AND THE FLAG FLEW UPSIDE DOWN — The American flag flies third on the staff and upside down at the American Indian encampment here as a protest to what the group says is the Indians' plight in the U.S. The demonstrators are slated to leave today for Washington on the final leg of the Longest Walk, a transcontinental protest march.

West Germany joins U.S. in criticizing Soviets

BONN, West Germany (AP) — President Carter and West German Chancellor Helmut Schmidt joined today in deploring Soviet prosecution of dissidents, with Carter declaring that his criticism will not be silenced and Schmidt citing Eastern European human rights violations.

"Our voice will not be stilled as we consider these violations, and others around the world, of human rights," Carter said.

At an impromptu news conference following their only scheduled bilateral talks, the first questions sought their reaction to the prosecution of Anatoly Shcharansky and others in the Soviet Union.

"We deplore this action by the Soviet government," Carter replied, citing not only Shcharansky's case but similar moves against Alexander Ginzburg and Yuri Orlov.

Seaking in German, Schmidt said: "I would like to express my full agreement with what the president has said."

The German leader added that "such actions" are also taken "in the other part of Germany" and said that he would like to remind U.S. reporters "that there are also people in Eastern

Europe who suffer under such conditions but are not given such public prominence" as the Soviet dissidents.

The U.S. president said it was obvious that "the courageous dissidents in the Soviet Union" are being tried, convicted and punished because they "sought basic freedoms" guaranteed under the Helsinki agreement, which he noted the Soviet Union "voluntarily signed."

Carter said he had just received a personal report from Secretary of State Cyrus R. Vance on what the president termed Vance's "constructive meetings" in Geneva with Soviet Foreign Minister Andrei A. Gromyko.

Carter's meeting with Schmidt followed a sedate official welcome here after a breakfast conference with Vance that touched on new difficulties in American-Soviet relations.

Carter, who reached Germany so late Thursday night that the welcoming ceremony was delayed, was received by President Walter Scheel under misty skies at Villa Hammerschmidt, the West German chief of state's official residence on the Rhine.

The Carter-Vance breakfast, also

attended by White House national security assistant Zbigniew Brzezinski, was the U.S. president's first opportunity to get a first-hand report from the secretary of state on Vance's just-concluded strategic arms limitation talks with Gromyko in Geneva.

Vance arrived here Thursday after two days in Geneva, during which there was no apparent breakthrough in the arms talks.

Those talks and, in a sense, the German-American summit here, were overshadowed by heightened Soviet-American tensions.

During the 7½-hour flight from Washington, an American official traveling with Carter said the president's sharp criticism of the trial of Soviet dissident Anatoly Shcharansky "certainly hasn't improved" relations between the United States and the Soviet Union.

The official, who declined to be quoted by name, said he was encouraged, however, by a widespread

echoing of Carter's criticism, saying it showed "global sensitivity to the human rights issue."

Acknowledging that "somewhat more friction" now exists between Moscow and Washington, he said that Americans should avoid a tendency to swing between "euphoria and belligerence."

Vance, during his flight to Germany, issued a statement saying he was "deeply distressed to learn of the heavy sentence" — eight years at hard labor — given to Alexander Ginzburg, another Soviet dissident.

Vance said Ginzburg has become "a symbol of selfless courage and dedication to principle," and concluded: "his well-being will be our constant concern."

Schmidt was an unscheduled participant in Carter's low-key arrival at the Cologne-Bonn airport. With the official welcome set for today, a protocol official of far lesser rank had been scheduled to greet the president and Mrs. Carter and their 10-year old daughter Amy.

\$8,021,330 budget approved

Surgeon named school trustee

By BOB BURTON

Dr. James Mathews, a surgeon at Malone-Hogan Clinic, was named to the Big Spring School board of trustees Thursday. Mathews, father of three children, two of whom are presently attending in the district, was cited as the best-qualified candidate by board member Charles Bell, who proposed Mathews after a brief executive session.

Mathews will take the seat vacated earlier this year by former board president Roy Watkins, who handed in his resignation after 11 years on the board. Mathews will hold the vacated seat through April, 1979, when Watkins' term expires and the seat is again up for election.

In other action, the board heard a lengthy budget proposal from Business Superintendent Don Crockett, and then approved an \$8,021,330 budget for the coming fiscal year. The budget represents a \$50,000 increase over this year's projected

budget, and is \$270,000 over projected revenue.

The projected budget would lower the school district's cash reserves to \$449,633 at the end of August, 1979, and would represent a drop in cash reserves of just over \$400,000 from August, 1978.

According to Crockett, the wild card in all this financing is the meeting of the state legislature in early 1979. Any action taken there could help or hurt the efforts of the district toward producing a balanced budget. This is the third consecutive year that the district has planned on using cash reserves to cover their proposed budget.

According to Crockett, the tax rate will stay the same.

Salaries soak up \$5,948,126 of the budget, up \$125,000 from last year. That increase includes a \$43,297 increase to the maintenance-custodial salaries.

"We're trying to get our men on a

level comparable to most industrial areas and other businesses," commented Crockett.

Instruction salaries rose \$33,004 and salary costs overall would have risen by an additional \$200,000 if the district had not reduced its staff by 20 persons over this year.

The budget is based on an average daily attendance of 4,850, down 50 from this year's average.

Total personnel will drop from 498½ positions to 470½ from this year to the next, with a reduction of 12 professional slots and 16 non-professional.

Crockett also provided the board with a breakdown of the cost per student in the district. On the average, each pupil cost \$1,397.25, nine dollars over the state average, and \$250 under the average of this region.

Added Crockett, "These figures are somewhat misleading. For example, on some students we spend as much as \$3,000 depending on whether they are in special education, athletics, or vocational training. But our college-preparatory student is the cheapest one in the system."

Under the proposed budget, the cost per student would rise to \$1,470.31 per student next year.

In other action, the board agreed to look at a lease drawn up with the Mexican-American Service Council for Kate Morrison school. If the lease provides the liability and protection the trustees want, the building could be rented for as little as \$1 per year.

Amado Molina, who appeared at the meeting representing the council, showed the board a list of 11 projects which he said the council would undertake at the facility. Projects ranged from a G.E.D. program for adult education to the creation of a 4-H Club centered at the facility.

Steve Waggoner was reassigned to handle the band director's job for the coming year.

The board also approved a presentation from Assistant Superintendent Harold Bentley on

goals the school district wishes to accomplish. More than a simple list, the district must show improvement over the year in the area selected as goals or their accreditation can be lost.

The five major goals selected by the committee are: Learning to be a good citizen, developing academic skills to be used throughout life, developing communication skills, gaining information needed to make a job selection, and developing awareness, tolerance and respect for others.

The 15-person committee which selected the goals based on community response to a questionnaire are Elizabeth King, Ray Abelar, Roy Watkins, Sherry Wegner, Pete Jones, Gus Ochotorena, Clyde Angel, Tommy Hart, Mrs. John Lipscomb, Dr. Steve Morgan, Connie Gary, Pat Deanda, Lynn Calvert, Helen Gladden and Craig Fischer.

The next school board meeting is scheduled for Aug. 10, following the public hearing on proposed 1979 budget.

State board votes against rise in homeowners insurance

AUSTIN (AP) — The State Insurance Board voted unanimously today against any statewide increase in homeowners rates.

Some homeowners will receive a slight increase, however, and others a small decrease because the board decided to adjust the figures for each value of insured house.

Board Chairman Hugh Yantis said that those with homes insured for about \$40,000 and up currently were paying too much, while those in a middle group starting at about \$15,000 were paying too little; based on the losses paid by insurance companies.

The insurance industry had requested a statewide average increase of about 13 percent, while the board's staff said a rate hike of about 11 percent should be granted.

Homeowner rates have not been changed since July 1976, and today's action will give the average Texas homeowner at least a year without a rate hike.

Yantis has stated for some time that

he felt there was no justification for a homeowners rate increase, and the other board members voted with him. Adjusting the relative standing of various value groups was seen as a compromise, and insurance industry spokesman Tom Lee said the adjustment had a higher priority than the rate increase.

After deciding against a statewide homeowners increase, the board voted these increases in other categories of property insurance:

- Fire, 9.4 percent
- Extended coverage, 6.6 percent
- Farm and ranch owners, 7.1 percent
- Tenant homeowners, 21.8 percent.

The increases will raise insurance company premium income by 4.2 percent, or about \$35 million.

The board will decide later on what date the increases will take effect, but one official of the agency said it would probably be about three months because of printing time for new rate manuals and delays imposed by state procedural rules.

Shcharansky sentenced to 13 years hard labor

MOSCOW (AP) — Dissident Anatoly Shcharansky, whose cause was championed by President Carter and became the center of an international furor, was convicted of spying for the United States today and sentenced to 13 years at hard labor, his brother said.

The 30-year-old Jewish activist was also convicted of "anti-Soviet agitation and propaganda," for which he must serve seven years concurrently with his espionage term, Leonid Shcharansky said.

The sentence was two years less than the 15 requested by the prosecutor, the longest prison sentence allowed by Soviet law. The charge of treasonable espionage could have meant the death penalty, but the prosecutor had cited the defendant's youth and clean record in asking instead for a prison term.

The verdict and sentence climaxed twin dissident trials that have brought the Carter administration into a confrontation with the Kremlin over human rights. On Thursday, a court in Kaluga, 100 miles south of here, sentenced dissident leader Alexander Ginzburg, 41, to eight years at hard labor.

Carter reiterated the U.S. position today in Bonn, West Germany, telling a news conference, "Our voice will not be stilled as we consider these violations, and others around the world, of human rights."

In a closing statement, Shcharansky said: "To my wife and my people I can only say, 'Next year in Jerusalem.' To this court which decided my fate in advance, I say nothing," his brother reported. "Next year in Jerusalem" is a centuries-old rallying cry of Jews dispersed from their homeland.

Just before word of the verdict, a dark green van believed to be carrying the defendant sped from the courthouse in central Moscow as supporters surged around it chanting, "Tolya! Tolya!" the Russian nickname for Anatoly.

Speaking to reporters and dissident friends outside the courthouse, Leonid Shcharansky said the judge specified that the first three years of his brother's term be served in prison and the remaining 10 in a labor camp.

Western correspondents were barred from the dissident trials and

ANATOLY SHCHARANSKY

depended on relatives of the defendants, and occasional briefings from court officials, for information.

While the West's attention was focused on the Ginzburg-Shcharansky trials, a third dissident — Catholic activist Viktorus Pyatkus — was sentenced Thursday in Vilnius, Lithuania, to 10 years at hard labor and five years of Siberian exile.

He, too, was found guilty of anti-Soviet agitation and propaganda, but why his sentence was longer than Ginzburg's was not known. Pyatkus was a founder of the Lithuanian branch of the Helsinki human rights group to which Shcharansky and Ginzburg also belonged.

Secretary of State Cyrus R. Vance said in a statement he was "deeply distressed" by Ginzburg's sentence but made no mention of Pyatkus.

Shcharansky in a defense statement to the court Thursday asserted that because he worked only to help others in the Jewish emigration movement, the Soviet government was being "immoral" by bringing him to trial, his brother Leonid told reporters.

He said he had been engaged in the "noble" work of helping others and publicizing their plight, but "it was a hopeless task to defend himself in this only half-open trial ... where invited spectators shout and jeer."

Focalpoint

Action/reaction: Truck miles erased

Q. I purchased a 1976 model pickup truck last year with 64,000 miles on the odometer. I traded it in this year when it read 84,000 miles. I noticed the other day that it is on a local car dealer's lot with 24,000 miles showing on the odometer. Where should I report this?

