers completed a three-day showing for 30 visiting editors and fashion columnists Wednesday.

There was some difference of opinion among designers, however, on the silhouette. Most went along with the current slender-line idea, but some included full skirts.

Black and white was a big favorite. One designer specialized in white and chocolate for cool Summer costumes.

A denim and linen combination by Ruth Fair of Dallas also was shown.

Almost all designers here showed strapless dresses with a matching scarf, stole or jacket.

Circle Eight Club Adds New Members

Mr. and Mrs. E. N. Stracener and Mr. and Mrs. L. E. Evans were introduced as new members of the Circle Eight Square Dance club at the club's meeting Tuesday in the Legion Hall.

Host and hostesses were Mr. and Mrs. Hub Hagler, Marie Nichols and Dixie Howell. Guests included Mr. and Mrs. Roy Crim, Mr. and Mrs. Sam Wilkinson, Mr. and Mrs. Cot Mott, Mr. and Mrs. James Range, Nina James, Dr. Don Gibbs and Sue Skaggs.

Dances were called by Warren Skaggs, T. A. Cole, Charlie Bialock, Hub Hagler, Macon Cecil, Maxine Still, Ida Manuel, Jack Pattison, Roy Crim, A. R. Brownlee, Bill Stout, Lucian Panches and J. R. Smith.

Approximately 50 members attended.

FROM McCAMEY

Mrs. Clarence Moss and Gertrude Russell visited Wednesday in Midland from McCamey.

DRIVE CHAIRMAN — Mrs. John Younger, chairwoman of the Red Cross Fund Drive in the city's residential districts, is directing a house-to-house canvass in which scores of volunteer women workers are engaged.

Golf Association Schedules Lessons

Lessons in point-count bridge will be given Friday following the Ladies Golf Association luncheon in the Midland Country Club.

The luncheon will be held at 1 p.m. All women of the country club are invited to participate in the lesson session, whether they have been previously contacted or not.

Brownie Troops Set Future Activities

Brownie Troop 64 and Brownie Troop 47 made plans for future activities Wednesday at meetings in the Little House.

Troop 64 planned a cookout and Troop 47 discussed plans for a fly-up ceremony to be held soon.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, MARCH 12, 1953-3

Seal Campaign Gets 'Gratifying' Response

First responses in the Easter Seal campaign which opened in Midland Monday were "very gratifying," Mrs. Robert Fitting, general chairman, reported.

465 Persons Visit Antique Exhibit Here

A total of 465 persons attended the Tuesday antique show and sale, termed an "extraordinary success" by the sponsoring organization, the Twentieth Century Study Club.

The show was held in the home of Mrs. H. S. Collins, 3106 Stinson Street. Mrs. J. B. Bain, president, and the ways and means and hospitality committees directed arrangements for the event, with all club members assisting.

The antique show, first project of its type to be sponsored by the club, was the result of a study program directed by Mrs. Walter Parks. Mrs. Parks, who is interested in the study and collection of antiques, interested other club members in the topic when she presented their program on "The American Home" as a part of the year's study on "Our Heritage."

At the close of the show, the remaining articles that had not been sold were made available to club members, who had not been allowed to purchase any of the articles while the public exhibit and sale was in progress.

Guest prize for the day went to Mrs. Eleanor Wheeler, 1206 West Illinois Street, and the member prize to Mrs. Frank L. Key.

United Nations Is Program Subject

Mrs. George Turner presented the program on the United Nations Tuesday when the St. Catherine's Church met in the parish house.

Plans were discussed for the auxiliary's annual bazaar to be held sometime in November. Seventeen members attended.

It long was believed a drinking cup made of rhinoceros horn would counteract poison.

The campaign, under the sponsorship of the Children's Service League, is held annually for the benefit of crippled children. Contributions are especially needed this year, Mrs. Fitting said, to carry out plans for a treatment center here for children with cerebral palsy.

The center is to be set up in the Red Cross Building, with members of the Children's Service League serving as volunteer helpers. Arthur Tanager is chairman of this board and Murray Fasken is treasurer. Other members are Percy Bridgewater, Dr. R. Matthew Lynn, Robert Turpin, Mrs. Fitting and Mrs. M. O. Gibson.

Of the funds collected through the drive, seventy-five per cent are to be used for Midland children, regardless of race, creed or color.

The League is affiliated with the Texas Society for Crippled Children, from which more money can be obtained should the Midland fund be exhausted. The state society's program includes examinations, cardiac work, scholarships for teachers and therapists, organization of new county units, legislation, establishments of treatment centers, obtaining therapeutic equipment and research.

Additional information concerning the Easter Seal Campaign or the Children's Service League program can be obtained by telephoning Mrs. Fitting at 2-3019. Contributions may be mailed to the League at Box 1214 in Midland.

Delbert Downing Is P-TA Speaker

Delbert Downing, Chamber of Commerce manager, was the guest speaker for a meeting of the South Elementary Parent-Teacher Association Tuesday afternoon in the school auditorium.

He discussed "Faith in Our Schools." John Ashman, also a guest, discussed the proposed organization of a YMCA in the city.

Elected to a nominating committee were Mrs. C. E. Craig, Mrs. E. R. Powell and the school principal, W. T. Davis. Appointed on the auditing committee were Mrs. Martha Ervin and Mrs. Kenneth Johnson.

The room count was won by Mrs. Alpha Tillman's room. Mrs. E. N. Stracener gave the closing prayer.

Mrs. Durward E. Smith

Perennial Club Has Program

Ralph Sader of the Walker Nursery was guest speaker when the Perennial Garden Club met Tuesday in the home of Maria Spencer, 1506 North I Street.

Speaking on roses, he discussed the selection of types of roses, planting, fertilization, watering, pruning, methods of insect control, and the best varieties of roses for the Midland area.

Discussions also were held on the care of lawns and on the use of insecticides for trees, shrubs and flowers.

Introduced as new members were Mrs. Anne Graham, Mrs. Clint Creech and Flossie Vaughn. Mrs. John Palmer was a guest. Members present were Mrs. Joe Luchini, Mrs. George B. Christy, Mrs. Russell Holster, Mrs. Neta Stovall, Mrs. Lucille Johnson and the hostess.

Progressive Club Discusses Midland

Midland was the subject of the Progressive Study Club's special Texas Day program Wednesday in the home of Mrs. Hugh McCollough.

Mrs. Perry D. Pickett, program chairman, traced the city's development from a tiny sheep town to a cattle town and, finally, to an oil town. During the first 40 years, she said, Midland grew slowly. Then in 1925 the big boom began and today she concluded there are more than 400 oil companies represented in Midland.

Mrs. W. H. Oswald was a guest at the meeting. During the business session Mrs. Pickett, Mrs. W. E. Cox and Mrs. H. B. Welch were named delegates to the Texas Federation convention to be held in Odessa.

Others attending were Mrs. J. K. Ridley, Mrs. R. A. Edges, Mrs. A. A. Jones, Mrs. H. C. Jones, Mrs. W. G. Kimball, Mrs. Donald N. Johnson, Mrs. Lindley Latham, Mrs. Welch, Mrs. Charles Q. White, Mrs. H. A. Wienold, Mrs. K. E. McFarland and Mrs. J. Ford Schrock.

VISITORS IN CITY

Mrs. John R. Caldwell and daughters, Karen and Janet, of Artesia, N. M., visited here Wednesday.

Durward Smiths At Home In Midland

Announcement has been made of the wedding of Barbara Eckert, daughter of Mr. and Mrs. G. F. Eckert of Midland, and Durward E. Smith, son of Mr. and Mrs. Curtis J. Smith of Stanton.

The couple exchanged vows in Lovington, N. M., February 25 on the wedding anniversary of the bride's parents. Attending were Mr. and Mrs. Eckert and son, Fritz, Jr.

The couple is at home at 1109 East Estes Street in Midland where Smith is employed by Gulf Oil Corporation. Mrs. Smith is employed by the Forest Oil Corporation here.

Small Crowd Hears Fine Program By Seminary Chorus

A disappointingly small audience heard a fine performance by the Concordia Seminary Chorus Wednesday night in the Midland High School Auditorium.

About 35 theological students, singing from the conviction of their hearts, presented some of the world's best-loved sacred numbers.

Among the best were the carol, "Susanna," arranged by Tom Scott; the lovely "Go to Dark Gethsemane," by T. Tertius Noble; the familiar, spiritual, "Poor Wayfaring Stranger;" and "Credo," written by A. Cretchamintoff and arranged by C. Ropper.

Adding to the pleasure of the audience was the excellent diction of the chorus, making it possible to enjoy the words of the songs, as well as the melodies.

Director for the group is Fred L. Precht, a professor in the seminary, which is located in Springfield, Ill.

Sponsoring the Midland concert were Lutheran laymen of Midland: Big Spring, Odessa, Monahans and Pecos.

Vatican Flags Mark Pope's Anniversary

VATICAN CITY—(AP)—The white and gold banners of the Vatican City State fluttered Thursday to mark the fourth anniversary of the coronation of Pope Pius XII.

Thousands of greetings from many parts of the world arrived to wish the pontiff well.

Which one has that MONTHLY LOOK?

EYES SHOW CRAMPS, "NERVES," MISERY
You, too, may not be able to hide that tired, nervous, jittery look each month no matter how much "make-up" you use. Keep your secret safe during "those" days—don't be the one girl in three who shows the strain from tell-tale nerves and cramps—has "that monthly look."

Take Cardui, a special medicine trusted by thousands of women, girls to help insure against cramps, "nerves" and monthly misery. A little Cardui each day helps build strength so resistance may be greater each month, nervousness and suffering less and less. Look more natural—feel and sleep better. Ask your dealer for Cardui. (Say: "card-u-ee").

**Many scientists estimate that at some time during life 1 out of every 3 women suffers from monthly discomfort.*

CARDUI
MONTHLY CRAMPS → CHANGE OF LIFE

Smart shopper

Every smart shopper knows that MARYLAND CLUB is her best buy in coffee . . . because with MARYLAND CLUB she can get 10 to 15 more delicious cups out of every pound . . . thus she can actually save up to 25c per pound and still enjoy the very best! A wardrobe that's Winter-vacation bound now might include these new designs. They are pretty to look at and fun to wear. Later, they could go into a Summer wardrobe. Tourist (left) drinking coconut milk wears a tucked and gored dress in snowy white and in Hope Skillman's needlepoint pique. It has high-rising waistline and very full skirt. Traveler in the tropics (right) watches a log being hollowed out into a boat, the oldest boat-building method known. She wears a cotton blouse that's re-embroidered for three-dimensional look with needlepoint pique forehead pants that end just below the knee.—By Galie Dugas, NEA Woman's Editor.

4—THE MIDLAND REPORTER-TELEGRAM, THURSDAY, MARCH 12, 1953

Style Show Highlights Luncheon Held By Welcome Wagon Club

A style show was the highlight of the luncheon meeting held by the Welcome Wagon Club Tuesday in the Ranch House.

Mrs. J. T. Gist was commentator for the fashion showing. Children serving as models included Kay and Dick Adams, children of Mr. and Mrs. O. T. Adams; Prissy Evinger, daughter of Mr. and Mrs. Ernest Evinger; and Phyllis West, daughter of Mr. and Mrs. J. L. West.

Adult models included Mrs. Jim Mundy, Mrs. Cyrus Elm, Mrs. C. J. Zebala, Mrs. W. R. Baird, Mrs. J. H. Lewis, Mrs. Edward Reis, Mrs. J. H. Knauer and Mrs. H. V. D. Fitzgerald.

Midland firms assisting with the show were Gibbs-Bliatherwick, Barnes & Company and the Kiddies Kiosky.

Plan Party
During a business session, plans were discussed for a benefit bridge party to be held in the near future.

Husbands! Wives! want new pep and vim?

Thousands of couples are weak, worn-out, exhausted, unable to enjoy life. For new vim, vitality, 877 Oyster Flakes. Supplies from you, too, may need for pep, supplementary doses Vitamin B₁₂ \$1.19 one only. Or even less money, see money-saving "Economy" size. At all drug stores, everywhere—in Midland, at Midland Drug.

Mrs. C. H. Pearson, president, presented corsages to Mrs. H. M. Knox and Mrs. Pat Marlow, who are leaving the club to become members of the Old Timers Club.

A St. Patrick's theme was featured for the luncheon. Hostesses were Mrs. H. H. Morgan and Mrs. L. W. Randsen.

The centerpiece was awarded to Mrs. H. C. Sawyer. Game prizes went to Mrs. R. H. Gerdts, Mrs. H. H. Morgan and Mrs. T. L. Huddleston.

Guests Named
Newcomers attending as guests were Mrs. Lee Douglas, Mrs. Sawyer, Mrs. J. K. Villines, Mrs. Bill Barnett, Mrs. George Phenix, Mrs. Howard Payne, Mrs. Dorothy Bunkley, Mrs. Allan Sheehan and Mrs. John D. Edwards.

Other guests included Janette Blatherwick, Mrs. Robert Lewis of Tucson, Ariz., Mrs. Bobby Sidwell of Bloomington, Ind., Mrs. W. T. Gill of Washington, D. C., and Mrs. Sam Graves and Dr. Orne Peddicord of Kermit. Sixty-eight members were present.

VISITS IN MIDLAND
Mrs. Mary Howard of Tulsa, Okla., is visiting her parents, Mr. and Mrs. Fred Osborne, Route 2.

Alta Merrell Leads Mission Study Meet

Alta Merrell led the mission study Monday at the meeting of the Lockett Circle in the home of Mrs. T. Whitehead.

The opening prayer was given by Mrs. W. B. Preston and the closing prayer by Mrs. B. C. Girdley.

Others attending were Mrs. H. B. Spears, Mrs. R. E. Shelton, Mrs. R. E. Vick and Mrs. John Godwin.

Manners MAKE FRIENDS

Want your compliments to be appreciated and remembered? Sure, we all do. Then keep this tip in mind: Don't be too free with them. The women who think everything is "darling" and the man who says everything is "great" are such spendthrifts with their enthusiasm it doesn't buy much real appreciation.

On the other hand, don't begrudge anyone a compliment. The point is, there's a happy medium. Hit that happy medium and your compliments will carry some weight.

To amuse a youngster who may be sick in bed, provide a bowl of soap bubbles and a wooden pipe. They are harmless and won't stain.

SOCIETY

6—THE MIDLAND REPORTER-TELEGRAM, THURSDAY, MARCH 12, 1953

National Scout Worker Speaks On Juliette Low World Fund

Scout leaders, parents and representatives of the 90 Girl Scout troops in Midland heard first hand reports Tuesday of how their contributions to the Juliette Low World Friendship Fund are being spent.

The speaker was Eleanor Thomas of the Girl Scout program department. She explained how some of the fund is held in reserve each year for emergencies which might arise among any of the 25 world men-bered and gave as an example the recent disastrous flood in Holland. Part of the 1952 fund was cabled to the Girl Guides in that country.

Greenwood Girls 4-H Clubs Name New Officers

Officers were elected when the Greenwood Junior Girls 4-H Club and Senior Girls 4-H Club held Tuesday meetings in the school cafeteria.

Demonstrations were given at both meetings by Pauline McWilliams, county home demonstration agent, on laying a dress pattern and cutting a garment. Following the demonstrations, members of the clubs were assisted by Mrs. O. B. Williams and Mrs. R. H. Riley in working on their garments.

First Nighters Get Reservations For MCT Play

Most of Midland's first nighters had already reserved tickets Thursday morning for the Community Theater production of "Bell, Book and Candle," promising a large audience for the opening performance.

The John Van Druten fantasy will have a seven-night run in the City-County Auditorium. Performances are scheduled at 8:30 p.m. Thursday through Saturday of this week and Monday through Thursday of next week.

Literature Group Hears Book Review

A review of "The Gallies" (Frank G. Slaughter) was given at the meeting of the American Association of University Women's Contemporary Literature Group Wednesday.

The meeting was in the home of Mrs. Tom Harrington, 3107 Stinson Street. Mrs. Tommie Younger, Mrs. R. B. Cornell and Mrs. J. M. McConnell gave the review.

Mrs. Rockwood Is Bible Study Leader

Mrs. Spencer Rockwood led the study on "Understanding the Bible" when the Charity Circle of St. Luke's Methodist Church met Tuesday in the home of Mrs. C. E. Cure, 2109 West Holloway Street.

