## Cervantes Named In Murder Trial

### Mystery Man Said Hireling Of Defendant

BROWNWOOD—(AP)—The state Friday tried to link the mysterious and long-sought Alfredo Cervantes and Mario (El Turco) Sapet, on trial here for a slaying the victim's father called a bungled political assassination.

One witness quoted Cervantes as saying, the last time she saw him, that he "had a job to do."

Cervantes, charged originally with murder in the fatal shooting of Jacob S. (Buddy) Floyd, Jr., was labeled by a grand jury that investigated the case "as a man who could clear up many angles" of the shooting in Alice last September 8.

The state called three witnesses and for the first time injected the name of Cervantes into the case. It was his picture and his name that was conspicuously shown witness Thursday with no reference as to his identity.

Not Seen Together

The three witnesses Friday testified they last had seen Cervantes in San Antonio on the night of September 7 and the morning of September 8. They had seen him previously in a saloon in Nuevo Laredo, Mexico, on Labor Day, 1952 (September 2). They also said Sapet was in the same bar the same day, but each of the three denied ever seeing the two men together.

The Golden Horn Bar in San Antonio figured prominently. Andrew Garcia, San Antonio, said he had seen Cervantes at the Golden Horn between 10 p.m. and midnight September 7. The owner, Encarnacion Mendez, and his wife, Ines, testified Cervantes stayed at the bar between 10 p.m. and midnight September 8, then spent the remainder of the night in a room he had rented at a house owned by Mrs. Mendez.

Defense Objects

Mrs. Mendez said she saw Cervantes the morning of September 8 in San Antonio. Cervantes has not been seen in San Antonio since.

Over bitter objections of defense attorneys, District Attorney Bill Allcorn asked Mrs. Mendez when was the last time she saw Cervantes.

She answered about 10:30 of 11 a.m., September 8.

Allcorn asked if Cervantes said he was going to see anybody. Mrs. Mendez said, "He said he was going to see Turko."

Allcorn asked if Cervantes said he was going to do anything.

Mrs. Mendez said, "He told me he had a job to do. If he did it, I would never see him again. If he didn't, he would be back in a week."

Was Handyman

Garcia gave for the first time a description of Cervantes and he described him as a sort of handyman, a bartender in Nuevo Laredo and San Antonio, and a poultry house

### House Adopts Economy Bloc Money Budget

AUSTIN—(AP)—The House economy bloc Friday rammed its stand-pat, no-new-tax budget through to final passage, drawing protests from opponents that it was a "lobbyist's delight."

The hard-fighting, stubborn and often angry liberal faction resisted inch by inch and came startlingly close in the final hour of debate to winning a major victory.

As finally written and sent to the Senate, the bill for general state services carried only \$1,202,700 more than the economy-minded House Appropriations Committee recommended.

The committee's original suggestion called for spending of 182 million dollars in the next two years for state departments, the courts, state colleges, hospitals and special schools and junior colleges.

Million Dollars Added

The bill goes to the Senate at approximately \$163,202,700.

The House cut \$750,000 from the Health Department budget. It added \$1,400,000 to the committee's recommendation for junior colleges; \$460,000 for Texas Western College at El Paso; \$62,700 for insect control work.

That last item prompted Senator Mairy Maverick of San Antonio, one of the liberal-spending faction, to say:

"The bill was a lobbyist's delight. We appropriated money to kill pink boll weevils, but we neglected our state colleges, our state employees and state hospitals."

Under Senate Figure

The House bill still is considerably under the Senate Finance Committee's recommendations, which included some raises for state employees. The House turned down the pay raises. After the Senate acts, (Continued To Page Twelve)

BEYO'S LOBBY DELIVERS VOTES

AUSTIN—(AP)—Bevo, the steer mascot of the Texas Longhorns, got a pay raise from the House Thursday even if the professors didn't.

In a jocular mood, the House formally voted to increase Bevo's ration by one bale of hay a year.

Zephyr and Sunray To Drill Clear Fork Wildcat In Hockley

Zephyr Drilling Corporation and Sunray Oil Corporation have staked location for their No. 1 C. T. Pace as a new wildcat in Central-South Hockley County.

Location is 660 feet from south and east lines of labor 13, league 38, Baylor County School Land survey and nine miles south of Leveland.

It will drill to 7,500 feet to test the Clear Fork-Permian to start within the next week.

No. 1 Pace is on a checkerboarded spread of 880 acres secured from Kewanee Oil Company out of a block of leases that concern has in that region. Kewanee retains some acreage around the location. Humble Oil & Refining Company and Sun Oil Company are contributing to the drilling of the wildcat.

Drill site is four miles east of the Slaughter field and one-quarter of a mile east of Kewanee No. 1 Pace, a 5,269-foot San Andres dry hole which was drilled in 1950.

Wolfcamp Wildcat Set For Andrews

Texas Pacific Coal & Oil Company has staked location for an 8,500-foot Wolfcamp wildcat in Central-South Andrews County.

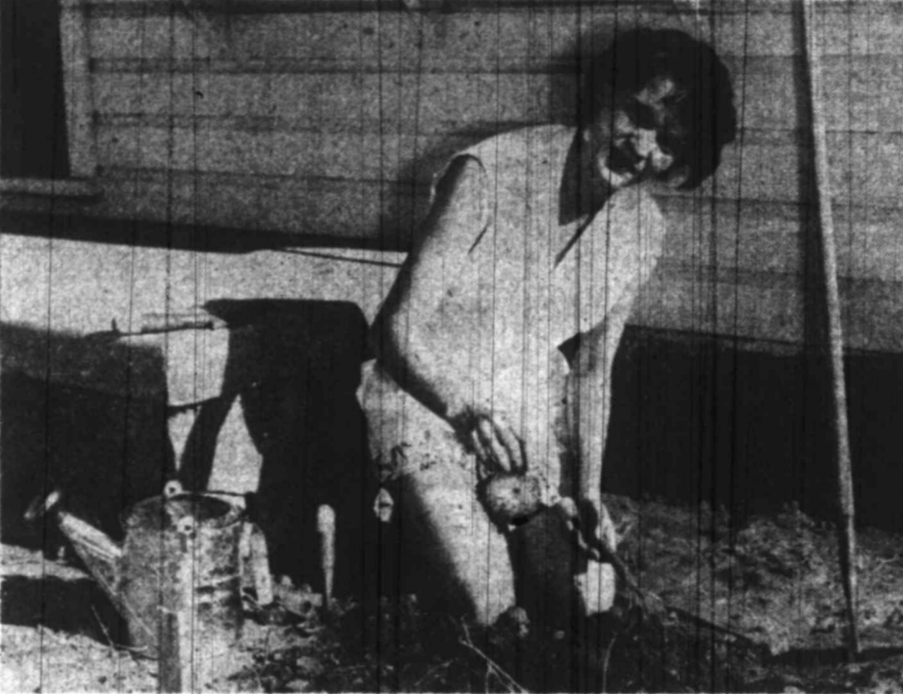

Location for No. 1-K University is 800 feet from north and 1,200 feet from west lines of section 46, block 9, University survey and 18 miles south of the town of Andrews.

Rotary tools will be moved in and drilling will begin at once.

Ellenburger Entered At Wildcat In Upton; DST Is To Be Taken

Cities Service Oil Company and Continental Oil Company No. 1-AR University, wildcat in Southeast Upton County, was bottomed at 12,377 feet in the Ellenburger, preparing to take a drillstem test.

SHE KNOWS IT'S SPRING—The arrival of Spring means work to Mrs. D. C. Sorgenfrei of 3221 Hill Street and hundreds of other Midland housewives who cultivate flower gardens. The first official day of Spring found Mrs. Sorgenfrei planting a flower garden Friday. Husbands, too, have joined in Midland's early Spring activities.

### Kentucky Cage Coach, Two Gamblers Linked In Lawsuit

LEXINGTON, KY.—(AP)—University of Kentucky Basketball Coach Adolph Rupp, Ed Curd and Frank Costello Friday were named co-defendants in a federal court suit seeking triple damages of \$573,287.78 for alleged gambling losses.

The suit was brought by Mrs. Lucille Ghansley Brashers, Alabama, Ga. She is the sister of George Chumbley, who has charged to "bring" the alleged losses in gambling operations the suit said were conducted by "Curd and his co-conspirators."

The amount asked is three times the total of the losses alleged in the suit. How many others besides Chumbley figured in the claimed loss of \$191,085.93 was not stipulated.

Curd, Rupp and Costello, the suit alleged, "conducted a fraudulent and debasing scheme of gambling in schools, colleges and university sports and athletics," and "seduced student leaders and players to betray their institutions and colleges for the institutions and colleges' profit."

Rupp asserted: "Of all the smear campaigns that ever have been conducted against anyone, this is the rottenest. It is evidently a well-organized campaign aimed entirely to discredit me. The timing of everything has been perfect."

The veteran coach did not say to discredit him. His reference to "bringing" apparently was made because the state high school basketball tournament is in progress here.

Costello was a key figure during the Senate Crime Committee investigation. He now is in the Federal Correctional Institution at Milan, Mich., serving 18 months for contempt of Congress. He also is under indictment for income tax evasion.

Curd of Lexington, now is in Canada, according to federal authorities, who have charged him with federal income tax evasion. Operations Claimed

Three University of Kentucky basketball players pleaded guilty last year in New York to keeping down the scores in fixed games after being paid by gamblers. Two others admitted to a New York grand jury that they manipulated the scores in games played outside New York.

### Goal Topped By Red Cross

Midland County's 1953 Red Cross Fund Drive is "over-the-top" in its quest for \$14,500.

A jubilant general campaign chairman, W. Dave Henderson, Friday reported returns totaling \$14,859.33, which is \$359.33 in excess of the quota.

"And the contributions still are coming in," Henderson said. "We are grateful to the generous donors, the division chairman, team captains, volunteer workers, both men and women, and to everyone who had a part in the success of the finance campaign."

"The goal was reached in record time, too," Henderson declared. "Just 10 working days were required to put the drive 'over-the-top.'"

Other Red Cross officials, including Jerome Gray, chapter president, and Roebuck Stacy, executive secretary, expressed appreciation to all who assisted in the community-wide endeavor.

Lowered Texas Corn Plantings Forecast

WASHINGTON—(AP)—If Agriculture Department forecasts are correct, Texas corn plantings will be off about eight per cent this year.

The department said Thursday Texas farm plantings indicate a total of 2,102,000 acres of corn, or about 92 per cent of the 1952 crop, when Texas farmers planted 2,232,000 acres.

### Clear Skies Usher Spring Into Midland

Oh happy day! Spring has sprung and hearts of Midlanders turn lightly to thoughts of lighter clothing as the new season comes into the area, raising the mercury to the middle 80's.

At least that is the prediction of the weathermen, who recorded a high reading of 79 degrees at 11:30 a.m. and expected temperatures to rise steadily towards the 88-degree mark before Spring's first day is done.

Adding to the romantic trend of the occasion, the forecasters also said the Midland area might receive a little wind and a little sand in the afternoon.

A vernal equinox, otherwise known as the beginning of Spring, officially reaches Texas at 4:01 p.m. Friday.

But while your thoughts are turning to the lighter things of life, consider your wife's flower beds which need digging... the lawn which already may need mowing... the broken box handle... and the fertilizer that needs spreading.

The weather is just what you're looking for, depending on your location.

Early morning cloudiness covered most of East Texas, but from Mineral Wells westward skies were clear.

Midlander Attends Water Panel Meet

Delbert Downing, manager of the Midland Chamber of Commerce, represented Midland Friday afternoon at a meeting in Big Spring of the Governor's State-wide Water Committee.

The meeting was called by Homer D. Grant, chairman of the Water Resources Committee of the West Texas Chamber of Commerce, to discuss surface water problems.

### Pioneer Chiefs Rush To Fight CAB Order

WASHINGTON—(AP)—Pioneer Airlines' top officers descended on Washington Friday in the wake of a flood of letters and telegrams backing them up in their battle with the Civil Aeronautics Board.

The board took note of the protests by issuing an extraordinary 900-word statement Thursday declaring it is confident Pioneer can keep on operating in Texas and New Mexico.

