62nd Annual Reunion Closes Leaving Trail of Glowing Remembrances

Veteran Manager Reports Success and Calls It "Quits"

Hico's 62nd Annual Reunion came to a close last Saturday night with a mass of people strolling together in old-time fashion, and friends meeting with friends they had not seen for years—at least since the previous picnic.

Nothing out of the way was noted to mar the affair, and the simple program of entertainment for young and old seemed to be just what the people wanted.

All reports that have been heard were complimentary, and visitors from far and near joined in complimenting the people of Hico for providing this annual opportunity for visits and entertainment.

This year a guest book was kept, and although it was impossible to contact everyone, a large number registered from distant points. A prize was offered for the person who came the longest distance to this Reunion, and the committee in charge of this feature ruled that the prize was won by John J. Tieme, who registered from Nome, Alaska, but with whom the committee has not been able to get in touch. He may claim the \$10.00 prize by verifying his attendance and claiming same, a spokesman for the committee announced.

S. J. Cheek, who has acted as manager for the perennial picnic for the past quarter century, again reported that all bills were paid with a little money left over. It is not the intention of the committee, he said, to commercialize on this civic enterprise, and his record over a period of years has borne this out. He has consistently made expenses without taxing the business men or citizens, and has spent the surplus, beyond a sum large enough to guarantee perpetuity of the celebration, on entertainment and other features enjoyed by the people.

Along with his report, Mr. Cheek tendered his resignation as manager for future Reunions. He feels that he has served in this capacity long enough, and further states that his doctor has ordered him not to engage in strenuous activity such as is called for by the many details attendant to the management of such an affair.

"I want to thank the people for their cooperation and assistance in the past," he said, "and to say that I have never seen a set of people so easy to work with as these Hico folks. I want it further understood that I am still interested in having a Hico Reunion, and will lend every aid that my time and health will allow. It is with regret that I announce my retirement from active management of the affair, but this was due to conditions beyond my control. Thanks again, and all good wishes to Hico and her institutions of every type."

New Distributors Succeed Thompsons at Texaco Agency

This week the News Review is authorized to announce the details of a deal which has been in progress for several weeks, whereby the Starnes succeeds J. E. Thompson as Texas Company agent at Hico. The transfer was completed this week, and Mr. Starnes has taken over the reins of the business.

Mr. Starnes and daughter made their home here for the past two months, after a stay of six months at the residence of J. E. Thompson at Hico, and having resided in Hico before that.

In trade, they acquired the Thompson home, which they occupy in the near future. An advertisement in an early issue of the paper they announced that they will make every effort to continue the good service which has been synonymous with the name at service stations in the territory, adding that they especially stress service to gas customers and others.

The Thompsons say their plans are not complete, but they have definite plans for leaving this community, which will be good news to the many friends they have made during their residence here. They retain ownership of the Texaco Station at the highway junction, now under lease to Ogilby Brothers through the Texas Company.

Weekly SURPLUS NEWS WAA

Newest of the non-priority, sealed bid sales of camp buildings to be held in Texas will involve 63 buildings and fixtures at Fort D. A. Russell, Marfa, Texas. This surplus comprises structures, serges, recreation, club houses, store building, laundry and other GI structures, all to be removed by the buyers. The buildings may be inspected by the public beginning August 20. Bids on special forms must be received at the awarding office, WAA's regional office of real property disposal, box 6030, Dallas, prior to August 31, which has been set for the bid opening.

Largest remaining cache of hand tools still in the nation's storehouses of war surplus will be opened up to buyers August 20. This surplus involves more than a million and a half tools located in four warehouses at Camp Bowie, Brownwood. The remaining portion of a huge inventory originally consigned to FWA for distribution to schools, it has been returned to War Assets for disposal. All classes of buyers are invited to bid on the offering, which will be made in approximately 300 lots originally costing \$900,000. The armed forces have already made withdrawals to satisfy their needs. The warehouses will be available for inspection August 18 and 19.

One more location sale of surplus housing is planned for the Grand Prairie region following recent announcement by the WAA that spot bid sales of buildings were at an end. This sale will be held at Camp Shelby, Mississippi, where the classification of available real property has been in doubt until recently. The auction type disposal will include about 1200 buildings and will be held about August 24, with inspection to start around August 17.

Detailed compilation of figures by the Grand Prairie region of War Assets disclosed this week that government-owned personal property originally costing \$677,241,331.99 has been disposed of in the five state area of the southwest since start of the program in June, 1943. Specific recovery figures on this total are not yet available, but taking a national average of slightly more than 30 per cent in realization over the four year period, the government would have received \$205,294,123.59 in sales. For Texas alone, personal property costing \$383,405,089.77 has been disposed of.

Campaign to Sell House Numbers Gets Under Way This Week

M. S. Norton, secretary of the Hico Chamber of Commerce, said this week that the campaign to sell house numbers and install street signs in Hico was well under way, and was receiving even better reception than anticipated by the sponsors. It is hoped, however, that the sales will go forward rapidly so that the ultimate goal of one-hundred percent participation may be obtained.

