Kerr-McGee Is To Dig 10,000-Foot Wildcat In Central Andrews

Kerr-McGee Oil Industries, Inc. is to start drilling shortly at its No. 1 Means, slated 10,000-foot Wolfcamp-Permian wildcat in Central Andrews County.

It will be four and one-half miles east of the town of Andrews and three miles north of the Wemac (Wolfcamp) field which was opened a short time ago by Continental Oil Company No. 1 McCollum & Weibush.

Drill site is 660 feet from south and west lines of section 18, block 3, 2nd survey.

The wildcat is being drilled on acreage secured in a farm-out deal with Fullerton Oil Company, Sharples Oil Corporation and Fred Goodstein of Casper, Wyo.

TeePee Gets Show Of Oil In Lime Zone At C-N Howard Wildcat

Texas Pacific Coal & Oil Company has found a show of oil and gas of an undetermined value at its No. 1-A Tom Spencer, in Central-North Howard County.

The show is in an unidentified limestone below the Mississippian. Some observers think it might be Sikuro-Devonian.

The project ran a three hour drillstem test at 9,250-9,261 feet. Gas surfaced in 30 minutes. The gas volume was estimated at 20,000 cubic feet per day. A 1,000-foot water blanket was used.

Unloaded Fluid

After the tool was closed operator pulled the pipe down until 3,840 feet of the string was left in the hole. Fluid was encountered at that point.

After 60 feet of clean oil and 180 feet of oil cut water blanket had been recovered the drill pipe started unloading.

The fluid continued to unload as the remainder of the drill pipe was pulled.

Total Recovery

Total recovery was 2,490 feet of clean oil; the 1,000-foot water blanket, which was cut with oil and gas, and 180 feet of oil and gas cut drilling mud.

There were no signs of formation water. Open flowing bottom hole pressure was between 620 pounds and 1,405 pounds. Shut-in bottom hole pressure, after 20 minutes was 4,163 pounds.

The prospector is not drilled deeper. No shows to here.

This project had not encountered any possibilities of production down to the present level of operations. It is 14 miles north of Big Spring and 49.6 feet from north and 1-980 feet from west lines of section 14, block 32, T-2-N, T&P survey. It is three and one-half miles southeast of the Vealmore field and four and three-quarter miles southwest of the Central Vealmore (Canyon) field.

Sohio Slates Five More Prospectors In NW Reagan Area

Five 7,600-foot projects have been staked in the Spraberry Trend Area field of Northwest Reagan County by Sohio Petroleum Company, all on W. B. Atkinson land.

The concern's No. 1-A Atkinson will be drilled 680 feet from west and 700 feet from south lines of section 27, block 36, T-5-S, T&P survey.

No. 1-B Atkinson is 1,924 feet from north and 1,986 feet from east lines of section 28, block 36, T-5-S, T&P survey.

Sohio No. 2-B Atkinson will be dug 1,994 feet from south and 660 feet from west lines of section 28, block 36, T-5-S, T&P survey.

No. 3-B Atkinson is 700 feet from north and 660 feet from west lines of section 28, block 36, T-5-S, T&P survey.

Sohio No. 4-B W. B. Atkinson will be dug 700 feet from south and 1,980 feet from east lines of section 28, block 36, T-5-S, T&P survey.

All five projects are approximately 25 miles southwest of Garden City.

Conoco Completes Two Extenders In NE Andrews Area

Continental Oil Company has reported potential tests on two more stepouts to the Prichard (Devonian) field of Northeast Andrews County.

The concern's No. 1-1 University, three-quarters of one mile south of the field's discovery, was completed for a calculated daily flowing potential of 1,191.84 barrels of high-gravity oil through a one-inch choke.

Effort To End Bell Walkout Due Monday

Officials of Southwestern Bell Telephone Company and Midland's 200 striking employees settled down Friday to await the outcome of a top-level meeting Monday aimed at ending the strike that hit Texas and five other states Thursday.

Both union and company officials have agreed to attend a conference in St. Louis, called by the Federal Conciliation Service, to resume contract talks. No other negotiations were scheduled.

Shah Of Iran Starts Home From Exile

BAGHDAD, IRAQ—(P)—The shah of Iran, triumphantly enroute from exile in Rome, landed here Friday.

Mohammed Reza Pahlavi, 33, is returning after five days of exile caused by the turbulent events in his oil-rich land. He started his return journey after Premier Mohammed Mossadegh was overthrown Wednesday in a brief, bloody royalist revolt led by Gen. Fazlollah Zahedi, the new premier.

Mossadegh, clad in pink pajamas and deeply depressed, shakily surrendered Thursday and is under heavy guard in Tehran.

The Iraqi crown prince, Abdullah Iah, was at the Baghdad airport to greet the smiling young shah.

Also on hand were the Iranian ambassador, Muddaffar Aslam, and other embassy officials, but the young ruler did not receive them.

The Iranian diplomats, beholden to Mossadegh, gave their ruler the cold shoulder when he made a stop-over here Sunday on his flight from his country, where Mossadegh police were rounding up Royalists.

The shah's chartered Constellation, with 20 reporters aboard, landed after a seven-hour flight from Rome. An army band played the Iranian national anthem as he descended the gangplank.

He will stay here overnight in the company of his "good friend," King Faisal, 18, and personally fly his own plane to Tehran Saturday.

It was in this plane that he escaped to Baghdad Sunday with three suitcases as his only luggage.

T. E. Webb, state director of the CIO Communication Workers of America said the "strike went off quietly and smoothly" in Texas.

Only one incident of violence was reported. At San Antonio, a policeman said a telephone company warehouse worker, Ray Cullen, had a tooth knocked out by a picket.

Close To Agreement

Frank Longman, vice president of CWA-CIO District 6, indicated the union and the company were fairly close to agreement.

"The union's entire proposal for contract improvement called for a top increase of seven and a half cents an hour. The union proposed a minimum from five cents an hour to seven and a half cents maximum. This would average five and nine-tenths cents an hour. The company's offer averages five and one-third cents an hour."

William White, federal mediation regional director at St. Louis, said no meetings would be held Friday. White said the recess would allow both parties and government conciliators to review the situation.

150 Rollicking Americans Ride Home From Captivity

PANMUNJOM—(P)—A rollicking 150 Americans, the largest single-day delivery yet in the Korean War prisoner exchange, rode out of Red captivity at this seaside village Friday.

Eager as youngsters, they shouted and danced as they were freed with 300 South Koreans.

The Americans were from Camp One at Chongsong on the Yalu River, the Red stockade for "incorrigibles" who actively resisted Communism.

The repatriates said the first group of Americans from a fourth Red prison—Camp 9 Kanggye—arrived Thursday night at Kaesong, the Red clearing site just north of Panmunjom.

All other American POW's sent back have been from Camps 1, 3 and 5, including some men transferred to these camps from other stockades.

The Reds said Saturday's delivery would include 94 Americans—30 of them sick or wounded—300 South Koreans, 23 British, 13 Canadians, three Australians, two French, one Turk and one Colombian.

Three Canadians, two British, one Australian and the Turk were listed as sick or wounded.

Teacher Tells Of Losing Job For Bucking 'Duke Of Duval'

AUSTIN—(P)—A witness in ouster proceedings against Judge Woodrow Laughlin of Alice testified Friday he saw what he believed to be stacks of ballots in a Duval County jailer's room last January 7.

Ponciano Ruiz of Benavides, rancher and oil field worker, said he was "rushed through the room but noticed the papers on a table to his right."

"They looked like ballots," he said.

Laughlin is accused of making it possible for Duval County political boss George Parr's forces to examine general election ballots by releasing them from court impoundment January 1.

Ruiz was the first witness in the fifth day of the hearing.

He was questioned at length about the papers he saw by Supreme Court Master D. B. Wood of Georgetown, who is hearing the case.

Ruiz testified he was jailed January 5 on a child support complaint.

He said the deputy sheriff who arrested him knocked on the jailer's room door on the night of his arrest, January 5.

"They just cracked the door and said we couldn't come in, that they were busy in there."

Two days later, on his release, Ruiz testified, he was hustled through the room.

Wood asked him to describe the papers he saw.

"They were 10 to 12 inches wide," Ruiz replied, "and I'd say—oh, about 16 inches long. There were various stacks of them on top of that table."

More than a score of witnesses remain to be heard.

Robert Leo Oldtown school teacher, who formerly taught in Duval County, testified five or six persons lost their jobs after they supported the Freedom Party, opposing Parr.

He said both he and his wife were fired without notice.

On cross-examination, he was asked:

"You said you know mothers down there were aroused because they were lecturing about contraceptives before 14 or 15-year-old girls?"

"No, sir. That's a lie," Leo said.

Judge Wood questioned Leo about his testimony.

"You said people were afraid to speak out in those elections. What were they afraid of?"

"The economic pressure that would be put on them—punishment they would get—that they would be put in jail for any little thing."

"Do you know by whom they were afraid of these things?" Wood asked.

Afraid Of George Parr

"Yes, sir. They were afraid of George Parr."

Both Ruiz and Leo were candidates on the Freedom Party ticket last year. Ruiz ran for tax assessor-collector and Leo for county school superintendent.

Judge Laughlin left the stand Thursday after almost four full days of constant grilling, much of it aimed at linking him closely with South Texas political boss George Parr.

Fall Temperatures Prevail As Rainfall Continues In State

Rains continued to fall over many Texas areas Thursday and Friday, while Fall-like temperatures cooled the Midland area and the rest of the state.

Rains up to 5.50 inches fell in the Edwards County area seven miles north of Rockspires where four inches was measured.

High reading for Midland Thursday was 89 degrees with a low Friday of 67. The temperature at 11:30 a.m. was 79 degrees.

Heavy rains Thursday in West Texas caused some streams to go out of banks. A three-car collision east of Amarillo was blamed on three inches of rain across the highway. Two tourists were killed.

