Magnolia Schedules 5,500-Foot Wildcat In SW Winkler

Magnolia Petroleum Company No. 1-39862 University of Texas is to be a 5,500-foot rotary wildcat in Southwest Winkler County.

The prospector will be nine miles west of Wink. The location is 660 feet from south and west lines of section 11, block 20, University survey. Drilling will be started by June 7.

Sun Quits One, Starts Another In SE Winkler

Sun Oil Company has staked location for a 12,000-foot Ellenburger wildcat in Southeast Winkler County as its No. 1-A Amburgey.

Location is in the southeast corner of section 3, block B-9, pal survey and 14 miles southeast of Kermit. That makes it five and one-half miles southwest of the Wheeler field and two and one-half miles northeast of Sun No. 1 Amburgey, et al. wildcat in the same area which was temporarily abandoned at 6,300 feet.

Devonian Prospect In North Pecos Is To Be Completed

H. L. Hunt of Dallas is preparing to potential No. 1-1 H. J. Eaton, Devonian gas-distillate prospect three-quarters of a mile northwest of Montoya gas-distillate production on the northeast side of the Pecos Valley field in North Pecos County.

Acidized with 500 gallons through perforations from 5,268 to 5,494 feet; the well flowed approximately 1,000,000 cubic feet of gas daily on one-quarter inch choke.

Humble Completes Third Producer In W-C Mitchell Pool

Humble Oil & Refining Company No. 2 Lucy M. Coleman has been completed as the third producer in the North Coleman Ranch (Clear Fork) field of West-Central Mitchell County.

The new well was finished for a daily pumping potential of 84.26 barrels of oil plus 1.3 per cent water from open hole pay at 3,049-3,104 feet.

Ellsworth To Final Ellenburger Opener In NE Pecos Field

Thomas T. Ellsworth is preparing to complete his No. 1-B O. F. Simons, Ellenburger discovery in the Abell (Siburo-Montoya) field of Northeast Pecos County.

Operator took a one-hour drillstem test from 5,782-5,920 feet. Recovery was 210 feet of heavily oil and gas cut mud. A six-hour retest of the same interval recovered 350 feet of mud cut oil.

Discovery Offset In NE Schleicher Finds Gas, Oil In Strawn

Flowing gas and free oil have been developed on two drillstem tests in Plymouth Oil Company No. 2 Thomerson, south offset to the opener of the one-well Toenajl (Strawn) field of Northeast Schleicher County.

Latest test was from 5,309 to 5,320 feet. Tool was open 90 minutes. Gas surfaced in 11 minutes at the estimated rate of 100,000 cubic feet per day. Operator reversed out 18 barrels of oil and three barrels of mud-cut oil which was estimated to be 80 per cent oil. Flowing pressure was from 2b to 21b pounds and 1b-

Business Holiday, Memorial Rites Set In Midland Saturday

Memorial Day will find most Midland offices and business firms closed, a few remaining open and three veterans' groups holding traditional ceremonies at Midland cemeteries.

Midland oil companies are meeting the holiday in varied ways. They are closing Saturday, staying open Saturday, or closing Monday. Some will stay open Saturday and observe the holiday, while some are not marking the holiday in any way. Others, however, closed Friday to keep the holiday on a regular schedule. Most oil companies close on Saturdays anyway.

Wind Upsets Traffic Trial

A proposed six-day experiment with a third traffic lane for vehicles making left turns was called off abruptly Thursday.

"The wind was too strong," explained Traffic Engineer Jack Keese.

"During Wednesday, when it was in operation for the first day, we had very good results and it helped a lot in keeping traffic moving."

"But the wind began blowing so hard, it was blowing the markers all over the street."

The tests will be resumed if and when the wind stops blowing.

Stand-Ins Perform At Final Trial Run For Tuesday Event

LONDON—(AP)—The final full-dress rehearsal of the coronation went off without a hitch Friday. Queen Elizabeth II knows her part so well she left it up to a stand-in to play her role.

Crowds outside Westminster Abbey got a good preview of the rich pageantry surrounding next Tuesday's big show.

More than 1,200 persons took part in the two and one-half hour practice, carried out with all the trappings under the watchful eye of the Duke of Norfolk, who as earl marshal is directing the coronation.

Weather Mixture May Stir Basin

More flying "real estate" was in store for Midland and vicinity Friday afternoon and night as blowing sand was expected to bombard the area, reducing visibility to as low as one mile, the CAA Weather Station at Midland Air Terminal predicted.

West-southwest winds up to 40 miles an hour were expected to bring in a cool frontal passage accompanied by possible thunderstorms, light rains, and hail after 3 p.m.

May edged near a hot close in Texas Friday with rising temperatures. It was typical Spring in Texas with Summer still more than three weeks away officially.

ADDIS ABABA, ETHIOPIA—(AP)—Six heavy earthquake shocks rocked the Ethiopian eastern province of Harrar Friday. Great destruction was reported, mainly in the towns of Harrar and Diredawa.

HOYLAK, ENGLAND—(AP)—Defending Champion Harvie Ward of Atlanta breezed into the final round of the British Amateur Golf Championship Friday, defeating Arthur Perowne of England, 6 and 5. His foe in the 36-hole final will be Joe Carr of Ireland.

Lazy-Looking Critters Munching On Hay Now To Be Raising Thunder Wednesday

They don't look so mean. They just stand there, gazing sadly over the top board of the wooden fence.

Or munch contentedly on a mouthful of hay.

Or nudge each other gently with their heavy, curved horns.

They look so gentle they seem almost to hate to flick away with their tails the angrily-buzzing pesky little flies.

But don't let 'em fool you, partner.

They'll be hell on hooves next Wednesday night when some ornery cowpoke jabs 'em in the rump, the chute door swings open and some character leaps off his horse and engages in the quaint old Western game of steer-wrestling.

Yep, they're just as mean a critter as you can find anywhere and they won't think any differently until some wiry little cowhand teaches them better next Wednesday night.

Those steers were the first arrivals for the opening Wednesday night of the five-night 19th Annual World Championship Midland Rodeo.

And they'll be followed during the next few days by their kinsmen of the Wild West.

There'll be brassy calves that go crazy at the sight of a looping lariat headed their way.

There'll be big, bulky bronchos that would rather sunfish their way across the arena and send some foolhardy rider spinning into the dust than get an extra helping of oats.

And there'll be ugly, humpbacked Brahman bulls that, not satisfied with dumping a rodeo hand on the hard-packed dirt, will try to stomp him a little deeper into the ground.

But these tough rodeo animals of producer Everett E. Colburn and his famous Lightning O Ranch won't be the whole show.

There'll be the finely-formed lines of some of the nation's best horses; there'll be a colorful grand entry to open each of the five night performances and there will be thousands of spectators trying to recapture the days of the legendary Wild West.

And there will be \$12,000 in prize money, the elusive pot of gold at the end of the rainbow for scores of the nation's top cowhands.

The performers themselves will begin arriving in Midland over the weekend for the furious last-minute preparations which precede the opening event—a mile-long parade Wednesday afternoon through Midland's business district.

The tickets to the great show will go on sale at 9 a.m. Monday, when a booth will be opened in the lobby of Hotel Scharbauer, for general admission and reserved seats.

Letter Bares Red Rejection Of UN's Plan

MUNSAN—(AP)—The Communists rejected outright at least part of an Allied truce plan submitted in a secret meeting at Panmunjom Monday. It was disclosed Friday.

There was no indication whether the Reds would change their minds at next Monday's meeting, the first after a week-long recess.

The Reds object to release of any Red prisoners as civilians in South Korea, or leaving to the UN General Assembly the ultimate disposition of prisoners unwilling to return to communism.

These "can not be agreed to by our side," North Korean Gen. Nam Il told the Allies. His reply was released in excerpts from the record of Monday's meeting.

Nam said it is "inconceivable" that the Allies propose turning over any Red prisoners to the UN which he labeled "a belligerent itself."

The excerpt was revealed in a letter which Maj. Gen. Choi Duk Shin, South Korean truce delegate, delivered Thursday to the senior Allied delegate, Lt. Gen. William K. Harrison, Jr. Although not made public, the letter was obtained from reliable sources which can not be identified.

The Allied plan, still under official secrecy, has rankled South Koreans. Government officials have threatened to boycott the truce talks and possibly fight on alone unless the plan is killed or revised.

Armed Forces Plan Heavier Oil Buying

WASHINGTON—(AP)—The armed forces expect to buy about a billion dollars worth of domestic oil products in the year starting July 1, one-fourth more than this year.

Col. Douglas Brown, executive officer of the Armed Services Petroleum Purchasing Agency, said Friday next year's purchases are estimated to equal about eight per cent of the finished products of domestic refineries.

No difficulty is expected in getting needed supplies, Brown said, though high-octane aviation gasoline continues in short supply.

Atom Spies Slated To Die Next Month

NEW YORK—(AP)—Condemned atom spies Julius and Ethel Rosenberg were sentenced Friday to die in the Sing Sing Prison electric chair the week of June 15.

This was the fourth time Federal Judge Irving Kaufman had set the execution date amid a maze of continuing legal defense maneuvers.

Lawyers tried to have Kaufman postpone the setting of the date until next Monday.

The Rosenbergs were convicted of conspiracy to pass atom bomb secrets to Russia. They are in the Sing Sing death house.

Kaufman said he could not remember "any case in our American courts which has received all the

City Ready To Tap New Water Line

The construction of a 30-inch supply line from McMillen Field was nearing completion Friday and city officials hoped the final connection could be made sometime Saturday.

Henry E. Nunn, city sewer and water engineer, reported Friday morning that the first water from the new supply, expected to double the available water, will begin flowing into city mains early next week.

The city's water situation continued to ease off Thursday as Midland residents used only 8,670,000 gallons and the main storage-tank level fell no lower than 41 feet.

GI's, Turkish Troops Leave Two Outposts

SEOUL—(AP)—U. S. and Turkish troops pulled off Outposts Vegas and Elko Friday night as the big Chinese drive rose in fury along the ancient invasion road to Seoul, 30 miles to the south.

Allied artillery at once loosed a furious bombardment on the two scarred heights. Chinese guns replied and the artillery duel raged beneath a full moon.

The Chinese Communists, striking with 8,500 men in the West while mounting a 6,500-man drive in the center, thus had seized three outposts hills east of the truce town of Panmunjom. The third was Carson, which fell Thursday night.

The weary Americans and Turks pulled back after more than 24 hours of bloody fighting, often with the bayonet.

Savage artillery pounding from both sides had ripped up trenches, bunkers and foxholes on Vegas and Elko.

A five-mile front along the row of hills guarding the road to Seoul was one big cloud of dust, smoke and exploding shells.

Marine tanks stood on the main line positions and poured hundreds of high velocity shells into the ranks of the oncoming Reds. Waves of fighter-bombers hurled bombs and flaming jellied gasoline on the attackers.

British Held Hook
In London, the War Office said British troops have inflicted a "crushing defeat" on Communist forces attacking the Hook, about 13 miles east of Panmunjom.

A communique said the Communists attacked the Hook, a key western front stronghold, Thursday night and were thrown back mainly by the Duke of Wellington Regiment, the King's Regiment and the Royal Artillery.

The size of the attacking Communist force was estimated at a brigade. No further details were available.

Earlier reports from Korea said the Duke of Wellington Regiment still was holding firm on the Hook after beating back four Chinese Communist assaults between dusk and 3 a.m. Friday.

Two-Front Attack
U. S. Sabre jets probably destroyed one Communist MIG and damaged three in sky battles over North Korea. Other Sabres blasted a troop billeting area near the mouth of the Yalu River in their deepest penetration of North Korea as fighter-bombers, the Air Force said.

The two-front attack in the West and on the east-central front is the biggest since the battles for the Kumhwa Ridges last October.

Brig. Gen. Sirri Acar, Turkish brigade commander, said his men had killed or wounded 1,000 Chinese. He estimated that the Reds had from one and one-half to two divisions ready to throw into the western front fighting. That would be up to 24,000 men.

Robertson Murder Trial Nears Finale Before Vernon Jury

VERNON—(AP)—Judge Jesse Owens told the jury in Earl Robertson's murder trial Friday that if it believes him insane he must be acquitted.

Robertson, 21, is accused in the fatal beating and stabbing last Winter of Victor Smith in the filling station where he worked.

Owens planned to open court by charging the jury, but the defense first called Robert Sinclair, Amarillo attorney. He disputed testimony of Potter County Jailer Fred Taylor a psychiatrist had not examined Robertson in jail April 4. Sinclair said he saw the psychiatrist, Dr. Henry Snyderman, questioning Robertson twice that day.

Assistant District Attorney Dean Watson, opening arguments for the state said the slaying of Smith was planned and carried out with "cool reflection."

The jury was expected to receive the case Friday afternoon.

Godfrey Anticipates Quick Return To Job

BOSTON—(AP)—Arthur Godfrey Friday said he expects to be back on television and radio by late July or early August.

The entertainer, convalescing from an operation on his right hip performed two weeks ago, said he now watches and directs his TV shows from his hospital bed.

NO RETAKES FOR 'WOMAN KILLER'— When Glenn Ford Slaps 'Em, They Know It's Real McCoy

HOLLYWOOD — "I hear you're tough on your leading ladies. Well, we see about that." That was Ann Sheridan's comment to Glenn Ford when they met on the first day of "Rage of the Jungle." She leaped in a hurry. They were right into a scene in which he grabbed her arms and whopped her across her pretty face. "I found out about that boy," she sighed later. "I was black and blue for two days. Glenn looks like the gentle sort, but honey, it's always the gentle sort who are roughest with their women."

