

THIS AND THAT  
By JOE SMITH DYER

DANCE MENTALLY:

It was long ago that a little girl lay for many weeks in a solid plaster cast that covered her body and legs and a part of her arms. At the same time, and in the same hospital, lay a little boy helpless and almost motionless. The slightest movement of his arms, legs or body caused that little boy the worst kind of pain. An old phonograph was grinding out some dance music and the little girl was waving her forearms and the little boy was waving his hands from the wrist.

Both were dancing mentally to that music!

Eight long, weary weeks later, the little girl was taken from out the cast and sent home. Through the thoughtful cooperation of nurses the two mental dancing partners carried on a cheerful correspondence. And one morning the little girl had a message from one of the nurses saying that her pal in physical pain had passed on. He had left his prison seat. Tears, the silent language of grief, did not shine on the cheeks of that little girl. Tearless, she gazed with dry eyes into that distance called "death", then sighing she said: "I am so glad."

The little girl—condemned to live. That little boy—released from all his suffering. Years have come and gone and today that girl "condemned to live" is still mentally dancing her way through life, and by her own efforts, she holds a high position. Her helpful nature, her cheerful companionship has brightened the path of many sick people. She is an inspiration to thousands.

Many, many sick people take a new lease on life because of her helpful words—and because of her prayers. That little girl who lived with death for weeks and weeks is Miss Helen Babson, head of the Quincy General Hospital in Quincy, Mass.

When the way seems dark and we know not which way to turn, let's try wringing our hands from the wrist—let's try to dance mentally.

ALMOST—BUT LOST: One of the war's cruellest tragedies was the crashing of the huge Army C-47 transport plane shortly after taking off from the Fairfax, Missouri airport. Twenty-three Yank fighters, of whom nineteen were natives of California, were in the plane which was en route to the West Coast after leaving Newark, N. J.

Families of the victims had received telegrams and phone calls from the soldiers informing them of their safe arrival from overseas and that "We'll be home in a few days."

Parents and wives were patiently and expectantly waiting in their homes or hotel rooms, or at the airport for the homeward bound soldiers, when they received the tragic news of the plane crash and the death of their loved ones.

Needless to say, these relatives were stunned by the sad news that the warriors were killed when they were almost home.

It was only a matter of a very few hours from the Missouri airport to the California landing field, had all gone well. The grief would not have been so bad if the news had come that the men had been killed in the heat of the European war.

"Almost—but lost" is the worst of all tragedies in any sense of the word.

CORRECTION OR ENCOURAGEMENT:

People generally do not need as much correction as they need encouragement. They need the human kind of help that encouragement gives. Many company officials believe that severity brings about better service in an organization but nine times out of ten severity causes the flame of ambition to sink into smoke.

Today there is more encouragement than there is criticism in business. That fact makes a happy thought.

Practical experience always teaches that criticism does much, but encouragement does a great deal more.

True, there are exceptions to the rule. But the "exceptions" are expensive experiments on an organization's payroll, and such "exceptions" deserve to be passed out so they will leave room for those people who actually do appreciate encouragement.

ALL DOGS GO TO HEAVEN:

Two years ago a dog book, unlike any ever written before or since, made its appearance. It was a story so different, so alive, so well written that in this short time "All Dogs Go to Heaven" has become one of the truly great classics among dog stories. Almost entirely by word of mouth, this unique story about dogs and humans and their undying affection for each other, will continue to remain a best-seller read by hundreds every month.

It will touch the heart of every person who has ever owned a dog or ever wanted to own one, and it appeals in a special kind of way to those who have had dogs and lost them.

"All Dogs Go to Heaven" is written by Beth Brown and is published by Frederick Fell & Co., New York.

It has been proven—a slap on the shoulder and word of encouragement brings out better work than a kick on the shins.

## C. of C. Proceedings Bring Evidence that Hico Is On Upgrade

The Hico Chamber of Commerce met Tuesday evening, Oct. 30, at 7:00 p. m. at the Buckhorn Cafe for dinner. After dinner had been served, the members retired to the Fire Hall for a business session.

The following account of the meeting is from the notes of the secretary, Paul Neel:

Meeting was opened with President S. J. Cheek presiding, with 10 members present and the following visitors: Mayor Helms and Ralph Bradley of Iredell; and E. H. Henry and J. B. Pool, former members.

Minutes of the previous meeting were read and approved. Ollie Davis, chairman of the advertising and signs committee, reported that four large signs about six feet square were completed and ready to be lettered. The sign committee was also asked to have them lettered and placed in conspicuous places along the four highways leading out from Hico.

E. H. Persons reported that application for the Hospital Charter should be approved and charter granted in the very near future.

All four of the above mentioned visitors made interesting talks, and gave the Chamber of Commerce members a good pep talk, which was greatly appreciated.

J. R. Hobo, treasurer, made a financial report to the Chamber, which showed a very good financial balance in cash and U. S. Government Bonds.

Rev. J. F. Isbell was appointed as a delegate to the West Texas Chamber of Commerce meeting to be held in Abilene Monday, Nov. 5.

The housing shortage was discussed and from all reports there are not any vacant homes, with many newcomers wanting to move into Hico. The Chamber is very much interested in securing new homes, and will do and help in any way possible to secure more homes for Hico. Also it was brought out that several new business concerns are being put in or will be in the very near future. From all indications there will not be a vacant business house in Hico by Jan. 1, 1946.