Several local places of business are cooperating in the campaign, Norton said, and lists are now being made up at the following places where citizens can drop by and leave their \$1.50:

The First National Bank
Coats Furniture Co.
Ratliff Brothers
Western Auto Store
J. E. Woodard Produce
Hico Frozen Food Lockers

"Don't wait for someone to see you," the C. of C. secretary urged, "drop by any one of the above places and leave your \$1.50. The numbers will be distributed as soon as correct numbers for each street can be worked out from the city record."

B-29's OCCUPY BRITISH BASES . . . One of the first of sixty U. S. air force B-29 superfortresses to arrive in Britain is shown shortly after landing. Members of the crew and base personnel are standing in front of the big bomber. The crew of superfortresses carried more than 1,200 men, who were warmly greeted by the Royal Air Force with whom they will drill. The American crews are made up almost entirely of combat-hardened vets. Gen. Curtis Le May commands U. S. air forces in the European theater.

\$200,000 County Hospital Bond Proposal Unpopular Outside of County Seat

Veterans' News

Veterans Administration advised veterans to give their National Service Life Insurance policies periodic "three-way checks" to make certain that their NSLI programs are consistent with their plans, obligations and incomes.

The "three-way check" should cover (1) beneficiaries, both principal and contingent; (2) manner in which proceeds are to be paid to beneficiaries; and (3) amount and type of NSLI in force.

Many veterans fail to name new beneficiaries when they marry or when a designated beneficiary dies, VA said.

If a veteran dies without naming a beneficiary, or if no designated beneficiary is alive at the time of his death, proceeds of the insurance go into his estate and are subject to inheritance taxes. Final distribution of the proceeds may not be that which the veteran would have desired.

Changes in family status or family income often require a veteran to change the method of NSLI settlement. He may elect to have his NSLI proceeds paid to his beneficiary in a lump sum or in equal monthly installments ranging from 36 to lifetime income.

The type and amount of NSLI owned by a veteran should be that which best fits his pocketbook and gives him the most coverage VA said. NSLI policies include term, ordinary life, payment life, 20-payment life, endowment at age 60, endowment at age 65, and 20-year endowment.

New Game Warden Calls Attention of All Hunters to Game Laws

C. H. Johnson Jr., stationed at Meridian as State Game Warden for Hamilton, Bosque and Hill Counties, was in Hico Thursday and called at the News Review office to obtain publicity for some of the game laws affecting this area.

"I am one of those game wardens trained at A. & M. College," Mr. Johnson said, "and our duties consist of trying to educate the people in conservation of our wild life while enforcing the laws."

Of special interest at this time in this zone are the following, he said:

Ducks, Geese, Brant and Coot—Season opens Nov. 12 at 12:00 noon, and runs to Dec. 16, one hour before sunset. Shooting hours after first day, from one-half hour before sunset to one hour before sunset. Bag limit, five per day, and not more than 10 in possession at any one time.

Mourning Doves in this, the North Zone, season opens Sept. 1 and runs through Oct. 15. Shooting hours, one-half hour before sunrise to sunset. Bag limit 10, allowed in possession, 10.

Quail will be under the regular restrictions and season from Dec. 1 to Jan. 16.

Under Texas laws, the game warden said, a person is required to place his game birds on storage within three days after close of the season for the species that is being stored. State Law is that there is no limit for retaining game, but Federal Law is 90 days after the close of each season for migratory game.

AAA News Notes From Hamilton

Farmers of Hamilton County intend to plant a record acreage of winter legume crops this fall if requests to the local ACA office for Super Phosphate is an indication. Monday, August 2, 1948, over 200 farmers requested and received Prior Approvals for Super Phosphate. The Super Phosphate is to be used in connection with the seeding of the winter legumes.

According to Mr. Schwalbe, Chairman of the Hamilton County ACA, funds are still available to assist farmers on Super Phosphate Ditches, Eradication and Tanking. Requests for assistance on the practices of Super Phosphate and Tanking should be made now so that these practices can be carried out by early fall.

John Marshall, Chief Justice of the Supreme Court, did more to clarify the intent of the U. S. Constitution than any other man.

Petition Seeks Tax Raise for Financing A Local Institution

Initial reaction of local taxpayers to a proposal originating in the county seat calling for a \$200,000 bond issue to build a "county hospital" was a feeling of disapproval and surprise, rather than resentment or envy.

Citizens of Precinct 3, who have already financed and built their own hospital at Hico, are puzzled to some extent by failure of the bond agitators to specify just where the "county" institution would be located, but naturally draw the conclusion that it is intended for the county seat.

The plan, apparently conceived in desperation by a small representation from a commercial organization there, seemed unlikely to succeed, even if it goes beyond its present pipe-dream status.

Similar proposals in other counties have met disastrous results at the polls, notably the one in Hill County held on July 17, this year, when 2021 votes were cast against the proposition with 1346 favoring, in spite of a heavy endorsement from Hillsboro, the county seat.

While details of the current proposal have not been released, it was outlined last week in Hamilton's paper by Hamilton's Chamber of Commerce manager as follows:

"Three alternatives have presented themselves to the people who are anxious to maintain a hospital for Hamilton and Hamilton County. The first of these was the plan of forming a non-profit foundation by which a hospital could be built by donations and gift subscriptions. This was the first plan decided on, but it did not have the necessary financial support for success. The second plan was the organization of a corporation by which the necessary financial support would be obtained by the sale of stock. This plan was partly consummated but did not succeed because of the lack of popular support. The third and seemingly the most popular of the three plans was to issue a county-wide bond issue for the building of a hospital with sufficient facilities to take care of the entire county. A petition is now in circulation for obtaining enough signatures to warrant the Hamilton County Commissioners Court in calling a Bond Election for providing \$200,000.00 for the building of a First Class Hospital. . . ."

