Carlton

By Mrs. Fred Geyse

A. A. Wisdom of Duncan, Okla., passed away Sunday night at 11:30 in the home of his sister, Mrs. W. H. Vick after about 30 minutes illness with a heart attack. Mr. Wisdom arrived on business to spend the night with his sister. The body was sent Monday to Duncan for the funeral and burial. He is survived by his wife, who is recovering from a recent operation, two brothers, Van Wisdom of Hamilton and W. J. Wisdom of Stephenville; three sisters, Mrs. W. H. Vick, Carlton; Mrs. J. E. Wright, Duncan, Okla.; and Mrs. P. W. Jones, Quanah; several nephews, nieces and a host of friends.

Word was received here Saturday of the death of Rev. A. Woods of Blanket, who passed away Friday, June 2, in a Brownwood hospital. Rev. Woods, 86 years of age at the time of his death, had been a Baptist minister for 62 years. He had made his home in Blanket for about 30 years, moving there from Carlton. While living here he served as pastor of the Baptist Church and for a time was Supt. of the Carlton school. He had served as pastor at Menard, Uvalde and Killeen. He was a former teacher at old Thomas College at Salado. Survivors are Mrs. Annie Richmond, Blanket and Mrs. Leoleta Hays, Phoenix, Ariz.; two sons, Dr. H. B. Woods, Corpus Christi and Wilbur Woods, Morton; and four grandchildren and five great-grandchildren.

Mr. and Mrs. Peter Moody Ross of McAllen and Mr. and Mrs. Weldon Luker of Hico were week end visitors with their parents, Mr. and Mrs. Emmett Luker.

Mr. and Mrs. George Terry of Houston are visiting her mother, Mrs. Carrie Wylie and son.

Mr. and Mrs. P. F. Stuckey had as their visitors Sunday afternoon,

Game Commission Arranging Shooting Date For Migratory Fowls

Austin, June 5.—Helping arrange shooting dates so that migratory waterfowl hunters in the sprawling state of Texas may get a fair break this fall has been undertaken by the Game, Fish and Oyster Commission. In the matter of when to shoot ducks and geese, what time of day to begin and quit and the daily bag and possession limit total, the Commission functions merely in an advisory capacity. This is because the final decision is made by the United States Fish and Wildlife Service.

The Commission, through action at its recent meeting at Pampa, already has asked the Federal authorities to cut Texas into two zones so that the season in the Panhandle and extreme West Texas might run concurrent with the surrounding areas of Oklahoma and New Mexico, thus providing for an earlier shooting season than the state at large. Later open season dates are preferable in the more southerly sections of Texas since the waterfowl reach those areas later.

For the main part of the state, the Commission has suggested that the split season plan of last fall be replaced by a straight shooting period beginning November 10. In 1949, Texas duck and goose gunners hunted from Nov. 4 to Nov. 21 and then from Dec. 21 to Jan. 7.

Bag limits also would be changed to provide for eight birds a day or the same number in possession. Game Department field men have observed some tendency by hunters to kill more than the bag limit when the daily limit is only four birds leaving the less desirable species to waste where they fall. Thus, waste would be eliminated through a higher daily limit since the proposed possession limit would be unchanged. Similar problems involve the suggested zoning plan to accommodate the Panhandle sportsmen. Texas, although as two or three ordinary states, has never been zoned for waterfowl hunting. Perhaps one reason is that with the season in the northern extremity of the state opened two or three weeks earlier than that in the state at large, hunters from the southern area would move in to share in the earlier season, and the hunters in the northern areas would legally travel southward to enjoy a prolonged gunning period within their own state. The Commission may recommend and suggest but final decision is up to Federal authorities.

Fairy
— By —
Mrs. Eunice Massengale

Well, who said it didn't rain nights in June? We Fairytites can now vouch that this is all a mistaken idea, as we have received a flood since Sunday midnight.

Around three inches or more had fallen around noon today (Monday) and still raining.

Many farmers have sacked grain in the fields and all would like to see some fair weather to dry it out. The wheat harvest had begun the last of last week. Most of the oat and barley crop has been harvested.

We patrons on Hico route 3 are going to have to get up and hustle if we catch the carrier as our new substitute carrier, Willard Leach for Mr. Barto Gamble, was on duty today while Mr. Gamble is on vacation and informing all patrons possible along the route, that the carrier would be by one and a half hours earlier than usual each day due to the discontinuation of the train bringing in morning mail to Hico. We have heard many nice remarks regarding Mr. Leach since making the route the first time and we feel sure he will meet the approval of all patrons. We know he's heading in the right direction to try to do the job right, as he and his wife made the route recently and wrote the proper name and initials on all mail boxes. Mr. Leach is one of those jovial natured type of persons and we feel sure all are going to be well pleased with the service rendered by him.

Those from here attending singing Sunday afternoon at the Church of Christ in Hico were Mr. and Mrs. John Abel, Mr. and Mrs. H. R. Brummitt, Ernest Brummitt, Johnny Jackson and Mrs. Eunice Massengale. Many visiting singers were there including a very dear friend of the writer, Mrs. A. L. Moore of De Leon, who is a former resident of Fairy and Hico.