A. This is against the law, and carries a punishment of two years imprisonment and/or a \$1,000 fine, according to City Attorney James Gregg. The second time around the penalty is stiffer still. Report incidents such as this to County Attorney Harvey Hooser, who has an office in the Howard County Courthouse.

Offbeat: Sharing revenue

Big Spring's KBST Radio Station would have been \$80,316 richer if it could have passed for the City of Big Spring. Somehow (no one has come up with a logical reason why) the station received a check for \$80,316 in Revenue Sharing Funds that should have

been sent to City Hall. "I thought about trying to cash it down at the Seven-Eleven, but, being a good citizen, I just couldn't bring myself to take that much money from the city," said Carl McMillen, KBST Radio personality, who delivered the check to its rightful owners.

TV's best bet: 'Scalawag'

Two ho-hum movies at 7 p.m. are the best of tonight's lightweight entertainment. "Scalawag", on CBS, stars Kirk Douglas in a less-than-impressive role, in fact he gets upstaged by a drunken parrot. "The Last Dinosaur" is an apt title for ABC's offering starring Richard Boone as a man trapped in a "pocket of time". It's not a pocket you ought to pick.

Ambassador Young 'should be fired'

Fisher gigs president

By MARJ CARPENTER
If you are dissatisfied with the present administration, send Jimmy Carter a message and send a change to Congress...

Fisher claimed that U.S. Ambassador Andrew Young had belittled the United States again in a statement that there were political prisoners in our prisons...

Fisher then returned to his original stand of calling for a tax cut. "People in this country are sick of high taxes. That is why Proposition 13 has happened in California," Fisher pointed out.

He reminded the group that when taxes were cut in the United States in 1920 and again in 1962, the cut inspired booms. He said, "Tax cutting should not be partisan. The Democrats are trying to make it a partisan issue. The last time it was done, it was done by a Democrat. President Kennedy, and it worked. We need a tax cut again."

The candidate also pointed out that Germany had cut taxes in 1948 and Japan in 1950 to begin economic booms in that country.

(Photo by Marj Carpenter) VISITS IN BIG SPRING — Bill Fisher, Republican candidate for Congress from Abilene, is shown with Mrs. Clyde Thomas, president of the West Texas Republican Women, at a meeting at her home on Thursday.

"Most of our problems are economic. I am a CPA and tax attorney. You wouldn't go to a farmer to balance your checkbook," Fisher stressed.

The meeting was held at the home of Mrs. Clyde Thomas. She and Mrs. Polly Mays served ice cream to the group following the presentation.

Prior to Fisher's talk, Jim Innes, who is working in West Texas on the campaign of Bill Clements for governor, also spoke to the group briefly about the Governor's campaign in West Texas.

Young effective despite comments, diplomats claim

UNITED NATIONS (AP) — Other U.N. diplomats in general still rate Andrew Young an effective representative of the United States in the world organization despite the frequent storms caused by his remarks to reporters in his 18 months on the job.

"He's done a lot to convince the Third World of the sincerity of American policy. ... He's been good for the United States and the United Nations," said Canadian Ambassador William H. Barton, the current president of the U.N. Security Council.

Young, America's first black U.N. ambassador, drew sharp criticism in Congress and irritated the White House by saying in an interview this week with a Paris newspaper that along with the many political prisoners in the Soviet Union, "in our prisons there are hundreds, perhaps even thousands of people whom I would call political prisoners."

Young said in a statement Thursday he never "equated the status of political prisoners in the United States with that in the Soviet Union." He said he fully agrees with the strong condemnations by President Carter and Secretary of State Cyrus R. Vance of the treatment of Soviet dissidents.

Barton in an interview said Young was "crucified" by a writer who took the quotation on black political prisoners in the United States "out of context and blew it up."

Some of the diplomats interviewed were critical in varying degrees of Young's plain speaking.

Protest march invite issued

All persons interested in participating in the Hale County protest march are being asked to meet with the local chapter of the Brown Berets at 5:30 a.m., Saturday at the Westside Community Center.

The invitation was extended by Henry Menchaca, Brown Beret major.

The march will serve to draw attention to the fatal shooting of Timothy Rosales on a rural road near the community of Mayfield in Hale County.

The march and blockade of traffic will take place Saturday in Plainview, county seat of Hale County.

Lamesa Wise is selected top county agent in Texas

LAMESA — Dawson County Extension Agent Joe Ed Wise received a national achievement award as top county agent in Texas with less than ten years of service.

Wise has been the Dawson County agent the past year and a half and was selected for the Award by the National Association of County Agricultural Agents.

The award is based on outstanding contributions to agriculture and rural living and is presented each year to the top county agents in each of 50 states with less than 10 years experience.

Wise will be recognized at the state meeting Aug. 6-9 in Lufkin. Presentation of the award will be at the national meet Aug. 13-18 in Boise, Idaho.

Wise began his career as an assistant county agent in Dawson County. He was then county agent in Crosby

Precinct lines, tax rate remain same

LAMESA — The county tax rate and the precinct lines will remain the same, but the adult probation fee was changed from \$10 to \$15 at the recommendation of Judge George H. Hansard.

Mrs. Nadeen Blair, Senior Citizens director, was given permission to check into available funds to enlarge the building.

Election judges were named including Box 1, Bonnie Culp; 2, Virgil Groat; 3, L.D. Echols; 4, Leonard Scott; 5, Jerry Hall; 7, Guy Dunbar; 9, E.A. Truitt; 11, Fred Raney; 12, Mrs. C.B. Reid; 13, Juttie W. Dennis; 15, Russell Martin; 16, Jesse Stephens; 17, Turett Hobnett; 18, Mrs. Loy Phillips.

Moore given 8-year sentence

Hollis Moore, 43, San Angelo, was sentenced Thursday afternoon to eight years on charges of burglary of a habitation.

The jury deliberated the punishment from 11 a.m. until 3 p.m. before returning to the courtroom.

Moore was convicted Wednesday of the December 20, 1977 theft of a clock radio and a wall clock from J.C. McIntyre's home.

Only one witness was called in the punishment stage of the trial.

Deaths

Mark S. Walker

Mark S. Walker, 91, of Burlington, N.C., died at 2 a.m. today in a North Carolina hospital after a one-week illness. He was the father of Garrison Walker, of Big Spring.

Services will be Sunday afternoon at Cross Roads Presbyterian Church. McClure Funeral Home will handle arrangements, and burial will be in the Church cemetery.

Mr. Walker was preceded in death by his wife, Effie, in December, 1977.

Survivors are three daughters, Mrs. Dallas Anderson, and Miss Ruth Walker, both of Burlington, N.C. and Mrs. Ronald Cobb, Haw River, N.C., a son, Garrison Walker, Big Spring; eight grandchildren; and two great-grandchildren.

Mrs. Tarbox

LUBBOCK — A former Big Spring resident, Mrs. Elmer (Maxine) Tarbox, 55, died at 1 p.m., Thursday in Methodist Hospital here.

Mrs. Tarbox, of 4613 11th St., had been ill about six months. She was a former vice president of the State Representatives' Wives Association.

Tarbox, a one-time Ford Motor Company dealer in Big Spring, served in the state legislature from 1966 until 1976.

She was a member of the P.E.O. Sisterhood and a sustaining member of the Junior League of Lubbock.

Edgar Watkins

Edgar P. Watkins, 1503 Stadium, died this morning at 11:30 in a local hospital.

Services are pending at Nalley-Pickle Funeral Home.

Police beat in the nude for love?

Big Spring Police arrested an 18-year-old Big Spring man for indecent exposure, 10:36 p.m. Thursday.

According to reports, police responded to a call about a stalker "with an all-over tan" who was flaunting his wares near the corner of Fifth and Donley.

Charges may be filed sometime today.

A diamond wedding ring, a high school class ring and a dress were stolen from the home of Jacquelyn Harris, 214 N. Johnson, Thursday night. The merchandise was valued at \$235. Ms. Harris believes she knows who is responsible for the theft.

A purse belonging to Christi Turner, Coronado Apartments, was stolen from her car sometime between 2:30 and 4:30 p.m. Thursday. The purse contained ID and \$4 cash, and its total value was estimated at \$15.

Thieves rode off with a bike belonging to Gene Ira woman killed in crash

IRA — An Ira woman, Melodie Lavonne Mata, 22, died in an automobile collision 3.2 miles west of Ira about 3:20 p.m., Thursday.

Mrs. Mata was driving a car which was involved in a head-on collision with a truck being driven by Dan Thompson, 26, of Snyder.

Thompson and a passenger in his truck, Sara Kulapaca, 20, Snyder, were taken to a Snyder hospital where they are listed in stable condition.

Mrs. Mata was born Feb. 24, 1956 in Clovis, N.M. She had resided in Snyder seven years.

Survivors include her husband, Johnny, a daughter, Erica Michelle; a son, Heath David, all of the home; her mother Edna Gillham; a sister, Teresa Gillham; and two brothers Randall Gillham and Kenneth Gillham, all of Snyder.

For the record

Bill Fishback spent 25 years in the Coahoma School system before retiring at the end of the 1977-78 school year, not 20 as the Herald reported in its edition Thursday. Fishback was elementary school principal at the time he went into retirement.

Red carpet rolled out for Mississippi family

Once again an out of state licensed car was pulled over by Texas State Trooper Glen Redmon only to find an offer of the Big Spring red carpet rather than a ticket.

The victims of the fourth Big Spring Hold Up are David and Ella Wells and their children, Craig and Robin from Laurel, Miss. They were in route to San Diego, Calif., when they were stopped some 15 miles east of Big Spring.

The Big Spring Hold Up program is a part of the continuing effort by the Convention & Visitors Bureau to promote Big Spring as a tourist and convention attraction. The preceding Hold Ups have proven most successful, but the success is attributed to the co-operation of the Texas Department of Public Safety, the local merchants, motel operators and the friendly people of Big Spring, along with the

coverage by our local news media.

The Hold Up was made possible this time by the American Motel, Herman's Restaurant, the Brandin Iron restaurant, T.G.&Y. in Highland South shopping Center, Foodway Supermarket, Johansen Landscaping and Nursery, Casey's R.V. Center, Texas Electric Service Company, and Baskin-Robbins Ice Cream. A key to the city of Big Spring will be presented by Mayor Wade Choate.

When asked if they would stop for a night in Big Spring, Wells said they'd "stop for a free night and free swim anytime."

"I thought something might be wrong with the luggage rack on top when I first saw that the patrol car wanted me to pull over," Wells laughed. "This certainly beats getting a ticket."

'Project 230' key item in Clements' campaign

Bill Clements, Republican candidate for governor of Texas, will use what he calls "Project 230" in his bid for the post, according to Jim Innes, Clements' advance man.

The name of the plan is derived from the 230 counties in Texas which are predominantly rural.

"Texas has 254 counties, and 230 of these are rural counties," explained Innes. "During the primary we concentrated mainly on the 24 metropolitan counties where the candidate is better known. But now we will try for some name recognition in the rural areas of the state."

Innes was in Big Spring all day Thursday, stumping for the Republican hopeful.

Clements' target in the upcoming campaign against Democratic nominee John Hill will be the independent Democrat who had supported Governor Dolph Briscoe for re-election, Innes emphasized.

"Clements took 82 per cent of the Republican vote in the primary election, and it is almost a foregone conclusion

that he will have the support of that party in the election," said Innes. "But in order to win we will have to attract the Independent Democrats who don't feel they can support Hill."

So far, he said, the prospects of such a plan have been encouraging. In 46 rural cities in which the Clements team has touched base, 23 former Dolph Briscoe re-election campaign managers have shifted their support to the Republican nominee, according to Innes.

