aim, and he delivered a message
of the Ector and Ward county peo-
ple of sympathy, co-operation, and
desire for action.

Ward county was well represent-

forceful talks were made by
George Burch Carson, Mayor Taylor

the Ector county people turned
meeting into a sort of love feast
their enthusiasm and determina-

HOBAN NEWS.

Sully Ikard, the foreman, and S.
Fry, the wagon boss of the O L
outfit, made Hoban a pleasant visit.
They were riding frisky and pranc-
ing bronchos. As stooock is doing
nice for this time of the year and
the windmills are in good running
order, they took time telling of the
few late happenings and cracking
some jokes. After dinner they re-
turned to the ranch with supplies
packed on the snorting young
horses.

A car of casing, shafting, a cen-
trifugal pump and different other
well parts arrived at Hoban for H.
H. Jones. It's expected to have
the pump running in ten days.

Dr. Mead and Mrs. R. M. Greer
report that their new well furnishes
600 gallons per minute. We are
very glad to learn this.

Who said Hoban is asleep? Mr.
H. T. Collier has contracted to have
80 acres of land cleared from the
Hoban Mercantile to his farm. This
will give new comers a better view
of what has been done and will be
done in Hoban Gardens.

CELEBRATE CRY- STAL ANNIVERSARY

Mr. and Mrs. J. B. Gibson entertained
nearly one hundred guests
Friday evening to celebrate the
twentieth anniversary of their mar-
riage.

Upon arrival the guests were asked
to register their names, after
which punch was served in a cozy
nook of the hall by Miss Roberta
Sharples, niece of Mr. Gibson, and
Miss Fay Capps.

The parlors and library were
filled with jolly friends who en-
joyed different contests and talked
over earlier days when this happy
couple started out for better or for
worse, and all agreed that their
twenty happy years spent together
had caused them to seem just as
young and ambitious as they were
so many years ago. Those present
who saw Mr. and Mrs. Gibson mar-
ried were: Mr. and Mrs. Jesse
Heard, Mrs. Buchholz, Mrs. Jack
Love, Mr. E. L. Collings, Mr. Max
Krauskopf.

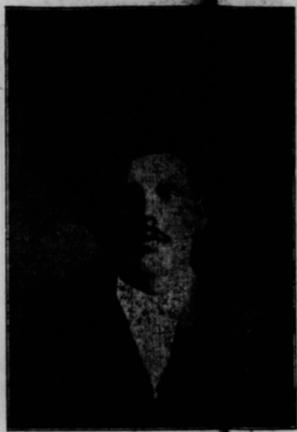

The dining room and living room
had been arranged with four large
tables so as to seat fifty persons at
one time and a delightful two-course
luncheon was served, where all
drank pure water to the health of
the bride and bridegroom.

Many handsome gifts were re-
ceived in hand-painted and Havil-
land china.
Among those present were: Mr.
and Mrs. Will Brady, Mr. and Mrs.
J. E. Cox, Mr. and Mrs. W. N. Rob-
erts, Mr. and Mrs. J. H. Richburg,
Mr. and Mrs. R. E. Kite, Mr. and

hostess.

HE FOOLED THEM.

Mr. Roop played a good April fool
on his family. He, in company
with B. T. Biggs yesterday after-
noon went over to the Biggs settle-
ment, expecting to return last night
but owing to the heavy rain and
hail they were detained and did not
get back until this morning. His
family, unable to get any word of
his whereabouts and were very un-
easy, on account of his sudden dis-
appearance, when he came home it
was a pretty good April fool.

COURT OF APPEALS AFFIRMS DEATH SENTENCE FOR SUBIA

AUSTIN, April 1.—The court of criminal appeals today affirmed the death penalty imposed by a Reeves county jury upon Ferdinand Subia, a Mexican, who shot and killed T. Y. Moorhead, city marshal of Pecos.

ONE WAY TO SAVE MONEY.

As a part of its spring campaign
to kill off a pest and remove a men-
ace to life, the board of health of
New York state has printed and
distributed cards reading thus:

It costs less to buy a screen door
and keep the garbage receptacle
carefully covered than it does to get
ill and lay off for a month.

FINGERS SEVERELY INJURED

(From Tuesday's Daily)
This morning while S. E. Doug-
las and Jep Miles were unloading
a piece of iron about four inches
square and ten feet long, Mr. Doug-
las in some way had his left hand
caught under it and the fingers
were badly injured. It is not ex-
pected that anything serious will be
the result, but he will probably
lose two or three of the nails. He
will undoubtedly be inconvenienced
for working for a week or so.