State Highway 163, south of Ozona, a West Texas cattle center, was closed by high water.

Cumulo-nimbus clouds of the thunderstorm variety, were expected to hover around the Midland area Friday afternoon.

Woman, Daughter Escape Injuries In Gasoline Fire

Use of gasoline as a cleaning fluid paved the way Thursday for a near-disaster.

A Midland housewife and her two-year-old daughter escaped serious injury at 5 p.m. when flames raced through a small house at 1903 North Big Spring Street.

The woman, fire officials said Friday, apparently had been in her yard cleaning clothes with gasoline. She then put the soaked clothes into the bath tub inside the house and turned hot water on them. The heavy fumes that resulted were ignited by a flame from the water heater.

Contents of the house suffered heavy damage. The housewife and her daughter escaped without injury other than singed hair.

Pigg Reelected PMA Panel Head

W. E. Pigg was reelected chairman of the PMA committee for Midland County in Thursday's voting.

Also renamed were Dwight McDonald, vice chairman, and B. T. Graham, member.

New alternate members are T. A. Goolody and J. R. McCarter.

Approximately 150 votes were cast. More than 350 ballots had been mailed by PMA offices here.

FORT WORTH—(P)—Howard Davis, 29-year-old armless ex-convict, was accused Friday of stomping Marvin Stone, who was kidnaped from a hospital here Thursday and taken for a gangland ride.

HOUSTON—(P)—A murder charge against Mrs. Felice Anne Emmert, a kindergarten operator, in the fatal shooting of her husband last June 22 in an argument over a four-poster bed, was dismissed Friday by Judge Langston King for lack of evidence.

TAIPEH, FORMOSA—(P)—A Nationalist Chinese army sergeant with 20 years service is undergoing a series of operations to convert him into a woman, press reports said Friday.

Plan Shelved Until Money Is Available

A proposal to provide a new city-owned baseball stadium in time for the opening of the 1954 baseball season apparently went down swinging Thursday afternoon before Midland's City Council.

The council liked the idea and its members thought Midland should have a new baseball park to replace the present home of the Midland Indians.

Cuba Backs U. S. Stand Against India

UNITED NATIONS—(P)—Cuba Friday became the second UN member to line up with the United States in opposing inclusion of India in the Korean peace conference. Nationalist China came out against India earlier.

Other countries from Scandinavia, the Middle East and Eastern Europe joined the growing list in favor of India.

Among those supporting India before the General Assembly's 60-nation Political Committee at its morning session were Sweden, Norway, Egypt, Israel and Poland.

Cuban Delegate Emilio Ruescas-Portunondo said, "It is well known that the President of the Republic of Korea (Syngman Rhee) has said he will not sit in a conference with India on his side. India cannot be imposed on him."

Virtually all countries appeared to be supporting a resolution by Australia, New Zealand and Denmark recommending the inclusion of Russia provided that Communist China and North Korea desire it.

But they declined to put up the necessary \$80,000 so work could begin within 30 days in time for the new park to be ready by next April.

The council didn't exactly refuse to build the park but said any funds for such a project must come from the sale of present property, including Pagoda Park, owned by the city.

And City Manager W. H. Owen's admitted Friday that he has job of selling the necessary \$240,000 worth of real estate within the next 90 days appears hopeless.

In its action, the council set up a Baseball Park Fund, into which will be paid one-fourth of all funds received from the sale of its surplus property. The total amount, however, is not to exceed \$80,000.

Hells Likes Baseball

George Hells, a baseball fan himself and a member of the City Planning Commission which submitted the proposal, stayed in there fighting until the last out was called.

It was the commission's proposal that the city borrow the \$80,000 from its general fund and replace it later with proceeds from the sale of Pagoda Park.

"But the council said it wanted to do it the other way around: Sell the land first, get the money in hand and then build the park."

Hells outlined the proposal for the 5,000-seat stadium which would be located at the T. S. Hogan Park north of the city. He suggested the stadium be patterned after the one at San Angelo, which cost an estimated \$80,000.

Dimmer View Expressed

Marshall Wilburn, 209 East Spruce Street, who admitted he was not a baseball fan, took a dim view of the whole proposal and he didn't hesitate to tell the councilmen so.

"The Longhorn League is already on shaky ground," he said, "and there is good evidence that the Midland team will fold before next season."

"That Midland is just not interested in baseball is evidenced by the fact that only 70,000 or 75,000 people

Capital 'Dutchman,' Woman Pal Found Overcome By Gas

into influence peddling.

Police said Grunewald, 63, and Mrs. Ann Anderson, 46, were found overcome by gas fumes from two open jets of a kitchen stove, on which food had been cooking.

Police said they would be booked on a technical disorderly persons charge.

Grunewald attracted national attention during a House Ways and Means subcommittee inquiry into political influence on tax cases in the Internal Revenue Bureau.

He recently was fined \$1,000 and given a suspended 90-day jail sentence for contempt of Congress.

A neighbor upstairs from the apartment smelled gas fumes after midnight. The building superintendent broke in and called police. An emergency squad revived the two.

Police said a coffee pot, found over one of the open jets, might have boiled over and smothered the flames. Open liquor bottles were found in the kitchen.

When officers went through the man's wallet, they found a memento of Washington days—a pass to a reserved gallery section of the U. S. Senate signed by former Vice President Alben Barkley.

Police Lt. Michael Mannion said papers in a wallet gave his address as 4100 Cathedral Avenue, Washington. This is the address of Henry (The Dutchman) Grunewald, who figured prominently in an inquiry

Mashburn Improves After Heart Seizure

Jack Mashburn, dean of students at Midland High School, is reportedly improving at the Weld County Hospital in Greeley, Colo., after suffering a severe heart seizure last week.

Frank Monroe said a telephone conversation with Mrs. Mashburn Friday revealed that Mashburn has been taken out of an oxygen tent and "seems to be improving."

Physicians expect to release him from the hospital in several weeks if his condition continues to improve, his wife said. However it is not anticipated that he will resume his school duties immediately after his release.

Policeman Proves Other Makes Of Cars Do, Too, Get Tickets; Cadillac Pays Up

Big, sandy-haired L. A. McBrayer is just a good-natured, hard-working police officer who stolidly walks his beat in Midland's business district.

Sometimes he finds an automobile that has parked too long at a meter and he apologetically writes out a ticket.

Sometimes he spots a car parked in a restricted zone and out comes that little brown book and his stubby pencil.

But, never, he told Judge Stitt Friday, apparently had been in her yard cleaning clothes with gasoline. She then put the soaked clothes into the bath tub inside the house and turned hot water on them. The heavy fumes that resulted were ignited by a flame from the water heater.

Contents of the house suffered heavy damage. The housewife and her daughter escaped without injury other than singed hair.

Well, in addition to this Cadillac," he said, "I gave one to a Plymouth for overparking and one to a Studebaker for overparking."

"Out of the 80 tickets given that day," asked Culver, "how many were Cadillacs?"

"Only two," answered McBrayer. "Do you have any prejudices against people with Cadillacs or any other particular kind of car?"

"Absolutely not!"

The owner of the Cadillac took the stand again to repeat her charges of discrimination.

"The only other time I ever got a ticket," she said, "was when I parked in a restricted zone. I paid the ticket but I didn't like it because two other cars in the same zone didn't get tickets."

"And then I heard a man complain only yesterday that he thought they were picking on his Cadillac, too."

As far as the law requiring her to park within 18 inches of the curb was concerned, she said she did not know anything about that.

It was possible, she suggested, that another car pushed her car away from the curb.

"I don't believe," finally ruled Judge Stitt, "there has been any evidence to justify the court in feeling the officer was guilty of discriminating against Cadillacs."

"It was very much impressed by the statistics Officer McBrayer presented."

"However, I'm very glad you called it to our attention for we certainly don't want that sort of thing happening."

"In view of the fact that it was possible someone pushed your car out, I'm going to fine you only \$2."

The woman silently paid and left the courtroom.

Ticket Demand To Stretch 'Dirty Work' One More Week

"Dirty Work at the Crossroads" will be presented here the next two weekends, eliminating "The Drunkard" from the Summer Mummer schedule for the remainder of the current season.

It originally had been announced the two plays would show on alternate weekends throughout August. However, Mummer officials said, the demand for tickets for "Crossroads" has been so heavy that it will be shown on both of the

final weekends of the month. Performances are scheduled for 8:20 p.m. on Friday and Saturday of this week and next in the American Legion Hall. The box office is located at Albert S. Kelley, Inc., 113 North Colorado Street.

All reserved tables have been sold for the performances this weekend, however there still were unreserved tables available Friday morning, officials said.

Crooner Haymes Eases One Legal Pain, Faces Another

LOS ANGELES—Legal troubles proceeded according to pattern for Dick Haymes Friday. The crooner settled one problem and acquired another.

Haymes, who faces deportation proceedings, signed a property settlement Thursday with his present wife, Nora Eddington. But a previous wife, actress Joanne Dru Ireland, had him cited to answer her charge that he is \$2,438 behind in his payments for the support of their three children, Richard, 10, Helen, eight, and Barbara, four.

Haymes' property settlement with Mrs. Eddington, former wife of Errol Flynn, calls for a payment of \$8,000 in cash and \$100 a week for life, whether she remarries or not.

Mrs. Eddington will sue Haymes for divorce immediately, on incompatibility grounds, her attorney said. Under California law, this would mean at least a year's delay

before Haymes could marry actress Rita Hayworth, his most recent romantic interest.

Haymes' difficulties with the immigration authorities stem from his recent trip to Hawaii, where Miss Hayworth was visiting. Under the McCarran Act, an alien is not permitted to re-enter the U. S. mainland after once leaving. Haymes was born in Argentina and never became an American citizen.

