HICO vs. MERIDIAN

VOLUME LXIII

HICO, TEXAS, FRIDAY, SEPTEMBER 19, 1947.

NUMBER 18.

Some people move around too fast to suit us—in fact nearly all of them do.

About the time we had got a personal item set for the paper about Frank Bonner of Hico and Dallas and other places having left for College Station to enter A. & M., here he walked in the front door—big hat, cowboy boots and all.

Frank smilingly explained that he was just here for a few minutes as he didn't have any classes on Thursday.

He and a fellow student, Buddy Richter of Laredo, had hopped in the latter's Cessna to fly up to Hico for lunch. They were still picking their teeth when they got half way back to school.

We live to learn. It seems all along we have periodically been bullied by money-lenders and guys around banks into believing that when you owed them money, they were the ones who made the decisions about payment of interest—even principal sometimes. But look how the big boys do it, as reflected in the following item sent out for immediate release:

St. Louis, Mo., Sept. 15.—At a meeting of the Board of Directors of the Missouri-Kansas-Texas Railroad Company in St. Louis today, it was decided that no payment would be made on October 1, 1947, with respect to interest on the outstanding adjustment mortgage bonds of the company.

We'll know better next time, and already have our board of directors organized and instructed.

"It's Your Money, But..." is the head on an article in Pat Hill's Gatesville Messenger as follows: A pig in a poke can just as safely be purchased as many other items that are being offered "sight unseen" to a gullible American public. Today, more than ever before, prospective purchasers should remember that "all is not gold that glitters."

Today's mall is flooded with offerings of all kinds—encyclopedias, historical books, biographical records, coal and gasoline savers, office supplies, beauty aids, patent medicines, vitamins, business and investment services, health courses, surplus commodities and other items too numerous to mention. It is an easy matter to print up glowing descriptions of the articles being offered but far too many times the actual article does not come up to the description of it or the claims made for it. All of these articles and services can be purchased at home from reliable people and at prices that are often lower than elsewhere.

Shop this community first, for the only positive way to protect yourself is to know before you buy, what you buy.

Many times people receive unsolicited merchandise through the mail. They are asked to remit payment for the merchandise or return it. There is no legal responsibility to return any such merchandise. The best way to stop this nuisance is to hold the merchandise for a while and let the mailer call for it, which in all probability he will not do, then dispose of it as you see fit.

## Patrol Flags and Other Equipment Received by Scouts

Boy Scout Troop No. 99 met last Thursday night, September 11, at 7:00 o'clock. Much work has been done by all the boys on their promotion tests.

Games played were in the form of contests on Scout work. Also a "Kangaroo Court" was held and much interest and ability were shown in this.

The local Scouts have received their Patrol Flags for "The Wolf Patrol" and "Blazing Arrow Patrol." Each proudly displays his patrol flag in ranks while marching, and in the Scout hall.

Many new things are being added for the Scouts' education and entertainment. This week we have added a complete telegraph and signal light set for code practice; dart games, and horse-shoes. We also added two new members, Bobby Watkins and Bivin Dunklin. This brings our total to 23 boys.

As this goes to press, the Scouts will be at the High School Gymnasium, doing their part to make the box supper a success. We hope that all readers are there also. SCOUT SCRIBE.

## Commission Seeks Former Crewmen Of U.S.S. Texas

Houston, Sept. 15.—Lloyd Gregory, chairman of the Battleship Texas Commission, today called upon all former crew members of the USS Texas to assist in the drive starting this week to raise \$225,000 to bring the gallant old battlewagon home to the Lone Star State.

He asks them to contact the News Review, explaining that they are former crew members of the Battleship Texas; and also to send their names, addresses, and facts about their duty aboard "Old Tee" (as she was familiarly called by her crew) to: Battleship Texas Information Bureau, 1428 Commerce Bldg., Houston 2, Texas. These names will go into a master list for historical record about the retired battleship.

When things got tough aboard the Texas, or when crew members ran into trouble, someone always shouted, "Come On, Texas." And it got results. Once more "Old Tee" must call upon its crew, and again she does it with: "Come on, Texas."

## T. U. FACULTY INCREASED

Austin, Tex., Sept. 15.—Two new deans and more than 100 new faculty members reported at the University of Texas Sept. 15 for the beginning of the 66th annual long session.

Dr. L. D. Haskew of the College of Education and Dr. Henry M. Burlage of the College of Pharmacy are new deans.

Thirteen temporary buildings are in use this fall as classrooms, laboratories and offices.

## Hico Garden Club Has First Meeting Of New Club Year

The Hico Garden Club had its first meeting of the new club year on September 12, at the Home-making Cottage, which was beautifully decorated with flowers now in season.

Mrs. Marvin Marshall, president, presided at the business meeting. The subject of the program following was "Bulb Culture." Mrs. W. W. Carson Jr. gave a very interesting and helpful paper on "Lilies, Dahlias, and Daffodils." Mrs. J. E. Lincoln gave an illustrated "Lesson On Color" which was of interest and help in decorating our homes as well as flower selection and arrangement for our homes.

Mrs. D. R. Proffitt read the Constitution and By-Laws of the club. Hostesses for this meeting were Meses Vernon Jenkins, D. R. Proffitt, L. C. Pettigrew, and S. J. Check.

The meeting for October will be a Flower Clinic. Mrs. J. C. Felts of San Saba will be our guest speaker. This meeting will be of general interest and more will be announced concerning it.

The Texas Safety Association says the lives of hundreds of children—perhaps the life of your own child—would be saved if drivers observed three simple rules: drive at a moderate speed that will enable you to stop quickly in residential and school neighborhoods; keep on the watch for sudden, unexpected actions of children; and look around carefully before backing or starting up from a parked position. Children should be seen and not hurt.