Ford has been slapping dames on the screen almost since the start of his postwar film career. "I guess I'm typed," he shrugs. It's an old kind of typing for the soft-spoken, Quebec-born actor. It all started when he dealt Rita Hayworth some open-handed blows in "Gilda."

Connecticut Wins State Safety Title

CHICAGO — Connecticut and Evanston, Ill., were named grand award winners Friday in the National Safety Council's 1952 National Traffic Safety Contest. Neither Connecticut nor Evanston are newcomers to the winners circle in the contest. It was the sixth national grand prize for Connecticut and the fourth for Evanston. No traffic deaths were reported in 1952 in Evanston, a suburb of Chicago with a population of about 75,000.

"I do it in one take. I give 'em a real, honest-to-goodness slap and get it over with. That's much better than the way these new fellows try to pull their punches. They don't get it right the first time. When a gal has to get slapped seven or eight times—that's when she gets hurt."

Clozeups and Longshots: There's no business like show-business — and it's quarterbacks. Rosemary Clooney and Guy Mitchell, singing together in the film "Red Garters" with stars on their dressing-room doors, are telling it on themselves and their agents. A few years ago, before their big-time stardom, Columbia Records assigned them to wax a couple of duets. Guy's agent, Eddie Joy, yelled: "We won't do it. Clooney's name isn't big enough."

George Raft is trying to move mountains again in an effort to get his estranged wife of more than two decades to forget her religious scruples and give him a divorce. The reason: Rosemary Colligan Grayson's health sweeping town stem from a case of mistaken identity. The big romance between Nora Eddington and Hicky Hilton isn't. But Abbott and Lou Costello's next for U-I, "Firemen Save My Child," will be filmed largely on location in San Francisco. Camera roll in September.

Edgar Bergen, headed for a European tour, asked his seven-year-old Candy what she'd like as a present from England. Candy's reply: "Please, Daddy, bring me Queen Elizabeth's Carnation dress."

Presbyterians Hold Annual Birthday Meet

The thirty-first birthday anniversary of the Women of the Church of the Presbyterian General Assembly was observed Tuesday at a meeting of the Westminster Presbyterian Women of the Church in the home of Mrs. J. C. Cunningham on the Andrews Highway. Members of the Martha Circle were hostesses.

An offering was made for the 1933 birthday objective—tough homes for foreign missionaries.

Mrs. J. K. Fraley, stewardship chairman, was in charge of the program and the devotional was given by Mrs. O. C. Bailey. Mrs. A. H. Vineyard and Mrs. O. C. Pannell discussed the early history of the Women of the Church and the birthday offerings.

During the business meeting, D. J. Miles, chairman of church extension, announced that 80 pounds of clothing had been sent to the Presbyterian Orphanage at Itasca. Mrs. Paul Lavery, chairman of world missions, reported that 20 pounds of rolled bandages had been sent to mission hospitals in Africa.

Mrs. W. E. Smith and Mrs. Ralph H. Fellows were guests. Others attending were Mrs. Bates Hoffer, Mrs. Nolan Hirsch, Mrs. J. L. Kendrick, Mrs. Frank Owens, Mrs. O. C. Pannell, Mrs. John E. Reid, Mrs. L. E. Noblitt, Mrs. M. S. Dickerson, Mrs. Robert L. Clark, Mrs. T. A. Newbold, Mrs. Erich Lemke, Mrs. Phillip Jones.

Mrs. Donald S. Johnson, Mrs. Jack Moore, Mrs. J. W. Baldwin, Mrs. R. B. Smith, Mrs. Frank S. Millard, Mrs. J. C. Cunningham, Mrs. Gilbert Tompson, Mrs. Dale Swartz, Mrs. Stewart Bakken and Mrs. W. J. Sprecher.

Two-Day Singing Scheduled Here

The Five-County Singing Convention will meet Saturday and Sunday in the Faith Tabernacle, 611 South Terrill Street.

Sessions will be held from 8 until 11 p. m. Saturday and from 11 a. m. until 8 p. m. Sunday. There will be an old-fashioned "dinner-on-the-grounds" at noon Sunday.

Among the quartets expected to participate are the all-Indian quartet from Meers, Okla., the Brown Family Quartet of Fort Worth and the Temple Airs from Dallas.

Quartets from Lubbock, Odessa, Monahan and other West Texas cities also are expected to take part.

For a good flavor change, add a little curry powder to condensed cream of celery soup.

Traditional radiance of the bride is at least one part calculated. She rehearses many things besides the wedding ceremony—she is her make-up which she has practiced until it is perfection. She's sure her colors are right because she has tried different shades for their becomingness with a white dress. On the great day, she applies a colorless lipstick fixative (left) as the last step in her make-up. She won't need to renew her lipstick all day and it won't come off on the groom's face. The bride's hands are much in evidence as she and the groom cut the first slice of wedding cake (center). A manicure the day before the wedding, helped assure their loveliness. A wobbly, insecure walk would detract from the bride's beauty as she goes up the aisle. She practices walking, for days ahead, in a long full skirt to assure a smooth, graceful, straight carriage. The result: she feels serene in her beauty as she starts up the aisle (right). If you're to be married soon, why not perfect your walk as this girl did?

Bride Practices Queerly Walk, Artful Makeup

By ALICIA HART
NEA Beauty Editor

On your wedding day, you'll be the center of attraction from the moment you take your father's arm to the moment you and your bride-

groom slip away from the wedding guests. Many brides are a little nervous just before walking up the aisle, but if you've mastered all your beauty routines well in advance, you'll feel very sure of your lovely appearance.

A beautiful carriage with head held high is essential for showing off your wedding gown to the best advantage. If your balance isn't up to par, you may feel insecure in your walk while all eyes are on you. It may help you to practice these balance steps well before the wedding:

1. Take the so-called arch position—stand with toes of right foot against arch of left foot. Place weight on left foot. Have knee of right foot relaxed and pointing inward. Now turn toes of right foot out about two inches.
2. From the arch position, take a balance step as follows: Cross the foot that's in the arch position behind the other foot. Your weight now should be distributed evenly on both feet while toes of both feet point straight ahead.
3. Now raise your body up a little on the balls of your feet and simply whirl around, in a half circle.
You'll wind up in reverse position so that you can arch with the other foot and cross and whirl again.

Practice these balance steps many times for graceful movements. If your wedding dress is to be long, wear a long skirt for some of your practice.

Know in advance exactly what make-up you'll wear. It may help to try a make-up with a white dress to see what you should wear. On the great day, you won't want to renew your lipstick once it's on. You won't have time for that. To be sure of having it stay on without retouching and to avoid leaving lipstick marks on the bridegroom's and guests' faces, you can wear a colorless fixative over your lipstick.

There's one available which you brush on over your lipstick. Indelible or regular. The makers claim that it lasts for hours, even through a meal. Don't wait for your wedding day to try it for the first time, however.

With any cosmetic that you intend to wear on an important occasion, it's best to know well in advance exactly how to use it and what it does for you.

The styling of your hair also should be taken care of well in advance so there'll be no stiffness.

Cowden P-TA Committees Plan Activities

A general program for the 1933-34 school year was outlined at a meeting of committee chairmen of the Cowden Junior High School Parent-Teacher Association Thursday in the school.

Mrs. O. J. Hatfield, president, presided at the business meeting and announced that several out-of-city speakers, panel discussions and exhibits are planned for the next year's meetings.

Attending were C. D. Johnson, school principal; Anna Patterson, music chairman; Mrs. Helen Thomson, program chairman; and David L. Dickinson, publicity chairman.

HD Club Names Council Delegates

Alternate delegates to the Midland County Home Demonstration Council were elected when the Pegasus Home Demonstration Club met Thursday in the home of Mrs. John R. Leonard. They are Mrs. Vernon Dickerson and Mrs. Mitchell Alford.

During the business meeting the constitution and by-laws were approved by the members. It was announced that the next meeting will be held June 11 in the Pegasus Community Center.

Pauline McWilliams, Midland County home demonstration agent, presented a demonstration on belt making, interfacing, dressmaking and edging of aluminum trays. Refreshments were served by Mrs. W. C. Hundley and Mrs. Earl Rucker.

WSCS Plans Annual Fair

Plans for the Christmas Fair of the St. Mark's Methodist Woman's Society of Christian Service were discussed when the fair committees met Thursday in the home of the chairman, Mrs. Sam Crewe, 403 West Jax Street.

The fair tentatively was scheduled for November 29 in the Crockett School, and it was announced that the WSCS circles meeting this summer will work together on articles for the fair.

Representatives from the circles drew booth assignments for their circles. The assignments include Christmas decorations and grab bag, Miriam Circle; aprons and parcel post, Rebekah Circle; handwork and white elephant, Naomi Circle; doll clothes and cakes and pies, Ruth Circle; and supper and stick horses, the new circle.

Mrs. H. G. Brewer was appointed treasurer for the fair, and Mrs. Jack Keese, decorations chairman.

Attending the planning session were Mrs. T. J. Smith, Mrs. Clarence Borland, Mrs. C. O. Farrar, Mrs. W. M. Johnson and Mrs. Brandon Rea.

Belva Stehle Named Honoree At Bridal Party

Belva Stehle, bride-elect of Tillman Barrington, was honored with a bridal shower given Wednesday by Pat Moreland and Sue Skaggs in Miss Skaggs' home at 800 North Carrigo Street.

Miss Stehle and Barrington are to be married Friday in Floydada. The colors of blue and white were featured in the decorations. Guests for the Wednesday party were Mrs. Alton Stehle, mother of the bride-elect; Hulse, Willis, Frances Padgett, Hulse, Willis, Frances Padgett, Mrs. J. E. Barrington, Mrs. Paul Mariner, Barbara Timmons and Martha McDaniel.

Garden Club Hears Program By Mrs. Gist

Mrs. M. F. Barber, 2006 West Washington Street, was hostess when the Welcome Wagon Garden Club met Thursday in her home. Mrs. Morgan Gist presented the program on "Fall Planting," and Mrs. L. L. Worden gave a report from the Midland Council of Garden Clubs.

During the business meeting, members decided to hold a spring flower show, the date of which is to be set later. Mrs. R. M. Nugent, parliamentarian, read the by-laws as revised by her committee. It was announced that members will vote on the revisions at a special meeting June 11 to be held in the home of Mrs. J. S. Knaur.

Mrs. Worden also announced that a flower show judging school will be held June 6-8 in Odessa. New members voted into the club were Mrs. L. C. Nugent, Mrs. M. R. Proctor and Mrs. R. W. Pearman. Guests were Mrs. George Phenix and Mrs. Gist. Others present for the Thursday meeting were Mrs. J. C. Antonelli, Mrs. J. S. Dickerson, Mrs. W. D. Gill, Mrs. Cyrus Helm, Mrs. Knaur, Mrs. J. E. Military Chaplains Cite Lag In U. S. Church Programs

NEW YORK—American churches aren't doing their whole duty to men in the armed forces, top military chaplains said Friday.

With the nation drawn into a big long-range military role of a kind it never has faced before, they say the churches have not geared their programs to cope fully with the new conditions.

Maj. Gen. Charles I. Carpenter, chairman of the Armed Forces Chaplains Board, said the spiritual basis of democracy is at stake.

He said most denominations thus far have failed to come to grips with "this entirely new phase in American life—one that affects every kid who reaches 18 now, and for perhaps generations to come."

THIEF STRIKES AT GRADUATION

The commencement exercise at Midland High School was not such a happy occasion Thursday night for Glenn Hancock of Big Spring.

Hancock reported to police that he parked his automobile near the high school to attend the graduation ceremonies.

When he returned the canvas top to his convertible had been slashed open, the rear window glass was shattered and a \$40 pair of cowboy boots were missing.

Carpenter, who also is Air Force chief of chaplains, and Maj. Gen. Ivan L. Bennett, Army chief of chaplains, said there has been some awakening to new church obligations, but more needs to be done.

New Social Problem
"As with all great new social problems that arise," Bennett said, "this one has brought conditions that the churches were not prepared to meet at once, nor completely.

"I have full confidence, that with growing awareness, leadership and information, they will."

Failure to do so, he said, could "constitute almost disaster in the spiritual life of our nation."

Rear Adm. E. B. Harp, recently named chief of Naval chaplains, said "there is a great deal of planning, but programs have yet to be fully implemented."

Today, with about a million youths a year entering military life, another million a year leaving it, and some three and a half million in service around the world, the armed forces has become a key training ground in the formative years of American youths. It involves more people than all colleges combined.

Carpenter said: "If the church fails to carry out a program to actively hold these young people, it can be the most dangerous thing that can happen in American life.

"It can be a tremendous blow against the whole cause of democracy and the interpretation of the free world."

Chaplain Quotas Unfilled

At present, he said, churches aren't even filling their chaplaincy quotas. These quotas have been held down, because already existing vacancies go begging.

Fall Proves Fatal To Electric Lineman

MARLIN—(AP)—Injuries received when he was knocked from a power pole near Greenville proved fatal Thursday to Garvin Ellison, 23, of Franklin.

Ellison was toppled from the pole by electric cables which slipped from insulators.

BACK FROM KOREA

PECOS—Lt. Bill Armstrong, son of Mr. and Mrs. Webb Armstrong of Pecos, returned home Thursday from Korea where he flew 100 missions as a "mesquite pilot" since last August.

The Army is short 200 chaplains, the Air Force another 200.

However, Carpenter said supplying chaplains is "only about 10 per cent of what the churches should be doing." He said denominations should set up national programs and leadership, including:

- National denominational clearing agencies, with channels to all its local churches and pastors, to maintain constant ties with each of its members in service.
- A denominational publication to go to all members in uniform.
- A denomination-wide program to get pastors and local church members to correspond with men in service.
- Alert denominational programs and full-time personnel to guide local churches near military bases in bringing members into regular church activities and social life.