Had there not been a stick under
the end Jep was handling he would
also have had a damaged hand, but
it was thick enough to hold the iron
bar off his hand.

BUILDING NEW WAREHOUSE.

The Pecos Refining Company has
a force of men engaged in erecting
a warehouse just north of the
Fruett Lumber Company's yards.

This will greatly facilitate the
delivery of their products as they
will not have to haul small amounts
in from the refining plant.

DALLAS GETS A REGIONAL BANK.

Through the courtesy of J. G.

FOR ALDERMAN.

We are authorized to announce
Ben T. Biggs as a candidate for
Alderman to be voted for at the
city election Tuesday, April 7, 1914.

Mr. Biggs is so well known in
Pecos City for the Times to under-
take to recommend him for it goes
without saying that he is not only a
good and loyal citizen and success-
ful business man, a booster for
Pecos and the Pecos valley. He
will appreciate your vote.

BAPTIST LADIES' AID.

The social meeting of the Baptist
Ladies' Aid society will be held in
the church parlor Monday after-
noon. Mrs. Williams and Smothers
are hostesses for the occasion. An
interesting program on home and
foreign missions will be given and
a good attendance will be greatly
appreciated.
Mrs. Casey, Secretary.

SPECIAL ANNOUNCEMENT

PECOS, TEXAS, March 31, 1914.

My Dear Sir:

In announcing for re-election to the Mayor's office, I want to say
that much unavoidable delay has been occasioned in the matter of the
sewer and waterwork, which delay, while absolutely unavoidable, has
no doubt resulted in the City Council, and the Mayor in particular,
coming in for a liberal share of criticism. I am quite sure, however,
that if the public knew of the earnest and persistent efforts that
have been made by me to dispose of the bonds during the last twelve
months of terrible stringency in the money market, and the very
great difficulty of disposing of a five per cent bond at face value and
accrued interest, the public would not be quite so harsh in its judg-
ment.

We have at last succeeded in disposing of the bonds and getting
the money, and the work has begun in earnest and both the sewer
and waterworks will be put in just as fast as men and modern ma-
chinery can do the work.

On account of my thorough acquaintance with all the details of
the two systems as planned, I feel that, in justice to myself, as well
as to the public, I am entitled to serve and ought to serve as Mayor
until both systems are complete as per contract. I assure you that
for this reason only I desire to be re-elected Mayor. When this work
is done, I will be more than willing to turn the office over to any other
competent man—but not until then. I appeal to my fellow-town-
men to grant me the opportunity to finish the sewer and waterworks
systems according to plans adopted, and I fully believe that, upon re-
flection, you will agree that I am justly entitled to this opportunity,
and that you will, by your votes, concede it to me.

Earnestly asking you for your support, and thanking you in ad-
vance for the same, I am,

Very respectfully,

J. B. GIBSON.

SARAGOSA NEWS.

E. M. Langford and family came
in from Midland last week and have
moved out to J. B. Rhea's farm,
where they will permanently reside.

Tuesday T. T. Rhea and wife,
Mrs. J. R. Rhea and daughter Miss
Merle, and Mrs. S. G. Swisher and
son John, and Miss Ada Greer left
for their old home at Farragut,
Iowa, where they will make their
future home. J. W. Rhea left Wed-
nesday with a car of household
goods, etc. Mr. Swisher will remain
here for a short while. We regret
very much to lose these good peo-
ple from our midst.

The protracted meeting at the
Methodist church commenced last
Sunday night with Rev. Beauchamp
the pastor in charge, Rev. J. F.
Bell of Dayton, New Mexico, ar-
rived Tuesday morning and will as-
sist in the meeting.

Mrs. Baker of Pecos came in
Tuesday to visit her son R. L. Ba-
ker and family.

P. A. Harbert came in from Pe-
cos Tuesday, returning in the after-
noon.

R. H. King of Balmorhea ship-
ped a car of beef cattle from here
to Fort Worth Tuesday.

Rev. C. A. Dickson returned on
Tuesday from Odessa, where he had
been in attendance at the fifth
Sunday meeting.

A HEAVY HAIL AND RAIN STORM

April 1, at about 6:30 p. m.,
Reeves county was blessed with a
very heavy rain, mixed with hail.
We do not know just what the rain-
fall was, but it is sufficient to trans-
form this western country into a
vast array of flowing grasses that
will give cheer and gladness to the
stockmen. And the farmers also
comes in for his share of rejoicing.
Most all are now ready to begin

planting cotton. This rain insures
a fine crop and an early harvest of
alfalfa the latter part of this month
and the first of May.

