NWNS Farm Editor

Now is a good time for establishing grass in small gulches and bare waterway channels. Seeding grass in the fall gives it a chance to become established.

America again excels Germany. The big cockroach is the American roach, particularly troublesome in the warmer parts of the country. His pal is known as the German roach, this small pal thrives in cooler as well as warm climates. Both may be killed by sinker, four times as potent as DDT in killing cockroaches.

A manual on insect pest control that is scientifically accurate, presenting its subject in such a simple manner that any layman can understand it, is the Gardener's Bug Book by Cynthia Westcott, \$4.95, Doubleday & Company.

Disease and insect damage in 1948 gardens can be reduced if the trash left from the 1947 crops is gathered and placed in compost piles or is destroyed by fire.

The key principle of soil and water conservation is to use each acre according to its capabilities and treat each acre according to its needs.

All hay, if incompletely cured at the time of storage, is subject to spontaneous combustion. It should not have over 25 or 30 per cent moisture.

Gray horses bleed much more freely than horses of other colors, says the American Veterinary Medical association.

Boron is very probably more deficient in the soil than most of the other minor nutrients, especially in the Southeastern states.

When it is necessary to lead a bull, use a staff to keep him at a safe distance.

Cows freshening in October or November have always averaged the highest in production and in income over feed cost.

High prices may cover up some mistakes, but real profits come from efficient farm management.

Proper crop rotation will aid in the control of many insects.

HEALTH WITH A SMILE

The Drinking of Water
By Dr. J. B. Warren

Don't be afraid to take a little water with your meals as it helps to soften the food and the stomach digestive juice can work on it more easily. A drink of water before eating food is beneficial.

The old idea that drinking water with meals diluted or made weaker the stomach digestive juice was wrong.

Water between meals is helpful as it stimulates movement of food in intestines. Overweights should not drink much water or other liquids.

Hico Ex-Navy Men Receive Medals On Eve of Navy Week

Monday night, October 20, 19 Navy veterans of the Hico area were presented World War II Victory medals by R. A. Napier, CBM, USN.

A large crowd assembled at the Hico Theatre Monday evening to see the motion picture, "The Pacific Fleet in Action" and the presentation of the Victory Medals. The picture portrayed actual scenes made during the past war in the Pacific. It was the real thing and a grim reminder to many of us of the war days in the Pacific.

At the close of the picture, Chief Napier of the Waco Recruiting Office presented World War Victory Medals to the following:

- George M. Stringer
- Richard Herrington
- Bill Neel
- Billy Ellis
- D. E. Bullock Jr.
- Milburn Knudson
- Raby Bruner
- Boyd McClure
- Billy Rhodes
- L. D. Ramey
- W. S. Ramey
- Morse Ross
- John A. Moore
- C. G. Wright
- W. V. Jackson
- C. T. Jones
- M. S. Norton
- R. (Buck) Jordan

After the medals were presented, M. S. Norton, OinC Vol. Rec., presented to Mayor J. C. Barrow a citation award from the Navy Department for services rendered during Naval Reserve Week.

This week is Navy Week (October 21 to 27) which will be climaxed on Navy Day, October 27, by various ceremonies throughout the nation. Hico is happy to have had a part in this special observance, having been the first town in this area to plan for public awarding of World War II Medals.

Bill Norton expresses appreciation for all of us and for the Navy Department to the management of the Hico Theatre for the use of their theatre.

If there are any ex-Navy men who were unable to attend and receive their medals, they may get same by taking their discharge papers to Bill Norton at the Hico Locker Plant.

