Candidate for Sheriff

ED FROST

"COURTESY & FAIRNESS TO ALL"

TO THE MEN, WOMEN AND CHILDREN OF HAMILTON COUNTY:

I wish to take this opportunity to thank you for your kindness shown to me during the campaign. I have tried to meet everybody in the county. Those of you I haven't met, I surely hope to in the future. Those of you I have met, I must say it has been a pleasure in campaigning with you.

Well, folks, the primary election is drawing near, and for the benefit of you who do not already know I thought that I would repeat a little bit about myself that has already been in the paper quite a while ago, which are these facts. I was raised in Hamilton County; my mother is Mrs. J. J. Durham who lives in Hamilton. I am 52 years of age. In 1914 I enlisted in the U. S. Navy and served through World War I; was discharged in 1919. Shortly thereafter I took the examination and was appointed to law enforcement work, and worked at same until 1944. In 1945 my wife Bertha and I returned to Hamilton to make our home, and settled on a farm about four miles north of Hamilton on the Comanche highway. We operated that farm until 1950.

I am now a candidate for Sheriff, and if elected I am going to put my whole heart and soul into the job. As you know, the Sheriff's principal duty is to protect life and property, and enforce the law. I am particularly interested in the prevention of crime by turning the young away from it before it becomes a part of their character. I believe in setting an example for the children, and for those who go afoot of the law shall be dealt with carefully and gently, and will seek the cooperation of the parents and the church to better their ways.

I will have as much time for the most humble citizen as the most influential, and the same desire to serve all.

I hope you will investigate my record, qualifications, experience, and my desire to render the very best service. If you find that I am worthy and competent, I shall be grateful for your vote and influence.

Sincerely,

ED FROST

Fairy

By Mrs. Eunice Massengale

We had very high winds last week which were quiet disagreeable, however not so much wind with real summer weather. Farmers are needing rain on row crops. Much of the stubble land has been plowed.

Our hearts go out in deepest sympathy to the John Collier family in the loss of their son, husband and brother. We know and understand how your hearts are torn and bleeding. May God bless you and help you to more fully understand, not our will be done but Thine.

Mr. and Mrs. Jess Fulton were called to the bedside of her sister, Mrs. Myrtle Louderback, who is seriously ill in a Fort Worth hospital.

Mr. and Mrs. Milford Miller and little son Ronald Keith of Fort Worth spent the week end here with their parents, Mr. and Mrs. A. J. Miller and Mr. and Mrs. M. E. Parks and family.

We failed to mention in last weeks news that Mr. and Mrs. Witt Laceywell and little daughter, Judy of Olton, Texas and Mr. and Mrs. Wayne Laceywell of Beaumont had visited the previous week here with the boys mother and brother, Mrs. Ada Laceywell and son Pat, and also visited in the home of their uncle, Mr. and Mrs. Scott Blakley and other relatives.

Mr. and Mrs. T. L. Betts received word recently from their son, Lester Betts and family of Stillwater, Okla. that they were making plans to move to Austin, where Lester will enter State University.

Mr. and Mrs. Carl Ray Sellers and family were in Hamilton Sunday where they visited in the home of his parents, Mr. and Mrs. N. S. Sellers and Joy Marie. Carl Ray carried his sister, Mrs. Stella Gilmer to Comanche in the afternoon where she is employed in a hospital.

Mrs. Guy Lockhart and daughter Barbara of Picoke came in Monday for a few days visit in the home of her parents, Mr. and Mrs. V. H. Heyroth.

Mrs. Eunice Massengale and mother, Mrs. Annie Newman attended singing at Littleville last Sunday afternoon and visited after singing hours in the Willis Oglesby home with Mrs. Oglesby and her mother, Mrs. Minnie McCarty, who has been bed ridden since receiving a broken hip several months ago. Mrs. McCarty is the former Mrs. Minnie Penny of Fairy.

Mr. and Mrs. Fred Warnken of San Antonio, who are spending the summer here at the home of her nephew, Nona Brunson, gave a birthday dinner Sunday honoring her brother, Frank Simons, of Hico. A large number of relatives and friends were present.

Mrs. Gladys Cox left Sunday afternoon for Austin where she will spend a few days visiting in the home of her daughter, Mr. and Mrs. Charles Price and Cheryl Kay.