Four to six miles north of Pecos
City the rain was the heaviest for
years. The hail broke out all the
windows on the west side of all
buildings in said neighborhood, also
battering off the shingles off of the
roofs of the west side of buildings.
Mr. Lamkins stated that they went
out and measured the water on a
level spot of ground and it meas-
ured six inches deep with water
and ice. It is reported that the
hail killed most all the chickens;
one family lost nineteen hens and
roosters killed by the hail. We
have been informed that the rain
extended east as far as Mineral
Wells, a distance of about four
hundred miles.

WHITTEN-McCONNELL.

Mr. A. S. Whitten of Pecos and
Miss Olive McConnell of San An-
gelo were happily united in mar-
riage at Sweetwater Tuesday even-
ing, March 31, and the groom with
his charming bride left immediately
for Big Springs, stopping there with
some friends, leaving there yester-
day evening and arriving in Pecos
this morning.

From all appearances Mr. Whit-
ten is a happy man. The groom is
well known in newspaper circles,
having served on the staff of Farm
and Ranch at Dallas for some time.

The bride was, until recently,
teacher of Latin in the Roby high
school.

Mr. and Mrs. Whitten intend
making their home on Mr. Whitten's
ranch in Loving county, and left
today, going over the Santa Fe for
Porterville.

The Times and their numerous
friends all join heartily in extend-
ing congratulations and wish them
an abundance of joy, happiness and
prosperity in their journey through
life.

REALTY MOVING.

E. Hall informed the Times edi-
tor Monday that he had just closed
a deal selling four sections of land
in north Loving county and had
bought two sections on south side
adjoining Reeves. He is working
into the Pecos territory.

CATTLE SHIPPED.

Will Scott and Bill Camp ship-
ped five carloads of cattle from
Marfa to Riverton to pasture today.
They came in Saturday and were
held at the Santa Fe pens until this
afternoon.

WILL MEET ON APRIL TENTH

At a meeting of the executive
committee of the West Texas Rec-
lamation Association, held in Bar-
stow yesterday afternoon, it was
decided to hold the next general
meeting of the association in Bar-
stow. The central topic for discus-
sion at that meeting, too, will
be the Airline Highway along the
Texas and Pacific from Fort Worth
to El Paso, and the special purpose
of the meeting will be the encour-
agement of the voting of an ade-
quate bond issue for the building of
this highway through the sands.
As was stated by the Times in a re-
cent issue, the people of Ector
county will soon hold an election
for this purpose, and the progres-
sive citizens of Ward county are
determined that they shall not be
distanced by their neighbors.

The conference of governors of
Western States having come up for
discussion, and it appearing that
Mr. Barstow had been delegated to
attend by Secretary Lane of the
department of the interior, it was
voted that the association pay Mr.
Barstow's expenses to attend this
meeting. It is probable that few
meetings have ever been held that
were more promising of interesting
developments for the arid sections
of this nation. It has been called
by Secretary Lane for the purpose
of discussing the financing of re-
clamation projects, and will be wide-
ly attended. Carlstad, New Mexi-
co, is sending a delegation of five
men, according to report, and the
Pecos Valley of Texas is fortunate
indeed in being able to have Mr.
Barstow as a representative, for
few men are better posted in a
general way, and none enjoy a wider
acquaintance with the men who
are doing things in the department
of the interior.

Plan and they firmly beli-
ing of the well remedy eve-
nent financial like car
Smith has requested the th-
done, that he may have an orga-
nization to work from, and with
that will have more than merely a
local character. To this end, the
support of the various irrigation
companies of the Valley will be so-
licited, as well as of the public in
general. Those in charge of the
work realize that the interests of
the country should not be allowed
to suffer at critical moments be-
cause of the lack of a comparatively
small bank account.

Remember the meeting at Bar-
stow on the 10th. Plan to be there.
Pecos should send fifty visitors to
give the Ward county people an as-
surance of their sympathy and will-
ingness to co-operate with them.

Prominent Oil Men
Visit Toyah Field.
Toyah, Tex., April 1.—Oil men
from all parts of the country are
coming to the Toyah oil district
constantly, investigating the situa-
tion and some of them securing oil
holdings. Among the visitors was
John Sutor, of Boston, said to be
heavily interested in oil properties
elsewhere.

W. V. Thraves, of Tulsa, Okla.,
has opened offices here. He has
large holdings here and plans to
start work on a well shortly.

The Kistler well is at a stand-
still, waiting for repairs.

Night and day crews are at work
on the Ross & Huling well. There
are now several hundred feet of oil
in this well, with indications that it
will be a gusher.

