HICO, TEXAS, FRIDAY, AUGUST 4, 1950.

NUMBER 12.

Thunderbirds Will Appear Here Sunday

Units of the 48th Infantry Division en route to summer field training at Fort Hood, Texas, will pass through Hico in an Army vehicle motor movement August 6.

The Thunderbirds, who fought alongside Texas' famous 36th Division in Sicily, Salerno and Anzio during World War II, will arrive in Hico at 12:54 p. m., traveling on U. S. Highway 281 and will clear the town at 2:35 p. m.

Approximately 3,000 members of the division, which is composed of ground troops of the Oklahoma National Guard, are making the trip to Fort Hood, where they will spend two weeks in concentrated field training. The men will travel by three methods—motor, rail and air.

Eleven trains, each originating in different points in Oklahoma, will provide for the rail transportation, and approximately half the division will travel by this method. Those traveling by air will fly to Fort Hood in a C-47 transport plane, which will carry an advance detachment to receive the main body. The motor movement will be along an east route and a west route. The east route follows U. S. Highways 69, 75, 77, and 84, while those who follow the west route will move along U. S. Highways 81, 281, and 84. Approximately 2,000 guardsmen will be in each of these convoys.

The 48th Division will be encamped in tents in the north camp of Fort Hood, near Gatesville, Texas. The training program will be on the regimental level, which covered tactics ranging from small units to the battalion level. In addition each guardsman will fire the weapons with which he is armed and will familiarize himself with all other weapons used by his unit.

The 48th Infantry Division, which participated in eight campaigns during World War II, was the first national guard division to reactivate following the close of the war, and when it attended a two weeks camp during 1946, it became the first division in the United States to make a postwar summer camp.

Cub Scouts Meet Friday to Inspect Racers for Derby

The Cub Scouts met last Friday night at the schoolhouse to inspect the racers made for the auto derby. We had lots of fun trying them out. We decided to have our race on the sidewalk in front of the gym.

Attention all cub scouts: If you miss three meetings in a straight row without being sick or out of town, you will be automatically dropped out, and the same way with your dues. This will give the Denmother a chance to take another boy if you are not interested.

BUDDY ABLES,
Keeper of the Buckskin.

LAMBERTS TO CELEBRATE 50TH WEDDING ANNIVERSARY

Mr. and Mrs. N. A. Lambert will celebrate their Golden Wedding Anniversary with an open house from 2 until 6 p. m. in their home Sunday, August 13.

Visitors expected from out-of-town include all their five children, grandchildren, three nephews and a number of relatives from Birmingham, Alabama. They also hope to receive a large number of friends from the surrounding community.

ENTIRE BAND TO MEET FOR PARADE WEDNESDAY

All band members, including those who have not been attending summer school, are asked to meet at the band hall at 9:30 Wednesday morning, August 9, William D. Bradley Jr., local band director, stated.

The members are asked to meet at this time in full uniform for the Reunion parade, and a full attendance is expected.

CRITICAL TEST

Retiring Democratic Chairman Commended At County Convention

All resolutions originating with the Democratic precinct convention at Hico the previous week were adopted at the county convention held at Hamilton last Saturday, and at least two others were reported to have been successful by submission.

Commendation of County Chairman W. A. Patterson and condemnation of Communism were the new resolutions adopted along with those opposing state income tax or sales tax, praising Governor Shivers and other officials for their stand on the Tideland issue, and opposing Federal Power Commission regulation of inland waterways.

Attending as delegates from the Hico precinct were Truman E. Roberts, Odie Patsick, A. E. Duzan, J. T. Hitt, Frank Falls, J. B. Woodard, Geo. Jones, L. N. Lane, J. N. Russell, and B. S. Washam. The resolution commending Mr. Patterson was submitted by J. N. Russell, Mrs. A. H. Maxey and Mrs. Geo. B. Goughly acting as a committee. It is published herewith at the request of the newly elected Democratic county Chairman, Bradford D. Corrigan, who also served as permanent chairman of the convention.

"We offer this resolution to commend W. A. Patterson, retiring at this time from the office of County Chairman of the Democratic Executive Committee of Hamilton County, after serving for twenty years. He has been a faithful servant, capable of presiding with harmony prevailing among the convention delegates, but at the same time letting them have and express their opinions. Besides his fairness to all with whom he had dealings, his most outstanding trait has always been his loyalty to the Democratic Party.

"The citizens of the entire county that he served love Mr. Patterson, and we would like this put on record to go through the years as a tribute for his faithful service."

At the county caucus delegates were named to the State Convention to be held at Mineral Wells on Sept. 12. Corrigan will serve as chairman of the delegation, and Bill Allen was named vice-chairman. The delegation will operate under the unit rule.

Roline Chaney Elected Master of Ceremonies Of Youth For Christ

Between 25 and 30 young people met Tuesday night at the First Baptist Church for the first August meeting of Youth for Christ. Games were led by Mary Nell Battershell. During the business session, Roline Chaney was elected to be the permanent master of ceremonies.

Plans were discussed of having a "Youth for Christ" float in the Reunion parade. A collection was taken, but no report was made on the financial standing because of the bill for the refreshments. The business session was closed and refreshments were served.

