CHIEF JODIE BETTS MUST HAVE SCARED THE GUYS ON TOUGH ALCATRAZ

Radio Material School, Treasure Island, Calif. May 7, 1946

Dear Holford: I just wanted to let you know that I ain't where I usta was. I reported in at this place last week. Have seven months more school to go through here.

Don't know what the connection is, but no sooner do I get here than the prisoners try to break out of Alcatraz. All that we could see of that scrap from Treasure Island was the boats patrolling around the "Rock."

I'd better knock this off before I write too much. Regards, JOE. (Joe D. Betts, CSOM)

Sgt. J. B. Ratliff, who let out a big whoop to the editor just before leaving for induction into the Army two years ago, returned home last week end and came around to holler that he was back with a discharge. But the editor was out at the time, unfortunately, so Dude went around to see his wife and son, Bobby, who also seemed quite well satisfied to have the pleasant young man back home. He has served at Camp Lee, Va., most of his Army career, and he hasn't divulged his plans for the future as yet, but we are hoping he'll take our advice and stick around Hico.

S/Sgt. Douglas Helvey, stationed at Bergstrom Field near Austin since his recent reenlistment, visited here last week end with his father, W. H. Helvey.

Lt. Tom Herbert Wolfe arrived last week for a visit in the home of his parents, Mr. and Mrs. H. N. Wolfe. He was accompanied by his wife, who has been making her home in Houston while Tom H. had duty with the U. S. Maritime Service in Gulf waters.

T/5 Willard Leach and wife of Fort Sam Houston, San Antonio, spent the week end here with his parents, Mr. and Mrs. John Leach, and with his brother, Herman Leach, and wife.

Sold... Satisfied!

FOR SALE: 107 good aged goats. See V. F. Meyer, 4 1/2 mi. South of Alexander. 51-3tp.

"Guess we better take that ad out," said V. F. Meyer concerning the above that appeared for the first time last Friday. "I sold all the goats Saturday and could have sold them again Sunday."

American Legion to Sponsor Concert by Stamps "Happy 4"

Junius Nash Post 291, American Legion, announces sponsorship of the appearance of "Stamps Happy Four" at the Hico School Auditorium Tuesday evening, May 28. This is the popular quartet heard daily over Radio Station KRLD, and arrangements for the local concert are considered fortunate for those who like their offerings.

Tickets for the concert may be had at nominal prices, but Legion members point out that they will appreciate advance purchase of same at the regular price, for their percentage of the receipts will be greater when tickets are bought ahead of time from Barnes & McCullough, S. W. Evedett, Paul Wren, or any other Legionnaire. A liberal share of receipts will go to the local American Legion post.

Sid Gregory Jr. Announces For Representative

Sid Gregory Jr., of Gatesville was in Hico Tuesday to authorize his name inserted in the political announcement column as a candidate for State Representative of the 94th District of Texas.

Gregory, whose card introduces him as "A common man himself, fighting for the common people," is the fourth to enter this race. He will have a more formal statement for the readers of this paper in the near future.

BRINGS OLD PAPERS

B. J. Barrow and Geo. W. Barrow, both of Houston, visited here last week end in the home of their sister, Mrs. J. W. Autrey. Ben, a perennial subscriber to his old home paper, came by the NR office Friday to pay his subscription for another year ahead of time, and "save a stamp" as he put it. He very kindly showed the force some old copies of Hico papers, which were very interesting.

HOLDS HOUSTON FUNERAL

Rev. J. F. Isbell left last Friday night for Houston, where he conducted funeral services at 4:30 p. m. Saturday for Virgie Lee Sullivan, an old friend and father of V. D. Sullivan, one of Rice University's star football players a few years ago. The younger Sullivan also is a close friend of L. M. Isbell, who served with him when both were employed at the YMCA at Houston.

