

**HAVE** you had the gauge on your pressure canner checked this year? Remember that this should be done each season to insure accuracy of the pounds of pressure. In some cities the gas company offers this service so find out where you get it and don't delay.

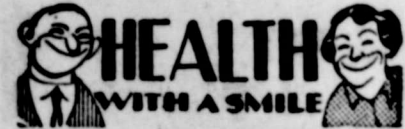

There is now timing for home canning of non-acid vegetables. Research by the Bureau of Human Nutrition and Home Economics of the U. S. D. A. proved that time can be reduced in processing some non-acid vegetables but must be increased in others. Asparagus is one of the vegetables which needs an increased length of time in processing. The time has been increased to 25 minutes for pint glass jars and 55 minutes for quart jars. The pressure remains the same ten pounds.

Always use young, tender vegetables and can them quickly while fresh. Tough, over-mature vegetables will result in a finished product that is poor in flavor and quality. It is necessary to process over-mature vegetables longer in order to have any assurance that they will not spoil. The change that takes place in vegetables from the time they are gathered to the time they are canned impairs both flavor and keeping qualities.

It is important to wash all foods thoroughly since the bacteria most difficult to kill comes from the soil. If dirt finds its way into the jar of food it is almost certain to cause the food to spoil later. Always lift the fruit or vegetable out of the water in which it has been washed. If the water is poured off, particles of dirt still remain in the pan with the food. It takes running water or many changes of water to be sure vegetables are free from all traces of soil. Vegetables should be washed before they are peeled or their skins broken.

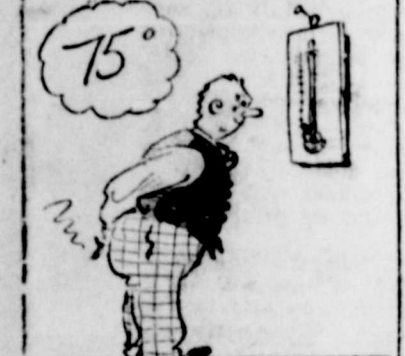

These conditions of quality, freshness and cleanliness apply to vegetables that are to be frozen just as they do to vegetables that are to be canned.

More than 90 per cent of all automobile accidents in 1946 involved cars with no apparent mechanical defects. Drive carefully!

**HEALTH WITH A SMILE**

Proper Temperature for the Home

By Dr. J. B. Warren  
For winter, 70 degrees Fahrenheit indoor temperature with 35 per cent moisture (humidity) when outdoor temperature is 30 degrees above zero, is proper. For summer, temperature of 71 when it is 20 degrees outside to 75 degrees when it is 105 degrees outdoors, is desirable. Ventilation is most important and some means of obtaining "moving" air should be arranged—not a draft, but a gentle movement of air to remove moist "used" air away from you.

**Game Tournament June 28 Sponsored by Hico Garden Club**

Members of the Hico Garden Club will sponsor a game tournament at the Bluebonnet Country Club on June 28, starting at 3:00 o'clock in the afternoon.

A small admission fee will be charged, and proceeds will go to the club's fund for beautifying Hico.

Prizes for each event will be awarded and everyone has a special invitation to attend. Various articles of value were donated by local merchants, most of whom responded liberally and courteously when contacted by the committee, who turned in for publication the following list of contributors, together with a request that they accept sincere thanks for their generosity:

**Weekly SURPLUS NEWS WAA**

Solution of the vocational training and rehabilitation problems of Texas schools, colleges, and public health institutions was offered this week in a plan to donate nearly 300 items of machine tools now in government surplus at Grand Prairie and Amarillo Air Field. Qualified educational, health and charitable institutions may receive without cost such special purpose equipment as reamers, lathes, taps and dies and presses by submitting written application to the Grand Prairie regional office of War Assets Administration. Application instructions and complete listing may be obtained on request to the WAA Priority Claimants Division, Box 6630, Dallas.

Garages over the country will welcome an opportunity to bid on automotive parts and maintenance equipment offered to the general public without priorities until July 7 through the Customer Service Center of the Grand Prairie regional office of War Assets Administration. The greater number of the items are listed as unused and include spark plug gaskets, cylinder sleeves, main bearings, locking nuts, seat frames, bushings, housing, lamps, disc wheels, radiator rods and bumpers.

El Paso city officials have filed a letter of intent to purchase 24 buildings currently advertised for sale at the El Paso municipal airport.