Mrs. Emma Ogle spent the week end in Dublin visiting in the home of old friends and neighbors, Mr. and Mrs. A. R. Hoover and Mr. and Mrs. W. M. Grant and son, Don.

Mr. and Mrs. Carl Ray Sellers were business visitors in Hamilton Monday and while there visited with Mrs. Dewey Sellers, who is ill in the Hamilton Hospital.

Mr. and Mrs. John Sills of Dallas visited Bill Lackey in the Hico Hospital last week.

Funeral For Good Woman
Margaret L. Mangel was born to Joe and Susan Mangel August 9, 1866, and was married to Peter McLaughlin. To this union four children were born, three boys and one girl. One of the boys and the girl preceded their mother in death, as did her husband.

She passed away at the home of her son, Charlie, and wife at Houston on June 19 at 8:55 p. m. She had been in bad health for some time, and she bore her afflictions with patience. She was 83 years, 8 months and 10 days old. She was a good Christian woman. I had the pleasure of knowing her and she was a very cheerful person. She looked on the bright side of life. She was feeble and could not go around much. She wasn't very well known here. Mrs. Mary Chancellor took care of her for a few years, and did a good part by her.

She is at rest, free from her sorrow and pain, and will be waiting for her loved ones. The body was taken to Hico and brought here Wednesday afternoon. The funeral was held in the Methodist church, with the Barrow-Rutledge Funeral Home in charge of arrangements. Rev. R. T. Wallace brought a beautiful message.

The floral offerings were beautiful. The following were pallbearers: Messrs. Rex Mitchell, Horace Whitley, W. J. Cunningham, Rance Phillips, Albert Pike, and W. W. Oldham. Interment was in the new cemetery by the side of her son, Steve. Those from out of town who attended the funeral were her son, Charlie, and wife and her son and wife of Houston, and another man and two ladies, also of Houston. Some of their friends never learned their names. Her son, Will, lives in Chicago and was too far away. The children have the sympathy of their friends.

Mrs. Squires and her granddaughter, Mrs. Terfitteler, spent the week end in Fort Worth with relatives.

Mr. and Mrs. Tom Hurt of Dallas spent a few days with her mother, Mrs. Cunningham, and other relatives.

Mrs. Noble McPeak and children of Sherman visited her parents, Mr. and Mrs. Ed Dunlap, this week.

Mr. and Mrs. Bill Devereaux and children of San Antonio spent from Thursday till Sunday with her grandparents, Mr. and Mrs. Patterson. They had been to Dallas, where they visited her mother, Mrs. Wingren. Mrs. Bobby Jack Wilson accompanied them here.

Mrs. Joel Hudson is visiting her daughter, Mrs. Reta Sanders of Waco. Mrs. Sanders and her daughter, Wilda V. Mitchell, came after her. The little daughter of Mrs. Iva Lee Plummer came also. B. L. Mitchell Jr. of Fort Worth spent the week end with his parents.

Mr. and Mrs. W. E. Carter have as their guests their daughter, Mrs. Richard G. Oakley, and her daughter, Arline, and also her son, Richard Jr. of Chatham, New Jersey. Mr. Oakley motored the family down to Dallas and immediately on arrival took a non-stop plane for Mexico City on a business trip. After visiting in Dallas a few days Mrs. Oakley and children came on here.

Mr. and Mrs. T. M. Tidwell and Mrs. Terfitteler were in Hico Saturday afternoon.

Mr. and Mrs. Byrum and baby of Dallas spent the week end with her parents, Rev. and Mrs. R. T. Wallace.

Mrs. Tenny Davis has returned from Perrin, Texas, accompanied by her father, Mr. J. P. Montgomery.

Ben Russell and Billy Max Davis and Fred Murphy visited Mr. and Mrs. John Davis from Sunday night till Monday afternoon. They had been to Old Mexico and were on their way to their homes in Alabama.

Mr. and Mrs. R. V. Mize and son of Grand Prairie spent the week end with his parents.

Mrs. Moss of Walnut Springs visited her sister, Mrs. Jake Ratliff, Friday.

Mr. and Mrs. Rex Ellis and daughter, Judy, of Longview and Miss Ona Miller of Dallas spent the week end with their mother, Mrs. Ollie Miller.

Mr. and Mrs. Vawter of Fort Worth spent the week end with relatives here.

Mrs. Squires and her granddaughter, Mrs. Terfitteler, spent the week end in Hamilton with Mrs. Gladys Gregory. She is the latter's sister.