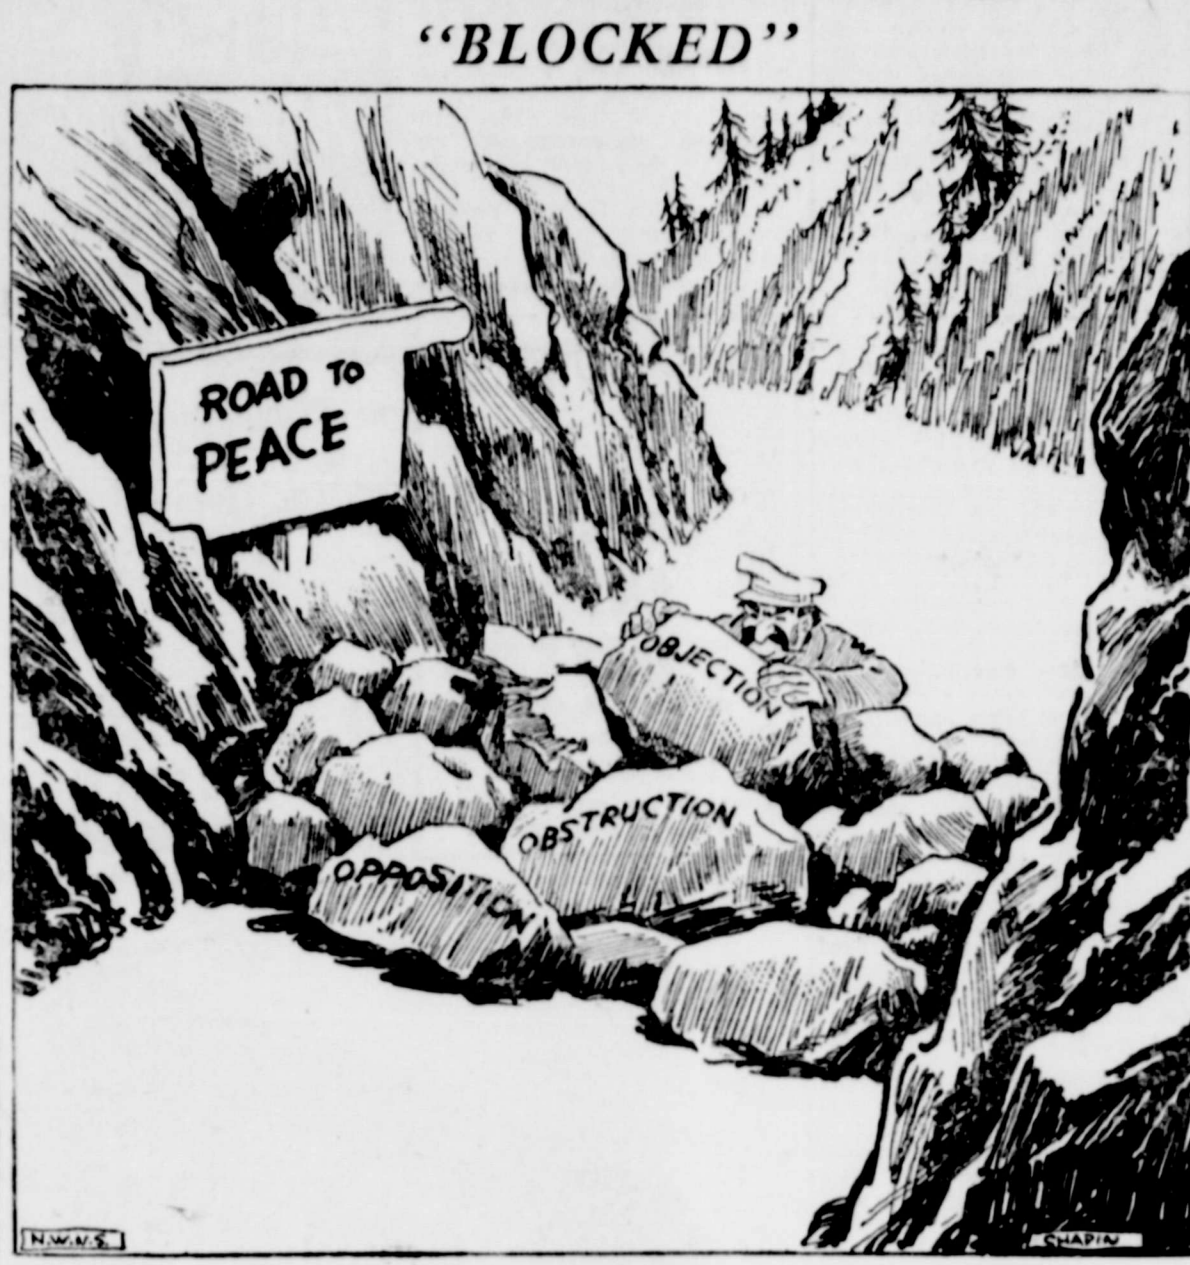

J. O. Richardson Died Suddenly At Fairy Tuesday

J. O. Richardson, prominent citizen of the Fairy community, was found dead in his field early Tuesday morning, October 21. His untimely death was attributed to a heart attack. He had been in delicate health for the past year and a half.

Mrs. Richardson, News Review correspondent at Fairy, said her husband had been advised by doctors to take an early morning walk and that he was walking over his field inspecting crops when the end came.

Mr. Richardson was born June 9, 1888, near Fairy, and had lived there since. He is survived by his wife; a son, H. O. Richardson and a daughter, Mrs. Carl Ray Sellers of Fairy, and another daughter, Mrs. D. E. Allison of Dublin. A more extended obituary will appear in the Fairy news next week.

Funeral services were held Wednesday afternoon at 3:00 o'clock at the Fairy Gymnasium, conducted by Rev. O. O. Newton and Rev. Oran Columbus. Burial was in Fairy Cemetery.

Scouts Get Trophies, Play Games, Award Tenderfoot Badges

Most of the Boy Scouts were present at the meeting last Thursday, October 16, 1947.

As most of you know, the Scouts helped collect gifts for the Rhodes family, whose home was destroyed by fire.

At the meeting we awarded to Bennie Leeth and Billy Loden their tenderfoot badges.