HENS LAY SOME EGGS.
One of our fellow townsmen, who
has been experimenting with chick-
ens as a side line, kept a record of
eggs gathered during the month of
March, and has proven that this
can be made a profitable business
in Pecos. He has about sixty-five
hens, some with broods of young
chickens, and most of his flock be-
ing White Leghorns, with a sprink-
ling of Rhode Island Reds, and a
pen of White Wyandottes. For the
month the total number of eggs re-
ceived was 1279, or 106 1-2 dozen.
And this on a town lot in Pecos.

C. W. Davis of Big Springs has
been up looking about the oil fields
and Toyah and stopped off on his
way back. He is chief dispatcher
of the T. & P.

WITHDRAWS FROM GOVERNOR'S RACE

Austin, Mar. 29.—Sam Sparks tonight withdrew from the race for governor. Mr. Sparks' statement is made without malice, the former candidate saying that he does not in any way wish to embarrass his friends, and that the withdrawal of any man from the race for high office must be more or less disappointing to the creditable ambition that he may cherish.

Mr. Sparks says he has been under great pressure day by day to withdraw from the race. It has been noted by friends of Mr. Sparks that those seeking to have Mr. Sparks retire have insisted that James E. Ferguson should make the race against Colonel Thomas H. Ball, and that Mr. Ferguson was not pleasing to Mr. Sparks, nor to Mr. Sparks' friends here who have been in constant consultation with him. Mr. Sparks agreed to allow a committee of fifteen to select some one to make the race in lieu of all the candidates, should his candidacy be held inadvisable, but those with whom he was negotiating insisted that it should be Ferguson under all circumstances.

Mr. Sparks says that he sees in his candidacy an element sufficient to make his election doubtful, and that he feels, under the circumstances, the expense and effort is perhaps inadvisable from his standpoint. Therefore, he retires in such a manner as to allow the Fort Worth meeting to make a choice harmoniously and expresses the hope that it may do so. He names no man as his choice and leaves his friends free.

There are many here who do not believe that the Fort Worth convention should be held, and they probably will urge that the convention be called off. In fact, the Statesman received today from James H. Quarles a letter written to Chairman Bryan T. Barry of the Dallas democratic organization urging that the Fort Worth meeting be called off, because it was undemocratic and not covered by the law.

ed by a number of prominent democrats of Texas, was made and a meeting was held in Dallas March 7. That meeting was organized by the gentlemen who called it, they named a chairman, the various committees and a chairman in each senatorial district in Texas to call an election in their respective districts.

"I had nothing to do with the call of this meeting nor organization, but immediately after an election was ordered, I submitted my candidacy and agreed to abide by the action of the convention which meets in Fort Worth on the 14th of April.

"My campaign headquarters with my active personal efforts, perfected an organization in a great many counties in Texas, and we are assured beyond question that a majority of the delegates to the Fort Worth convention would go instructed for me. Reliable information has come to me that some of those calling this convention admit that I will secure the nomination, but state that should I do so, they will refuse to give me their support. I still feel that my course has been right, but I ought not to permit my personal feelings and ambitions to stand in the way of a harmonious action at the Fort Worth convention.

"Even if I felt I could continue the fight, for I know I am right, it would require much expenditure of time and money to do so. I have never led my friends in an unsuccessful campaign, and I do not feel like making a further tax on them, when, after I secure the nomination at Fort Worth, my efforts to beat Colonel Ball might be in vain.

A prudent mother is always on the watch for symptoms of worms in her children. Paleness, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. PRODUCE CAN GO BY MAIL IN CRATES NOW. It is no longer necessary to place all mail matter in pouches or sacks. Butter, eggs, fruit, vegetables, dressed poultry and other articles

off, the whole, get be that the fight would g this angle. Mr. S statement of withdrawal follows:

"To the Democrats of Texas: During the summer and fall of 1913 I received a great many requests from people in every part of the state to announce for governor. As I had voluntarily retired to private life and engaged in a successful business, I was reluctant to announce for public office, but after careful consideration, I decided to become a candidate, believing that I might, in the first place, be of some service in promoting harmony in the administration of the state's affairs, and that in the second place I might hope to give to the people of Texas a commonsense business administration, taking our educational institutions out of politics and placing them on a business basis and reorganize the penitentiary system and place it on a business basis, and that my administration would be able to perfect a marketing system so that every farmer in Texas, be he landlord or tenant, might market his products to the best advantage. In fact, a platform that I offered was brief and I only advocated the things which I hoped to accomplish.

