

A highly placed state official has given Texas newspapers a pat on the back.

State Health Officer Geo. W. Cox, veteran of more than 13 years as head of the State Department of Health, called the Texas press a "more potent force in mass public education."

"Texas newspaper editors and reporters have consistently shown an awareness of public health problems and have given unstintingly of much valuable space to stories relating to health," Cox said.

"I can define public health in three words—mass public education," the health official said.

"Without newspaper cooperation, such education is literally an unobtainable ideal."

Pointing out the custom of rural people to read their local weekly or semi-weekly thoroughly, Cox said he was especially happy that these papers used state and local health department releases.

It may surprise you to learn that experience can be dangerous—even deadly.

Statistics compiled by the Travelers Insurance Companies show that 97 per cent of last year's traffic accidents were caused by drivers with at least one year's experience.

Learning how to drive is relatively easy. The mechanics of driving become second nature soon after a student "solos."

At this critical point, attitude begins to take over. The super caution of the beginner is diluted by an over-increasing confidence based on experience.

And, with too many drivers, caution is ultimately replaced by indifference, carelessness.

The skill of experience can sometimes get you out of trouble on the highway. But the chances are your over-confidence, your indifference got you into the trouble in the first place.

The moral is clear and urgent. Those of us who are experienced drivers must also be humble drivers.

Two Texans—one a doctor and the other a public official—once lost their voices to cancer. Today they are not only speaking themselves but are teaching other victims of cancer of the larynx to speak.

Dr. J. V. Hopkins of Victoria developed cancer many years ago. In 1928 he was bothered with a hoarse throat. The condition persisted. He wound up with a diagnosis of cancer of the vocal cords.

If he was operated on, he would lose his voice. If not, the disease would spread and he would have but a few years to live. He chose the former course, and in 1929 was operated on in New Orleans.

After the operation he tried to make sounds, but it was almost impossible. He thought of giving up his practice, but his brother physicians surrounded him.

"Go ahead," they said. "See your patients. Write them notes." And that is what he did.

Finally, Doctor Hopkins found that if he would swallow air he could bring it back up and make a slight sound. He was enormously uplifted when this happened.

He began saying the alphabet. "It was almost every sound you use," he explains.

Soon he was forming simple words. Then came the time when he could pronounce a two-syllable word.

Now and then he would trip on a word—think of the word, but be unable to pronounce it. So he would pause, swallow and think hard—until he thought of a synonymous word.

In time other doctors sent patients with vocal cords removed to him.

"Go see a man who lost his vocal cords, just like you did," they would tell their hapless patients. "See a man who taught himself to talk."

So they came. They would find Doctor Hopkins waiting room full of patients. He would be bustling around, cautioning them, talking in a rasping, off-time, hesitant, voice—talking successfully without his vocal cords!

Then there is the second case: Four years ago doctors told W. E. Archer of the Texas Employment Commission in Austin that he had cancer. A malignant growth had developed in his vocal cords. Only removal of his larynx would save his life.

The operation was performed in August, 1946.

But later, he had to undergo a series of follow-up operations.

"If I had known anything about cancer and had gone to the doctor earlier, I might have been able to save my larynx, says Mr. Archer. "At least I wouldn't have found it necessary to have lots of surgery."

Commission Grants Katy Authority to Cut Passenger Trains

The Railroad Commission of Texas ruled at Austin, under date of May 24, in the case known locally as the "Doodle-Bug" discontinuance. A copy of the order follows:

Docket No. 1953—RO. Passenger Trains: Application of the Missouri-Kansas-Texas Ry. Co. of Texas for authority to discontinue the operation of its passenger trains Nos. 35 and 36, between Waco and Stamford, Texas.

After due notice the above numbered and entitled cause was called for hearing at De Leon, Texas, on April 27, 1950, at which time evidence and statements were presented in favor of and in opposition to the granting of the application. At the conclusion of the hearing a motion was made that oral argument be allowed, which motion is hereby denied and based upon the testimony and statements presented at the hearing the Commission is of the opinion and finds that the application should be granted.

It is, therefore, ordered by the Railroad Commission of Texas that the Missouri-Kansas-Texas Railroad Company of Texas be, and it is, hereby authorized to discontinue the operation of its passenger trains Nos. 35 and 36, between the cities of Waco and Stamford, Texas.

The order was signed by W. J. Murray Jr., Chairman, and Ernest O. Thompson, Commissioner, and was attested by O. D. Hyndman, Secretary.

1950 Graduates of Hico Public Schools Receive Diplomas

Thirty-three graduates of Hico High School received their diplomas in Commencement Exercises Tuesday night at 8:15 p. m. in the High School Auditorium.

Mrs. W. P. Mauk played the professional and recessional, and W. P. Mauk delivered the invocation. After the class sang "Commencement Song," Frances McCullough welcomed the audience with a salutatory address.

Barbara Rodgers and Myrna Sparks entertained with a duet, "Last Night." Patsy Tooley gave the valedictory address. K. C. Parker was the main speaker on the program. Next on the program was a flute solo by Frances McCullough.

Superintendent J. E. Lincoln presented the diplomas and awards. Patsy Tooley received the highest grade average of 96.39 with Frances McCullough second high with 94.40. Wendell Burden was named the boy with the highest average, 92.12.