Memorial Day Tribute

This Memorial Day we ought to honor a special kind of soldier dead. We ought to remember the men who died—and still may be dying—behind the Communist lines as prisoners in Korea.

We should think of the weary, felled men who fell by the wayside in the punishing, forced marches, and watched with pathetic wistfulness as their comrades dragged themselves out of sight down the road.

We should think of the men who flopped down to sleep in the icy, hostile night and never woke up. In the morning, their captors kicked their frozen bodies into the nearest ditch.

We should give some thought, too, to the soldiers whose only offense against their captors was that they became sick. For this error, many were shot on the line of march, and left with the "drop-outs" to mark the trail of broken bodies.

Those who survived the ordeal of the marches found merely a new torture supplanting the old. In the contrived misery of the Communist prison camps, unnecessary death was a ritual.

Men died when a little more food, a little medicine, a bit of warm clothing, a clean bandage might have saved them. A quick bullet in the back of the head would have been a more honorable way to kill them.

The irony of their terrible predicament was never more bitter than the day when a soldier helping others to bury a dead comrade, fell to his knees beneath the burden. He never rose again, but died there, on the way to another's grave.

Here and there a sympathetic Korean peasant may have dragged off one of the fallen, buried him and begun tending his grave. For all the rest, there are no crosses, no mounds of earth, no clear mark to show where they lie.

We can raise a monument to them only in our minds and hearts. Once we have done it, we never must forget to look in upon it while we gaze each year at the visible symbols of soldierly sacrifice.

This is the time of year when we all regret that we have but one vacation to spend in our country.

In one state there's no limit to the number of hours a woman may work—state of matrimony.

This Year—A Special Prayer

The Washington Merry-Go-Round

By Drew Pearson (Copyright, 1953, By The Bell Syndicate, Inc.)

Drew Pearson says: Many trans-Atlantic messages preceded Bermuda conference plan; French urged meeting with Malenkov before Churchill did; Secretary Wilson sore at leaky Air Force.

WASHINGTON — The inside story of how President Eisenhower happened to call the Big Three Bermuda conference indicates that if he hadn't called it both the French and British were ready to sit down in a conference of their own with Malenkov.

Seeds for the conference originally were planted in Paris during the recent NATO conference, although the seeds were planted in reverse and not by the United States. They came about as a result of the cool, but polite, brush-off given the British by Secretary of State Dulles.

The French also became alarmed over the aloofness of Eisenhower's three top Cabinet members on the subject of foreign aid. Despite all the talk about continuing European defense, they knew that Europe couldn't get better defense for less dollars.

The French also became alarmed over the aloofness of Eisenhower's three top Cabinet members on the subject of foreign aid. Despite all the talk about continuing European defense, they knew that Europe couldn't get better defense for less dollars.

As a result, the French Cabinet held a meeting on the weekend of May 9 and decided France should take the lead in calling a Big Four conference with Malenkov, Churchill, Eisenhower and Mayer participating.

Premier Mayer immediately advised Churchill of this decision, also sent word to Eisenhower. This, incidentally, was prior to Churchill's speech proposing a Big Four conference.

Meanwhile, Eisenhower had been in touch with both Churchill and Premier Mayer. He had telephoned Churchill prior to his speech before the American Society of Newspaper Editors, also had advised Mayer of the general nature of his speech.

All in all, Eisenhower had two telephone conversations with Churchill and exchanged half a dozen letters, in which he consistently opposed a Big Four conference.

Finally, on May 20, Eisenhower became indignant over the rumors Atlantic furor lashed up by the McCarthy-Atlee statements and decided something must be done to save Anglo-French-American friendship so rapidly going down the drain.

That day he discussed the problem at a National Security Council, then went out for a round of golf. After golf he had dinner with Bob Cutler, the Boston banker now on Ike's staff; C. D. Jackson, ex-Fortune publisher who is White House adviser on psychological warfare; and "Beetle" Smith, undersecretary of State who served as Ike's chief of staff during the war.

At dinner, plans were discussed for a Big Three conference to pre-

pare for or perhaps veto a subsequent Big Four conference—Malenkov to be the fourth conferee.

But, replied Mrs. Chapman, "the White House has every right to say whose picture should be taken with Mrs. Eisenhower and I am very embarrassed over all this publicity."

Besides the White House already has given us wonderful cooperation, with every member of the White House staff asked to contribute clothing. Please don't worry about it.

However, Hagerty did worry. He took the rap for the White House boner of boycotting Mrs. Chapman, although he personally wasn't to blame. In the end the two women posed together for the photographers and enjoyed it. They are both Denver girls. . . . And the Koreans got more clothing as a result of the publicity.

Grads In Area To Hear Smith

Thirteen area students, including four from Midland, will graduate from Hardin-Simmons University when commencement exercises are held Monday in Behrens Chapel, on the H-SU campus.

The baccalaureate services will be held Sunday in Behrens Chapel. Brig. Gen. Robert J. Smith, president of Pioneer Air Lines and former vice president of the National Security Resources Board, will give the commencement address Monday evening.

Dr. Robert N. Richardson, retiring president of H-SU, will confer the 220 degrees.

Midlanders receiving degrees will be George Truett Rogers, Roby Bert Scribner and Pauline Williams, Bachelor of Arts; and Regina Dennis, Bachelor of Business Administration.

Other area graduates are O. J. Courtney, Jr., Big Lake, BS; Gaynell Holcomb, BA; Patsy John Edwards, BS; Zelda Ann Kelley, BA; and Daphyl Janice King, BS, all of Lamesa.

James Franklin Fowler, McCamey, BS; Francis Pat Tone, Monahans, BS; Joyce Marie Harrison, BS, and Fred Robert Rex, BS, Odessa. Bettylou Daniel, Pecos, BS; and Weldon Garfield Bogus, Wickett, BS.

The officer who compiled the answer to Congressman Yorty was Maj. Robert Ginsburgh. However, it contained only unclassified, non-secret information which the Air Force is required to furnish any congressman upon request. Further, the same facts had been supplied to Secretary Wilson.

The statement was dropped at Yorty's office by Col. Robert Kelly while the congressman was in the "official" position of the Air Force. Only Air Force officers who may be in trouble over the incident is Maj. Ed Hyland, who told reporters that the statement was the Air Force's "official" position.

Actually, the statement had not been cleared with top Air Force officers, although they undoubtedly will uphold the facts when called upon to testify.

Merry-Go-Round Most surprised man in Washington was Presidential Press Secretary Jim Hagerty when he telephoned Mrs. Oscar Chapman, Democratic head of the Korean clothing drive, who apologized because the White House had allowed her out of a picture with Mrs. Eisenhower

JACOBY ON BRIDGE

By OSWALD JACOBY, Writer for NEA Service

Terence Reese, one of England's great bridge players, played today's hand in an English Team Match. The opponents beat him by fine defense, whereupon Reese (like the great player and fine sportsman that he is) searched for his own mistake instead of complaining about bad luck.

As the play actually went, West opened the singleton heart, East played the queen, and Reese won with the ace. Reese decided that East probably held the ace of clubs. Without giving much thought to the hand, therefore Reese ran off his

Bridge hand diagram showing North, South, West, and East cards and suits.

five diamond tricks, discarding a low club from his hand, and then proceeded with three rounds of spades on the theory that the defenders would have to give him his ninth trick with a spade, a heart, or the king of clubs.

As it happened, however, West was clever enough to drop the queen of spades, thus allowing East to win the third spade trick with the pack.

East promptly cashed the queen of hearts and led the nine of clubs, whereupon the game was irretrievably lost.

South could have made his contract by a different line of play. Reese blamed himself for not seeing it, but few experts would criticize themselves for missing so delicate a play.

At the second trick, after winning the first trick with the ace of hearts, South should lead a low spade towards dummy. If West plays the queen of spades, he is permitted to hold the trick!

If West plays a low spade, dummy plays the king, and South returns to his hand with the ace of diamonds in order to lead another low spade towards the dummy. Once again, West must be allowed to hold the trick if he is clever enough to stop up the queen. If West plays a low spade, dummy wins with the ace of spades and returns the suit.

This series of plays enables South to develop a third spade trick, while making sure that the only spade loser goes to West. Now South is safe from a club lead, and can make his contract with three spades, a heart, and five diamonds.

Q—With North-South vulnerable, the bidding has been: West North East South 3 Dmds. Double Pass ? You, South, hold: Spades 9-8-3, Hearts 8-4, Diamonds 8-7-2, Clubs K-J-10-8-2. What do you do?

A—Bid four clubs. You are not happy about going to the level of four with so weak a hand, but you must respond to your partner's take-out double. The chance for game is very slight, but the strength of your club suit should make this contract of four clubs a reasonably safe one.

WASHINGTON COLUMN

Public Lands Policy Of U. S. Is Compared To Soviet Principle

By PETER EDSON, NEA Washington Correspondent

WASHINGTON—The case for stopping the federal acquisition of public landholdings and for turning a maximum amount of the present public domain back to the state governments and private ownership perhaps has been promoted most actively by Laurence F. Lee, last year's president of the U. S. Chamber of Commerce.

During a meeting of the National Lumber Manufacturers' Association in Washington last year, Lee openly accused Richard E. McCord, chief of the U. S. Forest Service, of heading a monopolistic government bureau program which brooked restraint from no one.

Lee, a Yale lawyer, makes his home in Jacksonville, and heads insurance companies in Florida and North Carolina. But he was born in New Mexico and has extensive interests in stock-raising enterprises which graze cattle and sheep on public lands and therefore are subject to restraints of the Taylor Grazing Act and other U. S. conservation laws.

Lee's opposition to these laws and U. S. government land-management policy over the last 20 years goes beyond his personal interest, however. He declares that freedom of land ownership is a fundamental of American liberty. Property rights, he says, are human rights. Tyranny has its roots in land controlled by politicians.

As the classic example of this, Lee points to the Communist Russia, where the Soviet Union is the world's largest landlord. The United States, he says, is becoming the second largest landlord, with 24 per cent of its area under federal control, and government land ownership increased from 33 per cent to 54 per cent in the 11 Western states during the last 20 years.

Forty different federal agencies are involved in the management of these lands, Lee charged in his speech to the Lumbermen's Association. Sixteen of these agencies control some timber lands, and there is no uniformity in their administration, he said.

Lee spelled out his ideas further in a recent article for American Forests Magazine. "Do the American people know that the federal government does not pay taxes to the states in which its holdings are located?" he asked. Answering his own question he admitted that, "in some instances the government pays the states a portion of the gross receipts in lieu of taxes. But payments are made only when revenues are derived. When no timber is sold or no minerals mined, no payments are made."

"With rare exceptions, the states and local governments receive less in the long run under any system of federal ownership than they would receive if the lands were privately held and operated by tax-paying owners."

Out of this criticism, Lee drew up a program of reform which today is the policy of the U. S. Chamber of Commerce, endorsed by the National Association of Manufacturers.

It involves these main points: 1. Register all public lands to end present confusion on the extent of federal ownership. 2. Ask Congress to set up federal-state-private ownership commission to establish criteria of ownership. 3. Ask Congress to determine what lands should be offered for private

ownership so as to put these lands on the tax rolls. 4. During this period of examination, end all federal land acquisitions.

GOP Platform The Republican Party platform of 1952 called for a re-examination of federal land policies along the lines Lee outlined. It further called for legislation to define the rights of grazers and other federal land users, to prevent their exploitation by bureaucratic favoritism.

Two principal proposals along this line have been presented to Congress this year. The first was an amendment to the Tidelands bill, offered by Senator George W. Malone (R-Nev.). It called for transferring to the states all mineral rights and control of all grazing rights on federal public lands within their borders. This amendment was defeated in the Senate without a record vote.

The second proposal is from Rep. Wesley A. D'Erwart (R-Mont.). It calls for revision of the public land laws "to stabilize the livestock industry dependent upon the federal range."

The D'Erwart bill would accomplish this end by giving present holders of grazing privileges first preference for the continued use of their grazing allotments. It also would give them the right to transfer these privileges to others.

While thus giving private citizens practical title to grazing rights, the D'Erwart bill also would guarantee federal land users all water rights for mining, agriculture or manufacture. In effect, it would end government control over these resources.

ROTARY SCHOLARSHIP WINNERS—Roddy Leo Braun and Helen Joy Heidelberg, Midland High School graduates, receive congratulations from Rotary Club and school officials upon their selection as winners of Rotary Scholarships. Pictured, left to right, are: Don Mitchell, high school principal; Richard Brooks, Rotary president; Miss Heidelberg, Braun, George T. Abell, scholarship committee chairman, and school Supt. Frank Monroe.

Graduates Receive Club Scholarships

Helen Joy Heidelberg and Roddy Leo Braun, Midland High School graduates, are the winners of \$500 Midland Rotary Club College Scholarships, offered this year for the first time. Announcement of the award winners was made at the Thursday noon meeting of the Rotary Club and at the high school's commencement exercises Thursday night. Braun and Miss Heidelberg were selected from a large group of scholarship applicants by the Rotary Club's scholarship committee, headed by George T. Abell, Richard Brooks is president of the club. Miss Heidelberg, daughter of Mr. and Mrs. Joe Heidelberg, will attend Wayland College, Plainview, where she will major in religious education. Braun, a former president of the National Honor Society in MHS, will enroll in Concordia College at Austin next fall as a ministerial student. He resides with his guardian, L. E. Morrow, 503 East Estes Street, here.