"I have already taken the position that prohibition should not be an issue in the democratic primaries, but after my announcement the prohibition democrats of Texas concentrated upon the candidacy of Colonel Ball, and as there were a number of announced candidates who were opposed to statewide prohibition, it appeared to me that none of us could hope to defeat the Fort Worth nominee if we all continued in the race, and believing that the interests of Texas should not be sacrificed, I agreed to enter the precinct primary to be held April 4 and 14, in order that the democrats might concentrate on the strongest man to oppose the Fort Worth nominee.

"A call for a mass meeting, sign-

in parcels weighing over twenty pounds may be shipped to points in the first and second zones in boxes and crates to be carried outside mail bags.

A general order to this effect was sent out of the eleventh division railway mail service headquarters Wednesday.

Articles that are liable to break and damage other mail matter must be packed in sawdust, excelsior, cotton or similar substance.

Admissible liquids and oils, pastes, salves and other articles may be sent when packed properly and all glass bottles holding admissible contents must be packed in waterproof boxes and marked "fragile."

Butter, lard and perishable articles, such as fresh meat, dressed fowls, vegetables, fruits, berries and articles of similar nature, should be accepted for local delivery at the office of mailing or by the rural carrier to be delivered only in the local zone. Such packages inclosed in inner cover and a strong outer cover of wood, metal or corrugated pasteboard, may be accepted to be sent anywhere they can be without spoiling.

SKIN DISEASES CURED. Hunt's Cure is the name of the remedy which is absolutely guaranteed to cure all forms of skin disease or the purchase price promptly refunded. Wonderful results are obtained by its use, curing cases that would not yield to other treatment. Ask your druggist. (Advt.)

HINTS TO BUSINESS BUILDERS.

The efficiency of a product is judged by its users. Efficiency is the watchword in all kinds of business.

Confidence and good will are mighty good business assets. A bargain is when you pay a just price and get full value.

HOUSEHOLD HINTS.

Tortoise-shell objects that have become dull will regain their beauty if cleaned with a little olive oil or vaseline.

A little soap added to the starch water will prevent the irons from sticking. The soap will also make the things glossy.

Paste for pies should be one-fourth of an inch thick and rolled a little larger than the plate, to allow for shrinkage.

The gloss on the table cloth is the result of ironing the article while it is thoroughly damp and not allowing it to become dry.

Irons should never be allowed to become red hot, as this makes them rough, and they never retain the heat throughout afterwards.

Window curtains were never so inexpensive and never so decorative as now. House mistresses are learning the value of simplicity in such details.

A glass jar filled with water and placed in the bottom of the piano is said to keep the piano in tune and prevent the wood from warping.

KENTUCKY BELLE AND BALL TEAM

Friday afternoon school was dismissed at 2:30 so that the "Curtain Club" and the baseball team could go to Toyah. They went over in automobiles that were lent by some of the liberal citizens of Pecos. Mr. F. W. Johnson, Mr. Sid Cowan, Mr. E. B. Kiser, Fred Gray, and Mr. G. C. Jones drove their cars; Mr. Ralph Williams drove the Mercantile car, and Cole Means drove Mr. Sam Means' car.

They reached Toyah in time for the game which was called at four o'clock. The Pecos boys proved their superiority by a score of 11 to 10 in their favor. Toyah's team was made up of school boys and three men from the town team, who were good players, but were at a disadvantage because they had not practiced together long. Pecos should be proud of this high school team, for they are unusually good for boys of their age. Vernon Hicks did some good work as pitcher and at the bat. Philip Buchanan, catcher, and Earl Easterbrook also did especially good work.

Friday evening the Curtain Club presented "A Kentucky Belle" to an appreciative audience. It is unnecessary to say to the people who saw the performance in Pecos that the players did themselves and Pecos credit. The program was made more attractive by the addition of several numbers. Misses Vernon and Florence McCarver kindly lent their assistance. Toyah showed its appreciation by encoring both Miss Vernon's vocal solo and Miss Florence's piano solo. Some special numbers by the girls' quartette were well received. The play was a financial success as well, for the Curtain Club cleared about \$35, which makes about \$115 that the Curtain club has added to the high school library fund.

PECOS HIGH SCHOOL VS. TOYAH HIGH SCHOOL.

The Pecos High school ball team went up to Toyah yesterday afternoon and played the high school nine of that place.

The game was very interesting and hotly contested and neither side had a walk over.

