MIDLAND, TEXAS, THURSDAY, APRIL 30, 1953

THREE SECTIONS—THIRTY-FOUR PAGES

Daily 5c; Sunday, 10c

### Improved Outlook

Clear to partly cloudy Thursday night and Friday. A little cooler Thursday night. Maximum temperature Wednesday 78 degrees; minimum Thursday 58 degrees.

## Lone Star Completes Wildcat From Strawn In Schleicher Sector

Lone Star Producing Company No. 1 Joe Tisdale, wildcat one and one-half miles southwest of production in the Huldale (Strawn) field of North-Central Schleicher County, has been completed from the Strawn lime for a daily flowing potential of 120.84 barrels of 43.9-gravity oil. No water was made.

The flow gauged through a 16.64-inch choke and was through perforations in casing from 5,684 to 5,710 feet.

## Indicated Wolfcamp Opener In Andrews Gets Water In DST

Salt water drillstem test was recorded at Continental Oil Company No. 1 McCollum & Webb, indicated flowing discovery from the Wolfcamp in East-Central Andrews County.

The water came on a test from 8,978 to 9,078 feet. Tool was open one and one-half hours. Recovery was 90 feet of heavily gas-cut mud and 2,040 feet of salt water.

Operator was drilling ahead at last report.

The wildcat had flowed oil on two previous drillstem tests of the Wolfcamp. The first was from 8,890 to 8,715 feet. On that test the well made 26 barrels of oil in one hour.

Another flow developed on test from 8,876 to 8,978 feet. On that test, it flowed 16 barrels of oil in one hour.

Free oil was recovered on two other drillstem tests of the Wolfcamp.

Location is six miles southeast of the town of Andrews and 1,890 feet from north and east lines of section 24, block 44, plat survey.

## Devonian Wildcat Staked By Shell In Gaines Area

One and one-quarter miles west of San Andres production in the northwest side of the West Seminoole field of West-Central Gaines County Shell Oil Company staked location for a deep Devonian wildcat.

It will be drilled as No. 1 Foster, 1,890 feet north and west lines of section 408, block G, CSD&RG-N survey and 14 miles west and slightly north of the town of Seminoole.

The project will be drilled to 11,500 feet, starting at once.

# Four Die As Storm Downs Plane

## Basin Respite From Blowing Is Temporary

Midland and the Permian Basin uncoiled Thursday morning from two days of buffeting by high winds, but the respite appeared only temporary.

Gales had built up again in the Lubbock sector by noon and were headed south. Skies had become partially obscured at the South Plains city with visibility limited to four miles. Wind velocity reached to 35 miles an hour with gusts up to 48 miles.

Speed was increasing with 60-mile winds predicted Thursday afternoon.

CAA observers at Midland Air Terminal offered some consolation for Midlanders.

"Winds won't be as strong as they were Wednesday," they said. But visibility, the sky scanners pointed out, may drop to one mile at times.

Winds of 35 miles an hour with gusts reaching 50 were forecast as compared to Wednesday's peak of 52 miles.

The west-southwest blow was expected to fade by 9 p.m. Thursday to about 25 miles under clearing skies. Shifting of the wind to the northwest was seen by nightfall.

Choking, blinding dust which had hampered air and surface traffic in West Texas moved southward Thursday and was settling in Central and South Texas.

A red blanket covered almost the whole state as subsiding winds that had reached hurricane velocities in some spots dropped the red glare like flour from a sieve.

Waco had the lowest reported visibility. (Continued On Page Twelve)

**WIND-BOUNCED ROOF**—Hurricane-like winds left scattered damage over Midland and the Permian Basin this week. Major loss occurred at this residence on North Big Spring Street. The roof of the adjoining garage was ripped off and flipped onto the top of the house. It tore a large hole in the roof of the residence. Other damage to roofs, carts, television towers, fences, trees and shrubbery was reported over the city Thursday after the two-day gales subsided.

## Ike Knifes \$8,500,000,000 Off Budget; It May Balance

WASHINGTON —(AP)— President Eisenhower reportedly laid before legislative leaders Thursday preliminary proposals to whack about \$8,500,000,000 off former President Truman's budget.

Lawmakers who sat in on the discussion said the tentative cuts would include a reduction of about \$5,000,000,000 in Truman's proposals for military spending.

Reductions of \$1,800,000,000 in foreign aid, \$1,200,000,000 in domestic spending and \$350,000,000 in atomic projects also were discussed.

Eisenhower was said to have emphasized the cuts under the Truman \$78,600,000,000 spending program were only preliminary and would be reviewed later. Truman figured defense spending at \$46,300,000,000.

Truman proposed spending \$2,700,000,000 for atomic energy and \$7,861,000,000 for foreign assistance. Lawmakers at the conference said it was their impression that the proposed \$8,500,000,000 cuts would make it possible to balance the so-called "cash" budget in the next fiscal year.

This budget is based on what the Treasury actually pays out and takes in, including Social Security and similar receipts, which go into trust funds.

The proposed cut would leave the regular budget out of balance more than \$1,500,000,000, since tax revenues for the fiscal year were estimated at \$68,665,000,000 by Truman.

The conference was informed that revenues are declining, with some indications that they may not reach the total predicted by Truman.

The President was reported to have said action on tax reductions would have to await more definite information as to what the deficit may run.

One conferee said there was heated discussion of the military budget, with Eisenhower saying more as a referee than a participant.

Eisenhower was said to have laid down the principle that he intends to keep the security of this country as the No. 1 consideration at all times.

These reports came from legislators who asked not to be quoted by name.

Earlier, at the White House, some conferees had said the cuts contemplated would be "right on the edge" of balancing the budget. Senator Bridges (R-NH) gave that estimate as he left the White House.

In more cautious language, Republican Leader Taft said the Administration has "substantial savings" in defense spending in sight but probably won't announce any figures for two weeks.

Eisenhower's work was to come at his news conference Thursday afternoon.

Some conferees said there was heated discussion of the military budget, with Eisenhower saying more as a referee than a participant.

Eisenhower was said to have laid down the principle that he intends to keep the security of this country as the No. 1 consideration at all times.

These reports came from legislators who asked not to be quoted by name.

## Craft Headed For Midland Falls At Webb

A Midland-bound private airplane, taking part in a mass cross-country flight, crashed and burned Wednesday morning at the Webb Air Force Base in Big Spring, killing all four of the occupants.

Although the plane crashed within three-quarters of a mile of the air base control tower, the wreckage was not found for 24 hours because of a blinding sandstorm which closed down the field Wednesday.

An Air Force officer, inspecting the field in an automobile following the sandstorm, found the charred remains about 9 a.m. Thursday.

Justice of the Peace Cy Nabors of Big Spring identified the dead as: Dr. Rayburn Witt, Auburn, Mass., veterinarian, the pilot. Mrs. Gertrude Witt, his wife.

Floyd Blangner, Worcester, Mass., policeman. Bruce Henderson, Worcester, Mass., bus driver.

First reports said the body of a 10-year-old child was found in the wreckage but authorities said that the body was that of Mrs. Witt, a slightly-built woman.

The four were in a plane taking part in coast-to-coast flight of some 50 planes, sponsored by the Philadelphia Junior Chamber of Commerce.

More than a score of planes, participating in the flight, have stopped at Midland Air Terminal during the last two days, according to City Aviation Director Clyde Sharrar.

The single-engine plane had taken off from Wichita Falls at 7:15 a.m. Wednesday on the 250-mile flight to Midland. Bill Loper, airport dispatcher at Wichita Falls, said the ivory an dtan Beechcraft Bonanza had four persons aboard, including Dr. Witt as the pilot.

It was not heard from again and had gas enough to last only until about 11 a.m. Wednesday.

A ground search party of 150 failed to find any wreckage.

The fate of the plane remained a mystery until Thursday, when the charred wreckage was found about 200 yards off the jet runway at the Big Spring base.

A clock found in the wreckage had stopped at 9:14, indicating the plane had crashed at that time Wednesday as the pilot of the plane tried to make a landing.

## Crop, Range Lands Suffer Telling Blow

FORT WORTH —(AP)— High winds of the last two days, tearing at powder dry cotton and range lands with little or no grass cover, have given farm and ranch lands over wide-spread West Texas areas their worst battering of the almost ended wind erosion season.

Blowing extended west to Yuma, Ariz. Millions of acres of unprotected cotton lands, much freshly planted, were yielding soil to the wind and undergoing the added damage of sand accumulations in lister rows.

Reports received by regional director Louis Merrill of Soil Conservation Service said that farther west, range lands were suffering their worst damage in the memory of residents. Large range acreages were blowing for the first time.

Sandy lands and soils with high lime content were taking the worst beating in the area north and west of Big Spring, SCS Area Conservationist W. S. Goodlett told Merrill. Areas bearing the brunt of the wind damage included the Tahoka, Midland and Brownfield sectors, he said.

Listed lands, which resisted the wind's force in recent months, no longer are able to stand up to the attack and are steadily breaking down, Goodlett said.

At Lubbock, Conservationist Homer Taft reported almost all dry land cotton fields in his area are blowing.

From Van Horn, B. W. Allred, proceeding eastward from El Paso, reported that young cotton stands on sandy soils in the irrigated valley were being destroyed by blowing.

Allred reported that the almost bare range in that section has suffered its worst blow damage in more than 30 years.

Tyler, Houston and Austin. The department issued this summary of road conditions at noon: El Paso District—High winds have moderated and all highways are cleared and traffic proceeding as usual.

Beaumont District—Following highways closed: FM 1414, FM 1012, and FM 363 in Newton County, State 87 in Tyler County. State 87 is still closed between High Island and Sabine Pass because of debris deposited by high tide, but this section is expected to be opened Thursday afternoon.

Lufkin District—State 87 closed between Hemphill and Milam. FM 351 in Polk County also closed. State 87 will be open by Friday, but the farm road will be closed indefinitely due to bridge washouts.

## Senate Refuses House Changes In Canadian Bill

AUSTIN —(AP)—The Senate Thursday rejected House amendments to the Canadian River Water District bill and called for appointment of a conference committee to work out a compromise.

Senator Grady Hazlewood of Amarillo, the author, asked the Senate to turn down the House amendments which had been designed to make sure the district would not be underground water.

The bill would allow construction of an \$85,000,000 dam near Pampa. The stored waters would be used by Amarillo, Lubbock, Plainview, Pampa, Borger, Littlefield, Brownfield, Tahoka, O'Donnell, Slaton, Lamesa and Levelland.

## House Relaxes On TV-Auto Bill

AUSTIN —(AP)—The House spent almost an hour kidding a bill to bar television sets in automobiles, then settled down seriously and advanced it to third reading.

The auto-TV bill has been approved by the Senate. The House amended it to provide that only television sets visible to the driver would be banned. It also exempted buses and TV repair trucks.

The measure still faces third and final reading on another day.

## Sealy To Address University Faculty

TOM SEALY will make Texas education history May 12. He is to address the faculty of the University of Texas in Austin.

Never before has the chairman of the Board of Regents delivered an address to a meeting of the entire faculty of the state university.

## Diet Of Corn, Hot Water Kept Texas Prisoner Alive

DALLAS —(AP)— Five young veterans of the Korean War and of even greater hardships in Communist prison camps, paused here Thursday enroute to their homes.

They were the first POW's released from Red war camps under the exchange of sick and wounded program.

One of the group was a Texan, Cpl. Theodore Jackson, son of Mrs. Magpie Davidson of Palestine. He arrived by American Airlines and was met by his brother, John, of Fort Worth.

"For the first four months all we had to eat was some corn and hot water," the corporal said. "The corn still had the hard shell on it."

But after prospects of the prisoner exchange bettered, so did the rations.

## House Resolution Honors Tom Hunter

AUSTIN —(AP)—The House honored Tom Hunter of Wichita Falls Thursday in a memorial resolution.

Hunter, oil man and several times candidate for governor, died early this week while vacationing on the Gulf Coast.

## Second Planeload Of Disabled Allied Soldiers Takes Off

TOKYO —(AP)—Another planeload of disabled Allied soldiers left Tokyo at 7:41 p.m. Thursday for the United States on the last leg of a trip that began in North Korean prison camps.

The plane was one of two which will take 63 sick and wounded, mostly Americans, through Honolulu to Travis Air Force Base near San Francisco.

The second plane was due to leave about 1:30 a.m. Friday.

The planes will make a 17-hour flight to Honolulu, stop there briefly to let the prisoners rest and then make a nine-hour flight to Travis.

These will be the second and third planeloads of repatriated prisoners to fly home. The first group of 38 prisoners arrived at Travis Wednesday.

## We Must Convince You!

Just getting you to read an ad is not enough for merchants who want to succeed. What are we interested in? Do we convince you? Now, please don't lean back and say you don't know anything about advertising. You are reading this newspaper, aren't you? Well, you and all the other folk who are reading this newspaper right now are the ones we are talking to when we put words and pictures and prices into that white space which then becomes an ad.

Actually, you readers know more about whether an ad is good than any expert could possibly know. All ads are written to convince you. We want to know what sort of ads the most of you prefer. Give us your opinions in the Community Survey.

## Midland Murder Trial Postponed

The trial of Dillard Leon Melton, charged with murder in the December slaying of Glynis Rogers, was continued Thursday in 70th District Court until the next term of court.

The trial was scheduled to begin Thursday before Judge R. W. (Bob) Hamilton but the continuance was granted because of the illness of one of the defense attorneys.

Rogers was shot fatally following an argument in a trailer park here,

The trial was scheduled to begin Thursday before Judge R. W. (Bob) Hamilton but the continuance was granted because of the illness of one of the defense attorneys.

Rogers was shot fatally following an argument in a trailer park here,

## Burglars Go For Jackpot At Barstow

BARSTOW — Ward County lawmen Thursday were following a string of clues left by burglars who early Wednesday romped through four Barstow business houses before being stymied at a fifth firm. Loss was estimated at \$400 to \$500.

The culprits—officers believe there were two or three—first broke into the Farmers Cooperative on U. S. Highway 80. Then Foxworth-Gallbreath Lumber Company, managed by H. M. Collins, felt the burglars' sting.

An axe was used to smash into the Barstow Drug Company, owned by D. E. Adams. The axe, taken from the lumber company, was used to force the door off the drug company's safe.

The burglars stuck to small stuff in the Modern Food Store, peeling the door off a small safe, but shying away from a heavy, time-locked safe nearby. Mr. and Mrs. Carl Upchurch operate the food store.

Last on the burglars' list was the Echo Variety Store, owned by Mrs. Eula Echols. The culprits tried but failed to break into the store.

Ward County Deputy Morris Zimmerman said Thursday officers were checking "a few" suspects, but declined to elaborate. "There were at least two or three of 'em in on this deal," he said, "and we've got quite a few clues to trace down."

## House Resolution Honors Tom Hunter

AUSTIN —(AP)—The House honored Tom Hunter of Wichita Falls Thursday in a memorial resolution.

Hunter, oil man and several times candidate for governor, died early this week while vacationing on the Gulf Coast.

## Diet Of Corn, Hot Water Kept Texas Prisoner Alive

DALLAS —(AP)— Five young veterans of the Korean War and of even greater hardships in Communist prison camps, paused here Thursday enroute to their homes.

### Eisenhower Plans Five June Speeches

WASHINGTON —(AP)— President Eisenhower is tentatively scheduled to make five speeches away from Washington from June 10 through June 14—with some fishing in between. The White House said Wednesday the fishing probably would be in South Dakota's Black Hills midway in this speaking schedule: June 10 at Minneapolis; June 11 at Carrism Dam, N. D.; June 12 at Rapid City, S. D.; June 14 at Dartmouth College in Hanover, N. H., and June 14 at Oyster Bay, Long Island, N. Y.

### New York Leftists Cancel May 1 Parade

NEW YORK —(AP)— Bowing to a police edict, leftists have agreed not to hold their annual May Day parade Friday. They'll stage a May 1 meeting in Union Square, instead. Previously, Leon Straus, chairman of the United Labor and People's May Day Committee, had declared a parade would be held despite the police ban. But Wednesday, although unhappy about it, he called off the plans.

MARTIN C. OF C. OFFICERS—S. W. Wheeler, center, retiring president of the Martin County Chamber of Commerce, congratulates Cecil Bridges, new-president, at the organization's annual banquet in Stanton Tuesday night. B. F. White, vice president for 1953-54, is pictured at right.

## CLAIRE TREVOR LOSTS OOMPH TITLE IN ODD ROAD TO FAME

HOLLYWOOD —(AP)— Claire Trevor has won an Academy Award and a tidy fortune from playing fallen women on the screen, but her family can't get used to the idea. "I have some aunts and other relatives in the East," said the actress. "Very dignified people. They often write me and say, 'Why can't they let you play nice girls in pictures, dear?'" Her 83-year-old father feels the same way, only stronger. He was a conservative Fifth Avenue tailor to highbrow New Yorkers. He was taken aback when his daughter went on the stage. "When I first started smoking at the age of 22," she recalled, "he was shocked. He told me, 'If you must smoke, don't do it in my presence.' I had to smoke in my room after that."

## LANZA MAY MOVE TO LONDON WITH HIS 'MARIO, THE GREAT'

By ERSKINE JOHNSON, NEA Staff Correspondent. Exclusively Yours: Mario Lanza will sing again—but it may be in England. Just fired by MGM in a year-old row over his failure to report for "The Student Prince," I hear the singer is plotting with Sir Alexander Korda to film "Mario, the Great" in London, with music by Nick Brodsky, who wrote "Because You're Mine." Lanza owns the script. There could be a hot legal fight over the British film, though, because of MGM's \$800,000 lawsuit against the star for alleged costs on the unfilmed "Prince."

## ISRAELI LINER SETS SAIL FOR NEW YORK

HAIFA, ISRAEL —(AP)— The liner Jerusalem is set to sail Thursday on her maiden voyage to the United States with a load of passengers and a bouquet for New York's Mayor Vincent R. Impellitteri. The flowers were a gift from Jerusalem's Mayor A. Kariv. The 40-year-old Jerusalem, recently acquired by Israel's national shipping company, Shoham, is this young country's first passenger ship on the U. S. run.

## Drama Opening Here Friday Had Big New York Success

Maxwell Anderson, whose novel presentation of the colorful story of Joan of Arc is the basis of the Midland Community Theater play called "Joan of Lorraine," opening at the City-County Auditorium next Friday, was drifting from one newspaper job to another 28 years ago, still uncertain about what he would choose for his life's work. It was the result of his friendship with Laurence Stallings on the old New York World, which in turn resulted in his collaboration on the great war play, "What Price Glory?" that decided Anderson to be a playwright once and for all. "What Price Glory?" was one of the biggest popular triumphs of Anderson's career, and he's never forgotten it. On the night that "Joan of Lorraine" opened, Anderson, who did not attend the event, anxiously inquired of a friend how the play went over. "Marvelously," the friend answered. "The audience wouldn't leave the theater. They just sat and applauded. There could have been 10 more curtain calls."

## Farm Prices Again Hit Downward Path

WASHINGTON —(AP)— Prices farmers get for their products have slidded again. The Agriculture Department reported Wednesday farm product prices dropped two per cent between mid-March and mid-April to land at a point 10 1/2 per cent below that of a year ago.

## REAL LIFE, ACT WHO CAN TELL?

Fate seems to have had a hand in casting the principal roles in the Midland Community Theater's production of "Joan of Lorraine," which opens Friday. Becky Huff who plays the part of Joan, not only has the same birthday, January 6, as the real life Maid of Orleans, but was actually christened Joan. The name Becky was acquired later.

## Wife Asks Money, Court Protection From Actor Wayne

LOS ANGELES —(AP)— Claiming actor John Wayne has struck her and threatened her, his wife has asked a court for an order prohibiting him from annoying her in any way. In court Wednesday, the former Esperanza Bauer, 30, also demanded reasonable alimony pending trial of her separate maintenance suit. She said she and Wayne had been accustomed to spending \$13,000.12 monthly. A hearing was set for May 18. In another action, the 44-year-old actor seeks a divorce. The couple married in 1946 and separated last May 7. Mrs. Wayne said her husband earns \$45,000 a year monthly and in addition gets income from oil and other investments.

## Returnee Reports Russians In Korea

TOKYO —(AP)— A North Carolina corporal said Thursday he saw "several truckloads of Russian officers and enlisted men" while a prisoner of the Reds in North Korea. Chinese prison guards called them "white Chinese," said Cpl. Sam B. Edwards, son of Mrs. Ada Edwards, Polkton, N. C. He said the men had white skin and some had blond hair. The trucks towed guns covered with tarpaulins, he said, adding: "I think these Russians probably were anti-aircraft specialists. I believe, too, that Russians were operating a searchlight near our prison camp."

## Second Army Bids Farewell To Brooks

FORT MEADE, MD. —(AP)— The Second Army bade farewell to "the old man" Thursday. Lt. Gen. Edward H. Brooks stepped out as commanding general and turned over the job to Maj. Gen. L. D. Carter. It's the last assignment for Brooks, who will retire from the service two days before he reaches 60. He is calling it a career after almost 38 years in uniform.

# Manners

MAKE FRIENDS

Sometimes it is necessary to register a complaint with a neighbor if the neighbor's child is a real annoyance to you and you can't handle the matter yourself. If you have to go to the parent, be tactful. The best start is perhaps to say: "I'm sure you don't know about this..." A bringer of bad news should soften the blow.

## ADPi Alumnae Name Officers

Alpha Delta Pi Alumnae elected officers and planned the Summer rush season at a meeting Tuesday in the home of Mrs. W. H. Oswald, 1608 Country Club Drive.

The new officers are Mrs. Oswald, president; Mary Lokey, vice president; Mrs. C. C. Thomas, secretary; Mrs. Howard Davis, reporter, and Mrs. Tom Edrington, telephone chairman.

A report was made on the sorority's state convention held in El Paso and plans were announced for the national convention to be held June 1 in Banff, Canada.

Members attending the Tuesday meeting were Mrs. Edrington, Mrs. Thomas, Mrs. W. H. Dunlap, Mrs. L. L. Cox, Mrs. Hugh Gilmore and Mrs. Oswald.

## Reservations Due For Friday Lunch

Reservations are due Thursday night for the bridge and canasta luncheon to be held by the Ladies Golf Association of the Ranchland Hill Country Club at 12:30 p.m. Friday in the clubhouse.

Hostesses will be Mrs. T. E. Hargrove, Mrs. Foy Bell, Mrs. A. G. Bruton, Mrs. William Mosher and Mrs. J. E. Fowl.

Reservations can be made by calling Mrs. Robert Cox, telephone 4-4676.

## Friendship Night Meeting Held By OES Chapter

Guests from Andrews, Odessa, Altus, Okla., Junction and Monahan attended the Friendship Night meeting of the Midland Order of the Eastern Star Tuesday in the Masonic Hall.

During the program, a talk was given on "The Meaning of Friends" by Mrs. Dewey Pope, deputy grand matron of District II, Section 8.

Also included on the program were a song by Mrs. Louise Wood and a reading by Mrs. R. E. Reed. Honoring the guests, the drill team gave a drill featuring red fans.

Presiding for the meeting were Mrs. Roy Jones, worthy matron of the host chapter, and R. E. Baker, worthy patron. Mrs. R. G. Crum was the program chairman. Hostesses for the evening were Mrs. H. C. Spencer, Mrs. J. H. Adams, Mrs. H. M. Spangler, Mrs. Elizabeth Wright, Mrs. John Luccous and Mrs. Ed Shakely.

The fan theme of the evening's drill was repeated in decorations. A large red fan at the eastern side of the meeting room was set in a nest of floral nosegays. As each nosegay was removed, a light was turned on to shine through a star-shaped opening at the bottom of one of the letters in the word "Friendship."

Favors for the meeting were fan-shaped pin cushions and nosegays made from roses.

Refreshments were served to approximately 70 members and guests.

**NEBRASKANS HERE**  
Thomas and Lewis Mayfield of the University of Nebraska visited Wednesday in Midland enroute to Dallas.

**PRESIDENT**—Lorie Blumentritt, daughter of Mr. and Mrs. Herman Meyers, has been elected president of Delta Gamma Sorority at the University of Texas, Austin. She is a junior education major and is one of the UT Blue Bonnet Belle finalists this year.