Two Teenagers Die As Traffic Accident Halts Fishing Trip

GILMER —(AP)—Two Gilmer High School girls were killed and four companions were injured Thursday when their car crashed into a pine tree on a fishing trip begun minutes after school let out for the summer. Barbara Dooling, 16, and Clara Dillard, 15, both freshmen of the Indian Rock Community near here, were killed. Hospitalized were Bonnie McClelland, 16; Jay Schenault, 20, of Longview, driver of the car; Billy Cannon, 18, and his brother, Bobby 16, both of Gladewater. The McClelland girl was quoted as saying the trip started on the boys' suggestion after school was out and the girls were standing around the campus. The car swerved from a dirt road, ran through a fence and struck the tree Charles Hagler, who lives near the accident scene, said bodies "just rained out of the air." He said all occupants were thrown from the car.

Texas-Born Woman Dies In Oklahoma Of Accidental Burns

HUGO, OKLA. —(AP)—Mrs. A. O. Davis, 44, a graduate of Texas State College for Women, died Thursday night of burns received in a kitchen accident. Her clothing caught fire and inflicted third degree burns over 90 per cent of her body. Flames were put out by Undersheriff Bill Guthrie, who wrapped her in a bedspread when she ran screaming into her yard. Mrs. Davis, a native of Palestine, was the wife of a Hugo merchant. Survivors include the husband and a teen-age son, David; the mother, Mrs. W. F. Morris of San Angelo; three sisters and two brothers. Services are pending.

Perman Engineers Talk Atomic Power

Ikemen Cut Down Democrats' Changes In U. S. Tax Bureau

WASHINGTON —(AP)—The new Republican Administration has abolished 11 of the 17 district commissioner offices set up last year by the outgoing Democratic Administration when it reorganized the Bureau of Internal Revenue. Three new district commissioner offices have been established, dividing the nation and its territories, for tax purposes, into a new total of nine districts.

New Brazil Tree Plantings May Trim Coffee Price Tag

NEW YORK —(AP)—A tree-planting spurt in Brazil may bring good news to American coffee drinkers. New trees will start bearing in a year or so and coffee production may catch up again with growing world demand. If so, there might be welcome easing in the price pressure that sent the wholesale price of the green coffee bean from about 13 cents in 1945 to around 55 cents today.

AIR TRAVELERS RIDE BACKWARD

WASHINGTON —(AP)—The nation's first commercial passenger service with rearward-facing seats was inaugurated Friday by North American Airlines.

The company, a non-scheduled airline, said a DC-4 Douglas Sky-master 79-passenger air coach was due to stop at Kansas City and Chicago and arrive in New York at 2:30 p.m. after a morning takeoff from Los Angeles. The company said the backs of the specially designed seats will support the head and body to minimize effects of any accident. Other four engine planes of the line will be converted to the new seating arrangement, it said.

Cops, Robbers Stage Wild Running Gunfight In Bronx

NEW YORK —(AP)—A screaming, bullet-slinging column of police vehicles raced zig-zag through three miles of Bronx streets Thursday to capture a quartet of bandits. One of them was killed with a bullet through the head as nine police cars and a motorcycle cop chased down the bandits' careening get-away car. The bandits returned a fusillade themselves during the chase, some of the bullets crashing through the windshield of a police car. Police gave this account: The roaring pursuit began after the bandits held up Solomon Sager, 53, owner of a Bronx diner, as he was driving back from a bank with money to cash patrons' paychecks. They took \$5,000. Sager hailed a passing police cruiser, which sped after the flee-

She was taken to a hospital, where attendants said she will recover. And she isn't mad at the rattler. "The snake didn't mean to bite me," she said. "He was just frightened because his swollen throat made it hard for him to breathe."

Shift Of Control In Eastern Germany Seen As Increased Power For Molotov

MOSCOW —(AP)—Western diplomats in Moscow said Friday they regarded replacement of military control by a civilian Soviet High Commissioner in East Germany as considerably strengthening the power of Foreign Minister V. M. Molotov. Western observers here think it quite possible that Chulikov will be recalled even from that post and given a new assignment in the Soviet Union. May Reopen Talks The diplomats speculated that a reason for the shift might be a possibility that the Soviet Union may propose talks on the reunification of Germany among the civilian High Commissioners of Britain, France, the U. Daddy Ringtail

Daddy Ringtail And The Suspicious Character

"That fellow," said Daddy Ringtail, your monkey friend, "is a suspicious character."

"Now, now," said Mother Ringtail. "He may not be."

Together they looked from the porch of the monkey house. They looked down at the ground in the moonlight. They were looking at a dog who came walking up the Elephant Path. The dog was walking on his two back feet. He had his hands in his pockets. Was he up to mischief?

"I never saw him before," Daddy Ringtail whispered, "and if he isn't a suspicious character, why is he walking on his two back feet?"

Before Mother Ringtail could answer anything, the dog had stopped down there in the moonlight. He

pointed his nose up at the sky. He barked a few short barks.

"That fellow is going to wake up Mugwump," Daddy Ringtail said in a voice that wasn't too quiet.

The dog began to walk around again on the ground. He seemed to be looking for something. But he

never, never — not once — look his hands out of his pockets. He seemed to be a very suspicious character all right.

Mother Ringtail waited while Daddy Ringtail slid down to the ground. Daddy Ringtail was going

By WESLEY DAVIS

to talk to the dog, and ask him questions, and make an end to the mystery.

Daddy Ringtail was smiling when he climbed back at last to the porch. The dog had told him everything, and the dog was not a suspicious character at all.

He had said that his name was Moonbeam, and no dog whose name is Moonbeam could ever be a suspicious character. Moonbeam explained that he had to walk on his two back feet as long as his hands were in his pockets. He had to keep his hands in his pockets to hold his bluejeans up—until he found another string to do the holding for him.

Daddy Ringtail had given Moonbeam a string, and so now everything was all right. Everything usually turns out all right, you know, if we don't worry too much about it.

More about Moonbeam Sunday. Happy day!

Midland's Living Conditions Tops In Nationwide Survey

NEW YORK — Noteworthy advances have been made in Midland in the last decade in the mode of living of the average local resident. Comfort of home that were either non-existent then, or possible only to the wealthy, now are commonplace. These changes are brought to attention by the recent Census of Housing conducted throughout the nation by the U. S. Department of Commerce. The results now are being released.

Mechanical refrigeration, a modern-day comfort now is found in 83 per cent of the homes in Midland. It is more common locally than in most parts of the United States, where only 80 per cent of the homes are so equipped. In Texas the percentage is 74.

Central heating, another boon to a comfortable existence, is in 21 per cent of Midland's dwellings, as compared with only 11 per cent throughout the state generally.

Better Living Progress

A slight indication of the progress toward better living, achieved in the decade, is to be seen in the fact that in 1940, in taking the Census of Housing, it was considered not worthwhile to count the number of homes with hot running water.

Today the story is quite different. In Midland approximately 75 per cent of the dwellings have hot and cold running water as well as private toilets and bath. This is a better showing than is made by the rest of the nation, where only 64 per cent were found with such conveniences. The Texas figure is 53 per cent.

Another sign of the times is the fulfillment by more and more people of the urge to own their own homes. This goal has been reached by many in Midland. The census shows that some 54 per cent of the local dwellings are owner-occupied.

This is a greater proportion than was reported generally among the urban areas of the United States—51 per cent.

Shivering Pup Shows Less Gratitude Than Benefactor

WILMINGTON, CALIF.—(AP)—Four months ago, 11-year-old David Leon Neill found a shivering, forlorn stray pup. He took it home, fed and cared for it, and named it Lightning.

Last Wednesday, the boy's parents told him the dog was growing too big and he would have to get rid of it. A few hours later David, his bicycle and the dog were missing. Police hunted in vain.

That night David telephoned his mother. "I just can't give Lightning away," he said, and hung up.

Thursday, police found the boy and his bike in an alley, where he'd spent the night. But Lightning was missing.

The dog he left home for, David said tearfully, ran away in the night.

Legislature Puts 11 Proposed Changes In Constitution Up To Vote Of People

By MARTHA COLE

AUSTIN —(AP)—The Legislature left 11 proposed constitutional amendments for a vote of the people.

The election will be held on the same date of the General Election in November, 1954.

This is the biggest package of proposed changes the Legislature has fixed up in recent years. It will make 213 suggested changes offered to the people since Texas adopted its present Constitution in 1876. Only 110 of these have been adopted.

The changes the Legislature approved this year would:

1. Require women to serve on juries in Texas. The people turned it down several years ago. Rep. DeWitt Hale, Corpus Christi, got it through the Legislature again this year.
2. Raise the present \$35,000,000-

a-year ceiling on state public welfare to 42 million dollars for the needy aged, needy blind and dependent children. Senator Doyle Willis, Fort Worth, sponsored it. The people turned down the same proposal in 1951.

Legislative Pay Raise

3. Raise the pay of legislators to \$25 a day for the first 120 days of a session and drop them to nothing for any days thereafter of a session. They now get \$10 a day for the first 120 days and \$5 thereafter. The proposed change also would make the salaries now set in the Constitution for state officers the minimum salaries and let the Legislature raise them when they wanted to. The governor now gets \$12,000 a year, the attorney general \$10,000 and the rest \$6,000.

4. Allow military personnel from Texas to vote. It requires them to reside in the county where they reside before entering military service.

5. Permit use of the unused part of the Confederate Pension Fund to erect two new state office and court buildings in Austin, a memorial to Texas' Confederate soldiers and grave markers for the soldiers who fought in the Texas War for Independence. Its sponsor, Senator George Moffett, estimated six million dollars would be available.

Four-Year Term

6. Allow four-year terms for precinct, county and district elective officers. They now have two-year terms. Senator Jop Fuller of Port Arthur sponsored it.

7. Prohibit pledging the state's credit to support toll roads, by

Senator Dorsey Hardeman of San Angelo.

8. Allow a joint city-county hospital, to be supported by a tax up to 75 cents per \$100 evaluation, after approved in a county election. It applies only to Harris, Dallas, Bexar, Tarrant, Galveston, El Paso and Jefferson Counties.

9. Allow counties of 10,000 or less vote on whether they want a separate tax assessor-collector. The sheriff does the job now in such small counties.

10. Allow certain city employees to qualify for social security benefits.

11. Allow state employees and teachers to get credit for prior service when they switch from one retirement system to the other. By Senator A. M. Aikin, Jr., of Paris. In all, 61 amendments were introduced.

Officials To Start New Mexico Ballot Recount On Monday

ALBUQUERQUE, N. M.—(AP)—Officials launched preparations Friday for a recount, due to start Monday, in New Mexico's contested U. S. Senate election.

The way was cleared late Thursday for the recount brought on by charges from Republican Patrick J. Hurley that last Fall's election of his opponent, Senator Chavez (D-NM), was marred by irregularities.

The two remaining major hurdles holding up proceedings were removed when the Senate Elections subcommittee headed by Senator Barrett (R-Wyo.), rejected two requests from Chavez.

The veteran New Mexico senator, who has held the seat since 1938, had asked that the contest be dismissed and that a bill of particulars be prepared detailing the voting irregularities his opponent alleged.

The subcommittee said it had decided there was enough evidence to order an investigation and report on its own findings, "not upon Hurley's petition."

As for Chavez' other request, the subcommittee said, in effect, that this was not a court procedure, and Chavez "has erroneously assumed that he is required to defend against the allegations."

Hurley declined comment. Everett Grantham, Shaves attorney, said, "We will abide by the rules, of course."

Radio Idea Wins Raise For Worker

WASHINGTON—(AP)—William B. Peterson's government paycheck is \$200 a year fatter because he figured out a way to mark radio channels over which civil defense information would be beamed in an emergency.

His suggestion: Print up a batch of stickers to label the channels, 600 and 1240, on AM radio dials.

The Federal Civil Defense Administration, for which Peterson works in Denver, announced Friday it is doing just that—two million stickers to be distributed to the public.

Peterson is the first winner in the agency's employe-suggestion program.

Spring Tests End For 'Atomic Annie'

LAS VEGAS, NEV.—(AP)—There may be another nuclear test next month at the Nevada Proving Ground, but it won't involve "Atomic Annie," the Army's history-making 280-mm cannon.

If there is another test, the Atomic Energy Commission said Thursday, it will probably be an air drop.

"Annie" fired her first atomic artillery shell in an epochal shot last Monday. The event was supposed to conclude the Spring test series.

But afterward the AEC said it is considering one more test before quitting here for the season.

One of the two huge rifles brought here for the artillery test has been brought to Nellis Air Force Base here for dismantling and shipment to Fort Sill, Okla. The other remains at the Frenchman Flat test site for further firing with conventional ammunition. The Army didn't say which of the guns is "Annie" herself.

THE MOMENT OF ACHIEVEMENT

- Four minutes to four by the Chapel clock. Four years of effort now crowned with success. This is the moment of achievement.
- Three minutes to four. The illusion begins to fade. Here, outside the ivy-covered walls the future looms more important than the past.
- Two minutes to four. A sense of fear. Can a diploma guarantee happiness through all the years to come?
- One minute to four. Futility! Education can't insure happiness. Life is a succession of uncertainties.
- Four solemn strokes of the Chapel clock. The Chapel clock! There is life's one Certainty... God! And with divine Love rewarding human faith, who need fear the uncertainties of life or doubt to find happiness under God.

Years of education are no substitute for minutes of spiritual searching. Diplomas are important, but the discovery of Faith is the real moment of achievement.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For the sake of his community and nation (2) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

UAW Carries Wage-Benefit Drive To 'Independents'

DETROIT — A new, higher wage agreement reached with the first of the "independent" automakers and with one supplier firm, the CIO United Auto Workers concentrated Friday on altering their still unexpired contract with Briggs Manufacturing Company.

Nobody Wins At 'Chicken'

RIVERSIDE, CALIF. — A "chicken" game, as teenagers call it, is played as follows:
Two cars speed at one another. The driver who swerves first to avoid a collision is "chicken" — faint hearted.
What happens when a contest pits two youths determined not to yield was reported by police Thursday.
The cars sped toward each other at 50 miles an hour on an open highway. One contained six passengers besides the driver. The other held a lone youth. All were high school students.
The machines met head-on with terrific impact. Six, including the two drivers, are hospitalized Friday with critical injuries. The other two were treated for minor injuries and released.