We played indoor games first, and then went outside and played several games. We decided that each troop wanted a trophy. The Wolf Patrol went out toward the airport and down the railroad and got some shiny rocks. The Blazing Arrow Patrol went down to the park and found a stick which resembled a blazing arrow.

After this the Scouts formed a circle and together repeated the Scout Oath. After this we left for home.

"A Scout is reverent."

Scribe, Troop 99, Hico, Tex.

Veterans' News

Nearly 65,000 World War II veterans in Texas, Louisiana and Mississippi reinstated lapsed National Service Life Insurance policies worth \$450,000,000 during the past eight months under the liberal provisions still in effect, the Veterans Administration announced.

Reinstatements in the tri-state area administered by VA's Dallas Branch Office were part of 900,000 reinstatements worth five and a half billion dollars for the entire nation during this period.

Holdings of lapsed term policies who have not yet reinstated have only a little more than two months in which to do so under the plan now available, VA said.

Until January 1, 1948, such veterans need only fill out a three-question application form and pay two monthly premiums, one for the 31-day grace period during which the insurance was continued without payment, and the other for the current month.

Beginning next January 1, veterans with policies which have been lapsed for more than three months will be required to take a physical examination and qualify as insurable risks.

Term policies issued prior to January 1, 1946, may be continued on that basis up to eight years from date of issuance. For policies taken out after that date, the term period is five years.

These policies may be converted to any of the six permanent plans available at any time before expiration of the term. They are ordinary life, 20-payment life, 30-payment life, 20-year endowment, endowment at age of 60, and endowment at age of 65.

Veterans with souvenir firearms and explosives such as grenades, live shells and the like have been urged by the Commissioner of Internal Revenue to have them made unserviceable, in order to protect both their own lives and the lives of their families.

Full information on how and where weapons and explosives may be deactivated can be obtained from the Alcohol Tax Unit, Bureau of Internal Revenue, New Orleans, Louisiana.

Mr. and Mrs. D. F. McCarty went to Abilene last week end to join their children in a family reunion. The week end was spent at the new camp house at Fort Phantom Hill Lake near Albany, belonging to their son-in-law and daughter.

Mr. and Mrs. Frank Hobbs and children, John and Cissy, of Abilene. Other members of the family present were Mr. and Mrs. Charles Clark and daughter, Jane Ann, of Hillsboro, and son, Charles Clark Jr., student at the University in Austin. Mr. and Mrs. Raymond McCarty and daughter, Sylvia, of Monohans, and Mr. and Mrs. D. F. McCarty Jr. and daughters, Suzanne and Cindy, of Abilene.

H. C. Scales Died Monday Following Lingering Illness

Funeral services for Henry C. Scales, 76, were held at 4 o'clock Tuesday afternoon, October 21, at the Primitive Baptist Church, conducted by Eld. J. L. Collins of Abilene, who was assisted by Bro. A. J. Calder of Hico. Burial was in Hico Cemetery.

Mr. Scales died at his home here at 11:22 a. m. Monday, October 20, following a long illness during which loving relatives and friends had done everything possible to alleviate his suffering.

Five children were born to Mr. and Mrs. Scales, three of them having preceded him in death. Survivors include his wife; one brother, Floyd Scales of Duffau; two daughters, Mrs. Effie Walker of Stephenville and Mrs. Felix Sreder of Hico; a sister, his step-mother and four half-sisters.

Mr. Scales was born September 22, 1871, in Tennessee. He came to Texas at the age of 5, settling with his family near Fort Worth. Later they moved to this section and he had lived in Bosque, Erath and Hamilton Counties since.

He was married to Miss Naomi Lanzton on March 1, 1896, and she had remained a loyal and cheerful helpmate during their long life together.

In 1905 Bro. Scales joined the Primitive Baptist Church, being baptized by Elder Koen. He had retained his affiliation with the church of his choice since being a loyal member and attending as long as his health would permit.

Examinations to Be Held For Positions In Welfare Board

Austin, Oct. 21.—The Merit System Council of Texas will hold open competitive examinations for a number of positions with the State Department of Public Welfare in various cities throughout the State, at 9:00 a. m. on November 22, 1947, with November 1 the closing date for filing applications.

The entrance salaries for these positions range from \$1584 to \$2544 per annum.

Persons interested in these examinations may obtain application blanks and full information relative to duties, minimum qualifications, and salary ranges at their nearest State Department of Public Welfare office, or by writing to the Merit System Director, 808 Tribune Building, Austin 21, Texas.

Funeral Services This Afternoon For John T. Connally

Funeral services for John Thomas Connally, 72, of Hico were set for 3:00 o'clock Friday afternoon, October 24, following his death at his home here early Thursday morning.

The services will be held at the First Baptist Church in Hico, with the pastor, Rev. O. J. Robinson, officiating.

Burial will be in Hico Cemetery.

Weekly SURPLUS NEWS WAA

Agricultural representatives for the War Assets Administration are encouraging the purchase of war surplus explosive agents for the use of farmers, ranchers and construction men. Approximately one million pounds of both TNT and demolition blocks, stored at the Red River Arsenal, are now on the surplus property market at low prices per pound or block.

