## Wolfcamp Flows Oil At Conoco's Wildcat In C-E Andrews

Continental Oil Company No. 1 McCollum & Weibusch, East-Central Andrews County wildcat, five miles southeast of the town of Andrews, flowed oil at the rate of 26 barrels per hour in a drillstem test in the Wolfcamp-Permian lime at 8,890-8,792 feet.

It developed considerable free oil on a subsequent test at 8,792-8,876 feet, but did not flow while the tool was open.

The prospect is now taking a drillstem test at 8,875-8,978 feet. The samples from that interval had shown some signs of oil and gas.

**No shows in Test**  
The first test in the Wolfcamp at this wildcat was on the section at 8,489-8,623 feet. The tool was open 30 minutes.

Recovery was 30 feet of drilling mud with no shows of oil or gas. The section at 8,696-8,716 feet was tested for two hours. Recovery was 420 feet of heavily oil and gas cut drilling mud.

The flowing oil came during a three hour and five minute drillstem test at 8,890-8,792 feet. Gas surfaced in eight minutes and oil came to the top in one hour and 25 minutes.

**Cleaned To Pits**  
The oil was flowed to pits for 40 minutes to clean and it was then turned to tanks for one hour and it was during that period that the 26-barrel per hour flow was gauged.

The fluid left in the drill pipe after that flow was reversed out and there was no report of the recovery. The fourth drillstem test was run at 8,792-8,876 feet. The tester was open two and one-half hours. Gas came to the surface in eight minutes. There was no gauge or estimate on the gas volume.

Recovery was 1,000 feet of heavily oil and gas cut drilling mud and 4,922 feet of 39-gravity oil. No formation water was developed.

**Testing Again**  
The project then deepened to 8,978 feet and is now testing the zone at 8,876-8,978 feet.

Location is 1,980 feet from north and east lines of section 24, block A-44, psi survey.

The wildcat started out under a contract to go to 13,500 feet or a test of the Ellenburger at a lesser depth. It is to continue drilling until that objective is reached.

## Texas Gulf Will Drill Wildcat In SE Crosby Area

Texas Gulf Producing Company filed application with the Railroad Commission of Texas requesting permission to start drilling by May 4 on an 8,600-foot wildcat in extreme Southeast Crosby County.

It will be drilled as No. 1 Henson, 660 feet from south and east lines of the southwest quarter of section 83, block 2, H&GN survey.

It is 18 miles southeast of the town of Crosbyton and one mile north of the north line of Garza County.

## Central Yoakum Discovery Finished In San Andres Pay

Low Production Company, (H. L. Lowe) of Lubbock, has completed its No. 1-L Webb, Central Yoakum County wildcat as a small pumping discovery from the San Andres-Permian lime.

It is one mile south and two miles west of the town of Plains and it is two miles east of the Brahney field and two miles north of the West field, both of which get their petroleum from the San Andres.

Low No. 1-L Webb pumped 24.82 barrels of 31-gravity oil and no water on the completion test in 24 hours. The gas volume was too small to measure. The production came from pay in the San Andres at 5,314-18 feet in open hole. The 5 1/2-inch casing is cemented at 5,283 feet. Total depth is 5,318 feet.

Location is 60 feet from north and west lines of section 477, block D, John H. Gibson survey.

## Brill Gets Shows In Ellenburger At NE Ector Wildcat

V. A. Brill of Midland and Houston and associates No. 1-A David Fasken, Northeast Ector County wildcat, one and one-quarter miles northwest of the Mac Boring multiple Wolfcamp field has found a little free oil in the top of the Ellenburger.

It is coring deeper. Corrected top of the Ellenburger has been picked to be at 13,508 feet. It had previously been picked to be at 13,425 feet. Derrick floor elevation is 3,918 feet. The first drillstem test in the Ellenburger was at 13,515-13,546 (Continued On Page 4)

## County Clears Way For Start On Underpass

Midland County prepared Tuesday to turn \$188,000 worth of right-of-way and \$447,900 in cash over to the State Highway Department for the construction of the Big Spring Street Underpass.

The final details were ironed out Monday afternoon at a meeting of county commissioners, who approved payment for the final piece of right-of-way and authorized the depositing of the cash with the state agency.

The \$447,900 represents the community's share of the cost of the project and includes \$25,000 to be contributed by the Texas and Pacific Railway Company.

County Judge Clifford C. Keith reported with the acquisition of the last needed piece of right-of-way that it all had cost a total of \$188,626.

At the same time the county authorized the payment, it approved a contract with the City of Midland which, technically, is the participating agency with the state in the construction of the underpass, although it is the county which is footing the bill.

**\$2,750,000 Program**  
The construction of the underpass which probably will be started shortly after the late June contract lettings of the State Highway Department, marks the end of a comprehensive road improvements program in the county which has cost \$2,750,000.

In reporting on the expenditure of the \$2,750,000 in bonds voted at several special elections, Judge Keith listed a breakdown of the various costs.

The biggest project, of course, was the widening and paving of North Front Street, at a total cost of \$928,523 to the county, to provide an alternate route for busy U. S. Highway 90 through Midland.

A huge storm sewer, which preceded the actual construction of the highway, was installed at a cost of \$864,347 after an additional \$64,176 had been spent on acquiring necessary right of way.

Then the county spent \$607,737 in acquiring right-of-way for the Front Street project itself, while the state financed the actual highway construction work.

Another sizeable project was the construction of the Spraberry Loop, a paved highway which made the oil fields south of the city easily accessible over modern roads.

Right-of-way for the 26-mile highway, which connects the Garden City Highway with the Rankin Highway cost \$36,131 while fencing costs totaled \$25,192. Actual construction of the highway, financed by the county, cost \$525,035. This figure includes a six-mile road from the Spraberry Loop south to Midkiff.

## Dallas Architects Get Pecos Contract

PECOS—The Reeves County Commissioners Court late Monday selected the Dallas firm of Buford and Feinberg as the architect for the new Reeves County Hospital to be erected in Pecos.

A \$400,000 bond issue to finance the construction of the hospital has been approved by voters of the county.

Preliminary planning will be started immediately and construction is expected to be underway late this year, a spokesman for the architectural firm said.

## Look Around Your House

What soap do you use? What car do you own? What breakfast food do you buy? Advertising introduced you to those "favorites." You certainly would not have bought them—if you never had heard of them.

But, all advertisers know they must make good on quality to survive and prosper. When we advertise we put it down in black and white. Now, what we want to know is: How can we improve this service to you?

Tell us through your participation in the Community Survey. **CASH AWARDS, FOR BEING HELPFUL, TO READERS WHOSE OPINIONS ARE NEAREST TO WHAT THE MOST READERS DECIDE ARE BEST!**

**'LOAFIN' AROUND**—Freeman F. Gosden, Sr., best known as Amos of Amos 'n Andy, is shown, left, with Eddie Chiles of Midland as he starts a week-long vacation here. Gosden is the father of Freeman F. Gosden, Jr., Midland oil operator.

## Radio Personality Envisions Midland As Golfing Center

By BOB GALLAWAY  
Reporter-Telegram Staff  
One of radio's best loved personalities, Freeman F. Gosden, Sr., is "just loafin' around" Midland this week. But he's not Freeman Gosden to most folks—he's Amos of the famed Amos 'n Andy team, weekly tradition in almost every American home.

Local boards will have authority to examine men who have reached 19 in filling the call for June physicals. No men born after February, 1934, can be inducted in the June call, however.

Men 20 or older will be called in June if possible, Wakefield said. Boards are authorized, where necessary, to fill calls with men under 30, however.

Local boards will have authority to examine men who have reached 19 in filling the call for June physicals. No men born after February, 1934, can be inducted in the June call, however.

His son, Freeman Gosden, Jr., Midland oil operator, who started here as a Western Company truck driver, held the spotlight Monday.

"My main business down here is to visit Freeman, Jr. and to do a little golf playing," the nattily-dressed showman said. "I'll be here about a week just visiting Freeman and Beth, Eddie Chiles and the rest of my Midland friends. And I'll get caught up on a little loafing."

The younger Gosden married Beth Pitt of Wichita Falls while he was stationed with the Air Force near there. Having worked in and around Midland, he chose the city as "home."

"I'm afraid Freeman, Jr., has just gone Texan," his father mused.

## Mrs. F. E. Rankin, Pioneer Midland Area Settler, Dies

Mrs. F. E. Rankin, 91, pioneer Midland and Upton County resident, died at 4:20 p.m. Monday in a Midland hospital, following an extended illness.

Mrs. Rankin's husband, the late Finis Ewing Rankin, donated the land for the townsite of Rankin, and the city, which now is the county seat of Upton, was named in his honor. The townsite was a part of the F. E. Rankin Ranch.

Mrs. Rankin died a number of years ago. Born Feb. 3, 1862, in Bellucke, Bedford County, Tenn., Mrs. Rankin first came to Midland in 1898.

She and her late husband homesteaded ranch land in Upton County, residing on the property until Mr. Rankin's death. Since then Mrs. Rankin had resided in Midland. She had been in Midland most of the time since she became ill about a year ago.

Funeral services will be held at 3 p.m. Wednesday in the Newline W. Ellis Chapel here, with Dr. R. Luther Kirk, pastor of the First Methodist Church, and the Rev. Clyde Lindsey, pastor of the First Christian Church, officiating. Interment will be in Fairview Cemetery.

Mrs. Rankin, whose life was deeply religious, was known for her charity, cheerfulness and wit. Survivors include two sons, Pearl Rankin of Midland and Pearl Rankin of Rankin; 10 grandchildren, 12 great-grandchildren, and two great-great-grandchildren. A daughter, Mrs. Maude Barcus, died several years ago.

## MIDLAND TOPS IN HOME VALUE

DALLAS—(AP)—Midland County had the highest median value of owner-occupied dwellings, \$8,519, of any county in Texas on the basis of the 1950 census, the Department of Commerce said Tuesday.

The value of owner-occupied homes ranged down to \$1,274 in Zavala County. The average rents in Texas ranged from a low of \$12.43 a month in Newton County to \$54.12 in Scurry County.

## Red Stalling Imperils New Truce Parleys

PANMUNJOM — (AP) — UN negotiators Tuesday threatened to break off the renewed Korean armistice talks unless the Communists came up soon with a concrete proposal for exchanging prisoners—last big obstacle to a truce.

Lt. Gen. William K. Harrison said the UN Command "does not intend to become involved in protracted and useless arguments." And he warned the Reds that they "should be well aware that we mean what we say."

**Washington Hopeful**  
Official sources in Washington, however, were said to see a glimmer of hope that the Reds may be moving toward a truce despite Tuesday's UN threat.

The session at Panmunjom was the third since the negotiations were revived Sunday in an effort to decide what to do with prisoners who refuse to go home.

The Allies asked the Reds to name a neutral state which would assume custody of prisoners unwilling to return to Communist rule, but received no definite answer. The Communists have indicated they might name Red-run Poland or Czechoslovakia, neither of which would be acceptable to the UN Command. The Communists rejected Switzerland.

The full five-member delegations met 39 minutes and will meet again at 11 a.m. Wednesday.

## Weatherman Again Threatens Opener

Midland baseball fans may be thrown out again Tuesday night by the weatherman.

Thunderstorms, light rain showers and blowing sand were expected to prevail here Tuesday afternoon and possibly continue into the night.

The Midland Indians are scheduled to play the San Angelo Colts at 8 p.m. in third attempt to open the 1953 baseball season at Indian Park. Weather has intervened twice.

The general picture here Tuesday was cloudiness with westerly winds up to 30 miles an hour after 2 p.m., restricting visibility as much as two miles.

Wednesday probably will be partly cloudy and cooler, the forecasters said.

Gray threatening skies clouded the weather picture elsewhere in Texas Tuesday. Monday's maximum of 99 degrees at Presidio was the high for the nation. Galveston's 77 was the low maximum in Texas.

## LATE NEWS FLASHES

AUSTIN—(AP)—The execution of Jack Farmer of Lubbock, sentenced to die for the pistol slaying of his wife March 5, 1951, in a Lubbock cafe where she worked, was postponed Tuesday from June 7 to June 10.

HONOLULU—(AP)—A big military plane bringing home 35 exchanged U. S. sick and wounded servicemen landed at Midway at 10:12 a.m. (CST) and took off again for Hawaii after a one-hour stop for refueling.

THE HAGUE—(AP)—The Netherlands Tuesday forbade all shipments of armaments and war materials to Red China and North Korea in a decree following the same lines as recent British and French bans.

## Foes Abandon Filibuster As Taft Closes In

WASHINGTON—(AP)—The Senate agreed Tuesday to bring the bitterly fought submerged oil lands bill to a vote at 1 p.m. (CST) Tuesday, May 5.

Foes, who have been conducting a filibuster-type fight against it, proposed this when confronted with a threat from Republican Leader Taft that the Senate would be kept in a continuous session until there was a vote.

Capitol employees already were getting cots ready to put in Senate ante-chambers when Senator Anderson (D-NM), leading the opposition, offered the agreement for a vote May 5.

It was the twentieth day of debate. Taft promptly accepted Anderson's offer and the Senate, by unanimous consent, placed a time limit on debate on the bill and all amendments to it, effective Tuesday afternoon.

Under Anderson's proposal, any amendments not discussed by the agreed voting hour would be left stranded.

Senator Morse (Ind-Ore), who set an all-time Senate talking record Friday and Saturday of 23 hours and 26 minutes, charged Taft with forcing a filibuster by the continuous sessions.

"There is no better way to drive the Senate into a filibuster," Morse asserted.

Morse suggested it would be better "collective bargaining" if Taft would sit down and negotiate a (Continued On Page 8)

## Heavy Safe Taken In Abilene Found On Midland Ranch

A 400-pound safe, reported taken Monday night from a drive-in restaurant at Abilene, was found early Tuesday on the Scharbauer Ranch nine miles southwest of Midland.

Chief Deputy Sheriff Guy Fletcher said the safe, which had been torn open, was found by an oil field worker.

Fletcher, who investigated along with Constable Jack Merritt and Detective Lt. Billy Patterson of the Midland Police Department, said the safe had been dumped there by a truck.

Only some deposit slips were found in the safe when it was spotted Tuesday morning.

## Request For Death Sentence Indicated As Reyes Jury Fills

Selection of a 12-man jury, qualified to return the death penalty, was proceeding slowly Tuesday morning in 70th District Court in the trial of 33-year-old Felipe Reyes, charged with murder in the January slaying of his former wife.

Reyes was arrested a short time after Virginia Reyes was shot to death while working at the Atomic Bar, east of the city.

District Attorney Warren Burnett, in questioning veniremen, indicated he would ask for the death penalty for the Latin American laborer. Only one juror, Jack W. Nottingham, had been selected shortly before noon.

## First Planload Of Freed Americans Starts Homeward Jant Across Pacific

TOKYO—(AP)—Thirty-five American soldiers, freed from Communist prison camps in Korea last week, boarded a big hospital plane here Tuesday and headed eastward across the Pacific toward home.

The plane will land in Honolulu, across the international date line, Tuesday afternoon, Hawaiian time. After resting about 24 hours the men will leave for California on the last leg of their homeward flight.

No definite schedule was announced, but the plane probably will land at Travis Air Force Base, 40 miles northeast of San Francisco, early Thursday.

The lucky 35 picked for the first homeward-bound plane were moved shortly after noon from two Tokyo Army hospitals to Haneda Airport, where the big transport was waiting. Some were litter cases.

The Army refused to let newsmen talk with the former prisoners at the airport.

DOUBLE REHEARSAL—Midland's Community Theater's latest play, "Joan of Lorraine," which opens Friday demands audience concentration since it is a "play within a play." The story deals with a company of actors staging a play about Joan of Arc. Their conflicts and work provide the central theme of the drama. Shown above are Midlanders who portray members of the acting company. At the table

are Arthur Nations as the Dauphin who later became King Charles VII, and Bill Key, who plays de Tremoille, his army commander. Standing around them are C. G. Cooper as the Archbishop of Rheims, William Heck as Jean de Metz, Dick Capell as Durand Laxart and Becky Huff as Joan. The play will continue Saturday, Monday and Tuesday. A special performance for negroes will be given Thursday.

### 'Joan Of Lorraine' Proves Novel Twist To Historical Story

The Joan of Arc story has had many theatrical interpretations, the most recent and one of the most novel presented being Maxwell Anderson's "Joan of Lorraine," which will be presented by the Midland Community Theater for four performances at the City-County Auditorium starting Friday.

Shakespeare, Voltaire and Shaw are among the distinguished writers who have written plays about the martyred nineteen-year-old, but theater records reveal that one Nineteenth Century production is notable chiefly because it must surely be considered the low point in "Joan" plays. This was a burlesque musical comedy called "Joan of Arc, the Merry Maid of Orleans." Little is known about the production which was presented in New York except that it didn't last very long.