Before leaving Dallas by plane for Washington, Pioneer President Robert J. Smith said again the line may have to go out of business unless the CAB backtracks on its refusal to grant the line higher mail pay.

With Smith came Pioneer Board Chairman William F. Long. They left Dallas Thursday, shortly after the Chamber of Commerce there pledged its support to the air line's fight. The Dallas Chamber also sent telegrams to the more than 20 cities served by Pioneer urging them to do likewise.

Talk To Congressmen

Smith said Long planned to talk not only to the CAB but also to Texas and New Mexico congressmen, many of whom have lined up behind the air line.

In his 900-word statement, the CAB promised "expeditious consideration" of any definite plans Pioneer might present for future operations. It said, however, that in any event it intends to "take such appropriate emergency action as will assure continuation of required services" to cities on Pioneer lines.

The CAB statement explaining and defending its refusal to boost Pioneer's mail pay was issued an hour and a half after the board's normal closing time in answer to a flood of protesting letters and telegrams. Earlier, the board had declined to comment beyond referring to its original order.

Says DC-3 Service Fine

"The board believes that it is possible for Pioneer to continue to provide adequate service," the statement said. "The service performed by Pioneer with DC-3 aircraft for many years had constituted a high standard and valuable service."

Pioneer had asked the higher mail pay after exchanging its DC-3 fleet, which it called slow and old, for the faster but more expensive Martin 202's.

"The CAB said Pioneer had not given it sufficient notice of the change in equipment and that last May 7, four weeks before inauguration of the Martin 202 Fleetmaster, the board told Smith it was deeply concerned over the "possible lack of adaptability" of the Fleetmasters to local-service air line use.

The letter to Smith warned that any cost increase "should not be undertaken with mail pay but (should be) undertaken as a risk of management," the statement added.

"Despite the plain wording of this letter, in June, 1952, Pioneer placed the Martin 202 in operation," the statement said.

Plans Completed For Event Feting Fred Wemple, Formby

Plans were completed Friday for the staging of the all-civic luncheon honoring Fred Wemple of Midland and Marshall Formby of Hereford in Hotel Scharbauer here Monday noon.

Formby last month succeeded Wemple as a member of the Texas Highway Commission.

The purpose of the luncheon, sponsored by the Midland Chamber of Commerce, is to express appreciation to Wemple for his six years' service as Texas highway commissioner, and to extend greetings and best wishes to Formby as he begins his six-year term on the commission.

E. H. Thornton, Jr., of Galveston, commission chairman; Commissioner R. J. Potts of Harlingen, and D. C. Greer of Austin, state highway engineer, and their wives, will attend the function as special guests.

The meeting will be held in connection with the regular meeting of the Kiwanis Club, Frank Beeson, Kiwanis president, will preside.

Chamber of Commerce representatives and county officials from numerous West Texas counties have accepted invitations to attend.

The meeting is open to the public, and all Midlanders, both men and women, are invited and urged to attend. Reservations should be made at the Chamber of Commerce office not later than Saturday night.

## Spiritual Diary for Lent

Thy kingdom come. Thy will be done on earth as it is in heaven.—Matthew 6:10.

**Today's Message**

The abiding motive and stimulus to prayer are found in fellowship with Christ. The man whose mind is set on low and immediate ends has little to pray about. He gets the things he wants easily enough. The Pharisees prayed to be seen of men, said Jesus; and they received their reward. They were seen. That was all they wanted, and they got it. So the man who lives for food and drink and clothes, gets these things. He has his reward. He feels no special need for prayer. If he tries to pray, he begins to use vain repetitions.

It is the man, on the other hand, who has caught the vision of the new social order for which Christ lived and died, and who is seeking to follow Him in devotion to the Kingdom of God, who finds himself attracted to prayer. He is living for ends that lie beyond immediate attainment; he is undertaking tasks that are too big for him alone, he comes to barriers that look impassable, and meets disappointments that are heart-breaking. Such a man comes to God in prayer; it is the most natural thing for him to do. There is no strain about it, no searching for things to say. He has common interests with God.

—LUTHER A. WEIGLE  
Dean Emeritus, Yale University  
Divinity School.

**Today's Prayer**

Almighty God, let us believe in the potency of Thy power; and believing, let us pray for unselfish attainments that we may be brought closer to Thee in the final consummation of our hopes. Amen.

## Westminster Presbyterians Acquire Additional Acreage

The Westminster Presbyterian Church has voted to acquire additional acreage adjoining its present building site on West Louisiana Streets, the Rev. Flynn W. Long, Jr., pastor, announced Friday.

The action was taken at a congregational meeting held Wednesday night. The acquiring of the property was recommended by the church's building committee.

The new property will give the church ownership of all of Tract Six, Gardens Addition, and will provide ample ground for both the present and future needs of the church in its proposed building program.

The congregation also launched plans for the staging of a building fund campaign to be conducted in August and September. It is planned to start construction on the first unit of the church plant early next fall.

**Rapid Growth Cited**

The church was organized Sept. 21, 1902, and is the third Presbyterian Church in Midland. It was organized under the guidance of the First and St. Andrew's Presbyterian Churches. The new congregation has experienced a steady growth and now has 216 members. Services are held regularly in the Lamar Elementary School.

Building Committee members are R. W. Barker, chairman, Mrs. Dana M. Secor, Mrs. R. L. Clarke, Mrs. O. C. Pannell, Paul H. Laverty, J. A. Puckett, H. P. Neill, T. A. Newbold, J. H. McClure, and L. E. Noblitt.

Members of the Building Finance Committee are Gilbert C. Thompson, chairman; Rosemary Hamit, Mrs. R. L. Prothro, Eugene B. Bell, Frederick L. Sneed, John E. Reid, Ralph L. Grays, Ralph E. Howell, Raymond H. Coe and Bryan C. Henderson.

TO TOUR U. S.—Silent film star Mary Pickford will embark on a nation-wide tour of the U. S. to promote the Bond-A-Month campaign starting in April. Just 35 years ago, "America's Sweetheart" toured the nation to promote the sale of U. S. Liberty Bonds.

## DISNEY RATES CHILDREN'S NOD

TULLYTOWN, PA.—Walt Disney, the creator of "Mickey Mouse" and hundreds of other cartoon characters, is going to have a school named after him.

Tullytown school children decided that themselves when asked for whom they'd most like to have their new \$100,000 elementary school named.

In a special vote, the kids gave Disney the nod over three of his cartoon characters: "Seven Dwarfs," "Peter Pan" and "Captain Hook."

## Former Actress Pleads Not Guilty To Morals Charge

HOLLYWOOD.—Former actress Dorothy Comadore has pleaded innocent and asked for a jury trial on charges of prostitution.

Miss Comadore, 49, was arrested by sheriff's vice squad officers Thursday. They said they picked her up at a bar and that she suggested: "Let's find a dark place to go."

The actress, who co-starred 13 years ago with Orson Welles in "Citizen Kane," commented: "Even if I had left my head at home I wouldn't have said a thing like that. This is all a part of my being an 'unfriendly witness'."

Comadore lost a bitter child custody battle last November with her ex-husband, film writer Richard Collins. She declined to say whether she was a member of the Communist Party, saying she is "a loyal American."

Collins had renounced communism two years previously and appeared as a friendly witness before the House Un-American Activities Committee.

## Singer Dick Haymes Charged With Failure To Support Children

SANTA MONICA, CALIF.—Singer Dick Haymes must show cause in Superior Court April 10 why he should not be held in contempt for alleged failure to support his three minor children by his former wife, actress Joanne Dru.

Miss Dru complained Thursday that Haymes has paid only \$131 since last November and is \$3,868 in arrears.

Miss Dru, now the wife of actor John Ireland, asserted Haymes has an income of \$50,000 a year from movies, TV and night clubs, and \$26,000 a year from recordings.

## Rassman To Address Five Midland Groups

It isn't often that a non-professional speaker is invited to make the same address over and over again, often repeat performances before the same groups, but at this particular season of the year Emil

Emil Rassman

Rassman, Midland attorney and civic and church leader, receives more speaking invitations than he can fulfill.

And the requests mostly are for the same address—a factual and inspirational pre-Easter message on "The Trial of Christ."

Rassman prepared and first delivered the address in 1949, and since that time has given it before groups of all kinds—service clubs,

women's clubs, fraternal orders and church organizations—from Dallas to Waco to El Paso—and many points in between. He has no record of the number of times he has spoken on "The Trial of Christ," but he has filled numerous engagements just prior to Easter since 1949.

### Schedule Opens Monday

He already has accepted five speaking engagements this season in Midland, starting Monday afternoon when he will address the Auxiliary of the Trinity Episcopal Church. That evening he will speak to the St. Agnes Guild of the Episcopal Church. Then on March 28 he is scheduled to address the American Association of University Women. His other engagements include Epsilon Sigma Alpha on March 31, and the Episcopal Men's Club on April 1.

Rassman, a twice wounded veteran of World War II, was named one of Texas' "Most Outstanding Young Men of 1951." He also was recognized as Midland's "Outstanding Young Man of 1951."

He is active in civic, church and cultural affairs here.

He is a past president of the Midland Optimist Club and has held offices in numerous other organizations.

He has gained widespread recognition in the legal profession, particularly for his work in the Tideland case, and in connection with West Texas water rights.

Mr. and Mrs. W. W. Merritt

## Midlanders To Mark Golden Anniversary

Mr. and Mrs. W. W. Merritt, Midland residents since 1935, will observe their golden wedding anniversary Sunday, with an open house scheduled from 2 to 5 p.m. in their home, 901 North Weatherford Street.

Their children, grandchildren and other relatives will attend, and their many friends here and throughout West Texas are invited to call during the open house hours.

A very special guest will be Mrs. D. O. Williams, 89, mother of Mrs. Merritt. Mrs. Williams also is a Midland resident.

Both Mr. and Mrs. Merritt are native Texans. He was born Feb. 1, 1881, near Mansfield in Tarrant County, and Mrs. Merritt was born Sept. 29, 1885, near Dennis in Parker County. She is the former Annie Williams.

They were married March 22, 1903, by Elder H. B. Davis, pastor of the Primitive Baptist Church at Bald Knob, Hood County, Texas. Former Snyder Residents.

Mr. and Mrs. Merritt moved from Parker County to Snyder in 1919, residing there until 1935 when they

moved to Midland. They have belonged to the Baptist Church 45 years, and Mr. Merritt has been a Mason 30 years.

The Merritts have nine children—four sons and five daughters—all of whom will be here for the anniversary celebration. They also have 22 grandchildren and six great-grandchildren.

The children are Jack, Barney and Pat Merritt of Midland, Gilbert Merritt of Hereford, Mrs. Nora Woody of Midland, Mrs. Rhoda Bills of Snyder, Mrs. Irma Collins of Carlsbad, N. M.; Mrs. Era Hobbs of Corpus Christi, and Mrs. Margie Hill of Pecos.

It will be a real old-fashioned family reunion at the W. W. Merritt home here Sunday, followed by the open house event for friends during the afternoon.

Suprise Element Missing

President Eisenhower and Secretary of State Dulles are putting great stress these days on the matter of psychological warfare.

But it needs to be realized that these techniques have certain sharp limits for us which do not similarly bind the Russians.

When we are pursuing tactics which are essentially secret maneuvers, our psychological experts can operate with a fairly free hand.

Yet when the strategy calls for pvert moves that must be publicly announced or disclosed, it is a different story. The aim may be to start something that simply will keep the enemy guessing.

The trouble is that Congress, the American people, and our allies as well, do not want to be kept guessing. They want every disclosed move spelled out in detail, every wisp of the fog of mystery dispelled.

This is inherent in the nature of democracy. We want explanations for everything and feel we are entitled to them. The case of freeing Chiang Kai-shek for operations against the Chinese Red mainland is a good example.

We hoped in that instance to worry the enemy as to what might follow. The more speculation that came after that move, the better it suited our purpose to trouble the Communists.

But immediately our own lawmakers and many of our curious friends abroad demanded to know what we planned in Asia down to the last comma.

There would seem to be no escape from this pattern. So long as our psychological warfare embraces overt steps, we cannot to that extent count upon the weapon of surprise.

A Tennessee woman stole to bail her husband out of jail so she could be with him. She's now only a few cells away.