Contrary to popular belief, handling of the powerful TNT has been demonstrated to be somewhat safer than dynamite, for example. The place for complete details and ordering of either type of the surplus explosives is the WAA's Customer Service Center, Grand Prairie.

World War II veterans will find it profitable to call in person at the Grand Prairie Customer Service Center when they are in the vicinity of Dallas or Fort Worth. A new veterans counter for the sale of set-aside items on a cash and carry basis has been added to the center's facilities. Whenever supplies of these items become available, they are immediately placed on sale in the center, and rationed out to each veteran customer. No certification is needed other than discharge papers or other proof of service. Although such supplies have been quite limited this far, quantities of blankets, watches and clothing items have already been distributed over this veterans counter.

A survey of war surplus inventories in Texas indicated this week that while present stocks of personal property are comparatively small, the amount of real property, particularly camp buildings, available for sale in the area will be considerable in the coming weeks. Present disposal plans give priority groups the opening option period on such property, with buildings and plants then offered on a non-priority basis to the public at large.

One of WAA's biggest offerings of surplus drugs and medical supplies will be available to veterans, priority buyers and the public on a national scale beginning October 27. More than ten million dollars worth of drugs and medicines, surgical and dental instruments and laboratory and hospital supplies are going on sale at the Louisville, Ky., medical depot. Many buyers will be able to qualify for a "small business" priority. It was pointed out. Interested persons are invited to contact the WAA Customer Service Center, 419 West Jefferson St., Louisville.

First step in the disposal of another big Texas military installation, Camp Swift, at Bastrop, was undertaken this week with announcement that priority groups have until October 27 to claim some 2,150 buildings and 715 acres at the site. In accordance with WAA's new disposal plan, any real property not disposed of to governmental groups and non-profit institutions within the initial period later will be offered to the public at informal bidding.

A "We, the People" radio program in which the former "Dr. I. Q." outlined his plans for entering the ministry has resulted in the acquisition of a surplus Camp Bowie chapel by the Eastland, Texas, Holy Trinity Episcopal Church. A member of the Grand Prairie WAA Information office, listening to the broadcast by Rev. James McClain, former network announcer, mailed him a letter inviting consideration of his new congregation to the Brownwood camp's chapel, and the transaction followed.

REA Construction Superintendent, Crew Headquartering Here

Contract for 179 miles with the H. B. Zachry Company of San Antonio, Texas, has been approved, according to announcement from the office of G. A. Tunell, manager of the Erath County Electric Cooperative Association, Stephenville.

Mr. Billingsley, construction superintendent, has set up headquarters in Hico and has started withdrawing materials from the Erath County Electric Cooperative warehouse in Stephenville to complete this job which he hopes to do in record time, with weather permitting, as material is on hand for this job.

Clearing is being done by the Cooperative's own crew and they have several miles completed now, ready for construction. Work will start in several different areas simultaneously.

Mr. Billingsley states that they have located living quarters in Hico, and his crew will work out of here as it is pretty well centrally located for this 170-mile extension.

Plans are under way now to submit other applications for extensions and it is hoped that this can be completed within a few weeks, so anyone who is not receiving REA service or does not have an application already filed should do so, as the area coverage plan will serve everyone.

Burton Honored As National Telephone Association's Head

Oscar Burton, Vice President and General Manager of the Gulf States Telephone Company which operates the local telephone exchange, was elevated from Second Vice President to the office of President of the United States Independent Telephone Association for the ensuing year at their Golden Jubilee Convention held in Chicago October 14-16.

Burton's election to this honorary position in the national telephone organization is a high tribute, not only to himself and his company but to the entire southwestern area of the United States. During his entire 30 years existence he is the first man to be elected from the Southwest to fill this important post. He is also President of the Texas Telephone Association which position he has held since 1934.

The United States Independent Telephone Association is the trade association of the Independent segment of the Telephone Industry whose membership represents approximately 80 per cent of the six million subscribers served by over 6,000 companies operating upward of 12,000 exchanges covering approximately two-thirds of the geographical area of the United States.

Mr. Burton began his telephone career in 1917 by digging post holes. Step by step he has risen to his present position of Vice President and General Manager. He makes frequent trips here in connection with local telephone service and to take part in and contribute to all worthwhile enterprises toward the upbuilding of the town and community.

MRS. J. W. BARNETT BUYS BONNIE'S BEAUTY SHOP

Announcement is being made this week through an advertisement in this paper of a change in ownership of Bonnie's Beauty Shop.

The former owner, Mrs. Jim Jameson, has sold the shop to Mrs. J. W. Barnett of Hamilton, who will operate it at the same location as Barnett's Beauty Shop, and will be open for business Monday morning, October 27, at 9 o'clock.

Mr. and Mrs. Barnett are moving to Hico from Hamilton to make their home and she stated that she will continue to give the same first-class work and courteous treatment that Mrs. Jameson has so ably done in the past.

