### "Old Glory" Now Waves Over City Fountain.

On last Friday evening occurred in Pecos a double ceremony when the beautiful bandstand erected over the fountain was dedicated, and the whole dedicated to the cause of patriotism by the raising of the American flag on the pole provided.

The exercises were well attended by practically the entire population. The band appeared first upon the scene and took their places for the first time in the band stand. After a few lively marches, the event of the evening occurred when the strains of "The Star Spangled Banner" floated out in the air, Miss Mary Lee Richburg slowly raised our glorious Old Banner aloft. The strains of the band, however, were entirely drowned by the loud cheering of the people, and for fifteen minutes they kept it up. Many eyes were dimmed as the grand old banner floated on the evening's breeze.

To several public-spirited citizens, and to the City Council are we indebted for the spectacle of daily witnessing "Old Glory" waving on the breeze. Heretofore, no matter the occasion, nor fraught with thoughts of freedom or liberty might be, no flag of a public nature was in evidence to remind us of the event. We are glad that this state no longer exists.

Many compliments, especially from strangers to our town, have been passed on the bandstand, and more so, by the presence of Old Glory proudly floating over the town.

### Chautauqua Numbers Good.

Although the attendance at the Chautauqua has been below an average, it in no way reflects on the character of the entertainments given each evening. We have attended several of the Chautauquas appearing before Pecos audiences, and can truthfully say that these numbers are up to the high standard expected of such organizations.

Those of you who are not attending are missing a treat far above the price asked, and there are two numbers yet to be given, tonight and Saturday night, you should arrange to be on hand. The numbers yet to be given are the best of the lot. Tonight Mr. Gable will give one of the funniest lectures ever attempted, entitled "Laughilosophy", and if he doesn't make you laugh it will not be because there is something the matter with him, but there something radically wrong in your own make-up.

Tomorrow night a quintette of young ladies with a diversified program is easily the best attraction of all.

Mrs. Gladys Prewit is spending a couple of weeks at the H ranch.

### Passed Through Pecos On Tuesday Afternoon.

Congressman Smith passed through Pecos Tuesday on No. 6, going out to the border for a short stay.

He informed us that he would like very much to stop off in Pecos but that on account of the acute situation with Mexico he might have to start back any minute for Washington. He also informed us that everything in regard to the Red Bluff Reservoir proposition was progressing finely as was everything that he was looking after for his constituency in this part of the district.

### Mexican Question in Pecos.

We believe that our Pecos people have done a wise thing in the way they have handled the Mexican question in our city. After several conferences between some of our county and city officials, they called for a mass meeting down in Mexican town to confer and to talk over the proposition as to what would be best in case war was declared between the United States and Mexico.

The meeting was held last Sunday afternoon about 5:00 o'clock, and was quite largely attended, and was heartily gone into by all. There were about thirty Americans and fifty Mexicans present.

Jose Quezada, clerk in the El Paso Store, spoke to the Mexicans in their language, as did also Alfonso Marques and Ed Brady of Barstow, of which there is no one in West Texas, not even a Mexican, who can speak the language better, interpreted them to the Americans. Mr. Brady also spoke to the Mexicans.

Mr. Brady also spoke to the Mexicans gathered here, and main point brought out was that as long as the Mexicans behaved themselves in all ways they would be protected; also they were to see that no Mexican agitators came among them to make trouble.

Among those present were Mayor E. C. Canon, W. W. Camp, Ed. Brady of Barstow, R. N. McCarthy, and others. Everything passed off quietly, the Mexicans being pleased the conference was held, for they wish to remain here and make this their home.

We are sure that good will result from the meeting and our people will do all in their power to keep things peaceable and give the Mexicans the protection they are entitled to, as long as they do their part, and we know that our officers will do what is right, for no community has better nor more faithful ones than we have.

Mrs. H. K. Kountz and the children accompanied Hez to Pecos Monday, as did Mrs. Massey, mother of Mrs. Kountz and left on No. 6 for Odessa, her home.

### Large Crowd Here Sees Installation of Masons.

The public installation of the officers of Toyah, Pecos and Barstow Masonic Lodges, that was held at Balmorhea last Saturday evening, attracted one of the largest crowds that has ever assembled in Balmorhea for some time.

The Pecos Valley Southern Railway ran a special train, that came in about six o'clock in the evening, with about 150 aboard with the Pecos Band, who rendered some excellent selections during the evening.

While the crowd was considerably larger than was anticipated or prepared for by the local committee, it being their aim to entertain at luncheon the visiting Masons and their families, but everybody was fed, and we think that everyone got plenty to eat, and had a splendid time in every way.

The lunch was served at 7 o'clock, and the installation exercises began at 8:30 by an address of welcome by Col. S. E. Waskom, which was responded to by E. C. Canon of Pecos, after which the above mentioned were duly installed. E. C. Canon of Pecos, acted as Marshal, Billie Robinson, of Toyah, served as Master and installing officer, and Jas. H. Walker of Balmorhea, filled the secretary's position.

After the installation ceremony, Representative Bryan, from Midland, was introduced by W. A. Hudson, and made one of the finest talks on the origin and history of the operative and speculative Masonry

### Congressman Smith Speaks To Large Crowd Here.

Yesterday afternoon, about 3:30, word was received that Congressman W. R. Smith, of Colorado City would be here and address the citizens of Pecos on the issues of the campaign, and handbills were immediately circulated to tell the people of the fact. At 5:30 the Pecos City Band played a few selections after which Mr. Smith, who was introduced by Judge W. A. Hudson, talked to the large crowd that had gathered to hear him.

His talk dealt, mainly, with the varied planks in the platform of Judge Blanton, his opponent in the race, and explained that nearly all of the things Blanton was going to get for the people had already been secured or was up before congress for consideration.

Mr. Smith's talk was right to the point, and he never deviated from the subject in hand and that it pleased those present was evidenced by the generous applause during the address.