UNDERGOES SURGERY

Mrs. Aubrey Duzan of Corpus Christi, who underwent surgery in the Stephenville Hospital on May 4, was brought to Hico last Sunday by her husband to the home of her mother, Mrs. R. M. McPherson, where she is reported to be recovering nicely. Aubrey returned to Corpus Christi Sunday.

AWAY FOR SUMMER

Mr. and Mrs. L. O. Verckler left Thursday for a visit in Mineral Wells, Texas, and Abilene, Kansas, before going on to Bailey, Colo., where they will spend the summer months. They have requested that the News Review follow them during their visits.

WEATHER REPORT

The following weather report is submitted by L. L. Hudson, local observer:

Total precipitation so far this year, 13.77 inches.

BROTHERS AND SISTER MEET

Three children of Mr. and Mrs. H. H. Ramage, Iredell, Route 2, met by coincidence at Camp Stoneman, Calif., recently, for their first get-together in nearly three years. Shown left to right are Capt. Jewel C. Ramage, who has recently returned from the Pacific; First Lieutenant Virginia H. Ramage, a flight nurse, and First Lieutenant Jimmie L. Ramage, who was then stationed at Camp Stoneman.

The three children of the Erath county couple met when Captain Jewel Ramage was returning from duty with an amphibian engineers' outfit in the Pacific and stopped to see his brother at Camp Stoneman, to find that his sister was also there, en route to the Philippines where she is with the 501st Evacuation Squadron at Clark Field. Lieutenant Jimmie Ramage was with the 375th QM Truck Co. at the California base. Both the boys are now at home on terminal leave, Captain Ramage having just returned from a visit in California and Oregon.—Stephenville Empire-Tribune.

Legion's Americanism Endowment Fund Will Merit Your Support

Donations Sought Here In County's Drive for \$529,000

The opening of the \$450,000 campaign of the Americanism Endowment Fund of the American Legion, which commences Monday, will be prefaced by an explanation of its projected educational and welfare program in thousands of Texas pulpits on Sunday, according to Bradford D. Corrigan of Hamilton, county chairman for the campaign.

OUTSTANDING POULTRYMAN... George W. Edmonds, Luverne, Minn., holding his S. C. White Leghorn hen No. 2328, whose 12 daughters aided him in establishing outstanding record and winning the Pillsbury "golden egg trophy" for his accomplishment.

Health Protection Is Many-Sided Problem Says State Officer

AUSTIN, May 14.—If every case of suspected communicable disease could be promptly visited either by the family physician or the local health officer, thousands of susceptible persons would be protected from disabling illnesses, according to the State Health Officer.

To quote Dr. Geo. W. Cox, "The old fashioned theory that it is a good thing for children to have a number of the catching diseases and get them over with, has long since been known to be a serious and sometimes fatal error. The longer a child can keep from having these diseases, the better it is for him. Every child should be completely protected by vaccination or inoculation against these diseases where an immunity can be produced."

Prompt diagnosis, isolation, good medical and nursing care give the patient the best chance for a satisfactory recovery without the serious complications that sometimes accompany even the mild forms of communicable diseases. Dr. Cox emphasized that obeying the public health laws regarding isolation and quarantine of communicable diseases protects not only the patient, but helps protect others from contracting the illness.

"The State Health Department," Dr. Cox said, "is doing everything in its power to protect the health of the people of Texas. It is the duty of every man and woman to do his share to maintain a high level of health and help prevent the spread of communicable diseases."

"We are in a period characterized by many 'bams', but there is only one of them that can be safely counted upon to maintain for ourselves and our children the fundamentals of that type of a democracy which has made our country great. "That is Americanism. "The American Legion has created the Americanism Endowment Fund to sustain a permanent program of education in the duties and obligations of American citizenship. This deserves the support of all true Americans."

Sunday is "I Am An American Day," by proclamation of President Truman. Honorary National Chairman of the Americanism Endowment Fund, and by Governor Stevenson, the Honorary State Chairman, and the Governor called special attention to both the occasion by proclamation and to the campaign by a letter addressed to 7,500 "men of all faiths," the clergy of Texas.

