

The Baird Star.

Our Motto; " 'TIS NEITHER BIRTH, NOR WEALTH, NOR STATE; BUT THE GIT-UP-AND-GIT THAT MAKES MEN GREAT."

VOLUME NO. 35.

BAIRD, CALLAHAN COUNTY, TEXAS, FRIDAY, JULY 14, 1922.

NO. 32

WHO'S WHO IN THIS COUNTY

Politically Speaking, Will Be Determined --- Partially --- By Saturday Eve Week

To morrow night week will see "Who's Who," politically, in Texas—which includes Callahan County—so far as the first, or elimination primary, can determine this question.

This county, in fact every county in the State, has a host of candidates and they have, in Callahan, at least, uniformly conducted their canvass for votes like honorable Southern gentlemen, and although many will be denied the fruition of their ambitions, defeat will leave no bitter, cankered sores, for all are good American sports—the best in the world—and being 'left at the post' will only grin and hope for better luck next time.

Vote for your choice and, even if your favorites fail to win, take your disappointment and their defeat good naturedly and wait patiently and hopefully for "another chance."

The following are the managers of election in each of the nineteen precincts in the county:

- No. 1, Baird: C. B. Holmes.
- No. 2, Belle Plaine: Ace Hickman.
- No. 3, Cottonwood: W. S. Melton.
- No. 4, Tecumseh: Roy Armour.
- No. 5, Clyde: J. O. Moore.
- No. 6, Cross Plains: J. A. Barr.
- No. 7, Admiral: Ed Davis.
- No. 8, Putnam: L. J. Cook.
- No. 9, Erath: J. E. Johnson.
- No. 10, Eola: K. P. Stephenson.
- No. 11, Caddo Peak: J. H. Moore.
- No. 12, Eagle Cove: J. H. Burrows.
- No. 13, Atwell: G. T. Brashier.
- No. 15, Lanham: J. M. Morrisette.
- No. 16, Dressy: C. R. Steele.
- No. 17, Oplin: L. L. McBain.
- No. 18, Rowden: W. J. McCoy.
- No. 19, Denton: J. B. Ellis.
- No. 20, Hart: H. W. Grisham.

"B for A."

Not a Politician, but an EXPERIENCED layman asking the people for the office of Tax Assessor.

NOTICE

The Home National Bank, of Baird, located at Baird, Callahan County, in the State of Texas, is closing up its affairs. All note-holders and others, creditors of said association, are hereby notified to present the notes and other claims against the association for payment.

T. E. Powell,
Cashier.

Dated at Baird, Texas, July 12, 1922. 32.9t

The announcement of Mr. J. R. Dibrell, Jr., of Coleman, for Congress, will be found elsewhere in this issue. Mr. Dibrell is highly spoken of by those who know him best and we believe he would make a safe and efficient Congressman should he be the choice of the people of this district. The Star recently published Mr. Dibrell's platform. We would like our people to consider his claims carefully, as we consider him a worthy and capable citizen, who would appreciate your suffrage.

COYOTE'S NEW SOUTHPAW PITCHES PUZZLING BALL

Willie Higgins, of Admiral, who pitched for the Baird Coyotes last Sunday, at T-P Park, in the game with Abilene's K. P. team, is a southpaw with a brilliant future, if he takes care of himself and nurses that powerful, puzzling, twisting left wing of his.

He got ten strikeouts, and those K. P. clubbers swing nasty bats. Good old reliable Lonnie Ray supported him, as usual, most efficiently.

In the third and fourth innings an Abilene batter crossed the plate, but Baird tallied one in the fourth also, and Abilene failing to score, the Coyotes put one across in the sixth and tied the game. The visitor's failed to score again, and a Coyote ambling home in the ninth, won the game, 3-2.

There was a fair attendance. Claude Poe umpired the game and Ed D. Merrill scored. The Coyotes, it is rumored, will endeavor to play the snappy southpaw from Admiral as often as possible, if not regularly.

A NEW ASSOCIATION FOR BAIRD

J. D. Autry, of Snyder, was in Baird last week, in the interest of a new company, known as the Local Limited Benefit Association. Not having time to complete the organization last week, Mr. Autry returned this week and has perfected the organization by securing a number of local business men to act as a board of direction and will return next week and begin work soliciting members.

The purpose of the organization is a combination of life and accident insurance and loan association. The plan seems to be all right and the constitution and by-laws seem to give ample protection for all funds of the association.

The association is on the order of the Little Friend in Need Association, organized in Baird several years ago, that was forced out of business by a State law.

The new association is on a larger scale, including accident insurance and a loan clause to aid members in building homes or paying off mortgages on homes. This feature, we think, will appeal strongly to our people.

The local men selected on the Board of Directors are well known, successful business men, and the public can depend upon them to see that the business is conducted strictly on the square.

J. D. Autry is the secretary and treasurer and will be the only salaried employe, and not then until a certain number of members are secured. The secretary-treasurer is required to give a good and sufficient bond for the faithful discharge of his duties. Mr. Autry informs The Star that he will move his family to Baird and will make this his home.

PUBLIC SPEAKING

Mr. Lyday will speak for the Hon. Earl B. Mayfield, candidate for the United States Senate, at the Court House, Saturday night, July 15th at 8:30.

FRED ROGERS IS GAINING

In Race Against Neff, Whose Administration T. N. Jones Pillories And Condemns

A special dispatch to The Dallas News, from Tyler, under date of July 6, declares that T. N. Jones, of that city, announces that he will support Fred S. Rogers for Governor. Mr. Jones declares that Rogers has all the qualifications for the office, and is honest, capable, sincere and truthful. Mr. Rogers is declared to be in sympathy with the masses, especially the farmers and labor element.

Further, Mr. Jones says of Mr. Rogers:

"He believes in and favors the education of the children and the establishment of a free public school system as is demanded by the Constitution. He is opposed to the that education is a matter of school district concern. He favors the doctrine that the money to build and maintain the schools should be obtained where the property and most wealth is and used to educate the children wherever they may be found or happen to be born. He favors maintaining institutions of higher education of the highest standard. He is in favor of an economical administration of public affairs. He believes in a reasonable exercise of the pardoning power.

"Mr. Rogers waived his privilege to be placed in the exempt class when the call of his country was heard and responded to that call, serving in France with luster and credit. He became a candidate at the earnest solicitation of those who believe in a Democratic administration of public affairs."

The remainder of Mr. Jones' statement is devoted to criticism of Governor Neff's candidacy for re-election:

"I am opposed to and will vote against the renomination of Governor Neff for the following reasons:

"He has failed utterly to carry out any of his promises to the people.

"His course has provoked such a controversy with the present Legislature that he has been unable to work in harmony with it for the accomplishment of those things necessary for the upbuilding and development of the State.

"I believed his speech at Waxahachie on December 6, 1919, and accepted his declaration in regard to the schools. I have concluded that he did not know or understand what he said about education on that occasion. I think now that he was parroting what some one else had told him or written for him. I regard him as the greatest enemy to the public schools and the education of the children of the State.

"Governor Neff did not ask or urge the Legislature to make the appropriations for the rural schools. He did not ask the Legislature to appropriate any amount to the available school funds from the general revenue. Under his administration the appropriations for the two years when compared with 1920-21 were cut \$6,500,000. I charge that Governor Neff is solely responsible for this and the financial condition of

FLASHES OF ACTION REAL WAR PICTURES

Those Bairdites who patronized the Sigal Theatre Monday and Tuesday nights, and saw the screening of "Flashes of Action," produced for the benefit of Eugene Bell Post No. 82, American Legion, got a pretty concrete idea of what modern war is really life and now realize what a sordid, dirty, debasing thing it really is.