Sugar Heir Held In \$10,000 Bail On Assault Charge

NEWPORT BEACH, CALIF.—A sugar heir Adolph Spreckles II was jailed Thursday night on suspicion of beating his fifth former wife, actress Kay Williams, so severely that he had to be taken to a hospital.

The actress, who divorced Spreckles last year on grounds of physical abuse, leased an apartment here to be near her children, Joan and Adolph III, who are staying with their father in his nearby Balboa Island home, friends said.

Spreckles was booked on suspicion of felonious assault with intent to commit great bodily harm. Spreckles was held in \$10,000 bond after spending several hours in the Orange County jail.

Werner Arnis was appointed to make moving pictures of the national legion parade to be staged in St. Louis late this month.

Actor John Payne, Divorcee To Wed

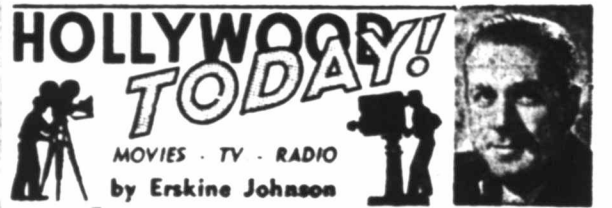

SANTA MONICA, CALIF.—A movie actor John Payne is going to be married for the third time late next month.

He and Alexandra Beryl Curtis, Long Beach divorcee, obtained a license Thursday. Payne said he is 41; she is 30. It will be her third marriage, too.

Because he is one of the busiest actors in Hollywood, Payne won't be able to crowd in the marriage ceremony until after his present picture is completed. The couple plans to be wed in Santa Barbara, Calif.

CONFUSION AT THE CROSSROADS—There's confusion aplenty in the Summer Mummer production of "Dirty Work at the Crossroads" when the villain, villain and deputy sheriff get together. Pictured above, left to right, they are John Scott Alcorn as Mookie Maguggins, the rude but rustic farm boy who's the deputy sheriff; Gretchen Estes as Ida Rhinegold, as deep as she is dyed, and Dick Cappell as Munro Murgatroyd, the Abilene scoundrel. The melodrama is scheduled for 8:20 p.m. Friday and Saturday in the American Legion Hall.

Gay and Dill, "What's all the talk about the new Deborah Kerr? That's not really true. It's just that Deborah Kerr had a break."

The British-born redhead on the subject of her starring performance as Karen Holmes in the film version of James Jones' army saga, "From Here to Eternity."

People have accused Deborah of being cold but she tells it.

"I was cold—the parts were all sweet, virginal, crystal-clear, dull heroines. I've said, Lord Cecil, don't leave me so many times. How can you get any sex or feeling into parts like that?"

Despite printed reports that she has re-signed with MGM for a picture a year, she denies that she's anything but free as the wind after she completes a season on Broadway in "Tea and Sympathy."

Deborah's reason for cutting studio ties.

"I can't take a chance after 'From Here to Eternity.' I can't spoil that. I hope I can get the kind of parts people haven't thought of me being in before. I hope I've bridged the whole thing. Of course, I'm a very skeptical creature. Everybody who's seen the picture talks about a whole new career for me.

"But I never believe anything

Opening Of Schools Increases Hazards, Exchange Club Told

The opening of schools next month will double responsibilities for each Midland driver, Jack Keese, city traffic engineer, told the Midland Exchange Club at the noon meeting Thursday in Hotel Scharbauer.

"Slow down and watch the children," Keese urged. "Quite often, they don't really know which way they're going to run."

"But," he continued, "Midland youths are more traffic conscious and cautious than the average adult driver."

Motorists in school areas should drive slower and keep a sharp eye out for children who may run into the streets, he cautioned, and they should be especially careful driving along streets which border schools.

"Accidents in Midland during 1953," Keese pointed out, "have cost an average of 52 cents a minute. A little caution can push that figure down."

Tooth For Breakfast Ritual

You're hearing an awful lot lately about the things President Eisenhower is doing for the game of golf. But has anyone given any thought to what he's doing for that ancient ritual, breakfast?

On the matter of golf, the evidence appears overwhelming. Sales of golf balls and clubs are up, club memberships have gained, the golf pros have more business, and the public links are crowded.

Even lobbyists, some of whom probably never have hefted anything heavier than a highball, are flailing away with golf sticks, acquiring a hook or a slice.

As for breakfast, the cold statistics aren't in yet. But we'll wager they make an impressive array.

Everybody's up and gulping away by 7:30. Eisenhower tosses off a murderous phrase like "see you at breakfast tomorrow" as casually as somebody else might say "let's have a quick one around 5:30 this afternoon."

A good many people knew the President liked to talk business over a meal. But they never imagined he'd give top priority to breakfast.

Sooner or later the egg market is going to feel a tremor from all this. And it wouldn't be surprising to hear that the breakfast food people were pushing black lines a bit higher on their business charts.

Furthermore, if you're going in for breakfast on the presidential scale, you can't stagger to the table and nibble morosely at burnt toast or stare blankly at black coffee.

Whether Ike's resurrection of this rather discredited ritual will have lasting effect, or whether it will be good, we wouldn't care to say. A lot will depend on what kind of a human being the breakfast-eating tyro turns out to be by sundown.

An East Coast man will pay his divorced wife's college tuition as well as alimony. Her chance to live and learn.

Going down to work with a bad cold is a very easy way of getting others down.

Being easy to do by your friends never leads to being well-to-do!

The Washington Merry-Go-Round

By Drew Pearson

Copyright 1953, By The Bell Syndicate, Inc. Drew Pearson says: McCarthy blasts newsmen who criticize him; Reds score with demand for free German elections; Pentagon problems are no picnic.

WASHINGTON — Jumpin' Joe McCarthy really pinned a badge of honor on Russell Wiggins, managing editor of the Washington Post, when he demanded that Wiggins be investigated for following an alleged anti-McCarthy line.

Wiggins doesn't particularly need any badge of honor. He has a long and distinguished record, ranging from the editorship of the St. Paul Pioneer Press to assistant to the publisher of the New York Times.

McCarthy's first attack on a newsmen was the hour-long diatribe he delivered on the Senate floor attacking the Portland Oregonian, cartoonist Herb Block, and this writer.

McCarthy followed this with other speeches and with a letter to 1,800 newspaper editors asking that they cancel the Washington Merry-Go-Round column.

Actual fact is that McCarthy attacks newspapers because they disagree with him or criticize him, not because they follow a Communist line.

McCarthy's first attack on a newsmen was the hour-long diatribe he delivered on the Senate floor attacking the Portland Oregonian, cartoonist Herb Block, and this writer.

JACOBY ON BRIDGE

By OSWALD JACOBY Written for NEA Service

South was a trifle light for the opening bid of two no-trump in today's hand. This bid usually shows 22 to 24 points, with balanced distribution and all suits well stopped.

North properly raised to three no-trump despite the singleton. He thought that game at a minor would be more difficult than game at no-trump.

West opened the four of hearts, East put up the queen, and South won with the king. Since the diamonds were the main hope, declarer went after the suit immediately by leading the king.

West carefully played the nine of diamonds on the first round of that suit, beginning a signal to show that he held only two cards in the suit.

Hand diagram showing North-South vul. and card distributions for West, East, and South (D).

South had three diamonds, which meant that East could not afford to take the first or second diamond trick for fear of giving declarer the rest of the suit.

South wasn't surprised when he was permitted to win with his king of diamonds. He continued with the jack of diamonds and overtook with dummy's queen.

East played low, of course, and dummy's queen of clubs held. Now South had to call on still another suit for his contract.

South led the four of spades, and dummy's queen of spades held. When the finesse held, he led the ace of spades and gave up a spade trick.

The rest was easy. South's last spade was good, and he therefore made three spades and two tricks in each of the other suits.

Q—The bidding has been: North 1 Diamond Pass 1 Heart 1 Spade 2 Clubs Pass? You, South, hold: Spade 7, Hearts K-Q-7-3-2, Diamonds K-9-8-3-2, Clubs Q-7. What do you do? A—Bid four diamonds. This is the same hand as Thursday, except that the minor suits are reversed. You jump past the level of

WASHINGTON COLUMN

Legal Maze Complicates Korean Peace Settlement

By PETER EDSON NEA Washington Correspondent

WASHINGTON—The United Nations General Assembly takes up the question of what to do about a Korean peace settlement with most uncertain prospects.

What this seems to mean is that the other side—the North Koreans, Chinese Communists and Russians—will make up their own not-so-sweet minds as to what should be done, say so, and that will be that.

On the UN side, it isn't nearly so simple. The United Nations commander, Gen. Mark W. Clark, has submitted his report to the United Nations General Assembly. This just starts the argument and the trouble.

The report will be referred to the Political Committee. This is made up of one representative from each of the 60 United Nations countries.

What the Russian position in all this is going to be, nobody will know until Foreign Minister Vishinsky goes into his harangue. On the basis of past performances and past utterances, however, there is some reason to believe that the Russians would welcome a general conference to discuss the lessening of Far East tensions.

If talking about them consists of sitting around a table, drinking vodka, nibbling caviar and being photographed for the propaganda purpose of showing the people behind the Iron Curtain how everybody loves everybody else, it will be a grand waste of time, but this is merely the first of the complications.

There is building up at United Nations conference to discuss not only peace in Korea but all the problems of the Far East. The six powers would be the United States, Russia, Britain, France, Communist China and India.

Pressure For Parley There is building up at United Nations conference to discuss not only peace in Korea but all the problems of the Far East.

But this is only the first objection to a Big Six parley. A second factor is that it would leave out Korea, which is more directly concerned in this business than anybody else.

Still another factor is that it would include India, which took no part in all the fighting, though it was the country that made the general proposals which resulted in the armistice agreement finally signed.

The support for including India in this conference comes from Great Britain, which wants to build up India's prestige as a major power in Asia.