"Hico is on the upgrade—let's keep it going!"

## FHA Loans Now Available Again To Homeowners

Prewar financing facilities under the FHA program are again available to homeowners of this community who postponed repair, improvement or modernization of their properties because of wartime restrictions, according to advice from H. E. McCullough, local building materials dealer.

E. H. Stearns, director of the Federal Housing Administration, with offices at Fort Worth, said last week that all restrictions on loans for repairs and improvements were removed and that all limitations on the use of materials for such purposes were lifted on Oct. 15. As a result, qualified lending institutions can now resume making loans under the peacetime regulations of FHA's Title I operations. Such loans may be for a maximum of three years, repayable in monthly installments.

"It has been estimated," he said, "that property improvements and repairs in the first 12 months after restrictions are removed will amount to about \$3,000,000,000 over the nation."

Persons seeking property improvement loans may apply directly at the local Barnes & McCullough office. It was announced, where every effort will be made to service the loan speedily.

## FUNERAL SERVICES FOR MRS. JESSIE WORD HELD WEDNESDAY AFTERNOON

Funeral services for Mrs. Jessie Word, who died at her home Tuesday, were held Wednesday afternoon at 4 o'clock at the Barrow Funeral Home. Rev. J. F. Isbell, pastor of the local Methodist Church, conducted the services, assisted by Rev. O. D. Carpenter, pastor of the First Baptist Church. Jessie Griffin Word was born February 22, 1866 at Scott's Chapel in Hill County, Texas, to Dr. and Mrs. J. M. Griffin. At an early age she joined the Methodist Church, of which she remained a life-long member. On October 8, 1891 she was married to J. M. Word, who preceded her in death nearly eight years ago. To this union eight children were born.

She is survived by the following children: Mrs. Nan Alexander, J. H. Word, and John Word, Iredell; and Mrs. Mary Alexander, Miss Vivian Word, Mrs. Grace Phillips and William and B. G. Word, all of Hico. Also surviving are a step-daughter, Mrs. A. E. Foster of Dallas; twenty-five grandchildren, nine great-grandchildren, one brother, Fred Griffin, and numerous nephews and nieces.

Ship Fitter Second Class Billy Flays and wife visited here the first part of the week with his parents, Dr. and Mrs. P. G. Hays. Billy received his discharge from the U. S. Navy recently and they left from here for El Paso, where they plan to make their home.

## B-29 PILOT HOME FROM BOMBING JAPAN; AND THE COLONEL ASKED OF YOU

Lt. Col. W. L. McDowell Jr., all six feet and 200 pounds of him—maybe more—stopped off to visit with the editor and his wife a short while Tuesday afternoon. He was on his way from Brady, where his wife Ruby and nine-month-old daughter Pence live, to Dallas, where his parents live, and didn't have nearly enough time in his allotted leave to get around to seeing friends he'd like to renew acquaintances with in his old home town.

Colonel McDowell returned to the States early in September, but remained on the West Coast until the arrival of the rest of his bombing wing of the 29th Air Force a month later. After 45 days leave he will rejoin his unit, probably for assignment in the States.

Not to be outdone by his uncle, Edgar McElroy, also formerly of Hico, who was with Doolittle's Raiders in the first bombing of Tokyo, W. L. participated in the original B-29 raid on Japan, after having come overseas Nov. 15, 1944.

As a B-29 pilot he flew 27 missions, rigorous trips that lasted from 15 to 21 hours. His decorations, so numerous they escape recollection from a casual glimpse of them, include the large silver star atop his wings, designating him as a senior pilot. It takes six years for a pilot to earn that.

After finishing Hico High School, W. L. was appointed in 1935 to the United States Military Academy by Thomas L. Blanton, then congressman from this district. Upon finishing at West Point four years later, and receiving his commission, he was assigned to Randolph Field for instruction on the then-new bomber, the B-17 Flying Fortress. Various assignments followed, and after we got into the war his knowledge and experience led him naturally to instruction in the B-29. Finished with that phase last Fall, he accompanied the crews and bombers to the Pacific for the mighty pounding we gave the Japs from Saipan bases.

W. L. doesn't think the atomic bomb necessarily won the Pacific war. He gives a lot of credit to the effective bombing which had leveled most of the enemy's big cities. "In fact," he said, "when the war ended we had about run out of big cities to bomb, and were working on smaller places about the size of Waco. We had 'em licked to their knees when the atomic bombs hit." By that statement he doesn't mean to discredit any other branch of our fighting forces, either—the bombing just happens to be the phase with which he was most familiar.

Casualties were terrific along the path of the Super Fortresses, this pilot of one of them said, but he guessed he was just naturally lucky to have come through without a scratch. Furthermore, none of his crew was ever injured, and he never had to "ditch" his ship or make a forced landing in all 27 missions, although flak got so bad at times that the ships were a holy mess.

Army through and through, this velvet-tough officer and pilot has no intention of getting out of the service as long as there is a job to do. While naturally relieved that the carnage of war has ended, he admits that a fellow gets into the spirit of the thing and plays all the angles to the best of his ability even when the going is tough. And, as he puts it, when we were winning and knew we were coming out on top, there was a certain thrill attached to giving 'em the works—just like in his old football days. Also there were amusing interludes, like the time during a particularly severe air raid when one crackpot got out before the all-clear had sounded and started making like a cut-rate drug merchant. "Why go to a dispensary?" "Get your bandages and medical aids here at cut prices." Things like that help make up a successful outfit of warriors.