A Navy PT boat, operating at maximum speed, consumes up to 500 gallons of gasoline an hour.

## State Singers to Meet This Week At Stephenville

Luther Knox, vice-president of the Texas State Singing Convention, has received notice from Ernest Rippetoe of Stephenville, president, and Silas Clark of Abilene, secretary, that the annual meeting will be held this Saturday afternoon, Saturday night and Sunday, Sept. 20 and 21, in the City of Stephenville.

"All singers, quartettes and music publishers will be there," the announcement continues. "We'll be looking for you. Please tell others."

## NOTICE, OLIN COMMUNITY!

The Olin Baptist Church under the pastorate of Rev. Jack Hull of Waco, Texas, has become a full-time church with Sunday school each Sunday morning at 10:00 o'clock, and preaching at 11:00.

The evening service will begin at 7:30 o'clock each Sunday night, with a Training Union program before preaching.

The Juniors will bring a missionary program this coming Sunday night. If you live in Olin community, and do not attend any other church, we invite you to come and be with us.

## Veterans' News

World War II veterans who renounce disability payments for any reason do not lose their rights to other benefits provided by law for them or their dependents, the Veterans Administration has ruled.

VA said these veterans may reapply for disability compensation or pension at any time in the future and that approved awards will be payable from the date of the second application, but will not include retroactive payments covering the period the renunciation was effective.

VA's ruling is of particular interest to disabled veterans who desire to enroll as officers or enlisted men in the National Guard or Naval Reserve. They may enlist in these units under the law only by waiving their disability payments. Reserve officers are not subject to this restriction, but while receiving active service pay, they may not also receive compensation or pension.

Almost as many World War II veterans will be alive at the turn of the 21st century as there are living veterans of World War I today, according to the latest Veterans Administration estimate.

VA computes that 3,400,000 War II veterans will be alive in the year 2000. The number of War I living veterans as of June 30, 1947, was 3,727,900.

However, although the average age of War I veterans now is approximately 54 years, the average age of the War II veterans expected to be living in the year 2000 will be slightly over 77 years.

The War II figures come from a projection that VA made to determine what its administrative and operating requirements for these veterans will be in the future.

The projection begins with the potential War II veteran population of 16,951,000 as of July 25, 1947. The average age of this group of that date was 28.6 years.

## Iredell to Open New Lighted Field Saturday Night

The Iredell Dragons will open a new lighted football field Saturday night, September 20, in a game with Stephenville B team. Construction and work have been recently completed after a year of assembling material.

The game promises to be one of the best of the year. The Stephenville team is known to be good. Iredell has a light team but under the tutelage of W. O. Swindell they are making rapid progress and show a lot of speed and power.

The Army Recruiting Offices at Waco are sending a sound truck and public address system to Iredell for the game. Invitations also have been extended to the Hico and Stephenville bands to be present for the occasion.

## Congressman Omar Burleson Feted On Return to Texas

Tuesday was "Welcome Home Burleson" day in Anson for Congressman and Mrs. Omar Burleson.

The little Jones County city took on a holiday atmosphere. Welcome Home banners were hanging across the streets and on the doors of the business houses, which all closed at 4 p. m. to join the crowds on the Public Square to pay tribute and welcome home a native son.

The famous Hardin-Simmons Cowboy Band, of which Congressman Burleson was a member in the early 1920's, opened the program with a 45-minute band concert. John C. Thompson, manager of the Chamber of Commerce, acted as master of ceremonies, introducing Gilbert Smith, former Jones County Judge, who on behalf of the citizenship of Anson, welcomed the Congressman and Mrs. Burleson, who had arrived only a few hours before the reception.

Mr. Smith paid tribute to Congressman Burleson as a public official, as a County Attorney, a County Judge and a Congressman. He called attention to Mr. Burleson's obligations and duty to the people of the 17th District, but warned of the paramount importance of a national legislator in exerting his untiring efforts in behalf of World Peace.

Flowers were presented to his wife and to his mother, Mrs. J. M. Burleson of Anson, who occupied a place of honor on the speaker's platform.

Congressman Burleson, introduced by Mr. Thompson, gave a brief report of his activities in Congress, expressing his gratitude to the people of his Congressional District for their help during his tenure in the 80th Congress.

Mr. and Mrs. Burleson had been delayed in returning home after the adjournment of Congress in order that he might make his tour of duty as a Reserve Officer in the Navy.

After a short and well earned rest Congressman Burleson plans to spend his time visiting over the District.