### Hal Adams Heads Monahans Lions

MONAHANS—Hal Adams was recently elected president of the Monahans Lions Club to succeed Joe Vandiver.

Other officers elected included: R. B. McGowne, Jr., secretary; Ralph Bolte, treasurer; Glenn Rattliff, Jack Carroll and Sidney Nick, respectively Bill (L&L) Lee, Lion-taker; Wayne Long, talker; Russell Ackley and C. J. Middleton, directors.

### Cost Of Housing Threatens To Disturb Even The Dead

The high cost of housing threatened Monday afternoon to catch up even with the dead.

Midland County commissioners were studying a new plat of the county-operated Fairview Cemetery, which allows additional space for each grave.

Under the new plat, the units will be 10 feet by 10 feet instead of the present 10 feet by eight feet.

"Maybe we should increase the charge for opening a grave, too," proposed Commissioner Earl Ray.

"The other cemetery charges \$25 and we only charge \$15 like we have been for years. Costs have gone up steadily and maybe we should study the possibility of raising that \$15."

No action was taken on the suggestion but the new plat was approved formally and ordered filed in the county clerk's office.

### Mrs. Hobby Turns Deaf Ear To Plea Of Marshall Wives

WASHINGTON—(AP)—Secretary of Welfare Oveta Culp Hobby told a press conference here Monday that as a matter of simple human dignity she believes domestic servants should have a right to contribute to their own security.

The former co-publisher of the Houston Post said a 1951 Post editorial supporting the stand of the Marshall housewives had appeared on a day she was out of town.

"Had I seen it, it would not have represented my thinking," she said. "Domestic servants, as a matter of simple human dignity, have a right to contribute to their own security."

Several weeks ago 10 Marshall wives wrote Mrs. Hobby asking her help in their protests against having to withhold Social Security taxes on their maids. The letter called attention to "the excellent editorial" in the Post.

Department spokesmen said Monday a formal reply to the Marshall group had not been prepared but that its essence will be the same stand as expressed by Mrs. Hobby at the conference.

### ★ JOHNSON IN HOLLYWOOD ★

### Homely Guys Take Back Seat While Pretty Boys Act It Up

BY ERSKINE JOHNSON  
NEA Staff Correspondent

Behind the Screen: The pretty-boy era is sweeping over Hollywood again.

It's the day of eye-enthraller—Tony Curtis, Tab Hunter, Rock Hudson and Fernando Lamas. The rugged, unpretty heroes, like Gene Evans, aren't having it as easy as Cagney, Tracy, Robinson and others had it in the era when a flawless profile was a liability.

Gene clicked big two years ago in "The Steel Helmet" and now is co-starring with Lew Ayres in "Donovan's Brain," but he's lamenting: "I like to have been around in that time when the rugged, big guy was the thing. Or when you'd team a homely guy with a good-looking guy like Gable. I was born too late."

Gene replaced Scott Brady in "Golden Blade" because Scott wouldn't take second billing to Rock Hudson. "Billing doesn't mean anything to me," says Gene. "If you do a good job in the picture, that's what counts."

Studios bidding for Laraine Day's services won't be getting the "Miss-Day-regrets" answer if she likes the parts and the scripts.

"For the first time in six years, Laraine told me she's set up her life so she can return to the major studios for pictures."

"Pictures are still second with me, though," she added. "My life as Mrs. Leo Durocher and baseball come first."

Hollywood, according to Laraine, hasn't yet come up with a role that's "exactly what I want. I'd like to do a romantic love story. Most of the time Hollywood's offered me nurse parts. They have never forgotten the nurse I played in the Dr. Kildare series. I send those scripts right back."

MGM's new dancing star, Bobby Van, comes into his own with Jane Powell in "Small Town Girl" and with Debbie Reynolds in "Affairs of Dobie Gillis." Can't do television because of his studio contract. But that's fine with Bobby, who's had a taste of TV and groans: "I did 'Show of Shows' with Sid Caesar and almost got ulcers. My doctor said I had to quit."

Worried about being hailed as "the second Ray Bolger?" Not Bobby. "It's not bad being compared to somebody who's great. It's when they liken you to somebody who's second rate that you would want to worry."

Julia Adams wouldn't wish it on Marilyn Monroe—seven straight historical pictures in a row in hoop-skirts.

"I did a TV commercial in modern clothes the other day," Julia grinned, "and I felt positively naked. I'd faint if they gave me a modern picture."

Julia's tickled with being an out-

### Television Tries Out 3-D Images

WASHINGTON—(AP)—Now it's television's turn to try out three dimensional images.

The Federal Communications Commission Monday authorized American Broadcasting-Paramount Theaters, Inc., to make public tests.

As in the recently introduced 3-D movies, the system to be tested at KECA-TV in Los Angeles requires special equipment and glasses to be worn by viewers. The tests will end May 15.

### Superliner's Smoke Described As Hazard

NEW YORK—(AP)—The city's department of air pollution control says it may serve a court summons on the operators of the superliner United States unless they curb excessive smoking by the liner in port.

## Mrs. E. M. Fox Circle Hostess

Mrs. E. M. Fox was the hostess when the Faith Circle of the St. Luke's Methodist Church met Monday in her home at 3213 Roosevelt Street.

Mrs. Joe Thorp, Jr., gave the lesson.

During the business meeting it was announced that on May 4 at 7:30 p.m. Dr. Glen Walker will speak on Africa in the Boone Bible Classroom in the First Methodist Church and will show a film.

It also was announced that the district meeting of the Woman's Society of Christian Service will be held on May 11 in Big Spring.

The members also discussed the work being done at the Midland Christian Mission and voted to send a donation to the mission.

Those present were Mrs. R. K. Schock, Mrs. Cecil Stephens, Mrs. Thorp, Mrs. F. C. Lochte, and Mrs. Fox.

## Manners MAKE FRIENDS

Some people seem to enjoy the sound of their own complaining. Those who do can always find something to gripe about—the food in a restaurant, the weather, the state of the world, high prices. The list is endless. What they don't seem to realize is that nobody—but nobody—enjoys their complaining but themselves.

We've all got our own gripes.

### CUB SCOUTS MEET

There will be a meeting of Pack 7 of the Cub Scouts at 7:30 p.m. Tuesday in the auditorium of the Sam Houston Elementary School.

## Coming Events

### WEDNESDAY

The sewing room of the Midland Memorial Hospital will be open from 9 a.m. until 4 p.m. for anyone interested in sewing for the hospital.

The Play Readers Club will hold its annual Spring tea at 3 p.m. in Hotel Scharbauer. Mrs. J. E. Beaky will read.

The Druggists Wives Club will meet at 2:30 p.m. in the home of Mrs. Dennis Ford, 3300 Sycamore Street.

The Young Matrons Circle of the CWF of the First Christian Church will meet at 8:30 a.m. in the home of Mrs. Clyde McHam, 2613 Kessler Street. The Henderson Circle will meet at the home of Mrs. E. L. Zihlman, 2402 West Brunson Street.

The Education Study Group of the AAUW will meet at 8 p.m. in the home of Mrs. John J. Redfern, Jr., 1214 Country Club Drive.

## Education Film Slated For Two Showings Tuesday

There will be two showings of the education film, "Passion For Life," to be presented by the High School Parent-Teacher Association Tuesday night, officials announced.

The showings are scheduled for 7:15 and 9 p.m. in the high school auditorium. Musical selections will be played from 7 until 7:15 p.m. and during the intermission between the two showings, 8:45 until 9 p.m., by Chester Ivan, Midland organ teacher.

"Passion For Life" was produced in France by Jean-Paul Le Chanols, under the supervision of the French Ministry of Education.

It is the true story of how an inspired teacher's modern education techniques improved the life of an entire French village. The story is re-enacted by seven professional actors, villagers of Salernes and 25 children of Provence in France.

**ROYAL SUBJECT**—Truly a royal subject for the camera, Queen Elizabeth II stands in the Green Drawing Room of Buckingham Palace for a royal command portrait. The Queen wears a pale pink gown of needlework lace over tulle, with the Blue Ribbon and Star of the Garter. On her head is a very old diamond diadem which was reset for Queen Victoria. She also wears a Russian fringe design diamond necklace, a wedding gift from the city of London, diamond drop earrings, two diamond bangles, and at the top of the ribbon, a diamond drop brooch, once worn by the late Queen Mary.

## Mrs. Dennis Ford Is President Of Asbury Methodist WSCS

Officers were elected when the Asbury Methodist WSCS met Monday in the church.

They include Mrs. Dennis Ford, president; Mrs. J. A. Tipton, vice president; Mrs. Grace Wright, recording secretary; Mrs. Roy Gibson, treasurer; Mrs. G. W. Danron, reporter; Mrs. T. I. Miller and Mrs. Clinton Morgan, circle chairmen, and Mrs. G. W. Kinard and Mrs. J. A. Tipton, study leaders.

Secretaries will include Mrs. Lucille Howell, promotion; Mrs. Clyde Gwyn, Christian social relations and local church activities; Mrs. Kinard, secretary of missionary education; Mrs. Jimmy Grimes, children's work; Mrs. R. M. Smith, student work; Mrs. J. W. Rosenberg, youth work.

Mrs. J. P. Carson, Jr., spiritual life; Mrs. Bob Harris, status of women; Mrs. Preston Pirle, supply; Mrs. T. A. Power, literature and publications.

Mrs. J. A. Andrews is to serve as membership chairman and the nominating committee will include Mrs. Jess Hooper, Mrs. Carson and Mrs. Kenneth Peeler.

Program highlight for the Monday meeting was a report on the South Central Jurisdictional meeting in Amarillo, given by a group of women from the First Methodist Church.

Giving the report were Mrs. Luther Kirk, Mrs. J. H. Frazier, Mrs. W. F. Shafer, Mrs. Virgil Galloway and Mrs. T. R. McAden.

Mrs. Gwyn, president, presided for the meeting and for a meeting of the executive board preceding the general session.

A Victory Dinner for May 8 was planned at the board meeting, and the group voted to send a donation to the Northwest Texas Conference Negro Leadership School in Amarillo.

**LEFT FOR FLORIDA**  
Betty Winder left early Tuesday on a vacation trip to New Orleans, La., and points in Florida, where she will visit relatives.

The Sunbeams met in the church with their sponsors Mrs. M. L. Carter and Mrs. Cecil Odell.

Present were Glenda Odell, Sandra Jones, Donna Johnson, Harvey Henry, Cynthia Henry, Betty James, and Eugene Robertson.

**MIDLAND VISITORS**  
Mrs. Joe Parnell and son, J. D., of Wink visited in Midland Monday.

**RETURN FROM EL PASO**  
Mr. and Mrs. John A. Ham and children have returned from a visit in El Paso.

# SOCIETY

THE MIDLAND REPORTER-TELEGRAM, TUESDAY, APRIL 28, 1953-3

## Three Gardens Are Featured On Perennial Club Pilgrimage

Visits to the gardens at three Midland homes were featured on the annual Spring pilgrimage of the Perennial Garden Club Sunday afternoon.

Gardens included on the tour were at the homes of Mrs. H. W. Mathews, 296 North Baird Street; Mrs. Charles F. Henderson, 1202 West Storey Street, and Mrs. N. A. Lancaster, 1705 West Indiana Street.

## Presbyterians Hold Business, Social Meeting

The St. Andrews Presbyterian Women of the Church met Monday in the church for a business and social meeting.

Mrs. Charles Gaylord presided at the business meeting, when Mrs. L. O. Waterstreet and Mrs. R. F. Carroll gave a report on the Presbyterian meeting held in Odessa. Mrs. R. J. Pinkerton gave the devotional.

The members voted to accept constitutional changes presented by the executive board.

During the social hour, Mrs. William Caldwell and Mrs. George Huntington were the hostesses.

Members present were Mrs. Jack Posey, Mrs. C. O. Torgeson, Mrs. Pinkerton, Mrs. V. C. Melville, Mrs. Caldwell, Mrs. Oriswold Rogers, Mrs. Ernest Barber, Mrs. Carroll, Mrs. Gaylord, Mrs. Claude Neely, Mrs. Waterstreet, Mrs. Jerry Covington, Mrs. C. E. Bissell, Mrs. Ward Hlover, Mrs. J. A. Warren, Mrs. Robert C. Hodges, Mrs. C. E. Gallagher and Mrs. Huntington.

## ABWA Seeks Midland Chapter

Invitations will be mailed this week to a number of women in the city to affiliate with a new chapter of the American Business Women's Association.

Mrs. Nicie Hunter of Tulsa, Okla., field executive of the association, is in Midland to organize the chapter here. Membership in the association is by invitation only and invitations are extended after a woman has been recommended for membership. Mrs. Hunter said.

A closed chapter of 100 members was organized last week in Odessa, she announced.

The American Business Women's Association, which is only three and one-half years old, is represented in 28 states and has its national headquarters in Kansas City, Mo., Mrs. Hunter explained.

Its purpose, Mrs. Hunter said, "is to chart a pattern of better living through more efficient service, consideration and cooperation on the part of its members toward their positions, their employers and their employers' patrons and customers."

**Midland, Stanton Students Included On McM Honor Roll**  
Peggy Lou Whitson of Midland and Imogene Price of Stanton were among the 52 students named to the scholastic honor roll for the first half of the Spring term at McMurry College in Abilene.

Miss Whitson, a senior, was one of the top ten students listed on the honor roll. She is the daughter of Mr. and Mrs. R. A. Whitson, 408 North Big Spring Street. Miss Price, a freshman, is the daughter of Mr. and Mrs. M. C. Price of Stanton.

Only students with a grade averaging from 2.53 to 3 are listed on the honor roll. The perfect or straight "A" average is 3.

**LUNCHEON PLANNED**  
The Midland Oil Scouts Wives Club will hold a luncheon at 1:15 p.m. Thursday in the Diamond Horseshoe. Bridge and canasta will follow.

A GREAT NAME IN DIAMONDS  
104 North Main Midland, Texas

### Permian Basin Oil And Gas Log—

(Continued from Page One)  
 feet. The tool was open 60 minutes.  
 Recovery was 10 feet of pipe line oil, 2,500 feet of gas cut water blanket and 90 feet of heavily oil and gas cut water blanket.  
 Open flowing bottom hole pressure was 1,300 pounds. Shut-in bottom hole pressure after 15 minutes was 2,000 pounds.  
 Another drillstem test was run at 13,511-573 feet. The tool was open 75 minutes. Recovery was 10 feet of free oil, the 1,800-foot water cushion and 140 feet of gas cut drilling mud.  
 The pressure gauges did not register properly and no pressure have been reported. There were no signs of formation water in either test.  
 The prospector is 11 miles north of Odessa and 467 feet from north and 856.1 feet from east lines of section 32, block 42, T-1-N, G5MM-B&A survey.

### Tennessee Wildcat In NW Sutton Area Finds Show Of Oil

Tennessee Production Company No. 1 Jones, wildcat in Northwest Sutton County, was bottomed at 1,945 feet in a sand section taking a drillstem test.  
 Drilling samples from 1,910 to 1,945 feet had good oil stain.  
 The wildcat, scheduled to go to 2,000 feet to test for production in the Ellenburger, is being drilled 680 feet from south and west lines of the northeast quarter of section 156, block A, HE&WT survey.

### Water DST Taken At Prospector In SE Dickens Area

Salty sulphur water was uncovered on a drillstem test of a lime and chert formation, possibly lower Mississippian, in Pacific Western Oil Corporation No. 1 Swenson, one location east of a Tannehill sand discovery in southeast Dickens County.  
 Test was in the interval from 7,211 to 7,280 feet. Tool was open three hours. Recovery was 470 feet of slightly gas-cut mud and 1,108 feet of salty, sulphur water.  
 More hole was being made below 7,315 feet in lime and chert.  
 Location is 1,860 feet from north and west lines of section 162, block 1, H&GV survey and 12 miles south-east of Spur.

### Two New Wildcats Set For Immediate Drilling In Glasscock

Two wildcat locations have been staked for immediate drilling in Crockett County.  
 Cities Service Oil Company and others will drill No. 1 University in the northeast part of the county.  
 Location is 990 feet from north and 2,310 feet from west lines of section 9, block 80, University survey and 15 miles southeast of Big Lake which is in Reagan County.  
 The new venture will be drilled to 2,500 feet with combination cable and rotary tools.  
 The prospector is the fourth wildcat staked in the vicinity of Texas Gulf Producing Company No. 1-J University, recently completed San Andres discovery. It is seven-eighths of a mile southeast of the No. 1-J. George Barnes of San Angelo has spotted his No. 1 John W. Childress as a 2,525-foot wildcat in Northeast Crockett County.  
 Drillsite is 330 feet from north and east lines of section 82, block GH, GC&SF survey. That makes it eight miles northeast of Odessa.