Peg Legs Are Made For Rice-Paddy Jobs

TOKYO — The American-Korean foundation has developed a new type of artificial leg which will permit a war-maimed Korean soldier to work in the rice fields.
Dr. Howard A. Rusk, head of the private organization's six-member mission, said the peg leg type had been equipped with a metal rocker at the bottom which will enable a worker to lift his foot from the mud more readily.

Ike To Lay Wreath On Soldier's Tomb

WASHINGTON — President Eisenhower will attend the Memorial Day exercises in Arlington National Cemetery Saturday.

Sole Survivor Of Union Army Wears Blue For Memorial Day

DULUTH, MINN. — Albert Henry Woolson has his blue serge suit with brass buttons cleaned and pressed and the "GAR" on his uniform cap sparkles.
Saturday is the old soldier's eighty-fourth Memorial Day and the 106-year-old Civil War veteran will be the center of Duluth's observance of the day.
A busy schedule has been set for Woolson, who Saturday—for the first time—will note Memorial Day without a single comrade in the Grand Army of the Republic (GAR). The organization once counted 408,489 members.
Named Vice Commander in Chief of the GAR at its last session, Woolson is the only survivor of the 2,675,000-man Union Army in the Civil War. James A. Hard, Rochester, N. Y., the only other Northern veteran, died March 12.
Memorial Day was first officially observed in 1869 on the order of Gen. John A. Logan, GAR commander.
Woolson's self-designed GAR uniform came back from the cleaners Thursday.
He will put it on and at 9 a.m. Saturday will lay a wreath on the soldiers' and sailors' monument in front of the Duluth Courthouse. A half hour later, he will get into a convertible and assume his post as honorary grand marshal of a parade down Duluth's main thoroughfare, Superior Street.
Then, in a ceremony at the Duluth Armory, he will receive a plaque from the Duluth Lions Club and citations from the national American Legion and Veterans of Foreign Wars. The names of Duluth's war dead will be read and taps will sound.
Woolson will then ride to a Duluth cemetery for a tribute to the dead.
A native of Watertown, N. Y., Woolson was a drummer boy in the Civil War, enlisting when he was 17 in the first Minnesota Artillery Regiment. He spent less than a year in the Union blue, serving the entire time on garrison duty in Chattanooga, Tenn.
A daughter and son-in-law live here with him, but old Albert is able to care for himself almost entirely—and in the Wintertime even shovels away a few scoops of snow.
Woolson says he is through "saying something important" on Memorial Days. He told a reporter he's just "very, very proud to be able to pay homage" to the American dead of five wars in his lifetime—the Civil War, Spanish American War, two World Wars and the Korean War.

FUND REACHES \$102,106

DALLAS —(AP)—Texans have contributed \$102,106 to the Dallas News relief fund for tornado-damaged Waco and San Angelo.

THEY WEEP NO MORE—Part of the estimated 30,000 Vietnamese refugees, who fled across the border when the Communists invaded Laos, stage a "weeping" strike in Nong Khai, Thailand, to back up their demands for refuge in a "suitable" place. Hearing they would be sent to Phetchabun, a city they didn't like, the refugees wept en masse until the Thai government decided to send them to a city in the south.

THE BIG SHOW Seconds Stretch Aboard Spinning, Twisting Bull

By WILLARD H. PORTER
About 20 years ago somebody thought it would be a rodeo stimulant if Brahmins, the sacred cattle of India, were used in the bull riding event. Huge, colorful, and exotic, they turned out to be a natural for rodeo. They were fierce and truculent, giving the paying spectator a real thrill.
Today Brahmin bull riding, a "must" on every progressive rodeo's program, is an event that would prostrate the Indian breeders of the world's oldest cattle. Far from being idolized, the rodeo Brahmin bull is the following recipient of threats, curses, and clods of dirt, all hurled with deadly earnestness by cowboys who make a living trying to stay on its mammoth hide for eight seconds.
Yes, only eight tiny seconds. But when a cowboy's about to leave the back of a "spinner," a twisting bull that turns in tight circles, those seconds stretch themselves out. Of all the different types of buckers, the spinning bull is the most dangerous and most feared. After a rider hits the dirt, a spinning bull often whips into him, hooking with its heavy horns. Other bulls buck straight away, twist in different directions, or lunge high in the air. But for their size—some weigh up to a ton—they are amazingly coordinated and graceful, and some can clear six-foot fences in a single, swooping bound.
In rodeo it's the bad bull that's the good one. Rodeo producers and stock contractors are always on the lookout for odd, off-colored, spectacular Brahmins to add gusto to their rodeo string.
However, it's possible to make these humped creatures too tough. Once a truly bad one turns into a killer, that bull is on the "no-man's-land" in the chute, these deceptively gentle-eyed, floppy-eared animals stand quietly—but when the gate flies open they throw a "whinging."
One of the best bucking bulls in the business—a spinner—was owned by Otho Kinsley, a rodeo stock contractor from Amado, Ariz. Speck, so named because of its molting coloring, bucked off some of the top boys. The bull was finally conquered by Dick Griffith of Scottsdale, Ariz., in 1946, in a ride which produced a bet of \$1,000 on each side.
Kinsley maintains these strange animals have two natures. Passive and quiet out on pasture, they can become raging monsters when confined. Silver City, N. M., will always remember one chaotic rodeo when Kinsley's bulls broke out of the catch pens, smashed the grandstands, and stampeded hundreds of hysterical spectators. These were the same bulls Kinsley could approach on foot while they grazed at his ranch a few days before.

Senate Panel Stamps 'Okay' On New Defense Chiefs Team

WASHINGTON —(AP)— President Eisenhower's new team of defense chiefs appeared certain Friday of speedy Senate confirmation, but rumbles continued in Congress about cutbacks in Air Force funds and goals.
A unanimous vote of approval by the Senate Armed Services Committee, after relatively brief hearings, Thursday sent the nominations to the Senate for indicated early confirmation, probably next Tuesday.
Adm. Arthur W. Radford, the first non-Army man selected as chairman of the Joint Chiefs of Staff, was hurrying back to the Pacific to wind up his duties as Navy commander in that theater.
"I was due in Formosa Monday but I probably can't reach there until Tuesday," he said, adding that he visited Formosa every six months just to check affairs. The island is headquarters for Chiang Kai-shek's Nationalist China forces, Heads For Europe.
Gen. Matthew B. Ridgway, who will take over as Army Chief of Staff, headed back for Europe even before the committee vote. As Supreme Allied Commander in Europe, Ridgway had appointments there and in Iceland before assuming his new post here.
Adm. Robert B. Carney, named as Chief of Naval Operations, and Gen. Nathan F. Twining, who will be Air Force Chief of Staff also shared the unanimous committee approval.
President Eisenhower told his news conference Thursday he can give personal assurance that proposed Air Force budget cuts will not

Argument Over Pay For Handyman Ends In Murder, Suicide

TAMPA, FLA. —(AP)— An argument between two old friends over paying a handyman has ended. Both are dead.
Detective Pete Franks reported that Louis Oblinger, 72-year-old Tampa real estate man, and Raymond Bletzacker, 33, a boarding house operator, had not been known to have had any serious quarrel in 20 years.
But they argued often over which one should pay John Sampson, Bletzacker's handyman, for driving Oblinger on short trips. Franks said he was confident this difference led to gunfire which took both of their lives Thursday.
Bigdon Lyles, the only witness, said Oblinger asked if Sampson could drive him to town but Bletzacker replied Sampson would have to finish some painting first.
Oblinger, who lived in the boarding house, went upstairs, came down in a few minutes and the detective quoted Lyles, shot Bletzacker to death with a pistol and then killed himself.

BEOPER'S A HONKER—Two-year-old Patricia Kittle of Hutchinson, Kan., has a custom-made "honker" to clear the road when she goes for a ride on her tricycle. Pat wanted a puppy, but the city requires all dogs to be penned up. She settled for "Beoper" and now she has a "honker."

CDA Chief Warns Of Atomic Dangers

DALLAS —(AP)— Civil Defense Administrator Val Peterson told Texas defense leaders Thursday Russia is capable of firing atomic missiles from the Gulf as far inland as Dallas.
Addressing 120 state, regional and local defense leaders, Peterson said Russia could attack every center in America with atomic and biological weapons.
"I think that if they attack the United States they will rain atomic missiles into the states from submarines off the coasts," Peterson said. "They are capable of pumping those missiles farther than 250 miles inland from a distance of 25 to 30 miles out."

Death Overtakes El Paso Surgeon

EL PASO —(AP)— Dr. Ernest Armistead, whose heart at one point stopped beating during an operation April 30, died Thursday. The El Paso surgeon had been in a coma since the operation.
He was undergoing a spinal disc surgery when his heart stopped beating. The operating surgeon made an incision and massaged the heart back to action.

India's Nehru Sees Hope For Anglo-Egyptian Accord

CAIRO, EGYPT —(AP)— India's Prime Minister Nehru, after a 90-minute conference with Egyptian Premier Maj. Gen. Mohammed Naguib, said Friday there was a "way of settlement" for the bitter Anglo-Egyptian dispute over military control of the Suez Canal.
Nehru, who stopped off briefly in Cairo enroute by air to the coronation of Queen Elizabeth II in London, did not specify what it was.
Naguib told reporters it would be "natural" for Nehru to support Egypt in the case.
Nehru said he believed in the possibility of a solution despite the recent breakoff of talks between Britain and Egypt on the issue.

Crane Feels Water Pinch

CRANE—The water shortage in Crane has become critical and handbills have been distributed to warn the townspeople to conserve every drop possible in order to safeguard against fire hazards and to have sufficient supply for domestic use.
A warning not to wash cars until after June 15 has been issued and it is hoped that by then three new wells will be tied in.
Lawns and shrubs must not be watered at any time, except Friday from 6 a.m. to 10 p.m. The one day watering will keep the lawns and shrubs alive, according to the county agent.
Water Superintendent J. K. Price said, "Our surplus was used in five days last week, when 400,000 gallons were used each day. We have the water and storage but the delay in the piping has brought the drastic shortage. Every effort is being made to get the water piped to town as soon as possible."

Examiner Resigns

DALLAS —(AP)—Thirty-five years' federal service ended Thursday for Thomas D. Saatoff, who resigned as chief of examinations and placement at the Regional Civil Service Commission office here.

SPORTS PARLEY

By CHARLEY ESKEW

The adoption of a standard ball by all professional leagues this year has served a fine purpose of making other parts of the country forget how the Longhorn and West Texas-New Mexico circuits "use a rabbit ball in a rarefied atmosphere." Everybody's getting in on the act.

Whether its coincidence, a good year in batting all around or really that baseballs are souped now, the fact remains that others are stealing the thunder of West Texas' two Class C loops.

The majors, for instance, recently started the fad of tape-measuring long homers down to the last foot. You remember the plus-500 foot jab by Mickey Mantle, one almost as far by Joe Adcock.

Then again, in the Florida-International League, one of the managers, Pepper Martin, was told how a home run by one of his players was lodged outside the park even the day after the terrific wallop. So Martin, copycat of the majors, also produced a measure.

The distance perhaps is forgotten now; the point isn't thought.

That is it's time to remind others—take it in humor if you will—how the Longhorn League is back in business at its old stand. And if you care to mention it, the loop's doing things bigger and better this year. There just doesn't happen to be any tape measure out here that runs long enough to cope with a Joe Bauman shot, or one by Ike Jackson.

Briner's Double Mark In Danger

No joking, though, the Longhorn did lose a point for publicity, no matter how crazy, when everyone started bragging about his slugging. However, we're just lost in the noise. A quick check of statistics proves the Longhorn is not only equal but even stronger in batting this year in comparison to a spectacular 1952 season. In 1952, at that, we had no slackers.

Bauman, remember, wound up with 50 home runs, tops for organized baseball. Rudy Briner set a new league record of 37 doubles, etc. But did you know that Bauman now is only two homers off his record-setting pace despite an anemic batting average this season, that Joe Riney of Big Spring is keeping alongside in the same department and that Les Mulcahy of Artesia could top Briner's mark by about 20 two-baggers at his early season gauge—a double every other game?

Loop Teams Show Good Balance

Naturally all of this year's slugging means one thing, higher scoring ball games, through the first month of play this time out, about three are averaging seven or more runs per game. Last year only Odessa could say the same. And the Oilers went on to score 1045 times over the season.

That's how the individuals stand, way ahead, still, in team batting where the most noticeable progress is being made. The first seven teams, for instance, are hitting at a higher rate than last year's first seven at this time. Where one club, Sweetwater, was batting more than 300 (at .306), there are three doing it now.

You found that Odessa outscored even the second place teams by two runs, on the average, while the first seven teams in scoring this year have only a 1.5 run difference per game. First and seventh, at that, happen to be Carlsbad, the nominal leader, and San Angelo, its nearest competitor.

He based the statement on a belief that the officials of the two conferences, and particularly the various college presidents, now "are very much alike in their thinking." Asked why the renewal was only for three years, and not for a much longer period if the two conferences envisioned "permanent Rose Bowl marriage," the official replied:

SPORTS ROUNDUP—Meyer Sure He Should Win

NEW YORK — Russ Meyer, the Brooklyn Dodger eccentric who has just been fired and suspended again for blowing his wig, has long been one of our favorite baseball pitchers, mainly because he seemed to be a man we could understand.

The Mad Monk, as he is known to those about him, isn't one of the best of modern pitchers, but he is good enough to be convinced in his own mind that he should win every time out. So, when things go wrong he gets mad at somebody, even if it's only himself. He throws things and kicks things and winds up in trouble.