Afterward the group at a circle and sang songs, which were followed by a short devotional led by Betty Segrist. Miss Segrist's devotional talk centered around preparing oneself for life in the world and putting Christ first. The meeting was officially closed by the group joining hands and singing "Blest Be The Tie That Binds." Those who wanted to stayed and sang more songs.

The group is grateful to the Baptist young people for a very enjoyable evening. The next meeting will be announced later on in the paper and at churches. Keep your eyes and ears open for the next all-important meeting.

Part-Time Job At U. of T. and \$200 Will Pay Term's Expenses

Austin, Texas, Aug. 2.—If you are planning to enter the University of Texas this fall and want part-time work, you should come to Austin and seek your job now, Student Employment Director Joe Farrar announced.

"We usually are swamped with 1,200 to 2,000 applications in September and it's impossible then to fill all of them immediately," he said. "Part-time work demand is greatest now for girls who can take shorthand and type and for boys who can do retail selling."

"Writing us for work won't help. An employer wants to meet the student he's going to hire. If a student has \$200 saved before he comes to the University, I think he can complete his school year by doing part-time work."

The University maintains the Student Employment Bureau in old H Hall, just east of the Main Building. The Bureau is a central agency for employers and both undergraduates and graduates.

Cub Scout Auto Derby To Be Held Tonight At Hico School Gym

Final plans have been made for the Cub Scout Auto Derby to be held Friday night at 7:00 p. m. in front of the High School Gymnasium. The public is invited to come out and see the races.

Each car will run separately and be timed. After all cars have run, the judges will take the time made by each boy and decide the winner.

Boys who have turned in their registration, as named below, will be qualified. Those who have changed body design on their cars since Friday night, July 28, will not be eligible to compete for the originally award.

Following are the names of the boys who have registered with Cubmaster James Hampton, and the names of their cars:

Jimmy Herrington—"White Cloud"
Lavon Pierce—"Hot Rod"
Joe David Collins—"Juditer Hot Rod"

Tommy Johnson—"The Black Flash"
Kenneth Smith—"The Wizard"
Buddy Ables—"Red Flash"
Butch Eubank—"Eubank Special"

Prizes will be given to the winner of the race and to the boy having originality and workmanship in his car. Judges will be Ralph Boone and Max Hoffman, with one yet to be named. Judges' decision will be final.

The races will be followed by a short program, making awards to boys who have earned badges and arrow points in the last month.

Mr. Belvedere Proves New Type Character In 'Cheaper by the Dozen'

Clifton Webb has taken a rest from Belvedere roles, but not from making wonderful movies. The hero of "Sitting Pretty" and "Mr. Belvedere Goes to College" scores his greatest hit in "Cheaper by the Dozen," the Twentieth Century-Fox Technicolor film which opened yesterday at the Hico Theatre and which has also been booked for a Friday matinee beginning at 4:00 o'clock.

It was, of course, to be expected. Along with Jeanne Crain and Myrna Loy, Webb romps through one of the most delightful stories of our time, the true story of a family of twelve children based on the recent best-seller by Frank B. Gilbreth Jr. and Ernestine Gilbreth Carey. The uproarious tale of the shenanigans that go on in this over-sized family, it is also a moving and compelling story of how a lovable American family meets life's problems.

Webb is superb as "Dad," the eccentric time and motion expert who refuses a request for a dog, "because any pet which doesn't lay eggs is an extravagance," and buys a victrola for the bathroom so the children may listen to French and German language records without waste of time. Still very definitely a character, he is more warm and human than the acidulously precise Mr. Belvedere. His is an outstanding humorous performance, yet an outstanding heart-warming one too.

PRE-REUNION CLEANUP ASKED BY LIONS CLUB AND CITY OFFICIALS

Issuing Licenses for Texas Drivers Is Tremendous Task

Austin, Aug. 1 (Spl.)—Stood around a Driver's License examining station recently awaiting your turn for the tests which will determine whether or not you will be issued a license?

Colonel Homer Garrison Jr., Director of the Texas Department of Public Safety, says that if you are one of the 52,000-plus persons who make application each month for a new Driver's License you probably have been subjected to a considerable wait—sometimes of several hours duration, or, at best, being obliged to wait a number of days for an appointment. Now, with the exercise of a little simple arithmetic he tells you why the delay and just what the man in his Driver's License Division are doing to try to alleviate the situation.

At Garrison's direction, A. F. Temple, Chief of the Safety Department's Driver's License Division, today released the following comparative figures on the activities of that Division's personnel during the eight-month period from November 1949, through June of this year as compared with the same period of 1941-42:

Texas' population according to the 1940 Census report was 6,414,824. From November 1941, to July 1942, the Texas Department of Public Safety had employed 95 Driver's License Examiners who administered 276,908 tests during the eight months. In the same period, the Headquarters staff of the License Division issued 962,340 licenses to Texas drivers. This latter included both renewals and new licenses issued on the basis of the examiners' tests.

Ten years later, in 1950, the population figures had risen by more than a million and a quarter to a total of 7,677,960, while the ranks of the DL examining personnel had been increased by seven for a total of an even one hundred men. These 100 examiners, however, during the past eight months conducted 418,566 tests, or an increase of 142,558 over the 1941-42 figure. In other words, an employee increase of 7 1/2% accounted for a 51 1/2% increase in testing activities.

This was possible because of improvements and reforms in examining techniques and procedures. Also, during the past eight-month period the License Headquarters issued a total of 1,240,419 licenses, both new and renewal. At the present time, due to the recently adopted mechanical methods of issuance, the Division is turning out in excess of 10,000 driver's licenses each day.