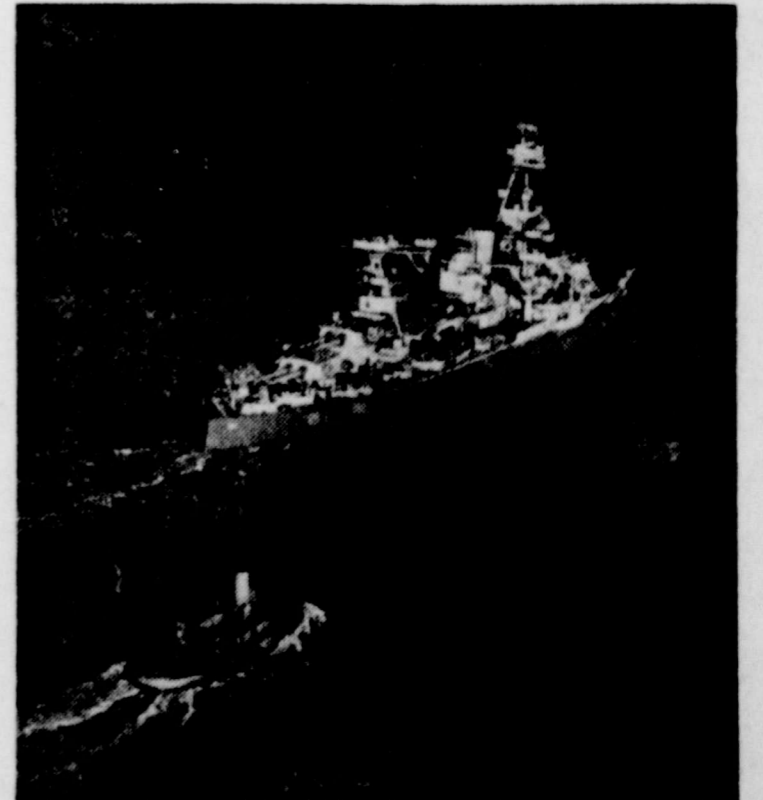

The tentative schedule for his visits, released this week, calls for stops at Stephenville and Dublin October 18 and 19, and at Hamilton and Hico October 20.

## Mrs. John Golightly Succeeds Mrs. Sparks On State 4H Board

Mrs. James Sparks of Hico Rt. 6, who has served on the Texas Home Demonstration's executive board for four years (three as state recreation chairman and one as State 4H chairman) has recently resigned that position.

Mrs. John G. Golightly of Hico Rt. 7 is assuming Mrs. Sparks' duties at the State convention to be held in Galveston the week of September 22. An appointment will be made by the president, Mrs. G. A. Rogers of Austin, at the convention in Galveston, of some one to finish out the term which is one more year.

## Come On, Texas!

When action aboard the Battleship Texas reached battle heat, her crew members used to shout, "Come on, Texas!" which meant: "Let's get in there and fight!" After 35 years of service, through two world wars, she won't fight any more. The Navy has put her on the retired list, and, unless the State of Texas takes action, she goes to the scrap heap. But she won't go to the junk pile, if thousands of Texans can help it. They are already contributing to a \$225,000 goal needed to bring the old battlewagon to the San Jacinto Battlegrounds, below Houston.

She is seen above, steaming out to open sea, as she was in her glory as a capital ship of the U. S. fleet. To bring her home to Texas, Lloyd Gregory, chairman of the Battleship Texas Commission, urges every Texan to aid the fund-raising campaign which began September 15. All contributions are to be sent to Mr. Allan H. King, Battleship Texas Fund, First National Bank, Houston 1, Texas.

GLAMOROUS MARY MARTIN, the Texas gal who soared to stage and screen fame, will star in the forthcoming mammoth production of the Broadway hit musical show, "Annie Get Your Gun," at the State Fair of Texas, October 4-19. She will play the role of Annie Oakley, famous sharpshooter of the Nineties. The State Fair is bringing this show to Texas at a fabulous cost exceeding \$200,000.

**SENIOR NEWS**

The Senior Class started off very nicely this year with nineteen members. We had one new student to join our class, Jean Gilbert. We are very glad to have you with us, Jean.

We elected our class officers last week. They are: Mrs. Angel, Sponsor; president, Mary Nell Hattershell; vice-president, Joan Caughey; secretary, Joan Golightly; treasurer, Billy Ray Ables; pep leader, Bette Dodd; editor, Marlene Adams; sports reporter, Don Eakins; reporter, Patsy Roberts.

The Seniors will be selling popcorn at the football game Friday night, so be sure to bring some extra change.

**JUNIOR NEWS**

The Junior Class got off to a good start this year by getting Miss Rohne for our sponsor and electing the following class officers:

President, Odell Terry; vice-president, Charles Golightly; secretary, Shirley Seago; treasurer, La Verne Parker; pep leader, Jo Nell Caughey; reporter, Patsy Meador.

We are happy to have some new members in our class this year. They are Logan Evans, Jimmie Barnett, and C. R. Woods Jr.

**SOPHOMORE NEWS**

Everyone is very glad to be back in school. We have three new students. They are Lou Ellen Lowery, Joan Malone, and John Henry Loudermilk. We are very glad to have them and hope they like school here.

We elected class officers last Thursday. They are as follows: President, Wendall Burden; vice-president, Bud Norrod; secretary-treasurer, Frances McCullough; reporter, Joan Malone; pep leader, Pat Duzan.

**FRESHMAN NEWS**

Like all other freshmen before us, we came to high school wondering just what our new life would be like. To our delight, we found that our home room is the newly done-over study hall. Will tell you later what we think of our subjects.

On Wednesday we elected the following officers: President, Betty Jane Golightly; vice-president, Joe McGlothlin; secretary-treasurer, Kenneth Johnson; reporter, Roline Chaney; pep leader, Patsy Jo Salmon; sponsor, Mr. Parker.

**SPORTS**

Last Friday night the Hico Tigers were defeated 6-0 by the Hico All-Stars. In the first half of the game, the All-Stars played on the Tigers' end of the field, but the Tigers kept them fought back from the goal line. But in the third quarter the All-Stars managed to carry the ball across for a touchdown. But still not getting discouraged, the Tigers were within ten yards of a touchdown when the game ended.

Football practice started on September 1, with Mr. Parker as our coach. This year there are about 35 men coming out. Of this group we had seven lettermen and about ten squadmen from last year's team. There were also several new players who have shown up well in practice.

Our next game is with Meridian, September 19, at Hico and we would like to have a full stadium.

**HOMEMAKING NEWS**

We have elected our officers. They are as follows: President, Mary Moore; vice-president, Genevieve Elder; secretary, Joan Malone; reporter, Loretta Funk; treasurer, Imogene Elder; social chairman, Patsy Tooley; historian, Lois Grey.