Next meeting of the circle will be at 9:30 a.m. March 24 in the home of Mrs. Dan McIntosh, 3306 Roosevelt Street.

Beta Sigma Phi Chapters Hold Program Meetings, Plan Projects

Program meetings were held Tuesday by Mu Psi and Iota Beta Chapters of Beta Sigma Phi.

Elsie Ramsdell gave the program on "Action—A tool of Life" when Mu Psi Chapter met in the home of Mrs. Paul Wecker, 108 South M Street. Mrs. J. D. Horton was co-hostess.

Members decided to contribute to the Experiment in International Living project and plans were discussed for the Beta Sigma Phi Founder's Day banquet and state convention.

COOKIE

Girl Scout cookie sellers enjoy their own wares, and learn business methods too, as they take and fill orders for boxes of the tasty tidbits. Proceeds from the cookie sales help the Scouts buy camping equipment and other special aids for their program.

Spiritual Diary for Lent

I am the voice of one crying in the wilderness.—John 1:23.

Today's Message
"I am the voice of one crying in the wilderness." With these strange words, John, the forerunner, described himself to the priests and Levites sent from Jerusalem to investigate the strange personality which came out of the wilderness.

His was the voice of Meekness. His highest honor was to be a spokesman for the Christ: "He it is, who coming after me is preferred before me, whose shoe I am unworthy to loose."

His voice also was one of Mystery. The Creator endows the human family with a unique ability of communication. We should use this gift to give testimony concerning the goodness of our God. His voice, however, proved to be one of Mastery. His cry was the imperative "Make straight the way." From time to time God raises up voices as He needs them. He would use yours amid the confusion of the myriad clamorous voices all around us. Wilderness-born, that voice found its source in the stillness of the Eternal.

Coolidge sings: "Earth with her thousand voices praises God." The human voice ought never be less eloquent.

Today's Prayer
—CLARENCE A. KIRCHER
"Dear Lord and Father of mankind, forgive our feverish ways; rebuke us in our rightful minds; in pure lives Thy service find; in deeper reverence, praise." In Jesus' name we pray. Amen.
(From "The Spiritual Diary," published by Austin-Phelps, Inc. Copyright 1951, by Bennie Caroline Hall, Editor. Distributed by NEA Service.)

Mrs. Walter Mork Heads Writers Group

Mrs. Walter Mork was named chairman of the Midland Writers Group Wednesday at a meeting in the home of Billie Abbott.

Mrs. Brandon E. Rea, program leader, presented several manuscripts for analysis and Mrs. Leonard Edwards led a discussion on writing cartoon say. Also attending were Mrs. Mork, Patte Abbott and Mrs. E. L. Ricketts.

BUSINESS IN CITY
Mrs. John L. McCarty and Mrs. Pearl Pickett of Big Spring attended to business here Thursday.

WCS Circles Meet For Study

Circles of the First Methodist Woman's Society of Christian Service met this week for study programs.

Mrs. Morgan Gist reviewed the second chapter of "American Heritage" when the Laura Haygood Circle met in the home of Mrs. B. P. Haas, 1002 West Louisiana Street.

Mrs. Haas, the chairman, presided and assisted with the program. Mrs. Luther Kirk directed a prayer service and Mrs. W. P. Prothro gave the devotional and a talk on the Belgian Congo.

Narriman Flies From Rome Without Farouk, Baby Son

ROME (AP)—Egypt's Queen Narriman flew to Switzerland Thursday amid conflicting rumors of an impending divorce from ex-King Farouk, pregnancy or a political move to safeguard the royal dynasty.

She took off from Rome's airport at 3:40 p.m. for Zurich, she is accompanied by her mother, Mrs. Sila Sadek, a nurse, and a little black poodle, but did not take her baby son, King Faud II.

Farouk did not go to the airport to see her off.

Farouk's shadow—two tough Albanian Moslem bodyguards—were not present either when Narriman and her mother arrived in Farouk's big red and black automobile.

Both the Queen and her mother were wearing rich fur coats and dark sunglasses.

A spokesman for Farouk denied all rumors of a divorce or separation.

"The Queen is going to Zurich for a short period of rest and treatment," he said.

He refused to say how long she would stay in Switzerland.

Daleth Delphians Hold Seminar

The Daleth Delphian Chapter met Wednesday in the home of Mrs. John S. Braun, 1201 Outhbert Street, for its tenth seminar.

Mrs. M. E. Traubman, who led the discussion, was assisted by Mrs. C. W. Coyle, Mrs. J. W. Campbell, Mrs. F. L. Houghton, Mrs. E. P. Birkhead and Mrs. Braun.

Others present were Mrs. Joe Stewart, Mrs. Jack Elam, Mrs. J. E. Bruton, Mrs. F. H. Pannill, Mrs. Richard Hinkle, Mrs. F. D. Breedlove, Mrs. Roy Davidson, Mrs. G. H. Stoddard and Mrs. John V. Norman.

The next meeting will be at 9:30 a.m. March 25 in the home of Mrs. Birkhead, 1801 West Tennessee Street.

Congratulations To

Mr. and Mrs. Riley Parr, 1100 West Indiana Street, on the birth Wednesday of a daughter, Janis Lee Parr, weighing six pounds, 14 ounces.

Mr. and Mrs. W. P. Tomlinson, 1109 Chestnut Lane, on the birth Tuesday of a daughter weighing seven pounds, three-fourths ounce.

Mr. and Mrs. C. L. Haynes, 411 East Pecan Street, on the birth Tuesday of a son weighing six pounds, six and one-half ounces.

Mr. and Mrs. Charles C. Langdon, 2306 West Storey Street, on the birth Tuesday of a son weighing seven pounds, 11 1/2 ounces.

Mr. and Mrs. R. T. Eaton, 3001 East Highway 80, on the birth Tuesday of a daughter weighing six pounds, 13 ounces.

Mr. and Mrs. J. T. Rose, 1708 South McKemie Street, on the birth Wednesday of a son weighing six pounds, 15 ounces.

Mr. and Mrs. J. R. Williams, 1200 South Maricfield Street, on the birth Wednesday of a son weighing eight pounds, 14 1/2 ounces.

Mr. and Mrs. Ernest Hunter, 601 North Lamesa Road, on the birth Wednesday of a daughter weighing seven pounds, one-half ounce.

Mr. and Mrs. A. L. Sharp, 905 South Johnson Street, on the birth Wednesday of a son weighing six pounds, 14 1/2 ounces.

BUSINESS VISITORS
Margaret Swanson of Fort Stockton attended to business Thursday in Midland.

FROM COMANCHE
Mr. and Mrs. L. T. Love of Comanche are spending a few days in Midland attending to business.

Washed faces are pinned to a flat surface for drying. First blot out excessive moisture in towel. Have your table or board well-padded and gently stretch and shape the face. Use small, rust-proof pins, putting a pin into every heavy part of the pattern.

Ruth Millett Prodigal Puzzled And Hurt; Family Doesn't Welcome Him

By RUTH MILLETT
They have been married 20 years. During most of these years he admits he drank a lot and ran around with other women.

But a couple of years ago he stopped drinking and philandering and expected to lead a happy life with his wife and five children.

He can't seem to understand why things aren't working out as he expected. His wife doesn't seem to care anything about him and home life doesn't offer the peace he is ready for. He can't figure out why.

Well, it is pretty simple for an outsider to understand. For years he has hurt himself, and neg-

Scouts Begin Pre-Registration

Pre-registration for the basic leadership training course to be sponsored by the Midland County Girl Scout Association opened Wednesday and will extend through March 18.

The course, to be held March 23-27, is for all who are interested in the Scouting program. A nursery will be provided during the meetings.

Pre-registration cards may be obtained from the following: Mrs. C. Green, 2002 Princeton Street; Mrs. D. H. Aldridge, 810 West Tennessee Street; Mrs. Jack Locke, 1603 North Westford Street; Mrs. Clarence Symes, 2101 West Michigan Street; Mrs. A. P. Belcher, 2812 Franklin Street; Mrs. W. E. Doolin, 2611 Country Club Drive; and Mrs. L. Ingram, 1200 McKemie Street. The cards should be returned to the person from whom they were received.

ODESSANS IN CITY

Red Hunt Proceeds Despite Attempts To Oust Chairman

WASHINGTON—(AP)—The House Un-American Activities Committee Thursday went ahead with its hunt for Communists in the schools in the face of a move to unseat its

top man — Representative Velde (R-Ill.). The probe called an Eastern university law professor, Velde, whose ouster as chairman is being sought by Representative Roosevelt (D-NY), declined to name the witness in advance. Velde said he would answer questions concerning efforts to obtain confidential information from the government. Senator Jenner (R-Ind) said,

meanwhile, that only further investigation will determine whether communism in the colleges is on the wane, as contended by a New York City educator.

Jenner said in an interview the Senate Internal Security subcommittee he heads still has a long way to go to determine the extent to which Reds may have burrowed into college campuses.

Dr. Harry Gideonse, president of Brooklyn College in New York, told the Senate investigators Wednesday that communism is "on the run" in this country, particularly in the schools and colleges.

He credited legislative investigating groups, such as the Senate subcommittee, with helping to bring this about and urged educators to cooperate with the current probe.

Representative Roosevelt Wednesday introduced a bill aimed at having the House fire Velde, a former FBI agent, as head of its Communist-hunting committee.

The New Yorker charged Velde with having made recent statements and accusations which Roosevelt said reflected "on the responsibility and integrity" of the House and its members.

Velde countered with a statement that Roosevelt's resolution was intended to "discredit me personally and to impede the progress" of the committee.

"I wish to assure all loyal American citizens that the work will go forward with a renewed spirit and determination," Velde said.

He added he is convinced "we are right in pursuing the course of action authorized by Congress."

Roosevelt's bill was referred to the House Rules Committee, headed by Rep. Leo Allen (R-Ill.). Old hands at the Capitol predicted it had little chance of being cleared for House action.

Georgian Sentenced To Die For Robbery

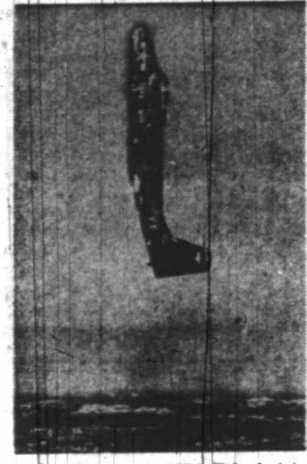

ATLANTA—(AP)—Howard Leroy Fooks, 33, was sentenced Wednesday to die May 1 in the electric chair for a robbery that brought him only \$1.50 and two streetcar tokens. Mrs. Sarah Babbitt, 28, testified the defendant dragged her into a tangled thicket, "beat, stomped and cut" her and fled with her purse containing the small sum of money and the two tokens.

Court officials said it was the second time in the history of Atlanta courts that the death sentence has been given for armed robbery.

Presbyterian Men Will Meet Thursday

Election of officers for 1953 will feature the program at the March meeting of Men of the Church of the First and Westmaster Presbyterian Churches at 6:30 p.m. Thursday in the Fellowship Hall of the First Church.

J. W. Baldwin, retiring president, urged a large attendance at the meeting. He said all Presbyterian men are invited to attend.

13 Workers Die In Brewery Blaze

NEWARK, N. J.—(AP)—The death toll in a fire at the Anheuser-Busch brewery Wednesday has risen to 13. All the victims were construction workers who suffocated when trapped in a maze of huge fermentation tanks.

Fire raced up the cork-lined walls of a windowless storage wing at the 20 million dollar brewery. Black choking smoke filled the six-story brick wing, touching off panic among the 80 men at work there. Twenty-nine were hospitalized for smoke poisoning.

Light couldn't pierce the thick curtains of smoke in the wine, and the workmen groped blindly for exits.

About half of the victims were caught inside the 30x50 foot fermentation tanks. Small manholes just a little more than two feet in diameter were the only exits from the tanks.

"Those in the tanks were trapped like rats," said Foreman Fred Watkins. "They probably never heard the fire warning, and if they did, they couldn't have made it up the ladder before they were overcome."

Other victims suffocated in a labyrinth of tiny corridors between the tanks on each floor.

Many of the masons, carpenters and laborers who managed to scramble to safety plunged back again into the smoke-filled wing to help the others escape. Two of these volunteers—Earl Grainger and William Hageman of Newark—lost their lives in the rescue attempt.

Cause of the fire was unknown.

WORMS WIN HER FREEDOM

DETROIT—(AP)—As far as Mrs. Marguerite Norton, an attractive Redford Township housewife, is concerned, "the worm has turned."

Mrs. Norton was granted a divorce from her husband Kenneth Wednesday in Circuit Court.

Mrs. Norton said she married her husband in 1946 and separated from him in 1949 because he spent all his paycheck on food for his 10,000 earthworms.

"He didn't hold back enough to support me," she told the court.

Norton raised the earthworms as a combination hobby and business venture, Mrs. Norton said.

Prisoner's Flight Before Jury Verdict Stirs New Troubles

CHICAGO—(AP)—A prisoner escaped from the Criminal Courts Building Wednesday while a jury deliberated his fate on a charge of armed robbery—and when he surrendered a few hours later learned he had been found innocent.

But Williams Phillips, 34, a negro laborer, wasn't freed. He was kept in the Cook County Jail and faced new charges. Phillips knocked on the jail door late Wednesday night and told Warden M. Phillip Scotland his mother had told him to surrender. Scotland told him the jury's verdict.

Prosecutors indicated they would attempt to have Phillips re-indicted on charges of robbery and assault to kill, both of which had been dropped when Phillips was indicted for armed robbery. They said there is no existing Illinois law covering escapes from county institutions.

Crane News

CRANE—Mrs. Georgia Orr was hostess to the Dorcus Club Monday. James Travis of Odessa visited this week in the home of his nephew, Lee Travis, and family.

Mrs. T. M. Ayers and Mrs. W. E. Horn were co-hostesses at the meeting of the Couples '42 Club Friday in the Gulf Recreation Hall.

A Come-As-You-Are Coffee was given by the Women of the Church of the First Presbyterian Church Saturday.

Mrs. Garland Lovelace of the Gulf Camp is reported to be improving following major surgery.

Mrs. J. D. Rhoades, the former Owen Williams, was feted last Thursday with a bridal shower in the home of Mrs. Leon Nesley. Co-hostesses were Mrs. R. G. Taylor, Mrs. Stanton McCasland, Mrs. R. B. Boothie, Mrs. K. H. Gray, Mrs. Fred Davidson, Mrs. John Hodges, Mrs. Alma Walters, Mrs. Herbert Williams and Eloise Sue Neely.

The Zutons and Bova Club will sponsor a square dance March 21 with music to be provided by the Liles Band.

Approximately 458 parents visited the elementary schools last week during Texas Public Schools week. It was announced by school officials.

Dr. Roy M. Hall of the University of Texas will speak to the Parent-Teacher Association March 19 at its annual fathers night meeting.

Master Tailor For Texas Cattlemen Quits Shears

VICTORIA—(AP)—Master tailor Max Stockman, who began his 55-year career as an unpaid apprentice in Latvia and ended as a tailor to Texas cattlemen, has laid down his shears, needle and tape.

The 75-year-old stockman has piled his trade under two Russian stars and eight American presidents.

He became a tailor's apprentice when he was only 11 years old. When Char Alexander's draft became uncomfortably close, he fled the country.

Though grateful for success and prosperity he found in his adopted land, Max feels his arrival with 15 cents in his pockets was a good deal for Uncle Sam.

"How much did it cost this country to rear and educate you?" he asked. "I arrived at 18, in sound health, able to speak five languages and master of a trade."

Stockman got a job at \$7 a week. When his wages were raised to \$12 a week he began attending design school at night.

For a while Stockman operated three tailor shops in Freeport, Long Island, home of the vaudeville greats at the turn of the century, many of whom were his clients. Then he became a master designer on Fifth Avenue. He once designed a woman's suit for a national retailer which sold 10,000 copies.

Nine years ago Texas relatives prevailed on Max to come here, and since then he has been busy outfitting Texas cattlemen.

Whether in New York or Texas, the master craftsman never identified a garment with his label.

"The best advertising is word of mouth. I want people to approach my customers and ask them who made the suit," Max explained.