Jerry Jean Dunklin spent from Tuesday until Wednesday of last week with Lera Jane Blakley, Tuesday being Lera Jane's eleventh birthday. Carolyn Sellers was also a visitor on Tuesday. In the afternoon the birthday cake, a chocolate cake with eleven yellow candles, was cut and served with fruit punch to her guest.

Mrs. D. E. Allison of Dublin visited here a while Saturday with relatives. She came down for her son, Darrel, who had been visiting here for the past week.

Mr. and Mrs. N. S. Sellers and Joy Marie of Hamilton visited Sunday in the home of their son, Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don.

Mrs. Dinnie Pendleton of Cranfills Gap was here Sunday afternoon for a visit with her daughter and husband, Mr. and Mrs. Prentiss Newman. Finding them gone she spent the afternoon with Mrs. A. L. Newman.

Mr. and Mrs. Stanford Berry and family of San Antonio visited here Monday and Tuesday of last week with her mother, Mrs. J. C. Sills and sister, Mr. and Mrs. Bill Lackey and sons and brother, Mr. and Mrs. Herman Sills and family and also visited a short while with friends including the writer, Mrs. Berry is the former Miss Velm Sills of Fairy.

Mr. and Mrs. A. J. Miller had all of their children and families home during the labor day holidays, with the exception of one daughter, Flora. Mr. and Mrs. Pete Strickland and family. Those here were Mr. and Mrs. Bill Hargis and family, Mr. and Mrs. Ray Miller and family all of Carlsbad, New Mexico, and Mr. and Mrs. Milford Miller and little son of Fort Worth.

Joe Betts of Searcy, Arkansas, came in last Friday for a week's visit with his parents, Mr. and Mrs. T. L. Betts.

Mr. and Mrs. Carl Ray Sellers and Carolyn attended the wedding of his nephew, Billy Gilmer and Miss Patsy Rice, both of Hamilton last Saturday night at eight o'clock at the First Baptist Church with Rev. Tension officiating. Carolyn was a participant in the wedding party, serving as flower girl. Billy is the son of Mrs. Stella Gilmer and the late Willie Gilmer of Hamilton. Miss Patsy is the daughter of Mr. and Mrs. Lawrence Rice of Hamilton. After a wedding reception at the home of her parents, the couple left for a short wedding trip, after which they will be at home in Lovington, New Mexico, where he has employment. We wish for them much happiness and prosperity.

Those who wish to turn in news items at drop box, please have them in by ten a. m. on Tuesdays. We must mail news earlier to meet new schedule on route. Thanks.

Mr. and Mrs. Ernest Taylor of Fort Hood spent Memorial week with Mrs. Emma Lackey. Mrs. Taylor is Mrs. Lackey's sister. They also visited with the Bill and Jack Lackey families.

Mr. and Mrs. R. E. Whitson and children, Vickie and Toni Lynn of Dallas spent the week end with Mr. Whitson's mother, Mrs. Maude Whitson. She returned home with them for an indefinite stay.

Miss Docie Lackey of El Paso and Mrs. Ruby Owen and little son of Waco spent a while Tuesday with their aunt, Mrs. Emma Lackey.

Misses Wilma Grace and Lynda Lou Goynes are spending a two weeks vacation in Purves with friends and attending the Union Bible School of the Methodist and Baptist Church of Curves. Wilma Grace will assist as pianist during the school.

Mr. and Mrs. Carl Ray Sellers and family visited a while Sunday night in the home of his brother, Mr. and Mrs. Dewey Sellers of Pecan community.

New Oak Disease Is Spreading South, Threatening Texas

Forest pathologists of the United States Department of Agriculture are concerned over the spread of the new oak disease. The wilt disease is caused by a fungus (Chalara quercifida) identified and named in 1944.

The oak wilt fungus is a relative of the beetle-carried fungus that causes Dutch elm disease. Already, this new oak wilt has been found in Wisconsin, Minnesota, Iowa, Indiana, Illinois and Southern Missouri, near the Arkansas border.

Scientists indicate that the disease is a threat to all oaks. It develops more rapidly in red oaks and black oaks than in white oaks. In red oaks the first symptoms appear in the upper crown. The leaves become a dull light green, curl upward, and then before falling may turn yellow to reddish brown. All leaves may fall within a few months. Trees may be dead within a year. Sucker growth often appears on trunk or branches of wilt-infested trees, but it soon succumbs to fungus.

In white and bur oaks one or more branches in any part of the top may first show wilt symptoms—leaves or parts of them turn tan or brown or dark green and may appear to be water-soaked. Some dead leaves cling. The wilt does not spread so rapidly in white oaks, but it kills them, also.

The post oak belt of Texas covers five million acres in 55 counties. Significant quantities of several different species of oaks are scattered through the commercial pine and hardwood regions. For this reason, the disease is of special significance to Texas. It is estimated that a third of the saw-timber of the eastern states is oak.

The disease is known to spread through wound infections and through natural root grafts which are common in oak stands. It has not been determined how the disease jumps from one locality to another. Foresters and pathologists are conducting extensive research to determine how the disease spreads so rapidly. After it has been determined how this disease jumps to new areas, ways of attacking this disease, which is threatening a very important group of hardwoods can be planned.

Anyone observing the wilting and shedding of leaves on oak trees in the woods should report these conditions to the nearest District Forester or to the Texas Forest Service, College Station—Texas Forest News.