"Our plan is to approach the Democratic leadership in as many towns as possible in these 230 counties. We think that there is the feeling that John Hill represents a liberal element that isn't very popular in this part of the country," said Innes. "With some name recognition, we can convert anti-Hill votes into pro-Clements votes," he added.

Innes views Big Spring as a "very conservative" community, and hopes that it will prove to be a Clements, stronghold in West Texas.

The Captain and Tennille booked for Midland concert

The musical team of The Captain and Tennille will offer a concert in Midland's new all-purpose facility, Chaparral Center, at 8 p.m., Friday, Sept. 15.

Ticket requests are now being accepted at the center. The tickets are \$7.50 each. Requests should be mailed to Chaparral Center Tickets, Midland College, 3600 N. Garfield, Midland, Texas 79701. A check or money order should accompany each request, along with 50 cents for each ticket order. A stamped, self-addressed envelope must accompany each order.

Tickets will be allocated for the best seats in the order applications are received.

In real life, The Captain and Tennille are husband and wife, Daryl and Toni Dragon. They starred in a network television show a couple of seasons ago and have accumulated four gold albums, five gold singles, a platinum single and two platinum albums.

Chaparral Center is scheduled for completion at the end of this month. It will have permanent seating for 5,000 persons. In addition, 1,200 seats can be moved onto the floor. There is parking for 1,700 cars on an adjoining lot.

GAFFNEY, S.C. (AP) — When the peach pie created to celebrate the South Carolina Peach Festival came out of the oven, it was official — the largest pie ever baked, weighing 20 tons and measuring 25 1/2 feet across.

The pie, baked for 50 hours by 600 volunteers, will serve about 75,000 people visiting the festival. Event officials said Thursday that the new record was certified by representatives of the Guinness Book of World Records.

Crew escapes injury

CONYERS, Ga. (AP) — Work crews escaped injury when a crane's cable supporting a derailed tanker slipped, dropping the car which contained flammable liquid aluminum alkalioid six feet to the tracks.

"Everybody got pretty scared for a minute but it didn't rupture," a worker said, as they continued efforts to clean up Thursday, three days after a 64-car Atlanta-to-Augusta freight train derailed, forcing evacuation of 500 people. All but 50 have returned home. No one was injured by the derailment or during Thursday's close call.

KANSAS CITY, Mo. (AP) — Missouri's attorney general is suing the National Organization for Women, claiming the feminist group violates antitrust law by trying to keep convention groups out of Missouri until the state ratifies the proposed Equal Rights Amendment.

Attorney General John Ashcroft Thursday said the boycott effort by NOW has cost Kansas City more than \$1 million in convention traffic. A trial is set for Oct. 23 in U.S. District Court here.

Power station sets record

WISCASSET, Maine (AP) — The Maine Yankee nuclear power station has set a record for continuous operation, 392 days, during which it produced more than 7 billion kilowatt hours of electricity, an amount that would require 13 million barrels of oil.

The plant is closing today for refueling, Maine Yankee Atomic Power Co. officials said. A third of its 217 uranium fuel assemblies will be replaced. Customers relying on the plant will receive electricity from the New England Power Pool.

AUSTIN — Agriculture Commissioner Reagan V. Brown Thursday announced the appointment of two key staff positions within the Texas Department of Agriculture.

The new Deputy Commissioner in charge of administrative affairs is R.T. (Bob) Williams. Clemon Montgomery was named Deputy Commissioner in charge of field operations.

Other promotions made official in the announcement Thursday include those of Ray Prewett, Assistant Commissioner for Program Development; and Helen London, Executive Assistant.

"These promotions are a major part of my recent reorganization process," Brown said, "and I have every confidence that these changes will enhance the coordination and expansion of our services to the people we serve."

Williams, a native of Slaton and a 26-year employee of TDA, had served as Assistant Commissioner prior to the new post.

A native of Sweetwater, Montgomery joined TDA in 1969 and was regional administrator until his new appointment.

High winds punish already dry croplands

AUSTIN — As temperatures soar past the 100-degree mark in many areas and high winds punish already dry croplands, Texas crop production estimates continue to decline, according to a report by the Texas Department of Agriculture.

The Texas Crop and Livestock Reporting Service estimates wheat production to total 52 per cent of the 1977 crop, down to 56.7 million bushels. Planted acreage has also declined 43 per cent from a year ago, down to 2.7 million acres.

"Our wheat this year just didn't have too much of a chance," commented Agriculture Commissioner Reagan V. Brown. "Most of the non-irrigated fields were either grazed out early in the season or plowed up when it became clear that we couldn't make a crop without rain."

No estimates have been made on this year's cotton or grain sorghum crop, but some substantial acreages of cotton and sorghum on the High and Low Plains, key production areas, have had to be replanted due to losses from hail and washing out. Grasshopper damage has been reported by local observers in several areas of the state, Brown said.

Corn production is expected to total 133 million bushels, a 10 per cent reduction. Yields have been cut three or four bushels per acre, with many fields stressed from lack of rain. Harvest is expected to begin in late July.

The drought has also hit the peach crop, with harvest to decline 17 per cent from last year's large crop.

Goodfellow hopes mount

SAN ANGELO — The Department of Defense has undertaken a move which would indicate that Goodfellow AFB here could be deleted from a list of base destined to be phased out.

Congressional candidate Nelson Wolff, a Democrat, said he had recently been assured by John White, deputy secretary of defense for manpower, that Goodfellow will be one of three or four bases considered for the consolidation of cryptological training mission for all branches of the military into one unit.

Two San Angelo residents, L. Gray Beck and Tucker Sutherland, are now in Washington as representatives of the Political Action Committee of the San Angelo Chamber of Commerce and the Board of Civic Development.

According to Mitchell County Sheriff Bill McGuire, a preliminary examination of the body in Dallas Thursday revealed that the result of a single stab wound and that there were no other marks on the body.

Although no arrests had been made late Thursday, McGuire said there is a lead in the case.

Services for Mrs. Williams are scheduled for 4 p.m., Saturday in Calvary Baptist Church, with the Rev. Bob Grayson officiating, assisted by the Rev. Wayne Oglesby, pastor of the Oak Creek Baptist church. Burial will occur in Colorado City Cemetery.

Mrs. Williams was born May 21, 1947, in Colorado City and had resided here all her life.

H.W. "Hack" Wright, Silver Hills Addition, underwent open heart surgery at St. Mary's Hospital in Lubbock, and is doing well today.

Police report lead in stabbing death

COLORADO CITY — Investigators are running down every clue in the death of Girlie Ann Williams, 31, whose body was discovered near the Buford Gin outside the city limits about 11:30 a.m., Wednesday.

Mrs. Williams was first reported missing Tuesday morning.

According to Mitchell County Sheriff Bill McGuire, a preliminary examination of the body in Dallas Thursday revealed that the result of a single stab wound and that there were no other marks on the body.

Although no arrests had been made late Thursday, McGuire said there is a lead in the case.

Services for Mrs. Williams are scheduled for 4 p.m., Saturday in Calvary Baptist Church, with the Rev. Bob Grayson officiating, assisted by the Rev. Wayne Oglesby, pastor of the Oak Creek Baptist church. Burial will occur in Colorado City Cemetery.

Spectre of inflation worries us

If your income is matching your outgo these days, you're lucky. A lot of families are losing the battle of the budget.

In fact, if some of them knew where the Office of the War Against Poverty was, they'd go in and surrender.

Washington officials, among them Charles E. Schultze, chief economic advisor to President Carter, concedes that things are not turning out nearly as well as the administration had hoped. The value of the dollar keeps sagging overseas and it isn't respected too much any more in this country.

BOTH THE inflation rate and the economic growth rate bid fair to be worse in 1978 than had been predicted earlier. In some areas, the employment outlook is good and is going to get better. In others, however, unemployment will again become major causes for worry.

Schultze said recently we face a growth rate of 4 to 4.5 per cent both this year and next — down from an earlier projection of 4.7 per cent.

The spectre of inflation constantly nags at the Washington establishment. It could hit seven per cent, whereas Schultze and Mr. Carter had

hoped it would not exceed 6.25 per cent.

Carter and other members of the administration are preparing a package that will include both a projected tax cut and tax reform. In the wake of what happened in California, where Proposition 13 was adopted by a 2-1 margin, Congress might be receptive to cooperate with a move to give the wage earner a break in the way of a tax cut.

IF THE ECONOMIC indicators point to more inflation and more unemployment, we're headed back into the throes of something which

now bears the name of "stagflation." No sector wants a part of such a condition — industry, labor or government. In a period of "stagflation" we have both escalating prices on products and labor plus an economic slowdown. Curreals are offered by the economists. It just depends on who you talk to. Prescriptions range from clamping down hard on government spending to putting controls on both wages and prices. Carter will shy away from the latter maneuver as long as possible.

If controls become necessary, he should move with great alacrity, however.

Other nightmare

Evans, Novak

CAIRO — A military map kept in a locked cabinet in the office of Gen. Abdel Ghany Gamas, Egyptian defense minister, reveals more clearly than the words of politicians how far Soviet penetration of key African states has proceeded, which the U.S. plays by Marquess of Queensbury rules.

It shows that Soviet military advisers in Libya have doubled to 2,200 since Egypt gave Libya a swift blow last year in a bloody border dispute. It shows that these Soviet advisers are training Libyan troops down to the company level, with three to five "technicians" assigned each battalion.

EGYPT TODAY HAS little to fear from oil-rich but relatively powerless Libya, headed by the radical pro-Soviet leader, Col. Muammar Qaddafi. But the legends on Gen. Gamas's colored map point to this conclusion: while the U.S. flinches from any use of superpower power, the Soviet Union is penetrating key African countries with no such scruples, using money, propaganda, dirty tricks, guns and Cuba.

Egypt is a principal target. "They want to get even with President Sadat," Gamas said, for Sadat's expulsion of Soviet influence here in 1972.

Speaking with diplomatic restraint, Boutros Ghaly, Sadat's chief African specialist, expressed the same point differently. He told us that major African states south of Egypt, where for centuries Egypt has blocked potential enemies to protect its Nile River lifeline, fear that the U.S. has "drawn a Korea-type defense line" excluding Africa. Another high Egyptian official said that "the cold war has moved to Africa, and any idea that the continent can be ruled off bounds in the U.S.-Soviet competition is an illusion."

Sadat was specific: Soviet pressure in Ethiopia, Chad, Sudan and Libya, with an eastern anchor in South Yemen at the southern tip of the Arabian peninsula, is "the first belt" of Soviet influence across Africa.

The "second belt" is targeted across southern Africa, from Angola to Mozambique. Neither belt has been buckled. In the north, for example, France is successfully contesting the Soviets in Chad, Sudan, Egypt's southern neighbor and close ally, has turned back Soviet efforts to exploit cultural, religious and racial differences between the Arab north and black south. But the new Soviet presence in Ethiopia is a mounting threat to Sudan — an thus to Egypt.

The problem for Sadat is the future, is the Soviet Union pushes its aggressive role and the U.S. keeps insisting that Africa is no place for East-West confrontation. During Vice President Mondale's brief stop in Alexandria to see Sadat, the Egyptian president warned that Moscow's renege in Africa was shredding confidence in the U.S. and creating Soviet strong points throughout the continent for future opportunities.

Sadat's worry seems reasonable. Ever since he ordered 15,000 or more Soviet advisers out of Egypt, cut dependence on the Kremlin and edged toward the U.S., Moscow has threatened retaliation. Sadat claims that a dressing-down of then-Foreign Minister Ismail Fahmy by Soviet President Leonid Brezhnev in Moscow two years ago amounted to an ultimatum.

He described this ultimatum to us as follows: "Tell Sadat we shall continue to have our plans in Africa and he will meet the consequences of trying to oppose us there."