Currently, according to Temple's figures, there are about 3,000,000 licensed motor vehicle drivers in Texas. This is an increase from 1 1/2 million in the short space of four years—since 1946.

The number of Driver's License Examiners in Texas is based strictly upon the Legislative appropriation which is made for the Division and none can be added without act of the Legislature.

Both Garrison and Temple are quick to admit that they are aware of the inconvenience and delay which is incurred in the proper administration of our driver's license law but they point out that each of the men in the Driver's License Division is conducting an average of more than 500 examinations each month. This, they say, is at least a hundred and fifty more per man than can reasonably be expected and they indicate that the strain of maintaining such an excessive schedule probably accounts for the large turnover in examining personnel—a little more than 12 per cent since last November.

Remember these figures the next time you're inclined to gripe about waiting for that driver's license test!

Monday Set Aside For Store Closing; Larvacide Is Free

Originating with the Hico Lions Club and receiving the ready cooperation of city officials, a City-Wide Cleanup Campaign has been announced for the first part of next week.

Various plans were considered which were aimed at maintaining healthful conditions throughout this area and preventing an outbreak of polio which is prevalent over the country at this time. Cost of some of the projects was prohibitive, and others were not wide enough in scope to attain the desired results.

Consensus of opinion was that the greatest good would accrue from coordination of a city-sponsored project for public areas and individual efforts by citizens—a plan which has proved effective in the past.

Result of caucuses of sponsors was announcement of the all-out drive set for next Monday during which the following procedure is requested:

1. Citizens may call at City Hall before noon, Aug. 7, and obtain a half pint of Larvacide which is sufficient for home use. This is free, but if you care to donate a dollar or two to help the city meet expenses of same, it will be duly appreciated.

2. Merchants are asked to close their doors at 4 p. m. so that every man, woman and child may participate in this plan to reduce health hazards and help Hico maintain its reputation for cleanliness and beauty.

3. A city crew will spray around the sewer disposal plant, along the Bosque River, and will make every effort to take care of clean-up work on the streets and alleys and in all public places.

"Please clean up around your own premises" was the plea emphasized to all residents. Citizens are expected to:

• Empty cans and containers that have collected water, and strew trash conveniently for hauling.

• Cut weeds and destroy breeding places of flies and mosquitoes.

• Spray premises with the free Larvacide, and

• Prevent polio by destroying carriers and pests.

Similar campaigns in the past have been very effective, it was pointed out, and it would be a tragedy to relax at this critical period and perhaps induce conditions which would bring about an epidemic. Also everyone will be repaid for the efforts and small expense involved by more healthful conditions, and reduction of the pestilence that flies and mosquitoes usually bring at this season of the year.

Hico Boy Admitted to Scottish Rite Hospital For Crippled Children

Dallas, Aug. 1.—David Joe Holleman, 14 year old son of Mr. and Mrs. W. D. Holleman of Hico, was admitted to the Scottish Rite Hospital for Crippled Children in Dallas on Saturday, July 22.

Serving Texas crippled children for over 27 years, the Scottish Rite Hospital is supported entirely by contributions from those who wish to continue the work and services of the hospital. The best possible medical care is available to those children admitted for treatment.

IMPROVING FROM INJURIES RECEIVED IN CAR WRECK

Mrs. John D. Connerly and daughters, Sandra and Cathy, of Austin visited Sunday with Mrs. Connerly's father, Ben Chenault, who was injured last week in a car mishap near Evans.

Ben has been in the Hico Hospital, but was removed home Tuesday and is reported to be getting along nicely.

Fairy
By Mrs. Eunice Massengale

We have had mostly fair weather for the past week with high winds. A light rain fell here last week. Farmers report some crop damage by insects.

Mr. and Mrs. Glenn Chappell and three children and her parents and brother, Mr. and Mrs. Martin and son, Louis of Seymour were Fairy visitors last Sunday. Mrs. Chappell is the former Miss Winnie Martin of the Lanham community but attended Fairy High School. They also visited in the Lanham community where the Martins formerly resided. They moved to Seymour about five years ago.

Vernon Chew of Hico came out Friday of last week to notify his wife's parents, Mr. and Mrs. Claude Brunson that his wife had become ill and her illness was thought to be due to an attack of polio. We sincerely hope that by this time it has proved otherwise.

Mr. and Mrs. Guy Lockhart and Barbara of Pidgeon visited Sunday in the home of her parents, Mr. and Mrs. V. H. Heyroth. Other visitors in the Heyroth home were his brother, Louis and sister, Mrs. Beatrice Oglesby of the Lanham community.

The Church of Christ will begin their annual summer meeting August 11, with Bro. G. S. Westbrook of Waxahachie doing the preaching. All have a cordial invitation to attend.

The Baptist revival is in progress this week with good attendance.

Mr. and Mrs. Marvin Porterfield and his father, Walter Porterfield and their sister and daughter-in-law, Mrs. Louie Porterfield of McGregor spent the week end in Fort Worth, where they attended the wedding of the Porterfield's sister and daughter, Mrs. Helen McWhorter, who was married last Saturday afternoon to Mr. Robert L. Hurt, also of Fort Worth. Mrs. Hurt is the former Miss Helen Porterfield.