Trucks supplied by Ford Motor Company are carrying replicas of the famous Liberty bell into every state of the United States to spearhead the U. S. Treasury department's Savings Bond Independence Drive. The bells were given to the Treasury by six United States copper companies. When they arrived in New York they were mounted on Ford trucks and sent to every state in the Union. The above photo shows one of the bells mounted on a Ford truck at the Brooklyn Navy yard, with the New York City skyline in the background.

CAMERA HOBBY

(A Short Story)

By RICHARD HILL WILKINSON

KATE AND AARON BELL had always wanted to own a home movie camera. They had wanted to own one ever since they'd been married, four years ago, but home movie cameras are luxuries and the Bells had to count their pennies.

Then Aaron had an idea. "Tell what, Katie. Let's stay home instead of going off on our vacation this year. We can buy a home movie camera, take some shots around here, and next year when vacation time arrives we'll have our camera to take along."

"What?" declared Kate. "Then we won't have any camera to take with us on our vacation?"

They visited three shops before they found what they wanted. A 16 mm. camera of a well known make, second hand, but in excellent condition. The camera would cost, together with a used projector, only \$53. A bargain in any man's language.

Aaron slapped down the cash, plus an additional \$4.50 for a 100-foot roll of outdoor film. Elated, they carried their purchase home and spent the evening deciding on what to film on the morrow.

But it did. And as soon as the sun was well up, the Bells took their camera and went outside. First they took a shot of the house, with Kate walking down the steps. Then they took one of the street in front of the house, with Aaron coming home from work. Then they went around back and took a shot of the back of the house. Then they took a shot of the houses across the way. Then Aaron looked at the foot indicator and discovered they'd used the entire 100 feet.

The next day Aaron took the film down to be developed. They could scarcely wait till Friday came

when it would be ready. Aaron got out of work early and picked up the film. At home they set up the projector, drew the blinds, tacked up a sheet and started the motor. NOTHING HAPPENED. The sheet remained blank. Aaron couldn't figure it out. He tinkered and tinkered. But still the sheet remained blank. The next morning he called at the camera shop. He was mad.

The clerk listened to his story. "Did you take the little rubber cap off the lens? It's put there to keep the lens clean when the camera is not in use."

That night Aaron looked at the camera. The lens was covered by the rubber cap.

The next night a camera crank friend dropped in. He pointed out faults in the pictures. He told them they ought to have a tripod to prevent jerkiness. They bought a tripod. Then they decided they should have a splicing machine to splice their films together. Then they discovered a titling machine would make the pictures much more interesting.

The camera crank friend said they really ought to take some interior shots, and would need flood lights. Aaron bought a couple of flood lights. Still, the interiors weren't so good, which, their friend explained, was because they needed a beaded screen. They bought a beaded screen.

Before the winter had passed they had added three filters, a telescopic lens, a developer, a carrying case and a light meter to their equipment.

Came the spring. Aaron got busy with pencil and paper. He figured and the figures appalled him. They had spent \$76 on film alone, and \$237.19 on equipment. But they had the pictures to show—pictures of their house, the street in front of the house, the houses across the street, themselves, their friends and more pictures of their house. Aaron chewed his pencil.

When he arrived home that night he told Kate how much they had spent on their hobby during the past winter. Kate looked aghast. "That means we can't take a vacation this year either. Oh, Aaron, I'll go mad if we can't get away for a little while this summer."

"We can," said Aaron, "get away for a long while. I stopped in on my way home today and sold the whole blooming outfit for \$161.52."

"What?" declared Kate. "Then we won't have any camera to take with us on our vacation?"

"Oh, yes we will," said Aaron, reaching into his pocket and producing a black box about 2 1/2 inches square. "See this. It takes 12 still pictures on one 15-cent roll. It costs a half dollar."

"Marvelous!" cried Kate, and clapped her hands.

Mrs. Roy Magee Is Tuesday Hostess to Duffau H. D. Club.

The Duffau Home Demonstration Club met Tuesday with Mrs. Roy Magee.

Mrs. Ben Herrin, vice president, had charge of the business session. Six members answered roll call. The hostess served refreshments to two visitors, Mrs. Lester Herod and Mrs. K. P. Herod and the following members: Mmes. Frank Stipe, Stanley Roach, F. S. Landers, Glen Caraway and Herrin.

The next meeting will be a soil conservation program on June 13 at 8 p. m. in the school auditorium. There will be speaking and a film is to be shown. All who are interested in the operation of soil conservation are invited.

ATTENDS FUNERAL

Mr. and Mrs. Marvin Marshall and Mrs. Joe Phillips were in Knox City Thursday to attend the funeral of Mrs. Phillips' brother, G. W. Hammons, who died in a hospital there Wednesday. Services were held Thursday afternoon at 3 o'clock.

Mr. Hammons is the father of Mrs. Glenn Marshall of San Marcos, who will be remembered here as De Alva Hammons, Home Economics teacher in the Public Schools several years ago.

Former Hico Boy Weds Midland Girl Saturday

The Little Chapel in the Woods on the campus of Texas State College for Women in Denton, traditional wedding site for the girls of the college, was the scene of the Saturday morning marriage of Patsy Jo Carrell and Herbert Maurice Gregory, both of Midland.