## Billie Jane Camp, Bobbie Brown To Be Married

PECOS—Mr. and Mrs. Tom Camp have announced the engagement and approaching marriage of their daughter, Billie Jane, to Bobbie D. Brown, son of Mr. and Mrs. T. S. Brown of Irving.

The couple will be married June 6 in the First Baptist Church chapel, with Dr. W. M. Turner officiating.

Miss Camp is a senior student in Pecos High School. Brown, who spent four years in the Navy, now is employed with the Southwestern Bell Telephone Company in Midland, where the couple will live.

## Henderson Circle Has Study Meet

Mrs. Ed Zihlman was the hostess when the Henderson Circle of the First Christian Church met Wednesday in her home at 2402 West Brunson Street.

Mrs. Maureen Camp gave the lesson, "The Way of Burning Hearts," taken from the study book "Beginning in Jerusalem."

Members attending were Mrs. W. S. Elkin, Mrs. E. J. Pierce, Mrs. F. E. Curtis, Mrs. Leo Brady, Mrs. Bernice Stevens, Mrs. Tom B. Campbell, Mrs. Cora Spelkrove, Mrs. A. E. Jordan, Mrs. C. R. Webb and Mrs. A. A. Anders.

Others present were Mrs. J. D. Horton, Mrs. William Hicks, Mrs. Rudy Rubin, Mrs. Paul Wecker, Mrs. J. B. Cox, Mrs. A. V. Reid, Betty Jo Greene and Barbara Roberts.

## VACATION IN MEXICO

Dr. Dorothy Wyvell, Mrs. John Ed Cooper, Mrs. Charles Marsh and Mrs. Will Pomeroy left Thursday for a 10-day vacation in Acapulca and Mexico City.

## FROM LOVINGTON

H. A. Chaves, Cecil Smith and Woodrow Steele of Lovington, N. M., attended to business here Wednesday.

# SOCIETY

THE MIDLAND REPORTER-TELEGRAM, THURSDAY, APRIL 30, 1953-3

## County Group Attends District THDA Meet

Eleven women from Midland County attended the District VI meeting of the Texas Home Demonstration Association Tuesday in Monahan.

Voting delegates from the county included Mrs. O. R. Phillips, Westside HD Club; Mrs. J. E. Cassidy, Valley View HD Club, and Mrs. C. H. Pearson, Garden Addition Club. Mrs. Cassidy served on the resolutions committee for the meeting.

Also attending from Midland County were Mrs. T. O. Midkiff, Mrs. I. J. Howard, Mrs. H. A. Palmer,

## Parish Workers Hold Program, Business Meet

Mrs. L. H. Liscum and Mrs. R. L. Brown were the hostesses when the Parish Workers of the Lutheran Church met Tuesday in the Parish House.

The pastor, G. C. Becker, gave the opening prayer and a scripture reading. He led the group in a discussion of chapter twelve of the book of Mark.

During the business meeting the members discussed the Spring rally of the Lutheran Women's Missionary League May 12 in Pecos. Mrs. Vic Reinholz of Midland will be one of the speakers. Her topic will be "The Christian American Mother."

Mrs. Ed Knabe, president, announced plans for a rental library for the parish workers and it was decided to form a book club to increase more reading interest. The membership fee will be one dollar each year.

Mrs. Charles Liles was introduced as a new member, and Mrs. Gus Meiler was a guest.

Other members present were Mrs. G. C. Baker, Mrs. M. F. Harms, Mrs. Norman Hoback, Mrs. L. E. Huffman, Mrs. Norman Kokek, Mrs. Reinholz, Mrs. H. B. Schauer and H. V. Schulz.

## Mrs. J. G. Byer Gives Program

Mrs. J. G. Byer gave a talk on "Truth" from the study series on "The Good, the True, the Beautiful," when Mu Psi Chapter, Beta Sigma Phi met Tuesday in the home of Mrs. William Berry, 1202 Chestnut Lane.

Plans were discussed for the forthcoming state Beta Sigma Phi convention in El Paso and the proposed state projects of the sorority. The chapter also heard the new by-laws recently adopted by the sorority's city council.

Refreshments were served by Mrs. Berry and her co-hostess, Mrs. James True.

Others present were Mrs. J. D. Horton, Mrs. William Hicks, Mrs. Rudy Rubin, Mrs. Paul Wecker, Mrs. J. B. Cox, Mrs. A. V. Reid, Betty Jo Greene and Barbara Roberts.

**MIDLANDERS GIVE ODESSA PROGRAM**  
The McCullough Training Union of the First Baptist Church attending an associational training union meeting Tuesday night in the Calvary Baptist Church in Odessa. The Midland group presented a model program using the theme, "The Bible the World Reads." Approximately 12 members of the Midland group attended the meeting.

4—THE MIDLAND REPORTER-TELEGRAM, THURSDAY, APRIL 30, 1953.

**Garden Council Plans Activities**

Plans for forthcoming activities were discussed when the Midland Council of Garden Clubs met Tuesday in the home of Mrs. J. A. Kogler, 1705 West Wall Street.

Mrs. Charles F. Henderson, incoming president, led the discussion of plans for next year for three of the council's annual projects—the Fall flower show, a flower show judging school and an address by an authoritative speaker.

Mrs. R. L. Spencer volunteered to serve as chairman for the Fall flower show.

Plans also were completed for the first annual Mother's Day garden pilgrimage to be held May 10.

It was announced the next meeting will be at 10 a.m. May 26 in the home of Mrs. B. R. Mathews, 2210 Princeton Street.

Attending were Mrs. Mathews, Mrs. Kogler, Mrs. D. E. Smith, Mrs. Spencer, Mrs. Henderson, Mrs.

H. E. Rothrock, Mrs. J. S. Knauer, Mrs. Robert Stripling, Mrs. C. K. Lowe and Mrs. R. M. Nugent.

**Symphonic Group Has Program**

Dr. and Mrs. Brandon E. Rea, 1503 North Main Street, were the host couple for a meeting of the AAUW Symphonic Listening Group Tuesday night.

The group heard selections by Delius, Rachmanninoff, Franck, Berlioz and Brahms.

Attending as guests were Mr. and Mrs. Nelson Latimer of Hamilton, were Mr. and Mrs. Edwin C. Hall, Ontario, Canada. Others present Mr. and Mrs. William H. Carter, Mr. and Mrs. John Norris and Mr. and Mrs. Louis H. Anderson.

**Midland Club Makes Field Trip To Big Spring**

Members of the Twentieth Century Study Club made a field trip Tuesday to Big Spring, where they toured the state mental hospital.

Conducting the tour for the group were Dr. R. C. Sloan, acting superintendent of the hospital, Dr. R. G. Budd and Dr. G. C. Winslow. Mrs. R. L. Merrill was the club's program chairman for the day.

Preceding the tour, the Midlanders had lunch in Big Spring.

Attending as guests were Mrs. L. S. Melzer, Mrs. Joe V. Birdwell, Mrs. A. A. Jones, Mrs. Bryan Denison, Mrs. M. B. Taubman and Mrs. Dan Rogers.

Club members making the trip were Mrs. J. B. Bain, Mrs. Robert Donnell, Mrs. R. H. Frizzell, Jr., Mrs. Raymond Leggett, Mrs. Merrill, Mrs. H. H. Redding, Mrs. W. Harry Rhodes, Mrs. James O. Simmonds, Jr., Mrs. Charles L. Snure, Mrs. J. R. Story, Mrs. Garland Lang and Mrs. Roy Davidson.

## Six Midlanders To Attend State AAUW Meeting

Six members of the Midland Branch American Association of University Women, will attend the fifteenth biennial convention of the Texas Division of AAUW Thursday through Saturday in Lubbock.

They are Mrs. E. W. Grienecks, Mrs. H. C. Rowland, Mrs. G. G. McNary, Mrs. Robert L. Gray, Mrs. Ellis Scooby and Mrs. Edward T. Driscoll.

Convention theme is "Enlightened Americanism: The Preservation of the Individual." Approximately 300 delegates are expected to attend from the 63 Texas branches which have a total membership of 6,854. The Midland Branch has 158 members.

**Program Outlined**  
Dr. Vera Rogers Maxwell of Fort Worth, state president, will preside at a state board meeting Thursday and the general session for delegates Friday morning.

The Sweetwater Branch will be hostess group for an area luncheon Friday; the Fort Worth Branch will present a panel, "Facing Critical Issues," and the Houston Branch will present a skit, "U. S. S. Dame." Committee reports will be given during the afternoon session.

Blanche H. Dow, president of Cotley College, Nevada, Mo., and AAUW regional vice president, will speak on "Culture Beyond Our Own" at the International Relations dinner Friday night.

**Speakers Named**  
Saturday morning there will be a discussion of "The Individual in State and National Problems" by Mrs. Robert Sone, Corpus Christi, state chairman of legislation. There also will be meetings of special interest groups.

Dr. June Hyer, former AAUW Fellow will be guest speaker for a fellowship luncheon Saturday, preceding a business session and tea. Mrs. Arthur J. White, treasurer of the AAUW headquarters, will speak on "Obligation of the Individual" for the installation dinner Saturday night.

## Tally Hostess Has Luncheon

Mrs. John Massey of Odessa and Mrs. E. A. McCullough were the hostesses when the Tally Hostess Club met Tuesday in the Branch House for luncheon and bridge.

Prizes for the afternoon went to Mrs. McCullough, Mrs. J. C. Williamson and Mrs. Hugh McCullough. It was announced that the May meeting will feature a luncheon in the home of Mrs. Clyde Davidson.

Guests were Mrs. Lindley Latham, Mrs. Burl Self and Mrs. T. L. Stall. Other members present were Mrs. Perry Gill, Mrs. A. L. Ataway, Mrs. Olin Prather, Mrs. H. L. Huffman, Mrs. Jack Moore, Mrs. Davidson, Mrs. J. V. Hardwick, Mrs. Ralph Smith and Mrs. R. E. Morgan.

## Suspended Envoy Fined For Smuggling

DOVER, ENGLAND —(AP)—Eduardo de Arteaga, suspended Uruguayan minister to Belgium, was convicted in a magistrate's court Thursday of attempting to export \$38,000 worth of rough diamonds illegally from Britain.

He was fined \$56,000.

**BROIL FLANK STEAK**  
Flank steak should be brushed with fat before it is broiled. It will only need about five minutes of high heat on each side. Add salt and pepper when it comes from the broiler and cut it diagonally across the grain in thin slices. Serve the steak slices with a mushroom sauce.

## Druggists Wives Club Names New Officers

Officers were elected when the Druggists Wives Club met Wednesday in the home of Mrs. Dennis Ford, 3300 Sycamore Street.

Mrs. Harry Douglas is the new president; Mrs. R. C. Russell, vice president; Mrs. Coy Dennis, secretary and treasurer; Mrs. J. B. McCoy, parliamentarian, and Mrs. Bill Wood, publicity chairman.

Mrs. Douglas and Mrs. Ford were the hostesses. After the short business meeting a pink and blue shower was held for Mrs. Ed Penland.

Mrs. J. L. Halbert, Corsicana, mother of Mrs. Penland, and Mrs. R. F. Craddicks were guests. Members attending were Mrs. C. C. Tull, Mrs. Penland, Mrs. Lester Short, Mrs. J. C. Lawrence, Mrs. Dennis, Mrs. Charles Worthen, Mrs. Douglas, Mrs. Ford, Mrs. A. E. Cameron, Mrs. McCoy and Mrs. Russell.

## COMPANY DESSERT

Quick company dessert: Cut peeled oranges crosswise into thin slices and arrange in a glass bowl; sprinkle with sugar. Add a layer of sliced bananas; sprinkle with sugar. Fill up the bowl in the same way, then top with a generous layer of moist shredded coconut. Chill, then top with whipped cream (sweetened and flavored with vanilla) just before serving. Makes a refreshing ending to a meal!

**FROM FORT WORTH**  
Mrs. C. D. Montgomery is visiting with her daughter, Mrs. Clem Barton, and family.

**PORTRAIT OF A ROYAL COUPLE**—Posing for a royal command portrait in the Green Drawing Room of London's Buckingham Palace, Queen Elizabeth II wears a pale pink gown of needlework over lace. Her husband, the Duke of Edinburgh, wears his uniform of Admiral of the Fleet. The Queen also wears a Russian fringe design diamond necklace, a wedding gift of the city of London, diamond drop earrings, two diamond bangles, and a diamond drop brooch at the top of the Blue Ribbon and Star of the Garter. The diamond diadem, of great age, was reset for Queen Victoria.

## TREMORS RECORDED

NEW YORK —(AP)—Fordham University's seismograph recorded two heavy tremors early Thursday, believed to have occurred in the South Pacific about 9,000 miles away.

## REDS, FASCISTS BRAWL

FIESOLE, ITALY —(AP)—A violent brawl between neo-Fascists and Communists in this Tuscan city left three persons injured Thursday and nine under arrest.

## Matlock-Kitts Wedding Is Held

Mr. and Mrs. Bill Kitts, who have returned from a wedding trip to Arkansas and Louisiana, have established a residence at 423 Dormand Street.

They were married April 4 in Lovington, N. M.

The bride is the former Betty Sue Matlock, daughter of Mrs. Alma Matlock of Midland and T. A. Matlock of San Antonio.

Parents of the bridegroom are Mr. and Mrs. E. E. Kitts of Midland. He has recently returned from Korea, where he served with the Armed Forces. He now is employed as a carpenter with the Kitts Construction Company.

## Sesame Club Names Officers

Officers were elected when the Sesame Garden Club met Tuesday morning in the home of Mrs. C. S. Neel, Jr., 606-A Watson Street.

They are Mrs. E. R. Woolfolk, president; Mrs. Neel, first vice president; Mrs. Paul Reed, second vice president; Mrs. Glenn Shoemaker, recording secretary and reporter; Mrs. M. V. Smith, corresponding secretary; Mrs. J. B. Harwell, treasurer, and Mrs. Bernard Collins, historian.

Refreshments were served at the close of the business session.

Mrs. P. B. Penney of Lubbock was a guest. Others present were Mrs. C. R. Webb, Mrs. J. O. Shannon, Mrs. George Shettle, Mrs. E. E. Lindeblad, Mrs. W. H. Herndon, Mrs. W. Frank Willis, Mrs. Henry Conkling, Mrs. R. C. Crabb, Jr., Mrs. W. W. Waddill, Mrs. W. D. Hargrove, Mrs. Charles Bush, Mrs. J. B. Worley and Mrs. Joe L. Hudgins.

Crisp cookies keep best in a tightly covered tin container. However, if the cookies do lose their crispness, dry them in a slow oven for about five minutes.

## Handy Beauty Shelf Is Big Aid To Bride

Well-organized brides keep beautifiers on emergency shelf. This girl keeps bottle of soapsuds in kitchen for sleeking flighty hairs, stopping nylon snags, and cleaning up face. Lipstick, powder, comb and mirror are also kept there.

By ALICIA HART  
NEA Beauty Editor

Brides-to-be with dreams of pink negligees and breakfast in bed usually come down to earth with a thud.

The typical bridal negligee would drip into the coffee and sweep up the floor. While she may want to have one of these, the bride does well to provide herself with a few washable short negligees with sleeves that stop well above the wrist. She can have them in no-ironing fabric if she wants to make life still easier.

Breakfast will usually be eaten at a table, rather than in bed, with friend husband looking across at her. There are two extremes for the bride to avoid—one is pin-curl, sleepy-looking and lipstickless, while the other is heavily made up in evening glamor. Husbands like to see natural

clean beauty across the table in the morning.

If you're a new bride, start organizing a beauty schedule now. Getting up earlier in the morning so that you can beat your husband to the bathroom is one answer. Have a shower with lots of soap lather and a bath brush and complete your mouth hygiene routine before he's even up.

Remove your pin-curls, if you wear them to bed, and brush your hair vigorously. Brushing is good for curls. It's an exploded theory that brushing takes them out. Apply a very natural looking make-up.

Then when you say good morning to your husband, it will be with fresh-faced beauty. Have your routine beauty essentials neatly arranged in the bathroom, if that's where you always

## Awards Court Held By Scouts

A court of awards has been the highlight of the Girl Scout meetings this week in the Little House.

Members of Troop 57 receiving badges during the court of awards included Sue Schneider, Jackie Collier, Susanne McDaniels, Gail Crosby, Zeila Morgan, Marcia Queen, Moille Ray, Barbara Laidley, Bobbie Joe Waldon, Patricia Brodus, Shirley Brubaker, Cynthia Dupuy, Becky Douglas, Jane Neil and Judy Pogue.

Mrs. Clarence B. Laidley is the troop leader. Guests for the court of awards were Mrs. Fred McDaniels, Mrs. W. T. Douglas, Mrs. W. M. Collier, Mrs. R. E. Morgan, Mrs. Adams and Mrs. L. B. Ray.

Janet Seawright was appointed troop flag bearer for the May Day festival when Brownie Troop 74 met Monday. Refreshments were served by Dana McSpadden. Mrs. B. B. Seawright was a guest.

Troop 8 met Wednesday to sing songs and practice for the May Day festival. Brownie Troop 75 met at 1513 Community Lane to receive instructions for the May Day festival and discuss plans for a Mothers Day party to be held Tuesday.

## DECORATIVE SALADS

Want to flute a cucumber or a banana to make a vegetable or fruit salad look pretty? Just draw a sharp-tined fork lengthwise down the cucumber or banana, then cut crosswise in thin round slices. If the cucumbers are to be used as a garnish, sprinkle them with minced parsley. If the banana slices are prepared in advance, cover them with citrus juice to keep them a good color.

beautify, to save yourself trips to the bedroom. Be sure, however, that they're all together and out of your husband's way. You may find matched sets in plastic more attractive than an assortment of different styles of bottles and jars.

# Repatriates Wing Homeward, Leaving War, Prisons Behind

**TRAVIS AIR FORCE BASE, CALIF. — (AP)**—Twelve American fighting men who may never fight again sped to their homes in the far corners of the U. S. Thursday. They are the vanguard of the first 35 repatriated POW's to reach home from Korea.

More will fly out of this sprawling air base later Thursday and Friday. And another 63 will be borne swiftly across the Pacific in giant C-97 Stratocruisers.

A few of those who arrived here Wednesday aren't going home immediately. They are going to hospitals where doctors will try to mend their shattered bodies and broken minds.

Wednesday's repatriates were happy—but they cringed from the welcome that awaited them.

Before they left the plane they sent out the word—"We don't want to talk to any reporters. We have talked enough already."

**Face Tell Story**

Then the 26 walking wounded filed off the big plane. They walked straight to a waiting bus. Some smiled, some waved, all looked around curiously.

Little emotion showed on their faces. But strain was there, and pain, and the lines carved deep by war and captivity.

White-jacketed medics then went aboard and brought out the nine litter patients. An amputee, a man with tuberculosis, a soldier who couldn't bend his leg.

While the litter cases were being carried tenderly into a huge ambulance, there was a sudden commotion by the bus.

**Brother Finds Him**

Pvt. Jose Garcia, blinded in one eye by the blast of a Communist grenade, slammed down a window and greeted his kid brother Alfonso in a tearful, joyous reunion.

Alfonso had reached the field late and got lost in the milling crowd. He finally spotted his brother and pounded the bus to attract attention.

Throughout the afternoon the two brothers stayed close together. They left together Wednesday night for home. After a 30-day leave Private Garcia will go into an Army hospital. Days, weeks, or months later he will come out and start life over.

**Doctors At Work**

The bus and the ambulance moved slowly, almost gently, across the base to the bright new hospital. Reporters, cameramen, television technicians, enthusiastic bystanders followed in droves.

For almost two hours the men were kept in seclusion. Navy, Air Force and Army doctors checked them over, deciding who needed immediate, specialized care . . . who could be sent to hospitals near their homes . . . who could be released at once on 30-day leaves.

The men ate two-inch steaks and talked to doctors and caught a welcome 40 winks.

**Ordeal By Newsman**

Then five repatriates were ushered into the hospital auditorium. Two were litter cases. They were placed in hospital beds ringed by newspaper, TV and newsreel cameramen and reporters. The other three were seated.

The barrage of questions began—questions that had been asked and answered in Panmunjom, Freedom Village, Tokyo, Honolulu. Questions that must be answered again when they reach home.

"What was it like? How did they treat you? How was the food? What are you going to do now? Can you speak louder please? What did that man say?"

**Hunts For Telephone**

They took it well, these men who have taken it so long.

Garcia finally started edging toward the door. He wanted to telephone his mother. His progress was painfully slow.

Airman Robert Weinbrandt of El Cajon, Calif., a double amputee, lay on the bed and peered through the glaring lights at his questioners. His voice faltered and dropped lower and lower. He told his story once.

**MIDLAND BELLES IN FLORIDA**—Sand in their hands was great fun for pretty Mary Ralph Lowe, left, of Midland, and her guest, Donna Keeler, formerly of Midland but now of Dallas, but what they really enjoyed was collecting unusual Miami Beach shells for their collection, while on a recent vacation trip with Mr. and Mrs. Ralph Lowe, Mary Ralph's parents, to Florida. Donna is the daughter of Mr. and Mrs. W. G. Keeler of Dallas.

## Business, Industry Profits Running Well Ahead Of 1952

**By SAM DAWSON**

**NEW YORK — (AP)**—American business appears to be piling up 10 per cent more profits than a year ago.

The first 386 companies to report for the first three months show their combined profits 10 per cent higher than the first quarter of 1952, which was about that much below the 1951 period.

Almost three-fourths of the reporting companies are ahead of last year. A year ago two-thirds of the companies were running behind

their 1951 earnings. This year 101 companies dropped behind, and 10 operated in the red, the same number as a year ago.

The best group showings this year are by the airlines, aircraft and retail, each has profits three times as large as a year ago. Others that are doing much better than a year ago are: appliances, up 45 per cent; food, up 34 per cent; beverages, up 22 per cent; textiles and cement, each up 20 per cent; and motors up 19 per cent.

Groups falling behind include: coal, down 59 per cent; drugs, down seven per cent; and oil, down three per cent. Groups which have the largest percentages of firms falling behind include: coal, oil, steel, mining, business machines and drugs.

The reports are only a sampling. Final figures may change the picture.

The accounting is confused because some companies figure their excess profits tax on a full year basis, and others on a half-year basis, expecting it to lapse in June, if EPT expires on schedule, some company earnings will look even brighter.

Rails show a 19 per cent gain as a whole, to lead the major divisions. Utilities are up 10 per cent, and industrials are up nine per cent.

## McCarthy Says British Navy Protects China-Bound Ships

**WASHINGTON — (AP)**—Senator McCarthy (R-Wis.) said Thursday Chinese Communists are at least part owners of some ships hauling goods to Red China under the protection of the British Navy.

McCarthy said he has evidence also that the French government owns three ships carrying cargoes to the Chinese Reds, and has yet to pay for any of them. They were purchased from the U. S. Maritime Commission, he said.

McCarthy said he hopes to shed light on the cargoes involved when his Senate investigations subcommittee explores these and other matters in public hearings Monday. The hearings had been scheduled for Friday but were switched to Monday by McCarthy.

The U. S. has banned American shipments to Red China and Britain and France have forbidden ships flying their flags to carry strategic materials to either the China mainland or North Korea.

McCarthy contends there has been widespread violation of that order by some British-flag ships.

He said recent trade statistics of British origin show a "fantastic" spurt in export trade to China. Much of the rise, he said, has been in the shipment of sodium compounds. He said he wants the U. S. Department of Commerce to determine whether these could be used to produce war-useful explosives, and why some of the carriers had orders to avoid any ports where they might come under U. S. inspection.

McCarthy declined to give details of his assertion that Chinese Communists are investors in British-flag vessels.

He said the British government, in a recent statement to Parliament, made clear its willingness to use naval power to protect ships flying the British flag if Chinese Nationalist forces attempt to molest them.

### SOLDIER IS SUICIDE

**TEXARKANA — (AP)**—Suicide was ruled Wednesday in the shooting death of Pvt. Walter Hanes, 20, of Hooks. Hanes' body was found in his auto at a drive-in theater.

**MIAMI PILOT RAISES MIG STRING TO 12**

**SEoul — (AP)**—Capt. Manuel Fernandez shot down his twelfth MIG Thursday in "the roughest fight I ever had" to tie the individual record for destruction of the Russian-built Red fighters over Korea.