One of the petitions circulated in Hico (reportedly on a bet) needless to say met with a cool response. While no information on the attitude of taxpayers outside of Precinct 3 has been obtained here yet, it seems certain that the plan has not been very warmly received outside of a limited circle in Hamilton, and citizens of that town are not behind it as a whole.

The Commissioners Court, which must dispose of the petitions and order an election if the proper number of qualified taxpayers sign up, is reported feeling its way, and none of its members has expressed any enthusiasm for the tax-raising proposition.

Concensus here seems to be that citizens of Hico, Patsy, Carlton, Olin, Claiborne, Duffau, and this entire community worked hard and put their own money into a local hospital, which is now modernly equipped, well-staffed, and serving a number of patients increasing to the extent that even now plans are under way for expansion—still with private capital.

The founders of the Hico Hospital and Clinic have freely offered the benefit of their experience in getting their institution financed, built, opened and operating so smoothly, to their neighbors who seem to have been so sorely tried in recent years keeping such an institution available for patients from their immediate vicinity. That this is appreciated in most circles in Hamilton is evidenced by the fact that patients from the county seat have been cared for locally, even in view of crowded conditions which tax the hospital's capacity at times.

Meanwhile the responsible citizens of Hico who have expressed themselves seem to be hoping that some other arrangement may be worked out to allow Hamilton to have the hospital facilities which they admittedly need, without placing an unjustified burden of taxes on their neighbors over the county, or putting the county to the expense of holding an election for a selfish purpose which seems doomed to failure on its very face.

Mr. and Mrs. Nolan Geye of Stephenville spent the week end with his parents, Mr. and Mrs. Fred Geye.

Kenneth Evans and son, Logan of Minerals Wells were in Carlton Monday on business.

Mrs. Charley Proffitt and daughter, Melba Jean returned home Friday from Lake Jackson, where they visited her daughter, Mrs. Jesse Longino and family.

Mr. and Mrs. J. N. Clark and Mrs. Sid Clark were visitors Sunday at Agge with Mrs. L. D. Sowell Jr. and family.

Mr. and Mrs. Charley Proffitt visited Sunday in Fort Worth with their daughter, Mrs. Douglas Vaughan and family. Mrs. Proffitt remained with her daughter for a longer visit.

Frank Stidham of Stephenville spent Sunday with his mother, Mrs. Reva Stidham.

Relatives of Navy or other U. S. military personnel who died during the World War 2 have only until January 1, 1949, to file a claim for abatement of income taxes paid by the service man during the war. No tax is payable for deceased military personnel for any of the war years, and a rebate will be made for any such taxes paid by the service man prior to his death.

**Heart Disease Still
Classes As State's
Number One Killer**

Austin, Tex., August 9.—Heart disease continued in the top spot as the number one killer of Texans, according to figures released by the Texas State Department of Health.

Mortality rate figures show an increase of 255 deaths from the April, 1946 figure of 1,099, as compared to the April, 1948 total of 1,354. This represents an increase of more than 18.5 per cent for the comparative period.

"So-called functional heart disease is usually traceable to nervousness, infections from other parts of the body such as teeth and tonsils, a disturbed function of the thyroid gland, and to influenza," Dr. George W. Cox, State Health Officer, said. "And the excessive use of tobacco, coffee, tea, or other heavy stimulant is often a contributing cause."

Misfunction of the heart is a correctable condition, the health officer said, insofar as the sources of infection may be located and eliminated, as in the case of bad teeth or tonsils. Incurable organic heart ailments exist only too frequently.

Strict adherence to competent medical advice will eliminate much worry about either functional or organic heart conditions, Dr. Cox said. He added that such adherence would unquestionably reduce deaths from heart disease materially.

W. A. SON SHOFNER

WITH THOSE WHO KNOW THE CANDIDATES BEST, IT'S SHOFNER THREE TO ONE!

For State Senator

The run-off candidates for State Senator for this district both live in Ward One, Temple. In the first primary Shofner received 650 votes in Ward One to his opponents' 220. In the City of Temple, Shofner led his home-town, run-off opponent by more than 2 1/2 to one! He carried Bell County over his run-off opponent, who also lives in Bell County, by more than two to one. Shofner also carried all five counties in this district over his run-off opponent, and only lacked 40 votes out of 26,000 receiving a majority over BOTH his first primary opponents.

Yes, With Those Who Know Them Best, IT'S SHOFNER OVERWHELMINGLY! Surely those who know the two candidates best and know their respective merits and qualifications are in best position to judge them. Their choice is Shofner by a very wide margin. We need no better recommendation. Let's all GO OUT AND VOTE again, and give Shofner his well-deserved victory.

REMEMBER TOO, SHOFNER IS OPPOSED TO A SALES TAX!