The film carried the audience through the whole wretched business from America across the ocean to France and back to America again, with Uncle Sam's boys in olive drab. They were shown on the transport, landing at Brest, packed in the dinky little 40-8 cars bound for the training camps, in the trenches, in action and wounded or dead on the battlefield.

At last their triumphant home coming with the big reviews in New York and Washington City, with General Pershing proudly leading the heroes who "won the war."

MR. PRINTZ TO CALLAHAN VOTERS

To the Voters of Callahan County, Texas:

Owing to the fact that my wife is in bad health, and has been since last March, I have been unable to make a house-to-house canvass of the County, as my competitors have done, and I take this method of trying to reach as many of the voters as I can, that I have not seen personally, and I wish to assure each and every one of you that your support will be as much appreciated as if I had met each of you face to face.

In making my canvass I have, and still advocate, a business administration of our County affairs, and in offering my services to the people of this County, I do so believing that you will appreciate public service fully performed.

I believe my occupation as an Abstractor, here at Baird, for the past four-and-a-half years, and thereby being familiar with the County Records, as well as the abstract numbers of the lands in this county (as your land is put upon the County Tax Rolls under Abstract Numbers and not under Survey Numbers), places me in a position to give you better service than any of my opponents for the office of Tax Assessor, and if nominated (which virtually means election) I will endeavor, to the utmost of my ability, to do and perform the duties of Tax Assessor without fear or favor, to all the people of Callahan County.

Your Assessor is a bonded officer, still he does not handle any of the County's money; but his bond is for the faithful performance of his duty, and if I am your choice for your next Tax Assessor I will consider my bond as security against any mistakes that I might make, and they will be adjusted to the satisfaction of all concerned, without reporting to the Commissioners' Court. In short, I will endeavor to deal with each one of you as man to man.

I am asking this office at your hands for the remuneration there is in it, and there is not one of my opponents (and they are all nice gentlemen) that would be in this race if the office did not pay for service that we expect to render.

With a grateful heart to all and malice toward none I beg to remain your expectant servant until the 22nd of July, 1922, and then, perhaps, until the run-off in August,

Yours truly,
G. E. Printz.

WHO IS THIS CANDIDATE

For United States Senator Hon. Clarence Ousley Now So Much In The Limelight?

Hon. Clarence Ousley, candidate for United States Senator, was born in Lowndes County, Georgia. He is a graduate of the Agricultural and Mechanical College of Alabama, and has been a citizen of Texas for forty-one years, coming here as a tutor in Old Marvin College, at Waxahachie. He was first superintendent of Public Schools at Waxahachie, and later entered the field of journalism. He was successively Editor of Farm & Ranch, Editor Semi-Weekly Dallas Farm News, Managing Editor Galveston News, President and Editor Galveston Tribune, Managing Editor Houston Post, Founder and Editor of Fort Worth Record.

Since the early nineties he has been an admitted leader in all educational and agricultural movements. He was Chairman of the Conference for Education in Texas which conducted a campaign for rural school betterment for several years. He was Chairman of the Board of Regents of the College of Industrial Arts and later, for a number of years, was Chairman of the Board of Regents of the University of Texas, and did more for this great educational institution than any other man has ever done, except those great philanthropists Colonel Breckenridge and Major Littlefield, who gave the State University vast sums of money and lands.

Colonel Ousley, not having the money and lands to give, gave to the University of Texas several years of his best thought, untiring zeal and diligent attention to its vital interests. He was also Director of Extension of the A. & M. College for six years, where he likewise did great and effective service for that great educational institution.

As a student of agricultural problems, particularly marketing and rural credits, he came into national prominence some fifteen years ago. He was a member of the American Commission appointed by President Wilson to study Rural Credit and Cooperative Marketing in Europe. Upon the research and reports of that Commission the Federal Farm Loan Bank System was constructed. Mr. Ousley had a conspicuous part in the European investigations and also in forming the Farm Loan Act.

In 1917 he was called to Washington as Assistant Secretary of Agriculture under President Wilson, where he served during and after the war. In that position he was charged with the responsibility of stimulating an increase of agricultural production in the United States to meet the needs of war, and was charged with administrative responsibilities touching nearly every phase of American agricultural life.

He was a member of the Agricultural Conference called by President Harding, in January last, to serve on the Committee of Credits, with such men as Eugene Meyer, Jr., of the War Finance Corporation; A. S. Lever, of the Farm Loan Board, and Mr. Miller, of the Federal Reserve Board. This was a distinct

Condensed Austin News

Governor Neff has accepted an invitation to address the Texas Association of Insurance Agents, which meets in Dallas Sept. 3. More than 2,000 agents will be in attendance on the meeting.

Governor Neff has issued a requisition on the Governor of Missouri for the return to Texas of Charles Ryan and Clyde D. McCoy, wanted at Dallas to answer a charge of removing mortgaged property, an automobile. Ryan and McCoy are reported to be in custody at Kansas City.

A radio receiving set to be used in furthering its market news program has been purchased by the Markets and Warehouse Department and will be installed within the next few days, according to an announcement made by Charles E. Baughman, Commissioner of this department.

The jury in the trial of Mrs. Maggie Ross, charged with murder in connection with the killing of her husband, John K. Ross, was discharged Thursday. The jury announced it stood ten to two, but did not say what the majority was for.

Deputy Insurance Commissioner John M. Scott went to Wichita Falls Thursday to aid in the prosecution of a man charged with violating the law requiring solicitors of insurance to have an agent's license from the State Department of Insurance and Banking.

A belated good fire credit was obtained by Celina when the State Fire Insurance Commission awarded the full amount of 15 per cent off the final rate account a three-year loss ratio of 124. Same is not effective on policies issued prior to June 16 and expires Feb. 28, 1923.

For the second time a continuance on motion of the defense has been granted in the case of Otto Nami, 19-year-old University of Texas student, charged with connection in the killing of John K. Ross, Travis County planter, at the Ross home in this city on the night of Feb. 4, 1922. Nami resides at Cuero.

The conservation, utilization and control of the water resources of Texas is perhaps the most important problem before the people today, in the opinion of C. E. Ellsworth, district engineer of the water resources branch, United States Geological Survey, Department of the Interior.

Railroad Commissioner Clarence E. Gilmore will leave Saturday for Washington to represent the Governor and Railroad Commission of Texas at the meeting called by the Interstate Commerce Commission to save the Kansas City, Mexico & Orient Railroad from being junked and abandoned. The session will be held July 12.

The semi-annual meeting of the seventh district of the State Medical Association was held in Austin Thursday. The district comprises the counties of Bastrop, Caldwell, Hays, Lee, Llano, San Saba, Travis and Williamson, all of which were represented. Dr. A. A. Ross of Lockhart is president of the district association, Dr. Edmond Doak of Taylor, vice president, and Dr. Morris Boerner of Austin, secretary.

G. A. Taft, general southwestern manager of the American Railway Express Company, was here conferring with the Railroad Commission regarding the new express classification, No. 28, which is soon to go into effect. Mr. Taft asked that the commission examine the classification and if necessary, set it down for hearing at the September session.

Miss Mamie Edmonson, secretary of the State Industrial Accident Board, has resigned her position, effective July 15, to accept a position with the Oil Men's Reciprocal Association of Houston, recently organized by Ex-Governor W. P. Hobby and George R. Christie. The Industrial Accident Board has appointed E. B. Barnes of Snyder, Texas, to fill the position of secretary.

