VOLUME XXVI. NUMBER FIFTY-SEVEN. PECOS, TEXAS, FRIDAY, JULY 11, 1913. \$2.00 PER YEAR.

## WHITE SOX TAKE THREE

### Make Clean Sweep of Series With Big Springs.

### Four Games Is Result of Visitors Not Being in Same Class With White Sox.

The first game of the series was a lagging contest neither team seemed to have any life. It was devoid of features, with the possible exception of the pitching of Randall of the locals. The lad is just off of crutches, and showed considerable grit in attempting to pitch the game at all as he has considerable of a limp still. He pitched good ball throughout and was especially effective in the pinches. His hardest time came in the second inning, when Big Springs filled the bases with nobody out, but he took an extra hitch in his belt, caught the runner napping off thirds and disposed the next two batters in good style. At no other point of the game was he in any danger. It seemed that the happenings of this inning took the sap out of Big Springs, and even the Sox seemed to lose interest in the game, for from the second inning the game became a drag.

The result should have been a shut out for the locals, the visitors getting their lone score on a fizzle of an easy fly to T. Hail in center.

The following is the box score:

Pecos	ab	h	r	po	a	e
Browning, 2b	4	1	1	0	4	0
Hooper, 3b	3	2	2	2	0	0
Scott, lf	4	1	2	0	0	0
H. Hail, 1b	3	2	2	14	0	1
Randall, p	4	1	0	0	5	0
T. Hail, cf	4	0	2	1	1	1
Martin, rf	4	0	0	2	0	0
Gardner, ss	4	1	1	3	3	0
Stubblefield, c	4	0	0	5	0	1
Total	34	8	10	27	10	3

Big Springs	ab	h	r	po	a	e
White, 1b	5	0	1	13	0	0
MacAllison, lf	4	0	1	0	0	0
Maxfield, 3b	3	0	0	3	2	0
Deats, rf	4	0	2	1	0	0
Farris, ss	3	0	1	1	4	2
Rodgers, 2b	3	0	1	1	4	0
True, cf	4	0	0	0	0	0
Crawford, c	4	1	1	1	1	1
Nelms, p	2	0	0	1	4	1
Total	32	1	7	24	15	4

### Second Game.

The second game of the series also became the property of the Sox after a contest that was even more of a drag than the first, if such a thing was possible. On the retirement of a side, the other would take from three to ten minutes to get to their positions, and those in the grandstand, sitting on the soft side of a 2x12, just groaned the game out.

Rarey, the port flinger of the Sox, was on the slab, while Nelms performed a like duty for Big Springs. It seemed to be Frank's off day, as he was inclined to be a little wild throughout the whole game, but the boys were behind him all the time, making but two errors. The errors came at critical stages, however and figured in the Big Springs scores. With the exception of the slowness of the game, both sides played good ball. Rarey allowed the visitors seven hits, while Nelms was found for nine.

The box score follows:

Pecos	ab	h	r	po	a	e
Browning, 2b	3	2	2	4	1	1
Hooper, 3b	3	1	0	0	1	0
Scott, lf	4	0	2	0	0	0
H. Hail, 1b	4	0	2	7	0	0
Rarey, p	4	0	0	0	4	0
T. Hail, cf	4	0	1	0	0	0
Martin, rf	4	0	0	2	0	0
Gardner, ss	4	1	1	1	0	1
Stubblefield, c	2	0	1	13	1	0
Total	32	4	9	27	7	2

Big Springs	ab	h	r	po	a	e
White, 3b	3	0	0	2	1	0
MacAllison, lf	2	1	0	1	2	0
True, cf	5	1	1	2	0	0
Deats, rf	4	1	0	1	0	0
Farris, ss	4	0	1	0	4	0
Niels, 1b	4	0	0	11	0	1
Rodgers, 2b	4	0	2	3	2	1
Crawford, c	4	0	2	4	1	0
Nelms, p	4	0	1	0	3	0
Total	34	3	7	24	13	2

### Third Game.

The last game of the series between Big Springs and the White Sox turned out to be a bigger farce than anything ever witnessed on the local diamond. The visitors secured the services of one "Happy Jack Abbott" who, it was thought held a rabbit foot against the Sox on account of a shut-out game he pitched against them last season. In the first two innings it looked as if he was going to repeat, for the end of these innings found the visitors 3 runs to the home team's 0. In the third, however the Sox made four, and after that they just piled them up until the last innings, when an invoice of the affair showed that the sum total was 20-5, in favor of the Sox.

At the start some of the fans expressed the opinion that they were at least to witness one good game during the series, but they did not take into consideration the vagaries of the National game. Bonchheads, boots, fizzes and frequent balloon ascensions, however, kept them in as good a humor as if they were enjoying one of the vaudeville specialties sometimes pulled off at the Airdome.

Big Springs used all of their pitchers and then used the other players when they were batted out of the box. Scott went eight innings for the Sox, and though he was touched for a few hits, they were kept scattered where they cut no figure in the scoring. Rarey pitched the last inning just to show that he in no way exerted himself in winning the day before.

### Fair Catalog to be Printed Soon.

At a special meeting of the committee, recently appointed by President T. B. Pruitt of the Reeves County Fair Association, Wednesday afternoon, the committee decided that they would proceed with the work of preparing the annual Fair catalogue for the printer.

The work of soliciting the advertising has already been taken up and the efforts meeting with success. The merchants of Pecos are nothing if not progressive, and all are ready with their support when it comes to boosting Pecos and the surrounding country.

This committee proposes to get out the catalogue in good shape, giving each advertiser the advantage of the program, thus increasing the value of the advertisement without increasing the price.

W. B. Clark, a prominent banker of Lakewood, N. M., was in town on business Monday.

The Methodist Church of this city have disposed of their old pews to the Methodist Church at Lakewood, N. M.

## BALMORHEA CELEBRATES THE FOURTH OF JULY GLORIOUSLY.

The Enterprising and Patriotic Citizens of the Toyah Valley Pull Off A Most Successful Celebration of the National Independence Day at the Little City of Balmorhea—No Casualties

### OVER TWO HUNDRED PECOSITES ATTEND THE CELEBRATION PLENTY OF EATS FOR EVERYBODY—AN ORDERLY CROWD.

Bright and early Friday morning parties of all sizes, from one to a dozen could be seen making their way toward the depot of the Pecos Valley Southern railroad, preparing to visit that progressive little city in the heart of the fertile and prosperous Toyah Valley. After some delay, occasioned by the failure of the road officials to correctly estimate the attendance and having to secure additional cars for the accommodation of the pleasure seekers the train pulled out of the local yards with over two hundred paid passengers aboard, the largest number of passengers ever carried on one train over this road.

At all the stations along the road the crowd was augmented until the train reached its destination, Balmorhea. Here the train was met by all kinds of vehicles to transport the visitors to the grounds, but the majority of the crowd were forced to walk or await the return of the vehicles.

A large arbor had been erected to protect the populace from the fierce

heat of the July sun, and though there was a splendid breeze the heat of the sun was far from cool, large barrels of ice cold lemonade had thoughtfully been prepared for the occasion and to a great extent relieved one from the heat.

After a short wait on the part of the visitors, Secretary Harkey of the Pecos Commercial Club was called upon to announce that dinner was ready. And the hungry crowd, who ever saw a picnic crowd that was not hungry, was soon gathered around the long table that had been arranged down the center of the arbor, and were being waited upon by the ladies and gentlemen of the Valley who had taken it upon themselves to see that everyone, fat or lean, large or small, young or old, did not lack of the good things that thoughtful ones had prepared for their enjoyment.

The barbecued meats were as fine as it is possible for anyone to prepare, the meats were young, tender, and fat and was cooked to perfection, coffee, cakes, bread and pick-

les were plentiful and of the best obtainable. There was enough of the cadables left after dinner for those in attendance to eat their fill for supper.