RESOLUTIONS

Fairy Lodge No. 751, A. F. & A. M. WHEREAS, The Supreme Ruler of the Universe having seen fit to remove from our fraternity our beloved Brother W. L. Jones, once more severing the chain that binds us together as men and Masons, we feel keenly the great loss we have sustained. Bro. Jones was affectionately called the Dean of his Lodge by his brethren, who loved and trusted in him so completely.

The mystery of Bro. Jones' life to those who knew him best was how he could find the time to lecture, to administer to his brethren in any and all circumstances when a brother needed help and assistance. He never shirked a Masonic duty. Through his wholehearted service to Masonry, his interest in the order, the exemplification of its teachings in his daily life, and his devotion to its causes and principles, he justly deserved the praise we delight to bestow to his memory. Therefore, be it

RESOLVED, That we extend our heartfelt sympathy to his children whom he loved beyond expression, and point to the Heavenly Father who doeth all things well and doubt not that in the glorious morning of the Resurrection we will again meet where there will be no more sad goodbyes.

RESOLVED, Secondly, that a copy of these resolutions be given the family, a copy sent to The Hico News Review for publication, and a copy spread on the minutes of our Lodge.

Fraternally submitted,

By Mrs. J. O. Richardson

GOSPEL MEETING AT FAIRY CHURCH OF CHRIST TO START NEXT SUNDAY

Announcement has been made of a series of gospel meetings at the Church of Christ at Fairy, beginning Sunday, August 15, and running through Wednesday, August 25.

G. S. Westbrook of Houston will do the preaching, and Joe Betts of Fairy will act as song director.

Services will be held daily, at 10:00 in the mornings and 8:15 in the evenings.

Every one of you is urged to hear these lessons of love and forgiveness.

We still have hot, dry weather in this section. Farmers have been busy combining maize for the past week. Most of the crop has been harvested.

A large crowd attended the baptizing at Honey Creek last Sunday afternoon. We did not get the names of those who were baptized. They became candidates for Baptism during the recent Baptist revival.

Mr. and Mrs. A. J. Miller returned home recently from a visit in the home of their daughters, Mr. and Mrs. Bill Hargis and Mr. and Mrs. Peta Strickland and families of Carlsbad, New Mexico and Mr. and Mrs. Ray Miller and family of West Texas.

Mrs. Carl Ray Sellers and little son Jimmie Don were returned home Tuesday of last week from the Hico Hospital. Visitors in the home during the past week were Mrs. Oran Williford and Doran Given, Mrs. Brittle Little, Mrs. Maude Strawn, Mrs. Emma Ogle, Mrs. Scott Blackley and Lera Jane, Mrs. J. L. McCoy, Mr. and Mrs. Dewey Sellers, Mrs. Bill Lackey, Mrs. Lester Betts, Judy and Sheryl, T. L. Betts and son Joe, Mrs. A. L. Newman, Mrs. E. M. Hoover and Daphne, Mr. and Mrs. Arnold Glendon and little son, Mr. and Mrs. N. S. Sellers and Joy Marie of Hamilton, Mr. and Mrs. Wesley Jones and family, and Mr. and Mrs. Raymond Jones and family of Lanham.

Visitors last Sunday were: Mr. and Mrs. D. E. Allison, Ruby Jean and Darrel of Dublin, Mrs. Edd Allison and daughters, Mrs. George Stringer of Hico and Mrs. Pat Patterson and children of Dallas, Mr. and Mrs. Norman Thompson and family of Hamilton, Miss Nelda Noland of Lanham, Mr. and Mrs. LaNelle Chappel and family of Seymour, Texas. The Chappels are former residents of Lanham and were neighbors of Mr. and Mrs. Sellers during their residence there. They are here for a visit with old friends and neighbors.

Mr. and Mrs. Lester Betts and daughter, Judy and Sheryl of Stillwater, Oklahoma, came in Thursday of last week for a visit with their parents, Mr. and Mrs. T. L. Betts and Joe. They left Saturday for Beaumont and Corsicana for a week's visit with relatives of Mrs. Betts. They will then return here and spend the remainder of their vacation.

Freddie Glen of Cleburne was here last week visiting with friends and attending the Hico Reunion.

Mrs. E. M. Hoover and daughter Daphne returned home Thursday night of last week from San Francisco, California where they visited several days with their son and brother, Mr. and Mrs. Darwin Hoover. They returned by way of Odessa and visited in the home of their daughter and sister, Mr. and Mrs. Ralph Spencer.

Mr. and Mrs. Vernon Moore have moved to a farm near the Cranfills Gap and Meridian Highway. They were visiting with her parents, Mr. and Mrs. Dewey Massengale last Saturday.

Mrs. Emma Ogle has had a new shingle roof put on her tenant dwelling. Mr. Henry Davis of Hico directed the work.

Mr. and Mrs. O. L. Jacobs of near Mingus attended Church here Sunday at the Church of Christ and visited in the T. L. Betts home. Mrs. Betts accompanied them back to Stephenville on her return to Fort Worth.

Mr. and Mrs. Vernon Jackson and family of Grand Prairie were visiting his parents, Mr. and Mrs. J. T. Jackson and family over the week end.

Mrs. Musgraves and Mrs. Flo Gordon of Brownwood have returned home after a visit in the home of Mr. and Mrs. Oran Williford and Given.

Mrs. Rice Edwards of Hico visited Tuesday in the home of her daughter, Mr. and Mrs. Oran Williford and Given.