A reward offered by the Board of Prison Commissioners, with the approval of the Governor, for the arrest and delivery of an escaped convict to the penitentiary authorities, or to any jail in the United States, after being identified, may be paid by the Board of Prison Commissioners to the widow of a Sheriff, who acting upon such offer, is killed by such convict in an attempt by such Sheriff to apprehend the convict although the convict is killed by the Sheriff in his effort to effect such apprehension, according to a ruling given by the Attorney General's Department to the Board of Prison Commissioners.

EPITOMIZED NEWS OF ESPECIAL INTEREST

IMPORTANT NEWS OF THE ENTIRE WEEK REDUCED FOR BUSY READERS

FOREIGN—

Critical developments may take place within the next few days as a result of the strained political situation between Prussia and Bavaria.

The Japanese army will be reduced by a total of 56,000 enlisted men, according to reorganization plans proposed by the war office and approved by the Cabinet. It was announced.

Choosing a day of special significance to the United States, Prince Regent Hirohito Tuesday signed the treaties ratified among the powers at the Washington arms conference.

A bomb thrown in the courtyard of the Trade Union Building in Mannheim last week injured a number of persons and considerably damaged the building.

For six months, Nicolai Lenin, the Bolshevik Premier, will put aside all Communist political activity and raise rabbits on a small truck farm near Moscow in an effort to win back his health.

Dutch authorities have confiscated 500,000 rifles bound for Russia, it was learned in Stockholm. The rifles were of the latest American make, and were being stored in Holland by a Bolshevik syndicate.

Announcement is made by the Government that the last resistance of the insurgents in Fortress Copacabana has ceased. The Government says the revolt has now been completely stamped out.

Jeane Parmentier was a passenger on the steamship La Savoie, sailing for New York on his way to Washington to confer with the American War Debt Funding Commission, to which he will present fully the financial condition of France.

A Central News dispatch from Rome says the gendarmes serving in an honorary capacity in policing the Vatican mutinied, crying out "Long live the Pope; death to the commandant."

The largest turtle ever imported to London was killed with due ceremonies at the Savoy Hotel, London to make the soup for the largest notable ever entertained in London, Ex-President Taft Chief Justice of the United States Supreme Court.

The purchase of \$250,000 worth of Astrakhan and broadtails for the New York market was announced by R. Mienz of the New York fur house of Joseph Steiner Brothers, who has just arrived in Leipzig from Moscow, according to press dispatches.

William E. Johnson, or, as the English press insists upon calling him "Pussyfoot," has invaded England and began immediately to organize what he termed a world convention against alcoholism, which is to be held at Toronto in the week beginning Nov. 19.

The allied reparations commission sent a note to the German Government warning it to pay over no money to the Ukrainian Government in pursuance of the projected treaty between Germany and the Ukraine, details of which have been brought to the commission's attention.

The Polish Government has guaranteed to return to America all the men of General Haller's Army still remaining in Poland. These men were recruited in America, took part in the World War and later in Polish campaigns in the hostilities with Russia. July 20 has been set as the last day for the registration of the men and their transport, by way of Danzig, will follow immediately afterward and completed, it is hoped, by the end of August.

That Japan stands for peace on land and sea and maintenance of the unbroken friendship existing between herself and America were the outstanding sentiments of the address delivered by Premier Kato at the luncheon given by him in honor of Edwin Denby, Secretary of the United States Navy, and visiting members of the Annapolis class of 1881.

WASHINGTON—

A final opportunity to offer further modifications to their proposals for development and operation of the Government power and nitrate projects at Muscle Shoals, Ala., will be given to all bidders whose offers have been considered by the Senate-Agricultural Committee, Chairman Norris announced.

increasing demand and a greater variety of requests for American manufactured products are pouring into the Department of Commerce.

Defeat of the Republican motion for cloture on the administration tariff bill appeared virtually certain on the eve of the vote on the issue.

A listening device, long looked for in connection with submarine warfare, which will pick up underwater sound signals at a distance of more than twenty miles, has been perfected by the Navy Department.

The I. C. C. recommended a payment from the Treasury of \$4,000 to the Port Boiver Iron Ore Railway Company of Texas, as being the full amount due it by the Government under the guaranty section of the transportation act.

Representatives of sixteen countries, including several hundred American business men, will attend the second general meeting of the International Chamber of Commerce, which is to start in Rome, Italy, March 19, 1923. This announcement was officially given out by the American branch of the Chamber.

Representatives of many of the powers of the State, church, bench and bar and commerce, forming a brilliant assemblage, participated with the United States in an impressive commemoration of Independence Day in London on the occasion of the annual banquet of the American Society at which Chief Justice Taft was the principal guest.

The Continental European wheat crop is smaller this year than heretofore, according to cabled information reaching the United States Department of Agriculture from many countries. In France, Spain, Italy and the Central European States the average is substantially less than last year, and, generally speaking, well below the five-year average.

Postmaster General Work issued instructions to division superintendents of the railway mail service to report to Washington immediately any attempt on the part of railway strikers to hamper mail movements and to advise with the Prosecuting Attorneys in those sections where disturbances occur, with a view to aiding in prosecutions.

Progress of the cotton crop during the week ending Tuesday was described by the Weather Bureau in its weekly weather and crop report as very good to excellent in Texas, very good in Oklahoma, Tennessee and South Carolina, fair to very good in Arkansas and North Carolina, generally good in Louisiana, fair in Georgia and Florida and poor to fair in Mississippi and Alabama. The temperature was not far from normal throughout the cotton belt, the review said.

In an opinion the Interstate Commerce Commission held that the rate on bags from New Orleans to Texas common points should exceed the contemporaneous rate on imported bagging from New Orleans to Dallas by at least 8c per 100 pounds. The complaint of Dallas, Waco and Oklahoma interests against the carriers' proposed reduction of the carload rates from New Orleans and elsewhere to Texas destinations caused the tariffs to be suspended, and the case was submitted to the commission two weeks ago.

DOMESTIC—

Five thousand harvest hands are waiting in Kansas City in need of work, and many acres of Kansas wheat need harvesting and lack the labor. Unless railroads at once allow a special rate or let harvest hands ride free on freight trains there is no way to get the workers to the fields.

Tom Smith, farmer and grain buyer, who resides northwest of Belt, has just completed marketing a crop of Irish potatoes gathered from a fraction over half an acre of land, from which he realized \$101.15. He now has a fine crop of June corn growing on the same land.

The Rt. Rev. Alexander C. Garrett, bishop of Dallas and members of the Dallas diocese of the Episcopal Church celebrated the sixty-sixth anniversary of his advent into the ministry Sunday morning at St. Matthew's Cathedral. A large attendance was recorded at the services and a special musical program was presented under the direction of Carl Weismann, organist of the church.

When H. H. Bennett, a farmer near Alice, reached in his mail box to get his letters he pulled out a fifteen-inch rattlesnake. Mr. Bennett was not bitten. There was almost a stampede in the postoffice, as many people were there awaiting for the mail. Someone finally managed to kill the snake.

Sliced peaches with Kellogg's Corn Flakes!

Can you imagine anything so good to eat early on a warm morning or for lunch as sliced peaches and milk, all-cold and fine—and Kellogg's Corn Flakes, crispy and delicious!

Eat plenty of Kellogg's Corn Flakes and fruit and know the happiness of feeling sprightly, despite the heat! Kellogg's Corn Flakes are exactly the sort of a diet you need. They are not only satisfying, but nourishing as well and just wonderful for little folks, in particular, because they digest so easily.

Be certain to get Kellogg's Corn Flakes in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes.

RAIL HEADS WILLING TO MEET STRIKERS

DENY THAT THEY ARE IN THE LEAGUE TO DISRUPT LABOR UNIONS.