The scrappy, 27-year-old jet ace from Miami destroyed the MIG in a fierce air battle just south of the Yalu River. He tied the mark set last month by Col. Royal Baker of McKinney, Texas, who has gone home.

Ground fighting remained light for the fifth straight day.

Fernandez, who asked for 25 more missions after flying the required 100, has 14 left. He's going after the over-all mark of 14 Red planes set by Maj. George Davis, who destroyed 11 MIG's and three propeller-driven planes before he crashed in Red territory in February, 1952.

Red broadcasters took advantage in the ground lull to blare across to Allied troops:

"Thank you for your good treatment of our prisoners of war."

A woman's broadcast voice cooed in the Panmunjom truce sector:

"There is peace in Korea. Lay down your arms."

In the biggest skirmishes early Thursday, three South Korean raiding patrols killed or wounded 46 Reds on the eastern front.

### PLYMOUTH NAMES NEW GENERAL SALES HEAD

**DETROIT —** President John P. Mansfield of Plymouth Motor Corporation has announced the appointment of William J. Bird as general sales manager of Plymouth.

Bird, who graduated from the University of Michigan in 1933 with a degree of bachelor of science in civil engineering and transportation, has been associated continuously with the Chrysler Corporation since early 1934 when he was employed at the Dodge Division as a traffic clerk.

## Mexico's Merry Once More As Mango Season Takes Over

**MEXICO CITY — (AP)**—Mexico is happy. The mango season is here. The mango is a fruit of which there is none fruitier. Mexico's guava, granada, or zapote negro may require a cultivated taste. Not the mango. With almost everyone it's love at first sight.

There are 27 varieties of mangoes, but the most popular—the mango de Manila—has a smooth, yellow skin which, when peeled back, reveals a peach tinted, firm and very juicy meat which tastes something like a cross of peach, watermelon and pineapple.

The mango is shaped like a comma, although some are so fat their curves are filled out. They have a wide flat seed in the center. The largest are about the size of a human hand.

The mango tree grows quite large, and is a prolific producer. Almost anyone can either afford to buy mangoes, or just pick them off somebody's tree.

The so-called peach of the tropics is eaten from one end of the country to the other during its Spring and Summer season.

If it's so good, why isn't it exported? It is, to some extent, but it's a delicate fruit and can't be shipped far without refrigeration, which is rare here. Most efforts to can mangoes haven't been too successful.

### New Liquid Kills Roaches and Ants

**Scientists Discover Easy Way to Kill Crawling Insects**

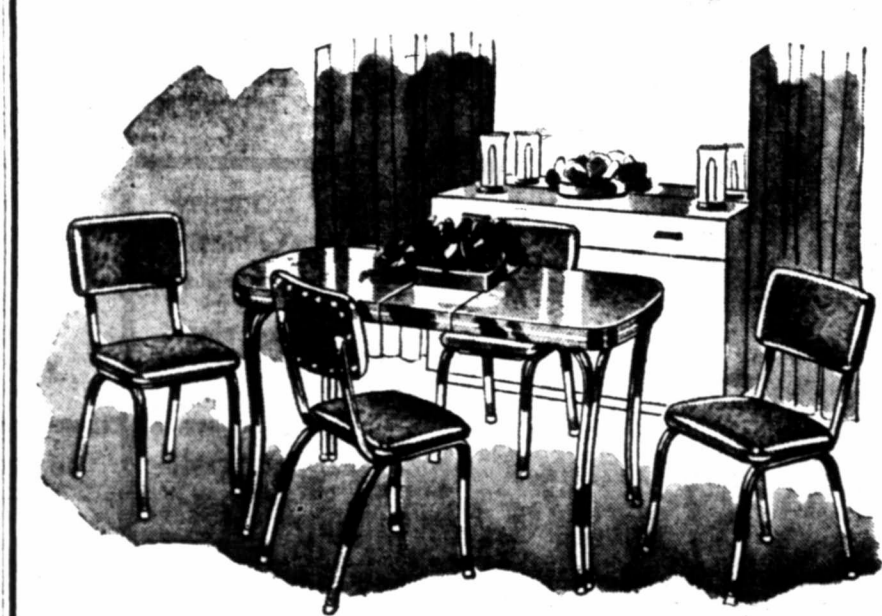

ROACHES and ants are the most difficult household pests to control and they can be brought into the home at any time. Science has recently discovered a colorless, odorless, stainless liquid, so powerful that one application remains effective for months. Best of all, NO-ROACH may be brushed on, without having to move your pots and pans. It is not a contaminating spray or messy powder.

Simply brush Johnston's NO-ROACH wherever roaches, ants, silverfish or waterbugs are found, around kitchen cabinets and sink woodwork, on baseboards, window sills and door sills. Insects that walk over the coating become paralyzed and die within two or three hours. The coating will continue to kill all insects that walk over it for months to come.

Guard against crawling insects this modern NO-ROACH way. \$ 0c, Pint, and Quart sizes.

# Returned Corporal Describes 'Red Hell' Of Kangye Prison

By WILLIAM C. BARNARD  
TOKYO — "I'll give you a week to live—I get your boots when they take you to the hill," a buddy told Cpl. Wendell H. Trefrey.

"My buddy didn't want my boots—he was building up my morale," the thin, red-haired Trefrey, of Terryville, Conn., said in an interview Thursday.

The hill was the frozen, common grave of Americans who died while prisoners of the Communists at Kangye, Korea, in the terrible winter of 1950-51.

"I lasted the week," said Trefrey. "And then he said he's got my boots in another week: I kept on living—I wouldn't let myself die. Whenever I got a awful low, really down in the gutter, I could hear my mother saying like she always said: 'Keep your chin up.' I'll never know how I made it, but I'm here and alive."

**310 Out Of 350 Die**

Of 350 U. S. infantrymen captured by Chinese on Nov. 30, 1950, south of the Changlin Reservoir, Trefrey is one of less than 40 still living.

His feet froze.

The flesh fell off his toes.

A Korean nurse snipped off eight of his toes with garden shears.

He broke off two with his own fingers.

During four attacks of dysentery Trefrey's weight dropped from 150 to 60 pounds.

A former medic with the 7th Division, he was one of the American prisoners returned by the Communists at Panmunjom last week. Here is his agonizing story as he told it Thursday.

"We were caught in a Communist ambush, about 350 of us—Marines and 7th Division men. It was a hard fight but there wasn't any way out—we were surrounded. A Chinese hollered from the

top of a hill—asking our senior officer to come and talk to him. Our officers held a conference and then our senior officer, a Marine major, walked down the road and up to the hill. He talked to the Chinese and came back.

**Chinese Break Promise**

"The major had made a deal with the Chinese. The deal was that our wounded would be sent back to our own lines if the rest of us surrendered. The promise was not kept.

"The Chinese marched those of us away who could walk. We spent a freezing night in some cabins not far away. There were 120 of us then. Next morning we were marched back past where the ambulance had taken place. The wounded were all still there, only now they weren't wounded. They were frozen to death, about 230 bodies.

"Of the 120 of us, many were wounded. I am a medic, and I did the best I could. The Chinese took away my bandages, tweezers and scissors but I hid my last six shots of morphine in my boot and when a man's pain got so bad he couldn't take it I'd give him a shot.

"There was a Texan, I remember. He was shot to pieces. I gave him one of the six shots and he slept one night because of it. I guess it was his last night—alive. Next morning, he was too weak to move, and the Chinese left him there to freeze and die.

"The march to Kangye lasted 18 days. We marched zig-zag and in every direction. I think they were trying to break us down. When

"I was unconscious for three days after we got to Kangye. All the meat came off the bottom of my toes and all of the meat came off

a man couldn't go any farther and dropped out, he was left to die. The ones that dropped out—we never saw them again."

"I had a shrapnel wound in the chest, but it didn't bother me. On the second day, we walked through slush and that night I slept in a cow stall. The temperature dropped to about 20 below zero that night. I woke up next morning and my feet were frozen. The Chinese had us out in the road before I had a chance to get my toes unfrozen.

"On December 10, the Chinese guards turned us over to Korean guards and the march went on. They have a feeling for human beings. They'd stick our men with bayonets and laugh and joke about it.

"Of the 120 who started the march, 80 got the valley camp at Kangye, where we spent the rest of the winter. The Koreans locked all of us up in a big room. They wouldn't let us out to use a latrine. So our living quarters were our latrine. We all had dysentery by that time and you can see that the room wasn't a good place to be after awhile.

"When a man died, the Koreans would tumble his body out of the room, and take it up the hill to the grave. Once, the men among us who could walk were allowed to fix a cross and stagger up the hill to the grave and plant the cross there.

"I was unconscious for three days after we got to Kangye. All the meat came off the bottom of my toes and all of the meat came off

my toes and the bones were sticking out.

"In February a Korean nurse gave me the first medical attention I got, if you could call it that. She walked in with a pair of garden shears and clipped off eight of my toe bones, leaving the big toe bones. I broke them off later with my fingers.

"All we had to eat was maize and tops off a cane—we called it sorghum. With dysentery, I got down to 60 pounds.

"I stopped the dysentery by sucking salt all day long and by burning maize to a crisp and eating it. I treated my feet by cutting up my cotton blanket and making bandages for them. By April, when we were taken by truck to Camp No. 1 near the Yalu, only 40 of us were left.

## Korean Casualties Mount To 134,410

WASHINGTON — (AP) — The Defense Department announced late Wednesday a weekly increase of 623 in Korean casualties, bringing the total to 134,410 through last Friday.

Total deaths increased by 105 to 21,369.

The report was the first of the department's weekly summaries to reflect the exchange of sick and wounded prisoners. The summary showed a drop of 30 in the number of known captured and an increase of 83 in the number returned to U. S. control.

## Traffic Death Toll In Nation Increases

CHICAGO — (AP) — The nation's automobile deaths this year may come close to the record set in 1941 if the present trend continues, the National Safety Council predicted Thursday.

Highway fatalities rose four per cent during the first three months of 1953, numbering 8,310 victims of traffic accidents. If the trend continues, the council said, there will be 1,500 more deaths in 1953 than the 38,000 in 1951. In 1941, there were 39,999 fatalities.

Automobile deaths traditionally increase in the Summer months, but show the greatest rise in December, the council noted.

Traffic deaths in March, 1953, totaled 2,840; also a four per cent rise over March, 1952.

## Freed Frenchmen Arrive In Moscow

MOSCOW — (AP) — Fourteen French civilians arrived in Moscow Thursday by the Trans-Siberian express after almost three years of Communist internment in North Korea.

They were the second group of Western civilians released through the recent intercession of the Soviet government.

## Red-Led Vietminh Troops Push Nearer Laos' Capital City

HANOI, INDOCHINA — (AP) — Communist-led Vietminh troops sweeping toward the royal Laotian seat of Luangprabang captured another French-Laotian defense post Thursday—this one only about 25 miles north of the city. It was the third reverse suffered by the defending forces in as many days.

The black-clad invaders of Laos—one of the three French-associated states of Indochina—successfully stormed defenses at Muongsung as the possibility increased of an all-out assault by the weekend on the residence city of aged, ailing King Sisavong Vong.

The loss of Muongsung, in the valley of the Namou River, was announced shortly after a French Army spokesman expressed cautious optimism about the general situation in Laos. He even went so far as to say "the situation is looking better," but he did not say why.

Improved weather has permitted French planes to bomb the invading columns with napalm, forcing enemy units to split into smaller groups.

**STANTON FFA LEADER**—Maxie Davie, left, president of the Stanton FFA Chapter, was presented a special award by Cecil Bridges at the Tuesday night banquet of the Martin County Chamber of Commerce in Stanton. Davie last year was named the outstanding FFA member in Texas.

## British Seek To Save Sark, Last Of True Clipper Ships

LONDON — (AP) — A campaign has started to save the Cutty Sark, last of the true clippers, from the breakers' yard.

It comes just in time.

The old square rigger, 936 tons and beautiful even at her advanced age of 84, swings at her mooring in the Thames near Greenwich. Near her chug the cargo tramps, tugs and lighters that now carry the commerce of the port of London.

The Cutty Sark's paint is cracked and blistered. Her steel cables and anchor chain are rusty. Her masts and standing rigging that once towered to cathedral height, show signs of rot.

The Cutty Sark Preservation Society, under the patronage of the Duke of Edinburgh, has appealed for 250,000 pounds (\$700,000) to save the ship. About 46,000 pounds (\$128,000) already have been subscribed or promised.

The plan is to recondition and re-rig the old windjammer and place her in a permanent dry berth near the Royal Naval College at Greenwich. There she would serve as a permanent memorial to the British mercantile marine.

In the evolution of sailing vessels, the clipper was the finest and almost the last development. Ships of this type were developed first in America. They had yacht-like lines, low freeboard and were square-rigged on each of their raking masts.

In the middle of the last century American clippers were queens of the sea. The Cutty Sark was one of the new British ships that could compete with the Yankee clippers. She always held her own.

## Hughes Still Busy On Plywood Giant

LOS ANGELES — (AP) — Ten years ago construction started on the Hughes Hercules, a 200-ton wooden flying boat with a wing span of 320 feet.

They're still trying to perfect the eight-engined monster.

A spokesman for millionaire builder Howard Hughes reported Thursday that eight new engines of 3,000-plus horsepower each are being installed in the laminated wood giant, still the world's largest plane.

No further information on the craft, he said, will be available until a future announcement of a test flight.

## Italy Cancels Cold War With Marino

ROME — (AP) — A truce finally has been declared in the pocket-size cold war between Italy and San Marino—a 38-square-mile Communist state on the Adriatic.

After years of bickering, the two republics signed a "friendship and good neighbor" treaty Wednesday in Rome's Chigi Palace. Tiny San Marino—completely surrounded by Italy—agreed to refrain from operating gambling casinos or building radio and television stations which would interfere with those in Italy. Italy agreed to pay bankrupt San Marino 15 million lire (\$24,000) yearly in customs fees and to sell her more tobacco.

# Texas Senate Hears Evidence On Ouster Of Judge Laughlin

AUSTIN—(P)—A Senate inquiry was ready Thursday to move deeper into charges of official misconduct against District Judge Woodrow Laughlin in politically stormy South Texas.

Sitting as a committee of the whole, the senators voted 19-8 Wednesday to hear evidence before acting on a resolution that calls for a full-scale investigation and removal of Laughlin if the charges are proved.

The judge, 39, sat solemnly and silently through Wednesday's proceedings while his lawyer did all his talking.

**Farr His Backer**  
With South Texas political boss George Parr's backing, Laughlin had ousted Judge Sam Reams in last year's elections after a bitter campaign between Parr and anti-Parr forces.

Committee chairman R. A. Welton of Seguin reminded senators their attention is committed solely to charges against Laughlin.

"We're not going to wash all the linen in the Rio Grande Valley. We're going to stick to the subject matter as long as I am chairman," he said.

Former Senator Clint Small, attorney for Laughlin, asked the committee to drop the proceedings and leave the matter to the state Supreme Court.

**Political Life At Stake**  
"A man's political life is at stake," he argued. "Such a trial should be by the Supreme Court, a tribunal in which partisan politics and quibbling backward and forward will not be tolerated and the

## Civitan Club Installs Heads

"Our first year of activity in the Civitan Club has been largely one of organization and planning," reported John Walston, speaking at the installation of Civitan officers in the Midland Country Club Wednesday night. Civitan members, their wives, and guests attended the event, including representatives of several other Midland civic clubs.

Walston added to the picture, telling of civic projects the Civitan Club had sponsored or participated in, including the traffic screening committee, community ambassador selection, and improvement of Midland sanitation.

He said future work of the Civitan Club in Midland included sponsorship of a Little League team, among other endeavors. The first big entertainment to be sponsored by the Civitans will be the Charles Laughton show December 9. Proceeds from the event will be used to aid Civitan work here.

Bill Blakemore served as master of ceremonies at the installation, welcoming the guests of visiting service clubs and presenting the speaker and new officers.

W. H. "Bill" Pomeroy, new Civitan president, gave a brief speech of acceptance. He praised Len C. McCormick, retiring president, for his work in launching the Civitan Club in Midland.

Other officers taking new posts included Leroy Olden, who will be president following Pomeroy's term; Roger Cummings, vice president; and Herman Krevit, secretary-treasurer.

Funeral services were held at 4 p.m. Thursday in Newell Ellis Funeral Chapel for Mrs. Claude M. McCall, 64, 2809 Rankin Highway, who died Tuesday.

Mrs. McCall, who had lived in Midland three months, was born in Gonzales and came to Midland from Hobbs, N. M.

Survivors include the husband, Claude McCall; three daughters, Mrs. Addie M. Jackson of Farmington, N. M., Mrs. Nettie Laughlin of Hobbs, N. M., and Mrs. Louise Lytle of Azusa, Ariz.; a granddaughter, Mandona Holliman of Wichita Falls; and a grandson, Jimmie Jackson of Snyder.

man can be assured a fair and just hearing."

Removal of a judge by "address" as suggested in the resolution, he said, had not been used in modern times.

**Bloodshed In South**  
"This is more than politics," he said. "We have down there a constant seething rebellion. We have had bloodshed. And unless something is done by this Legislature, I fear there'll be more bloodshed."

Then on motion of Senator Dorsey Hardeman of San Angelo, the committee voted to hear evidence. It gave Laughlin's attorney the right to subpoena witnesses and admitted rules of evidence governing criminal trials in district courts.

Shireman detailed three charges brought against Laughlin in the Senate proceedings and also in a State Bar investigation.

He alleged Laughlin tried to dismiss the grand jury that indicted him in a law book sale, by his own selection determined the judge to try his case, and released 1952 election orders impounded by another judge.

The first witness called was Jim Wells County Attorney Sam Burris of Alice. He testified to his part in court proceedings to dismiss the indictments against Laughlin in the law book case.

Burris said he objected at the time to a Laughlin-appointed judge presiding, but moved dismissal of the indictments because he thought evidence was insufficient to support the charge "at the time" with the Laughlin-appointed judge presiding.

**Mrs. C. M. McCall Services Are Held**  
Funeral services were held at 4 p.m. Thursday in Newell Ellis Funeral Chapel for Mrs. Claude M. McCall, 64, 2809 Rankin Highway, who died Tuesday.

Mrs. McCall, who had lived in Midland three months, was born in Gonzales and came to Midland from Hobbs, N. M.

Survivors include the husband, Claude McCall; three daughters, Mrs. Addie M. Jackson of Farmington, N. M., Mrs. Nettie Laughlin of Hobbs, N. M., and Mrs. Louise Lytle of Azusa, Ariz.; a granddaughter, Mandona Holliman of Wichita Falls; and a grandson, Jimmie Jackson of Snyder.

## LITTLE PIGEON GOES TO ROOST

ROME, N. Y.—(P)—This model airplane had real instincts.

On a trial flight near the outskirts of the city, it glided beyond the radio control of its owner, Eskil Ringdahl, and disappeared. It was found a short distance away at Griffiss Air Force Base.

**LAST STRAW?**—Adding a touch of whimsy or whatever to the summer fashion picture, Schiaparelli comes up with these braided-straw eyeglasses with pigtails. This Paris model wears them and a hat in the same bright yellow straw.

# Louisiana Purchase Looked Like Poor Bargain To Surveyor Of 150 Years Ago

By FRANCIS J. KELLY  
WASHINGTON—(P)—Even at four cents an acre, parts of the Louisiana Purchase acquired by the United States 150 years ago Thursday didn't look like much of a bargain to a geographer of the times. He told in detail of a 300-mile-wide belt of "desert" spreading east of the Rockies. He called it the American or Arkansas Desert (after the river of that name) and declared it "probably wholly unfit for the abode of civilized man, and entirely unsuited to cultivation."

Today, of course, two-car garages and shiny television aerials are familiar farm landmarks in this area, which contains some of the most productive grain fields in the United States.

**Swamps And Bears**  
The geographer, one Hugh Murray, offered some other rather disparaging remarks about sections of the nation's new addition in his three-volume "Encyclopedia of Geography," published in Philadelphia. He took exception to New Orleans' drinking water, said Eastern Arkansas was filled with "noisome swamps" and wrote of 300,000 square miles of the Upper Mississippi River Basin as the home of the

"ferocious and formidable grisly (sic) bear."  
Murray did make a few concessions for example that the "turbid" waters of the Mississippi become "clear and palatable when allowed to settle." But as an Edinburgh Scotsman he appeared convinced he could tell four-cent land when he saw it.

**As Senators Argue**  
There was a lot of this land—almost a million square miles. The United States got it from France for total payments of \$27,267,222 in negotiations completed April 30, 1803, while Thomas Jefferson was in the White House. The Senate ratified the treaty the following October after some heated talk, and the U. S. took possession December 20.

The Louisiana Purchase encompassed a vast sweep of mountains and prairies, forests and range land extending from Canada to the Gulf of Mexico. From it were carved all or parts of Louisiana, Arkansas, Missouri, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Colorado, Wyoming and Montana.

**Surge To West**  
These states now total some 24 million in population. Their farm lands are valued at \$2 billion dollars. About one-half billion dollars' worth of oil is pumped in Oklahoma alone each year, and the Homestake Mine in South Dakota produces 15 million dollars' worth of gold.

This bargain sale purchase from Napoleon opened the way for youthful America's second great surge to the West.

Long rifles from Virginia and Pennsylvania and the Carolinas already his blazed paths for the set-

tlement of Kentucky, Tennessee and the fertile reaches of the Ohio Valley.

New waves of pioneering, preceded by war or international agreement, now were to carry the flag west clear to the Pacific and south to the Rio Grande.

Americans soon began establishing in the sprawling Mexican province of Texas. In 1936 the Mexicans tried to disarm the gringo settlers, and the Americans countered by organizing a provisional government and asking aid from the United States.

In March 1836 an intrepid but badly outnumbered band of Americans made a stand in the Alamo at San Antonio and was slaughtered to the last man. Fellow adventurers led by Sam Houston soon struck Santa Anna's Mexican Army a crushing blow at San Jacinto, ending the way for establishment of the Texas republic. Texas joined the union as a slave state in 1945.

The borders of Texas were defined only vaguely. The United States went to war with Mexico about them in 1845, winning decisively and capturing Mexico City.

At the conclusion of the war the United States obtained title to the present states of California, Nevada and Utah and parts of Wyoming, Colorado, Arizona and New Mexico.

The United States paid Mexico 15 million dollars and assumed claims of American citizens against Mexico totaling \$3,250,000.

Fifty years after the Louisiana Purchase, in 1853, the United States was squared away to its present continental limits by the Gadsden Purchase of Southern New Mexico and Arizona from Mexico for 10 million dollars. This opened a route for the Southern Pacific Railroad.

# Two \$40,000,000 Tax Bills Run Into Automatic Delays

By BO BYERS  
AUSTIN—(P)—Two \$40 million dollar-a-year natural gas tax bills ran into an automatic one-week delay after a hearing Wednesday.

Reps. George Hinson of Minnesota and Lamar Zivley of Temple, who have worked for passage of a \$600 teachers pay raise bill and a tax measure to cover the cost, said they would try to get around the delay.

"We can't afford to wait a week," said Zivley, sponsor of the teacher salary bill which passed the House Wednesday but is meaningless unless revenue is sighted.

**Want Quick Action**  
Hinson, author of a bill to tax natural gas produced under "long term" contract, agreed that quick House action must be sought on his or some other tax measure.

Governor Shivers has suggested the Legislature should try to end its work by May 12 and levy no new taxes. Almost a third of the House members have signed a resolution calling for final adjournment by that date.

Hinson and Zivley said that's why they consider "time's too short" to wait on a report of the House Revenue and Taxation subcommittee appointed to study two gas tax plans.

**Industry Opposed**  
Industry spokesmen opposed Hinson's bill levying a one cent-per-cubic-foot tax. They also attacked a bill by Rep. Robert Patten of Jasper which would place the same amount of tax on the production of gas at the wellhead.

Patten said his tax, which would be in addition to the present rate of 5.72 per cent on gross production value, was desirable because its validity has been established long ago.

He said there might be some doubt about Hinson's tax which seeks, like the 1951 pipe line tax now in court suit, to place the burden on long-line gas transmission lines.