The bride, the daughter of Mr. and Mrs. C. W. Carrell, 801 East Indiana Street, has been a student in TSCW the last term and chose the end of the college year as her wedding date. Gregory is the son of Mr. and Mrs. H. G. Gregory, 906 West Missouri Street. The couple will reside in Midland. The Rev. Roy Young officiated for the single-ring ceremony and the bride was given in marriage by her brother, D. T. Carrell. Her only attendant was her college roommate, Virginia Helen Aarant of Jasper. The best man was Orren Whitaker of Midland.

White shadow organdy fashioned the bride's dress, made with a tight bodice with Peter Pan collar and flared, streetlength skirt. She carried gardenias on a white prayer book.

The maid of honor wore a pink organdy frock of the same bouffant style and a corsage of gardenias. White gladiolus, fern and palms decorated the chapel for the service. Frances Nobles played the wedding marches and pre-nuptial music included a vocal solo, "Because," D'Hardlet, by Rex Juan Lee with Elwyn Hewlett as accompanist, and "Indian Love Call," played by Miss Hewlett.

Mr. and Mrs. Gregory and Maurice are former residents of Hico where he attended Hico Public Schools.

Miss Jo Ann Mosley, J. Carter Parkes Wed In Alvord May 28

Miss Jo Ann Mosley, daughter of Mr. and Mrs. W. T. Mosley of Alvord, was married to J. Carter Parkes, son of Mrs. J. C. Parkes of Duncan, Oklahoma, Sunday, May 28, at 4 p. m. in the First Baptist Church in Alvord. Rev. Holland Smith of Stephenville performed the double ring ceremony.

Given in marriage by her father, the bride was very lovely in a gown of embroidered white organdy, princess waistline, Peter pan collar and white velvet sash. A full skirt, ballerina length, covered the sheath silhouette of taffeta. She wore mits of embroidered organdy and a Juliet cap of the same material, trimmed with daisies. She carried a colonial bouquet of white daisies tied with satin ribbon.

Miss Betty Byrd of Fort Worth was maid of honor and was dressed identically to the bride in yellow and all accessories harmonizing. Her bouquet was of yellow daisies.

D. L. Myers of Fort Worth was best man and Wilson Lamb of Fort Worth and Wayne Edwards of Duncan, Oklahoma were ushers.

Mrs. William Covington Jr., organist playing music and also accompanied Mrs. Clyde Howard who sang "I Love Thee" "Because" and "The Lord's Prayer."

A reception was held at the home of the bride's parents following the wedding, after which Mr. and Mrs. Parkes left on a honeymoon trip to Mexico. For traveling Mrs. Parkes chose a navy blue tailored linen with navy accessories, a gardenia shoulder corsage completing the ensemble.

The bride is a graduate of Alvord High School and North Texas State College in Denton. She has been home economics teacher in Hico High School since February. The couple returned to Hico Saturday, where they will live with his aunt and uncle, Mr. and Mrs. Jack Thompson, while she completes summer work in the home economics department.

The groom has just completed a year of teaching in the Comanche, Oklahoma High School, and plans to continue his profession. They will be in New York later in the summer, where he will work on a master's degree at Columbia University.

Miss Nettie Rodgers, instructor at A & M College, College Station, has arrived home to spend the summer months in Hico.

Robert Phillips of Lake Charles, La., visited the first of the week with his brother and wife, Mr. and Mrs. Goodwyn Phillips and with his sisters, Misses Mae and Ruth Phillips.

Guests this week in the H. H. Ramage home are Mrs. H. S. Palmer of Dallas and Mrs. Audrey Elkins and brothers, J. N. and C. B. Hollis of El Paso. Mrs. Elkins and her brothers are also visiting their father, Walter Hollis.

Mr. and Mrs. Frank Mings left last Sunday for a visit with her son and wife, Mr. and Mrs. Cecil Cunningham in Childress. They also visited in Amarillo and Hollis, Oklahoma, and in Alvord with Mr. Mings' sister, Mrs. Pauline Crews, before returning home Tuesday.

Mrs. S. E. Blair, Sr., who has been a patient at Harris Memorial Hospital in Fort Worth for several weeks, returned home Sunday with her daughter, Miss Louise Blair. Mrs. Blair is reported to be improving nicely and was able to be in town for a short time Tuesday.

Buck Meador and his mother, Mrs. Nettie Meador were in Waco Monday afternoon to visit their sister and daughter, Mrs. J. P. Simpson and family. Little Denna Meador, who has been visiting in the Simpson home for several days, accompanied her father and grandmother home.

Col. Luster Vickrey of Fort Sill, Okla., visited here last Friday with his mother, Mrs. Em Vickrey, en route to College Station to pick up his son, Luster Jr., who is a student at A & M College. They returned to Hico Sunday and spent the day with his mother. Colonel Vickrey is being transferred this month to Rhode Island.

Rev. and Mrs. Otis O. Holladay and daughter Cecilia of Texico, New Mexico, and Mr. and Mrs. Lotus L. Gosdin of Muleshoe returned home Saturday after attending the funeral of George R. Holladay and visiting in the homes of Mr. and Mrs. George E. Holladay and Mr. and Mrs. Vernon Jenkins.