But France—which has a vital interest in not wanting a Korean settlement to liberate Chinese three no-trump in the suit of your choice to show your strength and your unbalanced distribution.

Beside the Laughing Water

A Romance by LOUIS ARTHUR CUNNINGHAM

Copyright 1953 by NEA SERVICE, Inc.

XXIX THEY worked on the proofs through the long afternoon. "Gavin," said the girl, "the book will be in the book shops when we go to New York on our honeymoon. I can't imagine a greater thrill than to see a window full of Korean Karousel—"

"I can," smiled Lillith. "Seeing a window empty of it, after they've sold the last of a thousand they had on display."

"Wow! And you were talking about the unrealistic approach to the arts. Don't you know that first books aren't supposed to sell? They're to be given, autographed, to relatives and friends to prove you're an author."

"It's not going to be like that with our book," she insisted, and Gavin marveled at the faith of women and how they can make themselves believe the most far-fetched things if it suits their purpose. "Anyway, you're going to sell some here. It's required reading—or it's going to be—in the English classes at Edgemere and St. Bride's and of course everybody in town would want a copy. We killed two birds with one stone by having your by-line and having the book dedicated to me."

Gavin shook his head in silent admiration. "We may also be able to have it mentioned in the Drama Festival. Maybe Garrett Kane would casually allude to the flourishing condition of the other arts—"

"What about having a nice set of sandwich-boards made to wear with your going-away suit?" "We'll do better. We'll have an ad chalked on the back of the car along with 'Just Married.'"

While Gavin dressed to go to town, Lillith read on slowly, painstakingly, careful of every comma, every dubious spelling, every broken letter or bit of smudged type. This was their book, hers and Gavin's, their baby and it must be perfect.

She was lost in the easy flow of the words, carried away to the distant war-ravaged land. She did not know how long it had been going on and for a dazed moment or two she thought she had been dreaming it—that song she would always hear and, recall old bitter things— "Je te plumerai la tête—"

Gavin, singing up in his room—that clear rich baritone. But— "I'm—a—I'm a fool!" she muttered. "How could I imagine—"

BUT the voice was so much like that other voice that she had heard singing this old Canadian song that long ago day in Westerham Mews—Giles Wyland's voice. As the same rollicking chanson du pays went on and on there came to her another startling, troubled thought: Giles had been a poor singer, not able to carry a tune very well, but Gavin's voice was true and deep and resonant—and so, above the rush of the shower even, had been that other voice—

She knew with a numbness creeping over her, into her heart, into the depths of her brain, where these thoughts were leading. Of all the insensate folly! It was the craziest thing in the world and yet—

She looked up at the window from which the singing came and heard indeed her heart seemed to stop its rapid beat, and to falter and then go thundering on. He was looking out the window, talking to one of the workmen, and the red head, the set of the shoulders, they were Giles. They were so much like his brother that she closed her eyes and opened them again to see if it would seem any different. "It could have been," she whispered. "Oh, it could have been. But he would not—but it was one of them—it had to be one of them and if it was he—"

"Alouette, je te plumerai." He had resumed the song again. (To Be Continued)

EAST MEETS WEST—Father Paul Lu Kao-tang, a Catholic priest who fled Red China to continue his studies in the Philippines, finds it easy to talk things over with his western friends in Bamberg, Austria. When residents of Bamberg asked for an additional priest, the Vatican assigned Father Lu to their parish. Heavy ship commitments prevented him from booking passage, so the villagers chipped in and paid the clergyman's airplane fare from the Philippines to Austria.

McCarthy Advises 'Big Stick' Policy

CLEVELAND — (AP) — Senator McCarthy (R-Wis.) said Thursday night the United States should tell Chinese Communists to return every American prisoner "or we will wipe your accursed Communist leaders, who are responsible, from the face of the earth." He said that kind of policy would regain American prestige abroad and be the best assurance of peace.

The nation also should "notify the world that on the day Red China walks into the United Nations, the United States walks out," the former Marine captain said.

He slapped at Britain as an ally "who has recently insisted that Red China rather than Chiang Kai-Shek's government be a member of the United Nations" and "bragged that she is stepping up her shipments to Red China—shipment of the sinews of war to the enemy that has been killing the sons of Britain as well as the sons of America."

"This is the sort of thing which makes it easier to understand the statement recently made by that great American—no longer with us—Bob Taft, when he said we might ultimately have to 'go it alone,'" McCarthy said.

Morocco Calm Under New Sultan

PARIS — (AP) — Moulay Mohammed ben Arafa was confirmed as the new sultan of Morocco Friday.

Moroccans received calmly the news that Arafa, 64, uncle of Sid Mohammed ben Youssef, who was deposed by France as sultan Thursday and sent into exile on Corsica, is to move into the ruler's palace at Rabat.

Apparently the threat of civil war between the deposed sultan's Nationalistic followers and the Berber countrymen who rallied behind Pasha Thami el Glaoui of Marrakech had receded.

No outbreaks of violence were reported, either in French Morocco or Tangier, the international zone.

Daddy Ringtail

Daddy Ringtail And The Walking Hat

Daddy Ringtail, your monkey friend, was sitting down by the Elephant Path. He was thinking of the things that people think of when they aren't thinking of anything.

While he was doing his thinking, there came a hat that was walking along and walking alone. The hat was a big straw hat. It was as high as a wolf is tall.

Daddy Ringtail looked again. He wanted to be sure he saw what he saw. He saw it all right. There came the hat with two feet sticking out the bottom, walking along and walking alone.

But everyone knows that a hat has no feet. Everyone knows that thing.

A hat never walks along. But there was this hat a-walking on feet that everyone knows a hat doesn't have. Daddy Ringtail started to say, "Happy day, Mister Hat!" But he didn't say it. A hat has no ears to hear with. It has no mouth to answer with. Who would be silly enough to talk to a hat? Daddy Ringtail wouldn't.

OREGON TEENAGER LOSES PARENT S— Oklahoma City Homes Open Warmly For Dejected Youth

OKLAHOMA CITY —(AP)— Oklahoma City may turn out to be that pot of gold on the end of the rainbow for Roy Edwards, 17-year-old homeless Eugene, Ore., youth. Sheriff's officers found Roy sitting dejectedly on the courthouse steps. He told them he had tried to locate his father at Antlers, Okla., and failed. His mother, he said, died recently in an auto accident.

A quick check with his hometown authorities showed Roy was telling the truth. Officers there said he had a fine record, was an excellent football center (185 pounds) and baseball catcher for Coburg consolidated schools, eight miles west of Eugene.

Phone Begins Ringing
That's when the city decided to take Roy to its bosom. The sheriff's officers liked the amiable youth and offered to put him through high school if he wanted to stay here. When the news leaked out, the phone at the sheriff's office began ringing off the hook.

An Oklahoma City couple who lost their son in a Florida plane crash—the tragic accident that carried 24 University of Oklahoma ROTC cadets to their death—asked Roy if he wanted to take the place of their son.

"I think maybe we could do something for him and he could do something for us," the husband said. Others Offer Aid
A mother of another reservist who lost his life telephoned to offer her son's clothing.

One man called and said he had adopted five boys and put them

through college—now he was interested in doing the same thing for Roy.
The others were similar. Sheriff Bob Turner, pleased as punch, grinned. "We appreciate all the offers, but we want him to make up his own mind."
Roy, meanwhile, not quite ready to believe this is happening to him, is going to take a day or two to decide exactly what he wants to do.

Reds Return More Texans

By The Associated Press
Six more Texans, called "incorrigible" by their former Chinese captors, were back under United Nations command Friday after their release as prisoners of war in Korea. The Army identified 43 more Americans reported by the Communists to have died in captivity. Two were from Texas, Cpl. Richard Aguilar of Houston and Sgt. James Black, husband of Mrs. James Black of Teague.

In House, the parents of another prisoner learned Thursday that he had died of yellow jaundice in 1951. Still another Texan, Cpl. Bernard Weichman, West Columbia, was reported by the Communists to have escaped from one of their prison camps.

All six Texans released Friday were among 150 men who would not go for Communists propaganda and had been placed in Prison Camp 1 near the Yalu River border separating Korea and Manchuria.

Cpl. Ralph Ramirez, El Paso; Cpl. William Mann, San Antonio; Sgt. Leonel Trevino, San Juan; Cpl. Jack Noble, husband of Glynis L. Nobel, who recently moved to Tennessee from San Angelo; Cpl. Raymond Almindarez, Edinburg, and Sgt. Manuel Vasquez, Dallas.

Hospital Patient Abducted From Bed Kicked, Bludgeoned

PORT WORTH —(AP)— Marvin Stone, sent to a hospital after being stabbed in an alley early Monday, was kidnapped from his hospital room Thursday by three men who beat, slugged and kicked him.

Stone was back in the hospital Friday with cuts on the head, a possible broken left jaw, possibly broken ribs, a cut over the left eye and a smashed mouth.

There was no apparent motive for the attack.
Stone, 30, told police the men who took him to the country Thursday and beat him warned him "We'll kill you" if he complained to authorities.

Stone told police of the beating and returned to the hospital. He said the men, one armed, called during visiting hours shortly after noon, and that one shoved a pistol at him, saying "let's talk and laugh about it."

After about half an hour of visiting, one of the men said "Now let's walk down the steps and laugh while you're doing it." Stone related. An interne and nurses recalled seeing the men in the hall.

Adlai To Tell Ike About World Tour

CHICAGO —(AP)— Adlai Stevenson, home after a world tour of almost six months, apparently will give President Eisenhower a report on his global tour.

The defeated Democratic nominee for President in 1952 was asked by reporters if he had been invited to consult with the President.

"Before I left," Stevenson said, "Eisenhower asked me to see him when I come home. Every American responds to his President's requests."

The former governor of Illinois, who visited some 30 countries since last March 1, discussed his world tour—and politics—with reporters in news conferences in New York and Chicago Thursday.