Ohio's Plan Would Hike Tax Deductions

WASHINGTON—(AP)—All medical and dental expenses would be deductible for income tax purposes under a bill proposed Thursday by Rep. Oliver P. Bolton (R-Ohio).

Under present law, a taxpayer may deduct only that part of his medical expense which exceeds five per cent of his gross income.

Yacht To Remain At Ike's Disposal

WASHINGTON—(AP)—The White House said Wednesday that the 264-foot Naval vessel with de luxe accommodations and elaborate communications equipment will continue to be the presidential yacht, the Navy says.

A Navy spokesman said Wednesday night the advantages of the White House as a floating facility for uninterrupted private conferences led to a decision to keep it at the disposal of the White House.

LOOK AT ME, MOM—When a torrential rain drowned the rest of his family, this baby rabbit was taken into the home of Mrs. Harry Muns, in Memphis, Tenn. The Muns' dog Tequila discovered the rabbit, and thought it was one of her pups, so Mrs. Muns put the rabbit into the box with Tequila and her pups, which satisfied the mother dog. The rabbit started nursing and has been part of Tequila's family ever since.

Indians Ask \$209,000,000 From U. S. For Lands Taken

JACKSON, MISS.—(AP)—More than 5,000 Choctaw Indians are asking the U. S. government to pick up a 209 million dollar tab for lands they say their white brothers cheated them out of with big words and firewater. The Choctaws go before the three-

Godiva's Horse Essential, Says Sentimental Sheriff

ST. LOUIS—(AP)—Frances DuBay, a "Lady Godiva," and Melody Lady, her horse, were separated by the sheriff Wednesday. Melody, a well trained animal, helps Frances, a strip leader, disrobe—almost. Melody removes garment after garment from her mistress' body until Frances takes on the appearance of a Lady Godiva—in the flesh. Then the law stepped in. Miss DuBay's manager and attorney filed suit claiming she owed them \$25,000. Sheriff Martin L. Toser attached Melody Lady, Miss DuBay's station wagon and Lady's trailer. Sheriff Toser had a heart for art, however, and allowed Miss DuBay to borrow Lady for a windup performance Wednesday night.

Bitter Ground Fights Flare As Winter Returns To Front

SEOUL—(AP)—Allied soldiers grappled with Communist troops all across the storm-battered Korean Peninsula Thursday. Winter returned to the rugged eastern front with a vengeance. Front-line reports said howling gales piled snow into 10- to 15-foot drifts. Almost a foot of snow fell in the bleak and barren Heartbreak Ridge sector. Snow, pelting rain and heavy clouds again restricted Allied air attacks. Most warplanes were grounded. The heaviest ground fighting erupted before dawn on the central front. An Allied patrol nosed into no man's land and ran smack into a force of 150 to 175 Chinese Reds. The Reds quickly surrounded the outnumbered Allies, identified only as Europeans, and closed in for hand-to-hand fighting. Two reinforcing units raced to their aid. The first was intercepted by Communists. The second fought its way through to the first. Then the combined force fought grimly through a screen of Reds, rescued the patrol, and fought slowly back to Allied lines. The bitter fighting exploded south of Pyongyang at 2 a. m. and continued eight bloody hours. Other Allied troops held their ground against four Red probing attacks in predawn darkness. The heaviest Communist jab, by 50 to 80 Chinese, was against an off-hit outpost southeast of Kumsong on the central front. South Korean soldiers manning the post called up reinforcements and beat off the Chinese in a 40-minute battle.

Former Cook Sues Mother Of Farouk

LOS ANGELES—(AP)—A \$100,000 damage suit has been filed against Queen Nazi Foad of Egypt and her daughter, Princess Fatma, by their former cook, Mrs. Lillian Sellfors. Mrs. Sellfors said in her complaint Wednesday that she was knocked down by their Afghan dog, Duke, and suffered a broken leg in the kitchen of the queen's Beverly Hills mansion. Queen Nazi is the mother of deposed King Farouk.

Oil Worker Killed

KILGORE—(AP)—Floyd Lee Brown, 55, was killed Wednesday when a falling timber struck him at an oil rig near Judson, Gregg County.

ALL SQUARED AWAY—Movie star Arlene Dahl has a new title—"Queen of Figures." The title was conferred upon her at a Los Angeles meeting of the National Association of Accounting Engineers when they surveyed her in the gossamer finery she wears in her latest film, "Desert Legion." The mathematical wizards computed that of Arlene's 3500 square inches there are 1840 square inches of pink flesh exposed to view and an additional 1100 square inches discernible through her princess' wardrobe.

Doctor Prefers Telling Doomed Patients Death Not Far Away

LOS ANGELES—(AP)—When a doctor discovers a patient is fatally ill, should he tell him? Yes, says Dr. Philip J. Vogel, even if the patient is neurotic—a chronic worrier. "If you don't tell him," Vogel added, "he will develop an anxiety which is worse than the fear of death." The present trend, Vogel said, is away from the policy of hiding the grim facts from victims of hopeless ailments. In almost every case, he said, they will suspect that something is being withheld from them. As this suspicion grows, they will lose faith in the doctor and in all those around them who have been aiding the deception. Vogel, a Pasadena, Calif., neurologist, appeared Wednesday on a panel discussing hopeless prognosis at the alumni convention of the College of Medical Evangelists. He is head of the college's department of neurosurgery. Complete candor does not require bluntness necessarily, he conceded, and patients can be told the truth in a kindly way which minimizes the shock and leaves them with some measure of hope. "Oddly enough, most patients so advised do not stop fighting," he said. "Even neurotics have been known to lose their neuroses completely upon learning that they are going to die." "There is an ethical as well as a medical reason for the truth," Vogel added. "A person fatally ill has the right to put his affairs in order and to adjust the rest of his life to his own liking. The average physician has found that the most difficult task in such cases is not handling the patient but handling the relatives. Relatives are inclined to insist that the truth be withheld." The only cases wherein withholding the truth is justified are those of children, very old persons and persons mentally incapable of comprehending, he said.

Louisiana Police Patrol Strike-Torn Scene Of Violence

ELIZABETH, LA.—(AP)—State police patrols were increased in this strike-torn South-Central Louisiana paper mill area after another dynamite explosion rocked the town. The blast—one of five automobile dynamitings in the last few days—was part of a series of violence, that saw a bridge dynamited, power lines cut and homes blasted with shotguns in the six months since the strike started. Mayor C. H. Fernstermaker of nearby Oakdale said the situation verged on civil war and that the state police, National Guard, "or something" was needed to stop it. State Police Supt. Col. Francis Grevenberg threw in his reinforcements Wednesday at the request of Sheriff Ralph Thompson of Allen Parish (county). The 20 troopers in 10 patrol cars were assigned to set up roving roadblocks in an attempt to trap dynamiters and other terrorists. Two negroes were arrested after police found a machine gun in their car. Details or identity of the pair are not released. Grevenberg said he understood both strikers and non-strikers were involved in violence. About 50 persons have been arrested in connection with the violence and released on bond. About 500 workers of Calcasieu Paper Company and Southern Industries Inc., both owned by Jacksonville, Fla., interests, walked off their jobs last September in a dispute over ages and other terms of a contract under negotiations at the time. The two unions asked a 25-cent-

Airmen Like Petticoat Rule

SYRACUSE, N. Y.—(AP)—About 450 airmen—most of them male—are taking orders from a woman top kick and the Air Force says. Acting as first sergeant, pretty 22-year-old Elizabeth I. Kealy took over Tuesday in the headquarters section of the 32nd Air Division at nearby Hancock field. How do subordinates take to the rule of the red-haired airman first class? In the words of Lt. Arthur Levitt, Jr., division public information officer: "Surprisingly enough, everyone seems to think very well of the idea." Warren G. Brown of Henderson, Colo., pilot of the F-84 Thunderjet that was attacked and shot down Tuesday by a Russian MIG over the American zone of Germany.

Jets Swarm Over Extreme Corners Of Japanese Isles

AN AIRBASE IN SOUTHERN JAPAN—(AP)—Forty-five minutes from Shanghai, U. S. jet interceptors circle Southern Japan by day and night, like hornets defending their nest.

Owen Lattimore

Leo A. Rover

LATTIMORE TRIAL—Leo A. Rover, 64, prominent Washington lawyer, will be chief government prosecutor in the perjury trial of Owen Lattimore. Far Eastern expert Lattimore was indicted in December on charges he lied to the Senate Internal Security subcommittee. He has pleaded "not guilty."

Here on Japan's southernmost island of Kyushu, you do not feel the same tension as there is among Japan Air Defense Force (JADF) pilots on the far northern island of Hokkaido, where U. S. jet pilots have chased and battled Russian planes. Down here no potentially hostile aircraft have been sighted. But the continuing watch by plane and radar is just as elaborate and careful. Radar stations track an average of 25,000 planes in flight every month. Their reports are fed to a big war room at this base. A miniature semaphoretic on a huge table map in the war room marks every sighted plane. A dozen men with earphones connected to radar sites keep pace with the plane's movement. If any plane is not identified after it is spotted by radar, alarm bells start ringing. Pilots of the F-84 Starfire interceptors sprint for their planes and swoosh into the sky. In any weather the Starfire intercepter can be poised to intruding planes. Its radar locks on a target plane. When the F-84 reaches the proper distance its guns are fired automatically by radar at the target.

Boxing Carnival Opens Thursday Night

40 Or More Fighters Due To Participate In Two-Day Optimist-Sponsored Show

Midland's top carnival of fighting—the second annual Optimist Invitational Boxing Tournament—opens its two-day stand Thursday night with 30 boxers already on line and at least 40 expected for the weigh-ins.

Optimist Boxing Chairman Ed Stitt announced the fighters would weigh-in at the site of the fights, the Air Terminal VFW Hall, at 6 p.m. Pairings would be completed then for the show to get underway at 8:15 p.m.

About 12 bouts each night has been predicted by Optimist officials, with some of West Texas' best scrappers competing for team and individual honors.

Early entries had teams competing from Monahan (3), Andrews (3), Odessa (10) and Midland (12). Stitt said additional entries have poured into the meet at the final weigh-in during the past and predicted the field would reach 40 by 6 p.m.

Some top bouts already can be figured almost for certain pairing—one including a heralded duel between Golden Glove Champion Chilly Reeves of Midland and Buddy Mote of Odessa.

Mote has a record marred by only one defeat in two years when he twice won crowns in the novice division of the Odessa Golden Gloves Regional. He has been primed for his open division debut against the Midland entry.

At the last moment, Midland's biggest entry was Clinton Noble, a 200-pound high school football player; the Optimists were looking for him a match to be the feature of the novice divisions.

Another sought-for scrap was in the heavyweight division after Odessa's champion Thomas Brown entered without a prospective opponent. The Optimists hoped to attract Bruce Smith of Pecos or Bruce Price of Odessa, both former GG titlists, into a popular heavyweight championship bout.

Team trophies, as well as those for individual champions, will be awarded the winners. Odessa, with its long list of Golden Glove crown-holders, is favored in the open di-

Archie Moore Beats Cuban Heavyweight, Begs For New Foes

ST. LOUIS—(AP)—Archie Moore beamed the lack of opponents Wednesday night after he won a unanimous decision over Nino Valdes in their 10-round nationally televised bout at the St. Louis Arena.

It was the fourth non-title appearance made by Moore since he pushed the lightweight crown from the head of Joey Maxim here last December 17. All four matches have sent Archie against heavyweights, and until Valdes came along, he had a perfect knockout record.

Valdes, the 26-year-old Cuban heavyweight champ, just wouldn't fall over for the 36-year-old Moore. Yet while outweighting Archie by some 30 pounds, Valdes couldn't spill Moore either.

Moore weighed in at 180 to 200 1/2 for Valdes.

20 Schools To Enter Relays At Galveston
GALVESTON—(AP)—More than 20 schools are expected to enter teams in the Olander Relays here Saturday. This will mean some 500 contestants.

Lamar of Houston and Galena Park are the favorites.

Midland 66 Gains AAU Semi-Finals

SAN ANTONIO—The student-strengthened old masters of Midland's Phillips 66 cage team advanced into the semi-finals here Thursday night to meet one of the Texas Amateur Athletic Union Tournament favorites, Brooks Army Medical Center.

Midland Wednesday night found a ripe-combination for reaping an impressive triumph over Monsanto Chemical Company of Texas City, 77-56, with four Hardin-Simmons collegians teaming with six who performed all season for Phillips.

One of the additions from H-SU, Bob Wagner, kept alongside former all-American Gene Tucker, perennial high point star, in garnering 14 points Wednesday night.

Veteran Jim Line and Claude Houchin turned in the crucial performances. Their guarding kept the Monsanto ace, Bob Waggoner and Jim Black, below their shooting standard and enabled Midland to go well ahead in the second quarter.

Overall, Line held the high-scoring Waggoner to a field goal and a free throw while Houchin shaded Black to 16 points after a plus-30 performance the night before. Monsanto had whipped Corpus Christi Navy then.

With Bill Capehart, the eventual scoring leader with 20 points, pacing the way, Monsanto outfigured the 66ers to a 16-14 first quarter lead.

Then the H-SU duo of Ronnie Ryan and Tremaine caught fire to boost the 66ers to a 27 point period. By that time, Phillips led, 41-28, and coasted in when Tucker netted most of his points in the third period.

Houchin was third high for Midland with 12 points.

The Phillips - BAMC semi-final game Thursday starts at 9:30 a.m.

Sheppard Airmen Advance In All-Air Cage Tournament
SAMPSON AIR FORCE BASE, N. Y.—(AP)—Host Sampson's basketball squad, co-favorite with Sheppard AFB in the world-wide Air Force Championship Tourney, defeated Keeler AFB, 77-59, Wednesday night in third round play.

Sheppard held its top ranking by tumbling the Erding AFB squad from Germany, 63-45.

Bill Williams and Leslie Taylor each netted 13 points to pace Sheppard in its victory over Keeler.

Rotary Quint Enters State TAAF Rounds

The Rotary Engineers basketball team departed from Midland Wednesday morning for the state TAAF tournament hoping the numbers were with them—especially that the third time is a charm.

The Engineers, Midland city league champions and District TAAF champs, moved into Temple for their third chance at a state title. They were eliminated at Houston in the first round two years ago and in a semifinal bout at Odessa last year.

Coaches Jack Bliss and Jack Locke hoped, too, that they could avoid a No. 13 jinx, that's the number of players on the squad after Guard Bill Fhelan announced he was unable to make the trip.

That left the two coaches, E. C. Smith, Dwight Fleming, Charlie Hodge, Frank Brahaney, Berry Mansell, Leland Ruffman, Paul Haskins, J. B. Collins, Wayne Hame, Glenn Whittie, Bud Hopkins, Gerald Rogers and Benny Rutherford to complete the traveling team.

Locke said, on departing, that pairings had not been announced so far and the Engineers had drawn no opponent. Play gets underway Friday with the finals set Saturday.

The Engineers won 23 and lost four this season.

ROOKIE IS YET SOON
TAMPA, FLA.—(AP)—Ed Bailey, the rookie catcher for the Cincinnati Reds who Wednesday hit five-for-five for 13 total bases and had a couple of home runs isn't even a "legal" member of the team.

The youthful Bailey, who figures to be around for quite a spell with the Redlegs, left right after the game for Fort Jackson, S. C., where he is due to be officially discharged from the Army on March 19.

VISIT IN MIDLAND
Mrs. Joe Walker and children, Judy and Sus, of Odessa, visited here Wednesday.

FROM SAN ANGELO
Mrs. Fred Slaughter and Mrs. F. W. Sexton of San Angelo attended to business in Midland Wednesday.

Bulldog Net Star Sidelined As Team Competes At Home

Midland High's tennis team Wednesday afternoon was missing its No. 1 boys singles player because of a hand injury when it prepared to entertain its fourth opponent in four days.

Snyder invaded Midland in an off-delayed match Wednesday after the Bulldogs, without the services of Jim Wolfe, put down Pryte, 11-3, Tuesday.

Coach Frank Ford's netmen tripped Kermit and Andrews earlier in the week.

Coach Ford said that a broken hand would keep Wolfe sidelined for about a month. Wolfe had suffered the injury several days ago but played several scheduled matches before discovering the break.