"I hope that you will join in supporting this great cause of Americanism," the chairman added. Terry and Armstrong counties "jumped the gun" on the campaign by sending in their full quotas well in advance of the opening date, and several private contributions have already been received or pledged.

Texas' quota of \$450,000 is the first to be sought toward the \$15,000,000 national goal. The Trust is administered by twenty-one men of national prominence. Col. Alvin M. Owsley, of Dallas, is chairman of the Board of Trustees, and Fred F. Florence, president of the Republic National Bank of Dallas, is state chairman of the campaign.

A fertile soil supports a healthy people; a poor top soil is the basis for poor health.

Saving Food Is Still America's No. 1 Problem

Sending food to the world starving is still America's number one problem. "Guns speak the first word of victory, but only food can speak the last word," so states the President's Famine Emergency Committee.

It's food and more food that alone can sustain starving millions of the world until they can get on their feet to build the kind of peace for which we fought. And it's food now and food alone that can give meaning to Franklin D. Roosevelt's "Our own objectives are clear—the objective of establishing and securing freedom from want... everywhere in the world."

Famine threatens hundreds of millions of people around the world. A recently returned Hamilton Staff Sergeant, who was stationed in the Philippine Islands for three years, makes this statement about the needs of the Filipinos. "Their one thought is for food and clothing. The first four meals I had in one part of the islands, I gave to begging Filipino children. They would scramble like dogs for any food dropped on the ground. The men and women brought buckets and emptied the Army garbage into them after each meal."

The National and County-wide drive has been launched. You can make your contribution to your grocery store, church or school. Contributions can be made in the form of cash, bought canned food in tin, and good worn summer clothes or feed sacks. How we can save foods—by (1) eating less bread and using more of cereals and Irish potatoes; (2) using all the fresh vegetables possible, raising all you can and buying the fresh vegetables on the market; (3) canning any surplus vegetables and fruits; and (4) clean the plates and have no garbage.

The Hamilton County Home Demonstration Club women with Mrs. James Sparks as their chairman, and Mr. A. C. Hays, recently appointed County Chairman for the National Food Collection Drive ask for your full cooperation.

VICTORY S. S. CLASS ENTERTAINED TUESDAY

Mrs. James J. B. Ogle, Jim Jameson and Miss Heaster Jordan were hostesses to the Victory Class of the Methodist Church at a social held at the Firemen's Hall Tuesday evening. A luncheon plate was served, after which forty-two was enjoyed. Sixteen members, three children and one guest, Mrs. Fannie Troublefield of San Diego, Calif., attended.

Baccalaureate Sermon Sunday Will Usher In HHS Graduation Week

OUTSTANDING ACHIEVEMENT... The award of the 1946 Elliott Cresson gold medal of the Franklin Institute to Maj. Gen. Gladeon M. Barnes, chief of research in ordnance, was recently announced. The award was made in consideration of General Barnes' design of anti-aircraft guns, tanks, and sea coast artillery and his development of gun carriages.

Baptist Minister to Address Seniors At M. E. Church

Senior students of Hico High School are in their hey-day this week, having finished with their lessons, tossed their books aside, and become involved in the round of social events that always goes with graduation. Most of the parties and entertainments have been publicized through The Mirror, school section of this paper. A more detailed account of the programs will be carried in next week's paper, along with congratulations to the graduates.

Baccalaureate Services will be held at the Methodist Church next Sunday morning, May 19, at 11 o'clock. Rev. O. D. Carpenter, local Baptist minister, will address the graduates at that time. An interesting program is being prepared, but was not released prior to publication time.

High School Graduation Exercises will be held at the school auditorium Friday evening, May 24, at 8:15. More details about the program for that event will also be carried in next week's paper.

Grammar school students will observe their graduation exercises Thursday of next week, May 23, at which time over forty successful candidates for promotion will be impressed with remarks upon their completion of elementary work.