R. B. Jackson closed the services with the benediction. L. S. Chandler, principal of grade school, presented graduates with diplomas Monday night at the grade school graduation exercises. There were 15 on the class roll. Edna Walker gave the valedictory address, and Jean Sherrard delivered the salutatory. Bro. Merle King gave the address to graduates.

The principal speaker will be Albert J. DeLange of Houston, Grand Master of the Grand Lodge, of Texas. Other features are scheduled for the program and refreshments will be served after the program is concluded. All Masons and their families are invited to be present.

GRANDSON WINS AWARD

Mrs. S. O. Shaffer received a letter this week from her grandson, Danny Shaffer Grey, who recently won a Longfellow award in a hobby show in his hometown, Bakersfield, California.

The 7-year-old lad won the ribbon for his collection of sea shells and the way in which he arranged them on the shelves.

Census Gives Population of Hico As 1214

The following letter received last week and gives preliminary information on the local census:

DEPARTMENT OF COMMERCE Bureau of the Census Old Post Office Bldg. Abilene, Texas, May 19, 1950.

Editor, Hico News Review Hico, Texas Dear Sir: I take pleasure in making preliminary announcement of the population of the places shown below. The count to date of the returns of the Census, taken as of April 1, 1950, is:

Hamilton County—10,625 Hamilton City—3071 Hico City—1214

These figures are believed to be substantially correct but are subject to revision after returns for nonresidents are credited to their proper locality and other routine checks have been made. Although material revision of the preliminary count is unlikely, it may possibly occur after careful examination of the returns.

The official announcement of population will be made at a later date by the Director, Bureau of the Census, Washington 25, D. C. Sincerely yours, DONALD F. PULVER, Census Supervisor

ATTEND FUNERAL FOR RELATIVE IN BROWNWOOD

Fred Riddle of Brownwood, husband of the former Miss Lillian Horton, died Sunday, May 14, at their home in Brownwood after a two months' illness.

Funeral services were held the following day at the Rehoboth Baptist Church in Brownwood at 3:30 p. m., with Rev. J. W. Joyner officiating. Burial was in Jordan Springs Cemetery.

Rena Horton and Mr. and Mrs. A. D. Horton of Hico attended the funeral services. They were accompanied by Mr. and Mrs. Elmer Horton and Mr. and Mrs. James Barker and son, Gary, all of Argleton who had been here to spend Mother's Day with Mrs. Mary Horton.

Mr. Riddle is survived by his wife, Mrs. Lillian Riddle, and three daughters, Mrs. Nada Ely, Mrs. F. L. Welder and Mrs. R. E. Baldwin, all of Brownwood.

Judge Cross to Address Gathering At Hamilton On Memorial Day

Hamilton, May 23.—Plans for the county-wide Memorial Day celebration are rapidly nearing completion. Three big events will mark the day.

First there will be a big parade at 11 a. m. led by a unit from Fort Hood 150 men and probably a band. They will also conduct a retreat at 6 p. m. at Legion Park. Neighboring towns of the county will participate in the parade.

Then there will be an old-fashioned picnic lunch at the noon hour. Each family will bring its own basket. It is urgently requested that those who will bring along extra food in order to give the Fort Hood soldiers a taste of home cooking for a change. They will have their own food but this is suggested by a member of the Legion Auxiliary.

Mark McGee, prominent Legion official of past years and Casa March, candidate for Governor, will be the speakers in the afternoon. There will be a baseball game for entertainment. Of course the whole thing is free.

In the evening, beginning at 8 p. m. there will be an impressive Memorial Pageant honoring the war dead of the county. Judge R. B. Cross of Gatesville will be the speaker. Crosses will form a model cemetery with a cross for each man from the county who lost his life in any war. Those who have casualties from their families are asked to write R. F. Lee, Hamilton so that their boys or husbands will not be left out. This will be under the lights at Legion Park and promises to be a spectacular tribute to the heroes of Hamilton County. Everybody is invited to come.

Iredell Honor Students Named; Graduation Exercises Tonight

Honor graduates for the Iredell High School for the year are Dan Seal and Jimmy Flanary according to an announcement by J. M. McCroskey.

Dan Seal as valedictorian of the 1950 class has a 4 year average of 94.3. He has consistently led his class during the four years in high school and has previously won 3 medals for having the highest average in high school. He has also participated in basketball and football while in Iredell. He is the son of Mr. and Mrs. Roy O. Seal of Route 1, Hico, Texas. Jimmie Flanary is salutatorian of the class with an average of 88 for his four years in high school. He is president of the Senior Class and lettered in basketball and football for 4 years. He is the son of Mr. and Mrs. L. L. Flanary of Route 2, Iredell.

These boys will speak at Commencement exercises Friday evening, when the graduating class will be presented diplomas by Roy Gosdin, N. M. Randolph, professor of biology at Tarleton State College, will be the main speaker.

Cub Scouts Work On Bird Houses, Saw Things Out of Wood

At our last meeting, May 19, we met at the home of our Den Mother.

After the usual beginning, saying of the Cub Scout Promise and the Laws of the Pack, we began our work.

We are building bird houses out of twigs and we worked on those. Many of our members are still building and sawing things out of wood.

After our meeting was over the Den Mother served refreshments. We are enjoying our Scout work a lot. STEVE OGLE (Den 2).

Chrysler's Newspaper Advertising Campaign Biggest In Its History

Detroit—A newspaper campaign described as the biggest and most consistent that has ever been put behind a line of Chrysler cars has been announced by Joseph A. O'Malley, general sales manager, Chrysler Sales Division, Chrysler Corporation.