For Tuesday's duel, John Galle took over as No. 1 singles player in a rough start. He bowed to Pryte's Eddie Strayhorn, 6-1, 6-4. Leon Dulin got a No. 2 triumph in boys singles by clipping John McGuigan, 6-2, 6-0.

Pryte won its final victory in the No. 1 boys doubles as Joe Smith and Jesus G. Neri outlasted Jimmy Garvin and Johnny Godwin, 7-9, 6-4, 6-3.

Midland boys wins were Charles Bieker over Dan Chrape, 6-4, 6-3; Kenneth Hughes over Joe Holt, 6-2, 6-1 in singles; and Clayton Takom-Bill Vandevener over Odie North-Jesus Neri, 6-4, 6-1; Galle-McGuigan over Portio Vilji-Crispen Nupes, 6-1, 10-8; and Charles Davis-Ken Freeman over Max Kennedy-Wade Bledsoe, 7-5, 13-11, in doubles.

Ellen DeChicchio led a Midland girls sweep of four matches with a

6-2, 6-4 victory over Ann Sitton in No. 1 singles. Dona Ingham clipped Edna Halliday, 6-2, 6-2, in the other completed singles match.

In girls doubles, Midland's duo of Carolyn Paris and Wanda Murray put down Mary Helen Griffin and Mary Courney, 6-3, 6-1, and Dee Black and Janna Murray topped Freda Terns and Eudell Jackson, 6-1, 6-3.

A singles match between Midland's Janna Murray and Pryte's Linda Lassner ended in the third set with this count on the board, 6-4, 4-6, 5-5. Another found Midland's Carolyn Paris a 6-6 down to Miss Sitton before it was called at 4-3, 4-3.

Girl Cage Favorites Advance At Waco

WACO—(AP)—Favorites advanced without trouble in first round games of the Girls High School Basketball League of Texas tournament Wednesday.

Midway, six miles west of Waco, walloped Huckaby from Erath County, 60-39.

Billard, another favorite in the Class A division, breezed by Red Oak, 46-25.

East Chambers, top-ranked in Class AA, smothered Post, 31-14. Gatesville of Class AA disposed of Levertette's Chapel, 32-21.

Evant walloped Jayton, 43-24, and Lipan, another powerful Class A entry, trimmed Noodle, 49-33.

Fort Sam, Brooks Win In AAU Meet

SAN ANTONIO—(AP)—The Fort Sam Houston Rangers and Brooks Army Medical Center advanced into the semi-final round of the Texas AAU Basketball Tournament here Thursday night.

Fort Sam blasted MPSS, 84-75, as George Christensen pined in 39 points for the Rangers.

Seven Race Horses Die In Stable Blaze

LINCOLN, R. I.—(AP)—Seven race horses were destroyed Wednesday night in a stable fire at the Lincoln Downs race track.

Five of them died in their stalls. The other two were shot dead because of the severity of their burns.

The blaze for a time threatened the entire stable area where 500 horses are quartered, but firefighters from 10 communities were able to confine the flames to the structure which housed 33 horses.

Track employees led most of the horses out of the burning barn. Some others broke out and roared wildly over the stable area.

Boxing Carnival Opens Thursday Night

40 Or More Fighters Due To Participate In Two-Day Optimist-Sponsored Show

Midland's top carnival of fighting—the second annual Optimist Invitational Boxing Tournament—opens its two-day stand Thursday night with 30 boxers already on line and at least 40 expected for the weigh-ins.

Optimist Boxing Chairman Ed Stitt announced the fighters would weigh-in at the site of the fights, the Air Terminal VFW Hall, at 6 p.m. Pairings would be completed then for the show to get underway at 8:15 p.m.

About 12 bouts each night has been predicted by Optimist officials, with some of West Texas' best scrappers competing for team and individual honors.

Early entries had teams competing from Monahan's (5), Andrews (3), Odessa (10) and Midland (12). Stitt said additional entries had poured into the meet at the final weigh-in during the past and predicted the field would reach 40 by 6 p.m.

Some top bouts already can be figured almost for certain pairing—one including a heralded duel between Golden Glove Champion Chilly Reeves of Midland and Buddy Mote of Odessa.

Mote has a record marred by only one defeat in two years when he twice won crowns in the novice division of the Odessa Golden Glove Regionals. He has been primed for his open division debut against the Midland entry.

At the last moment, Midland's biggest entry was Clinton Noble, a 200-pound high school football player; the Optimists were looking for him a match to be the feature of the novice division.

Another sought-for scrap was in the heavyweight division after Odessa's champion Thomas Brown entered without a prospective opponent. The Optimists hoped to attract Bruce Smith of Pecos or Bruce Price of Odessa, both former GG titlists, into a popular heavyweight championship bout.

Team trophies, as well as those for individual champions, will be awarded the winners. Odessa, with its long list of Golden Glove crown-holders, is favored in the open division, while Midland, the runner-up team in the GG regionals, is favored in the novice class.

Midland—Ronnie Crisp, 118; Tommy Spencer, 120; Luther Terry, 143; Chilly Reeves, 112; Bill Burns, 118; Leroy Reeves, 104; Robbie Kerr, 136; Boyce McKnight, 135; Don Eavis, 135; Pat Morgan, 118; Travis Rudyon, 118, and Clinton Noble, 200.

Odessa—Buddy Mote, 105; Don Curtis, 132; Danny O'Dowdy, 133; Don Watson, 135; Bobby Sherrod, 139; Leroy Trout, 143; James Brown, 154; Rex Maxwell, 140; Bruce Price, 180; James Adams, 158, and Brent Eickman, 135.

Monahan's—Ted Denard, 135; Doug Bruton, 128; John Simmons, 148; Harold Stewart, 118.

Andrews—Spud Green, 143; Bobby Ellis, 112; Carl Hollowell, 168.

A last minute change in officials was announced Wednesday by Stitt, putting Jim Cooper of Odessa on the card as referee. Billy Patterson, Midland detective sergeant, previously was announced as referee but was forced to act as a substitute at the last moment because of the press of business.

Cooper, a former TCU football player, refereed the Odessa Golden Glove meet.

Fort Sam, Brooks Win In AAU Meet

SAN ANTONIO—(AP)—The Fort Sam Houston Rangers and Brooks Army Medical Center advanced into the semi-final round of the Texas AAU Basketball Tournament here Thursday night.

Fort Sam blasted MFSS, 84-75, as George Christiansen piled in 30 points for the Rangers.

The Comets moved up a notch by ousting the San Marcos Cats, 74-53. Joe McDermott again paced Brooks with 18 points while Jack Turner aided with 15.

Bob Smiley also pushed through. 21 points for Fort Sam to help the Ranger cause considerably.

Semi-finals in the meet are scheduled Thursday night at Central Catholic High School gymnasium.

Fort Sam will play the Woodard Motors Dallas-Big Chief Super Market (Texas City) winner in the other semi-finals.

Bulldog Net Star Sidelined As Team Competes At Home

Midland High's tennis team Wednesday afternoon was missing its No. 1 boys singles player because of a hand injury when it prepared to entertain a fourth opponent in four days.

Snyder invaded Midland in an oft-delayed match Wednesday after the Bulldogs, without the services of Jim Wolfe, put down Fayette, 11-3, Tuesday.

Coach Frank Ford's netmen tripped Kermit and Andrews earlier in the week.

Coach Ford said that a broken hand would keep Wolfe sidelined for about a month. Wolfe had suffered the injury several days ago but played several scheduled matches before discovering the break.

For Tuesday's dual, John Galle took over as No. 1 singles player in a rough start. He bowed to Fayette's Eddie Strayhorn, 6-2, 6-4. Leon Dulin got a No. 2 triumph in boys singles by clipping John McGuigan, 6-2, 6-0.

Prote won its final victory in the No. 1 boys doubles as Joe Smith and Jesus O. Neria outlasted Jimmy Garvin and Johnny Godwin, 7-9, 6-4, 6-3.

Midland boys wins were Charles Bleiker over Dan Chane, 6-4, 6-3; Kenneth Hughes over Joe Holt, 6-2, 6-1. In singles; and Clayton Tatom-Bill Vandeventer over Odus North-Jesus Neria, 6-4, 6-1; Galle-McGuigan over Portford Viji-Crispen Nunes, 6-1, 10-8; and Charles Davis-Ken Freeman over Max Kennedy-Wade Bledsoe, 7-5, 13-11, in doubles.

Ellen DeChicchia led a Midland girls sweep of four matches with a 6-2, 6-4 victory over Ann Sisten in No. 1 singles. Rena Ingram clipped Edna Halliday, 6-2, 6-2, in the other scheduled singles match.

In girls doubles, Midland's duo of Carolyn Paris and Wanda Murray put down Mary Helen Griffin and Mary Courtney, 6-3, 6-1, and Dot Black and Janina Murray stopped Freda Tatom and Russell Jackson, 6-1, 6-3.

A singles match between Midland's Janina Murray and Fayette's Linda Lassiter ended in the third set with this count on the board, 6-4, 4-6, 5-5. Another found Midland's Carolyn Paris a set down to Miss Siston before it was called at 4-5, 4-2.

Visit your Ford Dealer's showroom on Friday, March 13 or Saturday, March 14. Ask for an Entry Blank. It may make you the lucky winner of one of the four brand new '53 Ford Economy Pickups being given away by the Dallas District Ford Dealer. There's nothing to buy.

Fill out this Entry Blank completely. Sufficient space will be provided on the reverse side of this blank to check the one feature of the ALL-NEW 1953 FORD TRUCK LINE that you consider most important and tell why, in twenty-five words or less. Keep the Entrant's Stub, drop the Entry Blank in the boxes provided at the showroom.

Winners will be announced during the week of March 15. Everyone 18 years of age or over is eligible to win except Ford Dealer's employees and their families, Ford Motor Company personnel and their families, members of the Ford Dealers and Ford Motor Company Advertising Agencies and their families.

Entries will be judged on merit, neatness and aptness of thought. Decision of the judges will be final. All entries become the property of the Dallas District Ford Dealer's Advertising Fund.

Be sure to visit your Ford Dealer on March 13 or 14. You will have an opportunity to become the one of a new 1953 Ford Economy Pickup with Fordomatic Drive, absolutely Free! Be sure to get your Entry Blank.

YOU NEED NOT BE PRESENT TO WIN!

BY ONE-POINT WIN— Howard Quint In Nationals

AMARILLO—(P)—Howard County of Big Spring Thursday was headed for the National Junior College Basketball Tournament after winning the Region 5 tournament from Eastern Oklahoma A&M of Wilburton, 67-66 Wednesday night.

The Texas team will enter the national tournament at Hutchinson, Kan., Monday.

Eastern Oklahoma A&M overcame a 53-44 third-quarter deficit to tie the game at 35-35. Howard County managed to regain and hold onto a slim lead.

Jerrell Logan of the Oklahoma team was high point man with 31. Bobby Williams had 24 points and Clarence Jones had 17 for Howard County. Charles Warren of Howard County was named most valuable player in the tournament.

Third place in the tournament went to Arlington State which beat Combers State of Warner, Okla., 71-49.

Consolation place in the losers bracket was won by Oklahoma A&M Tech with an 84-70 win over Clarendon College.

East Texas Five In Quarter-Final

KANSAS CITY—(P)—The defending champion Springfield (Mo) State stakes its balanced attack against Nebraska Wesleyan's pointmaking skycraper. Don Boldebeck, in Thursday night's quarter-final feature of the National Intercollegiate (NIAA) Basketball Tournament.

Springfield—officially Southwest Missouri State College—rated as favorite because of advantage in experience and team shooting, but it has to stop Boldebeck.

Boldebeck, a seven-foot sophomore, has been the key man in Wesleyan's 26-2 record this winter. He's hit a total of 228 points in the 27 games while averaging about 18 minutes per contest.

Wesleyan got into the quarter-finals by beating Arizona State of Tempe, 83-71, and with Boldebeck scoring 27 points before fouling out after one minute of service in the fourth period.

Opening the quarter-final session will be Mississippi Southern University and three-time champion Hamline of St. Paul at 6 p.m.

Findlay (Ohio) College, featuring 236-pound Harold Wolfe, will meet Indiana State of Terre Haute in the second game. Then comes Springfield and Nebraska Wesleyan followed by East Texas State of Com-

merce and Tennessee A&I. Tennessee A&I scored a 79-46 victory over St. Benedict's of Atchison, Kan., leading from the first play. The Tennessee club is the first negro college team to participate in the tournament.

Field Of 35 Women Start Golfing Battle For Titleholders Cup

AUGUSTA, GA.—(P)—Thirty-five dauntless golfers, forced to battle the weather as well as par, set out Thursday to capture one of the brightest jewels in women's golf—the Titleholders Cup.

Babe Zaharias of Tampa, Fla., defended the title she won for the third time last year and hoped to match the four triumphs recorded by Patty Berg of St. Andrews, Ill.

The list of top contenders was long because of the country's golfing stars, professional and amateur, entered this feminine counterpart of the famous Masters.

In addition to Mrs. Zaharias and Miss Berg, those whose records peg them as strong challengers include Betty Jameson of San Antonio; Louise Suga of Atlanta; Betsy Rawls of Spartanburg, S.C.; Claire Dorian of Cleveland, Ohio; Beverly Hanson of Indio, Calif.; and Cincinnati's Peggy Kirk of Ponte Vedra, Fla.; and Jackie Pung of Honolulu and Glasgow, Ky.

White's Hits Boosts Bosox In Card Game

SARASOTA, FLA.—(P)—Sammy White, the Boston Red Sox catcher who hit .381 in his freshman year last season isn't worried about the sophomore jinx.

The Soxers' No. 1 receiver made his first appearance of the Spring training season Wednesday, belting a double and a single in two trips to the plate and performing flawlessly as field as his mates registered a 5-3 victory over the St. Louis Cardinals.

JANSEN CHECKS BACK
PHOENIX—(P)—Pitcher Larry Jansen of the New York Giants isn't worried a bit despite his poor showing so far in the exhibition season.

"I don't care how many hits they get," Jansen said Thursday. "I just wanted to see how my back would react and it feels fine."

Jansen, hampered by an ailing back last year, was referring to his one-inning stint against the Chicago Cubs on Monday during which he gave up five hits.

COX CLOUTS PITCHING
VERO BEACH, FLA.—(P)—For a utility man, Billy Cox is doing right well as a third baseman for the Brooklyn Dodgers.

Cox, whom Manager Chuck Dressen indicated will be an infield fill-in this season, batted out a double and a single in three trips as the Brooks nipped the Philadelphia A's, 4-2, Wednesday.

LOPAT HAS IT EASY
ST. PETERSBURG, FLA.—(P)—Pitching plans for the New York Yankees call for every pitcher except Eddie Lopat to get a turn by Sunday.

WERTZ GIVES NOTICE
FULLERTON, CALIF.—(P)—Vic Wertz, the ex-Detroit outfielder who says he's out for the American League home run title this season with the St. Louis Browns, dumped two pitches out of the park Wednesday as the Browns defeated Los Angeles of the Pacific Coast League, 23-4.

OUT AT THIRD—Eddie Yost, Washington third baseman, pats the tag on Rocky Bridges of the Cincinnati Reds at third base during second inning of game between the Senators and Reds in Tampa, Fla. Umpire Hank Soar calls the play.

LITTLE GIANT—Dressed for bronco-busting, five-year-old Dennis Filan gets a lesson in fence-busting from New York Giants' slugger Bobby Thomson at Spring training camp near Phoenix, Ariz.

Surprising St. John's Draws Duquesne In NIT Semi-Finals

NEW YORK—(P)—St. John's of Brooklyn, a Cinderella team without even a pumpkin, tries to match hustle against Duquesne's awesome height in the "big if" semi-final of the National Invitation Basketball Tournament Thursday night.

Top-seeded Seton Hall meets fourth-seeded Manhattan in the other game of a doubleheader which is expected to draw a capacity house of 18,000 to Madison Square Garden.

Duquesne and Seton Hall are favored but upsets have been so common in the NIT that anything could happen.

St. John's, which probably wouldn't have rated more than a passing glance from the tournament selectors except that they needed another New York team, astounded the customers by overwhelming St. Louis in the first round and outlasting defending Champion La Salle in the second round.