Footwear products and textile apparel are currently being offered by War Assets Administration in separate sealed bid sales. Items in the footwear sale include rubber composition soles and rubber heels for men's shoes. Listed in the textile apparel items are medical corps hospital robes for men and women; men's short, two pocket convalescent coats; mens operating gowns, coveralls, jackets and caps. Further information is obtainable through the Customer Service Center at the Grand Prairie WAA office. Bidding closes July 14.

From steam locomotives to platform skids are offered to the competitive bidding of the public in a lot of industrial equipment for sale through the Customer Service Center at the Grand Prairie regional office of the War Assets Administration. The bid opening date is July 8. Also listed for sale are lift trucks, piston assemblies, air cleaners, fan belts, starter controls, hand trucks and electric conveyors.

Aluminum sheets in various thicknesses and sizes await the industrial trade in a sealed bid to be conducted by the Customer Service Center of the Grand Prairie regional office. Bids will be opened July 9.

**Homecoming At Bluff Dale Set for July 5th and 6th**

Bluff Dale, June 23.—Invitations have been sent to all old timers and former residents of this community announcing the homecoming to be held on Saturday, July 5. Free barbecue dinner will be had at noon Saturday, July 5. A short program will be held in the morning at the tabernacle. Registration will begin at 9 a. m. Saturday with Mrs. R. W. Glenn in charge.

Saturday afternoon, a baseball game will be played by two all-star teams at the Morris baseball field. Program for the occasion has been completed by F. J. Fallin, general chairman; W. L. Keshey, C. R. Bowden, L. L. Cantrell, Mrs. Harry Deaver, Mrs. Bill Emmett, and others.

Women of the community will bring cakes, pies, potatoes and anything else to help complete the meal. The men will furnish the barbecue.

This is the first time in 15 years a homecoming has been held at Bluff Dale, and a large crowd is expected.

F. D. Hicks a former citizen of Hico, will act as master of ceremonies, and invites all his old friends in this community to come up and eat dinner with him Saturday of next week.

**BIRTHDAY DINNER GIVEN IN HONOR OF HUSBAND**

Mrs. J. C. Blackburn surprised her husband with a birthday dinner Sunday.

Present for lunch were Mr. and Mrs. A. A. Fewell and grandson, R. B. McClure; Mrs. J. M. Graves, and Mrs. Belle Perry. Mr. and Mrs. Glenn Lee and Mr. and Mrs. Darwin of Fort Worth visited in the afternoon.

Everyone enjoyed the day very much. Many nice gifts were received, and everyone wished Mr. Blackburn many more happy birthdays.

**PURCHASES GROCERY STORE**

T. O. Lowery of Hamilton stated this week that he had purchased the Graves Grocery and Market from F. D. Graves, who has owned the store since last October, and in next week's issue of the News Review will carry an advertisement in full detail.

Mr. Lowery formerly lived in Hico before going to Hamilton three years ago where he has been employed since that time with the A. G. Thompson Grocery. He will be assisted in the store by his wife and their daughter, Louellen, who moved with him this week to Hico to make their home.

**Veterans' News**

Disabled veterans eligible for free automobiles must submit their applications to the Veterans Administration sufficiently prior to June 30 to permit processing them before the deadline, VA said this week.

While the veteran has up to two years after that date in which to effect delivery of the vehicle, VA is not permitted to enter any obligation against the appropriation after midnight, June 30, under present legislation.

Nearly 23,000 disabled veterans of World War II have filed applications for vehicles through May 31 under the law which provides a \$1,500 conveyance for those who in service lost, or lost the use of, one or both legs at or above the ankle.

Of this number, 16,952 applications were approved and nearly 13,000 sales agreements were certified for payment as of the same date.

More than two and a quarter billion dollars has been spent to provide education and on-the-job training for veterans of World War II.

This was revealed this week when VA cumulative expenditures of \$2,283,000,000 by May 1 for education and training under the Servicemen's Readjustment Act and the Vocational Rehabilitation Act.

The number of veterans claiming readjustment allowances for unemployment dropped over 25 per cent in the past three months, effecting a savings of nearly \$8,000,000 a week over the rate of expenditure for February of this year, VA announced this week.

The 728,000 claims during the last full week in May represent the smallest number received in any week since January, 1946, when, in the wake of widespread demobilization of the armed forces, the number began to climb toward the all-time peak of nearly 1,800,000 reached in April of that year.

More than 300,000 veterans have exhausted all of their readjustment allowance rights, having drawn the entire 52 weekly payments of \$29 each specified by law.

**Pastor Announces Pentecostal Revival Now In Progress**

The Pentecostal revival meeting began Sunday evening, June 22, according to announcement made this week by Mrs. Dollie Lynch, pastor.