The following is the line up of the two teams:

Pecos.	Position.	Toyah.
Buchanan	c	Hicks
Hicks	p	Bruce
Wadley	1b	Colston
Buchanan, M.	2b	Hart
Easterbrook	3b	Duncan
Davis	ss	Shultz
Cole	lf	Jerrell
Roberson	cf	Hopper
Middleton	rf	H. Jerrell

The Pecos boys won out by a score of 11 to 10.

Our boys were greatly pleased with the royal treatment given them by the Toyah high school boys and the citizens.

READY TO START TO PLANTING COTTON.

R. N. Sewell, one of Reeves county's most prosperous farmers, whose farm is located on Farmers Independent Canal, is in Pecos today and stated that he would have 300 acres of cotton planted on his farm this year and that they were now about ready to commence planting. Mr. C. L. Cooper, who is farming in the same neighborhood, was also in the city today.

WENT TO TOYAH.

Charlie Caldwell, Barney Hubbs and Hilton Brown left Pecos yesterday and bicycled to Toyah and back, making about forty miles in an evening. They stated that they got pretty tired but never gave out.

WORKING TO SAVE BOY'S LIFE

Waco, Mar. 30.—L. C. Martinez of Waco is making a desperate effort to save the life of his son, L. C. Martinez Jr., who is sentenced to be hanged at Pecos, April 21. He was convicted of the murder of Miss Emma Brown at Saragosa in 1911.

Mr. Martinez has just returned from San Antonio and Austin, where he has been working among the influential Mexicans in an effort to have his son pardoned or secure a commutation of the sentence. The elder Martinez is editor of a Mexican paper published in Waco.

TO CLEAN HARDWOOD FLOOR

Some housekeepers still do not care to use the long-handled oil mop, or do not need it. For these there is a better way to wipe dust from a hardwood floor than the old method of tying a rag over the broom. This method not only bends the broom out of shape, but the covered slips off frequently and never does real successful work.

The new way is to have a carefully shaped bag of unbleached muslin, with a lower section made of cotton plush, the whole bag fitted with tapes so that the cover stays in place and enables the housewife to easily get up the dust.

Dust raised in this way is much better than just to use the broom-stick alone.

HERE'S GOOD NEWS FOR DYSPEPTICS

We have good news for every person in this town who has any form of stomach trouble. It is about a remedy for indigestion and dyspepsia that we have so much faith in as to offer it to you with our personal guarantee that if it does not relieve you and satisfy you in every way, we will refund the money you paid for it without question or argument of any kind. You risk nothing; either Rexall Dyspepsia Tablets will relieve your stomach ailments or the money you paid for them will be handed back to you. There is no red tape about our guarantee. It means just what it says. Your word is enough. If Rexall Dyspepsia Tablets don't satisfy you, the money is yours and we want you to have it.

Rexall Dyspepsia Tablets soothe the inflamed stomach, check heartburn and distress, stimulate a healthy secretion of gastric juice, aid in rapid and comfortable digestion of the food, and help to quickly restore the stomach to a comfortable, easy-acting, healthy state. They also aid greatly in promoting regular bowel action. Rexall Dyspepsia Tablets are sold only at the 7,000 Rexall Stores, and in this town only by us. Three sizes, 25c, 50c, and \$1.00.—Pecos Drug Co., Pecos, Texas.

SPANISH STEAMER BONITA CAPTURED BY REBELS.

Douglas, Ariz., Mar. 30.—The Spanish steamer Bonita, carrying 900,000 pesos with which to pay the federal garrison at Guaymas, was captured Saturday by constitutionalists off Topolobampo, according to official dispatches received here today by constitutionalist agent Lelevier.

THE MONEY WAS CONFISCATED AND THE VESSEL SUNK

The money was confiscated and the vessel sunk and the captain and crew were held for trial on the charge of having aided the Huerta government. The same dispatch confirmed earlier reports of the capture and sinking of the steamship Carmen of the Compania Navira Del Pacific. Insurgent officials denied today the report that the gunboat Tampico, which they captured recently from the federals, would be dismantled. They said the vessel was waiting for coal and was engaged in scouting around Topolobampo with orders to capture all vessels found carrying men and supplies for the Huerta government.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

MEETING OF W. T. R. A. COMMITTEE

(From Monday's Daily)
F. W. Johnson, Jas. F. Boss and H. B. Link, spent this afternoon in Barstow, in a meeting of the executive committee of the West Texas Reclamation Association. The meeting was called by President Geo. E. Barstow, for the purpose of considering several items of importance. A meeting has been called for April 9, in Denver, by Secretary of the Interior Franklin K. Lane, to consider the financing of irrigation and reclamation work in the west. The governors of several Western states will be in attendance, and it is desired that the Pecos Valley of Texas be represented. The Upper Valley (in New Mexico) is sending a large delegation. Mr. Barstow has received an appointment as delegate, and it is possible that others from this section may attend.