History's Court Of Final Judgment

The Washington Merry-Go-Round

By Drew Pearson

WASHINGTON—Some will-or-wisps, sleight-of-hand diplomacy reminiscent of Truman days took place backstage before the Eisenhower Administration granted the recent \$500,000,000 loan to Brazil.

The inside story indicates the difficulty of forming a definite policy on foreign loans, especially to Latin America. Secretary of State Dulles announced some time ago that the Republicans would push the good-neighbor policy.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

Every experienced bridge player learns early in his bridge career it is dangerous to lead a suit that dummy can ruff.

When this happens, the "ruff and sluff" usually gives declarer a trick on a silver platter.

Once in a great while you get a hand in which you deliberately give declarer a ruff and a sluff without losing anything by it.

Bridge hand diagram showing North, South, East, West cards and trump suit.

Play found it necessary to give declarer two of these ruff and sluff plays in order to defeat the contract.

The bidding was a bit on the hectic side, but the final contract was eminently reasonable.

South would have made his contract against anybody but a bridge star of the first magnitude.

Holding the West cards, Dick Frey opened the three of spades, South took the first trick with the ace of spades and led a low trump towards dummy.

Dick naturally took the first trump trick with the jack and looked around for a way to make sure of four trump tricks.

West stepped up with the king of hearts and led another ruff, thus giving declarer his second ruff and sluff.

If he led another trump, West could win and lead a fourth spade to force but declarer's last trump.

If declarer failed to lead trumps, West would be able to ruff with his eight of hearts, thus making the needed fourth trump trick to defeat the contract.

The bidding has been: North East South West 1 Heart Pass 1 Spade West Pass 2 Spades Pass ?

You, South, hold: Spades K-J-10, Hearts 8-4, Diamonds Q-J-8, Clubs Q-J-7-3. What do you do?

A—Bid three no-trump. You have 10 points in high cards, and your partner's jump raise shows at least 17. There is therefore ample strength for the game, and you must show your ball's need distribution and strength in the unbid suits.

WASHINGTON COLUMN

GOP Sees Budget Balancing Vital To American Security

By PETER EDSON NEA Washington Correspondent

WASHINGTON—Six weeks' experience as bureaucrats has been a liberal education for the big businessmen who now are working for Uncle Sam for the first time—full time and at government salaries.

One thing that has impressed them most is the relation of foreign policy to what goes on in this country. When Secretary of Defense Charles E. Wilson goes to Secretary of Treasury George M. Humphrey and says that the armed services will have to have so many billions of dollars, that fact determines a lot of things.

It determines what the tax rate of the United States will be. It determines how much of America's supply of raw materials will be chewed up in manufacture of arms.

And it determines how many men will work in the factories of Pittsburgh, Cleveland or Detroit—and what it is they will be making for a considerable period of time.

From the point of view of the business executive in government, the United States now faces two main problems. In front of them, the people of the civilized Western world have the threat of enemies with knives at their throats. Something must be done to ward off this attack.

This means spending more than the Western countries can afford for national defense. If this money is spent, and, by higher taxation and borrowing, the economy of the non-Communist world is ruined, affairs may be no better off than they would be if the men with the knives were allowed to attack.

So a decision has to be made on what course to follow. How much of a strain can the economy of the United States stand? It has stood the strain of heavy taxation for defense in the last two years very well. It could stand this strain for a few more years without undue hardship on anyone.

But if this defense posture has to be maintained for 25 years or so, what will be left? The inflation that invariably accompanies a period of permanent and war is sized up as an extremely dangerous thing. It begins easy, and everybody likes it. But it always gets worse and it leads to the eventual ruin of many people.

This has led President Eisenhower's Administration to the conclusion that the federal government budget must be balanced, and a start must be made on reduction of \$200,000,000 government debt.

It now is realized that this isn't going to be easy. It is going to mean sacrifices for everyone. The trillions and hundreds of government operations which everyone has become accustomed to will have to be curtailed.

Don't Know Answers The best thing to do—that is, the most popular—is not necessarily the wisest thing to do for the long haul. For the future course of government operations it raises the possibility that all-out social security programs and 100 per cent government payments for farmers—while nice and no doubt desirable—many have not been considered.

There are no firm decisions on these matters or any of the other \$64,000,000,000 worth of questions that still face the Eisenhower Administration. The new leaders say frankly that they don't know the answers, yet.

May 1 now appears the closest date on which some of the answers may be expected. Revised estimates in the Truman budget for the next fiscal year won't be ready till some time in April. The North Atlantic Treaty Council meets at the end of April, and the foreign aid program can't be sized up till then.

For Congress this poses a terrible problem. It means that the Eisenhower fiscal program for next year must be enacted in two months, if Congress carries out its plan to adjourn by July 1. That would mean putting off the constructive part of the Eisenhower program for a second session of Congress next Fall. And few big decisions before the end of the year.

EARTH ABIDES

by GEORGE R. STEWART

XXII He pressed the starter-button. There was a long grunt. Then slowly the engine turned!

The gasoline tank was empty, like most of them these days. Probably their cars were not air-tight.

They found gasoline in a drum, and poured five gallons into the tank. Ish put in fresh spark plugs. He primed the carburetor, feeling a little proud that he knew enough to do so.

The boys, Ish was glad to notice, were in a hurry to get back to work at the car. They had apparently begun to feel a little of the intoxication that was likely to come from a mastery over power.

"Say, boys," he said, "Bob and Dick, I mean. Do you think you can go back and shift those wheels by yourselves?"

"Sure," said Dick. "What I mean is—well, Joey is too little to be much use, and Tim tires. It's only four-bikes to the City Library from here, Joey can go with me. Want to, Joey?"

Joey was already on his feet with the excitement of the idea. The other boys were happy to get back to the library. They had been waiting for the great day.

As they walked toward the library, Joey ran ahead in his eagerness. It was ridiculous, thought Ish, that he had never taken Joey there before. But all this matter of Joey's reading and intellectual back to the library was rapidly.

Because of his policy of saving the great University Library as a reserve, Ish had been using this library for his own purposes for many years, and had long since forged the lock on the main entrance.

They stood in the main reading room, and then wandered through the stacks. Joey said nothing, but Ish could see his eyes drink the titles in as he passed. They came out from the stacks again, and stood in the main lobby by the entrance, looking back. Then Ish had to break the silence.

Have A Laugh By BOYCE HOUSE Senator Joseph W. Bailey, Texas' greatest orator, was speaking when someone called out, 'How about John Barik?' Bailey replied, 'I never shoot humming-birds out of season.'

LITTLE LIZ Some of the new hats have almost no material—just a price tag.

Is it all the books in the world? "Oh, no! Just a few of them." "Can I read them?" "Yes, you can read any you want to. Always bring them back and put them in place again, as they won't get lost or scattered." "What's in the books?" "Oh, something of pretty near everything. If you read them all, you would know a lot." "I'll read them all!" Ish felt a sudden warning shadow fall on the happiness of his mind.

"Oh, no, Joey! You couldn't possibly read them all, and you wouldn't want to. They're all such and stupid ones and silly ones, and even bad ones. But I'll help you pick out the good ones. Now, though, we'd better go."

THE cat moved, and he felt it respond to the stiff steering gear. He pressed upon the brake, and the car came to a stop, having moved only six feet. Yet it had moved, and (of equal importance) he had stopped.

He had a sudden feeling of more than pleasure. It was the thrill of exaltation. It was not all a dream! In one day work a man and three boys could get a jeep to running again, what would not a whole community accomplish in the course of a few years?

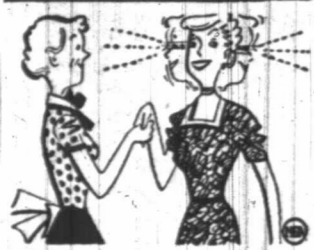

"The boys watched the deep rumble of the wagon to rumble by themselves. They hit the wagon behind one of the others. Then Dick drove one team, and Bob the other. Ish, with Joey beside him, started out bravely in the jeep.

He let the jeep roll to a stop in front of the house, and leaned back in triumphant relief. At least he had got it home. When he pressed the wheel-button, and after all these years of silence it responded wonderfully—TOOT-TOOT-TOOT!

## Hodge, Dudley Are Convention Speakers

By TESSICA MARTIN Reporter-Telegram Staff

ODESSA—Mrs. J. Howard Hodge of Midland and Mrs. L. E. Dudley of Abilene were the featured speakers at the Eighth District, Texas Federation of Women's Clubs, opened its seventeenth annual convention here Thursday.

Candidates for the three elective offices of the district also were announced Thursday. They are Mrs. J. S. Hendricks of Acala, president; Mrs. Russell Payne of Fort Stockton, first vice president, and Mrs. Henry D. Murphy of Midland, second vice president.

Mrs. Hodge spoke at the Western barbecue Thursday night in the Ector County Auditorium, attended by 150 delegates and visitors.

Stressing the important problem of highway safety, Mrs. Hodge led a panel discussion by six Midland and Odessa high school students on the teenage driver education program.

Advocating a compulsory driver education course for every high school, Mrs. Hodge and the students agreed that such a course should include a study of driver rules and laws, a study of automobile mechanics and practical driving experience under the proper supervision.

Students, assisting were Janis Rowden, Lanetta Early and Lionel Crisp of Midland and Don Sterling, Robert Taliaferro and Madelle Cooke of Odessa.

Mrs. Hodge is safety chairman for the General Federation of Women's Clubs and a past president of TFWC.

Welcome Given  
Welcome to the visitors was given by Odessa Mayor Fred Gage, with a response by Mrs. L. C. Britte of Marfa. Mrs. Hodge gave the official greeting from GFWC, and Mrs.

Dudley, first vice president of TFWC, from the state group.

Mrs. Harwood Keith of Big Spring, district president, introduced the special guests. Among the guests were Mrs. Van Hook Stubbs, TFWC president, and Mrs. W. E. Cantrell, regional vice president, who were to address the convention Friday.

Presiding Thursday evening was Mrs. Guy Neas of Odessa. The invocation was by Mrs. Clay Wood of Pennell. Hostesses for the dinner were members of the Yucca Club of Pennell.

Mrs. Dudley spoke at a pre-convention meeting of the district executive board Thursday afternoon. Discussing departments of work in the federation, she reminded the group that Americanism currently is receiving emphasis by clubwomen throughout the nation.

She also stressed federated club activities as they are concerned with an improved home and family life, spiritual welfare and the preservation of the American heritage.

### Agenda Listed

The convention agenda for Friday was to include a coffee and general session in the morning, an international luncheon, and a general session in the afternoon.

The presidents dinner honoring club presidents is to be held Friday night, to be followed with a fine arts program. The convention will close Saturday morning with an awards breakfast.

Mrs. H. A. Redman is general chairman for the convention, with Mrs. Otis V. Laird as co-chairman and Mrs. Fred Gage as program chairman.

### TEA IS PLANNED

The Order of the Rainbow for Girls will honor its grand officer with a tea from 3 until 5 p.m. Sunday in the home of Mrs. Mary Jenkins, 1007 Mogford Street.

## Terminal P-TA Names Officers

Officers were elected when the Terminal Parent-Teacher Association met Tuesday in the school.

They are Mrs. Jack Maier, president; Mrs. C. V. Williamson, first vice president; Mrs. E. W. Everett, second vice president; Mrs. Robert McGregor, secretary, and Mrs. T. McElligott, treasurer.

A state P-TA life membership was presented to Jack Turner, and Mrs. C. V. Williamson was named historian for the remainder of the year. Speaker was Lottie Atkinson, speech therapist for the Midland schools.

Plans were made for a box supper Friday night in Rhodenhiser Hall.

### CIRCLE HAS STUDY MEET

The Mary Scharbauer Circle of the First Methodist Church met Monday in the home of Mrs. Minnie Crumley, 1110 West Missouri Street. Mrs. O. F. Hendrick and Mrs. M. L. DeMasters led the circle's third lesson on "Widening Educational Needs."

### ATTENDS CONVENTION

Odie Morris, owner of the Snow-white Steam Laundry, will return Saturday from Dallas, where he has been attending the Texas and Oklahoma annual laundry and dry cleaning convention.