B. M. Brittain, attorney for Natural Gas Pipe Line Company of American and Panhandle-Eastern Pipe Line Company, said both Hinson and Patten were wrong in their belief the proposed taxes could and would be passed on to consumers.

**Too Simple, He Says**  
"I wish it were as simple as these gentlemen make it sound to pass a

tax on. I can't do it," Brittain told the committee.

He said existing contracts might preclude passing the tax forward.

Robert Donahue, attorney for Tennessee Gas Transmission Company, suggested further taxation of the gas industry should be postponed pending a final court decision on the 1951 gathering tax.

That tax is pending appeal in the Texas Supreme Court, and is expected to go finally to the U. S. Supreme Court.

"That tax may well be upheld," Donahue said.

Rep. Tony Fenoglio of Nocona, co-author of Patten's bill, said enactment of a gas tax would be in line with Shivers' recommendation.

"I think we ought to go along with our honorable governor who stood right here and told us if we needed any money for teachers or other things, to go to the long (gas transmission) lines," said Fenoglio.

**CROPS CONTEST WINNERS**—Shown above are members of the Pecos Future Farmer chapter which won top honors in crops judging at Texas Tech. Another team won the wool judging division to give Pecos two of nine championships in the Lubbock event. Crops winners and their teachers are, left to right, Harry Blenden, Kevin Baker, James Rushing, Tommy Poer and Lloyd Rumsey.

**FOR MARCH OF DIMES**—Woody Woodard, center, president of the Midland Racing Association, presents a \$110 check to Ray Gwyn, right, chairman of the Midland County Chapter of the National Foundation for Infantile Paralysis. Jack McClurg looks on. The money is a donation from gate receipts of the recent Canadian Dare Devil Show, sponsored by the Racing Association. McClurg has donated land at the corner of the Garden City Highway and Farm Road 115 for the Midland Race Drome. He made the provision, however, that a percentage of the proceeds are to be given to a charitable organization.

**API Hammers Out Import Issue, Turns To Routine Business**

**FORT WORTH**—A look at the import situation behind them, directors of the American Petroleum Institute turned to routine Thursday.

The directors held an unscheduled session Wednesday to check imports. It was learned the meeting developed the feeling that the importers did not act promptly enough in cutting back imports after it had been ascertained too much crude was being produced and imported.

Some importers accepted the blame for failure to act promptly in cutting back imports after climbing inventories of crude and products had indicated an oversupply.

The present situation was compared to that of 1948 when the domestic industry overproduced and too much oil was imported, resulting in cutbacks in 1949.

The feeling existed that when such a period of adjustment becomes evident, it is necessary that all states and importers shoulder an equitable part of whatever reductions are necessary.

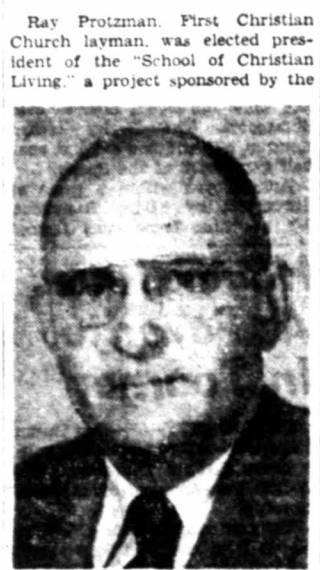

**BUSINESS HERE**

Mrs. J. B. Hughes and Mrs. Pat McCarty of Odessa were business visitors Wednesday in Midland.

**FROM AUSTIN**

Jocile McDowell of Austin, visited in Midland recently.

**Protzman Selected Head Christian Living School**

**Ray Protzman**, Midland Ministerial Alliance, in a Planning Council meeting Wednesday afternoon.

The school, which will be held in January, 1954, is designed to develop church leadership and train Midland Christians on how to best forward the work of their church. It will be open to Christians of all faiths.

Ray Protzman, First Christian Church layman, was elected president of the "School of Christian Living," a project sponsored by the

Other officers elected include Miss Eleanor Dunham, First Methodist Church, secretary; Don Johnson, Westminster Presbyterian Church, treasurer; and Miss Lella McGeath, First Presbyterian Church, who will be dean of the school. The Planning Council has a present membership of approximately 20 ministers and church laymen.

The "School of Christian Living" will be held in the First Methodist Church. Six courses will be offered instead of the four used in previous gatherings. Outstanding church leaders will be instructors.

At present, nine churches are represented in the inter-faith planning council, including the First Presbyterian Church, St. Andrew's Presbyterian Church, Westminster Presbyterian Church, First Methodist Church, St. Mark's Methodist Church, St. Luke's Methodist Church, Trinity Episcopal Church, and the First Christian Church.

**Tidelands Backers Expect To Triumph In Amendment Poll**

**WASHINGTON**—(AP)—Backers of state ownership for offshore submerged lands anticipated another preliminary victory Thursday as the Senate completed a month of debate on the Administration-backed measure.

Awaiting action was an amendment by Senator Monroney (D-Okla.) designed to minimize what he termed a "gigantic giveaway" of offshore oil riches.

Monroney's amendment would limit to three miles the seaward boundary of any state, provide for federal leasing of the remainder of

the continental shelf and devote federal royalties to reduction of the national debt.

Earlier this week, the Senate voted down a proposal by Senator Douglas (D-Ill.) to limit state boundaries to three miles with federal revenues going for education.

A final vote on the state ownership bill is set for 1 p.m. next Tuesday.

Speaking against the Monroney amendment, Republican Leader Taft of Ohio urged the Senate Wednesday not to approve a "half-baked proposition" for federal administration of the continental shelf, which in the Gulf of Mexico extends outward more than 100 miles.

**New Bill Promised**

Taft said a comprehensive bill dealing with the outer belt will be presented "within two weeks" after the Senate passes the pending bill.

The Senate debated Wednesday, but didn't vote, on an amendment by Senator Kefauver (D-Tenn.) to turn over to the federal Treasury the money from offshore oil production impounded since the 1947 Supreme Court decision in the case of California.

The court held at the U. S. had paramount rights to the submerged lands. It has since issued similar rulings in cases brought by Texas and Louisiana.

**Texas Ex-Prisoner Gets Closer To Home After Pacific Flight**

**DALLAS**—(AP)—Cpl. Theodore Jackson, 33, of Palestine was due here on his way home from a prisoner of war camp in Korea.

The East Texas career soldier was in the first group of men returned to the United States.

Another returning POW due Thursday or Friday was Pfc. Eddie Vidal of San Antonio who was to go to Brooke Army Hospital there. At Travis Air Force Base, Calif., Wednesday Jackson told about classes on Communism conducted by the Red captors.

"Maybe some of the men pretended to believe the stuff to get better treatment, but I don't know of anyone who really swallowed the line," said the slightly built negro.

Jackson was a veteran of the Normandy Beach landing in World War II. He has been in the Army 10 years and plans to stay.

He once played basketball and baseball at Flint Hill High School in Palestine and was able to do some playing in the prison camp. He weighed 143 pounds when captured and is down to 130 now.

Vidal and Jackson were among nine prisoners from Texas released by the Reds.

**Air Force Identifies 10 B-29 Crash Victims**

**SAN ANTONIO**—(AP)—Ten men were killed and five parachuted to safety when a B-29 Superfort crashed nine miles south of Randolph Air Force Base Wednesday.

Rankolph said the dead were: Maj. Junior Klein, aircraft commander, 32, Roxana, Ill.; Lt. Myron Silverman, radar observer, 23, Chicago.

Airman Rodney Johnson, instructor gunner, 23, Converse, Texas; Airman Ira Hubbard, radio operator, 20, Sullivan, Ill.; Airman Charles Manly, gunner, 19, Savannah, Ga.; Airman Donald Patton, gunner, 19, Lancaster, Ohio; Airman Richard Sachoff, gunner, 20, Hunter, Texas; Airman Alan Stuckel, gunner, 20, Marion, Ohio; Airman John Nienaber, flight engineer, 26, Greensburg, Ind.

**Radio Points Out New, Far-Distant Celestial Systems**

**WASHINGTON**—(AP)—Two scientists say celestial systems far beyond the range of existing telescopes can apparently be detected by radio which picks up noises created by heat and other radiation.

Dr. Martin Ryle of Cambridge, England, and Dr. Rudolph Minkowski of Mt. Wilson and Mt. Palomar Observatories in California described the evidence Wednesday at meetings of the National Academy of Sciences and affiliated groups.

They mentioned no specific distances, but said some noises picked up by sensitive radio devices apparently stem from galaxies far beyond the vision range of the 200-inch Mt. Palomar telescope.

And that's a long way, for it has an estimated range of 5,900 billion billion miles.

**Kidnap Tale Proves Hoax Of Young Girl**

**MONTEBELLO, CALIF.**—(AP)—A 12-year-old girl, object of an all-night search by police and hundreds of neighbors, walked into a Hollywood store Wednesday and announced:

"I've been abducted. I want to phone my mother."

But after checking her story, police decided Barbara Hellman has a vivid imagination.

She finally admitted she hadn't been kidnaped at all, but merely ran away. Police said a reprimand by a teacher and fear of parent wrath prompted her flight.

**HOMEMAKING IN THE DARK--**

Using a hot iron isn't easy when you can't see. Here Mrs. Elizabeth Palmer instructs a student in the proper technique. The temperature control is notched for the sensitive fingers of the students.

Ever try to separate the white of an egg from the yolk—with your eyes closed? Blind youngsters are learning to do that and other household chores in the new home economics department of the Western Pennsylvania School for the Blind in Pittsburgh, Pa. There, in a small dining room, personal-grooming nook, kitchen and laundry area, sixth through twelfth grade boys and girls are taught homemaking. Star of the setup is the fully equipped modern kitchen, directed by Mrs. Elizabeth Palmer, a Westinghouse home service expert.

Separating the yolk from the white of an egg is tough. Some let the white stir through their fingers and retain the yolk.

**Dallas Man Must Die For Collector's Death**

**DALLAS**—(AP)—Donald Brown was under a death penalty Thursday after conviction of murder in the death of Edwin Campbell, 25, loan company collector.

A jury took almost two hours Wednesday to decide.

Brown's wife, Billie Joe, who had testified for her husband, and his mother became hysterical when the verdict was read. Both clung to the convicted man until pulled from the courtroom by relatives.

Brown denied killing the collector and said he knew nothing of the slaying before his arrest, two weeks later in Fort Worth.

Campbell's body, beaten and shot, was found in his blazing auto last New Year's Eve.

**Houston Oil Man Wins Hanlon Award**

**HOUSTON**—(AP)—The Hanlon Award, highest honor in the natural gasoline industry, was presented to Darst Buchanan, president of Hiwan Oil and Gas Company of Houston.

The award was given Wednesday by the Natural Gasoline Association of America.

Learning to eat by the clock-wise system is important. With the plate as the dial they learn to find the drink at one o'clock.

After finishing the course these two blind students find they can cook easily and safely on this specially built electric range. The controls are set away from the heat zone and the windows.

# One-Man Forum

By Abe Weiner

More nonsense is being written about television being the cause of the furor over the poor officiating in the recent Jimmy Carter-Tommy Collins fight in Boston than is warranted. Staid old Boston which bans sex novels and slightly off-color movies apparently finds no reason to bar gory massacres, but other sections of the country howled "bloody murder" over the referee's refusal to stop the fight even though it was obvious Collins was knocked into the land Rip Van Winkle made famous many moons ago.

Abe Greene, boxing commissioner for the high-minded National Boxing Association which delights in lifting championships from boxers who rightly earned them, made the ridiculous statement that the howls never would have been heard if it had not been for television.

Those who heard, watched on TV or read stories concerning the fight recall that Carter floored Collins six or seven times in one round and four more in another and the referee still was permitting the fight to continue. Finally, Collins' handlers jumped into the ring automatically ending the fiasco.

As a radio listener—not a TV viewer—this writer was screaming "stop it" after the third knockdown. Veteran Broadcaster Don Dumphae twice made comments that the fight would have been stopped in New York after the third knockdown.

Perhaps the fight never would have been scheduled except for television, but you hardly can blame the TV screen for the beefs arising from inadequate officiating. That's like blaming a home run on the spectators because they showed up to watch the ball game.

For sheer courage, you have to admire the Midland Bulldogs mile relay team's performance in the Region 1 meet at Lubbock Saturday. The foursome didn't win, but it didn't quit, either. When Roddy Braun pulled a leg muscle and dropped to the ground 10 yards from home, it was obvious the Bulldogs would not win. However, they continued the race although 40 yards behind and finished third by virtue of terrific laps by Bill Mims and Roy Kinsey. They were clocked unofficially in 3:31.6 even though Braun ran a 67-second quarter—considering he fell, had to get up and limp the last 10 yards to handoff to Dale Jobe, his time wasn't bad, and the team was mighty fast.

On a previous occasion this season, the Bulldogs were guilty of giving up when the odds were against them. So it was a pleasant surprise to see them running their hearts out when they knew it was in vain.

Interested in the New York Yankees? Wants know how many times Billy Martin has struck out? Or how many walks Alie Reynolds has given up this season? You might try calling Joe Salzman, Reporter-Telegram old writer. He's a rabid Yankee fan and keeps all types of statistics on the world champ.

ONCE OVER LIGHTLY—Milt Wallendorf, Midland Indian first baseman, pitched six games and won six games last year in semi-pro ball. He says he wants no part of those duties, however. He only pitched last year when there wasn't anybody else around to handle the chores. One of the reasons San Angelo batters were swinging at very obvious inside pitches against Bob Blair Tuesday night is that Blair throws an inshoot to right-handed batters, fooling them quite often. The Cotton Bowl is going to allow spectators to keep footballs kicked into the stands on extra point tries. Now football is competing with baseball as the only sports in which the fans are allowed to go home with the equipment. We notice where presidents of schools in the Big Seven, Skyline, Big Ten and Missouri Valley Conferences unanimously approved a resolution asking the North Central Accrediting Association to relax its "no athletic scholarship" ban. Bud Wilkinson, Oklahoma coach, made this prediction on a recent trip to Midland. Marcelino Moreno, Midland High School golfer, probably earned himself a scholarship to Texas A&M by winning the medalist honors in the Region 1 tourney at Lubbock Saturday. The Aggies were impressed with his play in the high school invitational tournament they sponsored in early April.

# Golfers Look For Better Weather To Start First Round Matches Friday

If calm follows—as well as goes before—the storm, Midland golfers stand on the threshold of fair weather to play their first Reporter-Telegram City Championship golf matches Friday.

A field of 104 tee off—the first foursome leading at 9 a.m.—for three days of matches to decide the Midland champion and the winners in 12 flights.

Sixteen of them bid for the largest award—the City Championship trophy. And Pearl Ward, who is medalist with a 71 holds the favorite's role while former Ranchland Hill Country Club Champion, Bob Wortman, rates a close second.

Wortman stroked a 72, one over par, in qualifying on the 6,244-yard Ranchland layout Sunday. These two top tourney choices were expected to be among over 100 players bidding in a pro-am at Ranchland Thursday.

Meanwhile, the players held hopes of calmer times when a break in the weather Thursday ended a two-day sandstorm. It was an ill wind, for sure, but some of the golfers considered it an equalizer.

Workaday players, for instance, would have missed practice rounds on Tuesday and Wednesday, while the blowing sands during the period held other golfers to hardly any practice at all.

The title flight, however, hardly could have been handwritten any more equally. The best players of both Midland clubs are represented among the top 16 entries. Another golfer, Ford Sturdivant, an independent, posted his qualifying score at 73 to loom as a top outside bet to survive the four-match deciding rounds.

Vann Ligon, a former club champion, Evans Dunn, W. Bill Barker, J. T. Jamison, Roger Evans and James Lyles headed the list of golfers from Midland Country club. Former club champs Kit Carson and Red Watkins, Bill Hightower, Dave Sheridan, A. T. Pierce and John Sherrod, as well as Ward and Wortman, play their golf at Ranchland. Jimmy Stone can represent either club.

The first round matches pair off in friendly rival these of different affiliations: Wortman against Jamison.

They team in a foursome with Carson and Sheridan, driving off at 10 a.m. Friday.

Second flight players start Friday's rounds with W. T. Davis vs. Chuck Barton and Bill Minnerly vs. Jack Creswell winning first honors on the tee.

H. L. Winkler has the five-hour job of starting off the 46 foursomes approximately every seven minutes.

**TAKES DEAD AIM**—Jimmy Stone takes dead aim on the pin as he prepares to hole out on No. 9 green in qualifying for the City Championship Tournament. Others are, left to right, Tex Carleton, Bryan Henderson, Dan Strong and Jimmy Lyles.

## TOURNEY SCOREBOARD

The first round matches in starting order:

First flight: 9 a.m.—Davis vs. Barton, Minnerly vs. Creswell; 9:07—Carleton vs. Payne, F. Meyer vs. Brinkerhoff; 9:16—K. Baker vs. Wilson, McClure vs. Vandervoort; 9:23—Schmidt vs. Hogan, Satterwhite vs. Thompson.

Second flight: 9:30—Daniel vs. R. Brown, Walker vs. Lockett; 9:37—McQueen vs. Braun, E. Meyer vs. Miller; 9:44—Moren vs. Gill, Moody vs. Buckingham; 9:51—Strong vs. B. Smith, Reynolds vs. Coney.

Championship flight: 10:00—Ward vs. Hightower, Carson vs. Sheridan; 10:07—Sturdivant vs. Dunn, Stone vs. Barker; 10:14—Wortman vs. Jamison, Pierce vs. Evans; 10:21—Lyles vs. Sherrod, Red Watkins vs. Ligon.

Third flight: 10:28—McFarland vs. Huffman, Ash vs. Shepard; 10:35—Adams vs. Elwell, G. J. Smith vs. Rylee; 10:42—Nelson vs. Shaw, Sr., Worley vs. Cole; 10:49—McCull vs. Chase, Minear vs. Grimes.

Fourth flight: 10:56—Coker vs. D. Fink, P. McHargue vs. Shackel-

ford; 11:03—Stanford vs. Mackey, D. McHargue vs. Sellers; 11:10—Withrow vs. J. Taylor, Glahn vs. Hutchins; 11:17—A. Brown vs. L. Baker, Scott vs. Jordan.

Fifth flight: 11:24—Chancellor vs. D. Taylor, Henderson vs. Watts; 11:31—Binford vs. Sprecher, W. Hall vs. Dean; 11:38—M. Hall vs. Matthews, Coombs vs. Spreck; 11:45—Laey vs. Roberts, Patton vs. Stevens.

Afternoon Rounds

Sixth flight: 12 noon—Friberg vs. Holly, Vaden vs. Burleson; 12:07—Jennings vs. Hudgens, Rogers vs. Shaw, Jr.; 12:14—Forward vs. Ammerman, Zihlman vs. Redpath; 12:21—Cobb vs. Terrell, Ballard vs. Villines.

Seventh flight: 12:28—C. Fink vs. Christie, Baldwin vs. Caldwell; 12:35—Shier vs. Sowden, Doyle vs. Flournoy; 12:42—Layton vs. Cheatham, Champions vs. Henry; 12:49—Leggett vs. Ekew, Jastrow vs. Carruth.

Eighth flight: 12:56—Whitson vs. Rowson, Abbott vs. Rinker; 1:03—C. Watkins vs. Schultz, Gazale vs. Stall; 1:10—D. Hall vs. Shaughness.

## Kermit Hoping To Name New Coach Within 'Week Or So'

KERMIT—Trustees of Kermit High School planned to select a new football coach "within a week or two" Wednesday when they trim a large list of applications to the most likely candidates.

About 25 School Supt. Tommy Thompson said, were seeking the job vacated by Neal Dillman, who resigned to become Borger coach.

Thompson Wednesday ended an extensive period of interviewing prospects by submitting recommendations to a board meeting held to screen applications.

He said the school board hoped to "name a new coach within the next week or so."

However, the board is willing to wait until after school is out if no suitable coach can be chosen before the next two weeks.

A quick decision, Thompson said, would enable the coach to train with the Yellowjackets for a week or so of Spring workouts. At present Kermit Assistant Coach Arthur Sweet, who will join Dillman at Borger, is putting the football team through its second week of practice.

Dillman, who coached four years at Kermit, joined Borger in its Spring drills Monday. He took another Kermit assistant, I. D. Russell, along with him and expects Sweet to become part of the Bulldog staff next fall.

Both Russell and Sweet, former SMU and Baylor players, spent one year at Kermit. "They asked not to be considered for the head coaching job here," Thompson said.

## Golfers Begin Action At Monahans Friday

MONAHANS—Defending Champion Bob Hellinghausen, a hometown entry, is expected to lead a field of more than 100 into the sixth annual Monahans Country Club invitational golf tournament starting here Friday.

Pro Grady Kidd said the golfers would play qualifying rounds Friday and confront two 18-hole matches both Saturday and Sunday before settling the flight championships.

A pot of about \$1,000 in merchandise awaits the winners.

## Chips Down In SWC Golf: SMU Vs. Texas

AUSTIN—The chips go on the line here Friday when SMU and Texas play for the golf championship of the Southwest Conference.

SMU enters the last match of the season with a halfpoint lead over Texas.

No other team has a chance to figure. Arkansas has finished the schedule with 21 1/2 to 14 1/2 for third place. Baylor, Texas A&M and TCU will decide the third spot.

In other matches Friday, Texas A&M plays Rice at Houston and Baylor and TCU play at Fort Worth.

## Kitchen Utensil And Pencil Can Help Golfers With Rules

All you need to conform with the City Championship golf rules in the Friday-through-Sunday match play is a wash stroke or putting ball, a knife or pointed stick, a pencil to add up extra strokes and a lot of honesty.

Complicated? Not so much. Here's why, as announced by Chairman Walter Thompson of the rules committee when he posted this list of regulations:

1. Clean the ball, or change it, only on the putting surface (calling for a towel or putting ball).
2. Please repair all ball divots on greens (by spiking around the divot with a knife or sharp stick and smoothing out).
3. If ball is lost, drop near as possible to where it was lost and add two strokes penalty.
4. If ball is in water on No's. 3, 5, 9, 10 and 15, drop in designated circle and add one stroke penalty.
5. Improve lie with club head only in own fairway, moving from side to side or backward not more than two club lengths.
6. If ball is out of bounds, add penalty of stroke and distance. A tee shot off No. 9 that lands in No. 8 fairway is out of bounds.
7. Drop ball out of all cultivated tree holes and ditches and vehicle tracks but not nearer green—no penalty.

## Home Runs Spark Texas League Wins

By HAROLD V. RATLIFF  
Associated Press Sports Editor

Home runs in bunches are turning the Texas League into a nightmare for the pitchers.

In three nights three different fellows have hit two apiece and one of them—Jim Fridley, the San Antonio mauler—got his in a single inning.

Wednesday night was a big one for the clouts over the fence as League-leading Shreveport, a victim of idleness, watched the field inch up. For the second night in a row the Sports couldn't play because of rain, and Dallas made hay while the clouds hovered over Shreveport. The Eagles sacked Houston, 4-2, and now are just one-half game back of the Sports.

Tulsa moved within a game of Shreveport by licking Beaumont, 6-3, as three home runs figured largest in the Oiler assault. Bob Frenche lashed one over the barrier in the third inning. Charley Harmon got one in the fifth and another in the seventh.

But Fridley was the fellow who really ate them up. He blasted his one of them—Jim Fridley, the San Antonio mauler—got his in a single inning.

## Hogan Rules As Favorite In Tourney

MEXICO CITY—(AP)—Ben Hogan, golf's semi-retired capitalist, ruled a heavy favorite Thursday in the 72-hole Pan-American open championship.

Two men most capable of keeping Hogan from new gold were absent. Lloyd Mangrum, defending Pan-Am titlist, said he was passing up the event because the sponsors offered Hogan a \$5,000 appearance bonus while the same sort of lure wasn't given him.

Sponsors denied the \$5,000 offer to Hogan. They said they had offered Mangrum \$1,000 to come, but Mangrum continued to refuse. Mangrum is a former U. S. Open champion and currently is the leading money winner among U. S. pros.

Sam Snead also was absent, and officials said they had been given no reason.

Hogan, recent winner of the Masters at Augusta, showed he was in good shape by firing a 69 in a warmup Wednesday.