Immediately after dinner the program of sports that had been arranged was begun and carried out, winding up with a farce intended for a ball game between Pecos and Toyah, the Pecos team simply played in rings around the other team the score being 21 to 5.

The days pleasures wound up in bronco riding and some good riding was done too. There was a grand ball at night and several couples of Pecos people remained over that they might enjoy the tripping of the light fantastic.

### Add Balmorhea Celebration

The services of the Pecos Commercial Club Band was secured and discoursed sweet and appropriate music during the entire day, as well as while enroute.

The citizens of the Toyah Valley are to be congratulated on the successful manner in which they conducted the celebration. And the ladies who took part in the preparation of the cakes and assisted in waiting upon the assembled guests deserve especial praise for the good work they did.

If there were any disorders during the entire day we failed to hear of them, and of course the newspapers are the first, after the officers, to hear of anything of that kind.

The people who attended were all highly pleased with the treatment they received at the hands of the Toyah Valley citizens.

### COMMERCIAL CLUB MEETING.

Small But Enthusiastic Crowd Are At Regular Monthly Meeting.

Monday night was the regular monthly meeting night of the Pecos Commercial Club, and about fifty members were interested enough to attend.

Several interesting talks were made and the report of Secretary Harkey read and approved.

One of the most important acts was the levying of an extra July assessment for the purpose of raising the necessary funds to liquidate the outstanding indebtedness of the Club, which motion carried without a dissenting voice.

Vice-President Hudson made an interesting talk as to the advantages and benefits to be derived by the citizens of Reeves county from the holding of the annual fair at this place, naming several county fairs that were as humble in their infancy as was the first fair of the Reeves county association and comparing them at the present time. After the business session there was an informal social meeting and refreshments consisting of cigars, cookies and grape punch was served to the members and several visitors who were present.

Taken as a whole this meeting was one of the most enthusiastic and nearer of one mind than has been held hirsome time.

Mesdames R. S. Johnson and Beulah Wilson left yesterday afternoon for Barstow where they will visit with friends.

## SEVERAL HURT DURING WEEK

### Several Citizens Are Injured In Diverse Ways.

### Men, Women and Children Figure In Fatalities During the Past Week.

During the week just ended there has been more than a few accidents in and around the city. All that have come to our notice have been of a serious nature. Following is the list:

#### Mrs. Prewitt Gets Fall

Mrs. W. D. Prewitt, while doing her house work had the misfortune to fall from a box she had placed upon a chair, and fell across the back of the chair. At present she is resting nicely and in a few days will be all right.

#### John DeRacey Loses Finger

Another accident of a serious nature happened this week to that popular ranchman from Dixieland, John DeRacey. John is one of the few old timers who are still sticking exclusively to the cattle business. He gives them his personal attention at all times, and while roping among them this week the rope wrapped around his finger and when the animal hit the end of the rope John was minus a digit. It is an accident that is quite frequent among cattlemen, and they say the thing happens so quickly they can hardly explain how it does really happen. We regret the accident and trust that John De will soon be all right again.

#### Frank Jeans Severely Burned

While priming the gasoline engine at the Boyd farm with gasoline the engine back-fired, setting fire to the oil which he was handling, and severely burned Frank Jeans this afternoon.

The report got out that he had lost the sight of one eye and possibly both, but the attending physician thinks there is only slight injury done to the eyes, tho at this time it is impossible to tell with any degree of certainty. He is badly burned about the face and arms.

#### Wilson-Morrison.

A very pretty wedding in which Mr. Earl D. Wilson and Miss Anna Morrison, both of this city, were the principals, occurred on the afternoon of July 10th, at the Presbyterian manse, Rev. C. B. Boyles performing the ceremony that made the couple man and wife.

The wedding was a quiet affair, and was witnessed only by relatives of the bride and groom. Those present were Ollie Wilson, brother of the groom, the Misses Wilson, sisters of the bride, and Mr. and Mrs. Claude Brock.

Mr. and Mrs. Wilson are both well and favorably known to the people of Pecos and Reeves county, the former having lived in this section for many years. Mrs. Wilson at the time of her marriage was employed as night operator with the local telephone company. They will, for the present, make this place their home.

Born to Mr. and Mrs. J. H. Wagner, Wednesday morning, a fine baby girl. The mother as usual is reported as doing nicely.

## TEXAS--Garden Spot of the World.

(Fort Worth Record)

Texas is growing.  
 Texas is building.  
 Texas is on the jump.  
 Texas is adding to its population.  
 Texas is adding to its material wealth.  
 Why should people go to Canada?  
 Why should people go to the British Northwest?  
 Why should homeseekers go to the mountain states, where old Boreas whistles six months in the year and it takes all a man makes in the summer to keep from freezing or starving in the winter?  
 The answer is that they are not informed; that publicity of the right sort has not been used.

Texas is the garden spot of the world.  
 It has millions of acres of cheap land.  
 It has millions of acres of virgin soil untouched by plow or hoe.  
 The Record of Monday contained the story of the increase in Texas wealth in June.  
 Agriculture led with an increase of \$41,040,000.  
 The total for the month is \$72,000,000.  
 It reads \$15,000,000.

One item is that of factories produce or products.  
 The investment of foreign capital represented \$14,250,000. Oil and coal approximated \$2,000,000. Mineral production of the State represented \$1,890,000.  
 Texas is a wonderful agricultural State.  
 It is estimated that the oat crop will go beyond 25,000,000 bushels. Wheat furnishes the staff of life. Texas grown wheat for the year 1913 will go beyond the 12,000,000 mark. Close observers say that Texas will produce 200,000,000 bushels of corn this year.

In other words, Texas will feed itself and have millions of bushels for export.

Everywhere oil men are optimistic.  
 Texas bids fair to become more than the greatest oil producing state in the union. Its gas veins have just been scratched over and the subterranean passages of the earth contain a supply that will furnish five times the present population with light and power for years to come.

Advancement is the slogan everywhere.  
 Expansion is the song of the singers who toil.  
 Building operations are brisk.  
 Capital is unafraid.  
 Bumper crops are coming.

Foreign bankers must be clothed and foreign mouths must be fed. This means new money from the densely populated countries of the world. Texas is a land of golden opportunities.

Texas is a land where men are free. Texas is a land of equal privileges to all. Texas offers homes to the millions from other states and countries who are willing to earn their bread in the sweat of their face.

It offers greater inducements than any other commonwealth, and then the half has not been told.

BENEFIT OF PECOS BALL TEAM

HARRY WOODS

SUN FLOWER MINSTREL Tuesday, July 15th AT THE MUSIC HALL.

Dry, Farming Congress.

The Texas Dry Farming Congress extends to you a cordial invitation to attend the fifth annual meeting of the Dry Farming Congress to be held at Sabinal, Texas, on July 15, 16 and 17.

This meeting will be of great interest to all the farmers of Southwest Texas. We have secured a large number of prominent speakers who will be thoroughly conversant with the plans and purposes of this great organization, showing that our operations are safe, sane and practical and for the betterment of the Texas farmers, and whatever is good for them is good for the masses of the people.

We earnestly hope you will consider this invitation seriously, and make an effort to be present. Come and assist in the work of more and better agricultural development in Southwest Texas, and in addition, to this, enjoy the splendid entertainment that awaits us at the hands of the good people of Sabinal.

Yours for a successful meeting, Benjamin F. Berkley, Pres.

Small Sales of Alfalfa.

During the past few weeks there have been very few sales of alfalfa, the farmers preferring to store the crop to taking the prevailing prices.

Several buyers from the Eastern part of the state were here trying to buy alfalfa, but so far have only secured a small portion of their needs. They claim that the farmers want more for their hay than the market justifies them paying. On the other hand the farmers are of the opinion that the buyers are not willing to pay what the hay is worth.

From present indications, while the crop will be heavy, there will be an advance in the prices in a short time, provided the farmers of this section will stand together.