Mrs. Wingren and her daughter, Mrs. Bobby Jack Wilson and son accompanied Mr. and Mrs. Devereaux to their home in San Antonio.

Mr. and Mrs. Jim Linch, who lived in Odessa a while, have moved back here. They are located on a farm out six miles from town.

Mr. and Mrs. Fred McIlhenny and daughter of Fort Worth spent the past Sunday with his father and his sister, Mrs. William Oldham.

Mr. and Mrs. J. D. Tidwell have returned from their vacation. His sister, Mrs. Little, accompanied them. They went to Arizona.

Mrs. Billy Beavers and baby returned to their home in Orange Saturday. They were accompanied by her father, who came after them.

Miss Mary Anne Hurt and her boy friend of Dallas accompanied her parents here when they spent the week end.

Mr. and Mrs. Louie Smith of Dallas spent the past week end with her mother, Mrs. Cunningham.

Mr. and Mrs. Johnson are visiting their son and family in California. They went by plane.

Mrs. J. L. Goodman of Pecos visited her parents, Dr. and Mrs. Pike, last week end.

The Vacation Bible School closed Friday at the Methodist church. A good crowd of children attended. On Sunday night a good crowd of children attended and it was fine. All did well. Last, but not least, was a number by the Junior girls, a very funny play without words, which created some Sue Cunningham and Nicki Beth Sue Cunningham and Mickie Beth McAden dismissed the crowd with the Lord's Prayer. The Baptist pastor and his members came over as some of the Baptist children were on the program. After the program was over all went around and inspected the many different things the children had made. All were nice, useful and pretty. All enjoyed the program and were glad for the Baptists to come. The ladies sure did a good part by them.

The following spent the week end on the Bosque River here: Mrs. Holt, Dorothy Rice, Bill Holt, Edd Mays, Bennie Garrett, Mrs. Elma Byrd, Mr. and Mrs. E. H. Lott and Billy, Marcus H. Lott, Rachel Terrantello of Dallas, Mr. and Mrs. Melvin Hudson, Mr. and Mrs. Bill Knight, Mr. and Mrs. Joe Carr and Retta Joe and Joe Shields of Fort Worth, Mr. and Mrs. H. B. Sonntag, Mr. and Mrs. Lloyd Johnson, Billie and Jeannie, Mrs. John Hudson, Mr. and Mrs. Phil Carr and John Bill, Bobby and Geraldine, and Mrs. John Carr of Cleburne, Mr. and Mrs. Milton Lindberg, Janice and Karen Jean of Cranfills Gap, Mr. and Mrs. Albert Lindberg of Clifton, Mrs. Helen Hanes and Shirlene and Mrs. W. A. Carr of Lorena, Mr. and Mrs. Euell Thompson, Oran Sparks, Mrs. Maye Stephens and Susie, Patsy Jean and Elmer Dean Lott, Margaret Ann and Charles Ogle of Iredell.

Doris Mitchell left Wednesday for Sherman to spend the summer with her sister, Mrs. Addie Lou Johnston.

Mr. and Mrs. Bob Oliver and children, Mr. W. H. Brown, Mr. and Mrs. J. A. Brown and children and Mrs. Jimmie Thompson, all of Dallas, spent the week end with Mr. and Mrs. C. A. Mitchell and family.

ANOTHER STRIKE

AGAINST THE PUBLIC AND INDUSTRY AND AGRICULTURE SERVED BY FIVE WESTERN RAILROADS

President Truman's EMERGENCY BOARD recommends a 40-hour week and a pay increase of 18 cents an hour, or \$1.44 a day for switchmen represented by the Switchmen's Union of North America.

• Notwithstanding the tremendous increase in their expenses involved, the

Railroads' answer to Board is... **YES!**

Union leaders' answer to Board is.. **NO!**

In face of Board findings to the contrary, union leaders insist on 48 hours pay for 40 hours work. This would be an average increase of 31 cents an hour, or \$2.48 a day. So Union leaders have called a completely unjustified strike on 5 Western railroads, effective June 25.

On June 15, an Emergency Board appointed by President Truman under the terms of the Railway Labor Act recommended the railroads grant switchmen a 40-hour week and a wage increase of 18 cents an hour, or \$1.44 for an 8-hour day.

Despite the added financial burden involved, the railroads are ready to accept these recommendations, as they have always accepted Emergency Board recommendations on national issues.