BREAK EXPECTED REAL SOON

Freight Cars Will Be Needed Very Shortly to Move Grain and Fruit Crops.

Chicago, Ill.—Finding the leaders of the striking railroad shopmen amenable to peace if it can be arranged with dignity, the United States Railroad Labor Board Thursday turned its attention to the railroad executives in an effort to end the walkout.

While the executives have consistently claimed that they are not a party to the controversy, and that it is between the board and the unions, it was said at the board offices that a declaration of intentions on the open shop question from the American Association of Railroad Executives, denying that they are in league to disrupt the shop craft unions and willing to sit in another three-cornered conference on farming out shops, would do much to clear the atmosphere.

Such a statement may be forthcoming within eleven days, it was reported, but not before then, because all hands are casting up accounts on the strike to see just where they stand. If the executives do issue such a statement, it will mean that they have been unsuccessful in filling their shops with non-union employes, it is believed. Railroads everywhere are attempting desperately to get such employes, and the results of these endeavors will not be definitely known for another week.

While some carriers are reporting that men are returning to work and that they are having no trouble in hiring strikebreakers, official figures, not from executive offices, but from the shops themselves, reveal that conditions are not so rosy.

Practically no "manufacturing" is being done in big Chicago shops and no repairing requiring skilled work.

Reports to the Union News indicate this condition is true in most great shop centers. Some shops have half crews, but practically none of them have shop foremen, the nucleus of the strikebreaking units. Personal reports to President B. M. Jewell of the shop crafts unions enumerate the foremen by name out on every railroad.

"The foremen are out," said Jewell. "No shop can run without these men. Every foreman surrenders his card when he takes the job, but in case of strike they all are required to go out."

B. Y. P. U. DEDICATES A NEW AUDITORIUM

Dr. Truett Conducts Memorial Services At Palacios Encampment.

Palacios, Texas.—The third day of the B. Y. P. U. encampment showed an increasing number of delegates and visitors. Interest in the program centered in the dedication of the beautiful new auditorium given to the Baptists of Texas by C. M. Caldwell, millionaire oil man of Breckenridge, and Mrs. John Price of Palacios.

The auditorium was dedicated by Dr. George Truett in memory of those of the encampment who were drowned last summer and telegrams of sympathy were sent to the families of eight who lost their lives.

Dr. Truett, the principal speaker, gave to the crowded auditorium of 3,000 people many beautiful and vivid pictures of these dead upon the field of honor. The Rev. Mr. Morgan of Breckenridge spoke of the character of Mr. Caldwell, who gave the auditorium as a sacred memory to the generations that follow.

The Summer Normal and Camp Palomar of the San Marcos Academy recessed for the day and all business houses closed in special honor of the dead.

The weather continues ideal for the encampment and after services each evening large crowds go sailing on the beautiful moonlit Matagorda Bay.

Reach Agreement on Cottonseed Oil, Cairo, Egypt.—An agreement has been reached between the Egyptian shipping companies and shippers whereby cottonseed oil will be carried to the United States at 35 shillings a ton and to the United Kingdom at 25 shillings.

POSSEMEN PURSUING SUPPOSED SLAYERS

Negroes Seen in Pasture Believed to Be Murderers of Deputy Sheriff.

Muskogee, Okla.—Five hundred possemen with bloodhounds are pursuing a negro man and a woman, thought to be John Welch and his wife, who last Tuesday night killed Deputy Sheriff Homer Teaff, after he had arrested them on a minor charge.

The negroes were seen in a pasture three and a half miles southeast of here at noon, according to word reaching the Sheriff's office. They fled after having been recognized by members of the posse as the officer's slayers, the advices said.

Following receipt of appeals by the Sheriff and police for 100 additional men and more bloodhounds, several motor cars here began picking up all available volunteers in the city and almost immediately a cordon has been thrown about all roads in this vicinity. It is believed that more than 2,000 persons have participated in the search for the negroes which has continued without abatement since the murder.

Cadet Flyers May Get Back Pay.

Washington.—Back pay would be allowed many army cadet flyers if the Supreme Court sustains the court of claims in the case of Rider against the United States. Rider was a cadet flyer and brought suit in the Court of Claims, asserting he had not been paid the full amount due him during the cadet flying period.

Approves Rate On Unshelled Almonds

Washington.—The Senate was unable to hold a quorum Tuesday and was forced to recess until Wednesday after it had approved a tariff rate of 5c a pound on unshelled almonds. A vote on the committee rate of 15c a pound on shelled almonds went over.

Rebels Flee to the South.

Dublin.—Accepting capture of their positions as inevitable, the Irish rebels began deserting their defenses toward midnight Monday and were fleeing to the south of Dublin in small groups, carrying such arms, ammunition and hand grenades as they were able. Their fortified buildings were seen to burst into flames about midnight.

Why Suffer?

Cardui "Did Wonders for Me," Declares This Lady.

"I suffered for a long time with womanly weakness," says Mrs. J. R. Simpson, of 57 Spruce St., Asheville, N. C. "I finally got to the place where it was an effort for me to go. I would have bearing-down pains in my side and back — especially severe across my back, and down in my side there was a great deal of soreness. I was nervous and easily upset.

TAKE

CARDUI

The Woman's Tonic

"I heard of Cardui and decided to use it," continues Mrs. Simpson. "I saw shortly it was benefiting me, so I kept it up and it did wonders for me. And since then I have been glad to praise Cardui. It is the best woman's tonic made." Weak women need a tonic. Thousands and thousands, like Mrs. Simpson, have found Cardui of benefit to them. Try Cardui for your trouble.

ALL DRUGGISTS

Big Ships' Radio.

The radio equipment of the ships Paris and Lafayette is described in a recent issue of Radioelectricity. On both steamers a five-kilowatt tube transmitter has been installed with a wave range of between 2,000 and 9,000 meters. A five-kilowatt motor-generator set is used to produce the plate-high tension for four rectifying and four oscillatory tubes, and the low voltage current for the heating of the filament of these tubes. Both vessels are equipped with a radio range-finder, or "radio goniometer," which, reduced to plain English, means a radio compass. A distance of 3,400 kilometers has been covered safely by messages sent from the transmitter of the Paris.

Radio for Animal Training.

Experiments with the radiophone as an aid in animal training are to be made at the Hippodrome, New York city, by George Power, trainer of the elephants, to determine whether it will be possible for his big pets at some future date to execute his orders on the stage while the trainer himself is absent.

Professor Bell a Radio Fan.

Finding the telephone, his own invention, a source of annoyance to him, Alexander Graham Bell had it removed from his home. With the radiophone there is a difference, it seems, for Mr. Bell, now seventy-five years old, is said never to tire of "listening in" and experimenting with the new device. There are few more ardent enthusiasts, declare his friends.

Notices have been sent to banks throughout the country to be on their guard against a new counterfeit \$100 Federal Reserve note, it was said at the Treasury.

Despite the present attitude of the Peruvian Government, hope had not been abandoned that the Tacna-Arica compromise plan suggested by the United States would be accepted as a basis of agreement in the Chilean-Peruvian conference.

SOME MORE GUESSES ON SENATOR

On June 22 the Taylor County Times, replied to a "guess" editorial in The Star of June 16th, in which we expressed the opinion that Culberson would lead in the first primary, with Cullen Thomas a close second. That "guess" was made on conditions as they appeared then to exist, and without any reference to our own personal preference, for we are not committed to the support of either of the candidates named. Here is The Times reply:

We believe you are wrong, Brother Gilliland, but there is nothing wrong in guessing. Our guess would be that Culberson will not be in the run-off. And our further guess would be that Thomas, Ousley and Mayfield will be close in the first race, and that Culberson will be fourth man. Our guess is that the run-off will be between Thomas and Ousley or Thomas and Mayfield, and should it be the first two, Thomas will be nominated, and should it be the last two, then it will be Mayfield. Paste this in your hat and when the races have been run see which of us is the best on guessing.