Lone Star Folks are Working...

You hear and read a lot these days about this troubled world. Some believe that the end is near. Some labor-management strife continues in the news, some prices, judged by pre-war levels, are high, and it must be true that we have a fifth column actively at work to change our form of government. The foreign situation is exasperating. From one point of view, things generally are in a state of confusion, and to some, disaster looms ahead.

But here in Texas and Oklahoma, where Lone Star furnishes gas service to homes and industry, most folks are living well, having babies, going to church, improving their homes, educating their children, and turning in a good day's work for a good day's pay. These people have faith in themselves, in their country, and in their communities. They are willing to work. They know that in America a man can still be what he wants to be.

Hico-Reared Man Resigns As Head of Stetson University

Dr. W. S. Allen, president of John R. Stetson University, DeLand, Florida, for 13 years, has resigned to give an "overtaxed heart" time for recuperation.

"A school must not have a crippled man for its president," he is quoted as telling his board of trustees.

He went to Stetson from Baylor in Waco where he acted as president for a year following the death of President S. P. Brooks.

During his presidency the enrollment of the university has multiplied six times and the Florida Baptist Witness says, "largely due to his personal efforts, Stetson finances have kept pace with her needs." In accepting his resignation "with extreme reluctance," the trustees elected him president emeritus.

Sims Allen, a native Texan, was connected with Baylor University most of the time for a quarter of a century as student, faculty member, dean, and acting president. Mrs. Allen, the former Gertrude Eufaly, is also a Texan and a classmate of her distinguished husband. Both of them have many friends throughout the State.

Dr. Allen has been honored with the presidency of the Florida Baptist Convention. "Active in every movement for the religious, cultural or commercial improvement of the community," says the Baptist Witness, "he has been three times awarded the Thos. C. Brooks living cup voted by the Chamber of Commerce to the citizen of DeLand making the most distinguished contribution of the year to the city and its people." — Baptist Standard.

Fairy
 — By —
 Mrs. J. O. Richardson

We have received some rain last week, but it is feared that it is not enough to bring grain up to a good stand in some places, as the ground was so dry. However, in the Agee community near Fairy more rainfall was received, which extended east for some distance. Late Thursday afternoon of last week we received a light rain, but were only in the edge, as this too passed to the east. This was accompanied by a strong wind which left destruction along its path. Poultry houses at Cliff Tinkle's, Scott Blakley's, Byrd Slater's and Cecil Parks' were demolished and an implement shed at the A. J. Miller home was also demolished. Sheep pens were scattered over the Miller and Slater fields. Mr. Blakley lost seven hens. We did not learn whether or not there were any other poultry losses. The wind also blew over a poultry house at Olga Duncan's and damaged the windmill at the Carl Ray Sellers home. The mill had been pulled out of gear just before the storm struck. The Blakley family had got in their car for protection, as their garage apartment home was under construction and they didn't feel safe to remain in it, but after getting in the car Mr. Blakley returned to close a window and was caught there and was unable to return to the car. Mrs. Blakley and little daughter, Leora Jane, experienced some very frightful moments as they waited and watched their poultry house blown away and chickens scattered everywhere.

Mr. and Mrs. J. O. Richardson and daughters, Mr. and Mrs. Carl Ray Sellers and daughters of Fairy and Mrs. D. E. Allison and daughter, Ruby Jean, of Dublin spent last Sunday in Abilene visiting their sister and aunt, Mrs. Lucy Burden, and report her showing slight improvement.

CORPORAL GRANT IS NOW KEEPING THE PLANES IN THE BLUE OVER KOREA

Kimpo Airdrome
 Seoul, Korea
 October 11, 1947

Dear Holford:

Just a few lines to let you know I'm still kicking up a little dust over here in this hole they call Korea. I arrived back here September 25th after spending about two months in Japan. I was supposed to go to school but the school wasn't set up so I had a long vacation.

I was stationed at the same base with Wendall and we had ourselves a good time. It had been about three and a half months since I had seen him, so we had to celebrate a little. We did so much celebrating that I lost 24 pounds the first three weeks I was there. Boy, what a life I've got two changes in address I'd like for you to make. First, the Pfc can be changed to Cpl, which became effective August 1. And second, I have been transferred to the 432nd Fighter Squadron. I'm now back at my old job of keeping the planes in the blue.

Well, it's almost time for chow so I guess I'll have to bring this to a halt. Tell everyone hello and don't let things get out of hand around the old burg.

As ever,
 CLOVIS
 (Cpl. Clovis F. Grant)

The carbon black plant at Seagraves, Texas, now under lease by the Columbia Carbon Company is up for sale. Sealed bids will be considered by WAA's Office of Real Property, at Grand Prairie, until November 5.

Pioneer Firm Is Hunting Someone Born Nov. 7, 1857

Will you be 90 years old on November 7, or thereabouts? A substantial birthday surprise awaits any Texan, or Texan, now residing within the state and whose birth date was November 7, 1857, the date from which stems the coming 90th anniversary of establishment of Sanger Bros. in Texas.