### ON VACATION

# Daddy Ringtail

## Daddy Ringtail And Iggledy-Boo!

Daddy Ringtail, your monkey friend, had gone for a walk through the hills on the other side of the Whispering River. Mugwump Monkey, the monkey boy, had gone along with him. Now they had stopped to sit on a log and rest.

"Somebody's coming," said Daddy Ringtail.

Mugwump looked, and sure enough—from over the hill nearby—came a little man with a great crowd of people following. The little man wore a long, tall hat. His mouth was round like an O. Long black chin-whiskers swept to the ground, so the little fellow had to walk to the side, almost, to keep from stepping on them. He was funny looking, but Mugwump wanted to be polite. He tried not to laugh.

Closer and closer came the little man with all the people following him. He stopped at last in front

of Mugwump. "Iggledy-boo!" shouted the little man of a sudden.

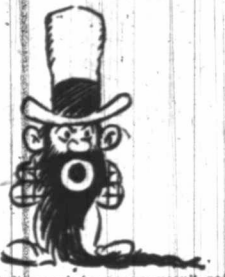

"Humph," said Mugwump. "You didn't scare me."

"I didn't want to scare you," said the little man, and on he walked and away. The crowd of people followed him.

Mugwump watched them all go, and then he added: "Daddy Ringtail."

"I hear you, Mugwump," said Daddy Ringtail.

"Who was that man?"

# De Mille Wins First 'Oscar' In 40 Years Of Epic Making

CECIL B. DE MILLE "Greatest Show On Earth"

By JAMES BACON  
HOLLYWOOD —(AP)—A happy Hollywood rejoiced Friday in honoring one of its founding fathers—Cecil B. De Mille, whose "Greatest Show on Earth" became his first Oscar winner in 40 years of epic making.

It was one of the few times Hollywood has honored one of its greats while he still was around to enjoy it. The movie pioneer, now 72, was the big star of the silver jubilee Academy Awards Thursday night. A film colony audience cheered wildly in the RKO Pantages Theater as millions more for the first time saw the ceremony via television.

De Mille's win for "Greatest Show" as the best picture of 1952 was the night's only surprise. Favorites Shirley Booth and Gary Cooper came through as predicted to take the best actress and best actor awards.

De Mille, whose 70 pictures previously had won him only millions at the boxoffice, admitted he was most surprised.

"I thought 'The Quiet Man' or 'High Noon' would get it," the proud showman told reporters. He also took home the Irving Thal-

SHIRLEY BOOTH "Come Back, Little Sheba"

berg special Oscar for distinguished production.

He was happiest for his daughter, Katherine De Mille, who became the first person to have a father and husband win Oscars on the same night.

She is the wife of Anthony Quinn, whose earthy portrayal of a Mexican revolutionary in "Viva Zapata!" won in the best supporting actor class.

Gloria Grahame, also a favorite, was voted best supporting actress for her job as the flighty Southern belle of "The Bad and the Beautiful."

Another veteran, John Ford, won the directing award for "The Quiet Man."

Although "Greatest Show" was a surprise—"High Noon" was the favorite—its win was not wholly unexpected. Many knew Hollywood never has quite forgiven itself for letting D. W. Griffith go to his grave unhonored by the academy.

Miss Booth, the blowy housewife of "Come Back, Little Sheba," stumbled as she walked up stairs at a New York theater to receive her Oscar from Fredric March.

However, she quickly composed her-

GARY COOPER "High Noon"

self and said: "I'm a very happy and very lucky girl. It's been a long climb and I guess this is the peak. But the view has been wonderful—all the way."

A veteran of 28 years of Broadway acting, Miss Booth's Oscar came on her first try at movie-making.

Cooper, for 28 years on the side of movie law and order, and a strong favorite, won his second Oscar for playing the righteous marshal of "High Noon." He previously won for "Sergeant York" in 1941.

Cooper, on location at Cuernavaca, Mexico, for a new film, "Blowing Wild," was having dinner when informed he had won.

"I'm a hell of an actor," Cooper drawled. "I get my inspiration from the people who work with me on the picture."

"That was particularly true about 'High Noon.' I feel doubly honored because I feel I'm receiving the vote for so many people."

"I'm very happy and very flattered," Quinn, with Cooper, said. "This moment is doubly important because I started in movies with Gary Cooper 15 years ago in 'The Plainsman.' It's wonderful that 15 years later we are doing another movie together and being honored together."

The ballad "High Noon," probably the only song in history that gives away the plot of a movie, won the best-song award for composer Dimitri Tiomkin and lyricist Ned Washington.

Bob Hope, who was master of ceremonies, was awarded a special Oscar for "his enormous contribution to the laughter of the world."

Hope said, "I've waited 15 years for this k x x I know now how the Republicans felt."

# Shirley Booth Plays Second Fiddle To Role She Portrays

By CYNTHIA LOWRY

NEW YORK —(AP)—The secret of Shirley Booth's success is her own conviction that any such person as Shirley Booth scarcely exists.

This, however, is a minority opinion held by a humble, skilled and completely stage-struck red-haired actress who in the last three years has swept the boards of just about every coveted acting trophy.

Miss Booth's opinion of Miss Booth unanimously is not shared by a large and growing company of fans, in-

cluding her normally jealous colleagues to whom she is that rare thing, an actor's actress.

Now at the peak of a long, substantial career in the theater, Miss Booth seems a little bewildered and slightly wistful about all the excitement.

"I'm shy," she said. "I'm afraid one of the reasons I'm an actress is that I don't feel I'm much of anybody. The roles I play give me a personality. It's like armor, and I feel protected by it when I'm on the stage. I guess that's why I've never had stage fright. I even love opening nights."

She seemed a little depressed about the hubbub over her first movie, the same "Come Back, Little Sheba" which gave her stage career a big boost. It was this movie that won her an Academy Award Thursday night as the year's best actress.

"I wish all this hadn't happened so soon, so fast," she said helplessly. "I wish I'd been given a chance to do more films, to work up to this."

Like every veteran, she has some wonderful theatrical memories stretching back to the 1930's.

Many Successes  
She was open-minded, lovable Mabel in "Three Men on a Horse," a wise-cracking girl photographer in "Philadelphia Story," brah, funny Ruth in "My Sister Eileen," a troubled foster-mother in "Tomorrow the World," generous Gladys in "A Tree Grows in Brooklyn," tragic, blundering Lola in "Come Back, Little Sheba," and now spinster Leona Samish in "The Time of the Cuckoo," her present Broadway show.

# Texas Company Officials See Properties In Midland Area

A group of top-ranking officials and executives of The Texas Company and of The Texas Pipe Line Company spent Wednesday and Thursday in Midland and other centers of the Permian Basin on an inspection trip.

A. C. Long of New York, president of The Texas Company, headed the group. Others in the party were R. B. McLaughlin of Houston, chairman of the board of The Texas Pipe Line Company and G. H. Bryant, of Houston, Texasco vice president.

Also on the tour were J. N. Trowell of Houston, manager of the production department of Texasco, and C. B. Barrett, also of Houston, manager of the southern territory sales department.

C. E. Williams, manager of the Fort Worth producing division; and L. F. (Levi) Shiplet, and J. H. Markley, both of Fort Worth, assistant division managers.

While in this area the officers

conferred with T. P. (Red) Drew, district superintendent for The Texas Company, and Ralph Troseth, division manager of The Texas-New Mexico Pipe Line Company, a Texasco affiliate, and members of their organization in Midland.

The visitors inspected the Texasco district offices: the Texas-New Mexico division offices, the Texasco bulk sales plant; the Basin Pipe Line Systems station and other operations in Midland in which The Texas Company and its associated companies have interests.

They also visited the TXL, Andador and North Cowden oil fields. The tour ended Thursday afternoon with a plane flight over all of the West Texas-New Mexico district.

# Two British Airmen Die As Jet Crashes

GAINSBOROUGH, ENGLAND —(AP)—Two British airmen died Thursday night in the crash of a speedy Canberra jet bomber, returning from a mock war raid over West Germany. It was the first fatality in four days of the Exercise Jungle King—the biggest air maneuvers of its kind since World War II.

The two-engine bomber plunged to the ground and exploded just three miles short of its home base here.

### REDS VENTILATE NAVY CHOPPER—

## Helicopter Yanks Jet Pilot From Very Hot Korean Snow

TOYKO—(P)—The Navy Friday said Lt. Comdr. Donald L. Good of Boulder, Colo., and Palm City, Calif., a helicopter pilot, made a sensational rescue of a downed Air Force F-84 jet pilot north of the Red-held port of Wonsan on the northeast coast of Korea Wednesday.

Good flies his "chopper" from the deck of a small LST (landing ship, tank) anchored at Wonsan.

The Navy said the helicopter took off in late afternoon Wednesday after an intercepted message had indicated that the F-84 pilot had survived a jump into snow-covered mountains in North Korea. The F-84 thundrjet pilot was Lt. Ivan B. Skinner of Mearns, Calif.

Good skirted the heavily de-

fended port of Wonsan, then turned inland nine miles north of the city where he was joined by two Air Force jets.

A Navy account told of this conversation between the helicopter and his screening jets:

Helicopter: "I am now over land. Please guide me to the scene."

Jets: "Follow us. The pilot is in hip deep snow. It is doubtful that he can move into the open."

Helicopter: "Ground fire is intense. We have been hit several times."

Jets: "Stay away for a few minutes while we work them over with our guns."

Helicopter: "I see him now. It is going to be tough. We will try to grab him on the run."

On the second run, Skinner grab-

bed the sling and a helicopter crewman, Aviation mechanic 3/C Theodore R. Smith of Nashville, Tenn., rescued him.

Chopper Ventilated

Good landed on his LST with 12 bullet holes in his helicopter and his radio and other equipment out of commission because of shrapnel. One slug penetrated the engine cowling and one went through his windshield about one foot from his head.

Good played down his own part in the rescue and praised the work of the Air Force pilots who fired on the Communist guns.

"That was the hottest one I ever hope to see," Good said later. "We have pulled off three or four other ones in the last couple of months but this tops them all."

### Tax Official Pleads Again For Motorists To Get Tags

With only nine days left to go before the April 1 deadline on motor vehicle registration, J. M. Speed, Midland County Tax Assessor-Collector, urged residents Friday to get their tags before it is necessary to turn away hundreds of persons.

Speed explained that it will be necessary to handle about 400 persons daily from now to April 1 to cover everyone.

"It will be impossible to register 4,000 vehicles on the last four days," he said, "and, if the public waits until the last minute, it will be absolutely impossible to take care of everyone."

Thus far, approximately 6,650 passenger cars have gotten new tags with 1,500 commercial vehicles registered also.

### Mission Pastor To Conduct Pre-Easter Services Here

The Rev. Walter C. Guin, pastor of the First Presbyterian Church of Mission, will conduct pre-Easter services here next week under the auspices of the Men of the Church of St. Andrews Presbyterian Church.

The series begins at 11 a.m. Sunday, March 22, at the church.

Men of the church will meet with Mr. Guin at 7 a.m. daily for a 45-minute devotional Bible study at the St. Andrews Church. Coffee and doughnuts will be served. Women of the church will meet for similar devotionals at 10 a.m. daily for bible study at the church.

Men of the church will play host to Mr. Guin at a buffet luncheon at Midland Country Club March 27 at noon.

The Rev. Lewis O. Waterstreet, pastor of St. Andrews, invites all members of the church and friends to attend the services and other events. Hal Sehner, president of the Men of the Church, is in charge of the arrangements.

A nursery will be provided for all services and for the morning devotionals conducted by the Women of the Church.

### Midland Veterans Select Officers

W. G. Ray was elected commander of the Midland Veterans of Foreign Wars at a meeting Thursday night in the VFW Hall.

Other new officers are Minter King, senior vice commander; Lige McKiff, junior vice commander; Pat McMullan, quartermaster; F. E. Perry Pickett, judge advocate; Raymond Robison, chaplain; Jim Tidmore, surgeon; and Clint Creech, Howard Palmer and Macel Coleman, trustees.

Creech is the retiring commander.

A native of Texas, Mr. Guin lived as a youth in Ballinger, Quannah and Dalhart. He attended Simmons College, the University of Texas and Austin Seminary. He has held pastorates in Hamilton, Vanderbilt, Odessa and Mission.