The local lad hasn't forgotten anyone he knew when he lived here. He expects to be back again this week end and check up on those he didn't get around to asking about. Maybe you'll get to say howdy to him, and will bet you a cup of coffee he'll howdy you right back.

Ship Fitter Second Class Billy Flays and wife visited here the first part of the week with his parents, Dr. and Mrs. P. G. Hays. Billy received his discharge from the U. S. Navy recently and they left from here for El Paso, where they plan to make their home.

## Another Name On List of Local Army Men Reenlisting

Sgt. Marvin D. Morrison, Box 93, Hico, Texas, has recently reenlisted in the Regular Army for a three-year period. Sergeant Morrison was discharged on the 21st of October, 1945, after having served honorably with the Army Air Force for the last five years. He holds the Good Conduct Ribbon, the Asiatic-Pacific Ribbon, the American Defense Ribbon, and the Philippine Liberation Ribbon. He served in the Southwest Pacific Theatre of Operations from Nov. 3, 1942 to October 12, 1945.

Sergeant Morrison is one of the many discharged veterans who are taking advantage of all the new advantages that the Regular Army is offering to the veterans upon reenlistment. Besides receiving a 90-day free and paid furlough, he will also retain his rank of sergeant, which is a permanent rank upon reenlistment; receive a large reenlistment bonus, and the privilege of retiring in 15 years.

## VETERAN RETURNED FROM PACIFIC SERVICE TELLS A FEW OF HIS EXPERIENCES

A happy reunion was that of himself, his wife and little three-year-old son, and his mother when Pfc. Ealon C. Scott arrived at home last week with honorable discharge papers from the U. S. Army. He was discharged from Mitchell Convalescent Hospital at San Diego, California.

Pfc. Scott spent 3 1/2 years in service, of which two years was spent overseas with a medical detachment of the famous First Cavalry Division, for which he holds the Asiatic-Pacific campaign ribbon, Philippines Liberation ribbon with six bronze battle stars, and the Good Conduct ribbon. He served on the battlefield as medical aid man and says that they had some very trying experiences. However, only once during his front-line service was the division which he was attached commanded to retreat. That one time was enough for him and a few other medics, he says, for they failed to get the command and were left on the front as the rest retreated. He says, "I'll tell you, we were scared, with Japs all around our foxholes." The dark of the night and Divine protection were all that saved them, says the serviceman.

A brother, Pvt. Marvin C. Scott, still remains in service. He is in the medical corps, and is stationed at Fort Lewis, Washington. They are sons of Mrs. M. C. Scott, Hico Route 4.

## ALL THREE COLLIER BOYS HONORABLY DISCHARGED AFTER SERVICE OVERSEAS

T/5 William C. Collier arrived at the home of his parents Tuesday night, after having received his honorable discharge Nov. 5 from Camp Robinson, Ark., where he had been stationed since last December after his return to the States from 23 months spent in the Pacific with an evacuation hospital unit. Clay says he will be around home for a while, since he has made no definite plans for the future further than an investigation of the opportunity of continuing his school work.

Clay was the third son of Mr. and Mrs. John Collier to return home from Army service with discharge papers. Pfc. James J. Collier came in Friday, Oct. 26, after having served 43 months with an anti-aircraft unit, mostly in the Pacific. Sgt. R. O. (Billy) Collier, the third son, has been home from service in the ETO since October 1.

## DIETITIAN PROMOTED TO FIRST LIEUTENANT WHILE SERVING IN PHILIPPINES

PALO, LEYTE, P. I.—Second Lieutenant Teresa Tunnell, daughter of Mrs. E. S. Tunnell of Route 7, Hico, Texas, has been promoted to the rank of First Lieutenant while serving as a dietitian with the 126th General Hospital here.

A former student of TSCW at Denton, Texas, where she received her B. S. degree, Lieutenant Tunnell is a member of the Delta Kappa Gamma.

Overseas since October 1944, Lieutenant Tunnell wears the Asiatic Pacific Ribbon with one star and the Philippine Liberation Ribbon with one star for participating in the New Guinea and the Philippine campaigns.

## MAJOR S. E. BLAIR COMES HOME ON TERMINAL LEAVE; SAYS HOME LOOKS GOOD

Major S. E. Blair was among the approximate 300 men to receive their honorable discharges from the Army at the Mitchell Field, N. Y., Separation Unit of that First Air Force base Oct. 31. That was the news contained in a public relations release. Next day after the editor read it, in came Junior, all proud as a peacock of his release from student training at Stewart Field, West Point. And his answer to questioning indicated that he wasn't about to reenlist. In fact he was looking for an apartment here so he could fetch his charming wife home to live. Vivian is at her former home, Winnsboro, for the present.

Junior was in service almost five years, having volunteered into the Air Corps. He was inducted March 15, 1941, and regular readers of the NR will recall that he had his picture in the Dallas News for a certain unusual angle that developed in this regard. But that's another story.

Whatever his plans are, Junior's friends are glad to have him back. And in case they don't know, they may be interested to learn that he has disconnected that home-made gas-saving contraption he installed on his Chevy before driving down from New York earlier this year. It made the car knock on hills, he said, and besides that gas ain't rationed any longer.