Better be careful today folks, on this Friday the 13th. Mr. and Mrs. Bob Frederick Jr. of Venus and Mr. and Mrs. Carl Rierdon of Dallas visited over the week end with Mr. and Mrs. W. E. Cunningham and Sherry.

Mrs. Ovie Brunnett and Mrs. Coleman are patients at the Hico Hospital. We hope both are soon able to return home.

The Naval Aviation Cadet Program, which has been at a minimum since the war, will be revived in fiscal year 1949 when it will draw from the schools and colleges of the country 2,000 prospective Naval aviators. Young men who are interested in Navy flying, have completed two years of accredited college work, and are willing to agree to serve on active duty for four years can contact any Navy Recruiting Station for further information.

Wage credits toward old age and survivors insurance protection are now being earned every calendar quarter by approximately 40,000,000 employees.

Hamilton-Coryell
Soil Conservation
District News

Glenn Riley, District Supervisor of the Hamilton-Coryell Soil Conservation District, and his brother, Mack, are practicing a conservation program on their farm in the Pottsville group. Among the measures now being applied are the use of both hulum and Madrid sweet clover which are being used as cover and soil improving crops; crop rotation so that clean tilled row crops are followed by sod crops and these in turn followed by a legume. Straw and other crop residue is being utilized by leaving part on the surface and part incorporated with the top soil as a protective mulch and source of organic matter. Terraces are being maintained in an effective condition and contour farming is being practiced. In order not to have large areas of the farm bare and subject to the erosive effects of raindrop splash, field stripping of crops is being followed. Not only is a conservation program being applied to cultivated land, but also the paramount pastures are being improved. A relic area of original big bluestem or turkey foot grass has been fenced to protect from fire and grazing so as to utilize as a seed source for reseeding adapted areas of pasture to this highly palatable and productive original grass. This grass is now in bloom and is more than 6 feet tall.

Jeff Perry, whose farm is two miles northwest of Hamilton, has recently constructed 4331 feet of channel type terraces. Gilbert and Marvin Sommerfeld, in the Ireland group, constructed 526 feet of diversion and a 5-acre grassed waterway 3424 feet in length. This waterway, which will receive excess terrace water, will be utilized for intensive grazing with livestock.

J. H. Thimble, ten miles southwest of Hico in the Sunshine group, has constructed 7536 feet of channel type terraces as a part of the erosion control program on the farm.

H. L. Sargent, in the Falls Creek group near Hico, also has constructed 2265 feet of standard terraces.

Clint Herring, two miles north of Hamilton in the Littleville group, has shaped a grassed waterway 970 feet long to utilize excess water for producing live stock forage.

Milk Continues to
Be One of Cheapest
And Safest Foods

Chicago, August 9.—Encouragement for housewives who are plagued by rising food costs was held out recently by the National Dairy Council.

Summarizing bulletins from various branches of the federal government, the Dairy Council gave these two prospects for the rest of 1948:

1. Milk prices will remain relatively steady, although somewhat higher than in 1947.
2. In comparison to the prices for other foods, milk continues to be one of the cheapest nutrient sources for safe and healthful meals.

The Dairy Council quotes the U. S. Department of Agriculture as announcing:

"We find that a dollar spent on fresh milk today will buy an average of 3,296 calories, 168 grams of protein, 5,660 milligrams of riboflavin, as well as lesser amounts of other nutrients. The same dollar spent on chicken, round steak, veal cutlets, smoked ham, or loin pork chops will buy considerably less."

"Of course no one food is expected to provide all the nutrients the body requires, but milk comes as close to being a complete food as any, and among the foods commonly consumed it is one of the cheapest nutrient sources."

These forecasts, the Dairy Council states, take into consideration the demands of the European recovery program upon national economy.

Inflation Raises
Cost of Fires, Says
State Commissioner

Austin, August 9.—Inflation has now inflated the cost of a fire, reports Marvin Hall, State Fire Insurance Commissioner.

In June the number of insured fires in Texas hit an all-year low, but dollar losses amounted to the third greatest figure of 1948. Last month 431 fires caused a loss of \$1,050,000, as compiled from reports of fire marshals over the state.

May records showed that 440 fires caused a loss of \$823,000, and in April it took 672 fires to cause a loss of \$1,152,000.

However, Hall was encouraged by the fact that June figures did not represent a step in a trend and has hopes that dollar loss figures will also go down next month.

He did add, "actually fire costs today are inflated over those of a number of years ago because the things such as houses, clothes, food and automobiles, that we burn up now, cost much more than they did then."

The greatest dollar loss in June was caused by defective electrical wiring and was \$315,000 from 51 fires. Second, was electric fans, ventilators and air conditioners with a loss of \$103,000 in 4 blazes, followed by matches and cigarettes with \$61,000 lost in 84 fires.

Sparks from combustion machinery caused the fourth greatest loss of \$36,000 in 6 blazes; hot water heaters, \$24,000, 13 fires; gas stoves, \$20,000, 17 fires; electric refrigerators, \$19,000, 15 blazes.

Causes of fires which were high in number but low in dollar loss were 30 fires from exposure; 18 from kerosene; 17, trash and rubbish; 15 each from lightning and smoking in bed. Each of these classifications caused a dollar loss of less than \$15,000.