Of course things have changed considerably since our first guess was made and we are inclined to believe Brother Fisk is correct about Culberson, though we may both be mistaken. In his prime, Culberson had no superior in Texas as an organizer of political forces, and he might be able to keep this up, but the fact that persistent reports of his poor health keep coming in and the fact that the charge goes unchallenged, that he has not been in Texas for ten years is telling against the Senator, and it looks now as if he will not win a place in the second primary.

We also believe that Brother Fisk's guess that Ousley and Thomas will be in the second primary is probable, but that Thomas will win—we think this is doubtful. Ousley is more likely to win, is our guess.

As to Mayfield winning over Thomas, should it be these two in the second primary, our guess is that Thomas will win. There are so many things to be considered that may influence the decision, that a guess of any kind is not worth much.

Thomas and Mayfield are both pros. Culberson has always been an anti, Ousley also, but he voted for statewide prohibition the last election on that proposition—says so himself. Henry seems to rely on the Ku Klux Klan support more than anything else, though he makes a strong bid for the pro vote, by saying that he will favor a rigid enforcement of all prohibition laws. In fact, all the Senatorial candidates say that.

If the Ku Klux are anything like as strong as they claim, they may put Henry in the second primary, but it is not likely that friends of

other defeated candidates will combine against him? Our guess is that the only man Henry can defeat in the second primary is Mayfield, and it is pretty certain that both Henry and Mayfield will not be in the second primary.

Many antis went back on Colquitt six years ago in the second primary and voted for Culberson. The pros went solidly for Culberson, practically, not that they loved him, but that they had no love for Colquitt, because of his active opposition to prohibition. Colquitt led Culberson by thirty thousand votes in the first primary, and lost to him by sixty thousand votes in the second primary.

The pros lost their candidate, Brooks, in that primary, but won statewide prohibition, of more value to them, because the defeat of Colquitt, the strongest anti in Texas, had much to do with making Texas dry, if it was not the actual deciding factor. Colquitt's anti friends became disgusted because of the way they treated Colquitt in 1916, and were either lukewarm against prohibition or refused to vote.

The second primary will decide, that is about all any one can see now.

The report of race discrimination at Annapolis is displeasing to the sense of justice of the American people. If it is true that a Jewish student has been subjected to indignities at the United States Naval Academy, solely because of his race, the students responsible ought to be severely punished and it should be made plain at once that the nation which pays for their education will not stand for any such high-handed conduct. Men should not be punished or judged as a race, but rather as individuals. However, it is not for a student body to punish any one, whether guilty or not, and the sooner this false idea is dissipated the better.—Cisco American.

CULBERSON VOTED AGAINST FARMERS ON TARIFF ISSUE

Barry Miller, campaign manager for Senator Culberson, made the following remarkable statement in an address at Nacogdoches Saturday:

"Senator Culberson, on the main issues, stands now, as ever before, for the Democratic doctrine of tariff for revenue only, and that such incidental protection as comes from a tariff thus levied shall be equitably distributed for the benefit of both the raw material and those goods manufactured of the raw material."

If that is where Senator Culberson "stands," then he does not vote that way. As Judge Miller has been reminding us lately, performance is more important than promise, and it does not make much difference where Judge Miller says his candidate "stands," if Senator Culberson's votes in the Senate are precisely the opposite of Judge Miller's professions.

Senator Culberson voted for a tariff on manufactured woolen goods in the Simmons-Underwood bill. And he voted against a tariff on wool, as provided in the Emergency Tariff bill. More than that, when the proposal was before the Senate to extend the life of the Emergency Tariff bill, because of the great damage that would be done the producers of wool, of cotton seed, of cattle and other products, if the tariff was removed, Senator Culberson voted against extending the life of the bill.—Fort Worth Star-Telegram.

We understand that Mr. J. R. Dibrell, of Coleman, candidate for Congress, was in Baird last week and called at The Star office, but we were out at the time. We would like to have met Mr. Dibrell, as we have, in past years, had considerable business with his firm, in publishing legal documents. Mr. Dibrell visited the office then more than once, but we did not meet him either time.

"B for A"

BOWLUS is leading his five opponents by a substantial margin—there is a reason—EXPERIENCE.

FRED S. ROGERS IS GAINING

Continued from first page.

the schools throughout the State.

He declared martial law at Mexia and in Freestone County. There was no justification or excuse for such action. We are gradually growing in this country to believe that State or Federal troops should be called into use every time a gang of negroes stage a dice game or a group of bootleggers make and sell a few quarts of whisky. I am unalterably opposed to martial law or the use of State or Federal troops unless absolutely necessary in case of insurrection, revolution or riot, which can not be controlled by local peace officers aided by the State Rangers.

His administration has been the most extravagant in the history of the State. He approved a bill appropriating \$1,500,000 to build a tuberculosis sanitarium at Kerrville for ex-service men. There are less than sixty inmates of that institution. They are now costing the State, including interest at 5 per cent on the \$1,500,000, about \$3,000 each per annum.

He signed a bill to sell the entire penitentiary plant, including the land, and providing for the purchase of another site and the building of another penitentiary. That will cost the State at least \$5,000,000.

He approved the act appropriating \$200,000 for salaries of eighty-five cattle inspectors for two years and \$170,000 for their traveling expenses. Yet he vetoed the rural aid bill, partly on the ground, among other things, that it cost a few thousand dollars to administer it.

He boasts of his pardon board. His position in regard to pardons is against the enlightened public opinion of the age. It is not true all of those who are pardoned return to criminal practices.

He favors the repeal of the suspended sentence law and at the same time weeps over the boys and the young men in the penitentiary.

The Democratic party specifically declared to amend the minimum wage law for women. It was amended by the act of the Legislature. Governor Neff vetoed the bill amending it. A bill was passed repealing it. He approved the bill, wiping the law from the statutes of Texas. The minimum wage law for women was the best ever passed in the interest of the women in this State. Its fundamental purpose was to establish such a system of wages for women in Texas, who work, as would enable them to live comfortably.

I favor the combined political influence of the producers and the consumers who labor. They constitute the overwhelming majority. The majority should control the Government. Governor Neff has done nothing for either class and has not encouraged such united action, politically or otherwise."

"B for A"

Increase BOWLUS' plurality to a majority in the July Primary.

Farmer William Hornsby, who intelligently cultivates the soil south of Belle Plaine, brought a cluster of freak tomatoes to The Star office Monday. There were three, springing from the same fruit calyx, two of generous size, cemented together at their base, a third, nearly grown and a fresh bloom.

Rawleigh Ray dropped off here Monday to see the home folks, on his way to Lubbock, where the San Angelo Broncs, of the West Texas Base Ball League, on which team he is one of the pitching staff, had played a game the day previous. The Broncs will play nine games on this trip, three games each, beginning last Wednesday, with Lubbock, Amarillo and Clovis, respectively. Rawleigh is in fine physical trim and likes his job.

PERSONALS

Raymond Foy, of Dallas, visited the home folks last week.

Born to Mr. and Mrs. Bird Chambers, Tuesday, July 11, 1922, a daughter.

Mrs. John Babb of Post City, is visiting her sister, Mr. J. E. Gilliland.

Victor Gilbert, of Putnam, candidate for County Judge, was in Baird Wednesday and yesterday.