The campaign will include more than three thousand daily and weekly newspapers from coast to coast, covering practically every Chrysler-Plymouth dealer town that has a newspaper.

The first advertisement appeared the week of May 14th. A second will follow the week of May 21st, and the series will continue each week during the month of June.

Lions to Mark Vets' Graves Memorial Day

Plans for Memorial Day observations were imminent at the Wednesday noon meeting of the Lions Club. Members voted to place appropriate flags from all wars on the graves of those killed in wars and buried in the Hico Cemetery. Boy Scouts will place the flags on the graves Tuesday morning, May 30.

In order that no veteran will be overlooked, anyone knowing the location of such grave in the local cemetery is requested to call Truman Roberts or M. S. Norton by Monday noon and give the name and approximate location of the grave.

The Lions also voted to sponsor an entry in the Memorial Day parade to be held in Hamilton on that date.

Plans are being made for Ladies Night to be at the City Park Monday night May 29, for the Lions and their ladies, at 7:30 p. m. Pit barbecue will be served, and the program will include installation of new officers.

Eighteen members were present for the meeting.

Farmers Urged to Hear Plans to Speed Cotton Grading Process

County Agent E. R. Lawrence will be present at a meeting of interested farmers and businessmen Monday night at 8 o'clock in the veterans' vocational agriculture class room. The purpose of the meeting is to set up organization for government grading and classing of cotton under the Smith Dooey Act.

Mr. Lawrence will explain the program and will have necessary forms and information to effect the organization.

This effort to facilitate the government grading of cotton before a government plan can be obtained will require the cooperation of farmers, local businessmen and the local gin personnel, said O. C. Chapman, teacher at the local veterans' vocational school. All farmers and businessmen are urged to be present.

Heretofore it was necessary to send cotton to an approved warehouse, either in Brownwood or Cleburne, and the compress at the government pricing office in Dallas. This involved considerable delay because of the volume of business that it was necessary for the compresses to handle.

Organization can be made in Hico, Chapman said, whereby samples of cotton may be sent directly from the local gin instead of from compresses. In this manner, returns from the government pricing office in Dallas will be received within a short time, usually three or four days, instead of from three to six weeks, as has been the case under previous methods.

NEW MANAGEMENT AT KEENEY'S CHICKEN PALACE

Mr. and Mrs. Joe Holleman of Gorman this week took over the management of Keeney's Chicken Palace from Mr. and Mrs. H. Williamson, who leased the restaurant several months ago. An advertisement in this issue of the News Review expresses thanks from the Williamsons and issues an invitation from the Hollemans to come out and get acquainted.

The newcomers, who have rooms at the Weldon Pierce home, are not new in the cafe business. They are well experienced in this line and were operating the Coffee Shop in Gorman before coming to Hico. Their daughter, Jeannette, who is at present visiting her grandmother, Mrs. J. L. James at Carbon, plans to join her parents here later.

STARLIGHT OPERETTA now in its NINTH season will open the 1950 season program with HIGH BUTTON SHOES, June 12-25; MAYTIME, June 26-July 9; BRIGADOON, July 10-23; ROBERTA, July 24-Aug. 6; DESERT SONG, Aug. 7-20 and ANNIE GET YOUR GUN, Aug. 21-Sept. 1. Six big shows—Stars galore—Twelve weeks of starbright entertainment every night at the State Fair Casino, Dallas.

Maturing Savings Bonds to Help Keep Our Nation Prosperous, Insurance Expert Says

By FRANK LANGSTON

Outlook for the nation's economy during the next few years is bright and one of the principal factors in the continued prosperity will be the income from war bonds, first of which will mature next May.

That's the opinion of Gale F. Johnston, president of the Mercantile-Commerce Bank & Trust Co., St. Louis, and a leader in the life insurance field.

"The maturing of the government bonds should have a more profound effect upon the economy of the country than the veterans' insurance refunds did this year," Mr. Johnston said in an interview. "Eighty million persons still hold bonds and checks from them beginning next year will be free money—less taxes—to go into more savings or buying power."

But maturity of bonds next year will be only the beginning, he said, quoting figures which he said he had received two days ago from Secretary of the Treasury John Snyder.

In 1952 the bonds totaling \$4,000,000,000 will mature. In 1953 the amount will be \$6,800,000,000 and the program will reach its peak in 1954 with a total of \$9,800,000,000.

"That means more money circulating without any strings attached," Mr. Johnston said.

He estimated, however, that many persons will reinvest their bond money in other forms of savings.

"America is becoming a thrift-minded nation," he said. "He pointed out that only government bonds since the war represent only 16 per cent of the nation's savings."

Mr. Johnston said that he anticipates no difficulty in finding a market for more government bonds and added that "there are always the banks."

Turning to business generally, he said that this year so far has been better than was expected last January. "We had expected a little slump about this time with perhaps an upturn later in the year," he said. "But there are no signs of the slump and it now appears that it probably won't come at all."—Dallas Times-Herald.

We have been having some real summer days and received another very good rain last Saturday morning.