Mr. and Mrs. D. E. Allison, Ruby Jean and Darrel of Dublin and Mr. and Mrs. Carl Ray Sellers, Carolyn and Jimmie Don were dinner guests Sunday of the ladies mother, Mrs. Eunice Massengale. The occasion being in honor of Jimmie Don's second birthday which was Monday, July 31. In the afternoon ice cream and cake and a watermelon feast was enjoyed by all. Other visitors during the day were Miss Barbara Newton of Pidgeon, Mrs. V. H. Heyroth and Mrs. E. M. Hoover.

Mrs. Emma Lackey has returned home after several days visit at Valley Mills with relatives.

Mr. and Mrs. Raymond Driver and children of Texas City were recent visitors with their parents, Mr. and Mrs. M. E. Parks and Mr. and Mrs. B. F. Driver. The children remained for a longer visit.

Mr. and Mrs. Dellis Seago and Cherry of Waco and Mr. and Mrs. George Stringer and Cathy Ann of Lico and Mr. and Mrs. D. E. Allison, Ruby Jean and Darrel of Dublin visited Sunday in the home of their parents, Mr. and Mrs. Edd Allison and Texie.

Again so soon, is the call to service of our dear boys, which is indeed heart rending. Two of our young men, Buck Noland and Texie Dell Allison have received their classification cards.

Mr. and Mrs. Vernon Jackson and family of Grand Prairie spent the week end here with his parents, Mr. and Mrs. Johnnie Jackson and family. The Jacksons have their new home about completed and were expected to move in the past week.

Mr. and Mrs. N. S. Sellers of Hamilton visited Tuesday in the home of their son, Mr. and Mrs. Carl Ray Sellers and family.

Mrs. T. L. Betts is in Fort Worth at this writing for a physical. Eva Nell Pitts of Hamilton visited here last week with her grandparents, Mr. and Mrs. H. S. Pitts and Ima and attended Vacation Bible School at the Baptist Church check up.

Mr. and Mrs. Fred Warnkin of San Antonio, who have been staying with her nephew, Nona Brunson this summer, returned home today, Tuesday, for an indefinite stay. Nona carried them home. Their plans were incomplete and they may return later for a longer stay.

Mrs. Carl Ray Sellers and children and her mother, Mrs. Eunice Massengale visited in Dublin last Wednesday in the home of their sister and daughter, Mr. and Mrs. D. E. Allison and family.

Mr. and Mrs. Turner Martin of Brownwood and son, Lewis, a student at Texas Tech at Lubbock and Mr. and Mrs. Glen Chappell and children of Seymour were in our community Sunday. They stopped by the Ed Allison and W. E. Cunningham home and on to Hico to visit Mr. and Mrs. Geo. Stringer. The Martins formerly lived in the Lanham community.

Petroleum Scientists Always On Job to Improve Our Lives

Can you imagine anyone deliberately sticking his hand into a nest of mosquitos? There are people who do it, willingly. As you might suspect, the human "bug-bait" is a scientist. Not the dramatic type working to develop a cure for some baffling disease, but just a work-a-day specialist trying to find better ways to get rid of flies, mosquitos and all their cousins. If you were to look for this scientist, you could find him in an oil industry laboratory. There, he and his co-workers subject various types of insects to the many tests that result in better insecticides. Most of our modern bug killers have petroleum bases, so that's why the oil men work on the problem.

In case you're wondering why the poor guy lets himself be bitten, he is observing first hand the quality of different repellents. With one type on the right arm and another on the left, he shoves his arms into special mosquito traps to see how they react.

Here are a few tricks for the use of insecticides to help you head off invasions by mosquitos and other bugs. First of all, don't let pools of stagnant water stand near your house. They are good mosquito breeding grounds. If they can't be drained, cover them with oil. Always keep refuse cans tightly covered. If insects seem to ignore your screens—as they have an annoying habit of doing—sprinkle the screens with DDT or some other oil-based insecticide. The liquid base or carrier will evaporate, leaving the killing material behind. This is effective for many weeks. You can buy paint containing DDT for use on walls, ceilings and screens. This is said to be good for five years.

Infant Son Dies From Polio

Stanley Edward Carpenter was born to Mr. and Mrs. Odus Carpenter of Clifton January 9, 1948 and died in a hospital at Waco July 25, 1950, with that dreaded disease, polio. He was ill with it a little more than a week.

It is hard for parents to give up their children, but God knows best. The parents and others can say as David of old, "I can't bring the child back, but I can go to him." He was a sweet child and will be missed by his parents and others.

He is survived by his parents, one brother and two sisters; his grandparents, Mr. and Mrs. Carpenter of Clifton and Mr. and Mrs. Jim Locker of Iredell, and a host of other relatives.

The remains were brought here for burial by the undertakers at Clifton. The funeral was held Wednesday afternoon in the Methodist church. The message was brought by Rev. Willingham of Fort Worth, assisted by Rev. R. L. Jenkins. The floral offerings were large and beautiful. The remains were laid to rest in the cemetery east of town.

The parents and other relatives have the sympathy of their many friends. The loved one is gone, but not forgotten. He is at rest for ever more.