Haas, Furgol Take Western Tourney Lead

ST. LOUIS (AP)—Freddie Haas and Marty Furgol, showing unconcern for Bellevere's stubborn par 70, lead the field Friday as the 50th annual Western Open Golf Tournament moves into second round play.

Haas, a New Orleans pro who doubles as a maker of golf clubs, and Furgol, the 1951 western winner from Lamont, Ill., broke par with 68s, giving them a one stroke lead over Art Wall, Jr., a youngster from Ponoco Manor, Pa., after Thursday's first round competition.

They were the only players to get the best of Bellevere's hilly, narrow, 6,574-yard course, although five entries tied for fourth with par-matching 70s.

Slattery Leads Amateurs
Les Slattery, Jr., a 26-year-old St. Louisan, led the amateurs by posting a 70 that led for a while. Then Al Besselink of Grossinger, N. Y., Ed Furgol of St. Louis, no relation to Marty, Cary Middlecoff of Memphis and Dutch Harrison of Ardmore, Okla., moved in.

Defending Champ Lloyd Mangrum of Chicago, who took the \$2,400 first place money at Westwood County Club here a year ago, almost made it a six-way tie, but he ran into trouble on the 18th for a 71. That placed him in a tie with Tommy Bolt, Maplewood, N. J., and Skee Riegel of Tulsa.

Haas, who nowadays makes appearances at only the major tournaments, holds the bellevere record of 64. He posted that one last year in qualifying for the U. S. Open. Thursday he birdied the 9th, 10th and 11th holes and was on his way to a clear lead before he three-putted the par four 15th. He was on the edge of the green in two on the 405-yard hole.

Marty Furgol, playing as steadily as he did over the similar rolling fairways of the Davenport Iowa Country Club where he won the 1951 western, carded two birdies. One came on the 230-yard No. 8 when his drive carried to within two and one-half feet of the pin. The other was on an 18-foot putt at the 12th.

MAN, DIDN'T IT BLOW—Pro Boyd Huff, center, actually needed more eyes and ears to keep up with Hershel Ezell, left, and Ken Newton while they asked for a ruling on one of Ezell's putts at the MClub tourney Thursday. Ezell explains with his putter how he'd line up to putt only to have the wind blow away the ball and Newton points out that Ezell kept picking up and spotting the ball again. No matter what the ruling, Ezell lost the hole and lost the match, 2 and 1.

Speedway Gets Weather Nod

INDIANAPOLIS (AP)—The fabulous good weather luck of the Indianapolis 500-mile Speedway is expected to hold again Saturday for the 37th death-defying edition of America's premier auto race.

The weatherman predicts rain clouds drifting east from Illinois but hitting this area until well after a new king of the nation's steering wheel jockeys is crowned in what officials say will be record time.

Should thundershowers strike sooner than anticipated, the event will be put off until Monday at the same time. But in all the years since the race began in 1911 there's only been one postponement — 1915 — and two curtailments — in 1926 at 400 miles and in 1950 at 345 — because of bad weather.

Everything points to a record-breaking performance — which would be the sixth in a row — if conditions permit.

Bill Vukovich, a 34-year-old descendant of Slovenian immigrants, won the pole position with the near record qualifying time of 138.392 miles per hour. He was one of 19 in the field to better a qualifying speed of 136 mph.

Little Indians Put Cubs In Tow, 12-7

Eight fielding errors—encouraged by rugged winds—failed to daunt the Indians as they won their Central Little League game Thursday from the Cubs, 12-7.

Larry Hudson paced his team's batting with four hits, half of the Indians' total.

Bubba Jones and Will Penland both collected two hits for the Cubs. Friday's game matches the Braves and Bulldogs at 5:15 p.m.

Oldtimers around the pits predict it'll take 131 or better mph to prevail Saturday.

Vukovich was the hard luck guy of the 1952 race, leading until the last 25 miles when his steering gear failed. That opened the door for Troy Ruttman, who came churning home in a record 128.992 mph victory. Ruttman is out with an injury this year and won't defend.

Club Medalist Upset In First Round Match

You have to get up early in the morning to beat some of the Midland Country Club golfers on the course while the member-players are staging their "all-afternoon" matches in the current club tournament.

Ed Laughlin and Ed Anderson started the second day of action early Friday morning to complete their first round match, and Laughlin prevailed, 1 up in 19 holes. The pair had to call their duel late Thursday because of darkness.

At that, the pair were first to take advantage of a change in weather. It wasn't near so mild in Thursday's opening matches.

And because of terrific winds—pronounced by most of the golfers as the "worst I ever played in"—you couldn't find a scorer in the '70s, nor hardly a temper that didn't flare.

While the wind reached a 35 mile per hour limit at one time Thursday, one major upset marked play. The victim was Ross Brunner, the tourney medalist, who bowed to Roy Lockett.

It took the day's best golf, an "80 or 81," Lockett said, to whip Brunner, 1 up. Meanwhile, most of the favorites came through unscathed.

Defending Champion Vann Ligon for one, edged Buddy Brannum, 3 and 2. And Walter Wynn established himself as a leading contender in the lower bracket by lacing Fred Burleson, 6 and 5.

Despite the rugged weather most of the players kept their matches surprisingly close. It took J. T. Smith, an extra hole before stopping Ray Leggett, 1 up in 19.

Besides Lockett's win, two other matches went the full 18 holes in the championship flight: Sandy Davison ripped Bob Walker and Sonny Brinkerhoff judged Murphy Baxter, both by 1 up scores.

Roughs Gain Two Pitchers

The Midland Roughnecks, earlier faced with a shortened pitching staff, added two more chuckers to their squad Friday and got ready for their next game.

Right-hander Bruce (Gabby) Blumenthal who started the season with the Odessa Oilers joined the Roughs for the first time while lefty Ernie Nelson returned after a lay-off.

Both of the two new pitchers may expect to see service when the Midland semi-pro club travels to Big Spring Sunday. Manager Les Cobb said: The Roughs battle the Black Broncs there in a twin-bill. Cobb said the team will meet at the Ranch House at 12:30 p.m. Sunday before departure.

Left-hander Leon Hayes probably will start the first of Sunday's two games; the play begins at 2:30 p.m.

Indians Invade Odessa Friday

Series Finale With Lamesa Is Postponed

LAMESA — Manager Jay Haney and his Midland Indians prepared to enter the Lions' den for the third time this season after the club was weathered out of its series finale with the Lamesa Lobos Thursday night. A sandstorm caused the postponement.

The Indians took off for a two-game stand at Odessa where they will meet the Oilers at 8 p.m. Friday. The Oilers are aching for a chance to repay the Tribe for the two defeats which started them on the road to nowhere.

Midland defeated the Oilers twice to open the season, and the Odessa team has never been the same since. Filled to win the title, the Oilers currently are reeling in the cellar wondering how to mount the latter to success. Manager Pepper Martin hopes to make the Indians his first victim on the road to the top.

Midland's Thursday postponement was their eighth of the current campaign. They managed to get one game played as part of a double-header with Lamesa, but now have seven left to make up during the rest of the season.

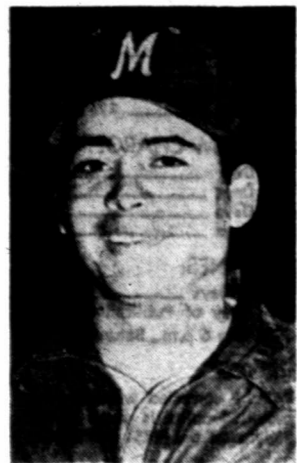

The sandstorm came at an opportune time for Haney's crew, since the Indians used six pitchers Tuesday night in an effort to stop the Lobos, who won their first game from the Indians, 11-10, after three consecutive losses.

Haney, with a day's additional rest—now can call upon Eddie Jacome, who pitched Sunday and Monday. Jacome owns the team's best record—a 6-3 mark. Furthermore, he was the lad who spoiled the Oilers' home opener this season and also ruined the Oilers in last season's Shughart Playoff. Haney is as popular in Odessa as Premier G. M. Malenkov is in Washington.

In the event Haney wishes to hold Jacome back for the Indians' return home Sunday against San Angelo, he can beckon any of the six tossers who tried to subdue Lamesa Wednesday. Only Joe Williams, a newcomer, and Dick Young saw more than an inning of action. Williams went for and two-thirds innings. Young pitched two and one-third innings. Ralph Blair or Young is expected to get the call if Jacome is held in reserve.

Rookie Milton Waldendorf will rejoin the Midland Indians at Odessa Friday following his return from the Abilene Blue Sox. The Fredericksburg first baseman had been optioned to the West Texas-New Mexico League club but is being sent back because of a roster problem.

Meanwhile Manager Haney announced Friday he was sending his team into morning workouts to strengthen outfield defense maneuvers and to condition some of the players better.

Mulcahy's Homer Fells Colts, 5 To 3

ARTESIA — Les Mulcahy's booming homer over the left field barrier gave the Artesia Drillers a 5-3 win over San Angelo Thursday night, and cobined with Carlsbad's win, dropped the Colts into second place in the league standings.

San Angelo was leading 3-2 going into the bottom of the eighth, but a single by Vince Di Giandomasso and a base on ball set it up for Mulcahy to power one out for three runs and the Artesia win.

Len Ruyle scattered nine hits in going the distance for the win. The Colts picked up a pair in the second and one in the eighth. They missed further scoring opportunities in the third and eighth when they left the bases loaded.

But Ruyle, with a lead to work on, got tough in the ninth and set the visitors down in order.

The Drillers had taken a lead in the first inning when Jackie Wilcox walked and Di Giandomasso doubled him to third. A wild pitch by starter and loser Bob Gregg let Wilcox in and Mulcahy drove in Di Giandomasso from third with a long fly.

The Colts tied it at 2-2 in the second, singles by John Jeandron and John Tayoan, plus a two-base error on Tayoan's blow, let in one run and allowed Tayoan to take third. Rudy Briner scored him on a ground out.

Singles by Jeandron and Briner, a walk to Gregg and another single by John Margartini got their other run, this one in the eighth, to give them a 3-2 lead.

The Colts, with the bases loaded, were threatening for more, but Ruyle fanned Glenn Burns to end the challenge, went out in front on

STILL PERFECT — New York Yankee Pitcher White Fox maintained his record of never having lost a starting assignment when he stopped Washington, 7-2, Thursday. He gave up five hits, one a homer by Wayne Terwilliger, in winning his fourth game this year.

Flushed with gifts from an unexpected source, the Brooklyn Dodgers face a busy holiday weekend which may lead them into first place in the National League.

At least the door will be wide open and the watch dogs will be otherwise engaged.

The Dodgers begin a five game set Friday with some of their very favorite playmates, the Pittsburgh Pirates. Their first division rivals

Harvie Ward Only American Left In British Semi-Finals

HOYLAKE, ENGLAND —(AP)—Harvie Ward of Atlanta moved into semi-final round in defense of this British Amateur Golf championship Friday when he walloped Cyril Windrow, 48, of England, 5 and 4.

Ward, the only American left in the tournament, won almost as he pleased, leading six up at the turn.

Joe Carr, the Irish Walker Cup star who is expected to meet Ward in Saturday's final, also entered the semi-final, beating Joe Lambie of Scotland, one up.

Although the American showing in the British amateur this year has been the poorest of the post-war period, Ward's performance against an outclassed opponent established him a strong favorite. For three years the British Amateur final has been an all-American affair and there has been one American finalist every year since the tournament resumed in 1946.

In semi-final matches Friday afternoon, Ward was to meet Arthur Perowne of Norwich, England, a member of the 1949 British Walker Cup team. Carr was to meet another Irish player, Cecil Beamish.

Perowne defeated J. W. Draper of Scotland, 4 and 3, in the quarter finals and Beamish defeated Dixon Rawlinson of England, 4 and 3.

Ward gave the impression he was playing only as well as he had to in order to win over Windrow Harvie, usually an accurate putter, was not sharp or he would have ended the match on the tenth hole. He won seven of the first ten and he would have taken the others but for fine recoveries that gave Windrow halves.

Ward closed out the match by sinking a four-foot putt on the seventeenth green that halved the hole in birdsie fours.

Bums Find Top Spot In Weekend Distance

By BEN FLEGAR
Associated Press Staff

The Dodgers have beaten Pittsburgh three straight this year and 19 out of 22 last year.

But look what's in store for the four other teams which figure to have the best chance of thwarting Brooklyn's second-pennant-in-a-row ambitions:

Giants In Fifth
League leading Milwaukee tangles with second place St. Louis in three games starting Friday in St. Louis.

Philadelphia, a close fourth, opens a four game engagement with the fifth place New York Giants.

Since nobody is apt to come out unscathed from these encounters, Brooklyn should be sitting pretty by Sunday night.

After their first losing Western trip in three seasons the Dodgers have come upon much happier circumstances in the friendly East. They slugged down the Phillies in three straight, then came home to Ebbets Field to be presented with two victories by the Giants.

Bums Get Break
With a chance to finish Wednesday's night game in front, the Giants clipped in a ninth inning error that gave Roy Campanella an opportunity to hit with two on and two out. Roy said thank you and promptly lost the ball in the left field seats for a 5-3 Brooklyn victory.

Thursday, after leading almost all the way, the Giants gave Brooklyn the winning run in the tenth on a missed third strike, a fielder's choice, an intentional walk and a passed ball. Brooklyn won, 7-6.

The Dodgers now are in third place, a game and a half back of the first place Braves. Milwaukee was idle Thursday while the Cardinals were held to a 10-10 tie in 10 innings at Cincinnati. The game was called because St. Louis had to catch a train home.