But the leaders of the Switchmen's Union refuse to accept! They demand an average increase of 31 CENTS AN HOUR OR \$2.48 A DAY—although their present earnings are substantially higher than those of workers in other industries!

Board Says Demands Unjustified

In its report, the Board declared this demand unjustified by all the evidence presented. It also pointed out that it would give the switchmen an unfair pay advantage over other groups of railroad employees, and would add too great a burden to railroad costs.

Here is another case of a railroad union flouting the findings of an Emergency Board—another case of calling a crippling

strike in an outrageous and reckless attempt to force demands which the Board clearly labels as unjustified!

Leaders of the Switchmen's Union are calling this strike in defiance of the Board—in defiance of the facts—and at the expense of the public!

In its report on this case, the Board made this statement:

"The railroad industry, the Board believes, needs above all else a period of relative stability to adjust and adapt itself to present competitive post-war conditions."

Despite this warning, the leaders of the Switchmen's Union are upsetting the apple-cart—forcing a completely unjustified strike against everybody who uses the railroads.

FIVE WESTERN RAILROADS AFFECTED BY THE JUNE 25 STRIKE

The five railroads affected by this strike, which goes into effect at 6:00 A.M. local time, Sunday, June 25, 1950, are:

- Chicago Great Western Railway Company
- Chicago, Rock Island & Pacific Railroad Company
- The Denver & Rio Grande Western Railroad Company
- Great Northern Railway Company
- The Western Pacific Railroad Company

It is time to put an end to such un-American tactics!

The Answer to a Raw Attempt At Dictatorship is "No!"

In the interest of the public who depend on the railroads every day, there can be only one answer to this outrageous and dictatorial action by the leaders of the Switchmen's Union. And that answer is—"NO!"

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

"Let's Talk Live Stock"

By TED GOULDY

Fort Worth, June 27.—Texas livestock growers can no longer afford to overlook the potentials of creepfeeding calves, lambs or pigs. Keeping young stock on a constant growth cycle to gain extra pounds at selling time and to broaden the market outlets for young stock is a proven method of greater returns.

For the past several years, P. R. Bonds on the Hicks Ranch has been topping the market here with calves like the 106 he sold at Fort Worth Monday at \$31 per hundred, but the price is only a part of the story.

For weeks buyers representing Northern feeders, buyers seeking club calf prospects and packers, buyers have been "after" the Bonds calves. This broadened demand for those calves because they were fat enough to grade choice in the packing house and they were already "eating" which meant that little shrink would be suffered when they were taken off their "mammy" and put in the lot for further feeding.

Mr. Bonds figures these calves weighed 100 pounds more at Fort Worth than they would have had they not been creep-fed. He figures his feed cost at \$9 to \$10 per head thus the calves brought \$21 or more above what the normal return would have been.

That's not all. He got the calves off the cows at least a month earlier. This saves grass and permits the cows to get fat this summer. Fat cows cost less to winter, raise better calves. Fat cows culled from the herd will sell for more money, too.

Texas livestock breeders can well afford to feed young stock in any section of the state when it gives them a two-way market, the extra pounds of weight at sale time and improves pasture grass, too.

Creep feeding young stock should be the regular practice rather than the exception. It pays.

Let's talk about lunch meat. The modern housewife with one eye on the budget and the other on the necessary vitamins, proteins and minerals her family needs, often finds meat buying a real problem.

That's one reason lunch meat, meat loaves or bologna and sausages have to have meat trimmings whether that "boned out meat" comes from cattle, pork, mutton or goats.

Southwestern ranges are being restocked, lots of old cows and old sheep are being kept "one more season" because pastures are good and stockers are high in price. This makes a scarcity of canner and cutter meat while at the same time, demand for sausages and lunch meat increases. All the time.

This accounts for the fact that canners and cutters of all types enjoy, and have for the past few years, such a strong market. There simply is not enough "boning meat" to go around.

This brings to attention the seeming oddity of ewes, old bucks, etc., selling currently at \$9 to \$10.50 in Fort Worth and which are quoted from \$5 to \$9 at such markets as St. Louis and Chicago, most heavy ewes and bucks at \$5 to \$6 at the latter market. Dick Anderson, dairyman at Handley, recently marketed a Holstein bull at 2,430 pounds at \$22.75 that brought \$552.82, this bull will make a lot of bologna but it will not be low cost even after cereals, etc., are added.