Mr. Guin is active in the Synod of Texas and is active in the field

day with "Christ the Revelation" the subject of Mr. Guin's talk at the sponsoring church, Ferrell and Jax Streets. The 6:30 p.m. service Sunday, "Christ the Crucified," will be at the First Presbyterian Church.

All other week day services will be at the St. Andrews Sanctuary, each beginning at 7:30 p.m. Subjects will be: Monday, "Christ and Sinners"; Tuesday, "Christ and His Church"; Wednesday, "Christ the Comforter"; Thursday, "Christ the Conqueror"; and Friday, "Christ the Commissioner."

## Physicians 'Read' TB Test 'Tales'

Twelve Midland doctors went back to school Friday for classes in "reading." The other "R's" "riting and "rithmetic, were left to the regular students.

The doctors were reading "detective stories" written earlier this week on the arms of hundreds of students when they received patch tests from the Midland County Tuberculosis Association. Results of the stories read Friday will give the association hopes, some assistance in combating the increase of the tuberculosis disease in Midland.

"We are receiving an average of two new cases of tuberculosis in our offices each week," Mrs. E. H. Davidson, secretary, said Friday.

"This is a great increase, and because of this condition the patch tests and their results are of particular importance to Midland this year. These tests are the simplest method of detecting the disease. A positive tuberculosis patch test does not mean a person has tuberculosis. It does mean the patient should be tested further by means of X-ray and physical examinations." It is the policy of the association to try and test each student once every three years. This year, students new to the school system were tested along with first, fifth, eighth and twelfth grade students.

Through results of the tests active carriers of the disease may be found. Last year an athlete was discovered to be tubercular. One entire family suffering from the disease was discovered. One child was discovered to have picked up the disease from her father.

If results of past years hold true for this year, most parents of the students undergoing the tests will be notified of negative results. A few parents will be notified by the association that positive results of the patch test means further checking with the family physician is merited. They also will be reminded that the organization is here to see the child through if such becomes a necessity. Figures received by the local association show that at least half a million people in this country have tuberculosis, and that the majority of them do not know it.

Doctors reading test results Friday were R. L. Pean, Jr., D. E. Conner, R. N. Bugg, M. M. Nichols, Win. D. Holt, Fred Gaards, E. W. McCullough, Robert Smith, M. H. Boone, H. Glenn Walker, Dorothy Wyvell and Truett Boles.

Members of the association board working on the project besides the secretary were Mrs. T. June Melton, Mrs. R. E. L. Taylor and Mrs. Jack E. Bliss.

## GOP Foes Renew Attacks On Bohlen

WASHINGTON—(P)—Two Republican senators who oppose Charles E. (Chip) Bohlen's nomination as ambassador to Russia renewed their demands Friday for a review of the FBI field report on the nominee.

Senator Bridges (N-NH) said the Senate Foreign Relations Committee, which approved Bohlen unopposed Wednesday, should reopen its hearings to get the report.

And Senator McCarthy (R-Wis) declared that, if President Eisenhower examined "even the FBI summary" of the file on Bohlen, "I think he would reject him." Eisenhower held his news conference Thursday he thought Bohlen's nomination was a very good idea.

Chairman Wiley (R-Wis) said the Foreign Relations Committee was satisfied with Secretary of State Dulles' evaluation of the FBI file during two and one-half hours of testimony Wednesday when he said there was nothing to arouse the slightest suspicion about Bohlen's loyalty.

"I could have made the evaluation myself," Wiley said, "but the FBI summary was available so late, I wouldn't take the responsibility."

"Mr. Dulles passed up an engagement at an embassy to give it a thorough going-over for the committee," Wiley said his committee requires that, before it approves any nominee, an FBI report must be put in the hands of the State Department.

"Under this rule," he said, "the chairman will either evaluate it himself and request the aid of the ranking minority member, or have it evaluated by a competent official."

"The highest man in the State Department (Dulles) evaluated the report on Bohlen."

Senate Majority Leader Taft of Ohio predicted only a few votes will be cast against Bohlen Monday when he brings up the nomination for Senate confirmation. The Senate GOP Policy Committee was considering it Friday.

**GUESTS OF PARENTS**  
Mr. and Mrs. J. L. Bandy and son, Jim, are guests of their parents Mr. and Mrs. A. S. Hollingsworth. The Bandys have been visiting his parents in Illinois and expect to leave Monday for their home in Las Vegas, Nev.

Three presidents of the United States died on July 4—John Adams, Jefferson and Monroe.

# Russia's Candidate For Top UN Billet Loses First Test

UNITED NATIONS, N. Y.—(AP)—The race for a new United Nations secretary general was wide open again Friday, with Russia's latest candidate, Mrs. Vijaya Lakshmi Pandit of India, beaten in her first bid for the Security Council.

In a grueling five-hour secret session Thursday, the 11-nation council turned down Mrs. Pandit, sister of India's Prime Minister Nehru, and then called again on the Big Five permanent members to try to iron out the deadlock before their next meeting, scheduled for March 24.

**How They Voted**  
In the drawn-out maneuvering over a successor for Trygve Lie, which promises to continue for some time, only Lebanon was said to have voted with Mrs. Pandit. Eight nations, including the United States reportedly abstained and Nationalist China, it was indicated, cast the one vote against her.

India's petite, grey-haired chief delegate, still in the running despite Thursday's defeat, has insisted she would take the \$40,000-a-year job only if everyone agrees on her. Her Indian colleagues indicate she would prefer not to be tagged as the candidate of either Russia or the West.

Besides Mrs. Pandit, the five big powers—Britain, the United States, France, Russia and Nationalist China—have discussed at least 11 other possible candidates. Three—Canada's Lester B. Pearson, Carlos B. Romulo of the Philippines and Polish Foreign Minister Stanislaw Szasowski—were turned down in fruitless council voting last Friday.

The Big Five set a date for their next hurdle before the next full council meeting Tuesday. That session comes two days before the scheduled return to the UN of Russia's Andrei Y. Vishinsky from major policy talks in Moscow with the new post-Stalin regime of Prime Minister Georgi M. Malenkov.

## Two Andrews Men Take Soil Duties

Supervisors of the newly-formed Zones 2 and 3 of the reorganized Gaines-Andrews Soil Conservation District are H. J. Doty and Gordon Cox of Andrews, as the result of a recent landowner election. SCS offices here reported Friday. They will serve with the three members of the original board from the Gaines County portion of the district. Andrews County was annexed recently to the Gaines district.

Soil conservation district supervisors are elected by landowners operating a farm or ranch in the respective zones. They serve a term of five years—during which they assist farmers and ranchers in applying sound soil and water conservation on their land. Technical assistance in doing this job is given by the Soil Conservation Service. Educational and other kinds of help are obtained from other local, state and federal agencies, of private sources.

## Piano School Slates Opening In April

Mrs. H. V. Fitzgerald, Jr., who formerly taught piano at Marion College, announced plans Friday to open a piano school in her home at 401 East Oak Street. The opening is slated for April.

Mrs. Fitzgerald was a graduate from Virginia Intermont College where she majored in piano. She received her BA degree in music from Hollins College in Roanoke, Va.

# Taft Calls For New Survey Of Nation's Military Needs

WASHINGTON—(AP)—Senator Taft (R-Ohio) called Friday for a fresh survey of U. S. military needs in the light of President Eisenhower's assertion that the nation can't slow its combat strength buildup.

The Ohioan, the Senate's Republican leader, said in an interview he believes little can be done immediately toward altering the military program outlined by former President Truman in his \$46,000,000,000 budget request.

But Taft said he thinks a complete resurvey by the new Administration of overall armed services requirements is in order. He indicated this should go far beyond present efforts to rejuggle the Truman program.

"I think we have got to look at the whole picture and see what needs to be done," he observed. Representative Short (R-Mo) said tighter management could cut billions of dollars from defense costs—the only way, he said, to reduce expenditures without impairing preparedness.

**Better Long-Range Planning**  
Short, chairman of the House Armed Services Committee, said in a separate interview the solution is to "squeeze the water" out of defense spending by tighter supervision and better long-range planning.

"The measure of strength," he said, "is not how many billions of dollars you spend but how many armed and trained divisions you have ready."

Short said "vast savings" could be made by better management of military procurement and by standardizing the items used commonly by all services.

Taft said he believes overhead or administrative economies suggested by Eisenhower at a White House news conference Thursday can account for some sizeable savings. The President said the nation could not reduce its combat strength, and that he was trying to get adequate defense for fewer dollars.

Some other legislators doubted that enough administrative reductions will be found to balance a budget Truman predicted would take the country almost \$10,000,000,000 further into the red in the year beginning July 1.

**Young, Gore Disagree**  
Senator Young (R-ND), an Appropriations Committee member, said he doubts that even severe trimming in administrative costs will yield enough economy.

"Until we get more military assistance from other free nations, we're stuck with a high level of expenditures," he said.

Senator Gore (D-Tenn) guessed that no more than a billion dollars might be cut off military overhead. But he added that no President in his lifetime "has been better qualified to cut the frill and fancy from the military than Eisenhower."

Gore said he interpreted Eisenhower's statements as endorsing the military buildup proposed by Truman.

Senator McNamara (D-Okla) said he would like to see administrative costs reduced but he said Eisenhower Administration hasn't shown any signs yet of "knowing where to cut."

Senator Millikin (R-Colo) said he agrees with Eisenhower that this country must build toward sufficient military strength. But he said he thinks "there can be sufficient reduction in military overhead to balance the budget."

Chairman Taft (R-NY) of the House Appropriations Committee said "there's not a chance in the world" the big defense spending bills can be brought to the House floor before May 25.

And it will be June, he added, before the foreign aid appropriation is ready for a vote.

This raised a prospect that floor action will be delayed similarly on a tax trimming bill being urged by Chairman Reed (R-NY) of the Ways and Means Committee. Reed's bill would advance by six months—from December 31 to June 30—a 10 per cent rate scheduled in personal income tax rates.

Any further delay in action on Reed's bill would add new fire to the feud between him and Republican leaders, including President Eisenhower, over the legislation.

Reed charged, in effect, that Eisenhower and others who oppose early tax cut action are betraying their campaign pledges.

Eisenhower told a news conference several weeks ago he never promised early tax cuts but had set tax reduction as a goal for his Administration.

Reed yielded Thursday on one point. He said he will have to await a decision by the House Rules Committee on bringing his bill to the House floor, with amendments prohibited there. Earlier he had announced he would use his privilege as ways and means chairman to force his bill to the floor by April 15—but it would then be wide open to amendments.

Eisenhower told his news conference Thursday he doesn't want to lose any tax revenue this year. A stand Senate Republican Leader Taft has taken against Reed's bill and some House efforts to let the excess business profits tax die June 30.

# Bills On Appropriations May Delay Action On Tax Relief

WASHINGTON—(AP)—House leaders indicated Friday delays in writing appropriation bills may postpone floor action on tax cuts several months.

Chairman Taft (R-NY) of the House Appropriations Committee said "there's not a chance in the world" the big defense spending bills can be brought to the House floor before May 25.

And it will be June, he added, before the foreign aid appropriation is ready for a vote.

# Extensive Phone, Teletype 'Net' Planned By Phillips

The Federal Communications Commission has approved the purchase of the Phillips Petroleum Company's private wire communication facilities by two operating units of the Bell Telephone System and the General Telephone Company of the Southwest, Southwest Bell Telephone Company announced Friday.

The approval was based on an application filed jointly by the Southwest Bell Telephone Company, Long Lines and General Telephone. Under terms of an agreement outlined in the application, the telephone companies would purchase approximately 10,000 miles of circuits and 1,300 miles of pole line.

The telephone companies plan to supplement Phillips' facilities with their own to provide the petroleum company with a more expensive network of telephone and teletypewriter services.

The suggested network would connect Phillips' installations and offices in Arkansas, Illinois, Kansas, Missouri, New Mexico, Oklahoma, Texas, Idaho, Montana, Utah, Washington, Louisiana, Indiana, Colorado and Wyoming.

It would consist of a 75 circuit private line telephone system serving 56 pumping stations and offices in 22 cities, with additional circuits to connect field locations and remote offices. In all, 9,100 miles of private-line telephone circuits will be provided.