In the event none is found whose birth date coincides with that of this fine retail Texas institution, then the November date nearest November 7 will be honored.

"Texas has become the greatest of all the states because of the thrift and perseverance of hardy pioneers. Therefore, Sanger Bros., proud of the confidence long held in this store, is anxious to celebrate jointly with its twin, or twins, and out of which will come worthwhile recognition for our guest or guests," declared E. P. Simmons, president of the firm.

Because birth certificates seldom are available for such a distant date, reasonable proof should be available from a family Bible, insurance policy, or some public record.

Information should be sent immediately to Eli Sanger, Sanger Bros., Dallas 2, Texas, and must arrive not later than Saturday, November 1.

NOTICE

Change of Ownership

I have sold my shop (Bonnie's Beauty Shop) to Mrs. J. W. Barnett of Hamilton, who will operate it at the same location, as Barnett's Beauty Shop.

I want to thank my customers and friends for the marvelous business I have enjoyed while operating a shop.

Sorry, it was not possible for me to get to all my customers the last week I was in business.

May I ask that you try Mrs. Barnett, as I feel sure you will be pleased.

Thank you again!
Bonnie Jameson

Mrs. J. W. Barnett

Also two great-grandmothers in Hico are Mrs. Mary Horton and Mrs. J. J. Leeth.

Staff Sergeant Sonny Leeth, who has been aiding a general in the Air Corps over in Germany for the past year and a half, paid his old home town a visit the first of the week, after having recently been returned to the States. He was accompanied here for a visit with his relatives and friends by Miss Marcella Reinke, ex-WAVE, whom he met in Germany while she was instructing children of American families in school there. Miss Reinke's home is in Minneapolis, Minn., and they left Tuesday night for that place to visit with her relatives. Sonny had to report at Fort Worth Army Air Field for reassignment, and expects to be stationed there after about a month, unless he decides to go back overseas. He said he has had exceptionally good duty in Germany, being stationed for a time in the Bavarian Alps, and later at a recreation center near a large university town.

LETTER OF APPRECIATION

No words within our vocabulary could express the sincere thanks and appreciation we feel at this time. Our hearts are full of love for those who, understanding the hardships we underwent in the loss by fire of our business and home, dug down in their pockets, deprived their own pantries and clothes closets, and provided us with many necessities without which we would have indeed suffered.

The smoke had hardly cleared when friends and neighbors started doing kind deeds for us—and there seems to be no end, for needed items keep coming in. While our loss was great, we have found compensation and some measure of replacement through the thoughtfulness of friends and neighbors.

For the present time we are continuing our business at the same location, and will appreciate a continuation of the loyal patronage of our customers.

Again please let us say that we are thankful for everything, and proud to live in a community composed of such good people.

Sincerely,

MR. AND MRS. G. C. RHODES AND FAMILY

SENIOR NEWS

This is the beginning of our second six weeks of the school year. The Seniors are making plans for the Halloween Carnival. Senior Weather Forecast: Sunny—Joan Golightly. Calm—Billy Ray Ables. Fair—Mary Nell Battershell. Cool—Marlene Adams. Rainy—Betty Jean Land. Cloudy—Walter Latham. Hazy—Dorothy Jordan. High Pressure Area—Don Eakins.

JUNIOR NEWS

Well, six weeks tests are over and everyone seems pretty happy about it, but just wait till they get their report cards. Nearly all of the Juniors come to school rather early every morning. Here's an idea of what they do until 9:15. Odell and Bulldog are having a very interesting conversation about Saturday night. Paul A. and Logan are discussing football and Jasper hollers across the room to give them his opinion. La Verne and Shirley are bent over their Geometry books with big frowns on their faces. Mamilee and Imogene are chattering away at the front of the room and Miss Rohne sits at her desk being very patient with the Juniors.

SOPHOMORE NEWS

Last week I forgot to tell you that our candidates for King and Queen are Lester Simpson and Mary Moore. We are hoping that they will win. This week we will tell you a little about Wanda Nell Johnson. She is 5 feet 5 1/2 inches tall. She has black hair, blue-green eyes, weighs 124 pounds, and has a swell personality. Her favorites are: Food, chicken; teacher, Mr. Lincoln; sports, baseball and swimming; subject, Biology; boys, all of them.

FRESHMAN NEWS

Last week the Freshman class had their first high school six weeks tests. They were not as hard as we had expected, but still they were hard enough. After we found out the grades we made, we have decided that we will work harder for our next tests and try to make better grades. The day the Freshman boys have been freestyle has come and gone. Yes, we had our F. F. A. initiation last Wednesday. We will tell you more about it next week. Although the Tigers were defeated by the Lions last Friday, we have hopes of winning the game with De Leon tonight. We sure did miss Ralph Turner and Boyce Grimes in the Dublin game.