He told the New York newsmen he didn't know whether he would be a presidential candidate in 1956.

He also told them that Russia appears to be in retreat in the cold war and that the danger of a major shooting conflict has eased for the present.

In Chicago, when he was asked if he considered himself "head of the Democratic party," Stevenson smiled and said: "I don't know," adding he would be active in politics "to the extent that circumstances permit."

Stevenson said he had not been in close touch with the political situation and had made no specific plans as to the role he would play in next year's congressional elections.

"But I want to do everything I can to help the party and the country," he told reporters.

He said the Democrats have "excellent" chances in the 1954 congressional races—better in the House than in the Senate contests. He commented that the "Democratic party in Congress has given the country the best example of loyal opposition."

Stevenson said he had not been in close touch with the political situation and had made no specific plans as to the role he would play in next year's congressional elections.

Anderson Asks Data On Navy Segregation

WASHINGTON —(AP)— Commanders of Navy shore stations are under orders to let Secretary of the Navy Robert B. Anderson know at two-month intervals what they are doing toward eliminating racial segregation.

The Navy disclosed the instructions Thursday after making a study which showed that separate facilities for white and negro civilians still were maintained in about half the Southern shore stations investigated.

FREEDOM VILLAGE —(AP)— The youngest American prisoner of war yet returned by the Communists came back to freedom Friday.

He is Pfc. Charles E. Elliott of Vienna, Va., who said he will be 20 in October.

Elliott was 17 when captured May 18, 1951, with the 2nd Division on the eastern front. He joined the Army a few days after his seventeenth birthday, he said.

CRACKED EARTH — A village on the Greek island of Zakynthos uses rocks, shattered masonry and any other available debris to fill the earth cracked by earthquakes. The quakes, which imposed the arduous task of rebuilding ruined communities, took more than a thousand lives throughout the Greek Ionian islands.

Strauss Says Reds May Pile Up Bombs

WASHINGTON —(AP)— Chairman Lewis L. Strauss of the Atomic Energy Commission (AEC) says "it is idle to assume that it is beyond the capabilities of our potential enemies to develop atomic weapons with a tremendously destructive capacity."

"It is also a fallacy," he said, "to assume that a stockpile of atomic weapons in our hands is in itself any longer a complete deterrent to aggressive action."

Strauss made the statements in a letter to Senator Wiley (R-Wis.) dated August 19 and evidently written a few hours before Moscow announced that a type of hydrogen bomb had been exploded in a Soviet experiment.

The AEC chairman shortly thereafter issued a statement confirming that U. S. monitors had detected an atomic explosion in the Soviet, on August 12, and that it included "thermonuclear" reactions, the scientific name for the hydrogen fusion process.

Current Events
His letter, made public Friday by Wiley, came as members of the Senate-Atomic Energy Commission who could get here were assembling for a closed session to discuss "current events."

Obviously, the latest Soviet atomic development was the big item on the agenda. Asked to brief committee members were officials of Strauss' commission and of the Central Intelligence Agency (CIA).

It seemed doubtful that there would be much elaboration, for the public, on Strauss' statement of Thursday, which said the United States had produced in 1951 and 1952 atomic tests the same sort of reaction detected in the August 12 Soviet blast.

Mrs. Vera Machholz Of Monahans Dies
ODESSA — Mrs. Vera Lee Machholz, 51, former Odessa resident who had lived in Monahans since last February, died Tuesday after an illness of 18 months.

Funeral services were held at 10 a.m. Friday in the Salem Baptist Church, Odessa. Interment was in Sunset Memorial Gardens.

Mrs. Machholz, a master barber and beautician, had lived in Odessa three years before moving to Monahans. She was a member of the Baptist Church.

Survivors include her husband, Lester L. Machholz, a brother, C. R. Calvert of Odessa, and a sister, Mrs. J. W. C. Hays of McCamey.

Plane Wreckage Yields Four Bodies
PLAINVIEW —(AP)— Four cattle-men were killed Wednesday night when the private plane in which they were flying crashed 25 miles northwest of here.

Bodies and wreckage were scattered over a 250-yard area. The wreckage was sighted about noon Thursday by a civil air patrol search plane.

Killed were L. D. Stokley, San Antonio cattleman and pilot; Phil Webb, San Antonio; Paul Fields, San Antonio, and J. Whitecotton, Uvalde.

Anderson Asks Data On Navy Segregation

WASHINGTON —(AP)— Commanders of Navy shore stations are under orders to let Secretary of the Navy Robert B. Anderson know at two-month intervals what they are doing toward eliminating racial segregation.

The Navy disclosed the instructions Thursday after making a study which showed that separate facilities for white and negro civilians still were maintained in about half the Southern shore stations investigated.

Anderson said he had not been in close touch with the political situation and had made no specific plans as to the role he would play in next year's congressional elections.

"But I want to do everything I can to help the party and the country," he told reporters.

He said the Democrats have "excellent" chances in the 1954 congressional races—better in the House than in the Senate contests. He commented that the "Democratic party in Congress has given the country the best example of loyal opposition."

Anderson said he had not been in close touch with the political situation and had made no specific plans as to the role he would play in next year's congressional elections.

SPORTS PARLEY

By CHARLEY ESKEW

Perhaps you've wondered, as we, just how well the Longhorn League of this season stacks up to its long hitting reputation of the past after many games were lost from the schedule and other dire circumstances came about.

When Lamesa and Big Spring both folded, of course the remaining clubs had to sit out several games and lost, besides, such easy serves as usually come to batters from regular second division team pitchers.

By the fact that both Lamesa and Big Spring's pitiful hurling alone was lost to the league, we'd say the batters suffered. But now comes along the firm that produces the loop's spheroid—Rawlings with its RO ball—and proudly claims that things are more jet-propelled than ever in the Longhorn League.

More Hop In Longhorn Ball

It's publicity, of course, but here's the firm's data and it answers a question!

The '53 season has been the season of the long ball—the home run—in both the major and the minor leagues. Everywhere in baseball, tape measures are held in readiness to measure the next long home run. Records are tumbling for extra base hits and home runs. The minor leagues are showing their fans real bang-up enthusiastic, long ball hitting."

Another way to say, naturally, that the firm is happy to be putting more hippity-hop into the "rabbit ball." You can say that it is for good or bad, take your choice; still everyone agrees that the long ball is the "fan-pleasurist thing" of all.

We dodge here the statement by the firm that it has encroached into more league locker rooms and left its RO ball than any other outfit, to read their "Home Runs Per Game" index, in which it summarizes just how last year's

hitting compares to this one.

There we find that the rap-happy Longhorn Loop of 1952—in which Joe Bauman of Artesia set an all-time mark of 50 home runs—might just as well have shouldered tooth picks, in relation to '53.

"This new index is actually a comparison of the total home runs hit by a league with the total number of games played by that league as of any particular date. By comparing the index of any particular date of the season with the final index figures of the previous year, it is possible to determine whether a league is ahead or behind last year in the power hitting department."

To cut it short, the Longhorn League, like seven of 10 other "rabbit ball" loops is ahead. The three trailing in the HRPG figures of '52 aren't being pickers about it for the Eastern League is only down five percent, the Big State 29 and the Western Association 20.

Cotton States Up 66 Per Cent

But take the Cotton States League for instance. "A 66 per cent increase in home runs. During the 1952 season the Cotton States League piled up an index of 681 home runs per game, while this year's season... a respectable 1133 home runs per game."

"Hal Martin (Hot Springs) has already hit 38 round-trippers and there are about 25 games to go (so compare that to the League record of 40 by Ralph Winegarner in 1930). And Dolph Regelsky, Meridian shortstop, recently hit four home runs in one game."

We get to the Longhorn by noting that the seven other "im-

proved" leagues are, with one exception, increasing their home run production per game at a plus 30 per cent clip.

"The Longhorn League which last season hit as a league at a rate of 1,229 home runs per game this season is hitting the run-producing, fan-delighting home run at the rate of 1,831 per game."

What might it have been if the last two clubs in the loop hadn't folded? No one doubts that its the finest thing in baseball when the home club steps in to break up a ball game with a home run—they pay money for it in Indian Park.

Faster Ball Or Faster Batters?

The most thrilling part about Midland's club of '53 isn't that it has one special slugger but includes rather a potential home run with every batsman. You can note the well-roundedness of the Indian lineup by checking the Indian Fax 'n' Figures.

Can we then thank the RO ball for such a team wallop—it goes for the whole league the same? Or can we say that Midland actually has the sluggers and they

go along with such as Bauman, Glen Burns, Merv Connors, Ike Jackson and Les Mulcahy in a circumstance that benefits a proud baseball firm?

If you think along the former line, add a second thought: It's time, in this long ball hitting year, we put our astonished teeth back in our mouths and holler "pooh-pooh, Mickey Mantle, pull it up." 2-all in the eighth and doubled in a run in the final frame to sail away the victory.

The Drillers scored in the third on three hits and an error. Andy Alonso singled to center, and after Jackie Wilcox flied out, Vince Di-Giantomasso got a scratch hit and Paul Halter singled to score Alonso.

Di-Giantomasso went to third on a bad throw and then scored on Felix Castro's wild throw to Pitcher Wes Ortiz at home. Odesa scored on four hits in the eighth. Lefty Loyko, Bob Martin, Robert Fabian and Castro all b-g-ing a-fetes that did the trick.

In the ninth, Leo Eastman singled and scored on Art Neely's double. Odesa... 000 000 021-3 13 1 A-tesia... 002 000 000-2 7 0 Ortiz and Castro; Alonso, Monahans and Mulcahy.

The Midland Church Softball League ends its regular play Friday night at Wadley Field and can wind up with one champion or three.

About the only thing certain is that First Methodist, St. Andrews and St. Lukes will form the threesome who will be in the playoffs when they start Monday.