### New Shoe Shop for Pecos.

Mr. and Mrs. F. M. Bratton arrived in Pecos Monday and Mr. Bratton has opened up a boot and shoe shop in the building formerly occupied by Frank Rarey's tailor shop, and we understand that they have come to stay.

The Times joins in heartily welcoming these people among us, and trust that they may be successful in business.

### Was Here Buying Horses And Mules For the Army.

S. A. Brazelton, with headquarters at Weatherford, was in Pecos Tuesday and Wednesday, and purchased over a carload of horses and mules, which he is buying for the U. S. government. He shipped out one car Wednesday which were sent to Fort Worth. He will return in about a week or ten days and fill out another.

### Public Speaking Dates.

Jas. F. Ross cordially invites your attendance.

In order that the voters may have an opportunity to pass intelligently upon my candidacy for the office of County Judge, I will address them publicly as follows:

- Toyah, Saturday, July 15th, at 8 p. m.
- Saragosa, Monday, July 17, at 8 p. m.
- Balmorhea, Tuesday, July 18 at 8 p. m.
- Porterville, Thursday, July 20, at 8 p. m.
- Pecos, Friday July 21, at 8 p. m.

I am especially anxious that those who are opposed to me be present at these meetings. I assume that our people have no desire other than to select as County Judge the man they deem calculated to render the best public service. I, therefore, conceive it to be my duty to give them the fullest possible opportunity to investigate the reasons for my candidacy by thus conferring with them face to face.

These addresses will be absolutely free from abuse, harsh criticism and unkindly remarks and I will comprehend only the things which I urge in private conversation and in individual campaign work.

I am very anxious to have the ladies of the various communities present at the meetings, but, above all things, I urge the presence of the young men who are just entering upon the duties of citizen and social life.

Respectfully,  
JAS. F. ROSS.  
(Political Advt.)

### Odd Fellows Hold Forth Again

The Odd Fellows of Pecos City Lodge and their ladies had another one of those splendid "Fifth Week Get Together" times, with speaking, after which all the good things imaginable were partaken by the large number of members and guests.

These gatherings are certainly fine and create much of that brotherly feeling which is the aim of all fraternal orders. All present say that it was one of the best times they have yet had.

Mr. and Mrs. Thos. Roberts, and Mr. and Mrs. Furrh, from Toyah were in the city yesterday. They came to attend the big spread of the Odd Fellows at their hall last night.

### Contract Awarded for Reservoir in Valley.

At a meeting of the directors of Irrigation District No. 1, held at Balmorhea last Saturday, for the purpose of receiving bids for the construction of the reservoir near that city.

There were four bids made, as follows: G. B. Westerman of Fort Stockton, \$128,731.00; Tri-State Concrete Co., of El Paso, \$152,407.00; A. D. Jamison of Grandfalls, \$124,700; Clayton & Landrum of Pecos, \$143,589.00. The directors after receiving the bids adjourned and figure on the respective bids.

The bidders were called to Balmorhea again Tuesday to confer with the directors about some parts of the contract, after looking them all over the contract was awarded to A. D. Jamison.

Mr. Jamison is now in Pecos making arrangements for his bond and also getting ready to begin the work as soon as all the papers are made out and signed up.

As we understand it the contract is only for the work as the District will furnish all material, which will amount to about \$20,000.00 in round numbers.

### Births The Past Week.

June has always been devoted to brides, by custom. In Pecos, however the order is somewhat changed, judging from the amount of births it has been our privilege to publish during the past three or four weeks. Babies, and not brides have been the order in Pecos during the month just ending.

The good work is by no means abating, for this week we chronicle three more, as follows:

Tuesday afternoon, June 27, 1916, to Mr. and Mrs. Ed Otto was born a fine healthy nine-pound boy.

Thursday morning, June 29, 1916, the stork appeared at the home of Mr. and Mrs. Van Havis and blessed the happy couple with a fine girl.

The same morning, Thursday, June 29, 1916, Mr. and Mrs. Taylor Gardner, welcomed the arrival of a bouncing boy who tipped the scales at 10 pounds, exactly.

The little tots arrived a wee bit late for the Better Babies Contest should we have one at the Fair this year, but we are sure this fact will not detract from the joy of the respective couples, and we take this opportunity to congratulate them all.

Mrs. J. T. Hubbs and daughter, Grace, arrived home yesterday after a two weeks visit to her daughter, Mrs. C. C. Blackburn, at Dublin, Texas. Mr. Hubbs went on to Illinois, to visit the scenes of his boyhood days, after an absence of forty-odd years.

## JUNE BRIDE YESTERDAY

that it has ever been our pleasure to hear. Fine talks were also made by Judge Isaacks of Midland, and Judge Ross, of Pecos, and taken altogether, the whole occasion was thoroughly enjoyed by the large crowd that was present.

The local Masons desire to thank all who in any way assisted them in entertaining the visitors while in our midst and only hope that all who came were well pleased with their visit to the Valley.

The threatening clouds, and the few drops caused the program to be rushed a little, but the rain "went round," and the large number that came in cars from Toyah and Pecos, had a pleasant night in which to drive home.—Toyah Valley Herald.

The Balmorhea Masons had charge of the arrangements of the day and certainly acquitted themselves with honor in the way they handled the large crowd that had gathered, for all had lots to eat, and bodily comforts were diligently looked after. Autos met the special train and carried the visitors to the school house where everything occurred, ample seats being provided for all.

The same auto drivers saw to it that no one walked back to the depot after the exercises of the day, unless they chose to do so.

The ladies of the cemetery association at Balmorhea served ice cream, cake and cold drinks

At the Masonic installation the following officers were installed in the various lodges as follows:

Toyah Lodge—L. Harkness, W. M.; W. E. Morton, S. M.; Dr. J. A. Heberle, J. W.; A. W. Hosie, Treas.; G. W. Dabney, Secy.; D. J. Hayes, S. D.; M. A. Grisham, J. D.; J. J. Golden, Chaplain; J. Q. Adams, Tyler.