The following out-of-town relatives attended the funeral of the Carpenter baby: Mr. and Mrs. Lloyd Cody of Hico, Mr. and Mrs. Maylan Tankersley, Mr. and Mrs. Belcher, and Mr. Odus Carpenter and children of Clifton, Mr. and Mrs. Millard Sadler and family of Turnersville, Mr. and Mrs. Irvin Wagner of Hearst Springs, and Mr. Irvin Sadler of Waco.

Miss Annie McElhenny visited her nephew, Fred McElhenny, and family the past week.

Rev. and Mrs. R. T. Wallace left Tuesday for a vacation trip. She went to the Temple hospital also.

Jo Ann McCoy, Nelda Gosdin, Jimmie Burns, Ronald Helm, and Gene Blakley attended the Methodist Encampment in Glen Rose this week.

Mrs. Green of Lubbock is visiting her daughter, Mrs. Harlon Linch.

Miss Nannie Lawrence of Dallas visited her brother, J. E. Lawrence and wife and friends this week.

Mrs. Neta Kaylor of Hillsboro and her brother, E. H. Rose of Waco visited here Wednesday afternoon.

Miss Sue Tuggle and her brother, John, were in Glen Rose Sunday afternoon.

Miss Ila Locker was in the Clifton hospital the past week, where she underwent an operation.

Byrum Loader is at home.

Miss Sara Jane Chaney of Dublin came in Saturday to visit her brother, Jim, and family.

Mrs. Smith of Abilene spent the week end with her sister, Mrs. Ernest Hanshaw.

Mr. Will Henderson of Lubbock is visiting his sister, Mrs. Harrison Hollen, and husband.

Miss Ona Miller of Dallas and her niece, Judy Ellis of Longview, are visiting relatives here.

Mrs. Arthur Lester has returned to her home in Denton after a visit with her daughter, Mrs. Owens.

Mr. and Mrs. Albert Mize have returned from Sweetwater and Lamesa where they visited their children.

Mr. and Mrs. Patterson and two children of Hico spent the past Sunday with her sister, Mrs. Otis Oldham.

Every night before the preacher starts to preach at the Baptist meeting the pastor, Rev. R. L. Jenkins, has all to shake hands with the ones in front of them and back of them. It gives all a thrill and creates a bond of friendship among the people. All of our churches should try this. All enjoy it very much.

Mr. and Mrs. Dee Duckworth of Valley Mills visited Mrs. Franklin Sunday.

Mr. and Mrs. Lewis Sawyer and daughter of Fort Worth spent the week end with his parents, Mr. and Mrs. Harve Sawyer.

Mr. and Mrs. David Parks and son, Jim Hal and wife of Graham, spent Sunday with his brother, John, and wife and his sister, Mrs. John Wyche.

Mr. J. E. Davis and his son, John, left Tuesday for Alabama and got there Wednesday.

Mr. and Mrs. Billy Royce Newsum of Odessa spent Friday here.

Mr. Duf McDonel is improving from a heart attack he had recently.

Mr. Wyche is on the sick list.

Dick Burns Jr. of Dallas spent the week end at home.

Donald Mitchell, who is in summer school at Tarleton State College, Stephenville, spent the week end at home.

Mrs. Echols returned to Dallas Sunday with Richard. He is doing nicely.

Mrs. Cora Little has returned from Dallas, where she visited.

Mr. and Mrs. T. D. Fuller attended the Fuller reunion in Sulphur Springs, Tex., July 22-23. His brother, Sam Fuller, and wife of San Angelo came by here and took them. Mr. Fuller reports that there were 100 relatives there from Oklahoma, Louisiana, Alabama, Arkansas, and Texas.

Lamoine Fuller, who works in Gainesville, joined his parents in Dallas. Mr. Fuller reports a fine time, with plenty to eat, and all enjoyed it. Mr. and Mrs. J. A. Fuller of Alabama accompanied Mrs. Cheuning here after she had visited there. They in company with Mr. and Mrs. Fuller visited in Clyde, Texas.

The Baptist meeting closed Sunday night. They had four conversions and two additions by letter. The four will be baptized.

Rev. White did fine preaching and there were very large crowds at every service. All enjoyed the meeting. Rev. Jenkins met with the young people and children every night and they would sing, and all enjoyed it. All Christians were benefited by this meeting. A nice donation was given to Rev. White. Some visitors from out of town attended the meeting.

Mr. and Mrs. P. H. Cody and Mrs. Dorris Chapman of Hico were guests of Mr. and Mrs. Jim Locker Sunday.

Tom Fairey Joins White Bandwagon For Runoff Drive

Austin, Texas, July 29.—John C. White's bandwagon picked up another of his defeated opponents Saturday as it rolled toward the Aug. 26 runoff election in the Commissioner of Agriculture race.

The newcomer is Tom Fairey of Austin. He finished fourth behind incumbent J. E. McDonald, White and Charlin McLellan in the first Democratic primary. McLellan said Friday he will support White in his race against McDonald.

Fairey expressed appreciation for the votes he received in the July 22 election.

Fairey said he and White shared the same platform many times during the campaign.

"I found that John C. White knows what he is talking about," Fairey said. "He is well equipped through experience and training to do a good job as Commissioner of Agriculture."

Fairey sent a telegram to White saying he would support the 25-year-old college teacher of agriculture in his race against McDonald, who has been Commissioner of Agriculture for twenty years.

Mistakes in Reporting Wages Loses Workers Social Security Credit

Some workers in Hamilton county are not getting credit for the social security taxes they are paying, according to Elliott W. Adams, manager of the Waco social security office.