We recently saw this paragraph which is something to think about. A fed steer produces about 50 to 60 pounds of tallow. Two years ago, tallow was worth about 25 cents per pound, last year it was worth 12 cents per pound and currently, tallow is worth around 6 cents per pound. This change in tallow value alone makes a live steer worth about \$1 per hundred less.

A British scientist discovered that 2,4-D killed weeds entirely by accident. He was attempting to increase oat yields with the hormone when the weeds began to die. Thus a new industry was born.

It is said that grain once needed to feed horses and mules on the farms of America was enough on which to fatten 20 million hogs to market weight. The roughage once needed for the same horses and mules is enough to maintain 19 million cattle and calves.

To prevent screw worm losses inspect all livestock twice a week. Treat all wounds, infested or not, with Smear 62 or its equivalent, which is any good remedy containing diphenylamine and benzol.

Postpone dehorning, branding, marking, cutting or other operations leaving wounds, during warmer months. If such operations are absolutely necessary, keep the animals under close observation until healed. Treat wounds at regular intervals.

Examine animals before they are shipped and treat any wounds you find. All hands agree 1930 may be the worst year yet for screw-worm losses. Southern and Southwestern losses run into millions of dollars every year and may be multiplied this year.

Don't let the screwworm fly rob you of livestock profits.

J. L. Goodman of Pecos was in Hico last week end and was accompanied home by his wife and daughter, Gay, who had been visiting here and at Iredell with her parents, Dr. and Mrs. A. N. Pike.

Sanitary Measures Urgently Needed to Control Dysentery

Austin, June 27.—Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. Geo. W. Cox, State Health Officer, described dysentery as being an infectious disease characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucus. Toxemia results from absorption of the poisonous substances produced by the germs.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said, it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases."

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this State."

YOUTH OF ALL CHURCHES TO ORGANIZE GROUP

There will be a meeting Monday night at 8 p. m. at the Baptist Church to organize a Youth for Christ movement, composed of young people of all denominations, from high school freshmen and above.

Officers will be elected and a sponsor chosen at the first meeting. The first social meeting will be July 11. The group expects to meet twice monthly.

Dr. and Mrs. Albert Vickers of San Antonio spent the week end with her parents, Mr. and Mrs. H. H. Ramage.

J. M. Lokey of Waxahachie visited in Hico last Saturday with friends.

HERE IN HICO

(Continued from Page 1)

Dougie and Barry Brooks of San Angelo are visiting him.

Mrs. Hedges says so many people have been by to see the house that one Hico man had asked for permission to open a cold drink concession. Dr. Hedges' mother and father, Mr. and Mrs. C. M. Hedges, live on the next hill. It looks like there will be an agricultural war between the residents of the two hills.

The elder Hedges have a beautiful corn patch. But Dr. Hedges has already planted fruit trees and a big garden from which he gets such things as berries, potatoes, and strawberries.

Wayne Rutledge and George Christopher, both undertakers, talking on the corner. Leonard Howard crossing the street in front of his news stand.

W. C. Watkins reading water meters. Pence Meador, student at Providence Hospital School of Nursing, Waco, sitting in a car in front of her house.

Ray Cheek, the golf champ, at his new home. Rev. and Mrs. L. H. Davis (he's the Baptist preacher) talking to friends at their home.

L. W. Roberson hanging the laundry out at his washateria. Mr. and Mrs. Shirley Campbell working in their yard.

Monty Ogle, shirtless and tanned, walking down the street. Mrs. Pete Jenkins cutting weeds while little son, Dan, played in the yard.

Herbert Sellers, retired banker and ex-mayor, riding in his new Chrysler. Then over to the hospital where Mrs. Martha Burch, Mrs. O. O. Moore, and Miss Wanda Trigg, all nurses, were checking their records, and where M. T. Neenan, business manager, was directing patients to the various offices.

Dr. Hedges was handling matters by himself this month while Dr. W. F. Hafer is away on vacation. Incidentally, Dr. Hafer almost lost two fingers in a lawn mower accident during his vacation.

And for coffee call over at Loudermilk's came Truman Roberts, the county attorney; W. B. Coats, from the furniture store; and Morse Ross, rural mail carrier.