THE "FIRST BELT" across north-central Africa, if completed, would threaten Egypt with encirclement, yet neither Egypt nor any other anti-Soviet country can begin to muster adequate resources in response.

In fact, however, Sadat knows that a U.S. counter-strategy of the kind envisioned by him is not today under serious discussion in Washington.

Sun spots a young adult skin problem

Dr. G. C. Thosteson

Dear Dr. Thosteson: Four years ago I had a skin problem called "tinea versicolor." I've been using the same medicine (Selsun Brown) for the last four years. After using this the spots disappear for three to four months but always come back. Is there a different medicine to keep the spots away for good? — P.C.

I suspect you are a young adult. This troublesome skin disorder most often affects that age group. It is the chief cause of so-called sunspots, whitened areas that do not tan like surrounding skin.

Tinea refers to a large group of skin infections caused by various fungi. Tinea versicolor is so named because of the formation of various-sized spots on the skin, usually from white to brown. They usually appear on the chest, neck and abdomen, although they may pop out on the face occasionally. They are more of a cosmetic nuisance than anything else.

The substance you are using (selenium sulphide) is about as effective as anything available. There are others, such as solutions of sodium hypochlorite and a mixture of sulfur and salicylic acid. These should be tried only with the advice and prescription of a doctor. They can irritate and do more harm than good.

It is best to apply your medicine for three or four days at bedtime and wash it off in the morning. If irritation occurs, it should be washed off soon after application.

This usually prevents recoloring of the spots for several months. Unfortunately, tinea versicolor is notorious for coming back (usually in from 6 to 12 months). It is more common among younger people in hot climates, because they perspire more and become overheated. This may cause itching.

Dear Dr. Thosteson: I am a headache sufferer. I was given a prescription of tablets to take (named elsewhere in the letter) and when I take them I notice slightly blurred vision and a numbness in my legs. Is this common? — Mrs. P.H.

No, it is not normal and should be reported. You should stop taking the preparation, which I note contains small amounts of ergotamine. This acts on the nervous system. In persons sensitive to it it can cause these symptoms, especially if taken in large doses.

Dear Dr. Thosteson: Would you please tell me anything you know about Stevens Johnson syndrome. We were told it was a virus and also a reaction to an antibiotic. Is this true? Will it come back? We were told it

would take three or four months to get over this. — F.T.M.

This is a serious form of what is called "erythema multiforme." There is a redness of skin and blisters in various areas, including the mouth and the conjunctiva of the eyes. The cause is unclear in about 50 per cent of the cases. In children it is usually caused by a virus. In adults, drug reaction seems the commonest detectable cause, chiefly from penicillin, sulfonamides or barbiturates.

Mild cases may subside in a month, but others take longer. There may be recurrences. Corticosteroids can be used if mouth or eye lesions, for example, become severe.

Dr. Thosteson: In facelifts is there a

possibility of the stitches eventually pulling apart? — D.J.

Facial skin heals rapidly and once healed it is fixed. The stitches, of course, are removed promptly, as soon as healing occurs. Have no fear of your lift suddenly "dropping."

Dear Dr. Thosteson: What would cause odor from the genitals of a two-year-old girl? — Mrs. T.C.

It could be infection or poor hygiene. It often results from a foreign object. Children this age become curious about their bodies and may handle themselves, often with small objects in their hands. In any event, this should be reported to her doctor. Baby doctors are quite adept at removing such objects, if that is what is causing the odor.

Big Spring Herald

Mailbag

Dear Editor:

How quiet and still the skies over Big Spring are these days. It's almost as if the great heart within the city has died, but we know Big Spring lives on at a slower pace now.

Wouldn't it be wonderful if we could have something here to remind us and every passerby that this once a thriving busy place to be, that it still held the charm of a place that can only be called home, as so many have who lived all over the world yet came back to Big Spring. Although it is not their native home but where they have made their home.

What I want to suggest is an air museum to remind us of the great part we played in the growth and defense of our country. If not a live Air Force here, why not a dead one?

This sounds like an impossible project but it is not. It is possible to obtain aircraft that was built to defend this country, but has been "phased out" for a non-profit organization such as this. We have the land available to us and already several people as backers, what we need is interest from the people in Big Spring.

My answer

Billy Graham

DEAR DR. GRAHAM: I am active in my church, but I don't believe I am really a Christian. I have tried to repent and ask Jesus into my life, but nothing has happened. Can you help me? — C.W.

DEAR C. W.: Whether or not you have been truly born again is not for me to say — God alone knows that. The important thing, however, is that you take the necessary steps to have real assurance of your salvation.

The Bible says there are several things we must know to become true Christians. First, we must know that we are sinners. God is holy, but we have sinned against Him. From what you say you are probably a very moral person, and yet in God's eyes you have sinned — both by sins you have committed and by things you should have done but failed to do. The Bible says, "For whoever keeps the whole law, and yet stumbles at just one point, is guilty of breaking all of it" (James 2:10, New International Version).

Also, we must know that Christ came to save us from the penalty of our sins and give us salvation. He did this because He loves us and because we cannot save ourselves by our good works. No matter how active you have been in your church, that alone will not save you. Only Christ can, and He died on the Cross to pay the penalty for your sins. By simple faith in Him, trusting what He has done for us, we can be saved.

Then the Bible says we must commit our lives to Christ by faith. What does this mean? It means I turn from my sins and yield myself to Christ as Lord and Saviour. You can do that by a simple prayer of confession and faith.

Have you done that? If so, Jesus Christ has promised to save you. He did not promise that you would necessarily feel different, but that you would be His child. He cannot lie. By faith, accept the fact that you are a child of God if you have invited Christ into your life.

Coffee can help

Around the rim

Bob Burton

It's great to know you're appreciated, and the cards and letters that really trickled in after Mrs. D. called this space "blah" were just great. Even Mrs. D. wrote to say that she appreciated how tough it is to try to be interesting on a schedule.

Thanks, Mrs. D. And now on to other things. In Runner's World, which must be a rarity around here, coffee was returned to an acceptable drink for health nuts this month. Due to the ill effects of caffeine on the "natural" body, most yoghurt heavies have stayed away from the businessman's fix. But RW revealed some new tests which show that coffee can actually improve athletic performance.

ACCORDING TO THE tests, two cups of coffee about an hour before running can cut valuable time off a marathoner's score, and should help other athletes, too. Here's the reason why: the body burns fuel, mostly in the form of glycogen and other sugars, and also burns fats, or fatty acids to be more accurate. Coffee makes more of the fatty acids available to the muscles for use, and hey presto, more energy.

Caution is still in order, and a bit of thorough testing on yourself. Try it. Use different amounts on different days and see what works for you, if anything.

"The times, they are a changing" sang Bob Dylan, and everyone except Al Scott might reply, "Who cares?"

Changed mind

Jack Anderson

WASHINGTON — Stern, ramrod-straight Sen. Strom Thurmond, R-S.C., the very model of a reserve major general, marches up and down Capitol Hill as if he were leading an unseen parade. Neither rain, sleet or hail can turn him back once he is in full stride.

Yet a gaggle of lobbyists, upholding the right of candy and cereal makers to push their sugary foods upon small children, have caused Thurmond to do a rare about-face.

The battle lines were drawn by the Federal Trade Commission, which sought to ban TV advertising aimed at children. The 75-year-old senator, his banner held high, rushed at first to the side of the little children.

HE FIRED OFF a militant private note to Chairman Michael Pertschuk, congratulating him on his efforts "to clamp down on television ads for sugary foods directed at children. I am personally glad to see this proposed ruling, and hope the commission has the courage to continue to abide by its decision."

But it was Thurmond, not the commission, who lost courage when the lobbyists began bombarding his position. With \$600 million a year at stake, the lobbyists defended children's commercials with heavy artillery.

Suddenly, the two-star senator executed a 180-degree turnaround and began marching off in the opposite direction. He wrote another letter to the commission, explaining that he has changed his mind and now opposes any restrictions on children's advertising.

It was a curious capitulation for the steadfast Thurmond, who used to stand on his head to keep physically fit and once defeated ex-Sen. Ralph Yarborough, D-Tex., in a one-fall wrestling match in a Capitol corridor. Explained Thurmond's office: "The more he thought about it, the more he thought it was just more bureaucratic regulation. But I don't think the lobbying was a determining factor."

Footnote: The Chocolate Manufacturers Association, meanwhile, has hired the law firm of ex-Federal Communications Chairman Richard Wiley to fight the proposal. Wiley assured us he "thoroughly checked it out and is absolutely sure there is no conflict."

TITO'S REVENGE — Congress wants to erect a monument to a Yugoslavian general who saved the lives of American soldiers during World War II. But the old communist curmudgeon, Marshal Tito, has objected thunderously to any tribute to his old war rival. The flap is turning into an international incident.

IN 1944 TITO'S top rival in Yugoslavia, General Draza Mihailovich, kept more than 500 American flyers alive and then airlifted them to freedom from 40 miles behind Nazi lines. After the war, however, Tito triumphed over Mihailovich in an internal civil war and shot him as a Nazi sympathizer.

Now, three decades later, as a bill to let the airmen honor the general was breezing through Congress, Tito decided that any statue honoring his old enemy would be a personal affront. Tito's foreign ministry summoned American Ambassador Lawrence Eagleburger and issued a "most energetic protest" against the monument.

Eagleburger told Rep. Clement Zablocki, D-Wis., in a private letter that the monument "has been the subject of vociferous complaint during each of my courtesy calls on senior Yugoslav officials."

But the sharp-eared Al, who editor Walt Finley would describe as "holding a classified position at the Herald," noticed a distinct change in the way media gunfighters command their victims (good or bad) to raise their hands:

- "The Thin Man", William Powell, 1935 "Stick 'em up"
- "Melody Ranch", Gene Autry, 1939 "Stick 'em up"
- "They Drive by Night", George Raft, 1941 "Reach for the Sky"
- "Night Raid of the Vigilantes", Don Berry, 1951 "Reach for the sky"
- "Gunsmoke", James Arness, 1969 "Don't try it — I don't want to have to kill you."
- "FBI", Efram Zimbalist Jr., 1970 "FBI Freeze."
- "Starsky and Hutch", David Soul, 1977 "Police officers. Freeze!"
- "Police Woman", Angie Dickinson, 1978 "Hands behind your head, up against the wall, spreads those legs"
- Great Al. But what's it all mean? And who said "Grab some blue?"

FINALLY FOR this week, you Rim critics who think you can do better, go ahead! Send your copy to Twentieth Century Fox, which is sponsoring a talent search for comedy writers. Include a teleplay and an excerpt from a screenplay, but not more than 45 pages total. Then, when you get hired at a hefty salary, write me. I'll mention you to the hometown folks. There, now wasn't that a pleasant way to end the week?

The State Department, concluding that a live dictator is more valuable to U.S. interests than a dead hero, has warned Congress of the "extreme umbrage . . . (the) Yugoslav government and President Tito personally could be expected to take" if the monument is built.

DUPONT DEPARTS — Our continuing exposes of corruption inside the National Institute on Drug Abuse have finally forced the agency's director, Robert DuPont, to resign. But the drug agency is still controlled by the same cozy clique that has allowed conflicts and cronyism to flourish there.

The agency, with its \$260-million annual budget, has now been handed over to DuPont's right-hand man, Karl Bestman. There's no reason to believe, therefore, that there will be any substantial change in the system that parceled out lucrative jobs to cronies and consulting fees to the wives of top officials.

These charges have been confirmed, incidentally, by federal authorities who will be questioned on Capitol Hill.