The public is invited to come hear the gospel preached by a man of faith, Rev. Wilson of Gorman.

**NEXT WEEK'S PAPER EARLY FOR THE 4TH**

Since July 4 falls this year on Friday, the day the News Review is regularly circulated, the paper will be issued early next week in order that it may be in the mails Thursday.

In this way subscribers and advertisers will be served better, and the NR force will be enabled to take the holiday, which is customary with most local business houses.

Cooperation in the way of early copy will be appreciated as usual. News items and advertisements received after Tuesday probably will be omitted or delayed a week.

**June Is National Dairy Month; Texas Dairymen Praised**

Austin, June 23.—Dr. Geo. W. Cox, State Health Officer, endorsing the observance of June as National Dairy Month, today released a statement congratulating Texas dairymen on the remarkable progress they have made in the past few years.

"It is gratifying to note that where 29 years ago there were no evaporated milk, powdered milk, or cheese plants in Texas, now this State produces all 6 of the major dairy products; buttermilk, ice cream, butter, evaporated milk, cheese, and powdered milk."

Dr. Cox pointed out that last year Texas made 25,296,000 pounds of butter, 13,699,000 pounds of cheddar cheese, and over 39,000,000 gallons of ice cream.

"Milk is our most nearly perfect food," Dr. Cox said. "It is rich in proteins, vitamins A and G, and the minerals, calcium and phosphate."

"The State Health Department is indeed glad to join with the Texas dairymen in celebrating June as Dairy Month," Dr. Cox said, "and to urge that from a health protection angle, at least a pint of milk be included in the daily diet of all adults and an even larger amount provided for the children."

**Church of Christ Making Plans for Revival July 3-13**

For many weeks plans have been going forward for the annual summer meeting of the Church of Christ. Beginning July 3 and continuing through July 13, the Gospel will be preached by Eld. Leslie Preley of Handley, Texas, who has been an evangelist of known ability for many years.

The local congregation insist upon your presence at these daily services, especially are members invited who have been negligent in their obligations.

Stanley Giesecke will have charge of the song services.

More than 80 per cent of 1946 automobile accidents in the United States occurred in clear weather. Drive carefully—always!

**Qualify Friday; Match Play Will Start Saturday**

Local golfers shaping up their games prior to the tournament at Bluebonnet Country Club golf course this week end have been joined daily by visitors testing the sand greens preparatory to qualifying rounds, which are to be held today, Friday, June 27. On the basis of these scores the medalist will be decided.

Driving and approaching contests will be held Friday afternoon, in which the general public is expected to have a great deal of interest. The Calcutta Pool auction of players, and barbecue for visiting golfers will be held Friday night at the clubhouse. It is announced that tickets for this affair also are available to the public at a nominal price.

Match play in all flights starts Saturday morning, with the finals scheduled for Sunday afternoon.

J. H. (Doc) Brinkley, now of Fort Worth, course titleist, arrived Thursday for test rounds on the sand-green course which in a large part started him on his career. Although he has devoted most of his time in recent years to grass-green layouts, Brink is not expected to have as much trouble with the local course as other contenders who are not familiar with the sand.

Ray Cheek, general chairman, has heard from a number of others who are expected to be here, and a lot of them were arriving almost hourly. He looks forward to the best tournament Hico has had since before the war.

**Baptists Announce Revivals to Be Held Simultaneously**

Rev. R. C. Tension, pastor of the First Baptist Church at Hamilton, was in Hico last week end making announcement of a simultaneous revival to be held at various churches over the county. A list of the churches, pastors, evangelists and singers is carried on Page 5 of this issue.

Dates announced for the meeting are July 13 through July 28, and the entire campaign will be directed by Rev. J. F. Weedon, State Evangelist.

On three separate days, July 13, July 21, and July 25, Rev. Tension said the pastors, evangelists and singers would meet at Hamilton at a cafe for dinner and to plan for complete success of the campaign.

Due to the fact that the local Baptist church is now without a pastor, Rev. Tension said it was impossible to announce participation of the Hico congregation this week. However he hopes that this announcement may be made next week.

While here, the visiting pastor also said that great hopes were being held for the success of the Baptist Encampment for Boys and Girls to be held at Hico City Park again this year, July 7 to July 11. He reported that 170 participated last year, and that 250 or more were expected this year. Mayor J. C. Barrow has been named to make the address of welcome on the opening day.

**RUNNING MATES!** . . . Out of the east reports continue that Gov. Thomas E. Dewey, New York, would like to have Gov. Earl Warren, California, as his running mate on the Republican ticket in 1948. They are shown at the executive mansion in Albany, where the California governor visited Governor Dewey.