American League
In the American League Friday the New York Yankees moved three games in front of the Chicago White Sox by whipping Washington, 7-2, while the White Sox took the day off. Philadelphia licked Boston, 6-1, and the St. Louis Browns won their second in a row from the Cleveland Indians, 7-5.

Whitey Ford of the Yankees extended his amazing record of never having lost as a starting pitcher as he set down the Senators on five hits. Ford, a 24-year-old left-hander, has been beaten only once in 14 decisions in the majors and that came in a relief role against Philadelphia late in the 1950 season. He has won four times this year.

Another long winning streak by a pitcher was broken in the Philadelphia-Boston game where the Athletics finally beat Mel Parnell for the first time in more than two seasons. Parnell was leading the league this year with a 6-0 record. **Yields 15 Hits, Wins**

VFW OPENS SWIM SEASON

The swimming season for Midlanders began Friday afternoon with the VFW pool the first to greet the sports' enthusiasts.

The VFW pool opened for its summer-long season at 3:30 p.m. Lige Midkiff has announced. He said that Bub Cunningham will operate the pool.

The pool, located on Highway 86 near the Air Terminal, measures about 100 feet by 50 and runs from four and one-half to nine and one-half feet deep.

Sports Spank Exports, 5-4

By The Associated Press

The Shreveport Sports lost the first fight but won the ball game Thursday night and continued their torrid winning pace through the Texas League.

The Sports rallied for five runs in the ninth inning, defeating Beaumont, 5-4, for their seventh straight win.

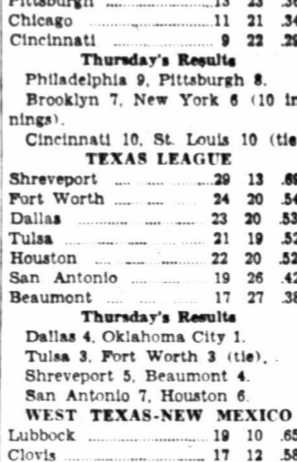

In another whirlwind finish the Dallas Eagles broke a 1-1 tie in the last half of the eighth with three runs to win from Oklahoma City, 4-1.

Al Stringer's triple with the bases loaded did the Indians under and moved Dallas into third place.

Tulsa's Ed Barr homered in the top of the ninth inning to gain a 3-3 tie for the Oilers in their game with Fort Worth and that's the way it ended. The game was called at the end of the ninth to allow both clubs to make train connections.

San Antonio scored a run in the tenth inning to defeat Houston, 7-6, and put an end to their seven-game losing streak.

Conners' Hits Ruin Broncs By 15-6 Tune

BIG SPRING —(AP)—For the second straight night, every player in the Carlsbad lineup hit safely as the Potashers belted the Big Spring Broncs, 15-6, Thursday.

Posted on an 11-run lead in the first three innings, Lefty Marshall Epperson rang up his eighth mound success of the season. He has yet to suffer a defeat.

Two mighty home runs off the bat of Merv Conners, one with one on and the other with the sacks jammed, helped Epperson's cause.

Conners stroked his first four-master in the initial inning with Gene Grant aboard and walloped one of Arnaldo Lopez's pitches for the other in the third, highlighting a nine-run outbreak.

The round-trippers were Conners' seventh and eighth of the 1953 season.

Epperson, favoring a sore finger, never bore down against the Broncs. He had trouble only with Mandy Diaz, however, who found him for four hits in as many tries.

After reaching first on a misplay in the first inning, Ike Jackson drove out five straight hits, including a double, for Carlsbad.

The Broncs have now lost 15 of 29 home games.

Bacardi Leads Roswell Win

ROSWELL —(AP)—Rookie Rolando Bacardi showed a neat five-hit effort to lead the Roswell Rockets to a 4-1 victory Thursday night and a sweep of their two-game set with the Odessa Oilers.

The smooth right-hander, in winning his third against a single defeat, was in trouble only once in the game, and an error helped put him there. He cut through the heart of the Odessa batting order in striking out nine. He did not walk a man.

Roswell managed only seven hits off the left-handed slants of Charles Craig, but they bunched three of those with a pair of Oiler errors in the third inning for three of their runs.

Back to back doubles by Al Costa and Ossie Alvarez got Roswell a quick run in the first inning, and they padded it with a trio in the third. Bacardi led off with a single, an error put another man on an singles by Alvarez and Wayne Crawford, plus another miscue, got three runs.

The only Oiler tally came in the sixth when singles by Felix Castro and Craig and a Roswell error loaded the bases with none down. Robert Fabian then hit into a double play with Castro scoring. That was their only threat.

SPORTS SHOTS—Skip Alexander's Comeback Ranks Alongside Hogan's

By HAROLD V. RATLIFF
Associated Press Sports Editor

One of the finest stories of sports revolves around Skip Alexander, that big southern gentleman who made a comeback to golf that ranks with, and in some ways exceeds, that of Ben Hogan.

Alexander is the man who almost lost his life in a flaming plane crash on the prairie lands of Indiana in 1950, who had to have parts of his body replaced with skin from other parts, whose hands were gnarled and seared and who was given up as lost to sports.

But he spent six months in hospitals, had 17 major operations and in less than a year was back on the golf courses, shooting a 72 in the first tournament he played.

"The fans loved the big, amiable fellow before he had his tragic accident, they love him even more for his courage and his optimistic outlook on life today."

Alexander played in the Colonial National Invitation golf tournament at Fort Worth last weekend and made a fine showing. He asked for no favors, wanted none. He wanted to play the game and to be again with the crowd and the great stars he had matched shots with back in the days when he was a star in his own right, just reaching his zenith on the links.

Skip was the hit of the press room at the tournament. He came in to tell the boys about a brilliant 88 he shot and had the boys in stitches with some of the wisecracks he made about his experiences in the hospitals.

"When," asked a sports writer, "did you start thinking about golf again?"

"Why," smiled Skip, "the night of the plane crash when I started thinking about all those hospital bills and wondered how much I had won in the tournament I played that day. I learned I had won \$1,000 and it sure helped."

It was Sept. 24, 1950, that Alexander, shooting his last round in the Kansas City Open, caught a Civil Air Patrol plane for Evansville, Ind. He would have taken another plane if the air travel times hadn't been changed. The CAP was furnishing transportation in exchange for his appearance in exhibitions.

The CAP plane crashed at Evansville, killed three other men aboard, and gravely injured Alexander. He spent 54 hours on an operating table. Skin from his stomach was grafted to his hands which had been burned to the bone.

But all during the time he was in the hospital he kept clenching and working those hands. They were his livelihood—he had to have them to play golf.

"I met another man in the hospital who had his hand burned," Alexander said. "His hand had 'frozen'—that is, it had become stiff so it could never be used again. But I told him: 'You know the Lord sure was good to us.' The man grinned and said: 'Maybe

He didn't want us.' You know I hadn't thought about it like that before."

Ben Hogan made one of the greatest comebacks to sport. He was seriously injured in a car-bus crash at Van Horn, Texas, in 1949. Hogan was told he never again would play golf, but he did—and won the National Open twice. He played with his legs encased in rubber, with every step a painful experience.

But Hogan hadn't lost the use of his hands. In fact, Ben came out of the crash with all his body left. Alexander had to rebuild part of himself.

Thus, Alexander had more difficulty returning to golf than even Hogan.

Today, Skip is pro at the Lakewood Country Club at St. Petersburg, Fla. They think there that he's about the greatest man on earth. If you knew the big fellow—his attitude on life, his desire to make his own way in the face of the great handicaps and his wholesome love of sports and sportsmanship, you would say those folks are right, too.

Skip Alexander is a great man and a great credit to sport.

Larry Graham Lost To UT Grid Squad

AUSTIN —(AP)—Texas Coach Ed Price has to look for another left halfback.

His leading candidate, Larry Graham, won't be in the Fall lineup. The Houston sophomore failed to pass the required amount of work this semester and will be ineligible. Graham was one of the few experienced Longhorn backs.

Roberts Gets H-SU Award

ABILENE — Lettermen in four Spring sports—tennis, baseball, golf and track—were announced Thursday by E. W. Ledbetter, athletic director at Hardin-Simmons University.

Included among the 30 award winners were Loren Roberts of Midland, Don Blackburn of Abilene, Charles Dennis of Abilene, Ray Weed of Lubbock, Charles Wright of Lubbock, Hubert Helen of Lubbock, Glen Woodard of Abilene, Marvin Thompson of Breckenridge, and Ken Llewellyn of Odessa—all baseballers. Golf lettermen included Joe Ed Black of Lamesa and Arlyn Scott of Odessa.

Track awards went to Doyle Brunson of Sweetwater, John Gary of Snyder and Delnor Poss of San Angelo as well as to two others.

Carl Nunn of Sweetwater, Gene Adams of Monahans, Cotton Fowler of McCamey received tennis numerals.

SINGLE HANDED—Despite the loss of an arm, Austria's Hans Redl still went up to make returns carrying his share of the load with his doubles partner Alfred Huber in European Zone Davis Cup play against Denmark in Vienna, (CPA)

Banner, Foremost Dairies Are Merged In Major Transaction Affecting Texans

One of the nation's biggest dairy mergers—that of Banner Dairies and Foremost Dairies, Inc., has brought praise from a Banner official in Midland.

"I'm very well satisfied with the merger," said Carl Peay, district manager of Banner Dairies, now Banner Division of Foremost Dairies, Inc. "I think it's a good situation for Midland, the companies concerned and the employees."

The merger climaxed Thursday in a Dallas meeting was the result of nine months of negotiations and planning. Banner owners became stockholders in Foremost, thus making the Texas dairy a wholly-owned subsidiary of Foremost.

"It's not a sell-out or a buy-out," Peay continued. "It's just a tie-in which will give us a better chance for improved service and a great deal of expansion. It's a good deal being connected with a nation-wide organization. Banner was in a big group, but we didn't get out of Texas. Now we have a lot more elbow room."

Peay echoed a statement issued by chiefs of both companies that "change in management, personnel or policies toward producers supplying milk to Banner Dairies is in the mill."

"We'll keep the same employes," Peay pointed out. "We think this merger will work out better for everybody concerned. If we hadn't thought so, we wouldn't have gone into it."

place the Banner style as soon as the present Banner supply is exhausted, Peay explained.

The Banner ice cream brand, however, will be retained and will be distributed along with Foremost ice cream.

Top officials said the Banner market for West Texas farmers and dairymen will be continued "and even enlarged and improved as quickly as possible under the new arrangement."

"We want to thank our customers for their support through the years," Peay asserted, "and we want to assure them that our service will be greatly expanded by this merger."

Foremost board chairman Hughes is due in Midland "sometime next week," Peay said, to help iron out the merger conditions.

Total Casualties In Korea Reach Past 2,000,000 Mark

UNITED NATIONS—Casualties in Korea have reached a total of 2,000,000 for both sides, a survey showed Friday.

The Korean War will be three years old June 25.

Official figures of UN losses and estimates of the Communist losses made by the UN provide the total in the periodic Associated Press survey.

Casualty figures for the U. S., South Korea, and the 15 UN Allies with troops in Korea total 408,842.

Total Communist casualties are estimated at 1,897,000.

Superintendent Tells Of Education Outlook For City's Future

The achievements and outlook of today's schools was the topic discussed by Frank Monroe, superintendent of Midland Public Schools, at the noon luncheon of the Midland Jaycees at Hotel Scharbauer.

Monroe briefly outlined the advancements in public schools since before the time school were organized, stressing that early schools in the United States were private institutions devoted mainly to vocational teaching, compared to today's emphasis on the three "R's", reading, writing and arithmetic.

The school veteran reviewed recent school legislation in Austin and commented on the change in the economic index system as well as the permanent school fund.

Midland students at the University of Texas as freshmen this year had a 19.19 per cent higher rate over the average median score for all students, he said.

Charles Lacy, club president, presided at the meeting and Jim Lee was in charge of program.

New Agency Cuts Off 1,200 Workers

WASHINGTON—The Health Education and Welfare Department has given dismissal notices to about 1,200 employees, because of budget cuts.

An official said Friday the notices were distributed this way: Public Health Service, a net cut of 1,000; Food and Drug Administration, 100; Office of Education 50; and miscellaneous 50.

The department, headed by Oveta Culp Hobby, has about 37,500 employees.

The House voted \$1,712,248,841 for the department, compared with an Eisenhower request for \$1,722,544,870 and a recommendation in January by President Truman of \$1,786,528,761.

Airline Says Strike Of Mechanics Ended

DALLAS—A 44-day strike by 650 Braniff mechanics has ended. T. E. Braniff, president of Braniff Airways, said that through Wednesday, 400 of the men who walked off the job April 13 had voluntarily requested consideration by the company of their re-employment.

"The company is now returning to service those qualified men whom it needs in its various shops to bring the shops up to full strength," Braniff said.

PECOS—Approximately 40 members of the Pecos National Guard unit will leave Saturday for Fort Hood for two weeks training.

Sleuth's Memory Of Pretty Face Pays Dividend In Dope

NEW YORK—A year ago, Detective Louis Cotel was sent to San Antonio in an undercover role to mingle with marijuana dealers and trace supply lines to New York.

Among the marijuana smugglers he said he came to know was the good-looking, dark-haired girl friend of a bigshot Texas narcotics operator.

He said he recognized her at a Brooklyn street Wednesday night. He trailed her into a movie, sat through a three-hour film program, then followed her to a room at the St. George Hotel. Police took up the watch there. All night and all day

Gallant Britisher Offers Texas Widow Coronation Quarters

CHICAGO—A gallant British chieftain Monday offered his unoccupied, furnished 14-room home outside London to a Texas widow who wants to see the coronation but can't find accommodations.

J. M. Muir, formerly of London and now U. S. manager for a British firm with offices in Chicago, says he wants to help out Mrs. Louise Cochran, 39, Houston real estate woman.