And the officers for Homemaking II are: President, Cathryn Walker; vice-president, Betty Jane Golightly; secretary, Jo Nell Roberts; reporter, Nell Dunn; social chairman, Bette Dodd.

We're looking forward to a very profitable school year.

**BAND**

Most of us had a good time this summer. We have attended several things and have enjoyed it all.

We were at the first football game and we are going to play at the game next Friday night. Also Saturday night we are playing for the football game at Iredell.

We have two new members, Billy Loden and Tommie Leeth, but we are very sorry that we have lost some, but we hope for some more new members.

**WORM'S EYE VIEW**

Nilly is happy now that school has started. Most of the summer had been spent in the empty school building. It made him feel good when he heard a rumor that school would start September 8. All the week before the important day, he was in a whirl of excitement, sprucing up and getting ready to dodge the feet of hurrying students.

Monday morning he saw Mr. Latham unlock the doors and pretty soon he was nearly overwhelmed by the rushing feet. There was only one person that didn't step on Nilly, Mr. Lincoln, for your kind heart. He is our superintendent and Biology teacher and really, kids, Nilly thinks he's an all-right guy.

**THE CRYSTAL BALL**

Come! Come! What's all the noise I hear? Did someone say school? Well, I guess it's time for me to wipe the cobwebs from my crystal ball and see what goes on.

No, it can't be so! Fred S. with a girl from out of town, and Jeanette D. with a Pete somebody. My! My! We have so many new students! There's a certain little black-headed Sophomore by name of Joan M. who seems to be

of interest to an ex-Senior Friday night. Could it be Wendall K.?  
Is it so that Mary Moore was at home Friday night while Odell Terry was playing football? That is what I hear.  
It seems everybody was in town Saturday night but Joan G. and Ray K. Wonder where they could have been.  
Who is it that I see Myrna S. and Loretta F. with at the football game? Or was it really them?  
Could it really be that Janelle D. carried Ralph L. part of the way home Saturday night? My crystal ball is fading away, so I wouldn't be sure.

From where I sit... by Joe Marsh

Yes, I'm Guilty!

Folks sometimes criticize us small-town editors for the way we often play up "little things" ahead of big... human, local news in place of world events.

I can't deny it. Read the *Clarion* and you'll learn about the Martins' golden wedding anniversary... about the community sing down by the river... the husking bee at Sober Hoskins', where neighbors helped husk the corn, and later drank sparkling beer together.

"Little things?" Maybe. But from where I sit, they add up to the

bigger things we call America: The friendliness of small towns... the helping hand... the respect for one another's rights. And above all the love of fellowship and freedom—whether it's freedom to speak one's mind or choose between a glass of beer or buttermilk.

I figure that if everybody looks after the "little things," maybe the bigger things will take care of themselves.

By Mrs. J. O. Richardson

We received about two and three-fourths inches of rain on Thursday night and Friday of last week, for which we are very grateful.

We are very sorry to report Mr. Henry Wilson very ill at this writing. He spent several days in the Holt Hospital at Meridian recently, but has been returned to his home. We hope he will soon be much improved.

Frank Simons and son, Alvis, of Hico are building a new concrete storage tank at the school grounds, which when completed will provide storage for plenty of water at all times.

Mr. Simons and son will also run a concrete front porch at the Edd Allison home when the above job is completed.

Mrs. Gladys Cox returned home Saturday after a week's visit in the home of her daughter, Mr. and Mrs. Charles Price of Austin. She also visited Miss Hannah Enger while there, and reports her to be much improved.

Mr. and Mrs. Truett Turner and little son, Dickie Wayne, Mrs. Turner's mother and brother, Mrs. T. R. Parks and Weldon, Mrs. Herman Sills, Jo Ann and Jamie spent the week end in Fort Worth visiting relatives.

Mrs. C. W. Brunson visited with Mrs. Carl Ray Sellers Monday afternoon.

Mrs. E. M. Hoover visited in the home of her husband's parents, Mr. and Mrs. A. R. Hoover, of Dublin, Friday afternoon of last week.

Mr. and Mrs. Elton Massengale and Miss Maggie Brummitt and a friend of Fort Worth spent the week end here visiting in the home of the ladies' parents, Mr. and Mrs. H. R. Brummitt and his parents, Mr. and Mrs. Judd Massengale.

Mr. and Mrs. Carl Ray Sellers and Carolyn had as guests last Sunday afternoon, his brother and wife, Mr. and Mrs. Dewey Sellers of Pecan and his sister and family, Mr. and Mrs. Norman Thompson and children of Hamilton.

Mr. and Mrs. Sam Tudor Jr. and family of Dry Fork attended church here Sunday and were guests of Mr. and Mrs. Bill Lackey and family.

We failed to mention in last week's news that Mr. and Mrs. Jim Moss of Grandfalls, Texas, had visited the previous week here in the home of her sister, Mr. and Mrs. Roy Blakley, and other relatives. Mrs. Moss is the former Miss Electra Elder.

Mr. and Mrs. Ernest McCoy and family, formerly of Fort Worth, have moved to the J. M. Blacklock farm where they will reside temporarily. Mr. McCoy has purchased the Ben Washam farm and is doing some much needed repair

work prior to their moving there within the next few months.

Those from here attending singing at Carlton Sunday were Mr. and Mrs. J. O. Richardson, Mrs. Bill Lackey, and Mrs. Sam Tudor Jr.

Mr. and Mrs. Wallace Burris of Olin, and some friends were in our midst a while Sunday afternoon.