## Roughs Seeking Games, Set Definite Tilt With Two Nines

The Roughnecks, Midland's semi-pro baseball team, have discovered how difficult it is to schedule April games in West Texas after the pro leagues start.

Les Cobb, manager, said Tuesday, "We're working on our next games now with semi-pro teams. But they don't start until colleges let out."

The Roughs, losers by one run to both Odessa and Big Spring of the Longhorn League and by 18-2 to Abilene of the West Texas-New Mexico League, are eager to prove their muscles against the non-pros. So far, Cobb has arranged only three definite dates.

Midland's club will play at Sweetwater at 2:30 p.m. May 10 and at 8 p.m. May 13, and then goes to Monahans to tackle the combined Monahans-Granfalls team, one of Texas' best. That game is Sunday, May 17.

Until the Sweetwater date on May 10, the Roughnecks will be idle. Cobb, however, is trying for other dates.

Sweetwater, Jal, N. M., Seagraves, Alpine, Brooke Army Medical Center and House of David (Ohio) are one on the list.

Tentative games have been arranged with BAMC and House of David. The other teams are awaiting the end of school to begin training. "They build their clubs with college stars," Cobb said.

The Roughnecks haven't played in Midland yet. Cobb said clashes with Jal, Seagraves and Alpine probably would be arranged after mid-May.

If BAMC is scheduled, Cobb said, the series would be played here over two or three days. The Midland manager has been in contact with Major K. Hager of the Army post and said conditions were favorable for a home stand here.

## Newcomers Derby This Year

LOUISVILLE, KY.—(AP)—The seventy-ninth Kentucky Derby Saturday will be labeled the "Newcomers Derby," for not one of the owners of the 12 probable starters ever has seen any of his horses led into the winner's circle and crowned with the garland of red roses.

And with the exception of Greentree Stable, owned by John Hay Whitney and his sister, Mrs. C. S. Payson, and Charles T. Fisher's Dixiana Farm, no owner ever has had more than one thoroughbred in the \$100,000 added three-year-old turf classic.

Greentree, which will be represented by the well-regarded Straight Face Saturday, sent out two winners, Twenty Grand in 1931 and Shut Out in 1942, but in those days the stable was operated by Mrs. Payne Whitney, mother of the present owners.

Since it was established in 1921, Greentree has made 96 horses eligible and 16 have carried the famous watermelon pink and black silks to the post in 10 derbies. In 1921 John Hay had a lone entry before his mother's death.

Dixiana colors, which will be flaunted by Spy Defense Saturday, have been represented in nine previous derbies but never came closer than second, with Sweep All in 1931. Spy Song in 1946 and Sub Fleet last year.

Of the others only Alfred Vanderbilt, owner of the mighty un-

NATIVE DANCER  
... Unbeaten colt

beaten Native Dancer; Mrs. Gordon Guiberson of La Jolla, Calif., whose Correspondent is the second choice; and Harry F. Guggenheim, master of the Cain Hoy Stable, ever have sent a horse to the post in America's most spectacular race.

They've each had one, Cain Hoy's hopes, and they are high, will be Dark Star, easy winner of the Derby Trial.

Although he has been a liberal nominator to the Derby, you have to go back to 1934 to find the other Vanderbilt starter. That was the famous Discoverer, which ran second to Cavalcade. Mrs. Guiberson's silks were sixth with Arros last year and Guggenheim, former U. S. ambassador to Cuba, wound up sixth with the favored Battle Morn in 1951.

With the entry box scheduled to open at 7 a. m. Friday the other entries with owners are expected to be: Royal Bay Gem, Eugene Constantin, Jr.; Invigorator, Saxon Stable of John Allison and Max Freestridge; Ace Destroyer, T. M. Daniel; Curragh King, E. M. Goemans; Money Broker, G. & G. Stearns; P. A. Grissom and Edward Grosfield; Ram o' War, and Social Outcast, Vanderbilt.

There also is a possibility that the name of Mr. Paradise will be dropped into the entry box although trainer Howard Hoffman doesn't expect him to start. Social Outcast likewise may not be at the post for the 4:30 p. m. get-away.

If it comes up mud, and the predictions are for possible showers, Vanderbilt definitely will send Special Outcast as a running mate for his illustrious Dancer. And there is a chance he'll go with the track in America's most spectacular race.

BIG AND LITTLE—It's a long way from Little League to the big leagues, but Pat Myers, 9, of Newburgh, N.Y., gets a feel of the majors receiving batting tips from Cards' Stan Masial. (NEA)

## Indians, Colts Slate Another Try Thursday

High winds and biting sand that prevented Midland with a share of the Longhorn League race one day proved Indian gives the next.

The Midland club was forced to postpone its Wednesday night tangle with San Angelo here because a two-day sandstorm was still hanging about.

The previous night, Midland had caught idled Carlsbad in the race by playing despite the weather and

winning. But Wednesday, Carlsbad beat Roswell, 21-9, while Midland rested. And the Potashers (6-1) ran ahead in the standing by half a game.

Midland tries again against San Angelo in a series finale at 8 p. m. Thursday. It'll be the fifth effort at playing at home; the Indians succeeded in completing only one game here, the 14-8 triumph over San Angelo Tuesday.

Manager Jay Haney, who named Eddie Jacome to start Wednesday's clash, said the Arizona hurler would take the mound Thursday. He'll oppose Parks Thomas, San Angelo's choice.

The officials of Midland, already three games behind in the schedule because of bad weather, decided to hold off a make-up doubleheader against San Angelo until later in the season. Manager Haney listed his five-man pitching staff as the cause. "I haven't enough pitchers to go around their regular turns, what would I do with a doubleheader?" he said.

He pointed out that he is two hurlers short of the seven Midland plans to carry this season. A new left-hander, Don Dalley, and veteran Freddie Rodriguez, supposedly are due in Midland soon, however. In the meantime, one other game besides Midland's was postponed Wednesday, the Big Spring at Odessa tilt. Carlsbad's triumph and Artesia's double decision, 5-4 and 7-3, over Lamesa completed the night's rounds.

## Horse Racing Turnout Up, Other Sports Down—Times

NEW YORK—(AP)—Horse racing, once the sport of kings, is threatening to become the king of sports in America, the New York Times said Thursday in reporting an attendance survey.

The Times said the survey showed attendance at running and trotting tracks booming while crowds are declining at major league baseball games and in such sports as basketball and football.

The paper, in a front-page story by Stanley Levey, cited these figures:

Last year, 29,177,027 persons flocked to 77 major running tracks in the United States and Canada, an increase of 2,160,026 over 1951. Last year, 16,703,590 attended the trotting races, making a total of 45,880,617 who came out to watch the horses go.

In those same two years major league baseball attendance dropped from 16,126,676 to 14,635,457 while minor league attendance declined from 27,625,529 to 26,305,328.

Major league attendance had been on a downward trend since 1928 when the record gate of 20,920,842

was set. Similar slumps have been noted in football and basketball, particularly in college basketball since the "fix" scandals of three years ago.

Horse racing, meanwhile, has been going strong. The Triangle Publications, Inc., reports \$500,000 saw running races in 1940. The attendance reached 26,000,000 in 1947, declined slightly for the next couple of years and then staged a stout comeback.

On many occasions this Spring, the Jamaica running track and the Farkers trotting track have drawn 20 times the number of patrons of a major league baseball game in New York. Baseball attendance this Spring has been hampered by cold weather and rain.

In 1952 race goers legally wagered more than two billion dollars. The Times listed these reasons for the superior attendance record of horse racing: (1) the gambling element, appealing to American instincts; (2) reluctance of racing tracks to turn their programs over to television; (3) decline of quality in major league baseball.

## Braves Whip Giants On Adcock's Wallop

By The Associated Press

If the current rash of long-ball hitting in the majors continues, they're going to have to supply the bleachers with outfielders' gloves.

First it was Mickey Mantle of the Yankees, then Ed Mathews of the Braves, then Mantle again and now Joe Adcock of the Braves. And the season is only two weeks old.

Mantle still holds the record for the campaign, his first blow traveling 562 feet. That probably won't be equaled for a long time.

But in the matter of accomplishment, Adcock's Wednesday off a pitch by the Giants' Jim Hearn was the most notable wallop. It came with one on and helped the Braves to a 3-2 triumph over the Giants.

More important, though, it was the first ball ever hit into the center field bleachers of the Polo Grounds during a regular season game. The ball traveled 475 feet.

"It surprised the heck out of me," Adcock said. "I knew I had gotten good wood on the ball, but I never thought it was going to travel that far."

The hit came in the third inning, and the Giants eventually tied the game. As things turned out, the Braves had to win it in the ninth inning when knuckleballer Hoyt Wilhelm let loose a wild pitch. Adcock got to first base when Al Dark made a bad throw on his grounder. He stole second, and advanced to third on Catcher Sam Calderone's poor throw. Jim Pendleton went in to run for Adcock and scored on the wild pitch.

The league-leading Philadelphia Phillies lost a full game to the Brooklyn Dodgers, but the second-place Chicago Cubs also were beaten, so Chuck Dressen's defending champions gained on both leaders.

It wasn't that the Phils minded losing so much. It was that the defeat came in a game that Pitcher Curt Simmons would have won 99 out of 100 times. He gave up only three hits, but the St. Louis Cardinals beat him in the eleventh inning of the night contest, 1-0, when Bill Johnson doubled home Rip Repulski.

The defeat was the first of the season for Simmons.

The Cubs failed to take advan-

### Rotary, Tide Water Cop Softball Tilts

THURSDAY'S SCHEDULE

7 p. m.—Western Inspection vs Humble Knights.  
9 p. m.—Continental vs. Dark-horses (or bye).

The Rotary Engineers stamped themselves as a distinct threat in the National JayCee City Softball League Wednesday night as they blasted their way an 11-1 victory over Phillips Petroleum Company.

In the nightcap, Tide Water Oil annihilated Texas Company, 20-10, in an American League game.

Rotary's Art Penrert gave up only three scattered hits—one a triple by Jim Watson—as he held Phillips in check while his mates pounded out 11 off Jack Smith. Joe Shepard was the big gun with three hits in four trips.

Bill LaRoche clubbed out a pair of doubles and a pair of singles as he paced Tide Water's victory, but Bert Clemmons also had a perfect night with two singles and a double.

Smith and Crites; Penrert and Burrow.  
Texas 145 00-10 13 5

Kurtz and Markovic; Wise and LaRoche.

lage of the Phillies' lapse and went down to a 4-3 defeat at the hands of the struggling Pittsburgh Pirates. By their victory, the Buccos moved into a tie for sixth place with the Giants.

Little Murry Dickson went all the way for the Pirates. The Cubs scored twice in the eighth to break a one-all tie. But the Buccos came right back with three in their half of the inning. Pete Castiglione knocked in two runs with a timely single.

The Dodgers edged the Cincinnati Redlegs, 6-5. Roy Campanella tied the score with a home run with one on in the eighth, and Reliever Joe Black threw just one ball to gain credit for the victory.

Redleg Catcher Hobie Landrith let the winning run in when he was charged with a passed ball in the ninth. Carl Furillo, who was on third after doubling to open the inning, scored.

In the American League, the Indians gained half a game on the

Philadelphia A's. The Tribe now is one game behind the Yankees.

Both Indian runs came about in the same way. In the third Dale Mitchell singled, scoring Ray Boone, who had singled and gone to second on a sacrifice. In the fifth, Mitchell again singled, this time with Wynn, who had singled and advanced on a sacrifice.

Bob Porterfield hurled the Washington Senators to a 3-0 conquest over the Chicago White Sox. All he needed was one run in the third inning to wrap it up, but Catcher Les Peden hit a home run in the eighth and Clyde Vollmer singled across another run in the ninth.

The Boston Red Sox pulled their average up to .500 by bombing the hapless Detroit Tigers, 10-4. Sammy White knocked in five runs and George Kell went into the league lead in batting with a .457 average.

The loss was the Tigers' thirteenth in 15 games.

## Artesia Firemen Pace Double Win

ARTESIA.—(AP)—The Artesia Drillers ran their win string to four straight Wednesday night, sweeping a pair from Lamesa, 5-4 and 7-3. The double win marked their first home victory of the season.

A pair of nice relief jobs were turned in to give the Drillers the double win. Little Fidel Alvarez came on in the third inning for the first game to stop a Lobo rally and win his second of the year. In the nightcap, Fred Parker, who had been shelved from the hill in the first contest, came on to gain his first

win against two losses.

In the second game, the two clubs traded a pair of runs in the fourth inning. Herb Nauret's double doing the damage for Lamesa and Vince di Giandomasso's single driving in both for Artesia.

Miller's triple got Lamesa's last run in the fifth, while Les Mulcahy's double added two to Artesia's total in the same inning.

A pair of Lamesa errors, Joe Calderone's single and Jackie Wilcox's steal of home added three more for Artesia in the sixth.

Alvarez stopped a Lamesa rally and allowed only two hits in four innings relief in the opener.

One of those bingles was a homer by Nauret in the seventh. Lamesa pounded Parker hard and picked up a single run in the second and two in the third.

Artesia managed a pair in the first inning and Paul Halter tied it up with his solo homer in the third. The Drillers got their first winning run in the fifth. Halter singled, stole second and went to third on an error. A wild pitch brought him home.

John Miskulin went the distance in losing.

First game:  
RHE  
Lamesa 012 000 1-4 7 1  
Artesia 201 020 x-5 8 1  
Miskulin and Long; Parker, Alvarez (3) and Mulcahy. Winner—Alvarez. HR — Nauret. Lamesa; Halter, Artesia.

Second game:  
RHE  
Lamesa 000 210 0-3 9 3  
Artesia 000 222 x-7 10 0  
Morganstern and Long; Cowger, Parker (4) and Mulcahy. Winner—Parker.

## Davey Scores Knockout Over Sammy Giuliani In 10th

DETROIT.—(AP)—"I was scared I could feel the pressure of all those people looking at me."

Chuck Davey soaked his bruised left hand in a bucket of ice water. Thick slices of tape covered an ugly cut over his right eye. His left eye was a purplish red.

But he probably didn't feel any pain. He was too elated for that. He had just started his comeback in impressive fashion, scoring a technical knockout over Sammy Giuliani in 31 seconds of the tenth and final round of their nationally televised fight at the Olympia.

"I was tense tonight," he said. "Everybody was looking at me and I knew it. But the pressure wasn't as bad as against Gavilan."

Last February Gavilan knocked him down four times to successfully defend his welterweight title. Gavilan flaunted his skills that night, turning southpaw like Davey. Giuliani tried the same—and the results were disastrous.

"I did my best work when he turned left-handed," Davey said. "I got through his guard and got in some good whacks. He's a rough boy but his punches are club-like, not like Gavilan's sharp blows."

## 5,000 Watch As Carlsbad Routs Roswell

CARLSBAD.—(AP)—Carlsbad celebrated its return home Wednesday night by slaughtering neighboring Roswell, 21-9.

The victory was the Potashers' sixth in seven starts.

The locals, playing before a wind, swept crowd estimated at more than 5,000 scored three runs in the first and boomed across nine in the second to present lefty Marshall Epperson an easy victory. Epperson, who fanned nine, eased up in the latter innings after his club added two more runs in the fourth and Roswell punched across nine tallies, but never threatened.

The Potashers connected for four doubles in their nine-run second. Losing pitcher was John Del Toro, who was lifted for E. Shroyer in the sixth.

Third Baseman John Treece banded three doubles and a triple to lead the Carlsbad attack.

The score:  
RHE  
Roswell 000 005 112-9 12 4  
Carlsbad 390 204 30x-21 15 3  
Del Toro, Schroyer (6) and Perez; Epperson and Niesdon. Loser—Del Toro.

**GOIN' PLACES!**

**Clear across Texas!**

Beer can be beautiful, too! Take a long look at the golden clarity of LONE STAR, holding its head high among America's really popular brews. Now, taste the double-mellow flavor and you'll know why LONE STAR sales have grown 8 times faster than sales of any beer in the United States during the past 27 years. But, we've talked enough about our product... let's talk about you for a change. Why don't you enjoy a cold LONE STAR Beer next time you're thirsty?

Rotary, Tide Water Cop Softball Tilts

THURSDAY'S SCHEDULE

7 p. m.—Western Inspection vs Humble Knights.  
9 p. m.—Continental vs. Dark-horses (or bye).

The Rotary Engineers stamped themselves as a distinct threat in the National JayCee City Softball League Wednesday night as they blasted their way an 11-1 victory over Phillips Petroleum Company.

In the nightcap, Tide Water Oil annihilated Texas Company, 20-10, in an American League game.

Rotary's Art Penrert gave up only three scattered hits—one a triple by Jim Watson—as he held Phillips in check while his mates pounded out 11 off Jack Smith. Joe Shepard was the big gun with three hits in four trips.

Bill LaRoche clubbed out a pair of doubles and a pair of singles as he paced Tide Water's victory, but Bert Clemmons also had a perfect night with two singles and a double.

Smith and Crites; Penrert and Burrow.  
Texas 145 00-10 13 5  
Tide Water 247 45-20 12 3  
Kurtz and Markovic; Wise and LaRoche.

# UN May 'Free' North Korean POW's Who Refuse Exchange

**PANMUNJOM**—(AP)—The Allies warned the Communists Thursday they might take a short cut through the stalled prisoner exchange problem simply by releasing 32,000 North Koreans who don't want to go home.

Lt. Gen. William K. Harrison, chief Allied negotiator, said that turning the prisoners free in South Korea would follow a pattern created by the Reds themselves. Harrison said the 32,000 who might be freed are Koreans who have said they want to live in South Korea.

He also told the Communists to nominate a non-Asian country as neutral caretaker for 48,000 Communist prisoners who don't want to go home and made it clear the Allies would discuss little else until that's done.

**Close To Pressure**  
In an unproductive, 51-minute meeting, Harrison said choosing the neutral caretaker nation must come next. He added:

"All Asian nations are located very close to countries dominated by Communists and might therefore be subjected to Communist military, economic or political influence."

The delegations meet again at 11 a.m. Friday. Harrison told newsmen the Communists "talk a lot about concessions, but on the vital point of ultimate disposition of prisoners there has been no concession of any kind."

**Want To 'Explain'**  
He repeated his contention that the Red proposals indirectly would force prisoners to choose between return against their will or endless captivity.

When the talks reopened Sunday, the Reds proposed to send unwilling prisoners to an unnamed neutral country for "explanations" about return to their homelands.

The Allies want to keep the 48,000 in Korea under control of a neutral nation. They suggested Switzerland for the job.

Red negotiators rejected Switzerland and suggested an Asian nation without naming it. Many observers feel they had India in mind.

Harrison told Nam: "You will recall that at the time the lists of prisoners of war were exchanged December 18, 1951, your side listed only some 12,000 of approximately 65,000 captured personnel."

**American Airlines Increases Profit**  
American Airlines, Inc. reported a net profit of \$1,889,000 for the quarter ended March 31, 1953. This is equivalent, after preferred dividends have been paid, to 34 cents a share of common stock.

In comparison, net profit for the same quarter of 1952 was \$964,834 or 10 cents a share of common stock. Provision for federal taxes in the 1953 period was \$2,110,000 as compared with \$1,290,000 for the first quarter of 1952.

**NEW MEXICANS HERE**  
Mrs. A. C. Stone and Mrs. J. H. McCaw of Jal. N. M., were in Midland Thursday.

**FROM ODESSA**  
Mrs. L. T. Russell and Mrs. Hope Caldwell and daughter, Mary, of Odessa, were in Midland Thursday.

**TENNESSEANS HERE**  
Mr. and Mrs. Harry P. Roper and children of Nashville, Tenn., visited Wednesday and Thursday in Midland.

**KERMITS VISIT**  
Mrs. Charles H. Sage and Mrs. Theodore Polk of Kermitt were in Midland Thursday.

**MIDLAND VISITORS**  
Mr. and Mrs. A. F. Gleason of Dallas are visiting in Midland this week.

# Ike Blueprints Reshuffling Of Defense Establishment

**WASHINGTON**—(AP)—President Eisenhower sent congress Thursday a Defense Department reorganization plan which would increase the authority of the civilian heads of the armed forces and limit somewhat the power of the Joint Chiefs of Staff.

"I believe our defense establishment is in need of immediate improvement," the President said in a special message to Congress.

"You will also recall that explanations offered by our representatives . . . which were verified by evidence from other sources, indicated that the major portion of the missing prisoners had been incorporated illegally into the Peoples Army. This was accomplished through the device of 'release at the front' and a system of indoctrination and training which created 'liberated' privates and awakened patriots."

Nam argued that the Communists were willing to "strive for an armistice in Korea" and said Allied efforts for settlement have not matched those of the Reds.

**STRANDED BY WINDS**—T/Sgt. and Mrs. Jeff Leonard and two children, enroute to Shreveport, La., from Guam, await clearing weather in order that their airliner flight may continue from Midland. Their trip was delayed here Wednesday because of whipping winds and dust. Here they pass the time at Midland Air Terminal.

# Respite From Blowing—

(Continued From Page One) ability Thursday, one and a half miles, after it had dropped to zero Wednesday at Lamesa and closed numerous roads in West Texas. caused schools to shut down and contributed to air and highway mishaps.

**Wind-Downed Wire Causes Freak Fire**  
A high voltage wire, possibly blown down by high winds, trailed across a leaking gas meter at 5:05 a.m. Thursday, starting a freak fire in Midland. No damage was reported.

The blaze, extinguished by Midland firemen without difficulty, was located in an alley near the telephone building at 123 South Big Spring Street.

Grease on a stove flared up at the residence of Frank Benson, 1008 West Illinois Street, at 6:06 p.m. Wednesday. The fire was put out with only minor damage.

**ON BUSINESS HERE**  
Billy Maddox and Felix Newsom of Lovington, N. M. attended to Midland business Thursday.

**School Teacher Here Talks Plans For Visit To England**  
An excited Midland school teacher who'll leave in September for Manchester, England, told Rotarians at noon Wednesday what she considers her obligations and responsibilities during her year-long stay as a Rotary International fellowship winner.

"While studying in England, I'll be my job to act as ambassador from the United States—to sell America and, at the same time, study the advances and attitudes of the British," Floselle Jones, San Jacinto Junior High language arts teacher, said.

Others on the program at Hotel Schaefer were James Simpson, who was in charge of the program; Don Sadler, who gave the invocation; Bill Chancellor, Jr., who introduced visitors; and James Mims and Wallace Wimberly, who led the singing. Richard Brooks, president of the Midland club, presided.

**Third Church Dares Fire To Strike Anew**  
WILSONVILLE, NEB. — (AP) — Members of the Wilsonville Methodist Church are hoping that the third time will prove a charm and that their new church will last for a while.

Three times in the last 50 years the congregation has built a new church. The first two burned down; the third is now in use.

The new one has asbestos siding and fireproof roofing plus "a lot of fire insurance," according to Clarence Treat, who headed the building committee.

An underwater mountain peak rising more than two miles from the ocean floor recently was discovered in the Pacific Ocean. The new sea-mount is 1,200 miles west of Acapulco, Mexico.

# Funeral Rites Held For Midlander's Kin

**LAWN**—Funeral services for Mrs. W. B. Cary, 75, mother of Mrs. Joe Lesley, Midland, were held Wednesday in the Lawn Methodist Church. She died at her home Tuesday after an illness of one year.

The Rev. Travis McNair, pastor of the Lawn Methodist Church, officiated, assisted by the Rev. A. H. Williams, minister of the Lawn Baptist Church. Interment was in the Midway Cemetery, south of Lawn.

Mrs. Cary was born May 26, 1878, in Williamson County. She married the late W. B. Cary in Midway Community, Coleman County, on Feb. 20, 1898. She was a member of the Methodist Church.

Survivors other than the daughter include two sons, Lawrence of Ovalo and Charles of Goldsboro; five other daughters, Mrs. C. W. Mills, Sweetwater, Mrs. E. L. Crockett and Mrs. R. W. Hubston of Winters, Mrs. Ellie Ross of Ovalo and Mrs. J. E. McNeill of Lawn; three sisters, two brothers, 14 grandchildren, and one great-grandchild.

Palbearers were Bud Coats, J. C. Raper, O. H. Hudson, Roy Smith, Ted Dick, and Weslie Richards.