We are very sorry we failed to mention our school commencement exercises in last week's news. This was due to getting our news notes misplaced and in making out the new notes we failed to include this item. The commencement exercises were held at the gymnasium on Wednesday night, May 10. The Senior graduates were Weldon Parks, valedictorian, Milton Clark, Salutatorian, Alton Parks, Fred Duncan, Fred Ray Noland, Burl Lewis and Miss Bobbie Dell Streater. Members of the grammar school were Betty Stone, Ruth McCandless, Bobbie Prater, Joyce Fields, Jennie Lawson, Glenn Arrant and Kenneth Knapp. The program was as follows: Invocation, Mrs. E. Bradley; Invention, Bro. L. J. Woods; Class Song, Senior Class; Salutatory, Milton Clark; Valedictory, Weldon Parks; Introduction of speaker, T. B. Harper, supt.; Commencement address, Jacques Nance of Hico; Presentation of Eighth grade diplomas, Prof. Irvin Jones; Presentation of Senior diplomas, T. B. Harper; and Recessional, Mrs. E. Bradley.

The Senior class, accompanied by Prof. Tommie Harper, Elzie Parks, and Joan Barbee came in last Monday week after a week end trip to Houston and Galveston and other points of interest. Only one of the Seniors had been there previously.

We understand that Mr. Harper won't be with us another year, as he plans to go in business with his brother, Sammie Harper, who has an implement business in Goldthwaite. We hate very much to lose him, but wish for him success in the new adventure.

Charles Price of Austin spent the week end here in the P. L. Cox home. He came up for his wife and little daughter, Cherry, who had spent the past week here in the home of her parents.

Mr. and Mrs. S. F. Dickerson of near Hico visited Sunday afternoon with his sister, Mrs. Britt Little.

Mr. and Mrs. Edwin Seilheimer and family visited Sunday with her parents, Mr. and Mrs. Edd Allison and Texie.

Mrs. Beatrice Oglesby and brother, Lewis Heyroth visited Sunday afternoon in the home of their

brother, Mr. and Mrs. V. H. Heyroth.

Mr. and Mrs. Fred Warnken of San Antonio are visiting in the home of her nephew, Nona Brunson. Mrs. Warnken is the former Miss Willie Simons.

The writer attended singing at Clairette last Sunday afternoon. A large crowd was present with singers from Morgan Mill, Glen Rose, Stephenville, Purves, Shiloh, Hico, Hamilton, and Evergreen. Some fine singing was enjoyed by all present.

A number of farmers are cutting oats this week. We are hoping we will have a few days fair weather for the harvest and plowing of row crops.

Bill Lackey has recently had a double garage and wash house of red tile erected at their farm home.

Mr. and Mrs. Carl Ray Sellers and Jimmie Don were in Waco on Wednesday of last week for a check up of brace for the baby. They returned by way of Hamilton, coming by the home of his brother, Dewey Sellers of Pecan, to investigate the damage done by hail. His crop with the exception of about four acres was wiped out and also the garden. David Massengale and others along the path of the hail also received much damage to crops and the upper Gann Bridge near Providence Church was crushed in from bank to bank when struck by a large tree during the storm. It is said that no danger signal has been posted on the east side and motorists are advised to keep this in mind when approaching from the east side.

Mr. and Mrs. C. L. Woodward of Hico visited Sunday afternoon with Mrs. Britt Little.

Rev. Holt filled his regular appointment at the Methodist Church Sunday. He and Mrs. Holt were dinner guests of Mr. and Mrs. Charlie Dowdy.

A large crowd attended singing Sunday afternoon at the Methodist Church. Singers from Glen Rose, Alexander, Fairy, Morgan Mill, and other places attended. Everyone is invited each 3rd Sunday evening.

Mr. and Mrs. Earl Augin of Beauxite Ark., spent the week end with R. M. Alexander and other relatives.

Rev. and Mrs. Holt attended the dedication of the new building at Glen Lake Camp at Glen Rose one day last week.

Mr. and Mrs. Maness and children from Austin visited M. L. Dowdy and other relatives over the week end.

Mrs. L. E. Roberson and Mrs. Dorothy Erick visited Mr. and Mrs. Wayne Garner and daughter Sunday at Selden.

Wesley Roberson of Fort Worth and his parents, Mr. and Mrs. Herman Roberson left Sunday for Overton to visit two or three days with Mr. and Mrs. Lon Johnson and family.

Johnny Finley of Fort Worth visited several days last week with Mr. and Mrs. Charlie Dowdy.

Mr. and Mrs. W. E. Alexander and family of Kerrville spent the week end with Mr. and Mrs. Will Alexander.

Bruce Lee and Buster Roberson of Fort Worth spent the week end with their parents.

Mr. and Mrs. John Lane and Mr. Lane's father of Kileen visited Mr. and Mrs. Burl Havens Sunday.

Mr. and Mrs. J. L. Lasey of Weatherford were guests in the C. D. Richbourg home Sunday.

The Home Demonstration Club met Friday evening with Mrs. Morgan Martin.

Mrs. Dock Finley and father, Mr. Smith of Carlton visited with Mr. and Mrs. C. D. Richbourg recently.

Miss Charlene Sherrard of Midland spent the week end with Mr. and Mrs. R. W. Sherrard.

The Busy Bee Club members and

families met Tuesday night with Mr. and Mrs. C. W. Salmon in Hico.

Those visiting Mr. R. M. Alexander and John Sunday were Mr. and Mrs. Grear Alexander of Waco, Mr. and Mrs. Earl Austin of Beauxite, Ark., Mr. and Mrs. Don Smith, Eugene Ferguson and Moto Castevens of Stephenville, and Mr. and Mrs. Hub Alexander and grandchildren.