In both games the Redmen from Brooklyn, who look more like foot-

ball linemen than basketball players, displayed amazing accuracy and speed.

The Dukes have advanced by winning easily over Tulsa and Western Kentucky—so easily in fact they have tended to loaf.

"They will know they've had a ball game this time," declared Dusty Destefer, the St. John's coach. "Don't let my boys short."

Sul Ross Halfback Signs With Bears
CHICAGO—(P)—Don Bingham, 182-pound halfback from Sul Ross College, Alpine, Texas, signed Wednesday with the Chicago Bears of the National Football League.

Owner-Coach George Halas of the Bears said Bingham was selected because he was an outstanding ball carrier and a brilliant pass receiver. He gained 1,286 yards in 1952 and scored 23 touchdowns in the last two seasons for Sul Ross.

High school division: Alpine, Sinton, Kingsville, Fort Stockton, Alice, Amarillo, Brownsville, Chilton, Crystal City, Deer Park, Del Rio, Denver City, Diamond Hill (Fort Worth), Eagle Pass, Ennis, Freer, Galena Park, Harlingen, Junction, Karnes City, Laredo, McAllen, Midland, Miller (Corpus Christi), New London, North Side (San Antonio), Odessa, Pampa, Pharr-San Juan-Alamo, Pine Tree (Greggton), Ray (Corpus Christi), Refugio, Robstown, San Benito, South San Antonio, Sunset (Dallas), Terrell, Tivy (Kerrville), Thloke-Midway (Corpus Christi), Uvalde and Premont.

The meet, first major outdoor track meet of the season, starts Friday morning with the junior college preliminaries. High school preliminaries are Friday afternoon. Finals in those divisions are Saturday.

College and university preliminaries are Saturday morning and the finals Saturday night.

Thinclads Line Up For Try At Border Olympics Records

LAREDO—(P)—Athletes from 76 universities, colleges and high schools began arriving here Thursday for the twenty-first annual Border Olympics and the Southwest Intercollegiate Golf Tournament.

Both events, set for Friday and Saturday, are expected to draw more than 900 participants.

At least six Border records, including the oldest in the books, the 880-yard run set in 1928 and tied last year, will be endangered, according to Meet Director M. R. Davis.

Led by world olympic performer Darrow Hooper of Texas A&M, who will be after new marks in the shotput and discus, and by Oklahoma A&M's classy Norwegian, Fredrick Eekhoff, who has turned in sizzling times in the mile, trackmasters also may set new records in the high jump, 440-yard relay, and broad jump.

There are eight universities, 11 colleges, 13 junior colleges and 44 high schools entered, Davis said.

Six schools have entered golf teams in the Interscholastic Golf

Tournament. They bring 34 golfers.

The strong Texas A&M track team is favored to repeat as Border champ in the university division, but the Aggies may find trouble against Oklahoma A&M and Texas University. In the college division, defending Champion North Texas will be favored with Abilene Christian expected to give them the most trouble.

Victoria Junior College is favored to cop the junior college division title for the third straight time. Rice freshmen are the runner up spot.

University freshmen are entered in the junior college division this year.

Odesa, winner last year, Amarillo, and Ray of Corpus Christi are seen as the three top schools in the high school division.

Amarillo won the title last year but was disqualified when an ineligible athlete was discovered and the crown was forfeited to Odesa, the runner-up team.

NTSC Golf Favorite
North Texas State is the defending champion in the golf tournament.

Others entered are Baylor, University of Texas, Hardin-Simmons, Texas Tech and University of Houston.

Entries in the track events are:
University division: Baylor, Oklahoma A&M, Rice, Southern Methodist, Texas A&M, Houston University, University of Texas and Texas Christian University.

College division: Abilene Christian, East Texas State, Hardin-Simmons, Howard Payne, McMurry College, North Texas State, Southwest Texas State, Stephen F. Austin, Sul Ross State, Texas A&I and University of Corpus Christi.

Junior college division: Paris Junior College, TCU Freshmen, Del Mar Junior College, Baylor Freshmen, Pan American (Edinburgh), Rice freshmen, Schreiner Institute, Southwest Texas, Texas Southmost, Victoria Junior College, Kilgore Junior College, San Antonio Junior College and Monterey High.

Sedgman, Behind In Pro Net Play, Says Breaks Cost Him

HOUSTON—(P)—Australia's Frank Sedgman says he is not discouraged over his showing against Jack Kramer in their professional tennis tour.

Kramer, now holding a 28-19 lead in the cross country series, agrees that the former Davis Cup star has no reason for concern.

Both think breaks decided several matches at critical points and the series would be just about even had they gone the other way.

The veteran Kramer, the tour's promoter, also says the 28-year-old Sedgman is providing stronger opposition than he has had on three previous tours.

"I think I'll be right in there before long," Sedgman said. "I've had a bit of arm soreness and the breaks just haven't gone my way."

He recalls crucial breaks as determining two or three matches. Kramer thinks such matches total five or six.

"I'm happy at being in the lead," Kramer said, "but Frank led me at 15-17 and that alone is better than Pancho Gonzales, Bobby Riggs or

Pancho Segura did when I toured with them."

The only other time he had trailed, Kramer said, was in 1948 when Riggs held a 9-8 lead.

Kramer's final total against Riggs was 69-20. Against Gonzales it was 96-28. Segura 56-28.

"I think Frank looks confident but I think he'll get over that," Kramer said. "The rapid change in types of courts from city to city has slowed him a bit."

Schoolgirl Cagers Start State Tussle

AUSTIN—(P)—Three newcomers and a veteran team will lead off the Intercollegiate League Girls' High School Basketball Tournament here Thursday night.

Hamilton, 1952 AA and A champion, is at the state level for the second time. The novices are from Nocona, Jasper and Whitesboro.

First on Thursday night's bill is the Hamilton-Nocona tussle. The Indiana, with three losses this season, will be aiming at Hamilton's unblemished record of 17 wins.

Brooklyn, Detroit Take Early Sprints In Grapefruit Tilts

By The Associated Press

Any baseball manager will tell you it is mighty nice to break from the barrier in front. And for that reason, if nothing else, you can't blame Charlie Dressen of the Brooklyn Dodgers and Fred Hutchinson of the Detroit Tigers if they are feeling right well these days.

The Spring exhibition season is less than a week old but both Dressen and Hutchinson have their clubs away winning in quest of the mythical Grapefruit League crown. The Dodgers have won all five of their outings and the Tigers are unbeaten in four games.

The Dodgers beat the Boston Braves and Philadelphia Phillies twice each before hanging a 4-2 setback on the Philadelphia Athletics Thursday.

Giants Trip Open

The Tigers, somewhat of a surprise after finishing in the American League cellar for the first time last year, compiled their perfect record at the expense of Cincinnati, the Phillies and the Braves. They beat the Reds twice, the Phils once and Wednesday trounced the Braves, 14-10.

The New York Giants dropped their opener to the Cleveland Indians and Wednesday made it four straight wins as they thumped the Chicago White Sox, 7-3, to remain right behind the leaders.

In halting up their fifth straight at the dedication of Holman Stadium in Vero Beach, the Dodgers scored three of their runs in the first inning off Charlie Bishop. That was all they needed, Carl Erskine, allowing only one single, hurled the first four innings. Ben Wade yielded three in the next three and rookie Glenn Mickens gave up one in the last two.

Robinson Hurt

Jackie Robinson pulled a leg muscle and had to leave the game but the injury was not believed to be serious.

A seven-run fifth inning, in which Walt Dropo hit his first homer of the year, carried the Tigers to their triumph over the Braves at Lakeland, Fla., but it was a costly triumph. Infielder Eddie Kasak suffered a bone break in his left hand when struck by one of Max Surkont's pitches in the first inning. He is expected to be out of action about three weeks.

The Giants spoiled the seasonal debut of Saul Rogovin, ace right-hander of the White Sox, by getting to him for four runs in the third inning at Phoenix. The big

blow was a bases-clearing double by pinch-hitter Jim Ribbons.

Gil Coan's three-run home off-set three bases-empty home runs by the Yankees as the Senators dented the world champions, 7-4, at Orlando. The Yankee homers were by Charley Silver, Mickey Mantle and Joe Collins.

Ed Bailey, 19-year-old rookie catcher on leave from the Army, was the big gun in the Reds' 11-7 triumph over the Phillies. He hit two homers.

Homers by Hank Sauer and Gene Baker, both in the eighth, gave the Chicago Cubs a 6-4 victory over the Indians.

A single by Harry Arganis, ex-Boston University football star, broke a deadlock and paved the way for the Boston Red Sox's 8-3, 12-inning victory over the Cardinals.

Midland Classes Out Friday For Lubbock Teacher Meet

School will be dismissed Friday as Midland personnel travels to Lubbock for the eighteenth annual convention of the West Texas Teachers Association.

Cadillac Runs Wild, Injures 24 Persons

NEW YORK (AP)—A happy throng emerging from a gay Broadway musical matinee. A car lurching out of control over the curb and ramming into the crowd amid screams of the injured and frightened.

It happened at 5:15 p.m. Wednesday, just after a performance of "Guys and Dolls."

Twenty-four persons were injured, two of them seriously. All but three of the victims were women.

The car belonged to Rodney Wilcox Jones of New Rochelle, N. Y. Jones said he stopped near the 46th Street Theater, between Broadway and Eighth Avenue to pick up his wife and two other women who had seen the show.

After he put his car in gear, Jones said, the gas pedal stuck and the big Cadillac ran wild. It finally halted against a restaurant's canopy support.

Britain Files New Suit To Determine Fate Of Oil Cargo

ROME (AP)—Britain's huge Anglo-Iranian Oil Company filed a new suit Thursday asking Rome courts to determine the ownership of 5,000 tons of disputed Iranian oil brought to Italy by the tanker Mirrella.

The case was handed to the Rome tribunal 24 hours after a Venice court rejected an AIOC request that Italian customs authorities continue to hold the oil brought from Abadan, Iran, by the 3,457-ton ship.

A spokesman for the British company, which claims all products from the Abadan refinery which Premier Mohammed Mossadegh's government seized under his 1951 oil nationalization program, described the Rome suit as "different and broader in scope" than the action in Venice.

Mexican Air Force Joins Narcotics Fight

MEXICO CITY (AP)—Mexico's Air Force is joining the nationwide fight against the marijuana racket. The Air Force announced its planes would be used to spot growing fields of the narcotic weed in the northwestern part of the country, along the Texas border, and also to spot smugglers.

Eight Feared Dead In Alpine Mishaps

VIENNA (AP)—Five Austrians and three Germans were reported dead or missing Thursday in the Austrian Alps.

These brought to at least 45 the number of persons believed dead or missing from avalanches, sking accidents and other such causes in Austria this winter.

The aboriginal inhabitants of Formosa practiced head-hunting until a few years ago.

Employees Meet at Norma Woods for Picnic
(Weather Permitting)

CLOSED—DUE TO STALIN'S DEATH—Irwin Berke, Chicago dress store owner, was so elated over Joseph Stalin's death he spent \$200 to put the above advertisement in a local paper. He also arranged a picnic for his employees so they could "mourn" the dictator's passing, but bad weather spoiled that idea.

Symington Raps Wasteful Rivalries In Armed Forces

By DON WHITEHEAD
PHILADELPHIA (AP)—A one-time Pentagon chief said Wednesday night if the American people knew the truth about bitter rivalries in the armed services they would demand a "wholesale reorganization" of the Defense Department.

Senator Stuart Symington (D-Mo), former secretary of the Air Force, told the Bulletin's seventh annual forum the public is not being given the truth about the defense effort and "continuance of that failure may destroy us."

"The Department of Defense is suffering from inside competition, and the American people are suffering because of it. If the Pentagon operated under a unification law which gave efficient business and military administration, with less service friction, we'd get far more defense for far less money," he added.

Senator Symington's speech came in the closing session of the two-day forum a short time before Gen. Lord Ismay, secretary general of the North Atlantic Treaty Organization, said the building of Europe's defense forces is ahead of estimates made by President Eisenhower when he was chief of the NATO armed forces.

Ismay reported NATO now has "not less than 50 effective divisions and 4,000 first-line aircraft" ready to meet any aggression against the West.

He said Gen. Alfred M. Gruenther, chief of staff to NATO Commander Gen. Matthew Ridgway, "told me we are much further ahead today than he and General Eisenhower had estimated we would be at the end of two years."

Last Round Funch
Symington gave the last-round punch to the forum with a caustic criticism of what he called a failure to give the American people the truth about the defense situation.

"It is a sad fact that for a long time some of our national leaders—in both parties—have not told us

the whole brutal truth about the world in which we live. . . . The truth has changed from Democrat to Republican but one thing has not changed—the policy of bitter and of that failure may destroy us," he said.

Erin's Mail To Be Green

SHAMROCK, MO.—(AP)—The St. Patrick's Day mail from Shamrock will be a wearin' the green after all.

Earlier this week Postmaster W. S. Armstrong said he had been unable to obtain enough green commemorative stamps for the annual St. Patrick's Day rush next Tuesday.

But the nearby Fulton Post Office came to the rescue with 200 stamps commemorating the organization of Washington Territory. They are green ones, too.

Armstrong thinks that will be enough to tide him over, since many of the covers already bear postage.

Coast Guard Scans Atlantic For Eight Missing On Derelict

NEW YORK (AP)—Coast Guard cutters and planes searched an 80-mile radius of the gassy North Atlantic Thursday for the bow of a split oil tanker and eight missing persons.

Six Navy and Coast Guard planes and three cutters concentrated their search in the area where the stern of the Liberian tanker Angy was found drifting.

The Angy caught fire, exploded and broke apart four days ago. Its aft section was sighted Wednesday by the American freighter Claiborne and 23 crewmen were rescued.

The bow was seen drifting for more than 30 minutes after the ship broke up. Then rain came, and it was never sighted again.

Four men were seen on the bow as it floated away.

The London agents of the broken ship identified the captain as George Sparvelis, believed aboard the forward section with his wife, two mates, the radio operator and three seamen.

ON VACATION
Mr. and Mrs. Buddy Gorman at Mr. and Mrs. Dutch Gorman left Thursday for a weeks vacation in and near Paris, Texas. Buddy Gorman is scheduled to enter service in April.

TO DALLAS
Mrs. Pat McCoy and daughter, Patricia, are spending this week in Dallas.

Mrs. Viola Oliver has returned to her home in Detroit, Mich., after a visit with her daughter and son-in-law, Mr. and Mrs. Tommie Lampe, 2900 Cedar Springs Street.

FROM WOLFE CITY
Mrs. W. J. Runyon of Wolfe City, Texas, is visiting in the home of Mr. and Mrs. Charles Nelson, 1101 East Estes Street.

Satellite Groups Start Trips Home
LONDON (AP)—Moscow radio said Thursday delegations from Finland and five Red satellite nations who made a pilgrimage to the Soviet capital for Joseph Stalin's funeral have left for home.

The Romanian, Czech, Polish, Bulgarian and Finnish delegates were seen off by high-ranking Soviet officials. The East Germans, headed by Premier Otto Grotewohl, had to be content with a goodbye from a party secretary.

There was no mention that the Chinese delegation headed by Premier Chou En-Lai had left.

Buster Cole Horse Wins More Honors
Buster Cole of Midland rode his reining horse, Taylor, to the championship of the Monahans Livestock Show this week. It was the 17th such championship for Taylor. Cole bought Taylor as a yearling from Wardlaw Brothers, Del Rio breeders.

ODESSANS HERE
Mrs. Charles Griffin and Mrs. S. G. Hampton were in the city Wednesday from Odessa.

Chemical Reduces Danger Of Flames Consuming Fabric
ST. LOUIS (AP)—The Department of Agriculture has come up with a new flameproofing chemical designed to protect American soldiers in combat and reduce household fires.

The chemical, good for use only on cotton fabric, was demonstrated here Wednesday by Dr. Reid T. Milner, director of the department's northern research laboratory. The demonstration was presented at a meeting of the National Farm Chemurgic Council.

The material could be used on fabric used for military uniforms, Dr. Milner said, as well as serving to protect children's clothing, curtains, draperies, upholstery, bedding and many other household articles.

Thieves Gain \$80 In Midland Foray
Approximately \$80 in cash was reported stolen Wednesday night by thieves, who broke into the Chat and Chew Restaurant at 307 North Lee Street.