Employers are required to file reports every three months, showing each employee's name, social security number, and total wages for the quarter. A few employers continue to file reports without furnishing social security numbers for all employees. Some reports are incorrect because the employer makes a mistake in copying the worker's name.

"A few of the mistakes made in reporting wages can be corrected in our central office," Adams said, "but most of them require correspondence or personal contact with the employer or the worker. If we don't succeed in correcting the error, the employee loses credit for his wages. This may reduce the amount of the benefit which the worker or his family will receive. In rare cases, it might eliminate the benefit altogether, since benefits cannot be paid unless our records show enough wages for the worker to qualify. The employee can help the Social Security Administration to keep accurate wage records by taking care of his social security card, and by showing it to his employer whenever he starts on a new job. The employer can help by reporting the worker's name and number exactly as they appear on the card. Workers should be required to present official social security cards, since numbers stamped on metal plates or copied on scraps of paper frequently turn out to be incorrect.

"Let's Talk Live Stock"
By TED GOULDY

Fort Worth, Aug. 1.—Livestock trade at Fort Worth and other points around the major marketing circle opened the week with further evidence that the industry had gotten over its "war nerves" rather rapidly and considerable stability had returned to the price structure.

Some well-finished yearlings weighing 865 pounds from Bob Elter of Paducah, who ranches at Shamrock, Texas, and recently acquired a ranch at Holey, Colorado, sold for \$30.50, a price about in line with 10 days ago on similar cattle. Numerous loads of grasser steers, some of them supplementally fed, cashed at prices around \$1 or so below the extreme high ten days back.

Hogs opened the week with a weak to lower undertone at Northern markets, but Southwestern markets and Fort Worth were neater steady due to the fact hogs are always in short supply compared with consumption in this area. Receipts at 12 major markets were 11,000 larger Monday than a week earlier.

Incidentally, increased offerings of pork may have gone a long way toward throttling talk of price controls and rationing of meat. Pork loins have dropped 16 to 18 cents per pound under the extreme highs, taking off the gains about as fast as they were put on. This will make hoarders who grabbed pork loins for freezer storage look pretty silly since their pork chops are going to be a little high in ensuing weeks.

Packers of canned meats have been looking carefully at "new" orders, too. It seems the hoarders figured canned meat products would cheat the rationing program if one came and lots of buyers for large amounts of canned meats appeared out of the clear blue sky, the packers say. Most of them are telling these newcomers "no business."

Twin lambs are a double bonus that all sheep men like to get. E. P. Malone, New Mexico rancher who set the recent top of \$29 at Fort Worth with some 72-pound lambs, reported there were more than 100 sets of twins in that load of lambs. Sheepmen and scientists have been for a number of years engaged in studies of the "twin lamb" crop and efforts have been made to increase the production of twin lambs. Perhaps some day the ewe that bears a single lamb will be the exception. That'll be a great day for Texas sheep men who annually get their money with the Easter lamb at good prices.

More and more Texas ranchmen are turning to the two-way market theory on calves. Most ranchers paid little heed to selling "fat" calves until in recent years. With creep-feeding, the rancher is able to either contract his calves or go to market for feeder or slaughter buying of his calf crop.

One reason for the increase in creep-feeding is the beating some ranchers have taken who contracted calves early and then saw the market run up well above that price. With Texas and the Southwest population ranking so high in the nation (Texas is sixth among the 48 states in population) ranchers have realized that lots of beef and veal is consumed right here in our own back-yard, so to speak.

The same applies to lamb and pork. Currently, farmers are being urged by the experts to push early pigs as hard as possible by feeding the A. P. F. stimulated growth concentrate rations to cash in on the early market. Bill Bentley of Sanger recently had some cross-bred hogs at Fort Worth that weighed 257 pounds at \$24, and were the result of mating Berkshire boars with Hampshire sows. They produced really fancy meat-type hogs.

Broiler prices have really been jumping since the war news set the markets afire. The 32 to 35 cent prices this week indicate a tidy profit to broiler house operators who had some birds ready for market.

Part of the rise is accounted for by the movement of surplus broilers from farm flocks being about over June hatch in the U. S. was down 15 per cent from a year ago. Texas hatch was 14 per cent below a year ago for June but 17 per cent above the 1944-45 average.

Turkey folks are viewing the future with much more optimism than was the case earlier in the year. Shrinking cold storage supplies of turkey, coupled with the increased year around demand for turkey from hotel and restaurant trade as well as home eating, makes the future look brighter.

Some late of off-season hatchings are being reported and the story is that efforts will be stepped up to increase the eating of turkey broilers. No reason why they shouldn't become popular.

The American Dairy Association has turned to television to increase the use of dairy products. Paul Whiteman is putting on the show for the milkmen.

Mr. Link Robinson, 519 Lindsey, is the most content and satisfied man in Newport, Ky. In fact, he says there isn't a thing in the world that can irritate or upset him now that he is on the HADACOL band wagon. If there ever was a man who thought HADACOL is the most wonderful thing in the world, it is Link Robinson, since he learned that his system lacked Vitamins B₁, B₂, Iron, and Niacin.

