of praise for "the effectiveness of a Veice of America, even if world-wide 'campaign of truth' being waged by the State Department," to quote from its 1951 report.

For it generally is admitted that the hoarse "Voice" and the not-so-free press, publications and other media programs have some good men on their state.

"For my dough, the only hope now is to burn the joint down and start another."

This remark was occasioned by the resignation of Dr. Wilson Compton as administrator of IIA—the International Information Administration.

It has not been revealed before, but when Dr. Compton, a former president of Washington State College, was appointed to this post a year ago, he was the fifty-sixth man to be asked to take the job. The 55 who had been asked before himsuccessful publishers, radio executives and advertising men—wanted no part of it.

What perhaps is even more revealing is the fact that only a short time before Dr. Compton was made head of IIA, he had been turned down for appointment as liaison man between IIA and the U. S. Advisory Commission on Information.

Farm Price Declines Ended, Says Benson

PHILADELPHIA -(P)- Rece drops in farm prices are at an end and continued prosperity is around the corner for the nation's farmers. according to Ezra Taft Benson, secretary of Agriculture.

In an article in the April issue of Korean War Vets Farm Journal magazine, Benson said he wants farmers to suggest new legislation before 1955 "which will give farmers even more security than they have now."

Benson said also he will carry out price support laws passed by Congress but insisted he didn't think that "supports should be so high as who have returned from the Ko-to subsidize the inefficient."

"We can't guarantee a profit to every farmer any more than we can to every retailer." Benson said.

Texas Western's Spring football drills began this week and two Midlanders on the squad, Bill Medart and Johnny Kennedy, were missing from the active workouts. Their being up and about, however, was enough to make Coach Brumbelow rejoice

The two, remember, were among a foursome of TWC gridders involved in a car accident February 3 near McNary. It was said then none of them would be available for the 1953 season, and one, had seen the last of gridiron activity.

That player, Clyde (Buddy) Bono, a letterman halfback from Dallas, was injured most seriously of all and still is confined in a Dallas hospital, surffering from a fractured hip and from pelvis, back and head

A tackle from Grand Prairie, Guy Lancaster, still is on crutches after suffering a broken leg in the accident. The two Midlanders, fortunately, recovered well.

Coach Brumbelow this week said Medart, a letterman end, who

like the rest of the fourseme is 19 years old, will be with the Spring gridders and will serve as team manager,

Kennedy, a backfield squadman, has recovered sufficiently to take part in track and will miss football training because of his participation

The accident, which occurred when their car struck a culvert, hapned early February 3 as the players were returning to school. All were hospitalized in Fabens for a time.

Medart suffered knee and facial injuries head lacerations and an ankle injury.

In the vast stretch of eternity which has no beginning and, no end; where measurements are based on the distance that light can travel in the space of a year; where the whole Earth is but a fleck of dust—it will be difficult for him to continue to believe that either he or his problems are so important. In the majestic quietness and the inconceivable bigness he will sense the presence of the Divine Power at whose command all things move and all things cease to move.

A man need not be alone in his problems nor need he feet that there is no solution. To the Almighty all things are possible and His help is promised to each of us. All that He asks in return is that we believe in Him!