Mrs. Bill Dunagan, Mrs. Lucille Doyle and Kate of Waco were visitors Sunday of Mr. and Mrs. Will Alexander.

Mr. R. M. Alexander celebrated his 89th birthday Thursday night with a supper in his home. His children that live in Clairette were present for the occasion. We wish Mr. Alexander, better known as "Uncle Dock" many returns of the day.

Mr. and Mrs. Thomas of Alexander attended church services at the Methodist Church Sunday night.

Mrs. Maye McChristial is at Sunday visiting her son, Richard and family.

Those attending the cooking home of Mr. and Mrs. John Moore, Monday night were: Rev. and Mrs. Holt, Mr. and Mrs. Morgan Martin, Mr. and Mrs. C. D. Richbourg, Mr. and Mrs. Frank Johnson, and Mr. and Mrs. Henry Mayfield and son. The demonstration was given by a couple out of Brownwood which was enjoyed by all.

Mr. and Mrs. Bill Christian are happy over the arrival of a daughter born May 22nd in the Hico Hospital. They named the little lady Belinda Joy. Both mother and baby were doing fine.

MOTION SICKNESS

An empty stomach is no insurance whatever against motion sickness. If you're susceptible to this malady says Cosmopolitan magazine, it makes little difference what you ate or when you ate it, once those waves, air currents or roadbeds begin to get turbulent. The most comfortable position you can assume to combat motion sickness is a horizontal one.

DANGEROUS SLEEP

Sleeping pills of the barbiturate type now rank as the second most frequent cause of death by poisoning. They are second only to carbon monoxide on the death and accident toll. According to Cosmopolitan magazine, one suggested antidote to barbiturate poisoning is a solution of sodium succinate injected directly into the veins.

From where I sit ... by Joe Marsh

Why "Moose" Changed His Mind

Last week, parents were calling Moose Jackson on the phone—and kids were hooting at him in the streets. All because Moose fenced in his field near the depot, where the kids like to play ball.

Moose got sore the way folks acted—refused to budge. Then Doc Sherman, who likes to play center-field himself sometimes, decided to "use a little psychology."

Over a friendly glass of beer at Andy's Garden Tavern, Doc says, "Sorry this came up, Moose. We were thinking of asking you to umpire—what with your professional experience and all." (Moose used to play a little semi-pro ball.)

That did it! Next day Moose put up a stile over his fence. In return, the kids promised not to cause any damage. From where I sit, when you try to understand the other fellow's point of view—like his personal preference for beer or coffee—and then take into consideration the will of the majority, why, things seem to go better all around.

WHAT'S MORE AMERICAN THAN BEING INDEPENDENT?

American business, like the American people, flourishes when it's independent. The independent telephone industry, to which we belong, is a perfect example of this fact.

Today, the more than 6,000 independent telephone companies, locally operated, serve more than two-thirds of the area of the United States. They have exerted a progressive influence such as would have been impossible under a single private or governmental operation.

THE RISING RED TIDE

REV. ROBERT H. HARPER Micah Pleads for Human Rights Lesson: Micah 1: 1; 2: 1-2; 3: 5-12; 6: 6-8

MICAH, who prophesied during the period, about 750 to 720 B. C., was of the common people.

Micah found social unrest and economic ills and oppression because of a shift of population to the cities.

Such iniquities could not but bring one result—the ruin of Jerusalem and the nation.

IF YOU'VE been wondering why your pancakes don't bake a nice, even brown, try heating the griddle slowly for at least 15 minutes before baking a cake.

RECIPE OF THE WEEK Wilted Spinach (Serves 6) 1/2 medium onion, sliced thin 1/2 pound spinach 1/2 teaspoon salt 1/2 teaspoon pepper 6 strips bacon 1/2 cup cider vinegar 1/2 cup water 1/4 cup sugar

more liquid. The baking time for the pancake, after turning, is half as long as it was for the first side.

The secret of perfect browning lies in proper temperature. Another tip which helps is to rub the entire griddle with a small bag of salt.

Place two cooked pork sausage links on pancake and roll. Serve hot with spicy apple sauce and you'll have an excellent breakfast dish.

GET YOUR MAN!

(A Short Story) By RICHARD HILL WELKINSON

CORPORAL JOE CRICHTON of the Northwest Mounted Police furrowed a narrow channel through the frost on the window of his cabin with his fingernail and squinted out at the thermometer.

His visitor's face was scarcely visible beneath its swathing of mufflers and parka hood. Hoar

"I arrest you for the murder of Lew Chester. Anything you say will be used against you."

asked. "Don't be a fool! It's 40 below!" "Which makes it all the more necessary that I start tonight.

"Lew Chester's beef murdered, or he's committed suicide. He's lying in his cabin up on Beaver Rapids. I got there five minutes after it happened!"

Inwardly Corporal Crichton groaned, but his face remained grave and impassive. "You're Chinook Baker, aren't you? You came in last fall. You're running a trapline up above the Rapids."

"That's right, Corporal. I got handsome and came down to see Chester and Slim Paynter. Reckon I was a little too late."

Chinook Baker shrugged. He looked at Crichton steadily. "Paynter wasn't there. He was gone and the furs was gone."

Crichton began pulling on his shoe pads. Already he had ceased thinking about the horrors of the journey that lay ahead. He was thinking, instead, of Lew Chester and Slim Paynter.