**FLY TO STATE FAIR . . .** The world famous Arvedy Bosters quads shown from left to right, Elmer, Elmer, Elmer and Elmer, as they began to build up for their personal appearance at the Ohio State Fair. They celebrated their first birthday, May 27. They are expected to reach a weight of 100 before the Ohio fair. According to genetic records, the possibility of quads is 1 in 60,000.

Crazy Hat Wins Refrigerator!

One of those "Breakfast in the morning" radio shows came to Capital City last week, and Sarrah Carey won first prize for wearing the craziest hat in the audience. It was a full-sized refrigerator! (The prize, not the hat.)

"Glad them hats of hers paid off at last," says Ed, treating the whole thing like a joke. But you could see he was proud of Sarrah.

From where I sit, there's another thing Ed can be proud of: the way he's put up with those hats of Sarrah's, with never a criticism; just

as she's put up with Ed's pipe and the other little freedoms he enjoys.

They've got that refrigerator home now, stocked with beer; and we're going over tonight to drink a toast—not just to Sarrah's hats taking first prize... but to a happily married couple, who've learned to live with one another's differences in tastes—whether it's a taste for hats or beer!

Fairy

By Mrs. J. O. Richardson

C. M. Blacklock

Our hearts were made sad last Friday morning when the news was circulated that Mr. J. M. Blacklock had passed away at his home near Agee about 9:30 a. m. It came as a shock to most friends and acquaintances who had not learned that he had suffered a heart attack on the Saturday night before. However, according to reports, he was up part of the time and only a few minutes before he died, he had gone to the door to invite a neighbor, H. R. Brummitt, in. He had suffered a heart attack about a year ago, but since that time had been able to go around some and assist with the home duties.

Mr. Blacklock was born in January, 1875. He was married to Miss Maggie Laceywell in 1900. To this union nine daughters were born. His wife and four daughters preceded him in death, his wife dying in 1933.

In 1941 he was married to Mrs. Ethel Boykin who with the five daughters and their families and her daughter, Mrs. Turner of Carlton, and son, Gerald Boykin of Houston, survive. He is also survived by two sisters and a brother. The five Blacklock daughters are as follows: Dorothy (or Dot), Mrs. Ernest McCoy, Fort Worth; Hope, Mrs. Dick Jones, Hamilton; Rose, Mrs. Finis Hutton, Cranfills Gap; Margaret, Mrs. Woodrow Wolfe, Hamilton; Wynelle, Mrs. Marvin Simpson, Iraan, Texas.

Mr. Blacklock had been a resident of the Agee community near Fairy for more than forty years.

Most of this time he has resided on the place where he passed away. He united with the Baptist church at Agee in 1918 and had been a faithful worker and helper in the church until several months back when his health was impaired and he was no longer able to attend.

Funeral services were held Sunday afternoon at the school gym, being conducted by Rev. Tension of Hamilton and the new pastor of the Agee church whose name we failed to obtain. Bradford Corrigan of Hamilton directed the singing. Pallbearers were the following men who had been friends and neighbors of Mr. Blacklock for more than 40 years: S. F. Dickerson, J. I. Jameson, T. L. Betts, J. A. Miller, H. R. Brummitt and J. L. McCoy. The floral offering was large and very beautiful. Mrs. Lane, the Hico florist, had charge of the arrangement and the flower bearers were friends and so many we did not get their names. There were enough flowers to decorate the graves of the father, mother, and four daughters.

We would only say to all those bereaved, to live in that blessed hope that it isn't all of life to live, or all of death to die; for we shall surely meet again some day where there will be no more partings and sad goodbyes. May God bless and comfort all in these dark hours.

Wedding Vows Solemnized

Miss Cleyone Parks became the bride of Milford B. Miller of Fort Worth Monday morning at 10 o'clock in a quiet double-ring ceremony in the home of Rev. John D. West in Hamilton.

Miss Parks is the daughter of Mr. and Mrs. M. E. Parks of Fairy. She attended school at Fairy, and was employed in her father's store for several years, later going to Kerrville, where she was employed in the Chas. Schreiner Dry Goods Store.

The groom is the son of Mr. and Mrs. A. J. Miller of the Agee community. Milford is a veteran of World War II, serving most of his time in India. He is now a railway postal clerk.

They will make their home at 1229 Pafford St. in Fort Worth. Congratulations to this fine young couple for a long, happy and prosperous life together.