To permit fast written communications the announcement said, six private-line teletypewriter circuits serving 26 cities will be made available also. This 4,500-mile private teletypewriter system will be supplemented with teletypewriter exchange service.

"Flexibilities of the Bell System's nation-wide network of radio relay, cable and wire facilities will increase dependability by making it possible to reroute circuits in emergencies," a Bell System spokesman said.

# West Germans Okay European Army Pact

BONN, GERMANY—(AP)—Disarmed West Germany emerged Friday as the first nation to meet America's demand for "clear and visible" progress toward creation of a two million man European army to include German troops.

By the stable margin of 224-168, the Bundestag (lower house) of the West German Parliament finally approved the treaty Thursday night. Its companion Allied-Bonnet Peace Contract was okayed, 226-164. Although the treaties still face

stiff legislative and court tests in Germany, the Bundestag was the first European legislative chamber to act on the army pact authorizing recruitment of 500,000 Germans for service with the projected six-nation, one-uniform Western defense force.

The action laid down a clear challenge to other West European nations, especially France, to get on with ratification of the treaty in their own parliaments.

**Dulles Hails Action**  
In Washington, Secretary of State Dulles hailed the Bundestag's action as "a truly significant step forward." In a statement issued a few hours after the legislative balloting, the secretary said:

"There is now increasing likelihood that the European Defense Community will become a reality. Dulles had warned European leaders during his February tour of the continent that the American Congress might balk at voting big-scale funds for foreign military aid unless the army project gets rolling by April.

Under the companion pact—the peace contract—the Big Three Western powers renounce most of their postwar occupation rights and grant West Germany near sovereignty. Britain and the U. S. already have ratified this, leaving only France and West Germany to complete action.

In Paris, an official French spokesman was quick to point out that the army treaty "still has to go through the upper house of the German Parliament, where the vote will be a lot closer, and then through the German Supreme Court where Socialists are attacking the proposal as unconstitutional."

**Important Signal**  
The anti-rearmament Socialists claim the pact would alter the nation's Constitution and therefore require a two-thirds vote for parliamentary approval. The margin in the lower house balloting Thursday was little better than 57 per cent. The German Supreme Court

has said it won't rule on this point until after both houses ratify the treaty.

But Chancellor Konrad Adenauer declared the Bundestag vote "will be an important signal to other European partners to ratify the European Army Treaty." He hailed the legislative action as a "political event of first rate importance" and said:

"I am firmly convinced that hereby the whole work of European integration has taken a big step forward. I am convinced all partners will approve the European army pact—but naturally in the course of time."

The other partners in the projected defense force are France, Italy, Belgium, The Netherlands and Luxembourg.

Outside Germany, the big hurdle is France. Thrive invaded by Germany, the French fear rearming German soldiers and have stalled acting on the army treaty even though they first proposed the idea of a unified continental defense force.

## Lone Star Given Okay For Storage Plan In Clay Pool

WASHINGTON—(AP)—The Federal Commission issued a temporary certificate to Lone Star Gas Company, Dallas, for construction of pipe lines for storage of natural gas in the New York City Field in Clay County, Texas.

Estimated cost is \$1,144,617. Lone Star said it has available gas received from Oklahoma fields which cannot be used during the summer months and needs additional source of gas during the winter to meet estimated future peak-day requirements.

The temporary authority will expire July 1, 1954.

## Kansas Flooding Of Wells Increases As Output Climbs

TULSA—(AP)—Water flooding of oil wells in eastern Kansas during an 18-month period increased production there from 34 to 1,797 barrels daily, members of the American Petroleum Institute were told Friday.

J. D. Walters, Sunray, Tulsa, made the report at the final session of the Mid-Continent District meeting of the API's Production Division.

In less than four years, Walters said, the flooding project in the "Ankhauser Unit Greenwood County, Kan., recovered crude almost equal to that surfaced by primary production there is still nine times above normal, he declared.

# ROK Infantrymen Smash Red Sallies

SEOUL—(AP)—South Korean infantrymen hurled back two sharp attacks by some 100 Chinese on the muddy Western Korean front Friday—the 1,000th day of the stalemate struggle on this Asiatic peninsula.

The Eighth Army reported troops of the Republic of Korea First Division smashed assaults by more than two platoons of Communists in a driving rainstorm near Little Nori Hill, west-northwest of Yonchon.

The heavy rains—up to two inches in some sectors—and a thick haze covered the battlefield. Sporadic patrol clashes were reported on the central and eastern sectors.

Allied fighter-bombers for the second day were hampered in their blows against Communist troops and supply facilities. However, a few found holes in the clouds on the extreme western front and reported hitting a dozen trucks in the Haepi area.

At sea, the U. S. battleship Missouri blasted the long-beseiged east coast port of Wonsan Thursday.

has said it won't rule on this point until after both houses ratify the treaty.

But Chancellor Konrad Adenauer declared the Bundestag vote "will be an important signal to other European partners to ratify the European Army Treaty." He hailed the legislative action as a "political event of first rate importance" and said:

See, and it's great to be alive on a morning in the Spring! We'll have that preferred joyous feeling when we wake up to the birds' singing... The buds will soon be bursting and the flowers peeping thru.

Yes, let's forget our troubles for awhile—and hark to the song of Spring... for there's pleasure and fun in the warmth of the sun, eye, fishing and baseball and golf and tennis and swimming and just plain old walks in the friendly sun.

And if we may inject a slightly biased thought, amidst all this poetic bliss—be sure to capture all these joyous things by taking your camera with you wherever you go. Just remember that 'tho' mists grow dim and shadows fall, it's today's pictures that spread clear happiness across the year.

It's usually fun—whenever you do—in the Spring. So, catch it while you can, to enjoy whenever you please...

# SPORTS PARLEY

By CHARLEY ESKEW

The Midland Indians at last have word from Pitcher Freddie Rodriguez—a right-hander, of course—and the big Cuban is as much a problem on the hook as when the club could not locate him.

He says in explanation for being out of pocket that he played in the Mexican Winter Leagues. Only now he has returned home to Cuba, where he discovered, in surprise, that Joe Cambria, the Washington Senator scout, sold him to Class C. "I thought Joe was send me to the Senators."

It follows then that the rest of Rodriguez' letter to Midland goes into detail about his condition, his merits of pitch, etc.—most of all, the remuneration necessary for him to report to Midland.

Mark him down as a holdout for more cash—Class C should be so rich!

A couple of twists to the Bobby Dykes-Pierre Langlois middleweight battle at Dallas:

Jackie Blair, a popular lightweight, who is considered one of the best in Texas and a suitable foe at times for Willie Foy, waited years for hometown Dallas to schedule for fighting. And when it did, he returned from main events all over the country to be matched in the semi-final, kayoting unknown and outclassed Bobby Magoy of Mexico in three.

But, more still, Buddy Baggett, one-time ranked bantamweight of Dallas, waiting for the same much longer than young Blair. His only bit on the program preceded the bout. He worked as Langlois' sparring mate.

Houston, which attends a Dykes fight as well as his hometown San Antonio, failed to see the nationally televised bout. The TV station there committed itself to another program.

Of Midland boxing, the Optimist Club, which sponsors the local fight team, will make its presentation of trophies to last week's Invitational Tournament winners Tuesday at the club's noon luncheon.

novices Leroy Reeves, flyweight; Ronnie Krist, bantamweight; Travis Runyon, featherweight; Don Evans, lightweight; James Kemp of Monahan, welterweight; and Odell Northcutt of Odessa, middleweight, along with open battlers Buddy Mote of Odessa, flyweight; Bill Burns, bantamweight; Pat Morgan, featherweight; Don Curtis of Odessa, lightweight; Rex Maxwell of Odessa, welterweight; and James Brown of Odessa, heavyweight.

When the team again forms to fight (perhaps the TAAF in July next) it'll have John Poirier, Abilene Golden Gloves featherweight champ, again on its side. He fought here first this year, moved back to Breckenridge and boxed in the Abilene regional. He's home here now.

## Girls Sweep Net Matches, Boys Divide

The girls scored a complete sweep of six matches while the boys divided six with Andrews High School tennis teams here Thursday to give Midland's Bulldog team a 9-3 triumph over the Mustangs.

It was the fifth victory in the last six tries for MHS netters. The girls will try to make it an even-half-dozen victories within two weeks when they entertain a Crane girls team here Saturday afternoon.

Andrews, falling a second time to Midland, scored twice in boys doubles and once in singles. Mustangs Ronnie Huckabee and Randy Pendleton topped the No. 1 boys doubles, arranged as a three-out-of-five duel, from Jimmy Garvin and Johnny Godwin, 4-6, 6-4, 8-4, 6-1.

In the other boys doubles, Joe Thomas and Max Ragsdale put down Midland's Bill Vandeventer and Clayton Takom, 6-2, 10-12, 6-2. But Vandeventer came back to whip Bob Perry, 6-3, 6-4, in the top boys singles.

Andrews' other triumph, in singles, came when Ragsdale stopped John Galle, 6-2, 6-2, in the No. 2 match.

Midland wins in boys play were John McQuigan over Thams, 6-2, 6-1, and Charles Bleiker over Carl Penca, 6-2, 6-2.

Ellen DeChicchia, who has lost but once this year, won handily over Shirley Latham, 6-3, 6-2, to pace the girls.

Completing a singles sweep, Wanda Murray clipped Gerry Ford, 6-3, 6-3. Carolyn Paris beat Janie Dyer, 6-1, 6-1, and Donna Ingham bested Charlene McNeal, 6-2, 6-1.

Wanda Murray and Carolyn Paris then teamed to trounce the Dyer-McNeal couple of Andrews, 6-0, 6-1, and Janna Murray and Dot Black nudged the Ford-Latham pair, 6-4, 6-3.

After the Crans duel Saturday, Midland's next scheduled matches are at the Odessa tournament, March 27-28.

The bottom row, Larry Palmer, Terry Fuglaar, Bob Mace, Jimmy Hicks and Tom Spencer.

## Kiner Checks In Buc Camp To Sign Pact, Warm Up Bat

HAVANA—(AP)—Ralph Kiner finally has arrived at the Pittsburgh Pirates training camp after a long distance argument with General Manager Branch Rickey and is ready to take aim on another home run title.

Kiner arrived Thursday night from his Palm Springs, Calif., home and officially signs his new contract Friday, calling for a reported 20 per cent reduction of his \$50,000 salary in 1952.

The Pirate slugger will attempt to boost his batting average above the .344 he hit during the 1952 season. However, Kiner hit 27 home runs last year to tie Hank Sauer of Chicago for the National League title.

"I always aim at hitting 40 homers if I can," Kiner said. "Last year, I didn't make it. It seems to get tougher the longer you go along."

## Al Dark, Durocher At Dagger Points?

By GAYLE TALBOT

SAN FRANCISCO—(AP)—An argument is festering between Leo Durocher, who manages the New York Giants, and Alvin Dark, his infielder and team captain, which could lead to something really spectacular.

Unless it is straightened out soon, you'd could wake up some morning to learn that Dark, who recently signed a two-year contract for more than \$30,000 per season after a stubborn holdout, no longer is a member of the Giants. This is not fooling.

Durocher, who is working on a one-year contract himself, wants Dark to shift from shortstop to second base so Daryl Spencer, a great fielding rookie from Minneapolis, can be installed at short. Durocher said all winter that was his master plan.

Dark at least had implied that he would go along with it.

But up to this point in the exhibition schedule, he has shown no sign of cooperating with Leo. The dandy little manager is fed up to his teeth.

The blowoff came here. Durocher, who had been away two days with the Giants' second team, was told that Dark, in a losing game against the Cleveland Indians, continued to wave at ground balls and had shown no interest in cutting off throws from the outfield.

"Very interesting," Leo commented acidly. "Maybe a little fine here and there is what this ball club needs."

Leo was reminded that Dark is his team captain, and was asked if he would fine such a personality.

"You can bet I'll fine him if I think he isn't giving me all he's got," Durocher said. "He isn't any different from anybody else on this ball club. The reason I appointed him team captain was to give him a little added incentive."

Leo feels he has to make a change in his infield if the Giants are to overtake Brooklyn. He didn't win a fine individual performance by Jim Hovender, who canned 23 points.