Here is what Mr. Robinson has to say about HADACOL, which is now supplying liberal quantities of these essential elements: "I have been a steel worker for over twenty years. When you are a steel worker, you have to do plenty of good, hard work, and you need lots of good, substantial food. But when a stomach is in as bad a shape as mine was . . . I couldn't eat. I had gas pains, stomach bloating and nervousness; well, I just couldn't eat the proper foods I needed. My boss told me about HADACOL, and I started taking it immediately. After the second bottle I could tell a definite improvement. Now I can eat the foods I need to eat to really be on the job. In fact, I can eat anything I want to. I am not nervous anymore, either. Best of all, I haven't got those terrific gas pains and no more stomach bloating. HADACOL is the best ever. I recommend HADACOL to everyone."

HADACOL is Different
Countless thousands are benefiting from HADACOL . . . even hundreds of doctors are recommending HADACOL to their patients whose systems lack Vitamins B₁, B₂, Iron, and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50.

Thursday Rites Unite Miss Billie D. Snoddy And Charlie Godfrey

Miss Billie Dee Snoddy became the bride of Charlie Godfrey in a simple ceremony Thursday, July 27, at the court house in Hamilton. Judge W. Eugene Tate read the ceremony in the presence of her grandfather and Mr. O. M. Bramblett.

HONORED AT SHOWER

Mrs. Will Malone and Mrs. Mae Lovell were hostesses Friday, July 21, from 3 until 5 p. m. at an announcement shower honoring Miss Billie Dee Snoddy, announcing her approaching marriage to Charlie Godfrey.

Approximately 50 guests were present at the home of Mrs. Malone. As the guests entered, they were registered at the bride's book by Mrs. Lillie Bee Jackson, aunt of the bride-elect.

Jackie Ganoë Jones Wed In Stephenville At Mother's Home

The marriage of Mrs. Donna Jacqueline Jones and D. A. Smith was solemnized Friday evening, July 21, at 8 in the home of the bride's mother, Mrs. Merle Ganoë, on McNeill Street.

Rev. Milton Baty of Gustine read the single ring ceremony before a background of greenery and pink chrysanthemums. The candies were lit by Miss Sue Ganoë of Stephenville.

The bride wore a light blue street length dress with white accessories and carried a bouquet of gardenias. Her something old was a handkerchief belonging to her great-grandmother; her something borrowed was her hat, and her dress was her something blue. She wore a penny in her shoe for luck.

Out-of-town guests for the wedding were: Mr. and Mrs. J. C. John and son, Mrs. E. M. Smith, Mr. and Mrs. Norman Ganoë of Hico, Mr. and Mrs. Judson Smith of Fort Worth, Miss Mary Frances Tuttle of Dallas, Miss Betty Jones Baty, Rev. and Mrs. Milton Baty, Mrs. Bill Evans, Mrs. Melvin Tubbs, Mrs. Alvin Young and Alvin Jr., and Miss Sue Ganoë.

A reception was held immediately after the ceremony on the lawn. Cake and lime sherbet were served to the guests. The couple will make their home in Weatherford—Stephenville Daily Empire.

Entrance Requirements At University of Texas Have Been Liberalized

Austin, Texas, Aug. 1.—Good students from small high schools with limited course offerings and those who have one or more high school deficiencies can benefit from five changes liberalizing University of Texas admission requirements.

Beginning this fall, admission alterations will: Permit one unit in either agriculture or home economics to count as a natural science in the 15 high school units required for entrance. Increase from two to three the units accepted for band, orchestra, and chorus work. Permit any student who ranks in the highest quarter of his high school graduating class and the upper half of his group taking University aptitude and English tests to enter without any high school deficiency. Previously, he had to rank in the upper fourth of his test group.

DEAR FRIENDS

It is customary at Christmas Time, or Hico Reunion Time, to offer you our best wishes. But we are writing you this letter at this time to just plain thank you for the nice business that you have given us in the past.

It is through the cooperation of customers like you that we have been able to buy additional equipment for our service department which enables us to render all our customers better service.

We have the latest ANALYZERS... These are the only machines in town of this kind.

We invite you to bring your car into our service department while at the Reunion, for a complete check-up with these machines. You will be pleasantly surprised with the results.

If we have done a good job for you, tell your friends about us and if we haven't, tell us.

Sincerely,
George Jones

Carlos Smith is secretary manager of the Waco Production Credit Association. Dr. Carlos Smith is a physician in Uberaba, Brazil, and president of a large agricultural organization in that country. He is pictured in the film we made on our South American travels early this year.

When we showed the film for the PCA near Marlin one night last week, Carlos of Waco had a chance to see what Carlos of Brazil looks like, but not vice versa.

The Tomlinson Old Settlers Reunion campground south of Marlin is a favorite gathering place that dates back almost a hundred years. The present tabernacle, with its stage, etc., was built forty years ago and still in good shape.

Over at Rising Star, which was one of the first areas in Texas to get enthusiastic about hairy vetch, the folks are more interested now in vetch as a pasture and soil builder than as a cash seed crop.

A few years ago short seed crop such as the one this year would have been regarded as ruinous. Now, with good profits from beef gains on vetch pasture, they think little about it, according to Randell Reeves, local Soil Conservation Service man.

You never saw the country around Fredericksburg, Junction, Mason, and Brady looking much better than it does at this writing. Good rains have put green where we are accustomed to seeing brown in July and August.