First Methodist, with seven wins and two losses, can grab the title outright in its 6:30 p.m. game Friday if it wins over Bellview Baptist.

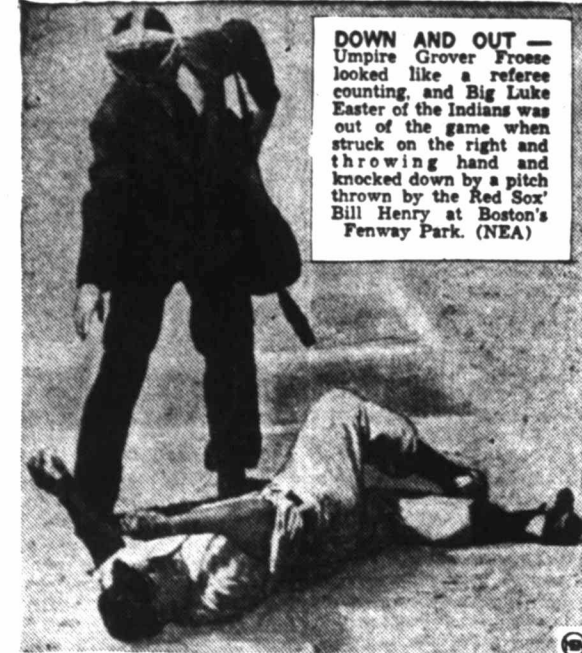

Second place St. Andrews already has completed play with a 7-3 mark. But St. Lukes, playing St. Marks at 8 p.m., can move into a tie with a victory.

A three-way tie for the championship would result if First Methodist lost and St. Lukes won.

However, Seixas is handicapped by a wrenched right knee. Friday Seixas and Trabert are down for a quarter-finals test against Australian newcomers Clive Wilderspin and Ian Ayre.

The latter's teammates, Mervyn Rose and Rex Hartwig, are paired with Grant Golden of Chicago, and Bernie Bartsen of San Angelo, Texas, in the remaining quarter-finals bracket.

Gardner Mulloy and Bill Talbert defeated Frank Guernsey of Garden City, N. Y., and Hamilton

DOWN AND OUT—Umpire Grover Frosse looked like a referee counting, and Big Luke Easter of the Indians was out of the game when struck on the right and throwing hand and knocked down by a pitch thrown by the Red Sox' Bill Henry at Boston's Fenway Park. (NEA)

Gregg Hurls Angelo Past 'Ashers, 5-2

CARLSBAD — W. Bobby Gregg flashing the form that made him an early season standout, the San Angelo Colts set down the Carlsbad Potashers, 5-2, Thursday night in the final of the three-game set won by Carlsbad, two games to one.

Gregg hurled five-hit ball, striking out seven along the route, to beat Marshall Epperson, who allowed only four safeties. However, person was the victim of a fielding miscues which made the difference.

San Angelo opened the scoring in the second on a walk, an error and Charley Galina's single, which scored both runners.

The Colts tallied another marker in the fifth on a walk, a fielder's choice and John Tavon's single.

They wrapped up their scoring in the sixth when Rudy Bruner walked, was sacrificed to second and scored on John Malgarini's single and in the ninth on a walk to Malgarini, a passed ball and two errors.

Carlsbad scored twice in the eighth. Don Riley singled and moved up on Merv Connors' double. Both scored on Catcher Ike Jackson's single.

San Angelo... 020 011 001-5 4 0 Carlsbad... 000 000 020-2 5 3 (Gregg and Bruner; Epperson and Jackson)

Odesa Beats Drillers, 3-2 ARTESIA —P— Artesia couldn't muster the power to take a three-game series from the Odesa Oilers Thursday. Odesa spoiled the picnic by edging the Drillers, 3-2, after Artesia took the first two games of the series.

The Drillers appeared to be on top of the world until the eighth inning after "riding across a pair of runs in the third, but Odesa tied it up... 2-all in the eighth and doubled in a run in the final frame to sail away the victory.

The Drillers scored in the third on three hits and an error. Andy Alonso singled to center, and after Jackie Wilcox flied out, Vince Di-Giantomasso got a scratch hit and Paul Halter singled to score Alonso.

Harvey Ward Drops Match At Western

GRAND RAPIDS, MICH.—P—Frank Strafaci's putting has dashed the Western Amateur Golf championship, but it's not the best part of his game.

The reason Strafaci has surged into the favorite's role in Friday's quarter-finals is something you can't see. He's got his confidence back.

"I played in a lot of tournaments after I won the national Public Links Tournament in 1945, but I lost the will to win," said the Garden City, N. Y. veteran.

He had the will Thursday. He submerged Dr. Wendell Aldrich of Angola, Ind., 4 and 3, with a wave of seven birdies in 15 holes.

In the morning round he trimmed George Busch, Jr., Grand Rapids, 3 and 1.

Ward, a Walker Cupper, was trounced by unknown Henry Loeb, Highland Park, Ill., 4 and 3. Walker Cup member James Jackson, Glendale, Mo., was eliminated by Dale Morey, Martinsville, Ind., veteran 2 and 1.

Only Don Cherry, among the Walker Cuppers, was able to advance. The Wichita Falls, Texas, crooner, defeated David Reniger of Lansing, Mich., 6 and 4, and Robert Benning of Dayton, Ohio, 3 and 2.

Friday's pairings, upper bracket: 1:30 p.m.—John Levinson, Chicago, vs. Dick Norton, Grand Rapids. 1:50 p.m.—Bob Cochran, Norman, Mo., vs. Strafaci.

Lower bracket: 1:40—Cherry vs. Ray Palmer, Wyandotte, Mich. 2:00—Harold Foreman, Highland Park, Ill., vs. Morey.

Tribe Salvages Finale; Visits Carlsbad Friday

ROSWELL — The Midland Indians cast off for Carlsbad Thursday night licking their wounds from a humiliation by the Roswell Rockets in their three-day stand here.

The Indians salvaged the final game of the series, 7-4, but during the three days took two lickings from the fifth-place club.

Fred Rodriguez, the strong-armed fireballing right-hander with an 8-7 r k for the season, is scheduled to pitch against the second-place Potashers Friday with Hank Williams or Clint Rogas expected to oppose him. Manager Pat McLaughlin was undecided Thursday night.

Tex Stephenson blasted his twelfth homer of the season to start the Indians off to a five-run fourth inning Thursday night. The blow was Midland's one-hundredth of the year.

Ward, a Walker Cupper, was trounced by unknown Henry Loeb, Highland Park, Ill., 4 and 3. Walker Cup member James Jackson, Glendale, Mo., was eliminated by Dale Morey, Martinsville, Ind., veteran 2 and 1.

Only Don Cherry, among the Walker Cuppers, was able to advance. The Wichita Falls, Texas, crooner, defeated David Reniger of Lansing, Mich., 6 and 4, and Robert Benning of Dayton, Ohio, 3 and 2.

After trailing the Rockets, 2-0, for three innings, Stephenson opened with his irrevocable off Bob Weaver. Moments later, Roger Dalla Betta doubled across Bill Brown and Scooter Hughes, and still in the fourth, Weaver walked in Glen Selbo with the fifth run of the frame.

Roswell closed it to 5-3 in its half of the inning and Midland came back with another four-master—this one by Hughes with Selbo who had walked, aboard—in the fifth to account for the Tribe's final two runs.

When Max Newcom gave up two consecutive singles to open the bottom of the fifth, Ralph Atkinson came on in relief and pitched two-hit ball the remaining distance. He gave up but one walk while striking out six.

Roswell couldn't muster more than one run during any inning off Newcom, but the Rockets were closing rapidly when he departed. A single by Osie Alvarez in the first scored the first marker, and Buddy Grimes' triple in the third accounted for another.

In the fourth Ricky Gonzales scored on a long fly to center. Al Valdes' single accounted for the fourth run in the fifth.

Colts, One-Time Texans, Rate As Underdogs In Lubbock Tilt

LUBBOCK — Those Texans who apt over the ste's last pro football venture—at Dallas in 1952—can stop the flow of tears when the bones of that dead club move into Lubbock Saturday to play the Chicago Cardinals.

Those old bones, they say, the Dallas-to-Baltimore transferred Colts have new life and (they say again) are due to be the most improved team in the Eastern division of the National Professional League.

But who could go wrong with a prediction like that, for Dallas could beat only one opponent and got mauled in general as it folded in mid-season and became a road team. The Lubbock JayCees, Saturday's

sponsor, at least are building its 8 p.m. grid menu on the strength that Baltimore, who lost a club two years earlier, has come back with new kick for the Colts. Rather than suffer cellar-dwellers in the old home town again.

Therefore, if aspirations... anything, Baltimore could prove a surprisingly good foe for Chicago

LEWIS HOAD... Put aside.

Clark-Burrows Trip Aussies From Brookline Doubles Play

BROOKLINE, MASS.—P—The prospects for American success in not only the National Doubles Tennis Tourney but the Davis Cup challenge round as well appeared extremely bright Friday at Longwood.

Although it still has two fairly strong teams among the six sets of survivors in the men's division, Australia's chances here were discounted sharply when its 18-year-old ace, Lewis Hoad and Ken Rosewall, were knocked out in the quarter-finals action.

Hoad and Rosewall faltered against hard-bitten campaigners Straight Clark of Pasadena, Calif., and Hal Burrows of Charlottesville, Va., 5-7, 14-12, 18-16, 9-7.

"We beat Hoad and Rosewall by handling their service and Vic Seixas and Tony Trabert should do better than we did," Clark said.

However, Seixas is handicapped by a wrenched right knee. Friday Seixas and Trabert are down for a quarter-finals test against Australian newcomers Clive Wilderspin and Ian Ayre.

The latter's teammates, Mervyn Rose and Rex Hartwig, are paired with Grant Golden of Chicago, and Bernie Bartsen of San Angelo, Texas, in the remaining quarter-finals bracket.