## Peoria Snips Oilers, 61-57, In AAU Cage

DENVER—(AP)—Three Pacific Coast clubs and the defending Champion Peoria, Ill., Diesel Cats scrambled through to victory Thursday night in pressure-filled quarter-final games of the forty-sixth National AAU Basketball Tournament.

Friday night's semi-finals match the Cats against a crew of keep-away artists from San Diego, Calif., and the Cinderella team of Oregon collegians from Eugene against the silk-smooth Los Alamitos Naval Air Station team of Long Beach, Calif.

Peoria's Cats needed all the savvy they could muster to subdue the Houston, Ada Oilers, 61-57. The Oilers piled up a 10-point lead in the first and second quarters on sensational long distance shooting by Johnny Smith.

The fans got their biggest quarter-final thrill in Los Alamitos' 58-56 triumph over the U. S. Air Force champion from Sampson Air Force Base, Geneva, N. H.

Looking weary after their hard game Wednesday with Phillips, the Oregon team outlasted an undermanned Carbondale, Ill., team of former Southern Illinois University players, 70-52.

The San Diego team, representing Grisham Motors, turned back the Quantico, Va., Marines, 63-55, on a fine individual performance by Jim Hovender, who canned 23 points.

## Eagles Extend Win String To Five In Texas Exhibitions

By The Associated Press

Fort Worth, idle Friday, took a 9-5 decision over the Memphis Chickens of the Southern Association in a game at Vero Beach, Fla.

Runless stunts by Rudy Paynick and Pete Mondorff, who hurled three innings each for the Cats, helped the Fort Worth cause along.

Dallas' victory at Port Arthur featured the slick work of stocky little Bob Bundy, fancy-fielding second baseman, who paced the Eagles with three hits and three RBI's in four times at bat.

Friday's games pit Beaumont against Dallas at Port Arthur; Houston against Oklahoma City at Galveston; Shreveport against Tulsa at Alexandria, La., and San Antonio against Little Rock at Lakeland, Fla.

## Odessans Erase Bulldog Lead, 5-4

ODESSA—The first baseball game for Midland High since 1949 went into the record books here Thursday as one with good pitching and a good start—but at the talent of the game Odessa came from behind to win, 5-4.

Midland zoomed ahead, 3-0, through its first at bat, then saw the lead crumble as Odessa's Bronchos made the most of Midland errors in four different innings to win eventually with a two-run outburst in the fifth frame.

Pitcher Snookie Roberts worked the first three innings for Midland, to see his one-hit performance sport but a 4-3 lead, Boyce McKnight, finishing up the seven-inning game, yielded two hits, and lost.

Jimmy Jackson started the winning Odessa rally in the fifth with a single; Ken Wineburg got on also, hit by a pitch. They moved along the paths on Catcher Jesse Hatfield's overthrow to the mound with Jackson tallying on a fielder's choice. Louie Ray then doubled in the eventual winning run.

Midland's first frame was the biggest and Billy Kiser provided the punch. First off, Hatfield singled, then Gwen Grisham and Walt Bingham walked to load the bases.

Kiser's base clearing double came after two other Midlanders fanned trying to score the runners.

Odessa evened the count in the third inning after adding single runs in each frame with the help of errors.

Midland scored last in the fourth as Gerald Holt singled, stole second and third bases and ran home on a double steal.

Gerald Stone hurled the first five frames for Odessa, yielding five of the six Midland hits.

## Major League Nines Set Clashes In West Texas During April

Midland baseball fans willing to go the 325 miles can see four major league baseball clubs within two days two weeks from now.

The four teams are American League units Cleveland and St. Louis and National League Chicago and New York. They enter Texas about the same time with this schedule for nearby cities:

The Chicago Cubs and the St. Louis Browns square off in Alpine's Kokernot Park on April 2 and a day later Cleveland's Indians and the New York Giants contend in Lubbock's West Texas-Mexico League park.

About 7,000 will attend the game at Alpine, 200 miles from here. Some 5,000 are due in the cramped Hubber Park, 125 miles from here.

## WANT SEABIRDS, NOT BLACKBIRDS

JACKSONVILLE BEACH, Fla.—Plans to give negro baseball players a chance to try out for the Jacksonville Beach Seabirds were cancelled after a citizens protest meeting Thursday.

There were violent protests from "a crowd of men representing city government, Chamber of Commerce, the American Legion and other veterans organizations," said Fred Schilling, business manager of the team in the Class D Florida State League.

# 18 Midlanders Vie In Odessa Cinder Events

ODESSA—At least 18 Midland High track and field men were entered here Friday as the first events—mostly schoolboy preliminaries—of the two-day West Texas Relays got underway.

Only one finals event, the pole vault, was slated at the 1 p.m. starting time Friday. Terry Fuglaar and Larry Palmer carried the Bulldogs' hopes in that event.

The 100-yard dash, shot put, sprint medley relay, broad jump, 180-yard low hurdles, high jump finals, 440-yard relay, discus, mile run, 880-yard relay and mile relay round out Friday's card that will be completed around 4:45 p.m.

Saturday's events throw in three other divisions—college, junior college-freshmen and university—beginning at 8 a.m. in the morning session and 1 p.m. for the finals in the afternoon.

Amarillo was a favorite for the high school team title, ACC for the college crown, the Texas freshmen in the JC-fresh group and the University of Texas in the university division.

A heralded duel between Buddy Goodie of SMU and Charley Thomas of Texas in Saturday's feature—the mile relay, the hurdles and possibly the sprint medley. The Bulldog quartet of Bob Keisling, Dale Jobe, Roddy Braun and Roy Kinsey already have one championship behind them after running a 3:32.6 in the mile relay at Laredo last week. By knocking four seconds off that time, the Midlanders could wrap up a new relay's record here.

Midland's entry early Friday also listed these performers: Lionel Crisp, Lee Wood, Orman Hubbard, Dave Moody, Paul Moran, Bob Mace, Tommy Spencer, Jimmy Hicks, Bill Mims, Kenneth Schrum, Keys Curry and Jimmy Watson.

There are a record of 235 athletes from 37 schools entered in the meet, by far the largest of the events' 10 years of existence.

The Texas Longhorns, with a grand array of sprint talent, was an odds-on favorite in the university class over Southern Methodist, Baylor, Texas Tech, Texas Christian, and the University of Houston.

## Bulldog Golf Team Tees Off For Share Of Laurels In Relays

Midland High's golfers, coached by Audrey Gill, moved against the West Texas Relays' classiest field at 12:45 p.m. Friday after completing a nip-and-tuck local playoff for team spots here the day before.

Marcelino Moreno became the No. 1 Bulldog team member as he posted a 147, three-over-par, through the 36-hole medal play at Midland Country Club.

Lee Sneed finished second with 155, Waide Leggett with 147 and Dick McHargue with 148, completing the first team. Buzzy Bray became first alternate with a 171 score.

Midland vies against 15 foes Friday over 18 of the 36-hole schoolboy meet at Odessa. The finals half of the medal play meet gets underway Saturday.

Those entered at Odessa are Amarillo, the favorite; Andrews, El Paso Austin, El Paso Bowie, El Paso High, El Paso Jefferson, Midland, Odessa, Pampa, Plainview, San Angelo, Big Spring, Lamesa, Kermit and Berger.

# TRAINING CAMP NOTES— Dykes Yells, Loses Again

WEST PALM BEACH, FLA. —(AP)—Jimmy Dykes, whose arguments-

## Indians May Or May Not Face Iz Ten

WICHITA FALLS — Will Midland have to face the 1953 pitching ace, Izal Ten, when the Indians tackle Wichita Falls of the Big State League in exhibition games April 11 and 12?

While Midland wants to know the answer, so does Wichita Falls. The little veteran who won 22 and lost nine in the Longhorn League still was missing Friday although the Spudders, who own him, have been in training since Monday.

No one has reported the whereabouts of the little Puerto Rican, and he may or may not be in camp for the Midland games.

## Man Discovers Wealth In Downtown Office

Joe S. Doakes discovered a wealth of free information in the Chamber of Commerce office in the Chamber day. Delbert Downing gave him a copy of "Gardening In Midland," and Joe found that if he follows the advice in this free booklet, that deals entirely with local problems that he is going to conserve, not only himself, but his pet!

Joe told us about it, and we got a copy. It's good. Since one of our interests in lawn-mowers, we would like to call your attention to page 18, where it says, "White Stems, developed over a lawn after mowing, are caused by a dull mower. In addition to making an unsightly lawn, it is extremely harmful to the grass." There is more, but this gives you the idea.

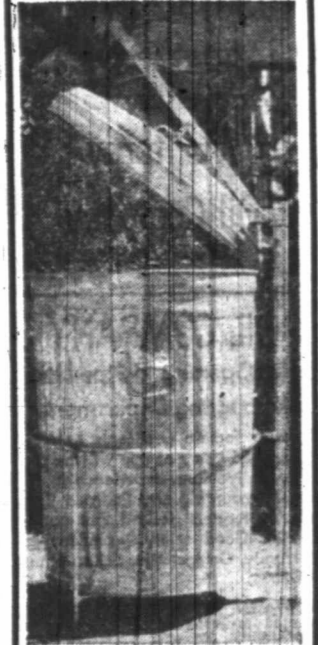

We've time to get your mower sharp and in tip-top condition, before the rush. Phone us.

# UT Mermen Move Ahead In SW Swim

HOUSTON —(AP)— Texas had an unexpected lead Friday in the 1953 Southwest Conference swimming meet after Charlton Hadden set a new 1,500-yard swim mark Thursday night.

The Longhorn tankmen took their 18-4 lead over favored Southern Methodist with the first three places and fifth place in the night's single event.

Hadden's mark of 30:00.8 broke the old mark, 30:25.8, set by Arnie Amerine of SMU in 1950.

Preliminaries were on tap Friday in one-meter diving, 50-yard free style, 200-yard back stroke, 400-yard free style relay, with finals in these events Friday night.

Places Thursday night included second by Albert Yriart, Texas, 21:16.7.

Other placing were Eddie Humphreys, Texas, third, 21:23.0; Jack McComb, SMU, fourth, 22:00.6; Bobby Timmins, Texas, fifth, 22:09.6; and George Dill, SMU, 22:09.8.

No player on the Boston Braves roster makes his home in the city of Boston.

# Office Hours For Pitchers Stretch As Season Arrives

By The Associated Press  
Any day now a major league pitcher is going to work nine innings against major league opposition—then you'll know opening day of the baseball season is near.

Robin Roberts of the Philadelphia Phillies went eight-ninths of the way Thursday. Wilmer (Vinegar Bend) Mizell of the St. Louis Cardinals stopped after six.

Roberts generally is regarded as the best in the business but Thursday wasn't one of his better days. Telling against his Philadelphia neighbors, the Athletics, the right-hander was cuffed solidly for nine hits including three home runs.

Mizell, a sophomore left hander, didn't fare as well as Roberts. The New York Yankees collected six hits and two walks in the six innings, good for three runs, while Wilmer struck out two. The Yankees won, 3-1.

So far only Johnny Lindell of the Pittsburgh Pirates has pitched a full nine innings this Spring but his came against grade B opposition in the form of the Cuban All-Stars.

A pinch hit home run by rookie outfielder Paul Schramka contributed to a one-sided triumph by the Cubs over the White Sox in the all-Chicago series at Pasadena, Calif. The Cubs walloped Tommy Byrne for nine runs in the first four in-

nings and finally won, 11-3.

The Braves, starting their first game under the Milwaukee banner, dropped a 4-3 decision to their opening day opponents, the Cincinnati Reds.

Frank Carswell, the International League batting champion last year, homered in the ninth inning to give the Detroit Tigers a 9-8 triumph over the Boston Red Sox, their first victory of the Spring season against American League opposition.

The St. Louis Browns split their squad for two games against Pacific Coast League clubs and lost both of them. The "A" team stumbled, 4-3, at San Diego, and the "B" outfit was smothered, 14-7, by Seattle.

Preacher Roe allowed one unearned run in six innings, his longest stretch of the training season, as Brooklyn whipped Washington, 4-1, in a night game at Miami.

Jackie Brown and Ed Wolfe, a pair of Pittsburgh rookies, shut out the Cuban All-Stars on three hits at Havana, 6-0.