S. E. Blair Jr., once instructor at West Point, was still talking about the snake story that made the rounds in these parts but was never verified. It was about the two children who went under the house to get a baseball and crawled into a den of rattlesnakes. The father pried up the floor

of the house and rescued the two children, but in his haste to carry them to the hospital, ran over and killed a third child. And before the other two children reached the hospital they, too, died. As a result of the excitement the father was supposed to have succumbed to a heart attack. That's the story, but it can't be traced down.

When Lusk Randalls entered the grocery business in Hico 40 years ago there were no plate glass windows and cows ate the cabbage right from the front of the store.

Randalls, who said he helped dig the Bosque from Hico on down to Waco, said cattle owners at Hico raised all sorts of opposition when the town first passed a stock ordinance. Randalls said they thought it was awful that, in a free country cattle had to be penned up.

Another story about Hico concerns one of the first bridges across the Bosque near there. Just after the bridge had been finished and on that occasion the first horse and buggy was to cross the bridge. As photographers

stood by and the happy crowd watched, the buggy eased onto the new structure. Then it happened. New bridge, civic leaders, and buggy collapsed into the river.

Soil Conservation Program Sponsored By Duffau HD Club

The Duffau Home Demonstration Club met at the schoolhouse June 13 for a soil conservation program.

Art Dillon made a very interesting talk on what terracing and cover crops will do for the soil. A film was also shown on understanding of the soil conservation law and the purpose of operation of soil conservation.

Those helping with the program from Stephenville were Garland Jones, Art Dillon, Albert Jackson of the Empire-Tribune, Mrs. B. M. White, Mr. and Mrs. O. E. Puckett and son, and G. D. Everett, county agricultural agent.

A large crowd attended. Cold drinks were served to all present.

Duffau

By Elmer Giesecke

Large crowd was at the Methodist Church at two o'clock Sunday to pay respects to the remains of Mrs. M. Bowie who passed away at the Stephenville Hospital Friday night. She was a patient there for almost eight years. Mrs. Bowie was a pioneer, having lived here for almost 70 years. She had been a member of the Church of Christ for 15 years. A good mother, wife and citizen and very devoted to the church. Besides a vast number of friends she is survived by four sons, George of Duffau, Andy of Seymour, Mitchell of Seattle, Wash., and E. Bowie. Several grandchildren and great grandchildren.

Her husband, G. W. Bowie, preceded her in death by almost a quarter of a century. This is a better community by her having lived in it. Peace be to her remains and consolation to those who are bereft.

Some from here attended the funeral of Mrs. Alice Lively at Hico Sunday afternoon at four p. m., and whose body was laid to rest in the Millerville Cemetery. Barrow-Rutledge Funeral Home had charge of arrangements with Stanley Giesecke officiating.

Our little community was shocked when news was received of the untimely passing of James Collier who died in a Fort Worth hospital with pneumonia. James was well known and was very popular in this vicinity and many attended his funeral services at Hico Monday afternoon.

Stanley Roach and wife enjoyed a birthday dinner for her brother, Roswell Martin at Stephenville Sunday.

Michael E. King of Waco is spending the week with his grandparents.

John Kelley and wife of Cove, Arkansas, Mrs. Nannie Edwards of Anson, and Mrs. Minnie McMahon of Jayton, visited friends in this community last week. The ladies are sisters and are the daughters of Frank Pearson and wife and were all raised in this community.

Daus Bradfute and wife and children spent one day and night with his aunt, Mrs. Blanche Holland and cousin, Mrs. Giesecke. Their home is in California where they are in the dairy business.

The combines have been running steadily for several days. Most of the vetch and small grain has been harvested and we are in need of a good rain on corn, cotton and peanuts.

Mrs. Robert Ward of Odessa and Mrs. Leon Ward and son, Don of Denver City spent the week visiting Mr. and Mrs. Howard Hines and Ann, Leon Ward and Bobby Wagner of Denver City. Mr. and Mrs. Johnnie Johns and Mr. and Mrs. R. E. Johns of San Antonio, spent the week end.

Mr. and Mrs. Walter Scott and two children of Corpus Christi spent Wednesday and Thursday with Mr. and Mrs. Wayne Coby and Waynell.

Sunday visitors of Mr. and Mrs. Harvey Yocham were Mr. and Mrs. Harry Yocham and daughter Kay of Carlton.