PEOPLE YOU'D LIKE TO KNOW

Mary Moore—A flashy brunette with loads of cuteness. Logan Evans—He has pretty blue eyes and personality to spare. James Lee Proffitt—This good-looking Junior has a way with all. His swell personality makes this guy top. Donald Davis—There's a touch

of shyness at first, but he makes up for that with his smile. Lois Grey—A witty Soph who takes the cake. Mary Nell Battershell—Being friendly is one of Mary Nell's very nicest traits, along with her swell sense of humor.

Wendell Burden—Here is a boy almost everyone knows, 'cause he's a good sport and an all-around good fellow.

Joan Golightly—The blue-eyed brunette Senior we all will miss next year.

Nell Dunn—A Freshman, words have not yet been invented to describe this swell gal.

Betty Knight—The prize of them all. Besides that, she's an all-A student.

Billy Ray Ables—A guy who needs publicity—but bad!

Betty Jane Golightly—A cute little dimpled girl who's personality plus.

Mildred Ellis—A cute blonde with a personality that bubbles over.

POEM OF THE WEEK

Mary, Mary, quite contrary,
How does your homework go?
The radio singing and the telephone ringing,
No wonder your grades are so low.

WORM'S EYE VIEW

Nilly's sore feet had completely recovered until along came a Freshman boy and stepped on two of them. So just to get even with that Freshman boy, I'm going to say just what I think about him.

All right, here goes! Roline Chaney is a good newspaper reporter, a swell football player, a humdinger of a student. You have a snazzy personality and the sweetest hair-do I have seen in a long time. Besides all this he has a super-red motor scooter. He's always and forever buzzing up and down the roads the same as all the other boys do. Really, Roline is a guy who really appeals to Nilly. So if Nilly comes up with a crew haircut, don't be surprised.

CRYSTAL BALL

Again I wipe the dust off my crystal ball and what do I see? None other than Charlotte Turner and Billy Gene F. together again—well!

Now I see Mary Nell B. and Harold N.; Marlene Adams and Garland Latham; Doris H. and Bulldog Hill; LaVerne F. and Ralph T. at the midnight show Saturday night.

Well, well! What do I see next? Jimmie Barnett, Lester S. Mildred E. and Charles G. going for a ride. I see Walter Latham sighing over the fact that he wants a date with a certain Senior girl but is too bashful to ask her. (Poor boy!)

At the football games Friday night I see Ida Clara D. and James Somebody; Shirley Seago and Chas. Grant; Patsy K. and Wendell K.; Joan G. and Ray K.

What! Not again! Jo Nell C. in that convertible that the Caughty girls are crazy about.

Interesting things to talk about. Lois G. and Donald Davis can find them during the lunch hour.

What is this? Patsy Ruth M. riding a motor scooter.

I see Patsy T. and Loretta F. having man trouble Saturday night. (They no can find).

Sunday I see Jasper P. and Nell D.

Joanne G. doesn't mind being followed home as long as it's by her father.

What happened, Lucy? Is dear old Daddy back?
By the way, kids, if you know any scandals, just tell the editor and she will tell me.

Seasonal Health Hazards Should Be Guarded Against

Austin, Oct. 21.—Seasonal health hazards for young children are to be guarded against in the winter-time just as carefully as they are in the summertime in the opinion of Dr. Geo. W. Cox, State Health Officer.

"Every mother is familiar with so-called summer complaints which affect small children but certain winter diseases can be just as harmful and are just as likely to make their appearance unless proper precautions are used during the approaching season," Dr. Cox said.

In the group of winter diseases Dr. Cox included influenza, tonsillitis, pneumonia, bronchitis, asthma, and even diphtheria when a child has not had diphtheria immunization. Any such disease affecting a child's respiratory or breathing system is apt to be very serious and all too often fatal. Pneumonia often develops from a neglected cold or may follow a severe case of measles or whooping cough. Bronchitis conditions may also prove to be an after effect of such diseases and these respiratory ailments are much more difficult to combat successfully than the digestive ailments which are prevalent in the summertime, and known as summer complaints.

"These winter diseases are especially dangerous to babies and very young children," Dr. Cox declared. "Nearly all of them are spread from the secretions of the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first line of defense against them is to build up the child's general health, as a power of resistance against disease," Dr. Cox advised. "The second step is to keep them under medical supervision and the third is to make sure that they avoid contact with those who have coughs, colds, or fevers."

From where I sit... by Joe Marsh

Sam's a Matrimony Expert

Sam Abernathy never intended to be a matrimony expert, but he hit the nail on the head the other day when he said:

"What marriage really needs is more open minds and a lot fewer open mouths."

Sam may not think much of his missus' choice of hats or her habit of serving watercress and cream cheese salad. But he keeps his mouth shut (I mean, he just uses it to eat the salad). And the missus never criticizes Sam's affection for that worn-out chair before the fire,

and his meek glass of beer and pipe at the end of a long day.