Gardner Mulloy and Bill Talbert defeated Frank Guernsey of Garden City, N. Y., and Hamilton

LUFKIN LITTLE LEAGUERS LOSE

AUSTIN —P— Little Rock, Ark., took only one inning Thursday night to make itself the Region 7 Little League representative to next week's Little World Series in Williamsport, Pa.

After Little Rock and Lufkin tied 1-1 through 10 innings Wednesday, the two clubs resumed play Thursday to see Bill Cooper homer and give the Arkansans a 2-1 victory in the eleventh inning of the Region 7 finals.

GRIBE GUARD—With Carl Furillo securely on first base, four Pirates dispute the Brooklyn outfielder's right to be there. Parading after Augie Donatelli are, left to right, Vic Janowicz, Danny O'Connell, Dick Cole and Dick Smith. Furillo hit a grounder to Shortstop Cole. The umpire called him out, reversed decision when First Baseman Smith dropped the ball. Looking on is Coach Jake Pitler. (NEA)

Eddie Arcaro Gets Chance With Dancer

CHICAGO (AP)—Eddie Arcaro may have put himself on a spot by taking over Native Dancer for Saturday's \$105,000 American Derby but it's a spot every other jockey would like.

This particular spot should be worth at least 10 per cent of the \$7,000 the Dancer is expected to earn by running nine other three-year-olds into the Washington Park turf.

The spot also is considered much more desirable than the one Arcaro has occupied in other races involving himself and Alfred G. Vanderbilt's great gray horse. As Arcaro himself pointed out Thursday night, "I'm an expert on Native Dancer's stern. I finished behind him eight times. Five times this year. Three times in 1952."

Eddie got the assignment because the Dancer's regular rider, Eric Guerin, is under suspension. Guerin, who guided Native Dancer to 17 victories in 18 starts, drew 10 days on the rails for a foul Saturday at Saratoga.

Now Arcaro, like Native Dancer something of a celebrity in the racing world, could be a party to one of the most embarrassing upsets of many a season.

The dancer is expected to be a 1 to 5 favorite for the mid-and-eighth derby on the basis of the sensational win record compiled under Guerin. He should easily raise his lifetime earnings to about \$750,000.

San Antonio Independents, 5-0.

It was the second win of the day for the Independents. They bested Chance-Vaught of Dallas, 13-0, in their first game.

The Dallas Air-Gals will be Midland's opponents in a 7:15 p.m. game Friday.

Margaret Bennett was the losing Midland hurler Thursday night, giving up eight hits. Her mates could get only one off the pitching of winner Maybelle Matta—a single by Dot Roberts in the sixth.

The winners scored one run in the sixth and added four in the seventh to set it off. Bennett fanned nine batters. Five Rhodors errors helped San Antonio's scoring.

Tourney Officials Tops In Determining Seedings

The City Tennis Tournament continued to befuddle the experts Thursday, but the puzzle gave them pleasure instead of ailments. The experts were patting themselves on the back for the manner they seeded the players, and through three days of action their seedings proved accurate.

For, without exception, the favorites continued to make them look good. That's unusual in itself, for favorites often drop by the wayside as fast as matches can be played. In the severest test of the whole tournament to date, Barbara Miller and Joan Cox outlasted Midland High School stars Janna and Wanda Murray, 8-6, 9-7, Thursday to gain the women's doubles finals.

That was as near to a major upset as has been provided.

Third-seeded Bob Barnes was extended to 24 games, but he managed straight sets victories over youthful John Galle in men's singles by 6-4 and 8-6.

Jimmy Wolfe, who had Harold Jones on the ropes during the first set of men's singles match Wednesday, 10-8, dropped the deciding sets, 6-4, 6-1 Thursday. Frank Ford was an easy 6-2, 6-3 victor over Joe Fraley in the other men's singles match.

Arthur Coats tapped his way into the semi-finals of the junior singles by ousting Preston Butcher, 7-5, 7-5. It was his second straight mild upset. He had beaten Jimmy Garvin

in the first round.

Second-seeded Bill Vandeventer and Clayton Tatom gained the finals of the junior doubles by bouncing Paxton Howard and Bill Crenshaw, 6-2, 6-0. That puts the duo opposite the top-seeded Galle-Garvin tandem in the finals.

Dorothy Craig, seeded No. 2 in women's singles, proved her worth by ousting Karry Holt, 6-1, 6-3, to gain the finals in that division. She will play the winner of the Miss Miller, top-seeded, and Betty Lewis match Friday.

Action was fast in the men's doubles, but there was no upset. Chick Harris and Bob Patterson, seeded No. 1, defeated Fraley and Lloyd Dunagan, 6-3, 7-5.

Second-seeded Arch McCall and Charles Davis whipped Gene Hovey and Jones, 6-4, 6-3 in the lower bracket while Wolfe and Ford topped Dr. Roger Bush and Frank Qualla, 6-4, 6-3 in the same bracket.

In the other top bracket match, Stanley Bellows and Bob Barnes ousted Garvin and Galle, 6-1, 6-1. The Saturday schedule had not been drawn up Friday morning, but tournament officials said the semi-final matches probably would begin at 2 p.m. Saturday with all finals scheduled to open at 2 p.m. Sunday.

WELL, ON TO '54— It's A Great Flag Chase In Major Loops—Wasn't It?

By BEN PHLEGAR
AP Sports Writer

The race for final positions in the major league standings appears to be all over in both circuits except to find out who's going to finish third.

Although there are still five weeks to play it's mostly just a question of waiting for the World Series—for Brooklyn and the New York Yankees—and for next year.

The third place races, however, are close in both leagues. Cleveland holds third in the American League by only half a game over the Boston Red Sox. St. Louis has a game edge on Philadelphia in the National.

To an individual player it is worth about twice as much to be a member of a third place finisher instead of with a fourth place club. The players on the first four clubs share

In World Series' receipts.

Except for the third place battles at least six games separate the clubs in their present positions in the National League. Only seven games divide the last place St. Louis Browns from the sixth place Athletics in the American League, with Detroit sandwiched in between. But none of these clubs has shown any indication that it will improve greatly or collapse between now and the end of the season.

The league leading Dodgers and Yankees each have a nine game edge. Brooklyn has 36 games to play. New York 35.

In Thursday's curtailed activity the Dodgers thumped the New York Giants, 10-0. St. Louis defeated the Chicago Cubs, 5-3, and Pittsburgh beat Philadelphia, 5-2, in the National League. The Yankees whipped Washington, 7-0, and Cleveland bounced Detroit, 13-7, in the American.

Carl Erskine, Brooklyn's biggest winner, posted his fifteenth victory of the season and his second straight four-hit shutout over the stumbling Giants. One of the league's best pitchers when he has his control, Erskine didn't walk a man and struck out six. Junior Gilliam, Jackie Robinson and Bobby Morgan hit home runs.

Robin Roberts fell victim to Philadelphia's sieve-like defense as he failed for the second time to win his twenty-first game. The Phillies committed four errors and four of the Pirates' five runs were unearned. The loss was Roberts' tenth.

Wilmer (Vinegar Bend) Mizell doubled home the winning runs in a sixth inning rally as he hung up his eleventh victory for St. Louis. He gave up seven Chicago hits but needed help from Gerry Staley to get the last out in the ninth.

The Yankees bombarded Bob Porterfield, the league's shutout leader, for seven runs in the fourth inning and broke his five game winning streak. Porterfield, who once tolled for the New Yorkers, has been beaten 10 times this season, five times by the Yankees. Eddie Lopat, won his eleventh straight against Washington dating back to June 26, 1951.

Cleveland broke its four game losing streak with an 18 hit attack at Detroit including home runs by Harry Simpson and Jim Hegan.

Baxter 12 Strokes Behind In Tourney

ANN ARBOR, MICH. (AP)— Rex Baxter, junior USGA and Hearst champion from Amarillo, slipped 12 strokes off the Thursday pace of leader Johnny Pott of Mississippi in the International JayCee golf tournament.