Mrs. Grady Barrow returned Monday from Austin, where she had been since Saturday assisting her daughter, Mrs. James M. Blakley, and family in moving. Mutt has enrolled at the University of Texas after attending Tarleton State College for the past two years, and the Blakleys and their two children expect to make Austin their home for the next two years. After visiting with relatives at various points, Mrs. Barrow will return to Hico to make her home.

Roline Forgy, former News Review employee who recently has been working on The Daily Texan at Austin while attending the University of Texas, was through Hico Sunday on his way to Jacksboro for a visit with his father, F. E. Forgy. Roline and his wife plan to leave soon for Mexico City, where they both will enroll for summer courses at the University of Mexico.

Miss Virginia Ramage and Dr. Albert Vickers Take Vows At San Antonio

Miss Virginia Hawthorne Ramage, daughter of Mr. and Mrs. Hawthorne H. Ramage, Iredell Route 2, became the bride of Dr. Albert Francis Vickers, son of Mrs. Albert Vickers of Andalusia, Pennsylvania, in an impressive ceremony at Fort Sam Houston Post Chapel, Fort Sam Houston, Texas, on Saturday, June 3, at 6:00 p. m. Chaplain Raymond Matheson officiated in the double ring ceremony.

Given in marriage by her father, the bride was lovely in a gown of white lace covering a sheath of satin, with a fitted bodice and full-length skirt. She wore elbow-length gloves and a fingertip veil, and carried a bouquet of dainty white flowers centered with an orchid. Her accessories were pearl earrings and a pearl necklace.

Mrs. Jewel C. Ramage and Mrs. Jimmie L. Ramage, sisters-in-law of the bride, were bridesmaids. They were attired in aqua organza dresses and small aqua net hats with white accessories and pearl necklace and earrings.

The maid of honor, Miss Marion Matheson of Grand Rapids, Michigan also wore aqua organza. Dr. Walter Wartonick served as best man. Ushers were Jewel C. Ramage and Jimmie L. Ramage, brothers of the bride.

Robert Reed, organist, of San Antonio played nuptial selections and accompanied Mrs. Elizabeth Cavanaugh of San Antonio, who sang "Still As the Night" and "O Perfect Love."

Mrs. Ramage wore a dress of flesh and black lace, and a white hat with white flowers. Her corsage was of gardenias.

Mrs. Vickers wore a rose lace dress with white accessories and a corsage of yellow roses.

Following the wedding a reception was held at the Fort Sam Houston Officers Club. Guests were served from a four-tiered wedding cake at the serving table, centered with gladioli and green foliage.

Among those attending the wedding were Mr. and Mrs. Robert Hoff of Andalusia, Pennsylvania; Mrs. Weldon Stromberg, aunt of the bride; El Paso; Mrs. Ludie Hudson, aunt of the bride, Dallas; Miss Zeldia Laney, Nogales, Arizona; Mrs. Homer Woody, Iredell; Mrs. Audrey Elkins, El Paso, and

B. & P. W. Club Has Officer Installation At Tuesday Meeting

Mrs. M. T. Neenan was hostess to the Business and Professional Women's Club in her home Tuesday evening, following a delicious chicken dinner served at the Chicken Palace. She directed a very interesting program on "What the Club Means to Me" with Mrs. J. L. Ray, Mrs. L. N. Lane and Mrs. J. W. Richbourg each giving their individual impressions.

Ending a successful club year, the officers for next year were installed as follows: president, Mrs. W. H. Greenhill; vice president, Mrs. Neenan; recording secretary, Louise Blair; corresponding secretary, Mrs. W. E. East; treasurer, Mrs. Lane; directors, Mrs. May Bates and Mrs. H. N. Wolfe.

Mrs. J. Carter Parkes, the former Miss Jo Ann Mosley, offered her resignation to the club. She was presented a wedding gift from the club members. Mrs. Lane, outgoing president, presented a bouquet of daisies to Mrs. Greenhill and one to Mrs. Ray for their record of perfect attendance during the club year.

Mrs. Lane and Mrs. Neenan were appointed to serve on a committee to prepare the yearbooks and have them ready for the next meeting in September.

Those present for the meeting were Meses. East, Ray, Lane, Parkes, Richbourg, Greenhill, Neenan, S. W. Everett and Miss Carolyn Holford.

FARM AND RANCH CHATTER
By LAYNE BEATY

WBAP, Fort Worth

Saint Patrick gets popular credit for running the snakes out of Ireland, and perhaps we can assume he had something to do with the green isle's lack of mad dogs.

Anyway, none of the British Isles has rabies and that's more than we can say for Texas.

Neither does New England, here in the United States, nor the Rock Mountain area have rabies.

But Texas is having a lot of losses from rabies in skunks, dogs, wolves and foxes now which take a heavy toll of livestock and send many people to clinics for the rabies treatment.

Dr. Kenneth Young of the State Health Department, warned stockmen of Denton county that they may expect an outbreak of fox rabies in about six months, so to get ready for it. The epidemic has been working west and north after entering Texas from Louisiana last year.

The thing to do, he says, is to vaccinate your dogs. When a strange animal puts in an appearance around the place, usually it's the dog that makes first contact with it. Humans get rabies from dogs.

The only way you get rabies is to get the germ under the skin, as by biting or into the eye, or in an open wound. It's a nerve disease, climbing to the brain then down to the salivary glands.