### Long Pool Stepout Is To Be Drilled In SE Borden Sector

Jim Lee Drilling Company, Inc. of Lubbock will drill No. 1 Standard Oil Company of Texas-T. L. Griffin as a long stepout to production in the west side of the Retnecke field of Southeast Borden County.  
 The project will be dug 467 feet from south and 1,980 feet from east lines of section 81, block 28, H&TC survey and 16 miles southeast of the town of Gall.  
 It is scheduled for a 7,500-foot bottom.

### NW Reeves Gets New Prospector

Buck Jones Drilling Company staked location for a 3,600-foot cable tool wildcat in Northwest Reeves County, two miles east of the town of Orla.  
 It will be drilled as No. 2 J. V. Daughete, 330 feet from south and east lines of section 20, block 56, T-2, T&P survey. It is seven-eighths of one mile south of a dry hole on total depth of 3,531 feet.  
 Operations are to start by May 1.

### Shallow Wildcat Set For Sterling

One mile west of production in the Clark (San Andres) field of Southeast Sterling County, Tennessee Production Company spotted location for a 1,500-foot cable tool wildcat.  
 It will be drilled as No. 1-9 L. C. Clark, 3,269 feet from north and 2,351 feet from east lines of section 9, block A, GC&SF survey.  
 It is one and one-half miles west of the West line of Tom Green County and 12 miles west of the town of Water Valley.  
 Operations are to start May 1.

### McCarthy Sells His Share In Wildcat Opener In Howard

HOUSTON—(AP)—Sale of his interest in a new West Texas wildcat oil well to the Falcon Oil Company was announced here Monday by Glenn McCarthy.  
 The well is the No. 1 Doyle Vaughn, section 12, block 34, T-1-N, T&P Survey, Howard County, which is pumping an average of 74 barrels daily. It is seven miles west of Big Spring.  
 McCarthy said the sale to Falcon included his three-quarters interest in about 1,000 acres in Howard County on which the well is located. The S and W Oil Company owns the rest.

### Schneider Finishes San Andres Opener In W-C Tom Green

Gilbert C. Schneider has completed his No. 1 Mary March Compton as a small pumping San Andres discovery in West-Central Tom Green County.  
 The well was complete for a daily pumping potential of four barrels of 28-gravity oil with a small gas-oil ratio.  
 Production was from open hole between 702 and where 7-inch casing was set and the total depth of 700 feet. Top of pay was picked at 700 feet on elevation of 2,095 feet.  
 Location of the new opener is 330 feet from north and 990 feet from east lines of section 11, block 4, H&TC survey.  
 Operator has suggested designation of Pulliam (Shallow) field.  
 The project was originally drilled by C. E. Oberholzer and Bill B. Holland of Midland as their No. 1 Superior-Compton-Oberholzer, on a 160-acre farmout from The Superior Oil Company.  
 It is three miles west and slightly north of the Pulliam (Palo Pinto and Strawn) field.

### NE Runnels Gets New Prospector

Inca Drilling Company of Abilene has staked location for its No. 1 Walter Adam, 4,200-foot rotary wildcat in Northeast Runnels County.  
 Location is 2,700 feet from south and 330 feet from east lines of section 9, block F, J. Ford survey and eight miles southeast of Winters.  
 It is one and three-quarters miles northeast of the Lindemann-McMillan field which produces from pay between 2,442 and 2,499 feet.

### Pool In Schleicher Gains Two Projects

Two more projects have been staked at the south side of Huldade (Pennsylvanian) field of North-Central Schleicher County.  
 Sinclair Oil & Gas Company will drill No. 5 McClatchey Estate 467 feet from north and 1,567 feet from west lines of section 42, block M, GH&SA survey and nine miles north of Eldorado.  
 It is scheduled for a 5,800-foot bottom.  
 Humble Oil & Refining Company will dig No. 4 Annie May Brooks, 1,630 feet from south and 2,400 feet from east lines of section 83, block LL, TC survey.  
 It will go to 6,100 feet with rotary.

**ANOTHER SCHOOL SIGHT**—Visitors at Midland public schools next Thursday will view varied projects by students. Among them will be stage sets. Here Dwayne Chestnut (on floor) and Vernon Carpenter ready a prop for a student production. Thursday is Business-Education Day when the public is invited to the schools.

### Texas Author Hill To Talk At Service Award Banquet

Dr. J. A. Hill, president emeritus of West Texas State College in Canyon, will be principal speaker at 7 p.m. Thursday at a service award banquet climaxing Business-Education Day in Midland public schools. Some 750 are expected to attend.  
 The banquet, in the high school gymnasium, will honor teachers who have completed five, 10, 15 and 25 years of service in the Midland public school system. Certificates of appreciation also will be given to John Cornwall and R. W. Hamilton, retiring members of the Board of Education.  
 Dr. Hill, who was president of West Texas State for 30 years, began teaching in 1898 at the community of Bellfairs, on the line between Bell and Falls Counties. He laughs when he remembers his salary of \$35 a month.  
 "But," he says, "things were a little different then. Room, board and washing was only \$10 a month."  
 The West Texas educator is the author of three books. One, "American History for Schools," was an adopted text in Texas schools from 1913 to 1920.  
 "Your Country and Mine" is a book for elementary school use and was written jointly by Dr. Hill and Dr. Hattie Anderson.  
 His third book, "One Man's Faith," has yet to be published. In this volume, Dr. Hill expresses his own philosophies—primarily through use of speeches he has presented during his long career.

### Beasley To Speak Tuesday Night At API Odessa Meet

James N. Beasley of Humble Oil & Refining Company, Houston, will be guest speaker for the monthly meeting Tuesday night in Odessa of the Permian Basin Chapter of American Petroleum Institute.  
 Beasley is state functional vice chairman of the Oil Industry Information Committee. He will talk on "What OIIC Is Doing to Educate Employees in the Oil Industry." John Ed Cooper, chairman of the Permian Basin Chapter of API, will preside at the meeting which is to get underway at 6:30 p.m. in the Sector County Barn. Barbecue will be served after the meeting session.

### Conoco To Drill NE Stepout To W-C Lea Opener

Continental Oil Company will drill No. 3 Anderson Ranch as a one location northeast stepout to its No. 1 Anderson Ranch, Devonian discovery recently completed in West-Central Lee County, New Mexico.  
 The offset will be dug 660 feet from north and east lines of section 11-16A-32.  
 It is scheduled to go to 13,800 feet to test for production found in the same pay found by No. 1 Anderson Ranch.

### Pool In Schleicher Gains Two Projects

Two more projects have been staked at the south side of Huldade (Pennsylvanian) field of North-Central Schleicher County.  
 Sinclair Oil & Gas Company will drill No. 5 McClatchey Estate 467 feet from north and 1,567 feet from west lines of section 42, block M, GH&SA survey and nine miles north of Eldorado.  
 It is scheduled for a 5,800-foot bottom.  
 Humble Oil & Refining Company will dig No. 4 Annie May Brooks, 1,630 feet from south and 2,400 feet from east lines of section 83, block LL, TC survey.  
 It will go to 6,100 feet with rotary.

### Stepout Staked To Crockett Opener

Haynes and V-T Drilling Company of Odessa has staked location for their No. 1 University-Ohio, one location east of Texas Gulf Producing Company of 1-J University, discovery well of the Farmer (San Andres) field in Northeast Crockett County.  
 It is to drill to 2,900 feet or a test of the San Andres-Permian lime at a lesser depth. Combination tools will be used and operations are to begin immediately.  
 The drillsite is 2,310 feet from north and 1,650 feet from east lines of section 4, block 50, University survey.  
 It is 20 miles south and slightly east of Big Lake.

## Texas GI Tells Of Capture After Eerie Battle On Blood-Drenched Peak Of Baldy

By STAN CARTER  
**TOKYO—(AP)—**A Texas artillery officer who lived through the Chinese assault on Old Baldy last month told Tuesday how he held off Red attackers for five hours with two carbines, a .45 automatic and three dozen grenades.  
 Lt. Albert de la Garza, Jr., 22, of San Antonio was a forward observer with Colombian troops holding the summit of Old Baldy Hill in Western Korea.  
 When the Reds struck March 23 the lieutenant ducked in a bunker

in which three Colombians were manning a machine gun.  
 Within 15 minutes Chinese poured into the trenches outside, and shots through the bunker fatally wounded the Colombians.  
 De la Garza, freed by the Communists last week in the exchange of sick and wounded prisoners, told from a Tokyo hospital bed what happened then.  
 "I ended up sitting on one of the Colombians," he said. "I had no alternative. It was the only place I could cover both of the approaches. He was hurt pretty bad. It was dark and I had no way to help him."  
 A Chinese came into a part of the bunker separated from De la Garza's section by a doorway covered with an Army parka. The Chinese fired three times through the parka. Two shots missed. The third ricocheted into de la Garza's hip.  
 Killed A Few  
 The Chinese pulled aside the parka and de la Garza shot him.  
 "I know for a fact I killed a few," De la Garza said. "For three hours straight it was like daylight outside because of the flares. They were perfectly silhouetted on the hill. I shot at them and saw them fall. I know I got at least a couple or three there."  
 De la Garza kept lobbing grenades at another bunker about 10 feet away, which was occupied by Chinese. Once, he said, there was a secondary explosion inside the other bunker.  
 "About 2 a.m. I was lucky enough to seal up the entrance to their bunker with one of their own grenades," De la Garza said. "They threw it at me, one of those big potato masher grenades. I picked it up and threw it back at them. The entrance to their bunker crumbled."  
 "It was cornered and out of ammunition, so I figured it was time to get out. I ran out on the slope. I saw that the small arms fire had stopped. Mortar and artillery was coming in but there didn't seem to be any more fighting.  
 His Helmet Goes  
 "I thought the main force of Colombians were still up on top of Baldy. So I ran up through the main trench toward the top. I did not have any weapon or helmet."  
 "They (the Chinese) lost a lot of people. All the way up I was running over bodies. The Chinese wounded were sitting there in the trench, dressing their own wounds. They didn't even look up when I went by. x x x  
 "I ran into two Chinese digging. They were digging like mad with shovels. One looked up and grunted something, so I grunted something. Would you believe it? He turned around and started digging again, for maybe 15 seconds. I started to run the other way but I guess he did a double take. He grabbed for his burp gun and aimed it at me. That was that. I was a prisoner."  
 The Chinese took De la Garza into a bunker and creased his wounds.

### Submarine Marksmen Seek Privacy

**SAN FRANCISCO—(AP)—**Director Robert Miller reports some very fishy goings-on at Steinhart Aquarium.  
 Some sharpshooting tropical archer fish, taking a strenuous dislike to 300-watt bulbs installed over their tanks to provide light and warmth, are shooting out the lights.  
 The archers suck in a mouthful of water, stick their snouts up to the surface and piff; pop! the cold water shatters the hot bulbs and the fish go back to sleep, or whatever fish do when the lights are out.  
 Miller is experimenting with shields over the bulbs.  
**Nurses To Meet**  
 Midland's private duty nurses organization will meet at 2:30 p.m. Wednesday in the Nurses' Home at Midland Memorial Hospital to discuss professional problems, it was announced Tuesday.  
**MIDLAND VISITORS**  
 Mrs. J. H. Jones and Mrs. Billy Denison of Jal, N. M., attended to business here Monday.

### Navy Planes Pound Korean Targets, But Weather Slows Action

**SEOUL—(AP)—** Navy planes bombed targets in Eastern Korea Tuesday in virtually the only action in the Korean War.  
 Gusty winds and grey skies grounded almost all land planes.  
 Only a few patrols moved out as truce negotiators met for the third day.  
 Both the Allied and Communist armies appeared to be under wraps pending the outcome of the truce talks.  
 Fighter-bombers from the carriers Valley Forge and Princeton struck Tanchon and Sopo, firing two supply dumps and destroying at least eight trucks.  
 A South Korean patrol clashed with small Chinese groups near Outpost Texas on the Central Front. The ROKs killed 21 Chinese in two skirmishes at dawn Tuesday.  
 Temperatures hit a high of 85 degrees on the front Monday—the warmest day of the year. Scattered light rain fell across the front after dawn Tuesday.  
**BUSINESS IN CITY**  
 Mrs. James Snowden and children and Mrs. G. C. Black were in the city Monday from Odessa.  
**NEW MEXICANS HERE**

# Midland's Brown Tones Down Bill On Pink-Tinged Writings

AUSTIN —(P)— A bill to make lobbyists register and tell where they get and spend expense money is dead.

The House Committee on Rules knocked it in the head Monday. Judicial redistricting was pending business when the House recessed until Tuesday. No final action had been taken on the measure re-aligning court districts when the House quit.

It began debate on redistricting after advancing and modifying Rep. Marshall Bell's bill to remove or label subversive or Communist literature in the schools.

The Bell bill was passed, 109-22, on second reading but the House refused to consider it on final reading until a later date. Then the House set for debate at 2:30 p.m. Tuesday a bill revising the new election code.

The all-day session in the House delayed until Wednesday public hearing on a natural gas tax bill by Rep. George Hinson of Mineola. There was no action on the question of taxes or teachers pay at all Monday.

**Commie Bill Amended**  
Rep. Hulon Brown, Midland, persuaded the House to amend the Bell Communist book bill to knock out a provision which would have required the stamping of books considered subversive. The House by a 69-64 vote adopted Brown's amendment requiring the posting of a list of all books in state-supported institutions, together with a list of authors who are members of Communist-front organizations.

Bell agreed to another amendment permitting local school boards to allow use of books they think serve a "useful, educational or constructive purpose." The bill also would permit publications used for comparative study to stay in school libraries.

Bell says the chief purpose of his bill is to keep subversive or Communist literature out of the schools and to provide warnings against such material.

Brown, who offered the amendment to eliminate stamping of books, said Bell's idea wouldn't work because even J. Edgar Hoover of the FBI doesn't know who all the Communist or Communist-sympathizer authors are.

"You're not going to stamp communism out of existence with this method," declared Brown. "Confused Young Men"

He said such a philosophy as Bell proposed could eventually lead to the stamping of books with a different colored stamp for every type of ideology considered in conflict with democracy.

Bell said he thought the House had "some fine young men who are confused about the difference between two words—teaching and propaganda."

"A man who has allowed himself to become a member of a Communist front organization by his stupidity or his subversive feeling should be willing to stand the consequences," he said in support of his book-stamping idea.

**GENERAL KISSES ARCHBISHOP'S RING**—Kneeling before Archbishop Michael, Gen. James Van Fleet kisses the ring of the leader of the Greek Orthodox Church in North and South America. The ceremony took place following the Greek Independence Day parade in New York. Motion picture executive Spyros Skouras, at left holding hat, was one of the honorary grand marshals.

# From Cackle To Crowing

WARSAW —(P)— Reuben Pfeffer says one of his hens is turning into a rooster.

"Look at that thing," he told a reporter Monday. "Last year it was a mackerel and now it's bustling around just like any young rooster."

Pfeffer said the first inkling he got was when the Rhode Island Red last year suddenly started laying soft-shelled eggs that gradually became smaller. Then they stopped.

Now it has grown a rooster's comb and tries to crow.

"It's not much of a crow," Pfeffer admitted. "But he is trying hard. Maybe he'll get better with practice."

# 10 Opposition Party Leaders Said Held In Peron Bomb Plot

BUENOS AIRES, ARGENTINA —(P)— At least 10 opposition party leaders reportedly have been arrested, presumably in connection with recent bomb explosions that caused the deaths of six persons among a vast crowd listening to a speech by President Juan D. Peron.

Pro-government newspapers said those taken into custody included chiefs of the Radical and Socialist Parties and "possibly some Communists." The reports said they were "assumed to be working jointly."

The newspaper La Razon said it had been able to ascertain that working under the directives of a highly placed politician, they those held probably were connected with exiles in Uruguay. The paper added that many materials used "in criminal attempts were introduced from Uruguay, where they had been sent from a northern country."

Two bombs exploded April 15 while Peron was speaking to a huge labor-sponsored rally in the city's central Plaza de Mayo. The president himself was unhurt.

Opposition parties have denied any connection with the bombings.

# Midland City Judge Does Good Job Of Selling Self

A little sweet talk put Judge Edwin T. Stitt on the spot Monday in the city's Corporation Court.

A Midland man appeared before the judge and pleaded not guilty to a charge of being drunk in an automobile.

Judge Stitt carefully explained to the man his rights to a trial, which finally was set for Thursday morning.

"You can be tried before a judge or before a jury," he added. "Whichever one you prefer."