From where I sit, that prescription would apply to most human relationships. Criticism rarely rouses anything but resentment. But an open mind—whether it's applied to a woman's choice of hats, or a husband's preference for a pipe and a moderate glass of beer or two—leads to the conclusion that there's right on both sides.

Nix Explains New Law On Registration Of Motor Vehicles

The new law regarding registration and certificate of title by automobile owners was explained this week by Cecil A. Nix, Tax Assessor-Collector, in a release from the State Highway Department. The law becomes effective November 1, and the information below is issued that car owners may not only know the provisions of the law, but also why it was passed.

The Highway Department's letter, in part, is given here: "This bill is written by this department to make current registration information available at all times. Our registration files show only the registered owner at the time registration for the current year was taken out and since some vehicles change hands many times a year, there was a definite need for the records to show up-to-date and current information."

"Since we are all vitally interested in reducing our traffic accidents and our registration records do play a very important part in the reduction campaign, H. B. 75 was written to reinstate the registration transfer. We found that many vehicles were being sold and months and years elapsed before the new owner recorded the assigned Certificate of Title. So we placed a time limit on filing for transfer of both registration and title and a penalty for not filing as provided."

"Many innocent purchasers of motor vehicles have suffered financial losses due to title papers having been executed partly or wholly in blank, so a prohibition and penalty for this were also written into the bill."

"The bill was not written as a revenue measure, although penalties must be collected when due, otherwise correct administration cannot be carried out."

"In writing the bill, we recognized the fact that dealers could not and should not be required to come within the 10-day filing limit and in re-enacting Article 1435 of the Penal Code, dealers were exempted from the 10-day filing limit by a reference to the requirements of the Title Act, under which a re-assignment by dealers only has been provided on the back of the title."

"Please be advised that administration of the provisions and requirements in House Bill 75 will start on November 1, 1947, and that the effective date for the Act will be considered June 12, 1947."

"One transfer registration receipt will be issued to cover the transfer of all types of vehicles. This transfer registration receipt

takes the place of, and becomes the original registration receipt for the balance of the registration year in which issued. The original registration receipt issued for the vehicle being transferred must be presented to the Tax Collector when form 16, Transfer Registration Receipt, is issued and the original registration receipt must be surrendered and attached to the application for transfer of title where it will remain as part of the evidence supporting such application.

"Should the same vehicle be transferred more than once in a registration year, on the second and succeeding transfers the original Form 16, Transfer Registration Receipt, must be presented and surrendered at such time as a new transfer receipt is issued. Each transfer registration receipt must be completely filled in, in order that all information will be available for re-registration when this receipt is presented at the beginning of the next registration period."

"The fee for issuance of transfer of registration receipt is 50c, and a penalty for failure to file application for transfer of registration and title within the specified time of 10 days is \$5.00 for each such failure."

ANNOUNCES MARRIAGE

Mr. and Mrs. J. W. Spears of Wichita Falls have announced the marriage of their daughter, Miss Lena Spears, to Mr. Claude C. Christopher on Thursday, October 9, in Wichita Falls.

The groom is the son of Mr. and Mrs. Clarence Christopher of Hico. The couple are making their home in Wichita Falls, where he is employed in the watch repairing business.

Mrs. Sam Tudor and son, Carlton, spent the week end at Hamilton with her sister, Mrs. Ethel Jones, and family. Mrs. Jones was taken to Dallas Friday of last week for a minor operation. She was accompanied to Dallas by her son, Myrlin, and wife and her son-in-law, Wylie Draper. Mrs. Jones is doing nicely now and is back at her duties at the Hamilton Sanitarium.

FAMILY REUNION HELD AT ALEXANDER HOME NEAR IREDELL SUNDAY, OCT. 19

The home of Mr. and Mrs. S. V. Alexander, four miles west of Iredele, was the scene of a wonderful family reunion Sunday, October 19, when the members of the family were all together at home for the first time in twenty-one years.

The three children, together with part of the in-laws, grandchildren and the latest great-grandchild made up the party.

They gathered early and the morning hours sped all too quickly with reminiscences and family stories recalled.

At noon a bounteous buffet luncheon was served and after each had eaten until he could eat no more, the group wandered out for more rest and gossip.

Ice cream was served at mid-afternoon and a session of picture taking was greatly enjoyed.

Those present were: Mr. and Mrs. Ernest W. Alexander and daughter, Betty Jo, of Iredele; Mr. and Mrs. Edward J. Alexander and son, James, Hico; Mr. and Mrs. Hollis Williams and infant son (the only great-grandson), Hico; and Mrs. Elbert M. Collins, Lindrieth, New Mexico. Mr. and Mrs. Will Holcomb together with their daughter and granddaughter joined the party in the afternoon.

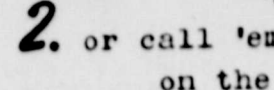

Mr. and Mrs. Alexander, who are now 63 and 77 years of age, have resided most of their lives in this vicinity. They have been married fifty-six years this coming December 17.

Their most shining ambition at the moment is to have a bigger gathering next year.