Police said entrance was gained by forcing open a side window. The money was taken from a juke box.

Angry Houstonians Meet To Combat Juvenile Crime
HOUSTON (AP)—Mass meetings to discuss juvenile delinquency were scheduled here Thursday night and Friday night while the City Council called for a thorough probe of Houston police "deficiencies."

There was no apparent connection in the two developments but they occupied top attention of Houston residents as police and sheriff's deputies investigated these cases.

1. A fight between two high school youths with knives and clubs which hospitalized two boys and led to a charge of assault to murder against a third.

2. Rape of a five-year-old Aldine girl by three young boys, aged 13 to 15.

3. A seven-hour crime spree by two boys, one 18 and the other 15,

who were arrested Wednesday while rifling a cash box in a restaurant.

4. Arrest of two high school boys, both 17, on charges of molesting a minor by exposing their persons to a girl, 15.

5. The March 2 rape of a 27-year-old unmarried woman by four youths, two of whom have not been arrested.

The Rev. James L. Navarro was to preside at Thursday night's meeting. It was called by the League of Latin Americans. Mr. Navarro said top county and city officials were invited.

Friday night's meeting to be presided over by District Attorney William S. Scott—was called by a group of employees of the Sinclair Refining Company, where the father of the 27-year-old rape victim is employed.

Two 15-year-old boys who admitted being involved in the attack on the woman have been sent to the State Training School at Gatesville. Rape charges have been filed against the other pair, aged 17 and 20, but so far they have eluded arrest. Police think they may have gone to Mexico.

The City Council ordered the top-to-bottom investigation of the police department over the objections of Mayor Roy Hofheinz by a 6-3 vote. The Council also asked the city legal department to prepare an ordinance which would bar department heads from holding outside jobs. Police Chief L. D. Morrison is a part-time instructor of criminology at the University of Houston.

New Orleans Court Upholds Love Swindlers' Conviction

NEW ORLEANS (AP)—Convicted love swindler Victor Emanuel Pereira and his pal, Eugen H. Brading, must serve 11-year prison sentences for their \$40,000 bilking of a Roswell, N. M., widow.

That was the decision here Wednesday of the U. S. Fifth Circuit Court of Appeals in upholding a lower court conviction.

Pereira, alias Victory Perry, and Brading, alias James Bradley Lee, were convicted in El Paso on three counts of a federal indictment.

The three counts included using the mails to defraud, transporting a check obtained by fraud in interstate commerce, and conspiring to defraud Mrs. Gertrude J. Joyce.

After the convictions, Pereira last year married wealthy Mrs. D. A. Little of Dallas, widow of a former president of Magnolia Petroleum Company, Brading—at least for a time—lived with them in University Park, exclusive Dallas suburb.

The Pereira's whereabouts Wednesday night were unknown. They reportedly have bought a home in Denver, Colo., and spend some time in Miami Beach, Fla.

The indictment under which the two men were convicted charged that between April 19, 1951, and Aug. 11, 1951; they represented to Mrs. Joyce that Pereira was getting a divorce in Denver and was to receive a settlement of \$48,000. They met her at a fashionable El Paso hotel.

The indictment charged that Mrs. Joyce gave Pereira a check for \$35,386.78 and loaned Brading, who represented himself as a wealthy Texas oil man, \$5,000.

During this time, the indictment went on, Brading courted the widow and married her May 23, 1951, in Kansas City, Mo. They were divorced before the two men were brought to trial.

Proposal To Trim School Age Limit Put In Pigeonhole

AUSTIN (AP)—The bill to admit slightly younger children to public schools free of charge lies buried in a House subcommittee.

Its author, Rep. Herman Yeak, Bremont, said Thursday he would ask for a resurrector before the end of March.

It would allow children to enter school free if they were six years old before September 30. Under present law, they cannot enter free unless they were six years old before September 1.

The House Education Committee considered the bill at a public hearing several weeks ago and didn't act too favorably impressed. They sent it to a subcommittee with no time limit on when to report back. That is a legislative method of letting the bill die.

School administrators opposed the bill, said it would bring in thousands of more first graders for whom they had no space. They said they already were overcrowded.

Hallinans Surrender On U. S. Tax Charge

SAN FRANCISCO (AP)—Vincent W. Hallinan, 1932 presidential candidate of the Progressive Party, said his wife surrendered to a U. S. evasion charge.

A federal grand jury Wednesday charged Hallinan, 57, a millionaire attorney, and his wife evaded \$83,221 in taxes for the years 1948 through 1950.

Robert F. Peckham, assistant attorney general, said the government also will seek more than half a million dollars in civil liabilities, penalties and interest.

Hallinan labeled the charges "harassment" by the government because of his political activities. "We're going to fight," he said. "We don't owe them a nickel."

Women Of Mexico Gain Right To Vote
MEXICO CITY (AP)—Mexican women are about to get the vote. A constitutional amendment to give the distaff ballot has been ratified by 15 states—the number necessary to make it effective.

Stevenson Calls For Free Asian Combine
TOKYO (AP)—Adlai Stevenson called Thursday for a community of free Asian nations to meet the challenge of communism in the Orient.

"What we Americans foresee," Stevenson told the Japan-America Society, "is not only a free world but especially a community of Pacific nations to balance the great free community of European nations."

Stevenson is visiting Japan as the first major stop on a four-month globe-circling tour.

Horizontal hip slacks— which operate with physical economy. The "zip" or "yoke" in the waistline of your slacks, whether you be a man or a woman, should conform to the shape and size of your body. It should be the slacks you would like to wear whenever you need it.

Rubberized inner waistband keeps slacks (they are not heavy, elasticated necessity of belt, prevents dirt from "bleeding" in. Gives you more than a full inch of extra stretch whenever you need it.

Other Sport Coats \$20. to \$35.

Other Slacks \$6.95 to \$37.50

MIDLAND, TEXAS, THURSDAY, MARCH 12, 1953

SECTION TWO

Hawaii Statehood Opposed By Regan

WASHINGTON — (AP) — Hawaii seems destined to become the 49th state, but if so it will be over the opposition of at least a couple of Texans.

Rep. Ken Regan of Midland and Walter Rogers of Frisco, both on the House Interior Committee, which considered the proposal, were in the minority when the vote of approval was taken. Rep. Lloyd Bentsen, Jr., of McAllen, also on the committee, voted for statehood.

The issue has yet to reach a vote in the Senate Interior Committee, on which Sen. Price Daniel serves. Daniel has declined to discuss the issue until the committee hears all the evidence—the group up to now has been tied up with the submerged lands controversy. The best guess at this point is that the junior Texas senator will oppose statehood.

Texas' status as the largest state in the union may be questioned in some quarters if Hawaii is admitted, but that doesn't seem to be the real reason for the opposition from the Texans.

Testimony before the House committee disclosed that if you count the water surface that lies between the islands as comprising the Hawaiian group, and assume the state boundaries to encompass the entire area, then Hawaii would be larger than Texas. There are approximately 28 separate land bodies, eight of which are inhabited. The total square mileage of the land is far less than that of the Lone Star state.

In that regard, it might be pointed out that the congressional proposal for granting Alaska statehood is not nearly so strong as for Hawaii. Alaska's land mass definitely would put Texas in second place.

While proponents claim Hawaii is more advanced than a great many states were at the time they were admitted, and pays more taxes into the federal treasury now than do some states, the opposing Texans cite these facts as objections to admission.

Hawaii with a population of 499,140 would get two senators, as do all states, and two representatives—the average congressional district population in Texas is under 400,000 and Harris County with Houston as the seat has about double Hawaii's population yet has only one congressman.

Considerably more than half the Hawaiian population is oriental. About one-third is Japanese. About a third of the population is Caucasian, only about two per cent native Hawaiian.

Hawaiian Delegate Farrington (R) testifying before the committee in support of statehood, cited this quo-

tion from Daniel Webster opposing the admission of Texas in 1845: "There must be some limit to the extent of our territory, if we are to make our institutions permanent."

the boundaries of this government. The government is very likely to be endangered, in my opinion, by a further enlargement of its already vast territorial surface."

After 40, persons who start having convulsions likely are suffering from brain tumors, he said.

Epilepsy Curable, Mayo Clinician Says

DALLAS — (AP) — Many of the estimated 8,000 adult Americans who suffer convulsions have diseases that are curable, says Dr. J. Gratton Love, neurosurgeon on the Mayo Clinic staff at Rochester, Minn. "There is a misunderstanding on the part of the lay public on convulsions," he said. "They too often call it epilepsy. We of the medical profession prefer to use the term 'convulsive disorder' until the cause of the convulsion is determined." After 40, persons who start having convulsions likely are suffering from brain tumors, he said.

Moisture Conditions Comparatively Better

Cover and moisture conditions in the Martin-Howard Bell Conservation District are more favorable than in much of the drought area of West Texas and Oklahoma, a four-state regional report issued by the Soil Conservation Service, shows. Based on reports of field men on conditions as of March 1, the summary shows most of the High Plains and Edwards Plateau of Texas with poor to very poor cover and poor to very poor moisture. Moisture conditions in the Martin-Howard district, which includes Midland county, are reported as fair to good, although soil-protecting cover is still rated poor to very poor. The western edge of the Texas Panhandle is reported to have fair to good cover, although moisture conditions are still poor to very poor. "Dozens of eclipsing stars, so bright we here on earth can see them even though they are beyond our own Milky Way galaxy of stars, and some 500 million billion miles away, have been detected in the southern skies."

TEENAGERS DEFY DEATH

PHILADELPHIA — (AP) — Some teenage boys recently turned up with a foolhardy thrill "game." The engine of a passenger train heading into the city saw about 16 boys standing on the track. He blew his whistle but the boys didn't budge. "They waited until the train was right on top of them before they scattered," said a conductor. Object of the "game" apparently was to see who could take the biggest gamble with his life.

Total Of 59 New Locations Staked In West Texas Area

The list of applications to drill new petroleum projects in the Midland district of the Oil and Gas Division of the Railroad Commission of Texas, filed with the regulatory body's office in this city during last week totaled 59 new projects.

Of those projects 13 were wildcats. Martin County claimed four of the new prospectors and Pecos County reported two new ventures. The remaining new wildcats were staked one in each of Andrews, Dickens, Howard, Loving, Lubbock, Scurry and Ward Counties.

Pecos County listed 10 new field projects and Howard County has eight new testers. Drill sites were

established or five new explorers in Gaines County. Four new projects were spotted in Terry and each of Kent, Midland and Ward Counties reported three new testers. Hookley gained two new sites.

The remaining new locations were divided one each among Andrews, Borden, Cochran, Glasscock, Mitchell, Scurry and Tarrant County.

Andrews County
Wildcat—Anderson-Fritchard No. 2 W. F. Cowden, 270 feet from south and 1,222 feet from east lines of survey 102, W. F. Cowden Strip SF 9686, rotary to 12,700.
Block 11 Southwest (Devonian) —

The Texas Company No. 2-AD State of Texas, 1,850 feet from north and 230 feet from west lines of section 34, block 11, University Lands survey, rotary to 8,175 feet.

Borden County
Winfield (Ellenburger)—Standall No. 2 B. E. Jordan, 680 feet from north and 1,890 feet from west lines of section 27, block 9, H&TC survey, rotary to 8,700 feet.

Cochran County
Levelland—Texas Gulf No. 8 C. S. Dean, 1,189 feet from north and 440 feet from west lines of league 113, Potter CSL survey, rotary to 5,100 feet.

Crane County
Amended: McElroy—Keweenaw No. 2-A-D Barger, 280 feet from north and east lines of west half of southeast quarter of section 40, block 30, University survey, cable to 3,900 feet, to deepen.

Dickens County
Wildcat—Skelly No. 2-FW George F. Smith, 1,880 feet from south and west lines of section 182, block 1, H&GN survey, rotary to 7,800 feet.
Amended: Wildcat—Skelly No. 1 MP-S. M. Swenson, 1,980 feet from north and 660 feet from west lines of section 16, H. M. Montgomery survey, rotary to 4,900 feet. Amended as to well number.
Amended: Tap (Pennsylvanian)—Shell No. 2-B S. E. Burnett Estate, 860 feet from north and 1,988 feet from east lines of William Elliot survey, abstract A-86, rotary to 8,150 feet, amended as to well number.

Gaines County
Honnans-Cas (Strat Test)—Gulf No. 1-A E. M. Means, et al, 690 feet from south and west lines of section 76, block G, WT survey, rotary to 3,600 feet.

Harris—The Texas Company No. 15 A. B. Wharton, Jr., et al, 661 feet from south and 1,941 feet from east lines of section 7, block A-22, psi survey, rotary to 8,250 feet.

North Riley—Christensen & Matthews of Houston No. 5 T. S. Riley Estate, 660 feet from north and 1,880 feet from east lines of section 305, block G, OGD&RGNG survey, rotary to 7,000 feet.

Russell—Magnolia No. 21-D H&J Unit 1, 860 feet from south and east lines of section 468, block C, OGD&RGNG survey, rotary to 6,400 feet.

North Russell (Devonian)—Shell No. 8-B Jones, 780 feet from north and 1,880 feet from west lines of section 466, block G, OGD&RGNG survey, rotary to 14,200 feet.

Glasscock County
Howard—Glasscock—Tide Water No. 11-A E. G. Coffee, 2,400 feet from south and 530 feet from east lines of southwest quarter of section 15, block 32, T-2-S, T&P survey, rotary to 2,900 feet.

Hookley County
Ropes—Honolulu End Signal No. 1 L. S. Rosser, 288 feet from north and 525 feet from west lines of subdivision 40, league 13, Howard OSL survey, rotary to 10,000 feet.

Lubbock County
Lubbock No. 1-C Wilson, 440 feet from north and east lines of league 41, labor 3, Mavrick CSL survey, combination to 8,000 feet.

Howard County
Howard—Glasscock — Continental No. 13, through No. 20 Klotz, et al, No. 13 is 1,271 feet from north and 330 feet from west line of section 12, block 23, T-2-S, T&P survey, No. 14 is 1,840 feet from north and 2,180 feet from east lines of same section, block, township and survey, No. 15 is 1,404 feet from north and 1,230 feet from east lines of same section, block, township and survey, No. 16 is 471 feet from north and 1,253 feet from east lines of same section, block, township and survey, No. 17 is 440 feet from north and 2,186 feet from east lines of same section, block, township and survey, No. 18 is 666 feet from north and 2,167 feet from west lines of same section, block, township and survey, No. 19 is 589 feet from north and 1,234 feet from west lines of same section, block, township and survey, No. 20 is 820 feet from north and west lines of same section, block, township and survey, rotary to 2,500 feet.

Wildcat—Glenn H. McCarthy-S. & W. Company of Midland No. 1 Doyle Vaughn, 2,670 feet from south and 330 feet from east lines of section 12, block 34, T-1-N, T&P survey, rotary to 3,500 feet.

King County
Amended: Wildcat—Shell No. 1-A S. B. Burnett Estate, 1,880 feet from south and 660 feet from east lines

Man Discovers Wealth In Downtown Office

Joe S. Doakes discovered a wealth of free information in the Chamber of Commerce office the other day. Delbert Dorsling gave him a copy of "Gardening in Midland," and Joe found that if he follows the advice in this free booklet, that dank entirely with best results, that he is going to conserve, not only himself, but his soil.

Joe told us about it, and we got a copy. It's good. Since one of our interests is lawnmowers, we would like to call your attention to page 18, where it says, "White Stems, developed over a lawn after mowing, are caused by a dull mower. In addition to making an unsightly lawn, it is extremely harmful to the grass." There is more, but this gives you the idea.

We're sure to get your mower sharp and in tip-top condition, before the rush. Phone us.

Better come in and get YOUR FREE SAMPLE of TURF SPECIAL ORGANIC FERTILIZER. No strings.

MEMBER OF THE ASSOCIATED PRESS

And put no difference between us and them, purifying their hearts by faith.—Acts 15:9.

Disheartening Attitude

Henry Cabot Lodge, America's ambassador to the United Nations, has canvassed the roster of UN countries who are helping in the Allied fight in Korea, and has found them singularly unenthusiastic about any new war moves.

As an immediate practical matter, this is not a great cause for worry, since the United States itself is planning no shattering new offensives. But as an indication of attitude, Lodge's survey results are disheartening.