"You ain't going to start out tonight are you?" Chinook Baker

LONGER LIFE SPAN IS SCIENCE'S HOPE

And all the days of Methuselah were nine hundred sixty and nine years; and he died.—Genesis VI-27.

THE MOST LIBERAL ESTIMATE of a future span of life the scientists can dream of for us is 550 years.

But they offer strong promise for a normal life expectancy in the visible future of between 100 and 150 years—for which most of us would settle.

The doctors patch together that 550-year guess from this date: About 10 years ago, the death rate of humans at 10 years of age was one death among 800 children.

There has been a late rise in the average life span, not because of science's victory over the degenerative diseases, but because of triumph over ailments that beset the human body before middle age.

Spectacular indeed has the increase in the life span been since 1900. But let's look farther back than the turn of the century.

Humans can expect another spectacular increase in the life span, now that biologists are turning against the degenerative diseases—the ills that hit old age—with the same weapons of method and discovery that they wielded against the ailments of childhood, adolescence and mature ages.

This would elevate the average number of years allotted to man to nearly 100. For a long time, biologists have been laboring over a clue which suggests that man normally might live to about 150.

Doctors are striving to give man this natural birthright in years by reversing the degenerative processes of the chronic diseases of age.

But perhaps nature has decreed for man a longer life than we have enjoyed so far or than we have deemed possible. We were encouraged by the increase in expectancy that resulted from the rout of the enemies of the youthful by medical science.

NOTES FROM SUBSCRIBERS

H. H. Miller, former Hicoan who with his wife has been teaching at Odessa, has ordered the address on his paper changed to Box 404, Stephenville, for the summer. "I have enjoyed reading it," he graciously adds.

"Please renew my subscription as I want to keep up with my friends in my old home town," writes John D. Higgins from Gatesville. "So keep the good news rolling. I have been gone ten days, went to Galveston 'Splash Day' and celebrated my birthday in Houston with my twin sister."

Enclosing the proper amount, Miss Elizabeth McLaughlin has ordered a year's subscription for W. M. McLaughlin, P. O. Box 472, Tyler, Texas. "He was a native of your town," she writes, "and receives a paper now and then from a friend of his and I feel he would appreciate having one of his own each week."

"Hi, fellas, how you-all?" says a friendly note from K. P. Thomas along with renewal of subscription on his paper going to McAllen-down Mexico way. "Mary Ann and the 'varmits' are coming up some time soon. If I bring them up I'll see you then," Kenny adds. Here's hoping.

Mrs. O. R. Meador of Kamay, Texas, has sent money for renewal of her subscription, along with a caution to her nephew, Buck Meador, not to let her ever miss an issue of the paper. She hopes to visit here this summer.

Writing from Houston, Mrs. W. E. Sumrow orders her address changed back to Hico. She adds: "I expect to be home next week, and will truly be happy to meet with my friends again. My health is improving and I trust all my friends in Hico are in the best of health."

MR. WISEMAN ATTENDS EASTMAN OPEN HOUSE

R. F. Wiseman attended the opening of the big Eastman branch house in Dallas last Saturday. He reports that the building is a \$2,800,000 establishment and is going to be worth much to him in saving freight charges and promptness with which he can get Eastman goods. The refrigeration plant of this huge establishment is alone equal to the needs of a city of 250,000 population.

In issuing the invitation to this opening the Eastman Company wrote Mr. Wiseman that his studio was among the oldest Eastman dealers in the state, having been an Eastman dealer since 1912.

Baccalaureate Sermon
 Following is the program for the Baccalaureate Service which was held Sunday morning, May 21: Processional, Mrs. Dorothy Whitlock.
 Invocation, Rev. R. T. Wallace.
 "Holy, Holy, Holy, Lord God Almighty", Choir.
 Announcements, Supt. J. M. McCroskey.
 Trio, "Whispering Hope", Frances Spinks, Loretta Jenkins, Laverne Koonsman.
 Sermon, Rev. R. L. Jenkins.
 Benediction, Supt. J. M. McCroskey.
 A large crowd of relatives and friends attended. Everything was nice. The stage was decorated with beautiful flowers.
 The sermon was fine, and was enjoyed by all.

R. B. Linch Buried
 R. B. Linch was born to John and Barbara Linch August 14, 1899 in Clay County, Alabama, and departed this life May 15, 1950 at 11:40 p. m., being 50 years, 9 months and 1 day of age. He had moved to Iredell with his parents at the age of 3.
 He was converted and joined the Methodist church at an early age. He was married to Miss Jewel Dennis Oct. 2, 1920. To this union four children were born: J. R., Tony, Billy Mac and Elbert. The oldest son, Elbert, had preceded him in death.
 He was a fine man, had lived here practically all his life, and had a host of friends. He was a loving husband and father, and will be greatly missed by his loved ones and friends.
 He was very ill for eight weeks. His suffering was hard to bear, but he didn't complain. Everything was done for him that could be done, but God knows best. The wife, who is very lonely, is trying to be resigned to God's will.
 The funeral was held Wednesday afternoon, May 17, at 2 p. m., with Barrow-Rutledge Funeral Home of Hico in charge of arrangements. Rev. R. T. Wallace