The greatest dollar loss in occupancies occurred in dwellings which was \$221,000, followed by grain and mill elevators, \$218,000; mercantile stores, \$124,000; warehouses, \$121,800; and retail grocery stores, \$107,000.

Occupancies suffering the greatest number of fires were dwellings, 238; apartments, 38; mercantile stores, 24; private garages, 18; cafes, 16; retail grocery stores, 15.

Teachers and Parents
Should Cooperate In
Community School

Austin, Texas, August 9.—How the community can help the school and how the school can help the community is the subject of a University of Texas summer laboratory course.

Dr. Samuel Everett, Philadelphia Board of Education member, is instructing the course in which participants are working on specific activities to be carried out in their own schools when they return in the fall.

To acquaint class members with resources available to teachers, administrators, social welfare leaders and others, visits are being made to community agencies.

Dr. Everett emphasizes the increasing importance in education of both teachers and parents becoming more familiar with and interested in the community school.

Another community has taken steps to attract new industry by the acquisition of government owned real estate. This week the War Assets Administration announced sale of the 12 acre commercial area of the former Tonkawa, Okla., home, prisoner of war camp to the City of Tonkawa for \$10,000 cash. Tonkawa Mayor E. G. See announced that the use of the property will involve the employment of local veterans for conversion of the area to use by private industry.

ATTENDS FUNERAL OF
BROTHER IN NEW MEXICO

Mrs. Charlie Leath of Hico accompanied her brother, John Morgan, and wife of Austin to Farmington, New Mexico last Monday after receiving a message that her brother Tom Morgan, had died of a heart attack.

Funeral services were held in Farmington Thursday. Mr. Morgan was reared in Hico and is well known in this community. Before leaving here several years ago, he was employed with Mobley's Bakery.

Typhus Fever Is
Usually At Its Peak
In Month of August

Austin, Texas, August 9. Statistical information compiled by the State Health Department shows a total of 182 cases of typhus fever so far this year. During the week between July 17-24, seven new cases were reported, one-half the seven year median of fourteen for the week of July 24.

The disease reaches its peak in the month of August, Dr. Geo. W. Cox, State Health Officer, said.

Over a five year period from 1943 to 1947, typhus fever has been responsible for 273 deaths. The death rate has been reduced from sixty three in 1943, to thirty in 1948.

"Typhus fever as we know it in Texas is transmitted by the fleas of infected animals," Dr. Geo. W. Cox, State Health Officer, said. "It can be prevented by the simple expedient of consistently maintaining a program of rat poisoning, rat trapping, and rat proofing."

Typhus fever is marked by a severe headache, chills, and fever. A reddish mottling appears on the skin, and a hacking cough develops. The headache is the outstanding symptom because of its severity. Illness may last from 5 to 14 days.

The greatest outbreak of typhus fever, or Brill's Disease, was in 1941, when there was a total of 733 reported cases.

The Health Officer added that it was a sad commentary on our position as the most health minded nation on Earth if we allow the disease to flourish when the means for its control and eradication is right at hand.

Professor Declares
We Know More Than
We Think We Do

Austin, Texas, August 9.—You know more than you think you do! University of Texas Speech Professor Jesse Villarreal says the average person far underestimates the number of words he has in his vocabulary.

A group of persons asked to guess their vocabulary content will usually give answers ranging from 500 to 15,000—very low guesses, because tests have shown that the first grade school child has a vocabulary of almost 17,000, says Dr. Villarreal. His college freshmen have made test scores indicating an average vocabulary content of 100,000 words. Measurements made on college populations have shown an average vocabulary of 150,000 words.

Everyone, he says, is interested in a larger vocabulary, as evidenced by the fact that many people come by his office and want to take vocabulary tests to see how many words they know.

To increase word knowledge, Dr. Villarreal advises: try to learn new words encountered in reading and listening; look them up; preserve the original context in which the word was encountered; regularly review the collected information; read about the history of the English language's growth and development; and study word roots and common affixes.

Big Square Dance to
Head Labor Day Events
At State Fair Park

The "world's largest" square dance will head the list of events in the State Fair's annual Labor Day celebration, September 6, at State Fair Park, David A. McMinn, Fair official, announced Saturday.

An old fiddlers' contest preceding the dance, is expected to draw entrants from the entire state, McMinn said.

The well-rounded program of entertainment on the Midway, starting at 10 a. m., will be another important feature of the Labor Day celebration, T. M. Watson, chairman of the Fair's Midway and concessions committee, announced. Special free acts and an elaborate display of fireworks are expected to attract record crowds on this day.

The square dance will be the first event ever held at the State Fair's new Automobile, Aviation and Recreation Building. With 84,000 square feet of space, the structure contains enough room for 500 "squares" or approximately 4500 dancers. There are no columns in the building to obstruct movement.

Square dancers are expected from Amarillo, Odessa, Tyler, Wichita Falls, Fort Worth, Athens, Abilene, Austin, and other cities within 200 miles.

Raymond Smith will be master of ceremonies. Horrell Eudd will head a list of prominent guest callers. Admissions will be 75 cents per person including tax. The dance will start at 8:30 p. m. and end at 11:30 p. m.

The old fiddlers' contest will be held in the State Fair Picnic Pavilion starting at 2 p. m. There will be no charge for admission.