Determined to see the coronation, Mrs. Cochran cabled Queen Elizabeth to arrange for accommodations. She said she got a reply saying reservations had been arranged. When she got to New York she was told the message from London apparently was a hoax.

Buckingham Palace officials said her cable had been received but no reply had been sent. Mrs. Cochran said she would continue to London anyway.

Muir read about her plight and immediately tried to reach Mrs. Cochran with his offer.

"I'm certain Mrs. Cochran would like the place," Muir said.

Three States Added To Revenue District

DALLAS—The nation-wide reorganization of the internal revenue bureau will add Arkansas, Louisiana and New Mexico to the Dallas district.

The district now serves Texas and Oklahoma.

Outgoing District Commissioner John B. Dunlap predicted a "slight" increase in the staff of the Dallas office. He said he doubted if the reorganization resulted in any local personnel, "other than myself," losing their jobs.

Assigned to Dallas office to replace Dunlap was Alred W. Fleming, former district commissioner at Buffalo, one of the eight district offices eliminated in the shakeup.

Dunlap was national head of the bureau until last Fall. He said he had no plans. "Right now I'm looking forward to a long vacation this summer," he said.

Physician Charged In Tavern Shooting

HOUSTON—A Houston physician was charged with murder Thursday night in the fatal shooting of an auto mechanic.

Charles Deaton, 45, was shot to death in a Houston tavern.

The charge was filed against Dr. Louis Hodde, 59, police said. Deaton was shot during an argument.

Deaton is survived by the widow, two sons by a previous marriage, his parents, and two sisters, including Mrs. Jack Farley of Beaumont.

'Mystery Woman' Cleared In Death Of Texas Oil Man

FORT WORTH—New clues were hunted Friday in the fatal shooting of Fort Worth oil man William Clark. A raven-haired "mystery woman" who reportedly visited Clark's mansion the day he died turned out to be a church worker making routine visits. She was cleared.

District Attorney Howard Fender talked with the woman after a yardman at the Clark home said she visited the house May 19.

Fender said the woman was a regular church visitor from Clark's congregation.

"She definitely is not a suspect," Fender said. "She was on a routine visit. So far as we know now she was the last person to see him alive except the person who killed him."

Clark's body was found in his rambling home, his spinal cord snapped by a rifle bullet.

Waco Weather Bureau's Planned Cutback Cancelled

WASHINGTON—The Weather Bureau at Waco, battered by a tornado May 11 that killed 114, is going to stay on a 24-hour basis.

Representative Pogue said Thursday there had been plans to reduce the operation to a 16-hour day. He said he had talked with the chief of the Weather Bureau, Francis Reichelderfer, and that:

"In view of the keen interest in Waco and surrounding areas to weather conditions, intensified by the tornado, he has agreed to have the station there continue operating on a 24-hour basis."

Cotton

NEW YORK—Cotton was five to 45 cents a bale higher at noon Friday, July 33.48, October 33.66, December 33.67.

Midlanders Attend Presbyterian Meet

Midland was well represented at a Presbyterian Men's Rally of District 4 at the First Presbyterian Church in Big Spring Thursday night.

L. R. Kline of Dallas, past president of Presbyterian men of the United States was the featured speaker. More than 65 heard him discuss "Christian Action for Christian Men Today." Kline now is a member of the general council.

Midlanders attending the annual event included Hugh Nunnally, the Rev. Lewis Waterstreet, Bill Scherdt, Bill Crenshaw, Sherman Knauer, Henry Shapiro, Harry Gossett, Jack Hawkins, Yugh Gilmour and Dr. R. Matthew Lynn.

Two Parachutes Set Off Search In Grand Canyon

GRAND CANYON, ARIZ.—Two parachutes floated into the depths of the Grand Canyon Thursday night, and a group of tourists reported "a man was hanging" from one.

A rescue team of rangers worked down a rocky trail toward the nearest chute.

Dr. Harold Bryant, Grand Canyon National Park superintendent, said the parachutes were visible from the canyon rim. He said there was no sign of life.

Frank Mahan said his party saw the first chute about 3,000 feet below on a Tonto platform, along the Canyon's rugged inner gorge. Mahan reported he saw a second chute about three miles west of Lipan Point.

None of the tourists saw an airplane. Air bases in Arizona did not have reports of missing planes.

Douglas Airliner Sets New Non-Stop Commercial Mark

PARIS—A four-engine Douglas DC-6B commercial airliner Friday completed the first non-stop flight from California to Paris, a distance of 5,700 miles.

The plane, bought from Douglas by the French airline, Transport Aeriens Intercontinentaux, thus broke the record of 3,900 miles for non-stop commercial airliner flight.

Manned by a French crew, the liner had no passengers. The plane is the second such craft to be purchased by the French line for service in Europe and Africa.

Midland Woman, Children Escape Injuries In Tornado

By The Associated Press

There were wet spots in Western areas but generally fair and warmer weather was reported in most of the Eastern half of the nation Friday.

Thunderstorms and showers hit sections in the Western Great Plains from Kansas to North Dakota and eastward into Minnesota. There also were thunderstorms along the Eastern slopes of the Rockies in Colorado and Wyoming. Showers also fell in the Northern and West-Central Rockies.

A tornado struck Liberal, in southwestern Kansas, Thursday night, damaging several buildings, including a new \$150,000 30-unit motel. There were no casualties. The Weather Bureau had unconfirmed reports of twisters striking at Newcastle, Wyo., and Near Hayes, S. D.

Mrs. F. H. Patterson, Midland, Texas, a guest at the motel with two sons, Bobby, five, and Eddie 21 months, said she looked out a window of her room and saw a lot of dust in the air.

"I shut a ventilator, grabbed Eddie and fell over him on the bed," Mrs. Patterson related.

The room was splattered with glass from the windows, but the three escaped injury.

As warmer and more humid weather spread into the mid-continent, cooler air pushed into the Southern Plains area and the Northern Plains.

Hot weather continued in most of the Southeast and in Texas.

Midland Livestock Market Reported 'Slow And Dragg'y'

The market was slow and dragg'y at Thursday's sale at the Midland Livestock Auction Company. Most cows going to the packer were \$1 to \$2 per hundred lower. Some stocker calves were slower.

Fat calves and yearlings, good to choice, brought \$17.50 to \$21; medium to good, \$15 to \$17.50; cull to common, \$9 to \$15.

Cows, good to choice, drew \$10.50 to \$12. Canners and cutters sold for \$7 to \$10, while some old shells were lower. Bulls cleared at \$9 to \$13.

Stocker steer calves went at \$14 to \$18; stocker heifer calves, \$13 to \$16. Mixed breed stocker calves and yearlings were bid at \$9 to \$14.

Key, Wilson & Maxson's REAL ESTATE Bulletin Board REPORTING THE TOP NEWS IN REAL ESTATE
MIDLAND IS BEING CAUGHT with its temperature up, but we have some excellent homes with their finances down. For example, on heavily shaded Ridgely, we have a wonderful 3-bedroom, huge den, and 1 1/2 bath home, which is the perfect thing for our West Texas Summer—because it's centrally air conditioned. You'll love the design, color scheme, and cheerfulness of the large kitchen. Nicely carpeted, recently redecorated. Landscaping, trees, fenced yard. Asking \$16,900.

EVERY DAY and more and more, Loma Linda looks lovelier than ever—and I ought to know, I live there. I call it TOWN NORTH. Nestled among nice homes is a 2-bedroom, attached carport, asbestos siding home which could be purchased for as little as \$11,550 down. It's on Oak. On Spruce, we have 2 more lovely homes available. And at 305 and 313 Cottonwood, you'll find two cute homes which will put you in the ranks of a proud homeowner. As always, we provide full transportation at your convenience time.

IT JUST AIN'T ENOUGH merely to want a larger home. You gotta do something about it. We've done our part by securing an extremely attractive home for you on West Cowden. 2 large bedrooms, huge cedar paneled den, 2 baths, living room, separate dining room, double carport and storage. The spacious kitchen will utterly please the most discriminating. Beautiful landscaping with 40 growing popular trees, paved corner lot. Only \$13,750.

SUPERLATIVELY BEAUTIFUL comes reasonably close to describing 2507 Country Club Drive. 2 large bedrooms, paneled den, 2 ceramic baths, living and dining room combination, rustic kitchen, utility room and attached garage. With-out embellishment, these are the facts. As the magnificence of this home defies greater articulation, permit me cordially to invite you to see it personally. Priced under \$30,000.

MY BOSS IS NEVER WRONG when it comes to real estate—and he said that 1610 No. "L" Street will sell to some smart purchaser within 2 weeks. And that smart shopper will get 3 wonderful bedrooms, 2 ceramic baths, spacious living room with a dining L and a bit-of-old-New England kitchen. The 2-car garage is attached, and the large corner lot is tile fenced. Central heating and air conditioning, and softly carpeted thru-out. It's a hot box now. Priced at \$24,000.

FOR THE BACHELOR MAN about to be married: It's got 2 bedrooms, nice living room, tile bath, bigger kitchen, and attached carport and storage. Paved Pecan Street. ONLY \$750 down including all closing costs.

FOR THE MAN WHO LOVES his wife: It's on Delano Street, with 2 bedrooms and a 10x24 paneled den, tile bath, nice living room and kitchen and huge pantry. Central heating, air conditioning unit, plaster walls, mahogany doors. Assume FHA loan and make payments of only \$53. Excellent financing. Asking \$9,800.

FOR THE FAMILY WHO LOVES its children: Removed from all traffic lanes, this modern styled home harmonizes contemporary living with quiet sophistication. 3 large bedrooms, 2 tile and Marolyte baths, 20 feet of wonderful kitchen, and attached garage. The living room and the massive wood-burning fireplace will be a source of constant delight to the entire family. Central heating and air-conditioning, lushly carpeted, and strewn with all the modern devices to make your living lazy. Tile fence, water well, large outside terrace, and greenly landscaped. \$24,000.

DIAL 2-1693. Ask for the real estate department, and say: "Hey, give me the full scoop on the Richards' house, the one that has the 3 bedrooms, 2 baths, the big living room, the dining room, and the 2 carports. You know, the one that is so terrifically priced at \$18,950." ...we'll do the rest.

ROK's Resistance To Truce Move Complicates UN Crisis

By JOHN M. HIGHTOWER
WASHINGTON—South Korea's resistance to an armistice on terms favored by the United States confronted the Eisenhower Administration Friday with a crisis within a crisis. Some officials believe firm measures may be required to resolve the situation.

The situation was pointed up today when the South Korean government announced it would continue to boycott the truce talks unless the Allies withdraw or change their latest proposals.

Indications are that an exchange of messages is in progress between President Eisenhower and President Syngman Rhee, although Eisenhower has imposed such security restrictions on the whole Korean truce situation that officials declined to confirm that.

Shivers Signs Bill Killing Control Board

AUSTIN—Governor Shivers Thursday signed one of the bills he recommended. It abolishes the present Board of Control and sets up a board administered by an executive director.

Shivers said the streamlined organization plan, similar to that of the Highway Commission, would permit greater efficiency in operating the state's purchasing and housekeeping agency.

Ambassador To UN Chosen America's 'Father Of Year'

NEW YORK—Ambassador Henry Cabot Lodge, Jr., praised the United Nations as the "most important single contrivance for peace" in accepting nomination as national "Father of the Year" Thursday.

The U. S. ambassador to the United Nations said that while he has two sons, he did not deserve the nomination on his merits as a father alone.

Seniors Told World Doesn't Owe Them A Living As 208 Receive MHS Diplomas

More than 200 "new citizens"—Midland High School's graduating class—heard Dr. Don H. Morris, president of Abilene Christian College, effectively push five simple but important rules of living into a less than 15-minute address Thursday night at Commencement exercises in the high school auditorium.

"This is a great occasion for the 208 new citizens in this room," the educator said, "but let me suggest five rules of living that will stand up whether you go to college or go on to work immediately."

The deep-voiced college president then launched into his subjects, illustrating each with human cases and human circumstances.

"To get along in this world," Morris said, "you must get along with people. The fellow who goes through life with a chip on his shoulder hasn't a chance to make a success of anything. If you don't already like people, you must learn—beginning tonight—to like and get along with your fellow men."

"Only when your word can be depended upon under any circumstances can you be called a strong man or woman," he pointed out. "Honesty is the basis of all virtues. Be honest with yourself and with others and the other important virtues will fall in line easily."

Explaining the relationship of one person to another, Morris then urged honesty.

He coupled honesty with his third rule, hard work, to make what he termed two of the most important rules of living and working with people.

"We can be passive about our future and fail, or we can work to make this world the utopia sought throughout the past centuries," he asserted. "But," he continued, "we must do the job ourselves, not sit around and wait for somebody else to do it for us."

Earlier, Wesley Pittman in his salutatory address had offered two alternatives for the new graduates. "We can be passive about our future and fail, or we can work to make this world the utopia sought throughout the past centuries," he asserted.

with hard work, the young man or woman of this era can "make something of their lives" despite the lack of other characteristics or abilities.

"Remember this," he insisted, "the world doesn't owe any one of you 208 graduates a living! Don't just sit back and expect the world to come sit at your feet. Hard work will force the world to your feet, but it won't come voluntarily."

Keep above that which is low and dirty, he urged the graduates. "Stay morally clean, beware of fifth—both in body and mind—and you will be surprised how easy it will be to be honest, like people and work hard."

Finally, he said, "try to find the way of God."

"Have God with you in your college studies and in your work," he said. "And by walking with God, seek the kingdom of heaven here on earth."

The speaker was introduced by Superintendent of Schools Frank Monroe, who said the faculty had termed this year's graduating class one of the best with which they had ever worked.