Dr. H. H. Ramsey, of Abilene, was in Baird Wednesday. He was enroute to Cottonwood to visit his mother.

Mrs. J. E. Gilliland returned Sunday night from Gorman, where she spent several days with her sister, Mrs. Oscar Mann, who is ill.

Mr. and Mrs. H. C. Grantham and grand-daughter, Miss Annie Mae, Mr. and Mrs. Dick Wright and daughter, of Tecumseh, were in Baird, Tuesday.

Mr. and Mrs. J. J. Price, Misses Gladys, Agnes and Master Morris Eastham, visited friends in Strawn Saturday and Sunday.

Ford and Fordson Agent Harry Berry has treated his garage to a coat of paint, which tastefully improves its appearance.

Debonair Grady G. Respass, County Clerk of Callahan County, "feels reasonably confident" of being nominated for reelection on Saturday, July 22.

Mrs. R. E. Wathen and daughter, Miss Laura left Tuesday night for El Paso, where they will make their home. They have many friends in Baird, where they have made their home so long, who regret to have them leave here, but wish them every happiness in their new home.

D. O. Murphy, the brilliant, versatile and oratorical eloquent officer of the American Public Service Company, gave The Star office a call Tuesday evening. His company has great improvements underway in Baird, which will be completed by the first of August (he hopes) and for some time he will "hang around" this burg.

Little Lahoma Jarvis was made very happy Tuesday by receiving a package containing beautiful sea shells from her uncle, Ransom Jarvis, of Florida, also a picture of her uncle and his pet Alligator, Mr. Jarvis in an ex-soldier, having seen several months service on the front in the World War. He invites little Miss Lahoma to spend the summer with him in his Florida home and help him train his alligators.

RADIO DON'TS

Don't expect the circuit to oscillate with equal strength over a great range if you tune the grid circuit with capacity alone. Keep the ratio of L to C as near constant as possible while tuning.

Don't expect a circuit to oscillate if the natural period of the tickler circuit is equal to the natural period of the grid circuit.

Don't place the tickler or plate variometer tight against the grid coil or a change in the plate circuit will detune the grid circuit.

Don't expect high impedance tubes to oscillate freely in a circuit designed for low impedance tubes.

Don't discard a regenerative receiver until you have tried more than one detector tube.

Don't forget that a soft gaseous tube is the best detector, and that a hard tube is the best oscillator.

Don't treat inductance coils with shellac or any other varnish or compound that will absorb moisture.

WHO IS THIS CANDIDATE

Continued from first page

compliment to Colonel Ousley's administrative genius, and practically an admission that his equal could not be found within the ranks of the Republican party.

He is better equipped, perhaps, than any other man in the South, to construct a better system of Cooperative Credit for Agricultural and Livestock Raising, so essential to the welfare of Texas producers. During his term of service as Assistant Secretary of Agriculture of the United States, Mr. Ousley was frequently in intimate contact with the leaders of both the House and the Senate and is credited with having been consulted by them oftener, perhaps, than any other man in Washington.

He is a leader, not a follower. He does his own thinking, and he thinks in terms of welfare of the whole people—not in the interest of classes and factions. Both capital and labor recognize him as a fair man, desiring to do justice to both, but refusing to give special favors to either. He is devoted to the principles of State and community rights and resolutely opposed to interference by the Federal Government in the control of State and local affairs.

He recognizes prohibition, woman suffrage and related issues as settled beyond the possibility of revival and is firm for their enforcement.

"B for A"

Let your conscience be your guide, and you will vote for EXPERIENCE

IN MEMORY OF GLADYS PEARCE

There are so many things we can not understand and, among them, is the fact that the Death Angel came and took from us our darling Gladys.

Our hearts are sad, our home is lonely without her. But God called her and she fain could not wait.

She suffered long and patiently but she died without pain. The seraphic smile upon her lovely face in those last moments told us that she was safe in the arms of Jesus.

She has only gone on before to await our coming and ah! how sweet 'twill be to meet her in that Home where sorrow and suffering will never be known.

It is very hard to give up our loved ones, yet they are not ours, but God's. He only gave us them to love and we should remember that He only called His own.

We should also remember that God is good, no matter how we are made to suffer, I feel some time that sorrow is sent upon us to test our faith, and I know her life was not taken in vain.

Her sweet, smiling face and ringing laughter will never be forgotten by those that loved her.

She was kind and gentle and a friend to all and is sadly missed, but Jesus said: "Behold! your house is left unto you desolate; and verily I say unto you: Ye shall not see Me until the time come when ye shall say, 'Blessed is he that cometh in the name of the Lord.'"

He also said: "As many as I love, I rebuke and chasten: be zealous therefore and repent. Behold I stand at the door and knock; if any man hear My voice and open the door I will come in to him and will sup with him and he with Me. To him that overcometh will I grant to sit with Me in My throne, even as I also overcame; and am set down with My Father in His throne. He that hath an ear let him hear what the Spirit saith unto the churches."

Therefore, let us live to meet each other in that home where tear drops never fall and where only joy and gladness fill the heart for evermore.

From the Heart of One Who Loved Her.

"B for A"

Make it a VICTORY for EXPERIENCE.

I am a Callahan County product 31 years of age, having a High School Education and a wide knowledge of Tax Matters, since I have compiled the Tax Rolls for Callahan County for the years 1915-19-20-21. I saw eighteen months service in the Army during 1917-18.

W. L. BOWLUS FOR ASSESSOR

If you appreciate my qualifications and actual Experience in the Assessor's Office, give me your active support during this campaign, and I shall ever feel greatly indebted to you. My experience in the Assessor's Office and Tax Matters, will be of great benefit and assistance to you.

SEEK CLOTURE RULE TO STOP TARIFF BILL.

PETITION GOES OVER ONE DAY AND WILL COME TO A VOTE FRIDAY.

BAD FAITH IS THE CHARGE

Democrats Claim They Will Be Unable to Improve Measure Under Limits Imposed.

Washington.—Republican Senate leaders have definitely decided to impose cloture on the tariff debate if possible. Senator McCumber, in charge of the bill, presented a cloture petition signed by fifty-two Republicans late Wednesday. Under the rules it goes over for a calendar day and will come up for a vote Monday.

Administration leaders claim that the number of signatures assures a sufficient number of votes to pass the tariff bill, and since the bill is strictly an administration bill there is no further reason for delaying it. The only Republicans whose signatures did not appear on the petition were Senators Borah, Johnson, LaFollette, Norris, Brandegee, Crow and Weller, the latter two being out of the city.

No sooner had the petition been introduced than a broadside against it broke out from the Democratic side. The vigor of the Democratic attack would seem to render slim the chances of the cloture motion getting the necessary two-thirds vote for adoption. Democrats claimed that since cloture would prevent introduction of further amendments and since only one hour would be given any Senator for discussion of any portion of the bill, the Democrats' hands would be tied, first, from attempting to improve the bill, and second, from getting their objections to the bill before the country.

JEWELL SPEAKS IN A VERY CONCILIATORY TONE

Hopes Shopmen Will See It Is Better to Go Along With the Railroad Board.

Chicago, Ill.—Hope for the speedy settlement of the country-wide strike of the railway shopmen was seen in statements issued by Ben W. Hooper, chairman of the United States Labor Board, and B. M. Jewell, leader of the shop crafts, who ordered the walkout.

In reply to a letter from Mr. Hooper which was regarded as conciliatory in tone, Mr. Jewell declared that the strikers were willing to consider any negotiations with anyone in authority for settlement of the strike.