# Colts, Oilers, Indians Ready For Spring Baseball Drills

San Angelo's Colts initiate Spring baseball training Saturday and within three days the biggest part of the Longhorn League will be ready for the 1953 season.

Two New Mexico clubs, Artesia and Carlsbad, opened drills Tuesday. By Monday, both Midland and Odessa will be working out.

That will leave Big Spring, Lamesa and Roswell to take up training April 1.

When San Angelo starts work at home Saturday, the first contingent of players reporting will be battery members—pitchers and catchers, about nine strong, to shape up for the main deluge of players March 25.

New Colt Manager Rudy Briner expects these pitchers on hand Saturday, Lou Lozano, Ben Bonine, Jim Callahan, Truman Jones, Vincent Zarda, Bobby Gregg and Parks Thomas. Jones, Bonine and Zarda are rookies while Callahan was bought from Lubbock.

Lozano and Thomas are returnees while Gregg is a discharged serviceman who played in San Angelo in 1950.

Rookie Catchers  
The hurlers will have Ted Jones and Tom Ellington, rookies, as receivers during the early drills.

As the club begins exercises, John Carleton, business manager, leaves for Florida Saturday on an extensive search for more talent for San Angelo. He probably will return just after early infield and outfielders report next week.

Those who have indicated they'd be on time for the March 25 training are Charles Galina, Victor Garcia, Andres Morales, John Margarin, John Jeandon, Dick Stone, Jesse Serrano, Glen Burnes, Harold Bateman, Ray Garza and Steve Follett.

Most of them are 1953 Colts, excepting, chiefly, Serrano from Hannibal, Mo., Bateman from Fort Smith, Ark., and Garcia from Lamesa.

Those players still holding out are Pitchers Clarence Tinkler and Cotton Russell, Outfielder Ken Kowalik and Infielder George Hayes.

A negro player, Curtis Tate, who signed Wednesday, also will join the club next week.

Odessa moves its camp to Cotulla Sunday and hopes to get its first training underway Monday, a day later than scheduled.

A. D. Ensey, Odessa business manager, said Friday that Manager Pepper Martin would drive the team bus from home to camp Sunday morning and there meet seven more players who have been working out with Corpus Christi.

Ensey said about 30 were expected at Cotulla in the first group. The seven at Corpus Christi are returning service men Al Sokolowski and Jim Carson, pitchers, and Gerald Fuqua, up from Chickasha, Okla., rookies Norman Childress, Charles Craig and James Chaney and veteran Floyd Martin.

Martin played with Midland in 1952.

The lineup arriving by bus at Cotulla will probably include Charles Weber, Raul Dieppa, Wayne Baccson, Marion Treadway, Roberto Rabian, rookie Daniel Bustament, rookie Charles Berry and Pitcher Fred Parker, Charles Fere and James Boyd.

Wes Cris, returning pitcher, is being held up in Mexico until he is cleared by McCarran Immigration law officials.

### Mossadegh Rejects Latest British Bid To End Oil Dispute

TEHRAN, IRAQ (AP)—Premier Mohammad Mossadegh rejected Britain's month-old latest proposal for settlement of the British-Iranian oil controversy Friday but coupled his turn-down with a hope the two nations would renew diplomatic relations.

Elated with the recent Italian court victory over the British-owned Anglo-Iranian Oil Company (AIOC), Mossadegh said in a radio address he believed his government now could sell enough oil abroad to operate the Abadan Refinery at full capacity—17,500,000 gallons of petroleum products daily.

Although he offered no counterproposal, the aged Nationalist premier insisted he was leaving the door open for further negotiations in the dispute over compensation to the AIOC for Iran's nationalization of its vast properties in the country.

### Southern Farmers Turn Cold Shoulder To Cotton Cul Plea

WASHINGTON —(AP)— An Agriculture Department survey indicated Friday Southern farmers do not plan to go along with a government appeal for an 18 per cent cut in cotton plantings to stave off a surplus problem.

The department gave no forecast on this year's cotton acreage. But it estimated one per cent more land will be put to all crops and its forecasts for crops other than cotton clearly indicated plantings of the latter would be about as large as last year.

Farm law prohibits official cotton acreage and production forecasts before July 1. The theory is that earlier forecasts would help buyers and hurt growers.

Secretary Benson has cautioned cotton farmers that if they fail to reduce plantings, they will face prospects of rigid production and marketing quotas in 1954.

**HIGH WORK FOR HIGH 'C'**—“Steeplejill” Frances de Souza, at left, points to the clock which she has just finished cleaning atop the 300-foot campanile on the campus of the University of California, at Berkeley. At right, Frances is busy cleaning the hands of the clock. One of the few woman “steeplejills” in the nation, she hopes someday to reach high “C” in opera, and finances her studies with her earnings.

### Permian Basin Oil And Gas Log—

(Continued from Page One)  
12,205 feet, datum point minus 9,578 feet.

The test already has indicated as a gas-distillate producer in the Devonian.

Location is at the center of the northeast quarter of section 2, block 58, University Land survey.

### Humble Completes Canyon Producer In Gaines Sector

Humble Oil & Refining Company No. 3 Jenkins has been completed as a natural Canyon Reef producer in the Jenkins, North (multipay) field of Southwest Gaines County.

The project was finalized for a daily flow of 214 barrels of oil through a 14/64-inch choke and perforations at 8,934-954 feet and 8,974-8,992 feet. Choke size was not reported.

Gas-oil ratio was 184-1 and tubing pressure 175 pounds. Location is 660 feet from north and 3,800 feet from east lines of section 10, block AX, pal survey and 14 miles southwest of Seminole.

### Gas Flow Gauged At Humble Tester In SW Schleicher

Humble Oil & Refining Company No. 1 Spencer, indicated gas discovery from the Strawn in Southwest Schleicher County, was flowing test at the rate of 900,000 cubic feet of gas daily.

Production is coming through perforations at 6,736-6,870 feet. Pay had been added with 1,000 gallons.

Location is 1,980 feet from north and 660 feet from east lines of section 176, block A HE&WT survey.

### Sandor To Install Pump At Prospect In Crockett Area

Sandor Petroleum Company of Abilene is preparing to install pump at No. 2 Bouscaren, indicated second Strawn producer in the Noelke gas area of West Crockett County.

The test was drilled to 7,290 feet in bare Ellenburger by M&M Production Company and later plugged back and completed as a small Clear Fork discovery in pay topped at 3,938 feet.

Sandor recently re-entered the project and drilled out to 4,810 feet. Perforations from 4,402 to 4,418 feet opposite the Strawn has yielded an estimated 70 to 80 barrels of oil daily on the swab.

Location is in section 29, block GG, HE&WT survey.

### Norsworthy Stakes 5,000-Foot Wildcat In Schleicher Area

C. L. Norsworthy, Jr., of Dallas spotted location for a 5,000-foot rotary wildcat in Central-East Schleicher County, two and one-half miles southwest of Carter and Carter No. 2. J. F. Webster, recently completed gas-distillate discovery from the Ellenburger.

The new project will be drilled as No. 1 Virgil Powell, 660 feet from north and east lines of section 21, block A and 24 miles due east of Eldorado.

Operations are to start at once.

### E-C Lea Wildcat Is Flowing Oil From Pennsylvania Zone

Lawton Oil Corporation No. 1-L State-Sinclair, wildcat in East-Central Lea County, flowed 282.56 barrels of oil in 21 hours through a one-quarter choke and Pennsylvania perforations from 11,430 to 11,488 feet.

Testing is continuing. Location is 660 feet from north and east lines of section 30-16-306

### Two Missing Victims Of Bomber Crash Spur Searching Operations

ST. JOHN'S, NEWFOUNDLAND —(AP)— Search continued Friday for the bodies of two missing victims of a U. S. bomber crash on Newfoundland's isolated East Coast as rescue parties waited clearing weather to bring out the remains of 21 known dead.

Their burned-out plane was one of two American bombers downed Wednesday in Newfoundland with a possible toll of 33 lives.

Twenty-three of the men were aboard a huge 10-engine B-24 that smashed into a hill in rugged, heavily-timbered country about 50 miles north of St. John's. The other 10 were crewmen of a B-29 Superfortress from which wreckage was found floating in the water of St. George's Bay with no sign of survivors.

One of the victims was identified as Brig. Gen. Richard E. Ellsworth, 41, commanding officer of the Rapid City, S. D., Air Force Base.

### Fire Razes Food Storage Building At Amarillo Base

AMARILLO —(AP)— Ruins of the AFB Cold Storage Building still smoldered Friday after fire Thursday night destroyed tons of food-stuff.

The fire that swept the mammoth building stocked with 10 days of rations for the base was fought by more than 3,000 airmen in addition to the regular fire fighters and equipment.

Another 10 tons of food was saved from the World War II building.

There were no injuries. Damage to the building was estimated by base officials at \$200,000, but there was no estimate of the value of the food lost.

### Three To Attend Law Conference

Three Midland law enforcement officials will go to Austin Monday to attend a two-day law enforcement conference called by Attorney General John Ben Shepperd.

They are District Judge R. W. (Bob) Hamilton, Sheriff Ed Darnell and County Attorney Reagan Legg. They will be accompanied by District Attorney Warren Burnett of Odessa.

### GOMEZ FROWNS ON HEADWORK

SAN ANTONIO —(AP)— Patrolman Charles Gomez jelled a man here Thursday night for beating the bass drum in a tavern with his head.

The band leader who owned the drum objected, Gomez said, but the amateur musician “only beat the harder.”

The amateur drummer was jailed on drunk charges.

### Bill Gives Shivers Power To Cut Parr's South Texas Power

AUSTIN —(AP)— The 79th Judicial District would be eliminated by a bill introduced by Rep. B. H. Dewey, Jr., Bryan, and would give Governor Shivers an opportunity to appoint the judge of a new district for Jim Wells, Duval, Brooks and Starr Counties.

A bitter fight between the powerful George Parr faction and a minority anti-Parr group has kept the district politically upset for years.

Dewey's bill would create a new 143rd District made up of the same four counties. This would allow Shivers, who has been sympathetic to the anti-Parr movement, to name a new judge.

A Jim Wells County grand jury has accused Judge C. Woodrow Laughlin, whom Parr supported for election, of placing “stumbling blocks” in the path of their recent investigations. Laughlin said the charge was just “more politics.”

Shivers and Attorney General John Ben Shepperd conferred privately with the grand jury here last week.

### Death Count Soars As Rescuers Probe Earthquake Debris

BALIKESIR, TURKEY —(AP)— Rescue workers dragged additional bodies of earthquake victims from the debris of villages and towns in Western Turkey Friday. The official death count thus far in Wednesday night's disaster stands at 455 but unofficial estimates say the total will reach 1,000.

Army, Red Crescent (Red Cross) and civilian volunteers gave aid to more than 1,000 injured and 15,000 homeless in the rich farming and mining region southwest of Istanbul and across the Sea of Marmara from that big port. Between 3,000 and 4,000 homes were destroyed or damaged.

Yenice, a farm community of 5,000, was the center of the quake. Interim Ministry figures listed 400 dead there and 35 more at nearby Gonen, a town of 12,000 population.

Turkish newspapers estimated the dead at Yenice at from 300 to almost 2,000.

Hospitals were jammed. Hastily improvised first aid facilities were set up. President Celal Bayar, Prime Minister Adnan Menderes and other top government officials toured the disaster area.

### Odessa Truck Driver Charged In Stanton Crash Free On Bail

STANTON — Lee Odell, Odessa truck driver charged with negligent homicide here in connection with the highway deaths of three Midlanders Tuesday night, was released Wednesday on \$2,500 bond.

Mrs. James Cantrell, 21, a daughter, Joyce Maxine, three, and Louis Butra, 22, a cousin of her husband, died instantly when their auto collided with a truck driven by Odell.

The charges were reduced in the justice court of Martin Gibson, according to Sheriff Dan Saunders. Two Midland sureties made his bond.

Another daughter of the Cantrells, Jackie Lee, 15 months old, is reported to be “doing good” in Martin County Hospital.

The accident occurred north of Stanton.

Funeral services for the victims were held Friday in Lamona under the direction of the Higginbotham Funeral Home with interment in Lamona Memorial Park.