brought the message. Mrs. Swindal and daughter sang two songs which were beautiful and appropriate.
 The floral offerings were large and beautiful. The flower girls were: Jo Ellen Hudson, Dell Martin, Faye Koonsman, Grace Lynch, Alliene McDonald, and Mary Nell Koonsman.
 The pallbearers were John Davis, Jack Blakley, Ed Koonsman, John Ward, J. E. Tidwell, and Wick Simpson.
 When all would go and take the last sad look, some of the men would shed tears. I thought how they all loved him. It was an evident fact that R. B. had many friends. The church could not seat all the people who came to pay their last respects to their friend.
 Besides his wife he is survived by three sons: J. R. of Fort Worth, Tico, Dallas, and Billy Mac of Hico. He had one grandson, Jimmy Ray. Other relatives are six brothers and four sisters: Ira of Daugherty, Jim and Marion and Mrs. Maude Ashman of Odessa, Mrs. Lena Hughes of Kirklind, Mrs. Evelyn Wright of Wink, Clarence, William, Harlen, and Mrs. Fannie Blue, all of Iredell.
 The remains were laid to rest in the new cemetery by the side of his son, Elbert.
 Jewel and the children have the sympathy of their friends.
 Out-of-town relatives and friends who attended the funeral were: Mr. and Mrs. Otis Pryor, Mrs. T. J. Ivey, Mrs. Ira Rodgers and daughter, Mrs. O. O. Dennis, Mrs. Sam Duman, and Charles Warner, Waco; Mr. and Mrs. Claude Tidwell and granddaughter, Austin; Mr. and Mrs. Otis Blue, Mosheim; Mr. and Mrs. Wylie Linch, Mr. and Mrs. Doc Parr, Mr. and Mrs. Bob Hancock, Mr. and Mrs. J. R. Koonsman, Mr. and Mrs. Ben Wright, Mrs. John Lane, Mrs. J. W. Lovell, Mrs. G. C. Rhodes, Mr. and Mrs. Sam Price, Mr. and Mrs. Arthur Guinn, Mr. and Mrs. W. A. Ramsey, Mr. and Mrs. Andy McDonald, Mr. and Mrs. W. E. Phillips, M. Aubrey Splayn, and Mr. James Cathey, Jr., Dallas; Mr. Robert Dennis, Sweetwater; Mr. and Mrs. Jim Linch, Odessa; also a large number of nieces and nephews.

Technicians Begin Banding of Doves for Game Department

Austin, May 16—Seasonal mourning dove banding, a vital phase of game bird management, is just getting under way in Texas, according to the assistant director of wildlife restoration of the Game, Fish and Oyster Commission.

Game wardens, protecting wildlife in the state's 254 counties, handle most of this work which is done while the young birds are in the nest, preferably just before they fly away. But game biologists, lake biologists, hatchery staffs and others help out.

The bands bear a number and the words "Game Department", Austin, Texas. The wardens record the banding date. Mourning doves probably supply more hunting than any other single game species in Texas. The status of mourning dove population in various states also have become a source of growing concern. Banding of the birds and the return of these bands by hunters will show the life span of the doves, where they go after leaving their nests, where most doves hunting occurs and the percentage of young and old birds killed each year.

Thus, from the Rio Grande to the Panhandle and from the

Eastern to the district Western borders, hundreds of persons are undertaking the important routine. Some wardens enlist the aid of Scout troops and sportsmen's clubs. Wardens have been requested to spread the banding over the entire nesting season through the summer to obtain a representative record. All are pitching in enthusiastically. Approached on the subject of cooperating, a grizzled Texan replied: "I have roped cattle, ridden yearlings and handled a few snakes but this is the first time I have had the opportunity of banding birds." Science marches on!

Banding the young birds is just as delicate as it is important. Great care must be taken in approaching the fragile nests. Birds should be handled between the ages of three to ten days. Yet they are so nervous at the end of this stage as their first trial flight approaches that they startle easily and may flee and become prey of predators. Likewise, bands must be carefully affixed to their legs; secure enough to stay and yet not tight enough to interfere with leg growth. The assistant director of wildlife restoration emphasizes that none but the official banding should be undertaken and that properly constituted authorities must supervise all banding routine.

FARM AND RANCH CHATTER BY LAYNE BEATY

People in South America aren't so much different from us.

When the WBAP Cattleman's Tour was in one of the five countries we visited in February one of the gentlemen in our party was quoted in a local newspaper as saying something complimentary about a herd of English-type Herefords.

Thereupon a prominent breeder of American-type Herefords took umbrage and said so both in the local press and in letters he wrote to this country.

This happened in Uruguay where there are some excellent Hereford cattle of both types.

The name of that country, by the way, is Republica Oriental de Uruguay, meaning the republic east of the Uruguay River.

We note that in this year of restricted cotton acreage, Val Verde county, which has never grown any cotton to amount to anything, now has one grower with an allotment of 46 acres. There are 4,000 acres of crop land in that Texas border county, and most of that is in 15 acre plots.

People who want to get around the cotton acreage restrictions by raising long staple cotton had better think about it a while first.

First of all, you have to get permission from the PMA, which wants to be sure the cotton you plant will produce staple of 1 1/4 inches or longer. Already it is too late for most of it, and it takes special ginning too.

Over 20,000 chickens in Texas are entered in the Chicken-of-Tomorrow Contest, to be judged May 31 at Gonzales.

Only 15 birds out of every one hundred entered actually will be sent to Gonzales for the judging, but that makes 3,000 all told.

It's part of a national contest sponsored by a big chain grocery store, to improve on our eating chickens.