## SIX PAPERS A YEAR WERE NOT ENOUGH FOR BABE HORTON WHILE OVERSEAS

It's Mr. Ralph M. Horton of Hico, Texas, now, since he arrived here the first of the week after receiving his discharge at the San Antonio Separation Center. But if Babe and Mary don't stay still we're going to call them fliers. After a brief howdy around town he and the wife and kids bundled up and went west. We have traced them as far as Sweetwater, but Babe was mumbling something about California during his visit to the NR office Tuesday, so we can't vouch for their whereabouts.

The two Young Americans, David and Ralph, appropriated all of their dad's insignia and ribbons, so we can't state accurately what different branches of Army life he has been associated with. He did register a grip about having only received six Hico papers while he was overseas in the ETO for nearly a year. What we're wondering is how the mail clerk caught him that often. His last address was with an MP detachment of the 3rd Bombing Division Headquarters; one time we'd hear from him in Paris, and the next time in Scotland or somewhere else further away than the editor's ever been.

Babe tells some good stories about his Army experiences—some of them right before Mary, too—but as usual most of them were confidential. At any rate his wife and boys seem right well pleased that he's home. And so do his friends.

## BERTICE BARNETT JR. AMONG VETS DISCHARGED AT McCLOSKEY HOSPITAL

Special to The News Review: McCloskey General Hospital, Temple, Texas, Nov. 7.—Among service men who were honorably discharged from the Army today at McCloskey General Hospital were many Texans. The list included:

Pfc. Bertice Barnett Jr., Box 231, Hico, Texas, rifleman and radio operator with the 9th Division in France and Belgium, who was wounded Sept. 5, 1944, and later was a prisoner of the Germans. He has been in the service two years and 11 months.

## HICO GIRL'S HUSBAND RECEIVES HIS DISCHARGE

Staff Sergeant L. C. DeShazo, husband of the former Miss Wilma Russell of Route 1, Hico, has received his discharge from the United States Army at the Camp Cooke, California Separation Center. Sergeant DeShazo was a member of the 13th Armored Division (Black Cat) which fought under General George S. Patton in Germany.

The Black Cat tankmen captured more than 20,000 German prisoners in the fighting in the Ruhr and took an additional 19,000 during its spearhead drive through Bavaria and Austria. In the closing days of the European War, the 13th captured Hitler's birthplace of Braunau, Austria, and liberated 14,000 Allied prisoners of

## Ration Board Will Move From Hamilton To Stephenville

Hamilton County's War Price and Rationing Board will move to Stephenville where it will be consolidated with the Erath and Comanche County Boards on Friday, December 14. This move is in keeping with an over-all policy to reduce expenses of the wartime agency, and the move will be one of the last consolidations to be effected in Texas.

As long as the rationing continues, a small office and an issuing clerk will be retained in Hamilton, the clerk being paid through the Stephenville office, at which place all files will be kept. Tire applications will continue to be acted upon by the Hamilton tire panel consisting of Owen Doggett, chairman, and Joe Cleveland and C. M. Tinkle.

No decision has yet been reached as to the location of the smaller, new office in Hamilton. Two sites have been proffered and are under consideration. It is definite that the present office will be closed. The new location will be published before the old one is abandoned.

Although the main office is to be in Stephenville, the Hamilton County Panels will continue to function. Jess Brown will continue in his capacity of general chairman, while Ted Chesley, W. G. Barkley, and Frank Taylor will continue to head the price, food and shoe, and community service panels, respectively.

Members of the price panel are Eugene Tate, Joe Cleveland and Fred Petty of Hamilton and Hugh McCullough of Hico. Food and shoe panel members are J. P. Rodgers of Hico and Clarence Rush and Paul Gilliam of Hamilton.

The price panel will be asked to continue to function until price control is lifted, and the food and shoe panel will be dissolved when rationing of these items ceases.

Location of the consolidated office in Stephenville is explained by a general policy which places this office of any area in the town located in that area which has the most business houses and the largest population. Stephenville meets those contingencies in this area.

Nearby offices affected by this program include the following: Coleman and Brady are soon to be consolidated with Brownwood; Goldthwaite has already transferred to San Saba and Lampasas will follow suit; and the Bosque and Coryell County Boards will consolidate with the board at Waco, under the present set-up.

## Golightly Shows New 1946 Chevrolet At Hamilton

Gleaming new 1946 Chevrolets sounding and appealing note in sleek, modern styling and embodying the latest results of new engineering progress, are on display at the Golightly Chevrolet Company at Hamilton.

"The new models are an outstanding step in Chevrolet's progress as top producer in the automotive industry," said Geo. B. Golightly, owner of the company. "More Chevrolets than any other motor car were sold in 10 out of the last 11 years of prewar automotive production. We are confident that the new postwar car will once again be a sales winner."

"One of the most striking new features, which gives evidence of the inherent over-all artistry in these cars, is the completely new front-end treatment, redesigned to emphasize the low, modish lines. The bumper, bumper guards, radiator grille, parking lamps, hood ornament and name emblem all present an appearance of new, graceful ruggedness."

The Stylenaster line went on display for the first time Saturday. The other two lines are Fleetmaster and Fleetline. The cars offer a choice of six different color schemes, three solid colors and the others two-tone.