The treatment which humans

must take after exposure is not fool proof. Better vaccinate the dogs, and kill the foxes and wolves. Make the barn skunk proof.

People will do more to protect valuable livestock than to protect themselves and their families from disease.

We note with considerable relief that a college professor in Washington has, after years of study, concluded that people are smarter than monkeys.

Also, we hear that "drive-in" churches are gaining in popularity. Looks like the steering wheel would get in the way at kneeling time. Parking meters could be used for collection plates.

One of the reasons the federal milk marketing controls may have tough sledding in a vote by dairy producers in some parts of Texas is that certain milk handlers have come out for it, too.

Some of them favor the federal control of milk marketing, though, because they prefer it to dealing with dairy cooperatives.

New varieties of wheat, oats, grasses, grain, sorghums, hybrid corn, tomatoes, watermelons and many other crops are being developed right along. You miss getting a lot of good information first hand when you miss the field days at the various Texas Agricultural Experiment Stations around the state.

The first bale of cotton attracts a lot of attention and brings a premium price, but we doubt that its average quality would measure up with the mid-season bale.

Mrs. James Moroney, whose husband is a high Dallas Morning News official, is a real farmer. Country life was entirely new to her four years ago when they acquired a place near Eules, but she forsakes city social life for her hogs, sheep, turkeys and beef cows now.

USE T-4-L FOR ATHLETE'S FOOT BECAUSE—

It has greater PENETRATING Power. With 90% undiluted alcohol base, it carries the active medication DEEPLY, to kill the germ on contact. Get happy relief IN ONE HOUR or your 40¢ back at any drug store. Today at **CORNER DRUG CO.**

PMA Requirements For Wheat and Cotton Crops Outlined by Officer

Any producer on a farm who did not plant wheat in 1948, 1949, or 1950, but intends to plant wheat in 1951 must make written application for a specified number of wheat acreage to the local County PMA office not later than June 26, 1950. An application form can be secured from the local PMA office, according to announcement by Jim F. Gilbreath, administrative officer, Hamilton County PMA.

"Remember that this application need not be made if you had wheat in any one of these years, 1948, 1949, or 1950 on the farm on which you intend to plant wheat in 1950," Gilbreath added.

Penalty of Excess Cotton
Under Marketing Quota Law, any producer who overplants his allotment must pay a penalty of 50 per cent of parity price as of June 15, 1950 on all excess above his allotment and no marketing card can be issued until this penalty is paid. Again we want to re-emphasize that you must be sure that the allotment is planted on the farm for which it was established.

If you overplant the farm allotment, you will have a chance to destroy the excess acreage, but will have to make a deposit to cover the cost of measuring the plow-up. If the excess acreage is not destroyed, the farmer is not eligible for price support, neither is he eligible for any ACP payments, such as, terracing, ditches, seed, fertilizer, tanks, or wells, and will be indebted to the United States Treasurer.

"If this is not clearly understood by any one, please call by your PMA office and we will be glad to answer any questions you have on the matter," Gilbreath added.

Volunteer Workers Striving for Goal in Texas Cancer Drive

College Station—Two counties and one community exceeded their goals shortly after the beginning of the annual Texas Cancer Crusade, which opened April 1 throughout the state.

Texas volunteer workers are striving to raise \$500,000 for support of the American Cancer Society's research, educational, and service work in Texas.

Hamon, Gonzales county, was the first community to report. Mr. and Mrs. George Hinton there reported collections of \$30, twice their quotas.

Two Panhandle counties apparently tied for the honor of first county to reach its goal, Sherman county, where O. L. McMinn is Crusade chairman and Hemphill county, headed by Norman Magill, exceeded their quotas April 3.

Each expects even greater collections, Gibb Gilchrist, Chancellor of the Texas A & M College System and state Crusade chairman, said. "Solicitations of the entire counties have not been completed, and county chairmen tell us that much more to fight cancer will be turned in by their volunteer workers."

The state chairman expressed optimism for this year's Crusade. "Volunteers of the American Cancer Society are doing an excellent job this year of bringing the educational message of cancer control to every Texas county," he said. "And they are making an all-out effort to raise funds to conquer the disease."

Clairette

By Mrs. Henry Mayfield

Rev. Holt filled his last appointment for the year Sunday morning at the Methodist Church. The Busy Bee Sewing Club met last Thursday with Mrs. Artie Thompson.

The Home Demonstration Club met Friday evening with Mrs. Lois Pruitt. Mrs. Maude Martin and Mrs. Eddie Sherrard were both given a birthday shower. Besides the members, several visitors were present. They were: Mrs. Paul Neel, Mrs. Marvin Marshall and Miss Betty Alexander of Hico; Little Miss Cecelia Von Sloan and her girl friend of De Leon; Mr. Alliphant, Mr. Armstrong and Mr. Carl Spencer of the Soil Conservation of Dublin and Dallas; Mrs. Bill Head, Mrs. Dward Head and Mrs. Henry Mayfield and son. Mr. Spencer of Dallas gave a very interesting talk and Little Miss Deborah Pruitt and Cecelia Von Sloan each played a piano solo.

Refreshments of Ritz crackers, cake with fresh strawberries with cream and punch were served. The club voted to have an ice cream supper June 20th. Everyone is invited, especially the candidates. The club will grant the candidates enough time to make a short talk in behalf of their race.