The State Fair Midway will open at 10 a. m. on Labor Day. Fireworks and free outdoor acts will be featured in the evening.

Closing Time Near
For Entries In Textile,
Other Fair Exhibits

Only a few days remain in which to make entries in classes open for competition in the Textile, Culinary and Antiques Show at the State Fair of Texas, Oct. 9 to 24. Mrs. O. D. Stallard, superintendent of the State Fair's women's department, has announced. Entries close August 17.

Classes in the textile division include embroidery, lace work, knitting and crocheting, quilts, rugs, plain sewing, fancy handwork, layettes, elderly ladies work, and antiques. In the culinary division classes include jellies, canned fruit, vegetables and pickles.

Mrs. Stallard was appointed this year to head the women's division of the State Fair which is being resumed after six years of war-induced inactivity.

OPPORTUNITY FOR VETS

Eleven days before expiration of veterans preference in the purchase of surplus property, former servicemen of World War 2 will have a chance to buy 17 trucks, trailers and passenger cars. Sale will be by written bids, with the public bid opening to be held at the Grand Prairie WAA Customer Service Center on August 20. From one to four vehicles may be inspected at each of the following locations: Love Field, Dallas; Public Housing Project, Midland; Customs Patrol Office, El Paso, and Ordnance Ordnance Plant, McGregor. Seven machines, including a sedan, jeep and pickup, are located at the Veterans' hospital, Temple. Mailed bids must be accompanied by a 25 per cent deposit and a copy of a military discharge.

Funeral Services for
Joseph R. Rainwater
Held Here Tuesday

Joseph Richard Rainwater, 79, pioneer citizen of this community, died at his rural home on the Fairy road, Monday afternoon, and was buried in the local cemetery after funeral services at the Baptist Church under the direction of Rev. E. E. Dawson, assisted by Pastor J. L. Ray of the Methodist Church and Rev. O. J. Robinson of the Baptist Church. Mr. Rainwater was a long-time member of the Baptist Church.

Pallbearers were Milton Rainwater, Ray Kelly, Emmet Wierschka, James Lindy Rainwater, Damon Collier and Vernon Busby.

Mr. Rainwater, affectionately known as "Uncle Joe", was born at or near Little Rock, Ark., October 13, 1869. At the age of ten his family moved to Texas and settled at or near Barlett in Bell County. In 1895 he was married to Miss Ida Mills of that area, to which union a daughter was born, May Rosa, now Mrs. Wierschka of Austin. In 1896 Mrs. Rainwater died, and in 1898 Mr. Rainwater was married to Miss Mary Mills, sister of his first wife. To this latter union two daughters and four sons were born, all of whom survive with the exception of Mrs. Keller who was killed in 1940 in a train-car accident here in Hico. The surviving children in the order of their ages are: Mrs. Maud Busby, Dublin; Fred, Claude, Jesse and James all of Hico. Likewise there survive him two brothers and two sisters as follows: Frank Rainwater, Hico; Mrs. Copeland, Alvord; Mrs. Belle Mills, Taylor; Robert Rainwater, Taylor. Twenty one grandchildren and seven great grandchildren also survive him. An interesting item of the funeral was the five grandsons and one grandson-in-law who acted as pallbearers.

This passes one of the highly respected older citizens of the community, a sort of landmark in Hamilton county. Peace to his ashes and may prosperity smile on his dear ones.

Huge Outlay for Repairs Planned in Hamilton County

An estimated \$200,000 will be spent in repairing and modernizing non-farm homes in Hamilton county during 1948, according to a report just released by the Tile Council of America.

That sum will be expended largely on painting, carpentry work, roofing repairs and plumbing, the report disclosed. "Greater availability of building materials will make possible a record amount of home improvements throughout the nation this year," declared Malcolm Schweiker, chairman of the Council's residential construction committee.

About 30 of every 100 homes in Texas will be painted, either inside or out, during 1948 and 17 will have roofs repaired or replaced, according to the report. Seven will have tiled or showers installed and six will have carpentry work done, the report revealed.

"To meet demands for materials for both new homes and home repairs, production has been stepped up in practically every type of materials," said Mr. Schweiker. The output of ceramic tile for bathrooms and kitchens, for instance, is now at the highest rate in history, government reports show.

Throughout the nation between \$2,600,000,000 and \$3,300,000,000 will be spent this year on home repair, according to the Tile Council report. This is believed the largest amount ever expended for such work.

An "armed mob" scare at the San Francisco Naval Shipyard recently turned out happily for all concerned when station police rounded up the "rioters" ten Marines in undress uniform being drilled in extended order maneuvers under arms.

Duffau - By Elmer Giesecke

We are in dire need of precipitation at this time. Stock water is getting low and the high, dry winds of the past several days have badly damaged crops.

Since writing two weeks ago, Mr. Duncan has been drilling some needed water wells out our way. Good wells have been completed for J. M. McVickers, J. D. Hutson, and one is being drilled for John B. Fouts.

Mrs. Arlene Shipman and children of Dallas and Mrs. Leslie Kinser and children of Levelland visited their father, I. A. Bell, over the week end. Mr. Bell returned home with the Kinser for an extended visit.