Folks in west Texas and the West Cross Timbers say Crimmon Clever is fine for East Texas, and that it grows in the west, too, but not as well as hairy vetch.

Richard Nott, the young farmer from Worcestershire, England, who is now in Texas on an exchange basis for a year, some Texas Future Farmers having gone to England for similar study, is appalled at the lack of "land utilization" here.

Land is scarce for feeding so many millions of people in Europe and every square foot of the land must count.

During the war, you'll recall, they put some of the old fox hunting reserves on those English estates to work producing food.

The "Cave Without a Name" near Burnet, is as good a name as any. Then, there is Onion Creek near Austin, with a hamburger stand close by.

We hope all those "scare bought" items don't spoil under the beds and in the closets.

One town in Palo Pinto county is cancelling its regular weekly square dances after a run of nearly two years. We don't know whether interest is waning or whether it's too hard for the gents to keep in clean shirts.

June Sets Record For Production of New Chrysler Cars

It is announced by Joseph A. O'Malley, General Sales Manager of the Chrysler Division, Chrysler Corporation, that the month of June, 1950, set an all-time high for production of Chrysler cars. The figure is slightly over 10 per cent better than that for the previous high month, September, 1949, and approximately 16 per cent over the third highest month, January, 1941.

Another record was set by Chrysler in the week ended July 15, 1950, which brought the largest number of retail deliveries of Chrysler cars ever made in a period of seven days. This new all-time high for retail deliveries tops by 5.4 per cent the previous mark set in the week ended May 17, 1941.

Not only was June production a new high for Chrysler cars but it also saw a very large percentage of the more luxurious models come off the assembly line. Satisfyingly, with this tremendous demand, it will be impossible to make immediate delivery to all of our customers. We can assure these customers, however, that cars are being allotted to our dealers on a completely equitable basis, and we expect that every order will be filled in its proper turn, with fairness to all. We intend to continue to produce cars to the limit of our capacity, subject, of course, to possible changes in conditions that are beyond our control.

to go. New Yorker, Town and Country and Crown Imperial cars accounted for 24.2 per cent of the total.

"Even with this record production, our dealers are swamped with orders that they have been unable to fill," says Mr. O'Malley. "Every dealer in our entire organization of some 3,500 has asked us to increase his quota. Many have said that they would take all the cars of the current model we possibly could ship them."

"Inevitably, with this tremendous demand, it will be impossible to make immediate delivery to all of our customers. We can assure these customers, however, that cars are being allotted to our dealers on a completely equitable basis, and we expect that every order will be filled in its proper turn, with fairness to all. We intend to continue to produce cars to the limit of our capacity, subject, of course, to possible changes in conditions that are beyond our control."

"It should be borne in mind by those who are inclined to be impatient that our dealers accumulated a very large backlog of orders during the three months that our plants were struck early this year. On top of this came the accelerated demand for new cars caused by the unsettled international situation."

Highway Patrol's War On Speeders Showing Results

Austin, Aug. 1 (Spl.)—An even 60 Texans were alive at the end of June because of the Texas Highway Patrol's war against speeders. That figure represents the number of less lives lost in traffic accidents during that month than in May.

Walter J. Elliott, Chief of the Texas Department of Public Safety's Patrol Division, reported today that his men filed more arrests for speeding during June than in any previous one-month period in the history of the organization. In that 30-day month Patrolmen spread a total of 3,390 speeding charges on the arrest records of the state, thereby bringing to, at least, a temporary halt the continuing upward trend of traffic fatalities which has been noted each month since the beginning of the year.

Colonel Homer Garrison, Jr., Director of the State Safety Department, points to the 146 traffic victims of June and calls attention to the fact that this is a decrease of 19 over the same month of 1949. And referring to the fact that June was the first month of this year which showed a decrease he attributed it to the all-out directive issued by Chief Elliott to his men to "bear down" on the speeders.

"Speeding," Garrison stated, "accounted for the largest proportion of the 11,724 cases of all types filed during June by members of the Texas Highway Patrol."

He further stated that members of the Patrol filed 733 D. W. I. cases and 878 passing violation cases during the same period. The average rate of convictions in all traffic offenses was about 95 per cent he said.

TSCW MUSIC DEPARTMENT OFFERS CHAPEL CHOIR AS COMMUNITY SERVICE

Denton, Tex., Aug. 1—A Texas State College for Women Chapel Choir will present free musical services for Texas churches of any denominations on Sunday evenings beginning the first week in October.

The Chapel Choir will sing familiar and long-appreciated hymns when it presents programs under guidance of co-directors Philip LaRowe and Hubert Kaszynski. Both are members of the TSCW Music faculty, and Kaszynski is director of the famed Dallas Rotary Glee Club.

Included on the church programs will be short organ recitals by LaRowe and Scripture readings by TSCW speech students.

Inquiries should be addressed to Dr. William E. Jones, director of the TSCW Music Department.

YOUR BANK HELPS THE MERCHANT AND THE FARMER

● Have you ever stopped to think of the number of acres of farm crops which have been produced because your bank could invest money in loans to the farmer? In the free enterprise system which is the backbone of American economy, the bank is one of the keys to successful business operation. Good farmers, good ranchers, good merchants, successful professional men, and men of many skills have often been able to trace their success to a simple loan. Although loans are a mutual benefit to both the bank and the individual or firm, it is just one of the many banking services you can find at the First National. Let us tell you about them.