The Secretary and the Senior Deacon were installed prominently.

Barstow Lodge—L. D. Boxley, W. M.; Pat Wilson, S. W.; Fred Lawrence, J. W.; Burch Carson, Treas.; F. P. Ingerson, Secy.; Claud Cantrell, Tyler; Taylor Black, S. D.; A. E. Hayes, J. D.; R. I. Carr, S. S.; A. L. Miller, J. S.

Pecos Lodge—H. P. Kerr, W. M.; W. W. Camp, S. W.; Tom Harrison, J. W.; H. F. Woods, S. D.; B. G. Warner, J. D.; T. H. Beauchamp, Treas. Joe W. Hudgens, S. S.; R. E. Miller, J. S.; C. W. Buckner, Tyler.

**CAUOMEL SALIVATES AND MAKES YOU SICK.**

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you. (Advt.)

**WORRY, DESPONDENCY.**

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, lumbago, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Many of your neighbors have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets for kidneys and backache. Druggists in town are now supplied. From personal observation in large hospital practice, Dr. Pierce knows "Anuric" will give you speedy help if you are suffering from uric acid trouble, and to show his faith send 10c. to Dr. Pierce, Invalids' Hotel, Buffalo, and you'll receive a large trial pkg. of "Anuric." "Anuric" dissolves uric acid as hot water melts sugar and Dr. Pierce has thoroughly tested it in his hospital and found it 37 times more potent than lithia.

**We Believe the Maxwell is Greatest Motor Car Value on the Market**

**B**UT our opinion would not be of any particular importance to you if it did not coincide with the facts. We only want you to look the market over carefully. Then we absolutely know that you will agree with us.

In the first place there is the remarkable Maxwell engine. No four cylinder motor of its size has more "pep" or go to it regardless of the price of the car it drives. It will climb hills on high gear in a manner that will astonish you. It is quiet and works day in and day out with a sound, business-like hum that is good to hear.

Any engineer will compliment the design of the chassis. And those who are not engineers cannot fail to note its simplicity and staunch construction. As for what it is made of, we can truthfully say that better material cannot be bought.

The operation of the car is simplicity itself—the brakes are powerful—the springs are long and flexible—the axles are strong and the steering apparatus, like the rest of the chassis, is built to stand the most severe service the car may ever have to face, wherever or however it is used.

Then if you consider looks important, and most people do, you will not find a more attractive car than the Maxwell at anywhere near the price.

And it comes to you fully equipped with all the attachments you will ever want or need; electric starter and lights, demountable rims, one man top, self-ventilating, rain-vision windshield, etc. All for \$655 (five passenger touring car) or \$635 (two passenger roadster).

We know you can't beat it.

Touring Car \$655

Roadster \$635

## Vol Stephens.

On the morning of June 5th,  
just as the sun was beginning  
to shine over the ranch home,  
the grim Reaper, Death, came  
and took this noble and upright  
man from earth to the great  
beyond. Surrounded by his  
family, a few of his most in-  
timate friends and the family  
physician, he gently fell asleep  
and never awoke, but breathed  
his last at eight o'clock.  
Every home and every heart  
was made sad when a messen-  
ger went out to bear the news  
that Vol Stephens was dead,  
and on the morning of June 6,  
he was buried in Cooper Cer-  
etery.

The floral wreaths that lay  
on the beautiful casket were  
only feeble expressions of the  
esteem in which he was held.  
Mr. Stephens lived for many  
years at Colorado, Texas, and  
counted his friends by scores,  
and all who knew him honored  
and respected him as one of the  
noble stockmen of early days.  
He lived a short time at Pecos,  
Texas, and from there moved  
to Jal, N. M., the present home  
of the family.

He was a Woodman of the  
World of high standing.  
To his faithful wife, his  
noble son, and two daughters,  
we extend our heartfelt sym-  
pathy, believing that God  
knows best. Let the broken  
hearts feel that after all that  
medical skill and tender nurs-  
ing could do, God in His ten-  
der mercy took him from a life  
of sickness to a better home of  
rest.

Again we extend our loving  
sympathy to the heart-broken  
family.

## Reeves County Bar En- dorses Judge Phillips.

Pecos, Texas, June 16, 1916.  
We, the undersigned mem-  
bers of the Reeves County Bar  
do hereby endorse Judge Nel-  
son Phillips, Chief Justice of  
the Supreme Court of Texas,  
for nomination in the July Pri-  
maries to the position of Chief  
Justice of the Supreme Court  
of Texas. Judge Phillips has  
served the people of Texas as  
Associate Justice and for the  
past year as Chief Justice with  
such marked ability as to fully  
justify this endorsement, and  
it is with great pleasure that  
we request the voters of this  
county, as well as of the sur-  
rounding counties, to cast a  
solid vote for Judge Phillips so  
that he may be returned to the  
Supreme Court to serve the  
people of this State in the fu-  
ture as in the past.

## Bowel Complaints in India.

In a lecture at one of the  
Des Moines, Iowa churches, a  
missionary from India told of  
going into the interior of In-  
dia, where he was taken sick,  
that he had a bottle of Cham-  
berlain's Colic, Cholera and  
Diarrhea Remedy with him,  
and believed that it saved his  
life. This remedy is used suc-  
cessfully in India both as a  
preventative and a cure for  
cholera. You may know from  
this that it can be depended  
upon for the milder forms of  
bowel complaint that occur in  
this country. Obtainable ev-  
erywhere.—Advt.

## Letter From Geo. B. Landrum.

The following letter was re-  
ceived from George Landrum  
this week. His address is 1333  
W. 51st Place, Los Angeles,  
Cal. We know that many in  
Pecos will be glad to know how  
our friend and fellow-towns-  
man is getting along, and trust  
that he will continue to im-  
prove until fully recovered:  
Friend Moyer:

I want the TIMES, I will  
thank you to send it to me at  
the above address.