Frank Driver received a message last Thursday that his brother, Will, of Slaton was very ill of a heart attack. Mr. and Mrs. Will Driver are former residents of near Fairy, she being the former Miss Maud Anderson. We hope he will soon be much improved.

Mr. and Mrs. Hardy Walker and son of Corpus Christi were here for a short visit with her mother, Mrs. Emma Lackey, and other relatives the first of last week. They went on to Lubbock for a visit with his folks and plan to return by here before returning home.

Little Misses Linda Lou and Wilma Grace Goynne spent last week in Dublin visiting in the D. E. Allison home with their friend, Miss Ruby Jean Allison.

Those here from a distance Sunday to attend funeral services for Mr. Blacklock were: Mrs. Guy Vaughn, Mr. and Mrs. Witt Laceywell and daughter, Olton, Tex.; Mr. and Mrs. Nathan Akin, Stephenville; Mr. and Mrs. Jim Carmean and daughter, Gleg Rose; Mr. and Mrs. D. E. Allison, Dublin; Mr. and Mrs. Chesler, Cranfills Gap; Mrs. and Mrs. Bradford Corrigan and Mr. and Mrs. N. S. Sellers, Hamilton; and many others whose names we failed to obtain.

We have had no rain as yet, however, we still have threatening weather and are still in hopes we will have rain in time to save the corn, maize and other feed crops, and gardens.

Rev. Marvin Tidwell of Iredell will fill an appointment at the Methodist church here next Sunday and has been chosen as pastor here and will preach every first Sunday. All are accordingly invited to attend these services.

Rev. and Mrs. A. S. Gafford and Judy of Brownwood spent Sunday with Uncle Bob Parks.

Mr. Robert Klopping of Santa Rosa, Texas was a week-end visitor in the M. E. Parks home. Robert and Elzie (Rab) entered the armed forces and served at Camp Hood and on through Japan together. Robert is a student in the A. & M. College at College Station, Texas.

During my "hitch" in the Army I constantly looked forward to the time when my wife and I could be back in Hico among our friends, conducting our own business which we had enjoyed so much in the past.

Now we want to thank you for the nice business you have given us since resuming the operation of our Texaco Station one year ago. Our privilege to serve you is a real pleasure and we hope all our dealings have been as enjoyable and satisfactory to you.

We make a specialty of Washing and Lubrication, and we have the equipment to do the work with, which insures you a good job.

● Columbia University has recently contributed two outstanding books of value to every farmer who wants to know "why." "Foods, Their Values and Management," by Henry C. Sherman, gives the recent achievement in production, distribution and use of foods. Price, \$3.25. The other book, "Jesse Buel, Agricultural Reformer," by Harry J. Carman, price \$6.75, gives many writings of one of America's greatest agriculture scientist-reformer and agricultural editor. Both books are a must.

● Farmers run the biggest manufacturing business in the world—the production of food. Power comes from the sun. Raw materials are carbon dioxide, water and plant food, points out the Middle West Soil Improvement committee. If farmers fail to keep up the supply of plant food in the soil, the whole process slows down. Lime, fertilizers and good soil management practices are utilized to keep the farm in profitable operation.

By a slim three point edge, Joe Fuks of the Philadelphia Warriors professional basketball club piled up a new season scoring total of 1407 points. This betters the old record of Willie Kummer, whose mark was 1404.

Pauline Beta, outstanding w-o-m-a-n tennis star has been banned from a male tennis tournament by the United States Lawn Tennis Association, because, it is charged, she planned a professional tour. She will miss the U. S. championship meets, and the international one at Wimbledon, England. Also suspended is Mrs. Sarah Cooke, and her husband, Elwood Cooke, on the same charges.

Babe Ruth, ailing baseball immortal is recuperating in Florida from his recent serious illness. He intends to reenter baseball as an organizer and supervisor of young men's amateur teams under a national youth organization.

Another of baseball's great hitters, Joe DiMaggio, is regaining his old form. His ailing heel has ceased to bother him, now that he has had a skin graft operation. Wearing a special shoe, he is able to play for short periods.

Sugar Robinson, welterweight champion, stopped his latest opponent in the fourth round by a technical knockout. Eddie Finazzo's second three in the towel after Eddie had been dropped twice for the count of nine. The match was held in Kansas City.

Al Lopez of the Cleveland Indians is the only catcher who can say that he caught both Walter Johnson and Bob Feller, the two fireball hurlers. Lopez was Johnson's receiver in 1924, when the Washington club was in training in Tampa. Marcel Cerdan, spectacular French middleweight fighter, will be unable to box for two or three weeks. He fractured his thumb in New York. Cerdan won by a knockout in the second.