DuPont, meanwhile, has not been punished but rewarded for his mismanagement. He has received the plum assignment as a special assistant in the drug agency's parent organization, the Alcohol, Drug Abuse and Mental Health Administration.

DuPont promises he will leave the government by the end of the year. But the taxpayers, meanwhile, will continue to pay his \$47,500 salary while he hunts for other job.

CRIPPLED EFFORT — Federal officials are prodding private businesses to open their doors to handicapped workers, but the government is less diligent about its own discrimination.

The story is exemplified by Evan Kemp, a young lawyer for the Securities and Exchange Commission.

For five years, Kemp rose steadily through the SEC hierarchy. But the agency refused to give him a parking space, even though he has a rare neuro-muscular disease. In 1971, he was hit by a garage door and has been confined to a wheelchair ever since. He hasn't been promoted since the accident; for years, he couldn't even get into a bathroom at the SEC.

"The parking situation was handled badly," SEC executive director Ben Milk admitted to us. "They should have been more sensitive to his needs." But the spokesman denied that Kemp was passed over for promotion because of his disability and assured us the agency is making improvements for the disabled.

What would we do without hamburger?

If the hamburger is not America's favorite food, it comes close. Ten years ago, 25 percent of all beef produced in this country went into ground meat. Today the figure stands at 40 percent. To clinch it: "More than 50 percent of all meat consumed in American homes is hamburger."

The quote is from David H. Stroud, president of the national Livestock and Meat Board, who said that in response to this demand a new breed of cattle is being developed: the "hamburger steer." Great news for the generation which has grown up convinced that if you're out of hamburger you're out of food.

Happy Beachhead

If you've ever taken a child to the seashore, you know what that first glimpse of the ocean can mean to a youngster... the lure of fascination... the foreboding of fear. Which will win the struggle?

But what a delight when hesitation ends and Jeannie finds her happy beachhead down where the waves wane, and the tide seeks its rest.

And if you've ever taken a child to Sunday School, you know what that first glimpse of strange surroundings can mean.

But, even if there are misgivings that first Sunday, Jeannie soon finds her happy beachhead. And one day she'll plunge bravely and confidently into deeper reaches of the vast spiritual ocean that surrounds life.

Anything as vital as religious education deserves an early and earnest beginning.

house at Sweetwater with a justice of the peace officiating.

Kinsey was raised at Bonnerdale, Arkansas. Mrs. Kinsey was raised at Dundee.

Kinsey worked for Snowwhite Creameries from 1928-1933. He then became plant manager for Dairyland Creameries.

From 1944-1971, he was co-owner and operator of the Big Spring Locker Plant, located at 100 Goliad. Since that time he has been semi-retired, working part-time for Dub Bryant's Auction Co.

The Kinseys have been residents of Big Spring for 41 years. They are active members of the Trinity Baptist Church.

Members of the house party will be their grandchildren, Debbie and Malinda Sweeten, Minot, N.D.; Karen Nachlinger, Hermleigh; Becky Wall, Snyder; Lisa Sledge, Sweetwater, Glenda Long, Judy Jones, Jimmy Jones, Larry Smith, Big Spring; and Brett Kinsey, Austin.

The color theme will be gold and white. The table will have a gold tabellecloth with an overlay of white lace. The appointments will be crystal and silver. The cake will be white, three tiers with a cascade of gold roses topped by a bride and groom. Kray Shaw is making the cake.

Friends of the Kinseys are invited to attend the open house event.

Shower fetes Miss Proctor

The John Smith home received bridal shower guests honoring Laurie Proctor, bride-elect of Randy Burks, Wednesday evening.

Pink silk corsages were presented to the honoree and mothers of the prospective bride and groom, Mrs. Jimmy Burks and Mrs. Don Proctor.

Miss Proctor's chosen colors of pink and sea-foam green were featured in the pink damask-covered serving table. Crystal appointments offered an assortment of fresh fruits, cheese and tea cookies.

Hostesses for the event included Carrie Barber, Freda Hoover, Dorothy Smity, Nedelene Speegle, Smith, Nedelene Speegle, Vevogene Williams. Their gift to the couple was a serving piece of pottery.

The couple will be married Saturday evening in St. Mary's Episcopal Church.

Son born to Ezells

Mr. and Mrs. Herschel F. Ezell III of Dallas announce the birth of a son, Chase Christopher Ezell, born Friday, July 7 in a Dallas Hospital.

The infant weighed 7 pounds 9 ounces. The grandmother is Mrs. Gloria Strom of Big Spring and the great-grandmother, is Mrs. Carl Strom, also of Big Spring.

MR. AND MRS. JOE NEAL BRADSHAW

Reception marks 50th anniversary

Mr. and Mrs. Joe Neal Bradshaw will celebrate their Golden Wedding anniversary with a reception from 2-5 p.m. Saturday in the home of their daughter, Mrs. Steve (Dorothy) Barrington, 1 1/2 miles north on the Lubbock Highway, Lamesa.

Hosting the event are the Bradshaw's children and families. They are their daughters, Mrs. Barrington, Lamesa, Mrs. Edgar (Margaret) Ray, Big Spring, and Alvin Bradshaw, Borden County; their grandchildren, Linda Branon, Lamesa, Tricia Diers, Lubbock; Deborah Larson, Hurst, Michele Ray, Big Spring, Bryn Bradshaw, Borden County, and Shana Bradshaw, Borden County; and their great-grandchildren, Sean, Neal, Joey and Jenny.

Locals attend convention

The Big Spring Auxiliary 3188, Fraternal Order of the Eagles, met Monday evening at the Aerie home.

Kay Porter, madam president, presided. Chairpersons appointed were Edna Mae Dalton, High Sky Girls Ranch; Nell Tippie, Jimmy Durante Crippled Children's Fund; Kay Porter, Art Erichman Cancer Fund; and Mary C. Sayers, Max Baer Heart Fund.

Aerie and auxiliary members attending the District 4 convention in San Angelo were Mr. and Mrs. J.M. Dalton, Mr. and Mrs. W.T. Brewer, Mr. and Mrs. R.H. Sayers and Nell Tippie.

The application of Lee W. Askew was approved. Initiation is July 24.

Bettie Boyd, ways and means committee chairperson, announced that sandwiches are to be sold at the Aerie Activity on Thursday beginning at 8 p.m.

A pot lunch dinner is scheduled for 6:30 p.m. Friday at \$2 per plate. Plates to go will be available for the same price. Ben Nix will provide music for the group Friday from 9 until midnight for \$5 per couple.

The next District 4 Convention will be hosted by the Big Spring Aerie 3188 Sept. 16 and 17.

The next meeting is July 24 at the Aerie home.

TWEEN 12 and 20 — Sex, maturity not same thing

By Robert Wallace, Ed. D

Dear Doctor:
I am 16 and have been dating an older guy for six months. I was brought up to believe that sex should be saved for marriage until my boyfriend convinced me that it is alright if it is a meaningful relationship.

I now really think sex is wonderful and I'm truly not ashamed of it. Recently my mother found my contraceptives in my drawer and I'm not allowed to date until I'm older. Don't you feel that a person should be judged by maturity rather than age?
T.T., Bellevue, Wash.

Dear T.T.:
Yes, but don't relate maturity with sex.

Dear Doctor:
My girl friend's mother is very mean to her. In fact, I feel she may have a mental problem. My friend won't be doing anything wrong and all of a sudden her mom goes berserk and starts throwing things at her. My girl friend's nerves are so bad, I feel she is going to have a breakdown.

Dear C.P.:
Have your friend share her problem with the school nurse or her school counselor — soon! If she won't, take it upon yourself to do it.

Against low social standing

Soviet women ready to revolt

MOSCOW (AP) — Soviet researchers say a women's revolt is under way in the Soviet family as overworked wives begin to stand up for their rights.

Sociologists say Russian women work longer hours than men, earn less money, and are getting fed up with their traditional role as the docile half of the household.

There is no organized women's liberation movement in the Soviet Union. Officially, women and men are already equal under the Soviet constitution and law, but it doesn't always work out that way.

"From a situation of equality, the young wife lands in a family in which her husband and her in-laws frequently expect her to voluntarily assume the duties of a servant and do all the housework," Victor Perevedentsev, Russia's best-known social researcher, wrote recently in the Literary Gazette.

He said Russian men average about a 50-hour work week, but the wife works about 80 hours on the job and at home.

"Today's young wife as a rule cannot put up with this," he said. "Women are rebelling. And of course they are correct in doing so."

"The husband and wife often determine domestic duties virtually in open combat with the wife taking the offensive and the husband defending himself, supported by traditions that say housework degrades a man."

A rising divorce rate, a falling birthrate and a heavy workload for married women have caused Soviet sociologists to search for the reasons for a breakdown in the traditional family structure.

The divorce rate has risen from 104 per 1,000 marriages in 1960 to 332 in 1976, or a rate of one divorce

in three marriages, about the same as in the United States. Perevedentsev said women initiate 61 percent of the divorces and tend not to remarry.

Sociologist Yuri Rurikov wrote in the publication Questions of Philosophy Voprosi Filosofii that women make up 52 percent of the work force.

"Women on the average are engaged in less-qualified work than men and their overall social standing is lower than that of men," he said.

On the average, he says, women earn almost a third less than men and get retirement pensions about one-fourth smaller than those of men. He said the falling birthrate is "a spontaneous and unique reply by women to the growth of their burdens."

Writing in the monthly Zhurnalist, sociologist Alexander Meliksetyan cited a survey which he said showed that husbands have already surrendered to the women's revolt.

"Ninety of 100 wives surveyed claimed to be heads of their families, and their husbands agreed. Ten husbands claimed to be heads of their families, but the wife agreed only in the case of one man," he wrote. "When the pollsters offered this patriarch his choice of prizes, he turned to ask his wife which he should choose."

Dear Abby

Teen's Excuse: 'We're in Love'

DEAR ABBY: My 15-year-old daughter just told me that she's been intimate with her boyfriend. He is her first and only. My daughter and I are very close, and she has always told me everything, but I'm shocked by this news. She thinks there's nothing wrong with it because she "loves" him.

Should I tell the boy's parents what is going on and ask them to tell their son not to see our daughter anymore? Knowing the boy, he would respect their wishes, but then my daughter would know I told them and it would ruin our good relationship.

Or should I ask the boy to stop seeing our daughter, and threaten to tell his parents if he doesn't comply? I'm sure if we broke them up the chances for the same thing happening with another boy would be greatly reduced since she is quite picky about whom she associates with. In the meantime, she may mature more. Please tell me what to do.

WORRIED MOM

DEAR WORRIED: Please don't call the boy's parents. Your daughter would feel betrayed and may close the door on future confidences. She needs your understanding and mature guidance more than ever now.

Parents rarely succeed in breaking up their children's love affairs. (They usually drive them underground.)

Keep the lines of communication wide open, and be sure your daughter knows everything a sexually active teenager should know in order to protect herself against VD and unwanted pregnancy.

This is not to suggest that you should condone her actions. Rather, it's a plea for facing reality and handling the situation sensibly and unemotionally.

DEAR ABBY: I'm 17, and I sunbathe every chance I get because I like the way I look with a suntan.

Nearly everyone who meets me comments on my "beautiful" suntan, but they spoil it immediately by adding, "But if you don't stop doing that to your skin, you'll look like an old lady by the time you're 30!" Some have even told me that too much exposure to the sun can give me skin cancer. (Is that true?)

Abby, I think it's very rude of people to make such remarks. Please print this. Maybe it will shut up people who offer advice when it's not asked for. Thank you.

LIKES A SUNTAN

DEAR LIKES: Although unsolicited advice is seldom appreciated, you'd be wise to heed it. Excessive exposure to sun "ages" the skin prematurely, and it can cause skin cancer.