I am happy to inform you  
that I am much improved, that  
I can see as well as I ever  
could and my eyes are both  
wide open. You will know  
when I tell you that I have an  
auto and that I drive down  
these crowded thoroughfares  
every day and never touch a  
thing that I can see and that  
my nerves are steady.

I thank God for the mani-  
festation of His power over sin  
and disease every day of my  
life, and I know that I am go-  
ing to be entirely healed. Not  
one drop of medicine have I  
taken since I came here two  
months ago.

The weather is nice and cool  
and we enjoy it very much.  
Every day we drive out to some  
new place and just forget our  
troubles and have a good time.  
My wife and the babies are  
just doing nicely and now that  
they are here I do not want to  
leave.

I trust that you and yours  
are getting along nicely. My  
regards to all friends, and be  
sure and let me have the paper  
as I want to keep up with what  
everyone is doing.

Don't all volunteer and go  
to war; leave enough there to  
take care of the children.

Looks mighty like war now,  
don't it? I think it is high time  
we were doing something, and  
it might as well be war as so  
many notes.

Your friend,  
**G. B. LANDRUM.**

## "Why Swear, Dear? Use 'Gets-It' for Corns!"

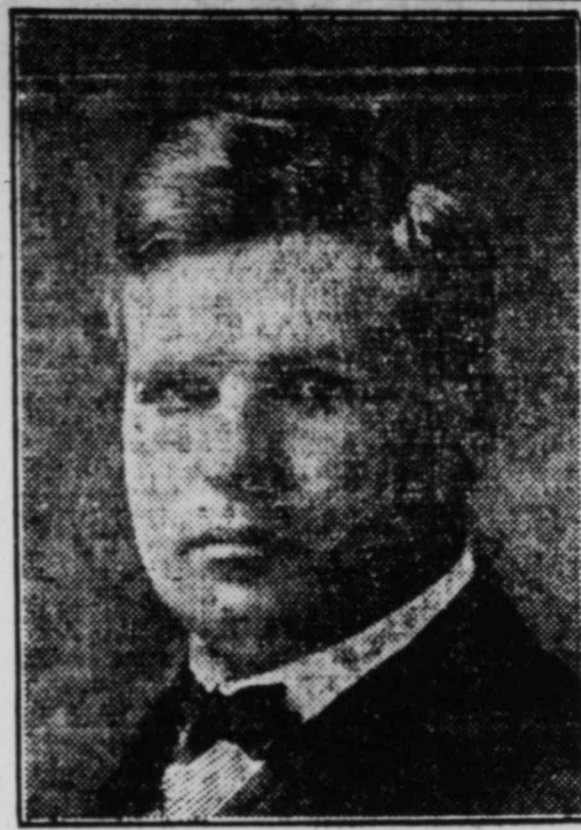

It's the New Plan. Simple. Sure as  
Fate. Applied in a Few Seconds.

"Why, John, I never knew you to  
use such language!" I've told you  
several times it's no use to try those  
bandages, salves, tapes, plasters, and

"You Wouldn't Lose Your Temper, John,  
If You Used 'Gets-It' for Those Corns!"  
contraptions for corns. Here's some  
'Gets-It'. It's just wonderful how easy  
'clear and clean' it makes any corn  
come right off. Takes but a few sec-  
onds to apply. It dries at once. Put  
your sock on right over it—there's  
nothing to stick or roll up, form a  
bundle of your toe, or press on the  
corn. It's painless, simple as rolling  
off a log. Now put away those knives,  
razors and scissors, use 'Gets-It' and  
you'll have a sweeter disposition and  
no more corns and calluses.  
'Gets-It' is sold by druggists every-

**H. L. DARWIN.**  
of Delta County  
Candidate for  
**CONGRESSMAN-AT-LARGE**  
Subject to Democratic Primary Elec-  
tion, July 22, 1916.

Your support earnestly solicited.

## MY PLATFORM:

I am for Woodrow Wilson for Presi-  
dent; I favor Rural Credits, Market-  
ing Bureau, Government aid to Good  
Roads, Organized Labor, Public  
Health, Preparedness, Prohibition,  
Flood Control, Levy and Drainage, Im-  
provements of Harbors and worthy  
Waterways, Competitive Cattle Mar-  
ket, Merchant Marine, and oppose  
"Pork-Barrel" appropriations of ev-  
ery nature.

Yours to serve,  
**H. L. DARWIN.**

Resolutions adopted at Cooper, Tex-  
as, March 18th, 1916, at the organi-  
zation of the Darwin Club:

"Whereas, Senator H. L. Darwin of  
Delta County is a candidate for  
Congressman-at-Large in the July Pri-  
mary, and we, the voters and Demo-  
crats of Delta County, know his qual-  
ifications to be in every way such as  
to enable him to make a valuable Rep-  
resentative in Congress; therefore,

"We commend his candidacy to ev-  
ery Democrat in Texas, because he  
represents the best interest of all Tex-  
as, and Texas will be ably and favor-  
ably represented in his election. He  
is broad-minded, liberal and fair in  
all things.

"He is a graduate of the University  
of Texas, and the East Texas Normal  
College. He has represented the Sec-  
ond Senatorial District in the Texas  
Senate for the past four years, and  
was an able and conscientious mem-  
ber. Was prominent in advocating  
Workman's Compensation Act, "Blue  
Sky Law," Compulsory Education,  
Good Roads, Levy and Drainage, Prop-  
erty Rights of Married Women, Labor  
Legislation, Warehouse and Market-  
ing Law, Rural Credits, Pure Seed  
Bill, Public Health, and opposed use-  
less expenditure of Public funds of  
every nature. He was loyal to the  
best interest of the State, whether  
North, East, South or West, and no  
section appealed to him in vain when  
its best interests were involved.