# Seminar On Organ Music Slated Here For Area Musicians

A seminar and concert to demonstrate the possibilities of electric organs as church instruments will be presented by Porter Heaps, a leading American concert and church organist, at 8 p.m. Thursday in the North Elementary School auditorium.

Invited to attend are all music instructors, church organists, choir directors and Hammond organ owners within a 150-mile radius of Midland.

Heaps' program will include an explanation of the demonstration of organ technique to be followed by a question-answer period. Admission is free.

The virtuoso's appearance here is sponsored by Wemple's of Midland.

# Nexas Man Heads Texas Osteopaths

**SAN ANTONIO**—(AP)—The new president of the Texas Association of Osteopathic Physicians is Merle Griffin of Corpus Christi. A convention picked him Thursday.

Named president-elect for 1954 was A. L. Garrison of Port Arthur. Trustees elected include H. Peterson, Wichita Falls, and Wayne Smith, Jacksonville.

# Indictment Returned In Houston Slaying

**HOUSTON**—(AP)—Rufus Lunsford, 29, was under indictment Thursday for murder in the slaying nine days ago of Ed Thompson, 30. Thompson was shot during a fishing trip April 20. His body was recovered from Jackson's Bayou Sunday.

Bessie Thompson, 20, the widow, was being held as a material witness.

# Texas Senate Accuses CAB Of 'Discriminatory Orders'

**AUSTIN**—(AP)—The Senate accused Civil Aeronautics Board Thursday of seriously curtailing air service in Texas by "discriminatory orders."

By voice vote the Senate approved a resolution by Sen. Jimmy Phillips of Angleton and Searcy Bracewell of Houston, asking that "this flagrant disregard of the transportation needs of the citizens of Texas" again be called to the CAB's attention.

A similar resolution was passed earlier this session shortly after Pioneer Airlines said it would have to curtail service because the CAB had refused it a higher subsidy when it converted to larger planes.

Thursday's resolution said even more flights have been cancelled recently "to the extent that at the present time there is not a single morning flight between the capitol city of Texas and the South's largest city Houston."

The Senate asked that "immediate action be taken to remedy this unconscionable condition."

# Japanese Prisoners Of Reds Help Army

**HONG KONG**—(AP)—The pro-nationalist Kung Sheng Daily News reported recently from Canton that the Chinese Red Military had arrested a Japanese adviser for "leakage of military information."

The paper said that Yanagida Jio, attached to the central-south military district command of the Reds was arrested for revealing that at least 7,000 Japanese prisoners of war remain in the hands of the Communist Fourth Field Army. These Japanese POW's are reported to be serving the army as gunners, engineers and technicians.

# Freed POW Lists 81 Pals Remaining In Ko-Red Camp

**TOKYO**—(AP)—A Virginia corporal fresh from a North Korean prison camp Thursday gave the names of 81 Allied troops he said still were in the camp.

Cpl. Everett W. Ritenour, 21, Woodstock, Va., said all of those named were in "pretty good shape" when he left Red Prison Camp No. 5 on the Yalu River.

A check of the official list of the prisoner list turned over to the United Nations Dec. 20, 1951, showed most of them to be on the list.

In Honolulu, a returned American prisoner told the Army he memorized the names of 50 U. S. soldiers listed as missing or dead but who actually were held in Red prison camps.

The Army confirmed the report but refused to release the repatriate's name or the names of his 50 fellow prisoners. A spokesman said disclosure of the names "might lead to reprisals against the men still in Communist hands."

The Army did not comment on Ritenour's list.

Publication of the list was permitted by the Army censor after he checked his headquarters.

Ritenour was among POW's tentatively docketed for return to the U. S. Thursday or Friday.

He gave the following list of names and addresses of the prisoners and said each had written his name and address in a notebook so Ritenour could notify relatives they still were alive.

The list follows as it was given by Ritenour:

1. Cpl. Robert H. Ghyers, Carruthersville, Mo.
2. Cpl. James E. Miller, Granite City, Ill.
3. Pfc. Donald W. Vaughan, Knightdale, N. C.
4. Pfc. Kenneth Dillon, Bluefield, Va.
5. Pfc. Dale Reeder, Waukon, Iowa.
6. Pfc. Kimball Canterbury, Monroe, La.
7. Pfc. John Ritter, Dunmore, Pa.
8. Cpl. Richard Whalen, Nauvoo, Ala.
9. Pfc. John A. Wells, 216 Pear Walk, San Antonio.
10. Pfc. Henry Isula, Lackawana, N. Y.
11. Cpl. Truman Davis, Heber Springs, Ark.
12. Pfc. Robert Smith, Indianola, Okla.
13. Pfc. Roy Stonelifer, North Bend, Ore.
14. Pfc. Edward Faust, Norristown, Pa.
15. Pfc. Shirley Grimmett, Rita, W. Va.
16. Pfc. Lemon Hill, Ward, W. Va.
17. Pfc. Rudolph Favik, Enterprise, Ohio.
18. Pfc. Edward Ruppel, Johnstown, Colo.
19. Pfc. Rufus E. Douglas, Box 1044, Texon, Texas.
20. Cpl. Earl Beck, Wheeling, W. Va.
21. Cpl. Delmas Floyd, Minton, La.
22. Pfc. James Stevenson, Kusaha, Pa.
23. Pfc. Robert Vincent, Manchester, N. H.
24. Pfc. John Keene, Naples, Fla.
25. Pfc. Lockley Hutchens, Yankinsville, N. C.
26. Pfc. Jaime Danao, Philippines.
27. Pfc. Bennie Smith, Memphis, Tenn.
28. Pfc. Charles Burton, Scottsburg, Va.
29. Pfc. Arthur Burcham, Galax, Va.
30. Pfc. John Fields, Woodlawn, Va.
31. Pfc. Joe Asque, Bluefield, W. Va.
32. Pfc. Joe Homonal, Wadesworth, Ohio.
33. Cpl. Charles Smith, Kennett, Mo.
34. Pfc. Alfred McNeil, Brighton, Mass.
35. Pfc. Edward Achee, Detroit.
36. Pfc. Jacques Fearman, Athens, Tenn.
37. Pfc. Durmas Kucuk, Turkey.
38. Pfc. Pedro Herrera, Albuquerque.
39. Pfc. Charles Lex, Allentown, Pa.
40. Pfc. Harry Campbell, Las Vegas, N. M.
41. Pfc. Glenn Oliver, Ramona, Okla.
42. Cpl. R. A. Smith, Macon, Ga.
43. Pfc. Pedro Perez, Puerto Rico.
44. Pfc. Charles Patton, Bessemer, Ala.
45. Cpl. Norman Hale, Cullman, Ala.
46. Pfc. Fred Harper, Pikeville, Ky.
47. Pfc. Lawrence Dahms, South Portland, Maine.
48. Pfc. Jacques Beaupre, West de Pare, Wis.
49. Cpl. George W. Havelock, Hiteman, Iowa.
50. Cpl. John McKearns, Philadelphia, Pa.
51. Pfc. Vernon Henning, Cloud, Minn.
52. Cpl. Cecil Powers, Clintwood, Va.
53. Pfc. R. M. Grainger, Hallsboro, N. C.
54. Pfc. Clarence R. Peterson, Ebersberg, Pa.

**FIVE DIE**—Smoke and flame boil from a crude oil tank set afire by lightning in Kilgore. Five persons lost their lives when flaming oil engulfed and destroyed seven homes.

# Service Award Banquet To Highlight E-B Day

Midland school officials looked back over a "100 per cent better" Education-Business Day and made ready for the service award banquet at 7 p.m. Thursday in the High School Gymnasium.

Why 100 per cent better? Because, the school men beamed, 100 per cent more Midlanders spent a typical day in school this year than in 1952.

The banquet Thursday night will climax the "school day" and some 750 persons are expected to hear Dr. J. A. Hill, president emeritus of West Texas State College in Canyon, and see awards presented to 16 teachers who have completed five, 10 and 15 years with the Midland School System.

Also to be honored at the banquet are John Cornwall and R. W. Hamilton, retiring trustees, who will receive certificates of appreciation from J. Holt Howell, school board president.

Midlanders' school officials remembered, spread out over the school system after meeting at 9 a.m. in the High School Auditorium for a get-acquainted session. Delbert Downing, Chamber of Commerce manager, presided over the meeting and Frank Monroe, superintendent of schools, welcomed the visitors.

The visitors were divided into groups, according to the schools of their choice, turned over to host principals, and loaded on buses for the trip to various Midland schools.

The group spent the morning visiting classes and getting a good look at their school system in action. No special programs were planned in order that the visitors might see a "typical" school day in Midland. The visitors ended their tour of the schools with lunch in their respective schools.

A movie, "This is Your High School," filmed in and around Midland High School, was shown when the groups again met at the High School Auditorium. A copy of "Midland Public Schools from A to Z" was distributed to each visitor. Then "school" was closed for the "oldsters" until banquet time Thursday night.

Master of ceremonies at the banquet will be Delbert Downing. The Rev. Clyde Lindsley, accompanied by Mrs. Jack Ellington, will provide special music after an invocation by Dr. R. Matthew Lynn. Superintendent Monroe will present the service awards.

**ANGELOANS HERE**  
Mrs. Bill Whitfield and Mrs. Jack Scott of San Angelo attended to business in Midland Wednesday.

# Lad's Knowledge Of Texas History Wins Unique Honor

**AUSTIN**—(AP)—James McWhorter, seven, who has a passion for history, got his dad to drive 400 miles out of the way Thursday "just to see the governor."

His reward: He got to sit in "the governor's chair" at the Capitol.

James and his father, J. E. McWhorter, introduced themselves to Governor Shivers and explained they were on their way home from Tyler to Muleshoe when the youngster decided he wanted to visit the governor.

McWhorter said he agreed to the side trip because the boy has shown such a profound interest in history.

The father and son stepped on an elevator with Shivers to go to the second floor of the Capitol, where the governor's office is located.

"When did Texas join the Union?" asked Shivers.

"1845," James replied promptly. "He really knows his history, doesn't he? Come on, son, you're going to sit in the governor's chair," said the governor.

**TWO DEAD**—Albert Collier stands amidst the wreckage of his home in San Antonio after two tornadoes struck the city Tuesday night. Two persons died and 15 were injured.

Key, Wilson & Maxson's REAL ESTATE Bulletin Board REPORTING THE TOP NEWS IN REAL ESTATE

TO BREAK AWAY from the drudgery, and the duty of everyday work, man has invented the privacy of a home. Here, he can relax, forget, and be himself. These are the offerings of a 2-bedroom home we have in the Ridgela area.

OUR SIGN IS UP at 108 E. Spruce. If you buy only the roof of it for \$1,500 down, I'll give you the rest of the house FREE! Just sign up now for \$7,900. Cash-saving payments of \$52 per month. Immediate possession.

YOU'VE OFTEN HEARD people say, "Cute as a bug." I guess that they mean something like 305 E. Cottonwood. It's got 2 nice bedrooms, relaxing living room, and rear kitchen. There's grass, paving, and a redwood fence. Completely redecorated 2 weeks ago. \$8,250.

TO YOU WONDERFUL and patient people who waited for more of our Kessler Street houses, we can announce that two more are under way towards completion. FHA financing only. 3 bedrooms, large living room, dining area, ceramic bath, and carpet with utility room.

DO YOU LIKE COMBINATIONS? I'm talking about homes, not gambling. Say, something like Austin Stone and California redwood? And 3 bedrooms (2 are very large), and 2 baths? And the combination of a wood-burning fireplace in a large living room? And a separate dining room off the kitchen? And the combination of a 2-car garage? What about a water well to go with the grass and trees? And the best combination is the \$14,000 loan with a sales price of only \$18,000. ONLY \$4,000 down! Call the combo of Key, Wilson and Maxson NOW!

YOU FIGURE IT from the following facts: 3 bedrooms, tile over the bath, large living room, separate dining area, nice kitchen with breakfast space, and 2 closets in each bedroom. Asbestos siding, attached carport, washer connection in the utility room. Central heating, central air-conditioning, blower fan over stove, pantry. Nice lawn, high fence all around, paved street. 1 1/2 years old and in excellent condition. \$2,900 down (I'll pay all closing costs), and priced at \$11,750.

FOR SUBDUED SPLENDOR and quiet magnificence in home luxury, stop in front of 2507 Country Club Drive. HER HEART WILL GO "PINGGGG" when she sees the delightful interior of this adorable cream brick home. 2 large bedrooms (each 15 feet), softly carpeted living room and dining area, ceramic tile bath, attached carport and storage. Ideal floor plan if you have children. Landscaped, paved street, and fenced yard. REDUCED to \$10,500.

DO YOU LIVE INSIDE your home or outside? If you enjoy the comfort of an idyllic interior, then you'll love 414 E. Pine. Immaculately clean 2 bedrooms, living room and dining area, and attached garage. Even then, it has a large rear patio and fenced yard for your outside private living. Priced at \$10,950.

LOCATION! LOCATION! Who wants LOCATION? Try 1403 West Michigan for size. I know that the 2 bedrooms and the cheery kitchen will fit. Try it for trade, too.

BETCHA DIDNT KNOW that 206 Ridgela has 3 bedrooms, huge den, and 1 1/2 baths! And did you know about the strikingly attractive kitchen. And the fence which gives you privacy in your "little estate"? If you know all these, then you know how attractively it can be purchased. We have the home for you, but now it's up to you!

FOR sale by owner: Three bedroom brick, tile bath, separate dining room, den, solid carpeting, double garage. Small down payment. Dial 2-3178

## Mink Coat Figure Ordered To Prison In Perjury Case

WASHINGTON—(AP)—E. Merl Young was sentenced Thursday to serve from four months to two years for lying to senators who dug into his mink coat buying and high financing while investigating alleged influence of RFC loans.

Young, 38, asked for probation but Federal Judge Matthew McGuire turned down the plea. The judge said he hoped authorities will feel the interests of justice have been served when Young completes four months in prison.

Young asserted he has "suffered mentally, physically and financially." He said the judge would not regret it if he granted probation.

The judge replied that if Young had been convicted of an ordinary crime flowing out of human frailty, he would have been inclined to grant him probation.

"But perjury strikes very deeply at the whole structure of government," the judge commented.

Highlights of the RFC investigation included Young's rise from a \$25 a week government messenger before the war to a \$7,500-a-year job as an RFC examiner.

Young's getting ahead in Washington shared headlines with a \$9,450 pastel mink coat of his wife Lauretta, then a White House secretary. Young testified he borrowed the money to buy the coat from Joseph Rosenbaum, a Washington attorney who represented RFC loan seekers. He said he paid Rosenbaum back.

Young was convicted of swearing falsely when he said that, while working at RFC, he never had anything to do with loan applications made by the Lustron Corporation, a prefabricated housing venture which failed.

Young resigned his RFC job to take a \$12,000 post with Lustron. His salary later was boosted to \$18,000.

**SHORT LEFT TURN**—Crushed between an elevated railroad pillar and a Chicago streetcar, this auto is squeezed like a tube of toothpaste. Joseph Vargo, the driver, swung in front of the streetcar to make a left turn. He escaped with minor injuries.

## Permian Basin Oil And Gas Log—

(Continued From Page One)  
856.1 feet from east lines of section 32, block 42, T-1-N, R-4-E, B&A survey.

It had developed a small amount of free oil and some oil and gas cut mud in the section at 13,511-573 feet.

Top of the Ellenburger is at 13,506 feet. Derrick floor elevation is 3,018 feet.

## Sun To Potential SE Mitchell Test

Potential test was scheduled to be taken soon at Sun Oil Company No. 1-A Anderson, south offset to the discovery well of the James, North (Strawn) field of Southeast Mitchell County.

On last production test reported, the well made 176 barrels of oil in 19 hours flowing through an 11/64-inch choke and perforations at 6,008-20 feet. That section had been fractured with 2,000 gallons.

Gas-oil ratio was 1,200-1 and tubing pressure 850 pounds. Pressure on casing was 650 pounds.

Operator was continuing to flow the well to test.

Location is at the center of the northwest quarter of the southwest quarter of section 230, block 1-A, H&TC survey. It is 20 miles southeast of Colorado City.

## Magnolia Completes Midland Producer

Magnolia Petroleum Company has completed No. 3-0 Sam Preston as a producer in the Midland County portion of the Sprabery Trend Area field.

It was finished for a daily flowing potential of 188.63 barrels of 36.4-gravity oil through a 24/64-inch choke and from open hole at 7,611-7,235 feet.

Gas-oil ratio was 634-1 and tubing pressure 200 pounds. Pay was fractured with 12,000 gallons.

Location is 1,980 feet from north and west lines of the lease in section 30, block 37, T-4-S, T&P survey.

## Ellenburger Test Staked In Borden

Gulf Oil Corporation has staked location for an 11,000-foot Ellenburger wildcat in Central-West Borden County.

It is No. 1 C. C. Cannon and is located 1,980 feet from north and 690 feet from west lines of section 39, block 33, T-1-N, T&P survey.

Rotary tools will be used to drill to projected depth, beginning at once.

Drill site is seven and one-half miles southwest of Gall and five miles northwest of the Good (Cannon reef lime) field.

## Fisher Discovery Gets SE Outpost

A. W. & Blair Cherry of Lubbock will drill No. 1 Nettie Bailey as a one location southeast stepout to the discovery well of the Ida (Flippin Lime) field of Northeast Fisher County.

It will be dug 330 feet from north and west lines of the south half of section 114, block 1, H&TC survey and seven miles northwest of the town of Hamlin.

It is scheduled to go to 5,600 feet.

R&R Drilling Company No. 1 Martin is the discovery well of the (Flippin Lime) field.

## Crockett Venture Plugged, Abandoned

D. D. Thomas of San Angelo No. 1 Mrs. Alfred E. Luckett wildcat in East-Central Crockett County, has been plugged and abandoned at 1,298 feet after failing to find shows for production in the Toborg formation.

The Toborg was topped at 735 feet on elevation of 2,510.8 feet.

Location was 330 feet from north and east lines of the northwest quarter of section 62, block OH, GC&SF survey and eight and one-half miles northeast of Ozona.

## Field In SE Garza Gets New Project

Tobe Foster of Lubbock will drill No. 1 P&SF Railway Company in the Tobe (Strawn) field of Southeast Garza County.

Drill site is 660 feet from south and west lines of the northeast quarter of section 19, block 6, H&GCN survey and not 690 feet from south and west lines of the section as previously reported.

The project will be drilled to 7,500 feet.

## C-E Stonewall Pool Gets New Producer

Pearson-Sibert Oil Company has completed No. 1 Cleo Smith as a new producer in the Old Glory field of Central-East Stonewall County.

The well flowed 24 hours through a three-quarters inch choke to make an initial production of 1,261.32 barrels of 45-gravity oil and no water.

Gas-oil ratio was 682-1. Tubing pressure was 180 pounds and pressure on casing was 580 pounds.

## LEGAL NOTICES

**NOTICE TO BIDDERS**  
The Commissioners' Court of Midland County will receive competitive bids up to 10:30 o'clock A. M., on Monday, May 11, 1953, at the Courthouse of Midland, Texas, on one 2-Drum "Sheepshead" roller, total weight with drums empty to have a minimum weight of 14,200 lbs., drum diameter to be 60 inches and to be not less than 8 ft. in width. Bids will be considered on both new and used rollers, but an opportunity to inspect any used rollers that bidder proposes to offer for sale, shall be furnished Commissioners' Court prior to the date of opening bids. The Court reserves the right to reject any and all bids.

MIDLAND COUNTY  
By: JEFFREY C. KEITH  
County Judge

(April 30; May 7)

Production was natural from the Bend conglomerate from perforations between 5,750 and 5,768 feet. The Bend conglomerate was topped at 5,750 feet, the Strawn was topped at 4,990 feet and the Caddo at 5,450 feet and top of the Mississippi at 5,780 feet. Elevation is 1,519 feet, derrick floor.

The project was drilled to total depth of 5,803 feet in the Mississippi but no shows were found in that zone. Five and one-half inch casing is set on bottom. Plugged back depth is 5,780 feet.

Location of the new well is 330 feet from north and east lines of the R. M. McDonald survey, A-622 and nine miles north of Old Glory.

## NE Howard Field Gets New Oilier

J. B. Hardin and others has completed No. 1 Chester Jones as an extension to production in the Gordon 2900 field of Northeast Howard County.

The new well was finished for a daily pumping potential of 55 barrels of 23.4-gravity oil plus two per cent water from open hole at 2,840-2,876 feet.

Location is 330 feet from south and west lines of section 10, block 26, H&TC survey.

## Livestock

**FORT WORTH**—Cattle 1,000; steady; good and choice slaughter yearlings \$19-\$22; plain and medium \$10-\$17.50; fat cows \$12-\$14; good and choice slaughter calves \$19-\$23; plain and medium \$11-\$17; medium and good stocker yearlings and calves \$13-\$18; choice stocker calves to \$20.

Hogs 150; steady to mostly 25 cents higher; choice 190-260 pound \$23.75-\$24.25; sows \$20-\$22.

Sheep 5,400; steady to 50 cents higher; good and choice Spring lambs \$24-\$25; utility springers \$18-\$23; good and choice shorn slaughter lambs \$21-\$22; utility and good shorn slaughter lambs \$19-\$20.50; slaughter ewes \$5-\$6.50; shorn stocker and feeder lambs \$14-\$18.

# Money Problems Add To Legislators' Woes

By MARTHA COLE  
AUSTIN—(P)—The net effect of the whirl around the Legislature: Money, give us money!

Governor Shivers cited a new demand late Wednesday. He said it was "imperative" for the Legislature to find more money to staff new state mental hospital units that are being built now.

He is signing the \$167,000,000 general spending bill for the next two years. It made no provisions to pay for the new hospital staffs, and Shivers didn't say how much it should be.

Unofficial estimates place the cost from \$600,000 to \$1,000,000 in two years. The comptroller estimates there is only about \$150,000 in excess so far in the state pocket-book.

Where's the money coming from?

The House Revenue and Taxation Committee, where all tax bills go first, heard testimony on two natural gas tax bills Wednesday and then postponed action a week.

**37 Millions For Teachers**  
Estimates of the cost of a teacher pay raise range from 30 to 37 million dollars a year.

The House passed the bill guaranteeing teachers a minimum salary of \$3,000 a year Wednesday. That sent it on to the comptroller, who has to certify whether the state can pay it.

The House Appropriations Committee threw another big wad of money bills to the House Wednesday. It approved a bill setting up a six million dollar building program for the State School for the Deaf in Houston.

**Where's The Money?**  
"I'd just like to know where we're going to get the money," Rep. J. F. Gray of Three Rivers commented in committee meeting.

It's the House's problem. The Senate can't originate a tax bill and has to wait until one comes over from the House.

Reports were that a bill was being prepared to pay for the new hospital staffs by transferring some of the hospital board's building money.

Such a bill may be introduced only by a four-fifths majority. Shivers For Home Trips  
Shivers said he would like to see the Legislature end its business by May 12 and go home without passing any further appropriation bills that would demand new taxes.

He has said he would look favorably on calling a special session if the gas pipe line tax suit that has tied up 45 million dollars in revenue is settled in favor of the state. Shivers said the \$180-a-year general raise for state employees provided in the spending bill was not as much as he had hoped.

"If and when more money becomes available, I hope the Legislature will consider increasing this figure," he said.

"The bill the governor signed actually calls for a state budget of a little more than a billion dollars in the two fiscal years beginning Sept. 1, 1953. That includes special fees, federal funds, allocated school funds and general revenue.

The \$167,000,000 from the general revenue fund is all over which the Legislature or governor has direct control. It provides for running of state departments, the courts, junior and senior colleges, state hospitals and special schools.

## B. C. Hendrick, 42, Odessa Contractor, Dies; Services Held

ODESSA—B. C. (Son) Hendrick, 42, Odessa building contractor, died at 4:15 p.m. Wednesday in his home here. He had been ill several months.

Hendrick was born in Odessa, and starred as a football player in the Odessa High School when the team was called the Yellowjackets.

He married Hazel Elsenwine of Pecos on Dec. 6, 1930. Interested in civic activities, he also was a member of the First Christian Church.