We stated last week that Mr. and Mrs. Vernon Moore had moved to Mrs. Ogle's farm, which we found later to be an error in part, as they had only moved their feed, but will move their household effects some time before the first of the year.

Latest donors to the cemetery fence fund are: Mrs. R. L. Carlton (Billie Moore), \$2.50; Frank Hartgraves \$10.00; Cal Spencer, \$1.00; for which we thank each.

We guess some are wondering why the work hasn't begun, but to stay around this little burg for awhile and see farmers, truckers, and others almost begging for help would convince anyone that we are in the midst of a labor shortage. Just last week, on one side of us, we saw a combine setting

idle in the midst of a good field of maize for want of one hand, and on the other side of us was an idle hay baler in the midst of feed cut and raked ready to bale. But thanks to our little teen-age school boys who worked after school hours and got that nine hundred

bales of feed out and in shelter only two hours before the rain began falling at 11:30 Thursday night. The other party got that maize combined and hauled in. It is hoped that when the rush of field work is completed, there will be available some laborers to start the work at the cemetery.

The KNOTHOLE

The New York Giants football club thinks it has another Bronko Nagurski in Gordon Paschka. This 210-pound boy learned his football at Minnesota, as Bronko did. He started as a guard, but was converted to a fullback. Coach Steve Owen says Paschka is faster than the famous Bronko, and just as hard-hitting.

J. Kramer

It is expected that Bobby Riggs and Jack Kramer will start on an exhibition tennis tour soon, that should net \$150,000. Kramer is generally considered the best amateur in the world. He is reaching his peak, while Riggs is past his. Kramer has won every important tennis crown. It would be only natural for him to turn professional while he has the chance.

Fielding record for modern professional baseball is held by Dutch Kerr, the New York Giants shortstop. Between July 26, 1946, and May 25, 1947 he played in 99 games and fielded 384 balls without an error.

Supposing, by some accident, Joe Walcott should knock out Joe Louis in their 10-round, non-title bout Nov. 14, would Walcott be considered the new heavyweight champion? According to New York boxing rules, a title match must be a 15-round go. Eddie Egan, chairman of the New York Athletic Commission, believes that the "ancient law of custom" would put the crown on Walcott's head, if he should somehow get in a lucky punch.

Born in a small town, the lights of a big city have never completely captured this performer's heart.

KNOW HOW TO HANDLE CHILDREN

THERE'S a good lesson in the art of handling children. It was told to me by Homer Croy, the author of the book "Country Cured," which book is the story of his life.

Homer said when he was attending a country school in Missouri that one of the problems was cyclones. Now and then, just after school started in the fall of the year, a great whirling tunnel, with the small end toward the earth, would come sweeping down from the northwest. The force of these moving vacuums was terrific; and stories told of what they have done in the way of havoc and destruction are incredible. Except they really happened.

So every country school had to have a "cyclone cave." This was dug into the ground, quite deep, so that the force of the cyclone could pass over without snatching anybody out of the cave and beating his brains out on a fencepost.

Now and then a tramp would sleep in a cave; otherwise it remained unmolested.

One day, however, the children in playing over the cave broke a board in the entrance door of the cave, which was almost level with the ground. The children continuously ran across this door and because they didn't have much to interest them, one of them took a stick and pried the hole a little larger. Another boy thought he would contribute his mite, so he made the hole still larger.

The teacher saw it and told the children not to do such a destructive thing. What if a cyclone should sweep down on them? But the children continued to ruin the cave. They got sticks and punched holes in the ceiling; they tore out the ventilation spout. The teacher lectured them, threatened them. This went on for several weeks, the cave becoming more and more dilapidated.

School closed. When the autumn term began, there was a different kind of teacher. One who understood children. She said she wondered if there were any "cave builders" in the school; she said this was a pretty high art; and that if any boy or girl had an idea how to restore the cave, she would give him a prize of 25 cents; and for the second best idea, she would let the student off all afternoon.

That idea worked magic. All the children who had wanted to destroy the cave now were just as eager to build it up. The teacher had changed their point of view and had substituted construction for destruction. In a short time the cave was restored and seats were made and put along the wall, which the school had never before had. And can you imagine any child wanting to destroy something he had a hand in the building?

A fine idea. And much of the secret of handling children lies right there in that principle of handling human beings.

Urges Active Support of Federal Housing Bill

If you live in an area which has had heavy floods this year you have had dramatized for you the tragedy of homelessness. Wreckage and furniture careening crazily downstream, houses with water lapping at upstairs windows make you shudder at the horror of families returning to such sodden rubble and trying to make homes again. Yet the undramatized statement that there are at least 5,000,000 dwellings in the slum areas of our cities not fit for children to be brought up in, may leave you unmoved. For you can't visualize these vile quarters. Besides, you say, that is a problem for legislators—what can I do about it?

Well, you can at least let congress know that you are aware of the situation and that you expect it to be remedied. A comprehensive long-range housing bill, known as the Taft-Elliender-Wagner bill (Senate bill 866) has been reported to the senate by its banking and currency committee as an "imperatively necessary bill." To remove this shame of corruptive housing for millions of our people (to say nothing of the pitiful lack of homes for the two million additional families who have been forced by the housing shortage to live in emergency quarters) it is up to us as citizens to get back of the housing bill in the hope of having it passed by the Senate and bear-

ings on it begun in the House. You can help by:

- 1. Sending a letter to Sen. Robert A. Taft as chairman of the Republican policy committee and to the senators from your State, urging prompt passage of the National Housing Commission bill (S. 866). 2. Sending a letter to Repr. Jesse P. Wolcott, chairman house banking and currency committee, urging prompt hearings and favorable reporting of House of Representatives bill 2523, the companion measure to S. 866.