"Senator H. L. Darwin possesses  
the highest educational training,  
which, combined with his native ab-  
ility, energy and courage, will enable  
him to render valuable service in Con-  
gress. He represents the best the  
State affords in a personal, political  
and industrial way.

"Therefore, we urge all Democrats  
in Texas to support Senator H. L.  
Darwin of Delta County for Congress-  
man-at-Large."

## Resolution No. 2.

"We, the Farmers of Delta County,  
recommend Senator H. L. Darwin to  
the voters of Texas for their support."  
"He was raised on a farm in Delta  
County, and now owns and operates a  
farm in this county. He has equip-  
ped himself with the best education  
the State affords. As a member of  
the State Senate he was a supporter  
of better agriculture, better market-  
ing, better roads, better schools and  
better public health. He is an active  
member of the State Corn Growers'  
Association, the Farmers' Institute,  
and Farmers' Union. He is one of  
those who is working to better the  
condition of the farming interest in  
every way.

"He will make an efficient Con-  
gressman, and we recommend him as  
one of our number to every farmer  
and voter in Texas. The business in-  
terests will be ably and fairly rep-  
resented in his election, and the pro-  
ducing class will have one of their num-  
ber in Congress and one who will  
faithfully render a service to the State  
and Nation."

Respectfully submitted,  
W. S. Miller, W. White, Jack Lem-  
mons, G. Skeen, Arch Hendrix, J. W.  
Russell, and 800 others.

## Convict Labor Vs. Free Labor.

Since January 1st, when the  
prohibition law went into ef-  
fect, hundreds of prisoners in  
the state penitentiary at Wash-  
ington have been set free  
through the termination of the  
sentences. Few have come to  
take their places. Mr. George  
F. Cottrell, highway commis-  
sioner and ex-mayor of Seattle,  
says there is not enough to do  
the necessary work of construc-  
tion for the state. In an ad-  
dress in Vancouver, B. C., he  
declared that the dry law had  
cut off the supply of fresh con-  
victs and that the State must  
seek free labor for the con-  
struction and maintenance of  
its highways. And Washing-  
ton is not the only dry state  
which because of the growing  
dearth of convicts is compelled  
to employ free labor and is re-  
moving one of the grievances  
of the labor world.

## Notice of Hearing to Ap- propriate Public Waters.

The State of Texas.

Notice is hereby given, to  
whom concerned, that George  
Stone, whose postoffice ad-  
dress is Orla, Texas, did, on the  
31st day of May, A. D. 1916,  
file an application in the of-  
fice of the Board of Water En-  
gineers of the State of Texas,  
in which he applies for a per-  
mit to appropriate 5 cubic feet  
of water per second of time,  
for the purpose of irrigating  
certain lands hereinafter de-  
scribed, from the unappropri-  
ated waters of the State of  
Texas, to be diverted from the  
Pecos River by means of a  
pumping plant located on sur-  
vey No. 24, in Block 56, Town-  
ship Two, T. & P. Railway  
Company lands, and on the  
west bank of the Pecos River,  
32 1-2 miles in a northwesterly  
direction from the town of Pe-  
cos, in Reeves County, Texas.

You are hereby further not-  
ified that the lands to be ir-  
rigated are described as fol-  
lows: Beginning at the S. W.  
corner of section 24, Block 56,  
Township Two, T. & P. Rail-  
way Company lands; thence N.  
3357 ft. with the western bound-  
ary line of said section to a  
corner; thence east 2235 ft.  
to a point on the western bank  
of the Pecos River where the  
head of the proposed canal is  
located; thence following the  
different courses of said canal  
as follows: S. 31 deg. 4 min. E.  
360 ft.; S. 43 deg. 14 min. E.  
533 ft.; S. 50 deg. 54 min. E.  
644 ft.; S. 20 deg. 29 min. E.  
337 ft.; S. 22 deg. 49 min. W.  
215 ft.; S. 29 deg. 51 min. E.  
278 ft.; S. 31 deg. E. 1064 ft.;  
and S. 36 deg. 15 min. E. 517  
ft. to the South line of said  
Section 24; thence west 4120  
ft. to the place of beginning,  
containing 240 acres and sit-  
uated in Reeves County, Texas.

A hearing on the said appli-  
cation of the said George Stone  
will be held by the Board of  
Water Engineers of the State  
of Texas at its office in the City  
of Austin, County of Travis,  
said State, on Monday, the 31st  
day of July, A. D. 1916, begin-  
ning at 10:00 o'clock a. m., at  
which time and place all par-  
ties interested may appear  
and be heard. Such hearing  
will be continued from time to  
time and from place to place,  
if necessary, until such deter-  
mination has been made rela-  
tive to said application as the  
said Board of Water Engineers  
may deem right, equitable and  
proper.

Given under and by virtue of  
an order of the Board of Wa-  
ter Engineers of the State of  
Texas, at the office of said  
Board, in Austin, Texas, this  
the 19th day of June, A. D.,

R. N. Couch, (Re-Election).

### Congressman Smith.

However El Paso voters may differ on local affairs and as to the respective merits of this or that candidate for county office, there can be no difference of opinion concerning the wisdom and desirability of re-electing Congressman W. R. Smith, who for nearly 14 years has represented the 16th Congressional district of Texas in the house of representatives at Washington.

Though El Paso county is but a small portion of the 16th district, which includes 58 counties, with a population of well over 400,000 people, Congressman Smith has served El Paso faithfully, and it is due largely to his excellent work that the benefits of the United States reclamation act has extended to the El Paso Valley and to West Texas. As chairman of the house committee on irrigation Congressman Smith has been able to render peculiarly valuable service to this section, not only in Texas, but across the border in New Mexico, and the hastening of the work on the Elephant Butte dam, recently completed, was in an important measure due to his efforts.

On the preparedness question Congressman Smith takes a position far in advance of the Texas delegation in congress, even in advance of his party, and has voted loyally for every measure or amendment that had for its object the practical strengthening of the army or navy.