DEAR ABBY: I recently telephoned a friend and asked her if she was going to be home that evening because I wanted to visit her. She said, "Yes, I'll be home, watching my favorite television program. If you want to come over and watch it with me, you are welcome. Otherwise, let's make it some other time."

What do you think of such a friend?
OFFENDED IN OMAHA

DEAR OFFENDED: I'd prefer her forthright brand of frankness to the person who tells me I'm "welcome," foregoes her favorite TV program, and resents me for it. Or the friend who tries to entertain me with one eye on the TV.

Are your problems too heavy to handle alone? Let Abby help you. For a personal, unpublished reply, write: Abby, Box 69700, Los Angeles, Calif. 90069. Enclose a stamped, self-addressed envelope.

ST. THOMAS FESTIVAL.— This group helped plan the annual St. Thomas Catholic Festival which begins tonight at the church. The group includes from left to right, Mr. and Mrs. Fermin Flores, Mrs. Carmen Gonzalez, the Rev. Alan Brelivet, and Mr. and Mrs. Leo Escovedo.

St. Thomas plans festival

The St. Thomas Catholic Church Summer Festival will be held tonight and Saturday night.

Tonight, the gates open at 7 p.m. until midnight and Saturday from 6 p.m. to midnight.

A drawing will be held Saturday at the close of the festival with a \$300 bond as a door prize. There will also be a \$100 and \$50 bond given away.

A Mexican dinner will be served at 12 noon Saturday. Other booths will include food, the wheel of fortune,

ice cream cones, dart throw, drinking booth, cake walk and many others.

The public is invited according to the Rev. Alan Brelivet. The event will be held at St. John's Hall at 605 N. Main.

It is an annual event and it raises funds for the church. Many prizes will be awarded at the various games during the festival.

THE CHRISTIAN CHURCH OFFERS HIS ONE MISTAKE

HE WORE HIS RUBBERS WHEN IT RAINED... HE BRUSHED HIS TEETH TWICE A DAY WITH A NATIONALLY ADVERTISED TOOTH PASTE... THE DOCTORS EXAMINED HIM TWICE A YEAR... HE SLEPT WITH THE WINDOWS OPEN... HE STUCK TO A DIET WITH PLENTY OF FRESH VEGETABLES... HE RELINQUISHED HIS TONSILS AND TRADED IN SEVERAL WORN-OUT GLANDS... HE GOLFED — BUT NEVER MORE THAN EIGHTEEN HOLES AT A TIME... HE GOT AT LEAST EIGHT HOURS SLEEP EVERY NIGHT... HE NEVER LOST HIS TEMPER, NEVER SMOKED, NEVER DRANK... HE DID HIS "DAILY DOZEN" DAILY... HE WAS ALL SET TO LIVE TO BE A HUNDRED.

THE FUNERAL WILL BE HELD WEDNESDAY... HE'S SURVIVED BY EIGHT SPECIALISTS, THREE HEALTH INSTITUTIONS, TWO GYMNASIUMS, AND NUMEROUS MANUFACTURERS OF HEALTH FOODS AND ANTISEPTICS.

HIS ONE MISTAKE... HE FORGOT GOD. LIVED AS IF THIS WORLD WAS ALL, AND IS NOW WITH THOSE WHO SAY, "THE HARVEST IS PAST. THE SUMMER IS ENDED, AND WE ARE NOT SAVED!" (Jeremiah 8:20).

Prayer school ends Sunday

The prayer school being held this week at the First Baptist Church in Sand Springs will end Sunday night with the Rev. Guy White, pastor of East Fourth Baptist Church as speaker at 7 p.m. He also will speak at a service on Saturday at 7 p.m. on the Results of Prayer.

Tonight's talk is by the Rev. Clayton Pennington, pastor of the 2nd Baptist Church in Abilene. This will complete a week of special prayer services at the church. The public is invited, according to the local pastor.

Church of God ladies to meet

Mrs. Lucille Hinkley, Midland, will be guest speaker Thursday at the College Park Church of God, 603 Tulane.

This will be at the 10 a.m. ladies weekly service.

Mrs. Jean Potts from Colorado City spoke last week. Guest singers will be from the First United Pentecostal Church. Mrs. Jerre Burden requested all ladies to bring a favorite recipe to be put in a cook book to be sold through the Abundant Life Christian Bookstore.

Woman named to Seminary

WAKE FOREST, N.C. (AP) — An ordained Southern Baptist woman, the Rev. Suzanne Martin Davis, is among new faculty members added to the Southeastern Baptist Theological Seminary. She is one of only about a score of women who have been ordained in the 13-million-member denomination.

Moral outrage comes from inflation crunch

NEW YORK (AP) — Moral outrage at the crunch of inflation is generating in the religious sphere. Theologians and church convention representatives are starting to see it as a form of sin.

"It is essentially a moral problem rather than financial," says Quaker philosopher Elton Trueblood of Richmond, Ind., adding that the fundamental answer to it demands ethical-spiritual redirections.

It's termed a modern "plague" by Rabbi Dr. Ely E. Pilchik, president of the Central Conference of American Rabbis. "Inflation is the curse and the danger of the free Western world."

The Rev. Robert G. Howes of Cheyenne, Wyo., an official of the Roman Catholic national pastoral planning council, cites motives of "greed and grab" behind the inflationary spiral.

"Its roots are deep in that selfishness which (historian) Arnold Toynbee rightly calls the cardinal sin of our times," Howes writes in the National Catholic Reporter.

That view of inflation as a manifestation of a rampant evil impulse has shown up as a new moral battlecry in some church gatherings, simultaneously with criticism of the long church silence about it.

A "strange silence," editorializes the weekly Christian, saying the churches have been lax in failing to speak out about a process having "painful personal and collective" impact on people.

But the issue is heating up in the churches, as indicated by a spate of proposals at the recent Southern Baptist convention in Atlanta,

urging voting leverage to keep from office those supporting inflationary spending.

Another proposal would have demanded a U.S. Constitutional amendment barring deficit spending except in time of war. Although the specific measures never reached the floor in the program crush, they showed a rising sense that inflation impinged on moral premises.

right to continue in office" if the federal government spends more than it takes in.

It is the hidden "robber of the people" by stealing from the worth of their earnings, except in time of war, declared one resolution, which would have urged the 13 million Southern Baptists to vote only for Congressional candidates who promise to "forfeit their

Football's coming!

Football. That's right, you heard me correctly. The Major Leagues barely passed their mid-season break, and already I'm saying "football." I like football. I like saying football. "Football, football, football, ad infinitum."
Here's how close it really is. Players, coaches, fans... here's a calendar you might want to keep for future reference.
AUG. 9 — First day anyone can issue shoes and socks (Class B to AAA).
AUG. 14 — First day for conditioning drills, no contact (Class B to AAA).
AUG. 16 — First day for issuance of shoes and socks for Class AAAA.
AUG. 18 — First day for issuance of contact equipment (Class B to AAA).
AUG. 21 — First day for conditioning drills for Class AAAA.
AUG. 24 — First day for inter-school scrimmages (Class B to AAA).
AUG. 25 — First day for contact equipment for Class AAAA.
AUG. 31 — First day for inter-school scrimmages for Class AAAA.
SEPT. 7 — First day all schools can have games.
SEPT. 8 — Season opens for local and area teams.
That's less than a month away when all that stuff begins. That may seem like a long time for most of you guys, but my season has already started.
This year, the Big Spring Herald Sports Department is going to deliver more detailed coverage about more schools than ever attempted before... the "Big 13" to be exact.

In addition to the Big Spring Steers, of course, we'll give Borden County, Coahoma, Colorado City, Forsan, Garden City, Grady, Ira, Klondike, Lamesa, Sands, Snyder and Stanton more space on our pages than seems humanly possible. Yes, ladies and gentlemen! It's amazing! It's stupendous! It's colossal!
But seriously... and West Texas football is a serious subject for everyone concerned, even though I know it's impossible to please all the people all the time, plans are to keep everyone, except the most fanatic of soreheads, happy.
Scouting reports, injury situations and week-by-week individual and team statistics of all 13 teams mentioned above are in the works. There'll be more reporters and photographers available this season than ever before, as well.
The "Above the Call" weekly awards and "Brad Stevens Award" presentation created so much interest last season, that members of all 13 teams mentioned above will be in contention for the highly-competitive honor.
There will be seven "Above the Call" winners each week... one from each division except Class B. There'll be two from that division, since there are four teams competing against each other there.
Big Spring will be the only AAAA team considered, and players from Lamesa and Snyder will compete for AAA honors. Coahoma and Colorado City athletes will vie for the AA weekly certificate, and Stanton and Forsan will be in contention for the Class A award.
A weekly selection from Sands or Klondike will make up one Class B award, and Borden County and Garden City players will compete for the other. Not only is this more fair, it will intensify already-existing rivalries.
Grady and Ira will compete for 6-man B honors.
And, per procedure last season, all weekly winners — there should be about 70 or so this year — will be eligible for the "Brad Stevens Award," a traveling trophy presented to that players' school at the end of the season.
I'm currently drafting letters and information sheets to send to all 13 coaches, and the 2nd Annual Football Tab is now in the blueprint stages, surprise cover and all.
All in all, it should be one heckuva hectic football year. Four new coaches, teams loaded with returning lettermen and the finest overall crop of football players to don the Black and Gold of Big Spring in years.
I hope you'll enjoy it as much as I will. And here's a personal invitation to anyone... coach, player, cheerleader, parent, mascot... from those 13 schools. If you ever have any information concerning your sports program that you want in the paper, send it in or call me collect.
That address is Danny Reagan, Sports Editor, Big Spring Herald, P.O. Box 1431, Big Spring, Texas, 79720. That number in Big Spring is 263-7331.

FOOTBALL
I'm ready. How bout you?

Rangers needed the road... ..at least Toby Harrah did

BOSTON (AP) — Maybe all the Texas Rangers have needed is a dose of good health to make their charge in the American League West.
"Our DL (disabled list) boys got seven hits," said Rangers Manager Billy Hunter. "It's nice to have them back."
It was no treat for the Boston Red Sox, the AL East leaders, who were clubbed 12-7 Thursday night.
The Rangers piled up 17 hits off three Boston pitchers, including five home runs — two by previously slumping Toby Harrah, one by Bobby Bonds and solo shots by Juan Beniquez and Al Oliver.
Beniquez and Oliver, had been on the disabled list for a month. They hit their shots in the first inning off Luis Tiant, 7-2.
"I love to beat the Red Sox here... before the playoffs," said a hopeful Hunter, whose team had lost 10 of 13 before the All-Star break.
In fact, the Rangers are happy to beat anyone. The victory moved Texas two games above .500, 43-41, although the club has been in contention in the West along with every other team except Seattle.
"This is the kind of game that can get us going," said Oliver, the designated hitter who had been idle since June 14 with a muscle pull in his right cage.
Beniquez had been disabled since June 12 when he suffered a broken left hand after being hit by a pitch by Kansas City's Doug Bird.
"I enjoyed hitting the home run off my friend Luis," said the center fielder. "This is the team that traded me."
Beniquez was shipped to Texas in 1975 for pitcher Ferguson Jenkins, who, in turn, was sent back to the Rangers last winter.
The victory went to Dock Ellis, 8-4, who seemed in control until the ninth inning. Leading 12-3, Ellis gave up a solo homer to Carlton Fisk and a two-run shot by George Scott with nobody out.
Harrah and his teammates, struggling in the American League West, found Fenway Park to their liking, belting 17 hits, including five homers, in a 12-7 victory over Boston.
"It's great to come here and hit," Harrah said. "Everyone looks forward to it. I enjoy playing here."
Baseball hasn't been too much fun for Harrah this season. He came into the game with a .208 average, two home runs and only 23 RBI.
Boston's Fred Lynn was thinking about Harrah when he said, "They have some pretty good .210 hitters over there."
Harrah has a .262 lifetime average and belted 27 homers with 87 RBI last season.
"We have a good club," Harrah said. "We haven't gotten hot but we will. The other clubs in the division know it. We have a lot of confidence."
The Rangers weren't lacking confidence after pounding three Boston pitchers, including Luis Tiant, 7-2.