THE REASON FEWER PEOPLE TAKE "SALTS"

We find the use of salts and other harsh physics is becoming less every year because more people are using

we and they firmly believe to be the best bowel remedy ever made. They taste so much like candy that even the children like them. At the same time they act so easily and naturally that there is no purging, griping or pain. They promptly remove the constipation and, by soothing and strengthening the bowels, make it less liable to occur again. We have the utmost faith in them. We know what they are made of and the pleasant, beneficial results that always follow their use.

You needn't take our word for it. If Rexall Orderlies don't help you—if they don't entirely relieve all your bowel troubles—come back and tell us and we'll give back your money. In vest pocket tin boxes, 10c, 25c, 50c.

You can buy Rexall Orderlies only at the Rexall Stores, and in this town only of us.—Pecos Drug Co., Pecos, Texas.

A Good Creed

I buy at home because—
My interests are here;
The community which is good enough for me to live in is good enough for me to buy in;
I believe in transacting business with my friends. I want to see the goods;
My home merchant "carries" me when I "run" short;
The dollar I spend at home stays at home and works for the community in which I live;
I sell most of what I produce here at home and here I buy;
The man I buy from stands back of the goods;
The man I buy from pays his part of the town, county and state tax;
The men I buy from help support my schools, my church, my lodge, my home;
When ill luck, misfortune or bereavement comes, the man I buy from is here with kindly greetings, his words of cheer, and his pocket-book if need be.
HERE I LIVE AND HERE I BUY!

SAVE AMERICAN INDIANS FROM CURSE OF WHISKEY

Washington, Mar. 26.—To All Employes in the Indian Service: The following is an excerpt from my address to the conference of field supervisors on the evening of Feb. 20, 1914:

I believe that the greatest present menace to the American Indian is whisky. It does more to destroy his constitution and invite the ravages of disease than anything else. It does more to demoralize him as a man and frequently as a woman. It does more to make him an easy prey to the unscrupulous than everything else combined. If I say nothing more to you tonight that leaves an impression, let it be this one thought: Let us save the American Indian from the curse of whisky.

We have a force of men engaged in the suppression of the liquor traffic. That is their special business, to do everything we can without injecting ourselves offensively into the work of others or assuming a duty that is not properly ours, to create an atmosphere, and suggest conditions that will be helpful in this respect, and above all to be a personal object lesson inviting the Indian to banish liquor, rather than to be guilty of anything that may cause him to look upon one of us as a justification for doing that which leads him to the destruction caused by the use of whisky.

There is nothing that could induce me, since I have taken the oath of office as Commissioner of Indian Affairs, to touch a single drop of any sort of intoxicating liquor, and this regardless of my attitude on the prohibition question.

As a matter of good faith to our treaty relationships, to legislative enactments, to the congress which appropriates \$100,000 a year for the suppression of the liquor traffic among the Indians, we should do everything reasonably within our power to justify this appropriation and insure the best results obtainable. This accomplished, we have laid a substantial foundation for all of our work in solving the Indian problem, and made a long step forward looking toward their equipment for the responsibilities of citizenship.

It is my great desire that every employe of the Indian service shall realize the tremendous importance of the liquor suppression work, and exert his best efforts and influence for the protection of the Indian from this, his worst enemy.

I desire this letter to be regarded as a personal communication to every employe in the Indian service, and that it be seriously treated as such, and I especially request that on the sixth day of April, 1914, the same be read to the student body of every Indian school, including those under government, mission or private supervision. Sincerely yours,
CATO TELLS,
Commissioner.

I am addressing the above letter to each of the six thousand employes of the Indian service.

STOMACH TROUBLES CURED.
Mrs. H. G. Cleveland, Arnold, Pa. writes, "For some time I suffered from stomach trouble. I would have sour stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers. (Advt.)

LINCOLN MEMORIAL.
Washington, Mar. 30.—Actual work of constructing the great white memorial the nation is to erect to Abraham Lincoln, was begun here today. In Potomac park the site of the proposed memorial, a large force of workmen began excavating for the foundation of the structure.

Ground was officially broken for the memorial, which is to cost \$2,000,000, on Feb. 12 last, the 105th anniversary of Lincoln's birth.

For groceries, grain and hay, Green will save you money. 9-3

FACTS FROM THE FARM.
Agriculture has never been properly financed.

More than half the farmers of Texas are landless.

There are 24,000 farms in Texas containing more than 500 acres.