If no child is born bad—and if you believe in God you must believe this—then the future badness of those who become delinquents is the responsibility of all of us. Last fall we had the privilege of participating in the attorney general's national conference on prevention and control of juvenile delinquency. Of all the causes of juvenile crime presented there, bad housing stood out as the most prevalent and the most evil. One study made of a group of delinquent boys impressed us deeply. Although these boys differed widely in what they wanted out of life, almost all of them expressed a desire to own a home.

To return to the Taft-Elliender-Wagner housing bill (S. 866) which is designed . . . to remedy the serious cumulative housing shortage, to eliminate slums and blighted areas, to realize as soon as feasible the goal of a decent house and a suitable living environment for every American family . . . such a bill should be required reading for all of us. We suggest that you send for a copy of the bill (stating title and number as given above). Address your request to Supt. of the Document Room, U. S. Senate, Washington 25, D. C.

## State Meeting of Texas Society for Crippled Children

Dallas, Sept. 15.—The largest convention ever held by the Texas Society for Crippled Children is indicated by the numerous reservations requested for the annual state meeting to be held September 29-30 at the Adolphus Hotel in Dallas, according to Roscoe L. Thomas, president.

All phases of crippled children's work will be covered during the two-day convention with special emphasis on care and treatment of the cerebral palsied. To bring the latest information in their particular fields of crippled children's work, nationally-known authorities will come to Dallas to address the convention.

Foremost among these is Dr. Temple Fay, director of the Neuro-Physical Rehabilitation Institute of Philadelphia and one of the six members of the Medical Advisory Board of the National Society for Crippled Children. In addition to his work as head of the Neuro-Surgery department at Temple University and active consulting neuro-surgeon to the Philadelphia General Hospital, Dr. Fay is author of numerous publications on cerebral trauma, epilepsy, eclampsia, dehydration, tumors of the brain and spinal cord. The American Medical Association has presented him with a specific award of merit and the Gold Medal Award for Scientific Exhibits.

All persons interested in crippled children's work are invited to attend the convention, whether they are members of the Texas Society or not. Registration will begin Sunday evening preceding the convention which opens at 9 a. m. Monday, Sept. 29.

### FORMER HICOANS TAKE VOWS IN STEPHENVILLE

Miss Donna Jacqueline Ganoie, daughter of Mrs. Merle Ganoie of Stephenville, was married to Mr. Harold Jones, son of Mr. and Mrs. J. J. Jones of Graham, all formerly of Hico, on Saturday night, September 13, in the home of Rev. and Mrs. Milton Baty in Stephenville.

Rev. Milton Baty performed the single-ring ceremony. Those present at the wedding were Mrs. Nettie Smith of Hico, grandmother of the bride; Mrs. Ganoie, her mother; Frank Ganoie, her brother, and Miss Sue Ganoie, her sister.

The bride wore a purple suit with black accessories. For something old she carried a handkerchief which was her great-grandmother's; for something blue she wore a blue garter, and for something borrowed she wore a hat.

Mrs. Jones attended Hico High School and John Tarleton College. At present she is an employee of the J. C. Penney Co. in Stephenville, where she will continue her work while her husband is in service.

Mr. Jones also attended Hico High School. He is now in the Navy, where he has served for five years. During the war he fought in the Pacific for three years. At present he is stationed at Terminal Island, California. He expects to return to his base October 19, having 22 months left on his reenlistment. His rating is ABMCP 2/c.

Sam H. Morgan

Sam H. Morgan, who lived northeast of town, was found dead last Monday, Sept. 8, at the home of his neighbors, Mr. and Mrs. Slaughter, where he had gone to tend the chores while Mr. and Mrs. Slaughter were visiting. The doctor presumed he had been dead three or four hours from a heart attack.

Mr. Morgan lived alone. He was born April 7, 1875, was converted and joined the Baptist church at the age of 13. In young manhood he was married to Miss Margaret Knoll and to this union three children were born, J. J. and J. D. Morgan of Los Angeles, Calif., and one daughter, Mrs. Margaret Dillingham of Dallas. Other than the children surviving him are two brothers, J. T. E. Morgan of Van Nuys, Calif., and N. W. Morgan of Comanche; one sister, Mrs. S. C. Rallsback of Carlton, and a host of other relatives.

Funeral services were held on Wednesday at the Hico Funeral Home, and burial was at the Osage cemetery by the side of his parents.

Mrs. Stuart Partin and husband, and Mr. and Mrs. L. C. Vaughan and L. C. Jr.

Mr. and Mrs. Henry Ellison and daughters, Sandra and Kathy, of Purves visited Sunday with his parents, Mr. and Mrs. Mack Ellison.

Nolan Geve of Stephenville spent Sunday with his parents, Mr. and Mrs. Fred Geve, and his sister, Mrs. Dow Self, and family.

Uncle Ben Smith is visiting in Lubbock with his daughter and husband, Mr. and Mrs. Ammon Maddox.

Mr. and Mrs. Claud Roberson of Odessa were visiting in town the past week with friends. He is a former Carlton boy, and while in service had the misfortune of losing an arm and a leg.

Mrs. Laura Johnson of Purves is visiting her sister, Mrs. J. D. Upham.

Mr. and Mrs. Neal Gerreard moved Monday to Hamilton where he is employed with the S. C. S.

Mr. and Mrs. Doyle Partin were recent visitors in Dallas, Fort Worth and Denison.

Mrs. J. B. Lowe, Mrs. Fred Geve and Mrs. Dow Self were visitors in Hico Saturday afternoon.

Sunday visitors in the Rallsback home were Mr. and Mrs. W. Z. Carter of Claiborne and Mr. and Mrs. D. C. Ellis of Stephenville.