BOSTON (AP) — A taste of baseball life on the road may be the answer to whatever has been ailing Toby Harrah.
"It's good to get out of Arlington Stadium," said the Texas Rangers' third baseman, after clubbing two home runs Thursday night against the Boston Red Sox. "It isn't a good park to hit in."
Texas, however, is 29-18 at home, but 14-23 on the road.
Harrah and his teammates, struggling in the American League West, found Fenway Park to their liking, belting 17 hits, including five homers, in a 12-7 victory over Boston.
"It's great to come here and hit," Harrah said. "Everyone looks forward to it. I enjoy playing here."

Yankbasket turn over

NEW YORK (AP) — If there was ever any doubt about who calls the shots for the New York Yankees — and there really wasn't — it is all out in the open now.
The name (no surprise) is owner George M. Steinbrenner.
"He owns the team," slugger Reggie Jackson said Thursday following the Yankees' latest brouhaha — as well as the latest defeat, a 6-1 loss to the Chicago White Sox. "When George comes down and says what he's gonna do — if he tells me to go home, I go home. In my home I'm the boss, and if you don't like it — quit."
Earlier, Steinbrenner met with Manager Billy Martin, club President Al Rosen and General Manager Cedric Tallis and announced a series of lineup changes with Jackson becoming a part-time designated hitter — at least temporarily — sore-legged catcher Thurman Munson moving to the outfield and outfielder Gary Thomasson getting a shot as an everyday player. Rookie Mike Heath will be the No. 1 catcher.
There also was a report that Steinbrenner offered to allow Martin to resign — staying with the club on a long-term, consulting basis if his health had become too much of a problem. Martin, who has suffered from a lingering virus infection and almost fainted before a game in Minnesota, declined, and that was that, the New York Daily News said.
"I'm not a quitter," Martin told the News. "I want to try to win this thing. I owe it to Yankee fans all over the country to stay and see if I can turn things around."
The upshot of the changes is that Lou Piniella, the team's leading hitter, and Roy White will ride the bench for a spell while Jackson DH's against right-handers and selected lefties. Those involved followed Steinbrenner's orders without griping, but that didn't mean they were happy.

ON THE YANKEE MERRY-GO-ROUND — Reggie Jackson of the New York Yankees, left, sits near the water cooler Thursday during the game with the Chicago White Sox after principle owner George Steinbrenner announced he would serve as the team's designated hitter. Manager Billy Martin, center, answers questions in locker room after the game. Oldest Yankee, Roy White, right, talks with reporters after the game. White and Lou Piniella were benched. Thurman Munson will play right field.

Astros blanked

MONTREAL (AP) — Left-hander Ross Grimsley's biggest problem may be that he doesn't know his own strength — or really need it.
Grimsley fired a five-hit shutout at the Houston Astros to become the second 12-game winner in the National League as the Montreal Expos took a 6-0 victory Thursday night.
"I was throwing a lot harder because I'm a stronger pitcher with an extra day's rest," said Grimsley, who got off to a fast start this season, after a recent cold spell. "I got away from the way I'd been pitching and I was trying to throw the ball past people."
"I just didn't change speeds the way I should have. Tonight, I didn't feel as strong as I did in the last few games, probably because of the traveling and stuff."
The traveling to which the 28-year-old native of Topeka, Kan., referred was his trip to the All-Star Game in San Diego on Tuesday night, where he watched the National League's 7-3 victory over the American circuit.
The change-of-pace artist struck out two and walked two in gaining his first victory since June 15 with his 12th complete game of the season, best in the league. With a 12-6 record, Grimsley is tied with Vida Blue of San Francisco for most victories in the league.

British Open results

ST. ANDREWS, Scotland (AP) — The third round of the British Open, with a field cut to 80 from its original 155, started today in ideal golfing weather — mild and with only the slightest breeze.
Leading the field after the first two rounds were Ben Crenshaw, Isao Aoki of Japan and Severiano Ballesteros of Spain, all on 139 — five under par for the 6,933 par 72 course. But only four strokes separated the top 22 scorers, who included former Open champions Jack Nicklaus, Arnold Palmer, Tom Watson, Tom Weiskopf and Peter Thomson of Australia.
Hubert Green, who just made Thursday's cut with a 4-over-par 148, shot a 67 today to go one under par three rounds. Green had shot a 78 first round, followed by a 70 Thursday.
The final round, cut to the top 60 will be played Saturday.
Lee Trevino, Open winner in 1971-72 shot a 1-over-par 73. With his first-round 75 and second-round 72, this gave him an overall total of 220 — four over par.
Scores were given in the early stages, and of the first 18 home, only Green managed to get under par for the three rounds.
Ben Crenshaw, one of the three leaders at 139 after the second round, consolidated his position by starting with two par 4s. But both Aoki and Ballesteros, even with Crenshaw Thursday, dropped back a stroke after

Oldies give Hutto 2-year slap

AUSTIN, Texas (AP)—In the small town of Hutto where there should be few secrets—a talkative janitor tipped superintendent Ike Coward that overaged boys were playing high school sports.

Thursday, the University Interscholastic League put the Class B school on two-year probation in football, basketball and track because three-sport athlete Odell Kerley was 19 and 20 his final two years of competition.

UIL director Bailey Marshall said Kerley's school record had been altered to make it appear that his birthdate was Oct. 16, 1958. His birth certificate shows his birthdate as June 16, 1957.

Marshall told the UIL state executive committee there were indications the ages of others had been changed in school records to give them more eligibility.

A player must be 19 after Sept. 1 to be eligible for sports that school year.

The committee voted 5-0 to penalize Hutto, which is northeast of here.

It said the Hippos already

have forfeited the games and track victories in which Kerley took part as a junior and senior. The forfeits cost Hutto two district basketball titles, a 1977 zone title in football and district and regional victories in the 400-meter relay this year.

Coaches said Kerley was a sub halfback; junior sub and senior parttime starter in basketball and a member of the sprint relay team.

A motion was made for one-year probation, but it was changed to two years at Marshall's suggestion.

The committee apparently

decided not to disqualify Hutto from future championship honors because it was unable to determine who had changed the records.

Marshall said, however, there "were indications that students had handled the records."

Committee member Jesse Villarreal said probation means "everybody had better watch it."

"If we could find the guilty party, hanging him up by his toes—as far as I'm concerned—would be legitimate," said Marshall.

"I know that in Hutto, Texas, some people knew this youngster was too old," said Marshall. "This worries me... there had to be adults knowing."

Hutto had a population of only 697 in the 1970 census.

Coward, who retired June 30, reported the apparent record change to the UIL on June 5, three days after a "pretty windy" janitor who had a boy in high school told him that "overaged boys were playing."

THUNDERBOLTS—Members of this team which finished third place in the city tournament include, left to right, starting with bottom row: Terry Gonzales, Gloria Mendoza, Shana Hohertz, Cynthia Hernandez, Yvette DeLeon, Kim Hill, Bea Magers, Angela Cobb, Tresa Hohertz; Tammie True, Ion Crane, Coach Daryle Hohertz. Sweetwater HS loses 3 coaches

SWEETWATER — Three Sweetwater High School coaches, including head basketball mentor George Byerly, have submitted their resignations to the school board.

Others who quit are Robert Carr, football assistant, and Walter Hargrove, junior high head coach in football and basketball.

Byerly is moving to Pecos as head coach. Carr is going to Tyler as an assistant. Hargrove is entering the farming business in Sweetwater.

Weaver, McLaughlin cop another title

Kip McLaughlin and Aubrey Weaver teamed together and turned back a strong Abilene pair of Bill Rapson and Tim Barginer, 7-5, 7-6, to capture the boys 14 doubles championship in the San Angelo Highway 80 Tournament held last weekend.

Arthur Rosiles will be coaching and practicing with McLaughlin and Weaver in the next couple of days, and he indicated that a lot of hard work and practice will be the key to the local teams' success in their bid for state recognition and ranking.

The duo had defeated the number one seeded team earlier to advance to the finals. Robert Schneider and Ryan Wicker were their victims there.

McLaughlin and Weaver plan to take the next few days off from competition, resting and practicing before traveling to Brownsville to participate in the Rio Grande circuit.

Barry Stevens, local Figure Seven pro, and his assistant, Arthur Rosiles, had high praise for the local pair's outstanding play, and both men feel that Big Spring will have a top-seeded team in the state in the near

THE TOYOTA COROLLA 2-DOOR SEDAN. GIVES YOU YOUR MONEY'S WORTH AND MORE. TOYOTA'S HIGHEST GAS MILEAGE AND LOWEST PRICE IN ONE CAR.

More durability. Corollas aren't bolted together like some vehicles. They're welded into one solid body. You'll notice the "tightness" of welded unitized body construction when you examine a Toyota, drive a Toyota and own a Toyota.

More selection. The Corolla pictured here is only one of 29 different Toyota models—no other import manufacturer offers more.

More and less. The Toyota Corolla 2-Door Sedan featured offers all these "Toyota mores" and costs less than any other Toyota. At \$3498* it gives you Toyota toughness at the lowest price possible. *Based on manufacturer's suggested retail price. Price does not include tax, license, transportation. California emissions or optional equipment.

More fuel economy. The Toyota Corolla 2-Door Sedan's combined EPA mileage is 39 mpg, 21 miles per gallon more than the national fleet standard for all cars. In 1978 EPA tests, the Toyota Corolla 2-Door Sedan is rated at 46 mpg highway, 34 mpg city. These 1978 EPA ratings are estimates. Your mileage will vary depending on your driving habits and your car's condition and equipment.

More confidence. More and more people are buying Toyotas, finding out that Toyotas are built better than they thought possible. More and more people discover why we can say, "If you can find a better built small car than a Toyota... buy it."

Orioles 8, Twins 6
Two home runs by Ken Singleton and one each by Rich Dauer and Doug DeCinces, accounting for seven runs, led Baltimore over Minnesota. The triumph ended a four-game losing streak for the Orioles and halted an eight-game winning streak by the Twins.

A's 7, Indians 3
Mitchell Page and Taylor Duncan each drove in two runs as Oakland snapped a fivegame losing streak by beating Cleveland. The A's scored four unearned runs off loser Rick Waits in the second inning and added two more runs in the sixth on a leadoff home run by Dave Revering and another unearned run.

Brewers 13, Royals 2
Robin Youn's bases-loaded triple capped a four-run first inning, while Gorman Thomas hit a two-run homer and Don Money added a bases-empty shot as Milwaukee bombed Kansas City.

White Sox 6, Yankees 1
Veteran knuckleballer Wilbur Wood hurled a six-hitter, retiring 15 batters in a row at one stretch, to lead Chicago over New York Wood, 10-5, allowed five singles, only one after the third inning, and Reggie Jackson's 14th home run.

Angels 5, Blue Jays 0
Don Aase, a last-minute substitution for Chris Knapp, who jumped the club in a contract dispute, pitched a four-hitter to lead California over Toronto. Knapp was placed on the disqualified list when he failed to report to the park. His agent had been unsuccessful in obtaining a raise after the righthander compiled a 10-6 record at the All-Star break.