"Will you be the judge?" asked the defendant.

"Yes," answered Stitt.

"Well, that's all right then," answered the man. "I don't want a jury. I'll just let you try me."

# Britain Turns Down Wheat Agreement

WASHINGTON —(P)— Britain has refused to sign the extended International Wheat Agreement and some experts think its days are numbered.

The deadline passed at midnight Iceland was the last nation to sign for a three-year renewal, leaving Britain the only holdout of the 46 nations originally participating.

A major consumer, Britain refused to agree to buy wheat at more than \$2 a bushel. The agreed renewal price was \$2.05.

# Ex-Hitler Warlord To Be Freed In May

BONN, GERMANY —(P)— An informed British source Tuesday said the war crimes sentence of former Field Marshal Erich von Manstein, 66, one of Hitler's top warlords, will be completed next month and he will be declared a free man.

The Army leader was sentenced to 18 years imprisonment by a British military court at Hamburg in 1949 after conviction of responsibility for atrocities committed by German troops he commanded in Russia. The sentence later was reduced to 12 years.

Allowing for pretrial custody and the customary one-third reduction for good behavior, his sentence ends in May.

# New York's Doctors Name Negro President

NEW YORK —(P)— Dr. Peter Murray, 65-year-old director of obstetrics and gynecology at Harlem Hospital, is in line to become the first negro president of a medical society in the United States.

The Medical Society of New York (Manhattan) County approved Murray Monday night as the only nominee for the post of president-elect. He automatically will become president in 1954.

# Eisenhowers Attend Opera 'La Boheme'

WASHINGTON —(P)— The Eisenhowers went Bohemian Monday night—in a white tie and low cut red evening gown.

The occasion was the annual appearance in Washington of the Metropolitan Opera Company. The opera was Puccini's "La Boheme," sung in Italian.

Eisenhower's psychological warfare consultant C. D. Jackson, said afterward that the President "loved it" and that "he had a wonderful time."

White wine and water was recommended by Hippocrates, Greek physician, as a cooling drink.

# French Rush Troops, Ammo To Defense Of Laos Capital

LUANGPRABANG, LAOS —(P)— French planes poured troops and munitions Tuesday into this royal seat of the little Indochinese kingdom of Laos, threatened by Communist-led Vietminh troops reported only 12 to 25 miles away.

French and Laotian soldiers dug trenches and constructed barbed wire entanglements around the little town of 6,000, hereditary home of aged, ailing King Sisavang Vong. The King's son, Crown Prince

Savang, told newsmen his people are determined to defend their country and "we know we are going to defeat the enemy if they attack Luangprabang."

A French major reported that advance units of the invaders are within 12 miles of the town on the north, while on the east larger forces had advanced to within 25 miles.

Gen. Raoul Salan, French commander in chief in Indochina, flew to Luangprabang Monday from his headquarters at Hanoi, 275 miles to the northeast. He assured the crown prince the French would fight it out before the town and said he was confident his forces would give the Vietminh a severe beating.

The Vietminh radio broadcast a "resistance government" following the Red Army into Laos. The radio said it was headed by Souphanou Yong, who formed a fugitive Laotian government in Vietminh territory in 1950.

# 43 Young GI's Get Delayed Start Home After Civilian Snafu

DALLAS —(P)— A group of rookie Army engineers, 43 strong, sped toward Fort Lewis, Wash., Tuesday after a disappointing wait here for an airplane that never showed up.

The GI's, all from Central Texas points, waited at Love Field here eight hours Monday for a plane they thought they had chartered from a San Antonio booking agent a month ago at Fort Hood.

They had planned a few extra days at home after completing their basic training and before going to Fort Lewis.

But the plane didn't show up and the ticket agent phoned he couldn't get one. Things looked pretty bleak, even after the agent refunded almost half their money. It looked as if they might be AWOL.

But military police said the bewildered GI's would not be held responsible for the civilian snafu even if they were late getting to Fort Lewis. That's when they chartered a bus and got on their way.

The agent, who offered no reason for the plane's nonappearance, promised Dallas police he would make full refund to the GI's—later.

# ROK Demonstrations For Unity Continue

SEOUL —(P)— South Koreans marched through Seoul again Tuesday demanding unification of all Korea.

About 3,000 members of Korean trade unions and the Dai Han youth association displayed signs saying, "Give us unification or give us death," "Peace without unification is death to the nation," and "Let's march north for the unification of the motherland."

# Week's Delay Occurs On Television Survey

A helicopter survey of television reception in the Midland area, originally scheduled to begin Monday, has been delayed one week.

A spokesman for the Midland Television Service, which last week proposed to construct a huge community-wide television aerial, said Monday afternoon that the plane will be brought here next Monday by the Bell Aviation Corporation.

"We got our request in too late for them to begin today," said Boyd Laughlin, who is serving as trustee of the organization, composed of a group of Midland men, who have not been identified.

# National Election Reform Bill Slated For Capital Hearing

WASHINGTON —(AP)— Senator Smathers (D-Fla.) said Tuesday selection of presidential candidates should be taken out of the hands of a few haggling, ambitious, back-room barons.

He made the assertion in a statement prepared for a judiciary subcommittee hearing on his proposed constitutional amendment to set up a national presidential nominating primary.

The amendment would eliminate the national convention system of choosing presidential nominees.

Instead they would be selected at state primaries held on the same day throughout the nation.

"The people of America saw the inefficient, archaic, and disgraceful method of selecting Presidents at the conventions which were held in Chicago last year," said Smathers.

Under the first provision, a nominee for President would get the same proportion of electoral votes in each state as he received in the popular vote.

The amendment would eliminate the national convention system of choosing presidential nominees.

Under the first provision, a nominee for President would get the same proportion of electoral votes in each state as he received in the popular vote.

The Mau Mau terrorists attacked the Uplands district of the Kiambu reserve near Nairobi, setting fire to villages and burning many residents alive.

# Two Choices Face Officers In Future Of Organization

Midland Officers Club members face two choices in a poll now being conducted by officials of the group. Results of the survey could well decide the fate of the club, clubhouse of which was destroyed by fire early this year.

funds are exhausted, at which time the club would dissolve. Redpath urged members to complete their polls and return them to the club by May 5 at the latest.

The first plan, divided into two parts, would pave the way for a new club building on the old site. The new building would cost between \$20,000 to \$25,000, Vernon Redpath, secretary-treasurer, explained. The club now has some \$4,500 in the treasury—with more than \$16,000 left to raise if the new building is okayed.

# Wake Up To More Comfort

**Without Nagging Backache**  
Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 12 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

"There's one other route under this first plan," he continued. "If we are unable to rebuild the clubhouse, it may be possible to continue the existence of the club by having three or four events each year such as a military ball, dinner dance and the like. We'd have to rent space for these affairs and continue the present dues. This probably would result, though, in the few events being free to members."

# Making Big News in Performance and Price!

# The New Packard CLIPPER

There hasn't been so much interest in a medium-priced car in years

Five months ago Packard announced the new CLIPPER line.

Five months . . . yet wherever you go today . . . in hotels, in restaurants, on trains, at parties, in meetings . . . wherever people gather, you hear them say: "That new Packard CLIPPER is the buy of the year!"

How come?

Well, first there's Packard engineering, traditionally fine, historically dependable. It's largely responsible. Packard, remember, is the oldest maker of fine cars in America.

Second, Packard's manufacturing position is unique. Packard alone with 54 years' experience in fine-car building combines craftsmanship of the highest character and modern mass production techniques that result in greater dollar for dollar values throughout the car.

And in addition to Packard's own exclusive manufacturing pluses, the new CLIPPER is a thrilling car to drive. And what thrill is more important to a man who really loves a car!

There's the Packard engine, famous since the Year One in automotive history. This wallop big powerhouse with a reasonable appetite can purr like a kitten and pull like an elephant.

There's the Packard ride! Smooth, luxurious . . . it will make you want to load 'er up and head for the wide open spaces.

There's Packard's contour styling that is setting the new trend in automotive design.

There's everything you want your family car to have today. In all, around 70 big-car features!

See! Compare! Drive!

In fact, if you'll go to one of the CLIPPER dealers listed below and check the big-car features of this new car, we feel that you'll add your voice to the thousands who are saying: "Packard Clipper! It sure is the buy of the year!"

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars." Ask the man who owns one—today! And re-discover the thrill of driving a Packard!

# City Golfers Busy With R-T Tourney, Pro-Amateur Play

Midland golfers, bothered by wind and a normal back-to-work Monday, were due again on the city's golf courses Tuesday to practice for the match play of The Reporter-Telegram's City Championship Tournament.

The matches began Friday on the Ranchland Hill Country Club layout, and will run through Sunday, when the city champions and winners in 11 flights will be decided.

Monday, though, the golfers in general took a holiday. "Most of them," Tourney Director Abe Beckman explained, "get to play mostly on weekends anyway."

The medalist, Pearl Ward, who qualified with a par 71 Sunday, was described as a weekend golfer. His score, though, separates him from the Eisenhower, the plus-80 golfers. And five out of every six in the 184-man Reporter-Telegram field proved they were in the class of the President.

Of the 37 who qualified with under-80 scores, only a handful practiced Monday. Beckman reported those who got in late rounds included championship fliers Jimmy Lyles and J. T. Jamison.

A. T. Pierce took his workout on the practice fairway.

Meanwhile, the step-up in activity Tuesday also will prepare most of

# Large Crowd Set For Indians' Opener

## PENNANT ENDS 11-YEAR DROUTH

Mrs. Jay Haney, when she raises the 1953 Longhorn League Pennant over Indian Park in pre-game ceremonies Tuesday night, also will be introducing a change in the baseball fortunes of the Haney household.

Her husband, the Midland Manager, will be seeing the first play-off pennant won by a club of his. And it ends a long string of hapless near-successes.

Haney, who has been in baseball 12 years, spent the last 11 of them with playoff contenders. His Midland team wound up as the only titlist among them.

## Indians Plaster Big Spring, 17-7

**BIG SPRING**—(AP)—The Midland Indians broke loose for 10 runs in a wild fifth-inning spree here Monday night as they swamped the Big Spring Bronco, 17-7.

Base hits flew off the bats of the Indians like sand out of a sack when the fan is turned on, before Glenn Grooms came in to turn out the lights for the Midlanders.

Ray Machado, who started for the Bronco, yielded a run in the first and four more in the fourth before he got into trouble again in the fifth. He gave way in favor of Cliff Korando, but the reliever could do no better as Midland continued its barrage, collecting five hits and six runs off him in only two-thirds an inning.

The Indians got to Grooms for two more tallies in the sixth to wind up their wild batting orgy for the night.

Roger Dalla Betta and Tex Stephenson, meanwhile, were having a hot race to determine the top batsman for the night, and it ended a deadlock. Each got four hits. Dalla Betta had a triple, a double and two singles while Stephenson smacked out two doubles, a triple and a single.

Julio de la Torre drove in a pair of runs with a home run, and Scooter Hughes also smashed a roundtripper.

Everybody in the Indian lineup collected at least one hit including Pitcher Romario Soto, who went all the way, yielding 11 hits.

The victory placed the Indians only a half-game out of first place as Carlsbad suffered a 1-0 setback at the hands of Lamesa.

The Indians returned home after the game to prepare for their home opener against the San Angelo Colts, who too are 9-3 pasting from Odessa.

**FIRST LADY OF INDIANS**—Mrs. Jay Haney, wife of the Midland manager, remembers the 1952 Indians by token of this keepsake—an autographed baseball. They left another emblem, too, in the form of the 1952 Longhorn League pennant which Mrs. Haney will raise in pre-game ceremonies at Indian Park Tuesday night.

## Ceremonies To Include Flag Raising

If the third time's the charm, then the Midland Indians will open their 1953 Longhorn League home baseball season at 8 p.m. Tuesday amid ceremonies which will include the unfurling of the 1952 pennant they captured.

Their opening delayed twice by unpleasant weather conditions, the Indians left town for a four-day road trip but returned Tuesday to play host to the San Angelo Colts.

The delayed-action opener, however, has done nothing but whet Midlanders' appetite for baseball—especially their favorite variety: the Indians.

Some 2,000 tickets have been sold in pre-game sales, and Boy Scouts Tuesday were continuing a concerted campaign to make the Indians' opener their largest in history. Midland, too, is trying to protect its opening day attendance trophy won in 1952 when 3,700 fans turned out.

With the Jay Haney forces playing headup winning ball, they are being given a 50-50 chance of breaking the 1952 mark.

Haney has indicated he will start Bob Blair, the strong-armed right-hander who set Odessa back on its heels with a masterful three-hit shutout in anticipation of a record turnout.

One part of the program originally scheduled has been stricken from the list. Mayor J. W. McMillen will be unable to make the traditional first pitch because of previous commitments.

Mrs. Jay Haney will unfurl the pennant won under her husband's guidance during the closing days of the 1952 season and the subsequent Shaughnessy Playoffs.

The honor introducing the Indians to the fans will fall to Delbert Downing of the Chamber of Commerce.

The order of the program will be as follows:

1. Introduction of players.
2. Introduction of Mrs. Haney.
3. Unfurling of the pennant.
4. Ball game.

Michigan State had two boxers go undefeated through a seven-match 1953 ring schedule. They were Welterweight Herb Odom and Middleweight Tom Hickey.

## AMERICAN LEGION TRYOUTS BEGIN THURSDAY FOR 15-18 YEAR OLDS

Tryouts for the American Legion baseball league for boys 15-18 years of age will be held Thursday and Friday of this week and Monday of next week, Baseball Commissioner John Redfern announced Tuesday.

Although the league expected a good portion of the 60 boys who played last year and who are eligible this year to return, Redfern said that many more boys are needed to round out the four teams which will comprise the league. If enough boys report, he added, more teams may be formed.

League play is scheduled to begin Monday, May 18. Between now and then, the teams will hold tryouts and practices have been scheduled for May 11-16—the sites to be announced later.

Only high school and junior high school boys who were eligible to compete in sports at their respective schools will be eligible to compete in the league.

The tryouts will be held at Borden Field at Indiana and Garfield Streets.

Coaches of the four teams are John Alcorn, Hornets; George Bush, Westerners; Copper Daugherty, Brooks Stores; and Red Rutledge, Eagles.

## Oilers Win No. 1; Whip Colts By 9-3

**SAN ANGELO**—(AP)—The Odessa Oilers produced two big innings here Monday night to defeat the San Angelo Colts, 9-3, scoring their first win of the season.

Lefty Jim Carson held the Colts to seven hits in chalking up his first win of the season.

The Oilers jumped on the Colt starter, Ben Bonine, and Reliever Mario Saldana for five runs in the second inning. Odessa slammed out a total of six hits in the rally including a double by Lucky Loyko.

Glenn Burns of San Angelo hit a fourth inning homer with none on, but the Oilers came back for three more in the sixth on four hits off Saldana.

The score:

	R	H	E
Odessa	9	10	0
San Angelo	3	7	2

Carson and Castro; Bonine, Saldana (2); Losano (4) and Briner.

## Albuquerque Chalks Up Four Wins in Row

**By The Associated Press**

The young West Texas-New Mexico League boasts one of its most undefeated teams in Texas baseball Tuesday after Albuquerque smothered Abilene, 18-1, Monday for a fourth straight victory.

The rest of the WT-NM scores were Clovis 12, Pampa 8; Lubbock 16, Borger 7; and Plainview 12, Amarillo 5.

In the Gulf Coast League, Harlingen whipped Galveston 7-1; Port Arthur nipped Laredo, 8-3; Corpus Christi topped Lake Charles, 4-2; and Texas City beat Brownsville, 9-3.

Greenville stayed on top of the Big State League with a 12-4 win over Paris, while Wichita Falls upset Tarkenton, 8-4; Tyler edged Temple, 8-7; and Austin nipped Waco, 1-0.

Two shutouts marked the Texas League, Tulsa over Beaumont, 4-0, and Shreveport over Oklahoma City, 8-0. In other games, Dallas tripped Houston, 7-4, and Fort Worth slammed San Antonio, 12-7.

## Lobos Nudge Potashers, 1-0, As Game Tactics Go Haywire

**LAMESA**—(AP)—The Lamesa Lobos won their first Longhorn League game of the year Monday night when they scored a run in the ninth inning with one out to blank the Carlsbad Potashers, 1-0.

Bryan McGoldrick went all the way in a pitcher's battle with Clint Rogas for the win, giving up two singles. Lamesa only got four off Rogas.

Both sides had the opportunity to score, but no strategy worked—including six sacrifices. No visitor got past second, however, and Lamesa had men on third four times before getting one home.