As material availability and manufacturing are expanded the company plans to broaden production lines as quickly as possible. All models, with the exception of station wagons, have a wheel base of 116 inches. The cars are powered with the Chevrolet six-cylinder valve-in-head engine, which has a lubrication system that forces oil under pressure to valve rocker arms, camshaft and crankcase bearings at the same time that a pressure-steam system lubricates connecting rod bearings and cylinder walls for all purposes including cold starts. Vacuum power gear shift control and knee action are standard on all of the 1946 models.

The body design emphasizes classical lines with a long flowing sweep from front to back. Streamlining is combined with massive appearance and lowness. Trim is of chromium-plated stainless steel.

## FOOTBALL Friday Night Strawn at Hico

## Armistice Day to Be Observed Monday, Thanksgiving Nov. 22

Investigation discloses the probability that most business houses in Hico will remain closed Monday after the November 11th holiday.

W. Righbour, McEver & Sanders, C. L. Lynch Hdw., R. A. Herrington, J. C. Leeth, Neel Truck & Tractor, Community Public Service Co., City of Hico, Barnes & McCullough, John & John Barbers, H. V. Hodges, M. D. E. H. Persons, and The Hico News Review.

Mayor J. C. Barrow, and Supt. of Schools J. E. Lincoln have indicated that Hico will observe the fourth Thursday in this month, Nov. 22, as Thanksgiving Day, in accordance with the action of Congress setting that date for nationwide observance of the annual holiday.

## Methodist Pastor Returned for Another Year of Service

Rev. J. F. Isbell was returned as pastor of the Hico Methodist Church and will begin his second year here with Sunday's services. The action was taken at the sessions of the Central Texas Conference, held at Fort Worth last week end.

The minister and his wife came to Hico last November while he was serving as an Army chaplain with the rank of lieutenant colonel. Since his arrival here he has been put on the Army's retirement list. He and Mrs. Isbell have taken an active interest in all worthwhile affairs of the church, town, and community, and their many friends this week were congratulating them and welcoming them back for another year of association. A "pounding" was arranged for them Thursday evening.

Other appointments announced by Bishop A. Frank Smith at the closing session of the Conference last Friday were: Clifton, Floyd Thrash; Cranfills Gap, Homer L. Fort; Claiborne, R. E. Little, supply; Iredell-Walnut Springs, J. M. Hays, and Valley Mills, P. L. Shuler.

## Chairman's Return Expected to Boost Hico's Bond Sales

At the end of the first week of the Victory Loan Drive, only \$3,656.25 in E Bonds had been sold in Hico. No other sales were reported, according to a statement early this week by Bob Miller of Hamilton, county chairman.

"Actually," he added, "the reason for Hico's lagging during the first week of the drive was that Lt. Col. J. F. Isbell, Hico drive chairman, was absent while he attended the Methodist Annual Conference. With his return, it is expected that Hico will go over the top in a few days."

At the close of business Saturday night Hamilton County as a whole was in tenth place in the Fort Worth Region of 59 counties in total sale of E Bonds. The county had sold a total of \$59,135.50 of all types of bonds. Erath County was twenty-first in the Fort Worth region. Two counties, Sutton and Sterling, had already reached their goals.

### Fairy — By — Mrs. J. O. Richardson

We have had high winds the past few days, with indications of rain. Rev. Oran Columbus filled an appointment at the Church of Christ last Sunday. He announced that he and Rev. Ozra Newton of Pottsville will exchange appointments Sunday. Rev. Columbus will fill an appointment for Rev. Newton at Pottsville, while Rev. Newton will fill Rev. Columbus' appointment here. All are invited to attend these services.

Mrs. Wesley Jones and two children, Juanita Ruth and Johnnie, spent Friday of last week with her sister-in-law, Mrs. Carl Ray Sellers and Carolyn Ruth.

Mr. and Mrs. Claud Herring attended church here Sunday. They have recently moved to the Stewart place east of Fairy, which was vacated by Wauwie Ogle and family who moved to a place near Hico. We welcome them to our community.

Mr. and Mrs. Claude Brunson were guests of Mr. and Mrs. H. O. Richardson and son, Jerry, Sunday. The writer and daughter, Mrs. Carl Ray Sellers, were in Gatesville Thursday of last week. We visited in the home of our sister and aunt, Mr. and Mrs. V. H. Heyroth, and daughter, Mrs. Maxine Newton and daughter, Barbara. We also visited the new clinic of Dr. Balize, which is a very nice structure in cobblestone, with stucco inner walls. The building has been furnished with practically all new furnishings and equipment. Mrs. Balize is the former Thelma Sellers, daughter of Mr. and Mrs. Albert Sellers of Jonesboro.

We received a letter Monday of this week from our sister, Mrs. Myrtle Enger of Brady, stating she was taking serum treatment for rabies. She was bitten by her dog Friday, Oct. 26th. She called a city official and had the dog killed and asked that his head be sent to Austin. The officer warned her that the doctor didn't want to give the serum until they got a report from Austin. After a few days of waiting it was found that the dog's head had not been sent in and that there was no serum on hand, and an elapse of seven days had passed before the treatment could begin. She stated that there were several others taking the serum and that 44 dogs had been killed up to last Saturday, and that all dogs at large would be killed and those kept at homes would have to be vaccinated. She kept her dog chained and notified he was acting strangely the day before she was bitten. He bit her cat and several chickens that came near him. We sincerely hope the treatment will be successful and that she will soon be relieved of the awful anxiety she is now undergoing. She was preparing to go to Austin by bus when she received a telephone call from the doctor stating that the serum had arrived.