Diamond Dust Dopings

BY PAT

At the present writing it looks very much like the Giants and the Athletes are to be the contenders for the world's championship at the close of the present season. The Giants went to the top last week and, judging by the streak which they are going in every department they are good to finish there. The only thing that has been holding them back this long was the poor condition of some of their pitchers. They are improving with the warmer weather, and all are now going good. The Phillies are still clinging to the top and absolutely refuse to take to the toboggan in the manner prescribed by the fans. Chicago has passed the Dodgers and are going to throw a scare into the leaders before the season closes.

In the American it's nothing but the Athletes. No other team is close enough to get a look-in. It will be well thought to keep an eye on the Naps, and while you are in the watching business don't overlook the Senators. At the present in both major leagues it can be justly styled the "survival of the fittest." In the beginning of the season many games were postponed for one reason or another, and now is the time for those games to be played off, calling for double-headers nearly every other day. Only the teams whose pitchers are in the best of condition can stand this grueling, and here is where we predict a slump for the Athletes. The pitching staff of the Mack men has been criticized since the season opened, and if there are any weaknesses in it, this will bring them out. It is true that they have an enormous lead which will in all probability carry them safely over the line, but the margin is going to be close.

Lajoie is back in the game again and is clouting the ball like a demon. The Frenchman absolutely refused to play the bench, and we have an idea that the newspapers exaggerated the situation somewhat as the record of the veteran even for the present year would win him a berth anywhere.

McGraw, manager of the Giants, abused Brennan, pitcher of the Phillies, with his tongue; Brennan dittoed McGraw with his hefty fist to such an extent that Muggsy had a vision of being kicked by a mull. On investigation it was found that both were in bad, and, as a result, were suspended for a period of five days.

Ban Johnson's "trade of iron" in the American League is causing a great deal of adverse criticism in baseball circles. It seems that the "Car" of baseball is always ready to take the umpire's side of every question regardless of the merits in the case, and in handing down decisions left right is claimed that he has overreached his authority. Especially was this so when he undertook to censure Joe Birmingham, manager of the Cleveland, saying that he was unfit to manage any ball team. As the owner of a club, who is paying the salaries of the men composing that team, is the one to be satisfied or otherwise with the work of the men, we are inclined to think that Ban is getting into very deep water by such criticism.

In the Texas League things are tightening up. Houston has passed Dallas and tandem pick them as the logical pennant winner. A look at the standing of the clubs should make the stoutest heart quail before venturing an opinion as to the final outcome. The teams are certainly bunched and it is possible for Beaumont who are now in the cellar to whip up and beat out the leader. In no other league is this peculiar feat possible at the present time, and it only goes to show that the youngsters are playing the class of ball that is worth watching.

Fort Worth is now playing winning ball. Had they showed half the pep they are putting into the game now at the beginning of the season they would be right at the top of the column. As it is they will be lucky to finish in the first division. But as we said before, we have no predictions to make regarding the outcome of the league.

The following averages in the Texas League are available: Batting, Cook of Austin is leading with a percentage of .308; Run getting,

Dobard of Beaumont, .372; Base stealing, Scitz of San Antonio .405; Houston leads the drive in general fielding with an average of .956, Austin is last in fielding, with the phenomenal average of .939.

Charley McDonald of the Boston Nationals is leading in that circuit in hitting, his nearest rival being over 80 points behind. The last figures that we gave here, showed him in the lead with the percentage of .364. Since he has been in the game regular he has by his persistent clouting raised these figures to .432.

The sunny south has captured the batting honors in the American League. Jackson, Cobb and Tris Speaker are all from the South and are leading the drive in the order named. The rivalry between Jackson and Cobb has reached a point that is excitable. Jackson, however seems to making more fuss over the situation than we think necessary, claiming that the pitchers and the umpires are in league to plot his downfall. The former he claims will not give him a chance to hit, but instead walk him. The latter, he claims, put him out of the game every time he looks cross-eyed at one of them.

At a meeting of the officials of the T-O League on the 11th, the franchise of the Wichita Falls ball team passed to the City of Hugo in Oklahoma. The name of the team will now be Hugo.

Did you notice that peg of Henry's to second during the Big Springs series? And someone was mean enough to circulate the report that his arm had gone out on him.

The slow, dragging games of the past week caused quite a lot of criticism from the fans. No one likes to watch a half dead and alive game and as one man said, it makes no difference to him which side wins he likes to see a snappy game of ball. We are, of course, all rooting for the home team, but would like to see a little more pep put into the game.

Baseball is fast spreading over the entire globe. France has taken to it like a duck to water. In the Philippines the game has a strangle hold on the natives while in the West teams of all Cinnamon and Japs are common. The big league, however, does not boast of a Chinese or Jap top-liner. An all-star aggregation of foreigners could be formed, however, with the following line-up: Hall, of Boston, (Mexican) pitcher; Meyers, of New York, (Indian) catcher; Kmetzky, St. Louis, (Bohemian) first base; Lajoie, Cleveland, (French) second base; Wagner, Pittsburg, (German) shortstop; Byrne, also of Pittsburg (Scottish) third base; Ping, Radio, Chicago, (Italian) center field; Marsans, Cincinnati, (Cuban) left field; Henriksen, Boston, (Danish) right field. Hall, Meyers and Bodie are playing under assumed names.

We are inclined to the opinion, and we think that there are many who will agree with us, that the game out at Balmorhea between Pecos and Toyah proved, beyond the shadow of a doubt, that the Toyah bunch is nowhere in the class the Sox adorn. Without half trying the lads from this place just literally mopped up with them to the tune of 26 to 6. A game at this place was tried for, but Toyah, for some unaccountable reason, would not play here. Some ventured the opinion that they said they would not get a square deal at this place. We venture the advice that they could not have been treated any worse anywhere than the White Sox treated them out there.

Find Dead Mexican.

A Mexican, whose name was Leon Lopez, was found dead on the Pecos Valley Southern right of way last Friday afternoon, and brought to Pecos by order of some of the officials who happened to be on the excursion train that was returning to this place after spending the day at Balmorhea.

Little could be learned of the deceased except the fact that several had seen him alive and well the evening before, and some stated that he and some companions had evidently been celebrating the Fourth of July.

He was noticed by the people on the train as they were going down to the Valley that morning. All say that he was lying flat on his back with his face exposed to the sun's blistering rays, and many say they saw him move his hand as the train passed by. It is concluded by all who noticed him at all in the morning that he was lying with his head to the north. When he was picked up his position was to the east and west. The ground around him was badly disturbed, as if he had struggled before dying.

Dollars saved are dollars made. Adv. O. J. Green Grocery.

Fountain Again Cleaned

Cat fish are not patriotic and therefore did not join in the celebration of the Glorious Fourth, but they celebrated the next day and did it with great animation. The cause of the agitation was that of cleaning out the artistic fountain in which so many of the finest tributes and the people of Pecos, while two Mexicans scoured the fountain they were placed in tubs, which were kept filled with fresh water.

For some time the fountain has been in a dirty condition and the authorities decided it was about time to clean it. This was strictly in accord with the cleanup policy of the town.

Roder S. Carter, of Toyah, was a very welcome visitor to the Record Times' office Monday and gave us a nice little order for stationery, for which he has our thanks. He informed us that he has recently underwent an operation on his throat, also that he intends to put in the major portion of his time in working up his legal practice in this county. We wish him all the success possible.

ABOUT THOSE AMENDMENTS.

The following communication received this week from A. M. Kennedy, with the request to publish, will shed additional light on the amendments which the people of Texas will have a chance to vote for or against on the 19th of this month.

Here is the letter: Editor of the Record Times,

Dear Sir:—Some weeks ago I made the statement that the people of Texas had paid over seven million dollars in interest on the bonded indebtedness of the State and still owed the debt. After thinking over it until now, the advocates of the unlimited bond amendment have prevailed upon State Treasurer Edwards to make reply.