At Gonzales it will be a feature of the famous annual Fryer Frolic, that community being the center of a great broiler raising area and the site of the state Poultry Experiment Station.

A Farm and Ranch club is being formed in Fort Worth, similar to those in Houston, Dallas, San Antonio, Waco, Wichita Falls and other places. Eligible for membership is anyone who is interested in any phase of agriculture or livestock. It will meet once a month.

The reason eggs are being imported to Texas from other states, the merchants tell us, is that they can't find sufficient dependable volume of top quality eggs here. Now, we have plenty of eggs laid in Texas that can be just as good as any in Minnesota but we can't sell them, it seems, unless we prove it.

"I'll have mine over easy, please."

Soil Conservationists Hold Meetings At Spurlin and Lanham

Mr. and Mrs. L. B. Young got their neighbors of the Spurlin Group together Wednesday evening, May 19, to talk over the soil and water conservation problems with the idea of unifying their thinking as to the bigness of the job and as to the most effective measures for doing this job.

After a brief analysis of some observations which have been made by the Soil Conservation Service as to local soil moisture relationships and a further analysis of soil erosion phases, various members related observations on their own farm showing that soil moisture deficiency and erosion are common to all members of the group.

Hamilton Chamber of Commerce slides of effective measures of conservation were then shown.

After a general discussion, W. M. Standifer summarized the thinking of the group by saying that two of our most important problems are: First, improving our soil moisture relationship, and second, keeping up the supply of organic matter in the soil. These ends can be reached by proper management of deep rooted original grass on pasture land; and by the use of deep rooted legumes in systematic crop rotations on cultivated land.

Following the program refreshments were enjoyed by Mr. and Mrs. W. M. Standifer, Mr. and Mrs. Sam L. Hubbard, Mr. and Mrs. D. W. Reedy, Mr. and Mrs. Odie Shaffer, M. E. Boatwright, M. F. Boatwright, J. R. Stockham, Norman Hinchliffe, J. N. Gearreald, and the host and hostess, Mr. and Mrs. L. B. Young.

The folks out at Lanham came together Friday evening, May 12, at the school house to think together on their soil and water conservation problem.

Wesley Jones opened the meeting by reminding his neighbors that we all need to have a clear

understanding of our soil and water conservation problems and to realize how closely and intimately we are related to it. He then called on Soil Conservation Service Representatives to present some recent observations of immediate and critical problems as they apply to Grand Prairie soils of this area.

Slides of local conservation measures which were made by the Hamilton Chamber of Commerce were then shown.

In a general discussion which followed, Mr. Claud Bronson brought up the question of surpluses and some of government attempts at a solution. Of course, this problem was not solved, but it was brought out that the Soil Conservation District, which is a legal local unit of government operating under State laws, does provide a means whereby the people on the land can use their own initiative in voluntarily working together for solving their land problems according to democratic ways of free peoples.

Present at this meeting were: Mr. and Mrs. Wesley Jones, Johnnie and Ruth, Mr. and Mrs. J. W. Ballard and Ronnie, Mr. and Mrs. A. B. Clark, Mr. and Mrs. J. A. Edwards and little son, Mr. and Mrs. Raymond Jones, Don, Joyce, and Peggy, Mr. and Mrs. J. C. Kinney, Larry, James and Harvey Lee, Claud Bronson, Ernest Geise, E. C. Harris, Bennie Joe Harris, Leota Jones, Pedro Jones, Buck Noland, Marvin Noland, Herschel Richardson, H. C. Anglin and J. N. Gearreald.

OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP

HADACOL HELPS SUFFERERS OF VITAMIN B₁, B₂, NIACIN AND IRON DEFICIENCIES

Mrs. Wallace tells her granddaughter, Maynell Wallace, over the phone how HADACOL brought relief to her.

Mrs. Belle Wallace, 449 Formwalt St., S. W., Atlanta, Ga., is so grateful to HADACOL for the blessings it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.

Mrs. Wallace, who is 74 years old, has five children, seven grand-children and two great-grandchildren. She was suffering from a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. But, since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and bloated and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better."

Appetite Good

"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, I'd pay for it, but they didn't have to because HADACOL did help them. HADACOL has done me more good than anything I have ever taken."

Why Be Satisfied With Temporary Relief?

HADACOL also helps build up the hemoglobin content of your blood (where Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs—even to the eyes, hair and nails) to help repair the damage that such a deficiency may be causing there. Countless thousands are benefiting from HADACOL. Why don't you give it a chance to help you? Why continue to suffer? Remember, HADACOL doesn't give temporary relief. Instead, it treats the real cause of your illness when, as so often, it's due to such deficiencies. That's why it's so effective; that's why it's accomplishing such amazing results.

You'll Feel Great . . .

. . . with the first few bottles you take, or your money back. There is only one HADACOL and it is sold on a strict money-back guarantee. So give this remarkable HADACOL medicine a chance to help you. It's never too late to start taking HADACOL. Many who despaired of improvement found that HADACOL was almost like a miracle for them. Remember that HADACOL is amazingly different and amazingly effective because it treats the real cause of deficiencies of Vitamins B₁, B₂, Niacin and Iron. Make up your mind to take HADACOL regularly. Refuse substitutes. Insist on the genuine. You can't lose a cent, because it's sold on a strict money-back guarantee. Only \$1.25 for Trial size, Large Family or Hospital size, \$2.50.