U. of Illinois' great coach during the '20s and '30s, Bob Zuppke, is in Auburn, Alabama, to help Carl Voyles with spring football practice. Voyles was assistant coach at Illinois.

Several weeks ago the ABC show, America's Town Meeting, emanated from Chicago. . . . Two of the prominent men participating in the debate over whether the communist party should be outlawed in the States were Ellis Arnall, ex-governor of Georgia, who took the negative side, and Joseph McCarthy, Republican senator from Wisconsin, who fought the affirmative.

Backstage before the broadcast, Arnall was completely at ease. He's a quiet, soft-spoken man with typical southern charm, but when he arose to take his speech he did a Jekyll and Hyde and turned into a fireball. . . . He was alert and brilliant in answering questions fired at him by the audience and others on the panel.

Arnall will be guest moderator this summer when George V. Denny goes to Japan on Gen. MacArthur's request, and a better man than Arnall couldn't have been chosen for the spot. . . . Incidentally, Don McNeill of ABC's Breakfast Club is also being considered as a guest moderator. . . . Don is tops as emcee of a variety show but he hardly seems to fit the bill as a substitute for Denny.

Bogie Says "No"

Frank Sinatra will play the role of Father Paul in "Miracle of the Bells" . . . It will be a straight dramatic role with no singing, and his salary of \$100,000 will be donated by him to non-sectarian charities.

CBS' popular Duran-Moore team will break up this fall. . . . The split is amiable with Garry wanting to take a fling as a solo. . . . The Kerrville, Tex., junior chamber of commerce will honor Johnny Olsen, emcee of ABC's Ladies Be Seated on July 2 when it observes a "Johnny Olsen Rodeo Day" during the annual championship rodeo to be held there July 2 through 5.

S. soil conservation service reported that Benton Harbor received 4.91 inches of rainfall in 24 hours. ## VETERANS' QUESTION BOX

*Ed. Note: This newspaper has arranged with the Washington Bureau of National Weekly Newspaper Service, 1616 Eye St. N. W., Washington 6, D. C., to answer questions pertaining to servicemen and veterans. These questions will be answered in this column if addressed as above. No replies can be made by mail, but this paper will print answers to all questions received.*

Q. I would like to get in touch with a very good friend of the family and we would be very grateful if you could help us get his present address. The last address we have is D. W. G. RM, U.S.S. Clarendon, APO 72, San Francisco, Cal.—V. A. F. Long Beach California.

A. The navy department says bosun's mate D. W. G. has been discharged from the navy and gave as his home address 2909 Elizabeth St., Bellingham, Washington.

Q. I have just been discharged from the army. My buddy is still in and he is bashful about writing to you. The fact is he was AWOL and has been doing guard house duty. What he wants to know is whether he will get an honorable discharge and then whether he will be eligible to get the GI bill benefits when he gets out.—K. McF., Parsons, Kansas.

A. Such cases are judged entirely upon their individual merits. The mere fact that your buddy was AWOL and sentenced to the guard house does not necessarily mean that he will get a dishonorable discharge. If he gets a discharge other than dishonorable he will merit benefits of the GI bill.

Q. Our son suffers from intermittent attacks of malaria which he contracted while in the southwest Pacific. He seems to be all right at times and then another attack comes and he is forced to go to bed. He is getting a small payment from the government. Do you think these payments will continue and is there any chance of his getting more money—Mrs. S. L. T., Powder Springs, Tennessee.

A. Whether he will continue to receive his disability checks depends entirely upon his disability rating and the degree of his disability. If he should improve or entirely recover, VA might lessen or even discontinue his checks. On the other hand if he should get worse, VA might increase his pension checks under a new disability rating. Your best information can be obtained from the VA office where he obtained his original disability rating and which has his case record.

Q. Can you please tell me if my son who enlisted in the navy for six years and has served four years already, has any chance of being released?—Mrs. A. O. Lockport, Ill.

A. No, not unless he is released for medical or physical disability or as a hardship case.

## THE MIDDLES

# Farmers and Ranchers Can Now Buy Machine to Save Money, Time, and Labor

The latest posthole digger manufactured by Continental has been pronounced the best posthole digger ever made. It will dig holes up to 44 inches deep in a minute. The depth gauge can be set for any depth hole—then the rest is automatic. It is operated with perfect ease by the tractor operator. The operator merely trips the control lever and in a matter of seconds the auger reaches the predetermined depth. At that point, the Built In Power Lift engages automatically lifting the auger out of the ground and latching it at the top ready to dig another clean hole.