The Lobos would have won in the eighth but McGoldrick stumbled over a glove rounding third and had to scramble back to the bag. He had walked and was sacrificed to second. A single by Cliff Jackson sent him plateward.

Lamesa threatened in the second when John Miller walked and went to third on Stan Malinowski's hit. Two strikeouts and a ground ball ended that threat.

In the fourth, Malinowski went to second on an error and to third on a fielder's choice, only to be thrown out at the plate trying to steal.

Another man got to third in the fifth on an error, sacrifice and fielder's choice only to die there.

The score:

Carlsbad	0	0	0	0	0	2	5
Lamesa	0	0	0	0	1	1	4

Rogas and Neidsen, McGoldrick and Long.

The most home runs ever hit by a Boston Red Sox player was 50 by Jimmy Foxx in 1938.

## Artesia Explosion Rocks Rockets, 9-3

**ROSWELL**—(AP)—The Artesia Rockets exploded a tight ball game with five runs on only two hits in the eighth inning to pave the way for their 9-3 conquest of the Roswell Rockets in the rubber tilt of a three-game series here Monday night.

Little Fidel Alvarez weakened somewhat from his torrid pitching performance of the first eight innings and allowed the Rockets three of their eight hits in the final frame. Alvarez stayed out of trouble all the way and had nice help from his mates in posting the win.

The score:

Artesia	9	3	0
Roswell	3	3	0

F. Alvarez and Mulcahy; Estrada, Lopez (6) and Peres.

## Bulldogs Tackle Steers Tuesday

Can Big Spring's shock troops blast the Midland Bulldogs again? That's the question to be answered when the Bulldogs go to Big Spring for a 2:30 p.m. District 3-AA baseball meeting with the Steers.

The last time the two clubs met Big Spring's Raymond Gilstrap joined the Bulldogs by clouting one of Boyce McKnight's pitches over the left field fence.

Although the Midland team tied the score the next inning, it never recovered from that blow and suffered a 6-2 setback. The loss sent the Bulldogs into a tailspin from which they apparently recovered against San Angelo, only to fall victim to Odessa for the fourth time this season in their next effort.

Charles Rose, a strapping right-hander, stiffed the Bulldogs the last time the two clubs met, and Midland is anxious to meet up with the Big Spring hurler again. But they have no part of Gilstrap, his battery mate, nor Tommy McAdams, who led the Steers at the plate. Gilstrap pounded out a single after homering and McAdams had three hits in four trips to the plate.

Coaches Keith Bobo and Louis (Doc) Grevelle have been attempting to get the Bulldogs back in the groove that produced the San Angelo upset, but their efforts were in vain, for the Bulldogs made the same mistakes they had always made in the Odessa game—mainly, errors and boners at crucial moments.

Although he failed in his last try against the Steers, the Midland coaches again will call upon McKnight to start. The rest of the lineup will read Jesse Hatfield, left field; Gwyn Grisham, shortstop; Walt Bingham, first base; Rusty Rutledge, catcher; Dick Spencer, right field; Billy Kizer, third base; James Claiborne, second base; and Joe Bowman, center field.

## Major Clubs Go On First Long Junkets

**By The Associated Press**

Tuesday the ball clubs take a look at their distant relatives for the first time this season.

The American League's Eastern teams go West while the National League views the sights in the East. This first inter-regional play is always particularly important. It shows how the leagues are balanced.

It also gives the rookies their first glimpses of some new parks. And it gives a better line on whether a club can be depended upon to win away from home, since it is a prolonged trip rather than the short opening junkets to nearby cities.

In both leagues the leaders will be playing at home. The Phillies begin an 11-game stand against the West with the Cardinals coming in Tuesday night for three straight night contests. Milwaukee will stop off for two games, Chicago for four and Cincinnati for two.

The Indians have only seven games against the Eastern American League entries this time around. They start off Tuesday night and Wednesday with the Athletics, rest a day before a two-game series with Boston and a double-header with Washington and then take another day off prior to a single night game with the Yankees.

Other games Tuesday in the American League bring Washington to Chicago and Boston to Detroit while the Yankees play Tuesday night in St. Louis.

In the National League all the teams wait until Tuesday night when, in addition to St. Louis at Philadelphia, it will be Milwaukee at New York, Cincinnati at Brooklyn and Chicago at Pittsburgh.

## 15 Horses Seek Bids To Kentucky Derby In Trial Run Tuesday

**LOUISVILLE, KY.**—(AP)—Selection of the complete cast for the seventy-ninth running of the Kentucky Derby, America's foremost horse-racing spectacle, was expected to be completed Tuesday in the mile of the \$100,000 Derby Trial at Churchill Downs.

The Trial, dwarfed by the Derby itself in both purse and importance, attracted a field of 15, at least three, and maybe more, than is expected to start Saturday in the mile and one-quarter run for a share in the \$100,400 added purse and a garland of red roses.

Owners and trainers of at least six of the Trial nominees are more interested in seeing their horses get in a good workout than winning.

The six who need not win or, necessarily, be close, in order to qualify for the big test include Royal Bay Gem, the come-from-behind horse owned by Eugene Constantine, Jr., Dallas oil refinery operator.

The other five who are using the Trial chiefly as a workout are the G&C Stable's Money Broker, Edward M. Goemans' Louisiana Derby winner Curren King, Mrs. J. Payson Adams' English-bred Blue Repeater, Mrs. Ada L. Rice's Mr. Paradise and Mrs. E. E. D. Staffer's Hit the Spot.

**UT GOLFERS BEAT AGS**

**COLLEGE STATION**—(AP)—Texas University golfers whipped Texas A&M linksmen, 51/2-1/2, here Monday.

## Monahans Tourney Starts Play Friday

**MONAHANS**—The sixth annual Monahans Invitational Golf Tournament, expecting about 200 entries, begins its three days of qualifying and match play rounds May 1. Grady Kidd, Country Club pro announced Tuesday.

The program, Kidd said, will forego a Calcutta Pool this year but will include a barbecue and pitch-and-putt contest May 1. The champion in the \$1,000 tourney will be decided in May 3 matches.

## Humble Shuts Out Magnolia In Opener

Humble Oil and Refining Company and Continental Oil jumped into the lead of their respective leagues Monday night as the Jay-Cees city softball program fired its opening guns.

Humble whipped Magnolia Petroleum Company, 4-0, behind the flashy two-hit pitching of Mason to earn the National League lead.

The two hits Mason yielded were collected by Grisset of Magnolia.

Continental pounded out 13 hits, including a homer and a single by Whiteside as they defeated Gulf Oil, 20-6, to capture the American League lead.

Magnolia 000 000 0-0 2  
Humble 000 004 x-4 5  
Howard and Regtar; Mason and Hightower.  
Continental 557 30-20 13  
Gulf 030 03-6 5  
Yoes, Gregory (3) and Smith; Mims, Disney (3) and Decamp.

Key, Wilson & Maxson's REAL ESTATE Bulletin Board REPORTING THE TOP NEWS IN REAL ESTATE

TO BREAK AWAY from the dismal, the drudgery, and the duty of everyday work, man has invented the privacy of a home. Here, he can relax, forget, and be himself. These are the offerings of a 2-bedroom home we have in the Ridgela area.

OUR SIGN IS UP at 108 E. Spruce. If you buy only the roof of it for \$1,500 down, I'll give you the rest of the house FREE! Just sign up now for \$7,900. Cash-saving payments of \$52 per month. Immediate possession.

YOU'VE HEARD people say, "Cute as a bug!" I guess that they mean something like 305 E. Cottonwood. It's got 2 nice bedrooms, relaxing living room, and rear kitchen. There's grass, paving, and a redwood fence. Completely redecorated 2 weeks ago. \$8,250.

TO YOU WONDERFUL and patient people who waited for more of our Kessler Street homes, we can announce that two more are under way towards completion. FHA financing only. 3 bedrooms, large living room, dining area, ceramic bath, and carport with utility room. Central heating, breakfast area and pantry in kitchen, and washer connection. Total down payment is \$1,650, including closing costs. Priced at \$10,750.

DO YOU LIKE COMBINATIONS? I'm talking about homes, not gambling. Say, something like Austin Stone and California redwood? And 3 bedrooms (2 are very large), and 2 baths? And the combination of a wood-burning fireplace in a large living room? And a separate dining room off the kitchen? And the combination of a 2-car garage? What about a water well to go with the grass and trees? And the best combination is the \$14,000 loan with a sales price of only \$18,000. ONLY \$4,000 down! Call the combo of Key, Wilson and Maxson NOW!

YOU FIGURE IT from the following facts: 3 bedrooms, tile over the bath, large living room, separate dining area, nice kitchen with breakfast space, and 2 closets in each bedroom. Asbestos siding, attached carport, washer connection in the utility room. Central heating, central air conditioning, blower fan over stove, pantry. Nice lawn, high fence all around, paved street. 1 1/2 years old and in excellent condition. \$2,900 down (I'll pay all closing costs), and priced at \$11,750.

FOR SUBDUED SPLENDOR and quiet magnificence in home luxury, stop in front of 2507 Country Club Drive. HER HEART WILL GO "PINGGGG" when she sees the delightful interior of this adorable cream brick home. 2 large bedrooms (each 15 feet), softly carpeted living room and dining area, ceramic tile bath, attached carport and storage. Ideal floor plan if you have children. Landscaped, paved street, and fenced yard. REDUCED to \$10,500.

DO YOU LIVE INSIDE your home or outside? If you enjoy the comfort of an idyllic interior, then you'll love 414 E. Pine. Immaculately clean 2 bedrooms, living room and dining area, and attached garage. Even then, it has a large rear patio and fenced yard for your outside private living. Priced at \$10,950.

LOCATION! LOCATION! Who wants LOCATION? Try 1403 West Michigan for size. I know that the 2 bedrooms and the cheery kitchen will fit. Try it on for trade, too.

BETCHA DIDN'T know that 206 Ridgela has 3 bedrooms, huge den, and 1 1/2 baths! And did you know about the strikingly attractive kitchen. And the fence which gives you privacy in your "little estate"? If you know all these, then you know how attractively it can be purchased. We have the home for you, but now it's up to you!

## Solons Scoop Into Expense Fund Voted For Themselves

WASHINGTON—(AP)—House members drew \$128,664 in cash during the last six months of 1952 from the \$481,800 fund they voted themselves for stationery and similar expenses.

The cash withdrawals, Controller General Lindsay Warren reported in an audit of the stationery room, were made by 220 members of the 82nd Congress and averaged \$584 for each of these members. Warren's report, dated April 24, was made available to The Associated Press Tuesday.

The report, covering the period from July 1, 1952, to last January 3, didn't show what the members did with the cash they withdrew. They don't have to use it for stationery, and they don't have to account for it.

Several members listed as having made cash withdrawals said they had used the money for various office expenses.

For example, Chairman Lecompte (R-Iowa) of the House Administration Committee said he believed he had bought two typewriters for an office he maintains in his district. He noted that the only requirement imposed by the House is that the money be used for office expense.

Representative Thomas (D-Texas)

in a separate interview, said he withdraws the stationery expense money as fast as it becomes available and then pays his expenses by check. He said that method makes it easier to keep track of office expenses.

As of January 3, Warren reported, 80 House members had overdrawn their stationery accounts by a total of \$7,575, and former members owed \$2,407.

For the present 83rd Congress, each member started with a new stationery allowance of \$800. That amount could be increased later in the year.

Present Texas congressmen and the amounts they were shown to have withdrawn included: Bentsen \$305; Ikard \$300; Kilday \$400; Lyle \$240; Mahon \$600; Poage \$300; Rayburn \$300; Rogers \$200; Teague \$275; Thompson \$350; Thornberry \$293; and Wilson \$213.

Former Texas member who were listed as having made cash withdrawals included: Beckworth \$300.

**VISIT IN MIDLAND**  
Virginia Saunders and Billy Jo Wall of Big Spring visited from Saturday until Monday in the home of Mr. and Mrs. Van Morrison and family.

## Full Senate May Hear Case Against South Texas Judge

AUSTIN—(AP)—The entire Senate will be asked to consider charges against Judge Woodrow Laughlin of Alice before action is taken on ordering an investigation.

The decision was reached informally Monday by the Senate Committee on Civil Jurisprudence.

Laughlin, judge of the 79th District, was present at the committee, but spoke not a word.

"All I want is a fair hearing," he said afterwards.

Clint Small, a former state senator, spoke for the judge. "What we want is a hearing before the people who vote on it," he said.

**Misconduct Charged**  
Before the committee was a resolution by Senator William Shireman of Corpus Christi, calling for the appointment of a six-man com-

mittee of the House and Senate to investigate charges of misconduct against the judge and report back to the Legislature.

Under the procedure, one named in the Constitution as "address" the Legislature could hear the report of the committee, hear the defendant and then vote on whether to instruct the governor to remove the judge.

Shireman said the procedure had been used only once, in 1874 to remove four judges.

**Committee Studied**  
Committee members got out copies of the state Constitution and argued over procedure.

Chairman Wardlow Lane of Center said, "I have a feeling that this is not the place to try out the facts," meaning the committee.

Senator R. A. Wernert of Seguin suggested that the matter should be referred to the Senate as a committee of a whole. "Let the senators decide it; we can't decide it for them, anyway," he said.

Weinert said he would make the motion Tuesday "or some other time" to refer the resolution to the whole Senate to be considered at a definite time.

**Prefers Impeachment**  
Small said he preferred the impeachment procedure if the Senate wants to try Laughlin. Under that the House would start the proceedings and the Senate would sit as a judge.

Of the list of 17 charges filed in the House and Senate against Laughlin, Small said "rather reckless statements have been made." He said the charges were laid down in blanket, shotgun fashion.

"He has been charged politically, morally, personally and every other way of being corrupt," Small said.

Shireman said he thought an investigation would show "some evidence of oppression in office."

He called the situation in the 79th District an "unholy one" and said "if I can in a small way help to clean it up, I would have done something for the people of South Texas."

**BIG SPRING'S JOE PICKLE**  
... 'attitude is vitally important.'

## Proper Attitude Necessary, Students Told By Newsman

The responsibility of both student and employer in the Distributive Education program was the keynote of an address by Joe Pickle, Big Spring newspaperman, at Monday night's Distributive Education banquet in Hotel Scharbauer.

More than 100 students, representatives of the firms for whom they worked and guests gathered for the seventh annual banquet honoring the employers cooperating with the DE program in conjunction with Midland High School.

Frank Monroe, superintendent of Midland public schools, presented two-year certificates to seven of the students present. They were Shirley Hunada, Mary Evelyn Rhoades, Glen Williams, Wesley Price, Carolyn Ramsey, Dale Wheeler and Frances Boston.

Pickle, managing editor of the Big Spring Herald, told the students it is vitally important for them to have the right attitudes in relation

to their schoolwork and their distributive education work outside school.

He cautioned them not to consider themselves as strictly distributive education students, thus putting all their energy on their jobs.

"You must also take an active part in school activities," he said, "because when you graduate you will have to take part in community affairs very similar to those of school days."

The editor outlined basic qualities and right attitudes which a distributive education student should have towards his situation. They included honesty, imagination on the job, loyalty to an employer, alertness, cheerfulness and steadfastness under trying circumstances.

"Once you learn a lesson you should have the good sense to keep it learned," he said. "And come to realize that as trainees there are some things you don't know."

Pickle also pointed out that for distributive education to work successfully there are certain responsibilities which employers must fulfill to the students working with them. "You employers have a great opportunity to help the younger generation to take their place in society," he said, "and to help them fulfill youthful ambitions. Your attitude is vitally important also. Remember that you must give reasons to the students for things you want done rather than leaving them in the dark about what they are doing."

Toastmaster at the banquet was Virgil McGee. Invocation was given by Barbara Killgore.

Members of the advisory committee for the Midland High School DE Club who were introduced at the banquet were Gerome Graham, John E. Mills, Lionel Craver, Ted Kruger and Nathan Ivy, district supervisor.

"The Sticky Six," a group of Midland High School comic musicians, presented its offering of several popular melodies as the evening's entertainment.

Midland firms participating in the DE program include Five Star, Modern Cleaners, Piggly Wiggly, Midland Hardware, Gibbs-Blatherwick, Mid-West, Penney's, Virtue's, Freeman Shoe Corporation, American Chemical Company, Johnson News Agency, Craver-Hicks, Grammer-Murphy, West Texas Office Supply, The United, Inc., Kennedy Finance, Lead's, Vosatko's, Broadway Motors and Bates Witt.

## Molotov's Proposed Peace Pact Labeled Standard Propaganda

MOSCOW—(AP)—The Soviet government again has endorsed the Communist-sponsored proposal for a peace pact by the "Big Five" powers—the United States, the Soviet Union, Communist China, Britain and France.