Britain, France and India (not a combatant but a strong influence on Korean issues) have brought themselves to a state of mind where they see any action whatsoever as fraught with unimaginable perils. The capture of more than one or two Communist dugouts a week is seen as leading to "enlargement of the war."

This mood is all too reminiscent of the 1930's, when a spirit of "peace at any price" produced a war that almost ground free men's liberties into the dust.

One is reminded of the "Bore War" phase of World War II, when France, with a 6,000,000-man army, "helped" embattled Poland by "exerting pressure" on Nazi Germany's western borders.

The fact that we do not now contemplate some kind of big push is secondary. What is important is the failure of these other nations to propose any variety of constructive suggestion for the prosecution or conclusion of the Korean war.

We have a right to expect from our fellow combatants—and from India—more than frenzied alarms every time we hint that a stalemated war isn't a good state of affairs and that something ought to be done to get the free world out of it.

At the present time, the United States is attempting to frame a policy that calls for the gradual withdrawal of ground forces of the UN from Korea and of France from Indo-China.

Nevertheless, it has to be pointed out that the plan has its positive aspects. Withdrawal is not the whole story. It calls for the active buildup of South Korean armies in Korea and Vietnamese armies in Indo-China.

The U. S. inevitably will have to bear a large share of that burden, but it is wholly fair to exact from our allies a heavier financial contribution than they have thus far been making either in Europe or the Far East.

This seems not too much to ask of nations whose idea of protecting themselves against a menacing foe is to counsel timidity and flex no big muscles until the enemy is almost at the gates.

The Washington Merry-Go-Round

By Drew Pearson

Drew Pearson says: Presidential Aide Adams circumvents Civil Service laws; French agents report Stalin dead for a month; Atomic chairmanship battle rocks Capitol Hill.

WASHINGTON—Dying on the vine—Assistant President Sherman Adams has pulled a neat device to get around Civil Service laws and banish all Democratic staff members on the Council of Economic Advisers.

However, Adams isn't on good terms with the Senate Appropriations chairman, Senator Styles Bridges, even though both are New Hampshire Republicans.

Capitalizing on Stalin's Death—Gen. Mark Clark has cabled Washington recommending the United States start a big psychological offensive in the Far East to capitalize on Stalin's death.

Jumping the Gun—Civil Aeronautics Administrator Charles A. Horn, the police chief of the airways, jumped the gun on President Eisenhower and announced his own successor.

When Dr. Stalin Dies?—French intelligence, usually pretty good, has come up with the weird theory that Stalin had been dead a month and that the Russians installed an imposter in the Kremlin to fool the world.

Midland Rotarians will celebrate the twenty-fifth anniversary of their club's founding at a gala banquet scheduled at 7:30 p.m. Thursday in the Hotel Scharbauer Ballroom.

Local control goes out the window when Congress usurps the function of local (school) boards and says who shall teach and what shall or shall not be taught.

Gala Rotary Anniversary Banquet Planned Thursday

Midland Rotarians will celebrate the twenty-fifth anniversary of their club's founding at a gala banquet scheduled at 7:30 p.m. Thursday in the Hotel Scharbauer Ballroom.

So They Say

Local control goes out the window when Congress usurps the function of local (school) boards and says who shall teach and what shall or shall not be taught.

JACOBY ON BRIDGE

By OSWALD JACOBY

This hand was played last week at the home of Dr. Norman Bukantz, who was my partner, writes Robert Williams, of New York.

Card game hand diagram showing North, West, East, and South positions with card suits and values.

queen. On his heart queen he would later (after pulling trumps) discard a club from dummy; then he would exit with his second club and force us to take the finesse for him in diamonds.

I couldn't lead a club at the second trick, because that would enable declarer to set up dummy's jack for a third round club trick on which he could discard a diamond from his own hand.

Can you imagine being employed with 12 hands in your hands? This looks like a case in which it's unwise to sue one opponent and even more unwise to fight a duel with the other opponent.

CARD SENSE

The bidding has been: North East South West 1 Heart Pass 1 Spade Pass 2 Hearts Pass ?

You, South, hold: Spades K-J-7-5-3, Hearts 7-6-4, Diamonds J-6-3-2, Club 4. What do you do?

A-Bid four hearts. You have only 8 points in high card strength, but your three small trumps and the singleton should be of some value.

Some cases of paralysis reported in the Bible now are believed to have been polio, according to the Encyclopedia Britannica.

WASHINGTON COLUMN

China Blockade Would Reverse Every Previous Stand Of U. S.

By PETER EDSON

NEA Washington Correspondent

WASHINGTON—The deeper the experts delve into the possibilities of an American blockade of Communist China, the more difficult it becomes.

President Eisenhower, Secretary of State Dulles and other high Administration officials have declared that they are giving the matter intensive study. This research to date indicates that for the United States to order a complete blockade of China now would be a reversal of every stand this government has taken in the past.

Never in its history has the U. S. used a pacific blockade, as distinguished from a blockade in time of war. On the contrary, when other nations have tried to invoke pacific blockades, the U. S. government has protested and refused to be bound.

Four principal incidents are cited in this history. In 1897, during the Turco-Greek war, six European nations declared a blockade on the island of Crete. The U. S., through Secretary of State John Sherman in the McKinley Administration, refused to concede their right to blockade the ships of neutral nations.

In 1902 Germany declared a pacific blockade against Venezuela. Secretary of State John Hay, under President Theodore Roosevelt, refused to recognize that the blockade had any force against the commerce of nations not parties to the dispute.

The United States in 1914 considered application of a blockade against Mexico, but did not put it into effect.

Opposed 1916 Blockade—In 1916, before the U. S. got into World War I, the European Entente declared a blockade against Greece. Secretary of State Robert Lansing, under President Woodrow Wilson, stated American policy.

The United States does not acquiesce in any extending of the doctrine of pacific blockade which may adversely affect the rights of states not parties to the controversy or discriminate against the commerce of neutral nations; and my government reserves all rights under these premises.

This position has been restated by the U. S. Naval War College in 1932 and 1936. Its most recent public restatement came on the late Adm. Forrest P. Sherman on May 30, 1951.

In testimony before the Senate Foreign Relations and Armed Services Committees investigating the dismissal of Gen. Douglas MacArthur as Far Eastern commander, Admiral Sherman said flatly: "It should be understood that the imposition of a naval blockade is a belligerent right and implies the existence of a state of war."

By this statement he ruled out the possibility of pacific blockade. Later in his testimony he declared: "I do not believe that a unilateral United States naval blockade is advisable."

Admiral Sherman did favor a United Nations blockade of Red China, and a United Nations arms embargo was declared May 18, 1952.

With respect to this embargo, Admiral Sherman declared in the MacArthur hearings: "If the United Nations should declare a naval blockade, the Russians would probably respect it, as they

did the United States' blockade of Korea.

"If the United States should declare a blockade unilaterally, the Russians might not respect it, and it is conceivable that they might oppose it by force."

Russia's precedent for opposing such a blockade would be the historic stand taken by the United States in opposing the blockades of 1897, 1902 and 1916, mentioned above. All these cases are reviewed in the standard international law digests by Hyde, Hackworth and Oppenheim.

Sidney Z. Searles, a New York lawyer, has made a record of earlier uses of pacific blockade to enforce demands of one nation on another by acts short of war. The first known instance was a British blockade of Norway in 1814.

In 1827 English, French and Russian ships blockaded Greece. In 1831 France blockaded Portugal. In 1832 French and British ships blockaded Holland to force recognition of the independence of Belgium. France blockaded Mexico and the Argentine in 1838.

The important fact in each of these earlier blockades is that the enforcing nation had greater military power than the blockaded nation. This is the factor that is being most carefully weighed in today's consideration of any future blockades against Communist powers.

Have A Laugh

By BOYCE HOUSE

Former Gov. James V. Alfred, now U. S. district judge, once remarked that when a politician says a newspaper misquoted him, what he means is that he said it—but wishes to thander he hadn't.

There was a sheriff who made such a bad record that when a gambler emptied a pistol at him, a fund was raised to present the gambler for shooting at the sheriff and missing.

Some people expect the benefit of the doubt even where there isn't any.

loved housekeeping as George loved carpentry.

Toward the end of this year En bore her second son, whom they named Roger.

At the beginning of Year 8 a decent-looking oldish man came up to George's house. He was one of the others who had suffered occasionally passed through. He stayed only over one night, and then went off again, in the aimless way of those shocked ones.

HE had scarcely gone, it seemed, before there were sore throats and running noses and aching heads and swollen eyes, and the Tribe was suddenly in all the throes of an epidemic.

Throughout the preceding years the general health had been so unbelievably good, Enra and some of the others had suffered with bad teeth; George, who was the oldest, had complained of various aching joints which he described under the old-fashioned term "rheumatism."

One struck each of the children sooner or later, and doubtless it was measles. The other began with a violent sore throat, but yielded quickly to sulfa pills. As long as there were sulfa pills in any drug store and they kept potent in spite of age, Ish saw no need to find out experimentally just how this sore throat would develop, it left untreated.

To Ish, the explanation was plain. Since so large a proportion of the people had died, the chain of most infections had been broken, and many individual diseases had, you might say, "died" when their particular kind of bacteria became extinct. Of course there would still be the diseases which might spring from the mere deterioration of the human body, such as George's "rheumatism," and the like, also be still-born infections, like tularemia and tick fever. Here and there, individual survivors carried some disease in chronic form.

The old man, everyone remembered too late, had blown his nose occasionally. Doubtless he had given them the "common cold."

EARTH ABIDES

by GEORGE R. STEWART

THE STORY: Ish and En are survivors of a terrible virus plague that all but wiped out humanity in the recent past. They live in the remote buildings of San Francisco and plan to start their first year together a baby in Year 8.

up barking wildly and dashed for the street, and they heard a car-horn tooting. Enra had been gone for more than a year, and they had stopped thinking about him. But there he was in a jalopy-looking car, oversteering with people and household goods.

Besides Enra, there crawled out of the car a woman of about 25, a younger woman, a frightened-looking half-grown girl, and a little boy. Enra introduced the older woman as Molly, and the younger as Jess, and after each name he added calmly and without embarrassment, "My wife."

Ish suffered only mild shock at the fact of Enra's return. He had been through a great many experiences already, and he reacted quickly to realize that plurality of wives had been an accepted part of many great civilizations in the past and might well be again in the future. It was certainly a practical situation when there were two women available and only one man, especially when the man was like Enra, able to live comfortably with people under all sorts of conditions.

The little boy was Ralph, Molly's son. He had been born only a few weeks before the Great Disaster, and he had presumably either inherited immunity or absorbed it through his mother's milk. This was the only case, as far as they knew, of two members of the same family surviving.

The half-grown girl they called Enya, but nobody really knew her right name. Enra had found her living in squalor and solitude. She must have been 5 or 6 years old at the time of the Great Disaster. They located George and Maurine, whom Enra had found on one of his wanderings. George was a big shambling fellow, gray around the temples, good-natured, uncertain in speech, but deft in his trade, which was carpentry. Maurine was his female counterpart, except that she was some 10 years younger, around 40 probably. She

YEAR 4 was the Year of the Coming. . . . One day in early spring, about noon, Princess leaped

Daddy Ringtail

Daddy Ringtail And Blow My Own Horn

Daddy Ringtail, your monkey friend, and the Huffen Puffen, the friendly wolf, had met a stranger who said his name was Hornblower.

At first Daddy Ringtail and the Huffen had teased the stranger and told him his name could not be Hornblower. He didn't have a horn. He did have a sheepskin hat, and so his name must be Mr. Sheepskin, Daddy Ringtail and the Huffen had said.

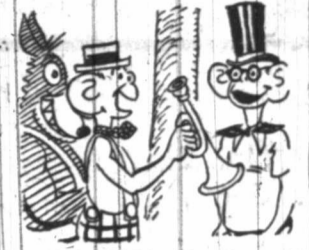

At first the stranger was teased into believing that his name was Sheepskin instead of Hornblower. Then he teased Daddy Ringtail and the Huffen to make them think he really didn't know what his name was at all. Then everyone stopped teasing and all began to be fine friends.

"Could you really blow a horn if you had one, Mr. Hornblower?" Daddy Ringtail asked.

"Well," said Mr. Hornblower, "I don't want to blow my own horn, but I—"

"Stop!" said Daddy Ringtail. "Mr. Hornblower, you could blow your own horn all you want to, if you had one."

"Now tell us, Mr. Hornblower," said the Huffen, "if you did have a horn, could you blow it?"

"Well," said Mr. Hornblower, "I don't want to blow my own horn, but I—"

"Stop!" said Daddy Ringtail again. Again he said that Mr.

Hornblower could blow his very own horn all he wanted to, if—and I said "if"—if Mr. Hornblower had a horn to blow.

"But I don't want to blow my own horn!" shouted Mr. Hornblower now almost in an anger.

Daddy Ringtail said for him please not to anger himself, and the Huffen said for him please not to anger himself, and Mr. Hornblower said he wouldn't.

Having said it, he said he would be happy, and happy indeed, to blow a horn belonging to someone else, if only they would lend him a horn to blow, and so Daddy Ringtail did it. He gave Mrs. Hornblower the horn he was holding behind his back, and Mrs. Hornblower took it and he blew it all the rest of the day, all for Daddy Ringtail. Happy day!

FROZEN COD FILLETS baked with a puffy, golden brown sauce of egg white, mayonnaise and mustard make a fine budget meal.

By **GAYNOR MADDOX**
NEA Food and Markets Editor

Here's a new fish fillet dish to win the approval of all your family. As frozen fish fillets of all kinds are in plentiful supply, particularly cod, haddock and perch, good fish recipes offer fine eating at budget prices.

Puffy Baked Fillets
(4 servings)

One package frozen fish fillets (cod, haddock or ocean perch), 1 egg white, 1/4 cup mayonnaise, 1 tablespoon mustard, dash cayenne pepper.

Let fillets thaw on refrigerator shelf. Separate fillets or cut block of fillets into 4 pieces and arrange skin-side-down in greased baking dish. Beat egg white until stiff but not dry. Fold in mayonnaise, mustard and pepper. Spread on fish fillets.

Bake at 425 degrees F. (hot oven) 18 to 20 minutes or until fish flakes easily with a fork and puffy sauce is golden brown.

The combination of tender fillets with a wonderful shrimp sauce is good reason to call the neighbors in for a dinner party.

Baked Fish Fillets with Creamy Shrimp Sauce
(4 servings)

One pound frozen fish fillets (cod, haddock, or ocean perch), 1 12-ounce package frozen shrimp, 2 tablespoons butter, 1 1/2 tablespoons flour, 1 cup hot milk, 1/4 teaspoon salt, 1/8 teaspoon pepper, 1/2 teaspoon grated nutmeg, 1/2 teaspoon Worcestershire sauce.

Let fish fillets thaw in refrigerator or at room temperature. Clean and cook shrimp by boiling in salted water 3 to 5 minutes. Cut shrimp in small pieces. Melt butter in

double boiler. Blend in flour. Pour milk in slowly and beat with rotary beater. Add salt and pepper. Cook 10 to 15 minutes, continuing to beat until thickened.

Add nutmeg and Worcestershire sauce. Separate fillets and place in heatproof platter or baking dish. Pour sauce over fish. Bake in a hot oven (425 degrees F.) 10 minutes. Top with chopped shrimp. Return to oven and bake 3 to 5 minutes or until shrimp are hot and fish flakes easily when tested with a fork.

TO HEAD VA?—Congressman Bernard "Pat" Kearney, of New York, seems a likely choice to succeed Carl Gray as veterans' administrator. Kearney is expected to resign from his position in the House of Representatives if President Eisenhower names him to the post.

Town Pays \$450, Now Owns Streets

ELMIRA, N. Y.—The village of Elmira Heights finally got control of its own village streets for the first time since its incorporation in 1896.

The village paid \$450 for the 23 miles of streets to the Elmira Industrial Association which had held title to the streets since they opened up the area as a residential subdivision 57 years ago.

Under the old arrangement between the village and the association, the village maintained the streets but could not close or narrow them and any abandoned streets reverted to the association.