No complicated hydraulics system is necessary to use this machine. It will fit any make of tractor and it can be put on or taken off in a few minutes. There is no backbreaking labor involved. All digging and lifting operations are done automatically with tractor power with no effort at all on the part of the operator, who merely sits in the tractor seat and watches the machine dig the post-holes for him. When the hole is completed the tractor operator can drive to the next hole and start digging in one-fourth the time a man digging by hand could pick up his tools, move to the next hole and start digging.

The Continental has a rock bit which can be attached in five minutes and will drill through small chunky rock. Probably no post-hole digger that sells for a reasonable price will ever be made that will drill through solid rock.

The low cost of the posthole digger can be visualized when one stops to figure out how much it costs him to have his holes dug by hand and the slow process involved.

It costs from 15 to 25 cents per hole to have post holes dug. Thus the cost for having 500 holes dug at 15 cents per hole is \$75.00, and it will take one man about 15 days to dig them by hand.

With the Continental digger, 500 holes can be dug in one day and the only cost will be the gas and oil the tractor uses plus the tractor operator's wages for one day. One can save at least \$65.00 for every 500 post holes by using the Continental digger—not to mention the great saving in time.

By saving \$65.00 (usually a greater saving than here figured) for every 500 holes, it means that the digger can pay for itself in three days' work because it will dig between 500 and 600 holes per day. This digger retails for only \$255.00 delivered and set up ready to dig.

These diggers are being sold exclusively in this territory by NEEL TRUCK & TRACTOR. (adv.)

## Church News

### Church of Christ

The religion of Christ is not negative but distinctly positive and aggressive. Its philosophy goes beyond the three monkeys who "See no evil, hear no evil, say no evil." Christianity involves doing no evil but likewise involves doing good. When a person neglects to do the right thing his religion is inadequate and God counts him a sinner.

July 3-13 are our revival dates. This is your invitation.

## Six-Inch Sermon

REV. ROBERT H. HARPER

Memory Selection: Isaiah 2:3.

The first verse of the lesson text tells of the supreme contribution the Hebrew nation has made to the world—the Bible. That Book has one grand peculiarity that distinguishes it from all other books—the revelation of God and all the blessings of the truths God has made to men.

Consider the mighty facts we have learned from the Hebrews and from Christianity, which was built upon Judaism—God, Jesus Christ, the immortality of the soul, heaven, the infinite worth of every man in God's sight, democracy, brotherhood, love, and others. Through Judah comes the dream of peace which is even now the hope of men. Isaiah writes that the Lord's house shall be exalted on the mountains and all nations shall be attracted unto it. And men shall beat their swords into the implements of husbandry, and learn of war no more.

Micah, in calling Israel to account and impressing the need of sincerity of heart above the observance of religion, brings a good lesson to the Israel of God, to the citizens of the kingdom.

The Christians of the world have reason to be grateful for the blessed contributions the Hebrew race has made to them. Instead of a distant attitude toward members of that race in their midst, and neglect of them in the ministry of the gospel which has come through the Great-est of their race, let us deal kindly toward them because of the blessings which have come to the Gentiles through Israel.

## W. S. C. S. MEETS IN HOME OF MRS. S. E. BLAIR SR.

The Woman's Society of Christian Service met June 17 in the home of Mrs. S. E. Blair Sr. for the regular social and business session. The meeting opened with song and prayer.

Due to the absence of Mrs. Ray who was to have had charge of the program, Mrs. Hord Randall conducted same. The subject of this lesson was "Children and the Law." Several different topics were read and discussed on this lesson.

Those having parts on the program were Mrs. Shirley Ross, Mrs. E. H. Persons, Mrs. Blair, Mrs. Lusk Randall, Mrs. J. L. Goodman, Mrs. Louise Angell, Mrs. Annie Waggoner. Others present were Mrs. Geo. W. Stringer, Mrs. J. W. Parsons, Mrs. J. C. Barrow, Mrs. Jno. Haines and Mrs. Segrist.

At the close of business, our study leader, Mrs. Shirley Ross, assisted by the president, Mrs. Goodman, gave a brief lesson on the study course.

Preceding the program delicious refreshments of punch and cookies were served.

REPORTER.

Mr. and Mrs. Jack Hollis and daughter, Judy, visited here last week end from Midland.

### Love Enters City Jail

While keeping tabs on the town's lawless element, Leroy Mouser, junior clerk, and Miss Irene Jaehne, file clerk, decided they'd like to keep tabs on each other.

Irene is the daughter of Mr. and Mrs. C. V. Jaehne of Houston, and funny thing, it was love at first sight because they started going steady that very night. They will be married August 16.