The latest Russian nudge for such a peace agreement—which the Soviet Union has urged repeatedly at meetings of the United Nations Assembly—was voiced by Foreign Minister V. M. Molotov in a message sent Tuesday to the meeting in Paris of the Soviet-supported "Congress of the Peoples in Defense of Peace."

There was no immediate comment from the State Department in Washington on the Molotov message. Officials said privately it sounded like standard Russian propaganda.

Moscow newspapers published the text of Molotov's message Tuesday. The papers said the Paris congress—which includes prominent members of the Communist-backed Peace Partisan movement—had appealed to the five governments to "begin talks for the purpose of concluding a peace pact among the five great powers."

from her hand and pushed her down.

She said her husband and McGuire began fighting in the house and she broke up the fight. She and Underwood went outside and McGuire followed them. She told police that McGuire hit her and then her husband went into the house. McGuire was shot as he was entering the house.

Funeral services for McGuire will be held at 4 p.m. Wednesday at the Northside Church of Christ with Jimmy Wood, minister, officiating. Burial will be in Odessa Cemetery. Hubbard Funeral Home is in charge of arrangements.

Survivors include his parents, Mr. and Mrs. Bracketton McGuire of Odessa, one brother, Billy Norris of Harlingen, and a sister, Mrs. W. M. Knight of Odessa.

## Odessan Charged In Man's Death

ODESSA—Grady E. Underwood, 40, of Odessa, faces charges of murder growing out of the Sunday shooting of Thomas Edward Lee McGuire, 27, a welder.

McGuire, who lived in the Underwood home, was killed with two shots from a .12 gauge shotgun. Police said there had been trouble between the two men during a party which broke up about 10:30 a.m.

Mrs. Underwood told officers that the family had gone to bed when McGuire began searching for Underwood's car keys and later came into her bedroom, took a \$5 bill from her husband's trousers and walked out.

She said she heard her son, Larry, 16, call out a few minutes later that his arm was being hurt. Mrs. Underwood then went to the living room to call police, she said, and McGuire knocked the telephone

HOUSTON—(AP)—Small communities with no doctors should try to get young physicians to locate in such areas, the president-elect of the Texas Medical Association said Tuesday.

Dr. George Turner of El Paso also recommended that a course in vocational nursing be added for Texas high schools.

Turner spoke to the association. Turner said communities with less than 2,000 residents are having the most difficulty in obtaining doctors.

"It is no longer considered that inducing physicians to locate in places needing them is the sole responsibility of the profession," he said. "Well trained young physicians will go readily to communities in which they are able to practice medicine of the high quality learned during their medical school and hospital training provided the community will help."

Such help, he said, should include assistance in setting up hospital facilities, adequate living and educational facilities, and satisfactory surroundings in which to raise a family.

Turner said the TMA House of Delegates already has approved a resolution urging the state commissioner of education to install a vocational nursing course in high schools.

## Industrialist Raps C-C Bid To Support Lower Tariff Move

WASHINGTON—(AP)—A prominent industrialist Tuesday sought to persuade the U. S. Chamber of Commerce not to take its proposed stand in favor of lowering tariffs and repealing the "Buy American" law.

Leland I. Doan, president of Dow Chemical Company, told the Chamber's forty-first annual meeting here that, in an extreme liberalization of tariffs, some industries "would be most seriously damaged or even destroyed."

"Much as we dislike—and are trying to circumvent—its necessity, there is one thing in favor of tax-supported foreign aid," Doan declared. "The burden falls equally upon the American people and upon American industry."

The "Buy American" law requires U. S. firms to be given preference in government purchases unless foreign suppliers submit markedly lower bids.

The Chamber's Policy Committee has prepared resolutions for a convention vote Wednesday, calling for the lowering of customs barriers to foreign imports.

Doan, from Midland, Mich., argued in a prepared speech that there is "plenty of evidence" that American tariff revision will not boost efficiency or substantially relieve the U. S. tax burden.

## Communities Should Seek Young Doctors, Declares TMA Head

HOUSTON—(AP)—Small communities with no doctors should try to get young physicians to locate in such areas, the president-elect of the Texas Medical Association said Tuesday.

Dr. George Turner of El Paso also recommended that a course in vocational nursing be added for Texas high schools.

Turner spoke to the association. Turner said communities with less than 2,000 residents are having the most difficulty in obtaining doctors.

"It is no longer considered that inducing physicians to locate in places needing them is the sole responsibility of the profession," he said. "Well trained young physicians will go readily to communities in which they are able to practice medicine of the high quality learned during their medical school and hospital training provided the community will help."

Such help, he said, should include assistance in setting up hospital facilities, adequate living and educational facilities, and satisfactory surroundings in which to raise a family.

Turner said the TMA House of Delegates already has approved a resolution urging the state commissioner of education to install a vocational nursing course in high schools.

## Tennis Court Construction Ready For Okay Of Council

Plans for construction of concrete tennis courts in neighborhood parks scattered throughout the city were announced Tuesday by City Manager W. H. Oswalt.

If the City Council approves the plan, construction on 10 courts, some of which may be lighted for night play, will begin in about two weeks.

Plans for the tennis courts were announced as engineers continued with detailed plans for the development this Summer of two community-type parks—one for negroes and one for Latin Americans—including swimming pools.

"We'll probably receive bids for the two swimming pools around June 1," said Oswalt, "and the pools should be ready for use this Summer."

And the general development of

the parks, otherwise, will be undertaken within the next few weeks by city forces, Oswalt said.

Midland taxpayers last September authorized the issuance of \$615,000 worth of bonds to finance the development of parks throughout the city and \$275,000 worth of these bonds already have been sold.

The city manager said the tennis courts, which do not include those planned for the community-type parks, will be undertaken by city forces.

**For Night Games**  
"If there is a need for such facilities," said Oswalt, "they will be equipped with lights for night tennis."

The tennis court program will be started at Half Park in the southern section of the city with two courts planned there.

After that, two will be built on the north side of the city at North Boulevard and North Edwards Streets. Two will be built at Johnston-Carter Park, two at Permian Park in the Permian Estates, one at Outback and Marienfeld Streets and one in Park Hill Park.

### Contract Awarded For Kermit Hospital

KERMIT—A low bid of \$97,350 brought the general contract for construction of an annex to the Winkler County Memorial Hospital to E. E. Hixon of Kermit this week.

The hospital, now carrying a 35 bed capacity, will have 20 new rooms with the addition of the annex. Funds for the construction are coming from money which had been reserved for a courthouse annex.

**RETURN FROM TRIP**  
Mary Ruth Sanders and Jane Cooksey returned Sunday from a weekend visit in Austin.

### Exploding Grenade Kills Two Soldiers

EL PASO—(AP)—A young soldier and his instructor were killed Monday at Fort Bliss when a grenade exploded.

Officials said Pvt. John Kealy, 20, Chicago, pulled the pin from a hand grenade, then "froze." His instructor was Pvt. Joe Cox, 21, Pilot Mountain, N. C.

Pvt. Bobbie Rogers of Longview received a minor arm wound from flying shrapnel.

## State Spins Evidence Web In Collector's Torch Death

DALLAS—(AP)—The trial of Donald Brown, 24, charged with killing and burning an installment loan collector, approached the defense stage of testimony Tuesday.

A Pacific Finance official testified Monday he gave Edwin Campbell a past-due account to collect from Brown the day Campbell was slain. A neighbor testified she saw Brown and Campbell together that day.

Brown, 24, unemployed, is accused of shooting and beating Campbell to death, then putting his body in a car and setting it afire.

Firemen pulled Campbell's body from the flaming car New Year's

Even Brown was arrested after police learned he was in arrears on auto payments Campbell had been trying to collect.

Capt. Will Fritz, chief of Dallas detectives, showed the jury trousers he said were spotted with blood and which he said were found in the attic of the apartment house where Brown had lived.

Dolores Ann McLain, who testified she lived in the same apartment building with the Browns, said she saw Brown and a man described as Campbell talking on New Year's Eve. The next day, she said, Brown and his family moved away.

**CAUGHT WITH HIS PANTS DROWNED**—That's what happened all too often to James Arthur Field of New York, so he invented these waterproof chaps that attach to a raincoat. Field claims they'll keep your pants dry during a cloudburst.

## Top Officers On Program At Annual Legion Meeting

ODESSA—Top ranking state, district and division officers of the American Legion, headed by the state commander, Albert D. Brown, Jr., of Austin, will be on the program at the annual Spring convention of the 16th Congressional District to be held here next Saturday and Sunday.

District Commander Maury H. Alberts of Kermit announces that in addition to Brown, other state officials to attend the convention will be G. Ward Moody of Austin, department adjutant; Eugene L. Jack

Albert D. Brown, Jr.

son, Cico, fifth division commander and Mrs. Marian Blieden of Houston, state president of the Auxiliary.

The two Odessa posts of the American Legion, No. 430 headed by Joe Cosby as commander and No. 552 with Mrs. Carl Flack commander, have arranged an outstanding entertainment schedule for visiting Legionnaires and Auxiliary members. These include an Auxiliary tea at 6:30 p.m. Saturday at the Ector County Library; a 40 and eight stag dinner at Roy's Restaurant and Drive In at 7:30 the same evening and the convention dance starting at 9 p.m. at the Legion Hall with Bob Goebert's orchestra furnishing the music.

A full day of activity is scheduled for Sunday, beginning with a breakfast for the Auxiliary at 9 a.m. in the Alamo Room of the Lincoln Hotel. A joint session of the American Legion and Auxiliary will be held Sunday morning at the Legion Hall climaxed with a memorial service at 11 a.m. This will be followed with a chuck wagon dinner at 12:30 p.m. at the Legion Hall.

At 2 p.m. the American Legion will hold its business session at the Legion Hall while the Auxiliary will hold its business session in the district courtroom at the Ector County Courthouse. Delegates to the national convention to be held in St. Louis in August will be elected and other business transacted. District Commander Alberts reported Tuesday.

A fellowship hour starting at 5 p.m. after the business session will conclude the convention program.

## RED RECORDS COME EASILY

HONG KONG —(P)—When is a production target not a production target?

The Communist organ Peoples Daily in Peiping gives an answer in citing the Shichingshan Iron and Steel Works. It announced its 1953 production quota had been set at 14.5 per cent over the 1952 figure.

To reach it, the mill increased its staff 48.8 per cent.

## Magic Phrase Aids Trip Around World

RIO DE JANEIRO—(P)—A "magic phrase" is helping a young North American make a tour of the world. Joseph Borneil, 25, of Montana arrived here recently on the South American stage of his journey.

Since leaving Montana, he says he has spent 76 cents, although he is prepared to spend up to 50 dollars for the whole trip. So far, he has visited Honduras, Cuba, Trinidad, Venezuela, British Guiana, via car, airplane and ship. After visiting Argentina, he hopes to go on to Africa.

The magic phrase? "I have no money." Borneil claims that after he says that, people are willing to help him find free passage or lodging.

## JETS ARE USED

KANEHOE BAY, HAWAII — (P)—All tactical training by Marine Air Group 13 at Kaneohe Marine Air Corps station has been switched to Panther Jet Planes instead of the World War II Corsair fighter-bomber, the Marine Corps announced.

# Tito Maps Comfortable Road In Shadow Of Kremlin Cousins

By FRED SPARKS  
NEA Staff Correspondent

BELGRADE — Where does Tito go from here?

The little dictator, manicured and neat as a Radio City usher in his powder blue uniform, speaks to a wild crowd.

They punctuate his remarks with frantic chants: "Hero Tito! Hero Tito! Who is Tito? We are Tito. And Tito is ours."

He speaks without manuscript. The only thing on the varnished rostrum is his beautiful pair of leather gloves.

He looks over the crowd of peasants in fur caps, glassy-eyed school children, husky soldiers in body-cut uniforms.

**Not Without Ambition**  
His speech deals with his new friends: American aid, Britain's royal palaces.

Tito is not without ambition. His every strut screams it.

It seems certain his ambitions begin in the Balkans. And that is OK with the West. He would simply love to head a bloc of Communist Balkan States that refuse to take orders from Communist Mother Russia.

**Dollars, Not Orders**  
He would not take orders from Washington — but he would take many more dollars.

Can Tito, having proved a Communist state can live without Mos-

cow influence his Balkan neighbors to break away?

He is trying in many ways. The most direct method is Radio Yugoslavia, which beams volumes of anti-Malenkov communism to Al-

YUGOSLAVIA'S TITO: Speech deals with his new friends.

bania, Czechoslovakia, Bulgaria, Romania, Hungary and Poland.

The satellites try furiously to jam Radio Yugoslavia. They come in on the same wave length with highly pitched recordings of barks, whistles, and rumbles. However, local broadcasts go off the air at 10 p.m. to give Radio Yugoslavia enough voice power to break through.

Since Tito's London visit, Radio Yugoslavia has been using more Voice of America material. Tito's announcers tell Iron Curtain neighbors:

"We are taking American aid for the common defense against imperialism, but they are not interfering with us like the Russians did."

"Russian communism is not real Marxism. It is government by terror. We tried terror, influenced by Russia, and it doesn't work. As Lenin wrote, having accomplished our revolution we are reducing the power of the state."

"Wake up, friends. Russia is exploiting your country—just like it exploited our country—until we broke away."

Radio Yugoslavia discusses individual satellite problems. The

plith to Bulgaria, regarded as a particularly unhappy captive, recalls the mysterious death of former Dictator Georgi Dimitrov. He slipped out of this world while visiting Stalin.

**'American Theme'**  
The real reason for his departure, Tito's announcers hint, is that Dimitrov wanted to join Tito in a Balkan Alliance without Soviet chains.

The West is quite happy about Tito's radio blitz. Many hard-bitten Communists are more likely to think of living peacefully with the West now that Tito is doing just that.

Don't get the idea Tito is playing an "American theme." Far from it. He doesn't make much of our efforts in Korea, merely referring to the action in passing as a UN affair. And Radio Yugoslavia keeps joking at the Catholic Church and the Vatican, still high on Tito's hate list, although there are plenty of rumors here about a peace pact with the Pope.

**Fuzzled Prisoner**  
Anyway Tito's radio sounds more and more like the Voice of America or the BBC. Which recalls the local gag: In 1948 a fellow went to prison for yelling: "Down with Stalin."

Kept in Belgrade jails for five years, without a shred of news, he was released the other day. As he strolled away he saw a political gathering. He joined it and taking no chances this time, yelled: "Hurray for Moscow!" He's back in his old cell, puz-

## Tube Under Channel Gains New Backers

PARIS —(P)—About once a decade during the last 100 years, some one latches onto a change in world events to revive the idea of digging a tunnel underneath the English channel. Western Europe's defense buildup has again brought the age-old plan to link France and England out of dusty archives.

Ernest Thurtle, a British MP, and French Architect Andre Basdevant approached top-ranking officers at Supreme Headquarters Allied Powers in Europe not long ago with a scheme for such a tunnel.

It called for construction a double-decked, 35-mile-long tunnel connecting Basinghen near Calais, France, with Folkstone in Kent, England. One deck would be for automotive traffic, the other for a double-track railroad.

# Eisenhower's First 100 Days In Capital Hard To Judge

By JAMES MARLOW  
 WASHINGTON (AP)—On Thursday President Eisenhower will have completed his first 100 days in the White House. There will be comparisons between his first 100 days and those of Presidents Franklin D. Roosevelt and Truman.  
 But these are comparisons without real significance since the circumstances under which the three men took over the presidency were different. A true judgement of Eisenhower's first 100 days may have to wait a year, perhaps years.

It will have to be pegged not so much on what he has done in these first 100 days but on the plans and decisions made in that period for the future.  
**Broke And Bewildered**  
 Roosevelt took over when the country was broke and bewildered. He had to act fast to prevent collapse, and he did, with one emergency measure after another.  
 Truman's first 100 days were momentous—the surrender of Ger-

## Malenkov Invited To Visit English Home For Holiday

MARGATE, ENGLAND (AP)—Bertha Giles challenged Russia's Premier Georgi Malenkov Monday to come and visit her in Margate.  
 Malenkov probably would do well to turn down the invitation, because Mrs. Giles, mayor of this east coast resort, is an angry woman.  
 She is angry because Moscow radio contrasted Monday the anniversary of the Russian Revolution with the Western-style gloom enveloping Margate.  
 "The citizens of Margate approached their municipal council with a request for the gas lighting to be replaced by electricity," the radio said. "The Margate municipality refused to fulfill the wishes of the citizens, referring to lack of funds."  
 The radio contrasted this unhappy situation with Delovoi, where the local council built a hydro-electric plant last year and everyone lives in light.  
 Mrs. Giles said: "I challenge Malenkov to come here and see for himself. Then he will see our half million electric lights go on and stay on for the summer season."  
 "I should be happy to put him up. He can have a bedside lamp and a copy of Grimm's Fairy Stories."