Katy Will Not Be Materially Affected By Freight Embargo

ST. LOUIS, MO., May 14.—Notwithstanding Office of Defense Transportation freight embargo, operations of the Missouri-Kansas-Texas Railroad System, a non-coal-burning property, will not be materially affected, Donald V. Fraser, Katy president, announced today.

"The Katy is a 100-per cent oil-burning railroad and is not directly affected by the freight embargo or the order to discontinue some passenger trains," Mr. Fraser said. Mr. Fraser issued the statement after shippers throughout the country flooded the Katy offices with telephone calls and telegrams asking if the railroad would be able to continue service between St. Louis and Kansas City terminals and the Southwest.

"The Katy Railroad is in position to give prompt service on all non-embargoed freight offered to it by connections, and we can give normal service on shipments of any kind which move exclusively on our lines or which are delivered from or to us by any non-coal-burning connecting railroad. Our railroad is also an important link in a chain of trans-continental non-coal-burning rail lines providing through freight service to the Pacific Coast."

LODGE BROTHER DIES

Hico Masons have been notified that a fellow member of the local lodge, William Henry Evans, passed away April 20, 1946, at 5:20 p. m.

He was laid to rest in San Antonio Mission Burial Park, according to information received from his widow, Mrs. Dorothy E. Evans, 330 Wilkens Ave., San Antonio.

ALCATRAZ PRISON QUIETS DOWN... Following the rioting which broke out at the "rock," Alcatraz federal prison in San Francisco bay, which resulted in the death of two guards and three prisoners, the prison authorities with the assistance of marines, coast guard and San Francisco police restored order with capture of remaining leaders of the break. For price control—Jack Carson, star of his own CBS Wednesday night show, and his program "girl friend" Vyola Vonn, illustrate the dangers of inflation. "One egg selling for \$1.50 in Manila shocks our radio cut-ups and they cast their ballot for OPA's price control. F. B. I. didn't buy the egg," says Jack.

Senior News

Our days at Hico High are ending fast now, and they especially seem to be since our caps and gowns have arrived. The caps and gowns are royal blue with white collars and tassels. The baccalaureate service will be at the Hico Methodist Church, Sunday, May 19, 1946, at 11:00 a. m. Brother O. D. Carpenter will be the speaker. The commencement exercises will be in the High School auditorium Friday evening, May 24, 1946, at 8:15 p. m.

We, The Seniors

The school year of 45-46 is almost at an end and when we walk out of the doors of H. H. S. this time we will no longer be Seniors. So we want to take this opportunity to thank all our teachers who have helped us through the grades and high school and also our parents who have been kind, patient and tolerant through all these years. We hope that we haven't disappointed them.

Junior News

We wish to thank the ladies of the Review Club for the nice time Thursday night at the Garden Party at the Bluebonnet Country Club. Although the party was given for the Seniors, I think that we Juniors enjoyed it as much as they did.

Final examinations are again creeping up on us. After this final we hope to have only one more. Most of us are trying to remember what we are already supposed to know, but it comes pretty hard to do. We hope to be called Seniors next year.

We want to know when you people are going to get together and do something about that recreation center we have been wanting. We like to have a good time too, so please try to help get something done about it. We like different kinds of entertainment the same as you do. When you were young you might not have had a recreation center but you could give a party that everyone would take part in. We can't even do that. As small a place as Fairy is even doing better on entertainment than Hico because they do have skating one night a week and Hico doesn't even do that. Come

on, folks, let's don't let Hico die while these other small towns are getting all of the trade. Hico can grow and become a town too, if we will help it.

Freshman News

Last Thursday the Freshman class took our lunch and went to the river for a picnic.

We had a nice time wading, eating ice cream and swimming. We want to thank Mr. Parker for going with us, and Mr. Leeth for transportation.

This week we will review this semester's work, then next week we will welcome (?) final tests. Then we will have a holiday for about three months.