Just now Judge Smith has a measure before congress to increase Fort Bliss from a regimental post to a brigade headquarters which is said to have a most excellent change of passage at the present session. The importance of this act to El Paso will be fully realized when it is known that it means, in ordinary times, that El Paso will have a brigadier-general, a brigade staff and at least 3 regiments instead of one, as would be the case were the Mexican question settled and the troops now here returned to their usual home stations.

## AT THE CHURCHES.

**The Baptist Church.**  
We thank you for coming to the Baptist church last Sunday. We trust that you will come again.

The preaching will be no worse next Sunday. It might be better. All services at the usual hours.

G. O. Key.  
**Methodist Church.**

Sunday school at 9:45 a. m. Let all the members who are not out of town make a special effort to be present next Sunday.

Rev. T. L. Lallance of Las Cruces, N. M., and former pastor here, will preach for us next Sunday at both the morning and evening hours. All are cordially invited to come and hear this gifted and popular minister.

Young People's Missionary Society at 7:45 p. m. Sacrament of the Lord's Supper at the close of the sermon at the morning service.

James H. Walker, Pastor.  
**Church of Christ.**

Sunday morning we will combine the Bible school and preaching service, and this order we expect to observe during July and August. The service will begin at 10 o'clock and close not later than 11:30. The minister will use for his subject the regular Bible school lesson. The program is being carefully worked out, and we ask the cooperation of all, especially our older people in making these meetings a great success. We count on you.

The evening preaching subjects for a few Sundays will be on the "Life of Paul." The first sermon will be "Saul, the Child and Student." Don't forget the Endeavor prayer meeting at 7:45 p. m.

Homer. L. Magee.  
**Presbyterian Church.**

Preaching services on 1st and 3rd Sundays in each month morning and evening, at the usual hours.

Sunday School every Sunday morning.  
Prayer meeting on Wednesday evenings.

R. M. Hammock, Pastor.  
**Was Highly Complimented.**

Max Krauskopf, one of Pecos' most enthusiastic Knights of Phythias, was highly complimented recently by receiving the honor degree of Deputy Grand Chancellor of Texas, K. of P., having been appointed to the position by Grand Chancellor, U. S. Goen.

Max feels proud over the honor, and we are sure that there is no one in Pecos more deserving of recognition than is he. May he live long and fill the position with honor to himself and to the Order.

While the rival candidates for the nomination, for almost a year past, have been making active campaigns over the district seeking support at every crossroads Congressman Smith has been in Washington attending to the business of the country and looking after the interests of his constituents. The fact that owing to the stress of national affairs he has been unable to make the usual speech-making campaign this year will not be allowed to count against him with the voters, who may be counted upon to support the man who attends to his duties, even at the risk of failing of reelection, rather than neglect public business in order to win support at the polls.—El Paso Morning Times, June 29th.

### A Warning to Young Men.

I had a letter a few days ago the burden of which was in regard to a young man whom the writer had met at Christian Endeavor meetings and who seemed to be a very nice boy. He was a mail clerk on a railroad and this last week has been arrested for opening registered mail. Unable to make a bond of \$3000.00 he was sent to jail and later confessed to the crime. Of course he will be sent to the penitentiary.

The story of this boy's sad plight has taken such a hold on me that I have been unable to shake it off and feel that it calls for a few words of admonition.

In his letter to me the writer says: "I feel sorry for the poor fellow." Most people would, but probably not every one.

In another paragraph the writer says: "I have heard that he is engaged to a young lady here. I am wondering what she thinks." This is one step nearer to the ones who have the real sorrow. His fiance may weep for a few weeks or months, but she will forget. What about his parents? Their sorrow and love for him will increase as the years come and go. We cannot help but feel sorry for this poor fellow, but our greatest sympathy is with his parents and especially his mother.

One of the greatest reasons why I could not throw off this boy's trouble was the thought that kept continually coming to me: "What if it had been my boy?" The thought staggered me. It stuck fast in my mind. It haunted me for several days. I feel now like one who has just awakened from an ugly dream and joyful that it was only a dream.

To the young person whose eyes happen to fall upon these lines, let me kindly entreat you to guard well your steps, there are so many paths leading the wrong way.

Remember that you do not have to rob the mail, wreck a bank nor commit a heinous crime to bring sorrow to your mother's heart. You do not know how much she has worried over that cigarette, and

### Card of thanks.

We wish to thank each kind neighbor and friend for their most tender and loving kindness shown to our dear loved one during her illness and death. Also to the kind doctor who worked so faithfully up to the very last.

May our Heavenly Father send his greatest blessing to each and every one, is our prayer.

Especially did we appreciate the beautiful floral offering.

### FIND COMFORT IN TRENCHES

British Soldiers at Front Provided With Beds and Fires, and Have Dry Boots Awaiting Them.

Enormous improvements have been made in the British trenches since last winter. Most of them have boarded floors, others have brick floors.

They have a system of trench pumps to get rid of the water and pipes which run a mile or so back from the front of the trench supplying drinking water to the front. The dugouts are comparatively comfortable. The men have been able to lie on, and many have been able to burn in their dugouts. Many of them also have gas mask canisters with fires.

One of the most valuable pieces of which the men receive are the nightlights, which they use to burn in their dugouts. The men have been supplied with long rubber boots. When the boots of men is coming to the front, they find in the supporting trenches the boots waiting.

They remove their own boots, and an extra thick pair of socks are put on the rubber boots, and are coming away after a turn in the trenches they leave these boots at the station, and receive their own boots and socks, which have been dried for them.

### ELECTRIC CHAIR FOR DOGS

New Form of Legal Execution for Canines Adopted in Omaha and Approved by Humane Society.

The first legal execution of dogs in Omaha occurred at the city station noon at the city station.