"We are willing to confer with anybody authorized by the railroads to bring peace proposals to us," said Mr. Jewell. "I include or exclude no body but if the Labor Board, for instance, came to us with a definite proposition we would not hesitate to consider it."

Mr. Jewell than made public for the first time the exact figures on the strike vote taken by the 400,000 members of the six shop crafts. The vote was divided into three separate ballots, the first on accepting a \$50,000,000 reduction in wages ordered by the Labor Board the restoration of seven working rules altered by the board and third the abolishment of outside contracting by the roads.

A tabulation of the ballots, Mr. Jewell said, showed only 94.7 per cent of the men had voted to strike on the question of wages, the heaviest vote for a strike being on the question of outside contract labor, which polled 97.1 per cent of the vote cast. The ballot on rules came second with 96.2 for strike. Union leaders said that the vote showed relative importance attached to the three points at issue by their membership.

Opinion Divided on Coal Problem.

Washington.—The principals in the bituminous big ring of the President's coal conference are having struggles within their own groups as to what should be done in next Monday's show. The struggles are said to extend even to the Government's hosts. Secretaries Hoover and Davis. The sentiment on neither side favors active Government intervention, yet both sides believe the Government may have to step in and direct an agreement.

Water Conference to Be Held July 10

Austin, Texas.—John A. Norris of the State Board of Water Engineers has accepted an invitation to be present at Brownwood on July 10 to attend the meeting called by the West Texas Chamber of Commerce to discuss Texas water resources and kindred subjects.

NOTICE, SHERIFF SALE

The State of Texas, County of Callahan

By virtue of an Order of Sale, issued out of the Honorable District Court of Callahan County, on 19th day of June 1922, by the Clerk thereof, in the case of J. H. Weeks versus W. R. Sheriff, docket No. 2238 and to me, as Sheriff, directed and delivered, I will proceed to sell for cash, with the hours prescribed by law for Sheriff's Sales, on the first Tuesday in August 1922, it being the 1st day of said month, before the Court House door of said Callahan County, in the City of Baird, the following described property, to-wit:

The N. W. Quarter of Sec. 2, Block 5 S. P. Ry. Co. Land in Callahan County, Texas Certificate No. 17,551, about 15 miles S. E. from Baird, and being the same land patented by the State of Texas to J. H. Weeks' assignee of G. W. Barker patented on the 7th day of Oct. 1909, and recorded in Volum. W. page 380 Deed Records of Callahan County, Texas, against all the defendants in this case, levied on as the property of W. R. Cox and Claude Edwards to satisfy a judgment amounting to \$1950.00 in favor of J. H. Weeks \$117.10 and costs of suit.

Given under my hand, this 27th day of June 1922.

G. H. Corn, Sheriff.

M., K. & T. Show an Increase.

New York.—Gross earnings of the Missouri, Kansas & Texas lines for May, \$4,596,616, while \$229,913 less than for the same month last year, were \$493,530 greater than for April, 1922.

Report Asked on Banks.

Washington.—The Comptroller of the Currency has issued a call for the condition of all national banks at the close of business on

YOU CAN WIN \$1,000

A LARGE PICTURE PRINTED ON ENAMELED PAPER SENT FREE ON REQUEST

How Many Objects In This Picture Start With Letter "C"?

That is what you are to determine. Easy, isn't it? You can readily pick out "Cow," "Cart," "Cigar," "Cat," etc., can't you? The rest are almost as easy to see and name, and of course the object is to see who can find and list the greatest number. Twenty-five cash prizes will be paid for the twenty-five best lists of words submitted in answer to this puzzle.

YOU CAN WIN \$1000

No money need be sent with your answer. If your answer wins a prize, and no money has been paid on a subscription, then you would be awarded one of the prizes shown under Class C in the prize list. If you send in one six months subscription to The Houston Chronicle, new or renewal, with your answer, and your answer wins a prize, then you would be awarded one of the prizes shown in Class A.

RULES YOU MUST FOLLOW

- 1.—WHO MAY PARTICIPATE: Only persons who reside in the States of Texas and Louisiana.
- 2.—WHO ARE BARRED: Employees of The Houston Chronicle, members of employees' families and persons who do not reside in Texas or Louisiana.
- 3.—HOW TO PREPARE YOUR WORD LISTS: Write lists of words on one side of paper only; number words consecutively, beginning with number 1; write your name and address on the upper right hand corner of each sheet used in listing your words; use separate sheets for any other communication.
- 4.—HOW TO SEND IN SUBSCRIPTIONS: Use blank printed below for sending in subscriptions. Specify specifically if yours is a NEW or RENEWAL subscription, and if you want your paper sent to you by mail or delivered by carrier boy or agent.
- 5.—WORDS THAT MAY NOT BE USED: Do not use obsolete or hyphenated words, or words that are made up of two or more separate words. (For example the word "cowboy" is made up of two words, but is spelled as a single or joined word and would therefore be permitted, while "cashed hat" would not be permitted, because it is spelled as two separate words.) The singular or plural may be used. But if one is used, the other may not. Words of the same spelling can not be used more than once, even to designate different objects. An object can be named but once. Any part of an object can be named that is visible in the picture, even though the object itself has been named. Only words found in Webster's International Dictionary may be used.
- 6.—THE WINNING LISTS: The persons sending in the largest and nearest correct list of objects which appear in the picture will win first prize; the next largest and nearest correct list will be awarded second prize, etc., until 25 prizes have been awarded. One credit will be given for each correct word in a solution; one credit will be given for each correct word used and one credit will be given for each correct word omitted from a solution. There is no predetermined correct list of objects in the picture. The correct list of words will be compiled by the Judges from the word lists submitted by contestants.
- 7.—NO PAYMENT NECESSARY: The prizes will be awarded, regardless of whether a subscription payment has been made or not. The Judges will not know whether a payment has been made until after the winning lists have been selected.
- 8.—ONLY ONE PRIZE MAY GO TO ONE FAMILY: Only one prize will be awarded to members of one family or group who have co-operated in making up word lists.
- 9.—TIES: Any prize tied for will be paid in full to each party tied.
- 10.—WEBSTER'S DICTIONARY: The word lists submitted in this contest will be judged by three registered school teachers, using Webster's International Dictionary as their guide. The prizes will be awarded by them. Participants in this contest agree to accept the decision rendered by these Judges as final and conclusive.
- 11.—THE JUDGES: The Judges will meet immediately following the close of the contest and the names of the prize winners and the winning list of words will be published in The Chronicle just as soon thereafter as the Judges can complete the checking of the list.
- 12.—PICTURE GAME CLOSING: This puzzle picture fun game closes on July 25, 1922, at midnight, and no lists will be entered in this competition that are not mailed on or before midnight of that date.
- 13.—ADDITIONAL TWO WEEKS TO QUALIFY: After the contest has closed, parties who have sent in word lists without subscription payments will be given two weeks additional time in which to make subscription payments if they so desire, but no word lists can be submitted or changed after midnight of the date stated above.
- 14.—THE PRIZES: If your list of "C" words is awarded a prize by the Judges and you have made no subscription payments, then you would receive the prize as listed in Class C; if you had sent in one six months subscription, or one subscription for one year, either new or renewal, then you would receive the prize as listed in Class A (see prize list).
- 15.—SUBSCRIPTION RATES are as follows: Daily and Sunday, one year, \$9.00; six months, \$5.50. Daily except Sunday, one year, \$6.00; six months, \$3.00. All subscriptions that are to be delivered by carriers in Houston or by carrier agents in towns outside of Houston, must be for Daily and Sunday. Subscriptions that are to be sent direct to the subscriber by mail may be for the Daily except Sunday, or Daily and Sunday.