Seniors Given Garden Party

Thursday, May 9, the Review Club gave a party for the Seniors. A very interesting program was presented and "Zingara" predicted each of the Seniors future. Refreshments were served and afterwards a dance was held sponsored by Mrs. Angell.

The Crystal Ball

The time has finally come to reveal the identity of our two mysterious writers. Yes, we mean Zingara and Zingosa. So if some night when the moon is full and there's no wind if you should by chance stumble upon their cave, you would find Frances Angell and Nelda Paul Fallin sitting on toad stools watching the C. B. for news. In other words, dear reader, Frances A. is Zingara and Nelda P. is Zingosa. In case you have any matters to discuss with them you will find that they have both left town.

For Ladies Only

I am engaged in the practice of Swedish Massage. Those troubled from rheumatism, neuritis, first form of arthritis, gall-bladder trouble, pain in back, chest, neck, shoulders or otherwise, or any ailment brought about by poor circulation—such as heart trouble, high blood pressure, low blood pressure, etc. are greatly benefited by my method of treatment.

I am a graduate of the College of Swedish Massage, Chicago, Ill. After completing my work, I studied under one of the most noted Masseurs and am in position to give you a most scientific massage. I maintain that a perfect circulation gives perfect health.

I specialize in Electric Baths, Hydro-Therapy, and use of the Infra-Red-Deep-Therapy Light, which penetrates to the bone and is indeed very beneficial to any form of pain. It also aids poor circulation and nervousness.

A visit to Health Haven Salon, located in Dublin, Texas, is convincing. (Signed) JANIE RANEY, Masseuse.

Our dealers join us in making this frank report to THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. The coal situation may also prove serious—we hope not.

Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry.

Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic pro-

duction efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that all repair parts production schedules are far beyond normal.

No hoarding

You may be sure that every machine will be shipped to dealers as soon as completed. We do not and will not hold machines off the market.

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

What dealers may have for you

We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS

and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairness say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

No cutting corners on quality

There is one thing you can be absolutely certain about: We will NOT cut corners on quality in order to increase production in this emergency. For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

Our community was well represented at the Hamilton County Workers Conference at Fair on Monday of this week. Among the ones attending were A. B. Clark and family, J. W. Abel and wife

and Mrs. "Lefty" White, and children. Virgil Battershell is a patient in a Temple hospital and is to have an operation.

Mr. and Mrs. Hugh McKenzie and children of Hico, Mr. and Mrs. Avery Coffman and son, Joe Arian, of Carlton visited Sunday with their mother, Mrs. Claud Smith, and Mr. Smith.

Visitors on Mother's Day in the Fred Geye home were Mr. and Mrs. Raymond Geye and son, Jeffrey, of Marble Falls, Nolan Geye of Stephenville, Mrs. Dow Self and family and Miss Willie Johnson and Arthur Johnson of Carlton, and Mr. and Mrs. Luke McKibbin of San Bernardino, Calif.

Mr. and Mrs. John H. Clark and children, John Ralph and Patricia, spent Mother's Day in Gastine with her mother, Mrs. W. S. Cox. Uncle Ben Smith spent the past week in Hico with his daughter and husband, Mr. and Mrs. C. D. Richbourg.

Mr. and Mrs. Jeff Railsback and children of Lingleville, Mrs. James Bone and daughter of Stephenville, and Mr. and Mrs. Doyle Partain and daughter of Georgetown were week-end visitors with their mother, Mrs. S. C. Railsback.

Frank Stidham of Dallas spent the week end with his mother, Mrs. Rena Stidham.

Mrs. Ola Matthews of Austin, formerly of Carlton, was a visitor in town Saturday afternoon. She was en route to Purves for the week with relatives.

Mr. and Mrs. Jess Reeves left Saturday for Temple, where she will go through the clinic.

Mr. and Mrs. Clifford Malone and baby of Waco, Mr. and Mrs. Walton Gandy and children of Hico spent the week end with their parents, Mr. and Mrs. Will Jordan.