Mrs. Boyd Ballard and sons, Weaver and Toby left Saturday for their home in Lockney. Mrs. Ballard has been with her mother, Mrs. J. E. Hyles, who broke her arm about two months ago. Her sons, Clyde and Bryce remained here with their grandmother.

Mr. and Mrs. Elbert Herring and son, George Harlan of Eastland were guests of Mr. and Mrs. Truett Jones Sunday.

Mr. and Mrs. John Moore and Janice visited Mr. and Mrs. B. M. Moore in Dallas Sunday.

Mr. and Mrs. O. O. Pollard visited Mr. and Mrs. L. W. Fine near Wilson Sunday.

CARD OF THANKS

We wish to express our thanks and appreciation for everything done during the illness and death of our mother, Mrs. Alice Lively. Your words of sympathy and deeds of kindness shall linger indefinitely. May God bless and help you.

From where I sit... by Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattened over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed... but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that these men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!

FARM AND RANCH CHATTER

By LAYNE BEATY

WBAP, Fort Worth
We note that some experts on such things as the old frame farm house is on the way out. They predict farm homes will look more like houses in town, with big picture windows and window walls. Of course, they do let in an awful lot of light and all that but what is that old saying about people who live in glass houses shouldn't throw parties?
First thing you know, they'll be putting those picture windows in barns. Actually, one engineer says farm animals get more benefit from such windows than humans do.

Well, with all the educated livestock we have now, we suppose they need plenty of light to read by and to see how to tune the radio in the milking barn.

In our travels last week, we took note of a very impressive soil conservation exhibit in one end of the big railway station at St. Louis, where thousands of people pass every day.

It had been put there by the Production and Marketing Administration (the old AAA) of the USDA.

The writings in the newspaper back east still seem to be influenced more by the writers' individual stomachs and pocket-books than any concern for the general national welfare.

They still talk about farmers are getting rich from high market prices and support prices. The bad things are always remembered longest, naturally, and some of them think the potato support price mess is typical of whole set up.

We took the time to visit four television stations in the east part of the country while we were traipsing around this month, and are pleased to report that WBAP-TV still has the finest facilities in the country.

Some of the Hereford breeders are taking steps to cut down on the number of dwarf calves that show up in their herds in increasing number. It's something that is happening in all breeds, but it has ceased to be just a "curiosity."

Some bulls and cows which are normal themselves may be "carriers" of the dwarf characteristic so that some of their offspring may be calves. When a breeding animal is discovered to be such a carrier, he should be removed from the herd.

After one has visited Argentina, where practically every tree has been planted, one can appreciate better the fine timber resources of East Texas.

Even so, we know that it won't last forever without some systematic use and planning for new trees, and that is the function of the Texas Forest Service.

In addition to a great many other ways in which our timber lands are being conserved, the TFS is sponsoring a forestry camp July 10-14 for 4-H boys and Future Farmers of America at the E. O. Siecke State Forest near Kirbyville. The boys will be mostly from the commercial timber region of Texas.

Model Unveiled On 12 Millionth Frigidaire Unit

A gold-tinted model symbolizing the 12 millionth refrigeration unit produced by General Motors' Frigidaire division was unveiled Monday at a meeting of dealers and salesmen from the Fort Worth-Dallas area at the Worth Theatre. W. J. Dinsmore, sales promotion department, Dayton, Ohio, said the 12 millionth production milestone holds significance as a measuring stick of the strides made by industry operating under the free enterprise system in the last 25 years.

In 1925, he said, the average industrial worker had to labor more than 1,200 hours to buy a nine cubic foot refrigerator costing \$672. Now, he said, the same workers labors less than 190 hours because the price is down around \$269.

Those from Hico attending this meeting were S. E. Blair Jr. and Miss Louise Blair, representing Blair's Hardware, Sporting Goods and Electrical Supplies.

CARD OF THANKS

Friends, words cannot express our thanks to each of you for such sweet kindness shown our entire family in the sad hour of the death of our loved one, James Collier. We are sad and broken up, but our loss is heaven's gain, and the only way we can ever outlive this sorrow is through God's help and the remembrance of your kindness. Thanks for the abundance of nice food, the beautiful floral offering, sympathy and all. May God reward each of you for the many kindnesses performed in our behalf.

MRS. JAMES COLLIER & SON THE COLLIER FAMILY THE CRAIG FAMILY.