Mr. and Mrs. Jack Holt and family of San Antonio spent the week end with his parents, Rev. and Mrs. Ervin Holt.

Mr. and Mrs. Author Dergre and family of Henderson spent the week end with his brother, Mr. and Mrs. R. E. Dunbar.

Mr. and Mrs. Glen Lee and family of Fort Worth were here the past week on a vacation. The family and Misses Eunice and Nola Lee spent two days with the Sam Thompson's of Colorado City.

Little Miss Shirley Duncan of Fort Worth spent the week end with her grandparents, Mr. and Mrs. Henry Mayfield and son. Cecelia Von Sloan and friend of De Leon visited the past week with Mr. and Mrs. Morgan Martin, her grandparents.

Mrs. Dock Finley, Mrs. Bush and E. L. Smith of Carlton visited Mr. and Mrs. C. D. Richbourg recently.

Mr. and Mrs. Cecil Mayfield and family of Fort Worth are on a vacation visiting with relatives.

Mrs. W. H. Moore and sons of Abilene spent last week with her sons, John and W. H. Jr., and families.

Rev. and Mrs. Joe McCarthy and baby of Bunyan were at the Methodist Church services Sunday. Rev. McCarthy delivered the sermon instead of Rev. Holt Sunday night.

Guests in the home of Mr. and Mrs. Charlie Dowdy over the week end were Mr. and Mrs. Truman Loden, Mr. and Mrs. Ralph Loden, and Miss Margaret Boyd of Waco.

The Clairette citizens felt blue Saturday when they saw the "Doodlebug" train make its last trip.

Mr. and Mrs. Olin Johnson and baby of Borger, Mr. and Mrs. Willie Landis and family of Denver City and Bruce Lee of Fort Worth spent the week end with Mr. and Mrs. Homer Lee.

'Old Bossy' Made Industry's Sweetheart During Dairy Month

Austin, June 5.—June is dairy month in Texas and the multi-million dollar industry is seeking to focus the eyes of some 7 million Texas consumers on the greater use of dairy foods as the road to better health.

In cities large and small, in homes and on farms, consumers are being told through a 30-day industry-wide observance that butter, cheese, ice cream and milk are "roads-to-good-health-musts" on the family table 365 days of the year.

Governor Allan Shivers in proclaiming June as Dairy Month in Texas paid tribute to the one most responsible—"Old Bossie," sweetheart of the dairy industry.

"It is proper that attention be focused upon a faithful servant whose tireless service has brought health, strength and economic well-being to the people of Texas," Shivers said.

"Old Bossie will be honored during June for that service and for health and life-giving qualities of her milk which science proclaims as nature's most nearly perfect food."

The Dairy Products Institute of Texas, coordinating the June program, released figures citing the contributions of the industry to Texas.

Last year dairying produced more than \$200 million in the farm income for 3 out of 4 Texas farms with some 12,000 commercial Grade A dairies dependent upon milk as their chief income. Some 60,000 farm units, the Institute said, depended upon milk and milk products for their income.

The Institute estimated that the dairy industry contributed \$400 million annually to the commerce of the state with some 500,000 persons earning a livelihood from production, processing, distribution and sale of dairy products.

"Housewives spend more than 15 per cent of their food budgets for dairy products," said E. O. Wurzbach, state chairman of June Dairy Month program. For this they get 30 per cent of the food consumed in this state. And in this one-third of the family food, the housewife provides her family with three-fourths of its calcium, one-half of its riboflavin, and substantial quantities of every other nutrient vital to human development.

Service clubs, like Rotary, Kiwanis and Lions, are sponsoring programs in June to assist their members in a better appreciation of the services of the dairy industry. Many conventions and special meetings over the state will discuss the industry and the part it plays in the Texas economy.

Leading dairy counties in terms of density of dairy cows per square mile are Tarrant 21.99; Hopkins 19.25; Fayette 18.71; Johnson 15.79; Dallas 15.71; Bexar 15.62; McLennan 15.36. Harris County leads in total number of dairy cattle per county.

Counties showing special dairy development are Parker, Washington, Erath, Nacogdoches, Wilson and Colorado according to the Extension Service, Texas A & M College.

CANASTA STATUS

Canasta, the card game that is sweeping the country, originated in Uruguay and was developed in Argentina. Since early 1949, the speed with which it mushroomed and the number of American people who have become addicts have far surpassed the bridge sweep of 1930, although that was a phenomenon never equaled before.

Discussing the relative merits of bridge and canasta in Cosmopolitan magazine, card expert Richard Frey predicts that the new game, however popular its introduction, will never supplant bridge among real bridge fans.

"Let's Talk Live Stock"

By TED GOULDY

The sharp break in sheep prices in the Southwest and at Fort Worth this week has been a mystery to many observers because this week the runs of sheep declined after several weeks of exceptionally heavy receipts during which time Fort Worth handled more than 50 per cent of the nation's sheep supplies reported by the 12 major markets.

The answer is that Texas early monopoly on the lamb trade is over for the season. Already sizeable numbers of fat lambs are moving into the Eastern markets from the Southeastern sections. Incoming weeks, the lamb movement will spread westward until fall when the Northwesterns will wind up the season.