John Lee Dove, employed in Fort Worth visited over the week end with his parents, Mr. and Mrs. Ernest Dove.

Mr. and Mrs. Bud Connally of Dallas spent the week end with her parents, Mr. and Mrs. Brooks Hall.

Mrs. Jim Ray Anderson and children of Duffau visited Sunday with her parents, Mr. and Mrs. Milton Whitehead, and daughters.

Mrs. A. J. Roberson of Alexander is visiting her brother and wife, Mr. and Mrs. Tom Lowery.

Mr. and Mrs. Marion Upham of Houston, Mr. and Mrs. L. C. Vaughan and son and Mr. and Mrs. Stuart Partain of Waco, Mrs. Frank Osborne and son, Frankie, of Dublin spent the week end with their mother, Mrs. Ophelia Upham.

Mrs. S. C. Railsback and daughter, Mrs. Doyle Partain, attended the funeral in De Leon Monday of her sister-in-law.

and Miss Nora Abel, J. T. Abel and wife and son, Louis, S. N. Akin and son, Dalton, Mrs. Ted Arrant, Mrs. Ovee Clark, Mrs. Henry Wilson, and Mrs. Ella Shepherd. Perhaps there were others and we just failed to get their names.

Dalton Akin and family of this place and Norvell Akin and family of Hico spent the day at Glen Rose Sunday. S. N. Akin and son, Lloyd, went over after Sunday school and church services, ate lunch and spent the remainder of the day with them. In the afternoon they visited with Mrs. Sam Pace of Fredell, who is taking treatments at the Snyder Sanitarium. Mrs. Pace was the former Mrs. P. C. Clark Sr.

A. B. Clark had family visited with his mother, Mrs. Sam Pace, at Glen Rose last Friday.

W. M. LeMay of Dallas and Meridian was in our midst on business last Wednesday. Mr. LeMay and S. N. Akin have just completed a new six-wire fence between their places. Mr. LeMay owns the old Ollie Ford place.

Texas now has a population of about seven million people.

211 Texas farmers and 94 counties have been approved as breeders and growers of certified seed.

Enjoy COMFORT COOLING

with ATTIC VENTILATION

Your attic is a HEAT TRAP without ventilation

COOL Breezes replace heat with attic ventilation

In summer, your attic is a heat trap, building up temperatures as high as 25 to 35 degrees above outside temperatures. This stored-up heat acts like a blanket keeping your house uncomfortably hot long after the sun goes down.

Attic fan ventilation eliminates this prime cause of summer discomfort by drawing cool air in through the windows, circulating it about the house and blowing hot air out through attic vents, thus cooling the entire house. Instead of sitting up until midnight waiting for the house to cool off, you can retire early and sleep in cool comfort.

Attic fans are available now for immediate installation. Consult your electric appliance dealer or this company now for the facts about this low-cost way to summer comfort.

MORE MONKEY BUSINESS

Mr. Petrillo, king-pin of the musicians' union, seems to be making a monkey out of congress — and make it's just as well.

For it's time congress learned that if it is going to pass any legislation to curb labor racketeering, it must aim at solving complete basic problems and not just chip off small, inconsequential chunks for legislative action.

The Lea bill, which is one of the few union-control measures ever passed by congress, does nothing but prevent Mr. Petrillo from forcing broadcasting stations to employ unneeded musicians. So naturally Mr. Petrillo, with an oversupply of musicians on his hands, simply turned to new pastures. He is now insisting that Hollywood studios employ three times the number of musicians they need.

Why congress doesn't go to the bottom of the situation and provide that no union can force an employer to hire unnecessary workers, is hard to understand.

LEWIS VS. THE PEOPLE

We managed to win the war in spite of the doings of John L. Lewis, and it is probable that we shall win the peace in spite of him.

But the fact that it is both legal and acceptable to Congress for one man to paralyze production, either in war or peace, certainly throws a bright light on a serious weakness in the "American system."