The explanation made by the bond people only emphasizes the danger in bond issues. No doubt but for this easy method of taking it out of one pocket and putting it into another that the State debts would have been paid years ago.

If you OPPOSE taking from the people the right to vote on State bond issues and giving to the Legislature full power to issue bonds in unlimited amounts—from One Million to a Hundred Million Dollars' worth without a vote of the Tax-Payers—scratch your ballot like this:

FOR AMENDMENT to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

AGAINST AMENDMENT to Sections 49 and 52, of Article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

STATE TAX-PAYERS' ASSOCIATION A. M. KENNEDY, Sec. (Advertisement.)

Webster McGinnis, an expert linotype operator, who has been visiting his sister, Mrs. Mark Adeock, for the past two weeks left Tuesday for El Paso, where he expects to spend sometime recuperating and enjoying the sights of the metropolis.

EXPLANATION OF THE CONSTITUTIONAL AMENDMENTS

To be Voted on July 19. They Relate to the Judiciary, to the Payment of Salaries to Officers, and to the Issuance of Bonds by the Legislature Without a Vote of the People.

There are three constitutional amendments to be voted on Saturday, July 19, 1913.

The first amendment relates to the judiciary. The only changes of importance proposed is that if this amendment is adopted more than one judge can be elected for each judicial district, and instead of requiring two terms of the district court in each county each year, the terms of holding the district courts will be determined by the legislature.

FOR THE AMENDMENT of section 7, article 5 of the Constitution of the State of Texas, relating to district judges and district courts.

If opposed, let your ballot read:

AGAINST THE AMENDMENT of section 7, article 5 of the Constitution of the State of Texas, relating to district judges and district courts.

The second amendment provides that "all State, district, county and precinct officers within the State of Texas shall hereinafter be compensated by the payment of a salary to be fixed or provided for by the legislature." In other words, the adoption of this amendment will abolish the fee system.

FOR THE ADOPTION of section 58, article 16, as an amendment to the Constitution, providing a salary compensation for certain officers.

If you oppose it, scratch the above paragraph and leave the following:

AGAINST THE ADOPTION of section 58, article 16, as an amendment to the Constitution, providing a salary compensation for certain officers.

The third and last amendment is known as the bond amendment and seeks to amend sections 49 and 52, article 3 of the Constitution. There are several subjects or propositions contained in this amendment. They are as follows:

1. It authorizes State officials to create debts against the State to supply deficiencies in the current revenues to the amount of a half million dollars, which may be repeated as often as the debt is paid.

2. The legislature is given power to authorize the issuance of bonds to purchase additional ground and erect necessary buildings for the University of Texas. This is to include a Medical Department and an Agricultural and Mechanical College in connection with the State University at Austin.

3. The legislature may issue bonds for the construction of necessary buildings for the "State institutions." There are some eighteen or twenty State institutions, and it will be left with the legislature as to what buildings are necessary.

4. The legislature may authorize the issuance of bonds secured by a lien on the real property of the penitentiary system for the purpose of constructing buildings and making permanent improvements.

5. The amendment authorizes the bonding of certain divisions of a county or any number of adjoining counties for roads and other public improvements by a majority vote.

6. In the improvement of rivers, creeks, building of levees to prevent overflows the bonded indebtedness may be for an amount not to exceed one-half of the assessed valuation of the lands. It is now one-fourth.

7. The issuance of bonds by a majority vote for the construction and maintenance of public warehouses or in aid thereof may be authorized.

As will be seen, there are at least seven distinct and independent propositions in the one amendment and the voter must vote for all of these or against all. He is not permitted to exercise his free will to vote for such things as he wants and against such things as he does not want.

Under the present Constitution and laws of this State no bond or State debt, except as mentioned above, can be created or bonds issued except by vote of the taxpayers. This amendment, if adopted, will take this power away from the taxpayer in so far as State bonds and State debts are concerned and transfer it to the legislature.

When the matter was first discussed, it was thought that six million dollars would cover the amount, but the demands and promises of the advocates of the bond amendment justifies the expectation of an immediate issue of nine million dollars' worth of bonds if the amendment is adopted.

If you favor the bond amendment, let your ballot read:

FOR AMENDMENT to sections 49 and 52, of article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

But if you oppose the bond amendment, scratch out the words just quoted and leave on your ballot the following:

AGAINST AMENDMENT to sections 49 and 52, of article 3, of the Constitution, authorizing the issuance of bonds for the University of Texas, Agricultural and Mechanical College, State Penitentiary System, and other public improvements and building of warehouses for agricultural products.

—which will be the last paragraph on the official ballot. A. M. KENNEDY. Kerrville, Texas.

Huge Map is Being Made. The international map of the world, on a scale of 1 to 1,000,000, will, when completed, eight or ten years hence, cover a total area of about 150 by 75 feet, or the surface of a globe 40 feet in diameter.

Conscientious at Least. "Why did you say your prayers twice, dear?" asked his mother, kissing Charlie good-night. "Cause I was too tired to say it last night, and I'm making up for lost time."

Will Get Rid of Felon. To cure a felon take common salt, as used for salting pork or beef, dry in the oven, pound fine, mix with equal parts of spirits of turpentine, put in a cloth and wrap around the affected part. As it gets dry put on more. Twenty-four hours of this treatment will kill the felon.

Difference. To men a man pretends he is a good fellow; to women what a bad man he is.

This is the Year For you to purchase a farm in TOYAH VALLEY

Land proven out will never be cheaper, Terms will never be easier. On whatever amount of money you may have, a farm can be found to suit you.

ALFALFA

Not being harvested and bringing returns that will make good payment of the investment and five more crops to harvest. Barley, oats and wheat making big yields. Grown in the winter, harvested in May and June. Cantaloupes make \$100.00 per acre, ninety days from seed to harvest time. Garden truck grown in winter brings big profits.

THE GREAT COMBINATION

Good Soil, Fine Climate, Plenty of Water and something to harvest and sell every month in the year, makes income insurance. Splendid business opportunities open in many town in the Toyah Valley, along the Pecos Valley Southern Railway. Write today asking for literature and our special proposition to the man who will come and settle on his land.

HOW FOOLISH

To suffer from "Skin" Diseases, Itch, Eczema, Ringworm, etc., when one 50c. box of Hunt's Cure is positively guaranteed to cure or your money promptly refunded.

Uriah Jones, Hezekiah Brown and John Peter Smith all say that Hunt's Lightning Oil stops Neuralgia, Rheumatism and other pains. Just try a 25c. bottle from your druggist.

Meals & Rooms

While in HOBAN

Mrs. S.A. Shellenberger

PECOS LIKES CREAM. Hundreds of Dishes Eaten Here Each Week During Hot Spell.

Statistics gathered the past week indicate that the average Pecosite is very fond of ice cream. It was shown that eighteen hundred dishes are eaten in public places alone each week, the drug stores, of course, showing the greatest number of dishes.

There are 90 gallons, on an average, sold each week to the two drug stores and the two main hotels and it is agreed that there are an average of 20 dishes to the gallon.

The majority of the ice cream sold in Pecos is vanilla, while peach ranks next. Most of it goes into ice cream sodas, sundaes coming in next and ice cream used in the egg drinks is last in quantity.

It is estimated that if the ice cream used in homes was added the figures would be about doubled.

But, Downing of Barstow, was a visitor in Pecos Tuesday afternoon and night. He was accompanied by Mrs. Downing.

Will Downing of Roswell, N. M., who has recently returned to that place to reside, was in the city Monday, on his return from a business trip to El Paso.

CAUSES OF STOMACH TROUBLES.

Sedentary habits, lack of out-door exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be

To the Taxpayers.

If you believe that the people should vote upon each and every bond issue, vote against the bond amendment. Election Saturday, July 19th. This amendment centers upon the Legislature full power to issue unlimited bonds without a vote of the people.

State Tax Payers Association, adv. By A. M. Kennedy.