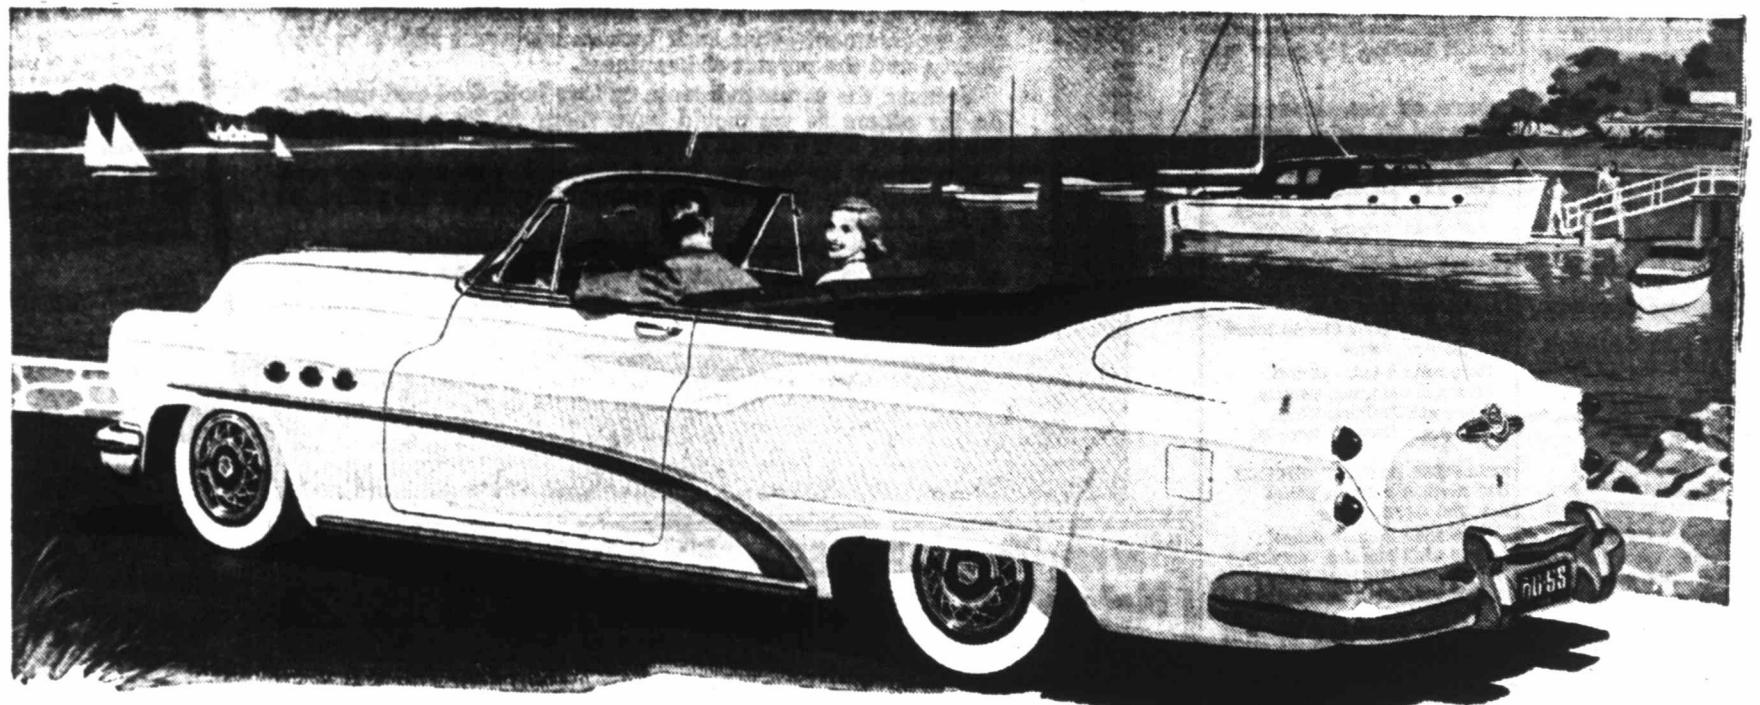

Pott registered a 76-69-145. Baxter a 79-78-157, with two rounds to play.

7:30 p.m.: Evening worship. There will be a joint service with the Westminster and St. Andrews Presbyterian Churches. The Rev. T. Henry Stafford, associate pastor of the First Presbyterian Church, will speak on "Is Israel's Error Ours?" His text will be "Let us go up at once, and occupy it, for we are well able to overcome it" (Numbers 13:30).

It's time to be up and doing! It's time to return to religion! That's what conscientious leaders are crying. Civic, educational, spiritual, political, even military men are urging a return to religion.... Why?

Because the principles found in the Bible are those upon which our western civilization is based.

Because the teachings of the Bible are the foundation of our own government—that each human has equal rights to life, liberty, and the pursuit of happiness.

Because the commandments to love both God and man—to do for others as we would have them do for us—these are the laws of living as we have known it.

But greed for wealth, lust for power, jealousy, disregard for human life—such are the evils that weaken the pillars of our existence.

Right this minute appoint yourself a vigilance committee of one. Make certain that you and your family support your church and its activities. Let's have a return to religion.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The Golden Text will be "The Word of God is quick, and powerful, and sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart" (Hebrews 4:12).

The reference in the Christian Science Handbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, is "The understanding that the ego is Mind, and that there is but one Mind or Intelligence, begins at once to destroy the errors of mortal sense and to supply the truth of immortal sense. The understanding makes the body harmonious; it makes the nerves, bones, brain, etc., servants, instead of masters. If man is governed by the law of divine Mind, his body is in submission to everlasting Life and Truth and Love."

Prison Riot Ends In Death, Injuries, Damage By Fire

MONROE, WASH.—(AP)—Three hundred inmates of the Washington State Reformatory went on a destructive spree Thursday night that ended hours later with one man dead, three injured and five of the institution's sprawling buildings destroyed by fire.

Half the rioters were in a cell block, the others on the grounds in the center. The buildings they had set torch to in a sudden outbreak of frenzied viciousness.

The rioters struck without warning during the evening recreation period. One group took over one of the reformatory's two large cell blocks and the other ran through the grounds setting fire to the buildings surrounding the recreation area.

Three hundred other prisoners took no part in the uprising.

Guards at first made no effort to stop the stone-throwing, bat-hurling, cursing, howling convicts. The Monroe Volunteer Fire Department was called and was inside the walls within minutes. But the firemen were driven back by stones and bats.

No explanation given. Other fire equipment arrived but none ever got inside the walls despite the hundreds of peace officers who came from all over Western Washington, including Seattle, 20 miles to the southwest.

No attempt was made by the convicts to communicate with Warden P. J. Squier or other officials—except to hurl taunts, imprecations and debris through windows and at guards.

No explanation for the outbreak could be had from Squier. One guard said, however, that there had been trouble during the day. He would not explain further.

Most of the inmates at the reformatory are younger offenders.

In their 20's. Older and more hardened criminals are kept in the Washington State Penitentiary.

Inmates rioting the cell block tore up plumbing, broke windows and destroyed furnishings. They, too, howled and cursed.

Then, several hours after the first outbreak at 7 p.m. (PST), a group of the men on the grounds tried to break through the gates. Guards, almost shoulder to shoulder atop the

30 foot high walls and armed with everything from riot guns to tommy guns, opened fire.

Four men fell. One was wounded fatally. Another, struck by a ricocheting bullet which passed through his head right behind his eyes, lay on the ground screaming.

Doctors said later he would be blind. The other two were not wounded seriously.

Strikes In France Come To Slow Halt

PARIS—(AP)—Non-Communist unions ordered thousands of workers back to their jobs Friday, the first break in the wave of strikes that has strangled France 16 days.

The back-to-work trek was slow. Unions were meeting all over France to discuss the terms of settlement.

The Socialist Workers' Force (FO) and the Christian Labor Federation (CFTC) agreed with Premier Joseph Laniel's government early Friday for postal, telegraph and telephone workers to end their strikes. Other government workers were expected to join the back-to-work movement.

Attempts to put in telephone calls to other cities in France were fruitless. The communications services were not expected to be back to normal before Monday in any case.

On other strike fronts there was little change. Only a few railroad trains were running, though Socialists and Catholics ordered their men back to work.

The Paris subway and bus system were paralyzed partly. Coal mines still were idle.

A 48-hour strike of metal workers called by non-Communist unions began Friday. Thousands were idle at steel mills and other factories.

The Communist-led General Confederation of Labor (CGT), left out of the negotiations, had not yet indicated any end to its walkout. The CGT controls the bulk of the railroad workers and transportation officials said the lines could operate only on a reduced scale without its members.

Withdrawal of the United States from the United Nations is the only way to preserve our constitution and Bill of Rights," Fred T. Spangler, San Antonio, told members of the JayCeers at their weekly luncheon Friday at Hotel Seabauer.

Spangler, a former Army intelligence officer and FBI agent, is touring the state in his capacity as an associate editor of National Republic, a magazine.

Spangler claimed that America's whole form of government is in jeopardy since it is the only country to hold membership in the United Nations by virtue of a treaty.

He advocates passage of the Bricker amendment to neutralize the effect of a constitutional section which provides that "any treaty will take precedence over all domestic law" thus putting the U. S. under the authority of the charter of the United Nations, he said.

Guests at the luncheon included W. S. Thrash of Dallas and Dr. Gene Spires, Midland. Baden Conner was introduced as a new member. Charles Lacy, president, presided.

Promise Of Reward Spurs Alaska Hunt For Missing Oilman

KETCHIKAN, ALASKA—(AP)—Planes from the United States and Canada, spurred by the promise of a \$25,000 reward, took to the air again Friday on the fourth day of a search for a New Mexico and Texas oilman and four others missing since Monday on a flight to the States.

Report of an unidentified plane sighted Monday night sent many searchers to the west side of Prince of Wales Island in the hunt for the private plane flown by Ellis Hall, 54, of Albuquerque and Abilene.

The plane, with Hall, his wife, two daughters and Patrick Hibben, 17, aboard, vanished Monday after taking off from Annette Island for Bellingham, Wash.

The Coast Guard said 23 military planes plus civilian fliers who were after the reward offered by Hall's business associates were slated to take part in the search Friday.

Single City Stone Kills Two Birds

The City Council decided Thursday afternoon to kill two birds with one stone.

On one hand the city is faced with the problem of filling up an abandoned caliche pit just west of the old College Campus at the west end of the city.

And, on the other, the city is spending \$1,000 or so each month for digging a hole, dumping the city's garbage in it and covering it up again.

So, within the next few weeks, the caliche pit will go into operation as a sanitary fill saving the city an estimated \$22,000 during the next year.

The caliche pit, along with the college campus, will be transformed into the M. C. Ulmer Community Park, under the city's park development program.

Noted Newsman Dies Of Heart Ailment

DENVER—(AP)— Pulitzer Prize winner Bert Andrews, 52, head of the New York Tribune's Washington Bureau, died here suddenly Friday.

He also said it was "common knowledge" in South Texas that Parr says he knows how everybody votes.

Top GOP Official Questions Testimony On Rothchild Theft

Rothchild, 42, a bookbinder, was suspended this week when he refused to tell the Senate Investigations subcommittee whether he is a Communist spy, or has ever pilfered confidential material.

Senator McCarthy's (R-Wis.) subcommittee has taken testimony the last few days that Rothchild, 42, "on a few occasions" pocketed pamphlets "pertaining to military stuff and once from another workman's machine." "So nice," she said for the U. S. Merchant Marine. "Although no names were given, it was apparent the time of these alleged actions was during the early 1940's.