CARD OF THANKS

I wish to thank my friends, relatives and neighbors for the beautiful flowers, the dinner and all the kind attention I received on my birthday. Especially do I want to express my appreciation to my children, grandchildren and great-grandchildren. Thanks to all my friends for the card shower. I received cards from New Jersey, New Mexico, California and many other States which made my birthday a wonderful event. Your thoughtfulness is very deeply appreciated.

MRS. J. J. LEETH

CARD OF THANKS

We want to express our thanks to the veterans agricultural school class and neighbors for the work done on the farm of James Collier.

\$90,000,000.00

Over 90 Million Dollars cash surplus was in the General Fund of Texas when W. O. REED concluded his term as Speaker of the House of Representatives in 1948. TODAY THERE IS NO SURPLUS.

Elect W. O. REED YOUR LIEUT. GOVERNOR

W. O. REED has really done something about efficiency and economy in our state government besides talk about it.

W. O. REED wrote the pay-as-you-go law which put Texas on a cash basis in 1942, and prevents the Legislature spending money it does not have.

W. O. REED believes our state government, like a family, should live within its income.

WE NEED REED!

Mrs. G. W. Bowie, Duffau Pioneer, Dies After Long Illness

Mrs. Martha J. Bowie, 88, died at 2 p. m. Friday after having spent six years and nine months in the Stephenville Hospital. Funeral services were held at Duffau Methodist Church at 2 p. m. Sunday with Stanley Giesecke, minister, officiating. Interment was in the Duffau Cemetery.

Mrs. Bowie had made her home at Duffau. One of the true pioneers of this section of Texas, she came to Erath county 65 years ago in a covered wagon caravan from Mississippi. She and her husband, the late George Bowie, settled in the Duffau community. Her husband died 26 years ago.

Martha McClure was born January 25, 1862 and was married in 1878 to G. W. Bowie in McCool, Mississippi.

Mrs. Bowie was a member of the Duffau Church of Christ for many years.

Surviving are four sons, Mitchell Bowie, Seattle, Washington; Andy Bowie, Seymour; George Bowie, Duffau; and Everett Bowie; also 10 grandchildren and three great grandchildren and two daughters, Mrs. Frank Stipe and Mrs. Crinity Roberson. One son preceded her in death.

Takes it easy all the time!

Prestomatic Fluid Drive Transmission consists of three compact units... gital Fluid Drive, the Safety Clutch and Prestomatic Transmission. Each unit is designed with a minimum of moving parts, and each unit is ruggedly built to give trouble-free service for the lifetime of the car.

Make no mistake! Although most cars use the Fluid Drive principle that Chrysler first introduced 12 years ago—there's an all-important difference in automatic gear shifting today! Chrysler and only Chrysler gives you full control of your car. While others shift you up and down—even when you don't want to shift—Chrysler's simple, cool-running transmission takes its orders from you. Even at 12 miles an hour, in slow moving traffic, you're in high while others shift down to lower gears. How much quieter your engine runs! How much more smoothly! What a difference in high-gear economy! Come see what Fluid Drive does for you! Examine Chrysler workmanship... compare the quality of materials... discover the benefits of Chrysler engineering! You'll find built-in value all the way through that has no equal! Extra money's worth, we're sure, that will make you a Chrysler buyer for life!

THE NEW YORKER 4-DOOR SEDAN

See it—drive it... there's built-in value all the way through!

Advantages of Chrysler's Fluid Drive

Automatic Gear Shifting—with full control of your car! Better reaction—safer on slippery roads. Convenience of clutch for easier parking. Slower Engine Speeds—reduced noise, wear. Saves gasoline! Drive in high while others drive in low in traffic.

Advantages of Chrysler's High Compression Spark Engine!

Waterproof Ignition—prevents stalling in rain or high water! Lubricated Cylinder Walls—chemical protection for increased life. Flooding Power—helps eliminate vibration. Superfinished Parts—reduce friction. Last longer. Exhaust Valve Seat Inserts—reduce need for valve grinding! Full Flow Oil Filter—keeps oil clean!

Chrysler's Advantages in Comfort and Safety

Functional Design—full room for your head, legs, shoulders. Easy to enter and leave! Safe Guard Hydraulic Brakes—smoother stops, less pedal pressure. Cylindrical Springs for double the wear. Electrically Operated Windshield Wiper—constant speed all the time! Chair Height Seats—no crouching, you sit naturally! Safety Rim Wheels—won't throw tires after blowouts at normal speeds.