The break in live prices this week is simply the law of supply and demand in operation. Early next year, Texas will again have virtually a monopoly on the fat lamb trade. Aim your breeding and lambing program to cash in on it.

Last year at about this time the dressed lamb and mutton trade broke as much as \$10 to \$15 per hundred in a short time. Remember?

Climbing cattle and calf prices have many experts worried. They fear a late Summer and Fall break that can be ruinous. However, most concern is being expressed for the next Winter's fed cattle market.

Most winter feeders are trying hard this year to cut stocker costs by heavy grazing programs. In the Midwest this will throw a big percentage of the feeder cattle on the markets in the Winter months.

It is felt that numbers may be heavy enough to drag prices to unduly low levels during that period.

Feeders who aim at the earlier market probably will fare better next winter.

Seldom have livestock folks at Fort Worth been able to recall higher cattle prices. Good rains in much of the territory have made pastures exceptionally good. Farm work is behind in many sections and need for working at home, plus muddy roads, has slowed the Spring movement.

Typical of prices were some fed-on-the-grass heifers from W. C. Gowen, Clay County, at \$28. Lots of cows and calves are due from the territory from the Brazos Valley eastward. Some good calves from Wortham and Fairfield were seen this week. Gussie Weaver of Wortham was a shipper.

Hog prices have climbed back to the \$20 range at Fort Worth and near that mark through the territory. Most observers feel hog prices will continue on a rising scale as warmer weather draws on and the seasonal drop in receipts is registered. There is talk of \$25 hogs before the Summer is over, unless the cattle price endure changes radically.

There was an unusual twist to the "Chicken of Tomorrow Contest" held last week at Gonzalez. W. C. Gloor of Cost won the Senior Division with White Rocks; John Haehle, Jr. in second had White Rocks; Earl Reksner, Baytown, third, with White Rocks; Jimmy Calhoun, Tarrant County, first in Junior Division, had White Rocks; David Behlen of Bebe, second Junior, had White Rocks.

Frenzied efforts to develop a cross-bred or hybrid bird that would be the Chicken of Tomorrow took a whipping from the White Rocks in these contests.

Talked with Editor Burke of the Mason County News today and he reported that country "drying out" . . . much grain in the shock may be lost in the black land belt unless sunshine comes pretty quick . . . the intermittent showers and hard rains are giving the cotton insects a running start, fields already poisoned are being washed clean again . . . Combine operators and truck operators should check with TEC officials and other sources before taking off for the North Texas plains or Panhandle grain harvest. Lots of spots will need little if any outside help . . . It looks like there may be some hot rivalry developing between the South Texas and East Texas broiler belts . . . South Texas broiler growers in the Stanley, Nixon, Gonzalez, Cuero section express fears the East Texas broiler, development may have some freight advantage over their product because it is nearer large consuming centers.

A FAMOUS TRAIN

The world's longest scheduled non-stop railroad run is the 401 miles from London to Glasgow made by the Royal Scot, one of the most famous of all trains. For over a hundred years, the Scot has left London's Euston Station every morning. Her modern Royal blue locomotives use about eight tons of coal and more than fourteen thousand gallons of water on the long run to Glasgow. Cosmopolitan magazine reports that over three million Americans visited the Royal Scot when she was on exhibit at the Chicago World's Fair.

MUSCULAR CRAMPS

While the actual cause of muscular cramps is not known, physiologists now connect them with a lack of salt in the body. Finger cramps after knitting or writing usually can be relieved with rest and massage. Cosmopolitan magazine points out that people with cramps involving the larger muscles must watch their salt diet, avoiding muscular fatigue and extreme ranges of heat and cold.

Lauds 4-H'ers For Keeping Tractors In Good Condition

Chicago (Sp.)—Keeping the nation's fleet of 2 1/2 million farm tractors operating efficiently is a job of basic importance to the whole economy. Aiding in this task today is the 4-H tractor maintenance program through which nearly 130,000 club leaders and members have been trained to know their tractors, care for them well, and operate them efficiently.

So said Guy L. Noble, director of the National Committee on Boys and Girls Club Work, in an interview.

"The club leaders receive special training in tractor care and operation at annual State or district clinics, which are conducted by the Extension Service of the State Agricultural Colleges and USDA cooperating," Noble asserted. "The leaders pass on what they learn to club members, who carry out the training on the home tractors."

Through this process of training, club members not only learn the value of efficient tractor operation, but also develop the qualities of leadership, helpfulness, initiative and thrift."

As incentives for outstanding records of achievement in this program, merit medals, Chicago 4-H Club Congress trips and college scholarships are offered by Stanolind Oil and Gas Company on county, state and national levels, respectively.

Last year's state winner in Texas was Lee Wolf, of Gainesville. One hundred ninety-six club members received county medals of honor.

RETURN TO COLLEGE

Lloyd Angell returned to Austin the first of this week to attend summer school at the University of Texas, after visiting between semesters with his mother, Mrs. Bryan Angell. Also home between semesters from TSCW was his sister, Frances. Mrs. Angell and Frances left Tuesday for Denton, where Mrs. Angell will attend a workshop in Current Trends in English. Special topics will be taken up at the workshop to include curriculum and integration in high school and college English and the latest developments in the field of English as they affect the teacher and student.