The cage into which the dogs were placed is six feet by six feet with a marble floor. Strips of canvas are placed both ways of placing the dogs through this fatal device. The device was made. After the dogs were placed in the cage, a switch was pushed, the victims toppled over and within three seconds were dead.

Three dogs were executed at one time. When further arrangements are made it will be possible to kill as many as twenty with the same current. The device has been declared a success, and the humane society people say it is the most humane method of killing dogs. The old method of applying charcoal fumes to impounded dogs will be abandoned.

### REBUKED.

The persevering landscape painter knew that he had an observer looking over his shoulder at the easel. He knew from the rustle of skirts that the observer was a woman, and he worked steadily on. Presently the observer spoke.

"A charming landscape," she said. "Ah, you flatter me," said the artist modestly. "Compared with the original landscape it is very poor stuff."

"I meant the original," said the observer.

THE TIMES, ever progressive, has added a feature that we feel sure will interest those of our readers who contemplate building a home. On this page will appear, each week, The illustration of a home, and, occasionally an interior. A wide range will be covered, so no matter what your taste regarding how a home should be, you will find just what you want. The reading matter, too, will be of a nature that has to do with the home.

Plan No. 2159.

An exceedingly pretty home of simple lines, yet a very practical design for a small bungalow home. It has a large front porch with pergola side porch. The exterior is covered with a resawed siding painted gray, the trimmings are of white and the shingled roof is of a darker gray. The living and dining rooms have beamed ceilings of fine design, oak floors and the two are separated by cased openings. The living room has a mat brick fireplace with built-in book cases on both sides.

The kitchen is reached by a double-acting door, and this has all modern built-in conveniences, supboards for all cooking utensils, drawers for the silver, cabinets for dishes and lockers for pans, etc. There is also a galvanized flour bin, a boiler room for hot water and sink with drain board arranged at

A Pretty Bungalow Home.

the side of the room. On the opposite side of the house are the three bed rooms with large closets for each, and all rooms have direct connection with the bath. In the hall there is a built-in cabinet for linen, also trays for bedding, boxes for hats, shoes, etc. The living and dining rooms are stained acid gray, and the balcony in the rooms are treated in enamel work.

The modern bungalow home here illustrated can be had for much less than you possibly imagine, and in connection we will say that the most popular type of home is the bungalow. The reason for this is that it is a home for all classes, irrespective of rank or wealth. It is so susceptible to individuality that each type is more or less a distinct creation. It is the ambition of almost every one who has never seen a typical bungalow to some day possess one of the charming houses if possible.

Cheap But Nutritious Fare.

Thrifty housewives are always on the lookout for cheap but nutritious food. Now, cheese and bread with milk are the cheapest fare and when combined with fat they form a staple diet.

Fish and cereals should be served together, for the one balances the other, and rabbits and poultry are increased in nourishing properties when cereals are added. Variety is one of the most important points to be considered.

The provision of a sufficient quantity along with enough nutriment, must be carefully taken into account, for sometimes, when one kind of food is merely substituted for another, value is sacrificed to the cheapness of to simplicity in preparation.

Cereals ought to be better understood than they are, and far more care and attention should be bestowed upon the preparation and serving of the same. Barley is excellent if it is slowly cooked and served with cream or even milk and stewed fruit or jam makes it into a delicious pudding. Peas will shortly be within the reach of the average buyer. Rice is just the right complement of mackerel, for the fat of the fish renders it digestible and supplies the necessary amount of nutriment.

The following directions are for preparing and serving potatoes in Scotch style:

Materials: One quart of medium sized potatoes, one of medium sized onions, one cup of milk, one-fourth cup of fine bread crumbs, one teaspoon of butter, one of table salt, and one-eighth teaspoon of paprika.

Utensils: Paring knife, a saucepan, teaspoon, tablespoon two measuring cups and bake dish.

Directions: Wash and pare the potatoes and onions; put both in saucepan and cover with boiling water and teaspoon of salt; boil for fifteen minutes, drain and put into a bake dish, alternating a potato then an onion; pour over the milk, sprinkle with bread crumbs, add the butter and a dash of paprika; put in oven and bake twenty to twenty-five minutes. Serve in the dish in which they are baked.

A bilious, half-sick feeling, loss of energy, and constipated bowels can be relieved with surprising promptness by using HERBINE. The first dose brings improvement, a few doses puts the system in fine, vigorous condition. Price 50 cent. Sold by the City Pharmacy.—Advt.

JUNE DAY DREAMS

(Copyright.)

For the Busy Housewife.

Never force a baby to sit up or to walk.

Asparagus should be served every day during the season.

Lack of system is the chief reason for poorly done housework.

Japanese cotton rugs are excellent for dining and sitting room.

There should be a rest period in every house keeper's schedule.

Salmon salad is delicious if served with hard boiled eggs diced and added.

The smaller stalks of the rhubarb are much less tart than the larger ones.

Pimentos mixed with finely chopped celery make a good sandwich.

Paste adhesive tape over any holes in over shoes, raincoats and umbrellas.

A cool and tasty summer dish is cold slaw served in pepper shells.

A boiled custard with crusted berries added to it after cooking is delicious.

Candied fruits, flowers and aromatic leaves can be made at home with small expense.

A piece of fungus broken from an old tree is a splendid buffer for mahogany furniture.

If pantry shelves are painted white they will be easily kept clean and will look very attractive.

The first requisite in the summer home is coolness—and all furnishings should be the simplest.

Use a stump of a candle instead of a cork in a glue bottle. It will not stick.

Stomach Trouble and Constipation.

## AGRICULTURAL DEPARTMENT.

J. W. BROOKS, Chairman.  
COL. S. E. WASKOM, J. W. JACKSON.

Plenty of space will be reserved in the Agricultural Hall for all exhibits. All persons desiring to compete for premiums in this department must notify the Secretary, S. E. Eberstadt, on or before September 14th of the current year, at which time space for the exhibition will be assigned each person competing.