The patience of the American people, in permitting Mr. Lewis' annual "spring festival" is a remarkable thing — but we would prefer to see a less spectacular exhibition of patience.

The only answer seems to be some kind of labor legislation which will force labor leaders, such as Mr. Lewis, to show some respect for the rights, ambitions and the hopes of the 139,000,000 people who do not mine coal.

With such a requirement, we might at least avoid a coal strike every two out of three years.

CONTROL BY THE PEOPLE

In the final analysis, whether we have all-out inflation or not will probably depend upon the people. More important than what laws we have or don't have will be the question of whether we will be willing to sacrifice buying the things we want if prices go too far out of line.

If the public refuses to pay the sum of \$2,000 for an ordinarily low-priced automobile, there is no doubt that the price will come down to one the public is willing to pay.

If the majority of us would make up our minds not to be "suckers" and would keep our pocketbooks closed when prices got too fantastic, inflation could undoubtedly be kept under control.

THIS AND THAT

By JOE SMITH DYER

FROM MY DIARY:

Mont-Saint-Michael, France August 23, 1933 The Mount of the Archangel Michael is usually the culminating point of any trip one might make in France.

It stands right upon the line between Normandy and Brittany and it shows plainly what man and nature can do.

Michael himself is the most popular of all Angels because he always may be found when danger is greatest.

There was a time when Mont-Saint-Michael was known as "Saint Michael-in-peril-of-the-sea" but the sea could never do anything more than dash madly over the sands, and then dash again—but this time against the base of the great rock. The rock has even defied human hostile groups and the most violent of these also has resisted. During the One Hundred Years War the English tried many times to take it but they were not successful.

Our hotel is on the one and only street in the town and this street is lined with small shops, touts and hangers-around—more of the latter than it has been my fate to see at any other place in France. They snatch at your sleeve as you pass them and they shout advice about various and sundry things. They stick worn-out-from-handling souvenirs in your face and they peer you in about every way that one can be pestered.

We climbed to the Abbey this afternoon and it was so nice and so cool that it simply took possession of all of us.

We stood upon the terrace in front of the very ancient church looking through glasses at the sea that surrounded the rock a few hours ago and will again in a few hours more.

After we left the terrace, we walked through the great cloister of the Merveille which is a wonder of early Norman art.

Later when the sun was going down we watched the tide come in. All of us had watched other tides come in at other places, but none had ever been so impressive as the tide that comes in and almost swallows up Mont-Saint-Michael. The great waves rush madly in over eight miles of beach, sometimes at the speed of a racing car and turns what has been a desert of grey into a wild ocean railed by the fine sand.

This sight is best thirty-six hours after each full moon.

The roar is always deafening and thrilling.

And then we went for dinner to Madame Poulard's famous restaurant—and the only one I would recommend on the Mont—for her famous omelettes which are supposed to be the finest in all of France.

Tomorrow we go into Brittany on a little train that looks as if it might have come from out of a little Paris toy shop. It is standing now at the tiny little station here. And when we leave here tomorrow we will look back as long as we can at a scene of wonder for then Mont-Saint-Michael will become a silhouette against the northern sky—a silhouette that has defied the ravages of time and of men.

an EXTRA HAND for spring planting

Years ago the farmer discovered that at spring planting time the use of a telephone is almost like having an extra hired hand. The farmer knows that during his hectic spring planting days his telephone saves him priceless hours in town buying supplies and equipment. That is why a telephone is part of the future plans of most progressive farmers. That, too, is why our future plans include modern rural telephone service for every farmer who desires it.

Special Feature At the Hico Thurs., Fri., Sat Matinee

Judy Garland's back in a song-and-dance role after her dramatic performance in "The Clock" . . . This time she's seen in her most tuneful role as a Harvey House waitress in M-G-M's lavish new Technicolor musical western, "The Harvey Girls," opening on The Hico Theatre screen Thursday and running through Friday and Saturday matinee.