Tom Shockley of Hamilton was in Carlton Monday on business.

Mrs. Frank Rallsback of Fort Worth and Mrs. Eva Collins of Morgan were recent visitors with Mrs. S. C. Rallsback and Mrs. Doyle Partin.

Mrs. Harry Stephens and two children of Stephenville visited Friday with her husband's parents, Mr. and Mrs. Charley Stephens.

Mr. and Mrs. Dow Self and sons and her father, Fred Geve, visited Sunday afternoon in Stephenville with his parents, Mr. and Mrs. H. K. Self.

### WE'RE ALL IN THE SAME BOAT

Telephone companies the country over share many problems—one of them is the record number of daily long distance calls now being made. Along with this is the fact that most companies are operating with limited long distance facilities. This naturally slows long distance service sometimes, especially during peak hours. So, if you have a short wait occasionally, it simply means that lines are busy here, or along the route to the city you are calling.

YOU CAN GET A BETTER PRICE

FOR

# FRESH EGGS

Whether it's April or September, people like their eggs FRESH.

They're willing to pay a good price for them if they are fresh. If they are old and shrunken, they aren't interested.

That's why there's a good demand for fine eggs—and very little demand for eggs that show their age.

With fine eggs worth so much more than "hot weather eggs" you and your neighbors can get more per case for your eggs if you'll just keep them FRESH!

That means COOLING THEM QUICKLY—and KEEPING them cool!

# IREDELL ITEMS

by Miss Stella Jones, Local Correspondent

Mr. and Mrs. Elmer Hoffner and children have returned to their home in California after a visit with her parents, Mr. and Mrs. Clem McAden.

A bulletin board has been put up on the Methodist church lawn. It came in Thursday, and it is a beauty. The church is proud of it. Thursday night, a fine rain came and continued all night and some Friday. The rain was fine, will help the grass and fall gardens.

Mrs. Harold Johnston and son of McKinney spent a few days this week with her mother, Mrs. Mitchell, and Mr. Mitchell.

Mrs. Thelma Anderson and son, Billy, of Wichita Falls visited her parents, Mr. and Mrs. T. M. Davis, this week.

Mrs. John Smith fell at her home this week and broke her hip. She was in the Holt Hospital at Meridian a few days. She is Mr. Oris Montgomery's mother. J. Wayne has joined the Navy and is stationed at Fort Worth.

Mrs. Frank Bates remains very ill at the Holt Hospital in Meridian. It is hoped that she will recover soon.

Lamoine Fuller, who worked down East all summer, visited his parents this week.

Mr. and Mrs. G. W. Wilson of Fort Worth spent the week end with his parents.

Arthur Dunlap of Waco visited his parents a few days this week.

Mr. and Mrs. Tom Balne and daughter of Dallas spent the past week end with his brother, Mr. McDonel, and wife.

Mr. and Mrs. Robert Sawyer and son of Fort Worth spent the week end with his mother.

Mildred Loughlin of Dallas spent the past week end with her grandparents.

Mr. and Mrs. R. A. Mack of California are visiting her mother, Mrs. E. D. Ford, and Mr. Ford. They also visited in Gatesville.

Junior McDonel, who works in Dallas, spent the past week end with his parents.

B. L. Mitchell Jr. has returned to his work in Lovington, New Mexico, after a visit with his parents.

The following Iredell boys have enrolled as students in John Tarleton College: Donald Mitchell, Tom and Dock Simpson, Aaron Sargent, and Lamoine Fuller.

Mr. and Mrs. El Brown of Lubbock spent the week end with her sister, Mrs. Harlan Lynch.

Mr. and Mrs. Ernest Hanshaw and Mr. and Mrs. Walter Thompson and son, Raymond, spent Sunday in Walnut Springs with Mr. and Mrs. Oscar Thompson.

David Parks of Graham spent Sunday and Monday with his sister, Mrs. Wyche, and his brother, Mr. Parks.

Mr. Will Myers, who makes his home in Waco with his son, Dick, is visiting with his children, Mrs. Hugh Harris and Howard Myers.

Ada Airheart spent a few days this week with Mr. and Mrs. Ewell Thompson.

Kenneth Cooper went to A. & M. where he will attend college.

Mr. and Mrs. Helzer of Fort Worth spent the week end with her parents, Mr. and Mrs. Hughes.

Mr. and Mrs. Graham Appleby and son are in Meridian with her mother, Mrs. Lelan Appleby.

Mrs. Freeman and Mr. and Mrs. Chester Gosdin, all of Abilene, spent the week with their parents, Mr. and Mrs. W. E. Rogers.

Mrs. John Kaylor and son, R. D. and wife of Meridian visited here Sunday.

Miss Myrtle Tidwell of Muskogee, Oklahoma, came in Sunday for a visit with her cousin, Mr. T. M. Tidwell, and wife.

Mrs. Wilburn Phillips and son, James, spent Saturday in Stephenville with their daughter and sister, Mrs. Boyette, and family.

Junior Flannery is working in Anton.

Mr. and Mrs. Otis Jackson of Lubbock accompanied his father, Mr. E. A. Jackson, home and spent a few days.

Mrs. Plummer is in Odessa.

Mrs. Jack Blackley, Mrs. Pike, Mrs. Allen Dawson and Mrs. J. C. Bowman attended a meeting of the W. S. C. S. in Hamilton last Thursday.

Mrs. Quince Fouts is confined to her bed due to illness. It is hoped she will be better soon.

Miss Bobbie Nell Sowell of Walnut Springs spent the week end with her uncle, Mr. Luther Sowell, and wife.