Mrs. H. H. Talley sponsored the 4-H girls' picnic last week, when the girls enjoyed swimming, water games, and served a delicious afternoon lunch of sandwiches, drinks and other delicacies to eight members and five visitors. This is one of the worthy clubs of our community and we congratulate them on their achievements.

Everyone seemed to enjoy the Hico Reunion last week. Mr. and Mrs. Vernon Mills and son of Denver City, Texas are visiting relatives and friends here and at Johnsonville this week.

Mr. and Mrs. Erwin Lee King and two children were up from McGregor last week to spend a few days with relatives.

Nash Elkins and wife of Graford were dinner guests at the home of his brother, W. D. Elkins, and family Sunday. They spent the afternoon in Hico visiting Mrs. Elkins' brothers, the Randalls boys. Chas. Lankford of Crowley, California spent several days visiting in the home of his sister, Mrs. J. C. Kilcrease, and family.

Miss Lois Kilcrease who has been enjoying a vacation for the past several weeks, has returned home. She visited with relatives and friends in Texas, Oklahoma, New Mexico and Arizona.

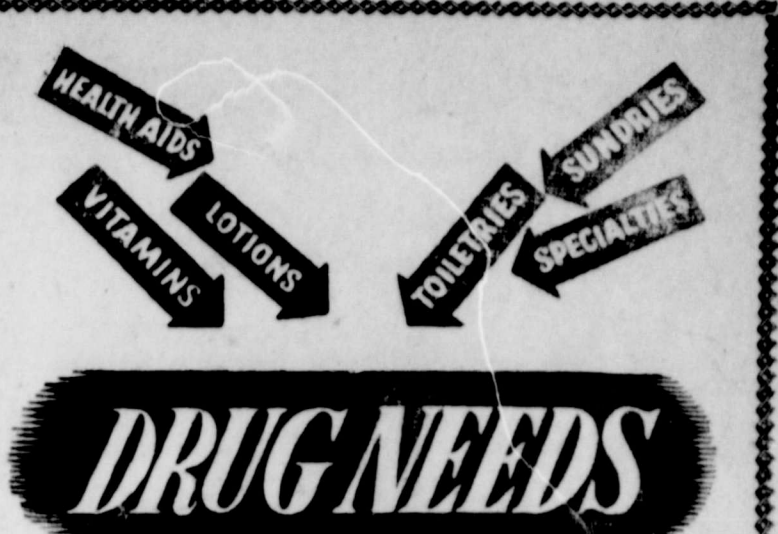

Mrs. H. H. Hancock is spending the remainder of the summer with her daughters and their families in Fort Worth.

Bobbie Dan Cavitt and wife of Granbury spent Sunday with B. D.'s parents, Mr. and Mrs. E. M. Cavitt, and family.

The Home Demonstration Club entertained Tuesday night with a party at the Baptist tabernacle. A great time was enjoyed by all present.

The revival meeting begins at the Baptist Church Friday night, Aug. 13. Rev. McDonald of Dallas, the pastor, will do the preaching. You are cordially invited to attend.

Dublin Pre-Madison Square Garden Rodeo Sept. 1, 2, 3, 4

The Dublin Pre-Madison Square Garden Rodeo is only a little over three weeks off as the dates are Sept. 1, 2, 3 and 4. This is an event that is of considerable interest to the people of this section as it is the same rodeo that leaves on a special train from Dublin for New York immediately following this rodeo.

Professional cowboys over the U. S. frankly state that "The Dublin rodeo is the best of them all." This is because the headquarters of the World's Championship Rodeo Corp., with Everett Colburn as manager, is located at Dublin. Besides the 18,000-acre ranch near Dublin, this company has rodeo ranches at Florence, Arizona, Gene Autry, Okla., and Blackfoot, Idaho, from which they recruit stock for the Dublin and New York shows.

Dublin has an arena that will seat some 9,000 people that has been completely full in the past shows. There has been no change in admission prices from past years. The world famous Hardin Simmons Cowboy Band will be here for each performance.

Girl Scouts Enjoy Playing Games and Eating Watermelons

Monday night, Miss Blair got three watermelons and took them down to Mrs. Pierce's house. All of the Girl Scouts marched down to Pierce's house. I think every one had plenty of watermelon.

After we had eaten we played some games. We all had lots of fun.

When we finished playing games we walked back up to the Scout hall. There we said our Scout Promise and sang our song. We then dismissed and went home.

DEAR CUSTOMERS AND FRIENDS:

Having completed details of checking our business over to Mr. and Mrs. S. B. Starnes, we wish to announce our retirement as Texaco Distributors in this territory.

Our successors are now in charge, and we trust they will serve you in a way that will please you. We would like to bespeak for them a continuation of your patronage.

At the same time we would feel ungrateful if we failed to express our appreciation of the very pleasant business relations we have enjoyed for the past three and one-half years. Your consideration and cooperation have helped us through some of the trying wartime and post-war periods, and we hope we have handled our business affairs in a way that has been as satisfactory to you as your association has been to us.

We are not severing all our local business connections, as we retain ownership of the Texaco Station at the highway junction, which will continue to be operated under lease by Ogle Bros., and will appreciate your dropping by there for service as often as convenient.

Thanks again for everything, and best wishes to all our friends.

Sincerely,

JOHNNY and VERDIS