If you plan to clip a pair of colorful earrings to the vamp edge of your black suede pumps, place a strip of cellophane tape over the sharp edges of the inside clip to avoid snagging your stockings.

Reporter-Telegram Features Capture Foundation Awards

Both of the NEA Service editorial cartoonists, whose work appears regularly in your Reporter-Telegram have been honored with awards by the Freedoms Foundation, a national organization for the promotion and interpretation of the American way of life.

Dorman H. Smith, NEA's chief editorial cartoonist, received a second place award in the cartoons

category and the George Washington Honor Medal for his cartoon on hidden taxes—"Brother, You Don't Know the Half of It."

John Fischetti, whose editorial cartoons also are distributed to some 750 daily newspapers by NEA, received the Freedoms Foundation's honor medal for his "Lost Horizon," drawing an ironic parallel between the Nobel peace prize and the war in Korea.

The Freedoms Foundation awards are made annually to Americans who make outstanding contributions

Parrot's Funeral Rites Attract 700

KANPUR, INDIA—(P)—Seven hundred people turned out here recently for a funeral of a parrot.

Owner of the dead bird, who claimed his pet was 44, said it spoke fluent Hindustani and could welcome guests in his absence. After formal funeral services the parrot's body was cast ceremoniously into the holy Ganges River.

Never keep flammable liquids in glass bottles. They will be much safer in galvanized steel fuel cans.

This year's awards were presented by Vice President Nixon at ceremonies in Valley Forge, Pa. Award judges included chief justices of state supreme courts and officers of national patriotic and service clubs.

Both cartoonists previously have won several awards for their outstanding work. Smith has received both the Sigma Delta Chi and Headliner's citations for outstanding editorial cartooning, and Fischetti won the Headliner's award last year.

Foreign non-Communist businessmen are through in Communist China and all of them are on the way out, says the former Shanghai manager of the U. S.-owned National Aniline Chemical Company of America.

C. G. Evans, who had held the Shanghai post for his company since 1946, says the Reds have made sure foreign businessmen could not function by holding control over employees of foreign firms.

REAR END GETS PROTECTION—A new style bumper arrangement designed for greater protection against dents, scratches and collision damage has been fitted to the experimental car XL-500 by the Ford Motor Co., in Detroit. The rear-end bumper has three separate sections placed horizontally on the body deck, and is vertically integrated into the tail-light assembly.

Spiders eat other insects besides flies and, under winter conditions, can go without food for several months.

The Baltic Sea contains the least amount of salt among the world's seas. Its salt content is as low as seven parts in a thousand.

King Henry VIII, who was proud of his own broad shoulders, set the fashion for broad shoulders on men's coats.

Indians' Stuttering Blamed On Demands

LOS ANGELES.—(P)—An anthropologist says stuttering was common among some early Indians, and he believes it was because of demands made upon the children.

Dr. Edwin M. Lebert of the University of California at Los Angeles says his research showed that every tribal language in the Pacific Northwest contained words meaning stuttering.

"The ceremonially-rich tribal culture of the Northwest demanded competitive participation of the growing child," he says.

"A speech defect was a handicap that might cause a family of an entire clan to lose status in the tribe. This led to specific anxieties on the part of both parents and children."

Dark pans absorb more heat than light, shiny ones, and accordingly could cause over-browned foods.

'Voluntary Labor' Speeds Red Project

VIENNA.—(P)—Romania's Communist bosses have set up a system of "voluntary" labor to make up for the construction failures and neglected promises of the Romanian Five-Year-Plan.

The aim apparently is to make the Romanians carry out—and pay for—themselves the work of building public installations like schools and roads which the Communist planners have failed to achieve.

The device is called "self-liquidation" and was rubber-stamped by a government decree in January, 1953. So far, it is restricted mainly to rural areas.

In New Zealand, natives wear earrings which are decorated with the teeth of their enemies, according to the Encyclopedia Britannica.

Makes 'em EAT Like EAGER BEAVERS

3-MINUTE OATS

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plates dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little **FAST-FIX**, the alkaline (non-acid) powder, on your plates. Holds false teeth more firmly so they feel more comfortable. Does not sour checks "plate odor" (denture breath). Get **FAST-FIX** at any drug store.

Soviet's New Pyramid Of Power

The six key figures in the new Soviet hierarchy are shown below. All are deputy premiers to Malenkov except Marshal Voroshilov. All are members of the Presidium of the Communist Party Central Committee, the most powerful body in the Soviet Union. Kaganovich is the only one without a specific office.

GEORGI M. MALENKOV

V. M. MOLOTOV
Foreign Minister

LAURENTI P. BERIA
Interior Minister

NIKOLAI BULGANIN
War Minister

K. E. VOROSHILOV
Presidium President

LAZAR KAGANOVICH
Deputy Premier

Dolls Show Wedding Preview For Brides

BINGHAMPTON, N. Y. —(AP)—Eighteen-year-old Mrs. John F. Cook often gives her altar-bound friends a preview of their wedding by dressing up her miniature seven-inch dolls to duplicate the costumes of the wedding party.

The planning is complete down to flower girl, ring bearer and preacher.

She sews the dresses of scraps of cloth and lace in the color to be used by the bridal party. Bits of tulle, caught in pieces of colored pipe cleaner, for the headresses and veils. Her hobby is usually a feature at pre-nuptial showers.

Although absolute serf never can be reached, scientists have pushed the temperature to within 15 ten-thousandths of a degree above the lowest limit.

USO Must Cater To Feminine Soldiers

The USO, long a symbol of friendship for lonely soldiers, sailors and marines, has gone all-out to welcome the service women. Under a special program, the USO's at home and overseas are working to meet the needs of the 50,000 American girls in uniform.

So far, they haven't instituted "hosts," to correspond to the famous USO hostesses who danced with homesick boys. But, with that lone exception, the USO provides everything for the girls it always has for the boys. And a few extras.

Near Fort Sam Houston, the San Antonio USO arranges sightseeing tours, horseback rides, boat cruises and barbecues for the post's Army nurses.

Service women around Pittsburg, Calif., can even bake a batch of cookies in the Pittsburg USO, if they yearn to be domestic. And, in the Petersburg, Va., USO, there's a make-up bar available, complete with free cosmetics provided by local merchants.

There's a class in Japanese dancing for the girls at the Okinawa USO. And the Washington service club has a special lounge set aside for women only.

The program, made possible by the United Defense Fund, includes such other niceties as the usual writing, relaxing and snacking equipment. But there are some things that have been installed in most USO's which are strictly for the ladies.

For one thing, there are ironing boards.

When buying electric equipment, the specialists say, look for the UL label of the Underwriters' Laboratories on both electrical equipment and cords, showing that the article has been tested and passed as safe.

TEXAS LADY LOST 27 POUNDS

It's simple: It's amazing how quickly one may lose weight, usually fat—no money back! Here is a home recipe to help take off unwanted pounds and help restore graceful slenderness. Now get the improved Baracstrate, the most effective diet in the world, and the secret to losing weight is to eat less of it. The improved Baracstrate contains in capsules, in addition to liquid, appetite curb tablets, which help to lessen the taste buds which lie on the surface of the tongue. If the very first bottle and tablets doesn't show you the way to reduce, safely and easily, return the empty bottle for your money back.

Lost 27 Pounds

"I cannot say thanks enough for Baracstrate. It has helped me many times. I lost 27 pounds. I also got rid of the fullness and bloating that made breathing difficult." Signe Ross Warren, Box 113, Fort City, Texas.

10 Pounds Lost

"It is a pleasure for me to endorse Baracstrate," writes Mrs. R. E. Moore, Route 4, Galveston, Texas. "I have lost 10 pounds taking Baracstrate."

New Buick Sports Convertible Is On Display In Midland

The Miles Hall Buick Company Thursday unveiled a sleek, new Buick sports convertible, the "Sky-lark," built on a 1953 Roadmaster chassis, with down-swept doors in tune with the lines of the full cut-away fenders which set off its chrome-plated wire racing wheels. The new model will be on display here several days.

Buick's distinctive taper-through fenders, the bumper-grille combination, and a rapier-styled sweep-spear molding, readily identify the "Sky-lark" as a Buick product, yet its styling is unique in sports car motif.

The widespread public interest in Buick's XP-300 and General Motors' Le Sabre inspired Buick engineers to design a sports car with production possibilities.

"This is no dream car, like our XP-300," company officials said. "This car was designed and made to pre-test the public acceptance of an American-built ultra modern sports car."

New 'Bombsight'

Front and rear end styling is very similar to Buick's present line, except the bombsight on the front has been recessed into the hood and the trunk lid has a faster slope to the rear.

The doors have been cut down three inches with the top, or belt, following the slope of the fender line. The front seat has been lowered and the seat back has been tailored to the level of the top of the doors.

The interior of the car, including the side panels, is done in Helsinki red cowhide with narrow vertical pleats.

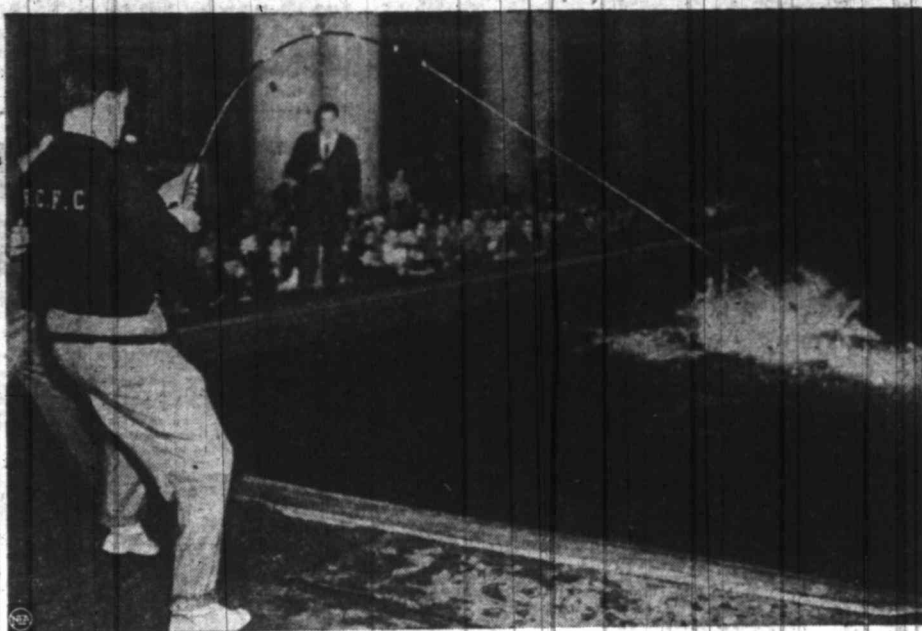

The "Sky-lark" is powered by Buick's new 188 horsepower V-8 engine.

Brazil Asks Heavy Water From Norway

RIO DE JANEIRO (AP)—President Getulio Vargas has authorized the foreign ministry to open negotiations to obtain seven tons of heavy water from Norway.

The heavy water would be for use in Brazilian experimental nuclear reactors, which are being planned.

Adm. Alvaro Alberto, president of the National Research Council, says the heavy water, acting as a "moderator," would permit use of less metallic uranium in the reactors.

LIVE ONE—Bill Lepsevich of Dedham, Mass., had his hands full landing George Murphy, on the other end of the line, during the seventh annual angler versus swimmer north Atlantic championship at the National Sportsmen's Show in New York. The unique battle lasted over an hour. (NEA)

Waste Water From Sewage Turned Into Wide Profit

Waste water from the Midland city sewage plant is being turned to profit to the city as well as to the operator of the city farm through a level border irrigation system installed there last year by Joe Heidelberg in cooperation with the Martin-Howard Soil Conservation District.

Heidelberg and J. Bell, who farm the land together, harvested 115 bales of cotton from approximately 80 acres of land irrigated with water from the sewage disposal plant. The city receives the usual rental share of the harvest.

Ditches and borders on 65 acres had been installed according to designs furnished by the Soil Conservation Service to match the rate of water application to the character of the soil. An older system was used on the other 15 acres.

Despite narrow borders and short runs required by the sandy nature of the soil, Heidelberg found the conservation system more efficient than other. One tract with four-row tabs 360 feet long produced 25 bales of cotton on 14 acres, almost

two bales per acre compared to the farm average of one and one-half bales. He considers the new system twice as efficient as the old.

Heidelberg does not consider the land in the borders wasted. He believes the outside row on each tab produces enough additional cotton to make up for the rows left out to make room for the borders. To check on this, he had an outside and an inside row on the same tab gathered and weighed separately.

The outside row produced 120 pounds of pulled cotton and the inside row 70 pounds. This is equivalent to 4,200 pounds per acre of unginned cotton from the outside row, compared to 2,450 pounds per acre from the inside row, in one picking.

Heidelberg and Bell will farm the city land again this year. They are installing the improved irrigation system on more of the land. They have also deep-broken the land irrigated last year, and will level each tab for uniform distribution of water.

DEATH, TAXES HERE TO STAY

BUFFALO, N. Y. (AP)—Some taxpayers may have thought the new Eisenhower Administration was abolishing taxes entirely when they saw a "For Rent" sign on the Internal Revenue Bureau field office here.

Their elation was short-lived, however, because the government's lease expires July 1 and the office will move to new quarters.

Annapolis Textbooks Given To Nationalists

TAIPEI (AP)—The Chinese Nationalist navy has received 21 boxes of textbooks as gifts from the U. S. Naval Academy graduating class of 1952 and the U. S. Naval Institute.

The gifts, weighing five tons, were presented by Cmdr. Roland Kenny, U. S. assistant naval attaché, who said: "The United States and Free China have a common bond against Communism and in the cause of peace."

Montana is said to have coal reserves of about 222 billion tons.

Baylor Dean Takes Building Challenge

HOUSTON (AP)—Dr. Stanley Olson would rather be a builder than a manager.

That is why the 38-year-old doctor quit a job as head of the nation's largest medical school to become dean of the Baylor University College of Medicine.

"At Baylor, the opportunity to build abounds," Olson said in explaining why he resigned as dean of the University of Illinois College of Medicine. He became dean of the Houston medical school January 1, succeeding Dr. Walter H. Mourstund, now dean emeritus and director of endowment.

"Baylor has spent 10 years in moving out of a warehouse and into a fine plant and getting some full-time clinical faculty," he said. "Now it faces a period of changing emphasis."

Of top importance, he said, the college must be thoroughly coordinated with objectives of the \$100,000,000 Texas Medical Center, where the medical school's new home is located.

"While I'm going to be concerned with Baylor, the real project is the Medical Center," Olson said. "We at Baylor must work for the welfare of the Center as a whole, and likewise, of course, if this is to be a good medical center, it must have a strong medical college."

The 163-acre center now includes seven hospitals, the university of Houston college of nursing, and a research library. Other hospitals, including \$16,000,000 city-county structure, are being planned. The multi-million dollar Houston Veterans Administration Hospital is only a few blocks away.

Olson said one of his main reasons for coming to Baylor from his native Chicago was that Baylor is one of the few remaining medical

schools with the opportunity to develop on private resources as opposed to state funds.

"Baylor must get endowment if it is to last and develop as the highest type medical college," he said. "We need \$10,000,000 as a hard core necessary for the school to be on a stable financial footing."

"Ultimately we will hope to have more for special endeavors but the \$10,000,000 is an immediate goal."

He said Baylor has been generously dealt with and its trustees have made a good beginning.

Hospital Notes

WESTERN CLINIC-HOSPITAL
Emergency Treatment

Bobbie Dable, Odessa, employed by the Johnson News Agency, injured fingers of the right hand received in an accident with a car flow. (Released)

Crossed Signals
Get Wars Mixed Up
In Indochina, Korea

WITH FRENCH UNION FORCES IN INDOCHINA (AP)—Sturdy French artillerymen, waiting for firing instructions from their radio-control point, suddenly found themselves listening to a voice, language and procedure they did not recognize. It came all the way from Korea.

At the very same moment they were expecting their orders, an American battery 1,500 miles away to the northeast also listened for theirs. Then, to the ears of the French gunners came the words, in an accent born in the U. S. Midwest. "Okay, we'll let them have another salvo. Up 200, ready..." At that point, their own orders drowned out the voice from Korea.

Radio officers explained that although the range of artillery-control tances, their signals are often carried hundreds and hundreds of miles through atmospheric freaks.