Hendrick was a member of a pioneer West Texas family. His father, the late B. C. Hendrick, came to Odessa in the early 1900's, operating a livery stable and freight-hauling business and later a hardware store.

## Search For Missing Child, Nine, Begins

CROCKETT—(P)—A search was on Thursday for a girl mute missing from her farm home since Wednesday.

Alice Fobbs, nine, one of six children of a negro tenant family at Porter Springs, left home about 11 a.m. Wednesday. The countryside is a bushy thicket. Officers feared the child might have stumbled into a creek swollen by heavy rain.

## Cotton

NEW YORK—(P)—Cotton was 10 to 50 cents a bale higher at noon Thursday, May 31.83, July 33.74, October 33.59.

**BUSINESS HERE**  
R. L. Brandon and L. M. Cox of Amarillo were business visitors here Wednesday.

# Losing Averdupois In German Bath House Can Be Rugged Ordeal For American Girl

By GRACE HALSELL  
Reporter-Telegram Special  
Correspondent

**SALZBURG, AUSTRIA**—Travel is so broadening, my friends assured me.

Then I found out.

Broadening from 115 to 142.

For a long time, I figured European dry cleaners were just shrinking my clothes.

And I blamed "war materials" when zippers pulled loose in trying to go over the bulge.

Still, I waddled in with the other fraus and frauens for my afternoon coffee, with whipped cream, and "kuchen" (German cake).

Then, signs began to make themselves known to me.

My size 10 "wrap-around" bathrobe wasn't wrapping around like it should.

As I would traipse to the bath in European billets (my room always seems to be without bath, a rare luxury in Europe) officers would gaze at my gape.

Then I read in the Paris papers Jacques Faix said interest should go to the back, so I thought about reversing my wrap-around.

When you get to be as fat as I am, not many men turn around and look back, anyway. So my gape were pretty safe.

**One-Day Diet**

All those maneuvers were considered before I once thought about giving up any bratwurst, wiener schnitzel or kuchen.

And then a day came when I saw myself in a mirror.

For one whole day I dieted.

As I recall, I had black coffee for breakfast, a carrot stick (small) for lunch and a peeled grape for dinner.

The diet was supposed to do wonders for you if you stuck with it. One day of it was all I had and I still weighed the same.

Then I hastened to get a massage.

The big fat woman in the "Bad Haus" (bath) of the Swarzer-Boch Hotel in Wiesbaden wasn't alarmed when she put me on the scales.

"But I weighed 115 when I left the States," I explained.

"Then you were too thin. Most American women are," she flatly stated, crossing her big fat arms across her fat chest.

I went out for more coffee and cake.

Then came Austria—and a new experience.

With camera slung across one shoulder, I found it difficult to get in and out of doors.

Then I heard of "Sauna"—a steam-bath place like they have in Finland and Sweden.

Men go one day, women the next. "The Whole Works"

I walked in and bought some tickets for the whole works—eight shillings for the steam bath (about 30 cents) and 9.50 shillings for a massage. A man took my money and motioned for me to go on in.

Once in, I got one of the surprises of my life.

Women all over the place, all in their birthday suits.

What got me was that they were so unoffended that way.

As often happens, the thought struck me: "Just what am I doing here, when I could be back in Texas where everything is normal."

All the women were bigger than Rubens ever painted them.

A monster of a female passed by and gave me towels, motioning to an undressing compartment.

Then the "ritual" began. First you take a hot shower, then a cold shower. Then you go in a room with bleacher-type rows, and sit nonchalantly around, chatting if you feel like it.

I kept reminding myself this was old-fashioned stuff, that Marcus Aurelius and all the Romans had taken steam baths, but I felt terribly uncomfortable.

It was like purgatory, and I had time to rue ever French fried.

"Isn't this like in the States?" a large, James Thurber type female, sans clothing, asked me, in English.

"Not quite," I answered.

"I am dying to go to the States," she pursued.

Most every European I have met is dying to go to the States, I started to tell her.

But I didn't. I needed her to tell

me the next step.

After you stay in the sweating room, you leave and dip into a pool of ice-cold water.

My Mother always told me that was a good way to take a cold—getting hot and then getting cold. Remember, the Roman and the Swedes and the Austrians do it this way, I said—taking a dip.

Then back to the hot room.

Finally came the massage. It lasted about 10 minutes.

The woman devoted most of her time to my back—rubbing up and down like I was her wash board. It felt wonderful—when she stopped.

When I got out of "Sauna" I decided the way the Finns and Swedes

and Austrians take their baths is wonderful—for the Finns, Swedes and Austrians.

I'm taking my bath at home, next time.

Besides, I just found out I wasn't figuring kilos into pounds exactly. Instead of 142, it's just 141 1/2.

I'm still good for some more kuchen.

MIDLAND, TEXAS, THURSDAY, APRIL 30, 1953

SECTION TWO

## Lions Club Band Of Pecos Invited To Chicago Event

**PECOS**—The Pecos Lions Club orchestra, under the direction of Joe Henderson, has received a formal invitation to be on the program of the Lions International Convention in Chicago in July.

The invitation was extended by

Maclow Fisher, Texas Lions state secretary.

Henderson and the band were on the official program at the recent Odessa convention and played on several occasions. Fisher heard them and extended the invitation.

He said they would be able to appear on an unlimited number of television and radio shows if they make the trip.

"This would be a good thing for the club and Pecos," said Glenn Stafford, band business manager.

"If finances can be arranged the band would be able to make a good showing for the city.

"Naturally the decision is with the club and depends on finances, but members of the band have indicated they would be able to make the trip and would like to," Stafford said.

Furr's Super Markets recognizes its 49th Anniversary with this first-of-the month of May Sale!

Furr's Super Markets started in the retail food business back in 1904 at Kirkland, Texas, near Childress, founded by the now deceased C. W. Furr.

Since that time the operation has grown tremendously—thanks to a wonderful response for its Consumers. Furr's has always, and will continue to strive to keep foods at the best prices and of the top quality. Furr's feels a deep sense of obligation to the Consumer. Thanks, again for your confidence. We hope to keep it!

# The UNITED

**OPEN FRIDAY AND SATURDAY NIGHT UNTIL 9 P.M.**

**HIGH SCHOOL TUMBLERS**—Midlanders will see Midland High School physical education classes in action at 8 p.m. Friday when the Fifth Annual Gym-boree is staged at Midland High School Gymnasium. Both boys and girls will start in the show, designed to give a picture of the work done in physical education classes. Boys' events will include calisthenics, rope techniques and tumbling. Girls will be featured in tumbling, square dancing, tap dancing, relays and

drill techniques. Left to right, Ann Beauchamp balances Marsha Heald while Yvonne Williams does likewise for Betty Pigford. Audrey Young cartwheels across the foreground. Teachers directing the Gym-boree are Frank Ford, Mrs. Eugenia Wilson and Mrs. Ella Maw Blair.

**Directors Of Pecos Bank Name Officers**

PECOS—Several new officers have been elected by directors at both Pecos banks. At the Security State Bank S. A. Rodgers was elected vice president and W. L. Card was elected cashier. C. T. Carpenter was elected assistant vice president. New First National Bank officers are E. G. Carl, assistant vice president, C. E. Cantrell, assistant vice president, and Catherine Vaughn, Frances Williams and Mary Modette, assistant cashiers.

**MIDLAND VISITORS**

Mrs. J. W. Walker and daughter, Jaunita, of Odessa visited in Midland Wednesday.

**KIDNEYS MUST REMOVE EXCESS WASTE**

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to acid or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

**PROWLER UNCOVERS ANCIENT GOVERNMENT SURVEY OF MIDLAND COUNTY**

Delbert Downing of the Chamber of Commerce reports a prowl in his office unearthed an old "Soil Survey of Midland County, 1928." We admit that we just love to prowl, and Delbert is a swell assistant. This is the usual government work, exhaustive and exhausting. It has 22 pages, a big map in 17 colors, and can be had from Washington for some fee, probably less than the postage. We are still paying taxes on this, so some quotes should be permitted.

It says there are 23 types of soil here, and they write at length on irrigation, alkali, crops, etc. These Federal boys really expect a lot of time on this job. The most significant statement that these "Early Brain Trusters" made occurs on page 28. "The decrease in productivity is due to the depletion of plant food." Folks, the sales pitch was a long time coming, but here it is—Poor soil 1928, poorer now. You ought to start using that grand Turf Special this instant before your land gets any worse. Taint every part of the country that is so sorry that it has an organic fertilizer made just for it! Can't you just hear your grass yearning for a good square meal of Turf Special?

**Kinsey-Like Survey Reveals Clue To Cancer Among Women**

By ALTON L. BLAKESLEE  
LOS ANGELES —(P)— Kinsey-like survey of women's sex and marriage experiences is finding hints of why some women get cancer of the cervix. So far, the intimate medical questionings indicate a similar biological, economic and social background among women who get this cancer. It finds they are more likely than other women to have married before age 18 to have had all their children by age 25; to be divorced, separated or widowed, and to be low in the economic scale.

There is no proof that any of these events themselves influence development of cancer of the neck of the womb. A pattern of events, such as early marriage or early sex experiences, or interruption of sex life by divorce or separation, may reflect differences in hormone drives among women, affecting their lives and personalities. The hormone differences may be important.

The survey is directed by Dr. Edward G. Jones and Dr. Ian MacDonald of the University of Southern California. So far, 300 women have been interviewed in two to four-hour sessions of frank questions and answers covering many aspects of their lives, including money troubles, number of children, sex experiences, frequency and satisfaction. **Scope Of Studies** Ultimately, 1,000 women will be interviewed by trained social workers. Half will be women diagnosed as having cancer of the cervix; half will be women free of this cancer. Similar surveys elsewhere have found that cervical cancer is rare among nuns; much lower among Jewish women than gentiles; eight times more common among women who have had children than among childless women.

**Ford To Construct Mammoth New Unit**

SAN JOSE, CALIF. —(P)— Manufacturing space will occupy more than one million square feet in the new \$50,000,000 Ford Motor Company factory being started at nearby Milpitas.

It will be two or three years before the plant, on a 100-acre site, is completed.

Wrap poultry loosely when you are storing it in the refrigerator and use it within two to three days.

**Old War Shells Still Take Lives**

MANILA —(P)— World War II explosives still are killing Filipinos. There are two or three incidents weekly as peasants and fishermen try to pry open shells and extract powder for home-made explosives for underwater blast fishing. Recently a grenade explosion killed three youths in mountain province of Abra.

# RRC Reports 47 New Projects In District 8

The 47 new locations for oil and gas explorations reported last week to the Midland office of the Oil and Gas Division of the Railroad Commission of Texas were divided among 19 counties in district No. 8.

Cochran County led the list of field locations with seven new projects. Andrews County was next with six and Loving County followed with five new tests. Four new sites were staked in each of Pecos and Scurry Counties.

Gaines and Ward Counties each reported two new explorers.

The remaining new locations were distributed one each to Crane, Dawson, Garza, Hockley, Howard, Kent, Reeves, Terry, Winkler and Yoakum Counties.

Seven new wildcats were included in the list of new projects. They were divided one each among Borden, Gaines, Hockley, Howard, Hudspeth, Ward and Yoakum Counties.

**Andrews County**

**PRUNE TARTS**  
Next time you have a small amount of pie dough left over, roll it out and cut it into squares. Put some chopped cooked prunes in each square and fold over; pinch edges together. Bake in a moderate oven until lightly browned.

**SERVE AVOCADO**  
Mix cream style cottage cheese with a little finely grated onion and use to stuff the cavities of avocado pear halves; garnish with strips of pimiento and serve with a tart French dressing for lunch.

When you broil shoulder lamb chops, be sure to slash their edges in several places to prevent curling.

Peaks and tunnels in muffins come from over-beating. Muffin batter should be lumpy!

after just 7 days you'll say...

## Old World Recipe Service Announced By Pillsbury Mills

MINNEAPOLIS, MINN.—Paul S. Gerot, president of Pillsbury Mills, Inc., has announced the inauguration of the Pillsbury European Recipe Service—to make the best Old World recipes available for everyday practical use by the U. S. housewife.

To implement this, Ruth Andre, director of the Pillsbury Home Service Department, is establishing an office in Paris known as the Pillsbury European Recipe Service Center, which will operate on a continuing basis. A staff of experts shortly will cover every European nation outside the Iron Curtain, seeking outstanding recipes from wayside inns, famous restaurants, and modest homes everywhere. These will be adapted to American standards of measurements and to generally familiar American ingredients.

"By means of this service," Gerot said, "we plan to bring to the women of America the best of Old World recipes adapted for modern use."

The first group of Old World recipes will be available in folder form, free of charge, at grocery stores throughout the nation about October 1. A much larger selection, containing a description of the place where each recipe was discovered, later will be available in packet form.

Deposits Decrease, Pecos Banks Reveal

PECOS—The latest bank call reports show the First National Bank and Security State Bank of Pecos are in keeping with the normal West Texas trend of lower deposits and higher loans during the last quarter. First National reports show deposits have decreased \$214,173.98 since Dec. 31, 1952. Yet at the same time, loans and discounts have increased \$277,192.6 in the same period.

On Dec. 31, 1952, the First National had \$5,624,123.21 on deposit. Call reports for the Security State bank show that on Dec. 31, 1952 the bank had \$7,175,344.21 on deposit, while on April 30 it had \$6,205,406.94. Loans amounted to \$2,891,726.75 on December 31 while on April 30 the figure read \$3,199,212.77.

Both fresh pork and veal are more perishable than beef, according to the Encyclopedia Britannica.

# Midland Church To Sponsor Fellowship Supper For TCU

Dr. Ewart Wyle

A TCU-Church Fellowship Supper, one of a series of 24 area meetings scheduled to be held in Texas during April, May and June, will be held at 7 p.m. Tuesday in the First Christian Church of Midland.

The purpose of the meeting, church officials said, is to promote mutual interest and understanding between the university and the sponsoring churches.

Dr. Ewert H. Wyle, pastor of the First Christian Church of Tyler, will address the Midland meeting, to which all interested persons of Midland and other area cities are invited to attend. Reservations may be made by telephoning the church office, No. 2-2231.

Dr. Wyle, a native of London, England, has had a long and distinguished career in church work. As a youth he lived in Argentina

and Canada where his parents were pioneer missionaries. He came to the United States in 1929. His son, now a graduate ministerial student at TCU, is the tenth successive generation of the Wyle family to enter the ministry.

Beginning as a Wolf Cub in England, Dr. Wyle has had 39 years in Boy Scout work and holds the organization's highest awards.

The prominent minister holds the BA degree from the University of Louisville, the BD degree from the College of the Bible at Lexington, Ky., and the Th. D. from Temple University.

He was an Army chaplain during World War II and spent 15

months in the South Pacific. He held pastorates in Kentucky, Alabama and Palestine, Texas, before coming to Tyler in 1946. He made a world tour in 1952, flying more than 35,000 miles.

Reeves Cancer Fund Exceeds Stated Goal

PECOS—The 1953 Cancer Crusade in Reeves County went over the top this year by raising \$1,557 according to Mrs. Banky Stokes, chairman.

Sponsored by the Beta Sigma Phi sorority, the Crusade had a goal of \$1,182.

Mrs. Coy Fryley was in charge of volunteer workers and Mrs. Shirley Roberson was publicity chairman.

The original inhabitants of Ireland are believed to have been Scots.

and Canada where his parents were pioneer missionaries. He came to the United States in 1929. His son, now a graduate ministerial student at TCU, is the tenth successive generation of the Wyle family to enter the ministry.

## Office Athletics Mean Woe As Middle Age Rolls Around

By HAL BOYLE  
NEW YORK —(AP)— The great landmarks of our lives rarely are announced by bugles.

Thus, a woman awakens one fine morning, yawns, and thinks her day will begin as usual. Then she finds that no power on earth is any longer able to pour or pull her into a size 12 dress. Or, perhaps, she idly is plucking her eyebrows and sees shining in the mirror, a dangling thread of silver, her very first gray hair.

Her world has changed in an instant. It will never be the same again.

**Gallant Puffers**  
Millions of Americans with one foot in middle-age keep their other foot in youth by indulging in office athletics.

Their breaking bones and aching muscles may cry, "Sonny, you are growing older." But bones and muscles are protesting liars as long as a man's heart still sends him gallantly puffing up to field a punt. It is only when he suddenly discovers he doesn't want to volunteer

for the team at all that age descends upon him all at once, and he feels like the one boss shay.

Softball has given me wonderful fun through the years. I set no records in the game, although there was one year my batting average rivaled Babe Ruth's. That was the year Ruth quit.

**Wine Close One**  
My wife arrived in Paris on a Saturday night on her first trip abroad. Our Paris staff had an important softball game for Sunday, and they were short one player.

Bright and early next morning a voice shouted outside our hotel window:  
"Mrs. Boyle, can Boyle come out and play with us?"

Frances turned and looked at me in utter disbelief.

"The team really needs me, dear," I mumbled. I jumped into my clothes and ran out quickly. Well, it was a tough game, but we won 6 to 5.

The team, hot and sweaty, all came back to the hotel, and we fought the game all over again as we celebrated with champagne. Frances just stared at us in silence. When the other players left, I saw the expression in her eyes and said lamely:  
**Ruined For Life**

"Honey, I knocked in the winning run."

"Do you realize," she answered, "that you are probably the only man in history heartless enough to desert his wife on her first morning in Paris, just to play an old softball game? I still don't believe it."

And I know what she will say when I tell her I have retired from the game:

"Rover, as far as I am concerned you can go right on playing until you break all the bones in your silly head. A girl can only have her first morning in Paris once, and you made me spend it alone."

**Mike's 63 Children To See Home Razed**

WEXFORD, IRELAND—(AP)—The tiny thatched cottage where Michael Fenelon fathered his 63 children is to be pulled down. Local authorities have ruled it unfit for habitation.

Michael married at 17. He had 25 children by his first wife, 18 by his second and 20 by the third. He died in 1900, aged 90.

More than 250 of Michael's descendants still live in Wexford. Others have settled in New York, Chicago, San Francisco and Boston. Still more live in Australia and South Africa.

The cottage is in Wexford's Black Cow Lane. Once 43 of Michael's children gathered there for a Christmas dinner.

I am crucified with Christ; nevertheless I live; yet not I, but Christ liveth in me; and the life which I now live in the flesh I live by the faith of the Son of God, who loved me, and gave himself for me.—Galatians 2:20.

'Good Faith' In Question

One of President Eisenhower's goals is the promotion of new high levels of international trade. The Defense Department, however, seems not to have heard of this. Recently the government took bids on \$6,000,000 or \$7,000,000 worth of electrical equipment for installation at the Chief Joseph Dam in Washington State.

The Defense Department spurned its bid and asked American firms to submit new ones, presumably in the hope of getting one closer to the British figure. In other words, the real low bid was rejected simply because it was British.

The legal excuse for this action was the Buy American act of 1933, a law passed in the depression depths to spur domestic production by cutting down reliance on foreign purchases. But life has changed since those days, and there is no substantial evidence we have to "Buy American" exclusively now to support our economy.

As a matter of fact, the law cited by Defense officials contains a loophole that allows the government to buy abroad when the public interest dictates or the cost of U. S. equipment is unreasonably high. This loophole often has been used in the past.

There appears utterly no justification for this blow at British trade. American makers of electrical equipment are strongly placed. They are not in danger of buckling from overseas competition. On the other hand, this country is at a crucial stage in its trade relations with Europe and the rest of the world.

Seeing only the cloud to the silver lining—that's what makes a pessimist. Whatever gave anybody the idea that standing on their dignity makes them look bigger?

Crossword puzzle with 'ORIGINAL INAGURATION' and 'VERTICAL' clues. Includes a grid and a list of clues such as '1. \_\_\_\_\_ is the 164th anniversary of Washington's inauguration'.

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1953, By The Bell Syndicate, Inc.) Drew Pearson says: Belgian gift-elephant poses problem for GOP; Summerfield's dining room squeezes civil servants out; President visits with Hagen Brothers.

WASHINGTON—Republicans are faced with a serious challenge to the symbol of the Grand Old Party—the elephant. A prize African elephant has been given to the National Zoo in the nation's capital by the government of Belgium, but thanks to the current economy wave, the Republican Administration hasn't got the money to bring the elephant to the United States.

Gift of the elephant was arranged by Mrs. Molly Thayer, associate director of the American Forum of the Air, through the Belgian ambassador, Robert Silvercruys. And the elephant now is waiting patiently in the Belgian Congo. She is a female, seven years old, named "Maybe"—although some have suggested she might be rechristened "Mamae."

Dr. William Mann, director of the National Zoo, has been scratching his head trying to figure a way to bring "Maybe" to Washington, since the zoo completely lacks an African elephant. Indian elephants, much easier to train, are plentiful in the United States, but African elephants are rare. Dr. Mann, himself a strong Taft Republican, figured that things would be just for him once his party got into power. But he now finds the zoo budget being cut back until he hardly can afford horse meat for the lions or fish for his penguins.

He has been able to scrape up the cost of a crate to house "Maybe" for her trans-Atlantic flight. This has to be a strong crate, since the Sabena Airline doesn't want a young elephant kicking the sides out of the plane in midair.

Besides the crate, however, Dr. Mann has to scrape up the cost of bringing "Maybe" mahout along. This is important; for the Belgians report that "Maybe" is a timid young lady and could not possibly cross the Atlantic without the trainer who has been her companion for six of her seven years.

Dr. Mann figures it will cost \$1,000 to bring the elephant to the United States and send him back. Furthermore he has to buy the mahout some clothes. It would not be quite proper for him to arrive in the nation's capital clad in a jungle loin cloth. So, for lack of a paltry \$1,200, or at the most \$1,600, the symbol of the Republican Party stomps impatiently in Leopoldville, waiting for some generous Republican to clothe her mahout and arrange her debut in the capital of the United States.

JACOBY ON BRIDGE

By OSWALD JACOBY, Written for NEA Service

When both sides are willing to make high bids, it is only reasonable to expect unbalanced distribution. In such a situation, you must be on the watch for singletons. South's lack of caution in this respect cost him an easy game contract in today's hand.

Bridge hand diagram showing North, South, East, and West cards. Includes a list of hands and an opening lead of 4K.

led out the ace of hearts, throwing his losing diamond on the second top heart. South's happiness was short-lived. West ruffed the king of hearts and immediately led his remaining trump. East took the ace of spades and returned his other trump, thus limiting the dummy to one ruffing trick.

After South wins the first trick with dummy's ace of diamonds, the correct play is to lead a low club at once from the dummy. South plays the king of clubs to force out West's ace, thus allowing West to take his diamond trick as well.

CARD SENSE

Q—The bidding has been: North 1 Spade, East 2 Dm, South 2 Spades, West 3 Dm. You South, hold: Spades K-8-3, Hearts Q-7-4-2, Diamonds A-Q-J-7-5, Club 9. What do you do? A—Bid four spades. You have a count of 12 points in normal high cards, 2 points for the singleton, and 1 point extra for the king in your partner's bid suit.

WASHINGTON COLUMN

New Bill Is Step To Assure Protection Of High Tariffs

By PETER EDSON, NEA Washington Correspondent

WASHINGTON—A plan to pack the U. S. Tariff Commission with Republican protectionists and to change almost completely the present reciprocal trade agreements program now has emerged in Congress. This plan is just as clear in its intent as was President Franklin D. Roosevelt's plan to pack the U. S. Supreme Court with justices who would be favorable to his New Deal program.

Author of the Tariff Commission-packing plan is Rep. Richard M. Simpson, Pennsylvania Republican. His vehicle is a bill called the "Trade Agreements Extension Act of 1953." The Simpson bill proposes to extend the present reciprocal trade agreements law for one year, as requested by President Eisenhower. The bill would continue the present "peril point" and "escape clause" limitations on tariff rate concessions, imposed by the Republican-controlled 80th Congress. But it would go far beyond that.

Through a series of new amendments to the present trade agreements law, which expires on June 12 unless renewed, the Simpson bill would take away from the President almost all his present powers to modify tariff rates. It would give them to the reorganized Tariff Commission. At the present time, the Tariff Commission is a bipartisan, six-man board, supposed to be split three Republicans, three Democrats. The Simpson bill would change this to a seven-member commission, with no more than four members from any one party.