## Marine Reservists To Hold Training

The Volunteer Training Unit of the Marine Corps Reserve in Midland will hold a training period Thursday from 7:30 to 9:30 a. m. in Room 310, McClintic Building, announced Lt. Col. Philip J. Yeckel, commanding officer.  
 Two Marine officers will instruct reservists at the meeting. Major Woodford Adams will speak on "Duties of the Embarkation Officer." and Captain Robert Boylston will talk on "Personnel Classification."  
 Yeckel urged all area Marine Corps Reserve members to be present for the important lectures.

## Civilian Activities Studied For Draft Deferment Claims

On a local draft board is placed the responsibility, under applicable laws and regulations, of deciding which men should be deferred because of their civilian activities.  
 The three categories of men considered are: (1) farmers or farm workers, (2) college or university students, and (3) men in industrial and all other civilian activity.  
 In the case of students, deferment until end of the school year is ordered by law, if the student is mailed an order to report for induction while he is in school satisfactorily taking a full-time course of instruction, provided he has never received such a statutory deferment before.  
 If the student has previously received such a deferment, then further deferment is up to the local board. The board can consider information outside the scholastic as well as scholastic information. The widely-publicized draft test for college students can be ignored by local boards under draft regulations if the board so desires. Score on the draft test and class standing of the student are provided as information for the board.  
 Here are three things the board considers when it is looking at a case of possible deferment for farming or other civilian activity: (1) Is the man engaged, except for a seasonal or temporary interruption, in the activity? (2) Can he be replaced by persons with his qualifications or skills? (3) Would his removal cause a material loss of effectiveness in the activity?  
 In the case of farmers or farm workers, the chief question asked is: Is he employed in the production of agricultural commodities necessary to maintenance of national health, safety or interest?  
 All such deferments are for limited periods.  
**Rainmaking Reports Now Required By Law**  
 MADISON, WIS. (AP)—Rainmakers in Wisconsin will have to tell the State Public Service Commission about their plans to make it rain.  
 Under a bill signed into law by Governor Kohler, they must also follow through later with a report on results of the rainmaking.

## Wife Of Treasury Secretary Earns Nickname 'Hitchhiker'

By PATTI SIMMONS  
 NEA Staff Correspondent  
 WASHINGTON — When does a good hitchhiker make a good hostess and the other way around? When they both add up to a good wife is the answer you'd be likely to get from the secretary of the Treasury.  
 Hitchhiker's the nickname George Humphrey pulled out of a traveling bag for his dignified spouse. In the days when he chafed up about 100,000 miles a year for M. A. Hanna Company, Mrs. Humphrey soon discovered the best way to see her husband was to see the country with him.  
 Now Pamela Humphrey is seeing Washington from a place complete with seasoned party ghosts.  
**New Tenant On Steps**  
 Built before the civil war, it's said to have been part of the farm of Samuel Morse, telegraph wizard. The roster of those who have lived there reads like an international Who's Who—Mrs. J. Borden Harriman, Sir John Balfour, once British Minister to Washington, diplomat Perle Meeta and the W. Averell Harrimans. The cabinet couple's landlord is James Ryan of New York, grandson of Thomas Fortune Ryan.  
 "Everytime the door opened," says Mrs. Humphrey, "there must have been a new tenant on the step." From here on, in, if she has anything to say about it, the door step will be crowded with grandchildren, of which she proudly claims eight.  
**Filly Shares Name**  
 It was more than a crowd when grandson George Magoffin Humphrey 2nd, 10, showed up the other day with 25 of his Ohio school chums for a tour of the U. S. Treasury.  
 When grandchildren Alice and Pamela came to town, it was grandpa Humphrey who carted them down to view the wonders of the Smithsonian Institution.  
 "Hummy" is the name the children handed their chic, gray-haired grandmother. The next thing you know, she had to share that pet name with a horse, a two-year-old filly which belonged to her husband and raced at Laurel, Saratoga and Belmont.  
**Likes Glassware**  
 They're a pair of hunters, these Humphreys. Favorite targets for the brown-eyed cabinet wife are antique glassware and porcelain. When shouldering a gun with her husband, Mrs. Humphrey modestly claims

"once in a while I'm lucky." At their vacation place in Georgia, the cabinet couple can call their own shots—quail, wild turkey, dove or duck.  
 "I have always felt," reveals Mrs. Humphrey, "that the way to help my husband the most is to see that he has an undisturbed home life."

**MRS. GEORGE HUMPHREY:** "Once in a while I'm lucky."

Even something simple, like taking a delayed dinner hour in stride, she deems important.  
**No Club Woman**  
 Pamela Humphrey doesn't consider herself a club woman. A civic worker, yes. In Cleveland, they'll tell you it was more than her name she lent to work for crippled children, the Red Cross, the Cleveland University hospital and the symphony orchestra.  
 Besides thinking of other people's children Mrs. Humphrey raised three of her own.  
 It's the cabinet wife's firm belief that without an interest in community things "you have not a very full or complete life."

## PROWLER UNCOVERS ANCIENT GOVERNMENT SURVEY OF MIDLAND COUNTY

Delbert Downing of the Chamber of Commerce reports a prowl in his office unearthed an old "Soil Survey of Midland County, 1928." We admit that we just love to prowl, and Delbert is a small assistant. This is the usual government work, exhaustive and exhausting. It has 32 pages, a big map in 17 colors, and can be had from Washington for some fee, probably less than the postage. We are still paying taxes on this, so some quotes should be permitted.  
 It says there are 23 types of soil here, and they write at length on irrigation, alkali, crops, etc. These Federal boys really spent a lot of time on this job. The most significant statement that these early Brain Trusters made occurs on page 28. "The decrease in productivity is due to the depletion of plant food." Folks, the sales pitch was a long time coming, but here it is—Poor soil 1928, poorer now. You ought to start using that grand Turf Special this instant before your land gets any worse. "Taint every part of the country that is so sorry that it has an organic fertilizer made just for it! Can't you just hear your grass yearnin' for a good square meal of Turf Special?"

**Buddy's Flowers Prepares Orders For Mother's Day**

Mother's Day—dedicated to the one woman who plays a part in every man's life, is coming on May 10—and Buddy's Flowers, located at 1506 West Wall Street already has begun to prepare for the important occasion.

Lapel carnations, in beautiful white or red, roses, will be ready at the shop for Midland men and boys who will honor their mothers on the big day of recognition.

And there will be a wide selection of flowers in unlimited arrangements for the daughters who will think of Mother on May 10. Potted plants will be a favorite for women receiving Mother's Day gift. They will be available in hydrangeas, rose bushes, fuchsias, and many other varieties, all tastefully arranged in individualized containers.

Corsages for Mother will be the demand by Midlanders in many cases on May 10. Buddy's Flowers will have carnations, gardenias, roses, orchids, and a host of other flowers, in all the colors of the rainbow.

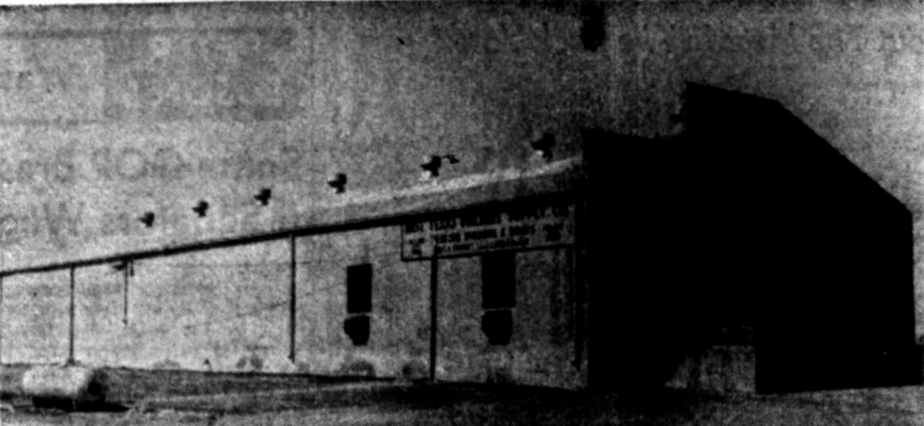

Buddy Pulliam, owner and manager of the shop, said that free delivery of flowers anywhere in Midland is a regular practice of the firm. He has made special preparations for the impending Mother's Day rush of orders.

Telephone orders may be given by dialing 4-7419. The courteous attendants at Buddy's Flowers will take care of all the details, relieving the busy Midlander of the need for coming to the shop in person.

A popular feature at the shop for Mother's Day for those who will be miles away from Mother on the big day will be flowers by wire. Floral tributes may be sent anywhere in the world through the service.

A complete array of flowers is in stock at the shop at all times, besides those for special days, including seasonal plants, potted units, green plants, and any particular arrangements desired.

Buddy Pulliam is well qualified to fulfill the floral needs of his Midland customers. He has lived in

**BUILDERS PARADISE**—West Texas Builders Supply Company, located at 501 East South Front Street, offers a varied and complete line of building materials for that construction project. The firm has furnished the supplies needed for many Midland businesses and residences as well as over the Permian Basin.

**Mid-West Lumber Company 'Utopia' For Home Builder**

To prove that the Mid-West Lumber Company, at 2010 North West Front Street, is ready to serve every need of the Midland home or commercial builder, one need only call 4-5621 for an accurate estimate of material costs and ready response for related problems.

Joe B. Wright, owner of the Mid-West Lumber Co., will be glad to help you work out your individual problems, whether the job be small or large.

If it is a good fence you desire, then Mid-West will help you select from their complete supply of Redwood V Joint or any other type of fencing materials.

For protective, stylish, and lasting beauty inside or outside of the home there is an ample stock of the famous Seidletz Paints, including one-coat rubberized paints in all colors.

Multi-Tint, a Seidletz paint product, is one of the most revolutionary developments in the paint industry. Multi-Tint allows the painter to select from every possible paint color.

The desired color comes in the form of powder and is in a small tube. The user takes the powdered paint and mixes it in a quantity of white base paint in a matter of seconds. The white base and powder are mixed on a machine which jostles it together properly. The colors may be varied in strength also depending upon the quantity of powder used.

Whether you are a professional carpenter or one who likes to do his own work, Mid-West Lumber Co. offers you a variety of tools for every task, and a wide selection of related materials such as nails, screws, and hinges.

Everything for the millwork of a home or office is available at the firm, which handles a quality selection of windows, doors, and moldings.

For base work and paving, Mid-West Lumber Co. is ready to supply you with that modern wonder, Ready Mixed Concrete in 100 pound sacks, or any other concrete you want.

Every building that's worth its salt has a roof and this company is able to supply the most exacting roof need. They also carry wall boards of sheetrock and plywood and insulation boards, as well as louvered screen doors and inserts to dress up that old door.

If you are looking for some good garden tools to help Spring along its way, then the firm has got those too, as well as garden hose.

For that touch of distinction come by and select from Mid-West Lumber Company's framing lumber, which is available in all kinds and styles including fir, Hemlock and white pine of the finest woods.

In fact no matter what you may want for home or commercial building, (short of a loan) Mid-West Lumber Company is the place to get it.

It has been found that X-rays of 50,000,000 volts are no more damaging to living tissues than those of 2,000,000 volts, provided the total dosage is the same.

**House Of Carpets Provides Finest In Home Furnishings**

Luxurious carpeting, fine draperies and unusual wall covering are featured at the House of Carpets, 1502 North Lamesa Road, which has entered its second year of efficient service to Midland homes.

Included in the supply of excellent carpets at the firm are Wunda-Weve, made of high quality cotton, the well-known Nye-Wait wool and nylon carpeting, Adamo cotton carpets and Mohawk wool carpets.

The beautiful line of imported carpets includes hand-knotted India carpets, Puerto Rican hand-made rugs, and also English and Belgian imports. They are special dyed to any color.

For Summer, cool rush squares, sisal squares, and hemp squares are available. Fibre and cotton rugs particularly are recommended for economical floor covering.

Japanese hand-hooked rugs and braided rugs in a variety of colors and patterns from California are also offered.

Draperies are in stock at the House of Carpets in a collection of the best—plains, hand-blocked prints, Nubby weaves, machine prints, glens, chintzes, gauzes (silk, cotton, nylon, glass) bamboo and cornices, plus hand-blocked linen. Unusual wallpapers are available in burlap, Japanese rice, and mural designs.

Although the House of Carpets specializes in many of the finest imported and domestic fabrics, it has a complete supply of home furnishings in the medium and low priced ranges.

In fact, the housewife has to go no further than the House of Carpets to provide her home interior decorating needs. Articles difficult to get are special ordered by the firm.

One of the early fine residences in Midland was selected by the owners of the House of Carpets as a headquarters. It was remodeled to suit the requirements of the firm.

Person's Crumbling Prestige

Twice in recent weeks bombs have exploded fairly close to President Peron of Argentina. It was no accident that the bombs and Peron were in the same neighborhood at the same time.

The burning and rioting which followed the second of these incidents suggests either that Peron still does have an ardent popular following of some size, or that he has a well-trained strong-arm squad able to incite a mob.

Enraged mobs destroyed the headquarters of the two opposition political parties which have been most vocal against the dictator, seeming by these reprisals to hold them responsible for the attempts on Peron's life.

Nevertheless, although these eruptions were inspired by Peron's supporters, they and the bomb attempts are symptomatic of the dictator's deteriorating position in Argentina.

For a long time he has shown no sign of grappling seriously with his country's economic problems. Inflation is the worst of these, and a meat shortage is among the newer aggravations.

Peron has sought to maintain himself with a fine outward show of the symbols and trappings of power. His recent visit to Chile was in effect largely a prestige stunt.

The world—even the Latin American part of it—may be growing tired of marching men and bleating bands, of autocrats in resplendent uniforms smiling indulgently at submissive hordes parading dutifully by.

Peron has been getting by with this sort of sham for some years now, and his epaulets are beginning to fray. Since he has made something of a specialty of losing friends and alienating people outside Argentina's borders, he is not exactly well placed to seek foreign help in his current dilemma.

Peron would be out of there in an instant if the Argentine army were convinced he no longer filled the bill. His attempts to buttress his position by drawing support from other elements of the population have been only moderately successful.

What these new outbreaks suggest is that the moment may be coming closer when the military in Argentina will decide that Peron's usefulness is at an end.

This salt and pepper mixture of traits hardly recommends him for permanent membership in the International Society of Dictators.

An Eastern man must pay alimony for 99 years. Those last few payments will set a new high for special delivery.

And How About The Mess In The Back Yard?

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1953, By The Bell Syndicate, Inc.) Drew Pearson says: Foreign governments say State Department policies through Washington lawyers; Charles Patrick Clark paid \$291,249 by Spain since 1950; Senator Brewster and Congressman Keogh cooperate with legal lobbyists.

WASHINGTON—It now has been just about a year since the U. S. Congress voted \$125,000,000 for Dictator Franco on condition Franco in turn give the United States air and naval bases in Spain.

Under the Constitution, the President and State Department are supposed to conduct our foreign affairs by and with the consent of the Senate.

As another illustration, the Spanish lobby was able to get \$125,000,000 appropriated for Franco at a time when the State Department opposed the appropriation, at a time when Congress was supposed to be economizing, and at a time when Franco himself would not, and still has not granted air and naval bases to the United States in return.

Here is the case history of certain lawyers for foreign governments and how they operate. Chief attorney for Franco in Washington is Charles Patrick Clark, who does not conceal his connection with the Justice Department as provided under the Foreign Agents Registration Act.

On April 28 for instance, Clark made a big hullabaloo about the importance of playing gin rummy.

So They Say I am not one of those who "views with alarm" the future of newspapers because of television.

George C. Biggers, vice president, Newspaper Publishers Association. I do not believe that our present security planning can be modified by recent Soviet moves.

The foreign policy of the Soviet Union is a policy of peace based on the strictest observance of treaties and agreements concluded by the USSR with other states.

It's taking far more time than I had realized, I'm working harder and putting in longer hours than when I was a senator.

PETER EDSON'S Washington News Notebook

Some GOP Brass Would Have To Go If Senators Waged All-Out Cleanup

WASHINGTON—(NEA)—The final test on Republican Administration personnel policy will be its showdown in the State Department.

Such a housecleaning, if carried to extremes, would remove some real top brass. Secretary of State John Foster Dulles himself was a special ambassador and United Nations representative under the last Administration.

His undersecretary, Gen. Walter B. Smith, was director of the Central Intelligence Agency.

Four of Dulles' assistant secretaries of State are U. S. Foreign Service career men who had important positions under Acheson.