Rev. and Mrs. Oran Columbus and daughter and his father, Mr. Jim Columbus, were dinner guests of Mr. and Mrs. E. Z. Brummitt last Sunday.

Work on the H. H. Wolfe farm home is nearing completion, and they hope to be able to move in soon.

George Glenn came in this morning (Tuesday). He came in to Dallas late Monday and called home to learn that his father, Buster Glenn, was in Dallas, so he caught his dad and came in home early Tuesday. He's with the Navy and expects a release by the first of the year. He has been gone some time, and a part of the time his folks were unable to hear from him. We rejoice with his parents upon his return home again.

Mr. and Mrs. Herman Sills have been doing some repair work on the Parks place where they will move in a few weeks. A partition has been moved, converting the large hallway into a living room, and new floors have also been added, which will add greatly to the warmth and convenience of the building, which is owned by M. E. Parks of Fairy.

Miss Era (Doc) Norrod has been on the sick list the past several days, but has improved slightly.

### MISS DRIVER BECOMES BRIDE OF MR. CRAWFORD

Miss Johnnie Ruth Driver, daughter of Mr. and Mrs. Giles C. Driver of Hico, became the bride of William N. Crawford, son of W. H. Crawford of Evant, in a ceremony performed by Rev. O. D. Carpenter, Nov. 3, in the Hico Baptist parsonage. Their only attendant was Miss Opal Driver, sister of the bride.

Mr. Crawford received his discharge from the United States Army July 4, 1945, after serving four and one-half years. He spent forty-one months overseas, having served in Africa, Italy, and Ireland.

Mr. Crawford is working with the REA in Hamilton, where he and his bride will make their home.

### SENIOR PAPER DRIVE

The Seniors have extended their paper drive one more week. If you will notify us we will pick up your paper at your home. Your cooperation will be appreciated.

We also want to thank everyone who bought sandwiches at the football game. Look for us when the Tigers battle Strawn, November 9.

### JUNIOR NEWS

We particularly enjoyed the football game Friday night, but blush with shame at the fact that not all the Juniors were there. Some even went so far as to commit the great crime of going out of town.

Imagine! A couple of Junior babes were so low on conversation that it actually went to their feet. Things is tough all over—I guess.

Many yawns were detected by the teachers the Thursday following Hallowe'en. We've even been told there were a few empty seats.

Paul H. seems to have had difficulties. It has something to do with sulfur eyes and A. L. G., but I won't commit myself.

Margaret A. was seen wandering the streets of Stephenville looking for a good mechanic (car trouble). She says it was for business pur-

poses only, but one can never tell. Surprise! We're going to have a party. After much discussion by a group of the more intelligent (?) members of the class, and the most intelligent sponsor, we came to the conclusion that we can have a successful party on the night of Tuesday, Nov. 6. If anyone wants to come, that is, outside of the class, and their guest, will bring their own chairs, games and refreshments, they're perfectly welcome.

Our spots has decreased by one. Robert Spotts has left us. Sometimes I don't blame them. I don't think Miss H. does either.

### SOPHOMORE NEWS

Everybody was very happy about the football game Friday night.

We all had a nice time on Hallowe'en, especially Bobbie Jean J. and Betty Dodd.

We Wonder: Why Royce was so sleepy Friday. . . . If M. A. enjoyed the show Sunday evening.

Where John G. gets Hershey bars so often. . . . If Sammie and Jake ever get tired of talking. . . . If Ray Keller is ill (he answered a History question).

### IN THE CRYSTAL BALL

Greetings, friends of the spirit world. I have an interesting bit of news for you, but that can wait. First I will go into my act of reading the Crystal Ball.

I see that Norma Joy and Jake are flirting in Study Hall, or is that just a conversation about Algebra?

Shirley S. and Billy J. were together again Hallowe'en night. They make a cute couple. So do Ralph T. and Laverne P.

Mary Helen received a visit from a friend (male) from Grand Prairie. Why she calls him her little sister is beyond my comprehension.

— H H S —

Jean around Hallowe'en night. The fact that his usual wasn't along didn't seem to worry him in the least.

Billy K. and Mary J. B. were seen together Saturday night. That might be called the long and the short of it. (Joke, Ha!)

Wendell S. has moved in on Jack's territory and carried off Inell E. At least that's the way it was Saturday.

Jack, by his lonesome, gave a good imitation of a wolf on the prowl, as usual.

Speaking of wolfs, one (a particularly talented one) has been prowling around Hico and Stephenville for the last two weeks. Of course we mean Frank Gamoe. By the time you read this he will probably be howling on the corner of Hollywood and Vine again.

And now for my special bit of news—

Some goon has gotten conceited enough to think he knows who writes this column. So to further baffle him I'm calling in my twin creature, Zingoosa, to help me with my seances, ball-readings and predictions. If my ball ever reveals who started this rumor, I shall personally crawl out of my cubby hole and spray him with D. D. T.