PRIZES

Prizes will be paid on winning answers according to the table printed below, under the conditions stated in Rule No. 14.

	A	B	C
1st prize	\$1000.00	\$500.00	\$300.00

THE BAIRD STAR

Entertaining Enrique D. Ruiz, Consul General of Mexico, who was recently transferred to Laredo, at an informal luncheon in the army room of the Gunter Hotel last week, the executive committee of the Mexican Trade Bureau of the Chamber of Commerce expressed the gratitude of San Antonio business men for the action of the Mexican Government in bringing both Mr. Ruiz and the Consul General to San Antonio.

Dallas Architect Makes Survey.

Galveston, Texas.—A survey of the property belonging to the University of Texas to be used for various contemplated improvements to the State Medical College has been made here by H. M. Greene, consulting architect, of Dallas, and Mr. Address, resident architect of the University of Texas, Dr. William Keller, acting dean of the University of Texas, has announced

RYZON BAKING POWDER

RYZON—raised cakes keep fresh longer. The special process of manufacture is the reason.

RYZON, a slow, steady raiser, has greater raising power. Provides home baking insurance—no bad luck. You may mix batter today. Set in cool place, bake tomorrow.

Order a can today. Have RYZON hot biscuits baked to cheer the home folks.

CITATION BY PUBLICATION

The State of Texas.
To the Sheriff or any Constable of
Callahan County, Greeting:
You are hereby commanded to sum-
mon W. E. Rydon by making publica-
tion of this Citation once in each week
for four consecutive weeks previous to
the return day hereof, in some news-
paper published in your County, if
there be a newspaper therein, but if
not, then in any newspaper published
in the 42d Judicial District; but if
there be no newspaper published in
said Judicial District, then in a news-
paper published in the nearest District
to said 42d Judicial District, to appear
at the next regular term of the County
Court of Callahan County, to be
held at the Court House thereof, in
Baird, on the 1st Monday in August,
A. D. 1922, the same being the 7th day
of August A. D. 1922, then and there
to answer a petition filed in said
Court on the 10th day of June; A. D.
1922, in a suit, numbered on the dock-
et of said Court No. 538, wherein Earl
Morley is Plaintiff, and W. E. Rydon
is Defendant, and said petition alleg-
ing:

Plaintiff represents to the Court that
heretofore, to-wit: On or about the
6th day of January, 1922, this Plain-
tiff and G. W. Fry, at the special in-
stance and request of Defendant, loaned
him the sum of \$256.00, in consid-
eration whereof the Defendant then
and there promised to pay to Plaintiff
and G. W. Fry the said sum of \$256.
00 in two or three days from said date.

That thereafter, for a valuable
consideration, the said G. W. Fry
transferred and assigned the interest
he had in said \$256.00, so loaned by
the Plaintiff and G. W. Fry to De-
fendant to the Plaintiff hereto, Earl
Morley, and that the whole of said
\$256.00 is now due and payable by the
Defendant to the said Earl Morley.
That said sum of money is long past
due and unpaid and the Defendant,
though often requested, has hitherto
failed and refused and still refuses to
pay the same, or any part thereof, to
Plaintiff's damage \$300.00.

That the Defendant is a non-resi-
dent of the State of Texas, his resi-
dence being some where in the State
of Ohio, which is unknown to this
Plaintiff and he asks service of Cita-
tion by Publication. Wherefore Plain-
tiff prays the Court that Defendant be
cited to appear and answer this peti-
tion, and that he have judgment for
his debt, \$256.00 and costs of suit, and
for such other and further relief,
special and general, in law and in
equity, that he may justly be entitled
to.

Herein fail not, but have before said
Court, at its aforesaid next regular
term, this writ with your return there-
on, showing how you have executed
the same.

Given under my hand and the seal
of said Court, at office in Baird, this
the 13th day of June, A. D. 1922.

Grady G. Respass, Clerk,
30-4: County Court,
Callahan County, Texas.

FOR THE 'TEENS

It is not difficult to solve the prob-
lem of dress for little girls in these
days of specializing. Resourceful de-
signers devote their time to putting
materials into styles that are appro-
priate for the little miss and pleasing
to her as well. They craftily take
their cues from the "grown-up" modes,
modifying them to suit the younger
generation, as in the case of the pretty
cape-wrap shown here.

This wrap for girls in their "teens"
is a cape to which sleeves have been
gracefully added. It is made of light-
weight velours and has a full ripple
back with a decoration of stitching in
two rows around it. It has a large
collar which is ingeniously arranged
to draw up around the neck by means
of a heavy silk cord that is threaded
through large eyelets worked in silk
like that of the stitching. The cord
and eyelets are very decorative.

Placing Orders For Cotton Pickers.
Ballinger, Texas.—Farmers in this
county are placing their orders early
for cotton pickers and maize headers.
Conditions for a bumper crop of both
cotton and feed will create a demand
for the greatest number of harvest
hands ever imported and farmers
with room to house hands are look-
ing ahead and placing orders with
the local labor bureau early.

RADIO DON'TS

Don't expect the circuit to os-
cillate with equal strength over
a great range if you tune the
grid circuit with capacity
alone. Keep the ratio of L to
C as near constant as possible
while tuning.

Don't expect a circuit to os-
cillate if the natural period of
the tickler circuit is equal to
the natural period of the grid
circuit.

Don't place the tickler or
plate variometer tight against
the grid coil or a change in the
plate circuit will detune the grid
circuit.

Don't expect high impedance
tubes to oscillate freely in a cir-
cuit designed for low impedance
tubes.

Don't discard a regenerative
receiver until you have tried
more than one detector tube.

Don't forget that a soft gas-
eous tube is the best detector,
and that a hard tube is the best
oscillator.

Don't treat inductance coils
with shellac or any other var-
nish or compound that will ab-
sorb moisture.

Irish Uprising is to End.

Dublin.—The Irish rebellion has
been crushed. The Free State takes
a new lease of life by its victory
won after two of the bloodiest days
in Ireland's history.

New Cases in Criminal Court.

Austin, Texas.—Sixteen cases have
been filed in the Court of Criminal
Appeals since the court adjourned for
the term on June 23. Of these new
cases five are appeals in cases
where there have been convictions of
violations of the liquor laws of the
State.

Commissioner of Insurance and
Banking Ed Hall has issued a call to
the State banks of Texas for state-
ments of their condition at the close
of business on July 30.

Arthur A. Stiles, State Reclamation
Engineer, having accepted an invita-
tion to attend the flood-control meet-
ing at Cameron, was unable to be in
Harlingen for the session of Rio
Grande Valley interests to consider
the same subject on the same date.

Firestone
GUM-DIPPED CORDS
-and Their High Mileage Records

The high mileage records of Firestone Cords continue to em-
phasize the fact that Firestone methods are different and better.
These records, steadily increasing in number and in mileage
totals, justify the Firestone contention that there is one best
way to build tires.

Among the primary sources of Firestone extra mileage is
double gum-dipping—the saturation of the cord plies in a vat
of liquid gum—thus coating each cord and virtually eliminating
internal heat and friction.

Another is Firestone air bag curing, with its 200 pound
pressure, which places every cord accurately and equalizes the
tension.

By blending the rubbers of different plantations and types,
and by tempering it before mixing, Firestone men add still
more mileage.

Many cord tires are good—a few are better—Firestone users
say one is best.

Those who have already experienced Firestone mileage, have
stopped shopping and experimenting—they have made these
cords standard equipment. Investigate your friends' success
with Firestone Cords—and buy your next tire accordingly.
Come in and get your share of extra mileage.