She finished Iredell High School here a few years ago. Irene has many friends here who wish for them a happy married life. He is the son of Mr. and Mrs. V. V. Mouser of San Felipe Courts, Houston.

Gather Your Eggs at Least Twice a Day!

● Gathering them three times is even better! The sooner you get eggs out of the nest after they have been laid, the less chance there is for other birds to crack the shells or track dirt on them.

● The temperature of an egg when it is laid is over 100 degrees. If it is left in a hot nest in a hot hen house for half a day or longer, it loses a lot of moisture and freshness even before it's gathered!

● Get your eggs out of the nests quickly and keep them FRESH.

CHRISTOPHER COLUMBUS MEMORIAL LIGHTHOUSE . . . A project sponsored by the assembly of the United Nations and the Pan American Union has been given impetus by Pres. Rafael L. Trujillo of the Dominican Republic for Christopher Columbus memorial at Ciudad Trujillo, Dominican Republic. The memorial, shown above, will be a flat lighthouse 1,200 feet long and 120 feet high and will resemble a giant recumbent cross. The bones of Columbus will be entombed in the main building which will house a Pan American museum containing Columbian and historic relics of the Americas. The cost is estimated at five million dollars.

SELECTED TO ATTEND 6-WEEKS SUMMER CAMP FOR RESERVE OFFICERS

Special to The News Review: Fort Sill, Okla., June 23.—Cadet Second Lieutenant Harry J. Auvermann, Hico, Texas, has been selected to attend a six weeks summer camp of the Reserve Officers Training Corps, starting today at the nation's Artillery Center.

A member of the Signal Corps unit of the Texas Agricultural and Mechanical College, College Station, Texas, Lieutenant Auvermann while at Fort Sill will receive the latest instruction offered by the Artillery School through ROTC instructors specially trained for that work.

He will also have an opportunity to witness several demonstrations by troops of the 5th Field Artillery Group now stationed at Fort Sill and get first-hand information on latest trends and developments of artillery.

A special section of this historical installation, the Concurrent Area, which has its own Post Exchange branch and is accessible to other recreational and entertainment facilities here, has been designated for ROTC students.

A graduate of Rawlins High School, Rawlins, Wyoming, he is now majoring in Electrical Engineering at Texas A. & M.

He is the son of Mr. and Mrs. Arthur Auvermann, Hico, Texas.

Author of "HOW TO WIN FRIENDS and INFLUENCE PEOPLE"

OVERCAME INFERIORITY COMPLEX

GEORGE Bernard Shaw, eminent English author, playwright and lecturer, who has had the brass and the audacity to stand before large audiences and scoff at and ridicule what the world holds dear, marriage, democracy, and almost every other cherished tradition of mankind, once suffered from shyness and timidity and an inferiority complex. Can anyone who knows him imagine him as ever having had an inferiority complex? Or realize that he once suffered intensely from timidity?

D. Carnegie

Here is his own description of how he felt before he conquered these inner enemies:

"I suffered such agonies of shyness I often walked up and down the Embankment for 20 minutes or more before venturing to knock at the door where I had planned to call. Indeed, I should have given up altogether and hurried home asking myself what was the use torturing myself when it was so easy to run away, if I had not been instinctively aware that I must never let myself off in this manner if I ever meant to do anything in the world. Few men have suffered more than I did in my youth from simple cowardice or have been more horribly ashamed of it."

Finally he hit upon what he considered the best and quickest and surest way ever yet devised to conquer timidity and bear, an opinion in which I heartily concur. He joined a debating society. He learned to speak in public. He says that the first few times he rose to speak before an audience, he was so nervous that he couldn't read the notes he held in his trembling hands, and, without notes, he couldn't remember what he intended to say. He frequently sat down in confusion and humiliation, positive that he had made a fool of himself (something which happens to by far the greatest percentage of those who first speak before an audience.)

But so fierce was his determination to conquer his shyness and self-consciousness that he attended every meeting in London where there was to be a public discussion, and he always rose and took part in the debate. For almost every other night for twelve years, George Bernard Shaw stood on street corners debating with hecklers, tossing off the insults of the unbelievers, and making himself one of the most brilliant speakers and debaters of his age.

But George Bernard Shaw never took for his subject something in which he was not truly interested, fired by enthusiasm. Since he was interested in so many things, this was not such a difficult task.

And there's a lesson in his story for anyone who is beset by those two devastating traits, shyness and self-consciousness. When speaking in public, take for your subject something in which you are so interested that you can forget yourself and think only of it.