### TIGERS AND PANTHERS IN THRILL PACKED GAME: Play Strawn Friday Night: ORDERED FOOTBALL JACKETS MONDAY: ELECT CAPTAINS

The Tigers brought down the Gorman Panthers last Friday night with a score of 14 to 12. The Tigers scored their points in the first half. As usual, Bobo made a touchdown with a pass thrown from the Tigers' quarterback, Billy Keeney, and also the extra point. Next it was Russell Johnson, the Tigers' left end, who hit pay dirt for the Tigers, and Fullback Wendell Seago that plunged home the extra point, making the score at the end of the first half 14 to 0.

The Panthers scored both of their touchdowns in the last half, but failed on both attempts for extra points. One attempt was a pass which was knocked down by Wendell Seago, and the other one was a place kick which went wild. As the whistle blew, the Panthers were on the Tigers' five-yard line and fighting hard for that one more touchdown which they didn't get.

After a few comments from the coach last Monday, the Tigers started off on a stiff work-out this week in order to be in good condition for the home game with Strawn Friday night. Strawn promises to offer the Tigers tough opposition, having been defeated only once this year. This game is next to the last game of the season, or it may be the last game the coach has informed me, so everybody be

prepared to see the game, because the season is getting close to the end. Last Monday turned out to be an exciting day for the Tigers when a very special man from the W. A. Holt & Co. paid them a visit with a bag full of football jackets. After a long discussion, everybody voted, and there were a few who weren't satisfied, but majority rules and that's the way it went. Seago, Tiger fullback, and Neel, Tiger left half, were elected captains for the year.

The lettermen are as follows: Johnson, Stagner, Ellis, Hefner, Wren, Griffiths, Bobo, Keeney, Neel, Seago, Hill, Connally, and Brooks. Congratulations to all you lettermen, and also to those swell kids that came out every day to give some opposition to the first string. They're the ones that need a lot of the credit, because "A team is as strong as its substitutes."

### ALUMNI OF 1945-46

We traced the Alumni back as far as two years but we have been having a little difficulty since then, so while we are searching for the Alumni of '42-'43 we give you those who will soon join the ranks of the ex-students of H. H. S. Upon interviewing each one we find that a year from now they will be situated thusly:

Stella Barnett will be employed in Fort Worth;

Mary Louise Nachtigall will probably be attending a nursing school;

Jerry Dowdy hopes to be attending J. T. A. C. with the purpose of becoming a radio technician;

Don Griffiths thinks he would like to become a mechanical engineer but since a discussion in Physics on Astronomy he has been toying with the idea of studying the solar system, with a telescope;

Laverne Reue will be well occupied with a beauty course;

Dale Randals will be attending T. S. C. W. with the idea of becoming a dietician;

Leroy Bobo says he wants the furthestest from Hico he can get and still make it back in an hour if he gets homesick;

Ada Lee Grimes, like Laverne Reue, will be struggling over a book on "How to Disguise Homely Faces";

Nelda Paul Fallin doesn't know what college she will be attending but she will be taking a course in Pre-Law;

Donald Hefner merely states that he expects to be attending college;

Mary Helen Hollis is going to be an English major and will spend her first two years at J. T. A. C., then transfer to teacher's college at Denton;

Max Hill expects to be at J. T. A. C.;

Russell Johnson is going to take a nice long vacation;

Jack Neel is another one of our group who plans to patronize J. T. A. C.;

James Lindy Rainwater says "ditto" for Leroy's idea; and

Last, but not least, comes Marjorie Nix who says she is very "undecided."

— H H S —

### AS OTHERS SEE YOU

Did you ever wonder how you looked in the eyes of others? If you would like to know, watch for this column every week and find out for yourself.

We will start our insults with the very dignified Senior, Leroy Bobo. Leroy is a likable sort of a fellow who has sparkling brown eyes, a shy expression and a tendency to blush when addressed. Leroy is an excellent football player and has no serious faults other than those such as annoying Mrs. Angell, talking in class, not studying, and giggling. We have had people to accuse him of being a reckless driver but we wouldn't go so far as to do that. Little Bo, as he is called by his friends, has found the road of love rough and rocky indeed. Disappointed in an early love affair, Bo has never quite been the same, thank goodness. He is an original member of our class but is seriously considering the matter of honoring Hico High with his presence at least one more year. We will now leave the remnants of his character with you and wish Bo good luck. (He'll probably need it when his parents read this).

### ASSEMBLY PROGRAM

A very interesting program was given Friday immediately after noon. It represented a funeral procession bearing the corpse of the Gorman Panthers. A choir sang three songs, a sermon was given by Mr. Parker, and the audience passed by the coffin to pay their last respects to the Panther. He was survived by a weeping mother and sweetheart and a walling father. Afterward the corpse was carried out and a few rousing yells were given.

### GIRL SCOUT REPORT

The Hico Girl Scouts met at the Firemen's Hall Monday evening at 6 o'clock. There weren't very many present, but everyone there said they would bring someone else to the next meeting.

Mrs. B. B. Gamble will take over our leadership with Jeanette until Jeanette leaves. She has been a Scout leader before when her daughter was very small.

We are going to dust, sweep and mop the Fireman's Hall next time before Scout meeting. Wanda Nell Johnson and Genelle Elder will dust and Marjorie Grimes and Imogene Elder will sweep.

We have decided to have our meetings every Tuesday night at 6:00 o'clock so we can use the Fireman's Hall. The next meeting will be next Tuesday night at 6:00 o'clock. All Scouts come.