Texas farmers owe \$200,000,000 and they pay from 10 to 30 per cent annual interest.

The educational problem of Texas is not in the school room, but in the home and field.

The labor problem of Texas today is on the farm and first attention should be given to those who work in the field.

A rural or land credit system is needed in Texas that will enable a farmer to buy a home on long time and at a cheap rate of interest.

CALVES BRING ONE DOLLAR PER POUND

Midland, Tex., Mar. 31.—Bull calves 10 days old that weighed but 50 pounds each, have been sold in Midland for \$50 each, or \$1 a pound. This is the record for calves in this section. The calves were sold by G. F. Cowden & Son to J. F. Dyer, president of the First National bank of Baird, Texas, and is the second sale of the kind made to the Baird banker here. W. D. Mills, a Midland stockman, has bought 1000 two-year-old heifers from the King ranch in South Texas, to be shipped here April 10. Ellis has sold through W. M. Russell, of Lubbock, 600 cows to Iowans for May delivery.

HUERTA SYMPATHIZERS ARE FACING EXECUTION.

Agua Prieta, Mar. 30.—Twelve of a band of fourteen Huerta sympathizers engaged in guerilla warfare were captured yesterday at Garn Dios, near Grandados, Sonora, by the rebel garrison at Campas, under the command of Presidente G. J. Rivera, according to an official report received here today. They will be executed. Their leader, Fredrico Bidosola, escaped.

THIS STOMACH REMEDY HELPS YOUR FRIENDS

Almost every day some grateful person comes into our store and tells us of benefits received from the use of Rexall Dyspepsia Tablets. Knowing how much good they have done others and knowing what they are made of, we feel sure they will help you. So great is our faith in them that we urge you to try them entirely at our risk, with our personal promise that if they don't do all you expect them to do and make your stomach comfortable and healthy and your digestion easy, we'll hand back your money.

We couldn't endorse anything any more strongly than we do Rexall Dyspepsia Tablets. Containing Pepsin and Bismuth, two of the greatest digestive aids known to medical science, they soothe the stomach, check heartburn and distress, promote a natural flow gastric juice, and help regulate the bowels. Remember, if they don't make your digestion so easy and comfortable that you can eat whatever you like whenever you like, we want you to come back and tell us and get your money. Sold only at the more than 7,000 Rexall Stores, and in this town only at our store. Three sizes, 25c, 50c and \$1.00—Pecos Drug Company, Pecos, Tex.

HIGHWAY TALK.

Road builders are benefactors to humanity.

Good roads promote prosperity; bad roads produce profanity.

Permanent highways are essential to the advancement of any community.

Good roads rid farm life of the dread and seclusion of rural loneliness.

Good roads, schools and churches are the fundamentals in rural development.

Improved highways are better advertisements than electric signs for a community.

The wheels of education, morality, and civilization must have good highways to roll on.

CALOMEL IS BAD.

But Simmons' Liver Purifier is delightfully pleasant, and its action is thorough. Constipation yields, biliousness goes. A trial convinces. (In yellow tin boxes only.) Tried once, used always. (Advt.)

TO INVESTIGATE IRRIGATION

Washington, Mar. 30.—Representative Smith of Texas introduced a bill appropriating \$250,000 for investigation as to the feasibility of irrigation in Texas by the lake and reservoir system, similar to the senate bill offered by Senator Sheppard two weeks ago.

In the senate today Senator Bristow of Kansas offered a memorial from the chamber of commerce of Abilene, Tex., indorsing a bill he has on the same subject, but dealing with Western Kansas, Eastern New Mexico, Colorado, Nebraska and Western Oklahoma. The memorial asked that Texas be included. Senator Bristow said he thought it ought to be done and called attention to Senator Sheppard's bill pending in the senate.

The advertiser, while benefiting himself, helps the town. A town in which the business men advertise in the newspapers is always a live town. The merchants who use printer's ink are always the progressive spirits of the place, and deserve the patronage of the community they help support and push forward. Deal with the business man whose advertisement you see in the newspaper and you will make no mistake.—Katon Reporter.

THE OBLIGING PAPA.

Young Wilmarth sought an interview with Mr. Carpenter.

"I'd like," said the young man nervously, "to marry your daughter, sir."

"Well, I've got six," responded the obliging father. "Take all you want."—Lippincott's.

Advertise in the Daily Times.

A kindergarten teacher, after explaining to her much-interested class that birds have feathers, bears have fur, sheep have wool, etc., asked the question: "Now, who can tell me what cysters have?"

A bright little girl, very eager to recite, answered, "Crackers."—National Monthly.