The total number of feet of space assigned to each exhibitor will be divided by the number of persons entering competition, and the quotient will be the number of feet of space each will have.

### Rules and Regulations Governing This Department.

- All entries and awards in this department shall be subject to the General Rules and Regulations published on Pages 5 and 7 of this catalogue.
- All Agricultural and Horticultural products must be grown in Reeves County, except under Class 34, which premium is open to all counties in West Texas, excluding Reeves County.
- Entries in this department will close September 19th, 10 a. m., at which hour all exhibits must be in place.
- All exhibits must be correctly named and labeled—no premiums will be awarded any article unless this rule is strictly adhered to.
- All grains, seeds and vegetables must be the product of the current year, and the use of glass jars is recommended in sowing grain and seed.
- Duplication will receive no consideration in making the awards and should not be included in the exhibit.
- Products entered in general display will not be allowed in the single entries.
- No more than 12 ears of corn of any one kind or variety shall be shown in one exhibit; of grain and seed not less than one gallon of each kind or variety shall be shown; no more than 3 plates of each kind or variety of fruit or vegetable will be shown.

## Talks With the Boys

By J. L. HARBOUR, IN THE VISITOR.

### The Boy Who Makes Friends.

Not long ago I read an obituary notice of a man who had hosts of friends and who stood high in the community. With other things said about him, was this: "He had a great capacity for making friends." I think that that single line contained one of the great secrets of his success in life. Not long ago I heard a mother say of her boy of sixteen years who had gone to the city for work: "He doesn't make friends easily, Hugh doesn't. That is the reason I worry a great deal. I am afraid he will be terribly lonely."

The boy who does not make friends readily is apt to have a lonely time of it. Some one has said with certain truth in it that "To be rich in friends is to be poor in nothing." I am sure that there is a great deal of truth in it. The real friendships of life add more to its joys than almost anything else. I do not know of any of the possessions of life having a greater value than life's true friendships. A wise man of long ago said that friendship is the only thing in the world concerning the usefulness of which all are agreed.

A boy should try and cultivate a capacity for friendship not only because of the pleasure he will derive from it, but because it is a real business asset. Not long ago I heard the head of a large business house who was talking to me about a young fellow in his employ, a boy whom I had known nearly all of his life. The young fellow is now a traveling salesman, and his employer said of him: "He is doing splendidly. One thing that helps him a great deal is his capacity for making friends. He makes friends everywhere he goes. One of our out-of-town customers was in here the other day and he asked us about 'that pleasant young fellow, Harry Blank.' He referred to him as 'such a friendly sort of a chap.' It is because he is that sort of a chap that he gets on so well with people."

We sometimes speak of awkwardness and reticence and shyness as being "constitutional". So they are; but like so many other things that are constitutional, they can be overcome. One of the most brilliant public speakers I know, told me that first few times he

tried to stand before an audience he was almost paralyzed with fright and awkwardness. He had always been rather shy of people and a great deal afraid of the sound of his own voice; but he had things to say that he thought ought to be said, and he was determined to say them. He was resolute in his determination to overcome his shyness, and overcome it he did until he is today perfectly at ease on the platform. The shy, awkward, and reticent person must make up his mind to get rid of these hindrances if he expects to make friends wherever he goes and it is a great thing to be able to do it.

In counseling boys to make friends I do not mean that you should literally become close and intimate friends with every one, but you can manifest a friendly spirit toward the strangers who may cross your pathway but once in life. You can be kind and courteous and agreeable to every one. Of intimate friends you will probably have few, but legion should be the number of people toward whom you have the friendliest of feelings. I know a person who often suggests these lines to me:

"The man that hails you as Tom or Jack,

And proves by thumping on your back

His sense of your great merit Is such a friend that one has need,

Be very much his friend indeed

To pardon or to bear it."

This boisterous and effusive kind of friendship never has its origin in the real heart of a person who affects it. He is likely to utterly forget your existence three minutes after you are out of his sight, but the friendliness of a man like this is far better than his ill will. No doubt he thinks kindly enough of you when he is apt to think of you at all. I think that Addison was right when he wrote: "A friendship that makes the least noise is often the most useful; for which reason I would prefer a prudent friend to a zealous one."

It should be easily possible for every person to cultivate a kindness of feeling for all other persons, and when one has done this one has gone far toward making the real and lasting friendships without which life is very barren.

### Testimony of Life Insurance Companies.

Statistics prepared by either the dries or the wets are apt to be viewed with suspicion because both sides are biased, says Arthur Hunter of the New York Life Insurance Company. But statistics put out by the insurance companies are universally known to be without bias and the public has confidence in them. Mr. Hunter cites the experiences of seven American companies and one Canadian company to show that mortality is from ten to thirty per cent lower among

non-abstainers. He shows further that mortality among abstainers is markedly lower than among the "temperate" drinkers, and very much lower than among the "moderate" drinkers. The mortality among those who at the date of application for insurance took two glasses of whiskey a day, but did not drink to excess, is 80 per cent in excess of the normal. There is an extra mortality of 40 per cent among policy holders who drank to excess at least five years prior to date of application for insurance, but had been very temperate for five years before acceptance.

To the Women Folks:---

If you have not already seen this advertisement in Vogue read it here.

No single factor, perhaps, has done more to inspire American men in the better standards of dress than the gracious influence of the Women.

Can you wonder that such Kirschaum styles as the one illustrated here should appeal to the discriminating feminine eye—with its unerring sense of what is right in dress?

We regard as a unique tribute the indirect—yet no—the less important—part Women have exerted in increasing the proportion of better dressed men.

IT IS AN IMPORTANT QUESTION

This business of Fire Insurance, and it is of the most importance to the man who owns his own property. Fire is such a treacherous visitor that one never knows when it is liable to pay us a visit. Better be prepared for it at all times and the best way to do it is to let us write you a policy in a good reliable company. The cost is small.