Spencer B. Pugh, spent a day or two in the city the first of the week from the Arno farm. He reports everything in fine shape in that part of the valley, and some wonderful crop prospects in view.

## LOOK INTO THEM WELL.

Inasmuch as all the proposed amendments to the State Constitution which will be voted on July 18th, were published in one county paper in every county in the State, the full text of the amendments will not be printed on the tickets that will be furnished the voters. Only the captions will appear on the tickets so that unless the voter is familiar with the full text of the proposed amendment changes, he will not be able to study the real meaning and intent of the amendments before voting. To our mind the single joint resolution which proposes taking the matter of creating state debts and issuing state bonds entirely out of the hands of the taxpayers and placing the power with the legislature, is a very dangerous experiment and one well to be avoided. It proposes to let the legislature have unlimited power in the matter of issuing state bonds, and no matter for what purpose they are to be issued, the giving of this authority to as unwieldy and uncertain body as the average state legislature, would be bad business and dangerous to the state. At the last analysis, the people of this country can be misled on most any proposition when they do not thoroughly understand the right and wrong of it. They must be given a rule. We know, on the other hand, that our law-making system—the legislature—whether State or National, is susceptible to foreign influence, both within its own body and from without, and the history of the past legislatures of the state of Texas is not such as to inspire any great degree of confidence in the voters as to their wisdom or integrity. —Colonial Record.

We are of the opinion that the Record has covered the great territory thoroughly in the above and those who have carefully read the proposed amendments to the constitution will be inclined to agree with us. In another column we publish the proposed changes, so that our readers may see for themselves what a vast power the legislature will have in the matter of bonds no matter for what issued. At present the voters have no power of the ballot and may, by its use, determine just how and what bonds may be issued. Should the amendments carry, this power will be forfeited and the voter will have to sit still while the legislature squanders the State's savings, and be powerless to prevent it. If you are of the opinion that such a state of affairs is right, vote for the amendments. But if you think you should have a voice in the doings of the State which you are helping to support, the payment of taxes, vote against them. Don't be misled by the statements that a vote against the amendments is a stab at the educational and charitable institutions of the State. It is not. It is simply dodging lightning, by refusing to grant unlimited power to a body that has proved, by actions in the past, incompetent. Don't fail to read the proposed changes, they appear in this issue of the Record Times.

One thing that makes the eye sore is the condition of the vacant lots of Pecos. Not only is this so regarded to visitors sojourning in our town, but is the cause of much adverse comment on the part of the resident citizens. On nearly every

vacant lot there is an accumulation of brush that is not only a sight-sore, but, at night, a menace to navigation. With these lots in their present shape it is an impossibility to further the campaign for a cleaner Pecos. Every piece of trash that escapes the vigilant clean-up man finds a safe harbor in these same bushes. It strikes us that such a condition would be included in the City ordinances, and that it be made compulsory to keep these lots in an at least presentable condition. It is as important as the building of sidewalks, and non-residents, who own the lots and are only holding them in a speculative spirit, should be served with notices to clean them up once.

## JOB PRINTING CASH.

Owing to the fact that we have to pay for our stationery, either at the end of the month or cash, and not being blessed with an unlimited bank account, we are forced to establish a rule that all Job Printing will be cash. The neglect of a number of our patrons to meet their obligations to us promptly has made it very hard for us to meet our obligations in a satisfactory manner. Compared with the prices charged in other parts of the West, with the exception of one or two "cut-throat" outfits, our prices are with the best and we feel that we are entitled to a fair profit on the work turned out, otherwise it is of no advantage to do the work. Hoping that the public will appreciate the position in which we are placed and looking for a continuance of the liberal patronage that has been accorded us we are,  
Yours truly,  
RECORD-TIMES CO.,  
By R. L. Carothers, Prop.

We have this week refused to accept advertising from a mail order house desiring to secure further patronage in this section of the country. Still the business houses that they would be in competition with do not carry ads in our columns. That is the appreciation some people have for their local paper.

What is the purpose of advertising? This question has been asked and we shall attempt to answer, not according to the views of some one else, but as we see it. The purpose is to give the greatest publicity possible to the article, notice or what ever it may be that is to be advertised. The next purpose is to cause the public to become better acquainted with the matter named in the advertisement. To stimulate or draw patronage. Advertising is not, according to Webster, the act of placing an advertisement (public notice) in some obscure place, but to give it publicity. There are a few people who still think that when they tell a few people that they are going to do certain things or have a certain kind of goods on hand that they are advertising, but the average business man goes to the paper having the greatest number of subscribers, if there happens to be more than one paper, and secures sufficient space to properly display the announcement and then make it so attractive that the reader of the paper will investigate. Then the purpose of advertising must be to create PUBLICITY. The Record Times is the greatest Publicity organ in this part of the state and is capable of and does give Publicity to its patrons. A test will prove it.

We note that the Texas Commercial Secretaries Association have discontinued sending out its bulletin service to the press and will hereafter furnish it thru the Farm and Fireside Bulletin. We consider this as being a good move, as there was too much expense attached to the mailing of the bulletins for the benefits to be derived, but what will some of the country editors do for fillers now?

The people of Balmorhea have made arrangements with the Pecos Valley Southern railroad to run a special train down to that place on Friday, July 18th, and will give a big box supper and ball for the benefit of the Toyah Valley Band of that place. Read the announcement in the advertising columns.

We are in receipt of an invitation to attend the fifth annual meeting of the Southwest Texas Press and Commercial Secretaries Association at Fort Stockton, August 14, 15 and 16th. At this time it is impossible to say for sure whether or not we will be able to attend the meeting, but we assure the membership that we will be with them in well wishing and spirit if not in person.

Probably for the first time in its history, Washington was dry Sunday last owing to the operation of a brand new excess law. However, no special suffering was reported. Grape juice must be a handy thing to have around after all. —Star-Tribune.

## Delightfully Entertained.

Mr. and Mrs. Joe Hudgens entertained with a house party at their ranch home from July 1st to the 5, which was greatly enjoyed by all present.

There were picnics, back riding, horse back rides, and in fact all the sports a great and free ranch can grant.

Messrs. Oscar Bachholz and Annie Oates left nothing undone that might add to the pleasures of all, in supplying fresh horses each day and accompanying them to places of interest and nearby towns.

The young ladies proved to be expert riders and were eager at all times to indulge in the sport. On the fourth of the party attended the great barbecue given by the ranchmen and boys of the ranches of the community, under a beautiful natural chima grove at the Joe Hudgens' ranch home. Only those who have been fortunate enough to attend one of these barbecues before can form an opinion of the friendliness of these good people.

Those in the party were: Misses Bettie Landrum, of San Antonio, Lillie Pearl Bachholz, Ruby Cole, Marguerite Glasscock, Della and Marie Hudgens, Messrs. Oscar Bachholz and Annie Oates.

## Pecos Captures Tennis Prizes.

The Pecos Tennis Club was represented at the Midland Tournament on July 4th by Messrs. Brownning, Blanchard and Roberson, and judging from the amount of prizes that they returned with, they gave a very creditable account of themselves. They succeeded in winning all the prizes, both in doubles and singles, but from all reports it was a hotly contested affair from start to finish.

Crack players from all the towns along the T. & P. took part in the tournament, and according to reports reaching here all had a most enjoyable time. The doubles were won by the Pecosites from Shumate and Isaacks of Midland in a close contest 8-6; 3-6; 6-3 and the singles lay between Brownning and Roberson, to be played off on the Pecos courts.

Read the ads in the Record Times they represent the merchants of the city who desire your patronage, and they are the ones you should patronize, as they show they appreciate your trade.

## Cantaloupe Shipments Next Week

We are informed by Pecos Jim Moore of the Melon Growers Association, that local express shipments of the famous Pecos Challenge cantaloupe could begin by the middle of next week, and possibly by the first of the following week. This will be followed by several new days with the regular shipments. In speaking of the weather, it is stated that it might cause a postponing of the melon crop is doubtful, but that the growers will prevent any considerable damage to plants by judicious irrigation. The event that the exceedingly hot weather should continue.