George F. Kennan, first head of the Policy Planning Staff, has been dropped by Secretary Dulles.

With charts and slides and diagrams, the Americans presented the picture of U. S. finance—national debt of \$267,000,000,000, budget unbalanced by \$10,000,000,000.

When the presentation was over and the lights went on in the conference room, Secretary Humphrey said, "Well, any questions?"

There was a moment's awful silence. Then Andy Overby put in: "... or any suggestion?"

Both sides guffawed, and with the tension thus broken over realization that the U. S. had it bad over here, too, they got down to business.

One of the men whom Defense Secretary Charles E. Wilson wants to appoint as an assistant secretary of Defense—if Congress only will waive the conflict-of-interest law which requires a government official to dispose of his private stock holdings in companies with which the government does business—is Willard F. Rockwell, Pittsburgh industrialist.

Rockwell is chairman of the board of his own Rockwell Manufacturing Company. He also is chairman of the board of Timken-Detroit Axle, Timken Silent Automatic Company, and Standard Steel Spring.

During World War II, Rockwell served in Army-Navy Munitions Board, War Production Board and U. S. Maritime Commission.

Anytime her husband wants to speak to a fellow Cabinet member, all he has to do is pick up the White House telephone.

Mrs. Charles E. Wilson, wife of the Defense secretary, has confided to women reporters that the greatest convenience in her new Washington apartment home is the White House telephone.

These letters were shown to Burger with apologies. He looked over the file and then observed wryly, "I detect a strange silence from Minneapolis, and no expressions of gratitude from the citizenry there for the gift that has been made them."

Scrap Make Floor GREAT FALLS, MONT. —(P)—Wood scraps—31,075 of them—form the floor of the Jack Shells' basement recreation room.

Mr. and Mrs. Shell spent six months sawing, gluing and laying the tiny scraps of fir, larch, pine and other woods from all over the world.

The Shells like the floor but they "wouldn't want to do it again."

HEALTH UNIT TO COOL OFF Workers in the City-County Health unit will not have to sweater through another summer in their building at Colorado and Missouri Streets.

The Commissioners Court of Midland County agreed Monday afternoon to share with the City of Midland the estimated \$650 cost of providing an air-conditioning unit for the building.

MAU MAU ROUNDUP—Standing on a hill in the village of Mathari near Nairobi, Kenya, East Africa, an armed guard watches over some of the 1000 Mau Mau terrorist suspects netted in a raid on the village.

BOOKS FOR THE BARON by Anthony Morton

At half past six that evening, the Cap and Balls, a tiny inn in a village a mile from the Whites' cottage, and glanced at Lorna, who was sitting by his side.

Lorna used her powder puff. "What now?" she asked. "I want to be sure we haven't been followed," said Mannering. "If we haven't, we'll go on to the Whites' cottage, and have supper there."

No car drove into the village; there was nothing at all to indicate that a lady had been followed, and after 10 minutes, Mannering started off again.

Lorna was sitting. Everything she did showed that she was strange to the job—and yet that glow of youth lighted her up.

Abel's father came out of the kitchen as if to keep a kindly and benevolent eye on Gloria. A dumpy little woman, who barely reached the old man's shoulder, joined him. The Whites' manner suggested that they were apologizing for permitting such humiliation for the Lady Gloria.

Then a huge, shaggy off-white dog came strolling out of the cottage. The dog passed the old couple, sniffed at Gloria's knees, and then stalked towards the cyclists and squatted near them, obviously begging tidbits.

When Mannering and Longley joined the others in the drawing room, Longley and Mary sat together on a chesterfield, pretending to listen to a concert of chamber music; Lorna really was listening, so Mannering had no chance of speaking to her until they were upstairs in their room, a little before midnight.

# Peek Into Future Shows Baby Sitting Reaching Inflationary Pinnacle By '60

By HAL BOYLE  
 NEW YORK—(AP)—You think it's hard to find a good baby sitter today?  
 Well, here is the way the problem probably will size up by 1960: Joe McParb and his wife, Mary Ann, decide to take a night off from parenthood and go out and see a movie. But who will stay home and little Joe? Joe calls up the Happy Home Baby Sitting Agency, and the conversation runs thus:  
 Joe—I would like a good baby sitter for tonight, and—  
 Agency—For tonight? Are you kidding? We are booked up through the Spring and Summer. How about next Fall?  
 In Wrong Crowd  
 Joe—I don't know what movie will be showing next Fall. Mary

Ann and I want to see the one that's on tonight. Maybe you'll have a cancellation.  
 Agency—We don't like to do business on an emergency basis. Usually our sitters insist on having met our clients socially, to be sure they are proper people. They can't afford to get mixed up with the wrong crowd.  
 Joe—Look, I'm in a real spot. Can't you help a fellow?  
 Agency—It's against the rules, but—I'll try to speed up the formalities.  
 Joe (humbly)—Gee, thanks, what do I have to do?  
 Minor Third Degree  
 Agency—Well, you and your wife and son had better drop down to our office at once. Bring along a recent photo of your home. We will

also need a letter of credit from your bank, and a character testimonial from your pastor.  
 Joe (dazedly)—That all?  
 Agency—No, we'll have to have a copy of your son's latest school report card, an estimate of his personality by his teacher, and a certificate from a doctor stating he is free from contagious diseases. We also require written permission for us to consult your family psychiatrist, privately to get his opinion on the status of any unresolved conflicts within your home.  
 Pleny in Ice Box  
 Joe (weakly)—Is that all?  
 Agency—Well, of course, naturally you are prepared to pay our usual limousine costs for picking up your sitter and co-sitter and returning

them to their homes. They will expect a hot meal on their arrival, and refreshments in your refrigerator in case they should wish to entertain a few friends while on duty. It goes without saying that your television set must be in perfect condition.  
 Joe—Wait a minute. What is this business about a co-sitter?  
 Agency—All baby sitters today insist on bringing a co-sitter along for company. You know, like airplane pilots do.  
 Joe—How much is all this going to cost me?  
 Agency—Our minimum fee is \$75 but right now we aren't taking on any more of these charity cases.  
 Just Shest Junior  
 Joe—Look, mister, all I want is some nice elderly lady who knows about kids and would like to pick up maybe \$5 watching little Joe for us while we take in a movie. Don't you know any baby sitters like that?  
 Agency—I do. We had one like her, and made the mistake of selling her to a museum that wanted to preserve her for historical purposes. Well?  
 Joe—Look, mister, I want to make you a proposition. To heck with the movie. What I want to know is, if I shoot little Joe, can Mary Ann and I go to work for you as baby sitters?  
 Agency—You can. But be quick. I've got four jobs waiting for you right now. All high class.

## ★ DR. JORDAN SAYS ★

### Leukemia May Be Increasing But Is Still A Rare Disease

By EDWIN F. JORDAN, M. D.  
 Written for NEA Service

Leukemia is a disease which was named and recognized more than a hundred years ago. Translated it means "white blood."  
 The blood does not turn white in leukemia, but it does have a "whiteness" about it which is caused by the destruction of some of the normal red cells and the addition of large numbers of colorless cells which are known as white cells or leucocytes.  
 Normally, there are about 5,000 to 10,000 white cells or leucocytes in a cubic millimeter of blood—this being a very small amount of blood. In many forms of leukemia the number of white cells rises to 30,000 or 40,000 and sometimes more than 100,000. There are both normal and abnormal kinds of white cells present.

In the rapid or acute cases the body becomes overwhelmed with the abnormal white cells. In such cases weakness develops rapidly. There is, likely to be bleeding from the gums or into the skin.  
 In the slower or more chronic cases, enlargement of the lymph glands in the armpits, groin or neck may be the first sign of the disease. The spleen also is usually enlarged. Increasing fatigue is another common early sign.  
 The exact diagnosis of leukemia is made by examining the blood under the microscope. This is done by taking a small drop of blood and counting the white cells. The blood also is smeared on a glass slide, stained with special dyes, and examined under the microscope.  
 It is possible that leukemia is becoming more frequent, although it still may be considered a comparatively rare disease. It should be realized, too, that there are several kinds of leukemia, depending on the particular variety of white cells involved and on whether the condition is acute or chronic.

Unfortunately, the cause of leukemia is not known. It sometimes is called cancer of the blood, but this is not really correct because no one is yet entirely sure as to whether it is related to cancer or not. Also, it cannot be cut out by surgery as many cancers are.  
 Victims of leukemia, particularly those with chronic varieties, often can be helped temporarily by blood transfusions, X-ray treatments over the spleen, or by certain kinds of arsenic preparations taken by mouth. Other methods, including ACTH and cortisone, are being studied, though treatment of any kind is still far from satisfactory.

The name of the famous diamond can be spelled Kohinor, Kohinoor, or Kohinur and means "mountain of light."

HENRY RANDOLPH MITCHELL, of Lexington, Ky., alias Michael Angle, J. C. Womack, "Little Mitch," and others. WANTED for bank robbery at Williston, Fla., in 1949. His criminal career dates to 1924 and has been convicted for grand larceny, violation of the narcotics law, breaking and entering, and forgery. Mitchell finds it very hard to stay away from the race track and is supposed to be a daring gambler. He is five feet, five inches tall, weighs 155 pounds, and is scarred on inside of left wrist, and above left eyebrow. CAUTION: He is believed to be armed and must be considered dangerous. If you know of his whereabouts please NOTIFY the Federal Bureau of Investigation, U. S. Department of Justice, Washington, D. C., or the FBI agent nearest your community.

# Odessa Army Man Stationed In Austrian Mountain Post

By GRACE HALSELL  
 Reporter-Telegram Special Correspondent  
 SAALFELDEN, AUSTRIA — A West Texas boy, Pvt. Harold Sledge, of 217 North Golden Street, Odessa, is stationed in one of the garden spots of the world—at Saalfelden, Austria, a village nestled at the foot of the majestic Hohe Tauern mountain range.  
 Yet, Private Sledge told me that if anything would look good to him it would be the West Texas flatness. Sometimes boys like the Comanche

native will admit they would be glad to see a little West Texas sand blowing. They get just that homelick for the Lone Star State—and their families.  
 Private Sledge, son of Mr. and Mrs. John W. Sledge, of 1015 North Lincoln Street in Odessa, stationed with the 70th Engineer Battalion headquarters.  
 To locate his company, I drove two hours from Salzburg through famous health and ski resort villages to the town of Saalfelden.  
 Sledge's company was preparing to leave for Army maneuvers in

Germany.  
 Born in Comanche, Sledge attended Comanche High School and Odessa Junior College. He worked for C. E. Ashford Construction Company in Odessa.  
 Entering the service in November, 1951, he served at Camp Carson, Colo., before coming overseas.  
 He has a sister, Mrs. John Fellows, who lives in the Hill Top Apartments, Odessa, and two brothers, Gordon, in Comanche, and Raymond, in Beeville.

PARKING PROBLEM SOLVED—Parking was no problem for the driver of this car which came to rest squarely on top of another in St. Louis. Elma Sykes, the driver, was unable to straighten out the wheels on a left turn, and the car went on to "park" this way.

Using The Spinning Reel  
 Since coming to Austria, one Texas fisherman has become a firm advocate of the spinning reel.  
 He is Warrant Officer F. D. McSween of Frost.  
 McSween, who is stationed with the 70th Engineer Combat Battalion at Saalfelden, Austria (about two hours drive from Salzburg), has been using spinners "exclusively" since his arrival in this country a couple of years ago.  
 "I don't believe the people in the states are too familiar with the spinners," he said.  
 Like any rod-and-reel devotee, Officer McSween is prepared for the fish at any time.  
 During the course of the interview, he had to show off his fishing equipment, which he keeps "at all times" in his American automobile.  
 The spinners do all right for the Texas. He catches "mostly brook trout" with some rainbow and brown.  
 Five And Six Pounders  
 His trout average 12 inches, although he has pulled 'em out as big as 21 inches, "and they'll go as high as five and six pounds, he said.  
 The warrant officer fishes the Saalach River and Saalbach stream. He paid \$5 for his fishing license, which is issued by the military.  
 The country is divided as "land Salzburg, and "land Upper Austria."  
 For \$10, you may have licenses permitting you to fish any place in Austria.  
 Fishermen in Austria are required to make a report at the end of each day as to where he fished and number of fish he caught.  
 As the country is small and there are so many fishermen, restocking is important.  
 Funds collected among American service personnel for fishing licenses are turned over by the military to the fishing reviers (districts) for the purpose of buying fingerlings to restock streams.  
 A total of \$4,928 in fishing license fees was turned over recently to the upper Austria department of agriculture for the purpose of restocking fishing streams in that area—the figure representing the amount collected last year through the sale of \$5 seasonal licenses.

# No. 1 in Texas

First in sales among premium gasolines

## First in Quality

There's a friendly Texas welcome waiting for you at the Esso Extra pump under the Humble sign in your neighborhood.  
 A friendly welcome... and the No. 1 gasoline in Texas!  
 Esso Extra stands No. 1 because more Texans use Esso Extra than any other premium quality gasoline.  
 It stands No. 1 because Texans have discovered that Esso Extra gives them:  
 Extra anti-knock performance; extra quick starting; and extra power—plus a patented solvent oil that keeps engines extra clean.  
 Ask any user; he'll tell you that Esso Extra stands No. 1 with him—that he prefers the extra performance that Esso Extra gives his car.  
 So will you. Enjoy your car: fill up with Esso Extra gasoline at the Humble sign in your neighborhood.

An outstanding gasoline at regular price  
**HUMBLE MOTOR FUEL**  
 Just as Humble Esso Extra is the quality leader among premium gasolines, continuously improved Humble Motor Fuel leads in the regular price field... Which ever you use—premium grade or regular—fill up with a better gasoline under the Humble sign in your neighborhood.

# Daddy Ringtail

## Daddy Ringtail and Happy Be at Home Again

Mugwump Monkey, the monkey boy, was happy to be at home again in the Great Forest, but he was wanting a someone to say "Happy be at home again" to him. Yes, and the only one who might say it was the Shagannappy, because Shagannappy was the only one who hadn't been away to the circus too.

Oh, but the Shagannappy never remembers anything, remember. He forgets everything almost. He forgets his name. He forgets where he has been, where he is going, and why he is going there in the first place, or even in the second place. He wouldn't remember that Mugwump had been away. Mugwump was thinking. And if the Shagannappy didn't remember that Mugwump had been away, of course the Shagannappy would never be saying a "Happy be at home again."

Well, Daddy Ringtail, your monkey friend, said that the things that

happen will sometimes surprise us, and so Mugwump hurried away to find the Shagannappy. Yes, and when he found Shagannappy sitting on a log, Mugwump said: "Happy day there, Mr. Shagannappy."

Said the Shagannappy for an answer: "Uh, huh, Happy day to you Shagannappy."

"Nosstr," said Mugwump. "My name's Mugwump. The Shagannappy is who you are."

Shagannappy remembered then that his name was Shagannappy. Said he: "Uh duh, glad to know you, Mugwump."

"Nosstr," said Mugwump. "You've

### By WESLEY DAVIS

known me all my life." The Shagannappy remembered when Mugwump said the words. "So I have," said he. "So I have, uh, duh. I remember now. Happy be at home again, Mugwump."

Mugwump was very happy and very surprised to hear the Shagannappy say the "Happy be at home again." It didn't matter at all that the Shagannappy didn't remember how Mugwump had gone away to the circus. Nosstr, and the Shagannappy, poor fellow, was remembering only that Mugwump last year had been away to the sands by the sea. He had forgotten that Mugwump was back again from the sea for a whole year.

Shagannappy still was glad to see Mugwump, and that was the thing that Mugwump wanted most. And so Mugwump was happy, and the Shagannappy was happy, all on a very fine day at home in the Great Forest. Happy day!

## The BIBLE

—Can You Quote It? LAVINA ROSS FOWLER Copyright 1953

1. Go ye therefore, and teach all nations, baptizing them in the name of St. Matthew 28:19.
  2. This is the day which the Lord hath made; we will rejoice and be glad in it. Psalms 118:24.
  3. Her ways are ways of pleasantness, and all her paths are peace. Proverbs 3:17.
  4. Better is a poor and a wise child than an old and foolish one. Ecclesiastes 4:13.
  5. Blessed are ye poor; for yours is the kingdom of God. St. Luke 6:20.
  6. Why did God bless and hallow the seventh day? Genesis 2:3.
  7. After his vision at Damascus, how long was Paul blind? Acts 9:9.
- Six correct... excellent... four correct... good.
- For wisdom, courage and peace read the Bible daily.

### SIDE GLANCES

"It worked, Jerry—I told the boss off and got the raise! What was that concoction you mixed for me?"

### CARNIVAL

"I don't suppose it has ever occurred to you what a waste of good grazing land this is!"