And what a cast they've given Judy . . . John Hodiak is the romantic interest as a gambling house owner . . . Remember him with Lana Turner in "Marriage is a Private Affair" . . . Ray Bolger, clowns and dances . . . Flory Angela Lansbury of "The Picture of Dorian Gray" and "Gaslight" plays a dance hall queen and Judy's rival . . . Then there's Preston Foster, deadpan Virginia O'Brien, singing Kenny Baker . . . And more laughs from Marjorie Main and Chill Wills . . . Don't miss this all-star, all-comedy, all-musical hit, "The Harvey Girls." Mrs. G. M. Barrow, bring this reader and receive a free pass to "The Harvey Girls" Thurs., Fri., Sat. Matinee, at The Hico.

Comics Romp In "Little Giant" At The Hico Theatre

Bud Abbott and Lou Costello, Universal's champion funny men who have attracted bigger audiences for film exhibitors than any similar team, are, to their new picture, "Little Giant," being graduated to a new and more important status in the amusement world. The movie is due Sunday at The Hico Theatre.

Long dependent on the "gag" type of comedy, which they brought to film and radio from burlesque and vaudeville, the famous team that became a sensation overnight at the beginning of World War II with "Buck Privates," is expected to make just as big a splash at the war's end with their latest picture, a totally different type of entertainment.

William A. Seiter, one of Universal's ace directors, piloted "Little Giant," which is a comedy drama of a boy who goes to the city to make good. Popular Hollywood headliners in the supporting cast include Brenda Joyce, Jacqueline de Wit and Elena Verdugo. Other favorites seen in prominent roles are Mary Gordon and George Cleveland.

Six-Inch Sermon

† REV. ROBERT H. HARPER †

A Friend Who Learned to Believe.
Lesson for May 19: John 11:7, 8, 16; 20:24-29.

Memory Selection: John 20:29.
The name, "Doubting," which has been given Thomas does not give full credit to his character. He was ready to die with his Lord (John 11:16) but he asked, after the resurrection, to see the wounds of Calvary and to put his hand in the Master's side, that he might believe.

He thus asked for the lowest order of proof, the crude evidence of the senses. There is an old saying, "Seeing is believing," but in the spiritual realm the order should be reversed—men must believe, to see the unseen, to hear the unheard, and to know the unknown.

Thomas was an honest doubter who found no joy in unbelief, no triumph in bringing others to share his doubts. In his case there lived "more faith in honest doubt . . . than in half the creeds." And with supreme satisfaction and joy, when he saw the Lord, he cried, "My Lord and my God."

But we do not need to run all the changes and the chances of doubt. In our age when, as one has written, the device is bishops dormant, a question mark rampant, and the motto QUERY, be persuaded that the spiritual is not learned with a test tube and not measured with a yardstick, but through the power of faith. Spiritual things are spiritually discerned. "The things which are not seen are eternal." So let us seek those things which are above—through the blessed power of faith to see the unseen.

In Memory of WILLIAM HENRY EVANS April 20, 1916

Once again Death has summoned a member of our Lodge, William Henry Evans, and the Golden Gateway to the Eternal City has opened with a Welcome Home. The work of ministering to the wants of the afflicted, in shedding light into darkened souls, and in bringing joy into the places of misery is completed, and as a reward he has received the plaudit, "Well Done" from the Supreme Master.

AND WHEREAS, The Allwise and Merciful Master has called our beloved and respected member home;

AND WHEREAS, Having been a true and faithful member of our Lodge, therefore be it
RESOLVED, That Hico Lodge No. 477 Ancient Free and Accepted Masons in testimony of its loss, tender to the family of our deceased brother our sincere condolence in their deep affliction; and that a copy of these resolutions be sent to the family, one published in The Hico News Review, and one spread on the Minutes of the Lodge.

Fraternally,
E. H. RANDALS,
MARVIN MARSHALL,
J. V. LACKEY, Committee.