In the present administration, that would mean four Republicans and Republican control. That's where the packing would come in. Republican Vacancies Filled. President Eisenhower has designated Edgar B. Brossard, of Utah, a Republican, as chairman of the commission. Brossard, now 64, was made a member of the commission through the influence of the late Senator Reed Smoot of Utah, co-author of the Smoot-Hawley high-tariff law.

As second Republican on the commission, President Eisenhower recently named John Talbot, a former Connecticut Republican congressman. There is little question about where Talbot stands on tariff issues. In 1946 he voted to send a reciprocal trade agreements extension bill back to committee, which would have effectively killed it. When this failed, he voted to defeat the bill. There still is one Republican vacancy on the six-man Tariff Commission. But even with another

and it wasn't likely that Fenner would trouble to lock the door leading to the kitchen. The third door, a few feet away from the foot of the stairs, on his left, was unlocked. He saw a crack of light. Manninger pushed the door gently. If it squeaked, he would have to move fast. It didn't squeak; soon he was able to see the back of a man sitting at the table, and a corner of a newspaper. He stepped inside. There was hair carpeted on this floor too; no risk of his shoes squeaking on polished linoleum. The man read on. Manninger crept forward. Only a yard separated him from the night watchman. Manninger positioned himself carefully and grappled the man around the neck.

BOOKS FOR THE BARON

by Anthony Morton BARON. Copyright 1953 by John Gassner, Inc. MANNERING leaned forward, touching the ledge with one hand and the fitting with the other. He gripped tightly, and swung himself from the branch. He bumped against the wall and his right hand slipped, but he held fast with his left. Gradually he found a grip with his other hand, and in a moment he was in the ledge. He hung down, his feet touching the shutter of the window immediately below—it gave him a little support.

# Chinese Flee Red Domain At Rate Of 250 Daily, Saturate Hong Kong

By GERALDINE FITCH  
NEA Special Correspondent  
HONG KONG—The shantytown burned quickly and was done with. In the fierce, brief glow nine fire engines halted hopelessly because the nearest water supply was a quarter-mile away. Afterwards, in the dark, two ambulances arrived and rescue work began.

This was another fire on the Kowloon side of the Peak, where refugees from behind the Bamboo Curtain have come to find freedom in Hong Kong. More than half the city's 2.5 million people live here.

**Opposite Picture**  
In the morning, there were 9,000 homeless Chinese who could begin the business of rebuilding their dirt-floor, burlap-roof, packing-crate houses. And once more the refugee camp could settle into squalor and hunger to wait for the next fire.

Across the Peak, in modern Hong Kong, the picture is different. Fortunes are made daily. And despite Red ports, commercial traffic is heavier than it has ever been.

In the words of a man who has built an economic empire since

World War II: "There's no depression here. The only people really feeling the pinch are those out on a limb in speculative ventures."

**Victim Of Typhoid**  
In spite of such reassurance, there is an ever-growing slum in Asia's most opulent city. Each day 250 Chinese, escaping from Red China, come to the shanty-towns in Kowloon as to a promised land—three-quarters of a million of them in the past year.

In one hovel, I talked with a woman, weak and shrunken from her latest typhoid fever attack. Her children told me that she was the granddaughter of Hsu Shih-chang, third president of the Chinese Republic.

I saw girls pack their few possessions and leave their families to go to the glittering metropolis. They had heard of the money and food and shelter there. But I had seen their sisters and cousins in wealthy Hong Kong—accosting the British embassy on shipping to Red ports, commercial traffic is heavier than it has ever been.

Outside one wooden-crate hut I saw whole families embroidering to make their daily bread. Unaccustomed to the work, they were slow.

Five cents a day is all each member of this refugee family can earn as they sit outside their hovel in the Kowloon section of Hong Kong, embroidering to earn their daily bread.

Their wages were about five cents in American money for a day's work. The crude lettering on their door read: "TB Sanitarium."

One young engineer who had escaped to Hong Kong said: "There are just too many of us here. There is not enough space to eke a living from the soil. Nor are there enough jobs in Hong Kong. The city is saturated."

For this young intellectual there is hope. An American committee named ARCI—Aid Chinese Refugee Intellectuals, Inc.—has organized to resettle and reemploy the core of China's future leadership.

**Put Into Jail**  
Professional men and women, registered with the ARCI have been taken from the Kowloon camps and sent to under developed countries that need them, like Brazil, Timor, Formosa, Malaya, Thailand and Indonesia.

But direct relief for the million and a half refugees is beyond the scope of ARCI.

The story of one young mother is typical of what the refugees go through to get to Hong Kong.

In the darkness of one night, she passed her month-old son across the border with a refugee who had the two necessary permits: one to leave Red China and one to enter Hong Kong. The baby was to be delivered to his father who had escaped months before.

Then she entered illegally with three others. The four were arrested by Hong Kong police and put in jail.

This woman's husband, cradling his son in his arm, appealed to

Presbyterian missionaries for help. His infant was dying without its mother.

The inspector granted. "At least I'd tell sensible ones," he said. But he granted the young Chinese woman's permit to stay on.

For the other three women he could do nothing.

Fluorescent tubes now can be used in theaters, lighting displays, television studios, and other places where lights must be dimmed. The new control system allows the lamps to be dimmed from full force to a point at which they barely glow, and they can be turned on or off at any lighting level.

was right. But if my life depended on it, I might tell a few myself. "Wouldn't you, mon?"

The inspector granted. "At least I'd tell sensible ones," he said. But he granted the young Chinese woman's permit to stay on.

For the other three women he could do nothing.

Fluorescent tubes now can be used in theaters, lighting displays, television studios, and other places where lights must be dimmed. The new control system allows the lamps to be dimmed from full force to a point at which they barely glow, and they can be turned on or off at any lighting level.

## WHEN MONY IS THE ANSWER TO YOUR PROBLEM

Tom Harvey is the man to see

Tom Harvey has had a long and distinguished career in life insurance for the past 25 years. After graduating from Northwestern University Law School, he organized the Income Indemnity Insurance Company in Boston, Mass. In 1937, he moved to Chicago, and established the T.D. Harvey Organization, representing Mutual Of New York, with offices in both Chicago and New York. During this period, he specialized in developing business life insurance, estate conservation, pension plans, and personal life insurance, and his organization served policyholders owning over \$27,000,000 worth of insurance.

After 5 years with the U.S. Air Force during the war, Mr. Harvey established permanent headquarters in Dallas and is now one of the top MONY representatives in the country. Besides being a life member of the Million-Dollar Round Table since 1937, Mr. Harvey belongs to the Dallas Estate Council, University Club, Northwood Club, and the Petroleum Club of Midland, Texas.

Whether you are interested primarily in business life insurance, estate conservation, or a general life insurance program—Mr. Harvey is uniquely qualified to give you honest and sincere counsel. Call him any time.

# Mama Rinso has a baby!

## "Doc" Lever proudly announces the birth of Rinso DETERGENT!

New addition to the Rinso family gives you all the advantages of the best detergents, and inherits Mama Rinso's famous SOLIUM for whiter washes

MAMA RINSO SOAP has long been the most popular washday soap in the world. And "Doc" Lever predicts that the new baby will soon be the most popular detergent. It already has a nickname: RINSO "D" (D for detergent).

Rinso "D" dissolves instantly, makes huge quantities of fragrant suds, cuts grease, and leaves no scum—even in the hardest water.

All detergents are good, but our tests prove that the new Rinso "D" washes about twice as many dishes as today's largest-selling detergent!

Rinso "D" will also do a brilliant job in your washer. It leaves your wash looking whiter than new. That's because of the solium.

How's the mother—regular Rinso soap? Mama's fine, thank you. She's still the most popular washday soap in the world, and she expects to

be welcome in your home, alongside Rinso "D." Why not keep it all in the family—the Rinso family? Rinso Soap for some purposes, Rinso Detergent for others. You usually pay about 20% less for Rinso Soap than for most detergents.

Tear out the "birth certificate" and give it to your grocer. It's worth 15¢ on the purchase of any combination of two large packages of Rinso "D" and Rinso Soap or one economy size of either. P. S. Both Rinsos are guaranteed by Lever Brothers.

**LOOK! Birth Certificate worth 15¢**

**TO INTRODUCE YOU TO THE NEW BABY—AND THE MOTHER**

**To Dealer:** Our salesman will redeem this coupon for 15¢ only from you directly or from an agent authorized in writing by Lever Brothers Company, provided you and the customer have complied with the terms of this offer. Any sales tax must be paid by customer. Void in any place where its use is prohibited, taxed or restricted by law.

**To Consumer:** This coupon good for 15¢ toward purchase of any combination of two large packages of Rinso Detergent and Rinso Soap or toward the purchase of one economy size package of either product. Cash value 1/20 of 1¢. Not transferable. \$100 reward for information resulting in conviction of any person fraudulently using this coupon.

LEVER BROTHERS COMPANY, 300 PARK AVENUE, NEW YORK 22, N. Y.

# Daddy Ringtail

## Daddy Ringtail And Crow In The Cornfield

Old MacDonald who has a farm was happy to look at his field of green corn growing. He was happy to think of the day when the corn would grow enough to eat. He was standing there by the field of corn, being happy about it all, when he decided to go in the house, and sit, and be happy all very comfortable.

No sooner had Old MacDonald gone in, however, than things began to happen to the corn. A big black bird flew down from the top of a tree. He took a bite of green corn growing, and another bite—

and another. And all the while he was taking his bites, he was cawing in a very loud voice: "Caw! Caw! Caw!"

He was really a crow, and he was cawing to the other crows to come and eat. He was cawing his friends to dinner, and the "Caw" was the crow's way of saying that here was some corn to eat while Old MacDonald was busy with being comfortable in his house. When all the crows had come to the field to eat, the cawing stopped.

My, my, my! What those crows were doing to the cornfield! They were eating it up, and eating it down, and eating it gone just as fast as they could. They were hav-

# Japan Slowly Adds Military Power To Back West's Cause

By EDWARD R. KENNEDY  
NEA Special Correspondent  
TOKYO — Out here, where the Japanese chain of islands is right next door to Communist arsenals, weakness could be fatal. But the Japanese Constitution, dictated by the MacArthur occupation, expressly forbids rearmament in any form.

Nevertheless, the Japanese are rearming slowly but surely. With U. S. help, they've created a face-saving masquerade, and their "Army" and "Navy" go under the names of "National Safety Force" and "Coastal Safety Force."

Neither are yet potent powers in the Pacific, although the "Army" is already up to 110,000 men, well-armed and well-trained. But the nucleus is there, and the potential is obvious.

"Special Vehicle Battalion" is current designation for tank units in Japan's new National Safety Force. This crew, like others, is being trained to use tanks for home defense.

The U. S. wants Japan to rearm and take over the defense of her homeland. We also want Japan to tool up for war production to support the United Nations war effort in Korea and to act as an arsenal for Western Allies in Asia. Many informed Japanese are favorable to these ideas, but more are not. The U. S. idea clashes head on with a pacifist move born of bitter experience.

**National Draft Act**  
Leading the opposition to rearmament are university students, who foresee a national draft act, and mothers, who bitterly contemplate their sons marching off to another war.

The Japanese Communists encourage these conceptions of the well-intentioned groups in order to keep up opposition fervor. So public opinion lags behind the reality of defense.

Moreover, Australia, New Zealand and Southeast Asian countries, for whom the U. S. must also show great consideration, are opposed to Japanese rearmament.

**Defensive Nature**  
So, currently, the U. S. is giving only token help and hoping that the Japanese work out for themselves a program favorable both to their own defense and to the western anti-Communist countries.

The Japanese National Safety Force is the one real power today in Japan to be accounted as a true defensive unit. Although small, it is a tough little corps, well-trained and high-spirited. Working with two U. S. divisions stationed in Japan for defense, it could give a good account of itself should Russia attack the

islands. The Japanese "Navy" is another story. The U. S. Navy has not taken a similar "big brother" attitude toward the fledgling sea force and it is obvious to an American observer.

**Small Air Force**  
To date, 10 of the 17 ships turned over to the Japanese government on a loan-lease basis are LSSL type—rocket firing support ships, ironically enough designed for invasion of Japan's home islands in World War II. The other seven ships are frigates, six of which were loaned to Russia during the war and returned to the U. S. last year in far from shipshape condition.

In the air, Japan has fewer than 100 light planes, all typed for artillery observation and rescue spotting. That comprises the air force. And Japanese now dread air attacks above all others. They generally support a proposal for a speedy number of top notch Japanese interceptor planes that would be ready to meet any invader who might challenge Nippon skies. For such a defense wing, there is an ample cadre of pilots who would require only refresher course training.

To tool up for increased war production, the Japanese industrialists want firm commitments. So far, the U. S. can promise only short term orders to support the Korean effort.

Therefore, Japanese industry is unwilling to abandon manufacture of civilian consumer goods, fearing that a cessation of hostilities would leave them stuck with mortgaged war plants and no customers.

Without the fanfare accompanying NATO rearmament, leaders of the U. S. and Japan are quietly plodding along, paving the way for a day two or three years from now when Japan will be able to defend itself.

**More Firepower**  
The progress shown by the National Security Force is due both to U. S. help and to the head start it got when it first was organized, under the MacArthur occupation. Now functioning strictly according to the tables of organization of the U. S. Army, it is the basis of a real fighting force.

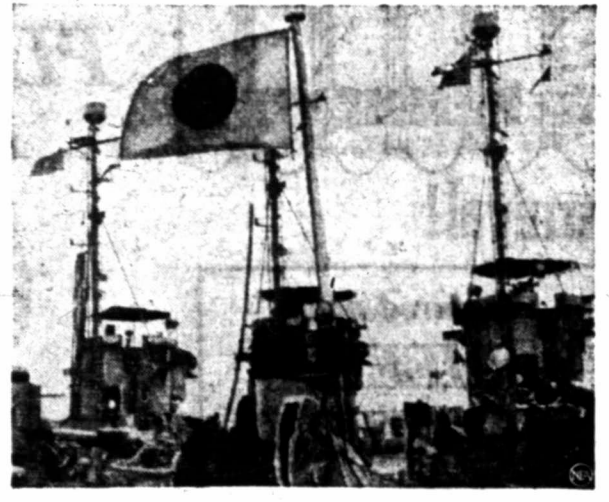

It came into being soon after the Korean War broke out and was designed to fill the defense vacuum left when U. S. troops were rushed to the front.

Ultimate hope of the U. S. is that Japan will support 300,000 ground soldiers in 15 divisions. This is deemed adequate for defense, as firepower is stressed over manpower—a new concept of Army strategy in Japan. For instance, the present NSP divisions, trained and equipped by the U. S. Army, have five times the firepower of a former Imperial Army unit of the same size.

**Old Army Game**  
Although the U. S. tables of organization and mechanization are not suited particularly well to Japan, the Japanese have faithfully followed them to the letter. It is predicted, however, that soon the Japanese will change over, retaining the best of what Americans have taught them and resurrecting some of the old Imperial Army manuals that have methods best suited to Nippon terrain.

Because the corps is not termed an army, the units are not given true army designations. For example, a tank battalion is called a special vehicle battalion; an artillery battalion is a special battalion, and an infantry regiment is an expeditionary regiment.

Today, Japan is defenseless. But the National Safety Force is making a bid for rapid growth into a strong line of national defense.

Rising Sun flies again from postwar Japanese "Navy," called Coastal Safety Force. These are U. S. LSSL's on loan-lease.

New career for this petty officer, veteran of Imperial Navy, is in Coastal Safety.

## Old Trust Keeps Up Early Purpose

MIDDLETOWN, R. I. — After 277 years, a charitable trust which Rhode Islanders believe is America's oldest, still is donating its profits for the relief of the poor and the education of children.

When John Clark, physician-minister, died in 1676, his will provided that his farms in Middletown were to be held in trust. Any profits from them were to be used "for the relief of the poor and the bringing up of their children in learning from time to time forever . . ."

The trustees are still carrying out John Clark's wishes. During 1952, they gave \$300 to the widow of a former pastor, \$50 each to nine students, and \$300 for distribution by the Rev. Wilbur Nelson, pastor of the United Baptist Church, John Clarke Memorial, of Newport.

## OUT OF DOORS with Field & Stream

By AL McCLANE  
Fishing Editor

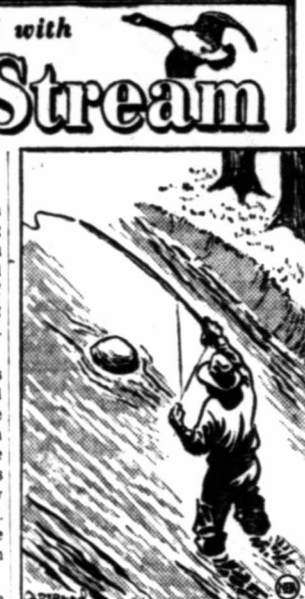

There has been quite a splash in the local press lately concerning spinning. Spinning, in case you haven't been warned, is a method of fishing with a particular kind of reel, and said reel makes casting so easy that everybody catches fish. Or so it would seem.

According to some observers, this is not a healthy situation. A good many pundits are lobbying to have the game banned, especially in the heavily populated areas. The same thing happened in Europe years ago, and as a result, there are very few rivers abroad when John Q. Public can spin his baits. I'd hate to see the same thing happen in this country.

Granted that more people are fishing now than ever before and that conservation agencies are hard pressed to keep stocking our streams, but this still doesn't get at our real problem—the fisherman. He likes to think himself as a sportsman, and in most cases he deserves that title.

There are others who will never obey fish and game laws no matter what kind of equipment they use. The issue at stake is less a conservation problem than a moral responsibility. Game hogs existed long before anybody ever heard of spinning, and by creating social legislation designed to control what sporting tackle an angler may or may not use we are deceiving ourselves.

Several states have whipped up some half-baked laws that set aside certain portions of rivers for fly fishing only, lakes for fly fishing

only, and rivers or ponds where you can spin, provided the lure has one hook and the blade of the spinner is no longer than 2 1/4 inches or whatever. I am by preference a fly fisherman. And a good one. I suppose I should appreciate what's being done in my behalf. But I don't.

In some of the states I visit I can't even read all the fine print in their fish syllabi. As things now stand, a guy throwing a tin minnow on a three-pound-test line is basically inferior to the gent who dunks a gob of worms. Nobody has blasted the bait fisherman because he is almost everybody who wets a line. All of which leads me to believe that the spinning ban is very undemocratic and if perpetuated, we'll be in the same boat as our cousins on the other side of the ocean.

"Pardon the suggestion, but instead of talking it over with your husband, why not just take it home and fight it out?"

## New Liquid Kills Roaches and Ants

**Scientists Discover Easy Way to Kill Crawling Insects**  
ROACHES and ants are the most difficult household pests to control and they can be brought into the home at any time. Science has recently discovered a colorless brush-on insecticide that not only kills, but controls crawling pests. It is called Johnston's NO-ROACH.

Developed after years of research, NO-ROACH is an invisible, odorless, stainless liquid, so powerful that one application remains effective for months. Best of all, NO-ROACH may be brushed on, without having to move your pots and pans. It is not a contaminating spray or messy powder, contains no DDT, no sodium fluoride, and no phosphorus.

**Effective for Months**  
Simply brush Johnston's NO-ROACH wherever roaches, ants, silverfish or waterbugs are found, around kitchen cabinets and sink woodwork, on baseboards, window sills and door sills. Insects that walk over the coating become paralyzed and die within two or three hours. The coating will continue to kill all insects that walk over it for months to come.

Guard against crawling insects this modern NO-ROACH way. 8 oz., Pint, and Quart sizes.

Japanese GI in training for National Safety Force looks like U. S. counterpart he copies.

NEA Staff Correspondent

BELGRADE—Noted in Tito's upside-down capital, where the official Communist paper "Politika" praises "realistic foreign policy" editorials in the "Wall Street Journal."

With bathtubs as scarce as a free election, folks scoop up water and soap themselves sanitary on the banks of the Danube; behind them are the skyscrapers of modern Belgrade. . . . A tired woman carefully brushes dust off a red carpet rolled out at a railroad platform awaiting Tito's arrival. . . .

Tractors from six different countries puff down the central boulevard heading for a plowing contest. . . . Winner gets a government order. . . . A young peasant lad strips to the waist, sunbathes atop his wagon in the heart of town during lunch hour. . . .

**Finger Of Brandy**  
Many hotels automatically serve a finger of brandy with your breakfast coffee-and-rolls. (Shakes sleep faster than a cold needling shower.) Crowds line up before U. S. Information Service for the daily overseas news bulletin. . . . Dictators vs. Jams: When Belgrade was merely a plug on the Kremlin's

Wandering Fiddler plays for dinars at Belgrade cafes. U. S. jazz is no longer taboo.

switchboard, U. S. jazz formally was frowned on. But young Dushan Vidak learned swing, be-bop and newest jazz by ear from our Army's

Frankfurt (Germany) radio. **Chums Toot Out**  
Anything American was still Number One on Tito's Hate Parade when Dushan quietly gathered musical chums to toot what he cribbed from the airwaves on ancient, patched up instruments, including a 30-year-old trumpet.

After the Tito-Moscow divorce, Dushan started the Jazz Organization of Yugoslavia and knocked on endless bureaucratic doors pleading permission to play publicly.

**World Going Crazy**  
Recently same was granted and the other night I visited the Jazz Club in Belgrade's gloomy Grand Hotel. The band, with practically no sheet music, is strictly in the groove.

Overheard: "The world is going crazy. Our Communist Leader Tito is going to visit Turkey—a country which automatically sentences any known Communist to death."

"His family has a fine three floor house in Belgrade. Of course, the government won't let him live in it."

**Horses Free Auto**  
"Oh, yes, life is much easier. But as a student I can never qualify for the exchange program to go to America. That's only for CP members."

Motoring through Tito-land: Although you could get tanned in Belgrade, the other day our car bogged down on a snow-soaked dirt mountain road in Bosnia province. A farm boy's team of horses jerked us loose. Our clever driver has packed a tow-rope, which—with extra gasoline tins—is a motoring must.

You ride hours without seeing anything but horse or mule-borne traffic. And crawl past the horses. Many nervous Dobbins still reject machine competition.

With roads designed for four feet—not four wheels—a day's trip

At Yugoslav railroad station, tired woman carefully sweeps off the red carpet rolled out to await Tito's arrival.

jiggles your insides like a mouse caught in a malted milk shaker. The junkies showed me the problems facing generals who'd like to make Tito's army more than a mountain-fighting, foot-slogging outfit.

Belgrade dictionary: "Stomach Communist." A guy who doesn't know Karl Marx from Groucho, joined the party just to fill his dinner pail.

"An Uncle in Milwaukee." The way to describe a local who's doing very well indeed—because some U. S. relatives monthly mail money.

**Love And Politics**  
"Red Passport." Belgrade for party card—without it you don't get far in Yugoslavia.

You can easily check government approved countries by noting the

occupation she cuddled close to a Wehrmacht Colonel. After liberation a Russian General bought her vodka.

During Tito's isolation she was neutral, playing strictly Swiss and Swedes. Now she gets her cigarettes from the American PX.

A new wide-angle lens for aerial cameras gives much clearer, sharper pictures from thousands of feet in the air. The outstanding feature of this new lens is that even the extreme corners get the light necessary for good definition.

## NEW CATALYTIC CORRECTION *Eliminates Water Harshness*

Unless your home water supply is almost perfect an *Evic Water Conditioner* will correct it in many worth-while ways. Its cost is surprisingly little—and no periodic servicing is needed. *Evic-treated water* is a joy to use in the house—and home gardens and lawns respond to it in many excellent ways.

- HARSHNESS TO HANDS IS NOTICEABLY REDUCED
- EASILY RINSES AWAY TROUBLESOME SOAP-SCUMS
- DISHES AND GLASSWARE DRY FREE FROM WATER STAINS

**ENTIRELY NEW PRINCIPLE**

The *Evic* Conditioner works by the *Evic* process which changes the physical behavior of water in your home.

- *EVIC-treated WATER GETS "MORE WORK" OUT OF SOAP IN MOST CASES*
- *SCALE VANISHES FROM WATER-HEATERS, PIPES AND SHOWER NOZZLES*
- *SANITARY DRAINS ARE FREED FROM GREASE COATINGS*

MANY THOUSANDS NOW IN HOME USE!