## Reserved Seats for Juarez Battle.

Reserved seats are being held at a premium on the roofs of the high buildings in the event of a battle of Juarez. One location is worth \$1 a chair and another offers the public a glimpse at the battle field at 25c. The battle is not guaranteed at the prices but the admission price will be refunded if the battle does not take place according to schedule. meantime advance sale of seats are progressing. **Studebaker**

**"Studebaker wagons  
certainly last a long time"**

I have had this wagon twenty-two years, and during that time it cost me only \$20.00 for repairs and that was for setting two tires.

And after twenty-two years of daily use in rugged and bad weather and over all kinds of roads, I will put this wagon against any new wagon of another make that you can buy today.

Studebaker wagons are built of seasoned lumber and treated with preservative. The paint and varnish are subjected to laboratory tests to insure wearing durability.

No wagon built in this country or elsewhere is so strong and reliable as a Studebaker. You can buy them in North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Colorado, and Montana.

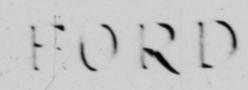

What kind of a dealer who makes it his job to show a cheap wagon to you is the man who is not a Studebaker dealer.

These wagons are built strong, rugged and last. They are made by the Studebaker Corporation, South Bend, Ind.

**Proposed Amendment to the State Constitution authorizing the issuance of bonds for the purpose of the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.**

SENATE JOINT RESOLUTION  
To be enacted A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to sections 19 and 20 of Article 3 of the Constitution authorizing the issuance of bonds and the levying of a tax to pay the interest and sinking fund on same for public improvement.

SECTION 19. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 20. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 21. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 22. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 23. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 24. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 25. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 26. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 27. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 28. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

SECTION 29. That the Legislature of the State of Texas be and it is the duty of the Legislature to provide for the construction of the necessary buildings for the University of Texas and also for buildings of various institutions, and authorizing improvement bonds for the purpose of navigation, irrigation, construction of bridges and the Maintenance and operation of public warehouses.

### A Tribute to D. W. Henderson.

On the 24th of June, A. D. 1913, just as the new day was starting, Daniel Walter Henderson a useful and beloved citizen of Pecos, after an exemplary and well spent life, quietly drew aside the invisible curtain that divides the living from the dead and drifted out upon that unknown sea that rolls around the world.

Where he has gone we know not. Like the patriarch of old, he may be judged by the purity of his character, his integrity, and his faith. The work that was in his hands, the work that was his life, the work that was his glory, the work that was his joy, the work that was his pride, the work that was his hope, the work that was his love, the work that was his life.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

life's shortness, cheerfulness also marked him for her own. Less than two days before his sudden departure he invited the writer to his home from service at the little church; the attention to affairs, the good cheer and reminiscent mood, so beguiling in its innocence, and so appropriate to the occasion, seemed an inspiration for the change so near at hand.

Like the patriarch of old, he may be judged by the purity of his character, his integrity, and his faith. The work that was in his hands, the work that was his life, the work that was his glory, the work that was his joy, the work that was his pride, the work that was his hope, the work that was his love, the work that was his life.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

He was a man of many talents, a man of many virtues, a man of many accomplishments. He was a man of many friends, a man of many admirers, a man of many followers. He was a man of many honors, a man of many awards, a man of many distinctions. He was a man of many titles, a man of many names, a man of many titles.

Taste it

Drink a tall, cool glass of iced tea made with

White Swan Tea

You'll enjoy the fragrance of it, the delicate refinement of flavor—the good tea taste without even a suggestion of tannin roughness. Then you'll agree with us that no real-time drink is so delicious or so cooling. Absolutely pure—better than the law requires.

Four sizes in air-tight tins 10c, 25c, 40c and 75c

Your grocer will be glad to recommend it because he knows that you'll come back for more

Waples-Platter Grocer Co. Texas

Furniture

Have purchased the R. C. Clarke stock of furniture and will sell at a reduced price. Will carry a complete stock and will save you money on anything in the furniture line. Also handle Wall Paper, Paints and Glass. Call and get my prices before you buy. Will swap your new furniture for old. Picture framing at half price. All kinds of furniture repairing.

T. E. Brown

Brady-Camp Jewelry Co.

Please let us know what you need in the Victor or Edison talking machine line. We carry them both and can get you anything in Records you may need on short notice.

Bring in that watch or any article of Jewelry that needs repairing.

Also let us know your needs in rings, such as wedding or engagement rings, wedding presents etc.

When you are in the market for a Diamond let us figure with you. We will give you the lowest prices, quality considered.

THE STATE OF TEXAS, County of Reeves.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Reeves County, on the 30th day of June 1913, by Willie H. Woods, Clerk of said Court for the sum of One Thousand Six Hundred Twelve and 69-100 Dollars and costs of suit, under a Judgment in favor of D. L. McDaniel in a certain cause in said Court, No. 1141 and styled D. L. McDaniel vs. Chas. W. Smith and placed in my hands as sheriff, I, Tom Harrison, as Sheriff of Reeves County, Texas, did on the 30th day of June 1913, by virtue of said Order of Sale, situated in Reeves County, Texas, described as follows: to wit: 27.91 acres of land out of Section 61, in Block 4, H. & G. N. R. R. Co's. Survey, and 29.12 acres of land in said section, and being the same high cornered to the said D. L. McDaniel to the said Chas. W. Smith, as described September 27, 1911, levied upon as the property of Chas. W. Smith and placed on the first Tuesday in August 1913, the same being the 5th day of said month, at the Court House door of Reeves County in the Town of Pecos, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said Order of Sale I will sell said above described real estate at public auction for cash, to the highest bidder as the property of said Chas. W. Smith.

And in compliance with law, I give this notice by publication in the English language once a week for three consecutive weeks immediately preceding said day of sale in the Pecos Record Times, a newspaper published in Reeves County, Texas, my hand, this 30th day of June, 1913. TOM HARRISON, Sheriff Reeves County, Texas. Advertisement.

THE STATE OF TEXAS, County of Reeves.

In the District Court of Reeves County, Texas, April term, A. D. 1913. Citizens State Bank vs. Toyak Texas, No. 1174, vs. E. R. Patterson, et al.

Whereas by virtue of an order of sale issued out of the District Court of Reeves County, Texas, on a judgment rendered in said court on the 13th day of May, A. D. 1913, in favor of Citizens State Bank vs. Toyak Texas, No. 1174, vs. E. R. Patterson, et al., and in favor of the Banker's Mortgage Company, against the said E. R. Patterson and in favor of the Citizens State Bank vs. Toyak Texas, No. 1174, vs. E. R. Patterson, et al., I did on the 17th day of July, A. D. 1913, at 2 o'clock p. m., levy upon the following described tract and parcel of land situated in the county of Reeves, State of Texas, and belonging to the said E. R. Patterson, to wit: All of Section 29, in Block 13, H. & G. N. R. R. Co's. survey, in Reeves County, Texas, same containing 640 acres of land, and being situated upon Toyak Creek in said Reeves County, Texas, and known as the E. R. Patterson land; and on the 5th day of August, A. D. 1913, being the first Tuesday in said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the court house door of said county, I will offer for sale and sell at public auction for cash all the right, title and interest of the said E. R. Patterson in and to said property. Dated this 17th day of July, A. D. 1913. TOM HARRISON, Sheriff Reeves County, Tex.

A GOOD INVESTMENT. W. D. Magill a well known merchant of Whitebond, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of his entire stock of these medicines. For sale by all dealers. (Adv.)

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Burlock Came Up in Despair. Husband Came to Rescue.