Mrs. Howard Myers spent the week end in Dallas with her daughter, Miss Joyce Deane.

The bulletin board was dedicated Sunday morning in memory of the founders of the Methodist church. Rev. and Mrs. Tenslow are going to the Seminary in Fort Worth. They come home every week end.

Mr. and Mrs. Bryan Smith have moved to Adicks, where they have work.

Mr. and Mrs. Jim Davis are back in the cafe that was run by Mr. and Mrs. Graves.

A double feature for Friday night, Sept. 19, on account of a football game on Saturday night, "Give Out" by Andrews Sisters, and the other, "Melody Comes to Town" starring Joan Parker, Jackie Morrow and Joe Brown Jr. These will be fine.

## Weekly SURPLUS NEWS WAA

A rapid-fire auction of nearly a quarter million dollars worth of newly released surplus consumers' goods will be open to the public at the Fort Worth Quartermaster depot September 23 and 24. It will be WAA's second oral auction disposal of this type in the Texas area. Goods will be offered in approximately 70 lots containing wooden army lockers, office furniture, cotton sheets, wool trousers, cafe supplies, a sewing machine and assorted miscellany. Inspection is scheduled at the depot from 9 a. m. to 3 p. m. September 23, and the floor bidding will start the following morning at 9 a. m. The sale will provide additional storage space in the army's regional program for repatriation of overseas fatalities.

Remaining unsold surplus from the big August clearance of the Grand Prairie War Assets Administration warehouse plus 28,000 feet of scrap lumber will be lumped off for a purchase by informal bidders September 23, 24 and 25. Materials will be arranged in 19 lots for public inspection and dropping of bid cards from 8 a. m. to 4 p. m. September 23 and 24, and from 8 to 12 noon on the 25th. Much of the merchandise will be aircraft components, everything from nuts and bolts to special instruments and fittings. Bids will be opened at the warehouse office at 1 p. m. September 25.

Clearance of four warehouse buildings from Hereford Prisoner of War Camp at Hereford, Texas, is expected to result from the government's announced public sale of the structures. Priorities close September 22 after which the general public will be permitted to place bids until October 3, according to officials of the Office of Real Property Disposal of the Grand Prairie office of War Assets Administration.

The Customer Service Center of the Grand Prairie WAA office is offering pipe and machine tools in a fixed price sale to priority and commercial groups until September 28. Included in the offering are radial and press drills, high duty grinders, hack saws, pipe benders, rivet machines, lathes, drill bushing and micrometer check pilots. The equipment offered is described as being standard in make and readily adjustable to commercial use for instruction purposes in schools.

Eighty-three items of surplus machine tools as outright gifts to qualified institutions, including schools and colleges, now stored in Dal-6 WAA warehouse at Grand Prairie, await distribution through the Priority Claimants Division. Application should be made to this division before September 29. Other items to be disposed of in like manner are located at Todd-Houston Ship Yard and the WAA Warehouse located at 2660 Clinton Drive, Houston, Texas.

## Pyorrhea Is Not Incurable, Demands Early Treatment

Austin, Sept. 15.—Contrary to the popular belief that pyorrhea is incurable, this is only true in the most advanced cases. Dr. Geo. W. Cox, State Health Officer, advises those persons who even suspect the presence of pyorrhea to seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable. "Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment since the symptoms are often so vague that the patient is unaware of its existence," Dr. Cox said. "Regular visits to the family dentist are therefore extremely important." The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition. The family dentist can usually remove the cause of the trouble, Dr. Cox said, and when this has been done, intelligent routine home-care of the mouth by the patient will effect a cure in the majority of early cases.

## NATIONAL GUARD UNITS FEDERALLY RECOGNIZED NEAR HALF WAY MARK

Washington, D. C., Sept. 15.—New York led with 12 National Guard units receiving Federal recognition during the week ending September 1, and Texas was second with 6 units, the Chief of the National Guard Bureau has announced.

Oklahoma is the closest to complete organization with 107 guard units of 108 allotted and 9 air units of an allotment of 19 Federally recognized.

## Regional Exhibits Will Portray Great Wealth of Texas

Dallas, Tex., Sept. 15.—Three regional exhibits will dramatically portray the great agricultural and industrial wealth of Texas at the forthcoming State Fair of Texas, Oct. 4-19. They will be found in the State Fair's magnificent Hall of Agriculture.

Supplanting the county exhibits of former years, these exhibits will be attractive, co-ordinated pictures of the resources of East Texas, the Lower Rio Grande Valley, and South Texas.

Utilizing "Balance Agriculture with Industry" as its theme, East Texas will present a comprehensive picture of its agriculture and industry. The exhibit, sponsored by the East Texas Chamber of Commerce, will show virtually every manufactured product of that rich 72-county region, through the use of photoette miniatures.

The agricultural phase will show cotton, sweet potatoes, corn, tomatoes, blackeyed peas, peanuts, fruits and truck vegetables raised in this region.

An equally spectacular exhibit, in an area covering 2,500 square feet, the Lower Rio Grande Valley's year-around production of fruit, truck vegetables, and cotton will be shown. Bearing citrus trees and live palm trees will be sent to the State Fair.

Another big exhibit, comprised of 24 huge sections, will portray the agricultural prowess of the South Texas region in the Hall of Agriculture. There will be displays devoted to chemurgic developments, the Luling Foundation, Texas A. & I. College, the Agricultural Experiment Stations at Beeville and Winter Haven.

Others will point to the progress made in dairy and poultry industries, including the development of the broad-breasted turkey, and still others depicting the wool and mohair industry in this region.

West Texas will be represented by the Hansford County exhibit, showing its fine variety of wheat, Hereford cattle, farm products.