After the gifts had been opened by the bride and groom and admired by the entire group, refreshments of punch and cookies were served to the following:

## AMERICAN HEROES

by JULIAN OLLENDORFF

PIERRE, South Dakota, can be proud of Lt. Robert Pershing Williams. Decorated with the Navy Cross and the Distinguished Flying Cross, Lt. Williams, spotting a German sub while piloting a Navy Torpedo Bomber in the Atlantic, attacked the enemy without supporting fighter planes. He released four depth charges, all of which exploded close, sinking the sub and throwing enemy personnel into the water. For his heroism and extraordinary achievement Lt. Williams received the Gold Star. War Bonds buy depth charges for such heroic service.

Sgt. and Mrs. H. T. Bramblett came in last Friday from Houston for a visit here with his parents, Mr. and Mrs. O. M. Bramblett, and other relatives. Sergeant Bramblett is being transferred from Wilmington Field near Houston to Buckley Field, Denver, Colo.

Shirley Ince has written home since he has returned to training center, asking that his address be changed to Norman S. Ince, S 1/2 R. T. Co. ZZE, R. T. U., U. S. Naval Training Center, San Diego 33, Calif. His mother, Mrs. R. E. Ince, says Shirley will appreciate letters from his friends.

Claud Christopher, who came in a couple of weeks ago from the Pacific, has been keeping out of sight of the editor, so we don't know how he looks in civilian clothes again. He's probably out hitch-hiking around like he used to do in his training days. During service in the Aleutians, Claud picked up a bum knee and was sent to Honolulu for hospitalization. After recuperation came an Islands station, and then civilization—just like that.

Tom Spaulding used to give us regular accounts on his doings all through Louisiana, France, and Germany, but since he's got home with his discharge we can't keep up with him. He was all dressed up late Thursday afternoon, and promised to report later. Do you think he will? Tom served in various rates from private to staff sergeant and back again, for five years and 7 days in the Army. Oh, well, it's time for him to have some civilian fun.

Jack Smith of the Seabees and Bill D. Smith of the Navy came in Sunday night from Camp Wallace with their discharges. They are now at home with their mother and family, but expect to be visiting at Hico soon, according to their promises in a telephone conversation with their grandfather here, J. J. Smith.

Pfc. and Mrs. Harold Goolsby, accompanied by his parents, Mr. and Mrs. B. F. Goolsby of Jonesboro, visited here last Thursday in the home of her parents, Mr. and Mrs. Penn Blair. Harold had just returned to the States after 29 months service with the U. S. Army in the ETO and received his discharge in San Antonio, where Yetta has been making her home for the duration. After a visit in Mexico City they plan to return here for a longer visit in the Blair home.

Cpl. Arthur J. Dankers arrived in the States Oct. 24, 1945 after being in the European Theater of War for 24 months. Jack landed in Normandy on D-Day plus three, and saw action in Normandy, Northern France, Ardennes, and Germany. He has the American Defense Service Medal, the EAME Campaign Medal with five battle stars, the Good Conduct Medal, one Service Stripe, and four Overseas Service Bars. He has received his discharge and is home visiting his mother and other relatives.

Mr. and Mrs. L. C. Cook have received a letter from their son Staff Sergeant Wayne L. Cook, the first one received in six months. He had arrived in a Japanese harbor when the letter was written Oct. 21, but had not gone ashore at that time. It had been 45 days since any mail had been received by his outfit, a headquarters company with the 2nd Battalion of the 27th Infantry, formerly stationed on Luzon. Wayne was hoping to get to come home soon on points. His brother, I. D. Cook, who came home after his discharge about a month ago, has been working for his former employer, Sid Fine, at Carlton, with whom he had a job for seven years prior to going into the service.

Charlie Meador is again “Mr.” after receiving his discharge last Thursday at Fort Bliss, near El Paso, where he has been stationed. He returned home Friday.

A change of address has been received for Mrs. Alvin Bell, whose paper has been going to Alexandria, La. She is now at Abardeen, Md., where her husband, Sergeant Bell, is stationed.

Cpl. Ray Cheek wrote to his parents from the Philippines Oct. 27 that he was on a Liberty ship with a detachment of men headed for home. If things go according to schedule, Ray hopes to be home by Thanksgiving. After a visit to the San Antonio Separation Center and then several sessions at his mother's table, we predict that he will pick up some of that poundage he says he's lost.

Capt. and Mrs. Ralph E. Perkins and son, John, spent Monday night here in the home of Miss Thoma Rodgers. Captain Perkins, who is a chaplain in the Army and was formerly pastor of the Hico Baptist Church, has just returned from the ETO and is reporting to Camp Swift for reassignment. During his overseas service, Mrs. Perkins and son made their home in Abilene with her parents.

Charles French, who is stationed on Jamaica Island, near Cuba, in the Caribbean Sea, has recently been promoted to staff sergeant, according to a letter received this week from him to his mother, Mrs. Roy French.

Jake Eubank, former Seabee who returned to the States earlier this year, was seen around town this week in civilian clothes. He was accompanied, we hear, by his wife and young son, Butch. They must have cut the NR off their visiting list.

Staff Sergeant Harvey Houston received his discharge last week and came home last Thursday in time for the football game. After his return from the ETO, and a period of hospitalization he has been stationed on the West Coast. He says he may not stay here long unless somebody stirs up some excitement.