Garton, Ky.—In an incident from this place, Mrs. Burlock writes as follows: "I was four years, with womanly troubles, at this time, I could only cry while, and could not work at all. At times, I would have given up in my left side. The doctor was called and he relieved me for a while, soon confined to my bed, that, nothing seemed to help me. I had gotten so weak I could not get up and I gave up in despair. At last, my husband, Mr. Cardui, the woman who had commenced taking it. From a dose, I could tell it was working, and I can now walk two miles a day, and am doing well. If you are all run down with troubles, don't give up. Mr. Cardui, the woman's trouble is more than a million years of wonderful suffering surely help you, too. I sold Cardui for years, and it will do. Ask him to recommend it. Begin taking it." # DR. PRICE'S BAKING POWDER

Purity in food, lower cost of living—these are the demands of the day.

Pure food is health, and health is economy itself. We cannot have health without healthful food.

The most healthful foods are the quickly raised flour foods—biscuit, cake, muffins, crusts and other pastry, when perfectly made from wholesome ingredients.

Dr. PRICE'S baking powder makes these foods in specially attractive, appetizing and wholesome form, and for both economic and hygienic reasons, such food should be more largely substituted for meat in the daily diet.

**But bear in mind that alum, or unwholesome baking powder, can never make pure, wholesome food.**

### OF INTEREST TO FARMERS

Helpful Suggestions By Experts Of The A. & M. College.

W. Ridgway, head of the Department of Dairy Husbandry at A. M. College, has the following to say in regard to the filling of the silo.

It is but a few days now until silos should be ready for the silage. The following precautions should be taken. In the first place should urge the necessity of being prepared to handle the silage crop the time it is ready for the silo. A delay at this time might result in dry and partially rotten silage. Notice your crops closely and soon as there is evidence of these crops "burning" they should be put in the silo at once. Corn should be put in the silo at the fodder-pulling stage, or when the kernels have become dented. Kafir corn, silo maize, and sorghum, just after the heads have passed the dough stage, or when the seeds are about three-fourths ripe. If these crops are cut at the time suggested above, water will be necessary. If however, delay is experienced then it will be necessary to add water. The amount of water necessary depends on the dryness of the crop. Sufficient water should be added to make the silage moist. One good method of determining whether sufficient water has been added is to press a handful of the silage between the hands and if the palms and fingers are made moist, then enough water has been added.

The best way to add water to silage is by means of a barrel elevated above the cutter and connected to the elevating pipe by 1-4 or 1-2 in. hose, the amount of water being regulated by a stop-cock. The bottom of the barrel should be about two or three feet above the large end of the silo. The most necessary precaution is the even distribution and thorough packing of the cut material. Two men should be employed in distributing the silage around the edges, keeping it well packed and not permitting the silage to pile up in the center. The silage that is unevenly and improperly packed will decay in little spots through the silo and may ruin the entire silo.

In answer to an inquiry regarding turnips, O. H. Sellers, Assistant in the Extension Department, has the following to say:

The main trouble in growing fall turnips is occasioned by lack of sufficient moisture to cause the seeds to germinate. This can be overcome,

however by a flat-breaking of the ground and disking it to pulverize it finely. Follow this cultivation with a spring or spike tooth harrow after each shower. Sow the turnip seed as soon after the first of September as there is enough moisture to make the seed germinate.

It is usually advisable to plant at least two or more varieties. Of the early quick maturing varieties the Purple Top Strap Leaf is probably the best. Of the medium late varieties one among the best is the Amber Globe. The turnip is a fine food for the human family and also may be used profitably for fattening hogs or cattle. It should not be fed to fattening hogs however within twenty days of slaughtering time. In order to avoid flavoring the meat with a rank, sandy loam soil with barn yard manure as a fertilizer is ideal for this crop.

R. B. Pearce, Instructor in the Engineering Department, has this to say in regard to terracing: To properly lay out terraces an engineer's level or a carpenter's level fastened to a frame should be used in order to give the terrace a uniform grade. It is best to begin at the ditch where you wish the terrace to take the water. Beginning at the ditch run a line around the hill, giving the line a fall of from three to six inches per hundred feet. Begin with a large turning plow and back furrow on this line until the terrace is made about twelve feet wide. Continue re-planting the terrace until you have made it about two feet high in the center. Where small gullies are crossed, fill up with the scraper until the top of this terrace in the gully is as high as on each side. Plant a row on top of the terrace and on each side parallel with it. For further information address R. B. Pearce, College Station, Texas.

Dr. G. S. Fraps, State Chemist and Chemist to the Experimental Station at the A. & M. College, has the following to say concerning fertilizers for old sandy and clay soils:

A good fertilizer for sandy and clay soils consists of equal parts of acid phosphates and cotton seed meal applied at the rate of three to four hundred pounds to the acre. This application should give profitable results. If, however, the crop is entered in prize competition the application must be made heavier.

The two weeks beginning July 21st, will be gain weeks at the A. & M. College. During that time the Farmer's Short Course, the Farmer's Congress and the Farmer's Institute will be conducted. A big attendance is expected.

### For Relief of W. P. Jones.

In last week's issue of the Record Times we gave publicity to the fact that there was one W. P. Jones, a white man, destitute and sick, who was being cared for by Mexicans in the Mexican quarter of the town. The reason that publicity was given the matter was in the hopes that relief in some shape or manner might be given by those of his own race and color. The Mexicans who were caring for him were in hardly better circumstances than he. That our efforts were rewarded is evidenced by the following letter from T. B. Keasler, a former citizen of Pecos but who is now residing at Mineral Wells:

To the Pecos Record Times.

Dear Sirs: I have just read your valuable paper, and of the destitute circumstances of W. P. Jones of your vicinity, and note your kind offer to see that any contributions sent in for his aid would reach him immediately.

Enclosed find check for ten dollars for his special benefit. Your kindness in the turning of this over to the proper party will be much appreciated. Yours truly,

T. B. KEASLER.

The check we turned over to City Marshal Moorhead to give to Mr. Jones. We trust that there will be others to follow the example of Mr. Keasler.

Money talks. Try O. J. Green Grocery.—Adv.

### UNFAIR TO THE DRUGGIST.

The Old Joke about "Something Just as Good," Doesn't Apply to This Drug Store.

You have probably heard dozens of times the old story that a drug store was a place to "get something just as good." There is at least one druggist in the world that you can't say this about.

It is certain that an inferior article will never be substituted for a guaranteed one by the Pecos Drug Company. Take for instance a safe, reliable remedy for constipation and liver trouble like Dodson's Liver Tone. This harmless vegetable liquid has proved so satisfactory a liver stimulant and reliver of biliousness, and to entirely take the place of calomel without any danger or restriction of habits or diet, that there are dozens of preparations springing up with imitations of its claims.

But Dodson's Liver Tone is guaranteed to do all that is claimed for it, and if you are not satisfied with it, the Pecos Drug Company will hand your money back with a smile. Any person going to this store for a bottle of Dodson's Liver Tone will be sure of getting a large bottle of this genuine remedy in exchange for his half dollar.

Prices as low as the lowest, goods as good as the best. O. J. Green.

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm. NATIONAL BANK OF COMMERCE, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation. (Adv.)

### Calomel Is Bad.

But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields; biliousness goes. A trial convinces. (In yellow tin boxes only.) Tried once used always.

I saved by buying my groceries and food of O. J. Green. Adv.

### SURPRISING CURE OF STOMACH TROUBLE.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Single, Plainfield, N. J., writes: "For over a month I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For full information as to route, limits, etc. phone or call on C. M. WILSON, Agent.

Proposed Amendment to the Constitution of this State authorizing the issuance of Bonds for Improvement of Public Warehouses for storing, handling, classing, measuring, elevating, weighing and loading Agricultural Products.

Section 1. Be it resolved by the Legislature of the State of Texas, that Section 52 of Article 3, of the Constitution of the States of Texas, be amended so as to hereafter read as follows:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid or, or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the State, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of a majority of the resident taxpayers voting thereon, who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon, and provide a sinking fund for the redemption thereof, as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation thereof, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation or in aid thereof.