Mariners 5, Tigers 4
Larry Milbourne's run-scoring single capped a four-run, eighth-inning rally that carried Seattle over Detroit. The victory went to reliever Enrique Romo, 7-2. Jim Crawford, 2-3, took the loss in relief. Leon Roberts' three-run homer, his 12th of the season, tied the score at 4-4 in the eighth inning before Milbourne's game-winning hit.

NL

By the Associated Press
The San Francisco Giants' record is "top of the charts" in the National League.

A five-hitter by Bob Knepper helped San Francisco to its fifth victory in seven games, a 4-0 triumph over the Pittsburgh Pirates Thursday night. Now the first-place Giants, who have finished no higher than third the last six seasons, have the best record in the NL — and a widening lead over Los Angeles and Cincinnati.

"We're making it happen," said catcher Marc Hill. "It's been a very fun year."

It started in February, when San Francisco committed itself to ending the string of disappointments.

"In spring training you could tell," said Hill, who had a pair of RBI singles against the Pirates. "Everybody wanted to play. We wanted to get a lead and quit hearing this fourth- and fifth-place stuff."

Cardinals 6, Dodgers 1
Ken Reitz and Mike Tyson smacked run-scoring singles and Ted Simmons hit a two-run homer to back Denny's five-hitter and carry St. Louis past Los Angeles. Denny, who pitched his 10th complete game of the campaign, lost his shutout in the ninth when singles by Bill Russell, Reggie Smith and Ron Cey pushed the Dodgers' run across.

Mets 4, Reds 2
Doug Flynn, who came to New York in the deal that sent the star right-hander to Cincinnati, drove in one run and scored another as the Mets handed Seaver his third consecutive loss and helped Koonsman, 3-9, snap a six-game losing streak. Pete Rose extended his career-longest hitting streak to 26 games — tops in the majors this season and one short of the team record — with a single and double.

Padres 5, Cubs 2
Rookie first baseman Broderick Perkins drove in two runs with a single and his first major league home run to power the Padres and Gaylord Perry, 10-4, past the Cubs. Perkins connected in the fourth off Rick Reuschel, 8-6, and sparked a four-run sixth with his single. Perry retired the first 16 batters he faced.

Peace treaty signed at WCT 'Great Tennis Ball Controversy'

NEW YORK (AP) — A truce of sorts has been reached in the great tennis ball controversy at the \$300,000 Forest Hills Invitational, while two of its leading contenders prepared to play each other tonight some 2,500 miles away.

Vitas Gerulaitis and Ilie Nastase both raised their records to 3-0 with victories Thursday night in this round-robin chase for a \$100,000 first prize at the West Side

Tennis Club. Today they boarded a plane for Las Vegas, where they will be on opposite sides of the net in tonight's World Team Tennis All-Star Match.

After playing their singles set they'll head back to New York, arriving Saturday morning. The semifinals at the invitational will be held Saturday afternoon and evening.

Whether either Gerulaitis or Nastase will have to compete in the afternoon has not yet been determined.

"I wish we could play the set here and just tell them the score," Nastase said of the commitment to WTT. "It would save us both a lot of time."

As for the tennis balls, tournament director Gene Scott gave the competitors in three of Thursday's four matches an option of using the original ball selected for this tournament, the Spalding 56, or the less lively Spalding Davis Cup. Just about all the players competing here have complained

about the original balls being too bouncy and hard to control, thus producing less than top-grade tennis.

Scott said he would make a decision prior to today's matches on which balls would be used for the rest of the tournament.

Nastase, the player-coach Gerulaitis survived a

scare before defeating Victor Pecci of Paraguay 6-4, 1-6, 7-5 in the second night match.

In afternoon play, 19-year-old John McEnroe beat Billy Martin 7-5, 4-6, 7-5 and John Alexander downed Peter Fleming 6-2, 2-6, 6-3.

The remaining two

semifinalists will be determined today and tonight. Pecci, 1-1, meets Phil Dent, 1-1, and McEnroe, 2-0, opposes Wojtek Fibak, 2-0, in the afternoon session

and Martin, 0-2, takes on John Newcombe, 0-2, and Alexander, 1-1, faces Stockton, 1-1, at night.

Peacock struts for Cowboys

FULLERTON, Calif. (AP) — Running back Elvis Peacock, the No. 1 draft pick of the Los Angeles Rams, showed why he is so highly regarded in his first professional scrimmage.

The former Oklahoma star scored three touchdowns and gained 94 yards on 20 carries Thursday in a scrimmage against the Dallas Cowboys' rookies. Peacock scored on runs of 3, 2 and 5 yards.

Quarterback Carlos Brown threw a 24-yard pass to Ron Smith for another of the Rams' five touchdowns in the scrimmage involving rookies and early reporting veterans.

Dolphins request denied

MIAMI (AP) — A federal judge has denied a request by former Miami Dolphins Randy Crowder and Don Reese that they be released early from jail, where they are serving time for selling cocaine to undercover agents.

U.S. District Judge Norman Roettger Thursday denied a motion by Crowder and Reese that they be freed this month, rejecting arguments that a circuit judge denied them due process when he sentenced them to five years probation with a condition that they serve a full year in the county stockade.

That sentence was imposed last year by Circuit Judge Joseph Durant Jr., who later was criticized for letting the pair off too easy because they were football players.

Crowder and Reese, who hoped to have the chance to play professional football this year, would be eligible for release Aug. 14.

Sanders may quit Lions

ROCHESTER, Mich. (AP) — Thirty-five rookies and free agents and 24 veterans showed up at the Detroit Lions training camp amid a report that tight end Charlie Sanders is retiring from football.

Sanders will not be present one week from today when the remainder of the Lions veterans report to training camp, Detroit television station WXYZ reported.

Sanders, who owns almost all of the Lions' records for pass receptions, is a 10-year veteran named to seven Pro Bowl teams in his National Football League career.

Sanders will retire to become an automobile dealer, according to the television report.

Dixon signs Astro pact

HOUSTON (AP) — Houston Astros pitcher Tom Dixon has signed his 1978 contract leaving the National League club with two unsigned pitchers.

Dixon, along with Bo McLaughlin and Joe Sambito, criticized Astros management during spring training, claiming players were being underpaid. Sambito and McLaughlin remain unsigned.

Terms of Dixon's contract were not announced. Dixon, 23, has a 4-5 record and 2.67 earned run average at the season's mid-point. Last year, Dixon led the International League with a 13-4 record and 2.25 ERA.

Marti, Morley lead Quad

COAL VALLEY, Ill. (AP) — Fred Marti, who has labored 14 years on the PGA tour without a victory, was a co-leader with defending champion Mike Morley going into the second round today of the \$150,000 Ed McMahon-Quad Cities Open.

"I missed three greens, but I got the ball up and down with nice putts and when you do that, it helps your confidence," said Marti, who had five birdies and no bogeys for a 66.

Morley, who has not played well since early this year, had a round similar to Marti's with five birdies, despite driving with a spare club he had previously used only on the practice tee.

Koger returns as coach, other positions waiting

By DANNY REAGAN Sports Editor

Tom Koger, offensive line coach for the Big Spring Steers in the 1976 campaign, will be returning to the local coaching ranks in a similar position this season after a stint in private business with Cleveland Athletics.

"This should be no reflection on the people I've been working for," advised Koger this morning. "They have been very good to me. It's just that I miss being with the kids. After 14 years of coaching, it sort of gets in your blood."

Koger, who went to Shriners College in Kerrville and later graduated from Texas Tech, will be a science teacher in the high school in addition to his coaching duties. His employment becomes effective Aug. 1.

Togetherness is '78 key for Oilers

SAN ANGELO, Texas (AP) — Houston Oilers defensive coordinator Ed Biles says he's not worried about two offense-oriented drafts or his cornerbacks — togetherness will be the key for 1978.

Biles notes that his front seven plus the two starting cornerbacks will be starting their fourth season intact.

"The great defenses have to play together at least that long, maybe six or seven years," Biles said. "We know each other now. We're getting better. We have a chance to be a great defense."

Biles said despite fan criticism last season, he likes the cornerback situation.

"The public thinks our cornerbacks is more of a problem than we think it is," Biles said. "If you check with fans of the league's 28 teams, you'd be told that at least 22 teams had secondary problems."

Biles said only 12 touchdowns were thrown against the Oilers last season and the defenses' 28 interceptions was third in the league behind Pittsburgh's 31 and Baltimore's 30.

Others rationalize Lopez

DUBLIN, Ohio (AP) — JoAnne Carner takes nothing away from Nancy Lopez' great year, but she offers an explanation for part of the rookie sensation's success.

The established stars of the Ladies Professional Golf Association have been mired in off-years at the same time.

Kathy Whitworth, Judy Rankin, Sandra Palmer, Sandra Haynie and Carol Mann, the game's top five all-time money winners before 1978, had collected a combined \$3 million and 189 victories.

All are active in 1978 save Haynie with these results: No victories and earnings of \$70,000, little more than half of Lopez' money leading total.

Carner, seventh on the all-time money list with more than \$443,000 going into this season, shook her head.

"I've never seen a year like it," she said. "We're like the Yankees — all the good hitters are in a slump at once. You don't know when the Palmers, the Rankins, the Whitworths are going to break out."

Lopez' scores in her seven victories this year support Carner's claim that the anticipated big guns have been silenced.

Australian family killed

MELBOURNE, Australia (AP) — Another working day had just ended in Melbourne, and the city was winding down.

In the sprawling suburb west of the city's airport for small planes, lights came on in comfortable brick homes as the sun began to drop over the horizon. The chill of the Australian winter evening began to seep in, and heaters were switched on.

It was 6.45 p.m. July 10, 1978. In the Gulle home at 55 Matthews Ave., Pauline Gulle, 30, sat with her family in the living room watching the news on the color television set.

With her were her four children — Michael, 12, Robert, 6, Sharon, 10, and month-old Graham asleep on a cot — and her 60-year-old mother, Margaret Toms.

The children's father, Sam Gulle, 34, was away. The family had just sold their house after years of running a successful small grocery in the friendly little neighborhood. They were buying a neat little farm at Meredith, about 50 miles away, and Gulle was there getting things ready for the move in three weeks.

Heat stroke kills 2 men

DALLAS (AP) — Two men have died of apparent heat stroke, according to the Dallas County medical examiner's office.

Announcement of the deaths came after Dallas had recorded 12 straight days of 100-degree days this month. The mercury was expected to again reach the 100-degree mark today and forecasters say they see no immediate end to the hot weather.

The men were identified as Grover McDaniel, 42, and Silverio Lopez, 35, both of Dallas.

Symptoms of heat stroke include cessation of perspiration, dizziness, a nausea, the spokesman said. He said irrational behavior could also be expected. Victims or persons who believe they are suffering symptoms of heat stroke should go to shade to cool off and seek medical aid immediately, the spokesman added.

were practicing takeoffs and landings.

At 6:50 p.m., the plane rolled down the runway again, picking up speed as it headed for disaster. It quickly gained altitude, and taxi driver Tyrell glanced casually at it passing 180 feet above him.

The whine of the motors changed, and the nose of the plane dipped. Tyrell screamed frantically over his two-way radio that there was going to be a crash. The plane tore through telephone lines and crashed

into the roof of the Gulle home, killing all six occupants instantly as burning gasoline poured through the house. The plane kept going through the back yard, ripped through a small bungalow and a garage and slammed into the rear of the Corso house, finally stopping in the kitchen.

As fire erupted around them, Corso grabbed his son, daughter and wife and rushed them from their home. They got minor injuries.

The TV news program continued. Before it ended, the newscaster was telling of the crash and its toll. Meinhardt and Baskett, trapped in the wreckage of the plane, were cut loose 45 minutes later.
