Well-Other Items.

H. C. Stewart, general superintendent of the Pecos State Experimental Farm, is getting things in good shape for the coming season. His land has been put in very excellent condition and has a splendid season, being full of moisture.

He planted quite an acreage to wheat in October and the same is looking well, practically all the seed having germinated and appearing as though it will produce a good crop.

Mr. Stewart is making preparations to experiment with several grades of

County Attorney Drane had previously advised all litigants and witnesses and others interested in the court sesion that there would be an adjournment.

GREAT WESTERN HAS MEETING.

Sweetwater Banking and Trust Company Hold Annual Meeting in Nolan County City.

The first annual meeting of the stockholders of the Great Western Loan and Trust company of Sweetwater. Texas, was held in that enterprising city January 9, at which time very satisfactory reports of the progress of the company were made and a large number of out of town stockholders were present. It was decided to purchase property and build a modern banking house at Sweetwater.

Several Pecos and Reeves county people are stockholders in the company, which makes the meeting of interest locally.