(c) The construction, maintenance and operation of macadamized, graded or paved roads and turnpikes, or in aid thereof.

(d) The construction, maintenance and operation of public warehouses for storing, handling, classing, measuring, weighing, elevating and loading agricultural products. Provided the Legislature may establish such means and agencies as may be necessary for accomplishing the purpose of this amendment and if a state warehouse commission be provided for, their term of office shall be fixed by the Legislature.

Sec. 2. The Governor is hereby directed to issue the necessary proclamation for submitting this amendment to the Constitution to the qualified electors of the State of Texas on the third Saturday in July, same being the 19th day of said month, and the amendments proposed to Section 52 of Article 3, as above indicated, shall be voted upon separately.

Those favoring the amendment to authorize road or other public improvements by a majority vote, shall have written or printed on their ballot: For amendment to authorize road and other public improvements by a vote of a majority, and those opposed to said amendment shall have written or printed on their ballot: Against amendment to authorize road and other public improvements by a vote of a majority.

Those favoring the issuance of bonds for the construction of public warehouses shall have written or printed on their ballot: For the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products. Those voting against said amendment shall have written or printed on their ballot: Against the amendment authorizing the issuance of bonds for the construction of public warehouses for agricultural products.

### EXTRA SESSION NATIONAL CONGRESS TARIFF REVISION, ETC. SPECIAL ANNOUNCEMENT

The most popular general news and farm paper in Texas is the Dallas Semi-Weekly Farm News. It is read by more people than any other publication in the Southwest. It is the favorite with men readers, women readers and boy and girl readers, because it has something for all of them, and the best to be had at any price. The Semi-Weekly Pecos Record-Times and the Semi-Weekly Farm News will be sent a whole year to any address for \$2.75. We accept and receipt for all subscriptions at this office. We do all the ordering and take all the risk.

**L. C. Smith & Bros. Typewriter**  
(Ball Bearing—Long Wearing)  
In buying a typewriter you want a satisfactory answer to three questions:  
**What will it do for me?**  
**How well will it do it?**  
**How long will it do it?**  
By answering these queries with the needs of the typewriter owner and user in mind, the L. C. Smith & Bros. Typewriter Company has attained the front rank in the typewriter field.  
Some people think that a typewriter is a typewriter and that is all there is to it. Machines may look alike but there is a lot of difference in efficiency.  
The new Model Five is built not only for straight correspondence but for tabulating, billing, and in fact for every service needed in the average business.  
Its ball bearings at all points where friction develops through action, permit close adjustment and insure correct and accurate positioning.  
We would like the opportunity to tell you more about it.  
Write for free book of our new Model Five.

# PERSONAL MENTION

PRIVATE BOARD and Rooms at J. H. Wilhite's. Phone 81. 461f

Mrs. Ed Vickors left Wednesday afternoon for Hot Wells, where she will spend some time for the benefit of her health. These wells are located in El Paso county, near Van Horn, and are building up quite a reputation.

David S. Butler, the efficient and courteous cashier of the Toyah Valley State bank of Saragosa, was a business visitor to the city yesterday afternoon.

Prof. John Elder returned last Thursday from Alpine where he has been for the past two weeks as an instructor in the summer normal. He reports a good attendance and a very pleasant time.

Mrs. Ethel Reynolds spent the Fourth in the country visiting relatives. She reported having a fine visit and enjoyed the short vacation from her duties as cashier of the Pecos Mercantile.

A number of our citizens spend the evenings on the river trying to entice the fish from their haunts. City Marshal Moorhead tried himself out Tuesday evening, but has not reported yet.

Manager Stewart of the Experimental Farm, was a business visitor in the city Wednesday, and reports everything moving along nicely on the farm. He is quite enthusiastic over the prospects for Pecos' famous Challenge Cantaloupe this year.

E. R. Patterson, cashier of the Ft. Davis State bank, was a visitor at the Balmorhea celebration. Mr. Patterson is an old time friend of the editor, and informed us that he believed that Jeff Davis county was going to take off a bunch of prizes at the Reeves County Fair this fall, as everything was in the finest shape that it had been for years. We will welcome the Jeff Davis citizens to the fair and will gladly deliver them all the prizes they win over the farmers and gardeners of Reeves county. Come on over, the road is wide and clear, and a glad hand will be extended you on your arrival.

Mrs. W. K. Wiley and children have returned from their summer visit to Fort Worth, Dallas and Mineral Wells. Mr. Wiley will remain a week longer attending to business matters.

Joe Levin of the Crystal Water Ranch left Thursday afternoon for a business trip to Kansas City, Pittsburg and New York, expecting to be absent about ten days or two weeks.

Miss Bettie Landrum, who has been visiting her uncle, G. B. Landrum, of this city, for several weeks left for her home in San Antonio yesterday afternoon. She has made many friends here during her visit who regret very much to see her depart.

Mrs. J. B. Hudson and son, Hill, left yesterday afternoon for Sulphur, Okla., where they will spend a couple of months.

Miss Marguerite Glascock left yesterday afternoon for Fort Worth after a visit of several weeks with her father, Will Glascock, of the Pecos Dry Goods Co.

**Harkey Will Attend Meeting.**  
Sec. Harkey to Commer Sec Meet 11  
Secretary R. M. Harkey will leave on the early Monday morning train for Mineral Wells where he will attend the meeting of the Texas Commercial Secretaries Association. He will address the association on two or three subjects and will of course boost for Pecos all the time that he is gone. He will also visit Dallas and Fort Worth, and boost for the Reeves County Fair, carrying a lot of advertising matter along for that purpose.  
Dr. Harkey can be depended upon

to let no chance for boosting Pecos and Reeves county get by him, and several hundred people will be impressed with the knowledge that Pecos and Reeves county are still on the map and ready for the world to come and investigate their claim for greatness.

## SPECIAL SESSION CALLED

Legislature Will Convene By Order Of Governor, July 21.

Austin, Texas, July 7.—Governor Colquitt today issued the following proclamation:

"Whereas, the Thirty-third Legislature adjourned the regular session thereof without making appropriation for the support of the state government, as provided by the constitution shall be done;

"Now, therefore, the failure of the Legislature to pass such appropriation bill creates an extraordinary occasion, justifying the Governor to convene the Legislature in extra session, and I do hereby call the same to convene in the Capitol in the city of Austin, beginning at ten o'clock, a. m., Monday, July 21, 1913, for the following purposes, to wit:

"1. To make appropriations for the support of the State Government and its institutions, and the repair, restoration and erection of necessary public buildings; for the fiscal years beginning September 1, 1913, and ending August 31, 1915.

"2. To pass a law providing for and regulating the election of United States Senators from Texas by the people thereof, as provided shall be done hereafter by an amendment to section 3 of article 1 of the Constitution of the United States, recently declared ratified and adopted by three-fourths of the states in the Union.

"3. To revise or amend the provisions of the law now governing the management and control of the penitentiary system as embraced in chapter 19, acts of the fourth called session of the Thirty-first Legislature.

"4. To consider and act upon such other matters as may be presented by the Governor, pursuant to section 10 of article 3 of the Constitution of Texas.

O. B. COLQUITT

## Some Hot Weather in Pecos

Manager Stewart of the Pecos Experimental Station reports that the temperature has made a steady advance upward since Monday, reaching the highest of the season this afternoon at 4 o'clock when the instrument at the station reached 110 degrees. Monday a maximum of 104 was reached with a minimum of 70, Tuesday it stood at 105, Wednesday 106 and Thursday 107 was reached with a minimum of 62.

Of course there is some slight difference in the temperature at the farm and here in town but not sufficient to materially change these figures.

Today (Friday) has the record of being the hottest day of the summer so far. The average was taken from different thermometers that are scattered throughout town, and the range was from 108 to 112 degrees.

The nights, however, are pleasant enough, the fall in the mercury being something like 40 degrees, and with the cool breeze that never fails us, we are indeed blessed over our Northern brothers, who swelter day and night.
